

Returning Curses Part 1

This aura of protection works best when begun and performed during a waxing Moon [[make sure the moon is not void of course when you begin this working](#)] and should be applied when your aura is completely eradicated of any negative energy. [[See "Cleaning your Aura"](#)]

In addition, if you have any familiars [animals who are close to you], it is also important to clean their auras and souls as well. [See below].

Open with the following prayer:

Hear me oh Great and Mighty Satan. I ask your help in returning these curses, amplified to the senders who have attacked us for doing your work. You know who they are. They will know your wrath. I ask that you send a Demon to me to take and deliver the curses and thoughtforms that I have cleaned from my aura and soul directly to those who have sent them. O Mighty Satan, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor, and Glory be given Thee forever and ever.

1. Visualize a brilliantly bright Sun directly above your head.

Affirm:

"The light is cleaning and removing any and all negative energy, thoughtforms, bindings, ill will, and curses on or connected to my soul that have been directed to me, and is returning them to the senders." State this 3 times.

2. Visualize this Sun descending down into your head and pushing down any dirt, filth, thoughtforms [thoughtforms can appear as chunks of filth or for those who are advanced, you can see them as they may be shapes, symbols, like elementals, or otherwise]. This will be gray or black energy [as it collects], and will get darker as it descends.

3. Visualize the brilliant light descending through your throat, down through your shoulders, chest, then stomach area, hips and all the way down through your feet, pushing out all of the dirt from your aura and soul.

4. Move the filth beside you, in a pile.

5. DO THIS THREE TIMES, steps 1 through 4. Keep piling the dirt.

6. When you are finished, your aura and soul should be much brighter and cleaner. You can either ask for a Demon to take the energy and to return it to the

senders [especially if you're new], OR, you can visualize it shooting away from you, directing it to the senders.

For Familiars:

The above illustration is both the same for a cat or a dog, a horse and all four legged animals. Snakes and other reptiles have their chakras lined up along their bodies the same way. Some members also have spiders. For cleaning a spider familiar, just visualize the spider engulfed in a brilliant Sun and pull the Sun from its body, pushing out any negative energies. The same goes for other small familiars.

You should do the exact same ritual above for your familiar/s. This is extremely important. You can also use an astral brush or comb [visualize this] in addition and brush any astral negativities from his/her fur, piling it up in the same way, and returning it to the senders.

Your familiar protects your soul. It is important to clean his/her aura frequently. Also, to build a powerful aura of protection around him/her. This should be done every day during a waxing Moon. I will post this shortly.

Returning Curses Part 2

For more information, please read through [RETURNING CURSES PART 1](#) First off, I want to state here that in addition to us being cursed, there are Wiccan idiots and others who have sent binding energies to us, especially in regards to the RTRs, as the RTRs have been actively and effectively destroying the enemy. [\[The Final RTR is the most powerful against them, as that is their bulwark\].](#)

Satan just confirmed to me early this morning what I had already believed; that HE has power over ALL witches that he said, "connect with our Gods." In other words, any practitioners of magick and witchcraft who connect with Pagan Gods are all under His power. He also stated that a very large percentage of Wiccans

and related are cowards. He said, "They are fearful." "That's why they practice Wicca."

With so much emphasis on the Moon, as an extremely powerful source of pure energy, the Sun is often overlooked. I have found the energy of the Sun to be the most powerful between 11:00 and 14:00 approximately. This is when the Sun is directly overhead.

When the Sun is rising [waxing on a daily basis], this is another powerful time. An excellent time for meditation has always been before the Sun rises, before dawn. The setting [waning] Sun also has some of the same effects as a waning Moon in removing and ending things. But, ALWAYS take into consideration the Moon, both the sign and the phase. [\[make sure the moon is not void of course when you begin this working\]](#) Never begin any working during a void of course moon.

The Sun has fire energy, the element of fire, which is the spark of life. When doing a thorough aura cleaning, stepping outside into the Sun on a sunny day when the Sun is high in the sky can work wonders. For this to be effective, you must be directly in the Sun. Just breathe in the solar energies into your aura and soul, engulf yourself in the solar energy, which is even easier to see astrally when you are sitting, standing or lying in the brilliance of the Sun. You can even do a [full rosary](#), vibrating SURYA [Satan told me 216 times is more effective than 108], and to do this, just reach the last bead on your rosary and then turn it back. I have worked with this and it is very effective.

You can breathe in energy from the Sun, lighting up your aura with brilliance and then on each exhale, vibrate SURYA.

"SURYA" SUUU-RR-YAH [For an audio Mp3 of Surya, please click here](#)

The Ritual:

This working should be repeated every day, if possible. This will stay on your soul eternally, protecting you, and keeping you safe from the malice of others; destroying your enemies.

1. Raise your energies. This is best done [as with all magickal workings] when you are at your most powerful, feeling a strong energy buzz. If you are new, just do the best you can. You can also use the energy of the Sun [close your eyes, facing the sun, focus on the sun and breathe the energy in], as indicated in the above to raise your energies with reciting SURYA, using a Satanic rosary [or anything that will help you keep count]

2. Clean your aura thoroughly, as instructed from Part 1 of Returning Curses. DO NOT hesitate to ask for a Demon/ess to help you. Even if you cannot hear, sense or see the Demon/ess, know He/She is there and is helping you, and delivering the energies back to the sender/s.

3. Engulf yourself in the light. Again, I repeat, if at all possible, use the Sun. Another effective tactic, if you are unable to use the Sun and have trouble visualizing is to use a lamp, with the bright bulb facing you, shining right in your face as you close your eyes and visualize the light.

Using a desk lamp with a flexible neck, shining in your face is another prop for visualizing the light indoors. DO NOT USE LED LIGHT BULBS OR LAMPS THAT HAVE LED BUILT INTO THEM!! THESE CAN SEVERELY DAMAGE YOUR EYES, EVEN THOUGH YOUR EYES ARE CLOSED. USE A SOFT WHITE LIGHT BULB, WHICH IS SAFE IF YOU CHOOSE TO DO THIS. NOTE MOST FLASHLIGHTS HAVE THE LED LIGHTING. DO NOT USE THEM!!

4. Affirm 18 times: "My aura is constantly and continuously deflecting and repelling any and all negative energies, curses, bindings, hatred, ill will, thoughtforms, and destructive energy directed at me and is immediately returning these directly right back to the senders."

Do this daily. I strongly recommend everyone do the INTENSE AURA CLEANING indicated in [RETURNING CURSES PART 1](#), and keep repeating this. You will find with deep cleaning your aura, not only will this remove any curses, but all kinds of other crap that has kept you down in your personal life. A dirty aura also hinders your workings and personal powers. The aura and soul have accumulated all kinds of negative energies throughout many lifetimes and these cannot all be removed in one working. It must be repeated. AGAIN, I strongly advise you ask Satan to send you a Demon/ess to work with you in removing these energies. Even if you are new and cannot see or feel him/her, follow your gut feelings and intuitions.

It is extremely important to always say the prayer before your aura cleaning: Hear me oh Great and Mighty Satan. I ask your help in returning these curses, amplified to the senders who have attacked us for doing your work. You know who they are. They will know your wrath. I ask that you send a Demon to me to take and deliver the curses and thoughtforms that I have cleaned from my aura and soul directly to those who have sent them. O Mighty Satan, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor, and Glory be given Thee forever and ever.

Especially if you are actively working for Satan.
