## **B.F.C.**

In Blind Faith, I \_\_\_\_\_, swear in Blood, on My Honor A lifetime Commitment of Love, Loyalty, and Respect to the Tip. In doing so I swear to uphold the by-laws, constitution and all policies governing over the Tip. **I have no option of retracting this oath once given, and if should disobey orders and hesitate to fulfill this oath, I and my sponsorship will be terminated immediately without question.** I completely understand that the Tip is an all Aryan Family founded on the sublime principle of white supremacy, but is not solely based on racial ideology, as our priorities lie in the safety, welfare of the Family First, above all else including family members individually. However, my brother will be second to nothing else, furthermore I fully understand that until I have made a tie of loyalty and fulfill my sponsorship, I will be unaware of any family business except of that which I am assigned to and I swear a code of silence in conducting said assignments. **I fully understand that once this oath is given, that it is for life, or until the Tip decides otherwise.**

ARTICLES OF THE ARYAN BROTHERHOOD OF TEXAS

We the members of The Aryan Brotherhood of Texas, for the establishment and governance of The Aryan Brotherhood of Texas, do hereby adopt these articles of constitution:

ARTICLE 1.  
(SOVEREIGNITY)

Section 1: The Aryan Brotherhood of Texas is an independent organization of, by, and for The Aryan Brotherhood of Texas. It is neither affiliated with any other organization, or an extension of any other group. The Aryan Brotherhood of Texas was founded upon the sublime principle of White Supremacy. No pretence is, or will be made to the contrary. The Aryan Brotherhood of Texas remains, and will always remain a venerable all Aryan organization, however. The Ti, is no longer based solely upon the precepts of Racial Ideology.

ARTICLE 2.  
(SOLIDARITY)

Section 1: The family's primary function is to preserve both the safety and the welfare of its members as a whole. The backbone and strength of the family lies in its unity/solidarity, thus any attack/threat, be it physical or verbal, against a made/prospective member, will be considered a threat or attack on the family as a whole. Without exception, all Members of the family are required to come together to count any such threat or attack.

Section 2: The integrity/security of the family is of utmost importance to all its members, thus it shall be protected/safeguarded without reservation. All members of the family are committed to a code of silence, thus no member shall divulge/reveal any aspect of the families affairs to individuals outside the family. "Family Affairs shall include, but not be limited to, the Articles of constitution, By-Laws, and policies governing the family.

SECTION 3: Loyalty to the Family comes first, Loyalty to an individual member comes second. When a member begins voicing grievances, complaints, problems, accusations etc. to other members, he is attempting to divert the Loyalty of naive members to him personally rather than to the family as a whole. This type of action in itself may seem harmless on the surface, it is a form of cancer that possesses the potential to gradually destroy the family, thus any member of the Family has an incontrovertible duty to report all incidents of this nature to his immediate rank, unless that individual is the source of such dissention, then a member may report the incident to the next level of ranking member. (see ART-2 sec. 4.)

SECTION 4: Jumping the chain of command, or voicing grievances, complaints, problems, or accusations to the other made/prospective members rather than your immediate rank, will be considered a threat to the unity of the Family. Such a practice seems to breed dissention amongst members and ferments rebellion, thus it must be dealt with severely. There is only one exception to this article, and that is the conduct of you immediate rank is in violation of the Articles of this constitution. Then, and only then, may a member bring the matter to the attention of the next higher level of ranking member. At no time whatsoever should a matter be discussed with members, or violation of Art-2 SEC-3 would occur.

ARTICLE 3.  
(MEMBERSHIP)

Section 1: Membership is for Life...

Section 2: Membership is confined to individuals of the white/Aryan race.

Section 3: Individuals become prospective Members of the Family via Sponsorship by Made member. As a sponsor, the made member is responsible for the Prospective member schooling, all be it unforeseen circumstances may arise which forestall the Sponsorship from active participation in the prospective members instruction. In such an instance the active Lieutenant, who is in a supervisory position over the prospective member shall either conduct the schooling himself, or assign another made member of the family to assume the position of instructor for the prospective member. Irrespective of such an appointment, it remains the Lieutenants responsibility to ensure the Prospective is properly schooled.

Section 4: Once a member has sponsored an individual, that sponsorship can only be terminated by the Family. The individual no longer has the right to or option to retract or even terminate his own sponsorship. As a means of consummating the sponsorship, the prospective member shall sign a "Blind Faith Commitment" before his sponsor, thereby swearing on his honor, a life long commitment to the family. In addition, by doing so, the Prospective member is bound by his oath to obey orders without question or hesitation.

## " The Constitution "

The org. is an independent org. of, by, and for the White Race. It is a White Separatist org. and no pretense can or will be made against or to the contrary. However, unlike our detractors portray us, we are not a "hate" group that is based on violence, or any other negative manifestation! We are a racially aware group of individuals who believe in the true History, Culture, and Heritage of the White Race. We stand and strive for the best interest of our race before the interest of others, and we believe in the ideal of self-preservation!!!!

### Code of Ethics

The Webster's Dictionary defines Code of Ethics in this way; Code; A system of rules of conduct or procedures. Ethics; A principal of right or wrong. A system of moral values. Using these definitions we bring you the organizations Code of Ethics. Our rules which govern our org. and its procedures are based on a system of moral values. The word moral simply means right or wrong, and knowing the difference. We do not set out a list of rules and regulations to control individual thought, but to help control and keep organization. We feel that each bro/sis knows in their hearts which is right and wrong. We pride ourselves in being an organization of solid brothers and sisters, and each member representing this brotherhood will be expected to conduct themselves with the image of his or her brothers or sisters in mind. If each member will bear in mind that brotherhood cannot be taught, but must always exist in the heart Brotherhood, Solidarity, Unity, Dedication, then we can in all ways be assured that the next bro/ sis in line is as solid as ourselves.

This org. can only be as strong as its weakest link. No matter how dedicated we are, if we have a bro/sis who is not totally loyal then the whole org. is only as strong as he/she is. We must strive to keep our org. united on brotherhood, self-discipline is paramount. Solidarity is our backbone, and Unity our brace. We can not have one without the other... We believe this org. is the supreme org. We only wish to be organized as a totally White group. We do not wish to destroy or conquer the world... We organize to be a helping hand to each other. We organize in an effort to build an atmosphere to raise our families in.

Members of the org. may take on any lifestyle they choose. However, we urge each member to strive to better themselves and the org. We ask that members with the same interests combine forces with each other. If you must work with and trust someone, who better than a brother/sister.

Intermarriage with non-whites by members of the organization will not be tolerated. We must keep the struggle to build the population of the White Race on Earth. Disrespect to the org. will not be tolerated at any level. In the presence of non-members, a member is always right. At no time will a bro/sis be disciplined in the face of a non-member. Regardless of whether a bro/sis is right or wrong in any event. All Brothers and the organization will stand with that bro/sis, and or discipline that member in private...

- Should a member be wrong, the matter will be dealt with later, out of the eyes of non-members, and by the proper method set forth by district ranks of Center Ring.
- At no time will a non-member be allowed to discipline a member.
- We must carry ourselves as proud, solid, disciplined and competent White people, others will look at us, and the actions of each brother or sister reflects on the org. as a whole. This org. must come first in the decisions you make in your daily life.
- We live as brothers, build our org. as brothers, receive our respect as brothers, So shall we die as brothers...
- Districts, individuals, or states may take on any occupation. However, all occupations must be brought to the attention of the ranking official.

# ***Excerpts from the AC No Dope Policy***

- One thing that we have learned over the years is that drugs (those manufactured, refined or processed) have hindered or members from being good strong Aryan men and women. Also we have several of our members have been caught up in others drug life causing them to lose many years of freedom that they would have not lost. ....
- We have tried different No Dope Policies before.....
- Also we are attempting to change the negative image that we have built for ourselves....
- Stricter Disciplines were added.

# Mexican Mafia/Mexikanemi

# Mexican Mafia

- The creation and success of the Mexican Mafia has been credited to Rodolfo Cadena and Joe Morgan.
- While serving time at the Del Norte Vocational Institute in Tracy, California several inmates complained of the abuse and racism in the California Prison system.
- White prison gangs such as the Blue Bird Gang controlled all activities within the prison walls.
- The Mexican-American inmates created the gang to protect themselves from other inmates. They soon became the most powerful organization within the California prison system, controlling all illegal activities in the prison system.

# Mexikanemi

**The Mexikanemi is a predominately Hispanic prison gang that originated within the Texas Department of Corrections in the early 1980's.**

**This security threat group began on the Retrieve Unit and rapidly made its way across the system.**

**This group is not to be confused with other prison gangs with the same name found in other state's such as California, Arizona and New Mexico correctional agencies.**

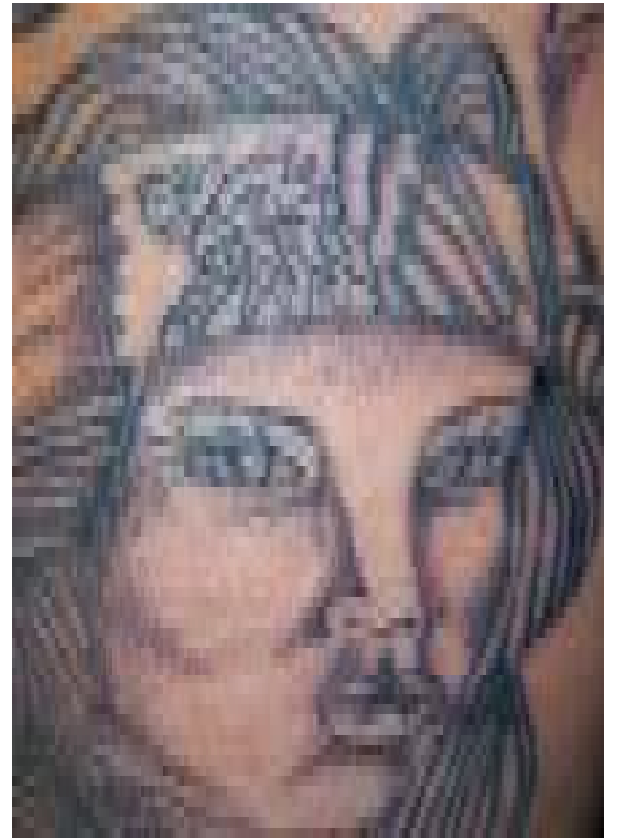

**Initially, this group started out as a small number of Hispanic offenders who were focused on their cultural awareness.**

**They soon went from a protection group to a prison gang in a very short period of time.**

**Some offenders, recognizing strength in numbers, began to steer the group into illegal activities such as extortion, narcotic trafficking and murder.**

# Mexikanemi Tattoo Meanings

- **Machetes**: the Weapons they used for war and what they used as tools.
- **Two Headed Serpent**:(Alfa-Omega) The beginning with no end.
- **Mountains**: our land of Aztlan.
- **Eagle**: God of war Huitzilopochtli.
- **The Two Pyramids**: the Fore fathers had many temples and pyramids, but only two were the principle ones. The Gods Huitzilopochtli and Quetzalcoatl. These two pyramids signifies the faith and dedication of the Mexican Religion.

# RAZA UNIDA

A large, stylized graphic of the letters 'R' and 'U' in a bold, black, serif font. The letters are positioned on the left side of the slide, with the 'R' on the left and the 'U' on the right, both rendered in a thick, black, outlined style.

- Raza Unida (RU) originated in 1988 in the Texas prison system.
- Texas Syndicate and Mexikanemi were at war. This shamed and frustrated many non-affiliated Mexican American inmates who were tired of seeing 'Cain kill Abel'.
- Raza Unida was born and set out to show other races that La Raza was in fact united. As with all race-based prison gangs, it wouldn't be long before the 'United Race' would become an enemy of its own Hispanic race.
- *Note: Raza Unida is a confirmed TDCJ Security Threat Group and international criminal enterprise and should not be confused with La Raza Unida Hispanic civil rights activist group.*

# Texas Syndicate

- Founded in 1970 by Juan “Pajaro” Solis-Vela and Francisco “Panchito” Gonzales in California’s Folsom prison
- Remained small in California but grew into Texas after members returned to the Lone Star state after serving their time in California.
- Profits off intense drug trafficking, robbery, extortion and gangland executions.

# Barrio Azteca

- The Barrio Azteca gang was formed in the jails of El Paso, Texas in 1986 .
- Said to have over 3,000 members in the U.S. in locations such as New Mexico, Texas, Massachusetts and Pennsylvania and at least 5,000 members in Juarez, Mexico.
- 915, EPT, 21, BA, Azteca theme tattoos.

# Barrio Azteca Alliance

- Imposed a 5-10% "tax" fee or "quota" to non-affiliated drug dealers, and would eventually form an alliance with the Juarez drug cartel.
- This prison gang/drug cartel alliance would give birth to narcoterrorism, a new and difficult challenge for law enforcement agencies in both Mexico and the United States.
- Formed partnership with Zetas, aka "La Línea" or "The Line", are locked in a blood war with the Sinaloa drug cartel and other gangs

*They associate with anyone they can profit from or it **“helps”** them!*

# *Confidential Informants/ Cooperating Individuals*

- Each agency should have a policy in place to document informants
- This protects the officer, informant, and builds credibility with the courts
- When using a confidential source, use the “Two Prong Test of Aguilar”
- NEVER lie to the informant
- This relationship is built on trust

# Chapter 61 CCP

- *Provides you the definition of Criminal Street Gangs for Texas*
- *There is one absolute; if they testify to their membership under oath*
- *Two or more if not under oath*
- *Do your homework, investigate!!!*

# Interview Preparation

Have knowledge of all information available pertaining to the offense.

Have working knowledge of all suspects involved with the offense.

Do your “homework” on the person(s) you are going to interview. Know the person you are interviewing (good and bad).

Are they in a relationship?  
How is the relationship?  
Past Arrest(s)?  
Are they on paper?  
Has a loved one past?  
Who are their contacts?  
Are they violent?  
Gang Associate/Member?  
Etc. Etc. Etc.

# ***Interview Settings, When Possible***

*How do you want to approach the person to be interviewed?*

*Do you want them relaxed?*

*Do you want them nervous?*

*Do you want them curious of why you are talking to them?*

If they are in custody, Mirandize.

If you are conducting a non-custodial interview advise them that they are free to leave.

You may want to advise them that they are not under arrest, and can leave at any time.

# Topics of Conversation

- Use an item (clothing, jewelry, tattoos, etc.) that the person is wearing to start your conversation.
- This could be the “ice breaker”.
- It can start the “interview” with a comfortable topic.

# Physical Clues

Confession behaviors might include slumping in one's chair, covering the belly area or repeatedly shifting in one's seat.

A guilty person might also put his hand over his mouth or sit with his arms crossed and thumbs extended.

Someone who is recalling the truth eyes' generally move up and to the left. If they're planning to be dishonest, their eyes will move up and to the right.

# Verbal Clues

Take note of speech quality and content

Indications of guilt might include broken sentences

Inappropriate laughter

Referring to one's self in the third person

Admitting guilt for other crimes or mistakes

Repeating the interviewer's questions (or asking to have the questions repeated)

Short answers and excessive generalizations are other possible indicators of guilt

# *Reputation*

- *Your reputation is important.*
- *The criminals know who you are; or they think they do.*
- *If you are consistent and truthful, they know.*
- *Are you fair? They will know.*
- *Are you patient?*
- *Most importantly do you know what you are talking about!*
