PHARAOH RA-HORAKHTI

As a young man Ra-Horakhti (Horus) was sexually assaulted by his uncle Set (Seth). Set the Lord of Upper Egypt pursued his sister-in-law (Isis) who cried out to her father Tehuti (Thoth) for protection.

As a result of Seth's many offences a "War of Gods and Men" was fought on Earth and; recorded on the planetary surface of Mars.

NASA'S Mars Global Surveyor captured the above image they coined "CAT BOX" on Cydonia, Mars on April 5, 1998 (12:39AM PST). The image was taken 225 miles above the surface and its size is 2.7 miles (4.4 km) wide, and 25.7 miles (41.5 km) long; image courtesy of Malin Space Science Systems.

THE FACE ON MARS

This ancient Egyptian Pharaoh taken from the surface of Mars was revealed by rotating the original image 37 degrees to the right and; the left side mirrored.

According to Dr. Tom Van Flandern the lead astronomer for Meta Research in Washington, DC; declared before the Pole Shift on Mars the "Face on Mars" standing upright was orientated within 1 degree of the Mars equator.

It appears the "Face on Mars" was constructed in commemoration of Osiris.

THE FACE ON MARS

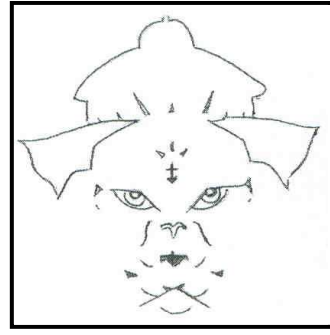

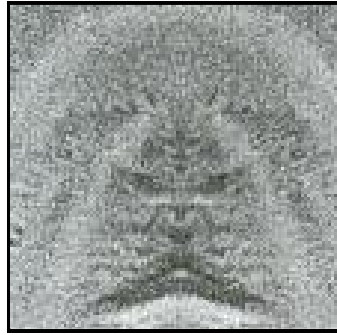

The face of an intelligent reptilian being [Serref] appears on the crown of the Pharaoh carved onto the surface of Cydonia, Mars.

The historic events affecting the world during the reign of the mighty Neterus [gods] of Ancient Ta-Merry [Egypt] are revealed by turning the "Face on Mars" upside down.

DESTRUCTION OF MANKIND

The Netjer (goddess) Sekhmet, is the “Destructive Eye of Ra” sent forth to punish mankind for their ridicule of Her Father, Ra.

Pharaoh Seth was the ruler of ancient KHEM [Egypt] when the fire came from the sky and; the great deluge covered the Earth. According to the “Story of Sekhmet” the human survivors climbed mountains, hid in caves and dug holes hiding like worms and snakes.

The five sided D&M Pyramid in Pyramid City is 2 Miles long, 1/2 Mile high and; the tetrahedral angel is 19.5 degrees. NOTE: Mr. Toby Owens from NASA was the original person to discover the “Face on Mars”

THE GREAT FLOOD

The water erosion around the SPHINX of GIZA (Ghizeh) may have been caused by the great deluge (flood) of 9,220 BC. According to Graham Hancock in Finger Print of the Gods the Sphinx of Giza was erected during the Age of Leo, around 10,500 BC.

The Sphinx of Ghizeh was drawn by Baron Viviant Denon prior to Napoleon ordering its strong African facial features blown off in 1798 AD; information/artwork provided by Dr. Yosef ben-Jochannan author of Black Man of the Nile and His Family. Photograph of the Sphinx of Giza courtesy of the Tour of Egypt. The ancient underground city of Derinkuyu (Turkey) that housed up to 20,000 people was built around 9,000 BC; information/photograph courtesy of Ataman Hotel and The Coming of Eden by Andrew Collins. Pharaoh **Shu**: the god of air and light was the ruler of Egypt during the building of the Sphinx of Giza. Shu is the father of the goddess Nut and grandfather of Osiris. His symbol is an ostrich feather. The pyramid texts suggest that the clouds of the sky are his bones. According to the Abydos list of Kings; Shu reigned between 10,970 BC – 10,270 BC. The Age of Leo also occurred around 36,000 BC see: The Osirian Legend (It's African Roots and It's Parables for the Present) by Leo Dixon.

This antediluvian [pre-flood] skull was found in Paracas region of Peru, South America. The bust on the right is King Tut-Anhk-Amen's sister Meri-taten the eldest daughter of Pharaoh Akhenaton and Queen Nefertiti (1350 -1334 BC).

OSIRIS IN ORION

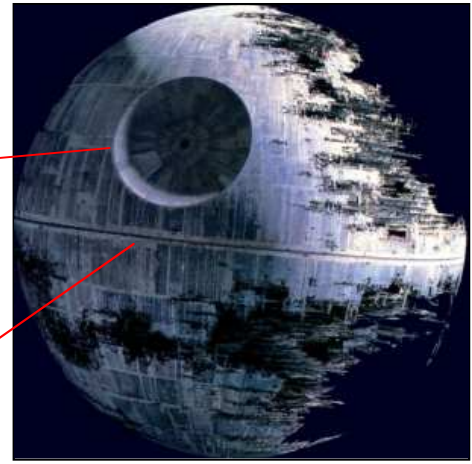

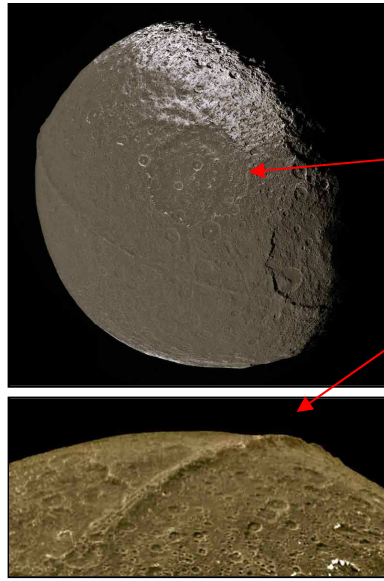

The above image is taken from the Tomb of Thutmose III, it depicts Horus in the tomb of Osiris, standing on the back of winged serpents under the protection of the double Sphinx (Akeru).

According to Tehuti (Thoth) in the Book of Taut, Osiris finally received victory by having his soul (mind & spirit body) projected into the star realms called Imwh Skh (Imperishable Orion); Images/Information courtesy of "Ananda in THE HALLWAY OF OSIRIS". NOTE: The 10th Century Arab Historian Al-Masudi claimed the ancient Egyptians used sonic levitation to move those giant blocks of granite. They simply placed a magic papyrus between the huge quarried stones, then they struck it with a metal rod and; watched it float in between metal poles a distance of 50 meters per strike (see: The Gods of Eden by Andrew Collins).

Pharaoh Thutmose III ruled ancient Ta-Merry [Egypt] around 1473 -1425BC.

In 1791 AD some "Freemasons" led by the renowned Mathematician and Astronomer Benjamin Banneker designed the City of Washington, DC on the exact geometry of the Cydonia region of Mars.
