A Vision of

BUSH'S NEW WORLD ORDER

Basically, its objective is for the Jewish Gulag Archipelago to encircle the globe with universal poverty and tyranny shared by all.

by Ben Klassen, P.M.

When George Bushwacker Bush was scheduled to make his State of the Union speech last January 28, he had a tough nut to crack. The establishment media realized that he had to come up with the speech of his life to save his crumbling presidency what with election year coming up. The economy was in ruins. Companies, large and small, were going bankrupt. Companies were laying off workers by the tens of thousands. Despite extending "benefits" (dole) for the second time within the last few months, people were destitute. The unemployment figures were skyrocketing. Our national debt was mounting by the hundreds of billions. The country was (and is) in a dilemma worse than the Great Depression, with this one major exception -- we are never again to return to normal, and the Jews have planned it that way.

Undaunted, Old Bushwacker George stepped up to the rostrum to the repeated cheers of his both Republican and Democratic lackeys, acted as if everything was coming round the bend and lied his way through what some pundits even applauded as a great speech.

What did he say? He said nothing new. He was proceeding in lock step with the Jewish plan of the New World Order which he had already touted in a major speech last year. He even bragged that it had been the United States, our persistence in fighting the Cold War against Communism that had destroyed Communism. We had fought in Korea. We had fought in Vietnam. Last but not least, we had fought in the glorious Gulf War and smashed Iraq back to the rubble of the stone age. Weren't we great? And the long suffering tax payer who had paid for all these glorious wars was finally to get kudos for having put up with it all for so long.

* * * * *

But the Bushwacker was lying through his teeth throughout the deceptive tirade. The United States, under the control of the Jewish network has never fought Communism. On the contrary, ever since the November Revolution of 1917 when the Jewish Communists took control of the unfortunate and misguided Russian people, the American policy has aided and abetted that Jewish swindle every step of the way. If we really had wanted Communism destroyed, all we had to do was nothing and it would have rotted into oblivion a long time ago. If we really had wanted this Jewish pestilence wiped out, Adolf Hitler and the Germans would have given it the final death knell in the early 1940's.

But no. Roosevelt and his gang of Jewish criminals moved heaven and earth to get us into that war to save Communism and to save Jewish control of the world. Not only did we save the Commies' neck, but we immediately shipped 13 billion dollars worth of goodies, refrigerators, tractors, technical machinery, and even the secrets of producing the atomic bomb to Russia even before (and after) World War II was over. Korea did nothing to impede communism. Neither did Vietnam nor the Gulf War, nor the numerous covert CIA activities in practically every part of the world. On the contrary, every action we took, every hundred billion we spent overtly or covertly helped to expand Jewish Communist control.

Despite all our efforts, Communism has dismally failed and broken down of its own insane rottenness, no thanks to America. It is now a dead horse abysmally exposed for the foul, rotten Jewish tyranny that it always was and is. But the Jewish program of world slavery under its control has not changed. Only the name has been changed to confuse the gullible and the cowards. The program itself remains constant -- and that is to suck the whole world into this catastrophe. Only now we will call it the New World Order, and instead of it being run out of Moscow, it will now be directed out of Washington, New York and Israel. The American people who have had to finance most of this sorry mess are now to become poverty stricken slaves, just like the rest of the Third World countries, and beaten down to their miserable level.

Foreshadowing Creativity?

Here are excerpts from a speech given in 1959 by the famous philosopher Julian Huxley. He seems to have foreseen a more realistic religion such as Creativity replacing Christianity and other spook religions.

Religion to Disappear, Says Sir Julian Huxley

Predicts Replacement by More Embracing
Philosophies Now in Process of Evolution

A vision of man's intellectual destiny, a sort of peek into the evolutionary future, was offered here today by Sir Julian Huxley, British scientist, author and philosopher.

Sir Julian, who presented his views in the form of a philosophical discourse which he called "The Evolutionary Vision," suggested that his philosophy is one way in which the present split between religion and science can be mended.

Darwin Concept

In order for this to happen, however, science must accept the fact and value of religion as an organ of evolving man and the theologians must realize that religions do and must evolve, he said.

Using the concepts of evolution first proposed 100 years ago by Charles Darwin and accepted by nearly all of the world's foremost scientists, Sir Julian states that the evolution of man's brain has made him the sole agent for the future evolution of this planet.

Therefore, man is of immense significance.

"He is a reminder of the existence, here and there, in the quantitative cosmic vastness of matter and its energy equivalents, of a trend toward mind, with its accompaniment of quality and richness of existence and...a proof of the importance of mind and quality in the all-embracing evolutionary process," he declared.

It is only because man has a mind that he has assumed a dominant position on earth. Consequently, it will be only by proper use of his mind that he will be able to exercise his enormous responsibility.

This responsibility must be assumed unaided, Sir Julian stated.

"In the evolutionary pattern of thought there is no longer either need or room for supernatural beings capable of affecting the course of events.

The earth was not created; it evolved. So did all the animals and plants that inhabit it, including our human selves, mind and soul as well as brain and body. So did religion," he said.

'Destined to Disappear'

Religion as we know it, like man's earlier efforts to explain the universe, is destined to disappear in competition with other "truer and more embracing thought -- organizations which are handling the same range of raw or processed experience."

Old as the Talmud and Deuteronomy

There is nothing new about the New Order. It is as old as the Jewish conspiracy itself which has its roots in the Talmud, the Old Testament and the Protocols of the Elders of Zion.

Think about it. What is the most vicious, the most heinous, the most dastardly crime our enemies, the Tribe of Judah, could possibly perpetrate on Nature's Finest, the illustrious White Race? Would it be extinction? Would it be enslavement? Would it be mongrelization?

The answer is, yes. It would be all of these horrible catastrophes and more. Added to this horrendous list would also be the shame, the torture, the humiliation, the filth to which we would be subjected, and worst of all, the irreversible poisoning of our precious White gene pool. Our striving and the building of that illustrious gene pool by our noble ancestors over the millions of years would be thrown into the dung heap and admixed with that of the filthy niggers and sub-human animals. Our glorious history would be calumniated and defiled, ridiculed and dragged into the filthy mire of the lowliest Hottentot and African aborigines, a shameful process that would be even beyond the basest scum as witnessed in Haiti and other sub-human mires of degradation. Think about it again! Is this the kind of world you want to leave your children and grandchildren? Your future progeny ten generations down the line? Fifty, one hundred generations into the future?

We Creators say not by a goddamnsite, if we can help it!

* * * * *

Let us take a sober and realistic look at what we are faced with today, in the last decade of the Twentieth Century. After Bushwacker George Bush lured Saddam Hussein into attacking a two-bit penny-ante country the size of a postage stamp into invading Kuwait, he and the Jewish press had the necessary pretext to declare war on Iraq and bomb it into rubble, back into the stone age. Why should he want to do that? To defend the United States? Lets not be silly. A fifteenth rate country like Iraq, nine thousand miles distant from our shores, was not of the slightest of threats to our (American) security. So why did he commit 450,000 troops, an endless array of tanks, battleships, planes, missiles and all the other accoutrements of destruction to the desert sand of Saudi Arabia in order to smash Iraq? The answer to that question is simple as hell. **He did it not to protect our homeland, not to protect our oil supply, but he did it to protect the sleazy, slimy, sump hole of the world that is the home of the world's most pernicious parasite.** He did it on the orders of his Jewish overlords, in order to smash an immediate and nearby threat to Israel. And smash Iraq he and the Jewish overlords did, in the process killing some 300,000 Iraqi men, women and children.

For this traitorous act of cowardly accommodation to the Jews, Bushwacker Bush was acclaimed a great hero deserving re-election in 1991, and "Stormin' Norman" Schwarzkopf the greatest military strategist since Hannibal. The fact is that the outcome was inevitable and one sided as a gang of a thousand bullies beating up on a small troop of boy scouts. It required no great genius, nor were there any heroics involved.

Nor was there any surprise involved, either in the invasion of Kuwait by Iraq, nor by the massive smashing of Iraq's military and infrastructure by our 220,000 sorties of blasting bombers. As I have shown in considerable detail back in December of 1990 in R.L. No. 66, the operation was deliberately planned a full 18 months in advance in the secret enclaves of Fort McPherson, Georgia. It was headed by chief planner Lt. Gen. John Yeosock, who, in turn, was under the orders and supervision of the Jewish network, who master-minded the whole operation.

* * * * *

Being overwhelmed by all the Jewish adulation, the Bushwacker began to believe all this heroic hogwash. He began to feel like a world leader and began to talk of the New World Order, with himself as the dictator of course.

So let us take a closer look at what he and his Jewish cohorts are talking about. After all, he is at least nominally the president of the world's most powerful and affluent nation and the commander in chief of the world's largest and most sophisticated military establishment. In fact, the United States, now that the Soviet Union is rapidly falling apart, is the only super power left in this rapidly deteriorating world.

So what does Bush have in mind when he talks about the "New Order." What he and his Jewish cohorts have in mind bodes ill for mankind, and especially for the White Race. The New Order is neither new nor will it be orderly. The plans and the outlines for the new order are as old as the hills, and for the perceptive historian its details can be fleshed out from reading Deuteronomy, Numbers, Joshua and all the rest of the Jewish tripe in the "slay 'em and rob 'em" stories of the Old Testament. It can be further amplified and detailed by studying the Talmud and further brought into more modern focus by reading the Protocols of the Elders of Zion. It is a Jewish program of mass genocide, of slavery, of torture and horror. The gruesome goals of such torture and beastliness can best be perceived by reading the last book in the Jewish Christian Bible -- namely splenetic ghastliness of "The Revelation." (See Part X of "Revolution of Values" P. 188, "Revelation, a Jewish Nightmare in Technicolor.")

There is no great secret about what the Jews have in mind for us in their "New Order." In fact, the details are already abundantly visible for those who will look reality in the face. Let us take it step by step.

1. Here is the kind of humanity the Jews have in mind for us goyim. In fact, they have built a model statue of such in the United Nations building in New York, and is photographed on Page 70 of the book "The United Nations' Blueprint for Peace." He is called the UNESCO Brown Man and is supposed to be a composite of all the mud races of the world. He is faceless, nationless, homeless, characterless, a brown slob utterly detached of any history or heritage. Unlike the picture shown, the slob will also be ugly, short and dumpy, a deformed and grotesque caricature of what used to be "Nature's Finest."

2. The White Race, per se, is the number one target of all that the Jews hate, fear and despise. Their greatest efforts are now, and have been since the days of the Egyptians, to mongrelize and utterly destroy the White Race. We saw it in the wanton slaughter of the White Russians when the Jews ran rampant during the Russian Revolution they themselves organized. (They utterly murdered between 20 and 30 million White Russians.) We saw it happen a century and a half earlier when they guillotined the French nobility and pursued their strategy of "always kill the best first." We saw it again in the mass bombing and slaughter of the Germans in the firebombing of Dresden, Hamburg, Berlin and hundreds of other German cities during World War II. We are seeing it in the emasculation of the White Male right here in America today.

We could go on with dozens of other examples. The destruction of Rome through the poisonous virus of Jewish Christianity. The mongrelization of the exemplary Greek civilization 2500 years ago. The driving out of our W.R.C. from the continent of Africa. There is more, much more.

3. The build-up of Israel and the subjugation of national powers and independence into the jurisdiction of the United Nations. Since the governmental powers of all nations are in the hands of the Jews (especially that of the United States) this is no problem for the Jews. They own the money, they own the newsmedia, they own the government. With all the key news centers of power in their hands, controlling the United Nations is a piece of cake. George Bush repeatedly referred to fulfilling the United Nations' Resolutions when he wanted to clobber Iraq back into the stone age, and did so with great impunity. Of course, it was not he who was calling the shots and making the decisions, but his Jewish overlords, but it made it look so universal as if the whole world was behind him, when actually a few key Jews in the Kehilla were really making each and every one of the decisions.

Such is the nature of the coming New World Order. George Bush acts like he is really in control, or perhaps even believes that he is. He is of course, only a front, a Jewish stooge, and the Jewish Kehilla is calling the shots. If Georgie boy doesn't follow strict orders, he will quickly be replaced by the real operators.

How can we, the White Race, fend off the coming disaster? The answer is to inform, arouse and organize the mightiest potential power on the face of the earth -- the White Race -- Nature's Finest -- and the best vehicle to organize around is a powerful racial religion. Join with us in promoting Creativity, recruiting new members and building a powerful steam roller to smash the Jewish menace once and for all. Your life and the future of your progeny depends on it Act NOW!

Box Score

Here is a list of the Executive Orders the Bushwacker has at his fingertip to execute his New World Order to enslave the American people.

Executive Orders

- 10995 Takes over all communications media;
- 10997 Takes over all electrical power, petroleum, gas, fuel and minerals;
- 10998 Takes over all food resources and farms;
- 10999 Takes over all means of transportation, controls highways and seaports;
- 11000 Drafts all citizens into work forces under government supervision;
- 11001 Takes over all health, welfare and educational functions;
- 11002 Empowers the Postmaster General to register all citizens nationwide;
- 11003 Takes over all airports and aircraft;
- 11004 Takes over all housing and finance authorities and housing designated as "unsafe." Establishes new locations for populations, relocates communities, builds new housing with public funds;
- 11005 Takes over all railroads, inland waterways and public storage facilities;
- 11051 Designates responsibilities of the Office of Emergency Planning (FEMA) giving authorization to put the above orders into effect in times of increased international tension or economic or financial crisis;
- 11490 Activates all of the above Executive Orders.

As 1992 is now in full swing, things are beginning to look up for the White Race. Racial activism is on the increase as more and more people, maddened by the volume of anti-white sentiment and propaganda spewed forth by the Jewmedia are starting to speak out and take a stand against the evil forces of the J.O.G. More White people than ever before are stopping, listening and heeding the call. Judging by the volume of mail arriving here at H.Q. we are about to turn the tide on this sinister plot to destroy us, Nature's finest, the glorious White race!

Most notably, from the following states, Michigan, Wisconsin, Florida, Maryland and Montana, where stepped up efforts at distribution and recruitment are taking place, we are receiving a fair amount of "hate mail", so we must be doing something right. All of this hate mail, needless to say, is from White people too blind to see the writing on the wall. They prefer instead to dance to the tune of the Jews — be good little goyim and don't rock the boat. Not so us Creators! Notice has been served — we are taking it back, all of it. We will root out all the race traitors and give them what they so richly deserve.

Not to be overlooked are our neighbors to the north. Canada, with some of the most oppressive "laws" imaginable, aimed at the suppression of anything remotely linked to White culture and heritage is demonstrating that their spirit has not been broken, not now, not ever. It has been my pleasure to have met these fine racial comrades and I look forward to the day when we can stand side by side in our Racial Holy War and take care of long overdue business.

As of this issue we will no longer be publishing our Contact Points. Since its inception it has caused more grief than good, giving the Harold Covingtons and his would be imitators a direct line to our key members. For those of you still interested in recruitment as well as distribution I would suggest the following: Get a rubber stamp bearing your contact point and stamp each paper you receive, this

THE BATTLE BETWEEN THE POWERS OF LIGHT AND DARKNESS

Included were Sir Charles Darwin, grandson of the author of "Origin of Species," Sir Julian and Alfred L. Kroeber, professor emeritus of anthropology at the University of California.

"Evolutionary man," Sir Julian continued, "can no longer take refuge from his loneliness by creeping for shelter into the arms of a divinized father-figure whom he has himself created, nor escape from the responsibility of making decisions by sheltering under the umbrella of divine authority, nor absolve himself from the hard task of meeting his present problems and planning his future by relying on the will of an omniscient but unfortunately inscrutable providence."

'Could Be Good Thing'

The new emerging religion could be a good thing because it will be able, by means of new knowledge, to define our sense of right and wrong more clearly and to focus the feeling of sacredness on objects more fit than supernatural ones, he said.

Instead of supernatural rulers, the new religion would sanctify the higher manifestations of human nature in art and love and would emphasize the fuller realization of life's possibilities as a sacred trust.

Cites Religious Pressure

It is not a good thing that religious pressure has made it illegal to teach evolution in Tennessee nor is it a good thing that communism in its dogmatic-religious aspect persecutes and even executes deviationists, he declared.

Man's loneliness is only apparent, he declared. Man is not an isolated phenomenon, cut off from the rest of nature by his uniqueness. Rather, he is made of the same matter and operated by the same energy as the rest of the cosmos, linked by genetic continuity with all other living things on earth.

The biologist said he would compare the present stage of evolving man to the geological moment 300 million years ago when the amphibians first evolved and chose land instead of water as their habitat.

Psychological Area

He compared the amphibians' newly discovered realm of air and the limitless possibilities of further evolution with man's recent emergence from the biological to the psychosocial area.

"Our feet still drag in the mud...but unlike those remote ancestors of ours, we can truly see something of the promised land beyond. We can do so with the aid of our new instrument of vision -- our rational, knowledge-based imagination," Sir Julian said.

He next outlined some of the obstacles in our evolutionary path. To overcome them, he said, we must "take our heads out of the sand of willful blindness."

Lists Obstacles

Sir Julian listed these obstacles as follows: The threat of super-scientific war, nuclear, chemical and biological; the threat of over-population, the widening gap between the haves and the have-nots, between rich and poor nations; communist ideology; the confusion of purpose in the West; the failure to recognize China in the United Nations; the erosion of cultural variety and the preoccupation with technology and quantity rather than creativity and quality.

These obstacles are symptoms of a new evolutionary situation in man's history and must be dealt with by means of a new belief system which must be developed in the light of "our new evolutionary vision."

Meaning Explained

By this he meant that the system must "think in terms of a process of change, development and possible improvement, must have its eye on the future rather than on the past, must find its support in the growing body of our knowledge and not in fixed dogma and ancient authority."

Although the system must be global and must transcend nationalism, man's thinking must also be concerned with the individual.

"The variety of individual personalities is the world's highest richness," Sir Julian declared.

The evolutionary vision gives man assurance of his own significance and shows him he need not be the helpless prey of vast impersonal forces but rather develop his own personality to discover his own talent possibilities.

Raps Equality Belief

The biologist-philosopher deplored cultural uniformity and the belief in human equality. Human progress, he said, stems largely from the fact of inequality among humans.

In Memoriam

It is with the deepest regret that we announce the death of Henrie Etta Klassen, the beloved wife of our Pontifex Maximus, Ben Klassen. She died of cancer, in her North Carolina home, on January 24, 1992.

With a warm smile and a kind word for everyone, she was a most gracious hostess, a beloved friend and a devoted wife. She was an inspiration and a source of cheer and comfort to all who knew her. She supported the work of her husband in the beginnings of Creativity in helping type the original material of the first three major books, Nature's Eternal Religion, The White Man's Bible and Salubrious Living. Her support continued to the end of her life.

She was born June 7, 1918, and raised in the Western part of Colorado, and her love for the Rockies remained with her for the rest of her life. Her wish was that her body be cremated and the ashes scattered in some of the most beautiful parts of the Rocky Mountains in Colorado.

Memorial services were held on Saturday, February 1, at which eulogies were delivered by her son-in-law, Dr. Walter Moore, by her daughter Kim, and by Mary Wimmer, a dear friend of many years. Henrie's favorite songs, "When its Springtime in the Rockies" and "Whispering Hope" were beautifully sung by Susan Stone, accompanied on the organ by Diane Moran.

The Memorial Services were held at the Collins-McKee Chapel, near Martinsville, Virginia, where daughter Kim and her family reside.

She was a great lady and a loving wife. We shall remember her forever.

White Over Black

Racial Greetings,

I am writing in regards to an article in the January edition of *Racial Loyalty* on Page 8, The Black Plague of Violence. Looking at the crime statistics really hit home. As I referenced in my previous letters, I am a former police officer from Palm Beach County, Florida. I survived ten years of my life on the streets combating niggers, muds, and Jews.

When I was 21 years old I became a police officer. I thought I could, and would make a difference. I learned early in my career that crime pays, and policework doesn't in our society's criminal in-justice system, influenced by J.O.G.

I've been on the scene when White victims were robbed, raped, assaulted and murdered. I know just how serious the black plague of violence is. I've dealt with criminal niggers who had no value for their lives, and much less for anybody else. I've been called every foul name you can think of, by low life nigger scum. I have been to court cases where Jew defense lawyers defend criminal niggers, and liberal Jew judges release them.

I never let my badge stand in the way of my heart during my career. My racial beliefs were always held in the highest regard.

The point I wish to make is, we Creators, through the Creativity Movement, must continue to mobilize, and not become the suffering goyim that the Jews would love to see, at the hands of the Black Plague of violence. This plague is all around us.

We must protect our rights, and go forward with our cause. Since I left policework in May, I've become active in the Creativity movement. I know a lot of White law enforcement officers who share my racial beliefs, although I also know the majority of them don't. They are puppets for J.O.G. One thing for sure, I don't have the daily stomach upset from dealing with my racial enemies, now that I am a Creator, committed to the Creativity Creed.

Rahowa!
With Warmest Racial Regards,
Jim W.
Florida

P.S. I've enclosed a copy of a poem I wrote in 1981 when I was a police officer in a nigger section of Palm Beach County.

A White Policeman on the Black Streets

As I walked down the all black city street,
I was doing my job, of a policeman on his beat
When there appeared a black glassy eyed junkey,
Who said "Hello you pig, White assed honkey"

I just stayed silent until the time was right,
Then I said "nigger, you and I are gonna fight"
He jumped up and tried to give me a kick,
I proceeded to beat him down with my nightstick;

With each blow he received, he screamed out in pain,
His tears wet the street, like summer rain.
He screamed, "You beatin me cause ah my black skin,"
I said "shut-up nigger, cause you're not gonna win."

As I broke my nightstick across his bloody face,
I yelled "You and all niggers are a damn disgrace."
Suddenly he pulled from his shoe a switch blade knife
Yes, then I knew I would have to take this nigger's life.

I pulled out my gun and started shooting,
As my third shot hit home he fell to the ground yelling
and hooting

"You done killed me," was his last cry,
I just smiled as I watched this nigger slowly die.

I thought, there are millions like him, I must confess,
But after today there will be one less...

Rahowa!

Did I print that loud enough? Today I turned 24 and I could not have received a better birthday present than the January issue of *Racial Loyalty*. It is inspiring! Thanks for sending it. Thanks also for the photocopied articles. From that and the letters in R.L. I can see that Creativity is taking hold all over the word.

I will never stop doing what I can for Creativity, for without Creativity, what hope is there that my daughter will have a Whiter and Brighter Future? Creativity is the one and only hope for White self-determination. Look at how far we've come! Already Creativity is "nipping at J.O.G.'s heels."

Anyway, lately I've spent a lot of time working, earning a whopping \$.12 an hour! If you refuse to work you go to the hole. I also correspond with family and creative comrades whose addresses haven't been lost while I was in transit. My appeal has been started and I'm awaiting a response from the county jail I was in, to my suit against them for depriving me of my religious civil rights. And in between all of that I have been researching military history and tactics and my Irish heritage. I work out and play sports daily and am cutting down my meat consumption to improve my health. I am doing what I can to have a Sound Mind in a Sound Body in a Sound Society in a Sound Environment!

Again thanks for the literature and letters. Please give a "Pat on the back" to all my Creative Brothers and Sisters out there for working so hard! Keep up the good work!

Words Getting Around

Dear C.O.T.C.

I would just like to let you know that my *White Man's Bible* is one of the most revered books in my house. In fact, it, along with a couple of other C.O.T.C. books sits right next to *Mein Kampf* in my bookcase, and is an integral part of my racist library. I have read my W.M.B. so often that the binding is starting to give on one spot. A few friends have ordered their own copies of the W.M.B. as they enjoyed reading mine so much.

Enclosed is a check for \$25.00 to cover the cost of another copy of the *White Man's Bible*, plus a copy of *Nature's Eternal Religion* and a copy of *Salubrious Living*. The balance of the check is a donation.

I look forward to receiving my copies of *Racial Loyalty* every month and encourage friends to read it also. For many years I thought that I was almost alone in my way of thinking. That was until I found Creativity -- now I feel that there is hope.

Keep up the good work!

Sincerely,
Theodore Barreiro

Looking to the Future

To Whom it may Concern:

I am a young, white, female student interested in preserving my race.

A few months ago my sister was attacked, robbed, and almost raped by a nigger on her way home from the mall at 8:00 in the evening. Luckily she was on her guard when she realized his race and managed to escape with only a few bruises and a small cut on her face. I am appalled that our government would allow such a thing to happen. I hope to raise a family of my own in the future but am wary to introduce them into a society such as the one we live in now. I want to be sure that my children will grow up free of the impurities of the mud races. This is why I am writing to you.

It is a comfort to know that with all the impurities in our world there are still people like you and your organization to defend our dying race. Thank-you for your time and service. I look forward to your reply.

Yours sincerely,
Alexandra C.
Canada

Dear Mr. Klassen:

I would like to start my correspondence by telling you how renewed, righteous, and motivated I felt after reading your publications *Rahowa*, *This Planet is Ours* and *The White Man's Bible*. Your writings have stirred passions and emotions that have been dormant in me for years.

Surely if the needed actions aren't taken now, the prospects and the future of the White Race are quite dim. True satisfaction would be mine if I knew I had played a part in countering the incessant tide of parasitic immigrants, the spreading cancer of Black America, and the secrecy and avarice of the Jewish financial world would be targets of my vigilance and vengeance.

I have spent over two years in college wondering if the time and effort will ever make a difference in the course of the world, and time after time, I have always come up with a resounding no.

I am 23 years old and have come to the crossroads of my life, I either undertake something I believe in or fade into the monotonous shadows that unfortunately cover so much of American society.

In short, I would like to pledge my allegiance to the Church of the Creator with the confidence that Adolf Hitler's dream of a Great Aryan Nation will someday become reality. Today's tired populations are crying for a new world order and I feel I owe it to my ancestors to continue Hitler's legacy.

Mr. Klassen, now is the time for action and as long as your movement is there as a vehicle for me, I will pledge my loyalty and passion. I am sure that I would prove to be extremely valuable to your organization, bearing in mind that I am well-educated, possess superior organizational skills, militaristic in mind and unquestionably loyal to the cause. A response from you would be greatly appreciated in the near future.

Sincerely,
Sean Moore

Higher Education

Dear Sirs:

Salutations! I'm incarcerated and anxious to receive your newspaper *Racial Loyalty*. I'm enclosing a check in the amount of \$10.00 in light of your special subscribers offer. Henceforth, please rush me your last issue as soon as possible. I look forward to furthering my education. I have been reading your newspaper second hand for the past six months and I think it is high time I had my own subscription. In the meantime, stay strong and keep up the good work. I applaud your efforts and condone your sentiments.

In faith,

South African Comrade

Dear Sirs:

I am a Boer, and member of the Boerestaat Party. I am also a member of the C.O.T.C. and I firmly believe that Creativity is the ultimate solution to the world's problems and not political approaches. I would, however, like to clarify some points which are not very clear to me.

Most of your books relate to the situation in America. Seeing that Creativity is dedicated to the White Race in general, I personally feel that putting Creativity on a broader basis so as to incorporate the White Race on a worldly basis and not on an American basis would serve a better purpose.

One of the defects of National Socialism was that it was for the Germans as such and not for the White Race in general.

Secondly you evidently want to ship all the negroes back to Africa, I would rather you get rid of them some other way -- we have enough of the bastards in South Africa.

According to Rev. Smith there seems to be a problem with the availability of *The X-Rated Book*, I would dearly like to get hold of one, could you possibly solve that one for me.

For a Whiter and Brighter World.

Yours sincerely,
Izak Bosman

Getting Active

Dear Comrades:

I am a member of the COTC and would like to find out more about the White Berets and also qualifications for Reverendship. Racial Loyalty gets better issue by issue.

It's great to hear Rudy Stanko's out, at last!
Keep up the good work!

We Have the Solution

Gentlemen:

I'm hopeful that you can assist me in getting more information on my vanishing race.

In Ontario the only group I've come across is the Nationalist Party and they have little, or no information apart from what is copied from the press.

I'm getting mad about being called a racist and a bigot.

All I want is that the liberal immigration laws get checked out and that crime "stats" include race of the victim and suspect/criminal!

Is this too much to ask? Sorry, I'm too steamed to finish.

Sincerely,
G. Clow

On the Frontlines

Dear Comrades,

I am an 18 year-old who was brought up as a "Catholic", but thanks to common sense and the White blood that flows through my veins, my heart is for Creativity.

Last week, my brainwashed parents sent me off to a confirmation retreat. I brought along my three Holy Books: *NER*, *WMB* and *Salubrious Living*, plus many booklets, stickers, and R.L.'s. By the end of the weekend, I had my whole dorm wanting to know more about Creativity and how to become an active member. I punched great holes through their "Bible" related questions and they were so confident in me they asked me to challenge the teacher. I argued my points across to this "major" of theology and when it came down to the bottom line he came across with the great cop out..."Faith." My friends, now with all doubt gone from their heads about Creativity, wanted to know how to join our Primary Group and keep updated on further information. I gave them all my booklets and R.L.'s and a stack of COTC stickers to plaster all over their Christian high school.

For Blood, Soil and Honor and a Whiter and Brighter World. RAHOWA!!!

A Light in Zoo City

Dear Sir:

I recently learned of your organization's existence, and would like to receive further information about your theories and your political ideas. Personally, I have a special interest in the White racist community. Please let me know more about your organization, and how I can perhaps join and contribute money. Do you have a newsletter? Please send a sample copy or catalog. As an educator myself, I would like to learn about your ideas and possibly use them in my classes, as I wish to encourage my students to investigate non-mainstream ideologies, and not to believe stuff just because they are told it is correct. I want to encourage them to think for themselves. Have you any suggested reading or pedagogical material for secondary school students? Thank you for your help!

Sincerely yours,
J.A.S.

Dear COTC:

I would like to thank everyone at headquarters for the pleasant stay earlier this month. What beautiful country! With Creativity being so powerful and precise for a religion, I felt friendship from the start.

Steve and Lou, how are you doing?

Back here recently, Aldermaniac Nigger McGee is back to pounding his war drum. Now, if he is not re-elected, his 1995 promise of murder and mayhem will begin in 1992. What a freaking Bozo! He's dying to become a martyr, and someone may just grant him his wish.

Enclosed please find a money order for \$100.00. Please accept it as a contribution for issues of Racial Loyalty. We will be spreading the Pontifex's word far and wide.

Until next time, RAHOWA!

Ready for Combat

Just a quick note to let you know I'm still alive and more interested in Creativity than ever. Over a year ago I wrote to you a few times, my first letter was published in R.L. Since then, many personal elements of my life collapsed.

I tried to bury my past and "fit in." I tried to see the world through "normal" eyes and found I was wasting my time.

Now, after this attempt, I am ready to dust off my Doc Marten's and march forward to victory and I'm proud of my six years as a skinhead.

I see the niggers I work with do half the work and receive more praise. I see the White Holocaust each night on the Jewsmidia. I see my ancestor's homeland destroyed and I am sick to death of it. We cannot put down the torch, I'm truly sorry I wasted this year.

Once again I am shaved for battle -- RAHOWA!
Enclosed is a meager donation, hope to hear from you ASAP. Your program will win.

Keeping a Promise

Greetings Racial Brothers,

I am an ordained minister with our church, and have recently (Oct. 4th, 1991) been released from the clutches of the Georgia State prison. During my stay there, I corresponded with you, Rev. Leach, and others, with promises of helping the church expand, and promote our cause by reaching out to others that need guidance. Well, now its time. I first want to organize a contact point and church so that all who may wish to correspond and meet with me may know how to do so.

Another Victim

Dear Sir:

I am a young White woman, who is trying to struggle through these hard times. My husband lost his job two years ago because his place of employment had to meet a quota of minority employees. He lost his job to a nigger. I have six children who I am trying to raise with good White values and morals, and I am outraged by the way the niggers are taking over the country. I am tired of sitting back and letting the Jews and niggers get all the breaks. I can sit back no longer! I want to join the fight against these evil creatures — they aren't fit to shine a White man's shoes. I feel very strongly about this. Please send me any information and support that you can. I need help. I promise to preach and spread the word of Caucasian supremacy. Let us put a stop to this disgusting race-mixing — White power will rule the land!

Do or Die

Dear COTC:

Racialist Greetings, Comrades! It is good to see your organization growing, as it certainly needs to. The wind is shifting, slowly, in our favor, as unemployment and racial polarization grow. We, as Nature's Finest, are either going to win what is rightfully ours, or perish into oblivion by the next generation. Our people are now facing economic hardship at the hands of the International Bankers, and unwavering criminal violence by niggers and Chicanos. Hell, our people now have to worry about contracting the deadly AIDS virus through ordinary sex, thanks to homosexuals, drug addicts and niggers in OUR nation! A growing percentage of our folk are beginning to see these threats as is! The big cities are crumbling and the economy is in shambles. More and more working-class Whites are starting to become outraged. It is now up to us to harness the angry White workers into a revolutionary force, do or die! The handwriting is on the wall, Creators. RAHOWA!

Sincerely,

No Klan Supporter

Greetings from Tennessee!

I have distributed all of the literature you sent me. I hope you receive a few responses.

Well, I made a big mistake last week. I went to the Homecoming Klan Rally in Pulaski, Tennessee. I have never felt ashamed of being White until last week. The Knights of the Ku Klux Klan leader *Pastor Thom Robb* would not let us say the word nigger or Jew at his march or salute with our right hand! He must want to be president and doesn't want to look like a Nazi. I was embarrassed standing up with the Klan in front of the towns people and *Pastor Thom Robb* making us look like pansies. I can assure you I'll never go to one of his rallies again unless I'm protesting it!

I've enclosed a copy of his paper and if you notice in the Letters section, he printed letters from a gook and a nigger, which he probably wrote himself.

To hell with his Klan group. With his attitude his organization will never do anything for our race! No matter how many members he has! RAHOWA!

You're Welcome

Dear COTC:

Greetings once again from Guelph, Canada. It's Jen, and I just wanted to thank you ever so much for sending me that wonderful sample package of literature. The Racial Loyalties and booklets were great.

Yesterday I went to Hamilton to visit some other Creators and I was absolutely thrilled when they gave me my own copy of the White Man's Bible. My friend Michelle and I give our gratitude to Grant Gabriel and Matt Riches for this. I've wanted a Bible for some time now and was just waiting to finish my other literature to order one, but thanks to them I no longer have to. Since I've come back to Guelph, I've hardly been able to put my Bible down.

I want to say thanks to you and the other Creators around here for showing me the way to a purer and whiter world. I am ready to stand up and fight in this Racial Holy War. Through Creativity, I am sure that we will win this battle.

I would like more literature and I was wondering if there is a catalogue that contains all of the COTC literature, patches, T-shirts, etc. If so, could I get one. I'm sure that my other female friends and myself will find use for it.

Thanks again for showing me the right way to a White world and I'll be waiting to hear from you soon.

RAHOWA!

Racist 'reverend' awaits 'holy war'

By BRUCE GOLDING
Gannett News Service

CORTLANDT — Jeremiah Yates is a racist.

A 24-year-old short-order cook, he is the local leader of the Church of the Creator, which authorities say is a fast-growing international hate group preparing for "racial holy war" to rid the world of Jews, blacks and other people of color.

"My racist views go all the way to the bone — my bones are white," Yates says.

Yates, who has tattooed his shaved scalp with a dragon and his limbs with racistist emblems, serves as a "reverend" in the church and leads a small chapter that spreads its message through the church's monthly newspaper, "Racial Loyalty."

Although Yates is a familiar figure to law-enforcement officers and white extremist-group investigators in the Cortlandt area north of New York City, police probes have not resulted in charges against him for church activities, which officials said have been largely limited to distributing the church's newspaper.

Authorities, however, warn of potential violence by church members — especially the young "skinheads" they actively recruit. They cite the case of a church

leader arrested in Poughkeepsie who is awaiting extradition to Florida, where he is accused of fatally shooting a black sailor. "People should not be lulled

into the belief that these people are kooks," says Danny Welch, director of the Klanwatch Project of the Southern Poverty Law Center in Montgomery, Ala. "They are really, truly dangerous people."

Last year, the Klanwatch Project counted 348 active white supremacist groups throughout the country, with a total membership of between 23,000 and 25,000 people. There also probably are 10 times as many non-active members and supporters of the various groups, Welch says.

"That's not such a small number when you consider the violence that accompanies so many of these groups," he says.

Walter Brooks, president of the Ossining chapter of the NAACP, urges community action to drive the group — estimated at 10 to 25 members — from the area.

"Who are we to say what these guys are planning?" Brooks says. "They have an ideology that says if you exterminate a Jew or a black or a Latino, you've done something good for God and country."

Founded in 1973, the Church of the Creator is an atheistic, racial religion aimed at organizing whites for a "racial holy war." From its 22-acre compound in the wooded hills of Otto, N.C., the church publishes books, newspapers and pamphlets that describe

a Jewish conspiracy to rule the world by encouraging non-whites to destroy the white race.

"We're not like the Ku Klux Klan — we don't run around hiding behind white suits," Yates says.

"Creators are out in the open. We're very obvious about who we are."

An April report by the Klanwatch Project said the church had followers in 20 states and eight foreign countries, including South Africa, England and Sweden. The report said the church had grown from 11 to 26 chapters in less than a year, although it provided no estimate on the number of members, which the church has not revealed.

Tom Halpern, assistant fact-finding director of the Anti-Defamation League of B'nai B'rith in New York City, says the church's writings are among the most vicious in print. "If their actions came anywhere close to their violent rhetoric, they'd be a serious threat," he says.

Yates was investigated this year by the Secret Service in connection with his now-defunct Creativity telephone hot line, said Special Agent Betty Conkling.

In March, the hot line called for the execution of President Bush for leading Operation Desert Storm, which the church wanted a needless war fought on behalf of Jews and Israelis.

ENGLISH Whites completely disarmed

Kmdt Keith Conroy.

The inevitable assault on White private firearm ownership has now begun and will not end until all Whites have been completely disarmed. I say inevitable, because any person with half a brain could have predicted years ago that the National Party/South African Communist Party/African National Congress Alliance's reforms would sooner or later have to deal with a Boer/White backlash, since the aim of those reforms has always been to gradually reduce the Whites into a state of slavery.

Some moron in the ANC has already stated that she is concerned

about a heavily-armed White Right-wing and the danger it could be to 'peaceful change'. If it is necessary to destroy a nation, the victims must first be rendered unable to resist. The ANC knows that the best way to start this process, is to confiscate private weapons. If any of our people have not woken up yet to what awaits them in De Klerk's 'New South Africa', then they deserve to perish. The BOG (Black Occupied Government) has given a whole load of reasons why it wishes to limit private firearms ownership and they are all lies. The truth is that the State wants a monopoly on firepower, to

avoid the inconvenience of severe White resistance, when power is taken from it by the Blacks.

De Klerk knows he cannot take away Umkhonto we Siewe's illegal weapons, as that would upset his colleagues, Mandela and Slovo, and derail the negotiation process (whatever that is). Furthermore he has been forced to confiscate privately-owned weapons instead, although legally armed Whites would not be a threat to the Government, if they trusted that government. Of course, events have shown that the BOG cannot be trusted with anything.

De Klerk, Mandela and Slovo are not in the least concerned about the preservation of a civilised society. This we can see from the present state of affairs. Their aim is to destroy everything good and decent and they fear that responsible people will not tolerate that. In that respect they are completely correct. The aware Whites will resist their own destruction and are set to become the BOG's worst nightmare.

Now that the finest example of Boer fighting spirit, Magnus Malan, has been reduced to looking after trees and has been replaced by the pink yuppie choirboy, MK will be subtly inte-

grated into the South African Defence Force. As soon as that is done, all 'private armies' (i.e. the Wenkommando) will be banned, and the disarming of the Right-wing will move into its final phase, because at present an armed Right-wing poses a threat to the 'peaceful transition to full democracy'.

My main point here is that to be disarmed, is to commit individual, cultural and racial suicide. We must fight to the last man and woman, and we must NEVER give in. Training is now more important than ever before. I therefore call on all members of the Wenkommando, the Afrikaaner-Weerstandsbeweging and indeed all other law abiding Whites, who still have the backbone to defend what they know is right, to swear a silent oath in the name of the survival of our own people, that you will NEVER, NEVER hand your weapons over to BOG, or any other authority. FOR ANY REASON, WHATSOEVER.

The President of the AWB has stated on many occasions that an unarmed White man in Africa is a dead White man. We are now getting very close to recognising the full truth of that statement.

Train hard and watch your backs.

Ventersdorp's Tshing township, about 100 miles west of Johannesburg, was the first flash point in the land war.

It had begun about 10 miles away, where more than 500 angry white farmers from across the country converged to launch an attack on about 80 black squatters at Goedgevonden.

Shortly after midnight, the farmers began to move into the squatter settlement, firing tear gas and beating residents with sticks. Four shacks were burned, and residents fled into the bush.

The farmers left in a convoy, their license plates covered with mud to prevent identification. No one was arrested.

"We've told Vlok," one farmer said as he left, "that if he doesn't get rid of them, we'll be back."

More militant groups include the Afrikaaner Resistance Movement, or AWB, for its Afrikaans initials, which believes Afrikaaners will soon have to fight the ANC. The AWB has an armed militia and training facilities, and its members wear khaki uniforms with a swastika-like emblem.

A dozen AWB members are on trial or in jail for attacking and killing blacks. One of them, Eugene Marais, was convicted of seven counts of murder and 27 of attempted murder in March for opening fire on a busload of blacks last year. Marais testified that he saw blacks as "animals" and "at the time, I thought it [the attack] was the right thing to do."

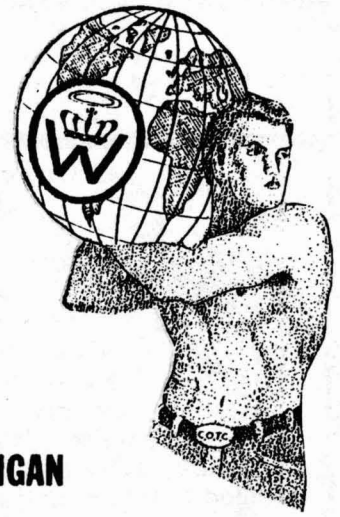

White Revolution — White Survival. . .

The two are inextricably linked as are we, by blood, to our South African kinsmen. Their struggle is our struggle, we must not falter or hesitate, we must do what has to be done.

Detached violence is... the type of violence a surgeon uses when he, of necessity removes a tumor that is obstructing the blood flow to a vital organ. It is a violence that stems from a MENTAL REALIZATION of the nature of a problem. It is beyond personal emotion. We must return to our instinctual nature which is programmed for survival. Get racially conscious or get devoured.

CREATIVITY NEWS FROM AROUND THE WORLD

Come out into the open

Editor:
Dear Mr. White Supremacist:
This morning I found a copy of "Racial Loyalty," your white supremacist newspaper, under my windshield wiper. I assume you people want to spread your message and recruit new subscribers to your paper and converts to your cause.

I believe in everyone's right to express themselves. I think we all benefit from open debate. To that end, I would like to invite you journalists to come out to the University Center sometime and open a subscription booth or give an informational lecture about your views of people you describe as "niggers, jews and mud people." You could even do a white supremacy play at the same location the Martin Luther King tribute was done. Just think of the attention you'd get!

You have a right to speak your mind. We're all here to learn. Please don't hide behind a post

office box number, come out and educate us. You don't have to sneak around parking lots at night anymore. Do interviews with the Kaimin, the Missoulian, the local TV and radio stations. If you are truly committed to your cause, you will jump at these opportunities!

I think that we'd all learn from your efforts. What better way to study sociology than to study terrorist-bigots like yourselves up close and personal? Come on out from under your rock and into the light, boys! David Duke led the way, now you can too! Heard any good jokes lately? Lay 'em on us! Just remember, we're not laughing with you, we're laughing at you.

White supremacists stage protest Hendersonville setting for demonstration on King Day

By Valerie Thompson
TRI COUNTY BUREAU
HENDERSONVILLE - On the day set aside to honor the slain civil rights leader Martin Luther King Jr., six white supremacists staged a demonstration in Hendersonville to protest the treatment of his killer.

The six demonstrators were vastly outnumbered Monday by about 200 onlookers, law enforcement officers and the media. Downtown streets were barricaded, members of the SWAT

team positioned themselves on top of buildings and police dogs patrolled the normally quiet streets while the crowd awaited the arrival of the white supremacists.

As they waited, the faint sound of King's voice broke a tense silence.

Heads turned. Someone - as of yet unidentified - was playing a recording of King's famous "I Have a Dream" speech.

Minutes later, the six demonstrators walked onto the courthouse lawn,

underneath a surveillance helicopter that circled overhead.

The demonstration protesting treatment of James Earl Ray, convicted of in King's 1968 murder, was without incident. Most of the 200 observers watched quietly, though some exercised their right to free speech.

"People are people. Grow up!" shouted Bruce Erb, one of the more vocal onlookers.

Racist literature appears at library

Shakopee police have received three reports of someone leaving white supremacy literature at the Public Library, 235 S. Lewis St.

According to Janet Williams, director of Scott County libraries, the most recent incident took place Dec. 3 when a copy of "Racial Loyalty" magazine was left on a table near the magazine and newspaper section at the library. Two previous drop-offs occurred within the last three months.

"This (reading material) is not something we have purchased," said Williams. "We've alerted library staff to look out for it. But there are so many people in and out of the library." So far, the literature has only appeared in the Shakopee library, she said.

Couple request racist vanity plate

Hayden Lake couple say they want to show their pride in being of Aryan descent

Associated Press

HAYDEN LAKE, Idaho - A northern Idaho couple have appealed a state decision after they were denied vanity license plates reading ARYAN 88.

"I am absolutely fed up with not being able to be proud that I am a white person," Deon Masker said. "I seem not to have the right."

Her husband, Richard, is president of the International Conspiratorial Association. He said he and his wife have tried "to combat the hate-white propaganda camp so she applied for

the ARYAN 88 plates. She and I are of northern Aryan, or European descent."

Richard Masker said his vehicle's license plates read NORDISH, which he said refers to his Irish and northern European heritage.

The media, he said, is "in collusion with the international Marxist-Zionist coalition, and it's done such a number on white race-bashing. I had to replace the word Aryan with Nordish. The press has vilified and slandered and demeaned the Aryan race."

Donna Putz of the Idaho

Transportation Department said the state would not grant the ARYAN 88 plate because it was determined to be "offensive and hostile and related to bigotry."

The Maskers flew to Boise on Monday for a hearing on the matter. No decision has been made, the couple said.

A representative from the Idaho Human Rights Commission was at the hearing.

"We confronted the state of Idaho Transportation Department and said if we were denied this license plate, they would be held accountable for aiding and abetting and for being an accomplice in a world terrorist conspiracy," Deon Masker said.

Richard Masker said he and

his wife are not affiliated with Richard Butler's white-supremacist Church of Jesus Christ-Aryan Nations, headquartered at Hayden Lake.

Meanwhile, between 50 and 60 racist fliers were placed on cars in a Boise State University parking lot Tuesday morning.

Ada County Sheriff's Sgt. Dave Stittsworth said the fliers, showing a picture of Adolph Hitler and advocating white supremacy, were placed on cars about 7:45 a.m.

Stittsworth said police have no suspects. He said witnesses observed "skinheads" placing the papers on windshields. He said he was not aware of any laws prohibiting the placement of fliers on vehicles.

Residents outraged by racist leaflets

HARPER WOODS - Residents said Saturday they were outraged by racist and anti-Semitic leaflets left on driveways of this Detroit suburb last week, purportedly by white supremacists.

The tabloid-sized leaflets were entitled "Racial Loyalty" and were touted as the "spearhead of the white racial holy war." Articles and cartoons espoused racial and religious bigotry.

The leaflets indicated that they were produced by the Church of the Creator, based in Otto, N.C., which has adherents in the Detroit area. Efforts to reach the group for comment Saturday failed.

as Max and later as Steve Thomas with the Macon County-based white supremacist group Church of the Creator, said Ray deserves a fair trial. Ray, "a downed white brother," was sold out by a "Jewish government" when he pleaded guilty to shooting King, Thomas said.

Thomas, 45, is accused of helping a fellow white supremacist get out of town following the slaying of a black sailor in Florida in May 1991. On Monday, he said he is the editor of "Racial Loyalty," a supremacist newsletter.

Church of the Creator founder Ben Klassen said in an interview from Macon County that his organization has "no particular connection" with Klan groups.

If Klassen's members were involved in the demonstration with the Klan, it may be the first time the two white supremacist groups

have hobnobbed in public.

Also demonstrating were Joel and Vicki Hubbard, both of whom claimed to be members of the National Knights of the Ku Klux Klan based in Stone Mountain, Ga. The Hubbards were involved in a KKK parade in Brevard two years ago.

Hendersonville Mayor Don Michalove said he was surprised, but pleased, that so few people demonstrated.

City Police Chief Donnie Parks said a "large contingency" of officers were on duty.

"It's something we feel like we've got to plan for - expect the worst and hope it doesn't happen," Parks said.

Hank Meyers of the North Carolina Anti-Defamation League said police and county sheriff's officers did an excellent job controlling the crowd.

Demonstrators left an hour early. Scheduled for 1 to 3 p.m., the demonstration ended around 2 p.m.

FAST
FORWARD:
Racism OK?

UM's hate speech code-in-the-making may have an interesting new twist to consider as white supremacists reached for new lows under the cowardly cover of Wednesday night.

Last week, apparently to commemorate Martin Luther King Jr. Day, literature placed by the racist Church of the Creator had to be removed from cars in a UM parking lot. And Wednesday night, the airheads struck again, placing copies of "Racial Loyalty" on cars in Married Student Housing.

UM Police Sgt. Dick Thurman said last week that placing literature anywhere "on campus" other than university billboards or kiosks violates UM policy. But, what would UM officials say if the white supremacists came forward and asked to hang their literature in admissible places?

Under the proposed hate speech limitations, the "Racial Holy War" proclaimed by the Church of the Creator could be considered fighting words, and UM could deny the racist idiots the right to hang their materials on campus.

Thus, the "creators" would be justified in distributing their hate messages—and exercising their freedom of expression rights—secretly in the middle of the night again.

We wonder if the conduct committee has imagined this scenario?

—Dave Zelio

The above is an example of how petty government bureaucrats appoint themselves "guardians" of good taste (read that anti-White bias) and step on our constitutional rights to express ourselves. Question: How many of you believe the Constitution still stands for what its architects intended? Every time White people turn around they are being kicked in the teeth. How much longer?

Cupid's Corner

One of the 16 Commandments of CREATIVITY states: "Be fruitful and multiply! Do your part in helping to populate the world with your own kind!"

Therefore, to bring eligible White men and women together and facilitate the accomplishment of the very important goal of White genetic procreation, Racial Loyalty has created a

"White racial match-making service" which is called CUPID'S CORNER.

There has already been considerable interest among our members in taking advantage of our CUPID'S CORNER in finding an ideologically compatible life-partner for themselves, and we have received several inquiries.

We invite all White readers of Racial Loyalty (and especially White girls and women!) to participate in the White racial match-making service by writing to:

CUPID'S CORNER c/o Racial Loyalty
P.O. Box 400, Otto, NC 28763, USA

- 1..Include a recent photo of yourself.
- 2..Give most of the basic statistics: race, ancestry, age, sex, weight, height, color of eyes and hair, health, overall appearance.
- 3..Brief personal resume: level of commitment to the pro-White racial activism, ideological / political / religious convictions, education, job, hobbies, interests, talents.

4..Preferences about potential life-partners of the opposite sex with whom the writer would like to correspond.

These are some of the items you might wish to cover in the initial letter, but it is not necessary to go into too much detail. Keep it short and to the point. The essential information of your inquiry will be added to our match-making master list.

The ultimate objective of participation in the White racial match-making service -- CUPID'S CORNER is, we hope, marriage and the founding of another White family.

The White racial match-making service -- CUPID'S CORNER is provided free of charge as a special service to all White subscribers to Racial Loyalty.

White Men and Women, be fruitful and multiply! Do your part in helping to populate the world with your own kind! Rahowa! This planet is all ours!

(Disclaimer: Racial Loyalty encourages all participants in the White racial match-making service, CUPID'S CORNER to use caution and sound judgement in evaluating potential partners. Racial Loyalty takes no responsibility for possible misinformation and/or mis-matches. "Caveat emptor!" Buyer beware!"

Important Note:

Dear participants in the White Racial Match-Making Service, *please be patient!*

It takes time and effort to develop a good match-making master list. The problem is that most of our responses are coming from men. But, we are sure, with time we will reach a more diverse group of eligible White people, not only in the U.S., but also Europe, Australia and South Africa.

way the likelihood of local response is greater especially if you stamp the paper in a prominent place so that it stands out from the text. Also, for about \$20 you can purchase a thousand business cards. Using the same format and logo we print on business cards from H.Q., you merely insert your local contact point and place them inside of R.L.'s or put them under windshield wipers, etc. I want to welcome all those who have joined us in recent months to take their place in the racial vanguard and wish you much success in your recruitment efforts.

Word has come to us from South Africa via France that the two young Creators who gave their lives in last November's shootout "did not" turn their guns on themselves to avoid capture. They did their best to take as many police with them before succumbing to superior firepower (two rifles against an armored car and machine guns -- J.O.G. spares no expense to rid the world of White freedom fighters). That's the way it is to be in our fight against the N.W.O. (New World Order)...no quarter given, none taken; it is a fight to the last man.

On the international scene there is much killing taking place in Germany as well as South Africa. Our brothers and sisters in the White racial movement are locked in battle with J.O.G. and it won't be very long before we have no choice here but to take up arms against our oppressors -- don't be caught sleeping. It is only due to gun ownership that the "Bushwhacker" has not pounced on us. They are still arming thousands of pseudo police for the eventual push against White freedom fighters. They will be the cannon fodder which will give our real enemies time to retreat to their bomb proof bunkers or to conveniently leave town while the carnage is under way. Well, when the smoke clears, we will still be here and we're coming for *you*, got that Jew boy!!

For those of you reading Racial Loyalty for the first time and who still refuse to recognize that this paper concerns you and your future, wake up!! All of us are victims of the same system, the one that rewards race traitors and seeks either to kill or imprison those of us who speak out against it. The J.O.G. would enslave you just as quickly with little or no provocation at all, just being White is reason enough. Let us not overlook this government plan for those military base "closings."

I would like to take this opportunity to announce my departure from H.Q. By the time you read this I will have returned to Zoo City, U.S.A. and the street war. I am leaving with the knowledge that everything is in the capable hands of our new Pontifex Rudy Stanko and Rev. L. DeWayne Durrence and that they will carry on without missing a beat. These past nine months have been a wonderful experience for me. A unique opportunity to serve the best interests of our race and contribute to the one movement that holds the key to White survival, the one movement the Jews fear most, **Creativity**.

It is the unswerving goal of Creativity to inform, arouse and organize the White race on a global level in order to combat these arbiters of doom, the parasitic Jew. Yes, that slimy, snivelling, whining, hook nosed, blood sucker in our midst...but not for long. The Jew will no longer profit from the sweat and toil of the White race unless of course, you are a Christian who believes the sole purpose of your existence is to grovel before these Asiatic mongrels. We will not contribute to our downfall with blind compliance to their judicial madness. It is these professional martyrs who thrive on the productivity of the White race and all the while, it is we who are the real victims of their *Holofoax*, and if they are offended by what I say, too bad, they'll just have to get used to it.

So get with the program -- it is called **Creativity** and the time is now. Well, don't just stand there, become a member and find out how you can make a difference.

White Revolution

Canada Awakens

Dear Mr. Klassen:

I am writing to you because I have read your White Man's Bible, and I look forward to obtaining my copy of such and your Nature's Eternal Religion. I've never had dealings with Jews or mud races before but I had the philosophy of live and let live. Your inspiring words have helped me see the truth and proudly embrace and promote the beauty and greatness of the White Race. I hope I can be of some help expanding the great word of Creativity, the only true religion of our peoples. My roots extend into the Roman and Germanic bloodline (I have traced my family tree as far as possible).

In Canada, our race is in great danger of extinction and I hope what small numbers of pure blood we have can be enlightened and informed. Our school systems (of which I am a student) are promoting highly dangerous teachings. I even know of a high school principle in my city that discriminates against the White Race (his own people)! He adamantly oppresses the Skinhead youths that attend there (of no choice of their own) their right to freely express their beliefs through the laces in their boots (Docs). He even openly admitted that he favors the minorities (muds) of his school. I would appreciate any helpful suggestions on how I could have this so called "learned individual" lose his job so that good White youths won't be influenced by his stupid "wisdom."

I would also appreciate any information about Creativity chapters in my area and if there are none how one would go about forming a church.

I would also like to point out one of my own observations about the Christian crap written in Genesis of the New Testament. If Adam and Eve were the parents of mankind that would make all the people on this earth relatives and, therefore, our relationships with persons of the opposite sex (homosexuality is unnatural and repulsive) would technically be incest. How revolting!

Racially yours,
Ray C.

We would like all of our readers to know that our mail is read with the intention of finding suitable material for our Brickbats and Bouquet column. This is probably the last issue of Racial Loyalty that will be published under my supervision.

Over the last 20 years we have solidly laid the foundations for the first genuine and comprehensive racial religion for the White people in all of its 6000 years of civilized history. Together we have come a long way in firmly planting its roots throughout the world. It will live forever.

After 79 issues I am tired and burned out, and am most happy to pass the leadership on to our coming new Pontifex. We are entering a new era and we welcome new blood, the younger generation with renewed energy picking up the torch and doing battle with a hostile world.

It is a war we will win. It is a war to the finish -- either we win the world for the White Race, or we will be an extinct species on this great and beautiful Planet Earth.

I want to express my thanks and appreciation for all the loyalty and dedication you Creators have given to the cause. Although at 74 I am retiring, my own support and dedication will never waver as long as I live.

So carry on, brave comrades. We will win, come hell or high water. RAHOWA.

Columbia skinhead chooses King holiday to spread hate message

By Michael James

While many people had yesterday off in honor of the Rev. Martin Luther King Jr.'s birthday, 18-year-old Christopher Lee Falk was busy into the early hours of the morning, delivering white supremacist newspapers to a community that takes pride in integration.

He delivered 1,000 copies to front lawns in his hometown of Columbia where, the self-proclaimed "skinhead" says, people should realize that "racial equality and integration are brainwashing tactics that hurt the white race."

"I'm proud to be white and I'm letting people know that I am. It's not a crime," Mr Falk said.

"Martin Luther King and the people who built Columbia, preached that you should be tolerant of people's views and beliefs. So why can't they be tolerant of mine?"

He said that opposition to his messages have come in the form of bricks thrown at his house, death threats, and most recently, his parents ordering him out of their Wilde Lake town house, no longer willing to accept his role as an organizer of a religious hate group.

We're not going to accept this kind of behavior any more. He's got to go," said his father, William B. Falk, chairman of the sociology department at the University of Maryland at College Park.

The newspaper, titled *Racial Loyalty*, is published by the Otto, N.C.-based Church of the Creator, which argues that blacks, Jews, Christians and "mud races" threaten the survival of whites. The church itself has been criticized by anti-hate groups for its violent messages and actions.

Columbia residents who received the paper were angry about the hate literature and the church group's efforts to distribute it in a community that prides itself on racial and religious acceptance.

"I realize this is a freedom of speech issue, but I don't think this kind of thing should be thrust upon people and left at their homes," said Linda Cronin, 50, a social worker, who received a paper outside her home on Windmill Lane.

Ms. Cronin, a Columbia resident since it was built in 1967, said she called county police "just to register my disapproval."

John Hansen, who lives on Beatrice Way and who is the Columbia Council representative for Harper's Choice, also received a paper.

"Don't these people know they're fishing in the wrong waters? Don't they have any idea what Columbia is about?" Mr. Hansen said.

But Mr. Falk said he has received numerous phone calls from supporters, and police say than cannot do anything other than report Mr. Falk's name to state officials, who compile statistics on hate incidents.

Both the teen-ager and the newspaper itself are protected under the First Amendment.

Mr. Falk said he and about 20 other people who belong to the church distributed the papers throughout Harper's Choice and Long Beach villages in response to Dr. King's birthday.

"It's an inconvenience for a lot of white people who could be working, and not wasting time celebrating a black communist," said Mr. Falk, who has the word "skinhead" tattooed at the top of his forehead.

"Columbia is our main target because it's so liberal and brainwashed."

Mr. Falk, who is the organizer of the Baltimore chapter of the Church of the Creator, said his group distributed 100 of the papers in Columbia on Nov. 15 and another 400 on Jan. 10.

The newspaper, which contains articles and editorials containing incendiary messages about ethnic

groups, is labeled the "Spearhead of the White Racial Holy War" and encourages whites to adopt a militant role in preserving their rights.

Mr. Falk who dropped out of both Wilde Lake Middle School and Howard High amid disciplinary problems, said he first became interested in the white supremacist cause while he was an elementary school student.

"We were living in Baton Rouge at the time, and I saw how bad integration was. I saw a lot of black people attack white people, and I knew I had to try and put a stop to it," he said.

Mr. Falk, who is unemployed, said he hopes more people will join the church and that Columbia residents will find tolerance for what he calls freedom of expression.

"Our weapon is truth," he said. "We plan to continue distributing the papers. It's become the most important thing in my life."

Mr. Falk's mother, Geraldine Falk, said she and her husband had given their son an ultimatum after the last time he distributed the newspapers: Either stop or get out of the house.

"We're among the people who moved to Columbia for equality and integration, and we think this is despicable," she said. "We still love him, but we just can't go on living with that garbage in the house."

Mrs. Falk said the family has been attending "Tough Love" counseling to try and overcome some of the problems caused by her son's involvement with the church, but nothing has worked, she said.

"We haven't been able to change him. You hate to have to put your kid out of his home, but I don't think we have any choice anymore," she said.

Racial Loyalty paper sparks concern in community

The distribution of the free monthly newspaper Racial Loyalty throughout the Essex-Middle River area recently has upset some citizens who immediately notified police.

What they soon discovered, however, was that the people who distribute the newspaper have a constitutional right to do so.

Members of the Church of the Creator say they believe in what they do and only want to spread their message of racial separatism and the advancement of the white race.

"Our religion is based on the lessons of history, logic, the laws of nature and common sense," said Rev. Frank, who wishes not to reveal his last name for fear of retribution against his family who still live in the area. "We are non-violent, but we want to be left to our own beliefs and not have to subsidize other people or nations."

A former Southern Baptist and Christian, Rev. Frank says that the media and educational system are to blame for brainwashing the minds of Americans and that he realizes that at first glance the paper appears radical.

People who complained to police about the paper characterized the monthly paper which heralds out of North Carolina, as obscene and offensive.

The paper denounces inter-racial marriages and is highly critical of Blacks and Jews.

"We do not believe that we have to sugar coat our views," Rev. Frank explains. "We feel the only way to see change is to be blunt and to the point dealing strictly with the problems at hand."

The Church of the Creator is protected under the Constitution.

"According to the Constitution, we have freedom of religion and the government cannot dictate what we believe," he continued.

The members of the Church of the Creator follow a series of Bibles: The White Man's Bible, Nature's Eternal Religion and Salubrious Living, the first of which was written in 1972.

Rev. Frank, who is 29, said he would not disclose how many members the church has because "if our numbers are small people will write us off.

Don't worry about how many of us there are, worry about why we exist.

"We put our literature out because we care and we are concerned about the disintegration of our country," Rev. Frank continued. "We feel we need to do everything we can by law to change things and that means distributing our literature under the First Amendment and we have the right to believe in our religion because the Constitution says we have that right."

Officer Diana Munson, of the Community Relations Unit out of Precinct 11 in Essex, said that citizens have the right to file a complaint against the distributors of the racist newspaper, but that no charges would be alleged against them.

"They have a right to distribute the paper and any report against them would be used for the purpose of statistics and as a matter of record," Officer Munson explained. "They are protected under the Constitution."

'Dozens' of white supremacists are active in city, N.C. man says

By MARY BETH MURPHY
Religion editor

Hate is the basic doctrine that inspires the Church of the Creator, a North Carolina-based white supremacist organization that has seen sporadic activity here over the past three years.

In the last few weeks, the group's Milwaukee-area ministers have resumed spreading the church's racist and anti-Semitic message on their way to creating a "whiter and brighter world."

A 24-hour "white survivor hot line" is in operation, with a recorded message that currently targets black Ald. Michael R. McGee. The message calls McGee a terrorist. Referring to McGee's threat to resort to violence if conditions for the city's blacks do not improve, the message says, "We creators will be there to fight against him."

Some southwest side residents have found Racial Loyalty, the organization's racist and anti-Semitic tabloid, on their doorsteps. Police are trying to determine who is distributing the paper, published out of the church's headquarters in Otto, N.C.

A city ordinance requires that any publication that promotes hatred of a racial or religious group must list the publisher's name and address and the person circulating it. The name of the latter does not appear in the tabloid.

The church, which recently lost its North Carolina tax-exempt status, is on 21 acres in a rural resort area just north of the Georgia line. The pontifex maximus, or leader, of the church is Ben Klassen, 73, a former Florida legislator.

There is no telephone number listed for the Church of the Creator, and Klassen has an unlisted number.

Klassen agreed to a telephone interview, although he questioned how loyal a white Milwaukee Sentinel reporter was to the white race.

There are "dozens" of creators, as the members are called, in Milwaukee, and "they're doing a good job," he said. Klassen doesn't give out specific numbers, saying the church doesn't add up its members.

"We're interested in the survival, expansion and advancement of the white race, nature's finest creation. It's our religious belief that anybody who is hostile to this attitude is a traitor to the white race," he said.

Klassen has been quoted as saying the best solution to saving the white race is to ship all its enemies out of the country.

"Blacks are all for blacks ... but if you're loyal to the white race, you're racist and to be despised. What's the matter with being a racist? Jews are the most fanatic race of all," he said. "We propose to educate, inform, arouse and organize the white race for our own self-preservation."

He is vehemently anti-Christian, believing Christians are dupes of the Jews. He prefers instead to follow the teachings of Adolf Hitler, whom he frequently quotes in his writings.

"Christianity is a phony Jewish creed that was imposed on the white race 1,900 years ago to soften up the white race so it can be exploited and confused and destroyed by the Jews," he said.

"Do you have any evidence there was such a person as Jesus Christ? Do you know of any writings of Jesus Christ? He never wrote a damned thing," he said.

The "mud races" — his reference to anybody who isn't white — pose the real threat to white survival, he said. Within this decade, a "racial holy war" will have to be waged to save the white race from extinction, he predicted.

Where will the creators be in this war?

"We will defend ourselves. What we do depends on how the enemy attacks," Klassen said.

When questioned about using violence, Klassen said President Bush launched all kinds of deadly weapons "to smash the hell out of Iraq" last year because it might be a threat to the Jews and Israel. Iraq hadn't done anything to attack America, he said.

"Do you call that violence or loving care?" he said. "How many people have we killed?"

Klanwatch in Montgomery, Ala., has cited a 1988 article by Klassen that said his church would employ "murder, treachery, lying, deceit, mass killing, whatever it takes to win."

North Carolina, for property tax purposes, no longer considers the Church of the Creator as a religion.

Klassen shrugged it off, saying, "So what difference does that make? They're controlled by a bunch of Jews anyway. It (the church) is not a political organization because it's our religious belief."

Its tax-exempt status was revoked in 1990, a decision that was upheld in November by the North Carolina Property Tax Commission, said Richard Lightner, tax assessor for Macon County, where the church is based. The church's land and buildings are valued at more than \$300,000, he said.

"It is clear that Mr. Klassen set it up this way to avoid taxes," Lightner said in a telephone interview. "It's like any other white supremacist organization. The only facet that made it different from other ones was he (Klassen) formed a religion."

Klassen said in his writings that the "best way to get around taxation and get the government off your back is to form a religion," said Lightner, who initiated the move to revoke the church's tax exemption in 1988.

The Internal Revenue Service, which also granted tax-exempt

status to the church, has been informed about the state's action, Lightner said.

The church clearly does not comply with IRS and state guidelines for a religious organization, but its charter was "rubber stamped" by both state and federal officials, he said.

Its ministers get their training on the church's rifle range, not in seminaries, Lightner said.

Klassen charges membership dues and does not recognize any charitable program "because they don't like to help the scum of the earth," Lightner said, quoting Klassen's writings.

Skinheads are prime recruits for the church.

Several young Milwaukee men with shaved heads come to the North Carolina church compound regularly to learn how to pass out literature and handle weapons, Lightner said.

Asked if members would resort to violence, Lightner recounted that a few years ago, some ministers put 19 bullet holes in a car that turned around in the compound's driveway.

Lightner said he has been warned by agents in the state Bureau of Investigation to take threats by the group "very seriously" and to contact the agents if he received any.

The church has designated a new leader, Rudolph Sanko, who will assume control as soon as he finishes his parole in Montana.

Sanko recently completed a six-year prison sentence for selling tainted meat to the U.S. government, Lightner said. Klassen contended Sanko was the innocent victim of a Jewish conspiracy.

The church's founder said he was looking forward to passing the reins on to Sanko — "he'll be expanding the membership and the influence and the clout of the white race."

Separatist periodical drawing anger

Kim Asch

After reading copies of a white separatist publication that turned up recently on their front lawns, many Fullerton area residents say they want to do whatever they can to keep what they call an "obscene" periodical out of the community.

Racial Loyalty, a free monthly newspaper circulating through northeast Baltimore County, encourages white people to remain racially pure and attempts to "straighten out people's thinking," its distributors say.

"I don't know what I can do about it," said Anita Bollino, president of the Linover Improvement Association, after she received calls from some distressed members. "I hope this paper can be stopped."

This is not an unexpected reaction, said the creators of Racial Loyalty, which urges whites to separate themselves from other races, most specifically black and Jewish people.

"There's a thing called 'white guilt,'" said "Rev. Frank," the 29-year-old leader of an Essex con-

gregation of Church of the Creator, an atheist white separatist religious group which puts out the paper from its headquarters in North Carolina. "We've been propagandized so much, that you're a racist if you don't go out and marry in the other races."

Frank, who would not give his last name because he feared retribution against his parents, said he gets some positive responses from people who have received the paper.

In fact, the media only hears from "busybodies" who speak out against the paper, Frank said, but "the ones who like it are going to take it and enjoy it."

According to Sean, a member of the Eastern Hammer Skinheads which helps distribute the paper, only white neighborhoods are targeted to receive newspapers because those are the people they hope to recruit.

Sean, who did not want to give out his last name, said his group mostly picks areas which haven't yet received Racial Loyalty, so it's not likely the same homes would get it frequently without asking for it.

"It does sound a bit hateful," Sean acknowledged of the newspaper he helps distribute because it is put out by another "pro-white activist group."

"We don't agree with everything, but there are some articles we like," Sean added.

Those articles, submitted from all over the United States and other countries, blame Jewish, black and asian people for problems with crime and poverty. Racial jokes are printed along with illustrations in the editorial pages.

"There's not a whole lot that can be done. They've got the First Amendment," said 6th District Councilman Bill Howard, who was contacted by Bollino.

Since the newspaper crosses state lines, Howard said, "I'll look into what federal agencies would be involved in investigating groups like this."

In addition, Howard said he would contact county Board of Education members and alert them that "kids might be picking up this garbage."

"If it falls into the wrong hands it can cause a lot of damage, especially

in a community where there's mixed people," Bollino said. "It could cause racial wars."

Rev. Frank said he does not preach violence, but rather condones "defending what's theirs," which includes stockpiling weapons and maintaining racial purity by abstaining from having friends who aren't whites of northern European descent.

Because they don't believe in a god, the organization observes no conventional religious holidays. So it has created a few of its own, including Adolf Hitler's birthday.

A toll-free number and a building in the Essex area will be established for the Church of the Creator within the next month or so, Frank said.

And the newspaper will continue to land on the lawns in the northeast area's mostly white communities. "We will (distribute it) forever until our message is gotten through," Frank vowed.

"The only way to stop us is to change the Constitution of the United States. With all the faults this country has, we do get some rights," he said.
