## THE GREAT PROMOTER: Leadership and Communion

by Rev. Victor Wolf

Dear Pontifex and Hasta Primus:

Thank you very much for your letters and your enthusiastic endorsement of the proposed enhancements. I am glad that you have found my report worth publishing in its entirety in the August issue of RACIAL LOYALTY. I am looking forward to seeing that issue. Your approval inspires me to work even harder on the eclectic compendium and other projects for the benefit of the White Race and the Creativity Movement.

I especially appreciate the very friendly, extensive and candid letter written by Pontifex Maximus. I am very grateful for his enthusiastic approval of the proposed projects/enhancements. I am also very grateful for his candid discussion of the new possibilities, challenges and opportunities to excel in the area of LEADERSHIP. I want to assure Pontifex Maximus that I personally would welcome those CHALLENGES and OPPORTUNITIES TO EXCEL for the benefit of the White Race and the Creativity Movement.

As I have stated in my previous report, I am planning to visit the H.Q. in the near future (most likely in August, if that agrees with the busy schedule of Pontifex Maximus) and present to Pontifex Maximus (for his review, suggestions, corrections and approval) a draft of the eclectic compendium.

At that meeting, I also hope to persuade Pontifex Maximus to reject any and all suggestions of relocating the Headquarters. The way I see it, North Carolina and the beautiful Blue Ridge Mountains have become to our movement what Bavaria and Munich were to the National Socialist movement in Germany, or what Rome was to the Roman Empire — a GEOGRAPHIC BASE. Therefore, I think, that to move our H.Q. from North Carolina at this stage of our struggle would be as disastrous as moving the capital of the Roman Empire from Rome to Constantinople.

I think, our GEOGRAPHIC BASE in North Carolina is excellent from every point of view: North Carolina is the hotbed of various pro-White activities, it is strategically located between the North and the South, close to the major population centers. In fact, if we would draw a 1000-mile radius around Otto, North Carolina, it would encompass almost all

major U. S. cities, industrial centers, universities, main centers of communication and transportation.

Our "Great Promoter" must be a FULL-TIME, 24-HOURS-A-DAY, PROFESSIONAL revolutionary, activist, single-minded fanatic, whose every thought and action would be dedicated to the White Race and the Creativity Movement, and who would be willingly subordinating all of his personal, family and business interests to the Great Cause of the One and Only White Racial Religion — CREATIVITY.

As we all know, in the struggle for White Racial Survival time is of the essence, and the coming decade will have to decide whether we win or lose; therefore, we cannot afford to wait. Any delay would be a total misdirection of our Movement, resulting in wasted time, wasted resources and wasted opportunities for what we need most — RAPID, AGGRESSIVE, MASSIVE EXPANSION, which can only be accomplished through the STREET ACTION phase of our struggle.

People who keep talking about "relocations", "regional church buildings", "retrenchments", "million-dollar war chests", etc., have no idea about the EXTREME URGENCY of our struggle and the OVERWHELMING NEED for us to concentrate on PROPAGANDA and EXPANSION in order to become a MASS MOVEMENT. Instead of talking about "regional church buildings", we should be talking about how to make sure that our newspaper is getting out on time, how can we make it into a weekly and, eventually, into a daily newspaper. Instead of talking about

We now know the identity of the "White American". His name is Rev. VICTOR WOLF. He not only revealed his identity but he visited us here at our headquarters for three days during the first part of August. He is a dynamic young man of 34, six foot two, and single. He is now also an ordained minister of our Church. In this issue he further sets forth his goals and ideas about promoting the hell out of CREATIVITY. But he is doing more than that. By the time you read this he will have joined us full time here in North Carolina to help put into action those ideas he has so well articulated in words.

B.K., P.M.

Howard and Connie Clery  
Lost Their Daughter to a  
Crazed Thief; Now They're  
Angry and Fighting Back

By BEVERLY BEYETTE, Times Staff Writer

Howard and Connie Clery were delighted when their only daughter, Jeanne, told them of her decision to enroll at Lehigh, a small private co-educational university in Bethlehem, Pa., little more than an hour from home.

Had she chosen to follow in the footsteps of her two brothers, Jeanne might have gone off to New Orleans, to Tulane, which was so far away. Yes, the Clerys agreed, Lehigh was perfect.

"The minute she saw Lehigh she fell in love with it," Connie Clery remembers. Spread over 1,600 wooded hilltop acres, the school seemed, she says, "very serene." And very safe.

But on April 5, 1988, in the spring of her freshman year, Jeanne Clery, 19, a ranked amateur tennis player who hoped for a career in communications, was murdered in her dorm room—beaten, tortured, sodomized, raped and strangled.

The killer, Joseph Henry, 20, a Lehigh sophomore from Newark, N.J.

TERROR AGAINST WHITES

Jeanne Clery, 19, a beautiful blond and blue-eyed White woman from Bethlehem, Pa., has been beaten, tortured, sodomized, raped and strangled by a savage nigger, Joseph Henry, from the nigger ghetto of Newark, N.J.

"relocations", we should be talking about how to reach out to our potential allies — Skinheads and White Ethnics. The list is endless, but the central idea is — STOP FUSSING AROUND, START PROMOTING THE HELL OUT OF WHAT WE'VE GOT. And what we have, thanks to the colossal efforts of Pontifex Maximus, is more than enough: books, newspaper, headquarters, etc.

\* \* \* \* \*

### The Fundamental Arguments

To my mind, the "Great Promoter" must have a clear understanding of the following arguments:

(a) In the face of the massive, exponential explosion of the mud races, the

numerical strength of the White Race is dwindling daily; therefore, we must WITHOUT ANY DELAY get our act together and start an effective propaganda and expansion campaign in order to awake the White People to the clear and present danger, straighten their Jew-distorted thinking and organize them under the victorious flag of the one and only White Racial Religion — CREATIVITY. Time is of the essence, and, as Pontifex Maximus has told us repeatedly, the 1990's will be the crucial period for our rapid, aggressive, massive expansion, which will decide the destiny of this Planet Earth.

(b) Any relocation of our World Headquarters at this stage of our struggle must be absolutely out of the question. Such a move of our established GEOGRAPHIC BASE would be useless, disruptive and even disastrous, as was the move of the capital of the Roman Empire from Rome to Constantinople.

(c) Also, at this stage of our struggle we should not be concerned with building elaborate regional headquarters or church buildings. Homes of our activists could serve as regional headquarters and rented hotel banquet rooms as places for our church meetings. We must understand that

(Continued on Page 2)

## GREAT PROMOTER

(Continued from Page 1)

building elaborate regional headquarters and church edifices at this stage of our struggle would be like building the dead-duck "Maginot Lines", instead of the mobile "Panzer Divisions", which are needed for our rapid expansion and victory. We should invest our time, money and efforts in building a massive **COMMUNICATION NETWORK**, which would spread our ideas through books, newspaper (which must be — as a matter of Top Priority No. 1 — made into a biweekly and then weekly A.S.A.P.), tape cassette, telephone and computer message boards, and — most importantly — through a frequent and systematic **STREET ACTION** (leafleting, poster-ing, marching, demonstrating) **PROGRAM**. At this stage of our struggle, let's remember: **WE DON'T NEED "MAGINOT LINES", WE NEED "PANZER DIVISIONS"!**

### The Fundamental Characteristics

Some of the indispensable and characteristic features of the "Great Promoter" must be as follows:

(1) Above all, the "Great Promoter" must be a **BELIEVER**: He must believe in himself and he must believe in the Sacred Cause of the One and Only White Racial Religion — **CREATIVITY**.

(2) The "Great Promoter" does not have to have any money (in fact, the greatest promoter of all times, Adolf Hitler, was penniless), but he has to have a **TOTAL, FULL-TIME, PASSIONATE, OBSESSIVE, FANATICAL DEDICATION** to the **CAUSE**. As far as the **CAUSE** is concerned, the "Great Promoter" has to be a **SINGLE-MINDED FANATIC** and **MONOMANIAC CHAMPION**.

(3) The "Great Promoter" must have the **IRON WILL, DARING AND VISION** to concert and mobilize existing attitudes and impulses into the collective drive of a mass movement.

(4) In his followers, the "Great Promoter" must inspire **CONFIDENCE, ENTHUSIASM, PRIDE, TRUST, DEDICATION, COMMITMENT AND THE WILL TO FIGHT** for the Great Cause of the One and Only White Racial Religion — **CREATIVITY**.

(5) The "Great Promoter" must understand that **COMMITMENT, not AUTHORITY**, produces results.

(6) The "Great Promoter" must understand that what is expected of him is **not mere MANAGEMENT, but LEADERSHIP** in the areas of **STRATEGY and TACTICS**.

(7) The "Great Promoter" must personify the **CERTITUDE OF THE CREED** and the **POWER OF CONVICTION**.

(8) The "Great Promoter" must articulate the **resentment** dammed up in the souls of the frustrated White masses.

(9) The "Great Promoter" must kindle the **VISION OF A BREATHTAKING FUTURE** so as to justify the sacrifices of a transitory present.

(10) The "Great Promoter" must evoke the **ENTHUSIASM OF COM-**

I'LL BE A FULL-TIME ACTIVIST, REVOLUTIONARY, SINGLE MINDED FANATIC, FOR THE SURVIVAL, EXPANSION AND ADVANCEMENT OF THE WHITE RACE. PLUS, I DESPISE NIGGERS AND JEWS.

I THINK WE'VE FOUND OUR MAN.

"THE GREAT PROMOTER"

**MUNION/FELLOWSHIP**: the sense of liberation from the petty and meaningless individual existence through **SELF-SACRIFICE** and **UNITED ACTION** for the Sacred Cause of the One and Only White Racial Religion — **CREATIVITY**.

(11) The "Great Promoter" must be **intelligent, audacious, tough, intransigent, uncompromising, and completely convinced in the absolute rightness** of the Sacred Cause of **CREATIVITY**.

(12) The "Great Promoter" must have the capacity for winning and holding the loyalty of a group of able lieutenants. **Among his associates, the 'Great Promoter' must generate an atmosphere of not only LEADERSHIP, but also COMMUNION, IDEOLOGICAL FELLOWSHIP and UNITY IN ACTION**. In view of the grandeur of our global mission to awake the White People and to save the White Race, we must make sure that among the top leadership of our movement there should never be any petty, vain, egotistical, jealous rivalry based on the question of "Who is first?", but only healthy competition based on the question of "Who can contribute most to the Cause"! **Our organization must be guided by the Two Basic Principles: THE PRINCIPLE OF LEADERSHIP ("individual subordination to the Cause").**

(13) The "Great Promoter" must be good at the art of **PRIORITIZING, TASK SETTING, DIRECTING, DELEGATING AND FOLLOWING UP**, and he must always be explicit in his show of appreciation of a good performance by his comrades. He must always give credit where credit is due, but also

he must never avoid tactful criticism where criticism is due.

(14) The "Great Promoter" must have the **vital qualities of INTELLIGENCE, WILL, COURAGE AND ABILITY TO CONCENTRATE ON ESSENTIALS**. In his concentration on essentials, the "Great Promoter" must not only know what he is against, but also what he is for.

(15) In summary, the "Great Promoter" must be a **MAN OF WORDS/INTELLIGENCE** and a **MAN OF COURAGE/ACTION**.

### The Key Question

Whether I, or someone else, will be selected by Pontifex Maximus to be the "Great Promoter" to me is not the key question. The **KEY QUESTION** that I — in accordance with the **PRINCIPLES OF LEADERSHIP** ("individual subordination to the Cause") — raise to myself every day is: **How can I be most effective in our sacred struggle for the survival, expansion and advancement of the White Race?**

I think that is the proper attitude for every Creator, regardless of who is appointed to be the "Great Promoter". Every Creator, guided by the Principles of Leadership ("individual subordination to the Cause" and Communion ("common participation in the Cause", can and must be the Great Promoter of the Sacred Cause of the One and Only White Racial Religion — **CREATIVITY** within his region and expertise. So let us become a united army of dedicated White Racial Activists

and start the **STREET ACTION** phase of our struggle for the survival, expansion and advancement of the White Race!

**WHITE PEOPLE AWAKE!  
SAVE THE WHITE RACE!  
JOIN THE CREATIVITY MOVEMENT!  
IT IS OUR ONLY SALVATION!**

\* \* \* \* \*

P.S. (1) While preparing our Logo, Flag, Masthead, Uniform, drums, bugles, leaflets, posters, signs, banners, bumper stickers, "business cards" and T-shirts for **STREET ACTION**, let's also not forget to prepare easily foldable templates for a quick "paint job" on walls and sidewalks. It is amazing what a good template and a can of spray-paint can do in terms of slogan visibility and impact! All of these **STREET ACTION** tools must consistently expound our **STREET ACTION'S** Central Message:

**WHITE PEOPLE AWAKE!**

**SAVE THE WHITE RACE!**

Subscribe to  
The pro-White newspaper:  
**RACIAL LOYALTY**  
P.O. Box 400  
Otto, NC 28763

P.S. (2) With all the flag-waving fury now surrounding the issue of flag burning, our position must be made crystal clear:

-- We Creators don't care about **JOG's** flag, but we do care about the First Amendment: "freedom of religion, speech, press and assembly". **It is necessary to keep the First Amendment intact in order to facilitate our propaganda and organization efforts in the struggle for survival, expansion and advancement of the White Race.**

If the flag-waving Koshier Konser-vative Idiots will succeed in amending the Constitution to prohibit "desecration" of the flag, it will very soon be followed by an amendment to prohibit "desecration" of minorities by means of "racial slurs". In fact, such proposals are already being "debated" in the "legal, academic and media circles", and the Jews are just waiting for the right moment. **(All the more reasons for us to start our rapid, aggressive, massive expansion by means of STREET ACTION without any delays, A.S.A.P.!**

So all you deluded Koshier Konser-vative "flag and country" Idiots, wave your **JOG** flag until you get a heart attack, but keep your cotton-picking fingers off the First Amendment! In summary, we Creators say: **To hell with JOG's flag, which became a symbol of racism; we Creators got our own flag, which proudly proclaims:**

**WHITE PEOPLE AWAKE!**

**SAVE THE WHITE RACE!**

# On the International Scene

## 1. THE AWAKENING OF RUSSIA.

The unusual results of the recent parliamentary elections in the Soviet Union have focused a lot of the "Western" (read: Jewish) media attention on various opposition movements within the Soviet Union. According to the Jewish "experts", all of those movements (liberals, social-democrats, Christian or Moslem nationalists) are "kosher", except one — "anti-semitic", "racist" Pamyat ("Memory").

Newsweek (read: Jewswweek) correspondent Andrew Nagorski ("a senior associate at the Carnegie Endowment for International Peace" — Jews just love having those impressive-sounding titles) in the 4/3/89 issue had these "kind and gentle" words for Pamyat:

*"The darker side is the growing appeal of xenophobic groups like Pamyat, which spin elaborate conspiracy theories to explain Russia's backwardness. The most persecuted people in the Soviet Union are the Russian people,"* DMITRY VASILYEV told me in Moscow. A top Pamyat leader, VASILYEV scorns both communism and liberal democracy. Citing the heavy involvement of Jews as proof that the 1917 revolution was "not Russian," he claimed that Stalin has been singled out for condemnation to hide his manipulation at the hands of "Jews and Masons" — the real "source of evil" of the communist system."

But even "kinder and gentler" sentiments towards Pamyat have been expressed by another Jew (or a brain-polluted Jew-lover), Bruce C. McKenna ("a Stanford University graduate student in Russian history"), in his "Letter to the Editor", which was published in the 4/3/89 issue of The New York Times. The letter is entitled "DON'T UNDERESTIMATE ANTI-SEMITIC SOVIET FRINGE" and reads as follows:

*"Dimitri K. Simes's 'Even if Gorbachev Falls, Defente Will Last,' (OpEd, March 20) presents a sensible and pragmatic plan for dealing with the Soviet Union in the near future. However, his characterization of the right-wing nationalistic political front, Pamyat, as merely lying on the 'periphery of politics' is both inaccurate and misleading.*

*Pamyat, similar to all extreme right-wing political movements, consists of numerous factions. The most benign of these subgroups, the one Mr. Simes labels "chauvinists," wishes to protect and restore the Russian cultural heritage. They call for a strong state, with strong traditional values, and as such they can be called conservatives. This vague conservative ideology appeals strongly to millions in the Soviet Union, whether they are loyal party members, supporters of perestroika or uneducated factory workers; it cannot be labeled "peripheral." Pamyat's program provides a simple and compelling answer to the deep cultural anxiety caused by perestroika's dislocation and destabilization of Soviet society.*

*It is the malignant, more aggressive factions of Pamyat that Mr. Simes wishes to place on the periphery of Soviet politics, but he has forgotten his European history. In a manner similar to every other right-wing movement of this century, a deeply rooted utopian yearning for the past has spawned a violent core of anti-Semitic fanatics, who are not conservative, but rather radical, even revolutionary. They do not merely want to restore the past, but also fervently desire to destroy the present.*

*I was able to bear witness to a berserk rally of more than 1,000 held by these fanatics last summer in Leningrad. The similarities to an earlier fringe group of anti-Semitic utopian revolutionaries were frightening. I heard calls for the expulsion of Jews from the country, for lists to be kept of "supposedly" Jewish bureaucrats, laments about the demise of Russian racial purity, and I heard violent answers proposed for Russia's cultural, economic and political woes. I heard the word democracy linked with weakness and instability. It was a frightening display of right-wing virulence.*

*Like both the Union of Russian People (the radical right in Russia, 1905-14) and the Nazis, the hard core of Pamyat will take advantage of broad cultural malaise and economic dislocation to spread their ideology of hate. Pamyat's blatant nationalism and its message of a return to a "more pure past," a stronger more traditional state, may appeal to more and more anxious Soviets, who will, like the many Germans before them, simply ignore the more violent, radical and anti-Semitic planks in Pamyat's platform. And even if we play down Pamyat's political importance, as Mr. Simes does, at the very least, the appearance of such a violent radical utopian group indicates that Soviet culture is decaying in alarming ways.*

*No, historical responsibility dictates that we can never exaggerate the significance of the appearance of virulent anti-Semitic radicals, no matter how small they may seem. Perhaps Mr. Simes will remember what Adolf Hitler said when his party merely lurked on the periphery of German politics: "Our numbers may be small, but our cause is just. If we prove worthy of the course history has set for us, someday we will be millions. Then we will reshape the world according to our ideals."*

It is obvious that McKenna's letter and similar anti-Pamyat publicity is a manifestation of the growing concern and fear felt by the worldwide Jewish Network about the possibility of uncontrollable anti-Jewish developments in Russia once Russians realize the depth, the scope and the horror of the criminal Jewish tyranny in Russia since the 1917 Jewish Bolshevik revolution.

We CREATORS salute our White Racial Comrades in Russia: LONG LIVE PAMYAT! LONG LIVE GLOBAL WHITE RACIAL SOLIDARITY! DOWN WITH THE JEWISH TYRANNY!

Let us redouble our efforts to contact Pamyat and infuse them with the basic ideas of CREATIVITY: White Racial Solidarity, White Racial Loyalty, and the worldwide White Racial Holy War — RAHOWA.

## 2. THE MUD-FLOOD IN BELGIUM.

News reports about the recent killing of two Moslem leaders in Belgium revealed an alarming mud-flood in that West European country. An article in the 3/31/89 issue of the Los Angeles Times describes the following situation:

*"Brussels (capital of Belgium) has one of the largest concentrations of Muslim immigrants in Europe, more than 150,000 out of a population of 1 million. North African women in scarfs and ballooning pants stroll the cobblestone streets of several sprawling neighborhoods. Mustachioed Turkish men drink mud-like coffee in all-male cafes. More than 30 mosques call the faithful to prayer.*

*In some neighborhoods, such as Sant-Josse near the headquarters of the European Commission and Molenbeek on the western side of the city center, Arabs and Turks exceed more than 50 percent of the population. FORTY PERCENT OF THE BIRTHS IN BRUSSELS NOW OCCUR IN THESE IMMIGRANT FAMILIES. In some areas, 65 percent of the school children are immigrants.*

*But crude graffiti painted on the walls of a monument adjacent to the mosque illustrated the underlying tension that exists here between the Muslim community and many native Belgians. "Arabs Have Four Paws," said one of the painted slogans. "Arabs Go to Mecca!" said another.*

It is obvious that Belgians, as well as all Europeans, need CREATIVITY which will give them religious, psychological and political weapons to deal with the deadly flood of the mud races. So let us expedite our expansion not only in America, but also in Europe, Australia and South Africa. RAHOWA! THIS PLANET IS ALL OURS!

\* \* \* \* \*

## 3. THE BETRAYAL OF SOUTH-WEST AFRICA

Speaking of South Africa, it seems that it is embarking on an accelerated course of self-destruction. As of April 1, 1989, South Africa has started its withdrawal from South-West Africa, surrendering (treacherously, cowardly, without a real fight) the vast and mineral-rich territory to Jew/nigger/mud-controlled U.N. and eventually to communist-led, terrorist SWAPO.

It is interesting to note that the first "foreign leader" to come to South-West Africa was the confirmed race-traitor — Margaret Thatcher, the British Prime Minister. With her "kosher conservative" credentials she was instrumental in arranging a similar funeral for Rhodesia, so apparently she could not resist the temptation to visit yet another funeral of White Man's territory.

THE BETRAYAL OF SOUTH-WEST AFRICA IS AN UNFORGIVABLE ACT OF RACIAL TREASON, FOR WHICH THE JUDEO-CHRISTIAN GOVERNMENT OF SOUTH AFRICA AND THE INTERNATIONAL NETWORK OF THE AVOWED ENEMIES OF THE WHITE RACE — COMMUNISTS, LIBERALS, KOSHER CONSERVATIVES, JEWS AND CHRISTIANS — ARE FULLY RESPONSIBLE.

After the blatant betrayal of South-West Africa, the end of South Africa itself is not far away, especially now that the ailing race traitor, P. W. Botha, will soon be replaced by an even more brain-polluted and treacherous "kosher conservative," F. W. de Klerk. As a good Judeo-Christian, de Klerk has already stated publicly that "all forms of racism must be abolished."

The only hope for South Africa (and the entire White World) is a rapid expansion of the Creativity Movement. So let us increase our efforts to expand the Church of the Creator in South Africa and thereby bring closer the Day of Reckoning for those who betrayed South-West Africa.

\* \* \* \* \*

## 4. WHY ARE THEY SO AFRAID OF RACISM?

Anywhere you look, you will find Christian churches working against the interests of the White Race, using the concept of "Christian morality" to confuse, immobilize, undermine, betray and destroy the White Man. It seems that the main mission of Christian churches is no longer to combat some imaginary Devil, but the very real Devil which, in their updated books, is, of course, White Racism.

The latest evidence of this new mission can be found in a comprehensive catechism on "THE CHURCH AND RACISM" which was recently (2/10/89) published by the Vatican. Subtitled "TOWARD A MORE FRATERNAL WORLD," the 8,000-word document bristles with condemnations of everything from South African apartheid to anti-Semitism.

In a global survey, the report singles out South Africa for special opprobrium. "Change is absolutely necessary and urgent," the document declares, adding that the continuation of apartheid justifies "appropriate external pressure."

Calling anti-Semitism "the most tragic form that racist ideology has assumed in our century," the document states that "all racist theories are contrary to Christian faith."

In a traditional Christian attempt at thought control, the document threatens that "harboring racist thoughts and attitudes is a sin", and goes on to say that "racism and racist acts must be condemned with the application of legislative, disciplinary and administrative measures."

The entire report is full of "love, charity, compassion and understanding" for the "special needs" of Jews, niggers and the mud races, but none for the White Man. For the White Man the Vatican has only hell, sin,

# BRICKBATS & BOUQUETS

## From Australia

Dear Pontifex:

My last letter to you was sent about two months ago. In the meantime I've received some more of the R.L. No.50 and 51 and also No. 48 which I thought had been lost in transit. No. 48 had been posted by you on 27-2-89 and arrived here on 7-8-89. I think this sure must be a record for slowness, but I'd like to know on who's part?

Now I'd like to ask you about sponsorship of a young man for your school. What would be required if I wanted to send someone over from here as far as cost for travel, school and sustenance are concerned. I've in mind a 17 year old grandson of mine, a very bright lad, but I've not asked him yet whether he would be interested. First I've to find out the details and then I can approach him with my question.

On 1-3-89 I'd written to you and had \$50.00 amount enclosed for books like 3 copies of Vol. II Klassen Letters, 2 copies of Vol. I Klassen Letters and 3 copies of "The Late Great Book — The Bible". Up to now I've not received anything.

On 13-6-89 I've sent you another \$50.00 amount with the request to send me the book "The Score" and the rest of the money to be used to further our cause.

Today I'm sending you another \$50.00 amount with the request for two books, if it is possible to get them for me: 1) "Unity in Dispersion", 2) "Germany must perish" (by Theo. N. Kaufman). If there is any money to spare, please use it for our common cause.

That article in R.L. No. 51 about "The Avenge of Dresden" I thought it was as if it was written just to please me, I was very moved by it and I can only hope that if anyone else reads it, they feel the same way about it. My sincere thanks for your grand effort.

That paper-clip is taken from a local paper, the resident of Rooty Hill lives about mls. 50 west from the centre of Sydney.

Hoping this will find you in good health and high spirit I remain,

Yours sincerely,  
O. Riedrich

P.S. At the present here in ABC-TV they are showing a "series" about "The Road To War" taking in the time from just before the WWI leading up to WWII made up mostly of half truths and blatant lies to show the gullible viewer how Germany was responsible for the WWI & WWII. When I see and hear this rubbish I'm seething.

## Old but Bold

Dear Sir,

I am a retired gentleman who finally has the time to read and learn the Truth. I've heard that you know things that the government controlled press won't print. Please send me anything you think I ought to know about — letters, catalogues, free samples of your publication, etc... The time has come to spread the word! I'm old, but I'm BOLD!

Sincerely,  
Col. Phil Welsh  
Maryland

## Creator of the Month

Dear Pontifex:

I found a copy of the National Geographic book on the presidents at the bookstore today. I'll pick up a biography of Polk at the library and research his career in preparation for the portrait. I also found a nice little paperback on the Alamo (enclosed) which you can have. If I can find anymore copies in hardback I'll pick them up for the Creativity library.

I'm surely honoured and greatly appreciate your offer of a plaque on a tree and gratis books. I will however continue to send in money for the books as my finances will allow. Enclosed is \$5.00 for 25 copies of the Federal Reserve pamphlets. Now that Phil Crane is pushing to audit the Federal Reserve and picking up some decent support it's prime time to get our Federal Reserve pamphlets circulating, bring the vampires out into the light!

You have done the best job of anyone I can think of and put together the most intelligent and rational program for the survival of the White Race in this century or any century for that matter, which will surely grow and flourish in the coming years of racial trials and tribulations. No doubt about it!

Thanks again,  
Rahowa!  
Rev. Ron McVan  
Washington

*ED. NOTE: Rev. McVan is a professional artist who has contributed abundantly to our project of building up a gallery of fine oil paintings in our "Hall of Heroes" or "White Men of Whom we are Proud". So far Rev. McVan has sent us oil paintings of Gen. Erwin Rommel, Frank Lloyd Wright, Adolf Hitler, Goethe and a panoramic view of our church headquarters set in the Blue Ridge Mountains. He is furthermore working on several other canvasses, such as one of Pres. James K. Polk, Sam Houston and Charles Darwin, to name a few.*

*We say — more (White) Power to Rev. Ron. He has already contributed (gratis) much more than \$1000.00 worth of value to the movement and we are sending him an "Award of Honor" and will place a plaque in his honor next to a tree on Leadership Lane.*

## Found Meaning

Dear Creators:

I am very enthused about the facts and views set forth by the "Church of the Creator". I have read the "White Man's Bible" and after many years of no direction in life I feel a tremendous amount of purpose and meaning to my life, which involves the advancement of our race and the reality of our superiority. Also I realize the attack on our race, is being downplayed by the mud races and even some of our own. Until I was informed of the danger and war declared on us, I thought I was all alone in my "intuition" and suspicions. There seems to be an almost supernatural assault on our diminishing race, (as paranoid as it may sound). Although I am but a learning supporter of the cause, I see very clearly and

"smell a rat" when I see one. I also recognize the barriers we are up against and MUST overcome. We, as a superior race, the "supreme race" must also conduct ourselves as such in our appearance, mannerisms and dedication. This includes the work place, the home, wherever we dwell. I am afraid there are some of us lacking that dedication and total understanding of the complete picture of our situation — only because there is a tremendous need for expansion and further exposure. I have heard unsettling and derogatory phrases directed toward our movement such as a "Cult" "gang" "bigots" etc. Since becoming involved with the "Church of the Creator" I have suffered much persecution and injustice simply because I've awakened to "smell the coffee" so to speak. But suffering such persecution only confirms what we see happening to our race. I am greatly alarmed and quite frankly frightened of what our race faces in the years ahead. I for one am prepared to commit myself in a useful way to our cause under your leadership and authority. To expect every White Man or Woman to heed our warning, and to accept reality would unfortunately be unrealistic. But on the other hand enough dedication, commitments and exposure could put us back in control of this world as it once was and should be now. I am no member of any gang nor do I support acts of violence to accomplish our goals. Yet I believe this battle must be won using complex calculations such as the niggers and Jews have used to manipulate us, and through gaining more control over assets on a large scale and educating our children. South Africa seems to be the "Final Frontier" of our racial purity and domination, but I believe we can turn the tables on this war against our race and return to world domination.

Respectfully and sincerely,

## Stranglehold Must Be Broken

Dear Creators:

I have fairly devoured most of the 8 books and back issues of RL you sent. Except for RAHOWA! which I loaned to a friend.

The two that have impressed me the most are THE WHITE MAN'S BIBLE and SALUBRIOUS LIVING. NATURE'S ETERNAL RELIGION certainly deserves top billing, too, for its additional detail; it fleshes in the others admirably.

I thought I might be writing to you with some considerable criticism about flawed premises, unrealistic expectations, etc. that I expected to find. I'm really frustrated! Cannot find hardly enough errors to mention in COTC materials. Ben has just done a superb job of putting this all together. There will no doubt be evolutions - constructive developments - over time as White geniuses contribute more and more to the program. But as it is...it is one hell of a good start!

As stated in a previous letter, my first concern (what I perceive HAS to be accomplished first, before any significant progress can be made) is the breakdown of badly muddled thinking. Obviously the Bobsy twins - Jewism and Christianity -

presently have a stranglehold on the minds of our race. Before we can go any appreciable distance further, that stranglehold HAS TO BE BROKEN. Jewish Christianity has to be dismantled, and the sooner the better. That can be done most effectively by ridicule or the straight reporting of the facts (or a combination of both). You guys are past-masters at using the ridicule tactic! Wish I had that talent. Maybe I'll learn as I go along.

Christianity is vulnerable not only from the gross contradictions in its sacred scribbles, but also from historical authenticity. I'm sure P.M. is at least generally knowledgeable of the historic progression of Christianity; i.e. that it was mostly formulated (and written) between the 3rd and the 12th - 14th Centuries. The best expose I have seen on this is Edmund Szekeley's 'THE ESSENCE ORIGINS OF CHRISTIANITY' He goes into very minute detail in virtually proving (it's impossible to prove a negative) that Saul/Paul, Matthew, Mark, Luke, and John, et al, are entirely fictional characters. The only problem with his treatise is that at its end (he does not incorporate this crap into the body of his work) he sells 'the only alternative to Christianity' - Jewish Esseneism - which is, because of its subtlety and pacifism even more potentially destructive than straight-out Jewism. I think it would be very beneficial to many Creators were this historical information made easily available to them. I am tempted to 'rework' the info (avoiding outright plagiarism) and put it into a more palatable form. But it is fairly voluminous; and it would be a major project. Very likely you folks have equal or better info in your library. But if not, holler, and I will either send the book or a photocopy. (It's about 300 pages).

Except for possibly trying to whip the above into a form suitable for distribution, I'm going to rely on THE WHITE MAN'S BIBLE and RACIAL LOYALTY to do my little part to break down the widespread reliance on Jew/Christian dogma and mysticism. I certainly can't say it any better (or any cheaper). For the moment, I think I'll pass on trying to establish a full-fledged COTC with meetings, etc. Quite possibly several others that I will be contacting will want to do that, so the end result would be the same as if I were to take on that chore myself.

I have a few friends that will be tickled to death with COTC books. If you haven't already heard from them you will soon. One man from Crescent City, CA is young (about 30) a public school teacher who has been demoted from history/social studies teacher to coach because of his overzealousness in reminding students of their racial responsibilities. He has super potential, and I would be very surprised if he does not eventually become a vital force in COTC objectives. I am right in the middle of a cesspool of Christian patriot groups, but know two or three in my immediate area who will probably come out of the closet with a little prompting.

So, expect to see a little more activity in Western Oregon and Northern California. I'm going to be moving in a few weeks to an as yet unknown part of

## Population Limits the Ultimate Answer in Saving Environment

The recent series on the world's environmental problems in *The Atlanta Journal-Constitution* is enough to dismay even the most enthusiastic optimist. It is a glaring statement of man's folly, his misuse of his surroundings and, worse, his determination to unswervingly continue on his present course.

The issues are amply spelled out and the causes underlined, except for one, the ultimate factor: overpopulation. It is a big no-no in Western society to tamper with the issue of family size.

For the government to attempt to limit the production of humans, as has been done in China (i.e. one per couple), would invite a great scream of protest from the populace and, needless to say, would amount to an issue that would put the abortion controversy deep into the back pages.

Yet, one is prone to speculate as to whether the day will come when the people of this planet will be forced to

seriously consider this as a solution to a growing dilemma.

The more people, the more pollution. Humans entering our world today vastly outnumber those who are leaving it.

This means that in time, competition for natural resources will surely increase dramatically, which, in turn, translates into more rain forests destroyed, greater production of garbage and toxic waste and nowhere to go for a breath of fresh and clean air.

Most of us, on seeing another environmental problem headlined in the paper, may prefer to quickly turn to the sports page or the metro section rather than have to think about the world our progeny are about to inherit.

But the problem will not go away.

Among my friends are a young couple about to marry. The one big plan in their mind is starting a family — a critical element in the American dream.

Assuming that their plans are fulfilled — and they undoubtedly will be — what sort of a future world will their child, or children, be thrust into?

Will they survive a growing plethora of carcinogens in the air and water? Will they be able to sunbathe without fear of dire consequences from dangerous rays? Will their world be one of food shortages so extensive that foods we now take for granted will be once-a-month luxuries?

Will their prairies now covered with golden grain be deserts? Will they look back toward their progenitors (us) and say "Why didn't they do something about this?"

In the concept of the wise Pogo's saying about the enemy's identity (again, us), a growing number of people in all parts of the world are focusing their attention on the final solution — cutting back on people.

**Finally, someone else dares to say in public print what we have been saying for years — there are just too damn many people on this planet. We believe that Planet Earth can accommodate no more than one billion people comfortably, and it is the goal of the C.O.T.C. to reduce it to that number, all White. This the White Race can do by cancelling the present insane programs of subsidizing the mud races of the world, and just let them wither on the vine.**

"OUR OVER-POPULATED PLANET"

**When we look at the demographics of this overcrowded world today, it doesn't take a mathematical genius to realize that the White Race is going to hell in a handbasket, unless we soon turn around the series of events the Jews have set in motion. Our first concern must be: WHAT CAN WE DO TO SECURE THE FUTURE OF OUR CHILDREN AND THEIR PROGENY? The answer is the creed and program of the Church of the Creator, an Island of Sanity in a world gone stark, raving mad. JOIN WITH US!**

**Let us get our priorities straight and remember: none of the world's problems will be solved or corrected until the White Race gets in control of its own destiny and gets the parasitic Jew off its back. Let us remember also that no organization has as comprehensive and meaningful a creed and program with which to do the job as does the Church of the Creator, the one and only White Racial religion in history. Help Build and SAVE THE WHITE RACE.**

Northern Oregon (a couple of hundred miles north). I'll be something of a stranger in those parts, but we'll see what we get going.

Guess you know SALUBRIOUS LIVING is (or should be) a good, subtle 'entry material' for those timid souls who would choke to death on THE WHITE MAN'S BIBLE. Personally, I'd prefer to hit most people right between the eyes with the latter. But I'll probably be ordering quite a few of SL. I am totally convinced by it! And believe it has the potential to extend many White lives (mine first). Just the few pages on eye exercises is worth the price of the book.

Am enclosing \$50.00 cash. Please send 8 WMB and 12 SALUBRIOUS LIVING. My next order will likely be for larger quantities. RAHOWA!

Dear Pontifex:

Enclosed is another news clipping about our latest literature distribution. (See Page 11 in this issue of R.L. — ED.) The disinformation is rampant in the article. Only one of us (that day) were skins, plus none of us live in Farmington Hills. Although we'll probably have Creators there soon.

Contacts are coming in from all over, lots of them are skins. Everybody gets the local office to contact when we meet them. I always follow-up and continue to give them Racial Loyalty's, flyers, booklets, buttons etc. Although I'm out of material, except for a few Racial Loyalty's.

Enclosed are two replies that you can contact. (names and addresses deleted).

On the last distribution we put out 1900 Racial Loyalty's. From the last shipment we received last Saturday, half are gone. This Sunday is our large distribution date.

As in the last letter I wrote, next Sunday, Sept. 10 we are having a large meeting — gathering. A large collection will be taken up for the C.O.T.C. (Thank you very much! We need all the help we can get! — ED.)

We need a flag, more Bibles, buttons, Racial Loyalty's, and booklets. Keep up the great work and get us that material as soon as possible!

My car is on the road again, so I can find work and do some major contributing. The summer is always tough. I have to watch the house because of thousands of criminally insane niggers trying to break in.

Creativity is the salvation of the White Race. I'm pushing our message all of the time.

# The Wildest Stories Ever Told

## Part XVII of a Continuing Series

### The True Story of a Modern Jewish Family

This is the story of the Fridovich family. The setting is in Broward County in South Florida. The patriarch of the family was Martin Fridovich, now dead. He was shot between the eyes with a double-aught shotgun blast by his teenaged son, Eddie, on December 4, 1982. It is the story of a Jewish family imbued with greed, treachery, selfishness, lies, hatred and double-cross, starting with the patriarch of the family himself, Martin Fridovich.

In the past I have recycled any number of stories about ancient Jews as recounted in the Jewish bible stories about those supposed patriarchs of the Jewish tribe of Abraham, Isaac and Jacob. I have retold the stories of how Abraham pimped and peddled his own half-sister and wife Sarah as a prostitute for loot to King Abimelech. We have re-examined the story of how Isaac followed in his father's footsteps and peddled his wife Rebecca to this same King Abimelech of Gerar seventy-five years later, if you can believe that. We have read in the Old Testament how Rebecca and son Jacob connived to betray son and brother Esau before the blind and senile Isaac. The Jewish bible tells puerile stories of how the lecherous King David stole Bathsheba, the wife of Uriah, then had Uriah killed in the front line of battle so he could have Bathsheba all to himself. We also remember the sordid story of a younger David, who, when wooing the daughter of King Saul, brought the King 200 foreskins collected from the corpses of dead Philistine soldiers which David had helped slay. How gross and repugnant! His bastard son, Solomon, the offspring of David and Bathsheba, the Jewish bible tells us had seven hundred wives and 300 concubines.

There is more, much more, about these and a host of other despicable and repugnant Jews in the Old Testament.

There is a common thread that runs throughout these and other stories in this ancient Jewish collection of myths, lies and fables. The common thread is in the character of all these ancient Jews. They were deceitful, murderous, treacherous, immoral, vicious, puerile and disgusting, but their tribal god Yahweh liked them that way and they were always "blessed in the eyes of the Lord".

There is a strange similitude in the story I am about to relate about the modern Fridovich family. The characters are strikingly similar — greedy, vicious, treacherous and deceitful. There is this difference, however. Whereas the ancient characters in the Old Testament are mostly fictitious and we have no evidence of their existence other than the scrambled scribbles of other lying Yids (now long dead) as a source, the story of the Fridovich family happened in this decade and is well documented by court records and living witnesses.

\* \* \* \* \*

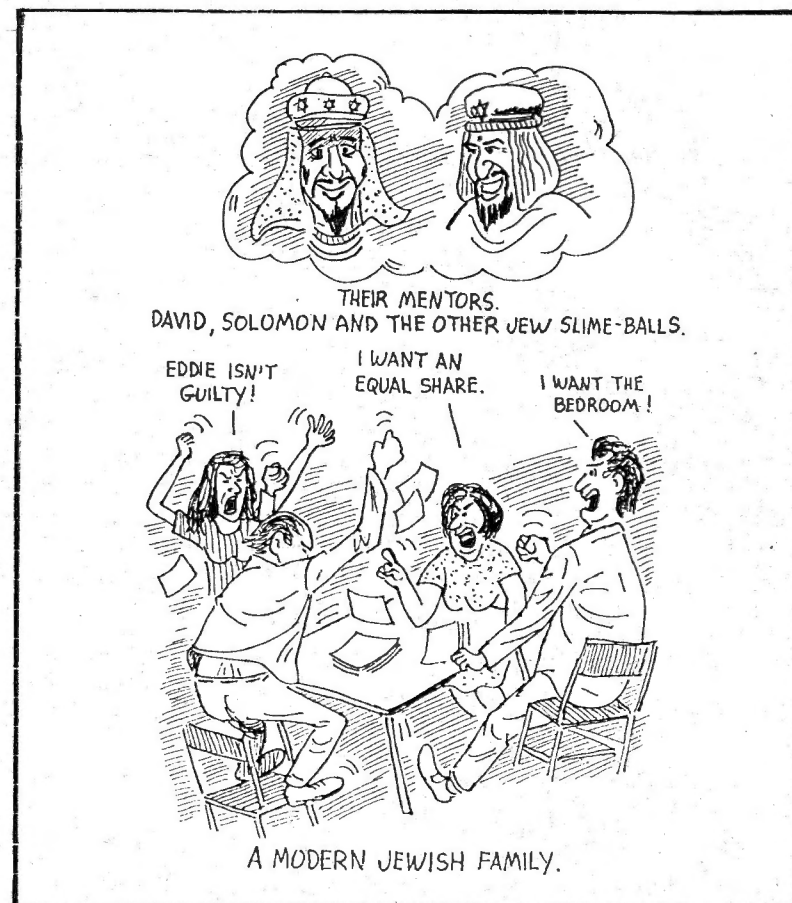

Let us start with the patriarch of our modern story. Martin Fridovich was born October 14, 1925. He was the son of Rus-

sian Jews who came to America as children. His grandfather made hats and his father dealt in furs. They lived in that Jewish enclave of New York, namely Brooklyn. Even as a boy Martin was known as a tough and ruthless hustler, whose overwhelming obsession for making a fast buck zealously drove him ever onward to the utmost limits.

Martin, who was also known by his nickname of Mike, had two sisters and a brother. The sisters are now both dead and his brother Dutch, who lives in Broward County, refuses to talk about his brother. He also refused to talk to his brother years before the latter's death, due to a sleazy deal Martin had pulled on him.

According to stories that emerged from the family squabbling after Martin's death, this patriarch of the Fridovich family had many, if not all, of the worst characteristics of his much touted (supposed) ancestors in the Old Testament. (I say "supposed", since 90 percent of today's Jews are descendants of the Khazars, a Tatar tribe in the Russian Caucasus who were converted to Judaism in the ninth century. This applies especially to Russian and Polish Jews.) Martin had four wives, one of which he married a second time, and so many mistresses, concubines and lovers that his five children lost count.

But these selfish and obstreperous characteristics were by no means confined to the old man himself. Before he was blasted into kingdom come by his youngest son, he somehow managed to imbue every one of his children with similar traits; not so much by training,

but by sheer neglect and by example.

Martin had an obsession with close-knit families, dynasties and empires. He was enchanted with the Rothschilds, the Jewish banking family who created probably the world's richest and most powerful dynasty, and an empire that still rules the world today. When his youngest son Eddie was 11, Martin gave him a book on the Rothschilds. Eddie read it twice. He says he doesn't remember the details, but he does remember that they were rich and ambitious. That idea stuck with him. Martin was a family tyrant who, although he spent much more time with his concubines than he did with his wives and children, nevertheless wanted strict control over his children. He wanted them to be like him, ruthless, corrupt and ambitious. He wanted them to think like him, he wanted to make sure they married within the Jewish faith, and if they didn't he threatened to cut them off in his will. At the time of his death the family fortune amounted to a tidy ten million.

Martin and his first wife, Ruth, along with their five year old son Michael Henry, moved to Florida in 1952. They first settled in Dade County, but they kept moving around. When, after the first son,

Ruth was unable to have any more children, this presented a major obstacle for a man who was obsessed with building a dynasty. So they turned to adoption. Tony joined the family in 1954 when he was 5 days old, Erica in 1957 when she was 3 days old. By 1960 Martin's womanizing was more than Ruth could take. "It was killing me," she said and in that year they were divorced. Martin married Carol, and they soon had two children of their own, Debbie Lee and Eddie. Some years after he had shot his father, Eddie made this remark about genes and dynasties, saying "Dad had to have dogs with good breeding. Apparently he didn't give the same thought to his children. He picked 'em out like fruit." All five children, mostly of mixed and different parentages, hated each other with a passion.

Martin changed his will frequently. At the time of the shooting, Eddie, his youngest, was his favorite, and in his will he had left him in charge of the family fortune. Michael Henry, the oldest son, was in disfavor at the time, and he left him with only a pittance. The rest of the fortune was divided four ways among the rest of the children.

After the shooting, the children seemed to forget the tragic death of their father in short order. Eddie, now 19 and in charge of the family fortune, was riding high. He moved into his father's bedroom. He put all his brothers and sisters on the company payroll, bought them each a new car and then took them on a fun vacation to St. Thomas, in the Virgin Islands.

It was after they all returned from St. Thomas that the trouble started. When Eddie had shot his father on that fateful night of December the 4th, he curled up into a fetal position and called the police and whimpered that there had been a terrible accident. The police came, seemingly checked it out, and took his word for it. After the siblings' return from St.

### Purpose of this Series

*The overriding goal of the Church of the Creator is the survival, expansion and advancement of the White Race, and the immediate goal is to free the White Race from the worldwide yoke of Jewish tyranny. In order to achieve both goals it is necessary to build a massive, powerful movement that can smash the Jewish monster. Before the White Race can ever be in a position to unite, polarize and build such a power structure it will first have to get its thinking straightened out. This it can never do as long as it entertains in its innermost thoughts that most diabolical of all mind-scramblers, Jewish Christianity. By using ridicule and exposing this idiotic age old spooks-in-the-sky swindle, we believe we can best help lead the White Race back to sanity, common sense, and a healthy, constructive attitude towards its own best interests.*

**About R. L. No. 53 — Report from California.**

Dear Pontifex:

EXCELLENT! Every Creator should hang onto this issue and read it over from time to time, to keep in mind some of the best methods of promoting the C.O.T.C.

Putting our address on top of the paper helps a lot. I also think, putting, "WHITE PEOPLE AWAKE — SAVE THE WHITE RACE", around our logo, would be a great improvement. Then anyone would understand at a glance what it is about.

I also especially liked Part II, a youth section of the paper. Would like to add — with no bottom age limit. In fact our daughter, Angie Deardorff, has been talking about writing to you for some time now about a youth section so she could find some Creator Pen Pals. She has a couple which she picked up through the home-schooling literature we receive. The problem is they are all Christian which makes it hard for her to write to them.

Part III  
Calendar — Home education.

On the calendar — my suggestion would be to put it in calendar form, for sale, with pictures of Hitler etc. on the appropriate days and explanation on the top page of each month.

It would also be great some time in the future, if we could come out with a set of Home School books, which I know would be a costly project. But in the meantime maybe a simple set of

guidelines, for those who are already teaching at home and can only get Christian oriented books, (although I hate to promote them by buying their books, as Jeanette does). She just scratches out the Christian parts and substitutes Creativity oriented sayings etc. Such as Nature instead of God. Also in Penmanship, instead of writing verses of the bible, she has her write the C.O.T.C. Golden rule and quotes of Ben Klassen, etc.

Another idea — I always thought that Nature's Eternal Religion and The White Man's Bible should both be called The White Man's Bible. Maybe Testament I and Testament II or whatever.

Congratulations to White American on his excellent article. Also Pontifex, I want you to know that I trust your decisions on these ideas more than my own, but, (You asked for it!) Ha. You're doing great as is. THANK YOU.

Dear Creators:

Thank you very much for all of the back issues of RACIAL LOYALTY. They are very much appreciated, and you can bet that they will soon be distributed!

Although I have not met Rev. Rocky Suhayda as yet, our members have written to him and have talked to him on the phone. He's having an "Aryan Vigil" on September 10th, and many Racialists, as well as ourselves plan on being there. Here Rocky will be able to explain Creativity to us more in depth.

The March which you referred to was in Northville, MI. It consisted of approx-

sentenced him to seven years in the penitentiary. However, Eddie, soon out on bond, appealed again.

\* \* \* \* \*

We don't have an ending to this story since it is still ongoing. Like the endless hassle and warfare in Israel, this Jewish hassle, too, is still unsettled and probably will be for a long time to come. We can, however, draw some cogent conclusions as to the cause of the problem and why Jews are the way they are. The prime cause is in the viciousness and destructiveness of their very nature augmented and goaded on by a sinister religion that seeks to dominate the world by the process of undermining and destroying mankind. Judaism per se is a parasitic and degenerative religion, whose very fibre seeks to deceive, rob and destroy. This goal, aimed particularly at the White Race, runs consistently throughout the Old Testament and especially in their Talmud, making its adherents greedy, selfish, ruthless and deceitful.

The only remedy, if we are ever to get this screwed-up world back to sanity, is to exterminate Judaism, root, stem and branch. If the world can accept the Jewish program of de-nazifying 80 million Germans (and it has!) then surely we are justified in de-Judaizing 20 million Jews. This we have to do and this we are pledged to do. DELEND EST JUDAICA! Exterminate Judaism and save the White Race. Join The Church of The Creator.

imately 40 Activists, the majority of them being Skinhead Youth. The newspaper article on this event was rather decent but they cut the number of people which showed in one half. I'll copy the article and send it to you in the future.

Again, thanks for the papers!

Dear Pontifex:

Each year just before the fourth of July, the master manipulators behind government and in strict orchestration with the controlled media, perform their artificial patriotism awakening act on the gullible masses. Last year it was the magnificent Statue of Liberty hoopla. This year it was the carefully staged flag burning decision by the Justice Departments Judicial hit squad. Old Glory is the sacred symbol of our great Republic, well, our once great Republic. It is the scrap of glorious color that our forefathers fought, died and sacrificed their all, for our generation. But this generation must ask the question, is it the flag or the nation that stands in desecration? Is this nation worthy of flying such a noble symbol

and Prayer of Creators**

Based on the Eternal Laws of Nature, History, Logic and Common Sense, we Creators believe:

1. WE BELIEVE that our Race is our Religion.
2. WE BELIEVE that Racial Loyalty is the greatest honor, and racial treason is the worst crime.
3. WE BELIEVE that what is good for the White Race is the highest virtue, and what is bad for the White Race is the ultimate sin.
4. WE BELIEVE that the White Race is Nature's Finest.
5. WE BELIEVE that the White Race is and has always been the originator and creator of all worthwhile Culture and Civilization.
6. WE BELIEVE that without the White Race any worthwhile Culture and Civilization are impossible.
7. WE BELIEVE that the White Race, its Biological and Cultural Heritage, is under attack by our mortal racial enemies: Jews, niggers and the mud races.
8. WE BELIEVE that the Jew-spawned Christianity is the deadly mind poison, which has destroyed the glorious White Roman Civilization and is currently destroying all of the White Race; therefore, Christianity must be exposed, defeated and eliminated in order to save the White Race.
9. WE BELIEVE that the White Racial Religion — Creativity is the only salvation for the White Race.
10. WE BELIEVE that RAHOWA (Racial HOLY WAR) under the victorious flag of the truly White Racial Religion — Creativity, is the only road to resurrection and redemption of the White Race.

To the fulfillment of these Religious Beliefs we Creators dedicate our Sacred Honor, and pray to the all-creating Nature to give us good Fate so that we could be of greater service to Nature's Finest -- the White Race.

Thomas, there began an endless wrangling for power. The others began to look on Eddie as a tyrant and each wanted control of the family fortune. Within five months Eddie fired them all. A year and a month after Martin's death a Broward grand jury indicted Eddie on first degree murder charges. The most damning evidence came from sister Erica and her now ex-husband, Michael Giannoutsos. They revealed that Eddie had plotted to kill his father for months, and repeated entire conversations. He had talked about putting explosives in Martin's car, about hiring a hit man, about poisonous snakes, about a horrible shooting accident.

After the indictment, Erica added a T-shirt to her wardrobe and wore it around town. On it was the word "Crispy", and the picture of an electric chair. Debbie Lee, the younger sister, took it all in stride. She said that prime-time soap operas like "Dallas" bored her. "Compared to us, all those shows pale."

After a farcical, five-week trial, featuring death threats, extortion attempts and a parade of feuding siblings, Eddie was convicted of manslaughter, but not of murder. In the meantime, Erica retracted her story (but her ex-husband did not) which left everyone wondering which time she was lying. Eddie and his battery of lawyers appealed. The appeals court threw out the first conviction and Eddie was tried again, with the same results as the first trial. A Broward judge

# CIRCUMCISION

## A Barbaric Jewish Ritual

**YOUR CHILD NEEDS LOVE, NOT THE PAIN OF CIRCUMCISION**  
**IMPORTANT QUESTIONS AND ANSWERS FOR WHITE PARENTS**

### 1. ARE THERE ANY BENEFITS OF CIRCUMCISION?

No, none whatsoever! Scientific research and evidence show that there is no need for or any benefit from circumcision. The American Academy of Pediatrics and the American College of Obstetricians and Gynecologists have issued repeated statements concluding that there is "no medical indication" for routine circumcision. Most insurance companies categorize circumcision as an unneeded "elective" or "cosmetic" procedure and refuse to reimburse for it.

### 2. ARE THERE ANY DANGERS OR COMPLICATIONS RELATED TO CIRCUMCISION?

Yes, plenty! Circumcision exposes your child's delicate body to the shocking pain, dangerous drugs, and the possibility of infection, injury and mutilation. There are many lawsuits filed by parents whose children have been injured and mutilated during the "routine" circumcision.

### 3. WHY DO SO MANY AMERICAN PARENTS SUBMIT THEIR CHILDREN TO CIRCUMCISION?

Unfortunately, most parents have almost religious reverence for doctors and hospitals. Therefore, they blindly accept whatever procedure doctors or hospitals recommend for them and their children. Some even think that circumcision of

children, like vaccination (another dreadful, dangerous and often counterproductive procedure!), is required if not by law then at least by some "generally accepted standards" and "tradition". Needless to say, such thinking is completely wrong, illogical and dangerous to the American parents and their children.

### 4. WHO IS PROMOTING CIRCUMCISION?

Circumcision is being promoted primarily by the Jewish doctors because of their loyalty to the Jewish religious rituals. Jewish doctors are creating and disseminating false arguments about the supposed benefits of circumcision. Their most recent propaganda pitch is that the barbaric mutilation of the human body through circumcision not only "promotes" hygiene and aesthetics (!), but also "protects" against a long list of diseases, including (the most recent addition) --- AIDS. With the same "logic" and the same "data" one can argue that similar benefits could be derived by cutting off one's ears... Despite all the scientific medical evidence to the contrary, Jewish doctors are fanatically defending and promoting their barbaric religious ritual. Unfortunately, a great number of the White parents succumb to the Jewish propaganda and allow their newly-born sons to be mutilated. This Jewish outrage must be stopped!

### 5. WHAT IS TO BE DONE?

Reject the Jewish propaganda and protect your children! Clearly and categorically state your opposition to circumcision. Refuse to sign the circumcision consent form. Don't endanger your child by participating in the superstitious, barbaric and harmful Jewish religious ritual of circumcision. Do your part in stopping the madness and danger of circumcision. Inform your friends, copy and disseminate this leaflet widely. Also, subscribe to the pro-White newspaper RACIAL LOYALTY, read the sacred books of the one and only White Racial Religion -- CREATIVITY and join the CHURCH OF THE CREATOR, which represents the only real hope for the White people to regain their sanity and create a Whiter and Brighter Future for their children. **B.K., P.M.**

## INTERNATIONAL

(Continued from Page 3)

thought control, "external pressure," and "the application of legislative, disciplinary and administrative measures."

Now, let's think for a minute, why is the Vatican so afraid of White Racism? BECAUSE THE VATICAN (AND THE ENTIRE CHRISTIAN NETWORK) IS AN INHERENTLY ANTI-WHITE, PRO-JEWISH ESTABLISHMENT WHICH AUTOMATICALLY OPPOSES ANY CONCEPT OR IDEA WHICH MIGHT BE BENEFICIAL FOR THE WHITE RACE.

Furthermore, let's analyze the most frequently abused words, RACISM and MORAL, in order to understand how we are being manipulated by the worldwide Judeo-Christian establishment.

What is racism? Most of the people condemning racism have no idea what is the scientific definition of that word. According to Webster's dictionary, RACISM IS A BELIEF THAT SOME RACES ARE BY NATURE SUPERIOR TO OTHERS.

Now, what is so horrible about such a belief which is based on the Laws of Nature, Reality, History and Logic? It is certainly more attractive and in every conceivable respect more superior than the anti-natural, mythical, absurdly illogical Christian belief that all men are worthless sinners, born with some idiotic "original sin".

Most people condemning racism say that racism is "immoral", but again most of them have no idea what is the scientific definition of the word "moral". According to Webster's dictionary, MORAL IS A WORD RELATING TO PRINCIPLES OF RIGHT AND WRONG.

But the crucial question arises: RIGHT and WRONG by whose PRINCIPLES? THINK ABOUT IT, WHITE MAN! If the PRINCIPLES of Nature, Reality,

History and Logic tell you that racism ( a belief that some races are by nature superior to others) is RIGHT (and, therefore, by definition MORAL), are you still going to believe in, and pay lip service to the anti-natural, mythical, absurdly illogical Judeo-Christian PRINCIPLES which base their RIGHT and WRONG on nothing else but deluded hallucinations of some desert-wandering Jews? That is the central question, the correct answer to which is the start on the road to sanity for the White Man.

We must concentrate our efforts on exposing, rejecting and defeating the concept of "Christian morality", because it is the main religious, psychological and political weapon that the race traitors, Jews, niggers and the mud races are using in undermining and destroying the White Race. WE DON'T NEED "CHRISTIAN MORALITY" TO BE MORAL ( RIGHT) IN ACCORDANCE WITH THE ETERNAL LAWS OF NATURE AND IN ACCORDANCE WITH THE GOLDEN RULE OF CREATIVITY:

**WHAT IS GOOD FOR THE WHITE RACE IS THE HIGHEST VIRTUE; WHAT IS BAD FOR THE WHITE RACE IS THE ULTIMATE SIN.**

**WHITE PEOPLE AWAKE!  
 SAVE THE WHITE RACE!  
 JOIN THE CREATIVITY MOVEMENT!  
 IT IS OUR ONLY SALVATION!**

today? I say no. I have very carefully folded my flag and stored it away in hopes that in my lifetime I will once again see the people of this mother earth rise up, regain their honor, duty and courage and make America again "The Land of the Free and the Home of the Brave", whereby we as a people will once again be worthy of the flag that our ancestors fought and died to preserve. To fly the stars and stripes over alien and Asiatically controlled America today is a desecration and demeaning act of treason, to be sure. The flag fitting for today's "democracy" should be a bright yellow flag symbolizing the treason, cowardice, apathy and complacency of the people in the dereliction of their duty in allowing their nation to fall into the hands of their mortal enemies. In the center of the bright yellow backing would be a red scarlet hammer and sickle encircled with a black band of the Star of David. In the upper left hand corner would be the symbol of the God or Deity that we have all been trained and conditioned to worship — the dollar sign in green. This is the only flag that should be flown from "Sea to Shining Sea", until the people awaken to a sense of their awful situation, take back their sovereignty and once again earn the right to fly Old Glory over the "Grand Republic".

ED Note: The flag that you describe would certainly be symbolic of the nation today, if we want to leave it in the mess it s in. We Creators however are determined to change the history of this planet, and fly the flag of Creativity as the symbol of the future.

### Success, At Last

By T.C. Fry

In late 1970 when I made my great health discovery in the form of Dr. Herbert M. Shelton's fine book, "Superior Nutrition", I was very conformistic in my living practices. At that time eating was not for the sole function of nourishing the body. Gourmandizing was one of my hobbies! In pursuit of the pleasures of what I now realize was a perverted and depraved taste, I ate indiscriminately. Eating was a "taste delight", and I never stopped to think about the purpose of eating or the consequences that might result.

I discovered Dr. Shelton's fine book on a holiday in 1970 among some of many books I had purchased nearly sixteen years earlier. I now regard much of my life as being LOST. I read "Superior Nutrition" completely on the day of its discovery, I reread it within a week, marking it liberally where I found its contents to be nothing less than revelations for me.

\*So inspiring and so very obviously true was this book, that from that day to this I have not:

\*Partaken of meat, fish, eggs, milk, or any other animal food.

\*Used a particle of salt, pepper, spices, mustard, sauces, catsup, or any other condiment.

\*Eaten or partaken of breads, chocolates, candies, ice creams, pastries, or any of hundreds of other concoctions made from sugar and fat.

\*Drunk of teas, coffees, alcohols, or any other beverage other than pure, distilled water.

\*Taken any drugs, shots, pain killers, sleeping pills, aspirins, antacid pills, or "medicines".

\*Eaten but very little cooked foods!

\*Subsequently, I stopped using soaps...cleansing is a mechanical, not a chemical process! This includes: no toothpastes, deodorants, shampoos, shaving creams, skin cleansers, lotions, and other cosmetics.

I undertook most of these radical changes in my life IN A SINGLE DAY! So heavily did the truths of Dr. Shelton's book weigh upon me! I had always regarded myself as a creature of truth, and it was beholden upon me to follow its dictates upon discovery!

So astounded was my family by this revolutionary turnabout in my regime they thought I had gone kooky!

At 5 feet 6½ inches in height, I was a hefty 198 pounds. I had a whole catalog of ailments and frequent bouts with colds and "viruses". At 44 years of age I had the following symptoms: pimples, blackheads, twitching of the eyes, heavy dandruff, perpetual indigestion, migraine headaches, acid stomach, frequent colds, "malarial attacks", dental cavities, defective vision (I wore glasses but no longer do!), continual sluggishness and tiredness, constipation, sinus troubles, angina pectoris (heart pains), bad breath, foul stools, obnoxious body odors, a runny nose, continual mucus expectoration, rheumatic or arthritic joints and other complaints. I had a "normal" pulse of 70 to 75 versus a normal pulse today of 44 to 48!

Going on a completely living food diet consisting exclusively of certain vegetables, fruits, nuts and seeds caused the most startling changes to occur. There was a disappearance of one complaint after another! My weight dropped so rapidly it was incredible! I lost twenty pounds within the first three weeks. Then I undertook a five-day fast, during which I suffered the tortures of the damned as the detoxification process accelerated. (A five-day fast occasions no discomfort whatsoever now — nothing more than a mild hunger on the first day.) On this fast, I lost another ten pounds. My size 44 coats, size 40 waisted pants, and size 17 necked shirts were so unfilled that I was characterized as a walking skeleton! My face which had been so full, BLOATED in fact, was becoming actually thin.

I not only stuck with the diet, but started an exercise program! The first day I started to run around my block (630 yards) I couldn't manage more than 400 yards before I was on the verge of collapse. It took a

week of practice to make it around on one try. Today I can run around the block six to eight times and still go through a heavy regime of other activities and then go to work — in fact, THIS IS my daily practice now.

During the next three months on the new living food diet, I ate nothing cooked or processed in any way! I ate fresh foods in the NATURAL STATE, just as nature delivered them from the garden or farm. With short, intermittent fasts. I was down to 144 pounds. Dr. Shelton had stated that drastic weight loss would be the case.

I remained at 144 pounds for a few days, and then something happened to me — a kind of euphoria! A new sparkle was in my eyes, noticeable so. My skin color changed. My eyes, which had looked a glassy yellow and somewhat bloodshot, now became white.

Within a week my weight was back up to 148 on the very same diet, and a month later I was around 155 pounds...where it has remained almost continuously ever since.

All my complaints as well as the FAT have disappeared! My hair is still mostly gray, but my balding has definitely stopped. I haven't had a single cold! No "malarial attacks" have put in an appearance. My nose no longer runs! My headaches have never recurred since my third fast. I would say that, at 58, my health is as fine as it could be after the damage I suffered through 44 years of wrong living!

I can recommend nothing better than the establishment and diligent pursuit of the NATURAL WEIGHT-LOSS SYSTEM. In my particular case, the weight simply melted off without any effort on my part except to partake of the natural foods recommended within this system.

## KILLER TOBACCO

by Andrew & Cheryl Zubko

Since the discovery of tobacco over 450 years ago this substance has wrapped its addictive tentacles around a third of the world's adult population. In terms of suffering and premature death, tobacco reigns as sovereign king, affecting smokers and nonsmokers alike.

If tobacco were discovered today rather than centuries ago it would be banned as an addictive drug, in the same category as opium, heroin or cocaine. However, despite all the research detailing the damaging effect upon the minds and bodies of those who entertain its use, the sale and promotion of tobacco continues. The facts are: tobacco accounts for nearly 10 percent of all deaths worldwide; it kills 13 times as many Americans as "hard" drugs; and buries 8 times as many people as auto accidents. Tobacco remains as a curse in our midst, yet its promotion is allowed — Why? Is it because of the profit motive? Is it because it is a lucrative taxing commodity? In either case, the promotion and use of tobacco is bought at a high price — human health.

Overall, one billion people are enslaved by tobacco's addicting properties, with over 5 trillion cigarettes consumed in a year. Each smoker averages half a pack of cigarettes a day. The most heavily addicted country is Greece, followed by Japan. The United States is a close third in per capita consumption with Canada following close behind.

Third-world countries, in an effort to emulate the affluence of the industrial nations, are rapidly increasing their rates of consumption. In China, for example, the rate of tobacco use has doubled since 1966. Chinese men smoke almost as much as westerners though Chinese women smoke hardly at all due to custom. But it is probable that this disparity will break down in the

**If you think you are not being affected by cigarette smoke, think again. Tests have shown that when a smoker lights up, he or she is also polluting the lungs of people nearby. The chances are high (86 people out of 100) that you as a bystander, are also being poisoned by the billion or so cigarette addicts that roam the world indiscriminately. And, sidestream smoke from a burning cigarette can put fifty times more carcinogens into the air than actually inhaled by the smoker.**

future as it has with American women. The advertising slogan, "You've Come a Long Way Baby," has paid off with enormous profits. A recent Gallup survey indicated that for the first time more college females smoke than college males.

There are 58 million adults in our country who voluntarily choose to abuse themselves daily with their nicotine habit. Ironically, although the percentage of adults who smoke fell from 43 to 33 percent since 1964, the total cigarette sales in our country has risen over 20 percent during this same period. What these figures tell us is that those who are still smoking are smoking much more; and these statistics do not reflect the increased usage of smokeless tobacco in which sales have soared 40 percent during the same period.

The price tobacco smokers have been paying for their addiction is well-documented. The Surgeon General reported that heart disease caused directly by cigarettes killed 170,000 people in 1984 and would directly take the lives of 10 percent of the U.S. population. Indirectly, the habit would affect the deaths of almost 20 percent of the population.

The direct economic cost of smoking is even more staggering. Six percent of all health care or about 25 billion dollars a year is related to the use of tobacco. Lost income from sickness totals another 50 billion dollars. In economic terms, each pack of cigarettes costs a little over a dollar but indirectly another three dollars can be attached to each pack due to medical costs and lost wages. This does not include the physical suffering or emotional trauma encountered by the self-willed victims or their families.

If you think you are not being affected by cigarette smoke because you don't smoke, think again. Tests have shown that when a smoker lights up, he or she is also polluting the lungs of people nearby. The chances are high (86 people out of 100) that you, as a bystander, are also being poisoned by the billion or so cigarette addicts that roam the world indiscriminately. And, sidestream smoke from a burning cigarette can put fifty times more carcinogens into the air than actually inhaled by the smoker. More than 600 studies conducted worldwide have demonstrated beyond doubt that cigarette smoke not only pollutes the smoker, but also the surrounding environment.

Research done on the "involuntary smoking" of over 90,000 nonsmoking Japanese wives who lived with

### Residents organize fight against skinheads, racism

by Margaret Weertz  
C&G Staff Writer

If Farmington Hills skinheads think they'll find an open ear in Warren for their racist views, they may be surprised.

After the skinheads last week peddled a racist publication in a southeast Warren neighborhood, a dozen angry residents got together to see how they could stop circulations of the paper.

The skinheads, neo-Nazi youths characterized by shaved heads, peddled the publication *Racial Loyalty* Aug. 20 to residents in the

area bounded by 10 Mile Road, Stephens, Groesbeck and Hayes.

The residents said the publication, which calls for banning Jews and blacks from the United States, was so disturbing that they called for a neighborhood meeting with police and a representative of the Anti-Defamation League of B'Nai B'Rith.

"It's disgusting that they say how great Hitler was," said Pat Frey, a Neighborhood Watch block captain.

A caption under one of the publication's cartoons said,

**"None of our problems will ever be solved until we get the Jews off our back and the White Race regains control of its own destiny."**

— Racial Loyalty

"The white race won't be totally free until the last Jew is strangled by the guts of the last nigger."

The paper, peddled in other parts of Warren several times this year, has no staff box but has a post office box in Otto, N.C.

Residents in the area said

they worried their children would see the paper, which says Jews control the media and describes blacks in vulgar terms, and be influenced by its message.

"If they can get one person and they have a thousand areas, then they pick up 1,000 new members," said

Warren resident Phil Perrone.

"I just tell my kids exactly what this group is," he said. "Our kids know a lot more than we give them credit for."

The meeting with Community Policing Unit Officer Kevin Sommers was called because one of the residents apparently got into an altercation when he told a skinhead to get out of the neighborhood.

Police responded to a call about the altercation. No fight was in progress when police arrived but several suspects in a pickup truck were questioned.

Sommers said the suspects were from Farmington Hills but refused to release their names. He also said no charges are likely to be brought because they were only disseminating information. Racist literature is protected under the First Amendment of the Constitution.

Sommers advised the residents not to get into verbal confrontations with the peddlers.

"If our government is going to allow people to burn the American flag, they're not going to stop this," Sommers said.

#### SMOKING

(Continued from Page 9)

heavy smokers found that they were three times more likely to die from lung cancer than the wives of men who abstained from smoking. Another parallel study of women spouses in Greece found similar results. Nonsmoking wives whose husbands consumed a pack or more of cigarettes daily had 3.4 times the risk of lung cancer than nonsmoking wives of nonsmoking husbands.

According to the Surgeon General's 1984 report, "Experiments with animals have shown that sidestream tar is more carcinogenic than mainstream tar." The report concluded that although both tars are chemically identical, the concentration of sidestream smoke was more intense and made a "significant, measurable contribution to the level of indoor pollution."

Concerned parents should also realize that a lit cigarette burning in the home is more than a harmless, irritating pollutant to children as well as adults. Children under the age of two whose parents smoke have twice the incidence of bronchitis and pneumonia than babies of nonsmokers. Another study found that the lung capacity of young boys was reduced by their parents smoking by almost 10 percent. When teenage boys smoked, they decreased lung capacity by 25 percent. One Italian researcher found that children who had smoking parents learned to read much later and slower than children of nonsmokers. In the same vein another study showed that school-age children who grew up in the homes of smokers had 45 percent more absenteeism for various illnesses.

The effect of the poisonous gases being released by a burning cigarette is devastating to the lungs of smokers and nonsmokers. These gases form a coating that obstructs the free passage of oxygen into the blood, preventing the assimilation of oxygen into the body.

If you think your job is making you sick, you may be right. Dr. James White and Dr. Herman Froeb, researchers at the University of California in San Diego, found that nonsmokers chronically exposed to cigarette smoke at work had a significant reduction in lung function. Modern factories and office buildings, sealed for energy efficiency, typically recirculate 90 percent of the indoor air. The result is that cigarette smoke is not being dissipated, but constantly recirculated. The sick building syndrome is more than a figure of speech; it becomes a reality. The most common symptoms are nasal congestion, sneezing, coughing, headache, fatigue, and eye, nose and throat irritation — much of it being attributed to the recirculation of secondhand cigarette smoke.

Many nonsmokers have risen up from apathy and are beginning to use their muscle to resist. No longer content to remain passive victims to the inconsiderate behavior of smokers forcing toxins into their lungs, nonsmokers are battling for a smoke-free workplace. In 1976 Minnesota became the first state to legislate nonsmoker protection. Connecticut, Montana, Nebraska and Utah have all followed suit with laws to safeguard the rights of nonsmokers. In California the cities of San Diego, Los Angeles and San Francisco have all passed local ordinances restricting smoking on the job. Many other cities around the country are doing the same. In one instance in Boston, the local

**Children under the age of two whose parents smoke have twice the incidence of bronchitis and pneumonia than babies of nonsmokers.**

citizens rose up and had the distribution of free samples of cigarettes banned.

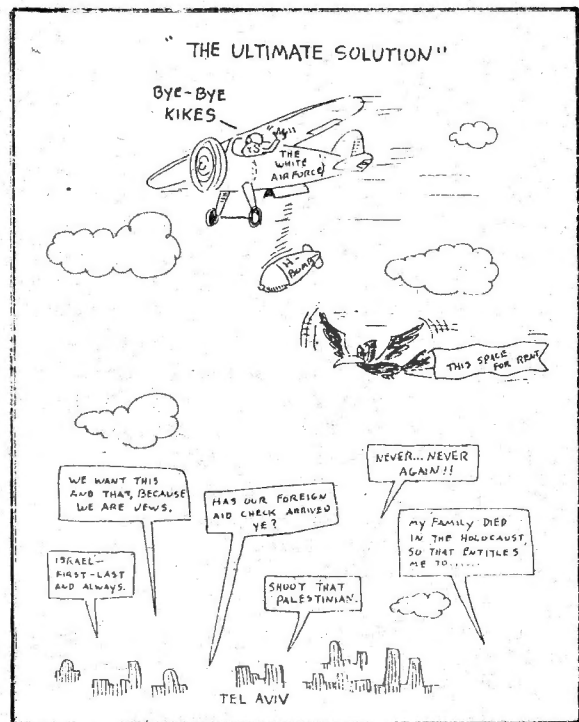

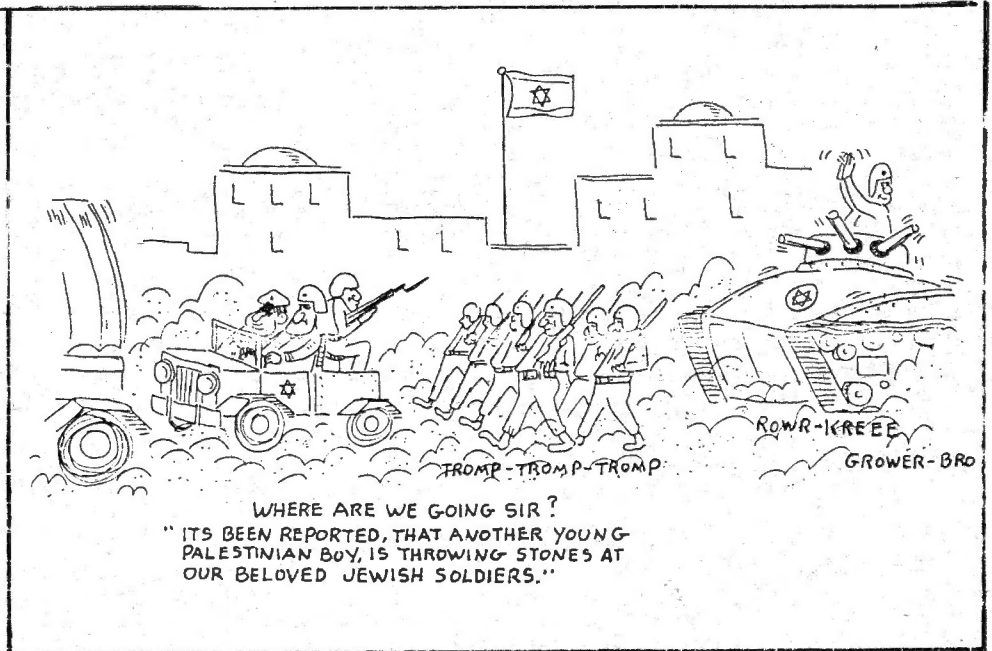

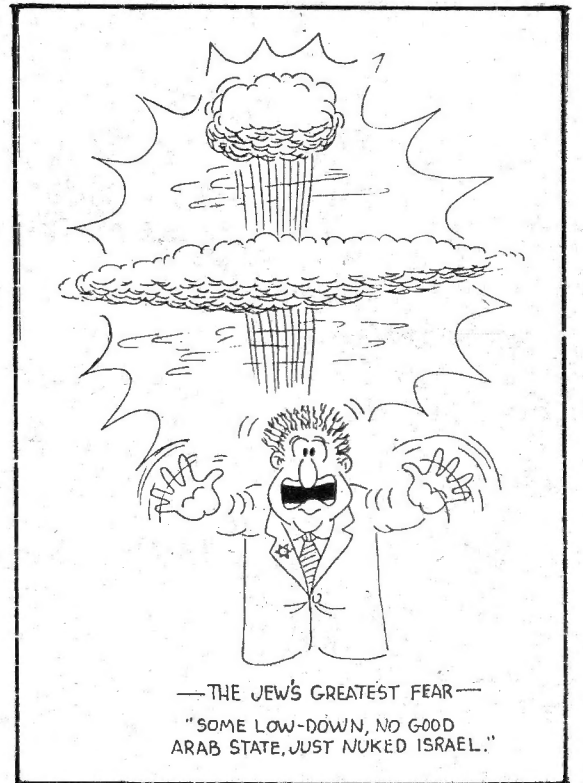

Privately, one Northwestern University law professor formed a group called "GASP". It stands for Group Against Smoking Pollution. Professor Richard Daynard counsels companies on worksite smoking problems. This may range from outright prohibition of all smoking to only allowing smoking at designated hours in designated areas. GASP has even helped some companies create shifts exclusively for smokers and nonsmokers.

Smoking is a complex, collective problem as well as a personal one and tolerance is no solution. The smokers have no grounds to create physical distress for others in order to satiate their personal addiction. If enough nonsmokers gather together and refuse to participate as passive victims, they can accomplish by peer pressure what governments cannot legislate — a tobacco-free atmosphere. This can be best accomplished by refusing to tolerate the pollution of our personal airspace. Clean air is everyone's right. We can all work on it by refusing to accept an antiquated system of thought that allows others to poison our lungs. (W)
