A VIEW OF WAR Vietnam, the Jew and the White Race

by Rev. Will White Williams, H.P.

Reflect please on a couple of typical, recent quotes from Christian religious leaders, then decide for yourself if the Racial HOly WAR (RAHOWA!) declared by the Church of the Creator is not well ordered:

"The march of Latin Americans to the United States shouldn't be understood as a wave of anger or revolutionary passion, but more as a peaceful conquest." Father Florincio M. Rigoni, Mexican Catholic.

"I tell the Mexicans when I am down in Mexico to keep having children, and to take back what we took from them: California, Texas, Arizona, and then take the rest of the country as well." Father Paul B. Marx, American Catholic.

One finds it hard not to picture the Jew gleefully rubbing his hands when seeing the once proud White Race acquiescent in the face of such suicidal leadership from the Christian Church. The Catholics are not much worse in this regard than are all the sister Protestant denominations. We are, in fact, at war my dear readers; partly a racial war and partly a religious war, but a deadly war nevertheless, in which we, the White Race, are targeted for extinction and will find ourselves on the scrap heap of history unless we arm ourselves properly for victory — and I don't mean just with guns!

FUNDAMENTAL PRINCIPLES

"Always kill the best first." This logical, cardinal rule of the Jew keeps coming to mind as I reflect back on my own experience as a combatant in the Vietnam "conflict" some 20 years ago. Also "divide and conquer", a Jewish strategy which is easily discernable in retrospect, as we look back on the Vietnam era with a "Creative" slant. The "Big Lie" technique which Adolf Hitler correctly attributed to the Jew in his masterwork, MEIN KAMPF, is manifest in trying to understand how America was cajoled into sending 3½ million of her best boys halfway around the world, at a cost of several hundred billion dollars, to fight our "enemies". By the way, most stupid goy actually believe the Jewish lie that Adolf invented the "Big Lie" himself, when, if they would only read his book, instead of believing Jewish lies (not unlike the "holocaust" or the biggest lie, Christianity) they might realize that things are not as they appear on TV. What he clearly described was how the JEW used this technique, but in typical "accuse the accuser" Jewish fashion, most of our people have been convinced that Hitler not only used the "Big Lie", but ORIGINATED the technique. In studying Jewish psychological warfare against our people, the reader must have a fundamental understanding of the way the Jew uses diversion, much like a magician prestidigitates to fool his audience, except on a much grander scale. Propaganda and misconception are dangerous weapons, indeed, and we must fight them in kind if we are to have a chance in this struggle. Since the Jew, as a parasite, is as averse to actual armed combat as he is to farming or any other productive enterprise, he enjoys controlling the rest of "humanity" through ascendant manipulation of nearly every facet of our lives; be it education, the government, the military, medicine, law, the food supply, religion, or especially the economy and all aspects of the media.

Any White man who is willing to acknowledge that there IS a "Jewish question" and will take the time to read a Creativity book, and afterward still thinks that the White Race is presently in control of its destiny, is a fool.

Now, as I look back to 1965, it is easy to reconstruct the big picture, as no one could do then — not even Pontifex Maximus. It took him several more years of sifting through several hundred books and dealing with scores of "patriotic" organizations to find the key pieces of the puzzle, but find them he did, much to the delight of Creators and, soon to be, the rest of the White Race. For the first time in recorded history, the White Race is armed for final victory, with a genuine White Racial Religion. The millennial struggle of the earth's races is now crystal clear in our mind, and in our hands we have the ultimate weapon. Will we get to use it? Right now that depends on whether the reader decides to fight or irresolutely keeps fumbling around waiting for someone else to fight for him.

"...the world is governed by very different personages from what is imagined by those who are not behind the scenes."

Benjamin Disraeli [1804-1881]

Spoken by a Jew who would know.

HISTORY THROUGH OUR EYES

Lasting history is primarily the documented struggle of man against the forces of Nature and other tribes

or races of man. There are something like 45 so-called "wars" raging on this earth right now. In unravelling this succession of wars, whether they be economic, religious or military; White against White or White against mud; if one digs deep enough one will nearly always find a Yid in the fuel supply. Just as Joseph supposedly wormed his way into a position of influence with the Egyptian Pharaoh (See Page 8), the same M.O. has worked like a charm for his tribe ever since. Once you know what you are looking for, namely the Jewish fifth column influence behind the scene, they stand out like niggers on a swimming team. As Reverend Stanko pointed out in last month's lead article in *Racial Loyalty*, they don't say "Wars are the Jew's harvest." for nothing. Even the most cursory study of this country's major wars (1861-'65, 1917-'19, and 1941-'45) from that point of view shows clearly who lost (us) and who made gains (them). But I'll stick, for now, to the only "conflict" about which I might pretend to be an expert — Vietnam. I pulled 2 tours there as an infantry "grunt" with the 5th Special Forces Group; my second hitch was with the rank of Captain. I was a kid of 21.

In '65, Vietnam was heating up nicely with the U.S. Marines being committed to beef up the few U.S. Army Special Forces (Green Berets) "advisors" who had carried the protracted, so-called guerrilla war as best they could to that point. The Jew stooge, Lyndon Johnson, was doing a masterful job of leading our boys and the "military-industrial complex" (read Jewish power structure) into a "no win war" to "contain communism". Not to defeat communism, mind you, but to contain it. Talk about the phony fight ruse! (See Page 120 of EXPANDING CREATIVITY). Vietnam was still a popular cause at that time. There wasn't an anti-war movement being piped into America's living rooms as yet. Nearly everyone figured that since the stupid Buddhist monks were burning themselves alive in front of American TV cameras, the least our young men could do was to drop what we were doing and go die for democracy. (Incidentally, what burns up 5 gallons of gasoline yet doesn't go anywhere?) The Korean "conflict" was nearly a generation behind us at the time and a whole new crop of cannon fodder was available. In other words, conditions were ripe for a good ol' patriotic, flag waving, do-it-for-democracy type spilling of our mothers' sons' blood. And just in time to act as a daily diversion from the slow and steady implementation and enforcement of the Jew's proudest accomplishment — the newly enacted "Civil Rights Act". All White resistance to these "laws" being methodically crammed down our guilt-ridden and gullible gullets was effectively squelched. Was it not?

The number one song of 1965 on the pop charts was an incredibly odd little ditty by Sgt. Barry Sadler called *The Ballad of the Green Beret*. Does anyone who understands the Jew-controlled music industry question how this odd little bit of trivia fits into the mosaic of that era? Even so, the music of 20 years ago is mild compared to the insidious Jewish/nigger schlock our kids get to pick from today. MAYBE IT JUST WASN'T TIME for the stupid goyim to accept anti-White rap crap like they do today, eh? Anyway, the line from that song about "America's best" still rings in my ears 24 years later. "100 men will test today — but only 3 win the green beret." What lovely bait! What young man is not motivated to be among the best? I was. I was then and I still am today. (That's why I have chosen to be a

Creator.) Where are OUR songwriters? They will surface soon as we turn inward more and more to our own people for a renaissance of White culture. President Kennedy adopted the Army Special Forces as his pet, elite fighting force and John Wayne even made a patriotic (and highly propagandistic) movie about the green berets as only he could. He bucked the Jewish movie production and distribution mill to put this positive image of the modern American fighting man in the can. Does anyone now doubt why it was distributed and promoted through establishment channels when it is seen as serving the Jew's purpose of glorifying the conflict? To hell with Jew movies. It's time WE make a movie. A majority of White homes now have VCR's so we have the market and the means, and we certainly have the talent to produce high-quality feature films with OUR message. IT IS TIME!

Back to S.E. Asia and the '60's. In Special Forces we were truly professional soldiers; all volunteer and nearly all-White. Many of the officers came up through the ranks and were not career oriented at all. Protocol between officer and enlisted was nearly nonexistent and unconventionality and resourcefulness were highly regarded traits, unlike in line units. Some men were suicidal, all were adventurers and all were "fighting" for the wrong reason — supposedly to save the South Vietnamese from the evils of their communist brothers from the north. JOG's have always been fearful of these types of elite fighting units after they have served their purposes because of the potential threat they pose, especially within the military. I expect this is why Special Forces units were battalionized in the early '70's and mainstreamed into the regular army. Regardless, being an elite force of "advisors" with the responsibility of border (Laos & Cambodia) control and surveillance from our remote outposts we would have to have been considered on the "the front line" of the war if there was such a thing. To have constituted less than 1/2 of 1 percent of the American military at any given time during the war, we gathered over 75 percent of all intelligence on the enemy. Few people realize that for every "grunt" serving in a combat role in Vietnam, there were 8 American support troops. For most, it was a very boring year of marking X's on a calendar, for others of us it was a harrowing experience, but one we would not trade for anything. When people try to warn me of the extreme dangers of my present work I can't help but laugh when comparing it to the constant peril we were subjected to in that shooting war. Only one who has been through it can understand what I am trying to say, but a poem comes to mind which sums up what I brought back with me better than anything I could ever describe in my own words:

*You have never lived
Til you've almost died.
For those of us who have fought for it,
Life has a flavor
Which the protected will never know.*

There are many White racialists and a growing number of Creators who are combat veterans. The one thing we all share is the knowledge that we put our lives on the line for all the wrong reasons. Whether to "become a man" or to "defend" a country, its flag, its constitution, or the so-called Christian values and/or democratic principles which are drummed into our heads as being sacrosanct, we all know now that the only things worth defending to the death are our family, our soil and (contrary to established beliefs) our Race.

My unit was very race conscious, being nearly all-White. Other than a Playboy magazine interview with George Lincoln Rockwell, which fascinated me in 1965, I wasn't even aware of White racism until I got to see the nigger, up close, in "our" army. I did not like what I saw. By first becoming an officer then matriculating through S.F., I was insulated from the nigger mess. We did not have racial strife at all in our unit, except with the sorry Vietnamese. Nor did we have a drug problem, other than alcohol that is. No "fraggings" (niggers killing their White officers with fragmentation grenades) or nigger mutinies like the Navy had to endure. We didn't have to put up with their jive music or nigger

language or even take showers with them. The only wound I brought home with me was inflicted when a nigger slashed me with a knife. As Duty Officer, I had dutifully (and foolishly) positioned myself between the knife-wielding nigger and the other monkey which had a pistol. I learned that night just how difficult it is to kill a nigger by smashing its skull repeatedly with the grip of a .45 caliber pistol. I also learned to appreciate the value to our people of "black on black" violence and haven't tried to break up a nigger fight since. Yep, by not having to constantly deal with the nigger problem, our boys could actually concentrate on getting through our tours while killing as many bad guys as we possibly could.

RACE-MIXER'S DREAM

Speaking of niggers, 2 points need to be made on how Vietnam was a race-mixer's dream. While Stateside, Americans were being softened up for the negritude we so enjoy today, in Vietnam other experiments in brotherhood were being promoted as policy.

Although niggers had previously served in our military, until after World War II it had been almost exclusively in segregated units led usually by White officers. Even through the '50's and early '60's our armed forces were mostly White with almost no nigger officers. All that suddenly changed overnight it seemed as quotas were instituted and niggers over Whites became commonplace in a frenzy of what later became known as "affirmative action". Our military now, as a result, is a joke. Discipline has been replaced with "sensitivity". At a time when the military is shying away from conventional weapons and tactics in favor of high-tech armament, the soldiers entrusted with these computer toys have been dummed down to the level of the lowest common denominator — the nigger. Training manuals have been replaced with instructional comic books. What a revolting predicament! I keep picturing high-level quadroon generals like Chairman of the Joint Chiefs of Staff, Colin Powell, in a Pentagon "rap session" moving their multi-racial Divisions and Brigades around on a map of South Africa. Tell me it's not possible.

In previous wars fraternization with non-White native women was not only discouraged but forbidden by policy and marriage was out of the question. This all changed with the occupation of Vietnam. When half a million GI's are turned loose on all those willing Vietnamese women, how is it everybody is so surprised at the astonishing number of "Amerasian" mongrel rejects which proliferated as a result of those unions. Isn't it predictable that after Vietnam rejected these hybrid bipeds, the teeming refuse would wash up on American shores along with their extended families and all the other boat people, boat dogs and other fish head flotsam. To the credit of most Vietnamese women, their instincts told them that all GI's were not equal. Most steadfastly refused to bed down with niggers, much to the niggers' dismay and frustration. Those who slept with niggers became known by that practice and White boys would treat them as if they had AIDS. Just as the recent race riots in China demonstrated, you can warp Mother Nature's instincts only so far.

DIVISION AND DIVERSION

As mentioned earlier, Vietnam was used for division and diversion. The media could have been utilized, as it was during W.W.II, to unify our people in pulling the Jew's chestnuts out of the German fire. This was not to be the case. While many of us who thought we were doing our patriotic duty found ourselves being labeled "hawks", a counterculture was created of peace, love, acid, etc., represented by the "doves". The resultant anarchy dovetailed nicely with the "Civil Rights" movement and the burning of American cities by the niggers. It was like culture shock for me to come home after only a year to see my country so divided and in turmoil. Long hairs vs. short hairs; hippies vs. straights; old vs. young. I didn't dare wear my uniform on the streets since it was clear that Vietnam veterans were now pariahs. I felt like an alien in my own land. *The Ballad of the Green Beret* had been supplanted by *Four Dead in Ohio*, a protest song about 4 measly anti-war martyrs. Hell, I went back to Vietnam where I felt more at home. It's not unlike the isolation we pro-White activists feel today when we find ourselves in a roomful of sheep. We would rather be with those who share our knowledge and righteousness. It was clear then that we were not going to win the war, even though our forces had won virtually every battle. Yes, we were divided, but very superficially. Most of the divisions of the '60's were faddish and have for the most part healed except the one Nature gave us — black vs. White. You can't fool Mother Nature. Whites are now divided into the usual camps: Democrat vs. Republican (but not Populist); conservative vs. liberal (but not extremist); Catholic vs. Protestant; Methodist vs. Baptist; labor vs. management; White men vs. White women. Anything to keep Whites from organizing around the one precious factor which should bind us all — RACE!

Looking back and trying to analyse the whys and wherefores of Vietnam, I see it as a big ZERO for Whites. America suffered the humiliation of losing its 1st war ever, but JOG accomplished its goals while we all looked the other way. The modern day Joseph, Henry Kissinger, (See Page 8) even garnered the now Jewish Nobel Peace Prize for his ingenious "peace" negotiations. His North Vietnamese counterpart, Le Duc Tho, had the decency to decline his award, seeing as how another 50,000 combatants were killed after the so-called "peaceful settlement" and no telling how many civilians who had been loyal to the American behemoth and were stranded to fend for themselves after "Vietnamization". What a bad joke Uncle Sam played on the little rice burners. So much for the "domino theory" justification for our presence also as Cambodia soon fell and as many as 3 million muds were snuffed soon enough. The real "Vietnamization" seems to be taking place in THIS country and in Australia as whole sections are turned over to the "refugees" by the Jew and his useful idiots.

So we can now see that Vietnam was the ultimate diversion of that period while the Jew power structure implemented their ulterior plan of fomenting rebellion, discontent and strife throughout our land. Look hard at who was behind the campus unrest, the nigger agitation of the "Civil Rights" movement, the "weathermen" terrorists, the SDS, the "Chicago 7", the PLAYBOY philosophy and it's "sexual revolution" (and proliferation of Jew pornography), the whole new "drop in to drop out" mentality of the wonderful new escapist drug culture, not to mention the emasculating, anti-Nature Lesbian/Queer movements or "freedom-of-choice" murder of over 20 million White babies in the last 15 years. One last thought on the value of diversion. Is it any wonder that most Americans didn't then, and still don't today, know about Israel attacking the U.S.S. Liberty on June 8, 1967, murdering 34 and maiming 131 Americans, when the 6-Day War AND Vietnam AND nigger unrest were hogging all the headlines and the evening news that week. (See Chapter 39 of the WHITE MAN'S BIBLE).

You can take any aspect of this so-called "New Age" culture (whatever that means) that we have today, be it music, movies, sports, men's magazines, TV,

(Continued on Page 3)

A VIEW OF WAR*(Continued from Page 2)*

art, social movements, etc., etc., and note how it has been distorted in degrees. Youngsters will have difficulty doing this, but growing up in the '50's myself, I have no trouble seeing the way our whole social fabric has been methodically torn asunder. In going back to the old books and scrupulously reading the PROTOCOLS OF THE LEARNED ELDERS OF ZION, Henry Ford's 4 volume THE INTERNATIONAL JEW, and Hitler's MEIN KAMPF and numerous others, it was easy to see that the Jewish master plan of world domination is not new to my lifetime. It took me several years of independent investigation before I discovered Creativity and the masterworks of Pontifex Maximus Klassen. My search for purity of thought then ended. It was now time for solutions. Who has the solutions? The White Race needs revolutionary thought and a drastic change of direction. In comparing all the factions of the so-called White movement and their "programs" to save our people, Creativity is the only one that has it all drawn together into one concise package. Sure, we can sit around and nitpick about our logo and diet and universal language or how we got into the mess we're in 'til we're outnumbered 50 to 1, but it would be much wiser and more productive to go out and convince others that in a rational White racial religion, based on the eternal laws of Nature, we hold the key to the destiny of Nature's finest creation, the White Race.

LESSONS LEARNED

In looking at our situation today in the context of lessons learned from the Vietnam experience, like from all bad experiences, we should learn from our mistakes; certainly not make the same errors again. Armed with what we know now, how could we possibly allow our sons and nephews and grandsons or any young White man to get in a position where they might go to a war which is not in the interest of White people?

I can see the same kind of media orchestrated hype being used today as was used on my generation in the '60's to fill the ranks of the military. About 2 years ago young men were tripping all over themselves trying to sign up for the Marine Corps when Zionist Ollie North was spewing his patriotic crap during the televised "Iran-Contra" theatrics. I was appalled and remember begging several young men to stay out of the military. I couldn't believe the naivety of their "patriotism" or the extent of their programming to reject my logic. We must overcome the argument that "some people just have to learn for themselves". How many more boys have to learn simple truths the hard way like I did? How can we allow even one White boy to join a multi-racial armed force to go kill Arabs for the Jew; or Sandinistas for the Contras; or even White South Africans for the poor, oppressed nigger? Why didn't I learn what I now know from my grandfather's experience in WW I or my father's service during WW II? Certainly they must know that they were manipulated with rah! rah! patriotism to destroy White Germans who posed no threat to their families, their country or their race. We ALL now know that the German nation was in the Jewish deathlock, under the Versailles Treaty which "settled" WW I, much as America is today. The Germans knew almost as much as we Creators know today and had similarly resolved to rid themselves of the Jewish menace just as we do. The only reason Hitler and the German people were destroyed was that the Jew lackeys, Roosevelt and Churchill, joined forces with our "ally" Stalin and his Bolshevich Jew Communists to save world Jewry which had declared war on the Germans in 1933. The White Race was in near complete control of the world situation up to WW I, in spite of Christinsanity, and look at us now! How can any sane White person conclude that the White Race gained ANYTHING from the wars of this century?

I was nearly rejected by the Army in early 1966 because, in filling out my application, I honestly stated that, yes, I had indeed attended a KKK rally. Actually, some friends and I on a night ride to the coast, saw a big, lit-up cross off in a field and pulled in to catch the tail end of the ceremony out of curiosity. We were just in time to hear a few good nigger jokes before getting

back on the highway towards the beach. What a threat to national security I must have been. Before that day at the recruitment center was over I had met with at least 6 federal plainclothesmen of some sort who all convinced me that if I would just tear up my application and fill out a new one stating that I never attended that rally, why then the Army would be glad to have me. Like a fool I did just that. Hell, I wanted to enlist.

*I want to be an Airborne Ranger**I want to go to Vietnam**I want to live a life of danger**I want to kill some Viet Cong*

My comrades and I used to sing that mindless cadence as we were aspiring to become veterans and carry on the noble tradition of the American fighting man. I quit long ago trying to forget the faces of all those young men who I know bought early graves or whose lives were crushed in some other way by the experience. I'm just thankful that my brother (3 tours as a Cobra gunship pilot) and I each came back in one one piece and can say NEVER AGAIN! The past is the past and the future is the future. We MUST learn from the past or there will be no future.

Three years ago the now defunct White Patriot Party was having some measure of success in recruiting Marines into its organization. To counter this the ADL pressured the demi-Jew Secretary of Defense, Casper Weinberger, to come forth with an edict that no active duty member of the U.S. military could belong to the W P P. I immediately seized upon the hypocrisy of this declaration and sought to expose the double standard being applied to Whites since niggers and Jews, etc. could belong to any number of nigger/Jew organizations and still wear the uniform. Within a couple of days I had an ad in my local paper which read: *Young White Christians — (I had yet to discover Creativity) Enjoy the latest military deferment. Miss the next foreign war and help fight communism at home — Join the White Patriot Party. Write P.O.Box...* This irritating, facetious ad generated about a dozen responses, mostly

HERE WE GO AGAIN, OFF TO ANOTHER UNDECLARED WAR IN SOME NO ACCOUNT MUD COUNTRY. WE RISK OUR WHITE BUTTS WHILE SOME DAMN JEW BUSINESSMEN GET RICH FROM IT BACK IN THE STATES.

anonymous hate mail from incredulous, young Whites amazed that a pro-White message would be allowed in "their" paper, particularly in the name of Christianity. One good prospective activist came forth as a result of this \$7.50 advertisement, so don't overlook this method. There is nothing humorous to me about our Holy Struggle now and I'm serious as a heart attack when I admonish White youth to UNDER NO CIRCUMSTANCES JOIN THE MILITARY (unless as a Creator Chaplain). No matter how bad the economy gets or how attractive JOG makes the military, DON'T GO! Get a double deferment; one as a militant White racist — the other as a conscientious objector on religious grounds (Creators only fight enemies of the White Race). Become a Reverend in the C.O.T.C. and dare JOG to question your beliefs. Don't use some pansy excuse like an educational deferment (unless you are attending the School For Gifted Boys that is). We will build our own goddamn army, and although we will continue to arm ourselves to the teeth, hopefully few shots will be fired. We will convince our kinsmen with logic and the other races with our collective might and will to be separate. NEVER GIVE UP YOUR GUNS!

I don't dwell on my time spent in the service, nor am I bitter. I do resent the way the Vietnam veteran has been portrayed as a drug-crazed, psychotic, baby-killing crybaby; but then look who's making the movies and writing the books and articles about us. Sure, 58,000 (mostly White men) lost their lives for nothing over a 14 year period. But what's the fuss? What does that compare to the more than 350,000 White, anti-communist German civilians that the American and British "Allies" murdered when they firebombed the city of Dresden on February 13th and 14th of 1945?

"How can any sane White person conclude that the White Race gained ANYTHING from the wars of this century."

Now, having tied the Vietnam conflict together in the context of the Jew and the White Race, what alternative to military service is available to our young men? Traditional universities are not very conducive to a pro-White point of view. In fact, having wasted 4 years at the State University myself, I feel it's safe to say universities have become next to worthless as a social experience. Our people should attend these institutions to gain technical skills and to whip up racial unrest and White solidarity through the message of Creativity in their so-called "free and open exchange of ideas" forum. The C.O.T.C. School For Gifted Boys is in place here at the World Headquarters and is potentially the best thing I've seen yet approaching a "Vanguard School" for training future leaders of our Race. The building alone cost us nearly \$100,000 to construct, has a commercial kitchen, dining facilities, Headmaster's quarters, 5 bathrooms and dorm space presently for 24 young men. We have a more than ample staff of volunteers to guide us through our first sessions. What we need now are young men. I am encouraged by the number of enthusiastic Skinheads from all around the country who are interested in attending the first session of the leadership course to be held later this summer. We WILL hold this session even if only half a dozen young men arrive here on the greyhound flat broke. If we don't, who will? We have lifted the age limits to young men between 12 and 22 and, once again, appeal to our fellow Creators and other readers to sponsor a young man who can't afford the \$300 tuition or, better still, send a young man yourself who you deem bright and caring enough to later lead our people. I want to clarify a misconception about our school. We have no intention of becoming a paramilitary training camp with all sorts of weapons and tactics training. What we ARE planning is more a cross between the "Outward Bound", confidence-building/survival type camp with the addition of leadership training, a Creative ideology, and numerous other relevant blocks of instruction. What I would give to have been able to attend a meaningful camp like that when I was a boy? Think about it. How would it have altered your life's course? Be a part of this bold and Creative experiment; it will shape the future of our movement and the destiny of our people.

There is only one war left to fight and we are already in it. We ask you again, what will you answer when your children ask: What did you do in the war Daddy?

BRICKBATS & BOUQUETS

Keep 'em Comin'

Dear Hasta Primus,

Keep the RL's coming and renew my Church membership. I've also enclosed a \$60.00 donation to the cause. I hope to give donations on a monthly basis in the future. None of the other movement publications come near *Racial Loyalty's* truth and common sense regarding J.O.G., the spooks-in-the-sky swindle, and "Christinsanity". Creativity is the answer to the White Man's problems.

RAHOWAI,
Archibald Ramsey
New York

Dear Pontifex,

I attended the I.H.R. Conference and it was outstanding! The JDL did their best to prevent it by threatening the hotel that there would be a violent confrontation. Naturally the hotel cancelled our reservations and we picketed in front for a half hour. It was on the front page of the *L.A. Times* and the *Daily Pilot*. Ironically, if it wasn't for the JDL's histrionics we would not have received all the press coverage.

Fred Leuchter gave an exciting account of his investigation behind the Iron Curtain. Dr. Leucher drove the last nail into the coffin of that sorry holohoax. *The Leucher Report* is like a gift from Providence and we would not have it were it not for the Jews' persecution of Ernst Zundel. When Irv Rubin, the horse-faced JDL leader, was screaming "Nazi scum" in my face, I was tempted to say "Thanks pal".

David Irving was very entertaining and informative. Thanks to the JDL, video crews were sent by 3 major networks. Irving announced to the press that no serious historian could find ANY evidence that the Germans had an extermination program.

We are holding weekly meetings now and are going to run a candidate for U.S. Congress next year. We are fortunate to have a real firebrand down here named John Willmott. He is 75 years old and is our best man! He stumbled into the movement [Don't we all?] 2 years ago after following the Oliver North trial.

\$30 enclosed — I would like to order 200 copies of *Racial Loyalty* — 50 copies each of No.'s 47 & 48. Also send the same to my old werewolf unit in South Jersey.

Dear Sir:

We received our first copy of *Racial Loyalty* today and have enjoyed reading the contents such as the Kennedy article immensely. We've been impressed with your forthright style of writing and believe other publishers of "Patriot-type" literature should be exposed to this article on the Kennedy assassination. Thus, we are enclosing printed labels of our mailing list of publications which you may use in direct contact with such editors. Also I'm including a set of addresses of personal friends who may likewise be sent a copy of Issue No. 46. Enclosed is a \$50 FRN as a support measure for your ongoing publication and related work. Keep up the good work.

Dear Hasta,

I enjoy reading *Racial Loyalty* very much and am passing the extra copies around. I think you are doing a fine job for the White Race. Enclosed is a check for \$15. Please send me a WHITE MAN'S BIBLE — the rest is a donation.

Report From South Africa

Dear Pontifex Maximus,

First off let me thank you for having started the Church of the Creator; without this central rallying theme or religion the Whiteman will continue fighting himself, mongrelise himself out of existence and be swamped by the mud races. Indeed it is the only complete program, the ultimate creed, for unscrambling the Whiteman's thinking and unifying the White Race.

To me it was like a fish taking to water—all your sentiments are my own and your precise facts like manna from "heaven". I have taken up your exhortation and have become a mini-distribution center of our basic books, buying my supply from the good Whiteman, (name deleted). My little flock is growing steadily and soon I will get us to hold regular meetings. Later on we will start pounding at the doors of our White Racial comrades like the Mormons and other idiot "religions" are prone to do.

Also, I have been in contact with one of the members of the Church of the Creator in Pretoria and upon remarking that they should hold a wedding, he told me that they had long since had their first wedding. It gladdens the heart to no end. RAHOWAI

Things in our (White) country are going from bad to worse. Daily, nay hourly, we, the Whites, are being bombarded with race-mixing indoctrination by our own JOG, in the newspapers, on TV and on the radio. Virtually all adverts are now of the integrated variety (virtually all businesses belonging to the Jews) and not one halfday passes without some pro-Jewish propaganda being broadcast or published. The 6 million scam is still being foisted on us relentlessly and we are supposed to feel sorry for the poor persecuted Jews—God's chosen. World War II is rehashed at each opportunity, not forgetting the 6 million hoax, until you want to puke.

Our Jews are an awfully busy bunch, raking in the millions while our cities are being swamped by Niggers (Kaffirs) from the "independent states". These 'firs are welcomed into the cities, are given full citizenship without giving up their own countries' citizenship and of course no White is allowed to own property in the black states or even enter them without formalities. The Jews also never build their businesses, such as supermarkets, in these independent states or even in the 'fir and "colored" residential areas. The Jews know that they would stand to lose their investments through getting ripped off by their staff giving goods away at the till or burnt out, but more importantly, they would rather have the 'firs mix with people until something gives and all hell breaks lose.

Unfortunately the average Whiteman is still too brainwashed to realize what is happening, but we see it as our duty to inform them and get them to see that things are working according to a plan—a Jewish plan.

As you may know, the PROTOCOLS were banned by the Jews back in 1935 (in the RSA), so it is only with difficulty that we can get the truth over to our people.

The JOG is powerful and has the full support of those in ostensible power, in commerce, industry and in the media. Also the Jewish Christian movement is having another of its interminable "revivals" in the RSA, always currying favor with the mud races and 'firs. Fortunately the main honcho of the "Dutch Reformed Church", one Johan Heyns, who for all intents and purposes must be taken as a full blooded Jew, has sent the cat among the pigeons when he recently apologized publicly for Apartheid to the muds as if he is the sole representative of the White Race.

This morning two blue-eyed American White boys came to my door, replete with nametags on pockets on white shirts—they explained that they were from the church of latter day saints (read mormons or is it morons). Such brainwashed youth from your country are running around here trying to con White People to follow their rubbish. I asked them why they weren't visiting the 'firs and "coloreds" instead of pestering the Whites and ended off by telling them to go back to America to preach to their own niggers and muds. What an utter waste of good white skins!

Enclosed you will find an *RSA Brief* which I brought out a while back under the aegis of the *Friends of the Stallard Foundation (FSF)*. It is basically an attempt at educating our own White Racial comrades in the RSA. Hope you find it interesting. The *Friends of the Stallard Foundation* is a group of right thinking Whites which a few of us started a year ago. As "dictatorial" prime mover of it, I am gathering in as many as possible right-wing Whites to unite them, get a *White Consciousness Movement* going (on a non-language basis) and make them disseminate information as a contra to all the rubbish we Whites are being fed. We have had many guest speakers, like Conservative Party Parliamentarians, address us, affording us the opportunity to question them apropos their real stance and future plans for the RSA Whites. One of our most interesting guest speakers was Hans Schmidt of GANPAC—a most likable and intelligent Whiteman.

Things are unfolding in SWA which will give the RSA Whites cause to think again if they are not too far down the road of total inertia. Our JOG, the State Department and even Margaret Thatcher are doing their worst for the Whites in SWA. The same as what happened in the Belgian Congo, Katanga and the rest of Africa, will soon be happening there AND in the RSA. The minute UNTAG moved into SWA, replete with Russian aircraft, war broke out there. It was bound to happen—after all, Prem Chand has a mission to fulfill. In all these years we have not seen war in SWA—in Angola, yes, but not in SWA. Verily Peace has broken out with a vengeance! It has also come to me that as the last enclave of true-blue Germans, the Jews cannot let SWA Survive. For them WW II has not ended until ALL Germans have been eradicated. SWA will be overrun by the black hordes to wipe these Germans off the face of the earth. I consider the Germans in occupied Germany as totally in the grip of, or under the heel of, the Jewish jackboot, Goodbye SWA, hello Namibia.

If you feel so inclined, I would welcome being ordained in "our" Church.

Correction & Memo

An inadvertant mix up occurred in last month's *Brickbats & Bouquets* feature. On Page 9 we printed a note from Jack MacDunashlaighta, Managing Editor of a newsletter called "Quarterstaff Advisory" out of New York. An article penned by one Jack McLeavey, a frequent contributing writer for Q.A., was submitted to us for possible inclusion in R.L. with the note we printed attached at the end. Since the note was signed simply "Jack", your novice Editor assumed wrongly that the note was also from Mr. McLeavey. The rather conservative article by J.McL. was not suitable for a radical tabloid like ours, but the note by J.MacD. gave us a chance to pat Ron Quinn on the back for his *White Heat Cartoons*. J.MacD. has since shown appreciation for the "kosher logic" cartoon from the same issue which was submitted to us, by the way, by Al Wetzal, a long time supporter and valued movement writer and cartoonist in his own right.

Your Editor regrets this mix up and takes full responsibility in apologizing to the staff of Q.A. for ruffling their feathers. I want to make it clear right now that any letters (or notes) addressed to Box 400, Otto, NC are assumed to be free game for *Brickbats and Bouquets* unless specified otherwise. We have NEVER published someone's letter (if it's not anonymous, that is) when specifically asked not to. Like any paper, we reserve the right to edit, condense and correct any letters submitted to us without changing the essence of course. We look at every letter with the question: "Is it good for Creativity?" Though we welcome all letters, critical and otherwise, we are not an open forum for every "patriot" and special interest group out there. We are here for all White people but primarily for Creators — those who are already "with the program". We also like "constructive work" with other White activists but we will not look the other way for the sake of so-called "unity" when we see "leaders" misdirecting and diluting the potential of the "White Movement".

One last note. The volume of mail we are now receiving has become more than our small staff can possibly answer and still handle orders for literature and get *Racial Loyalty* out in a timely manner. Every letter is read and appreciated and as we increase our staff to accomodate our "growing pains" we WILL get caught up on your backed up requests. So don't get discouraged in waiting for materials ordered — please bear with us. RAHOWAI

Dear Reverend Williams,
 Enclosed herewith please find self-explanatory copies of newspaper reports on the banning of the BBB and the restriction of myself. Anti-semitism and radical racism were mentioned as some of the reasons for our banning under the emergency regulations of 1988. According to these regulations I am not allowed to appeal. More information about the whole issue will be sent to you later.

Thank you for your kind interest in our sad situation. Jan S. Smith, one of our leaders, may give you more information. Fortunately, due to all the publicity, our aims are now well-known which resulted in a strong growth in our Movement. We formed an alternative Movement called the "White Nationalist Movement". The announcement of it's founding received T.V. news coverage.

Yours sincerely,

 P.S. THE WHITE RACE FIRST UNDER ALL CIRCUMSTANCES.

Dear Comrade Will,
 Please accept my apologies for being so lack in responding to your notes and request for a report on the current situation (dismal) in South Africa.

This past Sunday we had a very successful meeting in Pretoria. The previous meeting stretched the capacity at our hall (provided by Dr. Doussy) to its limit. Very good White people keep joining our ranks. At our last meeting Rev. Fourie gave a lecture on race differences and I lectured on the confusion on the so called "Right".

The BBB (for which I acted as chairman) has been banned by the treacherous Bothas with Prof. Schabort restricted to his hometown. We subsequently formed the BNB which was also banned with the acting leader Wynand deBeer now restricted to Cape Town. So far no action has been forthcoming against the Church, except the banning of our scriptures and circulars.

Thank you a million times for all the books (WMB's) you sent us over the past months. Also for the RL's which are distributed to members and supporters all over South Africa. Always know that my dedication to Creativity will never fail and that I will promote and fight for it till my last day. Very good Racial comrades are supporting me on this side of the Atlantic. Also know that the works of Pontifex Maximus have already made an indelible mark on the South African scene and the collective White mind and will continue to do so.

Included herewith a cheque to the value of \$505.00. Use it to the best advantage in our fight for the survival, expansion and advancement of the White Race.

Regards to Pontifex Maximus and please assure him of my and the Kirk van de Skepper's (C.O.T.C.'s) absolute loyalty and respect.

As soon as time allows I will

endeavor to write you the requested report.

Please keep up the fight and may the Creative Force of the White Race stay with you toward our White goal.

Creatively yours,
 Rev. J.S. Smith

Report From California

Dear Pontifex Maximus:
CONGRATULATIONS ON A MAJOR VICTORY FOR CREATIVITY! As you can see from the enclosed SAN FRANCISCO CHRONICLE (3/11/89) and LOS ANGELES TIMES (3/12/89) clippings, U.S. District Judge FERN SMITH, in a ruling released on March 10, 1989 ordered that THE WHITE MAN'S BIBLE must be returned to prisoner NORMAN WILLHOITE from whom it was seized by the San Quentin prison guards in 1986. In the ruling, Federal Judge Fern Smith stated: "ALTHOUGH THE BOOK CLEARLY ADVOCATES RACIAL PURITY, IT DOES NOT ADVOCATE DIRECT ACTS OF VIOLENCE OR ANY ILLEGAL ACTIVITY".

Several other enclosed newspaper clippings show the disgusting anti-White position of the dominant "White" Christian churches in South Africa (such a position is, of course, characteristic of all Christian churches anywhere in the world). In an official declaration, released on March 10, 1989, the special conference of the "White" Dutch Reformed Churches said that Apartheid (White Racial Loyalty) was a "sin" and "irreconcilable with the Gospel". The conference leaders pledged themselves to making "the Christian church family one, united, non-racial". I hope that the South African branch of the Church of the Creator will take full advantage of this so-called "Testimony of Vereeniging" (or more appropriately—Testimony of Racial Treason) in exposing the treacherous, inherently anti-White nature of all Christian churches and thereby winning new converts for the truly White Racial Religion—CREATIVITY.

All of us are glad that our beloved newspaper, RACIAL LOYALTY, is again being published regularly and is getting stronger with every issue. But I miss at least a small regular section which could be entitled "BLACK/MUD/JEW CRIMINAL TERROR AGAINST WHITES". You see, there is nothing better to shock the White people out of their self-paralyzing "christian/liberal fairness" complex than a mug shot of a brutal black criminal and a photo of a White victim (usually a beautiful young woman) side by side with a graphic description of the crime. Just remember how effective was the Willie Horton mug shot during the presidential campaign! Republican party chairman, Lee Atwater, even to this day has to, at every turn, apologize to every black/mud/jew gathering for using the mug shot of convicted black criminal Willie Horton to "scare" Whites and to "inflammate" White racial fears. The jewsmedia is fully aware of the tremendous psychological implications of showing photos of brutal black criminals and their innocent (usually young and beautiful) White victims; therefore, most of the crime reports in the big jewsmedia papers are without photos and without

any reference about criminals' or victims' race. However, local newspapers are often more open in publishing graphic descriptions and photos of black/mud/jew criminals and their White victims. Therefore, it would be a good idea for all Creators to monitor their local newspapers and send clippings about the black/mud/jew-on-White crimes to the "BLACK/MUD/JEW CRIMINAL TERROR AGAINST WHITES" section of RACIAL LOYALTY. Let's remember that the black/mud/jew-on-White crimes are never an isolated, local event; they are part of the worldwide racial war which will eventually (and very soon) impact every one of us White people. So let us be prepared! WHITE PEOPLE AWAKE! JOIN THE CREATIVITY MOVEMENT! IT IS OUR ONLY SALVATION!

Creatively yours,
 A White American

Court Returns 'White Bible' To Prisoner

A book called "The White Man's Bible" is racist but not violently inflammatory and must be returned to the prisoner from whom it was seized in 1986, a federal judge in San Francisco has said.

The book was confiscated from the maximum-security cell of inmate Norman Willhoite in November 1986 by T. V. Arzate, a San Quentin guard. At the time, the guard said the book could provoke racial violence.

In a ruling released yesterday, U.S. District Judge Fern Smith said the state failed to prove that the book presented any imminent danger. The issue was before Smith on a petition by Willhoite for the book's return.

"Although the book clearly advocates racial purity, it does not advocate direct acts of violence or any illegal activity," Smith said. "Further, even though advocating racism, the book is not sufficiently racially inflammatory to be reasonably likely to cause violence at the prison."

Excerpts of the book in court files refer to blacks as "subhuman" and said of whites, "We must organize and expand until we embrace the planet Earth. Let the Jews and the mud races take note." It also calls for hanging white "race traitors." The author is identified as Ben Klassen of the Church of the Creator.

ED. NOTE — Welcome back White American! We appreciate your astute reports and your generous support. So generous in fact, (several thousand \$\$ now) that we are dedicating a fruit tree in your name, THE WHITE AMERICAN, in perpetuity, alongside Leadership Lane here at the World Headquarters. Other

contributors of \$1,000 or more to our Church have plaques by their trees, but you will be the first anonymous honoree. We, of course, hope to meet you and know your real identity some day, but your tree will always be to our Movement what the Tomb of the Unknown Soldier is to the VFW. Thank you!

We beat you to the punch on your BLACK/MUD/JEW CRIMINAL TERROR AGAINST WHITES suggestion. See CREATORS VIEW THE NEWS in this issue and last and know you didn't pick the C.O.T.C. as your church for nothing.

As for Rev. Willhoite, he is a courageous young man who has been fighting our battle, virtually unassisted, for over 3 years. As some of our readers know, he killed a savage nigger who had molested a 3 year old White girl and has been in prison since he was 18 (over 8 years now) as a result. To our minds he should have been awarded the Medal of Honor for such a deed, but we have gone one better and given him the Creativity Award of Honor that goes with being named Creator of the Month for April. The JOG dogs being the bastards that they are, disallowed the certificate, the personal note and the WHITE MAN'S BIBLE which we sent to Rev. Willhoite upon being notified of his momentous landmark decision for the 1st Amendment, The Creativity Movement and the White Race. We suspect that Rev. Willhoite has been moved from San Quintin, but we will soon find him and give our readers his address to congratulate him. The door is open now to get our WMB in to White prisoners and we have a 7 page decision by a U.S. District Court Judge to back it up, whether JOG's Gulag Masters want to admit it or not. Rev. Stanko told us last night by phone that prison officials (90 percent White 'cause the muds are incompetent) are scared spitless of this decision for fear that Whites may be able to organize now behind the walls. The restless niggers will revolt of course and there will be a lot of dead "white" JOG guards. What a beautiful scenario and impetus for segregation of prisons by race. Dear Hasta,
 I'm in receipt of your letter of March 4. Please accept my apologies for my delay in responding. All of my mail, in order to keep from being returned to sender, is forwarded to me thru my court-appointed attorney. Therefore, it is sometimes late in reaching me. I also got the Racial Loyalty's — Thanks.

Thank you very much also for your encouraging words, offer of assistance in our fund appeal and also your offer of help in the matter concerning David Lane. I have only met Mr. Lane one time. This was when I was subpoenaed to Ft. Smith to testify for the defense.

Please feel free to contact Mr. Lane in the matter concerning Glenn's [Miller] implication of Doug [Sheets] and me. An affidavit from David would be sufficient, his testimony may be even better.

I agree with you in your praise of Hugh Black. He has been under intense pressure from ZOG the last sixteen

(Continued on Page 6)

months, and has steadfastly refused to lie for the bastards. However, in ZOG's desperation to close this case, I suspect that they will attempt to convince Hugh (possibly thru attorneys and maybe media misformation) that Doug and I are going to testify falsely against him. I state to you at this time, should this ever be said, it is nothing more than government LIES.

I have no intention of "cutting the Yahweh Yahshua crap" as you put it. I would hope that the difference in our beliefs would not come between us and our common enemies. [It won't, that's why we are willing to help. Having read R.L. for 5 years though, you should simply know better — ED.] It should not matter whether we fight for the God of our race or whether we fight for the race of our God. Our struggle is to create a safe and healthy society for future generations of our people. It is a common struggle, and until we are victorious, all other issues are minor.

I will, at all times, be straight forward with you and I will never intentionally do anything that may jeopardize the

Creativity Movement.

Please find enclosed a fund appeal letter for *Racial Loyalty*. I will attempt to call you one day this week, possibly Wednesday or Thursday, at the time you requested.

Smell a Yid in the Fuel Supply

Dear C.O.T.C.,

In case you doubt that the Exxon Valdez tanker was DELIBERATELY run onto the reef, it was a ten mile wide ship's channel where anyone could have safely steered a dozen passing freighters and tankers without incident. The weather was calm and visibility clear, no fog, and the Captain HAD DELIBERATELY CHARTED a course TO HIT THAT REEF after loading; and nothing was done to stop the leaking nor to contain the oil, via booms so it could be recovered, FOR A FEW DAYS!

Had I been on that tanker or in the area LITTLE oil would have escaped to

the sea, because I would have water soaked pillows, mattresses and blankets and tossed them into the leaking (even if badly ruptured) tanks where they would have been drawn into the rupture and plugged all leaks!

Oil level was 30 feet ABOVE WATER LINE, so no water came into tanks UNTIL they'd drained to water level which took a week or more and most of it could have been transferred to EMPTY TANKERS WAITING to be filled!

I've plugged stock tanks when hit by trucks, and oil well tubing and casing with rubber plugs and mattress stuffing DOZENS OF TIMES, after they'd sprung a leak, and it held for a year or two until permanent mechanical repair could be effected. Those temporary repairs withstood 500 to 700 lbs. pressure (dependant upon depth) and tubing pumped during muddy conditions when pulling machine couldn't reach well sites.

Oil floats on water due to its specific gravity being lighter which is why I'd water-soak light materials and rubbermats, rugs, boats, raincoats etc.. would IMMEDIATELY have been swept into a break by oil going out!

Crew members knew this, but WEREN'T ALLOWED to stop leaks! EMPTY forward tanks made it easier to get ship off the reef—floated higher in water!

Rockefellers, Standard Oil, Exxon should be sued for those trillion dollars which won't restore the wildlife, fisheries, sea animals and environmental damage caused DELIBERATELY by CRIMINAL intent and actions and negligence!

They DIDN'T EVEN TRY TO ALLEVIATE the damage and destruction and are making us all stand the expense!

I suspect that it was another incident created to get attention away from the actions of Israelis?

Jews have always boasted about their "being the DESTROYERS" and this incident proves it again!

Their motto seems to be "give the Goyim something to talk about, so they don't realize how we're giving them the shaft?" or "Give the Coast Guard more to do and thus take the heat off our profitable Drug Trade"?

I am a capable, experienced observer upon whom attempts have been made for daring to tell truths such as these. RAHOWA!

Creators From Nine to Ninety

Jack Jackson's Appeal to Creators

In November of 1987 myself and Doug Sheets were indicted on charges of killing three sodomites and burning a pornographic bookstore near Shelby, NC. Our indictments were the result of perjured testimony by the informer, Glenn Miller, and his drinking buddy, Robert Stoner. Miller and Stoner both lied to the Grand Jury to cover-up their involvement in these murders. It is common knowledge among several federal agents and prosecutors that Miller was being blackmailed by the people who ran the store.

We are already serving 20 year sentences after being set up by Miller, who at the time was cooperating with the Justice Department. This, among other things, can be proven and will be if we are given a fair trial.

We have a very good case and we are confident that in court Glenn Miller will be exposed for the liar he is, just like he was at Fort Smith, but we need help. We need legal representation which will expose ZOG.

Both Doug and I, as well as our unindicted co-defendant, Hugh Black, have been offered incredible deals (including full immunity and federal witness protection) if we will confess to three murders that we did not commit. The government made these offers because they are desperate to avoid the embarrassment which will occur when their complicity in these murders becomes known. Hugh was imprisoned after being sentenced to serve eighteen months for contempt of court. This happened after he refused to accept full immunity and perjure himself in front of a Federal Grand Jury by testifying falsely against Doug & me. The other side of the coin is their threat to execute us or make us spend the rest of our lives in prison if we don't lie to let Uncle Sam off the hook.

ZOG has made it perfectly clear that they are determined to prevent this exposure. On January 7th of this year my 21 year old brother, Tony Wydra, (Tony was adopted by my stepfather, thus the name difference) was shot dead on a lonely stretch of Highway 17 in Onslow County, NC. The man who allegedly pulled the trigger is an active duty Marine who has never been required to give any kind of testimony under oath explaining his presence and his motives to any legal authority, civilian or military. The "investigation" was closed within twenty-four hours and no unbiased outsider has to date been allowed to see any of the official reports, autopsy, or to question the gunman. No charges have been filed, nor is there any indication that anything will ever be done about the murder of my brother.

I sincerely believe that Tony's death was not accidental, but planned and carried-out because he knew too much about Glenn Miller and Robert Stoner (both of whom are under the Federal Witness Protection Program at this time) and that he was going to get up on the witness stand and tell what he knew.

Neither Doug nor I want to die or to spend the rest of our lives in places like we are in now, but we have made a firm commitment that we will not save ourselves at the price of a lie. Doug and I are both Identity Christians so we don't agree with your religious views, but we nonetheless are asking for help from all White groups. We beg of any Creators who are in a position to see that we might get proper council — please do so. We understand that you are fighting several legal battles of your own, but if you see fit to help our cause as well, it will not be a donation wasted. Our trials start in May of '89 so time is of the essence. Forever dedicated to our Cause, we thank you for your support.

Dear Pontifex Maximus:

I was 90 years old on Monday, February the 6th. Raised in N.E. Alabama, the 5th son of a poor, tenant cotton farmer who never owned a square inch of land. I have been in the chains of poverty all my life and have never made \$3600 per year which was L.B.J.'s measure of poverty. I'm not like the nigs and Jews, always begging and living on charity, however, will you please send a WHITE MAN'S BIBLE? I notice you refer to it often in the articles in *Racial Loyalty*. The book must be eminently above all others in making facts, both past and current, plain and clear. I have read the works of some of the world's top authors—you are the best.

Dear Hasta,

It was a great relief for me to receive your letter and the R.L.'s, I missed so badly for such a long time. It is like breathing fresh air after having been locked up in a coal mine for at least a month. Also thanks for the confirmation of the money I sent earlier. I wouldn't be pleased if it got into the wrong hands.

I send \$138 to you now also for support. Please send me THE KLASSEN LETTERS, VOLUME I and II. I get the impression that a lot of right wing organizations are trying to find each other and things might improve with that. In Germany, Austria and even in the Russian Empire people are getting sick of communism. There is coming soon fight in the East — maybe the rising of the sun again. It won't be too soon after over 40 years.

I'll write to Rev. Tommy Ryden in Sweden. It will break my own isolation and perhaps I can do more for the cause.

Thanks again for your letter and RL's and for the fact you gave me new courage again. With hearty greetings,

Dear Pontifex,

Could I have the addresses please of any members there are in England? I may now be able to organize more on the Creativity front than before. I noticed also the letter in *Racial Loyalty* by an artist [Ron McVan] who has traditional values—our values. Could I have his name and address for any artistic work we may need in the future? I would like to purchase 40 Creativity buttons also.

I have completed [and enclosed] the ordination application form, but I cannot agree that the fruitarian diet in SALUBRIOUS LIVING is correct. Does this matter?

ED.NOTE — Welcome into our elite inner circle of Ordained Creator Ministers, Rev. Johns. As much as you have already done to awaken the White Race and expose the Christian hoax with your booklet, "Christianity Exposed" (Order from Page 10), we are not going to quibble over your dietary beliefs, if you have any. salubriously with the way our "food" is processed and marketed. Many of us are much more conscious of our diet, and health in general, after reading **SALUBRIOUS LIVING**, than we were before — the common sense contained therein being undeniable. Nature tells us clearly what we **SHOULD** be eating. Being creatures of habit and being addicted to all sorts of "food" pushed on us by the government, "dietitians" Jews and other commercial interests, we don't expect to change the status quo in this area until we have more control of our own destiny. Until then, do what you do best; keep educating and organizing. Do read **SALUBRIOUS LIVING** again and try to see the logic of eating the food man is biologically adapted to. We **DO NOT** mandate a strict fruitarian diet as a requirement for ordination, only that you have read and understand the concept and don't speak against it.

Dear Pontifex,

I am just another proud member of your Church and Race. I want to thank you for the tremendous work you have done for present and future generations to come.

I have read all your books that I could possibly find and I want my children to do the same. I am writing to find out where I can order the other books from and how much would it cost.

Dear Racial Brother Will,

I received your last issue of *Racial Loyalty*, and as usual it was up to its high standards. I am sickened by this "Covington" affair though, I believe the man has forfeited his right to stand in our ranks by his unbelievable actions of attacking other comrades. I always admired his writing ability, but this latest episode is unbelievable. As if we in the struggle don't have enough enemies to fight, to attack our own ranks to feather his nest, it makes me wonder...

Debbie and I are at the moment setting into our new home and preparing for our first White warrior to be born this fall. I wish that we could attend your April 20th gathering, but although we cannot be there in person, we do send our heartfelt best wishes and solemn cries of 88! to all of you comrades and a thanks for what you are doing.

Sincerely,
Yours for White Revolution!

To the Editor:

I got this address from the TV news telling about your paper that was found in Warren, Michigan, my neighboring city, naturally a few were upset. I find it interesting, seeing that White people have to be careful of what we say anymore, or be sued by N.A.A.C.P.. I don't know how North Carolina and other Southern states rate, but Detroit, MI., seems 99 percent black (afro). I'm sick of hearing that we **HAVE** to live, eat, play and integrate or else. Have Whites no rights anymore? White people are afraid of blacks, that's why they stand back and let them do as

they please and take over. I was born in Detroit, once a beautiful city, clean, beautiful homes; now it's half burned out homes, stores boarded up, litter and rubbish. When they show something nice it's only the riverfront at Jeff & Woodward — all brand new office buildings, but take a walk down Woodward, 2 blocks away (the ghetto). I could go on and on about this low class race, but just send me one of your papers. I want to know that other people think what I feel.

Sincerely yours,
Carol T.

ED. NOTE — Thanks for your interest Carol. Please join with other Creators and see that not all Whites are fearful of Motown niggers. You must learn to associate only with those Whites who have overcome the 24 hour-a-day propaganda that says we **MUST** live, work, play, and integrate with the sub-humans. Try it you'll like it!

Dear Pontifex:

It is unfortunate that a feud has erupted between Creators and Harold Covington... Is Harold a CIA agent? Probably not. The charter of the CIA forbids it from spying in the U.S. although they do try to recruit foreign students here. If anyone has evidence of H.C. being a CIA agent/informant then they should present it to the Senate. Harold C. did travel abroad, and he may have worked for them in Rhodesia and South Africa. In the "March Up Country" Harold showed us the power of Jewish money and influence in the U.S. that can be used to persecute us. There are "Marxist statements" in several places in this book. Whether H.C. really means them cannot be answered by me. Is he trying to tell "reds" who read his book that he is really one of them? If H.C. has not been a loyal National Socialist then it would seem more likely that he was either a Marxist or an agent of the ADL/MOSSAD. H.C. has been called a rabbi for more than just his beard. H.C. himself once wrote in an NS publication about a Jewish girl that he dated... Has he been under her spell all these years?

Yours truly,

No More Mugwumps!

Rev. Will White Williams,

I go back quite a spell—to the late 1950's (starting with Dan Smoot) trying to find someone who has a plan to do something about the Jew and nigger situation: *The Independent American*, *The Councilor*, *World Economic Review*, *Mountain Church*, *The Noontide Press*, *Trim*, *The Nationalist*, *The Populist Party* and *The Confederate Leader* (Glenn Miller). I still take *The Spotlight*, *The Truth At Last*, *The CDL Report*, *New American View* and *NAAWP News*, of which I have been taking at least 10 to 25 extra copies per month and distributing. All the above say about the same thing about the kikes and what they are and have done to America and the world in general. But none seem to have an answer to the problem. If I had all the money I have given the above, we sure could give out a large amount of **WHITE MAN'S BIBLES**.

A few weeks ago I decided to join The Church Of The Creator and put all my eggs in one basket, as it were. All my extra money will now go toward promoting The Church Of The Creator, as I know Pontifex Klassen has the answer. He is doing it the way Hitler brought the people together with his youth movement. As the Church grows it will need these young men as bodyguards. But you already know this.

I have watched the Jews take over America, (since I was a young man) in 1926. As I had written Glenn Miller some five years ago: "Stop waving those guns and uniforms around or the Jewnited States government is going to rip your fanny off."

Give me a few days to get reorganized and I will be in touch with some ideas and also some money for WMB's.

P.S. They will take our guns when they pry them from our dead fingers. My wife is a dead shot—her father was in the Cavalry for 24 years, 11 months and 28 days and he taught her with a army issue 45 Colt, on horseback at full gallop, when she was 12 years old.

Blasting Away in OK

Dear Creators,

RAHOWA! from the Holy Heartland. The W.A.R. is ON out here and brewing up to a real tempest. We're having a Memorial Day revisitiation of "Aryan Woodstock" here and it looks like a good one. Y'all come on out and have fun with us if it's convenient for you.

Yes, it's too bad that the **SLOB-BOMITES** [Robb, Badynski, Covington, et al] won't let you put literature out at their gatherings. Goes to show how secure they are in the integrity of their propaganda. Kind of reminds me of forced integration. If it was right, you wouldn't have to pass laws enforcing it. If the **SLOBBS** felt that they were capable, they'd **WELCOME** opposing viewpoints just so they could prove them wrong.

Anyway, I've gotten a lot of responses from Creators all over the World since you mentioned my address in *Racial Loyalty*. Thanks. Glad to know

We Don't Need Any Mugwumps in Our Camp

The mugwump is a dirty bird which sits on the fence with its mug on one side and its wump on the other. It can never make up its mind which side of the fence it's on. In fact it can never make up its mind period. It prefers to straddle the fence forever and a day.

There are a lot of good people in the racial movement who act as pusillanimous as does the mugwump. They are the kind that can't quite make up their mind what racial organization they should join and support and as a compromise they contribute a drib here and a drab there. I know of one multi-millionaire who proudly points to the fact that he subscribes to 25 (or is it 33?) different right-wing publications as an indication of how supportive he is to "the movement".

We Creators abhor such a polyglot, blunderbuss, scattered and fragmented approach in trying to build a powerful force with which to smash a unified, fanatic, well entrenched Jewish conspiracy. No mugwump or collection of mugwumps has ever achieved anything, no matter how numerous they might be. Only a unified, well organized and highly dedicated army of militants can effectively counter and destroy the powerful and sinister Jewish Tryanny that now has the world in its thrall. Although there are other lesser examples, we point with pride to the formation of Hitler's Nazi party during the 1920's and 1930's.

*After World War I approximately 2000 Nationalist parties sprang up in war-devasted Germany during the next decade. As a conglomerate they were totally ineffective in ousting the decadent, Jew controlled postwar government and in stemming the Jewish-Communist tide. It was not until the **MEMBERS** of these bickering and polyglot organizations dropped their petty parties and joined with Adolf Hitler that the German people finally had the clout to take over their government and take back their own country.*

*We believe that the same principle applies to the dilemma in America today, if we are ever to wipe Judaism off the face of the earth. What is different today is that it must now become a global battle in which the total White Race, informed, aroused and organized takes on the perfidious foe and exterminates it once and for all. In order to do so we must mobilize all our resources. We must utilize every weapon the White Race can possibly assemble—religious, economic, political, moral, educational and every other means available to us and then concentrate our fire. We are further convinced that only the **C.O.T.C.** with its comprehensive, all embracing creed of **CREATIVITY** is geared to do that awesome job. In Creativity we have the **TOTAL PROGRAM**, the **FINAL SOLUTION**, the **ULTIMATE CREED** for the salvation and redemption of the White Race.*

We urge good White Men and Women to stop being mugwumps, to make up their minds as to which organization they believe is best fitted to do the job that urgently needs to be done, and then concentrate on that one organization and give it your all. We don't want mugwumps. We want angry, militant tigers.

The Wildest Stories Ever Told

Part XIV of a Continuing Series

THE STORY OF JOSEPH AND HIS BRETHREN

One of the earliest Jewish jokes I can recall was told to me almost 60 years ago. I happen to remember the time and the place quite well. When I was attending the German-English Academy in Rosthern, Saskatchewan back in 1931-32, a fellow student by the name of Menno Friesen told us this little gem about how Isidore Kitzelbaum was teaching his young sprout Abie, aged five, some of the hard facts of Jewish life. He placed Abie on the kitchen table and told him to jump.

"But", said Abie, "I'm afraid!"

"Don't be afraid, Abie, I'll catch you as you come down. There's nothing to worry about."

Abie hesitated. His father urged him on, assuring him he would catch him as he came down. Finally Abie jumped. His father made no attempt to catch him and Abie fell flat on his face.

"Now, son", said Isidore, "What does that teach you?"

"What?" bawled Abie, blood dripping from his nose.

"Let that teach you, once and for all, that you can't trust anybody, not even your own father!"

The Jews have practiced treachery throughout their multi-thousand year history, among themselves, and particularly upon the goyim. Their concocted history and their real history is full of treacheries, atrocities, bloodshed and betrayal. Their Torah, the concocted part of their so-called history, is also full of it, and today we want to examine the story of Joseph and his brethren as told in Genesis, Chapters 37 to 50, more or less.

Although more than likely the stories of their ancestry as told in the Old Testament are purely fictional (the Jews have historically been known as notorious liars) nevertheless, imbedded in many of their stories lies a secret code of parasitic law, and it behooves us goyim to understand where the Jew is coming from. The Jewish religion claims that they, the Jews, are descendants of Abraham, Isaac and Jacob. (See "The Story of Abie, Ikie and Jakle", R.L. No. 39). Why they make such a big deal of being the descendants of such infamous thieves, liars, murderers, con-artists, whoremongers and all shades of despicable reprobates completely escapes me. They further claim their tribal god, Jahweh, has a special fondness for such despicable and repugnant characters, and as a mark of distinction he changed Jacob's name to Israel. Hence the Jews claim they are all Israelites, and have even named their recently created bandit state as Israel. Actually, all this is so much concocted rubbish. Not only is their Israelite story pure fiction, but 90 percent of today's Jews are descendants of the Khazars, a perfidious bunch of aggressive cutthroats out of central Russia. These Khazars were converted to Judaism circa 800 C.E. and had never set foot in either Palestine or the Mid East in all their history.

If we read Genesis further we find that Jacob had two wives at the same time, namely Leah and Rachel. He had ten sons by Leah, and two, Joseph and Benjamin, by Rachel. (By the way, my name is NOT Benjamin. I was christened Bernhardt, a good old German name.) Jacob also had four bastard sons, two by Leah's handmaiden and two by Rachel's. (Gen. 36:25, 26.) Evidently the Jewish Jahweh loved this alley-cat type of

morality of two wives and four bastards, for he lavished special attention on Jacob and renamed him Israel, blessed him profusely again and again, as he did his perfidious and lecherous descendants. Even more strangely, the goyim Christians, to whom all this lechery is highly repugnant, teach their children in Sunday School what wonderful people these crummy Yids were, and how the Lord did love them. The Identity Christians go even further. They vociferously proclaim that they, or we, the White Race, are the REAL descendants of the Ten "Lost" Tribes of Israel, meaning the descendants of Leah's ten sons. A little later we will explore what kind of breed this lecherous and treacherous tribe was, according to the Old Testament account.

But let us start at the beginning. Since Joseph had been begotten in his father's old age, he was Jacob's favorite. This aroused an intense jealousy in Joseph's half-brothers, and when Jacob further bestowed a coat of many colors upon his favorite pet, they hated him all the more.

As in the Story of Daniel (R.L. No. 48) Joseph was a dreamer, and he had this hocus-pocus about interpreting dreams, his and other people's. Dreams make an ideal medium for the pathological liar and con-artist to work his trade. Dreams are vague, transitory,

mysterious, can be embroidered upon, and can mean anything or nothing. Joseph soon became an expert in this art of deception. He told his brothers about a dream he had where they were all out in the field binding sheaves, and lo and behold, his sheaf stood upright and the brothers' sheaves all stood round about and "made obeisance to his sheaf." His brothers' intensity of hate crept up another few notches, as a result.

Then he had another dream. He dreamt the sun and the moon and eleven stars "made obeisance" to him. This meant his father, his mother and his eleven brothers all would bow down to him. (His four bastard half-brothers evidently didn't count.) Jacob took note, but his brothers hated him all the more.

Time passed. The ten brothers were sent to feed "the flock" in Shechem. Sometime later Jacob sent Joseph after them to see how they were doing. When Joseph got there he found out they had moved on to Dothan, where he finally caught up with them.

When the brothers (perfidious cutthroats that they were) saw him coming "from afar", they plotted to kill him, dump him in a pit and then tell their father that evidently a wild beast had done him in. Being mercenary as well as murderous, they first stripped him of his many-colored coat, then threw him into a dry well.

Having done so, they sat down to eat their midday bread. A company of Ishmaelite merchants happened to pass by. This suddenly gave half-brother Judah (the Jews' namesake) a bright mercenary idea. Why pass up the opportunity to make a few extra shekels? Let us SELL this obstreperous pest! That way we will have money in the pocket and be rid of him at the same time. Soon another company of Midianite merchants came by, on their way to Egypt. The brothers propositioned them and soon struck a deal. (Such a geschaeft!) They sold him for twenty pieces of silver and Joseph was on his way to Egypt.

As a cover-up the brothers killed "a kid of the goats", dipped Joseph's coat in its blood and sent it back to their father. Jacob bought their story, concluded a wild beast had torn Joseph to pieces, and he "mourned for his son for many days."

Meanwhile, the Midianites soon reached Egypt, and proceeded to sell Joseph to Potiphar, an officer of the Pharaoh and the captain of the guard. Being a good con-man, Joseph soon had control of his master's house and his af-

fairs, including Potiphar's wife. But as always, "the Lord was with him", it says. Like most Yids, Joseph was not only treacherous, but also lecherous, and soon he was "lying with" Potiphar's wife. He claimed it was all her fault, but his master didn't buy the story. Evidently, by now Potiphar's "wrath was kindled." He tracked down a fleeing Joseph and had him thrown into the jug. "But the Lord was with Joseph" regardless, as he always is with all the Yids in the O.T., and soon this con-artist was in charge of all the prisoners in this compound.

Two of the prisoners Joseph got chummy with happened to be officers of the Pharaoh, namely the chief baker and the chief butler. They, too, had dreams, which Joseph gladly "interpreted" for them. Three days later the chief butler was restored to his former job, and the chief baker was hanged, as Joseph had predicted, or so the scriptwriters wrote.

Two years went by. Now it was the Pharaoh's turn to have puzzling dreams and no interpreter. The chief butler remembered Joseph and the Pharaoh promptly sent for him.

"Was Joseph establishing a character for his race which would survive long in Egypt, and in time would his name be familiarly used to express that character—like Shylock's?"
Mark Twain [1835—1910]

We now come to the crux of the story, a story that has been the key centerpiece of the Jews' economic shenanigans in ruining nations and in stealing their substance, their lands, their properties and in stealing the fruits of the peoples' labor. In it is the underlying principle of their PARASITIC LAW. It evidently started with the Jewish infestation of Egypt 3500 years ago, and it has worked for them ever since. It is still working for them today in America, and throughout the world. Is it ever! It is working with a vengeance, as never before. Whether there ever was a Joseph, or an Abraham, Isaac or Jacob, all of which is highly doubtful, is beside the point. The fact is the Jews latched on to a formula that won't quit, and they have been working and perfecting their con-game ever since, until now they own and run the world.

It seems (so the fictional story goes) that the Pharaoh dreamed that seven fat cows came up out of the river and fed in the nearby meadow. Then seven lean cows came up out of the river and devoured the seven fat cows. Then the Pharaoh awoke. When he went back to sleep he had another dream. He dreamed that seven ears of corn came up on one stalk, and they were "rank and good". Then seven thin ears sprung up after them, "blasted by the east wind" and devoured the seven good ears. When he awoke "he was deeply troubled." (Shades of Nebuchadnezzar!) Then the chief butler remembered Joseph and the Pharaoh sent for this smooth-talking con-artist for-

Purpose of this Series

The overriding goal of the Church of the Creator is the survival, expansion and advancement of the White Race, and the immediate goal is to free the White Race from the worldwide yoke of Jewish tyranny. In order to achieve both goals it is necessary to build a massive, powerful movement that can smash the Jewish monster. Before the White Race can ever be in a position to unite, polarize and build such a power structure it will first have to get its thinking straightened out. This it can never do as long as it entertains in its innermost thoughts that most diabolical of all mind-scramblers, Jewish Christianity. By using ridicule and exposing this idiotic age old spooks-in-the-sky swindle, we believe we can best help lead the White Race back to sanity, common sense, and a healthy, constructive attitude towards its own best interests.

JOSEPH

(Continued from Page 8)

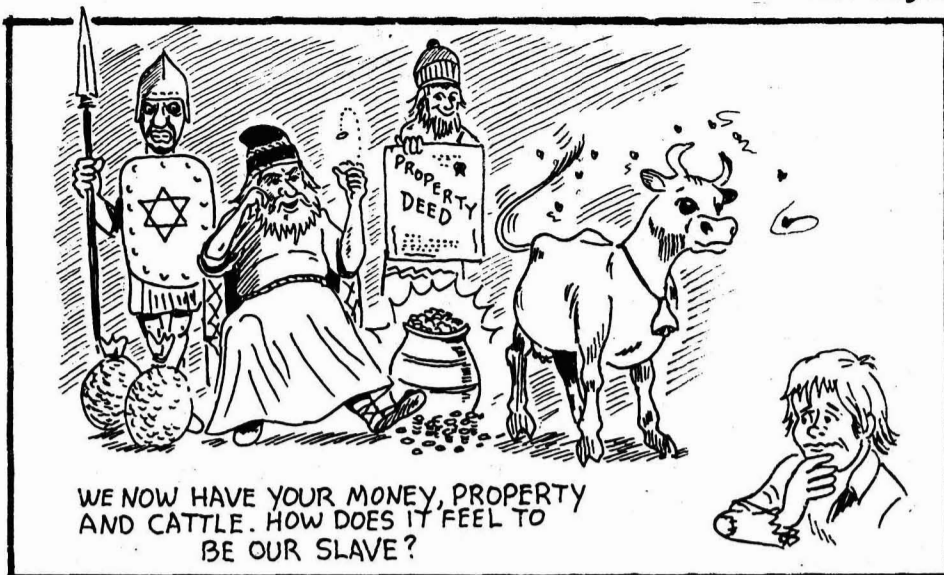

thwith: Our boy Joe had all the answers.

God, of course now enters into the picture again, and Joe convinced the Pharaoh that God was trying to tell him something important. That message was that Egypt would have seven years of plenty (fat cows, ears) which would then be followed by seven years of famine, (the lean cows, ears). Now that Joseph had the Pharaoh's ear and confidence, he further gave the Pharaoh some gratuitous advice as to how to cope with the coming crisis. He recommended that the Pharaoh set up a bureaucracy and appropriate one-fifth of the land of Egypt, and also during the fat years he should appropriate all the corn and food under the hand of the Pharaoh and keep it in storage in the cities. Then when the seven lean years came around they could dole it out to the hungry citizens at will. For a price, of course.

The Pharaoh was immensely impressed. Wow! What a smart fellow this man Joseph was! Not to mention that super-duper Super Spook he had locked up in his hip pocket and could consult with at will! Now the question was, where could they find a capable administrator to handle such an immense task? Where, indeed! "*Forasmuch as God has shewed thee all this, there is none as discreet and wise as thou art*", quoth the conned Pharaoh and forthwith set Joseph "*over all the land of Egypt.*" The Pharaoh took off his ring and put it in Joe's hand, and "*arrayed him in vestures of fine linen and put a gold chain about his neck.*" Joe's smooth-talking con-job was now complete, with the help of his private spook, of course. Does this remind anyone of Col. Edward House during President Wilson's term, or of Bernard Baruch running WW 1 and WW 11, or of Henry Kissinger running our foreign policy, or of Paul Volker and Alan Greenspan running our Federal Reserve and our economy? It does to me, and we are mentioning only a couple of the dominant Yids who are now running and ruining our country, and the world.

Let us see how Joseph's plan worked out. Since he and his scurvy crew were now running the show they had no problem making Joseph's predictions become a self-fulfilling prophecy. Sure enough, seven fat years were followed by seven years of famine, now that Joe and his pirates had control of all the food and corn, which, of course, would include the seed corn. Joe's gang had gathered all the grain and corn into granaries in the cities. This left the populace, including the farmers, with nothing to eat, nothing to sow. Naturally, famine ensued.

"*Famine waxed sore in the land of Egypt.*" Joe and his pirates now had the people of Egypt at their mercy. Since starvation was now a reality, the people flocked to the cities, begging for bread. Dictator Joe said to them: all right, I'll sell you bread. give me your money. This lasted about one year. When Joe had all the peoples' money, there was super-inflation and the money failed. The people were still without food. Next step: Joe told the people to bring him all their cattle, he would trade them for bread. so they brought him all their horses, their cattle and their asses, in exchange for bread. This pulled them through another year. Now the people had no food, no money, no cattle. What could Joe extract

from them next?

Wily old Joe thought of something and took the next step. He had all the peoples' money (which suddenly became valuable again) so he used it to buy all the peoples' land "*for the Pharaoh.*" Shades of Communist Russia! "*Only the land of the priests he bought not.*" The Jewish commissars now had their own land as a reward, and the government owned all the rest, that is, four-fifths of the land.

Now someone had to work the land, but of course not the Jewish commissars. Joseph next sold the impoverished peasants seed grain (the same grain he had "*appropriated*" from them earlier) and put the peasants to work on a sharecropper basis; so much for the government, so much for seed grain, and so much "*for food for your little ones.*"

The expropriation and enslavement was now complete. The state and the priesthood now owned all the land, controlled all the food, had taken back all the money for seed grain. If the people did not want to starve, they could now work the land they once owned but which now belonged to the state and the priesthood. They could do so as slaves on a sharecropper basis. Joe now had them where he wanted them—all the people owned nothing, being mere slaves to a JOG (Jew Occupied Government) — a grim situation the farmers of America are rapidly being euchered into, as well as the rest of the population.

There is a secondary story interwoven throughout this communist episode. It tells about how the rest of the kikes now swarmed into Egypt, how Joseph's eleven brothers and his father Jacob came from the land of Canaan, strictly from hunger, how these Yids were treated royally, and under Joe's sponsorship were soon living off the fat of the enslaved land. It says further that before Jacob died the everloving Super Spook appeared to this lecherous Yid and promised him "*Behold I will make thee fruitful, and multiply thee and I will make thee a multitude of people; and will give this land to thy seed after thee for an everlasting possession.*" How goddamned generous of this Jewish Super Spook! What about the millions of Egyptians who had been robbed blind and enslaved?

* * *

There is no historical basis for Abie, Ikey or Jakie, nor for Joseph and his murdering, thieving brothers. However, the parasitic Jews did indeed spawn in the land of Egypt, the seat of the first great White civilization. History does tell us that these destructive parasites did devastate the land of Egypt for some four hundred years and became so obnoxious

they were finally run out of the country, en masse. The Jewish story says just the opposite—that the Egyptians enslaved them and would not let them out of the country until Moses supposedly emancipated them. (See R. L. No. 40) The Jews are notorious liars, of course, and as in their story of the holohoax, twist it around to where they always play the role of the martyrs instead of being identified as the real perpetrators of the major catastrophes that have destroyed nations and civilizations.

The story of Joseph and his brethren, however, has a deeper meaning for the Jewish Kehillah, and imbedded in it is the basis of Jewish parasitic law and economics, a formula they have followed for thousands of years. It still is the basis of their modus operandi today. The fundamentals of it are essentially these:

1. By means of conniving, deceit and conspiracy, the Jews worm their way into the nation's government and economic structure.
2. They gain control of the nation's (and the world's) economics and money.
3. Having control of the nation's laws and money the Jews orchestrate both at will to create repeated boom and bust cycles.
4. As in the story of the seven fat years and the seven lean years, they artificially expand and inflate the economy, then suddenly contract the money supply in order to create planned depressions.
5. In every such operation, as demonstrated by the depressions of 1873, 1893, 1907, 1929 and numerous recessions since, these money grubbing thieves then rob the Gentile people of their land, their money, their labor and their substance, as they are doing to this day. The present-day farmers are losing their farms by the tens of thousands, and this is no accident. It is a planned and deliberate Jewish maneuver, contrived and utilized by the Jews as far back as 3500 years in Egypt in conjunction with their goddamned Spooks in the Sky Swindle.

What is the answer to this Jewish pestilence? There is only one answer that can be meaningful and effective. Since the Jews did it all with their racial Judaic religion, we, the White Race, who outnumber them 30 to 1, can destroy this pestilence once and for all with our own powerful racial religion. DELENDA EST JUDAICA! In CREATIVITY we have the TOTAL PROGRAM, the FINAL SOLUTION, the ULTIMATE CREED. Join with us in building a powerful tidal wave and let us wipe this Judaic plague off the face of the earth with planned and deliberate speed. (W)

POINT —
COUNTERPOINT

"It is quite true that any man who would lead a mass movement must make many arduous and painful decisions about the policies that will give him the greatest chance of victory. It is imperative, however, that he make them with a full awareness of the realities with which he must deal; otherwise, his failure is assured. It may well be requisite for him to enlist followers by doing his best to temper the cruel wind for shorn lambs and to avert by skillful compromises or evasions possible causes of disruptive dissension or premature despair. To do this effectively, however, he must first of all not delude himself; he must know what he is doing. He may have to be less than completely candid in what he tells his followers, but that is often regrettably necessary in practical human relationships." [*It ain't necessarily so, and to hell with sheep!*—ED.]

"Christianity is a superstition which, I believe, was always deleterious to our race, even in the early centuries in which it was not patently incredible; it now so flagrantly contradicts the scientifically ascertained facts of physics, astronomy, geology, and biology that no rational and educated man can believe it, except by deliberately letting his reason be overruled by irrational emotions; and its scabrous history shows it to have always been an imposture contrived by hallucinations, forgery, and calculated mendacity. It is now being used by fakirs and shamans to befuddle our people and ensure the doom of our race. I believe that our only hope lies in destroying the enormous hoax and the baleful fascination it exerts over the gullible masses, its victims."

"If any man is sure that he can found and lead an effective movement on behalf of our race by professing Christianity while dissembling his knowledge of the religion for the sake of such precarious support as he may win from some dissident Christian sects, I shall wish him well, and I hope that he will profit from some of my most sardonic comments on contemporary cults, which illustrate the mentalities with which he must deal. He may succeed, but if he does, I shall be tempted to believe in miracles after all."

ED. NOTE—Thanks to you also, Joe, for printing the C.O.T.C. address last time around in your fine newsletter. We accept your invitation to attend the Memorial Day festivities and encourage all other Creators anywhere near Oklahoma to write you for details also. We know that, unlike the slobbomites, as you call them, you seek WHITE unity — not the impossible, irrelevant and contradictory Christian unity those boys rant about. You are right in recognizing the schism in the White movement over Christinsanity. Guess who Covington's legal advisor is in his now famous "libel" suit threat against the C.O.T.C.? You guessed it...none other than Gary Gallo of the shrinking National Democratic Front. These two, (neither of whom are Christians by the way) hated each others' guts when I arranged their first face to face meeting a couple of years ago. They were at odds on every point of every issue discussed. Gallo even got on the bandwagon of pointing out to everyone the possibility of Harold being an (here's that word again) AGENT of a not-so-foreign government. We wonder why Harold didn't sue for libel then? Anyway they finally found something they can agree on; Creativity needs to be destroyed and all of Pontifex' alleged "millions" of \$\$ need to be divvied up amongst the "Christians" so Yahweh can do His thing. How nice! We know the slobbomites will get in line and we even heard that the grand old man, Pastor Butler, has given Harold his full support. It looks like the individuals in the "White movement" are finally going to have to quit faking all this "unity" and get on one side of the fence or the other. Are we going to use our heads or irrational emotions? Brains or "faith"? Reality or spooks?

Joe stole our thunder in his latest "Oklahoma Separatist", a double issue featuring a fine expose on Jewish ritual murder. Send him a couple of bucks and our regards and he might send you a copy. Box 373, Catoosa, OK 74015.

More on the Con Con

Dear Creators:

I just sent a letter to Covington (Con National Con) and asked what his I.Q. was, telling him he's on a dead-end road to nowhere with his attempt to secede the South again, etc.

I also told him he should shave off his beard, drop his weight and show us his real credentials. It's a favorite ploy of those who are trying to deceive others to grow a beard and try to gain weight. Then after they have ripped everyone off, they simply shave and diet their way to a new identity.

Why is he continually begging for money like some one-dimensional TV preacher? Let's see some creativity and production! He reminds me of some parasitic Jew — take and take without returning anything.

Why is he going to the lengths of filing a lawsuit against the Pontifex? In his last begging letter he plainly states he was

C.O.T.C. Reverend Answers His Fan Mail

Dear Mr. Mercer;

Please remove our name and address from your mailing list. We do not care to receive literature from anyone who supports the "Church of the Creator" in Otto, North Carolina.

The "Church of the Creator" and their "Racial Loyalty" newspaper are anti-Christian and anti-Klan. I asked their members not to distribute any of their materials at our Klan gathering last January in Pulaski. I also got their people removed from a Stone Mountain Klan rally a couple of years ago.

I support the Christian Identity faith. My wife and I are both members of Pastor Butler's Church in Hayden Lake. A member of the Klan should not work with anyone who is anti-Christian.

If in the future you renounce your association with the "Church of the Creator" and their leaders, please resume your mailings. Perhaps you should then contact the Populist Party. Read II Cor. 6:14 May YHWH show you his light,

Northwest Knights of the KKK

Dear Mr. Badynski,

Thank you for your letter of March 17, 1989 requesting that your name be removed from my mail list. Your request is hereby honored and granted.

Christianity is pro-Jewish and pro-racemixing, not to mention the lies and myths it spreads or the false hopes and empty promises it promotes.

The Church of the Creator and *Racial Loyalty* is pro-White, anti-Jewish and anti-racemixing. The KKK, like my party and political program, should be pro-White regardless of faith. I will not discriminate against my White Brothers and Sisters because of their religion. I can only hope to show them the truth, through Creativity, by revealing the duplicity and deception of Christianity and other clever methods of the Jew. White activists should be working together for a Jew and mud-free America, not fighting each other.

Up until February of 1983 I was a Christian Identity spook-chaser also, so I know how you feel. NATURE'S ETERNAL RELIGION and THE WHITE MAN'S BIBLE woke me up to the truth and saved my life with its advice on health and diet. I had quadruple by-pass heart surgery in November of 1982. Now I am healthy and take no medicine (nor do I eat meat).

Since Christinsanity had nothing to offer me except death and empty promises of flying away to never-never land, I chose LIFE with the C.O.T.C.. I have Pontifex Maximus Ben Klassen, the C.O.T.C., and common sense to thank for my being alive today.

There is not a chance in a zillion that I will ever renounce the C.O.T.C. — NO WAY, NO HOW! The C.O.T.C. saved my life, therefore the C.O.T.C. IS my life! I would be a fool and a coward to renounce the truth and take up chasing spooks again.

If you have not read NATURE'S ETERNAL RELIGION or THE WHITE MAN'S BIBLE I would be glad to send them to you on a trial basis. If you like them you can pay me, if not, you can send them back. But remember, you are on your honor as a White Comrade — nothing more! The C.O.T.C. made me this same offer in January of 1983 when I was skeptical. Today I am a better man, armed with the truth, and best of all—alive and well.

Creatively yours,
Rev. Bob Mercer

Dear Creators,

I have found that the C.O.T.C. is the only group that I can support wholeheartedly. I do and will continue to support the C.O.T.C. FANATICALLY. Starting next week, I'll be sending the Church at least 10 percent of my weekly income. I've now read NER, WMB, SL, RAHOWA & EXPANDING CREATIVITY and I love them all. My diet is now 75 percent uncooked fruits and vegetables w/nuts and grains. I've discovered a health food store nearby which has organically grown foods.

I believe that we must not tolerate groups such as the NDF who continue to attack the Church.

I used to be a member of the NDF, but quit paying my dues after meeting two of their representatives and hearing a

tape of Gary Gallo. Their reps were, to put it bluntly, WIMPY. Their talk about their beliefs lacked true (strong) conviction. Gary's tape sounded as if he was an English Lord talking to his subjects.

The NDF continues to send me *Members Bulletins*. (I know they need members bad). A bulletin I just received (enclosed) attacks the Church and angers me very much. They say that P.M. Klassen and Rev. Williams are acting Jewish, when in actuality they are doing exactly what Hitler did in his climb to power in Germany. All the NDF has to do to see who's at fault is to look at it's waning membership. I know, just as they do, that since the "defection" of Rev. Williams they have been steadily losing members. This is because they have a weak philosophy that will not make it in the struggle for survival.

I've also enclosed another degenerate scumbag's attempt to make himself look good. (vile 2 page poem with unmentionable title by H. Covington) I don't take kindly to being called an ass-kisser or reading trash from some fat CONservative, who when the going gets rough, flees to another country. His reaction also has something to do with salubrious living — he's afraid he might

have to diet and actually eat good food.

The hubris some of these idiots have is incredible, but it's not all hubris. Gary & Harry (the Bobsey twins) won't join w/the C.O.T.C. because they know they'll have to follow rules. Whereas with their own little groups they can make up the rules as they go along and do anything they want. How long will these CONservative idiots continue to rehash the same old crap? The cause of most every problem in the world today is the results of disobeying Nature's law of racial separation. We all know this; now it's time to correct it — not whine about it.

RAHOWA!

[Reverend] Matt Hayhow, Creator

P.S. Just received another NDF Member's Bulletin from Gallo and it seems he's moving South. (w/Covington?) Maybe we'll have to test our "battering ram" on those idiots first before crushing JOG? Here are my ordination application and a picture. I'll have a P.O. Box for the Fairfield County C.O.T.C. by Monday and will send it then. Here's \$15, send 50 R.L.'s and keep the rest. I'm Lancaster's newest paperboy, ha!

PASS "RACIAL LOYALTY" OUT
AMONG YOUR NEIGHBORS.

Dear Pontifex:

Just a belated letter to let you know I have enjoyed *Racial Loyalty*.

I wish I could attend your party for the 100th birthday celebration! I hope you are able to include some fireworks. As you probably know, Hitler was very fond of them. Perhaps you saw the fireworks display in Riefenstahl's *Triumph des Willens*.

Right now as I write this, the accord has been sealed by Bush, Gorbachev, and Bronfman—250,000 kikes are packing their Russian bags and heading for Jew York! We are about to see the sewers of Russia open up and head for the good old USA. And you thought the marielitos were bad.

I have no hope for the White Racist Movement as long as it is intertwined with Christianity! The Badynskis, Covingtons, Robbs, and their ilk are no better at all than their cousins in faith the Jews.

Perhaps you were too strident in your "Anatomy of a Hypocrite." It did seem designed to inflame, but I don't think it could be construed as libel. Is not Covington a "public figure", having run for state office in NC at one time? Is not your editorial "fair comment" on a public figure

who has committed public actions? Such are two legal defenses from libel. As a journalist, I have a book on media law and ethics with many pages on defenses against libel suits. I am sending this your way. I really can't see that Covington has a leg to stand on—especially if his major peeve is about your [alleged accusation of his] being a CIA agent. **HERE'S** the \$64,000 question: Why didn't Covington sue *Spotlight* or Herzberg when **THEY** made the charge **FIRST**??? He'd have to answer that one in court! You were merely "quoting" others' allegations!

I don't want my name in R.L. for a number of reasons, especially since I apparently am already targeted (for being sympathetic to Creativity) by our Bearded Rabbi in Raleigh, NC. I send my best wishes.

Klan does. You're a flaw in the pattern and he intends to erase you, (hopefully while salvaging Will Williams, he tells me.) And if you're not damned smart and damned careful that's what he's going to do. I'd be genuinely sorry to see this crap turn into a big issue because I don't think we need to divert movement funds and attention into suing one another. I also liked all of your books and I just don't think we need something like this happening. You can stop it by apologizing and retracting the crap you said about Harold. He told me he sent you an official demand to do that because the law requires him to do so before he can sue, but he made it so humiliating and grovelling that you'd never do it. I don't give a damn how much money you've got. Koehl had money too, and now he's effectively out of the movement. Money is no defense against a combination of the mad Hatter and Cesare Borgia.

A Friend (Really)

ED. NOTE—Dear friend, since you don't have the guts to sign your letter we're afraid we can't keep this personal character analysis of H.C. from our readers. Creators are very interested in Mr. C's fascination with intrigue and dirty tricks, not to mention the premeditated conspiracy against our Church which you so aptly confirm here—**Thanks! Throw another log on the fire and sit back in your armchair, friend. (Really)**

ZOG vs. JOG

Dear Pontifex:

A friend in Calgary showed me your excellent publication, *Racial Loyalty*, and he drew my particular attention to your page 7 article of Issue No. 48 headlined *J.O.G.—not Z.O.G.*. As he tells it, Z.O.G. was thought up by Eric Campbell, back in 1977.

Campbell told my friend this: Government exists in the minds of the governed and were we to wave a magic wand and rid ourselves of the Jew criminals who now rule us, all you would hear would be the stampede of Whites running to jump into their vacant shoes and keep up the same old rackets like the Federal Reserve and the dope "industry" to name a few. Our real fight is against the "inner Jew" and when we win that, the external enemies of our race will be driven before us like leaves in the wind. That is why you are so important in this struggle, so please keep up the good work!

**OUR RACE IS OUR NATION.
WHITE POWER!
John Robinson
New York**

ED. NOTE — Thanks for the insight and praise, John. While on the subject of the Z.O.G. vs. J.O.G. semantic brouhaha, we want to announce to our readers an editorial policy being instituted from the next issue of R.L. forward. All letters used in "Brickbats and Bouquets" which use the term "ZOG" will be edited to reflect our term, "JOG". We are tired of sending mixed signals to our readers. For that matter, We will also replace the term "Aryan", when used conversationally, with the term "White Race" which we think is much more appropriate. (Read again Pages 10 — 13 of *Klassen Letters*, Vol. I, "A Choice of Terms: Aryan, White Race, or White Volk?")

Dear Mr. Klassen,

I'd like to share a few thoughts with you, but I will not be signing my name because you folks up there in Otto have a very bad habit of publishing things that aren't intended for publication... (Gee, we wonder where you could have gotten that?)

I have known Harold Covington probably longer than anybody in the movement on a continuous basis... Harold has a lot of immensely strong and fine qualities... I admire him and enjoy his company, but I do not let my friendship blind me to his bad qualities as well. Harold has no human feelings at all deep down inside. To him people are objects, tools to be used or obstacles to be surmounted or targets to be destroyed. Harold Covington is without doubt the most totally ruthless S.O.B. that the American right wing has ever produced, which is probably why he has survived as long as he has, and if you doubt this I'd remind you of all the notches he has on his gun. (six names deleted), and a dozen others—**EVERYBODY** who has ever crossed Harold Covington has come to grief in one way or another, and don't give me this crap about him being an "agent" either. I promise you, he did it all on his little lonesome. He has a natural talent for intrigue and conspiracy a Borgia would be proud of. You ever wonder why Matt Koehl pulled out of Arlington and retreated into his Festung Nordland up there in Wisconsin? Harold spent years undermining everything Koehl did, shredding Koehl's character to ribbons, checkmating every new project of Koehl's. OK, he had a lot of help and Koehl walked into a lot of it, but I'd lay my bottom dollar if it hadn't been for Harold, Koehl would still be in Arlington and still so-called "head" of the "American Nazis".

Now you've walked into his trap, as pretty as you please. Why do you think he spent months needling and harassing C.O.T.C.. To provoke exactly the kind of outburst he finally got in this latest issue of *Racial Loyalty*, No. 48. Think he won't really sue? The hell he won't. He wants as much money as he can squeeze out of you with which to finance the **KLAN** [our emphasis added] and the **CNC**, and he wants you either out of North Carolina or your C.O.T.C. crippled or preferably both. You don't fit into Harold's scheme of things, his vision for the future like the

Jewish geography

Moving to a different city can bring on many questions for the movers about Jewish life in their new hometowns. How many other Jews are there? Where are the synagogues? Are there any good kosher butchers around?

A North Carolina-based group can get answers to questions like these for people before they even get to their new destination.

Guld and Associates, Inc., a residential relocation service with headquarters in Raleigh, NC, offers a free service which company president, Howard Guld, refers to as "Jewish geography." Anyone who is moving can call a toll-free number, **1-800-233-4853**, to ask questions on Jewish life in their future hometown. A person does not have to be a client in order to use the "Jewish geography" service.

Guld said he came up with the idea several years ago, after wife Carol, a real estate agent, started receiving many questions about Jewish-related activities in various cities.

"I woke up in the middle of the night and I thought about this," Guld said. "I knew that this was a service many people could use."

Metsger Separatist Group Focus of APA Conference

UPI News Services

SEATTLE -

The Northwest American Psychological Association Annual Conference "The Year in Retrospect," was held in Seattle yesterday. The topic of the conference was "The Deteriorating Mental Health of White Separatists Today."

President James Baldwin, keynote speaker, is highly esteemed for his keen abilities to research issues about social disease and psychological mental health and cognitive deficits. He presented his research results to the gathering of about six hundred medical and mental health professionals, lay people and the press.

Baldwin summarized results of the four-year longitudinal study in a terse synopsis of the white militant group members.

Baldwin derived his mental health assessments of Tom Metsger and several prominent caucasian members from privileged governmental surveillance information derived from careful observation of the group's covert activities, and the administration of a battery of psychological tests.

Baldwin cited in a pre-conference interview the "... as is evidenced in Metsger's group of indigents that to seek power for power sake, and to suffer from their level of severe cognitive deficits is like a festering wound." Baldwin, adding salt to the wound noted the specific testing results: "After careful review of the

key group members test results, I have developed assessment profiles and treatment recommendations. Mr. Metsger is suffering from dementia precox, a psychological disease that "colors" his thought process and completely knocks out his ability to reason, make ethical decisions and to function at a human level. He relies heavily on the pons, the "animal /instinctual part of the brain to perform basic bodily functions, thus allowing his frontal lobes and all of his neural tissue above the brainstem to atrophy. Dr. Baldwin stressed that these cognitive deficits offered some insight to the Metsger group's psychopathic activities; the group has been monitored electronically by government agents for several years.

"Despite these appalling results," Baldwin quipped, "Metsger's madness is a fertile frugal frigate on a sea of public resistance and accountability. Because of enhanced public awareness and objection to the white elitists from the American public, the Metsger group's blasphemous and horrid activities are drawing increased counter action and resistance from the public. Local law enforcement officials, responding to intensified public opposition of the group's clear human rights violations have recently stepped up efforts to monitor and diffuse the white group's activities.

Tom Metsger declined to participate in the APA conference, and his group offered no comment.

Racist tabloid inserts

Copies of a racist, anti-Semitic tabloid called *Racial Loyalty* were found very recently in about 30 **Baltimore Sun** vending boxes in the northeast area of Baltimore.

K.C. Burton, public affairs manager for the **Baltimore Sun**, emphasized that "In no way, shape or form is this tabloid connected to our publication. What we want readers to do if they get this piece of trash in their newspaper is to trash it."

Racial Loyalty is published by Church of the Creator. Its editor, Ben Classen, is a well-known Ukrainian-born white supremacist and alleged anti-Semite.

Pontifex Maximus:

Now I am ready! I am the student, and the teacher has appeared.

Some months ago I was struggling to throw off Christianity when a dear brother gave me some of your books. I wasn't ready then to throw out the baby too, but after reading your books these past months, especially **SALUBRIOUS LIVING**, which hit me right between the

running lights as only the truth can do, I have given up on the Jewish Bible with the fables, traditions, and outright fabrications from their lying scribes and their lying pens.

Christianity has destroyed literally millions of our White Brothers with its "Faith Only", "Love Only" turn the other cheek, love your enemies type of doctrine.

I am ready to move on toward the stars with another leader like our brothers had in Germany 50 years ago.

Tyranny, Treachery and Slavery in JOG Controlled Prisons

by Ben Klassen, P.M.

Last week I made arrangements to visit our most outstanding political prisoner in America, Rudy "Butch" Stanko. He was at that time incarcerated at the Federal Penitentiary in Oxford, Wisconsin, having shortly before been "dieseled" from Sandstone, Minnesota. In order to arrange for such visits, complex written applications have to be made and the application is then arduously "screened" to make sure that no "undesirable" visitors are allowed onto the premises. It so happened that as far as the corrupt Jew-oriented authorities at Oxford's F.C.I. (Federal Correctional Institute) were concerned, I was about the most undesirable visitor they could imagine, and they did everything possible to make sure that Rudy and I would not get together.

Why are they so afraid of Rudy? Why are they so afraid of me? Why have they moved heaven and earth to keep our WHITE MAN'S BIBLE from getting into Rudy's hands? Are either Rudy or I dangerous criminals? Are we trafficking in drugs? Do we have Mafia connections? No indeed, the answer is negative on all counts. Neither one of us has ever been charged with a violent crime, much less convicted of anything more serious than a traffic ticket. In my 71 years I have never so much as spent a day in jail anywhere. Rudy is strictly a political prisoner, his only "crime" being that he was too successful in building up a "goy" meat processing business that was mushrooming into a 200 million dollar a year empire, and cutting significantly into the all pervasive Jewish meat cartel. But that wasn't all. Rudy was young, in his thirties, and was becoming increasingly aware of the Jewish hidden hand. (Read his classic book THE SCORE, available from our C.O.T.C. bookstore). Furthermore, Rudy was, and is, a born leader, a militant activist, a fighter who is not afraid of the Jews, or anybody else for that matter.

Although repeatedly deprived of the WMB, we had been able to get most of our other books into his hands, and Rudy, being a fast study, had digested it all in short order. Now armed with a new faith and the dynamic program of Creativity, Rudy was gung ho to spread the message, and spread it he did, even within the confines of a penitentiary. Rudy is now not only a member of our Church, but also an Ordained Minister with a bona fide Certificate to show to the authorities or anyone else.

When, after several roadblocks, I was assured that I had been approved for a visit with Rudy, I arrived at Oxford, Wisconsin on Sunday morning, 9:30 A.M., April 9, having travelled a thousand miles to get there. I was loaded for BEAR armed with a case of WMB, a case of SALUBRIOUS LIVING and a case of other literature. What made me especially exuberant was that I was now also armed with Federal Judge Fern J. Smith's U.S. District Court decision decreeing that prison authorities could not withhold the WMB from prisoners, that the WMB advocated nothing illegal and was not unduly inflammatory. Although the landmark decision noted that the WMB does teach RACIAL PURITY, the Judge also stated that we have a perfect right to teach such ideology as we see fit, and the First Amendment protects our right to do so. For this major legal breakthrough we are indebted to Rev. Norman Willhoite, who was incarcerated in San Quentin Penitentiary and fought a 2½ year legal battle for his constitutional rights, AND WON. (This is another major story. (See article on P. 5 about Rev. Willhoite.)

To get back to Rudy and the Oxford F.C.I., Rev. Rudy had already aroused some 20 ardent White Racial followers who were eager to hear a rousing sermon from the Pontifex and learn more about Creativity and our Church. Evidently there were another 40 inmates in the wings whose potential interest had also been aroused.

The Oxford F.C.I. is located in a remote area in the hills of Wisconsin, nine miles from the dumpy little town (pop. 451) of Oxford. The Federal Institution is hard to find and can only be reached after traversing miles of winding country roads. When I arrived at the F.C.I. Sunday morning, the weather had become more forbidding and a blizzard and snowstorm were whipping about the huge building. I parked in a no-no area right in front of the entrance and walked in, full of con-

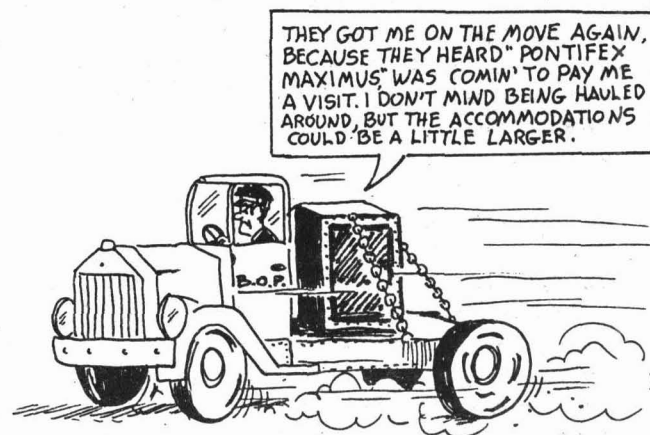

fidence and anticipation. Briefcase in hand, I said to the sharp-looking young man at the front desk, "My name is Ben Klassen and I want to see Rudy Stanko", and showed him my duly filled-out application. I was wearing a Western bolo tie with our 1½ inch Creativity logo staring him in the face. He knew very well who I was and what I was there for. "Stanko? Stanko? Hmm...I don't recall any inmate here by that name." He pulled out his several page roster and pretended to check further. "No, we don't have any Rudy Stanko here. Do you know what his serial number is?"

After much arguing and altercation, I was finally informed that Rudy had been transported to another prison on an outgoing prison bus on Wednesday night. I said that was impossible, I talked to Rudy on the phone late (10 P.M.) Thursday night at which time Rudy assured me that with the help of the prison chaplain, Father Kelly, my application had been approved. I demanded to see the Warden. "He is not here." I asked to see Mark Ciske, a counsellor I had talked to on the phone about the application. "He is not here either." How about Dean Drewitz whose name was stamped on the application form? "Not here either." Well, this being Sunday, surely the chaplain, Father Kelly was here? I would like to talk to him. The young man at the desk checked his telephones. "We are not able to locate his whereabouts", he told me with a straight face, although I knew he was lying and he knew I knew. Just then Father Kelly came walking down the hall, and the front desk man said "Oh, here he comes now."

I confronted Father Kelly and demanded to know what had happened to Rudy Stanko. Father Kelly appeared extremely nervous. He was shifty-eyed and I realized immediately that he was part of and in cahoots with the lying JOG establishment. He wore a black beret on his head that could almost have passed for a yarmulke. He, too, stared at the logo in my bolo tie, and became even more nervous. He tried to alibi himself out of the case. "I don't know where Rudy is. He left Wednesday night I believe, I had nothing to do with his application. I don't know where they are sending him." He pretended he knew nothing about nothing, although Rudy had been in daily contact with him, trying to get his own meeting together, trying to get the Chaplain's help in obtaining a "Salubrious diet" for his meals, since the Jews are given the privilege of having special Kosher meals served to them. Rudy had discussed any number of other religious matters, including the matter of having the prison authorities allow him possession of his own WHITE MAN'S BIBLE. I now knew Father Kelly was of no help, just another JOG stooge, and as he appeared in a great hurry to leave, our meeting ended abruptly.

I still did not have any information as to where Rudy was or when he had left. On further protest on my part a paralegal by the name of Askelsen was summoned to answer my questions. Instead of answering questions, he asked endless stupid questions about the correctness of my visitation application, when I had last talked to Rudy, etc. I finally reminded him the visitation application was now moot, since Rudy wasn't here to visit anyway, and I wanted to know what had happened to him and where he now was. Being cagey, evasive and deceitful, he didn't come up with a single answer, except that Rudy had been moved and was in transit. Where was he going? He couldn't divulge that either, against the rules. When did he leave here? He couldn't tell me that either. Finally, in order to salvage something from my trip, I asked if I could see another inmate, Robert Raznick, with whom we had also had correspondence and for whom I had brought along a Ministerial Certificate. Since I already had made a proper application to visit, could I not at least see Mr. Raznick? Askelsen said he would have to check into it. He then left, presumably to do his checking. I sat there in the lobby for an hour and a half, cooling my heels and waiting for him to return. Finally he came back and said, no, it was not possible. My application was only valid to see Rudy Stanko. I would have to make a new application for Raznick. I said, alright, give me a new form and I'll make it out right now. No, we can't do that. The counsellors needed to approve the application are not here today.

Chagrined and frustrated at every turn, I decided there was nothing further I could do at this time. I left and started back on the 1000 mile return journey. It was not until I got back Tuesday night that I found out from Cynthia Casselman, Rudy's para-legal counsel, that Rudy had been awakened at 12 midnight, two hours after I had talked to him Thursday night, (they monitor his calls) and without any warning, compressed into a "black box" which completely inhibited any movement, loaded into a prison bus and was on his way to Terre Haute, Indiana, a trip that took the better part of two days. Here he was to stay a few days, then he was to be "dieseled" off to El Reno, Oklahoma, then probably off to Seagoville, Texas.

Rudy Stanko, who has committed no crime, neither violent nor white-collar, before he was taken from Sandstone, Minnesota, had already spent 472 days "in the hole", i.e., solitary confinement. Despite all this unwarranted punishment, his Jewish tormentors still had not broken his spirit and determination. They are now evidently applying the "diesel therapy" on him, which means shipping him from one penal institution to another, thereby constantly keeping him off balance. (There are 72 such Federal Institutions in the U.S.). By so doing, it makes it extremely hard to get outside mail to him; it makes it difficult for him to rally and organize support among the inmates; it makes it difficult to file any legal proceedings. In fact, just the day after he was shipped out of Oxford he was to have appeared before the parole board. The "dieseling" technique also has major psychological effects in disorienting any plans or programs an inmate may have to demand his legal, religious and constitutional rights. However, I am confident that Rudy will prevail and we of the C.O.T.C. will do all we can to back him up. He has several suits filed against the prison authorities, one for more than 17 million dollars, and we ourselves plan to enjoin him in them denying him and us our civil, religious and constitutional rights. We will prevail and our day in court will come. As soon as he has been temporarily settled in one spot we will again inform you of his address and we want you, our readers, to deluge him with letters of support. Rev. Rudy Stanko is a very important and valuable individual in our movement, and he ranks high as a candidate to succeed me as the next Pontifex Maximus. He is a born leader, a terrific organizer and an aggressive and fearless fighter. He has paid his dues a thousand times over and deserves all the support we can give him. Support him we will until he is again out to breathe the free air of liberty.

To find out more about the tyranny and slavery that prevails in Federal and other JOG penitentiaries write us for a booklet that Rudy has written while in Sandstone, Minnesota. It is called SLAVERY SURVIVES IN AMERICA. (\$2.50) It tells about the exploitation of prison labor that is nothing more or less than outright slavery, pure and simple. And above all, read his major classic THE SCORE, a hardback available from our bookstore (\$7.00).

Let us make the FREE RUDY a major campaign in our movement. Rudy needs us and we need him. Our day (DER TAG) will come and we will bring these Jewish sadists and tyrants to heel—Let us make sure that day comes soon! RAHOWA!

We had reserved this space to give Reverend Stanko's new address to our readers. As we go to press, it seems that no one knows where he is, much less his address, or where he is heading next. He has been moved 3, or is it 4 times, in the last 2 weeks. We will keep you posted when the diesel smoke clears.

Eugenics and the Survival of the White Race

by Ben Klassen, P.M.

Reprint of Chapter 22 from the book
SALUBRIOUS LIVING

The CHURCH OF THE CREATOR deems it extremely important that if we want the White Race of the future to be more healthy, happy and intelligent that we must also look to our genetic health. If we want healthier children (and adults) we must stop the breeding and proliferation of genetically diseased derelicts. We all know that like begets like, and scum begets scum. Now healthy, beautiful and intelligent parents may not always reproduce children that are exact replicas of themselves, but by the law of averages they are going to have children that are similar to themselves, some even superior, some not. Similarly, idiots, misfits, mental and physical cripples, the genetically diseased, are going to reproduce more of their tragic ilk to plague not only the present society, but also future generations.

Unfortunately, as I have pointed out in *The WHITE MAN'S BIBLE* (and also in *NATURE'S ETERNAL RELIGION*) present day society is so geared and structured that the inferior are encouraged to far outbreed the superior, and the mud races to far outbreed the White Race. The Jewish power establishment wants it that way, and does everything in its considerable power to make it happen. (See Chapters 26, 27, 28, and 41 of *The WHITE MAN'S BIBLE*). In past centuries (before welfare and subsidization became the monsters they are today) there was a natural curb on the proliferation of the inferior. Whereas they could breed, their proliferation was strictly limited by their inability to feed themselves. As a result the niggers of Africa, for instance, never increased their numbers over thousands of years. This degenerate black population of the African continent stabilized at the starvation level and stayed there. The ability (or inability) to produce food was the limiting curb. Until the advent of the White Man their numbers changed very little and for a huge continent fabulously rich in natural resources it supported a

relatively small population. Furthermore, that population, by our standards lived continuously in dire poverty with the spectre of starvation perpetually stalking the land.

The advancing technology of the White Race changed all that, both at home and abroad. With new inventions created by the genius of the White Man a single farmer could now feed 50 families whereas a few centuries ago he could feed perhaps two at most.

Now we are all proud of the genius of the White Man and the multitude of marvelous inventions his creative mind has produced. We are proud of such geniuses as Leonardo diVinci, who was far ahead of his time; of Edison who dedicated most of his adult life to producing hundreds of inventions; of James Watt, who produced the first steam engine; of Henry Ford who revolutionized manufacturing techniques and put America on wheels; of Robert Fulton who built the first working steamboat; of Robert McCormick who produced the first horsedrawn reaper and thereby tripled the productivity of the average grain farmer. We are proud of Daimler, Diesel, Marconi, Morse, Bell and hundreds, yes, thousands of geniuses who have contributed tremendously to the advance of our civilization and culture.

The one overriding observation about all these geniuses is that they were White—members of Nature's Elite—the White Race.

As I have stated in the introductory pages of this book, the underlying goal of our four dimensional religion, *CREATIVITY*, is a *Sound Mind in a Sound Body in a Sound Society in a Sound Environment*. In order for us to live a happy, healthy and productive life, it is not enough to strive for physical health. In any case, even physical health is impossible if any of the other three factors is absent.

I would like a carton of *SALUBRIOUS LIVING*. I have all your books except *NATURE'S ETERNAL RELIGION*, so would you please send me a copy of that book also and a single copy of each of your 11 different booklets plus a copy of you monthly paper *Racial Loyalty*.

We have a small truth seeking group that has recently become aware of the truth you write about, so could you give me a carton price on all your books.

Also, would you be interested in expressing your views on a radio talk show up here?

Mr. Klassen,

I wrote you about buying more copies of your book *THE WHITE MAN'S BIBLE*, but it was returned... Jarah Crawford gave me a more current address, so if you would be so kind as to tell me what it costs plus *NATURE'S ETERNAL RELIGION* and any of your other works.

I bought a copy of *NER* 6 years ago at C.P.D.L. and thought you were crazy...now after a lot of study I love your book. I know of 5 families who are very excited about your book.

Dear Fellow Creators,

Hello all. I would first like to congratulate Will on his promotion [to Editor]. Keep up the great work...I received *Racial Loyalty* No. 49 today. As

always—it is great. I noticed the letter written to the U.S. Bureau of Prisons on behalf of Rudy Stanko, regarding the refusal of his right to freedom of religious practice. The letter was great, and I believe it will get JOG on their toes.

I would like to say to Rudy that I know personally the torture that he must endure because of his proud stand as a White Man, and because of his religious beliefs. JOG fears us my brothers because we know the truth about them. They will do everything in their power to try and prevent us from spreading that truth.

My torture started the first day I stepped through the doors of this dungeon, and will continue, I'm sure, until I exit this place. My strong will to fight and win against these Jogheads just makes the success that we will one day have that much sweeter. Victory WILL be our's in the end. JOG has gone as far as having me stabbed by the subhumans, and has brutally beat me up themselves on several different occasions. The stabbing took place on May 5, 1988. They classified the stabbing as my own fault because of my Aryan Brothers organization within the prison. I was the so-called root of that racial violence so I was the one who got punished. Though nothing happened to any of the 15 to 20 niggers that were involved, I did 8½ months in maximum security. I was released from max and no more than 20 days later I was again attacked, but this time by the officials—all treasonous WHITE officials I might add. This attack took place because I supposedly gave a comrade a racial salute. Well after they beat me into the hospital, I was than charged with assault on an officer. How convenient. Now I'm in JOG's new super max unit where I am refused 100 percent religious practice.

I received *Racial Loyalty* No. 49 by mistake. Just today I received a copy of *THE WHITE MAN'S BIBLE* and was refused it. On Jan. 16, '89 all C.O.T.C. literature was confiscated from me. On March 29, '89 Rev. Charles from Baltimore, Maryland sent me *NATURE'S ETERNAL RELIGION & THE WHITE MAN'S BIBLE*. JOG said no way and confiscated it from me. After a couple of years of receiving Pontifex Klassen's great words, all of a sudden JOG says the literature is NOT religious, but highly

racist. When I demanded that my religious literature be returned to me, all JOG did was give me the *New Testament*. Setting that piece of trash on fire was great though.

We are not allowed to smoke over there in super max but we often get tobacco smuggled in by some okay officials. But that still leaves the problem of rolling papers. Rumor has it that bible paper works just as well as regular rolling papers. Well, that's one more lie we can chalk up — it's not good at all for rolling tobacco. A Christian must have started that lie too.

Well, my brothers and comrades, as I continue yet another struggle to get my constitutional right to freedom of religion back I will keep you up to date. Stay strong and march on.

Dear Sir,

I am currently being held at F.C.I. Oxford, Wisconsin. Over a year ago I wrote the C.O.T.C. requesting a *WHITE MAN'S BIBLE*, which I received shortly thereafter. I have studied the *WMB* and agree with most everything written in it.

Recently, I have had the opportunity to meet Reverend Rudy Stanko here at Oxford, WI. As I am sure you already know, the Bureau of Prisons has transferred Rev. Stanko from this institution. I also know that they transferred him mainly because of a lawsuit he filed against this institution for refusing him his freedom of religion.

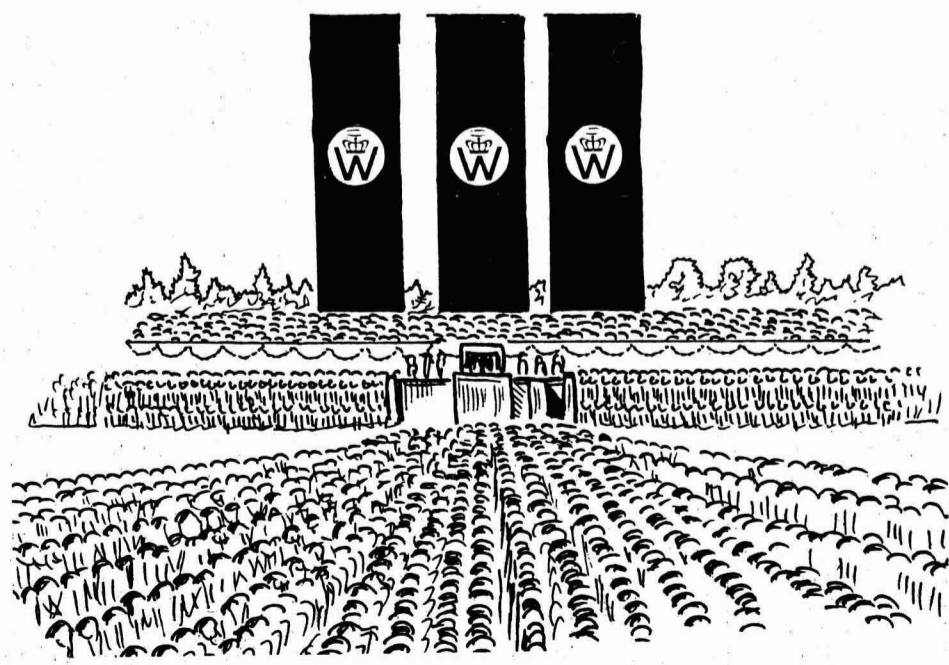

There is a small contingent of men here who are willing to carry on Rudy's fight. Our fight! However, unlike the Reverend Rudy Stanko, we are not well acquainted with the procedure of law. Therefore, we will need a little guidance from the C.O.T.C.

We feel that if the Rev. Stanko can forsake himself to the cause, then we will proudly do the same!

Please respond to this letter as soon as possible and advise us of what we should do. RAHOWAI!

Sincerely,
Teddy Cockburn
Wisconsin

P.S. Please certify your response, as the B.O.P. are experts at misplacing mail.

SALUBRIOUS LIVING*(Continued from Page 14)*

You cannot pursue health and happiness if your mental condition is deranged. You cannot stay healthy nor happy for long if the society you live in is in turmoil and chaos. For instance, how long could a healthy intelligent White family survive if it lived in the middle of Harlem? Not long. It would be robbed, attacked and soon murdered by the unruly black animals surrounding it. Supposing such conditions spread nationwide until we had wall-to-wall niggers. How long could White families survive under such conditions? And finally, there is the environment. How can anyone successfully pursue *salubrious living* if our air, our water, and yes, the overwhelming proportion of

of the fittest), and, (b) They do not interbreed with another similar species, no matter how closely related that species may be.

Let us examine the process of "culling the herd" first. Nature is continuously urging each species to upgrade itself so that it is better fitted to meet the competition in the fierce battle for survival. Nature does not necessarily view one species more desirable than another, whether it be a shark, or a cat, or a deer or an eagle. To Nature there are no favorites. Each is equipped with certain attributes, certain tools, certain advantages and disadvantages for its own survival and expansion. How well each creature uses these attributes is up to its own discretion in the fierce struggle for survival.

There will never be a better time to get our act together than NOW. Help organize and spread CREATIVITY.

our food is polluted with poisonous chemicals?

The answer is no one can survive under such conditions, much less live in peace, health and happiness unless and until all four of these basics of our religious creed are in order. In CREATIVITY we stress the TOTAL SOLUTION—the whole ball of wax. We do not waste our time fiddling with trivialities, or berating effects. We go after the basic causes, and then seek to correct the cause, not chase after effects.

In CREATIVITY I believe we have the TOTAL PROGRAM, the FINAL SOLUTION, the ULTIMATE CREED.

In this book we have so far covered thoroughly three of the major aspects of our four dimensions. We have covered the conditions of mental health (*a Sound Mind*) the means of attaining and sustaining superior physical health (*a Sound Body*) and what we must do to maintain a clean and viable environment, although this last problem is treated much more thoroughly in *The WHITE MAN'S BIBLE* (Chapters 13, 14, and 15). In both *NATURE'S ETERNAL RELIGION* and *The WHITE MAN'S BIBLE* we deal extensively with the structuring and building of a *Sound Society*. So many chapters are devoted to this in both books that we will not even separate them here.

What we want to emphasize in this last chapter of this book is something very few books on health dare to mention at all—and that is Point No. 14 of SALUBRIOUS LIVING, namely the subject of Eugenics. Without a conscious understanding of, and adherence to its laws; unless we are dedicated to the unflagging practice of its principles, everything else eventually breaks down and for the White Race ends up in a tragic catastrophe of gigantic dimensions.

What do we mean by Eugenics? Basically it means racial health. All species of Nature practice it instinctively. All species, whether it is a herd of buffalo, or deer, or caribou, or a flock of ducks, do basically two things to keep the genetics of the herd or the flock healthy: (a) There is a continuous culling out of the misfits in order to improve the genetic quality of the herd or the flock (survival

Nature is ruthless in the application of its laws. It is completely indifferent as to which individual survives, or which species survives. Nature punishes with extinction those species, which, although suitably equipped, were not vigorous enough, or too sluggish in the struggle for survival on the face of this planet. As we look back on geological and biological history of the past we find that such creatures as the dodo and the dinosaur are now extinct, as are millions of other species now inbedded in ancient rock as nothing more than fossils.

Therefore each species either shapes up or ships out, as the saying goes. Those species that are still around vigorously practice eugenics instinctively and are subject to numerous culling practices. For instance, in a herd of buffalo, a deformed calf will usually be butted to death by other calves, or even adult buffalos. To the bleeding hearts of the present liberal generation this may seem cruel. But actually, the butting calves are doing the herd a big favor. By culling out the misfit they are preventing it from growing up and perpetuating its defective genes into the gene pool of the herd. They are preventing the proliferation of deformed and crippled buffalos in their herd of the future and thereby its degeneration and eventual extinction.

Helping this culling process are a number of predators such as wolves, coyotes or cougars that may be stalking the fringes of the herd. They, too, contribute immensely to the health of the herd and are directly involved not only in the survival of the predators, but also in the survival of the buffalo herd. By attacking and pulling down the slow, the sickly, the sluggish and the weak they are culling out the genetic undesirables and thereby keeping the herd viable and sound and more capable in meeting the challenge of survival.

Now we come to point (b) in the process of Eugenics, namely keeping the species pure. Just as Nature frowns on cripples and misfits and ruthlessly punishes them with extinction, so Nature also frowns on bastardization of the species, any species, whether animal, bird or human.

When I was a kid, I was brought up on a farm in Saskatchewan. A few hundreds yards below our barn was a slough of water, about a mile long, and I spent many happy summer days rafting on it.

Now this slough happened to be a favorite nesting area for many species of wild ducks who flew north for the summer to breed and usher in the next generation. Among these I had the opportunity to observe many different species of ducks—pintail ducks, teal ducks, canvasback ducks, mallard ducks, mud hens, hell-divers and others that I could not identify. There is one cogent lesson I learned from all these different species and it is this: Whereas they all belonged to the duck family each subspecies mated only with its own, pintails with pintails, canvasbacks with canvasbacks, teal with teal, etc. Never did they interbreed, never was there any miscegenation despite the fact that they all nested in the same pond. Nature hates bastards. Whereas domesticated animals (having too long been guided by, and interdependent on their human masters) have long lost their identity and the instincts of a pure species, the creatures of the wild have not and will faithfully abide by the laws of Nature. I repeat—Nature hates bastards. Nature frowns on miscegenation and ruthlessly relegates to the scrap heap of evolution those species which would arrogantly violate her laws.

We now come to the human species and focus particular attention on the White Race with whose welfare CREATIVITY is exclusively and solely concerned. After setting forth the goals and objectives of Creativity in the first chapter of *The WHITE MAN'S BIBLE* we lay down a hard and fast principle in the second chapter, namely we are concerned basically with the survival, expansion and advancement of the White Race. Everything we say, every opinion we express is through the eyes of the White Race. The White Race is the supreme yardstick by which we measure all things. Why? Because we ARE the White Race and Nature imposes upon us the same demands and the same laws as on every other creature—that is: LOOK TO THE SURVIVAL AND WELFARE OF YOUR OWN KIND.

Nature, however, has done more than that for the White Race. In fact, it is on the White Race that she has lavished her most generous gifts. On no other creature in all the billions of years life has existed on this earth has Nature so generously dispensed as much INTELLIGENCE, CREATIVITY and PRODUCTIVITY AS SHE HAS ON THE WHITE RACE in just the last instant of geologic time. No other creature has occupied such predominance, such exclusiveness, so much control over its own environment and the destiny of other creatures as has the White Race in modern times. Without doubt, in the White Race Nature has produced her highest creature, her Elite, with no even near rivals.

As with all other creatures, Nature has clearly told us, the White Race, the following: "What you do with your gifts and talents is strictly up to you. Whether you survive or not as a species is strictly up to you also. Whether you squander or abuse these precious gifts I have given you, that, too, is up to you. But I can pro-

mise you this: If you don't use these unusual attributes and advantages for your own survival and upgrading, I will relegate you too to the scrap heap of evolution. It is up to you. I am completely indifferent whether you survive or not."

The tragic fact of history is this last quarter of the twentieth century is that the White Race is not using its precious gifts, its astounding advantages, its unique intelligence, for its own best interests.

Whereas there is no creature in geologic history that we know of that ever was dumb enough to say to an inferior species: "Since you are weak, stupid, and sluggish, we will subsidize you. Since you are having a hard time, we will hold back on our own species, we will divert our food, labor and talents from our kind to yours so that you can multiply and crowd us off the face of the earth. We will even go further. We are so insanely generous, we will mix our genes with yours to help upgrade yours, although this will mean our own extinction."

No, in this respect no creature has ever taken such a dumb stance as has the White Race. It may be the most creative, the most intelligent creature in technology, science, literature, arts and many other fields of endeavor that go to make up civilization—but when it comes to looking to its own survival, its own upgrading of its species, keeping its own genetic health, to the recognition of its natural enemies—in all these most vital aspects the White Race has most flagrantly flouted all of Nature's laws and is more stupid than the lowly mud hen I observed on our slough in Canada. And for this flagrant violation the White Race is beginning to pay dearly. If it does not soon change its course, Nature will exact its final punishment on the White Race—Extinction.

This is as certain as the extinction of the dodo and the dinosaur and this process is crashing about our ears at astounding speed. In fact, when we look at the multimillion year survival span of other species, the White Race might have one of the shortest tenures in biological history.

It is not my objective here to recapitulate the basics of Eugenics. This I have already covered in *The WHITE MAN'S BIBLE* and need not be repeated here. The objective in this book is twofold: (a) to set forth a program for superb health and (b) to make each member of the White Race keenly conscious of the fact that a creed, a program and religion exist that serves the WHOLE man, the WHOLE society and the WHOLE environment in order that we may build a better world, a better society, a better race and a healthier, happier and more capable individual.

The rest of the creed you will find in our two basic books, *NATURE'S ETERNAL RELIGION* and *The WHITE MAN'S BIBLE*. Read them, study them and re-read them. Then go to work—distribute them, spread the word and help build a better world. Help bring about the greatest blessing ever conceived for mankind in all its tumultuous history:

CREATORS VIEW THE NEWS

HOLLYWOOD — Millions of young White girls idolize the Rock 'n Roll princess, Madonna. They dress like her; they talk like her; they try their hardest to be like her. The nature and influence of Jew-controlled movies, music and television videos on our youth is incredible. Add to that the multi-million dollar TV commercials which combine all three mediums and you have an insidious brain bomb with which to warp young White minds in any direction the Jew wishes. What does the picture to the right have to do with with selling a goddamn Pepsi Cola? Nothing! What these bastards are selling is destruction of our people through race-mixing with Congoids. Every molecule of a Creator's body is revolted when we are put in a position where we must see our women defiled in the Jewish media. That's why many of us have chosen to boycott it all—movies, magazines, newspapers, TV, music—all of it, and we don't tolerate those who maintain a fascination with it all. We don't even care about the funny papers, the weather or which sports team is leading their particular division. There are enough of us now that we have each other and to hell with the sheep. We are determined to put an end to the destructive lies which defy Nature and the lessons of history to drown the White Race in a sea of color.

caloused-assed strumpet sucking nigger's head for money and "fame"

We cannot be angry at the nigger with his tongue halfway down this harlot, Jew tool's throat. He is only exercising Nature's imperative to destroy the other sub species. He is the one in poor company, not her. She needs destroying as sure as if she were a thoroughbred with a broken leg.

Madonna is the Marilyn Monroe of the '80's. They both flaunted their sexuality for money and surrounded themselves with Jews, but one somehow just can't imagine Marilyn "doin' it" with a nigger. Maybe it just WASN'T TIME yet for that in the '50's or 60's. The Jew can be very patient.

The fact is, there is no time like the present to reverse the degeneracy we are bombarded with. To commemorate the 100th birthday of Adolf Hitler, we must take a page from his book and put an '80's, American, Creative twist to it. He did more in six years to expunge decadent, Jewish influence from German life than anyone thought possible. We can do the same today and benefit from his shortcomings. Get those 10 million WHITE MAN'S BIBLES out there and the war is half won. And we better not EVER see a Creator drinking a goddamn Pepsi Cola!
