Prologue

THE EVENTS OF 30th June 2006 & its aftermath:

THE SOURCE-

The Thirty Year War Against the NSM

I AM AS YOU KNOW THE TITULAR HEAD OF THE NSM, Chairman NSM, appointed by Robert F. Brannen in 1983 after serving as Deputy Chairman NSM, due to his having sustained a major stroke and could not continue in that office.

I have sustained the NSM thru 1994 when I appointed Jeff Schoep as Commander Uniformed Divisions NSM & maintained my position as Chairman, there was no break of Command nor dispersion of same. I am still the Chairman of the NSM.

The NSM is divided into numerous Uniformed Divisions, sub offices and branches The Party Main Office is the NSM proper, intended as the umbrella group from which UNIFORMED members are recruited.

The PMO serves as the source of man power, general support and resources by which any organization has to operate, for without a large base of support no organization of this nature can survive.

There is an ad hoc DEPUTY CHAIRMAN of whom I will not refer or identify, for various reasons.

The NSM is designed per GL Rockwell's precepts and those based on experience of Adolf Hitler and any practical Revolutionary organization.

From 1974 at it's founding there has been an ongoing war against the NSM, facilitated by otherwise White Nationalists who are the minions of the two party JEWISH DIKTAT & knowingly have attempted to derail, sabotage & otherwise destroy the NSM.

The base for the creation of the NSM was in 1973 when, after stunning National successes by regional and local leaders, the previous organization which had succeeded GL Rockwells American Nazi Party, staged a tremendously successful BLITZKRIEG march, unannounced and unnoticed til it occured in Cleveland, Ohio formulated, planned and guided by Casey Kalemba, a capable & active leader in his own right. The March occurred during the 1973 Party Congress at which all forms

of security were in place to safeguard actual events, Dick Biederman was there, as well as numerous others I would become familiar with.

The actual Congress occurred at Ukrainian Hall, with well over 400 in attendance over two days. The March itself congregated in a local park at which uniformed and non-uniformed arrived. With no inkling what was to take place. State Leader Kalemba, Biederman, M.Koehl, erstwhile Nt'l Commander of that organization were there as well as numerous National Leaders from across the land. Joseph Tomassi being prominent amongst them. Assembling in the park, the Chief of Police showed up, the Mayor showed up and various other Jews! Confronted by a fait accompli, the Mayor grabbed the permit from Koehl's hands, who stood stunned, Casey Kalemba grabbed it back and told the chief and Mayor we were marching and there was nothing they could do about it, as it was in his name, and he could invite whomever he wished. (it goes without saying, that without his actions the party would have faced a severe loss of face!) At that point Koehl regained his head and told the Chief, if he arrested him, then all of us would go to jail, and they surely wouldn't want that to happen.

As a result we drove in convoyed with several trucks, flags flying and thirty plus cars in tail, with headlights on, until we debussed downtown, formed up into columns of twos and with banners flying marched for eight city blocks, with no interference but a stunned citizenry, to a park at which various leaders spoke for over two hrs. NO VIOLENCE, no interference, no trouble.

At the appointed time and place all vehicles showed up troopers and civilians boarded and to the cheerful sounds of WHITE POWER SIEG HEIL WE CONVOYED OUT

That was the highpoint of the previous successor to GL ROCKWELLS American Nazi Party.

Two days of speeches, lunch and events followed. During this triumphant event it followed that Joseph Tomassi was sacked, due to pressure from the Establishment who was bewildered by an upstart Nazi having taken money from the Republican Party in Los Angeles California to register Democrats for Governor George Wallace. When the Republicans reneged on the deal, Joe went to the Press. It made headlines, and was a major embarrassment to the establishment.

On top of the ongoing tet a tet with the LA officials, pressured by the Feds, Koehl caved in and demanded the LA property be turned over to the Party and sacked Comrade Tomassi. Joe was stunned as he believed and sincerely, that his show of loyalty would be proof positive that he stood with the "Commander". *(side note-information has recently arisen that individuals including Metzger, and none other than David the DUKE, Duke incidently began as a ersatz Nazi at the University of Louisiana and I have a picture of him in uniform, old news I know, but he created the White Youth Alliance, promoted by*

the NSWPP/ANP, of which I have a picture of him promoting and speaking in Free speech alley and wearing the red armband with sunwheel} and several others were intimately involved in this conspiracy against the NSWPP (old ANP) and contributed significantly to it's demise!)

For years subsequent to that many others followed in his wake, Allen Vincent in San Francisco, Casey Kalemba, in Cleveland, Offices in Philadelphia, St. Louis, Spokane, Florida, Kentucky, everywhere the ANP successor garnered success, the rug was pulled from under the local success of the activist idealistic Leaders & others, to the dismay, disillusionment and astonishment of the rank and file. THE SUCCESSFUL MARCH of 300 uniformed NAZIS being the straw that broke the camels back. The establishment couldn't believe it and the jews put out the word it had to stop.

The various pressures and intimidation of the weak M.Koehl, now served their purposes and subsequently is what emboldened Comrade Robert F. Brannen, Steve Love, James Mason, Myself, Clarence A. Brandenburg (*1) of the Ohio National Knights, Capt. Joe Tomassi, George Zapporalli, Heir apparent, Prince of the House of Lombardy, to establish the NSM as an alternative.

I am Charter member No.7. Chairman Brannen, known as the Cigar Smoking Nazi Locomotive of Cincinnati, was unanimously designated the Chairman. I held out for awhile, as I had subsequently moved, while in the US Army to Arlington, and became the Local Group Leader and part of Security for the headquarters. Leading numerous forays into all black Washington, D.C. and demonstrations as well as blitz propaganda kommandos, picketing, selling the then WHITE POWER newspaper of the old NSWPP (heir of the ANP) I saw what was happening in Arlington, held my tongue and remained erstwhile loyal til the straw that broke the camels back. My wife, was at that time working in the headquarters to help out with paper work. I appreciate the sense of gratitude and indemnification, by Mr Koehl but, otherwise, leadership of a substantial nature and quality was noticeably lacking. MILITARY EXPERIENCE is all important, unless you have a mentor or good military trained lieutenant.

I resigned from the Party and at that time became a full fledged NSM member and supported Captain Tomassi with advice and assistance in organizing the National Socialist Liberation Front. Based on experience fom history and advised that this was pre mature, as I advised Captain Tomassi. Shortly there after the NSM took off as many experienced and disheartened individuals were leaving the previous ANP group.

(1) Mr Brandenburg actually fought and won a landmark Supreme Court case involving the restrictions of distribution of political literature in and on the grounds of shopping malls. A real hard fighter.

Subsequently to this the White Confederacy a White Nationalist organization eventually composed of over twenty different organizations was formed, providing an umbrella group complementing this was the National Socialist Congress a group of NS's throughout the composed of independent NS's, organized groups and associated affiliates around the world. Amongst these were: NSDAPAO Gerhard Lauck, Frank Collins,. NSPA (Chicago) NSM, of course, with its numerous local adherents, White Power Publications of George P Dietz out of W. Virginia, Allen Vincent, of the National Socialist American Workers Party, Local Group Rockwell (NSM) (yours truly) The overwhelming response across the country was tremendous. At one point the NSM was sending out 1,000 copies of the NS magazine, besides the NSM Bulletin and had affiliates in 20 foreign countries, and over thirty five states. Unbeknownst to the general NSM Charter members, a coalition was forming at the instigation of individuals whose main driving forces were still tied to those which cause the defussion of the successor to the GLR ANP. Offering to publish the magazine at cost, the then WPPubs, then demanded the NSM hand over its' mailing list as payment for the at cost charges. Besides this, they had been publishing the previous predecessors publications and still had extensive ties to it, Matt Koehl had by then folded up, having sold all the properties he could lay his hands on, dismissing or discharging the vast majority of dedicated and loyal NS personnel and relocated to the woods of Wisconsin, better to propagandize and "educate" the AMERICAN PEOPLE, from hiding,

The NS Congress met in Chicago, in 1976 and there was an attempted "democratic" voting bloc to try to seize the NSM, lock stock and barrel. NSDAP-AO , Gerhard Lauck was part and parcel of this, with the incredulous attempted "democratic" standard that all organizations would hand over their membership lists to the then titular head of the NS Congress. Comrade Brannen and others saw thru this and flat refused to do so, immediately after which the over bloated charges for at cost charges for publishing the NS Magazine.

Subsequent to this was the famous Fountain Square Rally in 1978 in which the NSM and various allies not to exclude SS Security Services, a most vibrant and revolutionary street activist affiliate of the NSM and NS Congress thirty of us, stood toe to toe with 2,000 screaming, fuming, spitting yidish smelling apes of the worst kind.

INTERNATIONAL NEWS WAS OVERWHELMING!

And, we continued to grow!

Previous to this was a huge anti PR campaign by the establishment against the NS Congress, its growth, and the NSM in particular. The NSM was fingered in the French newspaper, Le Monde 1978 as the most dangerous NS organization since Adolf Hitler. The growth and support was overwhelming. Activism from all over the world, marches, meetings, propaganda campaigns, NS's, were everywhere. Almost not a day went by that the NSM, in particular received press attention, which only served to spread our name further.

I was appointed Deputy Chairman NSM in 1983, due to Chairman Brannen suffering a major stroke.

NSM Interregnum 1983-1994
(NSM Founding and subsequent events)

The Thirty Year War Against the NSM

After being designated Chairman of the NSM, which I never imagined in my life, I had to set about my modus operandi and look towards establishing it as an institution.

At this time I was working in a medium size Oklahoma city which afforded me normative quiet and a semblance of security. Although this was farthest from my mind, but which the vicissitudes of life allotted me.

I began by continuing the publications which I had inherited, namely the NSM Magazine and establishing several others, namely, the NS Nationaler; designed to further the International world wide NS Movement and publicize events and activities of all our brother NS organizations, in so far as the erstwhile World Union of National Socialists was for all practical purposes, dead, further I added another modest contribution named Social Justice, yes, drawing on the famous Father Coughlin of American Social Justice Movement, and also continuing the NS Bulletin and adding a refinement for internal usage only and instructions only, The NS Brief.

All these kept me going 24/7. In addition I added a White Power Message line which was an essential verbal adjunct to the propaganda tools that a Movement or organization has to have. One cannot rely on one means only but, all aspects of the total propaganda arsenal: spoken, written, literature Kommandos, "graffiti", and action. These are all essential elements necessary for the propagation of an IDEA.

The events of the next six years proved me right, and although I was hobbled by lack of finances, I was not hobbled by a lack of enemies, who, in the "wright wing," kept on the paces to do damage to the only organization that was not controlled by establishment sell outs.

Attacks which were directed at the old ANP and (NSWPP) were then guided towards us and the NSM, The typical panoply of personal, economic, psychological and physical attacks were commonly

up and down. Of the main events that occurred this period of time were the virtual closing down of the telecommunications system in my part of the state and subsequent newspaper coverage of the fact that a lone WP Message unit could cause so much havoc. I did not publish or promote the WPM Publicly but only in our erstwhile internal publications, I met the guidelines and was circumspect in my wordage and news! I had by this time volunteers on a local basis who came to me thru third parties and I utilized their voices for these messages in addition to my own.

The effect, obviously, was impact, showing that it was not just a lone individual, but, one who could draw on others to forward the IDEA!

The 'skinhead' movement took shape in north central and northeastern Oklahoma and I had occasion to meet with several of these leaders locally, and of course one name started to pop up, Tommy Metzger and Dennis 'the menace' Mahon. Whom I was later to meet, but, I warned the Local Skin head leaders, good young men and with inborn leadership, to be wary of these personalities. Low and behold, another story, it came to pass on the heels of the Metzger's, Portland, Oregon affair, a Fed Task Force was sent off to Tulsa to deal with these White Nationalists. On the heels of the OKC Alfred P. Murrah Building bombing. Subsequent events saw many of these growing 'Resistance Leaders', let alone their followers, youths, I might add wound up in Federal Prison, and of course, Metzger and Mahon were never to be seen, at this same time, remember Johnny Lee Clary the vaunted World Wide Evangelist and purveyor of wine women and interracial Miscegenation was active with the vaunted White Knights of Oklahoma. And, again never touched.

For all their vaunted guidance and maturity.

But, the "Skinheads" were having an effect, and to the detriment of the local establishments desire

to break the local homogeneity and cohesiveness of the white community. Crime rampant, rapes on the upsurge and this, also correlative to the press campaign to make Whitey feel guilty over the world renowned Riots of 28. The "Skins" were resisting and it was spreading, the Feds couldn't tolerate it and their string pullers insisted the "Skins" be shut down.

At the same time the NSM now headquartered in Oklahoma was making headway via media and individual members to maintain and grow, with the intent of spitting the enemies of the NSM.

Several major radio stations interviewed Chairman Herrington, communications from all part of the world expanding, and local harassment increasing.

I knew, however, that I needed to take the battle to a major metropolitan arena, based on my experiences in other areas, namely the national rallies that had been held with the NS Congress, the ANP (NSWPP) in Cleveland, and elsewhere, the Fountain Square Rally in 78, and the many many personal examples of Casey Kalemba of Cleveland, Joe Tomassi of LA, & hundreds of unnamed others, I determined on relocating to Minneapolis. It just seemed destiny was drawing me there for a multiple of reasons.

An incidental aside to this is how the US of Jews actually operates with significant positions either held by or directed by jews. When I departed my Oklahoma residence, I checked the mails and an individual there, who I knew and had recently been hired by the PO told me on the side, "You know Mr. Herrington, I like you and I have only been working here a short time, but, I have to tell you, The local PO Master ordered, literally, sacks and sacks of mail sent to your PO Box destroyed. They filled a small room!" Actually the answer I was expecting as we had numerous ongoing issues with non delivered mail for the past six years there. You can't trust a jew on his word nor a fox on the heath! So much for Free, democratic, liberty loving jews!

Be that as it may, in 1988 I relocated to Minneapolis, and began with the help of Mrs Herrington, a hard core dyed in the wool National Socialist, to get my footing.

We held several dinners to which all National Patriots were welcomed, with open arms. \$5 donation and all you can eat. Christian Identists, Minutemen, Klansmen, SKINHEADS by the score, Nazis, and of course your kosher provocateurs. Films, speeches and social intercourse, of course with good meals, laced with pork in everything, when announced for specific purpose, which had the effect on several of the non sincere types of making them run or puke as the case may be. East Saint Paul was a favorite venue, as this area was becoming infested with illegal Mexican nationals and the ensuing turmoil, which always accompanies "ethnic/racial" read-multicultural integrationist change.

I gathered several volunteer recruits around me, we started with stickers, of the NSM variety, and plastering leaflets in "metal town". This had the effect of spreading the word we were there, and also a warning. One individual who came to me, a long haired, aspiring be musician, who, was extremely troubled by his life style in the "little apple", one would never have known, but at one of our dinners, he approached me and wanted to talk. I let him talk, he told me about the opportunities he had with his band, a neophyte rock and roller of the heavy type, about the women being thrown at him, the booze, the drugs and the money. He was on the verge of a break.

I let him talk to unburden himself, as he felt troubled by all this. And deep down in his heart he relieved himself. I asked about his family, about his ancestors, about what he really wanted in life. I showed him we were sincere, truthful, idealistic and only wanted the best for our people. That we recognized the right of all peoples to exist without interference from artificial experiments.

He told me all the anti arguments about us, but the question still nagged at him. As his grandfather had been a General of the German Army, although he had been born in Holland. I told him to call me any time he wanted to, or just come and visit.

Low and behold, I was in a state of shock when several weeks passed and he show up at my door and I couldn't believe my eyes. It was him, this young man who almost passed into the material unknown and would have had money, fame and god knows what else.

Skinhead, black BDU's and shirt and boots!

I enrolled him, swore him in and we celebrated with a bratwurst and beer and then: went on a propaganda run, on a budget of all of five dollars.

His name was and is Jeff Schoep.

One of the first things I did was to show my growing adherents that demonstrating in Brown shirt and swastika armband could be done without fear of anything!

With video camera, still camera and a picket sign Support the PLO/Stop Jewish Terrorism! & our PO Box, so it could be read from across the street, I, alone picketed in front of the Federal Building for over an hour and a half. WITH NO INTERFERENCE! With cars driving by and tooting their horns in support, with individuals waving and Sieg Heiling!

This had not been done in Minneapolis since the late seventies!

Security is paramount, regardless of numbers!
The Blitzkrieg tactic is most important!

Plan!

Organize! Assign squads specific areas or point of rendezvous, only squad leaders need to know the preliminary assembly point; pickets signs always & hakenkreuz Party banner; have a purported passerby notify the media (have them listed) about twenty minutes into the demo

Security! only the leader and second in command needs to know the final destination; assign cameras and an innocent bystander with still camera; perhaps even have a reaction squad on standby headed by a hard core determined and trusted individual in case of trouble

Strike! designate a specific pick up time with trusted drivers or march to secured area; an hour and a half is generally considered good.
and away!

always but always have some form of celebratory post action function, in Cincinnati we frequently went to a couple of favorite restaurants in FULL UNIFORM and the reception was never ugly!

I showed my id to the Fed security and stayed on the sidewalk and marched back and forth, back and forth!

Additional recruits were won!

This is why I was moved to go to Minneapolis.

This young man.

I eventually appointed him head of the NSM Skinhead Div and he did not disappoint me.

He had the youth, the knack and savy to draw non uniformed White youth to our events and political demonstrations. Many of them! Organized as youth would be, friends, associates and phones.

It wasn't unusual to put out a call, just like Joe did in LA or Kalemba in Cleveland or Vincent in San Francisco and have dozens show up to join the action!

One, even in particular occurred at the Star Tribune. White youths were being accosted and beaten,

and girls molested in the schools. We, Schoep and I and one student rep went to the said school to hand a letter to the principal, we entered, they shuddered and the students walked out in protest of the school and their multicultural hypocrisy! and the Principal hid!

Ongoing with this we decided to picket the Star and SICKLE Tribune, at every event I had a still camera and a video for evidence. The call went out and with Viking Youth banners and Party Banner flying we picketed the said establishment for over an hour. Non uniformed white youths and uniformed party members showing the "integrationists" that there was and is White resistance!

We carried out regular week-end propaganda walks thru E. St. Paul, with banner flying and a picket sign, always and cameras stationed strategically.

Never a bit of trouble, except one time a van load of sodden WWII vets thought they would try us on and as we marched thru the Park pulled abreast but away from us, I told my compatriots to stay to the side, if anything happened take 'em out. I approached the van and had a few words with the vet, in an amiable way, but he wouldn't get out, Why you here? he said. In retort I said, What did you fight WWII for to have niggers and spics pillage your neighborhoods? He replied: well not to have Nazis in the world and I replied You won't have anything if these alien races have their way. At which time about the same as the passenger in the back started to get out with his shotgun, police arrived, queried us all and arrested the vets with their sodden palors and shotgun!

I am sure they won't forget that!

To which we responded by marching off! Swastika flag flying!

Jeff Schoep did not disappoint me, but he was harassed intimidated and worse. I myself went to his aid on a couple of occasions, when called upon. He lost his apartment, for showing a swastika flag in his window. He lost his girlfriend due to 'unofficial harassment' law authorities, put up to it by the 'kosher string pullers' he lost his car and his family threatened him. I myself during my sojourn in the 'little apple' had to move several times, I lost several jobs, all this due to living in the land of the free "kosher DIKTAT' of American democracy.

But, he didn't give up, I didn't and wouldn't give up and I WON'T!

One incident worth noting, the jewish penchant for illegal activities, is when I decided to go the PO to complain to Postmaster Frank and Inspectors about mail which never arrived. This was in 1991. As I approached my mail box I noticed a typically seedy looking short nefarious character seemingly hanging around, about 40-45 years of age, and an obvious rotund little sawed off jew.

I made sure he didn't see me, but I saw him check several boxes and then walked straight up to the NSM box and proceeded to open it. HE HAD A KEY! In our mail box! I complained verbally to and in written form to the above, mentioned individuals, to no avail. They sneered!

Well, I had already had them change the lock and got two new keys! Shortly after that the mail resumed! (But to this day, Postmaster Frank and his n'er do'els are still up to their questionable habits, as recently as Oct 2007 (2) an insured parcel was shipped to NSM Mpls, MN and low and behold the wrapping came back, "found on bulk shipping floor", please complete enclosed materials for search and claim! Well, hell will freeze over before anything turns up, I'LL WAGER!)

This went on for several years, including the addition of a WP Message unit which was going steady, as if they don't know you exist, how can they find you or help in the Cause? However, my health had deteriorated and I had subsequently appointed Jeff the Commander of Uniformed Divisions NSM.

(2) and this after my supposed resignation. see Events of 30 June 06 page 23 paragraph 7

I needed a break!

I moved from Minneapolis back to Oklahoma for a breather, and establish adjunct offices and needed support units for our continued activities. This is where Mr Billy "willy" White, ersatz jewish nazi, gets his tale as told to him by Dennis "the schemer" Mahon, that I fled Mn. due to involvement with a young woman. But, as was addressed, involved non other than two young kids, who had both been thrown out of their homes by real understanding "hypocrites" (as it were, I have more Christian charity in me than most of these "gaaaaawwddss chosenk" believers do!) of what was going on in their schools, who had sought refuge with me and my family.

So much for "believing a jew on his word or a drunk on his memory!"
Heh, Willy/Mahon!

As it were, Commander Schoep did wonders and sought out, with an open hand, support, of others of like mind. After twenty yeas of toil it had taken it's toll on myself.

The NSM is where it is at today, and continuing to march in line with the 'historical clock', an institution due to his efforts and mine in maintaining the idealism and fervent beliefs.

It is a threat! Was a Threat! and will remain a Threat! to the jewish multicultural two party DIKTAT as long as I exist and the Commander does not compromise with ne'er do'ells and sanctimonious hypocrites! (see 1994 to Present Page)

NSM 1994-Present
(NSM Founding and subsequent events)

Prior to departing Minnesota, I had appointed Jeff Schoep Commander of the Uniformed Divisions NSM.

Jeff has put all his effort into the NSM.

He succeeded in establishing a Web site for same, and believe me it was difficult.

With all the wheeling and dealing, having to do.

I appointed Commander Schoep for a very singular reason: his youth and ability to interface and form a transition line to keep a link with our History and establish the NSM as an Institution and the keep the fight alive, as my health has not been the best and looking towards the future.

Commander Schoep has tried with many formulations, constantly changing horizons and the liquidity and uncertainty and untrustworthiness of the many so called "wright wing" groups and individuals to bring us all together in the spirit of Racial Comradeship and Brotherhood for the benefit of our peoples.

He continued to have literature runs, sticker kommandos, attend meetings of other groups (including meeting Richard Butler in Hayden Lake, Idaho where he was attacked by a couple of anti -racist skinheads pretending to be 'nazis' adherents of Butler, (**ref- The Vaunted White Knights Part 5, pg. 32 last paragraph) and first and foremost by his own actions to serve as a leading light and figure to admire for others to follow.

He has been beset by the same vicissitudes and tribulations any human would be exposed to, as Adolf Hitler said, "If I am not vilified in the Jewish press on a regular basis I am not doing my job" and the very fact he has maintained his psychological balance is a credit. He has been physically attacked with a tire iron, shot at and his vehicle destroyed! Besides, the stress of operating a patriotic organization, constantly under attack!

Jeff and I kept in contact and I tried to re-establish a economic basis on which to further my goals of setting up support offices for the Uniformed Divisions.

Jeff attended numerous other "wright wing" meetings and continued his zealous activities.

I began to republish the NSM magazine again in 1998 when resources finally became available and then flew to attend the famous 1998 news conference brawl in East St Paul, which was attended by Comrade Allen Vincent of the erstwhile National Socialist White Workers Party.

That was what pushed the NSM into the limelight. As we assembled and convoyed to the Government Building in E St. Paul, a certain individual from Texas, whom I warned the Commander, was a jew, was put in charge of notifying the media and additional supporters who arrived late.

When we arrived at the location, a under fed jew miscreant druggie was waiting on us. The new media was already there, and this miscreant stole something from their van, low and behold the media was interviewing me, and this miscreant jew attempted to approach and stab me with a hidden knife, the media reacted swiftly when I told them he had just stolen something from their van and held the little kike bastard back.

The remainder of the convoy showed up and with flags flying we marched a few hundred yards to the Government Center.

While in column, that little miscreant druggie jew sucker punched me from the side by leaping a short wall as we turned into our positions, he did dislocate my jaw, and luckily as he was aiming for my temple, would have killed me, which I am sure was his intention. But, recovering as he made his getaway, I continued in the column and positioned myself on the south end of the 'picket line'.

Forming a literal 'picket' line. The 'reds' came swarming from all directions, they were organized and had been notified by the miscreant jew from Texas where we were. Flag poles swinging, fists flying, punches thrown, the media had a heyday.

For all of fifteen minutes Comrade Vincent tried to get succinct "word bites" that the media would record pertinent to the ongoing fight and why we were there.

Police, although with earshot around the corner, did not respond! Wonder why! Under orders- Didn't we hear that at Nuremberg? Which is true, particularly for Americans, as they don't want to lose their cushy little jobs! But, aren't we taught no to question orders, don't the jews do this to our military to this day? Doesn't it involve a courts martial if you do?

More "reds" were coming, using all weapons they had illegal and otherwise, the Comrade Unit Leader from Ohio, had to grab me from behind, as I did not hear the word to disengage and move out. He literally dragged me along as we caught up to the departing fighting column.

However he and I in company rear guard fighting, he collapsed under my feet and I stood over him, screaming at the top of my lungs, ceasefire, man down!

A little spic jewess responded by, "It's out neighborhood we don't want you here!" All the while, I was encouraging Ohio Unit Leader to get up, get up, observing the other vehicles were preparing, under attack to leave, he finally responded and away we went.

This was a question of literally fight and die or retreat to fight another day!

We fought our way two blocks to the cars and had to fight off attacks, which smashed several windshields. The gangs attacked our vehicles and several standing fights ensued outside the vehicles. But, finally we made our way, while several other independent comrades had approached from across the pedestrian bridge and were attacked.

Although, heavily engaged, no serious injuries occurred. And we made our way to a favorite restaurant in full uniform to relive the minutes of this event.

Suffice to say, even though I objected to the miscreant CI Jew from Texas handling communications, and I know he fed them the information where we were to be for the news conference, it was a necessary event. As it put the NSM on the map, again!

The coverage was heavy local, state and National and International.

We were on the move again!

The subsequent years have seen Commander Schoep enlarge the NSM Uniformed Divisions, in many ways: NSM Radio and TV, several e groups, a NSM Merchandise outlet, a white social networking site www.newsaxon.org, (which NSM enemies are now trying hard to undercut), numerous rallies and sallies, pickets by the score, leading up to Lansing, Michigan 2006 where, after numerous open handed symbols of friendship extended to all groups and organizations and seeing a couple here and there, and everybody wanting to be their own 'great' leader, with always one or two showing up in 'alliance' excepting a few, namely New Jersey Skins, the Connecticut Skins the Liberty skins and a couple of others, no one surpasses the NSM. And of late re-established the World Union of National Socialists, which went defunct under the old successor of Rockwell's ANP, establishing and will continue to innovate and establish secondary support offices; all for the succor, benefit and preservation of OUR VOLK!

Fighting for Family, Race and Nation!

And we still extended the hand of friendship to all sincere National Patriots.

But, when the NSM on it's own started showing a 50, 80, 100, 135, 200 uniformed and non-uniformed members on our own the establishment got worried just like in 1973 when the old ANP marched in Cleveland, Ohio.

It had to be stopped!

As Adolf Hitler stated, "action! action! action! If I am not villified in the jew press daily, I am not doing my job!" further, that the alliances with the Black Front, namely pseudo nationalist groups in the end do not pan out. **AS THEY PUT TOO MANY DEMANDS ON A STRONG, VIBRANT, AND HONEST ORGANIZATION!** We have to go it alone and by our own sincerity and devotion and willingness to sacrifice to **SAVE OUR NATION and People!**

"Neo CON" talk heads, events of 30th June 2006 & the ABYSS APPROACHING!

I have held my tongue, not for want of anything to say for practically a year, however, this was not done because of any guilt, which I will never accept. But, to let chips to fall where they may and the smoke to settle and the dust to clear. I have always maintained as a National Socialist moral integrity, model behavior and honorable character. I have been loyal to and never a member of any other group except as a National Socialist of the ANP of Rockwell and the NSM. I am not an egotist, but, I do recognize abilities, not only in others but in myself, and also recognize the lack or want of same in others.

Admittedly, one individual is not the whole story, as I have always told everyone whom I came into contact with, but I have maintained as a historian, that individuals of certain gifts and powers and abilities must be cared for, nourished and encouraged.

I, for one have never compromised my character honor or integrity, and have never, as opposed to others, sold mailing lists, compromised with the jews or legal authorities, but by my steadfast integrity stood my ground. AND I HAVE NEVER PROFITED FROM MY POLITICAL ACTIVISM in any form!

That being said, let the chips fall where they may.

1.) The NSM has been on a roll, presumably it still is, but in a lower profile but, significant manner, FOR NOW. This always poses a threat to the establishment and it is always, the jewish two party diktat, on the look out for these renegades! History shows it!

2.) the events of April 2006 and June 30th 2006 were preceded by an unheard attack on NSM members who openly challenged all in attendance at NordicFest to activism. Their answer was an unprovoked attack on Comrade Boswell of Missouri, who shall be remembered by me forever as a Loyal Aryan of tremendous courage, by erstwhile "white patriots" 'Social Vinlanders' who claimed they were insulted by those remarks, which smacked to them of indicting them for "non activity on the streets" which in fact, they, the social clubs were and or are guilty of.

For how can one create an army for the time of need, (*unless you are one of the leaderless resistance crowd? and what have they ever done except attack nonntities of no importance in the colored communities?*) when one is not recruiting those of stalwart and strong heart by actively opposing the enemies of ones peoples as a beacon for the rest of the citizenry to admire and follow their example? Ergo, attacks, thru the safe haven of the internet armchair warriors was initiated on significant leaders of the NSM and then

indirectly on our families. These attacks followed the same routine as always, and always on those who were in fact being effective. These attacks stemmed from, one, a religious source, otherwise known as the CI (*religious independent council, more on this later*) headed by the son of a known jewish rabbi in Chicago who was and is feeding monies to otherwise broke CI independents, chagrined by the work of, yes, and I make no apologies, MY WIFE, in her organization and which is her right, as A WHITE AMERICAN CITIZEN to propound, and puts the onus on the target, as it always should be, the JEWS!

I myself have never been religious, albeit I recognize the need for A GOOD MORAL STANDARD by which a people's must function. And I might add, are we to presume that our people did not know right from wrong or have a moral code before the advent of the International Jewish Religious Oktopus which claims that their "gggggaaaaww-wwwwdddddd gaaave deem deee woor-rlldd!" ?

I think not! But, when it came to preservation of our peoples, Our Pagan forefathers, they stood well against the physical attacks, but, had to be seduced by an erstwhile "appealing" do gooder form of moral demoralization and weakness. We retorted in kind, but would not be enticed into defending our selves or our families by exposing them to the internet attacks let alone possible physical attacks, by being provoked into posting their pictures or identities to prove the ARYANNESS! We aren't stupid!

3.) The April meeting came and went and it was a great success, the NSM was ON A ROLL! And presumably still is. The Lansing Rally was a resounding success, so much so that the Commander was overwhelmed. The attacks escalated as a result and the NSM was featured around the world. One item of particular note was the hebraic subtitled and handsomely done post of video which showed significant individuals of note, and pertinent parts of their speeches, and who subsequently came under horrendous attacks. This alone showed me who were the Party stalwarts that were felt to be a threat to the jewish two party Diktat! The attacks continued and personal attacks in particular against myself and Mrs. Herrington, reached heights to which I have grown to expect, but not physically.

These continued with an internal campaign directed by several individuals. However, several individuals whom I have had dealings with over the past decade, and showed their colors, were in attendance at Lansing, and were just as easily not identified on this piece of prima propaganda, whose intent, in fact was to HEIGHTEN THE JEWISH SENSE OF THREAT and solidify their ranks in face of it! Not since 1974 had so many openly uniformed and non uniformed National Socialists and National Patriots gathered to show their opposition to the establishment DIKTAT.

Of these individuals namely Hal Turner Turnstile, was in attendance, who has expressed his abhorrence of National Socialism, let alone the HONORABLE AND GREAT symbol of our Volk, the SWASTIKA! for many years and professes a sanctimonious form of

"CI" hypocrisy, but, who is one of the most avaricious, egotistical, dishonorable and lying individuals I have ever known, and was allowed to speak, of course this was because of an ongoing deal to air NSM materials via his radio station, (*shades of the White Power Publications conspiracy against the NSM in 1978 NS Congress conspiracy see below*) for which payment was deferred (conditionally of course!) His acrimony to me, at least part of it, besides being a "NAZI", was because I dared have his portion of the speeches censored, due to the nature of it potentially being used by the Feds against the NSM, which I might add was indeed provocative in context.

As it is, he is a personal associate of William (Bill) WHITE (Weisz) of Norfolk, Virginia, a halbling of jewish extraction & erstwhile self made millionaire thru profiting on lower income whites and frequent evictions of individuals, many, not for want of cause, however, but none the less a close associate and in constant touch, as both were utilizing each others facilities. A gaggle of more opportunistic individuals forming could never be found. And Colonel Tim (Timothy) Bishop (known in WEISS little jewish run pseudo (ns of jews org) as BISCHOFFSS in his email group. Who is also a close associate of Johnny "the rebel" Lee Clary, erstwhile "judaic-christian evangelist" who makes no bones about his drunken womanizing escapades and being treated so well in his forwarding of the jewish international Imperialism! and thinks he can ostensibly smooze his controllers! More on him later! Another individual who has maintained a "presence" thru collectibles and memorabilia, Gerhard Lauck, of Nebraska, was involved in an attempted take over of the NSM in 1979 when George P DIETZ , Matt Koehl of the old NSWPP (now the New Order since 1979) catchy name huh? shared by Gerhard Lauck, tried to back the NSM and Mr Robert F Brannen (then Chairman NSM & cofounder with yours truly) into a corner with the same form of financial (you owe us, black-mail, to name just one form it took!) At any rate Mr Tim Bishop has maintained a close relationship with both Hal Turner Turnstile and Gerhard Lauck and of course Mr Bill WEISZ, of recent note. This internal campaign was directed by an individual from Spokane, Washington, who, surprise, surprise, years ago tried to join the NSM, in the eighties, but I refused his application, because of his obvious jewish features. He subsequently became the so-called chief of staff of Mr Bill WEISZ! Surprise, surprise.

4.) Un-beknownst to myself, another campaign was under way headed up by this same individual from Spokane as the spokesperson for the above clique.

5.) The 30th June came, the attempted murder by bomb of myself and Mrs Herrington, the leader of a competitor religious viewpoint, for all practical purposes and the gnat in the jews ointment of our ancient forefathers ancient pagan beliefs, irregardless of the slanders and pygmy minds 'pre conceived perceptions", which was and still is bringing hundreds of ARYAN VOLK to the message of National Socialism, thru the use of the truth, and which the jews could not stand thru their little jewish run "Independent CI religious council" out of Chicago. The was preceded by weeks of attempted car wrecks, side swiping and pacing of ourselves, as we were both, and sometimes not in the car

together, but when my children were in the car as well. Three crashes in which the other parties attempted to or fled the scene and witnesses told the police were at fault.

Be that as it may, we went to Walmart and entered for all of twenty minutes and upon our return to our vehicle, I saw the wires of the device which was hurriedly placed. The "bomb attempt" (see Bomb Attempt 30 June 06 url pages 1 & 2) and ensuing media attention in fact made several papers and was on the evening news here and low and behold actually made the news in Dacca, Bangladesh, in Inqulab newspaper.

On that same evening a blog on the news event was posted on the Tulsa Worlds web site, in which the following question was made, 'do you believe that such events as this attempted bombing should be covered, since it involved "hate groups"?'

When over 75% of the 300 + posts were in the positive the link was suddenly severed and no comments were allowed. WHY?

6.) Following on the heels of this, the campaign internally escalated against me and the fact of my relationship with Mrs. Herrington was brought up, and the bombing was pooh poohed by Bill WHITE, and Hal Turner Turnstile, and they attempted to turn the event into a "Herrington did it" thing, trying to smear my character as a media hound, (WHICH I AM NOT) including the fact of the PO Box 8226 (business relationship WITH JOS, which we share-of course I know the downside to this & it was being researched, as we all know no one household may have more than one PO Box) It was demand-ed of me that I sever that link. well, I thought, If I do and what I suspect happens, then how will those to whom I have a relationship contact me. And my ability to defend myself and the NSM in general will be null and void! I FLATLY REFUSED! I was removed from the nsmworld email group as they had failed to kill me and Mrs Herrington and in this manner. I couldn't respond to the attacks against myself, since their failure to kill us! It was then made known that I had been heard on a three way conversation with the commander, by non other than Colonel Timothy Bishop, *3 to me personally as admitting various and sundry slanders which Bill WEISZ had posted on his web site, and other slanders which have been quoted on no other sites except the ADL & SPLC web sites , were bits I had fed Bill willy WEISZ, intentionally, AND NOW I KNOW MR WEISZ, they came only from you! about myself, namely that I was a "child molester" and had improper relations with a sixteen year old in Minneapolis, patently not true, but based on another incident involving two other people who were kicked out of their parents homes for their NS beliefs and put up by myself in my home as they had no place to go *4.

And this has since been putted around and based on nothing but jewish hysterical imaginings to the age of thirteen, and for which I supposedly fled Minnesota, as related by Mr. Thomas the Leaderless Resistance hero Metzger *5 and Mr Dennis Mahon, Lt. to Metzger, whom I had befriended years ago and told him the sordid attempts against myself and the Commander, which he readily spewed forth in his drunken "leaderless resistance stupors" convoluted in his foggy memories as related by Bill the jew WHITE and Johnny the "jewish

**3 (alas a close associate of the evangelistic espouser of jewish moral integrity and uprightness, and enslaver of gentile minds, let alone seducer of innocence, in his drunken jewish provided luxury, and friend of both the following individuals and who was head of the White Knights of Oklahoma and in whose position he turned in numerous skinheads who, believing they were in the presence of faithful trusted individuals bragged in a alcoholic loose moment their deeds, to which Clary returned their confidence of their bravery against innocent individual minorities by turning them into the authorities, (as related by Mr. Tim Bishop.)*

**4- (as for morality, my giving them refuge was the height of so called 'christian' charity. and to be accused of such an abomination is the lowest of slanders!)*

**5 - (who I also refused to allow on the steps with us in Lansing, and to this day on the heels of the Portland, Oregon law suit still shares his mailing list with the ADL and gets to keep only one dollar for every five he gets! of course, for which he justifies, as ordered by the court, however, I might add if you believed so strongly in your leaderless resistance, then why didn't you take the rap, refuse to compromise and go to jail for awhile, YOU'D HAVE BEEN A NATIONAL HERO!)*

defender" Clary *6, including our telephone # and residence. Which, I MIGHT ADD, one other individual had in his possession, Mr Timothy Col Bishop *7, and the Commander, but the Commander can be scratched off as the source of the street address, I am sure! This then was followed by a demand by Mr Turner Turnstile, remember, he had an ongoing relationship broadcasting NSM videos and speeches, (supposedly at cost, but defered) that I resign, *8 and virtually close the PO Box. Fat chance, it was also interesting that during this period of time our home phone was down for days and weeks and up and down, (and not for lack of payment) in addition to my email and Mrs Herringtons email boxes and address being tampered with and closed down on occasion. Now you tell me this was not a concerted effort on the parts of the powers that be! A conspiracy!

In answer to those who say, what? Follow the trail- **Bill White and Hal Turner. Hal Turner close associate of (CAH-Citizens against Hate) and Tim Bishop (erstwhile aide de camp to Butler) - close associate of Johnny Clary and friends of Gerhard Lauck, and associate of Timmy "collector" Bischoff and close associate of Tom Metzger and Dennis Mahon, - and all of them previous and past enemies of the NSM!** incidentals to this two non entities- Jim "ramm" sunglass wearer at rallies and Mike Blevins (aka-M.Bluvins, an attempt at 'germanization")

7.) Subsequently it was related that I had resigned, which I had not, Then retreaded that I had to take a leave of absence, which I did not, then that the office of chairman would not be filled. Well of course, the head of Uniformed Divisions cannot fire, remove or replace the Chairman, seeing as how the Commander of Uniformed Divisions was appointed by myself (for which I have a copy of the appointment in my personal possession)

**6 - (who subsequently posted the most atrocious and disgusting attacks and imaginings about Mrs Herrington, and her religious rights, and me personally, let alone attacks on my ARYAN*

CHILDREN and our address, being posted on Clarys (love thy neighbor web hate site) as well, (not that we gave a horses patut!)

**8 (otherwise known as BischoffSS in Whites little fake jew led ersatz NS group)*

**7-(interestingly as an offshoot of a demand by the, CAH Citizens against Hate web site out of Pa or Philly, to the effect "dear Hal: You told us a long time ago you would take care of the JOS of Mrs Herrington, that we have refered to before, and the fact Mr Herrington and her religious groups share the same PO Box, What are you going to do about it, Hal?} I have a copy of that web site post & links)*

{I might ask rhetorically, why are the jews so interested in denying the JOS web site access {as they are currently trying to do in regards to WHITE ORIENTED web sites, in Australia and have in European countries, thru adl (jew) supplied filters, likewise in our libraries} to the thousands, of not just whites, but non whites , what do they really fear, and a web site which is awakening tens of thousands of whites every day to the NS beliefs, I answer: it is the fear of the truth!}

and is head of the Uniformed Divisions only. AND WE HAVE BEEN GOOD FRIENDS AND COMRADES, AND WILL REMAIN SO!

I have never ever had an issue with the Commander, for we have been bulwarks to one another! But who did have an issue with us being mutual bulwarks?

The PMO, or Party Main Office is the NSM, as an umbrella group over the uniformed divisions, designed to accommodate individuals who for one reason or another cannot directly, uniformed or otherwise, participate in "uniformed ns activities" but, forms the bulk of the Party and pro-vides an infrastructure and support network in the general population. And is the basic non uniformed base for the NSM Uniformed Divisions and has many many uses. Those of military, political and historical experience understand you cannot have a successful organization unless you have such a system in operation.

8.) At this time a multiple attack was made on the overall leadership of the NSM and its major activists. *{which continues to this day by means of all coin-tel ops including mis-information and direct interference, breaking into homes, jimmying PO boxes, and the local extra legal jewish organizations are not above acting "independently" of legal status, ie- criminally,- -shades of the ADL/SPLC actions of the 70's attributed to the FBI, but what do you expect when the Homeland security and Justice Depts. let alone individuals of the jewish persuasion hold positions of authority?}* Individuals of known repute and activism and loyalty were being indirectly or directly attacked, by guess who???. One guess only! **One major attack, was the threat, intimidation and demand that NSM Records be sold to unknown parties**, as it was and evidently still is having a major impact besides providing needed income revenue so the NSM could maintain itself as an independent entity. And Mr Turner Turnstile demanded my resignation and the payment of defered charges for airing NSM programs.

9.) Since then I have formed the NSM (PARTY MAIN OFFICE) which had been in consideration for some time, under the rubric, which has been used in previous years, of the National Socialist Freedom Movement. EMAIL group, as a web site attempted for

such purpose or otherwise were just as decisively removed and denied by the powers that be. Why?

I'll tell you why, BECAUSE I CANNOT BE BOUGHT and am not compromised by my personal history, ir-regardless of Johnny the 'bishop' Clary's ravings!

THATS WHY!

And I did not denounce Mrs. Herrington, I did not denounce Commander Schoep as they had hoped, I don't give a damn if you worship a rock or a cockroach, it makes no never mind to me, but, those of shallow mind and pygmy intellect who can't see thru the charades and pantomimes of erstwhile "believers' IS A LOST CAUSE!

Because what good is a 'religion' if your people who created it are destroyed, what good is a constitution, which your ancestors created, if your people are destroyed?
FREE YOUR MIND, YOUR ASS WILL FOLLOW!

As Joseph Goebbels, Julius Streicher and ADOLF HITLER STATED, we are not here to perpetuate a false religious history or belief, but to CREATE A NEW SPIRITUAL MAN! For a new era free of jewish imperialist domination, not just for ourselves, but for all nations, THRU RACIAL NATIONAL SELF DETERMINATION---- RAHOWA!!

10.) Since that date, I have observed a slow but, inevitable heightening of the jewish fear factor. There have been growing individual spontaneous and non directed attacks in various modes, the JOS is still growing as a conduit for ARYAN (White) self consciousness as well as awakening the latent "colored" races knowledge of the centre point of the problem (*As I have always taught my NS comrades, focus on the source, not the carbuncles and you will win!*) and how the jews use them for their own gain, DIVIDE AND CONQUER STRATEGIES! as opposed to others, whom you might guess, whose constant refrain, it's the niggers, it's the Mexicans, it's the Muslims, what a load of crap.

The greatest strength the jewish international Oktopus holds over all nations is the spiritual! How, why should one of any race 'worship' as a center piece a religion whose central tenet is the jews are the chosenk of ggaawwdd who hid his face in a cloud? Why should any race, which is the creation of nature, have to fear another religion or group who in their enforcement of control of knowledge wields the sword and applies censorship in order to enforce its hegemony? Just like the Middle Ages, known for the Dark Ages in which knowledge was suppressed and the world was flat and the religious dogma of the 'Roman church' was enforced and administered by mostly jewish popes WAS KNOWN BY JEWISH AUTHORS AS THE ERA OF THEIR SALVATION, and when the mass of the people realized they couldn't kill them all, silence them all or jail them all, there was an awakening and the bought kings and aristocrats realizing they couldn't constrain the people, began to expel their jewish exploiters and then, and then the new

era, THE AGE OF REFORM and the Renaissance, became known to the jewish people as the end of their SALVATION!

(However, we know, you know, that if we solve the jewish problem we can, with a healthy demographic and social and immigration policy handle the other issues! like wise our compatriots in their own nations!) Like wise the Iraq escapade, has shown the lie of the establishment and its reason e'tre. The American people, are now and have in the election shown their disgust for liars and hypocrites, the jews are affrighted, illegals are pouring into the country the DEMAND FOR WITHDRAWAL from Iraq is reaching points never thought possible just a year ago, and the ongoing insane infantile establishment propaganda for a war of prevention against Iran, because they're such a threat to the jews!

Gas prices have started back up and the DEMICAN Congress has seen fit, looking towards the 2008 elections to finally pull a faltering halt to the AMERICAN behemoths floundering expedition to put down foreign "national patriotic terrorists fighting for the own self determination in their own countries" against the international jewish behemoth, in the guise of American Imperialism. And, with this, has been a growing chorus of so called pundits of the tea kettle "neo" conservative talk heads such as Neil the kosher Borsch (Bortz), Michael the SAVAGE Savitch, of Savage Nation, *(who pretending to be more red, white, and blue than you or I, using lightly veiled skin head over-tures)* openly preaches war, by the unrelieved pent up frustrated white male (skinhead or otherwise) against the muslim populace in this nation, let alone the illegal immigrant wave inundating this nation, likewise, we hear slight ever more rumblings of the Rusch (kosher) Limpberger (Limbaugh) against the same enemies, but, a note, they are always advocating on behalf of poor defenseless "judah" and their ARMIES THEY evidently believe will be marching to their tune, in a red, white and blue orgasm of rebellion? Non-other than those same individuals of the Vinland social club (which they wear proudly on their chest)! and the evangelical miscreants, of the CI independents Council of CI's both led by jews from behind the scenes.

AND ALL FOR A UNITED, ONE VOICE, ONE NATION RED, WHITE AND BLUE RULED BY THE JEWS! under the mantle of so called Christian Patriotism!

And I tell you, If you let these neo con tea kettle talk heads lead you into a Revolutionary configuration in which the jews are somehow miraculously saved, and only the minorities are subjects of spontaneous attacks , as Michael Savitch, otherwise known as Savage Nation on national radio) advocated on a recent show, then you will have fulfilled the jewish dream, he will be unblemished and you will have fallen into a Pilsudski regime of "jewish fascist imperialism"! with a montage of 'mainstream evangelical 'christian jew worshiper hypocrisy'! Soviet Gulag style!

AND YOU WILL BE THE FALL GUYS AND THOSE WHO ARE EXTERMINATED!

Almost two years later, now, you tell me who lied, who was right and who was wronged!

"The jews are the curse of mankind!"
"Judentum ist unser ungluck!"

The Tulsa Bomb Squad was called out to Wal-mart Friday Night.

My Tulsa World

Friday, June 30, 2006

The Tulsa Bomb Squad was called out to the Wal-Mart at 207 S. Memorial Friday night for a device under a car. The car's owner reported seeing wires underneath his car as he approached and promptly called police. Once the bomb squad arrived they deployed the robot to examine the device. A short time later an officer in a protective suit took the device off and placed the device into a bag.

Upon being interviewed, the owner of the car, Mr. Clifford Herrington Chairman of the National Socialist Movement stated, that he and numerous senior officers of the National Socialist Movement had received emailed death threats over the past month. These threats were emanating out of Israel, which has been running special day and night television and radio excerpts of the National Socialist Movement Rally in Lansing Michigan at which there were over 135 members and allies.

The NSM has announced that they will be running candidates for the US Congress and even White House.

Police officials could not be reached for comment, but subsequently Federal Bureau of Investigations agents as well as members of the (OSBI) Oklahoma Bureau of Investigation were being involved.

Mr. Herrington, who has been a National Socialist Movement, Founding Member, since 1974 stated, that he knew these people were serious, who claimed to be ex members of the Israeli military or Mossad.

Police would not comment.

Upon subsequent inquiries about the attempted bombing, officials would not comment, and the story was seemingly squashed, as it involved allies of the current Administration

The Tulsa World reports

Police said a wire connected the device to the car's gas tank.

Bomb Squad members had removed the device by 10:30 p.m. and were taking it away for analysis.

Schweeeeet! Good work, Skippy! Nice touch with the 16:9 aspect ratio.

Wow. I did see it here first! Good stuff, Dave.

A wire connected to the gas tank? That's pretty messed up stuff. Kudos to the driver for noticing.

That TW link died. Did the cops ever say what the device was?

I heard it over the scanner but ignored it for about 30 minutes or more.

Then I heard some south cars were coming to help block traffic later and decided it must be something.. It had to be more than an hour before the bomb truck showed up. When the guy called it in he told the dispatcher that he was ex-military and knew what he was seeing. Never heard anymore about it. So much for the security at Wally World if thats where it was put on at..

Miscarried bomb attempt on CD Herrington Chairman NSM
& passenger (founder of JOS Religious organization)
Bomb Squad Events of June 30th, 2006 Tulsa, Oklahoma
Walmart Parking Lot 8:25 pm

(coincidentally the anniversary of the June 30th, 1934, Night of the Long Knives, in Bavaria, Germany, {very cute of the dissimulators to try to throw us off their track!} in which SA Leaders were arrested and some executed on charges of co conspiracy with foreign powers)

This report was subsequently reported in the Inqulab Newspaper, Daca, Bangladesh, in August, the owner of the paper, an ex Intelligence aide of Saddam Hussein, the contacts thru which it appeared, after the blackout, disappeared suddenly.

THE EVENTS OF 30th June 2006 & it's aftermath:
THE SOURCE-
The Thirty Year War Against the NSM

THE VAUNTED WHITE KNIGHTS & their string pullers

As was previously addressed in my summary of the past 2 yrs and my response to the Bombing attempt of 30th June 2006, (*interestingly the date in which the Ernst Roehm crowd and foreign intriguers were rounded up and dealt with occurred-Dates I might add which the jews have been want to utilize as sort of a metaphysical get back, (revenge) in their "kabbalistic" sacrifices!*) to kill myself and Mrs. Herrington head of the JOS, for reasons which are obvious, not only from the jewish behemoths point of view but, internally from the point of view of the ostrich headed CI's (and the ecclesiastical council of CI' headed by a half jewish son of a Chicago jewish rabbi) and their controllers, let alone those control-led by the Council of 28, such as the Vinland Socializers, I must address and clarify, (pun intended), the relationship which makes this conspiracy even more hideous and dangerous to the entire National Patriot Movement, inclusive particularly to the NSM.

Johnny Lee Clary erstwhile the "last outlaw" erstwhile "johnny reb" erstwhile the "last rebel" I have known from years back when he was just a young short, midget dwarf, working as a house siding salesman, who even then was known for his failed attempts to become a leader in the "wright wing". This guy was a drunk then, and is still a drunk.

He had an ability though, to talk the socks off of old women, fleece them of their retirement funds thru inflated sales prices, and purportedly giving them a super discount, and at the same time a known womanizer of the most despicable kind, who for the same super discount not only sold siding at inflated prices to young married women, but also screwed them literally.

I recognized his ability to talk and relate to certain categories of society, noting his relationships with; Don Black of Stormfront, David Duke of previous fame, Thomas Metzger, whom I met in Arlington, Virginia back in 1974-75 when he dragged his young family out there and had her follow him around when he was trying to show me up (*as I was the Staff Security & Local Group Leader of the Old NSWPP otherwise known as the ANP*), then headed by Matt (Mathias Koehl) I

saw it then, and I know it to this day, this guy was no good, is no good, and has been compromised for sometime, his Portland Oregon, SPLC lawsuit, against him in particular, in which he gets to keep only one dollar for every five and hand over the mailing list to his controllers, *(now if that isn't compromised, I don't know what is!)*

I recruited him, Clary, into the then known as AMERICAN WORKERS PARTY-National Socialist Movement, as a local organizer. I tested his mettle, by going on a few propaganda runs with him, a poster campaign in Tulsa, and organizing a Veterans Awake meeting in a backwater Oklahoma town to which Veterans in particular were invited. I myself posted these signs at stores, many of which were receptive to the idea. I then learned later, after inquiring of several, a security precaution and intelligence operation, to see what had become of the flyers. The store owners said, a short, bald, or semi bald bleached blond individual had come back in told them the flyers were from the "nazi" party and removed them. Upon further grilling these store owners identified Johnny Lee Clary as the individual. Well, well, well, I continued on and pretended not to know anything. As I wanted to complete the meeting. Well, besides being very angry and now knowing his set up, I went to the meeting, Johnny spoke, and trying to smooze them, as is typical of this type of rift raft, and others who think, just like Rockwell warned, you can tell em by their breath, entice them by running around the rose berry bush. I then spoke, and as Clary said, I had them in my hand, according to him I should have signed them up and them gently led them into what we were all about, but I maintain if they run at the first whiff of danger or gun powder you can't trust them. At which point I announced we were in fact the National Socialist Movement. Needless to say, only one individual stayed and another contacted me later, unbeknownst to Clary and joined. I continued without suspicion to utilize Clary's abilities, and over a period of time gaining more and more information, it was obvious he was trying to gain info, become a "big man" and gain entry to internal information for which he should obviously not be allowed, like membership names & other information:

I TOLD HIM THAT HE WOULD HAVE TO GAIN MEMBERS BY HIS OWN INITIATIVE AND ACTIONS.

Obviously, his endeavors amounted to nil to nothing. Knowing this he then invited me, to visit his home and meet his "girl friend" to which I responded to gather more information and was shocked by his obvious materialistic outlook and bragging attitude. I did "socialize" with him on one occasion, but always having been averse to "cowboy joints" and "bars" in particular, I succumbed and joined him on one excursion, I have never trusted individuals who have had less than admirable character and have to drink to sustain their sense of worth or manly

or womanly fortitude. And, yes of course we were joined by two individuals, evidently it turns out one was his sister. Needless to say, having more control than the average individual, based on information previously gathered and unwilling to compromise my character, personality and honor, I did indeed in retort to statements made put these two individuals in their place. Without further adieu I parted company never to see these characters again.

And one statement in particular which came as a shock, bragging about how his good jewish friend was his employer. (*This is one reason why White Patriots frequently fail, everybody has to have their good "nigger"!*)

The parts were fitting together, but as a further test of this individual, I went over a plan to obtain resources, some of the suggestions he had made to me BLATANTLY, were of the most illegal nature, methods, which he has similarly attributed to me, but, based on the information I had gathered were intended to shut me down, as I had been operational in Oklahoma for over six years and was reaching more and more people thru five publications, radio interviews, and a White Power message system which was running day and night. AND REMEMBERING THAT my friend Comrade Robert F. Brannen had trained me well, and warned me to listen to Rockwell and pay attention to my sixth sense.

And, knowing how they had failed to gain control of, or stymie the NSM in the 1979 Conspiracy, involving Matt Koehl, George P Dietz, Gerhard Lauck and indirectly Tom Metzger, who was an acolyte of Matt Koehl and had returned to San Diego purportedly to try his mettle (*which I might add were minor and insignificant as an open NS, he was even reported to have said, "national socialism won't work here, we have to be secret! more jewish bs"*) at any rate I told Clary one method would be to work for the enemy, ostensibly, and at the same time funnel resources to the "wright wing".

I had the NSM in particular in mind.

Years later I lost contact with this smuck, who reportedly had founded, along with the above named individuals, the so called White Knights of Oklahoma, the KKK of Oklahoma, (*whose general members and those of other historical klans I have nothing but praise for as they are totally unawares of the mechanizations of their purported leaders, whose above leaders preach the "hide in the woods, educate the people and leaderless resistance mentality" but praise the offing of innocuous minority non entities and turning in their own 'skinhead' comrades*) Timothy Bishop became associated with him and thru this contact a direct associate of Metzger, Mahon and others, he openly told me how Clary, although running the talk show circuit for the jews at "white" Christian Churches, and denouncing white renegades, NAZIS in particular, and racist bigots, was at the same time turning in "skinheads" of the nazi persuasion who

bragged rather indiscreetly of their "actions against his beloved minorities" to the AUTHORITIES, of course, this was done to keep his skin clean and working both sides, as a selfish materialistic egotist would do. Bragging to me, years later on an unwanted telephone call how he was provided limousines, all the beer he could drink, and WOMEN, young pretty white women, who had no clue what he or his controllers were all about. Needless, to say the NSM never saw any of these monies, not that I would have accepted them, once I heard these words, but I would wager that Metzger & others did, not excluding Timothy Bishop!

Mr Bishop informed me he had become associated with Clary during the late eighties, and was organizing for him in Kansas, met Mahon and Metzger of the "leaderless resistance crowd" (*I would have no issue with this particular form of underground activity if their efforts were more in line with the successes of our German and Irish ancestor vis a vsi oppressors in which actions of an effective sort and directed properly!*) and, then after the Metzger debacle in Portland, had parted company and or at the same time became associated as Chief of Staff with Richard Butler Aryan Nations in the early nineties.

There are stories and rumors about that interlude. And I personally find enticing is the fact that he left just before the collapse of Aryan Nations, returned to Kansas and became associated with Clary again, telling me personally he was a close associate of same.

Once, it was obvious that Butler was on the way out, and sufficient information had been gather internally as many people had complained that no one could see Butler, due to a certain Chief of Staff that was filtering everybody, and the Italian Millionaire had been hood winked into supplying funds and support for a non existent, at least in this life time, WHITE PEOPLES REPUBLIC of the Northwest and to which unwitting individuals were further being hood winked into losing their funds via a jewish operated real estate scheme headed by another individual named: Harold the shyster Covington. Indeed, I wonder where all these funds were going to?

Bishop moved away back to Kansas, are we there, yet "dorothy" and only in the past four years became associated with the NSM, as his saving grace being, he purportedly saved the Commanders life at Hayden Lake compound when the Commander was attacked by two "anti nazi" Identity "skinheads" who were luckily run off by Bishop who just happened upon the scene of the attack at the lake shore edge AFTER the Commander had been beaten, and run them off with a kick to the pants and excluded from the compound.

Ergo, his great relationship to the Commander.

Subsequent to all this, Mr Memorabilia collector, BISCHOFFSS, jumped ship and is now ostensibly modeling his award winning models and collecting his Vintage NS memorabilia which he was peddling by way of Gerhard Lauck of the NSDAP-AO.

The overall picture is this:

Numerous individuals, most tainted by establishment charges and feeding information to same, were involved in the 'overall conspiracy against the NSM' specifically and ancillary to the events, for their own selfish egotistical reasons and sought by every means possible to destroy the NSM, since it's founding, ergo their ***"30 year war against the NSM" For if you are not tainted, if you will not sell out, if you will not compromise YOU WILL SLANDERED, DEFAMED, ATTACKED PHYSICALLY and verbally, but, for what does it matter, it is a small thing!***

Many are well known names, previously indicated, most are 'leaderless resistance types' and most egotistical compromised monomaniacs who for one reason or another, just won't be "Part of the solution" but prefer to continue to stab their fellow white brethren in the back and are all in one way or the other in the spider web of the Internationalist Jewish Oktopus!

I have, am, and will continue to support the NSM Uniformed Divisions and come hell or high water, these nefarious individuals will suffer the consequences of their actions!

Be warned!

Friends, neighbors, well intentioned readers, America faces a crossroads. THIS IS NO GAME!

DOZENS, HUNDREDS AND thousands: and MORE of good people have been defamed, slandered, jailed and sacrificed on the pyre of jewish world imperialism and THOSE WHO are minions, facilitators and executors of this world plague, must be made to suffer for their betrayals and treason in return for their materialistic shekels, "for what does it gain a man to gain the world, but lose his soul!?"

For history turns and National Socialism irregardless of these imbeciles will win!
I promise you!

A POST MORTEM:

The ADL/SPLC -web site which regurgitated Bill 'willy' WEISZ slanders and expurgations against myself and Mrs. Herrington have been removed, due to planted information I told, WEISZ, or severely toned down. and continueing to give a false picture of him as a jewish enemy instead of a tool. This is classic jewish reverse psy-ops.

Bill "willy" WEISZ is being paraded as a reconditioned 'ersatz' nazi, now sporting green swastikas to appeal to the 'well intentioned' social national Greens and has toned down his rhetorical imaginings, after the Chairman NSM and others have exposed his jewish halbling background and operative status as a mud slinger for the Communist organs Pravda and Daily Worker, and his criminal background on Wiki-paedia, and a planted article which he claims takes up for the NSM, by a jew no less, and details the conspiracy against the Chairman, yours truly, and in this fashion attempts in a black ops. type co-intel news campaign to (reverse psychology) blunt the exposes of White in their multifold conspiracy which has failed, but who is continuing to act as a provocateur in trying to break up the NSM, thru various means, hanging onto their public events media coverage coat tails, taking credit for things which he had nothing to do with, concocting stories and lies spread by innuendo to unknowing individuals and subverting individuals who don't know the whole story but will 'believe a jew to their detriment, and the NSM is and will continue to march forward! REGARDLESS OF SUCH!

Update July 2010 - WEISZ is now in Federal custody on numerous charges of threats, electronic and written, verbal and otherwise having been tried and serving time.

Hal Turner Turnstile - has swapped sides in his religious imaginings as a 'found catholic' CI style, and is sponsored by the White Knights, above reference, and an enemy of White, now! Unless, his pocket book starts screaming again and evidently is still fulfilling his task as a facilitator of misinformation for the enemies of the White race. In addition was arrested and jailed and charged under Federal Code for making threats against elected officials, and was taking bribes from Federal agents in the tune of \$100,000 dollars a year and turning in individuals, approx. 100 of them, who he had agitated and encouraged and then informed on them! So much, for a Christian Catholic morality!

Taylor Bowles, ex Presidential candidate of the NSM, is now or was sponsored by Bill "willy" WEISZ and evidently in conjunction with Mr Chappell, have absconded with the SC headquarters, which by default fell to them after the untimely and very suspicious

"murder" by car accident of Comrade Wild Bill Hoff, of old ANP fame, within literally hours of his being named the Vice Presidential Candidate of the NSM! Rumor has it they intend to sell it to a Black "christian" syndicate as a major landmark and turned into a "multicultural appreciation center". Another group of WHITE RENEGADES! And now is reported to head an all BLACK ABYSINIAN BAPTIST CHURCH in northeastern Oklahoma. gag!

Johnny Lee 'the last rebel' evangelist is still spouting his fulminations about the wonders of multi-racial physical relations and lolling in the materialistic world of "possessions" , literally and funneling monies to the White Knights.
 And is reported to be the White shepherd of a flock of all BLACK members of the Abyssinian Holy rollers Church in Miami, Oklahoma and still misleading others being a real judas!

Timmy "collector" BischoffSS - evidently is lying low.

Timmy Ramm – is reported to still be doing the bidding of the jews to mislead honest sincere White Racial comrades and physically working with the ADL and SPLC.

THE NATIONAL SOCIALIST MOVEMENT IS STILL MARCHING FORWARD and growing and will not compromise or stop!

Others will not be named!

For I hope, in the deepest recesses of their hearts, they discover, with no blame placed, to realize their error and make their amends and rejoin the truthful, honest and sincere struggle of the right, IN THE NATIONAL SOCIALIST MOVEMENT!

Notes on how the enemies of the Aryan Volk operate!

I am writing this for people here who are National Socialist, and/or are members of National Socialist e-groups on the web. The enemy has a Modus Operandi, meaning certain methods they repeatedly use to try to bring NS groups down. Nearly everyone here knows of the infiltration, where they get in and pretend to be one of us.

There are certain tell-tale signs, that they are a jew, FED, and/or working for the ADL. corrupted by the same, or compromised because they didn't use their brains and got caught and turned into an infil,

Or just plain egotists.

I have seen this and these kinds of actions time and time again, and the JEWS ARE IN FEAR!

There is no EVIL, no hypocrisy, no lie, no cheating, lying and stealing, slandering, and defaming to which they will not stoop!

Just as LaGarde, Father Jahn, Nietzsche, Wagner, H.S.Chamberlain, Rosenberg, Dietrich Eckhart, Henry Ford, de Gobineau, Julius STREICHER and Adolf Hitler, besides, many others, said, the jew is like a cancer cell.

Cancer cells are aberrant cells that aggressively attack healthy cells and then take over and destroy the body. Many Gentiles who are strong members of jewish programs as mainstream churchianity, the most liberal of social policies destructive of the White Race, do the same, much like a mind set.

How the enemy operates:

1. These people advocate and push universal prosyletizing, either directly or indirectly, "for it is said they encompass the land and seek to make a single prosylite" while attacking satanists, Odinists, and Pagans, which are all code words for 'gentiles'.

REMEMBER THIS- These Universalists no matter how dressed up, are encumbered with an albatross around their necks which they subconsciously will never be able to shake, are THE BULWARK OF THE JEWS. For if you are psychologically disarmed before hand with feelings of their god chose the jews! Where does that put you!?

THE ENEMY KNOWS THIS ALL TOO WELL. THE BIGGEST THREAT TO THE ENEMY IS US GENTILES RETURNING TO OUR PAGAN ORIGINS AND/OR REJECTING THEIR PROGRAM OF UNIVERSAL PROSYLETIZING INDOCTRINATION.

2. The enemy pushes 'White Supremacism.' In other words, they work to make the world believe Nazism is against nearly everyone, which is a lie.

Some even go as far to try to claim one must be blonde to be a Nazi, which is ludicrous. They work to try to have anyone and everyone against us and to make NS sound so unreasonable, which NS is not. NS is based upon NATURAL LAW.

National Self-Determination is the right of all peoples, regardless of race. A deeper strategy than most of these profligate prosyletizers can understand.

Another serious fear and dread of the Jews is their prophesy manifesting 'All Nations will be against them.' 'Nations' meaning races.

National Socialism advocates the separation of the races, as enforced race-mixing, which is another jewish program, DOES NOT work, obviously, and what better victory for the jews than to say to OUR GODS: 'We have won. We have destroyed those angels of your creation!'

NS does not work to make enemies of other races. The jews work overtime trying to divide and conquer any way they can, this includes making enemies of other races. (however, this does not mean that Natural law is avoided, as Life is struggle, and in the course of which it may be necessary at various times that conflict with other lessers may be inevitable!)

3. Their personal profiles in these groups include a long list of being against nearly everyone. I have seen time and again how infiltrators, especially jews, will actually show extreme intolerance (in order to maintain strict psychological control), true hatred, and REAL supremacy, which is not National Socialism.

This is extremely serious, in addition to creating infighting, division and other problems in NS groups, they work overtime to try to delude and confuse new people and others who are vulnerable. They also privately e-mail, harass AND SPAM people outside of the group.

And in fact act more jewish than jews do!

Hiding behind religion and acting as if they are your friend politically while waiting to drive the dagger in their own KINDS BACK!

What can be done?

1. Stand your ground. Do not back down to this scum. We are winning, unbeknownst to many. Truth be known, the enemy is beginning to panic.

2. Know their methods. Have your facts straight. In spite of the endless heaps of lies [a jew will even lie to your face and try to convince you what you see right in front of you is not correct; i.e., documents- I have had this happen to me in my personal life], there are facts that speak for themselves, like the numerous symbols in Nazi Germany that PROVE the Third Reich was NOT Universalist Ultramontanist christian by any stretch of the imagination, certain documents, like the Hitler Youth Manuals, manuals for the SS and other writings that still survive today. Besides numerous WHITE authors of our ancient past and recent.

3. One kike infiltrator tried to claim [while attacking Paganism-remember code word for gentiles] that the jews don't even believe in their purported arch enemy. No?

Other code words they use are: follow the logic and the voice of history

Goyim (all non jews) gentiles whites (generally) pagans (non jews/and other races)

Satanists (again generally anybody non jewish) Christians again, the same.

When talking to one they downplay or uplift depending upon who they are talking to, this is a psychological method typical in brainwashing techniques.

What The Jewish Rabbis Have To Say About Their arch enemy:

<http://www.666blacksun.com/rabbis.html>

They play upon a lack of knowledge, and universal pacifism, and individual superstition- in other words, they look to bully our people in hopes we will turn the other cheek. Because they believe that most people are weak!

I have been attacked relentlessly for years both on and offline. There were times when I stood alone, against many. I have fought back and will fight back with everything until the enemy is thoroughly destroyed.

And I am not a religious person,

I believe in my people for my Race is my Nation and Faith!

Even if everyone goes down, be the last one standing.

Do not allow this virulent malignant scum to infest and take over your groups, clubs, organizations, political offices and your own activist groups.
