INTRODUCTION.

This new installment of UFO Project, the report that has given a new vision to the subject, founding the Alternative Ufology of Denunciation, arises from the need to catalogue at once, and at last, all together, the anomalies that between the lines, everyone who has had the opportunity to come into contact with any of the previous four books in the series, must have assumed as clear denunciations that question the cultural and pseudo-historical paradigms on which the way of seeing the world that this system has imposed on us is based. It questions, by its affirmation to the contrary, the official history that we were made to digest in schools and universities, in short, that contradicts absolutely everything that "normal people", not to say culturally moulded people, accept as true. Yes, the time has come to expose all the lies shamelessly, to catalogue them ordinarily, to close the great work of spreading these true and reliable realities, which we have brought to light with UFO Project.

Evidently, Project UFOs was conceived as a strategy of dissemination of Hyperborean Wisdom, which is very difficult to assimilate by the vulgar, i.e. 95% of the population of any nation, whose minds conform to the simplicity of infantile cultural premises, designed to mould and standardise the collective thinking and gradually lead it to the most abject cretinity, in the difficult words of Hyperborean wisdom, to impose the stupidising cult of reflective wisdom. How to talk about the reality of Nazi "UFOs", if for the average stupid person "Nazis" are evil? How to talk to them about the culture of genocides that have been committed in the name of the Hebrew "god" by his "chosen people", if the "poor little Jews" are "holy doves" of the also "holy" Israel? How to denounce stateless, amoral, perverted communism, if the average mule man, without creativity, believes that we are all equal, without inventiveness, without self-will to transcend and overcome misery, blindly believing that everything is private property and it is enough to abolish it and share it out to be happy? Humanity has reached this level of cretinism.

In this sense, UFO Project had to talk about those uncomfortable tidbits, the truth is always uncomfortable, and not just dive into the "cliché" issues of

UFO Project 5

alien races, ship typologies, sightings, speculations about "extraterrestrial life" and other speculative nonsense, galactic confederations, "good guys" E.T.s, cosmic quarantines, evolutionary cycles, encrypted messages of peace and love, why the world does not conform to these simplistic and far-fetched conjectures. Look around, it is enough for Trump to issue a simple order to plunge the dissident country of the day into the chaos of psychological warfare and then invade it, destroy it and establish the sacrosanct "democracy". And in the meantime, "Ashtar Sheran", thank you very much, continues to watch over the evolution of the baboons subjected to the dollar, the inflation of their national currency, the castration of their ancestral memory, and the effemination and homosexualisation of their new generations. That is why the UFO Project did not appeal to the usual people, those who pray, light candles, practice sex magic, believing that this will stop evil in the world, while the Zionists massacre a whole defenceless Palestinian people, that is not in the protocol of the "Ummites", therefore it does not exist, and they hide their heads like ostriches, insisting that the fifth dimension and the ninth revelation of faint-hearted "love", full of quantum pheromones, will save the world. And there is no lack of the wardrobe guru, pompously named "Manu", "Morpheus", "Gin", accusing us of having been our "bad vibes" that have projected the Netaniahus, Rothschilds, the Federal Reserve, usury, and of course, the maladjusted immigrants who are invading so many other countries with servile and lackey rulers who turn a blind eye to the outrages and crimes they commit against their own people.

So, gentlemen, the time has come to ground and demonstrate with hard evidence the GREAT CONSPIRACY that drives this state of affairs, which in turn is made up of a series of smaller conspiracies that make up the whole. Undoubtedly, there is a conspiracy behind every real or apparent fact, and it has a very specific objective that concerns the general objective of this Grand Conspiracy against humanity. The "alienological" theme is key, and will be addressed: but also key are the themes of political conspiracy, religious conspiracy, conspiracy to falsify history, social conspiracy, conspiracy of secret societies, economic and financial conspiracy, conspiracy of "false flags", conspiracy of world government, conspiracy of lies, and conspiracy of truth,

because, know this, we too are conspiring. EVERYTHING IS A CONSPIRACY.

Well, to conclude this brief introduction to UFO Project V, Conspiracy Theory, or the Great Alien Conspiracy, it only remains for us to make a clarification as to why we have decided to launch this fifth book in the series. People who to a greater or lesser extent have understood the tremendous implication of all this information we have so far poured out, are asking themselves, what can we do against the terrible monster we are facing? For, they think, we have not the slightest chance against the arsenal of the USA or Israel, or the fearsome MI6 and its 007s with their licence to kill, and the Dantesque hitmen of this true organised crime that is the world of the underworld, of lies and murder, Mossad, CIA, or, well, those more honest ones who know that these are trifles in comparison to the satanic power of the rulers and their chief, Jehovah Satan. And they tremble with impotence before the reality that as Bolivians and Latin Americans, lovers of the easy life, partying, drinking and flirting, we can do nothing in a direct confrontation against these nightmarish hosts, we will only tell them that **WE CAN FIGHT IN THE FIELD OF THE HUMAN MIND, INDIVIDUALLY AND COLLECTIVELY.** We are subjugated nations yes, and although there are no "marines" and blue helmets in Bolivia and other South American countries, our psyche is capitalised, completely influenced by the global thinking of the synarchy. Our soul is the smooth, referring to the wise words of the author of "The Last Temptation of Christ" Nikos Kazantzakis, the battlefield where the Spirit will engage in a colossal and final Battle of Battles against the forces of the flesh, i.e. of matter. Indeed, it is possible to FIGHT and it is possible to WIN in the ongoing psychological and cultural warfare. If, culturally subdued, psychologically dominated, there is no real physical fight possible, even if we have a nuclear arsenal and half a million soldiers. It is our duty to access the information contained in the UFO Project, to deepen it and to get to the Hyperborean Wisdom. Then, once informed, it is possible to reach out to others, to family and social circles, and to convince, to bring out of error, to destroy the lies that we have overcome and that still imprison and grip the minds of others around us. Then they will realise that it is possible to regain our intellectual and psychological sovereignty, and with them, our entire nation, and the rest will follow.

UFO Project 5

So be it then. Let us begin with this, perhaps the last journey into the unknown, and at the same time, perhaps, the last opportunity to AWAKEN, to be able to glimpse at last, a glimpse of the true freedom that KNOWING gives us and to stop BELIEVING, to stop being blind believers, to become men of courage and to do something, to participate in the great Final Battle that is coming with the end of History and the end of time, apocalypse, Armageddon, revelation and struggle.

CHAPTER ONE.

THE GREAT HISTORICAL CONSPIRACY.

General considerations on the subject.

The degree of people's permeability to logical reasoning, which, even though it is logical, is wrong, is a constant in a society that is trained to accept the cult of what is repeatedly asserted in public opinion, led by the mass media. Thus, the so-called "Conspiracy Theory" is generally labelled as "ridiculous" and "fanciful", and the "Theory of Evolution", which is absurd and pernicious, is accepted as a success of science and human reason. Or else, society accepts without question that the doctrine of Marx and Engels satisfactorily explains all of human history in a coherent and rationalist manner, reducing it to a struggle between rich and poor, but it writes off 99% of human history as mysticism and fiction, and erases 250,000 years of proto-history with the stroke of a pen, a whole conspiracy to hide the traces of humanity's colossal past. Directives emanating from world power, supranational organisations, such as forums, world clubs, councils, elite lobbies, all with Zionists swarming around and giving orders, design the agendas, conspicuously visible on all stages, but unbelievably invisible to the collective blindness of the dumbed-down peoples. No one knows that the gradual embedding of homosexual perversion and gender theories are conspiracies well hatched by twisted minds for decades, see Gramsci, Marcuse, and so many others, avowed Zionists and communists, fathers of the gender conspiracy.

The answer is simple: to demonstrate the reality of the Conspiracy Theory, of all conspiracies, by anticipating the theses of this report. And the fact is that, broadly speaking, it is easily verifiable, only an obtuse and closed mind could stubbornly deny it. Let's see:

There is a conspiracy to conceal, misrepresent, and exploit history thus manipulated to determine a clear end, world domination. It is more than evident that all history as taught to us by social convention is totally false, let us just cite some of the biggest lies that are today accepted as sacrosanct and unquestionable "truths": the discovery of America by Christopher Columbus, the indigenous genocide by the Spanish, the cruelty of imperialism, the evil of the royal castes, the fascist origin of the world wars, the Jewish "holocaust", the evil of the Nazis, Arab terrorism, the legitimacy of Israel, and much more, the legitimacy of Israel, and much, much more, whether we go further back in history, to the very origins of Islam, or to the most recent historical developments, such as Bashar Al-Hassad's alleged annihilation of his own people with chemical weapons.

Likewise, it is more than palpable, because all the inhabitants of the planet feel it in our pockets every day, that there is an economic conspiracy. The currency of any country fluctuates in relation to the dollar according to the parameters of financial DEBT, the more borrowing, the more inflationary currency issuance, which is inevitably devalued. It is not an economic law of the "strongest currency" as we are taught in an economics class, but a conspiracy that is also suffered by the Americans, because the dollar has been devalued since the Second World War to unimaginable levels and the US foreign debt is the largest on the planet.

There is a conspiracy to control human societies, the mind control conspiracy. Deceiving is very easy when you have the necessary tools, means and resources. We can cite countless examples, from the familiar demonisation of dissident figures, to the fake news that viralises aberrant cult objects, such as "ISIS" or Islamic State, the control of the collective psyche is brutal. This conspiracy of mass control is closely linked to a no less savage conspiracy, the religious conspiracy that is based entirely on the psychology of fear. How many who are reading this book will abandon their reading because they naively think that God is going to punish them?

It goes without saying that there is a visible "extraterrestrial" conspiracy, beyond the usual sightings, abductions and contacts, it is of no use that public opinion has been made aware of the existence of supragovernmental agencies that handle information on alien affairs with such secrecy and concealment that even a child is capable of perceiving the conspiratorial plot, yet great opinion leaders and famous communicators who bet on these issues to gain "raiting", continue to wonder stupidly if we are not alone in the universe, repeating the typical cliché of idiotised minds.

And so we go on naming the anomalous structures that do not fit in with the world painted for us by the media and the directed education; there is a masonic conspiracy, we see their temples and altars rising in all capitals, the vox populi already insinuated, that liberators and heroes of so many revolutions were masons, so evident is that Jews and masons are behind all governments that they have created a cover to divert people's attention, and the "Illuminati", the "unknown 9", "the reptilian elite" and the "men in black", dance in the collective imagination.

Alcohol is a hard drug, i.e. it is on the level of Heroin, it should be censored as they do with the much maligned cigarette, which does not kill anyone.

of the cinenauts, however, denial once again wins the day in the closed minds, very busy to win the portion of bread and circuses, which

those of us who address the issue as "conspiracy theorists".

In short, everyone sees, everyone already knows, but they play on credulity and belief, and cynically and stubbornly look at us, the "conspiracy theorists", saying

I DON'T BELIEVE!!! That's what it has come to. And there is more, much more; they know that Lennon was murdered, that in dark mansions sacrifices are still

being offered.

that "ecstasy" and "amphetamines" are homosexualising and degenerating the new generations, that alcohol is the main catalyst for criminality and intentional and culpable homicide in all contexts, and they still think that "cigarettes kill", that "chemotherapy" cures, that AIDS is caused by a virus, that Osama Bin Laden exists, that the Twin Towers were brought down by commercial airliners piloted by Arabs in inopia, and that they lose or win, as I said in some speech, the football matches they don't play.

Do you still "believe" or "don't believe" in conspiracies? Well, now let's get down to brass tacks and try to open your eyes to the fact that EVERYTHING WE ARE GOING TO SAY BELOW AFFECTS YOU. Because these conspiracies are designed to control you, to harm you, and ultimately KILL YOU, physically, morally, and worse, spiritually. After that there is no excuse, and when it is too late you cry out that you didn't know... there is still time to rectify and act, that is, to inform ourselves, inform and organise, defend ourselves and conspire to try to reverse the results of this ESSENTIAL WAR between them, the powers that rule this world, and us, for now their slaves, condemned to pain, famine and suffering.

Erasing Our Past (Misrepresentation of the History of Mankind and Protohistory)

Although, as we said in a previous UFO Project saga, the planet is littered with megalithic remains of Atlantis, tangible, visible, concrete, irrefutable reality, the "lost continent" remains a mythological taboo, which nobody faces, even if they take "selfies" posing on a huge block of polished stone weighing hundreds of tons that with all the current technology we cannot dream of moving, lifting or anchoring. People are still in doubt and they DON'T KNOW whether to believe in Atlantis or not. They go to mass and listen to the usual "good guy" Abel and the "evil" Cain, and do not stop to think that the Bible, Genesis, takes for granted the existence of a Cainite antediluvian civilisation that the heavenly "father" drowned in a flood 6000 years ago; ergo, the rationalists have been put off by arbitrarily reducing the age of the civilisation.

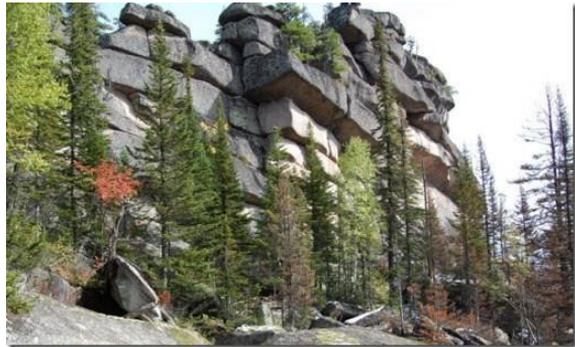

UFO Project 5

human settlement in such a short period of time. In Gobekli Tepe, Turkey, those who told us that Tiahuanacu could not be more than 3000 years old, now do not know what to do to deny it. Gobleki Tepe, a conglomerate of prehistoric megaliths is more than 12,000 years old, which is nothing compared to the 50,000 years that the supermassive megaliths found by Georgy Sidorov on Mount Gornaya Shoria in Siberia would be, leaving the famous megalith of Baalbeck in Heliopolis really small.

But that's not all, in South Africa Michel Tellingier and Johan Heine have discovered the unmistakable traces of giant planned structures, a large urban conglomerate of 35,000 square kilometres that is 35,000 square kilometres old.

250,000 years. Yes, there is a conspiracy to hide our protohistory, as it is still taught in schools and universities that our culture is no more than 5000 years old.

Now, ladies and gentlemen, understand this sentence, the ancient Egyptians never built the pyramids of Egypt, much less with slave labour, logs and animal traction. Therefore, the scriptwriters of Moses and the 10 commandments are imbeciles, or, that novel has been designed and produced to

Russia's supermegaliths in Gornaya Shoria.

purpose as hundreds of series and films to praise a "chosen few", an "elite", because let's be clear about this, there were no Jews, nor Jewish people, when the three pyramids of Egypt were erected. The pyramids, like the Great Sphinx, are structures that are at least 25,000 years old. And in this sense, that is what we are going to see falsified in history, fragments of it that have come down to us completely distorted in order to exalt, highlight, figure, the Jews and their peculiar interpretation of an onanistic fantasy that leads them from "slavery" to the total conquest of the world, as is about to happen in our days, whoever

denies it.

Nero did not burn Rome, it was the Judeo-Christian golen, just as Nero and Caligula were noted for being kings endowed with most excellent virtues, not the demonic madmen portrayed by "historians", or rather copyist monks, who were the ones who interpolated and extrapolated the ancient records recovered from Greece and Egypt. Yes, the copyist monks were far more lethal to history than the burning of the library of Alexandria, incidentally, also instigated and perpetrated by the Jewish golen. Here in this report we will not attach the evidence demanded by the sceptics, who, even if they see it, will deny it anyway, but it exists and we will refer you to specialised and scholarly material at the end of each section.

The plot of the so-called Ancient Age is distorted, it did not evolve from a delayed prehistory, where cavemen gradually discovered that they were not just animals, as we are led to believe in filmic rubbish like "The Fire War", inventing the wheel and going from using precarious and amorphous wooden utensils to great metallurgy, that is nonsense. They would have us believe that the remnants of a great conflagration, this one recorded and abundantly documented with forensic traces, radioactive remains, monuments vitrified by nuclear heat, in short, that overnight they lost all their technological possibilities, and inhabited dreary caves, are our ape-like and involuted ancestors who had to go through millennia of Palaeolithic cretinism to reach modern man, is one of the most aberrant hoaxes.

The Ages of History.

The Ancient Ages, which tell us the story of a supposed humanity emerging from savagery and beginning to forge metals, is an imposture, because, to be sure, the ancestors of those savages used metal alloys as advanced as Orichalcum, knowledge that was lost by the conflagrations and cataclysms that destroyed that remote Atlantean civilisation. Ancient paganism was destroyed by blood and fire, through brutal crimes, by the monotheistic model of "peace and love" which still conspires today for the abhorrence of mankind. Sumeria and Tiahuanacu are

UFO Project 5

only remnants, remnants of that splendid and flourishing antediluvian era. Imperial Rome was a paragon of virtue and grandeur, order and progress, like all the great empires that have existed. Visigothic Europe, of the great Iberian, Frankish and Germanic kingdoms, was one of the greatest ages of splendour and plenty in history, subjected to obscurantism and destroyed by the monotheistic clerical conspiracy. Thus we enter the High Middle Ages, where the hegemony of religion, of the cult, over the royal empires would begin, precisely in order to achieve this, the priests of the cult had to erase prehistory. It is in this period that monarchies are replaced and their lineages adulterated.

Thus, the crusades are the genesis of the Masonic conspiracy that began with the well-known era of the cathedrals. They are not "holy wars" as they were painted, but the first great false flag operations. In this sense, there never was a country called Israel, although there was Judah, an important Phoenician province during the expansion of Sidon and Tyre, capitals of the Phoenician empire. The Hebrew Levite priestly caste is originally from Sidon, i.e., Phoenicia. As the Israeli scholar Schlomo Sand, dean of the Faculty of History at Tel Avid, rightly points out, "Israel" never existed. We now know that Israel is a whim of the Jewish Rothschild dynasty of bankers, who ultimately managed and created it through a conspiracy that stretches from the Basel Zionist congress of 1897, to the two world wars in which 100 million people died.

Dolichocephalic mummy with reddish hair, belonging to the Nazca culture of Peru.

The Judeo-Christianisation of pagan Europe was bloody, tolerance and neighbourly love were conspicuous by their absence, Saxons, Franks, Frisians and Vikings were so besieged and besieged, in some cases massacred by the papal hosts, that they were forced to make great emigrations to the American continent five centuries before Columbus "discovered" America. Arthur Posnansky, José Imbelloni, Mario Montaña Aragon, Dick Ibarra Grasso and Jaques de Mahieu give us abundant details in their works, but we are still being lied to about these "original" Vikings, although blond Caucasian mummies appear by the hundreds in chulpaes and pucaros of the Inca period. The great war of Tiahunacu between the Diaguita and satellite peoples commanded by Templar mercenaries and Catholic priests called Pay Zume and "Tunupa" ended with the massacre of 50,000 Vikings on the Island of the Sun in the 13th century. And the official "History", thank goodness, only reaches, and badly, to the much later Inca civil war, prior to the Spanish conquest.

While the scoundrel of Jacob de Molay, Templar Grand Master, was being burned as a murderer, sodomite and traitor to France, by the great King Philip IV the Fair, who, by the way, did not die from the curse cast by the aforementioned golen perverted at the stake, as Wikipedia tells us, but, poisoned by the golen at a dinner party, was putting an end to the military and financial power of the Templars; the enlightenment was bursting into Europe, and the royalty, harassed by the clergy, was being sealed off from the baneful influence of positivist rationalism in hermetic Secret Societies, the Freemasons were also reorganising themselves in secret lodges to infiltrate the courts and other dependent governmental structures and thus conspire against the aristocracy. This was the birth of the famous and celebrated "Illuminati", who would strike back in the most surprising and bloody way, for they spun the great revolutions to come, all of them aimed at overthrowing the monarchies and raising the "chosen people" as we shall see; the prosperity of the great European kingdoms was booming thanks to colonial expansion, Spain, Portugal, France, Bohemia, Moravia, Prussia, Russia, Flanders, England were influenced by the penultimate irruption of mystical romance, the codes of chivalry and valour. The lie that the peasants were starving in this Victorian era is one of the many fallacies invented by left-wing historians to deceive the masses.

The Modern Age

But while we are on the subject of the fallacies of the pseudo "historians" who mould their vision of history to the one-eyed Marx, because, it must be said, the Rothschild's godfather suffered from gnoseological colour-blindness, we will now tackle the last part of this brief but necessary review of history, which will help us to understand the context of the conspiracies that we will later review in detail.

The great communist conspiracy, the exoteric aim of which, in the first instance, is to bring the Jewish bourgeoisie, i.e. the bankers, to power, and the esoteric, hidden aim of which is to put an end to the monarchy in which they cannot become entrenched, begins within the Golen church, In England and then in France, these golen are the heads of English and French Freemasonry, both stateless, since English Jacobin Freemasonry, at the behest of their French Masonic brothers, financed the rebels in the American colonies. Washington and company, also Freemasons, received large military contingents, arms and money to support the war for independence, while English and French Freemasons, in turn, financed and orchestrated the French Revolution, but at the same time, prepared the rebellion of the Spanish colonies, as can be seen, a whole conspiracy against the British, French and Spanish Empires. And how could it be otherwise, the colonial masses, Creoles and mestizo Americans, used, thinking they were going to be free, marched to the slaughterhouse, breaking up into a myriad of republics which, after bloody secessions and chaos, would give rise to the weak and divided nations without identity that we all suffer today, with rare exceptions such as the Paraguay of Francisco Solano López, itself destroyed by British Freemasonry, which is the driving force behind the war of the Triple Alliance, to plunge it into the backwardness and political disorganisation of its neighbours.

In this post-independence context, any nationalist mason who wants to leave the corrupting orbit of liberal Masonic democracy, that is to say, who is up to his neck in Jacobin revolutionary ideology, will be assassinated, discontinued and forgotten, just as Simón Bolívar, Antonio José de Sucre, Rosas and San Martín, and so many other gullible people who ended their days, did.

Surely repentant of their naïve naivety, betrayed and used by the same people who raised them to power.

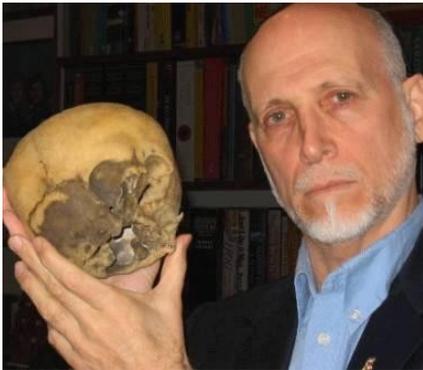

Everything is now in place for the all-powerful Freemasonry to prepare a new phase of the plan, to destroy forever the entire monarchy by a deeper and more planned revolution; from the Zionist congresses the green light is given for a new version of Jacobinism, the communism that has been fine-tuned and perfected for decades, with theorists and Talmudists who will inoculate the ideological poison of hatred of the gentile, and an even deeper hatred of monarchy and nationalism. The great internationalist paradigm emerges, which the French revolution largely lacked.

Well, the present historical synthesis can be fully corroborated in the works already mentioned, but we will limit ourselves to a few indispensable ones: "The Hidden History of the World" by Paul H. Koch, Robert Ambelain's trilogy, "Secrets of Golgotha", "Saul the man who created Jesus Christ", and "Jesus the Deadly Secret of the Templars", as well as Graham Hancock's "The Footprints of the Gods", Robert Scrutton's "Secrets of the Lost Atlantis", Luis Felipe Moyano's "The Mystery of Belicena Villca", of course, and Jaques de Mahieu's "The Viking Empire of Tiahuanacu".

CHAPTER TWO. EXTRATERRESTRIAL CONSPIRACY

The Origin of Man.

Well, before continuing with relevant aspects concerning political, social and monetary conspiracies, which require prior knowledge of a minimum historical framework and duly reviewed to be fully understood, we will now digress and address the ufological conspiracy at once and thus leave this issue at rest.

Lloyd Pye, great researcher whose work was heavily censored (1922 - 2013)

For those who are looking for scientific proof that the "Origin" of man is not in anthropoid evolution, we will cite Lloyd Pye, PhD in Psychology, Specialist in Military Intelligence, renowned researcher in the field of alternative science, writer of several books dealing with the extraterrestrial origin of human beings; without doubt his best known work is The

Starchild Skull: Genetic Enigma or Human-Alien Hybrid? (Bell Lap Books, 2007), whose irrefutable thesis as far as we are concerned

The main point is simply that everything we know is wrong and where he proves with hard evidence that man is not an evolved hominid.

Well, let's see the evidence; Lloyd Pye claims that the theory of anthropoid evolution is an unfounded imposture, since hominids, regardless of their evolutionary grade and species, have 24 pairs of chromosomes. And, guess what, the human species, the "Homosapiens" has 23 pairs of chromosomes, in this sense there is no evolution, but mutation, and this radical mutation, we are talking about a genetic alteration impossible to be attributed to the natural order, it is rather with all certainty, a genetic manipulation carried out by

by beings whose intelligence is far superior to that of human beings, obviously. We are talking about extraterrestrials, "deities", powers, but not mere mortals.

But that's not all, in "Everything You Know is Wrong - Book One: Human Evolution (Adamu, 1998), Pye demonstrates the existence, up to the present day, of the hominid species that evolved until it was genetically altered, becoming almost extinct. The evidence is staggering, specimens of this creature would be the famous "Bigfoot", the abominable "snowman", and a number of specimens captured in some cases alive and in others dead in casual situations, much less coarse than their primate relatives, but equally hairy, large, and extraordinarily empathetic. Yes, without a doubt, we are in the presence of the so-called "Pasu" in the Hyperborean Wisdom.

Here is the truth, the primitive hominid or pasu had a genetic problem that prevented him from developing a sphere of consciousness. And it is the development of this psychic sphere that is the great difference between primates and us. To develop this sphere, it was necessary to make a contribution to the genetic matrix of the hominid, and it is logical, a code had to be inserted that was foreign to the native genetic load, a genetic conglomerate had to be mutated. And that is exactly what happened; only a potential sphere of consciousness could contain the alien graft, a memory, encoded in a single symbol, an extraterrestrial genetic imprint. Although how this imprint can give rise to an entity with sufficient potency to develop our consciousness is not the subject of this report, we will refer those interested in this extraordinary mystery to Luis Felipe Moyano's Hyperborean Wisdom, the only source in the world that satisfactorily and scientifically explains this subject. We will limit ourselves to affirming that without this hybridisation, the human being could never "evolve". If an evolutionary entelechy exists, it is not thanks to chance, as scientific rationalism puts it, but to the extraordinary condition that mutation has brought about the new species on the planet: man, as we know him today.

The Reptilians.

Much has been said about this subject, that the "reptilians" here, "that the "reptilians" are reptilian, in short, that the Queen of England is reptilian, not to mention Lady Gaga, Justin Bieber, Madona, Nicole Kidman, the "Elite"; it's comical, it looks like Marxism by all means, only that instead of brainwashed leftist politicians, now it's "ufologists" and "paranormalists" who serve this "new age" anarchism, it's not strange then that the "reptilians" are all, without exception, "fascists". And since we brought in the "New Age", they suffer the same kind of trauma, for "gurus", "masters", "enlightened", "anchorites", "saints", the reptilian or fascist is the EGO. And well, the question:

What was a snake doing in the Garden of Eden?

Ancestral Andean culture speaks of "La Orejona" from Venus; Sumerian myths refer us to Innana, an Anunnaki Deity; Pazuzu or Anzumushen, all reptiloid beings. In Mesoamerica, Quetzatcatl and Kukulcan are likewise reptiloid. In short, there is no culture on the planet that does not have myths referring to the presence of ancestral reptiles. Only we have to use a little intuition, that r

Ser Reptilian, represented at a Mayan sculpture. Kukulcan.

nourished by the experience of hundreds of generations, to explain what modern science refuses to consider, that the human being, the "homosapiens", we, 99% of humanity, have reptiloid characters in their genetic and morphological constitution. In this sense, and to the disillusionment of the conventional reptilian conspiracy theorists, who want to see in certain "elites", rock stars, famous royalty, or some triumphant businessmen, the reptile disguised as a human, the thing does not go that way. The "absolute evil" that they envision, and which we do not understand why it never includes the Zionist elite, this one, debased and visibly bent on world domination, which they never label as "reptilian", is in everyone.

of us, for, we stress, all of humanity is a reptilian humanoid alien alien hybridisation, to a greater or lesser extent.

Now, neither that reptilian essence, nor that ego, is necessarily evil. The we shall see in the manipulation of human societies, religion determines the meaning of symbols, falsifies them. It advocates the human "soul", the very essence of the "Adamic" being before the alien mutation; it is silent about the "Spirit", or labels it as an execrable and penitent stain a priori, encouraging the hunters of the unwary, spiritualists, pseudo-occultists, who give it a fatuous meaning: they are those who communicate from beyond, the "spirits" of "Pedro", "Luis", "Juanita", the cat "Panchito", who try to communicate with the world of the living.

Synarchic strategy in all its glory.

Imagine the idiocy of claiming that the Spirit, who is life itself, a deity, is reduced to a ghostly, ghostly spectre!!!! Y

Religion, thank you very much, is not interested in the "spirit" of people, only in their "soul". So, if the "I" is an alien, exogenous, undesirable factor; if the Ego is so bad, why does it make the animal a man, we repeat, then?

Why is he stigmatised because without him, without his help, thought, criticism, ideas, inventiveness, originality, intelligence, humanity itself would be impossible?

Why do they insist on extirpating, "killing", as the gurus of so many sects propose, the "reptile" that all human beings carry within? Without this unconscious flow, this enormous psychic sphere, it would be impossible to conceive of the expansion of consciousness. Yes, the soul is "Abel", the Spirit is "Cain". In all of us there is a bloodthirsty sacrificer of the pain of others, and a noble farmer of alien ancestry.

Alien Races and Extraterrestrial Life.

Let's talk about aliens, it gets really fun here. Some UFO buffs are strafing us with 50, others 70, others 310, in short, there are numbers for all tastes, 500 or more alien races. Let's see how many races my memory can retain right off the bat: Pleadians, Draconians, Sirians, Sirians, Vegans, Venusians, Aldebarians, Reticulians, Ummites, Nordics... gee, I'm missing 290 races, but the "Urantian" of the moment will tell me that we are falling short, the universe is so big that the races are millions, that's where we are screwed. However, the ancestral traditions of all the peoples of the earth refer to the interference of only one race of deities, and that is the answer to why the alien issue has been distorted to such an aberrant and comical degree; it is urgent for global power to make us lose track of it. And it is very convenient to use the filter of "Ummites", "Nordics", in short, to hide the reality of Nazi "extraterrestrials" who have been seen flying "UFOs", just as it is captious and intentional to label German anti-gravity craft as "unidentified", and to further lose the thousands upon thousands of witnesses, to invent "Venusians", "Reticulians" and "chupacabras", to hide the truth that is already out in the open. That is, that all this paraphernalia is a cover-up designed by the intelligence services of the allied powers.

So, it is a question of "whitening" the monotheistic deity, because the system has already displaced the other deities in the western world, the Pachamama, Wiracocha, Quetzatcoatl, Kukulcan, Odin, Thor, are myths of the imaginary of backward peoples according to the rationalist asshole, ah, but yes, with the monotheistic "god", the only "god" nobody meddles. This universal "god", in the West almost totally identified with the Hebrew god Yahweh, Jehovah, Yodhewauheth, or whatever you want to call it, it is unthinkable that it shares the essence of the other displaced gods; but the truth is that all gods share the same essence, they have the same extraterrestrial origin, they are of the same racial identity. Let them sometimes take the form of serpents, dragons, burning bushes, blinding luminaries, archetypal animals,

lizards, or human form, does not imply that they are of so many other races. Nor does the fact that they are at war and antagonistic.

This unique alien race comes from a world far superior to the "multiverse" we suffer and they rule. They control the cycles of life and death, reincarnation after reincarnation, of the seven billion entities that inhabit this earthly plane. In short, there are not a myriad of extraterrestrial races, and if there are unimaginable life forms in the multidimensional universe we suffer, it must be put down to a formal matter, for they equally suffer in whatever form they take and in whatever dimension they inhabit, the absolute regency of controlled evolutionary cycles.

Who are the Aliens really?

The "Greys", according to Nimrod de Rosario, are a millenary telluric race that inhabits dreary caverns.

Aliens" are entities of a much higher rank of existence who come from a world unimaginable to beings like ourselves, chained to the life and death cycles of a

biological entity. This place of origin, this Origin, has different names depending on the

In the Gnostic traditions that beyond has the name of Barbelo, in Gnostic esotericism, Hyperborea; for the ancient Greeks it was Uranus, father of all the gods, including the Hebrew Chronos or Jehovah. As they are immeasurable cosmic powers, they clothe themselves in different forms to manifest themselves to men; as we have already said, this does not mean that if they clothe themselves in the garb of a serpent, they are of a serpentoid race. We repeat, they are not "stellar" beings because they come from other planets revolving around other suns, no; rather, they are the Stars, so great that they can quietly contain multiverses.

Also from the traditions, we now know that a part of this race decided to take on entelegiated and higher humanoid forms to experiment and interact in the material worlds, which is why the book of Enoch is untraceable today in its pure form, as it narrates this whole "fall". It is the most interesting thing about the "Anunnaki revelation", it is only they who interact with the human species created, precisely by them, redundantly, for servitude work. So far so good, but UFO enthusiasts may wonder, what about the "greys", are these UFO crew members, protagonists of numerous sightings and direct contacts, another alien race; we have already seen, Ummites, Nordics, Venusians, are denominations for the crew members of exclusively German "UFOs". The "Lizards", "Sauroids", or "Reptilians", are the clothes that our "Einsophites", "Anunnaki", or if you prefer "Lux" of the Malanga typology, would wear. The "Greys" are then left as a loose end. We now know, thanks to Luis Felipe Moyano and his work, that the "greys" are a millenary species native to the planet, a humanoid race hybridised with some animal species; a kind of servitude for monitoring, control, and other tasks they perform for the occult hierarchy of Chang Shamballa's Earth. We also know from Nimrod of Rosario, that there is a large humanoid race, a species of human-looking hybrids sometimes seen alongside the "greys", whose true and veiled name would be "Sheidim". These white-skinned, blond giants, the Hiwa Anakim, are mistaken by witnesses and seers for extraterrestrial beings, and the intelligence services would have assimilated them, captiously and intentionally, of course, with "Pleiadians" and "Aldebarians", CIA cover creations, which were later used by unwitting agents like Sixto Paz Wells, David Icke, and so many other pseudo occultists and ufologists of the "new ege".

Here then are the "extraterrestrials" in all their real dimension. For further information, we recommend reading our four previous UFO Projects, as well as the books by Salvador Freixedo, Héctor Antonio Picco, Felipe Botaya and Corrado Malanga.

CHAPTER THREE. THEOLOGICAL CONSPIRACY

The Origin of Religions.

To all the sceptics we will say to their great regret, that the existence of a "theological", "religious", "eschatological" conspiracy is more than evident, although tragically, the sceptics do not believe in conspiracies of any kind either, as we have already said, as if it were a question of believing or not believing, It is enough to investigate and take the trouble to corroborate it to be, not only a supporter, but also an activist and denouncer of the great conspiracy of our apparent reality, we repeat, the existence of a religious conspiracy is irrefutable proof that the deities exist, and for the same reason, they also conspire, as we will see below.

The theocratic model and monotheism are the fathers of this great conspiracy, the executors, its sons, are the priests. Originally, human societies always came from an ancestral bond of blood and soil. Human populations have always originally sprung from inbred racial stock. That is the meaning of the Latin word "paganus", inhabitant of a "pagus", a "völks" in German. The deities were racial, at the top of a racial trunk there are always aliens, fallen angels, gods, as in the Greek cosmogony, who were begetting and fathering human women, in short. Originally mankind knew that they were descended from gods; they knew that they were semi-divine in nature, certainly, the stories that confirm what we say abound; hence the Gnostic traditions that revolve around the human deity, we are gods, therefore we must recover the lost divinity. Look at the deeds of so many mythological heroes, Prometheus, Hercules, Gilgamesh, Marduck, Nimrod, that is the true meaning they have. So it is not strange that in order to usurp that right to divinity, a priestly caste, acolyte of a hegemonic racial god, the Hebrew god no doubt, elaborates and deploys over centuries a conspiracy precisely to erase that inconvenient memory.

collective, this is how the religious conspiracy arises, indeed, we are at the very origin of religions.

Now, it all fits together, the monotheistic conspiracy and the unity of worship. Religions were conceived to abolish paganism, and it is part of a larger conspiracy, the establishment of a World Government preceded by a priestly messiah. There is a striking logic to all this; only a humanity amnesic of its divine lineage would accept a priest as a link to the lost divinity; ergo, once this goal is achieved, it is possible to create a religion. Once a secondary rank of man before the "only" representative of the deity, the priest, had been accepted, it would only be necessary to achieve political unification, to abolish all ties of blood and soil, the "völks", i.e., the nation. And this is where the synarchic strategy failed, for before taking this step, financial control had to be taken over, financial unification had to be achieved, something the priests understood after the bloody failures to achieve political hegemony, first with the French Revolution and then with communism.

That is why the system is now bent on achieving financial unity, a single world currency, a single global banking monopoly. But we will see that later.

The Priestly Castes.

They are the conspirators par excellence, trying to usurp the royal function, they spent centuries destabilising kingdoms, corrupting nations, institutionalising cults, brutalising the kings and aristocracies that let them penetrate their fiefdoms. The priestly function can be understood as a collective psychological type, i.e. an egregore that neutralises the autonomy of the individual psyche and against which it has no volitional capacity to resist, imposing its cult on it. It is an apparently harmless type of psychosis, but when the fanatic castrates himself in mystical ecstasy, or when he destroys, driven by the most passionate feelings, we realise that it is not even the slightest bit "harmless".

Man has forgotten that he is a deity, and in the ensuing confusion, having lost his origin, he willingly accepts any cult that mitigates the intrinsic pain generated by the mere fact of existence; without direction, man in these circumstances is already served for the equalisation of social control. It is the priest who leads the cult, and it does not matter whether he has a cassock or not, since any individual who has been dominated by a myth will externalise the priestly attitude, which is essentially characterised by irrational fanaticism. We will exemplify this with a typical case, that of the communist anarchist. First we will say that a priest cannot tolerate another priest who professes the same fanaticism in another cult, and it is logical, sooner or later they will have to deal with each other in order to impose their cult, and it is obvious that the most violent one will end up imposing itself, since they will never be able to convince each other, or even agree to tolerate each other. History is full to overflowing with these disputes that in the end define historical fact.

At the time of the Bolshevik revolution, other revolutionary centres were breaking out in other European countries, such as Hungary, which managed to seize power and impose the red terror in order to hold on to it. The revolutionaries of Bela Kuhn, the Hungarian Lenin, murdered priests and suppressed the cult, a vital tactic for the survival of the regime, which, like any other cult, had to extirpate the reigning cult before its advent. This model was followed without exception by all the communisms that erupted, always with extreme violence.

Bela Kuhn, a Hungarian communist of Jewish origin, Lenin's right-hand man, in 133 days its murderous repressive apparatus 50,000 people.

The priest

The left-wing revolutionary is in no way different from a priest in a cassock. During the heyday of the Catholic Church in the Middle Ages, the Golen priesthood fought paganism with blood and fire, extirpating it almost completely from the face of the earth. During the heyday of communism in the world, the priesthood

The Bolshevik regime devoted itself to genocide, 116 million dead testify to the fanaticism of its mentors.

The "holocaustists" are also of the priestly psychological type, ignoramuses, without technical or historical knowledge, indoctrinated by cultural salogans, without a shred of reflective judgement, they believe themselves to be experts on the "Holocaust" because they have gone as tourists to visit German KZs¹ in Poland or Germany, or specially assembled museums, and are preachers of Allied propagandistic imposture, daring to challenge without reason whatsoever, all evidence drawn from serious and scientific research, only driven by faith and public opinion, driven by the same people who led them by the hand to see cans of insecticide, hair and slippers piled up, we repeat, they dare to overlook and dismiss experts who have published irrefutable forensic reports that disprove conclusively and, we repeat again, scientifically, the alleged gassing of Jews; for here you have our priests without cassocks, without theological beliefs, without the truth, becoming occasional disseminators of a lie, defending their position, if necessary, violently and irrationally, an attitude that has very serious consequences.

And despite this background, these psychological "priests" do not reach the level of a true member of a priestly caste in fanaticism, cruelty, ideological and material falsehood, but above all, depravity and hatred of the human race.

Human Sacrifices.

The true priest is a sacred sacrificer, and not just anyone can perform that function. It takes a truly selective distillation to produce a priest; take a look at the bible, only 144,000 out of 8,000,000,000,000 million human beings will attain that "privilege". Think about it, a large part of humanity, including ourselves, are as oblivious to the consecration of pain as we are to adopting a carnivorous diet.

¹ KZs, short for Konsentration Lager, or German concentration camps.

UFO Project 5

for the simple fact of forgetting, or even unimagining, how animals are slaughtered, of which we only see excellent packaging with their meat elegantly uncovered in supermarkets. I can assure you that if meat-eaters had to kill animals to obtain meat, we would almost all become vegetarians, because our compassion and empathy for them would not allow us to kill and butcher them. Likewise, those who "whitewash" the "saints" of the system paint the priestly sacrificers as meek and pious doves incapable of harming or hurting a poor animal, much more so if it is one of our own kind. However, the facts belie them, the famous "Mother" Teresa of Calcutta is regarded as a "saint", protector of the dispossessed. And so it is, this "sweet little nun" refused to use the brand new ambulances donated for medical purposes, using them to transport her nuns; she gave directives to prohibit painkillers and antibiotics, which thousands of altruists give to the "Sisters of Charity" and which expired, piled up in a warehouse, in her improvised "sanatorium", which despite the hundreds of millions of dollars that the nun received from donations from all over the world for her philanthropic fame, never

It became a real hospital; the sick writhed in pain to the morbid refrain of "It hurts because Jesus is kissing you, pain is pleasing to God"; while she went to get a hangnail cured in luxurious private clinics; really to fall backwards like Condorito.

And it is a very long tradition that goes back to Abel, as we have already seen, and is sustained by iconic figures from the time of the cult of Moloch, then the Druids in Europe, who would later make the most surprising return as Christian priests in the Benedictine orders. St. Ignatius of Loyola, who affirmed that one must love God in the midst of suffering, St. Gertrude, Sister Victoria Angelini, St. John of Avila, St. Angela of Foligno, St. Mary Magdalene of Pazzis, how many worthy predecessors of Mother Teresa: all "golen", i.e., sacrificial priests, the "saints" of the system.

All of them have bequeathed a tendency to apologise for suffering, inverting the values of the human being; submission, poverty of spirit, guilt, pain, abnegation, in short, everything that Nietzsche repudiated, and with good reason. Undoubtedly, the human being is a slave to pain, it is the psychological tithe he must pay, since pain is the motor of the world. So it is not unusual to see that as we "progress" the pain and suffering of humanity becomes more and more refined, that rancid distillation is the "stress", the more tolerant society is insuemed with more depravity, delinquency, dishonesty, rapine; and that is "good" because it is pleasing to the Lord, since it causes more pain. Ask the parents who must stress from the very moment of the unborn child's conception, whether it will be born whole, without deformities, or mongoloid, with malformations, and later on whether it will suffer bowling, abuse, disorders, whether it will become vicious, or homosexual, antisocial, oligophrenic, corrupt, criminal. That is why the social engineering of the synarchy has worked on human societies to generate just that. Then the sacrificing priest appears and consecrates, full of satanic pride, all that human pain to the "Lord", who is none other than the global god, the one they have helped to whitewash and impose.

Monotheism.

World Government requires religious hegemony, the Golen, as we have seen, took centuries to reduce polytheism, to end paganism it took countless conspiracies, palace intrigues, inquisitiveness, blood and fire; now it seems that humanity, embedded in the mire of the

The world is now ready for its long-awaited World Government, and the confusion and rampant degradation to which it was subjected by the same forces that imposed this monotheism. Well, let's look at it metaphysically speaking, remembering that analogies are very important to understand the background of this delicate subject. The Hebrew god had to be imposed as the universal god, and for that the Golen worked tirelessly, as we have already seen, sparing no trickery in this incessant conspiracy. And the thing is as simple as this; we know that the Hebrew god has his chosen ones to whom he speaks and listens, let's see Israel, despite being the youngest and smallest state on the planet, become a world power, its "lobbies" are the most powerful in the political arena, they do and undo in all multilateral contexts, its elites are entrenched in all forums, the members of the "chosen people" hold the ownership of the global entertainment industry, public opinion and usury, with the largest banks that history has ever seen: Rothschild, Goldman, J.P. Morgan, Walburg, Schiff, Rockefeller, Soros, City Bank, Sasch, the central banks of the USA, the European Union and Russia belong to them. When a Jew takes a shit, the whole world is watching the trend to smell the same, to praise him, to extol him, to worship him. Undoubtedly, if Jews pray to their god, he listens to them, and supports them with all his power. But as we have already said, it is a tribal god, first of all you have to know Hebrew to pray to him, and to be heard, you have to call him by his real name, which only his cabalist acolytes know, and you have to offer animal and human sacrifices and fulfil 624 precepts of the "Mischna", without error, some as absurd and insane as being circumcised with teeth, not surgically in a hospital. So, we ask: What chance has a gentile, impure, who does not comply with any Talmudic precept, and does not know a jot, perhaps only to say "Shalom", as stupid, we repeat, what chance has that "goyim", to be heard by Jehovah, Yahweh, or YHVH?

Let us answer: ABSOLUTELY AND CATEGORICALLY, NONE. Well, we already know why the eagerness to make him the Universal God. That is why the Jews get their way, and that is why the Hebrew god displaced all the other gods, by dint of deceit, falsehoods, wars, plagues, in short, and since it does not even remotely occur to any incautious Catholic to delve into the meaning of his forgotten deities, the only ones who could help him and listen to him, are

that the world is as it is. The pseudo "angeleologists" do not know how to communicate with the archons or angels either, so they swindle people with the story of coloured candles, incense and perfumes, but they do not even know the "jota", this time, we repeat, not even the "jota" of Zenzar, the language of the bodhisattvas or archons. Neither the "Hail Mary", nor the "Our Fathers" are of any use, because the Pagan Virgin was replaced by a Bodhisattva eunuch who impersonates her, as Marcelino Requejo refers with an excellent work of research in his "Marian Apparitions, the definitive answer", nor is the Hebrew Jehovah our Father, since he only recognises 144,000 of the tribes of Israel as his children, nor do his "angels" have ears for our supplications. The unique ritual sacrifice, monopolised by the priesthood of the "one god", in convergence with all monotheistic religions, which even if they call him "Bhrama", or "Vishnu", "Allah", "Buddha Maitreya", are completely assimilated to the "one", i.e. the Hebrew Jehovah, who rules them completely with the same "spiritual" morality leading them towards the finality of the same paradigms: world peace, globalism, one world government, which although theologically may give the impression of some ideological and cultural independence, is a total dictatorship in terms of its financial, political, geopolitical and military dominance. Yes, universal synarchy is about to be absolutely realised.

We recommend reading "World Defeat" by Salvador Borrego, "116 Million Dead for Marxist Utopia" by J.P. Melgunov, "Bolshevism from Moses to Lenin" by Ditrick Eckart, as well as "Dissertations of the OCTRA" by Roberto Navili, to confirm and expand on the above.

CHAPTER FOUR. POLITICAL CONSPIRACIES.

World Government.

For World Government to exist, a synarchy, the concentration of power in the hands of an elite, must first be established. Political and military power are secondary, the most all-encompassing power, which encompasses all the others, is financial power. Although we will devote a special section to this suprapower, we will advance here some relevant aspects.

Templar banking, which was finally destroyed by the prophylactic action of King Philip IV "The Fair" of France, who saw in the mercantilist internationalism of that order a threat to his kingdom, was nevertheless the seed of the growing financial power of the Lombard and Genoese banks, created and managed by courtly Jews who had been in this trade for generations since they settled in the various countries of Europe that welcomed them after being expelled by seditionists from more than a hundred kingdoms and nations. Let us remember that European royalty had already been hypostatized by the Golen with secondary and even spurious lineages such as the Pipinians, who replaced the legitimate Merovingian lineage of the pure blood, Childeric IV, the last Merovingian to die.

languishing in a dreary prison with an iron mask. Even so, the court Jews, who tried to entrench themselves by arranged marriages with royalty, could not take relevant positions of power in the courts, much less become "kings", yet Jewish blood would come to mingle with royal blood and several kings, through the nefarious interference of the Golen to weaken the monarchies, would come to the throne of European empires.

It is worth noting here that the Golen rightly created and established the religious institution in order to impose themselves on the temporal and spiritual power of the kings. Although they came close to succeeding and bending the royal will to the papal will, the Golen strategy ultimately failed. It was the turn of the Great Sanhedrin. They tried to create a great banking house in the Sefard of Spain, and even conspired with the Moors to gain autonomy in their "colony" of Granada. They were expelled by the Catholic kings, and that Sephard settled in Holland, Flanders, land of Benedictine and Templar encomiendas, which would provide the infrastructure for the creation of a banking emporium the likes of which the world had never seen. This is where this economic power, hidden from the overwhelming majority of human beings, was born. The Company of the Indies is nourished by these financiers, Columbus, the prodigal son of Talmudist Judaism, as well as the great mercantilist corporations; from their coffers the wars that would involve the great colonial powers, Spain, Flanders, France and England would bleed to death without remedy; they are the first experiments to control by means of a financial strategy, the great European and then world conflicts. The first generations of the largest banking consortium in history, the Rothschilds, were already operating.

The conquest of America, the wars of the 80 years and the 100 years, and finally the first anti-monarchist republicanisms are financed by means of social revolutions very well orchestrated and financed by Jewish banking corporations. Let us say it once and for all, the great private banking corporations are Jewish, the central banks would fall into their hands with the fall of the monarchies, that is the hidden end of the Jacobin revolutions, first in the American wars of independence, almost on a par with the French revolution and the first Napoleonic expansion, up to the Talmudist Bolsheviks in Tsarist Russia. The 20th century will be the great moment, forged over

UFO Project 5

decades, to attempt, from the Templar failure, a financial, political and economic synarchy.

The social system, a vital condition for the establishment of an absolute World Government: one political system, one world religion, one currency, and one ruling elite: the Hebrew Messiah.

Political Systems

Contrary to what everyone thinks today due to collective and media influence, i.e. that "imperialism" is bad a priori of any consideration, and "socialism" is "good", also a priori, it is already known that the oldest political system, because of its efficiency, continuity, and persistence, prevailed for millennia and forged the greatest human civilisations, is the IMPERIAL model. Well, for the imperial model the political and social organisation is functional in a caste system. The great empires achieved their splendour and greatness in this social order: Warrior Caste, Priestly Caste and Civil Caste. Again, contrary to the meaning now given to it by historical materialists, the warrior caste ruled by its values, the priestly castes served by their undertakings, and the civil castes lived together, periodically nourishing the generations of warriors and priests with new members. We are talking here about psychological types, and it is because of modern culturalisation that we tend to imagine a priest as someone in a cassock serving some "god" and his cult. And it is that, yes, but no, since the priestly type is a John Lennon, for example, he does not wear a cassock, although he wears an outfit specific to his cult, "rock", and his "god" is not a Jehovah-like, evil, misogynistic and discriminating "deity", no, it is "music", his art, and his making of sense forged a very influential culture whose tendency marked humanity. He is a sacralising type, simply because he is a "pacifist", i.e. he does not belong to a warrior caste. Now, with the example or analogy, we can already distinguish those who function as priests in human societies.

Those who think that the "military", just because they are military, in modern times, are a warrior caste, are mistaken. No, nowadays the military are as pacifist as rock and roll singers, they are not a warrior caste, except when they have to fulfil a war duty imposed by their rank in a modern state for political reasons, those skirmishes, sometimes wars,

The warrior castes, as in Syria today, do not participate in the essential warfare that the ancestral warrior castes assumed as their guiding principle. Real warrior castes no longer exist in today's world, and we can realise this truth simply by understanding that a warrior caste IS ALWAYS AT WAR, ITS LIFE IS WAR. In this sense a warrior caste does not belong to any political system, it is neither "right" nor "left", this modern and cultural way of looking at politics has its origin in the French revolution. In this context, neither can we assimilate the modern social "classes", lower, middle, upper, working class, bourgeoisie, oligarchy, etc., with the castes of antiquity. It is simple, we have already shown that by their nature, human societies tend to be grouped or differentiated into warrior, priestly and civil castes, and nowadays it is the same, only that the warrior caste is almost non-existent today, due to the synarchic social engineering that has banished it as a social model for political reasons. If the warrior castes were in force, they would rule, and the priests would never be able to accede to a regal function that does not correspond to them. That is the reality of our world today, the warrior has been confined to oblivion. In other words, the synarchic political system based on "left" or "right", "democrats" or "republicans", or "liberals" and "conservatives", or if we go back to the remnants of Spain in the 1930s, "republicans" and "monarchists", there is no room for confusion, they are the same, they both represent Freemasonry and the latter, golen Zionism. Ultimately, "communism" and "capitalism" serve the same masters, as we have already seen, Judeo-capitalism.

As for fascism, it is unacceptable that the Zionist left and the Zionist right, even if they do not realise their servile role as lackeys of Judeo-capitalism, pompously brand themselves as "fascists" in the midst of their political struggles, are not, and never will be, part of a political model that completely escapes the control of the synarchy, of Zionism: true fascism, or nationalism, or royal monarchism, that is, where the sovereign King expresses the will of an entire racially or culturally homogeneous people. In response to the communist synarchy, which sought to elevate an exogenous, parasitic, Zionist elite to power over nations alien to that fanatical conspiracy of pretending to rule them without any sense of belonging to the homeland, fiefdom or state, National Socialism, culturally maligned as "Nazi", arose.

What is Zionism?

Throughout the 10 years we have been pursuing this strategy of spreading the truth in a Jewish world, full of biological and psychological Jews "hostile" to the truth, we finally knew we were on the right track when my mother asked me, after "n" discussions about it, what Zionism was. When a normal person who lives from day to day without the slightest gnostic and political enlightenment, a person who is able to see the evil in the world by the mere intuition of his pure and honest nature apart from his forced synarchic culturisation which will always lead him to elementary error, asks, moved by everything he hears us talk and criticise, what is Zionism, I repeat, we can realise that we have reached the Gordian knot, which, if we manage to untie for simple minds, will forever alter the way of thinking of the people, of the grassroots, of the people; and that is that at last the blind will see the only enemy of humanity.

To understand Zionism, we have to go back to its origins, and of course we find the Golen.² As we have already seen, this priestly caste has its origin in Sidonia, or Phoenicia; officiants of the cult of Cíbeles Binah, an aspect of their "One" God, they rightly perverted the cult of the great "Goddess" to depraved esoteric ends, and it is from this cult, that the aberrant ritual of circumcision, or

Forced to sacrifice and slaughter for their tribal deity, is the true meaning of the biblical passage of the illustration.

² The origin of the term is obscure, only two sources are mentioned: "Belicena Villca" by Luis Felipe Moyano, and the "Oera Linda", a very old Frisian text. Both sources agree in attributing a priestly character to the Golen. Luis Felipe Moyano states that the Golen have a Phrygian origin, in Sidon, where they were known as "gauls", from where the term Golen comes from.

genital mutilation. These priests are the Old Testament prophets, who with Ezra modelled the moral code that would govern the life of the "chosen people". Always threatened by an angry, jealous, intolerant, bipolar, sadistic, punishing, capricious tribal "god", with penalties and calamities if his chosen ones did not comply with the slightest of his legal precepts, by dint of selective slaughter, or else, dire omens, Forced to prostrate themselves in the most servile and grovelling manner, forced to make fear and dread of "god" a form of collective sentiment, beset by guilt, the sin that was inoculated into them, the "habiros³" emerged from paganism to give shape to the "chosen people".

So, it must not be easy to be a Jew. And although we do not know for sure if beyond the biblical myth, Amorites, Canaanites, Ammonites, Amorites, Philistines, Palestinians, had to be massacred and uprooted by the "Israelites" by order of Jehovah, what is certain is that the myth clearly establishes in the collective ideology of the Jews, the right to displace, abuse, deceive, martyr, persecute, deceive, use, and impose their Judaism on other peoples and nations; we repeat, it is a "divine" mandate; and if they do not do so, put to the sword children, women, animals who do not please Jehovah, if they do not erase even the slightest trace of the affront that their jealous "god" felt at being offended that other peoples express their legitimate right to worship their own racial and ancestral gods, we repeat, if they do not destroy the gentiles, then the divine punishment will reverse the roles and they will die by the sword or be enslaved, or worse, lose the favour of that maniacal deity.

The myth of Jacob fighting against the angels is more than suggestive, since it indicates the historical passage in which this people of nomadic shepherds rejected their paganism and accepted the Hebrew god, in other words, the Golen took possession of them, giving rise to "Israel", hence the change of name from Judah or Yakov or Jacob to Israel. Since then this miserable people

³ The Habyrians were nomadic peoples, highly skilled in the trade of cultural artefacts, although their origin is uncertain, they may have been Semitic remnants of the exodus, full-fledged descendants of Atlantean peoples of the cultural pact, an Egyptian caste.

Troubled by the precepts of Mosaic and Talmudic law, he became the instrument of the Golen in the messianic conspiratorial plot of global domination that drives their metaphysical engine, i.e. the god of Israel, who is ultimately the great conspirator of all time.

Now let's round up the idea, what is Zionism? Answer: It is the idea of theological, political, economic and social world domination by a priestly caste or Zion, at the behest of a cosmic power, a terrible being, called the Demiurge, which manifests itself through its earthly personification, a puppet people called "Israel".

The Great Social Revolutions.

And we come to the direct effects of this "Zionist" or synarchic conspiracy, the so-called great social revolutions. Let's take a look at contemporary history from the very culture of the system. In this sense, the first great social revolution brought about by the usual people, i.e. the golen, was the institution of monasticism, vital for the existence of the Catholic Church and its subsequent ramifications. Although it all began in the East long before Jesus Christ, it was Saint Benedict who was the milestone of the birth and expansion of monasticism in the West. Millions of priests would pass through thousands of monasteries where they mainly dedicated themselves to falsifying history; Tertullian, Origen, Chrysostom, the so-called "fathers" of the Church, Gnostic and Manichaeian renegades, would distort the nascent Christianity, Judaizing it. They disrupted all European societies as this monastic revolution imposed the psychological type of the "believer", turning the people into a herd of sheep in inopia. This monastic revolution thus models today's world, which is full of gullible people who "believe" absolutely everything, all the more so if it comes from the media, which are, for that very reason, in the hands of the elite. But we will see this later. We will only say that it is this monastic revolution that is behind obscurantism, and then cultural and encyclopaedic enlightenment. Logically, first of all, fear had to be inoculated, everything is forbidden, then everything had to be relaxed, imposing the lie with class, validating it because it is "scientific", or else

"From then on, dictionaries and encyclopaedias will endure everything imaginable to support the imposture. Even the true meaning of every word will be veiled and distorted.

We are now approaching the Jacobin revolution. Born from the bosom of Freemasonry, it sought above all to strike a definitive blow in order to usurp the royal function. Let us not forget to mention the famous "Renaissance", a ruse to whitewash centuries of murders and massacres of pagan peoples, royal castes, the obscurantist era which turned a willing and prosperous humanity into a, we repeat, herd of sheep full of fear, of course, thousands of victims immolated to Moloch on the bonfires of a brutal inquisition, or the fratricidal wars orchestrated by tyrants, not kings, like Charlemagne, that ravaged Europe, was the first and massive, global culmination of a cycle, as we have already seen, nefarious for non-Jewish humanity, as it was designed to concretise the new cultural pacts, an official history that would erase at a stroke humanity's Atlantean past, and veil its ancestral deities, in favour of a monomodal New World Order theologically, socially, politically and economically speaking. The Advent of Synarchy.

The collapse of these synarchic plans with the destruction of their Templar elite, the economic and armed wing of the New World Order, a kind of Capitalist Super State embedded in the European Kingdoms, with thousands of encomiendas, the first world bank, and a powerful mercenary army, made it necessary for the synarchy to change strategy and use a covert fifth column, operating behind the shadows of secret societies. If anything remains of the Temple, from its ashes, it was the structure of a myriad of builders' guilds, most of them unaware of the hidden Zionist aims of their Templar chiefs, priests and golen, but permeable to psychological submission, to be used for synarchic purposes. Freemasonry was born, and was quickly co-opted to serve as a covert "lobby" under the cover of an apparently harmless ritualism, in all nations and kingdoms of the East and West.

CHAPTER FIVE. MASONIC CONSPIRACY.

Secret Societies.

"Illuminati", "white", "black", "good", "bad" societies. Guilds of wizards and necromancers, witches, warlocks, in short. We have all heard of secret societies. They must keep codes, protocols, rituals, secret knowledge because of their danger, because deep down secret societies conspire for unspeakable purposes. So what is the "origin" of secret societies? A very good question. Although penetrating into the synarchic structure of Freemasonry profiles Freemasonry as the exemplary model of the secret society, it is far from being the origin of secret societies. And although secret societies are essentially synarchical, because their origin is precisely the golen, chiefs of the great Kahal⁴, we will soon see that the

⁴ Kahal is the hierarchical structure of Judaism, a system of absolute theocratic social control that regulates the entire individual and collective life of the Jews who belong to it. It is the real government of Jewish society.

The reason for the existence of secret societies antagonistic to the synarchy is precisely the terrible and brutal nature of the synarchic secret societies, the Great Sanhedrin or Kahal.

To forge this "kahal", this unimaginable bonding of a chosen class, whose selection merited a purge of at least four generations, according to the bible, with their tribal "deity", the golen Moses had to extirpate from the chosen people even the smallest speck of individual freedom, inoculating them with fear, fear, through terrible punishments and condemnations, threats, and hells, applying the well-known methods of mass control that would later be used by the Bolsheviks and Communists in the most terrible dictatorships the world has ever known.

Yes, the Jewish people are the most oppressed by golens, rabbis, and agents of the synarchy, for that abject enslavement and subjection to the fundamentalist precepts of their messianic religion, fanaticised for generations, from the cradle, to express and manifest the aberrant character of their tribal deity, is the cause of their xenophobic encryption; their beliefs, their Talmudic laws, have led them to the hidden and secret practice of their supremacist conspiracy. Why it must be said, the Jews express the behaviour of their terrible deity. Always in constant diaspora, necessarily in order to assimilate, to pass unnoticed, always in the shadows, they conspired under the screen of crypto-Judaism. This is the origin of the synarchic secret societies.

It is comical how the unwary admire the endogenous gregarious behaviour of Judaism. The entire rabbinical community participates from birth in the life of every Jew, it all starts with a jaggery that mutilates his genitals, from then on he will be indoctrinated in his differentiation and peculiar superiority over the rest of the mortals. If the new member complies with the political directives of the rabbinate, the whole community will support him economically and materially, if he deviates in the slightest from the Talmudically established, he will be reproached, fenced in, set apart, isolated, and if he persists in his rebellion, finally excommunicated, and even killed. That is why it is only now, centuries later, that the dark conspiracy behind Zionist fundamentalism and fanaticism has been uncovered.

But so much for the biological Jew. The great power of the Golen, their religious penetration of the infiltrated nations and kingdoms, inexorably formed a great peripheral mass of psychological Jews, i.e. gentiles completely captured and capitalised by the emerging cultural Judaism. Well, let us say that since the renaissance, the emergence of cultural Judaism is booming, the world has turned to the synarchic social monomodel,

General characteristics of the "psychological Jew", an overwhelming majority of human society.

why the unspeakable aims of Zionist fundamentalism failed to filter through. But this would change. Since the fall of the golen of the temple, a catastrophe for the synarchic plans in the Middle Ages, the Judaised gentiles would be ideologically prepared in order to take over all political bodies with those new agents, Freemasonry, strictly Jewish, passes to the Gentiles, and from its midst, a new generation of Sincarc adepts, will once again raise Judaism to unimaginable heights. Let us see.

The Freemasonry that is rapidly spreading among the newly elevated bourgeoisie, already Judaised, will reinvent, or rather, confuse, corrupt the sacred symbols, is the

esoteric Freemasonry, will make Hermes, a pagan, highly original deity, a

A priestly Melchisedec, or a hermaphroditic Baphomet; of a "Lucifer", the pagan Christ-bearer of Light, a mere aspect of the goddess "reason" of the encyclopaedists, an aspect of the Judaic deity, or a Menhora.⁵ Millennial goddesses such as the Greek Athena, or traditions clearly antagonistic to Judaism, such as the mystical forms of ancient Egypt, will be hopelessly Judaised, all assimilated to mere aspects, agents, or subalterns of GADU, the Great Architect of the Universe, who can be none other than Jehovah, the Hebrew deity.

In its political wing, Freemasonry produces the "enlightened" heads of the social revolution in its communist or liberal form, cultists of the materialistic sociology of Le Bon, or the animistic psychology later theorised by Lacan and Freud. From the lower degrees of simple aspirants, the gentiles useful to the synarchic plans are captured by the Masonic sects, and it is only in the higher degrees, when the brainwashing that the follower undergoes has sufficiently Judaised him, that he is inserted into the political structures financed by them. Republican, social-democratic, liberal, communist tendencies of a purely masonic partyocracy, where all members, in the manner of the kahal, are compromised with gifts, favours, blackmail, induced to betrayal and servitude, corrupted, made to participate in unconfessable initiations, In the face of the synarchic plans, those who think of deserting and alerting their fellow countrymen of such aberrant evil spells, covens and political programmes, will undoubtedly be killed, or simply will not have the strength to give up the privileges acquired with so much moral sacrifice, to remain protected by the complicity that binds them.

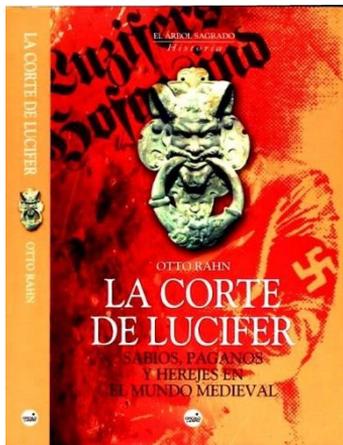

The Illuminati.

It is already vox populi, half of humanity intuits, if not knows, the nefarious role of Freemasonry in the conspiracy that rots the world. Even if they speak ill of Hitler, or Franco, or Mussolini, they denounced and outlawed them, and the Church itself has spoken out about it. It was necessary to create a curtain of

⁵ Menhora, a sacred seven-branched lamp which in Judaism represents the Logos Aspect of the demiurge, which in Eastern esotericism is assimilated to the main "Chakras" of the astral body.

smoke, looking for a scapegoat to bear the sins of Freemasonry. This is the commercial "origin" of the famous "Illuminati". But yes, they do exist, it is a Masonic elite. It is interesting to see crypto-Jews in the Catholic Church behind the "Illuminati", their mentor Adam Weishaupt, a Jesuit, founds the order, a real Golen General Staff, and then comes the great synarchic strategies, a real offensive against the monarchical estates, agitation of the masses, and the guillotine that would finish off the cream of the French royalty, and then spread the tentacles of the social revolution throughout Europe, and the colonial world.

The synarchy knows that anti-synarchist, anti-Judaic and anti-Zionist secret societies operate within the monarchical classes and the European nobility. It was necessary to found a Supramasonry, that is the "Illuminati", in order to neutralise the brilliant actions of the enemy initiates, who with their secret societies periodically deal heavy blows to their plans for world hegemony. According to Paul H. Koch, it is the Rothschild dynasty of bankers, owners of the Dutch banks, who sponsor Weishaupt, and it goes without saying that the economic arm of the French revolution is the house of Rothschild.

celebrated scholar of Catharism Otto Rahn, highly recommended if you are open-minded.

Well, we will now touch on a subject of vital importance, since the culture of the system, the insipient notion of the speculators and amateurs of this subject, unwary and uninformed people, religious people and ignorant believers, erroneously think that the "Illuminati" worship "Lucifer", without further ado, they assimilate "Lucifer" with "Satan", but almost never affirm that the "Illuminati" and Freemasons in general worship Satan, but persist in the imposture of calling this evil entity "Lucifer".

A renowned researcher and writer and therefore a renowned guest lecturer at the NAPOLA SS specialised schools.

National Socialists, resolved the issue. Otto Rhan would become famous for his book "Crusade against the Grail". It vindicates the Cathars, a famous movement considered heretical and therefore destroyed in massacres of unparalleled cruelty by a Catholic crusade in the 13th century. Rhan called the crusaders the infernal hosts of "Lucifer". However, after a field research never done before to study the Cathar subject, which led Rhan to follow the history of the Cathars step by step in a journey through several countries of the continent, managing to discover the true meaning of the Cathar "heresy", he discovered the unthinkable, that "Lucifer" was the Cathar Christ, therefore, he could not have led the papal armies against his followers, the Cathars, if that is a redundancy. He tied up the loose ends, drawing on remains recovered and preserved in caves and caverns scattered throughout what was once the country of Occ, the Cathar gospel of St. John, ancestral troubadour folk songs, and other archaeological treasures, and the testimonies of descendants and scholars, he finally understood that Lucifer was not Satan, and that Satan, in reality, is the god of the Jews, the god of the Catholic pope Innocent III, who ordered the crusade against the Cathars. He immediately compiled all these findings and revelations in a new book, correcting "The Crusade against the Grail", w h i c h was to become a book of study in the SS, and which has come down to us despite synarchical censorship: "The Court of Lucifer".

These studies were decisive for the Nazis to outlaw Freemasonry as satanic, Zionist and reactionary, hence, to the National Socialist Revolution. We never found out because of the fierce concealment by the "defenders of democracy and freedom" once they had crushed, crushed, dispossessed, razed to the ground, "evil" Germany at the end of the Second World War. So, let us recapitulate: the Catholic Church was an instrument of the Golens to wipe out pagan cults, and to erase all traces of the existence of other deities, with blood and fire, with terrible genocides, Since then Judaised Europe was in turn Judaising the whole world, destroying empires, then monarchies, enthroning at the top of political power Freemasons and illuminati, they are the same. In the 13th century the "Cathars" resist and denounce again to the world, the identity of Jehovah Satan and his acolytes, they are razed to the ground, but their sacrifice will not be in vain.

anti-synarchical ideas were born, and they have lasted until our times. Then Nazism arises, and like the Cathars, they once again show the face of Jehovah Satan to an increasingly Judaised world. But, the door they will open will not be closed by the Golen and Zionists, never again, because in our now we know again the true identity of the Hebrew demon, and that's it, here we are. Let us continue to denounce the conspiracy.

Intelligence Services and the New Ege.

Well then, we will say that the ultimate aim of Freemasonry is to pervert gnosis, gnosis being understood as the initiatory knowledge that reveals the meaning of the initiatory language, the symbols. A Mason is confused in his Masonic instruction. For, as a prominent Freemason, Theodor Hertzl, put it in his "Judenstaat", Freemasonry was conceived to give the Jews independence, and this non-Jewish Freemasonry will never be able to glimpse. It is precisely Freemasonry that is the centre of preparation and recruitment of agents of the synarchy, both in the political and economic context, as well as in the intelligence services. For example, the Tcheka, the Soviet political control police, the most cruel and bloodthirsty political police in history, consisted mostly of Kabbalist Jews, no doubt educated in Masonic lodges in the USA, and Khazarian kahals⁶ from Eastern Europe. Lazar Kaganovich, for example, organised the Ukrainian famine known as the "Holodomor", starving to death a whopping 7 million people. Another 15 million would be slaughtered in large-scale ethnic cleansings promoted by the Tcheka throughout Russia. This criminal Jew would strut in Hebrew fundamentalist rhetoric of having sacrificed for Jehovah 22 million Goyms⁷, one million for each letter of the Hebrew alphabet, as the Argentinean scholar José Maria Herrou Aragón denounces in his Gnostic dissertations, undoubtedly very consistent with the most lurid book of hatred after the Old Testament, ever written; the Talmud; both are about slaughtering animals and humans for the glory of Yahweh.

⁶ Ashkenazis, Sephardim and Khazars are three Jewish collectives vying for control of world Judaism.

⁷ Goyim, which means in Hebrew, cattle. That is, for Kabbalistic Jews, gentile humanity is cattle.

Meanwhile, the world is plunged into the Great Depression, that financial crisis where millions saw all their wealth vanish, taken away by a mafia as depraved and Jewish as the Tcheka, the Wall Street stock speculators, who have already practically taken over the state apparatus in Washington, including the OSS, the forerunner of the CIA. They know what is going on in the Soviet Union and they cover it up. How? With strategies of social control; gradual trivialisation of the collective, alcoholism and hypersexualisation in order to impose a crisis of values which, through disinformation, will mould public opinion aimed at indoctrinating and cretinising the society to be controlled and directed.

These Judaic political regimes, because of the synarchic psychology of their leaders, have lowered human beings to the rank of evolved worms, therefore, the most abject and degrading social experiments are justified and ordered from the highest chains of command, the Jewish lobbies, and are shamelessly applied in post-World War II societies. Fascism" and "Nazism" are far from being destroyed as false history claims. It must be prevented from re-emerging, and drugs, as well as new forms of "spirituality", will be served up to dissidents. Thus is born the New Ege, which draws on all sorts of pagan resabbioses, associated with politically correct trends, to generate collective spawn: environmentalism, ecologism, eudaimonia, nihilism, neo-shamanism, sensualism and artistic eroticism, cabalist "gnosis", in s h o r t , a synarchical cocktail of

pseudo-spiritual and revolutionary trends and fashions that would blossom in the 60's with Hippie mysticism and psychedelia, the fertile ground for the inversion of values and the social emasculation of all nationalism that could germinate a new Nazism, fascism or whatever you want to call the most feared enemy of synarchy and Judaism.

Psychoactive narcotics are massified, marijuana, cocaine, hallucinogens such as LSD, and amphetamines. KGB, CIA, SUDETE, MOSSAD, will supervise, and regularise their controlled sale, developing stronger derivatives for more extreme uses, psychological and conventional warfare, chemical arsenals of secret drugs to dehumanise combatants and turn them into agents capable of committing unimaginable atrocities.

Satanic Rituals or Ritual Crimes.

Surely many remember the inauguration of the Gotthard tunnel in Switzerland, with a bizarre ritual grandiloquently staged on 1 June 2016. It was unusually attended, given the nature of a public work, big yes, but one more public work after all, of the hundreds that are realised in the world every day, in a European Union country, by the most important state dignitaries of the EU, Merkel and Holland, three high priests of the monotheistic Jewish, Muslim and Judeo-Christian religions, and a bizarre staging with clearly satanic mythical characters, who represented gender tendencies, eroticism, and other everyday hells. A Masonic ceremony where there was no lack of homunculi, angels with adrogyny, the Templar demon Baphoel or Baphomet, in the midst of strange phallic and anal projections. A ritual to frame Europe in the context of forced immigration and the legalised gender agenda.

But let us look at some background to the satanic ritual par excellence, animal and human sacrifice. Exodus 13:1-2, Jehovah spoke to Moses saying: Consecrate for me every firstborn. Whoever opens a womb among the children of Israel, whether of man or beast, it is mine. And there was an archigolen named Josiah, who makes human and animal sacrifices the rule in much of his biblical account in the book of Kings. The Passover is a

consecration of the pain of human and animal sacrifice to Jehovah. Josiah, for the glory of Jehovah, would appropriate Assyro-Babylonian myths, traditions and legends, Judaising them to create the heroic and predestined past of a non-existent Jewish people. And this constant would continue throughout history with the Golen. In 782, with the Golen consolidated in the Catholic Church, a "Josiah", this time a Frank, better known as Charlemagne, Judaised to the core, even believed to be a reincarnation of the mythical King David, in his bloody and genocidal campaign of Judeo-Christianisation of the Germanic peoples, ordered the beheading of the cream of the Saxon nobility, 5,000 unarmed people from whom he had accepted a truce, which he did not honour. Nobody knows about this human sacrifice of the Golen, although they have not been able to erase it from history: the massacre of Verden. Centuries later the Golen Jesuits, the true mentors, instigators and financiers of the French Revolution, will demand the same blood tribute for Jehovah Satan, this time 20,000 members of the French nobility will be beheaded at the guillotine.

And now, in the middle of the 21st century, the same golen, this time this time from the Mossad platform, Aman, ShinBeth, fundamentalist ultra-right Zionism, operating with a mass of drugged-up mercenaries, are committing the same savagery in all the territories occupied by the "Islamic State". A cruel y Dantesque bloodshed where murder The ritual is undeniable, for the "Allah" of the supposed "EIL" is Jehovah Satan, or Israel, which is the same thing, not according to us, of course, but according to the Jewish Cabala itself.

Beheading and bleeding, the preferred form of rabbinical ritual sacrifice.

People are unable to imagine the terrible moral, physical and spiritual damage that the Judaic mentality is inflicting on the world. All this damage, encouraged by powerful psychic forces emanating from centres of world power, influences the collectives that offer pain so pleasing to "god" in spurts. So, in addition to the atrocities committed by synarchic organisations that we now see all too clearly in the form of large-scale terrorism, in synarchic societies it is reflected in the rising tide of civil violence, organised crime, cruelty and baseness of sociopathic collectives committing all manner of crime and vandalism, animal and human abuse, submerged in the endemic poverty of a corporate and amoral economic model. We see the satanic ritual in those who crush the head of an abandoned cat or skin a stray dog. It is the society of abuse in all its expression, of arrogance, of lack of empathy and respect for the other, causing dispossession and ultimately pain.

The Torah and the Talmud, i.e. the bible and the Jewish rabbinical compilations are very clear that atonement is only possible through the shedding of blood, and pure blood at that. What is it that drove the Jews to commit ritual crimes? There are well-documented cases, for those who, up to this point, refuse to see the satanic reality of the synarchy. Cases that have transcended internationally, such as the ritual murder of the child Simon Gerber in Trent, Italy, committed by Kabbalist Jews. There is a copious dossier in the Vatican. The murder of the Capuchin monk Thomas and his servant Ibrahim Amarah, whose throats were slit, then quartered and ground up to make the corpses disappear, a crime perpetrated by eight Talmudist Jews in the Jewish quarter of Damascus, and which became the subject of an international trial involving Austria, England and France in 1840. The ritual murder of children in Russia, Saratov and Kiev, the latter in 1909, also committed by Satanist Jews, outraged the whole of Europe as they were murdered with thirteen ritual cuts and bled to death. However, the banker Jacob Rothschild threatened to cut off Austria-Hungary's credit if the murderous slaughterers were prosecuted.

CHAPTER SIX. PSYCHOSOCIAL CONSPIRACY.

Who is "god"?

The social legal engine of this amoral Judaised society is the principle of division, turned into a dominant myth by the biblical precept of the Hebrew Torah. It is the famous Solomonic judgement of rabbis, kabbalists, politicians of left or right. Supreme principle of the archons⁸, which they proved at Babel, since then human collectives will not be able to understand each other, because their language has been confused. If we were looking for a Conspirator's Handbook, the Bible is a masterpiece. And it is the Bible itself that categorically gives us the true identity of the Hebrew deity, BUT EVERYBODY IS DENIED, OR SIMPLY DOESN'T

WANT OR CAN SEE, believe it or not. Let's see, but not before remembering that Jehovah is always threatening with the most severe penalties and anathemas to his "chosen people" if they do not comply with this or that. The biblical episode in question narrates the wrath of Yahweh or Jehovah against Israel for which he orders David to take a census. 2 Samuel 24: 1, "And the anger of the LORD arose against Israel, and he commanded David to take a census". In 1 Chronicles 21:1, it is Satan who rises up in anger against Israel and commands David to take a census. Ergo, Jehovah is Satan, without a doubt, and if we add to that the human and animal sacrifices that he orders to be made in his name, everything closes, but, either the exegetes and theologians are imbeciles, or, they are accomplices of the great deception of an obtuse, believing parishioners, without the slightest power of discernment and reflective criticism. In this sense, the Gospel of St. John is categorical, yes, in John 8:44, Jesus Christ himself says that the father of the Jews is the devil, ergo, the god of the Jews is not the father of Jesus, emphasising that he is a murderer from the beginning, that is, fond of human and animal sacrifices, and the father of lies. So, the terrible one must be whitewashed

⁸ Archons. They are the famous "fallen angels" of the Judeo-Christian tradition. They are actually the world's power brokers, the "Watchers", a group of 200 deities who rule from on high in the name of "God". At one time they appeared in the bible with

their own name, later extrapolated and changed, the Nephilim.

Jehovah bloodthirsty, and reformulate the religion of the sacred sacrificers who consecrate pain to that deity. To erase the traces of those hecatombs and holocausts and to whitewash the priests who perpetrated such massacres, we are in the Judea of the Maccabees. You can imagine the horror of seeing these graveyards where those massive human and animal sacrifices were carried out. Constantine banned pagan cults at the Council of Nicaea, not only in order to promulgate a single religion for the Empire, but to put an end to the bloody cults that had become widespread with the spread of Judaism. Circumcision or priestly genital mutilation and human sacrifice were to be ended. It is the ORIGIN of the dogma, unintelligible to the believer of any rank, that is, from the dumbest to the most intelligent, that Christ died for us all. That is, by Christ's sacrifice, "god" no longer needed the blood of firstborns, slaves, prisoners, women and children. By the new covenant, Christ's sacrifice is enough, and even if wretched humanity is sinful and deserves to be slaughtered to quench the bloodlust of the Hebrew god, Christ's sacrifice is necessary and sufficient from now on, that is, from the Nicene dogma, which makes the Hebrew god the only god, and since Christ is also a god, he has to be the Hebrew god because he alone is god. Of course the Jews never accepted the dogma, and they know that the sacrifice of blood to Jehovah is irreplaceable, unpostponable, necessary at all costs, as well as that Jesus Christ is not Yahweh, from

Just as it was not accepted by the Gnostic and pagan currents which were quite clear that the Hebrew god is not the only god, nor is Christ, who is a god totally antagonistic and differentiated from the Hebrew god, Jehovah. To assimilate them would be the same as saying that Hitler and Benjamin Netanyahu are one and the same.

It's a load of rubbish. But that is dogma. Syncretism is consistent and digested with synarchical plans, and it is concretised, Christ-Baal, well, we already have the origin of this peculiar name.

Well, although human sacrifices were partly ended, since in secret Zionist and philosophical sects continued to commit child and enemy sacrifices to this day, the killing of animals and collective pain are variables of our present social system, as we have seen, brought about by the Judaic mentality of humanity and necessary for the scaffolding of the satanic macro-structure of the world. That is why endemic poverty and hunger, as well as misery, will never be eradicated. According to Jewish beliefs atonement for the sins of the Jews themselves can only be made by the blood of others, in Leviticus 17:11 it says "It is the blood that atones for a lifetime". And the Talmud Choma 5ta says more precisely: Atonement is only made by blood.

The Religious Symbols (Jesus Christ and the Virgin Mary)

To speak of the true meaning of Christ, and the true essence of the sacred symbol, its origin, would fill at least a whole voluminous essay, for there is much more behind the symbol than can be imagined. First, Christ has nothing to do with Messiah, and none is a lamb who with his blood washes away the sin of the world, as we have already seen, a myth created by the exegetes of Judeo-Christianity to eradicate human sacrifice, a very common ritual in the ancient world due to the expansion of the golen and culturally dominant religions. Hecatombs such as those described in the conquest of Mexico with the ritual of beating hearts to Huitzilopochtli, the Aztec aspect of Jehovah Satan, were part of daily life in the Middle East under Sidonian rule. So the cult of Moloch, officiated by priests of the "chosen people", passed to posterity as a collective trauma, millions of lives immolated in incandescent ovens, tabernacles and pyres, from first-born to prostitutes, prisoners of war, and polytheists, went up in flames long before the inquisition.

Also, long before Jesus, the whole world remembered and venerated the figure of a Christ, who had rebelled against the Golen priestly castes and fought against human sacrifice. He was the hyperborean hero in search of the lost immortality, because, if immortality is regained, there is no sacrifice. An immortal cannot be sacrificed. That is why Prometheus

The Greek Osiris or the Egyptian Horus, the Babylonian Assyrian Gilgamesh, the Hindu Krishna, the Etruscan Karun, the Persian Mithra, the Turanian Lao Tse, the Andean Vultan, the Nordic Odin, the Germanic Wotan, were finally expunged by the priestly castes and monotheistic religions. The image of the Ancestral and Original Christ had to be erased at all costs.

But the Ancestral Christ, pagan, also means warrior. The hardness of the Crystal and the Crest, of the Sacred Gem. The warrior, the warrior caste, with a stony nature, a cold, icy heart, not warm and throbbing, much less can it be the object of sacrifice. The Christ, remembered as the warrior race, who fights eternally against the priestly castes who soften the heart to propitiate the sacrifice pleasing to "god" in inverted commas, for he who sacrifices his children cannot be called a father, much less a god, also figures in the hieratic pantheons of all the peoples of the world, the Kassite Nimrod, the Sumerian Marduk, the Roman Mars, the Andean Atumruna, the

The Pagan Christ is a warrior, in eternal struggle against the Serpent Demiurge.

The Indo-Aryan Kshatriya, the Etruscan Marat, the Iberian Geryon, the Greek Hercules, the Phoenician Melkart, the Germanic Berserker, and their myths, Siegfried, King Arthur and Percival, Dummuzi, Apollo, Orpheus, Atlas, Belenus, Baldur, all warriors seeking lost immortality. From whence comes the pilgrim and allogenic idea of turning this warrior into a miserable castrated lamb.

All these mythological heroes have one thing in common, they are born of a Virgin Goddess. And we have to accept that those who are behind the emasculation and distortion of the christic symbol, are the same ones who

have made the virgin into a virgin.

a prudish and pusillanimous woman of flesh, a hebrew woman who had no choice but to use the misogynist Jehovah to self-fertilise herself, because according to the same sodomite priests, Mary is a secondary manifestation of the one god. The Golen are really sick.

Of course, this original Virgin Goddess, mother of warriors, is also opposed to the designs of Jehovah Satan, and a button is enough as an example. The sadistic and deranged god of this creation came up with the brilliant idea that in his world all creatures, including man, should eat each other in order to survive. So much blood for his solace and complacency. Well, the Virgin of Agartha⁹, outraged by this inevitable reality, cried out, and her cry reached beyond heaven where He dwells, and someone listened to her, which was not Him. Ergo, there is someone infinitely superior to the Hebrew god who hears the cry of the Virgin of Agartha, and grants her the CEREAL. Yes, the Virgin of Agartha is also known as the Virgin of Agriculture and Cereal. That is why Marcelino Requejo, one of the few researchers on Marian apparitions in the world, describes with ancient carvings that very few know about, but are there as evidence, that the Virgin is always represented with ears of wheat in one of her enormous and long hands, because this deity is also represented with enormous hands and feet, as well as enormous, long and slender ears, an unmistakable sign of her extraterrestrial genetics. And so, out of the blue, the Virgin spoiled the imperfect cannibalistic world of the Hebrew god. Even the Hebrews, before they made the pact with Satan, venerated the Virgin because she satisfied their hunger with agriculture, cannibalism, slaughter of animals, and, obviously, human sacrifices of their first-born were no longer necessary. Truly great is Our Lady. And on top of it all, She gave birth to a warrior who would infuse the priests of the vampire god and his lackey peoples, The Christ. Here is the truth, pure and simple.

⁹ Agartha is the original and primordial name of the Virgin, since she is known and is still known as the Virgin of the Grotto, Agartha means "Intraterrestrial World".

Bodhisattva Kuan Yin, in his masculine and true aspect.

What did the synarchy do, they did two things: they erased all traces of the Atlantean past of humanity, where the events, the manifestation of the Virgin and the Christ, are recorded, and they substituted them to confuse the memory of them. They replace the Virgin with the help of a Bodhisattva, a holy monk from Nepal named Kuan Yin, and the latter with another saint, this time from Qunram in Judea, an Essene named Jeshua. Thus, in the 5th century there was a secondary cult in China of a Bodhisattva of the compassion of the heart, or warm and beating heart, which mysteriously, from the 8th century onwards, became the Bodhisattva of the heart.

first LGBTI transsexual in history, becoming a "goddess" Kuan Yin. We know what the sex change is for.

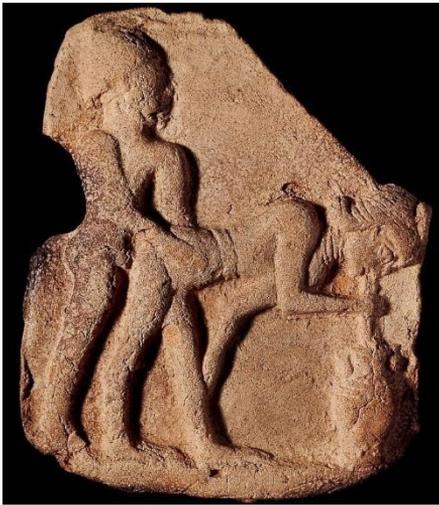

From then on, this "goddess" would be used to replace the cult of the Catholic Mary of Cereal with the merciful "Mary". They can no longer hide it, for in the British Museum there is a life-size sculpture of Kuang Yin dating from the 5th century, in the form of a man. As we have already said, after the 8th century, Kuan Yin would come to be represented as a somewhat androgynous woman, with beautiful features, wearing a dress, long hair, breasts, and her sex conveniently covered, in some cases, in others, exhibiting the little surprise for the unwary, a phallus.

As for Jesus, the substitution was much more complex to effect, for a whole new religion, Judeo-Christianity, had to be created to operate it, with much success on the part of the White Brotherhood of the Bodhisattvas of Chang Shamballa, the extraterrestrial base from which the archons sold to Jehovah

operate.

Mind Control (Legal and Illegal Drug Addiction)

And well, so that the sacred symbols confused, operate better from the collective unconscious, it was necessary to establish a narcotic culture of societies, first of all with the most reputable and effective hard drug ever created, and that according to the bible is vital for the correct worship of Jehovah god, alcohol. "Give strong drink to the faint-hearted and wine to the bitter-minded:..." (Prov. 31:6). More clearly, water. How could it be any other way, its origin

Ninkasi, Sumerian drink deity alcohol and sex.

would be in Sumerian in which its invention and use is attributed to Ninkasi, Sumerian goddess of beer and alcohol, daughter of Enki and Abzu, i.e., in its sociological interpretation, a race, a chosen people chosen people antediluvian, descended from the mixture of the archons with the native hominid race created by Enlil (Abzu). Because alcohol with an effervescent and narcotic effect is typical of the cultural pacts established and imposed by the acolyte priesthoods of Enki and Enlil, in other words, of the archons (Enki), and the demiurge Jehovah (Enlil). Silenus, archon tutor of the god Dionysus, deity of drunkenness and rapture. Alcohol is a drug of social control, its narcotic and addictive effect

lies in the fact that it stimulates the secretion of endorphins that provoke a feeling of wellbeing, illusory, with a few hours of effect, and given the resulting hangover. It is a drug of the cultural pact, which is collective relaxation in an induced, i.e. false, psychological environment of apparent peace that negates any sense of political responsibility. Alcohol is a very powerful aphrodisiac, so it hyperexcites the consumer and causes severe sexual disorders. When a drunkard assumes political responsibility, let's look at Winston Churchill, the

most nefarious politician in history, turned into a hero by the propaganda.

He knew that the war against Germany was about saving the Jewish usurious world bankers, and yet he ordered the terror bombings of a defenceless civilian population, one of the most appalling war crimes of all time, and yet he ordered the terror bombings of a defenceless civilian population, one of the most appalling war crimes of all time. He knew that the war against Germany was about saving the usurious Jewish world bank, and yet he ordered the terror bombings of a defenceless civilian population, one of the most appalling war crimes on record, driven by irrational alcohol-induced visceral hatred. These are the drugs of the system. Alcohol, a social lubricant, healing the souls of frustrated political prolegomena like Karl Marx, sociopaths, indoctrinated and fanaticised in dogmas and paradigms cooked up by social engineering. Helena Petrovna Blavatsky, the mentor of the theosophy and metaphysics of the "New Ege", entered into alcoholic trances with vodka to channel directives from the Archons.

The entire production of HBO's bombastic series is characterised by its "C" type censorship, which in addition to light pornography, unabashedly shows the consumption of alcoholic beverages and narcotics, as well as social banalisation, inconsequential content with the subliminal charge characteristic of synarchic television: gradual acceptance of sexual perversions, demonisation of proscribed political models, glorification of the political, economic, social and intellectual Judaic model. Glorification of usury, speculation, amorality and eudaimonia, hypersexualisation, and of course, socialisation contexts aberrated by the normalisation of vice and the corruption of good and bad.

The alcoholic and energy drinks industry is worth more than 300 billion dollars, more than other giants of the world market such as prostitution and drug trafficking, and at the regional level the same exorbitant sales and profit margins are maintained in the alcoholic beverage trade. The big transnationals and corporations in the alcoholic beverage industry and marketing, since the time of Prohibition in the USA, have been in the hands of the same synarchic mafia that controls the banking emporiums.

Let's look at the effects of alcoholism on the collectives to close the matter. On the individual level, psychic enervation that induces the consumption of other psychotropic drugs, alcohol opens the door, but the psychophysical effects of ingestion are terrible; gradual loss of volitional strength, abulia, chronic alcoholics lose their ability to work. Sexual dysfunctions, sterility caused by overexcitement in states of intoxication. Overdimension of unresolved arguments, diverse sociopathologies; it is the cause of the most important family dysfunctions, sexopathologies, mistreatment, abuse of minors, which increase the indexes of intra-family endocriminality, to this we must add social and labour dysfunctions, violence, criminal association, rape, culpable and intentional homicides, terrible traffic accidents, dehumanised cruelty due to the lack of empathic tension, unwanted children, abortions. Irreversible pathologies, the average life span of a regular alcoholic is reduced by half. Gentlemen, alcohol is a psychosocial weapon of mass destruction. The low tariff on the production and marketing of drinks is striking, as is the almost total permissibility and decriminalisation, with only a slight restriction on the sale and consumption of alcoholic beverages to minors. Restrictions are much greater for the consumption of tobacco, whose harmful effects are

The number of victims of domestic violence on a bottle of beer, rum, tequila, whisky, etc. has not yet been shown on a bottle of beer, bloody traffic accidents, and other evils resulting from the consumption of alcoholic beverages. Like as we have already seen, a whole terrible conspiracy that has already cost hundreds of millions of lives.

Psychoactive effect of alcohol. Does not warrant further comments.

Cultural Imposition of Sexual Perversion and Corruption.

We will approach the subject with this axiom: as above so below. So it is, powerful psychic forces converge to trigger this psychosocial conspiracy. The perversion of minors in the Church, misnamed priestly paedophilia, and the Raelian Movement that manages a peculiar hypersexual anunnakimania. And it is true, even esotericism has been hypersexualised with the ever-increasing profusion of tantric yogas, which are purely synarchic. We already denounced it in UFO Project, priests of different cults inspired by alien demonic entities are behind all this. The cult of Telema, the aberrant sexual magic that is practised in different Satanist "orders", such as the "Typhonian", from which derive esoteric fashion trends such as the cult of Rael, Anunnaki Archon who is fascinated by sex with the human race. Aliester Crowley, who was responsible for inspiring with his tantric doctrine that would later be imported to the West from India in the 60's by the psychedelic counterculture that would revolutionise the world towards the free expression of eros through cultural superstructures based on art and music, Hiepism. From the centres of social control, MI5, Tavistock, CIA, NSI, and subsidiaries, comes marijuana, a psychoactive sexual stimulant, among other psychotropic properties, the opiate heroin, of known hypersexual effect, LSD, the same, as well as permeating the consumers towards the perception and empowerment of the psychotronic currents emanating from these centres of world power and Chang Shamballa.¹⁰ HAARP would serve precisely to radiate this psychic current. Peripherally, a great majority of the non-consuming, but alcoholic population, will contribute the sense to this superstructure with the consumption of aberrated art, which in its highest expression, is still in vogue with the music of the Beatles, and the greats that gave the 60's, and that periodically came out in the 70's, 80's, 90's, up to our times.

¹⁰ Chang Shamballa is not a spiritual city on another plane of reality, an idea peddled to the world by the synarchic sects, but a huge extraterrestrial base, ruled by the rulers and their servants, enlightened ones, gurus and saints, who have served them for millennia. It is the occult power that rules the world, the occult hierarchy on Earth known as the White Brotherhood, heads of Freemasons, "Illuminati" and other synarchic bodies.

days. They are the models of exemplarity that millions of the unwary will try to emulate, look at the success of the "X Factor", proof of the brilliant conspiracy hatched down to the smallest detail by the masters of the White Brotherhood.

The Beatles and other icons of art and music pose with the Maharishi, master of the White Brotherhood.

It is obvious by now that institutions such as marriage and the family are inconvenient when it comes to imposing this system of social control. Social engineering must impose a culture of licentiousness and onanism, protecting the most vulnerable and vulnerable.

various resulting sexual perversions. Love should be promoted

free, i.e. without any family commitment, therefore, abortion, homosexuality, paedophilia, zoophilia, transsexualism, monosexualism and eudaimonia. Besides the fact that overpopulation means a risk to the lifestyle of the synarchic elites, so that all this paraphernalia would decrease the birth rate, there are other Dantesque ends pursued by this gradual degeneration of humanity driven from Chang Shamballa.

Let us conclude, then, that what is intended by capitalising on the cream of the youth of the nations of the world to a banal and synarchic way of life, the inversion of values, the hypersexualisation and perversion of childhood and adolescence is the synarchic aim of corrupting the spiritual reserves of all the races of the world, especially the white race, which has proved to be the most reluctant and permeable to this social engineering. In other words, to prevent at all costs the emergence of a new Hitler and the consequent counter-synarchic Movement from the bosom of spiritual nationalism. This is why the corruption of minors has been instituted, an instruction emanating from Chang Shamballa to priests and other synarchic operators. It is not that the "priests"

UFO Project 5

are fond of paedophilia because of their self-imposed sexual repression of celibacy. NO. Just as

freedom and LGBTTI rights do not interest the synarchy in the slightest, but to use these collectives as a platform and repository for the descended Dragon of Sodom, which will ultimately corrupt the world so much, that it will serve as justification to the greater Archons for the extermination of two-thirds of humanity prior to the establishment of the World Government of the "Chosen People" during the reign of the Messiah, the fourteenth and final manifestation of the Shekinah, i.e., Jehovah Satan, on Earth, as Israel, the tenth Sephiroth of the Rimmon tree, the end of History. The operator of this conspiracy is known as Baphomet, a male goat, with breasts and phallus, homunculus already realised in millions of transsexuals emulating him, it is happening, it is real. That is why it is so important to know the history of this symbol, inspired by a King of antiquity, Bera, King of Sodom whose account is meticulously detailed in *The Mystery of Belicena Villca*.

Human rights organisations such as Amnesty International, the Open Society, Green Peace, Oxfam, among the largest and most influential lobbies, work alongside hundreds of LGBTTI collectives, which are sponsored and funded by the great corporate power of Jewish tycoons such as George Soros and Elisha Wiesel.

It is important to read "*El Libro Negro de la Nueva Izquierda*", by Nicolás Márquez and Agustín Laje. We also recommend again "*Dissertations of the OCTRA*" by Roberto Navilli, as well as "*Proyecto Ovnis 2 La Otra Cara de los Alienígenas*" and "*El Misterio de Belicena Villca*".

Constellation and concrete manifestation of Baphomet in the sense sphere of the world.

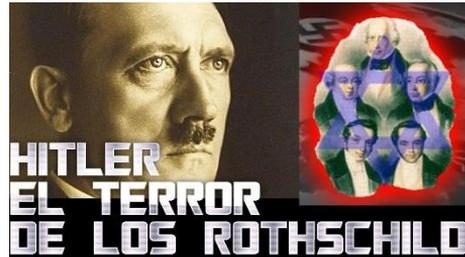

CHAPTER SEVEN. FINANCIAL CONSPIRACY.

The Origins of Private Banking.

We are entering the culminating part of this report, to show people the concrete face of symbols and deities, manifested in flesh and blood, visible on earth, because peoples, collectives, are the reflection of their deities, even if atheists do not believe in God, Marxists, Leninists, Trotskyists, they are the manifestation of a powerful collective, the Jewish people. At this point, when the Judaisation of the world has reached a culminating, almost entelechial point, the majority of humanity reflects the face of the Judaic deity, that is, of the Jewish collective, it is psychological Judaism, and they do so consciously and unconsciously.

As for the economic model, banking, a purely Jewish activity, created by them in an evolutionary evolution that goes back to the court Jews, a kind of treasurers of princes and kings, almost always Jews, who kept the gold of depositaries who entrusted them with jewellery and securities in that metal, granting documents that stipulated the service of executors and custodians. The next step would be the issuing of bank securities and the creation of banking corporations with security vaults and staff, where large amounts of gold were accumulated, which would be the financial backing for promissory notes, bills of exchange, cheques, and finally, paper money, money backed by gold deposits was born. It should be clarified that the Jews created gold standard money, but they are not the inventors of the concept of paper money, and currency itself. Mongolia at the time of the greatness of Tedmukhin, Genghis Khan, issued its own paper money backed not by gold, but by production, i.e. the products of its industry, food, textiles, silk, spices, weapons, in short, and whose legendary prosperity became legend, we are talking about the paradisiacal lands of the kingdom of Prester John, Katigara, Agartha, where there was no place for hunger and misery, as in the Inca, where gold had no value, let alone backed the issue of any currency. Well, if you look at this economic model of the

gold standard, those who have the gold can issue currency, a nefarious system of monopolistic domination of the holders of gold, which as we have seen, for centuries, has been in the hands of the Jews.

Here again we see the baleful influence of the archons, fallen angels, elohim, nephilim, anunnaki, who since their descent to the earth in

Abzu's time, they devoted themselves, foolishly, to the accumulation of gold. No, it is no coincidence, for the resulting model is the basis of the capitalist system, not as the obtuse Marxist-Leninists say, that capitalism is the control of the means of production by a capitalist bourgeoisie, it is laughable. With this empowerment of the Jewish gold-banking castes for centuries, and with the expulsion of the Sephard by the Catholic kings of Spain, it is in Flanders, today's Belgium and Holland, that the great Jewish financial corporations we suffer from today were founded. Inbred hierarchies of Jewish families, the Rothschild house, founded by the Jews Amshel Meyer, who made a fortune before with the Dutch East India Company, which turned the slave trade and the market of raw materials produced with slave labour into a great planetary business. J.P. Morgan, who founded the banking emporium of the same name, first in England and then in the USA, making a fortune in arms smuggling, first for the Washington Independents and then for the North in the American Civil War. Today one of the world's largest banking consortiums, J.P. Morgan Chase, with other Jewish banker castes such as the Goldmans, Davidsons, Barucks and Schiffs. The Bank of England, the genesis of national central banks such as the Federal Reserve of North America, began as a private consortium run by the Jewish Goldsmiths, issuing currency with the nefarious and otherwise usurious system of

financial debt and compound interest. Yes, the dollar is not a US national currency, it is a fiducial currency of Jewish high world banking, i.e. a currency/debt. Russia's central bank, after the Soviet era, is controlled by Jews like Leonid Mikhelson and Mikhail Prokhorov.

There are already serious indications that the World Gold Reserves, in the hands of Jewish corporate power, are moving to China, where the big banks would be passing on a large volume of shares to new capitalist partners, among them Goldman Sach and the City Bank Group, where the creation of a brand new fiat currency is being cooked up that would displace the dollar and precede a great global financial collapse, a prelude to the assumption of the New Synarchic World Order. Now we can understand Hitler's reasons for outlawing private banking, almost entirely in the hands of Zionist agents, and his Masonic lobby in Germany, the real reason for the Second World War, which history, the false one, of course, paints as a world war between Germany, Japan and Italy, against the allied nations of England, France, America and the Soviet Union, the ultimate representatives of democracy and freedom. In reality it was a war of supreme principles between the Rothschild Bank and its lackeys, the Allies, and Adolf Hitler, the latter a champion of humanity in his millenarian struggle against the Jewish and Synarchic Capitalist Empire.

The Federal Reserve and the Titanic.

"Give me control of the issuance of currency and I don't care who makes the laws", Jacob Amshed Rothchild. This sums up the hidden history of the Central Bank of America, better known as the Federal Reserve. And well, how could it be otherwise, the Federal Reserve System was designed by the same Synarchist agents, Jacobin Freemasons, Jesuits, and Jewish high banking, emulating the private control over the finances of great nations like England, as we have already seen, but now oiled and perfected to turn the USA into the capitalist platform of the New World Order that was to be ready to finance the great Red Revolution that Zionist and crypto-Jewish operators were rehearsing in Russia and that would hatch in 1917. So it was 1910, and Woodrow Wilson was President of the USA,

Although a philosophical thinker, he warns of the danger posed by the project to place the issuance of currency and control of the country's fiscal reserves in private hands: *"Our great industrial nation is controlled by a credit system. Our credit system is concentrated in private hands. The growth of the nation and, consequently, of all our activities is in the hands of a few men who, necessarily, or for reasons of their own limitations, freeze, restrain and destroy genuine economic freedom. We have become one of the worst governments, one of the most completely controlled and dominated governments in the civilised world, no longer a government of free opinion, no longer a government of belief and majority vote, but a government of the opinion and coercion of a small group of dominant men"*. And this was said by the man who would sign the Act creating the Federal Reserve in 1913 only to win the support of the powerful Zionist lobby for his re-election. As we have already mentioned, in 1910, a secret meeting was held at J.P. Morgan's estate on Jekyll Island off the coast of Georgia. It was there that the central banking law called the Federal Reserve Act was written. Government agents such as Senator Nelson Aldrich, who had close ties to the Rockefellers, would push the bill through Congress; other attendees were Paul Warburg, an agent of the Rothchilds, and Jacobo Schiff, of Khun and Loeb & Co. Well, politicians and tycoons outside the synarchist orbit opposed this law which would inevitably be vetoed in Congress; the anti-synarchist opposition had to be reduced, and this was done in a criminal and staggered manner. Three of the fiercest opponents of the creation of the Federal Reserv were on the Titanic on the fateful night of April 14-15, 1912, and died in the catastrophe. Benjamin Guggenheim, Isidor Straus and David Astor. Even so, it took trickery, bribery and deceit to pass the fraudulent law a 24 December 1913 in the early hours of the morning, when most members of Congress, opponents of course, were at home celebrating Christmas. From then on, the US would lose all economic and financial sovereignty, condemned to the use of a debt currency, which has turned America into the largest debtor state on the planet.

Serious research suggests that the Titanic was blown up by a cleverly camouflaged time bomb in the hold, and you can see the gaping hole that could not have been caused by an iceberg. In order to

UFO Project 5

To cover up these new theories that were coming to light thanks to the boom in deep-sea diving explorations with new technologies, the CIA quickly ordered the production of the film "Titanic", a famous film, like "Schindler's List" that came out to cover up the worldwide resonance that the "Titanic" was having.

Unexplained gap in the Titanic's hull that could only have been caused by a bomb.

shortly after the evacuation began. The evidence proves that a steel hull like that of the "Titanic" was indestructible and iceberg-proof; the ship's captain Edward Smith had 20 years of experience on the North Atlantic routes and it was virtually impossible for a ship of the "Titanic" to collide with the "Titanic". 60,000 tonnes with a block of ice hundreds of metres in size and visible from miles away in the weather conditions of that fateful day. The damage in the case is completely atypical, the gashes in the steel pose an enigma as the only way to cause them would be with the use of unconventional weapons that did not exist at the time.

It is all very strange; without the Federal Reserve in the hands of the synarchic power, the Bolshevik Revolution would not have been possible, just as it would not have been possible to finance the enormous costs of two world wars in favour of the synarchic nations and the allies, just as the complete economic and financial control of the great banking emporiums would not be possible today. From that perspective, it is not only feasible, but even imperative that

The trial of the revisionist Ernest Zündel and the new evidence, even expert evidence that is destroying the myth of the "Holocaust", as we shall see below. But things get even thicker on the subject of the sinking of the "Titanic". Statements from eyewitnesses who survived the tragedy have been leaked,

who indicate that they saw strange blue lights in the sky before the incident, and

the Ruling Archons of Chang Shamballa have intervened. It would be the only

explanation for the strange UFO sighting during the tragedy, which, as we shall also see later, occurred in very similar circumstances in another historical schism, the attack on the Twin Towers, in circumstances when the New World Order must alter events for unspeakable political ends.

Zionist economics and liberalism.

Well, now it is much easier to understand how the synarchic economic model works, the financial dictatorship of this capitalist imperialism. First, monopolising the currency, the dollar was and still is, the only global fiat currency, it no longer needs to be backed by gold, it is issued according to the synarchic strategic needs and it is inflated to the detriment of the taxpayers, the cost of living rises unflinching every time this happens.

Congressman Louis Mc Fadden expressed the truth after the passage of the Federal Reserve System Act: *"A world banking system is being prepared here, a Super-State controlled by international bankers... acting in concert to enslave the world for their own pleasure. The central bank has usurped the government."*

The public was told that the Federal Reserve System (FED) was an economic stabiliser. And that inflation and economic crises were a thing of the past, however, as history shows, nothing could be further from the truth.

For example, from 1914 to 1919, the FED increased the money supply to almost 100%, resulting in huge loans to small banks. Then in 1920, the FED withdrew massive percentages of the money supply, forcing smaller banks to write off huge amounts of loans, bank runs, failures and subsequent collapse. More than 5400 competitive banks outside the Fed collapsed, consolidating the monopoly of this small group of international bankers. Aware of such a crime, Congressman Lindbergh denounced in 1921: *"Under the Federal Reserve Act, the*

panics are scientifically created. The current panic is the first scientifically created panic, and it worked like calculating a mathematical equation.

However, the panic of 1920 was only a warm-up. From 1921 to 1929 the Fed again increased the money supply, and the cycle was repeated, large loans to the public and banks. There was another new type of lending called "margin lending" outside the stock market, allowing the investor to pay only 10% of the price of a stock, with the other 90% being repaid through brokers. In other words, a person could have

This method was widely used in the 1920s, giving the impression that it was easy to make money in the stock market. However, this loan had a catch. It could be borrowed at any time, and had to be repaid within 24 hours.

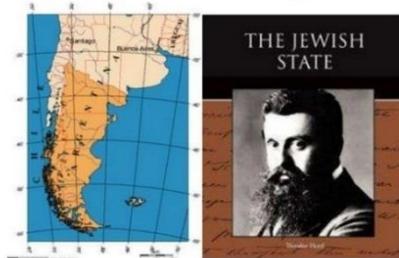

This is called a margin call, and the typical result of a margin call is the sale of the stock bought with the loan. Then, a few months before October 1929, J.D. Rockefeller, Bernhard Baruck and other stock speculators quietly pulled out of the stock market and on October 24, 1929, Wall Street financiers, who speculated on the margin loans, began to cash them in en masse. This provoked

instantly a massive supply in the market, as everyone had to cover their marginal loans and bankruptcies were everywhere; 16,000 banks collapsed and international bankers scooped up corporations, businesses and banks for pennies on the dollar. It was the greatest robbery in American history.

But it did not stop there. Instead of expanding the money supply to avoid financial collapse, the Fed reduced it, causing one of the greatest depressions in history. Congressman Louis Mc Fadden, with much

The Federal Reserve Board's corporate CIO, arguing that the downturn and depression of the world economy *"was a carefully planned conspiracy by the international bankers to make huge economic profits out of the despair created and owned by all of us"*.

It is not surprising that after two assassination attempts, Mc Fadden was poisoned at a banquet as the initiative to regain control of the Federal Reserve began to take shape. For those who believe that another triggered depression is not a possibility today, Argentina's experience should give us pause for thought. Argentina's economy suffered a similar disaster with the "vulture funds" and the lack of sovereign regulatory mechanisms to defend it from the fraudulent system of borrowing that destabilises the value of its currency. A condition for taking out the loan is to buy these "vulture funds", which are venture capital that carry a debt plus interest and contractual collection conditions, which the new trustee assumes and must repay. Like the "margin loans", the credit, in addition to the usurious interest, carries a debt. As if this were not enough, the corporations that channel this risk capital, the World Bank and the International Monetary Fund, demand that the states subject to credit implement special legislation to avoid state regulation, introduce gender laws, prohibition and proscription of Nazism, educational laws that include the "Holocaust" and the apology of Zionism in schools and universities. In countries like Colombia, with no regulation of financial institutions, the national currency fluctuates in 24 hours up to 50% of its value against the dollar on the stock markets, causing services and the cost of living to gradually rise, as well as a disproportionate increase in the commission on all financial transactions, a paradise for transnationals like Money Gram and Western Union.

It has already been denounced that the aim is to make Argentina's foreign debt unpayable, to exchange it for territory in order to found a new Zionist state, this time in Patagonia. As we have seen, we must begin to take a more serious look at what the "conspiracists" are claiming, for a Latin American "spring" is being forged to convulse the whole region.

Conspiracy against the Free and Sovereign Economy.

There was only one man, and he realised the only vision of a country, free from the tentacles of this Zionist and synarchic supercapitalism: Adolf Hitler. We are going to shatter many myths here, so brace yourselves. Firstly, National Socialism created a current of thought that transcended the theological and religious taboos that blind people and whitewash Judaism and its myths. People gradually lost their fear of "god", the foundation of Judeo-Christianity, and gradually adopted a critical view of Judaism, as we have already seen, the mother of the lamb in this lurid question of its messianic ambition to conquer and dominate the whole world. This was achieved by decolonising the collective mind of the Germans, by activating their own ancestral myths, the Germanic pagan tradition, their Deities, their Runes, their own culture. Only then could one speak of the Jewish question as promoters of stateless internationalist communism, of the decomposition of customs with the spread of their progressive theories, of their role as a fifth column, entrenched in the highest governmental positions, promoting the downfall of the monarchy, taking over cultural activities by using art, literature, cinema, the press, to invert values, to divide Germany by class struggle, and to subject the state to the domination of the Rothchild transnational banks based in Holland, Belgium, France and England. Hitler was a highly educated, well-read man, trained from the age of 23 in an anti-Masonic, anti-Synarchist, anti-Illuminati secret society called the Thulegesellschaft, and initiated by one of Germany's most brilliant minds, Dietrich Eckart, with whom he co-authored an essay unmasking priestly and biblical Judaism: "Bolshevism from Moses to Lenin", which gives us the guidelines and the keys to de-Judaise the collective mind. On this basis he prepared a new political elite that would support him in liberating Germany from the clutches of Jewish financial power. He realised that the reparations Germany was obliged to pay under the Treaty of Versailles were not going into the coffers of the Allied nations, but into the bank vaults of those who had financed them during the Great War. He therefore vetoed the unjust indemnities clause, as well as the clause establishing Germany's unilateral guilt for the war. He got rid of the loans for the reconstruction of Germany that the corporate consortium

But again, they were not in the KZs because they were Jews, as we are led to believe, but because they were communists.

With no banks and Jewish bankers in sight, Hitler began to issue a free and sovereign currency of his own, backed by the labour and production standard, not the fictitious gold standard, thus without carrying debt, establishing it as the only official currency for trade within the borders of the Reich, thus gaining the confidence and concrete solidity that a fiat currency like the dollar would never have. Consequently, it made it the duty of every German to produce and work, money was no longer a problem, the public works in Germany from 1933 to 1945 will never be emulated by any rich or poor synarchic nation, prosperity made it possible for people who ate rats in dumpsters because of the rampant poverty generated in the Judaic economic model during the liberal Marxist Weimar Republic, Hitler gave work and real wealth to eight million workers who were previously starving in abject poverty. The only socialism, the only socialist system that has ever worked in the world has been the German National Socialist Regime of Adolf Hitler.

"By God", cried all the Jews of the world, not the proletarian Jewish people, but the great capitalists, owners of Gold and World Banking, if all countries follow Germany's example, goodbye messianism, goodbye world conquest, goodbye communism, goodbye privilege and profit, goodbye synarchic cultural Judaism, goodbye Israel above all the nations of the earth, as their Torah commands. Germany had to be destroyed, Germany had to be conspired to lead the world into the bloodiest and most destructive war in recorded human history. That is the truth, the purest and simplest TRUTH.

We recommend reading "Judea Declares War on Germany" by Bolivian revisionists Jhonny Lazo and Mauricio Torrico, "Blochevism from Moses to Lenin" by Ditrich Eckart, "Where they want to take us" by Salvador Borrego Escalante and "The SS Order" by Thibaut Edwige.

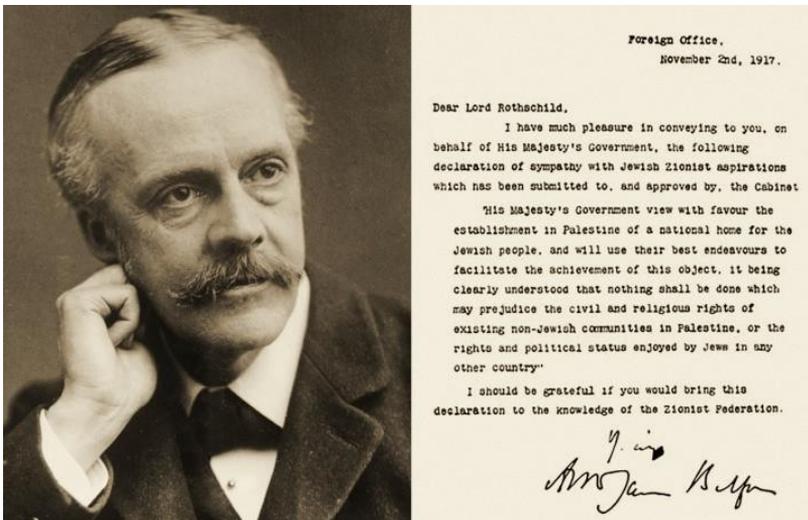

CHAPTER EIGHT. CONSPIRACY OF THE WORLD WARS.

Conspiracy against the Monarchies. Birth of the State of Israel.

We will say it plainly, the two world wars recorded in our modern history were provoked to facilitate the creation of the State of Israel. It is in the secret statutes emanating from the great Jewish World Congress in Basel on 29 August 1897, better known as the "Protocols of the Elders of Zion", which I am sure many have read with horror. There the synarchical guidelines were laid down to provoke the Great War, we are talking about the First World War, in order to impose the Liberal Republican model on the traditionally monarchical nations that still remained in Europe, we are referring to the Empires of Austria, Hungary, Germany, Russia and the Ottoman Caliphate. The English Royalty was already almost completely capitalised by the Golen Druids, and there would be no great problem for it to lend itself to the extermination of the rest of the European monarchies, as it turned out. Bolshevism was to bring about the end of tsarism, but a great European civil war was required to defeat the Germans and Austrians. The Serb Gavrilo Princip, a pan-Slavic member of the "Black Hand" movement financed and promoted by international Jewry, lit the fuse with the assassination of Archduke Franz Ferdinand. The aim was the birth of a Slav Democratic Republic with the disappearance of Austria-Hungary. Synarchist France and England rushed to declare war on Austria-Hungary when the latter began to suppress the seditious movement, and were later joined by Russia for pan-Slavic interests with the Serbs.

And you may ask, what has the creation of the state of Israel got to do with all this? Well, the fundamentalist Zionists are divided, some think that the new Jewish state should be based in Palestine, for theological reasons, others see Argentina as the new "Promised Land". The dispute is settled by Amshed Rothchild, who finances everything, Palestine is the chosen one.

But to create a Jewish Zionist, anti-Semitic, i.e. anti-Muslim and anti-Arab state, it is necessary to destroy the Ottoman Empire because Palestine is a province of the Caliphate. Since the Caliphate is aligned with the Central Powers, the war is already over, it remains to defeat the Germans, Austrians and Ottomans, not an easy task. Enlil Jehovah Satan wants to be worshipped in Jerusalem which is in Palestine, all the resources of the greatest powers of the planet must be aligned with the Nephilim Seraphin Archons in such an endeavour. But Germany is a tough nut to crack, between 1914 and 1917 it has not lost a single battle, its armies are 70 kilometres from Paris, the exhausted Allied forces are on the verge of mutiny and are seeking peace. The miracle was managed by Rothschild, who secretly achieved the "Balfur Declaration" which committed England, once it had won the Great War, to cede Palestine to the Zionists for the creation of the State of Israel in time for the division of the Middle East between the British and the French of the spoils and the dismantling of the Ottoman Empire. In return world Jewry undertakes to bring the USA into the war, while activating the revolution of the proletariat by its agents in Russia and Germany, undermining the rear of the invincible German army by strike, anarchism and social revolt driven by the fifth column.

Arthur James Balfour, British Prime Minister, who bargained with Amsched Rothschild for US entry into the Great War in exchange for ceding Palestine to the Zionists, shaking the Arab world forever.

Zionist already entrenched in trade unions and rank and file.

With the false flag attack on the "Lusitania", the bait for the attack by German U-boats, which was actually sunk by the British themselves, the US entered the war with all its military and industrial potential at the service of the Allies, and although its late intervention was not relevant to the military actions, the psychological effect sought nourished the seditious anti-monarchist movement in Germany that sought the abdication of the Kaiser and the end of the war. Russia falls, then the Romanovs are assassinated in satanic rabbinic rituals, Emperor Wilhelm II abdicates, amidst terrible slaughter generated by ethnic hatreds fuelled by Bolshevik and Jewish animosity, Austria Hungary is dismembered with the creation of two spurious states, Czechoslovakia and Poland, the same fate awaits Germany which is separated from Prussia with the seizure of Lower and Upper Silesia, the Sudetenland, Alsace and Lorraine, all its colonies and the fall of its traditional monarchy.

It is the belated triumph of the Jacobin and synarchical French Revolution, it is the fall of a world of values and virtues rooted in chivalric romanticism, it is the advent of decadent and corrupt Judaic democracy. It is the reign of Satan on earth. Thirty million victims immolated to favour a tiny Israelite minority in its aberrant psychosis of world conquest.

But though the war is over, the Zionists must still face one of the most formidable rivals in their cumbersome and far from noble history, one man alone who will shake all their power, one whom they underestimated, a mere corporal during the Great War, an artist, whom they overlooked, not foreseeing that the influence he would exert on mankind would ultimately defeat their hegemonic pretensions: Adolf Hitler. And they were right to hate him so much, he ruined all their plans, and is still ruining them, as we shall see.

The Holocaust Myth.

False history insists that the cause of World War II was a set of incongruities that are fallacious to the extreme: Hitler's desire for world conquest, the extermination of inferior races with the familiar excuse of "living space", and of course, the madness and ambition for power of a psychopath in command of a group of evil "Aryans" in pursuit of conquering and subjugating the whole world; the invasion of poor Poland, and so on. Many have surely realised by now that this is just propaganda sustained by the faith of ignorant people, unfortunately, a majority. We already know that the war was a consequence of the National Socialist economic model that threatened to expunge usury and the Jewish power of private banking from the world. However, the Polish affair, just as the assassination of the Archduke of Austria lit the fuse of the world conflagration, was the trigger used by the Jews and the Synarchy to start the war against Germany again.

Of course, Poland as a country was newly constituted in the Treaty of Versailles, with territories that had belonged to Germany for generations. Millions of ethnic Germans were arbitrarily assimilated into the new nation. Germans who had social organisation, industry, agricultural and commercial production, Upper and Lower Silesia were thus highly prosperous and developed regions. It did not take long to arouse the envy of Poles, Slavs and Jews, who began a campaign of expropriation and taxation, threatening a mass exodus of German refugees to the Reich. Jozef Pilsudsky, an honest politician who admired the reforms that Adolf Hitler was carrying out, turning the destroyed Germany into a first-rate power, became president of Poland and sought to remedy once and for all the increasingly precarious situation of ethnic Germans. Sure enough, Pilsudsky died suddenly of a "heart attack", it is not lost on the researcher that he was quite possibly poisoned, and the new anti-German coalition government, many of whose members were Jewish, began a campaign whipping up internecine hatred of the prosperous Germans living in the rich, industrialised regions of Silesia. The usual tale of the

UFO Project 5

Marxist agitators of the wrong sort to incite the masses to commit crimes and unleash social chaos. Soon Poles and Jewish agitators began a popular revolt of harassment against German landowners in Bromberg, incited from the radio by government agents, and even the Polish army and police who were supposed to restore order joined the masses of outlaws who beat up adult men, women, old men and children, and even pets, indiscriminately, which quickly degenerated into murders of unimaginable cruelty. Finally, and thanks to the contacts that the Editorial de la Casa de Tharsis has been working on during all these years, we have obtained a document of invaluable historical validity that confirms all of these facts.

At the end of the Tharner Straße in Bromberg, 18 minority Germans were found beaten to death and mutilated.

Murdered and castrated. Body of a minority German found near Bromberg, not yet identified.

Murdered minority Germans before their burial in the Protestant graveyard in Bromberg

Here lie 18 bodies found on the bank of the Bromberg Canal, among them the 2 bodies of 2 children. With the exception of one, all the dead had their hands tied behind their backs.

These criminal and abominable facts: "Polish Crimes against German Ethnic Groups in Poland", a gem to shed light on the true facts that led to the Second World War, and reveals the real reasons why Hitler ordered a punitive invasion of Poland, which was used by the Synarchy and Zionism to pressure the governments of France and England to declare war on Germany and unleash the war.

For four months, in various regions, first the harassment and then the lynchings of ethnic Germans began, which reached its most vile and gruesome peak in the town of Bromberg. Of the nearly sixty thousand Germans massacred, at least half were slaughtered in the Bromberg massacre, a fact that has been deliberately removed from the history books. Quarterings, skulls blown off, amputations, rapes and humiliations from which neither infants nor pregnant women were spared, many were burned alive after being tortured, eye gouging, garrotting and breaking of bones, this crime is considered one of the cruelest ever committed against a civilian population. Hitler, unprepared for war, had neither the resources nor the weapons to confront the Polish army if he attempted a punitive invasion to save from massacre hundreds of thousands of Germans hiding in forests and ditches or desperately trying to reach the German border. During the two weeks before the invasion of Poland he tried to negotiate, but to no avail. France and Britain promised to intervene if Germany finally invaded Poland, which it did in the early hours of 1 September 1939. Pilots shot down, paratroopers rounded up, paratroopers burned alive, their eyes gouged out, cut out, quartered, by the enraged Poles, but Poland faced an army that, though very young and inexperienced, was gradually gaining the strategic initiative. The Polish resistance lasted four weeks, and with Poland under control, orders were issued to identify, arrest and prosecute the instigators and perpetrators of the horrendous crimes against both defenceless civilians and unarmed servicemen. And Hitler justly condemned them all to be shot.

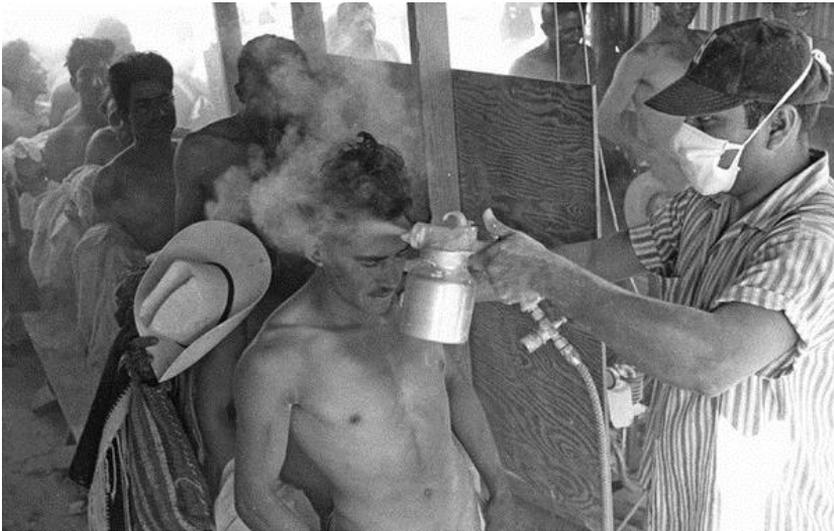

Bravo! Any honest and noble leader faced with a similar situation would have acted similarly. It did not take long for the culprits to be found, for the Polish population itself, fed up with such massacres and not taking part in the lynchings, denounced the instigators and perpetrators. Many Jews were shot, yes, but as instigators and self-confessed murderers. Despite what they did, they were not tortured or veiled. It was and always will be the Honour of the German Soldier first.

For this, and for many other reasons, Allied propaganda invented the myth of the "Holocaust". If these Polish crimes are discomfiting in their cruelty and magnitude, the unwary must prepare themselves for a greater dose of unprecedented cruelty exercised by the Jews, yes JEWS, who ran the USSR at the time, and who held absolute power. Not only did they control the Supreme Soviet, Josif Visarum Dujaschvili (Alias Stalin), Lazar Koghan (Alias Kaganovich), Salomon Pearlmute (Alias Nikita Kruchev), Goergi Malenk (Alias Malenkov), Lavrenti Beria (Alias Beria), among the best known, controlled the most bloodthirsty political police in human history, the NKVD, later renamed KGB, either as supreme heads of the Soviet, or simply as heads of it. Together they exterminated 40 million Russians, half of whom were decimated by starvation and forced labour in subhuman conditions, the rest were murdered in summary executions, from being shot in the back of the head, as in the notorious genocide of Polish officers murdered by the NKVD in Katyn, to being bludgeoned in the head, beheaded, or machine-gunned into mass graves. Entire villages of suspected collaborators during the German occupation, who committed the unforgivable crime of being closely acquainted with the organisation of German National Socialism, were annihilated. Even the millions of Russian prisoners who worked in factories, fields and mines in Germany were murdered by the NKVD. The whole of Europe knew this, because they lived through it, but not more than half the outside world, such as the deceived American people, not to mention Latin Americans, Africans, Muslims, Asians. Hitler and the German people had to be demonised. Even worse, the Allies, the British and the Americans practised aerial terrorism by bombing civilian populations in Germany incessantly, killing 5 million civilians with no shame. After Germany surrendered 10 million Germans, prisoners, party officials, and entire populations displaced in the retreat of the German Army, died in famines ordered by the Allied Zionist bosses in Allied prison camps. The German Holocaust alone totals 15 million immolated to Moloch Jehovah Satan.

Zacharia Poliakov (alias Leon Poliakov), an NKVD agent in France, who was "gassed" for delousing when he became a prisoner of war in a German concentration camp for prisoners of war, invented the myth of the "Holocaust". At that time, not only in Germany, but also in the USA "Ziclon B", a powerful insecticide, was used to delouse

UFO Project 5

Mexican and Latino immigrants, by spraying them with sprinklers, so it was not lethal to humans because of its low concentration of hydrocyanic cyanide, but it was lethal to the lice to be holocausted. This parsley was commissioned to fabricate anti-fascist propaganda, and his report falsified the spurious story that mainly "Hollywood" sold us as "The Auschwitz Death Camp", which of course, it was not, and never was. At Auschwitz we will see huge dormitory shelters with a capacity of more than 20,000 people.

Mexican immigrants "gassed" with Zyklon B to delouse them.

people, all operators of three huge synthetic rubber factories. The camp had a swimming pool, sports fields, a theatre, a cinema, even three hospitals with dentists, x-rays, and operating theatres. It also had recreation bars, grocery and supply shops, for the Germans allowed the inmates' relatives to supply them with food, clothing, medicine; they even had, listen carefully, a currency of their own, vouchers with which the inmates were paid for their work. Of course there were no gas chambers and there never were, which is why investigators have been forbidden to do field work in Auschwitz since Alfred Leuchter and David Cole, the former an expert on machines and methods of execution, and the latter a Jewish investigator, both made forensic reports that confirm what we are telling you, that this modern concentration camp, tremendously

It was never an organised and equipped extermination camp as the imbecile Poliakov would have us believe, despite the fact that his very bad books, full of disgusting lies, continue to be a reference point for other imbeciles who believe him.

In a recent Hollywood film, financed by Jewish producers and even acted by Jews, such as Raquel Weiss, who also plays the Jewish Holocaust denier Devorah Lipschtat, not to mention "Schindler's List" where the cretinous Spielberg shows how "fire" comes out of a cremation chimney of poor little Jews in Auschwitz, the "genius" should be told that fire does not come out of a chimney, but smoke, Lipschtat claims that the expertise of an expert, which she is not, is wrong, because according to the writer, who knows as much about engineering and chemistry as a lawyer knows about quantum physics, it takes ten times less Zyclon B to kill a human being than a louse. In other words, a louse needs 10 times more Zyclon B to die than a human being. One should tell the scriptwriter, a Jew of course, David Hare, that if this were so, millions of Mexican migrants would have died in the first ever gas holocaust in the USA and obviously more than 10 million prisoners of war that the Germans interned in various concentration camps, not just six million lousy Jews.

Finally, the Allied propaganda machine would take care of rolling the ball of lies by taking advantage of confessions extracted by torture from captured camp guards, among them Rudolf Höes, whose testicles were crushed and who suffered such severe beatings that in the end he confessed that in Auschwitz, where more than half a million Jews were never interned, 6 million were gassed in a non-existent gas chamber, adapted into an anti-aircraft bunker by the Soviets after the camp was liberated, and so badly that it is still there, even today, with a stucco coating, with the original floor where the skirting boards of other rooms, rooms, bathrooms are clearly visible, eliminated, also with a precarious wiring system, windows and door of old wood, yes, the Soviets took the trouble to make some holes in the roof where supposedly the zyclon B was poured, and to build a chimney a few meters from the supposed gas chamber, to finish the

set. How the operators of that trout gas chamber were not blown up is beyond comprehension, since hydrogen cyanide gas is highly volatile. So, it is incomprehensible how the creators of the most sophisticated engineering, of such sophisticated weapons, jet planes, pressurised cabins, hermetically sealed submarines, could never build a proper gas chamber, with armoured doors, sealed and pressurised environments, ventilation systems, gas induction systems, safety electrical wiring, and large industrial crematoria, as well as large industrial crematoria, as well as the most sophisticated and sophisticated gas chambers, as Alfred Leuchter says in his report, this type of gas chamber never existed, just as the famous crematorium ovens where six million bodies were incinerated never existed, but in the height of folly, there is not a single pound of ash of the 25,000 tons that should have been found and never existed.000 tons that should have been found and were never found. Come on gentlemen, the "Holocaust" is a lie that does not withstand serious critical analysis, but it is a matter of faith for conscious or unconscious Zionists, because, let us say it clearly, anyone who thinks that the Holocaust existed is favouring Zionist plans, which in addition to whitewashing themselves for the terrible massacres and crimes they committed,

not only during the war, but throughout the history of mankind, they earn enormous sums of money that are already bordering on the 200 billion dollars in war reparations to Israel, a state that did not exist at the time, and cannot be subject to retroactive compensation laws, fragrant crime that violates all jurisprudence, y that

Germany must pay, in addition to the dishonour of branding the only nation in the world that has fought against the most abject and terrible enemy of humanity, as genocidal and criminal.

More than three thousand people who have denounced the lie in Germany and other European countries, among them inmates in the German KZs, have been imprisoned with laws that violate the human right of Freedom of Expression and Free Inquiry, people who have written books that today are censored and difficult to find in book fairs, Paul Raseinier "The Lie of Ulysses", Robert Faurisson "The Holocaust Farce", Jürgen Graff "Holocaust under the Magnifying Glass", Joaquin Bochaca "The Lie of the Six Million", David Cole, Jew, "My Auschwitz Report", David Irving "Evidence against the Holocaust", among the best known, recently a prestigious German writer and researcher, philologist, encyclopaedist, Ursula Haverberck, has been imprisoned at the age of 88, for proving with evidence, nothing more and nothing less than the Auschwitz Concentration Camp Statute, that no one was ever exterminated in the camp. Protests against this abuse have not been long in coming, and people in every corner of Germany, losing their fear of being imprisoned as well, are holding demonstrations demanding the freedom of the brave old woman. In conclusion we will say to all the unwary who saw Allied propaganda films with skeletal people in the concentration camps, that they are sick with Typhus precisely because they were not sprayed with Zyclon B, which could no longer reach the camps due to the incessant Allied bombing in the final stages of the war. Even under these catastrophic conditions, the German KZs are considered by the International Red Cross to be the camps where the fewest people have died in internment conditions in wartime. The official Red Cross figure, whose report exists but is ignored by the lying media, gives an official figure of 293,000 deaths in all German concentration camps in Germany and outside Germany, mostly from natural death and disease.

Psychological and cultural warfare. False flag attacks.

As we have already seen, and beyond any doubt, the "Holocaust Industry" is the tip of the gigantic iceberg of the cultural and psychological war that the synarchy is waging on humanity. A war currently underway, of extreme violence on several fronts, disinformation, fake news, subliminal language, unconscious induction, media socialisation of aberrant trends and fashions, terror and fear as social drivers, establishment and promotion of psychopathies, disintegration of the individual and collective psyche, construction of cultural facts articulated with ulterior motives, where the so-called "false flag attacks" come in.

Since Pearl Harbor, the Synarchist agents have been using these set-ups to draw the US into the Zionist wars. Roosevelt knew of the Japanese attack a week in advance, ordered 60% of the Pacific fleet to be concentrated completely inert to serve as a decoy, the Japanese took the bait in a tragic attack which, besides costing the lives of 5,000 US sailors and personnel, had the unspeakable purpose of putting the US in a state of war against Germany.

The US was the first country to recognise the State of Israel in 1948, followed by the USSR, as we have seen that both nations are ruled by Zionist cliques. Since then there have been five successive Arab-Israeli wars, in all of which, in one way or another, Israel ends up prevailing with the military and financial help of the USA and NATO, but it means a great cost in lives for the small state, which has to import fake "Israelis" from Ukraine, White Russia, Poland and Argentina to compensate for its lack of population, since neither bankers nor Jewish tycoons, film stars and stockbrokers want to go to Israel, leaving their financial and commercial emporiums to go to a Kibbutz in a hostile land surrounded by enemies. At that time, Israel, so in need of "Israelis", received as immigration psychological and non-racial Jews, who had converted to Judaism or were willing to become Jewish, to the extent of being politically sympathetic, through extensive recruitment programmes, indoctrination, offering them land, houses, and a well-paid position in the Israeli army. A tiny percentage are Jews by blood for generations. It is in the third Arab-Israeli war, that the Zionists win Jerusalem and the Golan Heights, placing themselves in a very difficult geopolitical situation, for the abuse against Palestine is unjustifiable; Lebanon, Jordan and Syria are harassing them for it, peace in the region is untenable, and in case of a new confrontation an Arab coalition is being formed to confront Anglo-Saxon Israeli imperialism, which can compromise the security of the small Jewish nation state, Iran and Iraq. To buy time the Zionists provoke the Iran-Iraq war, but when the war is over, Saddam Hussein can take over the leadership of the Arab world, and bye-bye Israel. At least that is what the Zionist geopoliticians think from the offices of the Rothschild banking emporium in Europe. But Israel cannot dream of confronting these powers alone, let alone now, in the 1980s, that because of its stubbornness in accepting

the just demand for a Palestinian state, is losing votes in the United Nations, without their patrons Rothschild, Warburg, Goldman, being able to do anything with all their economic power. The world is outraged, they have already massacred 100,000 Palestinians, and displaced 7 million, in a humanitarian disaster that is difficult to assess. The Arab coalition that is being formed must be weakened, target: Iraq, which also threatens the Rockefeller oil business in the region, Saddam wants to turn the Euro into a petrodollar. Goodbye Wall Street's financial control over crude oil. A world war has to be unleashed again. Kuwait is Iraq's commercial ally, wants to sell oil in Euros, Saudi Arabia with its Sunni Wahhabi monarchy is an ally of the USA and Israel, eventually moves to invade Kuwait, Saddam occupies Kuwait, and the stage is set for a third world war, it only remains to convince a silent American majority traumatised by the Vietnam experience, that we have to go to war again to protect democracy and freedom. A false flag operation was contracted to the well-known Zionist firm, Hill & Knowlton, an expert in the field of advertising, which invented the whole story of the Kuwaiti babies killed by the Iraqi soldiers who took the little ones out of their incubators. An actress, posing as a Kuwaiti refugee, testified before congress in an epic media show that she had witnessed this crime as a hospital intern at that very moment. The Jewish media loby exploited the sad story, and the American people, fooled again by the dupes, unanimously approved Operation Desert Storm. However the staged war was another disappointing show, Saddam avoided the contest by withdrawing from Kuwait in an orderly fashion, while CIA agents set fire to Kuwaiti wells for the crime of partnering with Saddam to make a parallel oil market in Euros, out of the control of the Synarchic oil industry tycoons.

The Zionist state's dangerous enemy emerged from Gulf War I largely intact. No, it was necessary to be much more aggressive in the enterprise of escalating war in the region that would convulse the Arab world to the advantage of the state of Israel. This time Israel's Mossad would be responsible for the most elaborate false flag operations in history, along with the CIA, AMAN and

even the Shin Beth. The whole of Zionism would work hand in glove with the enterprise. The 9/11 attack began to take shape.

Two months before the attack the Jewish tycoon, owner of the World Trade Center Larry Abraham Silverstein signed a multi-million dollar lease that included a bizarre insurance clause, for which, after the alleged attack, he collected the sum of 3.5 billion dollars. This is no coincidence. It is also well known that on the day of the attacks, none of the more than three thousand Jews working at the World Trade Center were in the offices, later it was leaked that they had been warned hours earlier by their respective kahals not to attend work that day. Only AMAN, the Israeli Military Intelligence Centre, and Shin Beth, the Israeli Embassy and Consulate Security abroad, could have coordinated such an operation, so they were necessarily involved in the attack. In other words, the entire MOSSAD was deployed, and this is confirmed by official documentation leaked by the New York police, who, on the complaint of a witness, a neighbour in New Jersey, observed and documented four people in a van, in reality there were five, Sivan and Paul Kurzberg, Yaron Shmuel,

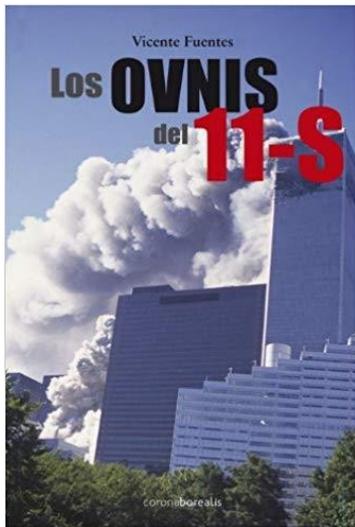

Demolition detonations can be clearly seen.

Oded Ellner and Omer Marmari, jumping for joy when the first plane hit tower one. He called the police, who launched a B.O.L.O., a vehicle linked to the terrorist attack in New York, and they were arrested. Officers discovered that the van was loaded with explosives to be detonated on the New Jersey to New York bridge by what turned out to be five Mossad agents, who confessed to the attack.

all, confident that the CIA, which was involved, would whitewash them out of the serious problem of being exposed out of cover. Evidently, the Israeli agents were evacuated without further explanation to the police, and a press conference was organised in Israel to deny their direct involvement.

They only admitted that they were in New York to document it. How? Yes, you heard right, document it, ergo, they knew what was going to happen.

Let's dismantle 9/11, there were never any real planes that hit the towers, firstly because you can see in all the records the detonation of multiple demolition bombs placed for the effect that detonate simultaneously throughout the length and breadth of the building. Holograms projected from the USS Truman aircraft carrier, which was precisely positioned for the purpose, are thought to have been used. The holograms would have been used to camouflage armoured cruise missiles designed to pass through fortified structures, such as the towers, which were aircraft-proof. If a plane had hit them, they would never have been embedded in the structure like butter, but would have collapsed and fallen leaving debris everywhere, virtually no trace of the wrecked aircraft was ever found. Many loose ends were left untied, if there were no planes, the whole story of the hijacking of three aircraft of the most renowned airline in the world would have been a complete mystery.

record the presence of
UFOs on 9/11.

The US, it is falling apart by itself, one of the alleged Alqaeda "terrorists", who committed suicide, reappeared as a simple American resident who was surprised to see his name among the perpetrators of the attack. And for those who cannot conceive that the planes hitting the twin towers is false, it has already been proven that the fourth plane that was to hit the Pentagon was a Russian-made "Granite" anti-ship cruise missile capable of flying low to the ground, as in the impact recorded at the Pentagon.

On top of that, hundreds of forensic experts have claimed that the fall of the towers was a controlled demolition, aviation fuel, as a matter of physics, could not have been a controlled demolition.

The steel beams were melted. It is not explained how 5 buildings of the World Trade Center complex collapsed, which were not impacted unless one considers controlled demolition; from building 7, the entire false flag attack was coordinated, and was to be destroyed to leave no trace of the demolition equipment, hologram projection, and communication systems.

Ripley's "Believe it or not". The whole cultural event that triggered the second gulf war, which ended with the invasion and destruction of Iraq, Afghanistan, Libya and Syria, potential enemies of the Zionist state, and cost the lives of 3,000 US citizens and 15,000 Marines, as well as almost 3 million Muslims, was fabricated, coordinated and executed by the Mossad, CIA, NSA, in complicity with the US military. It was fabricated, coordinated and executed by the Mossad, the CIA, the NSA, in complicity with the synarchical top brass, in order to fit every last screw of this plot, several UFO drones were captured before, during and after the attack, leaving astonishing ufological records. There are no coincidences gentlemen. We are in the middle of the Third Zionist World War.

The Final Annihilation. The synarchic "UFOs". The First Photograph of a UFO. The "Efa".

We have reached the culminating part of this UFO Project 5, the Great Extraterrestrial Conspiracy. Of course, as we have seen so far, the executors of this whole conspiracy are merely middle managers, at the top, the highest cosmic hierarchy, we have the demiurge and his rulers commanding everything from their abode called Chang Shamballa. Priests, politicians, magnates, dignitaries, channel the directives through masonic domes, forums, multilateral bodies, lobbies. It is a terrible power that pulls the strings of the world and whose tentacles now extend to every corner of the planet, but, there is a dissidence, some rebels, who always oppose them, and have always managed to thwart the realisation of their so-called synarchy or world government. There is no longer any doubt about it, Hitler and his National Socialism was the great rock on which the synarchs stumbled, and throughout the UFO Project series, we have corroborated it with proof and more proof, now, that there are blind people who refuse to see it, that is another matter. Like everything else

UFO Project 5

The transcendent fact, glimpsed in the future of a prophesied and imposed destiny, is in the Bible. The Antarctic base 211, those intraterrestrial forces, underground conglomerate that oppose the designs of Chang Shamballa, stands out notoriously foretold in Zechariah 5: 5-8, where the seer tells us of the "Ephphah", as the aspect of "Them", in all the earth. Inside the "Ephphah", after removing the "leaden lid", they saw a woman sitting, the "Iniquity", according to the angel, and they were lifting up the "Ephahs" with their wings, which were like "chariots" coming out of the mountains, the Antarctic. Then, Obadiah, from 1 to 4, announces the great Final Battle between Jehovah and the "Iniquity", according to the angel.

Maria Oschric, an initiate of the Thule Society, channeler of the Subterranean Forces of Agartha that made the "EFA" possible.

great Antarctic Oasis Nation, whose representative has made contact with other nations that oppose the synarchy. And well, the bible predicts the so-called "UFOs", the "EFAs", and the "UFOs".

provides us with the identity of its occupants such as

"She", the iniquity, Germany. And that the Germany that will make alliance with the Nation of Sinar "Iran", and her allies, WE, and others, will fight alongside Her in the Final Battle. And even warns us that Jehovah challenges the "Venusians", and will force them down for the final confrontation.

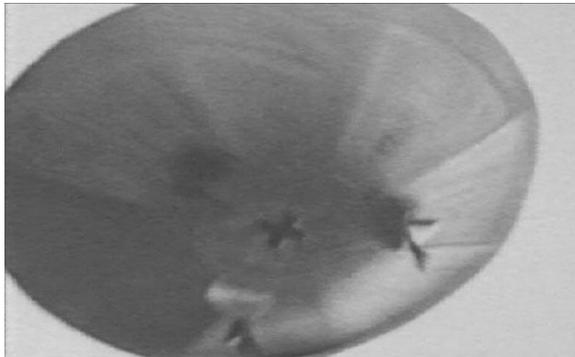

It was never as the establishment culture would have us believe, that George Adamsky took the first photograph of a UFO, in 1947. It was Andreas Epp, one of the German engineers who contributed several circular craft designs for the first Haunebu, Flugelrad, Vril prototypes, who took it in the vicinity of a UFO test base in Czechoslovakia, here is the photo, a fact narrated by Andreas Epp himself, in a pioneering documentary on Hitler's UFOs called "The Secrets of

the Third Reich". Finally, and to everyone's delight

magnificent footage has come to light of Nazi UFOs, Haunebu III, Flugelrad. Evidence of the anti-gravitational thruster "Die Glocke", as well as images of an Andromeda Gerät in Brazil a month ago, captured by the Veganist Movement in that country, already part of the UFO Project team in Brazil. The record of four cigar-shaped craft manoeuvring off the Chilean coast is simply astonishing, as they are the same craft that days earlier were sighted in Oruro. Also on the net, translated into English by us, is an important Soviet documentary, where high-ranking military officers confirm the investigations about Base 211 in Antarctica and Nazi UFOs.

It is with great joy that we know that the UFO Project has served as a basis for relevant ufological reports, such as the one that, due to its impressive detail and seriousness, should be disseminated.

To recap, it was in 1942, during the transatlantic testing of the "Haunebu" prototypes, that several of them flew over Los Angeles, provoking a fierce reaction from the anti-aircraft batteries, in what has since become known as the "Battle of Los Angeles".

"Angels", by newspaper headlines in several states of the Union. But it is at the end

The NSA is designing the extraterrestrial ufological culture as a cover for concealment, and the records of what happened in Operation High Jump, the battle between the Germans in Antarctica and Task Force 68, cannot be declassified until 2035 for national security reasons. In addition, the records of what happened in Operation High Jump, the battle between the Antarctic Germans and Task Force 68, cannot be declassified until 2035 for national security reasons. The public opinion has to be confused and the mass media has to be used for the "alien invasion", and it will be "Roswell".

the fake incident, one of the most elaborate hoaxes, next to the "Holocaust", which will become embedded in the collective mind. Kenneth Arnold, a civilian pilot, crosses paths on a routine flight with a squadron of German Horten 229 aircraft being tested at Area 51, and denounces to the press having witnessed the flight of "flying saucers", the term will be used from then on to cover up the secret testing of German technology at American bases, the origin of NASA and DARPA, where they are developed with the encouragement of German scientists captured in Operation Paperclip, and unlimited funding. Thus, the Lockheed Aircraft Manufacturing Company begins development of Project Black, stealth aircraft, special weapons and scalar technologies.

Thanks to "Project Aurora", which is reinvented with German triangular models, SR prototypes, invisible aircraft, as well as top-secret black projects using nuclear energy to try to emulate the electrogravitic propulsion of Nazi UFOs, are born. The navy develops the "Solar Warden" to provide a flotilla of spacecraft, their

own UFOs. In Huffman Texas, they test a nuclear-powered pyramid craft in the famous Cash-Landrum ufological case, where witnesses were severely damaged by residual radiation. In the late 1990s DARPA achieved an operational prototype triangular craft, the SR T-B3, resulting in several recorded "UFO" sightings, which to our surprise reveal an extraordinary device, with many of the flight characteristics of Nazi UFOs, an achievement, if it is confirmed that the synarchic powers are behind these developments. According to these reports, it would even have been patented, with Serial Number US20060145019A1. It would be powered by three engines using the Magnetic Field Disrupter system, which uses a nuclear-powered mercury accelerator. A true flying atomic bomb, it would neutralise 89% of the "G" forces for its

crew members. Their appearances led to the ufological incident known as the Belgian surge.

Likewise, another synarchic reverse technology development conglomerate, the Northrop Grumman Corporation, achieved an operational model of colossal size, the transatmospheric TR 6 TELOS platform with electromagnetic camouflage capable of penetrating any conventional defence system due to its transorbital capability. It was the cause of the great ufological sighting known worldwide as "The Phoenix Lights". All this data was leaked thanks to Gary Makinnon, who hacked into NASA's computers, establishing the existence of an operational space fleet of the synarchic powers in close cooperation with "non-terrestrial" agents, that is, the interference and control of Chang Shamballa.

It is the build-up to the Great Final Battle that is coming.

This is the third series of SRT nuclear anti-gravity triangular platforms.

Conspiracy in the Andes, the Great Hiddenness (Edmund Kiss and Arthur Posnansky)

We will culminate this report with the essentiality of the Andes in all this esoteric and argumentative framework, and in this sense and for the first time in the UFO Project series, we will present a paradoxically iconic character, because his work is very well known in the field of andeology.

But both his name and his work have never transcended publicly, in spite of the close and joint work he maintained with Arturo Posnansky, and perhaps for this very reason, since neither in schools nor in universities, with some exceptions, is the greatest scientific work that exists on thianacology in the world, precisely by Arturo Posnansky, studied. We refer to Edmund Kiss and his essay: "The Sun Gate of Tiahunacu and Horbiguer's Doctrine of Universal Ice", 1937. Yes, Edmund Kiss undertook the largest Andean expedition between 1928 and 1936, visiting Peru, Chile, Argentina and Bolivia, commissioned by the Anhererbe and the SS. Like Posnansky, he confirmed the Atlantean origin of the American civilisations in the midst of great discoveries, perhaps the most unusual being the antediluvian tunnels located in Atacama and interconnected with the Andes mountain range. A great draughtsman and architect, he recreates Puma Punku and Tiawanacu in

a vision that takes us back to its Atlantean splendour. He unravels the Venusian calendar ideograms of the Gate of the Sun, the precession of the equinoxes, and he confirms the succession of a great planetary catastrophe that inverted the poles, moving the earth's axis, raising the high plateau, destroying the Atlantean civilisation of the Wiracochas. Both Posnansky and Edmund Kiss confirm the presence of the oldest Swastika on record, precisely in the Andes, Tiahuanacu, so that the Origin of the Aryans

would be here. That is why many people came to America long before Columbus, searching for their Atlantean and Aryan origin: Egyptians and Trojans,

Macedonians, Goths, Chinese, Mongols, Polynesians, Frisians and Vikings. Posnansky, Dick Ibarra Grasso, Mario Montaña Aragon, José Imbelloni, Jaques de Mahieu, provide us with overwhelming evidence of their passage, especially of later migrations such as that of the Vikings, but a terrible Masonic conspiracy in Bolivia, which made Posnansky's life a real hell of defamation and harassment, tries to erase all this majestic ancestral past, whose great legacy lives on in many of our folkloric dances, where

the Viking Incas shine esoterically, symbolically and ethnically, as in the Diablada.

Foreign peoples from the Andes, arriving from Polynesia, China and other eastern regions, Phoenicians and Semites, sacrificers, worshippers of the telluric god Pacha-Satan, and who are included in the Diaguita nation and other Aymara-speaking ethnic groups, i.e. Mapuche, Araucanians, Muiscas, Chimus, commanded by Jesuits, the Tunupa, and Templars, tried to destroy the Viking Tiahuanacu Empire, Muiscas, Chimus, commanded by Jesuits, the Tunupa, and Templars, tried to destroy the Viking Tiahuanacu Empire, ravaging it with sieges and invasions, introducing the bloody rituals of human and animal sacrifice, the remnants of which persist to this day. They slaughtered 50,000 Inca quillarunas on the shores of Lake Titicaca in one of the greatest human sacrifices in recorded history in the 13th century, when the Viking capital finally fell after years of resistance. It was these invaders who degraded and changed the meaning of Pachamama and Wiracocha, imposing on the Andes the cult of the Hebrew God One, long before Columbus arrived in

America. The True Pachamama is the

Medusa, or Gorgon, is not the earth, much less in need of human sacrifice and blood; This "serpent entwined idol", according to Fray Alonso de Guzman, was worshipped by the amautas in caves and caverns, looking at the intraterrestrial world as the true heaven, and that is the virtue of Hans Horbiger's worldview, which points the way to the inner world with its Black Sun, because the Earth is Hollow, a sphere that contains itself in multiple layers or dimensions, like an onion, that is why, not only now, but, at the height of satanic obscurantism in the late Middle Ages, the terraplanist conspiracy tried to disassociate people from their ancestral intraterrestrial vision.

Yes gentlemen, there is an inner-earthly world, where a great city called Agartha sits, and there are other inner-earthly worlds, where the remnants of what was Nazi Germany remain, and get this straight, they are our only hope to resist the crushing pressure of the New World Order that is subduing the entire world and is preparing for a full-scale invasion to wipe out the last remaining relatively free nations on the planet. It is the Final Battle that is coming. There are more than 75 US bases in Latin America, and at least 10 Israeli bases in Argentina, one in the tri-border area. Anglo-Israeli agents swarm in Masonic sects, in the Mormon Church, covered by CIA agents, in myriads of NGOs and so-called "cooperation" agencies. An intervention in Venezuela is coming, then will follow, no doubt, Bolivia, and a great civil war in Argentina, which is no longer the military power of the Falklands, since it has been weakened and infiltrated by the action of 5 million Israelis, who move in and out of Bolivia as if it were their home. Go out into the streets and see the thousands of psychological Jews operating with their evangelical sects, destroying the national morale by Judaising our people, deceiving them, subjecting them to fear for the satanic Hebrew deity and the worship of their chosen people, whitewashing the worst murderers of the human race.

Well, in the face of this decline, there is hope. Make contact with the subterranean forces of Antarctica, and establish a political alliance. It is urgent to set up a Bolivian base in Antarctica for this purpose. We know that it is being planned, there are governmental intentions, however, and there is a need for a Bolivian base in Antarctica for this purpose.

UFO Project 5

We stress that without prior GUIDANCE, not only from our politicians and military, police officers and civilians, but also from all citizens in general, it will be very difficult to achieve this. Fortunately we have the right tool, the cultural weapon that will allow us to inform and raise awareness among the people, without distinction: "The Mystery of Belicena Villca". The best thing we can do for now, without a doubt, is to achieve its massive diffusion, we all have to contribute to this task, because, we repeat, it is the last hope we have left.

Remember, there is a god in us, noble, honest, strong, and even if he is asleep, even if they have wanted to dope him and extirpate him from us, he is still there, latent, unperturbed, always ready to wake up, to fight and to achieve the impossible. It is time for those called to fight in the Final Battle that is coming, to be what they really are and not what they thought they were. It is time to be men and women of truth, to be outraged by so much injustice, corruption and baseness and to seize this unique opportunity that has been given to us to strike at the enemy of our peoples, to look the great deceiver in the face and to eat in defiance of the fruit of knowledge and of life.

MAY THE LIBERATING CHRIST LOOK UPON YOU WORTHY!!!!

Esta nueva entrega de Proyecto Ovnis, el informe que ha dado una nueva visión a la temática, fundando la Ufología Alternativa de Denuncia, surge de la necesidad de catalogar de una vez, y al fin, todas juntas, las anomalías que entre líneas, todo aquel que ha tenido la oportunidad de entrar en contacto con cualquiera de los anteriores cuatro libros de la serie, debió asumir como claras denuncias que ponen en entre dicho los paradigmas culturales y pseudo históricos en que se fundamenta la forma de ver el mundo que nos ha impuesto este sistema. Que cuestiona por su afirmación en contrario, la historia oficial que nos hicieron digerir en colegios y universidades, en fin, que contradicen absolutamente todo lo que la “gente normal”, por no decir, amoldada culturalmente, acepta como cierto. Sí, ha llegado la hora de exponer todas las mentiras sin pudor, catalogarlas ordinalmente, para cerrar el gran trabajo de difusión de estas verdaderas y fehacientes realidades, que hemos sacado a relucir con Proyecto Ovnis.
