INTRODUCTION

HIDDEN MESSAGES.

We are all looking for unconditional love. Most of us never got it. When we fall in love we think, 'Now, finally, here is someone who will give me the (unconditional) love I've always wanted.' So we marry. Then it starts--- because we're not programmed for love. Instead, we are programmed to duplicate our parents' relationship. Because of this programming, even if we found someone who loved us unconditionally, we would have to push them away.

How can we attract what we are not programmed to receive? We can't--- until we take a conscious look at what we are programmed to attract. Only then can we change our lives.

This program is designed to help us do just that.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

PROGRAMMING

HIDDEN MESSAGES

PROGRAMMING.

She was an extremely beautiful woman in her mid-thirties. She was also an extremely successful business woman---equal to or better than many men in her profession. She'd come to me for a consultation because she was considering remarrying. Although her two previous marriages had been unsuccessful, she longed for a man with whom she could be happy. She was in my office because she honestly wondered if that were possible.

In the course of the consultation, she shared with me that her mother was successful in her career. Message: BE A SUCCESS IN YOUR CAREER. She also shared that her mother had been married several times, so she was programmed for multiple marriages. Each time my client married, her mother encouraged her to leave her husband. Her mother's message was: MARRY, BUT DON'T STAY MARRIED.

As a child, my client saw her mother win every argument with each of her husbands. Message: ARGUE WITH MEN AND WIN. My client's father was strong, but distant and unaffectionate. Message: MEN ARE DISTANT AND UNAFFECTIONATE. My client created this situation in her marriages and felt unloved by her husbands. Each of her stepfathers put up a good fight, but ultimately they left.

Message: MEN WILL PUT UP A GOOD FIGHT AND THEN LEAVE.

The combination of verbal and non-verbal messages produced a woman who resented men, yet kept turning to them to make her happy. Because she was programmed for marriage to be stormy and her husbands to leave, she created just that. She married strong men and wound up emasculating them. She was looking for love, but her programming would not let her keep it.

Her fiance played right into the program. He was stubborn and determined. He was not a success in his career, although he had great potential. Each time he came close to success, he'd fall short. His ambitions were high, but he became a dilettante. He made a great impression, but had no money. His programming explained it all. At one point in time, his father had been very important and successful in his career. When the young man was just a boy, his father had been nominated for an extremely prestigious award. Winning this award would have meant financial security for the rest of his life. Unfortunately, another nominee was selected as the winner. From that point on, the son was programmed to COME CLOSE, BUT FALL SHORT, and that's exactly what he did in every area of life.

His parents had not gotten along. His proud, stoic father had given him the message that THE WOMAN SHOULD PUT THE MAN FIRST. He also felt that MEN WERE MORE INTELLIGENT THAN WOMEN.

These two were programmed for each other. Here was a chauvinist up against a powerful woman; a business failure up against a business success. Neither one, however, was programmed for a warm, loving relationship, though that's what they both wanted.

When faced with a situation like this, the first reaction might be to discourage a marriage, since it seems doomed to failure.

Yet, these two people were attracted to each other precisely because they could give one another what each was programmed to receive. And, in spite of their programming, they loved one another. This love could, if they chose, be the impetus to help them see and release their programming and create a warm, loving relationship.

This situation occurs all the time. Our hidden messages are so deeply

ingrained in our subconscious that we respond to them unknowingly. For example, if one of your hidden messages is that **YOU CANNOT BE HAPPY WHILE A FAMILY MEMBER IS UNHAPPY**, you will find that you are never happy because there is always someone who needs your help. Even if you are miles away, just knowing that a relative might be unhappy about something can upset you. After awhile, this message can be triggered simply by the suggestion of happiness--as soon as you feel good you have to feel bad. This totally destroys your enjoyment of life.

Another common message is that **YOU WILL NEVER BE AS GOOD AS YOUR FATHER (OR MOTHER, OLDER SISTER, YOUNGER BROTHER, ETC.)**. If you received this message, you will see to it that you fall short of your goals so as not to surpass him. If he has not been much of a success in his life, where does that leave you? We have been told that if we will live up to the potential indicated in the natal chart, our lives will work. Why, then, are so many lives not working? The answer is simple: they **ARE** working, or at least the hidden messages are working, running our lives. By knowing what these messages are, we can be free to be our highest and best, to be limitless.

YOUR FATHER'S MESSAGES.

THE SUN.

Your father takes you from the security of the home and teaches you how to act in society. He helps you form your public image, the face you want the world to see. The Sun represents your father.

SUN IN CAPRICORN

Your father taught you the value of the dollar and the importance of power and authority. He taught you to assume responsibility, to take yourself seriously, and to act with dignity.

THE SUN IN THE THIRD HOUSE

Your father's message is that when he speaks you are to listen.

You think a lot like him, which means you think in terms of power and authority. He taught you that your ideas are important. Your ideas are also creative, but you can be so attached to them that you want others to listen to you and agree with you.

YOUR MOTHER'S MESSAGE

YOUR MOTHER'S MESSAGE.

THE MOON.

The most important person in your early years is your mother.

Because the Moon rules both the mother and the subconscious, her influence reaches you on the deepest levels. It might be said that since the subconscious is the repository of all past-life experiences, your mother triggers this memory, which is why her influence is so strong.

Your mother's main message is to look for emotional security. The house in which the Moon is placed natively indicates that area of life in which you hope to find this security. You received this message either directly or indirectly. She told you where to look for it, and you spend the rest of your life looking for it where she said it would be. The sign in which the Moon falls describes your mother, as do the aspects to the Moon. The aspects also tell you if it will be easy or difficult to find the security you seek. Because the Moon is changeable, the promise of emotional security is elusive. Perhaps this is why you keep returning to the place where it is supposed to be, hoping it will be there this time.

Keep in mind that these messages are not necessarily verbal. You can receive them from her actions as well as her words; by her presence as well as her absence.

MOON IN LIBRA

Your mother wants peace at any price---even if it means war. She can be charming, saying the right thing at the right time to the right person. She passed this gift along to you. Partnership is important to her, and she gave you the message to get married.

Your emotions tend to swing from one extreme to the other.

Security comes through balancing every area of your life: emotional, intellectual, physical, spiritual.

THE MOON IN THE TWELFTH HOUSE

Your mother taught you to play a behind-the-scenes role, and possibly even to escape through food, drink, sleep, etc. Her influence is hard to see clearly since she is posited in the subconscious twelfth. She taught you to fulfill your emotional security needs by being alone, possibly by her example. This can cause you to guard your privacy tenaciously. She may have helped you on spiritual levels and in metaphysical study Your true freedom comes from letting go of wishful thinking.

MOON/MERCURY in soft aspect Orb 1° 6'

Your mother is able to express herself clearly, and there is good communication between the two of you. This extends to communication with all women and the public in general. There is harmony between your conscious and subconscious minds, giving you the ability to articulate your thoughts well.

MOON/VENUS in soft aspect Orb 3° 57'

Your mother is loving and giving, and there is a beautiful bond of love between the two of you. You, in turn, are loving and giving. You attract fulfilling relationships and friends who care about you.

MOON/JUPITER in soft aspect Orb 1° 22'

You and your mother are friends and enjoy each other's company.

You are both optimistic, generous and friendly. You tell the truth and see the positive side of all situations. As a result, you have many friends.

MOON/URANUS in soft aspect Orb 3° 47'

Your mother is unique and gave you the freedom to be yourself.

Your intuition is keen and your psychic bond with her is strong.

You can be innovative, inventive and ahead of your time.

MOON/NEPTUNE in hard aspect Orb 5° 58'

You do not see your mother clearly. Either she is so wonderful that you

feel you'll never live up to her example, or she relinquished her responsibilities, leaving you to create your own maternal concept. She may have avoided reality through drugs, alcohol, food, sleep, etc. There is a great deal of wishful thinking on your part in connection with your mother. As a result of this, you can be vulnerable to people who deceive you if you ignore reality.

MOON/NODES in hard aspect Orb 0° 49'

Poor rapport with your mother and women in past lives hinders your relationships with them in this one. The tendency to emotionally hang on to the past can prevent success.

MESSAGES FROM AUTHORITY FIGURES

Saturn is reality and often, restriction. In the natal chart, it can represent your mother, father, grandparents, family ---anyone who imposes a restrictive influence on your life and tries to teach you reality through discipline.

SATURN IN SCORPIO

The authority figures in your life gave you the fear of being controlled by others, which makes you secretive and manipulative.

You have a strong need for power and control.

SATURN IN THE FIRST HOUSE

The authority figures in your life taught you to assume responsibility early, making you feel older than your years. The message was, 'Be a big boy/girl.' By assuming your family's responsibility you become serious and build a wall around yourself. You model your behavior after the authority figures in your life, making you distant, authoritative and possibly, unapproachable.

SATURN/MERCURY in hard aspect Orb 0° 55'

The authority figures in your life have curtailed your thinking.

You think you're being realistic when, in fact, you're being negative. The fear that something may go wrong has you looking for it. As a result, you see flaws. This is what the authority figures in your life taught you to do. At times, the fear of what you might see can prevent your looking. Ultimately you do look because you want to be prepared for the worst.

SATURN/VENUS in hard aspect Orb 3° 46'

You never felt loved by the authority figures in your life, so you are not programmed to give love or receive it. Because your authority figures cannot be happy, they do not want you to be, either. As a result, there is a cloud of sadness which colors every happy occasion in your life--if you're happy, you have to be unhappy. They also gave you the message that love involves hurt, responsibility, and possibly loss. As a result, any time love comes close, you sabotage it and push it away.

SATURN/NEPTUNE in soft aspect Orb 5° 46'

The authority figures in your life helped you put your dreams into action by looking at them realistically. You have a certain reverence for authority figures. You can combine mysticism with religion, and bring a practical approach to the metaphysical.

You're not afraid to examine your dreams in the light of day.

SATURN/PLUTO in hard aspect Orb 3° 52'

The authority figures in your life did not get along. They resented and rebelled against authority, while exercising their own authority with you. Their double message causes you to lock horns with all authority figures. You resent having to obey someone just because he's in authority. Your fear of being controlled by those in power makes you rebel. Actually, YOU want to be the authority figure. Once in power, though, you're afraid of being undermined. In order to protect yourself, you act like the authority figures you resented as a child.

SATURN/NODES in soft aspect Orb 1° 1'

Good rapport with authority figures in past lives makes it easy to get along with them in this one. You will learn the lessons that society has to teach.

You can attain power and use it wisely.

PLUTO

Pluto is another indicator of your mother's ---and sometimes your grandmother's---message. Pluto represents total change, control, and transmutation. It is the all-or-nothing planet. Pluto deals with all the mysteries of life: life itself, where it originates, where it goes when it leaves this plane. Pluto and the aspects it makes in your chart describe your mother's message about and your attitude towards sex.

Pluto's house placement indicates where there can be a power play with your mother, where you will both try to dominate and control, and where you can bring about a total transformation.

You control because you don't trust. You don't trust the people who rule the house in which Pluto falls.

While Pluto represents your mother's message, it can also represent your grandmother's. Use whichever word applies to you.

PLUTO IN LIBRA

PLUTO IN THE FIRST HOUSE

Your mother tries to dominate and control your personality and appearance. She wants you to be her. As a result, you are extremely determined to maintain control over yourself. You may not show the emotions you feel in an attempt to maintain self- control. In time, you can totally break free and become your own person.

PLUTO/MERCURY in hard aspect Orb 2° 57'

It may be hard to communicate with your mother because you cannot trust her not to entrap you with your own words. This can extend to others, making you suspicious and mistrustful. Your mind is quick and deep, but negative psychic impressions can block the flow. You may have a hope-

for-the-best-but-expect-the-worst approach to life.

PLUTO/VENUS in hard aspect Orb 0° 6'

Your mother's messages about love and sex are at odds with each other, giving you conflicting messages about both. Your desire nature is strong, but can be suppressed. Women may have been given the message that 'nice girls don't.' While you love your mother, there can be sexual competition with her if you are a woman, and a confused or suppressed desire for her if you are a man. This can affect your relationships, creating the need to control and dominate sexually in order to possess.

PLUTO/MARS in soft aspect Orb 8° 57'

Your mother had a good rapport with men and passed this along to you. You have lots of energy when you need it and can direct it positively. Your sex drive is well-channeled and you are able to compete on a positive level with others. Your mother gave you the freedom to assert yourself.

PLUTO/SATURN in hard aspect Orb 3° 52'

The authority figures in your life did not get along. They resented and rebelled against authority while exercising their own over you. This double message causes you to lock horns with authority figures now. You resent having to obey someone just because he's in authority. Your fear of being controlled by those in power makes you rebel. Actually, YOU want to be the authority figure. Once in power, though, you are afraid of being undermined. In order to protect yourself, you act like the authority figures you resented as a child.

PLUTO/NEPTUNE in soft aspect Orb 1° 54'

There is a positive psychic bond between you and your mother.

Your spiritual side is active, and you have vision and insight.

PLUTO/NODES in soft aspect Orb 4° 53'

You have a natural understanding of psychic forces and use them positively. There is a deep bond between you and your mother. She is an

important teacher to you.

THE FOURTH AND TENTH HOUSES

The fourth house relates to home, family and your deepest emotional security needs. It describes the parent to whom you look for the fulfillment of these needs. Traditional astrology gives the mother rulership over this house because she has been the nurturing parent, the one who stayed home and cared for the family. Today, though, mother often pursues a career, and it is father who provides the emotional security.

The tenth house rules your career, your public image and the authority figure(s) in your life. It is your father who teaches you how to get along in the world outside the home. As such, the tenth house traditionally relates to him.

There are no set rules as to which parent rules which house.

Sometimes one parent fulfills both roles. Other times the parents reverse roles. Each chart must be analyzed individually to determine which parent rules the fourth and which rules the tenth.

The relationship between the fourth and tenth is important because your home, family and the security they give you determine how you will do outside the home. If you don't get what you need from one parent, you may turn to the other, who may or may not be able to fulfill your needs. Lack of emotional security in the home can lead to compensation in the career. The career, then, can become a parent replacement.

The signs on the cusps of the fourth and tenth houses add another dimension to understanding your parents. When trying to determine which house is which parent, it is helpful to exaggerate the descriptions enough to allow yourself to be able to make a distinction between the two.

CAPRICORN ON THE FOURTH

This parent is cold, undemonstrative, and concerned with appearances. Money is very important to him/her.

CANCER ON THE TENTH

This parent is self-protective and emotionally attached to the family and his/her public image. He/she is moody and takes things personally.

MERCURY IN FOURTH OR TENTH

This parent is a thinker and may be talkative. He/she is curious and might enjoy travel.

VENUS IN THE FOURTH OR TENTH

This parent is charming and loving, unless Venus is poorly aspected, in which case the parent is self-indulgent and tries to 'buy' your love.

MARS IN THE FOURTH OR TENTH

This parent puts him/herself first. He/she is impatient, aggressive, and ambitious. He/she does best when involved in a short term goal with a quick reward.

THE ROVING DELEGATES

The signs represent principles to be learned. The house cusp on which a sign falls tells us the area of life in which that principle will be learned. Usually, the principle manifests in more than one area of life, since the ruler, or ROVING DELEGATE of that sign, carries the message to another house.

It makes no difference what sign falls on the cusp in question. We simply link the sign with its ruler's house position. For example, with Virgo on the fourth and Mercury in the eleventh, the ruler of the fourth is in the eleventh. The same thing is true if Taurus is on the fourth and Venus is in the eleventh. The same concept applies in each case.

The house in which the fourth or tenth house ruler falls gives us more information regarding that parent's messages.

RULER OF 4 IN 1

This parent has a direct influence on you, telling you to be yourself, but

influencing you to be like him or her. You may look like this parent. Your emotional security need is fulfilled by being yourself.

RULER OF 10 IN 12

The influence of the authority figure in your life is hard to detect since it is hidden. He or she taught you to either assume power from behind-the-scenes, or to simply cop out and hide.

A FINAL WORD

Now that you've looked at your programming, you may be wondering if it will control you forever or if there is something you can do to change it, to move past it. There is. You can release it and yourself to God in complete faith and trust and just BE. When you come from BEING, you are coming from unconditional love. You see beauty everywhere. You are one with the whole and know that you are protected and loved.
