

Invocation of Belial

The Great Scorpion God

By the power of the Dragon Goddess,
And in the name of Hecate,
I walk the backwards Path of the Shadow.
With the Flames of Lucifer's Fire
I illuminate my Way through the Night,
And I open the Gates to the Atlantean Depths,
To call the Great Scorpion God,
Belial,
He who holds the Keys to the Gates of Amenta,
Prince of the World of Man!
Rise from beneath the Sands of Time,
Come through the Paths of the Void!
Lord of Forbidden Knowledge,
I call you into my heart, my mind, my soul, and my body!
Come from the Red Atlantean Desert,
From the Temple of the Scorpion,
Through the gateways of my soul,
And grant me the Keys to Unlimited Power of the Witch Gods!
Prince of the Earth,
Arise through the Pathways of the Dragon,
Into the world which is your Kingdom,
And reveal to me the Gnosis of the Towers of Wisdom!
Lord over the Kings of Edom,
Rise up from the Depths,
From wastelands and red desert sands,
Enter this body and fortify it with your Black Venom!
I descend into Forgotten Worlds
To seek the Armour of the Scorpion,
The Gnosis of Witchflame,
To merge and conjoin your eternal power with my soul,
And to become the flesh and blood of the Scorpion,
The Lord of the Black Path himself!
Come from the Hidden Temples among the Paths of the Spider,
Beneath the Blood Red Sands of Edom,
Guide and the Gatekeeper of the Paths
To the Empyrean Heights and Infernal Depths!
Belial, Guardian of Ancient Knowledge,
I summon you to rise and walk upon the earth,
And I offer my body as Temple for your Immortal Essence!
