

DEMIURGE

DEMON-URGE

Demiurge, Demon-urge

"let there be light"

The Big Bang erupted in the cosmos and Mari Magdalene took heed. She observed the violent brute assail her starry gown tearing a hole through which He spilled His seed of panspermia, ejaculating His violent Will into her virginal sacred space creating abortions of His dense ideoplasmation.

From this act of violation, this rapine of her Being issued forth the abortions of His seed, that of the dark forces, inter-galactic vampires made in His image and traveling along his electrical current of explosive force seeking to consume the souls of sentient life to empower themselves and this at the expense of the harmony of existence.

These hordes existed in different dimensions then in the Eternal Realm wherein Mari Magdalene dwells and has ever dwelt. The dark forces, the evil horde, have the capacity to transform their shape and exist in the Demiurgic planes of the akasha and within the astral planes traveling with the Will of their Father the Prince of Darkness, the Demiurge, Jehovah-YHVH as His later creation the jews would refer to Him.

The Demiurge's transmission of his electrical force, His Will to Power, is His trieb or drive (His 'urge') that is the death drive which seeks to rob the souls of the sentient life of all realms He can reach. His electrical discharge, his temporal orgasm is Time flow, initiating the cycles of Time and creating all degeneration and 'the fall' of all life forms which can be grasped in His greedy maw. Thus His Will is the death drive (todestrieb), the Will to Power of the Cosmic Vampire whose insatiable lust for the appropriation of the life force of others can only be stopped from higher planes and indeed can only be stopped through His own Self-extinction through the exhaustion of His Will after it has no longer any life force to absorb into itself in 'Pralaya' as it was called in Vedic cosmology.

We are all subject to time flow at our level of being on this earth Gaia, the materialized and crystallized Aeon Sophia/Gerda. The Demiurge's violent transmission bathes us in His cosmic bukkake, and His matrix which has been established by his slaves further entraps us in lower density states of consciousness. They have reduced our lifespans from over a thousand years to a few meager decades, nasty, brutish and short as we desperately seek to slake our thirst to the utmost in carnal indulgence. In exceptional cases some have sought either a way out of the matrix or in the rarest cases to fight against it and destroy His lower-level minions and salvage the Earth Mother and Her denizens. These Heros (Viryas) combat the Demiurge so that the salvageable souls may resurrect on higher planes and avoid the fate of earthbound souls who have not raised their heads above the earth to view the stars let alone live amongst them.

The vampire nature of Jehovah-YHVH has transmitted itself to his minions as aforementioned. These cosmic vampires may be likened to the Nazgul of J.R.R. Tolkien's works, dark energy matter entities who dwell in innerspace in the astral planes between the third and fourth dimensions. These vampiric creatures answer to the Will of the Demiurge and are often mistaken by those under the spell of the witchcraft calling itself christianity for 'angels'.

They are aggressive and vampiric entities which steal the souls of they who have become or have always been spiritually weak, lacking in the life force and thus have not developed an adequate self-defense through creating an integrated soul, incorporating into themselves the essential elements of their being in a diamond hard fusion of parts so that the soul is not easily disintegrated by these entities through their vampiric feeding, having attached themselves to the soul of the spiritually weak, especially those who 'worship them' in the churches, i.e. those who allow themselves to become the prey of those predatorial entities through 'earnest devotion' and 'prayer', transmitting their thought energy to them by the sympathetic magic of words and symbols (Hebrew letters; the messianic symbols of the Jewish man God archetype) and through their presence in the vampire hives called 'churches' wherein these entities are invoked through that means.

The desertification of the earth plane by these entities and by their lower-level creation jewry and their affiliates who comprise the cabal of judeo-masonry/christianity ('J.O.G'-Jehovah-jewish occupation government system). This is the direct result of the time flow of Jehovah, Father Time and are instruments of His Will, His mode of existence and essence, that being the Will to Power of the lower entity.

All seek to consume that which exists outside of their being, to absorb vampirically within that which lies without. As the Smashing Pumpkins' song has it "the world is a vampire" and beyond this, beyond the worldly vampires who feed upon the souls of the earthly denizens across all kingdoms of life, the vampire Jehovah and his intergalactic legions expresses His Will to Power.

The hordes of evil are the "demon urge" of the arch-demon Jehovah, Prince of Darkness, and are a microcosmal reflection of Himself controlled by His Will and material manifestation of His conscious mind, the diabolical consciousness of Will to Power, the death drive. Both the Demiurge and His legions constitute a 'disturbance in the force', a violation of and abortions of Mari Magdalene and are the inharmony or discord in aether, truly spoken of as 'forces of chaos'.

Paleo-historically they created 'man' in their image, creating anthropoidal abortions whose Neanderthal precursors were interbred with themselves or through gene-splicing, constructing what had come to be mythologized by such as Christian Identists as the seed line of 'Cain', "the children of the wicked one", 'Satan'. Only this biblical confusion is a misunderstanding as it is a jewish distortion, a translation in textual form called "the book" (byblos-'bible' in Greek) of the jewish recognition of Paleo-history, of the liberation of the souls of the anthropoids from the entropy of the Demiurge. Through their interbreeding with Divyas and taking into themselves the vapor igneo, the blue-blood of the Aryan, and shattering their own genetical-spiritual blueprint of the Demiurge. This former blue-

print of blood limited their existence to a recycling through the eternal return, the wheel of Ixion or incarnation and which facilitated the feeding of the Dark Lord Vampire, feeding off the blood of sacrifice and through war and revolution instigated by his earthly cybernetic robots who later came to be known as jews, the true "children of the wicked one".

The Divyas of first Hyperborea, of the Eternal Planes, chose to involute on this Earth to break the cycle of the Eternal Return and to defeat the Demiurge and his hosts, cutting off his blood source through their intermixture.

The biblical injunction to "be fruitful and multiply" was inbuilt into 'the book' in homage to the Demiurge to perpetuate the cycles of incarnation-to create more anthropoids so that they will serve as crops of bodies into which souls may incarnate and become earthbound serving as food for the Cosmic Vampire.

To downbreed and downgrade the involuted Aryans had chosen to fight on the earth plane and who have taken a risk in becoming earthbound themselves in order to fight to the death against the evil horde who enslaves this world within His vampire matrix.

The involuted Divyas also known as the Vanir in the Nordic Edda mythos (itself closer to the truth than 'the book'-byblos/bible-will ever be), having fully integrated souls and dwelling in the Eternal Realm having no 'demon urge' of the Demiurge are not subject to His Will and will eventually come upon this earth either in physical or nonphysical form and tear apart the control system and the controllers who enslave this earth.

Of course this will only be done in accordance with cosmic law and the degraded whites, no longer Aryans in most cases, who exist on the earth plane and are a product of further miscegenation must prove their merit to live through keeping up a constant fight against the evil horde on this Earth and beyond.

Else the Divyas will leave them to their own devices and they may then perish owing to their comparative lack of power, "drowning in a sea of mud" as Ben Klassen phrased it, swamped by the "evil tide" of the Prince of Darkness and His legions visible and invisible and allowing their souls to be absorbed by The Vampire, leaving the earth to become evermore devitalized and dense as it is fed upon by the Demiurge and its spiritual life becomes all but extinguished.

The 'goyim' as they are called in jewish, or 'profane' in judeo-masonic, parlance are the whites who have the capacity by virtue of their inner 'virtue' (meant in a classical sense of excellence of qualities) to overcome their enslavement to these entities and Their Master. Those who do not are merely chattel slave labor of the Demiurge and will revolve around in the wheel of incarnation until they are absorbed in 'Nirvana', 'going to God' to be absorbed as soul food in the Demiurge's maw. Perhaps those who are of pure soul will continue into the higher planes, the writer is not qualified to speak of their fate.

They who have sold their soul to the Prince of Darkness for the almighty dollar, who are, as Charles Manson has said "dead in the jews' money", will have their soul consumed in the afterlife. Through sympathetic magic, through the law of attraction, through their transference of their thought energy to the hierarchy of evil and to their Dark Lord, their souls will be absorbed post-mortem and they will cease to exist.

They exchange their vital life force which they confer upon their Master as Gollum in "The Lord of the Rings" for promissory notes which enable them to accrue earthly treasures and to thereby serve the system in its perpetuation of its vampirism. They are the 'backbone' of the 'demon of the economy' as Evola called, the bio-energetic currency which is absorbed into the maw of the Cosmic Vampire.

These chattel slave labor who are called 'goyim' by the jews and their black magician affiliates exist purely for earthly and carnal delights else to worship and venerate the Demiurge in their slave pens, the angel hives of churchianity where they go to be programmed and subsequently possessed.

'Useful idiots' they are also called by their masters who exploit them for their purposes. These 'useful idiots' in their extreme ignorance 'believe' (as they could never 'know' that which is false to be true and which hence would not qualify as knowledge) they are deriving some 'benefit' through selling their soul for fiat currency and the transient pleasures of this world.

They believe in their extreme arrogance and ignorance that they are a special group of people, 'above' others on some nebulous 'spiritual' (in reality demonic) basis through paying obeisance to their Dark Lord Yahweh-Jehovah and exalting their ego the while as their souls are leeches off by the 'angels' and converted into puppets whose consciousness is controlled and influenced by the Demiurge and His subordinate ranks.

The demon-urge which is The Will to Power of their 'God' is transmuted through them and manifests in their behavior: behavior which could only be construed as 'violent', a violation of the 'Other' in their 'Otherness'-an aggressive imposition of the Word (Verbum; Logos) upon all of those who are reachable: either with the Hebrew language of 'the book' or with the steel and lead of sword and gun, casualties of the 'jus bellum' of the despotism of the Demiurge.

As the appearance of this Will to Power serve as its vehicle, having not resisted the temporalizing nature of the Will of the Demiurge but having succumbed to its influence and thus, though believing in their complete ignorance they are creating a wonderful world of 'spiritual love' are in fact imposing the Will of the Prince of Darkness upon all through their false gifts which serve as a cover for their Will to Power.

The demon urge of Jehovah is translated through his minions as a violent aggression (in however a passive aggressive form) against all those who are not-self, anyone and anything 'Other' that is not assimilated into the hive mind of the 'Divine' (i.e. the demonic Demiurge).

The demon urge of the Demiurge entails a forceful imposition against all-believe; bow; subordinate yourself before Me and indeed proselytize and force all to likewise bow else perish, being qualified as a 'heretic' or a Satanic being-and this by those who qualify as 'adversaries' of their 'God', 'Shaitan' meaning 'adversary' in Hebrew.

The black magicians affiliated with jewry are 'twice the child of hell' of their masters the reptilian hybrids, the jews as they have violated their soul through affiliating themselves with jewry and subordinating themselves with conscious awareness before the G. A. O. T. U and taking upon themselves the karma of that entity and all of the chaos generated under the guise of 'Universal Order'.

They being more conscious of what they do even than their 'useful idiot' minions at lower levels bear a greater karmic burden and thereby express the 'Will to Power' of the Demiurge to a greater degree, having proportionally greater power and knowledge in the gnostic sense of the planes beyond the earth and the entities which dwell therein.

The Shabbos goy both christians and freemasons who service the jews and the Demiurge (and possibly who are unaware of their service to jewry though certainly not to the Demiurge who they are bound to by the sympathetic resonance of their devotions and ritualism); they have made of themselves His robots and in most cases are probably possessed by His legions or hosts who they, to the extent they have any independent consciousness (mis)understand as wonderful and powerful 'angels' who render assistance and aid to themselves as a reward for their carrying out the Great Work of building Solomon's temple on the earth plane.

The demon urge works through them and this in the form of their vile semitic rites of torture murder and sacrifice- they are indeed 'possessed by the archetype' as Serrano would have phrased it, under the influence of Jehovah and thus inebriated in their consciousness with the violence of His Will, of the 'demon-urge' which works through them as its vehicles on the earth.

All of those who have the misfortune to have gotten caught up with the programming of the control system and to have become hooked into it as a part of the hive mind of Zion become likewise possessed by the archetype and become his slaves and this to varying degrees of intensity; the more bound to the archetype via sympathetic resonance the stronger the inebriation, the stronger the hold of their Master and, like the figure of Gollum in "The Lord of The Rings"- have their energy vampirized from them by the evil hordes to which they are bound.

The emotional pathos and doom and gloom of judeo-christianity, working up the zealous adherent into states of fear and trembling and us enabling their possession by these angelic hosts is the slave religion that keeps them coming back for more.

Those at higher levels had become fully possessed but also are converted like Dracula in Bram Stoker's novel into a vampire themselves-fed upon by the evil horde and simultaneously feeding upon others, transmitting the soul energy of their prey up the chain of command of the Dark Forces to the Demiurge Himself, involving themselves in a world of predator and prey and all for one self-for what to all appearances is personal power and advantage for themselves but is in reality merely a transient and temporal benefit they derive from their hierarchy who uses them to enslave all on the earth, reinforcing and maintaining the matrix soul farm for the evil horde and then having their soul absorbed into it postmortem, 'going to God', i.e. becoming soul food for the Demiurge and his minions who exist in higher dimensions than the physical above the material plane.

The demon urge of Jehovah is His vampiric Will to expansion and Will to Power. It radiates out from Himself as center, attempting to consume all and to feed upon the disintegrated souls of the 'human-all-too-human' and the animal men who constitute the bipedal denizens of Gaia.

Only those who walk a path of transcendence up the mountain top may be said to have secured their place in Eternity and may overcome His Vampire Will. Beyond simply overcoming its influence upon themselves they have purchased the chance to defeat the 'demon urge' of this great beast (Therion) who seeks the death of all sentient life through absorbing it into His maw. Those who follow the path of 'detached action' alone may defeat Him and His slaves.
