

**LEAF LEGION**

## **The Meaning of Our Symbol:**

'L'=50 in Roman numerals: 5 connotes Venus the 5 pointed star (its orbit around the earth);  
 $50+50=100=100\%=completion='The\ One'='god'/the\ Absolute,$  etc.

'L's are arranged as a leftwards implied swastika= against the cycles of time=immanent  
transcendence

black square=the matrix (nigredo phase of hermetic alchemy)

white circle=albedo phase

### **Principles:**

#### What we are:

adherents of an organicist way of life

def. 'organicist': A culture which develops through itself in a harmonious relationship with the sum total/Cosmos/the Creator, and which sustains itself through itself in relation to the Creator

#### What We Represent:

A microcosm of Universal Order; a particular organism that exists in harmonious relation to The Creator

#### What We Seek:

the self-evolution or development of our organism and its related forms of cultural expression

#### What We Do:

safeguard our culture from threats to its existence

-meaningfully add to this culture in ways compatible with its nature/essence

### **Specific Principles:**

#### We Support:

1) empowering and strengthening our culture and its members through

a) a healthful life: body; soul and Spirit;

b) strenuous opposition both for ourselves and our members to those who threaten our way of life

How this is done is provided in the following

### What We Oppose and What We Support:

-Those who seek to modify or change our identity in an inharmonious way and our way of life based upon it;

Who are they?:

1) globalist-monoculturalists, ie. 'internationalists'. Those who seek to pervert the cultures of the world and mix them together.

*-We Support organic cultural diversity*

2) Plutocrats [see above 1)]: those who live for money;

*-We support creative and fulfilling activity regardless of its monetary payoff*

3) Materialists: those who have no regard for and whom would deny Spiritual life;

*-We support a holistic life celebrating organic being (the earth) and The Creator*

4) Hedonists: those who live to self indulge or 'for thrills' (eg. drugs; alcohol; sexual promiscuity; sadists);

*-We Support a healthy enjoyment of life lived to the fullest extent of our being*

5) Bigots: those who have no willingness or ability to investigate reality or to think outside the box;

*-We support open dialogue and investigation its being without censorship or closed mindedness*

6) Individualists: those who falsely believe they are 'an island unto themselves' without relation to others or to the Creator

*-We support personality-the authentic expression of one's body, soul and Spirit not isolationism or self-service without regard to others.*

### Ethical Principles:

1) Live to Reach the Stars [ardua per astra]:

This means to evolve spiritually according to your inner and outer nature. Live in Eternity not the moment.

2) Live For Oneself but Others First:

Be altruistic as well as egoistic but not egotistical

3) Discriminate:

Help to raise up the deserving: those who share or may likely share your way of life and who are worthy of your time and effort

#### 4) Be Prudent:

Be prudent in dealings with others: understand the consequences of your words and actions

#### 5) Project Power and Strength:

In dealings with others project the values of a strong and healthy person, not a brutal thug or a grovelling sycophant

#### 6) Respect:

Have both Self and Other respect. Respect others if they are respectable. Prudently avoid those who are not without rudeness or slight

#### 7) Endeavour:

Carry out all actions with eyes focused on the stars and feet firmly planted on the ground. Always endeavour to achieve creative and fulfilling projects that create greater harmony in the world and assist in the upliftment of the worthy

#### 8)

Assist others of your kind when they are unable to assist themselves or if it would serve a greater overall purpose to do so

#### 9) Network:

Create networks to spread the message of your way of life

#### 10) Maintain a basic standard of Being:

endeavour to maintain a basic standard of existence body; soul and Spirit and to develop this state and not to deviate from it unless doing so serves a greater purpose in one's self and other evolution

#### 11) Challenge:

challenge yourself beyond the limits of your being to strengthen yourself. Subject to challenges to the state of body; soul and Spirit.

#### 12) Resist:

resist the forces which seek to weaken you and to defile; distort and destroy your being and your culture

#### 13) Karma:

All actions (including 'omissions' which are themselves actions) have consequences equal and opposite thereto: "What goes around comes around". Minimize Karma by living according to universal order, ie. the Creator. Defence and attack should be undergone in accordance with the Will of the Creator only.

## **Exercises for Body; Soul and Spirit:**

research pressure points and vital areas that inflict the greatest damage against opponent to subjugate the opponent and minimize legal liability for yourself

exercise caution to avoid injury and wear appropriate padding

kickboxing: solo or partner(s)

purpose: subjugate opponent through strikes; defend through forearm; glove and thigh blocks

equipment: heavy bag with gloves and headgear; elbow and shin pads if taking blows from partner(s) as well as pads on floor or to be performed on soft grass or sand, ideally in the sun in a quiet and private environment

grappling/wrestling:

purpose: subjugate opponent to immobilize or knockout using joint locks and throws

Stick Fighting:

purpose: strike blows to vital areas and keep distance to subjugate the opponent

equipment: small baton-sized stick; larger broom sized stick

knife fighting:

purpose: strike and escape and evade not trade stabs and blows

equipment: use fake knife (from martial arts supply store or make one) to simulate actual street encounter. Take it seriously and don't condition yourself to downplay the seriousness of the threat

## Resistance training:

purpose:

strengthen and develop the muscles; tendons; joints; and bones (musculoskeletal system);

metabolic conditioning (increase endurance);

develop willpower

frequency: 3-4 times per week with one or both of:

1) Bodyweight Resistance: circuit training (military style training):

push-ups<->squats (superset): 4 sets of 20; 15; 10;10 reps

(start with higher reps and decrease as you go each set; no breaks; continual motion)

2) Weight-Training:

1 basic exercise for each muscle group and direction of joint motion

avoid excessively heavy weights as it causes too much load on joints and excessive intrathoracic pressure and doesn't translate to metabolic conditioning but Absolute Strength which is not as useful for daily encounters)

examples of routines:

3 times per week; 10-12 reps x 4-5 sets; higher reps for calves and neck (eg. 20 reps); continual exercise without rest between alternating exercises; use proper form for exercises

Day 1) upper body superset/giant set

(eg.s 1)flat bench dumbbell fly<->1)lat cable pull downs or

2)cable crossover<->2) alternate dumbbell row)

take day off

Day 2) Lower Body superset/Giant set

(eg.s A) hamstring/knee flexion<->B) quads/knee extension

1)leg curl<->1) leg extension or

2)stiff-legged deadlift<->squats (note: 2) can be hard on the spine)

C) calf raise

(eg. 1) machine<->broomstick twists supersetted or

2) dumbbell on elevated platform<-> broomstick twists)

take day off

Day 3) Arms/Shoulders/Neck/Trunk

(eg.s 1) alt. dumbbell curls<->1) rope pressdowns

2) pull-ups<-> dumbbell kickback extensions)

C) Trunk/Erector Spinae

(eg. 1) hyper-extensions<-> broomstick twists/side-to-side motion)

D) Neck

(eg.s 1) hanging off bench: flexion<->extension: 20 reps or

2)rotation facing ground<->rotation facing ceiling: go slowly; 20 reps each or

3) wrestler's bridge)

day off

Day 4) weighted pack or weight vest walk

other forms of strength training:

hands:

hand squeezer (use only multi-prong squeezer such as 'eagle claw' martial arts style squeezers or cage-style vintage squeezer

-weighted vest

-strongman exercises (farmer's walk; sled drag; football style exercises);

-eyes: sun gazing (look indirectly at the sun for 3 minutes per day

-reflexology sandals: stand on wooden or metal sandals for multiple hours straight

## Cardiovascular/endurance exercise

6 days per week:

If no joint problem occur: run 20-30 minutes per day on an empty stomach or after other exercises (see instructions on proper technique; stretching, etc.)

if joint problems occur: elliptical trainer (ski machine) or other cardio machine that will utilize both upper and lower limbs and induce sweating and increasing of heart rate as well as deep breathing.

1 day per week: long walk with small light pack or no pack for at least two hours

-swim in lake or kayak or cross-country ski if you have the facilities and equipment

## Recuperation/Recovery:

sleep: 1000PM-0500AM/0600AM

purpose (accords with circadian rhythms; facilitates liver detoxification: "early to bed early to rise")

rest: 15 minute naps 2 times per day (ideally doing third eye meditations in a quiet environment; minimize discursive thought)

near infrared heat lamp: lie underneath for 30 minutes to 1 hour per day concentrated its light on baked abdomen, avoiding head exposure

oxygenate: ozone generator therapy: breath ozone rich atmosphere and drink ozonated water throughout the day

heliotherapy: sun exposure: before 1000AM and after 0200PM in most regions of the earth for at least 5 minutes on face and arms

earthing/grounding: stand on bare earth with barefeet for 510 minutes per day.

Reflexology/guasha stone (reduce muscle tension through massaging along muscle fibres)

Caveats:

Never 'wear your heart on your sleeve'. Never allow anyone to know what your thoughts or feelings are as they will use them against you.

The government experiments on people for their transhumanist agenda and for the torture and abuse of dissidents. To provoke you to respond to them is part of their program which is run through 'community policing'.

Never engage the enemy in word or deed in any public way. Appear normal at all times. Consider NOT reacting to the enemy as a test of strength and challenge to self-control.

The government and its endless community agents ('community based agents') all work as informants attempting to set up dissidents (those the government convinces them are 'evil'; 'criminal', etc.). ALWAYS appear as normal as possible or they will gather information on you and this might lead to:

- 1) forced institutionalization by the police or
- 2) incarceration should you retaliate in word or deed to their provocations.

AVOID all government agents and understand that ALL 'moral majority' people and MOST people in western societies are unofficial or official agents of the police state. THEY have a 'hive mind' and are incapable of rational thought outside of their programming/dogma which is 'egalitarian globalist pacifism'. Anyone they consider to be 'Other' to themselves they will persecute to death.

Therefore: employ the 'grey man' strategy: never become known or you will be subjected to 24/7 persecution globally.
