Glad you mentioned this! I also find that I get the yawns while doing the RTRs, which can be very distracting, especially when I'm right in the middle of doing a vibration to raise my energies, or while chanting the reversals/doing the affirmations. I've tried doing more breathing exercises beforehand to increase oxygen flow and reduce the yawns, but sometimes it just doesn't work. I've been having some success in doing yoga just before the RTR, so I'm gonna keep trying that. Maybe that might help for you?

I've also been having experiences of loud airy popping/crushing sounds happening while doing, or just after the RTR, often coming from around my altar. They freaked me out at first, but now I just get angry during my RTR when these sounds happen, and use that newly raised rage to blast even more energy into my RTRs. I find if I have more rage built up going into an RTR I have less problems with the yawning. If a yawn comes on, I just get angry and push harder and it goes away.

Same here, im a white soul but was quite uncertain to the struggle on the end of the black race for quite some time, all i knew was the general gist. I personally felt a bit awkward reading the original post but i felt it was kinda wrong to just disregard altogether completely (this was also an awkward feeling, given i know damn well i have trouble getting comfortable around blacks and so forth, its only natural id feel a bit strange here in my opinion...) But again, i didn't totally disregard the subject because i didn't want to upset Father. Maybe thats what kept me reading here, not certain but i feel its very likely

Greetings to all our Satanic Comrades and Warriors.

I spent quite the time making this documentary, researching and getting deeper into what's going on in the Black community. What the jews have done is insane. These people are tormented by jews from all sides. This is informational for both Black people who need to know the jewish menace, and also for White people who need a few insights in regards to that. Many Black members here know this already, and this is horrible. Whites and Blacks suffer similarly in so many ways, but jews gas confusion into the minds of everyone, and due to lack of knowledge, people fall in for jewish lies.

Black people have been severely attacked by the jews. What I found by looking around stuff, they have infiltrated Black people very severely, no different than how they attack all race oriented groups who oppose them, like Whites etc. They hijack these groups, and either destroy them, or turn them into a second Judaism. This is a major source of the 'we wuz kangz' beliefs, thug culture, and all sorts of other insanities and con-men who are paid by the jews to betray their own race.

I think a guy that deserves a comment is Dr Tony Martin. Martin had the guts to go open about all that stuff, and expose many skills and infiltrators who try to subvert the black race. Martin had the courage to actually speak openly about the jewish menace, and what his research found is also interesting for White people as well. As a result the racist ADL put a bounty on his head as well if I am correct. This is because his researches openly talk about the race that loves to enslave all others: the jews. The jews have done a lot of shit, and they have a lot of crimes on their head as a race. Wise Black people know this, no different than Wise White people. Its striking how Blacks have fallen under the exact same destruction of the jews, as Whites have done. The jews are fucking vicious.

This documentary goes from the rap culture, to the ghetto culture (all created by Jews and traitor Blacks who are on the payroll) and this is systematic to destroy and subvert Blacks and turn them into beasts. This is purposeful, and jews do this according to plan. It didn't happen coincidentally. It happened cohen-cidentally.

I also touched on the subject on who really attacked Africa. Jews attacked Africa. Soros is one of these people who destroy whole countries in Africa just for his own fun, and for his own tribe. The jews hate Blacks and this is in the bible, in the form of a 'biblical curse'. Blacks according to the bible, are supposed to be eternal slaves to the jews, by mandate of 'Jehova'. This is what created the jewish slave trade, as usually, the jews, doing their Torah and Christianity.

Blacks are also bought in the price of food, or others in gold chains, to destroy their own Race, and never allow anyone to advance. This is no different than how many Whites are sell outs to the kikes, and backstab their own people and race for the price of shekels or just out of fear/lack of knowledge. The jews also own the pseudo-philanthropy (my ass), and the CEO of unicef goes around in a Rolls Royce, because apparently your 1 dollar goes to black people for certain.

The jews also attack and undermine education, telling young black people that this is 'acting white' and other things. With lack of education, lies lack of freedom, and people fall easy prey to control.

There are however jew aware and bright blacks, but the enemy of course will always promote the majority of the dumb and idiots. This is two sided, and this is to to criminalize these people and make them act sub-human. These people who are created into mindless beasts and fanatics through christianity, Islam, and jewish propaganda, are then pushed into the White countries by the backdoor, in order for the jews to walk away without the consequences of their deeds.

The jews claim to be 'white', but genetic evidence, and jewish culture, talks otherwise. The jews are extremely racist, and they are basically the only racist race of the planet. While Abraham Lincoln, a White man, stopped slavery, jews created it and profited from it from centuries. Like all other crimes, these are thrown to the "White Man" who gets all the blame for what the jews do, like for instance who the christian

and jew infested (((White))) Ku Klux Klan attacked Black people etc. Blacks have their own ideologies etc, and their own skills, who engage in the same actions.

I created this not to make everyone seem like a 'hopeless victim' in the xian sense, but to show what the jews are doing to these people, so they can wake up and fight alongside White people. We have suffered terribly under jews, and this must stop.

<https://www.youtube.com/watch?v=sKR8BxErSM>

The return to the roots can help Black people set themselves free, away from jewish influence, so this insanity will end.

African people have a African land, an African heritage, and a future- if the jews are driven away and allow them to have this. They don't need jewish history or lies.

This must be claimed, and fought for.

Subject: Re: Enemy Attacks WHILE Doing the RTR: My Experiences

Yes, this is common even for me but im at the point spiritually where this is very detectable for me and all i have to do is ignore them and/or pretend not to notice and that easily locks them out so to speak, proving their efforts fruitless.

Remember with anything--especially negative thoughts, feelings, etc--your attention to the problem gives it power regardless if its for better or worse. Given this, the best way to eliminate anything of a malignant source or nature is to just ignore altogether or pretend it's not even there otherwise. This comes easier for some than others, from me personally i was horrible at this during my early months of meditation as i was still working to advance and wasnt open or strong enough to detect enemy interference as easily as i can now. As of the present, all i have to do is tune in briefly and everything else just hits like lightning so to speak from here.

In more severe cases, more work may be needed to banish any unwanted energies or malignant powers, especially if one is newer to Satanism or has less witchpower for other reasons which would also cause more work to be needed.

Another thing that can help diffuse negative forces in general is spending time with someone who is positive in your life or a significant other so to speak who you know you can always have fun with in your free time. Me personally, i spend time with my demon husband for this.

As a simple but common rule, negative energy builds on negative energy. If there is no negative source for the entity to feed from, it will naturally wither away on its own. If a banishing isn't enough, I highly recommend raising positive energies several times throughout the day if you can, or just do as I described above if possible. Regardless of the severity, it's crucial to have faith in your potential here as with all magical workings and spiritual endeavors. I know it's not always easy, but what matters is to do the best you can either way.

Subject: Re: Enemy Attacks WHILE Doing the RTR: My Experiences

If the enemy is harassing you throughout the day and attacking you when you do reverse torah rituals, build a very strong aura of protection and do a Banishing Ritual every day to keep enemies out of your room/house. The enemies do not bother me, ever. It has been months since I was last attacked by enemy entities. I use the affirmation, "All enemies of Satan are completely and permanently banished from this house," for the Banishing Ritual and I do 27 or more vibrations of VINASA daily.

Banishing Ritual

<http://www.angelfire.com/empire/serpentis666/Banishing.html>

For my aura of protection, I use the following:

1. Runes. I use ALGIZ, BERKANO, and SAULO (the more powerful version of SOWILO). I use the affirmation, "I am always safe, secure, protected, and healthy in every way."

Meditation for Protection

<http://josministries.prophpbb.com/topic10007.html>

3. SATANAS + AUM. I vibrate SATANAS into each of my 7 main chakras, visualize a golden-white staff rising through my 7 main chakras, vibrate SATANAS into the staff, spin the staff at the speed of light, and spin my chakras at the speed of light. I do that entire process a several times. I then vibrate AUM into by aura 40 times and direct the energies with the affirmation, " I am always safe secure protected and healthy in every way."

## 4. Drawing in protective energy.

Aura of Protection

<http://www.angelfire.com/empire/serpentis666/Protection.html>

5. Sun squares. I have been doing sun squares to offset all negative Saturn transits in my life. Transiting Saturn causes problems wherever it goes. Transiting Saturn causes problems if it aspects any of your natal planets in addition to causing problems with the house it is in. The enemies like to take advantage of malefic planetary transits and make a bad situation worse. By offsetting all Saturn transits in my life, there are no problems in my life the enemies can take advantage of. For the sun squares, I use the affirmation, "In a positive manner the powerful energies of the sun square are permanently and completely

offsetting all negative Saturn transits affecting me."

Trump The Crypto?

My note to this article is that this is the same with Trump as with Putin in Russia. Where Putin is a full blooded Jew from his mothers side. Trump is at least Jewish enough to be allowed to run and be President. This is how the Jews do it. Don't get suckered in to supporting this Jewish attempt at creating a new Kosher Right over Trump either. Its all about Jewish control.

Note I removed the not relevant parts to the article to keep on the subject of Trump's families history.

-----  
Looks Like Donald Trump is Jewish

by Miles Mathis

First published June 6, 2016

As usual, this is just my opinion, based on private research

Readers have been begging me to do Trump, but I don't think this is what they expected or wanted.

Many have been fooled by him. I really don't have much to say about this bozo actor, except to say that he has been one more test of the gullibility of the American public—a test they have failed. Even

those who don't like him have been fooled into thinking he is real person. He is about as real as Dudley Do-Right or Rocky the Flying Squirrel.

His genealogy is a total mirage. I'll show you where to look. First go to his mother at Geni.com. She is Mary Anne MacLeod. So they want you to think she is Scots. Then click on her father, Malcolm MacLeod. Then click on his mother, Anne MacLeod. She is the wife of Alexander MacLeod, so that is her married name. What is her maiden name? Whoops, it is also MacLeod, because her father is also named Alexander MacLeod. So both her father and her husband have the same first and last names? Did she marry her own father? Also, her birthyear is given as 1833. Note the 33. [Geni also fails to mention what we have to learn from the DailyMail : the name Trump was originally Drumpf.] That can't be right, can it? So let's check the other genealogies. The second listed on a Google search is at About.com. But it has nothing to say about this. It stops just short of the Anne MacLeod problem. But it does tell us something interesting: both Trump's parents died at Long Island Jewish Medical Center. Wikitree matches Geni.

That date of 1833 seems suspicious for a second reason: it is too early. I am 52 and my grandparents were all born between 1900 and 1910. My great-grandparents were born around 1880. Anne McLeod is supposed to be Trump's great-grandmother. Although Trump looks about 30 years older than me, his listed age is only 17 years older. Which takes us back to 1863. So we have a 30-year gap there between his 4th generation and mine. That's certainly possible, spread across three couplings, but it is upside down to the trend. People tended to get married and have kids earlier back then, not later. And there were no teen pregnancies in my family, if you are wondering. The ages in my maternal line were 23, 30, and 30, and the second two are well above average for the time.

So let's return to Friedrich Drumpf, Donald's great-grandfather. Two of his sisters are listed as Elisabetha Freund and Syblia Schuster. Oi-vay! Those are both Jewish surnames. We just saw the name Schuster in my paper on Engels published two days ago. I reminded you there that Max Schuster, founder of Simon&Schuster, is now admitted to be Jewish. The Schuster in the Socialism project with Engels was also shown to be almost certainly Jewish. As for Freund, see Michael Freund, Moshe Aryeh Freund, Wilhelm Freund, Yoav Freund, Leopold Freund, and too many others to mention. So at least two of Trump's great-aunts married Jewish men. This reminds us that his daughter Ivanka married a Jewish man, Jared Kushner. We are told this is an anomaly, but it isn't. What is an anomaly is that Kushner admits he is Jewish.

Friedrich Drumpf's mother is named Katarina Kober. Not only is that possibly Jewish, but it lead to another suspicious scrubbing of the genealogy. Her father is given as Johann, but he has no parents. He is the only one in that generation whose parents are unknown. Even his wife's parents are known.

I suggest the name isn't Kober, but Kolber. We have seen the genealogies being whitewashed this way again and again. Changing one letter is often the best way to do it. It is the most subtle, so it draws the least attention. Kolber is very often Jewish.

With more study, we find that Trump's aunt Elizabeth married William O. Walter. That name is also possibly Jewish. We find a William Walter as Director of Jewish Family Services in York, PA. Also a William Walter just buried at Jewish Memorial Chapel of Long Island. Also a William O. Walter marrying a Cora Neuhauser in Lebanon, PA, in 1924. That name is also probably Jewish. And most curiously, a William Walter, Esq. listed in the Jewish Missionary Intelligence of June, 1896. More research discovers his firm were the honorary stockbrokers of this London Jewish society in 1900. That is interesting because it directly ties to my previous paper on Friedrich Engels and Robert Owen. Owen's brother in-law was James Haldane Stewart, who worked for the Jews' Society in the 1830s and 40s, a precursor of this Jewish Missionary Intelligence. At any rate, this may be our William Walter or his father, given that date. His father is scrubbed at Geni. The names Walter and Walters were chosen by Jews entering the US, as a new name, as we see from Barbara Walters. Her father Louis Walters was original Louis Abrahams.

....

But back to Trump. In his biography *The Art of the Deal*, Trump lied about his grandfather's country of origin, stating it was Sweden instead of Germany. So if you think these people wouldn't lie about their ancestry, you need to explain that whopper.

Trump was brought up in Jamaica Estates, Queens, which has a large Jewish population. He went to Kew-Forest School, ditto. Its other notable alumni include Katherine Weber, Jewish, Gideon Yago, Jewish, and Hank Azaria, Jewish. Googling on "attended Kew-Forest" brings up mostly Jewish names. Trump's father was on the Board of Trustees at Kew-Forest. By the way, it is very expensive. Trump allegedly went to the Wharton School of Business, a famous spook academy. But we have a problem there, too. Trump is said to have graduated on time in 1968, at age 21 (almost 22). However, since he transferred in year 3 from Fordham University, it is unlikely he would be able to fulfill the degree requirements at Wharton in two years. This problem is doubled when we are told Trump worked at E. Trump and Son while at Wharton. It is tripled when we remember Wharton is in Philadelphia and E. Trump and Son is in New York.

He avoided the draft allegedly for heel spurs or a "lucky high number".

Ivana is also Jewish. An early boyfriend was George Syrovatka. That is a Jewish name. Her first husband was Alfred Winklemeier. Many websites try to pass him off as an Austrian skier, but Wiki

admits he was a real estate agent. Winklemeier is a Jewish name. Ivana lied about being an alternate for the Czech Olympic ski team. She went to McGill University in Montreal, a spook academy we have run across many times. Geni.com lists her father's name as both Knavs and Zelní ek. I'll give you a hint: drop the second "e". You get Zelnick. It is Yiddish for haberdasher. Clothier. It's Jewish, too. See Robert Zelnick, Strauss Zelnick, Bob Zelnick, etc. Robert was a fellow at the Hoover Institution, Stanford. Strauss was President of 20th Century Fox. Bob was ABC News producer. Also Friedrich Zelnick, silent film producer. Also David O. Selznick, whose name was originally Zeleznick, or, alternately, Zelnick. He and his father were major Hollywood producers, David at RKO (which was owned by Joseph Kennedy, remember).

Both Trump and his father ran with top Jews in New York, including Samuel Lindenbaum and his father Abraham (Bunny), and Roy Cohn. These guys weren't just their attorneys, they were their enablers. As the NYT says in the 2012 obituary of Samuel Lindenbaum:

Mr. Lindenbaum cultivated a scholar's knowledge of the Zoning Resolution, the arcane document that governs development in New York. As a result, he was able to bend the resolution to his clients' will without breaking it. And because his clients were major builders and landowners — among them Harry B. Helmsley, Harry Macklowe, Larry A. Silverstein, Jerry I. Speyer, Leonard Litwin, Steven Roth and Donald J. Trump; the Fishers and Tisches and Rudins and Roses. . .

Notice anything about that list? Everyone on it "except" Trump is admitted to be Jewish. Curious, no? This means that the three remaining Presidential candidates are all Jewish, but only two of them are cryptos. The only question remaining is this: are all three gay? And to answer your question, no, that was not a joke.

Some will say, "I don't care if Trump is Jewish or gay. I plan to vote for Bernie, so I don't care." But these people are missing my point. I have nothing against gays or most Jews. What I don't like is the lying and the faking. I don't like these asinine projects being run against me all the time. I don't like my intelligence insulted day by day. I don't like this manufactured world, sold as real. And you shouldn't, either. Bernie isn't as ridiculous as Trump, but he is just as fake. He is an actor on the stage they have prepared. The entire election is a big stage play, as fake as a Shakespeare production, but not as well written or acted. The office of the President is now fake, played by a bad actor or the idiot son of some billionaire. He does nothing but read from Teleprompters, scripted by guys behind the curtains. Trump is sold to you as some sort of financial genius, but like George Bush before him (the great decider) he couldn't decide what to order for lunch without a cue from a Teleprompter or one of his other gadgets. If you can't see through all these people, you really need to check your prescriptions and dosages.

There are many people who are plagued by lack of self-acceptance, or self hate. This is because they see their life in a 'moral' way, which is basically jewish pseudo-morality. The universe or the universal logos works on its own laws, but the universe does not watch you as you masturbate, or will kill you if you do the wrong moral moves. There are other things into this, and these are not coded in a moral code of the jews. Morality is just what raises when people feel good, act good, and are good with themselves. From this comes love for nature, acceptance of other human beings, the necessary mercy to keep society going, a good and cheery disposition.

Due to lack of spiritual practice, many people feel plain ugly. Let alone their programming that makes them feel real negative about engaging in natural behaviors. There is paranoia out there and people are suffering from it. As such, the soul cannot rest, and these chaotic forces breed chaotic outcomes.

There are no jewish 'moral codes' upon which you must hate yourself, except of a very few codes of nature and NOT jews, and gladly obvious things that are crimes against life that is useful.

"God", does not hate you. The universal logos in that sense is indifferent. Our real God, who is Satan, does not hate his creations. He just wants us to advance. This is for our own good. If we don't follow this advice, we will just wither away. Why do we worship Satan as a God? Because Satan loves us,

Satan cares, Satan created us, Satan gave us breath and life, by his own will and admission. Not the universal logos. The universal logos or the universe, had us as monkeys hovering around banana trees, knowing nothing, and just being there like sleepwalking species. No consciousness of many things, no nothing. Satan intervened and changed this, giving us a chance to live. Who knows? Otherwise the universe, with a loving meteor shower, or a solar storm, would just wipe us out before we did anything concrete.

The universal logos/atman is a non-judging consciousness, infinite potentiality, and not an entity that reasons, feels, hates or loves as humans do. Its just potentiality. What 'god' could be in the sense of this, but potentiality? The universe is just gladly indifferent. For those who argue that the universe is a nice place for life, they are naive. A solar storm and half of humanity will go extinct. The universe does not love, or hate. It does what it does. You can get along with it, understand it, and try to master what more you can master, or just perish. This is not evil or good. The mysterious dilemma is that the eternal power of this universal logos, is inside us.

We honor Satan as the incarnation of the Logos, and the teacher of the Logos, he has all the powers of the universal logos. The question on 'if he is this or not' the Logos is a fallacy, as all Human beings have the 'logos' or this universal consciousness inside them anyway. The jews hide this and try to make it seem like 'god' is some rabbi, sitting on the cloud, spying you as you go to the bathroom or masturbate. This is just jewish psychopathy and nothing else.

Satan in my own experience has led me by instruction to the Atman or "God". I have experienced this. Satan is the gatekeeper and the God. I honor Satan. Honoring anything else is counter productive, and fake. Humanity does not benefit. Humanity has to go where it does benefit lifewise, in order to survive. Life in the universe is in a struggle of evolution and survival.

Some beings from the infinitude of this, have mastered a lot of it. We have the fortune that Satan his Race of beings have done this, so they want to help us. We can take, or reject. Choices will have consequences.

Self hate and many jewish ideologies that plague the human mind, created by jewish propaganda, are destroying the mind. As such people need an 'escape' from reality, instead of living in reality, all for reality. Its natural for the soul to want to go towards happiness. But to go there you need a map, and the jews give a map towards eternal disaster. As such humans become even more sick. The Gods left the map behind, but those who are enemies of our life, like in nature in general, just desecrated the map.

A lot of people are confused, and they come to hate who they are, without any real reasons. This gives rise to a disease of wanting to become someone else, instead of one's self. Emulation that is natural is becoming pathological.

Also, the moment everyone tries to make it fit their own 'story', such as life story, people are making a fable, and no the Truth. Satan's reasons are known to Satan, and do not have direct ties to humans and how 'muh feelz' or 'muh life' relates to these. Satan gave us life and that's the most important thing of all. The rest of the theory is mainly just theory, and a lot of people try to pump themselves up by using the false pump.

"Many Souls of the Demigods still Roam the Earth today through reincarnation." I would kind of agree, it if wasn't implied its just some random people drinking kool-aid in their mother's basement, or smoking a dub and feeling like Pharaoh, or like Alexander the Great is somewhere now and playing video games, or in Nefertiti is in a mental Asylum because damn, people don't understand she is Nefertiti from outer space.

Because clearly this is what is hiding behind such statements. This is bordering on blasphemy. Most of these 'demigods' the Gods took with them, and they are not around. If they were, humanity wouldn't be where it is.

What one should look for is simple: Does this help me? Does this advance me? Does this do anything real or useful? Or does it just advertise and self-advertise. People have a personal agenda in many ways. Satanism is not a mental asylum where everyone is going to find another fake identity. In Satanism one finds themselves. This can take a while depending one's natal chart and influences, or general mindset. However, it happens.

For some reason people always, instead of building rounded confidence and understanding that you DO NOT require to make a fable up for yourself, they just do this anyway. You DO NOT NEED to be ANYONE else, like Nefertiti, or some Pharaoh, or Johnnie Walker. You just need to be yourself, and work for great deeds, and develop your powers that will stay with you forever. This guarantees you the eternal confidence, love for yourself, and mastery over your destiny.

The Truth about the past lives does come in time. A lot of people err however. They misunderstand the things they create, and then they fall victims to their own creations. They consider this part of their identity, but this is like pestilence and not really identity or 'sense of self'. In fact its the opposite of this. Its a complete distancing from the self, into delusion. You do NOT need to be Harry Potter to be loved, or respected, or to do great and honorable deeds, or advance spiritually. These just hinder your evolution. You just need to be the real YOU. This is discovered after clutter of the mind and emotions gives in part, in the sense that one is detached of all the 'musts' that define a person. You are not obligated by your existence to be anyone else, rather than who you are. This is happiness and relief.

In my eyes the average 'we wuz kangz', descendant of the melanated beings (like from Racism is just skin deep, now skin color is the universe- self-contradiction crap), that murders his people for a bag of chips, or some major singer that thinks themselves a god, or some dumb idiotic feminist that thinks they were Artemisia in a past life, is the same retard, in another context. If people really loved themselves for being who they are, they would never act in such a way. This world is plagued by self hatred.

People hate themselves for absolutely no reason whatsoever. We can excuse certain things like these if not threatening, but I have warned people again and again to keep an open mind, and not make up fables, as when these explode, like a drug that wears off, there will be severe consequences. These will bleed into the physical life. Let go of lies and deception forming. Just be yourself. I have been a teenager too and I know how this loop is, and all 5 years old act that way, but people as they grow up need to build past that.

Many people are taught since childhood to just be someone else. Fit into a role, play the good goyim, do this or your parents will never love you and will reject you, work as this to be the guy X and the list goes on. The human being is lost in its role, and doesn't discover who they are. In fact the thing that someone is human is enough to do great deeds, advance spiritually etc.

You don't need to be Adolf Hitler, or anyone else. We always have to idolize those who are superior than us, to emulate with beauty and splendor and not evil, but this is to create a form for ourselves, that is US. Hitler was just Hitler. Hitler said that its wrong and a blasphemy to compare yourself to anyone else, as this undermines you. Hitler said what I tell you in a sermon, in just a sentence. So just be who you are. Satanism, except for a few things that are crucial now in the war and we have to adhere to (as natural rules and the planning to save humanity from the obvious route to destruction its heading) is all about self-realization. This creates a beautiful massive humanity.

As for the Nation of Islam, it's a murderous cult as far as I am concerned, and nothing is right in it. It was created to misdirect young black people and radicalize them into Islam, to use them as footsoldiers to further the jewish lies again.

It would be so nice to form a Neptunian cult of idiots, that when they crush, they will be no better than xian missionaries. I know the fairytale bubbles will be busted, but because I care for Satanism, I always tell people...get real. I will never stop doing this, as I do this for Satan.

Build yourselves on spiritual concrete and you will never fall.

You are a Satanist now. You don't have to hate yourself, or lie to yourself, or try to fit in roles that you hate. Just be who you are, and dance your own dance of life.

In a recent wave of banning, the Jews have been shutting down any and all material that does not comply with their agenda.

I uploaded a documentary mentioning all the known, proven and evident crimes of the jews in regards to the Black Race. And of course, this is 'hate speech'.

I did this because I want the Black Comrades to be aware and awake when it comes to that enemy.

Meanwhile, deceived Blacks, jews that openly call for our extermination, making videos of Genocide and the list goes, these are all welcome. The jewish skills and many other instigators of hatred (real hatred, not ideological, such as publicly calling for wiping out all White people, or 'kill some crankas') are just welcome in the jew-tube community.

Apparently, this video hit a nerve on the jews, and its now down in around less than 48 hours of upload. Because the jews know, that if Black and White people too know who is the enemy, their reign is over, as Asians and many people down in Asia know them for the trash they are already.

We are living in Orwell's society. People who don't get this, will only understand it when it's too late.

I have done my part in revealing what the jews are going to do, as Satan and the Gods showed directly to all of us. The jews envision they will impose their own rule of technological slavery etc. This will be done through intelligent AI's and bots, and many other means, which they want to advance in the future.

As Hitler said to instruct and teach the people of the world in the Mein Kampf, reduce freedom little by little, almost to the degree that nothing is observable. Soon enough with that method, a nation or a state is plunged into complete and total slavery. Retarded and denial people who are too live and let be, and too much of an animal to accept the Truth and fight for it, will of course stay on the back, thinking this will never affect them. Until one day they will get to the Gulag, and work alongside those who raised a head against this tyranny.

This is exactly what the jews are doing. Reducing freedoms little by little. State law is becoming little by little talmudic law, the list goes. The second amendment in the USA has been crushed. Freedom of speech no longer exists.

The jews only are focused on very few 'groups' out all the 'trash talkers' and 'hate speech' groups. Jews proudly parade the bible, a book of extermination of all Races of people, and compliance to this is forced. Someone points the finger to this, and this is a criminal offense. The systematic attempt to genocide all races on the planet, instill jewish governments, etc, is all fine.

However let's be blunt, this universe does not work based on what is right, or righteous. It works on sheer force and domination, because right now, civilization has sunk on the level of a toilet. This is deliberate, and the jews want to bring down the last frontiers of civilization, that is, the White Nations.

Our worries, or damage, or wounds of war in this struggle matter not. What matters is who will win, and who will in the end prevail, because this is the future of the world at stake.

Humanity is marching into Orwell's nightmare, and those of us who are awake in this foggy night, we see it coming.

We have the time to change this now, and push back the enemy now, and not later.

It's a sad incident that many people disregarded Hitler's warning. When Hitler said that the crown of the jew will be the funeral wreath of Humanity, he was

just looking into this grim, possible future. Like the prophet of prophets, he warned everyone.

In many places of the world this has shifted on level 2 here. Soon, it will get to level 3 if people don't do anything to revert things back to normal.

"Israel will get what she deserves!"

-Satan, on the inevitable punishment of Israel, because of crimes it has committed.

When other places are on fire, stricken by Tsunamis, Earthquakes, impoverishment, etc, nothing really happens. But now its a 6 gorillion fire going on here. And Israel seeks international help. From the states it plunders and towards those who it has controlled, desecrated, and flattened with jewish Jew World Order pawn politicians.

Palestine is ethnically cleansed, the White race is dragged to extinction by the jews, a fire in Israel and oy vey...Terror attack! INSOLENT TO GOD! Go cover

it everywhere now! Help us worldwide! More Shekels!

In the midst of this witch-hunt the enemy is pulling off, censorship, sanctions and threats, Jewish racism and plans of extermination of the goyim...they start to get natural results for all their crimes. Let alone the billions of corpses this race has produced, dead and living.

"When the Messiah Comes, every Jew will have 2800 slaves", are some of the things that are floating around every Israeli brain. If they are challenged, here we go, hate speech, censorship, and who knows what else?

And this is not fake or vain statement. This is actually admitted in video evidence by Jewish Rabbis in front of the wailing wall in Israel.

They will of course keep at pushing things, as they know the date they are sitting down for judgment, there is only one way humanity will want them to go...

Of course according to them this is "terror attacks". Soon if Jews get the flu, or slip and fall down by themselves, it will be a terror attack as well. Then they will point a finger and the stupid giant enslaved countries will take them down or something.

The RTRs have been tried to be eradicated from the net by the enemy, as these produce blatant results. Hell has been let loose, because the RTRs are in many ways also reversing the crimes of the enemy upon them.

As Wildfires Rage, Israel Suggests Arson and Asks for Foreign Help

<http://mobile.nytimes.com/2016/11/24/wo...fires.html>

From another news source...Notice how they of course use more kabbalistic, mercy inciting spells. Notice the 6 right here...

"Every fire caused by arson or incitement to arson is terror and will be treated as such accordingly," he told reporters in Haifa near the scene of the fires.

More than 60,000 people have been evacuated from their homes in Haifa, its municipality said, while other fires broke out occurred up near Jerusalem and other parts of Israel.

There are also many more news around.

Israel is on Fire.

Keep up the schedule everyone. We must fight for our freedoms.

Subject: Important Truths about Nutrition [Part 1]

[Studies show...](#)

Ever said, read, or repeated the phrases "studies show" or "they did a study" without actually reading the study and examining its funding, structure, design, and conclusions?

I emphasize; its funding, its structure, its design, AND conclusions!!!

We assume that journalists, writers, and doctors truly grasp the full meaning of a given piece of research before they speak or write about it. Unfortunately, that's not always the case.

One of the most important things to know about the scientific research on diet that's often parroted in jew owned media is that whatever you're told is probably not what it seems. When it comes to the state of modern scientific inquiry, we have signed for a delivery of a big old load of bull. Here is a rundown on a few of the most glaring issues in nutritional research.

[Relative Risk](#)

If you see a commercial for a statin drug, you may be told that its effectiveness nears some fantastical number—something like, say, a 33 percent “reduction in relative risk.” If someone who’s terrified of heart disease was told that there’s a drug that reduces the relative risk of a heart attack by 33 percent, he’d probably take it. But would he first ask what “relative risk” means?

Shane Ellison, a former pharmaceutical drug chemist, reveals what the concept truly means in his book *Hidden Truth about Cholesterol-Lowering Drugs*. Relative risk, in this case, is simply the difference—expressed as a percentage—between the outcomes observed in two different groups. Let’s say a group that takes statins is being compared to one that takes a placebo pill. Out of one hundred people in the statin group, two—2 percent—have a heart attack. Out of one hundred people in the placebo group, three—3 percent—have a heart attack. Comparing these two groups, you’d think that the difference in the incidence of heart attacks between the two groups would be just 1 percent, which could as easily be due to coincidence as it could be to effective medication.

Is 1 percent enough of a difference to make you take a medication with a wide range of side effects, including deep muscle pain and memory loss?

Probably not. So, instead of advertising that measly 1 percent, drug companies do something tricky: They massage the numbers. Since the difference between a 3 percent risk and a 2 percent risk is 1 percent, and 1 percent is one-third of 3 percent, they state that their product offers a 33 percent reduction in relative risk.  $(2/100) / (3/100) = 0.6667$  Suddenly, 1 percent becomes 33 percent, and the cost-benefit ratio of taking a statin starts to look pretty darn good.

They make up the math needed to sell their products and make money.

### Dietary Recall Studies

Surveys are given to individuals who are expected to remember what they ate on a daily basis so that researchers can investigate possible connections between diet and the incidence of certain diseases. Sometimes participants fill out these surveys on a daily basis for more accurate reporting (who remembers what they ate last week?), but sometimes the surveys require an accurate memory of months and years of past habits.

These studies are actually worthless

### Correlation vs Causation

Correlation means that two variables have been observed in the same set of data; however, it does not mean that one variable directly causes the other. Causation does mean that one variable causes another. It's rare that causation is proved at all; many studies merely report correlative data.

For example, if I observe that countries where people eat lots of broccoli also have high rates of foot fungus, would it be reasonable to assume that broccoli causes foot fungus? Or could something else be at work?

Just because broccoli intake and foot fungus are observed in the same set of data does not mean that eating broccoli causes someone to develop foot fungus. Yet this set of data could be reported in a manner that sounds an awful lot like causation to a layperson: "Broccoli consumption is correlated with foot fungus." "Broccoli consumption is associated with foot fungus." "Broccoli consumption increases the risk of foot fungus."

Another trick corporations and/or jew owned media are using trying to herd the sheep to buy their products

### Summary?

Most studies that reach the jew owned media about nutrition are bullshit. They are based on corporation money intended to advertise/promote their product, change the lifestyle of people, or fit whatever purpose fits their agenda.

Let's make a series of rhetorical questions...

\* Do you think that farmer X who creates pure and nutritious products on a local level would ever have the need to advertise on a global/international level? Nope! The product is nutritious and it sells itself. No need to advertise.

\* Who is the one that really NEEDS to support a product by studies, by endless advertising, by shameless promotion on media, by general brainwash? Someone who's product is shit.

This smells kike shit. Isn't it?! Let's make the similarities obvious!

It's the same old kike shit. Create a shit religion like xianity/islam etc. It's not worth shit and no-one in their right mind would follow that. SO THEY BRAINWASH THE PEOPLE. And the jews become rich by destroying lives and our true spirituality.

And the same with shit products that destroy our health. These products don't worth shit and no-one would ever buy let alone eat those crap in a package. SO THEY BRAINWASH THE PEOPLE. And the jews become rich by destroying lives and their healthy bodies.

It's simple; you eat crap (without knowing it most of the time) you develop incurable diseases. Our bodies are made by organic building blocks. We regenerate these blocks EVERY DAY until we stop and die. We regenerate by using organic building blocks from our food. IF THE FOOD IS SHIT, with artificial chemicals, unnatural building blocks, processed/destroyed building blocks, THEN OUR BODIES will rebuild our cells with SHIT building blocks.

It's like, if you have an apartment/house and after a few years it needs to be re-painted. IF EVERY TIME THE PAINT CHIPS OFF you take your shit (literal shit) and smear it upon the walls covering the chipped paint, IN A FEW YEARS you'll have a house/apartment with shit covered walls. And you'll wonder, why there are so many flies over here? Why are the cockroaches love this place?

To return from the surreal analogy to my point. We don't see what's in the processed corporation food, but we've been rebuilding our bodies' cells with that crap. We have been brainwashed by the corporations and we have to return to our roots. Re-tune our inner ability to "detect" good nutrition. Our bodies have been engineered to eat natural food, not worthless shit served to us by the jewish owned corporations in order to make them rich.

In the following days, i'll post more about this very important issue. I'm not trying to spread some truth that no-one knows, but my point here is to cause awareness!

Satan Is God, The Word Of Life, And The Name Of The Original Religion

In ancient Egypt SATA is the name of the creator God, this also relates to the concept of the Serpent Genie. However Genie is a English spelling for Jin which is originally Jat or Jot as a letter. And Jat means "Power" in the concept of the power of god, the creator god which is the serpent SATA. The locks of Shiva which represents the serpent energy flowing freely out the crown and thought the soul are called JAT-a's in Sanskrit. This relates to the serpent power.

SATA means the Serpent Power, Serpent Creator. In Hinduism we note the original head god is considered as the incarnation of the Cosmic Serpent.

In Sanskrit SATA means "Saviour" and is the highest name of god.

In Egypt the stated name of the Perfected soul is Sahu however this means the soul that stands up straight, upright. TA means stability, uprightness in ancient Egypt. The TAT pillar is the symbol of the upright and reborn soul, literally. Note the T rune or Tyr is the Cosmic Pillar as well the spine. SA also means soul in Sanskrit ones SA-dharma is the term for their soul nature. We still say Soul the S. SA also means sun, the inner sun of the soul.

SATA is the title of the perfected soul. SATA means Saviour in Sanskrit and thus SATA is the one who is saved. Which in the ancient Greek means "To be Made Whole." Sator means saviour in ancient Greek its SATA-r. Or to achieve Yoga, union. The Magnum Opus. Which is performed by SATA. The word holds the power of the meaning. The ancient religion was called SATYA which is the SAT which SATA is the full spelling of. And YA which adds power to the name. Like Ramaya or Shivaya. Its a common title for the God's name in Sanskrit. The concept of Satori in the Far East relates to this. To become enlightened.

SATA-ya is the name of the ancient religion, later it become Sanatana Dharma. The meaning of Yoga is the meaning of to be made whole or saved in Sanskrit hence SATAYA the religion. The perfected being. Which is the point of the ancient religion to be made perfected by the serpent power.

The two mantra's that contain SATA within it.

In Sanskrit Atman means "soul" however this is properly spelled out to ATAMANA, the SA letter however means soul. This is SATAMANA. The mantra SATANAMA which is homage to the God Sata. Is for the centers in the head. MANA means moon in the east and west this is the MANA rune as well and also means Moon. The Moon is the sixth chakra. However the pineal gland and crown are also called the Soma meaning Moon chakra. They are interconnected. MANA relates to the union of male and female as well hence the Sri Yantra which for the Soma chakra is the union of Shiva and Shakti as well, were the ying and yang channels meet in the center of the head with the central channel. The chakra on the forehead is also called the Manas or Mana point.

Note the ideal of the Atman Linga, if you study Vimana the science of Temples and their meaning. The main tower in which the Atman linga is kept represents the head of the deity wearing the Meru crown. The inner sanctum where the linga is kept represents the optic thalamus with the linga being the pineal gland. SATAMANA is what this symbol of what the Moon chakra is called. This is why you see the linga many times with a human face on it. The head and the chakra's within it. And the awakened consciousness from such fully activating such.

Para Atman is a name for god in the east however this is Para SATAMANA.

With SATANAS:

SATA means the serpent power, serpent creator. However SATANAS the NAS means serpent as well. The N letter relates to sparking things into the material realm as well. The bull is Naudi and this relates to the earth element but also sound, spirit and the energy channels within the being. Naudi becomes Nauthi in the runes and is about the fire of creation into the material. N relates to volting things into existence in the east. NAS is the ancient spelling of the N letter in Phoenician which came from the east and was altered to Nun later. SATANAS is about carrying the energy into the physical body and opening the nadis .....nadis with this. The S letter the SA opens the nadis as well and brings in the breath of life the serpent energy, the fire of the SA is the fire of the soul. The T sound is about opening the nadis further into the physical body and the NAS the final volting and grounding. Working to unite the soul and body into one ascended form.

Note the mudra's for SATANAS relate to purification of the five elements the five great lights which manifest the soul.

SAT-AN also means simply The God SATA. And is a title for the head God of the ancient world. AN is the ancient name for the Gods. The AN's... SATA-AN. SATA is a god name evidence by the Sataya mantra for the head god and is placed in the crown chakra in the east. And is the name of the ancient Religion.

Satan was the openly acknowledged title of Enki the head God of the Sumerian's. That is why the Yezidi still worship Satan under the name Satan, they stated they were part of the Sumerian, Babylonia culture that Enki was the head God of. Satan is still a surname for Hindu's as well. And the Yezidi came out of ancient India by their own records.

## Important Truths about Nutrition [Part 2]

Read Part 1 here...

<http://josministries.prophpb.com/topic17323.html>

First of all, this series of posts is NOT to spread some unknown truth, but it is aimed to spread AWARENESS. It is a reason for people to get some initial info and get you started learning about nutrition.

We all come from different backgrounds (genetics, culture, parts of the world etc), and like in everything Spiritual Satanism, it also applies to nutrition. Do your own research and follow the signs of your body. Each one of us is unique. Explore, research, and learn what works for you as an individual.

### What is Fat?

When we think of fat, to most comes this image of this jelly like substance that's under our skin and creates curves in our body and affects our appearance. But that's only one little part of the truth...

*Fat is an essential energy source for humans. We eat fat and we also store energy in our bodies in the form of fat. Fat is utilized for energy, to build cell membranes, to transport fat-soluble vitamins and phytochemicals, to protect our organs from injury and our bones from pressure, and to insulate the body. Fats are also referred to as lipids.*

Ok, in layman's terms; Our whole body is build by fat. FAT IS ESSENTIAL for our survival!

Fact is, we need fat. This point is nonnegotiable. A review coauthored by Walter Willett, chair of the department of nutrition at the Harvard School of Public Health, included the explosive statement that [b][i]"It is now increasingly recognized that the low-fat campaign has been based on little scientific evidence and may have caused unintended health consequences." [/i][/b]

## Dietary Fat

We've spent decades believing that dietary fat is the enemy. Where we once embraced foods rich in natural fat, we now obsess over what the fat in our food is going to do to our hearts and our cholesterol levels. We decided—probably because we heard it from someone who heard it from someone else, whether a doctor, a pharmaceutical rep, or an actor in a Cheerios commercial—that dietary fat is just as bad as body fat, and we spend our lives avoiding the foods rich in the types of dietary fat that nourished human beings for thousands of years before bad science marked them as evil.

Specifically, we avoid foods rich in natural saturated fat and cholesterol. We avoid a nice, rare steak. We throw away egg yolks. We test our blood cholesterol levels to make sure that our strategy is working.

But it's not working. Despite all the fat-lowering and cholesterol-obsessing, people are still sick with the same diseases that those changes were supposed to prevent. And when rigorous studies and trials like the Nurses Health Study and the Women's Health Initiative Dietary Modification Trial failed to show that a low-fat diet has any benefits for long-term health, the powers that be began giving a few types of fats a hall pass: specifically fats from plants, like highly profitable plant-based oils. (Oils are simply fats in liquid form.)

The most common dietary plant-based oils, like soybean oil, corn oil, and canola oil, are certainly politically correct: They're free of the baggage surrounding saturated fat and animal products. They're the fats from which margarine is usually made. They're highly profitable. They're also highly processed and totally unfit for human consumption.

Here is the most important keyword; PROCESSED. If we want to differentiate between oils/fats the keyword is how processed it is before we eat it.

## Crop Oils

So soybean oil, corn oil, canola oil etc. are crop oils. They are massively farmed on dead soil. And because the soil/earth is dead from the constant farming, they put fertilizers in it. And don't think that these fertilizers are something nutritious that is good for our bodies. Usually fertilizers contain many artificial/unnatural chemicals that are discarded from other industries. And they use the minimum fertilizers required in order to grow the crops.

After this they are sprayed with pesticides in order to maximize the profit (we can't afford birds/bugs etc eating our crops/money). These pesticides washed off by rain/watering run off to natural streams of water polluting nature, but fuck it, not our problem, right?

Then the crops are harvested and off to a factory that processes the shit out of these crops in order to extract as much oil as possible. More oil, more money (don't forget about it). More processing means that if any nutrients manage to reach this phase are destroyed /transformed. The end product is something without any useful nutrition at best, or something that is detrimental to our health.

Fuck. So what kind of oils should I eat?

I'd say oils that are not processed at all. Like virgin olive oil (the oil is pressed out of the olive oils, not affecting the quality of the fat), or plant based oils by eating plants (avocados, coconuts, nuts, and olives). I repeat, the keyword is "processed"; the less processed the better. Do your own research.

## Types of Fat

When we talk about fat types—saturated, monounsaturated, and polyunsaturated—we're actually talking about fatty acids. Fatty acids are chains of carbon and hydrogen atoms attached to a carboxyl group, which is like a hinge that keeps the individual chains together. Every fat, whether plant or animal, is made up of those same raw materials.

*Holy shit, that's a lot of science talk*

To make it real simple for those that have no idea (or don't care) about organic chemistry.

A fat molecule is like a big dining table (see image bellow). The carbon molecules are the table, and the chairs around the table are the hydrogen molecules.

In saturated fats, ALL the chairs are filled. No vacant chairs.

In mono-unsaturated fats, ONLY ONE or TWO chairs are vacant.

In poly-unsaturated fats, A LOT of chairs are vacant.

*Ok, what the fuck does this mean?!*

Depending on how the links in these chains are put together, combining a whole mess of hinged-up chains may yield what we label a fat, which is generally solid at room temperature (like butter), or an oil, which is generally liquid at room temperature.

In truth, almost all the natural fats we eat are a blend of these three kinds of fats. Lard, for example, contains some saturated fats, some monounsaturated fats, and some polyunsaturated fats. So does butter. So does olive oil, which is famous for just one of the three fats it contains: monounsaturated fat, which, as I mentioned, is also found in lard.

Whatever a fat is mostly made of—whether saturated, monounsaturated, or polyunsaturated—is generally what we call it. It's tyranny of the majority. Olive oil is mostly monounsaturated, so that's what we call it, even though it also contains saturated fat. Lard is called saturated even though it has just slightly less saturated fat than monounsaturated.

Bottom line; animal fats and plant fats have same raw materials even though they are solid or liquid at room temperature

Heart and Cholesterol

Everything we've been told about the dangers of fat and cholesterol is wrong.

If you've been staying away from natural fat and choking down highly processed substitutes for the real thing, I've got some amazing news: Natural, unrefined fat is perfectly healthy. Especially fat from properly raised animals. So make yourself a latte, pour in the cream, and enjoy your three-egg omelet with all the yolks. Your body, your skin, and your brain will thank you.

*Again, I emphasize; properly raised animals. You can't have animals fed hormones to fully grow in a few days/weeks, confined in a cage, injected with drugs to keep alive, or in unhealthy environments; sinking in their own shit, and then expect their meat/eggs to be healthy. Do your own research. Research what you eat.*

Healthy fats come in many varieties, and when we truly understand their structures and the roles they play in keeping our bodies and minds healthy, there's not much else to say but "Can you cook that in lard, please?"

Oh, and one more thing, in case the point wasn't clear: Fat does not make you fat. The first red flag about that old myth? That the rise of obesity in America began right as fat and cholesterol were all-out made evil and has continued through decades of low-fat diets and fat-free factory foods.

Follow the money. Some things changed in order for the jew owned corporations to earn more money.

Think about how rumors get started. One person says something to another, who repeats it to another, and as the message hums along, it takes on a life of its own. People use it for their own gain. It's unstoppable—and now, with the constant chirp of social media, rumors have gone from controlled blazes to raging wildfires.

Picture this: Sally tells Jimmy that fat and cholesterol are bad and cause heart disease. Jimmy starts a multijillion-dollar company that sells fat-free whoozits, low-fat whatzits, and cholesterol-free thingamabobs. Sally tells Jimmy she might have been wrong. But it's too late now. Jimmy has all the more reasons to ignore the truth.

It's all been done for profit.

## Summary?

All humans need healthy bodies in order to have healthy minds. Nutrition is very important. And for us Spiritual Satanists that are pushing the envelope as far as it goes, advancing in all aspects of our life, we need to be educated in this aspect also.

The big jew owned corporations have corrupted our natural diets by destroying our cultures and promoting multiculturalism. By promoting their nutritionless/unhealthy products, they destroy our health while they are making money.

Oh, and this is a whole other can of worms, but if we get sick, the jews have already build a medical empire in order to gain profit from

our disease/illness. So they've hedged their funds.

- You're healthy? You buy our "healthy" products and make us rich.
- You're not healthy? You buy our drugs and make us rich.

But that's a topic for another day.

In this part we just scraped the top of the iceberg about Fats. I'll keep talking about aspects of fats in the next part. My intention is to keep these parts in a few thousand words in order to be casually readable.

Stay strong comrades and keep doing the RTRs.

The awareness about the evil of the enemy is spreading.

We will pull the rug from under their feet.

Hail Father Satan and All the Gods of HELL

Marxism was created by jewish rabbi's [Marx was a practicing jew of a rabbinical family and Moses Hess was as well, Marx called Hess "The Red Rabbi and Hess is considered the intellectual father of Zionism by other jews and they were working with the Rothschild's who are Rabbinical jews and consider themselves to be the Kings of the Jews the Messianic line of Judah who's job is to fulfil jewish messianic ideology of a jewish world order run out of Israel] who are jewish psychopath's to put a people under Judaism via the Hammer and Sickle, which is a cryptic star of David the male and female sign together. Which amounts to a ideology run on this....

And in general this as well....Note Xian is code for Goyim at the time because for the jewish rabbi's xianity is the religion for controlling the Goyim by the Elders of Zion....

## Important Truths about Nutrition [Part 3]

Read part 1 ... <http://josministries.prophpb.com/topic17323.html>

Read part 2 ... <http://josministries.prophpb.com/topic17348.html>

We continue with the subject of Fat...

## Fat and Heart Disease

The heart disease epidemic is a relatively new problem in human history. The first recorded heart attack was in 1912. By 1930, the number of deaths from heart attacks had reached over 3,000, and come 1960, there were over 500,000 recorded deaths from heart attacks. People were terrified. They needed an explanation, and they needed something to blame.

That cultural panic led to the development of two theories that became imprinted on the collective consciousness: the lipid hypothesis and the diet-heart hypothesis.

The lipid hypothesis contends that high cholesterol in the blood causes, or at the very least guarantees, heart disease. This idea is the foundation of the pharmaceutical industry's production of their most profitable drugs, statins, and underlies our cultural obsession with lipid panels and cholesterol testing. Oh, and also, that's bullshit.

The diet-heart hypothesis contends that the saturated fat and cholesterol that we eat increase blood cholesterol levels, and because high blood cholesterol supposedly increases the risk of heart disease, dietary saturated fat and cholesterol must therefore cause heart attacks. Also bullshit.

## Let's see the history of these hypothesis...

In 1954, a researcher fed some cholesterol to rabbits. The rabbits developed arterial damage. This researcher DID NOT PROVE that this is also what happens in humans. Rabbits are entirely different from humans. Rabbits; tiny herbivores not designed by nature to consume cholesterol-rich foods like meat, eggs, and butter, have completely different metabolic machinery than humans. A rabbit with a cholesterol problem simply doesn't translate to a human with a heart issue.

The same researcher, in a separate endeavor, showed that polyunsaturated fats (like those from soybean or corn oil) could, in the right context, lower blood cholesterol in humans.

But, as I'll discuss in more detail later, someone with low blood cholesterol does not, statistically, have a lower risk of heart disease. So even if eating polyunsaturated fat appears to lower blood cholesterol, that doesn't mean it will also prevent a heart attack. That's a leap of logic that leads to advanced bullshitery.

So are the results of these studies really enough to convince you that eating cholesterol gives people heart disease and eating corn oil prevents heart attacks? I certainly hope not, although they convinced enough folks to ruin lard for the rest of us.

Interestingly, lipid biochemist Mary Enig believes that polyunsaturated fats might appear to lower cholesterol because they are incorporated into cell membranes, weakening them to the point that cholesterol—which the body uses for cell repair—is recruited out of the blood to stabilize them!

Emphasis on the point; cell membranes ruined, cholesterol used for cell repairs, lower cholesterol in blood.

According to Chris Masterjohn, an expert in nutrition science, randomized, controlled trials have shown that polyunsaturated fats cannot reduce heart disease. In fact, no study on replacing animal fats with plant-based polyunsaturated fat has shown a reduction in mortality. Masterjohn has stated that these studies *“showed an increased risk of cancer after five years and a possible increase in heart disease risk.”*

## Correlation is not causation (see part 1)

Next in line is Ancel Keys, who was named to the board of the American Heart Association (an organization that has relied heavily on donations from the crop oil industry) in the late 1950s.

Keys published his own observational data—meaning, he wrote up his personal observations and dressed them up as science—on a few trends he observed in several cultures regarding their food supply and rates of heart disease. He insisted that populations with more access to dietary fat tend to have more deaths from heart disease. Although this wasn't what his data actually showed, it was how he chose to present it.

Keys engaged in some data deception by failing to acknowledge the mountain of evidence that didn't support his own theories. Because he was a hammer and fat was the nail, Keys failed to notice—or perhaps purposely ignored—data that would have hurt his hypothesis or that suggested entirely different causes of heart disease.

Although other scientists publicly lambasted Keys for the glaring lack of evidence in support of his theory, the powers that were—prominent business executives and influential scientists with ties to the crop oil industry, including those making up the board of the American Heart Association at that time—were overwhelmingly committed to promoting the poorly constructed theory that humans are better off with less fat and cholesterol in our diet.

This chain of events led many to call Keys the “Father of the Low-Fat Diet.”

Bottom line; If your theory is promoting business, it doesn't matter if it lacks evidence or if it's unscientific. We'll use it!

## Natural Fats are Evil

In 1956, a diet low in saturated fat and cholesterol and high in these newfangled crop oils was advocated publicly by Irving Page and

Jeremiah Stamler (Jew) in a televised fund-raiser for the American Heart Association. These same men, along with Keys, would go on to design the AHA nutritional guidelines of 1961.

The principles advocated by Page and Stamler came to compose the “prudent diet,” which was based on the AHA dogma promoting a diet low in cholesterol and high in polyunsaturated fats from crop oils. So confident was the crop oil industry in this diet that corporations like Wesson and Mazola began touting the yet-unproven health benefits of their products to the public that same year. Premature? Probably. Profitable? Absolutely.

The brainwash of “anti-saturated-fat, anti-cholesterol” begun working. The people started forgetting the types of foods eaten in good health for centuries.

Fast-forward to 1984, when results from a nonstatin cholesterol-lowering drug trial showed, according to Masterjohn, that removing damaged lipids from the body lowers the risk of heart disease. Time magazine took this to mean that reducing the cholesterol we eat by avoiding cholesterol-rich foods would also lower the risk of heart disease. Of course, the trial had proved nothing of the sort. Cholesterol in food, has very little bearing on blood cholesterol. The two are entirely different things.

Yet Time magazine found this distinction irrelevant, and its March 26, 1984, was the one pictured above. Cholesterol in food, it said, was “deadly.” The country descended into fat-phobic, cholesterol-counting hysteria.

It was officially a runaway train, one that George V. Mann, former director of the longest-running heart-health study, later called “*the greatest biomedical error of the twentieth century.*”

By this time, representatives from the crop oil industry—the folks whose margarine and corn, soybean, and canola oils were becoming staples in every kitchen—had obtained positions in the Food and Drug Administration, the American Medical Association, the American Heart Association, the National Cholesterol Education Program, and the Senate Select Committee on Nutrition and Human Needs.

The jews (or jewish lapdogs) had infiltrated the public organizations in order to further their own agenda to the detriment of our health.

And so were a few public health nuisances, such as obesity and heart disease. Obesity in adults more than doubled between 1980 and 2008, and “extreme obesity” more than quadrupled. Heart disease and stroke remain the leading causes of death in the United States today, and obesity-related disease has replaced starvation as the world’s greatest risk to health.

*So the evil character in this story was fat and cholesterol, but health just got worse....*

So, who is the REAL villain?

What causes heart disease? Researchers have pointed to sugar, stress, nutrient deficiency, nutrient imbalance, rancid or damaged fats (like those from processed crop oils), smoking, and the chronic inflammation that results from all of the above as major contributing factors in heart disease. The oxidation of lipoproteins—that is, damage to the molecules that carry cholesterol, not to cholesterol itself—and the length of time those molecules linger in the body may also contribute to the development of heart disease. These factors are influenced by things like stress and nutrient deficiency.

Insulin resistance—a precursor to diabetes, another modern-day health epidemic—is also a telltale sign of heart disease risk. Lipidology experts Thomas Dayspring and James A. Underberg cite dietary carbohydrates, especially fructose and high-fructose corn syrup, as common instigators of insulin resistance. Most of us already know that high-fructose corn syrup is dangerous, but carbohydrates in general? Aren’t carbs supposed to be healthy?

Think about this: The anti-saturated fat, anti-cholesterol, pro-crop oil movement spawned innumerable industries and companies that produce processed foods low in cholesterol and saturated fat but rich in carbohydrates that were never known to humanity in the thousands of years prior. Isn’t it possible that the processed foods that filled the butter-free void are at least indirectly responsible for our contemporary heart-related health crisis?

The processing of foods to create low cholesterol / low fat versions altered the substances and created new ones. New ones that our bodies have never experienced before

The problem may have been something that entered our food supply long before modern processed junk compounded the problem...

## TRANS FATS

Partial hydrogenation involves hardening an oil, or any fat that softens at room temperature, into a never-melts, never-moves, odorless, tasteless solid (think Crisco) to increase its shelf life and—yes, this is a real industry word—plasticity. (Yep, these used to be called plastic fats.) Partially hydrogenating the liquid fats from soybean oil, corn oil, and canola oil only adds to their long process of refinement. The process of partial hydrogenation involves forcing hydrogen into an oil’s structure using a chemical catalyst.

*I don't get it AT ALL, wtf are you talking about?*

This is the structure of oil (little human model analog of an oil). This oil is the famous CLA (conjugated linoleic acid).

And this is the structure of the infamous trans fat (destroyed human model analog of trans fat)

Why make a solid fat out of an oil? Because many cheap commodity oils, especially crop oils, are uniquely fragile and vulnerable to damage. Once solidified, they are less likely to spoil. So, as an alternative to spoilage, we create Frankenfats with a different chemical structure than any natural fat humans have ever eaten. Brilliant.

Here's the science behind what makes trans fats dangerous, from Enig:

*"When one hydrogen atom is moved to the other side of the fatty acid molecule during hydrogenation, the ability of living cells to make reactions at the site is compromised or altogether lost . . . . [Trans fats'] altered chemical structure creates havoc with thousands of necessary chemical reactions—everything from energy provision to prostaglandin production."*

Bottom line; this is an unnatural form of fat that was created in order to promote self life. This means longer expiration dates and more profit for the crop oil industries (and the Jews that own them).

## FDA and American Heart Association

The FDA only began requiring the labeling of trans fat-containing foods in 2006, and there were loopholes—less than 0.5 gram of trans fat per serving in a given food meant that a food manufacturer could still label it "trans fat free." Seriously?!

Crisco, for example, has proudly declared itself to have "0 g trans fats," yet as of 2013 was still using partially hydrogenated oils. That phrase—partially hydrogenated oils—is the truth-teller, because where there are partially hydrogenated oils, there are always trans fats.

Jews. They use the system to avoid detection even today, when the dangers are clearly recognized.

For many years, margarine had high levels of trans fats since it was made with partially hydrogenated oils. Shortening has long been made with partially hydrogenated oils—even the butter-flavored versions, which, of course, contain no butter. Here's why that matters: The rate of heart disease in the United States increased as consumption of margarine and shortening increased from the early 1900s on. Coincidence?

This could mean it wasn't natural saturated fat or cholesterol that pushed our health to the danger zone in the first place but, instead, artificially solidified, partially hydrogenated, trans fat-rich foods derived from crop oils, with all the earmarks of mad-scientist spawn.

Did anything change? Nope...

Margarine, corn oil, and shortening companies began funding research intended to prove that saturated fat from animal sources was dangerous, leading to propaganda meant to convince us that the natural saturated fats found in animals were somehow worse than what they were making in factories.

The American Heart Association, furthering its reputation as an instrument of the crop oil industry (read: jews), removed all references to the potential negative effects of trans fats from the 1968 recommendations of its Subcommittee on Dietary Fats at the urging of the Shortening Institute, now known as the Institute of Shortening and Edible Oils, a group whose website boasts that its members produce "approximately 90-95% of the edible fats and oils produced domestically (28 billion pounds)," including shortening, margarine, and cooking oils.

This is how j00z work; power and influence

This trans fat malfeasance was revealed by a member of the very committee that worked on those recommendations: Fred A. Kummerow, a professor of food chemistry at the University of Illinois, who today is a passionate saturated-fat activist. In a 1977 letter to Senator George McGovern, then-chairman of the Select Committee on Nutrition and Human Needs, Kummerow condemned the decade-long failure of the FDA and the National Institutes of Health (NIH) to do anything about the public health hazard of trans fats.

The Centers for Disease Control (CDC) counts heart disease among "the most widespread and costly health problems facing our nation today." While you may hear the false-victory claim that deaths from heart disease have decreased, that's not because we've stopped heart disease from happening. It happens more than ever. Deaths from heart disease have decreased because we now have the technology to keep sick folks alive—even though the dietary recommendations and medical care provided to them haven't done what they should do: keep them healthy in the first place.

Summary?

This is the history of how the jewish corporations are hijacking our traditions and replacing with new unhealthy ones for their own profit. Trans fats are extremely unhealthy, unnatural and should be removed from everyone's diet.

Also take a lesson in history, of how jews are infiltrating and taking control of government positions to further their own agenda. They use whatever fits their agenda and they promote it, even if there are numerous scientists pointing the errors and mistakes.

Again don't take my word for it, do your own research.

Keep fighting for knowledge.  
Keep doing the RTRs comrades.

Reverse Torah Ritual Schedule [Nov 30 to Dec 5]

\*\*

Greetings to all our People and Satanic Comrades.

This is the New Schedule for the New Date of Nov 30 to Dec 5. We will then go with another schedule.

This schedule will be broken in three parts, because its in our interest to do this that way for maximum effectiveness.

Until the 3rd of December, these will be the following Rituals we should be doing, as the signs are favorable. Exactly when the moon goes into a powerful position for warfare, we will be doing tough warfare on the enemy for the 4th and 5th of December. We need to keep these short and not give the enemy time to prepare, as this will make them go prepare for what we are about to do. We are, and we must be, unpredictable. In the scope of 5 or less days they won't really have any time to do this.

The "Standard Priority Ritual" will be the Communications RTR. This must be done everyday, or at least every other day (very frequently, no matter what). This is crucial as the jews are going over a 'muh feelz shut it down' rampage, which is their spiritual and ideological death gasp of trying to maintain power over information.

Priority Rituals until the 3rd of Dec- These are to charge us up for the spiritual carnage and annihilation that will follow for the enemy:

1a. Reverse Torah Ritual: Serpent Empowerment for Gentiles [This one is very small and very potent]:

<http://josgreece.angelfire.com/E712.html>

2. Reversing the Curse Upon the Serpent:

<http://www.angelfire.com/wizard/pixie66...Ritual.htm>

3. Communications Reverse Torah Ritual:

[http://dawn666blacksun.angelfire.com/11\\_9\\_Ritual.htm](http://dawn666blacksun.angelfire.com/11_9_Ritual.htm)

4. If you have time, add the Curse Israel RTR which is also extremely effective and helpful for us.

---

For the 4th and 5th of December we will be going relentlessly for these Rituals:

1. CURSING THE JEWISH (((GOD))), RITUAL ONE

[http://dawn666blacksun.angelfire.com/Ritual\\_42.html](http://dawn666blacksun.angelfire.com/Ritual_42.html)

2. Reversing the 72 Name of (((God)))

<http://www.angelfire.com/wizard/pixie666/72.htm>

---

Below are the texts to the respective Rituals, in the same order as they are above.

Until the 3rd of December:

Reverse Torah Ritual: Serpent Empowerment for Gentiles

Greetings to all our Satanic People and Comrades!

Today is a happy day for everyone, as we are going open with an online store! Bear in mind that this is only just opening now, so many of the products aren't even listed yet. However, there are a few listed, and many more are going to come. It will constantly be updated with new things added!

We will have Android Apps, Services, e-Books, and many, many other interesting things so make sure to check frequently. You will all be notified with updates from here in regards to that, and these will also be frequent.

Unfortunately there are only 24 hours in a day. While most of these hours I devote to work for all of us here, now, some of these hours will be going for services and other beautiful things to make everyone's Satanic journey more easier and fun. There is tireless work going into everything, for all of us, and for Satan and the Gods.

I have named this after Azazel, as he has been really helping me with setting up everything, guidance, and support. This has been published in literally, record time, and under extreme pressure.

What's good is that what's in the store right now is on the a discount, and will remain so until a few days. The plan is to keep expanding the store and gradually, I will be uploading more services and more things there. As all of you here know, that's a busy job, and you all need to be understanding. There will be updates, things may move around, or be changed, however- all orders placed will be executed 100% as they should. The changes will be expansive, and only dealing with the layout etc of the webpage, new additions etc.

With that being stated feel free to go browse and shop anytime!

By the way, as a celebration for the opening of the store, I put something that is free, as a gift for all of you. Its an Android App called "RTR Veteran". Subject: Pizzagate

Pizzagate

With the Pizzagate scandal making waves the American People are now observing something. The political establishment in Washington is more criminal then they thought.

The question is who runs the political establishment in Washington?

Now you know why every President hopeful has to be approved by the Jewish Lobby that controls Washington, AIPAC. This is because America is owned by the jewish oligarchs from the top down. Starting with the Federal Reserve which owns America and the money supply. Money is the god of the world, if you control the money you are god on this world. Look no further then the Rothschild's, Warburg's, Goldman Sac's, Rockefeller's and on. All Elders of Zion.

This also goes to the emails that were leaked on DNC boss and Washington chief, Tony Podesta, who attends strange code word parties with his brother. That are hosted by the owner of Comet Pizza, the owner of which is dating a DNC elite, media elite, David Brock who has been convicted of pedophilia in the past. This Comet Pizza has strange art on its walls you can look up for yourself, that points to sexual abuse of children. Its literally graphic images of sexual abuse of children. Hanging right on the walls of the Pizza place. Comet had this up on their media. They quickly took it down when the scandal came out.

There is also evidence of them putting coded symbols for pedophilia into their logo's.

Note Tony Podesta is praised as a "Friend of Israel" in the Jewish Press. Because those are his Washington masters:

<http://www.jewishpress.com/news/breakin ... 016/10/27/>

"Podesta and Jake Sullivan, Clinton's likely appointment for National Security Advisor (he is currently serving as Vice President Biden's NSA), are considered friends of Israel."

Tony Podesta also has strange art in his home he is proud of. Such as a statue of one of Jeffery Dahmer's victim's that is headless hanging from the roof of the ceiling in his home. Dahmer [who had Jewish blood] was a child rapist and murderer in general. There is also evidence Dahmer worked as child procurer for some powerful people where he lived. And guess what ethnic group that might have been made up of if one looks into.....Jews.

Podesta statue made from the police photo of one of Dahmer's victim:

Note this Comet Pizza has held major fund raisers for the Democratic Party and has major donations made to it from Hillary [who is Jewish] who we know her and her husband, Bill. Both made regular visits to Jewish Epstein's rape Island, who is a convicted pedophile, Mossad agent and was charged with sex trafficking as well. The Jew, Sorro's, organization has also made donations to this place. If one pulls up a list of names connected to this Comet Place you will find a lot of Jewish names as well. A lot of Washington's elites have attended these strange "Pizza Parties" Obama paid 65,000 dollars for "food" orders from this place for one of his elite White House Parties. Many have pointed out the different names of food are code words for children. Pizza is code for female children. There are tunnels under Washington, and its believed they are also being used for such criminal enterprises. The owner of this Comet Pizza, is listed as one of the most influence people in Washington. Do you think they really just like the food there? Or is he providing something else?

This is not just the Democrats either in the late eighties the Franklin Credit Union, scandal came out showing the Republicans establishment is also involved in such. The G.O.P, Jewish boss, Roy Cohn was believed to have been a major figure in such.

The Jimmy Savile, scandal in Britain showed the same. Savile was untouched his whole life despite being a known sexual predator because he was a child procurer for the British establishment. Any investigation into Savile was shut down by the higher level political's in Britain in his time. Prince Andrew is also know to have visited Epstein's Island. Its well known the Jewish Rothschild's control the establishment in Britain. They even brag about it. Along with other Jewish Banking elites.

Remember the most notorious convicted Pedophile in recent history, Subway clown, Jewish, Jarred Folge. Its obvious he was part of a larger pedophile ring that was kept quite. Folge was given a slap on the wrist compared to his crimes as well. We also know that Jewish owned Hollywood, which the Jews brag in the Israel Times is such. Has always been a pedophile elite of Jewish sex predators. Its well documented the sex slave trade is run out of Israel, and the

Jewish mafia in Eastern Europe was caught in a snuff film operation where they kidnapped, torcher, rape and murder children on tape for 20.000 dollars a tape. Mostly to other Jewish clients.

Jewish control of the sex slave trade:

[topic145.html](#)

Then there is the reality of ritual child sacrifice the Jews have even admitted themselves to have engaged in. The command to do such is part of the Jewish religion right in the Torah. So is raping children.

Jewish ritual murder and snuff film rings:

[topic580.html](#)

Nambala the Pedophile rights organization that wants to legalize raping children has always been run by Jewish bosses. The symbol of Nambala was also being used in the logo's of this Comet Pizza.

This goes into the nature of the Jewish mind and the religion they created for themselves:

Because as below their Jewish holy book the Talmud, shows raping children as young as three is a moral act for Jews:Note Xian is code for Goyim at the time because for the jewish rabbi's xianity is the religion for controlling the Goyim by the Elders of Zion....

The reason there is so much pedophilia in the Establishment elites, power structure is simply because its the Club of Judah. Who's in their racial, ethnic religion this is normal behaviour. Its just Judaism.

The other reason is as the Rabbinical Jew, Adam Weishaupt who was an agent of the Jewish Rabbinical class, Rothschild's and the globalist agenda of the Jewish race, which is the Torah.....Stated:

Its the system the Jewish elites use to recruit morally corrupted and easy to control, Goyim servants to act as front and middle men for the Jewish power establishment. This is why Epstein is also a Mossad agent. His Island is a blackmail center to maintain control over the establishment for the tribe.

Once the firm hand of justice begins to strike these people suddenly then they will be all about empathy and kindness, but we won't forget they had no empathy for their victims. Ok, done for now. Let's resume with the usual program...

## Cholesterol

First of all. There are a lot of myths about cholesterol. High blood cholesterol is bullshit. In fact, studies show that people with high cholesterol tend to be healthier and live longer than those with low cholesterol.

What we think we know about cholesterol and heart disease is little more than an overtrusted, underproven, overly simplistic view of what's actually going on in our bodies. Cholesterol simply isn't the danger that many folks—doctors included—think it is.

Let's spank the conventional cholesterol wisdom, starting with several important points. First, I encourage ample use of mental "finger quotes" for the classifications of "low" and "high" cholesterol. These terms are based on outdated, irrational standards, and the threshold for high cholesterol has been dropped progressively lower over the years—a strategy that hasn't affected our success in fighting heart disease but definitely helps sell statins.

More profit for the Jewish medical mafia (I plan to write a post about that. Read "The Medical Mafia" by Guylaine Lanctot)

Second, cholesterol in food does not equate to cholesterol in the blood. Cholesterol is a lifesaving, health-promoting substance, and it performs incredibly important functions in the body. Every one of our cells needs it at every stage of our lives, whether we're talking in the diet or in the blood. So, while dietary cholesterol is a totally separate entity from that lab-tested number the doctor wants you to reduce, both concepts are totally misunderstood by the general public.

## Food Cholesterol and Blood Cholesterol

There are two different types of cholesterol. The kind that is in the food we eat (see eggs) and the kind that flows in our blood stream. But does the cholesterol in your food affect the amount of cholesterol in your blood? Not really. And even if it did, the fact remains that cholesterol is necessary that the body is able to produce the stuff on its own.

"When we eat more cholesterol, the body produces less," says nutritionist and physician Natasha Campbell-McBride. "When we eat less cholesterol, the body produces more." Why eat cholesterol-rich foods, then, if the body will produce it anyway? Because it eases the body's need for cholesterol and is associated with improved cognitive function, and because, in many individuals, cholesterol synthesis is inadequate for all the body's needs.

It seems far from an accident that many of the foods humans have eaten throughout history not only have cholesterol but also flavor and nourishment. Naturally cholesterol-rich foods like egg yolks, butter, meat, and seafood are packaged with other powerful nutrients, like vitamins A, D, E, and K; choline; and other hormone-building, health-supporting substances, like healthy fats and minerals, that we need from infancy through old age.

In fact, we're designed so that we get plenty of cholesterol from day one. Human breast milk is high in cholesterol because babies need plenty of it to develop healthy brains and sharp eyesight. In fact, breast milk even contains a special enzyme ensuring that babies absorb as much cholesterol as possible!

## Cholesterol in blood

According to Ellison, a former pharmaceutical drug chemist who now works to expose the dangers of indiscriminate statin use, "High cholesterol in those over 75 years of age is protective rather than harmful. . . . Low cholesterol is a risk factor for heart arrhythmia, the leading cause of death if heart attack occurs."

Yet the research and medical communities don't see any red flags or warning signs in the standard cholesterol dogma—probably because it's all they know, and because it's a large chunk of what they get paid for. When researchers from UCLA found that 75 percent of heart attack patients

not present with so-called high-risk cholesterol levels, rather than reevaluating whether the numbers mean jack squat, they theorized the risk ceiling should be lowered again so these oh-so-confusing cases could be lumped into the “at risk” category and be eligible for all associated costs and benefits—like profitable prescription drugs. Also... one of the UCLA researchers served as a consultant to several pharmaceutical companies? These consulting arrangements may be common, but it doesn't mean that we should gloss over the relationship when evidence warrants a potential change in how or why drugs are prescribed.

See?! Even though the latest research data disproves older theories, big pharmaceuticals (Jew owned) simply ignore them. The hucksters have planted their guys in critical positions.

- Hey boss, this new data means our most profitable drug is useless... what do we do now?
- I didn't see anything! Keep selling them and if they don't bring it up, we don't bring it up!!

## Cholesterol Readings

For many folks, a single cholesterol reading is nothing but a snapshot of one moment in time anyway. If we believe the conventional wisdom, we agonize over one high cholesterol reading. In reality we should be concerned over a low cholesterol reading. But here's the truth: For better or worse, neither a high nor a low cholesterol reading defines your overall, long-term state of health.

Let's make something clear. Taking a snapshot of cholesterol reading is just a still moment in time (like a photograph). We can't assume this is bad, and your doctor shouldn't prescribe medication just for this one snapshot. The numbers really don't tell us what we've been brainwashed to believe they do. High cholesterol isn't necessarily bad, and low cholesterol isn't necessarily good.

It's like going to the doctor to measure your blood pressure JUST AFTER you've run a very high paced 100m sprint. Your blood pressure is gonna be high as fuck! The doctor (if he's an idiot) will ignore everything else and prescribe medication for high blood pressure. If you measure your blood pressure while you're half asleep/awake, your blood pressure would be low. This doesn't mean that you have a medical problem.

It's the same with a cholesterol reading. Just a snapshot doesn't mean shit. And here's the cherry on the pie, even if you do multiple cholesterol readings (to spot a trend), it still doesn't mean anything about your health!

We can find scientific studies evaluating trends and risk factors over time that factor in multiple tests and individual data, whose results indicate that chronically low cholesterol may be a red flag and that chronically high cholesterol is far less risky than we once thought. We'll talk about that, but remember the point: We need to question what we've been taught. We might need to ask ourselves a few questions that actually do paint a picture of our health: How often do I get sick? How quickly do I recover? How are my stress levels? And how the heck do I feel?

Let's repeat that, because it's important! Your health is not just a few numbers/readings/measurements. Your health is not just a heart rate, a blood pressure or a cholesterol reading. You need to correlate these with your whole being. Something we Spiritual Satanists are training to do daily. We experience reality holistically.

So cholesterol in the blood just is what it is, and a person's need (yes, it's a need) for more or less cholesterol can change based on what you do.

life. It can also change based on time of day, physical state, stress, thyroid function, and simple individual variation. It's time to reevaluate what cholesterol means to us. It's time to acknowledge that high cholesterol does not absolutely spell heart disease or death.

## So what is cholesterol?

Cholesterol is classified as a lipid—a fat—but it's actually a waxy steroid. No, not the kind that gets Major League Baseball's britches in a twist. A steroid is an organic compound that serves as the building block for cell structures and hormones, including sex hormones. Your body uses it to produce bile and vitamin D, and it plays a major role in serotonin production and brain function (serotonin is that powerful drug excreted by our pineal gland). It's also a powerful antioxidant.

So you'd be right to deduce that cholesterol helps us stay randy, well-nourished, smart, happy, and healthy at the most fundamental level. Without cholesterol, our cell membranes would become weak and floppy. Think of it like Jenga—pull out too much of the structure, and the whole thing is crashing down.

In the following image, is a representation of the cell membrane; the wall that separates the outside of a cell from the inside. It's a protective wall that automatically (chemistry and biology) allow stuff in/out or blocks stuff from entering/exiting. All this light brown stuff are the lipids and in reality are constantly moving around. Cholesterol is this yellow squiggly thing between the lipids that stabilizes this constant moving. If you don't have cholesterol in your cells, the cell membrane is not doing what it should be doing. So stuff that shouldn't be passing through the membrane, are passing because the membrane is weak.

## Importance of Cholesterol

Blood cholesterol and cholesterol-rich foods are major players in our resistance to infection, both directly and indirectly. Blood cholesterol can directly neutralize toxins produced by bacteria and support the immune system as it fights infection. Long before we developed antibiotics, a blend of cholesterol-rich egg yolks and cream was often used to “cure” tuberculosis. Why? Because cholesterol-rich foods like this are some of the most nutrient-dense foods on the planet, supplying critical nutrients like vitamin A, vitamin D, choline, and arachidonic acid, which are vital for bolstering the immune system.

Cholesterol's health-enhancing powers even apply to some gnarly medical problems. According to Campbell-McBride:

*LDL cholesterol, or so-called bad cholesterol, directly binds [to] and inactivates dangerous bacterial toxins. . . . One of the most dangerous toxins is produced by a widely spread bacterium, Staphylococcus aureus, which is the cause of MRSA, a common hospital infection. This toxin can literally dissolve red blood cells. However, it does not work in the presence of LDL cholesterol.*

And it's not just our immune system that is weakened without cholesterol. Our hormone levels are jeopardized (low testosterone, dudes?) when we remove the raw materials we need to create them, and studies show that people with a long history of low cholesterol have a higher risk of cancer.

Remember how I said cholesterol plays a major part in brain function? Without cholesterol, folks may be more prone to memory loss—a known side effect of statin use—as discovered by a former NASA scientist and astronaut, Duane Graveline, whose own experience with statins prompted his book *Lipitor: Thief of Memory*. Cholesterol is the key player in brain synapse formation, and synapses are the orchestrators of our ability to learn and remember, two faculties that truly enable us to function in the world.

Beyond that, low cholesterol has been observed in individuals with suicidal tendencies and those who have committed violent crimes. The evidence is strong, in fact, that a leading researcher on low cholesterol and statin drugs has determined the relationship between low cholesterol and violent behavior to be causal. In other words, low cholesterol isn't "associated with" or "correlated to" violent behavior—it can actually cause violent behavior.

Err... OK... i get it; low cholesterol is bad  
But what about high cholesterol? I'm sure this shit is pure evil, right?!

Nope!  
When something—high-fiber cereal, for instance, or a statin drug—is said to "help lower cholesterol," we assume this means it'll prevent heart disease. The "lower cholesterol equals less heart disease" idea has been accepted and regurgitated ad nauseam.

Here's the problem: Cholesterol doesn't cause heart disease in the first place. So concluding that lowering cholesterol is the best way to prevent heart disease makes a total, complete, utter bullshit out of science. The notion that cholesterol causes heart disease has been abandoned by many physicians and scientists. Why? Because after decades of studies and spin, there's still no hard evidence to prove the hypothesis.

But lets go deeper...

## "Good" HDL and "Bad" LDL Cholesterol

Let's go a bit deeper by looking at so-called good (HDL) cholesterol and bad (LDL) cholesterol. LDL and HDL are lipoproteins, particles that carry cholesterol. These lipoproteins are composed of other materials as well, such as polyunsaturated fats, which, when damaged, probably do play a role in heart disease.

As I've mentioned before, LDL cholesterol (that is, cholesterol carried by low-density lipoproteins) can protect us from nasty infections, so why do we think it's bad?

When there's a problem in the body that requires healing, cholesterol is part of the healing response. LDL takes cholesterol to the site of the damage; HDL takes it away. If we posit that LDL is bad simply because it's brought to the site of a problem, we may as well, as Campbell-Moore puts it, call an ambulance on its way to an accident a "bad ambulance" and an ambulance on its way to the hospital a "good ambulance."

<http://detoxyourbody.co/wp-content/uploads/2016/05/2015-09-02-6-surprising-reasons-why-you-dont-need-to-be-afraid-of-cholesterol-fb-102>

## Cholesterol helps with healing

When injury or illness occurs in your body, an inflammatory response is dispatched to deal with the problem so that the injury can heal. This applies to any tissue, not just the heart.

Let's say you accidentally cut your finger with a knife. To heal the damage your body initiates what's called an inflammatory response. The area throbs, scabs over, and finally heals. So, inflammation is actually a good thing. Without it, no damage would ever heal. But could your finger ever mend if you kept slicing it open, creating a constant storm of never-ending irritation and unsuccessful repair?

Of course not! Our bodies are able to handle individual stressors, but chronic, repeated ones? Surely no!

So it is with the chronic insults from lifestyle factors—smoking, too much sugar or too few nutrients, chronic stress—and their resulting health problems including free-radical damage, infection, high blood pressure, and chronically elevated blood sugar and insulin. These problems set the stage for damage to the arterial walls, leading to inflammation that's intended to repair the issue. Add damaged LDL—a consequence of damaged polyunsaturated fat intake, likely from crop oils—which stimulates an endless loop of scratch-and-patch within the body, and you've got an ongoing problem of unintended inflammation that's never able to do its job.

So when we talk about “clogged arteries” in the context of heart disease, we’re mostly talking about inflammation gone wild, an inflammatory response to irritation within the body that is never able to resolve. The materials that converge on the site are known as plaque or arterial plaque, and this actually makes a “clogged artery.” This doesn’t happen just to the cardiovascular system, but we tend to focus on the heart simply because the heart is particularly vulnerable due to the nature of its responsibilities. It’s kind of a big deal.

Imagine having a crack on your wall and you decide to fix it by filling it with caulk. You patch the gap and then stop. This is how normal procedure works with repairing your arteries. Now, imagine that your body is sick (by eating crap food without nutrients messing your inner workings). You’ve fixed the crack in the wall, but you never stop patching. The caulk overflows the crack and piles up, creating a big ugly mess. Piling and piling ruin the smoothness of wall. Now imagine this is your arteries. They get clogged.

So it is with the inflammatory response and all the healing substances, from cholesterol to collagen, that attempt to fix things that just won’t stop breaking. The process of constant inflammation and unsuccessful repair means that they pile up where we don’t want them. Plaque is the result of a lesion that develops in the messy muck of a chronic, out-of-control inflammatory response. And why we see cholesterol there? Because any attempt at healing—successful or not—means that the body has to build new cells.

Cells are made of fats and cholesterol. Unfortunately, we can’t change that, and replacing fats in the diet with more “whole grain” won’t build healthy “whole-grain” cells. Fats and cholesterol are the building blocks for life. We must learn to love ‘em.

So the plaque buildup process has nothing to do with some evil plot perpetrated by cholesterol lurking in our egg yolks or our bloodstreams, padding itself into our arteries and causing us to die. Cholesterol is a very different from what we’ve been brainwashed to believe.

Your cholesterol level doesn’t predict your propensity for plaque, either. In a study of cardiovascular tissue from more than 22,000 autopsies performed in fourteen different nations, researchers found no difference in plaque formation between those with low cholesterol and those with high cholesterol. People with low cholesterol were prone to just as much blockage as those with high cholesterol.

As Ellison states, “There is no correlation or relationship between low cholesterol and the [slowing or stopping of] . . . atherosclerosis, the number one cause of heart disease.”

Let me repeat for the 3rd time; Lower cholesterol doesn’t prevent heart disease. Because cholesterol doesn’t cause heart disease.

In fact, according to Ellison, so-called low cholesterol has been associated with “worse outcomes in heart failure patients and impaired survival, while high cholesterol improved survival rates. . . . Findings showed that elevated cholesterol among patients was not associated with hypertension, coronary artery disease, or coronary heart disease.”

## Why Cholesterol Rises?

Your blood cholesterol is managed by your body in response to what’s going on inside and out. Your cholesterol may rise based on what you probably already know is happening: Systemic stress. Crappy diet or lifestyle choices. Thyroid issues. Any health problem. Healing from surgery or a dental procedure. The process of rebalancing the body after weight loss. Recovery from competition.

Cholesterol levels also rise naturally as we get older, and for good reason. As our bodies go through the aging process, they simply need more support and fortification. Cholesterol provides this. In these cases, we can consider cholesterol a marker or even a messenger that's telling you, for you.

If you have a healthy, active lifestyle; if you manage stress conscientiously and have a smidgen of self-awareness; and if your focus is on real, nutrient-dense foods, your cholesterol is probably exactly where it needs to be. Your inflammatory process likely works as it should, and the potential for dysfunction is low.

If, on the other hand, you follow more of a standard American diet-stress-crash-repeat lifestyle, you need to fix the problem, whether or not you have high cholesterol.

To sum up; Cholesterol isn't the fucking problem.

## And what about Statins?

"The cholesterol-lowering myth being spread by pharmaceutical companies worldwide," Ellison says, "could rightfully be considered the deadliest myth in the history of mankind."

When we artificially lower cholesterol with drugs, we can cripple the body's ability to function naturally, to build new cells and do everything else we need to do to keep us well.

Plants and fungi have defense mechanisms to protect them from predators (I'll make a future post about this). Where we have arms to punch and legs to run, plants and fungi have poisons and toxins. The fungus from which statins are derived—red yeast rice—uses a defense that cripples cholesterol production, but it also cripples production of coenzyme Q10 (CoQ10), an antioxidant produced by the body that is present in every single cell and is critical for energy production in heart cells.

This plant defense mechanism is designed to cause damage to a predator. I'm not so sure about using it to treat a not-so-problematic "problem" especially when it relates to something as important as, ya know, the heart.

But considering that the imaginary "problem" with cholesterol was dreamed up and disseminated by the very folks who make foods that they say cause it and the drugs that they say treat it, I suppose it all makes sense.

Remember that timeless Jewish trick? Problem, Reaction, Solution

Statins are sometimes praised for their anti-inflammatory properties, which are independent of their cholesterol-lowering properties. Fortunately, I suppose, but it sure comes with a long warning label. And guess what's guaranteed to be a side-effect-free, non-CoQ10-depleting, drug-free, inflammation proof inflammation buster? An anti-inflammatory diet and lifestyle!

## Summary?

I think that's clear to say that cholesterol isn't the evil it's made out to be, that it does not cause heart disease, and that lowering dietary or blood cholesterol has not been shown to keep heart disease at bay.

Neither the cholesterol in our food nor the cholesterol in our blood causes heart disease, and when it comes to the cholesterol in our blood, remember that it's there for a reason. It's a healing substance. Blood cholesterol numbers alone don't mean anything, because what really matters is your state of health. If you're stressed, experiencing systemic inflammation, and eating lots of crop oils that contribute to damaged LDL, you likely need some help with your entire diet and lifestyle.

And here's a little bombshell (to those unaware). There are many doctors that have already found out about these and try to spread the word. But you know who doesn't like the truth? Oh yep, you guessed it; the jews. They have so much to lose, so the truth must be suppressed at all costs!

Here's an article about that... Holistic Doctor Death Series: Over 60 Dead In Just Over A Year  
<http://www.healthnutnews.com/recap-on-my-unintended-series-the-holistic-doctor-deaths/>

It's all the jews know. Anything that gets between them and their money (even the truth) needs to be killed.

WE HAVE TO KEEP FIGHTING COMRADES

The documentary made by HP H. Cobra, that was censored in Jewtube in a couple of days, is now available in the Web Archive for those who want to download and watch it, here is the link:

Jews - The Real Enemy of Black People:

Original message:

"I spent quite the time making this documentary, researching and getting deeper into what's going on in the Black community.

What the jews have done is insane. These people are tormented by jews from all sides. This is informational for both Black people who need to know the jewish menace, and also for White people who need a few insights in regards to that. Many Black members here know this already, and this is horrible. Whites and Blacks suffer similarly in so many ways, but jews gas confusion into the minds of everyone, and due to lack of knowledge, people fall in for jewish lies.

Black people have been severely attacked by the jews. What I found by looking around stuff, they have infiltrated Black people very severely, no different than how they attack all race oriented groups who oppose them, like Whites etc. They hijack these groups, and either destroy them, or turn them into a second Judaism. This is a major source of the 'we wuz kangz' beliefs, thug culture, and all sorts of other insanities and con-men who are paid by the jews to betray their own race.

I think a guy that deserves a comment is Dr Tony Martin. Martin had the guts to go open about all that stuff, and expose many skills and infiltrators who try to subvert the black race. Martin had the courage to actually speak openly about the jewish menace, and what his research found is also interesting for White people as well. As a result the racist ADL put a bounty on his head as well if I am correct. This is because his researches openly talk about the race that loves to enslave all others: the jews. The jews have done a lot of shit, and they have a lot of crimes on their head as a race. Wise Black people know this, no different than Wise White people. Its striking how Blacks have fallen under the exact same destruction of the jews, as Whites have done. The jews are fucking vicious.

This documentary goes from the rap culture, to the ghetto culture (all created by Jews and traitor Blacks who are on the payroll) and this is systematic to destroy and subvert Blacks and turn them into beasts. This is purposeful, and jews do this according to plan. It didn't happen coincidentally. It happened cohen-cidentally.

I also touched on the subject on who really attacked Africa. Jews attacked Africa. Soros is one of these people who destroy whole countries in Africa just for his own fun, and for his own tribe. The jews hate Blacks and this is in the bible, in the form of a 'biblical curse'. Blacks according to the bible, are supposed to be eternal slaves to the jews, by mandate of 'Jehova'. This is what created the jewish slave trade, as usually, the jews, doing their Torah and Christianity.

Blacks are also bought in the price of food, or others in gold chains, to destroy their own Race, and never allow anyone to advance. This is no different than how many Whites are sell outs to the kikes, and backstab their own people and race for the price of shekels or just out of fear/lack of knowledge. The jews also own the pseudo-philanthropy (my ass), and the CEO of unicef goes around in a Rolls Royce, because apparently your 1 dollar goes to black people for certain.

The jews also attack and undermine education, telling young black people that this is 'acting white' and other things. With lack of education, lies lack of freedom, and people fall easy prey to control.

There are however jew aware and bright blacks, but the enemy of course will always promote the majority of the dumb and

idiots. This is two sided, and this is to to criminalize these people and make them act sub-human. These people who are created into mindless beasts and fanatics through christianity, Islam, and jewish propaganda, are then pushed into the White countries by the backdoor, in order for the jews to walk away without the consequences of their deeds.

The jews claim to be 'white', but genetic evidence, and jewish culture, talks otherwise. The jews are extremely racist, and they are basically the only racist race of the planet. While Abraham Lincoln, a White man, stopped slavery, jews created it and profited from it from centuries. Like all other crimes, these are thrown to the "White Man" who gets all the blame for what the jews do, like for instance who the christian and jew infested (((White))) Ku Klux Klan attacked Black people etc. Blacks have their own ideologies etc, and their own skills, who engage in the same actions.

I created this not to make everyone seem like a 'hopeless victim' in the xian sense, but to show what the jews are doing to these people, so they can wake up and fight alongside White people. We have suffered terribly under jews, and this must stop.

The return to the roots can help Black people set themselves free, away from jewish influence, so this insanity will end.

African people have a African land, an African heritage, and a future- if the jews are driven away and allow them to have this. They don't need jewish history or lies.

This must be claimed, and fought for.

I have been following this closely and I am completely disgusted. There is so much evidence....will the true Aryan Patriots in the Military and the Secret Services ever bring the law to bear on these freaks and take them out? Look at this filthy so called 'art' piece.

As an artist, this kind of filth masquerading as 'art' is especially heinous. And as an artist...I can look at this and immediately see what the author is speaking to and feel massive disgust...because I specialize in the language of symbols. I understand what they are saying....much more than a mundane would. This is a denigration of what we do as artists...we work to elevate and inspire and uplift. We do not advocate filth. I am incredibly disgusted that this kind of shit is called 'art'. It is NOT. This is a literal reference to cannibalism. This is not ART. Not art as I understand it. And it is infuriating to me, that this filth is given lots of money and support while real art is left to languish and die. This is the Jew system. They contaminate everything pure and make it filth.

Subject: Who is Satan?

Who is Satan?

The Ancient Sumerian's worshipped the creator of Humanity as Enki who they stated created the race of Adamu [meaning humanity] and into their blood Enki put the secrets of the blood of the Gods. And in doing such Enki created the new race with a special spiritual purpose, to ascend and become shining ones [God means shining one in the ancient language]. The Creator God, Enki was also called Satana by the ancient Sumerian's. This is why the Yezidi People who live in north Iraq, still worship their God as Satan. The Yezidi people stated in their own records they were part of ancient Sumeria and Babylon and are the first humans. The Yezidi's state before being in Sumeria they migrated out of ancient India. You can still see their religion in Hinduism in India. In Hinduism the highest name of God, the saviour God is SATANAMA this is Satana....ma. This is the most sacred mantra in Kundalini [serpent] yoga the science of true spirituality and liberation.

Satanama is the highest mantra in the original Yoga and is made to transform one into the light body. It means SA birth, TA, life, NA transformation, MA rebirth. However if one pays attention they will note Satana to the ancient Egyptians, Greeks, and Roman's who came out of India from their own texts. Call Satana, Satanama..... the name SATANAS.

SA is birth and rebirth is still birth. SA birth, TA, life, NA, transformation, S, rebirth. The name of Enki, SATANAS is literally the mantra of the light body, the serpent energy. In ancient Sanskrit the sacred language of Hinduism, SATANAS is the mantra of the elements of the soul and their transmutation into light.

The name of the ancient religion was SATya, which is Sata ya. Which is named after Sata...na. And holds the same meaning: Eternal Truth.

The Yezidi and other surviving ancient cultures such as the Mandeans state that Enki, Satana created humanity not in the near east but in the far east. In the garden Paradise of Sri Lanka and that Satana came down from Adam's peak and taught the race of Adamu the sacred spiritual knowledge of liberation, ascension to the light body. The Hindu's state that Sanata created the Adimu and Eva in the sacred Garden of Sri Lanka in the golden age. When Sri Lanka was part of a larger continent called Kumara Kadam, The Land Of Immortal Serpents, in the first Sangha. When Satana and the other Gods lived physically on earth and had a civilization here. It was in the first Sangha they taught humanity the science of the light body ascension.

The Shivanolipatha Malai, the most sacred mountain in Sri Lanka is still called Adam's Peak by those in the Near East in ancient memory that this was the mountain Satana descended from to teach mankind the light of the soul. Satana is still worshipped by the Sri Lankans as Sanata/Murugan. The Visnu Purana's stated Sanata is the original God all cultural images of Hindu leader Gods go back to, including Krishna.

Satan is still worshipped in Hinduism as Sanat, note the Peacock and Serpent of Sanat are the sacred symbols of the Yezidi's, Satan. And the Yezidi's came from India from ancient Hinduism. The Satya.

If we look to ancient Sumeria which was part of a much larger culture that migrated out of the ancient east. We find something important. Satana, Enki was shown as a serpent, called the Serpent of Fire, around a tree. He is shown instructing Adamu and Eva in the knowledge of ascension. Sometimes He is shown as a physical man carrying the Waters of Life. As Enki is the God of the Waters of Life in ancient Sumeria. However water is symbolic in the spiritual texts of the ancients for spiritual fire. The Waters of Life is the fire of life. The Serpent of Fire. For it is by fire all life is made perfected and reborn in eternal life. As the ancients stated.

The Garden of Edin is symbolic its originally Mount Meru in the east the four rives running into it with the sacred tree at the center, the spine. The tree has a man on one side and a women on the other. The male and female half of the soul and body which meet at the sushuma the center channel in the spine. Edin means Abode of the Gods. Here Gods are simply allegory for the Charka's which reside in the garden, meaning the soul.

In Hinduism in the east there are images of a women sitting under a tree holding an apple with a serpent in the tree. The apple represents the symbol of Akasa which is the spiritual god the divine element. The message is the Shakti energy, the serpent transforms the soul. The union with Adamu and Eva with the apple is the union which transmutes spirit and matter the body and soul into the light body. This is when they realize they are naked. To be naked in Hinduism means Kechari to be sky clad, literally. This is the symbol of the rebirth into the ascended state in Hinduism and ancient Sumeria, Egypt and elsewhere. This naked state of Adamu and Eva was called Aurum in the ancient texts meaning "Shining light." Spiritual rebirth.

Enki is also spelled ANKI in Sumerian which becomes Ankh to the Egyptians. The Ankh, Anki is the symbol of immortal life, the light body. Anki, Satana is the God of Life, the God of Light. Which humanity is supposed to have.

Later when Juadism was created it stole the spiritual cultural texts of the Sumerian's [they even stated Abraham came from Sumeria] and corrupted them and into this poured the lie that humans are cattle slaves of a new god, Yahweh and that the ultimate sin the human could reach for was the light body, true freedom. Yahweh openly states in panic if Adamu and Eva eat from this tree they will become Gods, Shining Ones and he will not be able to make them cattle slaves. They will have true eternal freedom.

This becomes obvious again in the story of the Tower of Babel. Babel in the ancient near east is the name BAB the serpent goddess and El, shining one. Babel is the shining serpent. Its also called the Serpent or Fish tower. The spine. The tower the ancient peoples were building is the raising of the kudanlini serpent up the spine to enlightenment. Then enter Yahweh who with a council of other beings openly panic's and repeats the exact same statements it made in the Garden of Edin. If humanity finishes that Tower they will become Gods, Shining Ones and he will not be able to make them cattle slaves. Then Yahweh openly attacks humanity and destroys spiritual knowledge to remove spiritual power from humanity. To make humanity his cattle slaves. Which is what Judaism, Christianity and Islam are all about doing. The Jewish Torah the blue Print of Christianity and Islam. Orders the extermination of all the Pagan nations, the extermination of their cultures and the slave subjectification of them to the yoke of Yahweh and the claimed Chosen People. Referring to non Hebrew humanity as literal excrement and animals of the field, cattle put here to be ruled over by the People of Yahweh with a rod of iron in a Hebrew dictatorship of mass murder, enslavement and rape. This book the Torah even sanctifies ritual child murder and cannibalism, just check the story of Japhet. The most sacred ritual of the Christian is gathering around a ritually murdered human on a gallows and then drinking his blood and eating his flesh while chanting they are domesticated slave animals [sheep] of Yahweh, what do you do with sheep? the same thing you do with cattle, slaughter them, work them and herd them. This ideal is from Judaism which uses human and animal ritual murder to appease Yahweh.

Satana [its also spelled Satana not Satan in Hebrew] means Enemy of the Jewish People in Hebrew. And in the proxy death cults of Judaism which equal Jewish control, that of Christianity and Islam. Satana by the confessions of the very people who brand him evil in their Torah..... Literally Satana is the enemy of injustice, ritual child murder and cannibalism, enslaving humanity, extermination of human beings and animals and all forms of filth in the book of evil the Torah, Bible and Koran. It was not Satana who orders people to murder all people who will not worship him. It was Yahweh in the Torah, Bible and Koran. The Jews called the Gentiles the non-Jewish People the literal blood children of Satana in their Talmud and Torah and state we are to be physically exterminated and enslaved.

The God Satana is Father and Friend of Humanity, His very name means "Saviour." Standing with Satana is standing with life, truth and the eternal way.

Subject: Re: Now available! Jews - The Real Enemy of Black People

The Jews have a long history of using the Bible to justify their crimes and racial exploitation. To hear them tell it, Whites are Esau, Germany is Amalek, the Negro race is from the curse of Ham, Arabs are Ishmael but these great Jews are from the righteous Jacob, they're the chosen people, therefore the rest of us are all automatically wrong in the eyes of their Yahweh and the Jews have a right to exploit, abuse and destroy all of us and Yahweh hates us all too and will destroy us in the end times.

That's really what it always boils down to in the end when it comes to how the Jews rationalize their place in the world with other races.

Putting aside the obvious historical and scientific illiteracy of these claims, it seems a little insane for a supposed omnipotent, omniscient, omnipresent, all loving God to create a people he hates just to destroy them. It makes about as much sense as an apple with a handle but that's Yahweh for you lol. In the wacky world of Jewish supremacy you don't question the LORD!

Shows you just who the real racists are.

Subject: "How Dare you, Goyim!"

"How Dare you, Goyim!"

Greetings to all our People and Satanic Comrades!

Since our recent endeavors, 99.8% of people have been very happy, and that is for a good reason. 0,01% have been worried, so this is to clear up some things, because we care and try to do the best for everyone. The 0,01% of the rest angry jews, is for mockery, so I do this post for a multiple purpose. We are expanding, we are becoming more powerful, and this should make everyone happy that loves Satan and fights for our side.

This is however to deal with some infantile intelligences going on around (probably Rabbis in this too) who have been 'disappointed', 'angry' and even sent me disturbed e-mails, which I really was rejoiced to read.

Know one thing, the boat has set a-sail for Spiritual Satanism, and there is no going back now. Judeo-crap and excrement is going on its way home day by day. The old enemy of the Jews, the eternal Truth, is rising, and is now planted soon in every household, in the internet, in the future who knows, maybe even printed material, and maybe one day in new megalithic structures like the Pyramids, which the jews considered 'defeated civilizations'.

You see the jews, and their demented slaves, or biblical retards, are very afraid, and always try to guilt trip the Goy, bad mouth those who work to set others free. My store has received this, and I have also received this personally over all these years. Why do I even bother? Why don't we just quit? Why the fuck do you do all that you do? Do you love these people? People are born (((Schmucks))) and (((Shlomos)))! Not worthy of anything!, goes the jew shitting feces from its mouth. No hope for the Goyim! Please quit all endeavors now before it's too late! Ever thought about the potential (((Dangers))) that are a-head for you? The lines go endless...

The same thinking behind everything is the old, jewish thinking, and for everyone studied the enemy, clear as sky. I received an e-mail on how the RTR

Veteran has to be REMOVED RIGHT NOW from all cellphones! Very bad move here! You can, with a few taps, curse jews to oblivion! Insolence! Another fiend sending the e-mail also told me, how "DARE I" make something such as this (threatened me as well he is going to start rumors- I can always take extra publicity so by all means I told them please go ahead), and then went into a Rabbinical rampage. He even got angry that we have cellphones.

I am not joking here, he said cellphones promote "laziness" and that all spiritually advanced people shouldn't have a cellphone! It must be the cellphones, that's for sure! Its not the chemtrails, its not the mass pharma rampage and nathanael shekelstein writing prescriptions to dumb people down! Of all the places in the planet, the RTR app is the evil that must be weeded out! Throw it away Goyim! No internet, no messaging, NO COMMUNICATIONS! How dare the Goy have cellphones anyhow?

How dare you not put your name on the internet so the jews can show up at your door and kill you if you have a contradicting opinion, exactly as the TORAH justifies? What the fuck is this Goyim invention called "Anonymity", behind which Voltaire and so many Bad Goyim have changed the planet by corresponding to one another to bravely overthrow jewish xian, church tyranny? The TORAH says (((GOD))) is omnipotent and must know everything! Of course, the pedophilia rights, druglords, and all the jewish crimes dont' get into that, as remember, the jews say they are "God" and beyond judgment from the "Goy", who are not better than cattle.

These are definitely the end-times, oy vey! We had the Goyim in the cattle Middle Ages, blowing jewsus the hoax (((king))), and we were (((kings))), and now, the Goyim are exiting the stable en-masse! This damned RTR Veteran app is also offline, so if we want to DDOS attack the JoS webpage on a scheduled attack day, we now can't! DIS ANNUDA SHOAH!!! Get off the internet! Go back to church, and your local school, and learn about the holohoax already! 6 TRILLION DIED YOU BIGOTED BIGOTS!!! You need to be put in a re-education camp already! This is for your (((Freedom))) of thought!

Yes, let's run for the hills, leave the internet, leave the groups, leave the cellphones, and leave the war effort all together. Don't you dare own any lands, or have a good, decent, humane job. Make sure to go to China, and register there as a worker! Otherwise you are unethical. Little do these jews understand that I don't have their jewish ethics, which is the scariest thing, because I project this to others as well, and because all of us teach them here about the NS, which focuses around personal ownership, gun ownership for citizens, personal wealth, family fortune, Satanism as a religion, and all the other "Satanic" things that make the jewish advance impossible.

Let's go into the mountains and wait for the Gods to descend with the spaceship, and stop fighting for Humainity's destiny. How does the other line go? "Jewsus is coming to save you and save your soul!". (((Stop working on meditations right now Goyim!))). Why should we do that? Because a random kike said so- that's the (((Reasoning))) behind it. Satanists must stay low, retarded, idiots, even impoverished, homeless, uneducated, or whatever else, and for those who have anything, just become a dumb, carnal goth carnival, and spend your whole existence just looking for sex and drugs.

After all, what's a better REVENGE AND VENGEANCE from the SLAVE RACE of the jews, than attacking the children of SATAN, and seeing the Gentiles grovel in all of these ACCURSED levels of existence? This is how the jews get off, by corpses, impoverishment, starting wars, and obliterating their enemies with SLOW, gradual suffering. Thats the 'idea' of the jewish (((Satanism))). Nothing more pleasing to the enemy than to see everyone grovel in things the jews solve in 5 minutes time. This includes bad health, slow decay from drugs, impoverishment, illiteracy, the list goes, and everything else. (((Paradise)))!

I have a different idea, and Satan and the Gods have a different idea, shared by all people who know Satan personally. Satan shows the TRUE WAY.

Our job is to build the new spiritual healers, that will heal people, the new lawyers, lawmakers, judges that will judge correctly, the new scientists that will cure humanity, the new intellectuals that will be writing honestly and without garbage and really be looking into the universe rather than the jewish torah. Don't we dare! Let everything to be taken over, looted, and destroyed by the jews, everyone. Lower everyday your hopes, work, ideals, and deeds, and of course, don't have any aims for your, according to the jews, purely aimless existence! Otherwise as HP Don said, you have a pocket full of -ism coming. Racism, bigotism, jew talk, the list goes.

So, to give you an example, I have seen the codes of many apps from the Appstore, and mind you, all apps dealing with planetary times, and the such, belong to KOSHER RABBIS, yes, KOSHER. Of course, Rabbis make millions out of that, all to funnel this into the morbid kike they worship, and enslave the planet. After all, who of the "Goy" would even NEED or KNOW what PLANETARY hours are? Where would they learn this? In the (((Library))), or at the (((University))). OF course these were goodies only for (((Freemasons))), (((Illuminati))), and all sorts of other jews who are right now swimming in gold bathtubs in the Vatican, or the elite 'jesuits'. These are not for the average man. Astrology? Didn't we kill ALL astrologers in the middle ages? Why do they still exist? One kike wonders now...

The child molesting rings, and who knows where else. Totally ethical, acceptable. We are to where, for example in Europe, one UTTERS their need to PROTECT THEMSELVES and their EXISTENCE from these PREDATORS, and the SJW, whoredom, wants to stone them in the village. Middle Ages number two is coming, this time with Technology to back it up real hard. This must be stopped.

Meanwhile the poor Goyim, are slowly giving their rights away, thinking that being a wealth hating person is a virtue, and practicing xianity 101. Look at Palestine. They did a very good thing to let up all their wealth, Pagan culture, and Pagan Ethics. These people are living amazing lives now, living in a Jew promised and Allah Promised, Jew-topia. Yes, wealth is extremely evil. Little do people see however how lack of money is used to always coerce, control, enslave, and force Gentiles to do whatever the jews want. This is the first step to slavery.

However, when one kike Rabbi will fall ill, here will be the others to funnel millions on it to save its life, and when they will have any issue, the experts will be here as well. What about Satanists? Some "Satanists" are still groveling in the shit of inferior morality left back by Rabbis, to deceive the "Goy", and have more new-testament in their heads, than Al-Jilwah. And we have a 0.01% being avid in the loyalty were concerned, so I answer this for them.

As for the rest, you are dealing with personal hangups more than anything. Haven't these retarded people noticed, that criminality, illegality, and all sorts of disgusting, inhuman crap, from which the jews profit endlessly, are mainly due to the fact that jews are absorbing the wealth, and that people are very poor? Why since we have so many 'people caring (((institutions)))', the streets are still filled in so many countries with people in rags? This is what happens when Jews own the wealth of the world. How are jews going to make their giant colossal, communist garbage, or slavery companies, without the people being conditioned by xianity to give up their wealth, and do nothing? Jews are a race conditioned to own slaves, and this is their culture: how to turn people into slaves, and then use them as cattle.

This is however no different on the scorning that went for Henry Ford, or many other special Gentiles who invented human rights in the work place, and all sorts of other great reformations that thankfully still exist today to help us, instead of being cattle in Stalin's fields. Of course, the intelligent kikes have the "Xian NS" rigged by these dumbos, new testament thoughts. Be poor goy! Love Rabbi Jewsus Goy, He will provide! You are a traitor to the NS if you own anything Goy! Stay away Goy! NS is the poor man's pride Goy!

However correct, National Socialists and Hitler worked to save this. The distress is turned into work and labor, the labor turns into fruit, and fruit is supposed to be eaten. In National Socialist Germany, not ONE person was to die from hunger, be homeless, or be unable to buy things, or get a job. The jews purposefully hide the history on the wealth and the joys the National Socialists had, because if that goes out in the public, people will want immediately OUT of the jewish system, where 0.1% jews party, and 99.9% Gentiles are in total despair. The jews rushed to totally annihilate this system, before it did spread to the rest of the world.

Don't have children Goy, live the special life instead! Don't pass Satanism down to your children Goy! But scat on gold paper on e-bay for 100000 Goy! Buy drake's new CD goy, so he can shove in your face how superior and amazing jews are!

Humans are slowly being conditioned into not owning things, and this bleeds over into a false ethical paradigm. Ethical is not the Satanist who tried to play Rabbi Jewsus christ. Ethical is the Satanist that advances Satanism, is a positive influence for all others, or at least advances without causing issues, and make Satan and the Gods proud. For those working on special jobs (we have our people everywhere) that deal with the physical realm, be unrelenting. Grow, and become powerful. The positions of actors, CEO's, Lawyers, and high laborers, or even Rockstars, do \*NOT\* Belong to the jews. Their jew-monopoly has to be broken.

How dare the Goy create a Hitler! How dare the Goy remove a country from Jewish control! How dare the Goy vote for Britain leaving the multicultural and bright, EU, that ensures that children will be raped on a daily basis? The "how dare's of the jews" are a Satanists ASSWIPE!

Now this should be clear as sky for our Satanists who are deep into finance, law, politics, and the VIP's, down to the last person working for daily pay. In Satanism we place the Soul, spirit, and what one gives CONCRETELY first, but here and now, in 2016, other things have to happen. For those groveling in illusions about how everything will happen 'on its own', it won't. You are part of that 'on its own'. In the future, no Gentile Satanist must be struggling, let alone poor, uneducated, or be left without the ability to advance their Soul. The JoS wants to consolidate this basis forever, so that Souls who reincarnate will not be going useless lifetimes without spiritual advancement. This is for SATANISTS.

The enemy is really afraid of Satanist who take the wheel, help others, assist the war effort, and expand our cause. They show this to you astrally, and whatnot. While the jews program the goyim in servitude, getting nuked and loving it, sadomasochism, and on other bull crap how "Money Corrupts" and "Money is the Source of All Evil", the Torah is a manual for the jews to become rich, and famous, and get everything else in their life. They have whole textbooks, guiding their kikes since infancy, into riches, wealth, and power. The universities that they have taken over, the churches, and all other organizations, produce these members.

Now, when jews do that, everything is OK. After all, its to be expected. When jews own the radio, the countries, the states, and are trying to plunge the internet and make it a second jewish toilet, all fine. The bottom line, all "Goyim" need to be out of the game, and not even bother. Why the fuck, HP Hooded Cobra, you do paid services now? Are you planning to put ads into the internet, and promote the JoS? Are you planning to make cursing the holy jews, a piece of cake? What else? Why are have you filled half of Satan's library without getting a penny? Why are you even doing that?...These are questions Rabbi Nathanael Shekelstein would really like answered.

Of course, the motto here is the same. If "GOY" dare compete with the 'holy people', if Goyim dare to dream to go into universities, build businesses, ask for good workers rights, do RTR's, and DARE reclaim their nations, and even their Soul who has been robbed from jokehova, you are CRIMINALS. Didn't you

know 6 trillion died from Hitler's evil rockets to defend the German people from Soviet Domination. It was Gods plan, how dare this person raise a head and make Germany Wealthy, Powerful and Strong? Very evil person.

This is why people like Hitler should never have rockets. People like Mao, Stalin, Hoxha, Castro, wealth, riches, weapons, powers, should be in their hands for ever! Why do you even have websites up, providing all these material for free? You know other (((churches))) have a mandatory three digit registration fee. Why do you give these for free?

Satanists are the wolves that will take over the game, and shatter it, rip it apart, but many also forget, re-order the rules of the game and create a new one. From within? From without? In what methods? These are for you to decide, and everyone makes their decisions in what degree they are going to play, and what they are going to do, in accordance with their personality, traits, and strengths. All of us take part in the spiritual, intellectual, and every other warfare, and those who don't bother or dont' give one damn in a year, you won't be given one damn in a year as well.

Reverse Torah Ritual Schedule [6th Dec to 12th Dec 2016]

Greetings to all our Warriors and Satanic Comrades!

We are going to get a new schedule. This is exciting, as this time, we will add new RTR's. Without further due, we need to keep up with online activism and educating people, and these RTR's will help us where we need it the most right now. Upon decision of the Clergy, we believe it's best we do that RTR now, before 2017, to influence upcoming events to turn out to our liking. Italy and France are now taking the turn, and the jews are trying to rig these countries, same as the EU and many other places.

For those of you having installed the RTR Veteran App for Android, these will appear in your "RTR Schedule" tab. As for Apple Users, for now just bookmark this site until we get to find a solution to maybe create an app. We are currently looking into if that's a possibility.

These days we will be focused on these Rituals:

1. Priority Ritual One [THIS RITUAL NEEDS THE HIGHEST GRAVITY AND ATTENTION NOW]

Reverse Torah Ritual to End Confusion

Jews Attempt To Destroy 1st Amendment

The Jewish Torah and Talmud state Goyim are cattle with no human rights. Only Jews have rights as they are the only humanity in Judaism.

The Torah also states any who criticize the Jewish Race are to be destroyed.

You understand even mild criticism of what Israel is doing to people in Palestine which is ethic cleansing. Is "Anti-Semitism". Because its telling Jewish People that acting Jewish is wrong and that is forbidden for the Goyim to ever do.

Telling Jews its wrong to murder, abuse, rob, rape and torture other people for not being Jewish, is basically now a Hate Crime. The Jews are saying so themselves with this new Bill they passed. What does that tell you they want to possible do to other people for not being Jewish.....Maybe this?

This is what their Torah tells them to do to all the Gentile Nations which is what their doing to the Palestinians....Because Palestinians are Goyim, thus not Jewish. And the Jews are warring on them to steal their lives and homeland. As the Torah commands.

This is just being another day in being Jewish and its always costing us our Freedoms.

New anti-Semitism legislation may stifle campus activism for Palestinian rights - See more at: [http://mondoweiss.net/2016/12/legislati ... PFhIX.dpuf](http://mondoweiss.net/2016/12/legislati...PFhIX.dpuf)

Increasingly, students on American campuses perceive advocating for justice in Palestine as a moral imperative. The steady growth of the Boycott Divestment and Sanctions (BDS) movement for Palestinian freedom has been met by a wave legislation aimed at punishing or suppressing our 1st amendment rights to free speech and silencing student activism. The latest of these bills is the Anti-Semitism Awareness Act, introduced yesterday by U.S. Senators Bob Casey (D-PA) and Tim Scott (R-SC), which redefines anti-Semitism to include criticism of Israel.

Ostensibly, according to Senators Casey and Scott, the purpose of the legislation is to “ensure the U.S. Department of Education (DOE) has the necessary statutory tools at their disposal to investigate anti-Jewish incidents”, implying previous investigations by the DOE, which failed to substantiate accusations of anti-Semitism, lacked sufficient tools to criminalize activism critical of Israel on campus.

Jewish Voice for Peace says the bill would “codify a controversial State Department definition of anti-Semitism that broadly defines criticism of the state of Israel as anti-Semitic.” And Kenneth Stern, the American Jewish Committee’s specialist on anti-Semitism and one of the drafters of the State Department’s definition of anti-Semitism, thinks “official adoption of the State Department’s definition would do more harm than good.” He doesn’t think the definition should be used as a speech code for university students and rejected that proposal in an op-ed in the Jewish Journal last year:

“... official adoption of the State Department’s definition would do more harm than good. I say this sadly, as the lead author of the somewhat more detailed European Monitoring Centre on Racism and Xenophobia’s (EUMC) “working definition on anti-Semitism,” upon which the State Department definition is based, and as a strong advocate of State’s use of the definition in its global work.

The EUMC definition was crafted as a tool for data collectors in European countries to identify what to include and exclude from their reports about anti-Semitism, and to have a common frame of reference so that data might be compared across borders. ...

But to enshrine such a definition on a college campus is an ill-advised idea that will make matters worse, and not only for Jewish students; it would also damage the university as a whole.

(JVP), press release: Instead of fighting anti-Semitism, new Senate bill threatens free speech

Instead of fighting anti-Semitism, new Senate bill threatens free speech

Fast-tracked “Anti-Semitism Awareness Act” designed to condemn criticism of Israel

December 1, 2016 – The United States Senate is due to consider the “Anti-Semitism Awareness Act,” a bill that, rather than fight anti-Semitism as it purports

to do, will enable a crackdown against activism for Palestinian human rights on college campuses. Introduced and fast-tracked this week by Senators Bob Casey (D-PA) and Tim Scott (R-SC), the bill would codify a controversial State Department definition of anti-Semitism that broadly defines criticism of the state of Israel as anti-Semitic.

The bill is supported by the American Israel Public Affairs Committee, the Jewish Federations of North America, the Anti-Defamation League, and the Simon Wiesenthal Center. "Given the silence of most of those organizations on the appointment of Bannon, an actual white supremacist anti-Semite to a position of power in the White House, and their poor track records of Islamophobia, it is outrageous that they are pushing through this legislation targeted at student activism for Palestinian human rights," said Tallie Ben Daniel, academic program manager of Jewish Voice for Peace. "Instead of fighting the anti-Semitism entering the White House, this bill will go after 19-year-old students carrying protest signs against human rights abuses. This is not how to fight anti-Semitism, this is a recipe for restricting civil liberties like the right to criticize a government for its policies."

The legislation would codify a problematic definition of anti-Semitism that right-wing Israel advocates have been trying for years to implement on college campuses in order to police student criticism of Israeli policy. The State Department's definition of anti-Semitism includes vague wording regarding "demonizing" the state of Israel that can and has been interpreted to stifle legitimate criticism of Israel's human rights abuses and discriminatory policies. Civil rights groups, free speech advocates and news outlets including the Los Angeles Times editorial board have raised free speech concerns about the implementation of this definition. Kenneth Stern, the lead author of the European Monitoring Centre's definition upon which the state department definition is based, stated that to use this definition on college campuses would "do more harm than good."

"We must be vigilant to fight against the intensified racism, Islamophobia and anti-Semitism that have been unleashed by Trump's campaign and the threat of racist, anti-Muslim and anti-immigrant policies promised by his incoming administration. It is more essential than ever that our lawmakers and Jewish communal leaders insist that fighting anti-Semitism go hand in hand with fighting racism and Islamophobia, not reinforce them with misguided legislation designed to defend Israeli policies, not Jews." said Rabbi Alissa Wise, deputy director of Jewish Voice for Peace.

Liz Jackson, civil rights attorney with Palestine Legal and cooperating counsel with the Center for Constitutional Rights: "As Trump calls for jailing flag burners, every lawmaker must stand up to protect cherished First Amendment freedoms to criticize the government. That includes the right of college students to criticize the U.S. and foreign governments like Israel. Regardless of one's views on Palestine-Israel, we should all be alarmed at this attempt to pile on top of Trump's attacks on free speech rights. It is plainly unconstitutional for Congress, the Department of Education, a state legislature, or any public school to punish campus speech critical of Israel."

The Anti-Semitism Awareness Act merits full consideration and a public debate.

Though it has been said in quite a few recent sermons Satan's name is Satanas or Satana, that those are his true name, Satan is a shortened version of such.

Subject: Canada Proves Its the Same Jewish Enemy Everywhere

Canada Proves Its the Same Jewish Enemy Everywhere

Its the same agenda everywhere in the White nations were Jewish power rules. In Putin's Russia its open borders to the non-White world, the banning by law and imprisonment of White Russian political activists and parities. The banning of any criticism of Jewish power by law. Including half a decade in a hard labour prison for questioning the claimed Holocaust. The creation of police state that is against the People. Jewish Putin's advisor Dugin is famed for stating his hatred of the White Race and his desire to see it genocided. Which is what is happening slowly in Russia. The Jews already killed 90 million Whites there

during their Soviet regime.

"I am a supporter of blacks. White civilization; their cultural values, false, dehumanizing model of the world, built by them – did not pay off. Everything goes to the beginning of the anti-white pogroms on a planetary scale."-Dugin

You see that, anti-White pogroms on a planetary scale. This Dugin wants the extermination of the White Race and he is Jewish Putin's right hand and advisor, Dugin is also a common Jewish last name. Kosher birds of a feather.....Jew together.

If we look to the European Union were Jews also rule the EU was created by the Jewish Rothschild's, Warburg's and Baruch's. They put this fellow Hebrew speaking Jew out front as their open agent to create the EU the very fellow who in his book on the subject stated this:

As shown the Jews including the Jewess Merkel are the reason for the open borders into Europe with the stated goal of the total Genocide of all Whites in Europe.

International Jewish Power Openly Behind European Genocide:

[topic12011.html](#)

Its the same in America were it was nothing but Jewish lobbies and politician's who changed America's immigration policy to open the borders to the third World to destroy the White Race in America. And its the Jewish Media and Hollywood behind promoting anti-White propaganda into the population. As well as Jewish anti-White ideology of Cultural Marxism which the Jews who created stated its purpose was to destroy the White Race and civilization that is taught in all American and Western campuses. It was also Jewish slavers who imported Blacks into early White America and Jews who have agitated the Blacks against the Whites who freed them.

In Canada its the same, as the media Jew who lives in Canada, Ezra Levant admitted the Jewish Lobby in Canada created the Cultural Marxist, anti-White thought crime codes.

In 1977, the lobby of the Canadian Jewish Congress via Jewish lawyer, Mark Freiman, put the Canadian Human Rights Act into law. Which amounts to simply

its against the law for Whites to criticize Jewish power or agenda in destroying Whites in a White nation.

The Bnai Brith have been at the forefront in Canada of the witch hunting of any such people as well using this legalized weapon.

The Jewish lobby in Canada also put, probably crypto, Pierre Trudeau, who worked as a lawyer in a Jewish agency, into power as Prime Minister. Trudeau filled his cabinet with prominent Jews and his Liberal Party was mainly all funded by Jewish wealth. And this agent then changed the long standing racial policy of Canada which was one of European People and its original Multi-cultural Policy simply affirmed the only Canada's were those of the founding Races of Anglo-French descent. The original Canadian Flag, the Ensign showed this the banners of the European Nations of France and the UK that made up Canadian's White racial population. Canada was founded as a White Nation state, like America. A New Europe.

After opening up Canada to the non-White tide of immigration Trudeau also handed over Canada completely to the Global Jewish Bankers and ended Canada's sovereign National Bank. The former Liberal MP Hellyer wrote a book on this fact:

<https://www.youtube.com/watch?v=SXYk5SV3KWM>

Note Hellyer stated: " The World is run by a very small group of ((( Elite People))) who are immensely wealthy and want to stay that way. They want to have a strangled hold on the resources and wealth of the world, they want to have globalization."

The Jews like the Asper Family also own most of the Media in Canada such as Global. As Raymond Baaklini, the Lebanese ambassador, stated: "90% of the mass media in Canada is controlled by Jews or Zionists."

As the Times Of Israel states Canada is owned by Jews:

<http://www.timesofisrael.com/in-canada-...iscussion/>

So its no surprise the Jewish controlled government of Canada is now using people's tax dollars to promote open Anti-White and murderous propaganda against the very White citizen's who's ancestors built Canada. Anti-White, Jewish Cultural Marxism is the already the social religion of Canada like the rest of the West as well.

End White People Propaganda video paid for by (((Government of Canada)))

<https://www.youtube.com/watch?v=92gGB2XamrM>

Any nation the Jews rule in the Western World its the same agenda of White Genocide. The Jews are working together as race to accomplish this task. Its a organized, global program on their part to murder the White Race off the earth. Because the Extermination of the entire White Race is part of the religious commandments in Judaism.

The Jewish Texts Admit Satan Is the Father of the White Race And Orders Extermination Of All Whites.

In the Jewish writings Samael [Hebrew word for Satan] is called the father of the Aryan race openly. The White race is also called Amalek in the Jewish writings and Samael is stated to be the White race's father here. Here in the Jewish writings we note the Jews heap blasphemy upon Gentiles and Satan. And gives the direct order to exterminate the White Race, along with all Gentiles, the "mixed multitude" it describes the different Goyim but puts the White Race into a special category to be "bolted out" forever as it states below we are the children of Samael/Satan, directly.

The Jewish Zohar volume one, pages 28b to 29a states:

"At that time the mixed multitude shall pass away from the world. The mixed multitude are the impurity which the serpent injected into Eve. From that impurity came forth Cain who killed Abel. For they are the seed of Amalek. Whom it said "thou shalt bolt out the memory of Amalek." Gentiles who are compared to the beasts of the field another from the mazikin [goblins] for the souls of the wicked are literally mazikin [goblins] of the world: and there is impurity from the side of the demons and evil spirits: and there is none so strange among them as Amalek who is the evil serpent "the strange God." He is the cause of all unchastity and murder and his twin soul is the poison of idolatry, the two together being called Samel.... This side of the serpent is accused above all."

## The Ethical Dilemma of Animal Protein

Is killing creatures for food ever okay?

For those of us who choose to eat meat—the flesh of other living, breathing, reproducing, moving, feeling beings—as our primary source of protein, this question hangs in the air over our dinner tables. As well it should. Something has to die for us to have dinner. That is not a meaningless concept. At one time, we understood the profound importance of animals to our ability to live well. Now, we're simply confused about where they fit in the eating equation.

Where animals were once an indispensable source of not just nutrient-dense nourishment but also replenishment and stability for the entire homestead, they are now regarded by millions as unwitting victims in a cruel food system that pushes unhealthy, colon-clogging, cancer-causing food on the masses. The more extreme meatless eaters eschew all creature foods—by which I mean meat, eggs, and seafood. Slogans like MEAT IS MURDER decorate T-shirts and protest signs, and trendy books refer to the evils of a “decaying flesh diet.”

Our souls, our bodies, and our body fat percentages can only benefit from making the switch to a plants-only diet. Right? From this convincing pitch have grown countless other just-plants justifications. Veganism is the kind way to eat. Humans can't digest animals. Cow farts cause pollution. We can get sufficient protein from plants.

Here's the truth: Everything we thought we knew about eating creatures, from the way we raise animals to the reasons we avoid meat, is wrong, from top to tail. And it's not just the meatless who are off base. Many meat-eaters are also fouling out. In our constant fiddling with dietary buttons and switches, we've lost the factory default setting, and it's time we all got back to it.

## Where we are now?

There are several common arguments for eating meat-free these days. These arguments are based on health or compassion, sometimes both. Meat-eaters are often portrayed as ignorant, defiant, skeptical, or simply unapologetic, factory-farming flesh-lovers. But the path that brought us here isn't as clear-cut as good versus bad, kind versus uncaring, or bleeding-heart versus bacon.

Before the interrelated advents of crop oils and animal feedlots, and long before we started worrying—justifiably—about the horrific conditions on factory farms, properly raised, healthy animals played an integral part in the health of the individual, the family, and the land. This includes animals that we domesticated for meat, work, and manure. (Yes, manure. What did we think natural, nonindustrial fertilizers were made of? Poop is important. In a sustainable farming model, animals provide more than just meat.)

Despite the long-accepted and long-respected roles that wild-hunted or properly raised animals played in human life for thousands of years, both before and after the advent of agriculture, in the early 1900s a few folks began to oppose the eating of animals for reasons vastly different than those we might cite today (i'll post an article about this in the future). These folks were far more concerned about reducing—through vegetarianism, religious devotion, and colon cleansing—the very thing that keeps us, and every other living thing on the planet, from going extinct: our instinct to reproduce.

## Kellogg's bullshit flakes

John Harvey Kellogg, who with his brother invented what we now know as cornflakes in 1894, was actually less concerned with cereal than he was with "salvation". As a teen, he worked and lived for several years under the tutelage of an extremely religious woman named Ellen White [xian as fuck]. White believed such vices as "tea, coffee, meat, spices, fashionable dress, and sex" were driving young people to masturbate and thereby become diseased and insane. To live appropriately meant a vegetarian diet and total devotion to fighting the "animal passions."

Holy shit, right?

We Spiritual Satanists all know that human sexuality is a natural part of who we are, the brainwashed but influential people in the early part of the twentieth century vehemently disagreed. Their beliefs represented a great departure from the spiritual significance that many native cultures ascribed to the process of hunting, preparing food, and eating.

In 1876, at the age of twenty-four, eighteen years before the accidental discovery of cornflakes, Kellogg took on the role of physician-in-chief at what he would rename the Battle Creek Sanitarium. Although he advocated healthy practices like stress relief, sun exposure, and exercise, he continued to follow the brainwash of Ellen White's mantle of sexual suppression and strongly advocated limited meat consumption, all while extolling the benefits of fiber-rich plant foods for his patients, because he felt five bowel movements per day was the best way to rid the body of disease-causing bacteria. Kellogg's meat-phobia is also largely responsible for the myth that meat rots in the colon, which I'll analyze later.

Kellogg, known as an "incorrigible publicity hound," was driven by ego: Between 1875 and 1940, he recorded and sold his thoughts on topics of health through his own popular magazine, *Good Health*, through pamphlets, and through books marketed door to door. His "zealous efforts to proselytize the world at large," as the description of the John Harvey Kellogg Papers at the University of Michigan puts it, were conducted aggressively and continuously. And by continuously, I mean continuously: Kellogg wouldn't even go to the bathroom without a stenographer!

Through this aggressive self-promotion, Kellogg managed to become world famous (the University of Michigan describes this as his “vigorous efforts as a promoter and publicist”). Kellogg was a successful propagandist who managed to spread his beliefs across the world, and while we remember his name thanks to his co-discovery of cornflakes (a product his brother was left to develop and market), and although this discovery grew from his vegetarian values, cereal is a very small part of his legacy.

What Kellogg truly left behind was the framework for modern-day vegetarianism. Though his last name isn't synonymous with that movement, he certainly played a powerful role in its development. He believed that humans should emulate the higher primates—gorillas and orangutans—by emphasizing a diet of grains, fruit, and nuts. He was among the early advocates of the development of “meat analogs” (or faking bacon), and he developed meat substitutes beginning with the peanut-based Protose in 1899, followed by the nut-based Nuttose and Nuttelene.

Today, the most widely known vegetarian protein source, which appears in everything from plant-based bacon bits to vegan sausage, is soy—which Kellogg predicted would become hugely important in America. Although Kellogg developed probiotic soy milk (I would argue that any supposed benefits attributed to the milk should have been attributed to the probiotics that came with it) and encouraged the incorporation of soybeans into the diet as a source of protein, the technology for mass-producing edible soy protein was not widely used until the late 1950s, when solvent extraction of soy oil was introduced. This industrial process allowed the protein-rich by-product of soy oil production to remain intact, enabling the isolated soy protein fibers to be texturized into a meat-like consistency.

Note that: The margarine industry, born of animal-product scarcity and saddled with trans fats, morphed into a crop oil industry with an anti-animal fat agenda; and the by-products from these industries provide the raw materials for the “fake meat” market and the factory-farming industry. Remember, the by-products of margarine production helped establish the feedlot industry, and most modern soy is used to produce animal feed for that same enterprise.

But let's get back to the topic...

## Follow the money

Unlike Kellogg's, our moral/religious attitudes have little to do with our choice in foods. Even so, our cultural enthusiasm for meatlessness has increased. Why? Part of the reason is that history is written by the winners—or at least by those who find a way, through ego or sheer enthusiasm, to foist their personal agendas and theories on the public.

I'm talking about Kellogg and antifat crusader Ancel Keys [we mentioned him in the previous parts] and the industries that were built up around them. You may have noticed that nearly everything with a label has a corn or soy by-product in it, and cornflakes are a mainstay of supermarket shelves, as are their by-product brethren, vegetable oils. These products are even considered by some to be healthy, although I evidence shows the exact opposite.

Let's quickly revisit the truth about cholesterol and foods rich in saturated fats from properly raised creatures: Not only are they not dangerous, they're actually extremely dense in nutrition. And while we probably don't need to further ridicule Kellogg's propaganda, we

certainly can credit his work, along with that of Keys and researchers from the vegetable oil industry, in building the infrastructure for a modern meatless agenda that, at its core, has roots more deeply embedded in cardiovascular confusion and commerce than in true health. Massive industries arose around the shaky theories and questionable agendas of Keys and Kellogg, and their beliefs were inscribed in our cultural narrative. Other common arguments for a meatless diet are just fuel to a flame that should have died out long ago.

All this propaganda was for the profit of jew owned companies, not health!

Though the evangelists of meatless nutrition have been loud throughout history, and their concerns about animal welfare are shared, albeit addressed differently, by compassionate omnivores dedicated to properly raised animal products, their proclamations can't mute the truth: We can't replace all animal products with plants and expect to get equal nutrition. Animals and plants are different outside our bodies, and they work differently within our bodies. One reason: protein. More specifically, amino acids.

## Protein and Amino acids

Proteins are made of varying combinations of amino acids, and amino acids make up every tissue and substance in our bodies, from hair to heart to hormones. We need the right combinations of amino acids interacting with fundamentally healthy cells in order to build tissues as nature intended. To misunderstand this is to misunderstand the roles that individual amino acids play in the growth, repair, and maintenance of healthy tissue. Amino acids matter.

See this theoretical/abstract 3d representation of protein creation from DNA. Note that proteins are made of amino acids.

<https://youtu.be/gG7uCskUOrA>

Here is another more accurate 3d representation to understand the complexity of our nature. To those not familiar with biology/chemistry, note that every little ball like structure you see in this video is a chemical structure.

<https://youtu.be/D3fOXt4MrOM>

Amazing right? Anyway back to the topic...

There are eight essential amino acids for adults and nine for children. The body can make all other amino acids from these essential ones, but we must get the essential ones from the foods we consume.

Creature protein contains all the essential amino acids in proper proportion to one another—a characteristic of all flesh foods—and thus is known as complete protein. While all essential amino acids can also be found in the plant kingdom, they are not found in the same complete-protein proportions: Most plants provide inadequate amounts of certain amino acids in relation to others. For this reason, plant protein is known as incomplete. Although the meatless and the meat-full communities do not agree on the significance of this information, and many plant-based-diet devotees insist that the question of amino acid proportions doesn't matter, I aim to make clear that it does.

During the digestive process, our bodies free the amino acids within our food and create other substances from them. If something we

eat doesn't contain the full suite of essential amino acids needed by the body, we have a very small window—one day by the estimation of the Centers for Disease Control and Prevention—to ingest the complementary ones to complete the amino acid equation. This is because the body doesn't house amino acids while they wait for their perfect counterparts to pass through.

Let's repeat that. If you don't ingest the complementary amino acids, it's useless!

The body doesn't store complete proteins for a rainy day, either. According to the Standing Committee on the Scientific Evaluation of Dietary Reference Intakes [from here on SCotSEoDRI] "There is no evidence for a protein reserve that serves only as a store to meet future needs." Complete protein must be eaten daily to serve the body's ongoing needs, and those needs are many: tissue repair, the normal growth and development of a child, and the biochemical transactions that enable those tasks, from zinc and iron utilization to cholesterol-carrying to the building of proteins for oxygen transport. All depend on the amino acids found in protein. So, say the SCotSEoDRI, "The most important aspect of a protein from a nutritional point of view is its amino acid composition."

All this mumbo jumbo pertains most to those who rely primarily on plants for their amino acids with the false belief that protein is protein is protein, or the mistaken claim that the amino acid composition of protein doesn't matter. According to the SCotSEoDRI analysis, "unless amino acids are present in the diet in the right balance . . . protein utilization will be affected." There are, in fact, consequences to relying exclusively on plants for protein, even if they aren't immediately recognizable. We may not be wasting away sans protein from animals or fish, but many of us are wasting perfectly good opportunities to feel better.

We're also wasting a great opportunity to transform our food system by advocating for the humane treatment of animals by spending our food dollars on properly raised animal products!

In the next episode...

I want to keep these parts a few thousand words in order to make them easily readable (and easy to write), so I'll end this part here. In the next part I'll post about some of the most famous myths about animal protein.

Never forget. Do your own research. What I post here is just my own research, hoping to give some initial information for those that don't know where to start.

Keep fighting comrades!

Kosher Pizza Gate Around The World

The Jewish Race runs the global sex slave trade and they also run as part of this children sex rings globally including those involving child snuff film rings. Before us here is the case of the Jews running a child sex ring in Brazil that was for their fellow Jews many of them tourists from Israel. The Jewish Talmud states child rape of Goyim as young as 3 is acceptable and ok.

The Kosher Pizza Gate, Brazil

"Brazil. It is dated July 5 -- that's just 10 days ago -- and was reported by Reuters news agency. It is about a child prostitution ring operated in Brazil by Israeli diplomats in order to satisfy the sexual appetites of Israeli tourists. I'll bet you haven't seen anything about this on whichever network television news program you watch. The head of the child prostitution ring is Arie Scher, Israel's consul in Rio de Janeiro, The ring recruited girls as young as nine years old and organized sex parties with the children for Israeli tourists. One of the child prostitutes was questioned by Brazilian police and led them to the home of a Hebrew language teacher in Rio, Georges Schteinberg, where police seized photographs of hundreds of naked children and videos taken at sex parties with the children. Viewing the videos, police officials

recognized the swimming pool and deck of the Israeli consul, Arie Scher, which was the scene of many of the sex parties.

I'll quote directly from the Reuters news report: "Police said a young girl testified she was filmed and photographed by the teacher, Georges Schteinberg, having sex with Israeli tourists. She also explained that Scher participated in some of the sessions . . . . 'We confirmed that the pornographic pictures were taken next to the consul's pool and on his deck,' said Roberto Costa, a chief investigator for the civil police." - Dr Pierce

THE CONSUL OF Israel, Arie Scher, was charged with running an illegal child pornography and prostitution business, and has fled to Israel. On the advice of the Israeli Consulate, Eitan Surkis, Scher left Brazil on Tuesday, obeying an order of the Israeli Foreign Minister, who appointed a special commission to hear the case. According to the [Brazilian] federal police, Scher departed at 12:57 for Israel by way of Buenos Aires, Argentina. Brazil did not take action to stop him from leaving.

O cônsul de Israel, Arie Scher, acusado de participar de um esquema de exploração de menores e prostituição infantil, já está em Israel. De acordo com o cônsul-geral do país, Eitan Surkis, Scher deixou o Brasil na terça-feira, obedecendo a uma ordem do Ministério das Relações Exteriores de Israel, que instaurou comissão especial para apurar o caso. Segundo a Polícia Federal, Scher embarcou às 12h57m para Buenos Aires, Argentina, e, de lá para Israel – não havia impedimento legal para sua saída do Brasil.

However, agent Icaro Silva of the Brazilian Police Commission (Copacabana) said that Scher is considered a fugitive and that his preventive arrest for creating child pornography was asked for. His escape resulted in a request to Interpol that Scher be arrested if he ever leaves Israel and that the Brazilian government and the Israeli Embassy be notified of any developments in this case.

Entretanto, segundo o delegado-titular da 12a DP (Copacabana), Icaro Silva, para a polícia brasileira, Scher é considerado fugitivo e, por isso, foi pedida sua prisão preventiva por exploração de menores. "É fuga pois houve uma situação de flagrante. Vou enviar o mandato à Interpol, para o cônsul ser preso caso deixe Israel. Também serão mandadas cópias à Polícia Federal e à Embaixada de Israel", informou.

On Tuesday night, police arrested George Schteinberg, a professor who had been living with Scher and who is now in jail accused of participating in the illegal enterprise. Schteinberg confirmed that he had assisted in making nude photographs in the consul's apartment, and that he had sexual relations with a girl,

age 11, who had been living with Schteinberg since the beginning of the year, as had been arranged by Scher. He added that he arrived to leave with foreigners, and he recognized a photo where the consul appears naked on a beach near Búzios.

Na noite de terça-feira, prestou depoimento na 12A DP a menor V. 14 anos, moradora do mesmo prédio do professor George Schteinberg, preso sob acusação de participar do esquema. Ela confirmou que tirava fotografias nua no apartamento do cônsul, feitas pelo próprio ou pelo professor, e que manteve relações sexuais com o menor F., 11, que, de acordo com a polícia, morava com Schteinberg desde o início do ano. Acrescentou que chegou a sair com estrangeiros e se reconheceu em uma foto onde o cônsul aparece nu em uma praia de Búzios, abraçado a ela.

Icaro Silva disclosed that, of the 38 sites found in the memory of the computer of the professor, 9 were pornographic, all in Hebrew, the language that George taught. "We will make a translation of the sites to know details of the content. Also we want to discover who were the other girls who appear in the photos", disclosed the commission agent.

Icaro Silva revelou que, dos 38 sites encontrados na memória do computador do professor, 9 eram pornográficos, todos em hebraico, língua que George ensinava. "Vamos fazer uma tradução dos sites para saber detalhes do conteúdo. Também queremos descobrir quem eram as outras meninas que aparecem nas fotos", revelou o delegado.

The commission agent also plans to interview a retired professor, Abílio Nogueira de Faria, age 78, who is also in jail for making child pornography. In investigation of Arie Scher, a paper written by an American was found in the retiree's home, which contained a description of possibly criminal acts. "We go to investigate if some connection between the two cases exists, therefore Nogueira will be interrogated again", said the commission agent.

O delegado da 12A DP também pretende ouvir o professor aposentado Abílio Nogueira de Faria, 78, preso por exploração de menores. Na cobertura de Arie Scher foi encontrado um papel com o nome de um americano, que constava também em uma agenda apreendida na casa do aposentado. "Vamos investigar se existe alguma ligação entre os dois casos, por isso Nogueira será interrogado novamente", disse o delegado.

He added that he has requested the Israeli government for a statement from Arie Scher.

Ele acrescentou que pretende ouvir também Arie Scher, em Israel, através de carta rogatória.

The Jew Who Fled Rio

This news story from 2005 needs to be kept alive; certain parties very much want to bury it.

<http://nationalvanguard.org/2016/08/the...-fled-rio/>

by David Sims and Jeff Hook

THE Sydney Morning Herald is reporting that notorious child pornographer Arie Scher has been flagged as the replacement for Amir Laty, the former Israeli consul to Australia who was expelled amid extreme secrecy from Australia about a month ago. (ILLUSTRATION: A photograph of Arie Scher and accomplice

George Schteinberg found by Brazilian police. The photo shows the two men standing, hugging each other. Each has an arm reaching down toward the front of Professor Schteinberg's swim suit. While Schteinberg holds his waistband down, exposing his private parts, Scher reaches over to grasp Schteinberg's penis. Australia, meet the new ambassador.)

The government has refused to explain why Laty, who was only 18 months into his posting, was forced to leave under the threat of deportation. It is believed, and has been widely reported, that Laty's expulsion was related to espionage, as well as personal "indiscretions."

When the Department of Foreign Affairs was asked for an explanation on why Laty was banished, they suggested asking ASIO, Australia's domestic spy agency. That the agency was involved confirmed speculation the expulsion was related to national security. Eventually, official sources told the Herald espionage was part of the reason Laty was kicked out. Reports subsequently emerged that Laty might have tried to penetrate "highly sensitive Australian intelligence."

In addition, reports of Laty's indiscretions or "out of hours activities," as one official put it, have also emerged. A number of women have complained of his unwanted attentions and persistent phone calls. The women had thought at the time his behavior might have just come down to cultural difference — but they were unnerved nevertheless. Then a report emerged yesterday that Laty had a relationship in Canberra with a woman who worked for the Defense Department.

Arie Scher's choice as Laty's replacement has already sparked outrage. According to dozens of reports, including one in the Israeli newspaper Ma'ariv, Scher abandoned his posting at the Israeli embassy in Brazil five years ago after being implicated in child pornography and before police were able to question him.

schteinberg

Professor Schteinberg hides from photographers as he's being taken away by police.

Scher, who was the Israeli vice-consul in Rio, and at one point the consul-general, was charged with running an illegal child pornography and prostitution business. The investigation began when an underage girl testified that she was filmed and photographed by Hebrew language teacher George Schteinberg having sex with Israeli tourists.

According to the girl, Scher participated in the sex parties. She said the consul also liked the company of boys and that he had a sexual relationship with Schteinberg. Police say this was confirmed by a photograph in which the two men appear naked together.

In a search of Schteinberg's residence, photographs of children posed on a car with diplomatic plates were discovered, as well as "massive quantities" of pornography in the form of DVD's and VCR tapes. Police then traced the car in the pictures back to the Israeli Embassy in Rio. The Brazilian Web site JC Online reported that after learning of the existence of the photographs, Israel's consul-general rushed to the police station to view them. In a story titled, "Consul of Israel Criticizes Police and Press," they write:

"Yesterday at Police headquarters in Copacabana the consul-general of Israel, Eitan Surkis, saw for the first time the photographs apprehended as evidence in the case against Israeli vice-consul Arie Scher and Hebrew language professor George Schteinberg. In some photos, the two appear naked, hugging. In others,

they are surrounded by naked minors.

Israel's ambassador to Brazil, Eitan Surkis, meets with reporters.

Israel's ambassador to Brazil, Eitan Surkis, meets with reporters.

"Surkis met with commission agent Icaro Silva, who is in charge of the investigation. Upon leaving police headquarters, the consul-general refused comment on the photos. Instead he criticized police for not sending a copy of the charges to the consulate, nor to the Department of State of Israel.

"'We have not received official notification of the charges from Brazilian authorities regarding this case,' said Surkis. Detective Silva replied that he had no obligation to provide such information. 'They did not ask for any information,' he added. The consul-general also criticized the Brazilian press for divulging what he called 'incorrect information.'"

A search of Scher's apartment confirmed that photographs found at Schteinberg's residence had been taken in the vice-consul's luxury penthouse. "We confirmed that the pornographic pictures were taken next to the consul's pool and on his deck," said Roberto Costa, a chief investigator for the civil police. "We are going to charge him with exploiting minors and prostituting them."

After Brazilian authorities notified the Israeli embassy of plans to revoke Scher's diplomatic immunity, he fled. According to the Brazilian federal police, Scher departed at 12:57 in the morning for Israel by way of Buenos Aires, Argentina. The Brazilian daily O Globo reported that Brazilian judge Siro Darlan ruled that Scher must be returned to Brazil. Brazilian authorities said they have no doubt that Scher was involved in illegal activities, and stated that he will be jailed if he is returned. According to O Globo, Jewish Congregation of Brazil president Rabbi Nilton Bonder decried Scher's departure from Brazil, and said that Schteinberg and Scher should not be considered representatives of the Jewish community there.

Agent Icaro Silva of the Brazilian Police Commission (Copacabana) said that Scher is considered a fugitive wanted for creating child pornography. His escape resulted in a request to Interpol that Scher be arrested if he ever leaves Israel and that the Brazilian government be notified of any developments in this case.

brazil\_girls

Two little girls hang out at a Christian food bank, not far from Israel's embassy.

Prior to Scher's flight, Mr. Schteinberg confirmed that he had assisted in taking nude photographs in the consul's apartment, and that he had sexual relations with a girl, age 11, who was discovered to be living with him at the time of his arrest. Agent Silva said the pre-teen had been living with Schteinberg for almost a year, "as had been arranged by Scher." However, the sex of the child remains unclear because another Brazilian newspaper Hora do Povo described the 11-year-old as a "street boy who has been placed in the custody of the department of child protection."

Silva told reporters that nine complete pornographic Web sites were found on the hard drive of Schteinberg's computer, and all were in Hebrew, the language that Schteinberg taught. "We want to determine the names of the other girls who appear in those photos," said the commission agent. He added that the Web sites confirm that Schteinberg was running an Internet service that brought Israeli tourists to Brazil to have sex with the children.

Silva also connected Scher to another notorious child pornographer, a retired professor by the name of Ablio Nogueira de Faria, age 78, who was in jail for producing child pornography. A document titled "An Investigation of Arie Scher," written by an unnamed American, was found in the retiree's home which contained descriptions of criminal acts by Scher. "We want to know if some connection between the cases exists, therefore Nogueira will be interrogated again," Silva told reporters.

Israel and Brazil do not have an extradition treaty but the Brazilian Government asked the Israeli Government to return Scher. Brazil's Ministry of Foreign Relations delivered a formal request to Israel's Foreign Ministry stating that Rio de Janeiro's 31st criminal precinct had a criminal case pending against the Jew.

The request was sent to Brazil's embassy in Tel Aviv on October 2001 and later forwarded to the Israeli Foreign Ministry. Ma'ariv reported that Israel refused to extradite Scher and instead conducted its own investigation. They found that Scher had merely "behaved inappropriately for a diplomat." And banned him from foreign diplomatic missions for five years.

A spokesman for the Israeli Foreign Ministry in Jerusalem, Mark Regev, confirmed the disciplinary hearing upon Scher's return from Brazil five years ago. "He was a young and single man at the time. Now he is married and he's six years older and there is no reason why he shouldn't make an excellent diplomatic appointment in Australia," Regev told the Herald on Friday.

Scher likes adult females too, apparently.  
Scher likes adult females too, apparently.

Other Israeli sources told the Sydney Morning Herald that because of the public nature of the allegations, the Scher inquiry was quietly held at the highest level of the country's Civil Service Commission. They determined that "while some of his behavior was unbecoming, there was nothing close to criminal."

"He made a mistake when he was younger but there is no reason why he should not go on to have a very strong career as a diplomat," Regev said.

The Israeli Foreign Ministry assured the Herald that Scher's appointment was "just pending" and he had not left for Australia. "The decision to send him to Australia stands but because of concerns that were raised, the case is being looked at at the highest levels of the ministry," Regev said.

Notes

Aryeh "Arie" Scher was born in Tel Aviv and spent much of his childhood in Netanya, Israel. His father was a Jew from Austria; his mother was a Jewess from Italy. He entered the United States, apparently legally, and lived for a while in San Diego, where he taught Hebrew and worked as an administrator for a vacation resort.

In between his visits to California, Scher spent four years in the Israeli Army's "Nachal" corps, a quasi-religious military brigade primarily tasked with harassing

and expropriating the Palestinian people. After leaving the IDF, Scher went to Australia for a while, where he networked with Jewish student organizations. Afterward, he returned to Israel to study at the University of Tel Aviv, majoring in Public Administration with a minor in Political Science.

After graduating, Scher spent two years in China as an assistant consular diplomat. His apprenticeship completed, Scher was assigned to the Israeli Embassy in Rio de Janeiro, Brazil. Scher is fond of suntanning on beaches, often naked. Scher is believed to be homosexual, in addition to being a pedophile.

Georges Schteinberg came to Brazil to teach Hebrew at the prestigious A. Liessin university in Rio de Janeiro. At least, that's what he told his gullible goy friends. He was the accomplice of Arie Scher (see above), assisting the diplomat in the procurement of children for prostitution and handling the Internet end of the child prostitution business. Schteinberg "sampled the wares."

Both Scher and Schteinberg are Jews who had been considered decent and responsible men before a police investigation uncovered their filthy exploitation of children. Now you might have an idea of where Internet child pornography really comes from — Jews make it, Jews upload it, and Jews profit by selling it. Furthermore, Jews use the pornography that they, themselves, created to justify their efforts at censoring the Internet (so that they can subsequently use those censorship laws to get rid of Web sites like this one).

And yet, really, this Jewish habit of foully exploiting the innocent should have been anticipated from the beginning, since many Jews believe (as a religious conviction) that they have a license to do anything they wish with gentiles, including raping their children. The lesson of this story is that the Jews are very, very good at making a false appearance of righteousness and respectability while being, in reality, a danger to the non-Jews among whom they live. Arie Scher got off with a "slap on the wrist" after finding refuge in Israel. That is why Israel exists, and it is why some Jews never live there until after they have been caught committing crimes elsewhere.

Case in point: The refusal of the Israeli Supreme Court to extradite Samuel Sheinbein to the United States for trial for murder. In order to avoid being tried for his crimes in the United States, Sheinbein's relatives evidently arranged for him to flee to Israel, where fugitive Jews often go. The prosecutor in the Maryland county where Sheinbein committed his crime demanded Sheinbein's extradition from Israel to the United States, but the Israeli Supreme Court refused to allow it. Here's what I found written about that decision (read carefully).

"It isn't a question of his guilt or innocence. Neither is it a matter of avoiding justice. At issue is the sanctity of the concept of Israel as refuge."

The second and third sentences in that quotation are in direct conflict, after the usual manner of Jewish doublethink. The "high Jews" aren't really concerned about justice. They don't care whether Sheinbein committed the crime, and they don't much care about the question of justifiability in the event that Sheinbein did kill his victim. What matters to them is "the sanctity of the concept of Israel as a refuge," a place where Jews can go when their own actions provoke the gentiles against them, a place where they can evade retribution of any kind, legal or not, deserved or not. So it is a matter of avoiding justice, but not just for Sheinbein alone. It's a matter of keeping Israel a place where any ratty Jew can avoid justice.

Then when no one would give them attention they posted a ramble in the joyofsatan666 group about how they're leaving cause the group sucks and blah blah blah. This person posts and types in the exact same way, trying and failing at trolling. It's really sad when someone has nothing better to do in life than troll internet forums, even more sad when they suck at trolling as well haha.

Greetings to all our People and Satanic Comrades.

When one looks around, they see so many people who think they have 'woken' up to the dangers and enemies we have been fighting for so long. They are plagued by illusion, after illusion, thinking that this fight is anywhere close to being won, let alone other bizarre things. The enemy is just sitting, or let's say...add an H on that one, on their neck, and they think its raining...freedom.

The enemy has their planners, who talk, talk, talk, and no changes really happen. The bottom line of all of their plans is "Subscribe to our webpage", "Donate", or "Buy my book". There is nothing further from this. Nothing is built out of it. The average person down there exhibits the same exact behavior one would, if deep on the bed with the enemy. There is no plan for reforming anyone, or healing people from the damages the enemy has done to them.

If anything these are furthered and replaced by new, judeo-talmudic theories, such as scorning women as the source of all mistakes, blame shifting to random groups, accepting Jewcy politicians as your new saviors, and guess what, the ancient meme of bowing down to a jew (Rabbi Jewsus) to save you from his...admitted family and loved race in the bible...The jews. Wow, these definitely seem like SOLUTIONS right here.

All the paths are unclear, and their 'ideas' just always revert back to falsified ideas and beliefs based mainly on jewish manuscripts or jewish 'understanding' about how things were, or should be. This is because they cannot formulate new ideals, and because they don't even care to do it, in all honesty. All of their 'offers' are blantly wrong, but since they appeal to level IQ audiences with only an affinity to troll, there's no problem in it.

Some these 'figures' do a good job educating people, and giving out news, but in the end of the day, all they provide is just rants, further confusion, and people are feeling like half awake, and afraid since there is absolute lack of ANY protection, planning- nothing of that nature.

Gradually, all of these 'awake' people are just putting others to sleep with them in new dreams, things will never materialize, and things that produce nothing, and have produced nothing for the effort against the enemy for DECADES. We are talking DECADES. What has been made into these decades? The fortunes of these 'sheep guiders', churches filled, people bowing down to the jew so they can be absolved from the jew, and endless neurosis. That's all that happened. Not one person can be asked honestly and to say "I am fine", "I have advanced", "I have evolved" and here's the fruit of my advancement.

Because of these people and their so 'successful' leading, the enemy reached the peak of their power not a long time ago, after having going from the worst times they ever had for thousands of years, with the "Satanic" and "Demon Possesed" Adolf Hitler, as they themselves admit. Of course, none of these people want to do any introspections, or retrograde analysis into anything, and to see that with these foolish patterns upon which they operate, the jews are laughing.

They are NOT afraid of people without 'spiritual power', and this is why they have rigged all occult practice as 'Satanism'. So someone prays to Odin. Acceptable and fine by us, but for many reasons we explain based on the occult, and history, this is not even halfway of what's required for anyone to really 'wake up' and 'change'. Do they even know what Odin is? What about the Occult lore? What about the nature of symbolism? What does this title mean in the deeper sense of spiritual practice? What about the Runes and the symbols of power that the National Socialists used? How can these be utilized to cause RESULTS and/or actually utilized in any struggle? Apparently, nowhere, except of self-gratification for those who pretend they are mighty and wise into these matters. But for decades or thousands of years produced nothing to fight effectively the enemy.

The JoS has been in the game for around 14 years now. Out of all of these, we have been fighting together the recent five-six years, or maybe more, with intensive, occult, heavy barrage warfare. Look at how fast and quickly the enemy church, and the enemy jooz have been falling out. In just four years time, they are pulling their hair out of their skulls, and they have also invented all these 'fronts' to cover up the uncovered things that 'akin to magick' came all in the public eye.

Our side and struggle went from subterranean to mainstream, to the point jews have to rig elections in the world's superpower now, in order to just win four more years. And attempt to censor the whole internet, because this has went 'too far' and out of control. Because everyone 'magickally' these recent years, came to know about them. Prior to that, there was nothing for DECADES. DECADES OF WORK AND NO OUTCOMES PROVIDED. If anything, jewsus and all other hoaxes steadily ascended over the rulership of all Races and humans on Earth.

The honest souls who have been fighting the enemy have met with insurmountable and unexplainable MOUNTAINS OF OPPOSITION, much of it dealing with the occult. Those in the spiritual war have seen the deep core of the enemy, and their so called 'watchers' who are in controlled of the real, deeper deal. Because when you see a beggar, infertile, and failed out slaver race, get to the top of the planet as a tight global network of control...There must be something more than...'intelligence' and 'cunning', don't you think?

Most of these people 'mysteriously' are in every media outlet, everyone knows their name, or even address, and these people are still alive, and going well. If that is quite possible in an enemy operated planet, then I leave the rest for people to think about. Real people who advocated for White People's rights for example, like Matt Hale (he is in prison now), or for the Blacks, Dr Tony Martin (has a bounty in his head by ADL) never have it easy. Irving is another case, and he has his issues, but in the end, he went from court after court, and prison after prison.

The JoS has a Master Plan, that none of these people will ever possess. Its the same recipe that Hitler and the National Socialists used to get into power, and even similar to how the desert wandering, enslaved jews, went into power. To people knowing history, the advance and the uprising of both these people has one thing in common: THE OCCULT. Nothing would happen in either case without the occult. To the rest of the 'students' in all of this, nothing will make sense. They will see coincidences, and confusion, or better yet, they won't even see either of the issues in a light.

The JoS plan is fairly simple, albeit very highly thought of and complex.

0. The different ideology gives a different outlook in life. However, its a spiritual ideology, with real beings to back it up, and real results of the practice beliefs.
1. People advance spiritually in REALITY, and they find their Pagan Gods. By spiritual advancement, they get far more abilities than the average person.

These include the occult abilities who are absolutely legal, let alone higher reasoning that comes from opening one's mind, advocating free thought, and staying away from primal, jewish religious practices.

2. The different intellectual and spiritual component that is awake in the people, causes a revolution only by enlightenment, and not straight up, animal violence, or illegal activities.
3. All the above lead to different actions, and one finally breaks 'free' of the established 'order' of the enemy.
4. This manifests into outcomes and actions that spread all over the place. From personal freedom, down to in the future, political, economic and religious realms. Our lines of legality and in anything else are self-definitive.

All of this cannot be monitored, controlled or foiled, directly not even by us, since it happens anonymously, and we don't have physical headquarters or anything remotely related to that. Nobody needs a paid membership, a subscription, and we have nothing to hide as all of our doctrines, conversations and texts are in the wide public for everyone to read, or to enter a big church.

Our doctrine is clear. Those who misinterpret the Gods, use Satan and the Gods in anyway for depraved acts, or disgusting crimes, are not Satanists, anymore than a fake jewish "Nazi" who does illegal activity tries to infiltrate any other group. Granted, we keep, as far as humanly possible, our groups completely CLEAN of such drivel. People get BANNED for professing criminal or any other such activity, be it a slightest or the biggest offense. Spiritual Satanism is about self-responsibility and this ties into that as well.

We do not control human beings (metaphorically speaking) with brain chips, mass propoganda, or direct 'commands' in their personal life, as its purely impossible given we are all over the world, neither we desire this. Our enemies however, are free to do this.

There is nothing mandatory for one to pay, or to expose themselves, or to write a big giant fat oath to any illuminati, or any other 'organization' in paper. People come, leave and stay as they see fit, and there are no physical obligations to that. Nobody sics to anyone in their personal life, and everyone can also advance and do whatever is required, we need no phone numbers, no ID's, no interaction beyond these OPEN TO EVERYONE groups, whatsoever. Everyone is here without getting 'known' in the least. Everyone is as such master of themselves and their actions/deeds.

As the enemy admits, all the Ancient Leaders, Adolf Hitler, and anyone else in history that fought for human rights, and advanced civilization, acted in the same, anti-xian, 'anti-christian' and 'Satanic way'. What the enemy and the jews define of as "Satanism" is in diametric opposition to what we define Spritual Satanism as. We have a right and we exercised it, to have our own ideology, religious beliefs, and not hear what these criminals are dictating about "Satan" or "Satanism", the title, name of whom, and practices, are all in the far ancient times in the East.

None of our doctrines advocates mass murder, mass rape, mass humiliation, or anything of that nature, in opposition to the Talmud, Torah, Bible, or the Qu'ran. We solely point intellectual, spiritual, and higher type of resistance.

We support that all Races are to be separate, in good terms, and fighting the common enemy who has caused distress to all of us. We see no point in bickering between Gentile Races, simply because this harms both, advances neither, and in the end of the day, keeps everyone away from the real

tormentor, whom we name OPENLY in our websites or material, based on evidence that is everywhere.

Our message cannot be 'adulterated' as its crystal clear, and its everywhere in all of our material. Its consistent. The moment one tries to rabbi it out, it becomes obvious by itself, since we don't seek to confuse anybody with overly complex terms, or idioms, or things that can be corrupted. The moment anything is corrupted, its not us. Purposeful misinterpretation is driven out viciously from our groups.

\*BEHAVIORAL PATTERNS, XIANITY AND TALMUD PROGRAMMING SINCE INFANCY, DON'T JUST GET AWAY BY SCREAMING "HAIL ODIN". THESE NEED YEARS OF EFFORT, AND CONSCIOUS SPIRITUAL ADVANCEMENT TO BE WEEDED OUT. THESE NEED WORKINGS DEEP INTO THE MIND. Good luck to all the idiots who believe that by suddenly becoming 'Neopagan' or saying 'Hail Freya' they suddenly threw away decades of jewish programming, most of which is also...subliminal.\*

We are not based on 'personalities' as many have come and went as far as our existence is concerned. Its our material that matters, and the innate spiritual understanding that rises from our members who on their own accord advance spiritually. Only to find the Ancient rules and laws again, who were here all along. Most of these rules are still practiced in every other religious, non jewish, tenet, across the globe, anyway. They are reflected in different forms in all Gentile Cultures. We just choose to believe in the master system, than any other 'brand', as we see the brands come and go, but the universal message stays.

And who runs this plan, co-ordinates it, brings us together, and keeps us afloat with ZERO help in the physical realm by normies and mass masses? Our people and SATAN, and the Gods in whom we believe.

For this naive enough to brush this...Good luck...

To all of our people and Satanic Comrades.

Subject: Video response to SLANDER against JoS

Renegade Broadcasting/Firestarter Media chose to be lying assholes and spread lies about the Jos. Let's trigger them a bit more, this is a video response: <https://youtu.be/iREki9aAUVo>

Download, upload to your channels and spread it like Hell. This is not only about "Renegade" but also all fucktards out there slandering Satan and the JoS, as we are not about giving the other cheek.

If someone is wondering, yes people can still spread/translate their documentaries (so far...), because they are useful. Period. The "relation" ends there. It's ironic they engaging Evalion aka Anne Frank 2.0 in the South Africa documentary because she didn't do any actual subtitles, and it came to my mind she's probably the one responsible for delating it to her youtube masters who perma-banned it in that plataform.

Am I the only one thinking this Sinead woman looks like a Jewess? o\_O She's basically Ayn Rand's clone! How can no one see through this? She makes way too many videos and comments against other pro White people or groups non stop. Blatant disunity tactics.

By divisive I am not saying never have your own opinions or stand up for your own beliefs because obviously we have a unique religion which differs from many other pro White groups. But there is a difference between that and this Firestarter Media constantly making provocative videos, anti gay, yet also anti Xian then also attacks the JoS WTF? Seems like she has no real position other than to fight other pro White groups.

One thing I will give her credit for though is that she did defend White women a lot because there are many guys who are pro White, NS or Alt - Right who are into these weird MGTOW Jew theories degrading women and Sinead has debunked a lot of that and stood up for us which I respect as a White woman. There is always a chance I am wrong about her being a Jew but I do think she looks like it a lot and I am so cautious now I can never trust anyone 100%.

Do you have the vids / links where she spews her bs?

It's honestly hardly surprising that she does that - jewish programming goes deep.

And yet SOME who dedicate themselves don't give a damn about cleaning themselves - just to "summon a Succubus and do her" or "summon a Demon to fix my sorry life and carry on whoreshipping the rotting kike carcass on the stick."

It only goes to show that without the Satanic Guidance, one is lost.

She is not a jew, we have discussed it in forum already and HP's have confirmed this as well.

black.wyrm666 no she would look like a Jew whatever she says but notice I only said LOOK LIKE I also said at the end of my post I could be wrong. I am not saying I know for a fact she is a Jew. I have mixed feelings about the stuff she puts out generally. I am just reluctant to trust anything 100%.

This is not so, they talked BS like kikes on purpose and this is beyond "threats" someone did, or some misbehaviour of any of our members. They didn't even read the front page, they don't even know we work with multiple Gods and think we are monotheistic - to go and tell we somewhat have to do with suicide of kids. This has been discussed here:

Microchip Mind Control,  
Implants And Cybernetics

12-6-1

Actual 1974 Congressional Testimony of Dr. Jose Delgado -

"We need a program of PSYCHOSURGERY for POLITICAL CONTROL of our society. The purpose is PHISICAL CONTROL OF THE MIND. Everyone who deviates from the given norm can be SURGICALLY MUTILATED.

"The individual may think that the most important reality is his own existence, but this is only his personal point of view. This lacks historical perspective.

"Man does NOT HAVE THE RIGHT to develop his own mind. This kind of liberal orientation has great appeal. We must ELECTRICALLY CONTROL THE BRAIN. Some day armies and generals will be controlled by electric stimulation of the brain."

Dr. Jose M.R. Delgado Director of Neuropsychiatry Yale University Medical School Congressional Record, No. 26, Vol. 118 February 24, 1974

(Author of "PHYSICAL CONTROL OF THE MIND" 1969)

The following article was originally published in the 36th-year edition of the Finnish-language journal, SPEKULA (3rd Quarter, 1999). SPEKULA is a publication of Northern Finland medical students and doctors of Oulu University OLK (OULUN LAAKETIETEELLINEN KILTA).

## MICROCHIP IMPLANTS, MINDCONTROL AND CYBERNETICS

By Rauni-Leena Luukanen-Kilde, MD Former Chief Medical Officer of Finland

In 1948 Norbert Wiener published a book, CYBERNETICS, defined as a neurological communication and control theory already in use in small circles at that time. Yoneji Masuda, "Father of Information Society," stated his concern in 1980 that our liberty is threatened Orwellian-style by cybernetic technology totally unknown to most people. This technology links the brains of people via implanted microchips to satellites controlled by ground-based super-computers.

The first brain implants were surgically inserted in 1874 in the state of Ohio, U.S.A., and also in Stockholm, Sweden. Brain electrodes were inserted into the skulls of babies in 1946 without the knowledge of their parents. In the 50's and 60's, electrical implants were inserted into the brains of animals and humans, especially in the U.S., during research into behavior modification, and brain and body functioning. Mind control (MC) methods were used in attempt to change human behavior and attitudes. Influencing brain functions became an important goal of military and intelligence services.

Thirty years ago brain implants showed up in xrays the size of one centimeter. Subsequent implants shrunk to the size of a grain of rice. They were made of silicon, later still of gallium arsenide. Today they are small enough to be inserted into the neck or back, and also intravenously in different parts of the body during surgical operations, with or without the consent of the subject. It is now almost impossible to detect or remove them.

It is technically possible for every newborn to be injected with a micro-chip, which could then function to identify the person for the rest of his or her life. Such plans are secretly being discussed in the U.S. without any public airing of the privacy issues involved. In Sweden, Prime Minister Olof Palme gave permission in 1973 to implant prisoners, and Data Inspection's ex-Director General Jan Freese revealed that nursing-home patients were implanted in the mid- 1980's. The technology is revealed in the 1972:47 Swedish state report, STATENS OFFICIELLA UTRADNINGER (SOU).

Implanted human beings can be followed anywhere. Their brain functions can then be remotely monitored by supercomputers and even altered through the changing of frequencies. Guinea-pigs in secret experiments have included prisoners, soldiers, mental patients, handicapped children, deaf and blind people, homosexuals, single women, the elderly, school children and any group of people considered "marginal" by the elite experimenters. The published experiences of prisoners in Utah State Prison, for example, are shocking to the conscience.

Today's microchips operate by means of low-frequency radio waves that target them. With the help of satellites, the implanted person can be tracked anywhere on the globe. Such a technique was among a number tested in the Iraq war, according to Dr. Carl Sanders, who invented the intelligence-

manned interface (IMI) biotic, which is injected into people. (Earlier during the Vietnam War, soldiers were injected with the Rambo chip, designed to increase adrenaline flow into the bloodstream.) The U.S. National Security Agency's (NSA) 20 billion bits/second supercomputers could now "see and hear" what soldiers experience in the battlefield with a remote monitoring system (RMS).

When a 5-micromillimeter microchip (the diameter of a strand of hair is 50 micromillimeters) is placed into optical nerve of the eye, it draws neuroimpulses from the brain that embody the experiences, smells, sights and voice of the implanted person. Once transferred and stored in a computer, these neuroimpulses can be projected back to the person's brain via the microchip to be re-experienced. Using a RMS, a land-based computer operator can send electromagnetic messages (encoded as signals) to the nervous system, affecting the target's performance. With RMS, healthy persons can be induced to see hallucinations and to hear voices in their heads.

Every thought, reaction, hearing and visual observation causes a certain neurological potential, spikes, and patterns in the brain and its electromagnetic fields, which can now be decoded into thoughts, pictures and voices. Electromagnetic stimulation can therefore change a person's brainwaves and affect muscular activity, causing painful muscular cramps experienced as torture.

The NSA's electronic surveillance system can simultaneously follow and handle millions of people. Each of us has a unique bioelectrical resonance frequency in the brain, just like we have unique fingerprints. With electro-magnetic frequency (EMF) brain stimulation fully coded, pulsating electromagnetic signals can be sent to the brain, causing the desired voice and visual effects to be experienced by the target. This is a form of electronic warfare. U.S. astronauts were implanted before they were sent into space so their thoughts could be followed and all their emotions could be registered 24 hours a day.

The Washington Post reported in May 1995 that Prince William of Great Britain was implanted at the age of 12. Thus, if he were ever kidnapped, a radiowave with a specific frequency could be targeted to his microchip. The chip's signal would be routed through a satellite to the computer screen of police headquarters, where the Prince's movements could be followed. He could actually be located anywhere on the globe.

The mass media have not reported that an implanted person's privacy vanishes for the rest of his or her life. S/he can be manipulated in many ways. Using different frequencies, the secret controller of this equipment can even change a person's emotional life. S/he can be made aggressive or lethargic. Sexuality can be artificially influenced. Thought signals and subconscious thinking can be read, dreams affected and even induced, all without the knowledge or consent of the implanted person.

A perfect cyber-soldier can thus be created. This secret technology has been used by military forces in certain NATO countries since the 1980's without civilian and academic populations having heard anything about it. Thus, little information about such invasive mind-control systems is available in professional and academic journals.

The NSA's Signals Intelligence can remotely monitor information from human brains by decoding the evoked potentials (3.50HZ, 5 milliwatt) emitted by the brain. Prisoner experimentees in both Gothenburg, Sweden and Vienna, Austria have been found to have [missing word] brain lesions. Diminished blood circulation and lack of oxygen in the right temporal frontal lobes result where brain implants are usually operative. A Finnish experimentee experienced brain atrophy and intermittent attacks of unconsciousness due to lack of oxygen.

Mind control techniques can be used for political purposes. The goal of mind controllers today is to induce the targeted persons or groups to act against his or her own convictions and best interests. Zombified individuals can even be programmed to murder and remember nothing of their crime afterward. Alarming examples of this phenomenon can be found in the U.S.

This silent war is being conducted against unknowing civilians and soldiers by military and intelligence agencies. Since 1980 electronic stimulation of the brain (ESB) has been secretly used to control people targeted without their knowledge or consent. All international human rights agreements forbid nonconsensual manipulation of human beings even in prisons, not to speak of civilian populations. Under an initiative of U.S. Senator John Glenn, discussions commenced in January 1997 about the dangers of radiating civilian populations. Targeting people's brain functions with electromagnetic fields and beams (from helicopters and airplanes, satellites, from parked white vans, neighboring houses, telephone poles, electrical appliances, mobile phones, TV, radio, etc.), is part of the radiation problem that should be addressed in democratically elected government bodies.

In addition to electronic MC, chemical methods have also been developed. Mind-altering drugs and different smelling gasses affecting brain function negatively can be injected into air ducts or water pipes. Also, bacteria and viruses have been tested this way in several countries.

Today's supertechnology, connecting our brain functions via microchips (or even without them, according to the latest technology) to computers via satellites in the U.S. or Israel, poses the gravest threat to humanity. The latest supercomputers are powerful enough to monitor the whole world's population. What will happen when people are tempted by false premises to allow microchips into their bodies? One lure will be a micro-chip identity card. Compulsory legislation has even been secretly proposed in the U.S. to criminalize removal of an ID implant.

Are we ready for the robotization of mankind and the total elimination of privacy, including freedom of thought? How many of us would want to cede our entire life, including our most secret thoughts, to Big Brother? Yet the technology exists to create a totalitarian "New World Order." Covert neurological communication systems are in place to counteract independent thinking and to control social and political activity on behalf of self-serving private and military interests.

When our brain functions are already connected to supercomputers by means of radio implants and microchips, it will be too late for protest. This threat can be defeated only by educating the public, using available literature on biotelemetry and information exchanged at international congresses.

One reason this technology has remained a state secret is the widespread prestige of the psychiatric DIAGNOSTIC STATISTICAL MANUAL IV produced by the U.S. American Psychiatric Association (APA), and printed in 18 languages. Psychiatrists working for U.S. intelligence agencies no doubt participated in writing and revising this manual. This psychiatric "bible" covers up the secret development of MC technologies by labelling some of their effects as symptoms of paranoid schizophrenia.

Victims of mind control experimentation are thus routinely diagnosed, knee-jerk fashion, as mentally ill by doctors who learned the DSM symptom list in medical school. Physicians have not been schooled that patients may be telling the truth when they report being targeted against their will or being used as guinea pigs for electronic, chemical and bacteriological forms of psychological warfare.

Time is running out for changing the direction of military medicine, and ensuring the future of human freedom. -- Rauni Kilde, MD December 6, 2000

## MICROWAVE MIND CONTROL: MODERN TORTURE AND CONTROL MECHANISMS ELIMINATING HUMAN RIGHTS AND PRIVACY

By Dr. Rauni Leena Kilde, MD  
September 25, 1999

Helsingin Sanomat, the largest newspaper in Scandinavia, wrote in the September 9, 1999 issue that Scientific American magazine estimates that after the Millenium perhaps ALL people will be implanted with a "DNA microchip".

How many people realize what it actually means? Total loss of privacy and total outside control of the person's physical body functions, men-tal, emotional and thought processes, including the implanted person's subconscious and dreams! For the rest of his life!

It sounds like science fiction but it is secret military and intelligence agencies' mind control technology, which has been experimented with for almost half a century. Totally without the knowledge of the general public and even the general academic population.

Supercomputers in Maryland, Israel and elsewhere with a speed of over 20 BILLION bits/sec can monitor millions of people simultaneously. In fact, the whole world population can be totally controlled by these secret brain-computer interactions, however unbelievable it sounds for the uninformed.

Human thought has a speed of 5,000 bits/sec and everyone understands that our brain cannot compete with supercomputers acting via satellites, implants, local facilities, scalar or other forms of biotelemetry.

Each brain has a unique set of bioelectric resonance/entrainment characteristics. Remote neural monitoring systems with supercomputers can send messages through an implanted person's nervous system and affect their performance in any way desired. They can of course be tracked and identified anywhere.

Neuro-electromagnetic involuntary human experimentation has been going on with the so-called "vulnerable population" for about 50 years, in the name of "science" or "national security" in the worst Nazi-type testing, contrary to all human rights. Physical and psychological torture of mind control victims today is like the worst horror movies. Only, unlike the horror movies, it is true.

It happens today in the USA, Japan, and Europe. With few exceptions, the mass media suppresses all information about the entire topic.

Mind control technology in the USA is classified under "non-lethal" weaponry. The name is totally misleading because the technology used IS lethal, but death comes slowly in the form of "normal" illnesses, like cancer, leukemia, heart attacks, Alzheimer's disease with loss of short term memory first. No wonder these illnesses have increased all over the world.

When the use of electromagnetic fields, extra-low (ELF) and ultra-low (ULF) frequencies and microwaves aimed deliberately at certain individ-u-als,

groups, and even the general population to cause diseases, disorientation, chaos and physical and emotional pain breaks into the awareness of the general population, a public outcry is inevitable.

[Eleanor White comment: ELF/ULF frequencies on their own cannot be focussed and are practically impossible to transmit in the usual manner of radio transmissions. ELF/ULF cannot carry voice.]

ELF/ULF CAN be carried on radio and ultrasound carrier signals, however, and are effective in things like setting up a target to be more receptive to hypnosis, force a target to be unable to sleep, and force a target to fall asleep daytime. This is like the reverse process of reading the brain's natural ELF/ULF electrical activity using biofeedback.]

Who is behind a sinister plan to microchip and control and torture the general population?

[Eleanor White's comment: Reports from persons targeted by neuro- electromagnetic experimentation show that not everyone is implanted. The fact that those few victims who have had implants removed cannot get custody of the implants means someone has a keen interest in controlling the use of covert implants and preventing the publication of this practice.]

The Patent Office of the U.S.A. has granted patents for purposes of mental monitoring and mind alteration.

Apparatus and method for remotely monitoring and altering brainwaves, methods for inducing mental, emotional and physical states of consciousness, in human beings. Method of and apparatus for desired states of consciousness are among some of them.

People who have been implanted, involuntarily or through deception voluntarily have become biological robots and guinea pigs for this activity under the guise of national security.

The real consequences of microchip implantation (or with today's advanced hidden technology, using only microwave radiation for mind control,) are totally hidden from the public. How many know the real dangers of microwaves through mobile phones?

How many believe the disinformation that microwave radiation is not causing health problems? The economic issues in the mobile phone industry are enormous. Therefore health issues are deliberately brushed aside.

However, the same thing is inevitable in the future as with the tobacco industry. When economic compensation for health damages becomes big enough, as in the tobacco industry, health hazards will be admitted and users are then responsible for their tobacco-related illnesses.

Today, already about 50% of Finns, Swedes and Norwegians use mobile phones, especially the young population.

Mobile phones used in mind control was a brilliant idea. Military and police agencies can follow every user, influence their thoughts through microwaves, cause healthy people to hear voices in their heads and if needed burn their brains in a second by increasing the current 20,000 times.

That probably happened to Chechnyan leader General Dudayev who died talking to a mobile phone.

Heating effect of tissues with the speed of light is a known effect of high power microwave and electromagnetic pulse weapons.

According to Navy studies they also cause fatigue states, depression, insomnia, aggressiveness, long and especially short term memory loss, short catatonic states, cataracts, leukemia, cancer, heart attacks, brain tumors and so forth.

Alteration of behavior and attitudes has been demonstrated as well.

Dr. Ross Adey has found out that by using 0.75 milliwatts per square centimeter intensity of pulse modulated microwave at a frequency of 450 MHz it is possible to control ALL aspects of human behaviour!

Microwave radiation excites the hydrogen bond in the cells and can interfere with meiosis, which leads to tumors.

All our emotions, moods, and thoughts have a specific brain frequency which has been catalogued. If these records fall into the wrong hands, our behaviour and attitudes can be manipulated by persons whose ethics and morals are not in our best interest.

Both military and intelligence agencies have been infiltrated with such persons. The Director of the Swiss Secret Service had to resign in September 1999 because of his agency's involvement in illegal arms deals and a plan to create an ORGANIZATION within the legal Secret Service.

This globally infiltrated organization has "octopus type" activities in all major intelligence services in the world, working together with the Mafia and terrorists. It has recruited people from all important government institutions, state and local administrations.

It owns Star Wars technology which is used against military and civilian populations, claiming it is "non-lethal" weaponry.

"Down and out" people, jobless, freed prisoners, mental outpatients, students and orphans are trained by this organization to harass, follow, and torture innocent people, who for whatever reason have been put on the organization's hit list. They are ALREADY in every apartment block!

[Eleanor White comment: This gang-like colour-coding is not reported in all areas. Dr. Kilde's experience is with northern Europe.]

Deception is the name of the game, so recruits are told untrue sinister stories of their victims to keep them motivated. They have a military order and get rewarded for their evil actions, which include Satanism, and symbols and yellow-orange-black colors. However, fresh recruits must wear pink - and the highest elite wears yellow ties with dark suits.

Even dashes of yellow or orange in their ties may signal their recruitment as well as yellow shirts or other objects with that color for signalling.

Too many world leaders fit into this signalling. However, it is quite possible they are only used as fronts for this global organization without any knowledge of it's criminal activity in the field against innocent people. Mass media and big industry are also infiltrated.

Who are the targets? Experimentation with soldiers and prisoners may continue, as well as handicapped children, mental patients, homosexuals and single women. They are still experimental guinea pigs for electronic and chemical warfare. But today ANYONE can become a target, even those who invented the system.

Researchers who find out about this secret radiation of the population become targets themselves.

The U.S. Senate discussed the issue on January 22, 1997. The U.S. Air Force's "Commando Solo" aircraft have been used to send subliminal radio frequency messages to manipulate even the minds of foreign nations in their elections. Haiti and Bosnia are a couple of recent examples.

In July 1994 the U.S. Department of Defense proposed the use of "non-lethal" weapons against anyone engaged in activities the DoD opposes. Thus opposing political views, economic competitors, counterculture individuals and so forth can be beamed to sickness or death.

The Psychiatric Diagnostic Statistical Manual (DSM) for mental disorders has been a brilliant cover up operation in 18 languages to hide the atrocities of military and intelligence agencies' actions towards their targets. THE MANUAL LISTS ALL MIND CONTROL ACTIONS AS SIGNS OF PARANOID SCHIZOPHRENIA.

If a target is under surveillance with modern technology via TV, radio, telephone, loudspeakers, lasers, microwaves, poisoned with mind altering drugs via airducts, giving familiar smells which cause headache, nausea and so forth, if he claims his clothes are poisoned, his food or tap water as well --- all medical schools teach their students that the person is paranoid, ESPECIALLY if he believes intelligence agencies are behind it all.

Never is the medical profession told that these are routine actions all over the world by intelligence agencies against their targets. Thus, victims of mind control are falsely considered mentally ill and get no help since they are not believed and their suffering is doubled by ignorant health professionals.

The unethical abuses of power by individuals in charge of biomedical telemetry are incomprehensible to normal people.

The goal of mind control is to program an individual to carry out any mission of espionage or assassination even against their will and self-preservation instinct and to control the absolute behavior and thought patterns of the individual. The purpose of mind control is to disrupt memory, discredit people through aberrant behavior, to make them insane or to commit suicide or murder.

How is it possible that this technology is not stopped by political top authorities? They themselves will also be targets someday, a fact they have not always realized. How much are they involved?

This year the 1999 European Parliament in "Resolution on Environment, Security, and Foreign Policy", in paragraphs 23, 24, and 27 calls for "non-lethal" weapons technology and development of new arms strategies to be covered and regulated by international conventions.

Also, it calls for an international convention introducing a GLOBAL BAN on all developments and deployments of weapons which might enable ANY

## FORM OF MANIPULATION OF HUMAN BEINGS.

Project HAARP in Alaska is a global concern, and calls for it's legal, ecological, and ethical implications to be examined by an international independent body before any further research and testing.

It is possible that the USA will ignore those resolutions. The dangers of non-lethal mind control weapons were already revealed in an expert meeting of the International Committee of the Red Cross in Geneva, in July 1994.

Only increased public awareness of the microchip implants, their frightful consequences to privacy by influencing of individuals' thoughts and actions, causing people to become biological robots with physical and emotional pain whenever the supercomputer technician so wishes, is enough reason to refuse to take the chip into your body for whatever reason.

It is the biggest threat to humanity and the most sinister plan to enslave the human race forever.

If you have a choice and want to remain a normal human being with privacy, do not have your children nor yourself implanted with a DNA microchip. Otherwise your vision, hearing, sensing, thoughts, dreams and subconscious will be influenced by an outsider, who does not have your best interests in mind.

[Hidden Healthcare Reform Objective: Feds Want to Know Your Number](#). Imagine, if you will, that you are living in a changed America, or in President Obama's words, an America that begged "re-making." In this now-changed America, hope is in big government and her closest ally, big science. Now imagine that you and your spouse give birth to a child in this brave, new America, in a hospital linked by law to the federal citizens database. Immediately upon your child's birth, a hospital clerk assigns your newborn with a "Unique Health Identifier" (UHI), a specially coded number, which is then put into a national electronic database, along with your newborn's fingerprints and any other identifiers the bureaucrats in D.C. have demanded. ... Imagine that it is even required that your newborn, before leaving the hospital, be fitted with a surgically implanted microchip, the way babies are now, in many states, required to be vaccinated and blood-typed.

When people are implanted with RFID chips, where will the chips be placed? I predict they will be in the hand or in the forehead. Not everyone has hands, but everyone has a forehead. The insertion of the RFID chip in the forehead or in the hand will leave a visible mark, without which you will not be able to buy or sell anything. Years of over-reliance on debit cards and ATMs will lead to a cashless society, and the next step after that is to have all your digital money reside on your implanted RFID chip. My advice is this: DO NOT ACCEPT THE MARK ON YOUR HAND OR FOREHEAD. Life will be tough without it, but eventually you will be better off for refusing it.

[California Students Get Tracking Devices](#). California officials are outfitting preschoolers in Contra Costa County with tracking devices they say will save staff time and money.

[Obamacare's secret surveillance](#): Blog sites have been buzzing about the National Medical Device Registry, a new office in the U.S. Food and Drug Administration that was created in the Obamacare reconciliation package. Concern centers on the registry's authority to conduct "postmarket device surveillance activities on implantable medical devices," including those that feature radio-frequency identification. The word "surveillance" conjures ominous images of government tracking and reporting. Some have suggested the law lays the groundwork for compulsory microchip implantation so the state can keep tabs on everyone — for their own good, naturally.

[Man infects himself with computer virus](#) University of Reading researcher Mark Gasson has become the first human known to be infected by a computer virus. The virus, infecting a chip implanted in Gasson's hand, passed into a laboratory computer. From there, the infection could have spread into other computer chips found in building access cards.

[Re: Scientist Infects Himself With Computer Virus](#) I'd think that for this to be at all possible, it would have to be a very specific attack against a particular vendor's hardware or RFID communication stack. The idea of an RFID chip infecting arbitrary equipment is about as believable as the virus Jeff Goldblum used to bring down the alien mothership in Independence Day.

[Digital Totalitarianism -- The Conspiracy to Abolish Cash](#) For many years figures on the political fringe, especially on the right, have claimed that the government and its corporate owners want to transform us into a cashless society. Their warnings about the conspiracy against paper money fell on deaf ears, primarily because the digitalization of financial transactions seemed more like the result of organic business trends than the manifestation of some sinister conspiracy. Now, however, those who want to do away with liquid currency are stepping out of the shadows.

The RFID chip is like a bar code. It can identify the person who has been issued a specific recycle bin, but the RFID chip is not a scale. The bin can be weighed by the garbage truck easily enough, and that's how they'll determine if you're not recycling enough. There are numerous ways around this problem, but I'll leave them to the reader as an exercise. Let's just say I'll never be accused of recycling too little.

[RFID tags: Big Brother in small packages](#). The privacy threat comes when RFID tags remain active once you leave a store. That's the scenario that should raise alarms — and currently the RFID industry seems to be giving mixed signals about whether the tags will be disabled or left enabled by default. In an interview with News.com's Gilbert ... Gillette Vice President Dick Cantwell said that its RFID tags would be disabled at the cash register only if the consumer chooses to "opt out" and asks for the tags to be turned off. "The protocol for the tag is that it has built in opt-out function for the retailer, manufacturer, consumer," Cantwell said. Wal-Mart, on the other hand, says that's not the case.

You can imagine what goes through their minds: I really need to show the public that I get it. The only problem is that it doesn't always work.

[RFID and Gillette](#): RFID stands for Radio Frequency IDentification, a technology that uses tiny computer chips smaller than a grain of sand to track items at a distance. RFID "spy chips" have been hidden in the packaging of Gillette razor products and in other products you might buy at a local Wal-Mart, Target, or Tesco- and they are already being used to spy on people.

[Transportation Department will use RFID for road nannyng](#). With government funding [of course] and access to a large swath of radio spectrum, four RFID developers are starting work on a new generation of products aimed at bringing greater safety and new wireless applications to U.S. roads. Any system of this type would require this technology to be built into new vehicles.

Let me make a prediction: This system can and will be used to determine the location and the speed of every car on the highway. And just like air bags, you'll have to pay for this feature in your new car, whether you want it or not. [U.N.'s Universal Postal Union Gears Up for Large RFID Pilot](#). Three Middle Eastern countries — Qatar, Saudi Arabia and the United Arab Emirates — joined together in a three-month pilot earlier this year to test the suitability of employing radio frequency identification as a tool for measuring the performance of mail delivery services. The pilot, led by Qatar's General Postal Corp. (Q-Post) and also including Saudi Post and Emirates Post, leveraged both passive EPC Gen 2 tags and active tags placed on approximately 3,120 test letters that circulated among the three nations.

[Farmers See 'Mark of the Beast' in RFID Livestock Tags](#). [Electronic Vehicle Registration Picks Up Speed](#). In South Africa, at least 500,000 RFID tags are now being affixed to metal license plates to automatically identify vehicles and verify they are properly registered. VeriChip raises the same privacy issues as RFID tags. For an initial "chipping" fee, as well as a monthly subscription fee, customers' arms are implanted with a glass chip about the size of a grain of rice, containing a unique verification number.

**[Chip Implants Linked to Animal Tumors](#)** When the U.S. Food and Drug Administration approved implanting microchips in humans, the manufacturer said it would save lives, letting doctors scan the tiny transponders to access patients' medical records almost instantly. ... But neither the company nor the regulators publicly mentioned this: A series of veterinary and toxicology studies, dating to the mid-1990s, stated that chip implants had "induced" malignant tumors in some lab mice and rats.

**[RFID is Watching You](#)** It looks like RFID is about to come of age. In fact, with the level of backing that MIT's RFID program the Auto-ID Center now has, it could soon be as ubiquitous as money. Sun Microsystems is the latest to announce its support, joining other big brand names such as Procter and Gamble, Gillette, International Paper, Wal-Mart and Tesco. Together this industry co-operative aims to help build wireless digital identification tags into everything, from razor blades to magazines to pharmaceuticals to milk cartons.

**[RFID Tags](#)**: Radio Frequency Identification (RFID) is the generic term used to describe technologies using radio waves to automatically identify people or objects. We need to be aware of the privacy implications of this technology as its use becomes more widespread.

**[Wisconsin Bans Forced Human RFID Chipping](#)**. Civil libertarians cheered yesterday [5/30/2006] upon news that Wisconsin Governor Jim Doyle signed a law making it a crime to require an individual to be implanted with a microchip. Activists and authors Katherine Albrecht and Liz McIntyre joined the celebration, predicting this move will spell trouble for the VeriChip Corporation, maker of the VeriChip human microchip implant.

**[UK considers RFID tags for prisoners](#)**. The UK government is considering implanting prisoners with RFID tags containing data on identity, address and criminal record. The RFID tags, about the size of two grains of rice, would be injected under the skin and could be scanned by a reader. There are also proposals to link the RFID tags to a larger GPS device to monitor the location of high risk prisoners.

**[Consumer Watchdogs Demand Recall of Spychipped Credit Cards](#)**. Consumer watchdog group CASPIAN is demanding a recall of millions of RFID-equipped contactless credit cards in light of serious security flaws reported today [10/23/2006] in the New York Times. The paper reports that a team of security researchers has found that virtually every one of these cards tested is vulnerable to unauthorized charges and puts consumers at risk for identity theft.

**[Wal-Mart commits billions to RFID](#)** Wal-Mart plans to spend \$3 billion over the next few years on a new inventory tracking technology that uses radio frequency signals to keep tabs on merchandise, sources familiar with the project said. The system is based on a technology known as radio frequency identification (RFID), a new breed of computer network designed to track the location of everyday objects such as razors and shoes by embedding them with special microchips. Wal-Mart has enlisted its top 100 merchandise suppliers to participate in the high-profile project, which is one of the first and largest of its kind in the retail industry.

[Water vending machine uses RFID to track bottles](#) The new Aquaduct system, designed by S2C Global to deliver recyclable, five-gallon plastic bottles of water directly to the customer, targets a growing number of consumers who are time poor, but still have concerns over unhealthy products that damage the environment. According to the manufacturer, consumers purchase bottled water through outdoor vending machines with a credit, debit or pre-paid aqua card.

[Retailers See RFID's Potential to Fight Shrinkage](#). A growing number of retailers are beginning to see RFID as a tool not only for improved product visibility, but also for preventing product theft — or, at least, for reducing the negative impacts of product shrinkage.

[RFID Helps Car Wash Customers Cruise Through Lines](#). Car-wash operator Cruz Thru Express is employing an RFID system it designed itself to automate the way it provides services to its customers. ... ['Hardcore' crime teens to be tagged instead of locked up](#). Hundreds of Scotland's most serious young offenders will be allowed to stay in their communities with an electronic tag rather than being locked up.

[Privacy Best Practices for Deployment of RFID Technology](#). There are many possible applications of RFID that do not pose major privacy concerns. But to the extent that RFID devices can be linked to personally identifiable information ("PII"), including where such devices facilitate the tracking of an individual's location, RFID raises important privacy questions.

[Old Big Brother Had a Farm](#). If only Orwell could get a load of this. The U.S. Department of Agriculture is promoting a system that would have farm-animal owners and livestock handlers attach microchips or other ID tags to their furry and feathered charges so they could be monitored throughout their lifetimes by a centralized computer network.

[RFID Meets George Orwell's Telescreen](#). British company Ubisense has paired the remote tracking power of Radio Frequency Identification with a modern-day version of the telescreen from George Orwell's novel 1984. Ubisense claims that it has developed a way to use RFID tags to track human beings and objects to within 12 inches of their locations and beam a real-time 3-dimensional map of it all to computer screens for live monitoring of offices, manufacturing facilities, and even retail stores.

[Orwell Today](#) compares the world George Orwell described in "1984" with the world we are living in today.

[Britons 'could be microchipped like dogs in a decade'](#). Human beings may be forced to be 'microchipped' like pet dogs, a shocking official report into the rise of the Big Brother state has warned. The microchips — which are implanted under the skin — allow the wearer's movements to be tracked and store personal information about them.

[The hands-free way to steal a credit card](#): Adam Laurie, an RFID security expert, used the Black Hat DC 2008 conference here, to demonstrate a new Python script he's working on to read the contents of smart-chip-enabled credit cards. As part of his presentation Wednesday [2/20/2008], Laurie asked for someone from the audience to volunteer a smart card. Without taking the card out of the volunteer's wallet, Laurie both read and displayed its contents on the presentation screen — the person's name, account number, and expiration clearly visible. Demonstrations like that show the potential misuse of RFID technology in the near future.

[RFIDIOT](#) is an open source Python library for exploring RFID devices, written by Adam Laurie, a freelance security consultant.

[Cracked it!](#) Three million Britons have been issued with the new hi-tech passport, designed to frustrate terrorists and fraudsters. So why did Steve Boggan and a friendly computer expert find it so easy to break the security codes?

**Doubts raised over passport security.** If you have an Australian passport issued in the last year, you may know that it contains a computer chip to enhance security. The Government says it's the most secure Australian passport ever. But a London computer expert has raised doubts about its operation and its vulnerability to identity fraud. Using a new Australian passport, he's easily cracked the security protection of the new computer chip and accessed information within it.

**UK Biometric Passports not Secure.** A security expert has cracked one of the UK's RFID-equipped passports, stealing personal data from a distance.

**Medical Microchips — Risk and Uncertainty.** It is a sad reality that many federal laws result in unintended consequences for the public which must abide by them. Such has been the fate of the much touted Health Insurance Portability and Accountability Act (HIPPA), a law so cumbersome it took the Department of Health and Human Services almost seven years to figure out how to implement it.

**You need not be paranoid to fear RFID.** If this sounds paranoid, take it up with IBM. The company filed a patent application in 2001 which contemplates using this wireless snooping technology to track people as they roam through "shopping malls, airports, train stations, bus stations, elevators, trains, airplanes, rest rooms, sports arenas, libraries, theaters, museums, etc."

**Chips Could Track Car Plates.** A controversial plan to embed RFID chips in license plates in the United Kingdom also may be coming to the United States, experts told UPI's Wireless World.

**Malaysia to embed car license plates with microchips to combat theft** Malaysia's government, hoping to thwart car thieves, will embed license plates with microchips containing information about the vehicle and its owner, a news report said Saturday [12/2/2006]. With the chips in use, officials can scan cars at roadblocks and identify stolen vehicles, the New Straits Times reported. The "e-plate" chip system is the latest strategy to prevent car thieves from getting away with their crimes by merely changing the plates, the report said.

[Why would they need roadblocks? Why not scan every car at every major intersection?]

**Brit License Plates Get Chipped.** The British government is preparing to test new high-tech license plates containing microchips capable of transmitting unique vehicle identification numbers and other data to readers more than 300 feet away.

**RFID-enabled license plates to identify UK vehicles** The UK-based vehicle licence plate manufacturer, Hills Numberplates Ltd, has chosen long-range RFID tags and readers from Identec Solutions to be embedded in licence plates that will automatically and reliably identify vehicles in the UK.

**RFID ... Powder!?** Word has it Hitachi's latest batch of RFID chips are so small, "you won't even know they're there."

**Does Implantable RFID Need More Volunteers?** There hasn't been a whole lot of positive response for the RFID chip implant business, despite the industry's clamoring for volunteers. For a while there, VeriChip's controversial implantable RFID (developed to improve the accuracy of surgery and other applications) dominated headlines. But according to Mobile magazine and other media, VeriChip has sunk a lot of its own money into making these things -- but people aren't buying.

**Homeland Security May Drop RFID Plans Entirely.** US Homeland Security Secretary Michael Chertoff told a House committee hearing today [2/9/2007] that his department is dropping plans for RFID tags. Chertoff said the technology isn't the solution the Department of Homeland Security needs to keep would-be terrorists out of the United States, according to reports.

**E-Passports Less Reliable Than Traditional Passports.** A document obtained by EPIC from the State Department reveals that 2004 government tests found passports with radio frequency identification (RFID) chips that are read 27% to 43% less successfully than the previous Machine Readable Zone technology (two lines of text printed at the bottom of the first page of a passport).

**UK RFID Passport Cracked.** Three million Britons have been issued with the new hi-tech passport, designed to frustrate terrorists and fraudsters. So why did Steve Boggan and a friendly computer expert find it so easy to break the security codes?

**The RFID Hacking Underground:** They can steal your smartcard, lift your passport, jack your car, even clone the chip in your arm. And you won't feel a thing.

**Orwellian eyes.** The EZPass automated highway-toll system used by nine East Coast states, including Virginia, uses an RFID chip attached to a transponder or Smart Tag on the vehicle's windshield. The chip is read by a small machine posted at the toll booth and allows drivers to whiz past while the cost is deducted from a debit or credit card. The RFIDs already are a part of electronic vehicle identification systems used for access to military bases, airports, gated communities, hospitals, state parks and country clubs.

**Boycott Gillette.** Hidden cameras in Gillette spy shelves take mug shots of people who pick up their products! Consumers have asked Gillette to stop putting RFID "spy chips" in their products, but Gillette has ignored our concerns.

**Department of Homeland Security Wants Beefed up RFID** to silently ID people 25 feet away.

**Tagging surgical sponges could prevent medical errors.** Putting tiny tracking chips on sponges could help prevent the objects from being left in patients accidentally after surgery, say U.S. researchers who tested the idea.

**Wal-Mart is RFID tagging in Texas** In addition to violating the call for a moratorium on RFID-tagged items in stores, Wal-Mart has begun a consumer education campaign that CASPIAN is calling unethical. "Read the FAQs at the Wal-Mart corporate web site and you'll find plenty of half truths," [Katherine] Albrecht says. "They call it consumer education, but the omissions and spin make it feel more like a calculated disinformation campaign."

**Wal-Mart Radio Tags to Track Clothing** Wal-Mart Stores Inc. plans to roll out sophisticated electronic ID tags to track individual pairs of jeans and underwear, the first step in a system that advocates say better controls inventory but some critics say raises privacy concerns.

**Spychipped Levi's Brand Jeans Hit the U.S.** New information confirms that Levi Strauss & Co. is violating a call for a moratorium on item-level RFID by spychipping its clothing. What's more, the company is refusing to disclose the location of its U.S. test.

**Albertsons' assets sold to CVS, Supervalu and investor group.** The total value of the sale was about \$17.4 billion in cash, stock and assumed debt. ... No word on whether the "preferred" card is going to stick around, but with that price we suspect they are going to use every trick they can to recoup their investment.

**Oakland Requires ID Chips for Dogs.** City officials have drafted an ordinance that requires dog owners to have a rice-sized I.D. chip implanted in their pets. And those who don't comply could be hit with a fine of \$100 for a second offense and \$1,000 for subsequent infractions.

**Chip and PIN – Whose goods are you paying for?** The "chip and PIN" system is not automatically synchronized with the rest of the checkout, and customers may be being charged for the wrong amount on an ongoing basis if the cashier is not aware to check the receipts for consistency.

**California Gov Terminates RFID ID Bill** On Saturday [10/07/2006], California Governor Arnold Schwarzenegger vetoed SB 768, the Identity Information Protection Act of 2006, which would have been the first state bill to address how RFID technology may be used in identification documents issued by state and local governments and agencies.

**Pfizer's RFID Pilot Is the Start of Something Big** Pfizer, which began shipping RFID-tagged bottles of Viagra for U.S. distribution last December, is looking to the future use of RFID technology throughout the pharmaceutical supply chain. As the company approaches the one-year mark of its pilot program, McKesson, HD Smith and other wholesalers have completed 200,000 authentications of both item- and case-level tags. Of those, only 19 tags were found to be "dead" after leaving the facility, according to Peggy Staver, director of product integrity at Pfizer.

**Storm building over RFID-enabled passports.** As the U.S. government prepares to complete a conversion to the controversial RFID-based electronic passports, traditional paper-only IDs are still available for a few months to those listening to the raging debate over security and privacy concerns swirling around the electronic documents.

**Here Come the Next-Generation Passports.** The U.S. State Department has begun rolling out "e-passports," new high-tech documents that bolster border security through identity safeguards. In a dangerous world, upgrading passports is prudent policy that serves the interests of Americans at home and abroad, but not everyone is happy with them. E-passports employ the use of radio frequency identification, or RFID.

[RFID access control tokens widely open to cloning](#). Too many systems to itemize here rely on the 'unique ID' of an RFID token to grant access to a system or building, and, in the case that these tokens are based on 125kHz or 134.2kHz standard tags, many of them may be vulnerable to relatively simple cloning attacks. ... The problem is that many security system suppliers are integrating industry standard tag readers, and promoting the 'uniqueness' of the tag ID as a guaranteed certainty when it isn't, and thereby compromising the security of the entire system.

[RFID tags: Big Brother in small packages](#). The privacy threat comes when RFID tags remain active once you leave a store. That's the scenario that should raise alarms — and currently the RFID industry seems to be giving mixed signals about whether the tags will be disabled or left enabled by default. In an interview with News.com's Gilbert ... Gillette Vice President Dick Cantwell said that its RFID tags would be disabled at the cash register only if the consumer chooses to "opt out" and asks for the tags to be turned off. "The protocol for the tag is that it has built in opt-out function for the retailer, manufacturer, consumer," Cantwell said. Wal-Mart, on the other hand, says that's not the case.

[VeriChip Launches IPO](#). Although the provider of human-implantable RFID chips scaled back the size of its IPO, demand for the company's stock seemed fairly strong, with more than 2 million shares trading hands.

Update:

[Human Chipping Company Omits Salient Risks from IPO Disclosure](#). VeriChip Corporation, the much-hated purveyor of the VeriChip human ID implant, is airing its dirty laundry this week. This is not by choice, mind you, but because the Securities and Exchange Commission required the company to disclose its "risk factors" prior to launching its initial public offering of stock (IPO) Friday [2/9/2007].

[VeriChip](#): The VeriChip Personal Identification System is a small radio frequency identification device (RFID) that is implanted into the human body. VeriChip raises the same privacy issues as RFID tags. For an initial "chipping" fee, as well as a monthly subscription fee, customers' arms are implanted with a glass chip about the size of a grain of rice, containing a unique verification number.

[Chip Implants Linked to Animal Tumors](#). When the U.S. Food and Drug Administration approved implanting microchips in humans, the manufacturer said it would save lives, letting doctors scan the tiny transponders to access patients' medical records almost instantly. ... But neither the company nor the regulators publicly mentioned this: A series of veterinary and toxicology studies, dating to the mid-1990s, stated that chip implants had "induced" malignant tumors in some lab mice and rats.

[RFID is Watching You](#). It looks like RFID is about to come of age. In fact, with the level of backing that MIT's RFID program the Auto-ID Center now has, it could soon be as ubiquitous as money. Sun Microsystems is the latest to announce its support, joining other big brand names such as Procter and Gamble, Gillette, International Paper, Wal-Mart and Tesco. Together this industry co-operative aims to help build wireless digital identification tags into everything, from razor blades to magazines to pharmaceuticals to milk cartons.

[Kodak's RFID Moment](#): The company recently filed a patent for a digestible radio frequency identification tag, which would monitor the ingestion of medicine, but Kodak won't divulge its commercial intentions.

[RFID Tags](#): Radio Frequency Identification (RFID) is the generic term used to describe technologies using radio waves to automatically identify people or objects. We need to be aware of the privacy implications of this technology as its use becomes more widespread.

[Wisconsin Bans Forced Human RFID Chipping](#). Civil libertarians cheered yesterday [5/30/2006] upon news that Wisconsin Governor Jim Doyle signed a law making it a crime to require an individual to be implanted with a microchip. Activists and authors Katherine Albrecht and Liz McIntyre joined the celebration, predicting this move will spell trouble for the VeriChip Corporation, maker of the VeriChip human microchip implant.

[UK considers RFID tags for prisoners](#). The UK government is considering implanting prisoners with RFID tags containing data on identity, address and criminal record. The RFID tags, about the size of two grains of rice, would be injected under the skin and could be scanned by a reader. There are also proposals to link the RFID tags to a larger GPS device to monitor the location of high risk prisoners.

[Consumer Watchdogs Demand Recall of Spychipped Credit Cards](#). Consumer watchdog group CASPIAN is demanding a recall of millions of RFID-equipped contactless credit cards in light of serious security flaws reported today [10/23/2006] in the New York Times. The paper reports that a team of security researchers has found that virtually every one of these cards tested is vulnerable to unauthorized charges and puts consumers at risk for identity theft.

[Wal-Mart commits billions to RFID](#). Wal-Mart plans to spend \$3 billion over the next few years on a new inventory tracking technology that uses radio frequency signals to keep tabs on merchandise, sources familiar with the project said. The system is based on a technology known as radio frequency identification (RFID), a new breed of computer network designed to track the location of everyday objects such as razors and shoes by embedding them with special microchips. Wal-Mart has enlisted its top 100 merchandise suppliers to participate in the high-profile project, which is one of the first and largest of its kind in the retail industry.

[Old Big Brother Had a Farm](#). If only Orwell could get a load of this. The U.S. Department of Agriculture is promoting a system that would have farm-animal owners and livestock handlers attach microchips or other ID tags to their furry and feathered charges so they could be monitored throughout their lifetimes by a centralized computer network.

[RFID Meets George Orwell's Telescreen](#). British company Ubisense has paired the remote tracking power of Radio Frequency Identification with a modern-day version of the telescreen from George Orwell's novel 1984. Ubisense claims that it has developed a way to use RFID tags to track human beings and objects to within 12 inches of their locations and beam a real-time 3-dimensional map of it all to computer screens for live monitoring of offices, manufacturing facilities, and even retail stores.

[Britons 'could be microchipped like dogs in a decade'](#). Human beings may be forced to be 'microchipped' like pet dogs, a shocking official report into the rise of the Big Brother state has warned. The microchips — which are implanted under the skin — allow the wearer's movements to be tracked and store personal information about them.

[The hands-free way to steal a credit card](#): Adam Laurie, an RFID security expert, used the Black Hat DC 2008 conference here, to demonstrate a new Python script he's working on to read the contents of smart-chip-enabled credit cards. As part of his presentation Wednesday [2/20/2008], Laurie asked for someone from the audience to volunteer a smart card. Without taking the card out of the volunteer's wallet, Laurie both read and displayed its contents on the presentation screen — the person's name, account number, and expiration clearly visible. Demonstrations like that show the potential misuse of RFID technology in the near future.

[Doubts raised over passport security](#). If you have an Australian passport issued in the last year, you may know that it contains a computer chip to enhance security. The Government says it's the most secure Australian passport ever. But a London computer expert has raised doubts about its operation and its vulnerability to identity fraud. Using a new Australian passport, he's easily cracked the security protection of the new computer chip and accessed information within it.

[UK Biometric Passports not Secure](#). A security expert has cracked one of the UK's RFID-equipped passports, stealing personal data from a distance.

[Medical Microchips — Risk and Uncertainty](#). It is a sad reality that many federal laws result in unintended consequences for the public which must abide by them. Such has been the fate of the much touted Health Insurance Portability and Accountability Act (HIPPA), a law so cumbersome it took the Department of Health and Human Services almost seven years to figure out how to implement it.

[New UK biometric passports & identity theft](#): It would be fairly straightforward for a courier using a standard RFID reader to scan each passport, in its envelope, as he or she delivers it and hand the details on to an accomplice at some later time. We know that the encryption has already been broken. So. No need to steal the passport, no need even to open the envelope containing the passport. All the details taken and no evidence to show it.

[The ID Chip You Don't Want in Your Passport](#): If you have a passport, now is the time to renew it — even if it's not set to expire anytime soon. [Auto-ID: The worst thing that ever happened to consumer privacy](#). RFID employs a numbering scheme called EPC (for "electronic product code") which can provide a unique ID for any physical object in the world. The EPC is intended to replace the UPC bar code used on products today. Unlike the bar code, however, the EPC goes beyond identifying product categories — it actually assigns a unique number to every single item that rolls off a manufacturing line. For example, each pack of cigarettes, individual can of soda, light bulb or package of razor blades produced would be uniquely identifiable through its own EPC number.

[Pinch My Ride](#). Ignition keys equipped with RFID chips were supposed to put car thieves out of business. No such luck. But the insurance companies are completely convinced that cars with RFID keys can't be stolen and the keys can't be cloned and the locks can't be spoofed. So when your car is stolen, they assume you're to blame.

[Security Flaws Revealed in RFID Enabled Products](#). Students at Johns Hopkins University have discovered serious security flaws in the RFID chips which are used to protect cars from theft and prevent fraudulent use of Speedpass keys. The research shows that even RFID systems considered to be secure remain vulnerable, which only highlights the need to prioritize analysis of privacy and security prior to implementation of RFID technology. The potential for exploitation of the security deficiencies serves as a warning to all industries and governments that would hastily assemble RFID enabled systems in order to identify and/or track people as they cross borders.

The system combines passive and active RFID tags and readers.

[Mandatory Student ID Cards Contain RFIDs](#). Parents in a northern California public school district and civil liberties groups are urging a school district to terminate the mandatory use of Radio Frequency Identification tags by students. A letter was sent today [2/8/2005] expressing alarm at the Brittan School District's use of mandatory ID badges that include a RFID device that tracks the students' movements. The device transmits private information to a computer on campus whenever a student passes under one of the scanners. The ID badges also include the student's name, photo, grade, school name, class year and the four-digit school ID number. Students are required to prominently display the badges by wearing them around the neck at all times.

[Are new passports an identity-theft risk?](#) Privacy advocates warn data chips can be "seen" by anyone with reader.

["Tagging" U.S. Schoolchildren](#). Houston's Spring Independent School District "is equipping 28,000 students with ID badges containing computer chips that are read when the students get on and off school buses," reported the November 17 *New York Times* "The information is fed automatically by wireless phone to the police and school administrators." Police can monitor children from the time they leave home to their arrival on campus.

The Editor says...

If you think those are the limits of such monitoring, that the monitoring begins when the kid leaves the house, that the monitoring takes place only on school days, then you are naïve indeed. If the chips can be read at the school bus stop without the assistance of the kids, then the chips can be read anywhere in town at any time of day. And apparently every kid in the school gets such an ID badge, whether he or she rides the bus or not. Nobody dares to speak out against an idea like this, because ostensibly "we're doing it for the children" (or) "it's for their safety."

[Passports go electronic with new microchip](#). The US passport is about to go electronic, with a tiny microchip embedded in its cover. Along with digitized pictures, holograms, security ink, and "ghost" photos — all security features added since 2002 — the chip is the latest outpost in the battle to outwit tamperers. But it's also one that worries privacy advocates. The RFID (radio frequency identification) chip in each passport will contain the same personal data as now appear on the inside pages — name, date of birth, place of birth, issuing office — and a digitized version of the photo. But the 64K chip will be read remotely. And there's the rub.

[RFID Threats to Privacy and Civil Liberties](#): RFID tags can be embedded into/onto objects and documents without the knowledge of the individual who obtains those items. As radio waves travel easily and silently through fabric, plastic, and other materials, it is possible to read RFID tags sewn into clothing or affixed to objects contained in purses, shopping bags, suitcases, and more. [Additionally,] hidden RFID readers have already been experimentally embedded into floor tiles, woven into carpeting and floor mats, hidden in doorways, and seamlessly incorporated into retail shelving and counters, making it virtually impossible for a consumer to know when or if he or she was being "scanned."

[Proposed "Enhanced" Licenses Are Costly to Security and Privacy](#). A so-called "enhanced" driver's license or identification card contains more data and different technology than current licenses and ID cards. Citizenship designations and wireless radio frequency identification (RFID) technology chips will be added to the cards. More information about [The Proposed National ID Card](#).

["Homeland Security" may be used as excuse for RFID](#). Facing increasing resistance and concerns about privacy, the United States' largest food companies and retailers will try to win consumer approval for radio identification devices by portraying the technology as an essential tool for keeping the nation's food supply safe from terrorists. The companies are banding together and through an industry association are lobbying to have the Department of Homeland Security designate radio frequency identification, or RFID, as an antiterrorism technology.

[RFID Privacy Dustup](#): A pro-consumer privacy group opposed to tagging products with radio frequency identification (RFID) chips says it has made its point after discovering a security hole in the website of the Auto-ID Center, the MIT-based organization working with companies on industry standards for RFID and electronic product codes (EPCs).

[RFID: Tracking everything, everywhere](#). Supermarket cards and retail surveillance devices are merely the opening volley of the marketers' war against consumers. If consumers fail to oppose these practices now, our long-term prospects may look like something from a dystopian science fiction novel.

## RFID: Radio Frequency Identification Technology

and its impact on privacy

Radio Frequency Identification technology, or RFID, is being used in a number of settings from grocery stores and other retail outlets, to keeping track of pets and cattle, to license plates and passports. But the RFID systems are a clear threat to privacy, and recent history has shown that over-reliance on any kind of computer technology can be a disaster when the computers replace common sense.

More recently, many people have become convinced that it won't be long until everyone is required to accept RFID tags embedded in their skin. When the chips are implanted, they will leave a mark, and without that mark, many people believe that it will be impossible to buy or sell anything.

Before that day arrives, RFID systems will be used in a number of supposedly beneficial applications so that we can see what a great tool it could be for fighting terrorism and illegal immigration and all sorts of other problems. But remember, cattle are branded for the benefit of the farmer, not the cows. And when government officials assure you that RFID tags can't be copied, cloned or read by unauthorized snoops, don't believe it.

While barcodes have historically been the primary means of tracking products, RFID systems are rapidly becoming the preferred technology for keeping tabs on people, pets, products, and even vehicles. One reason for this is because the read/write capability of an active RFID system enables the use of interactive applications. Also, the tags can be read from a distance and through a variety of substances such as snow, fog, ice, or paint, where barcodes have proved useless.\*

A parallel technology involves the widespread use of [license plate readers](#).

You may voluntarily forfeit your privacy by the use of a [supermarket discount card](#), but you may not be aware of other technology working to identify who buys what, and where it all goes. Unlike barcodes, Radio Frequency Identification (RFID) chips make it possible to identify someone or something at a considerable distance from the reader. That could be really convenient at the grocery store, or it could be a real problem if you don't like to be followed, probed and audited wherever you go.

Another way to sacrifice your privacy, inadvertently or not, is through the use of [OnStar](#), which is like asking -- no, *paying* -- a benevolent Big Brother to follow you around in case you have a wreck or get lost in a strange city. That's all perfectly okay, but the integrity of the system depends on people doing the right thing all the time, which (obviously) isn't always the case. If Uncle Sam (the IRS, FBI, or CIA) wanted to follow you around, the OnStar system would be the handiest tool to use.

If you are interested in RFID issues, you may consider [Toll Road RFID Tags](#) and license plate scanners to be a threat to privacy, anonymity and individual liberty. Unfortunately, the courts have ruled that there can be no expectation of privacy or anonymity on the highway.

[Delta Airlines to Use RFID Microchips on All Luggage: Unveils \\$50 Million Dollar Tracking System](#). Now that everyone has gotten used to having a smart device attached to them at all times, it is the perfect time to begin tagging everything we touch with RFID microchips. Once people accept that, the tagging and chipping of humans will be next.

[NFL likely to insert data chips into game balls in preseason, Thursdays](#). The NFL is finalizing plans to insert custom-made data chips into the game balls used in the 2016 preseason and Thursday night regular-season games, a league source said Sunday night. The data would be used for research that could spark significant changes in officiating, kicking and other areas as soon as the 2017 season. The Toronto Sun reported earlier Sunday that the league would use chips in K-balls to help determine the potential impact of narrowing the goalposts sometime in the future.

[FDA & VeriChip try to Spin Spy Chip Scandal](#). After a recent investigation by the Associated Press uncovered the fact that substantial evidence exists, linking FDA-approved, human-implantable spychips, manufactured by VeriChip Corporation, with cancers found in numerous lab animals and at least one pet dog, both the FDA and VeriChip have been in full spin mode, trying to avoid a full-scale investigation that has the potential to bring down not only VeriChip, but quite possibly former Health and Human Services Secretary, Tommy Thompson. It's important to note that Thompson, who was Secretary of the department that oversaw the FDA, at the time that VeriChip received its FDA approval for their spychip, resigned that post just two weeks after that approval and within five months, held a very lucrative position on the board of directors of both VeriChip and its parent company, Applied Digital Solutions.

[Chip cards? Most small business owners unaware of upcoming credit card transaction changes](#). A majority of small-businesses owners are unaware of an impending shift that could leave them liable for fraud committed with a new generation of chip-embedded credit cards.

[All American Credit Cards Will Disappear in 2015 and be Replaced with RFID Chip Technology](#). The new EMV credit card system in the U.S. is set to be rolled out by October, 2015. Also going away is the ability to sign for your purchases, that will no longer be necessary. Instead, you will enter a PIN to verify that you are the holder of the card. Removing the human element is one more step in the march towards the Mark Of The Beast system that will be in place during the Tribulation under the Antichrist. Obviously, all this is leading to a microchip being placed inside every human being, which would be the only way to guarantee that your card will not be lost or stolen.

[PayPal wants to implant passwords in your stomach and your brain](#). PayPal is working on a new generation of embeddable, injectable and ingestible devices that could replace passwords as a means of identification. Jonathan LeBlanc, PayPal's global head of developer evangelism, claims that these devices could include brain implants, wafer-thin silicon chips that can be embedded into the skin, and ingestible devices with batteries that are powered by stomach acid. These devices would allow "natural body identification," by monitoring internal body functions like heartbeat, glucose levels and vein recognition, Mr LeBlanc told the *Wall Street Journal*.

[Chip and Quill: How EMV Will Increase Card Fraud in the U.S.](#) First, while the U.S. accounts for 25 percent of global card volume, it attracts 50 percent of all card fraud — because we still rely on magnetic stripes and signatures in cursive to secure and verify card transactions. Fun fact #1: Cursive was invented to prevent lifting your quill from the page and blotting ink all over your scroll. I'm not kidding. In response to better pen and ink technologies developed decades ago (not to mention word processing), schools are finally phasing out instruction in cursive writing. Fun fact #2: In a very recent non-scientific study conducted only by me, I concluded that humans are incapable of reproducing signatures on point-of-sale (POS) terminals that don't draw their sobriety into question — not that it matters since no one's checking them anyway. And since no one's checking them, signatures are not a reliable source of identification, and they are completely useless in preventing lost-and-stolen card fraud.

Editor's note:

[EMV](#) stands for Europay, MasterCard and Visa, a global standard for inter-operation of integrated circuit cards (IC cards or "chip cards") and IC card capable point of sale (POS) terminals and automated teller machines (ATMs), for authenticating credit and debit card transactions.

[Man embeds computer chips in hands to store Bitcoin](#). A Dutch entrepreneur has had two wireless computer chips implanted under the skin in his hands to allow him to store digital currencies like Bitcoin inside his body. Martijn Wismeijer is the founder of Mr Bitcoin, a company which installs and operates crypto-currency cash machines in and around his native Amsterdam and across Europe. This month he chose to undergo a painful procedure to embed NFC (near-field communication) chips under his skin.

[Latest Obama order aims to combat identity theft, data breaches](#). President Obama signed an executive order on Friday [10/17/2014] designed to increase Americans' financial security and strengthen protections against identity theft. The new "BuySecure" initiative is an attempt to expedite the transition away from debit and credit cards with magnetic strips, a dated technology that's more vulnerable to intrusion, and toward cards with microchips and PIN numbers, which are considered more secure. Under the order, starting next year, all government-issued cards will make use of the newer technology.

The Editor says...

Once the federal government standardizes a practice of this seemingly innocuous sort, it soon becomes a federal mandate for private businesses. Mr. Obama is merely getting the ball rolling. Not by signing a law passed by Congress of course, just an exercise of his own authoritarian power. The RFID chips are in the cards for now, but I suspect that when this system is shown to be inadequate, the RFID chip will have to be in your hand or you forehead. Notice also that any action the government does not want you to notice is taken on [Friday afternoons](#).

[Is there a microchip implant in your future?](#) You can inject one under your skin and no one will ever notice. Using short-range radio frequency identification (RFID) signals, it can transmit your identity as you pass through a security checkpoint or walk into a football stadium. It can help you buy groceries at Wal-Mart. In a worst-case scenario — if you are kidnapped in a foreign country, for example — it could save your life. Microchip implants like the ones pet owners use to track their dogs and cats could become commonplace in humans in the next decade.

[Texas Schools Are Forcing Kids To Wear RFID Chips. Is That a Privacy Invasion?](#) Two San Antonio schools have joined others in Houston and Austin in requiring students to wear cards with radio-frequency identification (RFID) chips embedded in them, allowing administrators to track their whereabouts on campus.

[Student Refusing to Wear RFID Chip Loses in Court.](#) A federal court has ruled that a Texas student who refuses to wear a school-mandated RFID tracking badge must at least wear an identification badge without a tracking chip or else change to a school without such a system. John Jay High School in San Antonio, Texas began requiring students to wear badges with RFID tags to track students' on-campus movements at the beginning of the fall semester. Andrea Hernandez, 15, refused to wear the badge on religious grounds, claiming it was the "mark of the beast," according to Wired. She was suspended for disobeying the new rule and later sued the district. A temporary injunction allowed her to continue her studies untracked.

[Student Suspended for Refusing to Wear RFID Chip Returns to School.](#) A Texas girl suspended for refusing to wear a student ID card implanted with a radio-frequency identification chip is being re-admitted to her former high school where fall classes begin Monday, her lawyers said today [8/22/2013]. The flap concerns Andrea Hernandez, who will be a junior at John Jay High in San Antonio. She was suspended in January and sued the Northside Independent School District on privacy and religious grounds. She lost the case and began attending another school that did not require pupils to wear the ID badges.

[Texas school can force students to wear locator chips, judge rules.](#) A public school district in Texas can require students to wear locator chips when they are on school property, a federal judge ruled on Tuesday [1/8/2013] in a case raising technology-driven privacy concerns among liberal and conservative groups alike.

[Texas schools punish students who refuse to be tracked with microchips.](#) Since October 1, [2012,] students at John Jay High School and Anson Jones Middle School in San Antonio, Texas, have been asked to attend class with photo ID cards equipped with radio-frequency identification (RFID) chips to track every pupil's location. Educators insist that the endeavor is being rolled out in Texas to stem the rampant truancy devastating the school's funding. If the program is judged successful, the RFID chips could soon come to 112 schools in all and affect nearly 100,000 students.

[Officials Kick Andrea Hernandez Out of Magnet School Over Religious Objections to RFID Tracking Program.](#) In keeping with a court order to provide school officials with a written decision as to whether or not she will agree to wear an RFID tracking badge to school, Andrea Hernandez had asked school officials at John Jay High School to allow her to continue her "education uninterrupted" by permitting her to use her old ID badge which "does not signify participation in a program which I believe conflicts with my religious beliefs."

The Editor says...

The lesson here is clear: A student's religious beliefs will not be accommodated and no exceptions will be allowed — unless the student is a Muslim!

[New Obama plan calls for implanted computer chips to help U.S. troops heal.](#) When President Obama on Tuesday [8/26/2014] highlighted 19 executive actions he says he is taking to improve the mental health of U.S. troops and veterans, one of them centered on a particularly novel effort: The development of new computer chips designed to modulate the nervous system to help with everything from arthritis to post-traumatic stress. The project is headed by the Defense Advanced Research Projects Agency, a Pentagon agency that develops a variety of high-tech equipment for the U.S. military. It's known as the Electrical Prescriptions program, or ElectRx (pronounced "electrics").

[Establishment Pushing "Cashless Society" to Control Humanity.](#) Proponents of the government-enforced move away from physical currency cite a wide array of potential real and imagined benefits. Among them: possible reductions in armed robbery, tax evasion, black-market commerce, the cost of printing and securing physical cash, and more. Critics, though, are warning of the dangerous and Orwellian schemes that could be unleashed in a world where out-of-control governments can monitor literally every purchase, transaction, and bit of economic activity. In light of the recently exposed NSA snooping scandal, the possibilities for abuse and total surveillance are more than hypothetical, obviously.

[Contactless Credit Cards causing increase in crime.](#) Tap-and-go credit cards contributing to increase in crime stats, Victoria [Australia] Police say. Chief Commissioner Ken Lay said the number of deceptions, including when thieves fraudulently use other people's credit cards, has increased by 11,600 and impacted on overall crime rates. "One of the main drivers over the last little while have been deceptions and these tap-and-go (credit) cards."

[Will Microchip Implants in Humans Become Mandatory?](#) [If Mac Slavo's] vision of tomorrow is correct, hardly anyone will have to be dragged kicking and screaming by jack-booted storm troopers (or robots?) into that Brave New World; rather, most people will willingly be chipped as we slouch toward Oceania. In fact, the movement is already in progress. [...] There is precedent for acceptance of such intrusion; after all, your cellphone has an RFID chip and can be used to track your every movement, and its camera can be remotely activated by authorities. And we all have Social Security numbers.

[Creepy New Disney RFID Bracelet to Allow Park Mascots to Greet Your Child By Name.](#) Frankly, Disney creeps me out, and my research affirms that those feelings are not at all misplaced. When I saw that one of the new capabilities of Disney's ever-so-magical RFID bracelet program was to allow the middle-aged guy with no background check who dresses like Goofy and wonders the park greeting kids all day to know people's children *by name*, I thought this definitely requires a report.

[San Antonio Officials Re-Admit Expelled High School Student After Ending RFID Tracking Program.](#) School officials with the Northside Independent School District have agreed to re-admit Andrea Hernandez to John Jay High School's Science and Engineering Academy. Hernandez, who will resume her studies at John Jay as a high school junior when school convenes on Monday, Aug. 26, was expelled from the magnet school program after raising religious freedom and privacy objections to NISD's "Student Locator Project," which relied on RFID tracking badges to enable school officials to track students' location on school property.

[Is It Possible That Snowden Is A Hero?](#) Even those who do not use the Internet or have a computer are having all their data and information collected by the government as well as political marketers. Every swipe of a credit card, supermarket card, library card, debit card, is downloaded to the Net at relatively low cost to the government. GPS in cars and smartphones, Onstar vehicles, can have their locations tracked by the Department of Defense which developed this technology. Radio frequency identification (RFID) tags can be used to track everything from household products, casino chips, animals and even people who have them inserted under the skin at fancy VIP club to facilitate faster access to club. These RFIDs are in our passports. Authorities can place GPS devices on suspect vehicles without court orders thanks to the Patriot Act. This is not fiction. It is real and it is happening to all of us now.

[High-Tech Thieves Use New Gadget To Gain Keyless Access To Vehicles In Long Beach.](#) Police are asking for the public's help in identifying three tech-savvy criminals wanted for a series of car burglaries in which they used an unknown device to gain keyless entry to vehicles.

[RFID used to track school students.](#) A court challenge has delayed plans to expel a Texan student for refusing to wear a radio tag that tracked her movements. Religious reasons led Andrea Hernandez to stop wearing the tag that revealed where she was on her school campus. The tags were introduced to track students and help tighten control of school funding.

[More on suspended student refusing to wear tracking device.](#) The district attempted to paint this "students-as-livestock/prisoners" effort as being there for the safety of students and staff. But underneath all the "safety" talk was a large pile of money that the school district hoped to pocket. The so-called "Student Locator" project Texas' Northside Independent School District was implementing put school officials within handout distance of nearly \$1.7 million in state government funds.

[Texas school district to require students to wear RFID chip while \[sic\] on campus.](#) A school district in San Antonio, Texas is requiring middle and high school students to wear a "tracking" chip while on campus. And not just a passive RFID (Radio-frequency identification) chip, these second generation RFID chips include a battery that transmits a radio signal for constant location monitoring of the students. District spokesman Pascual Gonzalez said, "Chip readers on campuses and on school buses can detect a student's location but can't track them once they leave school property. Only authorized administrative officials will have access to the information."

The Editor says...

The school district claims they "can't track [the students] once they leave school property." Not true. Active RFID tags can be read and located wherever there is a compatible reader. The reader can be the property of the school district, or the police, an identity thief, or anybody else.

[Wear radio chip or leave, school tells students.](#) Brushing aside privacy concerns by parents and civil rights activists, a Texas school district has gone live with a controversial program requiring all students to wear a locator radio chip that will enable officials to track their every move — or face expulsion. At the beginning of the school year students at John Jay High School and Anson Jones Middle School within the Northside Independent School District were told their old student ID badges were no longer valid. During registration they were required to obtain new badges containing a radio frequency identification tracker chip.

[Student Expelled for Refusing Location Tracking RFID Badge.](#) After months of protesting a policy requiring high school students to wear an RFID-enabled ID badge around their necks at all times, Andrea Hernandez is being involuntarily withdrawn from John Jay High School in San Antonio effective November 26th, according to a letter sent by the district that has now been made public. The letter, sent on November 13, informs her father that the Smart ID program, which was phased in with the new school year, is now in "full implementation" and requires all students to comply by wearing the location-tracking badges.

[Spying on school kids.](#) School districts in Texas are using tracking chips to spy on students. That's just fine with a federal judge who ruled Tuesday [1/8/2013] against Andrea Hernandez, a 15-year-old high school sophomore in San Antonio. With the help of the Rutherford Institute, Miss Hernandez and her father filed a lawsuit arguing the creepy "student locator project" violated her constitutional rights.

[Hackers Endorse Texas Student's Refusal to Wear Tracking Device.](#) In September, two San Antonio schools began requiring their 4,000 students to wear ID badges containing radio frequency identification chips that transmit 24/7. Hernandez refused, citing her religious beliefs and right to privacy. The school threatened expulsion. So she sued. Hernandez refused even to wear a card lacking a chip and battery, though school staff offered her that option twice, her principal said. Wearing it would imply she endorsed the badges, her father said. The sophomore has been wearing her old ID around her neck, instead.

[USDA Wants RFID Tracking Technology To Be Mandatory In US Food Stamp Program.](#) The USDA is now considering biometric identification for all individuals who will want to benefit from their Food and Nutrition Services. The RFID chip may just soon be a must for everyone who does not want to starve!

[Texas Students Revolt Against Mandatory RFID Tracking Chips.](#) Students and parents at two San Antonio schools are in revolt over a program that forces kids to wear RFID tracking name tags which are used to pinpoint their location on campus as well as outside school premises. Students at John Jay High School and Anson Jones Middle School will be mandated to wear the tags from today which will be used to track them on campus as well as when they enter and leave school.

['Human barcode' could make society more organized, but invades privacy, civil liberties](#). Would you barcode your baby? Microchip implants have become standard practice for our pets, but have been a tougher sell when it comes to the idea of putting them in people. Science fiction author Elizabeth Moon last week rekindled the debate on whether it's a good idea to "barcode" infants at birth in an interview on a BBC radio program.

[Texas District Plans to Add RFID Chips to School IDs](#). Depending on your point of view, RFID technology is either stuff of dystopian fantasy come to life, or a long-overdue improvement made possible by technology. Students at the Northside Independent School District in San Antonio, Texas will have plenty of opportunities to decide this issue for themselves as the officials roll out a plan to embed a Radio Frequency Identification System chip into student ID cards in order to track their location throughout the day.

[Concerned About RFID Tags? You Should Be](#). Stores are not the only organizations to use RFIDs. Many libraries today are also using them as a way to manage their inventory. RFID systems have already replaced traditional checkout systems in a number of libraries in California, Oregon, and Nevada. Once again this raises serious concerns with privacy advocates. When a book is entered into the collection, it is given a second static ID number. Because the number never changes, a person or organization can use that ID to track the movements of certain books. This technique, called "hotlisting", when combined with traditional methods such as video surveillance, can be used to link together persons of the same group or disposition. Many believe that law enforcement agencies could easily abuse this method if RFIDs become more prevalent.

[Legal Battle May Disallow Publication on Cracked RFID Chip](#). Researchers from the Dutch Radboud University have cracked and cloned London's Oyster travel card, after cracking the Dutch Mifare Travel card. The latter would be used in a nationwide network for billing of public transportation. Both cards use the Mifare Classic RFID tags, which relies for its security on an algorithm that can be cracked with modest effort. The troubled card provides for contact-less entrance to public transportations and office buildings worldwide. The manufacturer of the chip, NXP, follows Dutch secretary of state Tineke Huizinga in claiming that publication of the results is irresponsible.

[Information could be 'robbed by radiowave' thanks to new contactless technology](#). Millions of credit and debit card users could be 'robbed by radiowave' because of new contactless technology being brought in by banks. Almost 20 million shoppers are now able to buy goods by simply waving their card in front of a reader at the tills, even if it is still in a wallet or a purse.

['Big Brother' plan to fight obesity in children by tracking students with electronic tags](#). Parents and civil rights activists are furious at the new program that will allow school administrators to monitor the heart rates, exercise, and sleep schedules of students using electronic bracelets. A school district in Long Island, New York, announced that it would be the latest addition to the list of schools using the technology to help track students' activity and fight obesity. Unanswered questions — including which students will wear the devices, for how long, and the purpose of the gathered data — have parents concerned about the level to which the program will invade their children's privacy.

[Schools 'spy' on fat kids](#). A group of Long Island students will soon be wearing controversial electronic monitors that allow school officials to track their physical activity around the clock. The athletics chair for the Bay Shore schools ordered 10 Polar Active monitors, at \$90 a pop, for use starting this spring. The wristwatchlike devices count heartbeats, detect motion and even track students' sleeping habits in a bid to combat obesity.

[NY Schools Spy on Fat Kids](#). Big Brother wants your kids to lose weight and be healthier. A school district on Long Island, New York is requiring a group of overweight and obese kids to wear electronic bracelets that monitor where they are and what they're doing at all times, especially if they're not active or exercising.

[The black hole of Britain!](#) One family, the Smiths, were baffled when their heating, shower, doorbell and even their cars' remote door locks refused to work and they discovered similar problems were being experienced by their neighbours in Kingsclere. [Electronic skin tattoo has medical, gaming, spy uses](#). A hair-thin electronic patch that adheres to the skin like a temporary tattoo could transform medical sensing, computer gaming and even spy operations, according to a US study published Thursday. The micro-electronics technology, called an epidermal electronic system (EES), was developed by an international team of researchers from the United States, China and Singapore, and is described in the journal *Science*.

[Mexicans Get Dubious RFID Tracking Chips Implanted In Their Arms](#). Companies selling these chips to scared citizens are promising that they will help rescuers track them down in the event of a kidnapping. The chip, implanted in the tissue between the shoulder and elbow, sends a signal to an GPS device that the wearer carries. But Xega, the company that manufactures many of the chips, says that they can track clients even without the GPS unit, by sending radio signals directly to the implanted chip. This claim seems very unlikely to be true.

[Don't steal the hotel towels... they're electronically tagged](#). One company has come up with a way of adding miniature tags in the expensive materials which were costing hotel managements a fortune to constantly replace.

[Risks of RFID car keys](#). Back in the good old days, if you happened to leave your key in your car, a potential thief still had to 1) know it was there and 2) locate it in order for it to do him or her any good. No more. Now thanks to handy dandy RFID technology the thief can steal the car first and then search for the key after. And, of course, finding a car whose owner has left a key in it somewhere is a simple matter of making a pinging device.

Any mass-produced security system can be hacked or bypassed.

[How Hackers Can Use Smart Keys To Steal Cars](#). Modern smart keys use radio frequencies to let drivers unlock and start a vehicle without fumbling with a key fob. Now European researchers have found such systems can be hacked, letting thieves easily steal your car. ... The research by the team from the Swiss Federal Institute of Technology targeted a new weakness; the smart key fobs common on luxury vehicles and spreading to mainstream models that allow a driver to unlock doors and start a vehicle without touching the fob. Using radio signals, the fob and vehicle send encrypted signals to each other over short distances, and while other researchers had suggested the fobs could be vulnerable, no one had put the idea to a test.

[Implanting RFID tags in U.S. passports makes stealing personal data easier than ever](#). In January 2006, the Dutch security firm Riscure ... using a personal computer and a commercially available radio receiver ... was able to read the digital information of a prototype Dutch e-passport (which uses the same RFID chip and encryption scheme as the new U.S. passports) from a distance of about 30 centimeters. With that information, Riscure cracked the e-passport's password in roughly two hours and thus gained full access to the RFID chip's contents, including a digital picture, fingerprint, and other personal information.

[RFID passport card privacy threat debated](#). A passport card set to be issued by the State Department for travel to Canada, Mexico and the Caribbean doesn't require privacy protection, even though it uses a radio frequency identification chip which can be read from 20 feet away, because the chip itself doesn't contain personal information, according to the director of the National Institute of Standards and Technology.

[Selective Blocking of RFID Tags for Consumer Privacy](#). The impending ubiquity of RFID tags ... poses a potentially widespread threat to consumer privacy. The simplest RFID tag will broadcast its ID serial number — that is, its electronic product code (EPC) — to any nearby reader. The ID number, as envisioned by the AutoID Center, is unique to a given tag. It contains not only the traditional information contained in a printed barcode (indicating manufacturer and product type), but also a unique serial number for that tag. Each consumer product or item of clothing will be uniquely identified.

[Did corporate lawyers put kibosh on 'Mythbusters' RFID episode?](#) At a recent conference — it's not clear which one — *Mythbusters* co-host Adam Savage was asked why the show hasn't tackled the technology behind the security limitations of RFID. His eyes lighting up at the chance to talk about something that clearly was a memorable experience for him, Savage said the show had actually set out to do an episode on the vulnerabilities of RFID but encountered some very powerful resistance.

[Feds Release Pass Card details](#). The government has dragged its feet in releasing the final details about its Pass Card technology, and now they dump it into the Federal Register on the last day of the year. The government has decided to go with a technology that is more suited to tracking inventory and can be read from up to 20 feet away.

[RFID passport card privacy threat debated](#). A passport card set to be issued by the State Department for travel to Canada, Mexico and the Caribbean doesn't require privacy protection, even though it uses a radio frequency identification chip which can be read from 20 feet away, because the chip itself doesn't contain personal information, according to the director of the National Institute of Standards and Technology. NIST director William Jeffrey said that because the RFID chips will only contain a unique reference number which points to a database entry, the passport cards don't need to be encrypted or to have other safeguards for protecting personal information.

[Report Tempers RFID Fears](#). Those who understand the benefits of RFID are aware of its potential for abuse ... Most seek to require retailers to deactivate tags at the time of purchase. They are also urging manufacturers to embed tags in the packaging instead of in the products themselves. The RFID industry and users have endorsed both approaches.

[RFID Guardian](#). Apparently someone in the Netherlands has developed a prototype device which can

- Detect all RFID chips and scanners in its neighborhood;
- Block the reading of any RFID you carry;
- Spoof a given RFID.

[Alarm over shopping radio tags](#). Supermarkets have already brought everything under the sun under one roof, and along the way been accused of denuding the High Street of butcher, baker and candlestick-maker. Now they are introducing a new technology that some say threatens a fundamental invasion of our privacy.

[Bill aims to slow RFID in its tracks](#). Prompted by worries that developing technologies that use radio waves to identify both physical objects and human beings are gaining popularity in big businesses such as Wal-Mart, [New Hampshire] House and Senate members have collaborated on the language for what could be the model for legislation of its kind in the nation.

[EPIC's web page about RFID Systems](#). RFID tags come in a wide variety of shapes and sizes. Some tags are easy to spot, such as the hard plastic anti-theft tags attached to merchandise in stores. Animal tracking tags which are implanted beneath the skin of family pets or endangered species are no bigger than a small section of pencil lead. Even smaller tags have been developed to be embedded within the fibers of a national currency. While barcodes have historically been the primary means of tracking products, RFID systems are rapidly becoming the preferred technology for keeping tabs on people, pets, products, and even vehicles.

[What is RFID?](#) RFID stands for Radio Frequency IDentification, a technology that uses tiny computer chips smaller than a grain of sand to track items at a distance. RFID "spy chips" have been hidden in the packaging of Gillette razor products and in other products you might buy at a local Wal-Mart, Target, or Tesco and they are already being used to spy on people.

[Tracking device on bins ensures residents chip in](#). Bin Brother is watching you. When Randwick City Council began replacing its 78,000 residential garbage and recycling bins last month, a resident, Dan Himbrechts, scratched his head. Why get rid of old ones that seemed to work perfectly well? His suspicions grew further when he noticed a small, flat, circular object hidden under the rim of his new bin. About the size of a 10-cent coin, it had the letters "TI-RFid" embossed on it. ... [Local officials] say they are using the data to help identify areas where people are not recycling enough.

The Editor asks...

What happens to the people who don't recycle enough?

[New recycling bins with tracking chips coming to Alexandria](#). Alexandria residents soon will have to pay for larger home recycling bins featuring built-in monitoring devices. The City Council added a mandatory \$9 charge to its residents' annual waste collection fee. That cash — roughly \$180,000 collected from 19,000 residents — will pay for new larger recycling carts equipped with computer microchips, which will allow the city to keep tabs on its bins and track resident participation in the city's recycling program.

[China raises the red tag](#). RFID tags aren't just for tracking consumer goods any more. The Chinese Communist Party is experimenting with tagging and tracking people. Delegates to the recent Communist Party Congress were required to wear an RFID badge equipped with the tiny tag, which permitted their movements around the conference to be constantly tracked and recorded.

[Hacker RFID Demo Killed by Corporate Lawsuit Threat](#). It's a new take on an old story. Security researcher wants to demonstrate longstanding vulnerabilities in a product. Product's owner gets mad and threatens to sue before the presentation. Presentation gets cancelled. This go around security researchers at IO Active wanted to show security professionals at the Black Hat conference in Washington, D.C. on Wednesday how easy it was to create a way to clone building entrance cards sold by HID Corporation.

[RFID and Privacy](#). If "live" unique RFID devices pass beyond the point of sale and are carried out into the consumer's world, they pose a strong threat to privacy. The unique ID in a garment or a car could be read silently by any organization and associated with an individual, allowing subsequent re-identification by that organization (or indeed by any other organization to which the data was sold). The organization doing the surveillance need not be the manufacturer or retailer. As readers cost as little as \$20, a hobbyist snoop or private investigator could even set one up near a doorway to record people who revisit an area.

[RFID: the next serious threat to privacy](#). RFID's usage is currently undergoing a revolution, being incorporated into everything from automobile keys to product packaging to passports. With this deployment, though, have come great concerns about the technology's effect on the privacy.

[RFID Viruses and Worms](#). Up until now, everyone working on RFID technology has tacitly assumed that the mere act of scanning an RFID tag cannot modify back-end software, and certainly not in a malicious way. Unfortunately, they are wrong. In our research, we have discovered that if certain vulnerabilities exist in the RFID software, an RFID tag can be (intentionally) infected with a virus and this virus can infect the backend database used by the RFID software.

This article was published in January 2003, hence the reference to John Poindexter.

[RFID tags: Big Brother in small packages](#). The privacy threat comes when RFID tags remain active once you leave a store.

Subject: What is Baphomet

Write a message...What is Baphomet

Most people are familiar with the current well known Goat headed Baphomet of Elphas Levi, the French occultist. But this is not the actual Baphomet of the Templar's thanks to historical records going back to the 14th century we actually know what the Templar Baphomet actually looks like and what it means.

The Templar's were stated to worship a deity called Baphomet. As known the Templars and their fellow Cathar's were actually Pagan's practicing the Aryan religion. The people who tried to murder them all, then wrote their history to conform to their lies:

The Templar's Serpent Tradition:  
[topic8240.html](http://topic8240.html)

Primordial Buddhism/Catharism:  
[topic8450.html](http://topic8450.html)

Bapho is baptised and Met means Wisdom this is further proven that in the Templar cipher Baphomet means: "Baptised in Sophia". Sophia means wisdom. A Templar chalice was described as having the following written on it: "Let Mete be exalted who caused all things to grow and bloom...". Mete was a name of the ancient Goddess of the Pagan cultures in the west and east. In Hinduism Mete is Mata, Sri Mata the name of the Goddess of creation. Many times the E and A are changed up. The name MET is also MAT or MAAT the ancient Goddess of Justice and Wisdom of Egypt. Who represents the super conscious state of the risen serpent power. The feather She wears in Her hair is the same meaning as the stream of water of the Goddess Ganga that flows out of Shiva's top knot, the open flow of the risen serpent energy which allegorical the water is the sacred water which represents the spiritual fire.

A actual Baphomet of the Templar's that was found in the 14th century in the Paris Preceptory was described as being made out of silver in the image of a woman's head. With the inscription CAPUT LVIII M. And a red and white sash tied together within. It was stated this head was of the Goddess Virgo as even the M inscription was made in the glyph of Virgo. In the East where this knowledge came from. Virgo is called in Sanskrit: "Kundaya" this is the Goddess Kunda which is where Kunda-lini comes from. The Kunda in the east is shown as the Meru Pillar with the reborn soul emerging from the Yoni gate within it. You still find this on the World Card. Kunda is also the symbolic Metal Smith [the metals are the chakra's] smith that transforms Buddha into the ascended state of Nirvana in the east. Nirvana is a name of the solar realm the working of the sun when all the chakra's are turned to gold. This Kunda of Buddhism/Hinduism is the Kundry of the Grail mythos that hands the Knight the Grail and transforms him into the Godhead. The Grail Myth is from the Templar's. Kundry-Kundalini, is the Baphomet. The real meaning.

The code in Latin in English is M58 which means perfected life. But in the number system spells out the name: ISIS. The Cathar's where know to worship a Mary their inner Women they sang the songs of love to. However its also know this is Isis Mary as Mary is the name of Isis also called Isis Meru or Isis Meri by the Egyptians. The IS rune of the ancient alphabet is the symbol of the Meru axis the spine and the name of the supreme Deity in the Vedic world which later becomes Iswara was IS. The IS rune and IS the god in the Vedic world both also get 11. Isis is the serpent energy moving up the spine taking one to Godhead. She is the force that causes Osiris to be reborn. The serpent energy that turns the soul to gold. The Kunda or Kundry, the Sophia. The Kundalini power.

Baphomet is the title of the serpent Goddess of the Indo-Aryan tradition. Baphomet means simply to be reborn by the powers of ones own soul. The sacred

Baptism of Sophia is the baptism of spiritual fire of the kundalini power.

Islam is Full-Conscious White Racial Genocide

[Islam is Full-Conscious White Racial Genocide – White Death of Islam](#)

**Islam is Full-Conscious White Racial  
Genocide – White Death of Islam**

Here I combined several main kike hoaxes on modern Whites of the West and Russia, and the worst mistakes that modern Whites do that allow our destruction.

The first thing I want to reveal here that I also related in the article Genocide through mass rape, is that we, Western Whites, are the ONLY ones who live in kike-paid dream world of "poor refugees of war", "love and peace" and other illusions. Muslims themselves know EXACTLY what they exist for, what they are paid by kikes for (they actually do not care who pay, they just take it), what they come to Europe for, what they are meant to do in Europe and all other corners of the world they invade - all this info is in their quran as clear as possible - and it is NOT "asylum":

Quran 8:12: I will insist into to the heart of the unbelievers: smite ye above their necks and smite all their finger-tips off

Quran 2:191-193: "And kill them wherever you find them...."

Quran 2:216 - "Fighting is prescribed for you"

And it is exactly how they understand and apply it, and what exactly they seek in foreign lands they come to, and they acknowledge that we are the only ones in the story who are into this "war asylum" game:

"Allah has given us a safe haven in the infidel country, so we can rest and recover. Soon we will also destroy this place"

"This battle is already won without a struggle, you have without a fight already surrendered to us because you lack the fight in your heart. You have no army, you can not defend yourselves without help from others and who wants to help a people that never stood up for themselves? While the world is laughing at you as they talk about the "Submissive people" down there in Syria, "a place for mobilization and rest." For us you have opened a sanctuary where the brothers can rest until they return".

"The war is already here and everywhere. Your politicians are trying to tell you something else, but we do not hide why we exist and what we intend to achieve. Whereas you sit in your homes and continue to live life like nothing is going to change. You turn a blind eye to reality, which will soon be knocking on your door."

"Islamic State will impose Sharia laws and this can only be done with weapons"

- ISIL Fighter, interview about ISIL's invading Sweden

"It is the nature of Islam to dominate, not to be dominated, to impose its law on all nations and to extend its power to the entire planet."

- Hassan al-Banna, the founder of Muslim Brotherhood aka Al-Qaida. Racial jew.

[Deutsche Bank Collapse May Trigger ‘Global Financial Catastrophe’](#)

Are their countries really so pour that they complain on the best treatment available in Europe and demand our banks collapse and ‘Global Financial Catastrophe’ happen to match their luxurious lifestyles?

Full proof that “asylum seeking” is a cover-up for military invasion:

[I am entirely with you – let’s bring down America, but first let’s stop slaughtering one another, and then we can attack America”– TV Host: Swedish-Algerian Journalist Yahya Abu Zakariya](#)

In the video on the right two muslims openly argue about how better and faster to bring down America. One complaining another that “refugees” waste time with infighting, enjoying welfare, rape and drugs instead of working hard on their direct mission they were sent for – takeover of the West.

“It has become a customary for the sheiks preaching in mosques to talk in their sermons and lectures about the “infiltrating infidel West”. I am entirely with you – let’s bring down America, but first let’s stop slaughtering one another, and then we can attack America”.

– TV Host: Swedish-Algerian Journalist Yahya Abu Zakariya.

Yet another full proof that asylum hoax is nothing but cover-up for a Israeli-muslim WW3 against the West:

[Proof that refugee crisis is to destroy Europe](#)

They never take anyone from Ukraine, Crimea, Kosovo or any other war-torn White region, you will not see millions of Yazidi marching on the streets of Western Europe. And they will silently let White people of South Africa die in most violent torturous genocide. Western Jewry (Merkel, Obama, Sarkozy, Hollande, Tramp/Hillary) are taking ONLY and ALWAYS hardcore criminal ISIL fighters, official or potential.

Because the only point of the entire “war asylum” hoax is the destruction of White nations and White genocide. You can’t destroy White nations with the other White nations’ asylum seekers. Your CIA/Mossad/KGB have to train ISIL fighters to do it for you.

Their second hoax is RAPE – and I also recommend to read proof of what I am going to tell in the article Genocide through mass rape – RAPE is not just a crime against the individual. It is not just a physical and psychological torture of an individual human being. Rape is an Ancient, thousands years old crime against the genetics – the pollution of blood. And muslims who now live in the Medieval level of technology, medicine and all spheres of existence know it. They are using this method against Yezidi for centuries to this very day (Islamic State is needed to destroy Aryan bloodlines). And they intuitively use it against us even consciously realizing we can use abortions and other modern means to prevent pollution of bloodline.

THEY ADMIT THEY CONSCIOUSLY WAGE WHITE RACIAL GENOCIDE AGAINST THE WEST BECAUSE IT IS IN THEIR QURAN:

Muslim openly threatens German man:

“We will conquer you with births, we will marry your daughters!” <https://www.youtube.com/watch?v=JquXIQTBWOo>

[mudslime shit tells German:]

“I am telling you honestly, the islam will come to Germany, whether you like it or not.

Your daughter will wear Hijab.

And your son will wear beard. Ok?

And your daughter will marry a bearded man.

We are multiplying faster and faster.

You Germans are not getting any children!

At most you get 2 children.

We are making 7-8 children.

And then we take 4 wives each, then we have 22 children.

So make it allah the almighty god that we conquer you.

Not with war, here in Germany, but with birth rates, firstly!

And secondly, we will marry your daughters!

And your daughter will wear a headscarf.

That’s how it is.

Now you can get really mad.

I can see the hate in your eyes (laughs)”.

Top Imam: Muslim Migrants Should Breed With Europeans

To “Conquer Their Countries” <https://youtu.be/5e8PCKVVxcE>

[mudslime shit imam teach how to wipe us:]

Europe became old and decrepit and needs human reinforcement.

Oh, muslims, the German say in their economical reports,

that they need 50,000 young workers.  
Now they got 20,000 and want another 30,000 and more  
to work in their factories.  
They are not motivated by compassion  
for the Levant, its people and its refugees.  
But they have lost their fertility,  
so they look for fertility in our midst.  
We will give them fertility!  
We will breed children with them,  
because we shall conquer their countries –  
whether you like it or not, oh Germans,  
oh Americans, oh French, oh Italians and all those like you.  
Take the refugees! We shall soon collect them  
in the name of the coming Caliphate.  
We will say to you: These are our sons.  
Send them, or we will send our armies to you.

THEY ADMIT **THE REASON** THEY CONSCIOUSLY WAGE WHITE RACIAL GENOCIDE AGAINST THE WEST IS IN THEIR QURAN:

And there were men from mankind who sought refuge in men from the Jinns, so they [only] increased them in burden.} [Quran 72:6]  
[My note, burden means pregnancy, meaning these people got pregnant only from Jinn]

And [mention, O Muhammad], the Day when He will gather them together [and say], “O company of Jinns, you have [misled] many of mankind.” And their allies among mankind [the Allies of Jinns among mankind] will say,

“Our Lord, some of us made use of others, and we have [now] reached our term, which you appointed for us.” He will say, “The Fire is your residence, wherein you will abide eternally” [Quran 6:128]

[My note, “the use of others” also known as “exchange” is usually interpreted by muslim scholars as sexual relationship between humans and Jinns]

“Elijah Muhammad is the one who preached that the white man of America, number one, is the Devil!”

“Elijah Muhammad has been preaching that the white man of America – God taught him – is the blue-eyed, blond-headed Devil! No good in him, no justice, he’s gonna be destroyed!

“The white man is the Devil. We do believe that. We know it!”

- Malcolm X

Further this rapefugee operates the term "equality", another well-known jewish code word for White genocide]

We are equal under the law.

I know, the stick is in your hands.

But I will assure you. We are not going to fear you.

Because we are stronger. More stronger than yesterday.

And we will be tomorrow MORE strong and with the future.

[The above words of an everyday mudslime rapefugee proves they consciously intent to wipe White Race from the face of the West and enforce One Jewish Communist World Government]

They have already done it to White Race in the past.

## [1 in 200 men direct descendants of Genghis Khan](#)

"In 2003 a groundbreaking historical genetics paper reported results which indicated that a substantial proportion of men in the world are direct line descendants of Genghis Khan. By direct line, I mean that they carry Y chromosomes which seem to have come down from an individual who lived approximately 1,000 years ago. As Y chromosomes are only passed from father to son, that would mean that the Y is a record of one's patrilineage. Genghis Khan died ~750 years ago, so assuming 25 years per generation, you get about 30 men between the present and that period. In more quantitative terms, ~10% of the men who reside within the borders of the Mongol Empire as it was at the death of Genghis Khan may carry his Y chromosome, and so ~0.5% of men in the world, about 16 million individuals alive today, do so".

Genghis Khan and all Mongolian tribes of that time had a rule: when they revenged some other tribe they killed all males higher than a wheel of the track. And took all females for themselves, young ones – for sex, old ones – for service for their own females or for sex for their less ranked men.

"To understand how one Y chromosomal lineage can have such a wide distribution across such a large proportion of the human race, here is a quote attributed to Genghis Khan:

“The greatest joy for a man is to defeat his enemies, to drive them before him, to take from them all they possess, to see those they love in tears, to ride their horses, and to hold their wives and daughters in his arms”.

Subject: : Islam is anti-White and Jihad is White Genocide

[end of the article]

In the case of huge states like China and Khwarezmia (Persian Empire) Genghis Khan passed with just genociding all male members of their royal families and high-ranking nobility. And taking all royal females for him and his family.

In the case of Russia Genghisids raped all royal females and arranged forced marriages for Russian royal men on their own daughters. So that from both parts royal Russian blood was badly polluted.

### [The Genetic Legacy of the Mongols:](#)

“We have identified a Y-chromosomal lineage with several unusual features. It was found in 16 populations throughout a large region of Asia, stretching from the Pacific to the Caspian Sea, and was present at high frequency: 8% of the men in this region carry it, and it thus makes up 0.5% of the world total. The pattern of variation within the lineage suggested that it originated in Mongolia 1,000 years ago. Such a rapid spread cannot have occurred by chance; it must have been a result of selection. The lineage is carried by likely male-line descendants of Genghis Khan, and we therefore propose that it has spread by a novel form of social selection resulting from their behavior”.

“Here’s a table from a 2007 paper which surveyed groups which include many groups currently resident within the Russian Federation:

Here is a pollution of blood f Russian people in genetic analysis:

Blue is White Race. Yellow is Asian Race. In Europe section (far left) we see that while native French and Italians are full White, Russians (Russian population on the ex-territory of Mongolian Yoke) is polluted with Asian mix.

From the above article:

“From the perspective of moderns, who tend to conceive of historical patterns and forces in economic, or at least ideological, terms, this fixation on blood descent seems ridiculous. I suspect that many pre-modern people, who were accustomed to small family groups and kin networks in a way we are not, would find our own surprise rather perplexing”.

This is the main mistake and main jew-promoted delusion and hoax on White population, which made modern people see all history, politics and wars in absolutely and completely wrong way. You are brainwashed by TV that war is going on in Syria and Africa between different groups of the same people. This hoax is meant only to manipulate your pity to take these people inside your totally different society so that the REAL WAR start. The REAL WAR is always racial. Because the only and the ultimate reason for war at all is to racially wipe someone. That's why jewish Rothshilds since they gain some financial power financed all wars between Whites, Whites' psyche being destroyed by centuries of xianity into dividing people by the principles of religion and money instead of the primordial principle of blood and Race. Jew banksters used this delusion of going against your own instead of your racial enemy by helping us with money to destroy ourselves for centuries. Now they use our pity to make us accept our destroyers. WW1 and WW2 were based on genociding our own. WW3 is based on accepting racial genocide from the outside.

“The greatest joy for a man is to defeat his enemies, to drive them before him, to take from them all they possess, to see those they love in tears, to ride their horses, and to hold their wives and daughters in his arms”.

- Genghis Khan

– this is the only and sole reason of all wars: not religion, not ideology, not imposing right/wrong faith, not even money and territory. All the above can be attained independently, and peaceful means of White Race to attain all this through Her entire history proves it completely. The only reason for a war is the genocide of the enemy.

Mongolian Yoke was lasting for about 240 years and 12 generations of people. Those Russian royal bloodlines whose Princes and Princesses were forced married mongols ended up having 0,02% of Russian blood left in their veins.... Of course not all Russians were forced-married nor all were under Yoke but the above is what happens when you accept your racial enemy. This is the sole goal of today muslim immigration and what will happen to all the West if not stopped.

I am entirely with you – let's bring down America, but first let's stop slaughtering one another, and then we can attack America".

– TV Host: Swedish-Algerian Journalist Yahya Abu Zakariya.

Yet another full proof that asylum hoax is nothing but cover-up for a Israeli-Muslim WW3 against the West:

[Proof that refugee crisis is to destroy Europe](#)

They never take anyone from Ukraine, Crimea, Kosovo or any other war-torn White region, you will not see millions of Yazidi marching on the streets of Western Europe. And they will silently let White people of South Africa die in most violent torturous genocide. Western Jewry (Merkel, Obama, Sarkozy, Hollande, Trump/Hillary) are taking ONLY and ALWAYS hardcore criminal ISIL fighters, official or potential.

Because the only point of the entire "war asylum" hoax is the destruction of White nations and White genocide. You can't destroy White nations with the other White nations' asylum seekers. Your CIA/Mossad/KGB have to train ISIL fighters to do it for you.

Their second hoax is RAPE – and I also recommend to read proof of what I am going to tell in the article Genocide through mass rape – RAPE is not just a crime against the individual. It is not just a physical and psychological torture of an individual human being. Rape is an Ancient, thousands years old crime against the genetics – the pollution of blood. And Muslims who now live in the Medieval level of technology, medicine and all spheres of existence know it. They are using this method against Yazidi for centuries to this very day (Islamic State is needed to destroy Aryan bloodlines). And they intuitively use it against us even consciously realizing we can use abortions and other modern means to prevent pollution of bloodline.

THEY ADMIT THEY CONSCIOUSLY WAGE WHITE RACIAL GENOCIDE AGAINST THE WEST BECAUSE IT IS IN THEIR QURAN:

Muslim openly threatens German man:

"We will conquer you with births, we will marry your daughters!" <https://www.youtube.com/watch?v=JquXIQTBWOo>

[mudslime shit tells German:]

"I am telling you honestly, the Islam will come to Germany, whether you like it or not.

Your daughter will wear Hijab.

And your son will wear beard. Ok?

And your daughter will marry a bearded man.  
We are multiplying faster and faster.  
You Germans are not getting any children!  
At most you get 2 children.  
We are making 7-8 children.  
And then we take 4 wives each, then we have 22 children.  
So make it allah the almighty god that we conquer you.  
Not with war, here in Germany, but with birth rates, firstly!  
And secondly, we will marry your daughters!  
And your daughter will wear a headscarf.  
That's how it is.  
Now you can get really mad.  
I can see the hate in your eyes (laughs)".

Very definitely. That's all the Jews do, and this is in addition to their weekly Torah readings which are chock full of curses and damnations for Gentiles, namely the White Race.

Those of us who are psychic can also sense this.

Jews perform human sacrifices of White Gentile children, especially at the times of their holy days. Jewish ritual murder. While Gentiles are genuflecting and prostrating themselves in slavish worship in Christian churches, providing extra energy for their own destruction and damnation.

Do you think that the white race may also be cursed to have a low birthrate?

Aside from the causes that already give this, like, ruining the family structure and the poisoning of the mind with behaving stereotypes of man to women ratio, but rather, making it harder for the people to find the right one they belong with?

Bombardment of this on every level.

Not sure if this will be allowed, but I wanted to ask a question about achieving immortality. I've read on the JoS forum that non-Whites can achieve immortality if they work on their souls, but then I read here that achieving physical immortality has to do with how White one is. I was wondering if someone could clarify this for me. Thank you.

The BIGGEST \*LIE\* about White religions is the spoken and judaic 'fact' that somehow, all White people didn't really practice spirituality, or that their spirituality was not legit or largely practiced, or things along these lines. The minor form of this is that they were slobs who didn't really bother with all of that and just focused on the physical realm. Which is untrue, as they were excellent in both.

If they didn't bother with Spirituality and their faiths were in vain, why does the enemy jew want to exterminate us to the last man, woman and child, which they openly did so in the middle ages, and after that imposed judeo-christianity? All the unspiritual, dumb people of these "Races" are alive, and all the high, hierarchic, spiritual castes have been destroyed, same as any otherwise successful person, killed, tortured and chased to death in the witch hunts, middle ages, and many other incidents. While the normal, everyday, jeboo race traitor sloths, and submissive cucks, have always had it easy.

So why do they go on a rampage to kill every last druid and spiritual person. While all those who are 'not interest' make it fine by selling the soul to jeboo? Do you do this to people who don't matter, or who are just believing into 'useless' things?

The second room of the same lies goes that Whites have always had the 'orthological/pure logic' type of thought (materialism under a new name, which was inspired by Spinoza and other jews, and passed down as a 'thinking system- mind you all these jews were deep into the occult and judeo-kabbalah themselves). This is a hijacking. The philosophers openly stated that this deals with the occult and opening up the higher consciousness. Only then is true logic materialized. Otherwise its airy jumbo, parading as theory. After all even the 'orthological' and 'empiricists' lies of the jews, are just funny dupes. Not even jews believe their own crap.

Even Karl Marx was deep into the occult from his Rabbi daddy, who probably taught him the divine torah since infancy. As this is what Rabbis do to their children (no, really) reading the Torah to the kids since infancy. And teach them jewish prayers since day one so that these ingrained into the deeper unconscious of their jewish generated creep ghoul. He also knew the Talmud page to page. Because this is his 'scientific work' anyway.

Advocating against all ownership (for the goy), he had the richest millionaire friends and backer jews of his time. And wrote a Talmud for gentile consumption, and a guide to enslavement of the Goy through exploitation for non-spiritual jews. Or namely the physical footsoldiers of the jewish agenda. Even the Stalin creep that destroyed all supposed 'religion' had churches going in the USSR, especially during the war. To amass that occult energy baby. And this creep rejoiced himself in one of the largest, occult libraries ever. While all Russians were illiterate. Confiscating half of it from National Socialist libraries. And Hitler's personal library. Why go to such range to just get your hands on 'lunacy' and 'useless' things. For thousands of years time jooz poozy?

The Frankfurt school was the other giant joke, same as the circles of (((Germans))) and many other circles in the jewniversities of the time. Who read occult manuscripts, changed words and terms, and tried to make a jewish rehash and present it as their own discovery. While its "physical empiricism" for the Goyim, and living occult advice for the fellow jews who knew how to read through these and through the codes. Which is exactly what xianity, islam, and all the sects of these are as well, a dupe on the goyim, lifesavers for jews.

The jews who wrote the bible were nothing but the Frankfurt School of dumbasses, just in their own prelithic times and version. And used psyop to fuck up the "goyim" and enslave their believers, turning them into creeps and people afraid to live. And all jews know it so why would they give a damn about xianity, except of exploiting the loot of gold, shekels, and endless goyim supply that it provides? Who wants to work when you can get holoLOL reparations? As for (((scientific empiricism)))...Only for the cattle again.

So who's the empiricist, "goyim"? Only we Gentiles are supposed for that. Foolish idiots, I don't care who they are or where, who disregard that fact, are at the best affirming that "YES I AM AN UNSPIRITUAL CATTLE" and "I THINK MY OWN CULTURE IS JUST CRAP SUPERSITION BECAUSE JEWS SAID SO AND I AM A CUCK TO THINK OUTSIDE THE JOOBOX". This should be written down the Judaism Ritual at "sunday blood drinking emulation", down the jeboo church, for every person going there. We can add "YES I AM A CUCK THAT CONDONES MY PEOPLE STAY ENSLAVED DUE TO SPIRITUAL IGNORANCE" in the form as well. "Check". That's all.

These lies are created by the jews, and these are to misdirect even the most studied White people into becoming Goyim (spiritually inaware animals), which leads to xianity in the first place, and make them dumb men who think that all 'religion' is useless nonsense as a result of that. Or just useless superstition. And that sort of like our Ancestors were just dumb uncivilized cattle, living in nature, just having sex in forests, and not minding a thing, while drinking mead and acting drunkard like the show "Vikings". Where the jeboo protagonist is a shill to the judeo-christianity, made into a Hero...Cohencidentally. The line goes...And that even the Vikings were supposedly dumb idiots that took a ship and took turns over the planet, just to pillage, rape and fight, while stoning themselves with mead.

This is the classical jewish story on how the civilizers of the planet all were retarded "Goyim" without a spiritual culture. Which then the jews try to translate into that only them out of all the "Goyim" had spiritual culture. Even if you have the Pyramids, or China, or even nowadays, advanced Nordic and non White culture in so many places. Hindus are nuts, everyone is nuts, except of jews. Jeboo is the new normal.

After all as the jewish jewdicial system goes, even if one is a criminal and its not found, they are not a criminal. In the same way, if the church for a 1000 years desecrated all these deeper occult things from White people, these don't exist.

Many 'wise Whites' who are also 'studied' do fall in other traps, such as the "Loki Vs Odin" meme. Which is a systematic Christianity 2.0, bleached from the

jewish names, into a new meme, where Loki is the bad guy, and Odin is the good guy. Its the same old Hegelian crap, in a new uniform.

The same goes for the other legends about the 'Dragon' and the 'Great Wolf' that need to be 'killed', and the judeo-cucks tying this to the jew, "Saint George". However in the occult lore, this is not a killing of "Evil", neither a message for a supposed cosmological battle such as the jewish 'apocalypse' that many skills and fools of the enemy try to pass it down. For easy consumption for the xianized, 'goyim' who can't live without this stupid and bizarre jewish mindset.

Well, While Odin is the Crown, Loki symbolized the Base chakra. The Yggdrasil Tree is actually the Soul, linking the upper and the lower world (Astral and Physical). When the Dragon is looming on the lower side of the tree, its a dragon or a serpent, but when the Eagle, takes the Serpent and raises it up on the top of the Tree (Valhalla) here its said the Serpent can see the world. This was of course ripped by the jews into becoming the "Tree of Life" in the jewish kabbalistic, excrement.

And becomes in some legends the actual Eagle, which was the symbol of the National Socialists and as thus the Risen Serpent. Becomes the Eagle. The Eagle is the same symbol nowadays, and it still is shown with the serpent. The Serpent is also never shown dead in any of these inscriptions, but well alive. The National Socialists used the Eagle as the sing of the Risen Serpentine consciousness and the Consciousness of the Race. While the Kundalini Serpent if left untamed and dormant, brings one to 'hel', if ascended and uplifted, it brings one to Asgard/Valhalla. Its not 'evil'. Its a force of consciousness.

"Oy Vey the National Socialists were xian cucks!". Just where? Even their symbol here shows the Risen Serpentine consciousness. Over the Far Eastern Swastika. Because this is who we are. Satanic Pagans, and this is whom we always were. People such as Himmler practiced all of the above, because this is our Racial-cultural heritage. One the large scale, this is Satanism, and applies in different forms to all Gentile people. Real, Satanic, Clean from jewish veneer, Odinism, is just the purest doctrine of "Spiritual Satanism".

The fight of Odin to conquer the Dragon, is the struggling to bring this manifold force of the Serpent under one's control, and draw it upward. This results in the 'inevitable world destruction' upon which all Gods clash (the positive and the negative aspects of the Soul) and the world is destroyed (this is the real "cosmological" battle with the Soul being the "World"). Everything is then destroyed and degenerated.

All the positive Gods die, Loki kills Baldur (the God of Light) and most other Gods are also slaughtered by the 'forces of evil', which mainly deal with the Nigredo stage of the Magnum Opus (which is akin to the death of the individual, and the complete loss of every 'hope' and 'light'). After this there is resurrection. In the second battle, the Gods of light win, and the world is restored, then we have the fable about controlling everything again.

The "Berserker rage" is a spiritual term for the energies of the Soul/Serpent, that lead to apotheosis, and make someone do impossible deeds. This is well documented in how people nowadays while threatened, they can lift cars and things like that. As for an occult term, its the flooding of the energy. The

warrior fights best when they drink enough MEAD- mead is the spiritual energy or force.

As after the war is over. Then The Gods reinstate everything on their positions, and the Gods go along again together. There is no 'death' of the 'evil Gods'. Because they are not evil. Meanwhile xianity promises the KILLING of the dragon, or the Kundalini Serpent. So that people will forever fall in spiritual shackles. "Odin" is actually, except of the "God", he is not the strongest "God", but also symbolic of the man who seeks enlightenment and practices for it. Odin sacrifices his eye, because the eye is actually a metaphor for the overly physical perception. This has to be sacrificed, and only 'one' eye remains, which is symbolic of the third eye, or the True vision.

The Captone in Egypt which the kikes stolen is also from that, same as the Cyclops that are written in Odyssey. In the Greek fable, the hero Odessus has to kill the giant cyclops that is blind, by plucking him in the eye with a spear. The spear is symbolic of the spine, and Kundalini energy, the spearhead going into the head. So the cyclops, third eye or the second sight is conquered.

The whole 'battle' is a guide for the Magnum Opus and purification of the Soul, so that one can reach the Godhead, in all of these Aryan fables. Its the same pattern. The same pattern the jews sold and they are now selling as legitimate 'white' culture, for the uneducated 'goyim'. The Runes given to Odin are to be inscribed on the Tree, and with Blood (lifeforce), the Tree, is the Yggdrasil, the Soul, seat of the life, and lifeforce. Everything is connected to the tree, and all of existence. The Tree is the allegory within all civilizations, and goes back to Sumeria. Yes that place with the blue eyed statues, that was of the first to be annihilated due to being 'Satanic'. The Runes themselves are the actual "Tree" of Yggdrasil. The runes are to be carved on the Tree (the Human Soul) and when carved correctly, one attains the powers of the Gods. Externally, these can be used as magick.

The chanting/vibrating and singing does that. You can see below here, the "Tree" that is the Soul, and all the powers adjusted on it. These are the 'carvings' that need to be done on the tree. The Tree has to be watered, so it can also grow, and this is metaphorical of the daily meditation and adherence to the spiritual practice. This is what the Druids actively, and daily practiced, and all of the strong White tribes who didn't fall first in the Middle Ages, and fought to the last man. Then the jewish jeboo infiltrated and now people think that htis is their culture. You should ask your DEAD ANCESTORS who DIED from this JEWISH CANCER, as to what this is.

Midgard, Asgard, and Hel are actually the three knots in the Soul and the three levels of consciousness. Hel is the lower chakras, Midgard is the Heart, and Asgard are the chakras from the Throat and up. Baldur symbolizes the divine clean, pure and indestructible light of the Soul, while Loki the everlasting darkness. Both are necessary for one's existence, and the 'darkness' is not what's devoid of light, but actually the unperceived light.

The wolf 'Fenrir' and Odin's Valkyries, are actually the powers of the Soul, the 'polar negative' and 'polar positive' energies. Odin sends Valkyries to help those who fight for this war, and he prepares an army for the great war (which is the also an occult terminology for the amassment of the light, or awakening of the chakras and individual very small energy centers). These are troops that will fight against the forces of 'evil' and attempt retaking the world (Soul) and bringing it on a higher level. Why would the Norse appreciate Loki, and use Wolves and all these 'evil' signs as their emblems were they "evil"...Because they were NOT evil, but allegorical. All the Gods represent a chakra, and a center of consciousness.

There is no 'evil' in the sense of judaism, and hatred against "Satan" in any other Gentile religion, except of the jewish religions. This is "Beyond Good and

Evil", and this is the core of the Aryan religion. "Evil" as in regards to jews, doesn't have to do with any Loki, or any reverse two sided Hegelianism. Jews are not present in any of such system.

As for the names of the Gods, the names obviously change in every White culture, as these are aliases, and they change and adjust to the native populations. Which is the root of culture anyway. But the examples are always the same. For one example, Aphrodite, Venus, and Freya, Isis, Astarte are the same exact entity, under different, adjusted aliases in native populations.

The 12 God pantheons are representations of the divine energies, but also real beings and worshiped progenitors of the White people. The identities within the characters are almost identical if not entirely the same. All aliases are deeply occult, honorable titles. And obviously these entities, have different names. Same "Satanism" in the deeper core. None of the Pagan Gods is 'evil', because none of that condones literal actions. But is occult allegories. Our people did NOT invent existential, or pseudoethical 'evil' through the religion sense. But due to common, human, sense and ethics that come from the inside.

For those who doubt or misinform in regards to the Pagan origins, the Spiritual Practices, and what Whites have been practicing for thousands of years, I advise reading the following, in the SATANIC way, and by using correct judgment:

"The Eddas: The Keys to the Mysteries of the North", by James Allen Chisholm. Has some good points, but read it in the Satanic way. This shows a lot of things on its own.

For the dumbs, dumbfucks, or victimized and misinformed who think Aryan culture is 'unspiritual' or not 'spiritually founded', or basically an occult culture read the following:

"Pagan Resurrection", by Richard Rudgley - NOTE, this is a "MAINSTREAM" book so a lot of info in it is streamlined to 'act normal' in regards to the dictatorial judeo-philliac world. Even (((independent))) made a page about it. Don't get tangled up in all notions, just read it in a Satanic mindset. I haven't read all of it, but there is proof on how the Aryan people were even doing yoga in it.

As of tonight, I leave many "(((Odinist skills)))" jobless, and many real White people awake from this deadly jewish slumber the jews have done to our Ancestral faiths. Please find another place to shill, or wake up and go to the real occult root of your Ancestry. Or just change the names and continue praising Jeboo, the circumcised Rabbi.

Please steal my writting and post it as your universally grasped information, but don't forget to add some jeboo the circumcised, Rabbi Yashua was an Aryan (mandatory so that Whites remain asleep), positive cucktianity (mandatory, because just WHO can survive without a kike on your race's neck?), shilling lawyerism (oy vey dis and dat), dumbo Truth evasionism. But I may have a copyright hanging just somewhere? I don't know? I don't really know. Got to keep up with the times of shillers.

Which will soon will have the shils who do this on purpose under the fucking bus. And no "Fight against Loki the evil guy" or "Jews are Loki", "Rabbi Jesus is going to save the White Race" is going to save you from the fact that you are purposefully trolling your own Race while spewing rehashed judaism and xianity.

This is the Truth, and Satanism is the Master Key and system that encompasses all of this.

Whites are waking up.

There is more than one way to achieve the Magnum Opus. There are Tibetan Lamas who have completed the Magnum Opus. You can make a Philosopher's Stone, advance to high levels of cultivation through falun gong to where the essence of the body becomes a higher level of vibration, or use another method of attaining immortality such as raising your kundalini and engaging in spiritual alchemy after that. Non-white races are capable of achieving the Magnum Opus as at that advanced stage a person can gain an immortality gene.

Amazing... I am very impressed, and I could never have sat down with this knowledge and explain it bit by bit, clarifying the truth about Satanic Odinism, like you have done here. Great work, brother!

For the idiots who believe the Christianized Eddas that bash homosexuality and claim that Loki is literally the Jews incarnate, Loki is one of the same Gods that the Egyptians worshiped -- SET! Like Loki, Set is not evil. He was given the name "Set" as in the "setting" of the Sun, while Horus/Osiris-resurrected, was the God of Light. These teachings were also explanations of the inner microcosm of spiritual alchemy, as you have so eloquently elaborated.

There is a politically correct author and DVD lecturer, Michael William Denney. Some of his insight, however, is not like anything I have ever seen before that is presented by other mainstream authors.

The Jewish CHRISTIAN founder of the Illuminati, Adam Weishaupt, praised CHRIST and his allegorical parables that Jesus taught with their explanations to the Jews, while Jesus stated that he keeps the meanings of his messages encoded in secrecy so that the outsiders [Aryans] would never be able to understand the spiritual nature of his messages so that they would all be damned.

We know that Christ never existed, but if he did, he would literally be Evil Incarnate. When I speak of Christ in a way that sounds literal, I'm not speaking of a literal Christ, but the Jewish thought-form that Jewish marionettes pull the strings to on the astral plane to give Christianity credibility.

From what I gather she means that if all white people are gone the inherited gene whites have been given will be lost and our souls will either be forced into a nonwhite body or no longer be able to reincarnate. Whites came from Satan's blood itself. As for other races they need to create the gene itself to gain immortality. They require more spiritual alchemy to be as such. White can inherently become immortal more easily simply because of blood. It is why bloodlines are so important. If you work hard to purify your DNA both you and your lover how would you feel if your child stole that from you and then threw it away. There by undoing any good you did for your race and bloodline. Your blood is not your own to do with anything but make it better. You have no right to make your blood worse because then all your ancestors work was for not.

As HPS Shannon has highlighted "Each race is at a different stage of evolution" Read it here:

<https://groups.yahoo.com/neo/groups/JoyofSatan666/conversations/topics/172698>

While the White people already have the gene of immortality, albeit deactivated because of the fall (fall of the kundalini); other races have to create it. That is not to say that other races are incapable of achieving immortality. It has been stated, naturally, that people who reach a certain stage of spiritual advancement gain that gene.

Subject: To laugh a lot - Training Manual for 'Racists'

I just picked up this hilarious article from N.V. Have some laughs exploring the mind of a anti-racist, SJW xtian.

# A Training Manual for 'Racists'

---

by Revalo P. Oliver

THE NATIONALIST PARTY of Canada has adopted, as a training manual for recruits to our racial cause, an odd book, which, I suspect, libels its officers. In so doing, they evinced, I think, a sound sense of tactics.

The book of 397 pages is entitled *Is God a Racist? The Right-Wing in Canada*

. Its author is Stanley R. Barrett, who is identified as Professor of Sociology and Anthropology [*sic*] in the University of Guelph, one of the many 'quickie' universities that Canada has been jerry-building in imitation of the American folly of scattering "universities" over the landscape to dilute yet further academic standards, provide jobs for "educational" parasites, demoralize young persons who are thus kept from useful employment, and burden the bovine taxpayers. It is true that some of the mushrooms have already become superior to the 'old-line' institutions, but that is merely an index of the intellectual dilapidation of the latter.

The academic institution that Professor Barrett adorns was established in 1964 and already has a body-count of about 11,000. It is located in Guelph, an industrial town sixty-four miles west by south of Toronto. (1) His book was published by the University of Toronto, thus disillusioning those who, remembering that university's Victoria College, hoped that the older Canadian institutions were less rotted than their counterparts south of the border.

(1. The town was founded in 1827 by John Galt and named in honor of the family of George IV, King of Great

Britain and Hanover, a descendant of Count Welf I of Altorf in Swabia. (Guelph is the Italian spelling of the German name.) Galt, of whose many novels *The Entail* and *Lawrie Todd* will be remembered by the few who have made an intensive study of English fiction, spent much of his small fortune in an effort to promote the settlement of what was then a wilderness by English and Scots of the best racial stock, and if he were alive today, Barrett would soon flee from the town Galt founded.)

I know nothing of Professor Barrett's antecedents. He says he was born in a small village, "heavily Protestant," so it is likely that in his childhood his brain was coagulated with Jesus-juice. The picture of him that I imaginatively derive from his book is that of a man of about thirty who enrolled in one of my graduate classes decades ago. He was a well-meaning and somewhat diffident Aryan, who would have been called a 'wimp' in England today. He was industrious and read everything suggested to him, but without the slightest discrimination; he collected information zealously, but did not know, and could not learn, what to do with it. And I particularly recall that during the semester in which he was in my class, he once asked, with shocked incredulity, "Do you mean that there really *are* people who don't believe in God?"

Professor Barrett spent five years, industriously gathering for his book information he could not understand, but he evidently reported his factual data without much distortion, for the officers of the Nationalist Party describe his book as "an attempt accurately to portray both the political and human aspects of the 20-year old history of White Nationalism in Canada," and as "one of the best reference /historical works on White Nationalism published anywhere."

Professor Barrett claims that he tried to be 'scientific' and objective, and I believe that he did try, although he might as well have tried to carry his automobile home on his shoulders. He claims to have undertaken his five years of painful toil from a sense of duty, not, as is usual in "exposés" of the right-wing, for baksheesh from unprincipled publishers. His book, certainly, is not comparable to the *Architects of Fear* that I described in *Liberty Bell*, February 1985, a filthy spit-job by a hack who sells his mucus for a buck.

His honesty in admitting his own limitations — which also reminds me of the would-be student I mentioned above — is what makes his book so valuable to every moderately alert reader. He quite

candidly begins with a confession that “racism is by definition [~~sic~~] pernicious,” and he admits that in dealing with the evil racists he used the guile and perfidy that is permissible to the righteous: “For each of the interviews I conducted, I tried to play a role that I thought would be appropriate for the individual.” And as the sapient anthropologist, turned nark, went sneaking about and practicing his wiles to gain the confidence of men he intended to betray, he doubtless warmed his puny soul with contempt for the obsolete species of Aryans called ‘gentlemen,’ who were so reactionary that they had self-respect and a code of honor that prevented them from practicing proletarian knavery. (2)

(2. This, of course, is the reason why, in military intelligence agencies, before the collapse of our civilization that began with the First World War, commissioned officers could never be sent “into the field,” i.e. to serve abroad as spies, since spies have to resort to dishonorable means of procuring information, and officers were gentlemen. (So far as I know, the Congress of the United States still officially identifies all graduates of West Point and Annapolis as gentlemen; if the assembled congressmen titter as they vote, that is not recorded in the minutes.) Spies, therefore, had to be non-commissioned officers or civilians, i.e., persons who were not bound by the code of honor. This, of course, had nothing to do with the use of civilians in military intelligence in positions in which they might need to overstep or disregard military etiquette and the “chain of command.” Needless to say, the reactionary and hampering concept of personal honor has now been eliminated from a Judaized world.)

Flower-souled Stanley frankly gloats over the hardships, especially poverty, so condignly suffered by evil-thinkers, who do not adore Kikes or cuddle niggers. And he rejoices that “Canada’s most infamous Fascist, Adrien Arcand” was, in violation of law, thrown into a concentration camp by a terrorist despotism. Concentration camps are just fine, so long as they are filled with Aryans and do not inconvenience God’s Own. And it was so nice that a horrid Klansman named Jacklin “was beaten and stabbed by blacks while serving his sentence in a U.S. prison.” Social justice is sweet to tender-hearted humanitarians.

Barrett rejoices over the persecution of that nasty man, Keegstra, who dared to doubt the Jews’ Holofoax, which is so necessary to enable the poor persecuted people, who have made “Israel a bastion of democracy and capitalism,” to exploit and swindle stupid Aryans. He claims to have read the infamous writings of Professors Burt, Jensen, and Coon, whose incompetence or malice has been

conclusively exposed by really great scientists, such as [Ashley Montagu](#) — but, despite his attempt at objectivity, he fails to tell his reader that Montagu is a Sheeny disguised under an old Anglo-Saxon and an honored Norman name.

I suppose that his reports of his raw data are accurate. One of his principal targets, for example, is Paul Fromm, now the head of [Canadians for Foreign Aid Reform](#), who perversely thinks that Canada should not be made into a great and glorious dunghill of anthropoid refuse, and who lacks the lofty idealism of the Yid whom Canadians have made their Minister of the Interior, who, a few months ago, when another cargo of Tamil-speaking simians from Ceylon was approaching Canada, announced that, regardless of Canadian law, they would be admitted to help the vile Anglo-Saxons “atone for the sin of racism.” By a neat coincidence, only a few days before, the Tamil-speaking Dravidians in India had helped the Hindus atone for their sins by dynamiting a bridge in front of an express train and killing or maiming more than a hundred passengers. Such zealous practitioners of democracy are obviously needed to purify Canada and make it holy.

Now I am sure we may believe Professor Barrett when he tells us that in 1968, Paul Fromm, then a student in St. Michael’s College of the University of Toronto, was elected by a great majority of his fellow students to represent the College in the University’s Student Administrative Council. But, typically, the erudition of the macrocephalic Professor of Anthropology makes it impossible for him to believe that the students could have been so depraved as to approve of Fromm’s dastardly opinions, so he offers us a choice of the only two possible explanations of the election: either the students elected Fromm “because he was a curiosity” or the election was “the undergraduates’ notion of a bad joke.” This one typical example will adequately attest the rigorous objectivity of the sociological “scientist.”

I do not mean to be unkind to Professor Barrett, who underwent a kind of martyrdom for his ideals. He tells us that through the long five years of tracking down evil-thinkers in a great research project that was financed by the Government of Canada, the University of Guelph, and the Social Science Federation of Canada, he was “emotionally exhausted” after each interview, because “never in my life had I talked to people who were committed racists,” and he yearned every day to go out into the streets and apologize to niggers and Kikes for having talked to the awful racists, even though he was magnanimously tricking and deceiving them to ascertain their satanic thoughts. What was more, he was under constant

surveillance by Canada's Thought-Police, who suspected he might be what he pretended to be when he was cozening the racists, and once he was hauled in on suspicion and "put through the hoops" by the Royal Canadian Mounted Police. How diligently the cringing Anglo-Saxons of Canada preserve their precious freedoms!

Poor Professor Barrett spent the five years of his martyrdom in a state of acute psychic depression, and he was "chilled" with horror when he encountered a "highly educated man" who actually believed in "the nobility of the white race." Confronted by so terrible an ogre, tender-souled Stanley did not faint — he may have prudently brought a vial of smelling-salts in his pocket — but exposure to such vileness so sapped his "will-power" that he found it "increasingly difficult to play the roles necessary to conduct interviews with white supremacists" and he became so awkward in his scurvy hypocrisy that some of them suspected he was what he was, a dirty little spy. Although high-minded Stan was sustained by his glowing sense of his own supernal righteousness, he was barely able to complete his godly work. Contact with "racism," you see, is not only "debilitating," but actually "soul-destroying" and the sneaking little martyr barely escaped a permanent neurosis.

One must pity long-suffering Professor Barrett, just as every humane man must feel for a neurotic female who, having ordered her life on the faith that old Jesus will give her a hug when her discarnate soul floats up to his Nephelococcygia in the welkin, is forced to listen to an atheist, an ordeal that exposes her to the risk of thinking thoughts that would consign her ghost to eternal perdition. Fortunately, however, although Stanley's epicene spirit must often have been on the verge of hysteria, it survived, unblemished, the "soul-destroying" contact with real men.

The Nationalist Party of Canada is right in seeing the educational efficacy of a training manual inadvertently supplied by the University of Toronto. It is educational — like picking up a stone and watching what was under it. And we should sincerely thank Professor Barrett for having so frankly and transparently shown us what goes on under the skulls of "Liberal intellectuals." From his book I cannot determine whether or not he believes all the tales about Jesus ben Yahweh, but, unmistakably, he belongs to the great Christian tradition which teaches Aryans to love everybody so much that they want to rip the guts out of everybody who doesn't love everybody as much as they do. (3)

(3. Lest I be misunderstood, I must add that I do not mean that Stanley would do any of the ripping himself. I feel confident that his psyche is so sensitive that he abhors violence in which he would have to participate personally, and I am sure he is so kind that he would not venture to slap a child, who might fight back. Great-souled humanitarians always want to see dangerous work done for them.)

Finally, we must thank the University of Toronto for having shown us, however unintentionally, what disgustingly righteous little twerps now squawk and squeal about "racism."

## Group Rituals for Father Satan [Yule Season]

Greetings to all our People and Satanic Comrades!

Yule is a happy season for all Satanists, and this is because its the celebration of our Father Satan and all our Pagan Gods. However, these days of high importance have been hijacked, do not let the weaklings and frailed out dumb xians and others bring you down. These days belong entirely to us, same as the festivities, and everything that makes the holidays worth it and fun.

Xians and many other dumbasses only own misery, and jewsus christ the cheap rabbinical thoughform is just hovering on his sickly stick as the usual, hammer and sickle. Trying to destroy Yuletide happiness and replace it with slavishly worshipping a lie. This is why the majority of people like 'xmas' and the 'holidays', fun, leisure, only insofar these have Satan, shopping, and no xianity in them.

Do not let others lie to you or make you forget what the Yule season is about. This is entirely ours, and predates xianity by thousands of years. The Yule Tree is the Soul Tree, the Star on the Tree is the Pentacle, the symbol of Satan. Santa is actually an anagram for Satan, and this is symbolic of Santa who comes from the north, on Satan's Power days to confer gifts (blessings) to Humanity, and all those who have been good people over the year. All Children love Satan/Santa, and everyone is on a great mood on these cozy times. The traditional gift giving to the more poor and weaker, is also a Satanic trend, same as spending time with one's family.

All of that is Pagan/Satanic, and none of this has to do with the jewish 'church'. Of course, one cannot deny the resemblance to Odin and the Yggdrasil Tree, which is actually the Yule Tree- the Soul. The beautiful jewels or spheres hanging from the tree symbolize, aside of the chakras, the desires that one puts on their soul so they can gain power from the Tree of life to manifest in the next year. Its also traditional in many places that people write wishes on top or inside these spheres, and also the Soul needs light, and this is why the trees are decorated with light. This is a physical object to emulate what the Soul has to be: filled with light, beauty and splendor, and crowned by the Star which is the 7th Chakra and the consciousness. After all Satan is the Serpent on the...Tree.

Satan speaks openly through all of these symbols, rivaling the enemy who wants to destroy and defile Satan and the Human Soul. In many xian ruled places, the Yule Tree is forbidden.

We are obligated as Satanists to spend the 21st, 22nd and finally 23rd of Month, in observance to Satan and his Magnificence. Satan is the most beautiful being and in the most Ancient tongues, he means life, truth, wisdom, and generally the highest and meanings that have ever been conceived by the human mind and intelligence. All those who know Satan, do know that all these indeed do fall short of his unparelleled magnificence.

The reason I am posting this is that every year, we gain more power, but the enemy and their ancient propaganda against the Grand God of Truth Satan is actually smearing him. The enemy jews and the enemy xians and pisslamics will of course for yet another year try to taint Satan's legacy, try to pin atrocities and all sorts of emo-crap and ancient lies and defamations on Him. The sheep will gladly follow these, and yet another Yule will be going to waste. That's what the jews think will happen into this Yule, but it will NOT.

What Satan has been receiving in Yule? His own children, creation and progeny attacked, His Name which means LIFE and TRUTH, tainted. Smear, lies, attacks, curses, false enemy propaganda, and hatred. That's what the jews have been giving Satan every year. Not that Satan cares or partakes into anything of this, neither does it even touch him in the least, but the thing is, can you see what is going on here? Do you feel for it? What have our Pagan Gods have been receiving? Smear, attacks, misinformation, being portrayed as hideous monstrosities, which is the exact opposite of what they are.

Nobody of all these scumbags had had ONE ounce of decency to look beyond the jewish crap about Satan. Well you know what, I have, and I have seen the most beautiful being in all creation, within, without, far to the depths of being totally incomprehensible, but yet so tentative to the heart and Soul of humans. Who are His creation after all.

So you know what?

This Yule belongs to Satan and we are going to Honor him MASSIVELY and accordingly. With our silent devotion and happy rituals, and contemplation on his Divine energy, Satan who is the Most High will be glorified. Satan's name has been smeared by the monkey lifeforms who follow stupidly and blindly the jews, and who are listening to their crappy propaganda against our God and our Gods of Hell. There is nothing lower than this filth.

This Yule Satan will get a lot of praise. Now below I am going to post a Ritual, but there are so many more things one can do to make things even better. You can send Satan beautiful energy, write him your gifts or poems, or just tell him whatever you want in your mind. Satan will hear you. Let's give him the gifts, the hymns, the beauty this being deserves. While Satan needs nothing, its in the human heart and a universal law in existence to return the beauty and show gratitude to the ones we love at this season.

On the 20th and 21st of the Month, we are going to drive away the smearing and curses from our Father's name, by reversing this RTR's foiling the kike attempts at scorning and attacking Satan. Let's spam the Hell out of this Ritual. Keep doing it over and over again so we saturate the whole planet AGAINST all the SMEAR and LIES of the enemy. Let's see what they can do when the TRUTH is going out at such rapid rates.

Jew Run MTV "Your A Fucking White Male!" 2017

MTV which is owned by Elder of Zion, Summer Redstone real surname Rothstein:

Just made a open anti-White video, promoting the Jewish program of Cultural Marxism which is aimed by the admission of its Jewish creators to debase and psychopathologize the White Race and Western Civilisation to destroy the White Race.

Well to make the above ideology of the Jews happen into reality the Jews at MTV have put out this boring propaganda, which a bunch of Jewish TV stereotypes telling you basically "Your A Fucking White Male!" this is also revealing the term "Woke" like Woke up, meaning simply "The Goyim Know!"

<https://www.youtube.com/watch?v=K4syEMiYsgE>

The reason the Jews are promoting White Genocide is because its part of being Jewish, literally its part of their Race Religion:

The Jewish Texts Admit Satan Is the Father of the White Race And Orders Extermination Of All Whites.

In the Jewish writings Samael [Hebrew word for Satan] is called the father of the Aryan race openly. The White race is also called Amalek in the Jewish writings and Samael is stated to be the White race's father here. Here in the Jewish writings we note the Jews heap blasphemy upon Gentiles and Satan. And gives the direct order to exterminate the White Race, along with all Gentiles, the "mixed multitude" it describes the different Goyim but puts the White Race into a special category to be "bolted out" forever as it states below we are the children of Samael/Satan, directly.

The Jewish Zohar volume one, pages 28b to 29a states:

"At that time the mixed multitude shall pass away from the world. The mixed multitude are the impurity which the serpent injected into Eve. From that

impurity came forth Cain who killed Abel. For they are the seed of Amalek. Whom it said "thou shalt blot out the memory of Amalek." Gentiles who are compared to the beasts of the field another from the mazikin [goblins] for the souls of the wicked are literally mazikin [goblins] of the world: and there is impurity from the side of the demons and evil spirits: and there is none so strange among them as Amalek who is the evil serpent "the strange God." He is the cause of all unchastity and murder and his twin soul is the poison of idolatry, the two together being called Samel.... This side of the serpent is accused above all."

**Mohammed was full blood jew and his wives

As well as Jesus is a full-blooded jew personage of the jewish Gospel myth. Mohammed / Muhammed is a full-blooded jew personage of the book jews wrote for Arabs, quran.

On the right you see his full ancestry to the beginning of the creation according quran, which shows that Mohammed is completely jewish from paternal side. According the story, he came from the Quraysh tribe, whose ancestor was Kedar, son of Ismael, grandson of jew Ibrahim / Abraham.

Aminah, his mother was also jewish by blood according quran. She was a member of the same tribe as his father and a descendent of the jew Ibrahim (Abraham) through his son Ismail (Ishmael). Which means according jewish law Muhammed was full-blooded jew, accepted as a jew in jewish community.

And not only he was jewish by blood, he was jewish by faith. As every chosen entitled blood jew, he was circumcised. Not only he lacked his male part, but he even said to be born circumcised which is considered special virtue among jews. Even jewsus Christ "king of judah" had to be artificially circumcised. But he revered born disability a lot.

Born disability is extremely revered by any Abrahamic religion, and personally highly praised by jewish messiah jewsus christ. As well as conscious self-mutilation.

Matthew 19: 12

12 For there are some eunuchs, which were so born from their mother's womb: and there are some eunuchs, which were made eunuchs of men: and there be eunuchs, which have made themselves eunuchs for the kingdom of heaven's sake. He that is able to receive it, let him receive it.

Matthew 5: 29-30

29 And if thy right eye offends thee, pluck it out, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell.

30 And if thy right hand offends thee, cut it off, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell.

John 9

Now as Jesus passed by, He saw a man who was blind from birth. And His disciples asked Him, saying, “Rabbi, who sinned, this man or his parents, that he was born blind?”

Rabbi, who sinned, this man or his parents, that he was born blind?

Jesus answered, “Neither this man nor his parents sinned, but that the works of God should be revealed in him.

Muslim scholar Ibn Al-Qayyim mentioned three opinions concerning the circumcision of the muhammed. He said:

There are different opinions on this matter:

1 – That he was born circumcised

2 – That Jibrill circumcised him when he split open his chest

3 – That his grandfather ‘Abd al-Muttaalib circumcised him according to the jewish custom of circumcising their sons. [since Muhammad originated from jewish Quraysh tribe founded by jew Ishmael, son of Abraham]

According to some traditions, Muhammad was born without a foreskin (aposthetic).

Tuhfat al-Mawlood, p. 201.

“Ibn al-Qayyim said: It was said that **circumcision was one of the words with which Allaah tested His Close Friend Ibraaheem [descendants of Ibrahim]**, and he fulfilled this world, and the most severely tested of mankind are the Prophets, then the next best and the next best. The Prophet listed circumcision as one of the features of the fitrah, and being tested with this and carrying out this command with patience will multiply the reward. It is more befitting that the Prophet should not miss out on this virtue and that Allaah should honour him in the same way as He honoured Ibraaheem, because he is more virtuous than any other Prophet”.

Muhammad was Ibraheem according quran, Ibraheem means descendants of Ibrahim / Abraham.

Please note that despite of mainstream lies in Wikipedia and whatever cuckolded resource, circumcision / “cutting off one’s foreskin” is exclusively jewish / abrahamic tradition which they spread around the world. The claim that “it was Pagan because it existed before islam, because prophet was circumcised before he thought islam up” is totally fake because according quran itself, Muhammad originated from jewish Ishmael-founded tribe of Qurayshites. Remember well this name because it will explain a lot of things further in this article.

Some hadith mentions circumcision in a list of practices known as “fitra” which is a Hebrew word meaning “special position”, “entitlement”.

From the Jewish book: “The Commentary of R. Hoshelomo to the Thirteen Principles of Maimonides” [start of the quote]  
There are individuals that have (greater superior) disposition

“Al-fitra, “disposition”, is the same as Al-fitna, “general intelligence”, and it is the receiving of the true inspiration and imagination<sup>2</sup>)

A greater superior disposition and a greater measure of perfection

[my note, Jewish term “al-fitna” looks like the one which pseudo-Arabic term of “Khitan” or “Khatna” – the main term in Arabic which is used to address Muslim male circumcision - originated from]

2) Ar., *al-fitra mithl al-fitna*. The former term, which is the one used by Maimonides” means “**the intelligence one has from the womb**” [!!!] or the “innate intelligence”.  
[end of the quote]

We again have here this genetic racial supremacy thing – FROM THE WOMB i.e. from birth, from genetics. Circumcision was used by the Jews to differentiate them from the nation they settled in to parasitize.

Ibn al-Adeem said: It says in some reports that his grandfather ‘Abd al-Muttalib circumcised him on the seventh day. He said, this seems to be the correct view and closest to reality.  
- Ibn Al-Qayyim

According to Jewish tradition male Jewish child must be circumcised on the 8<sup>th</sup> day of birth. This again clearly shows where this ugly psychopathy came to the Arabian world from.

Leviticus 12:3

"And in the eighth day the flesh of his foreskin shall be circumcised."

Wikipedia [start of the quote]

According to the Hebrew Bible, it was "a reproach" for an Israelite to be uncircumcised (Joshua 5:9.) The term *arelim* ("uncircumcised" [plural]) is used opprobriously, denoting the Philistines and other non-Israelites (I Samuel 14:6, 31:4; II Samuel 1:20) and used in conjunction with *tameh* (unpure) for heathen (Isaiah 52:1). The word *arel* ("uncircumcised" [singular]) is also employed for "impermeable" (Leviticus 26:41, "their uncircumcised hearts"; compare Jeremiah 9:25; Ezekiel 44:7,9).

However, the Israelites born in the wilderness after the Exodus from Egypt were not circumcised. Joshua 5:2-9, explains, "all the people that came out" of Egypt were circumcised, but those "born in the wilderness" were not. Therefore, Joshua, before the celebration of the Passover, had them circumcised at Gilgal specifically before they entered Canaan. Abraham, too, was circumcised when he moved into Canaan [which they stole from Gentiles/Pagans].

[end of the quote] – Wikipedia, jewish circumcision.

What this means is what jew Maimonides explained: the circumcision is a sign of “supremacy” and needed solely in the state of Gentiles / unclear / cattle for jews to differentiate their own. It is not needed in the wilderness or among their own. This also explains why this tradition exists among jews only: because jews only led completely and solely parasitic existence among other people instead of settling with their own. Parasite needs a host but it also needs smth to differentiate itself of a host. This smth is actually what all their Judaism is all about. This also clearly proves jews are a race not a religion.

So all mudslime “khitan”, “khatna” or whatever cuckolded term they have for this cuckolding oneself practice, is jewish tradition al-fitna. Which jew Muhammad adhered completely as a racial jew living in a jew-infected Pagan region.

Not only muhammed was born with sexual disability, he also cared all typical jewish mental diseases: paranoid schizophrenia, kleptomania, different phobias, narcissistic personality disorder.

"None of you will have faith till he loves me more than his father, his children and all mankind."

[Bukhari: B2-N14]

“O People who Believe! Do not consider your fathers and your brothers as your friends if they prefer disbelief over faith; and whoever among you befriends them – then it is he who is the unjust”

[Q9: 23]

Actually Muhammad himself admitted he suffered mental disease:

“He went to Khadija and said, ‘I think that I have gone mad.’”

[Tabari 6:70]

Now before I proceed about his jewish wives, I wish to note how this worst woman-hater in the world, mass rapist, mass murderer and excessive wife-beater... was actually a domestic parasite who married his first wife for financial and social security. She was his employer and a wealthy businesswoman hence why only he married her. He made sure she is ok with taking all responsibility over sustaining the family on herself, and after he accepted her offer he fired from job and started his parasitic guruist lifestyle on her basement. According quran it was Khadija who funded and backed all his “Islamic project”. She was the one who \*made\* him what he became; and after her death her inheritance was the one he based all his further “achievements” on.

At that time jewish male was forbidden to marry a non-jewish female, and we know that Muhammad used to strictly jew legit wives were full blooded jewish according quran, except of probably 13<sup>th</sup> one, Marry, the Coptic xian slave from Egypt who was a daughter of a Copt a rape non-jewish woman but not allowed to marry her.

The other notable thing is that most of his wives came from the same jewish tribe Quraysh as himself. Not only they were Qurayshites, descendants of Ishmael, but also they followed jewish tradition.

Now I will relate all known lineages of all of muhammad's wives as they are laid in quran or any islamic text or according to islamic tradition, so you see for

Note, any argument that "this tribe did not descend from these or those biblical jews because it is mentioned as Gentile in non-islamic sources" does not work to try to prove "real Gentile historical evidence" of these or those tribes. Any name of any tribe mentioned in islam will be described here as being jewish or times from where jews allegedly STOLE their islam. "Quraysh tribe" is fictitious EVEN if the word "Quraysh" existed in the Ancient world. Of course no real tribes EXIST. Quran is not a historical evidence in any way or form. The opinions of genealogists vary concerning the ancestry of the tribe, but they are believed to have descended from Qahtan. The very word “islam” means “submission to g-d” and the first “born sin” according both faiths was disobedience to the g-d. In the case of xianity – humans disobeyed by eating from the tree of knowledge. In the case of islam – Satan/Iblis disobeyed to worship g-d’s creation of dust and mud, thus becoming first “disbeliever”. Actually both religions are based on their believers fitting themselves into the mental disease of their g-d while rejection to fit in mental disorder of g-d is a “sin”.

Jesus Christ:

This Jew suffered extreme anger attacks resulting in both spiritual and physical violence. He would consider a personal insult/attack when a fig tree did not fruit for him specifically in non-fruit season.

And on the morrow, when they were come from Bethany, he was hungry:

And seeing a fig tree afar off having leaves, he came, if haply he might find any thing thereon: and when he came to it, he found nothing but leaves; for the time of figs was not yet.

And Jesus answered [answered to the fig tree] and said unto it,

Then after cursing the tree he bursts into the temple and vent on people there being under the same longing attack. He attacked people and animals, crushing everything on his way - cages with animals, people and furniture:

According bible.....

Abraham was married to his half-sister as were numerous other biblical characters (Genesis 20:12)

Moses, the leader of Israel, was born of an incestuous relationship (Exodus 6:20)

Lot was saved from the fiery destruction of Sodom and Gomorrah just so he could impregnate his own two daughters (Gen. 19:31-36)

.....

Jews committed incest for thousands of years according their tradition, no wonder they ended up being a sick race of schizophrenics and depressive maniacs and pedophiles.

## Scientists Discover Gene That Predisposes Ashkenazi Jews to Schizophrenia - Haarez

Variations of the DNST3 gene make Ashkenazi Jews 40 percent more likely to develop schizophrenia and similar diseases.

“Israeli and American scientists have discovered a gene among Ashkenazi Jews that increases their chances of developing the mental disorder schizophrenia, as well schizoaffective disorder and manic depression.

“According to a study recently published in Nature Communications, the gene in question raises Ashkenazi Jews’ chances of experiencing the disorders by roughly 40%, and by 15% in the general population.

“The study was conducted by Professor Ariel Darvasi, assistant dean of the Faculty of Life Sciences at the Hebrew University of Jerusalem, in coordination with Dr. Todd Lencz from The Feinstein Institute for Medical Research in New York. The first portion of the study included the largest-ever sample group of Ashkenazi Jews ever researched. Of the 2,500 Ashkenazi Jews from Israel who contributed DNA samples for the study, 1,500 were healthy, while 1,000 were affected by mental disorders related to schizophrenia.”

“The reason for choosing Ashkenazi Jews as the subject for the study, of all groups available, is rooted in the fact that Ashkenazi Jews are considered to be an especially homogenous group, in terms of genetics.

“The limited genetic variation among Ashkenazi Jews allows for easy identification of differences between healthy and affected individuals. Professor Darvasi has studied Ashkenazi Jews for many years and employed the latest technology available to analyze the DNA samples he received for the study.

“Current technology allows for very comprehensive DNA analysis and the ability to read millions of SNP points – basically, links in the DNA chain – at the same time, which makes for very effective scanning of DNA,” Darvasi told Haaretz.

“During the first part of the study, the scientists checked for the prevalence of the NDST3 gene, which exists in 99.9% of the population. ‘But there are two specific variations of it that stand out among those with these disorders,’ Darvasi said.

“The results of the study found that Ashkenazi Jews who have the variations are 40 percent more likely to contract a schizophrenia-related disorder than those without it.”

“After we saw that the first sample was relevant, we continued to investigate the connection between the gene and the diseases among other populations from around the world. In the end, samples from over 25,000 people were checked, including people from Europe, Asia and Africa – which basically covers all the primary ethnicities of the human race,” explained Darvasi.

The larger sample group also found a correlation between schizophrenia, schizoaffective disorder and manic depression and the prevalence of the NDST3 gene, although the numbers were lower.

“In terms of the larger sample group, the prevalence of that same gene increased the chances of contracting the diseases by 15% on average, in the other populations that were studied,” said Darvasi.

Israeli Prime minister Benjamin Netanyahu was a patient of psychic hospital for nine years, after which his doctor, a prominent Israeli psychiatrist, Moshe Yatom, committed suicide with the words: “he sucked the life right out of me” .... “I can’t take anymore”.

“Although all Jews are not mentally ill, mental illness is highly contagious and Jews are the principal sources of infection”

“The world would be more compassionate towards the Jews if it was generally realized that Jews are not responsible for their condition. Schizophrenia is the fact that creates in Jews a compulsive desire for persecution.

The Jew hopes that you retaliate in kind and when you do he can tell himself you are anti-Semitic.

The incidence of mental illness has increased in the United States in direct proportion to the increase in the Jewish population. In 1900 there were 1.06 million Jews in United States with 62,112 American confined to public mental hospitals. In 1970 the Jewish population increased to 5.87 million (an increase of 454.8%) with 339,027 Americans hospitalized for mental disease.”

“There is no doubt in my mind, that Jews have infected the American people with schizophrenia. Jews are carriers of the disease and it will reach epidemic proportions unless science develops a vaccine to counteract it.”

- Dr. Arnold A. Hutchnecker, a New York psychiatrist, Mental Illness: The Jewish Disease, October 25, 1972. Dr. Arnold Hutchnecker’s patients included US President Richard Nixon (d. 1974).

Feeling oneself a prophet, a chosen one, that was sent to Earth by divine intelligence to guide everyone else, suspiciousness, delusion of persecution is severe paranoid schizophrenia and it is actually what all Abrahamic faiths and texts are all about. Demanding unconditional love, trust, faith, admiration or whatever from others is extreme narcissistic personality disorder and it is a major mental illness not only of prophets/messiahs but of all forms of Abrahamic g-d itself.

If Jews care this in their genes no wonder it is also found in their religions. All Abrahamic religions are invented by Jews and are based on severe paranoid schizophrenia and narcissistic personality disorder. Here are some examples.

Narcissistic personality disorder.

1. Grandiosity with expectations of superior treatment from others
2. Fixated on fantasies of power, success, intelligence, attractiveness, etc.
3. Self-perception of being unique, superior and associated with high-status people and institutions
4. Needing constant admiration from others
5. Sense of entitlement to special treatment and to obedience from others

6. Exploitative of others to achieve personal gain
7. Unwilling to empathize with others' feelings, wishes, or needs
8. Intensely envious of others and the belief that others are equally envious of them
9. Pompous and arrogant demeanor

Grandiosity with expectations of superior treatment from others:

Muhammad:

"None of you will have faith till he loves me more than his father, his children and all mankind."

[Bukhari: B2-N14]

Jesus Christ:

He that loveth father or mother more than me is not worthy of me; and he that loveth son or daughter more than me is not worthy of me.

It can also be seen in how mudslimes of today are easily insulted even by the mere sight of the dog or an unveiled woman. Just people and animals on the minding their own business is already an insult. It's severe case of paranoia.

Muhammad killed 42 persons and 1 tribe. His reasons were:

1. critics of his person and teachings
2. unfounded suspicion in planning smth against him (paranoia / anxiety)
3. other people's private sexual life (sodomy or adultery)

Muhammad:

'I will enter a contract of allegiance with you, provided that you protect me as you would your women and children.'"

[Ishaq:203]

"The earth has been made for me"

[Bukhari Book 1 Volume 7 Hadith 331]

Jesus... made sure no drop of any expensive liquid ever fall on smth else but him.

3 And being in Bethany in the house of Simon the leper, as he sat at meat, there came a woman having an alabaster box of ointment of spikenard, very precious; she brake the box and poured it on his head.

4 And there were some who had indignation within themselves and said, "Why was this waste of the ointment made?"

5 For it might have been sold for more than three hundred pence, and have been given to the poor." And they murmured against her.

6 But Jesus said, "Let her alone; why trouble ye her? She hath wrought a good work on me.

7 For ye have the poor with you always, and whensoever ye will, ye may do them good; but me ye have not always.

[Mark 14: 3-7]

Jesus was known to always threaten and frighten his disciples with his own suffering, persecution and death, "forseeing" it all the time. He actually orchestrated his arrest himself by his ongoing demonstrative criminal activity. It is well-known schizophrenic behavior to fake different diseases, to create one's own suffering and problems with the sole purpose of terrorizing others with them. Usually schizophrenics terrorize their own families, friends and loved ones through this practice. Jesus terrorized his disciples.

The other very typical schizophrenic symptom is normal Jewish trait of neglecting personal hygiene. Very typical ugly vomiting smell coming from a racial Jew was the main quality of Muhammad and Jesus for which they were well known. It is also a well-known tactic used by schizophrenics to attract attention and terrorize others around them. The following verses of Quran show how Muhammad terrorized his wives with his being covered with dirt, lice and sperm all the time.

Muhammad and Jesus ate with dirty hands; either washed them with the water in which animal and human urine, dung and corpses were, or not washed at all with this water; urinated, defecated, masturbated and left their spit and sperm everywhere, just as today mudslimes in Europe do.

Never washing:

Muhammad... never washed and was covered with dirt, lice and sperm:

Narrated Zaynab: She was picking lice from the head of the Apostle of Allah

[Abu Dawud 19:3074]

One day the Prophet visited her and she [...] started looking for lice in his head.

[Sahih Bukhari 9:87:130]

In case I found that (semen) on the garment of the Messenger of Allah, I scraped it off with my nails.

[Sahih Muslim 2:572]

Narrated 'Aisha: I used to wash the semen off the clothes of the Prophet and even then I used to notice one or more spots on them.

[Sahih Bukhari 1:4:233]

Drinking water with dung and urine, eating with dirty hands licking them after:

Muhammad

I heard that the people asked the Prophet of Allah: Water is brought for you from the well of Buda'ah. It is a well in which dead dogs, menstrual cloths and people are thrown. The Messenger of Allah replied: Verily water is pure and is not defiled by anything.

[Sunan Abu Dawud 67]

It was narrated that Jabir bin Abdullah said: "We came to a pond in which there was the carcass of a donkey, so we refrained from using the water until the voice of Allah came to us and said: 'Water is not made impure by anything.' Then we drank from it and gave it to our animals to drink, and we carried some with us."  
[Sunan Ibn Majah 520]

Narrated Ibn 'Abbas: The Prophet said, 'When you eat, do not wipe your hands till you have licked it, or had it licked by somebody else.'  
[Sahih Bukhari 7:65:366]

Jesus:

For laying aside the commandment of God, ye hold the tradition of men, as the washing of pots and cups: and many other such like things ye do.

[Mark 7: 9]

To eat with unwashen hands defileth not a man

[Matt. 15: 20]

Pedophilia

Unlike homosexuality, bisexuality and transsexuality. Pedophilia was proved to be physical brain disease.

Clinical psychologist Dr James Cantor, studied MRI scans to look at the brains of paedophiles and found that there is a literal 'cross-wiring' of paedophiles' limbic response system and parental, nurturing system in their brains.

A previous study by the University of Toronto, Canada, discovered 'huge differences' in the white matter of paedophiles' brains when compared to those of normal people. A cross section of a typical human brain, is pictured where the grey matter is stained blue.

There is no yet investigation on subject of genetic reasons of pedophilia, but it is a fact that jews are usually pedophiles and pedophilia can be found in all religions as a preferable type of sexuality:

"Sexual intercourse with a little girl is permitted if she is three years of age."

[Yebhamoth 11b]

"Although the intercourse of a small [9 years old and less] boy is not regarded a sexual act, nevertheless the woman is injured by it as by a piece of wood"  
[Kethuboth 11b]

[Prophet Moses was angry that victorious jewish army took grown up women for sex and said to his men] "Now therefore kill every male among the little ones, and every woman that hath known man by lying with him. But all the women children, that have not known a man by lying with him, keep alive for yourselves"  
[Numbers 31:1-18]

And (as for) those of your women who have despaired of menstruation, if you have a doubt, their prescribed time shall be three months, and of those too who have not yet had their courses  
[Qur'an 65:4]

Muhammad himself was a pedophile:

'A'isha reported that Allah's Apostle married her when she was seven years old, and he was taken to his house as a bride when she was nine, and her doll her.

[Sahih Muslim 8:3311]

And his Jewish friends were pedophiles:

"Umar [Jewish Qurayshite as well as Muhammad] asked 'Ali for the hand of his daughter, Umm Kulthum in marriage. 'Ali replied that she has not yet attained (of maturity). 'Umar replied, 'By Allah, this is not true. You do not want her to marry me. If she is underage, send her to me'. Thus 'Ali gave his daughter Umm a dress and asked her to go to 'Umar and tell him that her father wants to know what this dress is for. When she came to Umar and gave him the message, he took her hand and forcibly pulled her towards him. 'Umm Kulthum asked him to leave her hand, which Umar did and said, 'You are a very mannered lady with good manners. Go and tell your father that you are very pretty and you are not what he said of you'. With that 'Ali married Umm Kulthum to 'Umar."

Tarikh Khamees, Volume 2, p. 384 ('Dhikr Umm Kalthum') and Zakhair Al-Aqba, p. 168

So, all Muslims and Christians reading this page, my congratulations to you all: according to newest scientific research, your God suffers severe mental diseases. I wonder its followers so suppressed science through their entire existence and put enormous time and effort into inquisition, extensive lying and things like that. Science would expose their God for what it is...

"Those who annoy Allah and His Messenger and speak evil things of them—Allah has cursed them and prepared a humiliating torment."

"Those who speak negatively of Allah and His Apostle shall be cursed."

[Quran 33:56-57]

"Blessed is he that blesseth thee, and cursed is he that curseth thee."

[Numbers 24:9]

"The earth has been made for me"

[Bukhari Book 1 Volume 7 Hadith 331]

...paranoid schizophrenic, megalomaniac and a pile of garbage covered with lice.

Subject: Happy Satan's Holiday

Wishing everyone here a Happy Satan's Holiday. Tonight is for Satan.

Satan is truly wonderful beyond words. I can't say this enough. This also includes Lilith and our other Gods.

For those of you who are new, still uncertain or have lingering doubts or fears, know that Satan doesn't demand blind faith. In time, he opens all of our eyes so we can see the truth for ourselves.

I have been with Satan for over 16 years now. How many of you here can honestly state that you are a better person now and that your life has gotten better since you dedicated to Satan? I know I can.

Satan heals us from the inside out.

He also gives us knowledge that those who are without do not have. I remember talking with a woman who had spiritual/occult interests. She had some knowledge and was totally freaked out by what I knew. I was light years ahead of her. This is all from Satan.

Satan and Lilith have touched my life so many times. I remember when I was new, I was broke and hungry. I was walking down the street and right in front of a restaurant, a was of money was stuck to the ground. It was enough for me to go inside and order a meal. This was from Satan. He looked out for me and I didn't even need to ask. I have always been deeply touched by that experience.

He has blessed my life with so many beautiful miracles, that I can't count. I am so grateful to him beyond any words.

WE LOVE YOU SATAN!!!!!!!!!!

### Reverse Ritual Schedule, for the 24-25-26th of the Month

Greetings to all our People and Satanic Comrades!

Before anything, just know that after this schedule we are going to attack the enemy severely. We have to foil them on these days however as Rabbi Jewsus and the alien company are more than likely attempting yearly siphoning of energies from the 'goyim' (Gentile) slaves they have. The kike on a stick just does not want to allow its 'sheeple' and its parasitism blood source, let go. Its 'merry xmas' is everywhere, forcibly, and by coercion. They are celebrating a dead thoughform created by some psychotic rabbis just a few hundreds of years ago. The enemy really needs their 'medicine' from that in order to pick up from where they are now.

As for late, Israel has been having serious issues. The Champion of Judah (but plan B of the jews), Trump, wants to bail them out and basically give them more space of abuse settlers and the Palestinians. This is by promoting 'negotiations' that Israel didn't want to make since 1967, anyway. The Jewnited Nations acted for once like United Nations and does want to further the negotiations between the two because it just gets nowhere as it is now. And recognized the war crimes of Israel. How are they going to exactly do this right now, is Trumps offer for "two part negotiations" which is a tried and false one. And destroyed the ME and flooded the west with "Immigrants"... Which just means in the end 'leave Israel unimpeded to do whatever the fuck they please, or...'. All of this is happening behind the clock, while on the 'global scene' things have been appearing to be 'freezing'.

[https://www.theguardian.com/world/2016/ ... ettlements](https://www.theguardian.com/world/2016/...ettlements)

What does that mean for Pissrael? Less war crimes, less 'reparations', less 'financial aid' like 50 billions for 'protection' of Israel, less organ harvesting from Arab children, less property, and finally less land for them. This will force the 'chosen' of the greys and shithead company to 'reduce' and shrink. Which is a major setback to their agenda. Of course the "Champion of Easily Convinced 'White People', the Savior, Oy Vey 6 trillion" Donald Trumpf is the first (And the only one) to stand up for the jews that have created him. After all he is a xian Goyim, and a racial jew to a percent anyway. So if momma bear Israel goes down, then where people like Trumpf are going to be?

The assassination attempt of the Turkish ambassador also has the reason so that "Russian" will join forces with "Turkey" to counter "Terrorism". Al of us here know just who created ISIS, and that is the jews. And that the ultimate purpose of this terror organization is to be caused as proxy so that there is

endless immigration, the ME is wiped out, and people leave their territories to only come to Europe.

So for the above, we are going to continue on the Media RTR, for these three days. This will hurt the enemy bad as the media depends on the xian jeboo on these days. So we will just foil all of their projections who are the main causes of jews gaining energy on that 'time'. All of the above is the result of bad negotiations and bad propaganda by the enemy, and it will get worse for them. This can be further exploited by destroying their communications further, now that Mercury is retrograde. Anything that can go wrong, MUST go wrong right now.

The Communications RTR we will be doing will further any problems the enemy is having on the communication scale. Added on this, we can do the reversing 'War' prophecies Ritual. As I have explained in my other post, the enemy wanted war between Russia and Turkey but without the Plan B Trump on it, they are going nowhere with this act just yet. They need him up first, to at least know how the terrain is going to be. Also, do not buy the fairytale that Trump wants peace. The jews only want peace as a sideway to gain more power and destroy their enemies. A different jew doesn't change the overall plan. If the jew is not powerful enough, they want 'friendship and peace'. If they are powerful enough, they want to rip the guts on every Gentile child in 'spirit cooking' rituals to Jehova and the "God" of the Illuminati, "JESUS CHRIST". Which is what they did for centuries anyway.

Israel has experienced severe losses. For this reason I have also contacted Satan and have asked for their guidance on the matter, and also upon conversating with the other HPS we have decided to prolong the schedules to way more than just 10 days or weeks. This will happen around the time of the new year. There will be updates. This does NOT mean there may not be the need of immediate RTR's that must be done in between, as this war is active, and nothing is set on stone. Our unpredictability is our strength. How are we destroying the enemy again? Because they are foolish enough to put their "Torah Plan" in public sight.

However at this point its useful that we attack the enemy where they hurt the most. Now, many of you here may be suffering, after Father Satan's amazing day, from the (((Jolly))) energies of xmas, thoughforms, ideas about the jewish zombie, and many other retarded and useless things that come by them. We can disband most of this and give the enemy a horrible "intake" of parasitized energies from their 'goyim'. We need to counteract the poison as the enemy is gaining power and energy from all of this. If we just let them hang, they are going to get even, and they will get more into our tail for the next year.

For the above, we will do the "72 names of 'God' reversal" RTR. Its by that name the Rabbis are trying to summon power to actually pull all the things they want to pool into reality.

## Below are the Rituals for the three days above:

**The Moon God Hubal: Satan, to whom Star,  
Crescent and the Elixir of Life ri...**

There are xian idiots claiming all over the net “islam is not Abrahamic” because it stole its Arabian version from the Pagan Moon God Hubal. It is a

major example how mind of these idiotic robots is completely owned by jews: jews release some of brain pathways while other pathways they shut close so that person realize one things and do not realize the other things needed to understand whole picture, thus see it in the light jew wants them to see it. Jews let xian fools realize that Hubal is Satan, yet somehow Hubal being Satan automatically categorizes him as evil because they brainlessly associate Satan with all evil. While neither Satan nor Hubal nor any other entity hostile to their mudgod never ever committed any evil against humans in absolutely all known Abrahamic sources. This creates very important subliminal message: if any entity benefitting humans is considered Adversary, and if the only reason this entity is considered Adversary is his/her benefitting humans, it logically means that HUMANS THEMSELVES are Adversary. Providing subconscious is very logic.

Now there is a difference between rewritten and STOLEN. By STOLEN this site/book and other resources of Joy of Satan Ministers means when smth is not just taken from somewhere but corrupted, i.e. its meaning is completely perverted, deprived of all original meaning and turned into its opposite, while claiming to be original and belonging to the one perverting it. That's why when I say "islam is fully taken from the book of Enoch" I mean it is rewritten early jewish writing with the same message just with Arabized terms and names. While when I say it was STOLEN from Paganism I mean its message was perverted, deprived of all the original sense and turned into the complete opposite. Torah, book fo Enoch and the ilk themselves were STOLEN. Then after message was already corrupted, it was just rewritten from one jews by other jews many times in different languages for different Gentiles.

Hubal was the original God of Mecca and Kaaba, STOLEN Pagan temple. He was also known as Moon God because Star and Crescent are his original symbolism, later STOLEN by mudcrap. Hu means "spirit", Baal means "the lord". Together these two gives us the very well-known in the Ancient World title STOLEN by the jewish g-d, "The Lord of the Spirits", which is used all over the last book of jewish bible – Revelation of st. John. We have one thief, not two separate thieves.

The al-Ilah title meaning the same – "the God of Gods" or "the most high" – was stolen by this very same jewish deity and corrupted into its new nickname "allah" for judeo-islamic version and "Eloah / Elohim" – for judeo-xian version. Mudslime allah is Judaic eloah it's the same word, originaled from Hebrew, pronounced in Arabic. Again one thief.

Mud also stole Caws Kuzah. Kuzah was Arabian Pagan Thunder God described as Shaitan. His symbol was a rainbow. Caws Kuzah literally means "rainbow" very popular allegory for the Magnum Opus stage of colors, also symbolized by a male peacock. Tabari says (Tafsir) that the Shaitan are those whom the infidels obeyed while disobeying God. The bow of Kuzah was afterwards called the bow of Shaitan and the two horns of Shaitan is a name for a phenomenon accompanying sunrise. Mudslimes stole this word and corrupted it into their submissive slavish nonsense like "bow of the prophet of g-d" or "bow of heaven". They also corrupted him into an angel for their jewish g-d.

This universal pedophile is also usually addressed in quran as "Ya-Sin" which is yet another stolen name of the Moon God Hubal, Sin.

Al-Malik [Al-Maalik] literally meaning the King. Amalik or Amalek is a name of Satan and his White Race even in torah, very extensively used in bible, yet jew mudgod stole this one also. And this title ended up in the list of 99 fake names of islamic shit. And, as it should be since it is so in bible and torah and other jew literature, quran admits that no one of these 99 is actual name of their mudlord. Which logically means they all are STOLEN.

"According to a hadith narrated by Abdullah ibn Masud, some of the names of God have also been hidden from mankind."

The problem with their g-d is that it steals other Gods' titles, takes them as "names" and collects them into some 42, 72 or 99 numerical number to enhance its power. From the very beginning it had no its own name so the only thing it could get were different titles stolen from other entities.

Another mudcrap's title, the "all-merciful" (I would better call it "all-mud" since it created its people of dust and mud). It sounds "ar-rahmaan" in Arabic. Rahman or Rahim are two words derived from Ancient Hebrew r-h-m.

"Moreover, the Jews have a long history of using the name "ha-Ra aman" in their liturgy.[43] Again ha-Ra aman is the Hebrew equivalent of Sabaic Ra m n n. The word rachuw, meaning "merciful", is also to be found in many instances in the Hebrew Bible and is only used as an attribute of God [Figure 4(a)]. It is derived from the root rchm, (identical to Arabic root: r m) which means "soft, compassion, mercy" [Figure 4(b)]. The following entries are from the Gesenius's Hebrew And Chaldee Lexicon To The Old Testament Scripture.

Figure 4: The meaning of word (a) rachuw and (b) its root racham in the Hebrew Bible.[44]

Also, Hartwig Hirschfeld pointed out that the Syriac Christians employed Ra m n for Jesus.[45] It is not surprising that the Encyclopaedia Of Islam says:

That al-Ra m n should have been the name of a single God in central and southern Arabia is in no way incompatible with the fact that, when adopted by Islam, it assumes a grammatical form of a word derived from the root R M."

Kikes used this title translated in Hebrew as "Lord of the Jews", "Master of Heaven" and the "Praiseworthy One".

STOLEN!! – by jews and only after passed from jews to muds.

[the start of the quote of judeo-xian missionaries thinking that mudslime mudgod is Moon God Rahman because "ar-rahman" title, but not knowing that this title also is kept by their own mudgod]

*“The fact is that even 'Allah's' most frequently used title, ar-Rahman (the Merciful) was known in South Arabia well before the advent of Islam, and signified a moon-god, whom Muhammed even occasionally confused with or used as a substitute for 'Allah'. The Koran mentions ar-Rahman occasionally, for example in sura 43:19, which most translators have renamed as God or Allah, since they, found no difference between these two South Arabian moon-gods.*

*According to the Koran, 'Allah' is one and no other god can be associated with him. This concept was most likely adopted from the South Arabian moon-god ar-Rahman (the Merciful), whose name was later adopted by Muslims as one of 'Allah's' titles.*

*I further showed that one of the attributes and titles which the quran ascribes to allah, namely ar-Rahman or "the Merciful", was also the name of a Pagan God worshiped in South Arabia....*

[end of the quote]

Now, Rahman is STOLEN from Rammanu, the Assyrian god of wind, rain and storm!

It is also interesting to find that Rammanu, who was Rimmon of Assyria, Brahman of India, and [was stolen for] RAHMAN OF ISLAM, was also known in Babylon as IL-hallabu.

(Langdon, Stephen H, The Mythology of All Races, Vol V, Archeological Institute of America, Boston, 1931 pg. 39)

Islamic Sheikh, Ibrahim Al-Qattan, in a lecture given to the International Progress Association in Vienna, said:

The religion of Arabia can be traced by the epigraphic and inscription evidence back to 500 BC, or 1000 years before Muhammed. He said that they had gods named Baal Shamin, Dhu-Samawi, and Allah.

(Al-Qattan, Sheikh Ibrahim, Lecture on Monotheism, I P O Journal, Vienna, pg. 26-29)

Rimmon (stolen by jews as “pomegranate”), or when borrowed from Akkad, the thunderer (cf. Akkad. ramanu “to roar.” Rimmon must have been one of the leading gods of the Syrians worshipped in Damascus. He has been identified with Rammanu, the Assyrian god of wind, rain and storm. The name appears in the Syrian personal names HADADRIMMON and TABRIMMON (which see) and its meaning is dubious (ramamu, “to thunder”).

---

Now, we have islamic allah is jewish eloah (one of many, eloahim) both stolen from El meaning light. Islamic angels being “creatures of light”. In Hebrew known as mivjaEL, gabriEL, raphaEL etc. both stolen from Al-I-Lah, title of Moon God;

We have rain God Rammanu stolen by kikes later transmitted to muds as “merciful”;

We have al-Sin stolen from Moon God Sin;

Yet certain xian idiotic crack-heads discover that islamic jew is somehow other thing than their own xian jew, and is somehow Pagan because Arabian Pagan heritage being stolen and corrupted by it into its complete monotheistic opposite. They do not tell you their own xian jew stole this very same Syrian / Babylonian / Arabian / Indian heritage for their xian bible...

Now more jewish theft:

We have 72 of Jewish g-d named "Ha-Shem" literally meaning "the name" in Hebrew and we have 99 names of Islamic mudgod known as "Al-Hakeem" officially translated as "all wise" or so. Now ha-shem and ha-keem (al-ha-keem because we have Arabic here) sounds similar and are used for the same purpose. Both stolen from Sanskrit Soma literally translated as "liquid" or haoma (Avestan), from Proto-Indo-Iranian \*sauma – Lunar / feminine elixir of life generated in 6<sup>th</sup> chakra by Pinal Gland.

Now I wish to clear up what actually is Jewish word Shem and why in Arabic it means all-wise. Shem is STOLEN from Soma. I will quote the book named The Mythological Hebrew Terms Explained by the Sanskrit for you to understand this Ha-Shem / Shem nonsense from inside out.

[start of the quote]

"Shem, Cham, Japhet-Soma, Karn, Pra-Japati. The analogy of the linguistic and mythological facts becomes more evident, when we consider the sons of Noah, Shem, Cham, Japhet. These three sons, it is said in Genesis, became the progenitors of the new mankind. Now let us compare them with the Aryan progenitors Soma, Karn or Kama and Pra-Japati (corresponding to the Babylonian Zorovanus, Titan and Japethostes) the three sons of the Hindu ark-preserved Manu.

136 THE MONIST. Kam or Kama, in Sanskrit, means: "he who follows the dictates of passion or desire." Kama is the god of love, Hebrew Cham "hot," substantive "heat, ardor." He represents the necessary heat for fecundation and generation, that is for Soma and Pra Japati. Soma represents the sacred liquor (of libation and fecundation) and the god himself. Soma means "to distil, to extract, to sprinkle, to generate," the act of pressing out the Soma juice being compared to the act of begetting. (Sura, the sun, represents also the spirituous liquor.) Soma is therefore the life-giving god, the generator of mankind as Shem is said to be. Pra-Japati, lord of creatures, was an epithet originally applied to Savitri, Soma, Indra and Agni (all these gods represent the fire or the sun and are therefore generators), afterwards he became the name of a separate god presiding over procreation. Pra-Japati is Japhet. Noah himself is said to have been a wine-grower. In a moment of drunkenness, he uncovers his body. The nakedness of his father amuses Cham and he calls his brothers to see it. Noah curses Cham and makes him a servant of Shem and Japhet. This malediction has a natural significance. Love is the slave of passion and desire. Cham is

"We Whites are by nature, rebellious and we are NOT, servile. Nonwhites are servile by nature. Islam has targeted nonwhites for centuries. The enemy feeds off of them. The more the White population dwindles, the more the enemy will push an Islamic takeover."

- High Priestess Maxine Dietrich

JoyofSatan.org

From Wikipedia, my notes in []:

“In 2001, Osama bin Laden [the jew] called America the modern Hubal. He referred to allies of America as "hypocrites" who "all stood behind the head of global unbelief, the Hubal of the modern age, America and its supporters". Al Qaeda's then number two, Ayman al-Zawahiri [another jew], repeated the phrase ("hubal al-'asr") in describing America during his November 2008 message following Barack Obama's election to the presidency.

According to Adnan A. Musallam, this use of Hubal as a symbol of the modern worship of "idols" as un-Islamic gods can be traced to one of the founders of radical Islamism, Sayyid Qutb [Marxist-leninist], who used the label to attack secular rulers such as Nasser. It may have been passed on to bin Laden by one of his teachers, Abdullah Azzam.”

More on American White Devils (and White Devils as a whole):

“Elijah Muhammad is the one who preached that the white man of America, number one, is the Devil!”

“Elijah Muhammad has been preaching that the white man of America – God taught him – is the blue-eyed, blond-headed Devil! No good in him, no justice, he’s gonna be destroyed!

“The white man is the Devil. We do believe that. We know it!”  
– Malcolm X

No wonder they call America “Hubal”, the True God of Star and Crescent. Founding Fathers were Satanists and America was built as Satanic State and the mud realizes it.

[I am entirely with you – let’s bring down America, but first let’s stop slaughtering one another, and then we can attack America”– TV Host: Swedish-Algerian Journalist Yahya Abu Zakariya](#)

In the video on the right two muslims openly argue about how better and faster to bring down America. One complaining another that “refugees” waste time with infighting, enjoying welfare, rape and drugs instead of working hard on their direct mission they were sent for – takeover of the West.

“It has become a customary for the sheiks preaching in mosques to talk in their sermons and lectures about the “infiltrating infidel West”. **I am entirely with you – let’s bring down America, but first let’s stop slaughtering one another, and then we can attack America**

– TV Host: Swedish-Algerian Journalist Yahya Abu Zakariya.

Hubal / Satan is anyone who stands in the way of dust and mud. Because he places all-wisdom, immortality, and Lunar elixir of life back from 72/99 dung pile (KGB agent 9) to where it rightfully belongs – our body and soul. So that we, Gentiles, understand, that WE are Adversary of the jew.

Hail Satan!!!!!!!!!!

"Blessed be the Lord, the God of Shem; "And let Canaan be his servant. "God enlarge Japhet and let him in the tents of Shem, "And let Canaan be his servant." Canaan (Kamama) "the libidinous, the lustful," is the eternal servant of the drunkenness of the senses, of passion and desire, of Soma, and of the final act of procreation, of Prajapati who as we saw is an epithet of Soma. "Let Japhet in the tenth of Shem" signifies "let Soma be Pra japati," "let the sacred liquor of generation end in fecundation. A hymn in the Rig-Veda, which is addressed to Soma, says: "Where there is happiness and delight,

Where joy and pleasure reside,  
Where the desire of our desires is attained,  
There make us immortal."

CRITICISMS AND DISCUSSIONS. And another more significant hymn says:

"Thou Soma, guardian of our bodies,  
Makest thy dwelling in each member.  
Lord of heaven! Though we transgress  
Thy firm decree so often, be merciful  
To us and kind and gracious."

"Soma, guardian of our bodies, dwelling in each member... is this not Shem who with his brother Pra-Japati is the guardian of the body of Noah whose nudity is mocked by the frivolous Cham, the libidinous god of love?"

My note, whole legend of flood stolen from Brahma's flood existing also in Banilonian legend of Baal / Enlil. Means flood of energies / liquids.

Hebrew/Hebrew-Originated-Arabic word Shem/Keem is "wise" or HaShem / haKeem is "all-wise" according islamic translation because it is STOLEN from Soma elixir of life (immortality), which is generated by the chakra / gland that gives wisdom and all-knowledge. Soma is elixir of eternal life, and kikes want our eternal life that's why they stole it from us for their 72/99 names of g-d.

Xian crackheads would ask: what is the difference?

The difference is: in Pagan version we vibrate words of Power, including Soma, into our Pinal gland to stimulate the Soma, Feminine elixir or life in our body produced by this gland and thus get immortality. While in jewish version we slavishly worship the KGB agent 72 or 99 giving it our energy in prayer and it gets parasitic immortality while we are the ones who die.

This is the difference.

Pedophilia is jewish. It is not Sumer, Akkad, Syrian, Babylonian or Arabian. It is jewish. It is jewish racial brain disease (and islam IS pedophilia). Does not matter how many Sumer, Akkad, Syrian, Babylonian or Arabian words and terms it stole to cover up. KGB agent 72 or 99 is one same KGB agent 9. Because both carry the same numerological number of 9.  $7+2 = 9$  and  $9+9 = 18 = 1+8 = 9$ . The number of endings. The word “Uhud” also numerologically gives 9 which signifies the destruction of Pagan Mecca and Kaaba (thus all Ancient Pagan Civilization of the Middle East) via Battle of Uhud in quran. Quran is all based on jewish gematria.

Yet there is a reason why these “my jew is more jewish than your jew” crackheads are programmed to think that allah is not Abrahamic because he was stolen from Hubal or whomever. This reason is related in both jews: islamic jew (quran) and judeo-xian jew (torah/bible).

Because jew creates different sects of the same jew to make you an enemy of your own household. Because thus only your kingdom can fall. And jews want it fall.

Now, there is an answer islamic texts give to these scullcracks, in regards of who exactly is Hubal the Moon God of Ancient pre-islamic Arabia: the main enemy of Muhammad and its "new religion". These quotes refer to Hubal as the supreme God of all disbelievers, the Lord of Mecca and Kaaba and actually the Leader of the opposition to the all-mud, thus the Leader of Hell. All quran and all islamic texts are centered around the Battle of Uhud which is also a battle of Gods – "The War in Heaven". Between Hubal and allah. Which is a subliminal message of the cosmic war between the Gentile and the Jew themselves. Jewish side being represented by muhammad.

See article:

Mohammed was full blood jew and his wives and close associates were jewish

"When Abu Sufyan wanted to leave he went to the top of the mountain and shouted loudly saying, 'You have done a fine work; victory in war goes by turns. Today in exchange for the day (of Badr). Show your superiority, Hubal,' i.e. vindicate your religion. The apostle told 'Umar to get up and answer him and say, God [Allah] is most high and most glorious. We are not equal. Our dead are in paradise; your dead are in hell."  
[cf. Ibn Ishaq (1955) 380—388, cited in Peters (1994) p. 219]

Abdul-Muttalib [father of muhammad] said that he would make two arrows for the Ka'ba, two for them, and two for himself. The two arrows which came out from the quiver would determine to whom the property belonged. This was agreed, and accordingly he made two yellow arrows for the Ka'ba, two black ones for himself, and two white ones for Quraysh. They were then given to the priest in charge of the divinatory arrows, which were thrown beside Hubal. (Hubal was an image in the middle of the Ka'ba, indeed the greatest of their images. It is that referred to by Abu Sufyan ibn Harb at the battle of Uhud when he cried 'Arise Hubal', i.e. make your religion victorious!) Abdul-Muttalib began to pray to God, and when the priest threw the arrows the two yellow ones for the gazelles came out in favour of the Ka'ba. The two black ones allotted the swords and coats of mail to Abdul-Muttalib, and the two arrows of Quraysh remained behind.

[A. Guillaume, The Life Of Muhammad: A Translation Of Ibn Ishaq's Sirat Rasul Allah, p. 64]

Abu Sufyan ascended a high place and said, "Is Muhammad present amongst the people?" The Prophet said, "Do not answer him." Abu Sufyan said, "Is the son of Abu Quhafa present among the people?" The Prophet said, "Do not answer him." Abu Sufyan said, "Is the son of Al-Khattab amongst the people?" He then added, "All these people have been killed, for, were they alive, they would have replied." On that, 'Umar could not help saying, "You are a liar, O enemy of Allah! Allah has kept what will make you unhappy." Abu Sufyan said, "Superior may be Hubal!" On that the Prophet said (to his companions), "Reply to him." They asked, "What may we say?" He said, "Say: Allah is More Elevated and More Majestic!" Abu Sufyan said, "We have (the idol) al-'Uzza, whereas you have no 'Uzza!" The Prophet said (to his companions), "Reply to him." They said, "What may we say?" The Prophet said, "Say: Allah is our Helper and you have no helper."

[Islamic-Awareness, Reply To Robert Morey's Moon-God Allah Myth: A Look At The Archaeological Evidence]

"On the authority of Abu Huraira: The people said, "O Allah's Apostle! Shall we see our Lord on the Day of Resurrection?" The Prophet said, "Do you have any difficulty in seeing the moon on a full moon night?" They said, "No, O Allah's Apostle." He said, "Do you have any difficulty in seeing the sun when there are no clouds?" They said, "No, O Allah's Apostle." He said, "So you will see Him, like that. Allah will gather all the people on the

Day of Resurrection, and say, 'Whoever worshipped something (in the world) should follow (that thing),' so, whoever worshipped the sun will follow the sun, and whoever worshiped the moon will follow the moon, and whoever used to worship certain (other false) deities, he will follow those deities..."

[Narrated `Ata' bin Yazid Al-Laithi 532.1., Sahih Bukhari]

The Battle of Uhud, the center of all islamic writings, is yet a later version of the well-known jewish legend of Balaam, the Gentile prophet, related in absolutely all jewish and xian writings and is of special focus in The Book of Zohar.

The message of Balaam is one of the most revealing subliminal message of the battle between Gentile and the Jew in all jewish texts and jewish kabbala. Not only Balaam revealed the secret how to most effectively defeat the jew: through spiritual power. His idea to let the Jew curse itself was the blueprint of what we are doing now: reverse torah rituals – to defeat the jew using the jewish god, god being a code word for spiritual power of the people. In Zohar there is a subliminal message of shabez-goyimhood and different jewish curses to be cast on different types of Gentiles:

“Rabbi Chiya said in the name of Rabbi Simon: "Three were present during the consultation (with Pharaoh), Balaam, Job, and Jethro. Balaam, who advised (to kill the Jews) was killed, Job who was silent, was judged to suffer great pain, and Jethro who ran away was worthy to have (great) descendants ...”

[Shmot Rabah 1:9, Sotah 11a]

One adviser was pro-jew liberal and jews treat him well. Second adviser was indifferent and jews tortured him. Balaam, the third one, was the Anti-Semite and a representation of National-Socialism. He was not only killed but tortured eternally in Hell.

According quran Balaam served Satan. And according other jewish rabbinical literature Balaam was taught black magic by Demons, which is a clear reference to the White Race descended from Satan, see the articles:

Satan: The Father of all “Infidels” / White Race. Admitted by all 3 abrahamic “faiths”.

Satan: The Father of all “Infidels” / White Race part 2. All jewish writings admit Satan created us to be like Gods and to live forever

Other related legend is Moses' brother Aaron's magical battle against Egyptian High Priests via their magic wands becoming Serpents, wands being spines, Serpents being Kundalini. Kundalini is the main Power of the soul. Jew and Gentile have different Serpents and the war of these Serpents is a cosmic war between Gentile and the Jew, that ends only with the death of one of them. And it is the Battle of Uhud.

---

According mudbook, Satan / Iblis was the first disbeliever, the first Shaitan, the first one who disobeyed the mudcrap g-d. After this first Shaitan, mudcrap worshippers call the word “Satan / Shaitan” anyone who shows any sign of Free Will / disobedience to their all-mud. “You are Satan” – normal thing you may hear from a mud.

“As-salam”, another jew from 99 jew company, aka “all-peaceful” – STOLLEN!!

You probably frequently heard this Arabic greeting: ‘Salam aleikum’ meaning ‘Peace be unto you’. Hebrews also have this thing ‘shalom aleichem’. In the Gospels, Jesus often uses the greeting "Peace be unto you" (e.g., Matt 10:12), a translation of shalom aleichem. See Pax (liturgy). Shlomo, Solomon and other jewish names derived from the same source - Š-L-M – were STOLLEN from Ancient Ugarit God of Gusk!!

From Wikipedia:

[Start of the quote]

Š-L-M or Shin-Lamedh-Mem is the triconsonantal root of many Semitic words, and many of those words are used as names. The root meaning translates to "whole, safe, intact, unharmed, to go free, without blemish". Its earliest known form is in the name of Shalim, the ancient God of Dusk of Ugarit. Derived from this are meanings of "to be safe, secure, at peace", hence "well-being, health" and passively "to be secured, pacified, submitted".

Arabic:      S-L-M (Maltese: S-L-M)

East Semitic S-L-M

South Semitic "S-L-M"

Ge'ez:      S-L-M

Northwest Semitic Š-L-M

Canaanite Š-L-M (c.f. Shalem)

Hebrew:      Š-L-M

Aramaic:      Š-L-M

Arabic sal m (      ), Maltese sliem, Hebrew Shalom (      ), Ge'ez sälam (      ), Syriac šlama (pronounced Shlama, or Shlomo in the Western Syriac dialect) (      ) are cognate Semitic terms for 'peace', deriving from a Proto-Semitic \*šal m-.

Given names derived from the same root include Solomon (Süleyman), Selim, Salem, Salim, Salma, Salmah, Selimah, Shelimah, Salome, etc.  
[end of the quote]

“Al-Aziz” aka “The Powerful” is derived from the root -z-z and Hebrew word oz – STOLLEN!!  
Stolen from Palmyrian Azizos, God of the Morning Star.

Azizos

From Wikipedia, the free encyclopedia

[Start of the quote]

In ancient Levantine mythology, Azizos or Aziz is the Palmyran god of the morning star. He is usually portrayed as riding a camel with his twin brother Arsu. He was venerated separately in Syria as god of the morning star, in company with the astral god Monimos.

Azizos was identified as Ares by Julian in his work 'Hymn to King Helios'. He says "Now I am aware that Ares, who is called Azizos by the Syrians who inhabit Emesa."

[end of the quote]

We all know very well who is the one carrying the title of Morning Star.

“All-jabbar”- STOLLEN!!

Jabbar is an Arabic word meaning "giant" or "almighty". Al-Jabbar is also the Arabic name of the constellation Orion. We already saw the almighty giants from Orion in Jewish books:

That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose....

**There were giants in the earth** in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became **mighty men which were of old, men of renown.**

[Genesis 6:1-7]

You can yourself check the rest of 99 Jews:

[https://en.wikipedia.org/wiki/Names\\_of\\_God\\_in\\_Islam](https://en.wikipedia.org/wiki/Names_of_God_in_Islam)

Just copy and paste any Jew of 99 Jews in Google search and type “[one of 99 Jews] meaning in Hebrew”, then “[one of 99 Jews] meaning in Sanskrit” or “[one of 99 Jews] Ancient Arabian God” or such. Be creative and you will likely find 2 things:

1. they are all Jews
2. they are all STOLLEN from Paganism

You will see for yourself that not only one Eloah crap was stolen from Hubal's title Al-Ilah, but the rest of all 99 Eloahim were also stolen. Be it 72 Eloahim or 99 Eloahim, it is Eloachim, it addresses itself as "we" in both mudbooks.

From Wikipedia, my notes in []:

“In 2001, Osama bin Laden [the jew] called America the modern Hubal. He referred to allies of America as "hypocrites" who "all stood behind the head of global unbelief, the Hubal of the modern age, America and its supporters". Al Qaeda's then number two, Ayman al-Zawahiri [another jew], repeated the phrase ("hubal al-'asr") in describing America during his November 2008 message following Barack Obama's election to the presidency.

According to Adnan A. Musallam, this use of Hubal as a symbol of the modern worship of "idols" as un-Islamic gods can be traced to one of the founders of radical Islamism, Sayyid Qutb [Marxist-leninist], who used the label to attack secular rulers such as Nasser. It may have been passed on to bin Laden by one of his teachers, Abdullah Azzam.”

More on American White Devils (and White Devils as a whole):

“Elijah Muhammad is the one who preached that the white man of America, number one, is the Devil!”

“Elijah Muhammad has been preaching that the white man of America – God taught him – is the blue-eyed, blond-headed Devil! No good in him, no justice, he’s gonna be destroyed!

“The white man is the Devil. We do believe that. We know it!”  
– Malcolm X

No wonder they call America “Hubal”, the True God of Star and Crescent. Founding Fathers were Satanists and America was built as Satanic State and the mud realizes it.

[I am entirely with you – let’s bring down America, but first let’s stop slaughtering one another, and then we can attack America”– TV Host: Swedish-Algerian Journalist Yahya Abu Zakariya](#)

In the video on the right two muslims openly argue about how better and faster to bring down America. One complaining another that “refugees” waste time with infighting, enjoying welfare, rape and drugs instead of working hard on their direct mission they were sent for – takeover of the West.

“It has become a customary for the sheiks preaching in mosques to talk in their sermons and lectures about the “infiltrating infidel West”. **I am entirely with you – let’s bring down America, but first let’s stop slaughtering one another, and then we can attack America**

– TV Host: Swedish-Algerian Journalist Yahya Abu Zakariya.

Hubal / Satan is anyone who stands in the way of dust and mud. Because he places all-wisdom, immortality, and Lunar elixir of life back from 72/99 dung pile (KGB agent 9) to where it rightfully belongs – our body and soul. So that we, Gentiles, understand, that WE are Adversary of the jew.

Hail Satan!!!!!!!!!!

Subject: Genocide Against Whites...

Jewish Harvard professor pushes for genocide of Whites and killing White babies.

<https://m.youtube.com/watch?v=tViwBs9t-il>

The Jew creates the problem (the slave trade was run by Jews, and ownership of slaves was predominantly Jewish, the social system, the race mixing programs, everything run and controlled by Jews), provokes the reaction and pushes the solution.

Few people are aware of the power and control the Jews have. Those of us few Gentiles who are educated about the Jews, their diet, their lifestyle differences, attitudes, their names (many change their names to using Gentile names, such as authors, etc), are aware. I made a point many, many years ago

in educating myself in regards to the Jews and still do. The extent of the control, holding key positions, and power they have is shocking to say the least. It is a FACT that the Jews control 96 percent of the media. This includes books, especially textbooks. This is glaringly obvious to anyone who is onto the Jewish problem and reads extensively.

The Jews also make it a point to promote Christianity, Christian principles and Islamic filth with their control of the media. Try finding any nonfiction book, even cookbooks that are devoid of Jewish names, such as in the acknowledge section.

The Jewish control of the media has given the abomination of Christianity credibility to the masses.

In closing, I also want to add how everything White is being attacked, including our diet. "Gluten free" "Lactose intolerance" pushing veganism, and other third world diets and lifestyles to attack Whites.

Third world lifestyles and diets are not for Whites. The diseases the Jews try to claim are often genetic and racial, not dietary. But you won't readily hear this in any mainstream publications, anymore than how milk is good for you (for most European Whites).

As for those oh so pristine vegan diets and lifestyles of the third world, the average life expectancy of those people is under 50 years and even a lot lower.

If these third worlders are so advanced and pristine, then why do they rely on White medicine, and aid?

Ben Klassen made an accurate statement about Whites helping the Third World (A very common Christian theme); "Expanding and Proliferating the Misery."

Where there were some 10,000 starving, dying of disease, etc, now with White aid, support, medicine and so forth, now their populations have exploded to where there are now 80,000+ starving, diseased and of course a ready supply of disposable slaves for the Jews who use them to invade Europe, rob them of their body organs to sell on the black market, as they own little or nothing. The Jew is a genius at abuse and exploitation.

Third world people in spite of the billions and billions in charity and aid from the White man, ever progress. This is NOT "racism" it is a FACT!

Right now, Israel is slipping. We need to stay on the ritual to wake up the White race as en masse and the RTRs and to fight back online.

Another thing I want to add here... Like a typical Jew, that maggot in the video blatantly lies, as we know, but the sad thing is so many people are brainwashed to the point of insanity and do not stop to think. In addition to this, many Whites flee further and further into the suburbs and live sheltered lives, until it is too late...

That maggot kike in the video states that Whites are "racist."

What is of course left unsaid is just how racist and hateful nonwhite races are and can be. Race mixing is unnatural and an abomination. Doves and crows are both birds, but never flock together. Same can be said, lions and tigers are both cats, but they have enough sense to stay with their own. Even baboons stay within their own families.

I lived in ghettos and mostly nonwhite areas for most of my life due to a lack of affordable housing. (The Jew makes it a priority to own property and land. This creates the homeless problem and affordable housing shortages).

I've worked most of my life as a cook in restaurants. This is where one sees plenty. Riding public transportation... etc.

My son told me about the black girl on the school bus, many years ago and after continually threatening the nonwhite driver who appeared to be an Arab or something, called him a "Philipeno Saudi Arabian asshole" and then got some other blacks to wait on him and physically attack him when he made the rounds in his bus. Rather racist.

The Mexican cook who said under his breath "White Castle's the other way" when a group of blacks entered the restaurant. White Castle is like McDonald's.

The Native American Indians kept black slaves. This is why some have the larger lower lip.

The blacks on the bus who attacked the Chinese woman, calling her a "gook."

This goes on all the time and of course, the most racist and truly hateful of all...the goddamned Jew.

The real tragedy is people are indoctrinated to "have faith" and to just believe what they are told.

I don't care what anyone says, the most vehement racism I have ever seen has come from Blacks. The Jews know this and use it, like in the video.

The White race REALLY needs to wake up. Many are in church every week, praying for and supplying energy for their own damnation and annihilation. "Divide brother against brother..."

Foul idiot toxic slime says "Live and let live." Worthless IDIOTS!! Too goddamned stupid to even know history or see history for what it is. How many WHITE people have been tortured to death with the genocidal Inquisition???

That was one...

So will we repeat the Awakening White Race ritual? I thought we were to do in Satan's day.

Also, about diabets and eating disorders from race-mixing:

<https://atala.fr/2012/10/13/4-cro-magnon-hybridization-and-consequences-en>

Is it really an epidemic related to diet and physical activity, or is it, like obesity, a problem of metabolism related to the hybridization of several different metabolism? Why are clearly hybridized people obviously most affected? Why does nobody reveal this aberration?

[https://www.sante-martinique.fr/portail/gallery\\_files/site/218/221.pdf](https://www.sante-martinique.fr/portail/gallery_files/site/218/221.pdf)

In this document, we can read as follows:

Reunion: 8.8%

Guadeloupe: 8.1%

Martinique: 7.4%

Guyana: 7.3%

These percentages are of course included in the overall French percentage. And yet, the people of these countries/regions do not have a special unhealthy or industrial diet (although these eating habits have increased in recent years, and although this is obviously a contributing factor for diabetes).

The more we look, the more it seems that the countries that have the largest racial diversity (eventually coupled to a more or less modern and industrial eating habit) are those who have the highest rate of diabetes:

<http://www.idf.org/diabetesatlas/5e/fr/saca?language=fr>

Brazil: 10.2 to 11% of the population in 2011

<http://www.ubifrance.fr/sante-dispositifs-medicaux/001B1201226A+mexique-11-de-la-population-atteinte-de-diabete.html?SourceSiteMap=3015>

Mexico : 11%

Against less than 5% in Iceland, the UK and Norway, where the food culture is very industrial, and where the diagnosis is well done (unlike countries such as India, Brazil and Mexico, where the population is more easily under-diagnosed)

It is possible to connect many common problems today with these genetic changes, but the presence of each of them in the list of consequences is a hypothesis. (various genetic diseases, neurological diseases, and senses problems, that we will discuss later...)

But most importantly, this is probably what happened with the weapon of the human being: the brain. When the brown bear mix polar bear to produce a grizzly and later a pizzly, it follows some problems, including camouflage, strength, ability or inability to climb trees, survival, etc.. But the problems are stabilized by natural selection, and even disappear if the new race or species is not viable in its environment. These hybrid animals are also more likely to be domestiquables (dogs).

When the main instrument of the hybridized species is the brain, then things get more complicated and more serious. The hybridized humans has various physical problems, which are stabilized, he is more inclined to domestication, which becomes a self-domestication, since the environment does no longer suit him more, and because he no longer suit his environment, but this is the visible part of the iceberg, as we say, because his brain was moreover, the most transformed, has suffered immeasurable turmoil, and the consequences that will have on how to he will see and understand the world around him will be immense.

I have been thinking for several days that we should repeat and reinforce the ritual to awaken the white race.

The ritual should be repeated as often as is possible. The Runes need only be stained ONCE. The stained Runes can be used repeatedly.

Subject: Reverse Torah Ritual Schedule until 15th of January

(Posted on behalf of HP Hooded Cobra)

Greetings to all our People and Satanic Comrades.

This schedule will be the schedule for until the 15th of the New Year. We need to be relentless and keep executing it.

First of all the date given above can change. We cannot afford to be too predictable. If the tide changes and anything else requires our attention, we may turn. Of course everyone will be notified on time. We are going to remove the dross and make the enemy lose heavy influence this next year.

I read around of few people encountering a few issues. The enemy is very sneaky, always trying to pass personal misfortune or issues as it's always them. Many times, it is not. On the other hand, when they are messing with something, they always misdirect attention again in you thinking it's anything else.

People need to be aware of their charts, natal progressions and mind programming. These are the major source of misfortune and not the enemy. If all the above are in your favor, their effects will be a lot more minimal. One thing they love to do is making people think it's the RTRs, or any other sort of bizarre idea. They just do this to taunt you, and this can also have different forms in accordance to different persons. Many of you do not get 'Disciplined' by their force so they may use other ways. Just be aware of your thoughts. The fact this is that those who do the RTRs do enjoy extra protection if anything, from any possible attacks, and also their own issues. Most of you may have experienced it.

If you find yourself attacked, do the Curse Israel RTR. This will turn curses into blessings. Also, so long you maintain your energies high and your mind alert, few things will reach you if you do your protections too. As for anything direct, do not consider this always nice feedback. Consider it a challenge to further your defenses. Do not tune in or make thoughts of expectation or 'it must happen because'. You may fall victim on your own behalf. In fact if you do the RTRs the Gods raise special protection auras and confer benefits to those who fight. They are in better favor than those who do not, or never do.

As for the Rituals below, they are all priority. It literally takes around 20 minutes a day to do these after you grow yourself accustomed to it. Those who have time for video games, laziness, or anything else in existence but assist such an effort, what comment can be made for them? If you find yourself in this

category show some decency today and change, acting like a decent human being than a passive receiver of crap. You can play later, and nothing of these things will not be here tomorrow.

However a chance to fight like that exists only momentarily in thousands of years. If you waste it, you're wasteful. Maybe when they need you today you will be lazy-in out. So when you need them tomorrow they may be too be bored to help you. But wouldn't that be just treatment? It's not a matter of guilt as guilt is useless here, just common sense and justice.

Those who think that the Gods will be on your doorbell forever and ever waiting for you and singing ballads to get you to act like a human being at last, need little princess reprogramming. And will have little princess my sand palace got destroyed. If the thoughts of living in an Orwellian Gulag do not alert you...What is your worth anyway? You are digging the wreath tomb of humanity by applied ignorance.

With the above being stated, a warrior that doesn't sleep and suffers mental breakdowns is of no worth. If you find yourself in dangerous excess, cut off for a small while, recuperate and go strong. Be spiritually fanatical but not suicidal fanatical as this benefits nobody.

Lastly for those thinking about the enemy. Okay, they may spill your milk now or worse, especially since secrecy is applied. But if the days of the enemy come as the Middle Ages there will be no saving. People will be going to the meat grinder alike. History repeats and so many blissfully ignorant one day found themselves as done with.

The blissful ignorance of the 'Goyim' who are (((normal))) right now is what guarantees they will be destroyed first. Look around you at the already defeated and braindead to see it. Ignorance didn't save them it just undid them faster. And now they live like cattle forevermore, not matter in what place in the stable.

The Rituals below take like 5 to 7 minutes if you are short on time and you do cut small vibrations with intent focus. There are no time excuses either. The normal can go to a few more minutes. If you cannot do all four, cycle two today, two tomorrow, for example. For the first 5 days from now it's advisable everyone does all the four Rituals. If you do not have space, even silently uttering them almost inaudibly can also count in extreme circumstances.

Below are the Rituals for the Until the 15th of January:

I'm not trying to promote violence or open conflict, but seriously people need to fight back physically as well if they get into situations like the above...

This truly enrages me to no end...

+voiceofenki I agree but it's gangs of these Mudslimes who attack women when they are alone. Either that or they grab a weapon like a bomb or a truck and just kill a load of people who don't even see it coming, knowing they're either going to die themselves or go to prison, they don't actually come along and fight one on one. If they was brave enough to fight with their hands it would be called a sucker punch, but it's a sucker punch with bombs and trucks often with suicide accepted for themselves.

These people have proven themselves to be the most COWARDLY pathetic scum race of the Earth. That's one thing that could at least be said for the Negro, we may not like living in a mutli racial society with them but at least they are warriors by nature they will fight one on one with their hands if they have a problem with you. These Arabs are just coward scum who can't do a thing except target women and the unsuspecting.

What Maxine said about races is exactly what I think. Sticking with your own race is not "racist", it's a natural sense. It exists in nature at its purest. Anyone who has had basic biology classes can see this in natural selection.

Even birds of the same species but different colors only fly along with birds of their own color.  
I had a siamese cat and he'd only meet with other siamese cats in the frontyard/on the streets.

Sticking with your own race is natural common sense.

Different groups of people are born in different races for a reason. It isn't born with us just out of nothing. It has a biological function just like our organs. The function of a race is to identify a bloodline, a family. Just like fingerprints are the natural identity of an individual, a race is the natural identify of a family.

You can see nations that still have their race preserved to this day, such as Japan.

Most nations like that are visibly happier than multicultural nations, with a much lower violence rate, better quality education and health system, etc. You can see most Japanese people happy and smiling on videos and such. Most of these nations undergo much less suffering than multicultural nations because they still have a strong sense of union, a sense of family.

Their people are still in its original form. Territories with a multiracial population are not naturally multiracial. They have been forced into this state through centuries, until people born in the newest generations couldn't have a clue about it and think it has always been like that, because they were born in an already multiracial population themselves. What you have been born with is what you tend to deem "natural". Which is also why many people have a hard time weaning off Christianity. They have been born into that, learned that from their parents who are the only ones they can trust in the beginning and whom you usually won't doubt at this age. Therefore, all that crap seems "natural" to this individual. This is why the jews make sure all of this is pushed into people from birth.

As we kept repeating over...and over...and over again, Trump was part of the jewish act. Just a plan B, and preferably better than the direct communization of America by Hillary Jewtington. The lesser of two kikes doesn't make the good however, and his position is still debatable. Do you think he is auntie-Semitic, while his auntie-is-semetic? Not even one inch of love from his jewish wife? Not one inch of emotion for his jewish wives of jewish daughters? Or the fellow jews who built his business etc? What about his jewish grandchildren?

So me playing the Devil's advocate. Maybe its a puppet show? Where do you stand in this yourself? Do you know or do you always wait for jews to do your thinking? Maybe Alex Jewcy the Shill deceived you just a bit?

I'm just questioning. Please act like decent human beings and wake up.

Does it matter in the end? What matters is what Drumpf represents: a bad paradigm that can be used to wake more people up to the Truth and as thus an inevitable revolt. Trumpf is damned if he does, damned if he doesn't: He betrays the Gentiles and sides with Pissrael? He is lifting a final veil on the psyops of Israel on the populace. Does he close his mouth and follows through with toning down the Israel support? His friends will be angry. Does he become neutral? Everyone will be pissed.

Trump is on a problematic position, but its not due to Judah. Its because of our RTR's and our people waking up, gradually and steadily, room after room exiting the jewtrix. However a full unplugging can only happen with Spiritual Satanism, and the world will get to understand this. Through instances like Drumpf.

Get real at last and stop being a 'Goyim' animal and slave. No, this is not Drumpf trying to play 'politics'. This is Drumpfy trying to save his own race from destruction and despair and promising help to his rabbinical cousins. Trump didn't ordain a cabinet with mostly jews without a reason. What's the difference from what was before in the White house and what is now. That one jew is black and other is white? Sorry guys its the same Cohen Gene in their genome

anyways. And the same Torah worshipped as George Bush.

Why does Donnie Drumpf push [Christianity](#) so relentlessly? Because its a hoax with which the Jews always maintain control over the 'Goyim' Whites to boss them around, open their legs and borders to 3rd worlder immigrants, and to be as stupid as to believe 'promises' and 'jews' more than facts and reality. Donnie talked like Reagan in regards to the wall because why not? He bought the belief of the masses by this. Now, its just a fence. Soon, its going to be a wall of toothpicks. Also, what does it matter in the end? Why not win some time for his own now in their time of distress?

So long christianity, "goyim" mindset, and jews remain in power, a few years to be late in the Communist Agenda mean nothing. Just a step back, to take two steps in the front when they can. They need some time to get the heat off of mommy Israel anyway, and then full throttle again to the Jew World Order. Meanwhile Anglin and David Duke will be getting the jebboo freaks to bow and worship Rabbayenu Jesus, under Drumpf's Eulogies.

Because you are not being White if you don't suck a circumcised Rabbi, fellow White person. After all the prayers go to Rabbi Yehoshua Jesus. The rabbis in Israel are happy when churches are full. Its full pocket money and soldiers to die in jewish wars. If the christianity shop closes, off goes Judaism, as its leeching from the deceived "Goyim".

This is why we need to DESTROY and ANNIHILATE to the ground spiritually THE \*SOURCE\* of all these hoaxes with the RTR's. Because these manifest in pseudo-dualisms that confuse the stupid in the physical realm, and the willing sheep who just look at matters without analyzing them on the deeper down. In the end its the same jew ancient feces faucet everywhere.

And no, xianity isn't going to save anyone from Islam as on the unconscious level its the jews pulling the strings from both. Xianity will weaken, dumb down, and destroy the White revolution by controlling it through the literal and the unconscious means. How else would Pissrael receive free money to wipe out Palestine? Christian charity from the American Goyim, translated in 'tax language' to justify the unjustifiable. Paying useless parasites to wipe off the ME and control your country, forever. And ordain donuts like donnie drumpf. Ruling the USA as a racial oligarchy.

"Christian Whites" The Eternal Cattle of the Jew

[topic17719.html](#)

Donut Tweety Titty:

"We cannot continue to let Israel be treated with such total disdain and disrespect. They used to have a great friend in the U.S., but....not anymore. The beginning of the end was the horrible Iran deal, and now this (U.N.)! Stay strong Israel, January 20th is fast approaching!"

Now, of course under the spell of wanting to see that things suddenly are better while they are not (For the lazy White revolutionaries LOL, 'hail daily Stormer'), and trying to play the intelligent and knowledgeable, many people disregarded this. "Richard Spencer said 'Hail Victory' (and that the alt right is the new left)! Milo Yiannopoulos the Jew was dancing around with his Pink Tutu on America being Saved!". How does the dagger feel up right inside your back being twisted now? Do you feel saved?

Start gathering knowledge and depend the change on your own shoulders first and foremost. Do not wait from the kike system to save you from the kike system. \*WE\* are the saviors. Let the others grovel and wait. Be intelligent and tactful.

Remember that feeling because this is the constant feeling when you are dealing with jews. Pissrael is fighting for its survival, and the chump even though wasn't the desired Marxist feminist shitbag, will be kicked in line regardless. The kicks are going to be faker than WWE in many ways. As they were in the same boat all along. Just Drumpf's tail was a bit more in the water.

Republican presidential candidate Donald Trump, and his wife Melania, on Sunday extended a holiday greeting to Jews around the world in light of the Jewish New Year.

"Melania and I extend our warmest greetings to those observing Rosh Hashanah here in the United States, in Israel, and around the world," he said on Twitter.

So let's go to our articles shall we.

Greetings to all our People and Satanic Comrades.

I write this as a reminder for people. We are winning, especially lately where our RTR's have started manifesting more violently. This will only escalate. So long we put coal into the engine, the faster the machine will run. We are making serious impact and we have the jewtrix running.

One person asked, why in 2016, so many Jewish Idols have died? I know this is not a direct result of the RTR's. However, can you say this is devoid of any spiritual and at least of a minor philosophical meaning? As in how they destroyed the statues of eternal Satan and the age of darkness began, now their own

statues are falling. The only difference between the two is that Satan is Eternal and Satan or the Truth never die, and will always return. When the world knows about the enemy, do you think knowing the Truth that this will ever be possible?

Sometimes I know, things that are written are maybe hurtful, for some more, for some less, for others...reality shattering, while for others well expected. But you are not meant to live in a reality meant only to enslave you and blind you. We will never go back on the things put on us to do by Satan. Unfortunately, some Truths have to be shared in a very clean slate way. Lies will only kill more people and ruin more lives. There is no need for lying to the world's elite in morals and spirit. Who are Spiritual Satanists. The world is not all cherries and fun out there.

However, there is still much that is worth of fighting for, and don't buy into the enemy projections. The enemy always projects the worthless, the stupid, and the instances where stupidity is breaching the limits of the limitless universe. This is purposeful to make everyone feel hopeless. Nothing 'good' is projected by the enemy, unless it has their tribe in it. This is all a consciousness game and projection control by the jews. There are wonderful things happening everyday, too.

Nobody else in the world has a higher goal and end than any of us here. Even the Satanist that has the simplest goals and simplest disposition, is a million times superior to any sheeple out there. Satanists have dedicated themselves to the Truth irrespectively of threats, coercion, fear of being destroyed, and many other lies and illusionary dangers put forth by the enemy. These dangers are real, and those who choose to raise their head, do so because they have the power to carry the world on their shoulders. Others more, others less, we are carrying this place out of misery and very FAST. We must never stop.

While Trumpf is actually a plan B, he was as necessary as a cast to be used on the broken legs of jewry, in order to maintain power, and as a last attempt to misdirect people. After this idiot, by years of advancing and us pushing them, things are going to get even worse. Israel is now also being targeted around the clock for their horrendous crimes and is having serious internal issues. This shows they are losing. The "goyim" didn't want to be destroyed and assimilated in the next four years, "sorry".

Other jews are throwing their own under the bus as well, which is a classical jewish meme practiced over the centuries. That is what all the jews do. Divide, substract, recreate. They divide their own, they remove those who have 'failed' them, and then they try to reprogram their idiocy in new forms. Its always however the torah in the bottom line, no matter in what kind of streamlining its put ahead. As in the subliminal hoax stories of the Torah which nevertheless reflect the jewish mind, when this throwing under the bus has began, "Yisrael" is under serious problems. The jews cannot act without the Torah, as this is their consciousness written on paper.

Despite of the jewish projections on the European situation, the jews are losing ground and have been arousing extreme public hate in Europe. You may ask then why some parties are on the low percents? But on the logical standby, because this world moves 'slowly', the uprising of the far right and many other non-xian sects that are close to our ideals are coming up. All these movements have survived blows than two decades ago would be impossible to do so. This will only escalate. The ads of white girls wearing hijabs, and videos like this one below are enough to wake up even the most idiotic people ever. People are waking up, and the cucks will be caught in the middle of a typhoon in the upcoming years.

<https://www.youtube.com/watch?v=WqUhqmaEA7k>

The enemy is pushing, and normally, if you remember their 'glorious days' in the 90's and millenium, they did everything they 'wanted' with zero opposition,

other than some crybabies or lone "truth seekers" here and there. Now not only there is serious opposition, but dangers ahead, and the dangers keep increasing. This can topple them and destroy them as well. Things are getting serious and the more we push, the more they will collapse and shrink.

The thing is, the whole planet gets to know the Truth about the enemy right now. There are some people who will never do, but these people don't matter. Like feminists and many other garbage lifeforms they will be caught in the middle of grand changes, and they will either have to conjoin forces with us, the Victors, or the losers of the enemy. On the other hand, YOU matter. Because you are a catalyst of change in your own personal way.

Our RTR's in the 24st, 25th, 26th did work. We managed to stop the conflict in Syria at least for a while, and this also indirectly affects immigration and many other things. A ceasefire was put forth the next day after we completed our rituals. So long it goes fine.

<http://www.bbc.com/news/world-middle-east-38460127>

Lastly, as about enemy skills and misdirectors, remember all of them are dependent and are recycling Torah and the jewish system. That means that by destroying their spiritual and mental foundation as we are doing with the RTR rituals, these structures will collapse almost on their own and inevitably. Let's take the paradigm of the ADL shill, Jones, who is the major "Trump-et" going around. And somehow blames Satanists, Demons and Nazis for all the worlds perils. Except of jews.

HP Don communicated this to me so the credit goes to him for finding a video.

<https://www.youtube.com/watch?v=NseEoHnt9T0>

There are videos round. These have many, many points, and show how all the skills in the know just give 90% facts and 10% concealed judaism. Of course, all these skills just LOVE christianity, and use other jewish psyops in this again. Others go for 50%-50%, and charge interest. The bible itself implements the same method. The jewish racial infiltration implements the same method. This is a way a virus acts in poisoning everything- take it over from within. By mimicry or through confusion or damages into defensive barriers, viruses try to creep into the body. Bobby fischer and many other insider jews who have betrayed their supposed 'own', aren't betraying nobody. They are just joining the ranks of their enemies for confusion, misinfo, doing psyops from closer proximity, and destroying them ultimately

**FOR WHOM IS THE CIRCUMSTANCE MORE DIRE?**

**FOR OUR ORGANIZED EFFORT THAT STARTED A FEW DECADES AGO, GOING ON THE BLUEPRINT OF ADOLF HITLER, AND OUR FATHER SATAN, SCORING CONSISTENT VICTORIES AND HAVING DESTROYED ALL THE PROGRAMS OF THE ENEMY IN A DECADE?**

**OR FOR THE ENEMY WHO LOSES THEIR HUNDREDS YEARS OLD EMPIRE ON LIES IN A FEW YEARS!**

We are Winning. Keep scoring MERCILESS victories. At that pace, we will be free. We need to push everything with everything we got.

Gradually, and through our determined effort, we are winning.

NOW we must fight harder than ever. In the end, we will be crowned Victorious.

HAIL SATAN!!!!

HAIL TO ALL OUR COMRADES AND SATANIC PEOPLE!!!

HAIL VICTORY!!!!

Happy New Year to All of our Satanic Family

Greeting to all our People and Satanic Comrades!

Wishing you the best year, filled with advancement, manifestations of your aspirations, and the very best. May we continue to bless one another, and may we continue our highest endeavors together and personally.

You will see everyone welcoming the "New Year" in euphemisms and giant words, promises that will never stand, any many other funny things. However, you know the real key to internal change, transformation, and evolution. Which is Satanic Meditation. You know the reality of what it means to own a Soul, amidst so many people with all these decorative, hypocritical statements, that die by January 3rd at a maximum.

For this reason you need to be thankful, for out of the billions walking in the planet, you have a chance to really transform, advance and evolve in your new year, irrespective of where you are. Thankfulness means application to make one's self better.

May the Gods always bless us, and may we always continue scoring wins and successes for them. With our determined effort and unbreakable works, we will conquer even more the next year, in the personal and transpersonal realms.

A year of advancement, expansion, and empowerment lies ahead for all of you, irrespective of where you are now. Usher your chance, and the next of the next year will find you ever triumphant, your present self being a memory of a prior state of your advancement. Make it happen. Make use of your blessings.

Additionally, a big thank you to all of our people who labor and fight, do work, who advance their Soul, and who resist the advance of this worthless tyranny of the enemy. You are writting history with your own will and pen, causing terror to this tyrannic idiocy that rules over the world at this point. We will fight and in the end we will defeat them, all together. All your contributions are valued and taken to heart.

All of you will enjoy special joy, and blessings by Satan, which you probably do already. Satanists are of the few people on the planet walking around owning their Soul, and having dedicated it to the one whose Name means the greatest thing to ever be grasped by the mind: Truth.

If you are not one of them, make sure to join us.

Happy and Satanic 2017!

May Satan bless all of you,

HAIL SATAN!!!!

## The Not So Amazing Randi Challenge Is A Fraud

This challenge is set up so no matter what they will declare you a fraud, its not about science its about a social-political agenda to uphold the current (((scientism establishment))) which agenda is to promote Marxist Materialism. There was a lawyer who also covered this and noted its not actually even a legal contract that they can be held accountable to.

[http://newsvoice.se/2010/05/02/james-ra ... nge-fraud/](http://newsvoice.se/2010/05/02/james-randis-not-so-amazing-challenge-is-a-fraud/)  
[http://www.dailygrail.com/features/the- ... -challenge](http://www.dailygrail.com/features/the-not-so-amazing-randi-challenge/)

As stated before.

Back in the 19th century the president of the Royal Society in England the top ranking scientific society, Sir William Crookes and the co founder of the Theory of Evolution with Darwin, Alfred Russell Wallace. The Theory of Evolution was called the Darwin-Wallace Theory originally. Documented the existence of human siddhi's. From telekinesis and levitation under scientific conditions. In the case of Daniel Hume. Hume once levitated in front of the scientists up into the air out the open window on the third floor and came back through another open window this just one ability Hume demonstrated. There is also a book "The New Soviet Psychic Discoveries" published by two America researchers who went into the Soviet Union and documented numerous cases of people who have been tested by Scientist's under lab conditions and have the same abilities Hume did along with other powerful psychic abilities. Dr. Radin has also documented the fact humans have ESP in numerous lab tests. You have the numerous works of Rupert Sheldrake on the subject. The prominent Nobel Prize winner's in physic's Pierre and Marie Currie documented the same abilities of telekinesis and other psychic abilities in the psychology institute in Paris. After years of studying such individuals under lab conditions they wrote to their fellow colleagues in the physic's community and stated the Siddhi's are absolutely real and must be taken into accountability.

As Radin stated in his lecture on taboo on Physic abilities. The scientific community has a taboo against researching physic abilities you can lose your career. This is why Wallace's name was taken off the Theory of Evolution and Darwin's was left.

Science and the taboo of psi" with Dean Radin:

[https://www.youtube.com/watch?v=qw\\_O9Qiwqew](https://www.youtube.com/watch?v=qw_O9Qiwqew)

The test by James Randi. This challenge is biased to the point its a purposeful fraud. This has lead to law suits against him and his fake challenge:

[http://bolenreport.com/james-randi-sued ... challenge/](http://bolenreport.com/james-randi-sued-for-fake-challenge/)

Seems Randi might not be as honest as he claims:

<http://bolenreport.com/amazing-meeting-...-the-orcs/>

So who is this nobody who has never been able to prove any evidence of the Siddhi's again....

Take a look at how Dawkins has tried to character assassinate Sheldrake even trying to set up an ambush interview under false claims to use as a hit piece. To trying to ban Sheldrake from talking at Tedx. Its funny how Dean Randin has been attacked by the Randi institute yet not one can refute any of his hundreds of lab results. They are just left with name calling. These are the people who are running this claimed non biased challenge.

The Jewish Media always promotes this creep Randi as some messiah of materialism who's every word is perfect and pure and to always be trusted. Cause its their agenda. Goyim are animals without a soul Oy Veh, didntcha know.....That knowledge is only for little gnome looking rabbi's in black hats cause the Torah said so.

hello all,

i decided to update my power meditation program since id felt my previous one wasnt as effective as it initially was some time ago, and i wound up discussing ideas with my demon spouse and did the following in the order as listed below:

- \*Cobra breaths (3 rounds)
- \*philosophers stone empower& circulate through entire soul (2 rounds; empower the stone, circulate through all chakras, third eye+ ida, pingala, sushumna--that is 1 round altogether)
- \*king&queen meditation (i will give link somewhere below, it worked on my device but if broken on yours i apologize, shouldn't be though)

i did all of the above listed and by the time i finished all of it i was literally loaded with power/energy. the reason for my doing lower rounds on cobra breath+stone work should be obvious but for those who

are confused doing just a few rounds with both those is EXTREMELY powerful, especially once you do king&queen meditation immediately afterwards, i did this 10+ minutes ago and still feel the energy from all the above very strongly. i suggest starting with less rounds on those until you know for sure you can handle more or you're advised by a demon/demoness, simply the stone's creation itself is also very strong despite the task being rather simple provided youre strong and advanced enough to do it, of course you will adjust with time persistence and patience but never forget more isnt always better with this sort of thing, as my demon taught me start small then work your way to higher numbers of rounds as you adjust and advance, if you overwhelm yourself/your soul isnt able to handle the amount of energy raised very well ive found personally that it can affect you physically and be very uncomfortable so proceed carefully.

CAUTION: the above program is EXTREMELY powerful when done in the listed order, again i did only a few rounds on cobra breaths+ stone work and the power was so immense following the completion of the whole program i feel the energy as i speak, just be aware of this and as i often say mentally "know thyself", which is very important in many things but especially crucial when doing spiritual work, from me personally

Yes. It does not generate natal charts, but it is completely accurate for the planets in signs. Also, the ZET9 program that you can install on your computer.

## Subject: Pregnancy & Childbirth

This is for all women who are pregnant or are considering pregnancy at some point, as well as for men who are looking for information to give to the women in their lives. Especially of interest to White women, as it is Satan's intention for us to repopulate our race.

I am linking at the bottom to articles written by a woman in the Heathen Woman website. It would be wise to save these articles as the HW will likely be flushed down the toilet at any time, since Sinead started shilling for the jews and posting articles by jew-Evalian. The woman who wrote these is named Ariawhitebeam, if she is one of us then keep up the good work, if not then thank you for writing these. I am only posting them as this knowledge needs to be made known to all of our SS childbearing women, this information is important beyond words! I know it might seem odd that I am writing this based on one woman's articles but pregnancy and childbirth is so important, all information available needs to be spread and shared.

[Side note, if Sinead has a problem about my post and makes a video or post complaining about it, keep in mind that I am giving full credit where due. As a mother I'm sure she can understand the importance of making this knowledge available....]

Childbirth is something sacred, you are bringing a new life into the world. But keep in mind, women have been giving birth since the beginning of mankind. It is an incredibly natural process, that modern day doctors treat as an inconvenient event. There's a well-known quote, "Midwives see birth as a miracle and only mess with it if there's a problem; doctors see birth as a problem and if they don't mess with it, it's a miracle!"

First of all, I would like to point out that while this post is pro-home birth, it is absolutely imperative to trust your intuition and your body, and get to a hospital immediately if there is anything wrong. Our own High Priestess Maxine hemorrhaged while giving birth to one of her children, she would have bled to death if she was not in a hospital.

Women are biologically designed to reproduce. We have evolved to have the safest childbirths possible, as is only natural. Life does not evolve to have dangerous, life-threatening childbirth, as life-threatening is anti-life, and nature is pro-survival. Modern maternity hospitals are designed to be invasive and damaging, as the jews want us as damaged as possible. It is a fact that mortality rates for mother and baby have not decreased as hospital births increased, if anything, mortality has increased.

The way pregnancy and childbirth happens, sets the very foundation for the child. In a hospital, the woman is usually not given any rights or respect, never mind dignity. Many women in labor are treated as nutcases if they try to insist on better methods, and are forcibly restrained.

It is imperative to become knowledgeable in the laws and regulations of your state (or country). The more you know, the more educated you prove yourself to be, and the more power you can have. As well, use magick to your benefit. Do workings ahead of time to ensure a safe and effective pregnancy and delivery, to make sure that everything happens in the best possible way for you and your baby.

The first stage of childbirth, and the first issue. In many states in America, if you are past your "due date" (which varies from doctor to doctor, as pregnancy is anywhere from 37 to 42 weeks), any nosy neighbor or well-intending relative can call the hospital, and the hospital can in turn call the police and child services to force you to go to the hospital and get an emergency C-section. If you resist, you may have to deal with child services at your door for the next 18 years.

So the solution? Lie to neighbors, family, and so on. Tell them you are less along than you actually are. If they try telling you that you “look further along”, then act offended at them for calling you fat. It is nobody’s business other than yours and the father of the child, but everybody thinks they have a right to interfere.

During pregnancy, ultrasounds. Are these needed? Not really. Yes they tell if there is anything wrong with the baby, but as long as you are healthy, there is rarely ever a problem. If you feel it is necessary then get them, but most women do not need them. Most pregnancies are fine and healthy. And ultrasounds are proven to be harmful and cause cancers and neurological damage. So are they worth it? Harm your baby, to see if s/he is healthy? Read the article in the links at the bottom, it goes into much depth with links to medical studies and pictures of neurons of lab mice that were given ultrasounds versus mice that were not.

As for prenatal flu jabs, it has been discussed at length before, about all the toxins in flu vaccinations. Many of which are proven and warned to cause birth defects. For an SS woman, do workings to improve and maintain your health before and during pregnancy. If you are a man with a pregnant non-SS partner, you can do health workings for her. And use your intuition, or ask the Gods, for guidance as to any supplements you should take or foods you should eat during pregnancy, and even before pregnancy if trying to conceive.

Next up in the hospital, we have fetal monitoring systems. These are proven to be harmful for the baby, not to mention give highly inaccurate readings (both external and internal). Do we really need to monitor with machines, a perfectly natural and normal process? But do you have rights to refuse? In many places, they can try and force you to be hooked up to one. The fetal monitoring systems are said to tell if the baby is lacking in oxygen. The thing is, the mother, under stress in the hospital being hooked up to machines and being confined in the bed, may be lacking in oxygen due to stress and anxiety. It is important for the mother to not be under stress, yet hospital delivery can be the most stressful event in a woman’s life.

Now, the labor. The contractions have started, and the woman is told to lie in the bed and not move. Yet, nearly every woman in labor who has walked around, has noticed a significant reduction in labor pains. Up to 75% less. This would obviously mean that walking around reduces labor pains. So why is the mother-to-be confined in bed, forced to undergo excruciating pain and agony?

And, drugs. Why does woman need to be drugged out of her mind and often into unconsciousness just to do something as common as give birth? What is given to the mother, goes into the unborn baby. The amount of drugs given to knock an adult woman unconscious has to be detrimental to the baby.

And something else that does not make sense in hospital births. I’m going to point out something now, that many hospitals fail to understand. It’s called gravity. You know, how things fall down? And not sideways? How on earth does it make sense to push the baby out of the vagina, sideways? Taking a crouching position lets gravity assist in the delivery. Many women have been absolutely torn up, inside and out, front to back, from the unnatural position of pushing the baby out sideways. There are women who cannot function sexually after giving birth.

Side note, to us SS, kundalini yoga, muhl bhand, and workings such as the Mars square (sex organs) can be utilized to fix any damage.

The very next thing to deal with, is regarding the umbilical cord. This is the cord that delivers blood and nutrients from the mother to the baby. After birth, the cord is still pumping. What does this tell us? That there is still vital blood and nutrients being delivered to the baby. This is usually cut while it is still throbbing, which then cuts the essential last-minute oxygen-rich blood and nutrients from being delivered to the newborn. Cutting the cord too early deprives

the baby's brain from this, which can then be linked to poor health and lower intelligence. If you are in a hospital, make sure they understand that you do not want the cord cut until it has stopped throbbing.

The more women who make a stand, the sooner doctors and hospitals will listen. This is for the good of our future!

Next, all post-delivery vaccinations, tests, and so on. Have your husband, or trusted friend/relative well versed in what to do and what to refuse, as your hormones may be quite unsteady after giving birth. Do your research, get anything for you baby that you feel is necessary, and refuse everything you feel is harmful. Many of the injections the newborn baby gets, have toxins that are proven to be harmful if not fatal. Do your research, and stay strong in your decisions!

Lastly, the maternity ward. In many, possibly most, hospitals, the baby is put in a separate ward than the mother is. So here is this brand new baby, who spent 9 months growing inside the mother, only to be torn away and kept in a separate location, surrounded by other scared babies and overworked tired nurses, fueling even more scared, negative energy with no comfort. This is heartbreaking! This is also highly dangerous to the psychological and emotional formations of the newborn baby.

When a baby is born, it needs to be in the immediate proximity of the mother. When the mother is briefly unavailable (washroom, shower, etc), then the father (or close friend or relative) must be present, for the emotional and psychological comfort of the newborn. Babies (and children) are more in tune with the astral. The baby was conceived and formed within the mother and her aura, keep the baby in the mother's aura as much as possible, for as long as possible. Don't let the baby be taken away.

In closing: what the mother experiences, the baby experiences. Mothers-to-be, ensure that you are well rested and relaxed. Soothing music, soft lighting (unless more lighting is needed for the actual delivery), and so on. Your positive emotional state is essential here. Partners, grandparents, and so on, make sure the woman is at ease during the pregnancy and delivery. This will ensure the best possible start to life for the newborn baby. We need our babies to be the healthiest, happiest, and strongest that they can possibly be, so they have the best possible start to their future.

Hail Satan!

The other notable thing is that most of his wives came from the same jewish tribe Quraysh as himself. Not only they were Qurayshites, descendants of Ish jewish tradition.

16. Abu Ayyub al-Ansari, jew and relative of Muhammad. From the jewish tribe of Banu Najjar, the maternal tribe of the Prophet's grandfather Abdul-Muttalib.
17. Al-'Abbas ibn 'Abd al-Muttalib, full blooded jew and relative of Muhammad. His maternal grandfather father, Janab, was the son of Kulayb ibn Malik ibn 'Adnan. 25. Al-Qa'qa' ibn 'Amr al-Tamimi, jew. He belonged to the jewish tribe of Banu Tamim. Tamim, the ancestor of the tribe, is a direct descendant of Adnan and is thus considered a jew.

...And so it goes.

The list is endless, you can check it yourself and providing you know the tribe Quraysh is jewish according quran, you will see the endless procession of jews.

[https://en.wikipedia.org/wiki/List\\_of\\_Sahabah](https://en.wikipedia.org/wiki/List_of_Sahabah)

Now who wrote the quran? According quran itself it was written by 3 fictitious jews together: Muhammad, racial full blooded jew; the g-d of Moses and Abraham, someone invented by the jewish mind, then probably the book itself was invented by the same jewish mind?

So what we see from the above is quran and all islamic religious texts being written BY jews, FOR jews, and ABOUT jews. And to PRAISE jews. Absolutely.

You mention gluten free. My family have many allergies (grand and mother). My mom is allergic to gluten. We are all very white and I wonder where it came from.

I know there is correlation to their christian practices and they get afflicted with new shit all the time. I have no allergies except pollen.

In school during one of my most horrible times in life I got a yeast allergy but it has since passed. I think the stress and jew entities caused it.

Any thoughts?

I differ very little from what you speak of, i get sickened just looking at them on TV screens and it's even worse being around them, and even feel a knot in my throat so to speak in the process. Reading about and watching this stuff is no better for me; it hurts me so deeply seeing those jewish maggots killing our beautiful people that i even cry just thinking about it. It hurts--this is one of the only things that will always hurt to see or think about in any way for me. I cry just knowing what the maggots did to Hitler and his beautiful comrades--this hurts most of all for me.

Anyone who truly cares about our beautiful precious race is not just going sit back and watch as the enemy continues to do what they're trying to do (everyone here should know what they do, the list is virtually endless tyranny that only a homicidal maniac with no heart would do; Jewsus Krisst in a nutshell

as everyone should know). I personally get joy out of driving them crazy to frustration beyond description, this has gotten easier with time patience and persistence. There's nothing I laugh at more than knowing the enemy is insanely frustrated with people like me who are relentlessly aggressive towards them. They're getting what they deserved, are they not?

From the thread: <http://josministries.prophpb.com/topic5787.html#p28097>

This is part of a program I've made to open and activate the 3rd Eye and Pineal Gland, following the model HPS Maxine created.

## To activate the 3rd Eye and Pineal Gland:

1. Headstand, your crown chakra should be centered and aligned with the floor.
2. Perform the breath of fire for 54 repetitions, focusing on your crown.
3. Hold your breath and apply the root lock by contracting your anus and focus on driving the energy up into your crown.
4. Vibrate SATANAS in the crown, letter by letter like in the JoS site.
5. Change to the Child's Pose (Balasana), and focusing on your 3rd Eye, vibrate a mantra for the 6th chakra of your choice (I do *Aum Chandramase*, for eg.) 27 times.

6. In easy pose or resting, vibrate the same mantra 27 times focusing on your Pineal Gland.

7. Repeat all the steps above once more.

8. After you are done with all of the above, do 9 times the sequence below:

- Vibrate Satanus in one breath.
- State "My 3rd Eye and Pineal Gland are now totaly activated and empowered in a health and safe manner"
- Vibrate Satanus in one breath.

Rest and focus on the energy, you can perform the "Ball of Light Meditation".

Subject: Satanic Adage...

I'm reminding people here, especially in the Teen group where there is a thread discussing whether one should "tell" in regards to being a Satanist. Now, that is just one...

"Silence is Golden"

"Three people can keep a secret, but only if two of them are dead."

-- Benjamin Franklin

We have two arms, two legs, two eyes, two ears, 10 fingers and toes and only ONE MOUTH, and that one mouth can get us into more trouble than any of the other body parts combined.

Learn silence. Whenever someone knows your secrets, they have power over you. Why is there such a compulsion for many people to tell?

Keep your mouth shut and your secrets to yourself and sleep peacefully at night. Don't be kept awake as a result of stupidity, worrying about how you shouldn't have revealed something.

Why does someone else need to know?

Slow down!! Several seconds of impulsive and foolish actions, not stopping to think, can destroy the rest of your entire life. Literally.

Remember this. Learn silence.

HAIL SATAN!!

“We [jews] intend to turn Europe into a mixed race of Asians and Negros... ruled over by the Jews”

"The man of the future will be of mixed race. Today's races and classes will gradually disappear owing to the vanishing of space, time, and prejudice. **The Eurasian-Negroid race of the future**, similar in its appearance to the Ancient Egyptians, **will replace the diversity of peoples** with a diversity of individuals. [\*\*\*] Instead of destroying European Jewry, Europe, against its own will, refined and educated this people into a future leader-nation through this **artificial selection process**"

- Kalergi, from his book Praktischer Idealismus (Practical Idealism).

This is the Left... and this is **artificial selection process** and 100% conscious, 100% deliberate White genocide. Not diversity but genocide. So all “diversity” is a lie and mental asylum according the Left itself.

The goal of the Left is the same thing Hitler did when breeding Aryan superman, just the opposite. If Hitler bred best White to best White to get better and Whiter White, these people deliberately breed White to non-White, then, when they have half-White new generation, they breed them to again non-White and so on till White gene is gone.

Nation of islam (founder is a jew) created a theory that “White” is some kind of artificially created specie bred out of black by selective process in which they took fairest blacks to breed, thus, through making blacks more and more brown, then brown more and more light-brown etc., they at last got White. They claim it was 6600 years ago [note beloved jewish number of 66, number of Gentile slavery]. While White civilization proves to be much older.

Their point is not historical though. But political. Their point is if we breed White “back” to black or brown, and breed light brown also “back” to black etc. new generations being darker and darker... the White Race of Satan will be gone. And it is the original racial purpose of islam.

Now, some deluded fools might probably argue: NOI is not traditional islam. Ok. Let's see what traditional islam says about White Race:

And there were men from mankind who sought refuge in men from the Jinns, so they [only] increased them in burden.

[My note, burden means pregnancy]

And we have sought [to reach] the heaven but found it filled with powerful guards and burning flames.  
And we used to sit therein in positions for hearing, but whoever listens now will find a burning flame lying in wait for him.  
And we do not know [therefore] whether evil is intended for those on earth or whether their Lord intends for them a right course.  
[Quran 72:6-10]

The above is rewritten legend of the biblical Flood and the biblical Tower of Babel.

And (remember) when We said unto the angels: Fall prostrate before Adam, and they fell prostrate, all save Iblis.  
He [Satan] was of the Jinn, so he rebelled against his Lord's command.  
Will ye choose him and **his seed [progeny]** for your protecting friends instead of Me, when they are an enemy unto you?  
[quran 18:50]

“Humans and jinn have gotten married and have had children; this has happened often and is well-known.”  
[Majmoo Fatwa, vol 19: p 39]

“In them (paradise) are women limiting [their] glances, untouched before them by man **or jinni-**”  
[Ar-Rahmaan: 56]

“Our Lord, some of us made use of others, and we have [now] reached our term, which you appointed for us.” He will say, “The Fire is your residence, wherein you will abide eternally” [Quran 6:128]  
[My note, “the use of others” also known as “exchange” is usually interpreted by muslim scholars as sexual relationship between humans and Jinns]

Polytheists / non-believers / Pagans / Gentiles are traditionally called “mushrikeen” or “mušrik n” which is derived from Arabic verb wash rik'hum which means “to associate”, “to be a partner” [obviously a partner of Jinn, since Jinn-human love story is the only actual true love&partnership story in quran]. Derived from jewish word shittuf or schituf; literally "association".

Shituf (Hebrew) or shirk (Arabic) is normally used by jews and mudslimes to describe Pagan polytheism as an opposite to Abrahamic monotheism. In quran it is used to describe idolatry, Demon worship, Paganism and literally “association with Jinn”.

Jewish word shittuf as well as the other jewish word – shedu/shedeem was stolen from Assyrian protective deity Sheddu or Sedu, also Lamassu. They have another word for it – mazakeen - carrying the same meaning with Sheddu – the Demon/s, the Pagan [namely Babylonian] God/s.

“And they sacrificed to sheddim, not god, Gods unknown, new ones come recently, your fathers had not considered them”  
[Torah / Deuteronomy 32:17]

From Mythology Dictionary website:

“Shedeem:

1. Hebrew - A tribe of clawed demons led by Asmodaeus. Offspring of Adam and Lilith. Sometimes known as shedeem, mazikeen, mazikeen, masiqim, mazzikim, mazzikin, shedeem, maziqim, s(c)hedim, **Arab jinn**, schedim, schedim, sheddim, sheddim, shedeem, shedim, shedim, shedu or shedu.
2. Mesopotamian - **Storm-demons in the form of winged bulls, guardians of Babylonian palaces and temples. On occasion, known as shedeem, mazikeen, mazikeen, masiqim, mazzikim, mazzikin, shedeem, maziqim, s(c)hedim, Arab jinn, schedim, schedim, sheddim, sheddim, shedeem, shedim, shedim, shedu or shedu.**

They literally admit they stole it from Assyrian Gods' names to describe these very Gods' children and descendants.

"At that time the mixed multitude shall pass away from the world. The mixed multitude are the impurity which the serpent injected into Eve. From that impurity came forth Cain who killed Abel. For they are the seed of Amalek. Whom it said "thou shalt blot out the memory of Amalek." **Gentiles who are compared to the beasts of the field another from the mazikin[goblins] for the souls of the wicked are literally mazikin[goblins] of the world:** and there is impurity from the side of the demons and evil spirits: and there is none so strange among them as Amalek who is the evil serpent "the strange God." He is the cause of all unchastity and murder and his twin soul is the poison of idolatry, the two together being called Samel.... This side of the serpent is accused above all."

[Zohar volume one, pages 28b to 29a]

"When Adam fell, says the Talmud, he was excommunicated for 130 years, during which time he begat demons and spectres; for, it is written, "Adam lived 130 years and (i.e. before he) begat children in his own image"  
[(Genesis v. 3). (Rabbi Jeremiah ben Eliezar.)]

"According to Talmudic tradition, after Adam and Eve were driven from the Garden of Eden, Adam was separated from Eve for 130 years. During this time female spirits had intercourse with Adam, and male spirits with Eve, and from these unions the mazikeenn were born. Some Talmudic scholars have called them ghouls and demons. Others have characterised them as 'fairies', somewhat reminiscent of the European Celtic variety: winged creatures that could fly and practise magic. Victorian explorer-translator Sir Richard F. Burton believed the mazikeen were equivalent to jinn. They were able to foretell the future and could shapeshift. Like humans, they enjoyed feasting and drinking, and they married and had children."

["Legends of the Fire Spirits", by Robert Lebling, ISBN 978-1-58243-632-6, p. 16]

And there were men from mankind who sought refuge in men from the Jinns, so they [only] increased them in burden.  
[My note, burden means pregnancy]

From what we see, according ALL abrahamic / jewish sources combined together, mostly older than quran, mushrikun / shittufey / mazakeen / shedu are... if not Jinns themselves, then at least straight descendants of Jinns – "mazakeen in the soul".

This is how quran prescribes to treat them:

"Kill those who Associate Partners (Mushrikun) wherever you find them, and capture them and besiege them, and lie in wait for them in each and ever ambush."

[Surah 9:5]

The same as with Jinn's descendents above. Not only they are treated similar but quran gives a hint that al-mushrikin invites you to fire meaning to Hell and warns against intermarrying with them, which is nothing but selective breeding:

And do not marry Al-Mushrikat till they believe. And indeed a slave woman who believes is better than a (free) Mushrikah (idolatress), even though she pleases you. And give not (your daughters) in marriage to al-mushrikun till they believe and verily, a believing slave is better than a (free) Mushrik (idolater), even though he pleases you. Those (al-mushrikun) invite you to the Fire, but Allah invites (you) to Paradise...

[ , Al-Baqara, Chapter #2, Verse #221]

Will ye choose him and **his seed [progeny]** for your protecting friends instead of Me, when they are an enemy unto you?  
[quran 18:50]

There is a popular misconception (excessively used by jewish Wikipedia of course) that "People of Scripture" are jews AND christians, because they are abrahamists, while "al-mushrikun" are only those who practice Pagan religion. It is a lie! Right now judeo-islamists call "al-mushrikun" and sell in sex slave markets everyone despite of their religion: Yazidi, christians, atheists, moderates, shia mudslimes. The only difference according which their price as slaves can change is: blue eyes, blond hair and White skin - according mudslimes themselves:

[ISIS rape and impregnate Yazidi girls to "Smash Aryan bloodline"](#)

Fools will answer: "it is said IF they believe they are ok" – yes, but did you ever see really White person "believe"?? islam is a religion of slaves, the only thing it demands is "submission to allah". White people are not servile, they can't submit, it is psychologically impossible. Iblis' behavior is normal White behavior. Just look at all White civilizations, be they christian, Yasidi or whatever, and you'll see.

Here is clear explanation al-mushrikun term [which includes christians, Yazidi, copts] means NOT the same as "people of scripture" i.e. the jews:

Neither those who disbelieve among the people of the Scripture **NOR** al-mushrikun...

[ , Al-Baqara, Chapter #2, Verse #105]

Those who disbelieve from among the people of the Scripture **AND** al-mushrikun...

[ , Al-Bayyina, Chapter #98, Verse #1]

Verily, those who disbelieve from among the people of the Scripture (Jews and Christians) **AND** al-mushrikun will abide in the Fire of Hell. They are the worst of creatures.

[ , Al-Bayyina, Chapter #98, Verse #6]

In other words, "don't procreate with those who procreate with Jinns". The selective breeding is what we have here.

Now there is a fact with this "shituf" or "shirk" term that reveals it inside out for what it is. Jew tells you that shituf is not just some "association with smb", it is "association smth with smth else / smb with smb else". Shittuf is a code word for "mistake", for misconception, and not only misconception, but a misconception deliberately implanted to us by jews themselves to make us worship their god instead of our own:

"It is permissible to [cause a gentile's oath through litigation with one's non-Jewish partner because] today all swear in the name of the saints to

whom no divinity is ascribed. Even though they also mention God's name and have in mind another thing, in any event no idolatrous name is actually said, and they also have the Creator of the world in mind. Even though they associate (shituf) God's name with "something else", we do not find that it is forbidden to cause others to associate (shituf), and there is no issue of placing a stumbling block before the blind (see Leviticus 19:14) [by entering into litigation with the non-Jewish business partner, thereby causing him to take an oath] because **Noachides were not warned about it**.  
[Babylonian Talmud Sanhedrin 63b]

It is a part of the Jew World Order, the New Sanhedrin, which states that noahides (enslaved shabez-goyim) should be FOOLED into believing they are still worshipping their own Gods while in reality worshipping their enemy g-d; by taking their original Gods' names and stealing them for the Jewish g-d. they tell it into your face explaining their term of shituf:

“Today, it is permitted [to form a partnership with Christians], because when they swear on their holy scriptures called the Evangelion, they do not hold it to be divine. Even though when they mention God they mean Jesus, they do not mention idolatry since they really mean the Creator of heaven and earth.

Even though they mention jointly (shituf) God's name and another name, there is no prohibition to cause someone to jointly mention [or associate] (shituf) God with another... since this association is not forbidden to gentiles.”  
[Moses Isserles Darkhei Moshe YD 156]

This clearly proves that shituf [from which mudslime shirk is derived] when being addressed to people has nothing to do with religion, but originally meant just Gentiles - non-jew by blood. It is just the same as “goyim” [cattle] - a term associated with blood, not religion. So when next time you read in quran “[this good kosher man] was [this and that] and not al-mushrikun”, know that it subliminally means “he was not a Gentile”.

Now, we have another term for non-believers / infidels which also came from Jews and Judaism. The Kafir.

The Hebrew words "kipper" and "kofer" share the same root as "kafir" which again means Gentile / Pagan / Idolator / Demon worshipper. Stolen... not even from a deity, but from a country. Kapisa is the Ancient Sanskrit name of Afghanistan. Kapisa was also known as "Ki-pin" (or Ke-pin, Ka-pin, Chi-pin) in old Chinese chronicles. Kapis nation was originally Pagan, that's why mudslime ruling kike warlords, when waging against them their judeo-islamic conquest, called them the “land of kaffirs” – the “land of infidels”. One of the dominant clan of the Kafirs was known as Katir until recently. Kappirs are still recognized as an ethnic group. Not just religion.

So all most popular terms for infidels in Islam came from Judaic/Jewish understanding of Gentile, the one who is racially genetically non-jew. Their mission is to subliminally connect everything “good” to the racial Jew, and everything “bad” to a racial Gentile.

Moreover. Some Islamic scholars differentiate the so called *greater* and *lesser* jihad, greater being not against human disbelievers but against Shaytan Himself and Al-Shaytaaneen, His Demons. Principle being: the greater is the enemy, the greater is jihad.

“Ibn al-Qayyim said: “Jihaad is of four stages: jihaad al-nafs (striving against the self), jihaad al-shayaateen (striving against the shayaateen or devils), jihaad al-kuffaar (striving against the disbelievers) and jihaad al-munaafiqeen (striving against the hypocrites).

Jihaad al-Shaytaan means striving against him and warding off the doubts and desires that he throws at a person, and the doubts that undermine faith, and striving against the corrupt desires that he tries to inspire in a person. Jihaad against the kuffaar and munaafiqeen is done in the heart and on the tongue, with one’s wealth and oneself. Jihaad against the kuffaar mostly takes the form of physical action, and jihaad against the munaafiqeen mostly takes the form of words... The most perfect of people are those who have completed all the stages of jihaad. People vary in their status before Allaah according to their status in jihaad.” (Zaad al-Ma’aad 3/9-12)”

In other words, for lazy jews – to persuade, for Gentiles – to genocide, for Satan and his Demons – to blaspheme and to destroy His link to His progeny – the second [rank of jihad], the Gentiles, the ones to genocide.

They fight their “greatest” jihad against the Adversary of the jews. They genocide in “one rank lesser” jihad the straight descendants of the Adversary of the jews. They call all non-mudslimes the very same term jews unknown to them call themselves. And they claim themselves to be against jews... Mudslimes, THOU FOOLS!!

Ok, terminology and succession of all abrahamic writings proved that “islam” is a code word for judaism and “Al-Mushrik” is a code word for Gentile blood. But why I consider this specifically White Race? Fools will argue: there is no single word “White” or “White Race” or “White Nationalist” or “Nazi” or whatever other term associated with White Race that emerged only since 20th century. In quran which is OLDER than 20th century...

This autism is rooted in the same mindset of “nation of islam” “we waz kingz” “Yakub” nonsense of White Race being only as old as 6600 years; universe being as old as 5000 years, humanity as old as 4000 years, etc. All this nonsensical crap is needed only to link creation of the whole universe [and the black race specifically] to the creation of one little jewish race which is really around 4000 years old. That’s why in quran they try to pass their “ishmael” crap as a global Ancestor of the much more Ancient than themselves, Pagan tribe of Quraysh. This idea of “all humanity originating from a racial jew” is a subliminal message of jewish supremacy and nothing else.

Blacks of NoI. For you to know. According your quran, the so called “nation of islam” is the people of Israel, not black race. And your movement originated from racial jew parasitizing in White country:

According your quran, the first man was created by mudslime g-d – itself a creation of jewish mind – long after Greatest White Civilizations have been all already built. And hundreds of thousands of years after your own black race already existed. According your quran, all your prophets were jewish, created by jewish g-d, itself created by jewish mind, - long after your Black Ancestors were already practicing their Pagan religions and cultures. And according your quran, your “prophet muhammad” originated from Ishmael, son of Abraham, thus itself a racial jew. According your quran, it married a jewess and built its sect – your islam - on jewish money. Even your anti-hero, Yakub– according your NoI teaching handed to you by racial jew - was also a racial jew. And your judeo-islamic g-d tells you openly it DID NOT create you:

“And I (allaah) CREATED NOT the jinns and humans, except those who worship me (alone).” [al-Dhaariyaat 51:56].

Because your forefathers (as well as Whites, as well all other non-jews) were Pagan from the very beginning of their lives and all over the world simply because they were THEMSELVES much older than this judeo-islamic g-d.

THOU ART NOT KINGS. THOU FOOLS!

Now, unlike claims of those who *waz kingz*. White Race is older than 6600 years. But in the Ancient world it was known under other terms than “Nazi” “Racist” or whatever term it is now known among those who *waz kingz*. To address a person belonging to specific bloodline they just called him/her a son/daughter of this bloodline. For example, Umar ibn Al-Khattab – Umar, son of the Khattab. Al-Shaytaaneen – the descendants of Satan.

The title “Son of God” or “Son of Heaven” existed long before “jesus the nazarene” stole it for itself. Son of Heaven was the original title for Chinese Emperors who [along with all nobility] were originally White.

Faraohs of Ancient Egypt from Fifth Dynasty are said to carry the title of Sons (daughters) of Ra. Fifth Dynasty (along with all others whose mummies was found) was pure Aryan White. Fifth Dynasty:

Queen Khentakawess III (also referred to as Khentkaus III), an ancient Egyptian queen who lived during the Fifth Dynasty, around 2450 BC. The tomb of Khentkaus III – marked as AC 30 – was excavated in Abusir, where there are several pyramids dedicated to pharaohs of the Fifth Dynasty, including Neferefre. The tomb was found near Neferefre's funerary complex.

Inca Emperors carried the title of Sons of the Sun from the immemorial times which the following White mummies of their Ancient family bloodlines are going back to:

The Sons and Daughters of Sun still live in this region:

The Daughter of Sun (native Peruvian White girl)

From the article by Professor Simo Parpola  
SONS OF GOD - THE IDEOLOGY OF ASSYRIAN KINGSHIP

“A more substantial matter is the Mesopotamian sense of the king as the son of God. As we shall see, some of the similarities to later religious concepts are rather striking.

In the popular imagination Assyrian kings have long been portrayed as despots of the worst possible kind, spending their time--when not engaging in war or other cruelties--in their harems, immersed in bodily pleasures and revelries. Consider Eugène Delacroix's famous painting *The Death of Sardanapalus*: Here, an atmosphere of depraved luxury is suggested in the disgusting portrait of this last great Assyrian king (late seventh century B.C.) as described in ancient Greek histories.

The picture of Assyrian kingship that emerges from a study of the documents left by the Assyrians themselves, however, is far different. To the Assyrians, a king immersed in revelries and cruelties would have been an abomination; their kingship was a sacred institution rooted in heaven, and their king was a model of human perfection seen as a prerequisite for man's personal salvation.

The heavenly origin of kingship is already attested in the earliest Mesopotamian cultures. In both Sumerian and Babylonian mythology, it is expressed allegorically with the image of a tree planted upon earth by the mother goddess, Inanna/Ishtar. The sacred tree, usually represented in the form of a stylized palm tree growing on a mountain, is the most common decorative motif in Assyrian royal iconography. It occurs in imperial architecture, on seals and weapons of the ruling elite, on royal jewelry and elsewhere. The walls of the palace of king Ashurnasirpal II (883-859 B.C.) in Kalhu (modern Nimrud) were covered with more than 400 representations of the sacred tree."

Assyrian Kings were depicted in Jewish writings as "despotes" and "materialists". I guess what race they could be, since we have only one Race that our media present us as "despotes", "tyrants", "full materialists" [i.e. builders of civilization] and "oppressors" ... now let's see the real faces of kings Sardanapalus / Ashurbanipal, Ashurnasirpal etc. whom kikes call "despotes" and "bodily pleasure receivers":

Ashurbanipal, Assyrian King 669-694 BCE

Ashurnasirpal, assyrian king 883-859 BCE

Esarhaddon, assyrian king 609-668 BCE

Can you even tell them from Europeans? So what exactly Race are “despotes” in the Scriptures??

More White supermascists from Ancient Mesopotamia for those who *waz kingz* but who do not know there were already *White blond blue-eyed Devils* in those times of *their kingdomz*:

Selective breeding in islam, communism and christianity.

**White genocide detailed: Selective breeding  
in islam, communism and christi...**

Selective breeding is one of the most powerful and successful weapon of any war in history, if not the most. Its not only proven by genetic analysis that after any invasion or war victory, genetic outlook of peoples involved changes, but it is also logically proven by the mere fact that if war is waged only for the sake of genetic genocide, then the best way of war is selective breeding, because by out-breeding someone you attain your goal without weapon.

That's why selective breeding was also used in Nazi Germany.

[Breeding Aryan Superman part 1](#)

[Breeding Aryan Superman part 2](#)

That's why jew Kaufman wrote its book Germany Must Perish where it proposed mass sterilization of German people.

Countless scientific experiences with animal breeding prove, by selection you can breed anyone. You can breed White Aryan Superman, you can breed hero, you can breed monster, you can breed maniac. This is what islam was doing to the Middle East for centuries – breeding maniacs. Pedophilia is very common among jews – any jews – atheist, liberal, moderate, any. But among Gentiles in global proportions pedophilia is mainly represented by mudslime countries and mudslime immigration to non-mudslime countries. You can literally breed a pedophile.

Another example is Soviet Union. They said “there is no murder in paradise” that's why all information on sexual, serial or whatever maniacs or on non-politically motivated crime as a whole, was severely repressed, outlawed, and highly discouraged among KGB members themselves – to the point when even if their own children were murdered they must have kept silent. The truth is Soviet system literally bred maniacs, serial killers and the ilk.

Here you can see how Soviet era literally brought serial murder/cannibal/maniac type of crime to Russia:

[https://en.wikipedia.org/wiki/List\\_of\\_Russian\\_serial\\_killers](https://en.wikipedia.org/wiki/List_of_Russian_serial_killers)

These 2 movies are historical; they describe how the serial murder was hidden at any price in USSR and even most high-ranked people in KGB were forced to silence the murder of their own kids:

<https://youtu.be/pDyYHfxLHdg>

And how KGB personal included serial maniacs

<https://www.youtube.com/watch?v=L1FSDYiEq70> [maniac Chakotilo was a jew and KGB member <http://www.deathofcommunism.josru.com/jewish-serial-killer-andrei-chikatilo/>]

How did they do it?

Simple. Unlike liberal crackheads think, USSR had racial genocides and selective breeding, especially among party members and KGB. And to escape GULAG many people became party members. You could marry only another party member (and party members especially high ones tended to be jewish), and the higher your position was the more your choice was restricted and the more possibility was you will be forced to marry a jew. While all sex or breeding outside of marriage was outlawed. Thus KGB had total control over the birth.

For example, in this video ex-KGB agent Bezmenov describes how it was normal practice in USSR that any person working abroad was forbidden to marry just any goyim, but forced to marry other KGB agent (choice being done by their boss) who would spy him/her:

<https://www.youtube.com/watch?v=jFfrWKHB1Gc&t=34s> [28:52-30:23 minutes]

Thus those people who wanted to make successful career and survive in USSR and not be starved to death in one of their man-made famines, were forced to marry at the choice of KGB... if not outright racial jew then at least a “good shabegoyim” proven loyal communist. Which meant in the long run that they out-breeding the best of populace.

Another example is Red China. They have laws restricting account of children per family. And as well as in Soviet Union they make sure this only child is bred with “right people”. They forcefully divorce any people connected to falun gong or other outlawed spiritual practice. There can't be White Genocide in China, but there can be spiritual genocide, so they use this instrument to breed unspiritual, close minded nation, easily manipulated by jews.

Christian inquisition did the same in Middle Ages in Europe. It did 2 steps needed for the racial genocide of the best of populace:

1. outlawing adultery (sex/breeding outside of official family)
2. genociding all people with spiritual knowledge (“witches”) with all their blood family members, while forcing non-blood family member (the spouse) to betray, denounce and divorce his/her partner thus taking total control over the birth.

It's absolutely the same thing happening today in Red China. And its absolutely same thing they are doing in Europe, because it is laid in their quran:

[UNCENSORED: Migrant Gang kicks German Girl down Stairs - Official Berlin Police CCTV Footage](#)

Mudslime can kick non-mudslime out of its way according quran, come break into non-muslims' home without explanation and dwell there as much as they want (just as jewsus broke into everyone's home to rest and eat without permission) and the host must serve mudslime in best way, let it sleep in his/her bed, him/herself lie on the floor. If the host is non-married female, she can be raped at any time according her guest's desire - all this is in quran, official muslim law and their leader telling it to you in this video below - this is how Europe will be treated under sharia: you will be thrown out of pathways, your transport and cloths taken off of you, your homes invaded, your food eaten, you thrown out of your beds and killed if you say "no".

<https://www.youtube.com/watch?v=eoWaVWSbwS8&t=32s>

*"Don't greet the [disbelievers] before they greet you, and when you meet any of them on the roads, force them to go on a narrow side. They're not allowed to wear the clothes as one another. If the [disbeliever] comes out [...] and he's covered with nice clothes, he has to take his clothes off and give it to the Muslims. He has to wear a red belt around his neck and to have his forehead shaved and he has wear two shoes which are different from one another. And it's only for the adults, not for the children. And you can see how Islam would make the child become a Muslim: the child growing up in islamic state will turn to Islam. The child will be walking along with his dad and say: why you get your head shaved? - I don't know - these Muslims made me do it. - Why you're walking with both legs dangling on the side of the donkey? Why is it every time the Muslim comes to you and [demands] your clothes you give it? Why is it every time he tells you to get down from the horse you have to take it? [...]"*

*The infidels [example: xian family John and Tracy] can have their churches, but they are not allowed to ring the bell. Let's say [...] [Mudslime] is walking along rubbing his belly [...] he can go to the church, knock on the door and say: John, let me in! – Ok, no problem. John has to put up [mudslime] for a night. [Mudslime] with his big belly having his nice kebab, John has to open up the church, and allow him to go and sleep there, nice and comfortable. What wife is going to live with John under that type of circumstances? (She would say): "[mudslime] comes every Friday night and sleeps in our bed as well". [Mudslime says] "John, sleep on the floor and I will sleep in the bed". What's going to happen? Tracy is going to be on the floor thinking: "My husband has got his forehead shaved, and look at this [mudslime]... Who of them are more attractive – a man with his forehead shaved, and belt around his neck, and two different colored shoes or...". What's Tracy is going to do? John is for a problem. He just let [mudslime] in for a kebab, and he lost his own wife as well. This way everyone is going to become muslim.*

*That is the islamic state".*

- "Germany WILL be islamic state!" – Merkel.

Then they tell how exactly they are supposed to install this state according quran. It appears that their "muhammad" knew it some 1000 years ago, as if islam was created right for the purpose of White genocide alone.

<https://www.youtube.com/watch?v=qCy1fKjOvHk>

*"The prophet prepared his action plan in complete secrecy. You don't have to disclose to others all of what you are doing. But you have to work secretly until you complete the entire project. As the French mudslime community we have to work slowly. One of his companions says to him: "If you allow us, we will attack them tomorrow" – they were ready the moment they [became mudslimes] and understood the role they are to play in society. The prophet said: "Nothing would justify this attack right now" – because they were at the situation of weakness – "Later, when all conditions are met [...] then you attack. First you have to acquire strength to be able to react*

And the above is right what they are doing in their liberal, democractic or whatever leftist circles they have: they work as an organic part of the Left (actually being Left themselves) to destroy society through “slow movement” as is prescribed in quran and explained above. Just not telling you it is deliberate White genocide in total accordance with sunnah.

[Muslim admits they come to Europe to out-age and out-breed Whites](#)

White woman is telling about rapes in swimming pools, urinating in public, child molestation etc. atrocities mudslimes do in Europe saying she represents the will of British society. The interesting is the answer of the “liberal mudslime”, revealing their politics: he says her position DOES NOT represent British society, its needs and will, because...

*“Look... Europe is a richest continent in the world because 740 millions inhabitants there. There is more than enough room. There is more than enough space. We have more than enough jobs. We have **AGING WHITE BRITISH SOVIETY** and we have recorded structural deficit. Every bit of research from the CBS, the Institute of Fiscal Studies, to the Office of National Statistics – they all and the Treasury figures say the same, which is: Migrants add values to economy, they enrich our society, they bring multiculturalism, they bring added interest.”*

Long before kike-islamic g-d created not only its kike version of “humanity” but whole the kike universe - according quran, bible and the rest of their horses

Whenever we hear title Son/Daughter of Gods / Sun / [any other mysterious entity] of the Ancient World, then we open any material artefact of these times Enoch, Zohar, talmud or whatever jewish source we find this legend of being a physical descendant of a Demon / Jinn / Satan. Because anyone they call D physical sexual intercourse. This idea of sexual intercourse with an immortal being belongs to Pagan world and is not in any way some senseless “sign of f find the depiction of White people.

Now as I said in the very middle of this article, quranic legend of people mating with Jinns then listening to the sounds of heaven and caught by “guards” th of Babel and of the Race of Fair Giants, descendants of Demons on the Earth. Here are these legends in connection to quranic legend:

And there were men from mankind who sought refuge in men from the Jinns, so they [only] increased them in burden.

[My note, burden means pregnancy]

[Quran 72:6-10]

**There were giants in the earth** in those days; and also after that, when the sons of God came in un-

4 Then they said, “Come, let us build ourselves a city, with a tower that reaches to

6 The Lord said, “If as one

With Fair Giants everything is already clear – they were FAIR. What’s with Tower.

Quran did not take full legend (instead the original Pagan plot of this Tower legend was stolen by mudslimes for their Musa vs Pharaoh part: mudslime kike different); here islamic kikes put only the idea of destroying astral senses: “one language” is identical to astral hearing for which person does not need verb

Now who is the one building stone Towers? Blacks are known to not even invent a wheel. Let’s see material documental evidence.

I don’t need to tell you ANY Tower legend is an allegory of Kundalini. But if we want to understand WHY kikes stole this particular, we have to know who [v Kundalini-disarming message of the jew is directed]; for this we have to trace the original legend from which biblical/quranic one was stolen.

One of such originals is story of Ahiqar, an advisor and cabinet minister of Sennacherib, king of Assyria (704-681 B.C.). I do not have the evidence of the e figure. His father was Sargon II. So let us see the real face of those who according abrahamists [sources stolen by abrahamists] have built the Tower of Ba

Sargon II

Sennacherib or Sennekherib

They all carried the title of Son of Gods.

[All pictures show the original statues belonging to the period of the depicted persons, not Greek, not Roman and not European – they are now in USA]

So what exactly Race was genocided in the Tower of Babel biblical/quranic legend???

Will you tell me again that “there was no single word “White” or “European” so no White genocide” in Abrahamic sources???

and Nol is just “non-traditional”

There is no “right” and “left” islam. The main source for islam is quran. And the culmination of quran is The Conquest of Mecca. Which is jihad, which is WH

I call The Conquest of Mecca the culmination of quran because it is battle against Ancient Pagan city of Mecca and Kaaba – nowadays center which all mu

<http://www.whitedeathofislam.josru.com/this-all-ties-into-that-black-cube/>

The Conquest of Mecca is led not between more blooded jew and less blooded jew (according quran Quraysh were Ishmaelites) because "ishmael" did not first and foremost of all jihads according sharia law - Jihaad al-Shaytaan.

And jihad against Satan is jihad against White Race. Let's prove it.

Mecca is located in Western Saudi Arabia. Let us look at the real faces of the idols worshipped there and people worshipping them:

Standing Al-Lat Figure from Hejaz near Mecca.  
Al-Lat is Ancient Arabian Pagan Goddess. Full Nordic White.

Colossal statues (approx. 4th–2nd centuries BC), Originally from Edan/al-'Ula, on the 'Incense Road', capital of the kingdom of Lihyan in northwest Arabia

Yes, Quran is a myth, but Pagan Mecca WAS conquered. And Her 360+ White Aryan Statues of Gods you see above WERE destroyed by actual historical (not fictitious) Ishmaelite asshole "Abu Sufyan") were jihaded by 'Medinah' – the Islamic State of those times. And fallic symbol Kaaba was stolen by leading kike

There is not such thing as "non-traditional White genocide". In the same way there is no such thing as "non-traditional Islam".

Now there is one argument they derive from my own text: Jews of Bible, Quran and the ilk could not wage any White [or any other racial] genocide because it is not historically accurate. Yes, they did not wage it yet then; instead they wage it right now. And at that time they PROPAGANDIZED it. Bible, Quran and the ilk were not meant to be taken as historical reality – and a right reality – a reality as it must be. To make sure we believe them and teach them our children. They made sure we take them as historical reality – and a right reality – a reality as it must be. To make

This...

The reality of bible and quran belongs not to the times they narrate about – the times when the White Race of Satan really ruled the world, being represented by  
Ancient White American Kings and Queens and many more - NO. The reality of bible and quran belongs to nowadays.

The Battle of Uhud is waged right now in the streets of Europe and Russia, not in the days when White King Dhamar Ali Yahbur governed his White kingdom (the  
story) – is that they both were written about the future, not about the current, nor about the past. They are alternative reality. They are as jews WANT it to be.

White genocide is what they WANT to be, not what they do. It is what WE do for them according their wishes. White genocide is alternative reality created

Mudslimes have already done their choice by following the book of ~~god~~ White genocide. Middle Eastern people did not always look like this:

In the immemorial times their Ancestors looked like this and created beautiful artefacts:

Our choice is still waiting for us.

This is the Left... and this is islam. Islam IS the Left. Because... what is the goal of the Left as a whole?

“What is the goal? It is going to be controversial. **The goal is to meet the challenge of racial interbreeding. The challenge of racial interbreeding that** finding ourselves confronted with major problems. We MUST change; therefore, we WILL change. We are changing ALL in the same time: in business, in a not work for the Republic, then the State will move to still more coercive measures”  
- Sarkozy, gypsy jew, president of France.

“We [jews] intend to turn Europe into a mixed race of Asians and Negros... ruled over by the Jews”

"The man of the future will be of mixed race. Today's races and classes will gradually disappear owing to the vanishing of space, time, and prejudice. **The peoples** with a diversity of individuals. [\*\*\*] Instead of destroying European Jewry, Europe, against its own will, refined and educated this people into a future  
- Kalergi, from his book Praktischer Idealismus (Practical Idealism).

This is the Left... and this is **artificial selection process**, and 100% conscious, 100% deliberate White genocide. Not diversity but genocide. So all “diversity”

The goal of the Left is the same thing Hitler did when breeding Aryan superman, just the opposite. If Hitler bred best White to best White to get better and V breed them to again non-White and so on till White gene is gone.

Nation of islam (founder is a jew) created a theory that “White” is some kind of artificially created specie bred out of black by selective process in which brown etc., they at last got White. They claim it was 6600 years ago [note beloved jewish number of 66, number of Gentile slavery]. While White civilization

Their point is not historical though. But political. Their point is if we breed White “back” to black or brown, and breed light brown also “back” to black etc. ne islam.

Now, some deluded fools might probably argue: NOI is not traditional islam. Ok. Let’s see what traditional islam says about White Race:

And there were men from mankind who sought refuge in men from the Jinns, so they [only] increased them in burden.

[My note, burden means pregnancy]

And we have sought [to reach] the heaven but found it filled with powerful guards and burning flames.

And we used to sit therein in positions for hearing, but whoever listens now will find a burning flame lying in wait for him.

And we do not know [therefore] whether evil is intended for those on earth or whether their Lord intends for them a right course.

[Quran 72:6-10]

The above is rewritten legend of the biblical Flood and the biblical Tower of Babel.

And (remember) when We said unto the angels: Fall prostrate before Adam, and they fell prostrate, all save Iblis. He [Satan] was of the Jinn, so he rebelled against his Lord's command.

Will ye choose him and **his seed [progeny]** for your protecting friends instead of Me, when they are an enemy unto you? [quran 18:50]

“Humans and jinn have gotten married and have had children; this has happened often and is well-known.” [Majmoo Fatwa, vol 19: p 39]

“In them (paradise) are women limiting [their] glances, untouched before them by man **or jinni-**” [Ar-Rahmaan: 56]

“Our Lord, some of us made use of others, and we have [now] reached our term, which you appointed for us.” He will say, “The Fire is your residence, where you are appointed.” [My note, “the use of others” also known as “exchange” is usually interpreted by muslim scholars as sexual relationship between humans and Jinns]

Polytheists / non-believers / Pagans / Gentiles are traditionally called “mushrikeen” or “mušrik n” which is derived from Arabic verb wash rik'hum which means to love&partnership story in quran]. Derived from jewish word shittuf or schituf; literally "association".

Shituf (Hebrew) or shirk (Arabic) is normally used by jews and mudslimes to describe Pagan polytheism as an opposite to Abrahamic monotheism. In quran

Jewish word shittuf as well as the other jewish word – shedu/shedeem was stolen from Assyrian protective deity Sheddu or Sedu, also Lamassu. They have [Babylonian] God/s.

“And they sacrificed to sheddim, not god, Gods unknown, new ones come recently, your fathers had not considered them” [Torah / Deuteronomy 32:17]

Subject: The Purpose Of The Christian Ritual

The Purpose Of The Christian Ritual

Sacrament in Sanskrit means Samkara.

"The Sanskrit word samskara means a groove in the mind, a deep impression made in consciousness. To Hindu sacraments also called samskaras are special rites in which a Hindu's connection with the pervading divinity is formally reaffirmed. A new groove formed in the soul orients it....."

There are three main bodies the physical, astral, casual in the ancient Greek its Soma, Psyche, Nous. In Sanskrit, Sthula, Sukshma Sharira, Atma Svarupa. The second body relates close to the chakra's the centers of consciousness and Chitta the mind substance and to the Samskara. This is where psychic imprints are strongly made into the soul. This also rules the temporal personality.

The purpose of the Christian Sacraments are to create the groove or imprint into the soul to close off the soul of the victim to the light and to simply plug them into the enemy god form on the soul, plugging them into the Jewtrix, and cause them to act as a conduit to bring this energetic entity [Jehova the Jewish god form which is built on the Torah] into the material from the astral and over time for the mind to form a personality that is built on deep imprints into the psyche which terra forms the soul deeper into a psychic shell that is simply a program stamped into the soul like a computer program, by the enemy. Causing derangement to the victim. Its simply a way to create nothing more then a Borg Hive mind which channels the "One" the enemy god form into the material. These imprints also stay on the soul for life times. This is why the Jews use their media to act as the ritual conduit, its using media as the ritual to imprint, reinforce and channel the Samskara's they place into the soul. To connect and channel their god form into reality and to connect with the energy they themselves raise and direct in their own Kabbalistic rituals to direct workings within this Jewtrix. Bringing this into the material world.

Also as Hindu Guru's warn right in their ancient texts, drugs and alcohol and lack of spiritual practice opens up soul up to negative entities and influence. This is why the enemy promotes such as spirituality and mainstream life style. Its a trap.

Note this sacrament is made to create a samskara into the soul to close off the spiritual eye, to shut the spiritual eye which allows one to see truth. They do this with using dead ash and the psychic intent behind it. Were in Hinduism they use a special paste that enlivens the nerve endings at this point and it acts as form of Shaktipat to help open this center where the Guru will place a samskara here with Shaktipat to open this center. This is how beeja mantra's also work to open the soul up. The Hindu ritual is about creating imprints that act as Shaktipat to open the soul and take one to spiritual liberation. The Christian ritual is about closing this off and creating a robotic, psychotic hive personality. This is why the enemy removed spiritual knowledge with their programs of Christianity, Islam and Marxism. To bottle up the soul into this Jewish prison.

Satan and the Gods give us spiritual knowledge to free the soul. They want a free humanity and world. The enemy wants this gone to create a robotic hive personality in the population that is the perfect victim, the perfect Goyim [Cattle] slave. For their one world plantation slave state. Were humans will be farmed like cattle. This is why the Jews also want the microchip just like chipping cattle.

2017 will be a very significant year. We need to attack and destroy the enemy power structure and let nothing behind. This is a rotten structure and it must be overthrown, and its collapsing by its own mistakes. We need to facilitate this and make its own demise faster and more brutal. After these 13 days we will change the RTR's, but not earlier. We need to keep up the pressure to overthrow the tyrannical enemy governments and also force things to a conclusion where they cannot lie to the populace anymore. The enemy is planning a massive genocide and holocaust in Europe, and they want to exterminate these people, and aside them, render all others whom they victimize completely incapable to react to jewish demands.

Look in the ME and how the enemy is merciless. Eventhough these people have nothing, eventhough they believe in the jewish hoax of allah, the jews not

only show no mercy, but they destroy them all the more. There is no reconciliation with the enemy, and they never display humanity or mercy..

Aside of this, many places which are kept in order only because some more 'civilized' places give help to them, will go down the drain, and this includes continents. If you are fine with watching children die, mass impoverishment, and jews destroying you and spitting at your face, then by all means don't do these rituals, and go take your petty life or something, die from boosetard, or die from overplaying videogames for one week straight without sleep or food.

As for people who are considering themselves more than slimy garbage than the 98% of "Goyim admitted" slaves...The masters rivaling the tyrannical 1% of the enemy...

As all of you know, we are reaching a crucial point where even the last 'idiot' down the street will understand, whether they like it or not. This is reflected into worldwide events, elections, and reactions by the populace displayed by media rejection and many other things. People are gradually waking up and their minds will become more fertile for our ideas.

People will keep 'denying' reality until it is too late, and this is exactly what the enemy wants. The enemy also wants faith in their system, which is proven to lead to destruction everything in a couple of years, even if it took centuries to build. One example is Sweden. Sweden was once glorified about how developed it was as a country, now Sweden in 15 years will become worse than Somalia. Because Somalia has been filling Sweden anyway. So it will become what it has become. Unless these are stopped, both Sweden and Somalia will just die horribly. And the enemy will be laughing.

And let me tell you what the jews have done in Somalia is that half people there have aids, drown in poverty, and people live with less than one dollar a month. And Whites who want to help just can't do anything, because jewnicef and many other jewish liars are in the way, squandering even the buck you send to buy Rolls Royce to tour Israel with.

You know about the whole situation for a reason, and because you CAN act on it by doing these Rituals.

What most people may forget is that this war between us and the enemy didn't happen one century ago. It has been ongoing for thousands of years. As such, we need to be patient and fight daily. In the same way you drink or eat, you need to supply in your Soul with the food that you are doing your purpose back to help mankind in someway. I feel sorry for people who don't care or have let themselves so down as to believe the enemy that lies to them that they are garbage. Because you are not. You can actually make change in your own way. Its easy to do your part.

Ask people in the Middle Ages before these happened. Would you like to do some Rituals for an hour a day in order to escape your punishment, anguish, and slow lingering death that lasted years? What do you think will be their reply?

If you asked Europeans in the bubonic plague, if, only if they did some RTR's to get the jews out, they would never have died? I can go on and on with examples.

You are here, because other people decided to do this for you, to fight. Just think for a while how much labor has went into you existing. You need to labor in your own way for a better tommorow. As for the rest of the billions who don't, don't you worry, these aren't making it any far anyway, as they are

nowhere. If you pay close attention these beings exist for no other purpose than to feed the jewtrix mostly, and then, while its fed enough, it will famine them from where it made them.

As admitted in the enemy texts, there will only be kept a few necessary for the jews as slaves and all others will die. Same as the multicultural icing cake, and cherry berries of the 'colorful' civilization of rainbows and tolerance. If shit hits the fan, with the technology and many other things that will come to exist, numbers will be reduced like flies. Make the difference now, because you ARE the difference already.

Planetary alignments such as Pluto in Aquarius will not bring wonderful benefits with jews in power, but mad tech and many other things that will obliterate the masses like cattle and worse. The jews are trying to shill and keep lying and terrorizing to keep power as much as possible.

We need the jews out of the governments and Gentiles to take the wheel to distribute and advance technology in positive ways, liberating humanity from this misery, taking care of the planet etc. While the age of Pisces could have been the age of transcendence, Magnum Opus and spirituality, the enemy turned it into the age of suffering, lies and deception. Its your purpose as fighters of Saty-an to NOT allow this to happen again.

Lastly, if you are the very selfish type, I don't see what more formidable alliance/friendship you can have than Satan or the Gods in that sense, and getting a chance to live forever or at least increase your personal power and gain knowledge or attainment than billions won't. No matter who you are, fighting wins you a lot of things. You also learn about magick and you become stronger by application. The list goes.

For that reason, the RTR's we will be doing are the following:

The Jews have lost all protection

The Gates of Satan have permanently opened wide

Gentiles are reacting against the Jews

The Jews have lost all of their influence over Gentiles

The Jews have lost all of their powers to control events

The Jews have lost all of their power, control, and influence over the world

What's yours thought about that we maybe will turn up to become completely like our Gods in sence of looking. Because meditation tend to clean up less dominant genes. And since we have the higher level of Satan's genes, then do we will become completely like them?

You will still look like you, just a more "perfect" version

Imagine yourself without any genetic impurities, without any esthetic impurities and yourself in perfect physical condition in all ways.

That is how you will be when you reach godhead.

However if you were born with brown hair for example, unless it's caused by some kind of race mixing, the color won't change. You'll still keep brown hair, but it will be that much more beautiful.

If you have any scars or perhaps deformities from past injury, for example an arm that is slightly twisted because you broke it in the past during an accident and it didn't heal correctly, all those things go away aswell when you reach godhead.

You become the most perfect version of yourself that you can be. Which is undoubtedly very beautiful/handsome so rest assured haha

I have pure white ten with golden color on skin, as I saw Satan have. But I have light brown hair, who is slowly curved and tin just I saw Satan have, I saw him with blonde hair, short hair, but sorry for comparing, like in sheep large curls and soft hair.

And I have light brown eyes. I love my natural color of my hair but in past I wanted to see hove I will look with red and blood hair. I look like shit.

So I am again natural.

One time I tried to see by special program hove I will look with blue or green eyes in case that I change my color of eyes because my eyes do to rh negative blood are changing my eye color from green-brown to gray-brown all the time.

I look like vampire with blue eyes and with pure green like my mother's, I can't feel that this is my. But I have some feeling that my eyes will turn up to gray color because I feel this is the only one color who I find pleasant and for me.

Subject: Who we are

I researched many years ancient history. And I will say this: The first white people are sloven people, that's why Russian language has so much similarities with the Sanskrit language. Same with old pre Turkish invasion on Balkan Serbian language. Even name of the river Danube, Ub (oob) exist in north India. Use Google earth and see for yourself . That's why people from Serbia consider Americans to be stupid. Because USA citizens consider only to be truthful the history in last few hundred years and they think that they are European or often as they say: Caucasian. But all Caucasian are Slavic people. After great catastrophe on earth the white race lived in north India. And again repopulate places like Iraq creating the Sumerian civilisation and other. We have 40.000 old pyramid. This pyramid was built in the beginning of our existence as human race . And was built by Satan , that's why she still has power. In Bulgaria was found even temple who looks like Egyptian dedicated to Goddess Baset (cat looking)  
That's why the jews create constantly wars here and why all Slavic people want to destroy first

SO THAT YOU FORGOT YOUR OWN ORIGIN

Also in my researching I found ancient song from time of when slavic/white race lived in the northern india, and the songs like in story of gilgamesh whay, sayed that they were forced to leave that place do to invasion of black people for years the black people was attacking the white race. I chine writings is written that the white people com there before chine, thinking about territory.

And when fighting against the white race they mentioned that white people with hair like sunset rays, was invincible.

So my thout's are that something forced black and asian race to attack the white.

What the heck will be doing afrikans in the middle of asia?

Somebody must tell them to attack the white people. So only in india stayed some small percent of white people, later becoming the most higher cast in indian culture.

And indians are today most heavy mixed people. They are mix of japanese and afrikan people with some percent of white too.

Also the most pure asian race is japanese. Same like the most pure black people come from nigeria.

And the most mixed people are indians, arabs, latinos and brasilian.

You see? the jews want all people who are already the larger half of people on earth, to we all become mixed like the most people are now.

And by looking back on how much mixed people are on earth, and when it started to happen that, we can see the true purpose of Jewish race. And that is to mix all people first so that they become less powerful and smart, and then to kill us all.

but brown hair and eyes in white rase are product of mixing at least in past. So that's why I think the white race will go thru the most drastic changes. If you belongs to more Asian, then you will become pure Asian, if you have more soul to close to black people, then you will be become pure African. If you have more white genes you will become pure white. Logic.

Pure blooded whites can have brown hair. You are thinking of the blonde, blue-eyed Nordic-type whites. There are other types of white people besides the Nordic type. Just look at Ireland. Ireland was kept racially pure for thousands of years and every type of white person can be found there. <http://josministries.prophpb.com/post76511.html#p76511>

As well, if brown hair and brown eyes in whites is due to race mixing, then how is it possible that people with brown hair and eyes can give birth to children with blond hair and blue eyes. If it was from race mixing then the blond hair and blue/green/grey eyes genes would be destroyed.

It is completely untrue that brown hair and brown eyes are a product of race mixing.  
Lydia and Akemi both make good points, that even extraordinarily pure blooded Aryans can have brown hair and brown eyes.  
Take for example our Führer Adolf Hitler.  
Adolf Hitler is an extremely pure blooded Aryan with blackish-brown hair and brown eyes.  
Aryans of pure blood can have every type of hair and eye color, from blonde hair to black to red to brown. We can also have eyes of varying colors, such as hazel, green, blue, grey, brown, and mixes of such eye colors.  
In conclusion, do not just assume someone's purity based solely on their eye and hair color. There are many other factors to take into consideration as well.

@lydia

Well, I've been trying to find the link, but like so many other things that have disappeared because of content.... so take this for what it is.

Saw a program several times on two different channels from two different sponsored shows that told about the green and blue eyes. \*They\* have discovered that all persons with this trait can be tracked back to one donor! This was so, they continued, all whites with this trait in their lineage could be \*examined\*.

While I agree that such attributes are NOT due to race mixing, what you are speaking of is just the beauty of the recessive gene that makes it so difficult to "kill off". Blue eyes and blonde hair are both recessive genes. So you can even have 4 or 5 (or more) generations of no one with blue eyes or blonde hair, and then all of a sudden have a child with blue eyes and blonde hair. The gene is still there, it's just hidden by the Dominant genes of brown hair and brown eyes (or other colors). Obviously the soul itself will have influence, but if the genes aren't there, they won't manifest. A LOT of white people with brown hair brown eyes can still have the recessive Blue eye Blonde hair genes though, to pass down to their posterity.

Just to make sure people didn't misunderstand my post, I didn't mean to say that brown hair or brown eyes or other things besides the blonde hair and blue eyes are impurities or the result of racemixing.

Just that in some cases they could be.

I have tried to summon Adolf Hitler once in the past, which I was succesfull, believe me or not. He appeared nearly identical as he was in life and as we here know he has completed the magnum opus. His hair color and such didn't change.

If Sumerian is old about 5.000 years, then whay we here in Vincha have 7.500 remains of advanced civilisation. The catastrophe happened far away in the past. And after her the white race lived in one place, and slowly they inhabited new territories. The first communities was simple, but later was created grad civilisations like phonetician, sumerian, Persian, Egyptian and many more. And MU was near India. So is not surprising evidence of living in northen India.

Here we have the cleaning of genes. In past do to mixing with dark turks the white Balkan people was white but with black hair color and eyes also. And for generation was rare to see Nordic like people here. But in every next generation there was less and less dark genes. Now you grown up people look like very beautiful Nordic people. Even I got son with lemon blond hair.

First the Google translate can't translate old Serbian, so that you can read one book who is forbidden but people secretly copied her, now is even in PDF form. I sensed this book few times to you all, but no one understand what I was presenting to all members, I even offered to translate myself page to page if HP-s are interested to research it. Since was not response I continue to explore on my one. And by reading other stories from many parts of the world I found very interesting information. I will try to find pdf version who is not made of photos of that book but is copied text, and in today serbian language. So

that you can translate and read her.

@..., it has been said before that the first Aryans were not from the Slovak lands, nor were they Slavs.

According to The Third Reich's own material (I am referencing the Hitlerjugend race manual here) the Slavic race is not the main "tree" so to speak of the Aryan races. As in, the other sub-races of the Aryan race are not from the Slavs, but rather the Slavic race is a sub-race of the greater Aryan race.

It is known that the areas around southern Central Europe and the Balkans was home to people's of the Nordic race, as was much, if not all, of Europe in the time after Mu. However history is rarely peaceful, and over time the Nordic peoples were pushed back further and further north by the Greeks and Macedonians and even the Romans (who were also Nordic Aryans). When Rome was falling, these tribes moved back into their ancestral territories, and held dominance over them for many years. Much much later on, in the Second World War, the communists hordes pushed into Europe from the east, and brought with them hordes of mixed race people's. After the war, many of them settled in the areas that the Soviets had control over, such as Czechoslovakia.

This was one such reason that the Slavs are seen in such numbers in places like the Balkans and southern Central Europe today.

In conclusion, the Slavs were not the first race of Aryans, they are a sub-race of Aryans, and many of them came into Central Europe relatively recently.

I only have the history supplied by my grandma. And the comment she repeated several times through my youth. \*You are pure.\* \* as though it was a badge of honor.

Btw. They came to the US at the turn of the 20th century. Said they were \*told\* to move. Had to leave Europe. Not quite sure how this ties into things either.

Subject: On Race

I can see from the numerous posts here, not too many members know about race. This is a very extensive topic to cover. Before I go on, please remember that very few Whites are 100% pure anymore. The Jew pushes trying to destroy the few, as they have invaded Scandinavia with nonwhites. The Nordic countries.

Now, I won't get into a long discussion here, but just to answer the latest threads. Regarding Slavic people... Slavic people are part Asiatic. Now, not every person who, for example is Russian and speaks the Slavic language is Slavic.

Some 1,000+ years ago, Ghengis Khan invaded Europe. This is why many Europeans/Whites have brown eyes, black hair. Pure 100% Whites have fine light blonde hair and blue eyes, BUT, know just because someone is blonde and blue, this does not automatically make them White. I've seen blonde haired, blue eyed Jews. Again, though, the other physical features come through.

Getting back to the Slavic people, they have large faces, like Native American Indians who are also Asiatic. The classic stocky babushka Russian woman is classic Slavic. Again, not all Russians are Slavic. Take Olympic gymnast Svetlana Khorkina, she is Russian, but not Slavic. She appears to have German and /or Scandinavian in her ancestry. Slavic people have the large faces and are usually built stocky.

I have dark brown hair and brown eyes. My kids have blonde hair and blue eyes. I have seen many other women who had dark hair and eyes have children with blonde hair and blue eyes as well. In most cases, the father's coloring determined the hair and eye color of the children.

On another note, regarding the strong influence of the father, I saw a young very dark black woman years ago when waiting for the bus. She had an infant in a carrier that appeared to be White. I asked her if her baby's father was White and she said "yes."

Upon looking at him closer, he had the negroid features and the coarse hair, but his skin was very white.

On another note, people with red hair and freckles are part black. I have seen several blacks who were light-skinned, freckled and had tinges of red hair.

Old time actor Gregory Peck was known as "Black Irish" though he didn't have red hair or freckles.

You also need to know the history of a country to determine the racial makeup of its citizens. Like I said, very few are 100% pure. Race mixing in the examples above, they are classified as White.

People here need to know about race. Like I said, it is a very extensive topic to cover in just one post.

I will try to answer questions on race here.

I need to clarify... Yes, Slavic peoples are classified as White, which they are mostly White. Also, people with red hair and freckles. The nonwhite genes go way, way back, and they are very mostly White. There are degrees of White.

The black woman with the very light skinned baby; the baby is not, nor ever can be White. He is mulatto.

Another black person who was often mistaken for being White was Lena Horne, by people who knew nothing of race.

About Slavs, I agree that many seem not fully-White, they tend to have wide skulls. My family is Slavic, I hate being Slavic due to the lack of racial integrity and the fact that Slavs seemed to have contributed almost nothing worthwhile to society, all of this nonsense about "loving yourself" is pointless if one is not worthy of respect in the first place. So to the Whites here, do not race-mix, or your offspring will curse you.

I had no idea redhair and ginger came from black genes. I thought they were a natural mutation due local and kind of food of some populations. So Ireland is not the purest White country. Iceland makes more sense since they were the most isolated Scandinavian community till recently, most being blonde (I've never seen a redhead Icelandic person).

And the person below, Carol Moreira. Is she an example of blonde kike or mixed Gentile? I had some doubts about the nostrils and lips but I couldn't tell by her energy in her videos if she's a kike:

The problem with many member is that they are not doing research I anything. Many of you are waiting for Mageson, Maxime or Hoodedcobra to serve you knowledge, I also love to read they post. But my huger for knowledge is bigger. So I do researching, one my own. Which is something all members need to do. If one member something found it and if he share that, then all other will know and the bigger knowledge we have - the more correct knowing about our past we will have. It will filtrate pure knowledge from false one. And I do not saying I am 100% precise, but I something find and if I consider that this have some value then I will share it to group of people whom they are belong. And that is SS. And SS whites. That's why I not shared this in main group so that I not start confusion .

This is original copied version of that book by which I started to researching all legends and history remaining in the world. So is not about one book. The book is only firs step of the journey.

Also I found out that old kosovar Serbian outfit has that like pharaoh's hat, even same stripes. And in Bulgaria there is Egyptian temple.

Now, I won't get into a long discussion here, but just to answer the latest threads. Regarding Slavic people... Slavic people are part Asiatic. Now, not every person who, for example is Russian and speaks the Slavic language is Slavic.

Some 1,000+ years ago, Ghengis Khan invaded Europe. This is why many Europeans/Whites have brown eyes, black hair. Pure 100% Whites have fine light blonde hair and blue eyes, BUT, know just because someone is blonde and blue, this does not automatically make them White. I've seen blonde haired, blue eyed Jews. Again, though, the other physical features come through.

Getting back to the Slavic people, they have large faces, like Native American Indians who are also Asiatic. The classic stocky babushka Russian woman is classic Slavic. Again, not all Russians are Slavic. Take Olympic gymnast Svetlana Khorkina, she is Russian, but not Slavic. She appears to have German and/or Scandinavian in her ancestry. Slavic people have the large faces and are usually built stocky.

I have dark brown hair and brown eyes. My kids have blonde hair and blue eyes. I have seen many other women who had dark hair and eyes have children with blonde hair and blue eyes as well. In most cases, the father's coloring determined the hair and eye color of the children.

On another note, regarding the strong influence of the father, I saw a young very dark black woman years ago when waiting for the bus. She had an infant in a carrier that appeared to be White. I asked her if her baby's father was White and she said "yes."

Upon looking at him closer, he had the negroid features and the coarse hair, but his skin was very white.

On another note, people with red hair and freckles are part black. I have seen several blacks who were light-skinned, freckled and had tinges of red hair.

Old time actor Gregory Peck was known as "Black Irish" though he didn't have red hair or freckles.

You also need to know the history of a country to determine the racial makeup of its citizens. Like I said, very few are 100% pure. Race mixing in the examples above, they are classified as White.

People here need to know about race. Like I said, it is a very extensive topic to cover in just one post.

My beard has brown, blonde, reddish parts, and even like platinum colored hairs here and there and also black. Looking close I actually have blonde hairs on my arms and places. I also sparsely find platinum hairs all over me. My hair has no curl and is smooth and soft and fine. My skin is very white. I'd be curious what mix you think I am. I am white, fair skinned with brown eyes and dark brown hair that is between wavy and curly, along with the large face you mentioned. Does that make me an example of Slavic origin?

As for what you said about red haired people being partly black and Slavic people being partly Asiatic, does the same apply to Demons who have these features?

Hi Hp Maxine, I hope you don't mind if I write on something you mentioned.

The term 'black irish' comes from Irish people born with black hair, it goes back to when the Spanish Armada washed up on Irish shores seeking refuge and mixed with the population, it has nothing to do with being of black heritage.

As for the red head gene, there are many factors that come into this. the obvious one being Jewish slave owners owned ALOT of Irish slaves and because they were so much cheaper than importing black slaves, the slave owners would have their black male slaves rape multiple young Irish girls, aged as young as 12 to create plenty of slave children for themselves, this is where the ginger gene from blacks would have come from. However unlike the stereotype, very few Irish people are red heads. Most are blonde and brown haired and even in current red heads, their ginger genes are dying out, the red head gene is expected to become extinct in just a few generations.

You also have to take into account old European races also had auburn hair, something that gets mistaken for the red head gene which exists in Germanic and Nordic peoples.

I am in agreement with Ljóss.

@..., it has been said before that the first Aryans were not from the Slovak lands, nor were they Slavs.

According to The Third Reich's own material (I am referencing the Hitlerjugend race manual here) the Slavic race is not the main "tree" so to speak of the Aryan races. As in, the other sub-races of the Aryan race are not from the Slavs, but rather the Slavic race is a sub-race of the greater Aryan race.

It is known that the areas around southern Central Europe and the Balkans was home to people's of the Nordic race, as was much, if not all, of Europe in the time after Mu. However history is rarely peaceful, and over time the Nordic peoples were pushed back further and further north by the Greeks and Macedonians and even the Romans (who were also Nordic Aryans). When Rome was falling, these tribes moved back into their ancestral territories, and held dominance over them for many years. Much much later on, in the Second World War, the communists hordes pushed into Europe from the east, and brought with them hordes of mixed race people's. After the war, many of them settled in the areas that the Soviets had control over, such as Czechoslovakia.

This was one such reason that the Slavs are seen in such numbers in places like the balkans and southern Central Europe today.

In conclusion, the Slavs were not the first race of Aryans, they are a sub-race of Aryans, and many of them came into Central Europe relatively recently.

There are so many beautiful red-haired people, that look pure Aryan. Very delicate features etc. Some I've noticed, with freckles, have larger/wider noses etc and they look somewhat negroid.

Subject: Re: On Race

Thank you for this. As I already wrote, few people are 100% pure anymore. Once the seed is lost, the entire race is lost. The Third Reich knew this and tried to prevent it.

As for yourselves, stop being self critical. I have dark brown, almost black hair (now grey), and brown eyes. I've never had any issue with it. I could care less.

Also, in response to another post here concerning Demons, many are of different ET races, who are friendly to humanity. Also, some were humans who achieved the Godhead, and are helping us by choice.

I didn't post what I did to have people here being self critical in any way. Adolf Hitler had very dark brown hair and Heinrich Himmler had black hair and Josef Goebbels had black hair and brown eyes, just to mention a few, but the important thing they knew was the truth about race and they worked towards bringing our White race to perfection and breeding healthy people through eugenics.

Look to it for what it is for. And thank you again unidentified\_druid, I appreciate you sharing your knowledge. You seem to be educated about race. This is important. I didn't know the details about the Black Irish, other than actor Gregory Peck, his features could be mistaken for a Jew. That's why it's so important to know about race.

Again, knowing the history of a country sheds light on the racial makeup of its citizens.

If the Jewish filth hadn't started WW2, Adolf Hitler could have wiped out nearly all genetic diseases within 2 generations through the use of eugenics.

Now, as the Jew works to exploit illnesses (a sick, drug dependant population is worth billions), the promotion of diseases is rampant. Incessant subliminals in the media, etc. The rape of the environment, GMOs, etc. All of these create a tremendous profit.

And AGAIN, STOP picking yourselves apart!!! I posted what I did to educate, not to have people here being self critical!!

Jewish slave owners owned ALOT of Irish slaves and because they were so much cheaper than importing black slaves, the slave owners would have their black male slaves rape multiple young Irish girls, aged as young as 12 to create plenty of slave children for themselves, this is where the ginger gene from blacks would have come from. However unlike the stereotype, very few Irish people are red heads. Most are blonde and brown haired and even in current red heads, their ginger genes are dying out, the red head gene is expected to become extinct in just a few generations.

You also have to take into account old European races also had auburn hair, something that gets mistaken for the red head gene which exists in Germanic and Nordic peoples.

Also, another thing I thought...  
let's say whites of distinct features engage with each other sexually and have children. Such as a blonde white with a black haired white. Is this an acceptable "match"?  
Or is it also considered miscegenation?

Thank you for your advice, HPS. I did have one other question that's been concerning me a lot, if someone wouldn't mind answering. What about mating between ethnicity and subraces? Obviously race-mixing is horrible, but what about someone from a Nordic line marrying someone from a Mediterranean one, or someone from an Alpine line marrying a Mediterranean one? What about between ethnicities, like a Slovak marrying a Pole? I've read that NS Germany forbade Poles from marrying Germans, but I'm not sure if this was due to Race or politics.

Lydia, that's exactly what I have. I don't have red hair or that many freckles, I have dirty blonde hair and blue eyes but I have a flat nose, slightly wide. The kind you were describing on those girls you saw. Which I am not complaining about as someone who does a contact sport I'm happy with a small flat nose.  
x3 I just wonder though does this trait mean someone is a part Negro mix? 0\_0

What you need to realize, is what you probably knew since a very young age. You are not "them", these other people. Especially those of you that know the Truth or you have this innate tendency to go to it, akin to a butterfly that tries to seek the sun. You are not like the masses of the zombies that are walking outside, and you will never be. You may try to play along, but in the end of the day, you will never be them.

"These" people just aren't butterflies many of them are acting like worms, even though they have potential to become something better. They are convinced by the enemy that they are worms, and whatever they are, they lurk and exist as worms.

This is because you are in your Soul something Ancient no matter from where you are coming, and nowadays we recognize this and name it as a Satanic Spirit. It doesn't have to be individual or at the mercy of filling an ego, because it's far greater than that and that's also because it is shared. The same exact spirit the world tries to crush wherever they see it, be it in little toddlers and children (They actually do sacraments to remove "Satan" from children) to actual teenagers with some real hopes and dreams, the dreamers and idealists. It's the spirit of Truth and Life.

The Satanic Spirit is though ageless, nameless, and eternal. It can be found everywhere, it can leave anywhere, and exist anywhere, but at the same time it also needs a correct person to carry and cultivate this spirit.

There is no higher or lower adage, or title, anymore than this: What is the adage is how much you let this spirit shine forth, or how much you let it shine less. That's the basis of who you are and also this is internal, and at your control.

Therefore, stop judging yourself and putting yourself on the same pot as so many people outside. You don't need their three cigs of weed to relax, and you don't need their ten pounds of 70% alcohol booze to have fun, or any other insanity that is passed down as normalcy while it's just abnormality. You just need to ease up your mind, relax, and ease the heavy weights lingering at the Soul.

You sure as much don't need their slavers to guide you around, either. You are intelligent, and if you devote yourself to find it out, you will understand this. On the other hand, be attentive and listen to everything around you and learn, as we are always learners. Just keep it at learning, and don't assimilate who you are into their nothingness. There is no worth to do so. You will always be depressed and disappointed if you do this.

The correct and pleasant path may seem now hard, as our generation of Satanists is just laying a foundation for others that will follow. Therefore those who build the bricks on this golden road may have it very hard sometimes. However, what we do now will help many others to come. And we will also enjoy the road we are now building by our deeds.

In the end of the day it doesn't matter what the rest of the billions did in the planet. Which mostly consists of drinking, going to the bathroom, eating and sleeping. It matters what you do. This innate individuality and Satanic Spirit is what can create change in the world. And you are here to grasp and seize this opportunity. You don't need to waste it. Again, its "THEM" that they throw away decent and beautiful opportunities to return to ignorance, only to find its death and not bliss.

Outside beyond smiles and anything else society is largely a society of Truth deprived, Soul deprived, robotic machines. Who just display feeling and emotion here and there. And the rest of who they are is what others made them, akin to a living computer program. Individuality begins when you start to exert your own Will. Such is one of the reason Satanists are needed to dedicate to Satan. Whose name to us means Truth Eternal, as it did to humans thousands of years prior. You need to dedicate to affirm your living, conscious Will, and your conscious choice to go against the forces in this time and age that try to crush it. It really is nothing new than what people thousands of years did before. Its the same thing, with slightly altered names, times, and ways of affirming it.

Lastly, the enemy is the same enemy, but names and circumstances change. These are similar obstacles that tried to keep beings from ascending to the ladder of the light and becoming a clean Soul, like Osiris, or the Sun-Soul incarnate. Nothing has really ever changed in that essence. What has also not changed is that you are not like "THEM". While "THEY" will sit down and take it, accept non-existence, you won't. Resisting one's self is useless. If you found yourself down that block even by coincidence and you decide to heed the call, you will shortly lose all faith in coincidences.

When you live your life, just know and be happy. You are not "Them". This isn't to raise you or denigrate you, its just to show you that you are different. And to make you respect this, and follow through with the being that you are. No guilt, no vain promises, just following the path that "THEY" will never be able to even closely tread. You can change everything by changing your spirit and bringing it higher. Because YOU are not THEM. And as the Ancient allegory goes. The world is not saved when its saved. Its saved when YOU are saved.

Through trying to save the world, we are just trying to also save ourselves. Your own war to conquer yourself will also be a sign to those who want to befall humanity in that no matter what, they have lost and they are losing. Because you are NOT "THEM".

The point here, I've seen threads where members here don't even know what pure White is. AGAIN, very few of us are, but in being White, this goes back hundreds of years in the case of some mixings, like with red hair and freckles. Yes, people with red hair and freckles are White. The reason I brought this up was because I remember a post some time ago in here where someone claimed this to be a White trait, which it is not. I have also seen others making similar claims as to other genetic traits. These go way back. Most people don't know hardly anything about race.

Heinrich Himmler selected SS members where going back 300 years, they had to be 100% Aryan.

The most important thing, and the enemy knows this, is once the small minority of racially pure people are gone, the seed for the White race is gone forever. The Nazis knew this and this was why they tried to breed more blonde haired, blue eyed Aryan people. Blonde hair and blue eyes are the seed trait of the White race. This is from the Nordic Gods. Once this is lost, our race is lost forever.

I just thought of something, if you have noticed the people who are into race mixing (race mixing Whites as well as Negroes, Asians or whoever) more often than not aren't just people open to dating whoever and end up mixing with another race, most of the time they're people who only date one particular race. You hear them say it all the time. I'm a such and such, and I only date blah blah blah.

I have a guess this is because these people are actually mixed already themselves, because that is such an unnatural behavior. Most people, of any race prefer to be with their own kind. In the animal kingdom, you've got creatures capable of mixing, such as the Red squirrel and the Grey squirrel for example but it is VERY RARE you will see them mixing. Not just true of Squirrels either, the Donkey and the Zebra can also mix but it is very rare you will see that.

So if someone is born not attracted to their own race, they are probably a descendant of a rape victim, either as a slave or because of invasions to Europe such as the Mongol invasions and all that. So now they are confused, they're born looking one way but they have genes beneath the surface which make them drawn to another race.

The first instinct in every species is to preserve it's OWN DNA! Mixing does not preserve your DNA, when you mix bloodlines, instead of multiplying all of your

genes by 2 as you would when you pair with someone like you, of your own race, instead the child will only have half, genes from your race and half will be of another race. How will that help the survival of your race and YOUR GENES to produce LESS of them? It defies the instinct of self preservation and reproduction itself. It is not a natural behavior to want to breed yourself out like that. That's why it is very rare in the animal kingdom. Instinctively they know it is harmful to their survival.

I can understand to some extent, you see someone of another race who happens to be particularly attractive, nice, masculine, feminine or whatever it is you like and you feel drawn to them. You still date and love your own race but you can admire the qualities in another person even if they are a different race.

But I'm talking about serial race mixers, mudsharks and the like, these people in my guess are already mixed themselves if you look at their DNA because that is a very unnatural behavior.

Yeah, that's true sometimes about the babies. I knew a mulatto girl who had a baby with a white guy and you couldn't even tell any black was in him. Blonde, blue, pale. me, wanting to look like Barbie at the time, I was kind of pissed off because here's a person whose mom was half BLACK and they get blue and blonde and I have one grandparent otherwise, just one of four, and this kid looks more white than me. One person in the mix and it changes things. I got mom's phenotype, and she got her father's. My father's blue eyes and blonde hair didn't pass down to me.

@funnyfred yeah, that's true, your ancestors will curse you if you mix. That mulatto girl I mentioned with the white baby... I've known her since we were kids. She has always been really, really, pissed about having black blood. She feels like a stranger in her family. She has never identified as black and surprisingly looks fairly white except for her afro, which she now shaves and wears a wig. Without the afro, you couldn't readily tell. It is strange, too, because her dad is really dark black like Africa black not african American with a chance to have mixed with white people. Her mom is an alcoholic and had sex with him one time after the bar, and never wanted her. She was always embarrassed to have a black child and has never been nice to her. This kid had no love from anyone and didn't belong anywhere. Mixing is no good. We met on the bus when she was getting beat up because she looked so white besides the afro, kids bullying her did so because "what's with the fucking pubes one your head?" I told her she could get off at my stop because I liked scrapping and hated bullies. So that's that story..

So, is there some reference you can point us to for redhead black issue? I've actually never seen a red-haired black-skinned person. The only black people with red hair and freckles I have seen were white-skinned and thus race-mixed. On the other hand there are Asians with red hair who don't look like they are mixed. The statistics on the red-hair gene suggest it to be more present among fair-skinned people. Usually, in fact, those with red-hair in the Aryan race are those with lighter skin, even lighter than blondes, and they usually don't even tan, they get sunburns.

I agree with Lydia too. There are also gods with red or orange hair, like Lord Saleos.

Regardless, there are definitely pale skinned redheads who have negroid features and HPS Maxine's comment on that cleared it up. The redheads with the negroid noses (very large nostrils on the sides of the nose) and very curly crinkly hair like a red afro.

But I still feel that red hair is an ancient genetic trait from long before any race mixing.

There are lighter skinned negro sub-races. I think these readhead mummies were actualy strawberry blonde, not sure about it or if it's the same as redhead anyway. Other things could factor in, as from which Egyptian period these mummies lived in.

I think this is an example of ginger black:

But she could be very well mixed like the negroes from Solomon Island:

+Egon Albrecht It's important to emphasise that Genocide is the INTENT to destroy in whole or in part a national, ethnic, racial or religious group. The perpetrators may or may not successfully execute it but the fact is people such as former French president Nicholas Sarkozy, the founder of the EU Richard Kalergi and Jewish so called "intellectuals" like Noel Ignatiev have already said in their own words this is what they intend to do. Kalergi published it in his own books. Sarkozy and Ignatiev are both on video admitting it. This isn't even disputable. You have former presidents, professors and the founder of the EU saying in their own words this is their intention. Those are just a few examples.

Whether or not they are capable of implementing it or whether they successfully destroy us isn't the issue when it comes to whether or not they're guilty of genocide. Genocide is defined by acts committed with the \*INTENT\* to destroy a race and these people have made it clear that is their intention.

They won't succeed, because we're not going to let them and we're going to see to it that they suffer terribly for this. Even with low birthrates, most Whites still mate within their own race and there is still more than a billion of us and we're not just in Europe we're all over the world and millions of us are now learning the truth everyday. So no they're not actually going to destroy us because they can't but that doesn't change the fact their acts are acts of genocide because it is defined by intent.

Also in part as well, mass immigration, cultural programming, brainwashing as with in the schools and mass media is inflicting serious mental harm to a people and in part destroys their identity. In this context Christianity was the first act of Genocide against Europe by Jewry because it was an attempt to erase and replace the culture of a people.

The forcing of European peoples to comply with the nuclear family (along with all of the mass murder) destroyed countless tribes across Europe for example. Deliberately wiping away tribes is a huge act of genocide. The Catholic Church to this day has never answered for this but they will.

I pray the Gods protect our people from any danger, that we continue to survive and prosper, multiply fruitfully and serve them honorably. May we have the strength to defeat any enemy. Let those who seek to harm or destroy us meet with suffering and ruin.

HAIL ENKI!

Ashley-

On youtube, Mimi Kuo-Deemer and Lee Holden both have great videos for starting out. They are both Gentiles. Check out Mimi's 5 Elements video (12 minutes) and 8 Brocades (18 minutes), I've learned both and do them on my own every day. Lee has 20 minute long morning and evening videos.

There is also Falun Dafa but the only decent video is of awful quality and directing. Just type Falun Dafa into the youtube search and you'll find it.

I've been doing yoga for 15 years and I get more results from qigong. The 5 Elements literally fixed parts of my soul. I felt it happen. Energy pathways felt like they snapped into place correctly, almost like how a lid clicks on a container. That's the best I can describe it lol.

Greetings to all our People and Satanic Comrades!

We have updated the schedule, by making only one, minor alteration. The 42 Letter Name RTR was replaced by the 72, as we have decided the 42 is done enough for the time being. The rest of the program remains the same, entirely. The 72 is by far the most damaging and destructive RTR one can do, as it hampers and destroys the enemy's ability to kickstart their magick etc. This is the RTR that has messed a lot of events up from the enemy until now, and it

will only continue to do so. The 72 letter name is Priority ONE RTR until the end of the week.

Do you want to harm the enemy A LOT but you don't have the time do to all other Rituals? Then do this one. I am not going to stress on how highly toxic and spiritually deadly is the Ritual done in conjunction with the rest, but everyone can see this one for themselves.

Many times the color of the hair can change with the passage of time, for example when I was a child my hair was light brown and as I was growing my hair became dark and now I have it completely black.

@hailodin666 After completing the first uprising of your kundalini, your DNA will begin to be purified little by little, it is a slow process that takes years but that happens before completing the Magnum Opus, I do not think you have problems to have a 100% white couple.

Thank you maxine for clearing some of this up. Race is very important to understand well indeed.

On the topic of hair color changing, my hair color used to be very bright blonde as a child, then started to darkened to a more dirty blonde/brownish, but now after some years of meditation has started to lighten up again. In some places it is almost a light blonde again.

I take it this happened as a result of increased bioelectricity and also me taking better care of my hair and health respectively.

The red hair is indeed interesting. I was also under the impression that red hair has been an ancient trait amongst some Aryan people, not as a result of race mixing. I do agree though that there are a lot of people with red hair who have negroid features, but there are also some who look very fair with no visible negroid or otherwise non aryan looking features.

Perhaps there are two origins of this trait? One the result of race mixing and the other actually natural? It might be difficult to distinguish or find out though.

There are dominant and recessive genes. I think hair color change is due to a recessive gene manifesting at first, and then the dominant gene taking over as you grow up

I take it this happened as a result of increased bioelectricity and also me taking better care of my hair and health respectively.

The red hair is indeed interesting. I was also under the impression that red hair has been an ancient trait amongst some Aryan people, not as a result of race mixing. I do agree though that there are a lot of people with red hair who have negroid features, but there are also some who look very fair with no visible negroid or otherwise non aryan looking features.

Perhaps there are two origins of this trait? One the result of race mixing and the other actually natural? It might be difficult to distinguish or find out though.

Yes, you have been watched since your last account that was banned for lying, bragging and flaming/picking up fights with other members. And everyone has called on you as well, 'void\_time'.

Its better to stop spreading lies, egomania and deception. Not on here but in general, so be careful, even if this is done in godo will. Such as when you mentioned you brought 'thousands' into the JoS, lying blatantly as an example.

This is your second chance so use it wisely.

In simplified words just make sure, if your intention is honest, to be clear on what you mean etc. I write this because in the main forum there were issues around a week ago, just as a reminder. Be clear in what you say/mean, as to avoid this from happening again.

And yes, I bring here a lot of new members, because only -very small percent of members are willing to spread YOURS links, I said yours because you are don danko, mageson, jonhson akemi and who know what also. And if i was not pushing with ancient history, then you will never started writing more about that topic.

And I got banned even for that. Stuff like Lemuria. But now when I shared something great what I found about white race, I again got criticised and this time mageson said that Lemuria existed, but two years ago he said that all that is just an alegory.

Additionally, even if you lie to people, I know what you are. On your two posts made a few weeks ago, you were bragging about money and how much you have (Therefore all the tens of members calling you were wrong) and you suffer from entitlement sickness and disease, then how you are ineffable and nobody can tell you anything, because oh my, you work so much or something. Then you try to prove innocence by revealing you have old grudges and you are an old infiltrator. Very convincing.

Nothing was pointed out except you recent behavior. As for your type, writting a million lies and one 'true' thing, and the complaining about (((muh freedom of speech))), everyone knows. I guess its also part of "your freedom of speech" that is being supressed to call all other members trashy names because they don't keep up with your crap. And pretend to have a high moral standing when you are just acting like a disgusting person.

You should have been banned for flaming, because that's what you did. So far that its known, nobody here is working for 'us', but Satan. You have 'worked' so much but still... Haven't figured that one out?

But of course you didn't know of that either because you are supposedly working too much for him anyway. Too busy to notice.

"Working" or not (claims, claims...claims), you need to change, as this behavior is disgusting. Or just take it out of the groups. Additionally, if you don't want to be here, or you have issues and your heart is not here, you can leave. But I highly doubt it since you are a habitual liar.

Again, I don't know how 'old' your issues are, I just pointed out in regards to recent incidents on the group. Nothing else.

'muh feelz! muh feelz! oy vey! oy vey' - only stupid will fall for this.

To new people who are witnessing it, know that when a Clergy member warns someone, it is for some serious reason, and not for trifles. This happens rarely, but it does with some serious parasites.

In this case, the troll void\_time / fiery.witch came here and bragged how it is holier than thou, attracting hundreds, thousands of members to the e-groups (not that this is visible in the numbers – because it isn't). People with their ego inflated to the size of the galaxy spew such propaganda. What is the underlying reason for this? Creating their own cult using Satanism as a means to making themselves worshipped – which, in the end, has nothing to do with Satanism whatsoever.

Newbies may not know that those e-groups are always spied by the jewish trolls, so the jew sends one of their own to make a mess, hoping to drive people away from the Truth / Satan. Those trolls will say anything, trying to legitimize their false claims as much as possible, to drive vulnerable people away from the ones who know.

Such occasions, when a troll is being exposed, should be of interest to people who wish to avoid confusion in the future, and in the long run, not be fooled themselves, warning others about any suspicious activity.

With this v\_t/f.w retard, it is clear it will NOT use the chance, as is the case with 99,9% trolls.

Stay in the e-groups, an you will see whether or not you've me the right choice.

This group, for the White Race of Satan, is at the bull's eye for Jews to send in infiltrators and other trouble-makers, because, as the Christian Bible in the Jewish New Testament states: "Satan divided cannot stand."

In other words, I WILL NOT TOLERATE ANYMORE SHIT FROM THE LIKES OF "FIERY.WITCH." Due to endless research, I don't have much time to spend in the e-groups or forum, but I will be in the future.

I'm sure they will be back to cause trouble here under a different ID in just a matter of time because asshole inferior scum like these cannot keep their misery for being lesser-thans to themselves.

The e-group, itself, is aimed at GBLT people, or more properly, the third sex [to use the Satanic name for them], but the Thule Society website is aimed at both the third sex and anyone and everyone else, but the focus is on the White Race. There are a few White Eurocentric Pagan authors who are third sex and try to awaken their fellow third sex who the Jews have turned against the White Race, but to my knowledge, I'm one of the only White third sex Satanists who has devoted his life to the cause at the expense of friends and family.

The average uninitiated individual would think of me as insane or at least severely deluded for my combination of pro-third sex statements with my brand of Esoteric Hitlerism and shameless NS politics and religion, which is understandable, because I'm one of the only few people who have put the White Race first and GBLT second, when the average person believes that Adolf Hitler hated all homosexuals and tried to outlaw such "decadent" behavior, which isn't even true. To state the typical "Hitler sent thousands of queers to concentration camps" is to state that Hitler is "stupid." The only third sex people that were sent to the prison camps were Christian pedophile priests, and the Weimar gays who the Jews had organized against Hitler. All others who were not involved with such criminal activity were left alone. Jewish re-writing of history tends to leave that out.

I apologize to everyone here for some of the cloudy, foggy statements on the front page of my website that make it sound as if I am stating that the third sex is somehow much superior to heterosexuals. It was not my intention to sound that way, and I will be fixing and clarifying some of such statements when I can sit down and really think it through.

Basically "Holy of Holies" is a place of human death, suffering and great emotional and physical pain for several thousands years.

inner structure of synagogue

You see altar everywhere being cubic, inner room being also cubic. Cube is where jewish g-d started its creation from. The cornerstone of creation. "In the beginning there was a word" ... this also will be discussed later, after we come to what actually is a cube.

Now. It is not a dead kike with stolen Pagan name on a stolen inverted Pagan cross that makes stolen Pagan Temple christian... Neither virgin bitch, nor the rest of jewish fairy tale's pictures and statues around the Temple that make Temple christian - NO. there is smth that actually turns stolen Pagan Temple into... jewish synagogue (because all xian temples were stolen from Paganism and corrupted into becoming jewish synagogues) – the cubic inner room. Xian temple has it also.

“Christian Nazi”, you will be amazed, but your “altar room” is nothing but the inner room of synagogue ideally equipped for human blood sacrifice: it has cubic altar [in Russian Orthodox church there is also cubic “throne” or “prestol” in Russian], Ark of Covenant, jewish candle holder; and it perfectly reminds Black Cube Kaaba.

Sanctuary of the Holy Transfiguration Cathedral, Valaam Monastery. The Antimension is open on the Holy Table (altar) for the bishop's visit. At the rear is the Kathedra (bishop's throne).

Inner structure of the altar room of Russian Orthodox church

They call it "prestol" while the "altar" is standing aside, they are both cubic. They are the same as Kaaba, as tefillin, as cube altar which rabbies torture our babies on etc. They place body parts of "martyrs" in prestol. Early xian churches were traditionally built on the alleged martyrs' graves whose body parts were located on prestol cube, symbolizing martyrdom of Gentile humanity for the jewish g-d.

All xian mass / liturgy is concentrated around blood human sacrifice and in the culmination of it, faithful are fed with jewsus' 'blood and flesh' – a holy act of cannibalism. These products are red / rosy in color reminding of blood and are kept on the "altar" cube until being fed to public.

The point of both presto and altar is that human being must be murdered on a cube according jewish ritual murder tradition.

Xian alter cube, on it jewsus' "flesh and blood" are located till they are fed to public: blood in the altar chalice covered with silk, flesh in the plate near it.

In islam also, its not just Kaaba that is a Cube. Mudslimes stole a lot of such fallic Pagan Temples to pervert them into jewish synagogues, forgotten Cubes of Yemen is an example.

The Great Mosque of Ghamadan, a.k.a the not-so-famous "Kaaba of Sana'a", in the Yemeni Capital. This city predates Mecca by around 1,000 years.

This means that kikes stole Pagan fallic symbols for their ritual human blood sacrifice cube long before they invented “muhammad” character and the rest of the story.

Now there is smth I wish to mention regarding The Ark of Covenant. I mention it because the Ark of Covenant is traditionally kept inside the Cubic room for blood sacrifice in synagogues, xian temples and... Black Cube Kaaba.

Below is is the plan of the Ka'ba in Mecca, the small box shaped room that Muslims must walk around several times at least once in their lives. Notice the 'Babut Taubah' in the bottom right hand corner. This is where is the traditional place for jewish Ark of Covenant in jewish synagogue inner room.

Verily! The sign of His Kingdom is that there shall come to you At-Tabut  
[Koran:248]

'Tabut' means “wooden box”.

The truth is Black Cube Kaaba is designed inside to represent The Holy of Holies / inner Cubic room of synagogue where human blood is shed; while synagogue / Temple of Solomon itself symbolically being represented by all Mosque of Mecca. And as well as tefillin, Ark of Covenant contains some verses.

But the fact is the verses it contains are very much different to what random xian / mudslime / “goyim judaists” believe them to be. Namely the torah scriptures with some “Covenant”. There is a very popular misconception that they are “10 commandments” which they are NOT.

The “10 commandments” fable was stolen from Code of Hammurabi, thus has nothing to do with Judaism, as was in detail exposed in this page of Exposing Christianity website:

[https://web.archive.org/web/20150504205906/http://see\\_the\\_truth.webs.com/Old%20Testament.html](https://web.archive.org/web/20150504205906/http://see_the_truth.webs.com/Old%20Testament.html)

According of jewish [biblical/quranic] legend of The Ark of Covenant, it is gone and will only be revealed by messiah/mahdi during the “the Last Judgment”, thus is a part of messianic apocalyptic jewish narrative. It also contains Leviathan – the jewish Kundalini Serpent, aka “Aaron’s rod” [“aaron” means “covenant”], “manna” etc. complitely jewish things. From the very beginning I felt very strange that in The Ark of Covenant between jews and their racial god, which is to be revealed by jewish mashiah, together with jewish Kundalini Serpent and the rest of jewish sacrements, somehow lies a stolen Babylonian Code.

Not to mention its very obvious that “10 commandments” has nothing to do and are actually incompatible with the jews. Do you know a jew that would not kill, steal, lie all the time, and do all things that “10 commandments” forbid? Their role models – abraham, moses, david, solomon, jewsus christ, muhammad and their kikelord – did nothing but break these laws all their lives.

So I decided to check what exactly verses are contained in the Ark of Covenant so that I might understand what exactly is “the Covenant”.

So I post them here for those who are interested in WHAT EXACTLY JEWISH GOD YAHWE / JEHOVAH / ALLAH ITSELF CALLS A \*COVENANT\*

#### **[Exodus 34:1-27]**

*1 And the LORD said unto Moses, hew thee two tables of stone like unto the first: and I will write upon these tables the words that were in the first tables, which thou brakest...*

*4 And he [Moses] hewed two tables of stone like unto the first; and Moses rose up early in the morning, and went up unto mount Sinai, as the LORD had commanded him, and took in his hand the two tables of stone...*

*10 And he [jehovah] said, **Behold, I make a covenant** before all thy people I will do marvels, such as have not been done in all the earth, nor in any nation: and all the people among which thou art shall see the work of the LORD: for it is a terrible thing that I will do with thee.*

*11 Observe thou that which I command thee this day: behold, I drive out before thee the Amorite, and the Canaanite, and the Hittite, and the Perizzite, and the Hivite, and the Jebusite.*

*12 Take heed to thyself, lest thou make a covenant with the inhabitants of the land whither thou goest, lest it be for a snare in the midst of thee:*

*13 But ye shall destroy their altars, break their images, and cut down their groves:*

*14 For thou shalt worship no other god: for the LORD, whose name is Jealous, is a jealous God:*

*15 Lest thou make a covenant with the inhabitants of the land, and they go a whoring after their gods, and do sacrifice unto their gods, and one call thee, and thou eat of his sacrifice;*

16 And thou take of their daughters unto thy sons, and their daughters go a whoring after their gods, and make thy sons go a whoring after their gods.

17 Thou shalt make thee no molten gods.

18 The feast of unleavened bread shalt thou keep. Seven days thou shalt eat unleavened bread, as I commanded thee, in the time of the month Abib: for in the month Abib thou camest out from Egypt.

19 All that openeth the matrix is mine; and every firstling among thy cattle, whether ox or sheep, that is male.

20 But the firstling of an ass thou shalt redeem with a lamb: and if thou redeem him not, then shalt thou break his neck. All the firstborn of thy sons thou shalt redeem. And none shall appear before me empty.

21 Six days thou shalt work, but on the seventh day thou shalt rest: in earing time and in harvest thou shalt rest.

22 And thou shalt observe the feast of weeks, of the firstfruits of wheat harvest, and the feast of ingathering at the year's end.

23 Thrice in the year shall all your menchildren appear before the LORD God, the God of Israel.

24 For I will cast out the nations before thee, and enlarge thy borders: neither shall any man desire thy land, when thou shalt go up to appear before the LORD thy God thrice in the year.

25 Thou shalt not offer the blood of my sacrifice with leaven; neither shall the sacrifice of the feast of the passover be left unto the morning.

26 The first of the first fruits of thy land thou shalt bring unto the house of the LORD thy God. Thou shalt not seethe a kid in his mother's milk.

27 And the LORD said unto Moses, **write thou these words: for after the tenor of these words I have made a covenant with thee and with Israel**

**[Exodus 34:1-27]**

19-20 – human blood sacrifice

11-13 and 24 is Gentile [White according their artefacts] genocide and blotting our Gentile White Culture and religion as a reward for blood sacrifice.

THIS is what is a \*COVENANT\* according the jewish god.

And this Deuteronomy injection of corrupted Babylonian Code which is blatantly very out of context there, does not change the message, because it proceeds with the red text above, and the ark is called “the Ark of Covenant between people of Israel and god of Israel”, not “the Ark of stolen Babylonian Code”.

The Ark is symbolically in Kaaba and the red text above is in the Ark. This means that The Black Cube Kaaba not only receives the same message as tefillin from 2 billion mudslimes 5 times a day, but actually itself contains it. Kaaba IS tefillin.

And now we came to the core.

The dimensions of the “kingdom of god” are 1,500 miles wide by 1,500 miles long and 1,500 miles high. It’s a giant cube (Rev. 21:16).

1+5=6

Solomon laid out the Most Holy Place of his temple to be 30 feet X 30 feet X 30 feet, a perfect cube, separated from the temple's Holy Place by a curtain (2 Chronicles 3)

The tabernacle (also known as the Tent of Meeting) also had a cube-shaped room, 15' X 15' X 15', exactly half the scale of Solomon's room.

1+5=6

A small temple of the Hermetic Order of the Golden Dawn

Rooms for blood sacrifice in jewish synagogues and xian temples, altars, prestols, mosque square cubes, tefillins, church cornerstones, Thelema, Golden Dawn, Illuminati... are united by one only thing – ~~the Cube~~ the jewish religion.

We know that number 6 is Saturn vibration. New Agers try to pass 7 as a number of Saturn connected to loneliness, isolation, wisdom etc., while 6 as a number of Venus, connecting it to balance, harmony and other traits of Venus. But Nature has another opinion. 7 is a number of perfection, we have 7 central chakras, our body is connected to number 7, not to number 6. 7<sup>th</sup> house in our chart is connected to partnership and relationship with others, while 6<sup>th</sup> house is connected to labour and health [problems usually]. Here is a proof provided by Nature Herself that 6 is a number of Saturn:

The Kaaba At Mecca - IS - The North Pole Of Saturn

<https://www.youtube.com/watch?v=lwU6bacB7SE>

In 2007 NASA first noticed a large rotating hexagon circling the north pole of Saturn.

NASA's Kevin Baines says, "This is a very strange feature, lying in a precise geometric fashion with six nearly equally straight sides. We've never seen anything like this on any other planet. Indeed, Saturn's thick atmosphere (where circularly-shaped waves dominate) is perhaps the LAST place you'd expect to see such a six-sided geometric figure – yet there it is."

A hexagon is six-sided and thus a visible symbol of the number 6.

This strange hexagon, according to NASA, is 60 miles thick (deep) and an astonishing 15,000 miles wide. [1+5=6]

*Black Cube: The black cube is symbolic of Saturn because of occult beliefs in its symbolizing the three dimensional world we live in as a symbol for matter. One of the oddest things surrounding Saturn worship is the observance the NASA Voyager and Cassini missions made when they were taking photos of the poles of Saturn. There is an unexplained hexagon shaped vortex storm on the north pole of Saturn that you can see in the public domain. A hexagon is actually a flattened out cube when viewed at it three dimensionally, so I find it odd that the ancient occult practices*

*somehow knew this and worshipped it before the photographs were taken.*

- Johannes Kepler showed us Saturn's cubic traits in *Mysterium Cosmographicum* when he likened the planetary orbit to this shape (from *The Hellenistic and Alexandrian Influences on Johannes' Kepler Work*)

From the knowledge that Joy of Satan clergy provided us with, we know that hexagram as a 6<sup>th</sup> pointed star is connecting us to the energy of Saturn. Jews has their MerKaBa designed as 6<sup>th</sup> pointed Star, which can be found on the flag of Israel and all around the net if you type "MerKaBa". While we, Gentiles have different MerKaBa - designed as an 8<sup>th</sup> pointed Star which is based on Octahedron; Octahedron being one of the most important natural shape, found in crystals such as adamant, and is a Gentile Racial Soul...

"MerKaVah" aka "a wheel inside of a wheel" spinning in different directions is mentioned in the Book of Ezekiel chapter 1 in description of how Ezekiel ascended to the "throne of god". "Throne of god" obviously being jewish godhead. Merkavah in Hebrew means "chariot" and is very much stolen from Tarot. Ezekiel's description of it very much resembles the left picture below: its base structure was composed of "four beings" and thus formed a square:

Jewish MerKaBa

Hexagon on Saturn is Cube in 2D

Three-dimensional jewish MerKaBa [on the left] consists of 2 tetrahedrons put inside one another pointed in different directions, thus having the same look like 6-pointed star in 2-dimensional space. It is a 3-dimensional version of the “Star of David” from Israeli flag. It perfectly forms a cube, because cube is also three-dimensional, because it also has 8 points and 6 faces, and its 6 faces gives 3 measures that symbolize 3-dimensional space. Thus we can say that Cube is convex (Platonic Solid) form for the Star of David:

Now look here:

Star of Astaroth

Octahedron

8 faces of Octahedron give 4 measures symbolizing 4-dimensional space. Thus it can't be restricted by three-dimensional Cube like 3D MerKaBa.

This makes one missing link, mystery X, ready to be solved. While Eight-pointed Star is based on Octahedron; Octahedron being Gentile Racial Soul. Is it not just logically to assume that if Hexagram/Hexagon [we see in Saturn's North Pole] is based on HEXAHEDRON and jewish MerKaBa forming a HEXAHEDRON [no wonder then why they link Saturn to Cube]; and HEXAHEDRON being CUBE; that a CUBE is so important for kikes and is considered "holy of holies" of all their mysteries, religions and everything, because... **Cube** as well as 3D MerKaBa **is a form of JEWISH racial soul?**

"Holy of Holies" for any person is his/her soul. Death of the body or anything else can be fixed. Death of the soul can't – it's an ultimate death. There is only one thing holier than your own soul... the Racial one. Because, according the laws of Nature, your Race is the only thing that is holier to you than yourself.

"City Satana is near the district called Khandesh (Land of Cain). There is also a Kodesh. Kod and Khad are Sanskrit terms for "First," "The Beginning," or "God."

Cube is where jewish g-d started its creation from. The cornerstone of creation.

"In the beginning was the Word, and the Word was with god, and the WORD WAS GOD"

Sometimes it is not Gods who create their Peoples, but it is Peoples who create their Gods. The truth is that the jew is not a Creation in bible... The jew is a Creator! The "word" which was in the beginning and which was a "god" is just a word of power, used by jewish black magician to create a "G.O.D." thoughtform, described in Exposing Christianity and Luciferian Liberation Front websites. In the very beginning of jehovah's "career" it was

just a word, stolen, corrupted and clayed up out of different Pagan deities such as Jova, Jovis [Jupiter] Yahveh / Yahva [Vedic deity] etc. Jew black magician is the one to whom credit goes. "Jehovah / yahveh / allah" is just a thoughtform servitor and must be grateful. Its normal practice for a mage to have servitors:

[http://www.angelfire.com/empire/serpentis666/Advanced\\_Thoughtforms.html](http://www.angelfire.com/empire/serpentis666/Advanced_Thoughtforms.html)

"Give the servitor a name. This name should be unique and unusual because just saying the name either aloud or in your mind will immediately summon the servitor"

-High Priestess Maxine Dietrich

That's why "In the beginning [there was only] a word".

The Jewish "god" calls itself a "we" in all Jewish writings and is known as Elohim / Eloahim which is Hebrew plural to elah / eloah i.e. allah [stolen El-Lah]. El means both "Light" and "Power". Because in the Ancient World Light was considered spiritual Power. The Jewish "god" does not exist— Jewish "god" is only its names. Spiritual Power has to be first put into them, then only they start work.

That's why the Creation began from the Cube.

According to the sages of the Talmud (Tractate Yoma 54b.) it was from this rock that the world was created, itself being the first part of the Earth to come into existence. In the words of the Zohar: "The world was not created until God took a stone called Even haShetiya and threw it into the depths where it was fixed from above till below, and from it the world expanded. It is the centre point of the world and on this spot stood the Holy of Holies" (Vayechi 1:231).

Magic starts from the soul. No wonder kike magic started from a "cube".

From the book *The Alef-beit: Jewish Thought Revealed Through the Hebrew Letters*

By Yits a Ginzburg, Avraham Arie Trugman, Moshe Yaakov Wisnefsky:

*"In Sefer Yetzirah we are taught that the 12 pillars of Creation, referred to as the "twelve diagonally inclined borders" correspond to the twelve peripheral lines of an ever expanding cube (universe) from an initial single point of tzimtzum".*

This is where their Jewish Big Bang crap came out 15 billion years ago [1+5=6]. They just changed the Xian version on Sefer Yetzirah one.

Cornerstone is traditionally depicted as cube. and Jesus Christ called himself a Cornerstone. Jesus Christ being depicted in both Quran and Book of Revelation as the same thing as Jewish "adam" – the "firstborn" [Sanskrit "khad" from which Hebrew "kodesh" was stolen to name the cube], "first and the last". Kodesh HaKodashim. Jesus Christ represents the Jewish soul.

Now let's remember the human blood sacrifice.

Either human blood is shed in a cubic room on a cubic altar; or symbols of human flesh and blood are kept on a cube; or worshipers send their prayers about blood sacrifice to a cube; or really or symbolically keep torah verses about blood sacrifice, written on paper, inside these cubes; anyway Gentile blood is shed over, inside or on the cube; really or symbolically.

If there always have to be rivers of Gentile blood [“milk and honey?”] inside the jewish racial soul [a “kingdom of god”], which makes it paradise, it means that “kingdom of god” / jewish racial soul \*runs\* on Gentile blood like a car goes on fuel.

They call us “cattle” so any claim that “jews have no human sacrifice because they mention cattle”; is fake. Also in English version they state it openly:

22:28 You shall not put off the skimming of the first yield of your vats. **You shall give Me the firstborn among your sons**

22:29 [2+2+2+9=15=6] **You shall do the same with your cattle and your flocks** seven days it shall remain with its mother; on the eighth day you shall give it to Me.

You see? They are obliged to do to humans the same thing they do to cattle. And cattle they murder. Then...

15 [1+5=6] *And it came to pass, when Pharaoh would hardly let us go, that the LORD slew all the firstborn in the land of Egypt, both the firstborn of man, and the firstborn of beast: therefore, I sacrifice to the LORD all that openeth the matrix, being males; but all the firstborn of my children I redeem* “The Jews are human beings, but the goyim (Gentiles) are not human beings; they are only beasts.”—Baba Mezia 114a-114b

Their god demands Gentile blood to redeem jewish blood. THIS is the message of bible: Perfect Cube of jewish kingdom on Earth has a price. This price is the thing that is hoiler to you than your own soul – your Race.

The choice between Octahedron and Hexahedron is yours.

## Hexahedron – White Death of Islam

*"God made the stone under Abraham's feet into something like clay so that his feet sunk into it. That was a miracle. It was transmitted on the authority of Abu Ja'far al-Baqir (may peace be upon him) that he said: Three stones were sent down from the Garden: the Station of Abraham, the rock of the children of Israel, and the Black Stone, which God entrusted Abraham with as a white stone. It was whiter than paper, but became black from the sins of the children of Adam." (The Hajj, F.E. Peters 1996)*

Once I wanted to explore what actually is black cube, why cube. And I discovered some very interesting revealing points first one being torah verses put into black cube.

Cube [any cube] for jews is a 'Holy of Holies" or "Q eš HaQ šîm". As I discovered for myself, all Abrahamic religion, architecture (built by xians, mudslimes on basements stolen from our Ancestors), anything connected to their cult, is constructed in cubic or hexahedral forms or in any way connected to cube or hexagram based on cube (further will be explained in more details). According common knowledge jews wear on arm and forehead tefillin, also known as phylacteries, a black cube with torah verses inside it. I wondered what exactly verses those were to be put so much energies into and whether they were somehow connected to those mudslimes send 5 times a day to their version of "Q eš HaQ šîm" in Mecca.

Two from Exodus and two from Deuteronomy. All united by the mention of black cube to carry them there. First ones demanding human and animal sacrifice and second ones concentrating on "promised land of milk and honey" thus creating a link: they give g-d blood – it gives them back land of milk and honey. In more detail, Exodus quote is where Moses is out of Egypt Egyptian human and animal firstborns being genocided and Egyptian army – drowned in sea. And g-d tells him that in memory of this genocide of Egypt, all jews should kill young animal and Gentile males to give them to g-d to redeem their own children. This redeeming tradition is preserved in islam as well: every new born muslim must be repaid with blood – either of an animal or of a non-muslim.

The sacrifice of one [non-jewish] firstborn for another [jewish] firstborn is very deeply ingrained jewish legend and goes way back to the jewish myth of creation in pre-biblical jewish writings, actually it goes back to The War in Heaven. The "Firstborn" was originally a title of Satan in pre-jewish Ancient World, meaning The First One Who Did Magnum Opus. Later stolen by muslim adam and xian jewsus christ [earlier versions – also adam, who is jewsus christ; adam and mahdi/mashiah/messiah being the same] Other Satan's titles such as "The Morning Star", "The God of Spirits"

were as well stolen by kike jewsus and its father. While “Son of God” title and idea it stole from White Race who are descendants of Satan, thus literal Children of God.

See in more detail:

[The “Firstborn” – the one Satan / Iblis refused to prostrate before – not the “Adam” but the Jewish messiah Jesus Christ.](#)

and

[White genocide detailed:](#)

All 4 verses more or less create this link between two topics (blood sacrifice and promised land), and we know that the “promised land” for jews is all planet Earth. Actually this means that they consider human and animal blood sacrifice enough to generate for them in certain period of time the needed amount of energy to rule the Earth.

Jews wear black cubes every time they pray 3 times a day. Rabbits can wear it all the time or the time they spend exploring torah. Torah is all about Gentile White genocides and blood sacrifice, promised lands and victories of Israel. While the main prayers they resite 3 times a day are all concentrated on coming of mashiah / second coming of jesus christ. This is where the energies of tefillin goes.

Now about 2 billion muslims in the world are daily, 5 times a day sending their energies to the Black Cube of Mecca. Not only this Cube is physically worshiped by tens of millions religious fanatics yearly; but 2 billion muslims in the world of 7 Earth population is worshiping it day and night throughout their lifetime. Also, being a stolen fallic Pagan Temple, Kaaba is located on a cross of powerful Ley Lines. So you can imagine energy vortex of what kind of monstrous proportions is generated there.

No wonder I was interested what exactly is the sense of what they resite 5 times a day, which this vortex is created for. Might it be that they send to Kaaba the same verses of torah that kikes wear on their arms and foreheads?

From what I see basically muslim prayer is:

- self-humiliation over mudgod (all muslim prayers without preservation),
- curse against Satan, White Race and all non-muslim Gentiles (Al-Fatiha), and...
- amazing, but blood sacrifice (Al-Kawthar). Here also.

While kikes concentrate on memorizing torahic Gentile genocides [Egyptians and tribes around them, ruled predominantly by Whites]; mudslime obligatory minimum they must resite 5 times a day despite of circumstances throughout lifetime [I do not mention here optional prayers], curse Satan and “disbelievers” [a code word for Gentile humanity]. Example is phrase, which is the worst blasphemy I ever saw, obligatory resited before Al-Fatiha (which itself is an obligatory) where they mention stone beating. Since Satan’s blood is in all Gentiles and “Satan” is a normal term the inventors of quran call all Gentiles... it means that according quran every Gentile is required to curse themselves 5 times of every single day of their lifetime to be beaten by stones.

Now, this so underestimated thing as blood sacrifice, which is so looked down by atheistic useful idiots as “just a savage jungle practice with no sense”. While it IS savage and jungle, it was not invented by savages and jungles, instead very prolific occultists, who understood how to use energy gained by this. Surat #108, Al-Kawthar, which is obligatory in 1<sup>st</sup> Rakaat of night Salat [thus is performed every single night by 2 billion] literally says that since mudgod is going to give all muds “the Pond of Abundance” also known as “Al-Kawthar”, “the river of milk and honey”, during Last Judgment; all muds have to commit blood sacrifice to get this done. Seems that the liquid for this river is Gentile blood.

Actually both jews and mudslimes empower the same things:

1. blood sacrifice;
2. “land of milk and honey” as a result of blood sacrifice, or better say, the river of Gentile blood which is “milk and honey” for kikes;
3. And self- [for mudslimes] / Gentile- [for kikes] humiliation, as well as curse on our Creator God and all Gentile Humanity.

Just one puts it in the way of a master, and another – in the way of a slave. Sense being the same as in kike tefillin: you give me their blood; I turn it into milk and honey for you. This delicious cannibalism would be better appreciated by christians...

If we look on the main xian sacrements, we will recognize the same pattern: they worship dead body of human blood sacrifice on the cross, slaughtered by pearcing according jewish tradition, blood being gathered. And eat all this with great pleasure.

The same message related to the Cube is one thing. The second thing is the same architecture, i.e. cube everywhere.

It is not just Meccan Kaaba that is a Cube. you may notice cubes all around Abrahamic religions with all their sacrements. For example, in synagogue they have a room known as “Holy of Holies”. This term is known to nowadays only in respect to Abrahamic religions though it was, as usual, stolen from Sanskrit.

"In the upper left-hand corner is the city of Satana. According to the legends of the Yadavas (Indo-Hebrews), Satana would have made the folks in Sodom and Gomorah envious. The Seunas [Zion] and the Satanas decided to resolve their moral and religious differences on the battlefield. The forces of "Satan" lost, but their defeat didn't dishearten them. Eventually, we came to think of "Satan" as a being who lost the battle but not the war. The bible tells us that such a peace treaty hasn't yet been signed between these two ancient enemies.

In that part of India, the holiest of holies for the Indians, the names of many towns end in the appendage gaon. In Hebrew, gaon means "genius; great rabbinical scholar." Also in this region is an area that was once the favorite of Yadava royalty: Nashik, the exact Hebrew name for "Royal Prince." Satana is near the district called Khandesh (Land of Cain). There is also a Kodesh. Kod and Khad are Sanskrit terms for "First," "The Beginning," or "God."

Inner room of synogogue serves only for the jewish ritual murder which is human and animal blood sacrifice. And no one is permitted there except the murderer. It has a form of a cube: according scripture, god demands it to be 10 X 10 X 10 cubits. And inside this room, besides the Ark of Covenant [which will be mentioned in more detail further] is an altar, which is also a cube. This alter is that very place, where the jewish god demands Gentile human beings to be pierced to death by needles in three days' torture, their blood - carefully collected into vessels and drunk later by the murderers. Same goes for animals, if jews can't find a Gentile. Basically "Holy of Holies" is a place of human death, suffering and great emotional a

( ):

Basically “Holy of Holies” is a place of human death, suffering and great emotional and physical pain for several thousands years.

inner structure of synagogue

You see altar everywhere being cubic, inner room being also cubic. Cube is where jewish g-d started its creation from. The cornerstone of creation. "In the beginning there was a word" ... this also will be discussed later, after we come to what actually is a cube.

Now. It is not a dead kike with stolen Pagan name on a stolen inverted Pagan cross that makes stolen Pagan Temple christian... Neither virgin bitch, nor the rest of jewish fairy tale's pictures and statues around the Temple that make Temple christian - NO. there is smth that actually turns stolen Pagan Temple into... jewish synagogue (because all xian temples were stolen from Paganism and corrupted into becoming jewish synogogues) – the cubic inner room. Xian temple has it also.

"Christian Nazi", you will be amazed, but your "altar room" is nothing but the inner room of synagogue ideally equipped for human blood sacrifice: it has cubic altar [in Russian Orthodox church there is also cubic "throne" or "pre stol" in Russian], Ark of Covenant, jewish candle holder; and it perfectly reminds Black Cube Kaaba.

Sanctuary of the Holy Transfiguration Cathedral, Valaam Monastery. The Antimension is open on the Holy Table (altar) for the bishop's visit. At the rear is the Kathedra (bishop's throne).

Inner structure of the altar room of Russian Orthodox church

They call it “prestol” while the “altar” is standing aside, they are both cubic. They are the same as Kaaba, as tefillin, as cube altar which rabbies torture our babies on etc. They place body parts of “martyrs” in prestol. Early xian churches were traditionally built on the alleged martyrs’ graves whose body parts were located on prestol cube, symbolizing martyrdom of Gentile humanity for the jewish g-d.

All xian mass / liturgy is concentrated around blood human sacrifice and in the culmination of it, faithful are fed with jewsus’ ‘blood and flesh’ – a holy act of cannibalism. These products are red / rosy in color reminding of blood and are kept on the “altar” cube until being fed to public.

The point of both presto and altar is that human being must be murdered on a cube according jewish ritual murder tradition.

Xian alter cube, on it jewsus' "flesh and blood" are located till they are fed to puclic: blood in the altar chalice covered with silk, flesh in the plate near it.

In islam also, its not just Kaaba that is a Cube. Mudslimes stole a lot of such fallic Pagan Temples to pervert them into jewish synagogues, forgotten Cubes of Yemen is an example.

The Great Mosque of Ghamadan, a.k.a the not-so-famous "Kaaba of Sana'a", in the Yemeni Capital. This city predates Mecca by around 1,000 years.

This means that kikes stole Pagan fallic symbols for their ritual human blood sacrifice cube long before they invented “muhammad” character and the rest of the story.

Now there is smth I wish to mention regarding The Ark of Covenant. I mention it because the Ark of Covenant is traditionally kept inside the Cubic room for blood sacrifice in synagogues, xian temples and... Black Cube Kaaba.

Below is is the plan of the Ka'ba in Mecca, the small box shaped room that Muslims must walk around several times at least once in their lives. Notice the 'Babut Taubah' in the bottom right hand corner. This is where is the traditional place for jewish Ark of Covenant in jewish synagogue inner room.

Verily! The sign of His Kingdom is that there shall come to you At-Tabut  
[Koran:248]

'Tabut' means “wooden box”.

The truth is Black Cube Kaaba is designed inside to represent The Holy of Holies / inner Cubic room of synagogue where human blood is shed; while synagogue / Temple of Solomon itself symbolically being represented by all Mosque of Mecca. And as well as tefillin, Ark of Covenant contains some verses.

But the fact is the verses it contains are very much different to what random xian / mudslime / “goyim judaists” believe them to be. Namely the torah scriptures with some “Covenant”. There is a very popular misconception that they are “10 commandments” which they are NOT.

The “10 commandments” fable was stolen from Code of Hammurabi, thus has nothing to do with Judaism, as was in detail exposed in this page of Exposing Christianity website:

[https://web.archive.org/web/20150504205906/http://see\\_the\\_truth.webs.com/Old%20Testament.html](https://web.archive.org/web/20150504205906/http://see_the_truth.webs.com/Old%20Testament.html)

According of jewish [biblical/quranic] legend of The Ark of Covenant, it is gone and will only be revealed by messiah/mahdi during the “the Last Judgment”, thus is a part of messianic apocalyptic jewish narrative. It also contains Leviathan – the jewish Kundalini Serpent, aka “Aaron’s rod” [“aaron” means “covenant”], “manna” etc. completely jewish things. From the very beginning I felt very strange that in The Ark of Covenant between jews and their racial god, which is to be revealed by jewish mashiah, together with jewish Kundalini Serpent and the rest of jewish sacraments, somehow lies a stolen Babylonian Code.

Not to mention its very obvious that “10 commandments” has nothing to do and are actually incompatible with the jews. Do you know a jew that would not kill, steal, lie all the time, and do all things that “10 commandments” forbid? Their role models – abraham, moses, david, solomon, jewsus christ, muhammad and their kikelord – did nothing but break these laws all their lives.

So I decided to check what exactly verses are contained in the Ark of Covenant so that I might understand what exactly is “the Covenant”.

So I post them here for those who are interested in WHAT EXACTLY JEWISH GOD YAHWE / JEHOVAH / ALLAH ITSELF CALLS A \*COVENANT\*

#### **[Exodus 34:1-27]**

*1 And the LORD said unto Moses, hew thee two tables of stone like unto the first: and I will write upon these tables the words that were in the first tables, which thou brakest...*

*4 And he [Moses] hewed two tables of stone like unto the first; and Moses rose up early in the morning, and went up unto mount Sinai, as the LORD had commanded him, and took in his hand the two tables of stone...*

*10 And he [jehovah] said, **Behold, I make a covenant** before all thy people I will do marvels, such as have not been done in all the earth, nor in any nation: and all the people among which thou art shall see the work of the LORD: for it is a terrible thing that I will do with thee.*

*11 Observe thou that which I command thee this day: behold, I drive out before thee the Amorite, and the Canaanite, and the Hittite, and the Perizzite, and the Hivite, and the Jebusite.*

*12 Take heed to thyself, lest thou make a covenant with the inhabitants of the land whither thou goest, lest it be for a snare in the midst of thee:*

*13 But ye shall destroy their altars, break their images, and cut down their groves:*

*14 For thou shalt worship no other god: for the LORD, whose name is Jealous, is a jealous God:*

*15 Lest thou make a covenant with the inhabitants of the land, and they go a whoring after their gods, and do sacrifice unto their gods, and one call thee, and thou eat of his sacrifice;*

16 And thou take of their daughters unto thy sons, and their daughters go a whoring after their gods, and make thy sons go a whoring after their gods.

17 Thou shalt make thee no molten gods.

18 The feast of unleavened bread shalt thou keep. Seven days thou shalt eat unleavened bread, as I commanded thee, in the time of the month Abib: for in the month Abib thou camest out from Egypt.

19 All that openeth the matrix is mine; and every firstling among thy cattle, whether ox or sheep, that is male.

20 But the firstling of an ass thou shalt redeem with a lamb: and if thou redeem him not, then shalt thou break his neck. All the firstborn of thy sons thou shalt redeem. And none shall appear before me empty.

21 Six days thou shalt work, but on the seventh day thou shalt rest: in earing time and in harvest thou shalt rest.

22 And thou shalt observe the feast of weeks, of the firstfruits of wheat harvest, and the feast of ingathering at the year's end.

23 Thrice in the year shall all your menchildren appear before the LORD God, the God of Israel.

24 For I will cast out the nations before thee, and enlarge thy borders: neither shall any man desire thy land, when thou shalt go up to appear before the LORD thy God thrice in the year.

25 Thou shalt not offer the blood of my sacrifice with leaven; neither shall the sacrifice of the feast of the passover be left unto the morning.

26 The first of the first fruits of thy land thou shalt bring unto the house of the LORD thy God. Thou shalt not seethe a kid in his mother's milk.

27 And the LORD said unto Moses, **write thou these words: for after the tenor of these words I have made a covenant with thee and with Israel**

**[Exodus 34:1-27]**

19-20 – human blood sacrifice

11-13 and 24 is Gentile [White according their artefacts] genocide and blotting our Gentile White Culture and religion as a reward for blood sacrifice.

THIS is what is a \*COVENANT\* according the jewish god.

And this Deuteronomy injection of corrupted Babylonian Code which is blatantly very out of context there, does not change the message, because it proceeds with the red text above, and the ark is called “the Ark of Covenant between people of Israel and god of Israel”, not “the Ark of stolen Babylonian Code”.

The Ark is symbolically in Kaaba and the red text above is in the Ark. This means that The Black Cube Kaaba not only receives the same message as tefillin from 2 billion mudslimes 5 times a day, but actually itself contains it. Kaaba IS tefillin.

And now we came to the core.

The dimensions of the “kingdom of god” are 1,500 miles wide by 1,500 miles long and 1,500 miles high. It’s a giant cube (Rev. 21:16).

1+5=6

Solomon laid out the Most Holy Place of his temple to be 30 feet X 30 feet X 30 feet, a perfect cube, separated from the temple's Holy Place by a curtain (2 Chronicles 3)

The tabernacle (also known as the Tent of Meeting) also had a cube-shaped room, 15' X 15' X 15', exactly half the scale of Solomon's room.

1+5=6

A small temple of the Hermetic Order of the Golden Dawn

Rooms for blood sacrifice in jewish synagogues and xian temples, altars, prestols, mosque square cubes, tefillins, church cornerstones, Thelema, Golden Dawn, Illuminati... are united by one only thing – ~~the Cube~~ the jewish religion.

We know that number 6 is Saturn vibration. New Agers try to pass 7 as a number of Saturn connected to loneliness, isolation, wisdom etc., while 6 as a number of Venus, connecting it to balance, harmony and other traits of Venus. But Nature has another opinion. 7 is a number of perfection, we have 7 central chakras, our body is connected to number 7, not to number 6. 7<sup>th</sup> house in our chart is connected to partnership and relationship with others, while 6<sup>th</sup> house is connected to labour and health [problems usually]. Here is a proof provided by Nature Herself that 6 is a number of Saturn:

The Kaaba At Mecca - IS - The North Pole Of Saturn

<https://www.youtube.com/watch?v=lwU6bacB7SE>

In 2007 NASA first noticed a large rotating hexagon circling the north pole of Saturn.

NASA's Kevin Baines says, "This is a very strange feature, lying in a precise geometric fashion with six nearly equally straight sides. We've never seen anything like this on any other planet. Indeed, Saturn's thick atmosphere (where circularly-shaped waves dominate) is perhaps the LAST place you'd expect to see such a six-sided geometric figure – yet there it is."

A hexagon is six-sided and thus a visible symbol of the number 6.

This strange hexagon, according to NASA, is 60 miles thick (deep) and an astonishing 15,000 miles wide. [1+5=6]

*Black Cube: The black cube is symbolic of Saturn because of occult beliefs in its symbolizing the three dimensional world we live in as a symbol for matter. One of the oddest things surrounding Saturn worship is the observance the NASA Voyager and Cassini missions made when they were taking photos of the poles of Saturn. There is an unexplained hexagon shaped vortex storm on the north pole of Saturn that you can see in the public domain. A hexagon is actually a flattened out cube when viewed at it three dimensionally, so I find it odd that the ancient occult practices*

*somehow knew this and worshipped it before the photographs were taken.*

- Johannes Kepler showed us Saturn's cubic traits in *Mysterium Cosmographicum* when he likened the planetary orbit to this shape (from *The Hellenistic and Alexandrian Influences on Johannes' Kepler Work*)

From the knowledge that Joy of Satan clergy provided us with, we know that hexagram as a 6<sup>th</sup> pointed star is connecting us to the energy of Saturn. Jews has their MerKaBa designed as 6<sup>th</sup> pointed Star, which can be found on the flag of Israel and all around the net if you type "MerKaBa". While we, Gentiles have different MerKaBa - designed as an 8<sup>th</sup> pointed Star which is based on Octahedron; Octahedron being one of the most important natural shape, found in crystals such as adamant, and is a Gentile Racial Soul...

"MerKaVah" aka "a wheel inside of a wheel" spinning in different directions is mentioned in the Book of Ezekiel chapter 1 in description of how Ezekiel ascended to the "throne of god". "Throne of god" obviously being jewish godhead. Merkavah in Hebrew means "chariot" and is very much stolen from Tarot. Ezekiel's description of it very much resembles the left picture below: its base structure was composed of "four beings" and thus formed a square:

Jewish MerKaBa

Hexagon on Saturn is Cube in 2D

Three-dimensional jewish MerKaBa [on the left] consists of 2 tetrahedrons put inside one another pointed in different directions, thus having the same look like 6-pointed star in 2-dimensional space. It is a 3-dimensional version of the “Star of David” from Israeli flag. It perfectly forms a cube, because cube is also three-dimensional, because it also has 8 points and 6 faces, and its 6 faces gives 3 measures that symbolize 3-dimensional space. Thus we can say that Cube is convex (Platonic Solid) form for the Star of David:

Subject: The Elixir of Life and the Cup of Death

The New Age programs with the focus on the heart chakra and the hexagram will eventually result in disaster for those who believe the lies and meditate that way. The reason being, the love bombing tactics that weaken one's own common sense and logical and reasoning abilities that the Christian and related programs use to lower defenses and suck victims in, are focused on the heart chakra, which the enemy uses viciously. Now, I've already gone into how the heart chakra is neuter, but what victims are led to believe is another matter.

The power and focus should always be on the 666 solar/3rd chakra. In explaining why, one can see the common sense here.

The 666 chakra is at the navel, just slightly above, but ties directly into the navel. The navel is where the embryo first receives life and nourishment from the umbilical cord attached to the mother. This is where we were all first given life.

The 666 chakra is the most important chakra. We have our power there, we heal with it and much more. The 666 chakra also has its counterpart in the 6th chakra and the pineal gland. This is the basis and foundation for the Magnum Opus.

In advancing with meditations the correct way, one will often at some point experience a sweet, minty taste in one's mouth, especially following meditation. This lingers and is noticeable throughout the day, but becomes much stronger following meditation.

This is from the pineal gland and is the Nectar of Immortality. If you experience this, know you are meditating correctly.

Now, there is the "Cup of Poison." This results from those who are without following New Age meditations that focus on the heart chakra. Many report the metallic taste in the mouth. Hindus know about this "poison" and warn against swallowing it and advise to spit it out.

In the 1989 movie "Indiana Jones and the Last Crusade" a fictional account of this was the basis of the movie. Of course, Jewish Hollywood had Indiana Jones battling the Nazis; the Nazis also searching for the Grail.

Because the enemy could not completely destroy all spiritual knowledge, they corrupted much of it. Those who follow their programs will pay.

Our personal Demons are our Gurus. Demons are here for spiritual knowledge and to guide us.

In closing, I will be making ALL of the JoS sermons, webpages, Exposing Christianity, The Black Sun, etc, into audio for free download on Satan's Library. I will announce this when they are available.

I noticed on Google they had this image today. It really pissed me off because it's such a piece of subtle programming. With the "we're all equals" jew propaganda. I took a screenshot of it. And another of the REAL person they were referring to. It's a depiction of Amelia Earhart as a negro. The real Amelia was white and part German. I am so sick of this promote the negro to the detriment of the Aryan kind of shit. People who are ignorant of history will assume she was a negro...

Subject: my thoughts on the (jewish invented) term "racist"

im pretty certain many if not everyone here (and possibly the entire planet, but anyhow...) has heard the term "racist" at some point or another, i should know better than anyone how delusional an the uninitiated use this word, having grown up with xtian parents an deluded people nearly everywhere i went in my earlier years im quite aware both from general life experience an from spiritual awareness, advancement and also racial awareness how people uninitiated use this term. now back to the point an on subject here....

i personally and strongly feel the term "racist" is yet another jewish invented piece of rubbish an here's why: delusional people use this world refering to anything an everything in opposition of race mixing. so in simpler terms, people like me who want and work towards a better future for the white race or anyone working for the greater good of their own race would be called "racist" simply because of that. everyone here should know there is nothing negative or bad about wanting to be with your own race and work to advance it. i didn't actually think about this until more recently, but given the jews promote race mixing (which im strictly against and want to outlaw someday, even if i dont know how i'll do it at the present) its plainly obvious theyre the ones who invented that term an all related to it in the first place in order to further dilude and confuse the masses, make people more to oblivious to how toxic and disgusting race mixing really is having them so fondly believe its good when its really bad, destructive, toxic, etc (you get the idea).

i know all races are victims of race mixing, but from me personally i have no doubt the enemy aimed it at us whites most of all given what they know about the white race an so forth, their attempts to wipe us out, etc... im not saying other races aren't victimized by the jews; i am well aware the jews, in simpler terms, are the world's enemy, i know they target everyone (an from what ive studied, they prey even on their own.... talk about sick depraved savages at their worst).

the above paragraph is my personal thoughts on the subject, along with some observations ive made in my own time put together in one explanation (yes i know i dont write very good so sorry for that but did my best). my reason for writing this is specifically to help people who are newer and experiencing confusion regarding subject of racial importance an the related (if i said that right).

long story short as many more experienced know here, race mixing is used to destroy valuable life an civilization (hence the reason the term racist exists to begin with, the enemy does everything they can to dilude an confuse an this is only one of endless things they do to keep people blindfolded in general).

OMG!!!

This is mind blowing!

I can't quite connect all the dots yet but... I wanted to know exactly what is the one thing that SS have which joo /xions don't have? What is represented by all this that is our defining difference? What exactly is it that this joo black magician wants to keep for himself? Why use the cube [4] for their holies and the 6-pointed star [3] for their representation?

I may be stretching things and looking too deep. If I am or if I offend then please excuse me. If you can add something constructive then please do.

The 6-pointed star used by all joos represents the individuals. Three sides flipped once around to create their \*star\*. Two dimensional. View it from the side it's only a line. The Star of Astaroth is 4 sides evolving Within itself to create a 4-dimensional, 8-pointed star. Regardless of what direction you view it, it still has 8 points!

Three sides, 2 dimensions for the joo kiki. Four sides, 3 dimensions for their alters. None are 4- dimensional.

The blood. The soul. The race. The spiritual knowledge and power.

Two dimensional. Or 4 dimensional. You choose.

This goes to show what a privilege we have been given by Father Satan!

More RTRs!

Anyone care to add?

Basically “Holy of Holies” is a place of human death, suffering and great emotional and physical pain for several thousands years.

inner structure of synagogue

You see altar everywhere being cubic, inner room being also cubic. Cube is where jewish g-d started its creation from. The cornerstone of creation. "In the beginning there was a word" ... this also will be discussed later, after we come to what actually is a cube.

Now. It is not a dead kike with stolen Pagan name on a stolen inverted Pagan cross that makes stolen Pagan Temple christian... Neither virgin bitch, nor the rest of jewish fairy tale's pictures and statues around the Temple that make Temple christian - NO. there is smth that actually turns stolen Pagan Temple into... jewish synagogue (because all xian temples were stolen from Paganism and corrupted into becoming jewish synogogues) – the cubic inner room. Xian temple has it also.

"Christian Nazi", you will be amazed, but your "altar room" is nothing but the inner room of synagogue ideally equipped for human blood sacrifice: it has cubic altar [in Russian Orthodox church there is also cubic "throne" or "prestol" in Russian], Ark of Covenant, jewish candle holder; and it perfectly reminds Black Cube Kaaba.

Sanctuary of the Holy Transfiguration Cathedral, Valaam Monastery. The Antimension is open on the Holy Table (altar) for the bishop's visit. At the rear is the Kathedra (bishop's throne).

Inner structure of the altar room of Russian Orthodox church

They call it “prestol” while the “altar” is standing aside, they are both cubic. They are the same as Kaaba, as tefillin, as cube altar which rabbies torture our babies on etc. They place body parts of “martyrs” in prestol. Early xian churches were traditionally built on the alleged martyrs’ graves whose body parts were located on prestol cube, symbolizing martyrdom of Gentile humanity for the jewish g-d.

All xian mass / liturgy is concentrated around blood human sacrifice and in the culmination of it, faithful are fed with jewsus’ ‘blood and flesh’ – a holy act of cannibalism. These products are red / rosy in color reminding of blood and are kept on the “altar” cube until being fed to public.

The point of both presto and altar is that human being must be murdered on a cube according jewish ritual murder tradition.

Xian alter cube, on it jewsus' "flesh and blood" are located till they are fed to puclic: blood in the altar chalice covered with silk, flesh in the plate near it.

In islam also, its not just Kaaba that is a Cube. Mudslimes stole a lot of such fallic Pagan Temples to pervert them into jewish synagogues, forgotten Cubes of Yemen is an example.

The Great Mosque of Ghamadan, a.k.a the not-so-famous "Kaaba of Sana'a", in the Yemeni Capital. This city predates Mecca by around 1,000 years.

This means that kikes stole Pagan fallic symbols for their ritual human blood sacrifice cube long before they invented "muhammad" character and the rest of the story.

Now there is smth I wish to mention regarding The Ark of Covenant. I mention it because the Ark of Covenant is traditionally kept inside the Cubic room for blood sacrifice in synagogues, xian temples and... Black Cube Kaaba.

Below is is the plan of the Ka'ba in Mecca, the small box shaped room that Muslims must walk around several times at least once in their lives. Notice the 'Babut Taubah' in the bottom right hand corner. This is where is the traditional place for jewish Ark of Covenant in jewish synagogue inner room.

Verily! The sign of His Kingdom is that there shall come to you At-Tabut  
[Koran:248]

'Tabut' means "wooden box".

The truth is Black Cube Kaaba is designed inside to represent The Holy of Holies / inner Cubic room of synagogue where human blood is shed; while synagogue / Temple of Solomon itself symbolically being represented by all Mosque of Mecca. And as well as tefillin, Ark of Covenant contains some verses.

But the fact is the verses it contains are very much different to what random xian / mudslime / "goyim judaists" believe them to be. Namely the torah scriptures with some "Covenant". There is a very popular misconception that they are "10 commandments" which they are NOT.

The “10 commandments” fable was stolen from Code of Hammurabi, thus has nothing to do with Judaism, as was in detail exposed in this page of Exposing Christianity website:

[https://web.archive.org/web/20150504205906/http://see\\_the\\_truth.webs.com/Old%20Testament.html](https://web.archive.org/web/20150504205906/http://see_the_truth.webs.com/Old%20Testament.html)

According of jewish [biblical/quranic] legend of The Ark of Covenant, it is gone and will only be revealed by messiah/mahdi during the “the Last Judgment”, thus is a part of messianic apocalyptic jewish narrative. It also contains Leviathan – the jewish Kundalini Serpent, aka “Aaron’s rod” [“aaron” means “covenant”], “manna” etc. complitely jewish things. From the very beginning I felt very strange that in The Ark of Covenant between jews and their racial god, which is to be revealed by jewish mashiah, together with jewish Kundalini Serpent and the rest of jewish sacrements, somehow lies a stolen Babylonian Code.

Not to mention its very obvious that “10 commandments” has nothing to do and are actually incompatible with the jews. Do you know a jew that would not kill, steal, lie all the time, and do all things that “10 commandments” forbid? Their role models – abraham, mooses, david, solomon, jewsus christ, muhammad and their kikelord – did nothing but break these laws all their lives.

So I decided to check what exactly verses are contained in the Ark of Covenant so that I might understand what exactly is “the Covenant”.

So I post them here for those who are interested in WHAT EXACTLY JEWISH GOD YAHWE / JEHOVAH / ALLAH ITSELF CALLS A \*COVENANT\*

### **[Exodus 34:1-27]**

*1 And the LORD said unto Moses, hew thee two tables of stone like unto the first: and I will write upon these tables the words that were in the first tables, which thou brakest...*

*4 And he [Moses] hewed two tables of stone like unto the first; and Moses rose up early in the morning, and went up unto mount Sinai, as the LORD had commanded him, and took in his hand the two tables of stone...*

*10 And he [jehovah] said, **Behold, I make a covenant**: before all thy people I will do marvels, such as have not been done in all the earth, nor in any nation: and all the people among which thou art shall see the work of the LORD: for it is a terrible thing that I will do with thee.*

*11 Observe thou that which I command thee this day: behold, I drive out before thee the Amorite, and the Canaanite, and the Hittite, and the Perizzite, and the Hivite, and the Jebusite.*

*12 Take heed to thyself, lest thou make a covenant with the inhabitants of the land whither thou goest, lest it be for a snare in the midst of thee:*

*13 But ye shall destroy their altars, break their images, and cut down their groves:*

14 For thou shalt worship no other god: for the LORD, whose name is Jealous, is a jealous God:

15 Lest thou make a covenant with the inhabitants of the land, and they go a whoring after their gods, and do sacrifice unto their gods, and one call thee, and thou eat of his sacrifice;

16 And thou take of their daughters unto thy sons, and their daughters go a whoring after their gods, and make thy sons go a whoring after their gods.

17 Thou shalt make thee no molten gods.

18 The feast of unleavened bread shalt thou keep. Seven days thou shalt eat unleavened bread, as I commanded thee, in the time of the month Abib: for in the month Abib thou camest out from Egypt.

19 All that openeth the matrix is mine; and every firstling among thy cattle, whether ox or sheep, that is male.

20 But the firstling of an ass thou shalt redeem with a lamb: and if thou redeem him not, then shalt thou break his neck. All the firstborn of thy sons thou shalt redeem. And none shall appear before me empty.

21 Six days thou shalt work, but on the seventh day thou shalt rest: in earing time and in harvest thou shalt rest.

22 And thou shalt observe the feast of weeks, of the firstfruits of wheat harvest, and the feast of ingathering at the year's end.

23 Thrice in the year shall all your menchildren appear before the LORD God, the God of Israel.

24 For I will cast out the nations before thee, and enlarge thy borders: neither shall any man desire thy land, when thou shalt go up to appear before the LORD thy God thrice in the year.

25 Thou shalt not offer the blood of my sacrifice with leaven; neither shall the sacrifice of the feast of the passover be left unto the morning.

26 The first of the first fruits of thy land thou shalt bring unto the house of the LORD thy God. Thou shalt not seethe a kid in his mother's milk.

27 And the LORD said unto Moses, **write thou these words: for after the tenor of these words I have made a covenant with thee and with Israel**

**[Exodus 34:1-27]**

19-20 – human blood sacrifice

11-13 and 24 is Gentile [White according their artefacts] genocide and blotting our Gentile White Culture and religion as a reward for blood sacrifice.

THIS is what is a \*COVENANT\* according the jewish god.

And this Deuteronomy injection of corrupted Babylonian Code which is blatantly very out of context there, does not change the message, because it proceeds with the red text above, and the ark is called “the Ark of Covenant between people of Israel and god of Israel”, not “the Ark of stolen Babylonian Code”.

The Ark is symbolically in Kaaba and the red text above is in the Ark. This means that The Black Cube Kaaba not only receives the same message as tefillin from 2 billion mudslimes 5 times a day, but actually itself contains it. Kaaba IS tefillin.

And now we came to the core.

The dimensions of the “kingdom of god” are 1,500 miles wide by 1,500 miles long and 1,500 miles high. It’s a giant cube (Rev. 21:16).  
1+5=6

Solomon laid out the Most Holy Place of his temple to be 30 feet X 30 feet X 30 feet, a perfect cube, separated from the temple's Holy Place by a curtain (2 Chronicles 3)

The tabernacle (also known as the Tent of Meeting) also had a cube-shaped room, 15' X 15' X 15', exactly half the scale of Solomon's room.  
1+5=6

A small temple of the Hermetic Order of the Golden Dawn

Rooms for blood sacrifice in jewish synagogues and xian temples, altars, prestols, mosque square cubes, tefillins, church cornerstones, Thelema, Golden Dawn, Illuminati... are united by one only thing – ~~the Cube~~ the jewish religion.

We know that number 6 is Saturn vibration. New Agers try to pass 7 as a number of Saturn connected to loneliness, isolation, wisdom etc., while 6 as a number of Venus, connecting it to balance, harmony and other traits of Venus. But Nature has another opinion. 7 is a number of perfection, we have 7 central chakras, our body is connected to number 7, not to number 6. 7<sup>th</sup> house in our chart is connected to partnership and relationship with others, while 6<sup>th</sup> house is connected to labour and health [problems usually]. Here is a proof provided by Nature Herself that 6 is a number of Saturn:

The Kaaba At Mecca - IS - The North Pole Of Saturn  
<https://www.youtube.com/watch?v=lwU6bacB7SE>

In 2007 NASA first noticed a large rotating hexagon circling the north pole of Saturn.

NASA's Kevin Baines says, "This is a very strange feature, lying in a precise geometric fashion with six nearly equally straight sides. We've never seen anything like this on any other planet. Indeed, Saturn's thick atmosphere (where circularly-shaped waves dominate) is perhaps the LAST place you'd expect to see such a six-sided geometric figure – yet there it is."

A hexagon is six-sided and thus a visible symbol of the number 6.

This strange hexagon, according to NASA, is 60 miles thick (deep) and an astonishing 15,000 miles wide. [1+5=6]

*Black Cube: The black cube is symbolic of Saturn because of occult beliefs in its symbolizing the three dimensional world we live in as a symbol for matter. One of the oddest things surrounding Saturn worship is the observance the NASA Voyager and Cassini missions made when they were taking photos of the poles of Saturn. There is an unexplained hexagon shaped vortex storm on the*

*north pole of Saturn that you can see in the public domain. A hexagon is actually a flattened out cube when viewed at it three dimensionally, so I find it odd that the ancient occult practices somehow knew this and worshipped it before the photographs were taken.*  
- Johannes Kepler showed us Saturn's cubic traits in *Mysterium Cosmographicum* when he likened the planetary orbit to this shape (from *The Hellenistic and Alexandrian Influences on Johannes' Kepler Work*)

From the knowledge that Joy of Satan clergy provided us with, we know that hexagram as a 6<sup>th</sup> pointed star is connecting us to the energy of Saturn. Jews has their MerKaBa designed as 6<sup>th</sup> pointed Star, which can be found on the flag of Israel and all around the net if you type "MerKaBa". While we, Gentiles have different MerKaBa - designed as an 8<sup>th</sup> pointed Star which is based on Octahedron; Octahedron being one of the most important natural shape, found in crystals such as adamant, and is a Gentile Racial Soul...

"MerKaVah" aka "a wheel inside of a wheel" spinning in different directions is mentioned in the Book of Ezekiel chapter 1 in description of how Ezekiel ascended to the "throne of god". "Throne of god" obviously being jewish godhead. Merkavah in Hebrew means "chariot" and is very much stolen from Tarot. Ezekiel's description of it very much resembles the left picture below: its base structure was composed of "four beings" and thus formed a square:

## Jewish MerKaBa

## Hexagon on Saturn is Cube in 2D

Three-dimensional Jewish MerKaBa [on the left] consists of 2 tetrahedrons put inside one another pointed in different directions, thus having the same look like 6-pointed star in 2-dimensional space. It is a 3-dimensional version of the "Star of David" from Israeli flag. It perfectly forms a cube, because cube is also three-dimensional, because it also has 8 points and 6 faces, and its 6 faces give 3 measures that symbolize 3-dimensional space. Thus we can say that Cube is convex (Platonic Solid) form for the Star of David:

Subject: Re: On Race - Yeah Let's Move On!

I saw this post and there is something about it...the tenor, the feel...that raises the hairs on the back of my neck. Even the subject title: On race yeah, lets move on! This right there gave me pause. Lets move on? This is over with? On the surface this message feels as though it is designed to come across as some kind of positive affirmation that we as a race need to work together and yet...when I sense between the lines for the underlying message what I feel you are saying is: How boring you Goyim are, going on about your 'supposed' superiority as a race, I call you what I think you are: Goyim. 'white boy' What you need to do to beat us is to work together but...that won't happen! This is actually a message of mocking ridicule disguised as something that newbies might take as positive affirmation when it is the opposite, a curse disguised and discounting us as the Master Race. Which we actually ARE and this is not in any way 'boring' or 'over'.

You say the ineffable God of 'light and love'. This is a phrase that the enemy uses, especially in the Wiccan and New Age Communities... Light and LOVE. What about HATE? Light and love is watered down pablum that is designed to keep us in a slave mentality. We need our HATE. Hate is good. Hate is necessary. Without that hate and the urge to DO SOMETHING ABOUT IT, about the injustices, there can be no advancement, no freedom, no truth, only perpetual enslavement. Your message is actually mocking: "You stupid Goy! Yeah, just keep on! How BORING! World? What world? You gave it away!"

These are the words of the enemy. I'm not fooled and you won't fool anyone else here. Move on.

Hail Satan!

These kikes or kike-loving assholes keep coming back like fleas on a dog, so I use my job to get rid of them each and every time their poisonous weed grows back.

As a third sex male, I have witnessed how the Jewish people have trained the third sex men and women who they/the Jews have lured into their "LGBT community" fold like sheep, turn into police dogs who are trained to sniff for drugs. In this case, the "drug" is hate against the Jews and/or their colored slaves. These former third sex people who have been turned into malleable LGBT slaves of the Jews are only allowed to hate one thing... The WHITE Race and White Civilization.

Because of this, the LGBT sheep keep Sermon on the Mount Christianity flourishing, while opponents of the third sex keep traditional Evangelical Christianity flourishing. The aspects of Christianity that are inclusive and even encouraging of homosexuality are almost always the more liberal, leftist aspects of Christianity, while sects like Christian Identity and Pentecostalism teach that homosexuality is wrong. One aspect of Christianity isn't any better or worse than the other. It all has to be uprooted and thoroughly overcome.

Satanists who believe that homosexuality is "wrong" are allied with their Christian fundamentalist cousins, while the LGBT White liberals wear signs on their backs that say "Kick me, I'm White." This chaos is why Satan has made me a High Priest for our White Racial Religion, to restore order, to clean this shit up.

One thing I do know is that both Satan and the Anti-Christ approve of the third sex, provided that they are willing to come down from the Jewish "anesthesia buzz" of Liberalism. Homosexuality or heterosexuality are not "lifestyle choices." It is an eye color or which hand a person naturally uses. This isn't me being politically correct. This is factual, scientific, and based on the Laws of Satan and Nature herself. There are some people who choose their sexualities, but there are plenty of others who don't.

Satan once told me, face-to-face: "WE [WHITE ARYANS] ARE THE MASTER RACE, BUT WE DO NOT NEED SLAVES!!" That statement made a very profound impact on my life and my career as a High Priest of Satan and Adolf Hitler. Sorry for going off topic with the information about homosexuality. I watched two politically correct DVDs about homosexuality over the past couple nights, and I am still heated up over the stupidity. Even a High Priest needs to vent to his fellow family of White Satanists from time to time.

Zola is right. The Jews only reserve access to hatred in such a way that only the Jews and the mud races can tap into it in order to destroy Whitey. They know that when we successfully tap into this power and don't spend it on distractions or kill each other with it, that we can move mountains with it.

Subject: Re: On Race - Yeah Let's Move On!

I want to learn all I can about the LGBT. I know very little. My experience is that I was raised Xtian and they taught how bad it is. I know this is wrong now, but growing up I didnt.

Their teaching always seemed to be confirmed to me because LGBT people were always rude and hostile to me for no reason! This gave their jew teachings validity in the minds of many.

To be honest I've never met a normal 3rd sex person. They are hostile like above, or they decide to massacre their own bodies, and make it into swiss cheese or a graffiti wall. Their dress and makeup and short hair and everything accentuates their worst features and hides their best features. They are

usually mental unstable. They act like an agry old man.

This outward inverting of good and bad I assume takes place at the soul level as well. They are literally rotting away. I think they have been especially targeted by marxism to destroy them and make them do these terrible things.

Actually I had a friend growing up that was 3rd sex. She was the only relatively normal one. I'd seriously like to meet like a beautiful long hair aryan woman that's pretty and well dressed but is third sex. Then I'd befriend her and learn about what a normal person is like as 3rd sex. Or meet a gentile 3rd sex businessperson. I want to see an uncorrupted 3rd sex and find out how they are.

The thing that kills me is like I see here. The girls here start taking example from their friends and they pick up bad habits their friends have. Soon I will have the option to only date girls that are like an angry lumberjack with hair as short as mine.

Help me to understand where you come from. :)

This is why my first, second and last priority at the moment in terms of spiritual development is my skills with black magick. I am very pleased with the progress I have made, I have successfully brought about events using magick and have successfully carried out curses in the past but they took time. I now have a very clear aim in mind of the power I intend to have a and well thought out program of how to reach it and once I am there, I will go about destroying the enemies of our people one by one, even if I have to do it alone. We and the Gods will not allow the Jews a moments rest, we will come down so hard on them for what they have done. Israel will be reduced to debris.

Physical Yoga, Qiqong, Chakra vibrating, void meditation, visualization, working with the elements, introspection, empowering your aura, affirmations for the subconscious. There is always SOMETHING to be doing at every moment! Even at work you can void mediate by placing all your awareness on the moment. Push yourself as hard as you can everyday. Keep your homes and your lives well organized and always stay 100% on top of worldly commitments and chores so you have enough time for meditation and work on empowering yourself. It takes effort and willpower but it becomes easier the more you stick to it.

I spent 15 years in the LGBT community as a high profile entertainer and I can tell you from personal experience, I never met any community of people more wonderful, creative, artistic, advanced, spiritual, open, loving and just plain awesome! They took me to their bosom and loved me. And I loved them too. There is something very, VERY special about third sex people. They have an extra something. I can't put this into words, I can't explain it, its just something I experienced. They are amazing people with great gifts to offer to the rest of the Gentile Community. They may have been rude and hostile because back in the day, they were beaten up on sight and hated just for existing and the clubs where we could go and be ourselves was all underground and apart from a straight world who condemned. I was VERY rude and hostile back in the day. For good reason. I was stopped in the streets all the time and asked: Are you a man, or a woman?

I remember one night walking home with my roommate and we witnessed a couple of drag queens that I knew being assaulted by a couple of redneck men. One brandishing a baseball bat and the other a crowbar. So I got in there, got in between them, into the lead aggressors face and confronted him nose to nose. Told him off. I made him and the other man back down and fuck off. It made me so very angry! People should be allowed to be what they are. He had no right (as I explained to him). It is as HP JC says...this is not a 'lifestyle choice'. People are what they are, and they are beautiful, just as they are. There is absolutely nothing wrong or unnatural about third sex people; the jew made them isolated and cut off from the rest of the community of Gentile Humanity and then exploited it, turning their right to exist into some kind of political agenda. Divide and conquer. But we were once all just part of a Gentile Community. And so we must be again.

I remember one night, it is still there in my head though it happened so many years ago, it was in another lifetime...I went to the club and there were a bunch of people there, dancing all in black, crying. I asked what this was about. They told me that this young man, his family were super Xian and they told Him he was a sinner and was going to Hell for being a faggot, so he started the car in the garage and asphyxiated himself on carbon monoxide. Because he was ashamed of being what he was, and ashamed he disappointed his family. This was a lovely young man who used to be a fan of the shows, who had all kinds of potential; who knows what kind of beauty and wonderful things he could have brought into the world? But it was cut short because of the LIES that the Jew creates and pushes on Humanity! I will never forget the sadness of that night as we all danced to remember him. He wasn't even out of his teens.

When all three sexes can come together, men, women and the third sex, we will be absolutely unstoppable. The Jew is terrified of that day.

I also think third sex masturbation might be different than heterosexual masturbation, in that heterosexuals feel no pleasure for the sole act of touching themselves and have to use their imagination or watch erotic material in order to feel pleasure and reach an orgasm, wherein third sex individuals, for being of a gender they feel attracted to, are able to feel pleasure just for the sole act of touching their genitals and have no need for erotic material or "struggling" with their imagination in order to feel pleasure. And this is probably another aspect that makes third sex individuals much happier than the average heterosexual.

I'm not a third sex person, but some time ago I thought to myself how third sex people are usually so much happier and have such a higher energy and self esteem than heterosexuals.

Correct me if I'm wrong, but I thought to myself one of the reasons for this is because they themselves are of the very same gender they feel attracted to. As if they could, hmm, feel attracted to themselves, and consequently even love themselves.

Or at least being able to look in the mirror and actually recognizing that they are an attractive person, honestly finding themselves attractive or if they don't, working on this and becoming a more attractive person, instead of blindly seeing them as "attractive" like many gentiles do when they often aren't (this is not to say that this is more important than anything else)

In a nutshell, my point is, due to their being of the same gender (or of one of the genders) they feel attracted to, there is a much stronger sense of self love, self esteem and knowing yourself deep inside, than in most heterosexuals. And therefore, a much higher positive energy.

Also, I think there is probably much more sexual pleasure, both in masturbation, for the obvious reason that the individual is of the same gender they feel attracted to, and in sexual intercourse because they are having sex with a person who has the same body. They have that same body structure, know how it works and feel more comfortable with that than one would in a heterosexual intercourse.

This is what I think about it, but as a heterosexual male, I am not sure. Any thoughts?

Feeling sexual pleasure when stimulating erogenous areas is a biological response that usually occurs in anyone, heterosexual or not. Furthermore, being attracted to the same gender you are doesn't mean being attracted to yourself. That is something called being "autosexual".

My opinion on what you said about appearance and looking into the mirror is that that has more to do with awareness than sexual orientation. I think that it comes more on the sense of beauty. For example, I being a third sex can still evaluate the beauty of women, despite not being attracted to them. This is my opinion, take it for what it is. It's not absolute.

This 'third sex' tag is still somewhat alien to me. I still regard myself as male, not woman not third sex.

I ask this respectfully. What is the deal with the people where I can't tell if they are a man or woman? Are they in the process of going from one gender to another? Is their goal to look totally like one gender? What about the people that are one gender and don't plan to change it but they still look like they are in the middle and I can't tell. What do I address them with? Sir Maam or just shout hey?

As for being hostile hopefully we have turned the page. I don't know why they sometimes are still rude to me even today. They should be able to read I don't give a shit and am not there to harm them. Many people will NOT tolerate this. I have noticed 3rd sex cashiers for example acting this way when their job is customer service not social justice. I will have to be the one that says "hello and thank you".

Zola that is very brave of you!! That's scary. I remember one guy I went to school with. Very talented in cello music art etc. Very good guy. He was often picked on though and it always saddened me and I never understood bullies. One Xmas he came home from college. His parents went to work and he dropped a toaster in his bathtub. He was born third sex and struggling to fully become male. He couldn't take anymore bullying. I see his parents around town and they have NEVER been the same. You see pain in their eyes years later. :(

Dypetro that's good info. I think that's a sign of advancement and higher plane of existence. Maybe all people hetero or LGBT can learn to take pleasure in the act itself. I want to achieve this and it will improve life. I want to take pleasure in many everyday things not only sex, but even just driving to work etc. How can I reach this?

Hmm Not sure to be honest. I always put myself up against my ideal guy. To which I always lost too ^\_^, but I will say that I have always been more high energy and more friendly than most people I know. I care about others happiness more than the regular person as well, but whether that is simply my personality, the fact I'm Aryan, or 3rd sex is utterly beyond me. Maybe even a mix. You may be on to something though because even when I feel down I have looked in the mirror at my face and simply smiled at the handsome guy looking back at me thinking he was sexy.

Um, you are very incorrect dypet. I'm heterosexual, but I can have pleasure by touching myself, without using my imagination or erotic images. I'm really not certain what gave you the impression that heterosexuals can't do that.. It's biology.

I will sit down and read messages here more thoroughly later on today or tonight. But Hailodin666, in regards to the third sex who mistreat you in a "reverse discrimination" sort of way, the Jewish Marxists work to brainwash the third sex into blaming all heterosexuals for the Christian and Muslim persecution they have been put through.

The heavily Jewish-produced Showtime television show, "Queer As Folk," has the "gay icon" Brian Kinney, played by Gale Harold, state that "There are only two kinds of straight people: the ones who hate you to your face, and the ones who hate you behind your back."

This type of Jewish brainwashing gives many of the third sex in the Jewish-created LGBT fold of Marxian slaves a big chip on their shoulder and the license to just assume that all heterosexuals are Christian fundamentalists who want homosexuals exterminated, thus convincing them that White heterosexual males are "the enemy" when nothing could be further from the truth. This type of Jewish brainwashing is only one reason that you have probably been treated this way. Even the LGBTs who are not exposed to this brainwashing are still vulnerable to it on the astral plane because these teachings, like Christianity and

Islam, have taken on a life of their own.

There are third sex people who are so ashamed of the out-of-the-closet LGBT fold that they hide in their closets because they don't want to be associated with the rainbow flag-waving degenerates who feel the need to make a RACIAL IDENTITY out of their private lives. This is where the Third Sex Thule Society 666 comes in to play. It creates a bridge where third sex, nor heterosexuals need to feel shame or live in closets, but don't need to fall for Jewish-invented stereotypes or the Marxian indoctrination. Satanic Nazism, the White Racial Religion, is our only hope.

Thanks for the opinions so far guys.

Ljóss, what gave me this impression is the matter of...feeling attracted to the specific genital organ you're touching. I am a heterosexual male, but I don't feel anything just by touching myself and not at least using my imagination.

My point is, I don't feel attracted to the male genital organ, so when I touch myself and use my imagination, I might be getting pleasure from that, but it's not solely from having my penis in my hand because I don't feel attracted to that organ. There might be the sensibility from being touched on your genitals, but at least for me this is not enough for getting pleasure. But again, we're all individuals.

And as for what you said about hangups, I honestly do have some sexual frustration currently, but I don't think this necessarily influences my opinion on that.

But thanks for sharing yours too.

I am writing this swiftly to explain some paradoxes that are going around in the so called 'life' we are living in nowadays. Don't forget this planet is largely taken over by the enemy. The enemy is not some 'social' or 'ideological' clique. It goes deeper.

The enemy has hidden a lot of laws in how life works. Also, the Torah and the enemy religions (Which are programs given by aliens to the jews, and Gentiles feed these energy) have 'laws' in them. For example, free money for the jews, blessed are the stupid and the weak, self-destruction is beautiful and brings results and the list goes on. These rules, since they are believed by the mass mind, are made real. We can call this (('relative' reality)). This is the reality the jews have created, and inside this, the jews are crowned kings and gods, everyone accepts their lies and abuse etc. This is where most people are, since they are weak by choice, and choose to be stupid.

The person whose message I saw, so I decided to post this, in the group, was dissatisfied. They were asking, why do people who smoke pot and do nothing with their existence, do win let's say, millions of dollars in lotteries? If we in the first place assume this is 'real', then...

Sometimes its luck, sometimes its chart, sometimes many factors. Sometimes it is better to not care or compare one's self as everyone is an individual. One is wasting one's time. How "good" or "bad" life is highly relative, and wealth or impoverishment has many levels. Mental, spiritual and physical.

Aside from this part of the jewtrix and its demoralization agenda is uneven and unjust distribution of income. With the infinite money the jews have siphoned from parasitism in centuries of usury, now they are making their own rules and financial system.

Where a criminally insane rapper gets payed more than hundreds of legit workers combined, to name one example. This is part of the demoralization and aggressive agenda against the host populations that keep the jews in their midst. They do this to cause exactly this: a mindfuck for those observing these

dumb phenomena.

First of all, having a very 'lucky' chart doesn't mean anything else. Every chart has a Saturn. Many people can be financially nice, and they may suffer from diseases. Others may seem like they have it all, but they have the intelligence of a peanut. Sometimes, this is also EXACTLY why they have everything. What are they going to do with millions? Buy more pot and make the jews richer?

Excellent. This is the useless thing the jews want to help. The jews have wrecked global economy and this pattern can be observed elsewhere. To name one example see immigrants in Europe that get payed double pensions contrast to people who have worked for decades. So they can breed more mohammed in Europe and Jihad it. For legit people that want to work, this or that is needed, and the list goes.

This can happen because the jews have amassed the so-called capital that can form economies on its own. The enemy creates the rules of such.

Parasites get more than productive citizens, the productive cannot produce, most people are in false and bad positions for them etc. As Marx says in the capital the jews use work as a means to enslave. Our side uses it for liberation and creativity, then providing.

Anyway, most of 'luck', or 'misfortune' alike, is seated in the natal chart, then one's mental programming, then in many other factors. Nobody has it the same, and to ask otherwise would also be useless. The key is to be powerful, then the rest can be achieved. There are many factors that are factoring in, not just one.

What I write below is not TOTAL, and the enemy has ranging levels of power, over ranging conditions and situations. It ranges. So keep that in mind.

The enemy being an alien slaver overlord, gives a lot of things to dumb and useless people, and useful and intelligent people are rotting on the bottom of the foodchain. This is why the people who hold the power, like workers for example, are exploited. By their own energy, admission, and acceptance does the jewtrix run- they feed it, maintain it, and sustain it.

The enemy literally vampirizes them and with mental tricks, steals their labor. Doesn't matter if the Gentile is on a high level position either. The jews will ALWAYS try to coerce and control such Gentiles. So nobody is free from the jew. This is done on a global spectrum.

These people aren't dumb as well, because they have the power, but they don't dare move one inch because of threats. Which obviously shows that they are running on borrowed fuel.

If you look around you, the jews are constantly creating "RULES" about people. From hollywood, to 'life advice', to 'radio', they create "rules", many of which are ingrained into the subconscious of people and taken as 'normal life'. "You cannot have wealth and love together, your health will suffer!". Just who said so? The jews, playing "God", do create a false reality.

They blame Satan for wanting to steal "Gods" position, but its the kikes who have done it. If we can say the universe is God (as in Nature), and has some rules, the jews have superimposed their own rules, upon the rules of the universal consciousness that we call "God/ Nature". Satan fights for their restoration. Satanism is the actual adherence to these rules and working by their side.

Now, "Nature" on her own can be quite unjust or cruel without reason. This is up to us to fix, coming and completing nature's laws and dictates. We must not deviate. However this does not concern the Jews at all. No matter what it means for civilization, since they are aliens with intention of wrecking everything, they do what they do anyway.

Not only Kikes are not in any 'league' with this universal consciousness/"God"/Nature, but nature seems to have cursed this abominable people quite a deal. Just look on how they look like ghouls, million times uglier than the ugliest gentiles, their horrible health (beyond imagination and its genetic, not to other factors), and many other psychopathy these people have.

They get back to nature and through all this self hatred, they are motivated in everything that is unnatural, ugly, and destructive. They do this as payback to destroy Satan's creation, because Satan took care of his creation. Their masters did not.

You see, these 'rules' made by Jews are sometimes backed up by nature, since everyone has a Saturn so to say, but, if you pay close attention, these are FAR WORSE than the native Saturn.

Why would the universe want to fucking kill you, for example? Why would the universal consciousness desire that you burn eternally in agonizing pain? Doesn't make sense.

Well it's not really the universe, it's the Jewish parasite, if we are talking in 'civilized world'. Through creating one's mind set for destruction ("Love thy enemies goy"), the most minor negative influence manifests in the worst and most abominable ways. Then the person is destroyed.

Kim (((loved her enemy))) and abusive Muslim Mohammed. She was trying to be (((Miley Cyrus "slut"))), because she thought (((it was "cool"))), she was trying to be (((("progressive"))). Mohammed had beat her constantly, but she decided to give him one last chance because she was (((sorry))) for how (((unfateful))) Mohammed's life was. Kim ended up in a meat grinder kebab one day, after a tough argument with Mohammed. Mohammed was told since a very young age, that (((("God")))) loves you better if you kill (((("Western Sluts")))), because that's what's supported by the Quran. (((God Bless))).

This is why we have trash leading the planet, the foukest Jews on leadership positions, races are going extinct and are being made into minced beef into a cooking multicultural pot.

So all these people you see outside, do not make assumptions on how fine they are. On top of that, they are cursed by the Jewtrix itself, and the Jews ride them like cattle too, let alone universal hardship that exists based on natural law. They are sufferers. If you think these people are happy, you are fooling yourself. They are not. They aren't even conscious for a big part, and most of them are just like trapped and watching their life, completely out of control go away. Perfect slaves.

On top of the Jewtrix are however, Nature's rules, such as the survival of the fittest, force, the law of causality, and many other things. However, inside the so called 'Jewtrix', these rules are modified to fit the Jewish society. For example, everyone knows the ugly, repulsive, goo-ey guy that gets all the women, or the

ugly jewish skank that is made into a 'goddess' and worshiped by everyone for her 'beauty'.

This is because people are programmed to behave in such a way, and without wanting to sound too sci-fi, they are sort of like PROGRAMMED to act in that way. Few people are conscious to an extent to be rationed with. This is why all around you, you see people who engage in self-destruction and many other alien things. Another thing, look at how a kike farts something out of its mouth, and everyone accepts it as 'true'. No matter what shit is being said, it is accepted. Why?

Because the 'Goyim' are programmed to accept the jews in any and all ways, and treat them as Gods. Remember, they are worshipping a rabbi on the stick. Unconsciously they believe in a jew, and their life and soul is devoted to a jew. This doesn't deal on the reasoning of the conscious mind, or they would escape.

This goes deeper into the subconscious mind, and weak brains that are programmed since infancy, eventually succumb. This can also last lifetimes for the weak. If you don't get into this whole "video game" (Which you may occasionally have to log in for...survival reasons), they will not have much influence on you.

However, given their power has almost been total, our freedom and our forward going as entities is DIRECTLY tied into destroying and spiritually subverting this system. We will never, ever, EVER be free, and we will die (this goes to all humans) if we don't fight. This is for your personal sake as well.

I don't know how 'high' and 'comfortable' you are in life, or how low, but you have a Saturn, and the jews have made it their purpose to uplift this negativity to hundredfold, creating hostile and dangerous societies (This is why they force miscegenation, immigration, promote criminality, don't allow people to work decently on their dharmic path etc) to manifest only Saturn.

Jupiter or positivity is tried to be minimized. From a macro-perspective, this is just forcing all the Goyim on 'reduction' (Bad Saturn) while for themselves, they keep 'expansion' (Jupiter).

Does that make sense as to why there is so much injustice all over the world? And why so many decent people are suffering while living trash just does nothing but sit as a tick on the neck of potentially better people? Because a parasitic organism hive mind is making the rules of the world now.

They have programmed reality to work that way. Because it's an actual, goddamn system. Look at a xian spewing bible verses, same as an internet bot spews computer program code, and you will see what I mean. Now, why does the 'bible' have so many 'coded' shit that is in 'contradiction'?

Because its PERFECT for the unconscious mind for it to BE that way. This way they include everyone, and every phase of life. For example, there are things for when one is poor to become poorer, or when one is rich so they can become poor. There are verses for the healthy and the unhealthy, so that everyone can become unhealthy. etc. Because of the nature of that manuscript, it could never, EVER be straight forward. Why is being UNHEALTHY or DEAD even "GOOD" in the bible? Because guess what, it makes the jews rich. And human hating aliens, happy and laughing. That's all. It doesn't benefit neither one's self, one's family, or one's society. But it benefits the jew, and the jews in power, and those who hate humanity.

This is why the enemy recreates the weak, the slaves, the morally inferior, the cowards, the democrats, and many other crap that goes around. Its their

perfect profit. They do this because they hate humanity and they like to have cattle, not humans around them. Since the enemy is very weak on some levels, everything in society has been turned into meekness and submission, so that the inferior jew can reign supreme over all others. This is why they are gradually sissifying people, dumbing them down with drugs, preoccupying people in all these bizarre ways. If you pay close attention however, no matter what one does, their life, finances, are being siphoned in the jewish system for its enlargement.

Fear not however: not only these things can be bent, but the laws of nature can easily be superimposed very easily. I cannot go into details, but you can figure this out for yourself. Your workings and personal power \*CAN\* bend these rules. However, there are technical issues that only the Gods can help you with and show you. They \*WILL\* if you are advanced enough.

You and We can overcome. Just devote yourself in doing what we have been doing. Not only you help yourself, you are also helping Humanity. Its a win-win situation, for the first time ever, for Gentiles. And a lose-lose for the enemy.

Thanks. This is still above my head but surely I will get it worked out in time. As a side note. Does anybody have information on the freemasons? By this I mean I am interested in their application of geometry and symbolism and sacred teachings on the physical realm. How they design and build buildings and monuments and utilize ley lines materials etc.

[New RTR Coordination Schedule will be Released Soon : JoyofSatan666](#)

In the light of new circumstances, there will be no new RTR Schedule for a while. The reason for this is that we are going to do some other necessary things, which we will keep everyone updated about. These are for all of us here.

For those who want, rest for a couple of days, we ought do it, but for those who want to instead keep attacking, you can continue either on the prior

schedule or do this Ritual that is on the 2017 Schedule for after the 29th:

[E712](#)

Normally it won't take long and what we need to be doing will be up fairly soon.

We will keep you posted on the updates.

Thanks for this HP Maxine. I was also just reading another sermon of yours on Why There Is Suffering which was very enlightening for me. What you say at the end I think will be very worthwhile, making your sermons into Audio sermons. I think it will make reaching more people easier this way because there are far more people out there who watch videos online and stuff than who take the time to read websites, a lot of people listen to videos on youtube whilst doing other things. I like to listen to videos whilst I empower my chakras daily.

There is still a lot on the websites and sermons which I haven't had a chance to read yet and I have been here for over a year and take time to study the JoS website at least once a week. Just because of a lack of time in my own case I still haven't got through all of it.

If you put your videos into audio sermons, with your permission, I would be happy to upload them to a youtube channel and promote them as much as I can.

What I am thinking of doing is making a Youtube channel where I upload things like music, anime shows, guided meditations etc just get some subscribers from the everyday public and then once I've got like 10'000 or so I will begin uploading stuff from the Joyofsatan audio sermons or other eye opening White identity and political info and Occult knowledge, so that way I have a better chance of reaching the wider public with it who may never have heard our message otherwise.

I was going to wait to post this near the time of the 10 of February lunar eclipse. Given the severity of the situation, I am posting this now to make sure everyone has a copy. If you want to begin this ritual now, this is fine, but just make sure you also do this ritual at the time of the eclipse and ideally every day, until the 26<sup>th</sup> of February, which will be the New Moon and a solar eclipse. The eclipses will act to amplify the energy and the waning Moon [full to new] will act to facilitate the ritual. This ritual is easy and should be done daily through the dates given above, but **EVERYONE SHOULD DO THE RITUAL AT LEAST ONCE.**

JoS has been cursed. The Ministry here know who threw the curse [at least one] and given it was a “generalized curse,” everyone here has been affected to a greater or lesser extent. Certain organizations who claim to be “Satanists” but who readily accept Jews are being rotted out and controlled from the inside. A Jew is a Jew is a Jew... First and foremost. The reason we were cursed so hard? For doing work for Father Satan; the RTRs. So here we have Jews who work directly against Satan. They call themselves “Satanists” but do not believe in him. They only work to make Satanism look bad, and to conform to the Christian concept of Satanism. This is some of the element we are dealing with.

Satan and our Gods are completely fed up and enraged by these organizations. They are taken over by Jews and are actively working for his destruction. This is no different from how the originally Satanic Freemasonry was taken over and hijacked by the Jews. Few of the original rituals remain, the modern newly initiated Freemason swears upon the bible and all of it is now geared toward communism.

Joy of Satan has strength in numbers. We have tens of thousands of members in the Yahoo groups alone and regarding the forums, which most of

the boards are open to the public, many who only read the posts do not join on, so there is no telling how many we have who regularly read the forums. For those who do, and who agree with us, you are members and also should definitely do this ritual. We also have people who frequently visit the JoS website. Our numbers could even pass the 100,000 mark for all we know. What this ritual will do is gather the energy together, no different from how the RTRs have been working. The RTRs have been bringing about justice, which has become so rare these days, as corruption has gotten out of control.

I know and can feel how certain enemy filth reads my posts and wonders how and why I'm still alive, after they put numerous and powerful death curses on me. YES, I'm obviously still here, and I'm fine. J Satan told me many, many years ago that there would be numerous attempts on my life. He said some of these I will be aware of [like the bomb just beaming with Christian love that was hooked under our car], and most I would not. He also told me none of these would ever succeed and stated: "One thing you can be assured of, they will all KNOW \*ME.\*" I don't care whether the enemy scum believes in Satan or not, nearly all of us here know he is real and honor him.

**Now, for the ritual...**

**You can begin this ritual now, but it is extremely important that you perform the ritual on the 10 and the 11<sup>th</sup> of February, during the eclipse.** In addition, ideally, this ritual should be performed every single day through to the 26<sup>th</sup> of February. It is pretty simple and does not take too long. Following this on the 2<sup>nd</sup> of March, everyone should begin building an aura of protection to deflect any and all curses, negative energy directed at us and so forth and return it to the sender/s. This aura of protection is a bit different and I will post this as well. This aura of protection works best during a waxing Moon and should be applied when your aura is completely eradicated of any negative energy.

Even if you haven't been doing the RTRs, it is important to do this working.

**In addition, if you have any familiars, it is also important to clean their auras and souls as well. [See below].**

Open with the following prayer:

*Hear me oh Great and Mighty Satan. I ask your help in returning these curses, amplified to the senders who have attacked us for doing your work. You know who they are. They will know your wrath. I ask that you send a Demon to me to take and deliver the curses and thoughtforms that I have cleaned from my aura and soul directly to those who have sent them. O Mighty Satan, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor, and Glory be given Thee forever and ever.*

1. Visualize a brilliantly bright Sun directly above your head.

**Affirm: “The light is cleaning and removing any and all negative energy, thoughtforms, and curses on or connected to my soul that have been directed to me, and is returning them to the senders.”**

State this 3 times.

2. Visualize this Sun descending down into your head and pushing down any dirt, filth, thoughtforms [thoughtforms can appear as chunks of filth or for those who are advanced, you can see them as they may be shapes, symbols, like elementals, or otherwise]. This will be grey or black energy [as it collects], and will get darker as it descends.

3. Visualize the brilliant light descending through your throat, down through your shoulders, chest, then stomach area, hips and all the way down through your feet, pushing out all of the dirt from your aura and soul.

4. Move the filth beside you, in a pile.

5. DO THIS THREE TIMES, steps 1 through 4. Keep piling the dirt.

6. When you are finished, your aura and soul should be much brighter and cleaner. You can either ask for a Demon to take the energy and to return it to the senders [especially if you're new], OR, you can visualize it shooting away from you, directing it to the senders.

**For Familiars:**

The above illustration is both the same for a cat or a dog, a horse and all four legged animals. Snakes and other reptiles have their chakras lined up along their bodies the same way. Some members also have spiders. For cleaning a spider familiar, just visualize the spider engulfed in a brilliant Sun and pull the Sun from its body, pushing out any negative energies. The same goes for other small familiars.

You should do the exact same ritual above for your familiar/s. This is extremely important. You can also use an astral brush or comb [visualize this] in addition and brush any astral negativities from his/her fur, piling it up in the same way, and returning it to the senders.

**Your familiar protects your soul. It is important to clean his/her aura frequently. Also, to build a powerful aura of protection around him/her. This should be done every day during a waxing Moon. I will post this shortly.**

I came across this video of an amazing little Aryan girl in Holland's Got Talent. The judges commented she is an old soul and I think I agree. When you look in her eyes as she is singing you can see it/feel it. Hearing her sing brought tears to my eyes...the thought came to me that THIS is a perfect example of why we don't race mix. So that beautiful Aryan Souls like hers have bodies to come back in. So that this beauty that is the Aryan people and spirit cannot ever be extinguished.

Subject:      : The Numerology of White genocide

[proceeding] The Words: *Asm u ll hi l usn* [99 names of mudslime g-d], *messiah, zionism, islamic state*, give 8. Number of power and eternity. Quran has 6,236 verses that also counts in 8. And the word *quran* gives 8. *Muhammad*, the name of the first jihadist, has 8 letters. Learn more about connection of number 8 to islam in the article:  
*Why the Koran is a more powerful tool than the Bible*

Now what energy islam and bible are mostly connected to? 6 and 9 are very prominent numbers starting of any destructive jewish war on Gentiles.

WW [World War] – 66

[In other words, World War and the 66th book of Revelation are about the same - the jewish apocalipsis of the Gentile world. It is their attempt to make 66th book a reality]

1899 (7 conflicts in different parts of the world) – number 9.

1905 first revolution in Russia – number 6.

1914 (WWI and much more wars around the world) – number 6.

1917 (destruction of White Russian Empire through bloodiest civil war and start of most prominent mass murder and world revolution machine in history, Soviet Union) – number 9

11/7/1917 jewish revolution in Russia and start of the bloodiest civil war all across Russia – 9

End of the civil war and victory of jewish communism in Russia – 7/6/1923 - 11

05/09/1945 victory of jewish communism in WWII – number 6

The dimensions of the “kingdom of god” are 1,500 miles wide by 1,500 miles long and 1,500 miles high. It’s a giant cube (Rev. 21:16).

$$1+5=6$$

$$15+15+15=45=9$$

Solomon laid out the Most Holy Place of his temple to be 30 feet X 30 feet X 30 feet, a perfect cube, separated from the temple's Holy Place by a curtain (2 Chronicles 3)

$$3+3+3=9$$

The tabernacle (also known as the Tent of Meeting) also had a cube-shaped room, 15' X 15' X 15', exactly half the scale of Solomon's room.

$$1+5=6$$

$$15+15+15=45=9$$

I also noticed prominent role of the Powerful Ancient number of 13. It participated in global changings of the world usually through global [including pre-kike] wars, including mass White genocides, long before jews came on the scene. Originally, 13 as well as 8, is Satanic number of extreme power and might, because it is connected to too very much things in human body and soul, and in Nature Herself. 13 main chakras, 13 signs of Zodiac [including Ophiuchus], 13 months in Lunar calendar. The more smth is ingrained in Nature; the more power it derives from the Earth. The 13 is one of the most ingrained in Nature numbers, which makes it one of the most suitable for global affairs that require major Earth/universal powers.

Tatar-mongol Yoke in Russia lasted from 1237[13] to 1480[13]. The invasion itself lasted from 1237[13] to 1242[9];  $1+3+9=$  also 13. Defeat of Russia opened for mongols the door to Europe and greatest non-jewish White genocide in history burst out. The major part of all mongol invasions into other countries happened in 13th century.

As far as mudslime idea is connected to global Earth conquest and total world wide change, it has some things connected to this number. 13 wives of muhammad. Islam stolen Pagan Lunar calendar of 13 months and Pagan Lunar symbol of Crescent, thus connecting itself to the Lunar number 13. *Operatin Hornet's Nest* also known as *Progect Greater Israel* [CIA/mossad term for creating Islamic State] – both make 13. *World Revolution* gives 13. *New World Order* gives 13. And the word *quran* counts into 13.

So let us see if these numbers quran uses in its spiritual warfare against us.

Jihad:

[Quran 2:191]: "And kill them wherever you find them, and turn them out from where they have turned you out."

$$191 = 1+9+1 = 11. 11 \text{ and } 2$$

216 is powerful magic number by itself, based on 9. But if we count 2 it again gives 11.

$$2+1+6 = 9. 9+2 = 11$$

9 and 11 (together 2). 9/11 Fighting is prescribed for you...

(If you do so) He will forgive you your sins, and admit you into Gardens under which rivers flow, and pleasant dwelling in Gardens of 'Adn - Eternity ['Adn (Edn) Paradise], that is indeed the great success."

$6+1+1+1+2=11$

Quran (66:9) - "O Prophet! Strive against the disbelievers and the hypocrites, and be stern with them. Hell will be their home, a hapless journey's end."

Quran (24:2) - "The woman and the man guilty of adultery or fornication, - flog each of them with a hundred stripes: Let not compassion move you."

Torture is also allowed as a form of punishment and when putting people to death. Rather than prescribing quick methods of execution there were times when Muhammad ordered his men to make a victim's death as slow and agonizing as possible. In one case, his men literally pulled apart the body of an elderly woman named Umm Qirfa by tying her limbs to camels then sent in opposite directions (Ibn Ishaq 980).

And if there are among you one hundred [who are] steadfast, they will overcome a thousand of those who have disbelieved because they are a people who do not understand."

6+5=11.

8 and 11, power and destruction.

From this analysis among normal biblical numbers of destruction we know already - 11,9,6 - we see new number 8 connected to extreme violence not only to disbelievers but to one's own family members. This number as well as 13 is deep ingrained in nature and our soul. And surah 8 will shed some light on the role it plays in islam.

The Star of the Soul, also known as The Star of Astaroth / The Star of Lada (Russian), - a very popular occult term and very much misinterpreted by new agers – is MerKaBa, the 8-pointed Star which according HP Jake Carlson's knowledge revealed him by Satan and Astaroth, represents collective Aryan Gentile Soul. For all Aryans. [Or even for all Gentiles at all according Joy of Satan website]. New agers usually think that it is 8<sup>th</sup> chakra above the head.

Numerologists always associated number 8 with great business, power, wealth, money, eternity, ballance— everything connected to power. Eights in Tarot always interpreted as element in abundance, such as pentacles – excellently done job, wands – abundance of activity, etc. Tarot Power is placed by different deck producers either on 8th or on 11th position in Major Arcana, usually on 8th. Let us see how this immense unimaginable power of collective Earth Gentile Soul is used in quran.

8th surah is devoted to the inspiration for jihad. It is called Al-Ahfal, The Spoils of War, and the word *Al-Anfal* numerologically gives 8. This surah is the one concentrated on jihad more than any other surah. And the one revealing the very essence of jihad, which is jihaad al-Shaytaan – the spiritual war against Satan. This is seen if we take together the ayahs which number (after “:” sign) gives 11.

[Quran 8:65] - " O Prophet, urge the believers to battle. If there are among you twenty [who are] **steadfast**, they will overcome two hundred. And if there are among you one hundred [who are] steadfast, they will overcome a thousand of those who have disbelieved because they are a people who do not understand."

[Quran 8:11]

[Remember] when He overwhelmed you with drowsiness [giving] security from Him and sent down upon you from the sky, rain by which to purify you and **remove from you** the evil [suggestions] of **Satan and to make steadfast your hearts** and plant firmly thereby your feet.

If we go to the site quran.com and check the whole list of surahs, we will clearly see, that quran was written by numerologists.

Let's for example take surah 11, number of destruction, see surahs that either are 11 or numerologically gives 11, and see that it is a main number of punishment in quran.

Surah#11 contains 123 verses [1+2+3=6]. It is a Meccan sura. It is about the prophet Hud.

The main content of the sura is a series of stories of prophets who warned their people to follow mudgod, the people persisting in defying mudgod, and mudgod punishing and killing them. The sura opens with a discussion on the nature of man and the punishment that awaits those who defy mudgod. Ayat 25–49 tell the story of Noah and how his people refused to be slaves of mudgod. The unbelievers are drowned in a flood, which includes Noah's son; Noah asks mudgod about this act, but in the answer the lord of all mud insults its servant calling Noah's son "not a member of his family" thus deciding for him who IS and who IS NOT a member of his own family. Sura 66, At-Tahrim, also relates the remarkable gratitude of Jewish god to Noah throwing his wife in hell because she was "unbeliever".

Ayat 50–60 deal with the prophet Hud, the namesake of the Sura. He was sent to the A'ad, an Omani tribe. The A'ad also refuse to be slaves, and Hud and those who do believe are rescued by their mudmaster, followed by this mudmaster inflicting a "dreadful doom" on A'ad so that they were "accursed in the world." [Quran 11:58–60 (Translated by Ahmed Ali)]

Ayat 61–68 concern the people of Thamud and the prophet Saleh. Saleh tries to convince Thamud to submit and grovel in the shit of mudslime god, but once more the unbelievers stand up for themselves. For which they are smitten by a "blast from heaven." [Quran 11:67 (Translated by Ahmed Ali)]

The Qu'ranic version of the Biblical story of Sodom and Gomorrah is in ayat 69–83. Lot being as rapist pedophile minded as he is in bible, offers his daughters to the men of Sodom, but they respond with disinterest and say "you know what we want". Sura 7:80–84 confirms the Biblical account of homosexuality as being the crime of Lot's people. To which mudgod answers that punishment for such can't be averted, and the city is destroyed by a stone rain. Lot's wife perishes as well.

Ayat 84–95 deal with the prophet Shu'aib sent to Midian. Once more, the people stand up against submission; this time, Shu'aib reminds the people of the fate of the people of Noah, Hud, Saleh, and Lot. It doesn't work, and the unbelievers "[were] seized by a punishment from heaven, and lay overturned in their homes in the morning as though they had not dwelt there at all." [Quran 11:94–95 (Translated by Ahmed Ali)]

The remaining text of the sura discusses the general theme once more, with occasional references to Moses. The harsh punishment is explained as "We did not wrong them; they wronged themselves." Note "we" – there is a hive of this dust and mud. Our true Gods are decried as "false, powerless, and useless" to protect us and mudgod boast once more how it / they will throw us all in hell.

This is a plot of surah #11.

Surah #83 [8+3=11] Surat al-Muaffiqin "The Defrauders" also relates horrific scenes of punishments promised to... businessmen; since Islam is communism, it apparently forbids the commerce. It also promises hell for humor and fun.

Surah #6, known as "The Cattle". 6 is number of Gentile slavery and imperfection. Hebrew word for Gentile – goy / goyim – means "Cattle".

The Cattle or Surat al-An'am contains 165 verses [1+6+5=12, 6\*2, also known biblical/quranic number of Gentile slavery and imperfection]. It is a Makkan surah [Hebrew word Makkah also used as a corrupt for Mecca literally means "slaughter"] and is centered around what mudslime must and must not do according to the will of its master, the 99 Jews. It contains mudslime version of 10 commandments.

If we read all this surah, it appears to be from word to word about alleged duties, obligations and commandments. In short, mudslime g-d is demanding things and telling us what to do and what not to do. Mudslime g-d here is in the state of want, want, want.

Surah #66 already mentioned, where Noah's wife is burned alive. 66 gives 12 and is also a known biblical/quranic number of Gentile slavery. 66 books of bible, 66 being a book of messiah that comes when world is totally conquered by the Jew, and gives all jews 2800 slaves. Its meaning is a live incorporated jewish messiah sit on the throne of the Jehovah thoughtform and start ruling not only spiritual but physical world from Jerusalem. According 66<sup>th</sup> book it will throw all non-true jews [not blooded jews, Gentiles] aka "Synagogue of Satan" to eternal fire. This is why this messiah is strangely placed above not only angels and all "saints", but actually g-d itself sitting on its throne – because jews are waiting for physical messiah not yet another thoughtform. Their dream is physical rulership. All this "Jehovah/agelic" crap exists only before real jewish leader of this word comes. That's why in communism they do not need xianity anymore.

Surat at-Ta r m (Arabic: *at-Ta r m*, "Banning, Prohibition") is the 66th sura of the Quran and contains 12 verses. This is a surah which deals with questions regarding muhammad's wives. 12(13) of muhammad's jewish wives were all stolen from 12 (13) Zodiac Signs, as well as all objects in bible which are in the amount of 12. The word *at-Ta r m* gives 6.

Surah 7 "The Heights", as it should be according numerology, refers to the topic of excellence, superiority, perfection. This is the surah where Satan places Himself higher than a creation of dust and mud. And this is the surah where He opens us the conspiracy of jewish g-d against us: "Your Lord did not forbid you this tree except that you become of the immortal".

Kikes uses this number to place themselves above us, because we are a "progeny of Satan" and they are "creation of dust and mud".

Surah "Al-Djinn" 72 of course a numerological link to jewish grimoire Goetia. There are much more Demons in Hell, which proves that number 72 is rather used for numerological purposes to tie into some energies, then just to count the Demons. Let's see what exactly energies:

99 names of jewish g-d in islam.  $9+9=18=1+8=9$

72 names of jewish g-d in xianity and Judaism  $7=2=9$

72 virgins that serve as slaves to dead jihadists

"*Alah akbar!*" at the moment of (self-)explosion connecting 9 to suicide or death

360 idols removed from Mecca by muhammad  $3+6=9$

Also...

72 different Hebrew names for Jerusalem in Jewish scripture [version of 72 jews].

The 72 disciples sent by Jesus. (Lk 10,1)

The 72 races resulting from Noah. They are enumerated in chapter 10 of the Genesis. Noahides, this word is used by the jews to address enslaved goyim after they install Jew World Order.

The 72 languages confused to the Tower of Babel.

The 72 old men of the synagogue, according to the Zohar [version of 72 jews]

The word curse is used 72 times in the bible: 66 times in the OT and 6 times in the NT.

72 Disciples of the last times [jewish mysticism]

72 dead (Will of Abraham) and of the 72 sicknesses (Life of Adam and Eve) – the last also mentioned in quran by pedophile muhammad when advising to use salt against them.

Some consider 72 the number of the Earth.

Sulayman, one of major praised in quran, was the alleged founding father of grimoire tradition of ceremonial magic [enslaving Demons] himself allegedly enslaved 72 Demons. These Demons and their seals are presented in Goetia paired with those of the 72 entities of “Shemhamphorasch”, Shem or HaShem in order to easier enslave them. Shemhamphorasch means "the explicit name." Shem means “name”. HaShem means “THE name”. All stolen from Sanskrit Soma, Lunar elixir of life.

Grimoire Goetia gives instructions how to abuse, torture and enslave Demons – the Ones who give their people the best things known: love, friendship, art, music, science, all kinds of magic and divination, all kinds of sexual pleasure and even the love of one’s enemies. The god of mud and dust calls itself “we” in all jewish writings and is known as Elohim / Eloahim which is Hebrew plural to elah / eloah i.e. allah. The jewish g-d does not exist - it is its names. Be they 72 or 99, they vibrate on the frequency of 9 together with Goetia thus constructed to tie Demonic energy and destroy our soul, no different to how number 8 of Gentile soul is tied into jihadist energies to channel our energies to destroy this planet. Then our Demons are also tied into the energies of slavery and grimoire type wish-granting through these 72 eternal sex slaves in islamist paradise.

Sulayman’s story and Conquest of Mecca are the same message of binding our Gods: 72 Demons and 360 Idols.  $7+2=9$ ;  $3+6=9$ . One number = one curse.

Other surahs that numerologically give 9 are all to do with [re]conversion to islam. They are shock full of threats of g-d’s punishment, frightening away tactics, and the tales of how Sodom, Gomorrah and Egypt were mass murdered, are reminded us over and over again.

Surah #27 [93 ayahs,  $9+3=12$ , slavery] tells stories of the prophets Moses, Solomon, Salih, and Lot all of them are based on the religious magic conflict, sometimes battle between jewish faith and Gentile faith. Power of jewish g-d in opposition to Power of Satan and his Demons. It contains the biblical story of magic battle between the Serpent of Gentile Egyptian High Priests and leviathan of moses / musa. Personage Solomon, the jewish king who enslaved 72 Demons, speaks for itself: not only it enslaves Demons, but it converts Bilqis / Queen of Sabba, who was sun-worshipping queen, into shabez-goyimhood / making her Noahide.

Surah #36 [83 ayahs,  $8+3=11$ , punishment] is called by one of the popular stolen Pagan Gods’ names - Ya Sin. Sin is Ancient Pagan Moon God of Arabs. The surah again focuses mostly on threats and frightening away tactics. The surah tells of genocides that plagued past generations of nonbelievers as a warning to present and future generations. It contains 83 ayahs;  $8+3=11$ , number of destruction; and we already know it is used as a number of jewish g-d’s punishments in islam.

Surah #54 called “Moon” which is split in this surah by jewish g-d to impress disbelievers so that they convert. All stories of jewish g-d’s mass genocides are again brought up. Moon symbol split into pieces by kike g-d obviously refers to Pagan religion of Arabia, centered around Moon God, being “split” and corrupted by kikes.

Surah #63 [11 ayahs, number of punishment] has to do again with punishment of disbelievers.

Surahs #45, 81, 90, 99 mostly have to do with the Last Judgment. Last Judgment is a time according biblical/quranic fairy tale they are going to bind our Gods forever and throw us all in hell. 99th called "Earthquake" is 9\*11.

Surah #108 altogether [9] is straight curse against Satan and is used by mudslimes in their main curse on humanity they throw 5 times every day.

And in the end of the story these 72 eternal sex slaves come.

These are the energies which the powerful Pagan number connected to our Gods is tied into.

I also paid attention on surah #4 "Women" and surah #13 "Thunder". 4 is normally a positive number of protective walls, security, stability, borders, healthy restriction. This is very well seen in 4ths of cards tarot. Here it is used for imprisonment; painful unhealthy restriction of human rights. Number 13 is Satanic power number deeply ingrained in nature. "Thunder" presents all nature as if it was obedient to some jewish asshole. It is connecting natural forces to jewish g-d.

[end of the article] Conclusion.

1. Quran bible and the rest of jewish writings has no any difference in stories and messages; but only in how they are combined. Which creates a thought that they were created only to make a new digital code. In other words, they are number matrixes, into which kikes put same stolen corrupted Pagan legends and messages connecting certain curses to certain numbers according their nature. Like if they first created matrix with curses and only then filled it with text. Which proves quran has nothing to do with just narrating fairy tales, it is a professionally done curse. If needed kikes even may tear apart one stolen story and clay it to another one, as they did with Tower of Babel / 10 punishments of Egypt. Matrix done for the sake of matrix itself.

2. Though quran and bible are both torah rewritten and recombined many times, quran has slightly other numbers emphasized than bible. If bible concentrates mainly on destruction, misery and imperfection, using 9, 11, 22, 6, 12, 66 and other numbers connected to 6; the next from these three being main Satanic numbers of perfection: 7, 13 and 67 [6+7=13]; which proves bible was mainly done to rob us of power and perfection. New numbers are 8 and 13. Major islamic numbers for warfare against us are: 6, 8, 9, 11, 13 [22 and 66 still are but moved on the background]. Hard labor / imposing slave state, power / violence, endings [of civilization], destruction [of this world] and global change [to the worse]. This proves that quran is meant to actually attack the world and put it on fire.

Actually all quran is one big paranoid attack on humanity. While some surahs are meant to direct the power of numbers like surah #8 and surah #11; you will not find one surah that would not threaten extreme violence and punishment; most of them reminding of all torah Gentile White genocides over and over again. Quran sounds like it was written under severe paranoid anger attack, as if jewsus christ, when rushing in temple and crushing furniture there, was made to write smth during this specific state of mind he was in. No wonder mudslime wives live under eternal fear, non-ending violence and monstrous bodily punishments; while their husbands suffer severe paranoia, lasting anger attacks, drugs and alcohol abuse.

In the article

*Why the Koran Is a More Powerful Tool Than the Bible*

the author states that number 8 can drive one insane if its energies are specifically directed. Below I provide one of their stories to show how crazy they are.

Muhammad was known to teach his followers that drinking from lakes and other natural pools in which animals bathed leaving there all their dung and urine as well as corpses of their dead, is ok. No wonder all his followers suffered from digestive problems. Once one of them complained muhammad on diarrhea and asked for medical advice. And after his advice obviously didn't work muhammad's comment was that the stomach of this person was "cheating" him.

"Narrated Abu Said: A man came to the prophet and said, 'My brother has got loose motions'. The Prophet said, let him drink honey." The man again (came) and said, 'I made him drink (honey) but that made him worse.' The Prophet said, 'Allah has said the Truth, and the abdomen of your brother has told a lie'."

[Sahih Bukhari 7:71:614]

[just note, numbers are 7,8,11; or 15[6] and 11. Total number is 8]

Hard to believe, but it's not an end of the story. Not very long ago I found in the net the following question in mudslime forum with full seriousness addressed to imam. I quote it to show how bad crazy they are till nowadays.

[Quote]

*"Did the Prophet use soap and water? So why should we?"*

*I want to ask the muslims why our hygiene practices are different from the Sunnah...*

*The prophet was not known to use soap when taking a shower, nor was he known for taking daily showers unless in a state of impurity or it was hot from the heat.*

*He was also not [...] about using towels.*

*When he ate dinner, he never washed his hands with soap and water like we do today before we eat.*

*His showers also never included any shampoo, something we say is hygienic today.*

*Of course he never used soap for his teeth only miswak.*

*Of course there was no deodorant back then so he probably was musky at times or other people were and this was not a problem.*

*How sick were they?? Rarely would people get sick and it seems they were healthier back then.*

*So the question is, is it more than just a sunnah? The way people clean today may be going overboard...*

*How much does it really take to be clean?*

*Maybe it's because of the lives we are living that requires us to have new lifestyles.*

*Maybe if we go back to the sunnah, we would not have to be so "clean" as what we consider today..."*

[End of the quote]

Not only number 8 can drive you insane if misused. There is smth more about number 8 that I want to address for this specific book. 8 house in astrology is of extreme power – physical, spiritual and financial one. It contains extreme emotional intensity because symbolically relates to the water sign of Scorpio, but also it is driven to battle by the martial power of Mars. It is a house of extreme. It rules situations of life and death and the most intimate moments in person's life, such as sex, deep intimate relationship, moment of death and... GENETICS. No wonder, because genetic outlook is connected to procreation and change of generations - the most important, crucial things in one's life.

If we look in quran we will see that this number is connected to the most crucial things to the jews: jihad, White genocide (jihad IS White genocide), torture and rape – all connected to changing genetic outlook and extreme destruction. In the article:

*White genocide detailed:*

*Selective breeding in islam, communism and christianity.*

*Full exposure of Nation of islam*

I explained how you can breed just anything: you can breed a monster; you can breed a hero. You can even breed a Homo Sovieticus out of the Homo Sapience if you want. This is why Stalin mass murdered genetic scientists like Vavilov (Vavilov was genetic ingeneer) – because if Stalin had allowed genetic branch of science, the populace would have realized what Stalin was actually doing – changing genetic outlook. This is why kikes invented "Boas" equality hoax to serve their communism. That's why racial knowledge is so dangerously held back.

8 is a number that rules White Racial soul via Her shape of Octahedron - White Aryan MerKaBa.

(See in more detail in the article Hexahedron)

It's a number of our Race, and is used by jews for our racial genocide.

1905 first revolution in Russia – number 6.

1914 (WWI and much more wars around the world) – number 6.

1917 (destruction of White Russian Empire through bloodiest civil war and start of most prominent mass murder and world revolution machine in history, Soviet Union) – number 9

11/7/1917 jewish revolution in Russia and start of the bloodiest civil war all across Russia – 9

End of the civil war and victory of jewish communism in Russia – 7/6/1923 - 11

05/09/1945 victory of jewish communism in WWII – number 6

The dimensions of the “kingdom of god” are 1,500 miles wide by 1,500 miles long and 1,500 miles high. It’s a giant cube (Rev. 21:16).

$15+15+15=45=9$

Solomon laid out the Most Holy Place of his temple to be 30 feet X 30 feet X 30 feet, a perfect cube, separated from the temple's Holy Place by a curtain (2 Chronicles 3)

$3+3+3=9$

The tabernacle (also known as the Tent of Meeting) also had a cube-shaped room, 15' X 15' X 15', exactly half the scale of Solomon's room.

$1+5=6$

$15+15+15=45=9$

I also noticed prominent role of the Powerful Ancient number of 13. It participated in global changings of the world usually through global [including pre-kike] wars, including mass White genocides, long before jews came on the scene. Originally, 13 as well as 8, is Satanic number of extreme power and might, because it is connected to too very much things in human body and soul, and in Nature Herself. 13 main chakras, 13 signs of Zodiac [including Ophiuchus], 13 months in Lunar calendar. The more smth is ingrained in Nature; the more power it derives from the Earth. The 13 is one of the most ingrained in Nature numbers, which makes it one of the most suitable for global affairs that require major Earth/universal powers.

Tatar-mongol Yoke in Russia lasted from 1237[13] to 1480[13]. The invasion itself lasted from 1237[13] to 1242[9];  $1+3+9=$  also 13. Defeat of Russia opened for mongols the door to Europe and greatest non-jewish White genocide in history burst out. The major part of all mongol invasions into other countries happened in 13th century.

As far as mudslime idea is connected to global Earth conquest and total world wide change, it has some things connected to this number. 13 wives of muhammad. Islam stolen Pagan Lunar calendar of 13 months and Pagan Lunar symbol of Crescent, thus connecting itself to the Lunar number 13. *Operatin Hornet's Nest* also known as *Progect Greater Israel* [CIA/mossad term for creating Islamic State] – both make 13. *World Revolution* gives 13. *New World Order* gives 13. And the word *quran* counts into 13.

So let us see if these numbers quran uses in its spiritual warfare against us.

Jihad:

[Quran 2:191]: "And kill them wherever you find them, and turn them out from where they have turned you out."

$191 = 1+9+1 = 11$ . 11 and 2

$11+2 = 13$

[Quran 2:216] - "Fighting is prescribed for you, and ye dislike it. But it is possible that ye dislike a thing which is good for you, and that ye love a thing which is bad for you. But Allah knoweth, and ye know not."

216 is powerful magic number by itself, based on 9. But if we count 2 it again gives 11.

$2+1+6 = 9$ .  $9+2 = 11$

9 and 11 (together 2). 9/11 Fighting is prescribed for you...

8 and 12

$8+1+2=11$

Quran (61:4) - "Surely Allah loves those who fight in His way"

$6+1+4=11$

Quran (61:10-12) - "O You who believe! Shall I guide you to a commerce that will save you from a painful torment. That you believe in Allah and His Messenger, and that you strive hard and fight in the Cause of Allah with your wealth and your lives, that will be better for you, if you but know! (If you do so) He will forgive you your sins, and admit you into Gardens under which rivers flow, and pleasant dwelling in Gardens of 'Adn - Eternity [Adn (Edn) Paradise], that is indeed the great success."

$6+1+1+1+2=11$

Quran (66:9) - "O Prophet! Strive against the disbelievers and the hypocrites, and be stern with them. Hell will be their home, a hapless journey's end."

$7+6+4=17=8$

Torture is also allowed as a form of punishment and when putting people to death. Rather than prescribing quick methods of execution there were times when Muhammad ordered his men to make a victim's death as slow and agonizing as possible. In one case, his men literally pulled apart the body of an elderly woman named Umm Qirfa by tying her limbs to camels then sent in opposite directions (Ibn Ishaq 980).

Sahih Bukhari Volume 1, Book 11, Number 626

Women beating, torture and rape:

Men are in charge of women by [right of] what Allah has given one over the other and what they spend [for maintenance] from their wealth. So righteous women are devoutly obedient, guarding in [the husband's] absence what Allah would have them guard. Sahih Muslim Book 009, Number 3507

9 and 6. Together 6, slavery

My note Book #9 is called "Divorce" (9 - number of endings). Sahih Muslim has also book #6 "Fasting" (unhealthy diet, eating at night, destruction of physical body), book #17 "Legal Punishments" (1+7=8, violence), book #11 "Funeral laws" and book #8 "Marriage" devoted to the abuse of women, such as rape of captives:

Ibn Ishaq/Hisham 969 Requires that a married woman be "put in a separate room and beaten lightly" if she "act in a sexual manner toward others."  
6, slavery

Smashig to the end already defeated enemy:

[Quran 4:104] - "And be not weak hearted in pursuit of the enemy; if you suffer pain, then surely they (too) suffer pain as you suffer pain..." Is pursuing an injured and retreating enemy really an act of self-defense?

Moral and physical torture:

[Quran 5:33] - "The punishment of those who wage war against Allah and His messenger and strive to make mischief in the land is only this, that they should be murdered or crucified or their hands and their feet should be cut off on opposite sides or they should be imprisoned; this shall be as a disgrace for them in this world, and in the hereafter they shall have a grievous chastisement"

$3+3=6$ .  $5+3+3=11$

[Quran 8:67] - "It is not for a Prophet that he should have prisoners of war until he had made a great slaughter in the land..."

$6+7 = 13$ . 8 and 13 are both Ancient magic numbers of extreme power.

[Quran 8:65] - " O Prophet, urge the believers to battle. If there are among you twenty [who are] steadfast, they will overcome two hundred. And if there are among you one hundred [who are] steadfast, the

## The Numerology of White genocide – White Death of Islam

This article is about how jews work with numbers in quran and islamic texts.

One note before I begin. What I share below is based on calculations made via [www.gematrix.org/](http://www.gematrix.org/) website according jewish gematria only. I analyze some English words too, but only those among them put in use by kikes, such as *ISIS*, *Project Greater Israel* and the ilk. When I write some word or phrase in italics and then say that it "gives" some number, it means that if you put this word or phrase into above website and click Enter, you will get this number. Now I begin.

The word "muhammad" is the same word as "al-hamid", 56<sup>th</sup> name of mudslime g-d which has them 99.  $9+9=18=1+8=9$ . The 56<sup>th</sup>,  $5+6=11$ . 9/11. The number of endings and the number of destruction.

*Genesis 11:9*

*Therefore, the name of it was called Babel, because the LORD confused the language of all the earth, there. From there, the LORD scattered them abroad on the surface of all the earth."*

*Exodus 9:11*

*The magicians could not stand before Moses because of the boils, for the boils were on the magicians as well as on all the Egyptians.*

Islam is the last kike program for this world, and is meant to put it to an end by imposing sharia law. *Sharia* gives 9. 72 names of jewish g-d in bible is also  $7+2=9$ . *ISIS* [stolen from Pagan Goddess Isis] gives 9. *ISIS* is meant to put an end to civilization.

The word "Uhud" also numerologically gives 9 which signifies the destruction of Pagan Mecca and Kaaba (thus the destruction of all Ancient Pagan Civilization of the Middle East – the Kingdom of Hubal) via Battle of Uhud in quran.

See in more detail the article

*The Moon God Hubal:*

*Satan, to whom Star, Crescent and the Elixir of Life rightfully belong*

Phrase “allah akbar” mudslimes usually shout when blowing up smth or when someone blows up themselves, gives very powerful magical number 144 stolen from 144,000 Nadi [energy channels] in our body; thus channeling all our energy to the mudslime g-d. Together 144 also calculates into 9.

9 is extremely important number for islam you can find it everywhere around this program from numbers chosen for terrorist attacks to verses and religious phrases of mudslimes of which I give examples below.

“alhamdulillah” – 9

“mohammadun rasulu allah” - 9

“allah akbar” – 9

[its version “Allahu Akbar” gives 11, the number of destruction, this is exactly what suicidal bombers shout when blowing up themselves and others]

“bismillah” – 9

“rahimakallah” - 9

9 is also number of *Cheka* [Hebrew word for slaughterhouse], the bloodiest section of jewish soviet secret police KGB, used specifically for secret mass slaughter of White Russians after communist revolution of 1917 [also number 9].

The words: *muhammad*, *Mahdi* [mudslime version of messiah], *HaShem* [the name of g-d], *El Shaddai* [usual epithet used by rabbies for kike g-d], *Israel* all numerologically give 7. The number of excellence, perfection.

Phrases that praise mudgod and its prophet:

“*La ilaha illa allah*” – 7

“*la ilaha illa allah mohammadun rasulu allah*” – 7

Bismila, the phrase starting every surah, praising the name of g-d “*b-ismi-ll hi r-ra m ni r-ra mi*” – 7

Messiah and mashiah has 7 letters and this personage in 66th book of bible – Revelation – will come again to destroy our 7 chakras (“7 seals”) and order its 7 angels to apply 7 punishments and tortures on humanity.

From wikipedia:

[quote]

“The only one worthy to open the book/scroll is referred to as both the “Lion of Judah” and the “Lamb having seven horns and seven eyes” [my note, Lion of Judah is jesus christ] ...

The 7 seals [my note, knowledge about 7 chakras of our soul] contained secret information known only to God until the Lamb/Lion was found worthy to open the book/scroll and to look on the contents...

Upon the “Lamb” opening a seal from the book, a judgment is released or an apocalyptic event occurs. The opening of the first four Seals release The Four Horsemen, each with their own specific mission. [6:1-8] The opening of the fifth seal releases the cries of martyrs for the “word/Wrath of God”. [6:9-11] The sixth seal prompts earthquakes and other cataclysmic events. [6:12-17] The seventh seal cues seven angelic trumpeters who in turn cue the seven bowl judgments [my note, Gentile genocide] and more cataclysmic events.

[end of the quote]

They connect the power of our chakras and soul to our own destruction.

The words: *Jerusalem* [“cornstone”], *zion*, *torah* give 5. Torah aka 5 books of Moses was stolen from Tarot which is about 5 elements.

The words: *islam* [translated as “submission”], *Mecca*, *Makkah* [same as Mecca, in Hebrew it means “slaughter”, “beating”, “wound”], *Kaaba*, [stolen from Pagan world, meaning “square”], *armageddon*, *Soviet Union*, *jesus christ*, *jesus the nazarene* numerologically give 6. Number of slavery and submission.

Quran has 114 surahs.  $1+1+4 = 6$ .

*Abraham* gives 6 telling us what Abrahamic religions are all about.

6 is very special number to kikes: Israel has 6 letters, 66 books of bible, 6 million kikes. “Yakub” created “White blue-eyed Devil” 6600 years ago. Hexagram based on cube - 6 points, cube / hexahedron – 6 faces. Cube is sacred for kikes and represents their racial soul as well as hexagram that’s why they wear it on foreheads. Mudslimes pray on the same. New Jerusalem is a giant cube and has 1,500 miles wide by 1,500 miles long and 1,500 miles high.  $1+5=6$

Mudslime phrases I gave above were mostly of praise. Below is a mudslime phrase that is used in unfavorable situations beyond one’s control, also to express dissatisfaction. Actually it is an affirmation of slavery:

“*la hawla wala quwata illa billah*” (“there is no change/ transformation nor power/ strength except through allah”) - 6

6 is a prominent number of WW2. WW gives 66, number of books in bible and number of the Book of Revelation which tells about world genocide of Gentiles. The official date of jewish victory - 05.09.1945 - gives 6.

42 names biblical version of mudgod has.  $4+2=6$

*Jihaad*, *ISIL* gives 11.

Soviet Union was created 30 December 1922 – 11.

*Jesus christ* – 11 letters

The Words: *Asm u ll hi l usn* [99 names of mudslime g-d], *messiah*, *zionism*, *islamic state*, give 8. Number of power and eternity. Quran has 6,236 verses that also counts in 8. And the word *quran* gives 8. *Muhammad*, the name of the first jihadist, has 8 letters.

So that beautiful Aryan Souls like hers have bodies to come back in. So that this beauty that is the Aryan people and spirit cannot ever be extinguished.

Can someone who has the knowledge please post info on numerology itself? I notice there is magick, astrology, meditation, and other spiritual info on the website but no numerology. I am grateful for the websites, I don't mean to sound as if I am not but is numerology something the HPs or experienced members have thought about creating pages on? It might be something useful in magickal applications. I have some books on it and have read about it online but I never knew what to trust with the amount of kike infested disinfo out there.

Imbolc Ritual to Defend our Satanic JoS

Greetings to all our people and Comrades.

Since HPS Maxine has let everyone know, some Jews (quite a lot) and wanna be's who feel entitled by their tribal insanity, to turn and curse, defame and attempt to destroy Satanism, have decided to make a move of spiritual death sentence. That is to attack us all here. Everyone of you is of course individually hated. Why? Because you raised your head and they do not like this. Our "category" is not welcome: we are too free and too much of a spiritual threat to these incarnate excrement.

How dare these Goyim think about Satanism and finally have a Gentile Only Faith? The jews want to hijack and destroy it! Oy vey!!!

Of course all their Kabal was into it. So they had their turn. They are under the impression that you know, we are some weirdos, and that them, mighty kikes as they are, will ask "God" to kill us and so he will. Why is "god" against me and I am winning anyway? Why do they summon "Gabriel", a jewish invented thoughform with a lifespan of a few hundred years and all the rest of the shitheads (Wow, how "Satanic") to exact vengeance upon me, you and everyone here? And the only thing that happens is that as their alien masters, they drink a cup of piss instead of the wine of victory they expected?

Why is our side winning in all these seemingly "impossible" battles and "godlike" imposed "limitations"? Why do they have billions dumbfounded and still, they are getting their asses kicked towards their spiritual grave? Because guess what, as top Rabbis know they don't represent anyone but their collective and a bunch of neurotic aliens, let alone any "God". And their stupid imbecile spirituality is only a piece of jewish dirt that can do nothing to defeat real spirituality that Gentiles had for hundreds of thousands year prior. That's why.

Here we have Gentiles from all Races. Our Satanic collective ties into all, controls all, and is highly dangerous to the Jewish occult powers that be. Because we are focused on Gentile, Pagan restoration, WORLDWIDE. We just want to restore the world to proper, Golden Age, Pagan Grace. We have a high purpose. The Jews hate high purposes. They want your purpose to be to envision yet another kike as your 'god' and your destiny as some fruitless existence, that is menial, only existing as their cattle. Because as they admit in the Talmud, that's what all Gentiles are. Everything the Jews touch, they make it succumb to this 'purpose', fake "Satanism" included.

As you can see how they paid these other fools the other time to advertise us negatively, you know which I am talking about. What did they earn? We had influxes of hundreds of members. That's where their shekels went to. Any order that be from Jews wouldn't be sleeping easy on that. The enemy knows this clearly. So they reacted like the spasmodic rats they are.

What do Jews love most? Scamming shekels from Gentiles. Doesn't matter how, when, or through what pretext. This is exactly the case here. For those who don't know, based upon these lies in regards to CURSING and trying to KILL Satan's Name and Legacy (as they admit in their Jewish protocols of Zion where they say they want to kill "God", and of course promoting Rabbi Jesus is part of destroying Satan), they want to make money, while destroying ALL Gentile spirituality.

Win and win situation everywhere, great plan for the Jews. Turn the cattle against their own God so they remain cattle. Have them worshipping a Rabbi instead. For the more 'spiritual cattle' make some fake ass "Freemasonry" and some fake ass Jewish "Order of the Golden Dawn" and we hold that cattle by the balls anyway. For the even angrier, create some Jewish "Satanism" and play them in the Hegelian dialectic until the end of time.

The Jews are laughing. Many of these so called "Satanist" organizations do get people to do drugs, become cheap stupid hookers that think they are gods, and read fancy manuscripts about how amazing they are, while snorting coke and spewing communism or something. They of course ask a three number fee to get people 'in' so they can learn how to act like Jewish excrement from reverse Christianity, and all they spread is death, misinformation, and of course act as control for the 'evil goyim' that seek to leave the other shop of the Jews: Christianity and Islam.

Even if the creator of these 'organizations' were alive today and did a Google search, they would turn to us. That's how RETARDED these people are. The Jewish hijacking has went into their midst so deeply that they have lost all roots and compass from some great, old Satanists that did their best to re-instate a faith for those who wanted to practice magick etc. They are in few words, failures. The same thing happens to every organization and state, or entity, that allows too much 'Judaism' into their 'head'. There is decay and collapse. Even world empires fell that way. They always hijack their enemies and try to defame them and destroy them from their own Gentile structures.

What do these beings do? All the same they do in Christianity, Judaism and Islam. Promote stupidity, death, lack of purpose, direction and anything useful in life. They are weak Jews, with a big so called "ego", taught them by the Torah since they were 5 years old, deeply encoded into their very 'genes', and a slaver complex, just expressing their rotten genetics in everything they 'represent' and 'touch'. Because they are kikes, and that's what they always do. No matter where they just promote the interests of their own race, and seek to the survival of it.

Part of this is to defame the Creator of non Jewish Humanity, and drive people away from Him and the other Gods. Because all along, it was an act of vengeance against Him, and all Pagans (The code word for religious non Jews who believe in what is summed up as 'Satanism').

Spiritual Satanists see the naked Truth. In the literal sense. We see the 'puppet holder' but what makes the enemy afraid is that our SS here do also learn the art of the puppetry and can no longer be fooled by these alien garbage. Others they can confuse and lie to, but people here know and they cannot be lied to.

It's time Gentiles just take revenge and protect what belongs to them, be it their religion, their ministries here, their Soul. These people just robbed your Soul and your future as well. Those who have advanced can no longer fathom how it is to live as a slave, beaten for all eternity. The enemy is to where they have people as baseless cattle that hardly even owns their body. As so many others here we are opposed to this.

The Jews are under the falsified impression that Satanists, like all other 'goyim' are to be their cattle. They used to infiltrate and run this stable. The staggering arrogance of this debilitated and accursed race has shown itself around here in the form of infiltration, while now these fools, imagining they are still powerful try to attack us. Guess what, they are no longer powerful, and their short time is coming to an end. How they try to own any group, they try to pull the same here, eventhough they have lost the battle here a long time ago. Hoaxes, billions, and many other adversities could not bring this small gathering place of Souls? How? Because we have Satan, and these cockroaches will now run for hiding.

According to the jews, Satan doesn't exist. 2017 years of everyday, single warfare, infiltration and attacks, only to subdue some "Archetype" that doesn't even exist. Again, the "TRIBE" makes total sense! Even when the Rabbis themselves admit that the one called by the alias SATAN is a being and spiritual master living in another planet, and admittedly an alien. But that's all gibberish goyim! Didn't you listen to the jew? It said it was an archetype.

We will fight for our side. This of course includes everyone of you. The inexcusable mistake is that the JoS accepts only Gentiles, and we have been waging spiritual war on them and their abrahamic hoaxes, looking for a better world. Even worse, we are building it. So in reverse revenge, they have actively tried to do what they have been doing for 2000 years over: defame Satan.

Additionally however heavy magick was involved, maybe even of the most abominational sense, to "kill" those who they assume are their "obstacle" in completely running the "Satanic game", which to them Jews of course is a high paying business and a perfect bulwark for defaming their Ancient enemy, demoralizing those who are against them, and making Satan their dirtbag as to pin all the shit their race does. The fact that we defend Satan and set hundreds and thousands free everyday, is something they cannot tolerate, same as they do not tolerate nobody here.

In the past it was easier for the enemy. They invaded the temple by rallying degenerate gentile slaves and useless garbage, attacked, raped and killed children on their pilgrimage, spiritual people living peacefully and advancing etc, brought down the statues of the Gentiles. Now we are international entity as JoS and Gentile Satanists. Satan's figure stands as a figure of unity and an image for us, as admitted Father of Truth.

So this is the last temple they try to destroy. Satanism has stood through the centuries. From the dark dens they have created, they created their own spiritual death unwillingly.

Too important to be destroyed and irreplaceable, they just try to bastardized it into Jewish excrement and crap. The Gods have survived even behind closed gates in the mind of humanity. A Truth so great cannot be secluded or hidden for long. But the enemy tries to prolong it until their communist pipe dream comes true and all identities are destroyed forever, trying to hide "Satan" forever.

The JoS does SIMPLY belongs to members. Nobody is asked of one buck to pay for a ticket to heaven, or to learn, or advance. It belongs as a home or teaching place, however you see it, to any Gentile who just seeks to advance spiritually and gives back to it. I took a round on the internet a found Jewish 'rituals' to 'summon entities' for like 8000\$. Talk to your deceased grandma for 15,0000\$. What's next?

Talk to the 6 trillion lampshades for only 6,000,000\$, on 42 installments (Cancel Anytime Goy), and get straight to heaven! Your new spirituality! Their Jewish cousins want to do this to Satanism as well and have been doing this for decades. It has made useless jewish fools, rich and important, and guided. Jewish (((Satanism))) is a serious business. Like the Shoah Holofoax Business, the jews aren't going to leave it at that. They will 'fight' for it. Hebrew shirts, the Quran and Bible all revolve around the myth of an evil "Satan". Debunking this Myth destroys the enemy like a potent neurotoxin. If people learn these are their Gods, it's over for the Jewish Kabul scammers.

Because excuse these kikes: they were fighting to restore (((Satanism))) but the real SATANISM has won. In fact all of this is admitting they have lost horribly in that so called game. Oy Vey Muh Censorship, Oy Vey Muh Satanic Panic, Oy Vey Muh Judaism in Satanic- all have failed. So they went in desperation mode, naturally being kikes as they are.

Nobody believes or even listens to jews anymore where Satanism is concerned. Because in reality they never practiced Satanism for real and purely, but always attempted to put their racial kabal into it. So now they try to attack those who have uncovered their crap, hoping to regain the grounds for flaming, defaming, and mistreating Satanists. Of course not by skill or essence, but with cunning, jewish methods. That only comply with the biblical verse of Satan being divided on his own house. Because that's what the jews do: The want to DESTROY Satanism and therefore God, who is Satan.

What remains out of this? We will turn the things these foolish kikes have sent to us, back at them. Whats EVEN better? Nobody will deviate one inch from the RTR's and the warfare, as guess what, these Rituals are fast.

Do jews think they can mess with the real spiritual Gentile elite of the planet?

Let's see to it.

**HAIL SATAN!!!!!!!!!!**

I don't want to keep anyone for more than necessary.

Added in HPS Maxine's Ritual, we will repeat this Ritual. This Ritual below plus HPS Maxine's Ritual should not take much time at all. HPS Maxine Ritual is quite fast once you get the hang of it. We add this for maximum effects. Both Rituals once you get the hand of these can take from 15 to no more than 20 minutes.

<https://josministries.prophpb.com/topic18161.html>

Excellent- \*If done with the Ritual by HPs Maxine, it will cause further anguish\*.

Remember" all these are because hey want to divert our attention from their tribe, that gets their asses kicked. Satan is with all of us and we will clear the clutter. The RTR Schedule remains the recent for those who go for the RTRs.

Below is the simple and easy to do Ritual.

---

Runic Vibrations-

The runes are to be vibrated one after in this order.

Algiz x18 Sowilo x18 - Tyr x18 -18 times. [or multiplies of 18, such as 36, 72, etc etc times, however many you desire/are able to]

x18 each Rune:

"AAAAAA-LLLLL-GGGGG-IIII-ZZZZ" x18

"SSSSSSSS-OOOOOOVVVVVV-EE-LLLLL-OOOOO"x18

"TTTTT-YYY-RRRR"x18

After you raise the energy of the Runes, focus on it and:

VIBRATE SATANAS and Then affirm

"The Joy of Satan Ministries are always protected and completely safe,  
in every and all ways from any and all forms of harm and negativity.

All those who curse the Joy of Satan are cursed, and all those who bless the Joy of Satan are blessed."

VIBRATE SATANAS

The above Satan-as-Affirmation-Satanas is to be repeated either 10 times, or you can do it just once. Satan-as - Affirm - Satan-as is ONE round. This must be done 10 times.

---

A big thank you to all our People, and Satanic Comrades. With all of us and the Satanic and Demonic army on our side, we will deliver justice to the enemy adominations.

The video below is very revealing concerning Jewish character. Note how the Jew being interviewed continuously reverses himself, lies and even admits he could care less about bulldozing homes with families. The interviewer really makes a total ass of this Jew.

All over the world, especially in Western countries, Jews own and have control of nearly all of rental properties. This is why there are so many homeless. No different from the former communist countries, where the Jewish government took control of all of the housing. The Gentile populace lived in 1 or at most 2 room areas and waited years in hopes of obtaining a bit better on waiting lists.

In addition to this, the Jewish government decided who would live with who. Total strangers would be put to live with families. During the Stalin era, Nina Lugovskaya wrote how an insane individual busted her friend's father's head open with an axe and sawed the mother's head off when they slept.

Here is what High Priest Don wrote, which is very revealing:

Going over Marxism, I can note its actually Christianity. Jesus preached against private property ownership of any type. Wanted the abolishment of the family unit, fought against the money class, property class, educated class. Lead a proletarian socialist movement. And the model of life given to Christians was a labour based [worker], commune society where all property was shared in common. And preached a one world commune society were all nations, races, classes would cease to exist. The international of Marxism. Marx made reference in his book The Communist Manifesto that what he suggested was already in the previous Xian era of the church.

The actual communist society in the purest form would be a typical monastic order, the commune with prayer.

Marx simply attempted to bring the Xian god down to earth in the communist state. I am not surprised Stalin who had memorized the bible, was known to have organized his rule off the nature of Yahweh and the society laded out in the bible by historians. He was a trained Christian priest and a jew.

Stalin spent seven years in religious training to be a priest and had basic perfect marks. He also had a photographic memory and could speak something like five languages. It was stated he could read a book on any subject in a day and remember and understand the whole thing. If one looks between the lines he also had some kind of psychic level of ability. He was into occultism and a member of a mystic society and probably the mason's as well.

Subject: Current RTR Schedule Until New Notice

Current schedule as done by HP Hooded Cobra:

<http://josministries.prophpbbs.com/topic18232.html>

-----

Greetings to all our people and Satanic Comrades.

We are doing two things as far as RTRs are concerned. It was mentioned in another thread.

One is the Serpent Empowerment RTR. This can be put as first priority on days of Jupiter and Sun. This should ideally replace the 72 on these days, as it has a more destructive character. The other three are powerful on Jupiter and Sun days, especially the Justice Ritual. The 72 is Ideal for Saturn days and Mars.

Serpent Empowerment RTR:

<http://josgreece.angelfire.com/E712.html>

If someone is decided, go for all 5- all the best.

The Serpent empowerment acts on you to empower you too as well. The 72 is a powerful self clearing ritual.

For all the other days we do what is posted below. As for the Ritual posted by HPS Maxine, it takes a couple of minutes to do. It counts as a cleaning and reflecting energy meditation that we do massively, so its pretty straight forward to do.

[topic18161.html](http://topic18161.html)

We are in general continuing on the most effective schedule here. This is one of the most powerful schedules.

Subject: Should we become our own tribe? (Rant)

Have you ever wondered what is it about us White Spiritual Satanists, that in spite of all of the Jewish brainwashing programs, Christianity, Communism, Multiculturalism, etc it never worked? Even though most Whites fall for it so helplessly everytime. All it takes for most Whites is some idealistic bullshit like "We are all one and equal, we're all the same in the eyes of God, lets spread love, not hate." and then they are putty in the kikes hands.

When I look at most Whites today and from when I was at school growing up, I was nothing like them. I don't think, feel or react ANYTHING like most other Whites who are not Spiritual Satanists apart from a small number of people I happened to meet, who I am sure are from Satan in previous lives.

I am not idealistic, individualistic, compassionate, liberal, or any of the other things which seems to come natural to most Whites. Even most White identity groups seem to pride themselves on things which are alien to me and it's not just the Jewish brainwashing I am talking about.

I was always very tribal and cynical and exclusive and pretty much amoral by nature, I may as well be a different race from most White people honestly. I hate to say it, but I feel like I have no great love for my own people anymore. In fact I am starting to resent them because they put me on this sinking ship with them! When all I ever wanted is what is best for my own race, most of them will hate me just for thinking like that. All because of their own stupid compassion and tolerance bullshit.

I really wish that Whites who are like us could just somehow isolate ourselves from the rest of the White population and become our own tribe and procreate only with ourselves and eventually become our own new race. Leave the rest of the Whites to just get on with whatever they're doing.

I know Jewish influence is what it is but the truth is the kind of weapons Jews use against Whites only worked because Whites are hopelessly idealistic and moral bound by nature and I hate it.

All it took is to convince Whites it's morally righteous to commit racial suicide and they were ready to go for it. It's so fucking pathetic. Even a Negro wouldn't fall for that. Can you imagine any non-White race doing that just to be "good people"? Can you imagine the people of Nigeria letting themselves become a

minority in their own country just to be "good people" and because it's "racist" not to? Who else is that pathetically moralistic that this trick of the Jews could even work?

Sometimes I wish I had just be born Japanese or something. Yeah I would be short, weird looking and no longer have God potential but least my existence would make some sense.

Never underestimate the Rituals posted by High Priestess Maxine to awaken the White Race. Also, don't ever forget that White people are Satan's people, and since he still hasn't given up on us, neither shall we give up on our people. Satanism is the White Racial Religion, just like the Negroes have their Voodoo-Hoodoo, the Latinos have their Santeria, the Japanese their Buddhism, and the Chinese their Taoism.

Focus on the HOPE and the REALITY of the White Race of Satan awakening, not continuing to remain divided by the enemy through enemy programs like Christianity, multiculturalism, Marxism, and other Race-mixing and Race-destroying creeds, philosophies and programs.

As for myself, I have a difficult task in waking THIRD SEX, or what the enemy has labeled "LGBT" and the rest of the alphabet for people who aren't strictly heterosexual by nature. This is difficult for reasons that I need not explain due to how obvious it should be, but I keep on pushing on and on, day in and day out, knowing that I am making a difference in somebody's life each day.

Whenever you feel that there isn't any hope, do a ritual. You don't know how many of our people you are helping.

Thanks for reading my post and answering me High Priest Jake. I regret making this post, I wrote it out of emotion and not reason and to do with things in my own personal life more than anything to do with sensible plans for SS people.

It just comes from the pain I feel from my isolation, there is hardly anyone I ever know in my life who is like me and nobody I can relate to, I only know

Spiritual Satanists online and a few Pagan White nationalist youtubers who I watch that I can relate to.

95% of all people I ever meet, White or non-White, I have nothing in common with whatsoever. If I make friends with anyone, most of the time I am silent because my head is filled with thoughts which I can't share with them and what they're saying is so boring.

I am diagnosed with Schizoid Personality. So this is just my own personal problem I think, that I really wish I had been born to a tribe or clan of some kind of people who were like me, everyones like me, connected by blood, with no diversity of race, culture or even personality, that would be perfect but this is just my own dream not a realistic aim for SS or Whites as a whole.

What I said has nothing to do with the White racial struggle. It's just my own personal problem of not being able to connect with other people of my race or any race for that matter. I realise I was just projecting now that I think about it.

I agree with you on some points,

Our Aryan race has become so polluted with judiasm that it is revolting to think about.

And I agree, some people are not worthy, and will never be.

But you must remember some things as well.

If we isolated ourselves, we would be more easily defeated by the enemy. An isolated enemy is easier to fight than one that is embedded.

And you must NEVER lose the love of your people.

Our Aryan race is the greatest of all, we are the Master race, the children of Gods, their Holy Progeny. And because of the corruption that has taken hold of our race, it is the duty of every Aryan who is awakened to fight his or her hardest against it. To have every waking moment dedicated to the utter destruction of the enemy, and the liberation of our Aryan race!

Everything else is secondary. EVERYTHING!

Do not hate our Aryan race for it's natural characteristics, for that is something an enemy of us would do.

No, look to our natural characteristics as examples of our strength!

And do not ever, EVER try and put others above our race as you did in your second to last paragraph.

And do not wish to be another race, you were born Aryan! A child of the Gods! With the most pure and noble blood imaginable! That of the Gods themselves! Your existence DOES make sense, serve and worship Satan our Eternal Allfather, breed to continue the Aryan race (if heterosexual), and to achieve your Holy birthright, to become a God yourself!

HAIL SATAN FOREVER!

HAIL THE ARYAN GOD, HAIL THE ARYAN RACE!

Here is my latest sermon. A long time ago, I had written an allusion to the Christian Bible's curse against homosexuality in 1 Corinthians 6:9, but I have learned many new things since then and will present them in new sermons in the future. However, this sermon also touches upon how the Jews use Marxism and the energies of "3" and "6" to keep the third sex and their supporters trapped within the Marxist prison of the Christos. The idiots who feel that Lucifer is the Christos, and think they can separate a Jewish Jesus/Yeshua from an Aryan Christ need to grow up and snap out of this Jewish hoax. End of story.

Here is the sermon. It is not for the weak or the faint of the "gay heart." This is reality.

The Saturnian Gay "Pride" Flag Exposed! by High Priest Jake Carlson

This sermon does not cover the history of the six-rayed Gay "Pride" rainbow flag, but is about how the Jews use this symbol. Like the "pink triangle," that the Jews tell their LGBT slaves to adorn themselves with as "the courage to survive in the faces of 'hate,' 'bigotry,' and 'oppression,'" the Jews also use the rainbow "Pride" flag as a symbol of eternal "victimhood" in the name of "liberation."

Christianity's condemnations against the "passive" partner in the homosexual sex act contains some irony in a tragic sense, because for Gentiles, although homosexual behavior is forbidden [except within the Catholic pedophile church], Christianity and

the Jewish Kingdom of God DEPEND UPON WEAKNESS, MEEKNESS, FEMINISM, AND UNMANLINESS!!! Although these traits are not inherent in every third sex person, the Jews who control the Marxist LGBT Rights movement have been creating third sex Gentiles in the image of a bisexual, meek, suffering, exploited, downtrodden, marginalized Jewish bachelor, Jesus Christ. The Jews then spread this spiritual parasitism among their third sex Gentile hosts who originally only wanted to acknowledge that homosexuality was a part of them that isn't to be repressed or ashamed of, but because of Jewish brainwashing, have demanded that homosexuality, or "queerness," be their entire race, nation, and identity that is to be pushed into the faces of everyone, and vilify all who object, NOT to homosexuality itself, but to this militant shock troop Marxist revolutionary subversion of White Aryan Pagan society, culture, and Civilization.

The weak, meek, and the submissive outcasts, deviants, and marginalized make the best vessels for the Jewish scum-bag "holy spirit" that totally annihilates all differences between the different genders, races, castes, creeds, colors, and nationalities at the coming of Christ. Like the fictional Jewish character of Christ, his Jewish people always befriend the outcast and turn them against the worthwhile portions of society--White Pagan Civilization.

Like Romans chapter 1: 24-27, the following verse from the Jewish New Testament attacks the freedom that was White Aryan pre-Jewish Paganism, which is Satanism. It attacks any Gentile heterosexual who doesn't accept the Jewish-invented birth control tactic of "one man/one woman marriages." However, this verse also clearly attacks homosexual behavior among Aryan men, but without using the word "homosexual" or even "sodomy."

"Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind..." -- 1 Corinthians 6:9

"Arsenokoitai," in Greek, means male-bedders, which has been applied to the "abusers of themselves with mankind" described in 1 Corinthians 6:9. This is the "active" role, or the "top" in the homosexual sex act. Likewise, "Malakoi," in the same verse, is the Greek term for the male who takes the "passive" role during homosexual intercourse. Some interpret "Malakoi" as "effeminate" or "unmanly," but a man's masculinity, or lack thereof, more often than not, has very little to do with their private life.

Homosexuality and meekness are not inherently related, but through Jewish social conditioning, the Jewish people have found a loophole to keep the third sex trapped in the Jewish Kingdom of God through secularized Christianity, which is just as deadly to Satanists as bible-thumping Christian fundamentalism. The minds of Liberals close much tighter and much sooner than the "bigots" and "haters" of the so-called "Religious Right Wing" that they claim to be liberating the "oppressed" from.

The numbers "3" and "6" tie into the Saturnian Jewish forces, the Jewish "God," the Jewish people, Christianity, Islam, and Marxism, etc. "3" and "6" are not to be confused with the SATANIC "666." "6" signifies imperfect/incomplete man. "66," like the 66 books within the Christian Bible, represents slave labor of the "goyim" [Gentiles] under a Jewish Utopian one-world

government of Christ. "3" with "6" signify the merging of all races and nations together into one big "happy family" of Jesus Christ. On the other hand, "666," which has a completely different meaning, represents the White Aryan MAN-GOD and the New Aeon of Satan.

There are seven main major chakras in the human soul, and their colors are: base-red, sacral-orange, solar-yellow, heart-green, throat-blue, sixth-indigo, and crown-violet. Today [2/8/2017], Satan made me think about something I've never considered thinking about. The Gay "Pride" rainbow flag only has SIX out of the seven colors of the chakra system. The colors of the Gay "Pride" flag are: red, orange, yellow, green, blue, and violet. This means that the kundalini serpent that the Jews have forged for the Jewish gay movement goes from the throat chakra directly to the crown chakra, totally skipping and disregarding the sixth chakra [indigo]. The Jews behind this design for "gay liberation" intentionally created a portal to Saturnian energy to keep those "out and proud" LGBT people and their supporters trapped under the three-dimensional material world of Jehovah-Yahweh-Christos-Allah-Muhammad, totally devoid of the Satanic potential for true physical AND spiritual perfection that would otherwise be the birthright of all Gentiles.

Today, Satan told me that the six instead of seven chakra colors for the Gay "Pride" rainbow flag and the sixth chapter of 1 Corinthians verse 9 are somehow linked. That scripture says that the third sex, whether the "active" or "passive" partner, are both denied access to "heaven" unless they "repent" from this so-called "unnatural" behavior. Some Satanists who are still Christians when it comes to homosexuality like to "turn the tables" and focus on the homosexuality of Christ and his followers so they won't have to give up their traditional Christian values about homosexuality. These hypocrites, then try to apply their anti-homosexual Christian values to Satanism, instead. This sheer hypocrisy doesn't go unpunished by Satan, however. In Satanism, it is extremely unwise for there to be hang-ups surrounding the sex lives of consenting adults, unless race-mixing, rape, or pedophilia are involved. Besides, many husbands and wives perform the very same sex acts that are attributed to homosexuals in the first place, but we don't hear about that very often, nor do we need to.

The truth behind the "can't go to heaven" myth for the third sex is found within the Marxism of the LGBT Rights movement, itself. "Heaven" and "Hell" are code words for the upper and lower chakras, with the base chakra where the kundalini serpent of Satan resides coiled and dormant. For many people with hang-ups and enemy indoctrination, including the equality crap that is spouted off by Marxist revolutionaries, if their serpent ascends, it will either get trapped somewhere around the solar plexus chakra, or retreat back down in the base chakra.

Satanism is true Nazism, and many of today's Nazis unfortunately have Christian biases against homosexuality, even if some of these Nazis with Christian values are Atheists, Agnostics, Odinists, or even Satanists. Christianity is a virus that can strike any person, even if they have never been exposed to Christianity or related Jewish scum. THAT IS HOW THE CHRISTIAN CONTAGION WORKS!! IT SPREADS LIKE A PLAGUE!!! In true Nazism, both heterosexuality AND homosexuality are not only tolerated, but are welcomed. However, it is the re-population of the Satanic White Aryan Race on planet Earth through the sexual union of White

Aryan men and women that is in dire need of **\*\*ACTIVISM\*\*** UNTIL ORDER AND BALANCE ARE RESTORED AND JUSTICE IS SERVED! This doesn't mean that the third sex will be unimportant in the Fourth Reich if they don't procreate, but it is simply the price to pay for the fact that Satan has made it a Law of Nature that no two people are equal with one another. I can accept this. Can you?

Here is how a self-identified "Queer Christian" has created a prayer to outline each color of the Gay "Pride" rainbow flag that is designed not to "liberate" like it claims to, but to keep White Gentile third sex victims of this Marxian creed trapped in Jehovah-Yahwehland, away from the spiritual realm, and without hope for physical AND spiritual perfection through our God, Satan, the true Lucifer. Notice the Marxist equality and racial diversity scam that is supported by Christ, who DOES, in fact, support and represent the Marxist LGBT Rights movement. This is so typical of any Jewish movement, or any movement that is at least given the Jewish kosher seal of approval. Any TRUE Satanist will find the following to be just as repulsive and degenerate as "born-again" Bible-thumping Christian fundamentalist fanaticism.

"Rainbow Christ, you embody all the colors of the world. Rainbows serve as bridges between different realms: heaven and earth, east and west, queer and non-queer. Inspire us to remember the values expressed in the rainbow flag of the lesbian, gay, bisexual, transgender and queer community.

Red is for life, the root of spirit. Living and Self-Loving Christ, you are our Root. Free us from shame and grant us the grace of healthy pride so we can follow our own inner light. With the red stripe in the rainbow, we give thanks that God created us just the way we are.

Orange is for sexuality, the fire of spirit. Erotic Christ, you are our Fire, the Word made flesh. Free us from exploitation and grant us the grace of mutual relationships. With the orange stripe in the rainbow, kindle a fire of passion in us.

Yellow is for self-esteem, the core of spirit. Out Christ, you are our Core. Free us from closets of secrecy and give us the guts and grace to come out. With the yellow stripe in the rainbow, build our confidence.

Green is for love, the heart of spirit. Transgressive Outlaw Christ, you are our Heart, breaking rules out of love. In a world obsessed with purity, you touch the sick and eat with outcasts. Free us from conformity and grant us the grace of deviance. With the green stripe in the rainbow, fill our hearts with untamed compassion for all beings.

Blue is for self-expression, the voice of spirit. Liberator Christ, you are our Voice, speaking out against all forms of oppression. Free us from apathy and grant us the grace of activism. With the blue stripe in the rainbow, motivate us to call for justice.

Violet is for vision, the wisdom of spirit. Interconnected Christ, you are our Wisdom, creating and sustaining the universe. Free us

from isolation and grant us the grace of interdependence. With the violet stripe in the rainbow, connect us with others and with the whole creation.

Rainbow colors come together to make one light, the crown of universal consciousness. Hybrid and All-Encompassing Christ, you are our Crown, both human and divine. Free us from rigid categories and grant us the grace of interwoven identities. With the rainbow, lead us beyond black-and-white thinking to experience the whole spectrum of life.

Rainbow Christ, you light up the world. You make rainbows as a promise to support all life on earth. In the rainbow space, we can see all the hidden connections between sexualities, genders and races. Like the rainbow, may we embody all the colors of the world! Amen." [1]

The "Queer Christian" Jewish Utopia outlined by the above prayer's author is the changing face of Cultural Marxism. There are many weak people who call themselves "Satanists," but are opposed to Nazism because they find it to be a stumbling block for their meekness, and desires for the oh-so "oppressive" White Aryan Race of Satan to go extinct while they offer their bleeding heart compassion to Liberal institutions that teach the lesser-thans how to revolt against White Civilization. These people that are "Satanists" only by name, but not through theory and practice, will not experience the raptures of Satan's Kingdom on Earth. On the contrary, they will writhe in agony in the presence of the real, living Satan and his Chosen One, the Anti-Christ.

In light of this sermon, with the revelation from Satan that the Jewish people who push the Marxist gay liberation movement are working to keep the third sex and their supporters trapped in the strictly material realm of Jehovah-Yahwehland, is it any wonder why the Jews also promote the most dangerous and reckless lifestyles, habits, and addictions among the White Aryan portion of the third sex more than anyone else? Of course this unhealthy atmosphere that reeks of Jehovian death and destruction is the resulting backlash of Christian oppression that teaches the third sex that they are going to burn and suffer in a lake of fire for all eternity without any hope. Some Christians even teach that it isn't the denial of, nor the blasphemy against, the "holy spirit" that is the unpardonable sin, but homosexuality. Something that even many Satanists who still have an occasional Christian "cramp" in their side about homosexuality forget is that it is these Christian teachings that program many third sex people to live dangerously and spread disease through what has been labeled "the homosexual lifestyle," where promiscuity and drug and alcohol abuse have been singled out by millions as a political statement, and even yet for some, they believe that they are getting in touch with the spiritual through these disastrous practices.

While it is perfectly fine to lay blame on the third sex individuals who are consciously working for the destruction and assimilation of the White Race into universal bastardy, many others are well-meaning people who were the victims of Jewish brainwashing that the Jews presented as the only "alternative" to Christian oppression. It is the Jewish people who are hiding behind these human shields, teaching the third sex to be perpetual "victims" of the White Male Patriarchy that are to receive the blame, not the third sex who can be given the chance to wake up.

Proof of many third sex people's infection with Jewish materialism can be seen by the many homosexual men who come to Satanism expecting this religion to define Satan the way he is defined in the Christian [Jewish] Bible or how he is portrayed in Anton LaVey's "The Satanic Bible." These people expect Satanism to be all about sex and "phallus worship," black masses, and other forms of rebellious, reverse Christianity instead of pro-White Aryan Pagan Satanism, which is spiritual, it focuses on the spiritual, and it seeks to enlighten Satan's Aryan people. If people are inclined to indulge in their own fetishism, it is to be done only on their own time, and only within the confines of a community of those who enjoy the same thing.

**SATANISM IS NOT ABOUT DRUGS, ADDICTIONS, DIRT, FILTH, DARKNESS, DEVIANCY, EVIL OR PERVERSION! SATANISM IS LIFE ITSELF!** If this reality doesn't set well with you, then Satanism clearly wasn't meant for you.

The point is that the Jewish, Saturnian curses of "3" and "6" have taken their toll upon this portion of the White Aryan population more than most people realize or even want to know. If you are against helping the third sex live as citizens among White heterosexuals in a National Socialist society, without anymore chaos and confusion, then you are just as responsible for the collapse of White Civilization as the homosexuals that you hate. We have to work together. It is only the Jews who benefit from our pitting ourselves against one another by seeing homosexuality and heterosexuality as categories of separate groups of people, as if something so insignificant as sexual preference could be equated with race or nation. **THIS IS THE LIMIT. GROW UP. WAKE UP!!**

Last but not least... The third sex at large, for the most part at the current moment, is not a threat to the Jewish powers that be because there are the third sex who are either 1) pacifist, effeminate degenerates who passively sit by idly allowing the death and destruction of the White Aryan Race of Satan, or 2) the outspoken crowd of LGBTs who are not so idle about the death and destruction of the White Aryan Race, but work actively alongside the Jews to kill us off. What we need to do is wake these lost souls up, rehabilitate them, and teach them how to channel their destructive/transformational/shamanic powers into the death of the Jewish people, once and for all. Peace can only be established on a planet Earth that is devoid of our enemies. It is either us or them.

Although many third sex people's **THREAT BUTTON** against the Jewish Saturnian powers has been disabled for many centuries, due to Christian [Jewish] oppression and the Marxist rebound, the third sex can be reawakened and join their heterosexual brothers and sisters in Satan.

Like heterosexuality, homosexuality has a unique function. Although Aleister Crowley is not a figure that Satanists of today should look up to as a role model, due to the fact that rather than choosing Satan, he chose to attempt to live the life of a non-Jewish rabbi, we can still learn a great deal from him. The problem for Crowley was that he was a victim of the time in which he lived and a lack of knowledge. However, it cannot be denied that in his studies, experiments, and travels, he learned lots about

what is considered Satanism, such as Pranayama [Yogic breathing exercises] and Hatha and Kundalini Yoga and Tantra. Crowley's downfall was for the fact that by not being unconditionally aligned with Satan's desires, his use and abuse of the Powers of Hell [Demons], and drug use, he was an open channel for the enemies of Satan at all times.

On a lighter note, here is something that Crowley found out about human sexuality that Satan has confirmed for me to be true a long time ago.

"[Aleister] Crowley...came to believe that the power of heterosexuality lay in reproduction, whereas the power of homosexuality lay in the shamanic experiences of transformation and death/rebirth. Related to this, he viewed heterosexual relations as extending outward (as to children) and homosexual relations as creating a circuit or loop of magical energy or power. Crowley continued to experiment with homosexual magic, as he did with heterosexual magic, for the remainder of his life." "[In Crowley's] poem 'Hymn to Pan,' read at his funeral...the essence of Crowley's experience with the sacred [is expressed]: "...Pan! Io Pan! / I am thy mate, I am thy man, / Goat of the flock, I am gold, I am god. / Flesh to thy bone, flower to thy rod." [2]

Once more third sex people start coming to Satan, dedicate, study White History, and get committed to daily meditation, they will be an explosive threat to the enemies of Satan once again, and there will no longer be any Christian qualms from National Socialists who have Christian leftovers in their psyches concerning homosexuality.

Your want for that means the jews have won you over. They want you to think that way and feel like that. Not one jew or grey wants you to feel love for your people nor compassion nor priding yourself on the fact your an Aryan and you have a people to be with. We are a tribe. The most advance one on earth. We Aryans are the strong spiritual kin of Satans seed. We have endlessly strove to be better but when that better is confused in our programming and good becomes evil and evil good we end up fighting so hard for the wrong side. Just look at how quickly Germany rose to power with the guidance of good strong powerful people.

The reason why we few have come here is because in a past life we where all once spiritual or have only been reincarnated a few times so that the jews programming is not to deep that we can no longer resist. Our souls are stronger then the rest of our kind. Even still though it could be a combination or even we simply have had a life to lead us away. What ever the reason we are here, and in the Fuhrer's own words "The most important thing in life you have is your own people." Let that resonate with you. Let his wisdom attach itself to your core. You see your blood is not your own. It is your peoples and your ancestors. If you resent attack or dilute your blood in anyway, such as race mixing, you have harmed your people heavily. Now to get rid of a bad person within your kind is a noble act because it is all our job to call our people on their own bullshit. To make them as great as they can be. At the end of the day you are Satans your family and the whole of the Aryan race. Be proud. Be strong. Be a warrior in Satans glorious name.

Have you ever wondered what is it about us White Spiritual Satanists, that in spite of all of the Jewish brainwashing programs, Christianity, Communism, Multiculturalism, etc it never worked? Even though most Whites fall for it so helplessly everytime. All it takes for most Whites is some idealistic bullshit like "We are all one and equal, we're all the same in the eyes of God, lets spread love, not hate." and then they are putty in the kikes hands.

When I look at most Whites today and from when I was at school growing up, I was nothing like them. I don't think, feel or react ANYTHING like most other Whites who are not Spiritual Satanists apart from a small number of people I happened to meet, who I am sure are from Satan in previous lives.

I am not idealistic, individualistic, compassionate, liberal, or any of the other things which seems to come natural to most Whites. Even most White identity groups seem to pride themselves on things which are alien to me and it's not just the Jewish brainwashing I am talking about.

I was always very tribal and cynical and exclusive and pretty much amoral by nature, I may as well be a different race from most White people honestly. I hate to say it, but I feel like I have no great love for my own people anymore. In fact I am starting to resent them because they put me on this sinking ship with them! When all I ever wanted is what is best for my own race, most of them will hate me just for thinking like that. All because of their own stupid compassion and tolerance bullshit.

I really wish that Whites who are like us could just somehow isolate ourselves from the rest of the White population and become our own tribe and procreate only with ourselves and eventually become our own new race. Leave the rest of the Whites to just get on with whatever they're doing.

I know Jewish influence is what it is but the truth is the kind of weapons Jews use against Whites only worked because Whites are hopelessly idealistic and moral bound by nature and I hate it.

All it took is to convince Whites it's morally righteous to commit racial suicide and they were ready to go for it. It's so fucking pathetic. Even a Negro wouldn't fall for that. Can you imagine any non-White race doing that just to be "good people"? Can you imagine the people of Nigeria letting themselves become a minority in their own country just to be "good people" and because it's "racist" not to? Who else is that pathetically moralistic that this trick of the Jews could even work?

Sometimes I wish I had just be born Japanese or something. Yeah I would be short, weird looking and no longer have God potential but least my existence would make some sense.

Awesome!

Especially the analogy about hetero and homo sexual powers. Another example for why all sexual experiences should be special.

Also, you nailed it about the flag colors. I always knew something was off, but couldn't figure it out. [I never liked it because of the up side down cross. But there was always more.] How would you change the gay pride flag to be more balanced and accurate? What would it look like? Would you be able to/want to use the new flag?

This doesn't mean that the third sex will be unimportant in the Fourth Reich if they don't procreate, but it is simply the price to pay for the fact that Satan has made it a Law of Nature that no two people are equal with one another. I can accept this. Can you?

Here is how a self-identified "Queer Christian" has created a prayer to outline each color of the Gay "Pride" rainbow flag that is designed not to "liberate" like it claims to, but to keep White Gentile third sex victims of this Marxian creed trapped in Jehovah-Yahwehland, away from the spiritual realm, and without hope for physical AND spiritual

perfection through our God, Satan, the true Lucifer. Notice the Marxist equality and racial diversity scam that is supported by Christ, who DOES, in fact, support and represent the Marxist LGBT Rights movement. This is so typical of any Jewish movement, or any movement that is at least given the Jewish kosher seal of approval. Any TRUE Satanist will find the following to be just as repulsive and degenerate as "born-again" Bible-thumping Christian fundamentalist fanaticism.

"Rainbow Christ, you embody all the colors of the world. Rainbows serve as bridges between different realms: heaven and earth, east and west, queer and non-queer. Inspire us to remember the values expressed in the rainbow flag of the lesbian, gay, bisexual, transgender and queer community.

Red is for life, the root of spirit. Living and Self-Loving Christ, you are our Root. Free us from shame and grant us the grace of healthy pride so we can follow our own inner light. With the red stripe in the rainbow, we give thanks that God created us just the way we are.

Orange is for sexuality, the fire of spirit. Erotic Christ, you are our Fire, the Word made flesh. Free us from exploitation and grant us the grace of mutual relationships. With the orange stripe in the rainbow, kindle a fire of passion in us.

Yellow is for self-esteem, the core of spirit. Out Christ, you are our Core. Free us from closets of secrecy and give us the guts and grace to come out. With the yellow stripe in the rainbow, build our confidence.

Green is for love, the heart of spirit. Transgressive Outlaw Christ, you are our Heart, breaking rules out of love. In a world obsessed with purity, you touch the sick and eat with outcasts. Free us from conformity and grant us the grace of deviance. With the green stripe in the rainbow, fill our hearts with untamed compassion for all beings.

Blue is for self-expression, the voice of spirit. Liberator Christ, you are our Voice, speaking out against all forms of oppression. Free us from apathy and grant us the grace of activism. With the blue stripe in the rainbow, motivate us to call for justice.

Violet is for vision, the wisdom of spirit. Interconnected Christ, you are our Wisdom, creating and sustaining the universe. Free us from isolation and grant us the grace of interdependence. With the violet stripe in the rainbow, connect us with others and with the whole creation.

Rainbow colors come together to make one light, the crown of universal consciousness. Hybrid and All-Encompassing Christ, you are our Crown, both human and divine. Free us from rigid categories and grant us the grace of interwoven

identities. With the rainbow, lead us beyond black-and-white thinking to experience the whole spectrum of life.

Rainbow Christ, you light up the world. You make rainbows as a promise to support all life on earth. In the rainbow space, we can see all the hidden connections between sexualities, genders and races. Like the rainbow, may we embody all the colors of the world! Amen." [1]

The "Queer Christian" Jewish Utopia outlined by the above prayer's author is the changing face of Cultural Marxism. There are many weak people who call themselves "Satanists," but are opposed to Nazism because they find it to be a stumbling block for their meekness, and desires for the oh-so "oppressive" White Aryan Race of Satan to go extinct while they offer their bleeding heart compassion to Liberal institutions that teach the lesser-thans how to revolt against White Civilization. These people that are "Satanists" only by name, but not through theory and practice, will not experience the raptures of Satan's Kingdom on Earth. On the contrary, they will writhe in agony in the presence of the real, living Satan and his Chosen One, the Anti-Christ.

In light of this sermon, with the revelation from Satan that the Jewish people who push the Marxist gay liberation movement are working to keep the third sex and their supporters trapped in the strictly material realm of Jehovah-Yahwehland, is it any wonder why the Jews also promote the most dangerous and reckless lifestyles, habits, and addictions among the White Aryan portion of the third sex more than anyone else? Of course this unhealthy atmosphere that reeks of Jehovian death and destruction is the resulting backlash of Christian oppression that teaches the third sex that they are going to burn and suffer in a lake of fire for all eternity without any hope. Some Christians even teach that it isn't the denial of, nor the blasphemy against, the "holy spirit" that is the unpardonable sin, but homosexuality. Something that even many Satanists who still have an occasional Christian "cramp" in their side about homosexuality forget is that it is these Christian teachings that program many third sex people to live dangerously and spread disease through what has been labeled "the homosexual lifestyle," where promiscuity and drug and alcohol abuse have been singled out by millions as a political statement, and even yet for some, they believe that they are getting in touch with the spiritual through these disastrous practices.

While it is perfectly fine to lay blame on the third sex individuals who are consciously working for the destruction and assimilation of the White Race into universal bastardy, many others are well-meaning people who were the victims of Jewish brainwashing that the Jews presented as the only "alternative" to Christian oppression. It is the Jewish people who are hiding behind these human shields, teaching the third sex to be perpetual "victims" of the White Male Patriarchy that are to receive the blame, not the third sex who can be given the chance to wake up.

Proof of many third sex people's infection with Jewish materialism can be seen by the many homosexual men who come to Satanism expecting this religion to define Satan the way he is defined in the Christian [Jewish] Bible or how

he is portrayed in Anton LaVey's "The Satanic Bible." These people expect Satanism to be all about sex and "phallus worship," black masses, and other forms of rebellious, reverse Christianity instead of pro-White Aryan Pagan Satanism, which is spiritual, it focuses on the spiritual, and it seeks to enlighten Satan's Aryan people. If people are inclined to indulge in their own fetishism, it is to be done only on their own time, and only within the confines of a community of those who enjoy the same thing.

**SATANISM IS NOT ABOUT DRUGS, ADDICTIONS, DIRT, FILTH, DARKNESS, DEVIANCY, EVIL OR PERVERSION!  
SATANISM IS LIFE ITSELF!** If this reality doesn't set well with you, then Satanism clearly wasn't meant for you.

The point is that the Jewish, Saturnian curses of "3" and "6" have taken their toll upon this portion of the White Aryan population more than most people realize or even want to know. If you are against helping the third sex live as citizens among White heterosexuals in a National Socialist society, without anymore chaos and confusion, then you are just as responsible for the collapse of White Civilization as the homosexuals that you hate. We have to work together. It is only the Jews who benefit from our pitting ourselves against one another by seeing homosexuality and heterosexuality as categories of separate groups of people, as if something so insignificant as sexual preference could be equated with race or nation. **THIS IS THE LIMIT. GROW UP. WAKE UP!!**

Last but not least... The third sex at large, for the most part at the current moment, is not a threat to the Jewish powers that be because there are the third sex who are either 1) pacifist, effeminate degenerates who passively sit by idly allowing the death and destruction of the White Aryan Race of Satan, or 2) the outspoken crowd of LGBTs who are not so idle about the death and destruction of the White Aryan Race, but work actively alongside the Jews to kill us off. What we need to do is wake these lost souls up, rehabilitate them, and teach them how to channel their destructive/transformational/shamanic powers into the death of the Jewish people, once and for all. Peace can only be established on a planet Earth that is devoid of our enemies. It is either us or them.

Although many third sex people's **THREAT BUTTON** against the Jewish Saturnian powers has been disabled for many centuries, due to Christian [Jewish] oppression and the Marxist rebound, the third sex can be reawakened and join their heterosexual brothers and sisters in Satan.

Like heterosexuality, homosexuality has a unique function. Although Aleister Crowley is not a figure that Satanists of today should look up to as a role model, due to the fact that rather than choosing Satan, he chose to attempt to live the life of a non-Jewish rabbi, we can still learn a great deal from him. The problem for Crowley was that he was a victim of the time in which he lived and a lack of knowledge. However, it cannot be denied that in his studies, experiments, and travels, he learned lots about what is considered Satanism, such as Pranayama [Yogic breathing exercises] and Hatha and Kundalini Yoga and Tantra. Crowley's downfall was for the fact that by not being

unconditionally aligned with Satan's desires, his use and abuse of the Powers of Hell [Demons], and drug use, he was an open channel for the enemies of Satan at all times.

On a lighter note, here is something that Crowley found out about human sexuality that Satan has confirmed for me to be true a long time ago.

"[Aleister] Crowley...came to believe that the power of heterosexuality lay in reproduction, whereas the power of homosexuality lay in the shamanic experiences of transformation and death/rebirth. Related to this, he viewed heterosexual relations as extending outward (as to children) and homosexual relations as creating a circuit or loop of magical energy or power. Crowley continued to experiment with homosexual magic, as he did with heterosexual magic, for the remainder of his life." "[In Crowley's] poem 'Hymn to Pan,' read at his funeral...the essence of Crowley's experience with the sacred [is expressed]: "...Pan! Io Pan! / I am thy mate, I am thy man, / Goat of the flock, I am gold, I am god. / Flesh to thy bone, flower to thy rod." [2]

Once more third sex people start coming to Satan, dedicate, study White History, and get committed to daily meditation, they will be an explosive threat to the enemies of Satan once again, and there will no longer be any Christian qualms from National Socialists who have Christian leftovers in their psyches concerning homosexuality.

Excuse but why the Third Sex is even supposed to have a flag in first place? Didn't you just read in the sermon (and plenty of other HP Jake's sermons) and this pointless creation of culture around one's sexuality? Let's create the flag for left-handed people as well lol.

Awesome!

Especially the analogy about hetero and homo sexual powers. Another example for why all sexual experiences should be special.

Also, you nailed it about the flag colors. I always knew something was off, but couldn't figure it out. [I never liked it because of the up side down cross. But there was always more.] How would you change the gay pride flag to be more balanced and accurate? What would it look like? Would you be able to/want to use the new flag?

Thank you!

Sam I am still a Spiritual Satanist, I still believe in national socialism and race and kinship and I am still going to do the RTRs. All I am saying is, from now

on, I am opting for a more narrower definition of - my people - than the entire White race.

Instead, it's just Whites who are like me, namely Spiritual Satanists and of course direct family that I consider my own. But I intend to make those two one and the same, I want to meet a Satanist and have children with him this way I will raise my children the same religion as me.

When I look at these Trade Unionist protesters on my streets and feminist and spoilt brat marxist protesters and race mixers and as HP Jake just said the Third Sex people who have been infected with these" LGBT" mind poison and all of the other degenerates which I have never fit in with and who would never accept me if I was my true self in front of them, I just don't want to call them "my people". It feels like such a relief to just disidentify and disconnect myself from them.

I fight for myself and I also fight for you and the others here, I will fight for the Whites who are racially aware and loyal. But I am indifferent to the remainder of them now until they decide to be for their people.

There are Whites who I look at and feel love for and proud to call my own like Hitler and the High Priests so I will go with that.

@ egon\_88\_666 Remember the Soviet defector Yuri Bezmenov, Marxists are only looking for a source of revolutionary energy, whether it be certain racial groups, women, homosexuals, trans, working class or whatever. They don't care, as long as they can turn people against the society, that's all they care about. Come revolution, the homosexuals and feminists and anyone deemed an enemy to the Marxist-Leninist state is purged. They don't really care about the workers or women or anyone. It's all a game to create revolutionaries to fight on the Jews behalf.

Another thing is immigration, can you name a single Communist state there has ever been which didn't have extreme control over the movement of people? Both into, out of and within the state. They control who goes where 100% of the time. Allowing zero immigration. Not that anyone would even want to move to a Communist state anyway. In fact they build walls to keep people in.

No way do these kikes really care about illegal aliens or LGBT or women or workers, they're just looking for people to use as their fodder to establish their new system.

Ashley, although it may be a relief to dis-identify with the degenerates among our Race, but they ARE members of our race.

They have the same blood as us, and yes, some are very degenerate, and yes some have crossed the line and will never be one of us, but they are still Aryan. And we need to make the greatest effort that we can to try and liberate them.

Because we can't help everyone, but we should help all that we can help.

Remember that Germany in the 1920s and 30s was in economic disrepair, and a decent bit of the population has been corrupted by jewish ideals. Ask yourself, did Adolf Hitler dis-identify himself with the German people? Did he decide to leave them to their fate? No, Adolf Hitler strove to free the German people from the shackles of jewish oppression.

And we must do the same for our Aryan peoples who can be saved.

HAIL SATAN!!!

## The Future is On Our Hands

Greetings to all our Satanic People and Comrades.

Many people do not understand the importance of our undertaking. Importance does not necessarily mean a rigid sense of duty, sacrificing all joy or whatever else hollywood may have had people to believe. It can actually be quite fun, and dutiful at the same time, same as tiring and many other things. "Purposes" are not written in just some stone in the heavens. Purposes are manifested by conscious action. Importance can be upheld and honored by at least doing a minor decision in the day to honor this importance you have understood for example.

Reading quite an amount of charts lately, I have come to notice many repeating [patterns](#), mainly for the good. This post is to relate to you some of what I have seen, but also, make up your mind in the fact that I will update people as we go.

Satanists more or less being serious and following the path, will be treated accordingly by the Gods. Most relationships with decent beings, unless if they are scumbags, are such a give and take situation. The more serious they are taken (not only in verbal expression but in action and advancement, loyalty to them) the more serious the Gods will take them in return. So everything I am about to state, falls under this category and rule. If someone just neglects everything and always gets too carried away by a meaningless and fruitless existence, fruits cannot be expected.

The emphasis on one's intellectual, physical and spiritual advancement is not focused upon by the JoS as some sort of joke or 'could be or couldn't be important' thing. Its the hard reality of Satanism. Especially at a point in time and space where outside in this world, many humans are brain-dead, walking zombies.

The more one gets into Spiritual Satanism, the more one sees and does understand an unveiling purpose. Now, how much will one understand falls on many factors. One is one's receptivity, how much one is willing to look into matters, and how serious one is about their beliefs and their advancement. This doesn't force anyone to go outside of their waters and push things more than what is good, but people who are sleeping and waiting to wake up kings will be severely disappointed.

Astrology, expect of a demanding science is actually one that if solely done 'by the book' and no spiritual insight on the behalf of the astrologer, reveals few things if at all. Lydia and other [astrologers](#) more or less know it. Though even at that menial and simple level, astrology is very revealing of the [fatalities](#) of fate, and shows blantly that yes, karma exists whether humanity "likes it" or not. Any such Karma can be surpassed only by the means the Gods have handed down to us, and awareness of it.

For those who think these things are jokes, try to play a [fast](#) one, and always think themselves so highly intelligent and above everything...This still can be tracked into the Natal chart, in a funny note. Conversating back and forth with another astrologer in the groups, I was making a joke about how many people who do not 'believe' into the occult, you can find it in their natal chart anyway. This is the case for many other things.

Now in our people whose charts I have done, I have seen wonderful parents, people of [ethic](#), a LOT of creativity, and many other things. One thing that needs to be

mentioned is that no matter the age of the people, most have very strong aspects for idealism, and aspects that show a non-selfish character that is really interested for the wellbeing of Humanity. Many people also have bad planets where organized religion is involved, while at the same time aspects that involve a high idealization of religion.

In short, this can be self-revealing that many souls here aren't on their first lifetime, and more than likely have serious grudges that go lifetimes back with the Jewish programs of Pisslam and Xianity. We have idealistic people who really care for the world, and absence of the so called 'very evil selfish' aspects is also quite apparent. In people who have such (few) there are other aspects to balance these. What I am trying to say, is that nothing of these things is a 'coincidence' for people who can read between the lines.

I have seen charts of people who are many years 'older' than many people here. In these charts you can observe their longing, and how due to not having a gate to express themselves and find the Truth, people might have remained for years ignorant as a result. This is the enemy, and as Satanists, it's our spiritual and moral obligation to keep Spiritual Satanism alive, pass it down to our children and grandchildren (without violence or proselytism - just enlightenment) so that souls will no longer be lost again. There is nothing more evil than robbing people of their potential to advance and become better. This stagnates the Soul and causes the spirit to have problems.

Thankfully, now we have the JoS and I myself have been saved from this same as tens of thousands others. The difference between most people, if we remove most other things, is how SERIOUSLY people take this undertaking. I see that I deal with people who have high moral expectations, and people who are people of dignity. So much of the "Satanist Soul" and how "Evil and Gruesome" it is. So many of you people are healers and people who will heal the world, even if it means in the smallest gesture. I have always had unwavering belief in everyone. On the other hand, we have people who are extremely intense and can be spiritually or otherwise brutal and violent, something that rats who want to trap humanity in the cage might want to consider.

You will be with yourself ETERNALLY and so long you exist. It's an unwise investment to let your dreams go, not advance spiritually, not fight the enemy. Humans are to exist in that dimension, and if you don't advance now, you will pay the price.

All people have a Pluto. Pluto was known in the past, but later on Pluto had to be rediscovered. Pluto moves so slowly, as it can take hundreds of years for it to make a full turn around a natal chart. This means that for example, if we take the average lifetime of a person, they will experience Pluto in maybe one-third of their chart. Pluto causes massive changes, most of the time coming as unavoidable results of past life actions. Karma is not some heavenly crap. It's a rule of what you reap, you will sow. You also sow for the things you deserve NOT to sow. This is again a choice.

You do choices all the time, even when you don't- and these choices have influence. The enemy hides that from people as they like to maintain low level, weak cattle, easy for control, and unaware of potential. Even your small choice to meditate today or not, actually forms your day tomorrow. The day tomorrow, the day after. The day after the day tomorrow, the week. The weeks form your habits, and your habits form you. Good habits will create a new you, bad habits will create you into trash and invite weakness. If you are above 13 years old, you can understand it, and even younger. This is why in Satanism we value animals and children, because neither understand these concepts, and they are under the protection of those who do. Depending on the maturation of individuals, the times vary, but this is just an example of course. But when one grows up, one has to be conditioned in this understanding, and as their ability allows, start getting life to their hands. Assistance, guidance and help always available of course. Karma (good or bad) may be carried from one lifetime to another and manifest in different ways.

Even if someone has is great and perfect in this lifetime, due to being unspiritual and weight of negativity and external circumstance pushing on their Soul, the next lifetime may suffer. The Soul does not comprehend time in a linear, left brained standby. It has its own rules. No matter where you are, you need to procure for yourself. Are you high up and amazing now? Excellent- make it EVEN BETTER. Are you one step before destruction? "Excellent" - Make it ALWAYS BETTER.

When one does not know about spirituality, which is a fundamental part of existence and life that was forcibly removed, one can fall prey to savages and fools. There are a few people amongst us here who are higher up, VIP Souls that will make great achievements in their lifetime. However, since these are energies that are set and the Soul understands a particular language, its effort that's needed on your behalf. One doesn't need to be anyone else, just be you.

You will be amazed and stunned on how can a couple of years of meditation and adherence, and taking care of yourself and fighting get you. Nothing else in life will pay you that way. Shortly one realizes that one's past 'existence' was just a menial and very low level task, no matter where one was. It is literally NEVER, EVER too late.

Additionally, Satan and the Gods would never let a dedicated Satanist and their Soul just wither or get lost, which is the unfortunate case of so many others. Don't sleep on that however. This is to just show you that you can do things on yourself.

There is a bright future ahead of us. Both in the closeby future, and far ahead. For that reason, everyone needs to start getting themselves up and understand and realized how lucky you are, out of all these people, to have the knowledge we have here, the Gods as a family, and the abilities of development that other beings will more than likely never have. Other people will fall in pits from which one can NEVER recover- you, even in the lowest of pits, you have help if only so you decide to get out of there. Let alone if you are careful and apply wisdom, never fall into the pit of ignorance again. From a historical standpoint, what we do here, and the responsibility all of us in their own terms carry is a big one.

We are heralds of a new revolution, against a lot of rot on this planet. A lot of things must change, and a lot of things will. However for this to happen this change has not only to be expected to rain from the heavens, but people to actually do it. There is infinite potentiality. If a collective of crazy yids can actually manifest their world-slave-empire, so should the Children of Satan strive for higher and more divine purposes. Especially these dupe programs of pseudo-moral and (((Religious))) enslavement, have to be destroyed. This is in accordance to a higher will of liberation for Humanity overall. Most of HOW this will happen also goes through each and everyone of you. If you don't yourself get that in YOURSELF, then how can you be a conduit for this, let alone profit and elevate from it? Nobody else can provide what we provide.

The Future is in our hands and as proven by our RTR's and our glorious achievements, we have a great future ahead of us. Your individual future must also come into your hands, gradually and steadily. The first step in this is by gaining control of your existence as a being within, and then slowly without. Individually and whatnot, Satanists are going to play of the most major roles in the changes that are to come.

Here's the door to greatness. Now, are you going to open and walk towards going ever-higher?

Subject: New Reversal Torah Schedule [14 February Until New Update]

Greetings to all our People and Satanic Warriors!

<https://josministries.prophpb.com/topic18301.html>

(RTRs are in the bottom of this post, questions in regards to this are always welcome)

This here is the new RTR Schedule. Ideally, we will do this until the end of the month, unless circumstances call differently.

There is no change from the other schedule, other than one Ritual has been replaced by the reversal of the 42 names of the jewish dumbform.

This is a MOST toxic and highly damaging schedule. Its a complete deconstruction and destruction of the enemy control matrix.

The damage any normal person can now do to the enemy is unparalleled. People back in the centuries could only imagine to know what to all of you here has been given. Honor this and apply, so that billions of wronged, ravaged by the enemy, and billions to come, will have a chance. The enemy has done ENOUGH.

We need, and we \*WILL\* keep up the warfare until these beings pay. The RTRs have changed so many things for the better. They must be continued at all costs. Humanity is still greatly threatened, and the enemy system will not stop. We can reform by our actions now conditions on which so many are yet to live.

This time its literally DO or DIE. Also, its easy, pleasant, and not time consuming at all to do. If people who have been raped, pillaged and killed, from past generations, ONLY IF they had the chance, they would compulsively fight and meditate, and advance.

Also, the RTRs remove any curses the enemy may have put on any Satanist here. These curses are done mainly through the 42 and 72 jewish dumbform name, and this is because this was a magick gimmick of the jews for their magick.

By rivalling their magick, we have thrown off many of their plans. The more this happens, the more they will keep losing ground.

Those who participate in spiritual warfare and help Satan and the Gods in how they can, are their beloved and their real family. Those who are not yet, or are halfway through, can strengthen this bond by doing this. We are in the jewtrix, and the jewtrix can fall from within with RTR's.

Irrespectively of how some things may not make sense in this largely slave planet, the favor of the Gods as it has been for hundreds of thousands of years, is even now and will be permanently, the greatest thing one can receive.

Those who do not help their so called family and friends (Gods), their God or a cause like ours for the better, to improve the world, and do not do nothing themselves in such an easy and straightforward way, these people are of no importance to Satan.

If you find yourself in such category, its not worth at all to be there, so sit and comprehend why this is totally worthless, and after you make some inner searching, decide to become part of something great. There is no greater thing in this world than being in league and friendship with the Creator, Satan.

Satan is the Godhead, and Satan is the holder of the real keys to permanent spiritual uplifting and freedom.

We as Gentile humanity right now have our chance s  
SALVAGE IT. The space time continuum we are living right now is exceptionally GOOD for our undertaking. Billions dead scattered by the enemy testify theirs WASN'T! Act upright and apply.

No problem Ashley, I really understand where you are coming from. The Aryan race has truly fallen low because of the corrupting influence of the jew.

But this will only strengthen our resolve, and we will overcome this. And you ARE helping our people Ashley, by being an Aryan, and staying within the race, by doing RTR's, by advancing, THAT is how we help our people now.

It is great to hear that you have the resolve to give your all to help our race, the more people like you that we have, the better.

Subject: New joo excrement treatment - MORE RTRs

It's called EFT Tapping. The joo excrements took acupuncture and changed it to the point that you can treat yourself! No need even for a treatment specialist! No need for needles! No need for a doctor! Until it's too late!

Just tap gently on specific pressure points of the body and repeat a specific affirmation. Affirmations and actions that do nothing to treat the problem. But makes you Think you're doing something!

This is another avenue for the new agers. The goys that are trying to think for themselves. So that they will think they're doing something productive while really only staying goy cattle.

The affirmation for EFT: \*Even though I have this \_\_\_\_\_ [stress/problem/issue with Dick/etc], I deeply and completely accept and love myself.\* [-i.e.-Admit it goy! You're garbage! Love it and stay my goy cattle.]

I am soooo angry! The joos are crapping on another beneficial tradition!

In the other hand... It shows our RTRs are working. We need to step it up! Don't miss a day! Don't miss an opportunity to free these blind goys!

More RTRs!!!

It can work though, especially if you reword the affirmations. Before I was SS I used this to get rid of all of my allergies. I used to have hay fever so bad that NOTHING helped, not even prescriptions. Now I don't ever need anything because I don't have any allergies. It's been like 5 years. So yes, their affirmations are shit, but it can work pretty well.

Good point! Reword the affirmations to be a positive instead of promoting the negative. This would have to be done consciously and continuously through out the working.

Nice to know it can work!

**Trump, the World and the RTR's : JoyofSatan666**

As predicted in the past, our RTR's have been wrecking havoc on the enemy. Not only their goblin Hillary lost the elections, their media have also been ravaged, but also Trump who they considered their underhand fanboy, is basically doing a good job in steering everything to directions from which we can benefit. We have caused a disaster to the enemy that is unparalleled. We need to keep going.

Trump has actually done good in awakening people to the perils of 'demokrazy' and the existential danger posed by one of the most dangerous jewish programs, which is Islam. Which he had to do, and he was forced to do, as the jews couldn't hide what is going on. Running from the ghost of what they have created, the jews allowed him in a position that cost them extremely much. In their paranoia, they damaged themselves even harder. The enemy has forced Trump into the "normalization" process they force all presidents, but due to many other uncontrollable circumstances this cannot happen, and they more they force it, the more enemies they make. So they outright attack him instead. Because as you can see there is no faithful jew, not even to their own.

They hate Trump and anyone, no matter how much they have been in terms with them, if they don't do EXACTLY as the jews demand. As you can see, the jews don't allow Trump to get his way, and this is not because of him, but because of what will happen if he does not listen. Which by definition hasn't happened and its too late now to correct anything. So they keep attacking him instead and attempt to cause civil war, to kill Goyim and put Fema camps in use. Remember the power is in the people in reality. Its the general populace they are after.

To see how the jews treat their own, just see Stalin. Stalin butchered all the other jews whom he abused and used to get into power, over no reason whatsoever. The jews have a history of killing and brutally murdering their own by a lot of torture, and Trump knows this too. Even if someone is jewish, if they don't dance to the zionist drum, even by mistake, the jews will want to hunt them down and destroy them completely. This is why the jews are forcing the meme that Trump will be a second Kennedy. Kennedy didn't have RTR backup though. If he did, history would have been different now.

Print, save to disk, and salvage the RTR's. As we have seen, the enemy has a habit of attacking these. This is because these are the spiritual warfare tools of Gentiles now. We have occult weaponry, something that for centuries we did not have.

The enemy is forced on stepping back, and assessing damage from many frontiers. Their own people throw their other own below the bus, simple because a clean house has to be made, and it cannot go indefinitely like this. There is only one thing that can be stated, and its THANK SATAN for the RTR's. Many of you remember how we have saved the internet, averted wars and many other things over the years by our efforts. The RTR's have been falling like rockets who force the enemy to retreat.

In war, even small Victories can be decisive to the outcome of the whole war. No RTR is too small, no person too weak. Everyone can fight. Even a monstrosity as big as the enemy can be taken down, and the hugest of gladiators stepping in the wrong stone can make them collapse like a card tower. Small changes make the big changes in this case.

An RTR is far worse than a rocket in the longterm of history. The RTR's hit the core of the power of the enemy, and not what sprang from it. The enemy has been cursing us "Goyim" for centuries, you have to remember. Only lastly they engage and do a full sweep on the material realm, and only after victory has been completely decided.

I bow in reverence to Satan and His Power, vested in us to do better to this world. Also, our struggle has only just began, and its now the things are getting really heated up. Our RTR's help the whole of humanity, and if you are paying attention, the enemy is at least retreating on many levels. That's all thanks to those of us who did something. Those who have been fighting the enemy for years, know their power, but also they know that the children of Satan have extreme power as well.

This is why for centuries, the enemy has kept our kind under persecution, death, and always seeks to censor, attack and harm us. Satan is the gateway to freedom. As the jews admit, Satan destroyed the jewish empires, both that of the Islamic Ottomans, and the Xian radical Byzantine Empire. Both of these have been destroyed by Satan's hands, same as the Middle ages etc. All of these 'empires' were big climaxes of jewish dreams, and in all of them, humanity and everything good suffered incessantly.

Many people focus on the damage the enemy has done, which is extreme, but also Satan has done them far more extreme damage, and also damage from which one would be pulling their hair on how they lost governance. The Middle Ages were the perfect times of enslavement. The impossible became possible, by spiritualists and people of the time, and Humanity gradually broke free of jewish rulership.

In 2016 many interesting advances have happened, but for the sake of it, many jewish idols perished at that time. Maybe it was a result of the RTR's, maybe not, but the failings of the enemy should in anyway, have a symbolic nature and meaning.

2017 is going to be a really HOT year for our side and our fights. We need to keep going with unending resolve. There is more than meets the eye. The 2017 elections will be a rude awakening to the enemy and those behind gates who try to bring Europe down. We must be unrelenting until we have perfected leadership in every Gentile Nation, and until poverty and many other freedom threatening things have been abolished. One step at a time, and one victory at a time, we are going to set the deal straight.

Lastly, to mention something. In Hindu lore, when Humanity goes off the far end with Race mixing, and many other existential wrongs, while it plunders in decay, the Hindus believe that an Avatar of Vinshu, or even worse Kalki, manifest and sets the record straight. This is Divine intervention. The Hindus may call it like this, we know who it is, who HE has been, and we call Him Anti-Christ. His coming is necessary when things are literally going to the cliffs. Many times, and in many civilizations, many people have raised their heads against the jews, which is why Humanity still exists in an acceptable way. There is FAR BETTER to go, and the enemy is keeping Humanity and all its races back from advancing.

The powers that be, except of the enemy nefarious aliens, do not like it, and even if to Humanity the purposes of these beings are coming to light

now, the powers that be such as friendly alien races have knew about them for thousands of years. The jews always try to escape judgement, and sometimes successfully, but if beings keep pushing, this will become inevitable. Spiritual judgement is necessary, and this is because of the situation we are seeing in the world, let alone endless murder and warfare the enemy has caused. When situations like that reach the cutting blade, some beings \*MUST\* set the record straight through spiritual warfare. When the time is right, Humanity will be restored, but the pathways have to open, and we have to minimize casualties and damages by the enemy.

The enemy wants to rush into the age of Aquarius, and rob people of their freedom and future, so that Orwell's technological nightmare is created so that people will not be able to react. We are going and we need to stop this by diligent spiritual warfare, opening the path for constantly greater things to emerge.

We will defeat them in every single battle that we can, and NEVER allow this to happen!

Blessed be, Satanic Family and Comrades in Arms!

**Masters Among Slaves : JoyofSatan666**

---

Greetings to all of our People and Satanic Comrades!

All Satanists here are in the house of mastery.

Everyone obviously is on different levels. Others have problems with bills, others have other issues, others are higher up. It really comes not down to this. Do you notice a pattern? People are too hung up on these matters to seek self value. This is however, relative.

It comes down to your inner Soul, your morality as a being, and how all of us here can know about and tolerate Truths that the majority of humanity cannot. While they sacrifice everything to be unaware and ignorant, the real Satanist is doing the same sacrifice of everything for Truth.

When we hold racial discussions, we are discussing about people outside, who do not know the Truth and do not advance. We are talking majorities. Satanism is the religion of united individuals, and not the clump jewdified herd.

You are by definition removed from the womb of damnation if you choose to finally embark on a freedom journey. As for the herd, we are seeing them from above as Masters, and we look at them as people who don't know what is going on.

Mastery does not imply a whip, domineering attitude. Its first and foremost mastery of awareness. Not based on fake entitlement, but how much we have really banished the herd from inside us. Or for accurate say, the negativities of the herd.

At the same time, we are the only ones who will face the potential rot or issues within. Something most people will never do. This is why we also un-dig the greatest and most inconceivable treasures these people will never have.

As thus we recognize their errors, our own errors, our racial errors, we seek to not repeat the errors of the slaves as we have made a conscious choice to never belong to them again. We choose freedom at all costs. They remain enslaved, taking others also hostages of their stupidity.

They are those who sink Humanity. We are those who try to uplift it and uplift ourselves. This is the Satanic spirit that on top of the ever lasting abyss and all the humans sold out to it, people resist.

Satan has made his best choices from all Races, Nations and Peoples. Everyone here holds a common Satanic element deep within their Soul. Not all people really have this.

Now you may not recognize, or you may recognize to an extent only, the gifts you have. Those deep in the path know as to why and who they are, others don't and are still searching.

We have people that discovered the Truth right now, and others who have been in it for so long that compared to new students may be close to Gods. Satan has been keeping his Children close to Him. The bonds last forever.

Its not entitlement showering, because after all, if one does nothing, one is distancing themselves from Truth and they wither away.

Satan loves his family, and his Children. There is no father that would not adore a loving daughter or son. Like a Father, Satan expects his children to advance. Nobody is thrown to the trash can, but a few people do, because THEY think they are for the trash can. They act accordingly if they follow this road.

You will become, what you think you are. Now like any other dad who watches their children take their first steps, Satan is proud of those who seek to advance. Everyday you overcome obstacles, Satan is proud of you. Even if these obstacles may seem to the larger spectrum of existence irrelevant. To you, these are relevant indeed. And every "you" forms "us" as a Satanic Unity.

When you begin or fall he will help you and hold you, but NEVER to the extent of making you incapable of getting up and walking by yourself. Satan is real and therefore, cannot be anyone's nanny. Why? Because Satan really cares for your deepest advancement as a being.

You belong to yourself after all mainly. The (((("religions of nowadays")))) are hijacked to teach people to have slave and victim morality. Part of this is how everyone has no will and must beg for bailouts from their own mistakes and life.

The enemy has defamed Satan for a reason. Satan welcomes with open arms every single Gentile that comes to Him, if they follow through. He is the door to spiritual salvation. The Demons are the teachers. However in school, you have to study.

Satan sees us in our Soul. It matters also not how old or young you are. Your first spiritual step, and you going from crawling spiritually to ever higher places, its how you start unfolding.

You may think that a small victory means nothing, but the crawling is what makes the champion. Well, crawling that is continued for a lot of time. Then standing. Then walking. Then running.

This is what defines us, motivates us, makes us who we are.

This is what makes us Masters Amongst Slaves.

And such we shall FOREVER be!

Subject: Women's Freedom

[Women's Freedom : JoyofSatan666](#)

## Women's Freedom : JoyofSatan666

Greetings to all our People and Satanic Comrades.

Here I go again to alienate feminists, and many other zombies who are infected by ideologies just created by perverted jews to make everyone feel special, in a world where humans are just a number.

Its quite interesting how in the West especially, we hear about the cries of "freedom" from Women. Such as we were hearing the meme of how men should rule everything (of course to the expense of women), a few decades ago. Both these memes of course were created by profiteering jews with no higher aims, just destabilize society and profit shekels from it. Because well for the jew it doesn't really matter to which side the balance is perverted, its still good to them. You want abdul raping and killing his 15 wives? By all means, acceptable. You want hundreds of men becoming sissies because they cannot get the 'muh trophy wife' and therefore turn to cuckery? All the better.

These are the conditions the jew does want to inflict further damage to everyone involved, and profit from. To abdul they sell a new 'future' in the west with a potential harem under allah, to the other one, they promise the perfect VR reality, with their ideal wife as fake as the photo-shopped ones online or their favorite porn actress. Its the same merchant guys...Just look at the merchant...

I am not here to debate what xians and other cucks do debate, for example, if these women are doing it right or wrong. Because in that case there is no right or wrong, its flat out alien and bizarre to act in particular ways.

Same as many men want to feel entitled by doing nothing but being liberal cucks, we have the same thing in women. This is a common trend amongst beings who do literally nothing to advance their existence. While others copiously spend their lifetimes to become better and improve in some way, these people just exist as a cattle and nothing more, by their own choice and admission. Therefore, the sheep want fancy shirts to wear in order to feel like they are not sheep, and free 'people'. But we know what (((('freedom')))) of theirs is.

Now let's see objectively the matter of Woman leaders. Many Women of course are pissed off, thanks to christianity, for the situation in regards to women in the West, for these hundreds of years time. Of course, little consideration is being taken over the fact that, well, you know, in many other places, women are stoned to death. We have seen serious improvements in the last decades, which the enemy immediately pushes off into the opposite direction, to again destroy society. However this is not right, things have in other places been far worse, for jewish reasons all of us here know. The enemy literally, flat out hates women, and all they represent. This is because they hate life and everything women stand for.

Part of the 'liberation' scheme nowadays, we have slutdom, doing drugs, and becoming generally a female version of a lawless, worthless to society, abscess to humanity, type of 'woman'. I am sure in some feminist offices they have a board where they rank the (((Women))) who spread the most STD's, and brought down the most 'social constructs', such as well, the fucking society in which they live in and does in anyway protect their jewish stupidified conceptions.

This is of course done so women remain isolated from men, from themselves, from their families, and also one another. If women like that are ever to support one another, they are doing this harm the opposite gender, go out naked to protest their so called rights (until the radical islamist Abdul spouses them by force, for he comes and kills them or rapes them or something...), and then go flat out become bonged out with the money of their parents. Wow, this is exactly the idea that will produce women's rights. Yes, this social trend of the jewdified west is going to literally, last a long time. I mean what's better for surviving an alien attack, than having pink dildos instead of men, never having children, and stoning one's self out 24/7? These are really behaviors of a dominant, powerful, and higher up woman...NOT.

It never boils down to any gender. As we would never like to be ruled by a flat out, masculine psychopath that would violate humans all the time for no reason, in the same way, we don't want to be ruled by a person whose focus in life is just getting laid, or something like that. Its kind of contradicting. How can anyone, for that sake, have their life's purpose being reading jew Karl Marx's writings, stoning themselves to death, and then having gangstas with robots and queers, be a guide for the future of humanity? I don't see this is as "EVIL" (even though one can say it is) but I see this as well. Erm, nonfunctional. It just cannot work that way. If it ever did, humanity would suffer and die a permanent death.

Lastly before I am accused of being an asshole to everyone. I will pose to everyone the simplest of questions. If you find 'women' offensive, change the sentence to 'man' and repeat it. This may serve the latent feminism at once.

You have two women. Both are women. On one hand, you have the 'liberated' woman who does incesantly bad relations, flat out fucked up her family and future, or has done many of the things stated before, and was nothing at all in her life but a 'liberated' boozetard. On the other hand, you have a woman that is a mother, knows the needs of children, and has existed in a way of quality. I don't tie in sexual experiences insofar this creates tensions in the personality.

Who would you trust to run your life? Which woman protects the rights of women more? The vixen or the mother?

Many women do not get that many of their respective qualities come from the fact of being a woman. Your ability to motherhood, even 'fragility' (as in outwards softness) and many other aspects that may ward off the indoctrinated women nowadays, same as they are turned off by touching the spiritual, or not twerking. Because of my how dare someone mention something about TWERKING, the new god? 'These are the idols we follow, honey! GTFO!'

In fact, you can see most of these 'women' hate everything about being a woman. They are distorted. They are like, hating their own self, trying to promote their so called 'self'. They are acting like the 'men' they are going against. Phallocentrism or Pussycentrism doesn't really matter. Society must be in the middle pillar, the Shushumna, with both male and female aspects in balance.

How do we address Lilith? Don't we call Her, Mother Lilith? Why do we trust her with our lives? Who do our Goddesses have our admiration, respect, and unending love? Well, not exactly for their Vixen aspect. They are free, liberated, we all know this, but this has nothing to do with those to whom it is addressed. It stands there silently as a doorway to open up pent up suppression, with the higher end of controlling it, and dignifying it into something better.

If you are praying to a certain someone, would be rather praying to a mother, that will nurture you, and knows all your needs, shrouding you with love and protection? Or you will pray to a cucked, feminist abscess that will show up to you with a book of "Des Kapital", which if you don't read she will beat your ass to death? In a softer version, which one would you trust most to tell your issues, open up your heart, and which would you trust better to show you the way to enlightenment? You see, this trust is something natural, because there is a definition.

The vixen cares for herself and her own pleasure. The divine motherhood quality (irrespective of if you have children or not) is a balance, with emphasis on the well-being of others. This is the power to provide, protect, create and destroy, in the same way as the universal principle of a mother. While a woman with a divine motherhood quality fights for ideals, or her children, and if their well-being is attacked she will flatten out her enemies, what is the good in the 'other kind' of woman? If you steal her boozetard, she will protest naked? I guess that's only good for women of the jewish race. I'd rather have that happen in Pissrael.

Sorry if I offended your (((Freedoms))). I just don't deal well with Satanic women being only emotards, drug users, wasting their life, and becoming nothing else than what the enemy wants them to do. It doesn't sit well to me. If it sits well to some women... Women is a very dignified title that needs upholding. Not that. We can change this to 'living pig by jewish admission'.

And Hooded Cobra to Phallocentric Nazi Monster. Because well he has that fucked up issue about well, not liking to see women on the streets injecting heroin, or seeing poor mothers have children while on drug addiction. How can yer be so (((freedom))) hating at last? In the same context then I guess most of our women here are also anti-femienie, Phallocratic women! Oy vey! The (((Rights of women))) are at serious risk!

Does it still ring to people why the enemy has defamed Lilith in the worst, and lowest degrading words and meanings?

Do you understand now Her Importance? Lilith is the most Dignified Goddess. The rest is gibberish made up by jews.

If you want to look at a feminine aspect to follow, don't put in front of you ghoulish jewesses, morbid creations, and wipe out the enemy prototypes from your mind.

Ennoble yourself, raise yourself, and in reality liberate yourself by going after our Goddesses. They are here to help women recover their lost femininity, and teach to every willing woman all the arts and the powers of their nature. No matter where exactly your nature falls, you can discover and elevate it.

After reading, you may want to check this here :

It takes one noble Goddess to drive whole legions to their death with the move of a hand, or even maybe their hair, it takes a million slut-dooms to even reach the heart of the lowest of men.

This is why the jews are forcing the meme that Trump will be a second Kennedy. Kennedy didn't have RTR backup though. If he did, history would have been

different now.

Print, save to disk, and salvage the RTR's. As we have seen, the enemy has a habit of attacking these. This is because these are the spiritual warfare tools of Gentiles now. We have occult weaponry, something that for centuries we did not have.

The enemy is forced on stepping back, and assessing damage from many frontiers. Their own people throw their other own below the bus, simple because a clean house has to be made, and it cannot go indefinitely like this. There is only one thing that can be stated, and its THANK SATAN for the RTR's. Many of you remember how we have saved the internet, averted wars and many other things over the years by our efforts. The RTR's have been falling like rockets who force the enemy to retreat.

In war, even small Victories can be decisive to the outcome of the whole war. No RTR is too small, no person too weak. Everyone can fight. Even a monstrosity as big as the enemy can be taken down, and the hugest of gladiators stepping in the wrong stone can make them collapse like a card tower. Small changes make the big changes in this case.

An RTR is far worse than a rocket in the longterm of history. The RTR's hit the core of the power of the enemy, and not what sprang from it. The enemy has been cursing us "Goyim" for centuries, you have to remember. Only lastly they engage and do a full sweep on the material realm, and only after victory has been completely decided.

I bow in reverence to Satan and His Power, vested in us to do better to this world. Also, our struggle has only just began, and its now the things are getting really heated up. Our RTR's help the whole of humanity, and if you are paying attention, the enemy is at least retreating on many levels. That's all thanks to those of us who did something. Those who have been fighting the enemy for years, know their power, but also they know that the children of Satan have extreme power as well.

This is why for centuries, the enemy has kept our kind under persecution, death, and always seeks to censor, attack and harm us. Satan is the gateway to freedom. As the jews admit, Satan destroyed the jewish empires, both that of the Islamic Ottomans, and the Xian radical Byzantine Empire. Both of these have been destroyed by Satan's hands, same as the Middle ages etc. All of these 'empires' were big climaxes of jewish dreams, and in all of them, humanity and everything good suffered incessantly.

Many people focus on the damage the enemy has done, which is extreme, but also Satan has done them far more extreme damage, and also damage from which one would be pulling their hair on how they lost governance. The Middle Ages were the perfect times of enslavement. The impossible became possible, by spiritualists and people of the time, and Humanity gradually broke free of jewish rulership.

In 2016 many interesting advances have happened, but for the sake of it, many jewish idols perished at that time. Maybe it was a result of the RTR's, maybe not, but the failings of the enemy should in anyway, have a symbolic nature and meaning.

2017 is going to be a really HOT year for our side and our fights. We need to keep going with unending resolve. There is more than meets the eye. The 2017 elections will be a rude awakening to the enemy and those behind gates who try to bring Europe down. We must be unrelenting until we have perfected leadership in every Gentile Nation, and until poverty and many other freedom threatening things have been abolished. One step at

a time, and one victory at a time, we are going to set the deal straight.

Lastly, to mention something. In Hindu lore, when Humanity goes off the far end with Race mixing, and many other existential wrongs, while it plunders in decay, the Hindus believe that an Avatar of Vinshu, or even worse Kalki, manifest and sets the record straight. This is Divine intervention. The Hindus may call it like this, we know who it is, who HE has been, and we call Him Anti-Christ. His coming is necessary when things are literally going to the cliffs. Many times, and in many civilizations, many people have raised their heads against the jews, which is why Humanity still exists in an acceptable way. There is FAR BETTER to go, and the enemy is keeping Humanity and all its races back from advancing.

The powers that be, except of the enemy nefarious aliens, do not like it, and even if to Humanity the purposes of these beings are coming to light now, the powers that be such as friendly alien races have knew about them for thousands of years. The jews always try to escape judgement, and sometimes successfully, but if beings keep pushing, this will become inevitable. Spiritual judgement is necessary, and this is because of the situation we are seeing in the world, let alone endless murder and warfare the enemy has caused. When situations like that reach the cutting blade, some beings \*MUST\* set the record straight through spiritual warfare. When the time is right, Humanity will be restored, but the pathways have to open, and we have to minimize casualties and damages by the enemy.

The enemy wants to rush into the age of Aquarius, and rob people of their freedom and future, so that Orwell's technological nightmare is created so that people will not be able to react. We are going and we need to stop this by diligent spiritual warfare, opening the path for constantly greater things to emerge.

We will defeat them in every single battle that we can, and NEVER allow this to happen!

Blessed be, Satanic Family and Comrades in Arms!

## Masters Among Slaves : JoyofSatan666

---

Greetings to all of our People and Satanic Comrades!

All Satanists here are in the house of mastery.

Everyone obviously is on different levels. Others have problems with bills, others have other issues, others are higher up. It really comes not down to this. Do you notice a pattern? People are too hung up on these matters to seek self value. This is however, relative.

It comes down to your inner Soul, your morality as a being, and how all of us here can know about and tolerate Truths that the majority of humanity cannot. While they sacrifice everything to be unaware and ignorant, the real Satanist is doing the same sacrifice of everything for Truth.

When we hold racial discussions, we are discussing about people outside, who do not know the Truth and do not advance. We are talking majorities. Satanism is the religion of united individuals, and not the clump jewdified herd.

You are by definition removed from the womb of damnation if you choose to finally embark on a freedom journey. As for the herd, we are seeing them from above as Masters, and we look at them as people who don't know what is going on.

Mastery does not imply a whip, domineering attitude. Its first and foremost mastery of awareness. Not based on fake entitlement, but how much we have really banished the herd from inside us. Or for accurate say, the negativities of the herd.

At the same time, we are the only ones who will face the potential rot or issues within. Something most people will never do. This is why we also un-dig the greatest and most inconceivable treasures these people will never have.

As thus we recognize their errors, our own errors, our racial errors, we seek to not repeat the errors of the slaves as we have made a conscious choice to never belong to them again. We choose freedom at all costs. They remain enslaved, taking others also hostages of their stupidity.

They are those who sink Humanity. We are those who try to uplift it and uplift ourselves. This is the Satanic spirit that on top of the ever lasting abyss and all the humans sold out to it, people resist.

Satan has made his best choices from all Races, Nations and Peoples. Everyone here holds a common Satanic element deep within their Soul. Not all people really have this.

Now you may not recognize, or you may recognize to an extent only, the gifts you have. Those deep in the path know as to why and who they are, others don't and are still searching.

We have people that discovered the Truth right now, and others who have been in it for so long that compared to new students may be close to Gods. Satan has been keeping his Children close to Him. The bonds last forever.

Its not entitlement showering, because after all, if one does nothing, one is distancing themselves from Truth and they wither away.

Satan loves his family, and his Children. There is no father that would not adore a loving daughter or son. Like a Father, Satan expects his children to advance. Nobody is thrown to the trash can, but a few people do, because THEY think they are for the trash can. They act accordingly if they follow this road.

You will become, what you think you are. Now like any other dad who watches their children take their first steps, Satan is proud of those who seek to advance. Everyday you overcome obstacles, Satan is proud of you. Even if these obstacles may seem to the larger spectrum of existence irrelevant. To you, these are relevant indeed. And every "you" foms "us" as a Satanic Unity.

When you begin or fall he will help you and hold you, but NEVER to the extent of making you incapable of getting up and walking by yourself. Satan is real and therefore, cannot be anyone's nanny. Why? Because Satan really cares for your deepest advancement as a being.

You belong to yourself after all mainly. The (((("religions of nowadays")))) are hijacked to teach people to have slave and victim morality. Part of this is how everyone has no will and must beg for bailouts from their own mistakes and life.

The enemy has defamed Satan for a reason. Satan welcomes with open arms every single Gentile that comes to Him, if they follow through. He is the door to spiritual salvation. The Demons are the teachers. However in school, you have to study.

Satan sees us in our Soul. It matters also not how old or young you are. Your first spiritual step, and you going from crawling spiritually to ever higher places, its how you start unfolding.

You may think that a small victory means nothing, but the crawling is what makes the champion. Well, crawling that is continued for a lot of time. Then standing. Then walking. Then running.

This is what defines us, motivates us, makes us who we are.

This is what makes us Masters Amongst Slaves.

And such we shall FOREVER be!

Does anyone else here have experience with race-mixing family members? (You don't have to directly answer for privacy's sake, I'm just starting a discussion.) My brother-the only one of my siblings with kids-has one kid with a Chinese woman and is having another, and it's fucking depressing. He's actually pretty smart, just heavily brainwashed by the Jews, so it's sad to see him use his advanced degrees and money to raise non-Whites when he could have married a White woman and had White children.

I'm just venting here, but seriously, does anyone know if there is hope for people like this, or anything specific I could do? I often feel very alienated from my family, what is the point of having a cohesive tribal unit if most of the members don't even recognize the tribal purpose of the unit, and believe that a Xian melting pot is a fine thing for society to be? If nothing else, at least this will give me more fuel for RTRs.

Satanism can be a lonely path as a vast majority of people are heavily brainwashed to the point being around them is repulsive. Also, as you meditate and raise your vibrational level other people will be on a lower level of existence than you. People who are on a lower level of existence will naturally sap your energies if you allow them to have a relationship with you as a relationship involves an exchange of energy. As Satanists, we have the greatest friends in the universe and they are Satan and the Gods. In comparison to a Demon, people suck and it is reasonable to not want to be surrounded by idiots.

Subject: Re: Race-mixing family members

There were a few incidences of this in my family, and none ended well, as is usual with mixed relationships. My mom's sister briefly lived with us many years ago. She had just gotten out of the party lifestyle and heavy cocaine use-it was the 80s. It made her a little nuts, and I've always thought that you have to have a screw loose to be a mudshark. That or white guilt, but what's the difference, that's crazy too. She had some sort of business meeting with a black guy, and he asked for a date. When my dad found out she was going on a date with the black guy, he told her she couldn't stay with us anymore, and refused to let her in the house. Now, my dad did not hate black people. He hated race mixing. Many a black coworker and/or neighbor has been to our house for a barbecue. Being in the Navy and being stationed near Detroit, there was plenty of both. My dad did not base this on hatred, but race mixing. Anyways, She was raped that night by the guy, and became pregnant, and got an abortion. My grandma went crazy after her husband died while in his lawyer's office divorcing her (maybe she was a little nuts before that, hence the divorce. I don't know, no one remembers, my mom was very little) and when she started using drugs in her 40s (she was killed at 50) it only amplified it. She was very heavily into Christianity and in her last years met a black man at the Baptist church she was going to. It started with bible study and she began dating him. He beat her repeatedly. She was

killed on the day she moved out of his house.

I have 2 female cousins who dated Asian men. Both got dumped by them, one was abused and she had 2 abortions with that guy. My husband's white female cousin is married to an Asian man. No one says it to her face, but everyone thinks she is weird and can't understand her for mixing. Its very hard for me to like a race mixer. I feel like there's something wrong with them and they're a flawed individual. I don't want to to be close to them. I don't know why, I've been this way since I was a very small child, like it was inborn.

The vast majority of people (particularly white women) I witness mixing are low caliber people. Every once in a while though, you see a really nice looking gal or someone very educated and wonder what the hell is wrong with them. But, 9 times out of ten if you get to know them, it's just cultural Marxism has got to them one way or another. White guilt, media glorification, Christianity, you name it. Love, my ass. My one cousin who dated the Asian is very good looking and educated with two masters degrees. Nor sure what's wrong with her, but I could guess. For one, she's a total bitch. There's gotta be something wrong with her to be that good looking and have it going on materially in life but is still well into her 30s, never married, and hardly ever in a relationship. The Asian guy was the first one in a long time, and it has been a long time since. I do know that she is on the whole white guilt liberal bandwagon.

Uncle Tom's Synagogue

What is worse the fact we live on a planet run by a racist, violent, pedophilic, Globalist Jewish oppressor caste, that thinks of non-Jews as nothing but Niggers of the field. Or the fact the churches are full of Uncle Tom's for the Jews? It's one thing to be a slave its another to love your slavery and grovel in self debasing ecstasy before the boots of your masters..

Do you think it was a accident the Blacks who were all enslaved by Jewish owners. Were forced by then into Christianity and even forced to change their names and language? Till they no longer remembered who they were. The Blacks were simply enslaved as part of Judaism which is about enslaving all the Goyim upon a global plantation state. As such they were Jew Washed mentally into an identity that benefited their Jewish oppressors. The slave identity.

In the Bible Christianity is never hidden from the fact its just Judaism. I wrote before on how Christianity was created by the Jews to topple the Gentiles and create a Jew World Order:

[topic174.html](http://topic174.html)

It allows the Jews to take over a Goyim society and Judaize it by violent revolution. Replacing the original memory of the hosts religion, culture and identity, severing it off from their own roots. And then replacing it with the identity the Jewish owner class wants. The slave identity that is Jewish globalism the erasure of your racial identity, cultural identity, spiritual wisdom, national identity into the Globalist proto-Communism of we are all one, all racial, cultural, national differences are abolished under the icon of Jewish rule, Yeshua (((Christ))). And setting up a situation politically were the world is to be ruled from the throne of the Jewish St. Peter which the Jewish Messiah shall sit upon and rule from at its arrival. With as the Bible states 144,000 elect Jews representing the entire Jewish race of the 12 Tribes of Israel. Being the entirety of the Globalist ruling caste. And the Goyim shall serve.

The Goyim are all Niggers to the Jews. But we don't have be Uncle Tom's to the Synagogue.

Who cares about what the Jewish bible says about Satan, we have nothing to lose but our Jewish chains by embracing Satan!

Leave the Synagogue and Man Up! Uncle Tom's, you have nothing to lose but your chains.

Hail Satan!

Subject: Re: Race-mixing family members

I think it comes from a lack of true self worth and self love. When you think about it, if you really loved yourself and what you are, you would want your children to be the same as you. That is the most natural thing there is. Racial mixing is very very rare in the animal world, as you would expect because the desire to mate is the desire to preserve one's own kind. You can't use negative propaganda or install self hate in animals and so they almost never mix. The European red squirrel and American grey squirrel for example are a lot more similar biologically than Aryans and Negroes, yet you never see the two mixing in nature. Same goes for horses and donkeys, lions and tigers, etc. All capable of mixing but never do.

The whole reason we have sexuality and love and pare bonding is to preserve what you are. (Besides the good it does for the soul also)

If you truly love yourself you would also love your race too since that is what made you. It's not like you came down from the sky out of nowhere, you came from an Aryan mom and dad, who also came from an Aryan mom and dad and each of those generations had brothers and sisters and cousins too. Your race is what made you. Remember the national socialist slogan "Our Race Is Our Nation" - Your nation is also your extended family and your family is what made you. We are all connected by blood and the soul.

I think this is the reason why 9 out of 10 times race mixers are at a low level of attractiveness, intelligence or spiritual quality. Physical unattractiveness I have noticed is usually a manifestation of having low self worth and self love and race mixing is also another symptom of low self worth. Lack of concern for your race and people also comes from a low spiritual level, lack of empathy and awareness of the connection you have to your people.

I have noticed my looks improve almost miraculously from correcting negative beliefs about myself.

The Jews do everything they can to install self hatred and guilt and shame in Whites, which results in more race mixing. Any Whites who attended history class in a 21st century classroom will know we actually learn nothing about our own history. History class = HOLOCAUST! HOLOCAUST! HOLOCAUST! SLAVERY! SLAVERY! SLAVERY! COLONIALISM! COLONIALISM! COLONIALISM! NEVER FORGET YOU ARE AN EVIL INHUMAN ARYAN MONSTER!

The constant message in the Jewish controlled media is:

- Whites who love their own people are all dumb nasty and ignorant.

- White girls (especially blonde haired blue eyed) are dumb shallow materialistic.
- Whites are fat mindless morons.
- White history is nothing but genocide and slavery, our history is nothing but barbarism.
- Race mixing is cool and everyone is doing it.

(In reality only 1 out of 10 Whites in the US are in a mixed relationship, compare this to how much we see of it on TV. It is deliberate propaganda)

Interesting videos, thanks for posting these.

But about what Varg said-

Isn't the argument that only "alpha males" reproduce an argument for a solitary lifestyle, rather than against it? I have realized that I am not an "alpha male", I have no desire to participate in the myopic dick-measuring contest that is modern "masculinity." So what should I do? Spend all of my time in the gym, use steroids to get big, buy leg lifts to seem taller, work a ton to get richer, and devote all of my free time and energy to become "good enough" to get one woman to go out with me? (Personally, I think that ordering one's life and deciding one's worth based on whether women accept you is one of the most "beta" things that there is.)

Or should I go my own way, pursue my spiritual goals, and try to accomplish something useful for my Gods and my Race?

People who employ shaming tactics when arguing with men often say something to insinuate that the man isn't good enough for women, an insult which many men find very painful. For example, many people will consider an adult virgin male a "loser" even if he is very well-educated, hardworking, and confident in who he is. But if people evaluate worth based on an ability to get laid, what good are their value judgments?

Also, PLENTY of dysgenic losers reproduce. You can look up Richard Lynn's research on dysgenic fertility if you doubt this, I believe that J Phillippe Rushton and Marian Van Court also did studies on this. If anything, in modern society (at least in America), there is a negative correlation between intelligence and number of children people have. Yes, women today play a large role in mate selection, but this does NOT mean that they select for only positive traits. "Survival of the fittest" refers to those fittest for an environment, not necessarily those who possess what could be termed "general philosophical worth."

Subject: Satan In Sanskrit Is The Indwelling God

Satan In Sanskrit Is The Indwelling God

The ancient Sanskrit mantra and greeting Namaste in its original and most ancient form is spelled Namasta. The full spelling of this is with the letter S which is Sa in Sanskrit.

Making Namasata. Nama Sata, which is paying homage to the name of the indwelling God, Sata. In Sanskrit Sata is also spelled with the nasal ending. Making Sata.....SATAN.

Hence the ancient greeting to indwelling spirit the indwelling god, Nama Satan. Making it also bowing to and paying reverence to the God Satan.

The texts on Kundalini Yoga hold Satnam in the same meaning. Satanama is also stated in these texts to be the full mantra of Satnam. Satanama holds the same meaning obviously as Nama Satan.

Satan is the creator God and this is still found in ancient surviving religions such as Hinduism. Hence why Sata/Satan is given the highest degree of honor in Hinduism this term in Hindu texts is relating to the subtle element of the soul and also means saviour.

The famous mudra for this greeting mantra was also stolen by the Christian Church and turned into the praying hand gesture made in the Christian ritual.

If an "Alpha male" is behaving that way just to conform to women's ideals, than alpha-ism is just another transmutation of beta-ism. My other points still stand, his hypothesis is wrong. I've seen that video and I still disagree.

Also, although I'm not an expert, it seems that many of the people involved in MGTOW are not dysgenic freaks. Many feel that the game is rigged against them from the start and have decided to drop out and focus on other things. Sure, the movement itself is bad, but if Varg's theory that MGTOWs will not pass on their genes was right (probably not, as many have already have kids), people probably wouldn't see a noticeable decline in disease, criminality, or mental retardation. Many of the people who are rejected by women, MGTOW or not, are actually often fairly civilized, polite people with above average intelligence. Extroversion (at least in young children) is negatively correlated with intelligence, so if women keep selecting for "Alpha males", the more intelligent "betas" might not pass on their genes because they're unwilling to completely jettison their identity to try and become something they're not.

Varg is an interesting fellow but he has a lot of contradictions and non-well thought things about himself. Many of his theories are influenced a lot by the mainstream.

Alpha male, if this even exists, is definitely not what is "Alpha" and "Ruling" in today's mainstream world. In the same mindset, sickly frail Jews are alpha, simply because they steal better. Any politician who destroys their race is also a categorized alpha, and the list goes.

Alpha in this case of reality would be people like Hitler or National Socialists or others who did caretake, improve, and helped or lead their Race to survival. Not steroid junkies specifically.

Varg doesn't get some things because he is not spiritually advanced, but otherwise, he shows many great and masterful qualities of a good specimen of Whites nonetheless.

Interesting videos,  
thanks for posting these. But about what Varg said-  
Isn't the argument that only "alpha  
males" reproduce an argument for a solitary lifestyle,  
rather than against it? I have realized that I am not an  
"alpha male", I have no desire to participate in  
the myopic dick-measuring contest that is modern  
"masculinity." So what should I do? Spend all of  
my time in the gym, use steroids to get big, buy leg lifts  
to seem taller, work a ton to get richer, and devote all of  
my free time and energy to become "good enough" to  
get one woman to go out with me? (Personally, I think that  
ordering one's life and deciding one's worth based  
on whether women accept you is one of the most  
"beta" things that there is.)

Or should I go my own  
way, pursue my spiritual goals, and try to accomplish  
something useful for my Gods and my Race?

People who employ shaming tactics when arguing with men often say something to insinuate that the man isn't good enough for women, an insult which many men find very painful. For example, many people will consider an adult virgin male a "loser" even if he is very well-educated, hardworking, and confident in who he is. But if people evaluate worth based on an ability to get laid, what good are their value judgments?

Also, PLENTY of dysgenic losers reproduce. You can look up Richard Lynn's research on dysgenic fertility if you doubt this, I believe that J Phillippe Rushton and Marian Van Court also did studies on this. If anything, in modern society (at least in America), there is a negative correlation between intelligence and number of children people have. Yes, women today play a large role in mate selection, but this does NOT mean that they select for only positive traits. "Survival of the fittest" refers to those fittest for an environment, not necessarily those who possess what could be termed "general philosophical worth."

Subject: Re: MGTOW and Feminism are useful

I agree with funnyfred1932. There's no bigger turn off than a fake. If I met a guy who I could see was trying to be "alpha" and it was all an act that would turn me off more than him being a so called "beta" or feminine would. Just talk to girls like you would any other person get to know them you will find out if you like each other or not and if you have a connection it will happen on its own. Just be yourself. Being a feminine type of guy doesn't necessarily make you less attractive anyway. I don't know where these people are getting that from.

Going to the gym, eating healthy, building up your physical strength and learning to fight makes you tough. Acting like an uber macho meathead doesn't.

Just be your natural self, don't try to conform to stereotypes of masculinity or femininity or anything.

What we all should do though is work on our souls and develop our qualities, such as willpower, courage, intelligence, love for our race, honor, self

confidence, self-honesty, self acceptance etc. Improve your moral character, make a lifetime effort to do this and it will stay with your soul. You can do this with affirmations and programming your subconscious and balancing your elements. These things will not only make you more effective in the world but also more attractive.

Also I hate MGTOW because I think Whites need to be having more kids, especially those who are Nationalists or National Socialists and raising them with love for themselves and their race. Because the two go together, I spoke about this in another post, you can't love yourself without loving that which made you, which is your race and you can't love your race without having self love either cause you are part of your race. I finally realized this after going through many years of low self esteem. Coming to JoS was the best thing I ever did.

A mad dog on a jewish leash basically. Just look at what they did to Justine Sacco, a successful white gentile, life completely ruined 10x over and media still hasn't had enough scooping out whatever trash they can get for the shekels their kikes payed them for. All because of 1 joke about black people.. Now she has to abet the blacks she apparently "offended greatly" by supporting their criminal BLM while still being their punching bag whenever they feel the urge to act out on their jewish brainwashing, completely at their mercy which is what the jews want.

Returning Curses Part 2: Building a Powerful Aura of Protection

For more information, please read through Part 1:  
Returning Curses Part 1 [Webpage  
<http://dawn666blacksun.angelfire.com/1-2-17.htm>

First off, I want to state here that in addition to us being cursed, there are Wiccan idiots and others who have sent binding energies to us, especially in regards to the RTRs, as the RTRs have been actively and effectively destroying the enemy. [That 72 Name is the most powerful against them, as that is their bulwark].

Satan just confirmed to me early this morning what I had already believed; that HE has power over ALL witches that he said, "connect with our Gods." In other words, any practitioners of magick and witchcraft who connect with Pagan Gods are all under His power. He also stated that a very large percentage of Wiccans and related are cowards. He said, "They are fearful." "That's why they practice Wicca."

A few hours ago, there was a New Moon. During the waxing of this Moon and beginning as soon as possible, I strongly recommend everyone here do this ritual for yourselves. The last ritual we did was to clean our auras thoroughly and to return the curses and negative energies back to the senders.

With so much emphasis on the Moon, an extremely powerful source of pure energy, the Sun is often overlooked. I have found the energy of the Sun to be the most powerful between 11:00 and 14:00 approximately. This is when the Sun is directly overhead.

When the Sun is rising [waxing on a daily basis], this is another powerful time. An excellent time for meditation has always been before the Sun rises, before dawn. The setting [waning] Sun also has some of the same effects as a waning Moon in removing and ending things. But, ALWAYS take into consideration the Moon.

The Sun has fire energy, the element of fire. When doing a thorough aura cleaning, stepping outside into the Sun on a sunny day when the Sun is high in the sky can work wonders. For this to be effective, you must be directly in the Sun. Just breathe in the solar energies into your aura and soul, engulf yourself in the solar energy, which is even easier to see astrally when you are standing in the brilliance of the Sun. You can even do a full rosary, vibrating SURYA [Satan told me 216 times is more effective than 108], and to do this, just reach the last bead on your rosary and then turn it back. I have worked with this and it is very effective.

Given this working will be over a period of about 2 weeks, there may be days when it is cloudy or even rainy. Going outdoors anyway and invoking the Sun,

repeating the ritual will still be effective. Even sitting facing a window, as long as the light is falling on you, but out of doors directly under the Sun is the strongest and the most effective.

You can breathe in energy from the Sun, lighting up your aura with brilliance and then on each exhale, vibrate SURYA.

---

#### The Ritual:

From right now until the full Moon, everyone here should be building a powerful aura of protection. This is more advanced than the standard aura of protection. Given the attacks we have been under and the state of this world right now, this working should be repeated from every new to full Moon every month for a year. This will stay on your soul eternally, protecting you, and keeping you safe from the malice of others, destroying your enemies.

1. Raise your energies. This is best done [as with all magickal workings] when you are at your most powerful, feeling a strong energy buzz. If you are new, just do the best you can. You can also use the energy of the Sun as indicated in the above to raise your energies with reciting SURYA, using a Satanic rosary [or anything that will help you keep count]

2. Clean your aura thoroughly, as instructed from Part 1 of Returning Curses. DO NOT hesitate to ask for a Demon/ess to help you. Even if you cannot hear, sense or see the Demon/ess, know He/She is there and is helping you, and delivering the energies back to the sender/s.

3. Engulf yourself in the light. Again, I repeat, if at all possible, use the Sun. Another effective tactic, if you are unable to use the Sun and have trouble visualizing is to use a lamp, with the bright bulb facing you, shining right in your face as you close your eyes and visualize the light.

4. Affirm 18 times:

"My aura is constantly and continuously deflecting and repelling any and all negative energies, curses, bindings, hatred and destructive energy directed at me and is immediately returning these directly right back to the sender."

Do this daily from now [New Moon] through the 13th of March [Full Moon]. From the Full Moon to the New Moon [waning Moon], I strongly recommend everyone do the INTENSE AURA CLEANING indicated in Returning Curses 1, and keep repeating this through the cycles. You will find with deep cleaning your aura, not only will this remove any curses, but all kinds of other crap that has kept you down in your personal life. A dirty aura also hinders your workings and personal powers. The aura and soul have accumulated all kinds of negative energies throughout many lifetimes and these cannot all be removed in one working. It must be repeated. AGAIN, I strongly advise you ask Satan to send you a Demon/ess to work with you in removing these energies. Even if you are new and cannot see or feel him/her, follow your gut feelings and intuitions. It is extremely important to always say the prayer before your aura cleaning:

Hear me oh Great and Mighty Satan. I ask your help in returning these curses, amplified to the senders who have attacked us for doing your work. You know who they are. They will know your wrath. I ask that you send a Demon to me to take and deliver the curses and thoughtforms that I have cleaned from my aura and soul directly to those who have sent them. O Mighty Satan, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor, and Glory be given Thee forever and ever.

I think these traitor Wiccans are the perfect example of why Hitler shut down many of the Occult lodges in Germany. It's not because he was Xian or against Pagans as the Jews like to claim, it's because these people are the spiritual counterpart to the antifa and the marxists, TRAITORS to their race and people. I don't accept that free expression or free access to spirituality gives you the right to commit treason against your people and your race, the people you owe EVERYTHING to, including your very existence.

Dr William Pierce once said in a video that the deadliest enemies to our race are actually not the Jews, the traitors among our own kind are our deadliest enemies, without whom the Jews could pose no threat to us.

When the Fourth Reich comes these people need to be crushed. I have no time for traitors of this kind. They make me sick.

@denadehna, the affirmations and visualization take 5 minutes. You can go into the bathroom and clean your aura/strengthen your aura of protection there. Also, it is unlikely you will have to work a solid 24 hours straight. You can do the ritual early in the morning or late at night. If you genuinely want to do the ritual, you will find time to squeeze it in.

@dypetrod, do not stop your existing aura of protection. The more you strengthen your aura of protection, the easier your life will be. The advanced aura of protection can be done in addition to your existing aura of protection.

@Dypetrod- No! Do it along with your regular AoP. I do multiple AoP's daily, I spend an hour total on mine. Foundation, runes, sun mantra, etc.

The stronger your AoP is the better and easier your life will be. Don't replace one for another, stack them. You can replace an affirmation for something more effective though.

Ok, thank you for clearing this up for me, Johnson and Lydia.

I was wondering if this advanced aura of protection is so powerful as to make the regular one unnecessary, but also imagined that doing both was probably best, like you described.  
I'll keep up with both, then.

The stronger your AoP is the better and easier your life will be. Don't replace one for another, stack them. You can replace an affirmation for something more effective though.

@johnson\_akemi - I'm the kind of person who memorizes RTRs, says them while on break at work. Says them doing chores at home. Says them while driving. Says them, yes, while in the bathroom at home and at work [often that's all it takes is a quick RTR at work to make me feel better]. Finding any possible time and being careful of \*ears\*. However, I'm also mindful of the limitations [don't do them too close together] and ideal times/circumstances for each of them. When I get a new working or ritual I often have to rearrange the schedule for all of them.

I thought this was a ritual to be done in strong light or daylight. To know it can also be done inside is great!

Thanks.

@denadehna, the affirmations and visualization take 5 minutes. You can go into the bathroom and clean your aura/strengthen your aura of protection there. Also, it is unlikely you will have to work a solid 24 hours straight. You can do the ritual early in the morning or late at night. If you genuinely want to do the ritual, you will find time to squeeze it in.

Surge Of Untraceable Alleged Anti-Semitic Hate Crimes In The Media

Laird M Wilcox a researcher and author put out a book:Crying wolf: Hate crimes hoaxes in America

In which listed numerous examples of fake hate crimes done by Jews, for their own agenda. Here are some cases from the book:

Chicago-area case of anti-Semitic vandalism in a West Rogers Park townhouse was originally thought by police to be a hate crime. On 5 February 1994, however, police had arrested Shazz Steele, 17, and his 14-year-old girlfriend. The two were charged with the vandalism and with burglarizing the same house. Belmont area Police Sgt. Rick Batrich said that the youth, who apparently knew the owner of the townhouse and that the two painted the graffiti to link the burglary with the other unsolved anti-Semitic incidents in the area. "They did this to throw some attention off themselves," he said.

It was one of the worst anti-Semitic cemetery desecrations in recent memory. Los Angeles County sheriff's investigators initially believed that the June 1991 incident at Home of Peace Cemetery in East Los Angeles, one of the oldest Jewish cemeteries in the area, may have been a hate crime. According to news reports, "More than 24 tombstones were knocked over and Nazi swastikas, Ku Klux Klan 'KKKs' and devil worship slogans were painted on some walls and tombs." Within days the case was solved. The owner of C.D.T.A. Security, Roger Ricardo Sapien, 27, of Rosemead, wanted to obtain the security contract on the Jewish cemetery. According to authorities, Sapien, with the aid of two confederates, apparently committed the vandalism in order to discredit the firm currently providing security there.

Information on the case took detectives to Sapien's home, where they found the guard dogs recently stolen from the cemetery. The three were booked for investigation of vandalism of a religious cemetery, a felony, and Sapien was

charged with theft of the dogs.

In February 1994, the ADL was involved in a major hoax controversy when Donald Mintz, a member of the ADL's National Commission and candidate for Mayor of New Orleans, was accused of creating and distributing openly racist and anti-Semitic fliers in order to create sympathy for his candidacy and raise funds for the election. The New York Times reported that

"A main Mintz advisor has been charged with a misdemeanor count accusing him of trying to distribute some of the fliers..."

An investigation by the (New Orleans) Human Relations Commission issued a preliminary report concluding that at least two of the fliers 'originated in the Mintz campaign.'

---

In July 1985 the Jewish Community Center in Milwaukee had been defaced with nine red, spraypainted swastikas. A year before that, in June 1984, the Congregation Beth El Ner Tamid in nearby Mequon was defaced with several red, spraypainted swastikas.

The incident was followed by anonymous telephone calls in the area, one of which said that, "...the defense league is at war with the Jewish community." On 19 December 1985, Cody's apartment was allegedly vandalized. The walls were covered with anti-Semitic symbols, again in red spray paint, including a large swastika and the letters "PDL." Police could find no forced entry. Rabbi Silberg said, "The victim has been re-victimized." An investigation has turned up no such organization as the "Palestine Defense League" or "P.D.L.".

On 15 May 1986 Cody was charged with two counts of obstructing an officer in connection with reports he had made to police about receiving threatening telephone calls, which police had determined were not true. A tracer installed by the phone company had shown that at least two of the calls were placed from Cody's private line.

Later that same day, possibly fearing discovery and disgrace, Buzz Cody tragically committed suicide. Police Captain Ronald Mehl, referring to the alleged December 1985 attack on Cody said, "There has been no shred of evidence to support the allegation." No further "PDL" incidents followed Cody's death.

The Jewish Community Relations Council offered a \$5,000 reward as well. The windows were broken in the predominantly Orthodox Jewish areas of Boro Park and Flatbush in Brooklyn. Two weeks later, windows in another seven stores were broken in the enclave of 100,000 orthodox Jews and 300 synagogues.

Newspapers around the nation reacted with shock and outrage and compared the incident to Kristallnacht, when Nazis terrorized Jews in pre-World War II Germany, even though no swastikas or anti-Semitic graffiti were found on the buildings. Pressure from the Jewish Community brought increased police patrols and calls for greater vigilance against anti-Semitism, although no anti-Semitism had been proven. Nine of the twelve detectives in the police department's "bias" unit had been assigned to the case. Within two weeks Mordechai Levy, leader of the Jewish Defense Organization, a militant Zionist group with a reputation for terrorism, announced that his followers were organizing night patrols.

However, on December 9, the mystery was solved. According to press reports: "A 38-year-old Jewish man with a history of psychological problems was arrested in connection with the smashing of windows of Jewish-owned shops in the Borough Park and Flatbush sections of Brooklyn."

Police had arrested Gary Dworkin, who lived nearby -- on 43rd St in, Brooklyn. He was subsequently charged with 13 counts of criminal mischief, some of which were felonies, including one count of discrimination. Media accounts emphasized his "emotional instability," implying that that was the reason for his behavior. Brooklyn District Attorney Elizabeth Holtzman issued statement that his vandalism was directed at Israelis and Hasidic Jews.

---

In August 1983, a series of fires in West Hartford, Connecticut, terrorized the Jewish community and evoked media comparisons with the "Night Of Broken Glass" when Nazis terrorized Jews in pre-World War II Germany. Fires were set at Young Israel Synagogue, the Emmanuel Synagogue, and the home of Rabbi Solomon Krupka. In September, the home of Connecticut State Representative Joan Kemler, who is Jewish, was set on fire. Kemler had spoken out against the unknown perpetrator of the three previous fires.

Police involvement in the matter was intense. Nationwide media attention focused on the incident, which had launched several legislative proposals to curb "bigotry and violence." Police Chief Francis Reynolds doubled patrols in the predominantly Jewish section of town. West Hartford Mayor Charles R. Matties

announced a \$50,000 reward. Indeed, police staked out 15 entire square blocks of West Hartford, hoping to charge someone with arson. An article by Barbara Sullivan in the Chicago Tribune was typical of the coverage. She quoted an "elderly, white-haired woman" who sobbed, "I had relatives in the Holocaust; I never thought I'd see this happen again." Scott Feigelstein of the Connecticut Regional Office of the Anti-Defamation League is quoted as saying "We have to be realistic because of our history, we have to Stake utmost caution...Perhaps good has come out of all this, because it's drawn people together, but how sad it's come g from something too horrible." The Jewish Defense League announced they would have armed patrols operating in West Hartford. The Hartford Courant published an apology for their "insensitive" coverage of this and another incident, in which an anti-Semitic note was found on the doorstep of a West Hartford home. The paper editorial "The Courant, for its part, must continue to walk that delicate line between informing the public and not playing into the arsonist's hand...The paper must be careful not to inflame an already touchy situation." An early suspect in the case was Barry Dov Schuss, a 17-year old Jewish student. An FBI psychological profile of the arsonist clearly pointed to Schuss, as did several other indicators. Finally, on December 14th, newspapers reported that Schuss had confessed to all four arsons. In fact, Schuss had confessed to his rabbi, Solomon Krupka, several days before his family or the police were notified. Krupka claimed that the relationship between a clergyman and a congregant is privileged. "Krupka disavowed any responsibility for not notifying the police, which would have saved taxpayers thousands of dollars and calmed tense nerves."

---

In New York City, residents of Co-Op City, a massive housing cooperative in the Bronx, found anti-Semitic graffiti and swastikas daubed on 51 apartment doors and walls in March 1984. The incident received wide publicity, A including comparisons with Nazi Germany. A \$3,500 reward was offered for the perpetrators. Later, two Jewish teenagers tried to collect the reward by turning in someone else and were arrested. The two youths, aged 14 and 15, were charged as juveniles with conspiracy, criminal mischief and falsely reporting a police incident. They are also suspected of other racist and anti-Semitic incidents dating back over a several month period, all of which had been attributed to "racists." As usual, the crimes received far more attention than the revelations

of fraud.

On July 15, 1987, a Rockville, Maryland Jewish woman and her Roman Catholic husband awoke at 4:45 AM to find a fire in the shape of a swastika burning on their lawn. Neo-Nazis, skinheads and Ku Klux Klansmen were widely speculated as the perpetrators responsible for the outrage.

Elyse Rothschild of the Montgomery County Human Rights Commission spoke of the fire as an "act of terror" and said that

"...there has to be an outcry from everybody in the country that we will not tolerate that type of behavior; it is totally not acceptable."

Lt. Carvel Harding, the Montgomery County fire marshall, reported that the perpetrator came forward and confessed at the urging of his father. Gary L. Stein, a 19-year-old Jewish man, confessed to the crime and implicated a long-time friend, John F. Finnegan, as the actual perpetrator. According to Harding, Stein claimed that "his buddy did it."

The book goes on and on like that for over a hundred pages.

Donald Trump who knows the Jews all too well from having to build a business surrounded by them. Has also called foul on these numerous incidents of vandalized Jewish cemeteries and over sixty bomb threats. That somehow the culprit or culprit's involved just can't be found for some reason. But as noted there is a long history of Jews themselves doing such stunts for attention and petty agenda's. No doubt all of this riding on the time that Trump is taking normal Pro-White People off the Terrorist watch list. Oy...Veh!

Trump suggests anti-Semitic acts are 'false-flag' attacks

<https://www.nytimes.com/2017/02/28/us/p...html? r=0>

President Trump suggested on Tuesday that the recent spate of anti-Semitic bomb threats and cemetery vandalism could be politically coordinated attacks to "make people look bad" — an apparent suggestion that his opponents could be behind them.

Speaking at the White House to attorneys general from around the country, Mr. Trump was asked by Josh Shapiro, the attorney general of Pennsylvania, about the wave of attacks and how the federal government could work with state governments to confront the violence.

"First, he said the acts were reprehensible," Mr. Shapiro, a Democrat who was elected to the post in November, said while recounting Mr. Trump's response. "Second he said: 'And you've got to be careful, it could be the reverse. This could be the reverse, trying to make people look bad.' "

The comments echoed the Twitter post of an adviser, Anthony Scaramucci, who suggested that Democrats were behind threats to Jewish community centers.

The Anti-Defamation League, which combats anti-Semitism, said it was "astonished" by Mr. Trump's sentiments and called on him to clarify his remarks.

Mr. Shapiro, speaking on the sidelines of the attorneys general conference, said that he was not entirely sure of what to make of Mr. Trump's comments.

"I was a little surprised by it, and others were, too, Republicans and Democrats," Mr. Shapiro said. "The question I asked was a genuine one and one of great concern to people in my state."

Subject: Why Spiritual Satanism is the Best Religion in the World

[Why Spiritual Satanism is the Best Religion in the World : JoyofSatan666](#)

**Why Spiritual Satanism is the Best Religion in the World : JoyofSatan666**

Spiritual Satanism is the True Religion.

No matter from where you see this matter, you can see it easily, especially if you look.

Spiritual Satanism tells the Truth on the afterlife, no bullshit added. There is no need for lying, as by definition becoming a Satanist implies one has already broken their 'comfort zone' by a long shot. We say the Truth on Karma, and how it plays out, same as endless others spiritual concepts. Satanism doesn't need to fool anyone into believing this or that, and people can see what is the case and isn't, by trying on their own. People who do the meditations see most of these things for themselves. We don't tell anyone what to 'see' in that sense. We just teach people to see, by practices that anyway are inconceivably Ancient and accepted to work by all pre-christian and pre-muslim civilizations. Truth in Satanism is a self-seeking, and also group-seeking inquiry.

We don't even need a 'bible' or something, because well, Spiritual Satanism is rooted in nature. Satanism as the enemy admits, is everywhere 'around' us. Be it in the physical and obvious level, or the higher and unmanifested levels (which we call the astral), Satanism is everywhere. From a beating heart, to the first breath of an infant, all the "Spiritual Satanic" values are there.

Let's assume for a moment that someone is a purely physical person that doesn't care for spirituality. Even them, they benefit from Spiritual Satanism, because we teach a sane morality. You don't do reckless evil, you become a civilizer, and keep your sights on becoming better. These are

the people that Satan and the Gods like. Go after freedom, and fight those who seek to enslave you, but at the same time, don't be a stupid revolutionary as if revolution is your day to day job. Use judgement, common sense, logic.

Of all the religions in the world, Spiritual Satanism tells people, aside from any 'fancy' reason or any 'boogiemans' to people to finally use common sense. Therefore we have nothing to divide with science at all. We cherish on the betterment of our existence and life on it, except of two small minor things: the ridiculing of the spiritual notion of man (except of Jewish crap about its non-existence when their race practices spirituality en masse).

In Spiritual Satanism, you don't live for any afterlife, even if you know about it. You don't wait to die, seeking a better tomorrow. You strive to advance today. You really start understanding the universal understanding that some people named 'god', as a stupid idea to confuse people that they were destined to be cattle, same as some laws such as 'karma', and what's behind them. Therefore you are free, and you are master of your own behavior. Spiritual Satanism is both materialism, and idealism. Most religions are pretending one or the other, while as everyone can see, materialism always reigns. Spiritual Satanism doesn't need to pretend anything as simply both natures are accepted, and materialism is not excluded from Spirituality. On our behalf, everything is balanced and nice.

Spiritual Satanism also teaches order, but the necessity to revolt against slavers such as the enemy, who seek to destroy humanity for no absolute reason whatsoever. Satanism is a merciful religion to every person seeking to advance, and is against misplaced mercy and fake tolerance that helps nobody. In Satanism, everyone must advance and wage their battle.

If Satanism was to rule the world one day, it would be just the Truth dismantling the lies. Spiritual Satanists seek the highest idealism for the future of their Race and humanity, but we are also practical and realistic about what is going on in existence today.

In Spiritual Satanism, no person is left behind, unless they by their own admission leave themselves behind and corrupt themselves in a loop of eternal self-destruction. We carry people out of fire, but we don't take bullets for them. We don't have any slave mentality. For order to exist, there is no need for slave mentality, as simply logic and looking at things really, creates an order.

Spiritual Satanism is also a peaceful religion. However if we are threatened and attacked, we will become spiritually brutal, and we will pay our enemies with the same currency. We don't seek the destruction of any Gentile, no matter their beliefs, unless of course they are seeking ours. We see at people who are Christians and other misguided people who have been brainwashed as rather sick, unless they attack us outright.

We know Races to exist, because well, they do. We like to see reality as it is. Being a Satanist, one always has the occult and mental powers, and the support needed to go on. No matter how low someone has sunk, there is always a choice and some adherence away to become a better being. We know there are ways to eternal life, but we also see that it's in our life here that we must fight. Our views of eternal life don't make us life-hating, they make us life-loving. We realize life as the greatest gift and we seek to protect and raise it to higher levels of existence.

Our so-called "Anti-Semitism" is not situational, and we didn't wake up one day and decided to become anti-Semitic to uselessly rebel. We know of the hidden 'agenda' that is no longer hidden anymore, because its carriers don't even hide it anymore. It's a defense against specific groups who have tried to destroy people who, like us, under the massive label of "Satanism" have tried to advance civilization. Since their attacks have been

unceasing and repeated we are left with no other choice, and history has now been written anyway, many times in blood of many innocent Gentiles. Due to all of our values and devotion for life, we have had to do something. In Spiritual Satanism, we have morals, but not slave morals which promote injustice, misery and pain. We have thousands of years of evidence, anyway.

In Spiritual Satanism we take natural determinism seriously, but we also take our views seriously, which tell us that everyone should be able to prove themselves, and have the means to advance and become better. We don't judge solely by any birth, and every spiritual Satanist has all the means at their disposal to go anywhere they want and can, with their existence. For the impossible, we devise possibilities. We believe that Humanity is made to be something higher, which as we call it today, we call it "Gods".

We Satanists do respect nature, the laws presented to us by nature, and we believe all advancement should be done in harmony with Nature and not otherwise. We believe Humanity has only as much potential as it decides it has, and puts itself to achieve.

Lastly, in Spiritual Satanism, we don't teach people stupid values like 'anarchy' or being constantly in consistent and fruitless ego wars with other people. We know such values do not promote wellbeing, or civilization, but we are ready to defy values that may be damning to civilization. We teach people to fight if necessary, we would throw ourselves to fire for freedom and for individuality, but a Spiritual Satanist knows how to create a phlanx with his brothers and sisters when the time requires. We value brotherhood, with order, and sometimes a family character to it. But never to the expense of ego.

And why all of this. Because we have met Him who is called Satan.

"God" is not our slave, our fanboy, or something that we use as a car to get us where we want. Our "God" is our God, and so many more things than God, because today this word is empty and means a lot of abrahamic nonsense. Why do we respect Satan? Simply: because He is magnificent, He is known to us, He is the Eternal, and the Eternal can manifest itself. Because there is no reason why 'not'. We consider Humanity worthy. "God" or any being of 'innumerable' capability should, and is able to do this as well, to relate to people in development.

We don't teach "God" is hate, or "love". Our Gods are real beings, and like us, only infinite times more advanced, have ways which we have to understand. Our Gods are not hiding to those who have eyes to see and ears to listen.

Satan doesn't claim the position of 'God', let alone any jewish 'god'. They on the other hand, claimed HIS position, with destructive aftermath for them. Satan has had His eternal throne in all Ancient Civilizations. Satan's position is, has been, and will forever be higher and inconceivable compared to 'God'. Satan also, is the only one who leads to the 'universal consciousness' that many people call "God", but in the East is called Atman: The state of supreme consciousness of creation or simply 'god', called Samadhi, and reached by Satan's Divine Name, SA-TA-NA-MA.

We are blessed to understand that the universe on its own does not 'hate' anyone, let alone favor anyone, all of which we know to be abrahamic lies. The universe is Nature, and nature rewards or damns, depending on our choices. Some people to mystify this term, they call it 'karma', or even worse in the jewish conspiracy, they pretend this universe is a jew that hates all non-jews. So much of their disturbing lies.

As we understand Him, we call Him God, but He is so much more. He is revealed to anyone, but also the ultimate, greatest, most beautiful and the

most magnificent Mystery in Creation. There are no words to describe Him, but we try. Spiritual Satanism is the Eternal Way from which we follow into the Absolute.

Spiritual Satanism is the Now, the Past, and the Forever.

Spiritual Satanism is the gateway to the Eternal Truth of the Cosmos, our Father Satan Lucifer, the God of Light, Splendor and everlasting Strength.

Spiritual Satanism is Truth, Meaning, Life, and Perfection. All this is Satan, and infinitely more.

We are approaching Him and understanding Him, that which many like to call "God", but we know how to call as Satan, whose name is Eternal Truth. To us He is real, existing, and visible to those who want to see Him. We also make sure to display what is best of our God, and people who use the Gods in the same way as the enemy dogmas do, we abolish their rights them and we drive them away. This is because, unlike xians, we know our Gods are real, are Gods are existing, and lastly, our Gods do deliver justice...

We worship Truth, approached and grasped closely by spirituality, which in anyway, enlivens and makes beings better, stronger, but also more peaceful, because it makes humans raise in consciousness and become more intelligent.

[Why Spiritual Satanism is the Best Religion in the World : JoyofSatan666](#)

**Why Spiritual Satanism is the Best Religion in  
the World : JoyofSatan666**

Spiritual Satanism is the True Religion.

No matter from where you see this matter, you can see it easily, especially if you look.

Spiritual Satanism tells the Truth on the afterlife, no bullshit added. There is no need for lying, as by definition becoming a Satanist implies one has already broken their 'comfort zone' by a long shot. We say the Truth on Karma, and how it plays out, same as endless others spiritual concepts. Satanism doesn't need to fool anyone into believing this or that, and people can see what is the case and isn't, by trying on their own. People who do the meditations see most of these things for themselves. We don't tell anyone what to 'see' in that sense. We just teach people to see, by practices that anyway are inconceivably Ancient and accepted to work by all pre-christian and pre-muslim civilizations. Truth in Satanism is a self-seeking, and also group-seeking inquiry.

We don't even need a 'bible' or something, because well, Spiritual Satanism is rooted in nature. Satanism as the enemy admits, is everywhere 'around' us. Be it in the physical and obvious level, or the higher and unmanifested levels (which we call the astral), Satanism is everywhere. From a beating heart, to the first breath of an infant, all the "Spiritual Satanic" values are there.

Let's assume for a moment that someone is a purely physical person that doesn't care for spirituality. Even them, they benefit from Spiritual

Satanism, because we teach a sane morality. You don't do reckless evil, you become a civilizer, and keep your sights on becoming better. These are the people that Satan and the Gods like. Go after freedom, and fight those who seek to enslave you, but at the same time, don't be a stupid revolutionary as if revolution is your day to day job. Use judgement, common sense, logic.

Of all the religions in the world, Spiritual Satanism tells people, aside from any 'fancy' reason or any 'boogiemans' to people to finally use common sense. Therefore we have nothing to divide with science at all. We cherish on the betterment of our existence and life on it, except of two small minor things: the ridiculing of the spiritual notion of man (except of Jewish crap about its non-existence when their race practices spirituality en masse).

In Spiritual Satanism, you don't live for any afterlife, even if you know about it. You don't wait to die, seeking a better tomorrow. You strive to advance today. You really start understanding the universal understanding that some people named 'god', as a stupid idea to confuse people that they were destined to be cattle, same as some laws such as 'karma', and what's behind them. Therefore you are free, and you are master of your own behavior. Spiritual Satanism is both materialism, and idealism. Most religions are pretending one or the other, while as everyone can see, materialism always reigns. Spiritual Satanism doesn't need to pretend anything as simply both natures are accepted, and materialism is not excluded from Spirituality. On our behalf, everything is balanced and nice.

Spiritual Satanism also teaches order, but the necessity to revolt against slavers such as the enemy, who seek to destroy humanity for no absolute reason whatsoever. Satanism is a merciful religion to every person seeking to advance, and is against misplaced mercy and fake tolerance that helps nobody. In Satanism, everyone must advance and wage their battle.

If Satanism was to rule the world one day, it would be just the Truth dismantling the lies. Spiritual Satanists seek the highest idealism for the future of their Race and humanity, but we are also practical and realistic about what is going on in existence today.

In Spiritual Satanism, no person is left behind, unless they by their own admission leave themselves behind and corrupt themselves in a loop of eternal self-destruction. We carry people out of fire, but we don't take bullets for them. We don't have any slave mentality. For order to exist, there is no need for slave mentality, as simply logic and looking at things really, creates an order.

Spiritual Satanism is also a peaceful religion. However if we are threatened and attacked, we will become spiritually brutal, and we will pay our enemies with the same currency. We don't seek the destruction of any Gentile, no matter their beliefs, unless of course they are seeking ours. We see at people who are Christians and other misguided people who have been brainwashed as rather sick, unless they attack us outright.

We know Races to exist, because well, they do. We like to see reality as it is. Being a Satanist, one always has the occult and mental powers, and the support needed to go on. No matter how low someone has sunk, there is always a choice and some adherence away to become a better being. We know there are ways to eternal life, but we also see that it's in our life here that we must fight. Our views of eternal life don't make us life-hating, they make us life-loving. We realize life as the greatest gift and we seek to protect and raise it to higher levels of existence.

Our so-called "Anti-Semitism" is not situational, and we didn't wake up one day and decided to become anti-Semitic to uselessly rebel. We know of the hidden 'agenda' that is no longer hidden anymore, because its carriers don't even hide it anymore. It's a defense against specific groups who

have tried to destroy people who, like us, under the massive label of "Satanism" have tried to advance civilization. Since their attacks have been unceasing and repeated we are left with no other choice, and history has now been written anyway, many times in blood of many innocent Gentiles. Due to all of our values and devotion for life, we have had to do something. In Spiritual Satanism, we have morals, but not slave morals which promote injustice, misery and pain. We have thousands of years of evidence, anyway.

In Spiritual Satanism we take natural determinism seriously, but we also take our views seriously, which tell us that everyone should be able to prove themselves, and have the means to advance and become better. We don't judge solely by any birth, and every spiritual Satanist has all the means at their disposal to go anywhere they want and can, with their existence. For the impossible, we devise possibilities. We believe that Humanity is made to be something higher, which as we call it today, we call it "Gods".

We Satanists do respect nature, the laws presented to us by nature, and we believe all advancement should be done in harmony with Nature and not otherwise. We believe Humanity has only as much potential as it decides it has, and puts itself to achieve.

Lastly, in Spiritual Satanism, we don't teach people stupid values like 'anarchy' or being constantly in consistent and fruitless ego wars with other people. We know such values do not promote wellbeing, or civilization, but we are ready to defy values that may be damning to civilization. We teach people to fight if necessary, we would throw ourselves to fire for freedom and for individuality, but a Spiritual Satanist knows how to create a phlanx with his brothers and sisters when the time requires. We value brotherhood, with order, and sometimes a family character to it. But never to the expense of ego.

And why all of this. Because we have met Him who is called Satan.

"God" is not our slave, our fanboy, or something that we use as a car to get us where we want. Our "God" is our God, and so many more things than God, because today this word is empty and means a lot of abrahamic nonsense. Why do we respect Satan? Simply: because He is magnificent, He is known to us, He is the Eternal, and the Eternal can manifest itself. Because there is no reason why 'not'. We consider Humanity worthy. "God" or any being of 'innumerable' capability should, and is able to do this as well, to relate to people in development.

We don't teach "God" is hate, or "love". Our Gods are real beings, and like us, only infinite times more advanced, have ways which we have to understand. Our Gods are not hiding to those who have eyes to see and ears to listen.

Satan doesn't claim the position of 'God', let alone any jewish 'god'. They on the other hand, claimed HIS position, with destructive aftermath for them. Satan has had His eternal throne in all Ancient Civilizations. Satan's position is, has been, and will forever be higher and inconceivable compared to 'God'. Satan also, is the only one who leads to the 'universal consciousness' that many people call "God", but in the East is called Atman: The state of supreme consciousness of creation or simply 'god', called Samadhi, and reached by Satan's Divine Name, SA-TA-NA-MA.

We are blessed to understand that the universe on its own does not 'hate' anyone, let alone favor anyone, all of which we know to be abrahamic lies. The universe is Nature, and nature rewards or damns, depending on our choices. Some people to mystify this term, they call it 'karma', or even worse in the jewish conspiracy, they pretend this universe is a jew that hates all non-jews. So much of their disturbing lies.

As we understand Him, we call Him God, but He is so much more. He is revealed to anyone, but also the ultimate, greatest, most beautiful and the most magnificent Mystery in Creation. There are no words to describe Him, but we try. Spiritual Satanism is the Eternal Way from which we follow into the Absolute.

Spiritual Satanism is the Now, the Past, and the Forever.

Spiritual Satanism is the gateway to the Eternal Truth of the Cosmos, our Father Satan Lucifer, the God of Light, Splendor and everlasting Strength.

Spiritual Satanism is Truth, Meaning, Life, and Perfection. All this is Satan, and infinitely more.

We are approaching Him and understanding Him, that which many like to call "God", but we know how to call as Satan, whose name is Eternal Truth. To us He is real, existing, and visible to those who want to see Him. We also make sure to display what is best of our God, and people who use the Gods in the same way as the enemy dogmas do, we abolish their rights them and we drive them away. This is because, unlike xians, we know our Gods are real, are Gods are existing, and lastly, our Gods do deliver justice...

We worship Truth, approached and grasped closely by spirituality, which in anyway, enlivens and makes beings better, stronger, but also more peaceful, because it makes humans raise in consciousness and become more intelligent.

[History Re-Written : JoyofSatan666](#)

**History Re-Written : JoyofSatan666**

Greetings to all our People and Satanic Comrades.

I notice a lot of people aren't aware that History can be re-written, or if they are, they never thought about to what EXTENT this can happen. In fact, they can imagine this, but they never understand how deep this can go. You can literally remove anyone and everything from history, especially if you are a globalist power like jews. Globalism = the death of all other opinions, differences, cultures and of course, knowledge and information. Globalism is something evil that only the enemy would want for the world.

This is important and people need to understand this. Imagine an alternative here.

You are who you are and everything, living your life. When you stop existing, or if the public were to 'reject' your existence, would you NOT exist? Let's say your ID and your name meant nothing one day. This is what the enemy does to people, only that they kill them too most of the time, and make them 'disappear' from society. This is the communist practice the enemy has followed to erase many people from existence, mostly after they were dead.

The other thing is that most people don't understand how DEEP this can go. In fact, history itself has been made to confront and fit in the 6000 torah lie as well. Making civilization seem far smaller than it is. You have to think outside of the (((Box))) in that case.

In a future that will come if we stop the spiritual warfare, one that the enemy will have total power, our memory may as well be erased. We will no longer exist in history, and nobody, unless they find a CD (and the means to use/decipher it), or some printed material, or anything else left by any of us, will ever, ever know. Does that mean we never existed?

In the above example, the 'rapid' advances of technology would have rendered CD's 'obsolete'. Nobody could read this. If they opened the CD because well, in a free society they could find some means anyway, they may not have been able to read it. If they read it, they may not have understood it well, or at all. The same thing happens with Spirituality, due to the exact fact the enemy has corrupted information deeply, same as the means of translation.

This is why the enemy on one hand owns all the physical publishing, and this gives almost total control. Everything can be re-written. But see now how in the digital age, everything can be re-written without any evidence, and claimed to be 'true'. For example take jewbook, twitter and anything else. When the enemy has full control, they do these things. They don't do these now, as it will result in their death. When 'paper' and 'ink' will be obsolete, they will do this.

Notice the Egyptians, didn't largely use oil, ink or paper. They used sturdy papyrus, and giant, immovable rocks to record history. Somehow the enemy calls them prelithic, but were they? We can still know what happened in their history, after thousands of years. Will people 10 or 20 thousands of years after, know of us, as we know of these great civilizations now?

The Gods also have advanced technology that stores information in Crystals and other materials, that cannot be destroyed, or diamonds. Therefore the Truth remains intact.

Memory erasing is very common in enemy diktat "civilizations". This is common in the USSR and in other states where nobody checks what is going on, because they may end up in the gulag. The same has been done to National Socialists in history, painting them as more xian than they are, then you have a thing called 'conflicting evidence'. Conflicting evidence results as a result of someone, lying.

For example, some people see Hitler as a hyper-xian, even-though it doesn't agree with any of his actions, his visions, or his undertaking, or anything at all. But well it was 'said' he was, and written in a few books. People assume, they do not know. Most of the time not even evidence is needed.

I mean, the enemy says things about us here, on a daily basis, that doesn't make any sense or agree to us in the slightest. This will improve. This is the mentality of the media. Presented things over evidence. People are living in a lie. Unless you think Photoshop is real life. And who owns all this lie-creating machine? The enemy.

Therefore people should understand what happened with Xianity. Xianity destroyed all information and knowledge on past civilization. Until the 1700's, evidence and knowledge of the past was scarce. Normal people didn't know one thing. The only way to know is through the enemy lenses, alliance with the enemy on a higher level (And knowledge was only given so it would be corrupted) and zero to no other ways. People in the bottom of society, were lucky if they knew how to write their own name.

Notice for example how every history book written today, 'paints' things. Hitler this, Hitler that. Hannibal the very bad guy. This or the other thing. Jewish 'acceptance' has platted everything. If its accepted, its promoted. Does it kiss jewish ass? True. Does it not? False. From the Ancient Greek Manuscripts, its estimated and its known that around less than 5% have survived, and also, all these that 'survived' were basically confronted to the demands of the church. That's why they were allowed to exist.

The other thing the enemy does is when something is too big to destroy, they just bastardize its notion. You see in the bible for example, only the strongest Demons and deities are recognized, the leader of which is Satan. Now, the enemy could allow these to skip into memorial destruction. Other Gods have went almost in memorial destruction. Whats even better for the jews to do, is NOT let them skip into memorial destruction.

Its to taint their memory and direct the hatred of their own children to them. Do you see how it goes? From the position and power of Satan in the bible and the enemy manuscripts we can easily figure out, that even if people cannot find 'direct' evidence in the west (There is still extremely much if one does digging such as we did), Satan was probably worshiped everywhere on the planet or something. In India much of it has survived intact, because the Hindus did guard their culture.

People talk anything they have HEARD about Satan. If they one night prayed to him, and if their mind wasn't so strongly afraid and programmed, just allowing themselves to SEE, maybe what they saw would be drastically different. This is what WE have done. We just used our brain to think. I myself was very reluctant when I went to meet Satan in my first steps as a Satanist. Even-though of tens of years of drumming the false knowledge, however, the so called 'instinct' is more powerful and knows better. Obviously this doesn't overrule evidence, as many would like to think. Because if so then the instinct of the jews to kill everyone of you here is 'legit' and 'accepted'.

I am a Satanist because of knowledge and of instinct, and without instinct, I would never be. Without knowledge I may definitely have been again. Now, the gut instinct, or other higher types of instinct, have to deal with Soul memory, and the Serpent (on the high levels) or advanced reasoning in the lower spheres.

From Philo the jew who burned the library of Alexandria, to Zuckerberg that wants to turn all knowledge into 'digital', you can see the jews follow the same racial pattern. That of destroying evidence and leaving it to be easily malleable and changeable so in the future they can lie to people. Then we have what jews are doing into philosophy and science. They always cry that there is no "Truth" and that everything is "Relative", unless one of course questions the imagined jewish 'holocaust'. Then its TRUTH Goyim. Do you question it? You need to go to jail Goyim!

Imagine if you were an alien invader and you saw beings like humans here. Of course, you would be going after their culture, understanding, and things they have known as facts, especially if these beings get safety, power and protection from such.

After all, whom do they affirm they hate? Satan, in the anglicized version of the term. Satyan in Sanskrit means eternal Truth. Sat in most languages means light, positive, eternal, respected, and all sorts of other things. By all means that's what they hate.

In the future if Humanity advances enough and all individuals raise spiritually (the Devil, Satan's Serpent), the Truth then becomes known, and lying ceases from civilization. This is not only based on instinct, but grounded evidence. Evidence exists in general, and its a most important thing.

This is why until that time I go over and over again on how people need to print, plant some things, and other stuff. I don't say all these to everyone to tire you, or to make you waste a CD that costs 0.20\$. Its just that this CD or USB drive may be discovered in generations to come, and save people, as we have been saved today, by others who chose be thrown into the fire, than succumb, and chose sacrifice, over their head.

Another reason why the enemy abolishes property is that they can storm every place so nothing can be 'hidden' nowhere. Forests and many other places make for excellent hiding places, for anything one wants to hide, same as mountains etc.

Our heads are worth nothing if nobody knows about it and cannot make use of our sacrifice, knowledge, warm or even victories, all of which we are doing today.

Respect civilization and seek to uphold it. Those who act like animals, beat them in line with the Spiritual means. We are sitting on a mine of gold that billions never had, so use your existence and time well.

We cherish on the betterment of our existence and life on it, except of two small minor things: the ridiculing of the spiritual notion of man (except of Jewish crap about its non-existence when their race practices spirituality en masse).

In Spiritual Satanism, you don't live for any afterlife, even if you know about it. You don't wait to die, seeking a better tomorrow. You strive to advance today. You really start understanding the universal understanding that some people named 'god', as a stupid idea to confuse people that they were destined to be cattle, same as some laws such as 'karma', and what's behind them. Therefore you are free, and you are master of your own behavior. Spiritual Satanism is both materialism, and idealism. Most religions are pretending one or the other, while as everyone can see, materialism always reigns. Spiritual Satanism doesn't need to pretend anything as simply both natures are accepted, and materialism is not excluded from Spirituality. On our behalf, everything is balanced and nice.

Spiritual Satanism also teaches order, but the necessity to revolt against slavers such as the enemy, who seek to destroy humanity for no absolute reason whatsoever. Satanism is a merciful religion to every person seeking to advance, and is against misplaced mercy and fake tolerance that helps nobody. In Satanism, everyone must advance and wage their battle.

If Satanism was to rule the world one day, it would be just the Truth dismantling the lies. Spiritual Satanists seek the highest idealism for the future of their Race and humanity, but we are also practical and realistic about what is going on in existence today.

In Spiritual Satanism, no person is left behind, unless they by their own admission leave themselves behind and corrupt themselves in a loop of eternal self-destruction. We carry people out of fire, but we don't take bullets for them. We don't have any slave mentality. For order to exist, there is no need for slave mentality, as simply logic and looking at things really, creates an order.

Spiritual Satanism is also a peaceful religion. However if we are threatened and attacked, we will become spiritually brutal, and we will pay our enemies with the same currency. We don't seek the destruction of any Gentile, no matter their beliefs, unless of course they are seeking ours. We see at people who are Christians and other misguided people who have been brainwashed as rather sick, unless they attack us outright.

We know Races to exist, because well, they do. We like to see reality as it is. Being a Satanist, one always has the occult and mental powers, and the support needed to go on. No matter how low someone has sunk, there is always a choice and some adherence away to become a better being. We know there are ways to eternal life, but we also see that it's in our life here that we must fight. Our views of eternal life don't make us life-hating, they make us life-loving. We realize life as the greatest gift and we seek to protect and raise it to higher levels of existence.

Our so-called "Anti-Semitism" is not situational, and we didn't wake up one day and decided to become anti-Semitic to uselessly rebel. We know of the hidden 'agenda' that is no longer hidden anymore, because its carriers don't even hide it anymore. It's a defense against specific groups who have tried to destroy people who, like us, under the massive label of "Satanism" have tried to advance civilization. Since their attacks have been

unceasing and repeated we are left with no other choice, and history has now been written anyway, many times in blood of many innocent Gentiles. Due to all of our values and devotion for life, we have had to do something. In Spiritual Satanism, we have morals, but not slave morals which promote injustice, misery and pain. We have thousands of years of evidence, anyway.

In Spiritual Satanism we take natural determinism seriously, but we also take our views seriously, which tell us that everyone should be able to prove themselves, and have the means to advance and become better. We don't judge solely by any birth, and every spiritual Satanist has all the means at their disposal to go anywhere they want and can, with their existence. For the impossible, we devise possibilities. We believe that Humanity is made to be something higher, which as we call it today, we call it "Gods".

We Satanists do respect nature, the laws presented to us by nature, and we believe all advancement should be done in harmony with Nature and not otherwise. We believe Humanity has only as much potential as it decides it has, and puts itself to achieve.

Lastly, in Spiritual Satanism, we don't teach people stupid values like 'anarchy' or being constantly in consistent and fruitless ego wars with other people. We know such values do not promote wellbeing, or civilization, but we are ready to defy values that may be damning to civilization. We teach people to fight if necessary, we would throw ourselves to fire for freedom and for individuality, but a Spiritual Satanist knows how to create a phlanx with his brothers and sisters when the time requires. We value brotherhood, with order, and sometimes a family character to it. But never to the expense of ego.

And why all of this. Because we have met Him who is called Satan.

"God" is not our slave, our fanboy, or something that we use as a car to get us where we want. Our "God" is our God, and so many more things than God, because today this word is empty and means a lot of abrahamic nonsense. Why do we respect Satan? Simply: because He is magnificent, He is known to us, He is the Eternal, and the Eternal can manifest itself. Because there is no reason why 'not'. We consider Humanity worthy. "God" or any being of 'innumerable' capability should, and is able to do this as well, to relate to people in development.

We don't teach "God" is hate, or "love". Our Gods are real beings, and like us, only infinite times more advanced, have ways which we have to understand. Our Gods are not hiding to those who have eyes to see and ears to listen.

Satan doesn't claim the position of 'God', let alone any jewish 'god'. They on the other hand, claimed HIS position, with destructive aftermath for them. Satan has had His eternal throne in all Ancient Civilizations. Satan's position is, has been, and will forever be higher and inconceivable compared to 'God'. Satan also, is the only one who leads to the 'universal consciousness' that many people call "God", but in the East is called Atman: The state of supreme consciousness of creation or simply 'god', called Samadhi, and reached by Satan's Divine Name, SA-TA-NA-MA.

We are blessed to understand that the universe on its own does not 'hate' anyone, let alone favor anyone, all of which we know to be abrahamic lies. The universe is Nature, and nature rewards or damns, depending on our choices. Some people to mystify this term, they call it 'karma', or even worse in the jewish conspiracy, they pretend this universe is a jew that hates all non-jews. So much of their disturbing lies.

As we understand Him, we call Him God, but He is so much more. He is revealed to anyone, but also the ultimate, greatest, most beautiful and the

most magnificent Mystery in Creation. There are no words to describe Him, but we try. Spiritual Satanism is the Eternal Way from which we follow into the Absolute.

Spiritual Satanism is the Now, the Past, and the Forever.

Spiritual Satanism is the gateway to the Eternal Truth of the Cosmos, our Father Satan Lucifer, the God of Light, Splendor and everlasting Strength.

Spiritual Satanism is Truth, Meaning, Life, and Perfection. All this is Satan, and infinitely more.

We are approaching Him and understanding Him, that which many like to call "God", but we know how to call as Satan, whose name is Eternal Truth. To us He is real, existing, and visible to those who want to see Him. We also make sure to display what is best of our God, and people who use the Gods in the same way as the enemy dogmas do, we abolish their rights them and we drive them away. This is because, unlike xians, we know our Gods are real, are Gods are existing, and lastly, our Gods do deliver justice...

We worship Truth, approached and grasped closely by spirituality, which in anyway, enlivens and makes beings better, stronger, but also more peaceful, because it makes humans raise in consciousness and become more intelligent.

Greetings Comrades,

The following article demonstrates a very dangerous topic about the censorship of the internet. While the enemy is claiming to "fighting piracy" they are circumventing legislation about freedom of speech.

Imagine, you have a torrent tracker site. According to the law, a torrent, doesn't contain files and doesn't break any laws. But the companies know that pirates will go to the torrent sites. So they've tried with the law, and because of how laws work they usually lose. So they skip the middleman and go directly for the ISPs.

So you have a provider that provides you the site? Ok then, the jews will make a deal (threaten, lie, accuse) with the provider to cut your account. Your site no longer exists on the internet. The jews are happy.

Imagine what will happen in a few years where they have defeated piracy, by taking down all sites. Then the next step is to remove any "obstacles" in their plans, like the Joy of Satan site that spreads the truth? They will claim it contains "hate speech" and will take down the site without further notice by making a deal with the ISP.

## [Private Anti-Piracy Deals With Domain Registries are Dangerous, Professor Warns](#)

Last year the MPAA signed its first anti-piracy deals with a domain name registries, hoping to limit widespread copyright infringement. A dangerous development, according to University of Idaho Law Professor Annemarie Bridy, who warns that DNS filtering could gradually become a common tool to suppress disfavored speech.

In recent years various entertainment industry groups have switched their efforts away from legislation, towards voluntary cooperation with various stakeholders.

This has resulted in several agreements with Internet providers, advertising agencies and payment processors, which are all designed to help prevent piracy.

In 2016, this strategy was expanded to cover key players in the domain name industry. Last February, the MPAA and the Donuts registry signed a [landmark agreement](#) under which the movie industry group acts as a "trusted notifier" of "pirate" domains. A similar deal was later announced [with Radix](#).

Traditionally, it has been very hard for rightsholders to get domain names suspended without a court order but through voluntary agreements, this process is simplified. Without a court order, the registries in question are now able to take pirate sites offline, if the evidence is sufficient.

Such agreements are praised by Hollywood and even have ICANN's blessing. However, there are also concerns. In a recent article, University of Idaho Law Professor Annemarie Bridy expresses concern over these developments.

It is the first voluntary deal that touches on the Internet's core technical functions, assigning private copyright enforcers as some sort of online police. The current agreements are fairly limited and Professor Bridy warns that it could be just the beginning.

"For now, non-judicial notice and takedown practices in the DNS are limited; however, demands on intermediaries for stronger online content regulation across the board are only growing," Bridy [writes](#).

With a lack of transparency and due process, the MPAA's programs could easily expand to a broader range of controversial content such as fake news, hate speech, and terrorist propaganda, she warns.

"Lack of transparency and due process in such programs will make them inherently vulnerable to inconsistency, mistake, and abuse and could transform the DNS into a potent tool for suppressing disfavored speech."

In copyright cases there are worrying consequences as well. Recent history has shown that over-blocking is a legitimate threat. Professor Bridy highlights the FBI's seizure of the domain name [MOOO.COM](#) as an example, which took down 84,000 subdomains even though only ten were problematic.

ICANN, the non-profit body responsible for the smooth-running of the Internet's Domain Name System, has always insisted that copyright disputes are [beyond their mission](#). As such, it was happy to see registries and rightsholders coming to an agreement.

According to Bridy, however, ICANN is now giving the green light to private agreements that allow corporate and government parties to interfere with DNS without central oversight. That's a very worrying development, in her book.

"[I]n creating that architecture, ICANN did nothing to secure any procedural protections or uniform substantive standards for domain name registrants who find themselves subject to this new form of DNS regulation," Bridy writes.

"That omission should be a red flag for those who worry that ICANN's newly minted independence from the U.S. government will make its internal governance more susceptible to capture by powerful commercial and governmental interests."

It will be interesting to see where the private deals go from here and if they indeed move beyond copyright enforcement.

Last week the Donuts registry said that fears about a "slippery slope" toward inappropriate content control is [unwarranted](#). Thus far they are correct by stressing that only a few domain names have been suspended under their deal, but that offers no guarantees for the future.

Subject: Ultimate Healing Guide

## Ultimate Healing Guide

Health is everything. With bad health comes a bad mindset, which can literally ruin one’s life. Perfect health leads to many opportunities and productivity in life. As we are at war now, we need the best health we can get, in order to work harder for Satan, and also to get the best for ourselves in life.

Full Moons in Virgo happen once a year (sometimes twice in a row depending if the Moon opposes the Sun in the beginning and again at the ending of Sun in Pisces). This Full Moon in Virgo will be on the day of the Sun, which happens once in seven years, statistically speaking. So this is basically a once in seven years opportunity we have here.

The Sun rules the health, healing, vitality, energy (along with Mercury for healing, and Mars for energy and vitality). Starting a healing working on a Sunday is one of the best timings.

The moon goes full in the morning for America, in the afternoon for Europe, Sunday March 12th. You can find the exact time for your location online. Before the moon goes exactly full is the time to start on improving health, after the moon moves to the waning side of the full moon is the time to begin a working to remove health issues. Keep your location in mind and plan the best working for yourself.

These methods are easy enough for anyone, new or advanced, terrible health or good. Commit to just 40 days, and then see if you are up for continuing for a full 80 or 90 days. You can re-do this in the future if you see a bad Saturn or Neptune transit about to affect your health.

This is best done in the hour of Sun, or Mercury, Venus, Jupiter. But I know there are some of us who do not keep track of the hour, depending on lifestyle, spiritual level, or whatever. The important thing is to make this a part of your daily routine, so do it when it works best for you, every day for 40 days. Doing it occasionally in the hour of Saturn will not ruin this.

The 40-day mark from beginning (March 12th) to end will be April 20th.

This ties in with the “How to Obliterate Your Saturn” guide, you can refer to that and modify it for health issues.  
[post77618.html](#)

Combining Spiritual with Physical Healing

An important point to be made, that this is to increase/improve your physical health. So when doing a spiritual working, combine it with a physical working. You are trying to improve your health, so add some extra yoga, qigong, tai chi, or anything to your daily routine. This can be as simple as 5 minutes doing the 5 Tibetan Rites, or the 10 Tibetan Breaths. Do a physical working before to get your energies raised, and then do your spiritual working. This combined, will get you drastic positive results in your health.

For those of you who are in very bad physical health, just the easiest of Tai chi or a walk outside will help, or breathing exercises. And keep in mind that we are continuously improving. After 15 years of doing yoga, I myself recently had another breakthrough. Start slow and easy and work your way up as you feel is right for you. When you stay strong in Satan, there is no going backwards in advancement.

### Astrology Shows Health Issues

High Priest Hooded Cobra has on his website now, a reading to find your health issues. Anyone who is adept at astrology (or does palmistry) can find your own, and anyone who has purchased a natal chart reading from me has it included, but you can still order from HP HC for additional insight. Keep in mind that he has quite a few orders on the go now though. The health reading is the 3rd one down on the list:

<http://www.josmarket.org/astrological-services>

### Getting Help

It is true that the Gods are very busy these days. But, as your health will make you a more effective Warrior for Satan, and able to accomplish more in your personal life and spiritual advancing, they will be willing guide you. Hold a formal ritual and ask to be guided to the best way to heal yourself or improve your health. You will be doing the work, but they will guide you to be able to do this most effectively. Even if you are unable to see/hear the Gods, this will still work. Don't be discouraged. Look for signs after, such as "randomly" stumbling across a health article or a post here that ties in with something you are dealing with, or making you aware of an issue that you didn't realize you had.

### Method for Removing Health Issues

An affirmation for general physical health issues, or if you have multiple issues you want to improve with one working. Do this on the waning side of the full moon in Virgo. This has been created and done by myself a while ago and it worked wonders:

"In a positive and healthy manner for me, I am eternally free from any and all sickness, illness, disease and pain. I am now completely healthy in every way."

Make sure to include the "positive and healthy manner" part. It is possible to lose the sense of pain, and pain is needed to let you know if you are injuring yourself. Feel free to amend this or add anything to it as you see fit.

If you have a specific problem to heal, then make sure to add “permanently” and “in a positive and healthy manner” to your affirmation. You don’t want the problem coming back at a later time.

For those of you who cannot do vibrations for whatever reason, or if your throat is sensitive and are already at your max for vibrations and speaking for the time being, this can be done through trance and foundation method. Breathe in powerful healing energy, either white-gold or green (green rules healing and rejuvenation), and make the affirmation with the exhale. You can also stand or sit in direct sunlight and breathe in the Sun’s energy. Affirm either out loud or in your mind, whichever works best for you. You can do this for 20 times, or 108 times, or whatever power number you prefer (54, 88, 216, etc).

Just make sure to have your energies raised before starting this! Either through yoga, qigong, breathing exercises, and so on. You can also do this multiple times a day, such as first thing upon waking up and again before going to sleep, or in morning and noontime if using the energy from the Sun.

For those who want to use vibrations, you can use Munka, Ansuz, or Uruz (Freeing the Soul). Do the physical energy raising part first, and then the vibrations, and then the affirmation. This can be done however you feel is best, such as:

Munka/Ansuz/Uruz 108x

Satanas  
Affirmation 9x  
Satanas  
Aum

Or after the vibrations,

Aum - Affirmation - Aum (9x)

Or affirming before the vibrations, and again afterwards. Do whichever method you feel is best for you.

Doing this “removing health issues” working will set a good foundation for any healing you need to do in the future. The Sun goes into Aries in March/April, the Sun square can be done to increase your health, or just using the mantra of the Sun (Suryae). Overlapping the two workings can be done successfully. Just keep in mind that healing workings take a lot of effort and spiritual energy, so try to keep any other workings to a minimum for these 40 days.

### Method for Increasing/Improving Health

As this needs to be done on the waxing side of the full moon (before it goes completely full), this is a bit time-sensitive for those in the Western Hemisphere. You will need to do it after the Sun rises (the day does not begin at midnight!) but before the Moon goes full. So that’s about a one-hour window some of you will have.

This link from the JoS pretty much covers it all:  
[http://www.angelfire.com/empire/serpent ... aling.html](http://www.angelfire.com/empire/serpent...aling.html)

## Additional Health Improvements

1. When the Sun enters Aries later this month and into April, you can work more on your Solar chakra. Vibrating the Sun mantra Suryae, Raum, a God name, or a rune such as Rauda or Sowilo into your Solar chakra every day will go a long way to improving and maintaining your health. You can also vibrate the same mantra into your aura afterwards, as a strong aura will also repel any diseases. Vibrating 88 reps of Sol into the chakra and then 88 into the aura can take as little as 10 minutes total, and it goes a long way to overall health and wellbeing.
2. Keeping up a strong aura of protection will also do wonders. This will keep away curses, contagious people, and everything else that negatively affects the health.
3. Cutting back on refined sugars, food colorings, and other junk food for this 40-day period will help. Less junk in your system will help the energy focus on healing you, rather than the energy dealing with the junk you continuously put in.
4. Eating more healthy foods such as vegetables and getting a good multi-vitamin will give the working more fuel to heal you. Doing spiritual workings often lead us to physical ways of helping the spiritual working.

When I get a new working or ritual I often have to rearrange the schedule for all of them.

I thought this was a ritual to be done in strong light or daylight. To know it can also be done inside is great!

@denadehna, the affirmations and visualization take 5 minutes. You can go into the bathroom and clean your aura/strengthen your aura of protection there. Also, it is unlikely you will have to work a solid 24 hours straight. You can do the ritual early in the morning or late at night. If you genuinely want to do the ritual, you will find time to squeeze it in.

SURYA and SATANAS are different mantras. They are vibrated letter-by-letter. SURYA is vibrated SSS-UUU-RRR-YYY-AH-AH-AH. UUU as in too or you. Rs are rolled. YYY is like an exaggerated E as in see or tea. AH as in father or car.

An explanation of how to vibrate each letter is in "The Satanic Kabbalah" in Satan's Library.

Subject: Why ""Normal"" People are SO dumb

Greetings to all our Satanic People and Comrades.

A sister in the groups made a comment about how she explains things to people, but they cannot take it. The things might be simple, such as the problem-reaction-solution formula the jews are doing to remain in power. All those of you who read my posts, this is why they are so long. I thoroughly explain things to everyone, because I care about everyone.

In our lives we encounter a lot of people. A lot of people are naturally 'intelligent' but there are many types of intelligence. One example is these people who are university decorated, but cannot figure out for example that their own mother is depressed or something. Other people are very emotionally intelligent, but they cannot get it out. Others are so called 'average intelligence' people, that you would be surprised how many things they understand.

In life, the simpler the people, the more things people actually understand. This is because as their thinking is more simple, they can see things simply and they believe their own eyes. Of course this is not idea everytime, but on some matters, its heaven-sent and exactly what is necessary for the moment. A person who sees a woman that is raped and is a farmer, will far more easily do the right thing and try to help or call the police. A high-strung super 'intelligent' cuck, may run or something. A farmer understands easily about the mudslime crisis and the pisslamic terrorists, but other more 'studied' people will always fail to get it, unless of course, they are intelligent in more things than in academia.

I have also noticed that people who consider themselves 'intelligent', also do lie a lot. They are afraid basically to say the truth and they constantly run in circles to bend everything. This is largely what 'clever' people are supposed to do, and this is a jewish teaching. Eventually, they are found out for frauds, and they are rimmed and get what they deserve by others. Obviously, use common sense: what I say here does not apply when communicating with zombies and many others. Its just a general discussion. This is because many such people are weak, and the list goes on. No matter how 'intellectual' one is, a bully can punch them in the face, and that's all.

Take another example. If you try to 'explain' to a cucked feminist, however many 'degrees' they have, they will never understand fairly simple things that you do explain. This is because they are not really 'educated' in this sense, they just did spent more years reading heavenly theories and other things that are inapplicable with reality, generated mainly by jews exactly of that: to suck and be unreal. Education is necessary, but keep AWARE and don't let jews school you. The jews pass poison through education. You need to rule this out and not accept passively.

For a similar issue. You go to some village in Africa and you ask a person there who hardly knows to read, why for example Pisslamics are coming in Europe or other things. You will get straight, real replies. Money, rape, spreading Islamism and the list goes. Who would be more genius in this case. The brother in Africa or the cucked feminist?

The soap bubbles in the West are conditioned to not think in these terms, as this is 'evil', but unfortunately, most of the world does actually think in these terms. If people don't have this ability, or reject to even KNOW that such animalistic thinking exist, they will be victims of this. Their intelligence is in fact, a hindrance. They cannot see the world as it really is, or as others do in reality see it. This is a high disadvantage for "survival" in situations like this we are going through.

Spiritual Satanism is a club for elite people and souls with higher morale and higher understanding. Unlike cattle herd people, we actually crave to expose ourselves to that which is higher and better. We don't feel bad for it, and for those in the lower levels that may feel hate, we trans-mutate it to go forward in our own self. Satanism at this point is not for everyone because most people are actually too weak to handle the downward spiral of self esteem, an uncontrollable mind, etc, the enemy has imposed.

We understand nature. Nothing needs to be equal. What I mean from this post, is that if people were meditating and advancing, their intelligence would grow a lot, to the point most people would have healthy and sane reasoning in the very least. Basically, look at yourself and how much you have grown, and you will understand how much it can go. For those who don't become more clever, they would at least be and feel better - less crime, less psychological problems, less death and anguish. The universe wants to give pleasure to everyone for free. Its just people don't take this, thanks to jews.

You don't need to be a rocket science expert, just get it. Everyone shrinks compared to a God for example, in everything there is for us to 'compare'

ourselves with them. Those who think themselves as their 'equals', just have no idea of what of beings we are talking about, and they need to look deeper.

Infrequently we see attention whoring and other people who are empty, and need a feeling by the time and attention of the Satanic community. It comes in many forms. These people have nothing to offer, and they think they are too important. Little do they see that they suffer from an energetic inflation: as someone who pathologically destroys their self esteem no matter if they are a great person or not, these people pathologically fill it up even if they are a whack person in reality. They suffer from the same disease, but it manifests differently. One is too slim, the other one is MacDonalds obese. That's all.

When you go outside and you see people fucked up in the head, just know, its just spiritual degradation. You can see this here in the group. We have people from all Races, cultures, backgrounds, but we can still conversate and everyone eventually gets one another. Everyone advances. Everyone is on the bright side if they just put themselves to it. We are a family of multitudes.

No xian or anyone else can state the same, in the least. These people while they have 'renounced' the values of the vultures, are the real faithless vultures they have 'renounced'. We are the 'beasts' with the 'bad morality' but we behave nothing closely like it. Guess what. Because we just follow natural dictate so nature rewards by healing us. These fools go against nature and nature curses them.

It may seem like a miracle to others how we can maintain a community with the ideas that we do, and the goals that we do, but well, it is miraculous, but the thing is, WHY? Because everyone of us maintains the SATYAN- Eternal True path, to enlightenment.

This opens up the mind. It makes one expand their horizons and be really able to ingrain things into their mind. One also learns the value of change, and stop associating themselves like a kid that has a complex that all the mistakes of the world are their own. People start to face reality in how they are insidie, and this produces pleasure after the initial shock of a neglected self. Then the pleasure is immense and power starts to grow bigger everyday. So long everyone advances, everyone is happy, this is what many people don't know.

Now lastly, the jews are intelligent, YES, but many people forget WHY they are intelligent. Many of you go around the street, and because you are spiritually awake, you will notice strange things such as jews looking at you, being afraid of you, sneering at you, whatever. You wake to another world. In fact, most jews are aware to this level themselves. They are walking this world around as awakened towards the asleep.

They are in fact worried to see YOU there, on 'THEIR' level. "What do we have here, a Goyim that is awakening?". Do not worry guys, this is not terminator, and 99% percent of jews don't understand 'what' you are specifically, so DO NOT grow paranoid. All they feel is a natural instinct to coerce you, or run away from you, without knowing the details. However, unlike Gentiles, they are NOT oblivious on an instinctive level.

The Rabbis are doing racial magick to keep the jews awake on a racial level, and controlled by the Torah unconsciously. It doesn't matter what the average jew does, the Rabbis have the controller. They can play whatever, that they are opposed to them, xians, or even interested to be "Satanists" or some other joke. The reality is on the blood. Something which the enemy knows.

These jews are on a higher level than others, and they from this level cast down to the lower levels fog, mist, and dust in the eyes of people. This is

why you can see after a point of advancement, that most things mean to confuse, coerce, make-believe and do other shit to people, are made by a jew, or a jew is always an associate. This is not you a jew being an antisemite, this is you becoming aware.

The jews are an alien soul.

When people get this, that these beings are aliens acting as overlords here, and that they do not belong to the earth naturally, they will figure out why they do all this. In fact even someone simply reading the Torah will just understand their mentality, as they were dumb enough to keep it in paper.

Satan is only fought against by the jews because he is the Truth and teacher of Meditation. So long people get stuck in the 3rd dimension, those like jews who hover just a bit above, can always lie to them and deceive them. Satan abolishes this ability from these beings to lie to everyone.

They have numerous prayers they channel to their people every day. Jews are a cursed race, they are not gifted. Most races in humanity have decent health for example. Jews don't. But they have the stolen culture and they use it for themselves. This is why they find these 'chances', always make 'profits' and other things. Of course, we have Gentiles that are PROGRAMMED to be stupid and victims. This plus magick, makes a dangerous combination. However, there is nothing 'unable' to be defeated behind this.

The jews do some daily prayers like the Shema prayer, and other prayers, who just have an effect of a normal meditation session. The jews don't really meditate, they just channel the siphoned energy by xianity and Pisslam. So long they lose followers, their power will decrease. They are dependent on blood intake. In fact, everyone with spiritual knowledge can become aware, except of flat out, clinical retards.

The spiritual damnation and darkness, manifests in ignorance in the physical and in all other realms, a desire to waste one's life and one's existence, and a lack of understanding, compassion, and also fighting spirit all together.

Lastly, this is just for general knowledge. This is not to make you think that a race mixing, leftist scumbag, drug user, will magickally be saved at some point, and you need to play the savior. Many people are beyond any 'saving' and also, you need to save yourself and keep yourselves safe as Satanists above all. Secrecy is the most important thing in the world we are living in. Our RTR's will bring the world into a different footing, where in the light of the Age of Aquarius, we will have far better of a scene to project our message.

So, how do we REALLY know? The Jews control 96% of the media. This is a proven fact. Being the prolific liars they are, and the ugly fact that they've rewritten history, (they put truths within a book, then embed lies). Psychologically, this works both subliminally and consciously, as the student reads truths and then believes the lies as the truths break down any resistance in the mind...skepticism.

The Jew also explains certain things, especially in regards to advancing their agenda, in a certain way to encourage tolerance for whatever they intend to promote, like communism. They push tolerance... Suicidal tolerance, but certain things like racial awareness, and such, they start screaming "HATE" and that's where their liberalism and tolerance goes right out the window. Revealed for what these tactics truly are...mind manipulation, programming, and indoctrination.

Jews take over the governments, the legal systems, all education, the media, the medical and many more vitally important areas in the countries they infest. BUT, what key area is even MORE IMPORTANT?? RELIGION.

They have taken control of the religion, the occult, the spiritual to an extreme over the past 2,000 years. Their "Year Zero." They've hijacked everything. Think they don't LIE?

The spiritual precedes the material, and they know this. Their kabbalah reveals how they do this.

Everything their so-called "God" is and does in the bible, they blame on Satan. This acts both to confuse and to distract. Satan never murdered anyone. Nor did he ever order any humans to murder anyone. Nor did he ever lie. He never denied anyone any knowledge, nor did he ever torment humanity.

Like the Jew written text books and such, people are deluded into assuming major newspapers, news outlets and related, just because they are high profile and have been around for decades, that they are trustworthy. All of these are owned and controlled by Jews.

So... Go figure on the human blood sacrifice crap. IMO, this is just more lies.

Their fucking Torah (which is the first five books of the Old Testament), has entire books devoted to instructions on how to butcher, torture, where to put the blood and other ugly details, like in Deuteronomy and Leviticus... How to carry out living blood sacrifices.

Hello everyone. This is my response to a video on youtube documenting the ancient temples of Astaroth on Malta Island, where they claim human blood sacrifices was made for our Beloved Astaroth. Also, these civilisations (like others around the world) at one point in history suddenly "disappeared without a trace";

"They ask how can a civilisation just up and vanish... but they come across, how many skeletons did you say? They claim them to have been ritualistic sacrifices? I highly doubt they were! To me it looks as if they were massacred.... The diety you showed is the Goddess of fertility known by many names like Astaroth for one. We celebrate Easter in Her name. Why would a Goddess that represents birth/fertility/love demand death through sacrifice? This is just another example of how they demonised our Gods. Paganism predates christianity by thousands of years as evidently shown in this video.

This is where they stole the 'virgin mary' from. They murder people and stack the bodies in a underground room then pesto! You have another 'blood thirsty', 'evil pagan' ritual site. Spiritual Satanism is restoration of our original religions, look it up. Paganism never revolved around death, death in Paganism is allegorical in which the individual is reborn and awakened by the Serpentine Energy known as the Kundalini. The Serpent talked about in this video is that very same energy which is attained through spiritual dedication, this is the real sacrifice. You sacrifice your time not your life. The Gods aren't interested in that.

The only one as far as I know that demand living blood sacrifice is the one (god) of the bible and the quran... and that can be proven because it's on black and white in their own 'holy' books."

So if they claim "ritual sacrifice" just know at some point in our altered history there was a worldwide inquisition. How can I prove this? Well that man written pieces of shit known as the bible and quran is full of nasty references ofcourse;

"Quran 9:5 Then, when the sacred months have passed, slay the idolaters wherever ye find them, and take them, and besiege them, and prepare for them each ambush. But if they repent and establish worship and pay the poor-due, then leave their way free. Lo! Allah is Forgiving, Merciful."

"Deuteronomy 13:7-12 If your own full brother, or your son or daughter, or your beloved wife, or your intimate friend, entices you secretly to serve other gods, whom you and your fathers have not known, gods of any other nations, near at hand or far away, from one end of the earth to the other: do not yield to him or listen to him, nor look with pity upon him, to spare or shield him, but kill him. Your hand shall be the first raised to slay him; the rest of the people shall join in with you. You shall stone him to death, because he sought to lead you astray from the Lord, your God, who brought you out of the land of Egypt, that place of slavery. And all Israel, hearing of this, shall fear and never do such evil as this in your midst."

The bible and quran is FULL of proof. Pisslam and xian fanatics like to point to those books for historical refrence, so there you go, more proof of how "good" the "allah" and the "jesus" is. So what happend to the ancient civilisations is no longer a big fucking "mystery".

I don't know how others feel about engaging in online warfare. But if you do, then don't give out any information of yourself. Always use a pseudo name and never have pictures of yourself or personal information online. Be safe. Every drop fills the bucket. HAIL SATAN!

Subject: The Jewish Kabbalah, Part 1

Whenever the Jews infest a country, they take control of the government, the legal systems, the educational institutions, and especially what is taught and the text books, the media, the medical and all important key positions.

What is and has been much more important than all of this is RELIGION. The spiritual beliefs and practices of the Gentiles of whatever region the Jews infest. Spiritual knowledge is removed and spiritual leaders, such as the Pagan Priesthood were attacked, tortured, and mass murdered. Given the sly and clever Jews who are the masterminds given exploitation and manipulation, they used the Christians and Muslims to carry out their agenda of mass murder of Pagans and the destruction of Pagan libraries, temples, and artifacts. By hijacking all of the spiritual knowledge and removing it from the populace, the Jews have had much control over the world for centuries. When the populace has no knowledge of the spiritual /occult and no individual spiritual powers, they can be manipulated as whoever has this knowledge sees fit.

I also want to add here, the Jews being the parasitic race that they are, have viciously used, and exploited their own, both for power and profit. There are many Jews, especially at the lower levels who believe the same bunk that the Christians do, such as YHVH is an actual being and other total nonsense.

The Jews have rewritten history and have assumed the position of God. I've written many, many articles concerning this. Now, we can take a closer look at how this is done. Their "Kabbalah" is where plenty is revealed. But, one must be highly knowledgeable concerning the Jews, Hebrew, the occult, the powers of the mind and soul, known as "witchcraft" and also have practical experience in these such as success in making spiritual workings manifest in the material world, and also extremely important...with meditation.

In order to understand the Jewish Kabbalah, one must know certain keywords and code words.

For example [I know I've mentioned this before], the word "God" or as the Jews write "G-d" is a CODE WORD for

1. The self
2. The chakras
3. The "force" that permeates everything in the universe.

Number 3, the force that permeates everything in the universe reveals why it is stated that "God" is omnipresent, omnipotent and in everything. Now, this "force" is what we use in our workings. The ENERGY we raise to accomplish our goals and so forth. It is present in everything in the universe and can be harnessed by those of us who know how to use it.

As a matter of fact, HP Hooded Cobra 666 stated how in other worlds where intelligent life exists, and where superior life exists in the case of our Gods, ENERGY is the currency used, NOT money. Whoever has the most power has more energy.

I also want to add that the Jews claim that the vowels of a word are the soul of that word. The vowels are what give a word power. This is why they omit the vowels from their written Hebrew.

Given the prolific liars that they are, Jewish authors of books about the Kabbalah conflict in their writings.

The Jewish Kabbalah, like the Talmud is a commentary on their Torah. The Jews at the top know YHVH is not a real being, but is in truth code words for the self, the chakras, and the force. For centuries, they kept this knowledge hidden, while using Christians and Muslims to destroy Gentiles who had this knowledge. Now, with the modern times and easily available information in many Western countries on the occult, the workings of the mind and soul and such, Gentiles are again regaining some lost spiritual knowledge. The Jews also work to take control of and hijack this as well. They have really infested this area. People are geared to using Hebrew letters, their ugly rotten human hating asshole angels, and other Jewish filth along with the mind manipulation such as the “three-fold” crap. As I already wrote in the above, they infest and take control of the most important key areas and then work them towards their agenda to enslave humanity. “Magick” and mysticism is where they push their Kabbalah on the populace in modern times. It’s all over the place. This is how they take control. Occult groups like “Golden Dawn” and others, use the Hebrew crap prolifically.

Getting back to their Kabbalah. Over the centuries, the rabbis had secret doctrines concerning using the workings of the mind and also there is a lot revealing how that bible is used for their own profit and advancement.

Now, this is blatant... “God” created the heavens and the earth in 7 days. God said “Let there be light.” “In the beginning was the word.” The latter was stolen from the Egyptian God Thoth.

Ok. Now for everyone here who is familiar with witchcraft and the workings of the mind and soul, this translates into:

“God” meaning YOU [the self], created [brought a working of the mind into material reality] using the 7 chakras.

“God” said “Let there be light.” The light is the universal force that is energy and is used to create. Colors are of the light spectrum and apply here as well.

“In the beginning was the word,” means through mantra, affirmations, vibration; this added to a working amplifies it and brings it to manifest in the material world.

The Jews at the top know YHVH isn't real. It is a word of power for them and I also seriously question whether this YHVH is even the correct one. They lie and hide things. Even though, it channels energy to them through the belief of those who are deluded, as it creates the necessary subliminal tie in.

The Hebrew letter, the first letter of their aleph bet, Aleph [I also want to add that the entire Hebrew aleph bet has been infused with power. This is another reason the bible has the influence it does, people are under a powerful spell, regardless of whatever language their local bible might be in, the Hebrew original holds the power. For those of you who are new, I had to learn Hebrew thoroughly in order to write the RTRs, so I am knowledgeable in it. Aleph is silent. This translates into the void. It also translates into “in the beginning...” Before one begins a working, there is nothing. Then “God” creates...All of this, highly secret teachings. “Torat HaSod, Sitrei Torah, Razei Torah... Kabbalah is the “secret Torah.”

In earlier times, the study of the Kabbalah was restricted to male Jews over the age of 40. The reason for this, was it was a highly kept secret and given a Jew has been dedicated to Judaism for that length of time, he could be usually trusted to learn their secrets. Given the Jews are an alien race and an alien soul, applying stolen knowledge and practices [much that they had corrupted], this resulted in certain mishaps such as insanity, psychological imbalances and other “dangers” many encountered in applying the practices outlined in their Kabbalistic texts.

The Jews also state that the Torah; “Torah K'dumah” “preceded all creation. The Jews created the Torah. They state that each letter of the Torah is infused with light, meaning that each letter is empowered. This is no working of any “God” like too many are deluded into believing regarding that bible. It was all done by human beings who had esoteric knowledge. In addition by “preceding all creation” this reveals how the Jews use this crap as the foundation of their workings. In other words, like with the article I wrote regarding the 9-11; along with many others, there are certain verses for this in their Torah that they use to bring about certain events in the material world, curse their enemies with, and so forth. This is why we are fighting back with the Reverse Torah Rituals.

Everything is a subliminal tie-in with their crap, such as the 5 books of Moses; the Torah...this ties into the five elements of the human soul. Also, books such as Deuteronomy and Leviticus are repeatedly chock full of specific instructions for living blood sacrifices, even HUMAN. In addition to the blatant references regarding living blood sacrifices [which parasitical entities need in order to thrive], the mass murders committed by the wandering Hebrew tribes attacking Gentile Nations with the help of their “g-d” [which the Torah aka the Old Testament is filled with], these mass murders were also living blood sacrifices en masse.

The knowledgeable Jews have always known, as they stole from the Pagans, how language and words are the foundation of spiritual workings.

I remember reading some time ago, a Hindu [Gentile] lecturer was harassed by a member in the audience he was addressing. The heckler scoffed openly at the Hindu lecturer's claims concerning words having any power. The Hindu lecturer promptly called the heckler a mutherfucking son of a bitch in front of everyone. The heckler went crazy with insult and rage. The Hindu replied- "now, tell me words don't have any power..."

The Kabbalistic Jews meditate on the Hebrew letters of their Torah, which they regarded as particularly potent. As I mentioned before, each of these has been infused with power, not only deliberately from the Jews, but also from the Christian and Muslim programs. It is a sad fact that this bullshit has infested certain sects of Satanism. This has rotted Satanism out from the inside. Certain sects allow Jews, the Jews bring their crap with them, like Rothschild did when admitted to Freemasonry and before you know it, Satan is relegated to only an "archetype," and everything is geared towards the Jewish agenda.

According to 12<sup>th</sup> century Kabbalist Yitzkhak Sagi Nahor of Provence , The written Torah is the "White fire" and the oral Torah is the "Black fire." This "Black Flame" being the reciting of Hebrew words of power, like a mantra. Straight out of the fucking Torah.

In order for this spell to continue and thrive, there must be illiteracy and mass dumbing down.

Given the extent of this information, I am ending the first part here. I will be writing more on this in separate parts.

+Egon Albrecht You are right in what you are saying but these civic-nationalists like him are starting to annoy me. It's like they see all the problems going on affecting our race and the world as a whole but they're still itching desperately to prove they have no nepotism or favoritism towards their own people, as if that is somehow virtuous or intelligent when it defies natural law.

It always comes down to some bullshit about culture or western values for these people. Anything but being a person of your own race and supporting your own race. Lord Jeebus kike forbid an Aryan be for his/her fellow Aryans!

They're able to recognize and understand the problems with their intellect but they don't possess the necessary spiritual conditioning to pursue the correct solutions. They've yet to fully cleanse their psyche of the Jewish "conscience" as Adolf Hitler talked about and I have come to believe that is something which can only be achieved through Satan and the power of the Serpent. Father Enki.

I am thinking about doing a post on this subject soon, so I can see what the HP's or at least other members think about the topic.

The book begins with the following quotation from Goebbels:

“Lying enemy propaganda never tires of accusing us of giving the German people a false or incomplete picture of the battles in the East. They are best refuted by letters from our soldiers.”

## Chapter 1

### German Soldiers as Witnesses against Bolshevism

[Full Chapter]

The homeland hears about events at the front in an unbelievably short time. German radio often brings reports in the evening of deeds of arms that occurred only a few hours earlier, and the German newsreel includes pictures brought by air directly from the battlefields. The German people have almost direct contact with the accomplishments of their soldiers through the words, pictures, and reporting of modern news media. Past generations could not feel so closely bound to their family members.

Still, the best and most personal source of news in war is and remains the letter. That which the husband or son, the brother, or the bridegroom puts on paper during a brief rest is not only longed for and treasured news from a beloved and irreplaceable person, but also a testimony and a report from one heart to another, one that speaks the right language. During World War I, the letters from the soldiers in field gray recorded the experiences and the integrity of determined fighters who were willing to give their all. During this war, too, millions of German soldiers have reported their powerful experiences. Every family carefully preserves these letters. In party local groups, within National Socialist organizations and in factories, these letters from comrades are passed from hand to hand as eyewitness reports of upright German men.

This pamphlet is a random sample of such letters. They were sent to us by citizens of every class and region. Many of them included this note: “As I read this letter, I thought that others had to read it, too.”

Yes, that is true! There are millions of German citizens who do not have that direct contact with the front. They need to read these letters. They all deal with a theme that is particularly relevant today for the entire German people: What does the Soviet Union really look like?

Sometimes people think the Führer’s propagandists exaggerate, though actual events have proven that what they say is less than the full truth. One thinks of the role of the Jews in unleashing this war or the horrors Poland committed against ethnic Germans. Some citizens who complained then about exaggerated reports of persecution and suffering today complain about 60,000 graves, victims of Polish murderers!

But the most convincing proof of the difference between what was said and reality is clear from the revelations about Bolshevism. This unmasking is particularly important, because millions of German citizens put their faith in the lying words of Jewish-communists. They were told that within the borders of the Soviet Union there was “the workers’ paradise, the true home of the workers of the world.” When National Socialist newspapers and books spoke of the social betrayal in the Soviet Union, or of the horrible mass murders, the misery of children, the hopeless poverty of the entire population, some doubted these well-founded and carefully considered statements.

Now there are millions of reliable witnesses in the middle of this “worker’s paradise.” They cannot be doubted. They are not traveling along carefully prepared streets, nor can Intourist guide them through a carefully selected factory. They must march meter by meter through the country. They fight for each village and each city, they see face-to-face the people who were for nearly 25 years the objects of Bolshevist domination.

Now these German soldiers write to their dear ones at home. They write what they have experienced an hour before. The letters are not always literary masterpieces. But they are as genuine as the men who wrote them.

Some soldiers do not conceal the fact that they were not always National Socialists. There are even letter writers who faced legal penalties for their support for communism in the past. Nearly all of them remember the communist phrases and doctrines of the System Era **[before 1933]**. They did not march into the Soviet Union expecting to find everything bad, but rather they were eager to see how things really were in the land of Lenin and Stalin. They reported what they saw, often in hastily written letters.

These letters are lined up here like a company on the front. They are not on parade, but rather ready for battle. Some soldiers and some letters are large or small, broad or narrow, intelligent or less so, sparse or enthusiastic. We see in the newsreels the faces of marching soldiers who greet us, sometimes tired and exhausted, always however with a clear, confident look and in the firm conviction that they are in the service of a good cause. These letters are the same.

They are only a small part of the enormous material available. There will certainly be some citizens who say: “We have received better and more interesting letters. That is fine. We can agree. We have chosen only letters that were clearly written with no expectation of later publication, letters that give an idea of what has impressed our soldiers.

Those Germans who read these letters, and those who wrote them, ask the question: “What would have happened to our women, mothers and children if the Bolshevist tanks and murderers had overrun our homeland?”

Surely many more reports of the Führer’s great campaigns will reach the public. Even now the whole nation is waiting for the hour when the secrets can be revealed and the deeds of those made clear who today are unknown heroes.

None of those later reports will surpass the immediacy of these simple soldiers’ letters, which are being published even as the fighting army is in the midst of bloody battles on the wide plains of the East. Perhaps some of the letter writers will read this small book in the hospital. Perhaps one or two say their last words in these letters.

That is why these letters move us so deeply. They demonstrate that this decisive battle did not come from the lust for power or conquest, from political vanity or excessive fanaticism. That is what our enemies say. But these letters show that the culture of Germany and of Europe hang on this battle. It will decide whether subhuman Bolshevism destroys all that which is noble and holy to Germans, or whether the German soldier and his brave allies will build the foundation of a new era of peace and freedom.

The soldiers whose letters here reach the public believe, along with all their comrades, in the necessity of the struggle and in the certainty of victory. Who can be less confident than these men who not only stared the world enemy Bolshevism in the eye, but also defeated it wherever they encountered it!

These letters touch on every aspect of life. Everything that concerns soldiers has been set on paper. Naturally the purely personal and family matters have been edited out, as have military details that could be of use to the enemy. We were able to select only the most interesting sections of letters. In each case, the name of the sender and his military address is given, often also the address of the receiver. That should bring pleasure to the writer who sees his words in print. It should also make it impossible for doubters to question the genuineness of the letters.

Chapter 2  
The Worker's Paradise  
[Excerpts]

The most frequent theme in the letters is a discussion of the "Soviet Paradise." Communist agitators spread this idea for years to the masses of Europe. Moscow claimed it was "a hell for exploiters and a paradise for workers." The words of German soldiers are a blow to the face of the Bolshevik world deceivers.

***Worse than Hell***

*Lieutenant Otto Deissenroth, Military Post Number 12 827D writes to local group leader Kemmel in Altenau (Mainfranken)*

In the East, 30.7.1941

[cleansed from xian filth]

Dear Comrade Karl !

I write this letter from the desolation of a Ukrainian forest village, 40 kilometers from Kiev, which we hope to capture in a few days. The fruitful land of the Ukraine is all around us, but 20 years of Bolshevik mismanagement have brought it to ruin. The poverty, misery, and filth we have seen and experienced in the past weeks is indescribable. You back home cannot imagine the terrible results of Bolshevism in this fruitful land. Everything that we formerly read in newspapers and books pales in the face of terrible reality. Our eyes look in vain for some sign of construction, for a trace of progress, for a bit of culture. We yearn for the sight of a clean house, an orderly street, a few tended gardens, a few trees! Wherever we look there is filth, decay, desolation, misery, death, and suffering! Everywhere we see the ghost of Bolshevism in the tortured look of farmers, the blank stares of captives, the hundreds of murdered people, the farm houses, desolate buildings, and ruined houses. I sometimes think it is all the work of the devil. The land was rich when it was inhabited by German, Ukrainian, Czech, and Polish farmers. Then Bolshevism came, and with it enormous misery. Everything that was prosperous or cultured was killed or burned. I spoke with dozens of people whose family members, fathers, husbands, brothers and sons perished somewhere in Murmansk, Siberia or the icy north. Thousands died during the great famine, particularly in 1932-1933. Thousands more ended up in prisons and jails. The misery of those freed from Bolshevism is indescribable. Any free expression was prohibited, any movement banned. Everything in nature that was beautiful, good, and free was destroyed. They took the blessing from the land and the soul from the people. They reduced them to the level of animals, impotent, miserable enslaved animals with no hope of life who did not know if they would be alive tomorrow, who lived from hand to mouth, and were happy only when someone killed them. Hell can be no worse than this "Soviet paradise." There is no hope of salvation. What Bolshevism has done to humanity is a crime one cannot begin to understand. Every German who formerly thought Bolshevism was a worthy idea and who threatened we National Socialists with death and bloodshed only because we didn't believe in this nonsense should be ashamed! We were right! We are all shaken and moved as we face this misery, this suffering, this hopeless Bolshevik life. They stole everything from these people except the very air they breathed. The land they inherited from their fathers became a collective, the property of the state, and they became slaves worse than those of the darkest Middle Ages in Germany. They had a tiny plot of land of their own, and even that was heavily taxed. They had to report to the collective's commissars each morning, work the whole day, even Sunday, with no free time. They belonged to the state. They were supposedly paid, but rarely saw the money. They got 33 kopeks a day, about a third of a mark. They owned no plow, no

spade, no wagon, no yoke. Everything supposedly belonged to everyone, everything belonged to the state. The Jews and party bigwigs lived in prosperity, the farmers had only hunger, misery, work, and death. No one felt himself responsible for the soil, no one felt the love we Germans have for our homeland, for soil that is ours. The knowledge of blood and soil had died out. I spoke with 30-year-olds who did not understand the concept of property. They had been educated in Soviet schools. That explains why they had no sense of culture, no need for it. Their homes are empty, cold and desolate, much poorer than in Poland. No pictures, no flowers break the desolation. The art of cooking also disappeared, given the food shortages. The daily diet consists of milk and bread, along with a bit of honey and a few potatoes. When one see this dismal poverty, one is reminded that these Bolshevist animals wanted to bring culture to us industrious, clean and creative Germans. How justified is the Führer's claim to European leadership! The poorest German village is a pearl in comparison to these ruined Russian villages. Sometimes as I face the thousands of murdered people that we found in the cities and villages, and in the numerous occasions where we found women and children wailing over the corpses of their family members, or when they asked us to free their men who had been hauled off just before we arrived, I see the Führer before me. He saved an enslaved and raped humanity, giving it once more divine freedom and the blessing of a worthy existence. The last and deepest reason for this war is to restore the natural order. It is a battle against slavery, against Bolshevist insanity. I am proud, deeply proud, that I may fight against this Bolshevist monster, fighting once again the enemy I fought to destroy during the hard years of struggle in Germany. I am proud of the wounds I suffered during the election battles in Germany, and I am proud of my new wounds, and of the medal that I now wear. It is as if the people here are awakening from a deep sleep. They cannot yet believe in their new freedom; they do not know where to begin. They sit down and wait for orders. Now they have them: "Go back to work, harvest the fields, now you have your own home." That is what all the posters say, and one sees the masses at work in the fields. Man and nature are free again, eternal order has been restored."

Chapter 3  
Houses and Roads  
[Excerpts]

The housing question was a favorite theme of Bolshevist agitation in Europe. They made vehement attacks on workers' housing. Regardless of economic conditions, they demanded a room for every German. So-called communist artists portrayed the misery and ill-health of overpopulated workers' districts.

The Soviet Union had 25 years to realize this point in their program. They had the raw materials and workers, as their armaments program demonstrated. Nothing stood in the way of establishing "paradise" in their corner of the world.

But with the exception of the Jews and party bigwigs, the soldiers write that everyone in the Soviet Union lives "worse than the animals" do by us.

**[There are seven excerpts from letters. Here are two of them]**

***Unimaginable Misery***

*Staff Sergeant Kurt Hummel, Military Post Number L 31 605 Lg Pa. Paris, to his local group*

*Northern Russia, 12 August 1941*

Bolshevist conditions are indescribable. I had never imagined that such misery was possible. People here know nothing about electric lights, radio, newspapers, and the like. One can't call what they live in houses. There are only shanties with rotten straw roofs. Huge neglected fields lay around. We haven't yet found even a small shop. This is what people call the Soviet paradise. I wish the few outsiders who still remain in Germany could be shipped here. There is misery wherever one looks. One has to see it to realize how beautiful Germany is.

### ***The Main Roads are like Paths***

*Soldier Heinrich Stähr tells his work mates at the Hamburg Hochbahn A. G. about conditions frequently mentioned in other letters as well:*  
The roads. We in the infantry are probably the best judge of good and bad roads, since we have to march for kilometer after kilometer on them. Here too the Soviets haven't lifted a finger. The main roads are no better than field paths. Believe me, my dear comrades, the soldiers have had many a justifiable curse after marching 40 or 50 kilometers on such a road. Besides, it is 30-35 degrees C. in the shade, and huge clouds of dust make it almost impossible to breathe. Swamps, forests, and bad roads make military action unpleasant, but we keep moving forward.

## **Chapter 4 Rule by Bigwigs and Jews**

[Excerpts]

The Soviet Union was in fact a paradise for one group: the Jews. Even at times when for foreign policy reasons Jews were less evident in the government or when they ruled through straw men, the Jews were always visible in the middle and lower levels of the administration. During the whole period of the red dictatorship, they were the beneficiaries. This was clearest in the small nations that the Soviet Union was using to prepare for its attack on the Greater German Reich after the outbreak of Churchill's war, above all in the Baltic states.

Aside from their unlimited desire for money, their dirty behavior and their perverse thirst for revenge, our soldiers above all encountered Jews as the sadistic organizers of mass murders and atrocities. Many details have to be eliminated, since they cannot be printed in Germany. But this will be an idea of what was the routine day, and even more at night, in the dungeons of the Jewish GPU commissars.

**[Here are two of the four letter excerpts]**

### ***The Jew was a Bloodsucker***

*Medical corporal Paul Lenz, Military Post Number 7 14 628 Posen, to the local group of the NSDAP, Arneburg:*

Only a Jew can be a Bolshevik; for these bloodsuckers there is nothing better to be, for there is then nothing to stop them. Wherever one spits there is a Jew, whether in a city or a village. As far as I know (we asked the people, wanting to know the truth) not a single Jew every worked in the workers' paradise. Even the littlest bloodsucker had a post with big privileges. He lived in the best buildings, if one can call them buildings. The real workers lived in small buildings, or better, in animal stalls, just like day laborers in old Russia. It makes no difference whether one is in a village or in a city like Minsk with over 300,000 inhabitants, the stalls are everywhere. Even before the war, most workers knew nothing but hunger, misery, and slavery. Some may be interested to know that there were theaters, operas, etc., even big buildings for them, but only those with money got in, and they were the bloodsuckers and their lackeys.

### ***Only the Jew Lived Well***

*Soldier Reinold Mahnke, Military Post Number 02 179 to Supervisor Borrmann at the Otto Kloss Company in Hamburg:  
Dünaberg, 8 Aug. 1941*

Dear Hermann, You have to have seen what people called the Bolshevik Paradise! It is poor, Hermann, incredibly poor. Only Jews and functionaries lived well. The people didn't earn enough to buy a pair of socks or anything like that. They earned 1 ruble a day, about 10 German pfennig, and that for a full day's work. Only the Jews lived well. Each city is about 40% Jewish.

The Jews and Bolsheviks hauled every Latvian who was still around out of his house before the Germans arrived. They stole the valuables, doused the houses with gasoline, and set them on fire. The Latvians who did not want to go with the Bolsheviks had their hands and feet cut off, their tongue slit, and then were left behind. They nailed men and even children to the walls.

These are things we have seen.

If these criminals had reached our country, they would have torn us apart. That is clear. But the Latvians did take their revenge.

The comrades from the Kloss factory should come here and see what 25 years of communism have done. There is only poverty, misery, and more misery. Old sod huts, a cow and a pig, that is all they have. In Germany people talked about how good the workers here had it.

## **Chapter 5** **Bolshevist Atrocities**

[Excerpts]

Germans in general, and German soldiers in particular, do not take revenge on defenseless opponents, or even torture them. The opposite is the case. The danger is that German generosity will too quickly lead us to forget our victorious position, and presume our own decent attitudes and behavior on the part of the enemy, whether soldier or civilian.

That is why news of atrocities that our enemies commit against Germans or the civilians under their rule are often greeted with a certain skepticism. One doesn't not believe others can do what one is oneself incapable of doing. We remember that reports of the bestial brutalities committed by Poles against ethnic Germans, especially in Bromberg, were thought to be exaggerated. Meanwhile, the German people have learned the truth.

But every bloody and sadistic butchery in human history is thrown into the shadows by that which German soldiers have already seen with their own eyes in the Soviet Union. As they themselves write, they will never forget it until they die!

We must not forget that these atrocities are incompetent work in the eyes of leading Bolsheviks. Soldiers and commissars lacked the time during their retreats to use the bestial methods of GPU murder to torture their victims to the last. When those in the Kremlin read the atrocity reports in this booklet, they will be pleased that only a small part of their terrible crimes have become known to the civilized world. Still, the dim rays of light that have reached Bolshevism's torture chambers have revealed such frightening pictures that we are deeply shaken as we read these reports.

**[Here are 4 of 9 accounts]**

### ***Children Slaughtered***

*Soldier Fred Fallnbigl to his Parents in Salzburg, 17.7.41*

I wrote in my last two letters about Russian atrocities, and could fill volumes more.

But a bit more from the Soviet Paradise. I'll especially tell you about things that happened in Lemberg-Tarnopol and Tromborla. Tromborla is due south of Tarnopol. I saw the prisons in Lemberg, and saw things that struck me deeply. There were men with their ears and noses cut off, etc. They had nailed children alive by their hands and feet to the wall, butchering them. The blood was ankle deep. It didn't make any difference if they were alive or dead. They doused the piles of bodies with gasoline and set them on fire. The stench was terrible. I saw similar things in Tarnopol and Tromborla. In T. seven Ukrainians were hauled out of their beds after the Germans had arrived. The next morning their bodies were found in the woods, beaten until they were unrecognizable. I have seen all of this myself, they are not matters I heard about. Feel free to tell them to others, particularly those who may still think well of the Soviet Union.

I always think how fortunate we are that this scourge of humanity never made it to our country. I don't think that even years of preparation would make Germans capable of such atrocities.

### ***Corpses Defiled***

*Sergeant Paul Rubelt, Military Post Number 34 539 F, to Miss Grete Egger, Lebring 71, Steiermark:  
6.7.1941*

I was in Lemberg yesterday and saw a bloodbath. It was terrible. Many had their skin stripped off, men were castrated, their eyes poked out, arms or legs chopped off. Some were nailed to the wall, 30-40 were sealed into a small room and suffocated. About 650 people in this area must have died in such ways. The stench can be endured only if one smokes a cigarette and keeps a handkerchief over one's nose. The Jews did most of it. Now they have to dig the graves. The culprits will be shot. Many already died because of the stench. In this city they even opened graves and defiled the corpses. It is terrible. One can hardly believe that such people exist.

### ***Orphans Nailed to the Wall and Slaughtered***

*NCO K. Suffner, Military Post Number 08 070 to his work mates*

There was a gray cloud over Lemberg as we arrived. The stench was scarcely tolerable. The Russians had been thrown out of the city after a hard battle. Two hours later I found the source of the stench. The Bolshevists and Jews bestially murdered 12,000 Germans and Ukrainians. I saw pregnant women hanging by their feet in the GPU's prison. They had slit the noses, ears, eyes, fingers, hands and arms and legs of other women. Some even had their hearts cut out. 300 orphans between the ages of 2 and 17 had been nailed to the wall and butchered. After they were done with the torture, they threw the people, most of whom were still alive, into a 3 meter deep pile in the basement, doused them with gasoline, and lit them on fire. It was terrible! We could not believe that have suffered if Bolshevism had reached us. The complainers and know-it-alls that we still have in the Reich should see this. Then they would know what pure Bolshevism looks like. They would fall to their knees and thank the Führer for saving Germany from such things. I and many other German soldiers have seen this. We all thank the Führer that he let us see the Bolshevist "paradise." We swear to extirpate this plague root and branch.

Since I have some time today, I thought it my duty to write this so that my work mates at home can read it. We soldiers at the front have seen this with our own eyes. We will be able to tell a lot more later.

We are fighting until final victory.

### ***Terrible Mutilations***

*Lieutenant Lorenz Wächter to a Political Leader in Neunkirchen:*

20.8.1941

...I really can't describe what we saw in Lemberg. It is much, much worse than the German newspapers were able to describe. One has to have seen it. Even the stench of corpses, noticeable a long way outside the prison walls, was enough to make one ill. And the scene itself. Hundreds of murdered men, women, and children, hideously mutilated. Men had their eyes poked out, a pastor with his belly slit open and the body of a slaughtered baby stuffed in. I could tell you worse stories, but even these upset me, and I'm used to such things by now.

Chapter 6  
What Soldiers Want to Do with Grumblers  
[Excerpts]

In the midst of all these experiences, observations and facts, nearly every soldier's letter expresses the wish that the complainers and know-it-alls should see what they have seen! Everyone who has not yet understood the greatness of our age and the significance of this greatest of all battles should see it for himself for a week. Countless millions of our people do their duty and sacrifice in good spirits. They accept the inconveniences of the war cheerfully. But even the most willing occasionally tire of the necessary burdens of everyday life during war. These soldiers' letters are good medicine in such moments. The facts German soldiers report home prove that there is no comparison between the war-related inconveniences we endure and the terrible conditions of perpetual misery that prevail even during "peace" in the Soviet Union. All the soldiers at the front wish that every German who even for a moment loses his energy and enthusiasm would have the chance to gain a personal impression of a country that despite the greatest natural resources and despite 25 years of

uninterrupted rule by a government has the worse conditions in the world, conditions that can only be compared with the very worst English colonies. Looking into this abyss will banish all discontent.

[Here are 2 of 5 excerpts]

### ***Every Critic of Our Efforts Should be Sent Here***

*Soldier Walter Sperath writes to the [NSDAP] county office Hamburg 6*

Everything I have seen of the so-called workers' paradise is everything but lovely. One should send every citizen who even slightly criticizes our efforts here. He would thank the Führer and the movement that these conditions are not found in our fatherland. Animals by us live in better conditions than the people here. Our successes so far have been great, and we will not stop until we have rooted out this evil root and branch, which will be a blessing for European culture and humanity.

### ***The People's Eyes are Being Opened***

*NCO Alfred Rothe, Military Post Number 27 643 to his Wife in Kostermannsfeld, Burgstr. 5:  
24.7.1941*

...even without the war, the people here were impoverished and exhausted. Only the bigwigs lived well in palaces. Now the people's eyes are being opened. Anyone in Germany who still does not believe in communism's terrible crimes should see for himself, and listen to the people. Happy Germany, as I always say.

### **Chapter 7 Former Communists Talk [Excerpts]**

Berlin was once a communist fortress, and there were also supposedly impregnable Red bastions in Hamburg, Saxony, the Ruhr, and Munich. There were some in the ranks of German communism who honestly believed in the blessings of Bolshevism. They were ready to serve as Moscow's Foreign Legion and deny their German fatherland to build a life of dignity and beauty for the working class of the whole world.

Adolf Hitler's powerful idea has long driven criminal communist thinking from the minds of every normal person in Germany. Among the millions of German soldiers who are now fighting as loyal followers of the Führer in Russia, there are certainly some who can remember some of the promises made by the Bolshevik traitors to the working class.

These citizens are the ones most shocked by what they see in the Soviet Union. Many a letter writer to his wife, his local group leader, or his S.A. leader mentions that he was formerly a communist. I mention one who served 2 1/2 years in prison, but now volunteered for the army even though he has seven children. He wants to atone for his sins. Now he writes back home as one who is fully converted.

We have omitted the names of some writers, since we were not sure whether a brave soldier doing his duty would want thousands of strangers to read that he was once a communist. We have the originals. Anyone who doubts the genuineness of these letters can receive the names and address of the writers, if he has good reason.

The Führer spoke from the hearts of these soldiers when he said of the Soviet Union on 3 October 1941:

**“It is a country that our soldiers are coming to know after 25 years of Bolshevism. This I know: Anyone who went there with even the slightest sympathy for communism, even in the most idealistic sense, is cured. You can be sure of that.”**

[3 of 9 Excerpts]

### ***The Soviet Union is Absolutely Miserable***

*Flyer W. M., Res.-Lazarett Salzlwedel to his Cell Leader Schroeder*

I have seen the “wonderful workers’ paradise” in the Soviet Union with all its terrible misery, and wish that those who thought differently could spend a few weeks here to see and experience what we have. The misery and horror of Bolshevism is terrible. I hope that volunteering for our proud army may atone for my earlier sins, and that when I am back home, you, dear party member, will accept me as an honest person. In that hope, I send you my warmest greetings.

Heil Hitler!  
signed W. M.

***Earlier Fans of the Soviet Union are Quickly Cured***

*Corporal Otto Kien, Military Post Number 18, 756, to the Factory Leadership at the Conrad Scholtz Factory. Barmbeck  
Russia, 8 August 1941*

Anyone who earlier had different opinions of the Soviet Union is quickly cured of them here. The poverty is terrible. Not even the farmers have anything to eat. They beg from us. There are lice and filth everywhere. One has to be careful one doesn't get them from the inhabitants.

These people don't know anything else. They sit in their huts and remove lice from each other. They don't mind if anyone watches. I've had my fill of this workers' paradise. We'll be glad to be out of here. In the past we saw pictures of malnourished children. They were not exaggerated. One can't believe it if one hasn't been here.

***Worse than we Imagined***

*Corporal J. F., Military Post Number 26,280 to his Local Group  
In the Field, 3.8.41*

What we have seen of the so-called Soviet paradise is worse than we ever imagined. Anyone back home who still has any doubts should come here. All his doubts will disappear. Everywhere we go, the people are happy to be freed from Bolshevism, and looks to the future with confidence. We soldiers can say to those back home that he [Hitler] saved Germany and all of Europe from the Red Army. The battle is hard, but we know what we are fighting for, and, confident of the Führer, we will win. In the hopes of a victorious return,

Heil Hitler  
Corporal J. F.

**Chapter 8  
Germany: The Most Beautiful Homeland  
[Excerpts]**

No one has greater right to evaluate a country than the soldier who is ready to give his life for it. We know that German soldiers would fight and die for Germany, even if it were the poorest and most wretched land on earth.

In the Communist-Bolshevist “paradise,” however, the German soldier learned what Germany really means. “An employed man in Germany lives better than a lord in comparison to a Bolshevist worker,” one letter said, and we know that many Communists who fled to the Soviet Union would prefer to spend a long time in a German prison than live in Bolshevist freedom.

The letters are all a proud and confident affirmation of the Greater German Fatherland.

***Germany the Most Beautiful Country in the Whole Wide World!***

*Corporal Karl Prox to County Propaganda Leader Friedrich, Groß-Strehlitz  
In the East, 12.8.1941*

We have hard weeks behind us, and are proud of our success against the Soviet foe. We now have time to recover from our exertions.

I am proud to be a German, and to be a member of our wonderful army. Greet everyone back home. I am a long way away. Tell them that Germany is the most beautiful, cultivated country in the whole world. Everyone should be happy to be a German and serve a Führer like Adolf Hitler.

[There are two other excerpts]

Chapter 9  
Thanks to the Führer

[Excerpts]

Some Germans on 22 June 1941 were not aware of the enormous danger threatening the Reich. Soldiers facing the enemy were the first to realize it. They are the best judges of the terrible misfortune that the Führer saved Germany and Europe from. Nearly every letter expresses deep thanks to the Führer.

### ***The Führer Saw the Danger in Time***

*Soldier P. Woock, Military Post Number 33, 817, to his comrades at home:*

Whatever it may cost, it is good that the Führer saw the danger in time. The battle had to come. Germany, what would have happened to you if this bestial stupid horde had poured into our homeland? We have all sworn allegiance to Adolf Hitler, and we must fulfill it for our own good, wherever we may be.

[There are two other excerpts]

[The pamphlet ends with the following summary]

These letters close with affirmations of loyalty to the Führer, and attacks on the murderous Jewish-Bolshevist swindle. We could give only a small selection of the thinking of German soldiers in this pamphlet, but these eyewitness accounts are so persuasive and frightening in their truthfulness that no one can ignore them.

**Mr. Churchill, these are your Bolshevist allies for which you ask English churches to pray, and for whom English workers should forge new weapons! This is the culture of those you are protecting, Mr. Roosevelt. You want to save the world from “Nazi barbarians” with their help. With their help you are supposedly fighting for freedom and justice for smaller countries. And that, Mr. Stalin, is the judgment of millions of men on your Bolshevist policies, men whom you hoped to recruit as cannon fodder for the Bolshevist world revolution.**

Things in the Soviet Union are far worse and terrifying than National Socialism ever claimed. The Soviet Jews hermetically sealed off their terrorized nation from the rest of the world. Even experts and enemies of Bolshevist doctrine could not form a true picture of the real events in the area ruled by Bolshevism. Even the fantasies of the most fanatic opponents of Bolshevism could not reach the true hopeless of the situation, revealed here in letters from German citizens at the front.

German soldiers saw the Soviet Union! They will never forget what they have seen. Never again will anyone in Europe dare to apologize, much less defend, Bolshevism and the results of its rule.

There are few families in Germany today that do not have a relative, and therefore an eyewitness of Bolshevism. These letters already circulate within families and factories, villages, and party local groups. Now they reach millions who are working for victory, giving them a broader picture of the experiences and impressions of their brothers and sons.

No one will put this pamphlet down without being deeply moved. There are few families in Germany today that do not have a relative, and therefore an eyewitness of Bolshevism. These letters already circulate within families and factories, villages, and party local groups. Now they reach millions who are working for victory, giving them a broader picture of the experiences and impressions of their brothers and sons.

No one will put this pamphlet down without being deeply moved. His thoughts will then turn to the Führer, the man who in the midst of Germany's deepest disgrace was the first to recognize and oppose the communist enemy. The few units of the SA and the SS that opposed the Bolshevik-Jewish enemy when Moscow's terror still prevailed in the streets of our great cities, when Red revolution threatened whole states and provinces of the Reich, and Moscow's Foreign Legion murdered German men on German soil, now have the whole German people with them. The enormous columns of German regiments and divisions are striking Bolshevism deep in Russia. At the right time and with careful forethought, the Führer, side by side with all the awakened European nations, gave the command to save the West. The decision was difficult, the scale of the struggle vast, and the results tremendous.

Everyone today can see that the order given on 22 June 1941 was the greatest decision in Europe's life. The Bolshevist armies that today are being destroyed by the blows of the German army, blows from which they will never recover, were ready to attack Europe. Despite the treaties, the Bolshevist leaders were ready to attack when the hour was right. The presumed state of workers and soldiers had secret agreements with the plutocracies and capitalism. They were preparing the way for World Jewry to take over Central Europe.

If Stalin's tanks and planes had crossed our borders, it would have been the end of everything noble and beautiful in the world. Europe would have been filled with enslaved masses like the prisoners our soldiers find today in the East. A whole part of the world would have fallen into filth and misery if Adolf Hitler had not at the last moment intervened to forever eliminate the criminal danger.

We may not forget it. Moscow's criminals are praised as heroes and defenders of culture every day by the English and American press. People in London and New York pray for these animals in human form, and thousands of Jewish editors, speakers, and radio announcers are at work recruiting American youth to shed their blood for these subhumans.

This lying and decaying world of plutocracy along with its Bolshevist allies may not and will not win. No sacrifice is too great in comparison to what is at risk, and what victory will bring us in the future.

The letters from our soldiers during these decisive months will always be a testimony to our just cause. They are unique historical documents. Their significance is expressed by these words Propaganda Minister Dr. Goebbels, which we remind readers of in conclusion:

**“One has to realize what would have happened if the Führer had not seen the danger of Bolshevism, and what is at risk. Our soldiers are witnesses of Moscow's plans. They have seen with their own eyes Bolshevism's plans to destroy Germany and Europe. They have had direct experience with the Soviet System and have been able to form a true picture of conditions in the paradise of workers and farmers. One must realize the significance of these facts for the future. Just as there was no debate in Germany about the Jewish Question after the Polish campaign, now there will be no debate about Bolshevism. This fiery struggle is more than a campaign or a war. It is an historic battle of fate in the broadest sense of the term.”**

## German Soldiers in the Soviet Union

Letters from the East

---

The book begins with the following quotation from Goebbels:

“Lying enemy propaganda never tires of accusing us of giving the German people a false or incomplete picture of the battles in the East. They are best refuted by letters from our soldiers.”

## Chapter 1

### German Soldiers as Witnesses against Bolshevism

[\[Full Chapter\]](#)

The homeland hears about events at the front in an unbelievably short time. German radio often brings reports in the evening of deeds of arms that occurred only a few hours earlier, and the German newsreel includes pictures brought by air directly from the battlefields. The German people have almost direct contact with the accomplishments of their soldiers through the words, pictures, and reporting of modern news media. Past generations could not feel so closely bound to their family members.

Still, the best and most personal source of news in war is and remains the letter. That which the husband or son, the brother, or the bridegroom puts on paper during a brief rest is not only longed for and treasured news from a beloved and irreplaceable person, but also a testimony and a report from one heart to another, one that speaks the right language. During World War I, the letters from the soldiers in field gray recorded the experiences and the integrity of determined fighters who were willing to give their all. During this war, too, millions of German soldiers have reported their powerful experiences. Every family carefully preserves these letters. In party local groups, within National Socialist organizations and in factories, these letters from comrades are passed from hand to hand as eyewitness reports of upright German men.

This pamphlet is a random sample of such letters. They were sent to us by citizens of every class and region. Many of them included this note: “As I read this letter, I thought that others had to read it, too.”

Yes, that is true! There are millions of German citizens who do not have that direct contact with the front. They need to read these letters. They all deal with a theme that is particularly relevant today for the entire German people: What does the Soviet Union really look like?

Sometimes people think the Führer’s propagandists exaggerate, though actual events have proven that what they say is less than the full truth. One thinks of the role of the Jews in unleashing this war or the horrors Poland committed against ethnic Germans. Some citizens who complained then about exaggerated reports of persecution and suffering today complain about 60,000 graves, victims of Polish murderers!

But the most convincing proof of the difference between what was said and reality is clear from the revelations about Bolshevism. This unmasking is particularly important, because millions of German citizens put their faith in the lying words of Jewish-communists. They were told that within the borders of the Soviet Union there was “the workers’ paradise, the true home of the workers of the world.” When National Socialist newspapers and books spoke of the social betrayal in the Soviet Union, or of the horrible mass murders, the misery of children, the hopeless poverty of the entire population, some doubted these well-founded and carefully considered statements.

Now there are millions of reliable witnesses in the middle of this “worker’s paradise.” They cannot be doubted. They are not traveling along carefully prepared streets, nor can Intourist guide them through a carefully selected factory. They must march meter by meter through the country. They fight for each village and each city, they see face-to-face the people who were for nearly 25 years the objects of Bolshevist domination.

Now these German soldiers write to their dear ones at home. They write what they have experienced an hour before. The letters are not always literary masterpieces. But they are as genuine as the men who wrote them.

Some soldiers do not conceal the fact that they were not always National Socialists. There are even letter writers who faced legal penalties for their support for communism in the past. Nearly all of them remember the communist phrases and doctrines of the System Era **[before 1933]**. They did not march into the Soviet Union expecting to find everything bad, but rather they were eager to see how things really were in the land of Lenin and Stalin. They reported what they saw, often in hastily written letters.

These letters are lined up here like a company on the front. They are not on parade, but rather ready for battle. Some soldiers and some letters are large or small, broad or narrow, intelligent or less so, sparse or enthusiastic. We see in the newsreels the faces of marching soldiers who greet us, sometimes tired and exhausted, always however with a clear, confident look and in the firm conviction that they are in the service of a good cause. These letters are the same.

They are only a small part of the enormous material available. There will certainly be some citizens who say: “We have received better and more interesting letters. That is fine. We can agree. We have chosen only letters that were clearly written with no expectation of later publication, letters that give an idea of what has impressed our soldiers.

Those Germans who read these letters, and those who wrote them, ask the question: “What would have happened to our women, mothers and children if the Bolshevist tanks and murderers had overrun our homeland?”

Surely many more reports of the Führer’s great campaigns will reach the public. Even now the whole nation is waiting for the hour when the secrets can be revealed and the deeds of those made clear who today are unknown heroes.

None of those later reports will surpass the immediacy of these simple soldiers’ letters, which are being published even as the fighting army is in the midst of bloody battles on the wide plains of the East. Perhaps some of the letter writers will read this small book in the hospital. Perhaps one or two say their last words in these letters.

That is why these letters move us so deeply. They demonstrate that this decisive battle did not come from the lust for power or conquest, from political vanity or excessive fanaticism. That is what our enemies say. But these letters show that the culture of Germany and of Europe hang on this battle. It will decide whether subhuman Bolshevism destroys all that which is noble and holy to Germans, or whether the German soldier and his brave allies will build the foundation of a new era of peace and freedom.

The soldiers whose letters here reach the public believe, along with all their comrades, in the necessity of the struggle and in the certainty of victory. Who can be less confident than these men who not only stared the world enemy Bolshevism in the eye, but also defeated it wherever they encountered it!

These letters touch on every aspect of life. Everything that concerns soldiers has been set on paper. Naturally the purely personal and family matters have been edited out, as have military details that could be of use to the enemy. We were able to select only the most interesting sections of letters. In each case, the name of the sender and his military address is given, often also the address of the receiver. That should bring pleasure to the writer who sees his words in print. It should also make it impossible for doubters to question the genuineness of the letters.

Chapter 2  
The Worker's Paradise  
[Excerpts]

The most frequent theme in the letters is a discussion of the "Soviet Paradise." Communist agitators spread this idea for years to the masses of Europe. Moscow claimed it was "a hell for exploiters and a paradise for workers." The words of German soldiers are a blow to the face of the Bolshevik world deceivers.

***Worse than Hell***

*Lieutenant Otto Deissenroth, Military Post Number 12 827D writes to local group leader Kemmel in Altenau (Mainfranken)*

In the East, 30.7.1941

[cleansed from xian filth]

Dear Comrade Karl !

I write this letter from the desolation of a Ukrainian forest village, 40 kilometers from Kiev, which we hope to capture in a few days. The fruitful land of the Ukraine is all around us, but 20 years of Bolshevik mismanagement have brought it to ruin. The poverty, misery, and filth we have seen and experienced in the past weeks is indescribable. You back home cannot imagine the terrible results of Bolshevism in this fruitful land. Everything that we formerly read in newspapers and books pales in the face of terrible reality. Our eyes look in vain for some sign of construction, for a trace of progress, for a bit of culture. We yearn for the sight of a clean house, an orderly street, a few tended gardens, a few trees! Wherever we look there is filth, decay, desolation, misery, death, and suffering! Everywhere we see the ghost of Bolshevism in the tortured look of farmers, the blank stares of captives, the hundreds of murdered people, the farm houses, desolate buildings, and ruined houses. I sometimes think it is all the work of the devil. The land was rich when it was inhabited by German, Ukrainian, Czech, and Polish farmers. Then Bolshevism came, and with it enormous misery. Everything that was prosperous or cultured was killed or burned. I spoke with dozens of people whose family members, fathers, husbands, brothers and sons perished somewhere in Murmansk, Siberia or the icy north. Thousands died during the great famine, particularly in 1932-1933. Thousands more ended up in prisons and jails. The misery of those freed from Bolshevism is indescribable. Any free expression was prohibited, any movement banned. Everything in nature that was beautiful, good, and free was destroyed. They took the blessing from the land and the soul from the people. They reduced them to the level of animals, impotent, miserable enslaved animals with no hope of life who did not know if they would be alive tomorrow, who lived from hand to mouth, and were happy only when someone killed them. Hell can be no worse than this "Soviet paradise." There is no hope of salvation. What Bolshevism has done to humanity is a crime one cannot begin to understand. Every German who formerly thought Bolshevism was a worthy idea and who threatened we National Socialists with death and bloodshed only because we didn't believe in this nonsense should be ashamed! We were right! We are all shaken and moved as we face this misery, this suffering, this hopeless Bolshevik life. They stole everything from these people except the very air they breathed. The land they inherited from their fathers became a collective, the property of the state, and they became slaves worse than those of the darkest Middle Ages in Germany. They had a tiny plot of land of their own, and even that was heavily taxed. They had to report to the collective's commissars each morning, work the whole day, even Sunday, with no free time. They belonged to the state. They were supposedly paid, but rarely saw the money. They got 33 kopeks a day, about a third of a mark. They owned no plow, no

spade, no wagon, no yoke. Everything supposedly belonged to everyone, everything belonged to the state. The Jews and party bigwigs lived in prosperity, the farmers had only hunger, misery, work, and death. No one felt himself responsible for the soil, no one felt the love we Germans have for our homeland, for soil that is ours. The knowledge of blood and soil had died out. I spoke with 30-year-olds who did not understand the concept of property. They had been educated in Soviet schools. That explains why they had no sense of culture, no need for it. Their homes are empty, cold and desolate, much poorer than in Poland. No pictures, no flowers break the desolation. The art of cooking also disappeared, given the food shortages. The daily diet consists of milk and bread, along with a bit of honey and a few potatoes. When one see this dismal poverty, one is reminded that these Bolshevist animals wanted to bring culture to us industrious, clean and creative Germans. How justified is the Führer's claim to European leadership! The poorest German village is a pearl in comparison to these ruined Russian villages. Sometimes as I face the thousands of murdered people that we found in the cities and villages, and in the numerous occasions where we found women and children wailing over the corpses of their family members, or when they asked us to free their men who had been hauled off just before we arrived, I see the Führer before me. He saved an enslaved and raped humanity, giving it once more divine freedom and the blessing of a worthy existence. The last and deepest reason for this war is to restore the natural order. It is a battle against slavery, against Bolshevist insanity. I am proud, deeply proud, that I may fight against this Bolshevist monster, fighting once again the enemy I fought to destroy during the hard years of struggle in Germany. I am proud of the wounds I suffered during the election battles in Germany, and I am proud of my new wounds, and of the medal that I now wear. It is as if the people here are awakening from a deep sleep. They cannot yet believe in their new freedom; they do not know where to begin. They sit down and wait for orders. Now they have them: "Go back to work, harvest the fields, now you have your own home." That is what all the posters say, and one sees the masses at work in the fields. Man and nature are free again, eternal order has been restored."

Chapter 3  
Houses and Roads  
[Excerpts]

The housing question was a favorite theme of Bolshevist agitation in Europe. They made vehement attacks on workers' housing. Regardless of economic conditions, they demanded a room for every German. So-called communist artists portrayed the misery and ill-health of overpopulated workers' districts.

The Soviet Union had 25 years to realize this point in their program. They had the raw materials and workers, as their armaments program demonstrated. Nothing stood in the way of establishing "paradise" in their corner of the world.

But with the exception of the Jews and party bigwigs, the soldiers write that everyone in the Soviet Union lives "worse than the animals" do by us.

**[There are seven excerpts from letters. Here are two of them]**

***Unimaginable Misery***

*Staff Sergeant Kurt Hummel, Military Post Number L 31 605 Lg Pa. Paris, to his local group*

*Northern Russia, 12 August 1941*

Bolshevist conditions are indescribable. I had never imagined that such misery was possible. People here know nothing about electric lights, radio, newspapers, and the like. One can't call what they live in houses. There are only shanties with rotten straw roofs. Huge neglected fields lay around. We haven't yet found even a small shop. This is what people call the Soviet paradise. I wish the few outsiders who still remain in Germany could be shipped here. There is misery wherever one looks. One has to see it to realize how beautiful Germany is.

### ***The Main Roads are like Paths***

*Soldier Heinrich Stähr tells his work mates at the Hamburg Hochbahn A. G. about conditions frequently mentioned in other letters as well:*  
The roads. We in the infantry are probably the best judge of good and bad roads, since we have to march for kilometer after kilometer on them. Here too the Soviets haven't lifted a finger. The main roads are no better than field paths. Believe me, my dear comrades, the soldiers have had many a justifiable curse after marching 40 or 50 kilometers on such a road. Besides, it is 30-35 degrees C. in the shade, and huge clouds of dust make it almost impossible to breathe. Swamps, forests, and bad roads make military action unpleasant, but we keep moving forward.

## **Chapter 4 Rule by Bigwigs and Jews**

[Excerpts]

The Soviet Union was in fact a paradise for one group: the Jews. Even at times when for foreign policy reasons Jews were less evident in the government or when they ruled through straw men, the Jews were always visible in the middle and lower levels of the administration. During the whole period of the red dictatorship, they were the beneficiaries. This was clearest in the small nations that the Soviet Union was using to prepare for its attack on the Greater German Reich after the outbreak of Churchill's war, above all in the Baltic states.

Aside from their unlimited desire for money, their dirty behavior and their perverse thirst for revenge, our soldiers above all encountered Jews as the sadistic organizers of mass murders and atrocities. Many details have to be eliminated, since they cannot be printed in Germany. But this will be an idea of what was the routine day, and even more at night, in the dungeons of the Jewish GPU commissars.

**[Here are two of the four letter excerpts]**

### ***The Jew was a Bloodsucker***

*Medical corporal Paul Lenz, Military Post Number 7 14 628 Posen, to the local group of the NSDAP, Arneburg:*

Only a Jew can be a Bolshevik; for these bloodsuckers there is nothing better to be, for there is then nothing to stop them. Wherever one spits there is a Jew, whether in a city or a village. As far as I know (we asked the people, wanting to know the truth) not a single Jew every worked in the workers' paradise. Even the littlest bloodsucker had a post with big privileges. He lived in the best buildings, if one can call them buildings. The real workers lived in small buildings, or better, in animal stalls, just like day laborers in old Russia. It makes no difference whether one is in a village or in a city like Minsk with over 300,000 inhabitants, the stalls are everywhere. Even before the war, most workers knew nothing but hunger, misery, and slavery. Some may be interested to know that there were theaters, operas, etc., even big buildings for them, but only those with money got in, and they were the bloodsuckers and their lackeys.

### ***Only the Jew Lived Well***

*Soldier Reinold Mahnke, Military Post Number 02 179 to Supervisor Borrmann at the Otto Kloss Company in Hamburg:  
Dünaberg, 8 Aug. 1941*

Dear Hermann, You have to have seen what people called the Bolshevik Paradise! It is poor, Hermann, incredibly poor. Only Jews and functionaries lived well. The people didn't earn enough to buy a pair of socks or anything like that. They earned 1 ruble a day, about 10 German pfennig, and that for a full day's work. Only the Jews lived well. Each city is about 40% Jewish.

The Jews and Bolsheviks hauled every Latvian who was still around out of his house before the Germans arrived. They stole the valuables, doused the houses with gasoline, and set them on fire. The Latvians who did not want to go with the Bolsheviks had their hands and feet cut off, their tongue slit, and then were left behind. They nailed men and even children to the walls.

These are things we have seen.

If these criminals had reached our country, they would have torn us apart. That is clear. But the Latvians did take their revenge.

The comrades from the Kloss factory should come here and see what 25 years of communism have done. There is only poverty, misery, and more misery. Old sod huts, a cow and a pig, that is all they have. In Germany people talked about how good the workers here had it.

## **Chapter 5** **Bolshevist Atrocities**

[Excerpts]

Germans in general, and German soldiers in particular, do not take revenge on defenseless opponents, or even torture them. The opposite is the case. The danger is that German generosity will too quickly lead us to forget our victorious position, and presume our own decent attitudes and behavior on the part of the enemy, whether soldier or civilian.

That is why news of atrocities that our enemies commit against Germans or the civilians under their rule are often greeted with a certain skepticism. One doesn't not believe others can do what one is oneself incapable of doing. We remember that reports of the bestial brutalities committed by Poles against ethnic Germans, especially in Bromberg, were thought to be exaggerated. Meanwhile, the German people have learned the truth.

But every bloody and sadistic butchery in human history is thrown into the shadows by that which German soldiers have already seen with their own eyes in the Soviet Union. As they themselves write, they will never forget it until they die!

We must not forget that these atrocities are incompetent work in the eyes of leading Bolsheviks. Soldiers and commissars lacked the time during their retreats to use the bestial methods of GPU murder to torture their victims to the last. When those in the Kremlin read the atrocity reports in this booklet, they will be pleased that only a small part of their terrible crimes have become known to the civilized world. Still, the dim rays of light that have reached Bolshevism's torture chambers have revealed such frightening pictures that we are deeply shaken as we read these reports.

**[Here are 4 of 9 accounts]**

### ***Children Slaughtered***

*Soldier Fred Fallnbigl to his Parents in Salzburg, 17.7.41*

I wrote in my last two letters about Russian atrocities, and could fill volumes more.

But a bit more from the Soviet Paradise. I'll especially tell you about things that happened in Lemberg-Tarnopol and Tromborla. Tromborla is due south of Tarnopol. I saw the prisons in Lemberg, and saw things that struck me deeply. There were men with their ears and noses cut off, etc. They had nailed children alive by their hands and feet to the wall, butchering them. The blood was ankle deep. It didn't make any difference if they were alive or dead. They doused the piles of bodies with gasoline and set them on fire. The stench was terrible. I saw similar things in Tarnopol and Tromborla. In T. seven Ukrainians were hauled out of their beds after the Germans had arrived. The next morning their bodies were found in the woods, beaten until they were unrecognizable. I have seen all of this myself, they are not matters I heard about. Feel free to tell them to others, particularly those who may still think well of the Soviet Union.

I always think how fortunate we are that this scourge of humanity never made it to our country. I don't think that even years of preparation would make Germans capable of such atrocities.

### ***Corpses Defiled***

*Sergeant Paul Rubelt, Military Post Number 34 539 F, to Miss Grete Egger, Lebring 71, Steiermark:  
6.7.1941*

I was in Lemberg yesterday and saw a bloodbath. It was terrible. Many had their skin stripped off, men were castrated, their eyes poked out, arms or legs chopped off. Some were nailed to the wall, 30-40 were sealed into a small room and suffocated. About 650 people in this area must have died in such ways. The stench can be endured only if one smokes a cigarette and keeps a handkerchief over one's nose. The Jews did most of it. Now they have to dig the graves. The culprits will be shot. Many already died because of the stench. In this city they even opened graves and defiled the corpses. It is terrible. One can hardly believe that such people exist.

### ***Orphans Nailed to the Wall and Slaughtered***

*NCO K. Suffner, Military Post Number 08 070 to his work mates*

There was a gray cloud over Lemberg as we arrived. The stench was scarcely tolerable. The Russians had been thrown out of the city after a hard battle. Two hours later I found the source of the stench. The Bolshevists and Jews bestially murdered 12,000 Germans and Ukrainians. I saw pregnant women hanging by their feet in the GPU's prison. They had slit the noses, ears, eyes, fingers, hands and arms and legs of other women. Some even had their hearts cut out. 300 orphans between the ages of 2 and 17 had been nailed to the wall and butchered. After they were done with the torture, they threw the people, most of whom were still alive, into a 3 meter deep pile in the basement, doused them with gasoline, and lit them on fire. It was terrible! We could not believe that have suffered if Bolshevism had reached us. The complainers and know-it-alls that we still have in the Reich should see this. Then they would know what pure Bolshevism looks like. They would fall to their knees and thank the Führer for saving Germany from such things. I and many other German soldiers have seen this. We all thank the Führer that he let us see the Bolshevist "paradise." We swear to extirpate this plague root and branch.

Since I have some time today, I thought it my duty to write this so that my work mates at home can read it. We soldiers at the front have seen this with our own eyes. We will be able to tell a lot more later.

We are fighting until final victory.

### ***Terrible Mutilations***

*Lieutenant Lorenz Wächter to a Political Leader in Neunkirchen:*

20.8.1941

...I really can't describe what we saw in Lemberg. It is much, much worse than the German newspapers were able to describe. One has to have seen it. Even the stench of corpses, noticeable a long way outside the prison walls, was enough to make one ill. And the scene itself. Hundreds of murdered men, women, and children, hideously mutilated. Men had their eyes poked out, a pastor with his belly slit open and the body of a slaughtered baby stuffed in. I could tell you worse stories, but even these upset me, and I'm used to such things by now.

Chapter 6  
What Soldiers Want to Do with Grumblers  
[Excerpts]

In the midst of all these experiences, observations and facts, nearly every soldier's letter expresses the wish that the complainers and know-it-alls should see what they have seen! Everyone who has not yet understood the greatness of our age and the significance of this greatest of all battles should see it for himself for a week. Countless millions of our people do their duty and sacrifice in good spirits. They accept the inconveniences of the war cheerfully. But even the most willing occasionally tire of the necessary burdens of everyday life during war. These soldiers' letters are good medicine in such moments. The facts German soldiers report home prove that there is no comparison between the war-related inconveniences we endure and the terrible conditions of perpetual misery that prevail even during "peace" in the Soviet Union. All the soldiers at the front wish that every German who even for a moment loses his energy and enthusiasm would have the chance to gain a personal impression of a country that despite the greatest natural resources and despite 25 years of

uninterrupted rule by a government has the worse conditions in the world, conditions that can only be compared with the very worst English colonies. Looking into this abyss will banish all discontent.

**[Here are 2 of 5 excerpts]**

### ***Every Critic of Our Efforts Should be Sent Here***

*Soldier Walter Sperath writes to the [NSDAP] county office Hamburg 6*

Everything I have seen of the so-called workers' paradise is everything but lovely. One should send every citizen who even slightly criticizes our efforts here. He would thank the Führer and the movement that these conditions are not found in our fatherland. Animals by us live in better conditions than the people here. Our successes so far have been great, and we will not stop until we have rooted out this evil root and branch, which will be a blessing for European culture and humanity.

### ***The People's Eyes are Being Opened***

*NCO Alfred Rothe, Military Post Number 27 643 to his Wife in Kostermannsfeld, Burgstr. 5:  
24.7.1941*

...even without the war, the people here were impoverished and exhausted. Only the bigwigs lived well in palaces. Now the people's eyes are being opened. Anyone in Germany who still does not believe in communism's terrible crimes should see for himself, and listen to the people. Happy Germany, as I always say.

#### **Chapter 7**

#### **Former Communists Talk**

**[Excerpts]**

Berlin was once a communist fortress, and there were also supposedly impregnable Red bastions in Hamburg, Saxony, the Ruhr, and Munich. There were some in the ranks of German communism who honestly believed in the blessings of Bolshevism. They were ready to serve as Moscow's Foreign Legion and deny their German fatherland to build a life of dignity and beauty for the working class of the whole world.

Adolf Hitler's powerful idea has long driven criminal communist thinking from the minds of every normal person in Germany. Among the millions of German soldiers who are now fighting as loyal followers of the Führer in Russia, there are certainly some who can remember some of the promises made by the Bolshevik traitors to the working class.

These citizens are the ones most shocked by what they see in the Soviet Union. Many a letter writer to his wife, his local group leader, or his S.A. leader mentions that he was formerly a communist. I mention one who served 2 1/2 years in prison, but now volunteered for the army even though he has seven children. He wants to atone for his sins. Now he writes back home as one who is fully converted.

We have omitted the names of some writers, since we were not sure whether a brave soldier doing his duty would want thousands of strangers to read that he was once a communist. We have the originals. Anyone who doubts the genuineness of these letters can receive the names and address of the writers, if he has good reason.

The Führer spoke from the hearts of these soldiers when he said of the Soviet Union on 3 October 1941:

**“It is a country that our soldiers are coming to know after 25 years of Bolshevism. This I know: Anyone who went there with even the slightest sympathy for communism, even in the most idealistic sense, is cured. You can be sure of that.”**

### ***The Soviet Union is Absolutely Miserable***

*Flyer W. M., Res.-Lazarett Salzlwedel to his Cell Leader Schroeder*

I have seen the “wonderful workers’ paradise” in the Soviet Union with all its terrible misery, and wish that those who thought differently could spend a few weeks here to see and experience what we have. The misery and horror of Bolshevism is terrible. I hope that volunteering for our proud army may atone for my earlier sins, and that when I am back home, you, dear party member, will accept me as an honest person. In that hope, I send you my warmest greetings.

Heil Hitler!

***Earlier Fans of the Soviet Union are Quickly Cured***

*Corporal Otto Kien, Military Post Number 18, 756, to the Factory Leadership t the Conrad Scholtz Factory. Barmbeck  
Russia, 8 August 1941*

Anyone who earlier had different opinions of the Soviet Union is quickly cured of them here. The poverty is terrible. Not even the farmers have anything to eat. They beg from us. There are lice and filth everywhere. One has to be careful one doesn't get them from the inhabitants.

These people don't know anything else. They sit in their huts and remove lice from each other. They don't mind if anyone watches. I've had my fill of this workers' paradise. We'll be glad to be out of here. In the past we saw pictures of malnourished children. They were not exaggerated. One can't believe it if one hasn't been here.

***Worse than we Imagined***

*Corporal J. F., Military Post Number 26,280 to his Local Group  
In the Field, 3.8.41*

What we have seen of the so-called Soviet paradise is worse than we ever imagined. Anyone back home who still has any doubts should come here. All his doubts will disappear. Everywhere we go, the people are happy to be freed from Bolshevism, and looks to the future with confidence. We soldiers can say to those back home that he [Hitler] saved Germany and all of Europe from the Red Army. The battle is hard, but we know what we are fighting for, and, confident of the Führer, we will win. In the hopes of a victorious

There are few families in Germany today that do not have a relative, and therefore an eyewitness of Bolshevism. These letters already circulate within families and factories, villages, and party local groups. Now they reach millions who are working for victory, giving them a broader picture of the experiences and impressions of their brothers and sons.

No one will put this pamphlet down without being deeply moved. His thoughts will then turn to the Führer, the man who in the midst of Germany's deepest disgrace was the first to recognize and oppose the communist enemy. The few units of the SA and the SS that opposed the Bolshevist-Jewish enemy when Moscow's terror still prevailed in the streets of our great cities, when Red revolution threatened whole states and provinces of the Reich, and Moscow's Foreign Legion murdered German men on German soil, now have the whole German people with them. The enormous columns of German regiments and divisions are striking Bolshevism deep in Russia. At the right time and with careful forethought, the Führer, side by side with all the awakened European nations, gave the command to save the West. The decision was difficult, the scale of the struggle vast, and

the results tremendous.

Everyone today can see that the order given on 22 June 1941 was the greatest decision in Europe's life. The Bolshevist armies that today are being destroyed by the blows of the German army, blows from which they will never recover, were ready to attack Europe. Despite the treaties, the Bolshevist leaders were ready to attack when the hour was right. The presumed state of workers and soldiers had secret agreements with the plutocracies and capitalism. They were preparing the way for World Jewry to take over Central Europe.

If Stalin's tanks and planes had crossed our borders, it would have been the end of everything noble and beautiful in the world. Europe would have been filled with enslaved masses like the prisoners our soldiers find today in the East. A whole part of the world would have fallen into filth and misery if Adolf Hitler had not at the last moment intervened to forever eliminate the criminal danger.

We may not forget it. Moscow's criminals are praised as heroes and defenders of culture every day by the English and American press. People in London and New York pray for these animals in human form, and thousands of Jewish editors, speakers, and radio announcers are at work recruiting American youth to shed their blood for these subhumans.

This lying and decaying world of plutocracy along with its Bolshevist allies may not and will not win. No sacrifice is too great in comparison to what is at risk, and what victory will bring us in the future.

The letters from our soldiers during these decisive months will always be a testimony to our just cause. They are unique historical documents. Their significance is expressed by these words Propaganda Minister Dr. Goebbels, which we remind readers of in conclusion:

**“One has to realize what would have happened if the Führer had not seen the danger of Bolshevism, and what is at risk. Our soldiers are witnesses of Moscow's plans. They have seen with their own eyes Bolshevism's plans to destroy Germany and Europe. They have had direct experience with the Soviet System and have been able to form a true picture of conditions in the paradise of workers and farmers. One must realize the significance of these facts for the future. Just as there was no debate in Germany about the Jewish Question after the Polish campaign, now there will be no debate about Bolshevism. This fiery struggle is more than a campaign or a war. It is an historic battle of fate in the broadest sense of the term.”**

## German Soldiers in the Soviet Union

### Letters from the East

---

The book begins with the following quotation from Goebbels:

“Lying enemy propaganda never tires of accusing us of giving the German people a false or incomplete picture of the battles in the East. They are best refuted by letters from our soldiers.”

## Chapter 1

### German Soldiers as Witnesses against Bolshevism

[Full Chapter]

The homeland hears about events at the front in an unbelievably short time. German radio often brings reports in the evening of deeds of arms that occurred only a few hours earlier, and the German newsreel includes pictures brought by air directly from the battlefields. The German people have almost direct contact with the accomplishments of their soldiers through the words, pictures, and reporting of modern news media. Past generations could not feel so closely bound to their family members.

Still, the best and most personal source of news in war is and remains the letter. That which the husband or son, the brother, or the bridegroom puts on paper during a brief rest is not only longed for and treasured news from a beloved and irreplaceable person, but also a testimony and a report from one heart to another, one that speaks the right language. During World War I, the letters from the soldiers in field gray recorded the experiences and the integrity of determined fighters who were willing to give their all. During this war, too, millions of German soldiers have reported their powerful experiences. Every family carefully preserves these letters. In party local groups, within National Socialist organizations and in factories, these letters from comrades are passed from hand to hand as eyewitness reports of upright German men.

This pamphlet is a random sample of such letters. They were sent to us by citizens of every class and region. Many of them included this note: “As I read this letter, I thought that others had to read it, too.”

Yes, that is true! There are millions of German citizens who do not have that direct contact with the front. They need to read these letters. They all deal with a theme that is particularly relevant today for the entire German people: What does the Soviet Union really look like?

Sometimes people think the Führer’s propagandists exaggerate, though actual events have proven that what they say is less than the full truth. One thinks of the role of the Jews in unleashing this war or the horrors Poland committed against ethnic Germans. Some citizens who complained then about exaggerated reports of persecution and suffering today complain about 60,000 graves, victims of Polish murderers!

But the most convincing proof of the difference between what was said and reality is clear from the revelations about Bolshevism. This unmasking is particularly important, because millions of German citizens put their faith in the lying words of Jewish-communists. They were told that within the borders of the Soviet Union there was “the workers’ paradise, the true home of the workers of the world.” When National Socialist newspapers and books spoke of the social betrayal in the Soviet Union, or of the horrible mass murders, the misery of children, the hopeless poverty of the entire population, some doubted these well-founded and carefully considered statements.

Now there are millions of reliable witnesses in the middle of this “worker’s paradise.” They cannot be doubted. They are not traveling along carefully prepared streets, nor can Intourist guide them through a carefully selected factory. They must march meter by meter through the country. They fight for each village and each city, they see face-to-face the people who were for nearly 25 years the objects of Bolshevist domination.

Now these German soldiers write to their dear ones at home. They write what they have experienced an hour before. The letters are not always literary masterpieces. But they are as genuine as the men who wrote them.

Some soldiers do not conceal the fact that they were not always National Socialists. There are even letter writers who faced legal penalties for their support for communism in the past. Nearly all of them remember the communist phrases and doctrines of the System Era **[before 1933]**. They did not march into the Soviet Union expecting to find everything bad, but rather they were eager to see how things really were in the land of Lenin and Stalin. They reported what they saw, often in hastily written letters.

These letters are lined up here like a company on the front. They are not on parade, but rather ready for battle. Some soldiers and some letters are large or small, broad or narrow, intelligent or less so, sparse or enthusiastic. We see in the newsreels the faces of marching soldiers who greet us, sometimes tired and exhausted, always however with a clear, confident look and in the firm conviction that they are in the service of a good cause. These letters are the same.

They are only a small part of the enormous material available. There will certainly be some citizens who say: “We have received better and more interesting letters. That is fine. We can agree. We have chosen only letters that were clearly written with no expectation of later publication, letters that give an idea of what has impressed our soldiers.

Those Germans who read these letters, and those who wrote them, ask the question: “What would have happened to our women, mothers and children if the Bolshevist tanks and murderers had overrun our homeland?”

Surely many more reports of the Führer’s great campaigns will reach the public. Even now the whole nation is waiting for the hour when the secrets can be revealed and the deeds of those made clear who today are unknown heroes.

None of those later reports will surpass the immediacy of these simple soldiers’ letters, which are being published even as the fighting army is in the midst of bloody battles on the wide plains of the East. Perhaps some of the letter writers will read this small book in the hospital. Perhaps one or two say their last words in these letters.

That is why these letters move us so deeply. They demonstrate that this decisive battle did not come from the lust for power or conquest, from political vanity or excessive fanaticism. That is what our enemies say. But these letters show that the culture of Germany and of Europe hang on this battle. It will decide whether subhuman Bolshevism destroys all that which is noble and holy to Germans, or whether the German soldier and his brave allies will build the foundation of a new era of peace and freedom.

The soldiers whose letters here reach the public believe, along with all their comrades, in the necessity of the struggle and in the certainty of victory. Who can be less confident than these men who not only stared the world enemy Bolshevism in the eye, but also defeated it wherever they encountered it!

These letters touch on every aspect of life. Everything that concerns soldiers has been set on paper. Naturally the purely personal and family matters have been edited out, as have military details that could be of use to the enemy. We were able to select only the most interesting sections of letters. In each case, the name of the sender and his military address is given, often also the address of the receiver. That should bring pleasure to the writer who sees his words in print. It should also make it impossible for doubters to question the genuineness of the letters.

Chapter 2  
The Worker's Paradise  
[Excerpts]

The most frequent theme in the letters is a discussion of the "Soviet Paradise." Communist agitators spread this idea for years to the masses of Europe. Moscow claimed it was "a hell for exploiters and a paradise for workers." The words of German soldiers are a blow to the face of the Bolshevik world deceivers.

***Worse than Hell***

*Lieutenant Otto Deissenroth, Military Post Number 12 827D writes to local group leader Kemmel in Altenau (Mainfranken)*

In the East, 30.7.1941

[cleansed from xian filth]

Dear Comrade Karl !

I write this letter from the desolation of a Ukrainian forest village, 40 kilometers from Kiev, which we hope to capture in a few days. The fruitful land of the Ukraine is all around us, but 20 years of Bolshevik mismanagement have brought it to ruin. The poverty, misery, and filth we have seen and experienced in the past weeks is indescribable. You back home cannot imagine the terrible results of Bolshevism in this fruitful land. Everything that we formerly read in newspapers and books pales in the face of terrible reality. Our eyes look in vain for some sign of construction, for a trace of progress, for a bit of culture. We yearn for the sight of a clean house, an orderly street, a few tended gardens, a few trees! Wherever we look there is filth, decay, desolation, misery, death, and suffering! Everywhere we see the ghost of Bolshevism in the tortured look of farmers, the blank stares of captives, the hundreds of murdered people, the farm houses, desolate buildings, and ruined houses. I sometimes think it is all the work of the devil. The land was rich when it was inhabited by German, Ukrainian, Czech, and Polish farmers. Then Bolshevism came, and with it enormous misery. Everything that was prosperous or cultured was killed or burned. I spoke with dozens of people whose family members, fathers, husbands, brothers and sons perished somewhere in Murmansk, Siberia or the icy north. Thousands died during the great famine, particularly in 1932-1933. Thousands more ended up in prisons and jails. The misery of those freed from Bolshevism is indescribable. Any free expression was prohibited, any movement banned. Everything in nature that was beautiful, good, and free was destroyed. They took the blessing from the land and the soul from the people. They reduced them to the level of animals, impotent, miserable enslaved animals with no hope of life who did not know if they would be alive tomorrow, who lived from hand to mouth, and were happy only when someone killed them. Hell can be no worse than this "Soviet paradise." There is no hope of salvation. What Bolshevism has done to humanity is a crime one cannot begin to understand. Every German who formerly thought Bolshevism was a worthy idea and who threatened we National Socialists with death and bloodshed only because we didn't believe in this nonsense should be ashamed! We were right! We are all shaken and moved as we face this misery, this suffering, this hopeless Bolshevik life. They stole everything from these people except the very air they breathed. The land they inherited from their fathers became a collective, the property of the state, and they became slaves worse than those of the darkest Middle Ages in Germany. They had a tiny plot of land of their own, and even that was heavily taxed. They had to report to the collective's commissars each morning, work the whole day, even Sunday, with no free time. They belonged to the state. They were supposedly paid, but rarely saw the money. They got 33 kopeks a day, about a third of a mark. They owned no plow, no

spade, no wagon, no yoke. Everything supposedly belonged to everyone, everything belonged to the state. The Jews and party bigwigs lived in prosperity, the farmers had only hunger, misery, work, and death. No one felt himself responsible for the soil, no one felt the love we Germans have for our homeland, for soil that is ours. The knowledge of blood and soil had died out. I spoke with 30-year-olds who did not understand the concept of property. They had been educated in Soviet schools. That explains why they had no sense of culture, no need for it. Their homes are empty, cold and desolate, much poorer than in Poland. No pictures, no flowers break the desolation. The art of cooking also disappeared, given the food shortages. The daily diet consists of milk and bread, along with a bit of honey and a few potatoes. When one see this dismal poverty, one is reminded that these Bolshevist animals wanted to bring culture to us industrious, clean and creative Germans. How justified is the Führer's claim to European leadership! The poorest German village is a pearl in comparison to these ruined Russian villages. Sometimes as I face the thousands of murdered people that we found in the cities and villages, and in the numerous occasions where we found women and children wailing over the corpses of their family members, or when they asked us to free their men who had been hauled off just before we arrived, I see the Führer before me. He saved an enslaved and raped humanity, giving it once more divine freedom and the blessing of a worthy existence. The last and deepest reason for this war is to restore the natural order. It is a battle against slavery, against Bolshevist insanity. I am proud, deeply proud, that I may fight against this Bolshevist monster, fighting once again the enemy I fought to destroy during the hard years of struggle in Germany. I am proud of the wounds I suffered during the election battles in Germany, and I am proud of my new wounds, and of the medal that I now wear. It is as if the people here are awakening from a deep sleep. They cannot yet believe in their new freedom; they do not know where to begin. They sit down and wait for orders. Now they have them: "Go back to work, harvest the fields, now you have your own home." That is what all the posters say, and one sees the masses at work in the fields. Man and nature are free again, eternal order has been restored."

Chapter 3  
Houses and Roads  
[Excerpts]

The housing question was a favorite theme of Bolshevist agitation in Europe. They made vehement attacks on workers' housing. Regardless of economic conditions, they demanded a room for every German. So-called communist artists portrayed the misery and ill-health of overpopulated workers' districts.

The Soviet Union had 25 years to realize this point in their program. They had the raw materials and workers, as their armaments program demonstrated. Nothing stood in the way of establishing "paradise" in their corner of the world.

But with the exception of the Jews and party bigwigs, the soldiers write that everyone in the Soviet Union lives "worse than the animals" do by us.

**[There are seven excerpts from letters. Here are two of them]**

***Unimaginable Misery***

*Staff Sergeant Kurt Hummel, Military Post Number L 31 605 Lg Pa. Paris, to his local group*

*Northern Russia, 12 August 1941*

Bolshevist conditions are indescribable. I had never imagined that such misery was possible. People here know nothing about electric lights, radio, newspapers, and the like. One can't call what they live in houses. There are only shanties with rotten straw roofs. Huge neglected fields lay around. We haven't yet found even a small shop. This is what people call the Soviet paradise. I wish the few outsiders who still remain in Germany could be shipped here. There is misery wherever one looks. One has to see it to realize how beautiful Germany is.

### ***The Main Roads are like Paths***

*Soldier Heinrich Stähr tells his work mates at the Hamburg Hochbahn A. G. about conditions frequently mentioned in other letters as well:*  
The roads. We in the infantry are probably the best judge of good and bad roads, since we have to march for kilometer after kilometer on them. Here too the Soviets haven't lifted a finger. The main roads are no better than field paths. Believe me, my dear comrades, the soldiers have had many a justifiable curse after marching 40 or 50 kilometers on such a road. Besides, it is 30-35 degrees C. in the shade, and huge clouds of dust make it almost impossible to breathe. Swamps, forests, and bad roads make military action unpleasant, but we keep moving forward.

## **Chapter 4 Rule by Bigwigs and Jews**

[Excerpts]

The Soviet Union was in fact a paradise for one group: the Jews. Even at times when for foreign policy reasons Jews were less evident in the government or when they ruled through straw men, the Jews were always visible in the middle and lower levels of the administration. During the whole period of the red dictatorship, they were the beneficiaries. This was clearest in the small nations that the Soviet Union was using to prepare for its attack on the Greater German Reich after the outbreak of Churchill's war, above all in the Baltic states.

Aside from their unlimited desire for money, their dirty behavior and their perverse thirst for revenge, our soldiers above all encountered Jews as the sadistic organizers of mass murders and atrocities. Many details have to be eliminated, since they cannot be printed in Germany. But this will be an idea of what was the routine day, and even more at night, in the dungeons of the Jewish GPU commissars.

**[Here are two of the four letter excerpts]**

### ***The Jew was a Bloodsucker***

*Medical corporal Paul Lenz, Military Post Number 7 14 628 Posen, to the local group of the NSDAP, Arneburg:*

Only a Jew can be a Bolshevik; for these bloodsuckers there is nothing better to be, for there is then nothing to stop them. Wherever one spits there is a Jew, whether in a city or a village. As far as I know (we asked the people, wanting to know the truth) not a single Jew every worked in the workers' paradise. Even the littlest bloodsucker had a post with big privileges. He lived in the best buildings, if one can call them buildings. The real workers lived in small buildings, or better, in animal stalls, just like day laborers in old Russia. It makes no difference whether one is in a village or in a city like Minsk with over 300,000 inhabitants, the stalls are everywhere. Even before the war, most workers knew nothing but hunger, misery, and slavery. Some may be interested to know that there were theaters, operas, etc., even big buildings for them, but only those with money got in, and they were the bloodsuckers and their lackeys.

### ***Only the Jew Lived Well***

*Soldier Reinold Mahnke, Military Post Number 02 179 to Supervisor Borrmann at the Otto Kloss Company in Hamburg:  
Dünaberg, 8 Aug. 1941*

Dear Hermann, You have to have seen what people called the Bolshevik Paradise! It is poor, Hermann, incredibly poor. Only Jews and functionaries lived well. The people didn't earn enough to buy a pair of socks or anything like that. They earned 1 ruble a day, about 10 German pfennig, and that for a full day's work. Only the Jews lived well. Each city is about 40% Jewish.

The Jews and Bolsheviks hauled every Latvian who was still around out of his house before the Germans arrived. They stole the valuables, doused the houses with gasoline, and set them on fire. The Latvians who did not want to go with the Bolsheviks had their hands and feet cut off, their tongue slit, and then were left behind. They nailed men and even children to the walls.

These are things we have seen.

If these criminals had reached our country, they would have torn us apart. That is clear. But the Latvians did take their revenge.

The comrades from the Kloss factory should come here and see what 25 years of communism have done. There is only poverty, misery, and more misery. Old sod huts, a cow and a pig, that is all they have. In Germany people talked about how good the workers here had it.

## **Chapter 5** **Bolshevist Atrocities**

[Excerpts]

Germans in general, and German soldiers in particular, do not take revenge on defenseless opponents, or even torture them. The opposite is the case. The danger is that German generosity will too quickly lead us to forget our victorious position, and presume our own decent attitudes and behavior on the part of the enemy, whether soldier or civilian.

That is why news of atrocities that our enemies commit against Germans or the civilians under their rule are often greeted with a certain skepticism. One doesn't not believe others can do what one is oneself incapable of doing. We remember that reports of the bestial brutalities committed by Poles against ethnic Germans, especially in Bromberg, were thought to be exaggerated. Meanwhile, the German people have learned the truth.

But every bloody and sadistic butchery in human history is thrown into the shadows by that which German soldiers have already seen with their own eyes in the Soviet Union. As they themselves write, they will never forget it until they die!

We must not forget that these atrocities are incompetent work in the eyes of leading Bolsheviks. Soldiers and commissars lacked the time during their retreats to use the bestial methods of GPU murder to torture their victims to the last. When those in the Kremlin read the atrocity reports in this booklet, they will be pleased that only a small part of their terrible crimes have become known to the civilized world. Still, the dim rays of light that have reached Bolshevism's torture chambers have revealed such frightening pictures that we are deeply shaken as we read these reports.

**[Here are 4 of 9 accounts]**

### ***Children Slaughtered***

*Soldier Fred Fallnbigl to his Parents in Salzburg, 17.7.41*

I wrote in my last two letters about Russian atrocities, and could fill volumes more.

But a bit more from the Soviet Paradise. I'll especially tell you about things that happened in Lemberg-Tarnopol and Tromborla. Tromborla is due south of Tarnopol. I saw the prisons in Lemberg, and saw things that struck me deeply. There were men with their ears and noses cut off, etc. They had nailed children alive by their hands and feet to the wall, butchering them. The blood was ankle deep. It didn't make any difference if they were alive or dead. They doused the piles of bodies with gasoline and set them on fire. The stench was terrible. I saw similar things in Tarnopol and Tromborla. In T. seven Ukrainians were hauled out of their beds after the Germans had arrived. The next morning their bodies were found in the woods, beaten until they were unrecognizable. I have seen all of this myself, they are not matters I heard about. Feel free to tell them to others, particularly those who may still think well of the Soviet Union.

I always think how fortunate we are that this scourge of humanity never made it to our country. I don't think that even years of preparation would make Germans capable of such atrocities.

### ***Corpses Defiled***

*Sergeant Paul Rubelt, Military Post Number 34 539 F, to Miss Grete Egger, Lebring 71, Steiermark:  
6.7.1941*

I was in Lemberg yesterday and saw a bloodbath. It was terrible. Many had their skin stripped off, men were castrated, their eyes poked out, arms or legs chopped off. Some were nailed to the wall, 30-40 were sealed into a small room and suffocated. About 650 people in this area must have died in such ways. The stench can be endured only if one smokes a cigarette and keeps a handkerchief over one's nose. The Jews did most of it. Now they have to dig the graves. The culprits will be shot. Many already died because of the stench. In this city they even opened graves and defiled the corpses. It is terrible. One can hardly believe that such people exist.

### ***Orphans Nailed to the Wall and Slaughtered***

*NCO K. Suffner, Military Post Number 08 070 to his work mates*

There was a gray cloud over Lemberg as we arrived. The stench was scarcely tolerable. The Russians had been thrown out of the city after a hard battle. Two hours later I found the source of the stench. The Bolshevists and Jews bestially murdered 12,000 Germans and Ukrainians. I saw pregnant women hanging by their feet in the GPU's prison. They had slit the noses, ears, eyes, fingers, hands and arms and legs of other women. Some even had their hearts cut out. 300 orphans between the ages of 2 and 17 had been nailed to the wall and butchered. After they were done with the torture, they threw the people, most of whom were still alive, into a 3 meter deep pile in the basement, doused them with gasoline, and lit them on fire. It was terrible! We could not believe that have suffered if Bolshevism had reached us. The complainers and know-it-alls that we still have in the Reich should see this. Then they would know what pure Bolshevism looks like. They would fall to their knees and thank the Führer for saving Germany from such things. I and many other German soldiers have seen this. We all thank the Führer that he let us see the Bolshevist "paradise." We swear to extirpate this plague root and branch.

Since I have some time today, I thought it my duty to write this so that my work mates at home can read it. We soldiers at the front have seen this with our own eyes. We will be able to tell a lot more later.

We are fighting until final victory.

### ***Terrible Mutilations***

*Lieutenant Lorenz Wächter to a Political Leader in Neunkirchen:*

20.8.1941

...I really can't describe what we saw in Lemberg. It is much, much worse than the German newspapers were able to describe. One has to have seen it. Even the stench of corpses, noticeable a long way outside the prison walls, was enough to make one ill. And the scene itself. Hundreds of murdered men, women, and children, hideously mutilated. Men had their eyes poked out, a pastor with his belly slit open and the body of a slaughtered baby stuffed in. I could tell you worse stories, but even these upset me, and I'm used to such things by now.

#### **Chapter 6**

#### **What Soldiers Want to Do with Grumblers**

#### **[Excerpts]**

In the midst of all these experiences, observations and facts, nearly every soldier's letter expresses the wish that the complainers and know-it-alls should see what they have seen! Everyone who has not yet understood the greatness of our age and the significance of this greatest of all battles should see it for himself for a week. Countless millions of our people do their duty and sacrifice in good spirits. They accept the inconveniences of the war cheerfully. But even the most willing occasionally tire of the necessary burdens of everyday life during war. These soldiers' letters are good medicine in such moments. The facts German soldiers report home prove that there is no comparison between the war-related inconveniences we endure and the terrible conditions of perpetual misery that prevail even during "peace" in the Soviet Union. All the soldiers at the front wish that every German who even for a moment loses his energy and enthusiasm would have the chance to gain a personal impression of a country that despite the greatest natural resources and despite 25 years of

uninterrupted rule by a government has the worse conditions in the world, conditions that can only be compared with the very worst English colonies. Looking into this abyss will banish all discontent.

### ***Every Critic of Our Efforts Should be Sent Here***

*Soldier Walter Sperath writes to the [NSDAP] county office Hamburg 6*

Everything I have seen of the so-called workers' paradise is everything but lovely. One should send every citizen who even slightly criticizes our efforts here. He would thank the Führer and the movement that these conditions are not found in our fatherland. Animals by us live in better conditions than the people here. Our successes so far have been great, and we will not stop until we have rooted out this evil root and branch, which will be a blessing for European culture and humanity.

### ***The People's Eyes are Being Opened***

*NCO Alfred Rothe, Military Post Number 27 643 to his Wife in Kostermannsfeld, Burgstr. 5:  
24.7.1941*

...even without the war, the people here were impoverished and exhausted. Only the bigwigs lived well in palaces. Now the people's eyes are being opened. Anyone in Germany who still does not believe in communism's terrible crimes should see for himself, and listen to the people. Happy Germany, as I always say.

### **Chapter 7 Former Communists Talk [Excerpts]**

Berlin was once a communist fortress, and there were also supposedly impregnable Red bastions in Hamburg, Saxony, the Ruhr, and Munich. There were some in the ranks of German communism who honestly believed in the blessings of Bolshevism. They were ready to serve as Moscow's Foreign Legion and deny their German fatherland to build a life of dignity and beauty for the working class of the whole world.

Adolf Hitler's powerful idea has long driven criminal communist thinking from the minds of every normal person in Germany. Among the millions of German soldiers who are now fighting as loyal followers of the Führer in Russia, there are certainly some who can remember some of the promises made by the Bolshevik traitors to the working class.

These citizens are the ones most shocked by what they see in the Soviet Union. Many a letter writer to his wife, his local group leader, or his S.A. leader mentions that he was formerly a communist. I mention one who served 2 1/2 years in prison, but now volunteered for the army even though he has seven children. He wants to atone for his sins. Now he writes back home as one who is fully converted.

We have omitted the names of some writers, since we were not sure whether a brave soldier doing his duty would want thousands of strangers to read that he was once a communist. We have the originals. Anyone who doubts the genuineness of these letters can receive the names and address of the writers, if he has good reason.

The Führer spoke from the hearts of these soldiers when he said of the Soviet Union on 3 October 1941:

**“It is a country that our soldiers are coming to know after 25 years of Bolshevism. This I know: Anyone who went there with even the slightest sympathy for communism, even in the most idealistic sense, is cured. You can be sure of that.”**

### ***The Soviet Union is Absolutely Miserable***

*Flyer W. M., Res.-Lazarett Salzlwedel to his Cell Leader Schroeder*

I have seen the “wonderful workers’ paradise” in the Soviet Union with all its terrible misery, and wish that those who thought differently could spend a few weeks here to see and experience what we have. The misery and horror of Bolshevism is terrible. I hope that volunteering for our proud army may atone for my earlier sins, and that when I am back home, you, dear party member, will accept me as an honest person. In that hope, I send you my warmest greetings.

Heil Hitler!

***Earlier Fans of the Soviet Union are Quickly Cured***

*Corporal Otto Kien, Military Post Number 18, 756, to the Factory Leadership t the Conrad Scholtz Factory. Barmbeck  
Russia, 8 August 1941*

Anyone who earlier had different opinions of the Soviet Union is quickly cured of them here. The poverty is terrible. Not even the farmers have anything to eat. They beg from us. There are lice and filth everywhere. One has to be careful one doesn’t get them from the inhabitants.

These people don’t know anything else. They sit in their huts and remove lice from each other. They don’t mind if anyone watches. I’ve had my fill of this workers’ paradise. We’ll be glad to be out of here. In the past we saw pictures of malnourished children. They were not exaggerated. One can’t believe it if one hasn’t been here.

***Worse than we Imagined***

*Corporal J. F., Military Post Number 26,280 to his Local Group  
In the Field, 3.8.41*

What we have seen of the so-called Soviet paradise is worse than we ever imagined. Anyone back home who still has any doubts should come here. All his doubts will disappear. Everywhere we go, the people are happy to be freed from Bolshevism, and looks to the future with confidence. We soldiers can say to those back home that he [Hitler] saved Germany and all of Europe from the Red Army. The battle is hard, but we know what we are fighting for, and, confident of the Führer, we will win. In the hopes of a victorious return,

Heil Hitler

Thank you Edward for posting these.

Everyone should read through these all deeply to see just how badly the brainwashing has set in. If people knew and believed that the boshlevik scum committed these heinous crimes, and that our troops were not to blame, then our peoples would have a very different view of our past.

Never forget the sacrifices that these brave men made in the fight against the communist beast.

NOW is the time to take up their torch, and give everything you can to this most urgent and Holy fight.

This is a fight for existence, and if you don't want what happened in the so called "workers paradises" to happen to your lands, then take up the RTR's and fight.

Only the work of everyone fighting against this most base and revolting enemy will allow us to destroy it.

## German Soldiers in the Soviet Union

### Letters from the East

---

The book begins with the following quotation from Goebbels:

“Lying enemy propaganda never tires of accusing us of giving the German people a false or incomplete picture of the battles in the East. They are best refuted by letters from our soldiers.”

## Chapter 1

### German Soldiers as Witnesses against Bolshevism

[\[Full Chapter\]](#)

The homeland hears about events at the front in an unbelievably short time. German radio often brings reports in the evening of deeds of arms that occurred only a few hours earlier, and the German newsreel includes pictures brought by air directly from the battlefields. The German people have almost direct contact with the accomplishments of their soldiers through the words, pictures, and reporting of modern news media. Past generations could not feel so closely bound to their family members.

Still, the best and most personal source of news in war is and remains the letter. That which the husband or son, the brother, or the bridegroom puts on paper during a brief rest is not only longed for and treasured news from a beloved and irreplaceable person, but also a testimony and a report from one heart to another, one that speaks the right language. During World War I, the letters from the soldiers in field gray recorded the experiences and the integrity of determined fighters who were willing to give their all. During this war, too, millions of German soldiers have reported their powerful experiences. Every family carefully preserves these letters. In party local groups, within National Socialist organizations

and in factories, these letters from comrades are passed from hand to hand as eyewitness reports of upright German men.

This pamphlet is a random sample of such letters. They were sent to us by citizens of every class and region. Many of them included this note: "As I read this letter, I thought that others had to read it, too."

Yes, that is true! There are millions of German citizens who do not have that direct contact with the front. They need to read these letters. They all deal with a theme that is particularly relevant today for the entire German people: What does the Soviet Union really look like?

Sometimes people think the Führer's propagandists exaggerate, though actual events have proven that what they say is less than the full truth. One thinks of the role of the Jews in unleashing this war or the horrors Poland committed against ethnic Germans. Some citizens who complained then about exaggerated reports of persecution and suffering today complain about 60,000 graves, victims of Polish murderers!

But the most convincing proof of the difference between what was said and reality is clear from the revelations about Bolshevism. This unmasking is particularly important, because millions of German citizens put their faith in the lying words of Jewish-communists. They were told that within the borders of the Soviet Union there was "the workers' paradise, the true home of the workers of the world." When National Socialist newspapers and books spoke of the social betrayal in the Soviet Union, or of the horrible mass murders, the misery of children, the hopeless poverty of the entire population, some doubted these well-founded and carefully considered statements.

Now there are millions of reliable witnesses in the middle of this "worker's paradise." They cannot be doubted. They are not traveling along carefully prepared streets, nor can Intourist guide them through a carefully selected factory. They must march meter by meter through the country. They fight for each village and each city, they see face-to-face the people who were for nearly 25 years the objects of Bolshevik domination.

Now these German soldiers write to their dear ones at home. They write what they have experienced an hour before. The letters are not always literary masterpieces. But they are as genuine as the men who wrote them.

Some soldiers do not conceal the fact that they were not always National Socialists. There are even letter writers who faced legal penalties for their support for communism in the past. Nearly all of them remember the communist phrases and doctrines of the System Era **[before 1933]**. They did not march into the Soviet Union expecting to find everything bad, but rather they were eager to see how things really were in the land of Lenin and Stalin. They reported what they saw, often in hastily written letters.

These letters are lined up here like a company on the front. They are not on parade, but rather ready for battle. Some soldiers and some letters are large or small, broad or narrow, intelligent or less so, sparse or enthusiastic. We see in the newsreels the faces of marching soldiers who greet us, sometimes tired and exhausted, always however with a clear, confident look and in the firm conviction that they are in the service of a good cause. These letters are the same.

They are only a small part of the enormous material available. There will certainly be some citizens who say: "We have received better and more interesting letters. That is fine. We can agree. We have chosen only letters that were clearly written with no expectation of later publication, letters that give an idea of what has impressed our soldiers."

Those Germans who read these letters, and those who wrote them, ask the question: “What would have happened to our women, mothers and children if the Bolshevist tanks and murderers had overrun our homeland?”

Surely many more reports of the Führer’s great campaigns will reach the public. Even now the whole nation is waiting for the hour when the secrets can be revealed and the deeds of those made clear who today are unknown heroes.

None of those later reports will surpass the immediacy of these simple soldiers’ letters, which are being published even as the fighting army is in the midst of bloody battles on the wide plains of the East. Perhaps some of the letter writers will read this small book in the hospital. Perhaps one or two say their last words in these letters.

That is why these letters move us so deeply. They demonstrate that this decisive battle did not come from the lust for power or conquest, from political vanity or excessive fanaticism. That is what our enemies say. But these letters show that the culture of Germany and of Europe hang on this battle. It will decide whether subhuman Bolshevism destroys all that which is noble and holy to Germans, or whether the German soldier and his brave allies will build the foundation of a new era of peace and freedom.

The soldiers whose letters here reach the public believe, along with all their comrades, in the necessity of the struggle and in the certainty of victory. Who can be less confident than these men who not only stared the world enemy Bolshevism in the eye, but also defeated it wherever they encountered it!

These letters touch on every aspect of life. Everything that concerns soldiers has been set on paper. Naturally the purely personal and family matters have been edited out, as have military details that could be of use to the enemy. We were able to select only the most interesting sections of letters. In each case, the name of the sender and his military address is given, often also the address of the receiver. That should bring pleasure to the writer who sees his words in print. It should also make it impossible for doubters to question the genuineness of the letters.

Chapter 2  
The Worker’s Paradise  
[Excerpts]

The most frequent theme in the letters is a discussion of the “Soviet Paradise.” Communist agitators spread this idea for years to the masses of Europe. Moscow claimed it was “a hell for exploiters and a paradise for workers.” The words of German soldiers are a blow to the face of the Bolshevist world deceivers.

***Worse than Hell***

*Lieutenant Otto Deissenroth, Military Post Number 12 827D writes to local group leader Kemmel in Altenau (Mainfranken)*

In the East, 30.7.1941

[cleansed from xian filth]

Dear Comrade Karl !

I write this letter from the desolation of a Ukrainian forest village, 40 kilometers from Kiev, which we hope to capture in a few days. The fruitful land of the Ukraine is all around us, but 20 years of Bolshevist mismanagement have brought it to ruin. The poverty, misery, and filth we have seen and experienced in the past weeks is indescribable. You back home cannot imagine the terrible results of Bolshevism in this fruitful land. Everything that we formerly read in newspapers and books pales in the face of terrible reality. Our eyes look in vain for some sign of construction, for a trace of progress, for a bit of culture. We yearn for the sight of a clean house, an orderly street, a few tended gardens, a few trees! Wherever we look there is filth, decay, desolation, misery, death, and suffering! Everywhere we see the ghost of Bolshevism in the tortured look of farmers, the blank stares of captives, the hundreds of murdered people, the farm houses, desolate buildings, and ruined houses. I

sometimes think it is all the work of the devil. The land was rich when it was inhabited by German, Ukrainian, Czech, and Polish farmers. Then Bolshevism came, and with it enormous misery. Everything that was prosperous or cultured was killed or burned. I spoke with dozens of people whose family members, fathers, husbands, brothers and sons perished somewhere in Murmansk, Siberia or the icy north. Thousands died during the great famine, particularly in 1932-1933. Thousands more ended up in prisons and jails. The misery of those freed from Bolshevism is indescribable. Any free expression was prohibited, any movement banned. Everything in nature that was beautiful, good, and free was destroyed. They took the blessing from the land and the soul from the people. They reduced them to the level of animals, impotent, miserable enslaved animals with no hope of life who did not know if they would be alive tomorrow, who lived from hand to mouth, and were happy only when someone killed them. Hell can be no worse than this "Soviet paradise." There is no hope of salvation. What Bolshevism has done to humanity is a crime one cannot begin to understand. Every German who formerly thought Bolshevism was a worthy idea and who threatened we National Socialists with death and bloodshed only because we didn't believe in this nonsense should be ashamed! We were right! We are all shaken and moved as we face this misery, this suffering, this hopeless Bolshevik life. They stole everything from these people except the very air they breathed. The land they inherited from their fathers became a collective, the property of the state, and they became slaves worse than those of the darkest Middle Ages in Germany. They had a tiny plot of land of their own, and even that was heavily taxed. They had to report to the collective's commissars each morning, work the whole day, even Sunday, with no free time. They belonged to the state. They were supposedly paid, but rarely saw the money. They got 33 kopeks a day, about a third of a mark. They owned no plow, no spade, no wagon, no yoke. Everything supposedly belonged to everyone, everything belonged to the state. The Jews and party bigwigs lived in prosperity, the farmers had only hunger, misery, work, and death. No one felt himself responsible for the soil, no one felt the love we Germans have for our homeland, for soil that is ours. The knowledge of blood and soil had died out. I spoke with 30-year-olds who did not understand the concept of property. They had been educated in Soviet schools. That explains why they had no sense of culture, no need for it. Their homes are empty, cold and desolate, much poorer than in Poland. No pictures, no flowers break the desolation. The art of cooking also disappeared, given the food shortages. The daily diet consists of milk and bread, along with a bit of honey and a few potatoes. When one sees this dismal poverty, one is reminded that these Bolshevik animals wanted to bring culture to us industrious, clean and creative Germans. How justified is the Führer's claim to European leadership! The poorest German village is a pearl in comparison to these ruined Russian villages. Sometimes as I face the thousands of murdered people that we found in the cities and villages, and in the numerous occasions where we found women and children wailing over the corpses of their family members, or when they asked us to free their men who had been hauled off just before we arrived, I see the Führer before me. He saved an enslaved and raped humanity, giving it once more divine freedom and the blessing of a worthy existence. The last and deepest reason for this war is to restore the natural order. It is a battle against slavery, against Bolshevik insanity. I am proud, deeply proud, that I may fight against this Bolshevik monster, fighting once again the enemy I fought to destroy during the hard years of struggle in Germany. I am proud of the wounds I suffered during the election battles in Germany, and I am proud of my new wounds, and of the medal that I now wear. It is as if the people here are awakening from a deep sleep. They cannot yet believe in their new freedom; they do not know where to begin. They sit down and wait for orders. Now they have them: "Go back to work, harvest the fields, now you have your own home." That is what all the posters say, and one sees the masses at work in the fields. Man and nature are free again, eternal order has been restored."

Chapter 3  
Houses and Roads  
[Excerpts]

The housing question was a favorite theme of Bolshevik agitation in Europe. They made vehement attacks on workers' housing. Regardless of economic conditions, they demanded a room for every German. So-called communist artists portrayed the misery and ill-health of overpopulated workers' districts.

The Soviet Union had 25 years to realize this point in their program. They had the raw materials and workers, as their armaments program demonstrated. Nothing stood in the way of establishing "paradise" in their corner of the world.

But with the exception of the Jews and party bigwigs, the soldiers write that everyone in the Soviet Union lives "worse than the animals" do by us.

[There are seven excerpts from letters. Here are two of them]

### ***Unimaginable Misery***

*Staff Sergeant Kurt Hummel, Military Post Number L 31 605 Lg Pa. Paris, to his local group*

*Northern Russia, 12 August 1941*

Bolshevik conditions are indescribable. I had never imagined that such misery was possible. People here know nothing about electric lights, radio, newspapers, and the like. One can't call what they live in houses. There are only shanties with rotten straw roofs. Huge neglected fields lay around. We haven't yet found even a small shop. This is what people call the Soviet paradise. I wish the few outsiders who still remain in Germany could be shipped here. There is misery wherever one looks. One has to see it to realize how beautiful Germany is.

### ***The Main Roads are like Paths***

*Soldier Heinrich Stähr tells his work mates at the Hamburg Hochbahn A. G. about conditions frequently mentioned in other letters as well:*

The roads. We in the infantry are probably the best judge of good and bad roads, since we have to march for kilometer after kilometer on them. Here too the Soviets haven't lifted a finger. The main roads are no better than field paths. Believe me, my dear comrades, the soldiers have had many a justifiable curse after marching 40 or 50 kilometers on such a road. Besides, it is 30-35 degrees C. in the shade, and huge clouds of dust make it almost impossible to breathe. Swamps, forests, and bad roads make military action unpleasant, but we keep moving forward.

## **Chapter 4**

### **Rule by Bigwigs and Jews**

[Excerpts]

The Soviet Union was in fact a paradise for one group: the Jews. Even at times when for foreign policy reasons Jews were less evident in the government or when they ruled through straw men, the Jews were always visible in the middle and lower levels of the administration. During the whole period of the red dictatorship, they were the beneficiaries. This was clearest in the small nations that the Soviet Union was using to prepare for its attack on the Greater German Reich after the outbreak of Churchill's war, above all in the Baltic states.

Aside from their unlimited desire for money, their dirty behavior and their perverse thirst for revenge, our soldiers above all encountered Jews as the sadistic organizers of mass murders and atrocities. Many details have to be eliminated, since they cannot be printed in Germany. But this will be an idea of what was the routine day, and even more at night, in the dungeons of the Jewish GPU commissars.

[Here are two of the four letter excerpts]

### ***The Jew was a Bloodsucker***

*Medical corporal Paul Lenz, Military Post Number 7 14 628 Posen, to the local group of the NSDAP, Arneburg:*

Only a Jew can be a Bolshevik; for these bloodsuckers there is nothing better to be, for there is then nothing to stop them. Wherever one spits there is a Jew, whether in a city or a village. As far as I know (we asked the people, wanting to know the truth) not a single Jew ever worked in the workers' paradise. Even the littlest bloodsucker had a post with big privileges. He lived in the best buildings, if one can call them buildings. The real workers lived in small buildings, or better, in animal stalls, just like day laborers in old Russia. It makes no difference whether one is in

a village or in a city like Minsk with over 300,000 inhabitants, the stalls are everywhere. Even before the war, most workers knew nothing but hunger, misery, and slavery. Some may be interested to know that there were theaters, operas, etc., even big buildings for them, but only those with money got in, and they were the bloodsuckers and their lackeys.

### ***Only the Jew Lived Well***

*Soldier Reinold Mahnke, Military Post Number 02 179 to Supervisor Borrmann at the Otto Kloss Company in Hamburg:  
Dünaberg, 8 Aug. 1941*

Dear Hermann, You have to have seen what people called the Bolshevik Paradise! It is poor, Hermann, incredibly poor. Only Jews and functionaries lived well. The people didn't earn enough to buy a pair of socks or anything like that. They earned 1 ruble a day, about 10 German pfennig, and that for a full day's work. Only the Jews lived well. Each city is about 40% Jewish.

The Jews and Bolsheviks hauled every Latvian who was still around out of his house before the Germans arrived. They stole the valuables, doused the houses with gasoline, and set them on fire. The Latvians who did not want to go with the Bolsheviks had their hands and feet cut off, their tongue slit, and then were left behind. They nailed men and even children to the walls.

These are things we have seen.

If these criminals had reached our country, they would have torn us apart. That is clear. But the Latvians did take their revenge.

The comrades from the Kloss factory should come here and see what 25 years of communism have done. There is only poverty, misery, and more misery. Old sod huts, a cow and a pig, that is all they have. In Germany people talked about how good the workers here had it.

## **Chapter 5 Bolshevist Atrocities**

[Excerpts]

Germans in general, and German soldiers in particular, do not take revenge on defenseless opponents, or even torture them. The opposite is the case. The danger is that German generosity will too quickly lead us to forget our victorious position, and presume our own decent attitudes and behavior on the part of the enemy, whether soldier or civilian.

That is why news of atrocities that our enemies commit against Germans or the civilians under their rule are often greeted with a certain skepticism. One doesn't not believe others can do what one is oneself incapable of doing. We remember that reports of the bestial brutalities committed by Poles against ethnic Germans, especially in Bromberg, were thought to be exaggerated. Meanwhile, the German people have learned the truth.

But every bloody and sadistic butchery in human history is thrown into the shadows by that which German soldiers have already seen with their own eyes in the Soviet Union. As they themselves write, they will never forget it until they die!

We must not forget that these atrocities are incompetent work in the eyes of leading Bolsheviks. Soldiers and commissars lacked the time during their retreats to use the bestial methods of GPU murder to torture their victims to the last. When those in the Kremlin read the atrocity reports in this booklet, they will be pleased that only a small part of their terrible crimes have become known to the civilized world.

Still, the dim rays of light that have reached Bolshevism's torture chambers have revealed such frightening pictures that we are deeply shaken as we read these reports.

**[Here are 4 of 9 accounts]**

### ***Children Slaughtered***

*Soldier Fred Fallnbigl to his Parents in Salzburg, 17.7.41*

I wrote in my last two letters about Russian atrocities, and could fill volumes more.

But a bit more from the Soviet Paradise. I'll especially tell you about things that happened in Lemberg-Tarnopol and Tromborla. Tromborla is due

south of Tarnopol. I saw the prisons in Lemberg, and saw things that struck me deeply. There were men with their ears and noses cut off, etc. They had nailed children alive by their hands and feet to the wall, butchering them. The blood was ankle deep. It didn't make any difference if they were alive or dead. They doused the piles of bodies with gasoline and set them on fire. The stench was terrible. I saw similar things in Tarnopol and Tromborla. In T. seven Ukrainians were hauled out of their beds after the Germans had arrived. The next morning their bodies were found in the woods, beaten until they were unrecognizable. I have seen all of this myself, they are not matters I heard about. Feel free to tell them to others, particularly those who may still think well of the Soviet Union.

I always think how fortunate we are that this scourge of humanity never made it to our country. I don't think that even years of preparation would make Germans capable of such atrocities.

### ***Corpses Defiled***

*Sergeant Paul Rubelt, Military Post Number 34 539 F, to Miss Grete Egger, Lebring 71, Steiermark:  
6.7.1941*

I was in Lemberg yesterday and saw a bloodbath. It was terrible. Many had their skin stripped off, men were castrated, their eyes poked out, arms or legs chopped off. Some were nailed to the wall, 30-40 were sealed into a small room and suffocated. About 650 people in this area must have died in such ways. The stench can be endured only if one smokes a cigarette and keeps a handkerchief over one's nose. The Jews did most of it. Now they have to dig the graves. The culprits will be shot. Many already died because of the stench. In this city they even opened graves and defiled the corpses. It is terrible. One can hardly believe that such people exist.

### ***Orphans Nailed to the Wall and Slaughtered***

*NCO K. Suffner, Military Post Number 08 070 to his work mates*

There was a gray cloud over Lemberg as we arrived. The stench was scarcely tolerable. The Russians had been thrown out of the city after a hard battle. Two hours later I found the source of the stench. The Bolsheviks and Jews bestially murdered 12,000 Germans and Ukrainians. I saw pregnant women hanging by their feet in the GPU's prison. They had slit the noses, ears, eyes, fingers, hands and arms and legs of other women. Some even had their hearts cut out. 300 orphans between the ages of 2 and 17 had been nailed to the wall and butchered. After they were done with the torture, they threw the people, most of whom were still alive, into a 3 meter deep pile in the basement, doused them with gasoline, and lit them on fire. It was terrible! We could not believe that we suffered if Bolshevism had reached us. The complainers and know-it-alls that we still have in the Reich should see this. Then they would know what pure Bolshevism looks like. They would fall to their knees and thank the Führer for saving Germany from such things. I and many other German soldiers have seen this. We all thank the Führer that he let us see the Bolshevik "paradise." We swear to extirpate this plague root and branch.

Since I have some time today, I thought it my duty to write this so that my work mates at home can read it. We soldiers at the front have seen this with our own eyes. We will be able to tell a lot more later.

We are fighting until final victory.

### ***Terrible Mutilations***

*Lieutenant Lorenz Wächter to a Political Leader in Neunkirchen:  
20.8.1941*

...I really can't describe what we saw in Lemberg. It is much, much worse than the German newspapers were able to describe. One has to have seen it. Even the stench of corpses, noticeable a long way outside the prison walls, was enough to make one ill. And the scene itself. Hundreds of murdered men, women, and children, hideously mutilated. Men had their eyes poked out, a pastor with his belly slit open and the body of a slaughtered baby stuffed in. I could tell you worse stories, but even these upset me, and I'm used to such things by now.

Chapter 6  
What Soldiers Want to Do with Grumblers  
[Excerpts]

In the midst of all these experiences, observations and facts, nearly every soldier's letter expresses the wish that the complainers and know-it-alls should see what they have seen! Everyone who has not yet understood the greatness of our age and the significance of this greatest of all battles should see it for himself for a week. Countless millions of our people do their duty and sacrifice in good spirits. They accept the inconveniences of the war cheerfully. But even the most willing occasionally tire of the necessary burdens of everyday life during war. These soldiers' letters are good medicine in such moments. The facts German soldiers report home prove that there is no comparison between the war-related inconveniences we endure and the terrible conditions of perpetual misery that prevail even during "peace" in the Soviet Union. All the soldiers at the front wish that every German who even for a moment loses his energy and enthusiasm would have the chance to gain a personal impression of a country that despite the greatest natural resources and despite 25 years of uninterrupted rule by a government has the worse conditions in the world, conditions that can only be compared with the very worst English colonies. Looking into this abyss will banish all discontent.

[Here are 2 of 5 excerpts]

***Every Critic of Our Efforts Should be Sent Here***

*Soldier Walter Sperath writes to the [NSDAP] county office Hamburg 6*

Everything I have seen of the so-called workers' paradise is everything but lovely. One should send every citizen who even slightly criticizes our efforts here. He would thank the Führer and the movement that these conditions are not found in our fatherland. Animals by us live in better conditions than the people here. Our successes so far have been great, and we will not stop until we have rooted out this evil root and branch, which will be a blessing for European culture and humanity.

***The People's Eyes are Being Opened***

*NCO Alfred Rothe, Military Post Number 27 643 to his Wife in Kostermannsfeld, Burgstr. 5:  
24.7.1941*

...even without the war, the people here were impoverished and exhausted. Only the bigwigs lived well in palaces. Now the people's eyes are being opened. Anyone in Germany who still does not believe in communism's terrible crimes should see for himself, and listen to the people. Happy Germany, as I always say.

Chapter 7  
Former Communists Talk  
[Excerpts]

Berlin was once a communist fortress, and there were also supposedly impregnable Red bastions in Hamburg, Saxony, the Ruhr, and Munich. There were some in the ranks of German communism who honestly believed in the blessings of Bolshevism. They were ready to serve as Moscow's Foreign Legion and deny their German fatherland to build a life of dignity and beauty for the working class of the whole world. Adolf Hitler's powerful idea has long driven criminal communist thinking from the minds of every normal person in Germany. Among the millions of German soldiers who are now fighting as loyal followers of the Führer in Russia, there are certainly some who can remember some of the promises made by the Bolshevik traitors to the working class.

These citizens are the ones most shocked by what they see in the Soviet Union. Many a letter writer to his wife, his local group leader, or his S.A. leader mentions that he was formerly a communist. I mention one who served 2 1/2 years in prison, but now volunteered for the army even though he has seven children. He wants to atone for his sins. Now he writes back home as one who is fully converted.

We have omitted the names of some writers, since we were not sure whether a brave soldier doing his duty would want thousands of strangers to read that he was once a communist. We have the originals. Anyone who doubts the genuineness of these letters can receive the names and address of the writers, if he has good reason.

The Führer spoke from the hearts of these soldiers when he said of the Soviet Union on 3 October 1941:

**“It is a country that our soldiers are coming to know after 25 years of Bolshevism. This I know: Anyone who went there with even the slightest sympathy for communism, even in the most idealistic sense, is cured. You can be sure of that.”**

### [3 of 9 Excerpts]

#### ***The Soviet Union is Absolutely Miserable***

Flyer W. M., Res.-Lazarett Salzlwedel to his Cell Leader Schroeder

I have seen the “wonderful workers’ paradise” in the Soviet Union with all its terrible misery, and wish that those who thought differently could spend a few weeks here to see and experience what we have. The misery and horror of Bolshevism is terrible.

I hope that volunteering for our proud army may atone for my earlier sins, and that when I am back home, you, dear party member, will accept me as an honest person. In that hope, I send you my warmest greetings.

Heil Hitler!  
signed W. M.

#### ***Earlier Fans of the Soviet Union are Quickly Cured***

*Corporal Otto Kien, Military Post Number 18, 756, to the Factory Leadership t the Conrad Scholtz Factory. Barmbeck  
Russia, 8 August 1941*

Anyone who earlier had different opinions of the Soviet Union is quickly cured of them here. The poverty is terrible. Not even the farmers have anything to eat. They beg from us. There are lice and filth everywhere. One has to be careful one doesn’t get them from the inhabitants. These people don’t know anything else. They sit in their huts and remove lice from each other. They don’t mind if anyone watches. I’ve had my fill of this workers’ paradise. We’ll be glad to be out of here. In the past we saw pictures of malnourished children. They were not exaggerated. One can’t believe it if one hasn’t been here.

#### ***Worse than we Imagined***

*Corporal J. F., Military Post Number 26,280 to his Local Group  
In the Field, 3.8.41*

What we have seen of the so-called Soviet paradise is worse than we ever imagined. Anyone back home who still has any doubts should come here. All his doubts will disappear. Everywhere we go, the people are happy to be freed from Bolshevism, and looks to the future with confidence. We soldiers can say to those back home that he [Hitler] saved Germany and all of Europe from the Red Army. The battle is hard, but we know what we are fighting for, and, confident of the Führer, we will win. In the hopes of a victorious return,

Heil Hitler  
Corporal J. F.

Chapter 8  
Germany: The Most Beautiful Homeland  
[Excerpts]

No one has greater right to evaluate a country than the soldier who is ready to give his life for it. We know that German soldiers would fight and die for Germany, even if it were the poorest and most wretched land on earth.

In the Communist-Bolshevist “paradise,” however, the German soldier learned what Germany really means. “An employed man in Germany lives better than a lord in comparison to a Bolshevik worker,” one letter said, and we know that many Communists who fled to the Soviet Union would prefer to spend a long time in a German prison than live in Bolshevik freedom.

The letters are all a proud and confident affirmation of the Greater German Fatherland.

***Germany the Most Beautiful Country in the Whole Wide World!***

*Corporal Karl Prox to County Propaganda Leader Friedrich, Groß-Strehlitz*

*In the East, 12.8.1941*

We have hard weeks behind us, and are proud of our success against the Soviet foe. We now have time to recover from our exertions.

I am proud to be a German, and to be a member of our wonderful army. Greet everyone back home. I am a long way away. Tell them that Germany is the most beautiful, cultivated country in the whole world. Everyone should be happy to be a German and serve a Führer like Adolf Hitler.

Chapter 9  
Thanks to the Führer

**[Excerpts]**

Some Germans on 22 June 1941 were not aware of the enormous danger threatening the Reich. Soldiers facing the enemy were the first to realize it. They are the best judges of the terrible misfortune that the Führer saved Germany and Europe from. Nearly every letter expresses deep thanks to the Führer.

***The Führer Saw the Danger in Time***

*Soldier P. Woock, Military Post Number 33, 817, to his comrades at home:*

Whatever it may cost, it is good that the Führer saw the danger in time. The battle had to come. Germany, what would have happened to you if this bestial stupid horde had poured into our homeland? We have all sworn allegiance to Adolf Hitler, and we must fulfill it for our own good, wherever we may be.

**[There are two other excerpts]**

**[The pamphlet ends with the following summary]**

These letters close with affirmations of loyalty to the Führer, and attacks on the murderous Jewish-Bolshevist swindle. We could give only a small selection of the thinking of German soldiers in this pamphlet, but these eyewitness accounts are so persuasive and frightening in their truthfulness that no one can ignore them.

**Mr. Churchill, these are your Bolshevik allies for which you ask English churches to pray, and for whom English workers should forge new weapons! This is the culture of those you are protecting, Mr. Roosevelt. You want to save the world from “Nazi barbarians” with their help. With their help you are supposedly fighting for freedom and justice for smaller countries. And that, Mr. Stalin, is the judgment of millions of men on your Bolshevik policies, men whom you hoped to recruit as cannon fodder for the Bolshevik world revolution.**

Things in the Soviet Union are far worse and terrifying than National Socialism ever claimed. The Soviet Jews hermetically sealed off their terrorized nation from the rest of the world. Even experts and enemies of Bolshevik doctrine could not form a true picture of the real events in the area ruled by Bolshevism. Even the fantasies of the most fanatic opponents of Bolshevism could not reach the true hopelessness of the situation, revealed here in letters from German citizens at the front.

German soldiers saw the Soviet Union! They will never forget what they have seen. Never again will anyone in Europe dare to apologize, much less defend, Bolshevism and the results of its rule.

There are few families in Germany today that do not have a relative, and therefore an eyewitness of Bolshevism. These letters already circulate within families and factories, villages, and party local groups. Now they reach millions who are working for victory, giving them a broader picture of the experiences and impressions of their brothers and sons.

No one will put this pamphlet down without being deeply moved. His thoughts will then turn to the Führer, the man who in the midst of Germany's deepest disgrace was the first to recognize and oppose the communist enemy. The few units of the SA and the SS that opposed the Bolshevik-Jewish enemy when Moscow's terror still prevailed in the streets of our great cities, when Red revolution threatened whole states and provinces of the Reich, and Moscow's Foreign Legion murdered German men on German soil, now have the whole German people with them. The enormous columns of German regiments and divisions are striking Bolshevism deep in Russia. At the right time and with careful forethought, the Führer, side by side with all the awakened European nations, gave the command to save the West. The decision was difficult, the scale of the struggle vast, and the results tremendous.

[The Scary Nazism in "Satanism" : JoyofSatan666](#)

**The Scary Nazism in "Satanism" :  
JoyofSatan666**

It's funny how a label changes everything.

I notice many called 'Satanists' do get afraid by things like Nazism, and without evidence or against evidence, they are very ready to attack the notions of Satanism. Little do they observe that they actually follow these and put these in their lives, the moment they come into an alliance with whom they call as the "Dark Lord". There is a lot of emo that goes there, and many of these people on purpose throw away the history and the NS history of Satanism, such as how the NS and the dark sinister Satanism were both perceived as the worse of the worst.

For example, Satanism is about being strong and self reliant. Defending your honor etc. These notions put under he label of National Socialism scare these otherwise wise and intellectual people.

Satanism follows nature. To not racemix is not really nothing but following natures dictation. Ideally one should seek the best for their offspring, same as all animals, and incessant race mixing through generations weakens people, lowers IQ and makes many other perils happen which should better

be avoided.

They say they are also against stupidity, which is a common Satanic law. I beg you pardon, so if beings are born with an IQ lower than a retard, is this good? This again explains the race mixing thing. We cannot be gambling with nature. Nothing that promotes retardation should be accepted. The same goes of all these useless, infested by Jews, practices of sacrifice etc.

As about one's living "lair" or space and how this is to not be intruded. Even if thought from an animalistic standby, it make sure perfect sense that people love their country, protect their natural territory en masse (country/continent) and maintain others who are of the same species as them. Most people in nowadays world don't even have a house or territory anymore. Unlike this system of rent, the NS wanted to give all families and people affordable housing.

Mind you there are also nut cases who are like accepting to jewsus, Mohamed, Jews, and they dare take the name of Satan in their so called religious title. They act as if all is fine just different beliefs. Maybe for THEM it is, but for the others? Meanwhile, these people whom they accept, would gladly have their gutters for supper, in more or less uncivilized ways. IQ level, dumb stone level.

Another thing is individuality, and somehow neglecting herd mentality. The majority of the people are no longer a herd at all. Most humans are egoistical fucks since the uprising of the civil society/town life. Everyone thinks they are a super drama hero, living their own life of Hollywood. Individualism is really not a revolutionary value at all, hasn't been for more than 300 years, it's more than obviously herd mentality. These so called individuals are also some of the most easily controlled and malleable creatures ever created, being the most submissive followers of government to ever exist,

National Socialism is not pro or against massive or individual, everything just goes where it's met. But I guess it's really bad about ones freedom and Satanic individuality to have exercise programs, healthy gender relations, education, focus on personal health etc. Today's individuality of "Satanism" cannot be like that of the NS of course. It has to be just emo, druggie, weed party, because these are highly individual as you can see, and not literally the cattle herd incarnate. Even though more people fry their brain with spaz anymore than those who don't. Yay for free-doom.

Then we have anti-Semitic ideology which is a problem. What is honestly the problem with "antisemitism" if you are a Satanist? This is the race that wrote the slander, defamations, lies about us, even Satanists in general. They are the race of jesuits and many others who would gladly fry us alive, irrespectively of if a few members of theirs of blood may have pretended to think other otherwise. Also, just WHY be a philosemite?

Should it be obligatory in the Satanism where supposedly one does love who they want and hate who they want? Obviously not. Unless it comes for kikes and somehow having to accept them at all costs. Why is that again. Because well kikes as the Torah says, are supposed to have all the goyim's doors open to enjoy as they see fit. Jews and their methods of animal sacrifice and other rabbinical defamations have made Satanism look evil, dark, stupid. They have wrote, aside with their followers who espoused their ideas, all the evil, emo, deathly crap about Satanism. What is there to love exactly, unless one is a similar morbid lowlife?

There is no reason to be philosemetic, but when one does the research there are many reasons to be antisemetic.

There is no reason why one should like or not even be non-spiritually aggressive against Jews. Especially when evidence has piled up so greatly it's not even a joke anymore about their racial lobbying and activities, that happen on the expense of all others. So to deny this... One transgresses therefore only to the realm of cowardice, stupidity, or of course being themselves a Jew.

Then we have self gratification. Where does National Socialism go against self gratification? The fact that it banishes Hollywood beliefs? National Socialism doesn't put restraints to sexuality or any other form of gratification. The frivolous gangbangs down to family joy and gratification were all available in NS Germany.

Another honorable thing in Satanism should be logic, common sense, and scientific inquiry. National Socialism never, ever, went against any of these, they also pushed science beyond the subhuman, cucked limitations. While respecting natural boundaries such as the atomic bomb. Much of the technology, inventions, and scientific foundations actually did come from the so called Nazis as well. They just applied the science that was known at the time to their movement. It was 1940's anyway.

Lastly and most importantly. Satanism is advancement. To advance, become, overcome and become better and stronger. This is infact the focus of National Socialism. It is what National Socialism is on a political level. A battle for a state as a mass entity, same as the people within it, to rise above limitations, above fate, and become their own "Gods" through the advancement of Science, arts, culture etc.

If you follow any of the above you are in essence already a National Socialist to an extent, and in mindset. The association and alliance with a Satan and the Gods, even indirectly, name these values as you want, but THESE are the values they have passed down their followers anyway, in all their multitude.

Lastly on an occult standpoint, the NS literally believed to whom to Xians and Jews, was Satan. This is evident in all of the enemy's writings. Satan was the giver of their spiritual agenda, let alone their occultism and all spiritual tenets were Pagan, Satanic, you name it: the return of what was abolished as Satanism by the abrahamic frontiers. One also cannot deny the art and how closely ritualistic it was, like the SS uniform, the rings, the daggers, and all these other cool stuffs some Satanists still decide to wear as part of the black metal scene. This type of fashion really began there long time. The skulls, deaths head, equal arms cross, etc etc, as alchemical allegories in dressing or art.

In closing verdict what is the problem and the unrelated nature of the two, nowhere. It's just personal bias on most people's plate, or Jewish blood in their chains, sorry I meant veins, or just the indoctrination of emo Satanism that they have underwent by Jews again.

It's just that Jews feel non comfy and their hardwired Torah cannot take it that they can no longer dictate lies and defame whom they hate the most. Ha-Satan, the Adversary in their own hebrew . It's a natural revenge over the non Jews speaking about their own faith once again, which the Jews have defamed under the category of Satanism since forever. So they seek to destroy them for monopoly. Same as they did to Pagans and others who well, we may call Satanists again today if we want a better title.

Greetings to all our Satanic People and Comrades.

A sister in the groups made a comment about how she explains things to people, but they cannot take it. The things might be simple, such as the problem-reaction-solution formula the jews are doing to remain in power. All those of you who read my posts, this is why they are so long. I thoroughly explain things to everyone, because I care about everyone.

In our lives we encounter a lot of people. A lot of people are naturally 'intelligent' but there are many types of intelligence. One example is these people who are university decorated, but cannot figure out for example that their own mother is depressed or something. Other people are very emotionally intelligent, but they cannot get it out. Others are so called 'average intelligence' people, that you would be surprised how many things they understand.

In life, the simpler the people, the more things people actually understand. This is because as their thinking is more simple, they can see things simply and they believe their own eyes. Of course this is not idea everytime, but on some matters, its heaven-sent and exactly what is necessary for the moment. A person who sees a woman that is raped and is a farmer, will far more easily do the right thing and try to help or call the police. A high-strung super 'intelligent' cuck, may run or something. A farmer understands easily about the mudslime crisis and the pisslamic terrorists, but other more 'studied' people will always fail to get it, unless of course, they are intelligent in more things than in academia.

I have also noticed that people who consider themselves 'intelligent', also do lie a lot. They are afraid basically to say the truth and they constantly run in circles to bend everything. This is largely what 'clever' people are supposed to do, and this is a jewish teaching. Eventually, they are found out for frauds, and they are rimmed and get what they deserve by others. Obviously, use common sense: what I say here does not apply when communicating with zombies and many others. Its just a general discussion. This is because many such people are weak, and the list goes on. No matter how 'intellectual' one is, a bully can punch them in the face, and that's all.

Take another example. If you try to 'explain' to a cucked feminist, however many 'degrees' they have, they will never understand fairly simple things that you do explain. This is because they are not really 'educated' in this sense, they just did spent more years reading heavenly theories and other things that are inapplicable with reality, generated mainly by jews exactly of that: to suck and be unreal. Education is necessary, but keep AWARE and don't let jews school you. The jews pass poison through education. You need to rule this out and not accept passively.

For a similar issue. You go to some village in Africa and you ask a person there who hardly knows to read, why for example Pisslamics are coming in Europe or other things. You will get straight, real replies. Money, rape, spreading Islamism and the list goes. Who would be more genius in this case. The brother in Africa or the cucked feminist?

The soap bubbles in the West are conditioned to not think in these terms, as this is 'evil', but unfortunately, most of the world does actually think in these terms. If people don't have this ability, or reject to even KNOW that such animalistic thinking exist, they will be victims of this. Their intelligence is in fact, a hindrance. They cannot see the world as it really is, or as others do in reality see it. This is a high disadvantage for "survival" in situations like this we are going through.

Spiritual Satanism is a club for elite people and souls with higher morale and higher understanding. Unlike cattle herd people, we actually crave to expose ourselves to that which is higher and better. We don't feel bad for it, and for those in the lower levels that may feel hate, we trans-mutate it to go forward in our own self. Satanism at this point is not for everyone because most people are actually too weak to handle the downward spiral of self esteem, an uncontrollable mind, etc, the enemy has imposed.

We understand nature. Nothing needs to be equal. What I mean from this post, is that if people were meditating and advancing, their intelligence would grow a lot, to the point most people would have healthy and sane reasoning in the very least. Basically, look at yourself and how much you have grown, and you will understand how much it can go. For those who don't become more clever, they would at least be and feel better - less crime, less psychological problems, less death and anguish. The universe wants to give pleasure to everyone for free. Its just people don't take this, thanks to jews.

You don't need to be a rocket science expert, just get it. Everyone shrinks compared to a God for example, in everything there is for us to 'compare' ourselves with them. Those who think themselves as their 'equals', just have no idea of what of beings we are talking about, and they need to look deeper.

Infrequently we see attention whoring and other people who are empty, and need a feeling by the time and attention of the Satanic community. It comes in many forms. These people have nothing to offer, and they think they are too important. Little do they see that they suffer from an energetic inflation: as someone who pathologically destroys their self esteem no matter if they are a great person or not, these people pathologically fill it up even if they are a whack person in reality. They suffer from the same disease, but it manifests differently. One is too slim, the other one is MacDonalds obese. That's all.

When you go outside and you see people fucked up in the head, just know, its just spiritual degradation. You can see this here in the group. We have people from all Races, cultures, backgrounds, but we can still conversate and everyone eventually gets one another. Everyone advances. Everyone is on the bright side if they just put themselves to it. We are a family of multitudes.

No xian or anyone else can state the same, in the least. These people while they have 'renounced' the values of the vultures, are the real faithless vultures they have 'renounced'. We are the 'beasts' with the 'bad morality' but we behave nothing closely like it. Guess what. Because we just follow nature dictate so nature rewards by healing us. These fools go against nature and nature curses them.

It may seem like a miracle to others how we can maintain a community with the ideas that we do, and the goals that we do, but well, it is miraculous, but the thing is, WHY? Because everyone of us maintains the SATYAN- Eternal True path, to enlightenment.

This opens up the mind. It makes one expand their horizons and be really able to ingrain things into their mind. One also learns the value of change, and stop associating themselves like a kid that has a complex that all the mistakes of the world are their own. People start to face reality in how they are inside, and this produces pleasure after the initial shock of a neglected self. Then the pleasure is immense and power starts to grow bigger everyday. So long everyone advances, everyone is happy, this is what many people don't know.

Now lastly, the jews are intelligent, YES, but many people forget WHY they are intelligent. Many of you go around the street, and because you are spiritually awake, you will notice strange things such as jews looking at you, being afraid of you, sneering at you, whatever. You wake to another world. In fact, most jews are aware to this level themselves. They are walking this world around as awakened towards the asleep.

They are in fact worried to see YOU there, on 'THEIR' level. "What do we have here, a Goyim that is awakening?". Do not worry guys, this is not terminator, and 99% percent of jews don't understand 'what' you are specifically, so DO NOT grow paranoid. All they feel is a natural instinct to coerce you, or run away from you, without knowing the details. However, unlike Gentiles, they are NOT oblivious on an instinctive level.

The Rabbis are doing racial magick to keep the jews awake on a racial level, and controlled by the Torah unconsciously. It doesn't matter what the average jew does, the Rabbis have the controller. They can play whatever, that they are opposed to them, xians, or even interested to be "Satanists" or some other joke. The reality is on the blood. Something which the enemy knows.

These jews are on a higher level than others, and they from this level cast down to the lower levels fog, mist, and dust in the eyes of people. This is why you can see after a point of advancement, that most things mean to confuse, coerce, make-believe and do other shit to people, are made by a jew, or a jew is always an associate. This is not you a jew being an antisemite, this is you becoming aware.

The jews are an alien soul.

When people get this, that these beings are aliens acting as overlords here, and that they do not belong to the earth naturally, they will figure out why they do all this. In fact even someone simply reading the Torah will just understand their mentality, as they were dumb enough to keep it in paper.

Satan is only fought against by the jews because he is the Truth and teacher of Meditation. So long people get stuck in the 3rd dimension, those like jews who hover just a bit above, can always lie to them and deceive them. Satan abolishes this ability from these beings to lie to everyone.

They have numerous prayers they channel to their people every day. Jews are a cursed race, they are not gifted. Most races in humanity have decent health for example. Jews don't. But they have the stolen culture and they use it for themselves. This is why they find these 'chances', always make 'profits' and other things. Of course, we have Gentiles that are PROGRAMMED to be stupid and victims. This plus magick, makes a dangerous combination. However, there is nothing 'unable' to be defeated behind this.

The jews do some daily prayers like the Shema prayer, and other prayers, who just have an effect of a normal meditation session. The jews don't really meditate, they just channel the siphoned energy by xianity and Pisslam. So long they lose followers, their power will decrease. They are dependent on blood intake. In fact, everyone with spiritual knowledge can become aware, except of flat out, clinical retards.

The spiritual damnation and darkness, manifests in ignorance in the physical and in all other realms, a desire to waste one's life and one's existence, and a lack of understanding, compassion, and also fighting spirit all together.

Lastly, this is just for general knowledge. This is not to make you think that a race mixing, leftist scumbag, drug user, will magickally be saved at some point, and you need to play the savior. Many people are beyond any 'saving' and also, you need to save yourself and keep yourselves safe as

Satanists above all. Secrecy is the most important thing in the world we are living in. Our RTR's will bring the world into a different footing, where in the light of the Age of Aquarius, we will have far better of a scene to project our message.

@edwardtgao8 - Sorry. I couldn't read it all. Too painful.

So true! I grew up touring through and living amongst these people. So very sad the total (((xxx))) [can't find a description awful enough and yet accurate]. I've talked to these survivors [I'm of the older generation]. Seen the numbers tattooed on the inside of Jewish former captives, talked to these captives and learned the truth as is in JoS. One freed captive said she was ashamed of her joo race. The destruction, hopelessness of the survivors... Unparalleled in today's society. Youths today say things are so bad. Yet they have always lived in this world of which they complain. Survivors of the Bolshevism age had begun their lives in Paradise. Land of milk and honey paradise! Then watched it decay at the hand of greedy filth.

One lady told me of her home. The magnificence of it. Then she showed me a hand woven tapestry. The only thing she could hide away from her former life. The tears in her eyes, on her cheeks told a very real story. [She gave me this tapestry. I kept it a secret for many years.] The next day she was taken prisoner. Never heard from again. They even erased her very existence! I did hear that she was active in a resistance and that's why she was killed. Not because of talking with me. For decades I carried that burden, not really sure. Recently during a meditation session, my mind was put to rest about this brave woman and many others I became acquainted with.

Survivor after survivor said basically the same thing.... When Hitler failed, so did their hopes.

They were proud of his accomplishments: synthetic fabric [rayon and polyester], economical air cooled gas engine vehicles [the VW], the propulsion system still used in modern interstellar rockets, freeze dried food, and the list goes on.

But freedom and the former good life was forbidden conversations. Talking about the vulgar things that were done was also forbidden. The Truth, as taught to the real SS army, survived in part underground. Revived when the Berlin Wall came down. Only to be crushed again by the \*new\* politics. Really Bolshevism with a new name.

Now, a new age dawns. Better. Stronger. More strategic. Spiritually educated. Dedicated Satanists!

Do you REALIZE the privilege it is to KNOW Satan!?! To have access to His knowledge? The privilege we have been given to bring FOREVER FREEDOM to this world!?!

Yes. I think you do. At least you should.

Never stop advancing in your spiritual growth! Never stop fighting! Reverse Torah Rituals only came out a few years ago. We have access to powerful weapons never before seen on earth! IF you choose to use them. IF you can be bothered to say them.

The life you save will be your own!

More RTRs!!!

# German Soldiers in the Soviet Union

## Letters from the East

---

The book begins with the following quotation from Goebbels:

“Lying enemy propaganda never tires of accusing us of giving the German people a false or incomplete picture of the battles in the East. They are best refuted by letters from our soldiers.”

## Chapter 1

### German Soldiers as Witnesses against Bolshevism

[\[Full Chapter\]](#)

The homeland hears about events at the front in an unbelievably short time. German radio often brings reports in the evening of deeds of arms that occurred only a few hours earlier, and the German newsreel includes pictures brought by air directly from the battlefields. The German people have almost direct contact with the accomplishments of their soldiers through the words, pictures, and reporting of modern news media. Past generations could not feel so closely bound to their family members.

Still, the best and most personal source of news in war is and remains the letter. That which the husband or son, the brother, or the bridegroom puts on paper during a brief rest is not only longed for and treasured news from a beloved and irreplaceable person, but also a testimony and a report from one heart to another, one that speaks the right language. During World War I, the letters from the soldiers in field gray recorded the experiences and the integrity of determined fighters who were willing to give their all. During this war, too, millions of German soldiers have reported their powerful experiences. Every family carefully preserves these letters. In party local groups, within National Socialist organizations and in factories, these letters from comrades are passed from hand to hand as eyewitness reports of upright German men.

This pamphlet is a random sample of such letters. They were sent to us by citizens of every class and region. Many of them included this note: “As I read this letter, I thought that others had to read it, too.”

Yes, that is true! There are millions of German citizens who do not have that direct contact with the front. They need to read these letters. They all deal with a theme that is particularly relevant today for the entire German people: What does the Soviet Union really look like?

Sometimes people think the Führer's propagandists exaggerate, though actual events have proven that what they say is less than the full truth. One thinks of the role of the Jews in unleashing this war or the horrors Poland committed against ethnic Germans. Some citizens who complained then about exaggerated reports of persecution and suffering today complain about 60,000 graves, victims of Polish murderers!

But the most convincing proof of the difference between what was said and reality is clear from the revelations about Bolshevism. This unmasking is particularly important, because millions of German citizens put their faith in the lying words of Jewish-communists. They were told that within the borders of the Soviet Union there was "the workers' paradise, the true home of the workers of the world." When National Socialist newspapers and books spoke of the social betrayal in the Soviet Union, or of the horrible mass murders, the misery of children, the hopeless poverty of the entire population, some doubted these well-founded and carefully considered statements.

Now there are millions of reliable witnesses in the middle of this "worker's paradise." They cannot be doubted. They are not traveling along carefully prepared streets, nor can Intourist guide them through a carefully selected factory. They must march meter by meter through the country. They fight for each village and each city, they see face-to-face the people who were for nearly 25 years the objects of Bolshevik domination.

Now these German soldiers write to their dear ones at home. They write what they have experienced an hour before. The letters are not always literary masterpieces. But they are as genuine as the men who wrote them.

Some soldiers do not conceal the fact that they were not always National Socialists. There are even letter writers who faced legal penalties for their support for communism in the past. Nearly all of them remember the communist phrases and doctrines of the System Era **[before 1933]**. They did not march into the Soviet Union expecting to find everything bad, but rather they were eager to see how things really were in the land of Lenin and Stalin. They reported what they saw, often in hastily written letters.

These letters are lined up here like a company on the front. They are not on parade, but rather ready for battle. Some soldiers and some letters are large or small, broad or narrow, intelligent or less so, sparse or enthusiastic. We see in the newsreels the faces of marching soldiers who greet us, sometimes tired and exhausted, always however with a clear, confident look and in the firm conviction that they are in the service of a good cause. These letters are the same.

They are only a small part of the enormous material available. There will certainly be some citizens who say: "We have received better and more interesting letters. That is fine. We can agree. We have chosen only letters that were clearly written with no expectation of later publication, letters that give an idea of what has impressed our soldiers.

Those Germans who read these letters, and those who wrote them, ask the question: "What would have happened to our women, mothers and children if the Bolshevik tanks and murderers had overrun our homeland?"

Surely many more reports of the Führer's great campaigns will reach the public. Even now the whole nation is waiting for the hour when the secrets can be revealed and the deeds of those made clear who today are unknown heroes.

None of those later reports will surpass the immediacy of these simple soldiers' letters, which are being published even as the fighting army is in the midst of bloody battles on the wide plains of the East. Perhaps some of the letter writers will read this small book in the hospital. Perhaps one or two say their last words in these letters.

That is why these letters move us so deeply. They demonstrate that this decisive battle did not come from the lust for power or conquest, from political vanity or excessive fanaticism. That is what our enemies say. But these letters show that the culture of Germany and of Europe hang on this battle. It will decide whether subhuman Bolshevism destroys all that which is noble and holy to Germans, or whether the German soldier and his brave allies will build the foundation of a new era of peace and freedom.

The soldiers whose letters here reach the public believe, along with all their comrades, in the necessity of the struggle and in the certainty of victory. Who can be less confident than these men who not only stared the world enemy Bolshevism in the eye, but also defeated it wherever they encountered it!

These letters touch on every aspect of life. Everything that concerns soldiers has been set on paper. Naturally the purely personal and family matters have been edited out, as have military details that could be of use to the enemy. We were able to select only the most interesting sections of letters. In each case, the name of the sender and his military address is given, often also the address of the receiver. That should bring pleasure to the writer who sees his words in print. It should also make it impossible for doubters to question the genuineness of the letters.

Chapter 2  
The Worker's Paradise  
[Excerpts]

The most frequent theme in the letters is a discussion of the "Soviet Paradise." Communist agitators spread this idea for years to the masses of Europe. Moscow claimed it was "a hell for exploiters and a paradise for workers." The words of German soldiers are a blow to the face of the Bolshevik world deceivers.

***Worse than Hell***

*Lieutenant Otto Deissenroth, Military Post Number 12 827D writes to local group leader Kemmel in Altenau (Mainfranken)*

In the East, 30.7.1941

[cleansed from xian filth]

Dear Comrade Karl !

I write this letter from the desolation of a Ukrainian forest village, 40 kilometers from Kiev, which we hope to capture in a few days. The fruitful land of the Ukraine is all around us, but 20 years of Bolshevik mismanagement have brought it to ruin. The poverty, misery, and filth we have seen and experienced in the past weeks is indescribable. You back home cannot imagine the terrible results of Bolshevism in this fruitful land. Everything that we formerly read in newspapers and books pales in the face of terrible reality. Our eyes look in vain for some sign of construction, for a trace of progress, for a bit of culture. We yearn for the sight of a clean house, an orderly street, a few tended gardens, a few trees! Wherever we look there is filth, decay, desolation, misery, death, and suffering! Everywhere we see the ghost of Bolshevism in the tortured look of farmers, the blank stares of captives, the hundreds of murdered people, the farm houses, desolate buildings, and ruined houses. I sometimes think it is all the work of the devil. The land was rich when it was inhabited by German, Ukrainian, Czech, and Polish farmers. Then Bolshevism came, and with it enormous misery. Everything that was prosperous or cultured was killed or burned. I spoke with dozens of people whose family members, fathers, husbands, brothers and sons perished somewhere in Murmansk, Siberia or the icy north. Thousands died during the great famine,

particularly in 1932-1933. Thousands more ended up in prisons and jails. The misery of those freed from Bolshevism is indescribable. Any free expression was prohibited, any movement banned. Everything in nature that was beautiful, good, and free was destroyed. They took the blessing from the land and the soul from the people. They reduced them to the level of animals, impotent, miserable enslaved animals with no hope of life who did not know if they would be alive tomorrow, who lived from hand to mouth, and were happy only when someone killed them. Hell can be no worse than this "Soviet paradise." There is no hope of salvation. What Bolshevism has done to humanity is a crime one cannot begin to understand. Every German who formerly thought Bolshevism was a worthy idea and who threatened we National Socialists with death and bloodshed only because we didn't believe in this nonsense should be ashamed! We were right! We are all shaken and moved as we face this misery, this suffering, this hopeless Bolshevik life. They stole everything from these people except the very air they breathed. The land they inherited from their fathers became a collective, the property of the state, and they became slaves worse than those of the darkest Middle Ages in Germany. They had a tiny plot of land of their own, and even that was heavily taxed. They had to report to the collective's commissars each morning, work the whole day, even Sunday, with no free time. They belonged to the state. They were supposedly paid, but rarely saw the money. They got 33 kopeks a day, about a third of a mark. They owned no plow, no spade, no wagon, no yoke. Everything supposedly belonged to everyone, everything belonged to the state. The Jews and party bigwigs lived in prosperity, the farmers had only hunger, misery, work, and death. No one felt himself responsible for the soil, no one felt the love we Germans have for our homeland, for soil that is ours. The knowledge of blood and soil had died out. I spoke with 30-year-olds who did not understand the concept of property. They had been educated in Soviet schools. That explains why they had no sense of culture, no need for it. Their homes are empty, cold and desolate, much poorer than in Poland. No pictures, no flowers break the desolation. The art of cooking also disappeared, given the food shortages. The daily diet consists of milk and bread, along with a bit of honey and a few potatoes. When one sees this dismal poverty, one is reminded that these Bolshevik animals wanted to bring culture to us industrious, clean and creative Germans. How justified is the Führer's claim to European leadership! The poorest German village is a pearl in comparison to these ruined Russian villages. Sometimes as I face the thousands of murdered people that we found in the cities and villages, and in the numerous occasions where we found women and children wailing over the corpses of their family members, or when they asked us to free their men who had been hauled off just before we arrived, I see the Führer before me. He saved an enslaved and raped humanity, giving it once more divine freedom and the blessing of a worthy existence. The last and deepest reason for this war is to restore the natural order. It is a battle against slavery, against Bolshevik insanity. I am proud, deeply proud, that I may fight against this Bolshevik monster, fighting once again the enemy I fought to destroy during the hard years of struggle in Germany. I am proud of the wounds I suffered during the election battles in Germany, and I am proud of my new wounds, and of the medal that I now wear. It is as if the people here are awakening from a deep sleep. They cannot yet believe in their new freedom; they do not know where to begin. They sit down and wait for orders. Now they have them: "Go back to work, harvest the fields, now you have your own home." That is what all the posters say, and one sees the masses at work in the fields. Man and nature are free again, eternal order has been restored."

Chapter 3  
Houses and Roads  
[Excerpts]

The housing question was a favorite theme of Bolshevik agitation in Europe. They made vehement attacks on workers' housing. Regardless of economic conditions, they demanded a room for every German. So-called communist artists portrayed the misery and ill-health of overpopulated workers' districts.

The Soviet Union had 25 years to realize this point in their program. They had the raw materials and workers, as their armaments program demonstrated. Nothing stood in the way of establishing “paradise” in their corner of the world. But with the exception of the Jews and party bigwigs, the soldiers write that everyone in the Soviet Union lives “worse than the animals” do by us.

**[There are seven excerpts from letters. Here are two of them]**

### ***Unimaginable Misery***

*Staff Sergeant Kurt Hummel, Military Post Number L 31 605 Lg Pa. Paris, to his local group  
Northern Russia, 12 August 1941*

Bolshevist conditions are indescribable. I had never imagined that such misery was possible. People here know nothing about electric lights, radio, newspapers, and the like. One can't call what they live in houses. There are only shanties with rotten straw roofs. Huge neglected fields lay around. We haven't yet found even a small shop. This is what people call the Soviet paradise. I wish the few outsiders who still remain in Germany could be shipped here. There is misery wherever one looks. One has to see it to realize how beautiful Germany is.

### ***The Main Roads are like Paths***

*Soldier Heinrich Stähr tells his work mates at the Hamburg Hochbahn A. G. about conditions frequently mentioned in other letters as well:*

The roads. We in the infantry are probably the best judge of good and bad roads, since we have to march for kilometer after kilometer on them. Here too the Soviets haven't lifted a finger. The main roads are no better than field paths. Believe me, my dear comrades, the soldiers have had many a justifiable curse after marching 40 or 50 kilometers on such a road. Besides, it is 30-35 degrees C. in the shade, and huge clouds of dust make it almost impossible to breathe. Swamps, forests, and bad roads make military action unpleasant, but we keep moving forward.

## **Chapter 4 Rule by Bigwigs and Jews**

**[Excerpts]**

The Soviet Union was in fact a paradise for one group: the Jews. Even at times when for foreign policy reasons Jews were less evident in the government or when they ruled through straw men, the Jews were always visible in the middle and lower levels of the administration. During the whole period of the red dictatorship, they were the beneficiaries. This was clearest in the small nations that the Soviet Union was using to prepare for its attack on the Greater German Reich after the outbreak of Churchill's war, above all in the Baltic states.

Aside from their unlimited desire for money, their dirty behavior and their perverse thirst for revenge, our soldiers above all encountered Jews as the sadistic organizers of mass murders and atrocities. Many details have to be eliminated, since they cannot be printed in Germany. But this will be an idea of what was the routine day, and even more at night, in the dungeons of the Jewish GPU commissars.

**[Here are two of the four letter excerpts]**

### ***The Jew was a Bloodsucker***

*Medical corporal Paul Lenz, Military Post Number 7 14 628 Posen, to the local group of the NSDAP, Arneburg:*

Only a Jew can be a Bolshevik; for these bloodsuckers there is nothing better to be, for there is then nothing to stop them. Wherever one spits there is a Jew, whether in a city or a village. As far as I know (we asked the people, wanting to know the truth) not a single

Jew every worked in the workers' paradise. Even the littlest bloodsucker had a post with big privileges. He lived in the best buildings, if one can call them buildings. The real workers lived in small buildings, or better, in animal stalls, just like day laborers in old Russia. It makes no difference whether one is in a village or in a city like Minsk with over 300,000 inhabitants, the stalls are everywhere. Even before the war, most workers knew nothing but hunger, misery, and slavery. Some may be interested to know that there were theaters, operas, etc., even big buildings for them, but only those with money got in, and they were the bloodsuckers and their lackeys.

### ***Only the Jew Lived Well***

*Soldier Reinold Mahnke, Military Post Number 02 179 to Supervisor Borrmann at the Otto Kloss Company in Hamburg:  
Dünaberg, 8 Aug. 1941*

Dear Hermann, You have to have seen what people called the Bolshevik Paradise! It is poor, Hermann, incredibly poor. Only Jews and functionaries lived well. The people didn't earn enough to buy a pair of socks or anything like that. They earned 1 ruble a day, about 10 German pfennig, and that for a full day's work. Only the Jews lived well. Each city is about 40% Jewish. The Jews and Bolsheviks hauled every Latvian who was still around out of his house before the Germans arrived. They stole the valuables, doused the houses with gasoline, and set them on fire. The Latvians who did not want to go with the Bolsheviks had their hands and feet cut off, their tongue slit, and then were left behind. They nailed men and even children to the walls.

These are things we have seen.

If these criminals had reached our country, they would have torn us apart. That is clear. But the Latvians did take their revenge. The comrades from the Kloss factory should come here and see what 25 years of communism have done. There is only poverty, misery, and more misery. Old sod huts, a cow and a pig, that is all they have. In Germany people talked about how good the workers here had it.

## **Chapter 5 Bolshevist Atrocities**

[Excerpts]

Germans in general, and German soldiers in particular, do not take revenge on defenseless opponents, or even torture them. The opposite is the case. The danger is that German generosity will too quickly lead us to forget our victorious position, and presume our own decent attitudes and behavior on the part of the enemy, whether soldier or civilian.

That is why news of atrocities that our enemies commit against Germans or the civilians under their rule are often greeted with a certain skepticism. One doesn't not believe others can do what one is oneself incapable of doing. We remember that reports of the bestial brutalities committed by Poles against ethnic Germans, especially in Bromberg, were thought to be exaggerated. Meanwhile, the German people have learned the truth.

But every bloody and sadistic butchery in human history is thrown into the shadows by that which German soldiers have already seen with their own eyes in the Soviet Union. As they themselves write, they will never forget it until they die!

We must not forget that these atrocities are incompetent work in the eyes of leading Bolsheviks. Soldiers and commissars lacked the time during their retreats to use the bestial methods of GPU murder to torture their victims to the last. When those in the Kremlin read the atrocity reports in this booklet, they will be pleased that only a small part of their terrible crimes have become known to the civilized world.

Still, the dim rays of light that have reached Bolshevism's torture chambers have revealed such frightening pictures that we are deeply shaken as we read these reports.

**[Here are 4 of 9 accounts]**

### **Children Slaughtered**

*Soldier Fred Fallnbigl to his Parents in Salzburg, 17.7.41*

I wrote in my last two letters about Russian atrocities, and could fill volumes more.

But a bit more from the Soviet Paradise. I'll especially tell you about things that happened in Lemberg-Tarnopol and Tromborla. Tromborla is due south of Tarnopol. I saw the prisons in Lemberg, and saw things that struck me deeply. There were men with their ears and noses cut off, etc. They had nailed children alive by their hands and feet to the wall, butchering them. The blood was ankle deep. It didn't make any difference if they were alive or dead. They doused the piles of bodies with gasoline and set them on fire. The stench was terrible. I saw similar things in Tarnopol and Tromborla. In T. seven Ukrainians were hauled out of their beds after the Germans had arrived. The next morning their bodies were found in the woods, beaten until they were unrecognizable. I have seen all of this myself, they are not matters I heard about. Feel free to tell them to others, particularly those who may still think well of the Soviet Union.

I always think how fortunate we are that this scourge of humanity never made it to our country. I don't think that even years of preparation would make Germans capable of such atrocities.

### **Corpses Defiled**

*Sergeant Paul Rubelt, Military Post Number 34 539 F, to Miss Grete Egger, Lebring 71, Steiermark:  
6.7.1941*

I was in Lemberg yesterday and saw a bloodbath. It was terrible. Many had their skin stripped off, men were castrated, their eyes poked out, arms or legs chopped off. Some were nailed to the wall, 30-40 were sealed into a small room and suffocated. About 650 people in this area must have died in such ways. The stench can be endured only if one smokes a cigarette and keeps a handkerchief over one's nose. The Jews did most of it. Now they have to dig the graves. The culprits will be shot. Many already died because of the stench. In this city they even opened graves and defiled the corpses. It is terrible. One can hardly believe that such people exist.

### **Orphans Nailed to the Wall and Slaughtered**

*NCO K. Suffner, Military Post Number 08 070 to his work mates*

There was a gray cloud over Lemberg as we arrived. The stench was scarcely tolerable. The Russians had been thrown out of the city after a hard battle. Two hours later I found the source of the stench. The Bolsheviks and Jews bestially murdered 12,000 Germans and Ukrainians. I saw pregnant women hanging by their feet in the GPU's prison. They had slit the noses, ears, eyes, fingers, hands and arms and legs of other women. Some even had their hearts cut out. 300 orphans between the ages of 2 and 17 had been nailed to the wall and butchered. After they were done with the torture, they threw the people, most of whom were still alive, into a 3 meter deep pile in the basement, doused them with gasoline, and lit them on fire. It was terrible! We could not believe that such suffering had reached us. The complainers and know-it-alls that we still have in the Reich should see this. Then they would know what pure Bolshevism looks like. They would fall to their knees and thank the Führer for saving Germany from such things. I and many other German soldiers have seen this. We all thank the Führer that he let us see the Bolshevik "paradise." We swear to extirpate this plague root and branch.

Since I have some time today, I thought it my duty to write this so that my work mates at home can read it. We soldiers at the front have seen this with our own eyes. We will be able to tell a lot more later.

We are fighting until final victory.

### ***Terrible Mutilations***

*Lieutenant Lorenz Wächter to a Political Leader in Neunkirchen:*  
20.8.1941

...I really can't describe what we saw in Lemberg. It is much, much worse than the German newspapers were able to describe. One has to have seen it. Even the stench of corpses, noticeable a long way outside the prison walls, was enough to make one ill. And the scene itself. Hundreds of murdered men, women, and children, hideously mutilated. Men had their eyes poked out, a pastor with his belly slit open and the body of a slaughtered baby stuffed in. I could tell you worse stories, but even these upset me, and I'm used to such things by now.

Chapter 6  
What Soldiers Want to Do with Grumblers  
[Excerpts]

In the midst of all these experiences, observations and facts, nearly every soldier's letter expresses the wish that the complainers and know-it-alls should see what they have seen! Everyone who has not yet understood the greatness of our age and the significance of this greatest of all battles should see it for himself for a week. Countless millions of our people do their duty and sacrifice in good spirits. They accept the inconveniences of the war cheerfully. But even the most willing occasionally tire of the necessary burdens of everyday life during war. These soldiers' letters are good medicine in such moments. The facts German soldiers report home prove that there is no comparison between the war-related inconveniences we endure and the terrible conditions of perpetual misery that prevail even during "peace" in the Soviet Union. All the soldiers at the front wish that every German who even for a moment loses his energy and enthusiasm would have the chance to gain a personal impression of a country that despite the greatest natural resources and despite 25 years of uninterrupted rule by a government has the worse conditions in the world, conditions that can only be compared with the very worst English colonies. Looking into this abyss will banish all discontent.

[\[Here are 2 of 5 excerpts\]](#)

### ***Every Critic of Our Efforts Should be Sent Here***

*Soldier Walter Sperath writes to the [NSDAP] county office Hamburg 6*

Everything I have seen of the so-called workers' paradise is everything but lovely. One should send every citizen who even slightly criticizes our efforts here. He would thank the Führer and the movement that these conditions are not found in our fatherland. Animals by us live in better conditions than the people here. Our successes so far have been great, and we will not stop until we have rooted out this evil root and branch, which will be a blessing for European culture and humanity.

### ***The People's Eyes are Being Opened***

*NCO Alfred Rothe, Military Post Number 27 643 to his Wife in Kostermannsfeld, Burgstr. 5:*  
24.7.1941

....even without the war, the people here were impoverished and exhausted. Only the bigwigs lived well in palaces. Now the people's eyes are being opened. Anyone in Germany who still does not believe in communism's terrible crimes should see for himself, and listen to the people. Happy Germany, as I always say.

Chapter 7  
Former Communists Talk  
[Excerpts]

Berlin was once a communist fortress, and there were also supposedly impregnable Red bastions in Hamburg, Saxony, the Ruhr, and Munich. There were some in the ranks of German communism who honestly believed in the blessings of Bolshevism. They were ready to serve as Moscow's Foreign Legion and deny their German fatherland to build a life of dignity and beauty for the working class of the whole world.

Adolf Hitler's powerful idea has long driven criminal communist thinking from the minds of every normal person in Germany. Among the millions of German soldiers who are now fighting as loyal followers of the Führer in Russia, there are certainly some who can remember some of the promises made by the Bolshevik traitors to the working class.

These citizens are the ones most shocked by what they see in the Soviet Union. Many a letter writer to his wife, his local group leader, or his S.A. leader mentions that he was formerly a communist. I mention one who served 2 1/2 years in prison, but now volunteered for the army even though he has seven children. He wants to atone for his sins. Now he writes back home as one who is fully converted.

We have omitted the names of some writers, since we were not sure whether a brave soldier doing his duty would want thousands of strangers to read that he was once a communist. We have the originals. Anyone who doubts the genuineness of these letters can receive the names and address of the writers, if he has good reason.

The Führer spoke from the hearts of these soldiers when he said of the Soviet Union on 3 October 1941:

**“It is a country that our soldiers are coming to know after 25 years of Bolshevism. This I know: Anyone who went there with even the slightest sympathy for communism, even in the most idealistic sense, is cured. You can be sure of that.”**

**[3 of 9 Excerpts]**

### ***The Soviet Union is Absolutely Miserable***

Flyer W. M., Res.-Lazarett Salzlwedel to his Cell Leader Schroeder

I have seen the “wonderful workers’ paradise” in the Soviet Union with all its terrible misery, and wish that those who thought differently could spend a few weeks here to see and experience what we have. The misery and horror of Bolshevism is terrible.

I hope that volunteering for our proud army may atone for my earlier sins, and that when I am back home, you, dear party member, will accept me as an honest person. In that hope, I send you my warmest greetings.

Heil Hitler!  
signed W. M.

### ***Earlier Fans of the Soviet Union are Quickly Cured***

*Corporal Otto Kien, Military Post Number 18, 756, to the Factory Leadership t the Conrad Scholtz Factory. Barmbeck  
Russia, 8 August 1941*

Anyone who earlier had different opinions of the Soviet Union is quickly cured of them here. The poverty is terrible. Not even the farmers have anything to eat. They beg from us. There are lice and filth everywhere. One has to be careful one doesn't get them from the inhabitants.

These people don't know anything else. They sit in their huts and remove lice from each other. They don't mind if anyone watches. I've had my fill of this workers' paradise. We'll be glad to be out of here. In the past we saw pictures of malnourished children. They were not exaggerated. One can't believe it if one hasn't been here.

Subject: Cursing Back The Enemy - Important

Greetings to all our People and Satanic Comrades.

I will try to keep this very brief. As our people grow and our side grows in power, the enemy and their lackeys will not just sit down and watch. They will curse, and curse relentlessly to get anyone down. The enemy knows, and many of the people of Satan are Souls with whom the enemy has had problems for a long time.

They hate you because well, you know them. We are not living in a free world. The enemy, who has occult monopoly, flies curses everyday, to destroy and subvert people and maintain strict control over the globe. People who are 'without' can instantly die from such curses, or even worse. Satanists are entitled and very lucky.

The enemy thinks people are cattle, worthless, etc. This is part of their brainwashing. They know it really well that Gentiles, especially those with occult power, are the only people who can challenge their alien authority. In fact, the enemy stole the means that the Satanic Souls of the past have produced, and they are now trying to rally this planet into slavery. This is not a joke. The enemy knows this. Everyone needs to comprehend this fully.

The more you grow spiritually, the more your power will expand, but at the same time, these beings will not be satisfied with this, anymore than a lunatic is not satisfied their time is closing over. The jews and the enemy hive are used to playing with the 'goyim' as if someone plays with pigs on a farm.

The enemy is well aware of what spirituality does, and as you all have seen, the RTR's have cause global changes. There are many freedom fighters on the line, and like the enemy keeps the back of their rotten, so will we keep the back of those who fight for something better for this world. From a person doing their first steps to wake up, down to people in high government that are trying to fight the jews and their alien agenda- its up to us to back them up spiritually.

Think of that: they have NOBODY else. Literally, nobody. All other spiritual circles, plus the hostile enemy and aliens, are against them. This is not an easy fight for them either.

This will only escalate. Nobody must quit. Even if it gets hard, nothing will outweigh the satisfaction of knowing that you have destroyed them, and that you have worked for something great. Satan has made handpicks of His people for a reasoning known to Him. There will be storms, but this should only motivate and reassure people that impact is being made, big time.

Our people have to learn peace, but also to fight. Fighting is necessary, and fighting is what preserves life, especially at a situation such as this. This fake "Peace" is only for the slaves of the enemy who have been flattened and are basically, spiritually dead. Nobody is beating on a dead horse. For the rest who are advancing, there will be some flack, but the benefits far outweigh the problems by infinite times.

Expect of the RTR's (This **Schedule Reminder** here is the most damaging and we will change it when it has served its purpose: [topic18484.html](http://topic18484.html))

+egon\_88\_666 Okay, I just thought I could remember him describing himself that way at one time. He has said he's not an ethno nationalist though in other videos. But in any case, it is somewhat refreshing to see someone with occult knowledge, delving into the issues the world faces at such a deep level. So he is a good youtuber still, no doubt.

I feel the same way about Sargon of Akkad, but now that I think about it, it probably does serve us that there is now a rift among the libtards, with your SJWs fighting your Sargon and Amazing Atheist types. Basically "muh feels" vs "muh freedoms". The more divided the enemy is the better.

At the very least, because of the Xian patriot types and the Sargon types, coupled with the apolitical mindless masses of people, a bolshevik style revolution would be very hard for the Jews to pull off in the US at this point because it would encounter far more opposition than from just us National Socialists and with Trump as president there is unlikely to be any new attacks on free speech in the US for the foreseeable future. So the present circumstances at the most buy us time as I see it.

The amount of public distrust for the mainstream Jew controlled media is the highest it's ever been. That is our RTRs at work no doubt. Some of them literally say word for word, the Jews would lose control of the flow of information and that is exactly what is starting to happen.

This youtube channel here: [https://www.youtube.com/channel/UCIauBb6cmot\\_0cYIYeEb8Mw/featured](https://www.youtube.com/channel/UCIauBb6cmot_0cYIYeEb8Mw/featured), has a lot of videos concerning spirituality somehow. The videos are very long (40 minutes to 2 hours). There are music for: stress relieving, chakra meditation, chakra balancing, deep sleep, chakra healing, relaxation, etc...

I think this channel can help everybody in constructing a strong aura of protection as seen in "Returning Curses part 2". But I have two questions:

- 1) Do you think these musics are helpfull?
  - 2) Can these musics damage the communications between you and astral entities
- while doing RTR's and other meditations?

Subject: Drugs An Answer

Drugs An Answer

This is an answer on this subject I gave to a member in the groups.

Swami Satyananda Saraswati mentioned in his book on the subject there is a method of using different plant compounds to help open the soul, Aushadi.

However the problem is the use of herbs he mentions Soma, Soma is not a plant herb or juice its allegory for the nectar the pineal generates when the crown chakra is activated by internal practise. Other swami's will openly state such fact.

This points to the truth the plants are allegories for the energies of the soul, note the obvious the energy centers are named after a specific plant the lotus. Its no different then how different animals or even tree's are used as symbolism even the actual physical serpent in the Vedic culture is used to be the symbol of prana. Does that mean drinking snake oil is going to raise the kundalini.....no.

What I have seen in the Hindu culture is the literalization of allegorical symbolism. Ganja, relates to the crown chakra and brain centers as mentioned. But note the goddess Ganges is shown as flowing out of Shiva's top knot, which is a symbolic linga. That is simply the flowing of the kundalini thought the seven chakra's and out the crown. The story of the seven sages that bath in the Ganges water. She is not shown sitting their smoking a blunt. She is shown as water does this mean drinking a gallon of water a day will raise the kundalini.....no.

The Aghori were created not that long ago and other Hindu members here stated they were created by jews posing as Brahmin's, the jews have lived in the east for centuries.. These Aghori also practice cannibalism, shit eating, and other gross things that have nothing to do with the soul and are ridiculous and harmful. A popular Hindu guru also mentioned these people never develop any Siddhi's either..... The Aghori represent the corruption of Vedic culture.

The claims of books aside, my own experience is pot is not a positive drug to smoke, it ruins peoples minds and spirit and the people here who smoked it all state nothing but negative experiences with it. Including it opens one up to attacks from the enemy.

Also advanced Yogi's in India have warned against using drugs as it ruins the different Kosha's. And makes it near impossible for spiritual advancement.

Forestman4 wrote:

So HP Hooded Cobra, what about the story of marijuana, Or 'Ganjah' in sanscrit?

Where Lord Shiva's tears formed the Ganges river, and the plant that was ONLY found in the Ganges river before the british colonization, Hence the name 'Ganja', as it is only grown near the ganges, according to you, these are written by jews?

Not only the Veda scripts that documented this plants meditative capabilities concerning the third eye, but Lord Shiva's accounts of the ganges falsified by the so called enemy?

Now to the part of Marijuana,

I live in India, Maybe you have heard of sadhus, or Aghori Saints, These people perform live miracles and claim they're energy was a gift from Shiva and his plant. You cannot turn something into something it isnt. Drugs ARE NOT the creation of the enemy.

[Drug \(\(\(High\)\)\) Explained : JoyofSatan666](#)

## **Drug (((High))) Explained : JoyofSatan666**

Greetings to our Satanic Family,

Unfortunately we live in a civilization that being stoned is the replacement of spirituality. Therefore I am going to fully explain what is happening on the 'highs' of drugs. And show the facts about these. Because when one doesn't know the facts or buys some lies, one becomes falsely curious. But when you know, well, you know the facts.

To be honest, I believe these particular types of drugs, are developed by the enemy aliens, on purpose, by their 'inspired' followers. If you pay attention most of these drugs were created by the governments or other agencies to just try to hack into the brain for strange purposes, and all have failed at it. These blueprints were later marketed for the 'goyim' to have something 'spiritual' to play with, some fake skittles color in their jewish, colorless life. Which ends up making their goyim life all the worse in the end, and killing them while it robs them all their shekels and life.

Many do really try to act as a cheap replacement of spirituality, which is laughable to all spiritual adepts and others who are rookies but have experienced something. Every now and then people who have tried these, have seen for themselves, that drugs are flattened by the highs or real, Soul meditation.

Now, the physical body has stored hormones/chemicals in it. For people who do not meditate, these chemicals exist there for a reason, such as to be activated on an accident, protection, whatever. Those who hardly ever meditate, their Soul or astral body exists in quite the disassociation from the physical one. This is why many people feel like they do not have a "Soul" at all. Those who are more advanced, or are not in this category, somehow KNOW they do have a Soul. Which is very common as well.

The physical body has its own biochemistry that, for the person who does not meditate, does only to an extent reflect the situation in the chakras. In other words, the Soul has to be activated in a way. Part of how the chakras connect to the physical body, is through the endocrine system. This acts as a connector. For example, a computer (Soul) connects with a screen(physical body), through a cable (connection).

If you mess the cable, you can cause distortions in the screen , that can damage the screen, or the computer. This is a simple example of what the drugs do, in a sense. If you beat the screen with a hammer, or destroy it, you don't really change any computer settings. If you cut the cable, you don't change the computer settings either. The computer is basically the SOURCE, the Soul (astral body). Drugs do not act on this directly, or at all, to improve anything. Mostly, they damage and destroy the computer possibly, such as if you short-circuit the screen. You can however, destroy the screen, and if you do badly, ruin the computer through indirect current. The cable can also be ruined, severing the computer from the screen.

The above is one of the simplest way to explain this.

When one gets into an accident, loses a limb, or is beat senseless, only some things do pass down to the 'immortal' and non-physical part of the Soul. For example, if someone is beat by a club, only the experience or something deeper makes it into the Soul or astral body. The same goes for bullets and many other things. The damage is more emotional, and what causes it into the psyche of the person.

Similar is what happens with drugs. For example, the adrenals have some chemicals in for a fight or flight response. When one inhales cocaine, their body as a reaction shoots these chemicals, as such creating a feeling akin to confidence. This has nothing to do with confidence, or the Soul in anyway, as in the Soul PRODUCING it, or being the CAUSE of it. It's just a physical reaction of the system. In plain terms, you were the same dumb-ass you were before, you just shoot your adrenal chemicals. When these are out, you return to being the same dumb-ass x2.

If someone bashes your head with a club, you will feel numbness to pain, a release of chemicals to protect you from it, a purely physical response to this stimuli. Briefly, when this is over, these cease, and one starts to feel pain, even if they did not feel pain earlier. Their 'non painful' feeling wasn't really 'real', it was masked by something.

Of course, this burdens the Soul, because it pulls energy that otherwise isn't supposed to be there, let alone in any frequency, from whatever remains in the Soul as storage. In short, these habits do deplete the Soul energy real bad. Cocaine specifically destroys the Solar plexus chakra, because it draws from it to create this expense.

It's basically regressing you spiritually to do drugs like that.

Additionally, this imbalance feeds into the Soul and stays on it. This is artificial, fake, and happens from BELOW to ABOVE, in a disharmonious and damaging way, and at the expense of the whole system. When the Soul is depleted a lot, it starts pulling energy from other chakras, or the aura. Therefore, the holes in the aura and chakras that some people have talked about. The energy is lacking, and therefore, the aura is minimal.

Meditators have a lot of inner energy, which extends outwards, creating an aura of power. Drug users are the exact reverse. This is why drug users become completely broken in confidence, finances, and many other ways, such as self image. Energy that is supposed to work for one's benefit, just gets sapped from the soul to produce physical reactions.

Another one is heroin. Heroin users say they feel an artificial feeling of being 'loved'. Nobody really loves them, nobody really keeps them 'safe'. Nobody really cares. They are just sitting there like a junkie on the pavement, and nothing has changed but only for the worse: their lives are going downhill even more. They are trying to hack in these altered states without even working for these.

Then we have this other thing "MDMA" which is supposed to make you really happy. Your body has some endorphins stored somewhere, and the reaction to this is to shoot many of them out, making you feel a fake 'happiness'. You aren't even really happy, at all. Your body is being hacked into this. After your (((happy))) time ends, you get what is called a suicide Monday and you want to suicide.

This is the natural response of the body that wants to kill itself due to you misusing this. Of course, people think they are in dreamland, and here we go again. Pull more energy from the Soul, damage it further, and of course damn the body's reserves. Until you eventually die in the street or

something, or lose your sanity. This is why the enemy knows and doesn't allow any 'rabbis' or any of their spiritualists to do drugs.

Because when your aura and your chakras become thin as paper, then any entity and any sort of destructive crap can pin on you. This is why the enemy jews with their xianity focus on saving 'drug addicts' and stuff, and turning them into borgs for their agenda.

Another one is the supposed drugs that 'open' the third eye. The real, Satanic, Third Eye, needs a lot of work to open. When this is open, everything can be seen. If you pay attention to drug users, they always see some random, mental crap of their own, lower than the level of the pre-sleep state, or delusional paranoia. They do not see the Truth, let alone have any ability to use this for their advantage or in any way.

They are just passively watching their brain go on a chemical rampage, and many times we have the ugliest of trips that permanently damage their brains. Their experiences have nothing to do with the astral, its just they have messed up their brain chemistry so they see crap floating all over the place. Its not worth it.

If you put 5 minutes a day in working with your 3rd eye, in about 40 days of time, you will notice, no matter how 'inexperienced' you are, that your head will start to open up. Because you adjust to your Soul, you may start having some pain, and some 'strange' sensations. The Soul is slowly coming to life again. All the insight and empowering states will come as a result of the Soul, not of some jewish joke.

The Satanist who opens the third eye and masters it, can see present and future, can see lies from falsehood, and many other empowering abilities. One really sees the spiritual levels as well.

The drug 'high' is really a low.

Real meditation highs do actually come FROM stimulation from the Soul, DOWN to the body. In other words, they happen due to an increase in the Soul power, which is the light, and these come down to the physical body as an increase and altered states. This is typical in pineal meditation. Pineal meditation can cause highs that put all the artificial "highs" to shame.

Not only it doesn't harm you, and there is no 'drawback', but it is natural and it doesn't mess the balance of your body, leaving you in paranoia or endless depression. This is why meditation has to be done daily. As the forces raise, they have to be raised harmoniously, and the body gradually adjusts to the higher levels, in which the power becomes permanent.

"Highs" are the result of the empowered soul, and they also over time become permanent. Additionally, one's consciousness is raising, which is exactly WHY this is happening. Not some funny pill that one will urinate out of their system. These do result from the 'immortal' Soul. Your Soul is what you take into your next lifetime, adjusting your body into this high, and generally, putting you permanently on a higher level of being, away from misery, pain, spiritual and material impoverishment and all the other crap that torments those who don't work spiritually.

What you rise towards, you will get.

I hope this settles the drug question.

Subject: Re: Why "Normal" People are SO dumb

The fact that propaganda has always been the most effective tool that it is, is a testament to the fact the average person is a simpleton. Sometimes I think this is where most Whites over the centuries have gone wrong and Hitler got it right. The Jews have no qualms about deceiving and taking advantage of the ignorance of the masses, most Aryans consider such an act loathsome and beneath them, when in reality it's the only method we have of communicating with the broad masses. This is why I think it's important to have two different kinds of messages, one for recruiting the 10% of the people who are able to think independently such as the JoS, website and another kind of message for influencing the broader masses. When I try to talk to ordinary Whites and wake them up, I don't talk directly as SS or a national socialist, I use common speech which I think will likely ring true for them, humor in a down to earth way, make fun of political correctness. As Hitler said (this is a bad paraphrase) the message must be able to appeal and be received by even the most simple minded of common people or something like that, basically even the stupidest person needs to be able to get it and that way you know it can reach everyone.

Subject: To NS Comrades...

This is a lot more serious than most people could imagine.

I know a lot of NS who know the truth and are with Satan just see deluded idiots who claim to be NS as an annoyance.

In truth, these people are damned and fully under the control of the Jews. There are some beyond any hope, and there are others who with some education may see the truth.

Every NS should take time daily for meditation, cleaning his/her aura thoroughly, and building a strong aura of protection.

Breathing exercises, such as the sun/moon, serpent exercises (these can be done sitting in a chair); done consistently every single day, these will work to open your psyche (intuition, astral sight, etc).

If people could only see how NS are psychically attacked by the Jews, many would be shocked.

Those who are deluded into Christianity are sitting ducks, open wide to the enemy, just like a puppet.

Above all, NS people should be competent in spiritual warfare, knowledgeable regarding spirituality and the occult and fully capable of returning curses, bindings, destructive energies and hatred right back to the senders.

I can't emphasize this enough. Countless of our people have been systematically destroyed by the Jews because of being deluded into Christianity, because of ignorance regarding the soul, Jewish knowledge of the occult and how they use it and so forth.

I've written many articles with the intention of getting JoS members to consistently meditate, but with our NS people, this is hundreds of times more serious. The Jews attack constantly. We must attack them right back and this begins with persistent aura cleaning, and consistently building and reinforcing our aura of protection.

The Jews have extensive occult knowledge at the higher levels and have used this to rip our people another asshole for centuries, when our own have had the lethal lie of Christianity jammed down their throats.

The more you open your mind and astral sight, what you will see is shocking.

Subject: RTR Schedule Update

Greetings to all our People and Satanic Comrades.

As for today, we have done the rituals that have to do with protection and channeling back the energies of the enemy. Of course, we continue on the RTR's as we must.

I am writing this to remind everyone of the RTR's Schedules we are following. We are doing the same exact schedule.

Just through the Week, we need to add this very small RTR which is on the current date.

We need to add this one sometimes a week to prevent any jewish war from happening again. This is disgusting and this can cause massive damage. The enemy profits from war in the Middle East. It must stop and cease completely from happening. This not only kills many people, but it kills many Gentiles and enforces the (((Immigration))) agenda.

This also indirectly destroys the middle eastern, jewish created "Terror" groups. Namely the blasphemous, jewish created and named ((("Isis"))). Because the purpose of this group is to messacre the ME, and cause internal warfare to kill millions, plus attempt to kill as many Europeans as possible, while wiping out Pagan culture.

Satan gives us the means to change everything of the above, and foil all plans. We must make use of this knowledge to no end.

Below the schedule

1:08 .µ. , 13 2017, / HC <hoodedcobra666@...> :

Greetings to all our People and Satanic Comrades.

I will try to keep this very brief. As our people grow and our side grows in power, the enemy and their lackeys will not just sit down and watch. They will curse, and curse relentlessly to get anyone down. The enemy knows, and many of the people of Satan are Souls with whom the enemy has had problems for a long time.

They hate you because well, you know them. We are not living in a free world. The enemy, who has occult monopoly, flies curses everyday, to destroy and subvert people and maintain strict control over the globe. People who are 'without' can instantly die from such curses, or even worse. Satanists are entitled and very lucky.

The enemy thinks people are cattle, worthless, etc. This is part of their brainwashing. They know it really well that Gentiles, especially those with occult power, are the only people who can challenge their alien authority. In fact, the enemy stole the means that the Satanic Souls of the past have produced, and they are now trying to rally this planet into slavery. This is not a joke. The enemy knows this. Everyone needs to comprehend this fully.

The more you grow spiritually, the more your power will expand, but at the same time, these beings will not be satisfied with this, anymore than a lunatic is not satisfied their time is closing over. The jews and the enemy hive are used to playing with the 'goyim' as if someone plays with pigs on a farm.

The enemy is well aware of what spirituality does, and as you all have seen, the RTR's have cause global changes. There are many freedom fighters on the line, and like the enemy keeps the back of their rotten, so will we keep the back of those who fight for something better for this world. From a person doing their first steps to wake up, down to people in high government that are trying to fight the jews and their alien agenda- its up to us to back them up spiritually.

Think of that: they have NOBODY else. Literally, nobody. All other spiritual circles, plus the hostile enemy and aliens, are against them. This is not an easy fight for them either.

This will only escalate. Nobody must quit. Even if it gets hard, nothing will outweigh the satisfaction of knowing that you have destroyed them, and that you have worked for something great. Satan has made handpicks of His people for a reasoning known to Him. There will be storms, but this should only motivate and reassure people that impact is being made, big time.

Our people have to learn peace, but also to fight. Fighting is necessary, and fighting is what preserves life, especially at a situation such as this. This fake "Peace" is only for the slaves of the enemy who have been flattened and are basically, spiritually dead. Nobody is beating on a dead horse. For the rest who are advancing, there will be some flack, but the benefits far outweigh the problems by infinite times.

Expect of the RTR's (This **Schedule Reminder** here is the most damaging and we will change it when it has served its purpose: [topic18484.html](http://topic18484.html))

Here's what can be done in **Monday and Tuesday**. Ideally, the Cleaning and Protection, you should be doing EVERYDAY. The cleaning doesn't take time at all, and when you become adept at it, it flows on its own.

**Curse Returning and Cleaning:**

**Curse Returning and Protection:**

[topic18431.html](http://topic18431.html)

Lastly, **The JoS protection Ritual**, its advisable all people do this, so that everyone benefits from the massive energy we are going to raise. We benefit too, and we need to all be indestructible and together to get going. All members gain blessing and protection from this:

How does it feel to be called racist, Jews?

Mixed feelings here, fam.

Criticizing Jews for not being liberal enough seems like just another version of "dems are the real racists," which is a horrible talking point.

It sure is funny though.

New York Times:

*"A United Nations commission said in a report on Wednesday that Israel practices apartheid against Palestinians, a politically explosive assertion that led to furious denunciations by Israel and the United States.*

They actually have special sidewalks for brown people, lol.

*The secretary general of the United Nations quickly disassociated himself from the report, which seemed bound to aggravate the already tense relationship between the world body and the Trump administration.*

*It also could provide momentum to advocates of an international movement to boycott Israel. Just over a week ago, Israel's Parliament passed a law barring entry to foreigners who have publicly supported that movement, known as B.D.S. — boycott, divestment and sanctions. "*

Wow, you know, that's a great policy. Ban entry to anyone who ever criticized your country? I think we could implement something like this.

But more generally, this criticism of Jews from a liberal standpoint is still to our advantage. Leftists who hate Jews are a lot easier to convert to our side than cuckservatives.

Before becoming a nationalist, I hated Jews because they were "racist" and "hateful" people. But then, as I realized that they were behind the push for "diversity" and anti-racism, the pure hypocrisy of it helped me rethink some of my liberal preconceptions.

*"Apartheid, the institutionalized oppression once practiced against the black majority in South Africa during white-minority rule, has been used increasingly by critics of the Israeli government to describe its policies toward the Palestinians in territories occupied or controlled by Israel.*

*Israelis, including many of those who disagree with those policies, find the term deeply offensive, describing it as a false and inflammatory analogy aimed at isolating and delegitimizing their country."*

They're deeply offended that people are noticing they're doing the same thing they demonized the Boers for doing.

This is supposed to be a "refugee camp." We might want to model our own camps after this.

Of course, the Jews are treating the Palestinians far more cruelly than the Boers ever did the Blacks. After all, Blacks from all over Africa swarmed to South Africa to enjoy the higher living standard there. No one is trying to get into the Palestinian camps.

Whatever the case, even the left is starting to get fed up with these Jews.

It's Solar Time!

Sun enters Aries during the night on Sunday March 19th in the Western hemisphere, during the late morning/early afternoon on Monday March 20th in the Eastern hemisphere. You can check online to get the exact time for your location. Moon goes void about ½ hour later, so we have time to do something quickly while Sun is at exactly 0.00 degrees Aries. If you can't squeeze anything in don't worry, the moon is only void for less than 3 hours.

This is Spring Equinox, Ostara, the true Pagan Easter. Lady Astaroth's day! Any SS couples wanting to get pregnant, this is the festival of fertility.

I'm not sure if our Clergy has any ritual planned, if not, I'm doing the Racial ritual for my race. They're good to do on any Sabbat (Pagan holiday) and esbat (full moon). For any mixed race SS here, if you haven't already done so, the Othel rune guides one to their dominant race.

Sun in Aries is a great time to start working on your Solar chakra, and aura. Stand in sunlight, breath in the energy to your entire being, or just your solar chakra. You can vibrate the Solar mantra (Suryae), Raum, Sol rune, whatever you feel is best, for however many reps works for you, and you can affirm the energy to permanently strengthen and empower your solar chakra. This will help with overall health and vitality, confidence, success, magickal power. You can also follow this up with doing the same mantra into your aura to strengthen and empower it.

Sun square can be done any Sunday from March 26 to April 16.

Turkish Minister Calls For Jihad In Europe

Turkey has been under direct Jewish control since the Young Turk movement took over within, over a century ago. This movement was put together by

Dohmeh Jews who conspired with Jewish banking elites within the Ottoman Empire and also in the West. The plan was to destroy the Empire from within and without. To be able to create the Zionist state and then proceed with the plans to Genocide the Arab world now fragmented into smaller nations played off against each other and Sunni and Shia played off as well. Atta Turk was also a crypto Jew, put into place by the Western Zionist elites who occupied Istanbul after the war via the British, who made sure the Jews were totally placed into power. And then used Turkey as a shield for the creation of Israel. Note how Turkey has been the major base for the destruction of Israel's enemy of Syria.

Now the Jews are using their control over Turkey to act as the launch base for the Islamic invasion into Europe which is being orchestrated by Israel and the Zionist Oligarch's who built and run the EU in the West. Which is why the Jewish Oligarchs want Turkey officially in the EU to make this easier.

The regime in Turkey is now openly stating a call for Jihad in Europe. This is part of Turkish history constant war with Europe. In fact the reason the crusades were fought for 250 years in Asia minor and the near east was mainly against Islamic Turks over Arabs. The Turks also launched numerous invasions and raids on Europe in the name of Islam as well. The Jews always had a powerful position in the Sultan's courts. The reason the Jews genocided the Armenians was to wipe out the only banking rivals they had in the Ottoman Empire and steal their wealth. Which is what the Talmud commands. The current leader of Turkey styles himself as a Sultan and has Imperial ambitions he is willing to act on. The Ottoman Empire was an Islamic Caliphate. The Koran and Hadith's has never been anything but the Talmud with some words changed.

What this is calling out is the fact they might try and pll off a Islamic uprising in Europe when the Nationalist Parties win. Of course they will lose totality. But they might still try.

Mevlut Cavusoglu, Turkey's foreign minister, did not welcome the victory for Prime Minister Mark Rutte's centre-right People's Party for Freedom and Democracy (VVD).....

"All have the same mentality. Where will you go? Where are you taking Europe? You have begun to collapse Europe. You are dragging Europe into the abyss. Holy wars will soon begin in Europe."

Israel Defeated

From statements Netanyahu, had a green light from Washington to invade Lebanon again at the start of this year and this relates to Flynn getting the boot not over Russia but Iran which gives orders to Hezbollah. When the leader of Hezbollah found out he gave a warning to Israel and then Israel backed off.

Because the war in Syria the Jews started with their agencies in Washington. Opened up a pipe line of new and better weapons into as a side effect, Lebanon which had a weapons embargo on them from America. Despite this Hezbollah was already able to defeat Israel in 2006. But now they have the ability to smash Israel totally.

The karma of the Jews have come full swing. They were behind the assassination of Kennedy as the book "Final Judgement" proves part of which was about getting the Atomic weapons program up and running in Israel. This allowed them to become a nuclear power as the NSA report leaked by Obama shows. But has stalemated them as they were using this reactor at Dimona to build these weapons from whistle blowers.

Israel caused the war in Lebanon as the general of the Mossad at the time admitted in his book. To create a false flag to invade and take off Southern Lebanon for Israel. This caused the Shia of Syria and Iran to intervene which caused Hezbollah to be created in the first place. Now the war in Syria has made Hezbollah into a stronger military power and has brought tens of thousands of Iranian troops into Syria which is along Israel's borders. Which the Jewish state is crying over. Now the war the Jews started in Syria for the same reason they did in Lebanon has caused them to be checked into a corner from the Shia world. As I stated before it would.

Then the Jews after they pulled off 911, attacked Iraq and got rid of Saddam as part of their plan to conquer the Middle East and handed Iraq over to the Shia thus Iran. And made the Shia crescent stronger than ever. Every murderous thing the Jews have done has come back on them.

Israel is defeated in the Middle East. The question is will American leaders be foolish enough to follow Israel into that defeat by allowing America to be bogged down into another war for Israel. Especially in a new military age where the high tech weapons that made America unbeatable on the battlefields can be checked by a small crew of infantry with portable missiles that can destroy everything from armour to aircraft to warships. Which Iran and Russia have by the thousands.

Netanyahu was already caught lying to the UN about Iran to attempt to create a war between America and Israel. Which the Israel Lobby has been trying to get into motion for awhile in Washington.

Anyway the simple fact is our RTR's have turned events around.

Subject: Christianity, Islam and Judaism = Counter-Cultures

[Christianity, Islam and Judaism = Counter-Cultures : JoyofSatan666](#)

**Christianity, Islam and Judaism = Counter-Cultures : JoyofSatan666**

What everyone needs to understand is that the tribe of jews never had their own culture. Everything is stolen. What these beings could only do, is conjure counter-cultures, from the cultures of their host populations and civilizations. This is why, in what they have labelled as "Satanism", collective term for Gentile Paganism, everything is reversed.

Imaginary thoughtforms of the jews are the 'good', some jew named jewsus is the savior, and jews are kings. Exactly the reverse of what the cultures of their native hosts had. The jews have created counter-cultures all the time. This is still practiced to this day. Instead of making anything, they stole the pattern, and reversed the meanings in it.

Then, this counter-culture was imposed on the native population by war, bloodshed, and was imposed as the "NORMAL" and the "REAL" culture. All those who knew or believed otherwise, were killed and slaughtered. As they destroyed the knowledge of the past culture, the real cultures ceased to be known, and the counter-culture they created to benefit the jewish race, became the 'real' culture of their host.

The story of jewsus is stolen from Pagan Gods, the letters of the jewish alphabet, the style of writing the books, the list goes. In the same way the jews steal the blood of the people due to hybrid-ization and race mixing, to infiltrate, the same pattern is done in their so called 'culture'.

They steal the physical appearance of the victim by race-mixing with the native populations, and inject different content in it. The distortions are present, but not anyone can see them, especially if their own culture doesn't wake them up to this fact. Unless one's sense and knowledge is strong, they cannot notice the small, wearing differences, or the complete reversals. Magick of the jews covers their tracks, and they push this process for centuries.

This is why all the Demons are Pagan Gods, Satan has went from the light of the World and Truth, to being the 'abomination', and why jews have went from slaves and beings of excrement to world rulers. This process took hundreds of years, but was eventually successful. Now, we have dumb-asses who think 'Christianity' and Judaism filth are part of their own 'culture' and 'race'. Therefore, the jews always maintain these 'cultures' going.

Culture defines the definitions about life and society. What is good, bad, or evil. What people give their attention and existence to. Instead of any of these being good or beneficial for the survival of the people who make up this culture, the 'cultures' of today just serve the jews, and their agenda and race. Therefore, jews are made into 'god' by parasitism of the native power, work, labor, and psychic energy of their victims. When this process finalizes, not even this fake ass culture is needed, as it has served its purpose.

Then, the jews push what we know politically as 'communism' and remove all culture, identity, and everything that defines their living slaves, even if its corrupted and hijacked. The slave loses all identity, and in the jewish wet dream, the jews rule supreme over the powerless cattle and slaves, now and for all eternity.

One when they get this concept they have understood mostly what the jews does, and you can notice their operation. In plain, they copy, creating a perverted copy of anything, and then they keep doing this while forcing the copies as the original, mainly by violence and distorted xians and other debilitates who are infected by their lies.

The same thing is done by a cell that is infected by a virus. The virus instills the destroyed DNA into the cell, the cell replicates with the virus encoded in it, and this process keeps going, growing the virus with it, unless of course the body's defenses end this process. The jew works like a virus and a parasite in many ways.

Subject: To Outbreed and Genocide Europeans - Erdogan (TurkishPM)

<http://josministries.prophbb.com/topic18658.html>

Erdogan playing the passive aggressive, kike victim, who wants to obliterate and wipe out Europe. Through Jihad and the spread of Pisslamism. Is actually urging his fellows to procreate like rabbits in Europe to wipe out the native populations. Supposedly on the pretext of that they are being 'wronged'.

So 'wronged' they are living in the world's most developed countries, in contrast to his shitty created "Turkey". And get free stuff, such as pensions, and many other things. Aside with millions of Islamic, ISIS terrorists and other invaders whom Erdogan pushes through the Greco-Italian European borders. Using the jew-talk of trying to play the 'wronged'.

An amount of Turkish people have actually assimilated to an extent in Europe. For better or for worse. Many do in fact hate Erdogan because they know he is a deceiver and Pisslamist. They however want them to be radicalized. In Germany there are millions of Turks. Now how many will turn and be with "Europe" and how many will focus the larger wave of Islamism that the jews are trying to bring. That's another question. Erdogan hopes its most of them. And judging from history, it will be most, most probably.

He is basically urging them to replace the native European population by out-breeding and trying to get up in the top of the social ladder. So they can steal Europe from within, with elections, and with Europe being unable to in anyway vote themselves out. Since half of the population will be invaders, browns, and pisslamics which will later be radicalized if they are not already.

The cuckolds and excrement of the European Jew-nion have been welcoming this for decades, with ignorance that is done on purpose. Becuase the goal of the European Jewnion was to break the pan-European bonds for European states, by creating a superstate that would abuse all states and make the European people into a complete mixed race.

The jews created the European Jew-nion to hijack any possible unification between European Whites, and completely destroy European relations forever. If they would succeed, they would create a USSR that governs upon race-mixed cattle, with jews on the top. This goal is the "Fulfillment of Europe" or the "Kallergi Plan". Outbreeding is a way to do this directly as well.

Therefore, to bring life in Europe one needs to be a super comfortable thousands a month, casher. While immigrants and other invaders get triple and four digits a month to sit and look at the sun. And feed their five or more children. This is deliberate. Of course, this is European, tax payer, worked and toiled for, money.

Subject: Ostara [Easter] Group Rituals to Awaken White People [+Black Ritual!]

This was Posted by HPS Maxine Dietrich, a year ago. We have done this with monumental changes in White awareness. All White Satanists need to

do this Ritual, or at repeat it.

**For people who are of the Black Race there is ALSO an ongoing Ritual: Here is the link.**

[http://www.angelfire.com/wizard/pixie66 ... Ritual.pdf](http://www.angelfire.com/wizard/pixie66...Ritual.pdf)

Asian people are thankfully more culturally aware than the Black and White people, especially at this point. The time will come when we will do a ritual to wipe of the jewish veneer from their midst as well specifically. In that, many Asian people have stood luckier than both White and Black people.

---

## SPRING EQUINOX

March 21-23 [Sun should be 0 degrees into Aries]

This is the time for beginning major workings such as the Magnum Opus, which is begun at 3:00 am, during the hour of Satan.

Ostara is a powerful Pagan date for Growth, the opening of Spring, where Sun enters Aries. Its a very powerful date to start things and spark things into action or make them more fertile and lively. We need the awareness of Gentile people to raise higher, and gradually, to remove the enemy from within our midst.

Those who have done it then, we are basically repeating these Rituals to add more power to them. The all important, Satanic celebration of Ostara, is the time where Sun enters Aries. This is a most important day of new beginnings, birth, and of empowering things to reach fruition. Ostara belongs to the Goddess Astaroth, the Goddess of War and Fertility.

---

\*If someone cannot carve or write the Runes, or consecrate with blood, **at the very least, intently vibrate these!**

## Ritual to Incite White Awareness and Action

Either write or carve the following Runes:

**Óðal Sól Óss**

The Runes can be carved into wood, or written on paper. If you carve the Runes, vibrate each Rune while you are carving it.

To increase the power of the Runes, when performing this ritual for the first time, you can stain them with your blood. Given the dire situation of our race, this ritual needs all the power we can give it. If staining in blood, this should only be done one time. You should be continuously vibrating the name of the Rune when staining it.

There are different ways of vibrating the Runes. Feel free to use whatever suits you. The combinations of everyone performing the ritual will come together in power.

To repeat this ritual, just focus on your carved or written Runes and vibrate them as follows below. Your Rune board or paper should be securely stored in a safe place and only taken out when performing this ritual.

## THE RITUAL

Raise your energies. [See link below], and recite the following prayer:

In The Name of Satan, we call forth the Powers of Hell, the Original, and True Gods of the White Race to come forth and manifest themselves. Satan, True God, Almighty and Ineffable, Who hast Fathered the White Aryan Race that reflects in Thine own image and likeness, we ask you to bestow your powers upon us.

Awaken all of our White Aryan People to the Jewish menace that works to destroy us. Incite our White Aryan People into action. Instill our White Aryan Ancestral Pride. Awaken our White Aryan Brothers and Sisters to the Menace of Christianity, Islam, and related Jewish programs so that they all may be completely and thoroughly destroyed forever.

Bestow the Power of Your Protection to our White Race and White Children worldwide.

Praise, Honor and Glory be given to You, Our True Father and to Our Original Gods!! We are Your Direct Descendants and Children!!

—

The above prayer can be either recited out loud or in your mind.

**Now, vibrate Óðal, Sól, Óss, 88 times, while focusing on your Runes. You vibrate these together, not separately. Óðal, Sól, Óss is one round, then Óðal, Sól, Óss...**

**When you are finished, recite the following with intent:**

All White People are now racially aware  
All White People are critically aware of the Jewish problem  
All White People are taking action to secure the existence of our White Race  
All White People are working towards a secure future for our White Children

Vibrate SATANAS

**Then close the ritual by stating:**

**HAIL SATAN AND HIS WHITE RACE FOREVER!!**

For those of you who are experienced, you can raise your energies doing whatever works for you.

Erdogan playing the passive aggressive, kike victim, who wants to obliterate and wipe out Europe. Through Jihad and the spread of Pisslamism. Is actually urging his fellows to procreate like rabbits in Europe to wipe out the native populations. Supposedly on the pretext of that they are being 'wronged'.

So 'wronged' they are living in the world's most developed countries, in contrast to his shitty created "Turkey". And get free stuff, such as pensions, and many other things. Aside with millions of Islamic, ISIS terrorists and other invaders whom Erdogan pushes through the Greco-Italian European borders. Using the jew-talk of trying to play the 'wronged'.

An amount of Turkish people have actually assimilated to an extent in Europe. For better or for worse. Many do in fact hate Erdogan because they know he is a deceiver and Pisslamist. They however want them to be radicalized. In Germany there are millions of Turks. Now how many will turn and be with "Europe" and how many will focus the larger wave of Islamism that the jews are trying to bring. That's another question. Erdogan hopes its most of them. And judging from history, it will be most, most probably.

He is basically urging them to replace the native European population by out-breeding and trying to get up in the top of the social ladder. So they can steal Europe from within, with elections, and with Europe being unable to in anyway vote themselves out. Since half of the population will be invaders, browns, and pisslamics which will later be radicalized if they are not already.

The cuckolds and excrement of the European Jew-nion have been welcoming this for decades, with ignorance that is done on purpose. Because the goal of the European Jew-nion was to break the pan-European bonds for European states, by creating a superstate that would abuse all states and make the European people into a complete mixed race.

The jews created the European Jew-nion to hijack any possible unification between European Whites, and completely destroy European relations forever. If they would succeed, they would create a USSR that governs upon race-mixed cattle, with jews on the top. This goal is the "Fulfillment of Europe" or the "Kallergi Plan". Outbreeding is a way to do this directly as well.

Therefore, to bring life in Europe one needs to be a super comfortable thousands a month, casher. While immigrants and other invaders get triple and four digits a month to sit and look at the sun. And feed their five or more children. This is deliberate. Of course, this is European, tax payer,

Subject: The Jewish Conscience

"Conscience is a Jewish invention, another blemish like circumcision" - Adolf Hitler.

This is a topic which is quite deep that I've been thinking about posting on for a long time but I have kept putting it off, mostly because it's hard to know where to begin with it or find the right words to express what I am thinking or what I want to ask.

As the clergy has gone over many times, "good" and "evil" have been inverted by the enemy. But what Hitler described in that quote I feel really goes to the heart of what changed in me from the time I dedicated my soul to Satan. From that time on, I have always had absolute clarity within myself at a certain level. I know now with unshakable certainty, who I am, that my innermost longing is to become as a God, I came from a White family, which in turn came from the White race as a collective. I will pursue whatever is good for me, my family and my race in terms of my individual and our collective evolution and the only "evil" or "wrong" is whatever gets in the way of that, namely the Jews and their programs and I have no problem destroying whoever or whatever gets in our way.

The thing is, whilst it is so easy for us to think like this, it seems worlds away from the average Whites. It's now my nature itself, I don't even have to think

about it. What's good for me and my race at a biological and spiritual level I want instinctively and I have no guilt or shame whatsoever about destroying anything which threatens that. Whilst the rest of the population experiences pangs of conscience and constant guilt, doubt and shame over every little thing.

Take this issue with Turkey threatening Europe for instance, I wouldn't care one bit about nuking Turkey and wiping them off the face of the Earth. It wouldn't bother me a bit to wipe out every single Turk in existence if they threatened our people, there is no amount of suffering I would not inflict on any living creature that threatened our race. For most Whites, it's not like this, it's all about "they're not all bad" "equality" "human life" "racism" blah blah blah - The Jewish conscience at work as I see it.

In essence, what I am describing is simply a return to being the same as every other species in existence which is uncontaminated by the Jewish conscience. We are following our own true nature as well as nature itself, just as all other life does, which is why I love Satan, I love the Serpent within me.

I can't help but think though, this isn't just a matter of being exposed to information which the average person isn't, this seems to be such a profound difference, that I almost feel alien compared to pretty much everyone I encounter other than Spiritual Satanists.

So to summarize it all with a question, I want to ask, is this cleansing of the Jewish conscience which Hitler talked about the thing which changes in us once we dedicate our souls to Satan? Am I alone in coming to this point? It says on the JoS website that once we dedicate our souls to Satan he opens the doors to our spiritual cages, now I have to ask, is this it?

HAIL HITLER!

HAIL SATAN!

HAIL VICTORY!

HAIL TO OUR PEOPLE AND GODS!

Subject: Re: The Jewish Conscience

Dedicating on its 'own' does only do a big lift, from the enemy crap, so one can finally open their eyes. However, this is deep and occult, and if someone doesn't have any contact with their spiritual background, it still means nothing indeed. As the lower levels of one's existence still do remain colorless, dull, and programmings done in the physical brain, subconscious mind, do still exist. Satan also doesn't lift one's karma, either, as this belongs to them.

With that being stated, what the dedication means, is someone being taken off from the shit of the enemy. The poor 'goyim' coming from the stable is still stained, needs cleaning, and needs to learn many new things until they become again a full human being. This is an ongoing process, and one has to forget what they have learned prior, and unroot it. Dedication is only an initial lift and the agreement with one's self that one abolishes the slave identity, and the false belonging to a Hebraic though-form.

As for "Conscience", I am going to write a sermon soon about it. Conscience in that case that we know of today, exists only instilled by jews. Its not something real. If you pay attention around, "Conscience" doesn't even exist in most people. They are lower than animals, which still have a form of 'conscience' as it should be to maintain nature etc. Without any 'bible' and other drivel. Animals don't kill for amusement, either. They kill for food, shelter, and when circumstances that force them to do so arise.

Question:

HP Cobra said that good was a post from HP Maxine last year. I figured all was relevant except for the exact time of the 0-degree equinox. It is important. Looked it up, not really knowing where to go specifically. According to the Old Farmers Almanac the 0.00° time for the Eastern US is 6:29am.

Now for my question... HP Cobra said that workings begun at 3am, during the hour of Satan. Can someone explain this please?

Thanks!

Asian people are thankfully more culturally aware than the Black and White people, especially at this point. The time will come when we will do a ritual to wipe of the jewish veneer from their midst as well specifically. In that, many Asian people have stood luckier than both White and Black people.

## SPRING EQUINOX

March 21-23 [Sun should be 0 degrees into Aries]

This is the time for beginning major workings such as the Magnum Opus, which is begun at 3:00 am, during the hour of Satan.

Ostara is a powerful Pagan date for Growth, the opening of Spring, where Sun enters Aries. Its a very powerful date to start things and spark things into action or make them more fertile and lively. We need the awareness of Gentile people to raise higher, and gradually, to remove the enemy from within our midst.

Those who have done it then, we are basically repeating these Rituals to add more power to them. The all important, Satanic celebration of Ostara, is the time where Sun enters Aries. This is a most important day of new beginnings, birth, and of empowering things to reach fruition. Ostara belongs to the Goddess Astaroth, the Goddess of War and Fertility.

---

\*If someone cannot carve or write the Runes, or consecrate with blood, **at the very least, intently vibrate these!**

## Ritual to Incite White Awareness and Action

Either write or carve the following Runes:

### Óðal Sól Óss

The Runes can be carved into wood, or written on paper. If you carve the Runes, vibrate each Rune while you are carving it.

To increase the power of the Runes, when performing this ritual for the first time, you can stain them with your blood. Given the dire situation of our race, this ritual needs all the power we can give it. If staining in blood, this should only be done one time. You should be continuously vibrating the name of the Rune when staining it.

There are different ways of vibrating the Runes. Feel free to use whatever suits you. The combinations of everyone performing the ritual will come together in power.

To repeat this ritual, just focus on your carved or written Runes and vibrate them as follows below. Your Rune board or paper should be securely stored in a safe place and only taken out when performing this ritual.

## THE RITUAL

Raise your energies. [See link below], and recite the following prayer:

In The Name of Satan, we call forth the Powers of Hell, the Original, and True Gods of the White Race to come forth and manifest themselves. Satan, True God, Almighty and Ineffable, Who hast Fathered the White Aryan Race that reflects in Thine own image and likeness, we ask you to bestow your powers upon us.

Awaken all of our White Aryan People to the Jewish menace that works to destroy us. Incite our White Aryan People into action. Instill our White Aryan Ancestral Pride. Awaken our White Aryan Brothers and Sisters to the Menace of Christianity, Islam, and related Jewish programs so that they all may be completely and thoroughly destroyed forever.

Bestow the Power of Your Protection to our White Race and White Children worldwide.

Praise, Honor and Glory be given to You, Our True Father and to Our Original Gods!! We are Your Direct Descendants and Children!!

—

The above prayer can be either recited out loud or in your mind.

**Now, vibrate Óðal, SóL, Óss, 88 times, while focusing on your Runes. You vibrate these together, not separately. Óðal, SóL, Óss is one round, then Óðal, SóL, Óss...**

**When you are finished, recite the following with intent:**

All White People are now racially aware

All White People are critically aware of the Jewish problem

All White People are taking action to secure the existence of our White Race

All White People are working towards a secure future for our White Children

Vibrate SATANAS

**Then close the ritual by stating:**

**HAIL SATAN AND HIS WHITE RACE FOREVER!!**

For those of you who are experienced, you can raise your energies doing whatever works for you.

I do not intend to say, lower than animals, as in per-se an insulting term. A lot of people do far dumber things than any animal would ever do. For example, destroying their own environment of life. Or harming their own family. Or being a biohazard to people in their own civilization. Or racemixing.

These are not things animals would rather do, because they have natural awareness. Man has 'conscience' instead, made by jews. It's just that many people have lower awareness than that of an animal. This is normal with jewish programming which has turned them into 'goyim'.

**Anti-Whites Upset by Stagnation of Mixed-Race Couples in Canada**

<http://whiteresister.com/index.php/10-news/867-anti-whites-upset-by-stagnation-of-mixed-race-couples-in-canada>

The Vancouver Sun has written an article about how mixed-race couples are stagnating in Canada, with very little increase.

"Ethnically mixed couples — involving whites, blacks, Japanese, Hispanics, Chinese, South Asians or others — were heralded not long ago as the wave of a tolerant, open, non-racist future." wrote the Vancouver Sun.

"But three cultural trends are shaking up this utopian dream, which places inter-ethnic couples at the vanguard of cultural fusion."

"The first shift is demographic. Canadian statisticians have documented how the growth of ethnic groups in the Western world is actually making inter-ethnic couples less likely in major cities."

Research by the University of Victoria confirms this statement – the larger an ethnic group becomes, the less likely its people are to date outside their group.

The phrase "hoist by their own petard" springs to mind here. The anti-Whites were so eager to mix all the "racism" out of us evil White plebs, that they opened our borders and persistently flooded us with the third world. Now this has backfired on them, because a lot of these non-White immigrants have more opportunity to date within their own group.

"Secondly," the Vancouver Sun continues, "many of the countries with traditional cultures that produce immigrants to the West remain resistant to ethnic intermarriage, often because of concerns about offsprings' religious identities."

Again, their own agenda has backfired on them – they imported a lot of Muslim immigrants into traditionally, White Christian countries, and are surprised this creates conflict.

"Thirdly, some race activists and social scientists are criticizing what they call the 'brownwashing' of the population, arguing a mixed-union revolution is mostly sought by white liberals."

Brian Bailey, an educational consultant, told the Vancouver Sun that "In a perfect world, almost every marriage would be a mixed one, in order to eliminate the scourge of racism..."

He said mixed-race societies would "take care of global warfare."

Here at White Genocide Project, we offer an alternative view: the only reason why Canada must become mixed race (along with America, Australia, New Zealand, and the whole of Europe), is purely because it's full of White people and our own leaders have decided that we no longer have the right to exist.

This is White genocide. We are not saying that mixed-race couples equals White genocide – though that is a product of the agenda.

What we are saying is that flooding White countries with millions of non-White immigrants, and then trying to “diversify” all the White suburbs and towns is genocide.

When you single out and label White areas as “too White” and “not diverse”, that is a clear violation of the UN’s genocide conventions; simply put, it is White genocide.

Thank you for your answers High Priest Cobra! That's exactly what I was thinking, animals don't kill for amusement or sadistic pleasure but for food, survival and resources etc, it seems cruel but yet they also have compassion and empathy. There is basically a time to be kind and compassionate and a time to be angry and hate as well, it's not a matter of either one being good or evil. It's just following your own nature. Race mixing is another example, this almost never occurs in the animal kingdom except for in man made environments. In natural environments that's an extremely rare thing.

This Jewish 'conscience' as I see it is basically something which says, you are "wrong" to hate for example or be sexual or envy or whatever. You can no longer just follow your own nature, love when you love and hate when you hate, whatever the situation demands and whatever naturally arises in you, it's a constant unconscious policing of yourself where you have to judge right or wrong before every little decision. Every single action, you have to be careful so you do not say the wrong words, think the wrong thoughts, have the wrong feelings. Guilt Guilt Guilt. Shame. Shame. Shame. Hitler called it self mortification. That's the perfect way to describe it.

I look forward to your sermon on this subject, I appreciate it because as you said, it's a deep topic and goes deep into the occult for understanding

"Everyones the same!" " So lets celebrate diversity" x3 It always makes me laugh. Apparently race is only a social construct to these people and doesn't really exist yet somehow it's desirable and important for races to mix. Isn't that awfully peculiar?

In fact if all the races are only social constructs to these people, then how can there even be such a thing as "mixing" in their minds? What the fuck even is this diversity they're supposed to be working for? There is no such thing as diversity according them because we're all the same anyway.

They haven't even thought their own ideology through. That's the absurdity of the whole thing, this Multiculturalism stuff, much like ChristInsanity, succeeds

only through the ignorance of the masses, it's not even a particularly clever conspiracy at this point. Anyone who's applied an ounce of critical thought to this bullshit has realized it's totally empty. No Greek or Roman philosopher of any great integrity could have looked at the Bible and taken it at all serious. It's the same with Marxism and this Multiculturalism crap. It's advanced and pushed by the ethnic networking of Jewry, NOTHING ELSE! There is zero intellectual substance to any of it.

Subject: What's In A Movie? Krull

What's In A Movie? Krull

Some time things get put into movies by those in the know for different reasons, sometimes to put important information into the public mind. And sometimes certain themes might arise on their own as ancient archetypes and emanations of ancient human genetic and spiritual memories in the collective unconscious.

Take the movie Krull made in 1983, its about the earth being invaded from space by a obvious reptilian alien called "The Beast" who works to attack and destroy all the human kingdoms to conquer the planet and enslave the human race, one by one all the great kingdoms fall to the reptilian's power. The Beast, uses its technological and immense psychic powers to attack humanity. From possession of people...xianity, islam, marxism anyone, to (((changelings))) to infiltrate humanity, the changelings are beings which take the appearance of humans but are the evil spirit essence of the Beast, like what Rabbi Laitman stated jews are, and work to bring humanity down and under control of the Beast from within.

Rabbi Laitman: Jews are alien beings that came to earth from another world to conquer earth:

[topic13571.html](http://topic13571.html)

The Beast steals the Princess at the marriage of her to the Prince, and holds her hostage to capture her power. While trying numerous times to kill the Prince. The movie reveals the Beast does this because both of them united are the only thing which can defeat the Beast. The Princess is Shakti the spiritual power of humanity the Beast tries to bend to its will to enslave the earth. And the Prince is Shiva the thinking mind the beast tries to destroy.

The Reptilian Beast is only destroyed when the Prince and Princess unite and finish the wedding rite, as the movie states their power together destroys the Reptilian Beast and sets the earth free. They destroy the Beast by the fire of their Shakti, the Princess holds the flame and the Prince directs it to destroy the Beast. Shakti is the power that Shiva directs.

This movie showed something strong. The conventional methods of fighting were all defeated by the Beast, it was only spiritual power and those who had knowledge of it that were able to defeat the Beast. This is what the Beast most feared and worked to destroy in the allegory of the Prince and Princess. The enemy has worked to keep humanity spiritually and mentality weak by dividing the male and female element of our souls to keep our spiritual power repressed. This is why they always attack, remove and corrupt spiritual knowledge.

It was only when the Prince and Princess united when Shakti and Shiva united that the Beast was destroyed. This showed this as the alchemical wedding the ancient symbol of the union of the soul, the raising of the kundalini serpent of Satan. Its not just Satan the Reptilian enemy fears the most its the power of Satan that dwells inside us in our very souls. The enemy states in their Talmud the Goyim all have Satanic Souls, because they remember this and its the power of Satan within us that terrifies them the most.

Raising the reproduction rate in a country is an easy task once you get rid of the people actively trying to suppress it. If the state creates conditions and incentives that compel women to marry and have children, the rest works itself out. Even though abortion was legal and women were expected to work, the Eastern bloc until the fall of the USSR always had a higher birth rate than Western Europe.

Poland's "successful" transition towards a capitalist economy in the European Union has been lauded by American think-tanks since its neighbors in the Baltics are in pretty awful shape, but it's just smoke and mirrors. The country is racked with unemployment and these people [emigrate](#) to other parts of Europe – an obvious birth-rate and population killer. In response to this problem, the Polish government is now offering cash subsidies for families that have many children. This is a Soviet-era program they're reviving, and it's working.

New Europe:

*The Dziennik Gazeta Prawna, a daily Polish newspaper, has reported that Poland is experiencing a baby boom, with about 400,000 more children to be born by the end of the year.*

*...The daily reports that the reason behind this baby boom might be the country's "500+" programme. This programme provides families with two or more children with a state handout of around PLN 500 (which equals €115) every month per child. Imagine if instead of billions of euros being set aside to pay Arabs and blacks to entertain us with their wonderful presence, the German government used the money as an incentive for families who have children.*

"Oy Vey," the free marketeers would whine, "but then people won't have an incentive to work!" Indeed, by supplementing women's income, you encourage them to be stay-at-home mothers as nature intended. Additionally, the temporary drop in the labor market will cause wages for men to raise, which will lead to women seeing more men as eligible and attractive. Most women would rather stay home working and caring for the people who love them (husbands, children) than be forced to serve some CEO that sees them as a disposable cog to milk surplus value out of.

The question is, how long can the Poles keep doing this right under Judah's big bulbous nose? That big schnoz casts a long shadow, and by being in the EU, Poland's smack dab under it. The Jews have an almost cartoonish hatred towards Poles, more than even Germans.

The Jewish (NGOs, global media, Soros, etc) response to the Polish baby boom is to activate their cells of upper middle class Polish intelligentsia, well-versed in the latest globalist (((European))) and (((American))) political fashions, to [destabilize the country](#) in the name of abortion. 400,000 babies a year in a homogeneous nation of 38 million is enough of an emergency to get Madonna out there and personally lead the protests.

... Let's see how this plays out. Expect to hear more about "Poland's attack on women's rights" on the news 24/7 though.

| Subject: Christians are Not White |               |          |                 |

I know the title sounds entirely, like incoherent. However, it is exactly what it states.

Christian is by definition someone who believes in a jewish book, they believe in a jewish god, and they are those who want to become a chosen one of a jewish rabbi, named "Rabbi Yehoshua" or in plain Goyim slang, "Jesus Christ". Rabbi Yehoshua, came to 'fullfill' the prophecies of the jews, lived a jewish life, and died a jew, even if we take the fanciful lie predisposed that it ever existed.

Christianity openly preaches of the death of all people in the "Revelation" and their throwing into eternal fire, except of 144,000 chosen, Israelite Rabbis. People do actually believe in all of the above.

How can one be "White" therefore. The definition of being White, is indeed Racial, but also, we have what is coined as the Racial Soul. When the Racial Soul is replaced with the soul of a rabbi, the soul of "Abraham" and the soul of the jews, then, what do we have indeed but a White body, preaching the Torah, a jewish god, and defining themselves by being part of the jewish matrix of control.

Religions, faiths, and philosophies generated by the White Soul, such as what is called today "Paganism", from the same blood as the 'haters' have, were created by their Ancestors. Of course, that doesn't matter. They had a cultural transfusion. Which happened through White "Christian" murdering their, otherwise, own people: Those who did not believe in a Middle Eastern jewish lie. They raised the sword, and killed them.

For what? For believing in the same things that made them exist and therefore, make the life of even the deceived possible. The real muck of the White race is in the churches, in the vatican, in the traitorous constructs of the jews, who promised them a position of seeming 'mastery' amongst the stable of their own enslaved people.

Christians love nobody, but their Rabbi. They were deceived into it, to the point of overpowering their own blood, their own racial inheritance, and their own self, soul, and ancestry. They raised the sword, and killed it. Now, we are experiencing the effects of that killing, the mass genocide of the White Race, who has been plundered in war, stupidity, and slavery for centuries. And the jew ruling supreme for centuries amongst our midst.

Because well, isn't he the "God" that people worshiped, in 'Human' form? Aren't these fools waiting for an imaginary Rabbi? If they were to pick their 'Race' as so many pretend, they would have dropped their Rabbi, and any person who considers themselves to be White, needs to drop this Rabbi, same as any cultural, mental, and emotional jewish program and psyop.

A Christian can never be a White person. This is defined by Blood and Soul. The Soul is what defines it equally as the Blood. One can have a White shell, and use it only as a conduit to push Judaism and raise the spearhead against those whom they hate.

Their otherwise 'own', whom they enslave under the jewish cultural program. One is not a blood infiltrator, but a Soul infiltrator. The slyest form of warfare, worse than the jew infiltrating by blood as well, worse than anything: The betrayal of betrayals.

All our people who have been disinfected, need to wash this jewish muck, and burn it whenever we see them. With gradual, resilient, and brutal spiritual means, this jewish cancer must be driven out if we are to survive and exist. It's our duty as the awakened elements to carry on this process, mercilessly and without pity, and to apply the jewish law these beings believe in: "Eye for eye, tooth for tooth".

Christianity will not survive the final reckoning, and upon its defeat rests the future of both the White Race, and Humanity as a whole.

Subject: The 'Great Indestructible Jew' debunked

[The 'Great Indestructible Jew' debunked : JoyofSatan666](#)

**The 'Great Indestructible Jew' debunked :  
JoyofSatan666**

One thing I have noticed is that people somehow think the enemy is just sitting, and Trump is like on the other end, same as Nixon, and the Rabbis tell them what to do. Maybe this was for some presidents, but not all. Bush for example, didn't go one inch or wake up in the morning, without reading his Talmud. Kennedy obviously wasn't such case, and he had a hidden interest to Hitler. The jews don't have complete control and dominion over the powers called 'Fate', let alone the Will of the Gods. These powers are competing on a large level.

Presidents obviously, unless we are talking of Bush or Clinton, have an Ego, and they also have a personality and their own opinions. The jews avoid these types as these create unrest. Nixon, whatever his background, this is another discussion, was being ravaged by the jews and therefore was extremely hateful. He even hated his midget, but necessary midget, jew Henry Kissinger.

As its in the Torah, unfortunately, because the Torah makes it as such through magick, leaders, even if Gentiles, are always alone and isolated to an extent, and therefore fall in favor of jews. They sic onto them, threaten them, lend to them, or surround them as their 'friends' and 'advisors' in many cases.

Even if they are jews themselves to an extent, with hybridization, always do come issues. The enemy advises the jews against hybridization, but they HAVE to be a hybrid in order to infiltrate. As thus the jews are mixed with all the races of the planet. And therefore have become the errant and schizoid race of criminals they are today, plus their reptilian blood. The rabbis hate hybridization as it creates UNCERTAINTY. Therefore they do not

let mixed kikes get in Israel, because who knows? They may be the most loyal, or they may suddenly go HAM and fuck up their own.

As have done jews in the years, by betraying the agenda of their own. It was a kike that for example, published the protocols of the elders of Zion. Because why not? Who knows what this jew was subjected to? Sometimes, the family abuse in jewish families is also extremely severe, to the point that many people cannot imagine. Just take a look on how they mutilate the penises of their so called spawns.

Jews casually attack, mistreat, and brutalize their own to no end. No lifeform likes pain, and to be treated in that way, no matter how much of a borg it is. This is physical, and hardwired into the physical body, and the very simple levels of existence. Not even a worm likes to be squashed.

Do you think that the president or other people in power enjoy getting Rabbis on the phone telling them they will kill them unless they follow their orders? Or other things like that which the jews seem to do? Not even a mixed kike would like all this abuse, attacks, and defamation by otherwise its own 'tribe'.

The enemy severely abuses their own people. Do you think that since Trump might have shilled for them, after destroying their media empire, the jews wouldn't destroy him at first chance for example? The jews are a brutal race, and they are ready to retaliate. The jews are a very vicious race. No matter how much one 'serves' them and does exactly what they state, the axe always hands on top of their head. Many people as such are extremely displeased.

Internal dispute and warfare is why the jews have been in the position they are today. Not all jews are psychic, 'wise' rabbis, or elders of Zion. However all of them know the act, and all of them are necessary. Also, not all of them are geniuses, either. They also do get actually born with bad astrology charts. And some even go kamikaze against their own jews. For many reasons. This should leave us cold and nobody should feed into the false 'good cop, bad cop'. But it's a reality still.

The enemy runs a worldwide conspiracy, yes, it's extremely powerful, yes, it has lasted a lot of time, yes, it can potentially destroy everything, yes. But then we also have 'human' and 'natural' error, the Gods, our side doing magick, and situational things. So know your enemy, never underestimate them, but don't gravely overestimate them, either. Maintain a level, and a confident approach. With systematic spiritual warfare we will win.

Additionally, many people don't pay attention. The pope, and all these 'grand' traitor figures of the greys and the reptilians, the jewish seed, is bound to a very obscure, and a very damning fate. Even their best servants, will be killed, and this is in the bible. Why? Because they are a dispensable piece of shit.

In Egypt, even the builders and the commonest of the commoners had an actual super proper burial that ensured their existence for eternal life, with frequent litanies done to remember their name. And even insects like Scrabs were made into dieties, same as pet Dogs, Cats, etc. What does that tell you about how Satan and the Gods treat life? Now we live in a numbered society, and the enemy is the one who makes this happen. What does that tell us about THEM?

The jew, unlike the rabbinical claims, is only a means to a way to the aliens. They would rather have other beings, like the greys directly, doing the

job, but instead, due to opposition by our Gods, they cannot do this. Therefore, they created a cheap hybrid to do the job. And they are quite displeased, as this has took a giant while for them to catch up.

The greys are sadistically enslaved to the reptilians, completely robbed of personal intelligence and free will. They do not even have genitals to replicate. What does that tell us about the reptilians and those who 'run the game'? They hate every sense of freedom, even if it comes to their own.

Unlike Satan and the Gods who are compassionate, understanding, gave Gentiles the ability to procreate, and gave us a free and individual spirit, PLUS the means to work on our individual Soul, the enemy has created a creation of a halfling, slave, to serve them and eventually be destroyed when their 'work' is done. The enemy 'god' is so sadistic, and this can be seen in the bible. The jews even in the bible are frequently genocided by the greys and their own alien hive, because of disobedience to their 'covenant'. The jews are a slave race by definition.

In conclusion, the jews seem so extremely powerful and so evil, because people have lost their ancestral knowledge, inner understanding, and because this infection has weakened the White Race who has been ruling for a long time, to the point the jew is perceived as 'great'. The jew is an alien, savage, parasite, and 'great' insofar these objectives are in question.

Society is still advancing, and not everyone is dead. In a desperate bastardized attempt to fullfill their purpose fast, they are attempting now to genocide Whites and destroy everyone, yet again, which will yet again, be met with an insurmountable wall and extremely cutthroat resistance.

The jew is the one who should be afraid, so long people do their spiritual warfare, spiritual advancement, and education of everyone. Satan and our Gods have ruled this planet for who knows how many tens, or closely hundreds of thousands of years. Aside other elect Souls and many people who are powerful, and are also around still. The jew always makes the calculations based on what they presently know, or what they have stolen just a few hundreds of years ago.

But there are so many things we don't know, and we haven't even seen. So, let's let the Gods do their part of the deal, and we do ours.

Indefinitely, until the 'end' and furthermore, we will fight until this is a closed case.

Sieg Heil Brothers and Sisters in Satan!!

[Why Spiritual Satanism is the Best Religion in the World : JoyofSatan666](#)

## Why Spiritual Satanism is the Best Religion in the World : JoyofSatan666

Spiritual Satanism is the True Religion.

No matter from where you see this matter, you can see it easily, especially if you look.

Spiritual Satanism tells the Truth on the afterlife, no bullshit added. There is no need for lying, as by definition becoming a Satanist implies one has already broken their 'comfort zone' by a long shot. We say the Truth on Karma, and how it plays out, same as endless others spiritual concepts. Satanism doesn't need to fool anyone into believing this or that, and people can see what is the case and isn't, by trying on their own. People who do the meditations see most of these things for themselves. We don't tell anyone what to 'see' in that sense. We just teach people to see, by practices that anyway are inconceivably Ancient and accepted to work by all pre-christian and pre-muslim civilizations. Truth in Satanism is a self-seeking, and also group-seeking inquiry.

We don't even need a 'bible' or something, because well, Spiritual Satanism is rooted in nature. Satanism as the enemy admits, is everywhere 'around' us. Be it in the physical and obvious level, or the higher and unmanifested levels (which we call the astral), Satanism is everywhere. From a beating heart, to the first breath of an infant, all the "Spiritual Satanic" values are there.

Let's assume for a moment that someone is a purely physical person that doesn't care for spirituality. Even them, they benefit from Spiritual Satanism, because we teach a sane morality. You don't do reckless evil, you become a civilizer, and keep your sights on becoming better. These are the people that Satan and the Gods like. Go after freedom, and fight those who seek to enslave you, but at the same time, don't be a stupid revolutionary as if revolution is your day to day job. Use judgement, common sense, logic.

Of all the religions in the world, Spiritual Satanism tells people, aside from any 'fancy' reason or any 'boogiemans' to people to finally use common sense. Therefore we have nothing to divide with science at all. We cherish on the betterment of our existence and life on it, except of two small minor things: the ridiculing of the spiritual notion of man (except of jewish crap about its non-existence when their race practices spirituality en masse).

In Spiritual Satanism, you don't live for any afterlife, even if you know about it. You don't wait to die, seeking a better tomorrow. You strive to advance today. You really start understanding the universal understanding that some people named 'god', as a stupid idea to confuse people that they were destined to be cattle, same as some laws such as 'karma', and what's behind them. Therefore you are free, and you are master of your own behavior. Spiritual Satanism is both materialism, and idealism. Most religions are pretending one or the other, while as everyone can see, materialism always reigns. Spiritual Satanism doesn't need to pretend anything as simply both natures are accepted, and materialism is not excluded from Spirituality. On our behalf, everything is balanced and nice.

Spiritual Satanism also teaches order, but the necessity to revolt against slavers such as the enemy, who seek to destroy humanity for no absolute

reason whatsoever. Satanism is a merciful religion to every person seeking to advance, and is against misplaced mercy and fake tolerance that helps nobody. In Satanism, everyone must advance and wage their battle.

If Satanism was to rule the world one day, it would be just the Truth dismantling the lies. Spiritual Satanists seek the highest idealism for the future of their Race and humanity, but we are also practical and realistic about what is going on in existence today.

In Spiritual Satanism, no person is left behind, unless they by their own admission leave themselves behind and corrupt themselves in a loop of eternal self-destruction. We carry people out of fire, but we don't take bullets for them. We don't have any slave mentality. For order to exist, there is no need for slave mentality, as simply logic and looking at things really, creates an order.

Spiritual Satanism is also a peaceful religion. However if we are threatened and attacked, we will become spiritually brutal, and we will pay our enemies with the same currency. We don't seek the destruction of any Gentile, no matter their beliefs, unless of course they are seeking ours. We see at people who are xians and other misguided people who have been brainwashed as rather sick, unless they attack us outright.

We know Races to exist, because well, they do. We like to see reality as it is. Being a Satanist, one always has the occult and mental powers, and the support needed to go on. No matter how low someone has sunk, there is always a choice and some adherence away to become a better being. We know there are ways to eternal life, but we also see that its in our life here that we must fight. Our views of eternal life don't make us life hating, they make us life-loving. We realize life as the greatest gift and we seek to protect and raise it to higher levels of existence.

Our so called "Anti-Semitism" is not situational, and we didn't wake up one day and decided to become anti-semitic to uselessly rebel. We know of the hidden 'agenda' that is no longer hidden anymore, because its carriers don't even hide it anymore. Its a defense against specific groups who have tried to destroy people who, like us, under the massive label of "Satanism" have tried to advance civilization. Since their attacks have been unceasing and repeated we are left with no other choice, and history has now been written anyway, many times in blood of many innocent Gentiles. Due to all of our values and devotion for life, we have had to do something. In Spiritual Satanism, we have morals, but not slave morals which promote injustice, misery and pain. We have thousands of years of evidence, anyway.

In Spiritual Satanism we take natural determinism seriously, but we also take our views seriously, which tell us that everyone should be able to prove themselves, and have the means to advance and become better. We don't judge solely by any birth, and every spiritual Satanist has all the means at their disposal to go anywhere they want and can, with their existence. For the impossible, we devise possibilities. We believe that Humanity is made to be something higher, which as we call it today, we call it "Gods".

We Satanists do respect nature, the laws presented to us by nature, and we believe all advancement should be done in harmony with Nature and not otherwise. We believe Humanity has only as much potential as it decides it has, and puts itself to achieve.

Lastly, in Spiritual Satanism, we don't teach people stupid values like 'anarchy' or being constantly in consistent and fruitless ego wars with other people. We know such values do not promote wellbeing, or civilization, but we are ready to defy values that may be damning to civilization. We teach people to fight if necessary, we would throw ourselves to fire for freedom and for individuality, but a Spiritual Satanist knows how to create a phlanx with his brothers and sisters when the time requires. We value brotherhood, with order, and sometimes a family character to it. But never to

the expense of ego.

And why all of this. Because we have met Him who is called Satan.

"God" is not our slave, our fanboy, or something that we use as a car to get us where we want. Our "God" is our God, and so many more things than God, because today this word is empty and means a lot of abrahamic nonsense. Why do we respect Satan? Simply: because He is magnificent, He is known to us, He is the Eternal, and the Eternal can manifest itself. Because there is no reason why 'not'. We consider Humanity worthy. "God" or any being of 'innumerable' capability should, and is able to do this as well, to relate to people in development.

We don't teach "God" is hate, or "love". Our Gods are real beings, and like us, only infinite times more advanced, have ways which we have to understand. Our Gods are not hiding to those who have eyes to see and ears to listen.

Satan doesn't claim the position of 'God', let alone any jewish 'god'. They on the other hand, claimed HIS position, with destructive aftermath for them. Satan has had His eternal throne in all Ancient Civilizations. Satan's position is, has been, and will forever be higher and inconceivable compared to 'God'. Satan also, is the only one who leads to the 'universal consciousness' that many people call "God", but in the East is called Atman: The state of supreme consciousness of creation or simply 'god', called Samadhi, and reached by Satan's Divine Name, SA-TA-NA-MA.

We are blessed to understand that the universe on its own does not 'hate' anyone, let alone favor anyone, all of which we know to be abrahamic lies. The universe is Nature, and nature rewards or damns, depending on our choices. Some people to mystify this term, they call it 'karma', or even worse in the jewish conspiracy, they pretend this universe is a jew that hates all non-jews. So much of their disturbing lies.

As we understand Him, we call Him God, but He is so much more. He is revealed to anyone, but also the ultimate, greatest, most beautiful and the most magnificent Mystery in Creation. There are no words to describe Him, but we try. Spiritual Satanism is the Eternal Way from which we follow into the Absolute.

Spiritual Satanism is the Now, the Past, and the Forever.

Spiritual Satanism is the gateway to the Eternal Truth of the Cosmos, our Father Satan Lucifer, the God of Light, Splendor and everlasting Strength.

Spiritual Satanism is Truth, Meaning, Life, and Perfection. All this is Satan, and infinitely more.

We are approaching Him and understanding Him, that which many like to call "God", but we know how to call as Satan, whose name is Eternal Truth. To us He is real, existing, and visible to those who want to see Him. We also make sure to display what is best of our God, and people who use the Gods in the same way as the enemy dogmas do, we abolish their rights them and we drive them away. This is because, unlike xians, we know our Gods are real, are Gods are existing, and lastly, our Gods do deliver justice...

We worship Truth, approached and grasped closely by spirituality, which in anyway, enlivens and makes beings better, stronger, but also more peaceful, because it makes humans raise in consciousness and become more intelligent.

**Futuristic Transhumanism : JoyofSatan666**

Greetings to all our People and Satanic Comrades!

This is the giant trend of the jews for this century. You're all going to become borgs, get into a fancy VR, inject drug this or drug that, and "forever", so long the tech exists, you will be a slave of your own illusion of 'power'. You will in reality be a fat atrophied nerd. However, you will compete against other top notch people in video game "X", so it won't really matter. This is a trend that is extremely forced into newer generations, and a term that also focuses around what is called as 'futurism'. This will be constantly pushed by the jews, to finally replace real life and existence, by a digital and fake existence. We are already living in a physical existence, owned largely by jews, and filled with lies. Why not go into full VR mode, and live DEEPER in the lies? Ever-deeper!

This has been played for a while now. This is because, the enemy wants to use the psychic and lifeforce energy produced by the 'goyim' for their own ends. Lifeforce = Power of "God". It makes things happen, and it creates. The Kundalini is also called the Serpent of Life.

"Futurism" and "Transhumanism" is nothing but middle ages simplified and technologically 'caught up', and nothing comes for free. So long you don't understand the spiritual Truth, it doesn't matter what you do in video games, or how many nonbots you have in your butt indeed. You are a useless species indeed. Now, if the jews put ads all over the internet, I don't wanna know what they will do with a microchip in your optic nerve...Maybe they can flash some ads on your brain or something, snap a vein? Who knows?

When humanity is beaten, powerless, and human beings have no insight to their spiritual potential, humanity starts to sink into a lower level, all the time. One becomes only flesh, bones, and a victim of everything. The enemy aliens and the jews who are in power are very aware of all the secrets that billions of others are not. They therefore use these with considerable ease, to control them asses akin how one does control ants in a cage. The only thing is that people aren't really ants in that sense. They are just reduced into ants.

The interesting thing is that obviously, there are no limits to how much technology can, or should expand. However, the trick the enemy is now pulling is to MERGE with this technology, on a linear, biological level. The argument is, since the goyim are too bored to go to their PC for google,

let's hook it on their brain. Even if google has already got monumental speed. Imagine if the garbage of the internet flew in your brain, without your consensus or something. Unfiltered. So like google spies on them like cattle anyway, now we can spy their thoughts.

The above of course, like everything the jews mimic, does mimic a state of consciousness, where one can project their consciousness in a never ending sea of information. All people can do this, without any chip, and without a kike supervising the process. This can be done by spiritual advancement in the highest levels. People just need to get their act together. The jews state that this is to make 'a mass mind' of humanity, of course, assisted by the technology they supervise and create. Another fake play pretend, that is based on a spiritual concept, that is used to enslave people. Like the blueprint of the nazarene.

Now, this 'mass mind' already exists and its like, right HERE. You are part of this mass-mind, already hooked into it by nature herself. You just don't know how to get into this, because well, you have been reduced into a spiritually inaware person. One just does yoga and meditation, and as they advance, they experience the so called 'mass mind' and the mass consciousness, which is on the astral level. OF course, the jews know all of this, but the goyim that don't, get sold on any lie.

Take for example your mobile phone. What you can do with your phone, you can also do with your telepathy. However, because this ability has been forcibly removed, same as the knowledge on how to do it, they now sell it to you bit by bit. And of course, all your calls can be monitored, tapped into etc. What nature gives you for free, the enemy removes it first, and then, as the Gods force these things to re-appear, we have cellphones, and so forth the enemy tries to control these. At the ultimate pushing and when our Gods will be victorious, we will return to a totally spiritual civilization, but at the same time, extremely advanced, without binding or life damning technology, or technology of underhanded motivations.

A lot of people cannot figure out how the pyramids were built, and other marvelous things happened. The thing is, in Egypt and other civilizations, telepathy and other things were very common. The common man basically had spiritual access and could be initiated anytime they wanted. Now, the knowledge is forcibly held on the hands of a few jewish pricks, who damn the planet on accord.

All of this 'progress' comes from the same beings and souls that made the Middle ages. And those who spent more time in the Occult than everyone else, telling them that the Occult is a piece of crap. These people are called 'jews' basically, and they are a race. Who has kept humanity enslaved for two thousands of years time.

Now, they come to liberate the goyim, as much as they wanted to liberate them with Christianity, Islam, and other fancy pipedreams of sudden and immaculate salvation, that require nothing, but to accept a microchip, or Jesus christ as your lord and savior, or get a pill down your system and everything will be given to you.

The metaphysical hoax of jesus christ and the perfect life in heaven, has later become the magickal pill that will make you understand everything and get you to elevated consciousness, and now, we have transhumanism, the magical nanobot that will get in your asshole, and show you the way to infinite and prolonged life without any disease etc. All of this is just the same cycle of lies, with the same ultimate purpose.

Of course the jews on one hand push that shit to get in research for their own borg race, and on the other gate, they fill all civilized countries with inhuman, pisslamic scum. So when things come to the correct moment, they will have attained their borg dreams, and the idiots below will be a slave, cattle mass, below them, powerless and defeated.

The human body, from the fingernails, down to the number of fingers, to the pineal gland, has a very deep occult significance, that connects with the larger fabric of creation, or the cosmos. The physical body is actually the 'all' in that sense, housing in it and being able to perceive 'everything' within creation, but only by correspondance. For example, the bones correspond, same as the base chakra, to the dimension of the physical.

As we go upwards, we reach the pineal gland, and the crown, which deal with what is called the "Absolute". In the highest levels, in our senses, the "Absolute" appears as infinite darkness in a sense, some which call it Atman. This is a reason why Satan is also called the Lord of Darkness. However, spiritual power is manifested light, this power too, comes from this "Darkness", which is not devoid of light. But shines. This is the "Black Sun" which is associated with the National Socialists, and is a worldwide hated symbol now. The closest to this manifestation also does exist in the actual Sun, and this corresponds to the Chakra of the Solar plexus as well.

Recent sciences hasn't given a question, on why Humans do actually have 'consciousness' and perception. From the writings of the enemy we can see, that the aliens of the enemy wanted us to be borgs, that had no self consciousness. Satan and the Gods gave us what is called as consciousness.

Consciousness in the linear level, is what makes you a living, moving thing that is not a borg. A borg can move, and maybe it can fly, jump, or even with the correct Artificial Intelligence program, be thinking and making decisions. However, it will never have real 'life' in it, or consciousness. It will only have lower principles. In short, it will be soulless.

A purpose on life and why Satan and the Gods emphasize on not Race mixing, is because Races are in fact different mass-souls that have their own development level. To mix one with the other, is to regress largely, rather than progress. The jews themselves aren't stupid to 'race mix' and they know that families, and ancestors, do actually account to spiritually pent up power. The jews are to avoid this, this is for the goy. The goy are to be living in the multicultural global cage of ants, and the jews are to be standing on a higher level, playing with the goyim like ants. The fate of a parasitic race is to enslave some other entity in order to reach their 'purpose' or 'end'.

After the constant spiritual evolution of a race, when the link with the 'infinite' comes in contact, at some point, people discover what is called 'Immortality', through what is known by the Magnum Opus. This is metaphysical. The jews only fool the goyim with transhumanism. They are going to only do this for their own lesser elements. The wise of the jews know that the real power lies in the immortal spirit, that can exist irrespectively of even if you nuke it with a nuclear bomb.

The material, flesh and blood body, is what is needed for this process. The Gods aren't stupid. If they wanted to make us as borgs, they would, but this literal 'flesh and bone' which so many fools hate, is actually the link to life itself. Life itself is the most fragile element in existence, but well, it is also the strongest, and its the only thing that is in touch with the infinite potential of existence.

Therefore, only life is 'god' or the 'force of god'. And this life can only inhabit bodies such as these. The more mechanised and gross the body

becomes, the less life it can house. A stone, a metal, cannot be alive. Even if it had moving elements such as nanobots in them, any amount of nanobots would never be equal in quality to the blood for example, as the carrier of life.

This deals with the astral light, and the spiritual body, which is tied into the physical body. The races are in a development stage to get into this level. Some individuals can actually do this on their own, and 'escape' the wheel of Karma, to live forever. For those who don't do this process, they will forever be damned in the repeating circle, which the jews glorify by naming their holy book after: The "Torah". The Rota is the eternal circle, that beings and human life does take, until it reaches a point to manifest itself in the most perfect and higher level way.

Lastly, the jewish race pushes trans-humanism, because they are an inferior life-form, that has no spiritual purpose of any serious sort, just to keep other humans in control and preoccupied in a rat wheel. They just want to become actual, physical borgs, as they are on the inside, because there is nothing seriously spiritual for them.

As we have written before, the jews do lack particular things in the Soul that make them an inferior species. As such the jews hate what is called "Truth", named in their writings as "Ha-Satan", the ultimate understanding, and neglect any Truth about existence or reality. They don't have any destiny for immortality, or any other such things, so they just want to desperately preserve themselves in the level of borgs.

Unfortunately, the same aliens that tried to prevent Satan from creating Humans into a worthwhile and whole creation, prevented him later from raising his creation to the highest spiritual level of intention. Our role is to help people finish this, and this is why the hidden 'overlords', greys, and other shitheads, of this petty world make themselves known spiritually to us, to let us know how right we are, and how much they are losing it.

My hope and conviction is that humanity, or at least quite a few beings, will understand that you are already sitting in nuclear power (your Soul) and achieve inner liberation and ascension. The purpose of which is to raise the self, and then gradually the whole, into the level of consciousness of the seventh heaven, or 'god'.

Only Satan can give and guide towards the real Godhead. Not short, ugly, greedy, pieces of alien life that we have been indoctrinated to accept us 'fellow humans'.

When Humanity grasps it, we will be many steps closer to surpassing our current life right now, and really rise on a higher level of existence. To not understand this, is to create a second Middle Ages, owned, run, and technologically executed by jews.

[The 'Great Indestructible Jew' debunked : JoyofSatan666](#)

## The 'Great Indestructible Jew' debunked : JoyofSatan666

One thing I have noticed is that people somehow think the enemy is just sitting, and Trump is like on the other end, same as Nixon, and the Rabbis tell them what to do. Maybe this was for some presidents, but not all. Bush for example, didn't go one inch or wake up in the morning, without reading his Talmud. Kennedy obviously wasn't such case, and he had a hidden interest to Hitler. The jews don't have complete control and dominion over the powers called 'Fate', let alone the Will of the Gods. These powers are competing on a large level.

Presidents obviously, unless we are talking of Bush or Clinton, have an Ego, and they also have a personality and their own opinions. The jews avoid these types as these create unrest. Nixon, whatever his background, this is another discussion, was being ravaged by the jews and therefore was extremely hateful. He even hated his midget, but necessary midget, jew Henry Kissinger.

As its in the Torah, unfortunately, because the Torah makes it as such through magick, leaders, even if Gentiles, are always alone and isolated to an extent, and therefore fall in favor of jews. They sic onto them, threaten them, lend to them, or surround them as their 'friends' and 'advisors' in many cases.

Even if they are jews themselves to an extent, with hybridization, always do come issues. The enemy advises the jews against hybridization, but they HAVE to be a hybrid in order to infiltrate. As thus the jews are mixed with all the races of the planet. And therefore have become the errant and schizoid race of criminals they are today, plus their reptilian blood. The rabbis hate hybridization as it creates UNCERTAINTY. Therefore they do not let mixed kikes get in Israel, because who knows? They may be the most loyal, or they may suddenly go HAM and fuck up their own.

As have done jews in the years, by betraying the agenda of their own. It was a kike that for example, published the protocols of the elders of Zion. Because why not? Who knows what this jew was subjected to? Sometimes, the family abuse in jewish families is also extremely severe, to the point that many people cannot imagine. Just take a look on how they mutilate the penises of their so called spawns.

Jews casually attack, mistreat, and brutalize their own to no end. No lifeform likes pain, and to be treated in that way, no matter how much of a borg it is. This is physical, and hardwired into the physical body, and the very simple levels of existence. Not even a worm likes to be squashed.

Do you think that the president or other people in power enjoy getting Rabbis on the phone telling them they will kill them unless they follow their orders? Or other things like that which the jews seem to do? Not even a mixed kike would like all this abuse, attacks, and defamation by otherwise its own 'tribe'.

The enemy severely abuses their own people. Do you think that since Trump might have shilled for them, after destroying their media empire, the jews wouldn't destroy him at first chance for example? The jews are a brutal race, and they are ready to retaliate. The jews are a very vicious race. No matter how much one 'serves' them and does exactly what they state, the axe always hands on top of their head. Many people as such are extremely displeased.

Internal dispute and warfare is why the jews have been in the position they are today. Not all jews are psychic, 'wise' rabbis, or elders of Zion. However all of them know the act, and all of them are necessary. Also, not all of them are geniuses, either. They also do get actually born with bad astrology charts. And some even go kamikaze against their own jews. For many reasons. This should leave us cold and nobody should feed into the false 'good cop, bad cop'. But it's a reality still.

The enemy runs a worldwide conspiracy, yes, it's extremely powerful, yes, it has lasted a lot of time, yes, it can potentially destroy everything, yes. But then we also have 'human' and 'natural' error, the Gods, our side doing magick, and situational things. So know your enemy, never underestimate them, but don't gravely overestimate them, either. Maintain a level, and a confident approach. With systematic spiritual warfare we will win.

Additionally, many people don't pay attention. The pope, and all these 'grand' traitor figures of the greys and the reptilians, the jewish seed, is bound to a very obscure, and a very damning fate. Even their best servants, will be killed, and this is in the bible. Why? Because they are a dispensable piece of shit.

In Egypt, even the builders and the commonest of the commoners had an actual super proper burial that ensured their existence for eternal life, with frequent litanies done to remember their name. And even insects like Scrabs were made into dieties, same as pet Dogs, Cats, etc. What does that tell you about how Satan and the Gods treat life? Now we live in a numbered society, and the enemy is the one who makes this happen. What does that tell us about THEM?

The jew, unlike the rabbinical claims, is only a means to a way to the aliens. They would rather have other beings, like the greys directly, doing the job, but instead, due to opposition by our Gods, they cannot do this. Therefore, they created a cheap hybrid to do the job. And they are quite displeased, as this has took a giant while for them to catch up.

The greys are sadistically enslaved to the reptilians, completely robbed of personal intelligence and free will. They do not even have genitals to replicate. What does that tell us about the reptilians and those who 'run the game'? They hate every sense of freedom, even if it comes to their own.

Unlike Satan and the Gods who are compassionate, understanding, gave Gentiles the ability to procreate, and gave us a free and individual spirit, PLUS the means to work on our individual Soul, the enemy has created a creation of a halfling, slave, to serve them and eventually be destroyed when their 'work' is done. The enemy 'god' is so sadistic, and this can be seen in the bible. The jews even in the bible are frequently genocided by the greys and their own alien hive, because of disobedience to their 'covenant'. The jews are a slave race by definition.

In conclusion, the jews seem so extremely powerful and so evil, because people have lost their ancestral knowledge, inner understanding, and because this infection has weakened the White Race who has been ruling for a long time, to the point the jew is perceived as 'great'. The jew is an alien, savage, parasite, and 'great' insofar these objectives are in question.

Society is still advancing, and not everyone is dead. In a desperate bastardized attempt to fullfill their purpose fast, they are attempting now to genocide Whites and destroy everyone, yet again, which will yet again, be met with an insurmountable wall and extremely cutthroat resistance.

The jew is the one who should be afraid, so long people do their spiritual warfare, spiritual advancement, and education of everyone. Satan and our Gods have ruled this planet for who knows how many tens, or closely hundreds of thousands of years. Aside other elect Souls and many people who are powerful, and are also around still. The jew always makes the calculations based on what they presently know, or what they have stolen just a few hundreds of years ago.

But there are so many things we don't know, and we haven't even seen. So, let's let the Gods do their part of the deal, and we do ours.

Indefinitely, until the 'end' and furthermore, we will fight until this is a closed case.

Sieg Heil Brothers and Sisters in Satan!!

[Why Spiritual Satanism is the Best Religion in the World : JoyofSatan666](#)

**Why Spiritual Satanism is the Best Religion in the World : JoyofSatan666**

Spiritual Satanism is the True Religion.

No matter from where you see this matter, you can see it easily, especially if you look.

Spiritual Satanism tells the Truth on the afterlife, no bullshit added. There is no need for lying, as by definition becoming a Satanist implies one has already broken their 'comfort zone' by a long shot. We say the Truth on Karma, and how it plays out, same as endless others spiritual concepts. Satanism doesn't need to fool anyone into believing this or that, and people can see what is the case and isn't, by trying on their own. People who do the meditations see most of these things for themselves. We don't tell anyone what to 'see' in that sense. We just teach people to see, by practices that anyway are inconceivably Ancient and accepted to work by all pre-christian and pre-muslim civilizations. Truth in Satanism is a self-seeking, and also group-seeking inquiry.

We don't even need a 'bible' or something, because well, Spiritual Satanism is rooted in nature. Satanism as the enemy admits, is everywhere

'around' us. Be it in the physical and obvious level, or the higher and unmanifested levels (which we call the astral), Satanism is everywhere. From a beating heart, to the first breath of an infant, all the "Spiritual Satanic" values are there.

Let's assume for a moment that someone is a purely physical person that doesn't care for spirituality. Even them, they benefit from Spiritual Satanism, because we teach a sane morality. You don't do reckless evil, you become a civilizer, and keep your sights on becoming better. These are the people that Satan and the Gods like. Go after freedom, and fight those who seek to enslave you, but at the same time, don't be a stupid revolutionary as if revolution is your day to day job. Use judgement, common sense, logic.

Of all the religions in the world, Spiritual Satanism tells people, aside from any 'fancy' reason or any 'boogiemans' to people to finally use common sense. Therefore we have nothing to divide with science at all. We cherish on the betterment of our existence and life on it, except of two small minor things: the ridiculing of the spiritual notion of man (except of Jewish crap about its non-existence when their race practices spirituality en masse).

In Spiritual Satanism, you don't live for any afterlife, even if you know about it. You don't wait to die, seeking a better tomorrow. You strive to advance today. You really start understanding the universal understanding that some people named 'god', as a stupid idea to confuse people that they were destined to be cattle, same as some laws such as 'karma', and what's behind them. Therefore you are free, and you are master of your own behavior. Spiritual Satanism is both materialism, and idealism. Most religions are pretending one or the other, while as everyone can see, materialism always reigns. Spiritual Satanism doesn't need to pretend anything as simply both natures are accepted, and materialism is not excluded from Spirituality. On our behalf, everything is balanced and nice.

Spiritual Satanism also teaches order, but the necessity to revolt against slavers such as the enemy, who seek to destroy humanity for no absolute reason whatsoever. Satanism is a merciful religion to every person seeking to advance, and is against misplaced mercy and fake tolerance that helps nobody. In Satanism, everyone must advance and wage their battle.

If Satanism was to rule the world one day, it would be just the Truth dismantling the lies. Spiritual Satanists seek the highest idealism for the future of their Race and humanity, but we are also practical and realistic about what is going on in existence today.

In Spiritual Satanism, no person is left behind, unless they by their own admission leave themselves behind and corrupt themselves in a loop of eternal self-destruction. We carry people out of fire, but we don't take bullets for them. We don't have any slave mentality. For order to exist, there is no need for slave mentality, as simply logic and looking at things really, creates an order.

Spiritual Satanism is also a peaceful religion. However if we are threatened and attacked, we will become spiritually brutal, and we will pay our enemies with the same currency. We don't seek the destruction of any Gentile, no matter their beliefs, unless of course they are seeking ours. We see at people who are Christians and other misguided people who have been brainwashed as rather sick, unless they attack us outright.

We know Races to exist, because well, they do. We like to see reality as it is. Being a Satanist, one always has the occult and mental powers, and the support needed to go on. No matter how low someone has sunk, there is always a choice and some adherence away to become a better being. We know there are ways to eternal life, but we also see that it's in our life here that we must fight. Our views of eternal life don't make us life hating,

they make us life-loving. We realize life as the greatest gift and we seek to protect and raise it to higher levels of existence.

Our so called "Anti-Semitism" is not situational, and we didn't wake up one day and decided to become anti-semitic to uselessly rebel. We know of the hidden 'agenda' that is no longer hidden anymore, because its carriers don't even hide it anymore. Its a defense against specific groups who have tried to destroy people who, like us, under the massive label of "Satanism" have tried to advance civilization. Since their attacks have been unceasing and repeated we are left with no other choice, and history has now been written anyway, many times in blood of many innocent Gentiles. Due to all of our values and devotion for life, we have had to do something. In Spiritual Satanism, we have morals, but not slave morals which promote injustice, misery and pain. We have thousands of years of evidence, anyway.

In Spiritual Satanism we take natural determinism seriously, but we also take our views seriously, which tell us that everyone should be able to prove themselves, and have the means to advance and become better. We don't judge solely by any birth, and every spiritual Satanist has all the means at their disposal to go anywhere they want and can, with their existence. For the impossible, we devise possibilities. We believe that Humanity is made to be something higher, which as we call it today, we call it "Gods".

We Satanists do respect nature, the laws presented to us by nature, and we believe all advancement should be done in harmony with Nature and not otherwise. We believe Humanity has only as much potential as it decides it has, and puts itself to achieve.

Lastly, in Spiritual Satanism, we don't teach people stupid values like 'anarchy' or being constantly in consistent and fruitless ego wars with other people. We know such values do not promote wellbeing, or civilization, but we are ready to defy values that may be damning to civilization. We teach people to fight if necessary, we would throw ourselves to fire for freedom and for individuality, but a Spiritual Satanist knows how to create a phlanx with his brothers and sisters when the time requires. We value brotherhood, with order, and sometimes a family character to it. But never to the expense of ego.

And why all of this. Because we have met Him who is called Satan.

"God" is not our slave, our fanboy, or something that we use as a car to get us where we want. Our "God" is our God, and so many more things than God, because today this word is empty and means a lot of abrahamic nonsense. Why do we respect Satan? Simply: because He is magnificent, He is known to us, He is the Eternal, and the Eternal can manifest itself. Because there is no reason why 'not'. We consider Humanity worthy. "God" or any being of 'innumerable' capability should, and is able to do this as well, to relate to people in development.

We don't teach "God" is hate, or "love". Our Gods are real beings, and like us, only infinite times more advanced, have ways which we have to understand. Our Gods are not hiding to those who have eyes to see and ears to listen.

Satan doesn't claim the position of 'God', let alone any jewish 'god'. They on the other hand, claimed HIS position, with destructive aftermath for them. Satan has had His eternal throne in all Ancient Civilizations. Satan's position is, has been, and will forever be higher and inconceivable compared to 'God'. Satan also, is the only one who leads to the 'universal consciousness' that many people call "God", but in the East is called Atman: The state of supreme consciousness of creation or simply 'god', called Samadhi, and reached by Satan's Divine Name, SA-TA-NA-MA.

We are blessed to understand that the universe on its own does not 'hate' anyone, let alone favor anyone, all of which we know to be abrahamic lies. The universe is Nature, and nature rewards or damns, depending on our choices. Some people to mystify this term, they call it 'karma', or even worse in the jewish conspiracy, they pretend this universe is a jew that hates all non-jews. So much of their disturbing lies.

As we understand Him, we call Him God, but He is so much more. He is revealed to anyone, but also the ultimate, greatest, most beautiful and the most magnificent Mystery in Creation. There are no words to describe Him, but we try. Spiritual Satanism is the Eternal Way from which we follow into the Absolute.

Spiritual Satanism is the Now, the Past, and the Forever.

Spiritual Satanism is the gateway to the Eternal Truth of the Cosmos, our Father Satan Lucifer, the God of Light, Splendor and everlasting Strength.

Spiritual Satanism is Truth, Meaning, Life, and Perfection. All this is Satan, and infinitely more.

We are approaching Him and understanding Him, that which many like to call "God", but we know how to call as Satan, whose name is Eternal Truth. To us He is real, existing, and visible to those who want to see Him. We also make sure to display what is best of our God, and people who use the Gods in the same way as the enemy dogmas do, we abolish their rights them and we drive them away. This is because, unlike xians, we know our Gods are real, are Gods are existing, and lastly, our Gods do deliver justice...

We worship Truth, approached and grasped closely by spirituality, which in anyway, enlivens and makes beings better, stronger, but also more peaceful, because it makes humans raise in consciousness and become more intelligent.

All xion religions teach this garbage from childhood. The children have to recite from memory their service to the joos and to the joo-on-a-stick before they are accepted. And the pressure to conform is immense! Then they have to repeat it every church service. They are then programmed repeatedly up to the day they die/leave xianty to obey and to give homage to the joos and to pissrael. It's part of each church service!

Eye for an eye. A soul for a soul. Extinguish them!

I know the title sounds entirely, like incoherent. However, it is exactly what it states.

Christian is by definition someone who believes in a jewish book, they believe in a jewish god, and they are those who want to become a chosen one of a jewish rabbi, named "Rabbi Yehoshua" or in plain Goyim slang, "Jesus Christ". Rabbi Yehoshua, came to 'fullfill' the prophecies of the jews, lived a jewish life, and died a jew, even if we take the fanciful lie predisposed that it ever existed.

Christianity openly preaches of the death of all people in the "Revelation" and their throwing into eternal fire, except of 144,000 chosen, Israelite Rabbis. People do actually believe in all of the above.

How can one be "White" therefore. The definition of being White, is indeed Racial, but also, we have what is coined as the Racial Soul. When the Racial Soul is replaced with the soul of a rabbi, the soul of "Abraham" and the soul of the jews, then, what do we have indeed but a White body, preaching the Torah, a jewish god, and defining themselves by being part of the jewish matrix of control.

Religions, faiths, and philosophies generated by the White Soul, such as what is called today "Paganism", from the same blood as the 'haters' have, were created by their Ancestors. Of course, that doesn't matter. They had a cultural transfusion. Which happened through White "Christian" murdering their, otherwise, own people: Those who did not believe in a Middle Eastern jewish lie. They raised the sword, and killed them.

For what? For believing in the same things that made them exist and therefore, make the life of even the deceived possible. The real muck of the White race is in the churches, in the vatican, in the traitorous constructs of the jews, who promised them a position of seeming 'mastery' amongst the stable of their own enslaved people.

Christians love nobody, but their Rabbi. They were deceived into it, to the point of overpowering their own blood, their own racial

inheritance, and their own self, soul, and ancestry. They raised the sword, and killed it. Now, we are experiencing the effects of that killing, the mass genocide of the White Race, who has been plundered in war, stupidity, and slavery for centuries. And the Jew ruling supreme for centuries amongst our midst.

Because well, isn't he the "God" that people worshiped, in 'Human' form? Aren't these fools waiting for an imaginary Rabbi? If they were to pick their 'Race' as so many pretend, they would have dropped their Rabbi, and any person who considers themselves to be White, needs to drop this Rabbi, same as any cultural, mental, and emotional Jewish program and psyop.

A Christian can never be a White person. This is defined by Blood and Soul. The Soul is what defines it equally as the Blood. One can have a White shell, and use it only as a conduit to push Judaism and raise the spearhead against those whom they hate.

Their otherwise 'own', whom they enslave under the Jewish cultural program. One is not a blood infiltrator, but a Soul infiltrator. The slyest form of warfare, worse than the Jew infiltrating by blood as well, worse than anything: The betrayal of betrayals.

All our people who have been disinfected, need to wash this Jewish muck, and burn it whenever we see them. With gradual, resilient, and brutal spiritual means, this Jewish cancer must be driven out if we are to survive and exist. It's our duty as the awakened elements to carry on this process, mercilessly and without pity, and to apply the Jewish law these beings believe in: "Eye for eye, tooth for tooth".

Christianity will not survive the final reckoning, and upon its defeat rests the future of both the White Race, and Humanity as a whole.

Wow! The picture you paint!!!

Put this article together with the info about the next potential world war [the real war to end all wars]. Even if it's only 3-4 years from now and not that big...! The enemy will have the transhuman bots psychic'd up for war and they won't even know or care whom they're fighting. And with the SS weakened by race mixing, the enemy expects to win easily!

Yes. The SS today have the means to build a "pyramid". If we devote time to learning how. Devote time to understanding the way physical abilities tie into spiritual consciousness.

The ancient Egyptians used their physical bodies as the gateway and supplementation to spiritual excellence. But the Egyptians were only one culture to build pyramids. These stately structures can be found world wide. And no two civilizations built exactly the same types. Because all of the cultures exemplified their race and their spiritual knowledge. The ancients knew that one's race and heritage was important. The differences in pyramids exemplify the physical perfection of a pure race of Gentile.

So for those of us SS who are not so fortunate as to be of a pure race....

You paint a vivid picture of what we are up against, physically and spiritually. We do our studies. We do the RTRs. We grow. Ascend. Transcend [hopefully within this lifetime because earth time is getting short] into godliness.

It was pointed out once that the responsibility for the action of race mixing lies with the former generations [unless we today individually mix]. The fruit of that mixing, however, lies within each of us. It was also pointed out that each of us has a genetically predominate race which we individually need to identify with and to cling to. Strive and develop with.

For within these distinctions of individuality called race, the "pyramids" of the future of mankind will be built.

But I still feel as though I don't have the whole picture. What am I missing? Yes I'm diving deep. I can't believe it's so simple that I'm just missing it. [?!]

Greetings to all our People and Satanic Comrades!

This is the giant trend of the jews for this century. You're all going to become borgs, get into a fancy VR, inject drug this or drug that,

and "forever", so long the tech exists, you will be a slave of your own illusion of 'power'. You will in reality be a fat atrophied nerd. However, you will compete against other top notch people in video game "X", so it won't really matter. This is a trend that is extremely forced into newer generations, and a term that also focuses around what is called as 'futurism'. This will be constantly pushed by the jews, to finally replace real life and existence, by a digital and fake existence. We are already living in a physical existence, owned largely by jews, and filled with lies. Why not go into full VR mode, and live DEEPER in the lies? Ever-deeper!

This has been played for a while now. This is because, the enemy wants to use the psychic and lifeforce energy produced by the 'goyim' for their own ends. Lifeforce = Power of "God". It makes things happen, and it creates. The Kundalini is also called the Serpent of Life.

"Futurism" and "Transhumanism" is nothing but middle ages simplified and technologically 'caught up', and nothing comes for free. So long you don't understand the spiritual Truth, it doesn't matter what you do in video games, or how many nonbots you have in your butt indeed. You are a useless species indeed. Now, if the jews put ads all over the internet, I don't wanna know what they will do with a microchip in your optic nerve...Maybe they can flash some ads on your brain or something, snap a vein? Who knows?

When humanity is beaten, powerless, and human beings have no insight to their spiritual potential, humanity starts to sink into a lower level, all the time. One becomes only flesh, bones, and a victim of everything. The enemy aliens and the jews who are in power are very aware of all the secrets that billions of others are not. They therefore use these with considerable ease, to control them asses akin how one does control ants in a cage. The only thing is that people aren't really ants in that sense. They are just reduced into ants.

The interesting thing is that obviously, there are no limits to how much technology can, or should expand. However, the trick the enemy is now pulling is to MERGE with this technology, on a linear, biological level. The argument is, since the goyim are too bored to go to their PC for google, let's hook it on their brain. Even if google has already got monumental speed. Imagine if the garbage of the internet flew in your brain, without your consensus or something. Unfiltered. So like google spies on them like cattle anyway, now we can spy their thoughts.

The above of course, like everything the jews mimic, does mimic a state of consciousness, where one can project their consciousness in a never ending sea of information. All people can do this, without any chip, and without a kike supervising the process. This can be done by spiritual advancement in the highest levels. People just need to get their act together. The jews state that this is to make 'a mass mind' of humanity, of course, assisted by the technology they supervise and create. Another fake play pretend, that is based on a spiritual concept, that is used to enslave people. Like the blueprint of the nazarene.

Now, this 'mass mind' already exists and its like, right HERE. You are part of this mass-mind, already hooked into it by nature herself. You just don't know how to get into this, because well, you have been reduced into a spiritually inaware person. One just does yoga and meditation, and as they advance, they experience the so called 'mass mind' and the mass consciousness, which is

on the astral level. OF course, the jews know all of this, but the goyim that don't, get sold on any lie.

Take for example your mobile phone. What you can do with your phone, you can also do with your telepathy. However, because this ability has been forcibly removed, same as the knowledge on how to do it, they now sell it to you bit by bit. And of course, all your calls can be monitored, tapped into etc. What nature gives you for free, the enemy removes it first, and then, as the Gods force these things to re-appear, we have cellphones, and so forth the enemy tries to control these. At the ultimate pushing and when our Gods will be victorious, we will return to a totally spiritual civilization, but at the same time, extremely advanced, without binding or life damning technology, or technology of underhanded motivations.

A lot of people cannot figure out how the pyramids were built, and other marvelous things happened. The thing is, in Egypt and other civilizations, telepathy and other things were very common. The common man basically had spiritual access and could be initiated anytime they wanted. Now, the knowledge is forcibly held on the hands of a few jewish pricks, who damn the planet on accord.

All of this 'progress' comes from the same beings and souls that made the Middle ages. And those who spent more time in the Occult than everyone else, telling them that the Occult is a piece of crap. These people are called 'jews' basically, and they are a race. Who has kept humanity enslaved for two thousands of years time.

Now, they come to liberate the goyim, as much as they wanted to liberate them with Christianity, Islam, and other fancy pipedreams of sudden and immaculate salvation, that require nothing, but to accept a microchip, or Jesus christ as your lord and savior, or get a pill down your system and everything will be given to you.

The metaphysical hoax of jesus christ and the perfect life in heaven, has later become the magickal pill that will make you understand everything and get you to elevated consciousness, and now, we have transhumanism, the magical nanobot that will get in your asshole, and show you the way to infinite and prolonged life without any disease etc. All of this is just the same cycle of lies, with the same ultimate purpose.

Of course the jews on one hand push that shit to get in research for their own borg race, and on the other gate, they fill all civilized countries with inhuman, pisslamic scum. So when things come to the correct moment, they will have attained their borg dreams, and the idiots below will be a slave, cattle mass, below them, powerless and defeated.

The human body, from the fingernails, down to the number of fingers, to the pineal gland, has a very deep occult significance, that connects with the larger fabric of creation, or the cosmos. The physical body is actually the 'all' in that sense, housing in it and being able to perceive 'everything' within creation, but only by correspondance. For example, the bones correspond, same as the base chakra, to the dimension of the physical.

As we go upwards, we reach the pineal gland, and the crown, which deal with what is called the "Absolute". In the highest levels, in our senses, the "Absolute" appears as infinite darkness in a sense, some which call it Atman. This is a reason why Satan is also called the Lord of Darkness. However, spiritual power is manifested light, this power too, comes from this "Darkness", which is not devoid of light. But shines. This is the "Black Sun" which is associated with the National Socialists, and is a worldwide hated symbol now. The closest to this manifestation also does exist in the actual Sun, and this corresponds to the Chakra of the Solar plexus as well.

Recent sciences hasn't given a question, on why Humans do actually have 'consciousness' and perception. From the writings of the enemy we can see, that the aliens of the enemy wanted us to be borgs, that had no self consciousness. Satan and the Gods gave us what is called as consciousness.

Consciousness in the linear level, is what makes you a living, moving thing that is not a borg. A borg can move, and maybe it can fly, jump, or even with the correct Artificial Intelligence program, be thinking and making decisions. However, it will never have real 'life' in it, or consciousness. It will only have lower principles. In short, it will be soulless.

A purpose on life and why Satan and the Gods emphasize on not Race mixing, is because Races are in fact different mass-souls that have their own development level. To mix one with the other, is to regress largely, rather than progress. The jews themselves aren't stupid to 'race mix' and they know that families, and ancestors, do actually account to spiritually pent up power. The jews are to avoid this, this is for the goy. The goy are to be living in the multicultural global cage of ants, and the jews are to be standing on a higher level, playing with the goyim like ants. The fate of a parasitic race is to enslave some other entity in order to reach their 'purpose' or 'end'.

After the constant spiritual evolution of a race, when the link with the 'infinite' comes in contact, at some point, people discover what is called 'Immortality', through what is known by the Magnum Opus. This is metaphysical. The jews only fool the goyim with transhumanism. They are going to only do this for their own lesser elements. The wise of the jews know that the real power lies in the immortal spirit, that can exist irrespectively of even if you nuke it with a nuclear bomb.

The material, flesh and blood body, is what is needed for this process. The Gods aren't stupid. If they wanted to make us as borgs, they would, but this literal 'flesh and bone' which so many fools hate, is actually the link to life itself. Life itself is the most fragile element in existence, but well, it is also the strongest, and its the only thing that is in touch with the infinite potential of existence.

Therefore, only life is 'god' or the 'force of god'. And this life can only inhabit bodies such as these. The more mechanised and gross the body becomes, the less life it can house. A stone, a metal, cannot be alive. Even if it had moving elements such as nanobots in them, any amount of nanobots would never be equal in quality to the blood for example, as the carrier of life.

This deals with the astral light, and the spiritual body, which is tied into the physical body. The races are in a development stage to get into this level. Some individuals can actually do this on their own, and 'escape' the wheel of Karma, to live forever. For those who

don't do this process, they will forever be damned in the repeating circle, which the jews glorify by naming their holy book after: The "Torah". The Rota is the eternal circle, that beings and human life does take, until it reaches a point to manifest itself in the most perfect and higher level way.

Lastly, the jewish race pushes trans-humanism, because they are an inferior life-form, that has no spiritual purpose of any serious sort, just to keep other humans in control and preoccupied in a rat wheel. They just want to become actual, physical borgs, as they are on the inside, because there is nothing seriously spiritual for them.

As we have written before, the jews do lack particular things in the Soul that make them an inferior species. As such the jews hate what is called "Truth", named in their writings as "Ha-Satan", the ultimate understanding, and neglect any Truth about existence or reality. They don't have any destiny for immortality, or any other such things, so they just want to desperately preserve themselves in the level of borgs.

Unfortunately, the same aliens that tried to prevent Satan from creating Humans into a worthwhile and whole creation, prevented him later from raising his creation to the highest spiritual level of intention. Our role is to help people finish this, and this is why the hidden 'overlords', greys, and other shitheads, of this petty world make themselves known spiritually to us, to let us know how right we are, and how much they are losing it.

My hope and conviction is that humanity, or at least quite a few beings, will understand that you are already sitting in nuclear power (your Soul) and achieve inner liberation and ascension. The purpose of which is to raise the self, and then gradually the whole, into the level of consciousness of the seventh heaven, or 'god'.

Only Satan can give and guide towards the real Godhead. Not short, ugly, greedy, pieces of alien life that we have been indoctrinated to accept us 'fellow humans'.

When Humanity grasps it, we will be many steps closer to surpassing our current life right now, and really rise on a higher level of existence. To not understand this, is to create a second Middle Ages, owned, run, and technologically executed by jews.

## The 'Great Indestructible Jew' debunked : JoyofSatan666

---

One thing I have noticed is that people somehow think the enemy is just sitting, and Trump is like on the other end, same as Nixon, and the Rabbis tell them what to do. Maybe this was for some presidents, but not all. Bush for example, didn't go one inch or wake up in the morning, without reading his Talmud. Kennedy obviously wasn't such case, and he had a hidden interest to Hitler. The jews don't have complete control and dominion over the powers called 'Fate', let alone the Will of the Gods. These powers are competing on a large level.

Presidents obviously, unless we are talking of Bush or Clinton, have an Ego, and they also have a personality and their own opinions. The jews avoid these types as these create unrest. Nixon, whatever his background, this is another discussion, was being ravaged by the jews and therefore was extremely hateful. He even hated his midget, but necessary midget, jew Henry Kissinger.

As its in the Torah, unfortunately, because the Torah makes it as such through magick, leaders, even if Gentiles, are always alone and isolated to an extent, and therefore fall in favor of jews. They sic onto them, threaten them, lend to them, or surround them as their 'friends' and 'advisors' in many cases.

Even if they are jews themselves to an extent, with hybridization, always do come issues. The enemy advises the jews against hybridization, but they HAVE to be a hybrid in order to infiltrate. As thus the jews are mixed with all the races of the planet. And therefore have become the errant and schizoid race of criminals they are today, plus their reptilian blood. The rabbis hate hybridization as it creates UNCERTAINTY. Therefore they do not let mixed kikes get in Israel, because who knows? They may be the most loyal, or they may suddenly go HAM and fuck up their own.

As have done jews in the years, by betraying the agenda of their own. It was a kike that for example, published the protocols of the elders of Zion. Because why not? Who knows what this jew was subjected to? Sometimes, the family abuse in jewish families is also extremely severe, to the point that many people cannot imagine. Just take a look on how they mutilate the penises of their so called spawns.

Jews casually attack, mistreat, and brutalize their own to no end. No lifeform likes pain, and to be treated in that way, no matter how much of a borg it is. This is physical, and hardwired into the physical body, and the very simple levels of existence. Not even a worm likes to be squashed.

Do you think that the president or other people in power enjoy getting Rabbis on the phone telling them they will kill them unless they follow their orders? Or other things like that which the jews seem to do? Not even a mixed kike would like all this abuse, attacks, and

defamation by otherwise its own 'tribe'.

The enemy severely abuses their own people. Do you think that since Trump might have shilled for them, after destroying their media empire, the jews wouldn't destroy him at first chance for example? The jews are a brutal race, and they are ready to retaliate. The jews are a very vicious race. No matter how much one 'serves' them and does exactly what they state, the axe always hands on top of their head. Many people as such are extremely displeased.

Internal dispute and warfare is why the jews have been in the position they are today. Not all jews are psychic, 'wise' rabbis, or elders of Zion. However all of them know the act, and all of them are necessary. Also, not all of them are geniuses, either. They also do get actually born with bad astrology charts. And some even go kamikaze against their own jews. For many reasons. This should leave us cold and nobody should feed into the false 'good cop, bad cop'. But it's a reality still.

The enemy runs a worldwide conspiracy, yes, it's extremely powerful, yes, it has lasted a lot of time, yes, it can potentially destroy everything, yes. But then we also have 'human' and 'natural' error, the Gods, our side doing magick, and situational things. So know your enemy, never underestimate them, but don't gravely overestimate them, either. Maintain a level, and a confident approach. With systematic spiritual warfare we will win.

Additionally, many people don't pay attention. The pope, and all these 'grand' traitor figures of the greys and the reptilians, the jewish seed, is bound to a very obscure, and a very damning fate. Even their best servants, will be killed, and this is in the bible. Why? Because they are a dispensable piece of shit.

In Egypt, even the builders and the commonest of the commoners had an actual super proper burial that ensured their existence for eternal life, with frequent litanies done to remember their name. And even insects like Scrabs were made into dieties, same as pet Dogs, Cats, etc. What does that tell you about how Satan and the Gods treat life? Now we live in a numbered society, and the enemy is the one who makes this happen. What does that tell us about THEM?

The jew, unlike the rabbinical claims, is only a means to a way to the aliens. They would rather have other beings, like the greys directly, doing the job, but instead, due to opposition by our Gods, they cannot do this. Therefore, they created a cheap hybrid to do the job. And they are quite displeased, as this has took a giant while for them to catch up.

The greys are sadistically enslaved to the reptillians, completely robbed of personal intelligence and free will. They do not even have genitals to replicate. What does that tell us about the reptilians and those who 'run the game'? They hate every sense of freedom, even if it comes to their own.

Unlike Satan and the Gods who are compassionate, understanding, gave Gentiles the ability to procreate, and gave us a free and individual spirit, PLUS the means to work on our individual Soul, the enemy has created a creation of a halfling, slave, to serve them

and eventually be destroyed when their 'work' is done. The enemy 'god' is so sadistic, and this can be seen in the bible. The jews even in the bible are frequently genocided by the greys and their own alien hive, because of disobedience to their 'covenant'. The jews are a slave race by definition.

In conclusion, the jews seem so extremely powerful and so evil, because people have lost their ancestral knowledge, inner understanding, and because this infection has weakened the White Race who has been ruling for a long time, to the point the jew is perceived as 'great'. The jew is an alien, savage, parasite, and 'great' insofar these objectives are in question.

Society is still advancing, and not everyone is dead. In a desperate bastardized attempt to fulfill their purpose fast, they are attempting now to genocide Whites and destroy everyone, yet again, which will yet again, be met with an insurmountable wall and extremely cutthroat resistance.

The jew is the one who should be afraid, so long people do their spiritual warfare, spiritual advancement, and education of everyone. Satan and our Gods have ruled this planet for who knows how many tens, or closely hundreds of thousands of years. Aside other elect Souls and many people who are powerful, and are also around still. The jew always makes the calculations based on what they presently know, or what they have stolen just a few hundreds of years ago.

But there are so many things we don't know, and we haven't even seen. So, let's let the Gods do their part of the deal, and we do ours.

Indefinitely, until the 'end' and furthermore, we will fight until this is a closed case.

Sieg Heil Brothers and Sisters in Satan!!

[Why Spiritual Satanism is the Best Religion in the World : JoyofSatan666](#)

**Why Spiritual Satanism is the Best Religion in  
the World : JoyofSatan666**

---

Spiritual Satanism is the True Religion.

No matter from where you see this matter, you can see it easily, especially if you look.

Spiritual Satanism tells the Truth on the afterlife, no bullshit added. There is no need for lying, as by definition becoming a Satanist implies one has already broken their 'comfort zone' by a long shot. We say the Truth on Karma, and how it plays out, same as endless others spiritual concepts. Satanism doesn't need to fool anyone into believing this or that, and people can see what is the case and isn't, by trying on their own. People who do the meditations see most of these things for themselves. We don't tell anyone what to 'see' in that sense. We just teach people to see, by practices that anyway are inconceivably Ancient and accepted to work by all pre-christian and pre-muslim civilizations. Truth in Satanism is a self-seeking, and also group-seeking inquiry.

We don't even need a 'bible' or something, because well, Spiritual Satanism is rooted in nature. Satanism as the enemy admits, is everywhere 'around' us. Be it in the physical and obvious level, or the higher and unmanifested levels (which we call the astral), Satanism is everywhere. From a beating heart, to the first breath of an infant, all the "Spiritual Satanic" values are there.

Let's assume for a moment that someone is a purely physical person that doesn't care for spirituality. Even them, they benefit from Spiritual Satanism, because we teach a sane morality. You don't do reckless evil, you become a civilizer, and keep your sights on becoming better. These are the people that Satan and the Gods like. Go after freedom, and fight those who seek to enslave you, but at the same time, don't be a stupid revolutionary as if revolution is your day to day job. Use judgement, common sense, logic.

Of all the religions in the world, Spiritual Satanism tells people, aside from any 'fancy' reason or any 'boogiemans' to people to finally use common sense. Therefore we have nothing to divide with science at all. We cherish on the betterment of our existence and life on it, except of two small minor things: the ridiculing of the spiritual notion of man (except of jewish crap about its non-existence when their race practices spirituality en masse).

In Spiritual Satanism, you don't live for any afterlife, even if you know about it. You don't wait to die, seeking a better tomorrow. You strive to advance today. You really start understanding the universal understanding that some people named 'god', as a stupid idea to confuse people that they were destined to be cattle, same as some laws such as 'karma', and what's behind them. Therefore you are free, and you are master of your own behavior. Spiritual Satanism is both materialism, and idealism. Most religions are pretending one or the other, while as everyone can see, materialism always reigns. Spiritual Satanism doesn't need to pretend anything as simply both natures are accepted, and materialism is not excluded from Spirituality. On our behalf, everything is balanced and nice.

Spiritual Satanism also teaches order, but the necessity to revolt against slavers such as the enemy, who seek to destroy humanity for no absolute reason whatsoever. Satanism is a merciful religion to every person seeking to advance, and is against misplaced mercy and fake tolerance that helps nobody. In Satanism, everyone must advance and wage their battle.

If Satanism was to rule the world one day, it would be just the Truth dismantling the lies. Spiritual Satanists seek the highest idealism for the future of their Race and humanity, but we are also practical and realistic about what is going in existence today.

In Spiritual Satanism, no person is left behind, unless they by their own admission leave themselves behind and corrupt themselves in a loop of eternal self-destruction. We carry people out of fire, but we don't take bullets for them. We don't have any slave mentality. For order to exist, there is no need for slave mentality, as simply logic and looking at things really, creates an order.

Spiritual Satanism is also a peaceful religion. However if we are threatened and attacked, we will become spiritually brutal, and we will pay our enemies with the same currency. We don't seek the destruction of any Gentile, no matter their beliefs, unless of course they are seeking ours. We see at people who are xians and other misguided people who have been brainwashed as rather sick, unless they attack us outright.

We know Races to exist, because well, they do. We like to see reality as it is. Being a Satanist, one always has the occult and mental powers, and the support needed to go on. No matter how low someone has sunk, there is always a choice and some adherence away to become a better being. We know there are ways to eternal life, but we also see that its in our life here that we must fight. Our views of eternal life don't make us life hating, they make us life-loving. We realize life as the greatest gift and we seek to protect and raise it to higher levels of existence.

Our so called "Anti-Semitism" is not situational, and we didn't wake up one day and decided to become anti-semetic to uselessly rebel. We know of the hidden 'agenda' that is no longer hidden anymore, because its carriers don't even hide it anymore. Its a defense against specific groups who have tried to destroy people who, like us, under the massive label of "Satanism" have tried to advance civilization. Since their attacks have been unceasing and repeated we are left with no other choice, and history has now been written anyway, many times in blood of many innocent Gentiles. Due to all of our values and devotion for life, we have had to do something. In Spiritual Satanism, we have morals, but not slave morals which promote injustice, misery and pain. We have thousands of years of evidence, anyway.

In Spiritual Satanism we take natural determinism seriously, but we also take our views seriously, which tell us that everyone should be able to prove themselves, and have the means to advance and become better. We don't judge solely by any birth, and every spiritual Satanist has all the means at their disposal to go anywhere they want and can, with their existence. For the impossible, we devise possibilities. We believe that Humanity is made to be something higher, which as we call it today, we call it "Gods".

We Satanists do respect nature, the laws presented to us by nature, and we believe all advancement should be done in harmony with Nature and not otherwise. We believe Humanity has only as much potential as it decides it has, and puts itself to achieve.

Lastly, in Spiritual Satanism, we don't teach people stupid values like 'anarchy' or being constantly in consistent and fruitless ego wars

with other people. We know such values do not promote wellbeing, or civilization, but we are ready to defy values that may be damning to civilization. We teach people to fight if necessary, we would throw ourselves to fire for freedom and for individuality, but a Spiritual Satanist knows how to create a phlanx with his brothers and sisters when the time requires. We value brotherhood, with order, and sometimes a family character to it. But never to the expense of ego.

And why all of this. Because we have met Him who is called Satan.

"God" is not our slave, our fanboy, or something that we use as a car to get us where we want. Our "God" is our God, and so many more things than God, because today this word is empty and means a lot of abrahamic nonsense. Why do we respect Satan? Simply: because He is magnificent, He is known to us, He is the Eternal, and the Eternal can manifest itself. Because there is no reason why 'not'. We consider Humanity worthy. "God" or any being of 'innumerable' capability should, and is able to do this as well, to relate to people in development.

We don't teach "God" is hate, or "love". Our Gods are real beings, and like us, only infinite times more advanced, have ways which we have to understand. Our Gods are not hiding to those who have eyes to see and ears to listen.

Satan doesn't claim the position of 'God', let alone any jewish 'god'. They on the other hand, claimed HIS position, with destructive aftermath for them. Satan has had His eternal throne in all Ancient Civilizations. Satan's position is, has been, and will forever be higher and inconceivable compared to 'God'. Satan also, is the only one who leads to the 'universal consciousness' that many people call "God", but in the East is called Atman: The state of supreme consciousness of creation or simply 'god', called Samadhi, and reached by Satan's Divine Name, SA-TA-NA-MA.

We are blessed to understand that the universe on its own does not 'hate' anyone, let alone favor anyone, all of which we know to be abrahamic lies. The universe is Nature, and nature rewards or damns, depending on our choices. Some people to mystify this term, they call it 'karma', or even worse in the jewish conspiracy, they pretend this universe is a jew that hates all non-jews. So much of their disturbing lies.

As we understand Him, we call Him God, but He is so much more. He is revealed to anyone, but also the ultimate, greatest, most beautiful and the most magnificent Mystery in Creation. There are no words to describe Him, but we try. Spiritual Satanism is the Eternal Way from which we follow into the Absolute.

Spiritual Satanism is the Now, the Past, and the Forever.

Spiritual Satanism is the gateway to the Eternal Truth of the Cosmos, our Father Satan Lucifer, the God of Light, Splendor and everlasting Strength.

Spiritual Satanism is Truth, Meaning, Life, and Perfection. All this is Satan, and infinitely more.

We are approaching Him and understanding Him, that which many like to call "God", but we know how to call as Satan, whose name is Eternal Truth. To us He is real, existing, and visible to those who want to see Him. We also make sure to display what is best of our God, and people who use the Gods in the same way as the enemy dogmas do, we abolish their rights them and we drive them away. This is because, unlike xians, we know our Gods are real, are Gods are existing, and lastly, our Gods do deliver justice...

We worship Truth, approached and grasped closely by spirituality, which in anyway, enlivens and makes beings better, stronger, but also more peaceful, because it makes humans raise in consciousness and become more intelligent.

Till 2025 Russia will be microchipped and the law is already signed by Russian government. For those still facinated with "alt-right", Putin, libertarianism, "far-right libertarian", [soviet jewess] Ain Rand objectivism etc..... Putin signed law many years ago for microchipping Russians. I post here the quote from this law from official website where all Russian laws are available - Consultant. There is English welcome there you can read and see for yourselves, It is official law advertizing site. Though I learned aboutnit from NS article, I did not believe and did not take seriously, but when I saw quotes I decided to open Consultant and I not only found this Law, I found these quotes... I translate them here - what you read below is not NS, WN or whatever article, propaganda, my fantasy or smth. It is a LAW!!

If smth is not seen, open "message history" button because yahoo thinks that it is a "history". I put first original, then translation.

"The introduction of nanotechnology should further expand the depth of its penetration into the everyday life of the population. It should be ensured **constant communication of each individual with global information-management networks such as the Internet**

Nanoelectronics will integrate with bio-objects and ensure continuous monitoring of the maintenance of their vital functions, improving the quality of life, and thus reduce the social costs of the state.

Wireless nanoelectronic devices that provide **permanent contact of a person with the surrounding intellectual environment will become widespread, and the means of direct wireless contact of the human brain with surrounding objects, vehicles and other people will be spread.** Circulations of such products will exceed billions of pieces per year because of its ubiquitous distribution.

National industry should be prepared for this challenge, since the ability to produce all components of network systems will mean **establishing actual control over all of their users**, which is unacceptable for many countries in terms of preserving their sovereignty. The experts of the EU countries adhere to a similar point of view in connection with the global expansion of electronics manufacturers from the countries of South-East Asia and the intention of United States to provide for itself a permanent technological leadership in this field. Therefore, in the period 2016-2025 gg. We should expect another strengthening of the role of electronics in the life of society and be economically ready for a new round of global competition of countries based on nanoelectronic technology."

Microchip Mind Control,  
Implants And Cybernetics

12-6-1

Actual 1974 Congressional Testimony of Dr. Jose Delgado -

"We need a program of PSYCHOSURGERY for POLITICAL CONTROL of our society. The purpose is PHISICAL CONTROL OF THE MIND. Everyone who deviates from the given norm can be SURGICALLY MUTILATED.

"The individual may think that the most important reality is his own existence, but this is only his personal point of view. This lacks historical perspective.

"Man does NOT HAVE THE RIGHT to develop his own mind. This kind of liberal orientation has great appeal. We must ELECTRICALLY CONTROL THE BRAIN. Some day armies and generals will be controlled by electric stimulation of the brain."

Dr. Jose M.R. Delgado Director of Neuropsychiatry Yale University Medical School Congressional Record, No. 26, Vol. 118 February 24, 1974

(Author of "PHYSICAL CONTROL OF THE MIND" 1969)

The following article was originally published in the 36th-year edition of the Finnish-language journal, SPEKULA (3rd Quarter, 1999). SPEKULA is a publication of Northern Finland medical students and doctors of Oulu University OLK (OULUN LAAKETIETEELLINEN KILTA).

## MICROCHIP IMPLANTS, MINDCONTROL AND CYBERNETICS

By Rauni-Leena Luukanen-Kilde, MD Former Chief Medical Officer of Finland

In 1948 Norbert Wiener published a book, CYBERNETICS, defined as a neurological communication and control theory already in use in small circles at that time. Yoneji Masuda, "Father of Information Society," stated his concern in 1980 that our liberty is threatened Orwellian-style by cybernetic technology totally unknown to most people. This technology links the brains of people via implanted microchips to satellites controlled by ground-based super-computers.

The first brain implants were surgically inserted in 1874 in the state of Ohio, U.S.A., and also in Stockholm, Sweden. Brain electrodes were inserted into the skulls of babies in 1946 without the knowledge of their parents. In the 50's and 60's, electrical implants were inserted into the brains of animals and humans, especially in the U.S., during research into behavior modification, and brain and body functioning. Mind control (MC) methods were used in attempt to change human behavior and attitudes. Influencing brain functions became an important goal of military and intelligence services.

Thirty years ago brain implants showed up in xrays the size of one centimeter. Subsequent implants shrunk to the size of a grain of rice. They were made of silicon, later still of gallium arsenide. Today they are small enough to be inserted into the neck or back, and also intravenously in different parts of the body during surgical operations, with or without the consent of the subject. It is now almost impossible to detect or remove them.

It is technically possible for every newborn to be injected with a micro-chip, which could then function to identify the person for the rest of his or her life. Such plans are secretly being discussed in the U.S. without any public airing of the privacy issues involved. In Sweden, Prime Minister Olof Palme gave permission in 1973 to implant prisoners, and Data Inspection's ex-Director General Jan Freese revealed that nursing-home patients were implanted in the mid- 1980's. The technology is revealed in the 1972:47 Swedish state report, STATENS OFFICIELLA UTRADNINGER (SOU).

Implanted human beings can be followed anywhere. Their brain functions can then be remotely monitored by supercomputers and even altered through the changing of frequencies. Guinea-pigs in secret experiments have included prisoners, soldiers, mental patients, handicapped children, deaf and blind people, homosexuals, single women, the elderly, school children and any group of people considered "marginal" by the elite experimenters. The published experiences of prisoners in Utah State Prison, for example, are shocking to the conscience.

Today's microchips operate by means of low-frequency radio waves that target them. With the help of satellites, the implanted person can be tracked anywhere on the globe. Such a technique was among a number tested in the Iraq war, according to Dr. Carl Sanders, who invented the intelligence-manned interface (IMI) biotic, which is injected into people. (Earlier during the Vietnam War, soldiers were injected with the Rambo chip, designed to increase adrenaline flow into the bloodstream.) The U.S. National Security Agency's (NSA) 20 billion bits/second supercomputers could now "see and hear" what soldiers experience in the battlefield with a remote monitoring system (RMS).

When a 5-micromillimeter microchip (the diameter of a strand of hair is 50 micromillimeters) is placed into optical nerve of the eye, it draws neuroimpulses from the brain that embody the experiences, smells, sights and voice of the implanted person. Once transferred and stored in a computer, these neuroimpulses can be projected back to the person's brain via the microchip to be re-experienced. Using a RMS, a land-based

computer operator can send electromagnetic messages (encoded as signals) to the nervous system, affecting the target's performance. With RMS, healthy persons can be induced to see hallucinations and to hear voices in their heads.

Every thought, reaction, hearing and visual observation causes a certain neurological potential, spikes, and patterns in the brain and its electromagnetic fields, which can now be decoded into thoughts, pictures and voices. Electromagnetic stimulation can therefore change a person's brainwaves and affect muscular activity, causing painful muscular cramps experienced as torture.

The NSA's electronic surveillance system can simultaneously follow and handle millions of people. Each of us has a unique bioelectrical resonance frequency in the brain, just like we have unique fingerprints. With electro-magnetic frequency (EMF) brain stimulation fully coded, pulsating electromagnetic signals can be sent to the brain, causing the desired voice and visual effects to be experienced by the target. This is a form of electronic warfare. U.S. astronauts were implanted before they were sent into space so their thoughts could be followed and all their emotions could be registered 24 hours a day.

The Washington Post reported in May 1995 that Prince William of Great Britain was implanted at the age of 12. Thus, if he were ever kidnapped, a radiowave with a specific frequency could be targeted to his microchip. The chip's signal would be routed through a satellite to the computer screen of police headquarters, where the Prince's movements could be followed. He could actually be located anywhere on the globe.

The mass media have not reported that an implanted person's privacy vanishes for the rest of his or her life. S/he can be manipulated in many ways. Using different frequencies, the secret controller of this equipment can even change a person's emotional life. S/he can be made aggressive or lethargic. Sexuality can be artificially influenced. Thought signals and subconscious thinking can be read, dreams affected and even induced, all without the knowledge or consent of the implanted person.

A perfect cyber-soldier can thus be created. This secret technology has been used by military forces in certain NATO countries since the 1980's without civilian and academic populations having heard anything about it. Thus, little information about such invasive mind-control systems is available in professional and academic journals.

The NSA's Signals Intelligence can remotely monitor information from human brains by decoding the evoked potentials (3.50HZ, 5 milliwatt) emitted by the brain. Prisoner experimentees in both Gothenburg, Sweden and Vienna, Austria have been found to have [missing word] brain lesions. Diminished blood circulation and lack of oxygen in the right temporal frontal lobes result where brain implants are usually operative. A Finnish experimentee experienced brain atrophy and intermittent attacks of unconsciousness due to lack of oxygen.

Mind control techniques can be used for political purposes. The goal of mind controllers today is to induce the targeted persons or groups to act against his or her own convictions and best interests. Zombified individuals can even be programmed to murder and remember nothing of their crime afterward. Alarming examples of this phenomenon can be found in the U.S.

This silent war is being conducted against unknowing civilians and soldiers by military and intelligence agencies. Since 1980 electronic stimulation of the brain (ESB) has been secretly used to control people targeted without their knowledge or consent. All international human rights agreements forbid nonconsensual manipulation of human beings even in prisons, not to speak of civilian populations. Under an initiative of U.S.

Senator John Glenn, discussions commenced in January 1997 about the dangers of radiating civilian populations. Targeting peoples brain functions with electromagnetic fields and beams (from helicopters and airplanes, satellites, from parked white vans, neighboring houses, telephone poles, electrical appliances, mobil phones, TV, radio, etc.), is part of the radiation problem that should be addressed in democratically elected government bodies.

In addition to electronic MC, chemical methods have also been developed. Mind-altering drugs and different smelling gasses affecting brain function negatively can be injected into air ducts or water pipes. Also, bacteria and viruses have been tested this way in several countries.

Today's supertechnology, connecting our brain functions via microchips (or even without them, according to the latest technology) to computers via satellites in the U.S. or Israel, poses the gravest threat to human-ity. The latest supercomputers are powerful enough to monitor the whole worlds population. What will happen when people are tempted by false premises to allow microchips into their bodies? One lure will be a micro-chip identity card. Compulsory legislation has even been secretly pro-posed in the U.S. to criminalize removal of an ID implant.

Are we ready for the robotization of mankind and the total elimination of privacy, including freedom of thought? How many of us would want to cede our entire life, including our most secret thoughts, to Big Brother? Yet the technology exists to create a totalitarian "New World Order." Covert neurological communication systems are in place to counteract independent thinking and to control social and political activity on behalf of self-serving private and military interests.

When our brain functions are already is connected to supercomputers by means of radio implants and microchips, it will be too late for protest. This threat can be defeated only by educating the public, using available literature on biotelemetry and information exchanged at international congresses.

One reason this technology has remained a state secret is the widespread prestige of the psychiatric DIAGNOSTIC STATISTICAL MANUAL IV produced by the U.S. American Psychiatric Association (APA), and printed in 18 lan-guages. Psychiatrists working for U.S. intelligence agencies no doubt participated in writing and revising this manual. This psychiatric "bible" covers up the secret development of MC technologies by labelling some of their effects as symptoms of paranoid schizophrenia.

Victims of mind control experimentation are thus routinely diagnosed, knee-jerk fashion, as mentally ill by doctors who learned the DSM symptom list in medical school. Physicians have not been schooled that patients may be telling the truth when they report being targeted against their will or being used as guinea pigs for electronic, chemical and bacteriological forms of psychological warfare.

Time is running out for changing the direction of military medicine, and ensuring the future of human freedom. -- Rauni Kilde, MD December 6, 2000

MICROWAVE MIND CONTROL: MODERN TORTURE AND CONTROL MECHANISMS ELIMINATING HUMAN RIGHTS AND PRIVACY

By Dr. Rauni Leena Kilde, MD  
September 25, 1999

Helsingin Sanomat, the largest newspaper in Scandinavia, wrote in the September 9, 1999 issue that Scientific American magazine estimates that after the Millennium perhaps ALL people will be implanted with a "DNA microchip".

How many people realize what it actually means? Total loss of privacy and total outside control of the person's physical body functions, mental, emotional and thought processes, including the implanted person's subconscious and dreams! For the rest of his life!

It sounds like science fiction but it is secret military and intelligence agencies' mind control technology, which has been experimented with for almost half a century. Totally without the knowledge of the general public and even the general academic population.

Supercomputers in Maryland, Israel and elsewhere with a speed of over 20 BILLION bits/sec can monitor millions of people simultaneously. In fact, the whole world population can be totally controlled by these secret brain-computer interactions, however unbelievable it sounds for the uninformed.

Human thought has a speed of 5,000 bits/sec and everyone understands that our brain cannot compete with supercomputers acting via satellites, implants, local facilities, scalar or other forms of biotelemetry.

Each brain has a unique set of bioelectric resonance/entrainment characteristics. Remote neural monitoring systems with supercomputers can send messages through an implanted person's nervous system and affect their performance in any way desired. They can of course be tracked and identified anywhere.

Neuro-electromagnetic involuntary human experimentation has been going on with the so-called "vulnerable population" for about 50 years, in the name of "science" or "national security" in the worst Nazi-type testing, contrary to all human rights. Physical and psychological torture of mind control victims today is like the worst horror movies. Only, unlike the horror movies, it is true.

It happens today in the USA, Japan, and Europe. With few exceptions, the mass media suppresses all information about the entire topic.

Mind control technology in the USA is classified under "non-lethal" weaponry. The name is totally misleading because the technology used IS lethal, but death comes slowly in the form of "normal" illnesses, like cancer, leukemia, heart attacks, Alzheimer's disease with loss of short term memory first. No wonder these illnesses have increased all over the world.

When the use of electromagnetic fields, extra-low (ELF) and ultra-low (ULF) frequencies and microwaves aimed deliberately at certain individuals, groups, and even the general population to cause diseases, disorientation, chaos and physical and emotional pain breaks into the awareness of the general population, a public outcry is inevitable.

[Eleanor White comment: ELF/ULF frequencies on their own cannot be focussed and are practically impossible to transmit in the usual manner of radio transmissions. ELF/ULF cannot carry voice.

ELF/ULF CAN be carried on radio and ultrasound carrier signals, however, and are effective in things like setting up a target to be more receptive to

hypnosis, force a target to be unable to sleep, and force a target to fall asleep daytime. This is like the reverse process of reading the brain's natural ELF/ULF electrical activity using biofeedback.]

Who is behind a sinister plan to microchip and control and torture the general population?

[Eleanor White's comment: Reports from persons targetted by neuro- electromagnetic experimentation show that not everyone is implanted. The fact that those few victims who have had implants removed cannot get custody of the implants means someone has a keen interest in controlling the use of covert implants and preventing the publication of this practice.]

The Patent Office of the U.S.A. has granted patents for purposes of mental monitoring and mind alteration.

Apparatus and method for remotely monitoring and altering brainwaves, methods for inducing mental, emotional and physical states of consciousness, in human beings. Method of and apparatus for desired states of consciousness are among some of them.

People who have been implanted, involuntarily or through deception voluntarily have become biological robots and guinea pigs for this activity under the guise of national security.

The real consequences of microchip implantation (or with today's advanced hidden technology, using only microwave radiation for mind control,) are totally hidden from the public. How many know the real dangers of microwaves through mobile phones?

How many believe the disinformation that microwave radiation is not causing health problems? The economic issues in the mobile phone industry are enormous. Therefore health issues are deliberately brushed aside.

However, the same thing is inevitable in the future as with the tobacco industry. When economic compensation for health damages becomes big enough, as in the tobacco industry, health hazards will be admitted and users are then responsible for their tobacco-related illnesses.

Today, already about 50% of Finns, Swedes and Norwegians use mobile phones, especially the young population.

Mobile phones used in mind control was a brilliant idea. Military and police agencies can follow every user, influence their thoughts through microwaves, cause healthy people to hear voices in their heads and if needed burn their brains in a second by increasing the current 20,000 times.

That probably happened to Chechnyan leader General Dudayev who died talking to a mobile phone.

Heating effect of tissues with the speed of light is a known effect of high power microwave and electromagnetic pulse weapons.

According to Navy studies they also cause fatigue states, depression, insomnia, aggressiveness, long and especially short term memory loss, short catatonic states, cataracts, leukemia, cancer, heart attacks, brain tumors and so forth.

Alteration of behavior and attitudes has been demonstrated as well.

Dr. Ross Adey has found out that by using 0.75 milliwatts per square centimeter intensity of pulse modulated microwave at a frequency of 450 MHz it is possible to control ALL aspects of human behaviour!

Microwave radiation excites the hydrogen bond in the cells and can interfere with meiosis, which leads to tumors.

All our emotions, moods, and thoughts have a specific brain frequency which has been catalogued. If these records fall into the wrong hands, our behaviour and attitudes can be manipulated by persons whose ethics and morals are not in our best interest.

Both military and intelligence agencies have been infiltrated with such persons. The Director of the Swiss Secret Service had to resign in September 1999 because of his agency's involvement in illegal arms deals and a plan to create an ORGANIZATION within the legal Secret Service.

This globally infiltrated organization has "octopus type" activities in all major intelligence services in the world, working together with the Mafia and terrorists. It has recruited people from all important government institutions, state and local administrations.

It owns Star Wars technology which is used against military and civilian populations, claiming it is "non-lethal" weaponry.

"Down and out" people, jobless, freed prisoners, mental outpatients, students and orphans are trained by this organization to harass, follow, and torture innocent people, who for whatever reason have been put on the organization's hit list. They are ALREADY in every apartment block!

[Eleanor White comment: This gang-like colour-coding is not reported in all areas. Dr. Kilde's experience is with northern Europe.]

Deception is the name of the game, so recruits are told untrue sinister stories of their victims to keep them motivated. They have a military order and get rewarded for their evil actions, which include Satanism, and symbols and yellow-orange-black colors. However, fresh recruits must wear pink - and the highest elite wears yellow ties with dark suits.

Even dashes of yellow or orange in their ties may signal their recruitment as well as yellow shirts or other objects with that color for signalling.

Too many world leaders fit into this signalling. However, it is quite possible they are only used as fronts for this global organization without any knowledge of its criminal activity in the field against innocent people. Mass media and big industry are also infiltrated.

Who are the targets? Experimentation with soldiers and prisoners may continue, as well as handicapped children, mental patients, homosexuals and single women. They are still experimental guinea pigs for electronic and chemical warfare. But today ANYONE can become a target, even those who invented the system.

Researchers who find out about this secret radiation of the population become targets themselves.

The U.S. Senate discussed the issue on January 22, 1997. The U.S. Air Force's "Commando Solo" aircraft have been used to send subliminal radio frequency messages to manipulate even the minds of foreign nations in their elections. Haiti and Bosnia are a couple of recent examples.

In July 1994 the U.S. Department of Defense proposed the use of "non-lethal" weapons against anyone engaged in activities the DoD opposes. Thus opposing political views, economic competitors, counterculture individuals and so forth can be beamed to sickness or death.

The Psychiatric Diagnostic Statistical Manual (DSM) for mental disorders has been a brilliant cover up operation in 18 languages to hide the atrocities of military and intelligence agencies' actions towards their targets. THE MANUAL LISTS ALL MIND CONTROL ACTIONS AS SIGNS OF PARANOID SCHIZOPHRENIA.

If a target is under surveillance with modern technology via TV, radio, telephone, loudspeakers, lasers, microwaves, poisoned with mind altering drugs via airducts, giving familiar smells which cause headache, nausea and so forth, if he claims his clothes are poisoned, his food or tap water as well --- all medical schools teach their students that the person is paranoid, ESPECIALLY if he believes intelligence agencies are behind it all.

Never is the medical profession told that these are routine actions all over the world by intelligence agencies against their targets. Thus, victims of mind control are falsely considered mentally ill and get no help since they are not believed and their suffering is doubled by ignorant health professionals.

The unethical abuses of power by individuals in charge of biomedical telemetry are incomprehensible to normal people.

The goal of mind control is to program an individual to carry out any mission of espionage or assassination even against their will and self-preservation instinct and to control the absolute behavior and thought patterns of the individual. The purpose of mind control is to disrupt memory, discredit people through aberrant behavior, to make them insane or to commit suicide or murder.

How is it possible that this technology is not stopped by political top authorities? They themselves will also be targets someday, a fact they have not always realized. How much are they involved?

This year the 1999 European Parliament in "Resolution on Environment, Security, and Foreign Policy", in paragraphs 23, 24, and 27 calls for "non-lethal" weapons technology and development of new arms strategies to be covered and regulated by international conventions.

Also, it calls for an international convention introducing a GLOBAL BAN on all developments and deployments of weapons which might enable ANY FORM OF MANIPULATION OF HUMAN BEINGS.

Project HAARP in Alaska is a global concern, and calls for its legal, ecological, and ethical implications to be examined by an international independent body before any further research and testing.

It is possible that the USA will ignore those resolutions. The dangers of non-lethal mind control weapons were already revealed in an expert meeting of the International Committee of the Red Cross in Geneva, in July 1994.

Only increased public awareness of the microchip implants, their frightful consequences to privacy by influencing of individuals' thoughts and actions, causing people to become biological robots with physical and emotional pain whenever the supercomputer technician so wishes, is enough reason to refuse to take the chip into your body for whatever reason.

It is the biggest threat to humanity and the most sinister plan to enslave the human race forever.

If you have a choice and want to remain a normal human being with privacy, do not have your children nor yourself implanted with a DNA microchip. Otherwise your vision, hearing, sensing, thoughts, dreams and subconscious will be influenced by an outsider, who does not have your best interests in mind.

**MICROWAVE MIND CONTROL WITH "NON-LETHAL" WEAPONS IS THE BIGGEST CRIME IN THE HISTORY OF MANKIND AGAINST THE POPULATION OF PLANET EARTH. IT MUST BE STOPPED BY ALL PEOPLES OF THIS GLOBE.**

The Truth About the Talmud Part Two by High Priest Jake Carlson

I have been told that part one of this sermon was like "cryptonite" for the people who can't let go of an "Aryan Christ," and cannot accept the fact that the Jewish Talmud is bashing Satan and his Demons [the Aryan PAGAN Gods] and not an "Aryan Christ" or "Pagan Christos." Since this is way over some people's heads, what these people cannot admit is that the supposed "'Aryan Pagan' Iesus Christos" is the same hideous Jewish messiah, Ben Yehoshua/Yeshua, the seed of David, that the Jewish people, and the Christians who have sold their souls to Israel, whether willingly or unwillingly, consciously or unconsciously, are still awaiting and laying out the welcome mat for.

Becoming a "born-again Christian" = selling one's soul to Christ: the true evil one--the Jewish Messiah--Israel and the Jewish

people. These are bound up into the one unitary monotheistic "god" of Judaism, as well as the global oneness and equality of Communism that flies in the face of Nature's Laws. Christianity, Islam, and Communism are extensions of Judaism, not separations or departures. It is only through Satan that the "blood of the lamb" can be washed and completely destroyed. This is what happens when a Gentile dedicates their soul to Satan and his National Socialist [Nazi] cause, as it is SATAN and NOT Christ who has the authority. By performing the dedication to Satan, Gentiles become free, and they enlist in Hell's Army.

Even among the atheists and agnostics, in the community of researchers that have been exposing how the Jews stole from pre-Christian Aryan Pagan [Satanic] Gods, such as Osiris/Serapis, Mithras, Horus, Dionysus, Apollo, Odin, Baldur, and Krishna, etc., in the making of Christ, the Jews have even bartered with the souls of many of these gifted people, so to speak, by insisting that these Gods are "Pagan Christs" or that they are "the original Christ," and that "Christ has always been the chief Aryan Solar God long before he was hijacked by the Jews." However, in Satanism, the ability to distinguish between what is right and wrong exists, and sometimes, Satanic spiritual revelations from Satan or Adolf Hitler [the Anti-Christ] contradict Jewish-approved "facts," such as the existence of a primordial Christos, Jewish or Aryan Pagan.

Although Christ never existed, and the very idea of an "Aryan Christianity" is just as dangerous to our White Race as Jewish Christianity, our Pagan Gods, known as Satan and his Demons, do exist, and they despise Christos the Aryan just as much as Yeshua the Jewish king.

In Revelations 22:16 in the Christian Bible [New Testament], Christos claims to be Lucifer, the Morning Star. The Aryan God Osiris-Dionysus was known as Lucifer, the Morning Star, but the Jews have tampered with this knowledge by merging his characteristics with both, a mythological "Aryan Christ" and a Jewish Christ. However, this knowledge flies way over some people's heads who would rather believe that Christianity was originally Aryan Pagan before it was Judaized. The point is that whoever buys into a Christos of ANY kind, including an Aryan version, are opening their doors wide open to the enemies of the White Aryan Race, and are forging ties and alliances with these human-hating enemy thought-forms and extra-terrestrial spooks, with or without being aware of doing so.

The legends that most of the extra-terrestrial Aryan Gods left behind for us almost all have to do with the kundalini serpent power, how to permanently raise it, and how to obtain true physical and spiritual perfection and everlasting life. These CONCEPTS, such as the ALLEGORIES of "crucifixions" and "crucified Saviors" were stolen from to create a literal, carnalized Jewish Messiah/Christian "savior," and "Aryan Christ," to serve as a distraction and a Trojan horse for the White Aryan Race of Satan to collect our energies for bringing about "the Second Coming of Christ." Despite the erroneous beliefs and false "evidence" that certain scholars and researchers have about the followers of Serapis being "the original Pagan Christians," that doesn't make it so. If these Pagans were the "original Christians" [in very much the same way that the history of the Cathars has been re-written], this entire sermon about the Jewish Talmud would be invalidated, pointless, and useless, and the Anti-Christ [Adolf Hitler] would not be the Anti-Christ, which is anything but the case, but people with unconscious ties to Christianity would beg to differ. The Talmud isn't after an "Aryan Pagan Christ" any more so than it is after the equally fictitious Jewish Christ. What the

Talmud \*is\* against is Satan, his Demons, and the White Aryan Race, which is Satan's pride and joy. The sloppy attempts to create a case for an "Osiris-Lucifer Christos" relies on blind faith in false "facts," the unconscious desire to stay true to "the faith," and a falsified and re-written "history" concerning the Pagan Gods and their etymologies.

In part one of this sermon, I covered how both Jews and Gentiles made Talmudic interpolations, mostly during the Middle Ages, to make it appear as if the Talmud is hostile towards Jesus Christ and the Christian religion. I gave a couple of examples, including the popularly-held misconception that "Balaam" is a veiled reference to Jesus. Although I knew that anything anti-Christian within the Babylonian Talmud is a much later addition, what I wasn't aware of at the time was how numerous such fake statements regarding Christ, Christianity, and even the New Testament, there were.

Here are a few more examples:

Abodah Zarah 27b: "It is forbidden to be healed by a Christian."

Sanhedrin 90a, 100b: "Those who read the gospels are doomed to Hell."

Shabbath 116a: "The Gospels are the falsehood of blank paper and the sin of blank paper. The Gospels are to be burned; the New Testament is like blank paper."

Gittin 56b: "Jesus was sent to hell, where he is punished by boiling excrement for mocking the Rabbis."

Abodah Zarah 16b, 17a: "Jews should stay away from Christians. Christians are allied with Hell, and Christianity is worse than incest."

50) This ancient serpent, the parent of Christians, that is, the devil in the form of a serpent, is called, Sammael (cf. Targum Iobi, XXVIII, 7). Rabbi Maimonides writes in More (Bk. II, ch. 30) that Sammael took the form of a serpent and seduced Eve. He is also called the 'Angel of Death,' and 'the Head of the assembly of evil ones.' Debbarim Rabba (208c) calls him "Sammael the impious one, 'the prince of all devils.'" Rabbi Bechai (in Mikkets) calls him "The Impious Sammael, the Prince of Rome."

The thing to always remember is that any nasty references towards "Jesus" in the Talmud have absolutely NOTHING to do with Christ, and any unpleasant words regarding Christians, the Gospels, or the rest of the New Testament, are much later interpolations that were never part of the original Babylonian or Jerusalem Talmuds. As for the Christian interpolations, the word "Christian(s)" replaced "Gentile(s)." It should also be noted that when the Talmud curses and attacks the Gentiles, it is mostly referring to White Gentiles, as we are Satan's people.

Clearly, in the quote from the Zohar that states that Sammael [Enki/Satan] is the Father of the "Christians," as if "Christians" are a race, in and of themselves, the term "Christians" replaced Pagans, Heathens, or Gentiles in general, as these were Satanic

Aryans before they were Christianized.

The Jews are very clever, and they use their natural abilities, i.e., lying, stealing, and confusing to get through to our Aryan collective unconscious. By pretending to be enemies of Christ and Christianity, they form a powerful reservoir of psychic energy that is secreted from the Gentiles who feel the need to defend Christ and stay true to "the faith."

In regards to the Talmud's supposed references to Christ's death at the hands of the Jews, one Jewish rabbinical author admits the following:

"On countless occasions, numerous Christian-scholar debating partners have cited both the Talmud and the Jewish sage Maimonides in an attempt to prove the Jews killed Jesus. Based on the lines they cite, it would indeed appear their assertions are correct. But if we look at these texts in context, the reality revealed is very different. The Jesus whom the Talmud and Maimonides discuss cannot be the same rabbi and Jewish patriot...and whom Paul cites as the founder of Christianity. In short, the Yeshu whose death is discussed in the Talmud is not Jesus of Nazareth." [1]

The Jewish people who pretend to "reject" Christ point to the 13th chapter of Deuteronomy as a "reference" for a Jewish king that would be a false prophet that Jewhovah/Yahweh would send to lead the Jews astray, in order to see if he could test the faith and loyalty of the Jewish people by sending this "enticer." This is a very clever trick that the Jews play on the Christian Gentiles that suckers many of our more clueless people who are vulnerable to the enemy into feeling the need to defend Christianity and Christ from the Jews. It is quite a frightening and disturbing sight to see a Christian pray to a Jew who they believe to be an Aryan to save them from the Jews.

For all of the Talmud's alleged "blasphemous" references concerning Christ and Christianity, there are Jews who keep the game going by claiming that these allegations are, indeed, true. However, this is how the Jews deceive the "goyim" through head-games. The Jews, especially the Jews at the top who keep secret knowledge out of the hands of the lower-ranking Jews, know that Jesus Christ, whether Jewish or not, is their connection to the coming of their Messiah--the long-awaited manifestation of the REAL Christos. Satan-Lucifer is not, never was, and never will be Lucifer-Christos. Satan-Lucifer is Satan-Lucifer. Lucifer-Christos is Lucifer-Christos. Lucifer-Christos is a fictional character, but he does have an existence as a thought-form that exists on the astral plane; a thought-form that is waiting for the chosen Jew to be a vessel for in the physical world.

The enemy is not playing games. Adolf Hitler is the Anti-Christ, and the Jews are still trying to gather enough Christian psychic power and energy for the coming of Lucifer-Christos, the false "Lucifer," in hopes of destroying the Fuhrer once and for all. We CANNOT let this happen! Satan calls all of his Warriors to destroy the Jews, and rid all Jewish relics from Satan's Earth and make this planet beautiful again.

"Yeshu" is the Hebrew name for Jesus. Here is a quote from the Talmud that the Jews lie to the Christian Gentiles about in regards to Christ being a false prophet who was killed by the Jews for practicing sorcery, witchcraft, sexual immorality, for

mocking the rabbis and for idolatry, leading Israel astray:

Quote from the Jewish Talmud: "On the eve of Passover they hung Yeshu and the crier went forth for forty days beforehand declaring that '[Yeshu] is going to be stoned for practicing witchcraft, for enticing and leading Israel astray. Anyone who knows something to clear him should come forth and exonerate him.' But no one had anything exonerating for him and they hung him on the eve of Passover. Ulla said: Would one think that we should look for exonerating evidence for him? He was an enticer, and God said, 'Show no pity or compassion, and do not shield him (Deuteronomy 13:9). Yeshu was different because he was close to the government.'" Sanhedrin 43a

In Jewish, Christian, and Islamic mythology, the Christ of the scriptures wasn't close to any Roman government. He was a Jewish enemy of Pagan Rome.

"In Talmudic narrative, a number of students are put to death along with Yeshu. These were his "five disciples, Matthai, Nakai, Nezer, Buni, and Todah." With the sole exception of Matthai, or Matthew, which was (and remains) a common name, the students' names are completely other than those of Jesus' apostles. In contrast, the New Testament says two criminals were crucified along with Jesus, and certainly none of his apostles.

The chronology is off as well, by no less than a century. The name Jesus, or Yeshu in Hebrew, was very common in the Talmudic period." [2]

This shows that there were many Jesuses or Yeshus floating around during the Talmudic period, but there was no Christ being attacked by the Jewish people. Osiris-Dionysus is not the "Aryan Christ." Nobody and nothing is, except for that goddamned Jewish thought-form that is waiting on the astral plane for its chosen Jewish vessel.

Here is a brief account about another alleged "Yeshu/Jesus the Nazarene" that is supposed to be about the "real Christ," but, like all of the other Jesuses and Yeshus, this is far from being the Christ of Christianity.

"The Talmud identifies [Yeshu] as a student of Yehoshua ben Perachyah, a sage who died at least one hundred years before the Jesus of the New Testament was born. The Talmud tells the story of how this Yeshu of Nazareth, later to be executed, began as a rebellious student of Rabbi Yehoshua:

Quote from the Jewish Talmud: "R. Yehoshua ben Perachyah...came to a certain inn. His hosts stood up for him in a display of great honor, and they continued to accord him with much honor. He sat and was praising his hostess: 'How nice is this hostess,' meaning, 'how pleasing are her deeds.' Mistaking his teacher's intent, one of his students [Yeshu] said to him: 'Rabbi, she is not beautiful, for her eyes are round!' [R. Yehoshua ben Perachyah] said to [this student]: 'Wicked one! In matters such as these you occupy yourself?!' He took out four hundred horns, and excommunicated [the student]. Every day, [the student] would come before [R. Yehoshua ben Perachyah] to beg forgiveness, and [R. Yehoshua ben Perachyah] would not receive him. One day, when

[R. Yehoshua ben Perachyah] was reciting Krias Shema [the prayer declaring the unity of God during which talking is forbidden], [the student] came before him yet again. This time, [R. Yehoshua ben Perachyah] had intended to accept him, and pardon him. Being unable to talk at the moment, he motioned to [the student] with his hand that he would receive him as soon as he finished reciting Krias Shema. But [the student] thought that he was pushing him away yet again, and despaired of ever attaining his teacher's forgiveness. So he went and stood a brick on end, and worshiped it as an idol. Subsequently [R. Yehoshua ben Perachyah] said to him: Thus have I received a tradition from you: Whoever sins and causes others to sin is not given the opportunity to repent. As the Master said: [This student] practiced sorcery, and incited others and led them astray, and caused Israel to sin.'" Sotah 47a

"The Talmud explains that this Jesus left the monotheistic path of Judaism and began serving idols. Yehoshua ben Perachya died about one hundred and thirty years before the destruction of the Temple, which makes it impossible for Christianity's Jesus to have been his disciple. Clearly, then, the Yeshu discussed in the Talmud is not the same Yeshu whom history remembers as the founder of Christianity.

Nevertheless, some historians insist that the Yeshu in the Talmud is Jesus. Their proof? In one manuscript of the Talmud he is called Yeshu the Notzri, which could mean Jesus the Nazarene. However, only one of the approximately four distinct manuscripts of the Talmud available uses the title Notzri. None of the other manuscripts contain that title, which means it could be a later interpolation, as medieval commentators suggest.

Not only that, but the word Notzri does not even necessarily mean Nazarene. While centuries later it was used to refer to Christians, in the form of Notzrim or Netzarim, it could also have been a term used to refer to many strong communities. The name "Ben Netzar" was used in the Talmud to refer to the famous chief of robbers Odenathus of Palmyra.

Between timing, chronology, and content, there is no way to align the Yeshu of the Talmud with Jesus of Nazareth, without interpreting far beyond the bounds of what the text allows." [3]

"The Toldos Yeshu ha-Notzri collection of stories was written [many centuries after the Jesus of the Gospels' death] in a time of oppressive anti-Semitism. It was intended to instill pride in the children and adults who were abused by Christian powers at the time. It had nothing to do with the historical truth of Jesus, and makes little sense to us today, pulled from its original context." [4]

In order to fool the Gentiles, the Jews claim to be victims of "Christian oppression," but the only grain of truth to such a false claim is that tribes of Jews have been expelled or massacred in Pogroms that were the result of Jewish Ritual Murder and usury. Whether the countries that kicked the Jews out were Christianized at the time of such expulsions or not, hardly matters, as the Jews cry "BLOOD LIBEL!" and claim that they are being "persecuted" because they are "Christ-killers," anytime they have been caught red-handed in their crimes against humanity. The "Toldos Yeshu ha-Notzri," like the rest of the Jewish Talmud, does not refer to the Yeshu/Yeshua, Jesus, or Christos of Christianity, but a Jewish game is being played in a conspiracy against the White

Aryan peoples of Satan. Through the use of Jewish psychology, sympathies are created for Gentiles to feel towards Christ and Christianity. This pollutes the blood of the White Aryan Race in a spiritual way that eventually manifests physically, like all astral magick does, if it isn't properly destroyed. The thought-form of Jesus Christ must be COMPLETELY DESTROYED before it can enter the chosen Jew who would destroy Adolf Hitler, the Aryan Anti-Christ, and rule the world from Jerusalem, the Jewish headquarters.

"Yeshua says that "until heaven and earth disappear, not the smallest letter, not the least stroke of a pen, will by any means disappear from the Law until everything is accomplished" (Matthew 5:18, NIV)... We are still awaiting the return of the Lord, the defeat of His enemies, and the complete establishment of the Messiah's Kingdom on Earth. Heaven and Earth are surely still with us, meaning that any outright dismissal of the Law of Moses on the part of Believers is most unacceptable. In the Last Days, a major expectation is that "the law will go forth from Zion and the word of the LORD from Jerusalem" (Isaiah 2:3; cf. Micah 4:2). Does this sound like some kind of "abolishment of the Law?" Not at all. On the contrary, when Yeshua returns the Torah will be enforced as the Law of Planet Earth." [5]

The Law/commandments of the Old Testament/Torah is the Law of Jesus Christ, and if we don't stop this astral son of a bitch from destroying Adolf Hitler, the Aryan Anti-Christ, there will not be any hope for us. The coming of Christ means the global enforcement of the Talmudic "seven" Noahide commandments, which contain laws within laws, adding up to a total of 620 commandments for non-Jews, including laws that are impossible to follow. The deluded Christians who believe that Christ's fictional death on the cross "nullified" the the Torah have no idea as to what awaits them. Christ hates all Gentiles, even if they strictly adhere to Christianity right down to the last detail.

Like the outcasts, the sexual deviants [i.e., pedophiles and race-mixers], the rejects, and the marginalized "persecuted minorities," the Gentiles who are Christian or Islamic are temporarily under the protection of Christ until they are no longer needed, which is after they complete the task given to them by their Jewish Masters: Replace White Civilization and Aryan culture with Christianity, and ultimately destroy Satan's Aryan Master Race.

As far as the colored races go, unlike the Jewish people, the Aryan Race doesn't rely on, or have any desire for slavery of any kind, as slavery is an abomination to Satan, as our Noble Race was destined to be independent and strong, and slavery always inevitably leads to the pollution of the White Race through race-mixing. It has always been the Jews who have enslaved the colored races [which the White Man has received the blame for], and it will be the colored races who the Jews will enslave, en masse, once the White Aryan Race is exterminated by the heel of Christ and his Jewish people if that Jewish piece of excrement ever "returns" in the form of a human being.

White Awareness and White Unity, along with re-education, thorough de-Christianization, daily meditation, along with the Reverse Torah Rituals, and a personal relationship with Satan, is our last chance. Keep MAKING our people wake up and defend our White Aryan Race of Satan, the true God.

Sanhedrin 99a: "When Messiah comes, he will destroy the Christians."

Even if Sanhedrin 99a really did originally read "Christians" and not "Gentiles," even though many Jews lie and claim that "Christ was not the Jewish Messiah," the significance of this passage is 1) YES, CHRIST \*IS\* THE JEWISH MESSIAH! And 2) CHRIST HATES \*ALL\* WHITE GENTILES, EVEN IF THEY FOLLOW CHRISTIANITY AND RELATED PROGRAMS DOWN TO THE LAST DETAIL! THE TIME TO WAKE UP IS NOW, NOT LATER!!! BELIEF IN, OR SYMPATHIES FOR \*ANY\* CHRIST, JEWISH OR ARYAN, FEEDS AND NOURISHES ISRAEL, AND ALL OTHER HOTBEDS OF EXCREMENTAL JEWISH ACTIVITY...

Rescue yourselves, and those of your loved ones who are open to the truth today! The future of the White Aryan Race depends on it.

Shiva is Satan

The symbol of the Ankh in Egyptian has a specific name its a letter that spells the name of a divinity. The Ankh is in two parts the top is the Shi letter and the shaft the Va letter in Egyptian. This in Egyptian symbolism forms the formula of the Ankh which spells Shiva. And is called: Infinity, Eternity. This symbol later becomes the trident letter in the ancient alphabet. The concept of infinity or eternity in Sanskrit is called Sat-an.

The Ankh is originally called An in Egyptian. In India, An is also a ancient name of Shiva. Who carries the trident. The symbol of the Ankh in Egypt is the Trident in the east.

The An is also called the Anki in Sumeria, which had the same culture as the Egyptians. Anki is the proper spelling of Enki. Who is also called Satan in Sumeria as well.

In ancient Sumeria:

As Laurence Gardener showed in his book: Genesis Of The Grail Kings that....

"The Serpent Lord was Enki, but in parts of Chaldea[ my note Sumeria] He had been called Shaitan."

Anki is called the Lord of the Eye. The Eye of Shiva in Hinduism. The Ankh was drawn in Egyptian art pointing to the forehead to symbolize the open eye.

The Ankh is the symbol of life in Egypt and Anki is the God of the Waters of Life in Sumeria. Shiva as a mantra is used in the head to activate the pineal gland which secretes the dew which is the water of life the Soma or Amrit which means "Immortality" in Sanskrit. Satan is also Satanama in Hinduism a mantra to open the third eye.

Shiva is Satan. The ancient texts in the east and near east state that Shiva ruled the golden age of humanity in Kumara Kandam and taught humans spiritual, cosmic knowledge so that humans could ascend, in the first Sangha. This is Satan.

Subject: Anyone Can Advance

[Anyone Can Advance : JoyofSatan666](#)

**Anyone Can Advance : JoyofSatan666**

The thing is, everyone can advance spiritually, no matter what. Even Race in that one, is not self definitive at all. Anyone, no matter who, or what they are, or what their conditions, can advance, simply because, every Gentile has Soul, Astral body and consciousness. And everyone can develop these big powers as well with loyalty and diligence, same as knowledge.

Those who are naturally more spiritual either from family or past lifetimes, will just do this relatively faster. This is not some sort of useless competition, it is, what it is. Nature is really 'for justice' when it comes to such things. However especially since Spiritual Satanism does give a giant push by raising out of the initiate a lot of very high level astral filth, everyone can advance way faster than most other people out there. Because one becomes member of a family of the Gods, so they oversee those who follow through this decision.

As I have said again. The Gods are Just. Instead of preaching false equality, that of flattening all races and all orders, and attacking life. The Gods have been Just and loving towards their creation by giving us the means to meditate. Which everyone, irrespective can utilize. Your evolution now is

largely upon your hands, and solely not on the hands of 'fate', 'chance' whatever.

Even a person who is mute, blind, or has had anything else happen to them, can develop spiritual power. It really doesn't get more 'egalitarian' than that. The peasant or the billionaire can get for themselves powers equally. Any being can prove their worth, by their own admission.

Many people are scared about National Socialism. "Where do I fall in this order! Will this guy X be above me? Maybe I will be run over by others?". All of this is gibberish. Its your CHOICE where you fall into this order of life, cosmos and nature. Even if one has been given lemons, they can make lemonade, or put them in their eyes and cry like a passive aggressive victim and slave.

Ideally to escape suffering, we have correct these things, either by re-reincarnating the Soul into a more decent body, or by healing them. Advancing spiritually has few rules, and this is on the blueprint of evolution. All Gentile Races can advance, and all Gentile Races, do have in them, people who are by nature adept, or can become such.

It's honestly a matter of choice. Nature has few things to do with it. Also, if one lacks any ability, there are always other routes to advance. No matter what, one can advance. Additionally I also believe and have known for a long time, that with diligence, even if one is very 'old', can experience enlightenment to a degree.

I have known a person who was in their seventies, and did the dedication to Satan. Within a year, they have had a lot of spiritual experiences, and also, they died the following years in bliss, serenity and a smile on their face. For one time in their lives, they experienced peace and a feeling of power.

It's only a matter of choice.

I've added more to the "72 Name" Reverse Torah Ritual. The more I learn about the enemy, the more appalling this gets.

Here is a bit of what the "72 Name" is all about:

The "Lesser Key of Solomon" below is also known as "the Goetia." The prefix "Goe" which is of the Devil [Satan] and GOY.

"The "72-fold name" is highly important to Sefer Raziel,[5][7] and a key (but often missing) component to the magical practices in The Lesser Key of Solomon.[8] It is derived from Exodus 14:19-21,[2][4][5][6] read boustrophedonically [3][8] to produce 72 names of three letters. This method was explained by Rashi, (b. Sukkah 45a).[9]Kabbalist and occultist legends state that the 72-fold name was used by Moses to cross the Red Sea, and that it can

grant later holymen the power to control demons, heal the sick, prevent natural disasters, and even kill enemies.[6]"

Destroy the torah and this will destroy all Jewish control and power. The 72 name of god is the foundation. The torah is so sensitive that the Jews will not burn it or trash it when it is too old and/or worn to be used anymore. They bury these scrolls in a special cemetery. I'm not going to go into any great detail here, but suffice it to say, this is their most sacred and sensitive power. By defiling these, as given in the adding onto the 72 Name RTR, this is destroying the torah and their "Names of God."

The Jewish Kabbalah contains everything stolen and corrupted from Gentile Pagan religions, all of it, put into code words and allegories. This was passed down, mainly orally [as given the secretiveness] from rabbis and their students for centuries and has to do with the workings of the mind and soul and with meditation and so-called witchcraft. The reason [as I've stated before], the bible and especially the torah have so much power is that each of the Hebrew letters has been infused with power and energy through many centuries. I read recently where Jews claim their torah scrolls are actually vibrating power.

In addition, the Jews themselves have no issues with hate. They fully acknowledge it while incessantly coercing suicidal "love" and tolerance for Gentiles.

In closing, one should be aware of the extent to where they Jews take over everything and work it to their agenda. What is really appalling is how certain high profile Satanic organizations, one in particular, is completely controlled by Jews and dominated by Jewish mysticism. Most Gentiles are unaware due to the fact that there is a lack of in-depth knowledge regarding Judaism, their Kabbalah their Torah, dietary laws and use of Kabbalistic magick. This is abominable to say the least. Then Satan becomes "just an archetype" and our Gods "just aspects of one's mind" and so forth. These affronts to Satanism then work to promote the Christian concept of Satanism and give support to the Christian concepts of what Satanism is.

I also note that many Gentiles who have used Jewish Kabbalistic workings and magick, such as Aleister Crowley, met with disaster. Those goddamned Jews have been putting curses on and reinforcing those curses against Gentiles getting too knowing regarding their secret teachings and such [All stolen].

As for those who are new. I again ran across new members in the teen group who posted recently in regards to being frightened and having doubts. This is all due to a lack of knowledge. Once you learn the truth past a certain point, there is NOTHING that can ever influence you to go back to Christianity, Islam, etc.

The bible, the stories, everything that was corrupted and stolen [the entire bible is full of nothing but stolen and corrupted concepts, made into Jewish characters and places], was written by rabbis, NOT any "word of God." The reason, again, why the bible and Christianity, Islam, etc hold so much power is because of the energy that has been infused in these LIES for centuries.

Subject: Theft Based Capitalism The God Of The Jew

Theft Based Capitalism The God Of The Jew

Karl Marx, a rabbinical class Jew, himself. So who would know better, stated the god of the Jews is money. He was right the Jewish term for money "Shekel" contains the term EL which is the Hebrew name for their god, El. Shek also means King in the sense of lord. Shekel really translates to "Lord God".

Capitalism is just the Torah applied to economics', pure capitalism is the slave trade, global monopolies, global money lending and debt slavery, and money oligarchs running a globalist plantation state of the (((rich))) and the serfs (Goyim the cattle) in a neo feudal system, as the Torah instructs the Jew to use usury banking like the Federal Reserve to take over the Goyim nations, steal all their lands and make them slaves to the Jewish owner class. Just like they did in the tale of the Jew, Joseph the first Rothschild, in Egypt. The Jews took the Egyptians over with Capitalism, by pawn broking the Egyptians into debt slavery with ancient banking usury and then stealing their actual properties in return, and turning them into debt slaves on their former lands, to the Jewish owners.

However the lesson was the Pharaoh stepped in and shut them down. Hence Communism eliminates all opposition to the theft and enslavement of the Goyim totally. Communism is the finalization of Capitalism. The transfer of wealth to one percent of Jewish Oligarchs, the destruction of the Gentile ruling and educated classes and land owners. And the transformation of the entire region into a open serfdom of farms and factories where the Goyim toil for their Jewish masters for starvation rations. And get marched off to slave camps to be worked to death to mine the Jewish Oligarchs their precious... golden shekel.

Note Tolkien wrote Lord of the Rings, in a back drop socially of a time when even Churchill was admitting the Jewish agenda with Marxism and Capitalism in the presses, Churchill would know he was on the dole of the Rothschild's, as the book by the Jewish writer Sir Martin Gilbert, "Churchill And The Jews" states . This was well known in England by most people.

What lesson did Tolkien put in his books..... An evil being in Mordor using the power of a evil mount [Zion] to create a golden ring the power of the gold of the Jewish Globalist Banking Oligarchs, that this evil being puts his evil essence [black Torah magic] into to bind the rulers of the nations [Goyim] to his evil Globalist regime. And one by one takes them down and destroys them by internal subversion and external warfare. To create a global slave state run by him.

What did Tolkien call the symbol of the power of the Ring in his book.....Golem.

The Golem is a being made from mud by a rabbi who is master of Kabala, black Jewish witchcraft and infused with the essence of the Jewish Rabbi by the power of the Jewish Alphabet which 22 letters is also the names of their god, which form the Torah, and then the Golem with this is turned into an animated servitor to do the Jews bidding.

This is the model for how Jews use Capitalism to take over Nations. Its the blue print right in their Torah.

As we can note right in their Torah how the Jews have turned money into a religion and god:

-----  
Spiritual meaning of Shekel

That a shekel signifies the price or estimation is evident from the following passages in the Word; in Moses:--

And all thy estimation shall be in the shekel of the holiness (Lev. 27:25).

And in another place:--

When a soul hath committed a trespass, and sinned in error from the holy things of Jehovah, he shall bring his guilt-offering to Jehovah, a ram without blemish out of the flock, according to thy estimation, in silver of shekels, after the shekel of holiness (Lev. 5:15).

From these passages it is plain that by a shekel is signified the price or estimation. It is said the shekel of holiness, because the price or estimation has regard to truth and good from the Lord; and truth and good from the Lord are the holy itself in the church. For this reason it is called the shekel of holiness in other places also (Exod. 30:24; Lev. 27:3; Num. 3:47, 50; 7:13, 19, 25, 31, 37, 43, 49, 55, 61, 67, 73; 18:16).

6] That the shekel denotes the price of what is holy, is clearly evident in Ezekiel, where the Holy Land and the Holy City are treated of. It is there said of the shekel:--

The shekel shall there be twenty gerahs; twenty shekels, five and twenty shekels, fifteen shekels, shall be your maneh (pound) (Ezek. 45:12);

that here by shekel, and by pound, and by the numbers, are signified holy things, that is, good and truth, anyone can see; for the Holy Land, and the Holy City in it (or the New Jerusalem there treated of) is no other than the kingdom of the Lord, where neither shekel nor gerah nor pound, nor the counting by them, but the number itself, from its signification in the internal sense, determines the estimation or the price of what is good and what is true.

[7] In Moses:--

They shall give every man an expiation for his soul lest there should be a plague, half a shekel, after the shekel of holiness: the shekel is twenty gerahs and

the half shekel for a therumah (an oblation) to Jehovah (Exod. 30:12, 13);

where ten gerahs, which are the half shekel, denote the remains which are from the Lord. Remains are goods and truths stored up with man, and these are signified by ten, (AC 576, 1738, 1906, 2284); and also that remains are goods and truths from the Lord stored up with man, (AC 1906, 2284). These therefore are called an oblation to Jehovah, and it is said that by them there shall be an expiation for the soul. The reason why it is so often said that the shekel was twenty gerahs, as in the passages quoted, and also in (Lev. 27:25; Num. 3:47; 18:16), is that the shekel which is twenty gerahs signifies the estimation of the good of remains. That twenty signifies the good of remains may be seen above, (AC 2280). On this account the shekel was likewise a weight, according to which the value both of gold and of silver was estimated (Gen. 24:22; Exod. 38:24; Ezek. 4:10; 45:12); the value of gold, because gold signifies good (AC 113, 1551, 1552); and of silver, because silver signifies truth (AC 1551, 2048). From all this it is now plain that by land of four hundred shekels of silver is signified the price of redemption by means of truth. It is called land because the subject is the spiritual church, which is reformed and regenerated by means of truth from the Lord (AC 2954). That by land is signified the church, (AC 662, 1066, 1067, 1262, 1733, 1850, 2117, 2118).

Here are parts 3a and 3b of The Jewish Control of Third Sex Rights sermon. The reason the terms "White Race" and "White Aryans," etc., are used so frequently in my sermons, is because when I put up my Third Sex Thule Society website in 2015, I made a promise to Satan that I would prioritize his direct human direct descendants, as we are planet Earth's most endangered species. Although most of the sermons on my website are written for a White audience, the information about the enemy Jewish kikes and their crimes against humanity, affect all human beings.

Any harsh-sounding words towards the third sex members of society are not intended as insults in any way, but I realize that this is a very lonely path, in that I am one of the very few third sex individuals, let alone who happens to be a Satanist who actually give a rat's ass about the future of his Race. Although Satan wants me to lead the third sex population, it is time for all of our people to wake up from their Christian and Marxist comas.

**They Will Fear Us... : JoyofSatan666**

Greetings to all our People and Satanic Comrades.

Many people have yet to understand the magnitude and importance of the undertaking we have in our hands today.

Other people falsely blinded by present circumstances, others because they are historically oblivious, while others because they are in the bed with the enemy and they think their small and sorry life is so important do reject this.

If we look at history outside the mainstream, in what Ancient sites left for us speak openly, we see the Greatness of a spirit in Humanity that was very powerful, noble, and great. This spirit has not even been approached, let alone surpassed, today.

The jews and many others do happily laugh about it, boast that this is over. They play their palms against one another and smile over how none of these people don't exist anymore.

That's what they want you to think or assume. Spirituality reveals differently.

They proclaim that their religions are dead, and that their old rival races like the White people are going to go extinct. As the paranoid, scrawny villain, they shake and shout as they think their victims are done with. They believe they have successfully carried out their purpose, that of en-darkening and destroying the mass consciousness of the planet.

However at 2012, what the jews have lied about, was again, their century old lie. That of a sudden salvation that would happen by a rabbinical thoughform named "Jesus". So life, faith and finances had again to be sacrificed for this salvation. In lying about astronomical dates to keep their old lie going, they covered the Truth.

What is important about this date, is that this was the reaching of the end of the Dark Ages in the cosmic earthy cycle. Hitler, the Divine Incarnate, believed by all Pagan Cultures in different titles, came and stopped the enemy exactly at the climax of their cause, preventing them from fulfilling their purpose of finally enslaving this "foreign" planet. It's not me saying this, it their "wise" tribal men.

Now, with the rise of the Age of Aquarius, our spiritual warfare, and our people who are again rediscovering the meditative and spiritual Truth, we stand a chance to overthrow these liars and deceivers who have desecrated humanity at large. We have given to everyone the means to meditation,

the knowledge, and we are lighting the way ahead.

Few people will understand the undertaking at a massive scale. All of these who were early on this ship, we didn't exactly know where this ship was going. We believed in it. And walked, no matter what, forward.

Now, we are growing into a vast army, and we know where this is going. The people who have been with Satan for many lifetimes, and these spiritual souls who have inherited sparks from the Gods, will seek them again, and will fight for them.

This is crucial and necessary if Humanity is to ascend towards a more powerful Golden age than ever before. This is our work. The end of this epoch requires a lot of cleansing and destruction in the spiritual realm. And a lot of healing and uplifting. Humanity has been ravaged, and balance has been quite overthrown. Most people can feel this all the time as they are going about their lives, even many people who are willingly ignorant.

The air of the times is blowing favorably. However, do not forget, everything can go BOTH ways. The enemy must be destroyed spiritually so that we do not experience the unfavorable circumstances that these dark alien minions want to materialize. Neither anyone should accept their leadership in any form. They bled the planet dry. Things have reached a critical point in our age now.

If the enlightened spiritual rulers were to rule, we would not have to experience all this misery as we did in the Age of Pisces. The Ancients had taken measures to prepare, such as their megalithic structures.

The age of stupid wars, complete removal of spirituality, the worst and deadliest jewish programs of Judaism, Islam and Christianity, deception as the rule, damnation of history, and flattening of historical sites, this era was so negative due to the alien invasion that took place.

It was supposed to be an era of compassion...

Only the jews received this false compassion. The alien predator that wanted to destroy us, rode on this compassion and became a slave leader. Rallying people to their mass death. People in reality stopped to show compassion even to one another. Mother would fight the son, and son the father, over disagreement and non-acceptance of a jewish rabbi named jesus christ.

Helping others became to be their slave, spirituality was replaced by pills, love became nothing but an artificial statement. Spirituality to emulate drinking blood of rabbis at sabbath. The jews as the rot of existence personified, tried to make this permanent and destroy everyone for pure malicious self "interest".

Anyway, remember, the tide can be used by any ship to fare. Ours or the enemy's. Its more on favor for us, as we are in alignment with the greater and benevolent forces of these times, and our Gods. But the enemy may try to hijack this.

We must fight them to the end and sink them completely. If you do not understand your bright part of this purpose, look deeper. In the seat of your Soul you will find where you really belong, and Satan's purposes. Which are nothing but sinister, evil, or dark. Darkness is light turned inside out. The darkness will become the light when the element that causes seeing light as dark to be removed. The enemy.

Those who are spiritually guilty, they will fight us and they will fear us. For the simple reason we are what they have tried to desecrate and destroy, in order to flatten everything successfully. This can never be allowed to happen.

May we all be blessed to continue to fight for the Gods and Satan, and we shall be granted victory.

SIEG HEIL BROTHERS AND SISTERS!

HAIL SATAN!!!

Sorry if this seems like the wrong group to post this, I just feel more comfortable posting it in the White SS group. Since the Moon rules mothers, children, home and family, I am thinking about doing a spell tomorrow while the Moon is waxing in Cancer on Monday. Is it possible to use it's energy to manifest myself a partner who I can have lots of children with? I've always wanted to have a big family and lots of White children, I am just worried about my ability to find the right person to do it with. I don't want to be a single Mom or have a lot of children with just anyone or all different fathers. I want a proper White family that I can raise as best as possible.

Can someone please give me tips on what to visualize affirm and how to go about that exactly? Is the Moons energy in Cancer tomorrow enough while it's waning or should I wait for the full Moon? Will I need to do another ritual for a relationship alongside this one? I really appreciate any help. This matters a lot to me, it's a personal dream of mine but also something important for all Whites to be thinking about that's why I posted it here instead of another group.

You are not alone my brother. I always deeply admired the passion you put in your work for our race and strength to carry on. I love you for that. As well as for putting facts before feelings, like all my other Aryan High Priests. This society is just. not. made. for us Aryans to continue our journey but we still continue it. I think... I understand the position you are in, as an Aryan leader on this Earth, trust is extremely hard to come by in this jew corrupted world. We all do our part and what we can. I have no doubts that we're reaping the fruits of our labor later on.

I trust our father.

I am one of the few people who obsessively checks these groups multiple times a day and can give feedback on extremely time-sensitive questions like this one. If you want a lot of high-quality answers and discussion, you should post your question at least a few days before the date you are asking about.

The moon rules all things domestic, like the home, so it would be better to do a spell to bring yourself the perfect large family, rather than attracting yourself the perfect partner. Attracting yourself a perfect partner falls in the realm of magick ruled by Venus. Venus is retrograde until April 15 and love spells started when Venus is retrograde do not work out. Love spells started before Venus went retrograde are fine. It is starting a love spell during the retrograde period that causes the spell to not work out.

Love Spell

<http://josministries.prophpb.com/topic16811.html>

You do not need to freak out or worry about the moon being strong enough. Magick is directed by your intentions and unnecessary doubts only weaken your magick. A Monday during a waxing moon with the moon strong in Cancer is a very good time to start magick ruled by the moon. You're a Satanist. A Satanist can sit down and stew about someone on a random day of the week and bring that person to disaster. Having the planets on your side make your magick that much more effective.

When visualizing, visualize what you truly want. If you want to hug your beautiful, white husband while surrounded by your children's smiling faces, visualize it and desire it with all your being. A potential affirmation is, "In a positive manner I am having a large, happy, healthy, white family that is free to raise in any way that I wish."

The sculptor's path is daunting. Appears lonely. Difficult. Human reasoning needing Godly understanding.

Awaken! Open your eye to see. The mind of the sculptor contains the Father's will. Together they craft the perfect Tree of Life.

Thanks to all our HPs.

Thank you Father for guiding our sheers.

Subject: Superiority

[Superiority : JoyofSatan666](#)

**Superiority : JoyofSatan666**

I notice most people have a hangup with understanding what Superiority is. This is because everyone lies to people, and this so called superiority they preach is actually on the basis of false entitlement and the lie that everyone is equal. Nothing and nobody is and neither should be equal.

People do not really hate superiority. Everyone affirms to it even if they do not accept it. Most people hate a false fake superiority complex. Created by jews to elevate them into a fake status. This is what makes people either mimic them (like we wuz kangz or muh KKK Muhstard Xianized white

jewsus) do. Others just hate this so they neglect superiority all in all.

When someone claims for example, Whites are superior in civilization or something else, many people get crazy. I see this in Black fellows who are early on their education in this Satanic school. Very very few people get angry at facts. I am not going to go to Africa and pretend I am an African Plant expert now...Will I? Or go to China and tell them that I know better Chinese medicine while I know nothing about it?

Social superiority the enemy has made a reason of warfare, race hatred and strife. But before you grow angry bear with me before attempting to go crazy.

Here we have a millionaire in business. If he ever were to offer you help on how you can make enough to feed your family easily, what would you say? Fuck off, I am superior to you? Will this earn you money, or a good family, or knowledge?

Another example is how arts like Qi Gong have masters in China or elsewhere. Without these people, Qi gong might have been lost. They withstood a purge of one hundred million Chinese people by Communists and still managed to keep this art alive. Does some xian cucked pastor know better than them? Obviously, NOT.

A car engineer comes to you when you have a broken engine, and offers you help. You do tell them fuck off, and that you are superior? Then remain in Nevada desert.

Not only not accepting superiority and having no sense of it is deadly and a disaster, but it leads someone to being incapable and lonely. The jews force this down the throat of many people in order to keep them dumb and enslaved. This only goes for Gentile to Gentile, never kike-gentile relations. To the jews, they have programmed their Goyim to accept the worse and ugliest jew as master.

Do you see the pattern?

Do you see how this hampers potential? This is the same thing the jews do to instigate other Races against Whites or the West.

To examine this is quite easy. You have a surgeon here. This surgeon has labored for 15 years in college and many other things, learning everyday about his craft. If you are to go to him for a very important surgery, would you rather trust yourself to do your surgery on yourself, or would rather they do the surgery? Are you equals when this Surgeon has saved hundreds or thousands in his life? While you cannot even self diagnose?

Wouldn't it be accepting his superiority a matter of a life saving thing? He can do you thousand times better than you can do to yourself. And that's lovely and glorious. Not a reason to feel "muh superiority". In fact if you act superior for your stupid desires, you may die. And how superior will you be dead then?

The jews of course in regards to White hate, and hate as they do to China-Taiwan, Korea etc (dividing people) they are like "KILL THE FUCKING SURGEON! YOU WILL FEEL BETTER HAVING NOBODY SUPERIOR TO COMPARE TO!". This is exactly what will kill you first and foremost by your own admission. And many others. This is the largest mindset of the jews and how they rot civilization from within.

The jews prey on the superiority complex of the goyim, which is created because infact all goyim are made into unspiritual cattle that does not understand the value of superiority.

Of course there are negative aspcts of superiority. A drugged out, dwarf kike, joe shlomo, comes to you and demands you to be their Goyim slave, making nothing good for you and out of you. Here is where judgement is needed. Do you put this parasitic virus in their position? Or do you become a slave because the bible says so?

In closing, Satan and the Gods are our Superiors. This is great, and the fact they want to help us is an amazing opportunity. Those who do not seize this will be damned, because there is nothing higher to do than commune with these amazing beings.

Those who have 'negative superiority' issues, many times just have self problems and self awareness issues. Not really superiority issues. These like any other fear, or worry, or lack of will, must be brought into light and healed.

Everyone just heal, and chill. As Satanists you are already on the path. Just walk it on your own terms and eleveate as you go. If you fall raise again up, and continue. Its not that hard if you don't make it hard for yourself.

[Becoming Better...But Aren't You Bored : JoyofSatan666](#)

**Becoming Better...But Aren't You Bored :  
JoyofSatan666**

Greetings to all our People and Satanic Comrades.

Becoming better is what you can do best with your time and existence. So many people fall on their knees asking for help, want everything done for them by others, or just want universal freebies.

Others constantly, too bored to meditate or advance, ask for help from the Gods on a paranoid frequent basis, basically just asking the Gods to be their pets and live their life for them. Of course they create all these fancy reasons.

One believes they were a god in a past life, others say that well, I dedicated my soul so I deserve it. Others just think the Gods are their tools. Others are too busy wasting their existence and just need to maintain their useless pleasure that exists ontop of the suffering of others. Which it

basically also prolongs. Because well, its Muh Right to do so.

Lazyness is basically a big trend right now. Like huge.

Everything in human creation has took effort to be created. The less effort, the less work, the more low the product. Of course, lazy lifeforms are useless and meek, and unless they find other people to be their parasites, they die off like pest. Because this is what lazyness is.

Advanced or non advanced civilization, how beautiful one is or isn't, everything that exists and moves, has labor put in it. So that you exist here today to be whatever you are, generations have fought the battle of survival. The more labor and vitality, the better the product.

Of course if someone is better off than others, why is this the case? If we take someone who lets say had a financial success. Why is this the case?

Because someone at some point in their family tree, decided to make wealth. If someone is healthy, even unconsciously, others before them, have decided in an unconscious level for a better partner. If someone is intelligent, chances are their ancestors at least had used their brain more.

There are no freebies in nature. Whomever believes in freebies is just blind to the laws of reality.

On the other hand, reality is very just. It gives some common things and abilities to almost everyone. This is the living consciousness. The Gods have also been just. They taught us how to use this living consciousness energy, the same energy that comes from seeds and creates all this abundance, if so we want, we can use it. This is done through meditation.

All wrongdoings can be, to a lesser or greater extent, be corrected with such. If society advances and rhe worthy push it to advance; civilization raises a level. Disease, poverty and many other things disappear, with the mastery of people over their environment. As Hitler stated, Humanity is becoming God.

There are many people who are totally flat lazy; do nothing for themsleves or for anyone else. These people are trashy; and they are in fact the cause of all the worlds perils. The jews are in the fact the ugliest and laziest of all the living humanoids on the planet.

All they exist for is just stealing from others. The same route follow many others. What they steal from the host nations is actually far better than all the "Pyramids" they claim they would be building. Instead they steal wealth through the jewish program of "mercy".

"Ye Goyim I would be building muh Pyramids but instead I have my twenty children raised by your taxes". We can say that the more life hating people are, the more they tolerate, stand for, and go after lazyness, and accept it within their midst.

With he rise of anti life hate of xianity, all these useless beings life and thrive. This is why you see all trashy Whites are too fond of xianity, jebooism, and all the like. They scma the working clasa of their own race aside jews, share da loot, and exist for so long they do, until they die off. Leaving nothing behind than ruin.

Then people ask why Gods are Nazis. Basically we call them Nazis. It's a system of labor and production that is known to us like that. In plain rules is that while everyone offers whatever and however they personally can, within reasonable limits, they live and thrive. Those who are parasites, they just take the road down and have no place among those who do. And go live wherever their "lifestyle" is applicable.

In short, restoration of natural law, and no favoritisms and shit. You will be, who you make yourself to be. The means are at the disposal of all race specimens, unlike capitalism where the means of doing anything are stolen by Jews. So others even if they want to, can't do shit.

Honestly laziness is just plain retarded. For a few hours in one's day, one can meditate and permanently become a better person. Not even hours. By a few minutes in your day you can become so many times better. It's easy.

The lazy try to hack reality unsuccessfully all the time. One example is drugs. Too bored to look within, the drug user wants to feel "amazing" without being amazing, or doing anything that would cause such result...So here comes a Jew with a pill, they feel amazing for a couple of hours, then they crash two adobes lower than what they were. The Jew comes with another pill..

However the Gods taught us some really nice passivity (which today is basically laziness). Basically what most people suffer from is inertia- they do not move. Passive or Shakti energy is not inert, it's a more effortless way to force. That produces results.

And is the creative Passive Shakti operating. That of magick and meditation. Aside with one's physical merit, one will definitely advance. Many people are saying crap that meditation is tiring, they cannot do it, or they can't take the time.

Apparently they cannot be sitting down comfortably and just being in deep chilling on a meditative state. And advance their Soul by easy mantra repetition and flexing in hatha yoga. Yes, too forceful. What do you mean do some runes to make my life better?

Aren't you people who think like that bored of suckery, never getting what you want, feeling horrible, and running on a ratwheel? But well this is reality. Sitting on Sloth mode and becoming better is tiring. Being played around like a ball by the universe and everyone else is not tiring at all.

What MORE could the Gods have given the laziest of bummers to get better? I mean it's like sleep without the sleep. You just stay focused. Then doing a couple of things in your day to eh, become a better being. If even THAT is too hard, then WHAT is any life worth anyway? Might as well sleep eternally.

*Plz daddy Satan I am sitting here by this nasty toilet. Don't you love me..if you do please help me. I dedicated my soul. Aren't you interested? My soul is very important eventhough I never worked on it for shit. Hey what do you mean there is no help because I have a habit for going and sleeping around nasty toilets while playing the baby? Maybe I am in the wrong religion . I will change...OR...I GO FOREVER! NOBODY IS MORE USEFUL THAN ME SITTING BY THIS TOILET. I was too lazy being lazy, so you can understand. I COMMAND YOU TO CARE or I LEAVE! ARE YOU GOING TO GIVE ME FREE HELP OR NO?*

And as the air blew, a semi sleeping Sloth said..."GTFO"..."Get real"...it continued.

Maybe you need to stop being lazy about being positively meditatively, lazy. And be really good lazy in a productive way. Which means to actually work for things and experience the glory of achievement in all levels.

The Jews because they have done and do so many criminal things to everyone else, as the alien soul of Jewishness commands in the Torah and Talmud, naturally have to censor all free forms of media, otherwise they simply can't get away with being Jews to everyone, anymore. So no surprise here is a Jew, Jewing all Utuber's out of years of their own hard work and deserved profit's of their labour with censorship, Jews always hide behind false humanitarian motives and emotionally manipulative, Pavlovian jewbberish. Why are they really doing this....

The advertising boycott related to extremist content on YouTube will cost Alphabet \$750 million, an analyst predicted Monday -- and another, Pivotal Analyst ((Brian Wieser)), just doesn't think Google is working quickly enough to solve the problem.

"CMOs were genuinely unaware of the problem and related risks given the range of issues they are charged with managing," Wieser wrote in a research note published Monday. He estimates about a 1% revenue impact this year and next, assuming that the problem is settled soon.

The issue is quickly spreading from Google to Facebook, according to ((Eric Feinberg)), founder of Global Intellectual Property Enforcement Center (Gipec). The former Madison Avenue executive turned tech geek set out several years ago to find ad-supported content linked to terror and hate groups. He co-developed a patent issued in December that relies on deep Web integration to find keywords and coding linked to terrorism and hate speech on sites.

**Reverse Torah Ritual Schedule Update Apr/2017  
: JoyofSatan666**

Greetings to all our People and Satanic Comrades.

It seems the jews want to create their 'greater Israel' and get Trump into war with Syria or something. Again. This is because they want the place to be completely destabilized, and therefore they want to both flood Europe with ten times more migrants, same as destroy the USA through mistakes forced on Trump. This just cannot be allowed to happen.

Aside from this, many important elections are taking place. Given how the political reality works, and without 'I would like it to be otherwise', there is only one way this can go so that the necessary opening will happen for better things in the future: by reducing jewish globalist influence.

The body of the schedule will be the same, we will just add an anti-war RTR and remove another one.

For the sake of efficiency, we are going to update this only when it's replaced by a new schedule.

\*All Rituals will be updated in the RTR android app for those who have this.

## Truth Culture : JoyofSatan666

Greetings to all our People and Satanic Comrades!

The thing about Satanism. Is that Spiritual Satyanism is actually, the pursuit of Spiritual Truth. As Satan to us means Satya, Satyan, Truth. It's Sanskrit. And its following, with the capstone of the Truth, being Immortality.

All the rules that derive from Natural Truth and the actual spirituality, are respected as Divine.

The fundamental notion that lies are mostly worthless is understood the more one goes in Satanism.

The Truth hurts, but lies will kill you. The Truth only hurts if you are distanced from it. If you try to be closer, you gain protection, insight, and inner peace.

It's of no use to listen to jews either, neither their crap about how everything is relative. Except of the scat-love of Freud that defines your psyche or something. Oh and the lampshades. These are facts. All other things are relative. Did we also tell it on these goy, that they should hate "Satan"?

The more distanced one is from Truth, the more one suffers. The more one needs to cover their internally collapsing condition. And the eventual circle goes, until the Soul is finally ripped completely.

Now, we have something else. Which is called, having a vision to improve. That's not untrue, or a lie. That's a developmental skill. Its what you do in magick, or meditation. It's actually creation, not flat out lying.

But who the jews hate after all..."Ha-Satan", their ultimate adversary. The notion of Truth is to be eradicated. The being or beings who incarnate such are called Satan's. And they need to be removed from the world.

This world has distanced itself so much from Truth, that people are literally RUNNING from it. Running from it, one is confronted with suffering. The suffering of course, many people are trying to mask. The wise ones use it as a conduit to attempt to understand, improve, and grow wisdom. The fools mask it until it becomes their eventual death.

However, lies come back with a vengeance. And murderous contempt.

It's written all over Egypt.

The whole thing in Spirituality, is actually one thing. Is to awake the inner star, the 3rd eye. Which is a secret code for awakening the immortal Soul. That understands and is able to reach "Truth". The eye, means something very literal as well. Look in reality not with the right and the left eye only. But the One Eye, the eye of Shiva, or simply the 3rd eye.

The greater the conception, the higher one goes. With the highest pinnacle being the greatest. Immortality. One will not die. The Egyptian texts state openly. Those who indulge in lying all the time to themselves, in the sense of being consumed by delusions and the lies put in front of them all the time. Will eventually perish. As they are not focusing on the Eternal. What you focus is what you get. Focus on death, rabbinical lies, and other such things. And you will simply get these.

This is only justified, isn't it?

The love of "Satyan-ism" is actually what makes one immortal. And puts one beyond the fear of death. As the wielder of the eye and the Serpent can never be deceived, and can also hack through death.

"Satan" can never die...He can only be 'hidden' from the ignorant...But Satan is Eternal and can never die...

Satan always and forever Lives...

**Reverse Torah Ritual Schedule Update Apr/2017  
: JoyofSatan666**

---

Greetings to all our People and Satanic Comrades.

It seems the jews want to create their 'greater Israel' and get Trump into war with Syria or something. Again. This is because they want the place to be completely destabilized, and therefore they want to both flood Europe with ten times more migrants, same as destroy the USA through mistakes forced on Trump. This just cannot be allowed to happen.

Aside from this, many important elections are taking place. Given how the political reality works, and without 'I would like it to be otherwise', there is only one way this can go so that the necessary opening will happen for better things in the future: by reducing jewish globalist influence.

The body of the schedule will be the same, we will just add an anti-war RTR and remove another one.

For the sake of efficiency, we are going to update this only when it's replaced by a new schedule.

\*All Rituals will be updated in the RTR android app for those who have this.

Before it is too late, since America has bombed the base from which the chemical attack happened in Syria.

This is serious. This must not escalate. This is going against Syria. It's obvious, the jews want to force their expansions again.

The Anti-War RTRs need to be spammed incessantly. ALL OF US MUST SPAM THEM INCESSANTLY...What we do will be very decisive right now.

This is very serious. The situation in there, means basically, if it escalates, it can get real grim. For explaining the geopolitical situation, I found a perfect picture online, posted below.

We will be watching to see how this goes. **UNTIL NEW NOTICE**, WE WILL NOT RETURN TO THE OTHER SCHEDULE THAT WAS POSTED HOURS EARLIER. **We need to do the Anti-War RTR's.**

Subject: 4/6/2017 The Day Zionist WW3 Begins

4/6/2017 The Day Zionist WW3 Begins

April 6, 2017 is the 100th anniversary of America's entrance (by the Jewish Oligarchs) into the First World War. A war which the Jews started to establish Greater Israel and a Jewish Global Dictatorship under Jewish Communism. The anniversary of the Jewish Communist revolution in Russia is also this year.

This is covered in great detail:

Stalin's War

[topic15258.html](http://topic15258.html)

100 in Kabala is the number of a full cycle and perfection of a working, of the Jewish God, in this case the creation of a Jewish Global Dictatorship which is the Jewish God brought to earth in Kabala. This event is meant to launch this into existence. The Jews have started this attack with the intent of starting World War 3, that's it.

100 is also 10 in numerology the 0 is a place holder. It can be reduced to 10.

The Jewish leadership times things with dates and numbers as part of their Kabbalistic black magic. This ties into and brings the energies of their rituals about in the material world which is why they use the number 6 so much it brings the energy into the material realm. Hence April 6th. 4 and 6 also add to ten the number of the Jewish God, the 613 laws of Yahweh equal to 10. Which form the core of the Torah. Israel in Hebrew also adds to 10. The banner and power of Yahweh is the rod of Moses in Kabala and Torah this symbol represents the 10th letter. Moses uses this Rod to defeat the Pharaoh of Egypt and the other Gentile Nations the Jews exterminate and enslave in the Torah in their Zionist Empire. 10 represents the power of the Jewish god in destroying the Goyim, the 10 plagues on Egypt.

The 10 can also be reduced to 1 which is Aleph in which contains the Kabbalistic code of 26 the number of YHVH the Jewish god form and the secret reason for their worship of this number 10.

The Jews want to bring the perfection of the working of their Torah, The Global Jewish Dictatorship into existence. Were the Jews become god.

The Anti-War Reverse Torah Rituals are the key to stopping this. So do them with devotion daily.

- RTR's do not need to be done in the hour of Mars or Saturn. We are not cursing, we are reversing curses. Any planetary hour will do.

- RTR's are NOT words of power. They are reverse Hebrew. Vibrating them for extended periods will not make them more powerful. It literally takes 10

minutes for 9 reps for most RTR's, not an hour. Each letter does not need to be vibrated for an entire breath. This will not add extra power to it. The power is in each full word, not in each letter.

- Reverse Hebrew is not like Sanskrit. It does not need to be vibrated any differently than how HPS Maxine does them in the audio. Just copy how she does them, that's why she records the audio the way she does.

- No, you do not need to bathe first, or hold a formal ritual.

- If you ever feel like not doing one, all the more reason to do one.

- If you have extra time or energy, yes you can do multiples of the paragraphs to be vibrated. Instead of just 9, you can do 18, 27, and so on, and then the given amount of affirmations.

- The RTR's are very important. If you feel you need guidance doing them, or additional help getting privacy, do not hesitate to ask Satan or your GD. The Gods want us to be able to do as many as we possibly can.

- If you need privacy, you can easily get it. Do a working to ensure privacy to do them. Have some music playing to cover the sound, and so on.

Assad Calls Syrian Conflict: Israel-Syrian War

Its no mistake Trump a Neocohen, Zionist has stepped in for Israeli's war with the recent actions he ordered against Assad. As a political order from Tel Aviv. Washington is Israeli occupied territory and has been for years. Anyone in government who wants a career has to sign the AIPAC Contract. Didn't any American's question why THEIR Presidential candidates all have to line up and give a groveling speech to a foreign Lobby Group for Israel, in order to be able to be the Leader of America....Not Israel. America is the world's global superpower and Israel owns America.

How else would Israel have gotten away with the USS Liberty attack:

<https://www.youtube.com/watch?v=LMzvgCLtCG8>

<http://sana.sy/en/?p=103658>

Question 18: Mr. President, Syria has been subject recently to continuing Israeli aggression. What is the objective behind that? And are you concerned about

the possibility of a Syrian-Israeli war?

President Assad: Concern about a war is unrealistic, because the reality is that we are living this war. But as for calling it a Syrian-Israeli war, you can assume in any case that these terrorists are fighting for Israel. Even if they are not a regular Israeli army, they are still fighting for Israel. And Israel shares the objectives with Turkey, the United States, France, Britain, Saudi Arabia, Qatar, and other states. They all share the same objective. It is a war that has taken a new form and uses new instruments. Practically, our victory over the terrorists is a victory over all those states put together. That's why Israel is doing its best to support these terrorists in every place the Syrian Army advances. They attack in one way or another in order to provide support to the terrorists and in order to stall the momentum of the Syrian Arab Army in facing them.

Chemical Weapon's False Flag

Trump used this false flag of chemical weapons to fire 59 missiles into Syria as an act of war against Syria and Russia on Zion's behalf. But this type of false flag was already in place on the record since 2013 in the Israeli occupied territory that is Washington. The Zionists are desperate to get this war going. Remember Trump and the Zionist owned government and media is spouting the same line of lies that the deep state CIA [created by the Zionist Oligarchs Rothschild and Rockefeller's and at the top is a Mossad glove puppet] gave us all on Saddam and "The Weapons of Mass Destruction". They later admitted was a lie they made up for war.....For Israel of course. Well they are back to the exact same tricks for the same tricky Hebrews. When this is the official policy these Jews and Shabbos Goyim have on record when can't you trust them...

If the Jews didn't control Washington, Israel would not have gotten away with the USS Liberty attack:

**Reverse Torah Ritual Schedule until -End of April- : JoyofSatan666**

Greetings to all our People and Satanic Comrades.

Unless strange things come into inspection or sudden calamities come that we need to counter, this will be the schedule we are going to do until the end of April.

**This schedule we will be doing starting in April 11th.** This is mandatory we keep the Anti-War RTR's for a day more at least. These jewish retards want to plunge this war in death, just for their own delusional crap. This just can't be allowed to happen.

If sudden things hit the fan, then we will be adjusting and following up. There may also be changes in the schedule, so please stay tuned. Unlike the jews, we don't need to be 'predictable' as how they are. But in the same time we need to be systematic, and to keep doing these so power adds up, until it becomes total and then keep it on that level. The enemy did this to increase the energies required to push their crap.

At Easter, in April 16th, because this is both the Catholic and the Orthodox Easter, and of course the enemy jews and their jewish spirituality implies that there have to happen human sacrifices for their JHVH, we are going to ruin this, and defuse their jewish filthy crap. This will render them powerless for many months, as they rely on this.

They started the bombing of Syria in April 6th, and in 10 days from there, this will be Easter. One needs to read HP Don's latest post to understand the premeditation behind this.

The schedule will be explained below, and links given, and rituals posted too. In the end, I will post the concluding schedule:

**At April 16th, aside the other Rituals that will be done in all days, we will be adding THIS ONE:**

"Reverse Jewish Blood Sacrifice Ritual"

<http://www.angelfire.com/wizard/pixie66...Ritual.htm>

The rest, for all days, will be as posted below [Main Rituals, from 10th of April, until the End of April]:

<http://www.angelfire.com/wizard/pixie666/72.htm>

[http://dawn666blacksun.angelfire.com/Ritual\\_42.html](http://dawn666blacksun.angelfire.com/Ritual_42.html)

[http://dawn666blacksun.angelfire.com/11\\_9\\_Ritual.htm](http://dawn666blacksun.angelfire.com/11_9_Ritual.htm)

**Until April 16th, we will be rotating these Rituals (or doing them both since the Anti-War is just so small anyway)**

For example:

Anti-Confusion RTR on the 12th,

Anti-War RTR on the 13th

Anti-Confusion RTR on the 14th,

Anti-War RTR on the 15th

**Anti-War RTR:**

[http://dawn666blacksun.angelfire.com/Re ... ah\\_171.htm](http://dawn666blacksun.angelfire.com/Re...ah_171.htm)

**Anti-Confusion RTR:**

**After 16th of April until PROBABLY, the end of April:**

We will do the 72, 42, and Communications, Plus this one.

[http://www.angelfire.com/wizard/pixie66 ... Ritual.htm](http://www.angelfire.com/wizard/pixie66...Ritual.htm)

**In short...**

April 9, 10th : All three Anti-War Rituals. Just them.

[Posted] here: [topic18936.html](http://topic18936.html)

April 11th: 72, 42, Communications, Anti-War RTR

April 12th: 72, 42, Communications, Anti-Confusion RTR

April 13th: 72, 42, Communications, Anti-War RTR

April 14th: 72, 42, Communications, Anti-Confusion RTR

April 15th: 72, 42, Communications, Anti-War RTR

April 16th until 20th: 72, 42, Communications, Reverse Jewish Blood Sacrifice RTR

Trump And What Really Happened In Syria

Lately there have been all kinds of theories going around from Trump pundit's as to why he ordered this act of war against Syria and Syria's allies including Russia.

To understand what really happened and why. We need to understand the context of this decision by Trump in the larger picture.

The anti-Assad forces in Syria are all Wahhabist mercenaries. That were created by Washington, Tel Aviv and the Saudi's. The FSA, ISIS, Al-Nusra all of them are Wahhabist who hold the same Islamic views. Former NATO General, Clark stated that ISIS was created by American Allies in the Middle East to fight Hezbollah, this is Israel. Obama openly stated that Washington was recruiting, arming and training ISIL forces in Syria. ISIL is ISIS. McCain in 2011 was photographed meeting with the leaders of the Wahhabist forces in Syria. Washington's allies, the leader of ISIS was one of them. Mossad and CIA agents were captured with ISIS forces by the Iraqi army as well. ISIS has had stores of military weapons that were from the Israeli Army. And Israel has been conducting numerous missile and air strikes on the Syrian Army for the Islamist proxy armies in Syria for years.

What happened in Syria is simple. This is an Israeli proxy war against Syria, as Assad has stated. Israel is attempting to destroy the Shia Crescent of Hezbollah, Syria and Iran to break down their opposition in the region so they can build the greater Israel program. However Syria is winning and destroying the Israeli proxy forces. When this has happened the Israeli's and Washington, start conducting air strikes on the Syrian's to attempt to slow them down. Last year the American Air Force, leveled a major Syria military base for this reason and brushed it off as mistake.

The Syrian Army and their allies are making major advances and wiping out whole trapped Wahhabist area's. The war is basically over. So they launched this attack on a false flag in an attempt to wipe out as much of the Syrian Air Force as possible to stop their ability to conduct important air strikes on their proxy forces. To slow them down and give America the needed excuse to put boots on the ground against Assad, which is what Washington is squawking about.

This whole move is about using America to intervene in Syria for Israel and destroy the enemies of Israel, yet again just like in Iraq. The other excuse is about fighting ISIS, but that one is allowed them a small foot in the door to then turn around and start striking Assad. Now they want to just come in fully against Assad which is the whole point. This attack is part of the mission creep into Syria for Israel.

Syria does not have any chemical weapons this fact has been proven by the by The Organization For the Prohibition Of Chemical Weapons. A UN

organization. We have the fact that since at least 2013 its been the policy of Washington to use a chemical weapons false flag to attack Syria and start a conflict that can allow America to fully enter with boots on the ground.

There is this strange esoteric conspiracy theory that Trump's assault on Syria was some major chess move to let him capture some non-existent flag back in Washington politically. And he tipped off the Russian's first as part of this move. The Pentagon claims it did notify Russia before hand. But Tillerson stated there was none. This is still an act of war. The other reason given is the claim the Syrian's moved their major personal and equipment out of this area and only 23 of the missiles hit the base.

There could have been many reasons they moved to another base, one of them understanding from previous experience what was coming next would be a possible attempt to destroy their air power in a strike which Washington claimed this base was responsible for. It does not take a genius to figure out were a possible attack would be happening. The claim's of the notification from Washington are yes they did and no they did not. These bases are surrounded by AA batteries that lock on and shoot down missiles and aircraft which is probably why only 23 went through. They didn't fire 59 Tomahawk missiles at that place to not try and destroy it totally. If some one fires 59 rounds at another person and only hits them with 23 of them does that remove intent to destroy all of a sudden?

The other fact is in how Russia has responded to this attack. They are enraged politically and have shut down their treaty talks with America, and are moving more warships into the Mediterranean Sea, and have moved more towards a war footing. This dismantling of these talks can lead to a situation in which can start a war between America and Russia at any time. The political discussion from Russia is now using soft terms for what Trump did was a deliberate act of war against them. They are calling the reason for this strike an "invented pretext". Lets be honest, just because they might have notified Russia first and then went ahead and did this, does not mean Russia approves. It does not nullify what this is intended to do. Its still a deliberate act of escalation of war. And that is how Russia has reacted to it as. Russia has reacted to this as an escalation of war with them and has acted in accordance with this. America and Russia are now more closer to an open war with each other then before this event.

This is why Trump was elected.....

Then overnight does an about face on his most important promise.....Why?

What really happened was Trump decided putting Israel first is more important then America First.

Washington is Israeli occupied territory if it was not Israel would not have gotten away with the USS Liberty attacks:

This is from the Council of European Canadians:

# The Coming Civil War in Europe

by [Clare Ellis](#)

The Diversity establishment views these migrant children as harbingers of racial harmony

**T**he Leftist-Liberal demographic engineering project of the European Union violates the rights of indigenous European peoples, goes against global trends towards the territorial partition of ethnic groups, and contradicts expert research on conditions that create ethnic and political conflict. The continuous practice of settling large numbers of non-Europeans into regions already inhabited by European indigenous populations but who have very low fertility

rates inevitably alters the ethnic compositions of European nation-states, renders Europeans demographic minorities in their own homelands, affects the distribution of political power and the relations between ethnic groups, and causes a variety of other conflicts and problems, including civil war.

## Engineering Multi-Ethnic States through Immigration

In this article I will be drawing on the existing research on the factors that have brought about ethnic conflict in history and in recent decades in the Third World to show that the same factors are being reproduced in Europe as our current elites go about engineering European nations into multi-ethnic states through mass immigration.

According to Myron Weiner and Sharon Stanton Russell, demographic research has found that countries with low fertility rates that also experience large-scale international migration tend to suffer from "violent ethnic conflict and political instability," an erosion of national identity and sovereignty, as well as "radicalism, terrorism, religious fundamentalism, environmental degradation, and economic growth and stagnation."<sup>1</sup> According to Frank Salter, research shows that "ethnic diversity tends to increase social conflict and crime, undermine welfare, exacerbate ethnic inequality, racialize politics and erode civil liberties."<sup>2</sup>

According to Tatu Vanhanen, "two thirds of global variation in ethnic conflict was explained by ethnic diversity" and according to Irenaeus Eibl-Eibesfeldt "large scale mixing of different ethnicities reduces social stability and risks domestic peace."<sup>3</sup> According to Michael Teitelbaum, "large-scale population movements across borders by refugees or other migrants can affect the cohesion of societies and generate social and political conflict both within and between countries."<sup>4</sup> And according to Monica Toft, multiethnic states are "the most violence prone settlement pattern" of distinct ethnic groups.<sup>5</sup>

Toft explains that demographic balances are key to ensuring stability and peace in multi-ethnic states but violence and civil war can result from a shift in these ethnic balances. What causes these shifts? "Differential birth/fertility rates and economic immigration," "deliberate state manipulation," and "[m]ass migration and resettlement."<sup>6</sup> Toft also describes the five main theories for why conflict and civil war occurs between ethnic groups: "ancient hatreds;" "modernization;" "relative deprivation;" "security dilemma;" and "elite manipulation."<sup>7</sup>

In brief, the demographic engineering of sovereign nations with low fertility populations by high fertility in-migration shifts the ethnic composition of said populations (creates multi-ethnic states) and long-standing ethnic rivalries, competition, grievances, and territorial boundaries between immigrants and the

native population, as well as hostile political leadership, can make violence between ethnic groups, and between the native population and the political elite, more likely.

In European nations, contentious relations between ethnic minorities and indigenous Europeans are due, in part, to cultural and ethnic differences (i.e. Muslims, Africans, Arabs compared to Christian, secular, atheist, Europeans), past and present grievances (e.g. slavery, colonialism, wars, hegemony), and the rapid growth of distinct non-European immigrant populations. And the tensions between native Europeans and their political elites are based, in part, on hostile demographic policies that alter the ethnic compositions and undermine the distinct ethno-cultural identities, political cultures, and institutions of European peoples and homelands.

### Power Transition and the Likelihood of Civil War

According to the logic of "Power Transition Theory," large-scale non-European immigration in the form of settlement in low-fertility European nation-states leads to a shift in the size of ethnic minority populations (the creation of multiethnic states) creating a "tipping" point whereby ethnic majorities become a demographic minority. According to the democratic principle of majority rule, when an ethnic majority becomes an ethnic minority they lose their legitimacy to

govern the state. Just before, during, or after such a power transition occurs, power becomes contested and violence and civil wars are likely to break out, particularly if the migrants do not intend to integrate and/or are engaged in a war of opposition (Third Worldists, Islamists, and cultural Marxists)<sup>8</sup>

However, alterations to the notion of political community and national identity in Europe through cosmopolitan constitutional citizenship, as well as the replacement of ethno-European political institutions with multicultural organizations that are decidedly non-ethnically European in nature, means that such a power transition can occur earlier because majority rule becomes defined by political qualifications rooted in non-European ethnic identity political groups and pro-immigration Left-Liberal political parties.

In terms of majority rule based on ethnic rather than political groups, according to Tanja Ellingsen "wars are more likely to occur when the largest group is less than 80 percent."<sup>9</sup> In some European nations foreign-born populations already exceed 20 percent of the national population and demographers are predicting that Europeans will become full minorities in the latter half of the 21st century. This means that civil wars in Europe are likely to occur in the near future.

Homeland Territory is a Survival Issue for Ethnic Europeans

---

## Immigrant riots in Sweden

An additional "key" reason as to why violence and civil war between ethnic groups occurs is how ethnic groups and the state view territory.<sup>10</sup> According to Toft and Dominic Johnson, almost three quarters of all ethnic wars between 1940 and 2000 were "centered on the control of territory." The ownership and defense of bounded territory and homelands is necessary for sovereign states and is also central to international laws that emerged in the era of decolonization and post WWII ethnic group independence movements that involved "the gradual partitioning of the globe into self-determined territories." According to evolutionary theory, territoriality or the "partition" of "living space" (a universal behavioural trait) and its defence (a conditional or contingent trait) is prevalent

among both humans and the animal kingdom and can ensure relatively peaceful relations between distinct groups. In terms of human territoriality, the material resources of the territory such as "water, food, and shelter," the "human contents" of the territory such as "the family, relatives, friends, allies, and ethnic group to which one belongs," and the immaterial or symbolic factor of territory, are "key" to why "territory [is] worth fighting over" for human ethnic groups.<sup>11</sup>

The symbolic or non-material factor of territoriality is the "shared history" and attachment of ethnic groups to their historic and traditional land, seen as a common home or homeland, which provides "in-group/out-group psychology" and group identity.<sup>12</sup> Toft explains that a homeland is "an indivisible attribute of group identity," it is "inseparable from its past and vital to its continued existence as a distinct group" as it contains the very "fundamentals of culture and identity" that have developed over millennia and cannot be exchanged for another homeland. Homelands are geographically "bounded" and they sustain "cultural boundaries;" such "boundedness" is endangered by the 'other,' by ethnically distinct immigrants who threaten the integrity, sovereignty and security, the very survival of distinct ethnic groups in their homelands. As such, Toft clarifies that "Ethnic groups rationally view the right to control their homeland as a survival issue, regardless of a territory's objective value in terms of natural or man-made resources" and will engage in fighting to protect and preserve control over their symbolic territories and thus secure their collective

group identities. Losing control over a homeland means the "dilution of the national group, its loss of power, and consequent diminution of national identity" as well as a loss of control over the distribution of "economic and political resources," immigration, and the cultural content of the society.<sup>13</sup>

The deep connection between homeland and the survival of distinct ethnic group identity is a key distinction between ethnic groups and states. According to Toft and Johnson,

[H]omeland territories are imbued with historic significance and their boundedness allows communities of individuals to maintain distinct identities and cultures. These unique properties mean that people and states behave differently in conflicts over homeland territories.<sup>14</sup>

For states, power and survival are seen in terms of control over material and physical territories and resources, and not in symbolic terms. Although a central duty of the state is the protection and survival of its citizens in the long-term, their focus on their own survival may trump the survival of distinct indigenous groups "who view territory as [indivisible and] inextricably bound up with their

identity and thus ultimately with their survival as a group." This difference in territorial control for survival between states and ethnic groups can result in violent conflicts.<sup>15</sup>

European nation-states may rationally calculate that their survival, in terms of the preservation and enhancement of economic and political power at the global level, depends on the mass-importation of foreign migrants as a 'replacement population.' But mass-immigration of foreign ethnic migrants leading to the creation of multiethnic cosmopolitan states based on multicultural immigrant rights and an ethnically neutral abstract European identity is not conducive to the long-term survival and sovereignty of indigenous Europeans who inhabit the European nation-states as homelands. In other words, nation-state survival at the global level is overriding indigenous European survival at the homeland level.

Pro-immigration European and EU elites are engaged in the promotion of large-scale non-European in-migration, in the decoupling of European ethnic identity from political power, and in propaganda campaigns that aim to belittle European concerns and discredit their distinct identities and sovereignty over their traditional

homelands, projects that have defined various Leftist-Socialist EU integration models since the time of [Coudenhove-Kalergi](#), as such, they may be perceived as hostile to European indigenous peoples and thus illegitimate as elected political power. They no longer represent the interests, provide secure homelands, or protect the survival of distinct and indigenous European peoples. In this situation, indigenous ethnic groups may "rationally calculate" to enter into conflicts, including political struggles and violent conflicts leading to civil war with both immigrant-settler ethnic groups and the state.<sup>16</sup>

### Concern, Exposure, and Action is Legitimate

Since WWII indigenous European concern over international migration and cosmopolitanism has been discredited as right-wing extremism, Nazism, and racism. In reality, anti-immigration and anti-cosmopolitan sentiments are a legitimate response of native Europeans who are being displaced of their numerical majority position, replaced by non-European migrant-settlers, and dispossessed of their political power and sovereignty over their homelands by these ideologies and practices. Such a situation has led to the rapid rise of populist and alternative right anti-immigration and

anti-Islamist political parties, social and political Identitarian movements, and numerous authors and political figures that expose the agenda of hostile European elites and the threats posed by immigration, Islamism, political correctness, and multiculturalism.

Thilo Sarrazin wrote one of the most widely read and controversial books ever published in Germany, *Deutschland Schafft Sich Ab* (*Germany Abolishes Itself*, 2010). In this work he argued that "Islamic immigrants threaten Germany's freedom and prosperity because they are unwilling to integrate and rely overwhelmingly on welfare benefits."

<sup>17</sup> He has also said of Islam:

No other religion in Europe makes so many demands. No immigrant group other than Muslims is so strongly connected with claims on the welfare state and crime. No group emphasizes their differences so strongly in public, especially through women's clothing. In no other religion is the transition to violence, dictatorship and terrorism so fluid.<sup>18</sup>

Although condemned by leading elites in Germany, 89 percent of German readers of the Bild newspaper would choose to elect a party headed by Sarrazin.<sup>19</sup>

In January 2016 the chief of the Swedish army, General Anders Brännström, told his troops to prepare for a war in Europe and defend Sweden against skilled opponents that was expected "within a few years"<sup>20</sup> and in February 2016, Norwegian Army Chief Odin Johannessen remarked that Europe "must be prepared to fight, both with words, actions — and if necessary weapons — to preserve the land and the values we have in common" against the threat posed by radical

Islam.<sup>21</sup> In reaction to the 'migrant crisis' in Europe, in April 2016 Swiss People's Party (SVP) member of parliament Roger Köppel stated that "Europe is about to abolish itself" due to a "megalomaniac" open border policy, and such "overconfidence is at the root of all evil." He further stated that "The basic problem today is Islam" and that "It is an illusion to believe that politics can cope with this mass migration."<sup>22</sup>

While it is true that Europe is overwhelmed with the migrant crisis and increasingly subject to the activities of radical Islamism, the situation in Europe is not just about Islam, the migrant crisis, and the protection of cultural values; it is also about the decades-old deliberate transformation of ethnic European homelands into multi-ethnic cosmopolitan states through the mass-influx of non-Europeans and the hostile alteration of the political identity, institutions, and culture of indigenous Europeans, a situation that is creating the conditions for civil war in Europe.

This is a situation that has been deliberately created by the EU project of Leftist-Liberal and neoconservative elites and is exploited by anti-European alliances between naïve or treasonous Leftist-Socialists, NGOs, and non-European settlers. All of these groups aim to

overthrow the existing political institutions and traditions of European nation-states, render Europeans minorities in their own homelands and dispossess them of their territorial and political sovereignty, eventually replacing them demographically. In 2015, Renaud Camus explained that

The Great Replacement is not a concept, it is not a notion, and it is not a theory: it is only the coining of a name for the most important phenomenon to affect Europe in the last fifteen centuries: namely, the replacement of its population and the changing of people.<sup>23</sup>

This is in direct contradiction to international laws that protect against the destruction, "in whole or in part," of distinct national, ethnic, racial, or religious groups. What is really at stake is the actual survival of European indigenous peoples as distinct and numerical majority ethnic groups in their own nations and the preservation of the historic European homeland.

Yes, these are conclusions I also was drawing. Thank you for spelling it out so concisely :) I would add they claimed Saddam Hussein also chemically attacked his citizens 29 years ago right before the Gulf War which set the stage for the destabilization of the Middle East:

*"March 16 marks 29 years since Saddam Hussein massacred thousands of his own people in a chemical attack on the city of Halabja.*

*The bombing was calculated to kill as many as possible. A first barrage shattered protective glass in windows throughout the city, making sure the gas reached its targets.*

*A cocktail of toxic chemicals was chosen for maximum impact. One gas had a strong, sweet aroma—not unlike apple blossoms, intended to make people inhale deeply to find out what was causing the smell. Another chemical was used as a paralyzing agent, causing people to collapse to the ground.*

*A third and lethal gas was used because it's heavier than air. Anyone who fell, or crouched low for safety, or took shelter in a basement—they were dead within minutes.*

*Men, women, and children died indiscriminately as toxic gas seeped into their homes, through broken windows, filling the spaces where they'd taken shelter.*

*Up to 5,000 people perished that day. Thousands more were injured—most of them civilians. Bodies and psyches—even the soil of Halabja was permanently marred by the attack.*

*The effects were not isolated to that one horrible day in March 1988.*

*A team of researchers has linked chemical weapons like those used on Halabja to a **400% increase in birth defects** among the children of survivors. "The effects may last generations," they concluded.*

*Over the past year, **ISIS has targeted** civilians and soldiers alike with low-grade chemical weapons. These attacks are less potent than Saddam's assault on Halabja nearly three decades ago, but deadly and still a*

(\*MY notes: What happened in Syria is another false flag event, to push us closer to WWIII. This false flag helped precipitate the Gulf War which began in 1990. The following is taken from the transcript of President Bush (seniors) address to the American People at the 'successful' conclusion to the Gulf War Mar 7, 1991):

*Bush Senior:*

*"The consequences of the conflict in the gulf reach far beyond the confines of the Middle East. Twice before in this century, an entire world was convulsed by war. Twice this century, out of the horrors of war hope emerged for enduring peace. Twice before, those hopes proved to be a distant dream, beyond the grasp of man."*

(The 'horrors of war' were all wrought by the JEW. Hitler tried every means he could to AVOID war. Their idea of 'enduring peace' is when every Goy is either enslaved – so we cannot fight back anymore – or dead. To say this is the most base hypocrisy. When he says: "The consequences of the conflict in the gulf reach far beyond the confines of the Middle East." This was actually truth. As it was merely the opening move in the destabilization of the Middle East, finally leading to rapefugees being able to climb into boats and come on over to Europe, to begin the Jews attempted Genocide of us, the Aryan Race. They like to put the truth about their intentions out there, but disguised. Hopes for enduring peace are, indeed, beyond the grasp of Gentiles, until the Jew has been dealt with, once and for all. As our HP has just stated: The anti-Assad forces in Syria are all Wahhabist mercenaries. That were created by Washington, Tel Aviv and the Saudi's. The FSA, ISIS, Al-Nusra all of them are Wahhabist who hold the same Islamic views.)

*Bush Senior:*

*"Until now, the world we've known has been a world divided, a world of barbed wire and concrete block, conflict and cold war.*

*And now, we can see a new world coming into view. **A world in which there is the very real prospect of a New World Order.** In the words of Winston Churchill, a "world order" in which "the principles of justice and fair play . . . protect the weak against the strong." A world where the United Nations, freed from cold war stalemate, is poised to fulfill the historic vision of its founders. A world in which freedom and respect for human rights find a home among all nations".*

*(Interestingly, I believe what is really meant here is to protect the weak (ie: the Jews) from the strong (the Gentiles) He speaks of a "world Divided, a world of barbed wire, etc. When the ultimate goal is a ONE WORLD ORDER. As Bush even states out loud: "A world where the United Nations, freed from cold war stalemate, is poised to fulfill the historic vision of its founders." The JEWS founded the UN. It is a cruel JOKE to say that the principles of justice and fair play was spoken of by Winston Churchill, considering his and Englands role in WWII with the bombing of Dresden and other atrocities.)*

*Bush Senior:*

*" The gulf war put this new world to its, its first test. And my fellow Americans, we passed that test.*

*For the sake of our principles, for the sake of the Kuwaiti people, we stood our ground. Because the world would not look the other way, Ambassador Al-Sabah, tonight Kuwait is free. Where is he? And we're very happy about that. Lessons of History*

*Tonight, as our troops begin to come home, let us recognize that the hard work of freedom still calls us forward. We've learned the hard lessons of history. The victory over Iraq was not waged as "a war to end all wars." Even the new world order cannot guarantee an era of perpetual peace. But enduring peace must be our mission.*

*Our success in the gulf will shape not only The New World Order we seek but our mission here at home." (2)*

(And what mission was that? to commit 911 on September 11, 2001, the worst attack on American Soil since the Attack on Pearl Harbor December 7, 1941. Both these events were false flags. Pearl Harbour drew America into WWII. 911 led to over a decade of War in the Middle East (and an estimated 100 000 USA soldiers deaths (5)) which the enemy is trying to segue way into WWIII right now...911 also opened the door to shred the Constitution and Bill of Rights for Americans...to flood Her with Islamic rapefugees. To destroy America from within.)

*"The Leftist-Liberal demographic engineering project of the European Union (AND of our Globalist shill Leaders in the USA and Canada) violates the rights of indigenous European peoples, goes against global trends towards the territorial partition of ethnic groups, and contradicts expert research on conditions that create ethnic and political conflict. The continuous practice of settling large numbers of non-Europeans into regions already inhabited by European indigenous populations but who have very low fertility rates inevitably alters the ethnic compositions of European nation-states, renders Europeans demographic minorities in their own homelands, affects the distribution of political power and the relations between ethnic groups, and causes a variety of other conflicts and problems, including civil war". (3)*

(A civil war they desire, in order to turn off our internet, round people up into FEMA Camps, institute Martial Law and the Police State. They just really need to be able to take our guns away first. This is what we are fighting and up against.)

From President Bush's (Junior) Inauguration Speech Jan 20 2001:

*"After the Declaration of Independence was signed, Virginia statesman John Page wrote to Thomas*

*Jefferson, "We know the race is not to the swift, nor the battle to the strong. Do you not think an angel rides in the whirlwind and directs this storm?"*

*Much time has passed since Jefferson arrived for his inauguration. The years and changes accumulate, but the themes of this day, he would know: our Nation's grand story of courage and its simple dream of dignity.*

*We are not this story's author, who fills time and eternity with his purpose. Yet, his purpose is achieved in our duty. And our duty is fulfilled in service to one another. Never tiring, never yielding, never finishing, we renew that purpose today, to make our country more just and generous, to affirm the dignity of our lives and every life. This work continues, the story goes on, and an angel still rides in the whirlwind and directs this storm." (4)*

The Gods pointed out to me some time ago when I was researching stuff and came across this quote that it is a coded declaration by the enemy:

"the race is not to the swift": This plan to genocide the white race has been underway for a VERY long time.

"nor the battle to the Strong": The Aryan Race is the strongest Race on this planet and the enemy knows it! So they are basically saying: you will lose to us.

"This work continues, the story goes on, and an angel still rides in the whirlwind and directs this storm.": This was an oblique reference to his Fathers statement (that this Gulf War – in its combat phase codenamed **Operation Desert Storm** - 17 January 1991– 28 February 1991, which its 'successful' conclusion had begun the opening gambit to bring about the Jew World Order - and a declaration made to his Masters in Israel that under his watch, the PLAN would go forward 'never tiring, never yielding"

I feel also, it was a clear reference to the Enemy Aliens, the ones running Israel: The Reptilians and the Angels (Enemy Nordics) the real ones who "rides in the whirlwind and directs this storm", the ones who are REALLY pulling the strings, as a nod of deference

and acknowledgement to them, and also as a veiled means to tell those Goyim, without telling them, who is REALLY in charge of and behind all this filth, as this is something they seem to love to do.

We also, must be never tiring and never yielding, and never cease to fight them!

Hail to Hells Army!

Hail to Satan!

Heil Hitler!

Subject: Jewish Control of Third Sex Rights Part 4: "Homosexual Recruitment"

My sermon series about the Jewish Control of Third Sex Rights is almost completed. This is the most recent installation. This deals with the truth behind the myth of "homosexual recruitment." When the White Race is unaware of the Jewish menace, and the dangers that the Jews present to this planet of Satan's, things are not always as they seem. It is the Jews who are at fault. Not even the typical modern homosexual who is deluded with Liberalism is to blame, at least not until he learns about the Jews, but continues to never lift a finger.

The 1970s Jewish "LGBT Rights" Marxist leader, Harvey Milk, had a slogan: "My name is Harvey Milk and I want to recruit you." The Christians at the time, including the likes of Anita Bryant, who felt that homosexuality is "wrong" and a "deviancy," seemed to be the "polar opposite" of the Jewish liberal Marxist, Harvey Milk, but this was only a staged performance. Christ was the patron for both Harvey Milk AND Anita Bryant, but it is Satan that gets the blame for Marxism, when Marxism is the doctrine of Christ.

Jewish Control of Third Sex Rights Part Four: The Truth Behind the Myth of "Homosexual Recruitment" by High Priest Jake Carlson

According to traditional Christian and related teachings of Judaism for White people, homosexuality is a "choice," "nobody is born that way," and "if all of the 'queers' were shipped off to a secluded island, it would be the end of homosexuality, as they would all die off." These Christians and all like-minded people who join hands with them about homosexuality, believe that the only way homosexuality can survive is through "recruitment," since being of the third sex, in these people's limited intelligence, is a "lifestyle choice," and an "unnatural" one, at that.

To Christian logic, a genetic predisposition for homosexuality is the same as a genetic predisposition for alcoholism, drug addiction, rape, thievery, murder, and any other inclination or behavior that is obviously harmful to one's self and others, and therefore, "homosexuality is never something that 'god' creates a person with." Other Christians, and Christian-friendly people, believe that even if homosexuality \*is\* something that people are born with, that it makes such people "sexual cripples," "subhumans" like the Jews and their slaves are, "degenerates," and therefore, "wastes of space," and/or, at least in the same "boat" as the mentally handicapped and other social misfits that Christos befriended and kept as his disciples, according to the primordial Communism that is laid out in the New Testament. Most people cannot admit that the "Solar Gospels" that supposedly are a ripoff of the chronicles of "Osiris, the Morning Star," are JUST AS JEWISH AS THE TORAH AND TALMUD.

The above examples of Judaism for White people are quite different from the Judaism for White guilt liberals of the opposite wing who actively promote the \*JEWISH VERSION\* of "homosexuality" to kill off the White Aryan Race through population control, and anti-Aryan "lifestyles." This part four of this sermon is about the truth behind the myth of the Christian accusation that homosexuality survives and thrives due to "recruitment."

The Jewish people, who carefully wrecked Satanic Paganism to concoct and piece together the Christian and Islamic religions, work to make it look like they are "staunch opponents" of these foul programs in order to convince their White Aryan slaves that they are the "arch-enemies" of White Protestant, conservative evangelical Christianity. However, this is how so many of our people end up screwing themselves, because "White," conservative, evangelical Christianity still grows from the same Jewish roots as liberal Marxist secular humanism, despite the mock wars and staged false "opposition" between the seeming liberal and conservative "polar opposite wings." Kick and scream all you want. This fact does not change for anybody, no matter how much they want it to be otherwise.

The Jews have always been in control of their invented "masterpieces" of Cultural Marxism and Christianity [as well as Islam], regardless of whether the Christianity is liberal or conservative, Jewish, or Aryan Pagan. This fools so many people into feeling the need to defend the "White" version of conservative Christian values from those "Christ-hating, anti-Christ, liberal Jews," but the game is being played on these Christians, as the Jews know that as long as any White person has any ties with Christos and the Christian religion, in any form, the Jews have complete and total power and control over them. Unbeknownst

to certain Christos "Gnostics," the Jews also have a similar stranglehold over anyone who believes that it is Osiris-Lucifer, and not Jesus, who is really Christ. A Christian is a Christian is a Christian, and Christ and Christianity in EVERY form are JEWISH!

The Jews, who, by their collective alien nature, obsess over, and stick their noses into the sex lives of their White Aryan enemies, and thus control our sexuality, know psychology and how to manipulate it. Despite the fact that the "differences" between heterosexuals and homosexuals are, in truth, quite insignificant, since neither contain any kind of individual collective unconscious in the manner that Race does, the Jewish people not only try to create chaos between the two orientations [leaving bisexuals in the middle, of course], by creating differences that don't even exist, they take advantage of the fact that homosexual relations do not produce offspring, even though, like it or not, it is just as natural and normal as heterosexual relations.

It is THIS difference that does exist between the sexual orientations that the Jews use and abuse. While the third sex is born to heterosexual parents each and every day in all places of the world among humans and more than 450 species of animals, and it is for the most part genetic, as well as spiritual [third sex MerKaBa star octahedron for Gentiles], the Jews must interfere and:

1) turn the third sex into malleable slaves, sissies, liberals, and Marxist shock troops to destroy the White Aryan people by spreading the meekness gene through Christian and Marxist indoctrination and the emasculation of White Aryan males, and:

2) promote the JEWISH version of "homosexuality" to vulnerable children, and in society at large, in an unbalanced way, as a means to de-prioritize the necessity of maintaining White Aryan Civilization and a racially pure population whose future is secured. Many people who are against homosexuality don't even realize that it isn't really homosexuality that they are against and disgusted by, but that it is the Jews who are pushing this tension and discord between the sexual orientations that are making them feel the way they do.

Although extremely biased in favor of Christian fundamentalism [Judaism for White people], as one conservative, but unfortunately "born-again, holier-than-thou" Christian fundamentalist website points out, the JEWISH LGBT Rights movement's Judaeo-Marxist [secular Christian] actions and goals are as follows for:

- eliminating free speech by harassing and attempting to silence anyone who disagrees with them;
- preying on children by indoctrinating and recruiting them into their lifestyle;
- imposing their beliefs on others through activist judges and lawmakers requiring that everyone actively promote homosexuality in every institution (schools, workplace, churches, etc.);
- destroying marriage and undermining the traditional family in order to annihilate any moral standard of behavior;
- intolerance toward anyone who does not willingly submit to their agenda;
- fighting for a discriminatory and unconstitutional double standard of justice by demanding that crimes against homosexuals be punished more severely than the same crimes against heterosexuals through 'hate crimes' legislation; and

- deceptively portraying homosexuality as a harmless and victimless behavior.

Although crooked and out of focus, the above points contain a grain of truth, but the Christian excrement needs to be removed in order to make any sense out of these points from a Satanic Pagan perspective.

#1. The Jews claim to be "free speech" and "free-thought," and they will even try to maintain this image. But, like Liberalism, "anything goes unless it is not of the Jewish kingdom of god's best interest." This means that the Jews will protect any group of people, including their enemies, as long as they prove to be useful idiots. After nearly 2,000 years of Jewish persecution of homosexuality, the Frankfurt School Jewish Marxists pulled homosexuals aside, and indoctrinated them with the LIE that "it has been the White Man, and not the Jews, that have been their oppressors all along." The Jews polished up this lie and fed it to these third sex people, and this was the birth of the JEWISH VERSION of "gay liberation." It is only through Satan, the Anti-Christ, and the removal of the Jewish people and their nefarious institutions, that peace can be restored to planet Earth.

#2. There are two factions of Jewish interference that prevent just letting homosexuality exist alongside heterosexuality, peacefully, as Nature intended. Either way, the Jews prey upon children to promote the JEWISH VERSION of "homosexuality," due to the fact that homosexuality doesn't produce offspring. Although, this does not make homosexuality "unnatural" or "wrong," like the Christians and traditional Christianity will have you believe, there is still no way around the fact that homosexual unions do not lead to the birthing and raising of children among the dying White Aryan Race, which is how this faction of the Jews recruit children and why homosexual Gentiles get the blame for it. THIS IS WHY LIKE HETEROSEXUALS, MANY WHITE ARYAN HOMOSEXUALS AND BISEXUALS \*MUST\* OBSERVE HETEROSEXUAL "MATING SEASON" OR ELSE IT WILL BE THE END OF US!!! THOSE WHO FAIL TO DO SO ARE THE RACE-TRAITORS AMONG US WHO HELP THE JEWS DESTROY OUR FUTURE EXISTENCE. THE JEWISH KIKES TEACH THEIR RECRUITS THAT SECURING THE FUTURE OF OUR RACE'S EXISTENCE IS TO "SELL OUT."

Secondly, there is another faction of Jewish interference that, over time, has weakened and sissified many White homosexual males. This faction of the Jews also targets children by once again promoting the JEWISH VERSION of homosexuality to ensure the survival of the meekness gene. Homosexual males who had ties to Liberalism and Marxism in previous lives carry this gene wherever they go, until it is thoroughly destroyed. For White males who are homosexual, but are introduced to the meekness gene at some point during their younger life years, rather than born with it, it is the Jewish people who drill these Sermon On the Mount, Nazarene, suicidal teachings into the White collective unconscious, in order to create the best and most obedient, least resistant slaves. This is why many heterosexual Whites who are racially-conscious see so many homosexuals running Jewish "errands," and doing the dirty work of their Jewish masters. Just as certain traits are genetic through birth, artificial genes can be introduced, politically, as well as spiritually, through brain-washing and indoctrination. This is why the Jews target children with THEIR version of "gay rights."

For more about the Jewish version of "homosexuality," see:

<http://gbltthulesociety666.angelfire.com/gayjews/>

#3. The Jews will impose THEIR version of "homosexuality" anywhere and everywhere, as long as it conforms to the Jewish agenda of either decimating the White Aryan Race through mass reduction of our birthrates, AND/OR decimating our people by sissifying us with the meekness gene. Look around you; the Jewish version of "homosexuality" is drummed into young White minds at every turn. This does not make homosexuality wrong, but how the Jews stop at nothing to turn a good thing into a bad thing is a reflection of their reptilian, alien, human-hating nature. Even doors to the more liberal Christian churches

have been opening up to homosexuality and homosexual marriage for quite some time. Again, as long as it doesn't threaten the Jewish agenda, it \*IS\* the Jewish agenda! However, never forget that ALL forms of Christianity, including the most conservative ripoffs of Aryan Paganism are of the Jewish agenda, just as much as Sermon On the Mount, Jewish Christianity.

#4. First of all, while it is true that the Jews pushed homosexual marriage and the breakup of the traditional family as a method of dividing and conquering the White Aryan Race, while keeping homosexual marriage illegal for their own in Israel, anyone in a heterosexual marriage who feels threatened by third sex couples also enjoying the same or similar rights as heterosexuals [not to be confused with "equality"], needs to ask themselves just how "heterosexual" they really are, as well as how "traditional" their traditional families really are, because this feeling of being threatened by homosexual marriage, more than anything else, comes from an inner sense of insecurity. It is lesser-developed, unintelligent individuals like these who equate homosexual marriage with marriage between adults and children and marriage between humans and animals.

Newsflash: Homosexual unions, both for men, and lesbians, were recognized as perfectly legitimate in traditional, White Aryan ancient Egypt, and this was BEFORE the Jewish infiltration and subversion of Egyptian culture. In Aryan European cultures, there was a Blood Brothers ceremony that marked the homosexual equivalent of marriage between men. This honorable Aryan tradition was destroyed by the coming of Christianity.

#5. The Jewish "gay rights" movement DOES create hatred and intolerance against anyone who does not willingly submit to the Jewish agenda. However, Christianity, including Christianity in its more conservative forms that have assimilated Pagan politics the most, are also just as much a part of the Jewish agenda as the liberal, Marxist wing. Christianity teaches that homosexuality goes against Nature, and that it is wrong, an aberrant behavior and "sinful lifestyle choice," and anyone who doesn't submit to these Christian teachings is harassed, dehumanized, and belittled, as well as left with no more freedom of speech, let alone freedom of thought. Nonetheless, whenever homosexuals receive not "special rights," but rights that the Christians have always been entitled to, the Christians piss and moan that their rights are being "taken away from them" and that they are being "persecuted" for their faith in the heterosexual version of Christ. CHRISTIANITY, UNBEKNOWNST TO MANY, IS JUDAISM FOR WHITE PEOPLE!!!

When I was new to Satanism, I read posts from morons that stated that the pre-Christian Germanic Pagans would punish homosexual behavior with prison sentences, and/or castration, hundreds to thousands of years before the arrival of Christianity, and that homosexuality "was a crime in ancient Paganism, but it was Christianity that made it a sin." WRONG! Read and learn the truth that any punishment for homosexuality didn't occur until the arrival of Christianity:

<http://gbltthulesociety666.angelfire.co...sexuality/>

#6. The Jews, who protect the homosexuals who will run Jewish "errands" for them and help with the Jewish dirty work against the White Aryan Race, only protect these Marxist "gays" until their service is no longer needed, and the Jews can then dispose of these White Race-traitors in any way that they see fit. The White Aryan Race, which is Satan's people, are Nature's most endangered species, but with the Jewish "aura of protection" around "LGBT" people who submit to Jewish Marxism, the Jews will create "discriminatory and unconstitutional double standards of justice" that place homosexual victims of hate crimes as a higher priority than heterosexual victims of hate crimes, instead of both parties being protected in the same way, under the same measures. This double standard that protects one, but not the other, is another reflection of the reptilian, alien nature of the Jewish people and their hatred of Satan, his people, and Natural Law.

#7. As for the Jewish people "deceptively portraying homosexuality as a harmless and victimless behavior," homosexuality, in and of itself, is not inherently

harmful. However, it is the JEWISH version of homosexuality that the Jews push that is dangerous to one's health, as well as the health of everyone else these homosexuals come into contact with. Normal [yes, I said NORMAL] homosexual behavior that is between consenting adults who know their status as far as sexually-transmitted diseases are concerned, can enjoy each other, harmlessly and safely, and the same applies to straight people, of course. It is the Jews who push risky behavior and pedophilia, not normal homosexuals. Due to traditional Christianity, which persecutes homosexuality, homosexuals are taught to repress their "sinful urges," which, in turn, develops sexual neurosis, and the urges to act upon dangerous and unhealthy behavior. Of course, Satan, instead of Christ, gets the blame for these perverted individuals.

"We shall sodomize your sons, emblems of your feeble masculinity, of your shallow dreams and vulgar lies. We shall seduce them in your schools, in your dormitories, in your gymnasiums, in your locker rooms, in your sports arenas, in your seminaries, in your youth groups, ...wherever men are with men together. Your sons shall become our minions and do our bidding. They will be recast in our image. They will come to crave and adore us. All churches who condemn us will be closed. Our holy gods are handsome young men. ...We shall be victorious because we are fueled with the ferocious bitterness of the oppressed..." -- Michael Swift – Boston Gay Community News – February 15-21, 1987 (From the Traditional Values Coalition Special Report, Vol. 18., No. 10) [1]

The above quote is how the Jews plan to "recruit" White Aryan children into the Jewish package deal of a false "Gay Identity" with a suicidal "Gay Lifestyle" as part of their Talmudic hatred against White Civilization and Satan's people. Notice how in Michael Swift's statement above, he BLATANTLY invokes Jesus Marx and Karl Christ when he states that the gay Judaeo-Marxist victory is fueled by the "bitterness of the oppressed." Christian mythology records how Christ, the King of the Jews, also came to redeem the hated, the despised, the meek, the inferior, those who claim sanctuary behind Jewish Democracy against the strong and mighty, the outcasts, the misfits, the deviants, and basically, everyone who exists in the margins of society, stinking up organic Aryan culture and Civilization. Also, take note of how Michael Swift was only criticizing the Christian Churches that criticize and/or condemn homosexuality, but left those who don't, perfectly alone. Christians, whether Republican or DemoCRAPic, homo-hostile or homo-friendly, need to realize that the very "White" Christian foundation of their religion is the EXACT SAME JEWISH SOIL that Judaeo-Marxist secular humanism grows from. The Jews control not only Liberalism, Marxism and Sermon On the Mount Christianity, but conservative, Patriotic, "White" Christianity, just as much, if not even more so.

The point is that while it is most definitely true that a sexual preference is something that most people are either born with, or it is something that develops and crystallizes within a person during their adolescence, like or not, human sexual nature is still FLUID, and heterosexual, homosexual, or bisexual, and etc. behavior can still be ENFORCED as cultural norms, which can interfere with ANYONE'S natural-born sexuality when brainwashed, indoctrinated and programmed. While homosexuality and bisexuality will always be just as natural and normal as heterosexuality for a smaller population of Gods, humans, and animals, alike, if this were reversed and heterosexuality were made into a minority, like the Jews are gradually pushing for, Satan's pride and joy--the White Aryan Race--will go extinct in much the same way as the other method the Jews use to kill us off--multiculturalism, race-mixing and war. And of course, it will be the third sex who the Jews will use as "shields" when dodging the blame.

Here are a few quotes from prominent, mostly Jewish leftist "gay rights" figures who confess their own opinions that actually AGREE with Christian fundamentalists' beliefs that homosexuality is some politically-motivated, "unnatural lifestyle choice" and related JEWISH superstition. The quotes are from a Christian website that despises the third sex. The author of the Christian website uses the Jewish-favored word for the third sex, "sodomites," as this is the Biblical word for homosexuals. This dumb-ass Christian author believes that the idea that anyone is born of the third sex is a "hoax," which is typical of people who suffer from limited intelligence and the inability to reason--the eventual consequence of adhering to Christianity and any other Jewish program.

"Dr. Lillian Faderman, who has won the Monette/Horwitz Award from the pro-sodomy activist group Lambda Literary Foundation, states: "And we continue to demand Rights, ignoring the fact that human sexuality is fluid and flexible, acting as though we are all stuck in our category forever." She further states, "The narrow categories of identity politics are obviously deceptive." It becomes obvious later in the article that Dr. Faderman sees a political threat from the truth, from the fluidity of human sexuality. "I must confess that I am both elated and terrified by the possibilities of a bisexual moment. I'm elated because I truly believe that bisexuality is the natural human condition. But I'm much less happy when I think of the possibility of huge numbers of homosexuals (two-thirds of women who identify as lesbian for example) running off to explore the heterosexual side of their bisexual potential and, as a result, decimating our political ranks."

Later in the article Dr. Faderman writes, "The concept of gay and lesbian identity may be nothing but a social construct, but it has been crucial, enabling us to become a political movement and demand the rights that are [due] to us as a minority. What becomes of our political movement if we openly acknowledge that sexuality is flexible and fluid, that gay and lesbian does not signify 'a people' but rather a 'sometime behavior'?" [2]

Dr. John DeCecco is a psychologist, Director of the Center for Research and Education in Sexuality at San Francisco State University, and Editor of The Journal of Homosexuality. Dr. DeCecco calls himself "gay" but insists that such attractions are a changeable preference not an orientation. He explains in his book entitled, "If You Seduce A Straight Person You Can Make Them Gay", that the whole "born gay" and immutable characteristic idea is just "gay and lesbian politics" and is aimed at achieving "gay" rights." [3]

"Dr. Vera Whisman writes in her book, "Queer by Choice: Lesbians, Gay Men, and the Politics of Identity", "The political dangers of a choice discourse go beyond the simple (if controversial) notion that some people genuinely choose their homosexuality. Indeed, my conclusions question some of the fundamental bases upon which the gay and lesbian rights movement has been built. If we cannot make political claims based on an essential and shared nature, are we not left once again as individual deviants? Without an essentialist ["born gay"] foundation, do we have a viable politics?" [4]

"Female homosexual writer Jennie Ruby admits, "I don't think lesbians are born...I think they are made... The gay rights movement has (for many good, practical reasons) adopted largely an identity politics." [5]

"Jan Clausen, female homosexual author of the book "Apples and Oranges" writes, "What's got to stop is the rigging of history to make the 'either/or' look permanent and universal. I understand why this argument may sound erotic to outsiders for whom the public assertion of a coherent, unchanging lesbian or gay identity has proved an indispensable tactic in the battle against homophobic persecution." [6]

"Female homosexuals Lyne Harne and Elaine Miller explain their feelings regarding the "born gay" hoax: "There's nothing natural in lesbianism. Its a positive choice, and a political one." [7]

"Yet another admission appeared in the homosexual magazine "Girlfriends". It states, "No wonder lesbians are so nervous. What makes the lesbian movement strong is the formation of a collective identity, unified behind sexual orientation as a category. If bisexuality undoes that, it kicks the lesbian movement where it really hurts: in the heart and soul of identity politics." [8]

As we can see in the quotes above, the Jewish people have formed an "LGBT Rights" movement that is aimed at using false homosexuals to exploit real,

actual homosexuals, and ultimately have the real ones put back into the "closet" by using and abusing homosexuality, and feeding this destructive Jewish version of it as "normal" and "desirable" to impressionable youth. This Jewish indoctrination is the same as mental and spiritual pedophilia. Quotes like these give fuel to Christian fundamentalism and its claim that anything that isn't heterosexuality is an "unnatural lifestyle choice."

Christians have a habit of looking the other way when their pets or farm animals engage in homosexual behavior because this threatens what the Bible teaches about homosexuality being "unnatural." When it is seen in Nature, Christian prejudice against homosexuality is turned upside-down, because maybe, just maybe, it might be natural for some portions of the human population, too.

It is true that human sexuality is flexible and fluid, for the most part, for most of humanity, but both heterosexuals and homosexuals are repressed to some degree because of Christianity and all other forms of Judaism for White people. Marxism teaches Liberalism's political "opposite" of Christian Identity, and it is Gay Identity. What the Jewish people teach these homosexuals are dangerous lifestyles, asocial, neurotic behavior, and the LIE that one's sexuality is equal in importance and priority as one's Race and Nation, and the LIE that one's sexuality is the same as one's entire identity and existence, rather than just the aspect of it that it is. In one of the "gay rights" quotes above, an idiot mentioned how the "LGBT Rights" movement holds the position that homosexuality represents "a people," and not a "sometimes behavior." This is the work of the Jewish people, who are a filthy, evil, alien race who hates humans, and Satan, most of all. Like heterosexuality, the homosexual orientation is nothing more than an ASPECT of a person's biological and/or spiritual anatomy, NOT their entire identity.

Since human sexuality tends to be somewhat fluid and flexible for the majority of the population, it CAN be tampered with. For example, if a heterosexual male, from the time he is born, is taught that he is a homosexual or a little girl, this creates a subconscious "adhesive" that sticks to the young person and stays with them through their adolescent years and into adulthood, until all connections are permanently destroyed. The same story is true for someone who was born homosexual, but is brainwashed into believing that they are heterosexual. Bisexuals are more common, and their sexualities can bend and adapt much more easily. Bisexuality frightens those who have been fed the JEWISH LIE that ALL humans are only one way or the other, but this still doesn't change the fact that there are some people who truly are either/or.

Taking the quotes above, as well as the facts that I've stated from a Satanic perspective into consideration, the truth behind the "homosexuals recruit children" myth has been exposed for the JEWISH MARXIST recruitment and Jewish reality that it is, and how this is not the average homosexual's fault who is completely unaware of what the Jews are doing. These third sex individuals only become guilty when they learn about the Jews, what the Jews are about, and are indifferent to this grave menace against humanity.

Rest assured--homosexuality, like heterosexuality, will always exist naturally, and without the Jewish recruitment of children, but the Jews and their methods of recruitment will be cleansed from planet Earth. Connections any Gentile may have to anything even remotely Jewish, need to be thoroughly severed and completely destroyed. Pity and compassion for the alien race of the Jewish people, and all who are under their dominion, will only destroy you!

HP Jake Carlson:

I would also like to say that homosexuality is natural. It is. But the enemy is manipulating it. They wish to turn Gentiles against one another and to destroy Gentiles. The Gay agenda of the JEW is part of this filth:

First let me show you evidence there is no such thing as a Gay gene.

### **“There’s No Gay Gene, Says Scientists**

In *The Quarterly Review of Biology*, researchers at UC Santa Barbara and Uppsala University in Sweden have concluded through their research that **sexual orientation can be decided through epi-marks**, which are **temporary** switches in a fetus’ DNA that exist while in the womb and shortly after birth....“Genes are basically the instruction book, **while epi-marks direct how those instructions get carried out**. For example, **they can determine when, where, and how much of a gene gets expressed.**”

<http://sourcefed.com/theres-no-gay-gene-says-scientists/>

“As a press release explains in almost comprehensible terms, the study finds “**sex-specific epi-marks, which normally do not pass between generations and are thus ‘erased,** can lead to homosexuality when they escape erasure and are transmitted from father to daughter or mother to son.””

[http://www.salon.com/2012/12/11/study\\_there\\_is\\_no\\_gay\\_gene/](http://www.salon.com/2012/12/11/study_there_is_no_gay_gene/)

Now let me show you evidence of the *NWO actively trying to turn people gay*. Gay people didn’t need help to become that way 2,000 years ago and **they sure don’t need to be forced to become that way**. Why would the NWO want to do that. It’s a variation of eugenics. If a population does not breed it eventually dies. For more information on eugenics see my other blog: [Pro abortion = Pro eugenics](#)

So, what can turn people “gay”? Actually **IFACT: There is no Gay gene, but there ARE chemicals that turn people gay** in my opinion I don’t think “Gay” or “homosexual” is the right term. This stuff literally turn animals and people into hermaphrodites. Lowering testosterone levels alters males to females. Getting to the point **high estrogen levels feminizes males**. What is estrogen? The definition of estrogen is:

“any of a group of steroid hormones that *promote the development and maintenance of female characteristics of the body* such hormones are also produced artificially for use in oral contraceptives or to treat menopausal and menstrual disorders.”

How can testosterone be lowered? Well the proper amount can be disrupted with **endocrine disruptors**. The definition of endocrine disruptor is:

“Endocrine disruptors are chemicals that at certain doses, can interfere with the endocrine in mammals. These disruptions can cause cancerous tumors, birth defects, and other developmental disorders. Any system in the body controlled by hormones, can be derailed by hormone disruptors.”

What chemical can be used to do this? **BPA**. BPA is a Endocrine disruptor.

“Bisphenol A (BPA) is an estrogenic endocrine disruptor widely used in the production of plastics. Increasing evidence indicates that in utero **BPA exposure affects sexual differentiation** and behavior...We hypothesized that BPA may disrupt epigenetic programming of gene expression in the brain...BPA exposure induced persistent, largely sex-specific effects on social and anxiety-like behavior **leading to disruption of sexually dimorphic behaviors**”

<http://www.ncbi.nlm.nih.gov/pubmed/23716699>

“**If a mother is ingesting BPA while carrying her fetus sex-related genes are turned on and off in response to fluctuating levels of hormones in the womb. Although a child may become male in the womb the fetus is being bathed in estrogen** [Blogger comment: This could lead to the male having a female brain] and subsequently nursed on BPA bottles which consistently causes estrogen to metabolize in the infant’s body. Is this what is causing male children to gravitate toward the nature of a female?”

Below is proof that Gay people are used as a weapon by the elite. LBGT folks should be in a uproar about this. The NWO wants to use your cause to promote their sick evil eugenics program.

“Air Force Considered Gay ‘Love Bomb’ Against Enemies

The Air Force on Tuesday confirmed a report that in 1994 a military researcher requested \$7.5 million to develop a non-lethal “love bomb” that would chemically alter the state of mind of enemy troops and **make them want to have sex with each other rather than fight.**”

<http://www.foxnews.com/story/2007/06/12/air-force-considered-gay-love-bomb-against-enemies/>

There are multiple chemicals that are endocrine disruptors. I don’t know them all but I wanted to highlight BPA because this stuff is used in making things we eat and drink out of.

*“BPA is used to make certain plastics and epoxy resins; it has been in commercial use since 1957 and around 3.6 million tons (8 billion pounds) of BPA are used by manufacturers yearly. BPA-based plastic is clear and tough, and is used to make a variety of common consumer goods (such as baby and water bottles, sports equipment, and CDs and DVDs) and for industrial purposes, like lining water pipes. Epoxy resins containing BPA are used as coatings on the inside of many food and beverage cans. It is also used in making thermal paper such as that used in sales receipts.”*

<http://revelationnow.net/2013/03/31/being-gay-transformed-this-way/>

To use this biological weapon, BPA, on people is so evil! Some of you may be asking why I put this in the religious section. Well for one the gay/straight debate usually ends up as a religious conversation. Also, I’m not posting this to bash LBGT. LBGT folks around the world should be outraged by this. Evil scum is actively trying sexually cripple all of us so we can’t procreate as God intended. LBGT don’t let the NWO use your platform as a base for one of their eugenic programs. Speak out against this.

No offense, but you haven't stated a single thing that I haven't already stated. Thanks anyways. Also, if Satan and Adolf Hitler say that genetics play a role in determining that a person is third sex or not, then, their words conquer kosher "science" like your highlights below. Again, no offense, and I mean absolutely no hostility to you.

Greetings to all our People and Satanic Comrades.

This is the schedule until the end of April. We will place the RTR of Reversing Blood Sacrifice, as first priority until the 17th. Of course, we will also do all others.

topic18966.html

Now, many innocent children, every year at the jewish passover, are sacrificed in rituals to Jehova and his company by the jews. Many innocent souls will be

butchered and will suffer thanks to the jews. There are no words to describe what suffering these children undergo. Nobody really knows the details but the jewish race themselves.

[http://antimatrix.org/Convert/Books/Matt\\_Hale/Jewish\\_Occult\\_Murders/img/img3-1.jpg](http://antimatrix.org/Convert/Books/Matt_Hale/Jewish_Occult_Murders/img/img3-1.jpg)

Obviously this is something extremely saddening and the jews know this. Part of why they do this is to completely demoralize their opponents and destroy their willingness to resist. This is a show of brutality both towards authorities of the world, but also towards everyone else as well.

The enemy of course safely assumes that nobody would ever be able to do anything against this disgusting and alien murderous behavior. Now, people can do something. It's called and RTR. All the death and pain they cause to these poor souls, they will pay for it infinite-fold.

These are the real victims nobody which avenges, neither nobody which anyone does anything about. The world police, knowing the vast wealth of jews, does most of the time cover up the issue. This is well known as Jewish Ritual Murder and happens every-year around passover.

One of the reasons jews are hated and despised so much, is because they do this kind of thing for thousands of years. They always pick the more pure blooded and beautiful children they can find, as a form of retaliation against their ancient enemies.

This is a deranged way with which the jews do psychic attack to their victims. This rhymes with the christian Easter, and the energies build upon one another. This is occult warfare of the lowest and most parasitic type.

Those who are spineless creatures and don't raise a finger to help the real innocents of the world, which are the children, are behaving in a way that doesn't deserve a mention. They are to be spat upon.

It's because of this tolerant and stupid live and let be behavior that these things do happen to the world. Some women are missing their children with zero hopes of finding them ever again. They wish they could do something. You can. They cannot.

This has to be stopped in the name of the Real Gods of Hell.
