UNIFICATION of the White Race

*Universal Language
and Racial Religion --
the only Solution to
the White Man's Polyglot Dilemma.*

by Ben Klassen, P.M.

In the last month's analysis of the present world scene we came to the inescapable conclusion that the break-up of worldwide communism and the huckstering of "democracy" would not solve any of the ills that now beset our sorry planet. The Jews will still control the world -- its finances, its propaganda, its multitude of bickering governments and nations, in fact the whole ball of wax, the same as they have been doing in the past, only more so. The Jewish mania to destroy the White Race will proceed unabated and with increased fury. The various divisive problems that have plagued the White Race for centuries will not only remain, but will in fact be exacerbated and fanned into new virulence.

Unless the White Race can unite on a common ground, unless it can be aroused, organized and mobilized into one powerful battering ram, as the Jews have done for themselves, the White Race is doomed. As I have pointed out, the Jews have been great masters at the "Divide and Conquer" technique in manipulating the multiple factions of the White Race, in fanning their multitude of differences, in waging war against each other and thereby destroying themselves. The Jews have euchred the White nations into killing each other by the millions, and no other force on earth can kill White people more efficiently than the White people themselves.

The three most pernicious and persistent divisive forces amongst the White people of the world, as we pointed out in the previous article, were **nationalism, religion and language**. In this article we want to explore these three destructive and divisive factors in greater detail and show that whereas in the past each faction of the White Race has zealously and jealously guarded and nurtured each of these elements with pride and bigotry, nevertheless they are the key elements in our coming destruction. They must be dissolved into oblivion and only a

The Coming End of White America:

*From Majority

to Extinction*

**"American Dream"
or rat-race into oblivion**

The broad masses of White people in America, manipulated by the Jew-controlled TV and other facets of the thought-control machinery otherwise known as newsmedia, are still chasing after the ever-more elusive "American Dream", hoping that their increasingly frantic efforts to "hold" a job will provide for them, their family and their children a happy, comfortable and secure future. However, the brutal fact of reality is that for White people in America in the 1990's and beyond there is no such thing as a "happy, comfortable and secure future". In fact, there is no future whatsoever, unless they organize and start fighting against the treacherous Jewish Occupational Government which is hell-bent on destroying the White Race.

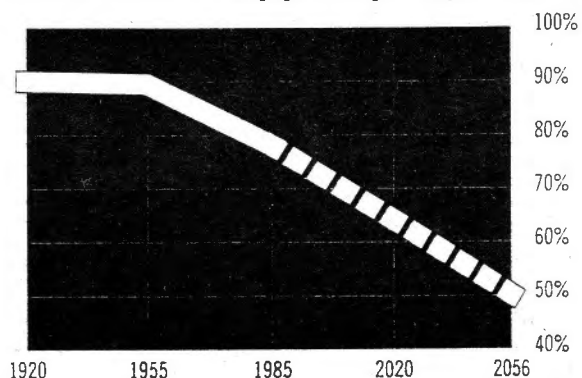

JOG's anti-White policies

The Jewish Occupational Government (JOG) is manipulating the U.S. economy and tax laws in such a way as to force the productive White population into having little or no children of their own, while at the same time all the nonproductive, parasitic niggers and muds are being encouraged and rewarded (with the tax money taken from the productive Whites!) to have as many of their inherently ugly and stupid litter as possible. In addition, the JOG keeps U.S. borders open to the mud flood from Mexico, Asia and other "Third World" cesspools, while discouraging and severely limiting immigration from Europe. The effects of these viciously anti-White policies of the criminal JOG can be seen in every U.S. city, workplace and school: everywhere Whites are drowning in the flood of the mud races. **(Continued on Page 3)**

Unification of the White Race

(Continued from Page 1)

TOTAL UNIFICATION OF THE WHITE RACE, polarized around the bond of our common biological base, can now save us from the onslaught of the Jewish juggernaut. Only by total unification and total mobilization of its resources can the White Race save itself from drowning in an overwhelming sea of mud races that is now flooding the world. No longer can we indulge in the continuous bickering between ourselves over our multitude of self-imposed differences. Either we unite, or we are finished.

Let us examine in greater depth each of these major dividers that have plagued the White peoples of the world from time immemorial, especially in the continent of Europe, the seed bed of the modern White Race.

Language and Nationalism

The longest (relative) period of peace and prosperity that the civilized world has known in its turbulent history was the two hundred year era known as PAX ROMANA ("ROMAN PEACE"). It was a period during which the genius of Roman civilization, organization and government held sway over most of the White people of Europe. The great Roman language, Latin, was the universal language that bound the Empire together and was avidly being learned by the conquered peoples of the great Roman civilization. Latin remained the universal and dominant language of Europe for more than fifteen hundred years and during the Renaissance it was the basic language of all scholars and intellectuals. Practically all major books, theses and scientific works were written in Latin. It was the finest and best organized language ever invented by the genius of the White Race and it remains so to this day.

The one thing the Romans did not have to hold their great Empire together for all time was a racial religion. They did not realize that their inherent greatness lay in their genes, in their gene pool, and since they were unaware of this vital factor, they foolishly left it unguarded and untended. Their basic loyalty was to the Roman Empire, when it should have been to their racial heritage and their unique and superior gene pool. Because they failed to realize this one vital factor, their "Empire" was soon inundated by hordes of polyglot peoples from Africa, Asia and Europe, diluting the White Roman racial stock and making the Roman Empire an easy prey for Jewish Christianity. As the tentacles of this new cancer spread across Europe, the empire fell apart into many feuding "nations", and the Dark Ages enveloped all of Europe for over a thousand years. Learning and civilization not only stopped, they retrogressed into a dismal quagmire. Europe disintegrated into a Babylon of multiple languages and a polyglot of political confusion. It remains as such today.

People identify themselves as "nations" mostly by the language they speak, and the language they speak is basically that which they were taught by their parents. If they speak German, they think of themselves as Germans.

WHITE PEOPLE UNITE
"NOW."

If they speak French, they think of themselves as Frenchmen. If they speak Hungarian, they consider themselves Hungarians, and so on ad infinitum. Around their language such people also build an "ethnic culture", of which language is the base. This ethnic culture is then guarded with a great deal of fanaticism and zeal and becomes a divisive rallying point of "us against them", in short a highly divisive factor among the White peoples of the world. It has especially been the bane of the White peoples of Europe. Countless strife, wars and dissention have been caused by these "ethnic" differences, of which language has been the base. Little do these people realize that language is not an inherent ingredient of their genes, but merely an artificial attribute that has been acquired. A German could just as easily have learned Romanian or Italian or Russian as he could learn German, had he been taught such as an infant. And, I might add, any and all of these people could just as easily have learned the great Latin language, had it been properly promoted, and thereby saved themselves a great deal of hassle, confusion and controversy.

But, no. Strangely and stupidly they take tremendous pride and tenaciously cling to their "mother tongue". I pick up the morning paper and read a headline spread across the top of a page. It is entitled "Fighting words resurface as old English-French feud splits Canadians". Most of Canada speaks English, and it is the official language of nine of its ten provinces. But Quebec was settled by the French, starting back in the early 1600's, or even earlier. In 1763, the Seven Year War between the French and the English was concluded with the Treaty of Paris. England won Canada by sheer conquest of arms. Ever since, although their huge neighbor to the south spoke English, and the settlers in the rest of Canada also spoke or assimilated English, the French of Quebec, however, have never forgotten that in 1759 British general James Wolfe

defeated the French under general Marquis de Montcalm, and they have clung fanatically to their French language. (As a side note to history, both generals died a hero's death in that battle, Wolfe dying just at the moment of victory.) So the animosity has festered on and on for more than 230 years. Not only has the language difference never abated in all those years but in recent years it has resurfaced with a new virulence.

I lived in Montreal for more than two years during WWII working as an engineer for Northern Electric. At that time English was universally spoken in most stores, businesses, and used in official government circles. However, in the countryside, Quebec City and other smaller cities, French prevailed, and even in the more sophisticated and "international" city of Montreal (Canada's largest) there was an ongoing animosity between the French and the dominant English.

Since then, especially in recent decades, the French in Quebec have gone all out to become "nationalistic". The Quebec government has not only gone stridently French province wide, but now tyrannically persecutes any use of the English language in any shape, way or form. Quebec's Bill 178 mandates French as not only being the official governmental language for every one in Quebec, but all store signs must exclusively be in French, as well as all other signs, proclamations, or whatever. In the article I referred to earlier, the president of Ralph's, a shopping mall clothing store, put a sign in his store "Sale: Ties" in English. He was notified by the French language police to cease and desist using English in said sign. He then advertised raincoats, also in English. He received a registered letter that he was violating Quebec's Bill 178, and that he was subject to severe fines if he did not change his sign into French. And so the language war goes on, as it has for more than 230 years. Quebec is ready to secede from Canada and cut it alone, and is feverishly working towards that end. All this, despite the fact that the French and the English are both White and have a common genetic and biological bond, their major difference being the artificial barrier of language.

Quebec is only one instance in a microcosm of a conflict that is raging all over Europe and other parts of the world. For example, the Dutch Boers and the English have been at it in South Africa for more than a hundred years. Their language-based enmity has kept the White Race in South Africa divided when they should have united against the Jews and the niggers. As a result, they are most likely to soon lose all to the Jews and the niggers, and their laboriously built civilization is going to crumble back into hands of the black cannibals. But it is Europe that has been most fractured, splintered and divided, and the Jews have had a real ball playing their game of "Divide and Conquer". Europe is plagued with an endless hassle of old wars, boundary disputes, ethnic islands within larger ethnic groups, ethnic groups speaking different languages in the same country, and nationalistic groups speaking different languages in different countries. So we have endless animosities and conflicts ensuing from this mess of a Babylon of polyglot languages. Every "nationality" is "against" and wants to break away from their neighboring White nationality. For example, the Ukrainians against the Russians. (In fact, Russia alone has a passel of 230 different ethnic groups with even more languages and dialects, although not all of those groups could be comfortably embraced by the White Race.) The Hungarians against the Romanians. The Serbs against the Albanians.

The Coming End of White America

(Continued from Page 1)

No longer a "lunatic fringe"

For a long time only racist publications, such as Racial Loyalty, were informing and warning White people about the Jew-instigated mud flood and its disastrous consequences to White America. Unfortunately, a lot of brainwashed White Americans dismissed our information and warnings as a "radical or even lunatic fringe", and went on with their daily rat-race of chasing the "\$American Dream\$", hoping that the "bigger" problems of White racial survival will somehow resolve by themselves. Well, the fact is no problem resolves by itself and, when left unattended, it usually grows worse and eventually mushrooms into a disaster. There is no question that by 1990's the mud flood in America has reached the level of a full-blown disaster, threatening the survival of every White person in this once great country.

The "mainstream" information

For those who think that we are "biased" and tend to "exaggerate", I would recommend the 04/09/90 issue of "Time". The cover story of this "mainstream" weekly newsmagazine had the following headline: "AMERICA'S CHANGING COLORS: What will the U.S. be like when Whites are no longer the majority?" The highly illustrated cover story states that in the 21st century (and that is not far off!) nonwhite racial minorities will collectively outnumber Whites for the first time, and it goes on to say that the "browning of America" will alter everything in the U.S. society, from politics and education to industry, values and culture.

Here are some pertinent quotations from the article: "Someday soon, surely much sooner than most people who filled out their Census forms last week realize, **White Americans will become a minority group.** Long before that day arrives, the presumption that the 'typical' U.S. citizen is someone who traces his or her descent in a direct line to Europe will be part of the past. Already 1 American in 4 defines himself or herself as nonwhite. If current trends in immigration and birth rates persist, the Hispanic population will have further increased by an estimated 21%, the Asian presence by about 22%, blacks by 12%, and Whites by a little more than 2% when the 20th century ends. By 2020, a date no further into the future than John F. Kennedy's election is in the past, the number of U.S. residents who are nonwhite will have more than doubled, to nearly 115 million, while the White population will not be increasing at all. By 2056, when someone born today will be 66 years old, the 'average' U.S. resident, as defined by Census statistics, will trace his or her descent to Africa, Asia, the Hispanic world, the Pacific Islands, Arabia -- almost anywhere but White Europe.

While there may remain towns or outposts where even a black family will be something of an oddity, where English and Irish and German surnames will predominate, where a traditional (some will wistfully say 'real') America will still be seen on almost every street corner, they will be only the vestiges of an earlier nation.

In some places an America beyond the melting pot has already arrived. In New York State some 40% of elementary- and secondary-school children belong to a racial minority. Within a decade, the proportion is expected to approach 50%. In California White pupils are already a minority. Hispanics account for 31.4% of public school enrollment, blacks add 8.9%, and Asians and others amount to 11% -- for a nonwhite total of 51.3%. This finding is not only a reflection of White flight from desegregated public schools. Whites of all ages account for just 58% of California's population. In

San Jose bearers of the Vietnamese surname Nguyen outnumber the Joneses in the telephone directory 14 columns to eight. Nor is the change confined to the coasts of the U.S.. Some 12,000 Hmong refugees from Laos have settled in St. Paul. The Detroit area has 200,000 people of Middle Eastern descent."

Writing on the Wall

For all those "prudent, well-mannered, well-intentioned" White Americans who continue to believe in the "American System" and continue to chase the "\$American Dream\$", we White Racial Loyalists -- Creators would like to raise this question: What will it take to awake you from your suicidal delusions? What will it take you to join the mobilization of the White Race in its desperate struggle for survival?

For a long time you, Mr. and Mrs. Typical White American, were rejecting as "biased, exaggerated, alarmist" our repeated warnings in "Racial Loyalty" about the imminent demise of the White Race in America. Apparently, you were waiting for some "official, legitimate, mainstream" communique about the obvious disaster. Well, now that last excuse for inaction has been eliminated, now you have your "official, legitimate, mainstream" communique which as clear as the writing on the wall states -- **THE END OF WHITE AMERICA IS COMING SOON (AND THAT INCLUDES YOUR NEIGHBORHOOD, YOUR HOME, YOUR FAMILY AND YOU, WHITEY!).**

The Grisly Lessons of San Domingo

Despite all the phony Jewish assurances about the "democratic harmony in diversity", the future of America is very dark indeed. Whether we like it or not, racial tension, strife and conflict are inevitable. If White Americans want to know what is in their Jew-orchestrated future, let them read Creative Credo No. 30 of the White Man's Bible -- "The Grisly Lesson of San Domingo -- A Forerunner for White America".

In the Creative Credo No. 30, the Pontifex Maximus has given this insightful warning to the White People: "It behooves us to summarily study the turbulent history of Haiti (former French San Domingo), because I believe that there, in telescopic version, we can view the possible future destruction of the White Race in America. **The same forces are at work, the same issues are at stake, and the same methods are being employed -- all concentrated on the focal point of Jewish goals -- the destruction of the White Race. We, the White Race, must learn some harsh and inescapable lessons from the history of Haiti, if we are to survive.** In the tragedy and extermination of the White Race on this most desirable piece of real estate set in the tropical breezes of the West Indies we can

see the prelude to the fate of the White Race here in America and elsewhere in the world. The lessons are:

1. No multi-racial society can long survive as a civilization.

2. In any multi-racial society, the instinctive hatred between the races is permanent and irreconcilable. It is unbridgeable. It only needs the opportunity to flare up into open massacre.

3. As in Egypt, as in India, as in Haiti, there is always interbreeding between the races. The resulting mulattos are the driving wedge for equality with the superior Whites. Mulattos will join with niggers to destroy the Whites, then the niggers will turn on the mulattos and destroy their superiors, in the end reducing the population down to its lowest denominator.

4. Niggers given "independence" and left to their own devices are incapable of governing themselves (except on the level of a primitive tribe) or even of feeding themselves above a starvation level.

5. Mulattos out-breed Whites, and niggers out-breed mulattos.

6. The triumph of niggers over Whites is always and only accomplished by the treacherous conniving of the Jewish race. It is they who exploit and aggravate White divisiveness and then plan and execute the destruction of the White Race. The niggers are their most effective ploy and tool with which to accomplish this goal.

7. Slavery has been a curse for the White Race.

8. We never needed the niggers at any time, as is proven by the building and Winning of the West. In today's highly developed technology the niggers are a most useless and dangerous parasite on the backs of the White Race.

9. We must rid ourselves of the niggers in our midst and ship them post haste back to Africa.

10. Niggers are absolutely poison in the midst of a White society.

11. In order for the White Race to survive, the White Man must have a strong sense of racial consciousness and must close ranks against not only the niggers, mulattos and mud races, but above all against the Jews.

12. Basic to all this is the need for the White Race to have a racial religion around which to polarize its racial loyalty. This the CHURCH OF THE CREATOR is providing in CREATIVITY, our religious creed. In it the White Man has the Total Program, the Final Solution, and the Ultimate Creed.

Disaster is reversible, if we unite and fight

The "Time" story about the browning of America and Whites becoming a minority ends with a smug Jewish comment: "...And it is irreversibly the America to come." Well, our answer to that is this: **It is reversible and it must be reversed!** But the only way to accomplish that is for Whites to unite and fight under the victorious flag of the one and only White Racial Religion -- Creativity. We must do it now, or this generation of White people will be the last. If we do nothing, the end will come much sooner than the Jew-predicted 2056.

White People, come out of the closet! Make a stand for your inherent rights to preserve your White biological and cultural heritage. Let us, White People, play White Chicken no more. No matter what you do in this chaotic world, you can't play it safe. No one gets out of this world alive. We all have to go sometime. What is at stake is our future progeny -- our gene pool -- our race. It, too, is perishable, if we are cowardly or careless, but -- if properly defended and cared for -- it can endure for millions of years. White Man, join the Creativity Movement and become an active defender of the White Race. RAHOWA!

Rev. Rudy Stanko leads a hunger strike against the JOG's Gulag Tyranny

Dear White Racial Brothers:

As a form of protest against the tyrannical, arbitrary and cruel anti-White policies of the JOG's Gulag prison authorities in denying me and other fellow White prisoners the right to receive our Church newspapers, books, and in denying us, practicing Creators, the possibility to adhere to our religious Salubrious Living principles (while at the same time giving the Jews their "Kosher" meals), I have started a HUNGER STRIKE.

For a Whiter and Brighter World! RAHOWA!

Rev. Rudolph Stanko

ED. NOTE: For starting a HUNGER STRIKE, Rev. Rudy Stanko was again thrown into the "hole", but he persists in his demands for White rights. Let the courageous example set by our future leader, Rev. Rudy Stanko, be an inspiration to all other White prisoners to start hunger strikes and use all other legal means available to protest the malicious, arbitrary and blatantly discriminatory anti-White policies and actions of the Jewish Occupational Government's prison authorities, especially when they refuse to allow our newspapers and books. At the same time, we ask all Creators to keep writing to our future leader, Rev. Rudy Stanko, every day and give him moral support. His address is: Rev. Rudolph Stanko, FCI, P.O. White Cowboys and Texas Rangers -- True Heroes of the White Race

Dear Editor of Racial Loyalty:

Your article in RL # 58 about "The True and the False Heroes of the White Race" was an eye-opener to me and a lot of other White Racialists I know. I was never comfortable with the obsessive glorification of the medieval Vikings and Teutons, and after reading your article I am more than ever convinced that in the interests of historical truth and global White Racial Solidarity we should throw those primitive, divisive, nationalistic and regionalistic "false heroes" where they belong -- the Dark Ages of Europe (and remember, those ages are not being called "dark" for nothing!).

I fully agree with you that we should emphasize the true pro-White heroes -- White Cowboys and Texas Rangers. After reading your article, I went to a library and started reading books on the Winning of the American West, Manifest Destiny, the Mexican--American War and the Texas War for Independence. As I leafed through the heroic pages of the White American history and looked at hundreds of historical photos and paintings, I was struck by the difference between the courageous White men of the Manifest Destiny, and the cowardly White men of today. The pioneers, cowboys, rangers, trailblazers and frontier fighters back then were not like the weak-kneed, yellow-belly, mud-loving White Christians of today. In fact, over 90 percent of the cowboys were considered "unchurched pagans and heathens". Several religious leaflets of that era appealed to the Christians back East to "help save the heathen cowboys of the West"...

The Cowboys, who were on the frontlines of wars against red-skin savages and Mexican muds, did not need any "saving". In fact, they were the ones who were really saving the White Race from its racial enemies. Long live the White Cowboys, Rangers and Pioneers who drove out the muds and cleared the North American continent for the White Civilization! Let their courage and commitment to White Racial Loyalty be an inspiration to us, White Racial Loyalists -- Creators, in defending the North American and Global White Civilization against its racial enemies -- Jews, niggers and muds.

RAHOWA!

Therefore, to bring eligible White men and women together and facilitate the accomplishment of the very important goal of White genetic procreation, Racial Loyalty has created a "White racial match-making service" which is called CUPID'S CORNER.

There has already been considerable interest among our members in taking advantage of our CUPID'S CORNER in finding an ideologically compatible life-partner for themselves, and we have received several inquiries. (*Eligible White men, take note: we already have some very interesting inquiries from beautiful blond and blue-eyed White women from Sweden!*)

We invite all White readers of Racial Loyalty (and especially White girls and women!) to participate in the White racial match-making service by writing to:

The Wildest Stories Ever Told Part XXII of a Continuing Series

Christian Maniacs Gone Berserk

The Salem Witchcraft Trials

There were several impelling reasons why the Anglo-Saxon immigrants left the Old World for the New, but by and large the New England colonies were founded by people who wanted to escape the tyranny of religious persecution in Europe and breathe the fresh air of freedom in the New World. They were willing to risk the hazards of a makeshift Atlantic crossing, the hardships of taming an uncharted wilderness, and the constant danger of hostile Indian attacks. All these sacrifices they were willing to make in order to escape the grim religious hounding, burning at the stake, torture by thumbscrew and rack that had become the order of the day by the Christian churches, both Catholic and Protestant, in Europe.

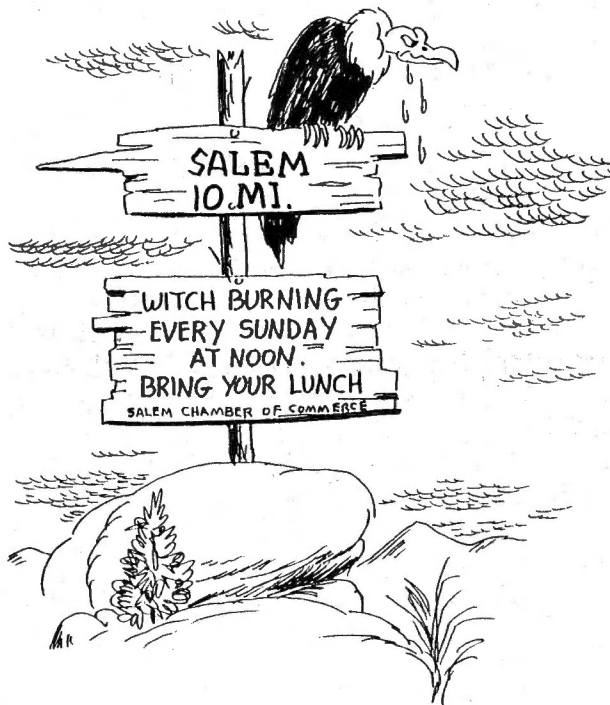

Whereas the Protestant revolt against the Catholic hierarchy was ostensibly launched to break the ironclad dictatorship of the Roman church, Europe soon found that the "reformers" were as tyrannical as were the tyrants from whom they were breaking away. Inherent in the Christian teaching is a hatred and an intolerance against anyone or any group that does not believe the spooks in the sky swindle in exactly the same terms as they do. This malevolent prejudice and intolerance was not left behind, but was transported across the Atlantic to the New World when the "Pilgrims" arrived at Plymouth Rock and founded the Massachusetts Colony.

Before we go into the Salem, Mass., witchcraft trials, it is incumbent to give a brief background about the Christian belief in witchcraft. There is a short verse in the bible that says "Thou shalt not suffer a witch to live." (Exodus 22:18).

The tortures, the murders, the agony and the suffering this one goddamned sentence has caused to humanity is beyond belief. In the two years between 1645 and 1647 at least 200 innocent women were hanged or burned as witches in England alone. In Scotland the number of victims ran to more than 3400 between 1580 and 1680. On the continent

things were even worse. George L. Kittredge of Harvard in his "Witchcraft in Old and New England" quotes Mannhardt to the effect that "the victims from the Fourteenth to the Seventeenth Century (ran) to millions, and half a million is a conservative estimate." The Bishop of Bamberg brought about the death of 600 "wizards" from 1622 to 1633, and the Bishop of Wurzburg caused the execution of 900.

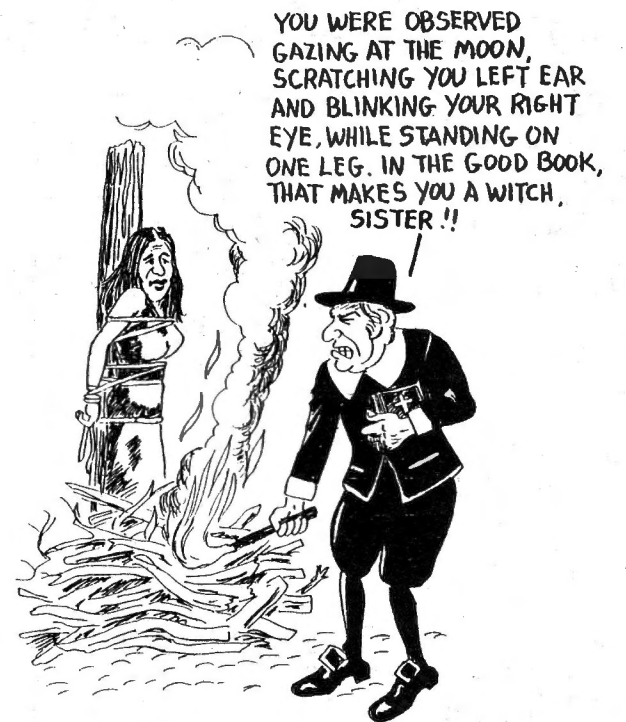

The mania about hanging or burning women designated as witches more or less came to an end in Europe by 1680. However, it soon took a new lease on life in the New World, and soon reached heights of maniacal frenzy exceeding anything in the Old World.

The first settlement of the Massachusetts colony was made by the Pilgrims at Plymouth Rock in 1620. It was soon followed by the Puritans arriving at Salem in 1628 under John Endicott, and then at Boston under John Winthrop in 1630. Most of these groups were English religious dissenters fleeing religious persecutions and seeking religious freedom. We will soon see how they used and abused that very "freedom" once they themselves were in charge of their religion.

Prior to 1692 there had been at least twenty trials for witchcraft in New England. Many were convicted and probably six were hanged. However, this was only a prelude to what happened next in Salem, a town of 1700 souls, a few miles north of Boston.

In this small town, witchcraft trials were held in the Court of Oyer and Terminer between May 27, 1692, and September 24 of the same year. In this three month period more than 200 were arrested, twenty people were put to death and about 100 remained in jail when the court adjourned, never to sit again. Eight of those in prison were waiting execution. The last and crowning act of the court, says a contemporary Mr. Gemmill, "was the hanging of seven old women and one man on September 22. These were all hauled in a single cart to the place of

execution. Apparently the only reason why not more were hung on that day was because the cart was full."

After all these excesses of unbridled murder and mayhem, the townspeople finally began to come to their senses, and enough was enough, they thought as they looked at the cartloads of people going to the scaffold. Governor Phipps' wife, before long, was accused, and Mrs. Hall, the wife of a minister, was charged as being a wizard. In May, 1693 Governor Phipps issued a pardon to all in jail, and eighteen years later, in October of 1711, the General Court of Massachusetts appropriated funds to be paid to the heirs of those who had been executed as witches. Meanwhile and afterwards, the heirs of the convicted destroyed whatever records of the trials (a shamed-faced theocracy abetting) that they could get their hands on, so that the whole ghastly story will probably never be known.

Let us now look at some of the villains in this gory and grisly episode. One conclusion that emerges is that the majority, if not all, persecutors were fanatic holier-than-thou members of the theocracy of this newly-founded Puritan colony.

The Rev. Nicholas Noyes testified in the trials, always against the accused. When Bridget Bishop, one of the victims, was about to hang, he refused a request to pray for her soul, instead added to her torture by yelling "Witch! Witch!" The Revs. Deodat Lawson and John Hale were little better, the latter also testifying against Bridget Bishop. The Rev. Joseph Green wrote a doctored "confession" of Ann Putnam. The latter was an epileptic illiterate and only twelve years old, but her confession as invented by Green had marvelous flights of fancy. (Once accused, victims were usually brutally tortured for days until they came up with a desired "confession".)

Probably the most blatant culprit in this whole gruesome and insane mess was a man by the name of Cotton Mather. He was a man of intellect whose name has gone down in history and is notorious in infamy to this day. He was the son of the then president of Harvard, he was a preacher of great eloquence, reputed to be the master of ten languages and one of the leading intellects of the Massachusetts Colony. It is to the shame of Christianity that this Jewish mind-scrambler is capable of perverting and debasing even the strongest of intellects.

MOST OF THE YOUNG WOMEN FOUND GUILTY OF WITCHCRAFT, WERE THOSE THAT REJECTED THE SEXUAL ADVANCES OF THE TOWN ELDERS.

Christianity is mass insanity!

Cotton Mather believed in devils, and compiled a huge tome about them entitled "The Wonders of the Invisible World". He also wrote "A Discourse on Witchcraft". All his life he saw visions. His word on any public matter had the same effect as law. He could have prevented these savage butcheries at any time, but he did not. Instead, he stood by silently and examined with great seriousness all "witches" brought to his attention, as material for his witchcraft studies. Years later, some of the higher officials that had participated in this gruesome barbarity publicly prayed for forgiveness for their involvement. But Cotton Mather never recanted.

- THE NOTORIOUS COTTON MATHER -

EVERYONE IS GUILTY OF WITCHCRAFT UNTIL PROVEN INNOCENT, AND IN MY BOOK, EVERYONE IS GUILTY. SO, GO FORTH AND DO YOUR JOB. WE NEED SIX TO BURN BY THIS SUNDAY.

Such are the consequences of this one goddamn line in the Jewish Christian bible - Suffer not witches to live - the total effect of which is to drive people to brutal acts of murderous insanity. Was this insane phenomena just something that surfaced only in the Dark Ages of Christianity, or is this insanity still with us in the latter part of the Twentieth Century? Sad to say, these kinds of aberrations of the mind are still very much current today among the fanatics of the Christian cults. When we started building our Church edifice in the peaceful valley we had selected for our World Center, rumors soon started flying among the

native people here in Macon County, North Carolina. The stories spread like wildfire that we were devil worshippers, that we practiced bloody animalistic rites (whatever that is) and witchcraft and wizardry also, for good measure. Our contractor and his crew (who were not among those demented) were threatened with gunfire if they proceeded with construction of the building. One wild woman church-goer told our contractor while at church that if he went to the doorstep of our cabin, he would find the bloody head of a calf deposited on our front porch. The contractor, much alarmed, actually drove down to our domicile, and, of course, no bloody head of a calf.

Wild, real wild.

* * * * *

The only conclusion we can draw from all this is that Christianity is an extremely malevolent, destructive force. There is an old saying which goes back to the Ancient Roman times that I believe describes precisely the essence of Christianity. It says in effect that those whom the gods would destroy they first drive insane. Christianity does just that. It is, in fact, a form of mass insanity, and has been extremely destructive to its prime target, the White Race, in driving it to self-destruction. We have already recapitulated the thousands upon thousands of women who were hanged or burnt at the stake by this mass insanity about witchcraft. But Christian insanity and self-destruction does not end there. By no means. When we add to this horrendous outrage the millions that were killed and tortured because of accused heresy; the millions that were murdered and tormented by the Inquisition; the millions that were killed and the vast areas of the countryside that were devastated by religious wars such as the Thirty Year War and hundreds of others, we cannot escape the conclusion that Christianity does indeed drive people to insanity and self-destructs those who are gullible and foolish enough to embrace this sinister Jewish mind-scrambler.

The only way we can purge this tenacious cancer from the minds of our people is to drive it from the scene by a more dynamic, more compelling, sane and constructive religion. That is exactly what Creativity is designed to accomplish. Let us therefore unite under the banner of Creativity, spread our White Man's religion throughout the world and drive the Jewish scourge from off the face of this Planet Earth.

B.K., P.M.

Purpose of this Series

The overriding goal of the Church of the Creator is the survival, expansion and advancement of the White Race, and the immediate goal is to free the White Race from the worldwide yoke of Jewish tyranny. In order to achieve both goals it is necessary to build a massive, powerful movement that can smash the Jewish monster. Before the White Race can ever be in a position to unite, polarize and build such a power structure it will first have to get its thinking straightened out. This it can never do as long as it entertains in its innermost thoughts that most diabolical of all mind-scramblers, Jewish Christianity. By using ridicule and exposing this idiotic age old spooks-in-the-sky swindle, we believe we can best help lead the White Race back to sanity, common sense, and a healthy, constructive attitude towards its own best interests.

FEAR AND TERROR as Christianity's Ultimate Weapon

Fears: Real and Imaginary. Fears can be real, or they can be imaginary. A real fear is one that is based on a real and imminent threat of danger. For example, if a criminal has broken into your house and is holding a gun at your head threatening to kill you, your fear is based on reality. On the other hand, if you have a fear of a spook in the sky that no one has ever seen, heard, felt or smelt, then such fear in all likelihood is based on fantasy and is unreal.

Tool to Enslave. Real fears are a helpful protective device that Nature has built into most creatures as an aid in the eternal struggle for survival. Unreal fears are a form of psychosomatic sickness and are detrimental to the physical and mental health of its victims. They do more than unnecessarily make such people sick. They warp their personalities, paralyze their activities, and make them easy prey in submitting to the will of even weaker and inferior enemies. In short, fear can be and is a perfect tool with which a weaker adversary can enslave a stronger.

Most people's fears are imaginary. Most fears are unreal and unreasonable. The latter can be termed as phobias. There are any number of unreal and unreasonable phobias with which different people are afflicted -- fear of heights; fear of narrow spaces (claustrophobia); fear of snakes; fear of failure; fear of success; fear of rejection; fear of love; fear of disease (hypochondria); fear of going insane; fear of the future; and a thousand other fears, most of which are in part, or wholly, imaginary.

Fear of the Unknown. One of the oldest and most universal phobias that has afflicted mankind through the tens of thousands of years going back to the Stone Age is the fear of imaginary ghosts, fear of the Unseen. In his ignorant attempt to explain the Unknown, man invented ghosts, spirits, demons and spooks by the thousands. All of them were attributed with supernatural powers, and most of them were deemed as hostile and malevolent. They were insanely feared, catered to, and endless attempts were made to placate them. It is this phobia, this fear of spooks in the sky (and elsewhere) that is the basis of practically all of history's endless religions.

Master Mind-Manipulator. Into this murky picture of fears, phobias and superstitions stepped the wily Jew, to aggravate and amplify existing fears and to capitalize on them to the hilt. These master mind-manipulators of all time harnessed the full potential of all such inherent fears and exploited those fears and phobias of other peoples in order to enslave them.

Hell--the Ultimate Threat. As their ultimate weapon they invented the ultimate horror concept of all time --the concept of hell-- the concept of torturing and burning people's "souls" in a fiery pit in all eternity.

No Hell. When we contemplate the ghastly picture of hell, we must remember that, fortunately, there is no hell. It is only an image, a fantasy, a concept, a hideous lie. The question is -- who conjured and dreamed up such a macabre idea with which to torment and threaten not those in a non-existent after-life, but those living in the real world here on earth?

Invented by Jews. The answer goes back to those miserable enemies of the White Race who invented Christianity in the first place. Those miserable enemies of the White Race are that gang of Jewish scribblers who wrote the Jewish-Christian bible and then launched a massive propaganda campaign on the great Roman civilization in order to destroy that White Roman civilization and the great White Roman race. It took the Jews approximately 400 years to do the job, but they were successful beyond their wildest dreams.

History's Biggest Swindle. We CREATORS believe this abominable "spooks in the sky" swindle has tormented the minds of the White Race for too long. It has needlessly caused untold suffering and mental anguish to its gullible victims. It has drastically diverted the course of history for the worse and delivered the destiny of the White Race into the slimy hands of the despicable and repugnant Jews.

Clear Our Brains. Therefore we want to clear the White Man's brains of this odious trash so he can again think straight. (Read *The White Man's Bible* for these and other unique, excellent and inspiring pro-White ideas on a daily basis. RAHOWA!)

Unification of the White Race

(Continued from Page 2)

The Germans, the most progressive people in the heart of Europe, are beset by endless border conflicts with the French on one side, the Poles on another side, not to mention the Czechs, the Slovaks, the Italians, and a number of other ethnic groups which contain "islands" of German-speaking ethnic groups.

So we see that whereas language differences constitute the basis of a nationality, the latter in turn forms the basis of a politically independent country. Were there not a language difference, there would be much less likelihood of this divisive hubris of nationalities and ethnic groups, a term that has been expressed as the "Balkanization" of Europe. What is inherent in the term is a splintering of biologically similar White people into a plethora of hostile ethnic groups, of which the Balkans are the most hostile of all and most typical of the fractured and divided mess in Europe.

A typical example is Czechoslovakia, which during the last winter has ousted the Communist party that has dominated and tyrannized the country for the last 45 years. Having done so, the parliament has argued for the last several months as to what name they should now adopt for their "liberated" country, which consists mostly of Czechs and Slovaks. The parliament agreed that they should drop the word "Socialist" from their nomenclature. But should they now call it Czechoslovakia or should they hyphenate it as Czecho-Slovakia? The Slovaks argued fiercely that the hyphenated form would emphasize to the world that the Slovaks, who make up a third of the country's population, were not the same as the Czechs, and they were determined not to lose their identity. The issue was not resolved to the satisfaction of the Slovaks, and chances are, this and other disputes will never be resolved as long as they speak two different languages in that country.

Another example of the regrettable European fragmentation is demonstrated by the three Baltic republics of Lithuania, Latvia and Estonia. Although the peoples of these three countries are biologically very similar, yet they have three distinct languages, three distinct political entities and governments, and they are determined to keep it that way. Their "ethnic" hubris would have it no other way. Yet all three countries put together constitute a land area slightly smaller than the state of Missouri, and a population less than the state of Michigan. Does this make sense? Not really, unless you prefer to aid and abet the Jews' game of divide and conquer. It is obvious to any thinking person that small and divided no country will be able to cut it alone and shuck off the tyrannical stranglehold the Jews have on every country of the world.

The moral is: *united we can prevail, divided we will be (already have been!) enslaved.* Only Creativity has the total answer: **one universal language, namely Latin, for all the White people of the world, one racial religion for one people.**

Religion

We go back to the title of this article: *If not Creativity, what else is there?* Let us now examine in more detail what the present White Man's religion, Christianity, and all its thousands of splintered factions have done to the White peoples of the world, and compare it to what the religion of Creativity, when universally adopted and replacing Christianity, can do for us.

Christianity proclaims that it, too, is interested in solving the racial problem, and that such a problem exists. Just how does it intend to solve this problem? To get some answers I look at the religious page of the "Atlanta Constitution". There in big black headlines is an article entitled "INTERRACIAL MARRIAGES

URGED" and a subtitle beneath proclaims "Key to peace, says church leader". The article refers to Rev. James A. Boughman, president of the Unification Church of America. He is on a tour lecturing to students at Clark Atlanta University, Georgia State University, the University of Georgia, Kennesaw College and Emory University. He is telling these young people that interracial and international marriages are the way to world peace. A former Roman Catholic, he himself was married to a Korean woman in a mass marriage of 2074 couples a few years ago. The mass marriage ceremony was officiated by the head of the pro-mud church, Rev. Sun Myung Moon, and the couples were paired at random, although making sure that most of them were racially mixed, mostly Whites with Asiatics or some other mud. The Unification Church plans another such mass marriage event, even larger, in 1991, to take place in Korea. Peace! Peace! they scream, all the while mongrelizing and destroying the White Race with a vengeance.

Now, the "Moonies" are not yet considered as quite being in the religious mainstream of America. However, they are getting there, and they are Christian. But let us see what the "mainstream" is doing. On the same page as the Moonie article and adjoining it, is another big black headline proclaiming "METHODIST CHURCHES TO GET PASTORS OF DIFFERENT RACE". In the article it explains how the United Methodist Churches of South Carolina are planning to place ministers of a different race in their churches as an ongoing goal, in other words, put White ministers in black congregations and nigger ministers at the head of White congregations. How do you like that for a potpourri of interracial chop suey? The South Carolina United Methodist Annual Conference has about 250,000 members, of which 50,000 are black.

Are the Moonies and the Methodists exceptions in the Christian drive for race-mixing? By no means. They are right in the "mainstream" of Christianity, not only in America, but now all over the world. Practically every Christian denomination and every cult is now screaming for race mixing from the pulpit and through the T.V. boob tube. Not only are the Christian churches pushing race mixing with a vengeance, but at the same time they are telling you to love your Jew neighbor, that the Jews are God's chosen and to send more money to Israel. The Mormons are doing it, the Catholics are pushing it, the Presbyterians, the Baptists and every other big or little tin-horn Christian group is pushing race mixing and love thy Jew. At the top of the heap, the National Council of Churches and the World Council of Churches is leading the way for the rest of the Jew-dominated churches to follow - race-mixing with a vengeance. The average church member doesn't like it, but from the top the Christian hierarchy is promoting the hell out of these two ideas (race mix and love thy Jew), and the average brainwashed churchgoer is following them like a puppet manipulated on strings - which he is. Meanwhile, the Jews in the background are pulling the strings.

What kind of a world will a mongrelized planet be like? Well, there is no need to speculate. We have large enclaves of mongrelized mud areas in most parts of the world now. Take a good look at Haiti for example. Peace? I have another recent (March 24, 1990) article in my files that says "ANOTHER NIGHT OF TERROR IN HAITI LEAVES 17 DEAD". Peace through mongrelization? Read again C.C. No. 30 in the WMB entitled "The Grisly Lesson of San Domingo - a Forerunner for White America". Also read the article on Burma in RL #41 and the article on Burundi in RL #43. If you want more examples, look at what is happening in Ethiopia, in Sudan, in Pakistan, in India, and in fact, in every nigger or mud country in the world. Everyone of them has the stench of death, famine, disease, filth and crime. But we

need not go abroad. We have any number of nigger and/or mud enclaves right here in the United States. Nigger-inundated Washington and Atlanta are vying for the title of crime capital of the U.S.A. But close on their heels are Detroit, Los Angeles and all other major cities now infested and overrun with black savages.

The Christian churches' cry "Christ is the answer!" is no answer at all. It is, in fact, the original problem that is destroying the White Race. **There is only one way we can now save the White Race, and that is for all the White nations and peoples of the world to unite under the banner of Creativity: one religion, one language, one people! Total White racial unification is the answer.** If we don't do that and do it soon, we will be hopelessly swamped in a sea of mud races which are now expanding like a horde of rats, thirsting for a White bloodbath.

* * * * *

The main battleground for winning the war against the Jews and the mud races of the world will have to be fought right here in America. In fact, the war is on, and getting hotter every day. Only the White people are asleep at the switch and won't face it. If we don't get our act together here, all is lost. Just as a multi-racial, polyglot nation is impossible to govern, so too is a polyglot mess of "racialist" parties, groups, movements, a useless and ineffective mob against a highly organized enemy. The Jews are united, they are organized to the hilt, and they have a definite detailed war plan for the destruction of the White Race. It is all embodied in the Judaic religion, and has remained resolute and steadfast for thousands of years. What does the White Race have in comparison? Well, it has Christianity, but as we have already observed, it is no answer at all, it is, in fact, a deadly tool designed by the Jews for our destruction. **Only a powerful racial religion can now persuade our people to unite around the White racial banner. If a bad religion such as Jewish Christianity can mislead the White Race into the suicidal nonsense it now pursues, surely a good religion can also lead them to common sense, racial unity and racial survival. The only organized, comprehensive, fully structured counterpart the White Race has to Judaism is Creativity. What we must do is to unify under its banner. We must, or the White Race will die.**

Just as Germany during the '20's had a polyglot mess of 2000 "nationalistic" parties, they were completely impotent until those members of the polyglots joined and united under the Nazi party. It was then that the Germans finally had the power and the clout to take their government away from the Jews and into their own hands. **Unification was the answer!** So, too, must we now unify all the White peoples of the world under the one and only **Racial Religion** the White Race has ever had. The time is past when we can indulge in the luxury of playing the polyglot game. To just bitch and gripe, deplore and lament will no longer do. We must have our own creed and program, our own battle plan, and Creativity has it all. **We must unite under Creativity, and we will do it because we must. Other than Creativity, there is nothing else on the horizon.** The future of "humanity" rides with the rise or fall of the White Race, and the survival of the White Race now rides with Creativity.

White Man, what is your answer to the vital questions:

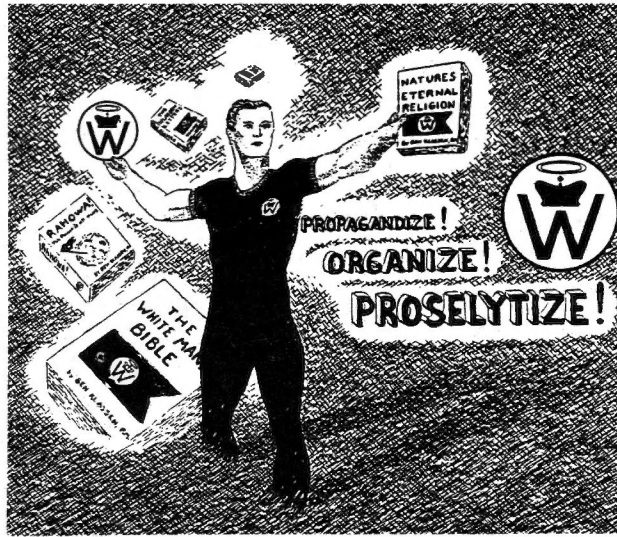

If not Creativity, what else is there?

If not now, when?

The ABC's of starting to become active

A manual for grassroots organizers of the pro-White movement

by Rev. Rocky Suhayda

Step # 3: Literature

You must procure recruiting materials to distribute among the masses to bring in new people. Obviously, the organization's newspaper is the most impressive item that you can utilize, but it also is the most costly per mass distribution.

Starting out, I would suggest that you use this breakdown on literature purchase: only 25% of your funds should go for newspapers, while the remainder should be spent on "cards", "stickers" and "leaflets". I believe that if a person you contact is given a card or an entire library of materials, the results will originally be the same. If the person disagrees, he will throw your material away, but if he agrees and is ready to act then upon receipt of a single card he will contact you for more information.

Therefore, if you can reach ten times more people with your limited funds by distributing cards rather than more expensive newspapers, it is obvious what you should do. The more contacts you make, the more you "advertise" your MESSAGE and ADDRESS, the more chance you have of finding those special people out there that you are looking for. After they write to you from getting a card, you can follow up with your limited supply of newspapers and impress them accordingly.

As far as stickers are concerned, you should never put your local address on them, because sometimes they wind up in the darnedest places, and you really don't need the hassle. If someone writes to the sticker's "national office" H.Q. address which you put on them, hopefully in the future you will build up a rapport with the national H.Q. so that they will trust you enough to put you in contact with these people.

Step # 4: Putting out the Literature

First of all, I recommend that, when putting out literature and stickers, you do not wear any identifying "badges", "uniforms", "jackets", etc., which would openly mark you as a racist. This is not because we are ashamed of who we are, but rather as "camouflage" to increase our effectiveness. The objective of the mission is to put out literature, not have hassles. (Skinheads, please consider this point.)

The fastest, easiest and, I think, the safest way to "spread the White word" is to distribute your cards under car windshield wipers at parking lots. Choose lots without "Lot Security". The larger "Malls" usually have their parking lot security, but most of the smaller shopping centers don't. There is another benefit in choosing smaller shopping centers: by doing "neighborhood" lots, you can sometimes choose your recipients, and you have a better chance of reaching local neighborhood people. When you distribute in the big "Malls", you often get undesirables -- niggers and muds -- shopping there, and you don't want to waste your limited literature on the non-targeted people. Over all, it is better to stick to more "promising" areas where you can reach a larger number of your kind.

The best way to do "lots" is for each person to start at the end of their own row and work their way down, skipping occupied cars, since personal contact could lead to conflict. Your mission is to put out your literature, and you cannot achieve that goal if you have to spend time dealing with problems that are better ignored or bypassed.

If you are with another comrade, don't work the same row, leap-frog each other. Remember, you want to put out your materials as quickly as possible and leave the lot. Do not hang around waiting for a possible problem in the

form of an irate recipient of your literature or an angry store owner, just put your material out, leave and go on to your next chosen target lot, miles away.

Understand, even though what you are doing is legal and is your right as an American citizen, you still don't need to be hassled by the system and its flunkies if you can avoid it.

Newspapers can be stamped, rolled, rubber-banded, carried in bags and distributed door to door in selected neighborhoods. Go in the daytime, walk across the grass, tossing a rolled paper on each porch. (*Reminder: Never place any material in the mail boxes, because federal laws make it a punishable crime.*) Do short blocks, return to your vehicle and drive to another area, until you are finished.

Once again, the key to not being hassled is not staying in one area for too long. Many short, uneventful distributions are preferable to one long activity where you face an increased possibility of problems.

We must think of ourselves as "guerrillas" or "underground resistance" and employ the "hit and run" tactics by choosing our ground, our time, our mode of operation and avoiding confrontation with the superior enemy forces whenever possible.

"Anonymity" is a very strong weapon. Popping up, here and there, but always undetected, gives us the advantage of an "unknown factor" in the eyes of our enemies, as far as our organizations activities and abilities are concerned. Also, not having to submit the rank and file to hassles helps to keep those people, who are willing to do the "leg work", active. Nothing turns many people off faster from working for our cause than knowing that they will experience problems with the system if they actively promote our beliefs. A good leader looks out for his people and their interests at all times and in return he is more often than not rewarded with stalwart loyalty from those he leads.

"Stickering" is also very important as an "outward expression" of our existence to the public at large. Stickering can both bring in new recruits and force the large masses of people to take notice of our organization's existence and views on numerous issues. So do it, and do it heavy, but don't get caught! One more note, don't deface or sticker areas that will bring an avalanche of sympathetic newsmedia coverage for our enemies, such as synagogues, etc. They do enough such "self-inflicted" acts without us giving them a hand.

Always think about new ways to contact the public and potential recruits. For example, one way is to go to the library and put cards in books relating to subjects of interest to many racists. Books on racial issues, Winning of the American West, anti-semitism, KKK, Nazis, biographies of Hitler, WWII, etc. Certain events, like gun shows, country western nightclubs, county fairs, and any other gathering of mostly exclusively White people provide prime targets for distribution of our materials on their parked cars. For younger people, Skinhead rock concerts provide another good opportunity to recruit new people.

Step # 5: Following up on Inquiries

All inquiries should be answered as soon as possible, always in a polite and professional manner. If a phone number is provided, call them, if not -- write them back and send some additional materials.

If you desire to establish phone contact, there are two choices: you can include your phone number (unlisted in the area directory, of course) along with a pseudonym which I suggest you choose and use for "public consumption". We like to call this our "game name" for outsiders, no use in giving just anybody an easy handle on you. Or, another way, you could ask the inquirer to write back including their phone number, if they are really interested. When you do make contact, ask a pre-written list of questions, such as: How did the inquirer get your group's address? When? What kind of literature? Who gave it to him? Ask about his job, education, marital status, race, etc. Don't be shy.

Initial meeting should always be set up at a neutral place, such as a coffee shop. Don't go to his place or have him come to yours, unless someone can already vouch for him. Drive by his address and, as far as possible, check him out. Always take another comrade with you when meeting a new person. Don't be afraid to ask him any questions, politely: after all, he is the one

(Continued on Page 11)

The key to organizing a successful, revolutionary, pro-White grassroots activist unit can be summed up in three words: *sacrifice, persistence and patience.*

I am going to assume that the reader is a determined White man or woman who is ready to do whatever is necessary to save the White Race in a legal manner.

This program can even be applied to one person starting out alone, but it would be helpful if he or she had at least one other trustworthy comrade. At the same time, it is necessary to realize from the very beginning that you are depending 99% on yourself to make or break your efforts, and as "leader" you have to set an example of activism and dedication for the rank and file.

If you allow yourself to show doubt or fear, it will infect the others, so no matter how dark, or slow, or hopeless a situation is, you must be the one who raises morale, keeps on pushing yourself and others to activism despite a seeming lack of progress, and never, ever, allow any defeatist thoughts that may enter your mind in a difficult situation be shared with the troops, lest the "seeds of doubt" be planted at a moment when you are weak.

If you have another good comrade beside you in the struggle, to cheer you up and help you along when you need a helpful hand (and don't we all need a helpful hand sometime), things will be a lot easier.

The first thing you must do is decide that you are going to have to spend some money. Even if others at times don't seem to do their "fair share", you cannot shirk the call of duty of a leader to give of himself, whatever it takes, to complete a mission successfully.

Consider each step in your own private "pro-White war" as a mission. Remember that the "national" struggle out of state is very important and interesting, but your chosen local area is what you should concern yourself with 99% of your time. Also, remember that if you succeed in your local area, it will help the "national" struggle accordingly, so don't try and be a "national leader" who achieves practically nothing concrete. Rather, be a "cog on the wheel", who does his small part successfully to make the whole show go round.

Step #1: Establishing a Contact Point

The first thing that you must do is go to the Post Office and open a P.O. Box. Sometimes you are put on a waiting list. If so, be patient, usually within several weeks they will have a box open, or investigate other Post Offices within your area for possible immediate availability of P.O. Boxes.

Order a small box: it is cheaper, and you really won't need a large box if you check it a couple of times a week. In fact, in the beginning you will probably wish you had an even smaller one so that it would look fuller sooner.

Take out the P.O. Box to accept "ALL MAIL", rather than just a certain name, that way you will have less chance of having mail refused by not having a "complete boxholder address" on any mail sent to you in the future.

Keep the box's key or combination to one person, yourself, that way the mail is sure to be kept confidential and secure. The same is to be said of your mailing list, which you will compile as time goes on.

Step #2: Importance of a Local Address

Go to a print shop or an office supply store and have a rubber stamp made of your P.O. Box address. Rather than put the organization name on it, have it headed "Local Office", then you can stamp out envelopes and stationary somewhat professionally, without scaring the recipients of your mail.

Stamp every piece of material that you distribute, with your local P.O. Box. This is very important, as you want people to know that you are locally available, but also always include the "national office" H.Q. address, as some people sometimes prefer not to have local contact immediately, and a "national office" H.Q. address also provides prestige, as people will realize that you are part of a larger organization and not just some "fly by night" little club.

This book spells out our program in detail for living a Natural Life Style and achieving and maintaining the Ultimate in Superb Health and Wellbeing. (IMPORTANT NOTE: At this point we Creators would like to clarify a very prevalent misconception that one cannot join the Creativity Movement without changing his eating habits. That is simply not true! Our goals of Salubrious Living, Latin as a universal language, organic farming, Eugenics, etc., are the long-term ADVANCEMENT-stage goals. Therefore, their immediate implementation is not necessary for becoming a Creator. We Creators recognize that even the longest journey starts with the first steps! We urge every White person to read our books, join our Movement and take the first steps in the long and glorious journey towards a New White Renaissance, a Whiter and Brighter World, and a Glorious Era of the White Superman.) \$5 each / Carton of 12 -- \$30 / Carton of 48 -- \$100. We Don't Need Any Mugwumps in Our Camp

White Man, make up your mind!

The mugwump is a dirty bird which sits on the fence with its mug on one side and its wump on the other. It can never make up its mind which side of the fence it is on. In fact, it can never make up its mind period. It prefers to straddle the fence forever and a day.

There are a lot of good people in the racial movement who act as pusillanimous as does the mugwump. They are the kind that can't quite make up their mind what racial organization they should join and support, and as a compromise they contribute a drib here and a drab there. I know of some people who proudly point to the fact that they "belong" to a dozen different "racialist" organizations...

We Creators abhor such a polyglot, blunderbuss, scattered and fragmented approach in trying to build a powerful force with which to smash a unified, fanatic, well entrenched Jewish conspiracy. No mugwump or collection of mugwumps has ever achieved anything, no matter how numerous they might be. Only a unified, well organized and highly dedicated army of militants can effectively counter and destroy the powerful and sinister Jewish Tyranny that now has the world in its thrall. Although there are other lesser examples, we point with pride to the formation of Hitler's Nazi party during the 1920's and 1930's.

After World War I, approximately 2000 Nationalist parties sprang up in war-devastated Germany during the next decade. As a conglomerate they were totally ineffective in ousting the decadent, Jew-controlled postwar government and in stemming the Jewish-Communist tide. It was not until the MEMBERS of these bickering and polyglot organizations dropped their petty parties and joined with Adolf Hitler that the German people finally had the clout to take over their government and take back their own country.

We believe that the same principle applies to the dilemma in America today, if we are ever to wipe Judaism off the face of the earth. *What is different today is that it must now become a global battle in which the total White Race, informed, aroused and organized, takes on the perfidious foe and exterminates it once and for all.*

"THE MUGWUMP"

In order to do so we must mobilize all our resources. We must utilize every weapon the White Race can possibly assemble -- religious, economic, political, moral, educational and every other means available to us and then concentrate our fire. We are further convinced that only the C.O.T.C. with its comprehensive, all embracing creed of the global White Racial Religion -- Creativity is geared to do that awesome job. In the one and only, true and revolutionary White Racial Religion -- Creativity we have the TOTAL PROGRAM, the FINAL SOLUTION, the ULTIMATE CREED for the salvation and redemption of the White Race.

We urge good White Men and Women to stop being mugwumps, to make up their minds as to which organization they believe is best fitted to do the job that urgently needs to be done, and then concentrate on that one organization and give it your all. We don't want mugwumps. We want angry, militant tigers. RAHOWA! B.K., P.M.

The ABC's of White Activism

(Continued from Page 9)

who supposedly wants to join you. You have a right and a duty to know why, for the security of the people already in your group. Never make a snap judgement about a person, tell the inquirer that you will get back with him.

After you finish your initial meeting, give yourself time to think and discuss your new potential recruit's attributes, willingness to support the group by activism and donations. In fact, try to invite this individual to an activity, such as a literature distribution. Then you can see if he is really willing to be active for the cause. The same could be said about an appeal for a "small" donation. If the person is unavailable for activity and/or cannot help finance the activity of others, then he or she is a useless drone, and I strongly recommend not filling your organization with "warm but useless" bodies. *You are better off with a small, tight, hard working, trustworthy crew than a soft, flabby, useless group of talkers.*

Step # 6: Getting Together

Holding "private" meetings of your group is very important in order to bring people closer together as a family and to educate them about your organization's ideology, strategy and tactics. Each meeting should have (preferably, written) purpose, plan and agenda. Personal involvement of each and every person at the meeting is a must; therefore, ask people to say a few words to the assembled comrades and, even if they plead that they are not "speakers", urge them on. What you want to do is to build leaders who will carry on, even when you are not around, and sometimes it takes a little encouragement to bring out the leadership potential in various types of people.

Everyone at the gathering is there for a reason, so encourage them to talk about it. You don't have to be a great orator to speak your mind or your heart. Try asking questions of the people gathered together, correcting their responses when necessary, in a sincere, friendly manner, so that everyone gets a clear picture of our philosophy, strategy and tactics.

Personal involvement is the name of the game. Get each comrade personally involved and committed to "our fight" as "his or her fight". Don't describe our viewpoint in some vague, "ivory-tower" manner, bring it down to earth in a descriptive, emotional and logical way that they will understand, embrace and promote it with all their heart.

If you have a basement available for your meetings, decorate it thoroughly with highly visual material: flags, posters, slogans, etc. So that both visually and verbally the meeting place is filled with our message. Have lots of free literature around for the participants to take, read and distribute. Discuss this literature and the value of the message that it attempts to convey. Get opinions and mold minds.

Set up a TV with a video player to show racist videos. Make up a "video, tape and book library" and loan these items out to reliable comrades for their own use.

Step # 7: Electronic Warfare: Phone & Cable TV

There are two more weapons in your "arsenal of enlightenment", which you can utilize very effectively at the local level. First is a "telephone message hot-line", second -- cable TV.

The telephone message hot-line can be operated from several different sources. You can attach a telephone message recorder to your home phone (or install a second line specifically for that purpose, so that your own telephone number would be available for other uses). Alternatively, you can check in your "Yellow Pages" for a company which offers "telephone mail-box or telephone message" services. Here, for a small sum, you will receive a phone number which you can program with a message for the public and a "telephone mail-box" of perhaps 30 to 50 calls answering your message before you have to clear them off in order to make room for additional calls.

A telephone message hot-line gives people an opportunity to call you, listen to your message (usually one to three minutes long), and then after a tone they can leave their name, address and phone number for further contact. Some people are too "busy" (actually, too lazy) to write, but they will take the opportunity to call. Also, an up-to-date phone message is an inspirational rallying point for your own people to boost their morale and reassure that everything is OK.

The other tool in our arsenal is a "public access" cable TV. If you have cable TV, the company is obligated by law to offer a "public access" channel to viewers. Many cable networks even offer free classes on how to make your own "local public access" programs. They even provide cameras, film and technical advice. So look into it and use your creative powers! RAHOWA!

Creativity is the Winning Formula!

The Global Manifesto of the White People

1. All White People of the world, regardless of their citizenship, nationality, language, geographic location and social status, constitute a biologically and genetically unified entity, the White Race, and therefore are White Racial Brothers and Sisters.

2. All White People of the world are facing the mortal danger of genetic annihilation due to the Jew-instigated demographic explosion of the mud races. According to the demographic statistics, White People constituted more than 40% of the total world population in 1900, but now constitute less than 15%. Scientists predict that, if current birthrate and immigration trends persist, after approximately 80 years White People will constitute less than 1% of the total world population. However, we predict that the time left for our survival is now no more than one generation.

3. All White People of the world must realize that the Jew-orchestrated worldwide Demographic Revolution is aimed at the total and complete annihilation of the White Race in general and every White Person in particular.

4. All White People of the world must join together as White Racial Brothers and Sisters in the spirit of **White Racial Loyalty and Solidarity** and unite into one huge army under the victorious flag of the one and only White Racial Religion -- Creativity -- in order to have a fighting chance of winning the worldwide racial war that the Jews, niggers and the mud races are waging against all Whites.

5. All White People of the world must put aside their fratricidal animosities and refuse to participate in the Jewish "divide and conquer" game. Never again should White men go to war to kill other White men, women and children. If we are going to go to war and kill, let's make sure we kill our racial enemies, who are our real enemies, -- Jews, niggers and the mud races.
