- Raise your energies. Any formal ritual or working is empowered by raising the energies of your soul. (Raising Energies on the next Page). Always do whatever you are comfortable with and what works best for you as an individual
- The Invocation to Satan is optional. The reason for this is that these reverse torah rituals should be done as often as possible given their importance. Satan and Lilith want these to be as easy to do as possible, yet effective. By shortening the formal ritual, more people will be able to do them more often. There is both strength and power in numbers.
- After you have raised your energies and recited the Invocation to Satan, then you proceed to the important part of vibrating the words of power given for each ritual 9 times. The entire paragraph should be vibrated in its entirety for each time. Please listen to the audio recording specific to the ritual provided on an Mp3 for you to download, to make sure you are reciting the words of power properly.
- When you are finished vibrating the words of power, then you recite the affirmation given *with intent and focus*.
- When you are finished with this, the ritual is done.

#### HOW TO RAISE ENERGIES:

To vibrate SATANAS:

S Breathe in, and then partially close your glottis making a hissing sound like a cat or a serpent, extending the exhale.

A Then breathe in and vibrate AHHHHHHH on the exhale.

T Breathe in, then put your tongue on your hard palate right above your front teeth, and vibrate between a ZZZZ and THTHTH on the exhale.

A Then breathe in and vibrate AHHHHHHH on the exhale.

N Vibrate NNNNNNNNNN

A Then breathe in and vibrate AHHHHHHH on the exhale.

S Breathe in, and then partially close your glottis making a hissing sound like a cat or a serpent, extending the exhale.

666 Meditation:

- Vibrate VUUUUU into your solar chakra 6 times.
- Vibrate VAAAHHHH into your heart chakra 6 times
- Vibrate VOOHHHHH into your 6th chakra 6 times.

*If you are uncomfortable with too much energy AFTER the ritual is finished, ask your Guardian Demon or call on Satan to take the energies.*

- AH as in the American English word father
- Ah the lower case h indicates a very small H sound, like H- a small exhale
- 'AH Glottal stop as in the American English word hour
- AI as in the American English words day, say, made
- AY as in the American English words day, say, made
- AYh – you will see this often, the vowel sound is between a long A as in case, and a short e as in pet.
- EE as in the American English words seek and week
- EH as in the American English words pet, set, and let
- KH is guttural and the sound is made in the back of the throat
- OH as in the American English words oh and go
- OI as in the American English word oil
- 'OH Glottal stop as in the American English word hour
- OHy The lower case y indicates a very short Y sound
- R's should be rolled
- TH soft TH as in the American English words thin, thick
- TH [underlined] hard TH as in the American English words the, there, that

- TS, as in the American English word oats, or as in pizza
- UU as in the American English words sooth and tooth
- VW The V and W together is a cross between the letter V and the letter W. This is biblical Hebrew. You can substitute the letter W and this will still be valid.

*Hear me oh Great and Mighty Satan. I ask your help in returning these curses, amplified to the senders who have attacked us for doing your work. You know who they are. They will know your wrath. I ask that you send a Demon to me to take and deliver the curses and thoughtforms that I have cleaned from my aura and soul directly to those who have sent them. O Mighty Satan, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor, and Glory be given Thee forever and ever.*

- Visualize a brilliantly bright Sun directly above your head. Affirm: "The light is cleaning and removing any and all negative energy, thoughtforms, and curses on or connected to my soul that have been directed to me, and is returning them to the senders." State this 3 times.
- Visualize this Sun descending down into your head and pushing down any dirt, filth, thoughtforms [thoughtforms can appear as chunks of filth or for those who are advanced, you can see them as they may be shapes, symbols, like elementals, or otherwise]. This will be grey or black energy [as it collects], and will get darker as it descends.
- Visualize the brilliant light descending through your throat, down through your shoulders, chest, then stomach area, hips and all the way down through your feet, pushing out all of the dirt from your aura and soul.
- Move the filth beside you, in a pile.
- DO THIS THREE TIMES, steps 1 through 4. Keep piling the dirt.
- When you are finished, your aura and soul should be much brighter and cleaner. You can either ask for a Demon to take the energy and to return it to the senders [especially if you're new], OR, you can visualize it shooting away from you, directing it to the senders.

#### Aura of Protection

>From New Moon until the full Moon, everyone here should be building a powerful aura of protection. This is more advanced than the standard aura of protection. Given the attacks we have been under and the state of this world right now, this working should be repeated from every new to full Moon every month for a year. This will stay on your soul eternally, protecting you, and keeping you safe from the malice of others, destroying your enemies.

>1. Raise your energies. This is best done [as with all magickal workings] when you are at your most powerful, feeling a strong energy buzz. If you are new, just do the best you can. You can also use the energy of the Sun as indicated in the above to raise your energies with reciting SURYA, using a Satanic rosary [or anything that will help you keep count]

>2. Clean your aura thoroughly, as instructed from Part 1 of Returning Curses. DO NOT hesitate to ask for a Demon/ess to help you. Even if you cannot hear, sense or see the Demon/ess, know He/She is there and is helping you, and delivering the energies back to the sender/s.

>

>3. Engulf yourself in the light. Again, I repeat, if at all possible, use the Sun. Another effective tactic, if you are unable to use the Sun and have trouble visualizing is to use a lamp, with the bright bulb facing you, shining right in your face as you close your eyes and visualize the light.

>

>4. Affirm 18 times:

>"My aura is constantly and continuously deflecting and repelling any and all negative energies, curses, bindings, hatred and destructive energy directed at me and is immediately returning these directly right back to the sender."

>

>Do this from the Full Moon to the New Moon

I strongly recommend everyone do the INTENSE AURA CLEANING indicated in Returning Curses 1, and keep repeating this through the cycles. You will find with deep cleaning your aura, not only will this remove any curses, but all kinds of other crap that has kept you down in your personal life. A dirty aura also hinders your workings and personal powers. The aura and soul have accumulated all kinds of negative energies throughout many lifetimes and these cannot all be removed in one working. It must be repeated. AGAIN, I strongly advise you ask Satan to send you a Demon/ess to work with you in removing these energies. Even if you are new and cannot see or feel him/her, follow your gut feelings and intuitions. It is extremely important to always say the prayer (PT 1) before your aura cleaning.

FAQ about RTRs HP COBRA

For The Final RTR, Killing Tetragrammaton, Shattering magian Soul

Protection Do I need to raise my energies before the ritual?

Yes, you can raise your energies before the ritual. On each ritual page, a link to the energy raising rituals is given.

Do I need to do the ritual on a specific time?

Any time will do. The hour of Saturn for those who have the luxury is also great, but any hour will do.

RTR's are to be done everytime at 1:00:00 and at 0:00:00. You can use the clock on the home page for this.

Keep an eye out for new RTR schedules. If there is a new schedule, it will appear on your home page.

What If I do not have a printer? Does that weaken the ritual?

See #15. In fact, you don't need to print anything. For the necessary rituals, there is a painting system that allows you to draw letters directly on the device.

Should I do the ritual if I am new?

Yes, you can do the ritual if you are new.

If I do not have time, can I still do the ritual?

In severe cases of lack of time, it can still be done. With lower repetitions on each letter variation. The minimum should be 3 times. In extreme cases, 1 time will do. The affirmation must always be done 3 times.

How do I dispose the paper?

Bury it in the ground, shred it, ruin it in some way, and dispose it, if you do this with paper.

How frequently can I do this ritual?

As much as you like. It should be done daily by everyone.

What does this ritual do?

This ritual reverses the magian letters which effectively reverses and ruins all the spiritual and existential system of the enemy, both on the world, and on any individual (for example, those blessed or cursed by magian magick, those doing magian meditation, magian souls etc). It's a reversal of the very existence of the enemy in all senses. This includes the enemy in all their other occult branches also.

How do the reverse torah rituals work? Is that Hebrew?

Recommended: How do RTRs work?

How strong is this ritual compared the ones we have done before?

This ritual would not be possible were it not for all the efforts put in the other rituals which opened the enemy up so this ritual can be effective and applicable. The RTR's need to be kept safe regardless in some place, yet for the time being we will only do this RTR as this captures everything we need to be doing.

The Final RTR + Killing Tetragrammaton + Shattering magian Soul Protection, is the most advanced RTR combination available now, and deals major damage to the enemy.

How do I chant/vibrate the letters?

This is a matter of personal preference. You can just speak the letters, or slightly vibrate them, and the ritual would be equally effective. One should strive to have the same sounds as the MP3 file provided, but if these are not perfect, the ritual is still fully working and fully valid.

What is the sequence of the letters? Taking for example the first letter:

"Vibrate each the following 9 times each: VAHT • FUHT • VUHT • VUHSS • OUT • OUTH • VAHSS"

This would be VAHT (you do this 9 times), then FUHT (you do this 9 times) then VUHT (you do this 9 times), then VUHSS (you do this 9 times), then OUT (you do this 9 times), then OUTH (you do this 9 times) then VAHS, you do this 9 times.

After the above, you blot the letter.

The same sequence is done for all letters, to their name variants from left to right. When you are done blotting the last letter, you say the affirmation with conviction 3 times.

How can I increase the impact of the ritual?

Recommended: Usage of the Final RTR, Tetra and Shattering

Can I visualize the letters being destroyed? Of

course. In anyway you like.

If I do not have a printer, and I do not have an electronic device, how can I otherwise do the ritual?

In cases where one possess only the means to read the ritual from and is in some sort of a dire situation. You do the ritual as usual, and instead of blotting out the papers or wiping them out in a paint program and disposing this, you can directly imagine the letters being destroyed in your mind.

One should try to use some means to do the ritual with a device or a paper however. Painting it over in your phone is also working fine.

How do RTRs work?

## HP COBRA

These rituals work to destroy the enemy and remove all their existence and spiritual foundation. The ritual is a masterful work of occlutistic knowledge that follows spiritual and magickal laws to have maximum function.

It is not Hebrew, is the opposite of Hebrew. It's meant to delete Hebrew, devoid it of any spiritual power and destroy all associated curses of it. This will collapse the whole astral foundation of the enemy, and then all their material foundation will collapse on itself, since it's all upheld by these occultic forces.

Recommended: On the Steps of Magick

The occult principle behind the rituals is the creation of a counter—vibration to the vibration the mages are creating, effectively blotting out theirs from the astral plane and causing the opposite effect of what they intent.

This is how modern insulation auditory technology works: the sound is absorbed from the environment, and in the internal place a counter—sound is played, creating silence. This removes and blots out the "Hebrew" and it's spiritual power from the astral realm. This destroys the enemy and their creations, leading them directly into demise.

Mathematically, the principle would be explained as +1 plus -1 equals 0. In this case, the normal Hebrew and it's reversed counterpart, equal null and void.

Additionally, the RTR's also impose the affirmation that not only these things are gone forever, but the intention of destruction is generated on top of this newly found void, creating direct destruction for the enemy.

Usage of the Final RTR, Tetra and Shattering HP

COBRA

The Final RTR, Tetra and Shattering, are multi—purpose rituals. How dangerous they can be to the enemy, is basically limitless, or rather, limited to the skill of the person doing them. As you become better at it,

it can do more and more damage, but the point is, it will do damage no matter from which level it's used.

Despite of being a universal weapon that EVERYONE can use from any level, there is more that can be done with these. A very regular application of these rituals as warfare, will do it's job no matter what.

However, at the hands of an adept at spiritual warfare, these can do even more intense damage. The amount of damage can be increased and increased with more knowledge and capability of magick put into the ritual.

How these are utilized for other purposes, is mainly due to focus, intent, and visualization. Those who are a bit ahead of meditation, will understand how these affect the reverberation of the ritual and it's direction, without canceling or interfering with the outcome of the affirmation.

It's like wanting to cut something with a knife, but you can take different routes as you are cutting — the end result is that something is cut, but you took a different way.

To illustrate this example, one does the Final RTR as per normal. Yet, recently, the enemy had their Eid celebration, where they do copious blood ritual. As one is doing the ritual, this could be directed with imagination and intent [with the same affirmation and changing nothing], into a willed direction of making this crap of their's backfire, or ineffective. And it would go through this way, straight into the intended purpose.

The more open one is, the more they will understand how this could be used. For example, as you do the Final RTR and you imagine the letters dying as per usual, you can focus them dying "above" the place where the death energy from Eid is supposed to raise. And this would make the intended double hit one wants to make.

Another more normal example, is that you have a magian pest harassing you at work or otherwise. You do the shattering, but you can focus meanwhile that you want in your mind revenge from this specific chosenite who is a harassing individual. While the ritual will hit hard and home because of the affirmation, the particular cursed creature will also be specially affected.

Lastly, even when these are done in the most simple way, these will take out curses and so on, simply because of astral reverberation, and how this undoes the letters and enemy vibrations [which are chanted and directed on people by the mages]. These will be blotted and taken out.

A more advanced method of the above, is that you do the Final RTR as done usually, yet, this time, you would specifically INTEND for it to remove the curses, as you remove the letters.

A visual representation of this, imagining the letters breaking from around your aura or from around your body, dying out. This can help in removing curses, which is already done, but you can also put specific focus like this.

The Final RTR finalized and done, would be equally valid. And it still would do the intended larger purpose.

Now, I am sure most advanced members here already have understood this or have been utilizing this, and might have utilized this already. It has also been alluded in other writings I have done before on this, but this is to clear this up.

These rituals are not only to solve the issue of the enemy, but also, to remove curses from people, keep them safe [and keep these from manifesting by creating a disabling effect for these] but can also be directed in ways such as above.

In simplified terms, these main proponents of our spiritual warfare, are keys that open a million doors, in contrast to having a million keys for a million [of enemy curses or...] doors.

For those who have understood even more by applying and doing this warfare [you are advanced and you will know], it's better to not share more, and keep utilizing these. It's for sure that this has been happening, which is why the enemy has been taking such serious unending beating as of late.

And there is not much they can do, as many will be able to do this and more. To anyone having understood this, all will be clear at these points why the Gods have instructed to do these things in contrast to anything else.

Those who may be newer and the above might be "confusing" or "difficult" to utilize, do not worry at all. All will come in it's correct place eventually.

What people read in most "Kabbalah" books and other stuff, is just elementary gibberish. Most of this is to keep stronger methods hidden from other mages.

magian history is rife with mistreated and self destructive mages wanting to destroy their own. Parasites will feast on the death carcass of anything, including another parasite, without care. It's in their nature, as they are parasitic and predatory and mercy is not known to them at all.

Us overcoming the enemy, and taking them down, is in this case, all following the same pattern and direction. We get more free, they get taken down, our influence grows, and so on. We rise collectively and individually at a related rate of forward evolution.

The FRTR is working

<https://radostsatane.com/DefendingJoS/frtr.html>

The RTR works by the true and full method of reversal which has been destroying the hebrew and variants. The Will impressed with the reversal guided by the affirmation does this. Shills and traitors and mages have limitless deception to say to prevent people from uprooting the mage on the occult root, for which pretending to know and spreading lies are essential to them.

More info about the RTRs; <https://satanslibrary.org/tspaintableb.html>

-----

Now, let's go over all of the enemy arguments against the RTR;

- "Chanting reversed letters doesn't do anything, it just doesn't work that way"

Answer: Intention of reversal is reversing it, and the affirmation affirms the death of it. There is a way to reverse a letter and that is to reverse it [say it reversed, the same goes for some mantras that are the same front and reverse, they can be undone either way]. The energy that is concentrated into reversing the letter and killing it, is that which is killing the Hebrew magick, not just chanting the letters reversed, but the energy we invest into this. Affirmation is also a very important and powerful part of this process.

- "The mages also reverse the Hebrew Shin to make Niss/Nissi, which is the Hebrew mantra name of Jehova"

Answer: "Nish", which is the Shin reversed, is what used to be a name for a Gentile God, and not "Jehovah". Here's another example of the letter-play: Nis is also a reversal of the Sin which is the Sumerian God of the Moon. Context and intentions, the energy that is invested and affirmed matters more than the literal "letter to letter" story. You reverse Kik by saying Kik and intending its reversal. It is not rocket science really. mages however are afraid of massive hordes of people doing RTR so they need to stop even 1 or 10 people, so writing BS is not a big price for them to pay. Those who are supporting the "letter to letter" theory are clearly spiritually incompetent and they don't understand one thing about what they write.

- "The RTR is dangerous to do"

Answering: This claim is basically just a made-up claim, with no arguments. Below is a testimony of one of our members about the RTR:

It is the most pleasing most easy most refreshing most emotional-pain-killing experience I ever had in my long life. I can't express in words WHAT extacy I feel with RTR. All the articles I ever wrote, I wrote after doing RTR. RTR \*revealed\* to me Tarot and everything I now have. We can't live without RTR. They are antibiotics. Those of us who have a very hard time awakening any spiritual abilities and feel complete lower servants here, feel different after RTR. It literally elevates Cindarella into Princess (which is a spiritual allegory) it is like a spark of light in the eternal night. You literally experience how your Gentile soul starts sensing relief and release. One can't describe it – it is incredible.

"https://ancient-forums.com/memberlist.php?mode=viewprofile&u=504"u=504)

The FRTR is only dangerous for mages to do, since it literally attacks themselves, their own soul. The

magian soul is not the same as a Gentile soul, the hebrew language is connected to the magian soul, that's why it would be dangerous for mages to do the FRTR.

- "You are giving your energy to the tetragrammaton by doing these rituals"

Answer: The so-called "Tetragrammaton" is not "magian" in reality, but an alteration of it was created in Hebrew [it is being wiped out as with anything else] and it was stolen from alterations and placing of the Vowels, which can be used for general purposes. With the Killing of Tetragrammaton ritual, we are killing the magian corrupted version of the "Tetragrammaton".

So, yes, in a sense we are giving the tetragrammaton energy, but a very negative energy. The energy is programmed by the ritual's affirmations to destroy the tetragrammaton.

The very first affirmation is: "The hebrew tetragrammaton in all its symbols and permutations is now dead, devoid of power, and permanently destroyed in all dimensions of existence."

- "The Nazis only used Rune Magick, never any form of reversing hebrew"

Eichmann and others that were part of Heinrich Himmler's Occult wing and they knew Hebrew in and out. Things have many underlying levels to themselves. We know about this and we discovered way more with HPS Maxine. As we opened the hole, HPS Maxine discovered more about mages indepth. Then, she published the FRTR and other Rituals to disable hebrew and reduce their power to an extent that would allow us to work further. The RTR's now constitute an arsenal that can be used for the ends described here, with the Final RTR and Tetragrammaton plus Shattering being a very good "medicine" for the general gist of magian magick and magian astral harassment.

-----

Something important is revealed in the reversal of the Hebrew letters. Keep this in mind when doing this Final RTR: You are opening and empowering your own soul by using these, as they are all ancient mantras to empower the soul. And you are removing all the enemy bindings from your soul and this world. This also means that your external workings are going to be more powerful and manifest quicker. By doing this RTR, each reversed word is blessing you. In the first word, note the Vuss and Vass. These are two titles of the staff of the Gods in Egypt, which is the symbol of the energy of eternal life. The Vuss, Vass is the symbol of the Gentile Tree of Life. This is the spine with the chakras as the world and the nadis as the branches. Vuss also means generation. The Egyptian God Ptah, who we know as Satan, holds this staff. The Nish, Nis and such are revealing as well. Nis or Nisa in Sanskrit means "Supreme Joy or Bliss". It is also the title of Dionysus and means the same. Note "Dio" (God) "Nys", which is the same as Nis, and then "us". Nisa or Nysa is the realm of the paradise of Dionysus. Dionysus is the God of Supreme Bliss and Joy. Note Khem—AHS. Khem is the ancient name of Egypt and it means "Serpent Power". The name of the soul energy in ancient Egypt is also SeKHEM or SaKHEM. This is the power of the soul's energies. Note the magian Torah is full of attacks on Egypt. The KHEM is also Sekhmet. Khem... AS; the AS and the OS mean the spirit, the Khem (serpent), AS (spirit). The AS is a title of Osiris, as well as the sacred tree which is the element of wood, and thus, spirit. Many of the spellings of the ninth and eight letters are names of the God Thoth. These words of power relate to the Gentile soul and the attributes and powers of the soul. The Hebrew letters are nothing more than weapons against the

Gentiles. One can note the magian enemy has been attempting to bind and curse Gentiles as their Torah shows.

#### HOW TO PERFORM RTRS

- Raise your energies. Any formal ritual or working is empowered by raising the energies of your soul. (Raising Energies on the next Page). Always do whatever you are comfortable with and what works best for you as an individual
- The Invocation to Satan is optional. The reason for this is that these reverse torah rituals should be done as often as possible given their importance. Satan and Lilith want these to be as easy to do as possible, yet effective. By shortening the formal ritual, more people will be able to do them more often. There is both strength and power in numbers.
- After you have raised your energies and recited the Invocation to Satan, then you proceed to the important part of vibrating the words of power given for each ritual 9 times. The entire paragraph should be vibrated in its entirety for each time. Please listen to the audio recording specific to the ritual provided on an Mp3 for you to download, to make sure you are reciting the words of power properly.
- When you are finished vibrating the words of power, then you recite the affirmation given *with intent and focus*.
- When you are finished with this, the ritual is done.

#### HOW TO RAISE ENERGIES:

To vibrate SATANAS:

S Breathe in, and then partially close your glottis making a hissing sound like a cat or a serpent, extending the exhale.

A Then breathe in and vibrate AHHHHHHH on the exhale.

T Breathe in, then put your tongue on your hard palate right above your front teeth, and vibrate between a ZZZZ and THTHTH on the exhale.

A Then breathe in and vibrate AHHHHHHH on the exhale.

N Vibrate NNNNNNNNNN

A Then breathe in and vibrate AHHHHHHH on the exhale.

S Breathe in, and then partially close your glottis making a hissing sound like a cat or a serpent, extending the exhale.

#### 666 Meditation:

- Vibrate VUUUUU into your solar chakra 6 times.
- Vibrate VAAHHHH into your heart chakra 6 times
- Vibrate VOOHHHH into your 6th chakra 6 times.

*If you are uncomfortable with too much energy AFTER the ritual is finished, ask your Guardian Demon or call on Satan to take the energies.*

#### RETURNING CURSES PT 1:

*Hear me oh Great and Mighty Satan. I ask your help in returning these curses, amplified to the senders who have attacked us for doing your work. You know who they are. They will know your wrath. I ask that you send a Demon to me to take and deliver the curses and thoughtforms that I have cleaned from my aura and soul directly to those who have sent them. O Mighty Satan, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor, and Glory be given Thee forever and ever.*

- Visualize a brilliantly bright Sun directly above your head. Affirm: "The light is cleaning and removing any and all negative energy, thoughtforms, and curses on or connected to my soul that have been directed to me, and is returning them to the senders." State this 3 times.
- Visualize this Sun descending down into your head and pushing down any dirt, filth, thoughtforms [thoughtforms can appear as chunks of filth or for those who are advanced, you can see them as they may be shapes, symbols, like elementals, or otherwise]. This will be grey or black energy [as it collects], and will get darker as it descends.

- Visualize the brilliant light descending through your throat, down through your shoulders, chest, then stomach area, hips and all the way down through your feet, pushing out all of the dirt from your aura and soul.
- Move the filth beside you, in a pile.
- DO THIS THREE TIMES, steps 1 through 4. Keep piling the dirt.
- When you are finished, your aura and soul should be much brighter and cleaner. You can either ask for a Demon to take the energy and to return it to the senders [especially if you're new], OR, you can visualize it shooting away from you, directing it to the senders.

## RETURNING CURSES PT 2:

### Aura of Protection

>From New Moon until the full Moon, everyone here should be building a powerful aura of protection. This is more advanced than the standard aura of protection. Given the attacks we have been under and the state of this world right now, this working should be repeated from every new to full Moon every month for a year. This will stay on your soul eternally, protecting you, and keeping you safe from the malice of others, destroying your enemies.

>1. Raise your energies. This is best done [as with all magickal workings] when you are at your most powerful, feeling a strong energy buzz. If you are new, just do the best you can. You can also use the energy of the Sun as indicated in the above to raise your energies with reciting SURYA, using a Satanic rosary [or anything that will help you keep count]

>2. Clean your aura thoroughly, as instructed from Part 1 of Returning Curses. DO NOT hesitate to ask for a Demon/ess to help you. Even if you cannot hear, sense or see the Demon/ess, know He/She is there and is helping you, and delivering the energies back to the sender/s.

>

>3. Engulf yourself in the light. Again, I repeat, if at all possible, use the Sun. Another effective tactic, if you are unable to use the Sun and have trouble visualizing is to use a lamp, with the bright bulb facing you, shining right in your face as you close your eyes and visualize the light.

>

>4. Affirm 18 times:

>"My aura is constantly and continuously deflecting and repelling any and all negative energies, curses, bindings, hatred and destructive energy directed at me and is immediately returning these directly right back to the sender."

>

>Do this from the Full Moon to the New Moon

I strongly recommend everyone do the INTENSE AURA CLEANING indicated in Returning Curses 1, and keep repeating this through the cycles. You will find with deep cleaning your aura, not only will this remove any curses, but all kinds of other crap that has kept you down in your personal life. A dirty aura also hinders your workings and personal powers. The aura and soul have accumulated all kinds of negative energies throughout many lifetimes and these cannot all be removed in one working. It must be repeated. AGAIN, I strongly advise you ask Satan to send you a Demon/ess to work with you in removing these energies. Even if you are new and cannot see or feel him/her, follow your gut feelings and intuitions. It is extremely important to always say the prayer (PT 1) before your aura cleaning.

VIBRATE SATANAS

The above to be repeated either 10 times. Satan - Affirm - Satan is ONE round. This must be done 10 times.

Final Eclipse: Destroying Nazarene and Lies

Vibrate the paragraph below 10 times:

SEE-YY • SEE-T • EE-PE • YAK • ONA-REE-O • NE • A-EE-EES-OXEE • AS-AP  
• EEM •  
EE-THO-ETH • NO-YEL • SEE-TVA • NES-EELA-LE • SUS-EE • O • NO-TH- LES-  
ORP • YAK

State with conviction 10 times:

• Vibrate AUM

- All authority of Jesus Christ in all its forms, is dead, is cursed, and is void in the heavens and the earth, now and forever  
The magian people and all people of Jesus Christ, have now fallen from all positions of influence and power.
- All authority granted through the lie of Jesus Christ has collapsed, is void, and destroyed.
- The magian thought-form of Jesus Christ is cursed, defiled, and dead.

• Vibrate AUM

HAIL SATAN FOREVER!!

End of Ritual

Ritual to Incite Hyperborean Awareness:

Either write or carve the following Runes:

Óðal Sól Óss

The Runes can be carved into wood, or written on paper. If you carve the Runes, vibrate each Rune while you are carving it.

To increase the power of the Runes, when performing this ritual for the first time, you can stain them with your blood. Given the dire situation of our Kind, this ritual needs all the power we can give it. If staining in blood, this should only be done one time. You should be continuously vibrating the name of the Rune when staining it.

There are different ways of vibrating the Runes. Feel free to use whatever suits you. The combinations of everyone performing the ritual will come together in power.

To repeat this ritual, just focus on your carved or written Runes and vibrate them as follows below. Your Rune board or paper should be securely stored in a safe place and only taken out when performing this ritual.

*\*If someone cannot carve or write the Runes, or consecrate with blood, at the very least, intently vibrate these!*

*In The Name of Satan, we call forth the Powers of Hell, the Original, and True Gods of the Hyperborean Kind to come forth and manifest themselves. Satan, True God, Almighty and Ineffable, Who hast Fathered the Hyperborean Aryan Kind that reflects in Thine own image and likeness, we ask you to bestow your powers upon us.*

*Awaken all of our Hyperborean Aryan People to the magian menace that works to destroy us. Incite our Hyperborean Aryan People into action. Instill our Hyperborean Aryan Ancestral Pride. Awaken our Hyperborean Aryan Brothers and Sisters to the Menace of Christianity, Islam, and related magian programs so that they all may be completely and thoroughly destroyed forever.*

*Bestow the Power of Your Protection to our Hyperborean Kind and Hyperborean Children worldwide.*

*Praise, Honor and Glory be given to You, Our True Father and to Our Original Gods!! We are Your Direct Descendants and Children!!*

The above prayer can be either recited out loud or in your mind.

Now, vibrate Óðal, Sól, Óss, 88 times, while focusing on your Runes. You vibrate these together, not separately. Óðal, Sól, Óss is one round, then Óðal, Sól, Óss... When you are finished, recite the following with intent: All

Hyperborean People are now racially aware

All Hyperborean People are critically aware of the magian problem

All Hyperborean People are taking action to secure the existence of our

Hyperborean Kind All Hyperborean People are working towards a secure future for our Hyperborean Children

Vibrate SATANAS

Then close the ritual by stating:

HAIL SATAN AND HIS Hyperborean Kind FOREVER!!

Ritual to Incite Black Awareness:

*In The Name of Satan, we call forth the Powers of Hell, our Original Egyptian Gods, the True Gods of the Black Kind to come forth and manifest themselves. Satan, True God, Almighty and Ineffable, we ask you to bestow your powers upon us.*

*Awaken all of our Black People to the magian menace that works to enslave and to destroy us. Incite our Black People into action against them. Instill our Black African Ancestral Pride. Awaken our Black Brothers and Sisters to the Menace of Christianity, Islam, and related magian programs so that they all may be completely and thoroughly destroyed forever. Open the Eyes of all Black People worldwide so they can recognize and identify and know the truth about the magian menace that works to enslave the entire world.*

*Praise, Honor and Glory be given to You, Our True Father and to Our Original Egyptian Gods!!*

(If possible Focus on image of All-Seeing Eye of Horus) Now,  
vibrate YEEMUHN RAH one time

Then, vibrate UDJAT, MA, REKH, 99 times, while focusing on the above image of the All-Seeing and Knowing Eye. You vibrate these together, not separately. UDJAT, MA, REKH is one round, then UDJAT, MA, REKH is the second round...

After vibrating the above 99 times, vibrate YEEMUHN RAH once again.

When you are finished, recite the following with intent 18 times: Vibrate YEEMUHN RAH once again

- All Black People are fully aware of the magian menace worldwide.
- All Black People are actively and aggressively rejecting all magian programs.
- All Black People are fully aware that both Christianity and Islam are false programs created to enslave everyone both spiritually and materially.
- All Black People are leaving Christianity and Islam and are returning to the Original Gods of Ancient Egypt.

Vibrate YEEMUHN RAH once again Vibrate SATANAS

Then close the ritual by stating: HAIL SATAN!!

- YEEMUHN RAH is the Ancient Egyptian "AUM"
- Udjat is pronounced UUD-YAHT

- Rekh is Ancient Egyptian and the meaning is "to know."  
REKH is guttural. The KH sound is vibrated in the back of the throat. Like hacking up to spit, but lightly. Roll your R.
- MA is Ancient Egyptian and the meaning is "to see." MA is pronounced as MAH

This is the final Reverse Torah Ritual. This RTR can be performed immediately. Right now. This RTR will put an end to Christianity and its related ilk as well, as Christianity has its roots in Hebrew. This is the most important RTR. All of magian control and incredible wealth comes from the Hebrew aleph-bet, which has been infused with power centuries ago. The enemy has made prolific use of the Hebrew aleph-bet for centuries. We are now reversing this.

Amdusias stated to the JoS Ministry back in 2003:

*"Just as (Jehovah's people) cannot see you, you cannot see them, but they will manifest blatantly as the earth draws closer to the climax of our cause."*  
This earth is rapidly being destroyed by the enemy. We can stop this and reverse it with these rituals. One can see how they control public opinion in the news, with their control of the media and with their false, lying, nefarious programs they promote as "religions."

SPECIAL THANKS TO AZAZEL WHO ORGANIZED THIS PROJECT AND GAVE US THIS KNOWLEDGE.

Azazel stated that the former RTRs stripped the enemy of enough power to where this one will be final. There is no longer any need to do the other RTRs, as we will be destroying the power of the Hebrew letters.

Begin this RTR at any time. You will need a marker, pen, or other writing utensil to blot each of the letters out, thus destroying them. DO THIS RTR AS MUCH AS YOU ARE ABLE TO, PREFERABLY

EVERY DAY IF POSSIBLE. The full RTR requires you recite each of the words 9 times. If you are very short for time, it is ok to

recite these once each, for a shorter version of the ritual. It is most important to do this RTR frequently, as many times as you can

You will need to print this RTR, several or more full pages to do this ritual.

There are several different pronunciations for most of the letters, (see bottom of this PDF, also notes at the end of certain words). There is Ashkenazi Hebrew, Sephardic Hebrew, Ancient Hebrew, Aramaic and more.

#### FAQ about RTRs HP COBRA

For The Final RTR, Killing Tetragrammaton, Shattering magian Soul

Protection Do I need to raise my energies before the ritual?

Yes, you can raise your energies before the ritual. On each ritual page, a link to the energy raising rituals is given.

Do I need to do the ritual on a specific time?

Any time will do. The hour of Saturn for those who have the luxury is also great, but any hour will do.

RTR's are to be done everytime at 1:00:00 and at 0:00:00. You can use the clock on the home page for this.

Keep an eye out for new RTR schedules. If there is a new schedule, it will appear on your home page.

What If I do not have a printer? Does that weaken the ritual?

See #15. In fact, you don't need to print anything. For the necessary rituals, there is a painting system that allows you to draw letters directly on the device.

Should I do the ritual if I am new?

Yes, you can do the ritual if you are new.

If I do not have time, can I still do the ritual?

In severe cases of lack of time, it can still be done. With lower repetitions on each letter variation. The minimum should be 3 times. In extreme cases, 1 time will do. The affirmation must always be done 3 times.

How do I dispose the paper?

Bury it in the ground, shred it, ruin it in some way, and dispose it, if you do this with paper.

How frequently can I do this ritual?

As much as you like. It should be done daily by everyone.

What does this ritual do?

This ritual reverses the magian letters which effectively reverses and ruins all the spiritual and existential system of the enemy, both on the world, and on any individual (for example, those blessed or cursed by magian magick, those doing magian meditation, magian souls etc). It's a reversal of the very existence of the enemy in all senses. This includes the enemy in all their other occult branches also.

How do the reverse torah rituals work? Is that Hebrew?

Recommended: How do RTRs work?

How strong is this ritual compared the ones we have done before?

This ritual would not be possible were it not for all the efforts put in the other rituals which opened the enemy up so this ritual can be effective and applicable. The RTR's need to be kept safe regardless in some place, yet for the time being we will only do this RTR as this captures everything we need to be doing.

The Final RTR + Killing Tetragrammaton + Shattering magian Soul Protection, is the most advanced RTR combination available now, and deals major damage to the enemy.

How do I chant/vibrate the letters?

This is a matter of personal preference. You can just speak the letters, or slightly vibrate them, and the ritual would be equally effective. One should strive to have the same sounds as the MP3 file provided, but if these are not perfect, the ritual is still fully working and fully valid.

What is the sequence of the letters? Taking for example the first letter:

"Vibrate each the following 9 times each: VAHT • FUHT • VUHT • VUHSS • OUT • OUTH • VAHSS"

This would be VAHT (you do this 9 times), then FUHT (you do this 9 times) then VUHT (you do this 9 times), then VUHSS (you do this 9 times), then OUT (you do this 9 times), then OUTH (you do this 9 times) then VAHS, you do this 9 times.

After the above, you blot the letter.

The same sequence is done for all letters, to their name variants from left to right. When you are done blotting the last letter, you say the affirmation with conviction 3 times.

How can I increase the impact of the ritual?

Recommended: Usage of the Final RTR, Tetra and Shattering

Can I visualize the letters being destroyed? Of

course. In anyway you like.

If I do not have a printer, and I do not have an electronic device, how can I otherwise do the ritual?

In cases where one possess only the means to read the ritual from and is in some sort of a dire situation. You do the ritual as usual, and instead of blotting out the papers or wiping them out in a paint program and disposing this, you can directly imagine the letters being destroyed in your mind.

One should try to use some means to do the ritual with a device or a paper however. Painting it over in your phone is also working fine.

How do RTRs work?

HP COBRA

These rituals work to destroy the enemy and remove all their existence and spiritual foundation. The ritual is a masterful work of occlutistic knowledge that follows spiritual and magickal laws to have maximum function.

It is not Hebrew, is the opposite of Hebrew. It's meant to delete Hebrew, devoid it of any spiritual power and destroy all associated curses of it. This will collapse the whole astral foundation of the enemy, and then all their material foundation will collapse on itself, since it's all upheld by these occultic forces.

Recommended: On the Steps of Magick

The occult principle behind the rituals is the creation of a counter—vibration to the vibration the mages are creating, effectively blotting out theirs from the astral plane and causing the opposite effect of what they intent.

This is how modern insulation auditory technology works: the sound is absorbed from the environment, and in the internal place a counter—sound is played, creating silence. This removes and blots out the "Hebrew" and it's spiritual power from the astral realm. This destroys the enemy and their creations, leading them directly into demise.

Mathematically, the principle would be explained as +1 plus -1 equals 0. In this case, the normal Hebrew and it's reversed counterpart, equal null and void.

Additionally, the RTR's also impose the affirmation that not only these things are gone forever, but the intention of destruction is generated on top of this newly found void, creating direct destruction for the enemy.

Usage of the Final RTR, Tetra and Shattering HP

COBRA

The Final RTR, Tetra and Shattering, are multi—purpose rituals. How dangerous they can be to the enemy, is basically limitless, or rather, limited to the skill of the person doing them. As you become better at it,

it can do more and more damage, but the point is, it will do damage no matter from which level it's used.

Despite of being a universal weapon that EVERYONE can use from any level, there is more that can be done with these. A very regular application of these rituals as warfare, will do it's job no matter what.

However, at the hands of an adept at spiritual warfare, these can do even more intense damage. The amount of damage can be increased and increased with more knowledge and capability of magick put into the ritual.

How these are utilized for other purposes, is mainly due to focus, intent, and visualization. Those who are a bit ahead of meditation, will understand how these affect the reverberation of the ritual and it's direction, without canceling or interfering with the outcome of the affirmation.

It's like wanting to cut something with a knife, but you can take different routes as you are cutting — the end result is that something is cut, but you took a different way.

To illustrate this example, one does the Final RTR as per normal. Yet, recently, the enemy had their Eid celebration, where they do copious blood ritual. As one is doing the ritual, this could be directed with imagination and intent [with the same affirmation and changing nothing], into a willed direction of making this crap of their's backfire, or ineffective. And it would go through this way, straight into the intended purpose.

The more open one is, the more they will understand how this could be used. For example, as you do

the Final RTR and you imagine the letters dying as per usual, you can focus them dying "above" the place where the death energy from Eid is supposed to raise. And this would make the intended double hit one wants to make.

Another more normal example, is that you have a magian pest harassing you at work or otherwise. You do the shattering, but you can focus meanwhile that you want in your mind revenge from this specific chosenite who is a harassing individual. While the ritual will hit hard and home because of the affirmation, the particular cursed creature will also be specially affected.

Lastly, even when these are done in the most simple way, these will take out curses and so on, simply because of astral reverberation, and how this undoes the letters and enemy vibrations [which are chanted and directed on people by the mages]. These will be blotted and taken out.

A more advanced method of the above, is that you do the Final RTR as done usually, yet, this time, you would specifically INTEND for it to remove the curses, as you remove the letters.

A visual representation of this, imagining the letters breaking from around your aura or from around your body, dying out. This can help in removing curses, which is already done, but you can also put specific focus like this.

The Final RTR finalized and done, would be equally valid. And it still would do the intended larger purpose.

Now, I am sure most advanced members here already have understood this or have been utilizing this, and might have utilized this already. It has also been alluded in other writings I have done before on this, but this is to clear this up.

These rituals are not only to solve the issue of the enemy, but also, to remove curses from people, keep them safe [and keep these from manifesting by creating a disabling effect for these] but can also be directed in ways such as above.

In simplified terms, these main proponents of our spiritual warfare, are keys that open a million doors, in contrast to having a million keys for a million [of enemy curses or...] doors.

For those who have understood even more by applying and doing this warfare [you are advanced and you will know], it's better to not share more, and keep utilizing these. It's for sure that this has been happening, which is why the enemy has been taking such serious unending beating as of late.

And there is not much they can do, as many will be able to do this and more. To anyone having understood this, all will be clear at these points why the Gods have instructed to do these things in contrast to anything else.

Those who may be newer and the above might be "confusing" or "difficult" to utilize, do not worry at all. All will come in it's correct place eventually.

What people read in most "Kabbalah" books and other stuff, is just elementary gibberish. Most of this is to keep stronger methods hidden from other mages.

magian history is rife with mistreated and self destructive mages wanting to destroy their own. Parasites will feast on the death carcass of anything, including another parasite, without care. It's in their nature, as they are parasitic and predatory and mercy is not known to them at all.

Us overcoming the enemy, and taking them down, is in this case, all following the same pattern and direction. We get more free, they get taken down, our influence grows, and so on. We rise collectively and individually at a related rate of forward evolution.

The FRTR is working

<https://radostsatane.com/DefendingJoS/frtr.html>

The RTR works by the true and full method of reversal which has been destroying the hebrew and variants. The Will impressed with the reversal guided by the affirmation does this. Shills and traitors and mages have limitless deception to say to prevent people from uprooting the mage on the occult root, for which pretending to know and spreading lies are essential to them.

-----

Now, let's go over all of the enemy arguments against the RTR;

- "Chanting reversed letters doesn't do anything, it just doesn't work that way"

Answer: Intention of reversal is reversing it, and the affirmation affirms the death of it. There is a way to reverse a letter and that is to reverse it [say it reversed, the same goes for some mantras that are the same front and reverse, they can be undone either way]. The energy that is concentrated into reversing the letter and killing it, is that which is killing the Hebrew magick, not just chanting the letters reversed, but the energy we invest into this. Affirmation is also a very important and powerful part of this process.

- "The mages also reverse the Hebrew Shin to make Niss/Nissi, which is the Hebrew mantra name of Jehova"

Answer: "Nish", which is the Shin reversed, is what used to be a name for a Gentile God, and not "Jehovah". Here's another example of the letter—play: Nis is also a reversal of the Sin which is the Sumerian God of the Moon. Context and intentions, the energy that is invested and affirmed matters more than the literal "letter to letter" story. You reverse Kik by saying Kik and intending its reversal. It is not rocket science really. mages however are afraid of massive hordes of people doing RTR so they need to stop even 1 or 10 people, so writing BS is not a big price for them to pay. Those who are supporting the "letter to letter" theory are clearly spiritually incompetent and they don't understand one thing about what they write.

- "The RTR is dangerous to do"

Answering: This claim is basically just a made—up claim, with no arguments. Below is a testimony of one of our members about the RTR:

It is the most pleasing most easy most refreshing most emotional—pain—killing experience I ever had in my long life. I can't express in words WHAT extacy I feel with RTR. All the articles I ever wrote, I wrote after doing RTR. RTR \*revealed\* to me Tarot and everything I now have. We can't live without RTR. They are antibiotics. Those of us who have a very hard time awakening any spiritual abilities and feel complete lower servants here, feel different after RTR. It literally elevates Cindarella into Princess (which is a spiritual allegory) it is like a spark of light in the eternal night. You literally experience how your Gentile soul starts sensing relief and release. One can't describe it — it is incredible.

(taken from Edward Lonsa —

<https://ancient-forums.com/memberlist.php?mode=viewprofile&u=504>)

The FRTR is only dangerous for mages to do, since it literally attacks themselves, their own soul. The magian soul is not the same as a Gentile soul, the hebrew language is connected to the magian soul, that's why it would be dangerous for mages to do the FRTR.

- "You are giving your energy to the tetragrammaton by doing these rituals"

Answer: The so-called "Tetragrammaton" is not "magian" in reality, but an alteration of it was created in Hebrew [it is being wiped out as with anything else] and it was stolen from alterations and placing of the Vowels, which can be used for general purposes. With the Killing of Tetragrammaton ritual, we are killing the magian corrupted version of the "Tetragrammaton".

So, yes, in a sense we are giving the tetragrammaton energy, but a very negative energy. The energy is programmed by the ritual's affirmations to destroy the tetragrammaton.

The very first affirmation is: "The hebrew tetragrammaton in all its symbols and permutations is now dead, devoid of power, and permanently destroyed in all dimensions of existence."

- "The Nazis only used Rune Magick, never any form of reversing hebrew"

Eichmann and others that were part of Heinrich Himmler's Occult wing and they knew Hebrew in and out. Things have many underlying levels to themselves. We know about this and we discovered way more with HPS Maxine. As we opened the hole, HPS Maxine discovered more about mages indepth. Then, she published the FRTR and other Rituals to disable hebrew and reduce their power to an extent that would allow us to work further. The RTR's now constitute an arsenal that can be used for the ends described here, with the Final RTR and Tetragrammaton plus Shattering being a very good "medicine" for the general gist of magian magick and magian astral harassment.

-----

Something important is revealed in the reversal of the Hebrew letters. Keep this in mind when doing this Final RTR: You are opening and empowering your own soul by using these, as they are all ancient mantras to empower the soul. And you are removing all the enemy bindings from your soul and this world. This also means that your external workings are going to be more powerful and manifest quicker. By doing this RTR, each reversed word is blessing you. In the first word, note the Vuss and Vass. These are two titles of the staff of the Gods in Egypt, which is the symbol of the energy of eternal life. The Vuss, Vass is the symbol of the Gentile Tree of Life. This is the spine with the chakras as the world and the nadis as the branches. Vuss also means generation. The Egyptian God Ptah, who we know as Satan, holds this staff. The

Nish, Nis and such are revealing as well. Nis or Nisa in Sanskrit means "Supreme Joy or Bliss". It is also the title of Dionysus and means the same. Note "Dio" (God) "Nys", which is the same as Nis, and then "us". Nisa or Nysa is the realm of the paradise of Dionysus. Dionysus is the God of Supreme Bliss and Joy. Note Khem—AHS. Khem is the ancient name of Egypt and it means "Serpent Power". The name of the soul energy in ancient Egypt is also SeKHEM or SaKHEM. This is the power of the soul's energies. Note the magian Torah is full of attacks on Egypt. The KHEM is also Sekhmet. Khem... AS; the AS and the OS mean the spirit, the Khem (serpent), AS (spirit). The AS is a title of Osiris, as well as the sacred tree which is the element of wood, and thus, spirit. Many of the spellings of the ninth and eight letters are names of the God Thoth. These words of power relate to the Gentile soul and the attributes and powers of the soul. The Hebrew letters are nothing more than weapons against the Gentiles. One can note the magian enemy has been attempting to bind and curse Gentiles as their Torah shows.

## HOW TO PERFORM RTRS

- Raise your energies. Any formal ritual or working is empowered by raising the energies of your soul. (Raising Energies on the next Page). Always do whatever you are comfortable with and what works best for you as an individual
- The Invocation to Satan is optional. The reason for this is that these reverse torah rituals should be done as often as possible given their importance. Satan and Lilith want these to be as easy to do as possible, yet effective. By shortening the formal ritual, more people will be able to do them more often. There is both strength and power in numbers.
- After you have raised your energies and recited the Invocation to Satan, then you proceed to the important part of vibrating the words of power given for each ritual 9 times. The entire paragraph should be vibrated in its entirety for each time. Please listen to the audio recording specific to the ritual provided on an Mp3 for you to download, to make sure you are reciting the words of power properly.

- When you are finished vibrating the words of power, then you recite the affirmation given *with intent and focus*.
- When you are finished with this, the ritual is done.

#### HOW TO RAISE ENERGIES:

To vibrate SATANAS:

S Breathe in, and then partially close your glottis making a hissing sound like a cat or a serpent, extending the exhale.

A Then breathe in and vibrate AHHHHHHH on the exhale.

T Breathe in, then put your tongue on your hard palate right above your front teeth, and vibrate between a ZZZZ and THTHTH on the exhale.

A Then breathe in and vibrate AHHHHHHH on the exhale.

N Vibrate NNNNNNNNNN

A Then breathe in and vibrate AHHHHHHH on the exhale.

S Breathe in, and then partially close your glottis making a hissing sound like a cat or a serpent, extending the exhale.

#### 666 Meditation:

- Vibrate VUUUUU into your solar chakra 6 times.
- Vibrate VAAAHHHH into your heart chakra 6 times
- Vibrate VOOOHHHH into your 6th chakra 6 times.

*If you are uncomfortable with too much energy AFTER the ritual is finished, ask your Guardian Demon or call on Satan to take the energies.*

#### PRONOUNCING THE WORDS:

- AH as in the American English word father

- Ah the lower case h indicates a very small H sound, like H- a small exhale
- 'AH Glottal stop as in the American English word hour
- AI as in the American English words day, say, made
- AY as in the American English words day, say, made
- AYh – you will see this often, the vowel sound is between a long A as in case, and a short e as in pet.
- EE as in the American English words seek and week
- EH as in the American English words pet, set, and let
- KH is guttural and the sound is made in the back of the throat
- OH as in the American English words oh and go
- OI as in the American English word oil
- 'OH Glottal stop as in the American English word hour
- OHy The lower case y indicates a very short Y sound
- R's should be rolled
- TH soft TH as in the American English words thin, thick
- TH [underlined] hard TH as in the American English words the, there, that
- TS, as in the American English word oats, or as in pizza
- UU as in the American English words sooth and tooth
- VW The V and W together is a cross between the letter V and the letter W. This is biblical Hebrew. You can substitute the letter W and this will still be valid.

#### RETURNING CURSES PT 1:

*Hear me oh Great and Mighty Satan. I ask your help in returning these curses, amplified to the senders who have attacked us for doing your work. You know who they are. They will know your wrath. I ask that you send a Demon to me to take and deliver the curses and thoughtforms that I have cleaned from my aura and soul directly to those who have sent them. O Mighty Satan, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor, and Glory be given Thee forever and ever.*

- Visualize a brilliantly bright Sun directly above your head. Affirm: "The light is cleaning and removing any and all negative energy, thoughtforms, and curses on or connected to my soul that have been directed to me, and is returning them to the senders." State this 3 times.
- Visualize this Sun descending down into your head and pushing down any dirt, filth, thoughtforms [thoughtforms can appear as chunks of filth or for those who

are advanced, you can see them as they may be shapes, symbols, like elementals, or otherwise]. This will be grey or black energy [as it collects], and will get darker as it descends.

- Visualize the brilliant light descending through your throat, down through your shoulders, chest, then stomach area, hips and all the way down through your feet, pushing out all of the dirt from your aura and soul.
- Move the filth beside you, in a pile.
- DO THIS THREE TIMES, steps 1 through 4. Keep piling the dirt.
- When you are finished, your aura and soul should be much brighter and cleaner. You can either ask for a Demon to take the energy and to return it to the senders [especially if you're new], OR, you can visualize it shooting away from you, directing it to the senders.

## RETURNING CURSES PT 2:

### Aura of Protection

>From New Moon until the full Moon, everyone here should be building a powerful aura of protection. This is more advanced than the standard aura of protection. Given the attacks we have been under and the state of this world right now, this working should be repeated from every new to full Moon every month for a year. This will stay on your soul eternally, protecting you, and keeping you safe from the malice of others, destroying your enemies.

>1. Raise your energies. This is best done [as with all magickal workings] when you are at your most powerful, feeling a strong energy buzz. If you are new, just do the best you can. You can also use the energy of the Sun as indicated in the above to raise your energies with reciting SURYA, using a Satanic rosary [or anything that will help you keep count]

>2. Clean your aura thoroughly, as instructed from Part 1 of Returning Curses. DO NOT hesitate to ask for a Demon/ess to help you. Even if you cannot hear, sense or see the Demon/ess, know He/She is there and is helping you, and delivering the energies back to the sender/s.

>

>3. Engulf yourself in the light. Again, I repeat, if at all possible, use the Sun. Another effective tactic, if you are unable to use the Sun and have trouble visualizing is to use a lamp, with the bright bulb facing you, shining right in your face as you close your eyes and visualize the light.

>

>4. Affirm 18 times:

>"My aura is constantly and continuously deflecting and repelling any and all negative energies, curses, bindings, hatred and destructive energy directed at me and is immediately returning these directly right back to the sender."

>

>Do this from the Full Moon to the New Moon

I strongly recommend everyone do the INTENSE AURA CLEANING indicated in Returning Curses 1, and keep repeating this through the cycles. You will find with deep cleaning your aura, not only will this remove any curses, but all kinds of other crap that has kept you down in your personal life. A dirty aura also hinders your workings and personal powers. The aura and soul have accumulated all kinds of negative energies throughout many lifetimes and these cannot all be removed in one working. It must be repeated. AGAIN, I strongly advise you ask Satan to send you a Demon/ess to work with you in removing these energies. Even if you are new and cannot see or feel him/her, follow your gut feelings and intuitions. It is extremely important to always say the prayer (PT 1) before your aura cleaning.

End of Ritual

Ritual to Incite Hyperborean Awareness:

Either write or carve the following Runes:

Óðal Sól Óss

The Runes can be carved into wood, or written on paper. If you carve the Runes, vibrate each Rune while you are carving it.

To increase the power of the Runes, when performing this ritual for the first time, you can stain them with your blood. Given the dire situation of our race, this ritual needs all the power we can give it. If staining in blood, this should

only be done one time. You should be continuously vibrating the name of the Rune when staining it.

There are different ways of vibrating the Runes. Feel free to use whatever suits you. The combinations of everyone performing the ritual will come together in power.

To repeat this ritual, just focus on your carved or written Runes and vibrate them as follows below. Your Rune board or paper should be securely stored in a safe place and only taken out when performing this ritual.

*\*If someone cannot carve or write the Runes, or consecrate with blood, at the very least, intently vibrate these!*

*In The Name of Satan, we call forth the Powers of Hell, the Original, and True Gods of the Hyperborean Race to come forth and manifest themselves. Satan, True God, Almighty and Ineffable, Who hast Fathered the Hyperborean Aryan Race that reflects in Thine own image and likeness, we ask you to bestow your powers upon us.*

*Awaken all of our Hyperborean Aryan People to the magian menace that works to destroy us. Incite our Hyperborean Aryan People into action. Instill our Hyperborean Aryan Ancestral Pride. Awaken our Hyperborean Aryan Brothers and Sisters to the Menace of Christianity, Islam, and related magian programs so that they all may be completely and thoroughly destroyed forever.*

*Bestow the Power of Your Protection to our Hyperborean Race and Hyperborean Children worldwide.*

*Praise, Honor and Glory be given to You, Our True Father and to Our Original Gods!! We are Your Direct Descendants and Children!!*

The above prayer can be either recited out loud or in your mind.

Now, vibrate Óðal, Sól, Óss, 88 times, while focusing on your Runes. You vibrate these together, not separately. Óðal, Sól, Óss is one round, then Óðal, Sól, Óss...

When you are finished, recite the following with intent: All

Hyperborean People are now racially aware

All Hyperborean People are critically aware of the magian problem

All Hyperborean People are taking action to secure the existence of our

Hyperborean Race All Hyperborean People are working towards a secure future  
for our Hyperborean Children

Vibrate SATANAS

Then close the ritual by stating:

HAIL SATAN AND HIS Hyperborean RACE FOREVER!!

Ritual to Incite Black Awareness:

*In The Name of Satan, we call forth the Powers of Hell, our Original Egyptian Gods, the True Gods of the Black Race to come forth and manifest themselves. Satan, True God, Almighty and Ineffable, we ask you to bestow your powers upon us.*

*Awaken all of our Black People to the magian menace that works to enslave and to destroy us. Incite our Black People into action against them. Instill our Black African Ancestral Pride. Awaken our Black Brothers and Sisters to the Menace of Christianity, Islam, and related magian programs so that they all may be completely and thoroughly destroyed forever. Open the Eyes of all Black People worldwide so they can recognize and identify and know the truth about the magian menace that works to enslave the entire world.*

*Praise, Honor and Glory be given to You, Our True Father and to Our Original Egyptian Gods!!*

(If possible Focus on image of All-Seeing Eye of Horus) Now,  
vibrate YEEMUHN RAH one time

Then, vibrate UDJAT, MA, REKH, 99 times, while focusing on the above image of the All-Seeing and Knowing Eye. You vibrate these together, not separately. UDJAT, MA, REKH is one round, then UDJAT, MA, REKH is the second round...

After vibrating the above 99 times, vibrate YEEMUHN RAH once again.

When you are finished, recite the following with intent 18 times: Vibrate YEEMUHN RAH once again

- All Black People are fully aware of the magian menace worldwide.
- All Black People are actively and aggressively rejecting all magian programs.
- All Black People are fully aware that both Christianity and Islam are false programs created to enslave everyone both spiritually and materially.
- All Black People are leaving Christianity and Islam and are returning to the Original Gods of Ancient Egypt.

Vibrate YEEMUHN RAH once again Vibrate SATANAS

Then close the ritual by stating: HAIL SATAN!!

- YEEMUHN RAH is the Ancient Egyptian “AUM”
- Udjat is pronounced UUD-YAHT
- Rekh is Ancient Egyptian and the meaning is “to know.”  
REKH is guttural. The KH sound is vibrated in the back of the throat. Like hacking up to spit, but lightly. Roll your R.

This is the final Reverse Torah Ritual. This RTR can be performed immediately. Right now. This RTR will put an end to Christianity and its related ilk as well, as Christianity has its roots in Hebrew. This is the most important RTR. All of magian control and incredible wealth comes from the Hebrew aleph-bet, which has been infused with power centuries ago. The enemy has made prolific use of the Hebrew aleph-bet for centuries. We are now reversing this.

Amdusias stated to the JoS Ministry back in 2003:

*“Just as (Jehovah’s people) cannot see you, you cannot see them, but they will manifest blatantly as the earth draws closer to the climax of our cause.”*

This earth is rapidly being destroyed by the enemy. We can stop this and reverse it with these rituals. One can see how they control public opinion in the news, with their control of the media and with their false, lying, nefarious programs they promote as “religions.”

SPECIAL THANKS TO AZAZEL WHO ORGANIZED THIS PROJECT AND GAVE US THIS KNOWLEDGE.

Azazel stated that the former RTRs stripped the enemy of enough power to where this one will be final. There is no longer any need to do the other RTRs, as we will be destroying the power of the Hebrew letters.

Begin this RTR at any time. You will need a marker, pen, or other writing utensil to blot each of the letters out, thus destroying them. DO THIS RTR AS MUCH AS YOU ARE ABLE TO, PREFERABLY

EVERY DAY IF POSSIBLE. The full RTR requires you recite each of the words 9 times. If you are very short for time, it is ok to

recite these once each, for a shorter version of the ritual. It is most important to do this RTR frequently, as many times as you can

You will need to print this RTR, several or more full pages to do this ritual.

There are several different pronunciations for most of the letters, (see bottom of this PDF, also notes at the end of certain words). There is Ashkenazi Hebrew, Sephardic Hebrew, Ancient Hebrew, Aramaic and more.
