Introductory note

This text is directed, **ONLY**, for those who have a path of "seeking the truth". Those who, however, doubt the explanations they themselves have given themselves, throughout a lifetime of investigation into who we are, our origins and destiny; and that through Esoteric schools, "paranormal" experiences and hundreds of books, they continue to search for answers, because what they have learned does not satisfy them. For those who know that we are passing through, **THAT WE ARE FOREIGNERS** in this world, but we have not yet managed to assemble the **PUZZLE OF HISTORY; OF THE MILLENNIAL DRAMA** in which we are inserted. For those who without a **DOUBT** feel **UNIQUE** in the entire **UNIVERSE**.

The purpose of this short text is to point out a series of missing "gaps" in the Puzzle that we all have incomplete; that is, information and wisdom not just intellectual knowledge.

If you **NOIS A PERSON** with **GNOSTIC PREDISPOSITION** (as we will call it), the destination of this waste is the garbage dump. So don't waste your time, go and "spend" it with "real men in the real world", the fun, modern, tangible and scientific ones that you either like or hate.

If you are an intellectually lazy person, don't have much of a reading habit, want everything straight away or find it too difficult to overcome your physical and mental limits, stay away from this reading. Also a person riddled with addictions, negative and looking for something to find an outlet for their frustrations (believe me, you won't find anything here), go back to your pills, drinks and television which are the best remedies in these cases. Live as one **homer Simpson**, which is much more comfortable. Try to have fun at night and see life as a game, as it is the best thing to do in this case.

If you are looking for friendly words, of affection, love, affection, beautiful truths full of beauty, you will not find them here, as this wisdom is acidic, sometimes cruel, insane, and often leads us to review different concepts.

This is not **RELIGION**, or cult, or quirky society, and even some social group of friends. If you are looking for friendships and like-minded people, look online for relationships that are doomed to illusion and extreme futility, because that is where you belong.

Do you want to share **experiences? Feelings, lyricism**, and things like that? Look for a high-help group, or these institutions that care for the mentally disabled, there you will find all the support, with qualified people who will meet your needs.

Because the words you will find here are acidic, direct and far from moralism, dogmas and cultural precepts, however, if you don't have the courage to progress, stop here so you don't come back crying like a little gym girl.

You will not find comfort, but rather a proposal from Warriors, who possess this Hidden Wisdom, long before any academic allusion. And to the skeptics and religious fanatics, give up here before this turns against you.

Are **wolves**, not sheep and our only difference from the crazy is that we are not crazy.

WARRIOR THAROS

"Hyperborean Wisdom is not suitable for weak natures; the Hyperborean Initiate must exhibit a heart of ice and a will of fire"

Nimrod de Rosario (Luis Felipe Moyano) - "Letter to the Elected"

*"Let us look at each other head on. Are **Hyperboreans**, and we know very well how far apart we live. "Neither by land nor by sea will you find the path that leads to **Hyperboreans**" - as Pindar said about us. Beyond the North, beyond the ice, beyond death - our life, our happiness... We discovered happiness, we knew the path that leads to it, we found the exit after thousands of years of the labyrinth."*

Friedrich Nietzsche in *The Antichrist*, 1888.

INTRODUCTION TO HYPERBOREAN WISDOM

INTRODUCTORY START

○ **National Socialism of NS(DAP)** was a purely political application, within a psychosocial strategy that involved a series of sets focused on ancestry and the primordial rescue of the Germanic people, but which would be useful for any other. It was a doctrine **METAPOLITICS** (beyond politics, closer to spirituality) It is **Metaphysics** (beyond the physical world) pure and applied, much richer, more complex and essentially different from Marxist "metaphysics", if there is any in Marx's theories.

This doctrine **Metapolitics** (taking for **Metapolitics** a policy oriented towards transcendental or mystical ends) originated in **Thule** and on **Vril-Gesellschaft** (also among others such as **Germanenorden**), which in turn were based on sources from ancient secret societies and ancestral esoteric circles, with known names as **Guido Von List** (1848 - 1919), **Rudolf Freiherr von Sebottendorff** (1875 - 1945), **Karl Maria Willigut** (1866 - 1946); also as **Dietrich Eckart, Gottfried Feder, Hans Frank, Rudolf Hess and Alfred Rosenberg**; and which was professed by the ancients **Germans, Iberians**, by the **Cathars** medieval, and by the Gnostics, **Manichaeans** and among other peoples so ancient and ancestral to all of these. Such **Hyperborean Wisdom** was supported, in **Third Reich**, for the **Black Order-SS (Schutzstaffel)** and the **Knights of the Black Sun** (such names can be easily searched and consulted a posteriori, and being verified in the castle of **Welvesburg** some evidence that corroborates such statements contained in this text), the **Ahnenerbe** (*Institute for Research and Teaching on German Ancestral Heritage*) and the **Totenkopf Order**.

There was then a whole symbology, concepts, ideas and strategy endorsed in a revitalization of the true cults and rites of the ancient Germanic gods, thus emptying what Christianity did with the ancestry of the people **Indo-Arios** in its entirety. As can be seen, the **swastika rune** and several other runes took the place of Christian sacred symbols, replacing them. A new concept of mythical and spiritual culture was being applied. Once again, just as in **Doric Greece** or in **Pomegranate**, the people would be engaged, in contact with the gods, their myths and **eternal symbols**. Under the gaze of a charismatic leader, raising a people fallen into slavery and usury, usurped of their rights and plenitude in essence, in addition to material riches, removed from their true mission and their ancestral barbaric origins, filled with virginal and matriarchal values.

There was also "**NS pragmatic**" (merely political adopted by ordinary people, mostly those lacking spirituality, however, nevertheless, wrapped in a psychosocial strategy, who made their contribution), only as a strategic veil and as the cultural medium where those whose **Voice of Blood** (concept of ancestry **astral blood**, turned to the voice of the spirit, the **I**) integrated them into their **Kameraden**, even so, they did not have a more advanced vision.

Not everyone knew the basics of **Thule Gesellschaft**, or even the hidden side of **Third Reich**, as it was something for more advanced natures, full spirits and unfortunately not the entire mass was STILL prepared for the total enlightenment of a new **Atlantis** reborn. And for this reason, such slogans, advertisements, and symbols were often used and directed to the collective unconscious, where not everyone should directly know their content, in order to avoid unfolding merely CULTURAL paradigms. Only one **ELITE** He had full Wisdom.

Therefore, all **modus operandi** of **NS** and its psychic mechanisms are **charismatic**, non-cultural, non-rational, reside in what **CG Jung (analytical psychology)** called **Shadow Sphere (unconscious)** from the **Psyche** human - leaving any pragmatic epistemological structuring that resides in the rational understanding of the NS lacking in meaning, as they are **archetypes**, symbols and **myths** that support eternal symbols (Hyperborean symbols, gods, universal archetypes only located in the shadow or unconscious sphere, to be understood noologically - with the Spirit - and launched into consciousness). Identification is automatic depending on the development of the **Shadow Sphere (Black Sun)** and the synchronic purity of the Blood.

Second **CG Jung** (remembering that many to this day deny his contribution to the National Socialism of **Hitler**, and who was an enthusiast of the same) in his analytical psychology we can understand archetypes:

*"If they talk about the original concept, formulated by Jung (but distorted and distorted by everyone who wanted to give a certain "scientific" air to their creeds), Archetypes are the invisible structural tendencies of symbols. Archetypes create images or visions that correspond to some aspect of the conscious situation. Jung deduces that "primordial images", another name for archetypes, originate from a constant repetition of the same experience, over many generations. They function as autonomous centers that tend to produce, in each generation, the repetition and elaboration of these same experiences. They are isolated from each other, although they can interpenetrate and mix. It's like the hole in the ice mold. There are therefore universal archetypes, inverted and entities in their levels of meaning and context, which are present in the collective unconscious of humanity, and which will make any people from anywhere, even if isolated on an island or planet, for some time now be able to adopt the same ones. myths and wisdom (intuitively, as long as they belong to lineages of **cro-magnon**) to understand this gap left by the absence of understanding in the sphere of light (**conscience**) of the spirit and the **I**.*

*The core of a **complex** is an archetype that attracts experiences related to its theme. He can then become conscious through these associated experiences. The archetypes of **Death**, of **Hero**, of **Yourself**, from the **Great mother** It's from **Wise old man** are examples of some of the numerous primordial images existing in **collective unconscious**. Although all archetypes can be considered as autonomous dynamic systems, some of them have evolved so deeply that their treatment as systems separate from personality can be justified. They are: the **persona**, The **animate** (reads "anima"), the **animus** (reads "animus") and the **shadow**. We call physiological impulses perceived by the senses (affective sphere) instinct. But, at the same time, these instincts can also manifest themselves as fantasies and often reveal their presence only*

through symbolic images. It is these manifestations that reveal the presence of the archetypes, which direct them. Their origin is not known (to a certain extent by the archetypal brain), and they are repeated at any time and in any place in the world - even where it is not possible to explain their transmission by direct descent or by "cross-fertilizations" resulting from migration. ."

One of the best-known archetypes is that of the Hero, and highlights - among a thousand other things - the taste of many for action films, following Olympic sagas and tournaments, elements that exalt the spirit of the warrior and the unconscious attention of visualizing the rune **Swastika**. It is **Evastic**, which was not only used by the NS. Such **Vox** makes the blood boil and stimulates even more the knowledge and understanding of such sensation and action of its **Voice of the Blood** or **Blood Memory (Minne)**. Thus, the direct exaltation of the voice of the blood of the Germanic people was created through various forms, in direct opposition to current Christianity and its concepts, and excellently applied by **Joseph Goebbels** (1897-1945), minister of propaganda of the Third Reich. Such a response was the astonishing number of FOREIGN volunteers **SS (Schutzstaffel)** in arms. People from all over the world, even those who are racist *neo-nazi* today would call "inferior", they responded to the charisma of the **Führer** and war against the greater enemy.

The Third Reich held several parades, encouraged by **Alfred Rosenberg** (1893-1946), with stars, scepters and clothing typically Babylonian, Greek, Teutonic, Roman, etc., as following the initiatory mission the **SS** wanted to be the "**New Babel**", "**New Rome**", "**New Greece**", "**New Sparta**", or "**Third Reich**". But this "tower" of **Babel** to which the Initiates refer has a very different content from Judeo-Christianity and the accounts of their respective Bibles or the Torah. It was also possible to notice the wealth of symbolic elements highlighting the ranks of soldiers as **Spartans** from the *Doric Greece* ancient and or also the soldiers **Praetorians** from Rome. The Greeting "**Sieg Heil**" (applied with one of the arms stretched forward, forming a right angle with the body, seen in profile) is a very old magical greeting, since the **Atlantis**, used by several other peoples when greeting the king of blood. More recently we have as an example, **Pomegranate** with the greeting given to the **Caesar**. But the most important thing is the words spoken (**bija**-term that Hindus use to distinguish pronounced words that have "magical" effects in the correct acoustics, widely used for **mantras**), as it is from her that the voice command emanates, and the bodily movement represents a rune; there is a whole energy created around this, much beyond what ordinary and skeptical people can imagine.

A typical error of rationalists and skeptics, color-blind gnostics, is to think that National Socialism without its mystical terms is just a partisan, lay and temporal ideology. The basic elevation of a deeper vision is to see National Socialism from the perspective of its central origin, that is, within the knowledge of Society **Thule Gesellschaft** and the **SS**. All historians who try to decipher the enigmas of the Third Reich always fall into deductionism, guesswork and weirdness to try to describe the proposal of the Third Reich as demonic. **Führer**. Therefore, at least they admit that they will never fully understand how such symbolism, signs, signals and the **swastika** can express so much strength and value in their

people; synchronized in a single objective and donating their lives in war. The closest answer these simplistic historians come to is that the people were "hypnotized", an idea that at first becomes worthy of a lot of laughter. After all, the Führer managed to make politics an entire afternoon's speech with his oratory; keep a crowd in euphoria throughout the afternoon, attentive and listening, as in a magical dream that comes true; without being tedious.

National Socialism did not "invent" its esoteric part out of nowhere, but it preceded it by millennia through a very ancient strategy and wisdom, bequeathed by different civilizations. The most recent references are the **Catharism** medieval, the doctrine of Tibetan monks **Kâulikiyas** (Many of them defended the **bunker** in **Hitler** in the battle of Berlin, causing more than 600 casualties in the Soviet army; Because of this, the existence of the small Tibetan division of **SS** was completely covered up, the traces were destroyed by the USSR, but they appear in its documents kept confidential and in some photos that are rare to find), among other contributions, by **Armanen** and its rune system, **Von Sebottendorf** (1875-1945), **Guido von List** (1848- 1919), **Nietzsche** (1844-1900), **Edmund Kiss** (1886 - 1960, where he went on an expedition through **Ahnenerb** to the **Bolivia**) and other influences, easily verified by reading the books published **OFFICIALLY** for the **SS** in the period of the Third Reich. Also **Heinrich Himmler** (1900-1945) and **Rudolf Hess** (1894-1987), both high initiates, made their theoretical and magical contributions to create the charismatic spread of Germanic identity.

Dietrich Eckart, who discovered Hitler in September 1919, later became a friend and teacher. He with his nationalist and anti-Zionist views was Hitler's ideological example. **Dietrich Eckart** he was already convinced in 1920 that Zionism had to be destroyed. **Rudolf Hess** also saw **Adolf Hitler**, speaking and soon felt his **gnostic predisposition** to become the future Blood King of the German Hyperborean civilization, being **Hess** the one in charge of finding him. When he recognized him, he immediately said "It's him, it's him, I'm sure" said his son **Wolf Rüdiger Hess** in later testimonies. **Hess** was one of the great Initiates as well as **Martin Bormann** (1900-1945) and **Dietrich Eckart** (1868 - 1923), naturally. Hess was then the **Taufpate** (godfather of Hitler's initiation into **Thule** and then passed to **Dietrich Eckart**, Hitler's direct mentor at Thule, passed on to him all the wisdom and saw in him, and everyone in the order, tremendous inner energy: all the Initiates then saw in him the future **Blood King**, one who governs by birthright of his extreme spiritual power, elected by his charisma and not by any political democracy. He received Initiation and was placed in the leadership of a small party (**DAP**); From then on, the psychosocial strategy began (**NS**), thus forming the known **NSDAP** (*Nationalsozialistische Deutsche Arbeiterpartei* -National Socialist German Workers' Party).

Not only **Hitler**, but **Hess** (your godfather in **Thule**), **Eckart** (your mentor), **Himmler** and a circle of almost 300 **SS** were part of the very secret society **Einherjar**, which was formed more than 600 years ago with a branch of the ancient family of **Tharsis** which continued the Hyperborean initiation chain within the **Austria** (more details

described in the Magic Novel "*The Mystery of Belicena Villca*"). Hence so many others **SS** have been initiated (but not all of the **SS** in arms or other divisions were initiated or belonged to Thule, basically the majority were part of the **Black Order of the SS**), especially those who participated in esoteric expeditions such as the **Tibet, China, Bolivia, Amazon, Scandinavia, Antarctica** and etc.

The rhetoric of "**Deutschland Erwache!**" ("*Wake up, Germany!*") awakening to the Value of Spirit was created by **Eckart**. He dedicated himself to involving people in a charismatic atmosphere of absolute and synchronic Blood Union, so that the common Blood Voice of the people, the Voice of the Spirit, could manifest itself (**Aura Catena**). All spiritual symbols used, the Eagle which is the ultimate symbol of the Wise Warrior, of the virile and haughty man, to the Swastika which is a fragment of the Sign of Thule (**sign of origin**), everything was conducive to this esoteric end of collective awakening and the attempt at collective transmutation of the **Vyrialost** (Vyria, from Sanskrit, "*awakened man*") for one **Domini Canis** (Tamed Dog or Tamed Soul), a Spiritual Man where his created soul (from the creator) is dominated and controlled by the eternal Spirit (free, uncreated), and this expresses his Absolute Honorific Value. This is where the motto of the Black Order of the SS comes from: **Meine Ehre heißt Treue** - *My Honor is called Valor (fidelity)*!

Adolf Hitler, the Führer, he was the Blood King, was a unique personality, as was the ancient Mesopotamian king **Nimrod**. He had a lot of energy. He came from the middle of almost nothing - a peasant dedicated to oratory and being a leader from a very early age, even in joke circles, he was the one who dictated the games - and managed to rise to the highest level of existence just with his **VOLITIVE POWER** (willpower).

He went hungry several times to spend money on education and art, he sold paintings to earn a minimum living so as not to be subject to the existing slave wage system, and if no one helped him - not even Thule (he helped a lot later, given his education and initiation in Hyperborean Wisdom) - he achieved immortality through his deeds, without help, even more so, through **TRIUMPH OF THE WILL**. And as a soldier, his acts of bravery only highlighted his heroic potential, having deservedly won the Iron Cross, he became admired even by his superior officers who later joined his strategy.

Even though he knew he couldn't win a war, and didn't want it (he just wanted to gain time to extend the action of his strategy to more individuals), he prepared for it and fought it, for strategic reasons beyond generals, or ordinary people. They can deduce and fantasize. He never attended military schools, however, he won battles and created strategies that would make many renowned generals jealous, no matter how much they criticize this or that action today, everything was considered and many times, some generals omitted information, for the simple fact that they had the EGO is greater than the certainty of victory itself. We were fighting not just a cruel and deceitful system, but the entire **Synarchy** (union of powers) and its ramifications in the annals of all governments and political economies. And if Germany resisted so much, it was thanks to the unbreakable value of the Spirit that was inspired by example and

Hitler's energetic presence, his determination and position of the **Essential War**(Gods' war). Since Atlantis, no other combat, war or battle, was as atrocious as this one that resulted in the WHOLE WORLD's alliance against Hitler's Germany (Japan left Germany in the lurch, although many samurai warriors played their part, unlike his superiors; Italy was weak and Mussolini did not have the same charisma as Hitler, so he had to send aid to his friendly neighbor; in return, there were volunteers from all over the world to help the German Reich).

Like all Great Spirits who express extreme value in this life, he freed himself from the chains of material existence and incorporated himself into the world of Free Spirits, **Hyperborea**, where he becomes a GOD (as all Viryas can become) or **KSHATRIYA**(term used in Sanskrit to define "Caste of Warriors"), and from where it manifests itself every time a person declares, with all their strength, spiritual War (Essential War) against the forces of the **Karma** (set of accumulated demerits that aims to achieve an evolutionary goal or **Dharma** to fulfill the will of the Creator).

In more historical terms, we can see Hitler exactly in the terms of the **Leni Riefenstahl**(1902-2003): **THE TRIUMPH OF THE WILL**. He knew the suicidal nature of his mission, and he never turned back because of the immanent awareness that it was a fight in the name of Honor, a new revolt in the name of all the Hyperborean peoples who were devastated by the Synarchy, in Europe, in Asia, in the Americas and among others. The mission **exoteric**(something that is outside, external) of Hitler was to expose the Synarchy in its bases and in its full functioning - the alliance that plunged the world into total war was designed to erase the Voice of the Blood of the German people who were then approaching collective transmutation into spiritually awakened men (the song **DEUTSCHLAND ERWACHE**).

All high command **SS** was committed to the **Hyperborean Wisdom**, hence the circus and lynching of Nuremberg - the allied enemies from then on took a series of measures and created international laws, disrespecting those that already existed, so as to vehemently prohibit any symbolism adopted that makes mention of National Socialism and all its strands. So that the world will never again have even Hitler's name mentioned in the annals of history. This work is in vain, because no earthly political or synarchic power has the autonomy or strength to destroy the unbreakable spirit and eliminate the strategy of the Loyal Gods, these laws being only to frighten the weakest and confuse the weakest.

In short, it is clear that National Socialism is a **GNOSIS**(superior, internal, spiritual, initiatory knowledge), a deeper study of spiritual origins and ancestors applied in a different strategy and stance towards the entire Western society.

Any so-called expert on National Socialism must have read the "**Mein Kampf**" by Hitler, but this is not recommended as an initial reading. This book expresses the political lines adopted in that historical context, the period of his exile

in prison, it was made with the help of **Rudolf Hess** within a psychosocial strategy; catchphrases with symbolism that are ignored by those who do not understand, from there gross errors of interpretation arise and impute falsehood; disjointed phrases and without real connotative meaning. Precisely because of this misuse of part of the Allied propaganda, the Führer ordered the book to be withdrawn from circulation.

Let's see below, in an interview given in **1936** to the French journalist **Bertrand de Jouvenel** (**Paris Midi**) what Hitler said: *"My book is a challenge to fight, filled with insolence and imprecations, as it was written in prison. I wrote it with the indignation of the persecuted apostle, but between the political programs of the book and those of the Chancellor of the German Reich there is a fundamental difference. There were changes and compromises, as always, when an opposition takes over the government. Should I correct myself and eliminate from the book passages that are now outdated? The politician does not correct himself with words, but through his behavior, his actions. I rectify what he said in Mein Kampf about France in the best way, seeking with all effort a German-French understanding."*

Having this clear, the poor German citizen of today is not allowed to study his own history.

This way we can identify that:

- The NS and the Occult Doctrine of the Black Order of the SS are not a privilege of the White Race, but virtually any human being can access Hyperborean Initiation and form a Pure Blood people as long as they purify their astral blood, applying their **volitional strength** (Will) of your Spirit (the deepest of **I**).
- Blood Purity is not simply genetic, it is much more complex. Whenever we think about Blood, we think not only about genetics, but also about **ASTRAL BLOOD**. Blood Purity is measured by the degree of development of the Shadow Sphere and the **GUIDANCE** demonstrated by the individual towards his Voice of the Blood, the Voice of the **Hyperborean ancestors**. Whoever can hear (the song of the gods) better, the purer and more transmuted is his blood.
- The NS does not recommend miscegenation because it leads to great spiritual confusion, making it difficult (not impossible) to visualize the sign of primordial origin, which is the objective of freeing the imprisoned spirit. The rhetoric of Nordicism, that only blondes have blue eyes, are arguments of those who do not understand ancestry as a whole, even among the Indo-Aryan people there are phenotypic variations, well detailed by the Ahnenerbe in their archaeological and esoteric studies. Only those who take the NS as something cultural, a stage for a subterfuge of hatred and aggregative instinct can rely on this. Because the NS preaches precisely the strengthening of each race, each culture that can create a charismatic bond through Blood. Racial preservation is a

strategic movement that allows on certain occasions in History the application of a collective transmutation, a complete synchrony of the Blood. But this does not only apply to the White race, but to any people and race that, at a certain moment in History, wishes to move collectively towards the Origin, and among these cases we have several peoples throughout History.

- Never a true student of **Black Order of the SS** and his wisdom, would preach "white supremacy" nor pure and simple cultural racism, but rather the preservation of each race and the beauty of each one in its Primordial Purity, without the detriment of others.

We could describe here in an academic and forensic way all the political nuances of the NS Strategy. However, it is not necessary, since it is verifiable in any serious historical source, even if the author denies such spiritual clothing and starts to make a mixture of "schizotory" as we see in a lot of profit-making literature.

In this way we can better understand the GENERATING ORIGIN of National Socialism, which is Hyperborean Wisdom. All policy would be merely cultural and intellectual information, already well known and would only superficially review the true hidden NS - the deepest previous knowledge in the annals of history. The main objective behind this policy is to counterattack in an act of Honor, even without a chance of victory (and Hitler was aware of this) **Synarchy**, exposing its strength and mode of operation, moving in even cultural opposition to the **Kali Yuga** (Iron Age, for Hindus our current era of greatest degradation of man, the last era of existence of this world), stopping the wheel of decay of the world and men.

It was not the first time in Europe that such a strategy was applied (not in the size and in this radius of global reach so recent that it was the **Second World War**, facing the **Synarchy** and exposing their shady union and how they were consistent, since Atlantis), but in much of the world, there were guardians of **Hyperborean Wisdom**, from the **Primordial Gnosis** prior to National Socialism. National Socialism rescued several eternal symbols of Rome, from **Caesar Augustus** (one of the highest initiated Pontiffs of Hyperborean Wisdom) reviving the splendor and apogee of a highly honorific and transformative strategy of sleeping men in Men of Stone. There are also other reports of various Germanic and Nordic lineages, some of which will be reviewed here.

Many researchers and historians, mistakenly (or not) constantly associate the Druids with the Celts, or any Megalithic monument related to them. In such a way that they make us believe that these priests were actually of Indoarian origin, when we know that this is not the case. In this way, in **Manuscript in Oera Linda** (book found in the research collection of the *German Ancestry Research Institute Ahnenerbe*, during the Third Reich and among other ancient writings recovered) contains accounts of the family of nobles **Overlinden**, then **Friesland**, today territory

Dutch, millennia old and how the cult of this region was degraded by a caste of Priests who called themselves "**treuwidden**" ("those who know everything", best known **Druids**'Celts). You **Overlinden** knew through **Dacians, Thracians** it is **Bulgarians** that the **treuwidden** came from **Judea** and were constantly seen among the **Assyrians** it is **Phoenicians**, in a port on the route close to the "promised land". The Celts, having had direct influence from the Druids, were the first people to fall, and did not offer any resistance to conversion to Christianity, unlike other Nordic and barbarian peoples. Also **Armanent** tells the story of his own German family, the wars they faced because of their cult, and their oldest runic system, being able to verify several current divergences with the so-called contemporary runic system.

Karl Maria Willigutt tells the story of **Saxons**, brave and barbaric peoples, their religion that they defended from their own Germanic brothers who adopted a distorted version of **Odinism**, in mid **3,000 BC**.

All these reports are similar. They are all reports of houses of very ancient lineages and people. In such a way that the correlation of the myths in each people becomes evident, and how each one adopted a peculiar syncretism through such "priests" implementing, or trying, to confuse the real MEANING of the myths. All of these people had the mission of defending a religion that apparently revolted their neighbors and annoyed several ancient enemies, most of whom were nomads and traders. They tell of a sacred artifact, which invariably involved a **green gem**, which his neighbors and enemies coveted at all costs and waged exorbitantly expensive wars for his possession. They were all violently persecuted and exterminated and had much of their blood spilled when they lost a war, in a very ignorant hatred. The influence of priests is evident, and even though they distort mythical concepts, even at great cost, they are successful in some cases and not in others. A much older primordial ancestral connection is evident, dating from the formation of the world, where they are similar in several factors.

We can see that in these religions and peoples, apparently different from each other, the figure of a **Wotan (Old High German)**, sometimes called **Na-Wotan, Wōden (Anglo-Saxon), Wodan, Wōđanaz (Proto-Germanic), Óđinn (Old Norse)** and etc. Lord Wotan (**Navutan**), in a very ancient language, such as archaic Norse, archaic Germanic and other archaic languages of Indo-Aryan origin.

The common link between such people was undoubtedly the psychic unconscious and the Hyperborean heritage of the sign of origin (spiritual and transcendental, not just in the cultural sense), different from rational and taming, was focused on war, the barbarian (just like the famous character **Conan O Cimmerian**, we can see the myth of such a character presented in these people), netically insane. It was not a common religion, nor an "occult doctrine", but simply a code of intuitive knowledge based on the **Warrior Pride** and in Honor (far from being moral and psychological or ethical, very different from the current psychological concept of Honor) that everyone said they had

received from an ancestral people of giants who bequeathed to them such Wisdom, together with the Lithic Sciences, the Stone Walled siege, Weapons, Agriculture, before always migrating to the East and building such lithic monuments always close to rivers or sea coasts . Such reports can be consulted in several books, in a very timid and sometimes erroneous way, which makes a historical review necessary, from the **Doric Greece** and or **Pomegranate** in **Caesar Augustus**, and in other isolated peoples even among North American Indians, Japan with the **Ainos**, you **Kassistas** from the **Babylon**, you **Sumerians** and even the **Mongols**.

Not only in Europe, but in much of the world, there were those who boasted the Hidden Wisdom of the Liberation of the Captive Spirit, as can be seen.

Genghis Khan, for example, was one of these. Its symbol was the Swastika. His origin will never be fully detailed, especially when he went into exile in the Gobi desert and what happened there, the "official" history will never go into detail, even if it is known. This sign was the symbol of the Mongol army of **Temüjin** (Genghis Khan), precisely because everything was destroyed (meanwhile in the Mongol parliament, to this day it can be seen in the monument to Genghis Khan, the evastic adorned), prohibited and hidden from the annals of history in a deliberate and planned way for centuries. After all, history is told by the winners or their successors. The same can be said about Rome, all the lies they tell and impute to the great Rome, its symbols and its temples, all discreetly left aside, especially those that have the **evastic** and the runes **swastikas**, like the temple of **Ara Pacis**, where the Führer himself made a point of visiting first when he was in Italy.

In America, there were several North American tribes (some artifacts had the swastika and many reports resemble those of the other peoples already mentioned) who built stone cities in accordance with Hyperborean Wisdom. In South America, the Incas worshiped a god called **VIRACOCHA**, similar to **QUETZALCOATL** Aztec, who were none other than **ODIN**, **WOTHAN** or **NA-VUTAN**. His figure was that of a white man, with a long beard, advanced age and a gray or black tunic, and who always appeared to give advice in times of worst difficulty (similar to the character **Gandalf**, from the epic saga of the century **XX** in **JRR Tolkien**). Another example is the people of the Moon, located in **Moon Island** (destroyed and today known as Ilha do Sol, more details can be obtained from the magical novel "The Mystery of Belicena Villca") at the **Lake Titicaca**, at **Bolivia** (**Edmund Kiss** visited, on an expedition promoted by the Institute **Ahnenerbe**, this territory and can verify the presence of several stone monuments with runes inlaid), which were liquidated by rival tribes. Other reports that can be read in **Akakor Chronicles**, of the tribes of Germanic peoples in **Amazona** and in the border region with other countries.

Such reports form a great puzzle, which together, find a mythical synchrony, a relationship more intrinsic to the Spirit than merely racial (with the exception of strategic issues of collective transmutation and among other factors in which pure genetic blood can beneficially influence) . This is how we always observe,

an ancient wisdom, of stone builders with **Cromlechs** it is **Monoliths, Megaliths** etc., always described as wise people in various mythical and religious accounts. Such wise people were the **White Atlanteans** (survivors of the Battle of Atlantis, warriors of origin; did the **Blood pact** with **Iberians**; were the men of **Cro-Magnon**, initiates who helped with their stone constructions to influence nearby people, neutralizing the energy of the Kali Yuga; signify the Eternity of the Spirit and withdrew to **Agharta**), in **Atlantis**, or as some Norse and Indo-Aryan people called it, **Hyperborean peoples** in **Hyperborea** or **Thule**.

HYPERBOREAN WISDOM

(HYPERBOREAN GNOSIS)

Around the 80s, Argentine Mr. **Luis Felipe Cires Moyano Roca**, (high Initiate and **Pontiff** Hyperborean, it is supposed to be a line of succession, in South America, from **Black Orders** since **Martin Bormann**), gets in touch with the history of **Tharsis House** (lineage of the ancients **Tartessos** from the Iberian peninsula), a family of Spanish nobles with more than four millennia of antiquity. His works are the result of studies lasting more than 20 years, taken from several rare and prohibited books (around five thousand books) and compiled from all these written reports and fragments of Hyperborean Wisdom. Thus ends his works, which are nothing more than a didactic compilation of maximum Hyperborean Gnostic "science" never before so excellently written. These are: the magical initiatory novel entitled "**The Mystery of Belicena Villca**" (where are all these fragments of the reports of the House of Tharsis and the Hyperborean wisdom throughout history, explaining its concepts and how it was maintained by different peoples over time), also the fundamental books of didactic studies, **pair** in deep studies of Hyperborean wisdom and its Gnostic application entitled "**The Foundations of Hyperborean Wisdom**" (very detailed work, with 14 tomes/books with all the concepts described as never before, about the strategy of the Loyal Gods, the concepts of Hyperborean gnosis and their applications) and others not yet disclosed for strategic reasons. In total there are almost two thousand pages of material plus supplements to be read, at least by those who want a better understanding of the primary strategy of the **Loyal Siddhas** (Loyal Gods) for the purposes of **Orient yourself at Essential War**, which is happening and that from now on you want to have enough volitional strength to become another soldier and student of Primordial Gnosis.

Then we will introduce and review some concepts of Primordial Gnosis, to be able to better understand what these works written by Luiz Felipe Moyano explain.

Simply put, there has been a conflict of Gods (Loyal and Traitors) since the Origin of human beings. This conflict has been guiding humanity's great conflicts since the earliest times of the Created world.

O Man (man is spoken of in the sense of genus/species) has a triple nature: **fisic body**, one **Soul** or **Monad** (One emanates from itself rays, breaths or the divine breath that is called **Monads**, which are the immortal essence of the soul of the animal-man) which is equally material (created by the Creator God and belongs to his **Uni**-verse) and a **Spirit** NON-MATERIAL, ATTRACTED TO THE SOUL, INFINITE IN ITSELF AND ETERNAL (not immortal in existence, but eternal in presence). This Spirit comes from **HYPERBOREA**, a place outside/beyond the Created Universe, where there he was infinite and indeterminate, plenipotent and omnipresent as a God.

According to various Western esoteric currents, seven is the fundamental number of manifestation, frequently found in different *cosmogonies* (origin of the cosmos, study of), as well as in the dogmas of different religions and in the tradition of many ancient peoples. Just like nature, they call Man *saptaparna* (plant with seven leaves), geometrically symbolized by a triangle over a square. In this constitution *septenary*, we can understand the Monad as the crown (or halo) that is above the human constitution (the upper tip of the triangle), providing it with its "immortal" (created) soul.

The upper Triad is said to be the "immortal" part of human nature, the "spirit" (erroneously used as the same thing as the soul) and soul in Christian terminology, while the lower Quaternary is the mortal part, the "body" (*Sthula Sharira* - the physical body, dense body), of Christianity. The monad has the objective of individualizing itself, it emanates from itself a denser principle called *Budhi* (from the verbal root of *Sanskrit*, *budh*, awaken, illuminate, know; the created soul, the *thin vessel where the Monad burns inside* is the individual ray emanating from the *Universal Soul* or *anima mundi*).

These are concepts of Theosophy, which even though it is the result of strategic confusion, synarchic and shambalic agents (*Chang Shambalah* - center of *White Brotherhood*, of the Traitor Gods) show us parts of this triple material human composition, without secrets. *Body, soul* it is *Spirit* it is the original triple nature (or trinity) of man, after his imprisonment in matter, through original deception. Even today the *Catholic church*, admits such a triple nature. Therefore, it is necessary to keep in mind this difference between SOUL and SPIRIT within the concepts of Hyperborean Wisdom so as not to fall into CONFUSION, as many esoteric sects, spiritists, and Buddhists say is the result of evolution, which are under some karmic mission, in fact it is true, however, such evolution merely concerns the SOUL, the MONAD of the Demiurge. On the other hand, the Spirit does not need evolution because it is FULL and it is where the Soul feeds on its infinite energy, a soul that acts like a parasite.

This trinity occurs when the imprisonment of Spirit to Matter is generated and the Creator (or *Demiurge* extracted from the Greek, from the Platonic current, which means Creator) together with his traitorous band, imprisons these spirits, which were free, in this body and soul structure of man, in order to obtain maximum evolution of his "*clay man*", and its psychic structure. In this way awareness arises, the *I AM*, and its existence in the Created Universe is affirmed. Attracted by an illusion and deceptions generated by *Demiurge*, the spirits were falling into this universe, generating *the great original mystery* of imprisonment. After all, the *Demiurge* needed these spirits (used as "batteries" of infinite energy to feed the animal-man's soul) to evolve his *master plan* and make sense of your newly created world, like a painter observing his work of art, using whatever it takes to feed on your satisfaction and worship as the One God. Then the Spirit was imprisoned in the Soul of the *animal-man* (*Pasu*, or the well-known *Neanderthal*), so that your *volitional strength* helped in the evolution of the psychic structure of the humanoid creature that until then was the *PASU*, primitive man with a dual nature made up of body and soul.

The accommodation of the Spirit from outside the Material Universe (created) within the material Soul (monad) of man caused a RAPID EVOLUTION OF THE **NEOCORTEX** (your **Sphere of Consciousness**, which was until then primitive), where a large part of the **SPHERE OF LIGHT**: this evolution is what anthropologists and archaeologists try to identify as the **CRO-MAGNON MAN**.

After such imprisonment, the Loyal Gods came to aid and to give instructions to these imprisoned spirits, who then formed a civilization called "**Atlantean**", NEVER SEEN IN ALL ITS WEALTH OF NATURAL, ENERGETIC, PSYCHIC AND ESOTERIC KNOWLEDGE UNTIL TODAY, IN SUCH A WAY THAT AN ATLANTIAN USED 100% OF HIS BRAIN CAPACITY, WHILE TODAY THE COMMON MAN ONLY USES A MAXIMUM OF 8% YOUR CAPACITY.

From then on, the Essential War begins between the Loyal Gods (they come to help the imprisoned spirits in order to free them so that they can be free again in their Origin) and the Traitor Gods (Gods of the same origin, who were the inventors of this "system" of imprisoning spirits, to save the work of creation that was doomed to failure) led by the Creator (Demiurge) of the world, the Hebrew god Jehova-Satan (Satan which in Hebrew means adversary, enemy, for the Loyal Gods). The Christian Holy Bible, along with the Jewish Torah or Talmud (both share the same symbolic and spiritual thread), written only millennia later to distort and misrepresent Hyperborean Wisdom, refers to Lucifer as Satan, but neither Lucifer nor Nawothan is a demon. , Satan does not mean demon but "enemy" – Jehova, the Enemy of Free Spirits; good and evil (dualism) are sides of the same coin in the World of Illusion, but Jehova (can also be verified as in Judaism by **Elohim, YHVH**, God, etc.) is closer to being a "demon" (even the term demon comes from the Greek **Daemon**, and there was no evil connotation, only the Christian of the Middle Ages gave such an evil meaning because it was a pagan concept of spiritual deity), an evil essence, a born traitor, because he deceived his equals by relying on tyranny, betrayal and dishonor and **Love** his work as a means of IMPOSING his dominion.

Such men were the object of the War between Loyal and Traitor Gods; divided into two groups (**Siddhas** – comes from the Sanskrit of **Siddhi** which means perfect in itself, complete, pure spirit), they fought until their homeland **Atlantis** was completely desolate. Forced to migrate, they crossed Europe led by **Wotan** (The true **Kristus-Lucifer, Na-Wotan, Wōden, Wōdanaz, Óðinn**) and his court (the **12 Drotnar** or Gods of **Asgard**, which later became **12 Knights of the Round Table** in **Arthur** or **Arcturus, Arctus**, Hyperborean Initiate **Berserker**) bringing agriculture and a whole series of developments to European peoples, then to other continents. They were the stone builders, and their **Cromlechs, Monoliths, Megaliths** Some can be observed to this day in different parts of the globe, as they were built strategically and with the use of telluric energy from the earth's flowing energy. Archaeologists try to amputate such monuments as belonging to seafaring peoples, a mistake, as they were always built close to

rivers, seas and lakes because it is from these “veins of the earth” that the telluric energy of Kali Yuga flows; thus creating differentiated space/time and influencing people in order to nullify the destructive and degenerative effect on the blood that Kali Yuga has. With this strategic influence, people emerged who were more involved in the strategy of Hyperborean wisdom and who carried out their missions encouraged by them.

So he became known in several of the places he visited, and his myth was passed on to all these people. Like this, **Navutan** in other mythologies and tales it is **Wotan** or **Odin**, **Zeus**, **Apollo**, **Theseus**, **Prometheus**, **Lucifer**, **Luci Bel**, **Phosphoro**, **Eosforós**, **Hesperus**, **Quetzalcoatl**, **Shiva**, **Rudra** or another entity of the **Mongols**. Everyone has the essence of **Warrior Leader**, the God of War, the wise man who guides men out of the labyrinth and who challenges the Creator and the reality of his creation, the Just God who denies the Ritual Sacrifice of blood, imposed by the **one**, is also the old guide who appears to advise in difficult times (the storm crow, or the **Viracocha** of the Incas, which is the same figure). Also in the same way, **Frya**, his wife, is **Athena**, **Freya**, **Ariadne**, **Pyrene** or **Belisana** (The **Jellyfish**, which the **Iberians** they worshiped and which the Phoenicians later distorted), **Artemis**, **Lilith**, **Kali**, **Persephone**, **Ishtar**, and among so many other names that it would be extensive to describe. The Goddess of War is born armed, is wild and free, fully dominates Strategy and guides by weaving the golden cord that connects all the viryas in their exit from the labyrinth of illusion (as in the myth of the labyrinth with the minotaur), and is mistress of the Gaze of **Â-mort** (the gaze of Medusa) that transmutes man into an Initiate, into a man of stone, and of all other feminine and Virginal mysteries.

According to the evolution experienced and given the results obtained with the Cro-magnon races through the Pasu (Neanderthal), the key was implemented again **KALACHAKRA** and new extraterrestrial spiritual races were deceived and thrown into matter with the purpose of generating a genetic mixture with it so as to be able to add greater SPIRITUAL WILL to the people of the cultural pact. Within these fallen races, there were certain groups such as the **ASSYRIANS**, **HITTITES**, **CASSITAS**, who were assimilated to the people of the cultural pact **EGYPTIANS**, **NUBIANS**, **ACADIAN**, **SUMERIAN**, **JEWISH**, **PERSIAN**, ETC. Even though these races come from a spiritual system belonging to another creation; being dragged into this deception for the purposes mentioned above, but we must consider that their incorporation into the plan was not easy, because some groups tried to return and fight, a specific case is the story of the people **CASSITA** developed by **NIMROD** the hunter, narrated in the book “**The Mystery of Belicena Villca**”.

In turn, in **EUROPE** it is **ASIA**, new races were imprisoned and trapped in the world of illusion, but the boldness of the **TRAITOR SIDDHAS** was very large, because these races no longer came from an evolutionary system but were from a **HYPERBOREA**, THAT IS, FROM A REMARKABLY DIVINE ORIGIN; in such a way that the first ARIOS groups appeared **INDO-EUROPEANS** it is **INDO-ARIOS** which were quickly taken over by **Synarchic GUIDES**; although these races, BEING OF DIVINE ORIGIN, had engraved in their spirit the memory of their ORIGIN, they generated certain groups, different strategies to those of the pact

cultural, for example: culture **CRETANIAN AND MYCENICA**, you **IBEROS, PELASGOS**, ETC; were quickly reduced by the people of the cultural pact and incorporated into their strategies, counting among these groups specifically the **CELTS**, as the first to be rounded up by the GUIDES (**DRUIDS**) of the cultural pact. Seeing this, that's when the gods of **AGARTHA** (or **Valhalla**) calling for **Kristus-Lucifer** (or **Odin, Wotan, Navutan**), the reason was to see how to stop the fall of the spiritual races into the world of terror and be able to rescue the fallen spirits.

At this moment in history, where everything changes because **SHIDDAS** since **AGARTHA** with the approval of **NAVUTAN** they decide to implement a strategy to combat terror and stop the sacrifice of extraterrestrial races, fallen into the world of pain; for this they plan and come down from the **ORIGIN** the races **PURE HYPERBOREAS** who penetrate quickly, intrepidly from the pole, the races of the SEA called, **ACHEIAS, IONIC** AND SPECIFICALLY THAT OF THE WARRIORS **DORICS** which penetrate by invading the key **KALACHAKRA**. When we say that these races invade the **kalachakra key**—demiurgical science that focuses on metempsychosis or reincarnation and fundamentally has the mission of erasing the sign of origin and affirming ontological designs – we maintain that a **ASPECT** the kalachakra was invaded at the time of the imprisonment of these spiritual races thanks to the action of the **LOYAL SIDDHAS**; the neutralization of this aspect of the key, was left open in the spirit of these races and the **MISSION** commissioned by the **SIDDHAS** and the sign of origin with which the **HEROES** fallen valiantly upon death could return to their **ORIGIN** or **AGARTHA**; in such a way that in their being they carried implicit the power of **SIGN OF ORIGIN** HAVING THE MISSION TO DESTROY THE PEOPLE OF THE **CULTURAL PACT**.

That is why we affirm that these races entered from the **INFINITE** (Hyperborean Wisdom maintains: they penetrated from the infinite ladder through the point **TAU**) and brilliantly developed the strategy guided since **AGARTHA**. This is how **HYPERBOREAN** “cultures” emerged as **SPARTA** and specifically **POMEGRANATE** who detained and destroyed the people of the cultural pact, definitively affirming the **RUNES** and the **ETERNAL HYPERBOREAN SYMBOLS**; for 500 years they halted the advancement of synarchic cultures and surrounded and isolated **QUITE** world of business strategies **One**.

We can identify, through different myths, and archetypal symbols of each people, fragments that are not so distorted from Hyperborean guides, as each myth and/or eternal symbol preserves a Gnostic truth, an aspect of the real myth and the truth of what it represents. A mistake is to understand such myths through the rational and literal aspect, ignoring the symbology and the true aspect of the symbology. Hence religions arise, despite being pagan, literalist and where people worship, rites and even physical sacrifices of death and blood. No Hyperborean guide or Loyal God will ever accept sadistic and deliberate suffering, without an honorary way to justify it, for its worship. All these blood rituals established throughout the history of these peoples are purely the result of synarchic distortion and the infiltration of agents of the same, in order to distort, confuse and nullify the truth.

gnosticism of these myths. Few were those who managed to keep the truth behind the myth, taking off the sign covers and SEEING with the EYES OF BLOOD.

We have to be clear that this is just an INITIATIVE PATH that leads to the understanding of *Frya* and of the other "gods", Hyperborean Guides, they are not lords and do not require worship or fear, but are guides who in an honorary act come to rescue their peers. Leaving the means to guide ourselves to us, not giving it to us for free or inducing us to serve a cult or form temples in worship. Yes, there were "temples" in psychosocial strategies, but they involved other strategic factors for weaker masses and an experience of collective transmutation from the unconscious and Apollonian and virginal symbols.

Something we can note is that in all Nordic religions the act of kneeling before a God was prohibited, outrageous and ridiculous, a true lack of Honor. One should always respond to the contact of a divine being with head held high and weapons in hand, *Krista* (Arista, the V).

In order to identify such strategic confusion, we have to understand the hidden concepts of everything, SEE the gnostic fire and extract your understanding from it, removing the cultural blinders. Thus, for a long time, the confrontation of two Strategies has been manifested in the world: the Synarchic and the Hyperborean.

As already discussed, *Wotan*, known in *Originas Lucifer*, declared war on *Jehova-Satan*, thus from outside of creation, accepted to descend to the Created World incarnated in a mortal human (called Wotan, Wodan, Odin, etc., as we have already seen) to prove that it is possible to abandon this world, where one is *slave*, and return to the *Origin*, The *Homeland of the Spirit, Hyperborea, Thule*. Born from a *Virgin* (hence the countless reports of gods always born from a *virgin*, but such a term goes beyond merely that of not sexually violated, but of spiritual purity, as it has no connection with Christian morality), which of her own free will gave birth to her *son of stone*.

Amma was the name of the Virgin coming from *Agartha*. For this reason, some people worshiped *Virgin of the cave, Virgin of Agharta, Thule Virgin*, among others, and that the synarchy corrupted the myth of the mother of Jesus with the vulgar *Our Lady*.

Wotan, descended from the tree where he sacrificed himself to acquire the hidden knowledge of death and runes, discovered the secret weapons in this Essential War: Hyperborean Wisdom. So he traveled around much of the world openly teaching this secret to men, so that those who had the Honor of declaring war on the Creator and the Created World could join the Gods in the world. *Valhalla* (Germanic name for *Kingdom of Agartha*, a location, outside of space/time somewhere in the Material Universe where some *Loyal Gods* still fight for humanity and help those who die with Honor and Valor and those who awaken, seeking to wait and return for the final battle, the opposite of *Chang Shambalah* and it is not the same as some mistakenly call it). It was known to ancient humans as

"Big White Boss", raised good warrior people wherever he went, established families of nobles, the aristocracy of blood, who should resist time and perfect Wisdom (the so-called **Blood pact**), and created a new lifestyle based on fort walls, self-subsistence agriculture, and perfecting the art of war; from which arises the basic precepts of a Hyperborean Strategy in counterpart to the Synarchy, which was instituted to degrade the Blood Pact and improve the material, the useless and the easy life that generates culture.

Blood pact consists of maintaining a linear society, having as much common blood as possible, in order to synchronize this through blood memory (**voice of blood**) and identify their common blood leader, who is elected in a **CHARISMATIC** and not democratic (such a process has nothing to do with tyranny and political dictatorship, it is a tribal leader elected by his lineage, his blood and spiritual power, like any other ancient model, prior to hypocritical democracy). They are generally Sedentary people, focused on productive work, ancestry and siege in the ethnic and national sense, working the land, taking away their self-sufficiency and independence from other peoples or modes of subsistence. When this collective process, in which common blood is more linear and has common ancestors, the phenomenon called **AUREA CATENA**, the charismatic recognition of the leader of the blood, the **Führer** of its people. The process is always the same among people considered Hyperboreans, as we can see in the ancient **Babylon**, you **Kassites** chose **Nimrod** It is **Ninurta**, you **Tartessos** at **Iberia** chose the lineage of **Tharsis House**, you **French** elected **Philip the Handsome**, you **Mongols** The **Genghis Khan**, you **Spartans** The **Leonidas**, you **Macedonians** The **Alexander the Great**, you **Romans** The **Caesar Augustus**, you **Paraguayans** The **Solano Lopez**, The **Germania** elected **Adolf Hitler** and among other peoples and leaders that would be too extensive to include here.

What identifies a king of blood is precisely his icy, serene and inspiring look, his energy when shaking hands and, as a result, admiration and unparalleled charisma. Always a tone of mystery and wisdom is present and can be felt by those who have such a predisposition. There is a blood synchrony through the mnemonic content (which "science" denies at all costs, but it is more than correct to say that historical memory is carried, as rightly stated **CG Jung**) and all participate in the blood covenant. A very clear example of this is **Sparta**.

They had a strict code of warrior conduct, based on **Virtue, Value, Vicissitude, Vehemence, Willing, Virility**, etc., in the construction of stone men. From the time they were born, they were chosen to fight, it was a matter of pride, not of obligation and imposition. It was not a society determined to evolve technologically through progress, they were focused on improving combat and the art of war and that would not make them any less intellectuals and wise men, as knowledge is not wisdom; **Socrates** was an enthusiast of this thought as well as **Plato**, both, did not believe in Athenian democracy as effective systems for society (but this is the stage for several debates to this day between pseudo-academics and philosophers). Such a society does not even need many laws, as they are codes of honor intrinsic to each person, they naturally place the **Value** and the **Honor** clearly (your

only ethics and morals was that of the Spirit and not based on psychological conjectures and concepts based on cultural ideas), thus having few problems with superficial issues, as it was a **blood aristocracy**. Its economy is simple, but very cooperative and sufficient, arousing the greed of people of the cultural pact (synarchists), who subsisted on the need to live from commerce and perfect material forms of making life comfortable and acceptable, facilities, buying something ready and not having the desire to work on the entity from its origin and meaning. The best way they adopt is a system of exchange or support through work and raw materials from their land. Trade is a typical characteristic of the people of the cultural pact who need to purchase their raw materials externally, as they are unable to live without a financial system focused on capital speculation or gold.

This is why the Synarchy governs international banks, the global financial system, gold and currency, and above all, it encourages miscegenation and the end of traditionalism in some traditions, as long as they mix with that of others, because in their MAJORITY are people **Nomads**, who go here and there acquiring production goods, ready-made cultural objects, using only gold as their work. So we have countries dependent on an illusion that is gold and international money, and any country that tries to grant financial independence (except the lackey countries that serve the synarchy like the USA, Israel, England and a large part of the European Union) will be boycotted. and suffered the various retaliations from the Synarchy, see the case of Paraguay and Germany in the III Reich.

When a blood pact society is erected, in splendor, prosperous and warlike, completely united in the charismatic synchrony of the ancestral voice of the blood **ASTRALLY** purified (Pure Blood is blood capable of listening to ancestors and Loyal Gods, it does not exactly have to do with the concept of race, although it is one of the determining factors, but not exclusive); thus leaving a step to be taken towards the task of combating Synarchy, the great religions and all HIGHLY ENTROPIC tendencies of unification; all the peoples of the cultural pact or allies of the Synarchy come together to destroy this imminent "danger". All the ancient races and cultures of the world can be beautiful, strong and pure if the blood aristocracy is maintained and preserved in its original state and with its **living space** sustained. Protected from the mixture and synarchic illusion of the "progress" of facilities that make man increasingly apathetic, conformist and cowardly; under an essential strategy called **siege**, stone fortresses, saved and isolated from the degradation of the world, its time and natural destruction that comes from the **Kali Yuga**. That is why such a society is based on the going back of time, on the fight against time, on the past, its origins and its true homeland of the spirit. Not in this world which we know to be the stage of the battlefield (**Valplads**). Here comes the **swastika** (could it be **right-handed** or **levorotatory**, that is, it can rotate to the right (in this case it is associated with the sun) or to the left (associated with the moon) against time, but the one adopted by the Führer was levorotatory), rotating inversely to successive illusory time and thus making it return us to ORIGIN.

However, the Traitor Gods imprisoned the spirit with their **Passion**, to use

its strength in the evolution of the animal-man (like infinite batteries for the soul to evolve and give meaning and energy to all matter, like a parasite), in this way, it was essential that the spirit NOT manifest itself or wake up from this illusion that is the created world (*Maya*–Hindu term for world of illusion, we can also call it *Matrix*, as the film of the same name addresses in a very simple and summarized way). They are obtained by hypnotizing, further putting the Spirit to sleep in the ILLUSION OF MATERIAL EXISTENCE in the VEIN OF *MAYA*, leaving him even weaker and more confused with each cycle of incarnation, unable to recognize himself and unable to free himself, thus gradually erasing the *sign of origin*. Making man drunk with vices, entertainment, dreams and false hopes of an immortality that he knows will have an end. This end will be the swallowing of the Demiurge into his womb, sucking everyone into himself, or as the Hindus call it: *night of Brahma*. It is as if all of us (our physical organic body and soul) were parts of an immense LIVING organism (Universe) and we are inserted into this organism of the Demiurge himself.

It is only through Culture, the reason for the meaning of the world, that this objective is sustained from SYNARCHY, which is the World Government on the part of the Chosen People (elected by the Creator in order to monitor and control all “gentiles” so that they do not hinder their objectives and this is verifiable even in their own Torah and in the Christian Bible, the people chosen by God) of the creator, who is *Israel*. All trends of acculturation, cultural and racial miscegenation, unification of religions, customs and concepts, all multicultural and egalitarian deception; Everything that makes it necessary to do without a native identity to unite on a larger scale, points to Synarchy. In this way, people are taught to temporize and relativize, to be accommodating and passive, to avoid confrontations whenever possible, to value peace even if cowardly, thus removing any ability to transcend matter to its spiritual essence. The purpose of the Synarchy is to bring together an exhausted and dejected humanity as a great and amorphous egalitarian caste under the iron tyranny of the Israelites, a people that the Demiurge took from among the most primitive that existed on Earth and favors them to reign, thus affirming his Power and its Victory bringing the nobility of spiritual Warriors to their knees, sacrificing their purified blood. In short, Synarchy is the Sacrifice of humanity in exchange for the “Perfection” of this “Chosen People”, and with this Jehova asserts his power over that of the other Gods.

Since long, the developing Synarchy has been tempting people with promises of progress, power and material comfort, so that they wage war against the bearers of Hyperborean Wisdom and repress them. That's why all the families in the old stories were almost exterminated, sometimes completely exterminated and their blood spilled profusely, until the last drop and those who were not destroyed, suffered a lot of brainwashing, application of medicines, drugs and everything that could DESTROY the WILL OWNERSHIP OF THE FREE SPIRIT. In such a way that there is a society of zombies, addicted and anesthetized, with no desire to even wake up or make the slightest effort, thus wasting away like the character *Gollum* from the Epic saga of *JRR Tolkien*.

Then we have the cunning work of the Synarchy, which is mainly to confuse those who seek a gnosis or truth of the spirit, answers to their countless transcendental doubts, always generating deceptions and hoaxes as we can clearly see. Therefore, we work on the idea that everything that is in favor of war, darkness, night, not fearing death, physical pain or not accepting submission is something that comes from "evil", the "devil". , demonic and evil and in itself lacks love. Such concepts headed directly by **Christian church**(its aspects, both Protestantism and any doctrine that culminates in Judeo-Christian symbolism) are intensified when pagan peoples (already well worked by the agents of synarchy, distorting all Hyperborean symbols, as we can see among the **Celts**- minus the **Tuatha De Danann**) automatically convert to Christianity and that is when the collective structures of **egalitarianism, tolerantism** and global laws both economic and financial, including even the counting of time and history. Then the Mercantilist Banking emerged, the original bankers, those who created currency, gold and greed: the Order of the Knights Templar, Jewish Freemasonry. Starting work on translations of Christian scrolls (sacred and untouchable sayings as well as the sacred scriptures of the Jews of the Torah or First Testament). A whole farce begins to be elaborated in detail by Benedictine monks to apply Christianity on a global level as the only strategy of the **Christ of the Nazarene**, which is a poorly made and evilly conceived copy since Chang Shambalah, of the true **Kristus-Lucifer**.

ETYMOLOGY OF THE WORD LÚCIFER

Lucifer is not the **Devil**

*"How you fell from the sky, oh **Morning Star**, daughter of the morning! How were you thrown to the ground, you who prostrated the nations!"* Is. 14:12

Due to an error by the translator of the **septuagint**, **Morning Star** was translated by **Eosphoros**.

Note that the **Eosphoros** is a Greek deity related to **Morning Star**. Note that the biblical text is clearly referring to the king of **Babylon**, that is, there was no heaven, no hell and much less **Satan**, and because of this error, **Jerome** when translating the **vulgate**, he did so by adopting not the Hebrew original but rather the text of the **septuagint** and upon finding the **Eosphoros** translated it as **Lucifer**.

*"When dog cecidisti, **Lucifer**, fili aurorae?
Deiectus is in terram, qui deiciebas gentes"*

Liber Isaiah 14:12

So far we have a primary translation error that would not have the slightest consequence (like so many other errors) if it were not for the fact that the **Christian church** now had the need to combat the **Paganism** (religion practiced by peasants), this **Pagans** (**Pagus**=Campo), had as one of their main deities **Lucifer**. So far so good, the big problem is that this cult had a strong sexual connotation and this was unbearable for a castrated and castrating church, where the body is evil, life is evil, everything is sin and is related to constant suffering that only a lamb entity can comfort. See what **Paul** talks about the body:

"Wretched man that I am! Who will deliver me from the body of this death?" Rom. 7:24

We can observe the character **sacralizing** and dogmatic that the **Christian church** tries to intensify on man with its strategic confusion. So how did they know who it was? **Lucifer**, O **Kristus-Lucifer** authentic, they demonized any mention of it, no matter how small, even though it had nothing to do with Christianity or Judaism.

Lucifer was never the devil, much less **Lucifer** it is **Satan** (adversary/enemy in Hebrew). He was never an angel of Jehovah (this is Satan), he is not a demon and has nothing to do with Jewish/Christian culture. Finally how **Lucifer**, as he is not the devil and much less **Satan**, has nothing to do with the **Satanism**, whether traditional or modern. If someone wants to be **satanist**, you will be making a terrible mistake, because **Lucifer** does not lend itself to reaffirming the true egregore of evil which is Jesus, the

lamb of Jehovah, these are extremely pernicious and represent the ultimate in the castration of the spirit and the warrior, converting eagles into doves, wolves into sheep. And they deceive everyone with their illusory promise and their pity and mercy worthy of weak and submissive Patus with their calloused knees. They are so pious and kind that it is easy to check their APPLIED strategy and see how many people were killed *in nomine dei*, offered in **Fire Holocaust**, in blood sacrifice to please the genocidal sadistic One God. Just read the "Holy" Bible from beginning to end, and make a brief count of how many people Jehovah killed, apart from those as I have already mentioned, *in his name*.

We may wonder, since the word **Eosphoros**, was inadequate for translating the Hebrew word **Heylel**, which is why the myth arose that **Lucifer** be the name of **Satan**, So what would be the appropriate Greek word to be used in translating the **septuagint**?

Let's put the text in Portuguese first:

*"As you fell from the sky, **O morning star**, daughter of the morning! How were you thrown to the ground, you who prostrated the nations!"* **Is.**

14:12

At **LXX** the text is like this:

"πῶς ἐξέπεσεν ἐκ τοῦ οὐρανοῦ ὁ ἔωσφόρος ὁ πρωῖ ἀνατέλλων; συνετρίβη εἰς τὴν γῆν ὁ ἀποστέλλκ

Is. 14:12

How can you see, **ἔωσφόρος**, replaces the **Morning Star** and how do we know **Hêylêl ben Shachar** to mean **SON OF DAWN**, just remember to **Ben Hur** What does son of mean? **UR**.

Then some problems arise, from the point of view of a rigorous exegesis of the Bible.

Let's see:

- The author of this translation was certainly a Hellenized Jew, or at best a Greek who knew Hebrew.
- Why was the **ἔωσφόρος**? **ἔωσφόρος** is associated in Greek mythology with **AURORA**, i.e., **ἔωσφόρος** is the son of **AURORA** It is **ἔωσφόρος** was for the Greeks **MORNING STAR**. I.e., **ἔωσφόρος**, a proper name.

- It should have been directly translated as **MORNING STAR**.

Look at the text of Revelation 22, there in all the letters, Jesus identifies himself as being the morning star and the author of the Greek text did not put **ἑωσφόρος** and yes morning star. I wonder why?

Text of the Apocalypse:

*"I, Jesus, have sent my angel to testify to you these things on behalf of the churches. I am the root and the offspring of David, the shining **Morning Star**." Rev. 22:16*

Conclusion:

"Εγώ Ἰησοῦς ἐπέμψα τὸν ἄγγελόν μου μαρτυρῆσαι ὑμῖν ταῦτα ἐπὶ ταῖς ἐκκλησίαις. ἐγώ εἰμι ἡ ρίζα καὶ τὸ γένος Δαυίδ, ὁ ἀστήρ ὁ λαμπρὸς ὁ πρωϊνός. "

Rev 22:16

If it is permissible to translate morning star as **ἑωσφόρος**, then:

Why wasn't the same criteria used in this text?

If now the **MORNING STAR** in **Is. 14** is a reference to **Lucifer**, what is the criterion that we cannot make the same interpolation for Jesus?

The Christian Gnostics in the first centuries did exactly this and even though they were Christians they were considered heretics by the patriarchs of the church, because in this way, they would not be collaborating with the entire strategy of confusion itself. And even before these, several others, just like the Cathars, knew the true story of the real Kristus-Lucifer and were also completely exterminated.

We still have this text from II Peter:

*"And we have even more firm the prophetic word to which you do well to pay attention, as to a lamp that gives light in a dark place, until the day dawns and **the morning star** arise in your hearts;"* **II**

Peter 1:19

In Greek we have (highlighting the word **Eosphoros**):

"καὶ ἔχομεν βεβαιότερον τὸν
προφητικὸν λόγον, ᾧ καλῶς ποιεῖτε προσέχοντες λύχνῳ φαίνοντι ἐν
αὐχμηρῷ τόπῳ, ἕως οὗ ἡμέρα διαυγάσῃ καὶ **φωσφόρος** ἀνατείλῃ ἐν ταῖς
καρδίαις ὑμῶν·

ΠΕΤΡΟΥ Β 1:19

Now let's see the same translation in LATIN (and see the highlighted name):

"Et habemus firmiorem propheticum sermonem, cui bene facitis attendentes quasi
lucernae lucenti in caliginoso loco, donec dies illucescat, et **Lucifer** oriatur in cordibus
vestris," **II PETRI I:XIX**

Why did this happen?

Certainly the reason you are arguing at this level is because you must at least have some knowledge of Greek and Latin (even though Latin is not taught in evangelical seminaries), but have you ever wondered why all the quotes from Jesus in the Greek book were taken from the **LXX**?

It is more than obvious that the Christian scriptures were written based not on the Hebrew text but on the **LXX**, hence the many strategic confusions and the cover-up of the real Jesus of Nazareth hoax, a **ascended master** from the **White Brotherhood**. We can also ask ourselves, why when listing 45 cities in **Galilee, Joseph** forgot to list them **Nazareth**?

Why is there not a single serious historical reference to the city of Nazareth before the 4th century CE?

Why is there not a single reference in the entire **Tanach** the city of Nazareth?

Because they are part of the strategic confusion of the agents of the Synarchy and **Chang Shambalah** (Headquarters **White Hierarchy** of the **Traitor Siddhas**). This is why we use the term **Kristus-Lucifer** and how do we know **Dalva star** it is **Venus** (planet), from where they crossed **Thule** free spirits.

CHRISTIANITY AND ITS FARCE

Christ (Kristus) is a title and not a name as many interpret it. It means the **Anointed** (its etymology also gives rise to several different origins). And in the West he became better known as Christ the Nazarene, Jesus.

Jesus of Nazareth it was a **ascended master** from the **White Brotherhood** who came to confuse the people BY REPLACING THE MEMORY OF THE **TRUE KRISTUS**, WHO LIVED MORE THAN 11 THOUSAND YEARS BEFORE HIM. **Navutan**, the real **Kristus**, came from Hyperborea and agreed to descend to **Hell** (this reality, our world also called **Valplads**, the battlefield) to teach Hyperborean Wisdom to the first men; from him came the **Myth** in **Odin** (or **Wotan, Na-Wotan, Navutan**, etc.) of the one-eyed god who hung nine days and nights from the **Columna Universalis** (Or the **Magic tree** of the Creator's garden, which the Jews call **Rimmon, Tree of Knowledge of Good and Evil, Sephiroth Tree**, and known in **Odinism** as **Yrminsul, The Tree of Terror**), in the mystery of **crucifixion** millennia before copying **Cananéias** to acquire the knowledge of death and the wisdom of **runes** uncreated. He acquired the key and the mystery of the spirit's liberation, with the help of his wife-sister-mother (who seduced and prostituted herself to the traitors who possessed the pieces that make up the key to the secret: the key **Kalachakra**) **Frya** (or **Freya** same, but erroneously **Odysnists** associate as being different).

He managed to come down from the Tree, came back from the dead and, Frya danced (runic gymnastics, yoga, etc.) to express the pieces of the key in his blood, so he discovers and understands imprisonment for himself. Communicate to men the secret of **Krista** (the right angle, the **V**, The **Arista**) and leaves with those closest to the court, crossing the world bequeathing a life guided by Warrior Valor and the search for Freedom of the Spirit, in this way he became known as the God of War and other myths, by various peoples, as this is how he declared war on creation of this universe and gathered several armies and followers. As we have noted before, there are traces of his passage even in the Americas where he was known as **Quetzalcoatl, Viracocha** and other gods **Toltecs** it is **sioux, hopi** it is **Navajos**. In Europe it always appeared as some variation of **Odin**, but was also known as **Phosphoro, Eosforós, Hesperus, Lucifer, Lucibel, O Zeus** pre-classic and many other variations according to each language of the respective peoples where it passed.

On the other hand, the Christ of Nazareth came to preach taming through the love of creation, lamb passivity in full trust in the god of destiny and his priests, penance and remission of sins, life through suffering in the punishment of Karma through of the illusory promise of a hope for heaven. All numbing values that are the opposite of what Hyperborean Wisdom considers healthy for the spirit.

Due to the emergence of Hyperborean "cultures" such as **SPARTA** and specifically **POMEGRANATE** who detained and destroyed the peoples of the cultural pact

thus affirming, definitively in the world, the *RUNES* and the *HYPERBOREAN ETERNAL SYMBOLS*; during **500** years halted the advance of synarchic cultures and surrounded and isolated **half the world** of the strategy of the One God.

This act of war carried out by the great builder warriors, **HYPERBOREAN PONTIFFES** as **ALEXANDER MAGNOO BIG, JULIUS CAESAR, AUGUSTUS** and as many pure-blooded warrior viryas of the Hyperborean race as the **BERSERKERS** Vikings, horrified the demon gods (Traitor Siddhas) who felt how the GREAT FACE OF THE ELDER HAD LET OUT A HOWL of tears upon seeing how his chosen people and his plans were exterminated and his work failed; that's why since **SHAMBALAH** he swooped in and incarnated into his own world of pain, this time with his face and power -**Jesus, Christianity**- IN THIS WAY YOU CAN HAVE YOUR OWN END.

Christianity was a terrible blow against the secret doctrines and peoples who still partially maintained the Hyperborean Wisdom, despite all the wars and resistance of the Synarchy and the powers of matter. He was cowardly and atrocious, because he used the **Voice of Blood** of people awakened against themselves; deceiving them with a deception, a farce copied from **Kristus-Lucifer** primordial and spreading the Synarchy of **electd people** then infiltrated by **order of Benedictines**, which guided the **Church** Christian for more than a thousand years) in a subjugated and sheepish Europe. And then, because very different from what is reported in the sacred scriptures of Christianity, Jesus did not die physically, but **Kristus-Lucifer** who practiced self-sacrifice by descending into hell (not for any God) in order to discover the imprisonment system of this created world, all by his own will.

Some rabbis today already recognize this "Messiah". Jesus, **Ascended Master** from the **White Brotherhood** trained in **Acoustic Kabbalah** by the cream of the priests **Levites**, who still lives after the **Cross** and was welcomed by his Order (**Melchizedek**); returned to **Shambalah** and he is still there, fulfilling his manifest mission, he will soon return to rebuild the temple in Jerusalem. Energy from it is emanated as the **Metatron**, **O Archetypal Man**, and this has the effect that THE VERY EVOLUTIONARY IMPULSE OF HUMAN CULTURE WHICH WALKS, FROM JESUS, TOWARDS **METATRON, O CLAY MAN, O ARCHETYPICAL JEW**. Through the Solar Logos and its planetary arguments, its action emanates through sacred symbols and superstructures, real systems, etc. Also called as God of an Age, a myth or **sacred symbol**, and in this case, which was the **Age of Pisces**.

And within this strategy of Christianity, it automatically implies the almost universal belief in equality, in democracy, in the sentimentality of facilitated rights, in the stories and dogmas that the Chosen People imposed on those who they themselves, the Jews, call Gentiles. It then became a natural impulse in human reason from Jesus onwards.

In Hyperborean Wisdom, **Israe'is** called **ANAHATA CHAKRA** (the Heart Chakra or the Heart of the Earth, because all its arguments come from the

sentimental sphere, of pity, of commiseration, of pacifist fraternity, of love for all created things). The Kabbalist priests call this phenomenon applied to the gentiles EXCHANGE THE EAGLE FOR THE DOVE: from the haughty and proud bird of warriors, to the fragile and servile dove of peace of obedient lambs. This is why the white dove is universally symbolizing the **Peace**, and also the presence of God and the **Holy Spirit** and or the **Shekinah** (one of the 10 aspects of the tree **sephiroth** in **YHVH**, representing the physical manifestation of the Demiurge).

But there were those who resisted, and like the **Cathars**, even if they claim to be believers in **Kristus**, deleted the entire Bible, and called the Christian Church and the Vatican "Satan's throne." For the Cathars Jehovah was Satan, and Kristus was the true bearer of uncreated light, it is no wonder that more and more people were involved in this Cathar strategy of collective conversion, and disturbing the Synarchy, once again it acted, applying genocide and **Albigensian Crusade**, against the **Cathars**, with the order to kill everyone and burn them without distinction for heresy.

And in this period too, by sustaining such a cult, the disaster of **Teutoburger Wald** and that the Five Thousand of **Verden** they would be ritually murdered. The Danish Royal House of **Kollman** fled with half of his people to America, where they were known by the Incas as **Atumurunas**, O **Moon People**. Crusades were also organized by **Benedictine pope** to destroy the church of **Our Lady of Thule** in **Garðar, Greenland**. Likewise, the Teutonic knights helped some Cathars escape to the region today known as the **Paraguay**, thus bringing the **Graik** safe.

This happened with everyone who opposed the false Christ and Judeo-Christianity.

FENESTRAINFERNALIS

THE PRIMORDIAL GNOSIS

A Primordial Gnosis It is knowledge that dates back to the proto-history of humanity. Its almost total lack of knowledge, ridiculously, is due to the enormous distance of time that separates us from the facts, if not the tenacity with which it was fought by antagonistic religious and social systems, which have subjected it to permanent degradation: destroying ancient documents, mutilating symbols who supported it and distorting the history of the human being, in favor of their interests contrary to the right to the ETERNITY OF MAN THROUGH HIS SPIRITUAL LINEAGE AND HIS **FREE WILL** AS TO HIS DESTINY (eternity, not immortality).

IT'S NOT A **RELIGION**, is Knowledge left by the Hyperboreans: **BREED OF ORIGIN**; to be used as an effective and INFALLIBLE RELEASE STRATEGY for IMPRISONED SPIRITS and for human beings; lost in the world of illusion of matter and ignorant of its origin and destiny.

If traces of this Science remain today, it is because it has survived within ancient **Gnostic Groupings** terribly airtight. Information, knowledge and symbols have been preserved, until the present and through them, the **MEMORY OF THE ORIGIN**, OF THE ETERNAL.

We can recognize many aspects of this Wisdom in the **Gnosticism** in general, in **Manichaeism, Catharism, Theosophism, Rosicrucians, Masonry, Buddhism, Hinduism, Judaism, Christianity, Sophism, Shinto, Taoism, Martial arts** of an esoteric nature and many other schools of Knowledge from the East and West; knowledge that is INCOMPLETE AND, IN MANY DETAILS, DISTORTED.

Through time and through **the fear**, terror, cunning, murder, betrayal, substitution, deception and lying; the ENEMIES OF THE ORIGIN, with the purpose of **to confuse**, he has **buried and cut** **golden thread**, FROM THE **AURA CATENA**, THE PRIMORDIAL GNOSIS that carries the TRUTH OF THE ORIGIN, **in a labyrinth from which nothing can escape by itself**. Knowledge that today, the **disguise measure**, has been converted into other RELIGIONS THAT KNEEL AND BOW THEIR HEADS BEFORE THE CREATOR AND HIS **UNIVERSE**, BY **LOVE** TO THE CLAY MAN AND THE ILLUSORY WORLD OF MATTER, WALKING IN HOPE FOR THE PROMISE OF **IMMORTALITY, FAVORITE DAUGHTER OF THE ILLUSION OF TIME**, WHICH WILL INEVITABLY END IN YOUR **PRALAYA** (**PERIOD OF TIME IN THE CYCLE OF EXISTENCE OF PLANETS IN WHICH NO ACTIVITY OCCURS**), WHEN **THE ONE** COLLECT IN YOUR BREAST, ONCE AGAIN, YOUR BREATH, YOUR CREATIVE WORD AND YOUR DEADLY WORK AND EVERYTHING IN IT.

THE FORGOTTEN

"The idea that men, starting from bestiality and savagery, slowly evolved into civilization, is recent. It is a Judeo-Christian myth, imposed on consciences, to expel an older, more vigorous and revealing myth. When Humanity was younger, closer to its past, in times when no successful conspiracy had yet been expelled from its own memory, it knew that it descended from gods, from giants from whom they had learned everything. She remembered a golden age in which superiors, born before her, taught her agriculture, metallurgy, arts, sciences and the management of the Soul."

Louis Paules and Jacques Bergier in *"Return of the Witches"*

These new religious and esoteric currents maintain that the origin of our species and intelligence lies solely in the soul, matter, anthropoids and time; **we repeat**, is a Judeo-Christian myth sustained by the culture it seeks to eclipse the memory of another more ancient, vigorous and true one.

FENESTRAINFERNALIS

SOUL AND SPIRIT

We are fallen reflections, projections of spirits reversed and imprisoned in the substance animated by souls, and this is sustained by the will of an animalistic spirit, which in a state of fantasy has precipitated its power ordering matter, and has become a *demiurge*(creator), of a version (Latin: *universe*) of a bestial world, shaped by its forming verb (Logos), and directed towards its perfection, because it is imperfect. A world, in which its creations need to destroy each other in order to satisfy their hunger, the engine of their animalistic existence.

We carry with us a factor, which is not created, which has no beginning or end, which is a reflection of something beyond the infinite, outside the creator; that is, from Eternity, from the Homeland of the Spirit, the "place" from which our deceived Spirits look at us, and their gaze is reflected in the blood causing the factor we call "ME", which makes us intelligent, individual, willful, aristocratic and truly foreigners in the universe of the animalistic community of souls, absolutely inferior, compared to the Aristocracy of our Spirits.

FENESTRAINFERNALIS

PAGANISM AND MONOTHEISM

Our Self, being a reflection of the spirit that lives in eternity, is intuitively pagan, because it remembers the Aristocracy of its existence in the Homeland of the Spirit next to the Court of the Uncreated, the Gods and Freedom.

Our Self is therefore: Loyal, Aristocratic, Voluntary, Imperial, Nationalist. The soul, being like a drop that falls among millions in the storm of creation, desperately seeks to group itself into multitudes, to gather strength and return in communities to the ocean of substance, in which they slept, and will sleep when they finally return to their creator.

Hopeful tear, entrusted to the lamb, marches through the "good adventure" until the end, grouped in the Red-il of the good shepherd.

One creator, one substance, one Red-entor, one Blessed, an ending.

The Soul is, therefore, gregarious, **common in all created beings**, it is truly communist, trusting, has faith in its Pastor and its destiny, it is "international communist", "global".

LIBERATOR AND SAVIOR

We talk about liberation: whoever is freed is a Prisoner, a Slave, an Incarcerated Person, that is, someone deprived of Freedom.

If we talk about Salvation:

Save us from what?

Death, illness, hunger, pain, work, illusion, dissatisfaction, non-retribution, poverty, suffering, etc.?

However, isn't that what it is, being "blessed"?

Isn't this the ordeal of all of us in this Creation?

Isn't it Truly Puzzling that the creator intends to "save" us from his own creation?

Isn't it ironic **make an apology** of weakness, suffering of hunger, of crying, **of the poverty of the Spirit** How does Jesuistic Christianity address the West in its "beatitudes"?

REAL, CURRENT SITUATION OF VIRYA

To acquire Hyperborean Wisdom, it is necessary to **patience**. Having patience where you can have it is not true, but when you have it where you usually cannot have it, then we will say that you have acquired patience. **Patience is one of the greatest human virtues that distinguishes the true man from the common man.** You could say that it determines the degree of self-mastery, and say the knowledge capabilities **ontological** that has man upon himself. In this way we can say that from a point of view **philosophical** it is **ontological** **TO BE** it can come to fully belong to the individual, as long as he has completely mastered his patience, as it is the internal key to self-knowledge. **Ontologically (onto= to be; study of being and all its possibilities)** we can affirm that the individual must guide his **NOOLOGICAL ME (Noo= Way of the Spirit)** to your own psychological and soul reality, since this is the only way to know yourself and reach the maximum aspiration **noological**, ontological and gnosiological which is **ABSOLUTE INDIVIDUALIZATION**. The path and study contained in this treatise that specifies how to achieve the three initiatory paths that the Hyperborean Warrior must follow, essential to awaken and become a **WISE WARRIOR**, a self-elected man and deified by his own will **egoic** free and oriented in Hyperborean languages and eternal symbols.

Man lives in a cultural and social structure that keeps him atomized, confined to certain moral guidelines that have converted him into a totally collective and gregarious being; This situation has disaggregated your **SELF** into a plurality of **Selves** it is **Egos** that structured in complexes has led him to live in a constant **DRAMATIC TENSION**, which slowly but gradually destroys him in his mood and in his spirit. But in man there is a possibility of being, a destiny that transcends the stages of ordinary consciousness. on this path, the **HYPERBOREAN GNOSIS** calls him **THE ROAD TO INDIVIDUALIZATION**.

Individualization means becoming a singular and absolute entity, with full knowledge of itself and fundamentally **ORIENTED**, stated in **ETERNAL ME** and in a wisdom that allows him to know and understand deeply the **REALITY**.

Unfortunately, the comedy of life has been transformed into a drama that slowly leads us to tragedy and this is particularly due to the loss that occurred in the man of the **CENTER, OF YOUR BEING**. To the **dramatic tensions** has created an internal and external conflict that has led us to an existential crisis where we are immersed in a nebula of desires that only create a state of perdition and confusion. In this way we are overwhelmed by our complexes which are the fruit of our desires which, when we are unable to become aware of them and control them due to a lack of knowledge and wisdom, lead us irremediably into a moral and social crisis from which it is increasingly difficult to escape. In this desperation, we appeal to ask for assistance in certain institutions

religious or scientific, so that they give us the solution and allow us to recover the volitional and soulful loss.

So we are lost inside a **maze** psychological, internal and we think that the reality of our being is in a DRAMATIC TENSION due to our fault, our incapacity, our "sins" in such a way that we turn to psychologists, psychiatrists and if they do not give results we appeal to religious structures such as **O Catholicism, Protestant churches, Buddhism, Hinduism**, or esoteric systems like **theosophy, masonry, Rosicrucians, yoga**, etc., believing that they contain the panacea, the solutions to all our pains, our ills. The truth is that the beginning of our evils does not lie within ourselves, but in the destiny that has led us, only in this world, to this material order that is directed by a **SYNARCHY**(union of powers)**WORLDWIDE**WHICH ONLY INTENDS TO DESTROY US MATERIALLY AND SPIRITUALLY.

It is through this that, if wealth were distributed equitably, poverty and misery would be eliminated, in this way man would recover his dignity and rise to a level of spirituality from which the best human qualities would develop. By raising humanity's standard of living, combating ignorance and destroying what hinders the growth of consciousness, we will recover the honor and value that we have always had and that due to excessive ambition, an unbridled race for money and power we have lost.

The change must be carried out deeply, man must awaken in his other being another level of understanding and understanding, only in this way will the eternal warrior that exists in the deepest depths of the human spirit emerge.

A drama is encysted in human existence and an inner cry from the depths of the human spirit calls for a more dignified and just existence in all orders. The human will, faced with the existential drama, imperatively tries to rise above the pain and anguish of an existence subjected to absolute materialism, to systems loaded with connotations where man and destiny are subject to "predestination" and "predetermination", concepts very similar to those expressed in **HINDUISM, BUDDHISM, JEWISH-CHRISTIANITY, ISLAM**, etc. In this way, unfortunately, man leaves his destiny to God and thus personality is constituted based on formal parameters constituted by archetypal models structured in a **axiology** moral and religious where the aesthetic, the formal is decisive over the ethical; where consciousness becomes massified in the collective, losing volitional and intellectual autonomy, falling to an ontological level where the merely human is determined by an unconscious mechanism where man is food for the gods.

However, in existence, life is constantly offering you alternatives for spiritual development, since by being yourself a being intrinsic to the eternal spirit, although determined in a **ontology** finite and relative, just as in man, in the human soul underlies the eternal reality of the spirit. It is through her that most

in addition to the uncertainties of reality distributed in different economic, political, social and cultural orders, there is always within man the possibility of being an awakened man, free from the premises of this aberrant materialism and dogmatic religions; This reality of a spiritual and intellectual understanding that does not allow us to see the lie is only possible if we have within ourselves a gnostic predisposition of mind and spirit, which guides us to a superior, different knowledge, to an absolute truth, to **INDIVIDUALIZATION PATH** that prepares us to be initiated into **Hyperborean Gnosis**.

That is why it is imperative to understand that an international political, religious and financial power structured in a **WORLD SYNARCHY** determines man with cultural guidelines that in pre-eminent forms are poured into our being, through culture and education and thus determine our **ontological complexion**. It is **noological**, limiting our capacities for apprehension and understanding, dropping the level of being and consciousness into an axiological limit where the **I** is reduced to its minimum expression. In this way we are massified, slept and trapped in an outside world where we serve as slaves to this international synarchy, which is a global power that only wants us to be servants of itself and its plan of universal domination.

This is why it is essential that we reorient ourselves and awaken from the illusory sleep of this materialist culture governed by capitalist neoliberalism or pseudo-socialist Marxism and realize that there really is an external enemy, sometimes visible (imperialist governments such as the United States, Russia, Israel) in the world and at other times invisible (world synarchy, secret societies, esoteric organizations, etc.) which we must fight with all our strength and to do so we must recover our spirit, being essential to access a liberation contained in **ABSOLUTE INDIVIDUALIZATION**. However, in order to reorient ourselves internally, it is imperative to unveil and unmask the real enemy and it is entrenched in this reality, structured in a religious, political, financial and economic synarchy that has operated in the world since the beginning of history, conspiring and destroying everything that is spiritual and there is practically no culture or nation that has not been affected by it, by its cultural, religious or atheistic, materialist, capitalist and liberal premises.

That is why we emphatically state that being awake is not only making the being aware of accessing individualization but mainly consists of coldly and objectively analyzing all the events, deeds and successes of the world's extensive cultural network in all its past, present and future contents and realities. . It is essential to discern and understand the international plot of this global super-government that constantly manipulates collective consciousness from the shadows and to **REALIZE** that the real enemy is **MATERIALISM** and its **NEO-LIBERAL COUNTER-CULTURE** (we call it counter-culture because the true culture is rooted in principles totally opposed to those of capitalism) and understand that its ideology, its economic and political philosophy, its concepts and

premises, hide pure destructive intentions of everything national, traditional and spiritual, is the first step to AWAKENING.

We must resist and sustain with will and honor, within our true culture, within the spiritual values of the blood

But, what happens? He walks through the most diverse *paths*, calls at every door, studies all the sciences, is fulfilled in his profession, fulfills to the letter the *moral dogmas* and religious, practices all the rites and ceremonies imposed by their *priests*, by the "masters of wisdom". Thus, the seeker of truth moves through all schools of learning, from the academic to the esoteric, fulfilling all the conditioning and guidelines, *without question* Some accept its dogmas and premises as absolute truths, following the instincts and designs imposed on the human soul by its creator. But let us first analyze the *PASÚ* (We will call the sleeping man that from now on; concept extracted from Sanskrit meaning 'needle') man massified and subject to chronological lines and *designs* ontological aspects of their existence with which the gods of matter weave the daily fabric of life.

First, he develops as an individual by asserting his being on the basis of a structured personality in his *idiosyncrasy* racial, national and cultural that gives it a *psychological ego*; second, the *Pasú* tries to carry out all the social, cultural and religious guidelines that society and its cultural being impose: Having a family, children, progressing materially and economically, triumphing in the world of money and love, obtaining name, fame, social status, etc. . In this way he spends his entire life feeling that if he is successful he is "happy" and if he does not meet the demands of reality and liberal culture he is simply a common man, he is a simple "failure" of this plot, of this *existential labyrinth* and suffers its consequences, psychologically falling into a depressive pit that drags him inexorably towards ruin and perdition.

Undoubtedly, if this is not enough, NEOLIBERAL culture offers other alternatives to dissolve the **EXISTENTIAL DRAMA** how to be the **PERVERSION**, by addictions to alcohol, drugs, indiscriminate sex (Homosexuality, sodomy and sexual perversion), Techno music (Playful or without content that expresses the essential hostility of the spirit), etc. Now, if the *pasú* If you are fortunate in the world of circumstances and unlucky events full of meaning favor you by obtaining money, love and social status, you will feel that you have triumphed. Destiny also has its traps and the bourgeois *pasú* will suffer the consequences of a hedonistic, sensualist life, being trapped in the illusion of the power of money and terrifying consumerism.

However, if man is a **VIRYA** (term taken from Sanskrit which means 'awakened man') and has in its being a differentiated soul principle, existing within itself something spiritual, it will awaken to a second religious intention and will be able to take a leap *ontological* reorienting your I even a mystic, generally at first she will search according to her degree of *Intellectual will* and conscience

relating to certain esoteric religious groups: **masonry, Rosicrucians** (spiritist chain in general), **theosophy, yoga, Buddhism, Zen**, etc., adhering to them with conviction and loyalty, since these institutions promise to resolve the spiritual dilemma by "teaching" you the "secrets" of some ancient wisdom.

This is how the years pass within these organizations and the disciple begins to lose "*faith*", demanding and begging for greater knowledge from the "*masters*", they argue that he is still a disciple and is not prepared to receive the "*initiations*" that will allow you "*to evolve*", "**clear your karma**", and thus access superior knowledge. They demand greater faith, to continue begging since the plea is insufficient, that they must be even more strict with themselves, that they lack internal work, greater disintegration of the ego, of the **I**, etc. Unfortunately, as the greatest victim of fatality, man submits to these **doctrinal designs** subject to their ideologies, to the vertical hierarchical structures that impose the harshest conditions to access their pseudo-initiations and crumbs of knowledge.

In this state of affairs, the **LUCIFERIC WARRIOR** when if *submitto* a priest, a guru, a master of an esoteric or religious doctrine, exactly the same happens in academic forms; to obtain a drop of wisdom that never arrives, that was never granted even if it corresponds to you.

In this way, the seeker ends up deceived, subjected to the cultural guidelines of these esoteric religious structures with strictly DEVOTIONAL characteristics and conceptual premises with a low level of knowledge. His usurped Will and his conscience alienated by these merchants, "intermediaries" of the divine, incorporate him into the disciple, man or woman, into their dogmas, into providing service and obeying the masters and gurus; This is the fundamental premise: the **LOVE** to their visible or invisible superior hierarchies. The subjugation to which he is subjected is so terrifying that his possessions are even taken away from him, forced to be released or donated to his masters as a sign of "love". He is isolated, secluded in cloisters, convents, lumiciales, ashrams, etc., demanding that he break with his families, abandon his parents, brothers, friends because his essential duty is worship (in the sacralizing sense of form). imposed), love for their gods and wisdom teachers; everything must be given up if he is to receive a choice, a drop of knowledge, he must pay with growth of **pain** It is **Suffering**.

The reality and the truth is that these philosophical, religious, esoteric ideologies, of Eastern or Western origin, structured in sects, lodges, institutions, etc., only deceive the man seeking spiritual freedom and only seek to stop him on his path to knowledge, the Liberty; This sooner or later will lead to nothing, producing exhaustion in the seeker, a waste of time, slowly losing FAITH and hope, inexorably reaching disillusionment and disappointment due to mysticism and causing the abandonment of the search.

That's why he must **awakening**, realize the truth, understand that these sects, stores or religious institutions that promise everything, "INITIATIONS",

"WISDOM", "IMORTALITY", respond to a global religious and political synarchy that only responds to its interests, its **FLAT** and in himself man is simply a tool, a means and not an end, he is used by him, disposable, definitively and expendable.

This religious synarchy directed **metaphysically** from the heavens by the "masters" of the so-called "**WHITE STORE**" called Hierarchy, masters who show themselves with angelic figures or images or saints and who in reality are hypocrites who disguise themselves as enlightened, prophets or messiahs, and who carry so much malice and dogmatism, in reality they are true demons disguised as angels .

These beings, "divine" emanations of the **demiurge** who call themselves gods lesser than the **eschatology** Christian division into thrones and **powers**, seraphim, nephilim, archangels, and finally angels, represents them with an image of kind beings who help the **pasú**, in reality they are traitorous gods who serve strictly in the demiurge's plan and have such a degree of cruelty and coldness in them that they do not hesitate to sacrifice whatever is necessary if the great architect's plan requires it. And such is the deception in which man finds himself who firmly believes in these beings and who, due to the guidelines that he has pre-eminently acquired through religious culture and education, that it is not possible to see the reality of these "celestial beings", **REAL DEMONS DRESSED AS LAMBS**.

These and their **partisans** of the global synarchy in the service of their plans only propose to deceive the spirit to subject it to their designs, to their plans, to have it captured in matter, in the world, in the plan and its projects. The spiritual man is a VICTIM of these gods who betray the eternal spirit and keep him sleeping, subject to this plan of creation, this demented world of illusion where the DEMIURG, THIS TERRIFYING GOD **COPYCAT** THE ETERNAL is the main enemy of the spiritual.

THE WARRIOR HAS AN OPPORTUNITY TO ESCAPE, TO BREAK FROM THE CHAINS THAT SUBJECT HIM TO FEAR, IGNORANCE AND MEDIOCRITY THROUGH HYPERBOREA WISDOM AND THE WILL IN HIMSELF.

COMRADES in search of freedom and eternity, divine rights inherited in our BLOOD AND SPIRIT, OWN OF WARRIOR MEN WITH FIRM HEARTS, you have the natural and spiritual right to the highest knowledge, to eternal truths, and from this moment you will open this knowledge that are the keys to **VESTA TEMPLE** and the flames of wisdom will burn within you; if you are bold and valuable as a knight in strife you have the right **NOOLOGICAL** starting with the study of these mysteries. This is just the beginning.

DARKNESS OF THE TRUTH OF SELF; IN THE LAST CASE, GO BACK TO YOUR ORDINARY LIFE AND FORGET WHAT YOU JUST READ. BUT IF IT IS FIT IN THE FIRST CASE; HE IS A WARRIOR WHO SEEKS HIS INTERNAL TRUTH, HIS GNOSIS, HAS THE POWER IN HIS HANDS, THE TEXTS, BOOKS AND MATERIALS TO ACHIEVE IT BY HIMSELF, NOT BY A PRIEST OR PASTOR, PRIEST, RELIGIOUS LEADER, BUT YOUR OWN SEARCHES THAT WILL INITIATE YOU IN THE HYPERBOREAN MYSTERY OF ETERNAL GNOSIS; THUS YOU ARE ABLE TO CONTINUE AND DEEPER INTO HYPERBOREAN WISDOM. "I make this clear to warn you that, from now on, the supporters of Hyperborean Wisdom will have to define which reality they are referring to: whether the reality of the dead Führer in the Berlin Chancellery Bunker or the reality of the living Führer, always young in his Magical Refuge, where the historic times of the Final Battle await. And I warn you right away that those who choose to live in the first reality will be considered traitors, no matter how much they proclaim themselves "National Socialists" or "Nazis"."
