The Sooner the Better

Polarization and Confrontation

The Jew contrives to delay it until the White Race is too weak and degenerate to fight back before closing in on the kill.

By Ben Klassen, P. M.

From the earliest dawn of history, it has been the White Race that has written it, and achieved all the major accomplishments that were worth writing about. For thousands of years, the White Race and the White Race alone has built civilizations, built empires and reigned supreme. Not until as recently as 40 years ago, after WWII, has the White Race seriously been threatened of being overtaken and massacred by the exploding mud races.

Today that threat is very real, in fact, ominously so, and only a major and drastic turnabout by the initiative of the White Race itself can save it from almost certain annihilation.

How did we get into such a mess, such a horrible dilemma?

It is the objective of this analysis to trace the course of this awesome development to isolate the hand of the Jew in the degeneration of our race, and come up with a solution.

We want to docket, step by step, how the Jew from earliest history has deliberately, in an assiduous and planned conspiracy, chipped away at the White Race, confused it repeatedly, mongrelized it at every opportunity, inveigled it in religious insanity, and torpedoed its numbers, power and influence at every turn. This they have done without the White Race hardly ever even daring to admit that it was being assaulted.

Let us go back to the earliest of all great White civilizations and start with Egypt, where history, and even the Jewish bible, records the earliest presence of this pestilent parasite on the back of civilization.

The Jews in their concocted history of themselves (that we charitably call the Old Testament, and even more foolishly have made a major portion of "our" Bible) claim that they were slaves in a proud and powerful Egypt, and that they wanted out. As usual in their renditions, they claim they were poor, downtrodden victims and the wicked Pharaoh would not "let their people go." It was only by the perspicacity and heroic leadership of their Moses, coached by their tribal god Jahweh,

that they were able to extricate themselves from the clutches of the evil Egyptians.

What authentic history we can gather confirms the presence of the Jews in early Egypt, when Egypt was still White. However, there is no historical evidence of any Moses and it is doubtful that he was anything more than another fictitious character, as undoubtedly were Abraham, Isaac and Jacob. What history does record, is that the Jews were then already a well established breed of parasites when a small segment of starved and miserable Jews appealed to the sympathy of an unwary Pharaoh and allowed them to enter his domain. Little did he suspect the virulence and destructive nature of the tribe to which he so foolishly offered hospitality.

The Jews soon rose to high positions in the land of the Pharaohs and simultaneously the Empire began to disintegrate as this race of vampires began to show

Time is running out for the White Race. Confrontation now is preferable to being wiped out later.

their true colors. They soon indulged in their favorite historical commerce — the trading of slaves derived from the black Nubians to the south. With slave-trading, mongrelization of the fine Egyptian gene pool was soon underway.

Gangs of bandits sprang up and began to harass and plunder the ancient trade routes. They became bolder in the outposts of the Empire. With their well developed system of communication (as always) the Jews knew exactly when to strike and which towns were most poorly guarded.

As time went on the population became darker, more mongrelized, and more alien. Its leadership became more disoriented and slug-

gish, and the nation began to disintegrate.

An ancient papyrus in Leiden, Germany, translated by Alan H. Gardner, states:

"Egypt was in distress; the social system became disorganized; violence filled the land. Invaders preyed upon the defenseless population; the rich were stripped of everything and slept in the open, and the poor took their possessions. It is no mere local disturbance that is here described, but a great and overwhelming national disaster. The Pharaoh was strangely inactive."

Does this sound similar to what is happening in America today? It does. But let us proceed to a stage America has not yet come to, but soon must, if the White Race is to survive.

By 2100 B.C.E. a demoralized and divided Egypt was easy prey to the Hyksos invaders. As the Jews were to do later for the Moslem invaders of Spain, the Jews paved the way for the Hyksos.

After 511 years, the Egyptians had had enough and finally got their act together. They ran out the Hyksos and the Jews along with them. Contrary to the Jews claim that the Pharaoh wouldn't let them out, the Egyptians couldn't get rid of them fast enough and ran them the hell out of their domain.

Just as the Jews have inverted and perverted the story of the fictitious "holocaust" so even then did they concoct their treacherous history and claim they were held in bondage and we have been stuck with that story ever since.

But the damage in Egypt had been done and it was irreversible. A partially mongrelized and fractured Egypt continued downhill to the abject picture as I have described in Racial Loyalty No. 11 and 12. Poverty, overpopulation and helplessness is the lot of a once proud and resourceful White Race.

At every opportunity, at every turn in history the Jew was on the side of our enemies, and helped to betray,

confuse and sabotage the White Race.

One of the finest of all genetic examples of the White Race that we can point to existed in Ancient Greece during the Golden Age of Pericles. In their Protocols, the Jews delineate the course of the Symbolic Snake. Its first stage in Europe was at the time of Pericles in 429 B.C.E. when the Snake first began gnawing at the vitals of that great and hapless civilization. Today Greece is one of the most mongrelized of all European countries, and barely on the fringe of what can be legitimately called the White Race.

We move on to Rome, that greatest of all ancient civilizations from which we today inherit so many of our laws, so much of our language and culture. This civilization, too, the Symbolic Snake thoroughly disemboweled. The Jews were again in the forefront as slavetraders and did their utmost to drag into the Empire all the scum and derelicts of the East and from Africa. **But the biggest blow of all was heaped upon the Roman Empire and its rapidly degenerating gene pool when the Jews stopped that racial melting pot with a poisonous new creed — Jewish Christianity.**

This brought on a total breakdown of law, order, society and the whole previous culture. **The Dark Ages ensued.** When Europe was assaulted by the fiery sword of the aggressive new Moslem religion in the 8th century, the White Race had reached its most vulnerable and lowest ebb.

When the Mohammedans crossed the Mediterranean and the Straits of Gibraltar to invade Spain in 711 C.E. the Jews betrayed and paved the way on the Spanish side. The Semitic Arabs rushed in, conquered Spain and drove all the way into the middle of France, where they were finally stopped by Karl Martel at the Battle of Tours in 732.

During their next 750 years of Moslem occupation, the White Race again suffered debilitating mongrelization. When the Moors were finally driven out in 1492 by Queen Isabella, the Jews were again very much in the midst of the fray, aiding, abetting and financing the Moors, and betraying the White Race at every opportunity.

The Mohammedans made two more major attempts to assault White Europe, one, extremely successful and highly damaging, and another almost successful.

This time it was the Mohammedan Turks, a Mongol race originating out of Asia.

For one thousand years Constantinople had been the cultural and religious diadem of the Eastern Roman Empire. Again, though racial miscegenation, a mixture of polyglot cultures and language, Constantinople degenerated into the hodge-podge of a racial Babylon. It was ripe for the plucking and in 1453, Sultan Mehmet II, then only 21, invaded and conquered the greatest of all White bastions in Eastern Europe. When he rode his horse up the steps of the Hoga Sophia basilica, it was one of the worse defeats and the greatest setbacks the White Race had suffered in a thousand years.

What did the Jews have to do with it? Quite a bit. Again, they had confused and demoralized the Orthodox culture of this Eastern capitol for centuries in advance, bringing about its degeneracy and collapse. When the final battle was joined, they were again in the forefront aiding and abetting the enemy and betraying the city from within.

Having secured this most strategic of all major bastions in Eastern Europe, the Mohammedan Turks continued to press onward and upward into the heart of Europe, seeking to conquer that whole continent. In this they were aided and abetted by the White nations themselves, when the White nations of Europe indulged themselves in a suicidal orgy and a self-inflicted bloodbath. The Thirty Years War (1618-48) greatly decimated and weakened all of the White Race. It set them up for further Mohammedan invasion. This vicious and insane war, fought over Jewish Christianity, pitted Catholic Christians against Protestant Christians. All of Europe suffered greatly and the effect on the German states especially, was devastating.

The Turks saw their best chance when their leader Kara Mustafa, encouraged by an alliance with France, made a major assault on Vienna in 1683. They were defeated by an alliance of John Sobieski of Poland, and Charles of Lorraine of the Habsburgs. This ended for all time the threat of the Moslem invasion of Europe. Had the Turks succeeded, as they nearly did, much, if not all, of Europe would have fallen under the sway of the Mongol Turks.

Before we leave Europe let me add other fratricidal and suicidal wars and events which decimated the cream of White manhood in Europe and bled her dry. There is hardly a one in which the hidden

hand of the Jew did not participate, instigate, enter, and manipulate.

(1) The Hundred Year War between France and England.

(2) The French Revolution in which the Jews decapitated the French nobility, and with it, their most capable leaders.

(3) The Napoleonic Wars, which lasted twenty-four years and bled France dry.

(4) The wars between Prussia and Austria.

(5) The war between France and Germany, 1870-71.

There are many more, but let us now leave the continent of Europe for the time being and turn our attention to the Western Hemisphere. Let us see how, after three centuries of vigorous colonization by the White Race, those two continents, both North and South America, too, were undermined, mongrelized and taken over by the Jews.

One of the most crippling moves that the White settlers practiced from their earliest beginnings was the importation of black slaves from Africa. This was practiced by the Spanish colonizers in Cuba, Mexico and South America. It was practiced by the French in San

CREATIVITY — A dynamic program for the uplifting and upgrading of Nature's Finest to all the far corners of this Planet Earth.

Domingo, to their subsequent annihilation. It was practiced by the White Anglo-Saxons in the British North American colonies, especially in Virginia, Georgia, North and South Carolina. It was vigorously pursued by the White colonizers in the Caribbean islands, which today are nearly completely negroid and mulatto.

In all these, the Jewish slave trader was the key mover, and through their historic experience in this ancient and nefarious trade going as far back as Ancient Egypt, the Jew knew exactly what he was doing.

What he was programming was the future mongrelization and destruction of the White Race, which today is becoming overwhelmingly apparent.

To help speed up the process the Jews instigated the fratricidal Civil War (1861-65), which severely decimated the cream of White American manhood, especially in

the South. It also promoted the jungle animals into a position of "equality" with their former White masters, and, in fact, disenfranchised the White population of the South for two decades.

Having dismantled both the economy and the social framework of the South, the Jewish carpetbaggers from the North rushed in and grabbed the physical possessions of the now destitute White Southerners for a mere pittance. After more than a century, the South has not even today recovered from that devastating blow.

To further decimate and enslave the White Race the Jews next embroiled both America and most of the White Europeans in two devastating wars, World War I and World War II in a short period of thirty years.

The result has been overwhelming in the deliberate crippling of the White Race. Not only did the Jews thereby destroy one of the key nations in Europe, (Germany) but they have now successfully placed in financial bondage every nation of the world, be they White, brown, yellow or black. At the heart of this conspiracy is the Jewish House of Rothschild, The Federal Reserve Board, and the whole Jewish cabal. This band of gangsters is successfully running a worldwide counterfeiting ring, a financial scam, by which they have stolen the wealth of the world by merely manipulating worthless paper.

But their financial manipulations are only part of the game. Since World War II they have seriously undermined the White Race and boosted the power of the mud races by various treacheries and devious political tricks.

One of these was turning the Suez canal, one of the two most strategic waterways in the world, over to an inferior mud race, the Egyptians. A second treacherous move paralleling the Suez canal caper was to turn the Panama Canal, owned by the United States, over to a tinhorn communist dictator, and paying this banana republic large sums of money to take it. This was not only a treacherous slap in the face to the American voters and taxpayers, who vigorously opposed it, but a devastating blow to the future security of the United States and the White Race itself. Treachery, lies, deceit and the strong arm of Jewish political and financial power achieved this betrayal that twenty years ago would have been unbelievable, and even today reeks to the high heavens.

Now let us turn to the continent of Africa. We find that after World War II nearly every territory

Naples, Fla., Jews go Paranoid over our new book **EXPANDING CREATIVITY**

The following article recently appeared in the Naples Daily News, and is pretty well self-explanatory, except for its significance.

The question arises; of all the thousands of paperback books on the newstands, why should the Jews be so deathly afraid of some one reading **EXPANDING CREATIVITY**? If the book was inaccurate, or made no sense, or was just plain diatribe, nobody would pay any attention to it and nobody would particularly care whether it was on the newstand or not, now would they? So why the fear, the paranoia, the call in the middle of the night, the haste to destroy them, so no one could get the message?

The answer is obvious. The Jews know, and we know, that what that book (and our other *Three Basic Books*) say is true and it exposes the whole Jewish cabal, including its

Christian accessory that they have manipulated and utilized so cleverly. Hence they denounce and suppress it whenever and wherever possible.

This act is, of course, an act of strong-arm censorship and if it was turned on the Jews, such as for instance destroying any literature or propaganda about their concocted "holocaust" what would happen? They would of course, scream to high heaven about censorship, freedom of speech, First Amendment Rights and their whole laundry list of rights.

What about the White Man's rights of Freedom of Speech?

Well, let the Jews get it straight: we are not begging hat in hand. We mean to exercise our constitutional rights, come hell or high water. We mean to pursue our full course of action as set forth in our creed and program until such time as the White Man is again fully in charge of his own destiny. Nothing less will do. 

Along the Trail ... a hateful diatribe surfaces

BOB NABER PHONED. I was asleep. It was night. He apologized for that. But he was terribly upset. I couldn't blame him. He is a bright, rational guy and he knows about people and history from George Washington to Adolph Hitler. An odd little paperback book out of North Carolina was almost making him upchuck.

He found the little paperback by accident. He was on Fifth Avenue in Naples between one prestigious bank and almost next to another prestigious bank.

He happened to pass a news rack in front of a supermarket. There in the rack were six paperback books that obviously didn't belong there.

The book was titled, "Expanding Creativity, a Powerful Religious Creed dedicated to the survival, expansion and advancement of Nature's Finest."

THE AUTHOR'S name was "Ben Klassen, P. M., Founder, Church of the Creator", and on the first inside page it said Expanding Creativity was an "idea whose time has come."

The book has 254 pages and it apparently was composed of the first 12 issues of something called "Racial Loyalty, Published by the Church of the Creator, P. O. Box 400, Otto, N. C., 28763. Dedicated to the younger generation of Nature's Finest. It is into your hands we have thrown the torch. It is you who will have the awesome burden, but also reap the glory of fighting the battle for the survival of your race and of civilization itself."

Bob read the paperback, getting more nauseated by the minute. It seemed to be a startling sort of revival of the stuff the little paperhanger named Hitler got going in the beer halls of Munich, in that dreadfully hungry period after the big war.

THERE IS, in this dogma, only one race worthy of being carried on into the future. That is the White Race. The Jews Hitler hated and murdered by millions?

After 65 years, the book says, "the Jewish onslaught rages on. Violence against our church!"

But the paperback composed by these Neo-Nazis insists that these new Nazis are not atheists, but creators of a new all-White credo. And there is the Hitler appeal to youth motif. There is, in the paperback lexicon, provision for a school for gifted boys.

Eventually, however gifted, boys will be boys so there is a notion of establishing a "Cupid's Corner".

And a slogan, "Come out of the closet, White Man, Your fear of the Jew is highly paranoid!"

The Jew, says the little paperback

book, is "stealing our most precious treasures, our genetic heritage!"

The little paperback considers Adolph Hitler as "the master organizer of all time!"

It analyzes Hitler's Chapter IX (Book 11) on "Propaganda and organization," and how Hitler strategy can be applied to the Neo-Nazi group.

"**WE ARE NOT** helpless," the paperback says. "The White Race is not using even 1 percent of its tremendous resources. Properly organized and harnessed, our potential is beyond comparison. Let us use our muscle!"

My friend Bob, already sick at heart, found there was more, and worse Neo-Nazi philosophy.

"The White Race," the Neo-Nazi digest drools on, "in its 6,000 years of civilization has never had such a core to polarize around that concerned the White Race as such. Never, that is, until a little more than a decade ago when Creativity appeared on the scene.

"Remember, everything that was good and sensitive on the face of the planet was done by the White Race."

"We have it all! Now let us do the sensible thing and channel our resources to our own benefit."

At about that point, Bob decided he ought to phone me. I should know about the little paperback and the Neo-Nazi who published it.

So he bundled all but one copy of the paperback (priced at \$5 each) to the trash can. Then he phoned me at home where I had just given up on the Chicago Bears and Dallas. He said, "Tony, you wouldn't believe the sort of spiritual filth that is being peddled right here in Naples.

WE MADE A DATE and Bob brought the book to my office. It was, he sighed, an ancient chapter out of Adolph Hitler's Nazi credo. It was a bloody echo of the hatred that fueled the ovens in the Nazi death camps and murdered the good people who had fled into the sewers of Warsaw.

Hitler's Nazis fought their way to the very banks of the Volga River, at Stalingrad, and then his hungry, frozen army literally fell apart.

After the awful war Hitler started, I trudged the banks of the Volga at Stalingrad and I talked to Poles in Warsaw who had given food to little children who crawled out of the sewers to find food for their families.

And I visited the death camps where Jews languished until death left nothing but brittle, charred bones.

Bob and I agreed there is no room for Nazis, new style or old style. 

POLARIZATION

(Continued from Page 2)

in Africa was settled, controlled and/or governed by a White European power. Through chicanery, treachery, and deceit, every White power has now either evacuated those colonies, or been driven out. The only exception is the Republic of South Africa, and it too, will soon, through deceit and treachery, be delivered over to the savage black animals. (See *Racial Loyalty No. 28, "South Africa — The Last To Go."*)

And so with worldwide Jew power in the crescendo, the White Man is now on the run, whether in Africa, or Europe, or America. Through stupidity, through cowardice, through lack of foresight and understanding on the part of the White Race, it is now reaching the end of the line. As we can see from a review of history the Jew has assiduously whittled away at the White Man's culture, his morale, his political and his financial power. Through repeated bloodletting and mongrelization of the White gene pool, he has reduced the White Race to a cowering hulk of simpering wimps. The White Man is now denouncing and denigrating his own race, shamefully caterwauling and kowtowing to the blandishments of the filthy Jews and niggers.

But it won't save his neck from the final reckoning for his abject cowardice and criminal idiocy. The sinister Jew is skillfully biding his time, all the while proceeding with his planned and deliberate program of weakening, decimating, demoralizing and mongrelizing the White Race, as he has for thousands of years, going all the way back to the White Egyptians. He does not want a pitched battle, or open confrontation between the

White Race and the mud races, **not quite yet.** At this time such open conflagration would still result in an overwhelming victory for the White Race and wipe the mud races and the Jew along with them, from the face of the earth.

The time is not yet quite ripe. But give it another ten years, perhaps fifteen, and the White Race will be so weak, confused and decimated, it will have neither the will, nor the power to defend itself. **When that time comes (and the Jew will recognize that proper time) he will unleash the fury of the mud races, joined by the renegade White traitors, in the biggest bloodbath in history to massacre the White Race en masse.** (Read again *Creative Credo No. 30 in the White Man's Bible, "The Grisly Lesson of San Domingo."*)

That is the goal and the dream of the Jewish power establishment — no more White babies — to destroy forever the power of the White Race from ever again threatening the stranglehold of the world's foremost parasite.

We, of the Church of the Creator, are struggling to avert this major tragedy from coming about. **We say — rally the White Race now and polarize around the only major idea that can still arouse and save the White Race — a powerful racial religion — Creativity.** Arouse and organize the mighty force that is inherent in the White Race before it is too late. We still have the numbers, the means, the wherewithal. Let us awake, let us now make hay while the sun shines, organize and utilize our awesome might and save ourselves and the future generations of our progeny. There's no other way out. 

BRICKBATS & BOUQUETS

Dear Pontifex:

As we both know, I have owed the Church some money for some time now. Due to the financial problems that we have discussed in the past, I have forgone sending you any money. A week or so ago as was promised by you, again you showed your faith in me and, sent me ten copies of your new book "Expanding Creativity". As I read your new book, I realized how hard you are trying to make this world of ours a better place to live! The wisdom, responsibility, the dedication that you have put fourth for our race — comes from the heart! My conscience has bothered me for some time now for not doing what I should. I really can't afford to send you this check. But, on the other hand, how can I not afford to not sent it! I fear that time is short for our race. In your capable hands it can do more then I could ever do with it.

I don't know if I've ever said "thank you"! I really would not know where to start. But I do know that as a responsible White Man who knows what is in store for me if our effort to wake our race from its slumber does not take place — it is over for us and our children!

Please find enclosed my check for \$100.00.

Respectfully,
Rev. G. Smith
Nevada

Dear Pontifex:

This is to acknowledge the receipt of the books which had arrived on the 26th of August, however, I had to wait until my social security check came in order to be able to send you a donation.

I also shall do my best to distribute these books as quickly as possible. I am sorry, that I am unable to send you a larger donation, however, I have no other income, but I am trying to support your organization as much as I can. Trusting that you will be able to understand my circumstances, I remain,

Cordially yours,
Otto Pokorny

Dear Pontifex:

Sorry for not contacting you sooner, I have been extremely busy! I am sure you will understand.

Things are going great with our group the White Student Union. We get stronger everyday! As a matter of fact, we just came out with a 8 page issue recently. You should receive it soon. There are now 4 WSU's nationwide now, and 2 more will be forming soon.

Summer is going fine for me. I work with my dad alot putting up satellite dishes, and I work with our movement the rest of the time.

I am sorry to hear that your school was not able to get enough support and kids, hopefully next summer. I sure hope that I can get to that school whenever it does open! I just wanted to drop a line to let you know that I am still here. Tim and I keep everything under control. I hope to hear from you.

Sincerely
Rev. John Metzger

Dear Pontifex:

I cannot really afford the donation but have to support a man of such courage and principle — somewhat hard core — but basically right and prophetically right on the button. I am DISGUSTED by the CITIZEN'S spinelessness and cowardice, the HATRED of our fellow man who will attack us who are actually trying to alert them to the real and present danger. We are going to fall — there is no doubt about it. Look at the useful idiots and subversives who lead them putting on such a show to destroy what is left of Africa — all part of a high level plan (probably including the Soviets) to create a ONE WORLD government.

The means to do so is to create so much chaos and fear in the entire world that people welcome ANY solution which, of course, is a one world government with Jerusalem the world capital.

Only a total collapse will finally unite what is left of White America and Whites worldwide.

Yours truly,
George F. Johnson

Dear Pontifex:

Sincerest Racial Greetings to you and all!

I have just recieved my first copy of "RACIAL LOYALTY" and have to say right now, that it is the best White newspaper I've ever read, and believe me when I say, I've read'em all. Now, of course, I am an avowed Creator, and have no use for other viewpoints. There is only one that will save our Race, CREATIVITY.

And that is the point I am now constantly driving into the minds of my fellow incarcerated Whites!

I am writing you now, to thank you for the support that you have given to me/us here on the Eastham unit of the TDC. In the last letter I recieved from H. P. Messick, he stated that there were "quite a few" Creators here on

A Friendly Exchange with Euro-American Alliance

Dear Mr. Klassen:

I agree with you completely. Modern Christianity is the greatest threat to the existence of the White Race. The Catholic Church preaches mongrelization. The fundamentalist Protestants preach loyalty to Communo-Zionist Israel. Jerry Falwell and Pat Robertson have fully integrated their ministries, as have Swaggart and Oral Roberts. Of course, the Humbug who began it all years ago, Billy Graham, grovels before the Jews and preaches that Whites should accept the niggers — even to the point of marriage with them.

Churchianity is but a symptom of a general racial malaise, a weakness first diagnosed in American letters by Lothrop Stoddard in his THE RISING TIDE OF COLOR. Stoddard mentioned a destructive liberalism which is the very foundation of modern churchianity, the element of which is the social gospel.

Not attending church myself, I never advise anyone of good race to go. It may indeed be that the teaching of otherworldliness has pulled the pins from under our race. What sort of heaven could there be for a confused mongrel?

I maintain a sense of personal piety, and I would like to believe that the New Testament holds some truths which may be useful. But I am under no illusion that what goes on in the "Christian" churches, what passes for religion, is constructive. It is JUDIANITY now — pure and simple; Catholic priests have been wearing the Star of David on their stoles for some time now.

Keep up your fine work.

Aryan Victory!
Major Donald V. Clerkin
Chairman/Commander
Euro-American Alliance, Inc.

Dear Major Clerkin:

Many thanks for your letter of Sept. 9. From its contents I believe that we are getting closer together. I sincerely hope so.

I have just written an article for the Nov. Issue of Racial Loyalty in which I emphasize the need for "Polarization and Confrontation." I want to especially concentrate on polarization, and say flatly that as long as long as the White Race is fragmented into thousands of disoriented racial and/or religious groups, nothing meaningful in our fight against the Jewish behemoth

will ever be accomplished, and we will all go down to oblivion.

I come to this conclusion from a long view of past history. Starting out with 2000 "nationalist" parties in Germany after World War 1, nothing but bickering amongst themselves was accomplished until Hitler polarized (not the parties) BUT THE MEMBERS into one solid battering ram. Then things began to move.

Similarly, in Italy, not until Mussolini and the fascist party had the monolithic power to do so, did law, order and progress begin in a chaotic and degenerate postwar Italy.

Similarly in Spain. Not until Franco under the undisputed Phalange Party seized control did Spain shape up and again get its house in order. (Now unfortunately, with its polyglot party system it is again falling apart.)

The lesson is so obvious that it hardly needs amplification.

Now as far as trying to salvage some good out of the New Testament. Why should we try so hard? It is like trying to find a few tidbits of good apple-meat in a barrel of rotten apples, packed in soggy saw dust. Why bother when you can go to Nature's garden out there in the sunshine and pluck nice fresh ripe apples, washed in rain, right off the tree?

Why not relegate that barrel of rotten apples to the nearest garbage dump and forget it? After all, Christianity was conceived by the Jews (Saul of Tarsus and others) to destroy the Roman Empire and the White Race in its entirety. Why bother to salvage a few tidbits out of such an unwholesome mess?

I hope you will see the urgent need to polarize and join forces. I am getting a little tired of the "deplore and lament" crowd, who do nothing else but. Use your own best judgement as to which creed, program, religion or philosophy you deem best suited to polarize around. Then forget any past hangups or hubris and go all out to bring about what urgently needs to be done.

Again, many thanks, and I hope to hear from you soon.

May the CREATIVE FORCE be with you!

Anyway, the point is this, I have no way at all of getting into contact with the other Creators as they are in general population and I am in ad. seg. The reason for my being in ad. seg. is simple. And I, like my White Brothers here in ad. seg. are known for our attitudes and more importantly, our ACTIONS against the nigger scum that infest this place. We brook no nonsense from them, and speaking for myself, there is at least one nigger walking around who will always remember true, bona fide WHITE JUSTICE!

Anyway, since I have no contact with the Creators in general population I am faced with starting a totally separate movement in ad. seg., but I am not meeting any problems. I have been speaking about the Church of the Creator, and Creativity every since I ran across the book Nature's Eternal Religion, and am in the process of making great gains.

This has only been possible thanks to you and Mr. Messick's support and assistance. I cannot thank you enough. Upon my release from this prison hell-hole, rest assured, that you will have one activist who plans on moving mountains, and mountains are what we are faced with, when trying to open the eyes of our deluded Kindred. But we shall succeed by the virtue of our TRUTH and our WORD!

Please see if there is anyone out there who would like to strike a "Pen-Pal" relationship with a fellow Creator. There is no way I can explain how very important mail is to a man in my position. I will write anyone in the pursuit of an exchange of ideas, conversation and mutual moral support. Male or female, as long as they are Creators.

Physical Description: 23 years old, 6'4", 170 lbs. Hazel eyes, brown hair, college educated and an avid reader of W.W.II history. Thank you.

Dear Rev. Messick:

I have recently received the 10 copies of the book, EXPANDING CREATIVITY. You can be assured that the extra copies will be promptly put to good cause.

Unfortunately, I have been unable, as of yet, to read Expanding Creativity along with its three companions, NATURE'S ETERNAL RELIGION, THE WHITE MAN'S BIBLE, and SALUBRIOUS LIVING, completely. But from what I did read so far, I do feel that I have become enlightened as to the source of the quagmire in which the White Man now finds himself.

Please find attached a donation in the amount of \$30 in U.S. funds. I sincerely believe that the Church of the Creator could very well be the salvation of the White Race.

With my best racist greetings, I remain,

J. Dennis Godin

Dear Creators,

I ordered some books from you some time ago and you were kind enough to include an extra book, EXPANDING CREATIVITY, (a very good book.)

I am sending you \$5.00 for the book.

I have received the 10 books, and I will try to put them in the hands of the right people, but they must not be handed out indiscriminately or they might be destroyed without being read.

I must make sure they are placed in the hands of those who will appreciate and read and re-read.

Maybe sometime in the future I will be able to make a fair sized contribution, but I am 78 years old and taking care of an invalid wife.

If I was a young man, I would come to North Carolina and work with you.

Keep up the good work
Henry H. Houseman

Dear Mr. Klassen:

Thanks for your answer, and publishing my article.

My brother will send me papers so you can use the money for the good Cause. I am sorry I replied so late, but I didn't have the money yet at my disposal.

I would like to cough up millions like the Jews do but the worst people always have most of the money, it seems.

I hope to read more about the other countries than just the U.S.A., but through your books and articles I have more understanding and sympathy for America.

In the meantime I stay,
Yours faithfully

Dear Pontifex:

I received your books EXPANDING CREATIVITY and my small contribution is enclosed.

Before retiring, I taught college for twenty years, and naturally, I realized most of your writing is correct and elevating. I, too, was concerned enough to write and financed a paperback (now out of print) as evidenced by the enclosure. Also, along the way I have advocated (unofficially) the same ideas in various ways: editorials attached to bulletin boards, the wearing of lapel messages, home-made bumper stickers and via American folk song workshops. The latter is an effective way to develop the attitudes of the youngsters, I find. Perhaps, in the future, I will be able to assist in your school, as I developed a course in American Folk Heritage

Cupid's Corner

Dear Pontifex:

I would like to help you get more gals in the Cupid's Corner, but frankly all the women I know are Christians. Followers of ChristInsanity, as you have probably heard it called.

But I can contribute a listing for myself. So here goes:

Single White Male, 38, blue eyes, brown hair, medium build, 5' 8" tall, Washington, D. C. — West Virginia area. Racial patriot and writer by profession. Amateur botanist. I like Nature, hiking on the Appalachian Trail. Have a home in the countryside, where I keep my animals: two dogs and a kitten. Will answer all letters from sincere ladies, preferably 20-27 and blue-eyed.

You didn't say how much of a donation was wanted for these ads, but I enclose one Federal Reserve note. I'd like to support the church more, but right now I have some heavy, necessary expenses to meet, and also I don't believe in writing checks or having a checking account. (For that matter I don't believe in Federal Reserve notes or treasury department slugs.)

Anyway, I expect you are anxious to get some material to put into the Corner, even if it is "only" from males; in your current issue, there is only one item. The more listings you run, the more inclined new people will be to submit their "ads."

Keep up the good work

at college, with a decided emphasis on "American." I have been also active in writing letters to newspaper editors.

This Fall I am vacationing in the Southeast (Carolinas and Virginia) and hope to see you for a brief handshake. Whether I could eventually join your facility would, to some extent, depend on my financial needs at the time. It all depends on how other circumstances develop.

Keep up the crusade! Final point: the emphasis now should be; what can we do about it? Have you studied the tactics of the IRA? The Irish are uniting their people via various levels of affiliates, being free to disown one another publicly whenever prudent. Something can be learned here.

Comparative Religions — Part VI

PROTESTANTISM

The early origins of Christianity are extremely obscure, and they are intentionally so because the early church fathers deliberately destroyed as much of the then existing historical evidence as they could. A flagrant example of this was the outrage they committed in burning the 400,000 volumes of the library in Alexandria, the greatest of all libraries in the ancient world.

The reason they wanted to destroy as much of the historical knowledge and evidence as possible was to hide and obfuscate the sleazy foundations upon which their fraudulent "new" religion was being built. We must remember that in its beginnings Christianity had several rivals in the then Roman Empire, and one of its strongest rivals was Mithraism. Christianity won out because it was more cunning, more ruthless and more persistent.

However, despite all the attempts to confuse the evidence, the Dead Sea Scrolls and other manuscripts do point to the following conclusions:

1. Most of the teachings inherent in the "New" Testament, and supposedly uttered by a mythical Jesus Christ, had already been formulated and taught by the Essenes at least a century before the supposed birth of Christ. The teachings were not "new" and they were not original.

It is also significant to note that because of their suicidal teachings, the Essenes lasted no longer than 2 centuries. They were a minor Jewish cult living at Quram in Palestine on the shores of the Dead Sea.

2. There is no historical evidence that either Jesus Christ, or his four purported chroniclers, Matthew, Mark, Luke and John, ever existed. To carry this further, there is no evidence that little Jack Horner, Miss Muffet or Jack and Jill existed, nor that the story about Hiddle-diddle, the cat in the fiddle, the cow jumped over the moon is factual. Just because these ditties have been widely circulated and have survived for centuries is no evidence of their authenticity.

3. There is substantial evidence that Paul of Tarsus, the Jew, was real and that he wrote a number of letters and promoted the teachings of the Essenes with great zeal under the guise of the new religion, Christianity. (Read again Creative Credo no. 43, "Confes-

sions of a Jew", in the White Man's Bible.)

From these shabby and degenerate beginnings Christianity limped along for about three hundred years, appealing to the slave mentality of the incompetent, the degenerate, and the scum of Roman society. However, **when the church fathers managed to inveigle and seduce the mind of Emperor Constantine, into their scam, in 312 C.E., they struck a real bonanza.** By 325 C.E. Constantine managed to pull the church fathers together at Nicaea (in Asia Minor) and hammer out the "new" Christian Bible. Now, with the wealth, the power and the prestige of the Empire (an Empire the Christians had targeted for destruction) behind them, Christianity was off and running, well on its way to dominate the lives and thinking of the White Race for the next sixteen hundred years.

It had long ago brought down the mighty Roman Empire, and built up an all pervasive power structure by the year 1052, when the first major rift in its hegemony came along. It was known as the Great Schism and I have described it more fully in the September Issue of Racial Loyalty about the Greek Orthodox Church. By the end of the fifteenth century the Papacy, with its headquarters in Rome, had pretty well monopolized the religious thinking and power structure of our White Racial Comrades in Western Europe, and it was now supreme, without a challenge.

With its unlimited power, it had also grown extremely corrupt

and degenerate. It had also grown extremely pecuniary and mercenary. Money, wealth and power were now its main drives, and in this respect it was far more successful than any political or commercial entity. The popes, the bishops, and the upper hierarchy of the Roman Catholic Church lived the life of Riley, indulging in concubines, summer palaces and rich living of the highest order. **Not the least in its bag of super tricks in fleecing the superstitious and the gullible was the selling of indulgences.** This neat little trick consisted of selling little slips of paper signed by the Pope or one of the upper hierarchy, saying that the recipient would get a reprieve of some kind in purgatory or even hell, and move him or her closer to heaven. The trick was to move said soul only a little closer, not all the way, so that any number of repeat sales could be effected. These indulgences supposedly would also help your dead father or mother, or uncle, or Aunt Minnie, whomever you might be concerned about. But they could also help yourself as a future insurance, even if you were still alive and kicking. However preposterous these little gimmicks were, they sold like hot cakes for decades on end. The building of the luxurious new St. Peter's Cathedral in Rome (as well as many others) was primarily financed by means of this racket.

As an aside, outside of its religious connotation, there is a striking similarity in this Jewish gimmick and that practiced by the Federal Reserve Board. Both took (or take) cheap pieces of paper, put some equally cheap ink on it, then pass these phony slips of paper off on a gullible public at a dear price.

So profitable was this racket of selling indulgences that it soon got out of hand, and some concerned members of the Church rose up in protest. One of these was Martin Luther, an Augustinian Monk and Roman Catholic priest who nailed his famous 95 Theses to the door of the castle church in Thuringen, Germany. The date was Oct 31, 1517, and this heralded the opening shot of the revolt against the Roman Catholic colossus. Luther was condemned and excommunicated by Pope Leo X, but this did not stop the rebellion that had now been set in motion.

Jewish Christianity is like a huge submerged reef in the middle of a major shipping channel. Until we blast it out of existence, the White Race will repeatedly be shipwrecked on it.

Luther was emulated by Huldreich Zwingli in Switzerland, who began to preach against the indulgences and against all the "Roman superstitions" in his home town of Zurich. The rebellion soon spread to the cantons of Basil, then Bern, St. Gall, the Grisons, the Valais, and other cantons. A Frenchman, John Calvin was converted to the movement and upon the death of Zwingli in 1531, became the leader of the Swiss reformation.

In England, British resentment of the exploitation of the people by the Roman curia had long been resented and was widespread. John Wycliff led the revolt against the Catholic Church, but his writings and his movement was soon repressed by Henry VIII, who wrote a ponderous treatise of his own on the Sacraments, refuting Luther's theories. For this the Pope commended him and bestowed upon Henry the title "Defender of the Faith", which the British Monarchs still use and cherish to this day. However, Henry soon broke with the Pope because the latter rejected his request for the nullification of Henry's marriage to Catherine of Aragon. Henry was determined to

Objectives of Our Comparison Series

1. *To illustrate by means of detailed comparison that in CREATIVITY we have finally achieved a genuine, bonafide, comprehensive racial religion for the White Race that is the equal of, or superior to, any religion in history.*

2. *That our religion makes more sense, is more logical, is more complete and better planned and organized; it is, in fact, more effectively structured than any of the established old "great" religions of the world.*

3. *That in order to survive at all, the White Race must now polarize around its own racial religion.*

4. *To convince all the polyglot and diverse White racial groups and leaders that in CREATIVITY lies the salvation of the White Race and the sooner we unite under the banner of Creativity, the sooner we will be on our way in waging an effective battle for the survival of the White Race.*

Think about it. If not Creativity, what else is there?

marry Ann Boleyn and decided to hell with the Pope, he would set up his own church and make his own rules.

This he did, and upon this sleazy and licentious premise was laid the foundation of the Church of England, which the superstitious and the gullible in England (and elsewhere) still revere and worship to this day. The Lutheran Reformation was introduced into Sweden in 1531 and Norway and Denmark in 1537, not by religious leaders as such, but by royal decree of its monarchs.

And so the rebellion spread across Europe. Some countries became Protestant. In others, like Spain, France and Italy, the Roman Catholic Church maintained its iron grip, by war, by terror, by threat or murder, whatever was most effective.

One of the most horrifying examples of terrorism perpetrated by the Catholic church at this time was the St. Bartholomew's Day Massacre in France.

It began on St. Bartholomew's Day, August 24, 1572, when Paris was filled with many Protestant (Huguenot) nobles who had come to celebrate the marriage of Henry of Navarre and the sister of King Charles IX of France. From Paris the bloody orgy spread to the provinces. It is estimated approximately 50,000 victims were massacred, all in the name of Christian love and charity and to the glee of the Pope in Rome, the King of Spain and the King of France.

What did the reformation accomplish that was constructive? Not much.

The Catholic Church cleaned up its act only slightly, but by and large kept on fleecing and browbeating its victims pretty much as before and perpetrating terroristic atrocities on those still in its thrall who would not bend to its insane dogma. Burning at the stake, thumb-screw and rack were still its best persuaders.

The Protestants were no better. Whereas they cut loose from the Pope and from Rome, they, too, pursued terror, mayhem and torture on their own victims who would not bow to their (slightly) new beliefs. *Read again Creative Credo No. 51, "Thumbscrew and Rack", in The White Man's Bible*

Both the Catholics and the Protestants now practiced what only the Catholic Church had the power to do before — namely widespread intolerance, torture, terror and narrow-minded bigotry, all in the name of the phantom spooks in the sky whose very existence was then, and still is, highly questionable. The same mass insanity and thumb-screw and rack

tactics continued to be practiced by both groups with equal fanaticism, and increased vehemence.

But that is not all. The Protestant groups now started splintering into a multitude of cults and factions of their own, and with it developed the factional warfare, overt and covert, that has persisted within its ranks ever since.

The rift between the Protestant factions and the Catholic church simmered ominously for nearly one hundred years and then broke out into a bloody conflagration that manifested itself in the Thirty Years War (1618-48), one of the most vicious, insane and destructive wars ever fought between members of the White Race. It involved nearly every nation in Europe, and was most devastating of all to the then still fractured German states. It set Germany back at least 200 years in its development, killed two-thirds of its inhabitants and destroyed about five-sixths of its buildings, cities, towns, farms and physical properties.

What was the war all about? Some insane tid-bit of difference of opinion regarding the spooks in the sky, about which no one really had the slightest bit of information anyway, and whose existence was and still is mere speculative. Talk about mass insanity!

Today there is still bitterness between the Protestants and the Catholics. There is jealousy, intolerance, bigotry and divisiveness between the different factions of the Protestant denominations, which by now number in the thousands. In fact, there is nothing, but nothing, in the world that has so divided, splintered and fractured the White Race as have the different Christian cults, sects and religions.

The Jews planned it that way. As the Jew, Marcus Eli Ravage said *See Creative Credo No. 43 in The White Man's Bible "Confessions of a Jew"*, "For this mess thanks to you, to your prophets and to your Bible."

The New York Times Almanac reports that there are 98,875,560 Protestant members of various denominations in the United States, and 341,496,740 on a worldwide basis. This latter figure is approximately a third of the total Catholic (Roman and Eastern Orthodox) world membership.

When Saul of Tarsus set out to inflict Christianity on the Romans back in the First Century, C.E., he really unleashed a can of worms, from which we have not recovered to this day.

It is the goal of CREATIVITY to eradicate this aberration of the mind and set the White Race back on a course of sanity. 

Protestantism vs. Creativity — A Comparison

A. Basis of Belief:

There is no one consensus of the Protestant belief, and the nit-picking details and differences vary as to each individual denomination, cult, sect, or even individual churches. Since these run into the tens of thousands, we cannot, of course, detail them here. There is however, a common denominator, more or less, in them all.

Essentially, their beliefs are based on the Jewish/Christian Bible, which is only slightly different from the Roman Catholic Vulgate edition. Most Protestant denominations in the past followed the King James Version, rewritten by a group of scholars ca. 1611. It is a partially cleaned-up version of the Roman Catholic Vulgate text, whose language considered somewhat vulgar, hence Vulgate. Both the grammar and the literary style were greatly improved by these revisions.

Nevertheless, even the King James Version, deodorized as it is, still contains a large number of passages, stories and episodes that are vulgar, crude, filthy and in fact, just to list the numbers of such chapters and verses fills several pages. (They are listed in the 1886 edition of Foote & Ball's Bible Handbook.)

Most of the liberal Protestant churches have now discarded the King James Version in favor of the Revised Standard Version, (R.S.V.), which uses more modern language.

The whole Bible has been translated into English, or revised in the English language more than fifty times, and the New Testament at least 110 times, thereby ignoring its own dictum that not a tittle be added or subtracted from "God's Word."

CREATIVITY, in contrast, repudiates the whole superstitious contention that our lives are governed by a passel of spooks hovering over and around us, monitoring our every action, deed, word, and thought. Instead, our creed and program are based on the realities of the universe in which we live, on the Eternal Laws of Nature, on logic and common sense. These eternal truths are set forth in our three basic books, *Nature's Eternal Religion*, *The White Man's Bible*, and *Salubrious Living*.

B. Goals and Objectives

The Reformers (Martin Luther, Calvin, etc.) were zealots whose proclaimed objectives were salvation for themselves and saving the

souls of others, even if they had to use the thumbscrew and rack to whip the others into their line of thinking. The modern day Protestant churches, strongly under Jewish influence, have now pretty well abandoned the salvation-for-the-hereafter business, and are hell-bent on pursuing several issues, of which racial equality and race-mixing are now the most strident, urgent social gospels. (The media calls it Secular Humanism, another one of those Jewish terms that most people are confused about; but basically it means promoting sex, race-mixing, feeding the niggers and the scum of the world at the expense of the White Race, of course, while at the same time denouncing and undermining the White Race itself at every turn.)

Creativity, on the other hand, strongly denounces race-mixing and promotes the goal of racial purity for the White Race. In fact, its sole concern is for the best interests of the White Race and the White Race alone, seeking to bring meaning and order into a now degenerate, confused and chaotic world. We strive to build a Whiter and Brighter World.

C. Some Proclaimed Differences Between the Protestant churches and the Roman Catholic Church.

(a) From the traditional Catholic point of view, Protestantism was, and is, a heresy, a wilful departure from the divinely revealed doctrines and institutions of THE CHURCH, leading to apostasy from THE TRUE FAITH and to obliteration of the rules of Christian life.

From the Protestant point of view, according to the reformers, it was the Catholic church, which, on the contrary, deviated from the revealed teaching and discipline of original Christianity and thus from the living, mystical body of Christ. By hypertrophic growth of its institutional machinery, the medieval church stiffened the life of the spirit. It made of salvation a kind of mass production of sacramental and devotional external practices and pseudoascetic ways of life. Above all, it usurped the powers of the spirit to the benefit of the clerical caste and thus opened the door to all kinds of abuses and to the exploitation of the Christian people by a corrupt clerical bureaucracy which had its center in a papal Rome, whose moral debasement was the scandal of Christianity.

So there. Take your pick.

The Great American Nutritional Delusion

Where Do You Get Your Proteins?

by T. C. Fry

Reprinted from "Healthful Living"

Most Americans are under the delusion that they get their proteins from meat, eggs and milk products! They've been brainwashed into believing they must eat lots of these foods in order to meet their protein needs and keep themselves healthy.

But the truth is that Americans get little if any of their amino acids from these sources even though they eat abundantly of these "food" categories as will be demonstrated. And, as will be shown, rampant pathology prevails in America because of heavy ingestion of these "foods".

First, it is worth noting that the body absorbs and uses ONLY amino acids, not proteins.

Second, it must be noted that nature never created a living substance without protein — in short, protein or amino acids are in every cell of every living substance. You can't eat a natural food of any kind without eating amino acids or proteins which, by digestive processes, are reduced to amino acids. Please note that I said *natural* food and that implies simply two things: 1. Foods *natural* to or consonant with the human physiological disposition and... 2. Foods in their raw, natural state which is the *natural* way to eat them. Nature did not equip us with cookstoves.

Why should we be urged to eat so much meat, eggs and milk products for health, especially for proteins, if we can't get proteins from them? Why should we be told that we *must* eat these foods if they are responsible for the diseased conditions that are widespread in America?

Before we get into the whyfore and the wherefore of the national mania for these animal products, let us recognize that they're pushed by industrial interests with the same proclivity to sell and make profits as are industrial interests involved in cigarettes, coffee, wines, beers, soft drinks, whiskies, junk foods and poisonous pharmaceuticals peddled as nostrums and medicines. As if we can be poisoned into health! Most of us know that these products are pernicious and unhealthful. But most of us have had the wool pulled over

our eyes with respect to meats and animal products.

Why should we be so fooled about animal products?

Why is it almost everyone knows that recreational drugs in the forms of coffee, cigarettes, wines, beers, whiskies and soft drinks are damaging to health; whereas, almost everyone believes that meat and animal products are necessary to our health?

Education! *Miseducation that is.* The meat, dairy and grain trusts have been more subtle and effective in advertising their wares. Heavy advertising is necessary to push products acknowledged to be toxic and unwholesome. But if you have people brainwashed into believing your wares are a necessity, little, if any, advertising is necessary.

How did these trusts accomplish such mass brainwashing?

Simple. They captured our education and information media. Worse, they dominate our agricultural department and other government agencies. Thus, we are "officially" taught that we must eat of four food categories, three of which are meat, dairy and cereal categories. We are taught that we must eat from each of these categories at every meal. Never was more disasterous nutritional advice dispensed. So let's recognize that this amounts to a division of the marketplace among industrial interests.

Now it's obvious that meats, eggs and milky products do not furnish our primary need, namely glucose. While milk has lactose, most of us lack the enzyme, lactase, necessary to break it down into galactose and subsequently into glucose. Now it must be admitted that these "foods" are just loaded with proteins. But let's look at what would be the natural way to eat them — raw.

The protein and calcium of milk are bound in casein. After about age three, humans do not secrete rennin, the enzyme necessary to break down casein. Obviously we do not have access to these nutrients of milk. But bacteria can break them down and decompose them, thus giving us highly toxic decomposition by-products.

The protein of egg is in the egg white. It is in the form of avidin, an

indigestible compound. Moreover, avidin combines with and binds a vital body nutrient, biotin. Injected directly into the veins or arteries, a little avidin (about a grain or two) will dispatch us to our graves. As the human body does not have the enzymes to break down avidin if taken raw, this leaves the task to bacteria which break it down (putrefy it). The decomposition by-products are highly toxic. Protein decomposition by-products are purines, xanthins, indols, skatols, mercaptans, hydrogen sulphide, ammonias, methane gas and yet others. But we do not eat our eggs raw anyway. So we subject them to heat which "denatures" them, i.e., it breaks down the avidin. But, when you break down the avidin, you've also destroyed the egg's protein!

Meats are touted as being the best protein of all, whether it be beef, pork, chicken, turkey, fish or whatever. Even if eaten, raw meats are a very poor source of protein — few contain all the essential amino acids — because we digest it poorly. Humans have so little hydrochloric acid compared to carnivores that we can't manage meat, especially as eaten with digestively incompatible starches, sugars, acids, etc. But, when cooked, the proteins of the meat coagulate and thus become inaccessible to human digestive powers. Again bacteria putrefy (rot) the meat and produce a profusion of putrecative by-products.

There are a train of evils from eating these foods, especially acid indigestion, arthritis, gout and rheumatism, osteoporosis and hundreds of other diseases. but, to the extent we cannot digest meat proteins, and indigestion of proteins, is almost total, we get very few amino acids from this source.

Well then, where do meat-eaters get their proteins?

Human amino acid requirements are very low, perhaps only 10 to 15 grams per day. But the average American eats 105 grams a day! Alas, most of it is unusable as eaten! Over 80 per cent is bacterial soil rather than human food.

The only usable proteins in the average American's diet is that portion of his/her food eaten raw or so nearly raw the proteins have not been coagulated and/or deaminated.

Humans secrete very little hydrochloric acid, about 8 per cent as much as meat-eating animals. It would seem we have only an incidental capacity to digest proteins just as we have only an incidental capacity to digest starches. (Take a tablespoon of starch or wheat flour and see how well you manage raw starch.)

Where, again, does the average person get usable amino acid needs?

From fruits and salads for the most part! In fruits people get all their nutrients in fairly "predigested" form! All the carbohydrates of ripe fruit come to us as fructose/glucose. Fruits' "proteins" come to us as readily-absorbable amino acids. Their fat complement comes to us as readily-absorbable fatty acids. And, of course, vitamins, minerals and other nutrient factors are absorbed in a highly-utile context with these primary food factors.

Thus you can see that we need animal flesh and animal products about as much as we need poisons (drugs or medicines) for health.

Your natural food as a biological frugivore is a diet of fruits. Fruits are replete with *all* the nutrients humans require, including protein. The prevailing advice to eat plenty of protein foods is thus a big ripoff that destroys health wholesale.

T. C. Fry Answers Questions.

Is Meat a Health Robber?

I noticed in your list of Top 10 Health Robbers in a recent issue that you specify meats (animal, fowl, fish). Would you then be prepared to say all these meats are to be classified as health robbers? I always thought fowl such as

COMPARISON

(Continued from Page 7)

D. Racial Attitude. There are still a few fundamental churches that favor racial separation, but that minority is small and dwindling. Most Protestant denominations, especially the World Council of Churches, The National Council of Churches, the liberal churches and even most of the fundamental churches are now going all out to promote race-mixing, and to please and appease the Jews. Most churches, such as Jerry Falwell's "Moral Majority" (who claim to be fundamentalists) knock themselves silly to promote Israel and the idea that the Jews are "God's Chosen people."

CREATIVITY, on the other hand, is striving to the limits of its resources to get the parasitic Jews off of our backs, and to have the White Race again in control of its own destiny. It furthermore promotes the goal of shipping the niggers back to Africa, cleaning our own racial house, and pursuing a sound and healthy program of EUGENICS for the upgrading of the White Race. (W)

BRICKBATS & BOUQUETS
(Continued from Page 5)

Dear Sir:

Thank you for your letter of September 8th and for your interest in the New Dawn.

We would be very happy to exchange publications with you. And you can rest assured that our goals are the same as yours, as far as I can see.

When we speak of elimination weakness, leadership by the best, higher evolution, etc. I think it is very clear what we are talking about. I can see by your brochure that your organization is concerned with the very serious problems that face Americans, but it is more than that; we have a government where unprincipled scoundrels have usurped the positions of Representatives of the people. If our people really had men in office who represented them most of our problems could be overcome.

Ever since the end of the Civil War the powers that be have been ramming talk of equality and niggers down our throats every time they get the chance. Now, the way things have turned out they are doing it with greater frequency. I don't really know why our government is doing this to us, but I do know that things cannot go on like this much longer.

Out here, in California, Hispanics are pouring across the border so fast that, our government thinks, that in ten more years this will be Mexico again. They move the unemployment figures up and down and pretend that everything is going good for us, but those figures only represent the people that are getting payments from the government — there are plenty of people out of work who don't get a dime.

This country, that was won and built up by our sweat, blood, and tears, is being handed over to every manner of human scum, by politicians that wouldn't have lasted two minutes on the frontier. They've got our youth sedated on drugs so they'll accept it without a whimper. Damn, it makes me so mad!

This anger that swells in our breasts must be channeled into the constructive purpose of winning power back from these jackals. If they want equality we must use it as a weapon to smash them to bits. If they want welfare — we demand socialism, if they want medicare — we demand free medical and dental, if they want us to get mad and act like fools — we'll look then right in the eye and laugh. The time has come to put away the swastikas and bedsheets. It's time to roll up our sleeves and give these vermin the beating of their lives. If what we

believe is right then we will win, if not that will be the end of us.

Our government has a special department to destroy White Racists, they started it a while back after the bank and armored car robberies. The idea is: if they don't get you with all the propaganda on the media and people still listen to you, why then they'll just come out with the FBI and arrest or shoot you. Since we're not famous for having a lot of money for lawyers, or a lot of access to the media; they think that this scheme will work pretty well for them. It will, only if we play their game.

Somehow I just can't picture a future where non-Whites dominate the Earth and reach out to conquer outer space. Can you imagine niggers and Mexicans in space ships? Why they'd be spray painting everything on the inside, urinating on the floors and robbing each other. I guess that each of us is influenced by his own vision of the future. Mine leads me to believe that the time has come for us to get deadly serious. Because, it seems to me, that the only thing that people respect in this world is seriousness. All through history the folks that have been the most serious have survived and prospered. I'd hate to tell my grandkids that the reason they became slaves is because some Jew was more serious than I was.

Thanks for writing and for your intelligent comments. Most of all, thanks for being here at a time when you are so needed. This is OUR country and we are going to do our best to keep it.

Sincerely,
Michael Merritt,

turkey, chicken, squirrel, rabbit and beef were among the good kinds of meat for human consumption. Have been eating these all my life and was never told by anyone that they could be health robbers. Also have been eating fish all my life and love it. Most say fish and seafood are good for you. What about this?

RESPONSE:Meats are, indeed, health robbers. Humans are biological frugivores and thrive best on fruits. Just as a horse is an herbivore that lives best on fresh, green grass, so humans are frugivores and thrive best on fruits.

You carry the lies...to your children
Which adds them to the flames
And when there is...no Whiteness left
Will you also pass the blame?

While your own children mix... and mingle
And your grandchild's ...a different shade

ly what you like in the raw state as with all other creatures. Humans really like only fruits, vegetables, nuts and seeds in the raw state. Put some bananas, grapes and other fruits in a crib with a child and some fish and rabbits. See what the infant goes for in the raw state.

I Feel Fatigued

I've been sick for over a month — labeled the flu and an underactive thyroid which leaves me fatigued. I eat only fruits, vegetables and grains.

How can I put fire under my thyroid and give me that buoyant feeling again?

— Thelma Cross
Moses Lake, WA.

RESPONSE:I'm happy to inform you that your problems are really constructive ones — your “fatigue” is really a body laden with toxic materials.

I suggest that you fast to enable the body to complete its detoxification and then live on an all-raw diet — eat only what you relish in its natural raw state. This will be, of course, mostly fruits.

You need an activity program, even if it is only vigorous walking. Exercise and adequate sleep are

almost as essential to well-being as proper foods, fresh air, pure water, etc.

Your body will slowly detoxify if you improve our diet. Grains, on the whole, are pathogenic, especially if cooked. In the cooked state they furnish not only caloric values but deranged nutrients and toxic materials (phytic acid, gluten which ties up the protein content and calcium, etc.)

“People try to live on processed junk foods and then, when they finally decide to do something about their unhealthy and unwanted weight problem, they wonder why they do not have the strength to stay with an exercise program. By making natural foods a part of your diet, you will find you have energy to spare. Then, and only then, will exercise become a joy instead of a torture.”

NATURE'S ETERNAL RELIGION

508 Pages, 49 Chapters

by Ben Klassen, P. M.
Published in 1973

This book for the first time in history sets forth the fundamentals of a basic RACIAL RELIGION for the Survival, Expansion and Advancement of the White Race. It is based on the Eternal Laws of Nature, the Experience of History, Logic and Common Sense.

It exposes the whole panorama of the dastardly worldwide Jewish conspiracy, aimed at the genocide and extermination of the White Race. It lists the five Jewish books that have had devastating influence on the thinking and course of the White Man's history.

Best of all, it not only sounds the alarm, but blueprints a specific plan and program of how to extricate the White Race from its present predicament. It presents a EUGENICS program for the future of the White Race to uplift it to the glorious heights of the Superman and beyond.

A Friendly Word from Your Editor

In publishing this paper we have a multitude of purposes in mind, but there are two that predominate:

1. To inform and encourage our existing members and supporters to build the White Racial movement known as CREATIVITY, and,
2. To act as an effective flyer for mass distribution to our White Racial Comrades who have never heard of us before.

Of these two, we are placing major emphasis on the second objective. This paper is designed basically for the purpose of alerting and recruiting new members to our Cause. Whereas, not every White Racial Comrade may at present be receptive to our Cause, nevertheless there are millions out there who are receptive, who are fervently looking for a solution for which we have the answer - the real answer. There are millions out there who have never heard of CREATIVITY or of The WHITE MAN'S BIBLE or any of our other publications. It is our beholden duty to reach those millions and the best way to do so is to distribute copies of RACIAL LOYALTY. It is one of the most constructive actions you can take.

Order 100 copies of either this issue, or any combination of issues. Distribute them to your friends, your relatives or anyone who is inclined to be receptive. Distribute them to places such as, laundromats, airports, colleges, shopping centers etc. You'll be doing yourself and your White Racial Comrades the biggest favor of a lifetime.

Do it now! Order 100 copies for \$15.00 or 50 copies for only \$8.50.

Remember, the future of the White Race now hangs by a thread. If you do not take action, who will? A mere 10 million White Man's Bibles in the hands of our White Racial Comrades would see us well on the road to victory, which is an extremely small price to pay in comparison to the billions of dollars the Jews loot from us each year. We have to get these first 10 million Bibles out, and the paper which you now hold in your hand is the most effective vehicle with which to do the job. We can do it. Your sacrifice and dedication are the keys to victory. Become a mini-distribution center for our material, including RACIAL LOYALTY.

asked to give me. It said:

SOUL — general principle of life (human beings, animals, plants).

SPIRIT — immaterial principle of intellect. (human soul = spirit).

Well, I finally had some sort of a garbled answer from her priest, but for whatever it was worth, I was as baffled as ever as to what a soul or a spirit consisted of.

Our little discussion had gotten around in our tour group, which included a nice Methodist minister in his early fifties. His name was John and he hailed from York, PA. One day I suggested to him that I would enjoy a friendly discussion on the issue of religion and especially I would like to hear his definition of a soul or a spirit. He agreed to accommodate, although, it seemed to me, with some foreboding.

And so it came to pass about a week later when we had finished dinner in the hotel dining room in Montreux, Switzerland, we had our discussion. We sat in the lobby of the hotel.

I started the discussion by posing a rhetorical question I had asked other people many times before: Does it make any sense to have "deep and abiding faith" in any religion, creed, belief or theory that has neither evidence nor logic to support it? For instance, the Hindu's belief that cows are holy?

He readily agreed it did not.

Alright, I said, let's look at evidence — meaningful evidence. The whole Christian religion is based on the theory that there are spirits, millions of them, floating around out there — some are souls, some are demons, some are gods, some are angels and a slew of other forms and aberrations. Some are supposedly good, some are villains. The supposedly good ones are hovering over and around us, taking notes, monitoring our every action, deed, word and thought and storing them in some huge super-computer in the sky. More or less, I pursued the same framework as I had with the elderly spinster.

Then I concluded — now if there aren't any spirits, then the whole Christian creed and framework breaks down in a mess of shambles. It becomes one colossal fraud, does it not?

So, Reverend, tell me what is a spirit? What is a soul?

Somehow he managed to avoid the answers to that question for some time and we wandered off into other aspects of the religious issue. He assured me that his "belief" was his best evidence of the validity of Christ and the hereafter, and his love for Christ was his most cherished possession.

Now, really? You call that meaningful evidence?

I reminded him that as we travelled through some beautiful mountain passes of the Alps, they revealed endless layers (strata) of rocks which had been formed at the bottom of oceans not only millions, but hundreds of millions, even billions of years ago. How did he reconcile this with the Biblical story that the earth was created by a blithe spirit in six days only some 6000 years ago?

Well, he said, the term "days" didn't really mean a solar day as we know it, but could be an interminable period of time, even billions of years.

Well, I countered, if God wrote the Bible, surely he was intelligent enough to know how to express himself clearly, and I can read English quite well. It says "days" not something else. If the Bible doesn't mean what it says, and say what it means, what in the hell does it mean, if anything?

There was much waffling and double-talk thereafter, but no sensible answers were forthcoming.

I then pursued the "meaningful evidence" required. I contended that there was no meaningful evidence that even such a character or personage as Christ ever existed and walked the earth around the beginning of the first century of the Common Era. The oldest "manuscripts" that we have are in the Vatican library in Rome and date back no further than the fourth century, C.E. That is a pretty long time gap to relate a story that supposedly happened 400 years earlier. Is that "meaningful" evidence? I think not. In an era of history when there were any number of learned poets, writers and historians in the highly developed civilization of Rome, why was it not one of them noted and recorded this tremendously important event in history — a son of a god being born in Bethlehem with a band of angels proclaiming the event. Supposedly it was so well broadcast that even King Herod was scared spitless to the point where he had every male baby in his kingdom under 2 years of age murdered. (So the phony story claims.) Surely some writers in a highly literate society would take note of such a monumental event and record it for posterity? Yet, there is none.

Yes, he said, there were. There was the historian Josephus, who talked of the Christ.

Ah yes, Josephus, I said, there is always Josephus. As I recall, he lived between 37 to 100 C.E., and could hardly be an eye witness to the big event. His history of the Jewish War, written approximately 80 or 90 C.E. does contain one short paragraph mentioning Christ, it is true. However, it is so out of

context that bibliographers strongly suspect this Jewish historian, whose writings in any case are regarded as highly untrustworthy, never even wrote this one paragraph. Instead it is suspected that some over-zealous monk interjected it many centuries later while copying manuscripts. Be that as it may, I said, isn't one measly vague paragraph a pretty flimsy coathook on which to hang a whole battleship?

Well, there were others, he said.

Such as?

Well, he couldn't think of any, offhand.

Our discussion pretty well covered the whole waterfront. I kept pressing for an answer to the basic question: What is a spirit? What is a soul? No negative answers, please.

He was hard put to define either. Finally, he came up with something — God was intelligence, he said. Where did he reside? He was all over. Any shape? Shaped in the image of man? No shape, just all over. The anthropomorphic image, the father image, was not real, just an explanation for the simple people to grasp more easily, he explained.

If you don't even know what "it" is, how can you tell if "it" exists?

Obviously, you can't.

That sounded more like the description of another nebulous substance, called the ether, which supposedly fills all space, scientists claim. What's the difference then between God and the ether? I asked.

No answer.

O.K., What about the other spirits? What about souls? He was stumped. No answer.

And so after a congenial discussion that lasted more than 3 hours, we said goodnight and prepared to take off for Lucerne the next morning.

I still had no idea of what a soul or a spirit was, but we never re-opened the discussion again for the rest of the trip, both for different reasons. I felt I had exhausted his possibilities of coming up with any sensible explanation, and he, not having any answers, would evidently just as soon forget about the whole thing and not be further embarrassed. So ended our congenial

discussion on "spirits".

* * * * *

But for the thinking man the question still persists. Why should it be so difficult for a theologian to define a spirit or a soul? After all, these concepts have been around since the early Egyptians 5000 years ago, and probably since the beginning of civilization. Are they merely fictitious concepts, and if so, were these fictitious concepts deliberately designed to be so extremely vague and nebulous so that nobody could dissect, analyze and discredit them?

It is my opinion that these fictitious concepts were deliberately so designed — vague, nebulous, undefined. It is furthermore my conclusion that the Egyptians, who were totally immersed in the clever art of spook-craft were the master-craftsmen in bringing these fictitious concepts into prominence, as they were in inventing most of the other paraphernalia and window dressings now so expertly manipulated by the Judeo-Christian cults.

So we find the White Race of today highly enmeshed in a network of fictitious concepts that are specious and spurious, mostly undefinable, yet shelling out at least 40 billion dollars a year in the U. S. alone in order to perpetuate and maintain this nonsense and dump it on their children, the next generation.

But that isn't all. **This fictitious spook-craft has been expertly utilized by our most deadly racial enemies — the Jews — to get a handle on the brains of our White Racial Comrades in order to control us, manipulate us, fleece us and enslave us.**

It is our overriding task, our solemn duty, to expose this racket for what it is, to de-program our White Racial Comrades and to bring them back to sanity. This we must do if we are to save our precious race.

It is my hope that the above arguments and logic can, and will be used effectively to do just that.

The name of the game is to polarize and build a White Racial power structure to smash the Jewish monster. 

All Hole and No Doughnut

What is a Spirit?

An in-depth exploration into the world of gobbledygook and double-talk.

The Jewish-Christian Bible talks repeatedly and incessantly about spirits, ghosts, demons, gods, angels, lucifers and other nebulous fantasies as if they were real, and not only real, but extremely important and powerful. In fact, once your mind gets locked into this line of nonsense you are led to believe that the world of fantasy is far more important than the real world, than the vast universe in which we find ourselves.

Christ purportedly said, "My kingdom is not of this world." It is, he explained, a spiritual kingdom of some sort, somewhere "up there", but he, too, never explained what a spirit is. The whole massive superstructure of the Christian religion (and every other spook worshipping religion) is built on the following basic premises, for none of which is there a shred of meaningful evidence.

Here are their presumptions, based only on "belief."

1. Although nobody has ever seen, heard, felt or smelt a ghost or a spirit, there is a vast world of spirits out there.

2. These spirits have been gratuitously endowed by their promoters with unlimited magical powers, intelligence, knowledge, wisdom and prescience. Where they got all these magical goodies from they don't say, nor do they explain why they are so eager to attribute all these goodies to "spirits" when they don't know a thing about them, about their origin, or their whereabouts.

3. Supposedly these "spirits" created everything — the universe, the birds, the bees, the stars, human beings and everything else, including some nebulous places such as heaven and hell that are "not of this world", not of this universe. Where they are, that too, they don't care to clarify.

4. These "believers" in spooks go further, much further, and here is where it gets real sticky, real frightening. They claim that these spirits, wherever or whatever they are, are continually keeping tabs on each and everyone of us living beings, looking over our shoulders, and keeping notes on our every spoken word and our every action. Not only that, but they can, and are continuously monitoring our minds, and also keeping notes on our every unspoken thought.

5. Having kept track of all this vast accumulation of information on billions of people over thousands of years in their super-computer "up" in the sky (somewhere), when we die, we will be confronted with all our misdeeds. We will be "judged" for our failure to "believe" in all the conflicting nonsense that our intelligence rejected, and for not "accepting" the spook theory, this latter transgression evidently being the most heinous crime of all.

6. We will then be relegated to the fiery pit to burn and burn and burn. We (or our "souls") will then suffer excruciating torture forever and a day administered by these same charitable spirits who so loved us, snooped on us, tried to save us, but we were just too dumb to catch on. So there we all are in hell, tortured by the billions, in all eternity because we didn't see the light about the presence of all those spooks that hovered over us every moment of our life.

That, my dear White Racial Comrades, in essence, is the story we are told by the spook-peddlers, also known as Christians, Mormons, Catholics, Jehovah's Witnesses, Seventh Day Adventists and thousands of other fragmentary Christian cults and sects.

What I have been trying to find out not only from the ordinary run of spook-peddlers but (supposedly) highly informed and learned ministers and theologians is this:

What is a spirit? What is a soul? How do you know?

On the theory that such spirits exist, and that they have all these wonderful and magical attributes I listed earlier, is based a whole massive religious superstructure that sucks in at least 40 billion dollars from the superstitious and the gullible in the United States alone. This is in one year, but this same racket has been going on for thousands of years, and did not start with Christianity.

The Egyptians already had it refined to an expert system, the Romans practiced it (mildly), and even the intelligent Greeks indulged in it, and when Socrates tried to enlighten the youth of his day that these Greek gods might be entirely fictitious, the establishment did not like his independent thinking. They had him tried in a kangaroo court and drink the cup of hemlock.

In the meantime, I keep asking all these devotees of the spirit world just what is a spirit. This perplexes them immeasurably and it is most amusing to see them squirm and grope for answers they can't come up with. In fact, they act as if they had never considered the question before.

Last August, my wife and I were on a trip to Europe in which we re-visited some of the most beautiful vistas in the Alpine regions of Bavaria, Austria, the Tyrol, Switzerland and Italy.

There was an elderly spinster in our tour group who was a "devout" Catholic. She was also extremely voluble and never ceased talking, whether on the bus, or at mealtime, or on an excursion. She insisted that although she was old enough to have been married three times over, she never had, and that she was a Miss. Nobody disputed her claims.

For reasons of her unending volubility, most members of the tour avoided sitting with her at mealtime, if they could help it. One evening, during our stay in Munich, it was my fate to be seated at the same table with her, and no supporting cast. We were alone and I was trapped. What to do?

Question: What is the difference between "Quantity X" and a "Spirit"?

Answer: Nothing, if "X" equals Zero.

She lost no time opening the conversation and asked if I were an atheist, that she had read my flier, and what was it all about. I replied, no, I was not an atheist, I was a Creator, but rather than explain our movement, I suggested she could read my books if she cared. Instead, I suggested, why don't we talk about Christianity?

I decided that instead of being on the receiving end I would take the initiative, and have a little fun in the process.

I started out with the position that the Christian religion was based on the theory that there are spirits floating around somewhere, everywhere, who are continuously looking over our shoulder taking notes on our every action, word and even every thought. We humans supposedly, too, have a spirit inside of us, and it is called a soul. When we die this spirit supposedly leaves the body and will then be brought to judgment. Evidently, there are the master spirits and the slave spirits, and we are the slave spirits. The master spirits have been

presumably only snooping on us during all our lifetime, but when we die, they evidently take full control and are in a position to throw all our past deeds and misdeeds in our face and render judgment upon us.

Evidently, and so the Christian story goes, if we are found wanting, we will be condemned to a fiery pit for all eternity to burn and burn and burn. Endless agony and torture is the fate of our supposed spirit or soul, or what have you. And since the obstacles in getting to heaven are extremely difficult, such is going to be the fate of the vast majority of us poor souls, if we have any, I told my now dumbfounded spinster friend.

Having laid this frame of reference, I pursued the subject with gusto, and got right down to brass tacks with my key questions:

Just what is a spirit? What is a soul?

She started off with the usual negative answers — it is not this, it is not that.

But I kept pressing — **what is it?** If you didn't have the foggiest idea what a giraffe was, it wouldn't help much to say it wasn't like a mouse, it wasn't like a house, it wasn't like a car, etc., so please don't waste my time telling me what it ISN'T. I want to know what it IS. Does it have eyes? A brain? Nerves? Does it have shape? Made of atoms and molecules?

The answer to all these questions were negative. Alright, what does a spirit or a soul have you can tell me that is positive, and how do you know?

This kind of conversation went on for about 2 hours at our little table, long after the other members of the tour had finished their meals and left. When we finally concluded, I had a speechless, dumbfounded little old lady who couldn't answer the basic question: What is a spirit?

But, she said, she would try to find out. I said that I would be very happy to have someone give me a sensible meaningful answer, but, I insisted, how could she be so engrossed with the spirit world for all of her 70 some years, and never even have discovered what a spirit is?

Next morning she told me (and everybody else) that she hadn't slept much the night before and it was all my fault.

A few days later, the following Sunday, when we stopped over in Vienna, my friend sought out a Catholic Church and consulted a priest. She asked him for answers to my question: What is a spirit? What is a soul?

The next day Monday, the tour guide slipped me a little note with no signature on it that he had been
