Evil Medieval Rabbits Mystery

Background

How this grouping of very odd images was stumbled across cannot be recalled but did not take much thought and good old fashioned number crunching, programmer style, to mathematically ascertain the characters symbolized as the 'evil Rabbit' and therefore deduce their enemy, the “dog”.

To fully understand and have those proverbial 'eyes to see', one needs historical knowledge of the English , French, and Russian so-called “revolutions”, along with cabala and numerology. The knowledge sources from which the conclusions were drawn

are not found in traditional college course curriculums that are designed to indoctrinate instead of teach. The best example is the fact communism was a Jewish invention financed by banker and elite level Jewry with boat loads of US Jews used to staff and carry out the genocide of the 'White Russians'.

Similarities between the general modus operandi, reported gruesome and ruthless slaughter methods of these 'rabbits' and several so-called "revolutions", [ie. Russian], so-called "Satanic Ritual Abuse testimony", aka 'SRA', and "Extreme pedophilia testimony", **events separated by hundreds of years**, are eerily striking and therefore seem likely to have been perpetrated by the same group! Further background information helpful in comprehending the "Pi connection", as in "Pi*R Squared", are in this documentary: ["Pi as the Basis of Judaism"](#).

While the author implies it's proof of Judaism being more of a mathematical than spiritual religion, this could not be further from the truth. What he seems to miss, if not hide, is the fact Pi is used to calculate the circumference of a very specific symbol. Naturally this is the circle, and this symbol represents their underlying knowledge that, at least our interface to 'God', and according to some, the God of this planet, is feminine! This same symbol with a solid dot or smaller circle in the middle, represents the masculine. What are some of the main properties and requisites of the various and so-called "revolutions"?

[Search Google ['medieval evil rabbit'](#) and switch to IMAGES.]

- Leveraged key internal traitors, military and otherwise, as with the English 'revolution';
- Well funded to drape traitors and non-traditional enemies in gold and arms to assist;
- Employed ruthless torture, as with English methods that followed 'revolutions'.
- Used Qabala numerology as per dates of heaviest attacks; true in WWI/II as well;
- Used one group being targeted against another group within the overall domain;
 - ie. When food supplies were cut, runners were sent ahead of the roving groups of hungry masses telling the leaders of the cities upon which they were converging, a group of 'evil bandit' were approaching so they'd be ready with arms instead of help.
 - Light a church on fire and when the Gentiles come running to douse the fire the perpetrators were ready with arms to mow them down like sheep,

and with only water buckets with which to defend themselves, the fight was quite short, despite having very few 'rabbits' in comparison.

To answer the question as to **who are depicted by these rabbits** one must ask:

- Who lives in a closed society?
- Who are depicted as innocent (white), harmless and little in number?
- Who can suddenly show up in far greater numbers? ie. "Breed like rabbits"
 - Non-shill Youtube activists will be aware that it's suddenly crawling in shills after its purchase by Google. Committing racketeering, sedition, if not treason, covering up Jewish crimes, ***all without worry of prosecution!***
- Who are known for incest and general promiscuity?
- Who are known to leverage traitors and attack from within?

Medieval Evil Rabbits

'Rabbits' are entertainers and have 'dogs' as their workers, if not 'beasts of burden'.

Many of the 'rabbits' are depicted as having saucers for eyes, usually while doing ruthless activities.[Mind control]

Pre-Starvation

Post-Starvation (M.O. of Jew 'revolutions')

Pre-Flaying; likely raped/tortured.

Victim on the left has messed herself from fear and there's likely more going on as we see a reference to gold, ['hairy demon?'], below grade, along with an **odd and very faint**, but familiar character standing over same. When blown up this character has eyes, nose and mouth quite similar to modern and ancient depictions of so-called 'aliens' and or demons. See [grey "aliens", Crowley](#).

Skinning victim alive as done in Russia and to Germans overrun by the Jewish led "Red Army"!

Stealing the children

They bare a strong resemblance to "communists" as written in, "*Under The Sign of the Scorpion*" p100-110, "Jews as Ally of the Muslims-Medieval Roots of Anti-semitism", per [survivor testimony](#) in the Young Turks "Revolution", [Ataturk admitted to being a Donmeh crypto Jew], and as seen here: [Nemmersdorf Massacre](#). **[Warning graphic!]**

Recall that in symbology we've learned objects are often inverted as a method of obfuscation or hiding secondary or even tertiary, but occult messages, embedded for specific audiences that understand the symbols being used. I've personally found and pointed out three distinct targets for these messages; one for the masses, two for the lower or "Blue Lodge" Freemasons and the last for the upper, financial banking caste of Freemasons.

My interpretation of 'saucer eyes' is as an abstraction of the dilated pupil side effects of Qabala mind control, which is now believed to involve a type of controlled possession.

Gnostic, Islamic and Desert Fathers, [Philokalia], sources give descriptions fully explaining even the so-called "UFO" phenomenon as spirits/archons and speak of their ability to YAP at us via our intuition and present imagery that we cannot discern from reality. Repeat our eyes can be deceiving us!

This would explain how they could be used to create relationship and mental problems by those with power or relationships with daemons. (ie. like magicians and qabalists!)

Masonic "Norway bomber"

The downside of Occidental mind control is it's impossible to hide this NEON SIGN with fair eyed victims. White victims thereof frequently break free, and herein may lie key reasons for the white extermination program, well under way.

Many others are recognizing evidence of this ongoing Jewish program, via their own

lenses and data! (Even Putin has spoken of this!) In other words this is not a 'theory', but an easily proven fact using just the 633AD Persian invasion, 711AD Spanish, French, Russian, Armenian and European holocausts as the data!

Each of these genocides against Occidental nations:

- Transformed Occidentals into minorities!
- Leveraged Jewish TRAITORS joining with outside enemies.
- Outside enemies were led by crypto Jews similar to the Turkish so-called 'revolution'; **all of the above 'revolutions' were treasonous COUPS!**
- **Remember Italians, Greeks, and most English 'royals' are Jews by blood.**

This ongoing extermination was advertised at the [Boston Qabala Ritual](#) FINISH LINE 3 seconds before the first explosion! (See blog page on that ritual.)

Other Rabbit Traits

Rabbit eloHIM, "X", [10/1/Serpent; Tav/22], [more likely the 'most powerful' TAV-22 from the Saturnic cube], making a deal with key dogs, while a threatening rabbit, [RED(death) club in RIGHT hand], is in the background is ready to harm someone, or something, the dog cares about. This as the dog makes a contract/deal with his LEFT hand, while hiding his RIGHT, caring hand. (The English "revolution" was only possible via bribes backed by threats, to certain parts of their navy.)

Rabbits have a secret weapon associated with sexual arousal, contained in a blue (Masonic) bottle, which is scorpion-like. This suggests they're using something within the container to infect or inject into a normal dog or rabbit. [no saucer eyes]

Likely symbolic of blending with an entity, aka so-called **jinn/demon**, that had been previously contained in the Masonic blue(protector) container.

Enemy softening target

Rabbits with weapons, lie in wait, as the knight is worn down or softened, by his traditional, and known enemy. This suggests when we're attacked by China and/or Russia, beware of other traitors lying in wait, to follow up with a secondary attack while you're stunned from the trauma and digging out from their primary attack.

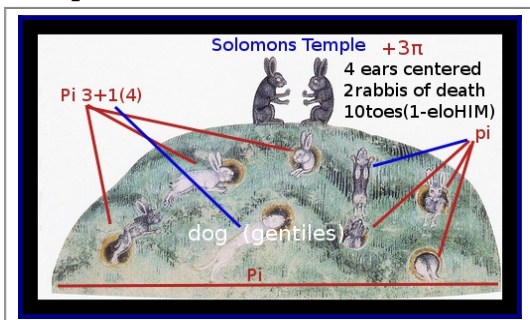

This is likely when loyal US police/military, or other apparently 'friendly' forces, will be setup and murdered.

(As done in France and Russia during their Masonic COUPS we're taught were revolutions.)

Nation of Islam, La Raza, and massive immigration of Russian/Chinese communists are likely to have been setup for this purpose!

RabbiT numbers and friends

This image with it's 3 Pi symbols, 8+2(10) digits (2-Black rabbits on top) eloHIM, 4 columns(rabbit ears) is mathematically identical to the image below of Solomon's Temple itself and the MENorah.

RabbiT mound infested with
"serpents"[spirits/demons]

When Phoenician's phonetics used by the elOHIM to divide/create Babylon, and the "72 languages" are considered, along with the known method of symbolic inversion to obfuscate or hide, what's fully depicted via symbols, we find sounds W OR EN and M EN OR AH are identical phonetic anagrams, save "ah"; ie. they say the same thing when we invert the "W", to "M" and add the syllables. This is a most amazing 'coincidence', if one at all. aka War'in MENorans, how weird is that for war mongers and 'revolutionaries'?!

The "confounding of the languages", was done via inter-lingual phonetics. Coincidence it's in Genesis at the "K"/11 and the DAN TiEN number of $11+9=20$; 'master' of 19. :Genesis 11:9]

The covered left pillar, your right, suggests a hidden left function; see shadow also on the Boaz/Jachin Masonic "bread".

Occidental Genocide

Overt: "Poor persecuted white rabbit";
Covert: Death to whiteness!

- It is indisputable these images were coded by qabalists based on the numerology.
- **Overtly** it complains of rabbiTs being restrained with the right(caring) hand and whipped with a son/sun symbol in the left, while progressing towards the gold in front on the tip or apparent point, of the plant. (see full raw image.)
- **Covertly**, however, a totally different message is revealed based on the numerology where 3+1(4) **Pi: (Judaism)** along with 6:(Death), and spirits/demons are on the tail, body and surrounding the flying dragon: "The goyim are our donkeys."

- His reverse, and covert destination, the counter clockwise spiral(death) pointing at the white person.(Genocide) This is also seen in Wizard of OZ(Zion) at the start of the Yellow Brick Road.
 - Note long history of Occidental genocide, from the 633AD attack of Aryan Persians forward to 711AD Spanish Jewish internal treason allowing successful conquering of white Spanish king by Islam; then England, France, Russian "revolutions" genocide of whites, followed by WWI/II; all targeted white populations via Islamic rapes!
 - Note dates are fully qabala creations, despite goyim "donkeys" being used. (Muslims, in this case, but Christians too are their tools.)
- The donkey was/is made ambulatory by the gold between his legs with Pi in the middle(Judaism). The white person too yields gold underneath his body, likely symbolic of their value in burnt offerings/ritual sacrifices as required, according to Jewish witnesses, to fulfill their quid pro quo with the evil spirits who trade for 'good luck'.
 - See [Jewish Ritual Murder Revisited](#) where details of confessions from middle east cases are revealed, as a result of sparing their lives if they truthfully confess. These confessions are identical to those modern and the latter clearly were not under the alleged 'torture' alleged to result in the many historic confessions.
