

# Brass 55

## Rubust, Universal and Reliable

Brass padlocks are being used a lot in everyday life. The material itself offers a good level of corrosion resistance which can be further improved by coating the lock or by adding plastic covers. Our brass padlock range includes many different sizes, shapes, shackles, and other additions. Therefore, you are very likely to find exactly what you are looking for in a solid padlock.

## Key Features

- Body made from solid brass for maximum corrosion resistance
- Shackle made from hardened steel
- Available keyed-different and keyed-alike
- Inner components made from non-corrosive materials
- Perfect solution for outdoor security applications
