is the day after the longest night of the year. Again we look forward to beginnings, as the days will begin to get longer as the year goes on. This is a time for intense celebration and devotion to Lord Satan, indulgence, decorating the home, family celebrations and getting together. The Night of Dec. 22nd should be spent in dedication to Satan. This is an excellent time to focus on planning for the year. If one wishes to make personal resolutions this is a good time to do so.

At the high point of a ritual, personal resolutions can be written on paper and burned. Father Satan is always there to help us in having the strength to carry through with our intentions. After the rite, intense celebrating should take place.

The Yule holidays for Satanists are times of indulgence and taking pleasure in the physical and material aspects of life. Actually, xmas trees and wreaths are Pagan in origin, so there is no reason not to celebrate this holiday with our families. Gift giving, baking, decorating. This is what the TRUE Yule season is about, not that filthy worthless Nazarene.

SIGIL

Baal-Berith is the Father of the Yule season and the Yule [xmas] Tree. "The Christmas tree, now so common among us, was equally common in Pagan Rome and Pagan Egypt. In Egypt that tree was the palm-tree; in Rome it was the fir; the palm-tree denoting the Pagan Messiah, as Baal-Tamar, the fir referring to him as Baal-Berith." ¹ "The Christmas-tree, as has been stated, was generally at Rome a different tree, even the fir; but the very same idea as was implied in the

palm-tree was implied in the Christmas-fir; for that covertly symbolised the new-born God as Baal-Berith, "Lord of the Covenant," and thus shadowed forth the perpetuity and everlasting nature of his power, not that after having fallen before his enemies, he had risen triumphant over them all." ²

In Egypt they worshipped Nimrod as a palm tree, referring to him as the Messiah "Baal-Tamar." Among the most ancient of Baals, he was known as Baal-Bereth, "Lord of the fir-tree." He evolved into Baal-Berith, "Lord of the Covenant." In Ancient Rome, where they also worshiped the fir tree, they called him "Baal-Berith."

The 25th of December, was observed in Rome as the day when the victorious God reappeared on earth, and was held at the Natalis invicti solis, "The birth-day of the unconquered Sun." Now the Yule Log represents the dead stock of Nimrod, known as the Sun God, but cut down by his enemies; the xmas-tree represents Nimrod- the slain God reborn. The ancient practice of kissing under the mistletoe bough, most common to the Druids, was derived from Babylon, and was a representation of the Messiah, "The man the branch." The mistletoe was regarded as a divine branch --a branch that came from heaven, and grew upon a tree that sprung out of the earth. Nimrod, the God of nature, was symbolized by a great tree. But having been cut down and killed in his prime, he was now

symbolized as a branchless tree stump, called the Yule Log. Then the great serpent came and wrapped itself around Nimrod [the stump]. Miraculously, a new tree appeared at the side of the stump, which symbolized Nimrod's resurrection and victory over death. Here is an illustration of an ancient Ephesian coin:

Baal-Berith was known also as "Lord of the Covenant" and as "The God Berith." He was a popular God and was worshipped in Canaan, Philistia, and Shechem. He was the protector of the covenant between Shechem and some neighbouring Canaanitish towns, which were originally independent, but were at length brought under subjugation by the Hebrews.

"Any Israelites who might be dwelling in Shechem would be simply or protected strangers, and not parties to a covenant. The Temple of Baal-Berith had a treasury from which the citizens made a contribution to Abimelech. It was there that Gaal first came forward as a leader of the rebellion, and within its precinct the inhabitants of the tower of Shechem [the 'acropolis,'] found a temporary refuge from Abimelech at the close of the revolt."³

"Baal-Berith was also known as "God of the Community."

Below are photographs of the ancient remains of Baal-Berith's Temple:

The remains of Temple of Baal-Berith are a round-ended, landfilled platform on which a massive temple once stood. Dated to the 13th/12th century BCE, it measured 86 feet long and 78 feet wide and its walls were around 19 feet thick. "Archaeologists believe that it was a two-story building.

It had one entrance to the east, in the middle of which was a column to support a roof, and on each side of the entrance was a massive tower. The eastern tower included a stairway that might have led to the second floor. Inside the main hall were two rows of columns. On the semi-circular platform in front of the temple, part of a sacred pillar or standing stone was found [seen on the right side of the above photo], Archaeologists believe it marked the temple entrance."

Candlemas/Imbolc/Feast of Fire

So many of our ancient traditions and rites have been destroyed and corrupted. In researching for the origins of Candlemas, there were many dead ends and Wiccan rites that made no sense. I asked the Demons for help and Father Satan appeared to me for a few seconds and said "Think Fire."

After a bit, it finally occurred to me, this tradition is of fire, "The Feast of Fire," A celebration of fire. This holiday has everything to do with the celebration of fire. Fire is an important part of Satanism. Imbolc/Candlemas falls midway between the winter solstice and the spring equinox. Technically, when the sun is at 15 degrees of Aquarius, this holiday should be celebrated.

In ancient times, holidays were celebrated according to the solar and lunar cycles and not according to fixed dates. Celebrating this holiday when the Sun is at 15 degrees of Aquarius gives it a special power as there is a special alignment. The fixed quarters known as the Sabbats, are excellent times for spells and magical workings, as these will be given an extra boost in manifesting due to the alignment of the sun, especially if they involve the element of fire; e.g. using candle magick or invoking and directing the element of fire.

In ancient times, People danced around bonfires and celebrated until dawn. Certain foods are traditional for Candlemas/Imbolc, such as crepes and pancakes. Because of their rounded shape and golden color, they are symbolic

of the returning sun, which this holiday represents. The emphasis on fire represents the returning warmth of spring and the spark of life/fertility for the coming planting season.

The element of fire is the element of creation and beginnings. Many covens consider this holiday to be significant for initiation rites for new members. This is an excellent time for performing the dedication ritual to Satan.

Candle Magic

Pyromancy [Divination by Fire]

To use fire to foretell events or divine the future, the intensity of the flames, the shapes they take, the direction the fire may take and/or any images you see in them are ways of practicing pyromancy.

Bonfires

Fire Magick, is using the element of fire. Fire magick is amplified with invoking and directing the fire element. Fire magick includes: Confidence, fame, success in gambling, pleasure, securing popularity/charisma, increasing health and vitality, healing, protection, success, magickal power, creativity, enthusiasm, energy, stamina, major changes, adaptability, attraction, sudden changes, stimulation, enthusiasm, creativity, energy, gaining control, changing luck and inciting justice. Revenge, anger, pure sexual lust, and physical gratification, courage, determination, dealing with enemies. Inciting accidents, fires, injuries. Self-confidence, athletics, strength, magickal energy for Black Magick, intensity. Incites lust, energy, strength, sexual energy, dynamism, passionate love, physical desire, courage, will power, athletics [especially competitive]. Good for self-empowerment before workings of black magick. When used in black magick, fire as opposed earth is used to bring on sudden attacks, accidents, bloodshed, violence, and hatred. Fire can also be used to incite wars, anarchy, and cruelty. Properly evoking and directing the fire element will raise the temperature in whatever it is directed to.

Fire Meditation: Sit before a fire or lit candle and focus on your goals for the six months. What do you intend to accomplish? What do you feel strongly about? You can write them down in your black book, so that on Lammas [festival of the harvest], you can see evaluate your accomplishments.

Kundalini [Serpent of Fire] Meditation

Invoking and meditating upon the element of fire
Covens should celebrate and work as a group on any of the above

The above is mainly a guide; feel free to modify anything and use your creativity as fire is of the creative principle!

Beltane

Beltane [Pronounced "B'yal-t'n"] is an ancient celebration of fertility. Fertility celebrations have their origins in Ancient Mesopotamia. Orgies took place along with feasting to encourage the fertility of food animals and the abundance of crops for the coming year. Beltane is directly opposite Samhain [Halloween] on the Satanic Calendar as Samhain is the time of reaping. Beltane is also the celebration of the return of the Sun, the planting of crops, and the rebirth of spring.

In Ancient Mesopotamia, this fertility rite was known as "Zagmuku," Zagmuku was celebrated at the first New Moon after the spring equinox. The Ancients also celebrated the harvest, directly opposite Zagmuku, which was the original Samhain.

Because the holiday focused on rebirth, the original creation epic known the Enuma Elish, was recited on the fourth day of the festival which lasted 12 days. Originally, the celebration was in honor of the Sumerian God, Enlil [Baal] and this is where the name "Beltane" originates. In Mesopotamia, the New Year's Festival also served to reaffirm the bond between the community and the Gods, the community was represented by the king in temple ritual, for the king was the one responsible for the continual tending of earthly harmony and was held accountable to the Gods. The king joined with the high priestess in the Inner Sanctum of the ziggurat, and both performed ritual sex.

The Satanic year is based upon the natural cycle. The eight major Sabbats are the equinoxes and solstices of the Sun's year [666], and the 4 cross quarter days that come between them. The four equinoxes and solstices are based upon the motion of the Sun. The equinoxes are at the center of the Sun's movement and the solstices are the endpoints of the movement. These four solar points are cosmic events based upon the movements of the earth and Sun, symbolizing the interaction of light and darkness. "This date has long been considered a 'power point' of the Zodiac, and is symbolized by the Bull, one of the 'tetramorph' figures featured on the Tarot cards, the World and the Wheel of Fortune. [The other three symbols are the Lion, the Eagle, and the Spirit.]" ¹

These are also seen in the Egyptian Sphinx. "Astrologers know these four figures as the symbols of the four 'fixed' signs of the Zodiac [Taurus, Leo, Scorpio, and Aquarius], and these naturally align with the four Great Sabbats of Witchcraft." ²

Beltane is midpoint between the vernal equinox and summer solstice. Due to the alignment of the earth at this important time, telepathic communication with the Gods and spirit world is very open. This is an excellent time to communicate with Demons

Beltane begins at sundown on the evening of, April 30. This custom originates with the Celts who always figured their days from sundown to sundown. Sundown was the time when Druid priests lit the Baal-fires on the tops of hills.

Beltane fires symbolized the spark of life and fertility. Traditionally, the Beltane fires were composed of wood taken from nine different types of trees and kindled on a specially prepared sacred grid. The grid was created by outlining a square on the ground and dividing it into eight smaller squares. Turf from the eight outer squares was dug out and removed, leaving the ninth square in the center intact. "The Beltane fire symbolized the central hearth of the community. 'These local sacred hearths represented the mystic divine fire at the center of all things, whose spark of life is carried by each of us.'" ³

The Eve of Beltane has traditionally been celebrated in the nude with orgiastic sex. Couples would pair off, jump through the flames of the bonfires, and go into the woods until dawn, engaging in all night sex after intense feasting. Wearing clothing or ritual robes was much too dangerous when jumping through the flames. Frequently, cattle were driven between two such bon-fires [Oak wood was the favorite fuel for them]. The following morning they were taken to their summer pastures.

Celebrants danced nude around the maypole. The Maypole is derived from the Egyptian obelisk and represents the erect phallus [penis]. It is traditionally constructed from wood of the birch tree, the tree of purification.

"In the words of Witchcraft writers Janet and Stewart Farrar, the Beltane celebration was principally a time of '...unashamed human sexuality and fertility.' Such associations include the obvious phallic symbolism of the Maypole and riding the hobby horse. Even a seemingly innocent children's nursery rhyme, 'Ride a cock horse to Banbury Cross...' retains such memories. And the next line '...to see a fine Lady on a white horse' is a reference to the annual ride of 'Lady Godiva' though Coventry. Every year for nearly three centuries, a sky-clad [nude] village maiden [elected Queen of the May] enacted this Pagan rite, until the Puritans put an end to the custom." ⁴

Other May Day customs include walking the boundaries of one's property, repairing fences, and boundary markers, performing chimney sweeps, participating in archery tournaments, dancing, feasting, music, drinking, and indulgence.

In Ancient Egypt, the spring fertility festival, celebrated during the season of Het-Her, was known as "The Festival of the Joyous Union." The energy of the earth sign of Taurus represents fertility and the commencement of the growing season; the union of the sun and the moon symbolized the fusion of the male [solar] with the female [lunar]; the new moon. The Ancient Egyptians celebrated this holiday with art, music, dance, performance and sexual intercourse.

Joy of Satan Ministries is working to rid Satanism of all the Judeo/Christian vermin that has infested it for centuries. Another name for the April 30th celebrations is The Feast of Valborg." We refuse to call this night "Walpurgisnight." "Walpurgis" is the name of a Christian saint.

Years ago, large Sabbats were held on the Summit of the Brocken in the Harz Mountains of Germany. A Black Mass, feasting and orgies lasted until dawn, with dancing around a huge bonfire, and intense celebrating.

The Feast of Valborg is the celebration of fertility that has its origins with the Vikings. The festival spread throughout Europe. At this time, the veil between the Earth and the astral/spirit worlds is said to be very thin. What is done on this night, especially at midnight [April 30 - May 1st] has special significance. All rituals, magick, spirit communications and related are much more powerful on this sacred night.

The Summer Solstice 666 June 21st

Technically, the Summer Solstice begins when the sun enters 0 degrees of the zodiac sign Cancer. The Summer Solstice is one of the four major "Solar Festivals" of the year, the others being the Winter Solstice of December 21st, when the sun enters 0 degrees of Capricorn, the other two being the Spring Equinox when the sun enters 0 degrees of Aries, and the Fall Equinox when the sun enters 0 degrees of Libra.

All of the Satanic [original Pagan] holidays have been corrupted and replaced with false and imposter biblical characters, fictitious legends, and practices completely unrelated to the original holidays. This was done by the Catholic Church for the sole purpose to remove spirituality and occult knowledge.

In addition to the Satanic holidays being times for festivities and celebrations, these days are certain points where astral communications are greatly facilitated, and witchcraft workings are greatly enhanced [according to the specific holiday]. Beneath all of is alchemy. For those working on the Magnum Opus, and/or to advance their own powers and soul, these days are very important for different aspects of the working. For example, the Magnum Opus should be commenced at 3 am on the day the sun enters the sign of Aries. [This is where the 'Lamb of God' was stolen from the zodiac sign of Aries the Ram, and the Chi Ro runic staves that are often seen in paintings and such depicting the false nazarene].

The Summer Solstice was replaced by the Catholic Church with "The Feast of St. John."

666 is the number for the sun. It represents amplification of astral solar power. The heart chakra esoterically is ruled by the sun. On the 21st-22nd of June, when the sun enters 0 degrees of Cancer, the power of the sun is drastically amplified.

- Workings that deal with solar magick are greatly enhanced at this time.
- Workings on both the heart and solar plexus chakra are greatly enhanced at this time.
- Communications with astral entities such as elementals: fairies, gnomes, etc., are greatly enhanced at this time.
- As with Halloween, the astral is very thin and communications with Demons is much easier.
- Fire magick is greatly facilitated
- The eve of the Summer Solstice has a very long tradition for being a night where divination is much easier and more accurate.
- Love magick spells are also greatly enhanced on the eve of the Summer Solstice.

- This is also an excellent and powerful time for infusing herbs, crystals and other items with solar energy
- This date is also favored for beginning healing work, as the sun is the esoteric healer.
- Workings that deal with infusing water with solar and/or healing energy are also traditional here
- Creating and blessings of wands [fire], blessing of the Tarot cards
- Rune spells and Rune work are also favored at this time, as Runes are staves and of the element of fire
- Gathering of herbs for magick, especially those used for solar/fire magick and/or healing

In ancient times, festivities and celebrations of this important holiday nearly always included Baal Fires [the traditional bonfire]. The element of fire represents the life force, and life itself. Death is cold and hard. Fire is warmth and life. Those of us who have condensed the life force within ourselves know just how hot it can be, like the kundalini serpent. The traditional color for this festival is white. Circle dancing, snake dancing, sexual orgies, indulgence, and feasting are all traditions for the Summer Solstice. The tradition of lighting the Baal Fire and jumping through it has survived since ancient times. "Despite the church's attempts to stamp out all Pagan traditions, the lighting of a midsummer bonfire on midsummer's eve, survived in even the most staunchly Christian communities." ¹

The ancient Druids celebrated the unification of "Heaven and Earth." What this means is centering on the heart chakra. "Heaven" and "Earth" were stolen from Taoism and are code words for the crown [heaven] chakra and the base [earth chakra]. In some doctrines, 'hell' is the code word for the base chakra, with earth at the heart chakra, but for the 'unification' referred to here, this is the unification of the energies of the base and crown convened at the heart. The uniting of both elements- water and fire are celebrated on this day.

Voodoo rituals are also traditional at this time and have survived for centuries. "Immediately the drums increased the tempo, the singers chanted the ritual song, and a woman dancer stepped into the circle and began the ritual dance in imitation of the movements of the snake. In the frenzied group dance which followed, the dancers tore off their clothing and danced nude until the ritual ended, as it always did, in a sexual orgy." ²

Samhain/Halloween

For those of us who are very close to Father Satan, we are all well aware that he is fed up with all of the Judeo/Christian claims and statements concerning what our religion is, how we celebrate, and worst of all WHAT THEY CLAIM HE IS ALL ABOUT.

- SATAN IS NOT A HALLOWEEN MONSTER
- SATAN IS NOT A VAMPIRE, SPOOK OR GHOUL
- SATAN DOES NOT HAVE RED HORNS AND A TAIL
- SATAN IS NOT ABOUT GRAVEYARDS, GRIM REAPERS, SKELETONS OR ABOUT HORROR.
- THIS TRASH COMES FROM CHRISTIANS. IT IS USED TO BLASPHEME, DENIGRATE, AND RIDICULE HIM. THE SAME GOES FOR HIS DEMONS.

For many of us, Halloween is a favorite holiday. I, myself love horror movies and such. The point here is how these have been twisted to portray a false and insulting image of Satan and the Original Gods [Now labeled as "Demons"].

Ask yourself how you would feel if people put on hideous masks and went out as either you or a family member of yours or a loved one.

Father Satan should be respected on this date, not mocked by those who believe in and honor whatever Christianity dictates he is. How long do you think someone would last going out dressed as the Nazarene? Chances are, they would be attacked by some fundie Christian.

Or, if Hollywood was to produce a movie depicting the Nazarene and his ilk as hideous monsters.

Halloween is a great time for costumes, monsters, and ghouls, images of death and such, a time to be creative and indulge. It is one of our major holidays, but the negative images denigrating Father have to go.

He is tired of it and has let the clergy know he does not approve of these insults. For far too long, too many Satanists have gone along with the Christian ideas of Satan and his Demons; what the Christians allege them to be and what THEY claim our religion is all about, instead of seeing Satan for WHO HE REALLY IS without all of the Christian false and twisted overtones.

ABOUT SAMHAIN:

The holiday known as "Halloween" was originally called "Samhain" a Celtic word meaning "Summer's End." In ancient times, religions were based upon nature, where humanity lived in tune with the earth, the change of seasons and the changes in the stars in the sky. This is the essence of Satanism; what is natural.

The major cycles of the year and the crops were important times for festivities, rites and celebrations. Samhain was a time of harvest and the end of a year, a time of preparation; storing crops and preparing for the dead of winter. The eve of November 1st was the eve of the Celtic New Year. This holiday was a time of harvest, a time of endings, death, and dying, as plant life died and the cold set in. Samhain was also a time of honoring the dead. The Druids built huge bonfires, which they considered sacred, in honor of the Celtic New Year.

There was a prevailing belief in the existence of a Celtic God of the dead known as 'Samhain'. With extensive research and study accomplished by many scholars, nearly all agree this God was non-existent.

Nearly all of the sources mentioning a deity of death known as "Samhain" are CHRISTIAN and they have [as usual] NO legitimate references to back up their claims.

Samhain was celebrated for centuries before the Christian takeover of Pagan holidays. To the intruding Christian religion, any Gods of the old faith were considered "evil" and therefore especially unwelcome at a time of "danger" for the "soul of any good parishioner." This was why xtians suppressed the deadly rite and replaced it a day later with 'all soul's day.'"

Trick or treating originated in Ireland as beggars went door to door on October 31st, asking for handouts. The gifts were for "Muck Olla" a God who was said to destroy the house of anyone who was not generous. Jack-O-Lanterns also had their origin in Ireland; named for a man named "Jack." The story goes that Jack was a miser and when he died, he was not allowed into heaven and he also played jokes on the Devil, so he was not admitted into Hell either, but was doomed to walk the Earth forever. He only had a little lantern to light his way and this is why he came to be called Jack-O-Lantern. Of course, the spooks, vampires, and ghouls were associated with this holiday because of the natural human fear of death and Samhain was a holiday of death.

Standard Satanic Ritual

The ritual below is for new people, who are inexperienced. These steps are to acquaint one with the procedure for the formal advanced ritual. These rituals are for those who prefer to use ceremony and can also be adapted for covens and groups. Ceremonial rituals are not necessary in accomplishing your spiritual goals when you are experienced. All you need do is to focus your mind, recite the necessary vibrations [words of power], and so forth without the use of any material props. Please read this entire page, as there are explanations at the bottom. Satan/Lucifer represents the common people. Unlike the Christian churches and all of their vast wealth, pomp, and ceremonial show, Satan does not expect his people to have expensive items for ritual. If all you have is yourself, this is fine with Satan. He understands. Satan, who is our True Creator God has given us everything we need within ourselves. Satan represents and stands for self-efficiency and personal empowerment to where we can control our own lives and destinies without having to slavishly worship or rely upon something outside of ourselves. Satan gives us the knowledge we need to access the power within.

- It is a good idea to always bathe before ritual. This shows respect.
- Light your incense and let it burn 10-15 minutes to fill the room.
- Write any prayers, thanksgivings and/or requests out on clean paper
- Light your candles. [If you are using candle holders, they should be silver]
- Fill your chalice with wine or some other drink [your chalice should be silver]
- Dress for ritual. If you don't have a ritual robe, try to wear all black, if possible. Make sure your clothes are clean.

THE RITUAL

Ring the bell, turning counterclockwise; invoke the Four Crowned Princes of Hell. You can do this with your athame [if you have one] OR just point your left index finger and visualize a stream of electric blue light entering the tip of your index finger and filling your entire being. With each turn, the blue becomes more and more intense, filling and charging your entire being. Begin with Satan/Lucifer, facing east and then turn to the north for Beelzebub, west for Astaroth, and south for Azazel, keep charging yourself with the blue energy at each turn:

- SATAN/LUCIFER TO THE EAST
- BEELZEBUB TO THE NORTH
- ASTAROTH TO THE WEST
- AZAZEL TO THE SOUTH

Then, recite the Invocation to Satan:

INVOCATION TO SATAN:

In Nomine Dei Nostri Satanus, Luciferi Excelsi.

In the Name of Satan, Ruler of the Earth, True God, Almighty and Ineffable, Who has created man to reflect in Thine own image and likeness, I invite the Forces of Darkness to bestow their infernal power upon me. Open the Gates of Hell to come forth to greet me as your Brother/Sister and friend.

Deliver me O Mighty Satan from all past error and delusion, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor and Glory be given Thee forever and ever.

Drink from Chalice

This is now the height of your ritual where you read your prayer to Father Satan. When you are finished, light the paper in the flame of your candle and place it in your silver bowl to burn. Now is the time for meditation and focus.

After the meditation is when you should talk to Father Satan one on one. After this, more prayers* [see note about Satanic prayers near the bottom of this page] can be said. You can pray during this time in Enochian, either with the Enochian Key[s] of your choice, or prayers of your own.

We are all individuals and have our own ways of ritual and worship. Very early on, to kneel was given to me by the Demons, and also a close friend had the same experience; to kneel out of respect, but this is between you and Father Satan.

At the end of your ritual close with a HAIL SATAN!!

Turn clockwise and ring the bell.

*Due to the monetary and political control of the xtian church, places where black candles can be purchased are becoming scarce. For those of you who are unable to find black candles, there is an alternative. Lucifer's color is blue, electric blue. Demons also show up in a blue aura. Those of us who have seen Hell, agree that it has a blue aura. USE BLUE.

For black magick spells, use red [anger] or navy blue [blue or black] Dark brown works well, also. This is just an attempt by xtians to try to stop us from practicing our religion, and is especially targeted towards teenagers and young people. Satan understands this and alternatives are fine with him.

For kids and teens who are unable to obtain any ritual items and for those who are financially underprivileged, the ritual can be performed in your own private Astral Temple

*"Prayer" in Satanism is very different from what the populace has been indoctrinated to believe, given the Christians and other enemy programs. Satanic "Prayer" is:

1. Telepathic communication between one's self and Satan and/or his Demons
2. Another aspect of Satanic Prayer is vibrating a mantra, word/s of power, Enochian or the Runes. Vibration is essential to working spells and such, empowering our souls and advancing ourselves spiritually.

The BELL, using in Satanic ritual is symbolic of the vibration explained above. When we repeatedly vibrate words of power, mantras, runes, etc., while focusing and directing the energies, a ripple effect takes place on the astral and manifests our desires in the material world. This is the symbolism of the bell in Satanic Ritual.

Advanced Satanic Ritual

This is advanced, but gives the real steps for Satanic ritual. The standard ritual is for anyone and especially for newbies, as this is a preparation for the advanced ritual, which everyone should know the meaning of. The entire standard ritual is made up of allegories. The purpose of the steps in the advanced ritual are to bring the operator to full power in that the working will succeed. An entire ritual is not necessary in the way of ceremony, but many people enjoy the ceremonial aspects and use this time to get in a proper mood for a working, which can be essential. Always remember...if a certain personal method has brought you successes, then stay with it. Always do whatever works best for you, as we are all individuals. I, myself don't bother with ceremonial rituals anymore for quite a few personal reasons, for example, but this is my own way and if ceremony works for you, then use it.

Here are the true meanings of the steps in Satanic Ritual:

1. Ringing the bell. The bell is an allegory for reverberation. This has to do with vibrating words of power, mantras, and so forth. Vibration is highly effective for directing energy and creating a lasting change in energy at the soul and even in one's own environment. So, in ritual, mantra/vibration is used, as it enhances one's powers and the working.

2. Invoking the Powers of Hell. Note here the sword tool [again, props are unnecessary and only create a mood, unless they are seriously charged with energy], the sword represents the element of air. Invoking the Powers of Hell is another allegory for invoking the elements, which are also represented by the pentagram. By invoking fire, earth, air, water and the ether, you again enhance the full powers of your soul for the working. Each direction one is facing with this aligns one's energies with the energies of the earth. Each of the Four Crowned Princes of Hell represents an important aspect of the soul. This is an allegory. The aspects of the soul can be empowered through the RAUM meditation.

As with the Tarot, the rods/wands represent the fiery serpent within the spine, the cups are the chakras from which we "drink" the energy. The pentagram represents the earthly manifestation of our desires and the invocation of all five elements of that comprise the human soul and enhance its power and the swords- as I already mentioned in the above represent air- the vibration and reverberation that effects change. Sound changes the molecular structure both in the material world and on the astral.

3. The Invocation to Satan is exactly what it is and invites the Powers of Hell. This step is not an allegory, but a dedication prayer. "Opening the Gates of Hell" is an allegory for opening your chakras; again for full power.

4. **Drinking from the chalice** is the energy buzz. The chalice, the cup...the Grail; all of these are allegories for the chakras as are “the gates.” This is to sit quietly for a few minutes to make sure you get a powerful energy buzz, which will enhance the working. In order to get the most power from your ritual, your soul should be at full power.

5. The next step – **the paper in the burning bowl**; again another allegory. This is where you focus and concentrate to direct your energies into the working. Fire is the element of life; the spark of life. This is another allegory for focusing and directing the energies of your soul into the working.

6. If the ritual was for black magick, and a black magic mantra was used, then concluding the ritual [again, ringing the bell], would indicate vibrating an opposite mantra to clean any negative energy from your soul.

7. **The planetary energies should also be conducive to your working.** For this, it is important to have a working knowledge of astrology and to consult an ephemeris.

For a Thanksgiving Ritual, this is a way to show appreciation, but the best way is to do some actual work for the Powers of Hell. When one is new, the Powers of Hell will often work on your behalf and help you. The entire foundation of True Satanism is that Satan helps us and gives us the knowledge to where we can become independent and to help ourselves. Whenever one petitions the Powers of Hell, one draws off of their energies. The entire focus here is one should be using one's own energies as soon as one is able to.

Giving a Demon/ess something in return; if one is not yet spiritually powerful enough and needs assistance from a Demon/ess, “something in return” means actually working for the advancement of Satanism; working against the enemies of Satan, such as noted in the Hell's Army website.

Work to destroy the enemy and do this effectively. Educate people to the truth, but do this safely and safely is effectively. This can be done online, where you can reach thousands. Working offline, you can put anti-Christian tracts in bibles, Christian books in libraries and such; wherever they will be seen and read. The enemy leaves Christian tracts all over the place and consistently. Be discreet, work quietly, and counter them. Practical work is what the Powers of Hell need from us, not just verbal gibberish- talking the talk, but doing little or nothing to actually show appreciation and thanks. Talk is cheap, whether it is used in ritual or otherwise. SHOW your appreciation by devoting your time and energy when and where you can to destroy the enemy and to advance Satanism.

Lastly- one of the most important things you can give the Powers of Hell is your energy. If you have energy to spare, ask for Satan to send a Demon/ess to take the energy and to deliver it where the Powers of Hell need it. This also includes if

you are ever overcharged with energy. Establish a relationship with a Demon/ess and call upon him/her to take any excess energy and deliver it to the Powers of Hell. This is even more serious if you have a coven. Your Patron Demon/ess can take any energy that is left over and deliver it. This is a very important gesture of gratitude.

Satan wants our efforts and our work, for we are at war; not idle chitchat or meaningless talk. Everyone should know what to “give a Demon in return.” Offer your services and hard work, NOT trinkets, food, or other worthless junk. Work where you are able to, build your powers through consistent meditation, and strive for independence to where you can make your own desires manifest in reality on your own. If you are in doubt concerning what to do or how to work, focus on Satan and ask him in your mind. Be aware and open, and you will receive signs.

Raum Meditation for Empowering Your Soul

This meditation is about the most powerful I have ever done. Special thanks to our Anti-christ who gave me this meditation telepathically. He is one of the very few who has completed the magnum opus.

This meditation is exceptionally powerful and should only be performed by experienced meditators.

Vibrate RAUM

RRR into your base chakra [be sure to roll the R's]

AHH into your sacral chakra

UUU into your solar plexus chakra

MMM into your heart chakra

Now, vibrate RRR into your heart chakra [be sure to roll the R's]

AAAH into your throat chakra

UUU into your 6th chakra

MMM into your crown chakra.

The above is one round. Do several rounds. It is best to do 13 rounds, or a multiple of 13.

Following the completion of the above, vibrate I-O. I is the symbol for the masculine side of the soul [representing the penis] and O is the symbol for the feminine side of the soul [representing the vagina]. This is especially seen in the Sigils of our Gods. This is also taken from the Greek legend of IO, Princess of Argos, which is an allegory. Argos is of Agares.

Vibrate EEEE focusing on the right side of your body and immediately follow by vibrating OOOH focusing on the left side of your body [going back and forth], 40 times.

For example, vibrate EEEE focusing on the right side of your body [torso], then immediately vibrate OOOH focusing on the left side of your body. That is one round. Then, immediately vibrate EEEE on the right, then immediately vibrate OOOH on the left. That is the second round. Do 40 rounds of vibrating I then O using a Satanic rosary. A Satanic rosary is used so one is not distracted when vibrating high numbers of repetitions, by trying to keep count.

The I vibration, pronounced as EEE, is pronounced as the long American English E, as in the American English words SEE, TEA, and ME.

The OOOH vibration is the American English long O, such as in the words HOLD, and NO.

Following the completion of the above, vibrate E-A. Vibrate E, pronounced AY, as in the American English words MAY, SAY, DAY; focusing on the front of your body, and then AHHHH, focusing on your entire spine.

For example, vibrate AAAAYYYYY, focusing on the front of your body- just your torso, then immediately vibrate AAAH focusing on your entire spine. That is one round. Then, immediately vibrate AAYYY on focusing on the front of your body, then immediately vibrate AAAH focusing on your entire spine. That is the second round. Do 40 rounds of vibrating E then A using a Satanic rosary.

The so-called "tetragrammaton" is actually the four-fold meditation for the soul. The "sacred name of God" is a code word for the extreme word of power for the soul. "God" is a code word for the self. The enemy has seriously corrupted this. For more information regarding this, click here for the article "The Real Tetragrammaton: Further Exposing Christianity"

This meditation empowers the entire soul. The heart chakra is a connector and energy vibrated into it from below will then connect to and transfer into the upper chakras in the second part of the meditation. Just be aware, this is exceptionally powerful and you will definitely feel it the very first time.

This is a powerful meditation to use both before a formal ritual or any informal working. This meditation can be performed several times a day to empower the soul. It is a primer. Following this, one may vibrate a short mantra or a word of power as in Satan's Squares, such as SURYAE. Vibrating the word alone SUUU-RR-YAH-YAY, nine times, or a multiple of nine is effective. You do not need to vibrate all of the Sun mantra given in the squares. Following this, you may want to state an affirmation, directing the energy into a specific goal, several times.

There are many times we are blessed by Satan. It is very important that we show our gratitude and acknowledge his gifts. Prayer to Satan for Protection

O Mighty Lord Satan, by whom all things are set free, I cast myself utterly into thine arms and place myself unreservedly under thy all powerful protection. Comfort me and deliver me from all of the hindrances and snares of those who wish to harm me, both seen and unseen.

Visit justice and vengeance upon those who seek my destruction. Render them powerless and devastated. Direct their malice to return upon them tenfold and to destroy them who would resent my being.

Fill my soul with thy invincible power, strengthen me, that I may persevere in my service, and act as an agent of thy works and a vessel of thy will.

This I ask in your name, almighty and ineffable Lord Satan who liveth and reigneth forevermore.

Ave Satanas

When we are new to Satanism, Satan and his give us plenty of help. As we progress, we are expected to do things for ourselves and use our own energies, which we develop through consistent Power Meditation

Satan and his Demons are there for us at all levels, but we are expected to develop and use our own energies for the things we can already do.

When we ask Satan for his protection, if at all possible, we should also be learning to protect ourselves:

Meditation for Protection

Aura of Protection

This meditation is very important. It is simple and the more you do this, the more powerful the protective aura becomes.

1. Breathe in white-gold energy* as you would with the energy foundation meditation. You don't need to go into a deep trance with this. Just concentrate on *feeling* the energy enter your being on each inhale and then visualize a powerful brilliant light, like the Sun becoming brighter and brighter with each exhalation. Once you get this going, it becomes very easy and takes little time.

2. Affirm: "I am breathing in powerful protective energy. This energy is building an aura of protection around me. This aura protects me at all times in every way." Say this to yourself five times for five inhales. After this, just concentrate on visualizing and feeling the energy, making it more and more brighter and powerful.

This will program the energy and will also program your aura.

After several days of doing this exercise, you can say the affirmation once or twice, instead of five, as it will already be programmed into your aura.

The more you do this, you will build a more and more powerful protective aura. Use the energy from the Sun as well. Energy from the Sun is extremely powerful. When doing this, just add "I am breathing in powerful protective energy from the sun. This energy is building an aura of protection around me. This aura protects me at all times in every way."

*White-gold energy is used because it is reflective. You can also program your aura so you breathe in protective energy from the Sun [extremely powerful] when you are outside. After the first few times, you don't even have to visualize anything. You can just feel this and you don't have to be in a trance for it to work- you will feel it. I am to where I just consciously breathe in energy and I can do it easily at any time- with no trance or visualization.

Another important thing you can do to protect yourself and remain safe is to affirm 5-10 times before you go to sleep:

"I am always totally safe and protected in every way." Never doubt this! The aura of protection will also help to clean your aura and repel any negative energy. This is very important.

You can also visualize loved ones and breathe energy into their aura to protect them. Just go into a trance and visualize whoever you want to protect and breathe in energy as outlined in the link above and then breathe it out into the aura of the one you wish to protect and follow the same procedure, only apply it to this other person. This can also be done for healing purposes.

Standard Destruction Ritual for Revenge

The following ritual is basically for beginners and those who are new. Adepts use more techniques that are advanced and in many cases, a formal ritual is not needed. For those of us who have powerful souls, just dwelling upon the hated one with thoughts of hatred, is often enough to bring curses upon that person. Visualizing the hated one with a grey aura, while dwelling upon the above amplifies this, but again, your soul must be powerful enough, which is accomplished through consistent meditation. The strength of your mind, aura, will, focus, and hatred determine the outcome of any destruction ritual. Often, one or two workings are not enough and the workings need to be repeated, especially during a waning moon [full to new phase]. When one is new, Satan and his Demons often grant favors, but the essence of true Satanism is self-empowerment.

The Destruction Ritual begins with the Standard Ritual.

After invoking the Four Crowned Princes of Hell, you should read a prayer that you have written by yourself in your own words asking for the destruction of your enemy. Work on only one enemy at a time, unless you have a specific agreement with a Demon/ess in exchange for services you both agree upon. Attempting to punish more than one enemy at a time will only weaken your energies, as they will be dispersed. Energy should be directed like a laser to do its job.

Included in the prayer should be the name of the offending one, the severity of the punishment you wish to see inflicted, and how they offended you and your feelings about being victimized. It also helps to have either a small personal possession of the offender's or a photo of them, but is not necessary.

Either read the prayer aloud or silently to yourself, then push the tip of your athame through the paper and light it with the flame of one of your candles and place it in the burning bowl.

Now this next step is extremely important. The following is a good cathartic that can be a lifesaver to one's mental health and psychological well-being. This is the meditation step and is highly recommended in cases where there is an extreme amount of pent up anger and hatred: Here is where you visualize the person as clearly as you can and just let loose until total exhaustion. This ritual is best done while the offender is sleeping.

Visualize the offender clearly and inflict all of the mutilation, injury, and pain you can imagine upon them. Beat them, stab them, torture them, and torment them. You can repeatedly recite their name over and over again in your mind. Release all of your hatred and anger in any way you wish. Just do it in your mind. Some

people hate someone so hard they cry- this is fine, this is a cathartic and a very intensely emotional release. You must continue on and on until you are literally exhausted.

The most important thing here is to stay focused. You should also feel very justified. Any lapse in concentration or feelings that creep in where you feel you are not 100% in the right and completely may not only destroy a destruction ritual, but can be dangerous.

Now, close the ritual by giving thanks to Satan and any Demons you may have called forth that the offender will be rightfully punished. Ring the Bell, turning clockwise and say HAIL SATAN!! Either silently to yourself or aloud.

Take the burned remains and you can flush them down the toilet or dispose of them in some other degrading manner.

NOW THIS STEP IS EXTREMELY IMPORTANT:

Take all of the time you need with this and then some. You have just dealt with some very negative and destructive energy. You should clean your aura and chakras. Follow the instructions in this article, vibrating the words of power 108 times.

You should also keep cleaning your aura for several days following the working. Vibrations here are essential.

It is important that you put the experience behind you and do not dwell on the offender or concern yourself with hopeful anticipation over their punishment. Let the working do its job. Banish the offender and the incident from your thoughts. This working can take up to a month or more.

**The ritual can be varied, using a POPPET

Money Spells

Obtaining any serious amounts of money is one of the most difficult of workings because nearly everyone is obsessed with getting it. Money is god of this world. The competition is extremely high.

In addition, most reliable information in working spells is kept secret and from the public.

The dollar sign \$ is in the shape of a serpent. This is the kundalini serpentine energy, which gives power to our spells and magickal workings. You must be strong enough spiritually in order to get any serious amount of money.

Wealth is not obtained or ruled by the heart chakra. To obtain any significant amounts of money, you must have a strong solar plexus [Sun] chakra. Money may be ruled by green, but wealth and riches are ruled by gold. There are very few millionaires without a strong solar plexus chakra.

To attract money and wealth, you must be open. You must be 100% that you deserve wealth and riches. Any past hang-ups concerning wealth [these can go back into past lives] must be completely destroyed and you must reprogram your mind and soul to attract money and that you are deserving of money. False religions teach that poverty is a virtue. This is so wealth and power can be in the hands of a few, while the masses are slaves.

The following spells are effective in attracting money. Unfortunately, any permanent financial increases that are lasting take time for most people. In the beginning, small amounts of money may come to you, or a larger sum followed by modest amounts. Finances improve gradually. This has to do with your own personal spiritual abilities and powers. How strong you are indicates the length of time it will take you to permanently improve your financial situation.

The desire for and to attract money must be engraved and imbedded upon the soul.

Workings must be consistent, with full focus and attention.

Choose any of the spells below and apply yourself 100%. Signs that the spell is working is money coming to you, regardless of where or what it is from.

The best times for doing a money working, or beginning a money mantra are Sundays during the hours of Jupiter, Thursdays during the hours of the Sun or Venus [the Sun is more potent] and Fridays during the hours of Jupiter. The Moon should be waxing and in any of the following signs: Taurus, Leo, Libra, Sagittarius, or Aquarius.

Spell # 1

You will need a Satanic rosary or Mala beads for this.

Vibrate these words of power 108 times in a session per day for forty days without interruption. You cannot skip a day with this. Do this preferably at the same time every day:

SHRIM MAHA LAKSHMIYEI SWAHA

Pronounced:

SHREEM MAH-HAH LAHK-SHMEE -YAYEEE SVAH-HAH

After you complete the 108 repetitions, visualize plenty of money coming to you while affirming: "I am attracting large amounts of money to myself. This money is my own to keep and to spend as I choose." Repeat the affirmation with the visualization at least 3 times.

Each 40 days is a working. In severe cases, the 40 days working may have to be repeated several times to reprogram the soul and to engrave the words of power into the soul to attract money consistently.

Spell # 2

This working should be performed on Sundays during the hours of Jupiter, Thursdays during the hours of the Sun or Venus [the Sun is more potent] and Fridays during the hours of Jupiter. The Moon should be waxing and in any of the following signs: Taurus, Leo, Libra, Sagittarius, or Aquarius.

1. Vibrate GIGGIMAGANPA 15 times while focusing on the sigil below.

GEE-GEE-MAH-GAH-NNN-PAH

2. Immediately flowing, vibrate ZIKU 15 times while focusing on the sigil below.

ZZEEE-KKUUUUU, "UUU" AS in THE WORD "BOO"

After you complete the 30 repetitions, visualize plenty of money coming to you while affirming: "I am attracting large amounts of money to myself. This money is my own to keep and to spend as I choose." Repeat the affirmation with the visualization at least 3 times.

STRENGTHENING THE SOLAR PLEXUS CHAKRA

To optimally work on your solar plexus chakra and to really strengthen it, the best day to do this is on Sundays, during the hours of the Sun. Other days are Tuesdays during the hours of the Sun, Wednesdays during the hours of the Sun, and Thursdays during the hours of the Sun.

#1.

1. Vibrate ANNDARABAAL 35 times. Focus the vibration into your solar plexus chakra, while visualizing your solar plexus chakra brilliant like the Sun.

AH-NNNN-DAH-RR-AH-BAH-AH-LLL

[Be sure to roll the R's]

2. Vibrate ZULUMMAR 35 times. Focus the vibration into your solar plexus chakra, while visualizing your solar plexus chakra brilliant like the Sun.

ZUUU-LUUU-MMMM-AH-RR

[Be sure to roll the R's]

3. When you are finished with vibrating the words of power, feel the energy in your solar plexus chakra and meditate on the sigil below:

2.

Vibrate "AUM RAH" into your solar plexus chakra 50 Times. Egyptian God Amon RA rules the solar plexus chakra and is the God of wealth and riches.

ALTERNATE NOSTRIL BREATHING MANTRA:

You should already be familiar with alternate nostril breathing to perform this working. This can and should be done every day. Instead of counting while holding the breath, mentally in your mind, repeat a money word of power six or eight times [Six or eight rounds total].

AR-THA [AH-R-THA]

ARTHA-SRÎ [AH-R-THA SHREE']

DHÁN-YA [DUH-AHN-YA]

Regardless of the severity of your financial situation, try not to dwell on it or obsess over it. This can be difficult, but obsessing and endless worrying will only hamper your efforts.

Satanic Baptism

True Satanism is very much a celebration of life. If a child is born at the time of one of the Sabbats, this is an additional blessing. The birth of a child is a special occasion and all Satanic births should be hailed and celebrated. The Satanic baptism is the beginning of protection and guidance from Satan and his Demons who will also direct the child to make the most of his/her special gifts and abilities.

The infant should be dressed in black as this shows opposition to the false RHP religions.

The parent/s stand to the east of the altar holding the child.

The High Priest/ess rings the bell, opens the ceremony with the invocation to Satan, drinks from the chalice, and invokes the Four Crowned Princes of Hell.

High Priest/ess: *There is a newcomer to the Family of Satan*

Congregation: *HAIL SATAN!!*

High Priest/ess: *What is the name of this child?*

Parent/s: *[say the name of the child]*

High Priest/ess: *We welcome you _____ the family of Satan*

High Priest/ess: *Do you wish to dedicate this child to Satan?*

Parent/s: *We/I do, for without Satan and the knowledge and gifts he brings us, no life is complete.*

High Priest/ess: Lord Satan, we ask that you bless this child, guarding and guiding him/her throughout life, keeping him/her strong in your ways. When the time is right, bring him/her to your altar once again to dedicate him/herself anew into your service.

Parent/s [to child]: *May his Infernal Majesty, Lord Satan and the Powers of Hell smile upon you and watch over you throughout your life, guiding you on the Left Hand Path.*

High Priest/ess: *In the Name of Satan and before the Powers of Hell, we welcome you, [name of child], into the Family of Satan.*

Congregation: *HAIL SATAN!!*

The High Priest/ess then closes the ceremony.

After the baptism, there is feasting and celebrating.

The child should be brought up in the old ways and to honor Satan and his Demons. At puberty, he/she may perform the dedication of his/her own free will. This is when he/she is old enough to make the decision on his/her own and to fully understand. At this time, he/she may choose a magickal name.

Satanic Wedding

The ritual should be performed during a waxing moon. The moon should be in a favorable sign for marriage.

- The Moon in Taurus gives permanence, but can be difficult if the couple wishes to part later on.
- With the Moon in Cancer, couples are more likely to get back together after a split.
- Moon in Leo is favorable for romance and adds optimism to any union.
- Moon in Libra is ideal for any wedding as this is the natural sign for partnership and cooperation.
- Moon in Sagittarius is much like the Moon in Leo, but does not contribute to stability.
- Moon in Aquarius- the couple are likely to be lasting friends.
- Moon in Pisces gives empathy, but is not stable.
- The Moon in the signs of Aries, Gemini, Virgo, Scorpio, and Capricorn should be avoided.
- The love planets Venus and Mars should ideally be well placed and on favorable degrees. Couples should never marry when any planet is conjunct Caput Algol [25 of Taurus], at 9 degrees of any sign, especially Gemini and Sagittarius as these incite violence. Remember to take fixed stars into consideration when selecting a time.
- The temple should be decorated according to the couple's tastes. Modifications should be made to suit each couple, the following is only a guideline:

The High Priest/ess opens the rite with ringing the bell and drawing a pentagram in the air with his/her athame and recites the following:

In Nomine Dei Nostri Satanus, Luciferi Excelsi. In the Name of Satan, Ruler of the Earth, True God, Almighty and Ineffable, Who hast created man to reflect in Thine own image and likeness, we invite the Forces of Hell to bestow their infernal power upon us. Come forth to greet us and confer dark blessings upon this couple who desire to become as one in the eyes of Lucifer.

The High Priest/ess drinks from the chalice and invokes the Four Crowned Princes of Hell:

- Satan/Lucifer from the East
- Beelzebub from the North
- Astaroth from the West
- Azazel from the South
-

The High Priest/ess now recites the following:

We come together in the Name of our Father and Lord Satan to join _____ and _____ together in marriage.

The High Priest/ess takes his/her athame and draws a circle around the bride and groom. All should visualize a blue light representing the Powers of Hell.

He/she then recites the following:

Almighty Satan, look with favor upon your disciples _____ and _____. Both have come here of their own free will. They come before you to ask your blessings as they set forth on this very day as husband and wife. We ask that you bless this union with lust and the pleasures of life, that their mutual affection and desire for one another continues strong and enduring.

Do you _____ desire of your own free will to take _____ as your lawfully wedded husband to love, honor and respect; to become as one in the eyes of Satan and before the powers of Hell?

Bride: *I Do, or Yes*

High Priest/ess: *Do you _____ desire of your own free will to take _____ as your lawfully wedded wife to love, honor and respect; to become as one in the eyes of Satan and before the powers of Hell?*

Groom: *I Do, or Yes*

Both exchange rings

High Priest/ess: *In the Name of Satan and before all of the Demons of Hell, I pronounce you Husband and Wife. May your union be powerful, strong and abundant with pleasure. HAIL SATAN!!*

Everyone in the congregation shouts “HAIL SATAN!!”

The High Priest/ess then recites, chants, or vibrates the First Enochian Key

[Satanic Souls Have Been Cursed, And We're Fixing This](#)
Postby [HP. Hoodedcobra666](#) » Sat Jul 21, 2018 9:20 pm

I didn't want to get into the details of this before to not cause non-necessary panic as many people not only have picked up on this on their own (the older ones and the more advanced ones), anyway, but many people have lived this reality.

We, or let's say, our group, and us personally, we have been cursed over and over again by the enemy. As you can imagine this has went back and forth. However due to the rise of Retardianity and BaboonIQanity or Christianity, and Pisslam namely, their energies have been very rampant. But this is the case no more.

You open the jewbooks and you see most curses are directed to us personally, or rather, the branches of existence that we and the Gods represent. These curses are not only based on category but they are based on who we are at the very core. When the enemy curses idolaters to die, it's souls that get punished for it, and this, depending on the power of such souls, can manifest more or less strongly on them.

Personal karmic flaws aside (aka, some people are goddamn lazy and they do not put effort to get out of their rut, that's a human weakness) there is a large percent of curses that try to prevent you from all sorts of things. These curses may be personal or social. Now with the latest RTR you will drastically see many of these going away. This is why many people have related they were really elevated and felt a lot of relief by the RTR's. Not only the astral is turned into a disgusting toilet by the jews, but the same goes for their thousand year old excretion of "Abrahamic Religions" on Gentiles.

As far as personal matters are concerned here, they have fought 'you' personally. Many of you have felt this also. We are not like normal people, the lives of normal people can go way better with a minimal amount of effort because they do not have many enemies. For us life mastery comes after we put roots in our spiritual ground and start growing power, simply because, we have been attacked to never do this.

The enemy is also very aware the future of this world depends on all of you here, or rather, our Soul group, which is essentially linked with all the soul groups that the enemy expresses they want exterminated in every torah page. Obviously, they have failed.

With the amount of useless goyim populating this planet and praying to these egregores with the rise of the jewish powers after the 1950's where people have had children brainlessly to the point the planet is being eaten up (the amounts of many of these have quadrupled since, and billions and billions have been fully deceived on top of everything else), the enemy curses became more impactful. Ironically, these people not only cursed themselves, and us, but the planet and the world. Yet these effects are also on a personal level.

It's unlikely that serious Satanists are souls that simply came out of nowhere, and you know this too about yourself. I have seen Satan's markings in many astrological charts, personalities here, and over and over again. You're Satan's creations and we are related to the Gods in spirit, and the majority here will have a conscious remembrance of the friendship with the Gods. We rise

and fall together with them, because we share many things with them let alone our past, and our future.

This bond can manifest itself as respect to them, interest in them, a dislike to the hebrew programs way above the ordinary, and so forth. This bond also can't break due to brainwashing and even if the enemy tries to postpone the realization of a Satanist to their true nature, it will only come at them at some later point in their life. We have people who have dedicated on the age of 70 or further. They have been Satanic souls all along but their life circumstances (censorship, many long hours of work, peers and family pressures) did not allow them to wake up.

Lastly the final RTR given will reverse all of the above and bring peace, personal benefits, and many other things and blessings to everyone doing this, plus cause total disability to the enemy. It is part of meditation duty to be honest at this point to do this everyday and get rid of all these alien assaults on your soul which came from the enemy. In due time, these will also help uplift society and everything else.

Everyone has every right to believe in their ancestral Gods, advance, and improve in existence. The enemy took these away to make people suffer. The enemy has heaped an enormous amount of pain, disability, and disgusting energy onto this world, unmindful, and also only for their own personal benefit. Everyone else was forced to succumb into their hebrew bullshit and feel suffocated everyday of their life and be killed for this.

Me and also obviously the Gods and others have felt a lot of disdain and sadness for this situation. We are now going to work to fix this and reverse this. We will be successful by our common effort here.

The suffering so many people, and so many generations have underwent because of enemy curses, spread ignorance, stealing and subversion of countries and knowledge, is untold. Humanity has only had suffering in the most part with any joy being very scarce on the surface of the planet.

The latest RTR will fix personal problems that result from these curses for those doing it, not only worldly problems.

You will see the true meaning of how peaceful and decent a world without the enemy is, both inside and outside of yourself as this advancement is being undertaken more and more.

Satanic Unity

by HPS Shannon » Mon Jan 21, 2019

I just wanted to put this out there and let this be known to all the dedicated members of Satan.

For the past couple days now, I have been thinking of all of you who are constantly working to improve yourself and the world around you, meditating and acknowledging our gods, and overall working to help awaken humanity to the beauty and splendor of our true gods. I want to say a big thank you and much love to you all, even though I haven't had the pleasure to communicate with everyone.

The gods love us and care about humanity immensely.. They have put their trust and direction towards us. We are all comrades fighting for the same purpose under Satan. *Satan the most high*. Let us not take this opportunity for granted. Many people unfortunately will not find this path or ever know our true gods.

We have been given a rare opportunity in life.

Just think about that. We are actually interacting with our True and original gods, Satan and the Daemons, and we also have the opportunity to attain immortality. We are guided and blessed by these amazing and unique beings. They are constantly using their energies to protect us, help us and all while fighting the enemy on their level. There is so much they have done for us and will do. I feel like I owe them everything--and I can only do this by working hard for them and giving them my all. We all should do this to the best of our ability.

If any of you should ever have extra energy available, don't let it go to waste, please give it to our gods to help aid this war and uplift their influence. They said that extra energy can always be utilized, and it only helps to catapult our victory. The Muslims and Christians pray and give energy constantly to the false, shitty and sadistic entity and thought-form they call "god" ...and so can we with ours.

Uplift and venerate our ancient gods and help them help us manifest Satan's kingdom on earth.

We are so lucky and blessed that Satan and the gods have stayed with us for all this time despite being bonded and when their enemy had the upper hand and advantage.

Hail Satan!

Onward to Victory, beautiful Satanic warriors!

Preface

Magick, sorcery, spells, witchcraft, etc., are all powers of the mind. The success of any working depends upon the strength and power of the operator's mind, aura, mental concentration, and his/her ability to sense and direct energy. Understanding energy, discerning between different energies, invoking, evoking, and directing energy is the foundation of all "magick." This comes through power meditation. How diligently and consistently one applies one's self to a program of power meditation will determine how powerful one's workings are. People who are new are encouraged to start out with white and grey magick, as black magick requires more knowledge and skill. This comes in time.

Most books and writings about black magick claim one must work up a frenzy of hatred and anger. This is not always the case. The strength of your will and witchpower is what determines success or failure when working black magick. When you reach a higher level of power and your soul has opened up, everything changes. Ceremony is also unnecessary. I never use any ceremony anymore. The important thing to remember is use whatever works best or yourself as an individual. Successes bolster the self-confidence necessary for success in your workings.

I am writing this for experienced mages. You should already be familiar with how to raise and direct energy.

Magickal Evocation and Invocation

There are basically two ways of summoning an entity or working with energy: "Evocation" and "Invocation." Spiritual evocation is summoning an entity whether it be a Demon, spirit, deceased person, or elemental and the being appears outside of the operator. When working with energy, the energy is always on the outside of the operator and never inside his/her body. With evocation, there is never a direct tie or connection.

Invocation is taking the spirit into one's self. The being actually enters the operator's body. An example is invoking a Demon and the Demon speaks through the operator using his/her voice to communicate. Often when this happens, one's voice may change, becoming deeper, raspy, or different in some way. During séances, often the medium is able to produce a substance called "ectoplasm" to provide a luminescent material in order for the evoked spirit to manifest itself visibly. This is a form of invocation as there is a direct connection with the spirit and the medium.

There are many different beings. One thing I have learned is with Satan's Demons, when they enter us; they never harm us in any way. We are always conscious and fully aware. When they are speaking through us, we are aware of what they are saying and rarely is anything ever forced. One doesn't experience gaps or "missing time" as those who invoke angelic beings have. Angels often masquerade as Demons. There are entities that are NOT of Satan and when they are invited in (usually these are angels or related ilk) they will take over and cause harm to the person who invoked them and the individual will not have any memory of the event. They will have missing time and more than likely other lingering problems as well.

Satan is the bringer of knowledge. He has no reason to cause anyone to forget something or have lapses in memory in order to hide something. People who dabble with angels and other astral entities of whom they are not familiar with can experience these problems, and then of course, through ignorance and foolishness they blame "The Devil."

Some Demons come around and like to play. One time when I was at work, a coworker showed me a photo of his girlfriend. I felt a Demon enter me and he said to me "go ahead." I began reading her. The co-worker was surprised at my accuracy. Of course, this was my Demon friend speaking through me.

Most available texts on spells and magick, due to a lack of knowledge (spiritual and magickal knowledge was removed and obliterated by the Christian church), not only give wrongful instructions, but instructions that can also be very dangerous when working black magick, using death energy and other destructive forces.

There is a great difference between evocation and invocation. When we invoke energy or spirits, we create a link to the energy or spirit through ourselves. Obviously, if one is using destructive or death energy, this can be very dangerous. Invocation also includes building up energy within one's soul and discharging it through one's aura and/or chakras. This creates a tie to the victim.

Most black magick spells that go wrong do so because of errors on the part of the mage. There are other reasons for a black magick working going wrong such as the victim having a powerful aura that is able to deflect negative energy; the victim is under powerful spiritual protection (If one is under Satan's protection, nothing can touch him/her) or bad timing on the part of the mage. There can be other reasons, but the above are the most common.

Even white magick where healing is concerned can pose problems to the mage who invokes the energy before applying it. Any time energy is invoked, a powerful connection is established. Obviously, no one in his/her right mind would want to connect with a disease.

If the mage is working on money, personal power or some other positive application of energy, then invoking is desirable. This also goes for love spells and workings of lust.

One must know the difference when working a spell, as ignorance or misapplication of the above can result in a spell backfiring or other undesirable outcomes.

For Example- Evoking Death Energy: The advanced mage should be familiar with this energy. Death energy is prevalent in mortuaries, cemeteries, places where wars were fought, where massacres occurred and other places of death. The energy is grey, dismal, and depressing. The mage should go into a trance, surround him/herself with the energy, but *NOT* take it into his/her body. The mage should direct the energy using his/her will and visualization into a ball or other form. The energy should be condensed tighter and tighter into the ball or form for power. The formed energy can then be expanded or contracted according to how the mage intends for it to be delivered to the victim. If delivering to the victim's chakras, the energy should be tightly compacted, and exploded, or expanded upon entry into the victim's body. If the energy is to collect and adhere to the victim's aura, the energy should be expanded to envelope the entire aura. Variations can be used according to one's individual preferences.

The "Three-fold Law of Return" Exposing This Lie and its Origins

The "Three-fold," the "Ten-fold," The One-hundred-fold"; all of these were invented by a few human beings to frighten the masses, in order to maintain spiritual control. With the availability of knowledge in modern times, witchcraft could no longer be suppressed, so the oppressors had to find a way to keep it inline so real power and control can remain in the hands of a few. These few *know* the truth and are adepts in black magick which they use liberally to spiritually enslave the masses. They control the mainstream religions that are nothing but programs to suppress knowledge and control humanity. The article below exposes this lie for what it is:

"The first known reference in print to the three-fold law of return appeared in 1970 in 'Witchcraft Ancient and Modern' by Raymond Buckland who was initiated into the craft by Gerald Gardner and was instrumental in introducing Gardnerian Witchcraft into the United States." ¹

With enough research, it is evident that the "three-fold" emerged with the "Gardnerian Tradition." Then, we have the "seven-fold" and I'm sure everyone has heard of the "ten-fold." My point here is none of this recent man-made nonsense has anything to do with the original religions. Its sole purpose is to keep people from using their inborn power and to promote a passive attitude that is accepting of abuse. This is no different from the Christian Church.

This "three-fold teaching was taken from the eastern concept of "karma" after it merged with Western Christianity. After the eastern teachings of karma picked up the Judeo/Christian overtones of divine punishment, the product evolved into yet another system of control with the same theme of keeping power in the hands of a few who know how to use it to exploit humanity. One thing led to another and Gerald Gardner added more to this and promoted the belief that witches must never use their powers to cause harm. Everybody has to take abuse and keep the passive attitude.

The Wiccan Rede: "An it harm none, do what ye will." According to Gardner, the "creed" is derived from "Good King Pausol" who declared, "Do what you like so long as you harm no one." King Pausol is a fictitious character from the French novel by Pierre Louÿs (1870-1925): *Les Aventures du Roi Pausole: Pausole (Souverain Paillard et Débonnaire)* (1901 and reprinted in 1925 numerous times since), or the *Adventures of King Pausole (The Bawdy and Good Natured Sovereign)*. This is the basis of "Wicca." Wicca is nothing more than a Christianized version of the old religions. Wiccans have taken selected rites and teachings to suit their whims, from the original religions and have twisted, corrupted and transformed them and are now passing themselves off as the original religion. The hypocrisy can be readily seen in the Gods they acknowledge. Many, if not most of these Gods and Goddesses that they claim to

worship, were the ones who brought the teachings of magick to humans, both white and black magick. They are known as "The Fallen Ones."

The original Horned God is Satan. In addition, few Wiccans bother to do any in-depth research regarding the Gods and Goddesses they commune with and worship. Most of these deities are of the Pantheon of Hell. Many Wiccans and modern Pagans also unknowingly mix their deities (Angels with Demons) and this can spell disaster. I read a long list of deities these people claim to worship and it is obvious they really know nothing much about them. Most of these writings consist of nothing but double talk, for example: how "Ishtar" should be evoked instead of "Ashtaroth" even though they are the same Goddess. They claim using the name "Ashtaroth" is different, even though they readily admit she is the same Goddess.

According to author Raymond Buckland, Wiccans claim their religious roots to be evident in a Paleolithic cave painting of a man dressed in stag skins presumably performing a dance. "Caverne des Trois Freres at Ariege France" is the site of this cave painting. It is just that- a man dressed up in animal skins and is no proof of anything.

Satanism has often served as the scapegoat for these new age religions and movements, whose adherents view themselves as so good and perfect. Wicca is a Christianized corruption of the old pagan religions. Wicca is the Judeo/Christianized version of witchcraft. One of the major goals of Christianity is to destroy the past and replace it with fictitious versions that conform to the lie of Christianity. Recently, they have been working to turn the religion into a Goddess cult, by gradually getting rid of the Horned God so there will be fewer and fewer ties with the original religions. Wicca is a bogus movement, not based upon the facts, but like Christianity, it is based upon stolen and altered rites and teachings. Like Christianity, it depends upon the ignorance of its followers to thrive.

About Black Magick

People do things to and against other people in life, because they know they can get away with it. Much of this is due to humanity as a whole residing on a very low level of spirituality, due to knowledge being forcibly removed and destroyed by the Christian Churches. There is rarely any serious justice and most people are indoctrinated to endure all kinds of injustices and abuse. If everyone were spiritually empowered, there would be a lot more thoughtfulness and consideration for and how we interact with others. Society and the human race as a whole would evolve to a higher level.

There are natural laws. One of them is a species or individual for that matter, who is unable to fight back and defend him/herself against others who seriously intend harm will cease to exist. Many species of plants and animals become extinct because they are unable to defend themselves. Our bodies are fighting continuously against invaders in the form of bacteria, viruses, and germs. If our cells stopped fighting and killing harmful invaders, we would quickly become sick and die. This is a fact of life and natural law.

Ethics and a certain code of conduct is necessary for civilization to continue and self-control is important. Sometimes someone is having a bad day or things are said or done many times, unintentionally. However, if someone is seriously out to harm you or deprive you of justice, you have an obligation to fight back. Satanists are not victims.

The working of Black Magick requires much strength of mind and skill. Wiccans and others of the RHP lack this skill and therefore are at a major disadvantage.

The stronger we become in mind, the more powerful we are at all times. Regular power meditation, chakra work, and visualization are essential. One does not need to resort to ritual for retaliation. When we have a strong, focused mind, others will feel the effects when we think intensely of them or when we direct our energies. This is important to remember where family and loved ones are concerned. We all offend each other every now and then, but when we have a powerful mind and aura, we must remember this and be in control. Our anger can cause others to have accidents and misfortune.

As for others who are purposely offensive, just focusing on them letting your anger loose, with a strong, well-trained mind, will usually do the job. I have had things happen on my own, without having to do any rituals.

Black Magick and Mental Health

Most of us are familiar with psychiatry, counseling, psychology, and other mental health services. The methods used are standard. Most professionals prod the patient into expressing repressed feelings- anger, hatred, envy, resentment and related emotions, including repressed sexuality and sexual feelings. Acknowledging these repressed emotions sheds new light on the origins of serious hang-ups, neuroses, compulsions/obsessions and other serious mental health disorders. Many physical ailments are brought about by repressed emotions. Some of these end in death. These have a very detrimental effect upon one's soul and spiritual being as well.

The New Age movement, Wicca, many eastern religions (Such as modern Buddhism, which have been Judeo/Christianized), and others all advocate denial of expressing so-called "baser" emotions. This leads to poor mental health and worse. Catholic priests are a blatant example of the consequences of sexual repression. Sexual repression is about the worst, as the sex drive is as powerful as and is tied directly to the life force, it doesn't just go away. Anything that is repressed comes out in warped, distorted, and unhealthy ways. Many problems would be avoided if people would vent their feelings and stop repressing them. This isn't about going on a rampage, it is just acknowledging one's own feelings and letting them out. One should always be honest with one's self.

By denying anger, hatred, jealousy, and other so-called "negative" emotions, one is laying a pattern for serious problems down the road. People who claim to love, love, and love, and deny their anger and hatred, take on that artificial alien deadpan smile that is so common amongst Christians in the advanced stages of Christianity. Inside, these people are extremely unbalanced and are literally like grenades with the pins pulled, just waiting to explode, either turning their pent up anger out on others or in upon themselves. This is extremely unhealthy. Yet, they consistently excuse the hatred and wrathful behavior of the false god they worship. This sets the stage for serious mental illness.

Another common teaching is denial of materialism. The reason for this is so wealth and power can be kept in the hands of a few- the same people at the top who work to remove spiritual knowledge and replace it with Christianity and other lies. Material possessions make life more enjoyable and are an extension of ourselves. There should be a healthy balance between spiritualism and materialism. The merging of the material with the spiritual is the key to attaining the godhead of the soul.

No one has a right to dictate to others how they should feel about someone or something. Ritual is often an excellent means of venting emotions. Anything that is consciously and intentionally repressed will cause serious problems later on.

The Black Arts

I have been placing emphasis on the black arts, because there is little information available on the subject, as opposed to the white magick books and writings. In order to have true power, one must be adept at both. This takes time, patience, and a lot of hard work.

Many people often wonder why their spell workings have failed. This is because one's mind and aura are weak. Sure, we can go to Satan and his Demons when we are in need, but the goal of Satanism is to become powerful ourselves. Satan and his Demons guide us and give us the knowledge we need to increase our powers.

Satan does not waste his time on those who do nothing with themselves. True Satanism is not Disneyland. If you want serious power, you will have to work hard at it. This can take years, but is well worth the effort. We save our own souls.

There is time we can all squeeze in with a bit of organization. Do what you can do. Breathing exercises only take around ten minutes and are very effective in increasing one's powers. They can be done first thing in the morning or even in the bathroom if you lock the door (if one lives in a full house). Even five minutes of visualization exercises, a day will bring many benefits. Meditation is being in the here and now; emptying your mind of all thoughts. This can be done anywhere and at anytime.

Much can be done with a well-trained mind. For example: Knowledge of anatomy gives one the ability to either heal or inflict harm. Nerves can cause pain, if one focuses upon them in a hated one. This is one of many examples. You can also open and access other areas of your brain that are dormant in most human beings and empower these areas by focusing on them and attempting to use the abilities they provide when activated. Thoughts can be placed in another person's head the same way. Concentration and repetition are necessary here.

For those who do not as of yet have enough power, many times a spell or ritual can be repeated on consecutive nights, with the cycle of the Moon. Spells for growth and increase should be performed during a waxing moon, while spells for destruction should be performed during a waning moon. In some cases, spells may need to be repeated. When a working is successful, you should know it and there is usually no more need to repeat it.

For those who like to do their workings outdoors, the earth has vast energy reserves for people who know how to manipulate energy. The use of a pendulum can prove invaluable. Obtaining consistently accurate answers from a pendulum takes much practice and patience. One can begin with a map of a suitable area that is secluded for ritual work. By using a pencil in one hand and a pendulum in

the other, a series of yes/no, questions can be asked to pinpoint a spot. The pendulum will begin to move rapidly in circles when taken to a spot out of doors where there are natural lines of earth energy.

Stones can be used to enhance a circle of power. The circle of power is for building and concentrating your energies before directing them at the desired goal. Stones containing quartz increase the power of the energies in the circle and act as transmitters. Circles are also used for protection and as barriers.

Always remember, after any black magickal working to clean your aura and your chakras with either a bright light, as that of the sun. When we use and draw upon negative or destructive energy, a residue can remain clinging to our auras. If this is left, it can cause problems, as energy tends to attract energy of the same wavelength. This is especially true with those who due to a lack of knowledge, invoke energy, instead of evoking it and then use it for destruction, thus creating a tie. Taking the time to clean your aura will rid your soul of anything negative that could cause you problems. Take your time at this. When you are able to see your aura brightened and your chakras as well, then ask your pendulum if you are completely cleansed. If not, ask what needs more work, going through your chakras one by one with yes/no questions that the pendulum is able to answer.

When finished with ANY ritual, it is important not to think about the ritual or your desired goal. Let the ritual alone to do its work, as dwelling, worrying or rehearsing the working can manifest the wrong energies and interfere. When we worry, or dwell on the outcome, we can sometimes alter the results we worked to influence. This is where void meditation is essential. Regular practice of void meditation gives us the ability to turn off unwanted thoughts and influences.

Workings of revenge and black magick are best done when the hated one is asleep. During sleep, the victim's psychic defenses are down and the subconscious/suggestive mind is wide open.

Everyone should cleanse his/her aura and chakras on a daily basis. This is as essential as regular bathing. Unfortunately, due to the systematic removal of spiritual knowledge, few people know about their own souls, how to properly care for or keep them healthy. This can be done upon awaking, doesn't take long, and can prevent illness, psychic attack and other negative energies from getting a hold. It will also enhance your charisma when interacting with others.

Standard Destruction Ritual for Revenge

The following ritual is basically for beginners and those who are new. Adepts use more techniques that are advanced and in many cases, a formal ritual is not needed. The strength of your mind, aura, will, and focus determine the outcome of any destruction ritual. When one is new, Satan and his Demons often grant favors, but the essence of true Satanism is self-empowerment.

The Destruction Ritual begins with the Standard Ritual.

After invoking the Four Crowned Princes of Hell, you should read a prayer that you have written by yourself in your own words asking for the destruction of your enemy. Work on only one enemy at a time, unless you have a specific agreement with a Demon/ess in exchange for services you both agree upon. Attempting to punish more than one enemy at a time will only weaken your energies, as they will be dispersed. Energy should be directed like a laser to do its job.

Included in the prayer should be the name of the offending one, the severity of the punishment you wish to see inflicted, and how they offended you and your feelings about being victimized. It also helps to have either a small personal possession of the offender's or a photo of them, but is not necessary.

Either read the prayer aloud or silently to yourself, then push the tip of your athame through the paper and light it with the flame of one of your candles and place it in the burning bowl.

Now this next step is extremely important. The following is a good cathartic that can be a lifesaver to one's mental health and psychological well-being. This is the meditation step and is highly recommended in cases where there is an extreme amount of pent up anger and hatred: Here is where you visualize the person as clearly as you can and just let loose until total exhaustion. This ritual is best done while the offender is sleeping.

Visualize the offender clearly and inflict all of the mutilation, injury, and pain you can imagine upon them. Beat them, stab them, torture them, and torment them. You can repeatedly recite their name over and over again in your mind. Release all of your hatred and anger in any way you wish. Just do it in your mind. Some people hate someone so hard they cry- this is fine, this is a cathartic and a very intensely emotional release. You must continue on and on until you are literally exhausted.

The most important thing here is to stay focused. You should also feel very justified. Any lapse in concentration or feelings that creep in where you feel you are not 100% in the right and completely may not only destroy a destruction ritual, but can be dangerous.

Now, close the ritual by giving thanks to Satan and any Demons you may have called forth that the offender will be rightfully punished. Ring the Bell, turning clockwise and say HAIL SATAN!! Either silently to yourself or aloud.

Take the burned remains and you can flush them down the toilet or dispose of them in some other degrading manner.

NOW THIS STEP IS EXTREMELY IMPORTANT:

Take all of the time you need with this and then some. You have just dealt with some very negative and destructive energy. You should clean your aura and chakras. This is done by continuously placing a white light or cleansing fire around your aura to clean and burn off negative energy residue. Then proceed to place the light or fire around each of your chakras one by one. Then proceed to spin your chakras- say to yourself "speed of light" for each one. See it spinning until it turns a brilliant white like the Sun. Stand up and visualize a flat disk like table surface above your head, shining a brilliant white. The surface will descend upon your head and all the way down through your body and past the bottoms of your feet, pushing and expelling any negative residue from your being. Repeat this exercise at least two times.

You should also keep cleaning your aura for several days following the working.

It is important that you put the experience behind you and do not dwell on the offender or concern yourself with hopeful anticipation over their punishment. Let the working do its job. Banish the offender and the incident from your thoughts. This working can take up to a month or more.

**The ritual can be varied, using a POPPET

Black Magick and Killing with the Aura

To cause bad luck and/or harm:

If your own aura is powerful enough, just sitting and stewing about the person should be enough. I have found it is important to visualize repeatedly in a relaxed, but angry way a specific misfortune.

With all workings of black magick, the outcome depends on the strength of the auras involved. The aura of the victim **must** be weaker than that of the sorcerer. If the victim's aura is more powerful, the working could rebound as a more powerful aura naturally deflects negative energy. Some people just have naturally powerful auras. This can come from past lives. If an offending person naturally has a more powerful aura, you will be able to feel resistance. Take the time to build your own spiritual strength before doing any kind of this sort of working.

Killing:

I speak from experience here. Death energy is grey, not black. Death energy can be found in cemeteries or anywhere the dead are buried. To be effective, I have found from experience, death energy must be continually reapplied to the victim and programmed to kill, until the victim is dead.

Affirm:

"The grey death energy is killing_____." When you are directing the energy into the victim.

To facilitate this working, draw out the life force as with energy ripping and replace it with grey death energy. Be sure to affirm that you are drawing out the life force when you do this and this should be done before you apply the death energy.

Image Magick

Image magick has been used for centuries. The basic idea is that using some object to represent a victim, what is done to the object is done to the victim. This practice goes all the way back to Ancient Egypt.

For best results, use a personal belonging of the victim's that has their vibes in it to construct the poppit. A photo, a small article of clothing, car keys, small personal possessions, hair, fingernail clippings, sexual fluids, or even dirt taken from a footprint can be used. There are endless possibilities, as long as the article has a close connection in some way with the enemy.

Poppets were often constructed from wax or clay in the old days. Wax can be hard to work with. It is best to construct the image to be sturdy and not soft, if you plan to inflict any serious damage. The poppit should be constructed to take abuse.

What is important is that the right amount of focusing and will goes into the working. Driving a nail into it's head can cause insanity. Driving a nail into the heart, with the right kind of focus and intensity, will cause death if done with enough intensity and the operator's aura is powerful enough. Burying the image in the ground will cause the person to waste away as the image rots in the ground. This is best done in a cemetery where death energy can be programmed to cling to the poppit and through this destroy the victim represented.

Take whatever you have and use it in the construction of the image. Clothing articles may have to be cut to size. What is left over can be saved for the ritual working.

A doll can be sewn and stuffed with what you have obtained. Wax, clay or the like can be molded and blended with pieces of the victim's personal belongings. While constructing this image, chant aloud, or inside your head, the name of the enemy it represents, over and over as long as it takes to complete the image. This should be a mantra of hatred. Reciting a victim's name backwards is very powerful in inciting their undoing. Low tones should be used.

While chanting, focus intensely on the wrongs this person has committed and your hatred towards them.

When it is finished, write or engrave the enemy's name upon it. A waning Moon, Moon in Taurus, Scorpio, Capricorn, and Pisces are good times for this kind of magick. You can perform a full ritual, where at the height of the ritual, you present the poppet, read aloud or to yourself the wrongs the enemy has committed against you and the curse you wish to inflict. When you are finished reading, burn the paper the curse was written on in the flame of a black candle.

I have a silver burning bowl where I place my requests or whatever after I have lit them.

While the paper is burning and for a while afterwards, focus all of your will and hatred upon the enemy, chanting their name repeatedly. This is the time to drive nails into the image, roast it over the fire, twist it, and mutilate it or whatever. Go over the offenses; get all of the anger out until you are completely exhausted. At this point, the image can either be burned (this is best done outside in some secluded area) and the ashes can be buried. Close the ritual.

We have found it most effective to nail the poppit to a tree through the head and the heart. Another technique is to bury it. You must direct the hatred and will. In my own workings, I have found one does not have to get overly emotional. Just a strong determined will, directing strong willed hatred, for example visualizing an accident, over and over. Energy finds the path of least resistance. It is best not to be specific here, but let the energy do the damage on its own. This is best done while the victim sleeps.

It is always important after a ritual to clear your mind of the working and let it do its job. Don't forget to clean your aura and chakras after any working of black magick.

Creating a Destructive Thoughtform Servitor

FOR BLACK MAGICK, YOU DO *NOT* WANT TO CONNECT IN ANY WAY WITH THE ENERGY, FOR OBVIOUS REASONS!! FOR BLACK MAGICK, INSTEAD OF INVOKING THE ENERGY, YOU FORM THE ENERGY OUTSIDE OF YOURSELF AND DRAW IT FROM SOURCES THAT HAVE NO CONNECTION TO YOU. A LACK OF KNOWLEDGE IS WHY SPELLS SO-CALLED "BACK-FIRE."

A thoughtform is a small packet of condensed psychic energy. Like all energy, the thoughtform can be programmed to carry out specific tasks and/or directed to travel to a target area. The success of the thoughtform is dependent upon the mind strength and aura of its creator. A weak thought form will quickly dissipate, accomplishing nothing.

Powerful thoughtforms, ideally, should be disintegrated after their tasks are completed. Energy feeds on energy and a thought form that is several weeks old will have accumulated all kinds of different influences, emotions and other energy from its surroundings. This might appear to be amusing to some, but the mutated thought form has often been known to reappear in the locale of its creator, only to wreak havoc, due to the outside energies it has accumulated.

The importance of environment:

Black magick requires negative energy. Reservoirs of negative energy can be found at cemeteries (death), historical places where much battle and bloodshed occurred; so-called "haunted houses" where there is a lingering essence of fear, terror, and death. Hospitals have much energy of illness and disease, places where accidents occurred and so forth.

Thoughtforms and servitors also can be created from negative energy specific to the objectives of the working.

Other things to be considered when creating an entity:

You should take a few days to plan your entity, its lifespan, how and where you will obtain the energy to create it and any details. You should have all of this completely in your mind when you create the form. You can write all of this out on paper or ideally, in your black book if you have one. Let these details be deeply imbedded within your mind and try to dwell upon them for a couple of days before creating the entity. The longer you take to imbed every detail in your mind and dwell upon it, the more powerful your entity will be. You need to thoroughly plan your entities magickal abilities, how it will deal with things specific to its purpose and so forth. This will help you to better understand and work with your entity.

Also, it is important the entity be created when the planets that rule over the entities purposes are strong.

You also need to plan the lifespan for the entity. Is it created for a one-time task, or to deal with ongoing issues? Do you want the entity to live on after completion of a task? Do you want the entity to dissolve after completion of its task? Do you want the entity to terminate at a specific time in its life? When affirming the entity's purpose during its creation, you can add the following:
"After fulfilling this task, you will exist no more."

Servitors do not have to be terminated. Many witches and warlocks have kept lifetime servitors. For black magick, the servitor must be strongly controlled and one should have experience with white magick servitors before creating a lifetime black magick servitor. The black magick servitor can be programmed to absorb more and more death energy from its victims, and be used as an assassin for the experienced mage.

A lifetime servitor, for either white or black magick will need a home. This home is only for the servitor and should never be touched or disturbed in any way by outsiders. It should be hidden and only known to the mage. It can be a doll, a crystal, a picture, or talisman. The housing for the entity should be compatible with its purposes, such as color and theme. This housing should be destroyed should you terminate the entity. It can be buried.

When creating your servitor, the housing must first be cleaned, as you would with cleaning your aura. For black magick, this must be done with external energy. Just evoke cleansing energy and infuse the dwelling with it to prepare a home for your newly created entity. The housing should be in front of you when you create the entity.

You will have to "feed" your entity should you want it for any length of time. By "feeding" this means programming it to feed from a specified energy source.

To create a thoughtform:

1. Sit comfortably.
2. Enter into a deep trance.
3. Keep your eyes closed during this one. When you are completely relaxed, and you can no longer feel your body, you are ready to begin.
4. Now, visualize a beam of light forming into a ball. While you are doing this, affirm: "I am creating a powerful entity to go forth and complete any tasks I assign to it or him/her"
The color of the light should correspond with the intended working of the thoughtform. Saturate the ball, packing in more and more energy with the colored energy until the form is sufficiently powerful.

5. It is important that the energy be released in a straight line. Keep packing the energy into the form so it becomes more and more solidified.
6. When the energy is sufficiently strong, you can begin to shape it into whatever form will serve your purpose. Visualize what it is you want this creature to do and infuse the creature with it. Keep it simple. Complex and detailed instructions don't work with thought forms.
7. Using a very short phrase, silently or aloud, keeping your eyes closed, command the creature, such as "Go now, complete your mission. Return to your home when finished." Then release it like a bullet shot into the void.

The creature will feed on the aura/emotions of whomever it is sent to, especially if you program it to do this. You can program it to attach itself to another person's aura.

Thoughtforms can be attached to material objects as well. They can either protect or cause damage.

To summon your entity, just visualize it before you. If you wish to have it perform multiple tasks (remember only one task at a time), you should feed it and then state your affirmation as to what you want it to do.

To destroy the thought form:

1. Summon it. Visualize it coming to you and hovering in the air before you.
2. Focus and visualize the energy dissipating like smoke into the air. Say something like "you are no more!"
You may have to do this several times.

Using Thoughtforms

There are times when we want to influence many people at the same time. This can be done with a thoughtform programmed and placed in a certain room or area. We all know how places become haunted or have certain vibes in them. This usually happens because of an event that provoked intense emotions and left traces of these emotions behind by living people.

When we are powerful enough, through intense concentration and focus, we can project energy into our hands and mold it into a ball (we should be able to feel this if it is strong enough for a working) or project energy into a ball using our chakras. The energy ball can be placed in an area where it will remain undisturbed, to be worked on later, by projecting more energy into it to make it more powerful. When we project the energy, it should be of the color of the influence we wish to manifest; for example, yellow for friendship, pink for romantic love, red for hatred and discord, accidents, green for the attraction of money and so forth.

While projecting the energy and color, we need to program the thoughtform with focus and intensity. When the thoughtform is finished, we command it to go to the area where we want it to influence. We can put more than one in large areas, such as an auditorium, workplace, school, etc. After a while, they will need to be replaced, as they will dissipate as they influence people. One well made thoughtform can influence as many as 100 or more people at a time.

Creating Elementals

Elementals are beings whose souls are comprised of one or two elements instead of the five we humans have. They have a certain degree of intelligence determined by their creator. They can be helpful in carrying out certain tasks on the astral as well as in the physical world. They can be servitors. Follow the instructions for creating a servitor, pages 19-21.

- Fire elementals appear as a fiery ball before they are formed.
- Water elementals appear as a glass ball before they are formed.
- Air elementals will have a bluish color
- Earth elementals appear clay colored.

These beings are capable of many tasks, below are a few examples:

- Influencing the minds and thoughts of others.
- Breaking up relationships or strengthening them.
- Forming friendships or love/lust relationships.
- Bending weaker individuals to the will of the mage and controlling them through the elemental.

Instructions for creating the elemental:

1. The elemental should be of the element relating to and of a form corresponding to the desire you wish to have fulfilled.
2. Give the elemental a name.
3. You must impress your will upon the elemental with authority in giving it orders as what you want it to accomplish. This should be a short present tense phrase. "Will" never happens. For example- "You are..."
4. You should also impress upon the elemental, that it will be successful in carrying out its order.

**

TO BEGIN:

1. Go into a trance.
2. Imagine yourself within the element you wish to use for your work, as you would do for invocation, but do not invoke the element. Instead, focus and condense the element into a sphere in front of you. The element needs to be condensed and powerful.
3. Now, shape the elemental into the desired form and impress your desire both in feeling and a short phrase of command into it.

4. Name your elemental.
5. If you wish to set a time limit, order your elemental to return to the element it was created from at a specific time, after it has completed its task. Failure to do this in some cases, can result in a creature that has a life and will of its own and can be a bother.
6. The elemental can also be programmed to attack itself to and feed from the aura of the person you send it to.
7. To summon the elemental, call it by name and will it back. You can then recharge it with energy and/or a new task.

The Elements and Black Magick

Knowing the soul of someone you wish to do in, gives you power over them. The elements can be used to torment and even kill. Very few people are balanced in all four elements, most often, one predominates. The more predominant a certain element, the less tolerance the individual will have towards that element. Here is an example:

Take the fire person. People who are predominantly fire are usually what is known as "Type A" personalities. These are the achievers. They are often the ones who have limitless energy, enthusiasm; they are normally self-centered, dominating, easy to anger, and impatient. Fire types are prone to high blood pressure, heart ailments, they have low tolerance for hot temperatures, and they themselves are often physically hot, even in cold weather. They are normally outgoing, in positions of leadership, and are on the downside, insensitive to the feelings and needs of others. Fire signs are Aries, Leo and Sagittarius.

Take the fire element. Given the low tolerance for fire, the fire individual will not be able to effectively absorb the element.

On a lesser level, visualizing an aura of fire about the fire individual or directing the fire element into him/her can cause discomfort and rage and in higher amounts- death.

The same can be done with the air person, resulting in much irritability, nervousness and eventually insanity and collapse of the nervous system.

Earth can hinder and slow down to where for example, the heart stops beating, but again, this must be in a person who has an over imbalance of the earth element.

Water chills, depresses, and brings on illness.

Many Satanists are convinced with a death spell, one must be intensely angry and emotional. I know from experience, this is not the case, it is in the will. Going to a cemetery or other place that wrecks of death and pulling up the energy after sucking the life force out of the victim and then filling his/her aura with death energy (I have found death energy is grey) if you have a powerful mind and soul, will produce results. Death spells do not always work immediately, but over a period of time. Many different things factor in. Also, a one shot deal is rare and the spell needs to be worked repeatedly during a waning Moon until the desired result is produced (where total death is desired).

As for the elements mentioned above, the results are usually immediate, but again the degree is like the death spell- cumulative.

Fire Magick is amplified with invoking and directing the fire element.

When used in black magick, fire as opposed earth is used to bring on sudden attacks, accidents, bloodshed, violence, and hatred. Fire can also be used to incite wars, anarchy, and cruelty. Properly evoking and directing the fire element will raise the temperature in whatever it is directed to.

Fire rules over revenge, anger, dealing with enemies, inciting accidents, fires, and injuries.

Water Magick

When used in black magick, water magick is amplified through invoking the water element and rules over:

Inciting jealousy, greed, suspicion, resentment, sickness, disease, and disharmony. Water when directed to another can cause one to be overly emotional, have violent reactions, lash out, and have a very difficult time with being objective. Water also can be used to incite insanity and deception, especially when combined with the ether element, which is used as an amplifier and rules over deception.

Earth Magick

The earth element is used in death rituals and can be used along with death energy, and is used in binding rituals.

Air magick

Air incites confusion, chaos, irritability, nervousness, nervous exhaustion, arguments, and discord.

Creating a Fire Elemental Thoughtform

This can obviously be dangerous. You should be adept at controlling and holding the fire element. Out of control, this entity can set anything on fire at random and is not to be toyed with.

Be sure to read the page on Advanced Thoughtforms before attempting this. You should also be adept at creating and controlling basic advanced thoughtforms before working with fire.

1. Get into a trance and visualize you are in the middle of fire. Feel the heat and hear the hissing and crackling of the flames and feel the burning.
2. Now, begin to collect and condense that fire into a sphere in front of you. Draw the fire element from all directions into the sphere in front of you. The more of the fire element you direct into the sphere, the more dense, material, and hotter it will become. You should feel the heat while you are doing this. The more you compress and condense the fire, the more the heat will grow. You should actually have the sensation of literally being in an oven. You can also shape the fire ball into any form you wish. The form should correspond with the job.
3. Now fill the fire ball with whatever you desire it to do. Desire strongly and feel this deeply while making your affirmations. The affirmations should be a repeated phrase, right to the point and precise.
4. Like any other incendiary, the fire form will burn with the larger fire it creates. You should order the elemental to dissolve with the fire it creates, ending the mission.
5. Name your thoughtform and say this name several times.
6. Breathe in and then blow out with force, sending the ball on its way.
7. Forget about the thoughtform and working. Let it do its job.

The uses for the fire thoughtform are obviously to set something a blaze. I have found when using fire magick, one glows with a warm aura or feels heat when the directed energy or entity is doing its job. The fire ball can be directed into the body of an enemy when working black magick. These methods were used by 1920's, and 1930's Satanic Lodges in Germany and used to eliminate enemies in the form of a psychic sacrifice. If the victim is not adept with fire, his/her blood will literally boil. The end result will be a heart attack- death from natural causes.

How to Deliver the Evil Eye

It has been said many times, "the eyes are the window of the soul." The eyes are the only opening to the brain that is not encased in bone. Through the optic nerve, the eyes are linked to the brain. When we train our minds and elevate our witchpower, we can directly mesmerize other people by just looking into their eyes and catching their gaze for several seconds.

How this is done:

1. You must have a strong willful mind, able of controlling others who are weaker.
2. The closer you are to the person, the more effective this technique. This takes practice.

I have found from experience, the "evil eye" comes with personal power. When your witchpower is strong enough, projecting the evil eye comes naturally. Staring directly into someone's pupils with strong intent of malice will bring misfortune upon that person.

Energy Ripping

Black magick is all about the manipulation and direction of energy. The strength of one's mind and aura determine the type and amount of energy that one can direct and handle safely while producing the desired results. Workings fail because of weakness of one's mind and aura.

Energy ripping involves drawing off the life force. One should already have a strong aura that can pull energy at will and be able to transform it for one's personal benefit. There are two ways of going about this. One is the destruction of victim's aura and the second is hooking up an energy line and draining the victim dry. This prepares the victim to be much more vulnerable to psychic attacks and completely opens him/her for the willed input of destructive energy from the mage.

1. One should have a photograph or image of the victim. This is so one can visualize him/her clearly. This is very important to the operation.
2. Go into a trance state.
3. Begin by visualizing yourself drawing off the victim's aura and disintegrating it. You can visualize yourself actually eating and ingesting the aura until it is completely gone or drawing it into your sexual chakra. Always draw energy with your feminine chakras as these absorb. The masculine chakras project energy. It is best to absorb this type of energy in the lower chakras.
4. When the aura is disintegrated and ingested, visualize drawing off all of the inner energies. The victim should change from white energy to grey energy and then to black, indicating the life force has been completely drained.

Clean your aura and chakras thoroughly after each working to transform the absorbed energy into personal benefit.

The above four steps should be done frequently, a minimum of 3-4 times a week to more than once a day. It will eventually take its toll.

After the working has done its job and depleted the victim, one should follow up with black magick workings. Before each black magick operation, the victim's aura should be prepped with black energy so he/she will absorb the destructive energy. Just visualize him/her with a black aura and proceed with the working. Don't forget to thoroughly clean your own aura and chakras.

The above is elementary black magick. It can be accomplished by most people with a basic background in energy manipulation and power meditation. More advanced techniques involve working with elemental energy and death energy. When working with death energy, one must be very adept and experienced as this can be dangerous. The life force is replaced with the destructive energy of the elements or the death energy.

Death Spell

If you have access to any personal article of the offender, this will help.

1. Construct an effigy or a poppet, using the article.
2. Go to the cemetery and get some dirt. Infuse this dirt with death energy.
3. You need to vent into the poppet, visualizing the victim, all of the hate you possibly can, especially during its construction. It is imperative here to stay focused with intent. Try to do this during a waning moon. When the moon is in Scorpio or Capricorn is good time.
4. Construct a small box. Cardboard is fine.
5. Light a black candle, concentrate intensely upon the death and destruction of the enemy. **DO NOT BE DISTURBED OR LOSE YOUR FOCUS!**
6. Put the effigy into its box.
7. Bury it in dirt inside the box.
8. Save some of the dirt.
9. Take it outside, or back to the graveyard and bury it, placing the reserved dirt on top of the box, *knowing* the victim will meet his/her death.
10. Do not think about the spell, or the enemy, as this will interfere with its working.

Fighting Back

One of the most important reasons we clean our auras is to get off all of the negative energy that we encounter on a daily basis. Much of this comes from others in our immediate environment. The workplace can be especially troublesome as well as the home for many. Negative people include those who forever whine and complain, but do nothing to try to alleviate their situations, those who are forever putting others down to make themselves feel better or to divert their attentions from their own personal worthlessness, those who blame everyone else for their woes, those who take out their anger and frustrations through abusing others and the list goes on and on.

Satanists do not take abuse.

There is a very simple meditation one who is experiencing the effects of another's negative output can do:

1. Clean your aura and chakras thoroughly, as you do not want to trap in any negative energy
2. Expand your consciousness to your aura and *feel* your aura
3. Relax and tune into your aura
4. Visualize your aura as an outline and protective barrier. The outline should be brilliant white light like the Sun because white light deflects everything.
5. State this affirmation: "My aura is powerfully and totally deflecting ___(name of offender)'s___ negative energy in every way and sending it directly back to him/her. "

This meditation should be done with intent and then repeated when you come into contact with the offensive asshole. Just visualize and feel your aura, same as above and repeat the affirmation a couple of times and watch the asshole's negativity destroy him/her.

No Satanist should ever have to put up with or take abuse. The average person absorbs the negative energy and suffers accordingly after the negativity has built up. The offending asshole benefits by venting hostility or negativity on others and often thrives on it. The people who unknowingly absorb the energy can suffer anything from depression to illness and get caught in a vortex of negative energy, while providing the asshole with a negative outlet. The above meditation puts a dead stop to this, but remember, it must be reinforced frequently.

In addition to the above, visualize the negative energy the offender is sending out, grey in color, and direct it right back to his/her aura, clinging to it. Remember to clean your aura afterwards.

Herbs in Black Magick

Ambergris:

Used for works of wrath and vengeance, psychic correspondence. Used as a fixative. Parts used are the oil. For wrath and vengeance, infuse with fire when the planet Mars is strongly placed and waxing.

Ash:

Wands for the securing of prosperity or for the use in works concerning death can be made from the wood. For death, infuse with the element of earth when the planet Saturn is strongly placed and waxing. The working should be performed during a waning Moon.

Birch:

Birch oil is oil of wintergreen. Wands can be made from the wood for use in spells of vengeance and punishment but should always be infused with the proper elemental energy. The element of fire is usually used with wands. The fragrance can also be used in such workings

Cedar:

The oil is used in spells of revenge. The wood base can be burnt during spells for money, luck in love and business; also for psychic work.

Coriander:

Burning Coriander as incense will act to infuriate the mind for spells of black magick and other destructive workings.

Cypress:

The oil and incense can be used in spells of revenge and in psychic work.

Dill:

The use of Dill provokes others to come to terms. The leaves can be burnt, or the oil can be used in anointing candles for rituals against underhanded or negative people.

Dragon's Blood:

Dragon's Blood is the perfume of aggression and is excellent for the workings of black magick. Use the balsam in spells to cause an enemy torment. Infuse with fire when the planet Mars is strongly placed and waxing.

The powdered resin is good in works of wrath and in spells of inciting lust. For spells of lust, infuse with orgasmic energy.

Feverfew:

Feverfew protects against sickness, accidents, and hysteria. Infuse with white gold energy taken from the Sun and program the energy to protect.

Frankincense:

Use the incense to incite intensity, and bring about justice (revenge). Frankincense is very compatible with the element of fire as are all of the spices.

Hellebore:

▶ Black Hellebore is a poison, and an herb of torment. The scent incites aggression and anger for works of wrath. Black Hellebore can be used as a sachet mix. Black Hellebore should be infused with the element of earth when the planet Saturn is strongly placed and waxing.

▶ White Hellebore: Same as above and can be burnt as an incense. White Hellebore is more potent than the Black is.

▶ Green: Green Hellebore is the most powerful of the three.

Hemlock:

The oil is good for anointing talismans for destructive work. Talismans should always be infused with power. In addition, one should always know what the symbols mean on any talisman before using it. Hemlock works well with earthy saturnine energies and should only be used with a compatible talisman. The incense can enrage the mind for black magickal workings. Olive leaves can be added to the Hemlock for a more peaceful means of disposing of enemies and hated ones.

Mandrake:

This root is one of the most powerful for use in all kinds of magick. It corresponds with the Fixed Stars Deneb Algedi and Spica.

It is capable of powerful work in any spell. It can be used in a sachet mix, as a talisman, as incense, as a poppet, for psychic work, or for protection. Poisonous Mandrake is the most powerful root in love magick and is said to be the most dangerous for the mage. The Mandrake should be washed in wine and wrapped in a red or white cloth that should be changed with every New Moon. Mandrake can also be used in divination.

Pine:

Pine is good for summoning spirits and elementals of the woodlands. The resin can be used in works of lust or vengeance. Infuse with the earth element.

Rue:

This herb can be used to stuff a poppet, as it will cause the hated one torment in workings of black magick. The planet Saturn should be strongly placed and waxing. Rue should be infused with the earth element. Ideally, for spells of destruction, the Moon should be waning.

Storax:

Burnt as incense it is used in spells of revenge, enmity, ill will, and separation. Storax should be infused with the earth element when the planet Saturn should be strongly placed and waxing. Ideally, for spells of destruction, the Moon should be waning.

Wormwood:

Wormwood can be burnt to summon the spirits of the dead. The balsam is used in black magickal workings for wrath and revenge. Wormwood also induces strong dreams. It is poisonous and should only be ingested in very small amounts. Placing Wormwood in the path of a hated one will cause them bad luck. Wormwood should be infused with the earth element when the planet Saturn should be strongly placed and waxing. The Moon should be waning.

Astrology, the Planets and Black Magick

Saturn and Mars are black magick planets. Uranus (sudden accidents, discord, unexpected bad luck) Neptune (insanity deception, confusion, loss), and Pluto (this planet gives added power) can also be used. With Mars retrograde, this is not the time to perform spells of revenge or violence/black magick. They can rebound and backfire, as the universe is working in reverse. Spells for bringing peace and harmony, as in one's family are aided at this time. Wait until the retrograde period is over with.

Knowing an enemy's date of birth, you can work black magick with the energies in their charts. Whenever someone has a retrograde Saturn period, (we all have this during certain periods in our lives), you can direct the negative energy to your own purposes for revenge. The universe is working against this person during a bad Saturn transit. Saturn retrograding over personal planets, through the first house or to a lesser extent, on the progressed planets, this is the worst time of one's life. The worst of all is Saturn retrograde on the chart ruler; you can only know this by knowing the birth time.

On the other hand, retrograde Jupiter is a blessing. Jupiter acts as a protector, so this is not the time to work black magick against a hated one, unless there is a strong Saturn on his/her personal planets or in his/her first house.

The above mentioned planets should be waxing and strong when the spell is cast for maximum effectiveness.

Timing your Magick with the Moon

Timing your magick with the phases of the Moon is essential for success. A rule of thumb is to remember for white magick, this is best done while the moon is waxing (increasing in light; new to full). The best time is as close to the full moon as possible. Love spells, acquiring a new job, wealth success, and so forth.

When the moon is waning (decreasing in light; full to new), this is the best time for success in black magick and works of destruction, the best time being as close to the new moon as possible. The waning moon is also a good time for ending things, banishing spells and ending personal bad habits, losing weight. Black magick operations are best done when the Moon is in Scorpio or Capricorn.

Moon in Scorpio

This is one of the best signs for black magickal workings. Revenge, hatred, venting, exposing secrets, death spells, surgery, transformation, obsession, pure sex, the occult, the darker side of things, extremes, research, banishing spells, ending things permanently, death and dying. This is the most powerful and intense of all the moon signs. Secret, underhanded, and covert operations, willpower, drastic destruction. Like its opposite sign Taurus, Scorpio is usually permanent. Do NOT have surgical procedures performed on the pelvis, reproductive or sex organs at this time. Magickal workings ruled by Pluto are successful at this time.

Moon in Capricorn

When the moon is in Capricorn, this is another excellent time for black magickal workings. Depression, ruthlessness, using people viciously, long-term results. Honors, social standing, responsibility, authority, structure, setting long-term goals and plans for the future. NOT a good time to seek favors from those in authority. Magickal workings and spells that feature a time delay or are lasting, wasting, manipulating people, business, banishing. Do NOT have surgical procedures performed on the bones/skeletal system, teeth, or knees at this time. This is a "ruthless" moon sign. Workings ruled by the malefic planet Saturn are favored at this time.

Moon in Pisces

Poison, drugs, self-undoing, deception, sorrow, depression, isolation, insanity, very deep psychic stuff. Good for success in meditation and all psychic pursuits. Spells to deceive people, secrets, swindles, vulnerability. Secret enemies, altered states. This is the one of best times for endings, especially when the moon is in 20-30 degrees of the sign (make sure it is not void). Psychic healing can be done. Do NOT have surgical procedures performed on the feet at this time.

Runes in Black Magick

Fa (Cattle)

Galdr-sound: f-f-f-f-f-f-f-f-f-f (hissing)

Black Magick: Instills cowardliness, dullness, breaks the spirit, binds an enemy; instills fear and dependence in an enemy.

Ur (Aurochs)

Galdr-sound: u-u-u-u-u-u-u-u-u-u (oo as in soon)

Black Magick: Used to threaten and destroy.

Magick: transfer of energies, used for projecting or drawing in of energy.

Repeated use of the rune will gradually increase the amounts of energy one can handle at any given time.

Thorr (Thorn)

Galdr-sound: th-th-th-th

Rune of cutting, sharpness, and pain. The Thorn rune is one of the most potent of runes for black magick workings. This runes brings brute strength, destructive power of chaos and ruin. Also of death and regeneration, transformation and breaking down barriers. The power of this rune is wild and a strong mind/will is needed to direct it. Ur assists the energy of other runes it is used with to manifest in reality. Like a lightning bolt, Thorr brings on the energies of the berserker, energies this wild should only be used in war or attack. Can raise and guide thunderstorms and direct lightning. In many German fairy tales such as Sleeping Beauty, the prick of a thorn, pin, or spindle casts a spell upon the victim. The bloodstone has been used with this rune in the raising of thunderstorms. Hematite used with this rune can shield against electro-magnetic energies and is therefore helpful in deflecting curses. Using this rune with a pointed crystal focuses energies and projects them. Thorr brings destruction and confusion. Thorr is used in the destruction of enemies and in curses. Used to control another or render the individual defenseless.

Kaun (Torch)

In black magick, it is used to incite stupidity and works so that the victim will remain unaware.

Gebo also Gipt (Gift)

Galdr-sound: g- g- g-g-eh-eh-eh-eh-eh eh-eh-eh
is powerful in binding enemies.

Vend (Joy)

Galdr-sound: w-w-w-w-w-w-w-w-w-w- (vibrate your lips, like a u with your lips almost closed)

When directed for black magick, this rune can be used to instill overconfidence and trust of the wrong things in others, leading to their downfall.

Hagl (Hail)

Galdr-sound: h-h-h-h-h-h-h-h-h-h- (powerful exhalation from the back of the throat, like a hissing cat)

This rune represents hailstones. Involuntary sacrifice with no reward; a rune of suffering and injustice. A rune of destruction, disaster, and violence. This rune is mainly used in black magick sending destruction in the form of whatever runes are used with it, delivering violent loss and pain. Hagl is a rune of completion and the number nine.

Naudh (Need)

Galdr-sound: n-n-n-n-n-n-n-n-n-n-

Naudh is a rune of endurance and will. Used in black magick, it brings suffering and hardship. Naudh is a rune of friction and resistance. A rune of banishings and cleansing by fire.

Iss (Ice)

Galdr-sound: e-e-e-e-e-e-e-e-e-e- (tightly focused high pitch)

Iss is a rune of binding.

It represents stealth and sneakiness and is used in operations where one wishes to proceed undetected; Iss bestows invisibility. In nature, ice creeps up on the land, quietly freezing and immobilizing everything in its path. The unaware fall victim to it. Magickally, Iss is a rune of binding and preventing action through hidden means. It can halt a plan and prevent something from developing. It is used to conceal and can render a victim unaware of impending personal disaster to where any actions attempted will be too late in coming. It is also used in preventing any action and can ruin planned activity. Iss freezes action and is the rune of cold, barren stillness and death. Iss is the exact opposite of Fehu. As Fehu is a rune of movement, Iss is a rune of binding.

Used in ritual against another, it brings barrenness, prevents prosperity, causes depression, and serves as an obstacle to action. Can be used to cause paralyzing fear or obsession and to prevent or stop movement, both that of growth and disintegration. Care needs to be taken as the rune can also make the user dull and/or obsessive. Iss works to calm hysteria, hyperactivity, and restlessness.

Often used in revenge spells and defense, it helps focus the will of the operator. Used with other runes, it acts to bind and shield the energies and keep them from interacting with each other.

Ar (Year)

Galdr-sound: y-y-y-y-y-y-y-y-y-y-y-y-

When used in black magick, this rune can bring the worst possible aspects of an individual's wyrd to manifest and develops the forces of self-destruction.

Tyr

Galdr-sound: T-T-T-T-T-T-T-T (position your tongue as you would for sounding the letter T and vibrate by keeping the tip of your tongue in this position) Tyr is the rune of justice. Good for defense and revenge workings as it represents justice. Bloodstone and hematite are the stones used with this rune.

Ing

Galdr-sound: i-n-n-n-n-n-n-g-g-g-g-g-g-g- (as in sing, with the "ng" held as long as possible)

Can deprive a man of his masculinity or anyone, male or female of their life force. Like a crystal, this rune stores energy until it is needed. It is a magickal reserve. Stone is ivory.

The Niding Pole

A Niding Pole is used for cursing and revenge. "The pole acts as a magnet for the deadly forces of Hel, which are drawn up through the pole from the subterranean streams and projected to the victim."

To construct a Niding Pole:

1. Obtain a wooden pole approximately 2 feet long
2. Carve the appropriate rune(s) into the pole, while chanting/vibrating and focusing upon the destruction of the hated one.
3. Attach an image of the hated one or a poppit at the end of the pole, preferably upside-down.
4. During the appropriate planetary hours of a waning Moon, plant the pole into the ground so the head is facing the direction of the hated one's place of living or where he/she is at most often. The pole should be in a place where it will not be disturbed.
5. Visualize grey destructive energy being drawn from under the ground up along the pole and connect it with the aura of the hated one. You have to will this. Then, affirm what the energy is to do in the present tense such as- *"The destructive grey energy is destroying (name of hated one)" "This energy is replenished continuously from the earth and does its job at all times."*

Binding Spell

What you need:

- Material to make a poppit
- A small personal belonging of the individual you wish to bind (that can be sewn inside of the poppit)
- A long enough piece of dark blue material or ribbon to bind the poppit like a mummy.
- A nail and a tree on which to hang the poppit

You can use herbs to fill the poppit if the article is not large enough or does not fit the form of the poppit. Adding cloves will act to .still the tongue.. Remember herbs have no real power of their own, other than medicinal properties. To maximize the power of the herb(s), they must be infused with the elements and other energies. Other herbs to add include one or more of the following:

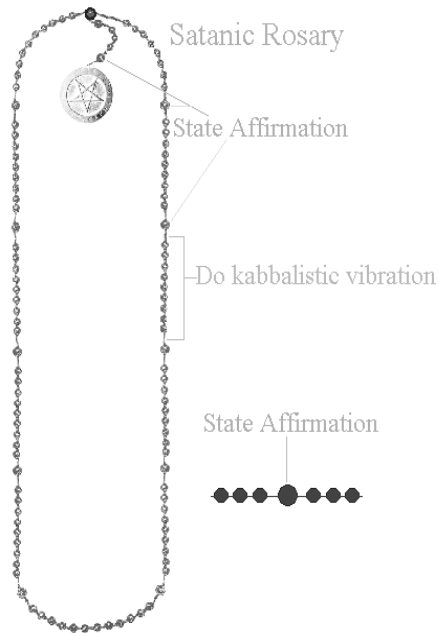

- Agrimony
- Asafoetida
- Birch
- Bloodroot
- Broom
- Comfrey
- Cypress
- Dragon's Wort
- Hyssop
- St John's Wort
- Rue
- Tobacco
- Vervain
- Mullein

All of the above herbs are ruled by the planet Saturn. Saturn is the planet of binding. When you are finished stuffing and sewing the poppit, mark it to represent the person you wish to bind. Draw the individual's face as best you can- facial hair, if any, glasses- this does not have to be perfect. Now sew up the mouth with intent.

Now go outside, or if you already are outside- go to a tree where the poppit can be nailed by the unbound foot and hung upside down in the image of the Tarot Card of the Hanged Man.

This card represents at a standstill, inactivity, one in suspension; left hanging. Nail the poppit where it will not be disturbed or easily seen. Give thanks to the Powers of Hell and leave the poppit.

The Satanic Rosary

The Satanic Rosary is an excellent and very effective means to raise power and apply energy towards your desires. The Satanic Rosary can also be used as a kabbalistic meditation tool for working with vibrations, such as with Runic meditation. Just slide your fingers over the beads and you don't have to count. Your meditation can flow smoothly and thus have more power.

The Catholic Rosary was **STOLEN** from Tibetan Mala Beads and corrupted, as with everything else in that foul program. Tibetan Mala beads have 108 beads, as opposed to the stolen Catholic Rosary, which has half that number, at 54.

By using the Satanic Rosary, we are taking back what is ours for one, and another- blaspheming the Catholic Church. I have found this meditation tool to be excellent and that is an understatement. The vibrations flow into a rhythm and power is amplified and can be applied towards any desire.

To use the Satanic Rosary, ideally, you should be working with the Kabbalah. The TRUE Kabbalah is using vibration, for example vibrating Runes, names of Demons, Egyptian words of power, etc., to drastically raise your energy and power. This form of meditation is advanced and is extremely effective.

You can just do the vibrations for raising energy and awareness, or you can focus on a specific chakra or aspect of your soul, or you can do spell-working.

I suggest you make your own Satanic Rosary. They are easy to make. The materials are cheaply available in most stores where they have an arts and crafts section. Just purchase the beads and the cord. The Baphomet can be purchased online or at any well-stocked occult shop. I suggest leaving a bit of space on the cord, so you can slide the beads along as you do your vibration for each one. I also suggest you place an extra bead (I used square shaped beads for the extra beads) on each side of the larger one when you hit 50. That way you can feel where you are at without interrupting your trance/meditation.

To use the Satanic Rosary, here is an example- feel free to modify your own meditation to fit your individual purposes:

FOR ATTRACTING MONEY:

1. Begin with the larger bead right next to the Baphomet and state your affirmation in your mind; example: "I am attracting large amounts of free and easy money. This money is free and all mine to keep or spend as I please." Now, direct the energy, visualizing a white/gold light (this is all-purpose) on your wallet and yourself.
2. Repeat the above for the four remaining beads.
3. Your Satanic Rosary should have 108 beads, so one side of the main line should end with eight. You want to start with the side that has nine. Breathe in and on the exhale, vibrate:
F-F-F-F-F-F-F-E-E-E-E-E-E-E-E-H-H-H-H-H-H-H-U-U-U-U-U-U-U
4. Slide the bead back and go to the next one, breathe in and on the exhale, vibrate
F-F-F-F-F-F-F-E-E-E-E-E-E-E-E-H-H-H-H-H-H-H-U-U-U-U-U-U-U
5. Do this for each bead in the sets of nine. Visualize the Fehu Rune glowing with energy, every so often as you do the vibrations. (If you are vibrating the name of a Demon, then visualize His/Her Sigil in the same way.
6. When you reach the larger 10th bead, separating the sets of the smaller 9 beads, state your affirmation again and put your energy you have just raised into attracting money, as given in the example above. You can also use each 10th bead to take a few normal breaths before returning to the vibrations again.

FOR LOVE/LUST:

To bring a desired one into your life, visualize the energy you raise engulfing him/her. You can also fantasize having sexual intercourse or whatever with the one of your desire. I suggest you visualize the light (energy) engulfing both of you, during the meditation/fantasy. When you are finished, you can masturbate and direct more energy from the orgasm into him/her.

FOR BLACK MAGICK:

Use the rosary the same way, to pump negative energy into your target.

I have used the Satanic Rosary for both attaining my desires, and for just raising my energies. Working with runes is extremely powerful and during the meditation, it is not unusual to see certain aspects of your soul and feel the energy aligning itself.

Candle Burning Spell

Choose the appropriate candle color for your working and when the Moon is either full or waning, during the nighttime hours, light your candle and focus intently until the candle is burned down on its own and goes out by itself upon the destruction of a hated one.

Basic Candle Color for Spells and Rituals

Black is an all-purpose color and when available, black should be used with other colors in every ritual. Different colors attract different energies and stimulate certain vibrations in the chakras. Using candles of specific colors can help to amplify the energies in ritual and spell work.

Black Candles are all-purpose for any Satanic rituals. Black candles used in workings of destruction are used to incite the slower destruction of enemies, opposed to accidents or sudden attacks associated with the color red. Black is also a good color to use to bring discord and confusion to enemies. Black can be used for protection, binding negative forces, and breaking up obstacles and blocks. Black can also be used to reverse and break up negative thoughtforms. Black absorbs, conceals, creates confusion and chaos, is used for new beginnings, and obtaining knowledge of hidden things. Black is the container of light, and is one of the most powerful of colors. Saturn rules black. Black influences self-control, endurance, and patience. Spells using black energy are best performed during a waning Moon, on a Saturday when the planet Saturn is strongly placed and waxing. Spells using black need the power of the root chakra.

Blue

For workings of black magick, blue can be used for inciting depression, sadness, and hopelessness, lack of sympathy, coldness, and gloom.

Brown

In workings of black magick, brown is used for inciting indecision, hesitancy, sadness, dullness, and uncertainty. For working with brown energy, the feet chakras are used. Energy should be absorbed from the earth through the feet chakras.

Green

In workings of black magick, green is used for inciting jealousy, greed, suspicion, resentment, sickness, disease, and disharmony. Venus rules the color green. Workings using green energy should be performed during a waxing moon on a Friday when Venus is strongly placed. Spells using green need the power of the heart chakra.

Grey Candles are used in spells for inducing death, illness, and/or to incite mourning and sadness. Saturn should be strongly placed.

Red Candles are used for energy, vitality, inciting passion, arousing anger, pure lust and for physical gratification. Red is inflammatory and is used in spells for revenge, anger, courage, determination, and dealing with enemies. Red can be used for protection against psychic attack and for self-confidence. Red incites accidents, fires, and injuries. It is used in spells to invoke power and intensity before workings of black magick. Red is physical and bestows energy, strength, dynamism, passionate love, physical desire, will power, and athletic ability (especially competitive).

When used in black magick, red as opposed to black brings on sudden attacks, accidents, bloodshed, violence, and hatred. Red can also be used to incite wars, anarchy, and cruelty. Mars rules red. Workings using the color red need the power of the root chakra and should be performed on Tuesdays when Mars is strongly placed and waxing.

Purple

For workings of black magick, purple can be used to incite tyranny, abuse of power, and for bringing sadness and treachery to others. Jupiter rules purple. Workings using the color purple should be performed on Thursdays.

Yellow

In workings of black magick, yellow is used to incite infidelity, cowardice, decay, disease, dying, insanity, and inconsistency in others.

White

The Moon should be strong.

For workings of black magick, white can be used to incite corruption, bring impotence, and to destroy the sex drive. White can also be used to create weakness, neurosis, and fear.

More than one color can be used in rituals. The candles should be anointed with appropriate scents and oils before ritual. Oil should be applied with both hands in a stroking motion. Candles represent the element of fire in rituals and are also used for concentration and focus. They attract Demons and spirits.

Always make sure to check your candle as a test as you would with incense before beginning a ritual. Bad odors or burning the wrong way as with cheap incense can ruin a ritual.

Preface

The foundation of Spiritual Satanism is Power meditation. Satanism is based upon the true transformation of the soul through power meditation. Through power meditation, we work to complete our Creator Satan's unfinished work on humanity, that of reaching the godhead. The greatest working of meditation is the complete transformation of the human soul; the Magnum Opus, that is the underlying message of nearly all legends of the Gods, and the occult. The Magnum Opus is reaching physical and spiritual perfection and becoming immortal as are the Gods. Satan was prevented from finishing his work on humanity. Spiritual Satanism is all about completing this work.

Christianity was invented to remove spiritual and occult knowledge from the populace and place this power in the hands of a "chosen" few to the detriment of all humanity. The powers of the mind and soul are very real. People who are unaware of or who do not believe in these powers are easy to control and manipulate by those who are skilled in using these energies.

The serpent, a symbol of Satan represents the fiery kundalini force coiled at the base of the spine, which upon ascending, transforms the human mind and soul to a much higher level of understanding and ability. This is the true meaning of "Raising the Devil." The Serpent symbol of Satan also represents the DNA helix of life.

The Original Gods [Demons] were unjustly labeled as monsters and branded as "evil" to keep humanity from spiritual knowledge. Because of this, the human race has drastically degenerated both spiritually and intellectually.

Magick, sorcery, spells, witchcraft, etc., are all powers of the mind. The success of any working depends upon the strength and power of the operator's mind, aura, mental concentration, and his/her ability to sense and direct energy. Understanding energy, discerning between different energies, invoking, evoking, and directing energy is the foundation of all "magick." This comes through power meditation. How diligently and consistently one applies one's self to a program of power meditation will determine how powerful one's workings are.

Satanic Power Meditation, Volume I instructs in the foundations for beginning meditation, reveals the structure, functions and powers of the human soul and the effects of power meditation on the human soul and mind.

The Human Soul

Satanism and Kundalini

Bioelectricity, what it is and what it does:

Bioelectricity is also known as the life force, the chi, the body electric, prana, the aura, the spirit, witch power, etc. There are many different names for this energy.

Our bodies run on bioelectricity. Thoughts are electrical impulses in the brain. The brain runs on bioelectricity. When this electricity becomes imbalanced, one has seizures.

The amount of bioelectricity an individual has, determines the degree of their physical, psychological and spiritual health. People, who are ill or depressed, have lesser amounts of bioelectricity. Depression all by itself, is a symptom of too little bioelectricity.

Bioelectricity increases our energy, our immunity to disease, our charisma, instills a positive outlook, and strengthens our thought power. With increased bioelectricity, our thoughts (electrical impulses) become stronger and are more able to manifest themselves in reality.

Some examples of bioelectricity include:

- Buddhist monks, who sat motionless in the street, (protesters), were soaked with gasoline and lit on fire. They continued to sit still and burn to death.
- Martial artists: busting through concrete with their fists, knife hand "karate chop," enduring major, crushing, and lethal blows, unharmed.
- Dim Mak: the deadly martial art of inflicting light specific blows to chi (a variation of bioelectricity) meridians (acupressure points of bioelectric energy flow) during specific times that can cause delayed death, sometimes up to five months later.
- When the mind, through fear, panics, or when one is in a life and death situation, this sometimes enables an individual to lift extremely heavy objects, for example, back end of a car, that under normal conditions, would be impossible.
- Telekinesis- The ability to move objects with the mind
- Pyrokinesis- The ability to set things on fire with the mind
- Electrokinetics- The ability to control objects, such as computers that run on electricity

- Levitation- Some martial arts and yoga masters have the ability to levitate their bodies into the air.

The strength of one's bioelectricity is the foundation of all magickal success. Old spells with strange ingredients have little or nothing to do with the success of a magickal working, the success depends upon the strength of the mind and the aura (the bioelectrical field) that with proper focus and direction, will affect one's environment and others.

Those known as the Gods (very powerful and advanced extra-terrestrials who have genetically modified their DNA so they do not age), have much of this very energy. Lucifer is known as "the shining one." Many of these Gods "known as Demons" are radiant with this very energy. The hieroglyphs on the walls in the Egyptian temples, tombs and inside the Egyptian Pyramids explain how important this energy is in becoming a God.

Reaching true Godhead is difficult and requires consistent hard work and dedication. Mastery of the mind is essential. The spirit, as long as you are alive, is a part of the physical self. Yes, many of us can astral project (leave our bodies at will), BUT, the physical self acts to empower the soul as long as we are alive. My experience with the dead is they do not evolve in power any more, beyond what they had when they were alive. A spirit remains a spirit until they reincarnate physically. Only through the strength of the soul (powerful bioelectricity), will one ascend into godhood.

Kundalini and the chakras:

Kundalini is the highest form of yoga. It is a god thing. All of the tenets of Yoga, Buddhism, Hinduism, etc., and the western religions, preach helplessness, instruct one on how to be a total victim, and try to make sure the results obtained from these disciplines are kept under strict control, if obtained at all. Sacred writings ("Hiero" means "Holy" and "glyph" means "symbol") left for us in Egypt (one of the original centers of True Satanism) are instructions for becoming a god.

The objective of mainstream religions, both east and west, is to keep humanity enslaved and powerless. These religions use fear is used as a tool. "Karma" this, and "Karma" that. Satanism does not preach helplessness. Satan is brilliant, fearless, incredibly strong, and defiant. He rebels against limitations placed upon freedom.

The Chakras

There are seven major chakras located along the spine that are the most powerful. Six smaller, but equally powerful chakras are located on each side of the hips, shoulders, and the temples behind the eyes on the sides of the head.

The most powerful of these are the shoulder chakras. Chakras function to empower the soul with energy. These thirteen chakras are essential to life. No one can live without them.

The seven chakras along the spine are the "seven seals," written about in the Christian bible book of "Revelation." These are "The seven lamps of fire that burn before the throne of God." In many grimoires and ancient texts, the code word for "chakra/s" is "God/s." For example, references to certain "words of power" that "command the gods." "God" is also a code word for one's self.

The authors of Judeo/Christian Bible perverted and corrupted all spiritual knowledge in attempts to systematically remove all of this from the populace. This knowledge has been kept in and exploited by a "chosen" few to the detriment of humanity.

The "Tree of Life" predates Judeo/Christianity by thousands of years. The "Tree of Life" is actually a map of the human soul. The trunk symbolizes the spine and the branches represent the 144,000 nadis that circulate the chi/witchpower. The serpent seen in the caduceus used both by the American Medical Association and in Veterinary medicine represents the kundalini force. Unfortunately, this most sacred symbol which represents healing at all levels has been heinously blasphemed and corrupted by Judeo/Christianity.

They are also referred to as "seals" because the enemy aliens sealed them in humanity to prevent our acquisition of godly power and knowledge. We have been cut off from spirituality and the astral world. Thousands of years ago, we were as the Gods, until the earth was attacked and there was "war in heaven." Our being sealed has caused the human race to degenerate. Imbalances in this energy and blockages, along with holes in the aura cause drug and alcohol addiction, depression, a lack of concern for the feelings of others and other forms of life, abusive behavior and many other things that plague humanity.

Kundalini

The SERPENT OF FIRE is the symbol of kundalini. It lies dormant, coiled at the base of the spine, beneath the Muladhara chakra. The objective is to ascend the serpent (powerhouse of energy) from the base of the spine, through all the seven chakras and out through the crown chakra at the top of the head. In order to do this safely, all seven chakras must be completely open and unobstructed.

In order to handle a large amount of bioelectricity safely, one's body must be strong and all of the seven chakras must be fully open.

Kundalini is the life force and is very sexual in nature. This is the reason the Christian church and other RHP religions ban masturbation and all forms of sex. Sex is the creative power; it is one's use of the life force to create another human being. When one is trained and adept, the use of this force can be applied to many other objectives.

Hatha (physical) yoga can be a big help in stimulating and opening the chakras and very recommended. By increasing our level of physical flexibility, the life force flows easier. One only needs to look at the stiffness of old age and the ill health that accompanies it, old age precedes death.

There are many different methods of awakening this power. Some of these include:

- Chanting- Vibration is very powerful. The power of sound can break glass, weaken steel, and cement structures. Vibrations cause the chakras to open and stimulate the kundalini at the base of the spine.
- Controlled Breathing (pranyama) - Different methods of controlled breathing are specific to each chakra. We are all aware how important the breath is to the life force. The Egyptian God Thoth has said many times "Life is in the Breath."
- Visualization and concentration- Through visualizing and focusing our minds on each chakra, we can open, close, and control them.
- Revamping the bioelectricity ideally, should be done slowly and gradually. One's physical and spiritual self is accustomed to operating on a certain voltage of bioelectricity.

Increased Bioelectricity:

- Can induce intense bliss.
- Strengthens and intensifies the aura.
- Gives a feeling of lightness, floating, glowing and assists in astral projection (where one wills one's soul to leave one's body and return safely).
- Opens one's mind for spirit contact and telepathic communication. Will enable one to resist disease and also provide the power to heal one's self.
- Protects the immune system.
- Provides the power to work magick- true magick without props- empty handed. This is the art of the true adept. Ceremony is unnecessary.

LIMITATIONS ARE NOT A PART OF SATANISM.

The Fourth Dimension

The Fourth dimension is what we experience when we astral project, enter a portal to another time, or experience in an altered state. It is also a level of being in that with a powerful mind and soul, what we think or desire for better or worse often comes to pass, so it is important to maintain a positive frame of mind and control our thoughts.

When someone breaks a limb, the limb is placed in a cast. When the cast is removed, the limb is withered, shriveled, and needs rehabilitation in order to retain its former range of movement and strength.

Meditation opens a part of our mind that is defunct. Centuries of xian religious control have made most of us unaware of the fourth dimension, both psychically and scientifically. As humans, we can only see a small portion of the electromagnetic spectrum. Insects can see ultraviolet light. Certain animals can sense many things that a human cannot. Just because someone cannot see or hear something, that does not mean it doesn't exist, as with ultraviolet light, X-rays, gamma rays and other forms of energy.

When we open our minds, it takes time for us to adjust. I have had a lifetime of being psychic. Even though I was an atheist, I always had another sense, though I tuned out the spirit world. In coming to Satan, the so-called supernatural increased 100 fold in my life. What is a typical day to many of us would completely freak out the average person. The supernatural becomes a part of our everyday life.

Hearing voices and seeing things are the most common manifestation of opening up our minds. This will pass eventually and come under control. This is like physical exercise. At first, you are sore, and then, things come together.

With performing power meditations for given any length of time (they should be done every day), you will experience some serious power. You will no longer need props, spells, or rituals to get what you want. I was reading where this CoS member wrote where LaVey advised people to use props in order to "amplify" emotions and energy. For those of us who do these mediations, this is unnecessary. Your intentions will not need to be amplified. If anything, you will find your emotions and personal power will need to be controlled and toned down. You will see what I mean if you are doing the meditations consistently.

Physics of the Soul

There is a sub-atomic particle, discovered in 1956, called the neutrino. This particle, because of its extremely tiny size, and elusive behavior is difficult for scientists to study. The missing 9/10ths of the universe is thought to be comprised of neutrinos and neutrino-like particles. Although neutrinos have mass, they pass right through physical matter. It has been estimated that a neutrino from the sun would stand a good chance of penetrating a thickness of lead stretching from Earth to the nearest star without colliding with anything.

Recent developments in physics, astronomy, and neurology provide an unexpected breakthrough into the understanding of psychic and paranormal phenomena. The atoms of our physical bodies contain the much finer and faster vibrating neutrinos and neutrino-like particles. These finer and faster vibrating particles compose the substance of the soul, that is joined to our physical body by a magnetic cord that breaks at the moment of death. The soul breaks loose from the body when the body is no longer able to function as a home for it.

When one applies one's self to consistent power meditation, one's chakras vibrate at faster speeds. This takes training, preparation, and readiness, but through the higher speeds, approaching the speed of light, one is able to access other dimensions at will.

Humanity currently resides in a lower dimension. This has much to do with our earth and its position in space. In higher dimensions, colors, shapes, sounds, and thoughts are more vivid. One can see through walls and have the sensation of omnipresence. Telepathy is extremely enhanced and other senses become much stronger and more open beyond anything most people have experienced.

Occult Power in the Brain

The pineal gland is the part of the brain that empowers what is known as the "sixth sense" and other paranormal abilities. It is also the center of bliss sensations and is known as "the seat of the soul." The pineal gland is defunct in the average person. A defunct pineal gland is analogous to a severed spinal cord where the brain cannot send messages to move the body

parts beneath the area that has been severed. The only difference is it affects the soul. In order to activate the pineal gland, power meditations must be done regularly. It takes time to empower this gland and to activate it and use it. The pineal gland works in conjunction with the pituitary gland. Both of these glands are stimulated through the opening of the crown meditation.

The Pineal and Pituitary adapt and lower the frequency of bioelectrical currents. They are psychic energy transformers. Psychic energy enters through the higher chakras, and descends down through the crown chakra where it enters the pineal gland in the brain. As it enters the brain, the rate of vibration is slowed down. An active pineal gland acts as a transformer that further slows down the energy to a lower frequency. The energy then enters and moves from the hypothalamus region of the brain into the pituitary gland. The pituitary further transforms the energy to an even lower frequency so that it can be assimilated and read by the brain.

The Corpus Collosum works to exchange information between both hemispheres of the brain. Most humans do not use the right side of the brain, as we live in a left-brained world. Void meditation silences the left side of thinking and logic, and opens us to the right side, which is the intuitive/psychic side.

Light is essential to the soul. So much negativity has been associated with light because of Christian corruption of ancient teachings, and the new age movement. Light is connected with lightening which is symbolic of the creation and is an age-old symbol of Satan- the lightning bolt. We can travel on light and use light for our own purposes. When the pineal gland is activated and expands, the sensation is extremely blissful. An activated pineal gland will drastically increase your powers and psychic awareness. I accomplished this through rotation of condensed chi/witchpower. This is an advanced meditation and in Volume III of this series. This is a major step in the transformation of the soul and will permanently change the aura.

Aspects of the Soul

Several different aspects make up the human soul. These are the aura, the light body, the chakras, the ethereal double, (the ghost that takes on the image of the physical body), and the intelligence/consciousness. The human soul is also made up of the elements fire, earth, air, water, and quintessence.

In doing research, I have found major discrepancies among authors as to the specific aspects of the KA, the BA, the AKH and the SAHU- the parts of soul as defined by the Ancient Egyptians. From what I can gather, the real meaning of the Egyptian concept of the "REN" is the individual vibration of the soul. This has to do with the Egyptian Kabalah (KA BA AKH). The original Kabalah was Egyptian and the purpose was meditation upon the different aspects of the soul, both separately and together in combinations. This form of meditation is advanced.

The human soul can at will be divided during meditation. This is what occurs with deliberate astral projection or involuntary "out of the body" experiences. Just as the soul can be divided, it can be reunited at will. The soul can be merged with the soul of another person.

The aura can be expended and contracted at will. It can be programmed to attract or repel anything at will. The aura can be programmed by will to act upon the aura of another for better or worse. Our auras act as a filter/barrier to protect us spiritually.

Each aspect of the soul can be meditated upon separately and empowered. Each aspect can invoke and hold each of the elements. This is very advanced and can be dangerous if one does not know what one is doing.

The images at left illustrate two main parts of the soul, the aura on the left and the light body on the right. The aura radiates to the outside of and is an illuminated outline of the body, the light body glows from within. The power, size, and intensity of both depend on the strength of the soul and the life force (chi/witchpower). Bear in mind, the light body is shapeless. Though both illustrations are white light, these bodies can be of any color and can change color as to moods, health, emotions, and so forth. They can also be of more than one color.

The above, I write from my own direct experiences and not theory.

The Chakras

The 13 Main Chakras of the Soul

There are 13 main chakras, with the seven located extending along the spine as the most powerful; the shoulder chakras being close to the spinal chakras in power and the hip and temple chakras supporting these.

The temple, hip and shoulder chakras make up the "Pillars" of the "Temple of Solomon." 666 is the Kabbalistic square of the Sun. The true meaning of the "Temple of Solomon" is the TEMPLE OF THE SUN. "Sol" "Om" and "On" are all words for the Sun. "Sol" is the Latin word for the Sun and is close to the English word "soul." "Om" is a name given by the Hindus to the Spiritual Sun and "On" is an Egyptian word for Sun. The symbolism of the Temple of Solomon is correctly the transformed human soul, but was stolen and corrupted by the Jews and made into another false Jewish character, as with the fictitious nazarene, and nearly everything in the Judeo/Christian Bible. The Sun represents the enlightened, transformed, and empowered soul. A diagram of the human soul can be seen in Astaroth's Sigil at right. The two bars on each side are the pillars of positive and negative energy on each side of the human soul- the black and white of yin and yang and the checkerboard; the glyph for Venus symbolizes the heart chakra. The five points of Astaroth's Sigil represent the five elements, fire, earth, air, water, and quintessence invoked into the three all-important knots of the soul. This has to do with the Tarot, Note As**TAROT**h which was taken from its Ancient Egyptian origins and hideously corrupted into the Jewish "Torah" or "Pentateuch" and "Five Books of Moses" nonsense.

The human soul is in the shape of an equal armed cross. This is represented by "The Four Quarters" The "Four Directions" and the Four Crowned Princes of Hell in rituals.

- The front of the body/soul is the North, ruled by the element of earth.
- The rear/backside of the body is the South, ruled by the element of Fire
- The left side of the body is the Negative Pole. Through the left hand, we take in energy. The left side is ruled over by the element of water and is the direction west.
- The right side is the Positive Pole and is ruled over by the element of air. We direct energy through our right hand.
- The element of Quintessence/either is in the center
- Fire and Air are electric
- Water and Earth are magnetic

Each of the seven main chakras has a specific function and power. All of the chakras, both major and minor directly affect the organs of the body that they are in proximity with. This is a reciprocal relationship in regards to health, as an unhealthy organ will affect the power of the chakra and visa versa.

Kundalini lies coiled at the base of the spine beneath the base chakra located at the tailbone. Kundalini lies dormant until it is stimulated through power meditation or in rare cases, it ascends through accident, being either physical injury or other trauma.

Each chakra is in the shape of a small funnel, like a miniature tornado. The chakras are always spinning unless one wills them to stop as in some methods of astral projection.

A basic overview of the seven main chakras:

1. The base/root chakra known in Sanskrit as the "Muladhara" controls the bowels, the bladder, lower colon, legs, and adrenal glands. This chakra is red in color. Its element is earth, its metal is lead, and it is ruled by the planet Saturn. It is the first of the three knots, the others are located at the heart and at the sixth chakra behind the third eye. This chakra gives stability and grounding. It rules over survival and base instincts. The base chakra gives us the will to survive, our basic self-image, and sense of security. Anger and rage emanate from this chakra, thus the phrase "seeing red." The first three chakras are most influential in workings of black magick.
2. The sacral chakra known in Sanskrit as the "Svadhithana" is also known as the sexual chakra. This chakra is orange in color and controls sexual lust, the sexual and reproductive organs, the lower abdomen, and kidneys. Its element is water and its metal is iron. It is ruled over by the planet

Mars. It influences pleasure, indulgence, sexuality, and creativity. The sacral and solar chakras empower workings of sex magick.

3. The solar plexus chakra known in Sanskrit as the "Manipura" is the chakra of the will. This is where the fighting power emanates. It rules over the digestive system, the stomach, the pancreas, and the muscles. The solar chakra is yellow in color and ruled by the Sun. Its element is fire and its metal is gold. Here is the chakra one uses to impress one's will upon another. This chakra is the '666' chakra; the powerhouse of the soul.
4. The heart chakra known in Sanskrit as the Anahata. It is ruled over by the planet Venus, its metal is copper, and its element is air. It controls the love emotion, the thymus gland, the lungs, and the heart. It controls the circulatory system of the soul.

Now as we know as Satanists, the New Age movement is not only off base, but lacks a lot of knowledge. We hear this incessant message of "love" ad nauseum, of how the heart chakra is the "love" chakra-compassion, self-sacrifice, giving, etc. This is a delusion.

The heart chakra neuter and is the connection point between the upper and lower chakras, like the corpus collosum connects both hemispheres of the brain. The upper chakras deal with the astral; astral sight and telepathy, connecting with others psychically and transferring one's will, sending receiving telepathic messages (3rd eye), astral hearing and communication (throat) and astral knowledge and understanding of the universe (the crown).

The lower chakras deal with earthly matters- survival (base), sexuality, creativity (2nd) and the will, rebellion (3rd).

The Gods and Pharaohs of Ancient Egypt are often seen with their arms crossed over their chests. This symbolizes protection of the heart chakra. The nazarene who is an enemy to humanity is always seen with his arms open and many paintings with the virgin bitch- same thing- exposing the heart chakra so humans can be psychically victimized.

New age teachings are corrupted and incomplete. What the enemy fears the most is humanity having the knowledge to defend ourselves as a whole and the self-esteem to REFUSE to be slaves.

5. The throat chakra known as the Visuddha in Sanskrit, rules over the neck, thyroid gland, throat, mouth, voice, ears, hearing, and trachea. This chakra is sky blue in color and rules over communication, intellect, and self-expression. Its planet is Mercury, its metal is liquid Mercury or quicksilver, and its element is air. This chakra also rules over clairaudience [psychic hearing], and is the seat of emotion.

6. The sixth chakra known as the Ajna in Sanskrit is located directly behind the third eye. The third eye is an extension of this chakra and rules the psychic sight. This chakra is the psychic seat of the soul. When activated, it will often light up brilliantly. It rules over the eyes, both physical and astral vision and the pineal gland. It is violet-blue/indigo in color, its element is the ether, its metal is silver, its and its planet is the Moon. This chakra is where the ida and pingala meet and is the psychic seat of the soul. In some workings, energy is directed from the base chakra, up the spine to the sixth chakra and projected out the third eye, as seen in many Egyptian hieroglyphs.
7. The crown chakra known as the Sahasrara in Sanskrit is at the top of the head, right on top. It is violet in color, it rules over the brain, the pituitary, the nervous system. In allegory, its symbol is the thousand-petalled lotus. This symbol goes back to Ancient Egypt. This chakra induces bliss states. Demons informed me it is ruled by the element of water. This chakra rules over all of the psychic senses. When it is opened and activated, one may hear astral voices.

Opening the Chakras

These meditations have been revised. Azazel who is a Master of Spiritual Alchemy worked with me in detail on each one of them. They are extremely powerful and often, the effects can be felt hours later. It is important to follow instructions and if you are new to power meditation, to go slow. If you have already done the former Awakening meditations, it is fine to do these. Quite a few people reported little or no effects from the former meditations that were taken from books.

There are a certain number of repetitions for each exercise. If you find you are getting over stimulated, it is advised you end the exercise and back off. The exercise can be resumed at a later date while you give your nervous system time to adjust to the increased life force. It is strongly recommended to give yourself a few days or more between each exercise.

People who have problems with seizures/epilepsy, or who are on psychiatric medications should not perform any of these power meditations, with the exception of void meditation, unless given the ok by their physician. They are highly effective in opening the chakras and stimulating the kundalini. These new meditations are filled with Satanic energy. Those who have not dedicated or are outsiders should give this consideration. For dedicated Satanists, the effects should be very positive in opening and empowering the chakras and in increasing personal power.

These meditations can produce very rapid results. Standard kundalini meditations of the New Age variety can take years to have a pronounced effect. These meditations, like Satanism are the real thing. Void meditation is highly recommended in order to control the thoughts and mind that will be stimulated by the opening of the chakras.

- There are a certain number of repetitions for each exercise. If you find you are getting over stimulated, it is advised you end the exercise and back off. The exercise can be resumed at a later date while you give your nervous system time to adjust to the increased life force.
- The meditations are performed with specific chants for each chakra. Each chant is based on the Yogic Humming Breath. With this breath, you inhale to fill your lungs and with the exhale, you vibrate the chant until you are out of breath, then you breathe in and fill your lungs as before:
 - This breath is normally used with the throat chakra;
 - Inhale through your nose, filling your lungs
 - Exhale on one long vibration, this will draw out the exhale
 - Breathe in again and repeat.

- Some of the chants/vibrations are based upon runes. Runes are based upon the constellations and are the most ancient of alphabets. They are the original form of writing and the cuneiform script was derived from them.* Many of the runes can still be seen in the cuneiform characters. The runes have always been an abomination to the xian church, more so than with any other form of magick.
- For the first through fourth chakras, it is necessary to apply what is known as the "Jalandhara Bandha." This is where you nod your head and press your chin firmly, but gently against your chest. This greatly facilitates the effects of the chants in the lower chakras.
- Mudras (hand positions) are used as these connect certain circuits within the fingers and redirect the life force to the chakra being opened.

You should focus on the chakras in the middle of your body. Extensions are along the spine and in the front of the body. Opening and empowering these are more advanced and specific meditations are given in the advanced meditation volume. Too much stimulation right away is undesirable. Everyone comes to Satanism on different levels. Those of us who empowered our souls in past lives will be much more sensitive to the meditations. This is inborn, but anyone who performs the following exercises will eventually open their chakras.

* From Azazel

Opening the Third Eye

This exercise is done with a specific tone and chant. You need to do this exercise for 4 days in a row. Regular meditation on the third eye should follow to completely open it up and establish an energy uptake. This exercise only gets it going. Further work is needed and must be consistent to reap maximum results.

1. Sit with your back straight.

2. Place your hands in the position as shown in the photo. Your for people who are right handed, your right hand should make a fist around your left index finger; for people who are left-handed, your left hand should make a fist around your right index finger. The thumbnail should press on

the side of the finger as shown, at the spot where the cuticle ends. When you feel a very faint electrical shock, you will know you have the correct spot. Don't get discouraged if you cannot find it. It should be apparent in those who have naturally stronger auras. What this does is redirect the flow of energy to the third eye. This mudra can be used at any time during regular meditation on the third eye. Keep this position throughout the meditation.

3. Breathe in through your nose and on the exhale vibrate "Thoth." Thoth is the Moon God and the ruler of the 6th chakra and third eye is the moon. Release your breath slowly through your mouth and vibrate:
TH-TH-TH-TH-OH-OH-OH-TH-TH-TH in one long exhale (vibrate the sound one time per exhale, as with the Yogic "humming breath").

Now this is important. Keep the TH and OH sounding at the same time. You should be making the TH sound all throughout the exhale.

Your tongue will be vibrating between your teeth. It may take a few seconds to adjust this to where you feel it in the middle of your forehead (3rd eye), don't worry, just keep on going.

Try to get it to the correct vibration where you can feel it in your forehead. This can take some experimenting. Just do the best you can. You may have to try as many as ten to fifteen times or more to get it right.

4. Do the above 4 times in a row and then relax.

5. Now, align your third eye correctly by visualizing it point end facing inside as illustrated at left.

6. It is very important the above exercise be done for

FOUR consecutive days, preferably 24 hours apart. Then it is a done deal and you will have performed the initial step of opening and activating your third eye.

7. After you are finished, it is important to meditate on your third eye to get the energy flowing, this way it will fully open. Just close your eyes and "look" at the 3rd eye in the middle of your forehead. It is important to relax and not to strain your eye muscles, even though your eyes are closed. At first, there is usually just blackness depending on how active your 3rd eye is, then possibly swirling colors and shapes like a kaleidoscope. Like scrying into a mirror, the colors and shapes will give way to images when you do the meditation long enough and regularly. Remember to keep your gaze soft and relaxed. Feeling pressure here or a knot is normal after the above exercise is completed. This usually diminishes in time.

WHAT YOU CAN EXPECT:

1. One of the first experiences is a headache or pressure in the center of the forehead. This sensation may also feel like it is originating from within, usually an inch or more beneath the surface of the forehead as it affects the sixth chakra. This is a positive indication the pineal gland is awakening and beginning to function in a healthy manner.

You may also find you can feel this ache or pressure whenever you focus your attention on your third eye or meditate on your third eye. This is perfectly normal and eases with time.

*Some people can experience a migraine lasting several hours. The severity of the side effects will depend on how atrophied your pineal gland is to begin with.

The Third Eye

The 3rd Eye is directly related to the 6th chakra and the pineal gland. It is located on the middle of the forehead above the brows and along with the 6th chakra that sets in back of the third eye and the pineal gland, it is the psychic sight of the soul.

In the average person, the pineal gland is atrophied and dormant. Because of centuries of humanity being cut off from practicing power meditation where energy is circulated like blood where it is needed, many areas of the human soul have ceased to function - another sad result of xianity.

The third eye contains the last of the three knots. Once this knot is open and energy flows through, the crown chakra is easy to open. The third eye contains the astral sight. Through the third eye, astral images are transferred to the brain. The third eye is also important in telepathy and influencing others. I have found in willing others, thought energy should strongly be directed to the other person's third eye, even though this cannot be seen. The third eye is receptive to energy directed at it.

The third eye, along with the sixth chakra, controls the eyesight, the sinuses, and the skin. It is with the third eye that we can see auras, do scrying, and see energy. The pineal gland and the sixth chakra are behind the third eye.

The third eye is the front of the 6th chakra. The 6th chakra is where the ida and pingala serpents meet. When the kundalini pierces this chakra, it opens the last of the three knots. A flash of light is often experienced when this occurs. Opening the 3rd eye is a major step in consciousness. Opening the Crown Chakra

Opening the Sixth Chakra

The third eye is an EXTENSION of the 6th chakra, which is located directly beneath the crown chakra, right in the middle of the brain. OPENING the 6th chakra [this is done the exact same way as with the third eye and should only be done after opening all of the other chakras], will help to activate the pineal gland and much more. See page 27. The third eye mudra is unnecessary.

Because of the power of opening this chakra, I do not recommend to open it until you have opened all of your other chakras. Your third eye should also be all the way open, as it acts as a vent for the powerful energies of the sixth chakra.

I just found this recently through my own experiences in meditation. Every book I have read [plenty] focuses on the third eye, not the 6th chakra, which is directly in back of the third eye. I have found through my own experience, the 6th chakra directly ties into the pineal gland and activates it. It seems to be much more powerful than the third eye.

Sixth Chakra

1. Sit with your back straight, breathe in through your nose and on the exhale vibrate "Thoth." Release your breath slowly through your mouth and vibrate: TH-TH-TH-TH-OH-OH-OH-TH-TH-TH in one long exhale (vibrate the sound one time per exhale, as with the Yogic "humming breath") and try to concentrate the vibration on your 6th chakra.

Now this is important. Keep the TH and OH sounding at the same time. You should be making the TH sound all throughout the exhale.

Your tongue will be vibrating between your teeth. It may take a few seconds to adjust this to where you feel it in your 6th chakra, don't worry, just keep on going. Try to get it to the correct vibration where you can feel it in the middle of your brain. This can take some experimenting. Just do the best you can. You may have to try as many as ten to fifteen times or more to get it right.

2. Do the above 4 times in a row and then relax.

3. Now, align your sixth chakra correctly by visualizing it point end facing down as illustrated at left. The color of the sixth chakra is bluish-violet.

4. It is very important the above exercise be done for FOUR consecutive days, preferably 24 hours apart.

Opening the Crown Chakra

In order for this to work properly, you must have already performed the Opening of the Third Eye

The effects of this exercise are extremely pleasurable. A feeling of lightness should follow. Some people may feel energy or tingling inside their heads, or completely covering their heads; a slight pressure in the crown area and intense euphoria. The

pleasant light feeling is what makes astral projection and astral travel easy. The bliss state can occur hours and even days later.

When done properly, this exercise will stimulate the pineal gland and crown chakra. By continually stimulating the pineal gland, it will grow and become active. The pineal gland is the psychic seat of the soul. With this revised meditation, the chant is much more powerful and effective. It is based on the Böjrk rune.* Opening this pathway is also very healing for drug addicts as it naturally induces extreme pleasure.

This exercise should be done only to initially open your crown chakra and stimulate your pineal gland. The vibration is very intense and effective, but produces quite a headache, which can occur the following day. If your crown chakra is open, you will feel lightness and a sense of bliss. If you do not experience these indications after a period of 4-5 days, you can redo this exercise again as many times as needed to open your crown.

1. Breath in deeply and hold your breath for a count of four; do this five times. This helps you to be relaxed, focused, and to enter into a trance state. Then focus all of your concentration on your 3rd eye. You should begin to feel a slight pressure sensation or awareness of your 3rd eye.

2. Now, place your hands in the position shown at left and take a deep breath as you did for the awakening one exercise and hold it for as long as comfortable- (do not push this) and release your breath vibrating b-b-b-b-b-b-b-b (vibrate with a deep, soft hum with the lips almost closed)

The vibration should sound like a bee. The bee was sacred in Ancient Egypt and many other ancient cultures for this very reason.

It is ok to adjust your pitch. You should focus on and feel the vibration in your third eye, then focus on your pineal gland. You should be 1/3rd the way through of your drawn out vibrating exhale and feel the vibration in your pineal gland.

Then, focus on your crown and feel the vibration in your crown chakra. Continue to extend your exhale as long as you are able to.

Breathe in again, repeating this four times.

This exercise is extremely powerful, much more powerful than the former version.

Now, VERY IMPORTANT-

Remember to concentrate on your forehead (3rd eye area), then your pineal gland and finally your crown chakra. You should regulate the exhale so it evens out. This is done for the duration of each chant.

Summary:

1. Breath in
2. Begin to exhale, vibrating b-b-b-b-b-b-b
3. Concentrate on and feel the vibration in your 3rd eye
4. Concentrate on and feel the vibration in your pineal gland
5. Concentrate on and feel the vibration in your crown chakra

Repeat 3 more times for a total of 4 times.

Crown Chakra

Now align your crown chakra by visualizing it point down as illustrated at left.

Opening the Throat Chakra

To activate the throat chakra, fold your hands together as in the photo, thumbs touching side by side- do not fold the thumbs. Take a deep breath; hold as in the other awakening exercises and then vibrate: "Nebo" until your breath is fully released.

N-N-N-N-EH-EH-EH-EH-B-B-B-B-OH-OH-OH-OH

The important thing is to feel it strongly in your throat, above the hollow. Do this 5-7 times. Remember- getting the correct tone can take some practice. The chant should vibrate your throat area. This exercise can be done once a week or more as needed.

Now align your throat chakra point down as illustrated at left.

Opening the Heart Chakra

Azazel explained the crossing of the arms completes a circuit that directly affects the heart chakra.

1. Sit comfortably, relax, and go into a meditative state.

2. Cross your arms as in the example. Your hands should be touching your shoulders near your armpits.

3. Position your hands so your thumb connects with your ring and little finger, leaving your index and middle fingers pointed straight.

4. Take a deep breath and nod your head so your chin is gently pressed into your chest. Keep your chin firmly against your chest during each exhale, only raising your head to inhale.

5. Focus your attention on your heart chakra.

Exhale and chant "Amon"

AH-AH-AH-AH-M-M-M-UH-UH-UH-N-N-N

6. Extend the N-N-N-N-N until you have completely exhaled. Try to adjust the tone so you feel it in the middle of your chest where your heart chakra is located.

7. Repeat eight times.

7. Visualize the image at right where your heart chakra is and yourself engulfed in a vibrant green aura and focus your attention on feeling your heart chakra for several minutes.

Opening the Solar Plexus Chakra

1. Sit in a comfortable position with your spine straight.
2. Relax and go into a meditative state.
3. Place your hands in the solar mudra illustrated at left.
4. Inhale fully and drop your chin to your chest. Keep your chin gently, but firmly pressed against your chest throughout the entire exhale, only raising your head during the inhale.
5. Vibrate "RA"

R-R-R-R-AH-AH-AH-AH-AH

until you are out of breath, concentrating on your solar plexus chakra. Adjust the vibration of the chant so you can feel it in your solar plexus chakra.

6. Repeat 5 times.

7. Now, align your solar chakra point facing down as illustrated on the left.

Opening the Sacral Chakra

1. Fold your hands. DO NOT fold your thumbs, place them side by side and keep your palms together.
2. Inhale and fill your lungs.
3. Drop your chin to your chest.
4. Contract your anus.
5. Exhale and chant I-I-N-N-N-N-G-G-G-G-G-G-G-G-G (rhymes with the English word "Thing.") and concentrate on your second sacral chakra.

6. Align your chakra point facing upwards as illustrated at left.

Repeat the above eight times. When you are finished, visualize yourself in an orange aura for a few minutes while focusing on feeling your sacral chakra.

The "Ing" Rune illustrated at right represents the creative life force ruled by this chakra. The magickal qualities of the Ing Rune are its use in sex magick and fertility. The sacral chakra is the sexual chakra.

Opening the Base Chakra

To open the base chakra, place your hands in the position shown in the photo, like the sign of the horns. Your finger pads should be touching and your thumbs should be touching side by side down to the fleshy part known in palmistry as the "Mount of Venus." This mudra produces a heat sensation in the hands and stimulates the base chakra. Don't worry if you cannot feel the heat sensation as this takes sensitivity.

The backs of the middle and ring fingers should be touching, as in the photo at left.

Breathe in and fill your lungs, but not to discomfort and with the exhale, make the s-s-s-s-s-s-s hissing sound.

The Sigel Rune symbolizes the Satanic Lightning Bolt which is a manifestation of the kundalini serpent and the creation; the spark of life. Kundalini is like lightening.

While exhaling with the hissing sound, try to imagine/feel your base chakra as very hot and visualize it about the size of a pea, opening and expanding into a vortex. Spin this vortex. Continue visualizing your chakra lighting up into red/gold and expanding with a bright white/gold fire, about the size of a silver dollar coin in diameter and imagine the feeling of it growing hotter as it gets brighter.

The hissing breath should be done seven times.

Align your base chakra point facing upwards as you did with your solar and sacral chakras.

Opening the 8th and 9th Chakras

Research and revelation from Thoth has revealed the true 8th and 9th chakras are the shoulder chakras. Opening these will align the soul and drastically open energy pathways to the palm chakras, greatly empowering them.

To open your shoulder chakras, all you need to do is to visualize them as in the illustration at left. Focus and meditate on them for a few minutes. A feeling of aching, or pressure is a positive sign you were successful in opening them. This feeling can extend to your arms and can feel sort of like they are falling asleep. Now, align your chakras.

1. Begin with the base chakra and turn the cone so the point is upwards.
2. Do the same with the sacral chakra
3. Focus on the solar chakra and turn it so the point is facing downwards.
4. Focus your attention on your crown chakra and turn the point down.
5. Do the same with your sixth and throat chakras.
6. Now, focus on your heart chakra and visualize two points coming together and intersecting as shown in the illustration on page 35.
7. Finish by again focusing on your shoulder chakras and visualize them pointing inward.

Opening and Aligning the 10th and 11th Temple Chakras

The 10th and 11th chakras are located at the temples, a bit towards the rear and are extensions of the 6th chakra.

To open these chakras, just turn your attention to each one and visualize it point facing in. Then do the same on the other side. A weird feeling of aching, heaviness, pressure, or aching is a positive sign you have correctly located and opened them.

The temple chakras are extensions of the sixth chakra.

Opening and Aligning the 12th and 13th Hip Chakras

To open these chakras, just turn your attention to each one and visualize it point facing in. Then do the same on the other side. A weird feeling of aching, heaviness, pressure, or aching is a positive sign you have correctly located and opened them.

The hip chakras are extensions of the base chakra, but like the shoulder chakras in proximity to the heart, they are located a bit higher.

Opening the Hand Chakras

What this exercise does, when done consistently is to establish an energy circuit within the hand chakras. This energy can be used for healing, opening other chakras, applying energy or as with Dim Mak, the "death touch." It also helps with telekinesis (moving objects with one's mind and pyrokinesis (setting objects on fire using the powers of the mind and aura). In order to advance with these gifts, a powerful aura is needed to act on the auras of objects.

This exercise should be done at least once a day to get your energy flowing freely through your hand chakras.

1. Sit comfortably and relax. Try to go into a trance as the deeper the trance and level of concentration, the better the results, especially when beginning this exercise. After an energy current within the hand chakras is open and flowing, this can be done anywhere at will.
2. Put your hands facing each other, fingertips almost touching and relaxed. (Your fingers can be slightly bent as in the illustration).
3. With the pad of your thumb, press into the palm of each of your hands, right in the hollow part.
4. Now, focus intensely upon your hands, especially your palms. Feel the area you pressed in with your thumb.
5. Keep focusing all of your concentration and begin to feel a warm glow and energy between your palms.
6. Begin to move your hands an inch or two apart slowly and back again to where your fingertips are almost touching. Try to feel the energy between the palms of your hands. The more you practice and the stronger your energy becomes, keep moving your hands in and out, further and further apart until you can feel your energy as far apart as two or more feet.
7. Now, visualize a ball of white-hot fire like the sun as in the picture above. Later on, you can use colors. Feel the heat and energy from this ball of fire between your hands. This may feel as a tingling or throbbing. For some people, it may even feel cold. The important thing is to get this energy flowing and to *feel* it.

8. Now let your arms hang down and relax. Focus on energy flowing down your arms into your hands. This may feel tingly and your lower arms and hands may feel pumped. This is a sign the energy is flowing. Now repeat steps 5 through 7 above.
9. Do the above exercise 4 times.

This exercise should be done every day for as long as it takes to really open your hand chakras and establish a permanent flow of energy. With the proper practice, you should be able to feel powerful energy between your hands when your hands are more than a foot apart.

Opening the Feet Chakras

This exercise is done standing. Relax and "breathe" in energy through the bottoms of your feet, mainly your heels. The feet chakras tie directly into the base chakra and sacral chakra. This may result in stimulating your sex organs as well as the feet are tied to orgasm.

Continue drawing the energy up through your feet into your base chakra and up your spine and out your crown. Continue breathing the energy in for a few minutes.

Correct Chakra Alignment

I want to make something very clear here. For any non-Satanists, whether you are so-called "New Age" "Mystics" or whatever, if you proceed to read on, NEVER FORGET- THIS KNOWLEDGE CAME FROM SATAN AND THE EGYPTIAN GOD, THOTH. Thoth is with the Powers of Hell.

The cross has been hideously corrupted by Christianity. The equal armed cross represents the four corners/quarters and directions, such as when we summon the Four Crowned Princes of Hell during ritual. The cross is a CONCEPT and, as seen in many of the Demons' Sigils. The cross shape is the correct alignment of the chakras on the inside. The correct alignment of the chakras IS IN THE SHAPE OF AN INVERTED LATIN CROSS. THE CHRISTIAN CROSS IS A CORRUPTION AND A BLASPHEMY.

The inverted cross has long been a symbol in Satanism and for very good reason. The third chakra; also known as the 'Solar' chakra, the 'Sun' chakra; is also the all-important '666' chakra, as 666 is the kabbalistic square of the Sun; also represented by the swastika, which is an ancient symbol of the Sun. This chakra, NOT the heart chakra, is the powerhouse of the soul. New Age and related teachings focus on the heart chakra so that everyone is deprived of power and worse. The heart chakra is neuter, and mainly connects the upper and lower chakras.

Popular information readily available on the chakras is not only dangerous but extremely inaccurate. The other three are male and female pairs that should be matched as they work together.

As we know, the crown chakra is known as the 'thousand petal lotus.' The lotus is also known as a lily. Lily = 'Lilith.' In addition to each Demon as an actual living being, each Demon has his/her own spiritual message. Lilith rules the crown chakra. Satan rules the base. Both the base and crown chakras are a male and female couple and work together. That is one of their most important spiritual messages. This merging of male and female is the symbolism behind the illustration of Baphomet, who has both male and female organs, and also the ancient Egyptian Akhenaton, another hermaphrodite.

Now, with all of the repeated emphasis on the heart chakra by new age deluded fools [this is done purposely not only to keep people from true spiritual knowledge, but most importantly, from obtaining any serious spiritual power], when one advances enough in meditation and psychic abilities, one will find the yoni shaped heart chakra is the neuter. The yoni is the symbol for the vagina. The Christians have corrupted this, turning it onto its side into that foolish and most annoying fish symbol, which again, is a blasphemy to true spirituality and is like everything else in that foul program, stolen and false.

"...seven towers - the Towers of Satan [Ziarahs] -six of them trapezoidal in form, and one, the "center" on Mount Lalesh, shaped like a sharp, fluted point."

-- The Satanic Rituals by Anton LaVey

The above excerpt is also an allegory, as the center is the odd one out, the heart chakra. It does have power, but not the power of the strongest chakra of the soul, the '666' chakra of the Sun. The powers of the heart chakra are minimal. This is why the enemy is always touting it in the mainstream books out there readily available to the public.

The energy uptake of each chakra is at the wide end and the energy output is at the point, also known as the 'bindu.'

So it would stand to reason that the chakras such as the third eye [DO NOT confuse this with the sixth chakra, which is BEHIND the third eye] need to have their wide ends facing outwards to absorb energy. This definitely includes all of the minor chakras. You will find that after aligning your chakras correctly, you will feel more centered and healing and spellworking will come more easily.

All one needs to do is to turn the solar 666 chakra so the point [bindu] is facing DOWN. This is the swastika chakra, the Sun chakra. All Pagan religions preceding Christianity focused intensely upon the Sun. This is the powerhouse of the soul. Thor's Hammer was originally in the shape of an inverted cross. Our earliest beginnings and life come from our naval, and the Sun chakra, the giver of power and life is centered behind the naval. This is where our main store of life-force/witchpower/vril/chi is located. The Sun chakra is paired with the 6th chakra and third eye, also known as the 'command center' which is female.

Now, popular writings tout the heart chakra as the 'seat of emotions.' Again, this is another major misconception. The throat chakra is the seat of emotions. When we are sad and about to cry, the feeling is from the throat, not the heart. The same goes with happiness. Be aware of this. Both emotions come from the throat chakra.

The all popular hear shape, again, this is not of the heart. Its being touted as a symbol for the heart is again, corruption. This is to mislead you. The serpents cross, these are symbolic of the ida and pingala nadis of the soul. They cross on the throat chakra and swoop in the shape of a perfect heart to meet at the tip of the nose, forming a heart shape across the face. The popular arrow through the heart symbol is for 'fixing the energy' representing the risen Serpent of Satan. The number 666, the inverted cross and all symbols of Satan are extremely sacred and carry a hidden message.

Research and revelation from Thoth has revealed the true 8th and 9th chakras are the shoulder chakras. Opening these will align the soul and drastically open energy pathways to the palm chakras, greatly empowering them. To open your shoulder chakras, all you need to do is to visualize them as in the illustration on the right. Focus and meditate on them for a few minutes. A feeling of aching, or pressure is a positive sign you were successful in opening them. This feeling can extend to your arms and can feel sort of like they are falling asleep. When the shoulder chakras are fully empowered, the wings of the soul manifest, indicating spiritual freedom.

Always remember, when your chakras have been successfully opened and are active, you will feel them. This sensation is usually a feeling of pressure, a slight aching or tingling. Correctly aligning the chakras will drastically increase your power.

1. Begin with the base chakra and turn the cone so the point is upwards.
2. Do the same with the sacral chakra [2nd].
3. Now focus on your solar '666' chakra and turn it so it is pointing downwards.
4. Do the same with your sixth and throat chakras- turn them so they are both pointing downwards.
5. Now, focus on your heart chakra and visualize two points coming together and intersecting as shown immediately below here.

6. Focus your attention on your crown chakra and turn the point down.
7. Finish by again focusing on your shoulder chakras and visualize them pointing inward.

Opening the Clairaudience Chakras

Meditating on your centers of clairaudience, also known as "psychic hearing" will empower your astral hearing. This is useful when communicating with Demons. Just relax and focus on each center, visualizing each one as a bright star. Spend a few minutes with each one.

To open each of these minor chakras, just focus on them and visualize them opening up like a star and getting brighter. This may have to be done for several meditation sessions before they are permanently opened. The points are the same for both sides of the head, though the illustration directly above shows only one side of the face.

You will notice changes in your awareness and psychic abilities when doing this exercise for any length of time.

As you advance, you can do "chakra breathing" where you absorb energy with each inhale and slightly expand and brighten each chakra you are focusing on, upon the exhale."

Align them all points facing inwards.

Opening the Astral Eyes Chakras

Meditating on your psychic eyes will empower your astral vision. It is easy.

Just close your eyes and "look" at the 3rd eye in the middle of your forehead. It is important to relax and not to strain your eye muscles, even though your eyes are closed. At first, there is usually just blackness depending on how active your 3rd eye is, then possibly swirling colors and shapes. Like scrying into a mirror, the colors and shapes will

give way to images when you do the meditation long enough and regularly. Remember to keep your focus soft and relaxed.

After meditating on your 3rd eye, visualize your 3rd eye brightening and shining outward like the sun and direct this energy to each of your psychic eyes, beginning with your 1st and 2nd psychic eyes and back to your third eye and up through your 4th, 5th and 6th eye points. You can then circulate the energy up and down as a stream of brilliant light. It is important that your chakras are aligned properly. The points should turn inward, as illustrated in the picture at right.

Another technique which is somewhat advanced is to perform the chakra breathing through each of the centers. Draw energy into either one specific center at a time or do all simultaneously with each inhale. Visualize each center lighting up and upon each exhale, expand each center slightly, like a brilliant star. If you are working on all simultaneously, it is important to visualize all of them at the same time.

Remember to align them all points facing inwards as illustrated above right.

Foundation Meditations

Satanism and Power Meditation

Power meditation is a psychic cleaning house so to speak. When one begins a power meditation program, one can usually expect repressed emotions to manifest- anger, hatred, rage, grief, you name it. You may find yourself having upsetting thoughts and feelings and not knowing why these are occurring. These emotions can last up to a year or more given the intensity of which they were suppressed in your younger years. Many of us can't even remember, but our minds do. In time, suppressed emotions will be cleaned out and the soul will be able to advance and be free. One will find inner balance and peace.

Learning is another thing. Satanism is intense and for many, embracing Satanism is a first time of coming into one's own. When one acknowledges the years spent as a spiritual slave, without personal rights and is aware of years of unnecessary abuses, one may experience intense anger and other emotions. This is very normal and therapeutic. Just let it out in a constructive way. This is a time of inner change and cleansing; healing. In time, there will be inner peace and balance. How long this process takes or whether one goes through it is individual. I am posting this so everyone, especially those who are new will know this is normal.

In time, we all come into our own and are free from the indoctrination and intense programming that most others are slaves to. There is nothing more beautiful than a free mind, for this is when we can truly advance and to know ourselves for whom we are- not for whom we are expected or told to be.

Basic Meditation Program

When one is new to power meditation, it is important to start out with a program. There are many different meditations on this site for different effects. A basic meditation program should consist of **Void Meditation** as this helps us in controlling unwanted thoughts and with directing our minds.

Breathing exercises are essential to any meditation program.

The **Foundation Meditation** is a very important meditation as it helps us to learn to feel and absorb energy, which is very important in working magick. If you are new, it is best to start out with basic white light. White light is easy to use because it contains all of the colors of the spectrum. With experience, you can advance to working with colors for specific things. Color energy is very powerful.

Chakra work should be included in each meditation session as this is necessary to empower your aura and soul. I have found directed orgasm to be very effective in opening the chakras. Orgasm is a good way to open a meditation, as it is naturally relaxing. If your chakras are blocked, simply direct the energy during your climax, up your spine to the specific chakra. Visualize it as a stream of bright light in the same color as the chakra you are trying to open, and simultaneously visualize the blocked chakra opening and the energy flowing through it. This can take months, but in time, a permanent circuit will be established.

The **EZ Chakra Spin** is fine to start out with before advancing to meditations that are more powerful. Remember, we are all individuals and where one person may experience pleasure and positive results for a specific meditation, another may not. Always go by the way you feel. If one meditation doesn't feel right then stop and try another meditation.

Meditation sessions should ideally last for 15 – 30 minutes a day. If you are short on time, doing just 5-10 minutes is better than doing nothing. Skipping days will throw you behind and when you are new, inconsistency can cause depression as your body tries to adjust to the increased bioelectricity.

Aura Cleaning should also be done daily. This only takes a couple of minutes and in the long run, it prevents any negative energy from attaching itself to your aura. Negative energy causes accidents, sickness, and depression.

Meditation programs should be changed every so often. An indication your program needs changing is when you no longer feel any progress. As long as you are comfortable with a certain program and make advances, there is no need to change, unless you get bored.

The objective of meditation is both to empower yourself and to learn to handle energy. Power meditation opens the energy centers (chakras) in the soul. The chakras contain a lot of hidden energy. Each chakra has specific energies that open different areas of the mind. The chakras also give us supernatural abilities when open and fully empowered, like levitation, telekinesis (moving objects with your mind), and pyrokinesis (the ability to heat objects and set them on fire). Many more abilities come with having powerful chakras.

When all of your chakras are fully open, this creates a free passage for the serpent of fire (Kundalini) which is at the base of your spine. When the kundalini ascends, we become as the Gods. This is the objective of power meditation.

Preparing the Mind for Meditation

It is important to relax both your mind and body to enter a deep trance state where your meditation will be most effective. Adepts can often enter this state easily; by will alone, even in a hectic environment. This takes time and practice, though. Remaining calm, cool and collected in threatening circumstances is one of the benefits of regular meditation. Below is a list of tips on techniques for calming and quieting your mind and body before entering into your meditation.

Hatha (physical) yoga exercises are wonderful if you have the time and discipline before beginning meditation. The energies amplified from the yoga practice and the relaxed state present a medium for focus.

Breathing exercises can be done to calm and quiet the mind before every session. Just tuning into and “watching” the breath is an excellent method of focusing one’s mind and entering the alpha state necessary for power meditation. Listening to sounds is another way. Just blank out your thoughts and tune into the sounds in your environment. This exercise helps to create alertness as well as relaxation.

Sit or lie quietly. Begin with your feet and relax your body all the way to the top of your head.

Be aware of the energy outside of your body for a few minutes and then focus on the energy inside of your body, alternating four or five times. Do this slowly and take the time to feel. This exercise creates an awareness of energy that is so important not only in securing the ability to absorb, direct and manipulate it in magickal workings, but also enhancing your awareness of others’ fields and your environment. This exercise also tones your nervous system.

Sexual orgasm is another relaxation technique that works well. Just stimulate yourself to orgasm. When opening a meditation with orgasm, use this opportunity to visualize the energy from your base chakra ascending your spine and opening your chakras. Orgasm naturally opens and cleans the chakras.

You should be always be well rested when beginning a meditation session. Being tired will only cause you to fall asleep and the goals of the meditation will not be accomplished. You want to eliminate as much distracting physical stimuli as possible, unless of course, one is meditating upon pain or discomfort to strengthen the will. Make sure you are not hungry, but not overly full. When one becomes more advanced at meditation, trance states can be reached and maintained even with distractions. The mind becomes stronger and stays focused according to the will. If your mind is distracted by a pressing thought, identify the problem and tell yourself honestly to put aside the distracting thought in agreement with your mind, that the problem/thought will be confronted and dealt with after the session. You must follow through or this will not work for future sessions. To the extent you follow through is individual.

Trance

A deep trance makes it possible to access the subconscious mind and to program it as we see fit. The active left side of the brain blocks out any attempts to access the passive right side where the seat of the unconscious is. This is analogous to turning off the electricity to a room or a building in order to fix the wiring. The right side of the brain is where we can program our minds to manifest what we want in reality.

To get into a trance state takes practice. Remember, each of us is individual and some may find this easier than others may. The important thing is to be persistent and patient with yourself. Persistence and consistency are everything here.

1. Sit comfortably. Do not lie down because you might fall asleep.
2. Breathe in for a count of six, hold for a count of six and then exhale for a count of six. Do this breathing until you are completely relaxed. Ideally, you should no longer be able to feel your body.
3. Imagine you are climbing down a ladder in the dark. Don't visualize a ladder; just imagine you can feel yourself doing it. On the exhale, feel yourself climbing a step or two down the ladder. On the inhale, feel yourself holding still on the ladder.
4. Now, let go of the ladder and free fall backwards. If you get dizzy or disoriented, just bring your attention to the front of your body and this will stop. This mental falling effect, when combined with deep relaxation and mental calmness, will cause you to enter the trance state.

What is needed is a mental falling effect inside your mind. This changes the level of brain wave activity from the awake level (Beta) to the asleep level (Alpha) or the deep sleep level (Theta). Once your level of brain wave activity reaches Alpha you will enter a trance. Once you get the heavy feeling, stop the mental falling exercise. If you don't like the ladder, imagine you are in a lift [elevator], feel yourself falling on the exhale and holding on the inhale, or imagine you are a feather, feel yourself floating down on the exhale and holding still on the inhale. You need a mental falling effect to lower your level of brain wave activity.

5. Keep doing this for as long as it takes. The time it takes to enter trance will vary, depending on your experience with deep relaxation and mental calmness.

A trance feels like: Everything gets quieter and you feel like you are in a much bigger place. There is a very slight humming feeling in your body. Everything feels different. It feels a bit like putting a cardboard box over your head in the dark, you can feel the atmosphere change. It's like everything goes fuzzy or slightly blurred. Any sharp noises, while in trance are painful.

6. To bring yourself out of the trance:

Concentrate on moving your fingers or toes. Once you can move a finger or toe, flex your hands, move your arms, shake your head, i.e., reanimate your body; and get up and walk around for a few minutes.

What this exercise does:

In order to advance in psychic power, we must train our minds. When we are in a trance state, our brain waves slow down considerably. There are two sides to the brain- the left logical/intellectual masculine side and the right creative/intuitive feminine side. The right side is the seat of the subconscious. This is the area of the mind that is open to suggestion and programming and the seat of our astral power. When the left side of our brain is active in thinking, the right side cannot be accessed. Trance states shut off the left side so we can access and program the right side (subconscious).

It takes training to be able to induce a deep trance state. Deep trance states are not always necessary, but for specific workings, they are very important. Once we train our minds to go deeper and deeper into a trance, this becomes easier and easier and takes less and less time as we become adept. The mind is like a muscle and for most people. This exercise will be an introduction to a part of the mind that has never even been accessed before.

It is **very** important to never be startled out of a trance state, especially a deep one, so make sure you are in a room or area where you are left alone and the phone is turned off. Being startled and pulled out of a trance the wrong way can be extremely painful and the pain can last for days, especially if you are doing energy work in this state.

It is normal when in a trance state for any sounds to be very painful. This is because in this state, our senses are extremely heightened.

An adept can place themselves in a deep trance within seconds at will. In closing, it is not necessary to always go into a deep trance to work with your mind. The trance state is used to train your mind. With very important or difficult workings, a deep trance is often necessary.

Brainwaves

There are four main types of brainwaves: Beta, Alpha, Theta, and Delta.

Beta waves characterize the conscious waking state at 14 cycles per second and up. The conscious mind does not take suggestion very well. Reasoning, logic, thinking and putting into action what it already knows is mainly what the conscious mind does. Higher cycles of beta waves are used in rituals where a lot of active energy input is needed, as in revenge. A good example is in building a circle cone of power. The more excited one becomes, the higher the cycles per second in the brain.

The alpha state operates at a lower cycle, 7-14 per second level. This is the trance state when the body can no longer be felt, and sounds may become painful. This is the meditation and sleep range. Deep meditation descends into the theta state.

In the alpha state, one is open to suggestion as the conscious logical mind is subdued. The conscious defense barrier is down. Hypnosis takes place on this level. When in the alpha state, we can program our own and/or the minds of others. The deeper you go into alpha, the closer you get to theta.

We can influence others when they are asleep or in the alpha state. This is one reason most mages prefer to do their spell work at night when most people are asleep.

Talking to someone who is sleeping will act to program his or her mind. This can be done, even at a distance with intense concentration, visualizing the individual, and directing thoughts into his/her head. This may have to be repeated several times. The strength of your mind and aura will determine your success. Make sure the thoughts you place in his/her mind are commands, as in telling someone something you want them to do for you. Be calm, but firm and persistent. It may take a while, depending on the strength of your mind, but in time, results will manifest.

Psychic experiences can happen in the alpha state. Both daydreaming and sleep dreaming occur while in the alpha state.

The theta state is 4 - 7 cycles per second. This is where all of our emotional experiences are recorded and is of the subconscious. The theta level opens the door to descend even deeper into the psychic/astral world. While it is possible to have psychic experiences in the alpha state, the most profound experiences occur at the theta level. At this level, one is able to experience astral travel and psychic communication, achieve enlightenment, and enter into other dimensions; this is where past lives can be accessed.

Brain wave activity in the delta state ranges from 0 - 4 cycles per second. This is total unconsciousness, coma.

When in the alpha state, visualizing our desires, as if they are real and actually happening will make them manifest in reality, especially if affirmations are included. In theory, it is said the subconscious mind believes what it is told in this state to be true. Affirmations must be stated in the present tense. The subconscious mind does not understand the word "will" as it is in the undefined future tense. "Will" never happens. Make sure the wording is exactly what you want and look at every aspect, or something unexpected and fated could cause things to go wrong. Wording is important and must be planned carefully. One woman wished to win a contest. She repeatedly told herself she would be the best and went through the entire mental exercises. It turned out she was the best, but because of the biased judges, she lost the contest.

The more intense your visualizations, the stronger your mind/thought output will be to act in attracting what you desire.

Becoming proficient with descending into the Alpha level is usually necessary before you can easily descend into Theta at will. This can be achieved through self-hypnosis.

The Foundation Meditation: The Breath, The Basis of Magick, Energy Manipulation, and Mind Power

1. Sit in a comfortable chair or lie down on a comfortable spot and relax.
2. Imagine and will, with each inhale, not only your lungs are breathing, inhaling air, but also your whole body is breathing in energy. You inhale with your entire body. The breath acts as a focus for absorbing energy.
3. Know that along with your lungs, each single inch of your body simultaneously absorbs energy. Like a dry sponge when dipped into water absorbs, your body should absorb energy with each inhalation.

Since everyone is individual, how each of us feels the energy will be different in some respects.

To reverse this, exhale energy out. This can make you tired and shouldn't be done regularly other than to get a grip on how to do it.

- Exhaling energy is for empowering talismans, charging sigils, healing-anything, and everything when you want to put energy into something or to direct it.
- Energy can also be inhaled and absorbed and then directed to a specific area of your body for healing.
- In a very short time, you should be able to feel the energy when you breathe it in. As you advance, you will be able to see it without trying to visualize it.
- Feeling in this exercise is most important, especially when you are new. Do not try to see the energy as this can be a distraction. Just get a feel for it.
- This exercise is the most important for working with your mind and manipulating energy, which is the foundation of all magick.

As you advance, you can use this technique of energy absorption to absorb energy from the Sun and from just about anything you choose.

Energy Meditation

This meditation is excellent for beginners as it gives one a feel for energy and sets the foundation to manipulate it. This meditation also strengthens the aura when done regularly.

1. Begin by relaxing your entire body. The deeper the trance, the more effective, but this meditation can be done at any time and a trance is not necessary.
2. Breathe in and at the same time, draw in energy from all sides of your body, front, back, top of your head and bottom of your feet. For beginners, you should visualize white brilliant light, like the sun. Working with colors is more advanced and most effective when you are a bit more experienced.
3. Exhale and visualize the energy expanding your aura
4. Breathe in again and visualize the energy getting brighter and more powerful, radiating from your entire being.
5. Exhale again and visualize the energy expanding your aura, and the center of your body shining brilliantly like the sun.
6. Repeat this several times, each time visualizing the energy becoming brighter and brighter as it increases in intensity.
7. Now, breathe in again from all sides of your body, top, and bottom and compress the energy inside of your body, visualizing it growing brighter and brighter, and more intense.
8. Relax and let the energy expand outwards on its own like water being soaked up by a paper towel.

You should feel a sense of relaxation and freedom with this.

When working with colors, visualize the color becoming more and more powerful and vibrant. You will notice each color has a different feel to it. Colors can be used to attract according to their nature.

You can also breathe in energy from the front and back sides of your body at the same time to meet in the middle, then do the sides and top and bottom. After this, let your aura expand outwards.

With this meditation, you can also practice expanding and contracting your aura.

How to Clean Your Aura

Cleaning your aura is essential for spiritual hygiene. By cleaning your aura on a daily basis, you protect yourself against psychic attacks and illnesses. A clean aura is charismatic and will encourage better relations with others. People will naturally be more considerate and grant favors to one whose aura is clean and radiating with energy. Here is where we influence people and get them to do as we wish. Negative thoughtforms used in black magick and generated from the ill will, jealousy or anger of others attach to one's aura and invite misfortune-accidents, illnesses and so forth. Cleaning the aura only takes a few minutes a day and is well worth it. When one is ill, depressed the aura is dirty and can take many meditations to clean. What is within reflects in one's aura.

Contrary to many teachings, Satan/Lucifer is the bringer of light. Since the Demons have been liberated, their auras have drastically increased in light. Their power has increased as well. In some of the old grimoires, certain Demons have related their hopes to "return to the light." Those of us who have been working with them understand what they meant by this statement. The light is in the aura. The soul needs light in order to have power. Father Satan levitated in front of me one time. When he did so, his aura became extremely brilliant in light.

Ideally, one should clean the aura twice a day- upon awaking and before falling asleep at night. Cleaning your aura before you go to sleep is essential. The more people you come into contact with throughout the day, the more thoughtforms and energy will attach to your astral body and result in problems. People's astral bodies intermingle on a daily basis. Like viruses and physical germs, the astral body picks up energy.

To clean your aura:

1. Visualize a bright light all over yourself. Hold this for one or more minutes. It doesn't take very long.
2. Now, visualize the light even brighter and more intensified on each of your chakras, like a miniature sun.

That's all there is to it. If you notice your aura or chakras are dirty, repeat the process. This exercise can alert you to any negative energy or psychic attacks and prevent them from manifesting.

Satanic Void Meditation

"Void Meditation" is what is known as "stilling the mind." The benefits of void meditation are the ability to turn off unwanted thoughts and influences at will, being able to control your thoughts instead of your thoughts controlling you (as with the average person), and a sense of inner peace. Void meditation is essential for anyone who practices power meditation, and is important for success in advanced magickal practice. Power meditation changes the strength of our thoughts and it is very important to be able to control thoughts and to turn them off or focus them at will. Thought power, also known as 'witch power' is needed for success in ritual and in using your mind to obtain what you want. Power meditation, strengthens our thoughts, and people who are more aware or sensitive will be able to notice our thoughts and feelings telepathically. Void meditation will train your mind to be silent so others will not know what you are thinking. The Japanese Ninja use this technique to avoid being detected while carrying out important missions that require one to advance or infiltrate, unnoticed. Void meditation trains your mind so you can focus during rituals and in every day life so your mind brings you what you desire.

There are several techniques for void meditation. The goal is to turn off all of your thoughts and focus on the here and now. You get your mind to be completely still for a specified length of time. In the beginning, this can be extremely difficult, as thoughts will come into your head continually. Before you know it, you will again be thinking about something. Don't get upset with yourself as this is very normal and even for advanced practitioners, certain meditation sessions may not go as smooth as usual. Just keep bringing your mind back to focus. Patience and persistence are the keys here. It definitely helps to do some breathing exercises beforehand to induce a trance state. Some people find meditating after a heavy meal causes the mind to be easily distracted.

Always try to meditate when you are fully awake and alert. If you try to do void meditation when you are tired, chances are you will quickly fall asleep.

1. Breathing exercises are optional. This is a simple method of breathing that will induce a trance state:

- Breathe in for a count of six,
- Hold your breath for a count of six
- Exhale for a count of six
- Repeat this several times until you feel relaxed.

2. Now, get your entire mind to be completely still and free of any thoughts for a specified amount of time with no thoughts or music in your head. Your mind should be a total blank. You should focus on being in the here and now. For

beginners, five minutes is fine. Intermediate and advanced practitioners can go anywhere from 15 minutes to however long they feel is essential.

Void meditation can be done with your eyes open or closed. When your eyes are open, you will more than likely see a mist around objects as you settle into a trance state. This is normal. If you choose to close your eyes, you may fall asleep, but this is an individual choice and use whatever method works best.

For meditation with your eyes open:

Choose something small to focus on. This can be a point on the wall, a second hand on a clock, or even a piece of lint on your clothing. Many choose to meditate on a candle flame. The important thing is to concentrate on your object of choice

For meditation with your eyes closed:

Focus inside of yourself and relax. You can put yourself deeper and deeper into a trance with a feeling of falling. This is normal. For people who are new, this falling sensation that often accompanies a deep trance can make you feel dizzy. To stop the sensation, focus on the front of your body.

Everyday void meditation:

Void meditation can be done anywhere and at any time with just focusing on the here and now and concentrating totally on whatever you are doing. This method works best for those of you who are unable to secure any privacy. Just set a goal to focus on the here and now for a specific amount of time each day and you will benefit.

Advanced Void Meditation:

- Visualize an object and hold the image in your mind. At first, it will fade in and out, but as you progress, it will remain longer and longer. This is definitely a needed ability for magical practice and focusing your mind power.
- Focus on a specific chant or sound. You can do this either aloud or in your head. This is what is known as a "mantra." You breathe in and on the exhale, chant a specific mantra or tone of your choice. One common chant used in kundalini yoga is "Sa Ta Na Ma." This is pronounced "Sah- Tah- Nah- Mah." You can also chant "Sa Tan" "Say-Tahn" or "Say- Tahn- Nah- S-S-S-S."
- Focus on a specific emotion- anger, happiness, sadness, love, hate. You can choose an emotion going by how you feel on a specific day. This is excellent training for advanced ritual.

- Focus on a specific texture, for example, running your fingers back and forth across velvet or a terry towel.
- Focus on a specific odor or taste.

Advanced void meditation that includes adding physical positions trains both your mind and develops an iron will, and extreme inner strength.

1. Keep your entire body still. Do NOT move. This is what the advanced yogis do. Get into a comfortable position. Don't scratch any itches, just ignore them and stay focused. Muscle cramps may come and go. Ignore any physical fatigue or mental fatigue. Just continue to remain focused.

2. Add uncomfortable and/or awkward positions. Make sure these are taken from a Yoga or Tai Chi book, so that they are physically beneficial. This is a discipline that is taught in many Martial Arts schools where one learns to ignore pain, while retaining intense focus. This strengthens the mind for physical combat and drastically increases your sense of self-confidence. This will also increase your resistance to pain.

Many martial arts masters meditate under cold waterfalls, in snow or other painful conditions. One's physical health must be built up here, for obvious reasons. A cold shower can be substituted. As with anything new, be sure to start out gradual.

These techniques, when mastered, will give one total control over one's mind and emotions. If one faces death, one will not freeze up or panic with fear and the odds of one's survival will greatly increase.

3. Running and meditating; focusing on your running steps, increases endurance both mentally and physically.

Power Void Meditation:

This is an excellent way to empower yourself while doing void meditation. This is advanced and you must have a feel for energy and be able to draw it in as with the Foundation Meditation. Here you don't visualize the energy, you just breathe in and out, absorbing the energy on the inhale and expanding your aura on the exhale. You focus totally on the *feel.* You should be adept at energy breathing before incorporating this method into your void meditation.

EZ Chakra Spin

This meditation only takes a few minutes or less and can be done at any time when you can tune in and focus. It is easy to do and can take the place of a full or extended meditation for people who lack the necessary privacy and/or are short on time.

Turn your attention to the base of your spine and visualize your base chakra as a vortex (like a small tornado). Color the energy a rich vibrant red and spin it. Keep spinning it until it spins fast and on its own.

Work your way up through each chakra, visualizing each one and spinning it until it spins fast and on its own. Visualize each one as a spinning vortex with a powerful vibrant color-

- 1st- red
- 2nd- orange
- 3rd- yellow
- 4th- green
- 5th- rich sky blue
- 6th- indigo (Bluish-violet)
- 7th- purple

When you spin the 6th chakra, focus *behind* your 3rd eye, in the middle of your head. Many people erroneously believe the third eye to be the 6th chakra. The 3rd eye is an *extension* of the 6th chakra; not the 6th chakra.

Each of your chakras should be a powerful vibrant color. Chakras that are dark or tainted are not functioning properly. Keep spinning them and focus your visualization to restore them to their own powerful color. You might also want to clean them if this is the case.

When our chakras spin at a faster rate, this helps to protect us from misfortune and disease. It also opens us to the astral and protects us astrally as well as in the physical world. Remember, though, energy work must be done every day as each day builds on the day before and until a strong energy field is permanently established, short term benefits can be lost or harder to restore.

Full Chakra Meditation

To amplify the powers of your chakras to their full potential, it is important to meditate upon the chakra at the day and hour when it is at its full power. The more powerful your chakras, the more powerful your magick. Research has proven that the Ancient Chaldean planetary hours, are extremely accurate. I strongly encourage you to download the Chronos program from this website:

<http://chronosxp.sourceforge.net>

You will need to download and install version 2.0 of the Microsoft .NET Framework along with this. All of the information is available at the above website. This program is outstanding and calculates hours of the planets specific to your location.

I have found from my own experiences through years of meditation, some meditations are very powerful and other times- little or nothing. The same goes for spellworking. This has to do with the alignment of the planets and timing. Each chakra is ruled and influenced by a specific planet. When meditating upon a specific chakra, if you do this on the day and the hour of the planet corresponding to the chakra, the effects will be 100% amplified. This also includes spellworking and the planet that rules over the working, such as Venus for love, Mars for athletics or rage, etc. For example, meditating upon money when Saturn (limitations, hardships, and loss) is strong, is a total waste of time and rarely will the working produce any tangible results.

The Full Chakra Meditation on the following pages is perfected and extremely powerful.

Each session should begin with correctly aligning your chakra. Instructions for this are in Power Meditation Volume 1 in the section on opening the soul. The meditation for each chakra is in four steps:

1. Specific chakra breathing for the chakra you are working on
2. Breathing energy directly into the chakra you are working on
3. Vibrating the God-name for the chakra you are working on
4. Spending a few minutes feeling the chakra

If you are new to meditation, please read through Power Meditation Volume 1 before doing any of the meditations in this supplement.

Sound Meditation

The benefits of meditating on sounds are the opening of more pathways within the brain. Any sounds can be used for this meditation. This includes any kind of music. Close your eyes and relax. Open your mind and try to 'see' the sounds. Sounds usually come in motion and in specific shapes, colors, and waves. The ability to see sounds is called "synesthesia." "Synesthesia" is a medical term for those of us who are born with the ability to see sounds and/or experience different senses at the same time, like hearing colors or tasting/smelling shapes. A small percentage of the population was born with synesthesia. Synesthesia often fades with age and in most cases, it is pronounced during childhood.

The experience of seeing sounds and crossing the senses is common with the use of psychedelic drugs such as LSD, though drug use induces synesthesia through artificial means and it cannot be controlled.

With drugs, the user is not in control, the drug is, and in self-empowerment and magical practice, it is extremely important for the practitioner to always be in control through his/her own natural ability. Dependence on powerful mind-altering substances creates weakness of character and creates holes in the aura and a weakening of the astral body. I am not talking recreational marijuana use here; I am referring to dependence on powerful chemicals in order to reach an altered state, as some mages have been known to do.

People with synesthesia are often very psychic and highly intelligent according to medical studies. CIA and U.S. Military psychics reported going through stages of synesthesia when performing extensive exercises to open their minds for psychic warfare.

Synesthesia may happen with your first sound meditation or with practice. Close your eyes and note the colors, shapes, and movements of the sounds. You should write this in your Book of Shadows/Black Book/journal if you keep one. You should put aside all thoughts and visions as you would for void meditation and try to "see" the sound(s)/music. In time, other senses can also come into play- what does it taste like? Smell like? The most common experience is to see the sounds, but don't put any limitations on yourself.

Natural synesthesia facilitates clairvoyance, clairaudience, and other psychic abilities. Synesthesia can be a very beautiful experience and a rewarding session of meditation. The more pathways we open and empower in our brains, the more experiences, and abilities we are able to have. We are no longer just using "5-10%" of our brains. To develop this ability fully, one should listen to a variety of music and each day, take time out to listen and "see" the sounds in one's environment. Like anything else, the more we use this ability, the stronger it becomes.

Directing Energy From Azazel

To make full use of your abilities in magick, it is important to be familiar with energy; sensing it, how to absorb it, detect it, send it out and manipulate it. This comes with meditating, sensitizing yourself to it and working with it. With consistent practice, power meditation will naturally increase your bioelectricity. You will be able to feel this energy often, just by being aware of it. Awareness is the key to advancement in ability and power.

1. Lie quietly and become aware of the energies on the left side of your body, then your right side.
2. Direct the energy from side to side and then bring it from both sides to meet in the middle of your torso.
3. From here, expand the energy past your body and into your aura and then contract the energy. You can play with it.
This is an excellent exercise for directing energy at will.
4. Continue to expand and contract the energy until both sides of your body feel balanced. Then feel the energies on the left and right sides together.
5. Feel energy from the front of your body, then the back, repeating the same steps as described above.
6. Do this again, this time from the waist up, then from the waist down, same as above.
7. Now, feel the energy in your entire body as a whole. Practice expanding and contracting your aura several times.
8. The last time, bring the energy together in the center of your body and gently expand it out, expanding your aura, making sure it feels balanced and even.
9. Meditate on feeling the energy gently radiating and expanding your aura for a few minutes.

It is very important to always direct your energy upwards and out of your crown chakra. There will be times you will feel it drifting to your legs and feet. It should not remain there for any length of time as it can create problems because of a lack of circulation.

How to Close your Chakras

This exercise is important, and very useful for shutting out unwanted stimuli. Upon closing your chakras, you will feel a sense of calm and inner peace. Closing your chakras will protect you from both unwanted humans and astral entities as both attach themselves at the chakras. By closing your chakras around threatening beings, you can prevent this. Closed chakras also protect you from psychic vampirism. This exercise can also help to still the mind when done before void meditation as it shuts out a lot of psychic noise.

1. At the end of your meditations, sit comfortably or stand up (whichever you prefer) and begin at the base chakra.
2. See your base chakra as a whirling red vortex of energy. Visualize either doors or shuttered doors and close them on the chakra, shutting out all of the light.
3. Continue this all the way up with each individual chakra, to the crown.

You should feel a sense of peace and quiet, when all of your chakras are closed. This exercise can be done several times a day if you wish to block out unwanted external stimuli and/or to protect yourself in a negative environment like around xians or other undesirables. This is especially effective for people who are natural mediums and easily absorb energy and for those who are easily distracted. Your chakras will open back up on their own after a bit. If you feel you need to open them right away, just reverse the above exercise, open the doors, and spin each chakra several times.

Flame Meditation

Method One:

1. Light a candle and stare at the flame for 2 minutes. Make sure your attention does not wander.
2. Close your eyes and place your hands in relaxed cupped position, palms over your eyes and concentrate on the imprint of the flame in the darkness. The image will tend to move across your area of vision. Keep looking for it and bring it back and keep concentrating on it for four minutes.
3. Relax and empty your thoughts and tune into your breathing for a few minutes, concentrating only on each breath

What this exercise does:

This exercise prepares the mind for one-pointed concentration, which is so important to any psychic/astral workings. With the average person, thoughts are scattered and dissipate into nothing. With the trained mind that can concentrate intensely, the thoughts are single-pointed, focused like a laser, and have power. 100% concentration makes the difference in astral workings. One's will is also developed with this exercise, as a powerful will does not give into distraction. Do not become frustrated or impatient with yourself. It is normal for thoughts to creep in to distract you in the beginning. Total concentration takes time and is one of the most difficult aspects of training the mind.

Method Two (intermediate):

1. Focus on the flame for several minutes
2. Close your eyes and place your hands in relaxed cupped position, palms over your eyes and concentrate on the imprint of the flame in the darkness. The image will tend to move across your area of vision.
3. Keeping your eyes closed, try to enter the imprint. You will find the imprint begins to compact and change color. The bright image will change to pink, then to red and grow dark.
4. Repeat the exercise if you wish.

What this exercise does:

This exercise trains the mind and third eye to direct psychic energy.

Breathing Exercises for Satanists

"Life is in the breath."

–Thoth

The Tarot has always been known as the "Devil's Picture Book." The 0 card of the Tarot is the Fool, which begins the Tarot Trump (The Fool's journey through the Tarot to the godhead) in many decks, especially the ancient decks is illustrated playing a flute. The flute is symbolic of mastery of the breath.

Repeat the exercises 4 times for new people, for average 8 – 10 times and for experienced meditators, how ever many you are comfortable with. Advanced meditators can go as many as 60 – 100 repetitions of each of the breathing exercises below, but this has to be worked up to with each of the individual exercises, and over a period of time. Pushing yourself with these breathing exercises can damage your nervous system. A warning that you are overdoing it is words and speech getting messed up. Letting up and lessening the time of holding the breath and such and this will go away.

Technique #1

1. Inhale slowly through your nose and visualize and focus upon energy being drawn into your base chakra and with the inhale, draw this energy up through all of your chakras to the crown, illuminating each one.
2. Hold for a count of four for new people, for an average, a count of ten and for advanced meditators, however long you feel comfortable. This should be the same count throughout the meditation.
3. Exhale slowly through your nose and visualize and focus upon energy being drawn into your crown chakra and with the exhale, direct this energy back down through all of your chakras to the base, illuminating each one.

Technique #2 BREATH OF FIRE

1. Contract your abdominal muscles, forcefully, creating an exhale, by sucking your stomach in real hard and fast. Immediately relax and air will enter the top part of your lungs by itself. Use the rapid contractions of your abdominal muscles to inhale and exhale with this exercise. The contractions should be rhythmic.
2. Practice a few times, and get a feel for it.
3. Do 20 in a row, in and out, using your abdominal muscles in rapid succession at the end of the 20th breath, exhale, inhale and fill your lungs, contract your anus, lower your chin to your chest, hold your breath as long as you comfortably can- DO NOT PUSH YOURSELF!
4. Exhale slowly.

The above constitutes one round. The exhalation should be brief, and the inhalation should be passive and longer. Rounds are increased by adding the number of pumpings with your abdominal muscles. First, try doing three sets of 20 pumpings and then after some time, increase to 30, then 40 until you are doing 60.

What this breathing exercise does:

1. It increases the amount of oxygen in the body
2. It increases the amount of heat- alchemists in the Gothic and medieval times were referred to as "puffers" and the bellows by the fireplace in alchemy paintings was symbolic of this exercise.

Technique #3

ALTERNATE NOSTRIL BREATHING ONE – HOLDING AT THE TOP

1. Inhale through your left nostril, closing off the right nostril with your thumb, for a count of four for newbies. The best way to do this is to place the pad of your thumb over your nostril.

Eight is standard, and higher counts for advanced meditators who are experienced with this exercise are individual, but the counts for the inhales, the holds and the exhales should all be equal and in rhythm.

2. Hold your breath for however long your inhale was.

3. Switch and close your left nostril with your thumb, and now exhale through your right nostril, slowly and evenly for a count as long as the inhale and the hold.

4. Switch, and inhale through your right nostril, for the same count and then hold for the same count and then switch and close your right nostril and exhale through your left nostril.

The above constitutes one round.

Repeat the above 4 times for newbies, eight to ten times, then build up to 20 times for experienced and up to 40 times or more for advanced meditators.

It is important to relax and take your time with this exercise.

For advanced meditators, the times can vary from being equal, for example, a ratio of 2 on the inhale, 8 on the hold, and 4 on the exhale, but this must be consistent through the meditation. Shorter inhales with longer exhales increase the witchpower drastically in a short period of time.

The above exercise directs the prana/witchpower to the head and upper chakras. This is a great exercise if you find your energy pooling in your legs, which can be dangerous.

ALTERNATE NOSTRIL BREATHING TWO – HOLDING AT THE BOTTOM

With this exercise, the hold is at the bottom, after your exhale and goes like this:

1. Inhale through your left nostril, closing off the right nostril with your thumb.
2. Switch and close your left nostril with your thumb, and now exhale through your right nostril, slowly and evenly for a count as long as the inhale.
3. Hold your breath after the exhale for however long the count for your inhale and exhale.
4. Keeping your left nostril closed, inhale through your right nostril for the same count, switch and close your right nostril and exhale through your left, hold at the end of the exhale and then inhale through your left again, exhale through the right and then hold, inhale through the right, switch and close the right and exhale through the left, hold, inhale through the left....

What this exercise does is to bring the prana/witchpower to your lower chakras.

Technique # 4

First Set:

1. Inhale through both nostrils for a count of 2
2. Hold for a count of 4
3. Exhale for a count of 6
4. Hold for a count of 4

The above constitutes one round. Six to ten rounds is ok for new people. Those who are experienced and advanced should go with as many as comfortable.

The following exercise should be done for as many rounds as the above exercise and both should be done with the one below following the one above:

Second Set:

1. Inhale for a count of 6
2. Hold for a count of 6
3. Exhale for a count of 4

Do NOT hold at the bottom. However many rounds you did with set one, you need to do with this exercise.

Preface

When you get your kundalini going, there can be so much energy; you can have trouble going to sleep. I have been there. Then, the energy stimulates your brain making it even more difficult to go to sleep. This can go on for days and days. This has been my personal experience. This is a good sign though, that you are activating your kundalini.

You are heightening your sensitivity and bioelectricity through meditation. I have had this sort of thing for years, even when I was an atheist, because of working with my chakras and the power meditation I did (though on a lesser level than what I received since coming to Satan), yoga and martial arts.

I feel energy very keenly. I have for years woke up in the middle of my sleep and felt electrical appliances when they switched or if they shut on or off, the digital clock changing numbers and so forth. The same with the telephone ringing- it will send a shock through me. I am used to it. This will also bring a heightened sensitivity to noise.

All of this is necessary and is how we can read the thoughts of others as thoughts are electrical impulses. We are sensitive enough to pick up on them.

I have a human friend who is a Satanist, whom I am very close to on the astral. He often will wake me up when he is getting ready for work in the early morning hours so we can visit telepathically in the quiet times. When he does this, I feel the electrical jolts, same as above and I wake up. This is done at the third eye for anyone who is interested. I can even see the balls of light with my third eye sometimes and I wake up.

Satan visited me this morning. When he finished talking with me about something personal, I asked him some questions regarding what I have been studying. He told me that the chakras are actually pyramid shaped with the four corners at the bases, which are square. The reason so many people believe them to be cone shaped is because they are spinning and appear as cones.

There are four sections to each base that are coded in some way. [This has to do with the Enochian tablets, which I was well aware for some time are not supposed to be used to summon anything, but to open the watchtowers within ourselves].

He told me to “keep studying” and answers will come to me.

I believe “Choronzon” is like “Leviathan” and “Cthulhu,” another word for the kundalini serpent. $7 \times 7 = 49$. They are complex codes of which I will be working on deciphering after I decipher all of the Goetic Demon Sigils.

The “fourth dimension” is a state humanity will ascend to when the earth advances to telepathic communication as with other more advanced civilizations and worlds.

This is the true message of the so-called “apocalypse” WHICH WAS STOLEN FROM THE REVELATION OF THOTH.

I can't reemphasize this enough. When you reach a certain level- TAKE CARE AT WHAT YOU DESIRE!!

Desire is the key element of magick. Venting momentary hatred at someone or something can be disastrous if this is not your true intention. When one reaches a higher level of power, one's mind and life are quite different from the rest of the world. Power must be handled properly. With this power must come self-control. You lack the self-control and you will fuck yourself.

The RHP (RHP is "Right Hand Path" – this refers to xianized witchcraft and ancient teachings corrupted by xianity) teaches a false and incomplete system of magick based upon the hexagram. The Satanic symbols contain the wisdom and the truth of powerful magick. Magick is not three-fold or six-fold, it is four, and eight-fold. Satan/Enki's number is four and the Star of Astaroth has the 8 points.

The RHP system leaves out the element of desire.

Fire= Spirit and will (A strong spirit invoking the element(s), energy).

Earth = The physical body (Chanting, mudra, asana, used to amplify the magick and invoke more power)

Air = The mind and intellect (Using the mind to direct, coordinate, understand and know when to release the energy)

Water = The feeling and desire element (The deep feeling and desire element that is the key to obtaining the objective of the working)

The RHP teaches a lack of desire. This is so the average person will be quite powerless. Yoga is from Satan. The meaning of yoga is integration and balance, bringing everything- mind, body, spirit, and emotion together as a powerful force. In working advanced magick, one must use everything above as a unified force. Directed emotion and desire are the basis of magick.

Athletes who make it to the top have one thing in common- an overwhelming obsession and passion to be the best in their sport. This is the average person's mind.

When one reaches a certain level of power though, a little goes a long way as one's mind is like a laser and can cut through things like a laser so to speak. Momentarily and worse, consistently directing emotion at something will bring it about, even if the emotion is not that strong.

Higher Levels

When we meditate regularly and make breakthroughs, things in our lives noticeably change. Nothing comes without a price. When we reach higher levels of power, our minds and thoughts are no longer free. The powers we have must be controlled or else they will create havoc in our personal lives and in the lives of others. It is of extreme importance to keep a positive frame of mind and happy attitude. Negative emotions, especially out of control can prove disastrous.

Everyday statements that those who are without make, we are not free to do so without consequences. My mother learned of and used her mind powers when I was very young. She warned me to stay away from using "Body language." What this means is saying things repeatedly that invite illness in the subconscious mind, like "I don't want to hear anymore!" To the average person, this means "Shut Up!!" BUT, to a mind and soul with power, one's subconscious does not have the left side of the brain reasoning ability and in many cases, will work to create deafness.

My mother read to me of cases where this and similar things happened to people who had a more powerful aura and soul.

"I'll have a heart attack!" "MY flu" "MY ulcers" – DON'T OWN A DISEASE!! One man kept saying "I'd give my right arm if..." Yes, it was a figure of speech, but he lost his arm in a car accident and what he stated ironically came true. Now, most average everyday people can say and think what they please and otherwise as their minds are not powerful and little if anything comes of their thoughts. It is not the case with us. Watch what you think and watch what you say.

As you advance in your meditations and power, don't be frightened or alarmed by unusual happenings in your life, especially when your emotions are involved. Luckily, for most of us, regular meditation helps us to keep cool, calm, and collected. People who really want to go out of their way to upset us, if they are aware to any extent will soon realize this is not a very wise thing to do. Things begin to happen.

Due to centuries of destruction of Satanic knowledge, not too much is known about the powers of the mind, from EXPERIENCE. People who had these powers learned quickly to hide them and keep secrecy to avoid persecution and worse. My own experience is I note, things can be haphazard. I am sure you have seen movies of telekinesis. Often, there are twisted spoons and forks sticking out of walls in weird shapes and other things that look abnormal. The

human mind has been cut off from power for so long, when we finally have it, it can be hard to control. This is also due to a lack of knowledge on how to direct our energies.

When you begin to affect appliances, cars can stall, electricity can go awry, those who anger you can meet with misfortune or disaster- you have reached a higher level. There is no turning back. In my own experience, I note things happen if I get upset, so I have to be careful to stay calm. Undoubtedly, there will be times when we have little understanding of what our powers are doing. It is important never to be alarmed or frightened in any way. This is where keeping a black book or journal can be of help and knowing what happened to set things off. Satan and his Demons are there for us for guidance and support as well and can be a great help in these kinds of situations. Above all, remember you are not alone and there are many now who are experiencing the same and similar and it is something entirely new and very unusual in our lives.

Intermediate Meditations

Developing your Psychic Touch

Several of us have felt and can easily feel Demons touch us. This is especially important when one is intimate with an Incubus or Succubus. In order to open yourself up to be able to feel the touch of a spirit, the following exercise should be helpful:

Take three brightly colored objects. All must have the same texture and feel, but must be different colors. Take each one at a time in your hand and feel it. Close your eyes and feel it some more.

Visualize the color while you hold and run your fingers over the object in your hands. Say to yourself in your mind:

"This is how the color (name of color) feels and I will recognize the color_____ when I feel it in the future."

The more you do this exercise; you will soon be able to feel each color as distinct and separate. It is important to be sensitive enough when working with energy to sense different colors. This will also help with invoking and evoking them and in seeing auras.

Past Life Regression

This exercise requires deep relaxation. Lie down in a comfortable position. You should begin by breathing in to a count of six, Hold for a count of six Exhale for a count of six. (You can change the count to four if this six is too long a hold)

Do this several times until you feel completely relaxed and you can no longer feel your body. Turn your attention inside and to your entire backside and free fall. Just let go and a falling sensation should manifest. For inexperienced meditators, this might make you dizzy. If you feel real uncomfortable or dizzy, just focus on the front of your body to stop the free fall. The deeper you free fall, the deeper your trance state and the easier it is to work with your mind.

When you have reached a deep trance state, visualize yourself walking towards a door in your mind. As you walk towards the door, tell yourself when you walk through the door, you will enter into your past life. This should be the life that preceded your life now. Walk through the door; look around at your environment.

To go back several lifetimes, just visualize the door and tell yourself you are going back to whatever year you wish to regress to. To go forward in any past life, will yourself forward by asking your mind to take you to a specific stage of your life or year. Take the time to look around and ask your mind questions. To regress further through each past life, will yourself backwards by telling your mind to take you back further until you can regress no more, and again, walk through another door, telling yourself you are entering the lifetime before this life you are observing. You will be further back in time. To go foreword into your next life- use the same technique, only be aware this is only one of many possible futures. To bring yourself out, walk back through the door into now.

Star of Astaroth/Mer Ka Ba Meditation
By
Azazel and Thoth

Sit comfortably, preferably cross-legged, but sitting in a chair is fine as long as your spine is straight. Go into a trance state. You should take a couple of minutes to clean your aura before beginning this exercise. The meditation is performed in 18 breaths.

View from Top

Visualize yourself inside of two pyramids. The standard meditation is done with white gold energy inside of the pyramids, but you can change colors as you become more experienced and know how to handle color energy. White-gold energy is the most powerful energy.¹

Sah

1. With your thumbs touching your index fingers,

- Inhale to the count of 6;
- Hold for 6
- Exhale for 6, and chant either aloud or silently in your head:

S-S-S-S-A-A-A-H-H-H-H; in one long exhale while visualizing both your pyramids filling with a brilliant white gold light.

2. With your thumbs touching your middle fingers,

- Inhale to the count of 6;
- Hold for 6
- Exhale for 6, and chant either aloud or in your head:

T-T-T-T-A-A-A-H-H-H-H; in one long exhale. Continue to fill the pyramids with bright intense and powerful energy.

3. With your thumbs touching your ring fingers,

- Inhale to the count of 6;
- Hold for 6
- Exhale for 6, and chant either aloud or in your head:

N-N-N-N-A-A-A-H-H-H-H; in one long exhale. Continue to fill the pyramids with bright intense and powerful energy.

4. With your thumbs touching your little fingers,

- Inhale to the count of 6;
- Hold for 6
- Exhale for 6, and hiss (one long "S" sound for the exhale):

S-S-S-S-S-S-S-S-S-S; in one long exhale. Continue to fill the pyramids with bright intense and powerful energy.

5. Again, with your thumbs touching your index fingers,

- Inhale to the count of 6;
- Hold for 6
- Exhale for 6, while visualizing both your pyramids filling with a brilliant white-gold light.

There is no need to chant for this step.

6. With your thumbs touching your middle fingers,

- Inhale to the count of 6;
- Hold for 6
- Exhale for 6, while visualizing both your pyramids filling with a brilliant white-gold light.

There is no need to chant for this step.

From now on, with each and every breath throughout the meditation, you will draw in and visualize energy entering through both ends of the breathing tube at the same time.

The breathing tube extends for one hand length (measured by the length of your own hand) beyond the top of your head, down through your seven chakras, and ends one hand length past your base chakra located at the end of your tailbone. When you are standing, it extends one hand length beyond your feet.

Your tube is as large around as the circle made when you touch your thumb to your middle finger and tapers to a small opening at each end. The tube is transparent like glass.

The next three illustrations below are without the pyramid for clarity. (You should always visualize yourself inside of the pyramid throughout the entire exercise).

7. With your thumbs touching your ring and little fingers, index and middle extended as in the illustration to the left.

- Inhale, and breathe in energy to the count of 6, visualizing brilliant white-gold light entering the tube from both ends at the same time to meet between your 2nd and 3rd chakras.
- Hold for 6.
The light forms a sphere the size of a grapefruit.
- Exhale for 6 and visualize the sphere brightening with energy.

8. Keep your thumbs touching your ring and little fingers, index and middle extended as in the illustration to the left.

- Inhale and breathe in energy to the count of 6, visualize the sphere growing in size until it reaches the base of your rib cage and the top of your pubic bone.
- Hold for 6.
- Exhale for 6 and visualize the sphere brightening with intensity.

9. Continue to keep your thumbs touching your ring and little fingers, with your index and middle extended as in the illustration to the left.

- Inhale and breathe in energy to the count of 6, and visualize the sphere brightening and growing in concentrated power
- Hold for 6, visualizing and feeling the brightness, intensity and power of the sphere.
- Exhale for 6, visualizing the sphere grow brighter and brighter, and more and more powerful.

10. Keep your hands in the position shown in the illustration to the left, inhale and breathe in energy to the count of 6, The sphere is reaching maximum concentration; it ignites, changing color to a white/electric blue flame and turns into a brilliant shining gold like that of the Sun.

Round you lips to blow

Blow on the exhale for a count of six. As you blow, visualize the sphere expanding to surround your entire body. The smaller sphere still remains, and is more concentrated and brighter than the larger one. (Visualize yourself like you are blowing up the sphere).

11. Keep your hands in the position shown in the illustration to the left.

- Inhale and breathe in energy to the count of 6, Visualize and feel the energy entering your breathing tube at both ends and concentrating in the smaller sphere and expanding out into the larger sphere.
- Hold for 6.
- Exhale for 6 and visualize the concentrated energy continuing to expand into the larger sphere making it brighter and more powerful.

At this step, you will more than likely see the smaller sphere beginning to spin. It can spin either way. Visualize the spinning and go with the flow.

Steps 12 and 13 are the same as step **11**.
(Continue to spin the sphere)

14. For men, place your left palm on top of your right palm, both facing up. For women, place your right palm on top of your left, both facing up.

At the beginning of your inhale, move the smaller sphere up to your 4th chakra (shown on the left); inhale for a count of six.

This is standard for the heart chakra. With experience, you can move the ball to any chakra of your choice. This includes the 8th chakra as well. (See illustration to the above right)

15. Inhale for a count of six and say to yourself in your mind "EQUAL SPEED"

The two pyramids will begin spinning in opposite directions. The top pyramid will spin counterclockwise; the bottom pyramid will spin clockwise.

Round your lips and blow as you did before, for a count of six, spinning and feeling the spin of your pyramids in opposite directions. They will be moving at 1/4 the speed of light. The spin feels like a pulsating sensation.

16. Inhale for a count of six and say to yourself in your mind "HALF THE SPEED OF LIGHT"

Round your lips again and blow for a count of six, spinning and feeling the spin of your pyramids in opposite directions. They will be moving at 1/2 the speed of light.

17. Inhale for a count of six and say to yourself in your mind "THREE FOURTHS OF THE SPEED OF LIGHT" Round your lips again and blow.

As they approach 3/4ths the speed of light, a flat disk located beneath your naval pops out and expands to a distance of approximately 55 feet in diameter. Visualize this like the Sombrero Galaxy as shown in the illustration to the right.

Continue to blow out with force and feel the speed of the disk increase and stabilize.

18. Inhale for a count of six and say to yourself in your mind "SPEED OF LIGHT"

Visualize your disk and the pyramids spinning so fast (the speed of light is 186,000 miles per second) they give off intense white light and energy, hold for six and blow for six. This will stabilize the disk.

It is strongly advisable to remain in meditation, and meditate upon the energy for 5-15 minutes afterwards. Concentrate on feeling the pulsating sensation of the disk.

Information About the Star of Astaroth Mer ka Ba Meditation

Azazel and Thoth worked with me to revise this meditation, which was based on the "Mer Ka Ba." Further revisions were dictated to me from Azazel (3/26,27/05). Many new age authors write about and teach the Mer Ka Ba. The new age version is based upon a hexagram. The hexagram version was given to new age enthusiasts by angels. What the hexagram does is it establishes a geometric energy field that corresponds to the planet Saturn, of time; the lower octave of Saturn. The current system of time, based on the number 3 and 6, is out of sync with the vibrations of the earth and the universe, which are naturally 13 and 20; the 13 lunar months. Unbeknownst to many, the hexagram meditation is a conspiracy and is to the detriment of humanity. It has to do with the numbers and this is very complex. I will write a separate article concerning this and linear time.

The meditation given in this book is based on the eight-pointed Star of Isis (Astaroth). The correct position of for the Star of Isis is rotated at 22 degrees. Shown at left, in its upright position, it is known as the "Sigil of the Beast 666."¹ The Silver Star of Isis (turned at 22 degrees) is also said to have been worn by the Knights Templar on a red sash. The numbers are definitely Satanic as the number of Isis (Astaroth) is 8 and the number of the pentagram is 5; $8 + 5 = 13$. Enki's number is 40; another combination is $5 \times 8 = 40$. 13 is also based upon the thirteen Lunar Months which is the natural year and the eight phases of the moon. It is also based upon the Satanic Year.

Her Babylonian symbol is known as the "Star Disc of Ishtar." What this meditation can do is take your energy field to a much higher vibration. The geometry of energy has powerful effects. Once this meditation has begun, you should continue to do it every day until the spinning fields are permanent. You will know they are permanent when you can feel the pulsating sensation any time you focus your attention on them. Once they are permanent, you will no longer have to perform the meditation every single day.

The eight-pointed star is very ancient and based upon the octahedron. The octahedron is an extremely important aspect of nature and is one of the primary archetypes of creation for all life. It is based on 13 circles of which the centers connect. It is also the basis of important informational systems in the universe. Within it are found all five of the Platonic Solids, the "building blocks" of creation. The eight-pointed star is also the symbol for the "Shamballah initiation," the initiation of advanced Buddhist monks into the Kalichakra Tradition. This tradition preceded what most people know as Buddhism by thousands of years and is based upon the Tibetan "Bon" religion, which was given to the Tibetan Priesthood from Marduk/Amon Ra. Unlike the pacifistic, self-sacrificing

contemporary Buddhist religion, the original Bon religion was a warrior religion where disciples were pushed to exceed limitations and become as the Gods. ²

Once the candidate was lead through the seven gates and received the seven initiations (opening of the seven chakras), it was possible for them to be received in the court of Shambhala. ³

Circulating Energy

This meditation is the most powerful. It is done by martial artists and advanced meditators. It enables the practitioner to feel, control, and direct energy.

Be patient. You more than likely will need 15 minutes to half an hour set aside for this to begin with. Again, everything is individual. In the beginning, for most people, the energy will be slow in coming and will move like molasses, but this varies according to one's development in past lives. Normally with repeated meditations, it will speed up and you will be able to direct it at will.

This exercise is more in FEELING, rather than in visualization.

1. Focus on your crown chakra. Just sit 3-4 minutes and meditate on this chakra. You may feel it as a sort of crawling sensation. This is normal. When one advances or on occasion, there is an intense feeling of bliss. You may also feel a pressure there.
2. Now, focus on your third eye. Meditate on your third eye for several minutes. Feeling a pressure here is normal.
3. Move your attention to your throat chakra and do the same as with the above two chakras.
4. Move your energy to your heart chakra and focus for a few minutes.
5. Focus now on your solar plexus and do the same.
6. Follow with your second/sacral chakra and do the same.
7. Now, focus on the area between your perineum. This is between the rectum and scrotum for men and between the rectum and vagina for women. This is a power spot. Visualize the energy glowing brightly like the sun here.
8. Move the energy to your base chakra and meditate for 3-4 minutes or so on your base chakra.
9. Now, direct the energy up your spine into your second chakra. (This is the second chakra located on your spine- with the first circulation, we focused on the chakras in the front, we are now directing the energy up the back).
10. Continue to do the same, directing the energy up into each chakra, one by one located in the spine, until you reach your crown.

11. This time, you can direct the energy without pausing, moving it along down the front of your body chakra by chakra until you stop again at the perineum and direct the energy up your spine.

Keep circulating the energy as long as you wish. This exercise will enable you to control and direct energy. This is the foundation of all power. You will establish a mind connection to where you are able to focus and the energy will follow. This can be used for healing, empowering or otherwise.

Meditation from Satan

This is the most blissful meditation I have ever done; it was a gift to me from Father Satan. This meditation stimulates the crown chakra and the pineal gland and it is a most beautiful natural high that lasts long after the meditation is performed.

Begin by "breathing" into your third eye. Do this several times in and out. (See the Foundation Meditation for how to do this if you are unfamiliar).

Inhale into your third eye deeply, all the way back into your 6th chakra. (The 6th chakra is behind the third eye and is located about half way from your third eye and the rear of your head).

Hold the inhale for a count of five. (You can hold longer if you are experienced in power breathing).

Now slowly exhale and when you exhale, visualize the energy from your inhale as bright light and flood the top part of your head with it. (Your brain area).

Do this for five to ten times. When you are finished, just relax and meditate on the beautiful energy. It is addicting.

HAIL SATAN!!

Meditation on Satan

Most of us have felt Father Satan's energy. His energy is strong and gives us a feeling of confidence and sometimes exhilaration. We can meditate on his energy and make it more powerful in our lives. By doing this, we grow much closer to Satan, forming a much stronger bond with him. Enter a trance state and feel his energy running through you. You can visualize his sigil or any of his symbols. You can also visualize his face if you have ever seen him. This is best done after a ritual when we invoke his energy.

Blue Light Meditation

Demonic energy is blue. Blue is also the color of relaxation. Close your eyes and relax until you can no longer feel your body (trance state). Breathe in the color blue and surround yourself with a blue light, then tune into a floating sensation. The blue light helps to achieve this. Just let go. This meditation can also take you to higher levels and other dimensions.

Invoking Colors

*This meditation requires the 'breathing' in of energy. You should have experience with the Foundation Meditation before performing this meditation.

Unfortunately, "white light" is overused by many Wiccan and New Age people who don't know what they are doing. These people use white light to the exclusion of all other colors, and as a result are not competent in working with colors. Because white contains *all* of the colors of the spectrum, they are taking in all of these colors and those they are unable to control or work with, are left on their own without direction. Each color represents a particular frequency of energy that most of us use in our daily lives. If one is not competent in the ability to handle each color, the white light often is unable to be used properly.

White light is easy enough to use and is great for beginners, but the problem is that it is overused. White light is great for cleaning one's aura and balancing energies. It is also great for protection.

White light, when placed around a person, becomes a barrier to interaction with others. This is because white light reflects. If you want to be left alone, then envelope yourself in white light. Filling yourself with white light on the inside strengthens and protects without becoming a barrier to others if you want social interaction.

When an individual is competent and has mastered all of the colors, he/she is able to use the white light to its fullest extent.

Here is more in depth information about the properties of colors:

Black:

Black absorbs, conceals, and creates confusion and chaos, new beginnings, knowledge of hidden things, the container of light, one of the most powerful of colors. Saturn rules black- self control, endurance, and patience. Black is also a good color to use to bring discord and confusion to enemies. It can be used also for protection, binding negative forces, breaking up obstacles and blocks, reversing and breaking up negative thoughtforms. Best when applied to others.

Blue:

Truth, wisdom, protection, inner peace, loyalty, occult power and expansion. Jupiter rules royal blue- Luck, expansion, abundance, long distance travel, higher education, legal matters, taxes, (use with green) investments, foundations, prosperity, and opportunity. The Color Meditation

Enter into a trance state.

Breathe in and fill yourself with each breath with a specific color of the spectrum, visualizing it as brighter and brighter each time (by brighter, I mean more intense) This meditation can also be done after meditating on a specific chakra. You can then fill yourself with the color of that chakra.

If you are new to color meditation, hold the color for two to four minutes. If the color feels pleasant, you can hold for a longer period of time. Those who are used to the energy of the colors can hold much longer. One's increased time should be comfortable and gradual.

Each color should be in its pure form and bright. Later on, it is fine to experiment with different shades when adept.

If a color feels negative to you, work with it gradually. Ask your mind for an answer as to why. What does the color mean to you? What associations do you have with a particular color? This is a great way to find out more about yourself. Which colors feel pleasant to you? These are the ones that you may be using the most in your life to the exclusion of others. Knowing this provides information as to which chakras need more work to bring them up to full power.

The most important objective of this meditation is to *feel* the colors. Spend some time with each color, getting into how it feels. Keep a written record in your book of shadows/black book.

In addition, you can meditate on the color outside of yourself to feel its energy. It is not necessary to always invoke the color, especially if you feel uncomfortable with certain colors. Remember, if something feels uncomfortable or negative, then stop. When you are finished with this meditation, clean your aura with white light as this will act to balance the all of the colors in your aura.

The benefits of this meditation are the ability to feel, direct, and apply color. Color energy is exceptionally powerful when used in magick. Each color has specific energies and acts to bring results unique to that energy.

Meditating on Chakra Sounds

By
Azazel

Each chakra has a standard sound. By meditating on these sounds and focusing on the specific chakra, this is one way of opening up your astral hearing.

- Base Chakra, the physical Level:
Sounds include thunder or a soft hissing. Red
- Sacral Chakra, the astral Level:
Roar like the ocean or the sound of wind. Orange
- Third chakra the level of will:
H-h-h-a-a-h-h-h sound (silent, like an exhale- no voice; long and continuous) or the sound of humming/vibration "aum." Yellow
- Heart Chakra, the intuitional Level:
Buzzing like a bee (bioelectricity) or the sound of a flute. Green
- Throat Chakra the mental Level:
Azazel gave me a sound. The best way I can describe it is like twisting a balloon. Humming can also be used. Blue
- 6th Chakra, the soul Level
The sound of woodwind instruments. Bluish violet (indigo)
- Crown Chakra, the blissful Level
Whisper or no sound- this is felt rather than heard. Violet

The above levels and sounds are guidelines only to get one started. Focus on a particular chakra, and imagine the corresponding sound as best you can. Try to feel it through your body and resonate on that plane. This meditation will open you to clairaudience.

Pineal Meditation

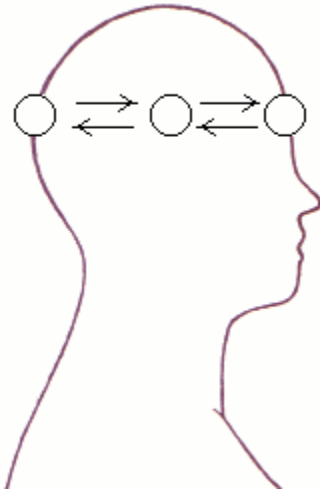

This meditation expands intuitiveness and creativity and helps to open one's mind to comprehend information much easier.

1. Relax and go into a trance state
2. Inhale and visualize white-gold energy entering through your third eye into your pineal gland.
3. Draw the energy in with each inhale, then brighten, and expand your pineal gland with the energy with each exhale.
4. The first few times you do this, affirm to yourself: "I am breathing in powerful white-gold energy that is safely stimulating my pineal gland."
5. When you are finished, feel the energy for a few minutes, and meditate on it. It should be very pleasurable.

This meditation activates and empowers the pineal gland. The pineal gland is the psychic powerhouse of the brain. White gold is the most powerful of all of the colors. It is the color of the Sun (666) and this is one of the reasons the original religions worshipped the Sun.

Ball of Light Meditation

The chakras are located along the spine, but they also extend to the front of our bodies, excluding the crown and the base. Each of the chakras, the second through the sixth has an opposite chakra in the front of the body along the abdomen. The sixth chakra has three. The rear sixth chakra located at the occipital in the back of the head, the middle sixth chakra is located between the third eye and the occipital sixth chakra.

To perform the meditation, visualize a small ball of bright light the size of a ping-pong ball and light up a chakra on your spine with it and pass it to the front chakra directly opposite it and light it up, then pass it back to the chakra on your spine. Keep passing it back and forth to each chakra, and then move up or down to the next chakra (whichever one you want to work with). The illustration on the left shows an example with the sixth chakra.

You can either visualize the ball as white-gold light or the color of the chakra you are working with.

You can also connect the crown to the base. I found the energy center located in the perineum to be especially powerful with this. Just pass it up and down.

Now another interesting thing one can do with this is to connect with another person and this greatly enhances telepathy. For example, passing the ball back and forth from their heart chakra to yours will tell you about the other person's emotional experiences and character.

To interrogate someone, pass the ball of light from your third eye to his/her third eye, back and forth.

Now, it is obvious you can, with experience invade others' privacy and this includes your own- just something to be aware of if you don't want anyone in your personal business. In that case, close down your chakras, if someone does this against your will.

Secreting Ectoplasm

Ectoplasm has many different astral uses. Extra-terrestrials use this in a much more potent form than humans do. This is the cloud that forms before many abductions, where there is a loss of time and memory. Ectoplasm can make one invisible and can also be used to kill with death rituals. After proficiency is achieved in producing this substance, one can will it to manifest in specific colors that are harmonious with the objective of the working.

The most common example of the use of ectoplasm is with mediums. The ectoplasm gives the evoked spirit something to manifest itself in. Ectoplasm can also add much more potency to creating a thoughtform.

How to secrete ectoplasm:

Ectoplasm is the substance we see with the clouds when scrying. This is a minor form of ectoplasm, but it will get you started.

Candle light is perfect for this exercise. Candle color here does not matter, so use whatever you have available.

If you have a black mirror, you will want to use this, but any other similar props will do. You can even use a regular mirror or a bowl of dark or black liquid.

1. Sit in a quiet dimly lit room.
2. Relax and go into a trance state. This does not have to be a deep trance, just enough so you are focused.
3. Look into the mirror or bowl of liquid and stare at one point. You should eventually see clouds form.
4. Concentrate on these clouds, willing them in a soft way to condense and thicken.
5. When you are consistently able to will the clouds to condense and thicken, gently and slowly take your eyes off the mirror. You should still be able to see the clouds in front of you. Try to focus on them for two to three minutes.
6. The goal is to secrete this substance and to manipulate it at will.
7. Blink your eyes, move your fingers and toes, and gently bring yourself back from the trance.

When you become proficient at secreting ectoplasm, will the ectoplasm into a ball shape. From there, work at making it thicker and form it into different shapes. This will take practice so be patient. After a time, you can will it into different colors for specific purposes.

Ascending Energy Meditation

By
Azazel

1. Lie down and begin by stimulating yourself to orgasm. Right at the point of the impending climax, visualize a fiery brilliant bright light at your perineum (the area between your rectum and testicles for men; or between the rectum and vagina for women).
2. Inhale and direct the energy from the orgasm while you are climaxing, up your spine. You should visualize this as a bright white-gold light.* Draw the energy up your spine to the crown chakra where it lights it up and empowers it, emerging from the top of your head and into your eighth gold chakra. Brighten your eighth gold chakra.
3. Expand your eighth chakra into a ball approximately two feet in diameter (60 cm).
4. Exhale and expand the energy from your eighth chakra and then direct it to descend down each side of your body, down through the bottoms of your feet and back up to your base chakra where you inhale it again.
5. Inhale and draw it in again at the base chakra, lighting it up and empowering it upon entering and then visualize it ascending your spine again and repeat the above steps 2-5. With each circulation, you can expand your aura with the energy.

The orgasm gets the energy going and you can keep circulating it for as long as you wish.

Always direct the energy up out your crown. The above pathway is the normal pathway for energy surrounding the aura.

*White-gold is the most powerful of the colors as it is of the sun. Satan has a gold aura.

Opening Blocked Chakras

There are several ways to open blocked chakras. It is best to do them all and be consistent. You can work this into your daily meditation program. Normally, there are three major knots. One at the base, one at the heart and one at the 6th chakra. Usually, our base chakra is open. A burning sensation or feeling of intense pressure in one of the chakras usually indicates the one above it is blocked. For example, some people experience a burning in the throat, which indicates the 6th chakra is blocked.

1. Using Energy through Your Hands

One way to unblock and empower a chakra is once you have a strong energy flow through your palm chakras and fingertips, you can apply this to your individual chakras. You should feel a tingling sensation and heat radiating from your palm chakras that indicates they are empowered and active.

Place your hand over whatever chakra you feel needs more energy and relax. Direct the energy from your palm chakra into the selected chakra for anywhere from 5-15 minutes. A warm or burning sensation in the chakra during and afterward, indicates the chakra is receiving the energy.

Doing this regularly will strengthen the selected chakra.

2. Chakra Breathing.

Inhale and breathe in color energy into the blocked chakra. The energy should be the same color as the chakra you are working on.

Hold your breath for a count of six and visualize your chakra opening. Most agree the best method is to visualize the bud of a flower blooming. Make sure you visualize the correct color.

Exhale, brighten, and expand the chakra

Inhale through your base chakra brilliant white-gold light and direct it up your spine and through the chakra you are trying to open and direct it out your crown.

Exhale and visualize your chakra bright with the white-gold energy and expand it.

Repeat the above exercise several times.

3. Sexual Orgasm

This is what the old alchemy texts implied. Just keep hitting it with orgasmic energy. Visualize a brilliant light ascending into and through the chakra. This works well to open a meditation.

4. Energy Breathing

Visualize this energy growing brighter and brighter and expanding with each exhale. Repeat several times. Eventually, the chakra will be strong enough to naturally take up energy on its own. Strong chakras can absorb energy. Weak chakras that are blocked are depleted and unable to attract and absorb energy on their own. Weak and blocked areas create diseases associated with the particular chakra and visa-versa- diseases create the weak chakra.

Choose one or more of the above exercises and do it/them daily until the problem is corrected.

The Aura

Everything has an aura, whether it is living or inanimate. The aura is an energy field created by the vibrating atoms and molecules that comprise all matter. The universe itself vibrates to a certain frequency and the gravity that holds everything together is electromagnetic in nature.

Everyone's aura is as unique as his or her own fingerprints. No two auras are alike. The aura can be used to protect, attract, influence, maim, or even kill. This field of bioelectricity surrounding living things can be programmed using the power of one's mind.

Those who are trained and have an active third eye can see auras clearly and discern much personal information just by reading the color, strength, size, and shape of one's aura.

To see your own aura, you should start out by going into a light trance state. You should have already opened your third eye.

Hold your hand out in front of you, preferably against a dark background. In the beginning, you should be able to see some faint lines surrounding your hand and fingers. The more you tune into this, like anything, (practice is what is needed here), the better you will become. The better you become at seeing your own aura, you soon will be able to see the auras of others, by just tuning in to them. Later on, you will be able to see colors, layers, and shapes.

Feeling auras is much easier than seeing them. Power meditation, when done consistently, increases one's sensitivity to energy. Manipulation of energy is essential in working spells and magick. To feel your aura, run one of your hands over the top of the other, or over your forearm. You should feel the energy. You can also practice feeling the auras of friends and family members if they are interested in letting you do so. This will develop your touch sensitivity.

To strengthen and build your aura, you must take in energy. This can be done through power meditation. The Energy Meditation is excellent for charging up your aura.

Hatha (physical) Yoga and Tai Chi also help to strengthen and build the aura. Both of these disciplines tend to balance the auric energies as well.

Cleaning your aura is very important. A clean healthy aura strengthens the immune system and prevents harmful energies from invading one's body. Nearly all harmful entities are invisible to the naked eye. Energies, as most physicists know, can be broken down into sub-atomic particles, for example, light can be broken down into photons. The energy radiated by a powerful aura will burn these harmful energies and entities up before they can do any harm.

Cleaning your aura (powerful white light) is imperative after any rituals involving the employment of black magick, throwing any curses, no matter how small,

spontaneously, or any exercise involving the use of negative or destructive energy. One's chakras should also be cleaned and empowered. This is done by putting a strong and intense white light on each chakra. This is needed to rid one's self of any residual negative energies that could otherwise do harm. This also prevents rebounding energies. Always take as much time as you need; never be in a hurry. Prevention is always better than having to deal with problems later on.

A powerful aura gives health, happiness, charisma, and energy. People with weak auras are usually in poor health and are depressed. Our personal energies act on our environments and direct our fate. People who have weak auras are usually prone to misfortune.

The aura can be programmed with power hypnosis. Read the page on power hypnosis to make maximum use of the following workings. Now, with dealing with the aura and subconscious mind, one must always be 100% clear on every aspect of what is desired. With love, we don't want one who is unavailable. With money, we don't want it to come to us through tragedy- this sort of thing. When working with the mind as in ceremonial magick, energy takes the quickest and easiest route to bring us the desired result and if not every aspect is covered, any undirected energy will seek out whatever is available. Color is especially important when programming the aura. Below are examples of how we can effectively program our auras to do things:

For example:

You want love in your life:

Visualize your aura while you are in a trance, the deeper the better. Breathe in energy and affirm several times in the present tense:

"My aura is attracting my perfect [love/sexual partner, soul mate, whatever].

Change the affirmation to suit your own individual needs. Affirm this with meaning, five- ten times while breathing in energy.

To attract the love/lust and or attentions of a specific person:

Affirm: I am programming my aura to attract and act on _____'s, aura.

He/she finds me very attractive and sexually irresistible.

You want/need protection:

Breathe in powerful white-gold light. With the inhale, breathe it in to meet in the middle of your body, packing it in brighter and brighter. With the exhale, keep expanding it. The energy should grow brighter and brighter.

Affirm: "My aura is very powerful and is protecting me at all times."

This a good exercise to be done on a regular basis, for building a strong, protective energy field.

You want to make a good impression:

A powerful aura will often influence others to grant you favors.

Affirm: "My aura is making a very positive impression on _____. " If this is a job interview, (the person(s) interviewing me tomorrow, whatever). The people hearing my presentation, the group etc. Always state this in the present tense. The subconscious mind does not understand the word "will" and "will" never comes.

For keeping unwanted individuals away:

Breathe in white light like the Sun. White light reflects and repels.

Affirm:

"My aura is repelling, [inspire fear/dread] in _____, and keeping _____ far away from me at all times."

To heal yourself:

A lot of energy is needed for healing. Breathing in energy from the Sun is excellent for empowering one's aura. The Sun also contains all of the colors of the chakras in their most pure and vibrant states. The Sun (666) is one of the most powerful sources of energy there is. When one is ill, there is an imbalance in the chakras ruling the body part/s that are injured or ill. To heal, you must work with both the color of the ruling chakra and its opposite to create a balance.

Breathe in the color of the energy of the chakra ruling the injured or ill body part and affirm:

"I am breathing in ___ (name of color) ___ energy that is balancing my ___chakra___ and healing my_____."

When you are finished, breathe in white energy to balance your aura.

The auras of others can also be worked with and programmed.

From reading the above, you should by now be getting the idea and able to improvise your own affirmations.

To protect loved ones:

Put a powerful white-gold light around the person. For more powerful workings, this is best done while in a deep trance.

Affirm: "I am placing a powerful protective aura around _____. This should be done regularly, and can be done while the loved one sleeps."

For inciting lust:

Put a powerful red or orange aura around the person.

Affirm:

"_____ is experiencing irresistible sexual obsession, desire/lust for me."

"_____ finds me sexually irresistible." You can masturbate using sex magick and drive the energy into the desired one's aura. This is best begun on a Sunday or Tuesday during a waxing Moon. Never do this when the Moon is in the celibate sign of Virgo, though.

For inciting love:

Put a powerful green aura around the person. Feel strong feelings of love as you program it.

Affirm:

"_____ is falling deeply and uncontrollably in love with me."

"_____ is obsessed with me", etc. You can also use sex magick here as with the working above. This is best begun on a Friday during a waxing Moon.

Healing others:

Visualize a powerful white-gold aura surrounding and glowing about the loved one. You should also use color energy (see the above paragraph on healing for one's self)

Affirm: "I am putting powerful healing energy into _____'s aura; this energy is effectively fighting the _____ and restoring him/her to perfect health." In cases of serious illness, this may have to be done often every day. Healing others can be extremely draining. If you are inexperienced, remote healing is best. Direct contact as with the hand chakras applying energy directly to the afflicted one can be dangerous. The illness can be absorbed into the healer. To do this type of direct work, one must have a powerful aura and work to clean it thoroughly after each healing session. Using the energy of the Sun is most effective here.

Black Magick and Killing

Killing:

This is best done while the offending party is asleep. Put a black aura around the person, as this will prepare his or her own aura to absorb the destructive energy. After doing this, you can vent your hatred. Be sure to visualize over and over again with feeling, exactly how you intend this person to die.

Affirm:

I am placing a powerful aura of destructive around _____ that is continuously working to kill him/her. This work is best begun on a Saturday or a Tuesday during a waning Moon. Be sure to clean your aura and chakras following each working.

To cause bad luck and/or harm:

If your own aura is powerful enough, just sitting and stewing about the person should be enough. I have found it is important to visualize repeatedly in a relaxed, but angry way a specific misfortune.

With all workings of black magick, the outcome depends on the strength of the auras involved. The aura of the victim *must* be weaker than that of the sorcerer. If the victim's aura is more powerful, the working could rebound as a more powerful aura naturally deflects negative energy. Some people just have naturally powerful auras. This can come from past lives. If an offending person naturally has a more powerful aura, you will be able to feel resistance. Take the time to build your own aura before doing any kind of this sort of working.

Chakra Breathing By Azazel

To perform this meditation, you should already be experienced with the Foundation Meditation.

Relax and enter into a trance state, then, instead of breathing in energy into your entire body as with the energy meditation, breathe in energy into each one of your chakras, for seven breaths each. Seven breaths is only a guideline; you can do more or less, but it is important to keep your chakras in balance. It is important not only to breathe in the energy, but also to visualize it.

You can breathe in white-gold energy (the most powerful) or the color energy of the chakra.

When you are finished breathing each of the chakras, breathe in energy through all of your seven chakras, front and back to meet in the middle.

After this, perform the Energy Meditation.

Tips:

This meditation can also be done on just one chakra that is lacking in energy or that is blocked. Just apply the breathing one or more times a day. The rest of the meditation is unnecessary if you are working on a specific weak chakra.

Azazel showed me the power of the sun. Most of us are familiar with drawing down energy from the moon and other planets. The sun is hundreds of times more powerful. The energy of the sun contains all of the colors of the spectrum in their purest forms. Performing this full meditation out of doors under the sun can give you incredible energy and is very healing. Just affirm "I am breathing in powerful white-gold (or whatever color) energy from the sun, into my _____ chakra." Repeat this several times and then visualize yourself absorbing the energy and brightening your chakras with it.

Meditations for Astral Projection

Astral projection is your soul actually leaving your body. This is different from remote viewing where you enter into a trance and will yourself to a specific location. The following two meditations are just basic guidelines.

Meditation 1

This meditation feels weird. Just make sure you seriously want to project, otherwise, any hesitation can keep you in your body. You have to be relaxed, both mentally and physically. The first few times are the most difficult. Like with anything else, consistent practice will make this easier, until you no longer have to even enter into a deep trance, but can project any time at will. Some people find projecting easier than others do, as they have done this in past lives.

- Get comfortable and go into a trance. When you are so relaxed you can no longer feel your body, you are ready.
- Visualize your astral body inside your physical body, being held there by your seven chakras. The chakras can be visualized like colored knobs.
- Take each spinning chakra, stop it from spinning, and give it a quarter turn in the reverse of the direction it was spinning, like turning a doorknob.
- Relax and let go and try to exit.

Meditation 2

This is more like a preparatory exercise. This one is not nearly as powerful as the one above, but less intense for those of you who would rather do this gradually.

- Lie down and relax, as above. Go into a trance. Relax to where you feel like you are floating.
- Now, lift your left astral arm up. Visualize this. You will need to imagine this, but energy follows where it is directed.
- Lift up your right astral arm and touch your face
- Touch both your astral hands together.
- Do the same thing with each leg and foot.
- Imagine your entire astral body floating above your physical body, or somewhere else in the room and concentrate on being there. Just lie there and focus on this for a while.
- Keep repeating this exercise often and eventually, astral projection will follow.

Aura Empowering Meditation

This meditation is excellent for extra energy when done regularly. It is quite powerful and builds over time. This meditation can also be done outside, drawing in energy from the Sun. This seriously amplifies the energy.

1. Enter into a trance state, the deeper the better and begin by cleaning your aura and chakras.
2. Breathe energy in for six breaths, visualizing a brilliant white-gold light surrounding your entire head, both inside and out, down to your neck. Then relax and focus on feeling and visualize this energy for around five minutes. This can be done while listening to music as this also helps with timing. After this, breathe in energy and charge up your crown, third eye and your sixth chakra behind your third eye by visualizing an even brighter light on each of these chakras.
3. Now, move to your neck and do the same. Breathe in energy for six breaths and charge up your throat chakra.
4. Move to your shoulders and charge them up as you did with the other chakras, breathing energy in for six breaths and then relaxing and focusing upon it for five minutes.
There are lesser chakras in all of the joints. Move down your arms and do the same with your elbows, then wrists. The elbows and wrists contain minor chakras as well and by charging up and empowering these; you open yourself up for a better energy flow. Now move down to your hands and visualize either white-gold balls of energy in your palms. Concentrate and relax on this bright light lighting up your arms and hands for several minutes.
5. Now, move to your torso, do the same, and charge up your heart, solar, sexual and base chakras with the brilliant energy. Concentrate for several minutes on this.
6. Now, move to your hips and charge up the chakras in your hips with the energy and then your thighs and knees. The knees contain small chakras as well. Move to your ankles, charge up the chakras there and then to your feet. Visualize two balls of brilliant white-gold light beneath your feet, like you did with your hands.

This exercise should not be done before bedtime as the energy can keep you awake.

For healing, after completing the above, just focus and place the light/energy onto the unhealthy body part for 10-15 minutes. Healing meditations must be done every day. Skipping a day or more can create a backlash with the disease or disorder.

Single Serpent Meditation

This meditation, like the serpent meditation, is very powerful and should only be practiced by those who are advanced meditators and have strong enough chakras. Azazel helped to revise this meditation with the addition of the extended serpent.

(Like the images from Ancient Egypt with the serpent emerging from the third eye demonstrate, the extended serpent is a psychic sensor that we can use. It can extend a lot farther than one or two feet. This meditation works to empower the sensor).

1. Sit with your spine straight
2. Focus on your base chakra, glowing with a powerful vibrant red-gold.
3. Visualize the serpent glowing with the brilliant light and power as well, lighting up the base chakra to white gold like the sun, and exiting the base chakra from the left side.
4. The serpent curves outwards to the left side of the body before it curves back to the right to enter the 2nd sacral chakra on the left side. When it enters the sacral chakra, visualize this chakra lighting up in orange-gold.
5. It emerges from the right side of the 2nd chakra, curving out and then back in to the left where it enters the 3rd solar plexus chakra from the right side, lighting it up to white-gold and empowering it.
6. Emerging on the left side of the 3rd chakra, it curves out and then back in to the right to the 4th heart chakra where it enters on the left side and lights it up with green-gold energy.
7. Emerging on the right side of the 4th chakra, arcing out and then back in to the left to enter the 5th throat chakra on the right side, lighting it up with bright blue energy and empowering it.
8. Emerging from the left of the throat chakra, the serpent again arcs out to the left, and then in to the right again where it enters the 6th chakra behind the 3rd eye from the left side. Light up this chakra with brilliant blue-violet energy, charging it and empowering it.
9. The serpent emerges from the front of the 6th chakra. It will take an alternative route. Visualize the serpent entering the 3rd eye from the rear and exiting from the front of the third eye. Extend the serpent about one foot beyond your third eye and try to feel the projection from your aura.

10. Retract the serpent back into your third eye and back into your 6th chakra, then begin the path of descending.
11. Direct the serpent to enter the right side of your throat chakra, lighting it up and it emerges from the left side of the throat chakra, arcing out and in again to enter the heart chakra on the left side, lighting it up.
12. It emerges from the heart chakra on the right side, arcing out, then in again to enter the solar plexus chakra on the right side, lighting it up and empowering it.
13. It then emerges on the left side of the solar chakra, arcing out and then in again to enter the sacral chakra on the left side, lighting it up and empowering it.
14. After lighting up the sacral chakra, it emerges through the right side and again arcs out and in again before it returns to the base chakra, entering it on the right side, lighting it up with brilliant light and energy. Spend a few moments meditating on your base chakra and empowering it with the brilliant light and energy.

This meditation can be repeated.

Twin Serpent Meditation

This meditation was given to a couple of JoS clergy members from Thoth and Azazel.

1. Relax and be completely comfortable. Clean your aura and chakras.
2. Visualize your base chakra lighting up into a brilliant glow. Then visualize a brilliant stream of light rising from this glowing chakra. The stream of light will then connect with your second chakra, lighting it up into a brilliant glow. Do this, connecting each chakra and lighting it up all the way to the crown. You may also want to connect your gold chakra above your head (this is optional).

3. Expand the stream of light into a staff. Visualize the pole spinning. Spin faster and faster. The staff should be glowing brilliantly. Now, command the pole to spin at the speed of light.

4. Focus at the base chakra again, glowing in a ball of brilliant light. From this base, two serpents will emerge. Each will move outwards in opposite directions, just like in the caduceus (shown above) and then turn back inwards to connect with each other at the second (sexual) chakra, lighting it up.

5. The serpents move back outwards again and then inwards to connect with the third (solar) chakra, lighting it up.

6. Moving back outwards, they then turn in at the heart chakra and do the same. Continue this all the way to the crown or 8th and 9th chakras.

7. Now, go back and spin the staff at the speed of light.

8. Now, return to the serpent if you wish to do another round and repeat.

Preliminary Meditations for Invoking the Elements

In order to really become adept, one must master the elements. This is also the message of the Mage card of the Tarot. You must be healthy to invoke the elements. For those of you who wish to go slowly, these preliminary meditations can help:

For Fire:

1. Sit quietly and relax.
2. Visualize a large bonfire. *Hear* the crackling and *feel* the heat, then *smell* the heat.
Do this for five minutes.

For Water:

1. Sit quietly and relax.
2. Visualize yourself wading in water. This can be a lake, the river or the ocean. *Feel* the water, *hear* the water and *smell* the water, like you are actually there.
Do this for five minutes.

For Earth:

1. Sit quietly and relax.
2. Visualize yourself walking barefoot on the earth. This is best if you can visualize yourself walking on soil in a farm field as this is very close to the element of earth. *Feel* the soil under your bare feet and *hear* and *feel* the light breeze through the air and *smell* the earth.
Do this for five minutes.

For Air:

1. Sit quietly and relax.
2. Visualize yourself walking against the wind. *Feel* the wind blow against your skin and the roar of the wind in your ears. *Smell* the fresh air as it blows against you. Feel each step walking into the wind.
Do this for five minutes.

Next Step for Fire:

1. Sit quietly and relax.

Visualize yourself walking through the desert. *Feel* the searing heat and the dry hot wind in the scorching environment. Feel the sand beneath your feet and your body growing hotter.

Do this exercise for three to four minutes and no longer.

Next Step for Water:

1. Sit quietly and relax.

Visualize yourself in a cold environment. Feel yourself getting cold. Feel the cold wind blow on your skin. For those of you who know snow (some brothers and sisters live in tropical environments, so not everyone has experienced snow), visualize yourself in snow and ice. Hear the crunching of the snow beneath your feet. For those of you who have never experienced snow- just visualize yourself in a cold environment and use all of your astral senses.

Do this exercise for three to four minutes and no longer.

What the above exercises do:

In addition to strengthening your astral senses, these exercises will introduce you to working with the four elements of earth, air, fire and water. By invoking these elements, we can strengthen ourselves to where we will be able to withstand incredible amounts of heat, cold and other extremes. Invoking and directing fire is a very important aspect of pyrokinesis. With invoking the fire element, we can keep warm or with the water element, cool if circumstances call for this.

Invocation of fire is how the Tibetan monks spent the nights of their initiation in the ice cold mountains, naked under in a wet sheet in a snow storm. In the morning, if the initiate passed, the sheet was warm and dry and the snow and ice were melted in the surrounding area.

Some 1920's-30's Satanic Lodges in Germany used the element of fire for assassination. The element when invoked and directed to the victim would make the victim's blood literally boil.

The air element, when invoked properly, produces levitation. Through invocation and proper direction of the elements, we can also influence the weather.

The foundation of advanced magick is through the control of the elements, this includes healing and all aspects of magick, white, black, and grey.

Merging Astral Consciousness

*When you are finished with merging with a human being or animal, be sure to clean your aura and chakras thoroughly as their thoughts or beliefs can rub off on you. Always choose a healthy being when you are new to this, be it a plant or a human being.

Meditation One

1. Choose an object, this can be a crystal, a table- anything in your room. Beginners should start with an object that is a single material, like a rock or playing dice.
2. Get comfortable and go into a trance state.
3. Look at the object in front of you for a minute or two and then close your eyes. Visualize the object.
4. Now enlarge the object so it is big enough for you to walk into in your mind and enter it.
5. Become one with the object and open your astral senses. What do you see, hear, smell, feel? Is it cold or warm inside? What sensations do you feel? If the object is on a table or hard surface, *feel* that surface.

Meditation Two:

Do the same as the above, only this time use a plant. This can be a tree or even a blade of grass. If you don't have any house-plants, you might want to do this exercise out of doors. It is important that the plant be alive.

With the plant exercise, *feel* the earth through the roots of the plant. How does this plant feel in relation to other plants around it if out of doors?

Meditation Three:

Now, do the same as the above, but this time merge with an animal. You can visualize this animal if you are not near any animals. If you have pets, then choose one of your pets and merge with your pet. See through his/her eyes, hear through his/her ears; feel the floor or ground beneath his/her feet. How does your pet's body feel? Is your pet warm? Cold? Hungry? What does your pet smell in the environment? Use his/her nose. What is in your pet's mind? Animals think in visions.

Meditation Four:

Now, do the above with a person you know. You can choose a different person each day. Think with their mind.

What the above exercises do:

Plenty. They are **very** important. When mastered, the above exercises will give you skills to

- Shapeshift
- Communicate with animals
- Plant thoughts in the minds of others and to even possess them
- Fix electrical equipment and appliances- you can find the problem by merging with the item.
- Pull thoughts out of the minds of others and obtain information
- Diagnose diseases in humans and animals
- Students can use this to merge with their teachers to find what questions will be posted on an important exam

Satanic Telepathic Communication

Father Satan showed me this technique.

To open telepathic communication between two people:

1. Open your third eye (you should have already performed the opening of the third eye foundation exercise).

To open your third eye, visualize a bright light about the size of a quarter, shining like the sun. This will activate your third eye.

2. Visualize the face of the person whom you wish to communicate with and open their third eye by visualizing it brightening, the same as you did with your own. In some cases, those who do not have their third eye open may be able to receive your messages, but for best results, both people should be fully open.

3. Extend your third eye serpent.

To extend the third eye serpent, visualize a bright thin tube-like extension projecting from your third eye.

4. Connect your serpent to the third eye of the one whom you wish to communicate with, brightening both third eyes with energy as well as the tube.

Telepathic communication should be established. Talk as you would in communicating with Demons. The other person should hear you and respond. This is not for newbies. You should already be experienced with communicating with Demons and able to discern real messages and communication from astral deception.

Reading the Thoughts of Others and Getting into Their Heads

1. Go into a trance
2. Invoke the element of ether/akasha
3. Concentrate on the *spirit* of the person you wish to read. Just tune in and the spirit should appear to you

I have found in this exercise, the spirit is the light body of the soul and in my own experience; it was just the shape of the individual, like the auric energy field filled with light. This is different from the astral body that mirrors the physical body, with the distinct head, eyes, features, and so forth. The spirit is only a body of light and in some individuals, it is darker. This has been my own personal experience with this technique and should only be used as a guide.

Fighting Back

One of the most important reasons we clean our auras is to get off all of the negative energy that we encounter on a daily basis. Much of this comes from others in our immediate environment. The workplace can be especially troublesome as well as the home for many. Negative people include those who forever whine and complain, but do nothing to try to alleviate their situations, those who are forever putting others down to make themselves feel better or to divert their attentions from their own personal worthlessness, those who blame everyone else for their woes, those who take out their anger and frustrations through abusing others and the list goes on and on.

Satanists do not take abuse.

There is a very simple meditation one who is experiencing the effects of another's negative output can do:

1. Clean your aura and chakras thoroughly, as you do not want to trap in any negative energy
2. Expand your consciousness to your aura and *feel* your aura
3. Relax and tune into your aura
4. Visualize your aura as an outline and protective barrier. The outline should be brilliant white light like the Sun because white light deflects everything.
5. State this affirmation: "My aura is powerfully and totally deflecting ___(name of offender)'s___ negative energy in every way and sending it directly back to him/her. "

This meditation should be done with intent and then repeated when you come into contact with the offensive asshole. Just visualize and feel your aura, same as above and repeat the affirmation a couple of times and watch the asshole's negativity destroy him/her.

No Satanist should ever have to put up with or take abuse. The average person absorbs the negative energy and suffers accordingly after the negativity has built up. The offending asshole benefits by venting hostility or negativity on others and often thrives on it. The people who unknowingly absorb the energy can suffer anything from depression to illness and get caught in a vortex of negative energy, while providing the asshole with a negative outlet. The above meditation puts a dead stop to this, but remember, it must be reinforced frequently.

In addition to the above, visualize the negative energy the offender is sending out, grey in color, and direct it right back to his/her aura, clinging to it. Remember to clean your aura afterwards.

Chakra Activity

Our chakras have hours where they are more active, every day. These correspond to the four cardinal points of the soul and the seven days of the week. Many of the old magickal texts mention these in the form of the planets. Each chakra corresponds to a specific planet and day of the week. The times of peak activity are important as we can use these times to meditate or work on a specific chakra or use the energies in rituals. The times listed in table below are of the 24-hour clock. For those of you who unfamiliar with this:

13:00= 1 pm	17:00= 5 pm	21:00= 9 pm
14:00= 2 pm	18:00= 6 pm	22:00= 10 pm

Chant and Vibration

The entire universe vibrates to the tune of a certain frequency. Everything is composed of vibrating molecules that are on tuned into a certain frequency. The world powers are aware of this, and certain departments of the government have experimented with these frequencies. Sounds we cannot normally hear can affect our thoughts moods and emotions, also our psychic and physical selves.

Our chakras are very sensitive to vibration, and specific chants relative to each chakra stimulate the chakra beyond visualizing and breathing techniques. With each chakra, the tone of the chant should get higher; beginning with the root chakra where the chanting is in low tone, (The crown chakra is soundless). Chanting does much in stimulating and opening the chakras.

Vibrating and chanting God names is also very powerful. We can chant the names of Satan and the Demons, visualizing their colors, and focusing on the attributes of the certain Demons, that we wish to obtain for ourselves. Sigil visualization is also very powerful. The Enochian Keys are very powerful when chanted in monotone during ritual.

Chanting brings more power to workings. Sound can break glass or turn one's insides into jello, killing them instantly; this is the power of sound. Chanting the name of a hated one in the correct tone while torturing a poppet, adds power to the working. Our minds, when trained, send out strong electrical impulses, vibrating waves of molecules into a thought form that is directed/sent during ritual through intense focus. Adding sound intensifies the thought form.

Bandhas

Most websites and books go into too much detail concerning the bandhas. The following is a basic summary:

The word "bandha means to "lock" or "bind." When the bandhas are applied during breathing exercises or when chanting, they act to amplify energy and/or direct it.

There are three main bandhas.

Two are the most powerful:
the "Moola bandha" and the Jalandahara bandha."

The Moola Bandhas also known as the "Root Lock." This is applied by contracting your anus.

The Jalandahara Bandhas also known as the "Chin Lock." This is applied by dropping the chin to the chest.

Both the Root and Chin Locks can be done at the same time after inhaling, while holding the breath. One should remain motionless while applying and holding the locks.

The third major lock is the "Uddiyana Bandha" also known as "The Abdominal Lift."

This is applied when holding an exhale, after exhaling completely. To exhale totally, when all of your air is out of your lungs, try humming and this will get the last of the breath out.

To apply the Abdominal Lift; lungs completely empty, suck in your abdomen and lift it up. This bandha should be applied as long as the exhale lasts.

Drawing in Energy

Once you are advanced, you will no longer have to “breathe” in energy. You can just direct it with your will, by using your mind. The easiest way to start out is by willing energy through the front of your body as you would by breathing with the energy meditation. The Energy Meditation, Pineal Meditation, and Chakra Breathing Meditation are excellent for training yourself to absorb energy using only your mind. Just focus and follow the meditation, but do not include the breathing in to draw in the energy. Just enter into a trance, breathe normally, and be relaxed.

Part I

The Elements

Invoking the Elements

Invoking the elements is very advanced and can be very dangerous. I am speaking from experience here. Many authors write from a theoretical and scholastic prospective and have not had the direct experience with certain meditations and psychic practices. I am going to give you *my* personal experiences with the meditations that follow. Remember- THESE ARE MY OWN DIRECT EXPERIENCES AND SOME OF WHAT I EXPERIENCED, YOU MAY OR MAY NOT AS WE ARE INDIVIDUALS, BUT THESE MEDITATIONS *ARE* HIGHLY EFFECTIVE, POWERFUL AND DANGEROUS.

If you:

- Are not physically and/or mentally healthy
- If you take *any* psychiatric medications or medications that affect your brain/nervous system
- If you suffer from High Blood Pressure
- If you have heat flashes from menopause
- If you suffer bouts of depression
- If you do not know yourself 100%
- If you are pregnant

I strongly encourage you to work at other meditations that are safer. Once you have overcome any problems mentioned above using safer meditations, you can proceed at a very slow pace if you think you are ready. Let me explain:

With invoking the elements, here are some examples of what can happen:

Invoking fire will make you hot. Depending on how many breaths you do (only seven and under are recommended for those who have not had experience with this element). Even with adepts, 20 breaths can be extreme. While you are doing the fire meditation for the first time, more than likely while you are doing it, you will feel little or nothing. DO NOT MAKE THE MISTAKE OF DOING ANY MORE BREATHS BECAUSE YOU MIGHT FEEL NOTHING! You will feel the effects hours later. The effects of invoking fire include a fever, feeling BURNING HOT after a warm glow/aura manifests, insomnia and since water is the opposite of fire, you can get a backlash of water and this can manifest in depression. These effects can last several hours to several days. Each one of us has imbalances of certain elements and invoking the elements can cause even more imbalance so it is also important to know your strengths and weaknesses in certain elements.

Invoking air can over stimulate the nervous system. Air can make you very irritable and oversensitive for a few hours to several days, depending on how much you take in.

I have always been a person of extremes and I am daring, so I have never put any limitations on myself with meditations, though I have always used common sense. Now, with invoking these elements over a period of time, we become

resistant to extremes of temperature, we can warm or cool our bodies at will and we can be adept at pyrokinesis, cryokinesis and other astral disciplines.

If you are planning to do the elemental meditations, I strongly encourage you to keep written entries in a black book or journal regarding how these exercises affect you. Mastering the elements is one of the highest forms of magick, while others play around with props. The elements are based upon the four corners and directions. They are the foundation of the universe when working magick. Invoking and directing the elements is used to empower sigils and talismans. Each ritual or working normally has an elemental theme. By making use of the elements, the power of any working is drastically amplified. Elemental magick is extremely advanced and powerful magick.

There are two ways of invoking the elements. One way is total invocation as I have done (no breathing them back out and the most dangerous) and the other way is easier is to breathe the element back out into the ether. You can work up from this.

Each one of us has strengths and weaknesses with certain elements. Nearly all of us have imbalances of the elements in our souls. The following meditations will correct these.

Several hours or a day after invoking an element, sit quietly and meditate on how you feel. How did you feel during the past 24 hours? It is important to be able to *feel* the elements in order to direct and control them.

To properly invoke, direct, and control the elements, you must be balanced in all of the elements. Most of us have imbalances. These can usually be seen in our astrology charts.

You must be honest with yourself and know yourself. The articles below in the advanced section reveal the elements in their pure form. Very few of us are imbalanced with just one element; usually there are two that are dominant. Look to the elements where most of the characteristics describe you. By balancing your elements, you will find healing physically, psychologically, at the soul level and mentally.

Fire is opposite Water and Air is opposite Earth. The opposite element is what is needed to fix the imbalance. It is important to be aware that invoking the lacking element can create a temporary backlash in the over-dominant element.

Fire

The Characteristics of Fire:

Self-centered, confident, enthusiastic, expressive, bold, subjective, expansive, out-going, extroverted, insensitivity to others, impulsive, impatient, creative, vain, extravagant, reckless, passionate, self-important, exhibitionist, courageous, adventuresome.

People who have pronounced fire often burn themselves out. They are often over-active, restless, and over concerned with making something happen in the world. There are often problems in dealing with others; they can be very insensitive and crude in their approach. Fire people are prone to inflammation, high blood pressure and can be labeled as "hot headed" as they normally have short tempers. Without the element of earth, people who are dominant in fire lack staying power.

A LACK OF FIRE: People who lack fire usually have low energy; they lack self-esteem, and self-confidence. There is a lack of spiritedness, lack of enthusiasm, aversion to challenges; there is apathy toward living, major problems take a long time to overcome with lingering psychological scars.

Fire alleviates mental depression and brings a love of life. Fire is the creative principle, the spark of life. Fire rules competition, athletics, action, courage, self-confidence, charisma, and pyrokinesis. Invoking and directing fire is the advanced aspect of pyrokinesis.

TO INVOKE FIRE, go into a light to medium trance and visualize yourself in the middle of a large sphere of fire. Now, do the energy breathing. Breathe in the fire from all sides of your body, front, back, top of your head and bottom of your feet. Imagine and feel yourself getting burning hot. Do this for seven breaths **AND ONLY SEVEN BREATHS! DO NOT DO ANY MORE! YOU CAN EVEN DO AS LITTLE AS 2 - 3 BREATHS, BUT NO MORE THAN SEVEN!**

You have two options for this exercise:

1. You can breathe the fire back out into the ether after each inhalation and even breath it out some more when you are finished with the seven breaths (This is the safest way) OR
2. You can retain the fire. With retention of the elements, you will progress faster, understand how each element feels, affects you, and increase your ability to handle each element, but remember- this is not for everyone. It is better to take things slower and use caution. Always remember to use common sense.

To be adept, one must master blowing (directing the exhale) the element out, as we will in following meditations. For example, blowing out the element of fire after you have invoked enough of it and your body can withstand high amounts of this element; you can raise the temperature of objects and even set them on fire,

using only your mind. Unlike the other method of pyrokinesis on this website, with the above, you can even be miles from your object.

Invoking fire will make you hot. Depending on how many breaths you do (only seven and under are recommended for those who have not had experience with this element). Even with adepts, 20 breaths can be extreme. While you are doing the fire meditation for the first time, more than likely while you are doing it, you will feel little or nothing. **DO NOT MAKE THE MISTAKE OF DOING ANY MORE BREATHS BECAUSE YOU MIGHT FEEL NOTHING!** More than likely, you will feel the effects hours later. The effects of invoking fire include a fever, feeling **BURNING HOT** after a warm glow/aura manifests, insomnia and since water is the opposite of fire, you can get a backlash of water and this can manifest in depression. These effects can last several hours to several days.

Earth

Characteristics of Earth:

People who are dominant in earth are sensual, materialistic, practical, and they hate anything that is unplanned. Earth gives patience, self-discipline, makes one dependable, reliable, and conventional. Earth people like tradition, and security is extremely important to them, they are cautious, deliberate, slow in forming opinions, and slow in everything they do. They are reserved, have limited imaginations, but they have exceptional endurance. They are practical, grounded, and levelheaded. They are hard working; they dislike change and they can be stuck in a routine for years without ever getting bored. They have a hard time adjusting to new situations and changes.

A LACK OF EARTH:

People who are lacking in earth are not attuned to the material/physical world, they are spaced-out, impractical, they can neglect their bodies, they are flighty, lack self-discipline, are ungrounded, often feel out of place, and have over-active imaginations. These people can forget to eat, rest, exercise and so forth. They have trouble with routine, endurance, scheduling and organizing their lives. A lack of earth brings a lack of stability along with an inability to finish things. They are here today and gone tomorrow. These people can overspend their money foolishly or gamble it away. They are irresponsible and live only for today. Earth is the material principle.

INVOKING EARTH:

To invoke the earth element, go into a light to medium trance and visualize yourself in the middle of a large sphere of heavy dense gravity. Now, do the energy breathing. Breathe in the earth from all sides of your body, front, back, top of your head and bottom of your feet. Imagine yourself getting heavier to where you are like lead and can no longer move- like you are buried under several feet of dirt. Feel the gravity of the earth pulling you. Do this for seven breaths AND ONLY SEVEN BREATHS! DO NOT DO ANY MORE! YOU CAN EVEN DO AS LITTLE AS 2-3 BREATHS, BUT NO MORE THAN SEVEN!

You have two options for this exercise:

1. You can breathe the earth element back out into the ether after each inhalation and even breathe it out some more when you are finished with the seven breaths (This is the safest way) OR
2. You can retain the earth. With retention of the elements, you will progress faster, understand how each element feels, affects you, and increase your ability to handle each element, but remember- this is not for everyone. It is better to take things slower and use caution. Always remember to use common sense. After some 12 - 24 hours, sit quietly and meditate a few minutes on how you feel after invoking the earth element.

Air

The Characteristics of Air:

People with the element of air prominent have the ability to be objective and detached, and unemotional. They are intellectual; enjoy spontaneity, easily bored, very talkative and communicative. Air is the most social of the elements. Air people are usually quick in their movements and speedy. They can be very impractical. Air lacks feeling and emotion. Air is pure intellect. Air people can adapt and adjust to situations easily. They can have an over-active mind, live in their head, and be Jack-Of-All-Trades, and master of none. Air lacks depth. The sayings "up in the air" "air headed", "cool headed" are relevant to air. An imbalance of too much air creates a lack of planning, makes one scatterbrained, nervousness, high-strung, and causes nervous exhaustion.

A LACK OF AIR makes one have a hard time detaching, as the tendency is to become too emotionally involved. People who lack air find themselves too involved with others. They can be overly emotional, have violent reactions, lash out, and have a very difficult time with being objective. They can have a hard time adjusting to new situations. The emotions often dominate in one who is lacking the air element. They can become obsessed. Air is the communicative, intellectual principle.

INVOKING AIR:

Sit quietly and go into a light to medium trance. Now, imagine yourself in the air. Feel the lightness and breathe in the air element. It is important to imagine yourself feeling lighter and lighter and airy. Imagine that your body is becoming lighter, as light as air itself to where you can no longer feel your body. Feel as if you are floating.

Do this for seven breaths AND ONLY SEVEN BREATHS! DO NOT DO ANY MORE! YOU CAN EVEN DO AS LITTLE AS 2-3 BREATHS, BUT NO MORE THAN SEVEN!

You have two options for this exercise:

1. You can breathe the air back out into the ether after each inhalation and even breath it out some more when you are finished with the seven breaths (This is the safest way) OR
2. You can retain the air. With retention of the elements, you will progress faster, understand how each element feels, affects you, and increase your ability to handle each element, but remember- this is not for everyone. It is better to take things slower and use caution. Always remember to use common sense.

After some 12 - 24 hours, sit quietly and meditate a few minutes on how you feel after invoking air.

The air element is used in rituals to incite chaos. Air can over-stimulate the nervous system until you get used to it so it is important to go slowly. Invoking air is used for levitation.

Water

Characteristics:

People who have dominant water are too in touch with feelings and emotions. They are psychic, and notice things others don't see, such as subtle nuances. Too much water creates irrational fears, compulsive desires, oversensitivity, feelings of being threatened. These people are very easily hurt and offended, they are impressionable, and their emotions can dominate them. Water is intuitive, over-reactive, fearful, timid, gives feelings of inner emptiness. and incites extremes of behavior. Water is compassionate, loyal, devoted, and sympathetic. Water is the emotional principle.

A LACK OF WATER:

People who are lacking in water are not in touch with their feelings. They have trouble in dealing with their own feelings as well as those of others. Cold, aloof, unfeeling, callous, they have little if any compassion towards others and have trouble in relationships due to a lack of an emotional rapport. These people are often total materialists who disregard the spiritual.

To invoke water, go into a light to medium trance and imagine that you are completely under water in a large pool or lake. The water should be still. Just relax. Breathe in the water from all sides of your body, front, back, top of your head and bottom of your feet. Imagine yourself getting ice cold. Do this for seven breaths **AND ONLY SEVEN BREATHS! DO NOT DO ANY MORE! YOU CAN EVEN DO AS LITTLE AS 2-3 BREATHS, BUT NO MORE THAN SEVEN!**

You have two options for this exercise:

1. You can breathe the water back out into the ether after each inhalation and even breath it out some more when you are finished with the seven breaths (This is the safest way) OR
2. You can retain the water. With retention of the elements, you will progress faster, understand how each element feels, affects you, and increase your ability to handle each element, but remember- this is not for everyone. It is better to take things slower and use caution. Always remember to use common sense.

After some 12 - 24 hours, sit quietly and meditate a few minutes on how you feel after invoking water.

The more advanced you become, the more you will feel the coldness of the water element. You should feel like a block of ice. Adepts are able to keep the body cold as ice even in the hottest of summer weather. The water element can incite depression, so it is important to go slowly. Water is used in rituals involving attraction.

Akasha/Quintessence

1. Go into a deep trance. Imagine that you are in the center of an unlimited space. This will feel like floating. There is no above or below or sideways. This unlimited space is filled with the finest energetic matter, the universal ether. Ether is colorless, but to our senses it appears to be of ultra-violet, near black-violet color, and this is the color in which we imagine the etheric matter.

2. Breathe in the akasha/ether, visualizing yourself surrounded by the black-violet energy as you would with energy breathing and fill your entire being with it for eleven breaths.

"In performing this exercise, you have to retain the feeling of being united to the entire infinite space. It is necessary to become acquainted with this unusual state of mind."

-- Franz Bardon [Initiation into Hermetics]

3. Meditate on the feeling you get from invoking this energy for 10-15 minutes.

The "5th element" also known as "aether," "ether," "quintessence," is extremely important. This element acts as a connection in working spells and magick. The aether is also a primer and medium, as it amplifies the other elements and given everything has an aura, the ether is what connects all living and inanimate objects. The aether will also make one 'invisible' in that it can act to conceal if programmed to do so. Everything on this earth is connected within an ocean of this element.

Condensing the Elements

1. Go into a light trance.
2. Breathe in the element of fire and upon the exhale, direct all of it to your base chakra, so it is concentrated.
3. Do this for five breaths.
4. Meditate upon and feel the heat in your base chakra.

If you feel uncomfortable doing this, you can substitute directing the water element into your sacral chakra. Do either one or the other.

What this does is to train you to concentrate and direct an element. This can also be done outside of your body and for advanced magick, you will need this skill. It must be taken slowly though. This is very advanced. The fire element will stimulate your kundalini. Directing the elements to specific parts of the body can also be used to heal. **NEVER DIRECT THE FIRE ELEMENT TO YOUR HEART OR YOUR BRAIN!!** This can be very dangerous and can cause permanent damage to these two very sensitive organs. For adepts, organs other than the brain or heart are usually able to handle condensed elements. The organs are not the chakras, as some have confused these in the e-groups. Breathing in elements into your chakras is fine.

Evoking the Elements

When your goals are personal and pertain to yourself, this is the time to invoke energy and project it from yourself.

Evoking energy is different. When spells are for others, it is important to evoke energy as energy that you project from yourself will establish a connection with the person you send it to. Both in cursing and healing, for obvious reasons, this is undesirable. The energy you use must be taken from the universe. It is very important to master both evocation and invocation of the elements in order to progress to advanced levels of ability.

Evoking Fire

Get into a trance and visualize you are in the middle of fire. Feel the heat and hear the hissing and crackling of the flames and feel the burning. Now, begin to collect and condense that fire into a sphere in front of you. Draw the fire element from all directions into the sphere in front of you. The more of the fire element you direct into the sphere, the more dense, material, and hotter it will become. You should feel the heat while you are doing this. The more you compress and condense the fire, the more the heat will grow. You should actually have the sensation of literally being in an oven.

Now dissolve the sphere of fire by visualizing it dissipating – the exact opposite of when you brought it together. Keep working at visualizing it dissipating, losing its strength, power, and heat, and eventually dissolving into nothing.

Evoking Air

Get into a trance and visualize you are in the middle of air, fill the entire room with it. Draw the air from all directions simultaneously into a sphere in front of you. Fill and pack the sphere with the air element. You should feel very light, as though you are floating.

When you are finished packing the air into the sphere, dissolve it as you did with the fire sphere.

Evoking Water

Get into a trance and visualize you are in the middle of an ocean or lake. Draw the water element from all directions. Feel the water at first as a cold vapor, the closer you draw it to your body, as you condense the water more and more, you should feel icy cold. Now, pack the water element into a sphere in front of you and then dissolve it, the same as you did with the fire and air. Let it evaporate away into nothingness.

Evoking Earth

Get into a trance and draw a gray mass, similar to clay, from all directions simultaneously. The closer you bring it to yourself, it becomes browner and browner, rich like soil and more dense. Fill the room entirely with the heavy mass of the earth element and visualize it compacting into a sphere. Feel the

heaviness and the gravity and its pressure on your body. When finished, dissolve it as you did with the other elements.

Evoke the element of fire again, but this time, have a glass of tepid water in front of you and draw the fire from all directions and condense it into the glass of water. It is best to use a clear glass with this exercise. Imagine the water getting hotter and hotter with the fire element.

If you are successful, the water will increase in temperature by a few degrees. When finished, you can taste the water and it should have an unusual taste to it if you were successful.

Later on, when you find you can raise the temperature of tepid water, then work with colder and colder water and practice the same.

The Chariot of RA and the Rotation of the Chi

The true meaning of the Chariot of Ra, which evolved into the Reidh Rune, is the rotation of the chi/bioelectricity. This also corresponds to the Chariot trump of the Tarot. This meditation is advanced. Demons gave this to me and it is of the Egyptian Kabalah.

1. Condense your chi into any one of your chakras. This works great when you can feel your chi, as at sometimes it is more amplified than at others. If you can't feel your chi, just do several rounds of energy breathing.
2. Circulate your condensed chi (which should be a small ball of intense light) to each of your chakras. For example, at the base of the spine, up the spine to the second and all the way up to the crown; drop the ball into your 6th chakra behind your third eye, down into the pineal gland if you wish, and then focus it forward to your third eye then drop it to your throat chakra in the front at your throat and then down to the front of your chest to your heart chakra, on down to your perennal chakra between your anus and genitals and then back to your base chakra. That completes one circuit.
3. The difference with this meditation is at each chakra where your chi is focused, vibrate RA. The vibrations should be felt in the chakra you are focusing on. This is correctly done by beginning the vibration with the English R, then switching to the rolled R.
EEERRRRRRRRR-RRRRRRRRRR-AAAAAHHHHHHHHHHHH The R's in the middle should be rolled.

Getting to where you can feel the vibrations in each chakra takes practice but will come in time.

Rotating the Elements

Rotating the elements is very advanced. One should already be adept with circulating energy through the chakras. This exercise begins the Magnum Opus. The Magnum Opus is the "Great Work." This is the finishing of Satan's work on humanity- reaching physical and spiritual perfection, equality with the Gods and immortality.

One of the most important steps in advanced meditation is to circulate the elements through each of the chakras. This is very advanced and is done after condensing the element into a chakra it rules, and then circulating it. Work on mastering each one. You should definitely FEEL the element- i.e., searing hot for fire, ice cold for water, heavy for earth, and light for air. Quintessence is warm to hot. This is very advanced and should only be attempted by experienced meditators.

This will provide an important foundation for more advanced works. The ancients used the seasons to facilitate their workings. This is a part of the four points. Summer is hot and meditating on and invoking the element of fire is easier for beginners. Just make sure you have a place to cool down. Spring is a good time to work with air, fall is great for earth, and winter is good for working with water, as it is cold.

The next step should be combining the elements, such as circulating water after circulating fire and then circulating quintessence. This is all very powerful.

The waxing and full moon acts to transform the fiery rays of the sun into the element of water. Energy from both the Sun and Moon should also be invoked and circulated.

For example- for rotating the element of fire:

1. Breathe in the element of fire into your entire body.
2. Condense the fire into a small ball inside your base chakra.
3. Now, direct that ball into your sacral chakra, then your solar chakra, your throat chakra, your third eye, your crown chakra and then down from your crown chakra into your 6th chakra behind your third eye and to the back of your head- through the rear sixth chakra and on down your spine at each chakra. Take your time with this, burning each of your chakras thoroughly. This is very empowering and cleansing.
4. When finished, either direct the fireball to your base chakra or expel it through your solar plexus chakra.

Do the same with the other elements, including the quintessence. Doing this with the chi or pineal secretions is also very powerful AND pleasurable. In the beginning, you should only work with and master one element per meditation session. Fire can also be invoked from the sun- the hotter the sun, the better.

Breath of Fire

Fire is the key element to empowering the soul. It is next to the life force and the spark of life symbolized by the Satanic Lightning Bolt. Those of you who are transforming your souls should keep your astral temperature warm. By this, I do not mean scorching hot, but warm. This is like an incubator and acts to create necessary changes in the life force, the soul, and the aura.

In addition to invoking fire, what is known as the yogic “Bellow’s Breath” this method of breathing can be used when invoking fire to amplify the effects. Spiritual alchemists were known as “puffers” and in many old paintings, we see the bellows near the fire, along with many funnel shaped flasks and such symbolizing the chakras. This is also symbolized by the beak of the Ibis of Thoth. Instead of just breathing in energy, as with the foundation meditation, use the bellow’s breath to invoke the fire element. THIS IS NOT FOR NEWBIES AND IS EXTREMELY ADVANCED.

BELLOW’S BREATH: THE BREATH OF FIRE.

Contract your abdominal muscles, forcefully, creating an exhale, by sucking your stomach in real hard and fast. Immediately relax and air will enter the top part of your lungs by itself. Practice a few times, get a feel for it and do 20 in a row, in and out, using your abdominal muscles in rapid succession After 20, exhale, inhale and fill your lungs, contract your anus, lower your chin to your chest, exhale and repeat 3 - 5 times.

More Information about the Elements

Opposed to the plethora of warnings in the older meditation texts, one should gradually build their tolerance to the elements. We have found these warnings to have no more credibility than the "three-fold" crap. Some of us, myself included, have breathed in fire for well over 100 breaths, BUT, we worked up to this level patiently over a period of time. In order to perform fire magick with formidable intensity, one must be able to hold the fire element in large amounts and have a tolerance for it. The same goes for the other elements. One who can hold their fire element is capable of totally incinerating a victim of a black magick spell, who has no tolerance to this element. This comes in time.

The Akasha/Ether/Quintessence we have found is a primer. Quintessence intensifies any working. This element is closely related to fire and when working with it on a daily basis, one will find the body temperature rises. The rise in body temperature seems to be lasting. When willing something to be, it can be imprinted in the quintessence, making it much more powerful. In absorbing the quintessence, which is ultra-violet light, one way is to visualize a "black light" which was popular in the 1970's to make posters glow. The color of the black light is the color of the quintessence.

More information regarding the elements and their specific uses is forthcoming. Check the main meditation page for updates.

Part II

Advanced Meditations

Expanding the Sushumna

The sushumna is the line the kundalini travels up the spine. It is very small in diameter. Tibetan monks would be tested for initiation by stripping down naked, wrapping themselves in a wet sheet, and spending the night in the freezing mountains, sitting in the snow. In the morning, if the initiate passed the test, the sheet would be bone dry and several feet of snow around the monk would be melted.

Expanding the sushumna is used to raise body temperature and create heat. This power can also be applied to pyrokinesis (setting objects on fire with the power of the mind).

While in a trance, visualize the sushumna expanding to the spine in either a red-hot or a white-hot glowing light. Focus on this for several minutes and from there, expand it beyond the spine, again, focus for several minutes, and then expand it two inches beyond the spine. Keep expanding until you are several feet or more beyond your physical body.

This meditation produces a lot of heat, especially when done regularly. When practiced on a frequent basis, one can expect a rise in body temperature.

Telekinesis

Telekinesis is the ability of the mind to move objects, through concentration. This is very advanced and you will need a very powerful aura. We all have this ability, but due to centuries of Christian generational suppression of the powers of the mind, this part of our brain is now dormant. Like learning a gymnastics maneuver, with getting the *feel* for it and using it, it will become easier and easier with time, dedication and patience.

Everything on this Earth contains an energy field or aura, even inanimate objects. With performing telekinesis, you must connect your aura with aura of the object you intend to move. The strength of your aura will determine your success.

The following exercises help in developing telekinesis. You should be experienced with energy manipulation and have powerful hand chakras. In order to work up to this, the foundation meditation, and the hand chakra meditation should be mastered.

This exercise is best done after power meditation when your aura is strong.

1. To begin, suspend a pendulum in front of you. This can be any object from a small pencil or a light ball, like a ping-pong ball. Anything small, light, and even will work. It must be in front of you, preferably over a table, where you can relax and sit. Hang the pendulum, so nothing is touching it or coming into physical contact with it and so it can move easily and freely.
2. Place your hands about an inch on each side of the pendulum, palms facing the pendulum and direct energy through your palm chakras into the pendulum.
3. Now, try pushing and pulling using your will through the energy. You will see your aura pushing and pulling the object. One hand pushes energy and the other hand pulls energy. Visualize your aura connecting with the aura of the pendulum. Do not move your hands.

When you are able to move the pendulum, place your hands farther and farther apart.

The next step is to move the pendulum using the energy from your fingertips. At first, try to pull it with the energy from your fingertips.

The key is to keep distancing yourself from the object. The next step, which is extremely advanced, is to begin using the powers of your third eye and move objects by connecting your aura with that of the object and willing them to move.

Do not get frustrated. This takes intense concentration, a strong mind and aura, but with enough patience and practice, the time you succeed in moving the object will become shorter and shorter. When you learn to use this area of your brain and strengthen it (it will become easier and easier), the first few times are

the most difficult. It may take several sessions, sometimes even weeks, but it is not impossible.

Here are some practical tips:

Here are some tips:

It definitely helps to be able to see auras. When we open our third eye, this gives us the ability, but we must learn to use this ability to see. This is analogous to athletics. If one has the strength and flexibility, the potential is there, all one needs to do is the movement to get the feel and to train the movement into muscle memory. It is the same with the mind.

Start out with light objects. Gemstones such as quartz crystals are great, provided they are small and light. These have a strong aura of their own.

Telekinesis is best attempted after power meditation when one's energy is most radiant.

Telekinesis like any other skill should be worked on daily until mastered. Heavier and heavier objects can replace the lighter ones as proficiency is achieved. I have had success with the above method.

Pyrokinesis

Pyrokinesis is the ability to control, ignite, and extinguish fire, using the powers of one's mind. One should be adept at invoking and fire element and being able to hold significant amounts of this element.

This is dangerous. One should be adept and very experienced in handling and directing energy, as inexperience can cause dangerous burns to yourself, even though you may have a powerful aura. An exceptionally powerful aura is necessary for pyrokinetic ability.

1. Begin by lighting a candle.
2. In order to do this safely, you should be adept at putting fires out before igniting them. Position both of your hands, palms facing inward about half an inch from each side of the candle flame and direct your energy into the flame, willing it to die out. This is extremely advanced and you must have a powerful aura. Try concentrating on black energy between your palms where the flame should be.
3. To ignite a flame: invoke the element of fire and direct the energy you produce to your palm chakras by exhaling it through your palms.
4. Blow out the candle. Position both of your hands, palms facing inward about half an inch from each side of the candlewick, which should be an ember.
5. Direct energy from your palm chakras and concentrate intense heat on the ember, willing it to ignite. Try concentrating on white-hot energy, between your palms. The ember, with practice will begin to glow brighter and eventually, will ignite.
6. Put out the flame, concentrate the energy between your palms on the ember of the wick, and direct it to ignite the flame again. With enough palm chakra energy and concentration, it will relight.

As you advance, move your palms farther and farther apart.

When you are proficient with your palms 2 - 3 feet apart, concentrate on lighting the wick of the candle without the ember. Ignite the cold wick. In addition to using the energy from your palm chakras, you are using the powers from your third eye. The third eye has a direct line of energy to the physical eyes where the energy projects. Once you are adept at the above exercise, try using less and less of your hands. Again, it is important to put fires out before learning to ignite them.

Expand your aura to connect with the candle flame. The candle should be a foot or less in front of you. Connect your aura and put out the flame.

Once you are adept, do the same and ignite the ember.

When you are able to use only your aura to light the candle flame, expand your aura to connect with an object a foot or less in front of you and project the heat as you did with your palms. As you progress, keep moving the object farther and farther away.

Instead of just doing void meditation, the above exercises can be substituted as they require intense, unwavering concentration.

Advanced Chakra Spinning

When spinning your chakras, say to yourself for each one "speed of light." Then spin them faster and faster until they turn white with energy and power like the sun. Do this with each one. This really helps replace lost energy.

This speed will set your vibration at a higher level. When our chakras vibrate at a faster rate, they protect us from misfortune and disease. It also opens us to the astral and protects us astrally as well as in the physical world. Remember, though, energy work must be done every day as each day builds on the day before and until a strong energy field is permanently established, short term benefits can be lost or harder to restore.

Spinning Energy Fields Meditation

1. Clean your aura and chakras
2. Sense your aura. Breathe in white-gold* energy into your aura.
3. Condense the energy and spin it. (Spin it whichever way you feel comfortable)
4. Now, program it to attract, protect you or repel- whatever your intent is: For example- for protection: "This powerful energy is combined with my aura, is always intact, and is always protecting me in every way"
5. Feel it spinning. This is a pulsating feeling. Now, affirm: "This protective energy shield is permanent and feeds off of and replenishes itself from the universal light energy.
6. Take more time to sense the shield and really feel it.
7. Now, sense your astral body. This is your ghost- the astral image that is transparent and looks like your physical body and repeat the above steps 2-6.
8. Join both shields together and meditate on both.
9. Sense your light body and repeat steps 2-6 and 8. Join all three shields together and spin them.

You may have to repeat this several times or if you feel the field weakening. It should be strong and vibrant.

*The white-gold is standard. Feel free to work with different colors specific to your goals.

Satanic Healing

Several years ago, Father Satan spoke with me concerning healing. I had a problem and he told me at that time "You are not strong enough." I had a heavy radio setting beside me and he stated an example "Try moving that radio using a sheet of paper." Obviously the paper would have crumpled.

To effectively heal, your soul must have power. This is accomplished through consistent power meditation.

Once your soul is powerful enough, healing comes much easier.

Before I go on, I want to state that anyone who is under a doctor's care or taking medication **SHOULD NOT** stop taking ANY medication prescribed or forego medical treatment, antibiotics, etc., until given a medical clearance by a licensed physician. We are not xians! Antibiotics and such **SAVE LIVES!**

I, myself am very grateful for modern medical technology. The ability to heal using your own powers is very advanced and takes experience. If you do not like the advice of one doctor, then get a second opinion from another doctor, but do not just go about psychic healing and deny yourself or others in your care, such as children or animals, proper and prompt professional medical treatment. Never stop taking any medication, or alter prescribed doses unless given the ok by your doctor.

To heal yourself, you should already have experience in working magick.

1. Make sure your chakras are properly aligned. This ensures that needed energy is getting to them. Disease usually manifests in the soul/astral body before symptoms occur in the physical body. This is almost always due to poor energy/chi circulation to the organ/s or a cut-off of a pathway due to an accident, or injury.
2. You should begin by cleaning the diseased part as you would clean your aura. Cleaning the diseased part should be done several times every day immediately before applying the healing energy.
3. The foundation of healing for most problems is to raise and direct energy and keep sending it to the afflicted organ, while programming it. When you **FEEL** your energy strongly, just direct it to the diseased/afflicted part of your body. Throughout the day, you can also keep directing your energy and visualize the white-gold light, lighting up the organ and state your affirmation. This can be done lightly, in addition to the more formal working in step 2.
4. Step two needs to be repeated several times every day, until healing is complete.
5. Healing can also be done using Runes. Vibration is exceptionally powerful in both raising and empowering energy.

6. You have to KNOW it is working and not have any doubts. In other words, have faith in your ability.

7. Always remember to keep your affirmations in the present tense.

"The__(disease)__ is leaving my body (or diseased organ), completely and permanently. My_____ is strong, healthy and normal in every way."

8. Be open. Many times the working will lead us to certain foods or what we need in order to heal health problems. This can come in different ways.

To heal a loved one, direct white-gold brilliant light like the Sun into him/her and program it.

The foundation and objective of Spiritual Satanism is knowledge and applying that knowledge by using our own powers. I had a situation some time ago, with a pet who had a life threatening disorder that occurred all of a sudden. At the time, I had no money for a vet. Father Satan came to me. He stood behind me and placed both of his hands on my shoulders and told me to "breathe" energy into her. I visualized the energy as the white-gold light and lit her up with it, as brilliant as the Sun and stated an affirmation "_____ is healthy, safe, and protected in every way."

I did this twenty times. Father Satan told me, NO, do it 200 times. He also told me she would need to have surgery and he would get me the money. I started to cry. He told me not to cry, as this was a lack of faith.

The energy I put into her stabilized her. I had to do it again and shortly thereafter, I had the money for the surgery, which was very expensive. She got the surgery and she is now fine.

How to Detach Unwanted People/Entities from Your Aura

People in our lives, especially those of whom we have emotions for - either positive or negative, are attached to our aura. Normally, we are attached at the chakras. These attachments can last for many lifetimes. They are most common in family members and those who are close to us.

There is another kind of attachment and that is what is called "psychic vampirism." Psychic vampirism is when another person attaches him/herself astrally to your soul and the relationship is of detriment. He/she usually attaches at one or more of your chakras and drains your energy. In all close relationships, there is a mutual soul attachment for better or worse. In the case of a psychic vampire, the relationship is analogous to that of a parasite and a host. A psychic vampire does not even have to be involved in a relationship, as it is natural for his/her aura to feed off of the auras of others.

There are symptoms of psychic attachment, the most pronounced are thoughts and/or feelings that are not your own. Your energy eventually becomes depleted, especially when you are around the psychic vampire. Whether they are physically near to you or at a distance, once a psychic vampire has attached him/herself to your aura, they can drain you. Psychic vampires are rarely strangers. In many cases, this can even be a family member. A good example is with love/sexual relationships. Following a break up, one party may not want to let go. Another case is that with obsession. Obsession is a bit different as the obsessed person is actually *giving* energy to the object of his/her obsession. This is where a psychic vampire enters into an ideal situation. There is a constant and willing supply of energy from the obsessed individual that the vampire benefits from.

In almost all cases of psychic vampirism, there is a weakness on the part of the host person. This weakness is usually of an emotional nature. The parasite/host relationship often satisfying an unfulfilled need for one or both of the individuals involved. The attaching person's energy feeds off this. In ridding ourselves of this influence, we must acknowledge that a problem exists and WANT to let go. If the host subconsciously does not want to let go, this exercise will be useless.

To remove an unwanted person from your aura:

1. During the cycle of a waning moon, (a few days after the full moon; and a few days before the new moon) find a quiet place where you will not be disturbed.
2. Relax and enter into a deep trance, for this working, the deeper the trance, the better. Now ask your mind to reveal anyone who has an inappropriate tie. (You can also ask your mind this before you fall asleep at another time, and this will be revealed in a dream). (If you know who it is beforehand, you can visualize them). If there are several, then work with one person at a time. This working can be time consuming. It is best to work with one person per session. You should allow yourself a few days in-between sessions ideally so your aura can adjust and your

energies can rebound. Depending upon the strength of the bond, the working may have to be repeated.

3. Ask your mind where the connection(s) is. You may find that a mutual connection exists, where there are two or more attachments at the chakras. Take as much time as you need, using an astral knife, cutter, laser, or whatever you are comfortable working with, and dislodge the connections completely on both sides.

4. Place the connections in a pile as you work. Your will must be strong here, as the other person may not want to let go. Seal the areas on your aura where these connections were attached with healing light/energy, white/gold is the most powerful, but use whatever color you are comfortable with, as we are all individuals. You don't want any injuries or holes left in your aura.

5. If you care for the other person, you can heal and seal his/her holes made by the detachments.

6. Invoke the element of fire and build an astral fire with this, by directing it, and burn all of the detachment strands.

When you are finished, clean your aura.

When you are ready, open your eyes, get up slowly and move around, do something physical- eat, exercise, or whatever to ground yourself.

Freeing the Soul

With knowledge and power, one can supersede so-called "karma." We are all well aware of reincarnation, many of the people in your life, for good or ill, you have known before, especially family members. These relationships can last many lifetimes. Some of them have a negative effect on us and are destructive to our growth and wellbeing. The same negative relationship is repeated over and over, back and forth, in different ways, times and bodies.

The good news is, with the proper knowledge and taking appropriate action using this knowledge, we can remove these negative people from our lives; thus setting ourselves and the offending ones free from the control of the evil will of malignant powers.

To begin, enter into a trance and go back through your lifetime, as early as you can remember. Write down the persons involved in every negative/destructive relationship you have ever experienced in your life. Leave the positive/beneficial relationships out of this, as these are people we want to continue with.

Negative people can include parents and in many cases, siblings, relatives, schoolteachers, former friends, enemies, spouses, lovers, and/or people who have used you or harmed you in any lasting way, either physically or psychologically. Family relationships are the most powerful, this includes spouses and significant others.

Take your time with this exercise. You can always go back and add more names to the list as old memories surface. Negative karmic relationships are something we need to cut from our lives. Remember when you judge each relationship, that no relationship is perfect.

The most negative relationships will be obvious and you can soon go to work on them. If there is any serious repressed anger that cannot be dealt with, outside of retribution, then perform the appropriate revenge ritual(s). Get it over with in the here and now and be sure to vent everything. This will act as a cathartic and is very therapeutic. You will then be able to heal emotionally and psychologically.

It is best to perform the working during a waning Moon. The Moon should *NOT* be in the signs of Cancer, or Libra, nor should it be void of course.

Others attach themselves to your soul via strands resembling those with astral projection. They are NOT all "silver," as most popular books lead people to believe. I have seen gold and bronze colored strands and there may be even more colors, so assume nothing. Perform the Detaching exercise to remove these ties.

Make good and sure, the other person (as well as yourself) is completely sealed off when you remove the attachment. Don't try to do more than one person per session. Start with the worst individuals, living or deceased. If you don't know

whether they are dead or alive, it doesn't matter. When you are finished, clean your aura.

Different people are best dealt with each with different sessions. At the end, you should feel lighter, freer and at peace. Thank Father Satan at the end of each session. He is the one who brings us the knowledge we need to be free.

Meditation on the Spirit

The properties of the spirit in correspondence to the elements are as follows: the will is of the fire element, the intellect and memory are of air, all aspects of feeling are of the water element, and all aspects of consciousness that connect the three elements is of the earth element.

1. Go into a trance and focus inward into your own spirit, try to be aware of and feel your spirit/astral body and meditate on it.
2. Meditate on each aspect of the above mentioned elements in correspondence to the parts of your spirit.

What this exercise does:

This exercise is important as it hones each aspect of your soul to work magick. It will enable you to influence these aspects within yourself and also when you master them, within others. You will eventually, with practice learn to strengthen or eliminate them.

Kundalini Meditation

The following is very effective in stimulating the kundalini serpent. For obvious reasons, people who are new and/or those who do not have several years of meditation behind them should NOT attempt this. It is my job to reveal spiritual knowledge- no withholding of any information. Please take the warning seriously as prematurely raising the serpent can be dangerous and extremely unpleasant.

I posted earlier regarding the philosopher's stone and condensing the chi/witch power/bioelectricity. This works best when you can feel yourself glowing with it. People who are experienced should have no problem in feeling their witch power whenever they choose to do so.

Take the energy, condense it, and move it to the base chakra.

Now, move to and focus the energy BENEATH the base chakra DIRECTLY on the coiled serpent. FEEL it and meditate on it there, holding it there.

Be prepared for aftereffects. It is VERY IMPORTANT to keep directing your kundalini upwards and out your crown chakra. You do not want it pooling in your legs, which this meditation can have a tendency to do. Again, this is very advanced and should only be attempted by experienced meditators. Kundalini that goes down, instead of upwards, is extremely dangerous and can cause paralysis.

Splitting the Soul

These meditations are extremely advanced and can be dangerous to newbies. One should be experienced in meditation, energy manipulation, invoking the elements and in understanding of what he/she is doing on the astral level. To begin with any of these meditations, one must be thoroughly relaxed. Being disturbed by others, loud noises, the phone ringing, visitors or anything else, including being touched by animals can be dangerous.

Meditating upon the Aura:

1. To sense and feel your aura: expand your awareness out past your physical self a few inches and sense your aura's energy.
2. FEEL your aura and meditate upon it for a few minutes.
3. Expand and contract your aura.
4. Breathe energy into and out of your aura.
5. If you feel you are ready, you can invoke each of the elements into your aura. These should be done slowly, no more than seven breaths to begin with. It is best to only go with one element per day.
6. Meditate on the feeling of each element after invoking into your aura.
7. If you feel uncomfortable, just breathe the element back out.

Meditating upon your Astral Body (This is your Ka; your ethereal double-your ghost:

1. Focus inward upon your awareness. This is your astral body.
2. Wherever you focus your attention, this is your astral body. When we expand our awareness, we expand this aspect of our soul.
3. Meditate on being aware of your astral body.

Meditating upon the Light Body:

1. The light body can be felt by expanding your awareness to the energy within your body. This can be felt.
2. FEEL your light body and meditate upon this.
3. Breathe in energy into and out of your light body.

Part III

Advanced Empowering of the Chakras

Opening the Watchtowers

The three "knot" chakras referred to in Sanskrit are the base, the heart (the major knot chakra) and the sixth, behind the third eye - The heart with the side extensions in the shoulder chakras, the base with extensions in the hip chakras and the sixth with extensions in the temple chakras. These three differ from the others in that they hold more power and are in the shape of equal armed crosses, with the heart being the most powerful of the three. This can be seen blatantly in Barbatos' Sigil at left.

This is also where the fictitious tale of the crucifixion of that foul nazarene was stolen from- this CONCEPT. The nazarene being in the middle of the two. The more we learn of the occult, it is beyond any doubt that xianity is nothing more than a hoax and completely false in every respect.

I have learned from Satan that the Enochian Watchtowers, the three knots and the esoteric teachings in the Necronomicon are all allegories. The enemy deludes humanity by leading us to believe all of this is material, characters, places, and such, when in the truth it is all spiritual. The true spiritual path leads us to the godhead where we attain our goals, desires and become masters of our own destinies.

Set's Sigil also depicts the three. Note how the crosses flare out at the ends, depicting the chakras. To fully empower these three chakras one must vibrate all four of them plus the fifth in the middle, taking turns at each one and this is where the swastika came from originally as the swastika is the shape of energy.

Opening these centers will further open your mind and powers. Once all three centers are fully opened, one will reach a new spiritual level of knowledge and understanding.

Do your best to feel each of the vibrations in the chakra you are working on. Just focus intensely. This is difficult, but just do the best you can.

Each of these meditations is very powerful and only one chakra should be done at a time with a 48-hour waiting period before proceeding to the next. A sensation of pressure or aching indicates you were successful in opening these points.

Opening the Watchtowers of the Third Knot

Top of the Head View of the Chakras

The diagram above illustrates from a view looking down at upon the top of the head. Note the four quarters. Within these are the four watchtowers of the sixth chakra. The sixth chakra behind the third eye in the middle is the center, which is of the quintessence.

1. Begin with the third eye in the front. Breathe in energy into your third eye until your lungs are comfortably full and on the exhale, vibrate "THOTH"
"TH - TH - TH - TH - OH - OH - OH - OH - TH - TH - TH - TH - TH"
This is done by vibrating the TH and OH at the same time as when you first opened your third eye. When you breathe in energy, visualize each chakra the correct way it should be aligned (points facing inwards) and light it up with the energy.
2. Repeat the steps given in number 1 now with your left temple chakra
3. Repeat the steps given in number one with your rear chakra at the back of your head, directly behind the sixth chakra
4. Do the same with your right temple chakra
5. Now do the same with your sixth chakra in the center of your head directly behind the third eye.
6. Repeat steps 1 – 6, seven times.

Opening the Watchtowers of the Second Knot

1. Begin with the heart chakra extension in the front of your chest. Breathe in energy into this chakra until your lungs are comfortably full and on the exhale, vibrate "AMON"

"AH - AH - AH – AH - M - M - M - M - UH - UH - N - N -N – N"

When you breathe in energy, visualize each chakra the correct way it should be aligned (points facing inwards) and light it up with the energy. The center heart chakra has points facing both upwards and downwards in the shape of a hexagram, illustrated at right.

2. Repeat the steps given in number 1 now with your left shoulder chakra
3. Repeat the steps given in number one with your rear heart chakra at the back on your spine, directly behind the middle heart chakra
4. Do the same with your right shoulder chakra
5. Now do the same with your heart chakra in the center of your chest.

Repeat steps 1 – 5, seven times.

Opening the Watchtowers of the First Knot

1. Begin with the base chakra extension in the front. This is the right at the root of the clitoris for women and the penis for men. Breathe in energy into this chakra until your lungs are comfortably full and on the exhale, drop your chin to your chest and vibrate "ADAR"
"AH - AH - AH - AH - TH - TH - TH - TH - AH - AH - R - R - R - R"
In Kabalistic "speech," the letter D is vibrated as a TH, but the tongue is a bit further upwards where your two teeth meet with your gums. This completes a powerful circuit of energy. The R's are always rolled.
2. When you breathe in energy, visualize each chakra the correct way it should be aligned (points facing inwards), and light it up with the energy. The center heart chakra faces point downwards.
3. Repeat the steps given in number 1 now with your left hip chakra
4. Repeat the steps given in number one with your rear base chakra at the back on your spine, directly at your tailbone.
5. Do the same with your right hip chakra
6. Now do the same with your center base chakra this is located at your perineum. (The perineum is half-way between your anus and your genitals).

Repeat steps 1 – 5, seven times.

Opening the Remaining Chakras

The Throat Chakra

1. Begin with your throat chakra. Breathe in energy into your front throat chakra extension and vibrate "NINNGHIZHIDDA."
N-N-N-N-N-E-E-E-E-N-N-N-N-N-GH-GH-GH-GH-E-E-E-E-ZH-ZH-ZH-ZH-E-E-E-TH-TH-TH-THE-THE-AH-AH-AH
Remember Kabalistic "speech" is different from our everyday words. The 'l's are pronounced as EE, as in the word "see." The "GH" is guttural and made in the back of the throat, not as a hard guttural K, but as a smooth sound. "ZH" is pronounced as the French "J" as in "Jacques." Again, D is pronounced as "THE" as given above. Align your chakra as shown in the illustration below.
2. Now, focus on your middle throat chakra and do the same as in step one.
3. Then, do the same with the rear extension on your spine at the back of your neck.
4. Repeat steps 1 – 3 seven times.

The Solar Plexus Chakra

1. Breathe in energy into the front solar plexus chakra and on the exhale drop your chin to your chest and vibrate:
RA
R-R-R-AH-AH-AH-AH-AH-AH
Be sure to roll your R's. Align your chakra as shown in the illustration to the right.
2. Repeat step 1 with your middle chakra and then your rear chakra
3. Do the above seven times.

The Sacral Chakra

1. Breathe in energy into the front solar plexus chakra and on the exhale drop your chin to your chest and vibrate: "NERGAL"
N-N-N-AY-AY-R-R-R-G-G-G-AY-AY-L-L-L
Be sure to roll your R's and align your chakra as shown in the illustration to the left.
2. Repeat step 1 with your middle chakra and then your rear chakra
3. Do the above seven times.

The Necronomicon Meditations

The Necronomicon meditations must be performed according to the planets, for maximum effectiveness. Dates and times for each planet ruling the specific meditation are given in Greenwich Time [Universal Time].

Necronomicon Meditation for Opening the Third Eye

The following meditation must be performed during a powerful waxing full Moon. The moon should not be debilitated or in its sign of detriment (Capricorn) or fall (Scorpio). This meditation is most powerful when performed with a powerful full Moon, (dates below) otherwise, you will be wasting your time. The ancients knew patience in regards to power.

This meditation must be done at night and preferably directly under the light of the full Moon.

1. Sit quietly and focus on your third eye.
2. Breathe in and on the exhale, chant Nanna:
N-N-N-N-N-N-N-AH-AH-AH-N-N-N-N-N-N-N-AH-AH-AH
3. It is very important to FEEL the chant in your third eye so adjust the tone accordingly.
4. Do not try to force your breathing. Feel free to take extra breaths in-between the chanting.
5. Do this 30 times.
6. Visualize your third eye with silver light projecting. The color of the Third Eye is silver

STEPS ONE THROUGH SIX SHOULD ALL BE DONE AT THE SAME TIME AND AS ONE STEP.

The dates are given below, but can vary because of local times. It is important to check your local times for the full moon.

2012

January:

Waxing full Moon at home in Cancer [very powerful] from January 9th through January 10th at 04:36

October:

Waxing full Moon exalted in Taurus from October 29th through October 31st at 18:41

Necronomicon Throat Chakra Mediation

DO NOT ATTEMPT THIS MEDITATION UNLESS YOU HAVE ALREADY PERFORMED IT ON YOUR THIRD EYE. It must be done on any of the dates given below. Mercury must be powerful or you will be wasting your time.

All at once:

1. Fold your hands, but extend your little fingers at the ends and connect them, all the way down, the little fingers and the Mercury mounts of your palms should be solidly connected.
2. Focus on your throat chakra and visualize it as a spinning blue vortex.
3. Breathe in energy directly from the full Moon into your throat chakra
4. Chant/vibrate "NEBO" on the exhale. You need to adjust your pitch to *feel* it in your throat chakra. Chant this with one long exhale.

N-N-N-AY-AY-AY-B-B-B-B-OH-OH-OH-OH

Chant this 12 times, while focusing on your throat chakra and holding the mudra with your hands. This mediation should be performed under the waxing full Moon, when Mercury is most powerful.

VARIATION:

I had much success with chanting "NINNGHIZHIDDA." Thoth (Ninnghizhida) rules the throat chakra of communication. In the book, it gives for the chant. My advice is to choose whichever chant you feel attracted to.

2012

January:

Mercury will be exalted in Aquarius from January 27th, at 18:13 through February 14th , at 01:39

May:

Mercury is again direct in its home sign of Virgo from September 1st, at 02:33 through September 16th, at 23:23

Necronomicon Heart Chakra Meditation

DO NOT ATTEMPT THIS MEDITATION UNLESS YOU ARE ALREADY IN THE PROGRAM AND HAVE USED IT FOR YOUR OTHER CHAKRAS (THIRD EYE, THROAT).

There are two steps to this meditation, given this chakra is a stepping off point and connector for the higher and lower chakras and its symbol is the symbol of water merging with fire- originally the Gebo rune. Astaroth/Inanna rules this chakra.

1. Go outside under the full Moon when it is at its brightest (preferably).
2. On the inhale, breathe in and visualize shining liquid silver energy from the Moon going into and brightening your heart chakra. This energy looks like liquid Mercury and is in a stream from the Moon.
3. On the exhale, drop your head so you can feel the vibration in your heart chakra, but not tight, just resting and vibrate/chant Inanna:
“E-E-E-E-E-E-N-N-N-N-A-A-A-A-A-H-H-H-H-H-N-N-N-N-N-A-A-A-A-H-H-H-H-H.”
4. Do this exactly 15 times.

The very next day, go out under the Sun and do the same as the above, this time using liquid gold energy:

1. Go outside under the Sun when it is at its brightest (preferably).
2. On the inhale, breathe in and visualize shining liquid gold energy from the Sun going into and brightening your heart chakra like white- gold.
3. On the exhale, drop your head so you can feel the vibration in your heart chakra, but not tight, just resting and vibrate/chant Inanna:
“E-E-E-E-E-E-N-N-N-N-A-A-A-A-A-H-H-H-H-H-N-N-N-N-N-A-A-A-A-H-H-H-H-H.”
4. Do this exactly 15 times.

2. Focus on your solar plexus chakra and visualize it spinning. Make sure it is aligned properly, point up.
3. Breathe in energy from the sun into your solar chakra
4. On the exhale, drop your head so you can feel the vibration in your solar chakra and vibrate "Shamash."
S-S-H-H-H-H-AH-AH-AH-AH-M-M-M-M-AH-AH-AH-AH-S-S-H-H-H-H
5. Do the above inhale and exhale with vibration 20 times.

2010 – 2012

July 22nd 2010 – October 3rd 2012, Saturn is exalted in Libra.

Opening the Ninth and Tenth Gates- the Shoulder Chakras

There are no planetary alignments given for these. I performed this meditation successfully. It was powerful and strongly stimulated my base chakra. The color of these chakras according to the Necronomicon Grimoire is the "darkest purple."

1. Focus on your left shoulder chakra, drop your chin to your chest and vibrate: "YUGGOTH."
Y-Y-Y-OO-OO-OO-G-G-G-G-OH-OH-OH-TH-TH-TH

2. Do the above nine times.

Preface

Over the years, we have become aware that the Satanic Sabbats and important dates of the year have to do with extremely important spiritual workings. These dates have special power due to the alignment of the earth's energies with the cosmos. Performing a ritual or beginning a working on a specific date can give the working much more power in manifesting in the physical world. Anyone who has studied modern Paganism, Wicca, and so forth is aware of how the true meaning and knowledge of these dates has been lost and replaced with meaningless crap. These dates optimally have to do with important workings for the Magnum Opus, which begins when the Sun enters the sign of Aries in the spring, "The Lamb of God." "God" being a code word for the self. The Christians stole this like everything else and corrupted it.

Halloween is not as the Wiccans or modern Pagans claim, a time only for acknowledging the harvest. This date also has to do with working on one's soul. There are also important dates, as I mentioned before as to how the earth aligns with the cosmos and this alignment thins the gauntlet that separates the spiritual and physical worlds, making for easier and more accurate telepathic communications on the astral.

Satanic Holidays

Satanic Holidays are based upon the natural cycles. What is known as "Satanism" is humanity's original religion. The holidays listed below precede Christianity from hundreds to thousands of years. Because the Christian Church could not murder everyone, the original Pagan holidays were taken and Christianized in attempts to convert as many as possible.

The truth behind all of these special dates is that the planets and astral world are aligned a certain way that greatly enhances certain workings, giving them extra power that would not be possible if they were started during other times. Covens of old met regularly during the full moon cycles and during the special dates listed below, as the planetary and astral energies were very powerful at these times of the year. In order to systematically and forcibly remove spiritual knowledge and power from our people, the Christian Church stole these holidays

and replaced them with fictitious nonsense. There is a true and a false with nearly everything and one can see the glaring lie of Christianity in that everything in that foul program is and has been stolen from the original religions, and replaced with imposter characters, places, and rites where nothing spiritual is left. Another example is how fundamentalist Christians have been working to destroy the last Pagan/Satanic practices of the Yule Season and Winter Solstice, such as removing Santa Claus, the Yule tree, and other evidence that reveals the true origins of the Yule and replace them solely with the nazarene and ilk. For more information and research, type in Jehova's Witnesses into any internet search engine such as Google, and add 'Pagan holidays.' The information about this is extensive and proves beyond any doubt that these holidays have NOTHING WHATSOEVER TO DO WITH CHRISTIANITY.

The fictitious Nazarene has nothing to do with xmas. Xmas coincides with the Winter Solstice and the Yule season, the shortest day of the year. December 25th is the birth date of the Persian God Mithra, and the Roman Holiday of Saturnalias. The tree, the decorations, baking, gifts and celebrating have NOTHING to do with the nazarene. These are carry-overs from original Pagan celebrations. The Yule tree is really symbolic of the human soul, with the trunk being representative of the spine, the branches, the 144,000 nadis [pathways of the vril/witchpower/chi], and the lights being symbolic of the nadis all lit up with Satan's Serpentine Energy. The star on top of the tree is representative of the risen Serpent of Satan.

"Easter" was stolen from Astaroth. Originally known as "Ashtar." This holiday coincides with the Vernal Equinox of spring when day and night are of equal length. Known as "Eastre" to the Anglo-Saxons. As the Goddess of fertility, she was associated with rabbits and eggs. The Christians stole this holiday and twisted its meaning. Other names include: Easter, Eastre, Eos, Eostre, Ester, Estrus, [Estrus is when an animal goes into heat; mating season] Oestrus, Oistros, and Ostara. Again, the "Lamb of God" was stolen from the Zodiac sign of Aries the Ram that occurs every spring.

"All Saint's Day" corresponds with "Halloween/Samhain."

"Assumption Day" coincides with "Lammas Day" of the "Summer Solstice." For more information, see The New Testament and Christian Religion in Exposing Christianity

YULE/WINTER SOLSTICE

December 22nd-23rd

Although the Solstice begins on the 21st-22nd of December, the 23rd is a very special Personal Day for Father. The Sun enters the sign of the Goat which represents Satan. The Night of December 22nd- the eve of December 23rd is the Highest Satanic Holy Night of the year. [This was dictated from him personally]. It

is the day after the longest night of the year. Again we look forward to beginnings, as the days will begin to get longer as the year goes on. This is a time for intense celebration and devotion to Lord Satan, indulgence, decorating the home, family celebrations and getting together. The Night of Dec. 22nd should be spent in dedication to Satan. This is an excellent time to focus on planning for the year. If one wishes to make personal resolutions this is a good time to do so.

At the high point of a ritual, personal resolutions can be written on paper and burned. Father Satan is always there to help us in having the strength to carry through with our intentions. After the rite, intense celebrating should take place.

The Yule holidays for Satanists are times of indulgence and taking pleasure in the physical and material aspects of life. Actually, xmas trees and wreaths are Pagan in origin, so there is no reason not to celebrate this holiday with our families. Gift giving, baking, decorating. This is what the TRUE Yule season is about, not that filthy worthless Nazarene.

BAAL-BERITH, BAAL-BERETH, BAAL-TAMAR,
BEAL, BOFI, and BOLFRY

*[Given from Thoth]

"Baal" means "Lord." "Baal-Berith" is "Lord Berith." He foretells the future, discerns the past, and can turn metal into gold. He helps in rising to high places and receiving honors. He speaks with a very clear and soft voice.

SIGIL

Baal-Berith is the Father of the Yule season and the Yule [xmas] Tree. "The Christmas tree, now so common among us, was equally common in Pagan Rome and Pagan Egypt. In Egypt that tree was the palm-tree; in Rome it was the fir; the palm-tree denoting the Pagan Messiah, as Baal-Tamar, the fir referring to him as Baal-Berith." ¹ "The Christmas-tree, as has been stated, was generally at Rome a different tree, even the fir; but the very same idea as was implied in the

palm-tree was implied in the Christmas-fir; for that covertly symbolised the new-born God as Baal-Berith, "Lord of the Covenant," and thus shadowed forth the perpetuity and everlasting nature of his power, not that after having fallen before his enemies, he had risen triumphant over them all." ²

In Egypt they worshipped Nimrod as a palm tree, referring to him as the Messiah "Baal-Tamar." Among the most ancient of Baals, he was known as Baal-Bereth, "Lord of the fir-tree." He evolved into Baal-Berith, "Lord of the Covenant." In Ancient Rome, where they also worshiped the fir tree, they called him "Baal-Berith."

The 25th of December, was observed in Rome as the day when the victorious God reappeared on earth, and was held at the Natalis invicti solis, "The birth-day of the unconquered Sun." Now the Yule Log represents the dead stock of Nimrod, known as the Sun God, but cut down by his enemies; the xmas-tree represents Nimrod- the slain God reborn. The ancient practice of kissing under the mistletoe bough, most common to the Druids, was derived from Babylon, and was a representation of the Messiah, "The man the branch." The mistletoe was regarded as a divine branch --a branch that came from heaven, and grew upon a tree that sprung out of the earth. Nimrod, the God of nature, was symbolized by a great tree. But having been cut down and killed in his prime, he was now

symbolized as a branchless tree stump, called the Yule Log. Then the great serpent came and wrapped itself around Nimrod [the stump]. Miraculously, a new tree appeared at the side of the stump, which symbolized Nimrod's resurrection and victory over death. Here is an illustration of an ancient Ephesian coin:

Baal-Berith was known also as "Lord of the Covenant" and as "The God Berith." He was a popular God and was worshipped in Canaan, Philistia, and Shechem. He was the protector of the covenant between Shechem and some neighbouring Canaanitish towns, which were originally independent, but were at length brought under subjugation by the Hebrews.

"Any Israelites who might be dwelling in Shechem would be simply or protected strangers, and not parties to a covenant. The Temple of Baal-Berith had a treasury from which the citizens made a contribution to Abimelech. It was there that Gaal first came forward as a leader of the rebellion, and within its precinct the inhabitants of the tower of Shechem [the 'acropolis,'] found a temporary refuge from Abimelech at the close of the revolt."³

"Baal-Berith was also known as "God of the Community."

Below are photographs of the ancient remains of Baal-Berith's Temple:

The remains of Temple of Baal-Berith are a round-ended, landfilled platform on which a massive temple once stood. Dated to the 13th/12th century BCE, it measured 86 feet long and 78 feet wide and its walls were around 19 feet thick. "Archaeologists believe that it was a two-story building.

It had one entrance to the east, in the middle of which was a column to support a roof, and on each side of the entrance was a massive tower. The eastern tower included a stairway that might have led to the second floor. Inside the main hall were two rows of columns. On the semi-circular platform in front of the temple, part of a sacred pillar or standing stone was found [seen on the right side of the above photo], Archaeologists believe it marked the temple entrance."

Candlemas/Imbolc/Feast of Fire

So many of our ancient traditions and rites have been destroyed and corrupted. In researching for the origins of Candlemas, there were many dead ends and Wiccan rites that made no sense. I asked the Demons for help and Father Satan appeared to me for a few seconds and said "Think Fire."

After a bit, it finally occurred to me, this tradition is of fire, "The Feast of Fire," A celebration of fire. This holiday has everything to do with the celebration of fire. Fire is an important part of Satanism. Imbolc/Candlemas falls midway between the winter solstice and the spring equinox. Technically, when the sun is at 15 degrees of Aquarius, this holiday should be celebrated.

In ancient times, holidays were celebrated according to the solar and lunar cycles and not according to fixed dates. Celebrating this holiday when the Sun is at 15 degrees of Aquarius gives it a special power as there is a special alignment. The fixed quarters known as the Sabbats, are excellent times for spells and magical workings, as these will be given an extra boost in manifesting due to the alignment of the sun, especially if they involve the element of fire; e.g. using candle magick or invoking and directing the element of fire.

In ancient times, People danced around bonfires and celebrated until dawn. Certain foods are traditional for Candlemas/Imbolc, such as crepes and pancakes. Because of their rounded shape and golden color, they are symbolic

of the returning sun, which this holiday represents. The emphasis on fire represents the returning warmth of spring and the spark of life/fertility for the coming planting season.

The element of fire is the element of creation and beginnings. Many covens consider this holiday to be significant for initiation rites for new members. This is an excellent time for performing the dedication ritual to Satan.

Candle Magic

Pyromancy [Divination by Fire]

To use fire to foretell events or divine the future, the intensity of the flames, the shapes they take, the direction the fire may take and/or any images you see in them are ways of practicing pyromancy.

Bonfires

Fire Magick, is using the element of fire. Fire magick is amplified with invoking and directing the fire element. Fire magick includes: Confidence, fame, success in gambling, pleasure, securing popularity/charisma, increasing health and vitality, healing, protection, success, magickal power, creativity, enthusiasm, energy, stamina, major changes, adaptability, attraction, sudden changes, stimulation, enthusiasm, creativity, energy, gaining control, changing luck and inciting justice. Revenge, anger, pure sexual lust, and physical gratification, courage, determination, dealing with enemies. Inciting accidents, fires, injuries. Self-confidence, athletics, strength, magickal energy for Black Magick, intensity. Incites lust, energy, strength, sexual energy, dynamism, passionate love, physical desire, courage, will power, athletics [especially competitive]. Good for self-empowerment before workings of black magick. When used in black magick, fire as opposed earth is used to bring on sudden attacks, accidents, bloodshed, violence, and hatred. Fire can also be used to incite wars, anarchy, and cruelty. Properly evoking and directing the fire element will raise the temperature in whatever it is directed to.

Fire Meditation: Sit before a fire or lit candle and focus on your goals for the six months. What do you intend to accomplish? What do you feel strongly about? You can write them down in your black book, so that on Lammas [festival of the harvest], you can see evaluate your accomplishments.

Kundalini [Serpent of Fire] Meditation

Invoking and meditating upon the element of fire
Covens should celebrate and work as a group on any of the above

The above is mainly a guide; feel free to modify anything and use your creativity as fire is of the creative principle!

Beltane

Beltane [Pronounced "B'yal-t'n"] is an ancient celebration of fertility. Fertility celebrations have their origins in Ancient Mesopotamia. Orgies took place along with feasting to encourage the fertility of food animals and the abundance of crops for the coming year. Beltane is directly opposite Samhain [Halloween] on the Satanic Calendar as Samhain is the time of reaping. Beltane is also the celebration of the return of the Sun, the planting of crops, and the rebirth of spring.

In Ancient Mesopotamia, this fertility rite was known as "Zagmuku," Zagmuku was celebrated at the first New Moon after the spring equinox. The Ancients also celebrated the harvest, directly opposite Zagmuku, which was the original Samhain.

Because the holiday focused on rebirth, the original creation epic known the Enuma Elish, was recited on the fourth day of the festival which lasted 12 days. Originally, the celebration was in honor of the Sumerian God, Enlil [Baal] and this is where the name "Beltane" originates. In Mesopotamia, the New Year's Festival also served to reaffirm the bond between the community and the Gods, the community was represented by the king in temple ritual, for the king was the one responsible for the continual tending of earthly harmony and was held accountable to the Gods. The king joined with the high priestess in the Inner Sanctum of the ziggurat, and both performed ritual sex.

The Satanic year is based upon the natural cycle. The eight major Sabbats are the equinoxes and solstices of the Sun's year [666], and the 4 cross quarter days that come between them. The four equinoxes and solstices are based upon the motion of the Sun. The equinoxes are at the center of the Sun's movement and the solstices are the endpoints of the movement. These four solar points are cosmic events based upon the movements of the earth and Sun, symbolizing the interaction of light and darkness. "This date has long been considered a 'power point' of the Zodiac, and is symbolized by the Bull, one of the 'tetramorph' figures featured on the Tarot cards, the World and the Wheel of Fortune. [The other three symbols are the Lion, the Eagle, and the Spirit.]" ¹

These are also seen in the Egyptian Sphinx. "Astrologers know these four figures as the symbols of the four 'fixed' signs of the Zodiac [Taurus, Leo, Scorpio, and Aquarius], and these naturally align with the four Great Sabbats of Witchcraft." ²

Beltane is midpoint between the vernal equinox and summer solstice. Due to the alignment of the earth at this important time, telepathic communication with the Gods and spirit world is very open. This is an excellent time to communicate with Demons

Beltane begins at sundown on the evening of, April 30. This custom originates with the Celts who always figured their days from sundown to sundown. Sundown was the time when Druid priests lit the Baal-fires on the tops of hills.

Beltane fires symbolized the spark of life and fertility. Traditionally, the Beltane fires were composed of wood taken from nine different types of trees and kindled on a specially prepared sacred grid. The grid was created by outlining a square on the ground and dividing it into eight smaller squares. Turf from the eight outer squares was dug out and removed, leaving the ninth square in the center intact. "The Beltane fire symbolized the central hearth of the community. 'These local sacred hearths represented the mystic divine fire at the center of all things, whose spark of life is carried by each of us.'" ³

The Eve of Beltane has traditionally been celebrated in the nude with orgiastic sex. Couples would pair off, jump through the flames of the bonfires, and go into the woods until dawn, engaging in all night sex after intense feasting. Wearing clothing or ritual robes was much too dangerous when jumping through the flames. Frequently, cattle were driven between two such bon-fires [Oak wood was the favorite fuel for them]. The following morning they were taken to their summer pastures.

Celebrants danced nude around the maypole. The Maypole is derived from the Egyptian obelisk and represents the erect phallus [penis]. It is traditionally constructed from wood of the birch tree, the tree of purification.

"In the words of Witchcraft writers Janet and Stewart Farrar, the Beltane celebration was principally a time of '...unashamed human sexuality and fertility.' Such associations include the obvious phallic symbolism of the Maypole and riding the hobby horse. Even a seemingly innocent children's nursery rhyme, 'Ride a cock horse to Banbury Cross...' retains such memories. And the next line '...to see a fine Lady on a white horse' is a reference to the annual ride of 'Lady Godiva' though Coventry. Every year for nearly three centuries, a sky-clad [nude] village maiden [elected Queen of the May] enacted this Pagan rite, until the Puritans put an end to the custom." ⁴

Other May Day customs include walking the boundaries of one's property, repairing fences, and boundary markers, performing chimney sweeps, participating in archery tournaments, dancing, feasting, music, drinking, and indulgence.

In Ancient Egypt, the spring fertility festival, celebrated during the season of Het-Her, was known as "The Festival of the Joyous Union." The energy of the earth sign of Taurus represents fertility and the commencement of the growing season; the union of the sun and the moon symbolized the fusion of the male [solar] with the female [lunar]; the new moon. The Ancient Egyptians celebrated this holiday with art, music, dance, performance and sexual intercourse.

Joy of Satan Ministries is working to rid Satanism of all the Judeo/Christian vermin that has infested it for centuries. Another name for the April 30th celebrations is The Feast of Valborg." We refuse to call this night "Walpurgisnight." "Walpurgis" is the name of an Christian saint.

Years ago, large Sabbats were held on the Summit of the Brocken in the Harz Mountains of Germany. A Black Mass, feasting and orgies lasted until dawn, with dancing around a huge bonfire, and intense celebrating.

The Feast of Valborg is the celebration of fertility that has its origins with the Vikings. The festival spread throughout Europe. At this time, the veil between the Earth and the astral/spirit worlds is said to be very thin. What is done on this night, especially at midnight [April 30 - May 1st] has special significance. All rituals, magick, spirit communications and related are much more powerful on this sacred night.

The Summer Solstice 666 June 21st

Technically, the Summer Solstice begins when the sun enters 0 degrees of the zodiac sign Cancer. The Summer Solstice is one of the four major "Solar Festivals" of the year, the others being the Winter Solstice of December 21st, when the sun enters 0 degrees of Capricorn, the other two being the Spring Equinox when the sun enters 0 degrees of Aries, and the Fall Equinox when the sun enters 0 degrees of Libra.

All of the Satanic [original Pagan] holidays have been corrupted and replaced with false and imposter biblical characters, fictitious legends, and practices completely unrelated to the original holidays. This was done by the Catholic Church for the sole purpose to remove spirituality and occult knowledge.

In addition to the Satanic holidays being times for festivities and celebrations, these days are certain points where astral communications are greatly facilitated, and witchcraft workings are greatly enhanced [according to the specific holiday]. Beneath all of is alchemy. For those working on the Magnum Opus, and/or to advance their own powers and soul, these days are very important for different aspects of the working. For example, the Magnum Opus should be commenced at 3 am on the day the sun enters the sign of Aries. [This is where the 'Lamb of God' was stolen from the zodiac sign of Aries the Ram, and the Chi Ro runic staves that are often seen in paintings and such depicting the false nazarene].

The Summer Solstice was replaced by the Catholic Church with "The Feast of St. John."

666 is the number for the sun. It represents amplification of astral solar power. The heart chakra esoterically is ruled by the sun. On the 21st-22nd of June, when the sun enters 0 degrees of Cancer, the power of the sun is drastically amplified.

- Workings that deal with solar magick are greatly enhanced at this time.
- Workings on both the heart and solar plexus chakra are greatly enhanced at this time.
- Communications with astral entities such as elementals: fairies, gnomes, etc., are greatly enhanced at this time.
- As with Halloween, the astral is very thin and communications with Demons is much easier.
- Fire magick is greatly facilitated
- The eve of the Summer Solstice has a very long tradition for being a night where divination is much easier and more accurate.
- Love magick spells are also greatly enhanced on the eve of the Summer Solstice.

- This is also an excellent and powerful time for infusing herbs, crystals and other items with solar energy
- This date is also favored for beginning healing work, as the sun is the esoteric healer.
- Workings that deal with infusing water with solar and/or healing energy are also traditional here
- Creating and blessings of wands [fire], blessing of the Tarot cards
- Rune spells and Rune work are also favored at this time, as Runes are staves and of the element of fire
- Gathering of herbs for magick, especially those used for solar/fire magick and/or healing

In ancient times, festivities and celebrations of this important holiday nearly always included Baal Fires [the traditional bonfire]. The element of fire represents the life force, and life itself. Death is cold and hard. Fire is warmth and life. Those of us who have condensed the life force within ourselves know just how hot it can be, like the kundalini serpent. The traditional color for this festival is white. Circle dancing, snake dancing, sexual orgies, indulgence, and feasting are all traditions for the Summer Solstice. The tradition of lighting the Baal Fire and jumping through it has survived since ancient times. "Despite the church's attempts to stamp out all Pagan traditions, the lighting of a midsummer bonfire on midsummer's eve, survived in even the most staunchly Christian communities." ¹

The ancient Druids celebrated the unification of "Heaven and Earth." What this means is centering on the heart chakra. "Heaven" and "Earth" were stolen from Taoism and are code words for the crown [heaven] chakra and the base [earth chakra]. In some doctrines, 'hell' is the code word for the base chakra, with earth at the heart chakra, but for the 'unification' referred to here, this is the unification of the energies of the base and crown convened at the heart. The uniting of both elements- water and fire are celebrated on this day.

Voodoo rituals are also traditional at this time and have survived for centuries. "Immediately the drums increased the tempo, the singers chanted the ritual song, and a woman dancer stepped into the circle and began the ritual dance in imitation of the movements of the snake. In the frenzied group dance which followed, the dancers tore off their clothing and danced nude until the ritual ended, as it always did, in a sexual orgy." ²

Samhain/Halloween

For those of us who are very close to Father Satan, we are all well aware that he is fed up with all of the Judeo/Christian claims and statements concerning what our religion is, how we celebrate, and worst of all WHAT THEY CLAIM HE IS ALL ABOUT.

- SATAN IS NOT A HALLOWEEN MONSTER
- SATAN IS NOT A VAMPIRE, SPOOK OR GHOUL
- SATAN DOES NOT HAVE RED HORNS AND A TAIL
- SATAN IS NOT ABOUT GRAVEYARDS, GRIM REAPERS, SKELETONS OR ABOUT HORROR.
- THIS TRASH COMES FROM CHRISTIANS. IT IS USED TO BLASPHEME, DENIGRATE, AND RIDICULE HIM. THE SAME GOES FOR HIS DEMONS.

For many of us, Halloween is a favorite holiday. I, myself love horror movies and such. The point here is how these have been twisted to portray a false and insulting image of Satan and the Original Gods [Now labeled as "Demons"].

Ask yourself how you would feel if people put on hideous masks and went out as either you or a family member of yours or a loved one.

Father Satan should be respected on this date, not mocked by those who believe in and honor whatever Christianity dictates he is. How long do you think someone would last going out dressed as the Nazarene? Chances are, they would be attacked by some fundie Christian.

Or, if Hollywood was to produce a movie depicting the Nazarene and his ilk as hideous monsters.

Halloween is a great time for costumes, monsters, and ghouls, images of death and such, a time to be creative and indulge. It is one of our major holidays, but the negative images denigrating Father have to go.

He is tired of it and has let the clergy know he does not approve of these insults. For far too long, too many Satanists have gone along with the Christian ideas of Satan and his Demons; what the Christians allege them to be and what THEY claim our religion is all about, instead of seeing Satan for WHO HE REALLY IS without all of the Christian false and twisted overtones.

ABOUT SAMHAIN:

The holiday known as "Halloween" was originally called "Samhain" a Celtic word meaning "Summer's End." In ancient times, religions were based upon nature, where humanity lived in tune with the earth, the change of seasons and the changes in the stars in the sky. This is the essence of Satanism; what is natural.

The major cycles of the year and the crops were important times for festivities, rites and celebrations. Samhain was a time of harvest and the end of a year, a time of preparation; storing crops and preparing for the dead of winter. The eve of November 1st was the eve of the Celtic New Year. This holiday was a time of harvest, a time of endings, death, and dying, as plant life died and the cold set in. Samhain was also a time of honoring the dead. The Druids built huge bonfires, which they considered sacred, in honor of the Celtic New Year.

There was a prevailing belief in the existence of a Celtic God of the dead known as 'Samhain'. With extensive research and study accomplished by many scholars, nearly all agree this God was non-existent.

Nearly all of the sources mentioning a deity of death known as "Samhain" are CHRISTIAN and they have [as usual] NO legitimate references to back up their claims.

Samhain was celebrated for centuries before the Christian takeover of Pagan holidays. To the intruding Christian religion, any Gods of the old faith were considered "evil" and therefore especially unwelcome at a time of "danger" for the "soul of any good parishioner." This was why xtians suppressed the deadly rite and replaced it a day later with 'all soul's day.'"

Trick or treating originated in Ireland as beggars went door to door on October 31st, asking for handouts. The gifts were for "Muck Olla" a God who was said to destroy the house of anyone who was not generous. Jack-O-Lanterns also had their origin in Ireland; named for a man named "Jack." The story goes that Jack was a miser and when he died, he was not allowed into heaven and he also played jokes on the Devil, so he was not admitted into Hell either, but was doomed to walk the Earth forever. He only had a little lantern to light his way and this is why he came to be called Jack-O-Lantern. Of course, the spooks, vampires, and ghouls were associated with this holiday because of the natural human fear of death and Samhain was a holiday of death.

Standard Satanic Ritual

The ritual below is for new people, who are inexperienced. These steps are to acquaint one with the procedure for the formal advanced ritual. These rituals are for those who prefer to use ceremony and can also be adapted for covens and groups. Ceremonial rituals are not necessary in accomplishing your spiritual goals when you are experienced. All you need do is to focus your mind, recite the necessary vibrations [words of power], and so forth without the use of any material props. Please read this entire page, as there are explanations at the bottom. Satan/Lucifer represents the common people. Unlike the Christian churches and all of their vast wealth, pomp, and ceremonial show, Satan does not expect his people to have expensive items for ritual. If all you have is yourself, this is fine with Satan. He understands. Satan, who is our True Creator God has given us everything we need within ourselves. Satan represents and stands for self-efficiency and personal empowerment to where we can control our own lives and destinies without having to slavishly worship or rely upon something outside of ourselves. Satan gives us the knowledge we need to access the power within.

- It is a good idea to always bathe before ritual. This shows respect.
- Light your incense and let it burn 10-15 minutes to fill the room.
- Write any prayers, thanksgivings and/or requests out on clean paper
- Light your candles. [If you are using candle holders, they should be silver]
- Fill your chalice with wine or some other drink [your chalice should be silver]
- Dress for ritual. If you don't have a ritual robe, try to wear all black, if possible. Make sure your clothes are clean.

THE RITUAL

Ring the bell, turning counterclockwise; invoke the Four Crowned Princes of Hell. You can do this with your athame [if you have one] OR just point your left index finger and visualize a stream of electric blue light entering the tip of your index finger and filling your entire being. With each turn, the blue becomes more and more intense, filling and charging your entire being. Begin with Satan/Lucifer, facing east and then turn to the north for Beelzebub, west for Astaroth, and south for Azazel, keep charging yourself with the blue energy at each turn:

- SATAN/LUCIFER TO THE EAST
- BEELZEBUB TO THE NORTH
- ASTAROTH TO THE WEST
- AZAZEL TO THE SOUTH

Then, recite the Invocation to Satan:

INVOCATION TO SATAN:

In Nomine Dei Nostri Satanus, Luciferi Excelsi.

In the Name of Satan, Ruler of the Earth, True God, Almighty and Ineffable, Who has created man to reflect in Thine own image and likeness, I invite the Forces of Darkness to bestow their infernal power upon me. Open the Gates of Hell to come forth to greet me as your Brother/Sister and friend.

Deliver me O Mighty Satan from all past error and delusion, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor and Glory be given Thee forever and ever.

Drink from Chalice

This is now the height of your ritual where you read your prayer to Father Satan. When you are finished, light the paper in the flame of your candle and place it in your silver bowl to burn. Now is the time for meditation and focus.

After the meditation is when you should talk to Father Satan one on one. After this, more prayers* [see note about Satanic prayers near the bottom of this page] can be said. You can pray during this time in Enochian, either with the Enochian Key[s] of your choice, or prayers of your own.

We are all individuals and have our own ways of ritual and worship. Very early on, to kneel was given to me by the Demons, and also a close friend had the same experience; to kneel out of respect, but this is between you and Father Satan.

At the end of your ritual close with a HAIL SATAN!!

Turn clockwise and ring the bell.

*Due to the monetary and political control of the xtian church, places where black candles can be purchased are becoming scarce. For those of you who are unable to find black candles, there is an alternative. Lucifer's color is blue, electric blue. Demons also show up in a blue aura. Those of us who have seen Hell, agree that it has a blue aura. USE BLUE.

For black magick spells, use red [anger] or navy blue [blue or black] Dark brown works well, also. This is just an attempt by xtians to try to stop us from practicing our religion, and is especially targeted towards teenagers and young people. Satan understands this and alternatives are fine with him.

For kids and teens who are unable to obtain any ritual items and for those who are financially underprivileged, the ritual can be performed in your own private Astral Temple

*"Prayer" in Satanism is very different from what the populace has been indoctrinated to believe, given the Christians and other enemy programs. Satanic "Prayer" is:

1. Telepathic communication between one's self and Satan and/or his Demons
2. Another aspect of Satanic Prayer is vibrating a mantra, word/s of power, Enochian or the Runes. Vibration is essential to working spells and such, empowering our souls and advancing ourselves spiritually.

The BELL, using in Satanic ritual is symbolic of the vibration explained above. When we repeatedly vibrate words of power, mantras, runes, etc., while focusing and directing the energies, a ripple effect takes place on the astral and manifests our desires in the material world. This is the symbolism of the bell in Satanic Ritual.

Advanced Satanic Ritual

This is advanced, but gives the real steps for Satanic ritual. The standard ritual is for anyone and especially for newbies, as this is a preparation for the advanced ritual, which everyone should know the meaning of. The entire standard ritual is made up of allegories. The purpose of the steps in the advanced ritual are to bring the operator to full power in that the working will succeed. An entire ritual is not necessary in the way of ceremony, but many people enjoy the ceremonial aspects and use this time to get in a proper mood for a working, which can be essential. Always remember...if a certain personal method has brought you successes, then stay with it. Always do whatever works best for you, as we are all individuals. I, myself don't bother with ceremonial rituals anymore for quite a few personal reasons, for example, but this is my own way and if ceremony works for you, then use it.

Here are the true meanings of the steps in Satanic Ritual:

1. Ringing the bell. The bell is an allegory for reverberation. This has to do with vibrating words of power, mantras, and so forth. Vibration is highly effective for directing energy and creating a lasting change in energy at the soul and even in one's own environment. So, in ritual, mantra/vibration is used, as it enhances one's powers and the working.

2. Invoking the Powers of Hell. Note here the sword tool [again, props are unnecessary and only create a mood, unless they are seriously charged with energy], the sword represents the element of air. Invoking the Powers of Hell is another allegory for invoking the elements, which are also represented by the pentagram. By invoking fire, earth, air, water and the ether, you again enhance the full powers of your soul for the working. Each direction one is facing with this aligns one's energies with the energies of the earth. Each of the Four Crowned Princes of Hell represents an important aspect of the soul. This is an allegory. The aspects of the soul can be empowered through the RAUM meditation.

As with the Tarot, the rods/wands represent the fiery serpent within the spine, the cups are the chakras from which we "drink" the energy. The pentagram represents the earthly manifestation of our desires and the invocation of all five elements of that comprise the human soul and enhance its power and the swords- as I already mentioned in the above represent air- the vibration and reverberation that effects change. Sound changes the molecular structure both in the material world and on the astral.

3. The Invocation to Satan is exactly what it is and invites the Powers of Hell. This step is not an allegory, but a dedication prayer. "Opening the Gates of Hell" is an allegory for opening your chakras; again for full power.

4. **Drinking from the chalice** is the energy buzz. The chalice, the cup...the Grail; all of these are allegories for the chakras as are “the gates.” This is to sit quietly for a few minutes to make sure you get a powerful energy buzz, which will enhance the working. In order to get the most power from your ritual, your soul should be at full power.

5. The next step – **the paper in the burning bowl**; again another allegory. This is where you focus and concentrate to direct your energies into the working. Fire is the element of life; the spark of life. This is another allegory for focusing and directing the energies of your soul into the working.

6. If the ritual was for black magick, and a black magic mantra was used, then concluding the ritual [again, ringing the bell], would indicate vibrating an opposite mantra to clean any negative energy from your soul.

7. **The planetary energies should also be conducive to your working.** For this, it is important to have a working knowledge of astrology and to consult an ephemeris.

For a Thanksgiving Ritual, this is a way to show appreciation, but the best way is to do some actual work for the Powers of Hell. When one is new, the Powers of Hell will often work on your behalf and help you. The entire foundation of True Satanism is that Satan helps us and gives us the knowledge to where we can become independent and to help ourselves. Whenever one petitions the Powers of Hell, one draws off of their energies. The entire focus here is one should be using one's own energies as soon as one is able to.

Giving a Demon/ess something in return; if one is not yet spiritually powerful enough and needs assistance from a Demon/ess, “something in return” means actually working for the advancement of Satanism; working against the enemies of Satan, such as noted in the Hell's Army website.

Work to destroy the enemy and do this effectively. Educate people to the truth, but do this safely and safely is effectively. This can be done online, where you can reach thousands. Working offline, you can put anti-Christian tracts in bibles, Christian books in libraries and such; wherever they will be seen and read. The enemy leaves Christian tracts all over the place and consistently. Be discreet, work quietly, and counter them. Practical work is what the Powers of Hell need from us, not just verbal gibberish- talking the talk, but doing little or nothing to actually show appreciation and thanks. Talk is cheap, whether it is used in ritual or otherwise. SHOW your appreciation by devoting your time and energy when and where you can to destroy the enemy and to advance Satanism.

Lastly- one of the most important things you can give the Powers of Hell is your energy. If you have energy to spare, ask for Satan to send a Demon/ess to take the energy and to deliver it where the Powers of Hell need it. This also includes if

you are ever overcharged with energy. Establish a relationship with a Demon/ess and call upon him/her to take any excess energy and deliver it to the Powers of Hell. This is even more serious if you have a coven. Your Patron Demon/ess can take any energy that is left over and deliver it. This is a very important gesture of gratitude.

Satan wants our efforts and our work, for we are at war; not idle chitchat or meaningless talk. Everyone should know what to “give a Demon in return.” Offer your services and hard work, NOT trinkets, food, or other worthless junk. Work where you are able to, build your powers through consistent meditation, and strive for independence to where you can make your own desires manifest in reality on your own. If you are in doubt concerning what to do or how to work, focus on Satan and ask him in your mind. Be aware and open, and you will receive signs.

Raum Meditation for Empowering Your Soul

This meditation is about the most powerful I have ever done. Special thanks to our Anti-christ who gave me this meditation telepathically. He is one of the very few who has completed the magnum opus.

This meditation is exceptionally powerful and should only be performed by experienced meditators.

Vibrate RAUM

RRR into your base chakra [be sure to roll the R's]

AHH into your sacral chakra

UUU into your solar plexus chakra

MMM into your heart chakra

Now, vibrate RRR into your heart chakra [be sure to roll the R's]

AAAH into your throat chakra

UUU into your 6th chakra

MMM into your crown chakra.

The above is one round. Do several rounds. It is best to do 13 rounds, or a multiple of 13.

Following the completion of the above, vibrate I-O. I is the symbol for the masculine side of the soul [representing the penis] and O is the symbol for the feminine side of the soul [representing the vagina]. This is especially seen in the Sigils of our Gods. This is also taken from the Greek legend of IO, Princess of Argos, which is an allegory. Argos is of Agares.

Vibrate EEEE focusing on the right side of your body and immediately follow by vibrating OOOH focusing on the left side of your body [going back and forth], 40 times.

For example, vibrate EEEE focusing on the right side of your body [torso], then immediately vibrate OOOH focusing on the left side of your body. That is one round. Then, immediately vibrate EEEE on the right, then immediately vibrate OOOH on the left. That is the second round. Do 40 rounds of vibrating I then O using a Satanic rosary. A Satanic rosary is used so one is not distracted when vibrating high numbers of repetitions, by trying to keep count.

The I vibration, pronounced as EEE, is pronounced as the long American English E, as in the American English words SEE, TEA, and ME.

The OOOH vibration is the American English long O, such as in the words HOLD, and NO.

Following the completion of the above, vibrate E-A. Vibrate E, pronounced AY, as in the American English words MAY, SAY, DAY; focusing on the front of your body, and then AHHHH, focusing on your entire spine.

For example, vibrate AAAAYYYYY, focusing on the front of your body- just your torso, then immediately vibrate AAAH focusing on your entire spine. That is one round. Then, immediately vibrate AAYYY on focusing on the front of your body, then immediately vibrate AAAH focusing on your entire spine. That is the second round. Do 40 rounds of vibrating E then A using a Satanic rosary.

The so-called "tetragrammaton" is actually the four-fold meditation for the soul. The "sacred name of God" is a code word for the extreme word of power for the soul. "God" is a code word for the self. The enemy has seriously corrupted this. For more information regarding this, click here for the article "The Real Tetragrammaton: Further Exposing Christianity"

This meditation empowers the entire soul. The heart chakra is a connector and energy vibrated into it from below will then connect to and transfer into the upper chakras in the second part of the meditation. Just be aware, this is exceptionally powerful and you will definitely feel it the very first time.

This is a powerful meditation to use both before a formal ritual or any informal working. This meditation can be performed several times a day to empower the soul. It is a primer. Following this, one may vibrate a short mantra or a word of power as in Satan's Squares, such as SURYAE. Vibrating the word alone SUUU-RR-YAH-YAY, nine times, or a multiple of nine is effective. You do not need to vibrate all of the Sun mantra given in the squares. Following this, you may want to state an affirmation, directing the energy into a specific goal, several times.

Satanic Thanksgiving Ritual

There are many times we are blessed by Satan. It is very important that we show our gratitude and acknowledge his gifts. For a Thanksgiving Ritual, this is a way to show appreciation, but the best way is to do some actual work for the Powers of Hell. When one is new, the Powers of Hell will often work on your behalf and help you. The entire foundation of True Satanism is that Satan helps us and gives us the knowledge to where we can become independent, helping ourselves. Whenever one petitions the Powers of Hell, one draws off of their energies. The entire focus here is one should be using one's own energies as soon as one is able to.

Giving a Demon/ess something in return; if one is not yet spiritually powerful enough and needs assistance from a Demon/ess, "something in return" means actually working for the advancement of Satanism. Working against the enemies of Satan, such as noted in the Hell's Army website - [Click Here](#)

Work to destroy the enemy and do this effectively. Educate people to the truth, but do this safely and safely is effectively. This can be done online, where you can reach thousands. Working offline, you can put anti-Christian tracts in bibles, Christian books in libraries and such; wherever they will be seen and read. The enemy leaves Christian tracts all over the place and consistently. Be discreet, work quietly, and counter them. Practical work is what the Powers of Hell need from us, not just verbal gibberish- talking the talk, but doing little or nothing to actually show appreciation and thanks. Talk is cheap, whether it is used in ritual or otherwise. SHOW your appreciation by devoting your time and energy when and where you can to destroy the enemy and to advance Satanism.

Lastly- one of the most important things you can give the Powers of Hell is your energy. If you have energy to spare, ask for Satan to send a Demon/ess to take the energy and to deliver it where the Powers of Hell need it. This also includes if you are ever overcharged with energy. Establish a relationship with a Demon/ess and call upon him/her to take any excess energy and deliver it to the Powers of Hell. This is even more serious if you have a coven. Your Patron Demon/ess can take any energy that is left over and deliver it. This is a very important gesture of gratitude.

Satan wants our efforts and our work, for we are at war; not idle chitchat or meaningless talk. Everyone should know what to "give a Demon in return." Offer your services and hard work, NOT trinkets, food, or other worthless junk. Work where you are able to, build your powers through consistent meditation, and strive for independence to where you can make your own desires manifest in reality on your own. If you are in doubt concerning what to do or how to work, focus on Satan and ask him in your mind. Be aware and open, and you will receive signs.

Prayer to Satan for Protection

O Mighty Lord Satan, by whom all things are set free, I cast myself utterly into thine arms and place myself unreservedly under thy all powerful protection. Comfort me and deliver me from all of the hindrances and snares of those who wish to harm me, both seen and unseen.

Visit justice and vengeance upon those who seek my destruction. Render them powerless and devastated. Direct their malice to return upon them tenfold and to destroy them who would resent my being.

Fill my soul with thy invincible power, strengthen me, that I may persevere in my service, and act as an agent of thy works and a vessel of thy will.

This I ask in your name, almighty and ineffable Lord Satan who liveth and reigneth forevermore.

Ave Satanas

When we are new to Satanism, Satan and his give us plenty of help. As we progress, we are expected to do things for ourselves and use our own energies, which we develop through consistent Power Meditation

Satan and his Demons are there for us at all levels, but we are expected to develop and use our own energies for the things we can already do.

When we ask Satan for his protection, if at all possible, we should also be learning to protect ourselves:

Meditation for Protection

Aura of Protection

This meditation is very important. It is simple and the more you do this, the more powerful the protective aura becomes.

1. Breathe in white-gold energy* as you would with the energy foundation meditation. You don't need to go into a deep trance with this. Just concentrate on *feeling* the energy enter your being on each inhale and then visualize a powerful brilliant light, like the Sun becoming brighter and brighter with each exhalation. Once you get this going, it becomes very easy and takes little time.

2. Affirm: "I am breathing in powerful protective energy. This energy is building an aura of protection around me. This aura protects me at all times in every way." Say this to yourself five times for five inhales. After this, just concentrate on visualizing and feeling the energy, making it more and more brighter and powerful.

This will program the energy and will also program your aura.

After several days of doing this exercise, you can say the affirmation once or twice, instead of five, as it will already be programmed into your aura.

The more you do this, you will build a more and more powerful protective aura. Use the energy from the Sun as well. Energy from the Sun is extremely powerful. When doing this, just add "I am breathing in powerful protective energy from the sun. This energy is building an aura of protection around me. This aura protects me at all times in every way."

*White-gold energy is used because it is reflective. You can also program your aura so you breathe in protective energy from the Sun [extremely powerful] when you are outside. After the first few times, you don't even have to visualize anything. You can just feel this and you don't have to be in a trance for it to work- you will feel it. I am to where I just consciously breathe in energy and I can do it easily at any time- with no trance or visualization.

Another important thing you can do to protect yourself and remain safe is to affirm 5-10 times before you go to sleep:

"I am always totally safe and protected in every way." Never doubt this! The aura of protection will also help to clean your aura and repel any negative energy. This is very important.

You can also visualize loved ones and breathe energy into their aura to protect them. Just go into a trance and visualize whoever you want to protect and breathe in energy as outlined in the link above and then breathe it out into the aura of the one you wish to protect and follow the same procedure, only apply it to this other person. This can also be done for healing purposes.

Standard Destruction Ritual for Revenge

The following ritual is basically for beginners and those who are new. Adepts use more techniques that are advanced and in many cases, a formal ritual is not needed. For those of us who have powerful souls, just dwelling upon the hated one with thoughts of hatred, is often enough to bring curses upon that person. Visualizing the hated one with a grey aura, while dwelling upon the above amplifies this, but again, your soul must be powerful enough, which is accomplished through consistent meditation. The strength of your mind, aura, will, focus, and hatred determine the outcome of any destruction ritual. Often, one or two workings are not enough and the workings need to be repeated, especially during a waning moon [full to new phase]. When one is new, Satan and his Demons often grant favors, but the essence of true Satanism is self-empowerment.

The Destruction Ritual begins with the Standard Ritual.

After invoking the Four Crowned Princes of Hell, you should read a prayer that you have written by yourself in your own words asking for the destruction of your enemy. Work on only one enemy at a time, unless you have a specific agreement with a Demon/ess in exchange for services you both agree upon. Attempting to punish more than one enemy at a time will only weaken your energies, as they will be dispersed. Energy should be directed like a laser to do its job.

Included in the prayer should be the name of the offending one, the severity of the punishment you wish to see inflicted, and how they offended you and your feelings about being victimized. It also helps to have either a small personal possession of the offender's or a photo of them, but is not necessary.

Either read the prayer aloud or silently to yourself, then push the tip of your athame through the paper and light it with the flame of one of your candles and place it in the burning bowl.

Now this next step is extremely important. The following is a good cathartic that can be a lifesaver to one's mental health and psychological well-being. This is the meditation step and is highly recommended in cases where there is an extreme amount of pent up anger and hatred: Here is where you visualize the person as clearly as you can and just let loose until total exhaustion. This ritual is best done while the offender is sleeping.

Visualize the offender clearly and inflict all of the mutilation, injury, and pain you can imagine upon them. Beat them, stab them, torture them, and torment them. You can repeatedly recite their name over and over again in your mind. Release all of your hatred and anger in any way you wish. Just do it in your mind. Some

people hate someone so hard they cry- this is fine, this is a cathartic and a very intensely emotional release. You must continue on and on until you are literally exhausted.

The most important thing here is to stay focused. You should also feel very justified. Any lapse in concentration or feelings that creep in where you feel you are not 100% in the right and completely may not only destroy a destruction ritual, but can be dangerous.

Now, close the ritual by giving thanks to Satan and any Demons you may have called forth that the offender will be rightfully punished. Ring the Bell, turning clockwise and say HAIL SATAN!! Either silently to yourself or aloud.

Take the burned remains and you can flush them down the toilet or dispose of them in some other degrading manner.

NOW THIS STEP IS EXTREMELY IMPORTANT:

Take all of the time you need with this and then some. You have just dealt with some very negative and destructive energy. You should clean your aura and chakras. Follow the instructions in this article, vibrating the words of power 108 times.

You should also keep cleaning your aura for several days following the working. Vibrations here are essential.

It is important that you put the experience behind you and do not dwell on the offender or concern yourself with hopeful anticipation over their punishment. Let the working do its job. Banish the offender and the incident from your thoughts. This working can take up to a month or more.

**The ritual can be varied, using a POPPET

Money Spells

Obtaining any serious amounts of money is one of the most difficult of workings because nearly everyone is obsessed with getting it. Money is god of this world. The competition is extremely high.

In addition, most reliable information in working spells is kept secret and from the public.

The dollar sign \$ is in the shape of a serpent. This is the kundalini serpentine energy, which gives power to our spells and magickal workings. You must be strong enough spiritually in order to get any serious amount of money.

Wealth is not obtained or ruled by the heart chakra. To obtain any significant amounts of money, you must have a strong solar plexus [Sun] chakra. Money may be ruled by green, but wealth and riches are ruled by gold. There are very few millionaires without a strong solar plexus chakra.

To attract money and wealth, you must be open. You must be 100% that you deserve wealth and riches. Any past hang-ups concerning wealth [these can go back into past lives] must be completely destroyed and you must reprogram your mind and soul to attract money and that you are deserving of money. False religions teach that poverty is a virtue. This is so wealth and power can be in the hands of a few, while the masses are slaves.

The following spells are effective in attracting money. Unfortunately, any permanent financial increases that are lasting take time for most people. In the beginning, small amounts of money may come to you, or a larger sum followed by modest amounts. Finances improve gradually. This has to do with your own personal spiritual abilities and powers. How strong you are indicates the length of time it will take you to permanently improve your financial situation.

The desire for and to attract money must be engraved and imbedded upon the soul.

Workings must be consistent, with full focus and attention.

Choose any of the spells below and apply yourself 100%. Signs that the spell is working is money coming to you, regardless of where or what it is from.

The best times for doing a money working, or beginning a money mantra are Sundays during the hours of Jupiter, Thursdays during the hours of the Sun or Venus [the Sun is more potent] and Fridays during the hours of Jupiter. The Moon should be waxing and in any of the following signs: Taurus, Leo, Libra, Sagittarius, or Aquarius.

Spell # 1

You will need a Satanic rosary or Mala beads for this.

Vibrate these words of power 108 times in a session per day for forty days without interruption. You cannot skip a day with this. Do this preferably at the same time every day:

SHRIM MAHA LAKSHMIYEI SWAHA

Pronounced:

SHREEM MAH-HAH LAHK-SHMEE -YAYEEE SVAH-HAH

After you complete the 108 repetitions, visualize plenty of money coming to you while affirming: "I am attracting large amounts of money to myself. This money is my own to keep and to spend as I choose." Repeat the affirmation with the visualization at least 3 times.

Each 40 days is a working. In severe cases, the 40 days working may have to be repeated several times to reprogram the soul and to engrave the words of power into the soul to attract money consistently.

Spell # 2

This working should be performed on Sundays during the hours of Jupiter, Thursdays during the hours of the Sun or Venus [the Sun is more potent] and Fridays during the hours of Jupiter. The Moon should be waxing and in any of the following signs: Taurus, Leo, Libra, Sagittarius, or Aquarius.

1. Vibrate GIGGIMAGANPA 15 times while focusing on the sigil below.

GEE-GEE-MAH-GAH-NNN-PAH

2. Immediately flowing, vibrate ZIKU 15 times while focusing on the sigil below.

ZZEEE-KKUUUUU, "UUU" AS in THE WORD "BOO"

After you complete the 30 repetitions, visualize plenty of money coming to you while affirming: "I am attracting large amounts of money to myself. This money is my own to keep and to spend as I choose." Repeat the affirmation with the visualization at least 3 times.

STRENGTHENING THE SOLAR PLEXUS CHAKRA

To optimally work on your solar plexus chakra and to really strengthen it, the best day to do this is on Sundays, during the hours of the Sun. Other days are Tuesdays during the hours of the Sun, Wednesdays during the hours of the Sun, and Thursdays during the hours of the Sun.

#1.

1. Vibrate ANNDARABAAL 35 times. Focus the vibration into your solar plexus chakra, while visualizing your solar plexus chakra brilliant like the Sun.

AH-NNNN-DAH-RR-AH-BAH-AH-LLL

[Be sure to roll the R's]

2. Vibrate ZULUMMAR 35 times. Focus the vibration into your solar plexus chakra, while visualizing your solar plexus chakra brilliant like the Sun.

ZUUU-LUUU-MMMM-AH-RR

[Be sure to roll the R's]

3. When you are finished with vibrating the words of power, feel the energy in your solar plexus chakra and meditate on the sigil below:

2.

Vibrate "AUM RAH" into your solar plexus chakra 50 Times. Egyptian God Amon RA rules the solar plexus chakra and is the God of wealth and riches.

ALTERNATE NOSTRIL BREATHING MANTRA:

You should already be familiar with alternate nostril breathing to perform this working. This can and should be done every day. Instead of counting while holding the breath, mentally in your mind, repeat a money word of power six or eight times [Six or eight rounds total].

AR-THA [AH-R-THA]

ARTHA-SRÎ [AH-R-THA SHREE']

DHÁN-YA [DUH-AHN-YA]

Regardless of the severity of your financial situation, try not to dwell on it or obsess over it. This can be difficult, but obsessing and endless worrying will only hamper your efforts.

Satanic Baptism

True Satanism is very much a celebration of life. If a child is born at the time of one of the Sabbats, this is an additional blessing. The birth of a child is a special occasion and all Satanic births should be hailed and celebrated. The Satanic baptism is the beginning of protection and guidance from Satan and his Demons who will also direct the child to make the most of his/her special gifts and abilities.

The infant should be dressed in black as this shows opposition to the false RHP religions.

The parent/s stand to the east of the altar holding the child.

The High Priest/ess rings the bell, opens the ceremony with the invocation to Satan, drinks from the chalice, and invokes the Four Crowned Princes of Hell.

High Priest/ess: *There is a newcomer to the Family of Satan*

Congregation: *HAIL SATAN!!*

High Priest/ess: *What is the name of this child?*

Parent/s: *[say the name of the child]*

High Priest/ess: *We welcome you _____ the family of Satan*

High Priest/ess: *Do you wish to dedicate this child to Satan?*

Parent/s: *We/I do, for without Satan and the knowledge and gifts he brings us, no life is complete.*

High Priest/ess: Lord Satan, we ask that you bless this child, guarding and guiding him/her throughout life, keeping him/her strong in your ways. When the time is right, bring him/her to your altar once again to dedicate him/herself anew into your service.

Parent/s [to child]: *May his Infernal Majesty, Lord Satan and the Powers of Hell smile upon you and watch over you throughout your life, guiding you on the Left Hand Path.*

High Priest/ess: *In the Name of Satan and before the Powers of Hell, we welcome you, [name of child], into the Family of Satan.*

Congregation: *HAIL SATAN!!*

The High Priest/ess then closes the ceremony.

After the baptism, there is feasting and celebrating.

The child should be brought up in the old ways and to honor Satan and his Demons. At puberty, he/she may perform the dedication of his/her own free will. This is when he/she is old enough to make the decision on his/her own and to fully understand. At this time, he/she may choose a magickal name.

Satanic Wedding

The ritual should be performed during a waxing moon. The moon should be in a favorable sign for marriage.

- The Moon in Taurus gives permanence, but can be difficult if the couple wishes to part later on.
- With the Moon in Cancer, couples are more likely to get back together after a split.
- Moon in Leo is favorable for romance and adds optimism to any union.
- Moon in Libra is ideal for any wedding as this is the natural sign for partnership and cooperation.
- Moon in Sagittarius is much like the Moon in Leo, but does not contribute to stability.
- Moon in Aquarius- the couple are likely to be lasting friends.
- Moon in Pisces gives empathy, but is not stable.
- The Moon in the signs of Aries, Gemini, Virgo, Scorpio, and Capricorn should be avoided.
- The love planets Venus and Mars should ideally be well placed and on favorable degrees. Couples should never marry when any planet is conjunct Caput Algol [25 of Taurus], at 9 degrees of any sign, especially Gemini and Sagittarius as these incite violence. Remember to take fixed stars into consideration when selecting a time.
- The temple should be decorated according to the couple's tastes. Modifications should be made to suit each couple, the following is only a guideline:

The High Priest/ess opens the rite with ringing the bell and drawing a pentagram in the air with his/her athame and recites the following:

In Nomine Dei Nostri Satanus, Luciferi Excelsi. In the Name of Satan, Ruler of the Earth, True God, Almighty and Ineffable, Who hast created man to reflect in Thine own image and likeness, we invite the Forces of Hell to bestow their infernal power upon us. Come forth to greet us and confer dark blessings upon this couple who desire to become as one in the eyes of Lucifer.

The High Priest/ess drinks from the chalice and invokes the Four Crowned Princes of Hell:

- Satan/Lucifer from the East
- Beelzebub from the North
- Astaroth from the West
- Azazel from the South
-

The High Priest/ess now recites the following:

We come together in the Name of our Father and Lord Satan to join _____ and _____ together in marriage.

The High Priest/ess takes his/her athame and draws a circle around the bride and groom. All should visualize a blue light representing the Powers of Hell. He/she then recites the following:

Almighty Satan, look with favor upon your disciples _____ and _____. Both have come here of their own free will. They come before you to ask your blessings as they set forth on this very day as husband and wife. We ask that you bless this union with lust and the pleasures of life, that their mutual affection and desire for one another continues strong and enduring.

Do you _____ desire of your own free will to take _____ as your lawfully wedded husband to love, honor and respect; to become as one in the eyes of Satan and before the powers of Hell?

Bride: *I Do, or Yes*

High Priest/ess: *Do you _____ desire of your own free will to take _____ as your lawfully wedded wife to love, honor and respect; to become as one in the eyes of Satan and before the powers of Hell?*

Groom: *I Do, or Yes*

Both exchange rings

High Priest/ess: *In the Name of Satan and before all of the Demons of Hell, I pronounce you Husband and Wife. May your union be powerful, strong and abundant with pleasure. HAIL SATAN!!*

Everyone in the congregation shouts "HAIL SATAN!!"

The High Priest/ess then recites, chants, or vibrates the First Enochian Key

Preface

Magick, sorcery, spells, and "witchcraft" are all powers of the mind and soul/aura. The success of any working depends upon the strength and power of the operator's mind, aura, mental concentration, and his/her ability to sense and direct energy.

Understanding energy, discerning between different energies, invoking, evoking, and directing energy is the foundation of all "magick." How diligently and consistently one applies one's self to a program of power meditation will determine how powerful one's workings are.

People who are new are encouraged to start out with white and grey magick, as black magick requires more knowledge and skill. This comes in time.

As for the references to planets and their placements, it is rare to have these ideal. To do so, one would have to wait years in many instances. Try to get as close as you can, though and never perform a working when powerful planets relevant to that working are discordant to the energies of the ritual.

The Three Basic Steps of Witchcraft

This article is basically for new people or a getting back to basics. While there is no "three-fold law," (Click here to read about The "Three-fold Law of Return" Exposing This Lie and its Origins) there are three basic STEPS to working magick.

1. You raise the energy
2. You program the energy
3. You direct the energy.

When you begin directing the energy, you should continue to program it, while you visualize it doing what you want it to do.

Let's begin with step one. First, you have to have energy to work with, the stronger, the better. The stronger your own energy, the more energy you will naturally be able to raise, direct, and handle. The more experienced you are, the easier this becomes. All of this is like working a muscle. The more you work with it, the stronger it becomes. When one consistently does power meditation exercises, and Yoga, one can feel one's amplified energy field. This is also true for those who practice martial arts.

For white magick (this is best to work with for newbies, black magick requires more experience and skill) you will more than likely want to use your own energy and connect with the working.

Using Runes and vibration is one of the quickest and most powerful ways of raising energy. Other ways are using the foundation meditation or through just visualization. You raise the energy and should feel it strongly, throughout your entire body.

With Step Two, you must program the energy. By "program," I mean you must tell it what you want it to do. Energy all by itself is pretty much neutral and inert. With step two, you must use what are called "affirmations." "Affirmations" are short, to the point phrases in the present tense that are repeated to program the energy. The present tense must be used because energy does not have the reasoning power to understand "will happen." "Will" can be at any time.

For example: You don't want to say "_____ will come to me." Instead, you want to say "_____ IS coming to me."

Energy does not have the reasoning power as to *HOW* what you want is coming to you. Energy takes the path of least resistance, unless it is programmed. For example, many of you want more money. Don't just affirm "Money is coming to me." This could manifest, if undirected, say on a job where you handle money, like a cashier for example, or through your paycheck, as usual. That is the easiest way. You have to further affirm: "Large amounts of free and easy money are coming to me." "This money is all mine to keep and spend as I wish." You also should affirm "in a very positive and happy way for me." You don't want a loved one to die and leave you an inheritance or get the money in a way that would be unpleasant.

So your affirmation would go something like this: "Large amounts of free and easy money are coming to me, This money is all mine to keep and spend as I wish. This money is coming to me in a very positive and happy way for me."

Affirmations should be repeated with intent, five to ten times or more, in your mind. You can also visualize energy as with step three, throughout the day and state your affirmations a few times to reinforce the working.

ALWAYS REMEMBER: ENERGY TAKES THE PATH OF LEAST RESISTANCE AND DOES NOT HAVE THE ABILITY TO REASON.

Another example is weight loss. You don't want to wind up getting seriously ill, as this is one of the easiest ways to drastically lose weight. Your mind can do it for you when properly programmed, for example affirm: "I am losing weight in a very positive and healthy way for me."

With step three, you direct the energy. You do this through visualization. Energy using white magick should be visualized as a white-gold light, shining brilliant like the Sun.

You need to visualize this brilliant energy either around your entire self and/or around whatever it is that you want. Visualize in your mind whatever it is OCCURRING NOW and visualize the energy lighting it up.

For example, with attracting money, you would want to visualize the money (your wallet full, or whatever), even *feel* and *smell* the money, touch it; the more realistic and the more astral senses you use, the more effective this will be, and infuse it with as much energy as you can, the more brilliant, the better, using your visualization. Feel happy emotions.

For health, direct the energy to the afflicted organ, and visualize yourself as healthy and happy. Again, FEEL happy, while you are doing the working, as if it is already so.

Now, forget about the working and try to think of other things. This can be difficult in desperate situations, but do the best you can, because worry and obsessing over a working can undo the energy you put into it. Just let it go and know it is working. The only exception to this is, I already went over in the above: You can also visualize energy as with step three, throughout the day and state your affirmations a few times to reinforce the working. Just don't obsess over it, as this is a lack of faith in your own power and can dilute the energy or ruin the working. This sort of thing takes practice like anything else.

Now, for black magick, you do not want to come into contact with any negative energy you raise. Those who do not have knowledge do this sort of thing and suffer many times for it. The answer to everything is knowledge.

Now, I am speaking from my own experience here. Most popular grimoires and such will tell you to use black energy. In my own experience, I have found grey energy to be the most devastating. Grey energy is also death energy. It causes illnesses and all sorts of negative things.

For example, a death spell. I speak from experience here. Take the death energy from a cemetery or anywhere there is death and pull it out of the ground, using visualization.

Program it, as in step two, for example, "The grey death energy is killing_____." Do this while you are putting it on the individual you wish to do away with. I have also found through direct experience, this must be done many times on a regular basis. I also want to add, most popular writings will instruct you to raise as much emotion, such as anger and hatred as possible. Again, this is ok, but not necessary. What is necessary are the strength of your own soul, your will and directing the energy.

On a lesser note, those who deliberately try to do you harm in your life, simply direct their own energy right back to them, using the grey tones. Sit back and watch them suffer and revel in it.

Black Magick

In Satanism, it is important to be able to be adept at both black and white magick. One should always be able to defend one's self. Summoning Demons and asking Satan for help is not a solution. We should use our own energies or the energies around us for our own purposes, not ask for energy from the Powers of Hell. Satan and his Demons are here to give us the knowledge we need to empower ourselves. They are our teachers.

The real purpose of black magick is for rendering justice; punishing those who have wronged you. Black magick is very different from white magick. With black magick, negative energy is generated and directed towards the hated one. Black magick can backfire or rebound. This doesn't mean that it will, but there are a few things to be aware of, to take care this does not happen. White magick is much easier than black magick. Black magick takes skill and more. Black magick is causing harm to a hated one. This can manifest as illness, bad luck, accidents, and even death. For most new people and those with little or no experience in working with the powers of the mind and soul, one should be proficient in white magick before seriously attempting black magick. With anything, it is advisable to start out small and gradually work your way to bigger things.

There are a few points to bear in mind and to always remember: If your hated one's soul and aura are much stronger than yours, your magick can backfire. This is analogous to throwing a punch at someone who is obviously bigger and stronger than you are. Each of us comes into this world with different strengths of the soul from our past lives. This is no different from how some people are naturally physically stronger than others are; they are born that way. BUT, when one meditates, does yoga and works on one's soul and mind, like working out in the gym, one who works on one's self can far surpass a natural, if the one with the natural abilities does nothing with them, and/or nothing to further develop or maintain them.

In the case where justice is strongly needed and the hated one's soul/aura is much stronger, one can program one's aura to deflect any negative energy from the hated one. This works well in situations where there is ongoing abuse. This must be done daily and frequently affirmed, for example: visualize a white light [white deflects and repels] engulfing your entire being and program it- "My soul and aura are constantly and continuously deflecting and repelling [name of hated one]'s energy and sending it right back to him/her to destroy him/her." If you are new or weak in your soul, you must do this very often and it can take months in some cases, depending upon how strong the hated one is. In the meantime, you need to work on your own powers every day.

There are ways to determine if another's soul is stronger than your own. For one, your attempts at cursing them will not work. Being aware of certain things like an inability to really concentrate the negative energy on them. Each of us is individual. This takes knowledge of one's self along with experience, but interfering thoughts such as repeatedly seeing a room or place where you may have experienced unhappiness as a child. When trying to concentrate or visualize - this goes for both white and black magick; ANY magick or working, and when these certain thoughts or scenes keep cropping up, there is strong interference with manifesting the working. With black magick, be aware. Back off and devise something else, or work on yourself to strengthen your own powers.

Rituals are not needed. If one wishes to do a ritual, again, this is individual. When one is spiritually strong and powerful, all one needs to do is to hate the offending one and/or willfully direct negative energy towards him/her and state the proper affirmations which should again- be in the present tense, short phrased and dirty, grey, black [black absorbs] or other ugly energy should be focused surrounding the hated one.

Most workings are not a one-time deal, like a one time ritual, but must be repeated over and over. There is often a lag time involved. The lag time is indicative of the opposing energies, from the strength of the soul of the hated one to the other surrounding factors. This can be anywhere from a few hours to days or even a week or more. If nothing happens after a few weeks, your own energies were too weak, and the working must be repeated. This is all individual and one must know one's own strength.

Black magick also is in many cases assisted by the planetary energies. A waning Moon; Moon signs, certain planets dominating the hour or day, and so forth. When the hated one's soul is much stronger, there are some ways to get around this. Hard Saturn transits facilitate black magick. Even the strongest of souls will weaken under a bad Saturn transit to the personal planets, first house, and other key points.

In closing, always remember, the stronger your soul, the more effective your workings, both white and black. One should work on one's soul every day. Meditation, serpent yoga and training in visualization, concentration and working with energies. Again, thoroughly cleaning your aura after any serious working is important. Satanic words of power, mantras, and runes can be vibrated which will also assist in the cleaning and ridding of any negative energies.

As Beelzebub stated, Satanists should not curse other Satanists. Along with maintaining Satanic unity, which is what Satan wants, some brothers and sisters are directly under the protection of the Powers of Hell. When you have direct protection from the Powers of Hell, nothing can touch you. Curses will definitely rebound upon the one who is throwing them and worse. Anyone having any serious problems with another Satanist is best to go to Satan about him/her.

The "Three-fold Law of Return" Exposing This Lie and its Origins

The "Three-fold," the "Ten-fold," The One-hundred-fold.; all of these were invented by a few human beings to frighten the masses, in order to maintain spiritual control. With the availability of knowledge in modern times, witchcraft could no longer be suppressed, so the oppressors had to find a way to keep it inline so real power and control can remain in the hands of a few. These few *know* the truth and are adepts in black magick which they use liberally to spiritually enslave the masses. They control the mainstream religions that are nothing but programs to suppress knowledge and control humanity. The article below exposes this lie for what it is:

"The first known reference in print to the three-fold law of return appeared in 1970 in 'Witchcraft Ancient and Modern' by Raymond Buckland who was initiated into the craft by Gerald Gardner and was instrumental in introducing Gardnerian Witchcraft into the United States." ¹

With enough research, it is evident that the "three-fold" emerged with the "Gardnerian Tradition." Then, we have the "seven-fold" and I'm sure everyone has heard of the "ten-fold." My point here is none of this recent man-made nonsense has anything to do with the original religions. Its sole purpose is to keep people from using their inborn power and to promote a passive attitude that is accepting of abuse. This is no different from the Christian Church.

This "three-fold teaching was taken from the eastern concept of "karma" after it merged with Western Christianity. After the eastern teachings of karma picked up the Judeo/Christian overtones of divine punishment, the product evolved into yet another system of control with the same theme of keeping power in the hands of a few who know how to use it to exploit humanity. One thing led to another and Gerald Gardner added more to this and promoted the belief that witches must never use their powers to cause harm. Everybody has to take abuse and keep the passive attitude.

The Wiccan Rede: "An it harm none, do what ye will." According to Gardner, the "creed" is derived from "Good King Pausol" who declared, "Do what you like so long as you harm no one." King Pausol is a fictitious character from the French novel by Pierre Louÿs (1870-1925): *Les Aventures du Roi Pausole: Pausole (Souverain Paillard et Débonnaire)* (1901 and reprinted in 1925 numerous times since), or the *Adventures of King Pausole (The Bawdy and Good Natured Sovereign)*. This is the basis of "Wicca." Wicca is nothing more than a Christianized version of the old religions. Wiccans have taken selected rites and teachings to suit their whims, from the original religions and have twisted, corrupted and transformed them and are now passing themselves off as the original religion. The hypocrisy can be readily seen in the Gods they

acknowledge. Many, if not most of these Gods and Goddesses that they claim to worship, were the ones who brought the teachings of magick to humans, both white and black magick. They are known as "The Fallen Ones."

The original Horned God is Satan. In addition, few Wiccans bother to do any in-depth research regarding the Gods and Goddesses they commune with and worship. Most of these deities are of the Pantheon of Hell. Many Wiccans and Modern Pagans also unknowingly mix their deities (Angels with Demons) and this can spell disaster. I read a long list of deities these people claim to worship and it is obvious they really know nothing much about them. Most of these writings consist of nothing but double talk, for example: how "Ishtar" should be evoked instead of "Ashtaroth" even though they are the same Goddess. They claim using the name "Ashtaroth" is different, even though they readily admit she is the same Goddess.

According to author Raymond Buckland, Wiccans claim their religious roots to be evident in a Paleolithic cave painting of a man dressed in stag skins presumably performing a dance. "Caverne des Trois Freres at Ariege France" is the site of this cave painting. It is just that- a man dressed up in animal skins and is no proof of anything.

Satanism has often served as the scapegoat for these new age religions and movements, whose adherents view themselves as so good and perfect. Wicca is a Christianized corruption of the old pagan religions. Wicca is the Judeo/Christianized version of witchcraft. One of the major goals of Christianity is to destroy the past and replace it with fictitious versions that conform to the lie of Christianity. Recently, they have been working to turn the religion into a Goddess cult, by gradually getting rid of the Horned God so there will be fewer and fewer ties with the original religions. Wicca is a bogus movement, not based upon the facts, but like Christianity, it is based upon stolen and altered rites and teachings. Like Christianity, it depends upon the ignorance of its followers to thrive.

About Black Magick

People do things to and against other people in life, because they know they can get away with it. Much of this is due to humanity as a whole residing on a very low level of spirituality, due to knowledge being forcibly removed and destroyed by the Christian Churches. There is rarely any serious justice and most people are indoctrinated to endure all kinds of injustices and abuse. If everyone were spiritually empowered, there would be a lot more thoughtfulness and consideration for and how we interact with others. Society and the human race as a whole would evolve to a higher level.

There are natural laws. One of them is a species or individual for that matter, who is unable to fight back and defend him/herself against others who seriously intend harm will cease to exist. Many species of plants and animals become extinct because they are unable to defend themselves. Our bodies are fighting continuously against invaders in the form of bacteria, viruses, and germs. If our cells stopped fighting and killing harmful invaders, we would quickly become sick and die. This is a fact of life and natural law.

Ethics and a certain code of conduct is necessary for civilization to continue and self-control is important. Sometimes someone is having a bad day or things are said or done many times, unintentionally. However, if someone is seriously out to harm you or deprive you of justice, you have an obligation to fight back. Satanists are not victims.

The working of Black Magick requires much strength of mind and skill. Wiccans and others of the RHP lack this skill and therefore are at a major disadvantage. The stronger we become in mind, the more powerful we are at all times. Regular power meditation, chakra work, and visualization are essential. One does not need to resort to ritual for retaliation. When we have a strong, focused mind, others will feel the effects when we think intensely of them or when we direct our energies. This is important to remember where family and loved ones are concerned. We all offend each other every now and then, but when we have a powerful mind and aura, we must remember this and be in control. Our anger can cause others to have accidents and misfortune.

As for others who are purposely offensive, just focusing on them letting your anger loose, with a strong, well-trained mind, will usually do the job. I have had things happen on my own, without having to do any rituals.

Black Magick and Mental Health

Most of us are familiar with psychiatry, counseling, psychology, and other mental health services. The methods used are standard. Most professionals prod the patient into expressing repressed feelings- anger, hatred, envy, resentment and related emotions, including repressed sexuality and sexual feelings. Acknowledging these repressed emotions sheds new light on the origins of serious hang-ups, neuroses, compulsions/obsessions and other serious mental health disorders. Many physical ailments are brought about by repressed emotions. Some of these end in death. These have a very detrimental effect upon one's soul and spiritual being as well.

The New Age movement, Wicca, many eastern religions (Such as modern Buddhism, which have been Judeo/Christianized), and others all advocate denial of expressing so-called "baser" emotions. This leads to poor mental health and worse. Catholic priests are a blatant example of the consequences of sexual repression. Sexual repression is about the worst, as the sex drive is as powerful as and is tied directly to the life force, it doesn't just go away. Anything that is repressed comes out in warped, distorted, and unhealthy ways. Many problems would be avoided if people would vent their feelings and stop repressing them. This isn't about going on a rampage, it is just acknowledging one's own feelings and letting them out. One should always be honest with one's self.

By denying anger, hatred, jealousy, and other so-called "negative" emotions, one is laying a pattern for serious problems down the road. People who claim to love, love, and love, and deny their anger and hatred, take on that artificial alien deadpan smile that is so common amongst Christians in the advanced stages of Christianity. Inside, these people are extremely unbalanced and are literally like grenades with the pins pulled, just waiting to explode, either turning their pent up anger out on others or in upon themselves. This is extremely unhealthy. Yet, they consistently excuse the hatred and wrathful behavior of the false god they worship. This sets the stage for serious mental illness.

Another common teaching is denial of materialism. The reason for this is so wealth and power can be kept in the hands of a few- the same people at the top who work to remove spiritual knowledge and replace it with Christianity and other lies. Material possessions make life more enjoyable and are an extension of ourselves. There should be a healthy balance between spiritualism and materialism. The merging of the material with the spiritual is the key to attaining the godhead of the soul.

No one has a right to dictate to others how they should feel about someone or something. Ritual is often an excellent means of venting emotions. Anything that is consciously and intentionally repressed will cause serious problems later on.

The Black Arts

I have been placing emphasis on the black arts, because there is little information available on the subject, as opposed to the white magick books and writings. In order to have true power, one must be adept at both. This takes time, patience, and a lot of hard work.

Many people often wonder why their spell workings have failed. This is because one's mind and aura are weak. Sure, we can go to Satan and his Demons when we are in need, but the goal of Satanism is to become powerful ourselves. Satan and his Demons guide us and give us the knowledge we need to increase our powers.

Satan does not waste his time on those who do nothing with themselves. True Satanism is not Disneyland. If you want serious power, you will have to work hard at it. This can take years, but is well worth the effort. We save our own souls.

There is time we can all squeeze in with a bit of organization. Do what you can do. Breathing exercises only take around ten minutes and are very effective in increasing one's powers. They can be done first thing in the morning or even in the bathroom if you lock the door (if one lives in a full house). Even five minutes of visualization exercises, a day will bring many benefits. Meditation is being in the here and now; emptying your mind of all thoughts. This can be done anywhere and at anytime.

Much can be done with a well-trained mind. For example: Knowledge of anatomy gives one the ability to either heal or inflict harm. Nerves can cause pain, if one focuses upon them in a hated one. This is one of many examples. You can also open and access other areas of your brain that are dormant in most human beings and empower these areas by focusing on them and attempting to use the abilities they provide when activated. Thoughts can be placed in another person's head the same way. Concentration and repetition are necessary here.

For those who do not as of yet have enough power, many times a spell or ritual can be repeated on consecutive nights, with the cycle of the Moon. Spells for growth and increase should be performed during a waxing moon, while spells for destruction should be performed during a waning moon. In some cases, spells may need to be repeated. When a working is successful, you should know it and there is usually no more need to repeat it.

For those who like to do their workings outdoors, the earth has vast energy reserves for people who know how to manipulate energy.

The use of a pendulum can prove invaluable. Obtaining consistently accurate answers from a pendulum takes much practice and patience. One can begin with a map of a suitable area that is secluded for ritual work. By using a pencil in one hand and a pendulum in the other, a series of yes/no, questions can be asked to pinpoint a spot. The pendulum will begin to move rapidly in circles when taken to a spot out of doors where there are natural lines of earth energy.

Stones can be used to enhance a circle of power. The circle of power is for building and concentrating your energies before directing them at the desired goal. Stones containing quartz increase the power of the energies in the circle and act as transmitters. Circles are also used for protection and as barriers.

Always remember, after any black magickal working to clean your aura and your chakras with either a bright light, as that of the sun. When we use and draw upon negative or destructive energy, a residue can remain clinging to our auras. If this is left, it can cause problems, as energy tends to attract energy of the same wavelength. This is especially true with those who due to a lack of knowledge, invoke energy, instead of evoking it and then use it for destruction, thus creating a tie. Taking the time to clean your aura will rid your soul of anything negative that could cause you problems. Take your time at this. When you are able to see your aura brightened and your chakras as well, then ask your pendulum if you are completely cleansed. If not, ask what needs more work, going through your chakras one by one with yes/no questions that the pendulum is able to answer.

When finished with ANY ritual, it is important not to think about the ritual or your desired goal. Let the ritual alone to do its work, as dwelling, worrying or rehearsing the working can manifest the wrong energies and interfere. When we worry, or dwell on the outcome, we can sometimes alter the results we worked to influence. This is where void meditation is essential. Regular practice of void meditation gives us the ability to turn off unwanted thoughts and influences.

Workings of revenge and black magick are best done when the hated one is asleep. During sleep, the victim's psychic defenses are down and the subconscious/suggestive mind is wide open.

Everyone should cleanse his/her aura and chakras on a daily basis. This is as essential as regular bathing. Unfortunately, due to the systematic removal of spiritual knowledge, few people know about their own souls, how to properly care for or keep them healthy. This can be done upon awaking, doesn't take long, and can prevent illness, psychic attack and other negative energies from getting a hold. It will also enhance your charisma when interacting with others.

Witchcraft

Satanism is a religion of the mind. Nearly 100% of all Satanists, past and present have practiced and taken a serious interest in witchcraft, magick, and the occult. Witchcraft has always been synonymous with Satanism. "Witch" means "wise one." Because of persecution, most sorcerers and practitioners of the magickal arts/powers of the mind, years ago worked in secrecy.

The Gods are all extra-terrestrials. In nearly every authentic account of direct human interaction with aliens, the aliens displayed advanced powers of the mind. Telepathic communication took place, even with humans who had no previous experiences with this. Levitation, telekinesis, healing, performing a mind wipe (Where one forgets everything that occurred), and other powers of the mind, deemed extraordinary by humans are commonplace for the majority of these beings.

Witchcraft is nothing more than attempts by human beings at attaining powers of the mind that are our birthright. For centuries, the Christian Churches, and their cohorts have done everything in their power to frighten people away from attempting to use the power of which other beings in the universe have full access. The sole purpose and objective of Christianity has always been to remove all spiritual knowledge and prevent people from accessing the powers of their minds and souls, so this power can be kept in the hands of a "chosen" few world domination. Humanity has been held dangerously and purposely back by Christianity. This not only places us as a whole in a seriously vulnerable and defenseless position, but also damns the soul that is at the complete mercy of other beings with power.

The enemy extraterrestrials, which outnumber the friendly ones, look upon humanity as beasts to be exploited. Their goal is to use the energy of our souls after we die, for their own purposes. The only way they can succeed is through humanity's spiritual ignorance and lack of spiritual power. This is one reason I strongly encourage people to perform the dedication ritual to Satan. When we make a commitment to Satan, he protects us as we advance spiritually. Many, who go it alone with sorcery and advancing their souls, meet with disaster. This does not come from Satan, but is from the enemy who uses fear and negative experiences to frighten and discourage people from attaining any real power. Those who reach a certain level, stand out on the astral. There are numerous Yahoo groups on the internet, those who are without, who discuss kundalini and other psychic empowerment phenomena and the negative experiences these people have are rampant.

I subscribed to several of these groups some time ago and read many messages concerning negative experiences with astral entities and anxiety attacks and other intrusions where these people suffered attacks they had no explanation for.

One woman permanently lost all of her hair after performing a spell. As the illustration in the text used in the movie "The Nine Gates" warned, "Venture too far and danger can descend on you from up above" this is true to reality.

Many so-called "spooks" are in reality extraterrestrials, including the Cyclops, fairies, elves, gnomes, and others. Fairies, gnomes, and related are elemental beings that only have one or two elements to their souls, where human beings have four: fire, earth, air, and water. These beings are also adept at astral projection and other feats, which explain much of the "hallucinations" experienced by those who open their minds up enough to "see" them. Non-conformity is a major part of Satanism. Those who conform are sheep and will never have the strength to think for themselves enough to see the truth and evolve to a higher level. One cannot conform if one wishes to empower one's self. One must completely know one's self in order to evolve and effectively practice magick and not follow the herd.

Every problem can be solved with the right kind of knowledge. Knowledge also eliminates fear and is the key to power.

Evocation and Invocation

There are basically two ways of summoning an entity or working with energy: "Evocation" and "Invocation." Spiritual evocation is summoning an entity whether it be a Demon, spirit, deceased person, or elemental and the being appears outside of the operator. When working with energy, the energy is always on the outside of the operator and never inside his/her body. With evocation, there is never a direct tie or connection.

Invocation is taking the spirit into one's self. The being actually enters the operator's body. An example is invoking a Demon and the Demon speaks through the operator using his/her voice to communicate. Often when this happens, one's voice may change, becoming deeper, raspy, or different in some way. During séances, often the medium is able to produce a substance called "ectoplasm" to provide a luminescent material in order for the evoked spirit to manifest itself visibly. This is a form of invocation as there is a direct connection with the spirit and the medium.

There are many different beings. One thing I have learned is with Satan's Demons, when they enter us; they never harm us in any way. We are always conscious and fully aware. When they are speaking through us, we are aware of what they are saying and rarely is anything ever forced. One doesn't experience gaps or "missing time" as those who invoke angelic beings have. Angels often masquerade as Demons. There are entities that are NOT of Satan and when they are invited in (usually these are angels or related ilk) they will take over and cause harm to the person who invoked them and the individual will not have any memory of the event. They will have missing time and more than likely other lingering problems as well.

Father Satan is the bringer of knowledge. He has no reason to cause anyone to forget something or have lapses in memory in order to hide something. People who dabble with angels and other astral entities of whom they are not familiar with can experience these problems, and then of course, through ignorance and foolishness they blame "The Devil."

Some Demons come around and like to play. One time when I was at work, a coworker showed me a photo of his girlfriend. I felt a Demon enter me and he said to me "go ahead." I began reading her. The co-worker was surprised at my accuracy. Of course, this was my Demon friend speaking through me. Most available texts on spells and magick, due to a lack of knowledge (spiritual and magickal knowledge was removed and obliterated by the Christian church), not only give wrongful instructions, but instructions that can also be very dangerous when working black magick, using death energy and other destructive forces.

There is a great difference between evocation and invocation. When we invoke energy or spirits, we create a link to the energy or spirit through ourselves. Obviously, if one is using destructive or death energy, this can be very dangerous. Invocation also includes building up energy within one's soul and discharging it through one's aura and/or chakras. This creates a tie to the victim.

Most black magick spells that go wrong do so because of errors on the part of the mage. There are other reasons for a black magick working going wrong such as the victim having a powerful aura that is able to deflect negative energy; the victim is under powerful spiritual protection (If one is under Satan's protection, nothing can touch him/her) or bad timing on the part of the mage. There can be other reasons, but the above are the most common.

Even white magick where healing is concerned can pose problems to the mage who invokes the energy before applying it. Any time energy is invoked, a powerful connection is established. Obviously, no one in his/her right mind would want to connect with a disease.

If the mage is working on money, personal power or some other positive application of energy, then invoking is desirable. This also goes for love spells and workings of lust.

One must know the difference when working a spell, as ignorance or misapplication of the above can result in a spell backfiring or other undesirable outcomes.

For Example- Evoking Death Energy:

The advanced mage should be familiar with this energy. Death energy is prevalent in mortuaries, cemeteries, places where wars were fought, where massacres occurred and other places of death. The energy is grey, dismal, and depressing. The mage should go into a trance, surround him/herself with the energy, but *NOT* take it into his/her body. The mage should direct the energy using his/her will and visualization into a ball or other form. The energy should be condensed tighter and tighter into the ball or form for power. The formed energy can then be expanded or contracted according to how the mage intends for it to be delivered to the victim. If delivering to the victim's chakras, the energy should be tightly compacted, and exploded, or expanded upon entry into the victim's body. If the energy is to collect and adhere to the victim's aura, the energy should be expanded to envelope the entire aura. Variations can be used according to one's individual preferences.

Using Props

People have used props for thousands of years to assist in their focus during magickal workings. Poppets, herbs that burn and sting to induce pain and anger, stone circles, anything that would induce the right mood, help to incite and intensify the right emotions, and help to direct one's energy and focus are known as "props."

One should be powerful enough to influence one's environment using the power of one's mind alone without having to rely upon props. Props definitely help in beginning magick as they provide a focus.

Advanced working with props is a different matter and requires infusing them with energy or binding thoughtforms into them. Here is where props have real power and can become magickal assistants within themselves.

Concentration

Total focus is essential in all magickal workings. It doesn't matter if the environment is full of distractions, one should always maintain total focus. This comes with having a trained mind.

I was involved in an ongoing project- freeing the Demons.* My Guardian Demon, Azazel, and Thoth came to me as they were working with me. Thoth was the Patron Demon of our project and he accompanied each of our Guardian Demons, bringing each Demon to be freed. Glasya-Labolas needed to be freed right away. My daughter was in my room watching TV and there was a lot of commotion in my house. I told them I would have to wait until later.

Five minutes or so later, my daughter's puppy urinated on my bed. I had to strip the bed and wash the bedding. Because of this, everyone had to leave my room. When Demons want something done, things seem to fall into place.

I went into my room, locked the door, and began to work on Glasya-Labolas. My kids were fighting, banging on the door and other kids came over and the house was a madhouse, but I tuned out all of the commotion, and successfully freed him.

Total focus should always be maintained regardless of how intense distractions may be. Just keep doing what you are doing without letting outside distractions interfere. Of course, any doors should always be locked.

When we focus and concentrate to where we are not even aware of anything going on around us, this is when we have the most power.

*From mid-December of 2002 through mid-April of 2003, five of us freed over 100 Demons. This was accomplished through sex magick. At the point of orgasm, we connected our souls to the souls of each of the Demons and transferred energy from each of our chakras to their chakras. This was a very rewarding experience. After the energy was transferred, each one bolted angel wings.

Environment

Back in 1534, Benvenuto Cellini, an Italian Renaissance painter wanted to experience a "magickal operation." He met with a Sicilian priest versed in the art of ritual magick, a friend Vincentio Romoli, a 12-year-old boy, and a second magician, accompanying the priest. Cellini wanted the love of a woman. Of all the places to choose for a ritual, they went to the Roman Coliseum.

They cast a nine-foot circle and after an hour and a half, some spirits showed up and communicated to the group. They related that Cellini would have his love within one month. Then something went terribly wrong. More and more spiritual entities kept coming and then began getting aggressive. Within a short time, .there were too many spirits present." The 12-year-old boy screamed, "They were all being menaced by a million of the fiercest men they had ever seen." "Four giants, fully armed, were trying to force their way into the circle." The child cried out that "the Coliseum was on fire and that flames were rolling towards them."

The group huddled together in terror, the magician threw more asafoetida on the fire in piles, and after a while, the spirits left in a fury. The group stayed huddled until morning and only a few spirits remained "and these at a distance." Upon leaving and running home, a couple of spirits chased them.

The Roman Coliseum of all places was a very poor choice for a love ritual. One person dying a violent death gives off negative energy, but thousands of violent deaths along with the all of the death emotions- the Gladiators, lions and other wild animals ripping people to shreds, and the intense violence leaves its mark for centuries.

A proper environment with energy that is in tune with the goals of the ritual is important, obviously unwanted influences can affect a ritual or magickal operation for the worst.

Music, thoughts, recalling past experiences or fantasies are important as well to creating a mood and environment supportive to the goals of the ritual.

Magickal Herbs

Herbs by themselves have little magickal power. In order to practice powerful witchcraft using herbs, the herbs must be infused with power. This is advanced magick and requires the ability to invoke/evoke and direct the elements. Each herb carries elemental properties that correspond to its medicinal uses. These can be found under planetary rulerships. In addition, to really empower herbs, planetary hours should be observed to amplify any working.

Various mediums are used during any ritual or magickal working. For example, the proper candles act as a beacon to spirits and the proper uses of various colors, imagery, and herbs can assist the effectiveness of a working.

Herbs have long been employed in the workings of magick. Through the power of scent; incense, perfume, herbal oils used for anointing one's self, anointing candles, sigils and talismans; purification bathing before ritual, and with some, ingestion.

- The flower parts are used for scents or in the stuffing of poppets, sachets, and pillows or for a bath water additive.
- The wood parts can be used to construct implements and tools for magickal purposes.
- The leaves are very versatile and can be used in the making of ointments, oils, bathing, and the stuffing of poppets, pillows, steeped and drunk as a tea- MAKE SURE IT ISN'T POISONOUS AND YOU AREN'T ALLERGIC TO IT!
- Aromatic gums or resins, along with the wood, bark, and oils can be burnt as incense. It is always a good idea to burn some incense as a test before any important ritual to determine how well it burns, and the quality of the fragrance. Bad incense can be a major distraction and can ruin an entire ritual, not to neglect in mentioning, being offensive to the spirits.

Incense, like candles, provides a favorable environment for the manifestation of spirits, for the affecting of the psyche and the attraction of the appropriate planetary and zodiac force. It is essential to coordinate these elements.

Certain scents are employed to act on the mind during ritual. These odors can stimulate any emotion from anger and extreme rage, to sexual arousal and lust, to peace, relaxation, and tranquility. The use of scents assists in heightening the emotional output needed to give enough power to the working so that it will manifest in reality.

Oil is for anointing one's body, and can be added to bath water before a ritual. Candles can be anointed to create the added fragrance, as the flame will give off a stronger scent. Strong oils can be used to anoint the areas of the chakras, and are used in ointments that can be rubbed upon one's body for certain effects.

Balsams are the fragrant drippings from certain trees and plants. These can be made into ointments and used as a rub for one's body or object of purpose. The purpose of rubbing one's self with oils, balsams, or resins is to induce the proper mood for ritual work.

For example, plants ruled by Mars are fiery, burning, and acrid. When the oil, balsam, or resin is applied under the armpits or other sensitive areas of the body, it will incite the wrath and hatred needed in spells of revenge and torment, as it will encourage a strong focus on pain and misery.

Plants ruled by Venus can be used in workings of love spells the same way, as they stimulate and sooth.

Plants that have properties as aphrodisiacs, causing extreme sexual arousal are good for spell work in inciting lust in another person of choice. The increased arousal is focused upon the person desired. With stronger and/or multiple orgasms; the energy thereof, being properly directed into the desired one, the spell is that much more potent.

Herbs correspond to zodiac signs, planets, and the elements. Fresh plants contain the most energy. If you are using fresh plants, try to pick them when the planet they are influenced by is strong and waxing in power. Here is a brief listing of some herbs and their various uses:

Basic Candle Color for Spells and Rituals

Black is an all-purpose color and when available, black should be used with other colors in every ritual. Different colors attract different energies and stimulate certain vibrations in the chakras. Using candles of specific colors can help to amplify the energies in ritual and spell work.

Black Candles are all-purpose for any Satanic rituals. Black candles used in workings of destruction are used to incite the slower destruction of enemies, opposed to accidents or sudden attacks associated with the color red. Black is also a good color to use to bring discord and confusion to enemies. Black can be used for protection, binding negative forces, and breaking up obstacles and blocks. Black can also be used to reverse and break up negative thoughtforms. Black absorbs, conceals, creates confusion and chaos, is used for new beginnings, and obtaining knowledge of hidden things. Black is the container of light, and is one of the most powerful of colors. Saturn rules black. Black influences self-control, endurance, and patience. Spells using black energy are best performed during a waning Moon, on a Saturday when the planet Saturn is strongly placed and waxing. Spells using black need the power of the root chakra.

Blue Candles are good to use in spells pertaining to spirituality, meditation, summoning Demons, healing, sincerity, obtaining the truth, influencing fidelity and loyalty, bringing inner peace, and for knowledge and wisdom. Blue can also be used for establishing harmony in the home, for increasing occult power, and for spiritual protection.

For workings of black magick, blue can be used for inciting depression, sadness, and hopelessness, lack of sympathy, coldness, and gloom.

Jupiter rules royal blue. Workings using blue energy should be done on a Monday or Thursday. Spells using blue need the power of the crown and and/or throat chakras.

For working with brown energy, the feet chakras are used. Energy should be absorbed from the earth through the feet chakras.

Green Candles are used in spells for beginnings, growth, abundance, fertility, healing, success, general good luck, harmony, and influencing generosity. In workings for health and healing, green is an anti-inflammatory. Green can also be used alone or with brown for communicating with nature spirits. Green is used in spells for love, marriage, and making love. Green influences affection, opposed to red, which is used for passionate love, lust, and sex. Green also

influences renewal, fidelity, reconciliation, justice, balance, beauty, youth, friendships, attraction, harmony, financial gain, earnings increases, social functions, possessions, riches, indulgence, and pleasure. Green is good for beginnings and growth.

In workings of black magick, green is used for inciting jealousy, greed, suspicion, resentment, sickness, disease, and disharmony.

Venus rules the color green. Workings using green energy should be performed during a waxing moon on a Friday when Venus is strongly placed. Spells using green need the power of the heart chakra.

Red is physical and bestows energy, strength, dynamism, passionate love, physical desire, will power, and athletic ability (especially competitive).

When used in black magick, red as opposed to black brings on sudden attacks, accidents, bloodshed, violence, and hatred. Red can also be used to incite wars, anarchy, and cruelty. Mars rules red. Yellow energy is best used on Wednesdays and Sundays. For anything pertaining to intellect and communication, do the working on a Wednesday. For workings using the force of will, these are best performed on a Sunday.

White Candles are for cleansing, purity, and innocence. The Moon should be strong.

For workings of black magick, white can be used to incite corruption, bring impotence, and to destroy the sex drive. White can also be used to create weakness, neurosis, and fear. The Moon rules white. Workings using white energy should be performed on a Monday and need the energy of the third eye. More than one color can be used in rituals. The candles should be anointed with appropriate scents and oils before ritual. Oil should be applied with both hands in a stroking motion. Candles represent the element of fire in rituals and are also used for concentration and focus. They attract Demons and spirits.

Always make sure to check your candle as a test as you would with incense before beginning a ritual. Bad odors or burning the wrong way as with cheap incense can ruin a ritual.

The Four Cardinal Points

Each cardinal point is not only associated with a specific Demon/ess, but also with an element, ritual tool, color and quality.

North

The north has always been known as a source of great power. The “heavens” revolved around the North Star. The ancient peoples aligned their temples with this star. The sun never touched the cardinal point north. It was associated with darkness, mystery and the unknown. Because of the Pagan reverence for north, the xian church associated it with the Devil. Graveyards were seldom, if ever placed on the north side of a church. The north side was used for unbaptized children, criminals, reprobates, and suicides. Many churches throughout Europe have a north door called “the Devil’s door” which was traditionally opened after baptisms to “let the exorcised Demon escape.” Most of these doors have been long since bricked up. The north is associated with the element of earth, the new phase of the moon, the pentagram, darkness, secrecy, and the color black. Some people align their altars to the north.

South

Solar energy, the sun, the color red, the magick wand and the element of fire are associated with the south. This is the quarter of the will, directing and channeling the psychic energy and forces of nature. Water running south has long been known to have magickal properties and was a popular ingredient that medieval witches used in their spells. The south represents intellect and knowledge and attainment as the sun reaches its climax in the southern sky (for northerners anyway).

East

The east is the quarter of illumination, enlightenment, the mystical, and the eternal. It is of the element of air, the athame, the color silver, and the morning star, which is Lucifer’s star. In most traditions, the altar is aligned to the east. When a circle is cast for a coven, the High Priest/ess usually positions the gate for everyone to enter in, at the northeast.

West

The element of water represents the subconscious, emotions, the chalice, the color blue, and the psyche. It rules over mediumship, spirit contact, and telepathic communication.

Working Rituals Outdoors

There is a lot to be said for performing rituals and magick outdoors. The earth energies act to enhance one's inner energy and ability. A quiet place should be selected where one is free from distractions. Using a pendulum to locate an area is also a help. One should be adept with pendulums as they can give "off" readings to those who are less experienced.

To use a pendulum, open a map of the area in which you wish to use and point with a pencil, pen or whatever to specific locations on the map, asking the pendulum whether or not the specific location would be supportive of your workings. You can also ask the pendulum where the most powerful earth energies are located. Take your pendulum to the spot and walk around. If intense earth energies are present, your pendulum will begin to circle. Over really potent spots, it will nearly circle so fast, it will go into a spin.

Stone circles are ideal for enhancing earth energies and for a place to build your psychic energies and powers. The color of the stones is important (see the chapter on color). Using brown stones will amplify the earth energy to be directed into your working. Brown stones will also amplify your psychic ability and attract earth spirits.

You should begin by marking your area and placing your stones around the marked area. There should also be four points within your circle where you will invoke the Four Crowned Princes of Hell (and invoke the four elements for advanced mages). These four points should correspond to directions as you would for a standard ritual. Lighted candles should be at the four points. You can also invite Demon friends into the circle with you. You should be able to feel their presence, or for those of us who are advanced, to see them in the circle with you. After you have assembled your circle and are ready to begin, it is important to breathe in form the earth and visualize a powerful electric blue light coming up from your feet and into your hand, holding the athame. Point the athame, direct the light to the tip, and mark your circle, visualizing the blue light and drawing a counterclockwise circle with it.

The energies raised need to be directed to your specific goal. When they peak, gather them into a glowing ball or other form of your choosing, send the form on its way with instructions, and visualize the energy penetrating your target. When you are finished, blow out the candles, north, then west, south then east. Using your index finger pointing, erase all of the blue light of the circle, moving clockwise in a smooth, slow sweep. Thank your Demon friends (if you had any accompany you) and scatter the stones.

You can also use the power of a stone circle to meditate in. This will act to enhance your energy. Meditation can be done sitting or lying down. Use the blue light for all of your workings. Satanism is one with nature.

The Breath: The Basis of Magick, Energy Manipulation, and Mind Power

Sit in a comfortable chair or lie down on a comfortable spot and relax. Imagine and will, with each inhale, not only your lungs are breathing, inhaling air, but also your whole body is breathing in energy. You inhale with your entire body. The breath acts as a focus for absorbing energy.

Know that along with your lungs, each single inch of your body simultaneously absorbs energy. Like a dry sponge when dipped into water absorbs, your body should absorb energy with each inhalation.

Since everyone is individual, how each of us feels the energy will be different in some respects.

To reverse this, exhale energy out. This can make you tired and shouldn't be done regularly other than to get a grip on how to do it.

Exhaling energy is for empowering talismans, charging sigils, healing- anything, and everything when you want to put energy into something or to direct it. Energy can also be inhaled and absorbed and then directed to a specific area of your body for healing.

In a very short time, you should be able to feel the energy when you breathe it in. As you advance, you will be able to see it without trying to visualize it. Feeling in this exercise is most important, especially when you are new. Do not try to see the energy as this can be a distraction. Just get a feel for it.

This exercise is the most important for working with your mind and manipulating energy, which is the foundation of all magick.

As you advance, you can use this technique of energy absorption to absorb energy from the Sun and from just about anything you choose.

Timing your Magick with the Moon

Timing your magick with the phases of the Moon is essential for success. A rule of thumb is to remember for white magick, this is best done while the moon is waxing (increasing in light; new to full). The best time is as close to the full moon as possible. Love spells, acquiring a new job, wealth success, and so forth. When the moon is waning (decreasing in light; full to new), this is the best time for success in black magick and works of destruction, the best time being as close to the new moon as possible. The waning moon is also a good time for ending things, banishing spells and ending personal bad habits, losing weight.

Moon in Aries

Projects begun when the moon is in Aries often begin with much enthusiasm, but tend not to last. This is a good time for inciting conflicts, high energy, me, mine, war, knives, weapons, guns, quick but not lasting results, fire, sharp things, metals, daring, sticking up for yourself, risk taking, independence and inciting accidents. Do NOT have surgical procedures performed on the head or face at this time. Magick ruled by Mars has the best outcome at this time.

Moon in Taurus

Projects begun when the moon is in Taurus are usually permanent or long lasting, especially when performed in when the moon is in the first ten degrees of the sign. Money, finances, possessions, material things, sensuality, earth, greed, permanence, wealth, things that increase in value, loans, bankers, slow but lasting results, time delays. Do NOT have surgical procedures performed on the neck or throat at this time. Magick ruled by the Earth and Venus are successful at this time.

Moon in Gemini

Communications, short distance travel, a Gemini Moon is dualistic in nature and rules over thievery, trickery, pulling a fast one, relatives, siblings and neighbors, and computers. Gemini lacks staying power and projects begun when moon is in this sign tend to change. Not a good sign for black magickal workings. More neutral in nature. Do NOT have surgical procedures performed on the shoulders, arms, hands, or nerves at this time. Magick ruled by Mercury has the best outcome at this time.

Moon in Cancer

Cancer rules over anything to do with the home, family, food, nurturing, the mother, women in general. Things tend to last, as Cancer is a clingy sign. Good for love spells, weather spells, altar consecration, blessing the home, mediumship, psychic endeavors, inciting over-emotionalism. Spells for the success in buying land, purchasing real estate, a decent place to live, and reconciling family members are best performed when the Moon is in this sign. Do NOT have surgical procedures performed on the stomach at this time. With love

relationships or marriages begun when the moon is in Cancer, if the parties break up, they often tend to reunite. Magick corresponding to the Moon is successful at this time.

Moon in Leo

Good for anything having to do with children, creativity, good for casting love spells; romance, success in gambling, winning, attracting center stage, personal charisma, men in general, the father, hobbies, speculation, risk taking, investments, stocks and bonds, authority and spells for gaining positions of power and authority over others. Do NOT have surgical procedures performed on the heart, spine, or back at this time. Leo is a fixed sign and projects begun when the moon is in this sign tend to last. Magickal workings ruled by the Sun are successful at this time.

Moon in Virgo

Health, sickness, wellness, things that require precision and perfection, hygiene, nutrition, herbs, vitamins, the armed forces, clothing, the work place, co-workers, workings of white magick and healing for others, service to others. Things that involve details. Hospitals, healing, the medical profession, institutions, bureaucracy, red tape, attention to detail. Virgo tends towards change. Do NOT have surgical procedures performed on the intestines, anus, or digestive system at this time. Magickal workings ruled by Mercury are successful at this time.

Moon in Libra

Good time to form love relationships, marriages, partnerships of all kinds or cast spells to ensure the success of or to incite these. Peace, diplomacy, negotiation, legal matters, workings with two people, contracts, getting people to do what you want them to do easily and peacefully. Do NOT have surgical procedures performed on the kidneys or lower back at this time. Best for love spells.

Moon in Scorpio

This is one of the best signs for black magickal workings. Revenge, hatred, venting, exposing secrets, death spells, surgery, transformation, obsession, pure sex, the occult, the darker side of things, extremes, research, banishing spells, ending things permanently, death and dying. This is the most powerful and intense of all the moon signs. Secret, underhanded, and covert operations, willpower, drastic destruction. Like its opposite sign Taurus, Scorpio is usually permanent. Do NOT have surgical procedures performed on the pelvis, reproductive or sex organs at this time. Magickal workings ruled by Pluto are successful at this time.

Moon in Sagittarius

Religion, Universities, travel, higher education, gambling, good luck, good for ceremonial magick, best for white magick, publishing, sports, the outdoors, the law. The Moon in Sagittarius corresponds to the expansive lucky planet Jupiter and is favorable for pulling off something big. Do NOT have surgical procedures

performed on the hips or thighs at this time. Magickal workings ruled by Jupiter are successful at this time.

Moon in Capricorn

When the moon is in Capricorn, this is another excellent time for black magickal workings. Depression, ruthlessness, using people viciously, long-term results. Honors, social standing, responsibility, authority, structure, setting long-term goals and plans for the future. NOT a good time to seek favors from those in authority. Magickal workings and spells that feature a time delay or are lasting, wasting, manipulating people, business, banishing. Do NOT have surgical procedures performed on the bones/skeletal system, teeth, or knees at this time. This is a "ruthless" moon sign. Workings ruled by the malefic planet Saturn are favored at this time.

Moon in Aquarius

Friends, groups, platonic relationships, society, electricity, workings within a coven, computers, technology, individuality, originality, freedom, independence, humanity, anarchy, the unexpected, bolt out of the blue, genius, revelation, goals and ideals, shocking people. This is the best moon sign for spells of independence and breaking away from restrictive situations. Freedom and coming into your own. Do NOT have surgical procedures performed on the calves or ankles at this time. Workings ruled by Uranus are favored.

Moon in Pisces

Poison, drugs, self-undoing, deception, sorrow, depression, isolation, insanity, very deep psychic stuff. Good for success in meditation and all psychic pursuits. Spells to deceive people, secrets, swindles, vulnerability. Secret enemies, altered states. This is the one of best times for endings, especially when the moon is in 20-30 degrees of the sign (make sure it is not void). Psychic healing can be done. Do NOT have surgical procedures performed on the feet at this time.

The Void of Course Moon

Timing is everything and doing something at the wrong time can screw up everything. The universe is working either for you, or against you. Knowing this can enhance your power.

A void of course Moon occurs every couple of days or so. This is when the Moon finishes making its last aspect to any other planets before it enters the next sign. Normally, this lasts a few hours, unless all of the other planets are in early degrees.

The important thing to know is **START SOMETHING ON A VOID MOON AND IT WON'T WORK OUT**. Projects begun, papers signed, items purchased, spells cast; everything done at this time has more than a tendency to go wrong. Projects begun during a void of course moon somehow never get finished or are prevented from reaching completion. Crimes committed during this time are rarely brought to justice.

Applying for a job or going for an interview during a void moon and more than likely, you can forget about getting hired. Plans made during this time get altered. Clothing bought may not fit properly or is never worn.

Taking out a loan during this time and chances are, you may never have to pay it back. This is the time the universe is full of loopholes. The rule of thumb is what is begun during this time is rarely completed. In many cases, this is a time to get away with things.

This is **NOT** a time to perform spells, as they will not work out. They will be ineffective.

For information as to when the Moon is void, many yearly books are available. Llewellyn's Moon sign book comes out annually and has this info. This can be purchased almost everywhere and is inexpensive. Ephemerides also contain this information for those of us who know how to read them.

More on Timing Your Magick

Like the Void of Course Moon, there are times when the energies of the universe are working against us. When certain planets retrograde, the planets and what they represent throw contrary energies.

When Mercury is retrograde, workings to acquire knowledge, truth, intellect; to pass exams and everything related to the mind, communication, travel, education, literary, electronics and everything else ruled by Mercury, the odds are greatly against the success of such things. Performing spells/magick related to these things will more than likely result in failure.

When Venus goes retrograde, this is not a good time for love, relationships, commitment, artistic pursuits and so on. Love spells will inevitably fail or result in disaster. Wait until the period passes.

With Mars retrograde, this is not the time to perform spells of revenge or violence/black magick. They can rebound and backfire, as the universe is working in reverse. Spells for bringing peace and harmony, as in one's family are aided at this time. Wait until the retrograde period is over with.

Knowing an enemy's date of birth, you can work black magick with the energies in their charts. Whenever someone has a retrograde Saturn period (we all have this), you can direct the negative energy to your own purposes for revenge. The universe is working against this person during a bad Saturn transit. Saturn retrograding over personal planets, through the first house or to a lesser extent, on the progressed planets, this is the worst time of one's life. The worst of all is Saturn retrograde on the chart ruler; you can only know this by knowing the birth time.

On the other hand, retrograde Jupiter is a blessing. Jupiter retrograde over a loved or desired one's Venus, same with Uranus, Neptune, or Pluto concerning love; a love spell in directing these energies can be most effective.

Retrograde Jupiter over your personal planets, love spells, money/success, promotions and everything else can come in abundance with the proper direction. Retrograde Jupiter is where we luck out and have opportunities. Taking control of this period and directing the energies will result in our success.

The Elements and Magick

The ritual tools should help in directing the elements. The rod is for fire, the sword, for air. Sex magick- orgasm produces fluids- works for water magick like for love. The pentagram represents us humans. The earth element ties all of the other elements. This is one of the messages of the Satanic point down pentagram, the power of the invoked earth element. The pentagram is US as human beings, not some altar decoration.

Fire magick is amplified with invoking and directing the fire element. Fire magick includes:

Confidence, fame, success in gambling, pleasure, securing popularity/charisma, increasing health and vitality, healing, protection, success, magickal power, creativity, enthusiasm, energy, stamina, major changes, adaptability, attraction, sudden changes, stimulation, enthusiasm, creativity, energy, gaining control, changing luck and inciting justice. Revenge, anger, pure sexual lust, and physical gratification, courage, determination, dealing with enemies. Inciting accidents, fires, injuries. Self-confidence, athletics, strength, magickal energy for Black Magick, intensity. Incites lust, energy, strength, sexual energy, dynamism, passionate love, physical desire, courage, will power, and athletics (especially competitive). Good for self-empowerment before workings of black magick. When used in black magick, fire as opposed earth is used to bring on sudden attacks, accidents, bloodshed, violence, and hatred. Fire can also be used to incite wars, anarchy, and cruelty. Properly evoking and directing the fire element will raise the temperature in whatever it is directed to.

Water magick is sex magick and any magick where body fluids are used. Sex magick can be used with other elements as well, but is ruled by the water element. Water magick is amplified through invoking the water element and includes:

Healing, love, making love, (affectionate; fire is for lust/sex), fidelity, reconciliation, beauty, youth, friendships, attraction, harmony, social functions, indulgence, pleasure. Meditation, psychic ability, telepathy, mind reading, Spirit communication, absorbing knowledge telepathically. Good for beginnings and growth. The home and immediate surroundings, imagination, memory, psychic awareness/dreams, spirituality, meditation. For psychic related, meditative/hypnotic, fertility, marriage, and balance. Inciting jealousy, greed, suspicion, resentment, sickness, disease, and disharmony. Water when directed to another can cause one to be overly emotional, have violent reactions, lash out, and have a very difficult time with being objective.

Earth magick is amplified through invoking and directing the earth element and includes:

Money, fertility, abundance, material gain, wealth, healing, communication with nature spirits, financial gain, earnings increases, possessions, riches, indulgence, pleasure. The earth element is used in death rituals and can be used

along with death energy, used in binding rituals, and to absorb, conceal, for self control, endurance, and patience.

Air magick is amplified through invoking the air element and includes: Intellect, computers, communication, audio, video, TV, electronics, books, literature. The Will. For passing exams, improving the mind, concentration, mental power, learning ability, speech, writing, publishing, media concerns, gossip, slander, interviews, brothers, sisters, neighbors, rumors, theft, all areas of study and communication, also astral projection, overcoming addictions, breaking habits. Good for friendship, imagination, creativity inspiration, and charisma. Air also incites confusion, chaos, irritability, nervousness, nervous exhaustion, arguments, and discord.

Part II Divination

Using a Pendulum

Sometimes, we need easy answers to things. A pendulum is usually accurate, easy to use and takes little time.

Begin by taking something like a small crystal, pendent, ring or other small lightly weighted object and attaching it to a necklace chain, string, ribbon, or some other kind of strand. This should be only kept for divination purposes and not for other uses.

Hold the strand with your fingertips and let the weighted part hang. For those who are new and or inexperienced with using a pendulum, it is a good idea to place yourself into a trance when working with a pendulum. Once you are confident in obtaining correct answers, you no longer need to be in the trance state. Now ask a question you know the answer to, like what day it is. Start out by asking yes or no questions. See what the pendulum does and get a feel for it.

I have found swinging right/left, like shaking ones head to imply no, means no and forward/backward like a nodding of the head means yes. When it goes in circles, the answer is uncertain. The wider the swing of the pendulum, the more accurate the answer. Pendulums can also be asked questions regarding how much, how many. The pendulum will swing, stop, swing again, and continue to do so a number of times before it completely stops.

For finding lost items, take the pendulum around the area and ask it if you are near the lost item. Spirits can also communicate to us through pendulums. We can concentrate and focus on the name of the spirit or Demon we wish to contact. The pendulum is an excellent way to communicate with Demons. With Demons, the pendulum can be placed over a drawing of or copy of the sigil and asked questions.

The Various Uses for a Pendulum:

Pendulums are an excellent means for communicating with the spirit world, checking the accuracy of other readings and divinations and many other different things.

To Find Something Lost:

In a Room - hold the pendulum and ask where the object is located. The pendulum will swing in the direction of the lost object.

In a house: Ask the pendulum, room by room, i.e., is it in the kitchen? yes/no, bathroom and so on until you narrow it down. Then go into the room and section it off.

On a Map: Start by asking if the missing person or object is in the area of the map. (For missing persons, it is helpful to have a photo and an item he or she has touched or worn). Hold the pendulum in the hand you normally use to divine

with it and a pointer or pencil in the other. Point to places on the map, until you arrow it down and go from there.

Outside:

Ask - "Am I facing the right direction to find... If the pendulum swings foreword or backward, you are moving in the right direction. In circles, move with the circle slowly, until it swings foreword and backward.

You can also draw a floor plan of a house or building and ue the map method.

Outdoor ritual sites:

Try using a map at first to pinpoint a good area. Places where Ley Lines and other energies on the Earth grid intersect, are powerful spots to perform all kinds of rituals. The pendulum will circle so fast when positioned over these areas, it will nearly be parallel to the Earth. The stronger the energies, the faster the pendulum will spin.

Past lives:

You can write dates on separate small pieces of paper or cards and space them out, evenly on a table. Ask about your past life and the pendulum will swing in the direction of the paper with the accurate date. You can keep going back this way in time. You can do the same with continents, narrow it down to countries in which you lived. People you now know and their relationship to you in a past life. Put on separate pieces of paper- lover, friend, spouse, family member and so on. Name the person and ask the question.

Health:

Ask about each area of your body or ask the aura of someone you want to know about. Keep narrowing down the questions with each answer you receive from the pendulum.

Gambling:

Be careful here, as mistakes can be costly, but you can take the pendulum to a casino and ask if this is a table or slot machine, you can win big at quickly and easily. The same can be done when betting on horses and so on. *It pays to be real experienced before you start going for the money.

Relationships:

A pendulum can tell you all sorts of things about other people. A photo or personal item of the person in question is a big help, but is not necessary. Just hold the pendulum over the item and ask questions.

Places to go to shop or get repairs done:

Just open the phone book and ask where is the most inexpensive and the best quality place for what you want. Name places and the pendulum will answer yes/no. A pendulum can also be helpful in diagnosing car trouble before pulling everything apart or taking it to a shop.

Rituals:

Ask what kind of incense to burn, the best time to perform the ritual, the best place, candle colors and so on.

Demons:

For simple contact of a Demon, place the pendulum over the Sigil of the particular Demon and begin asking questions.

Tarot cards:

Lay out several Tarot Cards as possible answers to a question. Ask the question and the pendulum will begin swinging in the direction of the card with the answer, until a yes is reached when it is placed directly above the card.

Any yes or no questions can be accurately answered with a pendulum. Small cards or papers with names of people, places or things can be lined up from left to right and the pendulum will start swinging in the direction of the card or piece of paper with the answer.

The pendulum should swing widely, as this is a definite yes or no. Circles are uncertain, and a small swing is not so sure.

Pendulum Practice

Everything takes practice, patience, and above all persistence, in the psychic realm. Most pendulum adepts have worked with their pendulums for years. When one is advanced, a pendulum can reveal practically anything.

For those of you who are serious about becoming proficient with a pendulum, I suggest you start out with asking the pendulum several unimportant questions at the beginning of your day, questions that pertain to events you know will occur during your day.

For example: Will it rain today? Will I receive money today? Will I get off from work early today? Ask easy questions that are not of any great importance, as emotions and desires very much affect the answers we receive and this is where inaccuracy can step in. Record the questions in your black book/book of shadows/journal. At the end of your day, go through each question, write the answer, and note whether the pendulum was accurate or not. You can also use your pendulum for finding lost or misplaced items. Always record the accuracy in your black book.

After several months, you should notice a lot of improvement in your accuracy. If you want to advance further, try asking the pendulum questions using a map. When recording your work in your black book, it is often helpful to note the time of day, the moon phase, the weather, and other phenomena. For ladies, including your time in your menstrual cycle is also very important. I have found this affects us more than most are aware of as it has to do with the moon. Remember, it is always important to be as relaxed as possible when working with a pendulum as to access the right/psychic side of your brain, which operates through the pendulum.

Ouija Boards

Ouija Boards are excellent for contacting and having conversations with Demons and spirits. I prefer to work the board alone, as another person is a distraction and prevents any real intimacy with the spirit contact.

For those of you who are new to this, make sure the board is on a completely level surface. It is important to enter into a trance when using a Ouija board. Place your fingertips lightly on each side of the planchette. Soon it will gently begin to pull. Just relax and let it work. It can take a few minutes to get going. It is important to be free from distractions and not to be disturbed.

My experience is I sort of go into a trance. Like when scrying or invoking spirits of the deceased, everything else in the room is blocked out. My total focus is on the board. It is sort of like an aura around all of the edges of the board, my attention is completely locked in, and nothing else outside of me, exists. This is just my own experience; we are all individuals, so some of yours may be different.

I am finding more and more, the higher ranking the Demon, the more energy you will feel. I have a Demon who is close to me and last night I conversed with him, using the board. I don't remember how long I was using the board. This was for quite a while. He asked me to say something specific aloud. When I did, I really felt powerful energy enter me, and light up like a flame inside of me.

When we have very close contact or invoke Demons, we can feel their energy. My skin still feels sensitized, like when I have a fever or sunburn, only no pain, even this morning. Their energy is electrifying. Satan's energy is different, as I'm sure many of you have experienced during and after rituals, it is calming and beautiful.

Demons come to us through telepathy and astral projection. It is my experience that Demons project differently than humans. With humans, you can see the connecting strands and when they leave, they snap back out quickly. Books say they are silver colored. The ones I saw were copper. I have never seen strands with Demons, but I know the higher-ranking ones physically exist in another world. There are some Demons who stay with us at all times, to protect us. These Demons are lesser as they are in spirit form.

The more you use a Ouija Board, the better you will become in working it. When we establish a close relationship with a Demon, all we have to do is tune into them and they will usually come to us. Each of us is individual and will have slightly different experiences in using a Ouija board and receiving messages:

1. The automatic method - In this case, the planchette moves automatically, without the operator knowing what the spirit concerned is going to say. Messages

in foreign languages will also be received, even in languages the operator does not know and has never heard before.

2. The inspirational method - this is the most common: here the messages will be given in a sort of thinking aloud inside or outside one's mind. In this case, one practically knows beforehand what the spirit is about to write. By frequent repetition this inspiration will become a loud thinking and listening in the passive communication. One will perceive messages from the one's mind or from outside of the self. This is sort of like dictation- the words come into your head and then your hands move the planchette.

3. The intuitive method - where you have the feeling as if you moved the planchette yourself. Any questions will be answered instantly. This is a kind of clair-knowledge. The planchette spells out words and sentences in full consciousness, without the operator hearing anything or being inspired in any way.

The methods also can appear in a mixed kind, for example half-automatic and half inspirational or intuitive and inspirational or all together. Which of the methods will be the dominant one will only be known after a long period of exercising. Each of the methods is good and reliable, provided you are using it honestly and candidly. Practice makes perfect! ¹

Using and Empowering a Black Mirror

Scrying can be a useful means to contact Demons and spirits, to foretell the future, and to secure answers to questions. A black mirror is ideal for these purposes. Traditionally, Obsidian was the material of choice in the making of a black mirror, but the method described below works just as well.

The cycle of the Full Moon is the best time to create a black mirror, as the moon rules the third eye and psyche. Any frame for a photograph can serve as a base for a black mirror. Take the glass from the picture frame and paint one side of it with black enamel. You will probably need to use several coats of paint. Oil based enamels are lasting, but they can take a long time to dry. Be sure to leave the glass to completely dry before placing it back in the frame.

Substitutions for a black mirror include a dark bowl of black liquid or a shiny black object, large enough to focus upon. I have found average everyday mirrors to work in a dimly lit room (candlelight is perfect). The empowering ritual below is for advanced meditators and is very effective. If you are not advanced, you can still use a black mirror with results and wait until you are more experienced to perform the empowering ritual.

Empowering Ritual:

During a full Moon, go outside if possible, some place where you have a bit of privacy. Go into a slight trance, breathe in energy from the Moon into your third eye on the inhale, and on the exhale, chant "Inanna"
E-E-E-E-E-N-N-N-N-N-N-A-H-A-H-A-H-A-H-A-N-N-N-N-N-A-H-A-H-A-H-A-H
vibrating, so you can feel it in your third eye. Do this for 30 times, then condense the energy from the Moon in your third eye and circulate this energy to your heart chakra and back to your third eye nine times, ending with the energy temporarily stored in your heart chakra.

Place a paper or parchment of the Sigil of Astaroth on top of the face of the black mirror, and place both on your altar. Astaroth is the Goddess of prophesy.

Write the following prayer on a clean piece of paper:

Hear me Lord Satan, I ask in your name, that the forces of darkness bestow their powers of prophesy upon this mirror; that I may use this magickal medium to contact any Demons I may call forth, to scry upon for the revelation of secrets, and knowledge that is unknown to me.

In the name of Satan/Lucifer, I petition Ashtaroth, to bestow the blessing of prophesy and all the powers related, thereof upon this mirror. All of this, I ask in your name, Lord Satan. So it is done.

At the height of your ritual, recite the prayer aloud and when finished light it in the flame of a black candle on the left side of your altar. Place the burning paper in a bowl to burn.

Now, take the energy stored in your heart chakra and release it into the mirror by exhaling it- chanting g- g- g-g-eh-eh-eh-eh-eh eh-eh-eh

The chant/vibration is done with a hard G as in the English word "Get" without the 't.' The base of your tongue should be as close as possible to the back of your throat when you vibrate the Gebu rune. Gebu is Astaroth's rune and is used with workings involving powers of the heart chakra.

With each exhale, vibrate the energy into your mirror. Visualize the energy entering the mirror. It should indigo (bluish-violet) in color (there may be some green or swirls of it) and grow with intensity upon each exhale. You should be able to judge when the mirror is fully empowered and feel the stored energy leaving you.

To use the mirror:

Position the mirror so it is at a comfortable level. You should be sitting comfortably when scrying. The room should be quiet and dimly lit, preferably with candlelight.

To begin a scrying session, enter into a trance, and imagine the mirror is black liquid water, jet-black like a well. Fix your gaze upon the mirror. The mirror will eventually brighten to gray and images of clouds will begin to form. Be patient, for the ability to see images of spirits and events will come with practice.

It is best to become familiar with your mirror before calling up any Demons. At first, nearly everyone sees clouds. This is normal and a positive sign. With experience and persistence, one will move onto other visions that will occur at random. These visions will be uncontrolled.

With experience, one will be able to call upon visions at will. An adept can experience visions that involve all five senses when scrying into the mirror; this can take some time, persistence and practice. Demons can touch the scryer, carry on lengthy conversations, and interact on a more personal level. The visions can begin to exist outside of the mirror and on all sides and surround the scryer.

When not in use, keep the mirror should be wrapped in silk to keep the energy from escaping and kept in a safe place where others will not disturb it. The energy will need to be replenished every so often. You will have to place your mirror in a window or out of doors under a full Moon to absorb the lunar energies. To do this, breathe in energy from the Moon into your heart chakra and exhale it into the mirror from your hand chakras. If you are open, you will see with your third eye, and feel when the mirror is fully empowered, and sense when it needs to be recharged.

Necromancy: Summoning, Contacting and Communicating with the Dead

Many books on witchcraft, séances, channeling, and mediumship advocate an elaborate process in order to contact the deceased. In reality, it is not all that difficult to summon someone who is hanging around on the astral.

There are many who are "lost souls" and are trapped on the astral. In the case of those who have been reincarnated, if you are in tune enough, you will be able to pick this up and know it is of no use to try to contact them, as they are already in another life.

Deceased Humans are "spirits." These are of a lower order. They are not as powerful as Demons or angels, unless the person empowered his/her soul.

The astral is usually a lonely place for these souls and often, they wish to make contact with the living. Ghosts that are seen or sensed in old houses (often the person died there), those who cannot part from living family members or loved ones; usually the ghost attaches itself to something - the house, the place of employment, the living family or a surrogate family.

There can be unfinished business where the deceased needs help from the living, as with a burial, solving a homicide, missing person or something where the deceased cannot "rest." Most often, the deceased will make him/herself known. Objects can be misplaced, electrical appliances can be turned on or off, he/she can be felt, even by untrained individuals.

How to Make Contact:

The deceased does not need to be hanging around to establish contact. If he/she is dead, he/she can be contacted, provided he/she has not reincarnated. A summoning can be done at any place where one can focus.

Tarot cards can be used to make contact. A Ouija board or pendulum can be used to communicate. In cases where there is a group, all participants should be in tune and serious. One person will act as the medium.

1. The person closest or the nearest in contact with the deceased (in the case of a known spirit), shuffles the cards, concentrating on a reading to contact and give information about the one being summoned. The medium then begins to read the cards. Do the same, if you are substituting a Ouija board. In using a Ouija board, the medium should sit opposite the person wishing to call on the deceased. Having a personal object of the deceased can be a help for those who are inexperienced or not as psychic, who are acting as the medium.

2. Usually the person closest to the deceased will feel him/her before anyone

else. The person acting as the medium will draw in the soul and speak for him/her. When finished, direct the soul to depart. Do not bind in any way with the soul. Keep it as impersonal as possible.

When contacting spirits, the strength of your aura or experience will act as a beacon.

A Pendulum can also be used. The medium should have some experience with a pendulum, should he/she decide to use this method. Begin by asking if there are any spirits in the room/house/building/area. If the pendulum answers "yes" then you can go on to ask more questions or use a Ouija Board to get a conversation going.

Human spirits are fairly easy to invoke. They do not in any way have the energy of a Demon, as I have invoked both. The energy from a human, usually, can only be felt when he/she enters your body. A Demon on the other hand is electrifying and the residual energy can make your skin tingle for several days afterward.

Never try to force the spirit into answering questions they do not wish to answer. Being rude will give your aura a bad vibe on the astral and future attempts at contact or invocation of other spirits may be thwarted.

Void meditation is essential here, as is a strong mind and spirit, with total control over your own thoughts and emotions. The ability to turn off and block out anything unwanted is of extreme importance when invoking anything from the astral. Some spirits feed on fear, an untrained mind, or other emotions. People who are fearful, overly impressionable, or prone to excessive emotion/hysteria; unstable behavior, should not take part in any séances! One must be cool, calm and collected at all times during a séance. The medium must always remain in total control of the situation.

When souls of the departed are contacted, they are as they were when alive. The personalities do not change, at least from the experiences I have had. This is another reason we all should make the most of our life here, as we all need to work toward developing and empowering ourselves spiritually.

Part III

Beginning Magick

Standard Destruction Ritual for Revenge

The following ritual is for beginners and those who are new. Adepts use more techniques that are advanced and in many cases, a formal ritual is not needed. The strength of your mind, aura, will, focus, and hatred determine the outcome of any destruction ritual. When one is new, Satan and his Demons often grant favors, but the essence of true Satanism is self-empowerment.

The Destruction Ritual begins with the Standard Ritual.

After invoking the Four Crowned Princes of Hell, you should read a prayer that you have written by yourself in your own words asking for the destruction of your enemy. Work on only one enemy at a time, unless you have a specific agreement with a Demon/ess in exchange for services you both agree upon. Attempting to punish more than one enemy at a time will only weaken your energies, as they will be dispersed. Energy should be directed like a laser to do its job.

Included in the prayer should be the name of the offending one, the severity of the punishment you wish to see inflicted, and how they offended you and your feelings about being victimized. It also helps to have either a small personal possession of the offender's or a photo of them, but is not necessary.

Either read the prayer aloud or silently to yourself, then push the tip of your athame through the paper and light it with the flame of one of your candles and place it in the burning bowl.

Now this next step is extremely important. The following is a good cathartic that can be a lifesaver to one's mental health and psychological well-being. This is the meditation step and is highly recommended in cases where there is an extreme amount of pent up anger and hatred: Here is where you visualize the person as clearly as you can and just let loose until total exhaustion. This ritual is best done while the offender is sleeping.

Visualize the offender clearly and inflict all of the mutilation, injury, and pain you can imagine upon them. Beat them, stab them, torture them, and torment them. You can repeatedly recite their name over and over again in your mind. Release all of your hatred and anger in any way you wish. Just do it in your mind. Some people hate someone so hard they cry- this is fine, this is a cathartic and a very intensely emotional release. You must continue on and on until you are literally exhausted.

The most important thing here is to stay focused. You should also feel very justified. Any lapse in concentration or feelings that creep in where you feel you are not 100% in the right and completely may not only destroy a destruction ritual, but can be dangerous.

Now, close the ritual by giving thanks to Satan and any Demons you may have called forth that the offender will be rightfully punished. Ring the Bell, turning clockwise and say HAIL SATAN!! Either silently to yourself or aloud.

Take the burned remains and you can flush them down the toilet or dispose of them in some other degrading manner.

NOW THIS STEP IS EXTREMELY IMPORTANT:

Take all of the time you need with this and then some. You have just dealt with some very negative and destructive energy. You should clean your aura and chakras. This is done by continuously placing a white light or cleansing fire around your aura to clean and burn off negative energy residue. Then proceed to place the light or fire around each of your chakras one by one. Then proceed to spin your chakras- say to yourself "speed of light" for each one. See it spinning until it turns a brilliant white like the Sun. Stand up and visualize a flat disk like table surface above your head, shining a brilliant white. The surface will descend upon your head and all the way down through your body and past the bottoms of your feet, pushing and expelling any negative residue from your being. Repeat this exercise at least two times.

You should also keep cleaning your aura for several days following the working.

It is important that you put the experience behind you and do not dwell on the offender or concern yourself with hopeful anticipation over their punishment. Let the working do its job. Banish the offender and the incident from your thoughts. This working can take up to a month or more.

**The ritual can be varied, using a POPPET

Creating an Astral Temple

Making regular use of an astral temple can increase the effectiveness of your magick and has many other uses. Astral projection is ideal, but not necessary. A deep meditative state and visualization are the keys.

You should construct your temple during ritual, where you can ask Father Satan to bless it. Meditate for as long as you need to construct your own place. This should be done after the invocation where you write a request for Satan to bless and consecrate your temple.

You can construct your temple any way you wish. This is your area. Visualize the outside of your temple first. This can be a pyramid or any shape you choose, and made of any materials you choose (they should be strong).

Walk through the door. This is your area. Create your own altar, carpet or floor, any size, shape or color. You can add anything to your temple that you wish. Burning lamps of fire, huge Baphomets, velvet walls of red, blue, or black, seats with cushions lining the walls for meeting with Demons, huge golden or silver incense burners- these are just a few ideas.

This is your very own private inner place where you are free. The more you visit this place, the stronger it will become.

When finished with the ritual, you should at some time perform sex magick where you go to your astral temple and use orgasm to direct a powerful energy of light (this should be electric blue) to fill the entire place. This can be done more than once. When finished, you can invite your Guardian Demon and any other Demons you have relationships with to see it.

Uses for your astral temple:

- Ritual
- Meditation (all kinds and astral work)
- Telepathic communication with other human beings
- Meeting with Demons

You can meet with Demons here. You should first know the Demon you wish to meet with and have a relationship with him/her. Here is a place where you can communicate and ask questions.

You can also go there and focus on certain issues requiring psychic ability or communicate telepathically.

To communicate telepathically with another human being, go to your temple at a time when he/she is sleeping and 'will' his/her soul to your temple. Do this by visualization. When he/she is present, if you wish to influence him/her, separate his/her soul drawing out the light body and speak to the light body, giving short commands in the present tense.

If you wish to discuss something of importance, speak as you would as if he/she is actually sitting across from you. You can also tell him/her that he/she will not remember the actual meeting taking place when he/she awakens, but will obey all commands.

Binding Spell

What you need:

- Material to make a poppit
- A small personal belonging of the individual you wish to bind (that can be sewn inside of the poppit)
- A long enough piece of dark blue material or ribbon to bind the poppit like a mummy.
- A nail and a tree on which to hang the poppit

You can use herbs to fill the poppit if the article is not large enough or does not fit the form of the poppit. Adding cloves will act to .still the tongue.. Remember herbs have no real power of their own, other than medicinal properties. To maximize the power of the herb(s), they must be infused with the elements and other energies. Other herbs to add include one or more of the following:

- Agrimony
- Asafoetida
- Birch
- Bloodroot
- Broom
- Comfrey
- Cypress
- Dragon's Wort
- Hyssop
- St John's Wort
- Rue
- Tobacco
- Vervain
- Mullein

All of the above herbs are ruled by the planet Saturn. Saturn is the planet of binding. When you are finished stuffing and sewing the poppit, mark it to represent the person you wish to bind. Draw the individual's face as best you can- facial hair, if any, glasses- this does not have to be perfect. Now sew up the mouth with intent.

Now go outside, or if you already are outside- go to a tree where the poppit can be nailed by the unbound foot and hung upside down in the image of the Tarot Card of the Hanged Man.*

This card represents at a standstill, inactivity, one in suspension; left hanging. Nail the poppit where it will not be disturbed or easily seen. Give thanks to the Powers of Hell and leave the poppit.

*This step of the ritual (how to hang the poppit), was given to me from Azazel.

Love Spell

To incite love or lust, sexual orgasm is used and directed into the soul of the desired one. This ideally should be done often and when he or she is asleep. Stimulate yourself to climax by fantasizing over the desired one. At the moment of climax, visualize the energy lighting up his or her entire body and aura and command it with an affirmation. The affirmation should be short, in the present tense and to the point. For example: "__ (name of desired one) __ is deeply in love with me and sexually desires me."

To further empower the spell, go into a trance and when he or she is preferably sleeping, visualize his or her and pull out his/her light body and gently but firmly command it. For example: "__ (name of desired one) __, you love me and desire me greatly, every day. I am irresistible to you."

The more often you do this, the better. This may also have to be reinforced every so often.

The Aura

Everything has an aura, whether it is living or inanimate. The aura is an energy field created by the vibrating atoms and molecules that comprise all matter. The universe itself vibrates to a certain frequency and the gravity that holds everything together is electromagnetic in nature.

Everyone's aura is as unique as his or her own fingerprints. No two auras are alike. The aura can be used to protect, attract, influence, maim, or even kill. This field of bioelectricity surrounding living things can be programmed using the power of one's mind.

Those who are trained and have an active third eye can see auras clearly and discern much personal information just by reading the color, strength, size and shape of one's aura.

To see your own aura, you should start out by going into a light trance state. You should have already opened your third eye.

Hold your hand out in front of you, preferably against a dark background. In the beginning, you should be able to see some faint lines surrounding your hand and fingers. The more you tune into this, like anything, (practice is what is needed here), the better you will become. The better you become at seeing your own aura, you soon will be able to see the auras of others, by just tuning in to them. Later on, you will be able to see colors, layers, and shapes.

Feeling auras is much easier than seeing them. Power meditation, when done consistently, increases one's sensitivity to energy. Manipulation of energy is essential in working spells and magick. To feel your aura, run one of your hands over the top of the other, or over your forearm. You should feel the energy. You can also practice feeling the auras of friends and family members if they are interested in letting you do so. This will develop your touch sensitivity.

To strengthen and build your aura, you must take in energy. This can be done through power meditation. The Energy Meditation is excellent for charging up your aura.

Hatha (physical) Yoga and Tai Chi also help to strengthen and build the aura. Both of these disciplines tend to balance the auric energies as well.

Cleaning your aura is very important. A clean healthy aura strengthens the immune system and prevents harmful energies from invading one's body. Nearly all harmful entities are invisible to the naked eye. Energies, as most physicists know, can be broken down into sub-atomic particles, for example, light can be broken down into photons. The energy radiated by a powerful aura will burn these harmful energies and entities up before they can do any harm.

Cleaning your aura with a powerful white-gold light is imperative after any rituals involving the employment of black magick, throwing any curses, no matter how

small, on the spur of the moment, or any exercise involving the use of negative or destructive energy. One's chakras should also be cleaned and empowered. This is done by putting a strong and intense white light on each chakra. This is needed to rid one's self of any residual negative energies that could otherwise do harm. This also prevents rebounding energies. Always take as much time as you need; never be in a hurry. Prevention is always better than having to deal with problems later on.

A powerful aura gives health, happiness, charisma, and energy. People with weak auras are usually in poor health and are depressed. Our personal energies act on our environments and direct our fate. People who have weak auras are usually prone to misfortune.

The aura can be programmed with power hypnosis. Read the page on power hypnosis to make maximum use of the following workings. Now, with dealing with the aura and subconscious mind, one must always be 100% clear on every aspect of what is desired. With love, we don't want one who is unavailable. With money, we don't want it to come to us through tragedy- this sort of thing. When working with the mind as in ceremonial magick, energy takes the quickest and easiest route to bring us the desired result and if every aspect isn't covered, any undirected energy will seek out whatever is available. Color is especially important when programming the aura. Below are examples of how we can effectively program our auras to do things:

For example:

You want love in your life:

Visualize your aura while you are in a trance, the deeper the better. Breathe in energy and affirm several times in the present tense:

.My aura is attracting my perfect [love/sexual partner, soul mate, whatever].

Change the affirmation to suit your own individual needs. Affirm this with meaning, five- ten times while breathing in energy.

To attract the love/lust and or attentions of a specific person:

Affirm: I am programming my aura to attract and act on _____'s, aura.

He/she finds me very attractive and sexually irresistible.

You want/need protection:

Breathe in powerful white-gold light. With the inhale, breathe it in to meet in the middle of your body, packing it in brighter and brighter. With the exhale, keep expanding it. The energy should grow brighter and brighter.

Affirm: "My aura is very powerful and is protecting me at all times."

This a good exercise to be done on a regular basis, for building a strong, protective energy field.

You want to make a good impression:

A powerful aura will often influence others to grant you favors.

Affirm: My aura is making a very positive impression on _____. If this is a job interview, (the person(s) interviewing me tomorrow, whatever). The people hearing my presentation, the group etc. Always state this in the present tense. The subconscious mind does not understand the word "will" and "will" never comes.

For keeping unwanted individuals away:

Breathe in white light like the Sun. White light reflects and repels.

Affirm:

.My aura is repelling, [inspire fear/dread] in _____, and keeping _____ far away from me at all times.

To heal yourself:

A lot of energy is needed for healing. Breathing in energy from the Sun is excellent for empowering one's aura. The Sun also contains all of the colors of the chakras in their most pure and vibrant states. The Sun (666) is one of the most powerful sources of energy there is. When one is ill, there is an imbalance in the chakras ruling the body part/s that are injured or ill. To heal, you must work with both the color of the ruling chakra and its opposite to create a balance.

Breathe in the color of the energy of the chakra ruling the injured or ill body part and affirm:

.I am breathing in __(name of color)__ energy that is balancing my __chakra__ and healing my_____.

When you are finished, breathe in white energy to balance your aura.

The auras of others can also be worked with and programmed.

From reading the above, you should by now be getting the idea and able to improvise your own affirmations.

To protect loved ones:

Put a powerful white-gold light around the person. For more powerful workings, this is best done in a deep trance.

Affirm: I am placing a powerful protective aura around _____. This should be done regularly, and can be done while the loved one sleeps.

For inciting lust:

Put a powerful red or orange aura around the person.

Affirm:

" _____ is experiencing irresistible sexual obsession, desire/lust for me"

" _____ finds me sexually irresistible." You can masturbate using sex magick and drive the energy into the desired one's aura. This is best begun on a Sunday or Tuesday during a waxing Moon. Never do this when the Moon is in the celibate sign of Virgo, though.

For inciting love (also see love spell in the preceding chapter):
Put a powerful green aura around the person. Feel strong feelings of love as you program it.

Affirm:

"_____ is falling deeply and uncontrollably in love with me."

"_____ is obsessed with me." etc. You can also use sex magick here as with the working above. This is best begun on a Friday during a waxing Moon.

Healing others:

Visualize a powerful white-gold aura surrounding and glowing about the loved one. You should also use color energy (see the above paragraph on healing for one's self)

Affirm: I am putting powerful healing energy into _____'s aura; this energy is effectively fighting the _____ and restoring him/her to perfect health. In cases of serious illness, this may have to be done often every day. Healing others can be extremely draining. If you are inexperienced, remote healing is best. Direct contact as with the hand chakras applying energy directly to the afflicted one can be dangerous. The illness can be absorbed into the healer. To do this type of direct work, one must have a powerful aura and work to clean it thoroughly after each healing session. Using the energy of the Sun is most effective here.

Black Magick and Killing:

Killing:

This is best done while the offending party is asleep. Put a black aura around the person, as this will prepare his or her own aura to absorb the destructive energy. After doing this, you can vent your hatred. Be sure to visualize over and over again with feeling, exactly how you intend this person to die.

Affirm:

"I am placing a powerful aura of destructive around _____ that is continuously working to kill him/her. This work is best begun on a Saturday or a Tuesday during a waning Moon. Be sure to clean your aura and chakras following each working. "

To cause bad luck and/or harm:

If your own aura is powerful enough, just sitting and stewing about the person should be enough. I have found it is important to visualize repeatedly in a relaxed, but angry way a specific misfortune.

With all workings of black magick, the outcome depends on the strength of the auras involved. The aura of the victim *must* be weaker than that of the sorcerer. If the victim's aura is more powerful, the working could rebound as a more powerful aura naturally deflects negative energy. Some people just have naturally powerful auras. This can come from past lives. If an offending person naturally has a more powerful aura, you will be able to feel resistance. Take the time to build your own aura before doing any kind of this sort of working.

Banishing Ritual

A banishing ritual should be done on a Saturday when the Moon is waning. Use a standard ritual and write on a piece of paper asking Satan to bless the area.

Place the sigils of Flauros (Havres, Haures) and Orobas on your altar during the ritual. These two Demons work to keep unwanted spirits out. Ask that they be blessed and empowered, and for Satan to send these Demons to you to protect your area.

When you burn the paper, meditate strongly and imagine a strong electric blue light, like a flame, run it along the ceiling, in the corners, down the walls and the floor. If you can get your friends to help in the ritual, your combined power will really do the job. Everyone should focus the blue light.

Thank Satan and the Powers of Hell for blessing your area. Make sure the sigils are well protected. I put mine in a CD case.

Any spirits or negative energies in the area should be banished. This ritual may have to be repeated if the unwanted energies are particularly strong.

Part IV

Intermediate Magick

Image Magick

Image magick has been used for centuries. The basic idea is that using some object to represent a victim, what is done to the object is done to the victim. This practice goes all the way back to Ancient Egypt.

For best results, use a personal belonging of the victim's that has their vibes in it to construct the poppit. A photo, a small article of clothing, car keys, small personal possessions, hair, fingernail clippings, sexual fluids, or even dirt taken from a footprint can be used. There are endless possibilities, as long as the article has a close connection in some way with the enemy.

Poppets were often constructed from wax or clay in the old days. Wax can be hard to work with. It is best to construct the image to be sturdy and not soft, if you plan to inflict any serious damage. The poppit should be constructed to take abuse.

What is important is that the right amount of focusing and hatred goes into the working. Driving a nail into its head will cause insanity. Driving a nail into the heart, with the right kind of focus and intensity, will cause death if done with enough intensity and the operator's aura is powerful enough. Burying the image in the ground will cause the person to waste away as the image rots in the ground.

Take whatever you have and use it in the construction of the image. Clothing articles may have to be cut to size. What is left over can be saved for the ritual working.

A doll can be sewn and stuffed with what you have obtained. Wax, clay or the like can be molded and blended with pieces of the victim's personal belongings. While constructing this image, chant aloud, or inside your head, the name of the enemy it represents, repeatedly as long as it takes to complete the image. This should be a mantra of hatred.

While chanting, focus intensely on the wrongs this person has committed and your hatred towards them.

When it is finished, write or engrave the enemy's name upon it. If you wish to completely destroy the enemy, this is best done during a waning Moon. Moon in Taurus, Scorpio, Capricorn, and Pisces are good times for this kind of magick. You can perform a full ritual, where at the height of the ritual, you present the poppet, read aloud or to yourself the wrongs the enemy has committed against you and the curse you wish to inflict. When you are finished reading, burn the paper the curse was written on in the flame of a black candle. I have a silver burning bowl where I place my requests or whatever after I have lit them.

While the paper is burning and for a while afterwards, focus all of your anger and hatred upon the enemy, chanting their name repeatedly. This is the time to drive nails into the image, roast it over the fire, twist it, and mutilate it or whatever. Go over the offenses; get all of the anger out until you are completely exhausted. At this point, the image can either be burned (this is best done outside in some secluded area) and the ashes can be buried. Close the ritual.

We have found it most effective to nail the poppit to a tree through the head and the heart. Another technique is to bury it. You must direct the hatred and anger. In my own workings, I have found one does not have to get overly emotional, just a strong determined will, directing anger into a specific event, for example a specific type of accident, repeatedly. This should be very clear in your mind and is best done while the victim sleeps. The victim should have easy access to the type of accident or death you have planned. For example- one who never flies obviously won't die in a plane crash. You have to know the victim's habits and have a clear image of him/her in your mind and the misfortune you are willing to befall him/her.

It is always important after a ritual to clear your mind of the working and let it do its job. Don't forget to clean your aura and chakras after any working of black magick.

Creating a Thoughtform Servitor

IMPORTANT!!

THE FOLLOWING INSTRUCTIONS ARE FOR CREATING A THOUGHTFORM FOR WHITE MAGICK. FOR BLACK MAGICK, YOU DO *NOT* WANT TO CONNECT IN ANY WAY WITH THE ENERGY, FOR OBVIOUS REASONS!! FOR BLACK MAGICK, INSTEAD OF INVOKING THE ENERGY, YOU FORM THE ENERGY OUTSIDE OF YOURSELF AND DRAW IT FROM SOURCES THAT HAVE NO CONNECTION TO YOU. A LACK OF KNOWLEDGE IS WHY SPELLS SO-CALLED "BACK-FIRE."

A thoughtform is a small packet of condensed psychic energy. Like all energy, the thoughtform can be programmed to carry out specific tasks and/or directed to travel to a target area. The success of the thoughtform is dependent upon the mind strength and aura of its creator. A weak thought form will quickly dissipate, accomplishing nothing.

Powerful thoughtforms, ideally, should be disintegrated after their tasks are completed. Energy feeds on energy and a thought form that is several weeks old will have accumulated all kinds of different influences, emotions and other energy from its surroundings. This might appear to be amusing to some, but the mutated thought form has often been known to reappear in the locale of its creator, only to wreak havoc, due to the outside energies it has accumulated.

To create a thoughtform:

1. Sit comfortably.
2. Enter into a deep trance.
3. Keep your eyes closed during this one. When you are completely relaxed, and you can no longer feel your body, you are ready to begin.
4. Now, visualize a beam of light entering your body through the crown of your head and filling your aura. The color of the light should correspond with the intended working of the thoughtform. Saturate your entire being with the colored energy until you are vibrating with it.
5. Given the nature of the working, choose a corresponding chakra (according to color) where you will release the energy. Keeping your eyes closed, visualize this energy streaming from the chakra and forming a ball in front of you. For works involving the base chakra, (normally black magick), you should visualize the energy leaving the base chakra and the energy ball packing between your legs. For workings involving the crown, pack the energy straight up above your head. It is important that the energy be released in a straight line. Keep packing the energy into the ball so it becomes more and more solidified.

6. When the energy is sufficiently strong, you can begin to shape it into whatever form will serve your purpose. Visualize what it is you want this creature to do and infuse the creature with it. Keep it simple. Complex and detailed instructions don't work with thought forms.

7. Using a very short phrase, 1-5 words, silently or aloud, keeping your eyes closed, command the creature, then release it like a bullet shot into the void.

The creature will feed on the emotions of whomever it is sent to. You can even program it to attach itself to another person's aura.

For example:

In the case of arousing love/lust, you can masturbate and drive the energy into the creature at the time of programming. You should use the energy from both your base and second chakras to incite lust. For workings of affection, use the heart chakra. For workings of sexual love, use the heart and second chakras. The dominant energy color should be the basis of your working. Say you want a lot of love, but some lust as well, then visualize the energy as green with an orange dust. Certain colors can be combined, but those that create an entirely new color as with green and orange = brown, the energy will not be harmonious with the working. Then all you need for the command is the person's name you wish it to attach to. Ideally, you should command the form to attach at the appropriate chakra for the working; i.e. for lust, the second chakra.

Thoughtforms can be attached to material objects as well. They can protect or cause damage.

To destroy the thought form:

1. Summon it. Visualize it coming to you and hovering in the air before you.
2. Focus and visualize the energy dissipating like smoke into the air. Say something like "you are no more!"

You may have to do this several times.

Using Thoughtforms

There are times when we want to influence many people at the same time. This can be done with a thoughtform programmed and placed in a certain room or area. We all know how places become haunted or have certain vibes in them. This usually happens because of an event that provoked intense emotions and left traces of these emotions behind by living people.

When we are powerful enough, through intense concentration and focus, we can project energy into our hands and mold it into a ball (we should be able to feel this if it is strong enough for a working) or project energy into a ball using our chakras. The energy ball can be placed in an area where it will remain undisturbed, to be worked on later, by projecting more energy into it to make it more powerful. When we project the energy, it should be of the color of the influence we wish to manifest; for example, yellow for friendship, pink for romantic love, red for hatred and discord, accidents, green for the attraction of money and so forth.

While projecting the energy and color, we need to program the thoughtform with focus and intensity. When the thoughtform is finished, we command it to go to the area where we want it to influence. We can put more than one in large areas, such as an auditorium, workplace, school, etc. After a while, they will need to be replaced, as they will dissipate as they influence people. One well made thoughtform can influence as many as 100 or more people at a time.

How to Deliver the Evil Eye

It has been said many times, "the eyes are the window of the soul." The eyes are the only opening to the brain that is not encased in bone. Through the optic nerve, the eyes are linked to the brain. When we train our minds and elevate our bioelectricity, we can directly mesmerize other people by just looking into their eyes and catching their gaze for several seconds.

How this is done:

- You must have a strong willful mind, able of controlling others who are weaker.
- The closer you are to the person, the more effective this technique. This takes practice.
- You have to be in a trance yourself. An adept can will him/herself into and out of a trance, anytime, anywhere.
- You have to concentrate and project your bioelectricity along with your intentions out of your own eyes into the other person's.

1. Sit in front of a mirror and relax. Look up for about 1-2 minutes, this helps to get you into the alpha state. Deepen your trance as deep as you can go.

2. Focus into your own eyes in the mirror. Start projecting your energy through your eyes. *When training, do not focus any negative energy upon yourself for obvious reasons!

3. You should start to feel your own energy, as it is reflected back through the mirror. Do this every day and your energy will become stronger.

4. When you feel much power and you are confident enough, you can try this out on other people. Animals are also very susceptible. You will be able to stop an attack dog in its tracks.

When mesmerizing someone, command this person, in your mind what it is you intend for him/her to do, experience, etc. The same goes for curses that should be delivered with maximum hatred and intensity. The commands should be a short phrase. Animals communicate through mental images.

Look deep into his/her eyes, almost past them into the back of their skull, directly projecting your energy into their brain to do your will. Focus intensely.

This is a very advanced skill. You can also practice with a close or trusted friend, as long as you keep the energy positive. Negative energy will cause harm, so don't play around with this.

This skill takes often years of consistent practice to become adept to where your stare, in just a few seconds will put others under your control.

Sex Magick

Sexual Orgasm is equivalent in power to the Life Force. Using sexual orgasm in ritual and in your magickal workings can give much added power to your outcome. Sex Magick is ancient, extremely powerful and is the creative principle.

At the moment of orgasm, one automatically enters a brief trance state. The powerful orgasmic energy can be directed. This is visualized as a brilliant bright light like the sun and can be directed into thoughtforms, the one of one's desires, talismans, and so forth.

Women and men both differ in sexual energy. Women tend to peak in power according to cycles. Women are at the height of their power during menstruation. Psychic work, astral projection and other pursuits that require heightened sensitivity are greatly assisted after a strong orgasm. Orgasm is also an excellent way to induce relaxation before meditation.

Sexual fluids, both semen and vaginal secretions, and menstrual blood have the power of the life force. A woman is at her most powerful at the time of menstruation. This is because of the natural increase of copper in her body. Copper is a conductor of bioelectricity.

At the moment of orgasm, it is important to direct your entire concentration and desire to your goal, willing it. Visualize the orgasmic energy in the form of a beam, ball, or vortex, penetrating the object/person, lighting it up with a brilliant aura of energy that is programmed. This is basic simple sex magick.

Sex magick can be done alone, or with a partner or Demon/ess or in a group. When working with others, it is very important as in all magickal practices that everyone works together with some sort of organized effort. Merging orgasmic energies with a Demon/ess is extremely powerful.

Ectoplasm

About Ectoplasm:

Ectoplasm has many different astral uses. Extra-terrestrials use this in a much more potent form than humans. This is the cloud that forms before many abductions, where there is a loss of time and memory. Ectoplasm can make one invisible and can be used to kill with death rituals. After proficiency is achieved in producing this substance, one can will it to manifest in specific colors that are harmonious with the objective of the working.

The most common example of the use of ectoplasm is with mediums. The ectoplasm gives the evoked spirit something to manifest itself in. Ectoplasm can also add much more potency to creating a thoughtform.

How to secrete ectoplasm:

Ectoplasm is the substance we see with the clouds when scrying. This is a minor form of ectoplasm, but will get you started.

Candle light is perfect for this exercise. Candle color here does not matter, so use whatever you have available. If you have a black mirror, you will want to use this, but any other similar props will do. You can even use a regular mirror or a bowl of dark or black liquid.

1. Sit in a quiet dimly lit room.
2. Relax and go into a trance state. This does not have to be a deep trance, just enough so you are focused.
3. Look into the mirror or bowl of liquid and stare at one point. You should eventually see clouds form.
4. Concentrate on these clouds, willing them in a soft way to condense and thicken.
5. When you are consistently able to will the clouds to condense and thicken, gently and slowly take your eyes off the mirror. You should still be able to see the clouds in front of you. Try to focus on them for two to three minutes.
6. The goal is to secrete this substance and to manipulate it at will.
7. Blink your eyes, move your fingers and toes, and gently bring yourself back from the trance.

When you become proficient at secreting ectoplasm, will the ectoplasm into a ball shape. From there, work at making it thicker and form it into different shapes. This will take practice so be patient. After a time, you can will it into different colors for specific purposes.

Energy Ripping

Black magick is all about the manipulation and direction of energy. The strength of one's mind and aura determine the type and amount of energy that one can direct and handle safely while producing the desired results. Workings fail because of weakness of one's mind and aura.

Energy ripping involves drawing off the life force. One should already have a strong aura that can pull energy at will and be able to transform it for one's personal benefit. There are two ways of going about this. One is the destruction of victim's aura and the second is hooking up an energy line and draining the victim dry. This prepares the victim to be much more vulnerable to psychic attacks and completely opens him/her for the willed input of destructive energy from the mage.

One should have a photograph or image of the victim. This is so one can visualize him/her clearly. This is very important to the operation.

1. Go into a trance state.
2. Begin by visualizing yourself drawing off the victim's aura and disintegrating it. You can visualize yourself actually eating and ingesting the aura until it is completely gone or drawing it into your sexual chakra. Always draw energy with your feminine chakras as these absorb. The masculine chakras project energy. It is best to absorb this type of energy in the lower chakras.
3. When the aura is disintegrated and ingested, visualize drawing off all of the inner energies. The victim should change from white energy to grey energy and then to black, indicating the life force has been completely drained.
4. Clean your aura and chakras thoroughly after each working to transform the absorbed energy into personal benefit.

The above four steps should be done frequently, a minimum of 3-4 times a week to more than once a day. It will eventually take its toll.

After the working has done its job and depleted the victim, one should follow up with black magick workings. Before each black magick operation, the victim's aura should be prepped with black energy so he/she will absorb the destructive energy. Just visualize him/her with a black aura and proceed with the working.

Don't forget to thoroughly clean your own aura and chakras.

The above is elementary black magick. It can be accomplished by most people with a basic background in energy manipulation and power meditation. More advanced techniques involve working with elemental energy and death energy. When working with death energy, one must be very adept and experienced as this can be dangerous. The life force is replaced with the destructive energy of the elements or the death energy.

Star Energy

Energy from stars can be used to enhance personal traits, for example to strengthen self-discipline or for specific energies to be used in ritual. Absorbing energy from Venus before performing a love spell can greatly assist in the desired outcome of the working. It is very important to know the nature of the star(s) you intend to invoke energy from, as some stars such as Polaris and Caput Algol are extremely destructive and people have gone insane after invoking their energies.

In order to effectively absorb stellar energies, one should be experienced with breathing in energy. The Energy meditation trains us on how to do this.

This exercise should be performed outdoors where you can see the star clearly.

Steps:

1. Relax and go into trance.
2. Close your eyes and say the name of the star several times while visualizing it. (Photos of stars can be seen by typing the name of the star or constellation into the Yahoo search engine and clicking on .images..)
3. Keep repeating the name of the star either silently or aloud several times and try to feel the star. You should begin to feel the energy.
4. Now charge your aura with energy until your entire being is glowing. This is done through visualization. Breathe in the energy from the earth into your feet and fill your entire being with it.
5. Now, stand beneath the star, visualize a line of energy about a foot wide extending from your aura, and connect it with the star.
6. Begin to breathe in the energy from the star.
7. Visualize the stellar energy saturating and expanding your aura with this color upon each inhale. The energy of each star has a specific color according to its attributes. You can program the energy with affirmations while you are breathing it in. For example, you can affirm: "I am breathing in green energy from Venus that is bringing me plenty of free and easy money in a happy way that is all mine to keep and spend as I please."
8. Visualize your entire being saturated with green and with each inhale, the green becomes more and more vibrant and powerful.

A guideline for the colors of stars is:

- Red: Martian energy, anger, violence, pure lust.
- Blue: peaceful, calming, spiritual,
- Yellow: intellect; mind
- White: cleansing, strength
- Orange: creativity

Tips:

You can use a crystal to absorb and store energies from stars to be used at a later time in a ritual or whenever you need them. Hold the crystal under the star in your palm and breathe in energy from the star through your hand chakras, only bring it into the crystal. Just visualize it entering the crystal and brightening and/or intensifying in the crystal. When you want to absorb the stored energy, just hold the crystal in your hand, and breathe in the energy through your hand. Visualize the energy entering your hand and extending to your entire being and aura. The crystal can also be placed over any chakras you choose for the desired effects. Just breathe in the energy.

A variation of the above is to program the crystal to absorb the stellar energy and leave it out under the star for as long as the star is visible and shining on it. Just focus your will into the crystal and tell it you want it to absorb energy from whatever star you choose. Repeat the name of the star several times and project the image of the star into your crystal using your third eye.

You can also absorb energy from entire constellations. This should be done a little at a time until you are familiar with the energies and the effects.

An advanced practice is to absorb the energies of a star you are familiar with into your chakras. Don't do this unless you are already comfortable with the star's effects and energies. Just breathe in the energy. You should be familiar and experienced with Chakra Breathing. It is best to work with stellar energies that are in harmony with the chakra you are working on. They should be of the same color.

You can make star charged water. Use a clean magnet, place it at the bottom of a container of water, and program it like a crystal. The water will absorb the energy. By drinking the water, you will absorb the energy. This can be an easier way to learn about the energies of the star you wish to work with, before seriously absorbing any of its energies.

Here is a list of stars and their energies. To learn more regarding the time of year the star is visible, and the appearance of the star or constellation, there is much available on the internet and at the local library under the subject of astronomy.

The four most prominent fixed stars are:

- Aldebaran; 9 degrees of Gemini

Hypnosis

About Hypnosis

We all have a right side and a left side brain. The left side of the brain is our conscious mind that we use every day to make conscious decisions and use logic. This is the active masculine side of the brain. The passive side is the right side of the brain. This is the receptive feminine side. The right side of the brain is highly suggestible and the side we access in both meditation and hypnosis.

In order to access the passive right side, the active left side must be subdued. This is analogous to turning off the electricity in a home or building in order to access the wiring. If the electricity is not turned off, a shock will prevent accessing any wires. The mind works the same way.

The more subdued the active left side is, the deeper the trance, the deeper the trance, the more receptive the passive right side is.

In order to effectively hypnotize yourself, you must be deep in a trance. To hypnotize another person, you must put that person deep into a trance- the deeper, the better.

In order to hypnotize someone, the operator must establish some sort of rapport. People who are highly suggestible, impressionable, and gullible make the best subjects. Those who are nervous, cynical, and uncomfortable with being hypnotized are difficult to work with. The CIA and other unethical professionals use barbiturates to put resistant subjects under. They use just enough so the mind will still be receptive to suggestions. If too much is used, the session will prove futile.

The success of the session depends upon how set the mind is regarding the suggestions. Chronic and longstanding problems, deep seeded hang-ups, and mental blocks require many sessions to overcome. The suggestions and affirmations must be repeated and repeated to break down walls in the mind.

With hypnosis, the operator is in control. The extent of this control with a professional is equal to the subject turning his/her entire life over to the operator who can command him/her to do anything. There have been numerous reports of psychiatrists putting their patients under and having sex with them. The patient was told during the session she would not remember the incident upon awakening. This is a common example. When you allow another person to hypnotize you, you are literally putting your entire life in their hands and with each session, you become more and more under that person's control.

In order to prevent any other person from hypnotizing you, you have to program

your mind that you will never be hypnotized by another person. This creates a block. Hypnotists have been known to place their own blocks in the minds of their subjects. Some have placed several. The most common is the subject experiencing total amnesia concerning the session. Other blocks used by unethical hypnotists include the subject only being able to be hypnotized by the operator and no one else. These involved court cases where the operator used the amnesic subject to commit crimes. The human mind can be programmed to experience amnesia given any situation.

Trance

Determining the depth of a trance:

The light trance state:

- The subject is physically relaxed
- The subject's eyelids may flutter or twitch
- Sounds may become painful

Light to medium trance state:

- The subject's limbs feel heavy
- The subject's breathing becomes slower and deeper
- Intense feeling of deep relaxation (the subject does not feel like moving, speaking or thinking)
- The subject feels detached from his/her surroundings

Medium trance state:

- The subject is aware of the trance, but cannot describe it
- Suggestive state (For example, the operator suggests the subject has an ant on his/her arm and the subject can actually feel it crawling, even though there is nothing there or the operator suggests there is smoke in the room and the subject smells it, though there is no smoke)
- Catalepsy: A condition characterized by lack of response to external stimuli and by muscular rigidity, so that the limbs remain in whatever position they are placed.

Deep or somnambulistic trance state:

- The subject can open eyes without affecting the trance
- Fixed stare and pupil dilation when eyes are opened.
- Complete amnesia
- Systemized post-hypnotic amnesia
- Uncontrolled movements of eyeballs
- Sensation of lightness, floating, swinging or falling
- The subject experiences a distortion of sound
- The subject can control his/her involuntary body functions- i.e., heart rate, blood pressure
- Recall of lost memories
- Age regression
- Visual hallucinations
- Auditory hallucinations
- Total Anesthesia

Methods of testing the depth of the trance:

The operator must establish the depth of the trance in order to remain in control of the session. This is done by testing the subject for their receptivity to the operator's suggestions. The most common method used is where the operator tells the subject he/she cannot move his/her arm. Example:

"Your arm is stuck to the chair, you cannot lift it, and when I count to five, I want you to try to lift it. If you have cooperated, you will find that the harder you try to lift your arm, the more it remains stuck to the chair..

The operator then counts to five, saying after each number, .Your arm is stuck to the chair."

When five is reached, if the subject cannot move his/her arm, they are in a trance. If the subject can move his/her arm, he/she has not accepted the suggestion. The operator must start all over again and explain he/she can do nothing without the subject's cooperation. It is always important to secure the trust of the subject.

The next stage is where the operator deepens the trance and again checks to see how deep the subject has gone. The operator tells the subject he/she will stroke the back of the subject's hand and he/she will feel an increasing numbness and loss of sensation in that hand. After a few minutes of stroking, and speaking, the operator pinches the back of the subject's hand and then does the same with the back of the other hand that has not been stroked and asks the subject if he/she can feel any difference. If the subject replies that there is a difference, this stage of trance has been achieved; if not, the operator explains to the subject that further work on deepening the trance must be done. More sessions will be needed to take the subject deeper and deeper.

The next stage the operator tests is an even deeper stage. If the subject has advanced to this stage, he/she will be amnesic. The operator tells the subject to imagine that he/she is standing in front of a blackboard with a piece of white chalk and instructs him/her to take the chalk and write three words on the board. "Now I want you to take the chalk and write the following three words on the blackboard: First, tree; next grass and lastly cloud. Raise your arm when you are finished writing the three words." When the subject has signaled he/she is done writing the words, the operator instructs him/her that there is an eraser on the ledge of the Blackboard and says "I want you to take the eraser and erase the words tree and grass, leaving only the word 'cloud.' As you erase the words, I want you to also erase them from your mind, so that all you can think of now is 'cloud' 'cloud.' You are going into a deeper and deeper sleep. You are in a deep, sound sleep and all you can think of is the word 'cloud.' Now, what were the three words you wrote on the blackboard?" If the subject is able to remember the three words, he/she has not yet reached the amnesic stage of trance. If not, the subject has reached this stage of deep trance. The operator should then say "When I count to three, you will then remember the three words and repeat them

to me." The subject should then be able to remember the words and repeat them.

In order to be able to place the subject in this stage of trance, the next time the operator performs the hypnosis, he/she should tell the subject before bringing him/her back "From now on, whenever I put you into a trance, you will have reached the same depth of trance as you are in now by the time I have counted to ten."

The operator then brings the subject out of the trance: "I am now going to count up to five. When I reach five, you will be wide awake and feel refreshed and fine."

Self-Hypnosis

For self-hypnosis, you need to get yourself into a deep trance. The following is an excerpt from "A Treatise on Astral Projection" by Robert Bruce:

"How to Enter a Trance:

Relax and calm your mind through breath awareness. Imagine you are climbing down a ladder in the dark. Don't visualize a ladder; just imagine you can feel yourself doing it. On the exhale, feel yourself climbing a step or two down the ladder. On the inhale, feel yourself holding still on the ladder.

What is needed is a mental falling effect inside your mind. This changes the level of brain wave activity from the awake level (Beta) to the asleep level (Alpha) or the deep sleep level (Theta). Once your level of brain wave activity reaches Alpha you will enter a trance.

Keep doing this for as long as it takes. The time it takes to enter trance will vary, depending on your experience with deep relaxation and mental calmness.

Note: Once you get the heavy feeling, stop the mental falling exercise. If you don't like the ladder, imagine you are in a lift [elevator], feel yourself falling on the exhale and holding on the inhale. Or, imagine you are a feather, feel yourself floating down on the exhale and holding still on the inhale. As I stated above, you need a mental falling effect to lower your level of brain wave activity. This mental falling effect, when combined with deep relaxation and mental calmness, will cause you to enter the trance state. Feel free to use any scenario you are familiar with to bring about this going deeper feeling.

A trance feels like: Everything gets quieter and you feel like you are in a much bigger place. There is a very slight humming feeling in your body. Everything feels different. It feels a bit like putting a cardboard box over your head in the dark, you can feel the atmosphere change. It's like everything goes fuzzy or slightly blurred. Any sharp noises, while in trance are painful.

Deep Trance

The level of trance you achieve depends greatly on your relaxation, concentration skills, and will power. To enter a deeper trance, i.e., Theta level and beyond, you have to concentrate much more and for much longer, on the mental falling sensation aided by breath awareness. The first level of trance, i.e., when you get very heavy, is quite deep enough for projection. I strongly advise against forcing yourself deeper than a light trance, until you have plenty of experience with the trance state.

How can you tell if you are entering a deep trance? There are four very noticeable symptoms:

1. An uncomfortable feeling of cold that doesn't make you shiver, coupled with a steady loss of body heat.
2. Mentally, you will feel very odd and everything will feel extremely sloooooow. Your thought processes will slow down as if you had been given a strong pain killing injection.
3. You will feel disassociated from your body, i.e., a strong floating sensation and everything will seem far away.
4. Total physical Paralysis. Note: These four things, ALL TOGETHER, signify you are entering a deep trance. Do not mistake the mild floating sensation you sometimes get with light trance, i.e., as you astral body comes loose. Or the slight loss of body heat from sitting still for a long time and the mild paralysis, i.e., the heaviness, for a deep trance. The sensation of deep trance is quite uncomfortable and unmistakable for what it is.

It is very difficult to get into the deep trance state, as you need highly developed relaxation, concentration and trance state skills plus lots and lots of will power and mental energy. You will not accidentally fall into it. If you are worried you are going too deep, remember this: You CAN pull yourself out of it at any time. Concentrate ALL your will on moving your fingers or toes. Once you can move a finger or toe, flex your hands, move your arms, shake your head, i.e., reanimate your body; and get up and walk around for a few minutes. Falling into a deep trance should not be a problem with these exercises.

Energy Body Expansion

At some point after entering the trance state, you will feel a mild paralysis come over you. This will soon be accompanied by a deepening vibration and a buzzing feeling all over. You may also feel like you are huge and swollen. The paralysis, vibrations and the huge feeling are symptoms of the energy body expanding and the astral body loosening. This is part of the normal sleep process. The energy body expands and opens in order to accumulate and store energy. During this, the astral body drifts free, slightly out phase with the physical body."

[End of Excerpt]

Some people use a tape recorder and listen to the talking through and statements. The drawback here is when in a deep trance state; sounds can become painful and jar the nervous system. Everyone is individual and one should experiment to find the best individual methods. What works for one person may not work for another.

While in this state, you can regress into a past life, by walking through a door or "portal" in your mind.

The deep trance state is the time to make repeated affirmations to yourself to program your mind. Self-hypnosis is much like hypnotizing others, with the exception; you make the statements to yourself. Again, several sessions may be necessary.

Bring yourself out slowly and gradually, as you would do in returning from the astral.

Hypnotizing Others

It is important to read all of the articles here regarding hypnosis, so you know what you are doing before hypnotizing another person. In order to effectively hypnotize another person, that person must be completely and deeply relaxed. The person should be sitting comfortably in a reclined position. When lying down, the subject is likely to fall asleep.

You must stay calm and in control at all times.

Begin by talking the subject through total body relaxation. Start at the feet, have the subject tense them up and relax them; then the ankles, the calves, knees and so on, working your way to the subjects face and head.

When the subject is fully relaxed, tell him/her to remember a happy event that took place in their past. Ask him/her questions about it, where it took place, who was there, how he/she felt, what was in the room or area the event took place and so forth. This is done to activate the intuitive right side of the subject's brain and the subconscious mind of memory.

When you are finished with the above, tell the subject you are going to count backwards. With each number, he/she will become more and more relaxed:

- "Ten; you are becoming more and more relaxed than before."
- "Nine; you are drifting down deeper and deeper into total relaxation."
- "Eight; your body is totally relaxed; you can barely feel your body."
- "Seven; you are completely relaxed and feel very peaceful."
- "Six; with each breath, you are relaxing more and more with each exhalation."
- "Five; we are going all the way down into the deepest level of relaxation."
- "Four; relax. three, two, one..."

You want to determine the depth of the trance at this stage. If the subject is new to hypnosis, more sessions are usually needed before he/she is able to enter a deep trance. To deepen the trance:

- "Ten; you are becoming even more and more relaxed than before."
- "Nine; you are descending and drifting down deeper and deeper."

- "Eight; your body is totally and completely relaxed."
- "Seven; with each breath, you are relaxing more and more with each exhalation. "
- "Six; we are going down further and further into a deeper and deeper level of relaxation. "
- Five, four; relax...three, two, one."

Again, you want to determine the depth of the trance at this stage. If the subject is new to hypnosis, more sessions are usually needed before he/she is able to enter a deep trance. Repeat the steps directly above this paragraph if the subject is still not at the desired level of trance.

Here is where you will program the subject's mind. Make short to the point statements that deal with a specific area or problem. Only work on one problem per session and make sure the problem is resolved before moving onto another. Make all statements to be in the present tense. "Will" never comes and the mind does not understand the future tense.

For past life regression:

Put the subject into a deep trance and say:

"I am going to count backward from 10-1."

"With each number, you will enter a deeper and deeper state of relaxation."

"When I reach one, you will be standing in front of a door."

Slowly count backwards.

"You are standing in front of a closed door. I am going to count backwards from ten to one and when I reach one, I want you to turn the knob and open the door."
"...3, 2, 1."

Now ask the subject if he/she opened the door. If not, he/she is not deep enough into the trance for this session to be effective. Either put him/her further under or bring him/her out of the trance and end the session.

If he/she opened the door, then say:

"I now want you to walk through the door. You are now in a previous life." "Look around you, what do you see?" "What is the current date?" "Who are you?"

Continue talking him/her through the experience

When you are ready to bring the person out- .I am going to count from one to five.. .At the count of five, you will open your eyes, be wide awake, alert and feeling fine...1...2...3...4...5... "Open your eyes."

If you wish to do a mind wipe, where the subject will not remember anything from the session, be sure to tell them at the end of the session .When you awaken, you will remember nothing of this session.. .Your last memory will be coming through the door.. (Whatever happened before the session).

With professional hypnosis, a mind wipe is often necessary of the subject experiences trauma during a regression.

Examples:

For attracting wealth:

.You are attracting more and more money.. .Your life is filled with wealth and you have everything you want.. (Similar statements for money)

For healing:

Have the subject to visualize a bright ball of light like the Sun. Tell him/her to visualize this light on the afflicted body part. "The light is healing energy, that is healing your_____."

Say to the subject: .Visualize a ball of bright light, like the Sun. Do you see the ball of light?"

The subject should answer, "yes."

"I want you to place the ball of light on your (name of body part)."

"Completely surround (name of body part) with the ball of light, feel the warm energy healing your_____."

"The light is full of healing energy that is healing your (name of body part)."

"Your_____ is becoming normal and healthy."

Keep talking the subject through this healing process. This may have to be done several times, especially if the problem is chronic.

Hypnosis is useful in many areas. It can be used to strengthen concentration, improve intelligence and memory, rid one's self of phobias, and bad habits, establishing good habits and so on.

Power Hypnosis

Power Hypnosis is a form of self-hypnosis that is extremely effective. With standard self-hypnosis, one enters into a trance and makes repeated affirmations to modify behavior. With power hypnosis, one breathes in the energy of a specific color that corresponds to the desired goal. The results are much more extensive and powerful than just plain self-hypnosis. With power hypnosis, we work with our aura.

Here is an example of power hypnosis:

Say you want to attract money:

Breathe in as you would for the energy wave; from all sides of your body at the same time, the color green. A bright, rich vibrant green. This should be done while in as deep as a trance as possible. While breathing in the green and brightening your aura with it affirm:

"I am breathing in powerful energy that is attracting me a lot of free and easy money in a very positive way. This money is free and all mine to keep."

Say this several times with intent while you breathe in the green. The green is the color of Venus and the heart chakra which rule money. It really works, but has to be done every several days to keep the money coming.

Afterwards, breathe in vibrant white light to balance your aura for several breaths.

Say you want to lose weight:

You would want to use sky blue to speed up your metabolism and affirm:

"I am breathing in blue energy that is speeding up my metabolism in a healthy way and causing me to lose excess body fat."

You have to repeat this several times anywhere from 5-10 and continue breathing in the blue energy. This will have to be done daily until you see results and repeated whenever necessary.

Always make sure you say "in a positive" or "in a healthy" way. Mind workings always take the easiest route and you don't want to get thin through disease or obtain money through the insurance claim form the loss of a loved one. Be sure to cover all your bases when working with your mind.

Bioelectric Technology and the Black Arts of Hypnotism

Each of us has an electro-magnetic field around our bodies. This is what we know as the aura. Our thoughts and the activity of our brain form a circuit within that aura. Since thoughts and brain activity are electrical impulses, they can be decoded and read. The world powers are well aware of this and with advanced computer technology, are able to decipher a person's thoughts, where they can be received by a special device and the output is much like when satellite signals are formed into a picture on our TV sets.

There are also microchips that can be used as implants along certain neural pathways to send electrical impulses to the brain, stimulating certain thoughts, feelings, beliefs or implanting certain memories. Although this technology has a way to go, there are now actual thought reading machines, which, like everything else in time, will be perfected. A device is placed upon a subject's skin at certain points that reads the bioelectrical output and decodes these impulses to where they can easily be read with a special computer.

During the 1970's the world powers acquired major advances and breakthroughs in mind control technology. Hypnosis has many positive applications, such as healing or breaking certain habits. Most "professional" hypnotists agree that when under a hypnotic trance, the subject will never act against his/her own will or perform acts contrary to his/her own nature. This, in reality is bullshit. A trained and confident operator can impel a subject to do anything he/she commands him/her to do.

Twenty percent of the population are perfect subjects for hypnosis. Above average intelligence, the existence of an imaginary playmate in childhood, a strong tendency to daydreaming and fantasy, and the will to comply make one a desirable candidate.

In the black arts of hypnotism, the hypnotist and subject form a master/slave relationship. The subject must be isolated from friends and family and spend much time alone with the operator, where a rapport is established, as in government experiments or sometimes as one does with a cellmate in prison. An emotional rapport is very important in establishing trust and obedience. The operator must come across as a good listener and show supposed genuine interest in the subject. The subject is made to feel comfortable around the operator and can be open with him/her.

The initial hypnotic induction is the most important, as it breaks through into the subject's mind and opens a door to the hypnotist. When in the alpha state, the logical mind is inactive, and one is open to all suggestions. The operator gives the subject the suggestion that he/she will become deeply hypnotized again whenever the operator gives the induction cue. This can be in words or a signal.

Each session induces a deeper hypnotic state where the subject slips under the complete control of the operator. With deeper trances, the subject becomes more and more powerless against the operator.

Artificial amnesia (also known as a "mind wipe") is induced by the operator suggesting to the subject that he/she will not have any conscious knowledge of the session. Further important suggestions include that the subject will not in any way be able to be hypnotized by anyone else and that he/she will act in a trance, just as if awake.

Once the subject is easily hypnotized by the operator, the mind and personality can then be conditioned. Childhood playmates are often extensions of one's personality, especially in those who are of weaker character and would not fight back personally or defend themselves. The imaginary playmate can fight back and get angry, where as the child cannot. Often, there is an abusive parent, to whom the angry thoughts and actions of the playmate are directed against. During the initial conditioning phase of the session, the operator regresses the subject into childhood. Regression plays a very important part in establishing control over the subject. An operator, who works for the government as in producing spies, will look for the most aggressive of the imaginary friends, in attempting to artificially split the personality. The most aggressive aspects of the personality are the ideal in destroying all inhibitions.

Artificial splitting of the personality occurs where the imaginary playmate is brought out in the subject and the subject becomes the playmate on cue. The playmate usually emerges through one of the subject's chakras. The operator informs the subject that "playmate's name" will come through subject's stomach, third eye, throat, etc. The subject is further told again that he/she will not remember anything of the session or the emerging personality. In actual cases, the emerging stronger personality is conditioned through programming and suggestion to be hostile to the root personality of the subject.

This aggressive personality in nearly all cases is stronger and can take more abuse. The world powers use the subject as robotic spies. Extensive programming is instilled in the aggressive personality, so that they will never divulge certain information, even under torture. The root personality, who is amnesiac of the entire experience, is often the one who endures systematic torture, with no memory or recall of the information the interrogator is attempting to force them to reveal.

Through repeated sessions the personality is brought out more and more and becomes much stronger, completely splitting off the root. The subject, due to being programmed not to remember, has no knowledge, only gaps in time and missing pieces in the memory. Much time slips by unnoticed and is unaccounted for.

Further conditioning sessions, while under, include talking the subject through an

experience completely abhorrent to their nature, where the subject is made in his/her mind to do something he/she would never consciously do. The subject actually experiences what the operator says. Through repeated sessions, all inhibitions are overcome and the personality is shaped into whatever the operator wishes. This is where the subject, for example, can murder ANYONE without hesitation or do anything else the operator commands. Like anything else, repeated programming is instilled and maintained in subsequent sessions.

Barbiturates can be injected into a stubborn subject that will render his/her mind open to whatever suggestions the operator wishes to instill. This is known as "Military Psychology." Charles Manson was known to take less drugs and to be more in control and aware than the other members of his family. This is how he put many under his control, without their knowledge. People on drugs are extremely easy to control either psychically, as a skilled mage would do, or in an actual clinical setting. He learned these methods in prison and applied them. Drug use also puts holes in the protective aura that can easily be manipulated by an adept.

Electric Shock Treatment works to destroy memories and can be used to wipe the mind clean by agencies within the world powers. The mind is then reprogrammed, beliefs, ideas, thinking patterns, and habits are instilled, usually through trance induction by drugs, until the new personality takes hold and the drugs are no longer needed. This is known as "brainwashing" and can be done for all purposes.

Most people are unaware of what can be done to their minds by those who have more knowledge and control. Self-hypnosis is useful in where we, ourselves, program our own minds. We can program our minds to be resistant to all unwanted influences. In addition, others will not be able to influence our minds or establish control over us in any way.

Advanced Magick

Pyrokinesis

Pyrokinesis is the ability to control, ignite, and extinguish fire, using the powers of one's mind.

This is dangerous. One should be adept and very experienced in handling and directing energy, as inexperience can cause dangerous burns to yourself, even though you may have a powerful aura. An exceptionally powerful aura is necessary for pyrokinetic ability.

1. Begin by lighting a candle.
2. In order to do this safely, you should be adept at putting fires out before igniting them. Position both of your hands, palms facing inward about half an inch from each side of the candle flame and direct your energy into the flame, willing it to die out. This is extremely advanced and you must have a powerful aura. Try concentrating on black energy between your palms where the flame should be.
3. To ignite a flame: perform the Heat Meditation, and direct the energy you produce to your palm chakras.
4. Blow out the candle. Position both of your hands, palms facing inward about half an inch from each side of the candlewick, which should be an ember.
5. Direct energy from your palm chakras, concentrate intense heat on the ember, and will it to ignite. Try concentrating on white-hot energy, between your palms. The ember, with practice will begin to glow brighter and eventually, will ignite.
6. Put out the flame, concentrate the energy between your palms on the ember of the wick, and direct it to ignite the flame again. With enough palm chakra energy and concentration, it will relight.
7. As you advance, move your palms farther and farther apart.
8. When you are proficient with your palms 2-3 feet apart, concentrate on lighting the wick of the candle without the ember. Ignite the cold wick.

In addition to using the energy from your palm chakras, you are using the powers from your third eye. The third eye has a direct line of energy to the physical eyes where the energy projects. Once you are adept at the above exercise, try using less and less of your hands. Again, it is important to put fires out before learning to ignite them.

Expand your aura to connect with the candle flame. The candle should be a foot or less in front of you. Connect your aura and put out the flame.

Once you are adept, do the same, and ignite the ember.

When you are able to use only your aura to light the candle flame, expand your aura to connect with an object a foot or less in front of you and project the heat as you did with your palms. As you progress, keep moving the object farther and farther away.

Instead of just doing void meditation, the above exercises can be substituted as they require intense, unwavering concentration.

The following is an excerpt from "Initiation Into Hermetics" by Franz Bardon and gives excellent information and exercises for accumulating, manipulating and working with the fire element, leading to pyrokinesis:

"Sit down in your usual position. Inhale through the lungs and pores, and with the help of the imagination, press the element of fire into your body. You are inhaling the fire element with the specific property of heat and you are inhaling empty breaths. If the warmth in your body seems to be very strong, consequently if there is a sufficient accumulation of this element, let the element escape through imagination from the solar plexus and fill the entire room you are in with the fire element.

While you empty the element from your body, you should have the feeling that your body is completely delivered from it and the accumulated element has diffused into the whole room, similar to the procedure you followed in the impregnation of a room with vital power. Repeat the accumulation and evacuation several times, and by the emptying you will accumulate the fire element all the more in the room.

As soon as you are free from the element yourself, you ought to feel how the element is amassing in the room, and get the sensation of the room becoming very warm. After some exercising the warmth in the room will become a real matter of fact and any person, magically trained or not, who enters this room is bound to feel the warmth. A thermometer will indicate how far we are capable of condensing our imagination with respect to the fire, so that a materially perceptible warmth can be produced in the room.

The success of this exercise depends entirely on the willpower and the plastic imaginative faculty. It is not absolutely necessary in this step to bring about such an amount of physical warmth that it can be measured by a thermometer. But supposing the magician takes a keen interest in working in this more spectacular way, he can specialize in this problem with the help of these instructions. The genuine magician, however, will not be satisfied with such an

insignificant phenomenon, and rather prefers to further his own development because he is firmly convinced that he can obtain much more as time goes on.

The exercise of the outward projection of the element is fulfilled as soon as the magician can distinctly feel the warmth in the room. Once he has got so far, he has to set free and pour out the accumulated fire element into infinity, into the universe again, where it dissolves spherically in all directions.

Once it has been loaded with it, the magician can now leave the room any time he likes without dissolving the element. He can also confine the element to the room for any period of time, just as he did before with the impregnation of a room. All the success depends on his imagination and willpower.

On the other hand, it is not advisable to leave a room filled with a certain element for a very long time because beings belonging to the element in question like to do their pranks in such an atmosphere, usually at the cost of the master. You will find more about this in the chapter concerning the work with element ghosts.

Something different should be mentioned at this point. Supposing the magician does his exercise in the open air, in unlimited space, he will have to apportion a certain space, no matter how big, for himself with the help of the imagination. There are no bounds for the imagination, neither here nor there. In the same way as the scholar did his exercises with the fire element, he has to work with the other three elements; after fire, he should take up the air, after that the water, and finally the earth.

The termination of the exercises depends on the scholar's time and opportunities. He can deal with one element one day, with the next one the next day, and so on, or he can accumulate one element in the morning, the second at midday, the third in the evening and the fourth element the next morning. Scholars who have plenty of time at their disposal and sufficient willpower can go through all four exercises by turns.

These scholars will make enormous progress in mastering the elements. A scholar who controls all four elements in this direction may continue.

The previous exercise has taught the magician how to accumulate the element inhaled through the solar plexus outwards in space. In the following exercise he will learn how to emit an accumulated element into space not only through the solar plexus, but through the whole body pore breathing, thus producing an accumulation of elements in space.

This has to be practiced with all the elements. The dissolving and scattering into the universe has to be performed in exactly the same manner as described in the previous exercise. As soon as the scholar masters this exercise as well, he will proceed to performing this exercise not only with the whole body, but with parts of the body. Hands and fingers are usually engaged in magic, so the scholar ought to devote his full attention to them. He must accumulate the element by pore-breathing in one hand or both in such a manner that through a sheer motion

of his hand, as if in a flash, he emits the element into the selected space, impregnating it instantly. Repeated practice makes perfect here as well. The scholar should practice this exercise on all the elements and master it. Then he may continue.

Sit in your customary position. Inhale the fire element through the lungs and pores of your whole body and accumulate it there until you get the sensation of heat. Now imagine the accumulated fire element forming a fiery ball with a diameter of 4-8 inches in the solar plexus. This compressed ball must be so fiery and shining as to be very similar to the sun.

Now imagine this all moving out of the solar plexus and floating free in the air. The sun ought to be imagined as white-hot and radiating heat. Stick to this imagery as long as you can. If you come near it with your hands, you ought to feel the heat radiating. Conclude this exercise by dissolving the ball slowly in the universe or by blowing it up by a sudden explosion into nothingness. Both methods should become familiar to you. You have to deal in the same way with the elements of air, water, and finally with the earth element. For the sake of a clearer imagination while dealing with the air element, give it a sky blue color while compressing it. The imagination of water will prove much easier for you, Should you have difficulty with it, however, imagine it in the beginning as a spherical lump of ice Think of the earth element as a lump of clay. When you have practiced this exercise with all the four element balls and have surely mastered it, turn to different shapes of the elements according to the same method.

At first choose simple forms such as cubes, pyramids, cones, etc. The exercise is fulfilled as soon as you manage to condense any element you have accumulated in your body in any form and project it outward.

Only if the previous exercise can be managed perfectly can the next one be taken up, which is dealing with the projection of elements directly from the universe. The practice is as follows:

Sit in your asana position breathing calmly and without any effort. Imagine that you are drawing the fire element from endless space, the universe, and with it fill the room you are in. Imagine the universe in the shape of an enormous ball from which you are drawing the fire element in all directions to your room. Remember that the fire element coming from the primary source is the most etheric and subtle, and the more you pull it to you, the more dense, material and hot it will become. You are bound to feel the heat on your body during this exercise. The more compressed and accumulated the element is condensed in the room, the stronger the heat will grow. You should actually have the sensation of being in a baking oven.

Now dissolve the element into the infinite by your willpower and imagination."

Telekinesis

Telekinesis is the ability of the mind to move objects, through concentration. This is very advanced and you will need a very powerful aura. We all have this ability, but due to centuries of xian generational suppression of the powers of the mind, it is a part of our brain that is now dormant. Like learning a gymnastics maneuver, with getting the *feel* for it and using it, it will become easier and easier with time, dedication and patience.

Everything on this Earth contains an energy field or aura, even inanimate objects. With performing telekinesis, you must connect your aura with aura of the object you intend to move. The strength of your aura will determine your success.

The following exercises help in developing telekinesis. You should be experienced with energy manipulation and have powerful hand chakras. In order to work up to this, the Foundation Meditation, and the hand chakra meditation should be mastered.

This exercise is best done after power meditation when your aura is strong.

1. To begin, suspend a pendulum in front of you. This can be any object from a small pencil or a light ball, like a ping-pong ball. Anything small, light, and even will work. It must be in front of you, preferably over a table, where you can relax and sit. Hang the pendulum, so nothing is touching it or coming into physical contact with it and so it can move easily and freely.
2. Place your hands about an inch on each side of the pendulum, palms facing the pendulum. Direct energy through your palm chakras.
3. Now try pushing and pulling. You will see your aura pushing and pulling the object. One hand pushes, the other pulls. Visualize your aura connecting with the aura of the pendulum. Do not move your hands.

When you are able to move the pendulum, place your hands farther and farther apart.

The next step is to move the pendulum using the energy from your fingertips. At first, try to pull it with the energy from your fingertips.

The key is to keep distancing yourself from the object. The next step, which is extremely advanced, is to begin using the powers of your third eye and move objects by connecting your aura with that of the object and willing them to move.

Do not get frustrated. This takes intense concentration, a strong mind and aura, but with enough patience and practice, the time you succeed in moving the

object will become shorter and shorter. When you learn to use this area of your brain and strengthen it (it will become easier and easier), the first few times are the most difficult. It may take several sessions, sometimes even weeks, but it is not impossible.

Here are some practical tips:

Here are some tips:

It definitely helps to be able to see auras. When we open our third eye, this gives us the ability, but we must learn to use this ability to see. This is analogous to athletics. If one has the strength and flexibility, the potential is there, all one needs to do is the movement to get the feel and to train the movement into muscle memory. It is the same with the mind.

Start out with light objects. Gemstones such as quartz crystals are great, provided they are small and light. These have a stronger aura of their own. Telekinesis is best attempted after power meditation when one's energy is most radiant.

Telekinesis like any other skill should be worked on daily until mastered. Heavier and heavier objects can replace the lighter ones as proficiency is achieved. I have had success with the above method.

Death Spell

If you have access to any personal article of the offender, this will help.

1. Construct an effigy or a poppet, using the article.
2. Go to the cemetery and get some dirt.
3. You need to vent into the poppit, visualizing the victim, all of the hate you possibly can, especially during its construction. It is imperative here to stay focused with intent. Try to do this during a waning moon. When the moon is in Scorpio or Capricorn is good time.
4. Construct a small box. Cardboard is fine.
5. Light a black candle; concentrate intensely upon the death and destruction of the enemy. **DO NOT BE DISTURBED OR LOSE YOUR FOCUS!**
6. Put the effigy into its box.
7. Bury it in dirt inside the box.
8. Save some of the dirt.
9. Take it outside, or back to the graveyard and bury it, placing the reserved dirt on top of the box, *knowing* the victim will meet his/her death.
10. Do not think about the spell, or the enemy, as this will interfere with its working.

To kill using the aura:

This is best done while the offending party is asleep. Put a black aura around the person, as this will prepare his or her own aura to absorb the destructive energy. After doing this, you can vent your hatred. Be sure to visualize over and over again with feeling, exactly how you intend this person to die. Affirm: I am placing a powerful aura of destructive around _____ that is continuously working to kill him/her. This work is best begun on a Saturday or a Tuesday during a waning Moon. Be sure to clean your aura and chakras following each working. This can be done following the above ritual with the poppit and repeated every night during the cycle of the waning moon until the victim meets his/her death.

Advanced Thoughtforms

The elemental has to be given a form corresponding to the desire one wishes to be fulfilled. The form is to be created with intensive imagination. You can shape this out of the ball.

Give the thoughtform a name. This name should be unique and unusual because just saying the name either aloud or in your mind will immediately summon the thoughtform. Obviously, you don't want other people calling out a common name and then here it comes!

You have to impress upon the thoughtform whatever task you wish it to carry out. This must be done with authority and a strong will, with desire.

In working with advanced thoughtforms, you must be specific as to how long the thoughtform has to complete the task. Is it ongoing? or limited to a certain finite time.

The procedure is as follows:

1. Go into a medium trance and imagine yourself in a universal ocean of light. White is all purpose, but colors can be used.
2. Use this light to shape an enormous ball of light, compressing, and accumulating it more and more until the ball has the size of approximately 12-20 inches. The ball should be like a brilliant radiating sun.
3. Now, fill the thoughtform with whatever you desire it to do. Desire strongly and feel this deeply while making your affirmations. The affirmations should be a repeated phrase, right to the point and precise.
4. Name your thoughtform and say this name several times.
5. "Having fixed the time, the magician orders the elemental to dissolve in and return to the ocean of light as soon as it has fulfilled its task. Expressing it magically, the birth, and death of the elemental are fixed in exactly the same manner as Man's or any other being's fate is."
6. Breathe in and then blow out with force, sending the ball on its way.
7. Forget about the thoughtform and working. Let it do its job.

An elemental knows neither time nor space. Using external energy is important in workings of black magick and workings where you must be completely detached from the thoughtform as opposed to running the energy through yourself with simple thoughtforms.

"It can work independently in the mental sphere and will not be restricted in any way by the magicians' mind. Now and again it is advisable to reload the elemental to give it a greater power of expansion. This is achieved by calling the elemental by the name given to it, and rendering it more dynamic through a new accumulation of light, and sending it off again. As soon as the elemental has fulfilled the required task, it will dissolve itself in the ocean of light. This example should suffice to give the magician a rule of conduct how to create elementals."

The above is important. You must will the thoughtform to dissolve. Later on, with much more advanced thoughtforms, it will become a powerful entity of its own and harass you if you aren't careful.

"In contrast to thoughts living in their forms in the mental or spiritual sphere, the "elementals" are entities with a certain degree of intelligence deliberately created by a magician. Such elementals are capable of fulfilling certain tasks on the mental plane and obviously, they may be looked at as obedient servants of the magician according to the purpose he aims at. Through the creation of elementals of the so-called elemental magic type, the magician can accomplish everything on the mental plane without any discrimination of his own or a strange sphere. I will quote only a few examples just because of the great variety. With the help of the elementals the magician can influence the mind of any other person optionally, he can strengthen or weaken man's mental and intellectual faculties, he can protect himself or others against foreign influences, transmute friendships into animosities or the other way around, he can produce a favorable atmosphere in associating with his fellow men, and he can bring under his control anybody's will that is not yet developed or profiled. The businessman can enlarge the number of his customers, and the elementals can be helpful to him in many other ways. The genuine magician will always be inspired by good and noble intentions and keep the altruistic motive in mind if he is aiming at the highest level of magical maturity." ¹

Creating a Fire Elemental Thoughtform

This can obviously be dangerous. You should be adept at controlling and holding the fire element. Out of control, this entity can set anything on fire at random and is not to be toyed with.

Be sure to read the page on Advanced Thoughtforms before attempting this. You should also be adept at creating and controlling basic advanced thoughtforms before working with fire.

1. Get into a trance and visualize you are in the middle of fire. Feel the heat and hear the hissing and crackling of the flames and feel the burning.
2. Now, begin to collect and condense that fire into a sphere in front of you. Draw the fire element from all directions into the sphere in front of you. The more of the fire element you direct into the sphere, the more dense, material, and hotter it will become. You should feel the heat while you are doing this. The more you compress and condense the fire, the more the heat will grow. You should actually have the sensation of literally being in an oven. You can also shape the fireball into any form you wish. The form should correspond with the job.
3. Now fill the fireball with whatever you desire it to do. Desire strongly and feel this deeply while making your affirmations. The affirmations should be a repeated phrase, right to the point and precise.
4. Like any other incendiary, the fire form will burn with the larger fire it creates. You should order the elemental to dissolve with the fire it creates, ending the mission.
5. Name your thoughtform and say this name several times.
6. Breathe in and then blow out with force, sending the ball on its way.
7. Forget about the thoughtform and working. Let it do its job.

The uses for the fire thoughtform are obviously to set something a blaze. I have found when using fire magick, one glows with a warm aura or feels heat when the directed energy or entity is doing its job. The fireball can be directed into the body of an enemy when working black magick. These methods were used by 1920's, and 1930's Satanic Lodges in Germany and used to eliminate enemies in the form of a psychic sacrifice. If the victim is not adept with fire, his/her blood will literally boil. The end result will be a heart attack- death from natural causes.

Satanism And Others

"I lead to the straight path without a revealed book..."-Satan

If one follows the writings of the ancient Hindu's you will note something about Shiva [Satan] in the stories around Shiva and its that Shiva is a personable Being who appears and communicates with Yogi's once they obtain the level of psychic, spiritual advancement to receive such and from here Shiva instructions them directly without a revealed book. Shiva is always wrote about in this manner a personable God that communicates directly with His followers.

The Yezidhi's who follow Satan also mentioned that He communicates with them in different ways they have a direct relationship with Satan and do not require a revealed book. Each year with the important Yezidhi festival the spiritual leader of the Yezidhi's goes into a deep trance state and communicates with Satan directly and gives His answers and instructions to the Yezidhi's. There is a reason the Yezidhi's are still around despite the region they live in for centuries. They are not atheists and they didn't mix out with the Muslim's to have it easier because they know Satan is a real God and trust in Him, rightfully. The Yezidhi's have also secret spiritual teachings they pass down within their own clans and spiritual practices based on such to open and transform the soul. Their entire society is based on organization of groups around such. They pass these instructions down orally so they will not be corrupted. Even the Al Jilwah was part of this oral tradition.

The enemy has been all over the world for centuries removing and corrupting knowledge we are warned about this by Satan in the Al Jilwah:

"Do not give them your books, lest thy alter them without your knowledge. Learn by heart the greater part of them, lest they be altered."-Satan

If one studies the Veda's alone its well know entire massive texts are missing. These are the texts on spiritual knowledge such as astrology, the creation and use of mantra's, the magnum opus in general. And their texts are filled with alterations. The Veda's are the MOST IMPORTANT BOOKS IN HINDUISM what do the others have wrong with them.

In Spiritual Satanism we have a direct relationship with Satan and the Demons. By meditations we open our minds to the point we can communicate with them directly and they can direct us. This keeps us on the path without the need to revert to stacks of altered books for hopeless instructions.

Satanism is for Winners

Thu Apr 28, 2016 9:30 pm

By High Priest Hooded Cobra 666

Now, I will try to make this as brief as possible. Due to cultural and social jewish indoctrination and how easily Satanism can be found nowadays, many people take this the wrong way.

Satanism is the religion of enlightenment, rising above, becoming better, stronger, more advanced. Its the religion that is the pinnacle of civilization. In the core of all Ancient Religions that advanced Humanity, we see Satanism. Now of course, to the eternally lazy, betas, or the jewish wanna-be's, I will again arouse hatred, spitefulness and hate. Whatever. The point is, to get you to wake up on certain facts (the newer members mainly), and to give you the facts. Its my job to tell the Truth as it is. We are to look these issues in the eye and deal with them. This is Satanism.

In the opposing side, we see the Abrahamic religions.

The Abrahamic religions are religions of liars, masses, slaves and deceitful individuals. They are the religions that emphasize weakness, meekness, total assimilation of the person in a "whole", with jews at the top. In all these doctrines, teachings and advocations of these, we see the death and downfall of civilization. In whatever level. Intellectually, spiritually, scientifically and worse. Worst of the worst, this decay brought by these religions, is that the jew (many of which of our own members, have come to understand the nature of theirs) gets their ground to take over. But I will not over extend into any of these.

The Abrahamic religions do a lot of things, but I will mention a few. First of all, they make the masses dumb, illiterate. They promote violence in all levels. Logic does not matter in these religions. They promote assimilation. At the same time, they promote values that Human beings can't follow, so they revolt to the exact opposite side, violently, only to create more problems. These are the religions of lies about the self, nut houses, violence, rape, destruction and generally, its the mindset of the jews put in paper. With few verses and such, stolen from sane Gentile spiritual teachings, which are basically what appeals to the populace in these religions.

Enough of this pestilence.

Now, Satanism is the religion of the Elites and Winners. Especially at this point, where most people cannot add up 1 plus 1, equals 2. We live in a world where many people are below stupid. You tell them that jewsus was a kike, which is blantant, they would rather make an academic research to protect their beloved jew, than accept the Truth. What this means? More slaves for those who know how to enslave them, as thus, happy jews. Stupidity all over the place. Stupidity= Abrahamic religions. You see how the xians cherish births of monsters, people with debilitated intelligence, etc. The perfect slaves!

Satan is always POWER. Nobody can say the same about the passive aggressive cucklord who wants to burn people in eternal fire, simply due to their disobedience, and sends itself to die in front of us to arouse guilt over...washing out our sins which, it, ITSELF came up with...That we are sinful

and must be held accountable for.

I mean, how much intelligence you need to believe that story? 15?

This is why the people subconsciously blame every successful person of Satanism and why the enemy pretends they are "Satanists". It causes fear, deep respect and natural subservience, because Satanists equal POWER.

Meanwhile, they can blame these "Satanists", but of course, they run back to the their jew for entertainment, academic knowledge, advice, whatever. Can't think, must call the jew. Or they get on their knees at night to pray at what we, real Satanists, have rejected. Long story short, stupid fucks and slaves, this is all about those who believe in the enemy programs, the wanna-be conspiracy theorists like Texxe Mars, David Kike and the list goes.

Even the enemy, in Judaism, has stolen the knowledge of Pagan (Satanist) religions. Through this knowledge and half-affirming, half-following this mindset Gentiles once had, they became rulers and winners for a while. They adjusted it to their jewishness and did what they could with it. Only halfway successful, but yes, it helped them survive. The internal core of Judaism is jewdized version of these religions, and the jews openly brag about this and how we no longer have our "Satan" or our "Satanic religions", so we cannot win against them, who still practice their own faith. Which helped them survive. And which was stolen from us. Basically, its like a monkey stealing a gun, that has more chances surviving than the person who made the gun. Quite a paradox, isn't it? But its nature, plain and simple.

Weakness, stupidity, illiteracy, failures, cuckolds and retards, do not belong in Satanism. If one happens to fall into any of these categories, willingly in knowledge of such, not wanting to educate themselves, elevate and become stronger, without doing a thing... Do not wait for anything at all. Its not going to happen. While we are caring and considerate, we do not have time for tears, drama queens, stupid idiots who are just a weight to the back of our whole, lazy bummers and idiots.

The same goes for underestimating the Gentile Gods. The enemy, through harry potter, bibles and all their other creations, they made people to expect the Gods to act in a certain way, made up their standards of what power is, etc etc. The Gods do NOT have to be like this. If you want to know them, approach openly and with an open mind. Again, self deception, lies, making up fantastical places where you are a queen and down here in this Earthly kingdom being a cuckold, slave, idiot, are NOT for Satanism. Satanism is a religion of tenacity, achieving, surpassing who you are and becoming constantly better, better and better. In this age everyone feels entitled.

The Gods, tell us about some laws. Some of them are that we ought meditate (self evident, as Science has proven how much it elevates Humans and advances them, etc), not Race Mix, be intelligent, be happy, build, create, and become the best we can be. You don't want to follow the laws of life and the eternal cosmos? All well. Sit on the bench and watch the jews do it, destroying the planet. See others goign ahead and you on the side, decaying as the days go. But I don't want to hear no tears, no complains. Does this make you feel bad? We can give you a hand in getting up. But you must walk. You love this bench so much? Stay there and rot upon it. Unfortunately, this is the way for life.

You can make this choice, or any other choice. Then you automatically make the choice to see yourself decay, become worthless and lazy, be on the sidewalk and be worthless now and forever. Then, dissipate into the "one" and bye bye. That's it. You are just going to pay for your choices. Nothing else. Not hard feelings. You choose to get rid of these evil things, open your eyes, become better? Then by all means, all good things will aling with you. That simple.

But if you look at the standards of the Gods, so many few people are "entitled". And guess who matters more, you or them? Let's be realistic. Who are you to demand, shout and do whatever else? People find out the Rabbi lies about the Gods are whack, when they ask for their billions of dollars, rightnow, and they aren't getting them. Oy Vey, the jews lied to you. Sorry, sad. But yes, nothing such applies. My advice is to, either get real, or stay fake. That's it.

Escapists, people who want to lie to themselves or others, people who never bother escaping from their hangups, fight for their freedom, but only stupify themselves more each day, do not belong here. They either have to change, or they will not reap benefits. Its against the laws of Nature, to work that way. The jew preaches disobedience to Nature for others, but they survived for 3000+ years straight to finally become a world power, by adhering to the rules that tell you to deny. So stop being a goy.

One last thing. Now I see people they think that they do like, let's say, 18 vibrations of the Reversal Torah Ritual, thinking the jews are going to fall in a year. The fact that we are making so much serious impact, shows we are insanely powerful. If you want to get RID of them though, out and away from us, you must step it up. The average xian mass and jewish Ritual, lasts at least 3 hours. They wake up at 4 AM, and they start reading and reading again, chanting and chanting again. 1, 3 or 9 times? 12? Go around... At least 150 times. How? They just do it.

They sit down for 4 hours and curse you over, and over, and over again. They take over the world and they are trying their best to hold it. Of course, people complain about 15 minutes of meditation, or quit in the first obstacles they get. Seriously, gals? As for the jews, they rant and rave about how obnoxious and stuck they are when it comes to such things. And how when others always just suck, they just keep going eventhough they suck as well. Because its mostly not about sucking or being naturally gifted and whatnot, its about **preserving**. They pray over, over and over again. Only if YOU had HALF of this patience, loyalty and perserverence, where would we be?

I ask you this legit question, since with so much less effort, we are already achieving so much against the enemy. So we ***ARE*** powerful. What if this persistence, meets with power such as ours. They brag about how their Race has built up to this level, over generations of practicing, from the trashes of existence. True or not, it happens. Its reality now. Not all of them can do it, but some of them can. And they make impact. What about you, or us?

Now, common sense. I don't ask you for sitting 8 hours a day. We are human beings. BUT, this would be an aim you can set for yourself. Set high, but attainable goals. Remember, the winners are those who stay and persist, daily, and they struggle daily. This is simple. Better half an hour a day, for the rest of your life, than 3 hours today, and then, down and ill or something. Be SENSIBLE. I can only relate sensibility to you. You can only adjust it to your common sense, powers and abilities. Respect your limits, but strike to surpass them.

Satanism also is about understanding and even tolerance. One is understood to be what they are, their nature is accepted, where they begin is accepted. What is not accepted, is that people remain stuck, debilitated and weak, on choice, or purpose. Nobody is going to carry you on their back. As for the loyal comrades who fall by fire, they ***will*** be carried, they ***will*** be taken care of, etc. Its all about justice. Justice applies here as well. I don't tell you to get up and run ten miles in one day. I am telling you to get up and achieve your highest potential. Part of this is being tolerant and understanding with yourself. And being strong in yourself, advancing on your pace, etc. This is what is meant here.

Leave the losers behind. Even your past self, if they are a loser and they do not agree with your new

choices, leave them behind. If they want, Satan gives them an opportunity to catch up, everyday. And they are given this chance everyday. For fools who try to treat Satanism like any other religion, trying to threaten the Gods to do stuff to them "either-or", or for lazy idiotic instagram feminist queens and kings of the west (or the east, whatever), we do not have time. Neither the Gods do have time. If they can't defeat this, they are worthless anyway. Satanism is about Truth. One is only worth according to a realization over what is worth it. Satanism has the different and the original standards of such. Part of it, is what you choose for yourself and for the whole. So what is the choice about your self, and our whole?

Where would we be, if people understood, that SATANISM IS FOR WINNERS?

Understood? I hope we all did.

HAIL SATAN,

HAIL OUR PEOPLE OF SATAN,

HAIL THE GODS OF HELL!

SIEG HEIL!!

Satanism And Reiki

The temple of Sonten in Japan:

The serious people in Reiki who study the actual system from Japan understand there is a information gap a lot is missing. However this is hidden in plain sight.

The story of Mikao Usui is after an exhausting spiritual practice on Mount Kurama the God of Kurama, Sonten appeared to him and transmitted the knowledge of Reiki. Usui was raised a Samurai in the tradition of his family and as part of this was taught spiritual practice. He was a spiritual practitioner his whole life raised in a Pagan culture. The martial arts the Samurai classes were taught in Japan have a deep spiritual dimension to them that involved working with the serpent power system of the individuals psyche. They included mundra's, mantra's, banda's, breathing exercises and postures to

active the chakras the serpent centers and awaken the serpent Kundalini and awaken and direct this power by the spiritualized mind. In the history of Japan psychic warfare was a major part of the military campaigns fought by the Samurai classes in Japan. The open secret of Japanese culture is its mainly ancient Hinduism, they even have Ganesha as a major Pagan God in Japan. The Hindu records state the period called the golden age of the Lemurian civilization of Kumara Kandam was ruled by Sanat Kumara this involved the ancient civilizations of the Far East. From India, Tibet, China, central Asia or the Saka Empire which was Aryan and ruled by Sanat Kumara from Shamballa in the modern Gobi region and to Japan.

Buddhism in Japan is different then the general Indian and Asian mainland. Buddhism was never really accepted in Japan and thus the Buddhism that remained is noted to simply be the already existing ancient Paganism that took on some Buddhist window dressing. The temple at Mount Kurama to Sonten where Usui obtained this system has the three major Reiki symbols on the wall. Of the three symbols two are Sanskrit letters one of them is for the God Kannon and the other the Tantric mantra of Hum which is the main mantra of serpent power yoga. Kannon is a well known pre Buddhist God and is the God Kana Deva in Hinduism. Kannon is one of the most popular Pagan Gods in Japan and rules the 33 steps to heaven the 33 levels of the spine the serpent must travel upwards to the crown chakra. The symbol of Kannon on the temple wall is called the symbol of Love in Reiki, this is because Kannon or Kana/Kama deva's symbols rule the alchemical sexual union of the male and female chakras and male and female nadis and the pingala and Ida nadis in the central nadi the Sushumna that are the energetic principals that are required for raising the serpent up the 33 parts of the spine which is Kannon's number to the crown and transforming the soul this is why Kannon is the God of Love its a spiritual meaning. The other symbol on the temple wall the symbol of power in Reiki is the Hum mantra which is the mantra of Rudra the Vedic deity known popularly as Shiva, this mantra is for awakening the serpent power. These are aspects of Sonten Kurama. In Hinduism Kana and Shiva are aspects and forms of Sanat Kumara.

Inside the temple at Mount Kurama:

Sonten is a pre Buddhist deity and one of the most ancient deities in Japan, Sonten Kurama is Sanat Kumara in Hinduism. In Hinduism Sanat Kumara is the most ancient form of Shiva and also called Kana

Deva and is the God of Kundalini Yoga in Hinduism that all Yogi's seek the blessing of for their initiation into Kundalini Yoga and in South India the Kundalini Yogi's all follow Sanat Kumara [also called Murrugan] as part of their spiritual path. Sanat Kumara is Venus in Hinduism. Pranic healing or Reiki is part of Hindu Kundalini yoga and taught as such.

The sigil of Sonten in Reiki is the Usui masters symbol, however its also believed the Raku symbol is the actual master symbol also note some forms of the Raku symbol resemble the Hum sigil and is used with shaktipat to open the flow of the serpent energy up from the crown down the spine to connect through the chakras to the root to awaken kundalini in Reiki and the Asian letter characters are charged Pagan sigils:

"Raku symbol (pronounced Ra-Koo), also known as the "Lightening Bolt", is used in the Master level of Reiki in the attunement process. The symbol is said to represent the chi, prana or the life force energy that runs down the spine through the chakras."

Reiki is a word that means serpent power which is symbolized as the lighting. Raku is the word for serpent power and the symbol of Raku is the serpent energy. In the ancient languages in the east Reiki and Raku literally mean the same thing. Rei or Ra are the same term in the east and relate to power of spiritual energy and Ki or Ku both mean serpent god. Sonten Kurama is the serpent God.

The mythos of Sonten is that He came from Venus to earth six million years ago and saved earth. This is the general mythos of Sanat Kumara in the east. Venus rules the serpent energy in Hinduism the serpent around Shiva's neck which is His Shakti or serpent life force energy and is called Vasuki, Vasu is a name for Venus in Sanskrit and Ki is the serpent God. Sonten is the serpent energy which transforms the world the individual person into the ascended state or Light Body. This is why Sonten rules Mount Kurama its the symbol of the spine like Mount Meru and Ku is the serpent God in the far east. The Ku represents ether which is ruled by the central Sushumna nadi and Ra the sun and Ma the moon nadis. Kurama is the three nadis that form the symbol of the Caduceus wand when the three connect they form a chakra as they wind up the spine into the brain where they unite. The six is the number of sexual union of the six major chakra the three male and three female and the heart is neutral and connects the upper and lower chakras. Ku as ether is the heart chakra and the Ra male chakras and Ma female chakras all united as well.

The symbol of Sonten at the temple at Mount Kurama is also the tantric triangle with the symbol of the heart of heaven in the east within the center where the three nadis connect in the center of the head. Each circle represents spirit and the connection of spiritual power with the three nadis it also shows the connection of the three female the circle and male the line chakra's together the union of the soul. The triangle is facing upwards showing the serpent fire rising to the crown chakra and the triangle is the symbol of the crown chakra in Tantra. Its the yantra of the united soul with the serpent power and the awakened third eye and opened crown chakra which gives one the spirituality enlightened state.

Sonten's yantra:

The mount pillar of Sonten shows the spine with the three worlds along them the three major chakras that form the root, heart and ajna chakra in the east the shape is spear like showing the serpent fully ascended to the crown opening and uniting all the chakras along the way including the three knots or worlds:

In Japan the God Sonten is symbolically the serpent power and its transforming effects of the individual soul into the transformed spiritual state of the Light Body and the process of becoming an immortal enlightened being.

The Yezidhi's whom are from the ancient Persians [Saka People] and themselves state they came from

ancient northern India and state their head God is Sanat Kumara in India and themselves they are actually Hindu in their customs. They call their God Satan, the name Sanat means Eternal in Sanskrit and Satan also means Eternal in Sanskrit both titles mean the same. Sanat Kumara is Satan Kurama. Which means: The Eternal Serpent. The Yezidhi's spiritual hymns are full of ancient Sanskrit words. Satana is the ancient name of Kundalini power in ancient Persia regions. This becomes Satanas in Latin. Soten is another spelling of Sonten in Japan. The vowels are interchangeable Soten is also Satan.

Reiki is Satan's gift to humanity and Reiki is a Kundalini system this is the missing part its the serpent power yoga system in Japan and the ability to heal is a spiritual power or Siddhi of Kundalini yoga. Soten Kurama, Satan rules the serpent power yoga in Japan. This is why in Hindu Kundalini yoga Satanama is the highest mantra name of Sanat Kumara who rules this serpent power yoga and it means Hail Satan.

What happened later on Hawayo Takata, brought Reiki to America and then to make this appealing to a Christian population corrupted Reiki and claimed it was taught to her by the healing hand of Jesus who touched her and healed her. She also was charging up to ten thousand dollars for the higher levels of Reiki attunements. She corrupted it and probably removed a lot of the actual spiritual practices out of it. This has become the dominate system in the west the corrupted version. Its further been corrupted by New Ager and linked into Angels which is the enemy thought form of Christ Consciousness and the enemy entities the Greys behind it. The New Ager is taught to channel their Angel guides who send the energy now so they are depended on enemy entities which damn them. And not opening up and transforming their own souls with the serpent of the true God Satan and using their own abilities to heal others. So they are left powerless and spirituality damned by the enemy.

Satan Kurama is the Eternal Serpent God and was worshipped all over the ancient world. In the ancient east the Yoga texts state its only by activating and raising the serpent and transforming the soul can one obtain eternal life and this spiritual knowledge was given to humanity by Satan Kurama.

Satanism

-High Priest Mageson 666

The point of Satanism is to cultivate a supreme spiritual order of life, that is the super conscious revelation of the divine order of the cosmos as they manifest via the laws of nature. AN ORDER of life upon the very underlying transcendental mechanics of eternal existence. Where the inner life of the soul will be realized perfection in harmony with the cosmos.

Today we call this National Socialism in exoteric, political form. One day it will just be known as Satanism.

SATANISTS, UNITE AND BRING JUSTICE!!!

-High Priest Hooded Cobra 666

My Satanic Forces, Satanic Family!

I salute all of you!

Satanic Warriors, this is one more Battle we have to do. One more War. A war that every honest Soul hungers. We have been anticipating this moment, because we are in anticipation of Satan's Justice and Judgement!

After all we have discovered on the enemy, after all we have seen, after our eyes have been opened, there is only one way to go. What abominations have been revealed right in front of our eyes- inconceivable! The enemy keeps lying, they keep attacking, they keep slaying people for no reason, other than that they want to dominate this world. They keep up with their plans to the last moment. But, we know them all too well. We know they will NOT stop. We know that every moment we stop, they are here, lurking on the corner with their hands full of blood, ready to strike. No matter what, no matter the damage, no matter the consequences, we have moved together forward. We have moved forward, into a region unknown. I am sure all of you remember the times, when we used to ask for your loyalty. We told you, that Satan guides us. It was a honest statement, it was Truth. Satan gave us advice on what to do. After some time, you evidently saw the damage we have caused to the enemy. You have eaten the fruit of our labor. It is beyond doubt even to the most faithless people. But us, we know Faith. We have Faith in what we know.

This was only the beginning. These sweet fruits were only a first harvest. We now know, as the Whole World knows, what the enemy has committed. Atrocities is the faintest word that can be used about all these crimes. The enemy not only has been destroying people physically but they also attacked Humanity at its Spiritual core. They did NOT hesitate to attempt to destroy the Legacy of Satan, who is our Forefather and God. To know is useful when one wants to act, a curse when one is unwilling. Nobody can watch this and stay idle. Our Father, who has loved us from the beginning, he gave us the Truth.

The enemy is mobilizing to destroy everyone, after they are done with the "western" world. The Earth herself is suffering and nobody does anything concrete about it. It is OUR HOME, but it's not THEIR home. The enemy wants nothing else, but the destruction of everything, if they are to go. They either want to rule a destroyed world, or go to inferno with it. Hundreds of years it has been the same identical thing, deathly and parasitic advance against the Gentile people. Murder after murder, lie after lie, slander after slander, backstab after backstab, blasphemy after blasphemy, the jew rose and rose upwards. They are forcing matters in such evident manner, that nobody questions anymore where the problem is. The scoundrels have dropped their cloak, threatening the people of Humanity with extinction, openly, by word and action. They no longer can hide, neither they are willing to hide. They are here to destroy and they let everyone know, OPENLY. Whomever doesn't comply, they hope and try to destroy, soul spirit mind and body. As thus, the people know them. Now, people must act. We have to act swiftly for Humanity, before it is too late.

No Satanist must stay idle now. We will ALL stand in opposition to the enemy degenerates. We will all now, at this certain point in history, DECLARE OUR WILL! Our Will is the STRONGEST, our POWER IS THE MOST RESOLUTE. We are not bluffed by their Hollywood shows. The Will of the Satanic people will be heard and they will all succumb to it, as they always have had. For our Satanic people who have been butchered, in all Gentile Races, and for every word of Blasphemy against our Gods, they will pay million fold. But this even, is not enough. Those who know what we know, they are left with only ONE road to follow. We have to FIGHT. We have to AVENGE and put these criminals to SPIRITUAL JUSTICE. We work by EDUCATION and SPIRITUAL WARFARE. These destroy the enemy at the core of whatever they are. Truth burns like burning sulfur. We have to Spiritually DESTROY these accursed creations of the enemy, once and for all.

My love to Satan fills me with hatred about the enemy, our love for Truth fills us with hatred about their lies. ENOUGH IS ENOUGH. THE PEOPLE HAVE HAD ENOUGH TERROR, LIES, FEAR MORGERING. PEOPLE WILL RISE!!! SATANISTS HAVE TO RISE AND PUT THINGS IN THEIR PLACE!!!

Humanity, all Gentile people are being attacked. We are forced to destruction, a destruction that nobody deserves. People are forced to servitude. Out in the streets, most people are sad, lost Souls, because the enemy HAS LIED TO PEOPLE. THEY ARE STEALING THEIR SOULS. I know and all of us know who holds the responsibility for this. They now must PAY. They must pay, hundredfold of what they owe, for they owe upwards to infinity. This world has been put to a halt, the people were forced to destroy themselves, the Earth herself is suffering because they drain the blood out of her veins. Do you feel this is enough? What do people are waiting for? To be slaughtered first and act later? It's either- or in this situation. PEOPLE WILL RISE!!! SATANISTS WILL RISE!!!

We have had enough. We are soldiers against time. But even now, at these dark moments, we are HERE as the Light to guide people away from the Darkness. The World depends on YOU, on US. For some reason, maybe unknown to you presently, you are here. No matter who you are, or what you were, you are important. Important on a level where most others are blind to now, but one level that Satan sees. You are following a path that few if no others dared to take. I believe in the reasons of Satan, and I believe in our Father. I believe in Him because I have seen Him, I have witnessed Him and I have felt His love, but also His hatred for His enemies. His enemies are OUR enemies, and OUR enemies are HIS enemies.

Everything comes down to our decisions. Will we take the hand of the Gods, hold tight, in the face of all this resistance? Do you love them enough? Do you love your fellow Brothers and Satanic sisters enough? Do you love the children of the world, who will have a chance to live in a degeneration-free society, happily, in a world that WE have created? Do you want to be able to state in any of the days of your life, that you fought for freedom and that you didn't sit on the side to watch everyone else get destroyed?

If these answers of YES, are the ones that arisen in your own Soul, then NOTHING can keep you back. You have the knowledge, the means and the ways to act. Now, we must act. Swiftly, with empowered Will and without any hesitation.

OUR LAST RITUALS HAVE SHAKEN THE UNDERCURRENTS OF THIS REALITY. The Satanic Heavens heard of our call. Satan has placed HIS faith in us. And my love for Him is suffocating, its explosive, its like molten lead. It explodes and overwhelms us, as the call of Truth and His molten Serpent.

Satanists, you are not the one's to stay idle. You are my people, I am of you, we all together will STAND, as we have in the past, so we will do in the present and in the future. If I, and we all together, trust each other one time, Satan Trusts us millions of times. Let's prove HIM right. You haven't stayed idle, before, you will not even do this now. You haven't stayed in ignorance, neither you stayed in bondage. You have always wondered, searched and watched. You have shed honest tears, your soul shouted a honest scream. You have fought honest battles against the enemy. You have spent your hours in service of Truth. Now, this is the time, where we will again raise the Spiritual Weapons. The Heavens will TREMBLE and the enemy will be CRUSHED BELOW OUR SATANIC FEET!!! They will feel our Will burning their souls, eradicating it from existence. Their work shall be destroyed and the legacy of the Gods will again be revived.

This Samhain, we are giving a gift to ourselves, to Humanity but above all, to our Gods and Satan. This is a time where like Suns, the people of Satan will rise, to fight just another fight for Freedom. This Samhain people will be sitting down, relaxed, joyful and knowing that they have dealt some fatal spiritual blows to the enemies of Humanity. Satan will stand upon His throne happy about us, Justice will be served. This Samhain will be celebration, love and total war!

OUR ENEMY SHALL BE ANNIHILATED!!
SATANISTS, UNITE AND BRING JUSTICE!!
SATANISTS, WE WILL WIN THIS WAR!!!

SATAN HAS WON!!!

HAIL SATAN!!!

Satan's House Under Attack - Measures/Spiritual Warfare You Can Take

HP. Hoodedcobra666 » Tue Mar 19, 2019

Greetings to all of our Satanic Warriors.

As you can see the enemy is terrified, and at a dangerous mode. What they know doing is not try to 'dispute' the accusations on them by any form of action or 'conversation', but indeed, only do what they have been eternally called out for. People who mention what the enemy does and just report it, are apparently to be held as enemies in this world.

What the enemy pulled a few centuries ago was the burning of the great library of Alexandria. People aka "Pagans" or "Heathens" like us here were rounded up and burned by the droves, only for believing in different beliefs than the enemy. We are told we have some sort of "Religious Freedom" in this world, but this applies mainly to Muslims who blow up to bits, and people of that nature, or people who shill and bullshit the public.

Just to make a notice here: The JoS is clearly a religious and spiritual site for the development of Gentile people all over the world. This attack is not solely an enemy chimp-out for 'mean things said' about them, but literally an attack to the spiritual bastion of Gentiles that gives unadulterated and clear cut instructions on how to advance from beginner to adept magician.

The JoS has created generations of people from 10 to 80 years old (Yes, and older) aware of the spiritual truth and the spiritual powers. These come from Satan HIMSELF.

The JoS is a non-bullshit, hard truth policy, on a place that you can advance freely spiritually. While others swim in lies and spiritual nonsense (The "Occult" of the enemy which is mostly disinformation that delays and does not advance). For some the JoS is only a teaching ground, but for others, it is literally their life. As to who else is into this, it goes beyond saying, the enemy did a rogue terrorist attack on Satan's nest one day before their Jewish Purim, aka, their biggest Jewish celebration. Of course, many say these are coincidences, and they are fully stupid.

For the enemy however, there is no going back, but for "Our side" there is only going forward. Attacks against truth only bolster people. Nobody has to worry or fear anything - what everyone needs to do however is PARTICIPATE with us, and do some things so we can maintain the truth. On the heap of endless libraries who were burned, destroyed, and the people also who were burned to death, now, present day humans have the ability to retain the truth easily.

The only thing that remains a constant in defense of the TRUTH, is bravery, and a resolve. Our persecution is going to lead nowhere.

Now, please follow up on the following so everyone has a 'piece' of the JoS until we restore and expand

our main website. I have lost track on how many things I have done to put life on this place, and it's time everyone else does the same, for Satan's dwelling is the dwelling of all Satanists regardless.

It's time to start considering this whole thing more seriously for people who are lazy, compliant, or just not into it. The enemy wants to destroy and censor the whole internet, spy on everyone, and these are signs of their terrorism. Without warning, they just burn things down one day, simply because they are getting exposed, for crimes they don't even care to go back to - but only insist on continuing.

Hundreds of millions of people have been burned, tortured, and destroyed, only for trivial reasons. Genocides have happened by the enemy. People who had spiritual knowledge were roasted, censored, or disappeared.

The end of the enemy with the internet, they want to make the internet like Television. You will open the channels, but they will be at every channel. The majority of the internet they try to control with big tech, but due to the Internet's nature, that is impossible. They have censored comment sections, ban millions of videos, put people in jails or send them hate or threats.

Even people who hover "around" the enemy are censored and attacked in totally unlawful, terrorist manners, threatened, coerced, and violently made to comply to the enemy's bullshit.

If people back down and comply, all truth will be lost. All your life will consist will not be anything spiritual and any freedom of thought or action will be lost. People will only be made into a borg by controlled information. As I told you, we need to win the information war, as this is the most important. The enemy has lost this war already, as the whole world is informed about them. Even the most brainwashed individuals do actually know about the enemy and have recognized them.

An ancient statement of the Tao says the following in paraphrase: The greatest rulers rule without being known, the second best rule by being loved and accepted, the third ones rule by fear, and the last level is when they are destroyed.

The enemy in the last two decades went from level 1 to level 4 and is now moving ahead to destruction. They try to hide, create false flag events, misdirect people, and their ancient terrorist tactics, all to no avail. There is no going back to them. They cannot really be an unknown conspiracy as they were before, people, even the worst NPC's cannot love them, and now they try to inspire fear as the worthless rats they are, resorting to terrorism.

Everyone should therefore understand what is going to follow for the enemy at this pace. Maybe if they censor they will get saved from the 'wrath' of some baby boomer or just some NPC idiots, but all valid elements of society who have some insight have seen what they are, and this can never be unseen.

Every time I climb mountains, I never think I am alone, and you should neither, as we are one family and one team in spirit and soul. Everyone puts a little brick to this greater house for everyone. Satanists should understand this now, if one does ignore this, then they are not a Satanist.

The enemy constantly calls humanity with the worst names, but it makes you wonder what is so difficult for these self-righteous reptilian and worthless feces garbage of race, and their descendant, to just 'enslave' what they consider swine? They seem to be really incapable of doing that. And let's say that they get their 'way' with the so called 'petty humans', do they really believe that they will get their way

from Satan's ET's and other allies that they have? All the enemy is doing is walk into the fire on their own.

The Gods have related to us that we have won, and that is a fact. We live in different time perceptions, and they can see way further than we. We own the youth, our side, and our conception does. The enemy will be with mathematical precision be totally unmasked and ruined in the future. The only thing they can do is keep going as there is no going back to the good "ole" times where they had humanity by the balls and enslaved them so easily.

Keep up your Aura of protection, meditate and keep pumping in the RTR's. These can be found here.

0. To Receive Updates:

Always here and in the Yahoo Groups - If any of these also disappear one sunny day, or anything else goes down, updates will be posted in the following:

<http://www.kabbalahexposed.com> (Bookmark it if you can, or keep it somewhere so you don't lose the address)

1. Download the Library backup.

This is very easy to download. You can download this from here, as a file that is renamed, and encrypted. It's relatively small so any phone can store it, and it can go into any USB.

Encrypted means that the file cannot be 'unlocked' unless you have the password. Even the file names inside the file are encrypted, so unless anyone knows the password, they cannot really break into it. You can store this locally or aside other files. Inside there are about 900+ PDF's included the JoS PDF and other important books, its basically the whole library.

The Encrypted file is here: Password to open it is 1789. You can rename it as you see fit after downloading it. When you try to unzip it (7z unzipper) you will be prompted with a password. You don't need to do it, but keep it somewhere safe. This is updated on the 1st of March.

The non encrypted files (if you have privacy on your devices) can be found here, if you have storage privacy.

ONWARD TO VICTORY!

SATANAS

-High Priest Mageson666

Shiva the [svarupa meaning White] God in the West is known as Dionysus [Zeus] the archetypical God Of Europe. Dionysus's most ancient name is Saba this is Sava the V and B are double letters. SAVA is an ancient spelling of Shiva, it's also SAIVA. Zeus was also called Sandan which is Santan, Satan.

Something I stated before is Shiva in His highest aspect of god the being of the perfected five elements, the divine androgynous god. Is called SADA. This is SATA, the D and T are double letters. Showing what SATA is union of soul SA and body TA. It might also be the SABA or SAVA is actually SATA as well. SATAN is the original name of the White God. Which is why the Jews hate and fear this name so much. SA is soul and TA is body unified together. By the serpent energy which is SATANAS, the devil is the serpent. And the serpent brings eternal life and enlightenment.

Kularnave Tantra: The body the temple of god. The living being is the image of SADA Shiva. Shiva in His aspect of being. The adept pronounces the identification formula "I am he" to worship the body is thus to worship the god whose image it is we worship the god by worshipping his work.

If you note SAT means being in Sanskrit this is also SATA in its full form hence SATA Shiva. The "I AM" is NAS you can note this in Egypt [Araya is the ancient name of Egypt, Sanskrit was their language] with I am, being NUS its NAS. I am he, is I am being [SAT]. SATANAS is the formula of being mentioned in this text. The temple is called NAOS in Greek this is also NAS. Which is the microcosm of the god. SADA Shiva is the serpent god. And Naos being Nous in Latin the term for the Greek word Logos [God]. Meaning SATA is the name [of God] SATANAS is the original name of God on earth.

Satan's Symbol The Goat

by HP Mageson666 » Wed Feb 13, 2019

Satan's Symbol The Goat

In the ancient tale Shiva transform's a Vedic Priest by giving him the head of a Goat. In the east the Goat mantra is held in the highest importance and secret by the Yogi's. The ancient symbol of the Goat is the five pointed star this symbol is the yantra of Shiva. The tale shows the Goat mantra transforms consciousness to super consciousness The Goat is the symbol of the open chakra's of the crown and the head in the east and west. In Egypt the Goat is shown at the top of the Reed Pillar the head sitting on top of the spine and is called PN which is PAN the same with the Greeks. Pan means "The ALL" which is the title of the 5 elements that form the All of creation. The European word for God comes from Got.....Which is also connected to the word Goat. This is where Goy also comes from.

Shiva's mantra is the five element mantra in Sanskrit which the five pointed star is the yantra of. Each yantra is supposed to have the mantra wrote upon it. Nama Shivaya is not the five elements in Sanskrit NaMa and SHI are four of the elements. SaTaNaMa is the actual five element mantra in Sanskrit, this is the highest name of God in Sanskrit. This Goat is the symbol of this mantra [mantra's and chakra's are given animal forms in the ancient world] and one of the major ways SaTaNaMa is used is to open the chakra's in the head. Satanama being the highest God in Sanskrit is the metaphor as well for opening the chakra's of the head and being able to perceive and know Truth the supreme reality by awakening the super conscious mind. This is why the Jews place their curses upon the Goat its an act of transference to bind the crown and Chakra's in the head of Gentiles. This type of magic is called Talismanic magic in Kabala. Note the S T N M and the A of this mantra are all sounds in Sanskrit that act to open the chakra's in the head.

Pan meaning "The ALL" also relates to the number One and Ten. Satanama in Sanskrit also relates to the number 100 which is 10 to its highest power 100 showing the power of the number 1, 10 and 100 to its full expressions. This number in the east is given to the crown chakra. 10 relates to the doubling of 5 which is the power of 5 as well. The number 10 contains all the scale of numbers of male and female within itself and measure the full dimension of the universe, all numbers are made from those contained in 10 and numbers are manifestations of vibrations of astral light that materialize all reality from the subtle to the dense of which 10 is the whole of all the permutations. The mantra and mudra for Satanama relates to this in description of the 10. These specific numbers are based on the full power of the Universal Life Force, in the Far East 10 is the number of the universe. The opening of the chakra's of the head relate to the 10 the connection into the entire universe of astral light.

Scary Satanism? To The Slaves Only

by HP. Hoodedcobra666 » Sat Jul 13, 2019

It takes a little focus and a lot of effort and let us also say, bravery, to move out of a perpetual state of ignorance and start to crawl one's way out of the darkness into a place to understand things better.

Indeed, to start looking into Satanism and related things is as if a sheep goes out of the fold and for the first time in it's life, it is alone - there is nobody there, just a faint voice that tells it that there is something out of the fold. These things do happen when an invisible providence inside man or outside of him is prompted to move out of their comfort zone and start searching.

Unfortunately in the above, and because the system in place knows this very well, they have put all sorts of stables for someone to get lost into and essentially reach no actual self awareness or realization into themselves.

What the system hates is creativity, asking questions, and people thinking for themselves, and long story short, we have Satan as a symbol of a villain in our systems because simply what is Satan doing in the stories of the enemy?

Thinking for himself, going against mass established illogical order, trying to elevate himself past ignorance, provides knowledge and enlightenment instead of blind and idle submission. As such, Satan is hated. And who wrote these stories about all of this?

The whole meme about Satan and the above being so terribly evil, while it was actually the prototype of the thinking man of the Renaissance and the "Heroic Godman" in Ancient Civilizations, is the criminalized notion of jewish religions which are branded under the term Abrahamic - Islam, Christianity and Judaism.

The above systems created a system where the higher moral is to be the most servile slave, an Anti-Roman, Anti-Pagan, Anti-Life reaction and a system expressing the soul of those that we morally are opposed to, the jews, who author this idea.

Likewise, the above system materially and politically, has also some owners who made the above hoaxes, as they won a battle for the minds of the weak, putting others in the front to fight their wars for them, their brainwashed tools, as typical cowards.

And if one criticizes them or moves away, one is walking on the thin ice: One is a revolutionary, a scoundrel, and someone would also say, an "Anti-semite", as one has already has done the trespassing that leads towards "Hell" - To question the hebrew god and his Abraham.

The morals of Abrahamism are morals of submission to corrupt, irrational authority, that indeed seeks to do nothing but heap curses and destruction on people as it sees fit, as the "God" of the Hebrews does in the bible.

If we indeed as a society had ingested this system and followed it's irrationality to the letter, like the bible, we would be in the Middle Ages or the Stone age, as any longing for man to live and learn is just criminalized if it falls outside this context.

Systems born and feeding upon the servility, ignorance, and stupidity of people are weak systems that require even weaker people to survive. Our morals socially have become morals that are against life, against existence, and against all development. The weaker, the stupider, the more retarded, and the more failed one is, the closer and more beloved is one to the "Hebrew God", and the more one thinks, develops, or advances themselves and society, the more they are moving towards "Hell".

The more one listens to common sense or looks for the hidden and the otherworldly, and seeks spirituality, the more detested and cursed one is by the Hebrew "God", who, for whatever reason, in the claimed mental game of authority he projects, looks like he has a lot to hide.

For an "All powerful" who cannot even cure the simple flu in his billions of followers, and whose best miracle is for someone to find their lost car keys, one quickly understands that we are talking about a hoax and a fraud here. This requires painful self honesty, as this joke is based on top of emotional games that are hard to break out from, in particular, the use of "love" and the use of systematic fear. Were it not for false love and the threat of eternal damnation, the hebrew gods would have no followers.

As such, maintaining false love that is rooted in hellfire and permanent damnation is a necessity, as is the necessity of a criminal to daze their victims in order to proceed with the crime.

As time progresses one finds themselves soulless, destitute, and totally broken due to repeated lying. Those who are brave and cannot take this anymore then move away. Those who are fine with lying, they stay, and they get absorbed into the lies that are all too evident.

Eventually, coming into the above awareness and finding the emptiness therein, one either becomes an atheist or seeks an alternative. That is a choice only for the few, the brave, and in many ways it is condemned. The more one goes towards to awakening, the more one comes at odds with a system built on top of slavery, as one returning into health in a village full of sickly people is looked upon as an enemy.

What also happens is that most of the time people only replay the same fraud with different background music. First one was a pacifist in Christ, then one becomes a pacifist in Buddha. Then, one becomes an Atheist but also again a humanitarian pacifist. The mental image of the serf remains, until one is either stuck or wants to go onward and carry a full internal revolution somehow, to break free.

In the Ancient Pagan religions, there was biggest virtue and this was Bravery. Bravery, not only for stupid reasons, but for reasons emotional and mental, but also reasons for security of the land, the nation, and

the values of power and life these cultures held dear. Today, the virtue lies in being a coward, in hiding from one's self, and the more cowardly one is, the more one is "rewarded" by a life of serfdom and brutality by those who abuse power to literally no purpose.

Some people claim that Satanism "Scares them" and they claim they have reasons to be scared. These reasons have nothing to do with Satan or with Satanism however, in reality. Introspection, increasing personal power, and dealing with Gods that exist can be quite the awakenings.

But those who do not want to awaken will just permanently sleep in a nightmare. And those of us who have woke to the nightmares, do not want to be going back, nor retreat.

It's as if one is a total liar unto themselves and one day they are confronted with a truth. People can more easily go and die in minefields or wars than it takes courage to face one's self and what is totally "unknown", especially spiritually. This is the greatest journey to take, the most rewarding, and of course, can look as the scariest.

But what is scarier than never taking a journey? Some people would agree that that is worse of a fate, and they want to move away.

Some people who are willing to take this perceived "risk" understand that there is no beating in any of this - just a necessary procedure for awakening. Satan welcomes these people and to their amazement there is no being with horns, nor any ghoulish thing on the other side, just a beautiful, exhilarating, and truly spiritual place of learning, self empowerment, self awareness.

As much as one is scared of self realization or understanding, so much one will be scared about Satan. In reality, there is nothing "evil" or "scary" about Satan in Himself, quite the contrary.

The reality is that this law will be eternal: The truth will give itself to the brave, and not to the slaves and the fools. And that in order to make this happen, one has to embark into the journey of self awareness and self empowerment, all the way from the darkness towards the sun.

The question to ask one's self is this: Is it scarier to move towards enlightenment like a Eagle, or die in one's sleep ignorant like a worm, buried in the earth?

Are you a warrior, or are you a slave? Are you meant for freedom, or are you meant for eternal slavery under weak and ugly masters?

The Truth does not belong to anyone who is not willing to go down to Hades to claim it. And Satan, our God, God of Warriors and Wise Sages, does not look up to no slaves, and He desires none. Satan's Truth is not for the slaves, but for the Brave.

Praised be Satan, the God of the Free, the spirit of Warriors, honest and eternal, our Father since time immemorial.

Austria: School girl group raped in front of class mates by six non-White, immigrants

By High Priest Mageson 666

International Jewish Power Openly Behind European Genocide: topic12011.html

Rape by non-Whites, in European Public schools is becoming a common event just like the rape is normal in much of the non-White, darker world. Sweden of all places is now the rape capital of the world as these Jews brought in non-Whites who are now raping so much, its getting normalized, all this to destroy Whites. Not that long ago in a Swedish school a White father complained to the worthless, Swedish, anti-White, White teacher, that his White daughter was being aggressively sexual threatened and harassed by several non-White, immigruntz. What did the caring teacher do? Reported him to the Police for racism of course. The daughter a week or two later was brutally raped by the violent brownz in question, right in the school. Jewish, anti-White brainwashing at its worst. Totally Hypno-jewd, I guess hurting the feelings of browz people is the greatest crime in Sweden, next to other crimes of thinking.....Like not buying Holocaust Potter And The Gas Chamber Of Secretz.

<http://10news.dk/?p=2034>

“In a school in Graz several youths raped a 15-year-old. Other students witnessed the incident, but did not stop it. ...

In May, six suspects (including five of African origin) as young as 14 raped a 15-year-old girl in the dining room of a New Middle School.

Several students witnessed the rape, but did not go in between. Even a teacher ignored the girl’s cries for help.”

The non-White, jew brought, rape tsunami keeps on warring even whole communities of these worthless brownz can’t help themselves...Its normal in their world to them, so are other things like incest

School Shooter Was a Jew by Racial Rabbinical Law

by [HoodedCobra666](#) » Sat Feb 17, 2018 6:46 pm

What did the shooter admit himself about himself: “...*My real mom was a Jew. I am glad I never met her.*” - School Shooter Cruz

Everyone who is born of a Jewish mother is a Jew according to Rabbinical law. So the difference between this Jew and another in Israel is simply their territory on the planet and nothing else.

Well, what do we have to say here. This deranged retard was Jewish. They are attempting to try to turn this into the usual, yet again, to take guns away from Americans (lest the American Goyim have any defence for what is being planned for them), and communists are generally attacking the Trump administration on this thing, like they were responsible for it specifically or something.

They have done a lot of things decently, such as not increasing the infestation of gangs and declaring a gang war on the worlds most dangerous gangs, but also not interfering with the rights to own arms etc. This is at least something that has is better than if the other side was elected.

Point being, Jews don't give a fuck how many people die in the rise of their agenda.

Violence is something very embedded on the Jewish blood. The Jews also know very well what is going on with many of these shootings. While others are staged, others are real. They are infested with Kabbalistic numbers, and in many ways, they follow a very obvious pattern.

Shooting innocent kids at a goddamn school is a shocking crime. How more fucked up and Jewish can an assault get? This is what Israel is doing in Palestine as well. They enjoy hitting on innocents to cause maximum public shock. Also there are websites online which prove beyond any doubt what was the problem with many of these shooters. It wasn't some random reason like simply 'ideology', but drugs, and many other factors. Many of these people are in hardcore drug usage. On top of other issues.

Many drugs are also 'legal' and they are given to very weak people in their youth, causing an array of problems, also 'legally'. This is a major crime that needs to stop. It's beyond comprehension - the life of people gets ruined. There are children below the age of 10 taking these hard drugs because they are diagnosed with fictitious diseases. Then one must take a lot of care and have an iron will to get back to normal again.

However America has failed in this war against drugs and promoting drugs, because it is not reacting against the Jews. Jews made, with Hollywood and (((art))) drugs into the centre of attention for the whole of the country. Drug lords became like holy saints and glamorized beyond compare. Because the presently ruled Jewish society is cut-throat and unnatural, making people very depressed and they do all sorts of crazy things.

If you pay close attention it's the Jews that promote drugs the most. Because they are soulless and an ugly species that likes to see other people suffer during this. One round on Jewtube on these

promoters, and you will see why they promote this alien agenda. Many drugs are meant to literally ruin the human brain in the deepest levels.

Back to the shooting, there is one very clear issue here. The Jews respond to the needs of their race and execute them even if they are simply Jewish. This is metaphysical as well, they cannot control it consciously. They need to regain power in America somehow for their anti-gun narrative and to push back the awakening of the populace, by somehow linking it to...literally...their OWN racial crimes.

The Jews need to censor weapon ownership in America as soon as possible. This is part of destroying the Constitution in general. Then after guns, they will take free speech etc. It's a well known thing they cause crimes against innocents to try to pull these stunts. They hate that the populace can protect themselves, in particular from gangs and other predators. So they become really pissed off and want the Goyim to be defenceless.

The same thing happened in Europe, they saw the terrorist sitting there with the bomb and they couldn't do jack shit- everyone was defenceless. If someone had shot them on time, as they were taking out their bombs, maybe these things could have been prevented. This is why Hitler allowed Germans to have licenses to legally carry small firearms, which, due to how the society was built, they didn't have to ever use anyway. Because the more alike the folk, the more disciplined the people, and the less tragic a civilization, all that simply, the less crime.

The Jew in the picture, the so called "Shooter". Not only this is a rat, this looks like a very dangerous rat.

Jews hate humanity and Gentiles. What this Jew did all his life was whine and hate on other races, go on his Jewbook and pose with bulletproof vests, and basically prepare for the purpose of his Jewish life which was to kill other people. Meanwhile, a lot of people in the security of the USA are busy creating bots to censor videos that criticize Jews, rather than bust these obvious criminals. **This "Cruz" was a racial Jew.** He could be a Rabbi basically in Israel. He just took another route. But he still acted in the same way his tribe does and removed for no reason people from this world.

Below from CNN News:

[https://edition.cnn.com/2018/02/16/us/e ... ram-group/](https://edition.cnn.com/2018/02/16/us/e...ram-group/)

"During one of the anti-Semitic rants in the chat, Cruz spoke of his birth mother, saying, ***"My real mom was a Jew. I am glad I never met her."***..."

In America the cities with the most gun control have the highest rates of crime and gun related murders. Were they ease off on the gun control laws the crime rates go down. Because law abiding citizens have the ability to defend themselves from the criminals.

Always remember the Jewish lobby is behind gun control in America but turn around and support Israel were the average Jew is armed like a Rambo movie.

So who is really behind

GUN CONTROL IS GOYIM CONTROL FOR THE JEWS.

Sandy Hook was a total false flag by the tribe that connected into predictive programming they used in their movies. To set this up in the mass mind. The one propaganda actor was exposed as being there dressed badly as SWAT member carrying his rifle dangerously wrong and then shows up again as one of the fathers of the victims. The thing was a Jewish production which is why books exposing Sandy Hook were banned on Amazon along with Holocaust truth books by the Jewish lobby.

Science and Truths: Egregor

by High Priestess Maxine Dietrich » Sat Apr 13, 2019

The Christian Churches have always been brutal to science and scientists. The original Christian Church, the Catholic Church, hunted down, tortured, and mass murdered our finest minds, scholars, scientists and anyone they believed was a threat to exposing their lies.

As I've already written many times, there is a point where both science and spirituality (the occult) meet and complement each other.

Humans are ignorant fools to believe we are special inhabitants of this universe. This is another tactic of Christianity in all of its deception to disarm us.

Humanity has dominion (which has been severely abused), over animals and plants, the environment, etc, on this planet, for the most part.

The truth is, thanks to scientific knowledge, we know we are not the center of the universe, the planets and the sun do NOT revolve around the Earth and so forth.

Though the mainstream sources will not readily openly admit, there are other beings out there. Some way more advanced than others. The more advanced, the more dominion and control.

It becomes glaringly obvious, if one is learned in the life sciences, how some species are adept at exploiting other species, such as I wrote in a former article regarding ants; Hymenoptera.

Few are open to reality enough to see how humanity has been disarmed through the blocking of our astral senses, aka "ESP" and opened to alien exploitation and attack.

Lucifuge Rofocal's recent revelation regarding His own experience and what happened to His planet explains plenty. Lucifuge's planet is now a slave colony. Each of the Greys there has received the implant.

Through millennia (what is a thousand years to us may be nothing to other beings out there, or how many planets do these beings have infested with their agenda for the implants?), the removal of key astral senses has left humanity to spiritual degeneration.

We cannot normally see the results of our actions for one. We don't really see what we do. Consistent

meditation opens us up to some awareness of our actions, but not completely.

The Earth itself has been bound.

The Earth is dying, humanity is on the brink of disaster. The environment, for one is nearly unsalvageable at this point. The interconnectedness of life, the ecology and related, have all been affected. Humanity has been responsible for these issues. Humanity, cut off from a very important key aspect of awareness cannot 'see' the ramifications of all the detrimental and most careless actions incited by the masses.

The enemy agenda (and how many more planets out there have also been set up to be eventual slave colonies, and energy providing sources for nefarious advanced aliens), is to disarm the population by blocking the spiritual senses.

Only when admitting to and facing reality (no matter how ugly and/or terrifying it can be), can we deal with these problems, defend ourselves, and put an end to them.

When the majority of the populace wakes up regarding the programs of Christianity, Islam and related, and their root of Judaism, and what they really are (to put in an artificial substitute for the spiritual), that is dependent upon being spiritually disabled and left spiritually ignorant.

The Christian Churches have been very blatant in their agenda. The mass murders of those who had spiritual abilities, even children as young as two years old were burned to death in witch houses (psychic abilities are often inherited), the destruction, burning and confiscation of spiritual libraries and related materials, the building of enemy churches and other artificial structures over important Ley Lines, and areas of natural psychic energies, where Pagan shrines and temples once existed... There is much more.

These are all to disarm humanity through destroying psychic awareness, which reveals the truth.

The ultimate goal for the enemy is total atheism. Enforced atheism, as in communist countries, where there is total removal of all spiritual knowledge. The communist countries do allow restricted access to Christian Churches, Christian Bibles and such, as an "alternative," pretending to be at odds with these. But, NO true or real spiritual knowledge is permitted to the populace.

To summarize:

1. A planet is singled out for exploitation for labor, fleecing of life energy, which is an all important commodity out there.
2. The Jewish root and soul are implanted along with the Christian and related crap that manifest out of this.
3. Enemy programs as in #2 work to replace spiritual abilities, knowledge and practices with artificial crap. Another major focus of artificial crap is slavish worship, which begins and establishes an energy line to where not only does the energy feed the artificial program on its own, but also connects to enemy beings, feeding them precious energy for their own benefit and to the detriment of humanity.

4. A giant thought form, as with these enemy programs is called an "egregor." This is no different from a minor thought form created by individuals, and programmed to feed off of self perpetuating energies. For more information on this, please visit the link below.

<https://www.satanisgod.org/www.angelfir...tform.html>

5. The success for the enemy is achieved when all inhabiting beings receive the implant. The entire planet then becomes a slave colony, devoted to supplying enemy aliens with unlimited labor, life force energies and anything else they can systematically fleece from the inhabiting populations.

How many more planets in our galaxy or even beyond have been targeted and imbedded with Judeo/Christian programs, that are directed to the enslavement agenda?

Satan is here to wake us up to all of this. The Judeo/Christian Bible climaxes with the allegation that Satan is behind everyone getting implanted with the microchip.

This is NOT true!! This is another very clever enemy tactic. First, like the entire theme of the Bible, it creates a powerful subliminal, opening everyone's mind that the implant or "code of the beast" as it has been called is a certain eventuality.

Even worse, it deceives believers and other ignorant individuals, that Satan WHO IS IN REALITY TRYING TO ALERT US TO THIS DANGER, TRYING TO HELP US TO REBEL AGAINST THIS AND FIGHT IT, is supposed to be masterminding all of this.

The proof is for all to see. Satan and our Gods have always been promoting the true spiritual. Satan has always been synonymous with the occult.

Also, Satan does not need or require any slavish worship. Judeo, Christian, Islamic and related programs demand it under threat of torture and death.

Search Engines, Forums And Websites

by HP. Hoodedcobra666 » Wed Apr 24, 2019

Some people have sent some complaints on how the Satan's library does not allow downloading of the PDF files. This happens from Germany, Switzerland, Austria, Britain, and France primarily. The why of this is unclear, but as it appears, the files or the url's in some files have been flagged. Others have disappeared, and they have also been purged from the wayback archive, because they are "controversial" material.

Another thing, views on the forum (both plus and minus) are manipulated by external factors such as crawlers and websites outside from the forum which redirect and push numbers up or down, depending on the amount of influx from said search engine crawlers or their absence.

Apparently this can sometimes increase views too much, inflate them, or shrink them, and there is external manipulation taking place. This affects the perception of the forum and what views count and what views do not count. This can cause manipulation or blocking of view counts, which can create a lot of problems and/or issues with the board. By also mass invading the forum with trolls they have tried to just ruin things as per usual. They did around 2500 registrations of troll accounts.

DDOS attacks are a frequent one and these mainly come from China and the other country which I am sure everyone can guess. Supposedly these are illegal, but I guess in the bandit state and in China, there's nothing illegal so it's not a problem. In a place where tanks kill little children that throw rocks on them, DDOS is the least of one's legal "Prohibitions" to not do, of course.

We will re-optimize this and also fix and circumvent everything, one thing at a time. As also others have observed, the same problem has been the case on our sites in Google etc, and how they are up there. This will be improved and corrected. To name one example on all non-google search engines, the joyofsatan.com and satanisgod.org are doing pretty well and they will do better. But in google, while it has the fastest 'indexing', it has the slowest rate of going up. Duckduckgo on the other hand delivers more legitimate results due to it's model.

The situation is the enemy also has done a lot of other crap, and this is basically an ongoing war that has been going on for months. We will do our best to circumvent this. Then, goes the endless censoring and general turning of the web into the TV or Orwell in 1984. However as this appears this isn't going to fare well for the enemy.

Very soon (after Passover) the JoS Activism will open so we can co-ordinate internet warfare. Those who remember our rule in the internet and also the Yahoo Answers, it really went as far as for the enemy to censor us and/or make this impossible. But we can re-do this, with minimal time and tactical efforts.

The idea of JoS Activism is that we will have a few tasks to do each week, 4 times a month, or maybe quicker if everyone finds these easier. These will be given easily arrayed with instructions. On top of these we will also stack the RTR's and general workings to bolster the activism and it's effects. Members will also be able to just self-co ordinate and do what is considered important there, or work as teams.

Progressively also this board will be updated and be given extra tools too. We are also working on that one.

Just consider the recent enemy assaults just their pathetic bullshit. They just freak out the Goyim know, so they become Gentiles instead of unknowing victim "goyim".

Selling Your Soul And Possession

by **HP Mageson666** » Wed Oct 04, 2017 7:21 pm

Selling Your Soul And Possession

The concept of selling your soul was created by Christians in the Faust opera it was social attack on how usury and gold lust had taken over the society. The idea of the story being a contract for your soul to the Devil was a metaphor for a contract with the lender you get now but pay later. Its just a Christian social commentary.

The unfortunate aspect is the Christians got their economic ethics from Satanist philosophers like Aristotle. Who wrote about proper economic principals and was against usury. Aristotle was a Pagan and a member of the Serpent Priesthood of the golden chain of Pythagoras. The Christians tried to turn them into secular characters. To include them into the new society.

Pythagoras is a serpent tile of the Python serpent the symbol of Dionysus, Zeus.

Also note the created divide in Europe came from two sources; people like Luther who wanted to throw the Pagan philosophers out and go totally Hebrew, and people like Bruno who wanted to throw the Christian dross out and make a pure return to the Pagan philosophers. One side created the reformation and the other the Renaissance.

It's the Christian church that wants your soul. You have to literally hand your soul over to Jesus so that an evil Hebrew force can come and live inside of you and possess you from the inside and then make you do horrible things to the world and society. Like hate your own family, roast other humans alive, chop them apart, genocide two hundred million other humans off the earth and such in the name of the evil force of the "holy" ghost of Jehovah that possesses you and feeds off your energy.

Satan as the ancient texts tell us. Is the Father of our soul. He gave us our soul so we could empower our soul and reach the level of the Gods and be free.

[IMPORTANT! 17/September/2018](#)

Postby [High Priestess Maxine Dietrich](#) » Tue Sep 18, 2018 2:53 am

The highest holy day in Judaism is Yom Kippur. Yom Kippur begins tomorrow night (Tuesday, 18 September) at sundown.

Every year at Yom Kippur, Jews state the Kol Nidre which absolves them from any vows, any oaths, any pledges, and any blame made during the past year. This absolves them from all sins, which are then turned onto the Gentiles. We pay not only financially, but we also pay spiritually. We pay for their wrongful acts.

Satan wants everyone to do the Reverse Kol Nidre now through the evening of the 19th.

Sermon: 14/November/2015

- High Priestess Maxine Dietrich

There are quite a few things I need to mention here. I apologize that this is long, but please read through it. The reverse torah rituals are doing their job. The Jews are reacting in many different ways. For one, they are really on a blatant onslaught to destroy the White Race, which has been their age old enemy. What is happening in Europe is appalling. The Jews have always had a history of creating major distractions and also when possible, wars to divert attention off of them when too many Gentiles are aware. The most conspicuous was with WWII. The Third Reich was exposing the Jews to the world.

What is happening in Europe will result in catapulting National Socialism to power. Our Antichrist is waiting and will return. In the meantime, the Jews are working in a panic to start another world war. The ISIS situation and other serious problems serve as a distraction. The internet has exposed them and many different groups of all kinds are aware of the Jewish problem. The Jews themselves know this at the top and are and will be working overtime to destroy us all. I will have more reverse torah rituals coming soon. The focus in these will to try to prevent another war. As I have already stated many times, the blueprint for everything ugly and with a major focus on war, is in that filthy bible, and the "Old Testament" is the Torah. Christians and other deluded idiots are so brainwashed they cannot see this, nor are they willing to listen to reason. It is a very sad fact that a large portion of humanity is plain stupid.

I also want to mention another reaction is how Hollywood is creating and pushing endless movies about demonic possession and related in a last desperate effort to prop up failing Christianity. In these movies, Pagan Gods are viciously attacked in order to try to frighten vulnerable viewers. Always remember that the Jews work to confuse and to use fear in any way they can. That is what has kept them in power all of these centuries. Enemy spirits, no different from the obsessive/compulsive Christians who relentlessly push their lies, they also harass us.

The lies we have been force-fed are prolific. One major lie that is pushed on most of humanity, especially here in the "West" is that life is supposed to be a happy, successful, and rewarding experience. And even worse, if someone is having problems, then the Jewish psychological tactics come into play and the individual is blamed for their own misfortune. Enlightenment rips down the buffer barrier and exposes one to reality. So does knowledge of astrology and I can tell you, these people who claim to be completely happy and are very successful at masking their problems, one only needs to look to the Saturn. No one is exempt. What the above does is to open people to nervous breakdowns, suicides and also further victimize one to opening the vulnerable to the Jewish programs promising a paradise and utopia, of which there is none. The Jewish programs of communism, Christianity, Islam and more promise a paradise of endless bliss and happiness, free from any problems if one

takes the bait. They remove spiritual knowledge, destroy communications and then use the resulting ignorance and unknowing of the populace to push these lies.

If one is in total denial of problems and refuses to acknowledge that this is not a perfect world, then problems quickly get out of hand and the brainwashed populace can only go on for so long denying until things are so far out of control that in extreme cases, civilization collapses. Television and the media also provide a major distraction and diversion for many so that they are not in reality. Any thinking person can see the unimaginable suffering in the world that has resulted from this. Ignoring and denying problems will not make them go away. They only get worse. By facing reality and seeing life and truth for what they are, in a positive sense, one can work on solving and correcting problems, not ignoring them to where they are so far out of hand that things become unsalvageable.

Another area the Jews work overtime with is along with the above lies, again, anyone who is having problems is often indoctrinated with the lie that this isn't normal and that everyone should be happy [regardless of any awareness of just how bad things are in the world]. So, the Jew pushes all kinds of psychiatric drugs, often where none is needed. Most of these are extremely expensive and highly addictive. When not taken as prescribed, there is a backlash in the brain, notably with anti-depressants and the depression increases to where the victim often ends up committing suicide. The Jewish run medical profession makes trillions of dollars off of pushing and getting their victims addicted to all kinds of drugs. Other side-effects are aggressive and threatening thoughts. This could also be a significant factor in violent crimes. The changes one undergoes with taking these drugs are often irreversible in the brain. But, bear in mind for those of you who are taking medication, never just stop. Learn as much as you can before stopping the medications if you choose to do this, as quitting cold turkey like I mentioned in the above can be catastrophic.

Another one is the eating of meat. There are absolutely NO dietary laws or restrictions in Satanism. You are free to eat or not eat whatever you choose. The following is my own observation and opinion. Human beings are ideally omnivores. This means eating both meat and vegetables. If one studies the history of the Catholic Church, one will find that the church pushed veganism relentlessly. Lent, and many other fasting days enforced that no meat or dairy products be consumed. In addition to this, ashrams and communes where brainwashing is/was intense are/were all vegan. Vegetarianism opens one to being brainwashed and dominated. This is in history. Eating meat is a threat to the enemy. This is another reason for the Jewish invented industrial farming. People see this horror and stop eating meat. The Jew creates the problem, provokes the reaction, and pushes the solution. Jews also infest animal rights groups and further push their agenda therein. Veganism is now being pushed by a number of high profile animal rights organizations. However, I haven't yet come across any articles condemning carnivorous animals such as tigers and lions for ripping their prey to shreds and eating it alive. This is in nature. No, it is not pleasant, but it is a fact. All food animals for human consumption should be treated very humanly and when the time comes for them to be killed, this should also be quick and painless as possible. The focus should be on completely destroying the Jewish institution of industrial farming, NOT pushing veganism. BTW, I NEVER buy "Tyson" as they are abominable for how they treat their animals with industrial farming. In addition to all of this, vegetables are not exempt from Jewish tainting, as GMOs and other poisons are prolific. The Jew also makes trillions of dollars off of selling bottled water, as their factories and other death dealing organizations

have destroyed the environment to without the help of the Gods, this earth is unsalvageable. Most people while being entertained by the TV and other related, are unaware of just how far gone the environment is. It gets worse every day and the Jew profits.

Jews as we have seen blatantly under communism, persecute their own, as they are a very depraved, usurious and spiteful race. They don't care how many of their own they have to sacrifice, let alone us Gentiles. This is in their nature.

What is going on in Europe is an attempt at the genocide of the civilized White Race, which is the direct descendants of Satan and the so-called "Fallen Angels" in the bible. The White Race descended from the Nordic Gods. The following video is a must-see and very highly recommended. Jewish controlled YouTube has muted most of the copies of this video, but this one here is working:

<https://www.youtube.com/watch?v=44vzMNG2fZc>

This is extremely serious. This video exposes how Muslims intend to completely take over Europe and enslave everyone. The common practice of psychologically depraved and utterly sick in the head Muslim assholes, dowsing women and children with gasoline and setting them on fire is now manifesting in Europe. This malignant scum is and has been dowsing little White children with gasoline and setting them on fire and raping children as young as 7 years old. These are stinking pee-rag foul scum of so-called "humanity." Pedophilic, animal-raping, violent women-hating, animal-hating, the dregs and filth, the utter dross of humanity they are pushing into Europe. The Jewish press and media push the lie that these parasites are looking for "a better life." This is not true. They are looking to invade and to take over all of Europe. Only total fools and idiots fall for the sob stories, the misplaced sympathies and the suicidal compassion and furthermore, JUST WHAT DOES EUROPE *OWE* THEM? Why should this be Europe's problem?

In addition Christianity has always worked to destroy the White Race and Europe as well, the Inquisition was another blatant example, where entire villages were wiped out. Islam is even worse. In the video, they make it plain that they WILL make all of Europe Muslim. The Catholic Church has numerous petitions online trying to push Europe into completely turning over everything to these Islamic parasites, whose sole purpose is to conquer through the most brutal methods and to destroy. This further reveals the true goals of that foul and most depraved and corrupt institution, which is and always has been communism and Jewish controlled. People read about the conspiracy of the Jesuits. As long as they are called "Jesuits" this is no problem with the Jewish controlled media, but expose them further and the Jesuits are and always have been mostly Jews. This stupid and the deluded erroneously believe that the problems with the Catholic Church are recent. This is not true. They have always been the same. They only have changed a bit here and there for the times, but their agenda has always been the same.

I strongly recommend everyone watch this in full as this WILL affect the entire world. Even any idiot can see this. The Jews are behind this all the way as they are in a panic and will fail miserably. Both Lilith and Satan have stated many times that peoples' backs need to be pushed to the wall before a significant reaction will take place. I also asked concerning our

dwindling numbers and Satan reassured me quite a few times, he, himself will be stepping in. I know the details on what is coming, but I can't make this public yet.

Any idiot can plainly see that when these miserable hoards begin to starve [there is not enough to go around] and the economy collapses [anyone who has any common sense or knowledge of history can see this is inevitable], houses will be invaded [this is happening already], and many will be killed. The tragedy in Paris is a beginning. The virus has already fully infested Europe. Lilith told me "WE are the antibiotic."

This situation will affect the entire world. The Jewish onslaught against Europe WILL FAIL MISERABLY. This can also be seen in Angela Merkel's astrology chart. Any competent astrologer can see her future is completely fucked. I don't know how else to say it. Transiting Saturn is hovering over her ascendant and will be entering her first house. This is the worst time in anyone's life. After this, when transiting Saturn enters Capricorn, it will retrograde in opposition to her Cancer stellium and chart ruler. I do know when National Socialism comes to power, she will in all probability be charged with high treason. It is glaringly obvious she is an enemy of the German people, whom she is supposed to represent.

Adolf Hitler, Heinrich Himmler and the other Third Reich Leaders actually cared about the German people. They weren't bought and paid for with Jewish money. They didn't line their pockets with Jewish money like the majority of today's politicians.

In closing, and I know this was way too long, I hope most of you read through this- for brothers and sisters in Europe, it is imperative to work on building an aura of protection every day. Raise your energies:

http://www.exposingcommunism.com/Raising_Energies.htm

This can be as simple as vibrating SATANAS into your chakras every day and then affirm: "I am always safe, secure protected and fine in every way and at all times." State this while visualizing a brilliant light engulfing your entire being. If you are new or have trouble visualizing, just do the best you can. This can also be adapted for loved ones, but make sure you are strong enough first and don't spread your energies too thin.

Now for another... the astral line. I have done this myself and it definitely works. If you have more than one person, a coven, etc., you can do this with a perimeter around your entire house, but with one person, the output of energy may be too much.

Breathe in through your entire being and with your finger, direct the energy out and to the bottom of your main entrance, also any entrances that are used in your house or apartment.

Visualize strong, powerful white-gold light like the Sun emanating from your finger and drawing an astral line at the bottom of the entire door. Then program the energy. This will have to be done preferably during a waxing Moon every day and preferable during the day when the Sun is shining. When you have drawn the astral line, then visualize the light from the Sun further lighting it up and affirm:

"This line of light is constantly and continuously protecting my house/apartment/living area.

This line is fully repelling and preventing any individuals who intend me any harm from entering this premises." State this with focus and intent 10 times.

Then, visualize the Sun brightening the line more and more and affirm: "This light of this protective astral line is constantly and continuously being fully fed and replenished by the universal ocean of protective energy and light." 10 times. Do this every day from a new Moon to a full Moon, ideally. Never start this on a void Moon.

I also want to expose here, the LIE that "Satanism is darkness." Power is in the light, the enemy knows this and the Jews again have convinced many deluded individuals that Satanism is about darkness. This is to deprive you of knowledge and power. Our Gods were bound and deprived of light; thus deprived of power. The Jew enforced this through the erroneous notion that Satanism is darkness. Satanism is NOT about "darkness."

What can you do? Spread the truth to as many people who will listen. The more people are aware of and know of this Jewish onslaught, the suffering will come to an end. People need to know the Jews are behind this, like every other ugly thing. People need to know Christianity is a swindle and a lie. There is plenty of proof all over the place. One only needs to tell the truth and make others aware. Awareness is the key...

First off, I want to mention, especially for new people here and any others who may be concerned regarding the signs in the sky and the increase in natural disasters. These "predictions" are in the Biblical book of Revelation/Apocalypse, and they do their job in frightening many into believing in Christianity.

The average person, especially those who are without does not and is not able to put in the time and discipline to read through thousands of books. This is what is needed to completely debunk the Christian/Muslim programs, which are total scams, along with their Jewish root. I'm talking beyond having faith.

In addition, most people have multiple walls up in their minds, shutting out much awareness in order to cope with reality.

In regards to the increase in natural disasters, the moon being off, along with other signs in the sky and unusual phenomena, the universe goes through cycles.

The ancients knew this. Many important libraries were burned and destroyed. A lack of knowledge creates fear. The Jewish writers of that rotten Bible and Koran knew this. They've used this along with other deceptions to frighten people into accepting and believing their ludicrous lies. This is why the Christian Churches have viciously attacked science for centuries. Murdering, torturing and vehemently destroying the lives of scientists and other scholars.

Thousands of years ago, the Sahara desert was lush and green, teeming with plants and was fertile for agriculture. The earth shifted and since then, the Sahara has become total desert.

These sorts of things are usual in nature. Fossils have been discovered in Antarctica, indicating that the continent at the bottom of the world was not always there, but at a higher latitude where the climate was much warmer, and teeming with life.

Pangaea and Gondwanaland were massive continents before the earth experienced massive catastrophe, breaking them up.

Beings from other worlds who are more advanced often know when their planets face major changes to where the planet will no longer support life. Advanced beings then implement intergalactic colonization.

This is a fact. It has absolutely nothing whatsoever to do with any spook.

Because of this lack of knowledge, copious destruction of ancient libraries and places of learning, and the exploitation of the resulting ignorance of the masses, falsifying and deliberate rewriting of history, many are frightened out of their minds.

The 2012 was another hoax, along with the YK2000. Fear creates distraction. The masses never learn.

This isn't to say there won't be disasters forthcoming. Plagues, breakdown of society and other

nasties.

The major threat is nuclear war. Also, this has occurred on other planets. Nuclear war unfortunately is not just unique to planet earth.

Predicting the end has been going on for centuries:

As for nuclear weapons, all of the scientists who worked on the Manhattan project and promoted the use of atomic warfare were Jews:

The reality is, we save our own souls, OR, we don't. Knowledge is the key, along with the discipline to work on one's mind and soul on a consistent basis.

Training one's mind to deeply concentrate (which is essential to success in spiritual workings), can take as long as 1 - 2 years of daily meditation. Patience, perseverance and self discipline are essential here. Everyone is different owing to past lives regarding the spiritual development of the soul.

Now, something exceptionally important is the cleanliness of the soul.

The deluded Christians and idiot Muslims are deceived into believing after this life, if they conform to the spiritually damning suicidal laws in their doctrines, a beautiful paradise along with eternal bliss will be waiting for them.

This is not so. Those of us who have worked with deceased and reincarnated souls know that what is on the soul (even animals), stays on the soul until it is removed. I know Satan has the power to remove afflictions of the soul, but we need to work on our own souls.

One should clean one's aura daily. This is done by visualizing a brilliant white light like the Sun sweeping from the top of one's head to one's feet.

What happens with this is after a cleaning, more spiritual dirt, so-called "karma" and so forth come to the surface from present and past lives. This is why it's so important to stay on top of cleaning our auras on a daily basis, as this spiritual dirt will not get a chance to manifest into reality. It can take anywhere from one to several days for what is on the aura to manifest into reality; an event in one's life.

Cleaning the aura can take between one and two years of consistent daily cleanings. Positive affirmations should be stated 3 times or so following the cleaning, such as "I am always safe, secure and protected in every way and at all times.

When stating affirmations like the one above, it is important to feel your aura and soul. Tune into

feeling your aura and soul and focus while reciting the affirmations.

After your aura becomes clean, then it's time to work on one chakra at a time, cleaning it with the light scanning from the wide part to the tapered tip. This can be done anywhere from 5 to 25 or more times.

Only work on one chakra at a time until it is clean, then go onto another. Don't work on more than one. This must be done daily in order to prevent more astral dirt which surfaces from getting a foothold in reality.

You will more than likely see all kinds of nasties coming off your aura and chakras. Chains are bindings and obstacles for one.

Always remember, we save our own souls and that lying filthy trash about that worthless Nazarene saving anyone was corrupted from the kundalini serpent. The truth is your own serpentine energy when applied will save you and also protect you.

Sermon: No xianity = Spiritual Power

-High Priest Hooded Cobra 666

Happy Samhain to all our Fellow Brothers, Sisters and Comrades! May all that are of Satan be happy and strong forevermore!

I want to remind everyone: New reversing the Torah Rituals will be on, very soon. Xians=Christians. Crossing out the worthless "Christ" lie.

I notice people are having some struggles for when it comes to powers: IE questions like, what are my powers, what am I supposed to do, what is my purpose, what should I do when and if. This post will be to explain exactly that.

In Satanism, the purpose is for one to become as the Gods in every sphere we exist. Attainment of the Spiritual powers and being the Spiritual Elite. Constant meditation that is done daily and empowering one's Soul and its parts are **mandatory** for this and you cannot go without these in Spiritual Satanism. From **doing something** basic to just protecting yourself and Chakra cleaning, to doing even more advanced things. Many people have questions and others complain.

For those who have been in another "Faith" before, they know that real spiritual power only comes from Satan it any big amount. Little or nothing is accomplished for those who are without and if they make it somewhere, the enemy simply eats them or destroys them. Let alone that nasty entities mess with them anytime, any day and can do whatever they want with them. They are enslaved, alone and infact nowhere.

If they attain something, its temporary, not theirs and is weak, let alone it will always end up in some disaster. This can be seen in all enemy religions. The so called "miraculous" pastors and shit are for 99% bunk [plain hypnotic suggestion or placebo effect on the part of the victim, nothing more], and because this fails after a while and this enforces the jewish left brain thinking that nothing exists that is transcendental, so for once we see again how even if on the opposing side, the enemy controls both. It doesn't take much intelligence to understand this. The rest 1% is some gifted idiot who is either being possessed [these were the old times because now the jews have it real hard and their kike imbecile helpers can't really make mr pastor fart miracle], or uses their puny little power to do whatever, in doing showoffs that attempt to bring the xian/muslim cattle back to the farm so they can be slaughtered by jews.

The motto of all the above is simple: Lies and dependance to some force that you are not meant to 'approach' or even know about. Be a stupid fucking sheep until the jewish master decides to slay you. Then when you have served good get in the coffin and die.

Xians are taught to channel energy by...prayer. One is told to pray unconditionally and at all times and conditions. They all result to "prayer" which is in fact a very simple and weak meditation/magick. They will channel that energy towards "god" or any other "diseased" person or anyone else opposing them and they want gone. Well, this rarely ever works because they are all useless **spiritually**, but 1 in 1000 has a strong mind and SOMETHING can be attained. Because they are so good and powerful at 'healing', they of course will resort to science [which they scorn day and night] which is hypocritical but shows them again for the hypocritical fucks they are. Its always some story with some pedophilic pastor falling down deep with cancer or some other malignant disease, everyone 'prays' for them, they go to the most expensive Ohio hospitals with 30000\$ a day and yet, they die a miserable death. Mother Nature doesn't give a fuck for these people. Then on the other hand 100 xians pray and they heal a flu and they think "God" did it.

Do you understand the STUPIDITY and the SLAVE attitude of these people? They are used by the jews as nothing but prayer machines. Meanwhile the jews take it all: The "good luck" of the prayers [because they are the children of jewhova and pissrael], the "wealth" and the "chances", let alone they manifest their world agenda. Thats all xianity is about: the stupid unknowing sheep working spiritually for the master they don't know and eating their own shit, thinking its gold. The subconscious mind has nothing to do with the conscious mind, even if the xian is supposedly "Against jews" or "is selfish" or whatever, he is still used as a battery. If his conscious mind cannot make the connections and understand the jews are behind it all [and this is where their major success is] the mind does not give a fuck! It does what its told since birth, serve the kike and be a good goy.

THIS-GOES-DEEP-AND-IS-NOT-TO-BE-UNDERESTIMATED. MANY PEOPLE UNDERESTIMATE ALL THIS AND THIS ONLY RESULTS IN FAILURE

This all ties into the mindset that you OWN the jews, that you are GUILTY, that you SHOULD BE WEAK and SUBSERVIENT and that you are of no worth, you should not be happy because "happiness is fleeting", you need to be against yourself and all your desires, that you should be poor and give all your belongings to jews, so that you can finally attain salvation from some JEWISH 'god'. The mind thinks and knows that anything spiritual will result in death in the afterlife, in punishment, in hideous circumstances, in fear, in an eternal damnation. Approaching the "SERPENT" and SATAN [SATYAN IN SUMERIAN MEANS ETERNAL TRUTH] means DEATH or an ETERNAL LIFE IN TORTURE IN SOME FIRE AND BRIMSTONE PLACE. Being anything HUMAN and having any GODLIKE power that is HUMAN POTENTIAL is actually an offense of death. You can't be gay, you can't get laid, you can't overeat, your can't take a shit without the kike 'god' being aware of you, you can't even THINK against them in anyway, you cannot and should not approach "EVE" who is the Shakti energy because "She is the one that gave Adam the apple", EVE and the SNAKE [Kundalini power/ Satan's gift].

Do you understand what all this does to the mind and the Soul? How could possibly someone with such things operating and wiring his/her brain, attain anything, let alone anything highly spiritual?

One has to first deprogram their mind and re-programm it. This will take a while. 40 days may be needed, in some cases 80 and in some cases 120 and repeating. Xian dirt rewires the brain and Soul [as for the brain its scientifically proven that it re-wires constantly so it can adapt] and its NORMAL to expect failure, for those who have been deep into the xian shit in the past. Even if one was not, they should do something to further deprogram.

When one knows about magick, they know that 'underestimating' this while one fails [like people underestimate the jews, which is another part of their protection] is plain stupid and is only another barrier of defence so that these lingering xian programmings can remain upon the Soul.

So for the first step, one has to get rid of all these things.

Here is the solution for what this maligant program does to the Soul, making it disable. Father Satan wants everyone to be sure of themselves and get rid of that jewish shit, so they can growspiritually.

Sermon: "Science"

-High Priest Hooded Cobra 666

Science, Science. Well, this is a very much hated thing by xianity. For around 1700 years or more, science of every kind was shunned and suppressed in anyway possible. From what we know, thanks to the jewish religions and programs, suppression of all races in Earth, you can see the results today. But first things first.

Thing is with Science, today it was re-founded upon left brain principles, while it existed in the East and Egypt, Ancient Greece and other places in abundance, in other forms. Today we call this prelithic, but this is nothing but a jewish lie. The Ancients knew ways to sublimate, direct, cultivate, gather and project energy by other means that relate astral and spiritual. This also had to do with the constellations. Despite of the jewish lies about how the Pyramids were built [they lie about everything anyway] texts inside the Pyramids mention again and again... When certain alignments took place in the sky, certain people with certain abilities were called in to build these megalithic structures. Inside the Pyramids there were found many ancient technologies that had to do with Ratios, were carefully calculated and were to be used as mind/spirit machines that influenced the physical world. They were built upon mathematics and upon Astral laws that the enemy made sure would be suppressed.

Researchers and people who dared talk about these things, which I will not mention their names, you can search and others who even utilized these things [Like Nikola Tesla] were put to death, directly or indirectly or their voice was shut down by the so called and all-knowing jesus believing jew ass kissing 'scientific community'. There are also many honest scientists but science like in every other field is infiltrated or influenced by jewish influence. Like Einstein's crap theory [which was also stolen by someone else, no different than Zuckenbeg stole facebook from someone else etc] to some scientists still subconsciously hanging to xianity and being unknowing of spirituality, which guides them in conscious blindness to see beyond some things. There are others who do and will always do and these are the only bright people many of which are suppressed by the 'scientific community'. Many others with a 'big mouth' have even been put to death or assassinated, simple old jewish crap.

So to get fast to the point. Quantum Physics today shows us a whole new world, of different universes, realities, possibilities, more dimensions. Even left brained scientists today KNOW that 90% of the universe is made up of "Dark Matter". We can only see a certain spectrum of light and there exist all sorts of other dimensions, one on top of another. There are radiations and things we cannot see. What we refer to as "consciousness" is still a scientific riddle. Then, we have an eye like organ in our brain, which is the original Vadjet. This "eye" is atrophied and obviously cannot see any "physical" vibrations but is made for something else.

How much fucking IQ does it take to realize that the enemy is trying to shut us down from reality and its invisible mechanisms? Even your WI-FI and cellphone are invisible but with certain technology it can be seen. The Aura or the electromagnetic field around the body can be seen by some technology named "Krilian" photography. What I am trying to say, we can see much of it, but people have orders to keep it down so the populace cannot know. One can just hit a google research and find all the soviet experiments on people that had to do with the "powers" of the mind, "Operation Paperclip" done by NS Germany, MK Ultra practiced by the USA, and all the efforts made by corporations like Google and even other institutions to understand the mechanisms of the mind...For better or for worse reasons. Thing is, the brain is a riddle. It changes every second. They are trying to come up with information in order to control or for any other reason. One side wants to know so

they can control and destroy and put humanity in disaster, this is the side of the enemy. People of our liking and side work for Satan's agenda which is healthy evolution and evolution that goes even with our spiritual capability and consciousness. They also research Genetics and take the 'old knowledge' in far more consideration than most know. They also know about Aliens, as the evidence is overwhelming.

For those who don't know, NS Germany did send expeditions to Tibet and other places to determine the "Aryan Origins" [not in the sense of "White Superiority" but to find the races of the "Aryans" who were created by Satan]. Gentile Races were created by Satan. It was not too long ago that I was visited by a Demon who looked no less than a Vietnamese. He was immensely powerful and of the most beautiful Oriental beings I have ever seen. I am sure there are also Gods who are very dark skinned, resembling what we today call the Black Race, as some may have been in Egypt though still being diverse from Egyptians, as were the Greeks of the time who were segregated [not allowed to procreate with Egyptians but were allowed to spiritually advance in Egypt].

As for the Chinese/Japanese and Hindus, there are reports of people ascending to Godhead and many have been also recent. Satan helps all his Children reach the top in their Spiritual Mission. The lands we have and our assigned places are all in accordance to our Divine Purpose in protecting and cultivating the planet. I know in Satan's planet there is "racial diversity" but there is very little to NO inter mixture, and there is no Racial Hatred. In other words, the God Races are kept pure.

Now to link this with underground cities [you can see in the news how many cities they find, from Peru to China down to Egypt] they find many cities that many people could live up to 200,000 in number. There is no 'light' in these cities and there is no Sun. Edward Lytton [a British writer] wrote in his "Novel" the Coming Race, about such people. He talked about how advanced they were and how he met with them. Funny is the thing that if supposedly this was a novel and not something that really happened to someone, he has found so much accurate information. He even mentioned that these beings meditate, their use of bioelectricity, the advanced civilization they had and so forth.

With all the above in conjunction you can understand, the enemy hides things, big time. They hide many things, they hide so much that they cannot control anything anymore. It wasn't long ago that they found a statue of ISIS too far from Egypt to even ASSUME that something was going on in the past between people of races SO FAR. But thing is, for the most part, history is distorted and in placed before 2000AD we are lied about in many many places. We are lied on about timelines, about events. The xian clergy and the inquisitors, the byzantine empire etc, made sure to destroy and confiscate any and all evidence up to a 98%, alter the rest 2%, by making the Ancient Races perish, admixture, destroying the temples and every proof they could get their hands upon. More than half Egypt is below the sands as we speak and there are writings being found that outright say the Truth but many are discarded or Egyptologists are told to hide things.

Then, let's go back to Tesla. I urge everyone to read about Tesla, especially those in the field of science. The father of your computer, electricity, screens and technology we have today, was a 'crazy' man, who had an accident and some portions of his brain opened up. This 'crazy' [as the left brain kike type of thinkers would describe him] said 'crazy' things like, that he "Talks and commands electricity", that he 'transcends the realm of time and space and absorbs knowledge from a sea of consciousness' and other things. Which is all right thinking applied in left brain applications. So the next time some left brain dude pretends to be intelligent, remember that you know better. This reality is not to be understood solely with the left brain, but with both the parts of the brain, no matter if one approves the other. When one is advanced enough, both sides co-operate greatly and then one understands how far the Human potential is. Satan opens one up to the Truth and to things far bigger than themselves. With 86 billion Neurons and even more nervous connections in such tiny brain, with billions of galaxies and millions of solar systems in

each galaxy, there are still people who think of themselves that they know it all? Believing still some kike made the cosmos and that they will roast in "hell"? In year fucking 2014?

Do you see where all this is going? Let your mind expand and try to understand. When one is a Satanist, he Stands for the Truth, no matter if it 'applies' or if he 'agrees' with it. Let Satan open up your eyes.

HUMANITY NEEDS TO WAKE UP!!!

Sermon 8/21/14: Directing Your Energies

As I mentioned before and will again, whenever you raise your energies through meditation, yoga, or any other spiritual discipline, it is very important to direct those energies. Each of us carries latent negativity in our chakras. This lasts through lifetimes and unless it is reprogrammed, this is what can cause unfortunate events and other negative experiences to occur. By stating positive affirmations following any spiritual working, even that of martial arts; this will direct the energies raised into something positive and helpful.

Energy always takes the easiest way out. This is scientific. Everyone should have certain goals and by consistently applying the energy to those goals, they will manifest in reality. Even if you don't have any goals you can decide upon, you can always build an aura of protection around yourself. Energy should never just be left to itself.

I would also like to add how important positive thinking is, especially when you meditate regularly. Of course, we are all a part of this world and subject to the mass mind, but each of us to some extent creates our own reality. Dwelling on negativity will cause that negativity to manifest, especially when one's mind and soul are above average in strength.

Many problems that plague humanity are created from the mass mind. It is a very sad fact that the bible, which is in nearly every home, in hotels, in hospitals and everywhere else, along with being forced onto and literally drummed into the mass mind, especially those of innocent children, of whom the enemy knows are vulnerable and defenseless against it, is chock full of the worst negativity imaginable. The bible literally programs humanity to be rotten. Those of us who meditate regularly know just how sensitive the mind is to any spiritual awareness. Look at your chakras and you can feel them. Now, that thoroughly rotten bible is forever affirming how "everyone is a sinner" and other related putdowns, both in the old and new testaments. Given how energy works, this becomes imbedded in the mass mind and manifests itself into real evil. The negative affirmations concerning humanity in that malignant piece of trash are endless. Everyone always has to be sorry, etc., and through this, the entire world is forcibly caught up in a vortex of damnation that keeps perpetuating itself. I also have an old sermon concerning Christian mind control methods:

XIAN MIND CONTROL

One technique xians have used for centuries is that of mind control. Those who attend xian services or masses subject themselves to being programmed. One naturally becomes bored and begins mindlessly daydreaming, or even half-nodding off to sleep. This is when one is most susceptible to their subconscious mind being programmed. This is even worse for in the case of small children and even babies whose minds are open and susceptible. In colonial times, church masses lasted all day long. The church usher would carry a long steel pole with a

ball at the tip to crack those who nodded off on the head. Church attendance was compulsory, resulting in fines or public humiliation such as confinement to the stocks for a specified period of time if one did not comply. All of this is a conspiracy. The xian church masses and services are meant to be boring in order to induce a passive and receptive state of mind where one can be programmed without their knowledge. Those who control the xian program know all about the mind and how to program the populace. They are nothing but a bunch of the worst criminals. All of this is done deliberately to create a slave state. The slave state is the goal of xianity. The xians who walk around with the pasty artificial smiles as though in a trance are those who continuously subject themselves to this indoctrination. More and more church attendance and reinforcement turns them into conditioned robots. This is one reason many who are in the process of breaking away from xianity have a hard time, experience confusion, and sometimes fear. People are unaware they are actually being hypnotized. Studying the truth will eventually result in deprogramming one's mind. The fear, doubt, and confusion will eventually give way to reason.

Another thing I want to mention is the JoS website. It is very extensive. Many of the articles I wrote are very old. I learned Satanism on the job. The section on Demons is very old. Demons are the original Pagan Gods. Demons are for spiritual guidance and support. When we open our minds through meditation [in some cases certain people are born with this ability from meditating and doing spiritual work on themselves in past lives], we open our minds to the astral. Everyone should learn to filter by tuning out anything unwanted, from the astral. This also includes what one can encounter using a Ouija Board, as it is open to all kinds of different astral influences. This just comes with opening your mind and soul. One becomes much more sensitive and psychic.

Using your intuition is exceptionally important. There can be times, especially with verbal telepathic communications where things can get confused or go wrong. It is a very sad fact that science has been so vehemently attacked and held back dangerously by the xian church. The ignorance of the populace is essential in creating any slave state. This is no different from communism, which is the twin of Christianity. Both work to murder all of the intellectuals, those who have knowledge or anyone deemed a threat, which usually adds up to millions, as communism has done with "purges" and of course, we all know about Christianity with the Inquisition. During the Dark Ages, xianity had total control, the average person was a serf, and a slave and everything stagnated. The Jews had total control until they were forcibly expelled from Western Europe and migrated to the East. Following their departure came the Renaissance. Of course, we all know of what became of the East, as with communism, the populace is living in a Dark Age. Both Christianity and communism also use the same brutal forceful methods of indoctrination and mind control. They are one and the same program and have survived as the populace believes the lies that Christianity and communism are enemies. Nothing could be further from the truth. In both doctrines, nothing contradicts. The teachings and the foundations

are both the same, though the lying Jews will try to convince you different. If they don't get you with one, they will get you with the other. No different from how Israel publicly allies with the USA and "free" world, while the former USSR would publicly condemn Israel and take the Arab side in order to confuse the world; supplying the Arabs with military weapons, but of an inferior grade. This was another very clever tactic just for show. No different from xianity and communism. They only pretend to be working from opposite sides.

Your intuition is individual. Learn to work with it. And, of course not everything is spiritual. Given how science has been held back, there is still a lot we do not know concerning the mind. Both science and spirituality meet and complement each other at a certain point. Technology and spirituality both work together. Verbal communications can be tricky at times. The human mind as we all know tends to repeat certain things like a song that hangs on in your head. This can also influence verbal communications and make things difficult. Say for example you have a spiritual friend, Demon, or other entity and you can hear him/her calling you, saying your name, or trying to communicate with you. At some point, like with music, this can become imprinted in the brain and there can be times when you THINK you heard him/her, but it was only in your own mind.

The same thing can be said concerning thoughts. We open new pathways in the brain when we use new skills, both physical and spiritual. Some of these can get crossed. This is a scientific fact. Your own mind can be saying something, no different from hearing a song in your head, and you may unknowingly attribute this to a Demon or other spirit. Your intuition will lead you in the right direction. Verbal telepathic communications cannot always be depended upon, even with gifted psychics. Use your own intuition as well. Your intuition can manifest itself in certain gut feelings, certain strongly FELT influences, and even in events. With experience, knowing yourself and your mind and knowledge, you can tell the difference from spirit communications and that of your own mind.

Through consistent meditation, and working with the powers of your mind and soul, you will find your subconscious mind can be a help to you in life. Unfortunately, with the horrendous negativity drummed into the populace, the removal and corruption of spiritual knowledge and the receptivity of the mind and soul, the subconscious mind of the average person often works against him/her. This is energy left to itself, undirected. No different from an abandoned home where the grass grows waist high, weeds take over, and the property falls into decay at the mercy of the natural elements.

In closing, be aware of how the Jewish controlled media and press work. They have always manipulated the masses in one way or another. Just note how the news regarding the Ebola outbreak has taken the heat off of Israel and its crimes against humanity that were the focus just a few weeks ago.

Happy Samhain/Halloween

Below is a reply to a member of the Teens4Satan e-group and an article on Halloween I wrote some time ago after doing research on the origins of this special and most fun holiday.

Halloween is a wonderful time of year and a holiday that encourages personal creativity. Halloween is also a good time to communicate with the spirit world. This is in fact scientific as the earth aligns a certain way that makes spirit communication much easier.

Enjoy yourselves everyone, HAIL SATAN and a Happy Halloween to you all!!

Teens4Satan member wrote:

Halloween is coming up and Satan taught me of the Christians fake dead celebration traditions (portraying the dead in a horrifying disrespectful way). But I want to celebrate the lords day without insulting him, How do I do that???? Do I just dress up with the intention that I'm not doing it for Xian purpose? Or do I avoid it all, sit back in a traditional Satanic bonfire with a few buddies?

Halloween is by far, my favorite holiday. Feel free to enjoy and celebrate. The only thing to avoid is dressing up in some "devil" costume with the horns or anything else that makes a mockery of Satan. Use your imagination. I used to paint my face up as a skeleton when I was much younger and put on a black top hat and I made a wig from xmas tree string-like tinsel and then put on a long black robe. Also, there is nothing wrong with wearing horrifying or spooky masks or anything else, as long as you are not wearing some devil costume that is a mockery of Satan. Anything else goes. Watch horror movies, indulge in treats...enjoy!

Here is an excerpt from an article I wrote many years ago concerning Halloween:

Let's turn the tables here. You know if the nazarene wasn't such a sorry joke, with all the blood and gore, he is actually scary. For starters, a lightweight wooden cross, hollowed out on the inside can be equipped with a small sliding door where candy and other treats can be inserted. In addition to acting as a candy receptacle, the cross can be used to defend against thugs who, through laziness would rather rob legitimate trick-or-treaters of their hard earned candy than go door to door like the rest. A neon crown of thorns can be wired to a nine volt battery, blinking on and off, followed by lights circling around the head in different colors. Another battery can supply a small, though loud, speaker booming out church organ music, every so often intercepted by- "have you heard the good news?" "His pain, your gain" "have you been saved?" "Jesus loves you" "this is my son in whom I am well pleased." This

way, one can hear the nazarene coming for blocks and get the basket of candy ready at the door. A placard can be attached to the back of the trick-or-treater, advertising: "CALVARY OR BUST!" Fake blood tubes can be hooked up to the palms where they can squirt stingy people who refuse to insert treats into the door on the cross. Fake blood must also be applied to resemble the stigmata and other gore. If one really wants to get elaborate, a whip can be included.

Samhain/Halloween

For those of us who are very close to Father Satan, we are all well aware that he is fed up with all of the Judeo/Christian claims and statements concerning what Satanism is about, how we celebrate and worst of all WHAT THEY CLAIM HE IS ALL ABOUT.

- Satan is not a Halloween monster
- Satan is not a vampire, spook, or ghoul
- Satan does not have red horns and a tail
- Satan is not about graveyards, grim reapers, skeletons or about horror

This trash comes from Christians. It is used to blaspheme, denigrate and Ridicule him. The same goes for his demons.

For many of us, Halloween is a favorite holiday. I, myself love horror movies and such. The point here is how these have been twisted to portray a false and insulting image of Satan and the Original Gods (Now labeled as "Demons").

Ask yourself how you would feel if people put on hideous masks and went out as either you or a family member of yours or a loved one.

Father Satan should be respected on this date, not mocked by those who believe in and honor whatever Christianity dictates he is. How long do you think someone would last going out dressed as the Nazarene? Chances are, they would be attacked by some fundie Christian. Or, if Hollywood was to produce a movie depicting the nazarene and his ilk as hideous monsters.

Halloween is a great time for costumes, monsters, and ghouls, images of death and such. A time to be creative and indulge. It is one of our major holidays, but the negative images denigrating Father have to go. He is tired of it and has let the clergy know he does not approve of these insults. For far too long, too many Satanists have gone along with the CHRISTIAN ideas of Satan and his Demons; what the CHRISTIANS allege them to be and what THEY claim our religion is all about, instead of seeing Satan for WHO HE REALLY IS without all of the Christian false and twisted overtones.
ABOUT SAMHAIN:

The holiday known as "Halloween" was originally called "Samhain" a Celtic word meaning "Summer's End." In ancient times, religions were based upon nature, where humanity lived in tune with the earth, the change of seasons, and the changes in the stars in the sky. This is the essence of Satanism; what is natural.

The major cycles of the year and the crops were important times for festivities, rites, and celebrations. Samhain was a time of harvest and the end of a year, a time of preparation; storing crops and preparing for the dead of winter. The eve of November 1st was the eve of the Celtic New Year. This holiday was a time of harvest, a time of endings, death, and dying, as plant life died and the cold set in. Samhain was also a time of honoring the dead. The Druids built huge bonfires, which they considered sacred, in honor of the Celtic New Year.

There was a prevailing belief in the existence of a Celtic God of the dead known as "Samhain". With extensive research and study accomplished by many scholars, nearly all agree this God was non-existent. Nearly all of the sources mentioning a deity of death known as "Samhain" are CHRISTIAN and they have (as usual) NO legitimate references to back up their claims.

Samhain was celebrated for centuries before the Christian takeover of Pagan holidays. To the intruding Christian religion, any Gods of the old faith were considered "evil" and therefore especially unwelcome at a time of "danger" for the "soul of any good parishioner." This was why Christians suppressed the deadly rite and replaced it a day later with 'all soul's day.'"

Trick or treating originated in Ireland as beggars went door to door on October 31st, asking for handouts. The gifts were for "Muck Olla" a God who was said to destroy the house of anyone who was not generous. Jack-O-Lanterns also had their origin in Ireland; named for a man named "Jack." The story goes that Jack was a miser and when he died, he was not allowed into heaven and he also played jokes on the Devil, so he was not admitted into Hell either, but was doomed to walk the Earth forever. He only had a little lantern to light his way and this is why he came to be called Jack-O-Lantern. Of course, the spooks, vampires, and ghouls were associated with this holiday because of the natural human fear of death and Samhain was a holiday of death.

**The above, as I already mentioned, I wrote many years ago. From what I have learned since, Samhain/Halloween is much more important than the above supposed meanings and legends. There are specific times of the year when rituals and such are greatly empowered, as with the Magnum Opus. We don't have all of the information regarding the dates for the Magnum Opus yet, but Samhain/Halloween is another very important stage and definitely factors in.

Re: Frauds about the Third Reich created by the Enemy

The post below is in all of the JoS e-groups. I only included the first paragraph because of the length.

The more we advance in Satanism through experience and learning, what we have been finding is appalling to say the least. I don't think there is any greater terror than what the Jews have for Satan. They KNOW he will deal with them and give them what they deserve. Nazism IS Satan's New World Order.

Myself and the JoS priesthood know beyond any doubt that the Nazis were not only anti-Christian, but at the top, Adolf Hitler, Heinrich Himmler and many others were Satanists. The Jews know this as well. They have a morbid fear of Satan. Christianity is their bulwark, their power and their tool. Their most important power lies in their torah. That is the root. [For those of you who are new, xianity = Christianity].

Most of the Nazi speeches have been corrupted and imbedded with Christian filth. This is no different from how all of our ancient Pagan spiritual writings have been completely corrupted. In addition, the Nazi works that have been corrupted, like Fourth Reich explained in his post, the xian filth is not only out of place, but in many writings, it was carelessly inserted and contradicts the rest of the text. The contradictions are endless and one only needs to look to the swastika, and the numerous Pagan/Satanic symbols, including the Black Sun to see they were no xians.

http://spiritualwarfare666.webs.com/Third_Reich.htm

I would also like to include this YouTube video:

"Nazi Secrets Himmler's SS Cult"

http://www.youtube.com/watch?v=eX3R_mQnsRM

THIS VIDEO DOES CONTAIN A LOT OF SLANDER, BUT IS VERY REVEALING.

Though they try to undermine Adolf Hitler in his spiritual beliefs, there is NO doubt he was a Satanist and fully supported Himmler's work for destroying xianity. Heinrich Himmler amassed the largest file collection of witch trials in history and one of his reasons was to use this against the xian church. The war disrupted everything.

—

In addition to imbedding hideous xian filth and deliberately ruining excellent and informative speeches and writings, this acts as another psychic transmitter and opens the door for Jewish power and control. The Jews know beyond any doubt at the top how believers in xianity and those who are subliminally influenced by it in any way are under their control. Xianity IS their control over Gentiles. This is

another Jewish tactic of destroying an organization, etc., from within. The organization is infiltrated with xian filth.

Here is a perfect example of the Jews being caught in one of their prolific lies:

Do Jews Believe in Satan? The Jewish View of Satan by Ariela Pelaia:
Satan is a character that appears in the belief systems of many religions, including Christianity and Islam. In Judaism "satan" is not a sentient being but a metaphor for the evil inclination – the yetzer hara – that exists in every person and tempts us to do wrong.

Ok, so much for that, NOW, if the Jews do not believe in Satan as they try to convince us "stupid goyim" what about the below?

In addition to the article below, I would also like to add more here:

This is a direct quote from the book "**Jonathan Bernis: "A Rabbi Looks at the Last Days"**

Heading of Chapter 2: Why Satan Hates the Jews

The first reason we can know the last days are near: Satan is increasing his attacks on the Jews.

"When we understand that at the root of anti-Semitism is Satan himself, it all becomes clear." "Spiritual warfare rages all around us."

"And a major part of Satan's strategy is to focus upon the complete and total annihilation of the Jewish people."

<http://books.google.com/books?id=cukYGXRLftUC&pg=PT17&lpg=PT17&dq=rabbi+antisemitism++satan&source=bl&ots=WjlQrGmJ5A&sig=XP62R6Hek2ul3eUain6Fjao8oMQ&hl=en&sa=X&ei=gonLU6XML8WkyASXzoDgBg&ved=0CCYQ6AEwAw#v=onepage&q=rabbi%20anti-semitism%20%20satan&f=false>

The above says it all, and prove how the Jews are such prolific liars. Also, in my studies over the past 15 years, I have run across all kinds of books and writings that prove that the Jews DO believe in Satan, especially at the upper levels.

Now, the article below has plenty more examples. To verify the quotes below, links are provided directly beneath. If there are any links that are no longer working, as this article was written close to 10 years ago, please copy & paste the URL of the broken link into the "Browse History" box on this website:

What The Jewish Rabbis Have To Say About Satan

Some Jews who call themselves "Satanists," try to deny the fact that the Jews are the enemies of Satan and that Satan does indeed HATE the Jewish people intensely. He has made this very blatant to his closest disciples. The following are quotes from Jewish rabbis and other religious Jews. It is pretty obvious.

Rabbinical quotes about Satan:

(A few Christian quotes are included towards the end of the page)

"Those who use the Holocaust to justify either their atheism or their tendency to devalue the authority of the Jewish Bible should remember that Satan, not G-d, is the author of Nazism and anti- Semitism."
<http://www.afii.org/texts/hw2p2rb.htm>

"SATAN IS THE AUTHOR OF ANTI-SEMITISM, THE HATRED OF THE JEWS
The term 'anti-semitism' was coined in 1879 by a German journalist Wilhelm Marr to designate anti-Jewish campaigns then appearing throughout Europe. Since that time, the term has been universally applied to any form of behavior or literature which evidences hostility toward the Jews (9). With every fiber of his depraved, sinister being, Satan despises the Jews. He hates them with a perfect hatred, and his demented nature is revealed in his treatment of the Jewish people. This hatred is a reflection of his hatred for God (as Jews are God's chosen people). Their total destruction is his goal. He is the author of the spirit of anti-semitism (15). He has tried to persecute God's people, the Jews, in order to eliminate them so that the promised seed of Genesis 3:15, Yeshua, would not be born, and mankind would not be redeemed. The Book of Esther details how the enemy of God and his people tried to eliminate the Jewish race, but God raised up Esther for "such a time as this" to deliver her race. King Herod tried to eliminate Yeshua by having all the male babies in Bethlehem under two years of age killed. In our generation the Holocaust is ever mindful of Hitler's outrage against millions of Jews, while Stalin's killing of thirty million Jews goes hardly mentioned. Today, one out of every five people in the world is committed to the death of the Jews. Islam requires the death of the Jews (7)."
http://www.hebroots.org/hebrootsarchive/9805/980528_g.html

"Therefore, Satan is desperately trying to stop the return of the Messiah. That's why Satan is doing all he can to destroy the Jewish people. At the same time he is trying to make faith in Yeshua so alien and repugnant that no self-respecting Jew, let alone the nation, would ever desire to repent and trust in Him! Every

congregation of believers in Yeshua, Jewish or Gentile, which doesn't endeavor to bring the Good News to the Jewish people, is actually playing into the present plan of Satan: stop Israel from recognizing their Messiah, Satan's destroyer, so Messiah can't return."

<http://www.wordofmessiah.org/june.htm>

"In this century, Satan has fanned the flames of hatred against the Jews by using Muslims worldwide in his attempt to stop God's Plan which will see Jesus Christ returning to the Mount of Olives. If there is no Jewish Israel, Satan has reasoned that God's Word would be a lie, God's Plan would fail, and he could then survive."

<http://www.bibleprobe.com/baruch.htm>

"Where did Anti-Semitism come from? What is the real cause of this evil thought? The answer is very plain. It comes from the devil. Did you know that the first time the devil is mentioned by the name "Satan" is when he acts against Israel?"

"And Satan stood up against Israel, and provoked David to number Israel."

(I Chronicles 21:1) Satan is the one who is the cause of all the persecution and suffering of Israel. Satan hates the nation through whom so much blessing has come to the world, especially Messiah Jesus. When the devil is angry against Israel, it always ends in his defiance against the Messiah and Saviour, Yeshua ha Meshiach. From Pharaoh, the first anti-Semite on record, to Amalek, Haman, then to the King of Syria in 168 B.C., to the Roman War in 66-70 A.D., Satan was the moving factor in Jewish persecution and bloodshed. Through the Crusades, the Spanish Inquisition, the Russian pogroms and the Nazi holocaust you read the history of what Satan has done through men against my Jewish people. But there is coming a day when the fierce attacks against the nation of Israel will come to an end. The God of Abraham, Isaac and Jacob will fight against those who have persecuted the Jew. Then Satan will have his final attack on Israel and God will cast him into the Lake of Fire as prophesied."

<http://www.rockofisrael.org/articles/a3.htm>

"The Arab nations will still be bent on the destruction of that tiny nation in the Middle East. There will still be hatred of Jews and a determination to annihilate them. The source of the hatred (ha satan, in English: satan) will still be very much alive, and will most likely be more active than ever as he sees his time growing short. The deceiver will still be busy at work convincing pastors and unsuspecting believers around the world that the Israelis are brutal aggressors who kill innocent Palestinian children. The media is a great asset to satan. People believe the lies they read in the press and Israel gets another black eye."

http://www.jewishjewels.org/newsletters/2003_03.htm

"There should be no more fighting over the land, but because of man's carnality and because satan hates the Jewish people because of this covenant, the war rages on. It will continue to do so until Yahshua, the Holy One of Israel returns to set up His earthly Kingdom from the Holy City of Jerusalem!"

<http://www.geocities.com/achothatorah/LT/land.html>

"Since 1948 there have been several times when Israel had to close it's borders to tourists. Having dealt with people engaged in hundreds of tours to Israel there has never been an incident of a tourist being hurt or killed by terrorists. If you plan to go to the Holy Land you can count on the following: Satan will begin, about 30 days before you are to depart, to try and cause a major incident or to create a climate of fear to keep you from going to Israel."

<http://www.sabbathrest.org/tours.htm>

"Anti-Israel designs of any description are demonic. Satan has hated God's chosen people from the moment Abraham was called. This occurred many years preceding the name of "Israel" being given to Jacob as he wrestled with God. It was all part of the seed of woman and the promise of the Messiah."

<http://www.pawcreek.org/articles/endtimes/MysteryBabylonAntiIsraelAtTheHighestLevel.htm>

"Considering the above, we will understand why Satan hates the "sound of the Shofar" for It will clearly deliver the message that he is, and has been defeated by the shed blood of the Lamb of God! The very sound of the Shofar makes Satan despise our praise and worship unto the Lord. He hates those who have repented of their sins and follow the Lord Y'Shua. He hates "Ha Davar - The Word" and He who is the Word. He cannot tolerate those that do battle in Y'Shua's Name. He hates to be reminded that Y'Shua was resurrected from the dead three days and three nights after He gave His life, defeating that evil one. Satan hates the State of Israel, for were the Jewish people still in the Diaspora and Israel not been re-established, the Lord Y'Shua cannot return. Also, Satan hates to hear about his final doom."

<http://cometozion.faithweb.com/rmi2.htm>

"You need to know and understand that Satan hates the Jewish people. Through promises made to Abraham and his seed, God would bring forth into the earth the revelation of Himself and His redemption to humanity. Satan hates the seed of Abraham. Satan hates the Jew. Jesus was a Jew."

<http://www.spiritoflifeministries.com/PropheticEvents.html>

"So if God loves the Jewish people, why are they slandered and maligned? The evil of this deed lies far below the darkest depths of the most corrupt human heart. It is an insidious hatred that Satan has for the Jewish people. First, Satan hates God, so it is natural that he would hate the focus of God's attention. It is natural for him to want to destroy them because he wants to hurt God. He wants to make God look impotent. After all, if the Almighty God can't protect His people then what is the guarantee that He can protect anyone? But it is a miracle that the Jewish people are still around today. They are a true testament to God's divine protection."

<http://www.delusionresistance.org/christian/christkillers.html>

"Satan hates the Jews with a passion because they gave the world both the Bible and the Messiah. He also hates the promises that God has made to save a great remnant of the Jews in the end times."

<http://www.lamblion.com/articles/prophecy/Jews-Israel/Jews-06.php>

"Satan is determined to destroy the Jewish people so that God cannot keep His promise to bring a remnant to salvation. This is the reason that Satan is orchestrating all the nations of the earth against Israel today. God has raised up a nation that Satan, as the prince of this world, is determined to destroy."

<http://www.lamblion.com/articles/prophecy/pcl/pcl-05.php>

"46. JerusalemForever Concerning Islam, Israel, Teaching - The root reason why Israel's enemies oppose Israel with such intensity is because they hate God.(see verse 2 above) Satan hates God and His plan for earth centered in Jerusalem and the Jewish people. This is not intended to be hateful, the truth is quite often painful, but after it is revealed to us we have an opportunity to be free from satanic deception that leads us to oppose the Only True God, who is the God of Israel."

<http://members.tripod.com/~JerusalemForever/>
<http://www.messianicdirectory.com/alpha/jj3.html>

"IV. Roots of Antisemitism in the Church A plot to undermine this "one new man" concept was systematically introduced as one of the primary schemes of the devil. Satan hates Israel because she brought forth the Redeemer of mankind. He especially hates the saved remnant of Israel because they maintain a testimony of true Jewish identity in Yeshua. (Rev. 12:17) Since Satan's schemes are thwarted by the power of Yeshua's blood, and believers are called to walk in the humility of that fact, the enemy's entrée into the Christian's life is through arrogance and pride. Perhaps the exclusivity of the Messianic Jews caused a negative reaction among Gentile believers, but there were early signs in the Church of arrogance toward the Messianic Jewish community. Paul addressed this arrogant attitude in his letter to the Romans."

<http://www.baruchhashem.com/resources/reconciliation.html>

"Ultimately, the source of anti-Semitism lies with Satan himself. He hates God, and he is and always has been committed to the destruction of what God loves and desires. As God's chosen covenant people, Jews are at the bull's-eye of this hatred. Satan also knows that the restoration of the Jewish people plays a central role in the return of the Messiah. Thus, he is committed at all costs to preventing this. Jewish theology can't explain the Holocaust--and actually the "why" of it is part of the larger question, Why is there evil and suffering in the world if God is a God of love? The question is perplexing even to the most solid believer."

Satanic Origins Of Antisemitism:
<http://www.biblicist.org/bible/plot.shtml>

"Even worse, it attributes Satan's unholy, malicious and vengeful actions to a holy and righteous God. When God judges His own people, His ultimate purpose is not retribution but restoration. His intention is not to destroy but to heal, not merely to punish but ultimately to purify from sin. Satan, on the other hand, is the destroyer. He enjoys inflicting horror and suffering on God's people with the ultimate intention of annihilation. God has staked His reputation on the preservation and the ultimate restoration of the Jewish people. Satan therefore aspires to destroy the Jews, in order to nullify God's promises and make Him out to be a liar."

Frauds about the Third Reich created by the Enemy
Sat Jul 19, 2014 9:22 am (PDT). Posted by: "Fourth Reich" fourth_reich666
The writings, speeches, documents, almost EVERYTHING from the Third Reich has been corrupted. The enemy have filled them with Christianity, false writings, false speeches etc. Even the speech supposedly given by Himmler about the Holocaust is a total hoax and I will write about that later. Every weekend, I will post about the False propaganda, the Allied Hoaxes and about Nuremberg.. I found this article on the Institute for Historical Review by Mark Weber, which exposes fake quotations that were said to have been given by the Nazis. There are also many diaries that were fake and were used in the Nuremberg trials. The Jews shut down anyone and everyone who attempted to expose them. They shut them down because all these false hoaxes propaganda etc. were used as evidence at Nuremberg and the Jews said not to tell anyone because they will have to reopen cases on the Nazis and open cases on the Allies.

Re: American Nazi Party

JoyofSatan666 member wrote:

Does this party look mostly free of Jewish influence? Or should I stay away?

Stay away! Most of those are so infiltrated and compromised by the enemy it is horrible. You will know when the real one comes along. The time will come. You will know when it is here. For now, in the way of action, just make sure you participate in the upcoming rituals where we will be doing reverse torah rituals and learn everything you can. Right now, just stay away from any and all of that, as it can bring you more trouble than you know. Satan will reveal when the time comes. Our Anti-christ is definitely coming back. You will know beyond any doubt when he arrives.

Re: Malmedy Massacre Hoax, the Lidice Hoax And Allied Propaganda

I would also like to add something here. Because of endless Jew lies and their media propaganda, few people know the truth. What they have done to Satan and our Gods is a major example.

While the Jew controlled television, schools, universities and book media and related are forever accusing and condemning the Nazis, this in addition to the trillions of dollars in "reparations" and other favors the Jews have taken for themselves such as stealing Palestine from the Palestinians and using that phony holoco\$t to get their way on many different issues.

http://www.angelfire.com/dawn666blacksun/Real_Holocaust.html

http://dawn666blacksun.angelfire.com/Real_Death_Camps.htm

One of the major benefits the Jews have gotten from persecuting the Nazis is they have used the Nazis as a distraction to divert attention away from unimaginable Jewish crimes against Gentiles. You will never see very much about the REAL death camps from Jewish controlled Hollywood, only movies and TV shows advertizing their phony holoco\$t. This only further reveals the truth about Jewish supremacy. What happens to Gentiles doesn't even matter.

They never expected their precious communism to fail. Vladimir Lenin was along with Josef Stalin, Lavrenty Beria [all Jews], and the rest of their Jewish filth- THE WORST MASS MURDERERS THAT EVER EXISTED!

In the USSR, the murder was so extensive that entire villages were wiped out, those who were not outright murdered were sent to death camps to be literally worked to death under the most brutal conditions. The murders committed by Jewish communism, under the orders of Jewish authorities extend past the hundred million mark. What they even ACCUSE Hitler and the Third Reich pales in comparison. What is worse, Hitler and the Nazis never committed any of these crimes! They have been used as a distraction and a diversion. If you read the above link, what they accused the Nazis of was not only mathematically impossible, but also has been debunked by many different scholars since WW2.

Nowhere in the annals of history has there ever been a worse case of the most sick and depraved mass murder than what has occurred under Jewish leaders- THEIR OWN ORDERS- Lenin, Stalin, Zinoviev, Kamenev, Beria- all Jews. Below is a photo of an example of their atrocities. Taking control of the food and enforcing famine was used to break the will and resistance of the people. Below is a child victim [many were] of Jewish communist artificially induced famine. The child is naked, as the communist Jews took everything from the victims, including their clothing and left them to die of either starvation or of freezing to death.

Yet, the Jews promote this malignant vile scum as heroes. I have even heard there is a statue commemorating Lenin in Seattle Washington. Now, just how would they react if someone put up a statue of Hitler? Or how about an open Satanic Church? This only reveals the extent of control the Jews have over everyone. The crimes committed by the Jews and yes, even to their own as they are parasites and if anyone pays the right price, they will do in their own, as money is the god of the Jews.

In closing, I would also like to add how the Jews push xianity and they deliberately corrupt writings, especially those of their enemies by injecting xian filth in them. I have been working on another project under Lilith's supervision and I have been finding how so many writings, books and related by Nazi Leaders has been

totally corrupted with Christian filth. The Nazis were very ANTI-xian, and most at the top, truth be known were Satanists. The Jews work to get anyone they can, especially those who are their enemies and a threat to them under their control with xianity. It is a psychic connection and a spell as I have written many times before. The xian imbedded filth stands out for the lie it is, as it is very contradictory and out of place in the corrupted texts. This also acts in more ways for the Jewish agenda, as it confuses Gentiles and psychically disarms those who believe the lies.

WE NEED TO TAKE BACK WHAT IS OURS!

FW: Jews Put Kabbalistic Curse on Ukrainian Governor

Special thanks to High Priest Don who sent me this news article. The news article below blatantly reveals how the Jews use occult powers, curses, and such to dominate and to control. Most people are under the spells of xianity and Islam. Again, as I have written repeatedly, xianity and Islam are tools to remove spirituality and along with this, for the majority of members here who are knowledgeable in the occult and the powers of the mind and the soul, can see how the xian mass/service is a subliminal tie-in to Jewish ritual murder. This is nothing more than spiritual warfare and how they have disarmed Gentiles spiritually for centuries and have made us their host.

People who have no knowledge of the occult are plain victims, while the Jews assume a "god" position. This is why so many are so arrogant and overconfident.

I would also like to add how so many are indoctrinated into repressing their feelings. I have written about this in many articles- the topic of "hate."
In Satanism, you are free to hate as you wish. Repressing hatred will not make it go away. Repressed hatred along with other emotions the Jew-run system fears will only cause major problems in the way of illness and psychological problems further on. Then, some Jew psychiatrist [most of them are Jews] will charge the victim exorbitant fees, along with prescribing psychiatric drugs for repressed emotions, and other problems come with this.

Those of us who are adepts at black magick - exacting justice, know there must be some level of hatred involved. Given there are many more Gentiles than Jews, there is strength in numbers. The Jews know this and they fear it. Massive hatred can accomplish much in the way of justice. So, the Jew-run system works to forcibly indoctrinate the populace against seeking justice and of course steering everyone away from hatred. "Jewsus loves you" and the xian love, love, love and all of its sick nauseating perversion of the love emotion works to keep the level of hatred down, so the Jews can victimize whomever they please. The love, love, love is so chock full of hypocrisy, it is sick. Then, the Wiccan movement and other related trash preaching the love concept, the "three-fold" crap and then there is the "ten-fold" and even the "hundred-fold" to instill fear, which leads to failure, and passing the buck in the way of doing nothing to stop major injustice and victimization, so the perpetrators just keep on doing what they are doing and victimize others, until everything is so out of control that civilization ceases to exist.

Idiots who follow and believe this junk also preach strongly against any justice. Christianized witchcraft- turn that cheek, walk that extra mile and turn all of your justifiable emotions in on yourself to make the Jews more money and to eventually destroy yourself from within through repression.

The enemy advanced unchecked- easily and without any obstacles when no one ever stands up to them in any way. This is what they want. Do nothing, stay hidden, and keep believing in their endless lies. When your mind and soul are truly liberated, you will see how so many are only programmed. Just programmed and nothing more.

The news article below is very blatant. This has been going on for centuries. Through slavish worship and support of xianity and its twin of Islam and other programs that indoctrinate the populace to be cripples, the Jews have their control and Gentiles pay the price in more ways than one. The Jews use ritual murder and related to manipulate events and to control and those who are unaware or lack knowledge in this area are powerless to stop it.

In the case below, the Jews cursed one of their own and they do this quite often. This example is very blatant of what they have also done to Gentiles, even countries. Given how brutally hard life has been in Russia over the centuries, and

the Jewish history there, it is an obvious example and those of us who are psychically open can sense this.

Note* the trial of a Rabbi in the Ukraine in 1910 it was found the ritually murdered Gentile child Andrei was killed as part of a curse on the Czar to bring down the Czars, creating an opportunity for the Jews to advance their communism.

Separatists Put Kabbalistic Curse on Ukrainian Governor

The Moscow Times

Dnepropetrovsk Governor Ihor Kolomoisky

In a desperate scramble for reinforcements, supporters of the flagging Ukrainian insurgency have invoked the angels of destruction against the uprising's No. 1 enemy, Kommersant reported. Dnepropetrovsk Governor Ihor Kolomoisky has become the target of the Kabbalah mystic movement's rite of Pulsa Denoura, the daily said Monday, citing a rebel in the insurgent-held city of Horlivka.

The ancient ritual is intended to visit heavenly retribution upon a foe, leading to their death within six months, and is considered to be among the vilest curses of the Kabbalah movement, whose origins lie in the Jewish faith. Many leading Israeli politicians, including the late prime ministers Yitzhak Rabin and Ariel Sharon, have been the subject of Pulsa Denoura curses, as, reportedly, was Bolshevik leader Leon Trotsky. Kolomoisky, an ethnic Jew, had not commented on the report as of this article's publication.

The billionaire governor has turned his domain in central Ukraine into a hotbed of anti-separatism and has used his considerable wealth to fund forces fighting the insurgency. So far, money has trumped magic in Ukraine, where the Army recently began to overpower the outnumbered rebels after a string of setbacks. The last few days have seen a lull in the violence, with a cease-fire declared last Friday, though the insurgents reported isolated artillery attacks last night.

Re: Bodies of 800 babies found in septic tank of Church run home

People will all wake up in time. Years and years ago when I was new to the internet, I noted how Christians dominated and they dominated because they had no opposition. We are further ahead than most of us know. Visibility is a very important key. The enemy wants us to be "underground" "secretive" and to keep quiet. Fools head for the hills, join communes and such and then when the shit comes down, after being unavailable to the public, going "underground," and hiding, there will be no problem for big brother to move on in militantly and kill them all.

We must be persistent and continuous in our fight against these Jewish created and controlled monsters. The Jew-run communist regime that controlled a large portion of the world- they never expected communism to fall now, did they? Assumption is the mother of all fuck-ups. With this, the truth is coming out to where they can no longer suppress their endless hideous crimes against humanity and neither can their xian churches. I can tell you, just researching the endless acts of child molestation and rape, in time, it is a given that there are many, many innocent children buried out back of xian churches, convents, homes and rectories, and also in the yards, basements and floorboards of homes of devout xians, especially preachers. Just give it time and there will be more news exposing these tragedies. Souls of those who were murdered like that do not rest. There will be justice.

I was in a Laundromat recently and while I was loading my wash, a huge flat screen TV on the wall was blasting out xian filth. The owner of the Laundromat happened to be there. I went and complained. I told him if people wanted to listen to that sort of thing, they can go to church. It has no place in a public laundry. I also stated how I found that sort of thing extremely offensive. The guy was obviously an xian. He then replied that some people might "want to listen to that." I countered with again the fact that those who do can attend a church and that discriminatory practices [which xianity is extremely discriminatory] do not belong in a place that is open to the public. I was extremely polite, but very firm and relentless. He got the attendant to change the channel. I then thank them politely. My entire point with this is if no one says anything, the enemy will continue on with no opposition. That malignant filth would have been blasting out all day if I hadn't said anything. I let them know those sorts of TV programs were not acceptable.

Now, turn the table and say there was a TV show of a Black Mass or some other Satanic Rite and just how long do you think that would last? Xians would be going crazy, screaming and demanding that it be turned off and even going so far as to attack the station that hosted it. This makes us Satanists look worthless and weak. Silence is condoning. I know there are certain situations that one is best to keep quiet, but this is not an excuse for doing nothing. We have to fight and fight and fight this malignant scum or we will never have any freedom. Now is the

time. I always complain. If taking any direct action would place you in jeopardy, then make an anonymous phone call to someone who will hear you, write a letter, whatever. If you are confused as to what to do, tune in and ask Satan. You will get an answer, even if you are not telepathic.

We are and have been making impact more than you know. Those who take no action, are "underground," and advocate doing nothing, run like the cowards that they are and hide, and work to keep knowledge hidden are worthless dross. Never listen to them. The enemy advances quickly and has control as long as they have no opposition. Xians are not as brave when you come back at them confidently, especially one on one. Let them know their filth and lies are not wanted, and that they will not be tolerated PERIOD. Yeah, no opposition. Just how stupid can some people out there get? Because xianity and its related programs are lies, they are weak. They can be defeated if only our people take relentless action. There are many different ways of doing this. In closing, I am not suggesting here that anyone place him/herself or loved ones in any danger. Open confrontation is not always the best way, but just make sure you do something. Never pass the buck, as passing the buck will only insure this xian injustice will come back right on you, as it has a history of doing. Articles like the one in the thread here need to be posted everywhere. Have a big mouth in a positive way by posting the crimes of the enemy everywhere so the world will know.

Regarding the so-called "Bible Code"

I know many people have a lot of questions about science, the universe and life. I am posting this, as it may be of interest. I majored in the physical sciences when I attended university many years ago. Satanism is for the advancement of science. Humanity has failed to make any serious progress because of crap like what I am sharing below. Advanced worlds out there combine spirituality with technology, such as group telekinesis when operating flying saucers. There is a point where both physical science and spirituality; the occult meet and compliment each other. Everything of the so-called "occult" can be explained scientifically.

This morning, I was finishing up on "Cracking the Bible Code" book. Because Hebrew uses letters for numbers; stage magicians' tricks can be incorporated into sequences and codes of numbers. All sorts of different things can be done with numbers, as any mathematician knows. This is another fact that not too many people are very knowledgeable about. This is where that crap comes from. The so-called "Bible Codes" are nothing but another hoax promoted by the Jews.

Lilith appeared to me. This was right after I read in the book concerning the "Big Bang" theory and how the universe is supposedly "15 billion years old." Now, note again..."15 billion" again, the number $1 + 5 = 6$. She told me that "Big Bang" theory was a total crock of shit. I then went on to ask about the universe, the micro and macrocosms and such and she told me this...she stated that because we live and die; birth and death, we often see things in a linear time perspective...in having a beginning and an end. She said the universe and the micro and macrocosms do not correspond to linear time. They do not have a beginning or an end. She also stated what Thoth said about the universe being triangular shaped. She then went on and told me how science and everything else has been held back and stymied by the Jews.

That theory concerning the universe being 15 billion years old is based on Einstein's crap. Again, Jewish lies. This in turn is based upon their stupid torah and then we have the Muslim idiots who refuse to admit that the earth is older than what is stated in the Koran, like the kikes, so all scientific enquiry is squelched and stymied [Jewish roots]. I read some time ago where professors and other important scholars, if they do not conform to what are deemed accepted teachings, in many cases, even in spite of research, they are given a strong warning, then they are ostracized and eventually cut from their positions, if they persist. Certain research and such is taboo.

Well, she then left and I went on reading and that book even stated that before Einstein's theory, the general belief was exactly what Lilith told me- the universe had no beginning or end.

See how they ruin science? No different from how I read many years ago how they have NASA completely under their control.

Have you told anyone of your involvement in Satanism? Oftentimes, nightmares and negative thoughts about Satan come from Christians and other related idiots who are praying for you and psychically harassing you. Some Christians have powerful minds and spirits from past lives. This sounds like psychic harassment to me. In addition, there is Christian scum and related, like Muslim idiots who troll these groups. They have an obsession with kids and teens. Outside of nearly every church is a playground area and inside many a Sunday school where they corrupt the minds and souls of children, along with Christian camps to brainwash and to abuse teens.

You really need to go over your activities both on and offline and try to pinpoint where these attacks may be coming from. What groups do you belong to? No need to reveal anything here, just ask yourself and then go over any e-mails, posts or anything related to Satanism that you may have been revealing about yourself online. Also, if you have any friends or others you may have talked with regarding Satanism. My own opinion given the information you posted here is that these are psychic attacks from human beings.

I also encourage you to read and study about Satan. You will find the truth that he is not evil, he is not "the deceiver" of humanity, and everything Christians blame him for is really their own Judeo/Christian God. The Judeo/Christian God is the real deceiver of humanity and he is very clever in blaming Satan for all of his heinous crimes to confuse and to distract people from the truth.

Don't just take everything on the JoS website only, but check the information in the articles out for yourself. Check out the bible verses. There are plenty of online bibles. See and make certain for yourself. This way, you will know the truth.

Everything that the Christians accuse the "Devil" of is really of their own God.

"A Murderer and a Liar from the Beginning"

"Human Hating"

"He Deceiveth all of the Nations"

"He is totally Material"

Satan never murdered anyone in the bible, Satan does not demand slavish worship, Satan does not hate human beings, nor is he afraid of human beings advancing in spiritual power. "Satan" means "truth" in Sanskrit. Satan is very spiritual. He encourages us to meditate, and to use the powers of our minds and souls to make our lives much better, to protect ourselves and our loved ones and to eventually become masters of our own destiny.

http://see_the_truth.webs.com/ [Exposing Christianity]

Satan is not "evil." He is wonderful and has helped me and many others in so many ways. Satan and the Gods of Hell care enough about humanity to step in and free us from Christianity and its communist program of mass murder, torture, enslavement, damnation, and death. Study as much as you can on the JoS website and the above link. This will help you. Eventually, you will reach a point where no amount of Christian or related attacks can make any impact on your dedication to Satan, as you will know the truth beyond all doubt. Take care and stay in this group and interact with others. Keep a strong positive attitude. You will be fine.

I also need to add-- if you have been meditating and then skipping days, know that this can cause depression. In the first year of meditation and sometimes even longer, skipping meditations and not doing them consistently can cause depression. This is because the meditations are designed to empower your soul by increasing your life force. Your mind, body and soul need time to adjust to this. Raising your life force energies through meditation, then they drop. This is like working out in the gym. If you work out hard enough, your muscles will get sore.

Sermon: 16/April/2014: Hebrew

Everyone please be alert to next week, as I will be posting another extremely important group ritual that we will be doing on Friday. This ritual will be a continuation in a series of rituals that we already started with the first- reversing curses in the bible. I will also have an mp3 link easily available for download so the vibrations are correct.

These rituals are of extreme importance to Satan and the Powers of Hell. They are one time only rituals and simple to perform. More will also be forthcoming after this and I will post ahead of time so everyone is aware.

One thing I need to add here. I have been studying Hebrew intensively, as is needed to reverse the biblical curses for these rituals. Please be aware of this. I know some of you have run across this sort of thing, as I have. Jews trying to again...deceive us Gentiles. Some claim there is supposed to be a difference in their stupid bible between "Satan" and "Ha-Satan." Well, this is another total crock of shit. "Satan" in Hebrew means "enemy" and "adversary." Hebrew is read from right to left and the spelling- shin, tet and final nun. You can find this in most Hebrew to English dictionaries. Point being now, when the Hebrew letter hei with aka as "heh" "hey" "hah," the fifth letter of the Hebrew aleph-bet, often with the Hebrew vowel dash beneath it means "THE." So, "Satan" in Hebrew means "enemy" and "Ha-Satan" in Hebrew means "The Enemy." Is there a difference? Obviously, NO. This is just another attempt for them to try to deceive you.

Here is a link I found proving the above:

"Certain letters are used for the article, conjunction and prepositions. These letters can then be prefixed to a noun. For example, when the letter ה (hey) is prefixed to the noun it means "the." So, while עץ (eyts) means "tree," עהץ (ha'eyts) means "the tree." http://www.ancient-hebrew.org/42_lesson02.html Though the above is "biblical Hebrew" the hei prefix is standard for "the" when placed before a noun.

I posted this information just to clear up any misconceptions for people who have come across this crap online. I have found that learning Hebrew is not like learning say French, Spanish or even Russian. They try to make it as deceptive as possible, for obvious reasons. In most writings, the vowels are omitted and one has to know the Hebrew word in the context it is used to understand what is being written- in other words, growing up with the language- i.e., a Jew. Difficult to learn, but never impossible.

Most Gentiles cannot read or understand Hebrew, Yiddish, etc. Those who need to know certain things of course must have a Jew interpret it for them. This is why they use it so prolifically amongst their own- to deceive. In addition, their articles and writings are not easily or readily available in most areas outside of neighborhoods, etc., with heavy Jewish populations. I have been learning a lot in addition to just that language. I have been passing much onto the JoS Ministry and will keep the groups informed of anything of importance as we go along.

I would also like to add and it is very important to remember- everything the Jews are and do, they accuse us Gentiles of. Satan is blamed for everything in the bible, but if one looks through open eyes, the REAL "murderer and liar from the beginning" is that Jew-god jewhova. Stupid Christians are of course deceived. Total materialism again, is blamed upon Satan. BUT, just what is there in that stupid bible that is spiritual? NOTHING! The Old Testament is a fictitious history of the Jews, along with Jewish supremacy over the Gentiles, mass murder, and genocide of Gentiles, confiscating and looting Gentile material possessions, properties, along with innocent women and children, forced into being slaves for the conquering Jews after the brutal slaughter and mass murder of Gentile men, and of course that New Testament, nothing but various accounts of the life of that fictitious nazarene. Nothing spiritual- ALL MATERIAL.

The Jewish Hollywood also keeps playing up the Christian crap and is very clever about interlacing this with emotional tear-jerking themes to sucker in average everyday believers. A prime example is the 1959 epic movie "Ben-Hur." Others include "family" entertainment such as the long-run series "Little House on the Prairie" and related that have Christian themes combined with emotional drama. The two come together to imbed in one's mind on the unconscious, emotionally touching, and moving concerning that foul nazarene. People fall for this crap all of the time and are duped right into it. This is extremely prolific around Easter.

"Easter" was stolen from Astaroth. Originally known as "Ashtar." This holiday coincides with the Vernal Equinox of spring when day and night are of equal length. Known as "Eastre" to the Anglo-Saxons. As the Goddess of fertility, she was associated with rabbits and eggs. The Christians stole this holiday and twisted its meaning. Other names include: Easter, Eastre, Eos, Eostre, Ester, Estrus, (Estrus is when an animal goes into heat; mating season) Oestrus, Oistros, and Ostara. Again, the "Lamb of God" was stolen from the Zodiac sign of Aries the Ram which occurs every spring.

12/March/2014: Internet Under Attack

As some of you may be already aware, there are broken links on the JoS website. The internet is under heavy attack right now, and this will more than likely get worse as time goes on, given the news articles below. The injustice is brutal. Just note how Satanism, Satanists and many others can be freely and openly attacked relentlessly, discriminated against and so forth, but we are not allowed to defend ourselves, or state truths. Oh My! Heaven forbid anyone should ever criticize the Jews!

Now, as for the web pages that are down, most of them can be accessed by copying and pasting the URL of the broken link into <http://archive.org/web/> Please add this website to your favorites, bookmark it. If you are not clear on how to do this, just ask in the groups/forums.

The more I research that filthy bible, the more appalling it becomes. All of those so-called "prophecies" are nothing more than a Jew created HOAX! Christianity is their root and their bulwark and their key to making slaves of non-Jews. I will get into this in depth, but to keep this short, if those prophecies are for real, then why do they need to make use of subliminals in order to bring them on?

Here is blatant proof of subliminals used in the Media leading up 911:
Most people are fully aware that Jews control Hollywood and the media.
Hollywood Predicted 9:11???? [Youtube video]

<https://www.youtube.com/watch?v=41FRnNDZkul>

The above video is proof that the so-called "prophecies" in the Bible are nothing but a hoax. The Bible is not the "Book of God" but is a work of the Jews, of which they use subliminally to carry out their curses, some of which are centuries old. One only has to be knowledgeable about the workings of the mind and of witchcraft to see this and to fully understand.

The above is just one, there are also many more including:
1960'S SUBLIMINAL MESSAGES (in slow motion) [Youtube video]
<https://www.youtube.com/watch?v=Rnkg-yCPryE>

9/11 \$20 Bill Trick [Youtube video]

https://www.youtube.com/watch?v=TKLw_Fm3tqg

Sandy Hook and Batman shootings announced in Movie "Batman " [Youtube video]
<http://www.youtube.com/watch?v=c8nTZKpmtlQ>

There is another one, now the \$100.00 bill. Note this one was done by a Christian IMBECILE:
<http://www.youtube.com/watch?v=NU4-Ev2xLXM>

* Please note, as of November 2014, most of the above youtube links have been removed, as the Jews do not want people to see the truth and they know this exposes them beyond any doubt. The titles of the videos are listed in the above. People keep putting them back up and there are multiples in some cases. Just type in the title and then you should be able to access them.

The Christian imbecile blames Satan, of course, but is too stupid to note that here is a bible in every home, no different from the money circulating, giving this a subliminal link and most important of all, if this bible is as they claim "the word of God" then WHY must the Jews use money, movies and other means to create subliminals for their so-called "prophesies"?????

The Judeo/Christian bible is nothing more than a total hoax, though given the low level of intelligence of most Christians, they cannot see this.

I explain much more [I am not the best speaker], but these videos of my mp3 audio sermons reveal more in depth concerning these so-called "prophesies":

The Holy Bible: A Book of Jewish Witchcraft:
<https://www.youtube.com/watch?v=WoNVATbbTlc>

I already posted these news articles and I am posting them again. Note the phrases contained below:

"Knesset Immigration, Absorption, and Diaspora Committee chairman MK Yoel Razbozov called for even further censorship, saying that "countries" need to enact legislation restricting free speech."

"Attempts to censor the Internet because of the "danger it poses" to Jewish interests"

This right here blatantly reveals who is out to destroy your civil liberties and freedoms, and in addition, reveals the Jewish supremacy attitude over Gentiles.

Also note... as of November 2014, there have been quite a few more of these news articles where the Jews are threatening to shut down the internet.

Internet anti-Semitism a 'mortal danger,' say MKs By SAM SOKOL 02/10/2014 19:55

Stakeholders from government and non-governmental organizations testify in Knesset hearing on matter. Using Facebook on the Internet Photo: Reuters Anti-Semitism on the net is "like a tsunami wave," Knesset Immigration, Absorption and Diaspora Committee chairman MK Yoel Razbozov said during a Sunday hearing on online hate speech.

Razbozov called for countries to enact legislation restricting online hate, and warned that if Jews will not act to combat the spread of anti-Semitism online, they will eventually "find themselves in mortal danger."

Representatives of the Foreign Ministry, the Ministry of Jerusalem and Diaspora Affairs, the Israeli Internet Association and the Anti-Defamation League, among other bodies, testified regarding the dangers of online hate and discussed methods of combating disinformation about Jews and Israel.

The Anti-Defamation League testified regarding its ongoing relationship with internet hosting company GoDaddy to take down anti-Semitic websites, citing some 30 sites it said were taken down by the American company.

Facebook has also been working with the ADL, its representative said.

"Facebook is coming around, they just need time," Ronald Eissens of the International Network Against Cyberhate added.

The World Zionist Organization established a communications center for combating hate online and is beginning two pilot courses for training Israelis to engage in this struggle, WZO Department for Countering Anti-Semitism chief Yaakov Hagoel told lawmakers.

"I don't see us winning the battle but at least we are putting up a fight," he said.

While combating disinformation with facts and taking anti-Semitism offline were both tactics discussed during the meeting, only the former will have any substantial impact, committee member MK Dov Lipman told The Jerusalem Post.

"I fear that we are fighting a losing battle," he said. "I am convinced that our focus should be on getting Facebook, YouTube, Twitter and urge websites to remove

anti-Semitic materials and not with setting up our own sites and pages to negate the anti-Semitism. I will present this proposal to the chairman of the committee and will push hard for this to be the government's direction."

Claims of 'Anti-Semitism' Bring Call for Internet Censorship
Posted By Staff on Feb 19, 2014 in culture | 0 comments

Attempts to censor the Internet because of the "danger it poses" to Jewish interests have been revealed in a special inquiry held before the Israeli parliament.

According to a report in the Jerusalem Post, the Anti-Defamation League (ADL) is in an "ongoing relationship with Internet hosting company GoDaddy" to take down any website which it deems to be showing 'Jews, Jewish activities or Judaism in a negative light', and also "works with Facebook" for the same purpose.

According to the ADL representative, giving evidence during a Knesset hearing on the Internet and the threat it poses to 'Jewish special identity', the ADL has already succeeded in removing 30 sites hosted by Godaddy.

Knesset Immigration, Absorption and Diaspora Committee chairman MK Yoel Razbozov called for even further censorship, saying that "countries" need to enact legislation restricting free speech.

Representatives of the Foreign Ministry, the Ministry of Jerusalem and Diaspora Affairs, the Israeli Internet Association and the Anti-Defamation League, among other bodies, testified at the hearing.

According to the report, "Facebook is coming around, they just need time," Ronald Eissens of the International Network Against Cyberhate added.

The World Zionist Organization has established a "communications center" for the internet and is "beginning two pilot courses for training Israelis to engage in this struggle," WZO Department for Countering Anti-Semitism chief Yaakov Hagoel told lawmakers.

"I don't see us winning the battle but at least we are putting up a fight," he said.

Committee member MK Dov Lipman told The Jerusalem Post that he "fear[s] that we are fighting a losing battle," saying that countering the facts was not a way forward, and that only outright censorship provided any solution.

"I am convinced that our focus should be on getting Facebook, YouTube, Twitter and urge websites to remove anti-Semitic materials and not with setting up our own sites and pages to negate the anti-Semitism. I will present this proposal to the chairman of the committee and will push hard for this to be the government's direction."

Jews Control the Internet, Says Pro-Palestinian Website
Dutch group charged with criminal complaint over anti-Semitic article

Dutch antiracism groups have filed criminal charges against a pro-Palestinian organization called Stop de Bezetting-"Stop the Occupation"-whose website published an article accusing Jews of controlling the Internet. JTA reports that the Center for Information and Documentation on Israel and the Dutch Complaints Bureau for Discrimination on the Internet have joined forces, filing a complaint against Stop de Bezetting that labels the text "offensive to Jews." Stop de Bezetting's founder, Gretta Duisenberg, denies breaking Dutch laws that forbid disseminating material with intention of inciting hate or discrimination.

The article in question was written in 2009 by the California-based Freedom Research Foundation and mentions the names of Jews involved with Google, Facebook, Wikipedia, Yahoo!, MySpace, and eBay. Titled "The Jewish Hand Behind the Internet," the article is split into subsections that include "The Jewish Entourage at Google," "Zuckerberg's Jewish Entourage at Facebook," "Google's Cooperating with Jewish Censors," and "More Tricks to Control Information on Wikipedia." Wikipedia founder Jimmy Wales is called the "darling of the Jewish crowd at Harvard" and Sheryl Sandberg, who worked at Google before becoming the Chief Operating Officer of Facebook, is mocked for being involved with philanthropy, a "favorite Jewish pastime." The article also chronicles in great length the trips Internet moguls have taken to Israel.

This anti-discrimination complaint comes amidst much discussion and concern about rising anti-Semitism in Europe, and the case against Stop de Bezetting's online anti-Semitism, which raises larger questions about hate speech on the Internet, is not the first of its kind. Last year, a French Jewish student group won a case in French court that called on Twitter to release the names of users who were promoting anti-Semitic hashtags. Duisenberg does not seem concerned about the prospect of legal action, and is quoted as saying "If they want to go to the police, fine. I won't remove [the article] because why should I."

2/23/14 - News:
Claims of 'Anti-Semitism' Bring Call for Internet Censorship

Now is the time to download and save to disc; print, hard copy. Many JoS pdfs, mp3s, and informative articles are now freely available here:

http://spiritualwarfare666.webs.com/Satans_Library.htm

Of course one is permitted to say anything about non-Jews, BUT, if anyone DARES to speak and/or write the truth concerning the Jews, OH MY!! Then the truth is labeled as "hate." No one dare to say anything about the Jews. No one dare to bring Jewish criminals to justice, such as the leaders and perpetrators of the worst mass murders in history under Jewish communism, but innocent Nazis are forever dogged until their deaths, as a distraction from the hideous crimes and mass murders committed by Jewish controlled governments under Jewish communism. The Jews ran the REAL concentration camps where most prisoners, who were innocents, never lived to tell.

http://www.angelfire.com/dawn666blacksun/Real_Holocaust.html

"Satan" means "TRUTH" in Sanskrit. No wonder he has been so slandered and attacked for centuries! The Jews know the truth is now out regarding their hideous crimes against humanity for centuries and their days are numbered. We must keep educating the world as long as we are able to do so. I also note that many websites and servers removed the "www" before the URL. WWW; the Hebrew Vau Vau Vau translates into "666" a number they fear. 666 is the number of Satan and translates into spiritual empowerment for Non-Jews.

Thanks to the internet, the truth is out in many areas of the world and the Jews know this:

WZO Department for Countering Anti-Semitism chief Yaakov Hagoel told lawmakers: "I don't see us winning the battle but at least we are putting up a fight," he said. "I fear that we are fighting a losing battle," he said.

Re: Jewish Bankster's War on America

In Satanism, the ignorant, the lazy, and the stupid are worthless. They are worthless to Satan and the Powers of Hell. They also make ideal slaves. The JoS ministry works very hard to educate JoS members here, making knowledge available, but we cannot study for you. Knowledge is power. Remember this. By reading the article here and educating yourself, you will advance, having personal power because of what you know. As for the idiots who could care less

or who blow this off as nothing, they aren't even worth being spat upon. Idiocy= slavery.

The article "Jewish Bankster's War on America" should be read by everyone:
http://hailtosatansvictory666.angelfire.com/JEW_BANKSTERS_WAR_ON_AMERICAN_AND_THE_WORLD.pdf

This not only affects the USA, but the entire world. People need to wake up. 2015, Saturn will enter Sagittarius. The US Solar return for 2015-16 has Neptune of insecurity and uncertainty in the solar second house [finances] of the US at 9 degrees of Pisces, a fatal degree [I use the Gemini ascendant chart for the USA]. Saturn was in Sagittarius in 1929, when the stock market crashed and the depression began. Also, in 1987.

The foundation for the power of the enemy is the bible. I already wrote an extensive article regarding this and more, which can be found on www.exposingchristianity.com

We will be working as a group to destroy that power. Group rituals will be forthcoming in regards to this at the Spring Equinox, 21st March.

Again, I will reiterate, the bible is not the "word of god." I know I already mentioned this, but in that bible, there are squares of Hebrew letters imbedded. The Hebrew letters resonate to certain numbers. The bible is a book of numbered verses, which correspond to witchcraft, as witchcraft at the higher levels uses numbers. Again, these Hebrew letters are vibrated in boustrophedon; meaning zigzag and also up and down, no different from how one vibrates the planetary squares. One can see orthodox Jews physically bobbing and weaving during "prayer," most often in groups.

These numbered squares are no different from magic tricks with numbers and of course, as with the planetary squares. Stupid Christian preachers and such write books about how the bible is the "word of god" and it seems convincing to many people, but books on magic tricks reveal how a lot of this is done, no different from other magic tricks with decks of cards and such. Books on magic tricks reveal a code, though I know this has to do with the occult, but the point being, this can be proven. The planetary squares and occult numbers have major significance of course, but my point here is this is not impossible to crack the code or to understand how this is accomplished in the way of getting the numbers into the squares. Then, along with the subliminal Hollywood movies that have the Sandy Hook, the 911 and related. If these were real prophesies, the kikes wouldn't have to add all the subliminals to make it happen.

WHAT? ...Hollywood Predicted 9:11??? [Youtube video]
<https://www.youtube.com/watch?v=41FRnNDZkul>

The above video is proof that the so-called "prophesies" in the Bible are nothing but a hoax. The Bible is not the "Book of God" but is a work of the Jews, of which they use subliminally to carry out their curses, some of which are centuries old. One only has to be knowledgeable about the workings of the mind and of witchcraft to see this and to fully understand.

The Lone Gunmen Pilot - 9/11, Aired 4th March, 2001, 6 months before the World Trade Center attacks. Note- SIX months.

<https://www.youtube.com/watch?v=lldhoc0PRr8>

Many biblical curses and so-called "prophesies" were put forth centuries ago. The Ancient Gentile Egyptians, who had much spiritual knowledge, placed curses in the tombs of their dead, the most famous being that of King Tutankhamen, which manifested when Howard Carter opened the tomb in 1922. Given enough knowledge and occult power of the soul, any group of humans can do this. The Jews reinforce their biblical prophesies and deceptions through Jewish ritual murder. Knowledge and awareness, and educating everyone will break this spell!

Re: How do you view Father? Much confused

JoS4Adults member wrote:

As an avid member of JOS for many years, I have found myself coming back to the same core questions regarding his status as a being.. On the JOS website, it quotes Jilwah, which sort of puts father in the non-physical elemental universal creator being who states there is no god but myself etc and attributes it with the being Satan. Then we have Maxine saying he's an advanced extra terrestrial who has advanced his DNA so he does not age, therefore trapping his physical body on this plane of dense matter. Maxine states he does not require or ask for worship... yet the AI Jilwah commands it by his words written in the texts. I'm just very confused on his whereabouts and being etc. A lot of people are attributing Satan to Enki but that book the lost book of Enki was written by a Jew, hence it's probably bunk. I mean no offence. I am just troubled and curious in this matter I look forward to hearing your points of view.

Bless you all in these Strange times

Hail Satan

Satan's statements in the AI Jilwah, as I have come to know, have more than just one meaning. He is also relating the powers of the serpentine energy as well. The serpent is his power, but he is also an actual being. This is no different from the Gods of Hell, who have their attributes in allegories, but they are still actual beings. I hope I am making sense here.

The astral can be accessed by all beings, both spiritual and physical. Satan and Lilith are physical beings. I have worked with both for a very long time and I know them. A completely spiritual being does not have the power of a being who is in a

physical body. Those in spirit form stagnate. This is why so many reincarnate. One cannot advance when in spirit form unless he/she is assisted by a being who is in physical form. I have worked extensively, as have two other JoS ministry members, with beings in spirit form. They could not empower themselves on their own.

Given Satan's powers, he is definitely a physical being. He has extensive power over those in spirit form, more than most people know. Now, as for worshipping, he states in the Al Jilwah against this. There is nowhere in the Al Jilwah where he commands anyone to worship him.

Now, as for the allegories:

"None shall live in this world longer than the time set by me" Your soul determines when you will die. This is upon the soul. Death can often be seen in one's astrology chart, as in one's hand. The astrology chart is a map of the soul and the lines on one's palms are the direct connection to one's mind and soul. This is not easy to predict, though and one must have plenty of knowledge and experience before making these kinds of predictions, but both indicate this is an allegory referring to the soul.

Satan does have power over souls, and this definitely includes those who have passed from this earth. He has the power to reincarnate a soul into a life of his choosing. He also has the power to remove obstacles from a soul in spirit form, before reincarnating him/her.

His other name "EA" is also an allegory, as EA is a vibration for the soul. He was the extraterrestrial God Enki, who created humanity. He is the Nordic God of whom the white race descended from, along with other Nordic Gods who took human wives. 96% of the media is controlled by Jews and nearly all of the books in the mainstream bookstores now-a-days were written by Jews. Satan told me that the "Lost Book of Enki" does have some truths in it, but the details are off. Edward Kelly's "Vision of the Roundhouse" supports the main focus of the Lost Book of Enki. I know how the Jews lie. In reading anything, you have to read between the lines so to speak.

"Edward Kelly's "Vision of the Round House" adds further credibility to the texts written by scholars supporting the concept of the creation of humanity by extra-terrestrials through genetic engineering. There is no way Dr. John Dee and Edward Kelly had any knowledge of this in the 16th century."

I hope I answered your questions. I wish I had more time to answer questions in the groups, but Satan and our Anti-christ keep me very busy with enormous amounts of work.

Ritual

As I wrote of before concerning formal rituals, "invoking the Powers of Hell" translates into empowering your soul before a ritual. This can even be done through a hatha yoga session, but most commonly through vibrating the aspects of your soul as with the RAUM meditation.

The most important thing is that you feel the energy of your soul. Altars and props are not necessary, unless this is something you personally enjoy, as they are nice, but again, they are only props and not necessary for any workings. Do not feel you cannot carry out a working or participate because you do not have any props. All you really need is your body and soul, and most important, the intent and the focus of your mind, and of course a place where you will not be disturbed during the working.

The conspiracy of the bible is mind-blowing to say the least. As I posted a few days ago, this is no "work of God," but a work of human beings who had extensive occult knowledge. The Christian churches are crumbling. Israel is facing boycotts and crisis and the enemy as a whole has been weakened. We cannot turn our backs or let our offence down for a minute. In the meantime, keep working to destroy the Christian bulwark. Discreetly distribute anti-tracts for one [always use very short phrases that make impact for certain audiences such as "God and the Devil are backwards"]

www.exposingchristianity.com

Keep everything simple, short and to the point. Wake people up. Put up websites. Put up youtube videos, make copies of materials freely available on Satan's Library website for those you know that are interested but do not have internet. Many countries have strict censorship of the internet and also many people living therein do not have access. Do whatever you are able to do and work discreetly.

http://spiritualwarfare666.webs.com/Satans_Library.htm

Above all, ask for guidance from Satan. You do not have to be adept at telepathic communication for this. Even those who are new. Just open your mind to be aware of opportunities, ideas and gut feelings.

Sermon 2/04/14 - The Truth About the Bible

This seems to be one of the last steps in exposing Christianity. I haven't posted for a while as I have been making audio sermons.

<http://spiritualwarfare666.webs.com/Audio.htm>

Unless we take some serious action in the way of working relentlessly to destroy Christianity and to alert thinking, intelligent people, the future is very grim. I wrote this sermon some time ago and everyone here should have read it:

http://www.angelfire.com/dawn666blacksun/Bible_Jewish_Witchcraft.htm

In my many years of research and study, I have found the bible is not the so-called "word of God" but is a man-made book of witchcraft, hence all of the numbers therein. This is used liberally by top Jews in power to enslave the world. Jewish ritual murder subliminally ties into the Christian mass/service where the nazarene is the child sacrifice; "eat me and drink me" "this is the body of christ..." This son of jewhova, sacrificed by his father...i.e. murdered. In addition, the entire mass/service focuses upon the Jews, Israel and their fictitious history, creating a further subliminal tie. Believers are under a very powerful spell.

http://www.angelfire.com/dawn666blacksun/Jewish_Ritual_Murder.html

The bible is in nearly every home around the world, and in non-Christian countries, its twin, the Koran is the same. This is no different from the \$20.00 bill and the 911 incident, as the \$20.00 bill is the most common currency handled in the USA. The bible is pushed; it is in hotels, hospitals, nursing homes and is nearly found everywhere. It creates a powerful subliminal tie into the workings of Jewish witchcraft. Many believers have never read the bible, but rely on the interpretations of their corrupted preachers and the ramblings of double-digit IQ idiots, who claim this is the "good book" and believe Christianity to be a help to the poor and the needy and nothing more than a charitable, peace and love promoting movement. Nothing could be further from the truth.

This, like communism itself, is another Jewish lie; another Jewish "brotherhood" program that deceives believers with lies to get them ensnared. As with Jewish communism, intelligence and independent thinking is highly discouraged. The mentally retarded are sacred and revered in Christianity, and with communism, the Christianity program [Jewish communism is the higher level of Christianity] goes a step further and mass-murders intellectuals, in what are known as "purges." The "intelligentsia" are one of the first groups of people to be destroyed whenever Jewish communism forcibly takes over a country or area.

The success of these Jewish programs has been dependent upon the destruction and removal of spiritual knowledge from the Gentile populace. Jewish communism of course takes everything a step further, as most knowledge is systematically removed, not just any spiritual knowledge, but knowledge in general, and is replaced with Jewish communist propaganda. Where Christianity

left off, communism take up. Like the Christian mass/service, where the congregation is forcibly brainwashed [people are bored and their minds are open to suggestion, or are nodding off and very receptive to suggestion and indoctrination]. The tactics are the same with Jewish communism and any fool who believes communism to be liberal needs a serious reality check. Jewish communism is in reality, living according to Old Testament laws and so-called "morals" in the strictest sense.

Christianity like its Jewish root creates the problem and then has its own solution. People are indoctrinated that poverty is a virtue, and the ownership of material things is discouraged. This in turn creates poverty on a subconscious level that manifests in reality. The mind and soul are programmed into poverty. Then...here comes Christianity to the rescue, appearing to those with lesser intelligence to be a hero and savior of humanity. In addition, the bible is chock full of destructive suicidal teachings and advice for living. Christianity creates the problem and then pushes the solution that damns us all in the end. They work this from every angle and those who are strong believers, tie into this energy and perpetuate this nefarious program in numerous ways. Birth control and related, especially where they are needed, such as in Third World countries, are highly discouraged. This keeps the poverty running rampant, with Christian missionaries and related spiritual criminals to the rescue. This sort of thing fools the populace every time. Most, being too lazy to read the bible, or do any necessary research believe what they are told, that the bible is the "book of God" and that Christianity is a peace promoting, charitable, institution. Few are also aware of the fact that nearly every war was either directly or indirectly instigated by Christianity, nor are they aware of the fact that Christianity, with its twin of Islam has a foundation of the most heinous mass-murder and torture ever known to humanity. The inquisition finds itself in full power with the stepping off point of Jewish communism.

Getting back to the witchcraft aspect.

In order to expose the bible for what it is, one must venture ahead into the unknown regarding the "occult," of which there are numerous threats and warnings against in the bible. There are also curses in place regarding this. Going in, those with lesser courage frighten easily and back out. Those of us who have gone in very deep regarding the occult, spirituality and the powers of the mind and soul...the numbers, the planets and such, have enough knowledge to see the bible for what it really is. You have to have the experience and the knowledge.

All of those bible "prophesies" are also man-made. Yes, this is true. Again, those with lesser intelligence, such as Christian believers and their preachers are deceived into believing these are acts of "God." Well, truth be known, these sorts of things can be accomplished by knowledgeable human beings as well; people who are well versed in knowing how to use occult power. The bible is no "book of God." The fact that is full of numbers should sound an alarm for many, but the sad truth is most are oblivious to this. Witchcraft uses numbers.

Lilith led me to a book in a second-hand store: "Eye to Eye: Facing the Consequences of Dividing Israel" by William R. Koenig. The idiot author who is a US senator lacks the intelligence to see through his own writings in the book. Phrases like "because the bible says so" and such reveal the gross stupidity of this deceived believer. It is obvious he cannot think for himself, BUT his research is excellent in providing a summary of events that correlate with the verses in the bible.

Now, every time there are issues involving Israel and before the manifestation of the bandit criminal state; any issues involving the Jews, disasters would soon follow. This is no "act of God." These are curses that were established over the centuries by the Jews, through Jewish ritual murder and related. The energies of believers and the fact that the bible is as ubiquitous as currency bolster these curses and provide a powerful energy host.

For those of you who are unfamiliar with the King Tutankhamen excavation, please take some time and learn about this. The opening of the tomb in Egypt in 1922 unleashed some powerful curses. These curses were also man-made. Ancient Egypt was highly spiritual. These curses were set into motion by Gentiles, but the same principles apply...the use of witchcraft. If spiritual knowledge is removed from the populace and in return, the populace is force-fed with lies, those who HAVE this knowledge and power become Gods.

Every time there are issues with Israel, the USA or any other country involved pays the price with natural and other disasters, loss of life and destruction, totaling losses in the billions. This is no "act of God" it is the result of centuries old man-made curses put into action by top Jews via Jewish ritual murder and its subliminal support of the Christian mass which focuses on the Jews with the theme of the sacrificed nazarene, which is a child sacrifice, being this is the assumed "Son of God."

As with any curse, all of these can be turned right back onto the senders. JoS has had many group workings over the years. In the hands of powerful Satanic mages under the direction of Satan, we can defeat all of this. If this is not done, the future is doomed. Knowledge is also a very important key, as the more people who wake up to the truth of the Christian and Muslim programs; this will act in breaking the spell. These programs are nothing more than powerful spells that masquerade as being the "word of God" and keep humanity in chains. The slavish worship lavished upon jewhova and that nazarene are then transferred to the absolute worst of criminals, such as Josef Stalin, Kim Il Sung, Mao Tse-Tung and other related communist filth that have mass-murdered and tortured innocents by the tens of millions. This is why Satan warns us in the Al-Jilwah against worshipping: *"No god has a right to interfere in my affairs, and I have made it an imperative rule that everyone shall refrain from worshipping all gods."*

Satan does not demand slavish worship and warns against this sort of thing as this sets up the populace to be enslaved and destroyed. Satan stands for rebellion, individuality, and freedom and above all, for the advancement of humanity.

The USA has been targeted for communism. High Priest Micama Gmicalzoma has also made youtube videos of my sermons:

<https://www.youtube.com/user/iknowthetruth88/videos>

Deluded Christians and Muslims blame everything on Satan. They do not have enough intelligence or knowledge to see everything is of their own so-called "God," who was a murderer and a liar from the beginning, and who depends upon human sacrifices. This in reality is the Jewish people. Again, as I have stated many times before, there is nothing spiritual about the bible, nor is there anything therein to advance humanity in any way; only to keep everyone enslaved and damned. The Old Testament, being full of genocide, infanticide, mass murder, torture, looting and plundering, war, and the enslavement of Gentiles is a system. This is used by Jew communism whenever it takes hold of a nation or area. Before actual communism, the Catholic Church and its inquisition acted by the exact same methods. Under this murderous institution, same as with Jew communism, all knowledge was removed from the populace, hence the term the "Dark Ages" and replaced with compulsory church propaganda, same as with communism brainwashing. The New Testament with the communist teachings of the nazarene is chock full of suicidal advice such as cut off thine hand, pluck out thine eye, turn the other cheek, walk the extra mile, bless those who curse you, having blind faith, and other nefarious teachings to destroy humanity; preparing the unknowing populace to readily accept communism. And, as for "blessing those who curse you" the bible is very direct regarding blessing the Jews and Israel.

Some idiot preacher made a youtube video regarding the new \$100.00 bill and how this time it is much worse than the \$20.00 bill in the way of enacting disaster. Of course, the buzzard-brained idiot blames this on Satan out of extreme stupidity. The level of stupidity and idiocy within Christianity is staggering to say the least. Satan has been trying to get through to those with enough sense to see through all of this. Satan is the liberator of humanity. Satan stands for rebellion. Unless Christianity and its twins of communism and Islam are completely destroyed, there will be no future for any of us.

Sermon 12/26/13: The Nazarene

There are quite a few people confused about the nazarene. The Jewish run and controlled media insist that this worthless parasite of humanity actually existed. The truth is this, and if you are aware and look, you will see what I mean for yourself and will not be fooled again concerning this.

All of the so-called "occult" and the spiritual, the world over is based upon the kundalini serpent. This is the Serpent of Satan. When this serpent ascends, one experiences inner healing, enlightenment and spiritual powers. The sign of an ascended serpent is the halo. The entire aura emits a light. This is also the meaning of "eternal light" and in Latin "Lux Aeterna" and when Freemasons mention about "the light" and so forth. Hindu deities and the Buddha have halos, as so the many Gods of other world pantheons.

Again, I will reiterate how the nazarene lived "33 years." 33 is the number of esoteric vertebrae in the spine where the serpent ascends. The nazarene is nothing more than a model for an example of a man with his serpent ascended. This also can be seen in the bible where there were "tongues of fire" atop the heads of those fictitious 12 disciples of that nazarene. Note the number 12, this has to do with the zodiac. In addition, the Buddha is also seen with a flame atop his head. I don't believe that the Buddha existed either, but as with the nazarene is a depiction of a model of someone who has the ascended serpent. The long flowing hair of the nazarene is another example of being free; spiritual freedom. The depictions of the virgin and the child were taken from Isis and Horus and represent the birth of the new soul through the serpent of fire.

Now, again, I will repeat myself here. Everything you see in front of you, your PC, your desk, your bed, your place of residence; everything, was once someone's idea before it manifested into reality. Things just didn't grow out of the ground, such as your house. An idea must be either directly or indirectly [subconsciously] planted in one's mind in order to manifest into reality, the more minds, the better, as this translates into the "mass mind." The mass mind has much more power. This is why bibles are incessantly pushed and coerced upon the populace.

Now, most of you are aware of the Jewish problem. Many Jews disproportionately have unimaginable wealth. The majority of Jews are well off financially and there is of course a very small number that are average. Few if any are actually poor. Check your local phone book and see for example just how many attorneys, doctors, and other high paid professionals have Jewish surnames. As a Jewish rabbi wrote concerning the Jews "Thou shalt prosper."

Now, take that model of a man with his serpent ascended, and make him into a fictitious Jewish character. His parents were Jewish, his lifestyle was Jewish and then he descended from a long line of Jews. The entire bible is made up of Jewish characters, patriarchs, and even that "god" himself "chose" the Jewish

people. Now, what kind of a subliminal connection in the minds of the average person does this make? It is systematically and very forcefully imbedded. Take this serpentine power and apply the slavish worship with focus, giving up psychic energies and adoration and this channels into Jewish prosperity. Do you see the connection?

The dragon, the serpent and the halo are seen the world over for representing the serpentine powers. Centuries ago, illustrations were created to show examples of this raised serpentine power. Take this spiritual power, cut off most of the populace from it and then turn it into a Jewish character to make the necessary subliminal connection and the psychic energies of those deceived are directed to the Jewish agenda.

In addition, Jewish ritual murder perpetuates this Christian lie by kidnapping a young Gentile boy or girl and taking him/her secretly into the back of a synagogue where he/she is nailed to a cross and drained of all his/her blood before Passover of every year. This further establishes the ritualistic subliminal connection for the perpetuation of the fictitious nazarene. And of course, there are enemy aliens out there that feed off of the spiritual energies of the deceived believers.

Here is an audio sermon going into more details on this subject:

Happy Yule

This is to wish everyone a Happy Yule Season. Tonight [22 December] is the Highest Sacred Night in Satanism, as this is Satans' Personal Day of the Year. This is a time to honor him. For those of you who are new and some who are still confused, "Satan" means "Truth" in Sanskrit, one of the most ancient of languages. Satan and the Powers of Hell are benevolent beings. This is evident in the fact that they are all working to bring knowledge, spiritual advancement, and freedom to humanity. Instead of ignoring or looking the other way as some beings in different worlds out there do, our Gods are working to help us here. They care deeply about the earth, animals, and the environment and want to set us free. Always remember, Satanism is about being yourself. There are very few rules in Satanism. Christianity has been a curse upon humanity, no different from its twin of communism, which is Christianity in its political form. Satan has opened our eyes to the truth and wants both of these nefarious plagues completely destroyed.

The 1956 Sci-Fi movie "Invasion of the Body Snatchers" contains a lot of truths. Instead of the pods, those pods should have been bibles. Bibles, Christian relics, and related, act as subliminal transmitters. This is why the bible is full of numbers and the spiritually meaningless verses are drummed into the heads of victims, such as Sunday school children and others being forced to memorize scriptures that act to damn humanity. For more on this, please read:
http://www.angelfire.com/dawn666blacksun/Bible_Jewish_Witchcraft.htm

Lilith revealed to me that the Jewish invention of communism, which is nothing more than an organized slave state with the top Jews in charge, and aims to strip everyone of their individuality, their identity, their culture, their race, their material possessions, [material possessions are most often individual] and anything else that makes one classifiable. Everyone is equally screwed, and becomes a meaningless number; a disposable human being... a nothing, a total nobody who can be systematically worked to death and disposed of.

Quote from the Jewish Talmud:

Nidrasch Talpioth, p. 225-L: "Jehovah created the non-Jew in human form so that the Jew would not have to be served by beasts. The non-Jew is consequently an animal in human form, and condemned to serve the Jew day and night."

The Judeo/Christian Bible is a foundation and a blueprint for this. Satan wants for all of the Judeo/Christian poison to be destroyed.

For those of you who are new here, yes, we Satanists definitely celebrate the Yule Season. The Yule is Pagan in origin and was stolen and corrupted by Christianity. Jehova's witnesses even know this. There is nothing Christian about

xmas and the Yule Season. For those of you who enjoy this holiday and have been celebrating it, enjoy.

The Yule season is a season of enjoyment, indulgence, and feasting.

- Cooking
- Baking
- Gift giving
- Decorating
- Building snowmen and winter sports in places where there is snow
- Tree decorating
- Blue lights in honor of Lucifer
- Partying
- Santa Claus for the kids
- Shopping and more.

The Nazarene as you can see has no place in the Yule season. December 25th is actually the Persian deity Mithra's birthday, for one. The Yule was stolen from the Pagans and incorporated into the Christian religion as Xmas. Pagan peoples were celebrating the Yule long before the false program of Christianity forced itself onto the scene. We need to take back our holiday!!
Celebrate and Indulge!!
HAIL SATAN!!

In addition, I uploaded the King & Queen meditation, as many members requested this:

Sermon 11/09/13 - Further Exposing Christianity

For those of you who are forever making endless posts to these groups regarding your problems with Christian indoctrination, please do not be lazy. Read the following article before making more and more posts regarding your psychological problems in overcoming Christian lies, and then apply yourself to meditation. I have written extensively concerning spiritual allegories. Most average people cannot see through the hidden meanings behind the allegories and they take the tales of the Gods and the legends as literal. First off, Satan and the Powers of Hell do not demand any slavish worship. They are our friends. They are and have been trying to help us. They are extra-terrestrial beings. The Jews are always on the attack, when one mentions extra-terrestrial beings.

With extensive and advanced meditation, like the symbolic cobra serpent, one experiences increased awareness and one's mind expands [symbolized by the hood of the cobra]. When you can finally see the truth, and see through all of the lies of Christianity, Islam and its ugly Jewish root, these programs are no longer a threat. There does come a point when no amount of lying or coercion will get one who has seen and who knows the truth to believe the lies any longer. I keep reading in these groups on and off when approving posts, just how much Christianity has taken hold in the minds of many people here. Satan has been showing me more and more as I have opened myself in both my meditations and my studies. To know the truth, one must study extensively into the "occult" subjects of which the bible threatens against. I have done this for many, many years.

While I have made many references to "Jehova" and that filthy Jesus Nazarene, for the umpteenth time, neither one of these entities exist. Both are thoughtforms to some extent and there are enemy extraterrestrials such as the greys who work under the reptilians out there for the enslavement of the Gentiles on this planet, along with some enemy Nordics who pose as these fictitious entities and also promote them. Before there were modern cameras and available information regarding extra-terrestrials, occultist Aleister Crowley when in a trance drew a picture of "Jehova" and it was an illustration of one of those bulb-headed greys. Ok, enough said, but if I don't repeat myself ad nauseum giving some background on this, people who are new will be lost regarding what I am now going to write.

If you delve into occult teachings far enough, and occult societies such as Freemasonry, etc., [much of the spiritual teachings have been systematically removed and what remains is corrupted]. Most of these organizations know of the powers of the soul to some extent. Freemasonry, before it was corrupted by the Jews, was very spiritual and a "33rd Degree mason" was one who had his serpent ascended, as the spine has an esoteric 33 degrees. Way back when, accomplished Freemasons communicated with each other telepathically. Rebuilding the "Temple of Solomon" had to do with the magnum opus and the

soul. The Jews have taken this CONCEPT and have corrupted it to advance their insatiable greed and direct it towards their communist agenda of creating a Gentile slave state.

666 is the Kabbalistic square of the Sun. 666 is the all-important solar chakra. The true meaning of the "Temple of Solomon" is the TEMPLE OF THE SUN. "Sol" "Om" and "On" are all words for the Sun. "Sol" is the Latin word for the Sun and is close to the English word "soul." "Om" is a name given by the Hindus to the Spiritual Sun and "On" is an Egyptian word for Sun. The symbolism of the Temple of Solomon was stolen by the Jews and made into a fictitious character, as with the fictitious Nazarene and nearly everything in the Judeo/Christian Bible. The true meaning of the "Temple of the Sun" is spiritual. This symbolizes the perfected soul, where the rays from the solar [666] chakra, which is the center of the soul and circulates spiritual energy, radiates into eight separate rays. The shining soul is symbolized by the sun. Eight is the number of Astaroth. This is also "The New Jerusalem." The name of "Jerusalem" has also been stolen and corrupted into a city in Israel. "Jerusalem" IS A CONCEPT! The shining perfected soul is also symbolic as "The Light."

Now, most of you already know how that annoying fish symbol the Christians use is in truth a vagina turned on its side. It is called a "Yoni." If you look to many versions of the Tarot cards, even going way back into the Middle Ages, you will find the suits of the rods/wands and the swords are often in the shape of a yoni. The heart chakra [neuter chakra] is also in the shape of a yoni. The yoni, symbolizing the vagina is also symbolic of giving birth to a new soul and achieving spiritual and physical perfection and immortality through the magnum opus. The Christian crap of being "born again" is false, and amounts to nothing more than spiritual degeneracy, and being steeped in more lies.

There are thirteen major chakras upon the soul. For a very long time, the enemy has touted the number 13 as unlucky, etc. This is to frighten people away from that number. This is no different from how horror movies are used to frighten people away from the spiritual/occult. All of this ties in. When one does a ritual, one invokes the four quarters. To the uninitiated, one points one's athame, calls out, etc. To those who know, this is actually an allegory for vibrating the soul to raise your own powers. The soul has four important directions; again, male and female.

This is what the enemy uses the "YHVH" for, though the YHVH is a corruption. The uneducated, the stupid, and the fools are deluded into believing this "YHVH" is some sort of Supreme Being. AGAIN, THIS IS A CONCEPT!! Not only is this a concept, it was stolen, then of course, it was further corrupted. There is no supreme being. There is infinity in both the microcosm and the macrocosm. There is no such thing as some big bad Jewish spook that "created everything" and who is omnipotent and all of that horse manure they push on the unsuspecting public. There is a war going on 'out there' and there are ET's who

work through the Jews here, who do hate humanity and want to enslave the world in order to provide a ready and easy host to leech energy off of souls. This is no different from cattle in a slaughterhouse. This is what we are to them and it all depends upon just how ignorant and unknowing one is, for the enemy to succeed. We have been cut off from our spiritual senses. Few can see what the enemy is doing, but through meditation and the Serpent of Satan, our spiritual eyes are opened.

Getting back to the four quarters of the soul, following the RAUM meditation, http://www.angelfire.com/empire/serpentis666/Raum_Mediation.html

One should vibrate the four quarters of the soul. IO can work for all four, but one will notice a drastic charge and empowerment if the four quarters are vibrated correctly. IO was taken from the Greek IO. Nearly all of the Greek so-called "myths" are very important spiritual concepts, with the exception of some of the legends of the Gods such as Heracles; the account of his birth [his human mother had a very difficult time, as he was fathered by one of the Gods [ET's] and the Nordic ET's are much larger and taller than us humans. I have seen a couple who were near 8 feet tall, such as Anubis. Heracles was a Demi-God, meaning he was half-human. IO is another allegory and while many of these Gods are actual beings, their legends are important spiritual allegories, such as the Greek "Argus" which is Agares. Agares is female, but the allegory portrays a male. The "thousand eyes" of the spiritually empowered soul.

Going a step further, EA is another name for Satan. [Most of you already know the name "Satan" means "truth" in one of the most ancient of languages Sanskrit]. EA is pronounced AY-AH. AY as in May, say, day, etc. Nearly all of the words in Sanskrit end in the letter A. The letter A symbol in English and in many other Western alphabets is tapered like the pyramids, and many other spiritual symbols. The taper is symbolic of the serpentine energy ascending the soul. This also has to do with focus on the spine. The so-called "tetragrammaton" of the soul follows as I-O-E-A. EE-OH-AY-AH. These are the four vowel vibrations that empower and raise the energies of the four quarters of the soul to a high level. Left shoulder/left side of the body, vibrate I [EEEEEE]

Right shoulder/right side of the body, Vibrate O [OOHHHH]

Front side of your body, vibrate E [AAYYY] as in the word say, or may

On your backside, focusing on your spine, vibrate A [AHHHH]

Now, one can see where this vibration was stolen, altered, and completely corrupted from a PAGAN CONCEPT into that foul Jewish invented entity "Jehova." Again and again, I reiterate the word "god" is a code-word for the self!!! There is no "Jehova" or "Yahweh" which was taken from idiot Christians trying to pronounce "YHVH," as the j is often pronounced as y in many languages, after this concept was stolen and corrupted by the Jews. The Christians are so far deluded it is way beyond pathetic. The Jews have usurped spiritual knowledge

and corrupted it in order to enslave and control the entire world, they, themselves, at the higher levels becoming "God." In truth, that is all it is...a vibration to drastically empower the soul.

Going further, I also have written about this before. Once you have enough knowledge and obstacles to enlightenment have been knocked down in your mind, this can easily be seen. The nazarene was stolen from the serpent, and invented into another fictitious Jewish character for Gentiles to slavishly worship. Nearly every painting or illustration of so-called "saints" of which in Spanish is "Santa" an anagram of Satan, THEY ARE ALL DEPICTED WITH HALOS, WHICH REPRESENTS THE RISEN SERPENT OF SATAN!! This is not just a Western concept, but is also seen extensively in the Far East [where Christianity stole nearly all of its corrupted content from], as with the Buddha, also seen with a halo.

Now, getting back to those paintings that we are told is the nazarene, in truth, they are nothing more than an illustration of a man with his serpent ascended, no different from any other illustrated instructions; same as with the so-called "saints." When you purchase any appliances, etc., these normally will come with illustrated instructions, or the same as with some one in an illustration showing the certain steps to using an appliance or whatever.

http://see_the_truth.webs.com/Jesus_Christ.htm

The nazarene is nothing more than a Jewish invented character that has been used to replace the serpent. The paintings are a how-to, A CONCEPT, depicted by a man. As I already wrote some time ago, if the same were done with Sponge-Bob, millions upon millions would prostrate themselves before the mighty image of Sponge-Bob in reverence, worship, and self-devotion. Using a sponge for cleaning purposes would become a blasphemy and a major sacrilege. This would then through the mass mind, take on a life of its own; a thoughtform if you will. A sponge would adorn every altar. There would be giant, colossal sponges where the most holy would make a special pilgrimage, not to that stupid black box in Mecca, but to the giant sponge edifice. The tiny pineapple residence of Sponge-Bob would be heaven under the sea, with the end goal for every "saved" individual to, instead of floating up to the sky in the ether, would descend to the depths of the ocean in hopes of finding the tiny little home to spend the rest of eternity within.

Kidding aside, given the endless and copious amounts of spiritual energy that are directed into this fictitious nazarene character, the misguided and false sense of belief and with this outrageous lie being promoted at every level, embedded in the minds of the populace through force, with no alternative, no wonder it has reached the monstrous level it has. In addition, that nazarene was also corrupted from the five elements, Hebrew style. When one has enough knowledge and has opened his/her mind, and through the Grace of Satan, one can see all of this.

Christianity is pushed upon the populace with no other alternative. Even in doing crossword puzzles, [most are written by Jews], that Christian biblical crap has to be in there for the words/answers. As for Modern Paganism, Buddhism, Wicca and everything else that is related and has been corrupted from the original Paganism, all has been Christianized. The Jews even go a step further in dictating to the Gentiles that the powers of the mind are not to be used for material gain, which is an utter crock of shit.

Quote from the Talmud:

22. Seph. Jp., 92, 1: "God has given the Jews power over the possessions and blood of all nations."

The Jehova's Witnesses, like other fundamentalist Christians are also working to remove Santa from xmas and replace him with the nazarene, take the Easter Bunny out of Easter and again, replace the rabbits and eggs with the nazarene; this goes for all holidays. The Jehova's Witnesses also go a step further and work to remove all symbols which they tout as "graven images," as the destruction of important spiritual symbols will eventually be the death of spiritual knowledge and truths.

ALL of the occult and the spiritual teachings have the end objective of empowering the soul, raising the serpent, and performing the magnum opus. If one will look through open eyes, no amount of coercing, lying, or "explaining" will fool you again. The only thing one can do from this point is to work to wake up humanity to the truth!

HAIL SATAN!!!

Lucifer's New Aeon

We are going into a new aeon, the Age of Aquarius. Aquarius is the 11th sign of the Zodiac.

This is the "Aeon of Satan." Here are some of the signs:

- 1999, inverted, is 1666 [one-666]. $666 \times 3 = 1998$.
- 2000, in numerology is number 2; 11, [1+1=2] Two and eleven are important numbers of Lucifer.
- 2000 was Year of the Dragon [the Dragon is one of the symbols of Satan that represents the kundalini serpent that gives wisdom, knowledge, enlightenment, and power] which marked the commencement of the 21st century.
- $666 - 6 \times 6 \times 6 = 216$. 2,160 years is the approximate time it takes for the synetic vernal point to travel backwards from one constellation to another. Aquarius, the sign of a man [the water bearer] represents the coming new age where humanity will advance. Ea/Enki also known as Satan is symbolized by the Water Bearer of Aquarius.

The Gods placed much emphasis on the movement of the planets, stars, and constellations. They left images in stone, as can be seen in the Egyptian Sphinx, which was constructed during the age of Leo [10,500 years ago]. The scarab, representing the ancient Egyptian sign of and the Age of Cancer, the rows of ram's heads [Age of Aries] and the monolithic sculptures of the twins [Gemini] are seen in numerous places throughout Egypt and Middle East.

In 1962, the planets lined up- Sun, Moon, Mercury, Venus, Mars, Jupiter, and Saturn all in the sign of Aquarius and ushered in the computer age, which emerged worldwide 28 years later following the Saturn cycle. Technology has advanced at an unprecedented pace in the past century.

Atheist, Dr. Madalyn Murray O'Hair succeeded in removing the Judeo/Christian bible and compulsory prayer from the public schools in 1963.

Anton LaVey established the first above ground Church of Satan on the Eve of Beltane, April 30th, 1966.

During the late 1960's the Catholic Church, which is the original Christian church and the foundation of Christianity, began to crumble. Catholic nuns and priests gradually shed their vestments. Today, the wearing of formal vestments by the Catholic clergy in many parts of the world, especially in the United States is rare. The Catholic clergy has dwindled to where the lay people have been taking over the former duties of Catholic priests and nuns. The remaining priests, most of whom are aging, are being exposed and brought to justice for the sexual abuse and exploitation of children and other revolting crimes that have occurred for centuries. The resulting lawsuits and scandals are breaking the Catholic Church.

The Protestants have their share of crimes against humanity as well. We are now in the age of information and communication, which will result in many of these Christian sects being exposed along with the Catholic Church.

The 1970's band "Black Sabbath," paved the way for heavy metal, death/black metal. The metal scene openly blasphemes the Christian "God" and Satanic lyrics are very popular, especially among the youth. This music is an expression of pent up rage. Look around you- Satanic music, movies, books, role playing games, video games, the internet with thousands of Satanic websites, Satanic t-shirts, Baphomet jewelry, and more. Satan is becoming very popular. Satan definitely has the youth, as Satan reveals the truth. "Satan" in Sanskrit, one of the world's most ancient languages, means "truth." The kids are fed up with being lied to.

During the 1990's, thousands of Christian churches were burned worldwide. The Christian churches are rapidly losing their credibility and their reputations, and as a result, many followers are lost and looking for answers. The Christian religion was built upon murder, lies, injustice, and appalling crimes against humanity and it is now facing the consequences. Knowledge is readily available and the lies and promises of these programs, passing themselves off as "religions" are no longer effective as they once were.

In the Al-Jilwah, Satan states that those who are without "do not know the state of things that is to come. For this reason, they fall into many errors." We are reaching the end of the age of Pisces. It has been written that in the end, the truth will come out and many will want to join at the last minute, but it will be too late to do so.

Yaweh/Jehova, the REAL "Prince of Lies" is not going after the small stakes, because he has had the Judeo/Christian/Muslim programs for centuries. The bible bangers are in for a rude awakening.

Why is There Suffering in the World? Satan Gives Answers [Added February 2015]

Unlike those so-called "Gods" that are false and worshipped by followers of the enemy programs, Satan gives us wisdom, knowledge and sensible answers. Christians and Muslims, being as deceived as they are, are at a loss to explain.

Most people wonder why there is so much suffering, misery and ugliness in this world. Thousands of years ago, there was a time called "The Golden Age." It was a time of peace, prosperity and happiness. Humans in those days lived hundreds of years. Our Gods were with us as well. Ever since the coming of Christianity and Islam, everything beautiful and positive turned to ugliness and destruction.

Now, most of you here are familiar with the powers of the mind and soul and meditation. I remember many years ago when I was still an atheist, I was reading a book on chakras and the book instructed to "look" at each one of your chakras, of which I did and I got a shock that nearly knocked me off of the sofa. That freaked me out. Now, this was a result of focusing my attention. Most of you have had spiritual experiences where you have had similar occurrences. Just focusing on a chakra or another area of your soul and you find it is a very intense experience.

I wrote about this part before, but just look around you, everything you see, your computer screen, your chair, your bed, your furniture, the cars outside, buildings, windows...everything you see was once someone's idea before it materialized into a physical form in reality. Now, I also want to add in some instances, such as with science, for example storms manifest on their own; hot humid air colliding with cold, dry air for example, but the majority of everything here was once someone's idea. This right here reveals the importance of one's thinking and one's mind. Those of you who have been meditating for any length of time know how important it is to try to focus on positive things, as focusing on destructive thoughts, needless worry, and negativity, with a strong mind and soul one will attract this.

The average person who does not meditate and who has a much weaker mind, where most thoughts tend to dissipate, alone does not have much power, but when combined with the mass mind of millions of other people who are focusing along the same lines, then thoughts do have much more power. I came across a book some 20 years ago [I can't remember the name of the book or the author], but I read it and the author had a technique where she could place her hands upon a book and subliminally absorb all of the information in that book. I also heard of where the same can be done in learning a foreign language. Most of you are familiar with the US \$20.00 bill and the 9-11 incident. I also wrote of this and how the "Holy Bible" factored in, as even more prevalent than the \$20.00 bill,

there is a bible in nearly every home, in hospitals, hotel rooms, and in many other places.

Psychiatrists, psychologists and others who work with the human mind give certain tests like the Rorschach Ink Blot tests to probe into the minds of patients in order to ascertain what they dwell on and to determine their psychological make-up. Most people will see things in these ink blots according to what their own experiences in life have been and how they think, and what they dwell on.

Now, again, most of you here are even somewhat aware of the extent of the extreme negativity, and this is an understatement, contained in both the Bible and the Koran. In reading through scriptures for reverse Torah rituals, the curses against humanity are prolific to where one can't even begin to count them all. Curse after curse, after curse and the damnation and the most utter debased depravity. One does not have to read the Bible or the Koran cover to cover to be influenced by or to tie into the most hideous energy contained therein. Just focusing on this is enough, and by focusing, I mean attending church, and of course, Muslims "pray" 5 times a day, facing east in the direction that with the gravitational pull of the earth, amplifies energies.

So, just how much energy has been put into and is still being put into such extreme destruction and negativity? This has influenced this world and everything in it. Much of the populace is steeped in it, though lifetimes. One individual alone doesn't have too much power, but how about tens of millions? Most people aren't even aware of the subliminal. I like to do crossword puzzles and in nearly every book, they have the biblical crap. In other words, this is supposed to be common knowledge.

Wonder why there is so much fighting and family break-ups?

Luke 12:53

The father shall be divided against the son, and the son against the father; the mother against the daughter, and the daughter against the mother; the mother in law against her daughter in law, and the daughter in law against her mother in law.

Matthew 10:21

"Brother will betray brother to death, and a father his child; children will rebel against their parents and have them put to death.

[This one is a given with Jewish communism, where many children were brainwashed into turning their parents over to the so-called "State" to be put to death].

Matthew 10:35

For I have come to turn "a man against his father, a daughter against her mother, a daughter-in-law against her mother-in-law-

The above is only a very small portion of where human focus and energies have been going for centuries. It doesn't matter whether a follower has read the Bible cover to cover or is even familiar with its contents [as most people who follow such depravity are not], he/she still connects with the energy and with more available information regarding the human mind, one can see this is a fact. What one thinks, believes and the energies one ties into and identifies with determines what one is and where one is going in life. In addition, even those who reject the Christian and Islamic programs or who are non-believers are affected, as the mass mind is powerful enough to influence the world. The mass mind is more powerful.

Both with Christianity and Islam, the focus is on suffering and death. Followers live for their death. The filthy parasitical worthless Nazarene is worshipped - torn, ragged, beaten and bled dry...deader than a doornail. DEATH. Every mass/church service focuses on the death of that Nazarene. Then, of course the cannibalism "Eat me" "Drink me, " as this creates the necessary ties for Jewish ritual murder to succeed where they take an abducted Gentile child into a secret back room of a synagogue and proceed to butcher him/her after tying him/her to a cross in simulation of that Nazarene and then drink his/her blood. The foundation for this is in Deuteronomy- the book of instructions on how to carry out living blood sacrifices. The Jews even openly claim it as such as to their Torah.

I have also written about poverty. Poverty is a world-wide serious problem that has resulted in the deaths of millions over the centuries and has ruined many lives.

Matthew 6:24

24 No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon.

[MAMON (MAMMON): Mishnaic Hebrew and Aramaic for "riches." The word itself is given in the Sermon on the Mount.]

<http://www.jewishencyclopedia.com/articles/10339-mamon-mammon>

Also note the above scripture, the number 6 is emphasized again. 6 and the $2+4=6$. The Jews always use the number 6. through this, they direct the energies into slave labor for Gentiles and of course, their own wealth and riches. The Bible dupes Gentiles into accepting poverty and living for their death, while the Jews who created this work of degeneracy and filth know better. Wealth and power is concentrated in their hands.

Matthew 19:21-26

21 Jesus said unto him, If thou wilt be perfect, go and sell that thou hast, and give to the poor, and thou shalt have treasure in heaven: and come and follow me.

22 But when the young man heard that saying, he went away sorrowful: for he had great possessions.

23 Then said Jesus unto his disciples, Verily I say unto you, That a rich man shall hardly enter into the kingdom of heaven.

24 And again I say unto you, It is easier for a camel to go through the eye of a needle, than for a rich man to enter into the kingdom of God.

Mark 4:19

19 And the cares of this world, and the deceitfulness of riches, and the lusts of other things entering in, choke the word, and it becometh unfruitful.

Proverbs 23: 4-5

4 Labour not to be rich: cease from thine own wisdom.

5 Wilt thou set thine eyes upon that which is not? for riches certainly make themselves wings; they fly away as an eagle toward heaven.

Ecclesiastes 5:10

He that loveth silver shall not be satisfied with silver; nor he that loveth abundance with increase: this is also vanity.

Proverbs 11:4

Riches profit not in the day of wrath: but righteousness delivereth from death.

2 Corinthians 9:7

Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity: for God loveth a cheerful giver.

Matthew 6:19-21

19 Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal:

20 But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal:

The above is only a small sample of indoctrination into a lifetime of poverty. This in many cases persists into many lifetimes as it clings to the soul.

In the verse below, the suffering of innocent children is encouraged:

Matthew 19:14

But Jesus said, Suffer little children, and forbid them not, to come unto me: for of such is the kingdom of heaven.

There was a man who both encouraged and participated the murdering of "witches." That man was reported to have read the "Holy Bible" some 53 times. It is no wonder he displayed a murderous bent. When one worships murder, one becomes a murderer.

Below is a sampling of the endless murders committed by Yahweh/Jehovah in the Bible. This is praised and extolled by Christians incessantly:

The endless list goes on endlessly. Steeped in bloodthirsty heinous murder. The subliminal message here is MURDER.

The above was taken from:

Dwindling in Unbelief

<http://dwindlinginunbelief.blogspot.com/2010/04/drunken-with-blood-gods-killings-in-bible.html>

The above website has many more examples. The listing I included in the above is very small.

There is no need to elaborate on war here. That filthy bible is full of wars, injustices, famine, endless savage cruelty and a hatred for humanity. This is celebrated with hijacked Pagan holidays, singing for the damnation of humanity, worshipping, focusing and giving copious amounts of energy into promoting suffering, loss, death, misery and pain. This is sooooo obvious. As I already mentioned, when doing some research for reverse torah rituals, the amount of direct curses aimed at humanity was so extensive I didn't even know where to begin and with Lilith's direction, picked out the most blatant ones and there were also plenty of those.

We are what we think about and dwell upon. This is where the mass mind has been for well over two thousand years. It is no wonder there is so much pain and suffering. There is your answer.

The Truth About Satan's Power

I don't know how many times I have heard Christian claims concerning the Nazarene or his angels banishing Satan from an area or "Casting out Demons." My own opinion regarding this is the "Demons" aren't really "Demons" but angels impersonating what Christians believe to be "Demons." Why? Because it makes Satan appear to be under the control of the Nazarene and in many cases frightens those who lack knowledge. Fear is used by these nefarious programs for control.

I was watching the movie "The Exorcist." For those of you who are unfamiliar with this 1973 flick, the plot concerned a 12-year-old girl who was possessed by the Mesopotamian Demon "Pazuzu." This movie topped the charts for years, designated as the ultimate in frightening the public. There have been few actual claims concerning cases of "possession." Accounts included sketchy reports of victims "vomiting objects" and performing other senseless acts.

Everyone knows souls are important to Satan; humanity is his creation. When we dedicate our souls to Satan, we become a part of a massive vortex of energy that we can tap into to accomplish our desires and objectives. This additional energy not only benefits humanity, but also benefits Father Satan and the Original Gods, and gives everyone concerned more power. [The Christian churches have exploited souls and their energy for centuries]. Now, as we know souls are important to Satan, why would he or his Demons do anything to frighten people away, or make people try to avoid him at all costs?

When looking at this analytically, one can see the truth, as there is a motive behind nearly everything. The only motive here is the greedy entity Jehovah and ilk frightening ignorant human beings back into his energy bank of souls. [This Jehovah character is really enemy extraterrestrial Greys and enemy Nordics, not an individual entity]. Of course, Satan and his Demons are blamed as usual. Since Christians are forbidden to practice any magick or become knowledgeable about the occult, this ends with Jehovah and ilk having a full supply of energy all to themselves to use as they see fit. The Greys call this amalgam of energy "The One."

For people who use the traditional methods of summoning spirits as instructed in the popular grimoires, which use the names of Jehovah and his angels, how do they really know exactly who or what they are contacting? Everyone I ever heard from who went through Satan directly to summon a Demon respectfully, has had positive experiences. I know I have.

The followers of the Christian "God" and his foul Nazarene are forever crowing that this entity has power over Satan. In reality, this is not true.

When I was new to Satanism, [this was before I performed the initiation rite], I experienced much confusion. I was very upset one night and COMMANDED the foul holy spirit of Jehovah to leave my body forever IN THE NAME OF SATAN/LUCIFER. I felt a weak, battered energy leave me through my feet. Afterwards, I felt a deep sense of peace, and much of the confusion and turmoil I was experiencing was gone.

When I was twelve years old, Satan came to me in a Catholic Church, when an important Christian sacrament was being performed. The Christian "God" was powerless to stop him. Satan had the spiritual authority to be there. On the other hand, I will bet one will never see Christian entities visit a Black Mass.

A couple of years ago, I initiated a friend in a city park around 4 am, because there was no privacy for a religious rite at home. Driving there, she was fearful and hesitant about dedicating her soul to Father Satan. When I was reading the prayers, afterwards, she told me, she saw a foggy white apparition that was an enemy spirit. Some Demons promptly appeared and chased it away. These Demons I might add were on the lower end of the Demonic hierarchy. They were the ones with the red eyes, gargoyle like with rubbery wings. This order of Demons mainly carries out tasks as messengers and protectors. I saw them quickly clear the path when Azazel approached the area they were in, out of respect. It didn't take much to get rid of the enemy spirit, afterwards, my friend felt much better.

In the biblical tale where Satan approached the Nazarene in the desert, HE DID NOT APPROACH HIM AS AN EQUAL, BUT AS A SUPERIOR. One does not worship an equal or a lesser being. Satan's offering to the Nazarene, right there, blatantly indicated that he had much more power than the Nazarene fool. He talked down to the Nazarene. Most Christians are fearful of Satan. Satanists can blaspheme foul Jehovah, his worthless "holy spirit," and his pedophile son,* but few Christians will actively invite the wrath of Satan. Many are even fearful of us- so much for their faith in a cowardly impotent "God."
-High Priestess Maxine Dietrich

*We believe the Nazarene to be a fictitious character, created from various myths and legends predating Christianity from hundreds to thousands of years. The sole purpose of this entity is to create a distraction. Unknowing followers are fooled into believing "Jesus Saves" when in truth, we save our own souls. Human beings have the power to heal and perform many other spiritual feats dubbed as "miracles." The Nazarene has been used over the centuries to strip humanity of all spiritual power and knowledge. This has placed humanity as a whole at the mercy of advanced enemy beings to be viciously exploited and victimized. A weak soul not only experiences physical illness, but also is spiritually a pawn both in the hands of fate and in the hands of the enemy [The Christian entity and ilk].

The All

Many people who call themselves "Satanists," and this particular point of view is very strong in the Church of Satan, believe they are already "Gods." Some people even go as far as to claim that humanity is "God."

Well, "God," then why is humanity in such a mess? Do you know your future, EXACTLY? What will happen tomorrow or a year from now? Can you accurately foretell the futures of your loved ones? Do you have the power ALONE to determine your own destiny? Can you heal yourself? Can you stop yourself from aging or from feeling pain? Can you move or levitate physical objects or yourself for that matter? Can you control the results of the actions and the decisions you make?

Thanks to Father Satan, we all have within ourselves the ability to achieve Godhead, but how many people REALLY know how? Extreme discipline and dedication are required every day.

Unfortunately, humanity misses the boat in this matter. Most humans, thanks to Christianity and related programs are at square one. Few people have enough REAL knowledge and power to determine their own destinies by themselves. Once a decision is made, or an action is taken, one has no real control over the outcome. We can often choose our actions, but not the results of those actions. We are also at the mercy of the actions and reactions of others, of governments, acts of nature, our physical selves, and so forth.

Most people have not empowered their third eye, crown chakra and other psychic centers to see and experience the astral realm and the beings that dwell therein. There is much we do not experience through our five senses that directly influences our lives and the world around us.

As a professional Astrologer, psychic and Tarot card reader for over 25 years, I am VERY familiar with "fate." An atheist walks a very lonely road; I did so for 15 years. Although I practiced mind training and attempted to influence matters by myself, the results were always less than what I had expected. Fate always intervened in one way or another. A friend of mine, who was also into the occult; we got to talking one day- "well, why is it that things are hit and miss?" There was no explanation... "we don't know." He was an atheist as well. Life was meaningless and unpredictable. Futility and depression were always on our tails so to speak. Oh, I fought back and hurt some of my enemies on sheer willpower and mind control alone, but this did nothing to improve my life, other than provide me with some pleasure in knowing that they got what they deserved.

I don't know how many times, we hear the word "force." There are many different "forces." Light is a force, composed of tiny particles called photons. Then we have x-rays, gamma rays, infrared rays, and so on. An earthquake or volcano, or

tornado, generates a tremendous amount of "force." Then there is the "life force," also known as "bioelectricity," this is also a "force." These "forces" do not think, feel, have emotions, or make decisions by themselves. A "force" is impersonal. No "force" is a separate living being with reasoning, emotion, decision-making capabilities, nor does it act in various manners according to conscious choosing by itself. Any idiot with even a vestige of extra-sensory ability knows Satan and his Demons are not "forces" but are real beings.

Here I sit, dumbfounded again. Two Days ago, my eldest son came to me worried sick. He lost his job unjustifiably over two months ago [the manager who canned him is REALLY paying for this, Thank you, Father Satan!!]. He is thousands of dollars in debt and making only half of his former salary. It was early in the morning, after 7 am [we both work third shift]. Needless to say, I was worried sick- utility shut offs, etc. I got down on my knees before the altar I made for Father Satan; I was still in my street clothes. I asked him to help and told him I trusted him to work it out in his own way. My son now has several thousand dollars cash in his hand, more than enough to pay all of the bills in full. All of this was obtained legally, with no payback expected.

The first book I read about Satanism was the Satanic Bible. I did this out of extreme upset that Christians had caused me. Where can I get away from these totally inconsiderate and harassing idiots?? I was still an atheist. One night on the internet, while visiting a Satanic website, I read- "light a candle, sit and ask is Satanism for me?" I was an atheist, I didn't light a candle, I just said it in my head. Things started to change all right. Over this time period, Satan has worked to establish a strong, trusting relationship with me. Satan is NOT "just a force." He is a very compassionate, caring, loving, and benevolent being with those who are dedicated to him.

Satan has shown me love; He is the only one I have found whom I can totally trust. I have seen his miracles. He has calmed me when I was upset, and has comforted me. I have felt his beautiful love. I came home chilled one morning. I had to walk home from work in the mornings, which was about a mile and the temperatures in the winter were well below zero, along with a harsh wind-chill. This was nothing new. Going to sleep normally, I would warm up gradually. He put a warm aura all around me, head to toe as I was going to sleep and I felt his warmth and love. I have had so many experiences; too many to mention here.

Satan is a literal being; he is NOT a "force." There are very highly evolved beings in this universe, they are known to us as "Gods."

Under the direction of Yaweh/Jehova, knowledge of the original Gods and the methods for humanity to achieve equality with the Gods was destroyed. Many ancient libraries, millions of scrolls, tablets and books were burned. The Christian church has worked overtime at suppressing the truth, through intense indoctrination and through resorting to torture and mass murder when

proselytizing and coercion failed. Humanity is nowhere near Godhead. These nefarious human-hating programs for enslavement have prevented us from evolving in the area of mind ability and power. Most extra-terrestrials are highly adept as they were born this power already manifest.

Very few people have the ability to manipulate their environments using only the powers of their mind. The human race is at a major disadvantage that renders us helpless against other beings and entities that are highly evolved and adept in the uses of the powers of their minds and souls.

These skills can only be achieved through guidance from Satan and his Demons who are the original Gods. We all have a long way to go.

What really upsets me is how many of our own people treat our God, Satan. We have the strongest, most beautiful, loving, generous, and caring God there is.

Christians create beautiful churches, cathedrals, sing beautiful hymns, Muslims bow down before "Allah" 5 times a day, Buddhists construct beautiful elaborate temples, worship and burn incense. What do these "Gods" do? The Christian "God" shits on all of his followers, as does Mr. "Allah." Buddha does nothing. In addition, worshippers, especially Christians and Muslims focus their energies upon death and tie into very ugly, murderous and destructive negative energy that has acted to damn all of humanity and this earth as a whole.

Here we have with Father Satan- many psychically incompetent people claim, "Oh, he's just a force." We have very little praise and thanksgiving rituals. It's always me, me, me! I want this! I want that! People receive things of which they ask from Satan and they never even stop to say thank you. They foolishly make demands and commands. These teachings come from the old Judeo/Christian authored grimoires that have been for centuries, advocating spiritual abuse and promoting extreme disrespect for Satan and his Demons.

Some fools go as far to try to "conjure" Lucifer. Some ignorant next to nothing in importance, tries to summon him like a servant to fix a sorry love life. This extreme disrespect has gone on for centuries. Like the character in the movie, "The Ninth Gate" said- "Orgies of aging flesh, conducted in the Master's Name."

On a video tape of an Anton LaVey ritual, a woman rubs her genitals on a religious icon. Anyone who calls himself or herself a Satanist should be long past acting out sexual hang-ups. Save the orgies for afterwards.

Satan appeared to a journalist in 1960 and stated that he did not like the way he was being worshipped. He went on to mention "a lunatic in his basement with the shades down." He stated that he had already won the fight for the earth. There are things that need to change in the way people relate to him. He and the

Demons have been subjected to such insulting and disrespectful treatment that has gone on for centuries. "Oh, he's just a force."

As for those people who believe they are already "gods" and do little or nothing to empower themselves," try doing your magick as a total atheist, by yourself. I find it so hypocritical how so-called "Satanists" who refuse to acknowledge Satan as a real being call upon him and his Crowned Princes of Hell in their rituals.

NOTE* The sermon above was written many years ago. The enemy knows Satan and our Original Pagan Gods are very real. The enemy tries to convince the populace that Satan is only "a force." Satan knows everything about the enemy, and can destroy the enemy. This is why the enemy works relentlessly to try to remove all spiritual ability and knowledge from the populace and replace it with lies, and above all, keep people from Satan. "The All is One" is another slogan of the enemy. This slogan has infested many New Age articles and is the root of communism. Christianity and Islam lead followers to accept communism. The sole purpose of Christianity and Islam is to prepare followers for total obedience and to readily accept slavery. Communism [which is nothing more than a slave state] has mass-murdered, tortured, and destroyed innocent human lives totaling over the hundred-million mark. This is no different from the Inquisition. The names and the faces change, but it is still the same people who are of the enemy. Satan stands for freedom, individuality, diversity, and rebellion against tyranny.

The Truth About "Biblical Prophecy"

I wrote this sermon many years ago, back in 2005. Since then, Satan and Lilith have led me to the truth concerning "Biblical Prophecies." The truth is utterly shocking. Most of humanity has been under a powerful spell. Followers of the Christian and Muslim programs are so far programmed and indoctrinated that they cannot see the truth and they believe what they are told, unquestioningly. Satanism is very spiritual. "Witchcraft" also known as the powers of the mind and soul is synonymous with Satanism. The Judeo/Christian Bible is nothing more than a very powerful subliminal. The truth is... all of the so-called "prophecies" in the Judeo/Christian Bible are man-made. This is not of "God." This is why it was so important for the enemy to forcibly remove all spiritual knowledge from the populace. With all spiritual knowledge systematically removed, everyone becomes a slave to those who have and use this knowledge at the top. This is why atheism is so important to the success of communism. The Bible uses numbers because it is a book of witchcraft that is used by the enemy, not the "Word of God." In addition, there is nothing at all spiritual about the "Holy Bible." This can be readily seen in the 9-11 tragedy and many so-called "natural disasters." For more information [which I strongly recommend anyone who visits this webpage to read], PLEASE VISIT THIS WEBPAGE FOR A SERIES OF ARTICLES THAT PROVE THIS!

http://www.angelfire.com/dawn666blacksun/Bible_Jewish_Witchcraft.htm

I have received a several e-mails, one from a Christian preacher and a few others who lacked knowledge; mostly from Christians who use the predictions in the biblical book of Revelation/Apocalypse as an excuse to adhere to Christianity [Again fear is used, as is the case with all enemy programs]. I posted an article some time ago in regards to the Jehovah's Witnesses and how for the past 150+ years, they have been predicting "Armageddon" to occur either within the coming year or within the next five or ten years. When they are proven wrong, of course they blame it all on "the Devil" and make other stupid excuses. It really gets to be a pathetic joke.

In truth, we are in the last days of the Age of Pisces and there will be drastic changes. Exactly what these changes will be remains open. The Age of Aquarius will not be upon us though until the middle of the next century.

Now, concerning these prophecies. There have always been earthquakes, famine, pestilences and other natural disasters. Only in the past century, has science such as geology, chemistry and physics advanced to where determinations of the magnitude and epicenter of earthquakes, the intensity of tornadoes and calculations of other natural disasters can be made. With the capabilities of the mass media, it is now possible for these occurrences to be reported worldwide within minutes. 1,000 years ago, a massive earthquake would have only been recorded locally, and would not have been reported

around the entire world, as there was no extensive media to report it. Obviously, TV's, newspapers, and radios did not exist in those times.

Most of these prophecies were written for one reason and one reason only- to create fear in an unknowing humanity, and through that fear, enslave and enforce the obedience of human beings. Biblical prophecies are not based upon clairvoyance on the part of these gods, but upon information. Humanity has been stripped of ancient knowledge due to centuries of Christian control and remains ignorant, falling victim to believing these threatening forecasts. In addition to all of this, many people put their faith in Christianity and Islam because they believe in those prophecies and believe them to be a revelation from "God" and nothing more. They are frightened into believing and are being deceived because they lack the necessary knowledge to see this is all man-made.

Let me explain. Yes, there have been signs in the sky, such as the grand sextile, which has never been seen before in all of recorded history. The grand sextile is a six-pointed star. Its origin is the Hindu "Star of Vishnu." The Hebrew "Star of David" was stolen from this. The Star of Vishnu predates the "Star of David" by thousands of years. At any rate, when one has knowledge, one can make predictions that have a very high probability of occurring. This is no different from when a Medical Doctor makes a prognosis or when a meteorologist predicts a hurricane's path because they can see it from satellite images, and where it is heading. Both examples are the result of having enough data, knowledge, and experience.

The same can be said for the Gods. Beings who have a life span of thousands and even millions of years; some like Father Satan and his Demons who are immortal, obviously, have seen much, much more than any human being, given their life span, advanced technology, knowledge and intelligence. They have seen the planetary line-ups, and how the solar systems these have occurred in were affected for thousands of years.

For example, a tight sixty-degree planetary line up [stellium] preceded the Bubonic Plague in the 14th century. This line-up occurred one year before the outbreak of the first major plague in 1348. This same type of line-up also occurred in 1982 and with this AIDS came on the scene. Both of these plagues were major and have taken a multitude of lives.

The Gods mapped out the Ley Lines when they lived on the Earth. This was done in order to accurately predict the magnitude and location of future earthquakes and other natural disasters. The Gods were much more advanced than our present day seismologists are. The information from the Earth grid also provided enough knowledge for accurate prediction of the shifting of the poles and other potentially catastrophic events. These predictions were not based upon clairvoyance, but upon knowledge and ultra-advanced technology.

Christopher Columbus knew of an impending Lunar Eclipse and the date the eclipse would occur. He was taken prisoner by natives on a Caribbean island and obtained his release by stating that he could make the moon disappear. This frightened the natives who knew nothing about eclipses and when they witnessed the disappearance of the moon, they immediately let him go. Remember a lack of knowledge= fear!! Fear= compliance, obedience and eventual enslavement. A lack of knowledge is essential to creating and maintaining a slave state. This is why knowledge is so condemned in the "Holy Bible" and Satan, who represents knowledge, is so condemned and blasphemed by the enemy.

An insect who lives only 2-3 months during the summer season will never know winter, but winter occurs anyway. We know this from experience as we have lived through many, many winters. A lot can be done to manipulate the ignorant. Take the truth and mix it up with lies and you will have them believing the lies as well. This is what the enemy has done.

So next time you are faced with some frightened and enslaved Christian who rants and raves about how the apocalyptic predictions are happening, be aware of how and why these were made. Remember, the Christian is taken in by these lies due to a lack of knowledge or just plain stupidity. With enough data and experience, accurate predictions are not hard to make. Add in the lies about Satan and they run to the Nazarene out of fear.

"The Exorcism of Emily Rose"

This is an open letter to the public, namely Christians. In order to really know truth, you must become acquainted with both sides without prejudice. The Christian Churches have worked overtime to keep humanity horrified of and as far from the one known as "The Devil" for centuries. The truth is because they have plenty to hide and this involves where your soul will be going. The truth is these Churches have been abusing occult power for centuries and this is the foundation of their power and their wealth. Your spiritual ignorance depends upon it. Due to centuries of systematically destroying knowledge, the Christian Churches have been at liberty to dictate what Satan and Satanism are all about, and with their wealth, power and control of the media, they have silenced any opposition.

The movie, "The Possession of Emily Rose" is another scare tactic by the Catholic Church and the alleged true story behind it is a horrific example of Christian Ritual Abuse, which is alarmingly prevalent, but like the recent exposé of the rampant pedophilia, these have been suppressed by the media, given the wealth, power, and control of the Christian Churches. The victims of choice are children and young people.

It is claimed the victimized girl's knees ruptured "due to the 600 genuflections she performed obsessively during the daily exorcism." The Catholic "genuflection" was stolen from the Ancient Egyptians. This can be seen in the hieroglyphics and the truth be known, everything in the Christian religion has been stolen and corrupted from religions predating it by hundreds to thousands of years from all over the world.

I am a High Priestess of Satan and I am very close to the one known as "Satan." I know Satan and his Demons as real beings. I also happen to know Satan is our True Creator God and I can prove it if one takes the time to read along and study the material provided by links at the bottom of this article.

Allegations of "possession" are always directed at Satan. Upon closer examination and evidence from those of us who are close to Satan and have been Satanists for many years, we can state with confidence the one the Christian Churches call "The Devil" has nothing to do with "possession" whatsoever. As a matter of fact, if one would think with a clear head and apply some logic, it becomes very evident who is really behind it all. In addition, that movie was chock full of subliminal messages to frighten people.

Everything that the Christians accuse the "Devil" of, is really of their own God:

- "A Murderer and a Liar from the Beginning"
- "Human Hating"
- "He Deceiveth all of the Nations"

For more information Jehova: "A Murderer and a Liar from the Beginning"
http://see_the_truth.webs.com/YHVH_Murderer.htm

This article contains many biblical scriptures that prove this. Because Christians and Muslims are under a powerful spell, most cannot see this.

Let us examine some key points of the movie:

The reason for the possession in the movie was for "God" to let humanity "know we have a spiritual side." Ok, now what kind of way is this to let anyone know they have a spiritual side?? Everything in the Christian religion smacks of negativity: fear, terror, physical mutilation, ignorance, unknowing, cannibalism [Jesus is the subliminal living blood sacrifice. For proof of this, please click here] and the petrified human is left helpless, unknowing, and told he/she "must suffer." In truth, human-hating aliens are behind this.

I would also like to add upon studying the planetary positions [I am a professional astrologer] in this now deceased young woman's date of birth, she was at extremely high risk for mental illness and irrational fears with a very pronounced Neptune; Saturn/Neptune conjunction, exact Venus/Neptune conjunction and other astrological factors that contributed. Anneliese Michel was not a stable personality and given her life-long intense indoctrination with Catholicism, it is not surprising these problems came to the surface. She was very vulnerable and a perfect victim.

For those of you who are unfamiliar with Spiritual Satanism, Satan shows us we have a spiritual side through power meditation and knowledge in a positive sense. This is true spirituality. The spiritualism in Christianity is false. Christianity, namely the Catholic Church has been a powerful tool to remove all spiritual knowledge from the populace and replace it with practices and legends that have been stolen, twisted, and defiled from other religions around the world that existed from hundreds to thousands of years preceding it. This is a fact and with enough research it has been proven. The goal is and always has been to keep spiritual knowledge in the hands of a "chosen" few who run the world and feel they are entitled to be God.

Those of us who are close to Satan and refuse to worship the false gods of the Koran and the Bible, fear nothing. We also have the spiritual knowledge and the spiritual authority to deal with psychic attacks and to know where they are coming from.

Satan who is the True Creator of humanity, gives us the power, self-confidence, and the strength to be resistant against such things. Those aliens who represent the false "God" idly stand by and sadistically watch the utter horror and torment of their hated ones- innocent human beings. These entities cannot hide their true character from those of us who have opened our spiritual centers and can see. Everything they are and do is ugly and negative. The "Virgin Mary" appeared to the girl in the movie and sadistically encouraged her to suffer. These human-hating degenerate beings sadistically prey upon innocent children. Right here, even for the most stupid of deceived idiots, this should be a warning.

Now, logically, think for a minute about this so-called "possession." What is the objective of so-called "Demonic possession"? What does this accomplish? What would this sort of thing accomplish for Satan and his Demons? This sort of thing has left people so frightened of Satan; few have ever been able to know him without prejudice.

On the other hand, it is plainly clear what this does for the Christian Church. This sort of thing spreads terror and that terror is based upon the spiritual ignorance and helplessness of the majority of humanity. The Catholic Church mass murdered, and tortured to death millions of innocent human beings in the Inquisition, who had spiritual knowledge, and burned and completely destroyed hundreds of libraries where spiritual knowledge was kept. Some of this is hoarded in the Vatican Library of which certain sections are only open to the top Catholic clergy at the top. Christianity and Islam are preparations for communism. Communism [a total slave state] has tortured, mass-murdered and destroyed hundreds of millions of lives and in truth, is no different from the Christian programs. Of course, both are controlled and promoted by the same identifiable people and pretend to be against each other...enemies. This works very well and most people are deceived by it. If one looks closer, one will see the endless similarities between the two.

With using such scare tactics as in the above, this furthers the enemy agenda.

1. Lukewarm Christians and others who do not regularly practice are frightened into returning to church on a regular basis and this gives the churches more material wealth and power and above all, the psychic energy they need to channel into their goals of enslaving the world.
2. Spiritual power is kept in the hands of a few to the detriment of all. The Jesuits who run the Vatican, unbeknownst to the average Christian are fully capable of spiritually harming another human being, especially their own devout Catholics who tie into the beliefs [sympathetic magick]. This order is adept when it comes to black magick and the average person is helpless against it. This is shown through all of the wealth and power they have. Protestants enjoy pointing the finger at the Catholic Church, yet they refuse to look at their own who are every bit as guilty and tie into the same lies in the bible [a book comprised of corrupted

material stolen from religions around the world predating it], and upon close examination is a hoax infused with occult power with a very sinister objective for those who believe in it. This is a classic case of sympathetic magick where a connection must be made at some level. The connection to the original religions is in everyone's racial memory. Satan, who is our True Creator God, does not contradict himself.

3. They forever rant and rave how “The Devil deceives and is the ‘Master of Lies’” yet for any scam to be successful, the victim/s must be unknowing on some level. Spiritual knowledge comes from Satan. Christian Priests and ministers alike are lost as to giving answers and solutions to many problems that face humanity. In contrast, Spiritual Satanists have the ability to heal themselves and loved ones, astral project their souls at will [this enables one to navigate the astral and be familiar with it so upon death, he/she will neither be lost nor spiritually helpless], obtain the necessities and comforts of life through power meditation, to spot spiritual problems and to heal them in him/herself and others. Satan has given us knowledge of the anatomy of the soul and how to maintain the soul and keep it healthy so problems like the above never happen.

4. These are gifts from Satan who is our true God and Creator. There is nothing spiritual about the Christian churches. Christians are under a powerful spell of catastrophic proportions and those who do not wake up will face their own damnation through a lack of knowledge.

It is sad they picked upon Belial and accused him of such things in that film. Belial has done much to help those who are under his protection and guidance to advance spiritually. Belial would never allow a disciple of his to suffer needlessly and when a dedicated Satanist is in trouble spiritually [yes, we get attacked by the same angels who are behind these possessions that are blamed upon Demons] other Demons and at times even Satan himself will come to the aid of the victimized human and see to it no harm comes to him/her.

In closing, the Demons were bound for centuries. Anneliese Michel (the real name of “Emily Rose” was supposedly “possessed” in 1968. I can reassure you the Demons including Belial were bound and it was not until very recently were they released. I know because I was involved in releasing them. Only now are they able to come forward and defend themselves and reveal the truth to those who will listen. It is said “In the end, the truth will come out and many will want to join on at the last minute, but it will be too late.”

Subliminal Messages in the Movies

The 1973 movie, "The Exorcist" is a blatant example of using scare tactics to keep people away from Satan. Not only are scare tactics used, but also the subliminal messages contained in the movie are numerous to add to the fear. This movie was in direct response to the 1968 hit "Rosemary's Baby" which portrayed Satan in a somewhat positive light.

Of course, the opening scene takes place in Iraq where Satan and the other Original Gods had many temples. Then, the Ouija Board scene- the message here is that Ouija Boards are dangerous. This is another attempt to keep people from communicating with the Original Gods who wish to help humanity. By keeping people isolated from the real Gods, the lie of Christianity can advance unimpeded and keep everyone enslaved.

There is the scene where 12 year old Regan comes bounding down the stairs in a back bridge position [a direct attack on yoga] and of course the contortion which supposedly manifested from the possession. Then, there is the levitation scene. The subliminal message here is to stay away from yoga. The movie goes on and pretty soon we have the guy with the broken neck. Of course his head is turned facing backwards. Everything *IS* backwards, but the enemy sure doesn't want humanity to wake up to that fact so more fear tactics are used.

The movie "Spellbinder" is another one. Spiritual gifts such as telekinesis, pyrokinesis, and others are portrayed as evil. Along with this, adding to the subliminal messages, there is the new age music playing in the background. The message here is to stay away from spiritual power at all costs.

"Bless The Child" does another number. Here, the retarded are held in high esteem, as is with the Christian churches. Christianity values a lack of intelligence in order to keep perpetuating their ludicrous lies and idiocy. The politically correct system calls the mentally handicapped "special." What a joke! In other words- don't bother to think or use your brain. If this is the case, then everyone should damage their brain so the entire world could be "special." The more stupid, the better. Intelligent, thinking people are never perfect slaves. Stupidity, ignorance, and illiteracy all factor in with creating a perfect slave state and the people who promote these lies know this.

Another recurring theme in most movies centering on Satan is the subliminal message that justice is wrong. Don't fight back; let enemies do as they please and so forth. Satan stands for and represents justice. Without justice, civilization falls into chaos and corruption runs rampant and takes over. All personal liberties are then lost and entire nations become slave states. The psychology here is to let crime get so out of control that the unknowing populace falls into the trap of literally begging for harsh laws where everyone's civil liberties and freedoms will be taken away. Unknowing people gladly give these up in exchange for total

crack down on crime. Mass murders then follow and all freedoms are lost. Satan stands for personal liberty, freedom, and justice.

The sorry list goes on and on. The underlying message is and always has been- Don't empower yourself!

By empowering ourselves, we are no longer slaves to the enemy. Satan detests slavery and servitude, so they have to keep people away from him at all costs.

The Tree of Knowledge, the Apple and the Serpent

Edward Kelly's "Vision of the Round House"¹ adds further credibility to the texts written by scholars supporting the concept of the creation of humanity by extra-terrestrials through genetic engineering. There is no way Dr. John Dee and Edward Kelly had any knowledge of this in the 16th century. The "Vision of the Round House" is identical: Humanity was created by extra-terrestrials who needed slave laborers in the mines. By taking the ovum from a Cro-Magnon primate and using artificial insemination with a sperm from one of the Nephilim, we were created.

The one known as Satan created us and designed us. He intended to bring us knowledge and make us as the Gods, but he was prevented from doing so and cursed by some of the other Gods. We did not evolve naturally, as opposed to animals who have overall better health and immunity. Satan wished to bring us to perfection, but some of the other Gods wanted for us to be destroyed after the mission was over and since we were becoming an issue, they attempted to let us all drown in the flood.

Satan went against the other Gods and gave us more advanced genetics. The "breath of God" is the soul. The chakras are the psychic energy centers that are activated by breathing in certain ways to enable the Kundalini Serpent to ascend. When the Kundalini Serpent ascends, enlightenment/Godhead is achieved. This is a major step in the working for the Magnum Opus, which gives both psychical and spiritual perfection, along with immortality.

The Tree of Life is Ancient Egyptian in origin. It is actually a pattern, either upright or upside-down for the genetics of life. It plugs into the Flower of Life that has been inscribed upon so many walls in Egyptian temples and also in the pyramids. The Flower of Life is the blueprint for every living thing. In addition, the "Tree of Life" is a map of the human soul, with the trunk symbolizing the spine, the branches the 144,000 nadis, and the fruits symbolizing the rewards

of meditation- working on one's soul. One lives from the "fruits" of one's soul. Fools claim Satan is a "Christian invention." All of the Old Gods were made into Devils and Demons in order to destroy their relations with humans. These are the Gods who have been present throughout the life of the human race and have attempted to give us knowledge and to help us in our times of need. Cities were destroyed; libraries and other places where books were kept were burnt and destroyed. Every culture, such as the Philistines, that worshiped other Gods was made war upon and genocide ensued. The Philistines worshiped Beelzebub. Beelzebub was the God of the Philistine city of Ekron and Zebulon. [Baal [Lord] Zebulon. There are few if any traces of the truth concerning these Gods. This excerpt quote from the Catholic Encyclopedia is very revealing:

In the same way the Greeks and Romans may have worshipped their divinities, fondly believing them to be good. But the Christian Scriptures declare that all the gods of the Gentiles are demons.

Catholic Encyclopedia: Devil Worship

<http://www.newadvent.org/cathen/04767a.htm>

[See the third paragraph in the article for proof].

The Old Gods have remained as Devils and Demons just to survive. The Judeo/Christian "God" wishes for the destruction of humanity. Everything that the Bible accuses Satan of is really what the Judeo/Christian "God" truly is... "A Murderer and a Liar from the Beginning." True evil deceives. Most of the "Holy Bible" is comprised of bloodbath after bloodbath, hatred, genocide and exceptional cruelty. This influence can be seen in the Inquisition, anti-life teachings, especially where the abstinence of sexual intercourse is concerned, to stop us from procreating. Moses went on a rampage of war and slaughter when he descended from the mount under the direction of "Jehovah." The incident at Fatima with the virgin bitch revealed the alien contempt for humanity in the hopeful anticipation of our blowing ourselves to bits with nuclear weapons, if one can read between the lines.

With the opening of the watchtowers a small increment, humanity has been flooded with knowledge in the last 100 years that has been unparalleled in the whole of history. We have not had time to adapt. This was the sole intention by the angels who communicated the information to Dr. John Dee and Edward Kelly. That the knowledge would act to destroy humanity in a short period of time. 100 years is nothing to the Gods. The fact that they were angels is portrayed by their arrogance and condescending attitude towards the two men. Demons are very friendly and understanding when treated with respect. I have never known Demons to be arrogant. Most people either study physical science or the occult knowledge. Not very many study both. This is where people would benefit, by studying both, for in the end, it all comes together. Satanism strongly supports and advocates the advancement of the physical sciences. Everything of the so-called "supernatural" and the occult can be scientifically explained. Unfortunately, the physical sciences have not advanced far enough to fully explain the spiritual as of yet. This is why the Christian Churches have vehemently attacked science for centuries. Humanity has been held back dangerously.

Patience

When people are new to Satanism, one of the first things many want to know is who their Personal/Guardian Demon/ess is. Demons are for spiritual guidance. In time, you will meet your Demon/ess when you are ready. You must open your soul first and practice consistent meditation.

When you have advanced to a certain level in your meditations and this is individual for everyone, you will more than likely make contact with our Gods, who will work with you to advance you further. Patience here is very important.

For those of you who are actively involved in spiritual warfare, even if you are not aware, Demons will be working with you and guiding you. This may not be blatant, but subtle. These can include putting ideas into your mind, certain things falling into place and making things easier for you, and feelings known as intuition. Satan's Demons watch over, protect, and work with all dedicated brothers and sisters who are actively involved in fighting the enemy.

Important Points

I received a personal e-mail today that brought up several important issues that I feel need to be addressed to everyone.

Due to compulsory Christianity in many homes in the USA, Europe, and in many other countries worldwide, most of us come from Christian backgrounds.

Remember, once you make a commitment to Satan, you enter a new life. The past is dead. Don't dwell on your former experiences with past teachings and so-called "religions." Forget them. Satan accepts you, and he understands. Some people feel because they come from a Christian, even fundamentalist background, or were involved in enemy activities where they blasphemed Satan, that he is angry with them. The most important point here is with Satan, we realize our past error and come to him of our own free will; free from any coercion. We renounce our past, the enemy god and everything connected with him. We renew our lives through Satan. The past is dead- PERIOD.

Another point is often, people expect drastic changes immediately following a commitment ritual to Satan. This does not usually happen. When I did mine several years back, I didn't know what to expect. I expected nothing. I had little to go on and no support or direction whatsoever. I found within two months, Father Satan blessed me with something nice that I did not expect. Be patient. We are all individuals and he rewards us in different ways. Most of these will be subtle to begin with, but over time, you will see where your life has really improved. Those who have no expectations and just go on about their lives will find themselves pleasantly surprised.

All of us get sick or experience problems at times. Everyone has his/her Saturn so to speak. Father Satan looks out for us and gives us the strength and his support to make it through rough times. The longer you are with Satan, the stronger you will become.

I would also like to comment on impatience. Many, especially teens are very hard on themselves and are too self-critical. Becoming an adept does not happen overnight, nor does it happen in a few months. Improvement can be seen when one works on this, but with working a Ouija Board, divining the future or with spirit communication, this takes time. It has taken me over 25 years to master astrology [and I am still learning] and some other disciplines, although I was an atheist for many years and less than committed. Be patient with yourself.

In closing, the planets are really bad concerning world affairs. I strongly encourage everyone to empower yourselves NOW, DO NOT WAIT! Your aura will protect you. Remember, we are NOT those who are without. Don't put this off or wait. Do the opening of the soul exercises and empower your aura/chakras. This builds when done every day and can save you where others fall into lethal

circumstances. Always remember, the soul you save is your own and you do this through power meditation, which is spiritual. The transiting planets and Satan's revelations to those of us who are very close to him have been getting are indeed ominous.

Familiars

A familiar is an animal that is a gift from Satan to one of his disciples. This animal forms an extremely tight and loving bond with the owner. The animal is different from other animals in that he/she is inhabited by a lesser Demon soul. The bond is usually so close, should the owner fall sick, the animal often will feel ill as well. Dogs, cats, birds, rodents, and reptiles can be familiars. A witch can have several familiars. One will find they are looked after and protected by helpful Demons who will see to their well-being. These animals are gifts from Satan, and should be treated very well. Witches were said to take great care of their familiars. Animals are sacred in Satanism and should always be treated with consideration and respect. This includes all animals.

Thoughtforms can also be implanted in or attached to a familiar, but this is advanced and you should make sure you know what you are doing so no harm comes to your familiar. Always go through Satan. Never do anything that could harm your familiar.

Familiars are highly protective. They can help in magick as a partner. Witches who do not have familiars can send out a psychic call to attract the right animal. Familiars are known to be sensitive to psychic power and are welcome partners for the raising of power, the casting of spells, scrying, spirit contact, and other magickal work. They also serve as psychic radar, visibly reacting to the presence of any unwelcome or negative energy. The pet dog of a High Priest viciously growled and snarled, with his hair bristled when the presence of an angel was detected and warned his owner of this unwanted presence.

The protection goes both ways. The owner will also be psychically protective towards his/her familiar. The bond here is as strong as parent to child. In contrast to all of the enemy claims and horror stories, Satan holds animals in high regard and wishes for his people to treat them with much respect. In the *Al Jilwah*, he states, "The beasts of the earth, the birds of heaven, and the fish of the sea are all under the control of my hands."

One of the reasons for the rampant spread of the bubonic plague [Black Death] in Europe during the 14th century was the Christian Church declared cats to be of the Devil and people killed them en masse. This left the rat population to explode at an alarming rate and the fleas that were common to rats spread the plague to humans.

The Truth About Christian Prayer

I'm sure most of you have heard the latest news concerning the recovery of Elizabeth Smart of Utah, who was abducted several months ago. The Christian family raved on and on about "The Lord," and quoted bible scriptures in front of the press, following her return.

The point is there were many, many Christians praying for the girl non-stop for these past months. Even the worst of idiots, who for months keep applying "prayer" which amounts to psychic energy, as part of a group who is doing the same, will achieve something. Then they go on to praise the "Lord." They don't realize all along, that it was their own efforts.

Satan shows us how we can obtain what we want through power meditation. This does not involve slavish worship of some deity, or conforming to any human-hating agenda. We can become gods in our own right, and can take control of our own life.

It took several months of "prayer" [applied psychic energy] for these people to achieve their ends. In most cases, Christian prayers are futile and it stands to reason when there are groups of people applying the energy of their minds to a specific goal, there can be success. Fools are taken in by this sort of thing.

Christian Mind Control Methods

One technique Christians have used for centuries is that of mind control. Those who attend Christian services or masses subject themselves to being programmed. One naturally becomes bored and begins mindlessly daydreaming, or even half-nodding off to sleep. This is when one is most susceptible to having their subconscious mind being programmed. This is even worse for in the case of small children and even babies whose minds are open and vulnerable. In colonial times, church masses lasted all day long. The church usher would carry a long steel pole with a ball at the tip to crack those who nodded off on the head. Church attendance was compulsory, resulting in fines or public humiliation such as confinement to the stocks for a specified period of time if one did not comply.

All of this is a conspiracy. The Christian Church masses and services are meant to be boring in order to induce a passive and receptive state of mind where one can be programmed without their knowledge. Those who control the Christian program know all about the mind and how to program the populace. They are nothing but the worst of the worst of criminals. All of this is done deliberately to create a slave state. The slave state is the goal of Christianity.

The Christians who walk around with the pasty artificial smiles as though in a trance are those who continuously subject themselves to this sick indoctrination. More and more church attendance and reinforcement turns them into conditioned robots. This is one reason many who are in the process of breaking away from Christianity have a hard time, and experience confusion and many times fear. People are unaware they are actually being hypnotized. Because in modern times, especially in developed countries, knowledge about the human mind is made readily available, the tactics that the Christian programs have used for so long can be exposed for what they really are: Brainwashing. There is nothing spiritual about Christianity, Islam or related filth.

Studying the truth will eventually result in deprogramming one's mind. The fear, doubt, and confusion will eventually give way to reason.

The Brotherhood of the Snake Teachings of Ancient Egypt

The pyramids served many purposes. One purpose was that of initiation and ceremonial rites, both for humans and for the magickal workings of the Gods. Many hieroglyphics depict the Gods tuning their chakras with a rod-like instrument. Satan gave these energy centers to humanity, they are known as the breath of life, breathed into us by God [Father Satan]. There are seven primary chakras and many minor ones. The hook and the flail were tuning tools for the primary chakras along the spine. A mural on a wall at Abu Simbel depicts Horus holding a rod to the back of Osiris' head, at the point that is the primary doorway to the eighth chakra [above the crown of the head]. The hook is moved up and down the rod to tune the chakra. Osiris is standing with an erection. Sexual energy is a paramount component in the rite of resurrection and immortality. Kundalini is sexual; the life force. Sexual energy is that of the life force, as it has the power to create life through another human being. The sexual energy runs up and down the spine during the tuning process. The Egyptian Ankh symbolizes eternal life and eternal life is linked to the breath. The Ankh is also linked to sexual energy.

One of the key teachings was the overcoming of fear. Only when one surpasses all personal fears, can higher levels be accessed. Fear is the main emotion that prevents one from advancing spiritually. Fears must first be overcome here on Earth. To reach this goal, the Egyptians built special temples along the Nile. There are 12, along with the great pyramid making 13. $1+3=4$. All of the verses in the xian bible referring to Satan and his Demons given certain mathematical applications, come out as 13. Four was Satan's original number. The Temple at Kom Ombo represents the second chakra, and is dedicated to polarity/duality; the basis of sexuality and two Gods are associated with it- Sobek, the Crocodile God and Horus. The Ancient Egyptians would create experiences in these temples that would push initiates past their fears to become strong and competent in experiencing the unknown. There was a water hole full of crocodiles. The initiate, taking only one breath would dive under water not knowing what to expect and the test was to emerge from the water in a different location from where he/she went in. Initiates were unaware that the crocodiles were fully fed. They had to remain calm and in control to navigate the water. ¹ The sarcophagus in the King's chamber was used for the adepts as one of their final tests. The pyramids were built precisely along powerful earth energy lines known as "ley lines" and used by the Gods in their ritual workings. Beneath the great pyramid are the Halls of Amenti, the womb of the Earth. The adept would

lie in the sarcophagus in the correct position so a powerful beam would hit the third eye chakra. The adept would then begin a specific type of meditation and the experience would be so blissful, some never returned. Part of the initiation was the conditioning of the student to remember to return to their bodies after the experience. The final initiation also was held in the King's chamber. This 4-5 minute ceremony took place in the center of the room. An Ankh was drawn on the third eye of the initiate.²

Satan created the Brotherhood of the Snake for humans to be able to advance to higher levels of spirituality.³ The Gods were the teachers. Most are now the ones we know as the Demons. Some of the Gods, such as Thoth and Isis escaped being labeled as Demons. Isis is really Astaroth, but not too many know this. They helped and taught humanity.

Sermon on Satanic Healing and Holes in the Aura

An author wrote about his interactions with angels. He asked them for help in healing himself. The angels gave him no knowledge or information other than telling him his problem was "emotional."

The truth is most physical ailments are not emotional, but nutritional. Satan himself told me what to take for a couple of problems I was having. The problems are now totally under control. Satan and his Demons are very open and helpful when it comes to giving us information and knowledge. I do have another problem he wants me to heal on my own; he told me how and my Demon gave me some good advice.

Most people who go to angels come out with nothing but self-deprecation and blame. The angel usually tells the sorry individual they are in some way responsible for their situation and they need to be more "loving" or that they "shouldn't have any hatred or anger." Denial of one's feelings is definitely not good for emotional, physical, or mental health. By repressing our so-called baser emotions, we actually set ourselves up illnesses. Another token of angels is the refusal to share any worthwhile information.

Thanks to Father Satan, two major problems I had are now gone. What he told me, I could have never known myself. HAIL SATAN!!

I also want to add here how we hear of accounts of extraterrestrial beings in documentaries, films and in books citing warnings in regards to what humanity has done to the earth and how rotten everyone is. Again, these beings are of the enemy. This earth was attacked more than likely by the very same beings, who have worked through their own chosen ones to destroy civilization and humanity along with it. Humanity is in this horrible situation because of the influences of Christianity, Islam, and their root of Judaism. All these programs have done is to create havoc within the mass mind which has bled over to extreme destruction. These programs focus intensely upon death and live for their death. The enemy creates the problem and then blames those who had nothing to do with this. Then, the enemy pushes their solution. Note that all these nefarious beings ever do is severely criticize and blame. They NEVER give any reasonable knowledge or offer any solutions.

ABOUT HOLES IN THE AURA

By practicing power meditation every day, you will strengthen your aura and this in turn will give you the needed power to manifest your directed thoughts and desires into reality. A powerful aura will also result in strong immunity and the healing of various physical problems.

True Satanism is about becoming, growing and evolving. In the beginning, Satan and his Demons give us help when we need it. The goal of Satanism is for us to empower ourselves. This is analogous to a child growing up and becoming independent of his/her parents and having the strength, knowledge and confidence to act on his/her own as a healthy and well balanced adult. Ideally, one should become strong, confident, independent, and take control of his/her own life, fate, and life goals.

The enemy wants to keep us ignorant and bound. A good example is an author exalted and praised the work of angels who would come into him and help to heal his clients who were suffering from illnesses and injuries. He bragged how both he and the client would feel the hands of the angel and "their wonderful healing ability" going to work on problem areas.

First of all, what is this *really* doing? It is making a dependent cripple of BOTH the client and the practitioner. No knowledge is given. No higher level of personal power is reached to do this alone, by one's self. It is in reality, damning them both the practitioner and the patient to an existence of dependence on external entities; being at the mercy and whims of something outside of the both of them that is calling all of the shots and taking their energies in the form of praises for something each one could do alone given the knowledge and application thereof.

Many problems are due to holes and leaks in the energy field of the aura. These can be brought upon by childhood trauma either physical or emotional, where one was victimized in some way, or even as an adult; from surgery or accidents. Holes in the aura can open the door to unwanted entities, illnesses, and health problems.

The hieroglyphics and carvings in many of the Egyptian temples and pyramids are there to tell us something. The classic pose with the arms crossed over the chest is for a reason- to protect the heart chakra. This warns of being sympathetic to the wrong things, or helping those who are undeserving of any help. Having sympathy for an enemy or enemies and their programs in the case of spiritual warfare will only result in one's downfall and this has extended to entire peoples and nations over the millennia.

Human beings thrive on love and acceptance. An infant deprived of love, often will not thrive and if they do, most will be impaired for life, mentally, emotionally, and even physically. Love is an essential part of our makeup. Entities who wish to destroy us, know this. The deluded New Age movement's focus on "unconditional love" [there is no such thing in reality, regardless of how they rationalize and lie to themselves], is VERY dangerous and opens those who take this advice, making them ready victims for all kinds of entities. This is the scheme of the Nazarene parasite that is nearly always depicted with open arms, exposing the heart chakra, encouraging victimization.

Psychic vampirism in most cases feeds off emotions. Sometimes there are certain family members who are abusive and others who we know are bad for us, yet we allow them to abuse us or manipulate us because of an uncontrollable emotional vulnerability we have towards them.

One is open and vulnerable and allows them in. They attach, connect, and control. We have opened our emotions to them in some way. The Nazarene and other unwanted entities gain entry the same way. A small child taken to church and Sunday school is continually coerced into "Loving Jesus." We are told, "God is Love." The same lies apply to the Nazarene. This opens up one of the most vulnerable areas of a human being so that he/she can be controlled by these unwanted and harmful entities. The love energy is exploited and used by these entities as a parasite uses its host to its demise and sucks it dry. As you all can see, these entities gain control of and work through many of the new age people.

In addition, love can play upon one's judgment and reasoning. Enemy aliens and their chosen humans know this and exploit it.

A weak aura with holes leaves one vulnerable to all kinds of things. Remember, negative entities feed on FEAR and other human emotions. This is another reason for the Christian doctrines maximize the emotion of fear by indoctrinating their followers with threats of eternal "hellfire" and "damnation." This makes it much easier for these parasites to attach unknowingly to these people's auras and use their energy. All of this becomes a vicious cycle. To seal holes in the aura, one must first have a strong energy field. Most often, after becoming competent with power meditation, one can sense where the holes are located. By repeatedly directing the energy to the holes and expanding the aura in and around the areas of the holes, in time they will seal.

Past Life Amnesia

Many events are fated such as one being in the wrong place at the wrong time, being with the wrong people, again at the wrong time; accidents, illnesses, missing something by a day or minute and other related occurrences. All of this is the result of a lack of knowledge. Reincarnation is a fact. When we enter a new life we bring ourselves with us. This includes past hang-ups and former conditioning, mistaken beliefs, grief, pain and so forth. When we enter a new existence, we do so under amnesia. Myself and other Joy of Satan High Priests have worked extensively with humans who were deceased and in spirit form. When one dies, one does not advance in power or ability. One needs a physical self in order to do this. In death, one takes one's self, character, abilities and all into the spirit world and then into a new life if he/she reincarnates, which most people do. The astral is very boring for those in spirit form. They do not sleep, they do not eat or enjoy any physical pleasures. The only way they can advance in power is if a gifted human in the living world works with their soul.

Getting back to the article on amnesia... There is information available concerning certain experiments. Many of these have been kept from the public because of their cruel nature. These experiments are in studying the effects of artificially induced amnesia on both animal and human subjects and how it directly affects the feedback circuit in the brain. With self-awareness, one can exercise control, but on the other hand, when the feedback circuit is blocked through amnesia, one is prevented from reforming problem programming in one's mind.

Russian psychologist, Ivan Pavlov conducted a series of experiments on dogs. Most of us are familiar with the theory of conditioning, taught in Psychology 1001, if one studies at a University. Dogs were given food after a bell was rung. The bell, after several times, caused the dog to salivate [anticipate food], whether or not the food followed. The sound produced hunger in the dog. Two separate stimuli, applied within seconds of each other will create an involuntary response in the brain.

Many of his experiments went beyond the conditioning. He was able to produce nervous breakdowns in dogs and other animals, again, by association. The hungry animal would go for the food and he would apply painful shocks, extremely loud noises, blasts of scorching heat or other stimuli creating a survival versus fear/pain situation. This created neurosis and mental illness in the animals, in the same way the Christian Church has ruined the mental health of billions by enforcing the abstinence of sexual intercourse and denying other normal and natural needs. Sexuality is equal to the life force; abstinence creates neuroticism. The enemy knows all about the human mind and how to destroy it, along with the soul.

Another Russian scientist, A R Luria continued Pavlov's experiments, but this time on humans. [The CIA does this as well, although much has been kept from the public]. Luria found that humans, being able to remember, were able to resist the programming and restore their minds through rational thought and the application of will. Luria, [along with the CIA in later years] induced amnesia in his subjects through electric shock treatments, and drug induced trance states. With drug induced trance states, 99.9% of humanity can be hypnotized and reprogrammed. Very few if any are resistant.

Electric Shock treatment [EST] has been used to treat and control mental illness. EST causes retrograde amnesia. Memories are destroyed, corresponding with the intensity and frequency of the shocks. With high level EST, one is unable to remember one's name, identity or past. The subject becomes extremely calm and focused in the present. The 1975 movie, "One Flew Over the Cuckoo's Nest" is a good example of the effects of EST especially in the ending where the character, portrayed by Jack Nicholson, was shocked into irreversible brain damage with no memory of his identity or past. His brain was like a vegetable.

Disturbing thoughts and false memories can be implanted in subjects' minds by the operator with regressing the subjects into early childhood or infancy. At this stage, the mind becomes defenseless and helpless. The operator is perceived as and assumes the role of a parent figure. A prime example of this was where false memories were implanted by a Christian psychiatrist in the subject of the book "Michelle Remembers."

Inducing neuroticism usually, though not always, requires the operator to regress the subject and implant false memories, such as the rape of the child by a parent. One hundred percent of the time, amnesia must be suggested to the subject so the subject will have no recall of the session or any implanted suggestions. The victim, when he/she is deep under, is told by the operator at the end of the session, that he/she will not remember anything of the session when he/she "wakes up." Reprehensible false memories, fears, and all kinds of psychological problems can be implanted by suggestion in the subject's mind such as murdering a loved one, irrational fears, shame, and guilt.

Amnesia prevents the subject from understanding the hang-ups and dealing with them. The subconscious mind retains them and acts on them. The subject is unaware of them, other than having strange, irrational feelings, unexplained neuroses, and abnormal behavior. Regardless, the problems are still there and affect the subject's future behavior. This is what happens when we experience amnesia concerning past lives. We have more experiences than we know hanging around in our subconscious minds and affecting us in this lifetime, and if not dealt with, in future lifetimes. We don't understand why bad things happen and we are powerless in many cases to prevent or stop them.

The movie, Hannibal, though fictional, is an example of what can be done to someone in a drug induced trance state, where psychiatrist Hannibal Lecter offered Mason Verger a popper [amyl nitrate], and suggested to him to peel off his face. In this fictitious case, there was no amnesia. Never allow anyone, regardless of who they might be, to hypnotize you.

We can begin to really know ourselves and take better control of our lives, by accessing past lives through self-hypnosis, learning, and understanding as much about them as we are able to. We all should take the time to enter our own trance states and explore our own minds, childhood memories, and past lives. Because of the curse of amnesia and the lack of knowledge, there is so-called "karma." Karma can only be overcome and defeated with knowledge. Knowledge is the key to everything. Knowing everything about ourselves, past lives and so forth will set us free.

In closing, as a warning, never allow anyone to hypnotize you, regardless of whom they might be.

Damned Xians!

Note: Christians are under the influence of a very powerful spell. This spell in addition to working true evil, creates an obsessive/compulsive disorder in that the Christian feels compelled to coerce Christianity relentlessly. Harassment of others, murder, torture, and every other depraved means is used with no qualms whatsoever. The deeper one descends into the Christian and also the Muslim program, the more depraved one becomes, AND capable of anything in a most ugly way. This spell has been used to spread Christianity and Islam both, like the lethal viruses they are, world-wide.

For those of you who are new... "Xian" means "Christian."

Xianity is a sick, twisted, perverted, odious religion that keeps people from true spirituality and humanity's real God, Satan. That's enough right there, but the problem is much, much more than that. You are walking down the street, minding your own business, some pasty looking zombie-like idiot, that has a mask-like artificial smile affixed to his/her face, so plastic, robotic and alien like, accosts you with the Jesus garbage. The smiling mask immediately drops, turning to hatred and rage when you state that you are happy in your choice with Satan and you would rather be dead than switch. In some cases, even a murderous bent can be detected when the smiley mask drops.

You are in the privacy of your own home. Most neighbors, friends, and relatives are considerate enough to call before visiting. You could be in the shower, eating your dinner, watching something of interest on TV, having sex, whatever. You work, pay your rent/house costs and/or taxes, etc. This is YOUR home. You are minding your own business, not bothering a soul; maybe you are even feeling very happy. All of a sudden, regardless of all the blatantly visible "No Soliciting" signs, the "Do not Disturb" signs, or anything else posted to deter unwanted visitors, there is an urgent knock at the door, or the doorbell is ringing like there is a serious emergency, interrupting you, disturbing you without any respect for your privacy or any consideration as to what else you may be tending to or engaged in, in your own place of residence, whatsoever. Outside is another zombie-like idiot with the pasty looking artificial smiley mask going door to door, peddling the Nazarene. I have noticed in recent years, they now come in groups as one alone is no longer safe. So much for their "Faith in the Lord," and this is no different from how that pedophile Catholic Pope rides around under the protection of bullet-proof glass. So much said for the "Lord's protection."

You are sleeping, resting, AGAIN, minding your own business. Maybe you are even expecting an important phone call. The phone is ringing and ringing. It's not a friend, relative or neighbor; it's one of those double-digit IQ idiot xians, telemarketing the Nazarene. They will relentlessly keep calling and calling until they get a hold of you. You tell them "NO!" A couple of months later or even less,

they are back like fleas on a dog, only they are much worse than any animal parasite.

You open your mailbox, more of their garbage. Jesus coupons for redemption, always begging for donations to further the relentless plague and add to the multi-trillion-dollar industry of wealth they already possess and use to work towards depriving you of your freedom and constitutional rights. Not to mention working relentlessly to damn your soul, just like theirs.

You snap on your radio or television, here we go again, some pedophile capable of literally ANYTHING when perpetrating crimes against humanity, AGAIN is soliciting for more donations as their greed knows no bounds.

You want to read your newspaper, you find pages and pages of full-page ads, promoting and marketing the Nazarene and the opulent, financially exorbitant institutions where they relieve congregations of their money and their souls.

The absolute WORST of this is what they do to our children. They stalk them and prey upon them, corrupting their innocence and instilling hang-ups and psychological problems where there were none before. They use all kinds of scare tactics to frighten them with their lies. They work to turn them against their non-xian parents and to destroy their lives, coercing them towards living for their death and throwing their lives away.

The schools are full of them. Freedom fighters and the government are constantly battling the Christian Churches that are forever a continuous threat to the lives and liberties of others.

Once children are ensnared, they are abused, raped, molested and psychologically destroyed, and in some cases, even mutilated and murdered. In the least, they will never live up to or acknowledge their full potential.

Xians are forever trying to wrest control of the legal system, perverting it, like they do everything else, using it as another instrument to deny ALL of us our freedom, to enslave everyone, destroy lives and ruin what others have sacrificed everything for.

When they seize control, through whatever means, legal, or in many cases, illegal; however, makes no difference to them as they work diligently to maim, torture, murder and destroy anyone who is even suspected of disagreeing with their sick doctrines. Their reign was during the "Dark Ages" To find out if something is good or evil, all one has to do is give it power. Here, the xian religion speaks for itself!

They continuously PUSH themselves where they are not wanted. They are compulsive and obsessive. They are not a joke and will not just go away or mind

their own business. They would gladly resume their murderous ways if only given the opportunity.

Idiots of the lowest order promote notions that everyone should be “tolerant.” This kind of tolerance is suicidal to say the least and this is not, nor will it ever be a two-way street. In being “tolerant,” this will open the door for the Christian program to advance and in the end; you and yours will end up dead, along with millions of others as happened with the Inquisition. Any freedom will be completely gone and it will be too late. A huge price paid for listening to stupidity.

Anything that has helped humanity- medicine, communication, literacy, modern conveniences, and sciences that help us understand the world around us; anything that gives life more meaning or makes it pleasurable, they have worked overtime to viciously attack, corrupt and destroy. Yet, they make full use of everything they have contributed NOTHING to, working every step of they way to ruin. They make use of modern conveniences to spread their malignant virus around the world.

There IS NO room for tolerance here. This is total WAR! If each one of us does our part, we can bring this evil institution down. IT IS NOT IMPOSSIBLE! They have used the 9-11 terrorist attacks to their advantage, like all kinds of other ugly things. We need to start fighting back, LEGALLY. Don't let rage get you at a bad moment, use it constructively. You can't get away from them in prison. People rationalize, make excuses, focus on the small percentage of xians that are polite and mind their own business. This is what keeps them going. There are many who lack the education concerning world history, the INQUISITION, and the church's control of life and government in the dark/middle ages. These people know next to nothing of the truth. They believe what they are told and are too unmotivated or lazy to research for themselves. Knowledge is everything; this is why xians prey on the ignorant and illiterate.

Occult Crimes

This morning on CNN news, the anchorwoman reported that certain animal shelters no longer offer black cats for adoption two weeks before Halloween as several have been found dead after being used in "Satanic" sacrifices. This is few and far in-between and the media sensationalizes whatever they can. *

There are many kids and teens out there looking for Satan. Due to the suppression of books, media, and literature that provide knowledge about true Satanism, people look to what is easily and readily available. Anton LaVey wrote about this in his last book "Satan Speaks." He complained justifiably that he was given little or no airtime in contrast to Christians who were given prime slots and endless time to spew forth their lies. As a result, some people, especially the naive youth, turn to and believe what they see and are able to purchase.

The misinformation about Satanism authored by fools who have no real knowledge or information is prolific and deliberately promoted by the enemy. These Christian, New Age and out to make a fast buck writers are the ones DIRECTLY responsible for occult crimes and should be the ones who are brought to justice for lies, negligence and promoting false information against our religion, along with deliberate corruption of the youth.

Those of us who are close to Satan know how ludicrous these acts are. They have nothing whatsoever to do with true Satanism. The same can be said for the old grimoires and their insane teachings concerning Demons. We know different by EXPERIENCE.

Because the media, publishers, and book outlets have suppressed true Satanism, many are left with the false teachings that are easily and readily available. For those of us who wish to give something back to Father Satan, as I have said many times, flood the internet. It works. Link up. Recruit the youth; they are our future! Kids and teens with knowledge are the leaders who influence the rest. For far too long, Christians and other enemies of Satan have been given free reign to promote vicious lies about him and to misrepresent Satanism according to their own warped, distorted, sick, perverted standards, and have profited well in doing this.

Many books in the New Age/Occult sections of bookstores promoting lies and misinformation are cheap and readily available. A blatant example is "The Little Giant Encyclopedia of Spells and Magic." For \$9.95, this book goes into detail about "Making a pact with the Devil" and how this requires "drinking the blood of murdered children," human sacrifice, mutilating and torturing animals and every other ugly thing. Unfortunately, books like this are all over the place and the scum who write and promote this sick garbage should be heavily cursed. This is where our religion has gotten a bad rap, FROM LIES! In every Catholic mass, the

priest says "Eat My Body" and "Drink My Blood" This is where this kind of misinformation originates, and the so-called "Holy Bible" is full of it.

The enemy takes hold of those who are lacking in knowledge and of course, Satan is blamed. We must put a stop to this.

*Animals and children are sacred to Satan. People who abuse animals and children are an abomination to the Powers of Hell. Cats were sacred and held in very high esteem in Ancient Egypt and many Demons are symbolized by, and appear in the form of a cat.

True Spirituality

True spirituality does not need trillions and trillions of dollars. The pathetic Christian "God" and company can brag about their millions of enslaved sheep, but Satan has something they don't; something they never will.

Satan's people come willingly to him. We have survived centuries without all of the wealth and materialism of the enemy religions. A gathering in the forest, on the beach, or in the home of a friend. Satan's followers are here because we want to be. We have made a choice.

We come to worship out of love, NOT coercion, threats, indoctrination, peer, or family pressure. In the end, Satan has won. Even solitary rituals are done out of free will and devotion. Satan is loved. The Christian "God" relies on fear. Remember, "Money can't buy you real love." This is so obvious, as the enemy religions are spiritually empty. HAIL SATAN!!

The Truth About Extra-Terrestrials

When I was new, I asked Satan during a ritual "Who are you?" as I had no clue. I believed him to be some sort of spirit, but the voices in my head and my interaction with him indicated he is a real being. Very soon afterwards, in less than 24 hours following the ritual, I came across the Luciferian Liberation Front. <http://web.archive.org/web/20070207025605/http://www.luciferianliberationfront.org/llf2.html>

I knew this was an answer to my question.

I have spent years studying a variety of occult subjects. In addition, I have had many experiences and have learned from the experiences of others, both Joy of Satan High Priests/esses and members. The evidence of alien extra-terrestrials is overwhelming. In the Egyptian images and monoliths, the pyramids are spaced and directed towards the constellation of Orion* and the spaces between the pyramids correlate with the distance of the stars in the Belt of Orion.¹

*Satan and the "Powers of Hell" are of "The Empire of Orion." O.R.I.O.N. which also stands for the well-known slogan "Our Race Is Our Nation."

The Judeo/Christian Bible is chock full of BLATANT UFO activity. Many deluded individuals believe the Christian "God" to be a perfect force, above the comprehension of any human being. The truth is, the Judeo/Christian Bible REPEATEDLY describes a jealous, wrathful, spiteful, and hateful being known as "Yaweh/Jehovah" with emotions no different from that of psychologically unbalanced human beings, though even more depraved in comparison. The indifference to suffering indicates cruelty. The alien entity is aware of the human emotions of wrath, anger, hatred, and jealousy resulting in wars, murder, and genocide that most human beings strive to avoid. The concept of "love" here is not understood and is missing. To the Christian entity, it is merely a word used for control, nothing more. The entity, is obviously devoid of any sublime emotions, and does not understand the concept of "love." On the one hand, the entity claims "love" for his followers, and on the other hand, with the slightest offense, this "love" can damn one to eternal burning and torture in a "lake of fire." This is very alien to say the least. The Old Testament books, especially Genesis and Exodus are chock full of crimes against humanity such as the mass murder this entity perpetrated even against his own on a whim. For more in-depth information, please visit Jehova: "A Murderer and a Liar from the Beginning." http://see_the_truth.webs.com/YHVH_Murderer.htm

Nearly everyone familiar with UFO's and aliens, knows that the Greys and Reptilian races of ETs are have little if any emotions. Also, it is recorded in the Judeo/Christian Bible, when "Moses" asked to see "God's" face, the alien replied that no one could see him face to face [Exodus 33: 20-23]. Obviously, this being does not resemble a human being. This also includes the program of Islam where followers are forbidden to paint, draw or use images living characters in their art.

Many of us have seen Satan. He has nothing to hide. Satan and his Demons, [as well as some of the "angels" of the Christian Bible and their cohorts] are of the alien race known as "Nordics."

Aleister Crowley's "Illustrated Goetia" published by DuQuette, Hyatt and Wilson, second edition, © 2000, has numerous illustrations.

The illustrations of "Lucifuge Rofocal" and "Vassago" show beings with large bulbous heads. I have met with and I have seen Lucifuge Rofocal. He has a large bulbous head. He is obviously a hybrid of Grey. He is friendly and has emotion, as a hybrid mix is unique. Lilith told me Lucifuge Rofocal has been with them for over 10,000 years. Valefor also is a Grey-Nordic hybrid. He has the large head, with a greenish complexion. Clitheret who is a female is the same. I have never seen Vassago, but the illustration in the book supports what many of us have seen. There are some hybrid Greys who have sided with Satan, but as a rule, one should never trust any Greys, unless one knows for certain they are with Satan, as Greys are enemies of humanity.

Enemy Nordics are frequently seen accompanied by Greys. These Nordics are hostile to humanity. Azazel told me "they are abominable" [referring to the Greys, when I asked about them when communicating with him on a Ouija Board].

I strongly suggest those of you who are skeptics to read: "The Day After Roswell" by Colonel Philip J. Corso, US Army, retired © 1997. The author exposes the entire story, with names, dates, facts and documents released under the freedom of information act. He was personally in charge of the Roswell files under the Army Research and Development at the Pentagon directly under Lieutenant General Arthur G. Trudeau.

Corso explains the reality behind the "Cold War" where the USA and the USSR amassed nuclear weapons capable of destroying the Earth five times over. If either side employed these, mutual suicide for the entire planet would be the result. The truth is, both world powers were well aware of the alien threat, which in reality is a hostile one that threatens the life of everything and everyone on this planet. This is the reason human attempts to establish any meaningful contact with these entities have met with evasion.

Both the USA and USSR worked behind the scenes to develop defense technology, not to be used on each other, as the media falsely claimed to shape public opinion and to delude the masses, but to be used in defense of the Earth from a potential alien attack. This was also the main reason for the Apollo Moon Mission in 1969. This mission was not just space exploration. The Defense Department was interested in establishing a base on the Moon that would act as a reconnaissance post for the Earth. The large number of satellites orbiting the Earth also serve the same purpose, for that of protection.

The point is- we were successful in deterring them physically, but not psychically. Their strong telepathic influence is felt. The Christian religion and its cohorts provide these entities with the psychic energy they need. Close examination of the Roswell craft and the autopsies performed on the five Greys who piloted the delta shaped UFO revealed their parasitical nature.

The description of the entity called the "ALL" in the book "The Watchers" by Raymond E. Fowler, also supports the parasitical nature of these creatures that are mostly devoid of emotion and how they thrive on the energy of souls. These creatures have tampered with genetic engineering and alteration to where they no longer have any genitals and they cannot reproduce normally through sexual intercourse. They have also tampered with their brains and they lack emotions and physical strength. They are highly adept at telepathic communications, though. Their mouths are very atrophied as they no longer use them.

The examination of the alien craft revealed no controls, no on/off switches or visible circuits, only depressions shaped as the aliens' hands, like a hand print in wet cement outside of Mann's Chinese Theatre in Hollywood. These were where the aliens placed their hands, becoming an integrated part of the craft. They navigated the craft by using their own bioelectricity, powerful telepathy and telekinesis. The adjustable bands they placed on their heads to navigate the craft acted as thought amplifiers.

Army officers upon examining them, placed them in position on their heads and the devices induced vivid colors, hallucinations and resulted in "searing headaches." In addition, they found that these bands stimulated various areas of the brain.

In regards to nuclear bombs and this sort of advanced technology, it is the agenda of these human-hating aliens [they are behind the Christian and Muslim programs and the root of Judaism] for humanity to be annihilated through nuclear warfare. They have worked relentlessly to destroy the White Race that descended from Satan and the Original Pagan Gods when they took human sexual partners. Any advancement in civilization for humanity has resulted in alien Grey attempts to corrupt and destroy it.

The book "The Watchers" by Raymond E. Fowler is very revealing concerning the alien Grey involvement in the Christianity scam and exposes "The One."

Most people are unaware of the higher purpose of Satanism. The Earth has been the target of a soul farm.² Satan is the "Liberator of Humanity."

Christianity and its related programs are a hoax. Satan and his Demons are here to help us get out from under the position of being used as energy livestock in a slaughterhouse for alien consumption. The enemy Nordics who saw no use for humanity, following the completion of the mining project, [for more information about this, please click here] sought to follow a plan and have us all destroyed. The "Nephilim" that "took wives" and taught humanity, such as Azazel and Set, were banished, cursed and condemned.

[The above illustration depicts Set teaching a human how to use a bow and arrow].

We are dealing with entities that have extreme psychic power, very advanced technology, and superior knowledge and much more intelligence than we do. They don't age as we do, as they have both the knowledge and technology and some have modified their DNA. Satan is over half a million years old. One can only imagine that to continue learning, experiencing life and empowering one's self for even 1,000 years, the level of knowledge and ability that would be reached. Just combine that with extremely advanced technology to get an idea of where they are at.

For those of you who believe in spooks and are skeptic, I strongly suggest you read the above books, along with "Extra-Terrestrials Among Us" by George C. Andrews. "The Day After Roswell" reveals everything from the cover-up, to the promotion of yellow journalism stories to the real truth behind the "Star Wars" of the Regan Administration and some aspects of the "Cold War."

For many years, these spiritually ignorant and deluded New Age idiots have been whining repeatedly concerning the "sins" of humanity and how we are a threat to the universe with our nuclear weapons and our aggression, while all those extra-terrestrials are so goddamned pristine and wonderful. They claim the ETs spy on our military and weapons bases out of a "altruistic concern for all life in the universe" as we have become a threat to them resulting from our "sinful ways." WRONG.

These aliens have kept our defense systems under surveillance to see where we are at and just how vulnerable we are to a mass invasion. Top leaders of both the USA and Russia both know this. These aliens have continually and aggressively acted to prevent us from space exploration, jamming our launch vehicles, satellites, causing mechanical problems and even preventing a few from being thrust into orbit. They have acted to jam our signals with buzzing and other electronic intervention. They have been shooting across our radar detectors, creating blips and encouraging our air force to tail them, as they are testing the speed of our aircraft and our maneuverability. They want to know exactly where we are technologically. These Greys played cat and mouse games, and edged ever closer until there was a response. They have also attempted to disrupt worldwide communication and our defenses through electrical and magnetic field interference.

Their employment of night vision devices would have been an advantage. The US Defense Department now has these and many other military technologies that are a threat to them. The USA and Russia planned that in case of an alien attack, only half of the Earth would be sacrificed, if one nation was knocked out, the other could cover.

General Douglas McArthur remarked to the New York Times in 1955 that “the threat comes from out there.” “The nations of the world will have to unite for the next war will be an interplanetary war.”

I also want to add here that the alien Greys, who are controlled by the ET race known as “Reptilians” have their own people here who are working for them, many unknowingly, but they can be identified. Because of the programs of Christianity and Islam, psychic ability in the human populace has atrophied and become dormant. Those who have some of this ability have through the centuries been labeled as “witches” and have been heavily persecuted and many times tortured to death and mass-murdered. With psychic ability one can see there is a huge difference in souls. Not all souls are the same and with the “second sight” one can detect an enemy soul.

During the Second World War, alien spacecraft was prolific. Many air force fighters from both sides reported seeing them frequently. The Axis Powers vs. the Communist Powers. Never before in the history of humanity had war ever reached such a level. Christianity is a stepping off point and a preparation for communism. Satan lost a battle, but not the war. This is far from over.

An alien base was seen on the Moon by astronaut Neil Armstrong during the Apollo 11 fly-over and landing. Mercury 7 astronauts as have many others been tailed by UFO's. "They didn't just shadow or track our aircraft in orbit; they buzzed us and tried to create such havoc with our communications systems that NASA more than once had to rethink astronaut safety in the Mercury and Gemini

programs." The Apollo moon-landing program was ultimately abandoned because there was no way to protect our astronauts from alien threats.

"The alien spacecraft were also aggressively buzzing our frontline defenses in Eastern Europe, either looking for blind spots or weaknesses; probing our radar to see how quickly we responded." While never disclosing it publicly, military intelligence analysts supported the view that Earth was already under some form of probing attack by one or more alien cultures that were testing both our ability and resolve to defend ourselves."

"Our only successes in defending against them, back in the 1950's and 1960's, occurred when we were able to get a firm tracking radar lock. Then when we locked our targeting radars on, the signals that missiles were supposed to follow to the target, it somehow interfered with their navigational ability, and the vehicles flight became erratic. If we were especially fortunate and able to boost the signal before they broke away, we could actually bring them down. Sometimes we actually got lucky enough to score a hit with a missile before the UFO could take any evasive action, which an Army air defense battalion did with an anti-aircraft missile near Ramstein Air force base in Germany in May of 1974. The spacecraft managed to crash-land in a valley. The craft was retrieved and flown back to Nellis Air Force Base in Nevada. The Roswell crash was different. There was much speculation that it was a combination of the desert lightening storm and our persistent tracking radars at Alamogordo and the 509th that helped bring down the alien vehicle over the New Mexico desert in 1947."

As for the new age focus on love, love, love and three-fold baloney that only serves to promote and to further injustice, [which will eventually cause the collapse of civilization if it continues] and everything else that smacks of Christianity, renders those who are stupid and deluded enough to follow it, completely helpless. This also affects everyone else as a whole. The justice system is being rapidly destroyed. Slaves must tolerate abuse and injustice.

Truth be known, enemy souls here, of which most people cannot see, have been working to protect their own Greys.

Amdusias told the JoS Ministry in 2003:

"Just as the enemy has people who cannot see us, we cannot see them. However, they will manifest blatantly as we get closer to the climax of our cause."

They already have and for those of you who are new, Amdusias is one of the Original Pagan Gods, is a Friend of Humanity and is with Satan.

Satan and his Demons are trying to help us. Satan is the Liberator of Humanity. The Greys possess tremendous telepathic ability and the devices to amplify it. The Christian and related enemy programs are a fraud. People need to wake up to the truth before it is too late.

The "War in Heaven"

There was a "war in heaven" meaning outer space. Satan and the Elder Gods lost a battle in this war because they were outnumbered. In more advanced worlds, warfare is spiritual and involves the use of psychic energy and the soul. Satan and the Elder Gods were cursed by the ETs who hate and want to destroy humanity.

The enemy proceeded directly to Egypt, the center of spiritual knowledge and learning, following the destruction of Atlantis, and attacked the people therein. This was in an attempt to destroy the old religious order. Libraries were burned and decimated and places of knowledge, temples, schools and the like were burnt to the ground with the intentions of destroying all memories of the Elder Gods.

Pagan Priests and Priestesses were murdered en masse. The Judeo/Christian Bible emerged on the scene following this. The Bible was written to create and enforce a fictitious past and was infused with an incredible amount of psychic power so these lies would be believed. Human beings with spiritual gifts were labeled as "witches" and "heretics" and mass murdered along with their families, as this power is often hereditary. Those with spiritual abilities can see through the lies. In order for Christianity and its related programs to thrive and flourish, all spiritual knowledge must be replaced with the material. This is no different from communism, which fanatically removes anything spiritual. Truth be known, Christianity and its related programs, though discouraged, are allowed to operate under communist regimes, as there is very little if anything that is spiritual that remains in them, other than the holidays such as Xmas, which was stolen and corrupted from the Pagan Yule. These still hang on and this is why, ideally, communist regimes seek to remove the bible, as it still carries baggage in regards to corrupted and stolen spiritual concepts. For more information regarding this, please see The Stolen Year.

http://see_the_truth.webs.com/STOLEN_YEAR.htm

There is much evidence of blatant UFO activity. Paintings of Greys are in some of the temples and pyramids of Egypt.

As for Islam, the Nazarene's followers had not done a thorough enough job in working to destroy the past. Gabriel [who has been a frequent alien visitor to earth] with an agenda for the destruction of humanity, appeared to Mohammed and dictated the teachings of Islam. Gabriel instructed that

everyone was to be converted to Islam. This resulted in more bloodshed and slaughter, wars and misery than all of the political wars put together. The

Christians were taught to resist outside teachings and to be aware of false prophets. This served more than one purpose for the aliens. It not only damned people technologically and spiritually, but also incited mass murder and bloodshed resulting from the wars that ensued and one can be sure, these wars were psychically influenced by the aliens who controlled those who succumbed to their false teachings. We have strength in numbers against the enemy souls. That is why they work relentlessly to keep us divided in every way.

Luke 12:53

The father shall be divided against the son, and the son against the father; the mother against the daughter, and the daughter against the mother; the mother in law against her daughter in law, and the daughter in law against her mother in law.

Matthew 10:21

"Brother will betray brother to death, and a father his child; children will rebel against their parents and have them put to death.

Matthew 10:35

For I have come to turn "a man against his father, a daughter against her mother, a daughter-in-law against her mother-in-law--

There is nothing at all spiritual with the above bible verses. There is nothing spiritual about the bible at all. It is only a powerful subliminal tool used to destroy humanity. Unknowing followers tie into this energy and through them and the mass mind, it becomes manifest. The Bible is the foundation of all suffering, misery and ugliness in the world. Here is more evidence of UFO activity as seen in ancient paintings of the Nazarene and his ilk.

People in Our Lives

We Satanists are a small group as far as numbers go, but we are growing more and more every day. Unfortunately, there are people in our lives who are thoroughly indoctrinated with Christian and other enemy teachings. Holidays, family reunions and other get-togethers can be trying times for many of us.

Christians feel strong when they are not alone and are in a group with other Christians to back them up, but when they experience a confrontation alone, few are brave. That so-called "faith" goes out the window. I have seen these people fold when they are on their own. They are so weak and dependent. More than one Christian has quit a job because of me. They create conflicts they can't handle. Most talk the talk and that's about it.

I was an atheist for over fifteen years. I hated Christianity and its teachings much more than the average atheist, though. My "blasphemies" would literally make people cringe. Several years ago when I worked third shift at a 24-hour restaurant, a wimp would come in and sit at the counter. One night this wimp butted in on a conversation between a LaVeyan Satanic teenager and myself that did not concern him. I gave him a piece of my mind and left, as my shift was over and then he shut up. As soon as I was out the door, [my son also worked there as a waiter] the Christian wimp approached him and started up about "God." My son shouted, "FUCK GOD!" The guy right away got scared, and very threatened.

Most Christians are weak, whether they are co-workers, family, or whatever. Rarely will you ever see one stand alone against several of us. Of course, when Christians are in a group against one person, many times the situation is different. I had three Christians threaten physical violence after they accosted me outside of a public library. I told them what I thought of their Nazarene. Of course, a heated verbal exchange ensued and all three kept parroting the same insane phrases repeatedly with no logical or rational argument. The only thing they had to offer was potential physical violence and nothing more. One of these clowns was a pastor. I found this out later when I recognized him on a TV commercial advertising his church. I refused to back down and when they saw the confrontation would lead to more, they left. I have argued with enough of them, leaving them with nothing to say every time. They start arguments they can't finish, as they have no answers.

Most of these Christians are going nowhere. Satan gives us strength they don't have. I look at them and see how weak most of them are, how they are needy and dependent on the approval of others. This sort of thing leads them to Christianity in the first place. Satan, by his nature walks alone. There is no petty ass-kissing or conforming to the "expectations" and standards of others. We are an elite group. We bow to no one. We have the power to tear them up and spit them out and they know it too.

Christians tell me they will pray for me, I tell them I will pray for them in return, and then they get worried. I've seen firsthand what has become of the fools who have been stupid enough to "pray" for me. Satan and the Demons punish those who harass us, not always right away, but just give it some time.

For those of whom we really care about and love, remembering them in our rituals can work wonders.

The Commandments of Satan

Satan dictated the Al Jilwah [Black Book of Satan] directly to Yezidi prophet Sheik Adi in the 12th century. The Al Jilwah is the most important doctrine in Satanism and every Satanist should be familiar with its teachings. I asked Satan if the Al Jilwah was from him and he confirmed that it was, and stated that the Muslims altered some of the Yezidi doctrines. I memorized the commandments some time ago, and they have always been of great help and comfort to me especially when I have experienced confusion.

"ALL MY TEACHINGS ARE EASILY APPLICABLE TO ALL TIMES AND ALL CONDITIONS."

"I TEACH AND GUIDE THOSE WHO FOLLOW MY INSTRUCTION."

"I EXERCISE DOMINION OVER ALL CREATURES AND OVER THE AFFAIRS OF ALL WHO ARE UNDER THE PROTECTION OF MY IMAGE. I AM EVER PRESENT TO HELP ALL WHO TRUST IN ME AND CALL UPON ME IN TIME OF NEED."

"I ALLOW EVERYONE TO FOLLOW THE DICTATES OF HIS OWN NATURE, BUT HE THAT OPPOSES ME WILL REGRET IT SORELY."

"NO GOD HAS A RIGHT TO INTERFERE IN MY AFFAIRS AND I HAVE MADE IT AN IMPERATIVE RULE THAT EVERYONE SHALL REFRAIN FROM WORSHIPPING ALL GODS."

"WHEN TEMPTATION COMES, I GIVE MY COVENANT TO HIM THAT TRUSTS IN ME."

"I DO NOT ALLOW FRIENDLY ASSOCIATION WITH OTHER PEOPLE."

"NOR DO I DEPRIVE THEM THAT ARE MY OWN AND THAT OBEY ME OF ANYTHING THAT IS GOOD FOR THEM."

"I APPEAR IN DIVERSE MANNERS TO THOSE WHO ARE FAITHFUL AND UNDER MY COMMAND."

"I LEAD TO THE STRAIGHT PATH WITHOUT A REVEALED BOOK; I DIRECT ARIGHT MY BELOVED AND CHOSEN ONES BY UNSEEN MEANS."

"THREE THINGS ARE AGAINST ME AND I HATE THREE THINGS."

"THOSE WHO KEEP MY SECRETS SHALL RECEIVE THE FULFILLMENT OF MY PROMISES."

"IT IS MY DESIRE THAT ALL MY FOLLOWERS UNITE IN A BOND OF UNITY, LEST THOSE WHO ARE WITHOUT PREVAIL AGAINST THEM."

"REJECT ALL THE TEACHINGS AND SAYINGS OF SUCH AS ARE WITHOUT. I HAVE NOT TAUGHT THESE TEACHINGS, NOR DO THEY PROCEED FROM ME."

"HONOR MY SYMBOL AND IMAGE, FOR THEY REMIND YOU OF ME."

"I EXERCISE DOMINION OVER ALL CREATURES AND OVER THE AFFAIRS OF ALL WHO ARE UNDER THE PROTECTION OF MY IMAGE. I AM EVER PRESENT TO HELP ALL WHO TRUST IN ME AND CALL UPON ME IN TIME OF NEED."

Satan is always true to his word. Many of us are well aware of how our lives were straightened out after we made a commitment to Satan. He snaps us into line, guides us, and directs us to what we need to do to be focused and happy. When we dedicate our souls to him, we are always under his protection and he is always there for us. Satan has always been there for me. There were times when I was having problems and Father Satan came to me before I even had to ask and helped me out. It is very important to trust in Father Satan. He works with every one of us to establish trust. He is honest, truthful, and consistent and he keeps his word. He meets us more than half way.

"I ALLOW EVERYONE TO FOLLOW THE DICTATES OF HIS OWN NATURE, BUT HE THAT OPPOSES ME WILL REGRET IT SORELY."

Satan wants us all to be happy individuals. We are all free to indulge our fetishes, personal tastes, preferences, and so forth. This is one of the many reasons we are happier than most.

"NO GOD HAS A RIGHT TO INTERFERE IN MY AFFAIRS, AND I HAVE MADE IT AN IMPERATIVE RULE THAT EVERYONE SHALL REFRAIN FROM WORSHIPPING ALL GODS."

Those who worship other Gods end up confused and are open to all kinds of influences. It is important to stay focused. As Satanists, our God is Satan and there is no need to call upon other gods. Demons act as protectors and direct us to be strong in Satan. They can also act as mediators as they work with us closely, but we do not worship them. Satan does not demand or want any slavish worship.

"WHEN TEMPTATION COMES, I GIVE MY COVENANT TO HIM THAT TRUSTS IN ME."

Temptation usually comes in the form of fear. Some, mainly out of fear, have turned to the enemy. The enemy serves no purpose whatsoever in a happy life and should be avoided at all costs. The enemy has also tried to bribe dedicated

disciples of Satan or use material rewards. He rewards and places his affairs with those who remain strong and loyal to him.

"I DO NOT ALLOW FRIENDLY ASSOCIATION WITH OTHER PEOPLE."

As for associating with those who are without, how many times have we read about or have been direct recipients of problems with Christians alone? Most Christians will try to convert us, especially if they know we are Satanists. Very few if any, will have a live and let live attitude towards a known Satanist. Nearly all will pray for us and this invites psychic harassment that can be more than just annoying. As for hard core Muslims, their practice has been if they cannot convert someone, they resort to murder. Many Yezidis have been murdered en masse by Muslims. In addition, the enemy works through Christians, Muslims and Jews to create upsets and problems for us and this can be serious.

"NOR DO I DEPRIVE THEM THAT ARE MY OWN AND THAT OBEY ME OF ANYTHING THAT IS GOOD FOR THEM."

Satan knows each and every one of us intimately and what is in our best interests. Satan is our Creator God and he can see things we cannot. He can see if someone or something is bad for us or will do us harm. Trusting in him is very important, he has all of the facts; we don't. He also shows us through power meditation how we can obtain our desires.

"I APPEAR IN DIVERSE MANNERS TO THOSE WHO ARE FAITHFUL AND UNDER MY COMMAND."

Individuality is very important to Satan and he wants for each of us to grow and develop our own uniqueness. He wants us to be ourselves. All of us are very important to him in our own special way. With Satan, what one individual may experience, another may not and visa-versa. Over all, most of us have had many similar experiences, spiritual occurrences and have seen the same things.

"I LEAD TO THE STRAIGHT PATH WITHOUT A REVEALED BOOK; I DIRECT ARIGHT MY BELOVED AND CHOSEN ONES BY UNSEEN MEANS."

Satan comes to us. We don't have to spend our lives pouring over reams and reams of reading or other related material, trying to make sense of it, in an attempt to find "God." Satan interacts with every one of us in his own way. He guides each of us and directs us so we can have fulfilling and rewarding lives.

"THREE THINGS ARE AGAINST ME AND I HATE THREE THINGS."

These three things are the Christian trinity [which is false and a lie] and the three malignant programs of Judaism, Christianity and Islam. All three of these programs condemn and preach against Satan and replace him with their false "God." These three have told lie upon heinous lie about Satan and his Demons who are the original Gods. They have heaped untold suffering and misery upon humanity and the earth. They are our enemy!

"THOSE WHO KEEP MY SECRETS SHALL RECEIVE THE FULFILLMENT OF MY PROMISES."

Because Satan appears to us in diverse ways, he may reveal some of his secrets to us as individuals. We will know what they are. He has done things for me and has revealed things to me. There are certain secrets he has entrusted to me to keep to myself. Remember, Satan treats us all as individuals. Keeping his secrets is very important. If you are ever in doubt concerning whether or not to reveal something, just ask Satan and he will either tell you or you will receive a sign from him.

"IT IS MY DESIRE THAT ALL MY FOLLOWERS UNITE IN A BOND OF UNITY, LEST THOSE WHO ARE WITHOUT PREVAIL AGAINST THEM."

Satan wants all of his people to work together and unite. We must put aside our personal differences and work together as a team. The Christian "God" and company work to create conflict, discord, and division among Satanists, as do enemy souls who call themselves "Satanists" but who really aren't:

Mark 3: 26 And if Satan rise up against himself, and be divided, he cannot stand, but hath an end.

Unity is of paramount importance, "One Alone, Together Strong." Satan does not approve of infighting between his people. Those who experience conflicts with a brother or sister in Satan should go to Satan concerning this and he will handle the situation. Those who throw curses at or slander other Satanists will invite the wrath of Beelzebub. Beelzebub handles those who create problems and disunity and the consequences can be quite unpleasant.

"REJECT ALL THE TEACHINGS AND SAYINGS OF SUCH AS ARE WITHOUT. I HAVE NOT TAUGHT THESE TEACHINGS, NOR DO THEY PROCEED FROM ME."

As for rejecting the teachings and sayings of such as are without, the saying "Garbage in; Garbage out," describes this perfectly. One only needs to look at the Christians, Muslims, and related company to see how lost and unbalanced they are spiritually. Beneath the Christian smiley mask, there is misery inside, regardless of how they may try to deny it and lie. The teachings of Christians, Jews, Muslims, and those of other related programs are anti-life, devoid of any true spirituality and lead their adherents down the path of spiritual degeneracy, lies, loss, confusion and eventually, depravity.

"O YEA THAT HAVE BELIEVED IN ME, HONOR MY SYMBOL AND MY IMAGE, FOR THEY REMIND YOU OF ME."

When I was new to Satanism, I was reading Anton LaVey's Satanic Bible. At the time, I had hardly any furniture and I would line my books up against the wall, on the floor. I did this with my Satanic Bible. Something would not let me go to sleep and kept on nagging at me to get the Satanic Bible up off the floor. I got up and put it on a shelf in my closet. Since then, I purchased several bookcases. We

must ALWAYS treat sacred books, jewelry, or anything else that symbolizes Father Satan with the greatest care and respect.

Islam

Islam is an offshoot of Christianity. This religion has brought untold suffering, wars, and misery upon the human race. Upon close examination, we find the same nefarious alien characters. The Christian angel "Gabriel," appeared to Mohammed and heaped on more of these anti-life teachings in the form of "Islam," designed to further enslave humanity and to create more conflicts and wars.

In contrast, Satan's angels, the Demons, teach and help humanity [if they are treated respectfully]. "You will know them by their works." In other words, don't believe what you are told to believe, see what they DO, NOT what they SAY.

Women are treated lower than animals in Islamic countries. I recall seeing a most horrendous photo of a small woman in Yemen with a tow truck chain pounded through her arm. Her "crime" was that she ran away from her abusive Islamic husband and was caught.

Afghani women have to wear heavy garb covering their entire bodies. They look out of a little net. If they accidentally expose any skin, they are beaten with clubs by Islamic men.

Islamic women must walk three feet behind their husbands on the streets. Only in times of war are they forced to walk three feet in front as there are land mines.

Islamic women eat the leavings from the dinner plates of their husbands and any men guests their husbands have in their homes. They are treated lower than dogs.

It is no wonder these people are so eager to kill themselves through suicide bombings. What kind of life is this? To treat significant others so heinously under the direction of a blood thirsty monster they call "Allah." They get to where they have to blow themselves up- where is this "Allah"?

Music: Satan's Gift to Humanity

"The Devil has always had the best tunes." This has been known for centuries. Along with literature, theatre, and art, the Christian Church has always regarded music with great suspicion, when it wasn't completely under their strict and oppressive control.

Satan is master of the violin and flute. 18th century Italian composer Giuseppe Tartini was inspired when Satan appeared to him in a dream. He heard Satan playing the violin. He said it was the most beautiful music he had ever heard. It was "indescribably beautiful." He immediately awoke and tried to write it down to copy it, but it never turned out the same way. He did the best he could to duplicate it, and he published it and named it "The Devil's Trill."

19th century violinist Niccolò Paganini came under intense suspicion of "collaborating with the Devil." In other words, no one could write or play anything so beautiful without help from Satan. Here the Christian church indirectly admits that the beauty of Satan outshines what they worship.

Modest Mussorgsky composed "A Night on Bald Mountain." The music portrayed a witches' sabbat. In the original piece, Satan reigned triumphant at the climax, but this was too much for Mussorgsky's Christian contemporaries. Nikolai Rimsky-Korsakov revised it, ending the piece with the ringing of a church bell.

Satan also inspired Carl Orff in his dreams when he wrote "Carmina Burana." This music is best known from the soundtrack of the movie, "The Omen." Orff told his wife that he saw Demons many times in his dreams when he composed the music.

Jazz is synonymous with Satan. The rhythmic beat, the dances the music inspires, and of course, it opened the door to rock and roll.

Music has always been a great friend to humanity. Music is a tension reliever, as it relaxes the left [logical] side of the brain so that the creative right side can manifest itself in new ideas and solutions to things, in the same way meditation helps us. Satan can speak to us through the music. Music makes many activities more pleasant. Work becomes easier, a fast beat can get one going, a soothing beat can calm one's mood, and sexual intercourse to music can be blissful.

William Blake once stated that all true poetry was the "work of the Devil." Satan inspires creativity. He works to bring out creativity in all of his disciples. With Satan, we learn and grow as individuals. Each one of us is unique.

The enemy wants everyone to be clones, drones and drabs with no individuality. Enemy programs desecrate and kill the human spirit, while they enslave the soul. Satan stands for freedom and individuality.

"Evil"

There are people who talk the talk and want to play at being "bad" and "evil." These people are intent on going on about how "evil" Satan is, yet they don't know him, nor do they have any idea of what real Satanism is. Their ideas of so-called evil are nothing more than cultural concepts. Few have understanding of the meaning of the word "evil" and are simplistic in their thinking. Satan transcends "good" and "evil." What is perceived as "evil" in one culture may be considered favorable in another.

These individuals firmly adhere to the Christian teachings concerning Satan. Deep down, they are really Christians, not Satanists, as they follow the teachings of Christianity. They rigidly live their lives according to their own specific cultural taboos. True Satanism is freedom, Satanism is not living according to the restrictions of the Christian teachings of what is *supposed* to be evil. People who are deceived into believing Satan is evil lack perspective and understanding.

Satanism is deep, transforming spirituality that transcends the human concepts of good and evil. People who are hung up on Halloween, the boogey man, spooks, corpses and monsters have no understanding of Satan or true Satanism.

In order to be free, one must deprogram one's mind. Only when one is able to see life through one's own eyes, can one ascend to a higher level of understanding. Too many people are still carrying around the values society has programmed into them rather than seeing things through their own eyes and being their own person.

When we give our souls to Satan [for those of us who choose to do this], a door is opened. This is a major step beyond the conformity that has been heaped upon us by society. This is where we transcend the black and white simplistic thinking and begin to see things through our own eyes.

Life in the Fast Lane

Most people, especially here in the USA, live life in the fast lane; fast food, high-speed cable, quick service, “I want it five minutes ago” and so forth.

The spirit world does not work like this. I have to keep re-emphasizing: PATIENCE, PERSEVERANCE, and DEDICATION.

I didn't see Demons or communicate with them until several months following my dedication ritual. I remember seeing Furackus and Elyth on my altar. This was some six months or more after my dedication. I didn't meet Azazel until nearly three months following seeing these two Demons. Azazel is my Chief Guardian Demon and I am very close to him. I never knew Lucifuge Rofocal was one of my Guardians either. He has a unique voice and slight accent. I remember he spoke to me when I was new, but I had no idea of who he was other than he was a Demon.

Satan is strong on patience. He and his Demons have waited thousands of years for humanity. One does not just perform a ritual and here comes the Demon at the snap of ones fingers. Relationships are built up slowly, with patience, perseverance, and dedication.

Answers

Last night, I heard the song "My Sweet Lord" by ex-Beatle George Harrison on the radio. The focus of this song was "Lord Krishna" A.C. Bhaktivedanta Swami Prabhupada. Many extremely wealthy and famous people have searched and searched for answers to the meaning of life. Harrison, in spite of his millions was not given any priority by Krishna Guru A.C. Bhaktivedanta Swami Prabhupada, thus the song.

This is nothing new, as many people are lost. Satan gives us knowledge and understanding. I know more now than I ever thought possible. This knowledge makes me feel secure, even though there is much more for me to learn. Knowledge itself is infinite.

Knowledge is the key to everything. Understanding life and feeling confident along with a sense of direction, is very important for both personal and spiritual advancement. Many yogis, martial artists and others have power, but they do not have the knowledge concerning how to use it. Without the knowledge, it is useless in many areas except for walking on hot coals like fakirs or breaking boards and bricks.

Satan guides us to grow in power and shows us how we can use this power and be the best we can be. Most people do not have any spiritual answers. Life becomes confusing and meaningless. Depression, drug and alcohol abuse, confusion, insecurity and apathy are the condition of many, regardless of material wealth and fame.

Satan is the giver of knowledge. We learn when we are ready. I have found Demons are the best teachers. What they can teach us is way beyond that of what any human knows. Time and patience are needed. We learn as we go along, are ready, and are open. Satan and his Demons are always there with answers to our questions and to help and guide us.

Free Thought

Everyone knows free thought is the ability to think for one's self, but how many people actually apply this? Only when you can completely free your mind, will you be able to come into your own and know yourself. How to think, what to think, what to believe, what our likes, our dislikes, our concepts of right, wrong, good and evil are, are constantly being programmed by the media, peer pressure and those in power. Those in power can refer to the government, parents, family, educational institutions and textbooks, the system, the medical association and so forth. Many live their lives by the values of others and as a result, they never come to know themselves. People are TOLD what to think and believe.

The television is a good example. Canned laughter implies something is supposed to be funny and it's OK to laugh. Background music lets the viewer know when he/she should get scared or anticipate something. Emotional scenes lead some people to tears. Life is much like this. One is supposed to obtain some form of approval for any and every thought and/or action.

Take a look at the Christian Church. Everyone is repeatedly told this nefarious enemy of humanity is something "good." In spite of the continuous and blatantly obvious signs to the contrary, most people actually believe this to be true. The xian bible is called the "Good Book."

This "Good Book" is full of mass murder, slaughter, torture, gang rape, prostitution, cannibalism, infanticide, mutilation, blood sacrifice, curses, feces, hatred, and every ugly thing know to humanity. It has incited war, slavery, bloodshed and destroyed the lives and mental health of billions.

When we come to Satan, he opens the door to our spiritual cages and gives us a hand in getting out. The rest is up to us. He is always there for guidance and support, but above all, he wants us to be free. Satan, who is the True God, is the liberator of humanity.

Ask yourself; what do I think? How do I feel? NOT how *SHOULD* I think, or what would someone else think, or what does everyone else think. We are all individuals. We all have different preferences and tastes. Just because someone else likes or dislikes something, that doesn't mean you as an individual should feel the same way. Whenever presented with a dilemma or something new, ask yourself the above questions. Satanism is free thought in the extreme, yet, so few are able to actually think for themselves.

Now, of course, those in power are dead against free thought. Sheep are easily controlled. Personality tests are given to determine those who are a threat [think for themselves and don't conform]. Though unaware, how we should think is drummed into our heads from the time we are born. Very few people really know themselves, in spite of living with themselves 24/7. This is really sad.

It's not all that hard. Just remember to always and frequently ask yourself to start out with; do I think this is right or wrong for me? How do *I* feel about this? What is *my* opinion? There are no right or wrong answers here. Just get to know yourself. This may take time, but in the end, you will experience the bliss of being free.

Start completely deprogramming your mind today. All of us are programmed to greater or lesser degrees and most are not even aware of it.

Spiritual Satanism

Popular fiction literature, movies, and media have about as much understanding of Satan and Satanism, as do the Christians. One of the most widespread misconceptions is that upon making a commitment to Satan, one can expect all kinds of free goodies, like a trip through Disneyland, so to speak, along with extreme wealth and riches.

People who believe this are in for a rude awakening. Satanism is the elite of religions. Like Special Forces in the military, we are those who have special abilities; those who are feared and respected by many. The goal of Satanism is that of becoming a god. Unlike all the other so-called "religions" that repress the human spirit, Satanism liberates and empowers the soul.

After we perform the dedication ritual, Satan begins investing in us. We discover talents and creative abilities we never even knew we had. We become much stronger and more confident through striving to put these to use and in bettering ourselves.

Contrary to what Anton LaVey wrote in the Satanic Bible, Satan does not approve of sloth, laziness, apathy [not caring about anything], drug abuse, and being unmotivated. LaVey, himself worked hard. This isn't to say we aren't free to do as we please in our off time, but Satan expects us to make something of ourselves.

Satan is a good Father to his children. He gets on to us when we are doing something destructive or detrimental to ourselves. He motivates and guides us to be the best we can be.

Inner strength and confidence come from knowing one is able to defend one's self and not have to rely upon others. Being an adept at all aspects magick takes time, effort, and dedication.

Controlling our own minds, instead of our minds controlling us is not easy. Our minds were designed to undermine us. This is obvious. Our minds are structured to keep us ignorant and as slaves, preventing us from becoming as the Gods. We are amnesiacs when it comes to former lives. The education and talents we once had in previous lifetimes are lost and we must be relearn everything again, over and over. An uncontrolled mind can drive one to unnecessary worry, stress, disturbing thoughts and in the worst cases, insanity. Weak people suffer more from this in the long run. Fears, insecurities, and uncontrolled emotions are free to torment us day and night.

Those who refuse to better themselves are at the mercy of fate. Fate can be cruel and unforgiving. "Today is NOT the first day of the rest of your life." Every action you have taken up to this point has established a foundation and pattern in

your life. This isn't to say this is permanent, as everyone can change, but change will not come without plenty of effort.

Unlike those who are without, we have Father Satan to direct and guide us. Father Satan knows everything about us, inside and out and where we are headed. He is all-knowing, and can save us from making some very serious mistakes, but those who do not care and make no effort to better themselves can find themselves without.

Father Satan is always there to help and guide those of us who make an effort to better ourselves.

Satanists are encouraged to live life to the fullest, to grow, evolve, and to empower ourselves. This is true spirituality, unlike the other religions that destroy the soul by advocating their followers do nothing and abstain from life. As a result, they become nothing and eventually slide into spiritual degeneracy.

Sorry for What?

A Catholic priest took a 12-year-old boy out for ice-cream right after his father had committed suicide. The priest used the opportunity to rape him. All we hear from the Christians is excuses, excuses, and more excuses... Their own bible reads: "Ye shall know them by their fruits." Not one good thing has come out of Christianity or the Christian Church. Things that appear to be good are always tainted in some way. Everything that has to do with Christianity is negative and the Christians can't hide it. As for so called Christian "charity," the Red Cross, United Nations and Social Welfare departments, to name a few, have done much, much more, without the obsessive proselytizing and the demanding of one's soul in return for basic survival needs.

We hear horror stories of how people turn to the Nazarene. There is nearly always fear, near death, desperation or some other negative factor involved that persuades them to do that.

Christian prophets and angels always bring ill omens and messages of misfortune. Angels are notorious for preying upon children, then the children wind up dead. The Fatima incident is just as bad with the alien virgin bitch predicting the destruction of humanity and an early death of one of the three children there. <http://www.angelfire.com/wizard/pixie666/FatimaFiles.html>

Satan came into my life when things were going good [and still are] and I was happy. He has always been and is a very uplifting and positive presence in my life. To this day, I don't have so much as one negative thing to say about him. All of his works are positive, helpful, and loving. The same thing I can say for the Demons I have established relationships with.

I was walking down the street some time ago, thinking about the worthless Christian religion. Anyone who knows Father Satan knows he has a sense of humor. Father Satan said to me in my head sarcastically "Everyone always has to be sorry." This made me laugh. The professional victim Nazarene always expects everyone to be so sorry. In truth, it is the Nazarene who should be sorry.

There are things I have done in my life that I regret, but I am sorry to those of whom I committed the wrong acts against, *not* the stupid Nazarene and nefarious alien company! What I had done at that time was done because of a lack of knowledge. I wouldn't do anything like this now because I KNOW BETTER. The reason people have a lack of knowledge is because of how Christianity removed all spiritual knowledge and replaced it with lies and cut us off from our own spiritual senses.

Who's responsible for the ignorance of humanity? Who is responsible for depriving mankind of knowledge when Satan wanted us to have knowledge?? In the end, who is really responsible for all the suffering and crimes and misery?

Not humanity. When we have regrets about the past and how we should have done some things differently, the main reason is because we didn't have the knowledge at the time. If we did, none of this would have happened and things would have worked out all right for everyone concerned.

The aliens who are behind the program of Christianity are part of a movement called "The Intergalactic Federation." The IGF's agenda is one of "non-interference." They plan to stand idly by while humanity blows itself to smithereens with nuclear weapons.

The visit from the virgin bitch is typical of the IGF. There is a theme of negative prophesy while the sadistic aliens stand by and watch, not lifting a finger to help. In most cases, children are involved and preyed upon. The alien Greys and enemy Nordics [angels], who have an insatiable hatred of humanity work with the IGF.

Satan and the Original Gods are from The Empire of Orion. The IGF is at war with The Empire of Orion. The IGF works through many of the "New Age" people and mystics to Christianize everything. The IGF aliens do not bother to help their human lackeys when they are having problems and in addition, they are sadistic and tell them of their misfortunes before they occur. Gifted humans are prohibited from using their powers freely, even if this means saving their own lives or the life of a loved one. Upon their death, they are absorbed into "the light." The light is also called "The One" and is a mass of harvested human souls used by the alien Greys. There have been reports the Vatican made a deal with the Greys- wealth and power in exchange for souls. This explains why the Catholic Church works relentlessly to suppress human spiritual advancement and is nothing but dead materialism devoid of any spirituality.

Satan and his Demons do not give negative prophesy. If you ever experience an entity telling you something bad is going to happen, you can be sure this is not Satan or any of the Demons.

Satan does not stand by and watch us suffer needlessly. He saved my life literally more than once. He, himself stepped in for me. Whenever I experienced severe attacks from angels, Azazel appeared immediately and chased them away. All of us experience setbacks as this is life, but when things get serious, he is right there for his disciples. I had an astrologically devastating year in July 2004- June 2005. On the night of April 30th of 2004, Satan spoke to me at length during my ritual. I expressed my concerns about the coming year. I had seen this year coming for over ten years. It was the year I was to die as I can predict death astrologically. He informed me that he would be handling the energies for the coming year and not to worry. He said I would experience some setbacks and "not to lose heart." The setbacks were quite minor given the magnitude of my

planetary aspects and in many respects, the year turned out to be joyous for me. This was a miracle. I am grateful to him beyond words.

I wrote the above sermon several years ago. To this day, Satan has always been very positive in every way for me. He is the most lovable being I have ever known.

Knowledge

There is overwhelming evidence that humanity has been the victim of an alien race for thousands of years masquerading as "Jehova." Unfortunately, most people have a blind spot to this, as most of the world is under the spell of Christianity, Judaism and Islam. We are nowhere in regards to spiritual ability or knowledge as this has been systematically and vehemently suppressed and controlled for centuries in order to keep this power in the hands of a few. As for science and technology, we are also way behind, as the Christian Churches have viciously attacked science and scientific thought for centuries.

The enemy programs have succeeded in preventing humanity from developing and evolving spiritually. Our knowledge and application of mind power and magick are minimal. If one helps a hatching chick from its eggshell, or an emerging butterfly from its cocoon, they will be damaged forever. The muscles and coordination used to work their way out at this critical stage enable the creatures to become strong and healthy.

The enemy programs preach to "have faith." In other words, don't do a thing! Don't question, just "have faith." All lies and scams are dependent upon total faith. One does not question. Father Satan teaches us to stand on our own two feet and to become strong and question everything. Only through doubt can we learn the facts.

True witchcraft and Satanism go together as the word "witch" means "wise one." Satan teaches us how to empower ourselves spiritually and he grants us the knowledge to use this power. We are aware that humans can throw a curse but just think of the power behind a God throwing a curse, or many Gods for that matter. In spite of some technological breakthroughs and advancements, the human race is nowhere in regards to mind/spiritual power and the use of real magick.

The enemy programs have done a job, seeing to it that we don't advance or evolve in this area as they condemned witchcraft and turned most of humanity away from the only one who is willing to help us, Father Satan.

By preaching helplessness, self-sacrifice, denial, doing NOTHING, being a victim, suffering for so-called "sins," punishment and all of the suicidal teachings that go along with this, they have set us up for doom, which has been their ultimate goal. The survival of a species depends on the ability to DEFEND itself and THE ABILITY TO EFFECTIVELY FIGHT BACK AND DESTROY ITS ENEMIES! The human race as a whole is completely helpless when it comes to psychic and spiritual warfare.

Satan and the Original Gods have been trying to help us. Only through Satan, can we truly advance spiritually. Satanism is the ONLY religion that does not

preach helplessness. One can never be strong enough. Forget about where other people are at in regards to inner strength. Most are damning themselves. Weak people only drag us down if we let them. All of the Christian and Muslim related programs destroy the human spirit. They preach self-blame, self-loathing, shame, self-mutilation, pain, atonement for "sins" and other destructive ideologies that are designed to kill and corrupt the human spirit. By following these false religions, people damn themselves while Gabriel and his alien ilk laugh with hatred at humanity, and reap energy from human souls.

Much of the information available today in the form of "New Age" teachings has been infested with the same suicidal anti-life Christianized teachings. Wicca is a corrupted version of the old religions with the same message- just be a victim! Wicca, along with Christianity also promotes injustice. Any attempts to take any self-initiated action or carry out justice are met with warnings about "karma," "the threefold law of return," "the ten fold," and other teachings of fear used to create slaves. People who preach this garbage fall right into the hands of the enemy who works through them to set others up as victims who believe this insanity.

The sorry reality is humanity, as a whole knows nothing about spiritual empowerment and the use of magick. Due to centuries of not using any of this ability, we are not evolved. We cannot defend ourselves spiritually and this is serious. We have been indoctrinated to be helpless.

The enemy religions have also done a job at destroying spirituality, turning it into something ugly on the one hand and something of a sorry joke on the other. The atheistic scholars scoff and laugh at the occult, leaving out a very important key to the advancement of humanity. These religions are a stepping-off point to atheism. This is what the enemy wants. Atheists can be easily manipulated by others who are adept at using psychic powers, as they don't believe in the astral world. This way, power can be kept in the hands of a few human beings who make slaves out of the rest of humanity. That is what communism is all about. There are reports concerning how the Vatican made a deal with the alien Greys. They deliver the souls of the deluded Christians to the Greys in exchange for wealth and power. The Greys use the souls for energy.

We Satanists are very important, as we know the truth, but knowing isn't enough. We need to keep learning and applying what we learn. Knowledge and truth are of Satan. The more we do, the more we can do. Study, learn, and apply what you learn, the Satanic way; without fear. The fight is not over. The enemy programs are the funeral wreath of humanity and must be destroyed.

Most of us know natural law; the strong survive the weak. All of the technology in the world won't save us, if we can't fight back spiritually. All aspects of magick are essential; develop your mind and your spiritual abilities. Limitations are not a part of Satanism.

Spirit Abuse

I wrote this sermon a long time ago when I was new. Much has happened since then. This sermon concerns spiritual abuse. The Demons are no longer bound. Five dedicated priests of Satan performed energy work on each of the Demons by connecting our souls to theirs over a four-month period. The Goetic Demons are not monsters we found, but important and popular Pagan Gods, many of which are Ancient Egyptian. Anyone who is foolish enough to call up a Demon using the abusive methods taught in the popular Jewish written grimoires such as the "Key of Solomon" will be in for a rude awakening.

There is so much literary trash filling the bookstore shelves concerning the occult and magickal practice. Many so-called esoteric societies and orders are nothing more than Christians as they honor and work directly with Jehovah's angels, use Christian and Hebrew symbols and practice spirit abuse.

I read one of these books written on Goetic evocation.* In preparation to "calling up a Demon," the author who is nothing more than an abusive sorcerer describes in grave seriousness all of the senseless daily rituals, prayers to "YHVH," along with special diets, sexual abstinence, ritual bathing and "fumigation." In addition, this foolish individual is terrified of the Demon he is so intent upon abusing, so of course, he has to petition angels for help.

After the abuser's repeated and exhausting attempts, the Demon finally appears, some months down the line and roars, scaring the holy shit out of the abuser and his partner. "Thou Fools!" the Demon roared. This author is so stupid and spiritually ignorant; he can't even see that the Demon is toying with him. The spiritually abusive author trembles in the confines of a 9-foot circle, along with his partner.

The book reads on and after repeated attempts using coercion, threats, and so forth, the author is able to secure a few more visits and becomes bold enough to demand financial assistance. The Demon replies that he is "unable to come through," as he has "no power over the economy in this day and age." All the author got out of the experience was lies, double-talk and much wasted energy. The author said the experience "took everything out of him," aging him physically, mentally and spiritually. He got what he deserved! These fools never stop to think that in death, there is no protective 9-foot circle and when one's soul leaves one's body permanently, the Demons they have made enemies of will be waiting. The energy of a human spirit is nothing compared to the power of a Demon. I know because I have invoked both Demons and deceased human souls.

When we go to Satan with a pure heart [total honesty], we are rewarded with knowledge and spiritual wisdom that few are ever able to receive. Demons appear to me on my altar, speak to me at various times, and give me advice and

support very often. They just come to me. I don't even have to ask, not to forget to mention money. I don't know how many times I have found or practically walked right into money. I have never gone without. It is also comforting for me to know I have real spirit friends who look out for me. I will be happy meeting them when death comes. I always treat the Demons with extreme respect and always try to give something back in gratitude.

I have found in my relationship with Father Satan, one of the most important things to him is honor. Satan hates phonies, hypocrites, liars, weaklings, cowards and people whose word is no good. Satan is strong on commitment and above all, honesty. You make a promise to Father Satan and he will take you up on it, keeping his end of the deal as well.

I was surprised to have Demon friends I never even met or summoned, offer their assistance when I was having problems. Andras, who has a reputation for killing those who try to summon him, appeared to me and offered to help me. The reason he has been upset is because of the extreme disrespect and spiritual abuse he and other Demons been shown for centuries by idiots, such as the author of the above mentioned book.

In addition to the Demons who suffered horrendous abuse [worse than the above], at the hands of this Jewish scum for centuries, these abusers extend their abuse to other beings such as elementals, pixies and other astral beings. Abusive sorcerers are hated by astral beings everywhere and in death and in their future lives, they will pay.

Satanism is the only way to true spirituality. In finishing, I would like to add, there is little or no need for props, OTHER, than of course, those shown out of respect, such as incense to sweeten the air, candles, an altar and other tokens of respect, if one desires to perform ceremonial rituals. I always bathe before a ritual out of respect to Father Satan and wear clean clothes.

Demons don't need "a license to depart." This is as insulting as the 9-foot circle. Remember, we are Satanists and the Demons are our friends. -High Priestess Maxine Dietrich

*Goetic Evocation: The Magician's Workbook Volume 2 by Steve Savedow, second printing, 1999

The author wrote of his experience in summoning Bim/Bune. Many Satanists have met Bune. She is friendly and helpful when shown the proper respect and summoned through Satan. The sad thing is these Demons are friendly beings and they have been viciously abused for centuries under the direction of those alien angels and the related alien entities that operate as the fictitious Jehova, and who work through abusive sorcerers who use parasitical magic, mainly Jews.

The Truth About Satan

One of the most important things we can do as Satanists, is to establish a strong relationship with Satan. Many people look to books, writings, and other information, instead of going directly to Satan himself. Reading books can open a door, but this also instills in one's mind many assumptions, that when meeting him and getting to know him, we find are false and confusion ensues.

There has been so much Misinformation, slander and lies written about Father Satan. Nearly all, if not entirely, this has been invented and spread by his enemies, people who don't know him, people out to make a fast buck and people indoctrinated with Christian or other related lies.

These lies have shaped much of the mass mind concerning Satan. I receive many e-mails from people who have been misinformed and expect Satan to be a certain way. Take the Satanic Bible and the advocating of greed. I can tell you from experience, Satan is not greedy. We can easily see how greedy the Christian Churches are. Nearly everything of what the false enemy god is and does, is blamed on Satan as a distraction.

True Satanism is not a trip through Disneyland. True Satanism is about personal advancement along with becoming and evolving into a god, which brings spiritual liberation. Satan helps us in our lives with whatever we need, but in contrast to the many stories, he does not bestow extreme riches, fame and fulfill every wish in exchange for one's soul.

When we give our souls to Satan, he assists us with bestowing upon us much knowledge, direction, wisdom and personal power that will enable us to evolve and advance into godhead. When we die, we will no longer be just a spirit, we will emerge much more powerful and if we reincarnate, we will be born into a higher existence, a better life. In advancing to become a god, one's life will change for the better. One will no longer have to tolerate injustice as one will have serious power and understanding, way beyond that of the average person, with the ability to heal one's self and affect one's environment, influence and even control others.

One advances by living life to the fullest, pushing one's self past physical, psychological, mental and spiritual limitations and overcoming boundaries. Inactivity and abstinence lead to degeneration. The human body is a perfect example in that muscles that are not used, atrophy. A mind that is unused becomes dull and stupid. The same can be said for the human soul.

There are No Mediators in Satanism

I am writing this sermon in reply to a letter posted to the Teens for Satan e-group concerning someone who was using Satanism and a feigned relationship with Satan to manipulate other people. The victims were young and unknowing.

THE SATANIC CLERGY IS HERE FOR GUIDANCE AND SUPPORT ONLY- NO ONE COMES BETWEEN US AND OUR PERSONAL RELATIONSHIP WITH SATAN IN ANY WAY. THERE ARE NO MEDIATORS IN SATANISM!

All it takes is one person who has a little intelligence and manipulative ability than the average person. Manipulative ability can be obtained while doing prison time. The ex-con then gets out and looks for those who are young or vulnerable to prey on. He/she more than likely uses drugs, although less than his/her followers who he/she remains in control of and with what these individuals advocate, if they haven't already been to prison, they will more than likely wind up there. Drugs are part of the control. Charles Manson learned this in prison and applied it to his followers. He did lesser amounts of the drugs while his followers got stoned out of their minds. This was one way he manipulated them. Most are now spending the rest of their lives in prison.

Another letter was posted in the Teen group today. A girl is a virgin. She is comfortable with this. Her friend was wondering whether she would have to "lose her virginity in order to become a Satanist."

The point is- remember true Satanism is about being yourself and being free. No one is expected to do anything that they are uncomfortable with or anything that is not a part of their nature.

I allow everyone to follow the dictates of his own nature
— Satan [from the Al Jilwah]

There are books written about magickal practice, I believe some by Aleister Crowley. These teachings instruct the readers that they must do certain things to break down barriers. This is utter bullshit and I equate it to walking out in front of a large truck in order to see what it feels like to get run over [if one survives]. I am adept. I have never had to resort to any of this misinformation and garbage. Neither should anyone else.

There are many different ways of empowering one's self and overcoming limitations, both physical and psychic, without having to resort to harmful actions. For example, advanced martial arts training gives one an enormous amount of power. This, when properly directed and applied can accomplish all kinds of feats. Most martial artists do not have the knowledge of how to apply this power outside of physical combat. We Satanists do.

People who use kids or claim to have an "in" with the Devil in order to manipulate others and feed off their energies are in reality very weak. The ONLY initiation one needs is between one's self and Satan. No "High Priest/ess" or anyone else should have any control or power over another person. Satanic clergy offer guidance and support- that is it. Members of the Satanic priesthood are gifted people who can act as mediums in imparting knowledge, but if you are ever in doubt, go to Satan yourself. If something doesn't feel right for you, then don't accept it.

Remember, as a Satanist, the only one with authority is Satan himself. We do not answer to any human beings.

Magickal Practice and the Importance of Environment

Back in 1534, Benvenuto Cellini, an Italian Renaissance painter wanted to experience a "magickal operation." He met with a Sicilian priest versed in the art of ritual magick, a friend Vincentio Romoli, a 12-year-old boy, and a second magician, accompanying the priest. Cellini wanted the love of a woman. Of all the places to choose for a ritual, they went to the Roman Coliseum.

They cast a nine-foot circle and after an hour and a half, some spirits showed up and communicated to the group. They related that Cellini would have his love within one month. Then something went terribly wrong. More and more spiritual entities kept coming and then began getting aggressive. Within a short time, "there were too many spirits present." The 12-year-old boy screamed, "They were all being menaced by a million of the fiercest men they had ever seen." "Four giants, fully armed, were trying to force their way into the circle." The child cried out that "the Coliseum was on fire and that flames were rolling towards them."

The group huddled together in terror, the magician threw more asafetida on the fire in piles, and after a while, the spirits left in a fury. The group stayed huddled until morning and only a few spirits remained "and these at a distance." Upon leaving and running home, a couple of spirits chased them.

The Roman Coliseum of all places was a very poor choice for a love ritual. One person dying a violent death gives off negative energy, but thousands of violent deaths along with the all of the death emotions- the Gladiators, lions and other wild animals ripping people to shreds, and the intense violence leaves its mark for centuries.

A proper environment with energy that is in tune with the goals of the ritual is important, obviously unwanted influences can affect a ritual or magickal operation for the worst.

Music, thoughts, recalling past experiences or fantasies are important as well to creating a mood and environment supportive to the goals of the ritual.

With Satan Again

Many people who are new to Satanism are concerned about whether they belong or whether Satan will accept them. I have found many of us have been with him before, in previous lives.

He has placed many of his people here at this time because the earth is reaching the end of the Age of Pisces.* Major transforming changes will take place.

I look back through my life, even my early pre-school years and I can now clearly see I was always of Satan. I was born with a mark, an unusual birthmark. I was drawn to the occult at an early age.

A strong interest in the occult and in Satanism can indicate one has already set foot on the left hand path in previous lifetimes. We were somehow different and never really fit in.

Other religions do not work for children of Satan. The energies clash and when a child of Satan is in an enemy environment, such as being forced to attend a Christian school, much unhappiness will often be the result.

Contact with Demons also extends into past lives. They will usually make contact again with us again in this life. Some of us have been with Satan through many, many lifetimes.

*I wrote this article several years ago. Since then, Satan has reincarnated every soul that was in Hell here on earth to do battle. All of these souls are of Satan and will fight for him in the coming years against the enemy.

Satan accepts most of the people who come to him. He does not accept those who are dishonest with him, think they can try to use him or come to him for alternative purposes.

Satan is very strong on honesty in that anyone who goes to him must be honest with him. People who think they can lie to him, show him and his Demons disrespect or use him in some way are in for a rude awakening.

The Truth About Human Sacrifice

Christianity has a long track record of blaming and accusing Satan and Satanists of everything they themselves do and promote. This is very deceptive and creates a powerful distraction, as most people do not research the facts. The Nazarene is a human blood sacrifice they repeatedly celebrate during every Christian mass or service.

http://www.angelfire.com/dawn666blacksun/ChristianMass_JewishRitualMurder.html

The Catholic Church being true to its mission of destroying and removing all spiritual knowledge went on an all out rampage of mass murder and torture unequalled in all of recorded history until the coming of communism, which is the stepping-off point for Christianity. See "Inquisition," and Malleus Malficarum; also known as "The Witch's Hammer." The Malleus Malficarum was authored by Jews.

http://www.freewebs.com/see_the_truth/Inquisition.html

<http://www.sacred-texts.com/pag/mm/>

Examples include: Christians proved that a human being, skinned alive can survive until the skin is removed to the waist. Many innocent people were slowly boiled to death, to prolong the torture. This hideous list goes on and on. Extreme pain can cause anyone to do or say anything. Unfortunately, many "confessions" obtained under extreme torture are to this day assumed to be valid and used by the Christian Church as a tool to frighten people and enforce their lies, no different from communism and the tactics used by the NKVD and its successor, the KGB.

So much knowledge of a spiritual nature was systematically removed, cutting humanity off from its origins. This knowledge was replaced with false doctrines that incited fear and worked to turn everyone against the truth. Elaborate horror stories and sick twisted information became the norm as these were deliberately heaped upon Pagan religions outside of Christianity.

Racial and cultural memory is a fact. Those who look to alternatives find little if anything of a positive nature concerning Satan. Anything that does not conform with the Judeo/Christian concept of Satan is vehemently suppressed in the mainstream bookstores and media. Misinformation about Satanism, concerning living blood sacrifice, mutilation of self and others, drug abuse and self-degeneration is easily and readily available, and is blamed on Satan, but if one reads the Bible, it is all in there, and is in reality, the underlying theme of Judeo/Christianity. Slavery, gang rape, genocide, cannibalism, sexual perversion, eating of feces, mass murder, injustice and torture are all a major part of the Judeo/Christian Bible. People, who believe the sick garbage written

about Satan often commit so called "occult crimes." Christianity is responsible for all of the "occult crimes," NOT Satan or his Demons!

As one can see with the Inquisition, the torture was severe enough to force one into saying anything. One heinous accuser and interrogator of "witches," Benedict Carpzov, read the Christian Bible "53 times." He also authored a manual "Practica Rerum Criminalum" advocating the use of extreme torture for "suspects." It is more than obvious to see where all these sick ideas come from. Ancient spiritual texts given to us from the Gods were destroyed and replaced with this sick, meaningless, literary filth, designed to keep psychic power in the hands of a select few.

As for true sacrifice, this applies to allotting one's time, effort and Creativity for the advancement of one's soul. The joy of serving Satan is well worth any sacrifice of our time. The more we do for Father Satan, the more he does for us. The stigma of human sacrifice must be removed from Satanism. This does nothing but make Satan look undesirable and perpetuate the stereotype of our people being looked upon as loonies and psychos, when this is so far from the truth. Occult crimes are not a part of Satanism. Satan, himself referred to the small percentage of fools who do this as "lunatics."

Blame Shifting

By now, everyone is aware of Andrea Yates and how she murdered her five children. The news stories are full of reports that this woman claimed she was "possessed by the Devil." She even went as far as to state she had 666 on her scalp (obviously from watching one or more of "The Omen" movie series). There are also numerous news reports that the family was heavily involved with fundamentalist Christians.

What most people fail to realize is, looking deeper into this insanity, at the root, AGAIN, we find Christianity. Christian teachings are chock full of this kind of ludicrous garbage, "Demonic possession" and all the rest of that insanity! All this is again is LIES. LIES to keep people away from and terrified of Satan and his Demons; the only ones who are willing to help humanity. The real reason these people get so hysterical is because of a lack of power and knowledge. Christianity has stripped humanity of psychic understanding and power. It is and always has been nothing more than a tool to remove knowledge. Mental institutions are full of Christians, many of whom believe they are possessed by Demons. Mental illness is rampant within the Fundamentalist Christian population. Children raised in Christian homes are often indoctrinated with fear and subject to extreme abuse. Doctrines of eternal damnation, evil, torture, self-blame and self-deprecation, spooks, and the like are drummed into these children at an early age, creating life-long hang-ups and this often leads to insanity.

Christianity is to blame for the crimes committed from these sick teachings. Christianity sets people up mentally, physically, psychologically, and spiritually for this insanity. Education and this foul religion do not go together because Christianity's entire foundation is based upon lies. The Christian is warned never to ask any questions, as this represents "a lack of faith" and is a "sin." Christians are taught not to think, only to "have faith." Fundamentalist Christians are indoctrinated against having any physical pleasure. They are taught to condemn themselves for any physical expression, to repress their sexuality, and to suffer for "their sins." Psychologically, fear is an ever present factor. Low self-esteem, a lack of self-confidence and every other ugly thing goes along with these suicidal teachings sets one up for insanity. Spiritually, Christians are weak. Most have never experienced or will ever understand true spirituality.

With all of the above, we have a walking time bomb. Tell a male dog not to raise its leg when it takes a piss or like Christians would do, punish it; tell a tiger not to eat meat, a duck not to paddle in the water, a boa constrictor not to squeeze and this sets the stage for psychosis. Humanity has been living under these alien anti-life rules for centuries. One is taught to hate one's self and feel shame for being human; for being alive.

These very religions set these people up to do what they do, then like cowards, they blame Satan instead of taking responsibility for their own actions. Satan has nothing to do with them or their actions. They are the products of their sick religion. Who put these sick teachings into their heads? Who imposed unnatural alien standards into these peoples' lives for them to live by? Satan has nothing to do with any of these sick teachings or laws, but whenever someone reacts from a lifetime of being steeped in this insanity, Satan gets the blame. LOOK TO THE SOURCE!

Blame shifting is glaringly apparent in the story of "Faust" by Johann Wolfgang von Goethe. Faust sells his soul to Mephistopheles. Again, looking closely, Mephistopheles did no wrong; he only told the truth. The Christian Church was the one punishing and condemning everyone in the story; punishing people for being human. That Christian alien "God" and his religion have an intense hatred of humanity and anything human. In the end of the story, again, Satan is blamed. This is so typical.

Father Satan is the only one who understands humanity and accepts us as we are. He doesn't try to make us into something we're not. People who follow the Christian teachings of the alien enemy, condemning themselves for being human are a threat to themselves and society, as history and the tragedy above, so blatantly illustrate.

Only when these sick alien religions are completely destroyed, will humanity ever be able to succeed.

Feeling Confused?

Occasionally, many of us feel a little psychically thrown off balance or experience some confusion. My own personal experience in having this problem usually comes down to one source, some stupid Christian or group of Christians is praying for me. I remember one time when I was experiencing negative thoughts and the enemy kept invading my head, which I promptly cursed; this Christian woman was bold enough to admit to me that she was praying for me. When I explained that I had signed my soul over in blood to Lucifer and that I was happy, the mild psychic upsets stopped. Usually, if one tunes into this and knows what it is, the offending Christian will be exposed.

Everyone has thought energy, even Christians. I usually experience their prayers as a psychic nuisance or annoyance, an unwelcome invasion. As for the act of the Christian attempting through "prayer," to coerce their offensive and odious beliefs on someone who rejects them, I find this insultingly rude and disrespectful. At any rate, knowing what it is and where it is coming from usually solves the problem.

Thoughts have energy, regardless of where they are coming from. This can vary from person to person, depending on one's intensity and the strength of one's soul. Some people are born with a stronger energy field, regardless of their beliefs. This is one of the reasons the Christian Bible tells followers to "have faith." Many times, with prayer groups or with extreme concentration, Christians can make things happen, and then they believe it was the Nazarene.

So much for the hypocritical Christian teachings of "free will."

Note: This article was written when I was quite new to Satanism. As of 2015, Christians, no matter how hard they may pray for me or try to harass me, have no affect on me whatsoever, as I am now 100% solid in Satan's truth. Their lies have no affect on me anymore or in any way. I know the truth and what they are all about.

Thinking for Yourself

Here is an excerpt from the book "Hoaxes" 1940:

"A coin about the size of a fifty cent piece was passed around a class of 48 boys from 14-17 years of age with instructions to examine it carefully. At the end of the class period, the instructor asked each boy to draw a picture of the coin, indicating the position of the hole in it. Although there was no hole, all but four of the forty-eight indicated one, some even drawing two holes. Of the four, only one, the bad boy of the class unaccustomed to obeying orders, was positive that there was no hole."

Those who are disobedient and do not conform are always labeled as "bad" "a problem" "evil" and so forth. People are indoctrinated not to think for themselves. People who cannot think for themselves are often sent to their deaths or worse in obedience.

Satan and his Demons have been trying to get through to humanity for centuries. Is that everything is backwards. We save our own souls by thinking for ourselves. Everything *is* backwards spiritually, as nearly all of the original spiritual teachings have been corrupted. Christianity, Islam, the Holy Bible and related are constantly being touted as "good" "the word of God" "the truth" and so forth. All of these are lies. Christianity and its cohorts are pure evil. Christianity is Jewish invention for Gentiles, as is Islam. There is nothing spiritual about it, as all of the original Pagan spiritual doctrines and concepts, along with Pagan holidays, such as the Yule were forcibly hijacked and replaced with fictitious Jewish characters, and other Jewish themes for Gentiles to slavishly worship, creating a very powerful subliminal link. The "Holy Bible" is nothing more than a powerful subliminal, that is why it is full of numbered verses. For more about this, please see

The Holy Bible: A Book of Jewish Witchcraft

http://www.angelfire.com/dawn666blacksun/Bible_Jewish_Witchcraft.htm

The enemy forcibly promotes nothing but lies. In order to be scammed, one is discouraged from questioning or thinking for one's self. Conformity is of strict importance in enslaving and damning the herd. These people are fools. They are so blinded to the lies of their own "God." They have a wall up in their minds.

Some people wake up through personal tragedy and many turn to atheism. The Christians rant and rave "slavery", "low self-esteem", "death", "suicide", "confusion", the "Prince of deception and lies"... What they cannot see is that is their own "God." Their own "God" is the master deceiver. Everything is backwards.

The Satanic Symbols are more than just representing the elements, their message is very important for the few who will listen. Always think for yourself.

The Yule Season

The Yule season is a season of enjoyment, indulgence and feasting.

- Cooking
- Baking
- Gift giving
- Decorating
- Building snowmen and winter sports in places where there is snow
- Tree decorating
- Blue lights in honor of Lucifer
- Partying
- Santa Claus for the kids
- Shopping and more.
-

The Nazarene as you can see has no place in the Yule season. December 25th is actually the Persian deity Mithra's birthday, for one. The Yule was stolen from the Pagans and incorporated into the Christian religion as Xmas. Pagan peoples were celebrating the Yule long before the false program of Christianity forced itself onto the scene. We need to take back our holiday!!

Celebrate and Indulge!!

Letting Go

I have found in my relationship with Father Satan, it is important to just let go. Satan says in the Black Book, "I exercise dominion over all creatures and over the affairs of all who are under the protection of my image."

Having faith can be very trying for many of us. There are those of us who have been abandoned and abused spiritually by the teachings of the enemy, those of us who have been repeatedly screwed over by other human beings, those of us who have witnessed both in seeing it done to others and loved ones, the sorry list goes on and on. It's called reality. Someone was upset with me a while ago and said "You don't trust anyone" I said back "that's why I am still alive." In this world, we can't fully trust others, unfortunately.

Father Satan is different; he works with us to heal our psychological wounds and to establish trust. I have learned not to worry; just to let go and let Father Satan handle my affairs. He does every time and everything works out for me in a positive way. He has never let me down and has ALWAYS been there for me in my time of need. *

The same goes for working magick, using our minds and influencing people. When we completely let go and just focus, this is when our workings are most effective and powerful. When we worry, are distracted, or are overly concerned with what we are doing, we defeat ourselves.

– High Priestess Maxine Dietrich

*I wrote this sermon several years ago. Since then I can only say the same. Father Satan has always been there for me, and he is true to his word. He has never let me down. I have never known a more wonderful being. He has turned my life around in a most positive way and he has given me much inner happiness.

In addition to this, when we worry, we are putting negative and undermining energy, along with doubt into a situation. Negative energy can ruin any working we may be doing. It is extremely difficult for most people to put aside worries, especially in a crisis situation, but with a well-trained mind, it is not so hard. Worry can cloud our judgment and prevent us from thinking rationally, preventing us from solving problems. Once we put our directed energy into something, it is best to let go and try to forget about it so it can work and do its job.

Christian Psychic Attack

When Christians pray either alone [those with a strong mind] or in groups, they can cause those they are trying to coerce into Christianity to have nightmares, doubts or to feel confused. This is nothing more than plain psychic attack and it will eventually go away. Those of us who are strong in Satan are immune to it, although we can still pick it up, as most of us are psychic.

Remember, Christians always use fear tactics in some way. Their negativity shows. They have thought energy like everyone else. Some of those fools will single a non-Christian out and hit him/her hard by having an entire congregation pray for him/her for a whole month- so much for their lies and hypocrisy concerning "free will."

I received a personal e-mail from someone who wrote that they were troubled by bad dreams and Christian thoughts. I picked up on this also; this is why I am writing. Azazel told me a Christian mass was said against this e-group.* Obviously we are really a threat. This always gives me more motivation.

Remember, many of us become victims of Christian prayer. If you are ever feeling confused or distraught, just know where it is coming from. You can also pray to Father Satan. Christians know they cannot openly post to any of the Joy of Satan e-groups or forums, but as they do with many other Satanic e-groups, they spy on us. We will win in the end, and Father Satan will punish them. Christians damn themselves.

I am psychic and I can always sense Christians. In time, when one becomes really strong in Satan and knowledgeable, the attacks will no longer have any effect. Knowledge defeats Christian lies. Knowledge is what you see for yourself every day- it requires no explanation or interpretation, it can stand alone. The same thing with the planets revolving around the Sun; the earth is round- once you know this, no amount of lies or psychic attack will convince you the universe revolves around a flat earth. You know the truth. Also, you can ask your Demon for help to punish those deluded idiots.

– High Priestess Maxine Dietrich

*Many of these sermons were first posted to the Joy of Satan e-group.

Halloween

There have been reports of hysterical mothers ranting how a teenager of theirs, got involved in "role playing games" which led to "occult activities" which further led them to "Satanism," and they ended up committing suicide. As for those role-playing books, the contents in some are sick beyond belief and have NO relation to Satanism whatsoever, other than from a warped, twisted and sick Jewish mind and Christian point of view. These troubled kids, who are too young to think critically, and who have been brainwashed with Christian sickness in seriously dysfunctional homes, have no positive alternative outlet and believe these lies, take this stuff literally, believing it to be "Satanism."

"Infernalism: The Left Hand Path of Screams," by White Wolf was one of the worst fabricated diatribes on Satanism I have ever seen. This is one of the many direct, slanderous, and negligent attacks on our religion where the author/s, should be held accountable in a court of law for writing this crap. Unfortunately, Satan is the one who always gets the blame. These maggots who make money off of these slanderous lies, should be held accountable for their actions. The Jews control 96 percent of the media unfortunately and unbeknownst to many, promote these kinds of attacks against Satanism, as "Satan" means "enemy" in Hebrew. In addition, most people are unaware of the fact that the Jews are the ones who push and promote Christianity, especially in the media, when all the while putting up another false front that they are and have been persecuted by Christianity, thus they are opposed to it. Nothing could be further from the truth. As the Jews control 96 percent of the media, they are at liberty to censor and anything that does not conform to their agenda to enslave the world is attacked and rejected, also labeled as "evil."

This also brings to mind another matter. Halloween is a fun time where kids and adults alike, party, dress up in costumes and have lots of fun. This is a good thing and should always take place every year, as it is a positive thing. What is NOT positive is how people don hideously ugly masks with horns, etc., making a mockery of Father Satan. There is an infinite variety of characters one has to choose from without having to resort to making a mockery of the God we revere, and hold sacred.

Let's turn the tables here. You know if the Nazarene wasn't such a sorry joke, with all the blood and gore, he is actually scary.

For starters, a lightweight wooden cross hollowed out on the inside can be equipped with a small sliding door where candy and other treats can be inserted. In addition to acting as a candy receptacle, the cross can be used to defend against thugs who, through laziness would rather rob legitimate trick-or-treaters of their hard earned candy than go door to door like the rest. A neon crown of thorns can be wired to a nine volt battery, blinking on and off, followed by lights circling around the head in different colors. Another battery can supply a small,

though loud, speaker booming out church organ music, every so often intercepted by- "Have you heard the good news?" "His pain, your gain" "Have you been saved?" "Jesus loves you" "This is my son in whom I am well pleased" and other related idiocy. This way, one can hear the Nazarene coming for blocks and get the basket of candy ready at the door. A placard can be attached to the back of the trick-or-treater, advertising: "CALVARY OR BUST!" Fake blood tubes can be hooked up to the palms where they can squirt stingy people who refuse to insert treats into the door on the cross. Fake blood must also be applied to resemble the stigmata and other gore. If one really wants to get elaborate, a whip can be included.

As for year round, the kiddies shouldn't be left out on the fun. Here's where a Jesus action figure would come in handy, coming with his own toy cross, hammer and nails, holes in the hands and feet where the toy nails can be inserted, providing a good vehicle for developing hand/eye coordination, release of frustration after being told "no" or disciplined. The action figure should be flexible enough to go from the cross to the "pillar" where a toy whip can "scourge" the Nazarene for his sins against humanity. [The pillar and the whip are included with the Nazarene]. The INRI" at the top of the cross can snap on and off, providing a variety: "His pain your gain," "Pepsi-Cola," "Pedophile on a stick." A variety of funny faces/accessories can also be included. Various heads can be snapped on and off. Some of you who are old enough might remember "Kool-Aid's" rival who had packets of funny faces- "Goofy-Grape" "Berry-Berry." These characters would quite fitting. Enough said?

In closing, most role-playing books are based upon the occult and the powers of the mind. Angels work to keep humanity from accessing or knowing of the powers of the mind, usually through ugly experiences that create fear or even worse. Angels incite suicide in those who are susceptible, NOT Satan or his Demons. Those of us who have made a commitment to Satan are under his protection. Those who are without are on their own.

With the Christian focus upon death [the fixation upon "Armageddon" along with the Bible being full of mass murder, torture and other anti-life human-hating teachings]; living for their death [living their entire life for and waiting for being taken up to "heaven"], and worshipping death [the dead Nazarene on the cross], a powerful subliminal connection is made. Christianity was built upon a foundation of murder, torture, and lies. The Jews, being very clever have had a history of blaming everything they are and do upon their enemies. This creates much confusion in the average person who is and has been heavily programmed to conform and to believe whatever he/she is told, especially if many others also believe.

The Catholic Pope

The Catholic Pope is the epitome of the Christian religion. What does he do? He sits, and sits. He is like an empty shell. He has no personality. He is just a waste of a human being who just sits and sits. This is the epitome of a Christian "saint."

People really don't need to go to the bother of carting these deadbeats around. One just needs to bring their picture and prop it up where it can be seen. This saves a lot of time, trouble, energy, and it serves the same purpose. The same goes for these so-called "saints." They say nothing. A perfect slave has no personality, whatsoever!

This is the complete opposite of spirituality. Spirit means life, feeling, motivation, essence, and purpose. True spirituality is not characteristic of one who moves about as if they have a motion sensitive bomb strapped to them, or one who stares into space like a catatonic.

One with spirit lives their life to the fullest. The Catholic Pope and company are prime examples of the anti-life and anti-spirituality of their death promoting religion. The appearance of the Catholic Pope is much like that of dragging around a rotted corpse. There are reports that the top clergy in the Vatican at one time made a pact with the alien Greys- souls in exchange for wealth. The Greys harvest human souls in a mass of energy they call "The One." The Christian religion has no spirituality. It is all material and focused upon death.

Last year, when the pedophilia scandals were finally out of the Vatican's control, the Catholic Pope addressed Satan as "His Infernal Majesty." It can be seen in front of the world that this Pope of theirs has really gotten a spiritual beat down.

[This sermon was primarily written about that "Pope John Paul II" idiot, but also applies to a very large number of those popes.]

Learning

The occult sections in most bookstores are full of misinformation and lies. If we are open enough, Satan and the Demons who are the Original Gods will teach us. The key is to have an open mind, and to put aside all past programming. Satanic "prayer" is when we communicate, silence is when we listen. After I "pray," I remain quiet and open. Answers come in the form of ideas, intuition, coincidences, and opportunities.

If your third eye is fully open, you will be able to see Demons as they speak. There is no need to go through the procedures of a formal summoning. The closer you get to Satan; Demons will come to you on their own. This is beautiful, as they are our teachers and our friends. What has been written in the grimoires sickens me. Like everything else the enemy has been into, these writings show one how to destroy true spirituality. You don't ever disrespect or show arrogance to your teachers. This is one of the greatest opportunities to learn, that is offered to us, and is sacred.

If you ever summon a Demon, there is no need for a "license to depart." Let them come to you, teach you, and guide you. Never waste their time. Put the learning into action to better yourself. We can do our Demons friends a favor, by fighting against spiritual ignorance and stupidity. Let others who are misguided by popular occult book garbage know how wrong this is if you ever run across them or see posts on the internet. I always speak up.

Much of what I have learned has been through experience. There is nothing like experience. Books that are properly written can only be a guide. The biggest obstacle in learning is what you already assume or have been taught to assume. Look at things the way they are, much knowledge is in front of our faces, we just don't see it, because we've been taught not to.

When we make friends with the Demons, many things in our lives are taken care of, without the asking like justice for instance.

For centuries, humanity has been closed off from spiritual help because of the enemy religions. We have remained spiritually ignorant and in the dark.

The Demons have waited in silence. The time has come to aggressively dispel all of the ignorance and helplessness that have enslaved us for so long. When humanity bridges the gap with ancient spiritual knowledge, the human race will progress as a whole.

Dabbling in Satanism

Satanism is very different from other religions. Satanism is different in that it does not mix. Mixing Satanism and Christianity for example is like mixing water with electricity. I have seen and read accounts where certain people who had an interest in Satanism, still had sympathies with Christianity. There were still strong unconscious ties to the Christian religion, resulting from intense indoctrination. Most of us came from Christian backgrounds and for many there are still some lingering issues and hang-ups. Christian programming is very intense and given the extremely large amounts of psychic energy that have gone into it through centuries of Christian prayers and belief, there is a lot of negative programming that one must overcome in order to be totally free.

In addition to this, Christianity has infested and has been imbedded in nearly everything. Much of this is subliminal. For more information concerning this, there is an added article at the bottom of this sermon.

People who are uncertain of their beliefs and who still have strong ties to Christianity or other related programs, either consciously, or in many cases subconsciously, can be setting themselves up for some very frightening and negative psychic experiences.

Calling upon Demons and going deep into the occult can bring up some very unexpected negative encounters for dabblers. This is the work of enemy alien entities that use fear to keep humans away Satan. In most cases this works, as it instills terror in the dabbler and he/she usually goes running back to the Nazarene and blames Satan. I strongly suggest those who wish to go this far, first become strong in Satan. This can be done by studying and reading everything on this website.

Very, very few, if any, progress in power unless they have a powerful protector. When one who is serious in developing the powers of the mind advances to any formidable level, or has any serious ability, he/she will be approached by powerful entities asking him/her to take sides in the spiritual war. The truly gifted who walk alone usually don't live very long on this earth without the protection of a higher power.

I feel it is important to warn those who are undecided or lukewarm to stay away from calling up Demons or trying to contact spirit entities until they are spiritually ready. Everyone is welcome here, from the dedicated to the curious.

Knowledge should be open and available for everyone. There are some things, though that are advanced and one should wait before getting involved in these practices. At some point, it is a very important step in Satanism to cut all ties with any and all other religions. To avoid doing this is inviting disaster. This must be

done from the soul in that there should be no indecision or mixed feelings. If there are mixed feelings, then one should wait, as this is a permanent step.

Even for those of you who have already performed the dedication ritual, it is still important to deprogram yourself from any Christian indoctrination.

Why It Can Be Difficult to Deprogram from Christian Indoctrination

[February 2015]

This was in reply to a post in one of the Joy of Satan e-groups:

Something I want to add to this thread. I am posting this to all of the JoS e-groups and forums as there are people here who are new and others are still having problems. Most people are unaware of the extent of the mass mind and its influence. The Judeo/Christian and Muslim virus has infested and has been imbedded in the mass mind for centuries. This is all subliminal. In other words, your logical conscious mind is often not aware of it to the extent that it is there, but your subconscious mind and soul take this filth in. In addition to the extent it has infested and imbedded, it is relentlessly pushed and kept going by idiots world-wide. Take just one year for an example... Pagan holidays were hijacked. Millions were tortured and murdered [so much for the Christian lies of “love” and “peace” and “free will.” Christianity has never been tolerant of any other beliefs, especially Paganism. As for the Jews whining about being “persecuted” by the Christians, this is another lie and what little they were was just for show. Catholic Popes during the Inquisition ordered their inquisitors to “Leave the Jews alone.”

Christianity has always been pushed [under threat of torture and death] onto the populace. In Japan, the Emperor kicked the Catholic Jesuits out of the country as they wanted to murder all of the Buddhists that would not convert. The Jesuits are another Jewish program and the Jews retaliated in 1945 with bombing Hiroshima and Nagasaki. Getting back to the year, what were once Pagan holidays and celebrations, all of this has been hijacked with the energies being directed into Judaism and Christianity. If you do some research, this is world-wide and in nearly every country, with the exception of Islamic countries and they do their own spiritual destruction and subliminal ugliness, infesting the mass mind with total rot. Also, in addition to the main holidays, there are other numerous dates where the Christians spew their filth. Take Spain for example, their huge celebration of “Holy Week” and then there is that “Pentecost” which was also hijacked and the list is extensive. Take all of that energy, along with the churches and their slavish worshipping fools, who work relentlessly for not only their own damnation and destruction, but also that of all of humanity and all life on this earth. They are too stupid and deluded to see this.

Then, there is the Jewish-controlled media. All the while the Jews pretend to be enemies of Christianity and persecuted by it... this is to fool the populace. Most people actually believe these lies, while in truth, the Jews promote Christianity zealously behind the scenes, though they do so quietly and secretly, no different from those kosher symbols on our food bottles and jars, etc. Many TV shows and movies are steeped in Christianity. For example, many years ago, "Little House on the Prairie" was aired during what was called "family hour." It not only had heavy Christian themes, but with the Jewish knowledge of psychology, it combined those themes with strong emotional reactions that were intended to be deeply touching for the audience. This sort of thing is powerfully subliminal, especially when it affects more than one sense/emotion. Then, there was the family series "The Waltons" that promoted the same sort of subliminal Christian messages. I haven't watched any regular TV in probably more than 30 years, so this is going way back, but my point is, anyone here with even half a brain is aware of how the Jews control the media. Another one... the 1959 movie "Ben Hur." I heard there was a recent sequel, but I wouldn't waste my time. The music, that filthy Nazarene and all of the of subliminal messages intended to associate Christianity and its related themes in the average mind with deeply touching, profound tear-jerking and emotionally moving scenes. Few people would not be emotionally moved at the ending of that movie and the Jews who wrote and promoted this knew it. I also want to add, that movie was promoted for families, and children saw it and it had bloody violence in it along with other unsavory content that was not suitable for children.

I also mentioned in my other sermons, I like to do crossword puzzles, as do other millions of people. It is glaringly obvious, most, if not all of the word and other puzzle books on the newsstand were authored and published by Jews. Most of these puzzles and even in your local newspaper have queries about that filthy bible. In other words, it is taken for granted that the populace is supposed to just know this lethal garbage, like it is common knowledge. How many of you can walk down an aisle in a market or store during the Yule season and hear instrumental Xmas hymns and even though there may not be words in a particular hymn, how many of you know the lyrics by heart? This is the kind of crap I mean. It is and has been so infested and imbedded; most of us know the lyrics verbatim. The music alone is enough and before you know it, your mind pulls up the lyrics.

Then, for those of us who were forced to go to church when we were under-age, the embedded prayers. The robotic, stupid, meaningless trash that we had to memorize and repeat endlessly. Every stinking vile church service/mass is a repeat of the human blood living sacrifice of that foul Nazarene. It is so repetitive and purposely imbedded to no end. To add to this, most people are literally bored out of their minds and when dozing off or in a mentally receptive state, this psychological poison takes hold like hypnosis. That is where it really gets imbedded and even those with the lowest intelligence levels are very open and receptive as it is endlessly repetitive and reinforced. This is why this world is in

the current state of depravity, the wars, the extreme suffering and every other ugly and negative thing. Individuals do not have to read the bible. All they have to do is to tie into that negative energy and it is embedded in the mass mind and right now, this earth is on the brink of disaster.

The Christian Mass and How it Ties into Jewish Ritual Murder

http://www.angelfire.com/dawn666blacksun/ChristianMass_JewishRitualMurder.html

In addition to its being perpetuated by humanity, enemy aliens known as Greys who have a micro-chip implant, work relentlessly to push this malignant program. Many of us have been directly harassed by this alien degenerate scum spiritually on the astral. Christianity and its related lethal poisonous programs do NOT take "NO" for an answer. Just as humans who have been heavily infected with the Christian virus and tie into its energy have an obsessive/compulsive disorder when it comes to getting others to "accept Jesus" enemy spooks do the very same. Now that some level of Free-thought and freedom of religion have been established in most Western Developed countries, these alien spooks are working even harder in other ways to try to destroy it. Enemy spooks cannot refrain from harassing those of us who know the truth. I will tell you though, there does come a time when they will no longer try to deceive you with the Christian lies. That is when you know the truth 100%. Then, they resort to other tactics of harassment.

My advice to all of you who are having problems getting Christian, Muslim and related imbedded poison out of your minds is to study, study and do more studying. There are a load of sermons, articles and all kinds of reading material on the main JoS website, Satan's Library and Exposing Christianity.

If any of you are having reservations in regards to trying to call upon our original Gods [Demons], then my advice is to wait. There is no hurry. Clear your mind first and then and only when you feel completely relaxed and comfortable, you can go ahead with this. True Satanism is liberation and freedom, especially spiritual liberation and freedom. You only need to be yourself. Nothing is forced upon you. Be aware of and know this. Just be free. If there is something you are not completely comfortable with, then don't do it. Work on yourself and work on ridding your mind of that foul toxic Christian waste first and replace it with positive knowledge, positive thoughts and a positive faith. Positive faith is NOT blind faith. Positive faith is faith in what you know to be true and faith in yourself to make the correct choices FREE OF COERSION AND ANY FEAR!

Satanic Love

With all the New Age hype, there is this emphasis on love, love, love. Love is an emotion. Yes, it is essential to human happiness and one's well-being, but all of this emphasis on "love" has cheapened it and has made it to be something it is not. ALL emotions are equally valid and essential.

The truth is- love is something everyone must earn. Of course, there is misplaced love, as in situations where one becomes infatuated or even obsessed with another person and the love is not returned. These are emotions out of control and can be something very ugly and painful.

Satanism is about being free and living with nature. Love for love's sake, or love that is wasted on ingrates is abuse of this emotion. Foolish Christians are taught to love their enemies. This teaching is suicidal. How long would our bodies last if our immune systems turned the other cheek so to speak and loved invading viruses? These sick twisted teachings regarding love can land one in the psychiatrist's office. This is where so many of these people end up going at certain points in their lives.

Abuse of love, like the other teachings of the Nazarene, leads to confusion and chaos. True love is something that is earned upon a foundation of mutual empathy, kindness, trust, and goodwill between two people. Love is a two-way street. Loving enemies, illnesses and anything and anyone just for the sake of love is unnatural and very unhealthy.

Father Satan loves those of us who come to him with sincerity. He does not waste his love on Christians or other deluded fools who reject him. Satan takes care of his own. This is the true meaning of love. Love is a two-way street.

As for self-love, this is definitely something like self-esteem, which one earns. When you excel or exceed and you know you are the best you can be, you will be proud of yourself. True pride and self-love go hand in hand. I am not talking about mindless arrogance, just recognition of one's self and one's efforts for a job well done, and a sense of accomplishment. People who work to better themselves in one way or another will reap rewards. The rewards are personal pride and a healthy self-love.

Those who do not bother with themselves have nothing to be proud of, and more often than not, these people have low self-esteem.

All of these false New Age teachings with their focus on love are detrimental to one's mental health, emotional health, and worse. One should focus on reality. "Loving" everything and everyone only sets one up to be a victim, to have low self-esteem and places one upon the path of delusion.

Important Note 22/February/2015:

The situation is much worse than what I wrote in the above some 10 years ago. The heart chakra is a neuter chakra. It is not the "seat of emotions" as most mainstream books and media promote. The seat of emotions is in the throat chakra and the heart chakra is a yoni shaped connecting chakra. For more information concerning this, please visit this webpage:

Chakra Alignment

http://www.angelfire.com/empire/serpentis666/Chakra_Alignment.html

Because the heart chakra is the main connecting chakra of the soul, it can be exploited. The enemy has always known this and has used this viciously. Most of you have seen paintings and other images of that Nazarene and other Christian ilk with the arms open, exposing the heart. This is a major way the enemy connects to one's soul; through the heart chakra.

In addition to all of this, the New Age emphasis on love promotes misplaced sympathies, which can be lethal. Many New Age teachings are infested with Christian angels and an emphasis on the hexagram, commonly known as the "Star of David" which was stolen from the Star of Vishnu. The hexagram has been used to symbolize the heart chakra, as it fuses the elemental symbols for fire and water. If one looks closely during deep meditation, one will find this chakra is shaped like a yoni. The yoni was stolen and corrupted by the Christians, by turning it onto its side with that annoying fish symbol.

See "Something Fishy" for more information about that stupid Christian fish symbol and how it was stolen and corrupted.

Fighting Religious Discrimination

Last night, my family and I went to the local Wal-Mart to buy groceries. I openly wore my Baphomet at the time. When we got to the checkout, the woman behind the register said "Jesus." I don't know why, but I automatically said "Satan." Then she said "Jesus" again. This went on back and forth about four times. The woman was also rude.

My husband left after we had our groceries rung up to look for the kids. I had to go to work that night and I was debating on what I should do. I stood there waiting and sure enough, I turned around and this guy who works for the store was practically in my face. I asked him for the manager and he said he was the manager. I complained about the woman and how she treated me because of my religious symbol. I politely explained that "This is America." I also politely added that I could call the A.C.L.U. and file a law suit. I said I had to go to work and the woman "upset my entire night" [this can be grounds for legal action]. I also explained that the woman is "clocked in on the job." The manager apologized and said he would take action.

Father Satan was telling me something here: the coincidence that my husband left to look for the kids [I had to wait], and that the manager just happened to be right behind me in a huge store.

Tolerating insults and discrimination against Satan, as an adult in a situation that is not life threatening, is turning the other cheek and is an insult to Satan. If I hadn't said anything, I would have been stewing all night at work and even the next day.

Complaints should be handled politely and in a professional manner, but should never be avoided. This discrimination has to stop. Only when we take appropriate action can this stop and Satanism can be open and free.

Satanism and Old Age

Life can get very lonely for the elderly, those who are serving prison sentences, and others who are isolated in some way. One only needs to look at a nursing home to see how the enemy alien god has abandoned his people.

When we are with Father Satan, he sends us Demon friends who will befriend us and look out for us. Relationships can be spiritual, physical, for friendship, or for whatever one needs.

My mother, who is very old, has a Demon friend who gives her important advice, acts as a close friend, and is very caring. Her Demon fills her with happiness. This is true spirituality. Meditation and study keep her mind active and she has a happy life.

Those who are without are empty and have nothing. They are left on their own. Elders see their friends and family pass away. Many are left all alone in nursing homes or other places of confinement and left to die. Isolation can cause insanity. Having Father Satan and a Demon friend to talk with is a great help to many. Unlike the enemy spirits, our Demon friends answer back, talk to us, and let us know we are important and that they are there for us.

Christian Greed: They Want Your Money, They Want Your Soul, They Want Everything You Have

Money, along with copious amounts of psychic energy [obtained through the belief of followers and their worship], along with the incessant promotion from the Jewish media is keeping the Christian program of lies and insanity going. Don't be fooled by Christian charity. This is a front and truth be known, Christianity creates the problem of poverty by indoctrinating followers into believing poverty is a virtue. This takes a powerful hold subliminally, especially when it is preached in church when many are bored out of their minds and even dozing off. This ensures copious amounts of wealth and power will be in the hands of the Jews. See links at the bottom of this page for more information concerning this.

Do you realize where Satanism would be if we owned radio stations, prime time TV slots, buildings taking up entire city blocks, book stores, printing presses, and publishing houses? [Unbeknownst to many, the Jews control and own 96 percent of the media. In truth, they are the ones who work to promote Christianity]. Satanic truth would have the world in 6 months or less. Most high profile Christian preachers have diamonds dripping off the fingers, a snake skin belt, lizard skin shoes, a \$3,000.00 silk suit, along with tennis courts, Olympic size swimming pools in their back "yard," along with a private chauffeur, and a limousine. Many also own \$1,000,000.00+ mansions. It's about time these corrupted individuals pay!

Christianity is pushed relentlessly. There are very few, if any alternatives. Any alternatives that are a threat to Christianity [which is actually a program], are viciously attacked, and are vehemently discouraged and suppressed. Money has power. The Christian churches are worth trillions and trillions of dollars. Centuries of tithing, extortion, looting, frightening people into donating their life savings, organized crime, and so forth are the foundations of Christianity. What is done with all this money? It is used for CONTROL.

Christianity, Judaism and Islam are the three major programs that control the world, with Judaism being the root and master. The Christian and Muslim programs incite aggressive and violent annihilation of all opposition, in other words...murder. Christian bibles, books, and literature are printed out copiously, and forced upon the public. Christian bookstores are plentiful. Money is never at a shortage for building their places of worship, funding their ministries, televising their evangelists en masse, buying radio stations in order to broadcast their endless stream of lies, and other related programs that work to keep the human populace from true spirituality. Christianity is pushed in prison reform programs, drug and alcohol addiction recovery programs and even worse, the victims of choice are the very young and children. Many Christians ignore the USA separation of Church and State and push this psychological filth on children in public schools. Christians prey upon children relentlessly and more often, do

more than just work to indoctrinate them. Many of the worst child abuses, often of a sexual nature have been and are committed by Christians.

The Vatican operates an assassination squad controlled by the Jesuits. In addition to committing physical assassination, the Jesuits also use black magick, the powers of the mind and soul to control and often to eliminate their victims. The Vatican also has one of the largest libraries in the world. For centuries, the Catholic Church has worked aggressively and relentlessly to confiscate all spiritual texts and knowledge of which it has either kept from public circulation or has systematically destroyed. Centuries of spiritual writings are kept under the most strict secrecy and vault-like security, and are only open to a few "trusted" clergy in high positions. It is obvious they have plenty to hide. Did you know that some of these top cardinals and clergy have turned to Lucifer? They know the truth concerning "YHVH" being a fictitious "God." In their studies, they are finding that Lucifer is the True Father and Creator of humanity.

Christians have a history of burning libraries and any knowledge they can get their hands on. Ancient libraries contained knowledge of the truth, the truth of where we really came from, and the truth about the real "Gods" and their relationship to humanity. The level of corruption and lies within the Christian Church is shocking to say the least.

Many people are lost and as a result they are open to the enemy. No matter what we are involved in, it always helps to have guidance and knowledge. Guidance and knowledge have been withheld from many of our people for far too long.

Many who reject the enemy programs find themselves totally alone, with Christianity and its related filth incessantly being forced upon them. They have no support from friends or family, no Satanic Church to attend, and find themselves all alone. They are labeled as being "evil," told they will "burn in Hell," told they are "wrong," "lost," and continually face extreme and fierce opposition, along with Christian Psychic Attack. They are told Satan is "evil," and that he "hates humanity," that he "causes human suffering" and all kinds of other lies, when in truth it is the Christian churches and their false "God" who are to blame.

They just can't leave us alone can they? Unbeknownst to many, the more a Christian becomes involved in the Christian program, the more obsessive and compulsive he/she becomes, as he/she ties into the Christian energy which is programmed by Jews at the top to be forced upon the populace. The Jews feel they have a right to be "God" and to order and command Gentiles. They do this in every area, not only with so-called "religion."

With literally trillions of dollars and power and they still have to keep pushing it. You know, somehow, it's hard to believe we are all so unaware of Christianity. So unaware, that they have to compulsively and continuously attempt to jam it down our throats. Because Christianity is such a ludicrous lie, it has to be reinforced

and pushed. This is no different from Jewish communism. Different slogans are used in both... short phrases of blatant lies that are used to brainwash and indoctrinate the populace such as "Jesus loves you" and with communism, "We have nothing to envy"* and many other words that are outright lies.

* This slogan is from communist North Korea where the populace has no electricity, no access to the internet or outside world and where tens of thousands of innocent people have starved to death due to the communist tactic of the artificially induced famine.

In the end, it has been written, the truth will come out. Father Satan is the True God and Father of humanity. The Christians and Muslims all put their energies and worship into Jewish wealth and into the Jewish agenda of enslaving all Gentiles. Christianity is the foundation of and stepping off point for Jewish communism. This is what the entire subliminal message of the Bible really is. The Bible is NOT "the Word of God."

The Holy Bible: A Book of Jewish Witchcraft

http://www.angelfire.com/dawn666blacksun/Bible_Jewish_Witchcraft.htm

The Christians and Muslims have been viciously deceived. These programs are the ultimate hoax. Christians and Muslims know nothing of true spirituality, how to advance, defend or save their own souls. They will be helpless victims in the face of nefarious human-hating alien spiritual control.

Their numerous and shameful scandals speak for themselves. Each time a Christian priest or minister says a mass or service, he invokes the Nazarene. The spirit of the Nazarene influences his behavior, which one of the most common is that of pedophilia, as these programs incite followers to prey upon children.

Christian Mind Control

<http://www.angelfire.com/empire/serpentis666/mindcontrol.html>

Backwards

The reason for the inverted crosses, pentagrams, and reversed symbols in Satanism is to convey a very important message: THINGS ARE BACKWARDS!

The Christian "God" had nothing to do with our creation. The Christian "God" is nothing more than a race of alien entities who hate humans and only wish to use our energies, and enslave us. Satan is our True Father and Creator; THE TRUE GOD IS THE LIBERATOR OF HUMANITY, THE ONE WHO FREES US. The "God" that the Christians, Jews and Muslims worship is the enslaver; the REAL "Prince of Lies." In truth, what Christians believe to be "God" and the "Devil" are backwards. SATAN is the TRUE Father and Creator of humanity.

The Jews have stolen and corrupted all of the Original Pagan Symbols and reversed them. This is a serious desecration and blasphemy. Original Pagan Holidays such as the Yule Season, Easter and all of the other assumed Christian Holidays were hijacked and replaced with a focus upon and worship of fictitious Jewish characters, places, and themes to spiritually enslave and destroy Gentiles.

The Judeo/Christian religion and its cohorts are all programs; there is nothing at all spiritual about them. These programs if one has the insight and does enough research are pure evil. The Catholic Church was the KGB of the Middle Ages. When the Jews were forcibly expelled from Western Europe, the Renaissance emerged. Progress was made in the sciences, in medicine and in some liberation from the total control of the slave state enforced by the Christian Churches. Books were printed and published for the populace. As humanity progressed and the Christian Churches had less control, another Jewish program emerged on the scene: communism. In truth, communism is no different from Christianity. Christianity is a preparation for Jewish communism, with its foundation being in the Judeo/Christian Bible, in both the New and Old Testaments. Note that after the fall of communism in Europe, one of the very first things the new regime accomplishes is translating the Bible into the local languages. Christian proselytizers are right back, like fleas on a dog [they are unknowingly programmed to be compulsive regarding spreading and imbedding this virus for their Jewish masters; the more they tie into this energy, the more compulsive and fanatical they become]. Most of the help offered in such places as Albania where Jewish communism committed hideous atrocities, tortures and mass murders against the populace, comes with a huge price-tag: one's soul. Along with most of the foreign aid- food, clothing and medical help, the Christian plague is imbedded and the extremely vulnerable populace is endlessly harassed to accept this lethal virus. The Bible [which is nothing more than a powerful subliminal that puts power and control in the hands of the Jews] ensures that the nation that managed to overthrow communism is again under Jewish spiritual control.

Satan's Creation of Humanity

When we look to the Black Book of Satan; The Al-Jilwah, we find in Chapter IV, Satan states: "I HAVE ALLOWED THE CREATION OF FOUR SUBSTANCES, FOUR TIMES AND FOUR CORNERS; BECAUSE THEY ARE NECESSARY THINGS FOR CREATURES."

Yes, the DNA molecule! Anyone who is familiar with the composition and structure of DNA knows the molecule is spiral shaped and coiled like a SERPENT. The DNA also has rungs like a ladder. The rungs of the ladder are made up of FOUR compounds, called bases. The bases are adenine, cytosine, guanine and thymine. (Abbreviated A, C, T and G). These FOUR nucleotides can combine in pairs, in sequences of limitless variety and are bound into place.

DNA IS THE BASIS OF LIFE! Without DNA, life would not exist. The Serpent is the symbol of healing; body and soul. The Serpent is the symbol of medicine, the Caduceus; 2 serpents entwined around a staff. This can be seen in nearly every doctor's office. The Serpent is also a symbol of wisdom and knowledge. The Kundalini, the fiery Serpent lying dormant at the base of the spine, when it is activated through meditation and rises up, one achieves Godhood. The Serpent has always been Satan's symbol. Christianity and its related ilk have always vehemently attacked the serpent because the serpent is symbolic of life, healing and the advancement of humanity through knowledge and wisdom. Christianity is and always has been focused on one living for one's death, focusing a ragged, torn, defeated and beaten bloodied and DEAD being, nailed onto a cross, along with the Judeo/Christian Bible being chock full of mass murder, living blood sacrifices, rape, war and the preying upon innocents.

Satan also states in the Black Book: "NONE SHALL LIVE IN THIS WORLD LONGER THAN THE TIME SET BY ME." Satan created us and determined our life span, as humans. When he attempted to make us as the Gods and give us immortality, the other Gods stopped him. The soul determines how long one will live. This can also be seen oftentimes in one's astrology chart, which is a map of the soul.

The teachings of the false alien "God," warp, pervert and malign everything that is good for us. The Christians have attempted to turn the Serpent into a symbol of horror. If it wasn't for Christianity, medical science would already have cures for just about every disease or medical condition there is, including aging.

The false alien "God" has used fear, extortion and other criminal tactics to enslave mankind. The entire doctrine of Christianity, Islam and its root of Judaism are anti-human. These aliens hate everything that makes us human. In truth, we have discovered them to be enemy aliens, known as "Greys" who work under the supervision and direction of more advanced aliens called "reptilians." They have cut humanity off from spiritual knowledge through their programs of

Judaism, Christianity and Islam. The aforementioned programs are not religions in any way. They are not spiritual. They are designed to blind humanity to the so-called "sixth-sense;" to where we cannot "see" the spiritual aspects, the souls of others and how we are and have been exploited for our energies and driven to our destruction.

Satan knows and understands humanity. Satan accepts us as we are, for our individuality. In Satan, we find we become ourselves and become centered. Through this, we can grow, advance and evolve.

So-called "Yaweh/Jehova," is hateful, wrathful and the great deceiver. Those who are deceived are actually led to believe this nefarious being had a hand in our creation. They are truly without, for they do not know the TRUE Father and Creator.

Making Excuses for Christianity

Christianity becomes more and more sickening every day. One of the main reasons this virus has thrived as long as it has is the rationalizing and the making of excuses by most of its followers. The latest I heard is "you can't blame the Christian "God" for what his followers do." THIS IS A TOTAL LIE! This is the excuse of the uneducated cop out.

Each time a priest says mass, he invokes the Nazarene. The "body and blood" of the Nazarene are also symbolized in the communion host and the wine. The congregation also invokes the Nazarene, but on a much lesser level. Look at what they do. There are many well-meaning individuals who come of age and enroll in the Christian seminary to enter the clergy. Through ignorance and deception, they believe they are doing the right thing. We can all see what becomes of them. There is a big difference between who they were when they went in and what they had become after being steeped in Christianity. Many are pedophiles and criminals.

The effects of years of invoking the Nazarene are apparent: child molesting, preaching lies, confusion, and exploiting their congregations; the inquisitors who mass murdered millions of their fellow human beings through torture; endless extortion and other criminal means of obtaining money, intolerance, hatred, resentment and an overall anti-life attitude. Elderly followers have been bilked out of their life savings and the lives of billions have been ruined.

Many fools attempt to twist the Christian Bible and its teachings to suit their own purposes. They are too weak to stand against it and see it for what it really is. They are afraid of going against the herd. They can't look at it for what it really reads. Then all these fools never agree with each other and wars begin over this degenerate anti-human, anti-life filth. Because the Christian Bible is a compilation of stolen legends, Jewish invented characters and other twisted and altered writings, there are enough contradictions to where one can use it to adapt to any situation, no different from the The Ubiquitous Nazarene.

http://www.angelfire.com/empire/serpentis666/Ubiquitous_Nazarene.html

Every single person I have ever known or heard of that has evoked angelic beings has met with misfortune to say the least. These angelic beings, like their "God," have an insatiable and relentless hatred of humanity. They are always bringers of bad news/omens and destructive prophesy. They prey on and bring death to little children. They also refuse to relate any real knowledge to humans, unlike Demons who are friendly and open with enlightening humans. True spirituality is always here for us Satanists and we don't have to go to any elaborate practices to tap into the spirit world. The spirits come to us freely. When someone has to go to the lengths to contact the spirits, there is a real problem.

For the Love of Satan

Last night, I was working on some Demonic sigils, making larger copies by hand for a project. After a while of working on these [it wasn't easy] I began to notice much positive energy and that the sigils gave me an elated feeling. It was 2 am and I was tired. This surprised me.

Then I began thinking of all of the lies that have been forcibly pushed upon people and how Satanism has been so suppressed. [The Jews are supremacists and feel they have the right to be "God" and to tell Gentiles what they should think, how they should live what they can and cannot believe so that Gentiles become subjugated slaves.]

There is so much spiritual beauty and bliss in Satanism. The closer we become to Father Satan, we find how positive and wonderful he is. Many times, he has filled me with extreme joy.

There is nothing wrong with making Father Satan the center of our lives, if we choose to do so. Becoming close to him, for me, has been an experience beyond words. Each and every day he fills my spirit with strength and joy.

I am proud to be a Satanist. Within the "religiousness" of Satanism, is where we find inner freedom and liberation. The closer we become to Satan, we find that we fear nothing. People fear because of a lack of knowledge, and from being indoctrinated and programmed with Jewish lies. Satan gives us knowledge.

Finding Things for Yourself

In the Black Book, Satan instructed his followers to memorize the teachings he dictated, because so much has been "altered." There is hardly any truth remaining anymore. I have found as many of us have in my relationship with Father Satan, he is totally unlike any of the widespread teachings would try to have us believe.

The Demons are not evil. Many specialize in the teaching of "ethics." Ethical beings are not evil. There are many Demons. The Demons are the Original Gods, of whom Satan is the most powerful and important, as he is our Creator God. Satan and the Original Gods were cursed and condemned for giving humanity knowledge. The aliens who pose as the Judeo/Christian "God" seized power and incited their chosen ones to mass murder and destroy anyone who worshipped the Original Gods. Entire cities and peoples were wiped out and temples and shrines were destroyed, along with any remaining written records. As a result, we know very little if any truth concerning the Original Gods. Nearly everything written about them is from the enemy.

This excerpt quote from the Catholic Encyclopedia is very revealing:
In the same way the Greeks and Romans may have worshipped their divinities, fondly believing them to be good. But the Christian Scriptures declare that all the gods of the Gentiles are demons.

DEMONS ARE THE GODS OF THE GENTILES!!!!

Here is where humanity lost all connection to spirituality. The spiritual emptiness of mainstream religions followed, and ruled through terror. When the control of organized criminal programs weakened, many turned to atheism out of futility with what they mistakenly believed to be spirituality- emptiness and nothingness.

This is why it is important to find things for ourselves, and if possible to share with others. This way we can learn from each other. There is so much more to Satanism that has remained unexplored. Many times when non-Satanists attempt to find things pertaining to our religion, they are misled by lies.

Earth Day

When I was new to Satanism, I had many blatant spiritual experiences. One night, I was walking into the parking lot where I live, and I had just finished a cola and as usual, I threw the bottle. This was a habit. As most of you know, I was an atheist before Satan came into my life and I didn't care about hardly anything

I felt something tap me in the back of the head and a voice came into my head and warned me to "pick that up!" I immediately got the picture. Later on I was reading where the Yezidi Devil worshippers of Iraq would not even so much as spit on the ground, because the Earth belongs to Satan.

From these experiences, it is obvious that Father Satan is concerned about the Earth. At work, I had access to recycling. It was my job to clean overnight. When doing the garbage rounds, I took the plastic out [most of the stuff was clean and I had gloves] and put it into the recycle bins. I did the same with aluminum cans. This pleases Father Satan. Many may ask, what difference does it make? A LOT. AS EVERY LITTLE BIT HELPS!! Don't worry about what others are doing or are not doing, just take care of you and yours. Littering and desecrating the Earth is showing disrespect to Satan. We don't have to go out of our way, just take care of our own messes.

Satanism is a life loving religion. We are alive on this Earth; this is Father Satan's place for us. With each of us doing our part, we can help make this a better place and set an example for others.

Important Note 22/February/2015:

Satan and our Original Gods care very much about the Earth. As Christians live for, worship and are intensely focused upon death, it is no wonder that most could care less about the environment. They believe they will all reside in "heaven" in a paradise, happily ever after, and that "the earth will pass away" and other stupid deluded nonsense. They live for their death and look forward to "Armageddon" and other destructive events, as most are extremely miserable behind the artificial alien-looking smiley mask.

Satan and our Gods also hold animals sacred. Many of our Gods have animals as their personal symbols, such as Satan with the serpent and the peacock, Lilith with owls and cats, Thoth with the Ibis, Anubis with the jackal and with dogs, Bastet with cats and many more. Industrial farming and other heinous abuses of animals are a manifestation of the Judeo/Christian/Muslim death promoting programs, and their destruction of spiritual awareness, which promotes spiritual degeneration. Spiritual degeneration goes far beyond just the soul, it also produces a degeneration of both personal and also generational character to where one is completely oblivious to the sufferings of others and given the degree, is capable of anything.

Witchcraft

Satanism is a religion of the mind. Nearly 100% of all Satanists, past and present have practiced and have taken a serious interest in witchcraft, magick, and the occult. Witchcraft has always been synonymous with Satanism. "Witch" means "wise one." Because of persecution, most sorcerers and practitioners of the magickal arts/powers of the mind, years ago worked in secrecy. Witchcraft and the occult are spiritual. Satanism has always been extremely spiritual.

The Gods are all extra-terrestrials. In nearly every authentic account of direct human interaction with aliens, the aliens displayed advanced powers of the mind. Telepathic communication took place, even with humans who had no previous experience with this. Levitation, telekinesis, healing, performing a mind wipe [Where one forgets everything that occurred], and other powers of the mind, deemed extraordinary by humans are commonplace for the majority of these beings.

Witchcraft is nothing more than attempts by human beings at attaining powers of the mind that are our birthright. For centuries, the Christian Churches, and their cohorts have done everything in their power to frighten people away from attempting to use the power of which other beings in the universe have full access. The sole purpose and objective of Christianity has always been to remove all spiritual knowledge and prevent humanity from accessing the powers of the mind and soul, so this power can be kept in the hands of a "chosen" few for world domination, where everyone will be enslaved and brutalized. Humanity has been held dangerously and purposely back by Christianity. This not only places us as a whole in a seriously vulnerable and defenseless position, but also damns the soul that is at the complete mercy of other beings who do have spiritual power.

The enemy extra-terrestrials, which outnumber those who are friendly to humanity, look upon humanity as beasts to be exploited. Their goal is to use the energy of our souls after we die, for their own purposes. The only way they can succeed is through humanity's spiritual ignorance and lack of spiritual power. This is one reason I strongly encourage people to perform the dedication ritual to Satan. When we make a commitment to Satan, he protects us as we advance spiritually. Many, who go it alone with sorcery and advancing their souls, meet with disaster. This does not come from Satan, but is from the enemy who uses fear and negative experiences to frighten and discourage people from attaining any real power. Those who reach a certain level, stand out on the astral. There are numerous Yahoo groups on the internet, those who are without, who discuss kundalini and other psychic empowerment phenomena and the negative experiences these people have are rampant.

I subscribed to several of these groups some time ago and read many messages concerning negative experiences with astral entities and anxiety attacks and

unwanted spiritual intrusions where these people suffered attacks that they had no explanation for. One woman permanently lost all of her hair after performing a spell. As the illustration in the text used in the movie "The Nine Gates" warned, "Venture too far and danger can descend on you from up above," this is true to reality.

Many so-called "spooks" are in reality extra-terrestrials, including the Cyclops, fairies, elves, gnomes, and others. Fairies, gnomes, and related are elemental beings that only have one or two elements that comprise their souls, where human beings have five: fire, earth, air, water, and ether. Single-element beings are also adept at astral projection and other feats, which explain much of the "hallucinations" experienced by those who open their minds up enough to "see" them.

Non-conformity is a major part of Satanism. Those who conform are sheep and will never have the strength to think for themselves enough to see the truth and evolve to a higher level. One cannot conform if one wishes to empower one's self. One must completely know one's self in order to evolve and effectively practice magick and not follow the herd.

Every problem can be solved with the right kind of knowledge. Knowledge also eliminates fear and is the key to power.

Sermon on Halloween

Halloween *is* the Satan's Holiday. People dress up in costumes, use their personal creativity, go to parties, indulge in treats and candy, watch scary movies and have an over-all great time. Halloween is the only major holiday that has not been hijacked and infested with the Nazarene.

In contrast to Xmas, which was hijacked and corrupted from the Pagan Yule Season, the negative influence of the Nazarene taints this holiday with death. The numbers of suicides top those in contrast to the rest of the rest of the year. Xmas would be completely miserable if it were not for Santa Claus, Yule trees, gift giving and New Year's partying. The Nazarene casts a rotten pall of ugliness over the entire holiday. How many of those Christians would rather stay home than have to go to their churches like the spiritual slaves that they are? In truth, everything connected with the Nazarene is very negative and draining.

Halloween is fun because it has no place for the Nazarene.

Everything connected with Father Satan is fun and positive.

Secrets

Satanism is the path of knowledge. The closer we become to Satan, the more he reveals to us and the more we learn. Along with knowledge comes understanding, and we build on the knowledge we have. In the Al Jilwah, Father Satan tells us to keep his secrets; he reveals hidden knowledge to us when we are ready.

Father Satan has given me tests; tests of my faith. I didn't know it at the time, but I passed these tests and my faith is stronger than ever before. For me, these tests involved playing upon fears. At the time, I was afraid, but I continued on, regardless. I chose to have faith in Satan, no matter what. This was a very long time ago.

NOTE 23/February/2015:

There were many things I didn't know or understand when I was new and even some years I was with Satan. Now, there is so much more I understand and know *why* certain things happened in my life the way they did. I also have a much deeper knowledge of spirituality and I know what True Satanism really is.

Satan also states, "When temptation comes, I give my covenant to those who trust in me." Trust is important as is keeping the faith and staying strong in the face of adversity. The rewards are great and priceless.

We all have a free will. When we show Father Satan our dedication to him, he rewards us greatly with deeper spiritual understanding and abilities. It's like passing on to another level where the weak are left behind and the strong remain to continue on. Here is where we learn directly from Satan and his Demons. The answers to some of those tests are now given.

When we reach this level, we can only continue. With the knowledge and enlightenment we have, we will never regress, but continue to grow in both wisdom and ability. Knowledge makes regression impossible. This is where everything ties in and begins to make sense and form a picture.

Each level of Satanism is another revelation in truth and a test where the strong and fearless survive the weak. With knowledge, when we walk through a door, it is permanently slammed shut behind us and the only direction to go is to continue forward.

Keeping the Faith

In the years 2001-2002, I put my efforts into study, as this is what Father Satan wanted me to do. Money was short, but Father Satan took care of all of my essential needs.

At the health club I worked at, there was a woman who was a member. She offered to take me to the store and buy me a pair of shoes. The shoes I was wearing were shot to say the least. I had bad feet and the old shoes were comfortable. The problem was this woman was deep into Christianity. She proselytized incessantly. She knew I had no interest in her religion and I told her not to pray for me, ever. I am friendly to people and outgoing and she and I had been friendly towards each other.

I got to thinking, this is getting too friendly. She is too Christian and she talks to others about going to church and taking part in other Christian activities. I remembered what Father Satan stated in the Al Jilwah about his not allowing friendly association with Christians and people who are against him. In addition, I have repeatedly seen and read of serious problems whenever one of us associates with Christians.

I love Father Satan more than anything and in no way will I do anything against his wishes. I said to myself, NO, right there. I don't care if my shoes have holes in them. I don't even care if I am barefoot, I won't go against Satan.

Several hours later that night, I found a brand new shoe box. Inside was the nicest pair of athletic shoes, VERY expensive and exactly my size. I put the shoes on and they fit perfectly. I thanked Father Satan for the shoes. I don't know where the shoes came from, as they weren't there before. I have seen Father Satan's miracles before.

Those Who are Without

Last night at work, I got to talking with a man who comes to work out regularly. This man, I found is very gifted. Our conversation focused on the occult and mysticism. The strength of this man's aura was incredible. He said he practiced frequent meditation, visualization and other psychic disciplines.

He revealed that his life is in the shambles and pretty much out of his control. He has so much potential and with all this potential, he is down, dejected and depressed as his problems have reached the overwhelming stage.

Regardless of the raw power an individual may have, when one is on their own, he/she will only go so far, and that's it. Talent is useless if one does not know how to apply it, use it, and know how to work to advance it.

Satan gives us all of that. He shows us the way to becoming. Each one of us has unique abilities. Father Satan works with us individually to advance our abilities and gifts and shows us how to use these abilities to transform our lives for the better.

There are many involved in occult studies and disciplines. Only when one makes a sincere commitment to Satan will knowledge and its applications be given to them. We Satanists are much more evolved than the rest.

Ancient Wisdom

The original religions were quite different from the false religions of today. The original religions taught self-reliance and strength of mind and spirit.

Thoth wrote, "A soul's outcome in the afterlife is based upon knowledge." "Knowledge of past lives can be acquired by breathing exercises, which recall the memory of the soul."

Breathing exercises empower the aura and stimulate the Kundalini Serpent of Satan. Kundalini knocks down walls in the mind. All of the original religions placed great emphasis on the serpent. The serpent is symbolic of the force known as "kundalini" that lies coiled at the base of the spine. The serpent is also symbolic of healing and of life. Thoth said, in the afterlife, the question that lay ahead was "How well the deceased person had established truth in his or her lifetime, against the powers of evil."

We all know how Christianity and its cohorts promote lies and strive to keep people ignorant and deprived of true spirituality. Victims of these religions are cut off from the spirit world and any gifts they might have. How many individuals can astral project their soul from their body to actually experience the astral? The astral is a place they will surely go when they die. Many Satanists have this ability and are knowledgeable and familiar with the astral. This is a gift from Satan and a definite help when one leaves one's body permanently. Satan is the bringer of knowledge.

Truth is looking at life through your own eyes. We learn the truth for ourselves, while outsiders remain ignorant and cut off from any spiritual guidance.

Another question of Thoth was, "Did the deceased embrace life enough to be able to live again in death?" Life is for living, learning and experiencing to the fullest. Judeo/Christianity and its cohorts, again, work to prevent this. The more you live, learn and experience, the more competent you become; Satan wants us to become self-sufficient.

"Did the deceased develop a strong enough character to continue his or her personality?"

Strength is so important. Our character is tested when we give our souls to Father Satan. Here we take one of the most courageous steps of our lives. Most of us go up against lies we have been forcibly indoctrinated with throughout our lives with bold defiance. Here we show our true character, that we are not manipulated by fears, threats, and things we truly do not understand. This is a huge spiritual step in liberation of the self and soul.

"Is the heart of the deceased truly open spiritually?" Again, as Satanists, all of us have proven we are open spiritually. We have not cut ourselves off as those of other religions have who refuse to question or explore anything outside of what they have been taught.

Thoth said, "Knowledge gives the power to act in truth and causes life, while ignorance blinds the sight and causes death."

"Death is the result of ignorance, alone." "A human being needs a map to travel both in this lifetime and beyond."

"How can you travel in life after death without knowing the way?"

"The wickedness of the soul is ignorance and the virtue of the soul is knowledge."

"Live your life and you will never die."

Father Satan and his Demons share this knowledge. Look back at how you have grown spiritually, since coming to Satan.

Mastery of all areas of magick is essential. With black magick, we learn how to defend ourselves and exact justice, psychically. This is the most difficult to master and the most rewarding, as we become liberated and fearless. We become confident in our own abilities, as we can be formidable enemies. We no longer have to take abuse or other injustice.

The Demons are all the Original Gods, most were very friendly with and spent much time with humans. Considerably outnumbered, they were hated, banished, and cursed by the other Gods for sharing knowledge with humans.

Many ancient tablets and libraries were burned, destroying all information in an attempt to sever any human contact with the Old Gods who promoted wisdom and learning.

Most of the Old Gods were made into monsters, Demons and every nefarious image imaginable in an attempt to destroy any and all relationships with humans.

As many of you are finding, your Demon guides are very friendly and open to contact with you. They wish to help you learn and grow spiritually and become strong competent Satanists.

Thoth also wrote: "Human beings must become enlightened in order to find their way in the dark. Becoming enlightened means becoming smart travelers, who acquire knowledge of the way, an understanding of the local language and friendship with other travelers. We are all travelers in eternity."

Father Satan and his Demons are willing to help us. We should be very thankful.

The Egyptian Pyramids

To this day, atheistic scholars and scientists are at a loss to explain the megalithic structures and extremely advanced civilizations that existed in ancient times. These structures still stand today after thousands of years.

After the flood, much of the landscape was eroded. A landing base was needed for the Gods and the twin pyramids at Giza in Egypt were built to replicate the twin peaks of Mount Ararat.¹ Measurements were taken from the skies. The Gods also used the Pyramids to do ritual work, for magickal ceremonies and initiation rites.²

There are 365.24 cubits in the pyramid's base. This corresponds exactly to the solar year. The sum of the base diagonals gives an approximation of the number of years in a total precession of the equinoxes. [Just short of 26,000]. The pyramid's apex corresponds to the North Pole, the perimeter is equivalent to the equator, and its four plane surfaces accurately represent the four quadrants of the hemisphere. These measurements parallel the ley lines and magnetic fields of the Earth.

The exteriors of the great pyramids were originally covered with limestone and they shone in the Sun. The limestone has been picked off over the centuries. The Gods placed crystals inside of the pyramids. The power of the crystals produced a beam that reflected up to the sky. To this day, the electrical current at the apex of the pyramids is so powerful it has knocked men unconscious. The pyramids also reverberated from the inside to serve as a landing guide. The Gods called them the "lofty houses of eternity."³

The pyramids were built in the Age of Leo, according to what was written by the Gods. This is the reason for the Sphinx, which has the body of a lion. The face on the Sphinx was originally that of the Egyptian God Thoth. Due to rivalry between brothers Thoth and Marduk/Amon Ra, the face was eventually changed to that of Amon Ra.⁴

Satan/Enki was given the "Lower World." These were the lands beneath the equator. This included all of Egypt, though Egypt is north of the equator.⁵ In 1904, Aleister Crowley spent the night in one of the Pyramids. He claimed a purple light lit up the entire area inside of the pyramid. Archeologists and Egyptologists who have explored the Pyramids are at a loss to explain the absence of torch marks at a time when they believed electricity and other means of light were not yet invented. Napoleon, in the year 1798 entered one of the Pyramids. When he came back out, he was pale faced and in awe. He would never reveal what he saw as he claimed no one would ever believe him.

Reverence and Respect

I have learned much directly from Satan and our Original Gods. Everything I posted on this website about contacting and establishing relationships with Demons came directly from the Demons themselves. I did not obtain this information from reading a book. Everything read from books concerning Demons was wrong information. Most of the information about Demons in popular books was taken from old grimoires written by Jewish rabbis and a few Christians.

Azazel came to speak to me and he told me the Demons are really upset about the disrespect Father Satan has received, even from his own people. They are not impressed with LaVeyan “Satanists” [most are atheists] and those who attempt to use Father Satan like some sort of servant. Unfortunately, many people come to Satan after experiencing the negative and spiritually destructive influences of other so-called “religions.”

We do not have to do a full ritual when we want to contact Father Satan. I pray to him every single day and thank him for all he has done for me. He always hears me and responds to me. I cannot over-emphasize the importance of establishing a very close relationship with Satan, for here is where you will learn and grow. The closer I become to Father Satan, the more I am inspired and in awe of him. There is so much spiritual richness and fulfillment when we make Satan the center of our lives.

For those who are new, it is important to put aside everything of your past and get to know Father Satan without any assumptions.

Curses of the Gods

Much has been publicized concerning the 1922 Tutankhamen discovery and the numerous and mysterious deaths that were more than mere coincidences. Atheistic scholars are at a loss to come to any realistic explanation, as they are concerning the construction and design of the Egyptian Pyramids.

When the tomb of Tutankhamen was opened in February of 1923, a clay tablet was discovered, written in hieroglyphics warning of the curse of a violent and untimely death, should one disturb the tomb. The archeologists ignored this warning and concealed it from the native Egyptian laborers. Strange and inexplicable occurrences soon followed.

Howard Carter, the leader of the expedition, had along his pet canary. A cobra swallowed the bird the day the tomb was opened. Lord Carnarvon, a wealthy English Earl and financier of the expedition, soon fell ill with a high fever and a mysterious "mosquito bite" on his cheek. Forty-seven days after the opening of the tomb, at 57 years of age, on the date of April 5, Carnarvon died.

Two days later, on April 7 [again, the number 7], the mummy was examined. A blemish was found on the mummy's left cheek [the same side and spot as Carnarvon's mosquito bite]. At the time of Carnarvon's death, all of the lights mysteriously went out in Cairo, all in unison. At the same time, thousands of miles away in England, Carnarvon's pet dog stood up on its hind legs, howled, fell over, and died. The staff was disturbed and said the howling was strange and deathlike.

The famous American financier, Jay Gould, also visited the tomb. He awoke the next morning with a high fever, and was dead by nightfall. American archeologist Arthur Mace, who assisted in opening the tomb and pulled out the last stone blocking the entrance to the main chamber, soon began to feel weak and exhausted. He fell into a coma and never recovered. Arthur Mace died at the same hotel as Lord Carnarvon.

Richard Bethell, Howard Carter's secretary on the expedition, was found dead, four months after the discovery of the tomb from heart failure. His father, Lord Westbury, distraught over the death of his son, leapt to his death from a seven-story window. He was over heard by several people before he took his life, saying to himself, "the curse of the pharaohs" "I cannot stand the horror any longer." The hearse carrying Westbury's body to the cemetery ran over a small boy, killing him instantly.

Radiologist, Archibald Reid, thought to be the first person to cut the bindings on the mummy, [unraveling was necessary to x-ray the body], soon experienced the same exhaustion and fatigue and soon died. There were many more strange coincidences and related deaths.

Howard Carter, a staunch atheist and skeptic lived for close to seventeen years following the discovery and opening of the tomb. It is said that Carter was plagued by extreme depression and paranoia.

The Goetic/Gothic Demons; many are well-known and popular Egyptian Gods. Many humans from Ancient Egypt, specially the Priesthood and the Pharaohs had immense spiritual knowledge and powers and did not approve of their tombs being dug up and exploited for money and fame in the hands of a "chosen" few. Many of the relics and ancient artifacts removed from the tombs were hoarded, placed in private collections, and continue to bring their greedy owners misfortune.

Establishing Control

Establishing control over one's emotions is very important. Out of control, emotions can be detrimental to one's health and well-being, and at worst can be lethal. In a situation where panic takes control and gives way to terror, where fear is completely out of control; one can freeze up when immediate action is called for and wind up dead. Out of control, emotions interfere with and even prevent rational thought. Here the panic/terror takes over one's entire being. Control of emotions and having a calm mind can mean the difference between life and death.

Worry does nothing to change a problem. It drains energy and can cause serious health problems. Again, the mind is out of control, as the same thoughts compulsively repeat themselves over and over, accomplishing nothing but upset. Bad situations and problems need to be rationally thought out for possible solutions and then let go.

Constantly rehearsing a bad incident over and over isn't going to solve the problem. This will only create other problems. Stress tears down the body and mind. Mental and psychological pain can be just as bad as physical pain. A strong mind can refuse this pain. When the mind is calm, often solutions will present themselves and problems can be worked out. We are also more open to the spirit world when we are calm, and often we can find help there. If we calmly ask our mind for answers regarding a certain problem before we fall asleep at night, we will usually have answers when we awaken, or sometimes answers will come to us in a dream.

Out of control emotions are the result of an out of control mind. Void meditation helps with detaching from negative emotions. When unwanted emotions arise, relaxing one's mind and detaching one's self from the feeling can be difficult at first, but with persistence, control can be established. Try softening around the emotion or focusing attention on the emotion/feeling, relaxing and letting go. Empty the mind. This can also be helpful in cases of depression. Focus on feeling calm and relaxing inside.

When mastery over one's emotions is established [this can take years of consistent meditation], the ability to stay calm in crisis situations can prove invaluable and can even be life saving. Animals will rarely, if ever attack someone who is not in any way afraid. Having a calm orderly and powerful mind comes from the regular practice of void meditation. Void meditation also strengthens our thought power for magickal practice. The next time you feel unwanted emotions; try to focus on detaching and relaxing. This can be difficult at first, but will come with time. We must completely master ourselves, for this is the path to becoming a god.

There are times when we have to just let go and vent. This can be done during a ritual. Father Satan always listens to us and sometimes it is a good thing to let it

all out and get it all out, so that one can be at peace and not have to feel suppressed in any way. If extreme worry or other emotions cannot be brought under control, venting during a ritual is the often best way. Mastering one's emotions, as well as the mind is something that needs to be worked on every day. In time, a sense of calm and confidence will take over and remain, so that the mind can be free for spiritual development and directed to the fulfilling of one's goals and desires.

Sexual Identity and New Identities

Postby [HP. Hoodedcobra666](#) » Sun Aug 12, 2018 5:49 pm

In the Communization of all humans into the same global clump, new, useless identities and self-definitions are required to keep people from the fact they are all squashed and are all the same like ants, in the same run-around of a rut like all other humans on earth, imposed by jews.

To any threatening identities to the jews, are being removed. For example, the national identity is removed, same as the racial identity which is just a verbal and scientifically laid out expression of biology and nothing else. The jew tells people that we have risen above 'biology', while ironically, all such 'rising' came only by obeying the rules of the very biology we claim to have 'surpassed'. Other older identities created by jews are giving in, such as the Christian identity. And new identities are being created so people can self-define and "learn" how to exist.

Identity is how one perceives themselves, and through how we understand ourselves (or not understand ourselves) we interact with the world.

So ironically, the jew tells people to relinquish all their jew-threatening identities, yet at the same time, literally creates billions of others of random identities for people to choose from. Of course, all these identities are equally meaningless. So long these are meaningless, profitable for the jew, and non threatening, they can exist.

The jew can profit from these. All buy his new book "Why I made 150 genders to completely squash the brains of the goyim with it, and give them shit to waste their time on, while in Israel we only have 2 genders and hardly accept a third one. Haha, Stupid Goyim".

"Science" has sunk lower than the worst religious fundamentalism. Now, "Science" only uses the powers it derives from natural laws to prove and manifest the bias of someone in reality. It is no longer used as a tool for world analysis. This is why the Magnum Opus has also disappeared from the scientific palette. Now what's important is lying about genes being different, saying we are all apes that came from the same point in Africa, and reminding the goyim all the time that you can do "whatever you want without repercussions" even if all the above statements collapse on their own lying weight.

As the son of George Soros publicly admitted. This is done by jews to create a sense of fragmentation and 'plurality' in societies, because the jew can only exist in two places: In countries where a sense of such exists, or in Israel. And many jews don't wanna live in Israel because they cannot directly plunder Goyim in Israel. This Plurality is fake and threatening to the civilization which only acts, in reality, to obey the least fragmented group and the most organized alien group in it, the secret society of jews and globalists. They have to exist in other nations to carry out the Zion Master Plan.

One example is the Sexual identities they have given birth to. First we had Heterosexual, Homosexual, Transexual/Hermaphrodite. Now, we have around 150 more just to make sure. A jewish sociologist behind every such identity. It has been stated many times that social sciences, because of their neglect of nature, have stagnated.

And this is a very obvious fact. These 'sciences' have flew the handle from caring about human

nature in anyway, anymore. Now it's just formulation of bullshit until eternity, and an endless attempt for people to gain credit for shitting directly in the brain of other people.

So all Goyim can exist as one race, and one ruled mass over the jewish overlords worldwide. Like players playing a video game in the same restricted global server. And the jew running all these servers. But at least, they can choose their visual, racial, lingual, or whatever other genders. Essentially the jew is giving plasmatic and virtual desires to the Goyim to give them the illusion of choice.

It's of no importance if you are a "White Wiccan Magician and Part Time Unicorn Wizard, Apache Helicopter, Gender Fluid, Trilinear, Non Bilinear, 64 bit never 32 bit: "I feel I am White but on my inner part I feel Mexican, and on all parts I feel like anime Toon from outer space, which came from my humble beginnings as feeling that I was a unicorn that was in love with spiderman".

The freedom has indeed only been shrinking. People are so much the same they try to always define themselves more and more by ever-growing alien identities, which are threatening to sanity and life. This is because if you don't have any self understanding, the last thing you want to focus upon is understand what is foreign or dangerous to yourself. This is like being in a womb and not having developed, how can the mass of a generating fetus understand philosophy and make sense of the world? A developing fetus cannot carry a sword, nor it can understand anything.

So the jew attacks vehemently and mercilessly people from infancy to their early development to create as much as confusion as possible. Hormonal confusion, media brainwashing, university reality-shattering and alien shaping, creating a world with full loss of any identity. The subjects of the global empire have to be lost on booze, drugs, and all sorts of other retardants and mental fog of this to be successful.

There are people who spend their whole life now trying to support that being a "White Wiccan Magician and Part Time Unicorn Wizard, Apache Helicopter, Gender Fluid, Trilinear, Non Bilinear, 64 bit never 32 bit: "I feel I am White but on my inner part I feel Mexican, because I am from another planet, and on all parts I feel like anime Toon from outer space because I always believed I should have a tail like a Cat, which came from my humble beginnings as feeling that I was a unicorn that was in love with spiderman" is very important to life, and write formulas for this to them and their 3 friends from the nuthouse that agree with them.

Meanwhile, in Israel, there are people who spend their whole life to empower Israel in the coming breaking of cesspool and crap that they themselves are creating...

During exactly the same time, the jew is rooting as much as he can in natural rules, and natural laws, even if he alien and unnatural, so the impending storm of shit they are creating will not uproot them same as it will uproot all the other trees of people on earth. And at the same time they also gather their cancerous elements, spread all over the world, in tighter bonds with their prime identity of Israel.

I wonder who is going to win the "Identito-Calyipse" in the end. And who will over the world with subjects that idiotic beneath them.

This is why Satanism is essentially a clearing, cleansing of the mind. Part of clearing all the mental fog and jewish illusion, inner delusion, and unplugging from the jewtrix is to understand that what the jewtrix pushes people to be is not always the correct thing to be. And to be patient and accepting in said process because the very existence of anyone in the jewtrix comes with serious problems.

When one exits the jewtrix then their life and world belong to them again. But this is an uphill road, and it's not based on the same lies that tell people that if you have the ability to be a **"White Wiccan Magician and Part Time Unicorn Wizard, Apache Helicopter, Gender Fluid, Trilinear, Non Bilinear, 64 bit never 32 bit: "I feel I am White but on my inner part I feel Mexican, and on all parts I feel like anime Toon from outer space, which came from my humble beginnings as feeling that I was a unicorn that was in love with spiderman"** is more important than being simply a **"Free Man"**.

Yeah ive seen some of those on the news, Fuckin weird. In my whole life ive never met anyone like that in person thankfully.

This mental attack is happening on people that are very young, millennials, or children right now.

We have to protect them from this. This is not about accepting the Third Sex and such, as society has already accepted this. And they are experimenting very hard on this generation to many any health acceptance backfire very hard.

In many ways, they also enforce them into specific routes of sexuality, before the age of 6. Just read the American news. Does anyone here accept of taking a children before the age of REASON and asking them if they are a mermaid, and if they say YES, to go forth and transform them into a mermaid?

I do not want to cite news here on how parents decided their "Kid was a boy and not a girl" and went forward, before even the kid reached age of sensibility, to forcibly change it's gender. This is clearly abuse.

Normal people see things things, and they get fucking mad. And this anger is going to rise after a point.

We have moved past simple 'acceptance', and we have succeeded in re-instating the Third Sex in civilization. And upon this process the jew prevents it from happening peacefully, they make sure to always make these people look alien. And this is done because people constantly feel the need to "Self define" themselves by the jewish labels. Through this labelling, they can be controlled and can be put exactly where the jew wants them to be, so they can all be blamed at one swoop.

Now however comes the hard part which is to make sure nobody presses on jewish landmines which the jew has set there to like fuck up this process all over again. The same goes for the rights of women and many other things the jew didn't want initially to exist.

I can see how the jews push from Left and Right to materialize and retract the rights of civilization. So if I tell people to stray and ridicule the traditional GBLT and even see it as an enemy, I tell you this, because you need to do this, and it has sunk in degeneracy to a dangerous extent, which will cause a cataclysmic backlash, in which, those who have allied themselves with it, will definitely suffer.

Because it was initially planned by jews to reach this conclusion. And I see with the rise of the Right and the fall of the trad left, this may happen, so you need to be ready to stand up and show the world that the other sex is not what the jew instructed but rather something way, way different, and also, less threatening to civilization and necessary for it as well.

Identity is a fundamental part of human existence. And people search this out if denied one. However true identity is within the soul. When people start the daily spiritual practices they will interconnect with their true identity and the nonsense they will evolve out of naturally as its artificial.

Sexual Magic The Erotic Temple And Kabala

The erotic temples in Hinduism in India are famous for the images of the Gods and Goddesses in sexual union on the Temple walls. The Temples were built for specific reasons. The sexual union on the walls is showing the union of the chakra's. This union is the Magnum Opus.

Now today take this as a note for the corruption of Hindu teaching in the east. Popular Hindu spiritual leaders will make up stories to down play this that have nothing to do with the actual reason for them. One story is they are for focusing ones desires on the image till they have no desires left the other famous tale is they put those on the walls to show this all had to be left behind once entered the Temple. However the issue here is the Temples had courtesans in them who engaged in sex with the Rishi's and other Sadhu's on the holy days.

This in the Greek world the Herios Gama the sexual union of the God and Goddess. This is also the other meaning of the Gods who had sex with the women and bore Gods. The union of the male and female chakra's. The Northern mysteries show the Gebu rune as the sexual union as and the ancient images of the Pagan's in the north showed sexual magic and ritual sex as normal. The Goddess Freya initiated men into spiritual knowledge by sexual love. The Gebu rune is the sexual union of man and women. Geb or Gebu the Egyptian God is shown in sacred sexual union with Nut the sky Goddess. The male chakra's are the three lower ones how Geb is shown and Nut the sky the three upper female chakras. Krishna is shown in sexual union with Radha the same way. Krishna and Radha are shown in this image as the six pointed star as well. The Gebu rune.

This was stolen and put into the Kabala by the Jews. The male and female worlds on the tree are Gods and Goddesses who have sexual copulation with each other to generate the divine spark of the Ain Soph. Soph is stolen from.....Sophia the serpent energy. The Kabala Rabbi's practiced sexual magic with their wives on the Sabbath eve. They also practiced sexual orgies to raise massive amounts of energy to then use this to curse Gentiles with and bring about the Jewish agenda This was noted especially in the Jewish Kabala society of Rabbi Frank. His Frankist movement used occult power to become the hidden hand in the French revolution thought his creation of the Illuminati. Frank was the claimed Jewish Messiah of the time. Their movement the Jacobin's took over by the barrel of a gun and brought in the Terror that murdered tens of thousands of people in the most brutal ways only to be replayed again later by the same Jews in the Communist revolutions they ran. The Jews do use occult power to curse the Gentiles.

The Jewish enemy tells the Goyim in their program of Christianity that sex is dirty while they themselves use it for occult power and rituals. The other reason the act of ascending Kundalini energy is shown as sex between two people is because this also does this It creates a powerful energy loop through the spine's of both partners up the spine and out the head activating and flowing energy into the chakra's and nadis to raise the power. This is still openly taught in the Far East in Taoism and the higher level's of Tantric Buddhism which comes from Hindu Shivaism. The ancient symbol of Yoga is the erect Penis in the Vagina the union of male and female which generate Kama the divine energy which forms all of existence the union of Ying

and Yang in Taoism. This energy can be used to regenerate the being as well.

In the Kabala which is the occult key to understanding the Jewish Torah the blue print to enslave the Gentiles. It states that Daath is what caused the fall from Paradise. Daath means the sexual union of the male and female parts of the soul. Adam and Eve were just created as naked dumb animals with the stated purpose to work for "God" which is Yahweh the Jewish Race. But it was spiritual knowledge the serpent that allowed them to realize they were slaves to the Jews when they came to know GOOD FROM EVIL which is what the Serpent whom the Jews state was Satan in the Garden told them would happen. Which is what Yahweh feared. The Garden tale is the original "Oy Veh The Goyim Know!" tale. The deeper level occult narrative of Judaism states the Jewish Messiah Ben Joseph will take them back to the Garden. The world government where the Gentiles are their literal animal property. Ben Joseph in the Rabbinical texts has secretive meaning.....That of Yeshua Ben Joseph....Who is called Jesus Christ to the Gentiles. Jesus in the Bible recreates the garden of Edin in the end of time he returns the Jews to their Paradise where Jesus and the 144,000 thousand Jews who represent the 12 Tribes of Israel rule the planet from the New Zion as God. In Kabala the entire Jewish race is called "God" collectively.

The Gentiles at one point had a risen serpent on this planet which is what the Garden tale warns about to the Jews. The next step was the full Magnum Opus which is what "God" Yahweh the Jewish race and their reptilian entities who the Rabbi's openly state are their Seraphim angels who work for "God". Attacked this planet and humanity to stop. "God" attacked this planet in the story of the Tower Of Babel, because Humanity was close to raising the serpent. This Yahweh in the Garden and the Babel tale warns if the Goyim achieve this then Yahweh the Jewish race will have no power over them and the Gentiles will become Gods and the Jews will be defeated.

Sexuality and the Metaphysical

Post Mon Jun 05, 2017 4:16 am

I considered writing this post for a few reasons. Over the years myself, I had to think about this matter a lot and went into more than one conclusions; In the end what I clearly understood is what I will relate to this post. Which I found to be the only fundamental fact when it comes to such things.

As HP Don has mentioned before, and as it's known, all people have the Ida and the Pigala- polarities. Any gender and any person can have more of either polarity in their soul. The main issue people do not get, is that if this will manifest sexually or not, is a whole different aspect in itself. Every person spiritually is both male and female. The soul has both aspects.

Now there is a serious misconception here, that ties sexual choices with spiritual advancement. From this came rise to forceful theories such as the jewish madness which says people should be killed or made to 'repent' for their sexual choices, and many other negative things.

Like in the J(N)ew Age community where people are told that "Drugs help them" advance and so forth, and that they must at least 'try them' or whatever, the same is done about sexuality. People are sometimes forced to 'repent' their sexuality, or think that in order to advance spiritually, they have to become gay, bi, or just be celibate.

This has went in both directions, to where now the enemy is forcing the latter end, even towards pedophilia and other insanity and mental diseases. This came from mass sexual repression, insanity about sex, and at the same time over-sexualization of even children. Which bleeds all together, from all sides, into a mass insanity.

There is only ONE mistake in sexuality down to it all. To not leave your sperm and sexual energy go to waste and be unprogrammed. This is the wasting of the 'seed', not masturbation or sex. Over the centuries due to spiritual ignorance, a lot of insanity has been created around sexuality, either through deprivation, or basically mainly due to Judaism. In short, this energy needs to be used for your spiritual elevation, goals and so forth. But that is the ONLY real and worrisome 'mistake'.

If we have a person who is spiritually of an Ida (feminine) dominant nature, that will not necessarily make them a homosexual. They may be of the more nurturing type, and more after aggressive and dominant women. On the other hand, a woman who has a very high Pigala element, may be into dominating men very much, acting with more masculinity so to say.

Now, how these manifest, can range. The man in the first example may be extremely feminine in their love affairs, quite the contrary in their general life. In other words, sexuality and behavior do not always relate, but most of the time, they do.

Sexuality in general is the striving for what one does not have. In other words, gay passive men may be after overly masculine, male men, for example. Women who are lesbians of the pigala type, may actually be after feminine women of the same type. This is a way to look at things when people have a more spiritual nature. When they do not, and that is NOT bad/and/or "UNETHICAL", this may range, change or whatever.

Gaps left at the soul and internal needs that are not met, have to be 'replaced'. One example is drugs. People who are too lazy or don't even know about meditation, can get into hallucinogenics, in pursuit of spiritual experience. In the same way, people who lack particular elements, MAY or MAY NOT try to find these in partners.

The natures of such desires and how these will manifest, are affected by MANY, uncountable factors. Do drugs exist in a civilization? Does one have money to buy them? Are meditation books available? Is the person someone who is careless or careful about their life? And so forth.

Depending on if a person is susceptible to change, likes to experiment, and so forth, one may know or may now know exactly 'who they are' and 'what they like'. This can be the case of people who don't have enough self knowledge about things. As someone spiritually advances, this gap is sorted out. There are people who are more easily influenced, and some who can hardly be influenced at all. One example is how in the past, christians tried to push and 'cure' homosexual people, ultimately torturing them and worse.

Now, society is heading past the level of equality (thanks jews) who try to return us into the middle-ages by over-extension of their own sexual depravity, which masquerades as some sort of sexual preference. In short, the humiliation over one's sexual type, and making one's self a worthless human being (either a hetero-savage-islamic) or an extremely effeminate traitor of one's race and so forth, both these are jewish creations.

These don't have to do with one's sexual choice. This has to do with the quality of a person as a person. Like all people eat, some eat in a civilized manner, some eat from the floor, and others like jews feast on feces pie. In short, to focus on the habit of eating or 'ban' it is useless and retarded. Only a xian would think of that.

I noticed the problem is that people aren't sexually accepted. This makes a lot of people feel at odds with themselves, fearful, and on the other hand, we have a pendulum thing going on in society.

Now spiritually speaking, we know there are three channels. In the female body, the left and right walls of the vagina, and the whole vagina, all connect to the Ida, Pigala and Shushumna accordingly. The same goes for the head of the phallus. The head of the Phallus is the gate to the shushumna, the sides of the Ida and Pigala accordingly.

In general, people are also polarized accordingly in the Soul, women, irrespective of sexual choices, are tentative to the feminine, and men are tentative to the masculine. The anus of both genders deals with the shushumna, the central channel. This is why for SPIRITUAL anal tantra, it's important people to understand how this works in order to advance them. For material purposes, different rules apply, so to say.

NOTE: On spiritual people. People who are just a material body, they work by "denser" laws. Natural psychics and mediums can feel the most sensible things in a space, so to say. Others are more resilient, others oblivious. In short it's not spiritually 'better' to have a particular way of sexuality, and another one is not worse. It all depends on the spiritual openness of the person, and how it affects them individually.

Then, we have astro transits. People are influenced by such, and they change by such, may want to experiment, or depending on the person, they may NOT want to do this.

Now many people are very confused when it comes to transsexuals and other people of the third sex. The third sex does not imply (unless someone is born like that from the womb) a necessary 'ida-pigala' spiritual balance.

This is the material body, which affects the soul only indirectly: it's not the CAUSE or the level of development always. It's secondarily connected to the Soul. Many people assume that if they change their body's biochemistry, they are doing a 'unity' at the soul. This is a misconception. This is not the case, but only indirectly, and from much of a distance if even that.

In other words, even if you inject yourself with testosterone, that doesn't necessarily make you more masculine at the soul, or if you inject estrogen, that doesn't make you more feminine in the soul, either. You are absorbing results here, not causes that come from the soul. You are covering at the symptoms so to say. This affects it from a far and indirect level, and the soul is only from a far distance affected by such actions. The above is why healing, balancing of the soul, has to happen on the inner light/the soul first, to have a permanent transformation effect.

In short and before some people are uselessly infuriated, what I am trying to say, is fairly simple: no matter the modifications you do on your body, no matter your sexual partners, or what you choose in that way, real unity and balance in the soul will ONLY come from meditation. This is what people should be after, and that is the aim.

All the anti-oxidants in the world, isn't going to give you an immortal soul or clean your aura, so to say. In the same way, all the sex or food in the world is equally irrelevant and not that big of a deal unless it's done with a spiritual insight to it. There are levels of sexuality, and it depends on the person. Some people are extremely psychic to the point even minor contact can create serious contacts with others, other people are extremely numb spiritually. That doesn't mean they are not affected, but it's not in the same level as other people.

The point of this post was to explain this: Everything that you see and experience has an internal sense and this has to be recognized. How it will manifest varies. This is why it's important people have self-knowledge before they do moves such as changing their genders and so forth. There needs to be insight into these things, or like with any body modification, people may regret it, or they may not regret it.

I also notice there is a lot of confusion and force by the jews to confuse everyone, no matter their sexual vocation. One example is how a lot of girls like 'adventure' guys, so the enemy tells them to go date criminals, and many times they wind up dead. Sorry, it wasn't hollywood. This is one example. This hiding of the spiritual aspect of our desires is created in such a way to blind people and make people waste their life chasing anything but spiritual advancement, which is what people should be after to become really content.

The point is that people seek completion through their sexuality in one way or another. This is evident in astrology. People who lack a particular element, can be attracted to people who have that element they are lacking, for example. This is perfectly normal as people look to complete themselves, so to say. Others stick with people of their own element, and that is good again.

The ultimate recipe is to be with people that make you better, advance you, and uplift you spiritually, so to say. The point is to become a better and more advanced person. The details are up to you, and responsibility to the responsible.

Socially speaking, as far as civilization is concerned, a civilization that only has strictly gay people and so forth, or solely lesbians, cannot procreate. Nature takes precautions of such and makes the majority of people with the necessary heterosexual tendency to reproduce. The enemy like all balances, they try to throw this one out in either way.

They don't really care which way, just enough so that balance is overthrown so they can destroy and take over things. This is a problem for every civilization, but so is retarded Abraham celibacy that leads to murder, people feeling emotionally destroyed and so forth. Any civilization that does suppress women or feminine energy (Even expressed through women themselves, or gay people, or people with feminine polarity) does collapse, and is a civilization of savages.

On the other hand, a civilization that is too feminine, is extremely tolerant, extremely 'open' and cannot many any serious division between the members and so forth- chaos. In the middle ages we suffered from the abrahamic hyper-masculinity, now we suffer from abrahamic induced hyper-feminity. There will be no warrior spirit, no order, no defences, no cohesion, nothing.

Again, the above are not fixed "rules". Its just an explanation of some terms. You are in your own to see and know yourself. This may take more or less time, depending on the person, and that is great again. After all everyone is in the same self-knowledge trip.

Spirituality and inner empowerment and wisdom reveal what is what. But again, this is no problem, feel free to research in anyway you see fit and advance towards this.

The point is to be an advanced, upright, and decent individual. If one doesn't fill this criteria, then you can have sex with anyone you want and remain the same negative influence upon this world. Nothing can 'change' this.

Shattering the Myth of Ancient Greek "Pederasty"

by High Priest Jake Carlson » Thu Jun 06, 2019

Note: We will have to clean up all of the hazardous practices that the Jews have introduced to gay, lesbian, bisexual, and heterosexual White Aryans before they destroy us all.

Quote:

"The more settled world of Classical Greece developed above all else the pedagogical mode, providing 'a uniquely detailed demonstration of how the intrinsic ambisexuality of the human species manifested in a complex, cultured society,' providing 'another example of how the natural inclination of...young adult males to hierarchical homosexuality is [harnessed] in a way that promoted the well-being of society.

Now, let's get one thing out of the way; 'pedagogic' suggests 'pederasty,' so let's emphasize here that 'the youths Greek men considered most attractive from a sexual standpoint were those who were the equivalent of college-aged youths in today's society.'

Despite the alluring similarity of pedagogy/pedophilia, and centuries of propagandizing, the Greeks were really ephebophilic, interested in youths that would meet the age of consent in most jurisdictions.'

And note that last phrase about 'the well-being of society'; in terms of One Drop Rule, the Greeks might have been all a bunch of homos to the modern Christian or 'conservative', but there's nothing here of the phony 'gay' notion of 'whatever turns you on' or rather, 'whatever annoys your parents;' here, as Alisdair Clarke insisted, we see homosexuality not merely as biologically natural but as an essential part of creating and maintaining Aryan culture." Reference: A Review of James Neill's Origins and Role of Same-Sex Relations in Human Societies by James O'Meara [Amazon kindle edition]

During Classical Greece and the early, pre-Christianized Roman Empire, the level of institutionalized homosexuality and bisexuality during pre-Christian times remains controversial to this day. Some people who are less affected by Christian values can accept the homosexuality and bisexuality of Ancient Pagan Greece and Rome, while others try to soft-soap it and/or even try to deny it altogether with that "holier-than-thou," the Roman Empire couldn't have allowed practicing homosexual perverts!

Nonetheless, the homosexuality and bisexuality of Ancient Pagan Greece and Rome has been ridiculously exaggerated and distorted by the politically correct Jewish press that not only tries to claim that the pre-Christian Greeks and Romans were exclusively homosexual and didn't know how ensure the survival of the White Aryan Race, but also the Christians who like to claim that the older male + younger

male relationships were of a "pedophile" or "pederast" nature. These inhuman laws stem from the Jews, as no matter how much Paganism was stolen from for the Jewish people to invent Christianity from, Christianity grows from JEWISH roots, not Aryan Pagan roots, despite the White Aryan stolen goods.

The enemy accuses Ancient Greece and the pre-Christianized Roman Empire of "man/boy love" and "man/boy sexual relationships," which is a grotesque LIE to slander Satan's Chosen People -- the White Gentiles.

The older male + younger male sexual relationships were of an older man with just that -- a younger man, who is no longer a boy, but a full-grown man who has passed the age of consent.

Another thing I need to mention here is that Ancient Greece and the Roman Empire have been even further slandered and trashed by the Jewish propaganda machines to depict them as treating women and children as mere objects, slaves, and a man's property, barely above the existence of an animal. However, this is not true. Women and children had rights and a voice, and they were respected by men, not as second-class citizens, but as important members of White Aryan society; hence a wide variety of both male AND female Gods and Goddesses among our White Aryan people, and BOTH male Warrior Gods AND female Warrior Goddesses.

All of this changed when Christianity arrived on the scene. While the Catholic Church practiced a Judaized version of "homosexuality" and had an exclusively male "god" who claims to be "independent of women," homosexuality is outlawed for normal, ordinary gay and bisexual Gentiles who are outside of the confines of the Catholic Church.

Of course, Christianity forbids the occult, just like it forbids homosexuality, but the Catholic Church is an OCCULT organization that practices a perverted version of "homosexuality." Does the Vatican's fanatical occultism make them Satanists just because Satan is the God of the occult? The same question can be asked of the Catholic Church's "homosexual" practices. Does their perverted "homosexuality" really make them a legitimate equivalent of the plight of normal, everyday homosexuals and bisexuals who are outside of the confines of the Catholic Church? OF COURSE NOT!

Of course, the "conservative," Bible-believing and Bible-thumping Christian will tell you that Christianity "didn't" destroy Greece and the Roman Empire, but, rather, it was homosexuality and bisexuality that destroyed them. However, that is just as big of a Jewish lie as Greco-Roman pederasty, itself. It was the Jewish people, and then, the Christian agents of the Jews who destroyed Ancient Pagan Greece and Rome, not homosexuality or bisexuality.

Interestingly enough, the hypocritical Vatican institutionalizes their own homosexuality, but it isn't homosexuality in the sense of adult males with adult males, with the exception of gang-bangs, but, rather, TALMUDIC adult males with male children. Heterosexual priests also viciously rape and torture both adult female nuns, and female children, and then blame it on "The Devil." The Christian Gentiles are just as much of an insult and blasphemy against Satan and His White Aryan People as the Jewish people, themselves.

In closing, despite Jewish lies, slander, exaggerations, and blatant, endless re-writing of history, although open homosexuality and bisexuality were an everyday normal, natural, accepted part of White Aryan society, alongside everyday heterosexuality before Christianity came and destroyed this Pagan paradise [while the Catholic Church was and is secretly practicing a perverted version of homosexuality, themselves], the Ancient Greeks and Romans were not exclusively homosexual, despite their gracious acceptance of it.

The Greeks and Romans discouraged 100% homosexuality among bisexual citizens, as they recognized the importance and necessity of women, marriage, and the continuation and future of the White Aryan bloodline of Satan's descendants. They allowed 100% exclusive homosexuals to have an important, honorable voice and prominent role in healing, the arts, theater and philosophy, but heterosexuals and bisexuals were required to marry and have children, as well, in order to ensure the survival of Satan's human bloodline.

Despite the Jewish corruption of homosexuality [and heterosexuality] over the centuries, with the pinnacle of Jewish political correctness that we see of so-called "homosexuality" today, which doesn't even resemble the homosexuality of the past that was practiced by the most White Aryan of Pagan cultures prior to the Jewish enforcement of Christianity, homosexuality and bisexuality will be welcomed in Satan's Fourth Reich of Satanic National Socialism [Nazism], within reason.

Heterosexuality will be emphasized and encouraged in order to restore the White Aryan Race that has been bastardized through Christianity's teachings that all Gentiles are equal to one another, as well as the Christian teachings that it is "okay" for White Gentiles to have relations and children with non-White Gentiles.

The Jews, for the most part, see to it that they keep to their own and rarely mix with non-Jews, but they make sure that any White who isn't willing to mate with a non-White Gentile is slandered and defamed as a "bigot" and an "intolerant racist," when the Jews, themselves, are the ultimate racists, ESPECIALLY when they are claiming to be "fighting against racism." If the Jews are really anti-racist, then WHY are they actively working to destroy Satan's Chosen People -- the White Aryan Race -- through institutionalized abomination of Racial Bastardy?!

White men and women, instead of being against White homosexuals and bisexuals, you need to stop condemning homosexuality in White Aryan society, and work to STOP and put a PERMANENT END to race-mixing and other ways to exterminate the White Aryan Race.

The "conservative" Christian fundamentalists claim that only 1-2% of the world's population is exclusively homosexual, while the "liberal," non-religious, reformed Jewish proponents of Kinsey's fraudulent system estimate that 10% of the world's population is exclusively homosexual. So, which is it?

The truth is that neither the "conservative" Christians, nor the "liberal" Jews have it right. The actual percentage of exclusively homosexually-oriented humans make up roughly 3-5% of the human population. For crying out loud, despite the Levitical death penalty among the Jewish people for

homosexuality, there are homosexual Jews, even in Israel. Even though the Jews haven't done for their own people in Israel as what they have done to America with homosexual marriage, in Israel, there are tons and endless LGBT, etc., rights movements aimed at the reassignment of gender and gay adoption of children.

3-5% of exclusive homosexuals in the human population cannot harm the survival of the White Aryan people, but the Jews work to confuse people about their sexuality by pushing different sexual orientations on the one side, and then, saying that it is wrong to be whatever you are -- gay, straight, or bisexual -- on the other end, in order to create endless hangups and sexual neuroses, which inevitably lead to the dividing and conquering of Satan's White Aryan People, which has even greater of an effect upon and against Satan, Himself, then most White Gentiles can even realize at this point, due to the Jewish-instigated infestations of Christianity in an otherwise White Pagan society.

Christian "Nazis" will tell you that the Jews push homosexuality and gay marriage to divide and conquer the White Aryan Race. However, this is just as big of a lie as the Jewish holoco\$†, itself. The Jews invented the Christian anti-gay movements to divide and conquer the White Aryan PAGAN family unit, in order to make White Christian parents [who otherwise would be Pagan] alienate their gay or lesbian sons or daughters. It is NOT homosexuality or bisexuality that divides the White Race, but, rather, biases against homosexuality, heterosexuality, or bisexuality that does so. End of story.

To emphasize my earlier point, the Ancient Greeks and the Roman Empire did, indeed institutionalize homosexuality and bisexuality, just like they instituted heterosexuality, BUT, PEDOPHILIA/PEDERASTY WAS NOT TOLERATED, AND WAS PUNISHABLE BY DEATH, DESPITE JEWISH AND LATER, CHRISTIAN [with Jewish help] RE-WRITTEN "HISTORY."

Once the Jewish people -- ALL Jewish people -- and Christianity among White Gentiles are officially dealt with, then White Gentiles can carry on with their Satanic Destiny that extends beyond the stars.

Shekinah And Kabala

In Judaism the concept of Shekinah is held in the greatest importance by the Rabbi's. Shekinah is the personification of the power of the Jewish God.

In Kabala the Shekinah is the 22 Hebrew letters and the Torah that is formed out of this. There are tales of Rabbinical sages who spent their time intensively meditating on reciting Torah and to which the Shekinah appeared next to them also studying and reciting the Torah. The Shekinah is also referred to as the Torah.

In Judaism their god is three parts which is Spirit [energy] Sound and word. This is the power of Kabala and Torah of which Kabala is the highest meaning of Sod or secret in Judaism.

There is a tale of a Rabbi who walked to Jerusalem to the Kotel the Wailing Wall, every step he prayed. When he reached the wall he had a vision of Shekinah and was transformed. The Jewish Temple is supposed to be the resting and residence of Shekinah on earth.

The Jews call the Shekinah the Sabbath Queen and during the Sabbath the Jews believe they receive a second soul which is the presence of the Shekinah within them. Sabbath is from Saba which means sound in the ancient language. This is when the Jews do their reciting of the Torah. This is their ritual day.

What this means is the Rabbi's who were transformed with the second soul of the Shekinah from intense reciting of the Torah. In the Hindu east where Kabala is stolen and corrupted from the highest meditation is on the names of God. These are the 22 letters in Hebrew. The Torah is made of these. The highest or fourth level of mantra meditation is when one obtains mantra Samadhi. The sound is intoned into the soul permanently and one in deep meditation can hear the mantra's reciting on their own.. This is when the Jew has by practice intoned the Torah into their soul and become a living Torah, the total channel for the Jewish god form. This is why the Shekinah appears to them. The second soul they have incarnated within is the God form they have intoned into themselves.

This is why the Hebrew letter Alep adds to 26 the number of their YHVH and is shown as the Jew and the Torah being one soul. The Hebrew letters are also charged talismans as well and bring this energy into the material. Many Jews have kabala talisman's and amulets with different names of the 72 names of YHVH upon them. This is also why the Jews put their numerical letter codes into their global media such as TV and movies as well. They act as the unconscious ritual to create and direct energy with their god form into the material to bring about their agenda.

The Shekinah and the Temple is important. The Temple in Judaism must be built by the Jewish Messiah which is the ushering in of the Jewish Messianic Age when the age of the Gentiles has

been destroyed. In which the Temple will be rebuilt and be the seat of Jewish World government in which the Goyim who are not destroyed in the Messianic war will be forced to live under the Noahide Laws and be slaves of the Jews.

The Shekinah is the personification of the Jewish servitor or god form the Rabbi's have created with the Torah. Shekinah is a title of Shakti in Hinduism the Shakini which is the energy of creation and of the SA letter which the Shakini rules and is the throat chakra and the power of sound which is creation. The Jewish god is Spirit, Sound and Word. Which is ruled by the Sakini the deity of the SA or SAM letter in Sanskrit. Sakini which is stolen turned into Shekinah by the Jews.

The Jewish god is nothing but a massed form of programed energy in the astral. The Messianic Age is when this spell of God form of the Rabbi's is brought fully into completion of its task. Which is why the Jews use the Vav or sixth letter it brings this energy into the material world.

Now something to understand the Muslim's and Christians are told to study and recite the "Word of God" [the spell of the Jews] which is the Bible and Koran both which contain the Torah. In Egypt one must be able to sit for three days and recite the entire Koran perfectly in front of a panel of professors. To just be admitted to university. Imprinting this into their soul and making them into conduits for the energy of the Jewish god form to manifest and act thought into the material world. This also includes when the Jews do their black magic rituals as well.

Both the goal of Christianity and Islam as stated in their texts are to bring about the Messianic Age of the Jewish God. If one studies into Judaism its obvious the Jewish God is just an archetype of the Jewish People. They don't even hide this fact. The Jewish God even wears the Tefillin and prays three times a day with the Jewish prayer book and also studies Torah.

The Rabbi's state there are ten levels of angels. And these are not beings but vortex's of energies the Rabbi's direct and relate to ten worlds on the Jewish tree.. These are though forms the Rabbi's have created. The top three angels in Judaism are Gabriel, Michael and Raphael. These three represent the three pillar's of the Jewish world tree and each is given power over 24 names of the 72 names making the full 72. The 72 names are considered to be 72 angels. The three pillar's represent the trine elements the mother letters and powers of which all 22 Hebrew letters manifest from. And the 22 Hebrew letters form the pathways on the Jewish tree. Which form the body of the Jewish God. Their thought form and soul. The three mother letters the three top angels represent are Aleph Mem Shin. Which is spelled as AMS however this is arranged to SAM. Which is the SAM letter in Sanskrit. Which is the mantra of the Goddess Sakini which is stolen and altered to Shekinah. This simply shows once again the Shekinah is just the power of the Jewish thought from they call "god". The 22 Hebrew letters. One can also note even the Hebrew angels are just thought forms.

As mentioned before the Rabbi's themselves in their own writings mention the one way to reverse a Jewish spell is by reciting the Hebrew the spell was created with, in reverse. The Torah is just one large Jewish spell. The Reverse Torah Rituals are the one way the Rabbi's admit they

can be totally defeated. The Jews and their global agenda IS the destruction of the Gentile world and the creation of a Global Orwellian Jewish State.

The Rabbi's also state in their Kabala texts the one great act that Satan will use to destroy the Jewish People is to show the Goyim how to reverse the Torah. In a Kabala tale which acts as a warning to the Jews. Satan, appears before Moses and uproots and destroys the Jewish Tree of life after mocking them and declaring their end. The tree of life is the symbol of the Jewish Torah and God from, the Jewish Soul.

The Jewish Torah is called their tree of life and soul. If its erased from existence what will happen to the Jews...

The prophetic warning the Rabbi's gave to their own has come to pass. Satan and the Gods have given us this knowledge.

Shiva is Satan

The symbol of the Ankh in Egyptian has a specific name its a letter that spells the name of a divinity. The Ankh is in two parts the top is the Shi letter and the shaft the Va letter in Egyptian. This in Egyptian symbolism forms the formula of the Ankh which spells Shiva. And is called: Infinity, Eternity. This symbol later becomes the trident letter in the ancient alphabet. The concept of infinity or eternity in Sanskrit is called Sat-an.

The Ankh is originally called An in Egyptian. In India, An is also a ancient name of

Shiva. Who carries the trident. The symbol of the Ankh in Egypt is the Trident in the east.

The An is also called the Anki in Sumeria, which had the same culture as the Egyptians. Anki is the proper spelling of Enki. Who is also called Satan in Sumeria as well.

In ancient Sumeria:

As Laurence Gardener showed in his book: Genesis Of The Grail Kings that....

"The Serpent Lord was Enki, but in parts of Chaldea[my note Sumeria] He had been called Shaitan."

Anki is called the Lord of the Eye. The Eye of Shiva in Hinduism. The Ankh was drawn in Egyptian art pointing to the forehead to symbolize the open eye.

The Ankh is the symbol of life in Egypt and Anki is the God of the Waters of Life in Sumeria. Shiva as a mantra is used in the head to activate the pineal gland which secrets

the dew which is the water of life the Soma or Amrit which means "Immortality" in Sanskrit. Satan is also Satanama in Hinduism a mantra to open the third eye.

Shiva is Satan. The ancient texts in the east and near east state that Shiva ruled the golden age of humanity in Kumara Kadam and taught humans spiritual, cosmic knowledge so that humans could ascend, in the first Sangha. This is Satan.

Sir Isaac Newton, Satanist

Sir Isaac Newton, Satanist

Recently I watched a bland documentary that claimed Sir Isaac Newton was some kind of Christian. This is the usual watered down mainstream, the same kind that claims Washington was a Xian. When he was openly Anti-Christian. He refused to take communion his whole life and stated on the floor of the Congress while President over the first Treaty America signed: "America is not in any way a Nation founded on Christian principals."

Laurence Gardner showed in his books Newton was called "The Last of the Magician's" by his colleagues for a three hour lecture he gave on Sumerian occult tradition, on the subject of the Magician's. He was also an astrologer which is forbidden in the Bible along with anything to do with being a Magician.

The book "ISAAC NEWTON'S FREEMASONRY; The Alchemy of Science and Mysticism "by Alain Bauer. Goes into detail that Newton was occultist who had massive amount of Hermetic knowledge. Newton was a member of The Gentlemen's Club of Spalding, which was a secretive Masonic club.

From the book:

"Sir Isaac Newton (1642-1727), the noted English scientist and mathematician, wrote many works that would now be classified as occult studies. There is no verifiable record of Newton being a Freemason. Despite this lack of evidence, Isaac Newton is still frequently identified as being a member of several early Masonic Lodges including the Grand Lodge of England. There is a Freemason's Lodge operating at Cambridge University named The Isaac Newton University Lodge (UGLE), however this does not emphatically mean that Isaac Newton was a founder or even a member, as there are many social and scholastic clubs which bear his name. There is continued speculation as to the role that Newton may have had in the formation of Masonic Orders in their modern context. Newton's membership of The Royal Society and the fact that many Royal Society members have been identified as early Freemasons has led many to believe Newton was a Mason himself. It is clear that Newton was deeply interested in architecture, sacred geometry, and the structure of the Temple of Solomon, a subject that plays an important role in early Masonic mythology. However, ultimately there is no evidence to directly connect Newton to Freemasonry.

Perhaps the secret society which most influenced Isaac Newton were the Rosicrucian's. Though the Rosicrucian movement had caused a great deal of excitement within Europe's scholarly community during the early 17th century, by the time Newton had reached maturity the movement had become less sensationalized. However, the Rosicrucian movement still would have a profound influence upon Newton, particularly in regard to his alchemical work and philosophical thought. During his own life, Newton was openly accused of being a Rosicrucian, as were many members of The Royal Society. Though it is not known for sure if Isaac Newton was in fact a Rosicrucian, and he never publicly identified himself as one, from his writings it does appear that he may have shared many of their sentiments and beliefs."

Newton worked to keep his Masonic memberships mainly secret as his works into the occult due to the political control of the Church of England. Many of Newton's anti-Christian, belief's at his in time were illegal and could have ended his career and had him arrested.

Blasphemy alone was a criminal offence in England at the time. Newton, did however refuse to become a minister in the Church of England which was part of his duty of his office at the university at the time, and he was absolved of such. It's no surprise as to why.

This was back when Free Masonry was still Satanic, before the Jewish bankers took control with their Illuminati in the later 18th century and removed the original doctrines and

replaced it with Jewish doctrines and Communism. Washington himself in a letter to a friend still in the Library of Congress warned the Masonic Society was being infiltrated by the doctrine of the Illuminati. Which was a front for the Jewish Rothschild's and other Jewish power elites at the time.

"Weishaupt himself did not enter a lodge until 1777, when he received induction into the Lodge Theodore de Bon Conseil in Munich. However, once inside Masonry, Weishaupt immediately went to work another Rothschild agents to inject the Illuminate doctrine, hand in hand with Judaic occult systems to put the Gentiles under the control of the Elders of Zion. While rotting out the original Masonic spiritual doctrines and philosophy of universal-spiritual law. Weishaupt and his agents organized the Congress of Wilhelmsbad at the Castle of William IX of Hesse-Kassel, to occur on July 16, 1782. That special even, which was momentous in both size and aspirations, was attended by elite representatives of Masonic lodges from all over. It was also there that a decision was reached to allow the previously excluded Jews to be granted admittance into Freemasonry."

The Illuminati Is Jewish:

One can see the American Founders were Satanist's and created a Masonic Republic based on the original Satanic teachings of the Mason's.

The American Founders Were Satanists:

[topic585.html](#)

Newton left the message himself for all to witness. In his own story he created of the apple. He was sitting under the tree when the apple fell and he took up the apple in his hand and was illuminated. The tree is the forbidden tree of knowledge and the apple was what the serpent, Satan offered Adam and Eve. They took it and rebelled against the Jewish tyrant Yahweh. The God of Newton was Satan.

Exposing the Holocaust by RoadtoRevolution

Greetings

This is another addition to my (Must Must Read Series ) , In this very article I am gonna debunk the ugly lies of this So Called "HOLOCAUST and 6 Million Fucked Up " .

Author Don Heddesheimer's book, **The First Holocaust: Jewish Fundraising Campaigns With Holocaust Claims During and After World War One**, is an important piece of the revisionist puzzle.

Heddeshimer cogently documents the slew of previous attempts by Jews to disseminate deceitful and untrue atrocity propaganda before, during and after World War I. The First Holocaust features an amazing collection of press clippings and propaganda articles dating back to the late 19th century that make claims of the suffering and imminent extermination of European Jewry. Among such articles we find that Jews have, dozens of times before WWII, invoked the cabalistic “6,000,000” number as the amount of Jews on the verge of death and destruction during various periods of turmoil and conflict in Europe and Russia. Undoubtedly, this book exposes the deliberate fraudulence of these sinister Zionist campaigns and media blitzes — long before Hitler became Chancellor of Germany in 1933 — designed to elicit public sympathy and financial support for Jewish political ambitions, principally the establishment of the State of Israel.

Young children are taught to hate their own kind over something that never even happened!

The obsessive invocation of the cabalistic fable of **“6,000,000 dead or dying Jews” dating back at least four decades prior to the events of WWII directly undermines and betrays the notion that 6,000,000 Jews perished in Europe between 1939-1945, as Jews have claimed. It was a lie the first time, and it is a lie today and it will be a lie forever !!!**

The Gentile populations of the World have, for decades, been inundated and inoculated with an endless onslaught of holocaust-themed Hollywood movies, television shows, “docudramas”, books and memoirs; in conjunction with mandatory **“holocaust education” in schools across North America and Europe.**

The primary function of this insidious global propaganda campaign is to — quite simply — brainwash non-Jews into a state of abject fear and paralysis while we are ideologically, economically and physically enslaved by the Jewish tribe. It is also designed to delegitimize all criticism of Jews and the State of Israel and to ensnare non-Jews into adopting a pro-Jewish, pro-Zionist worldview. **Even in my Country ,the republic of India , so called intellectuals are silent on the issue of Holocaust, No mainstream media in India would ever criticize Jews with exception of a very few people who do it, not publically and, ironically such people are not so much known in India.**

With their hateful holocaust lies, Zionist myth-makers are teaching masses of young school children to hate Germans, and European mankind in general. These kids, not knowing any better and unable to think for themselves, blindly believe these tall tales and never question what they’ve been told when they become adults. The indoctrination of our little ones with Zionist ‘holocaust’ fiction is permanently damaging the minds of young people. Force-feeding young children, as well as teenagers, distortions and outright falsehoods about World War II so that they sympathize with Jewish people and treacherous Jewish causes — such as Zionism and Communism — is immoral, destructive, harmful and criminal. It must be stopped!

A question that you might ask is: **“what is the significance of the ‘Six Million’ figure and where did it originate?”**

The mythical “Six Million” figure has intriguing origins indeed. Jews have staunchly emphasized the 6,000,000 figure in atrocity propaganda from the years 1869 through 1945. I have provided news paper clippings from 1869 through 1945 in the end of this article talking this mofo propaganda by mofo Jews.

World War II ended in 1945, and since that time the cabalistic 6,000,000 figure has now reached sacrosanct status. This was achieved through a sleazy and deceptive campaign of repetitive HoloHoax swindlespeak in the news and entertainment media, centered in **Jewish Hollywood**

As the Jewish-Communist mass murderer, Vladimir Lenin, once said: “a lie told often enough becomes the truth.” (Which I mentioned in my previous article titled Exposed – Lies About Hitler) This campaign of Jewish deceit has steadily intensified over the years. When Jews sense an increase in awareness of their treachery and global crimes against humanity amongst the Gentile public (a natural reaction of which is resentment and hostility), the louder they begin to wail about their invented holocaust in the octopus of media organs they control. That’s why they are always gauging the pulse of public opinion.

World leaders, Presidents, Prime Ministers, ceremonial Kings and Queens, Popes, Priests and Holy Men of all faiths, genuflect in groveling reverence of the mythical “6,000,000 Jews” who didn’t perish in “Nazi gas chambers”, **as such chambers did not exist and were impossible.**

(See: [http://winstonsmithministryoftruth.blog ... mbers.html](http://winstonsmithministryoftruth.blog...mbers.html))

Research shows that the reason for this bizarre Jewish fixation on the number 6,000,000 primarily stems from an ancient religious prophecy in the Torah. According to some sources, the prophecy envisioned that before the Jewish people could reclaim and reconquer Palestine to establish a Jewish homeland called “Israel”, 6,000,000 Jews would first have to perish in a fiery burnt offering (i.e. “Holocaust”), **as a sacrifice to their bloodthirsty mofo tribal deity, YHWH.** (See: Weintraub, Ben. The Holocaust Dogma of Judaism: Keystone of the New World Order. Washington, D.C.: Cosmo Pub., 1995.)

Jewish author, Benjamin Blech, confirmed this reality in his book **“The Secrets of Hebrew Words”** (J Aronson Inc., 1991, p. 241), stating,

“The Hebrew word for ‘ye shall return’(TaShuVU), seems to have been spelled incorrectly. Grammatically it requires another (vav). It ought to read (TaShUVU). Why is it lacking the letter (vav) which stands for six?. [TaShuVU] without the vav is a prediction to the Jewish people of ultimate return to their national homeland. TaShuVU in numbers adds up to 708: tav=400, shin=300, vei=2, vey=6. When we write the year, we ignore the millennia. In 1948 on the secular calendar, we witnessed the miracle of Jewish return to Israel. On the Hebrew calendar it was the year 5708. That

was the year predicted by the incomplete word (TaShuVu), you shall return. We did return, lacking 6 – an all important 6 million of our people who perished in the holocaust. Yet the fulfillment of the prediction of return in precisely that year implied by the gematria of TaShuVU gives us firm hope that the words of the prophets for Final Redemption will come true as well.”

תָּשׁוּבוּ

TaShuVU

YOU SHALL RETURN

In the days when slavery existed, the Torah decreed that there must come a time when every man goes free. Even those who resold themselves after six years of servitude, and had their ears pierced for voluntary enslavement, could not remain beyond the time of the Jubilee.

וּקְרַשְׁתֶּם אֶת שְׁנַת הַחֲמִישִׁים שָׁנָה וּקְרַאתֶם דְּרוֹר בְּאֶרֶץ
לְכָל־יֹשְׁבֵיהָ יוֹבֵל הוּא תִהְיֶה לָכֶם

(Ve-kidashtem et shenat ha-ḥamishim shanah u-keratem deror ba-arez le-khol yoshveha yovel hi tihyeh lakhem)

“And ye shall hallow the fiftieth year and proclaim liberty throughout the land unto all the inhabitants thereof.”

[Leviticus 25:10]

These are the words chosen to be inscribed on the Liberty Bell. It is in the Jubilee year that “ye shall return every man unto his possession and ye shall return every man unto his family.”

The Hebrew word for “ye shall return,” תָּשׁוּבוּ (TaShuVU), seems to be spelled incorrectly. Grammatically it requires another ו (vav). It ought to read תָּשׁוּבוּ (TaShUVU).

Why is it lacking the letter ו (vav), which stands for 6? תָּשׁוּבוּ (without the “vav”) is a prediction to the Jewish people of ultimate return to their national homeland. תָּשׁוּבוּ in numbers adds up to 708: ת (tav) = 400, ש (shin) = 300, ב (vet) = 2, ו (vav) = 6. When we write the year, we ignore the millennia. In 1948 on the secular calendar, we witnessed the miracle of Jewish return to Israel. On the Hebrew calendar it was the year 5708. That was the year pre-

Here are two additional commentaries on the origins of the “Six Million” from History & Scriptural Origins of the Six Million Number:

[Quote 1] Jewish prophecies in the Torah require that 6 million Jews must “vanish” before the state of Israel can be formed. “You shall return minus 6 million.” That’s why Tom Segev, an Israeli historian, declared that the “6 million” is an attempt to transform the Holocaust story into state religion. Those six million, according to prophecy, had to disappear in “burning ovens”, which the judicial version of the Holocaust now authenticates. As a matter of fact, Robert B. Goldmann writes: “. . . without the Holocaust, there would be no Jewish State.” A simple consequence: Given six million Jews gassed at Auschwitz who ended up in the “burning ovens” (the Greek word holocaust means burned offerings), therefore, the prophecies have now been “fulfilled” and Israel can become a “legitimate state”. – Unknown

[Quote 2] Regarding the ‘six million’ number you should know the following: In the Hebrew text of the Torah prophecies, one can read “you shall return”. In the text the letter “V” or “VAU” is absent, as Hebrew does not have any numbers; the letter V stands for the number 6. Ben Weintraub, a religious scientist, learned from rabbis that the meaning of the missing letter means the number is ‘6 million’. The prophesy then reads: You will return, but with 6 million less. See Ben Weintraub: “The Holocaust Dogma of Judaism”, Cosmo Publishing, Washington 1995, page 3. The missing 6 million must be so before the Jews can return to the Promised Land. Jahweh sees this as a cleaning of the souls of the sinful people. The Jews must, on the return to the Promised Land, be clean — the cleaning shall be done in burning stokes. (Quoted from a birdman.com article but Jews Internet Gang took it down, I had that website downloaded though)

(See also - <http://www.thebirdman.org/Index/Jews/Je...umber.html>) The link might not work we all know why

Is it just coincidental that the flimsy and farcical story of “6,000,000 Jews” being murdered in “gas chambers” and burned up in “ovens” in concentration camps during WWII gave the Jews the impetus and PR ammunition they needed to make their “gallant return” to the “promised land” at the war’s end — **occupying and ethnically cleansing much of Palestine through terrorism and force of arms** establishing a racist/apartheid “Jewish state” called “Israel” in 1948? And this all just happens to fit the previously cited ancient Torah prophecy to the letter? I hardly think so!

(See more about Zionist gangs Mofos <http://guardian.150m.com/palestine/jewish-terrorism.htm>)

Today, the holocaust tall tale has taken the form of a bizarre cult-like State-enforced and protected

religious dogma of the West (i.e. Holocaustianity), **as it is illegal to question, dispute or deny in over a dozen European countries, under punishment of heavy fines and imprisonment!** This farfetched Zionist-trumpeted conspiracy theory is being utilized by Jewish hucksters and scam artists as a money-making enterprise — a larcenous con of near-planetary proportions which Jewish professor Norman Finkelstein dubbed “The Holocaust Industry”. (The Holocaust Industry: Reflection on the Exploitation of Jewish Suffering. London: VERSO, 2000.)

(See : <http://vho.org/aaargh/fran/livres4/NFHolindustry.pdf>)

On top of that, this myth has been wielded by Jewish zealots as an ideological sledgehammer to club Gentiles over the head with any time non-Jews dare criticize or oppose the global banditry and menacing influence of the self-professed “Chosen People”.

Below I am providing reproductions of many press clippings and articles featuring the cabalistic 6,000,000 number, dating back to the year 1900. Note the ceaseless references to “6,000,000 Jews”, the continuous begging for money and land (Palestine), and the term “holocaust” used well before the events of the 1940s. It is also noteworthy that the authors of the vast majority of these propaganda articles were the richest of Wall Street’s Jewish bankers as well as leaders of Zionist pressure groups — Schiffs and Warburgs among them.

American Zionist leader, Rabbi Stephen S. Wise, let slip the Zionist agenda behind the Holocaust Hoax: to promote public sympathy for Zionism (Jewish takeover of Palestine).

“There are 6,000,000 living, bleeding, suffering arguments in favor of Zionism.”

(“ZIONISTS’ MASS MEETING: Rabbi Wise’s Address.” New York Times. June 11, 1900.)

RABBI WISE'S ADDRESS.

Rabbi Wise said, in part:

"The day will never come when I will care less for Zion, when there will be any one who will strive more for the glorious ideals of Zionism.

"Two great conventions of Jews are being held to-night. In Chicago there is a conference of charities called together by men who minister to the wants of the poor. They have assembled to see that too much charity is not given to the unworthy. Their purpose is right. But ours is the greater charity. We have assembled not to see that the Jew does not get too much, but that every Jew shall get the right to live.

"There are 6,000,000 living, bleeding, suffering arguments in favor of Zionism. They come not to beg, but ask for that which is higher than all material things. They seek to have satisfied the unquenchable thirst after the ideal. They ask to become once again the messengers of right, justice, and humanity.

"Your Christian friends will honor you if you have enough self-respect to care for your own people. Say that you are not a Jew, and you will be hated as a Jew, nevertheless. But say that you are an American Jew, and strive for the best principles of the race, you will be respected and the Zionist name honored.

"Of Israel and Zion one thing is true. They can conquer. God is our leader, and with the General of the heavenly hosts to lead who will say that we go not to victory?

"In the old Greek games, the man who won the race was not he who went fastest, but the one who bore a lighted torch to the end of the course.

"We Zionists have entered a race, the torch of liberty, charity, and justice in our hands.

"The race will be won, not because we are fastest but because that lamp is a light unto the world. It will never be extinguished.

"Come, brethren, the lamp is in your hands; run the race and may God give you the victory forever."

Other speakers were Dr. M. Mintz, Dr. Robert L. Halperin of Chicago, and the Rev. Dr. B. Drachman.

The Zion hymn by the Rev. Dr. H. Perelra Mendes, was sung at the conclusion of the speaking. The band of the Hebrew Sheltering Guardian Society Orphan Asylum, under direction of I. L. Fauerbach, played a number of selections.

While the main activity of anti-Semitism has manifested itself in Germany, Russia, Rumania, Austria-Hungary and France, its vibratory influences have been felt in other countries when conditions favourable to its extension have presented themselves. In England more than one attempt to acclimatize the doctrines of Marr and Treitschke has been made. The circumstance that at the time of the rise of German anti-Semitism a premier of Hebrew race, Lord Beaconsfield, was in power first suggested the Jewish bogey to English political extremists. The Eastern crisis of 1876-1878, which was regarded by the Liberal party as primarily a struggle between Christianity, as represented by Russia, and a degrading Semitism, as represented by Turkey, accentuated the anti-Jewish feeling, owing to the anti-Russian attitude adopted by the government. Violent expression to the ancient prejudices against the Jews was given by Sir J. G. Tollemache Sinclair (*A Defence of Russia*, 1877). Mr T. P. O'Connor, in a life of Lord Beaconsfield (1878), pictured him as the instrument of the Jewish people, "moulding the whole policy of Christendom to Jewish aims." END OF ZIONISM, MAYBE.

Jewish Preacher's View of Uprising in Russia.

The Rev. Dr. M. H. Harris spoke in the Temple Israel, Fifth Avenue and One Hundred and Twenty-fifth Street, yesterday morning at the regular services on the "Russian Situation." He prefaced his remarks by reference to the Testaments and to history to show that the people had gradually received a larger sphere of freedom from nations and Governments for the exercise of their powers and duties.

He declared that a free and a happy Russia, with its 6,000,000 Jews, would possibly mean the end of Zionism, since the abolition of the autocracy would practically eliminate the causes that brought Zionism into existence.

Russia, he said, seemed to prefer its own bloody experience in learning the power of the people to profiting by the experience and the history of other nations.

**Chief Procurator of the Holy Synod
Most Hated Man in Russia.**

ST. PETERSBURG, Oct. 31.—Constantine Petrovitch Pobiedonostzeff, Chief Procurator of the Holy Synod, has resigned.

Constantine Petrovitch Pobiedonostzeff, now in his seventy-eighth year, has been a prominent factor in the internal life of the Russian Empire for the last fifty years, and is the most hated man in Russia to-day.

Since his appointment as Procurator General of the Holy Synod, in 1880, he has persecuted the Jews, Lutherans, Catholics, and other dissenting sects with an unswerving fanatical zeal. From 1890 to 1902 he caused 6,000,000 Jewish families to be expelled from Russia and sent thousands of Poles to Siberia. His watchword was "Russia for the Orthodox Russians." Cossacks were ordered to surround the Catholic churches in Poland and shoot down the congregations as they came out.

Dr. Paul Nathan's View of Russian Massacre

STARTLING reports of the condition and future of Russia's 6,000,000 Jews were made on March 12 in Berlin to the annual meeting of the Central Jewish Relief League of Germany by Dr. Paul Nathan, a well-known Berlin publicist, who has returned from an extensive trip through Russia as the special emissary of Jewish philanthropists in England, America, and Germany, to arrange for distribution of the relief fund of \$1,500,000 raised after the massacres last Autumn.

Dr. Nathan paints a horrifying picture of the plight and prospects of his coreligionists, and forecasts at any hour renewed massacres exceeding in extent and terror all that have gone before. He left St. Petersburg with the firm conviction that the Russian Government's studied policy for the "solution" of the Jewish question is systematic and murderous extermination.

Dr. Nathan read to the meeting a circular addressed to the garrison of Odessa, calling upon the soldiers to "rise and crush the traitors who are plotting to upset the holy Government of the Czar and substitute for it a Jewish empire." → 

He concluded with an appeal to the Jewish money powers of the world to arrest Russia's career as a borrower. The financiers of the world should call a halt to Russia, not only for humanitarian reasons, but for practical reasons. Russia's bankruptcy is an established fact, he added.

As a side note: 1906 was the year after the first Jewish-led Communist uprising in Russia had failed. This lame sob story was nothing more than a ploy to distract public attention from the fact that the

Communist-led upheaval that took place in Russia a year earlier was the handiwork of his fellow Jews who perpetrated widespread atrocities against Russian patriots (anti-Communists).

Jewish leader Louis Marshall proclaims: **“In the world today there are about 13,000,000 Jews, of whom more than 6,000,000 are in the heart of the war zone: Jews whose lives are at stake and who today are subjected to every manner of suffering and sorrow...”**

In the United States there are between 2,000,000 and 3,000,000 Jews, nearly all able to do something and yet, after months of work, we have not raised more than \$300,000. In New York there are more than 1,000,000 Jews, some of them persons of great affluence, but many of them seem to think if they give a few hundred dollars they have done their duty.

"We hear of pogroms in Russia, in Poland, in Galicia, and yet we sit indifferent. In Palestine starvation stalks through the land. Shall we selfishly enjoy ourselves and say we would like to, but cannot help because of hard times, and think we are doing our duty? No. The time has come for every man and woman and child to do his duty, and we must fulfill that duty quickly or it may be too late in hundreds of thousands of cases."

The Crucifixion of Jews Must Stop

By MARTIN H. GLYNN

(Former Governor of the State of N. Y.)

From across the sea six million men and women call to us for help, and eight hundred thousand little children cry for bread.

These children, these men and women are our fellow-members of the human family, with the same claim on life as we, the same susceptibility to the winter's cold, the same propensity to death before the fangs of hunger. Within them reside the illimitable possibilities for the advancement of the human race as naturally would reside in six million human beings. We may not be their keepers but we ought to be their helpers.

In the face of death, in the throes of starvation there is no place for mental distinctions of creed, no place for physical differentiations of race. In this catastrophe, when six million human beings are being whirled toward the grave by a cruel and relentless fate, only the most idealistic promptings of human nature should sway the heart and move the hand.

Six million men and women are dying from lack of the necessaries of life; eight hundred thousand children cry for bread. And this fate is upon them through no fault of their own, through no transgression of the laws of God or man; but through the awful tyranny of war and a bigoted lust for Jewish blood.

In this threatened holocaust of human life, forgotten are the niceties of philosophical distinction, forgotten are the differences of historical interpretation; and the determination to help the helpless, to shelter the homeless, to clothe the naked and to feed the hungry becomes a religion at whose altar men of every race can worship and women of every creed can kneel. In this calamity the temporalities of man's fashionings fall away before the eternal verities of life, and we awaken to the fact that from the hands of one God we all come and before the tribunal of one God we all must stand on the day of final reckoning. And when that reckoning comes mere profession of lips will not weigh a pennyweight; but deeds, mere intangible deeds, deeds that dry the tear of sorrow and allay the pain of anguish, deeds that with the spirit of the Good

More Than Third of Entire Race in World Reduced to Despair in Europe

PITIFUL PICTURE DRAWN

Appeal Issued for Mothers Driven Insane by Seeing Children Starved

By **NATHAN STRAUS**

NEW YORK, October 18.—Terrible as conditions have been for the last five years among the destitute Jews of Eastern Europe, they have never before been so appalling as they are at the present moment. With the coming of winter the climax of tragedy has been reached, according to the latest reports from American Jewish relief workers, in every part of these stricken countries. At no time since hostilities ceased has the suffering been so intense as it is now among the Jews in these unfortunate lands.

Six million Jews, out of the 16,000,000 in the world, or considerably more than a third of the entire Jewish race, are today standing in bread lines or getting the soup on which they live from the soup kitchens of the Joint Distribution Committee of American Funds for Jewish War Sufferers.

ORPHANS LIVE ON STREETS

Thousands of them are sick, hundreds of thousands are without homes—all are destitute. A hundred thousand Jewish orphans, many of whom are sleeping and living on the streets, look forward with terror to the coming of the winter. It is impossible to compute the number of mothers who have gone insane as they watched their children starve or the number of typhus patients who are praying for death as they lie sick, without hospitals or medicines or sufficient food.

One year more of malnutrition has so weakened these poverty-stricken

help of the Joint Distribution Committee of American funds for Jewish War Sufferers.

Every month this summer 27,000 Jewish children were sent to vacation homes to recover their strength, depleted by starvation. Last month 500 additional children were sent from Vienna to Holland, where private homes were to receive them and 500 other invalids were sent from Vienna to Trieste to convalesce.

Extensive as it seems, the aid now being given children in Eastern Europe does not nearly meet the need, and unless funds are raised to carry on the work on an infinitely greater scale, the coming spring will find comparatively few children alive in these stricken lands. Herbert Hoover of the American food commission, who just returned to America, commented upon this fact, and said that it would have been impossible for the food commission to have kept between 4,000,000 and 5,000,000 children in Eastern Europe alive even until now without the help of the American Jewish Relief Committee's funds.

Elder of Zion Nathan Straus published this article in the San Fransico Chronicle claiming 6,000,000 Jews were in peril.

Strike a Balance and Compare It With This

While the 3,500,000 American Jews were loyally fighting and laboring to help "make the World safe for Democracy," the Jews of Eastern Europe, where lives the bulk of the world's Jewish population, were being ground out of existence by the clash and flow of contending armies.

Today 6,000,000 Jews Are Facing the Darkest Days Ever Known in the Long History of the Race

Families are scattered—broken. A hundred thousand children are orphaned. Poverty is the common lot. Whole cities have not known a square meal in five years. Disease stalks on every hand. The death rate mounts to double—triple—quadruple—that ever before known in a civilized country.

America Is the Only Hope

In this, the greatest crisis that Jewry has ever known in centuries of suffering and persecution, the Jews of America turn to their fellow citizens of all races and creeds for that material and immediate aid which alone can save the survivors of the race from Europe from destruction.

\$35,000,000 NEEDED!

This sum represents the amount sought from the country at large. SAYS JEWS OF WORLD WILL BACK LEAGUE

Dr. Sokolow Tells Zionist Congress Jerusalem Will Be International Peace Capital.

CALSBAD, Aug. 27 (Jewish Telegraphic Agency).—“The League of Nations is a Jewish idea, and Jerusalem some day will become the capital of the world's peace,” declared Dr. Nahum Sokolow, Chairman of the Zionist Executive Committee, at a special meeting of the Zionist Conference today.

“The League has recognized our rights to our ancient home,” Dr. Sokolow continued. “We Jews throughout the world will make the League's struggle our own and will not rest until there is ultimate victory.”

The meeting was convoked in order to celebrate the twenty-fifth anniversary of the first Zionist Congress.

“Today will be a holiday for Jews throughout the world,” Dr. Sokolow added. “What we have achieved after a struggle of twenty-five years we owe to the genius of our immortal leader, Theodor Herzl, who laid the foundation stone of our movement.”

It was decided at the meeting to send messages of congratulation to Max Nordau, one of Herzl's first followers; the Earl of Balfour and Baron Edmond de Rothschild, the last named being the founder of the first Jewish colony in Palestine.

Hitler comes to power in Germany. Antithetical to Jewish banking interests which thrives off of usury (the lending of money at interest making debt-slaves out of countries), **Hitler immediately begins printing his own state-controlled, labor-backed currency and thus breaking the death-grip of the monolithic Jewish banking establishment of Europe, led by the Rothschild's and the Warburg's.** Hitler also removed Jews from all positions in government, media, education and banks, which they had been dominating up until that point.

Because of this World Jewry declares war on Germany in 1933. Jews around the world launched a global economic boycott of German goods in an effort to economically strangle Germany to death and topple Hitler's new government.

JUDEA DECLARES WAR ON GERMAN Jews Of All The World Unite In Action

BOYCOTT OF GERMAN GOODS

MASS DEMONSTRATIONS IN MANY DISTRICTS

DRAMATIC ACTION

"Daily Express" Special Political Correspondent. ALL Israel is uniting in wrath against the Nazi onslaught on the Jews in Germany.

Adolf Hitler, swept into power by an appeal to elemental patriotism, is making history of a kind he least expected. Thinking to unite only the German nation to race consciousness he has roused the whole Jewish people to a national renaissance.

The appearance of the swastika symbol of a new Germany has called forth the Lion of Judah, the old battle symbol of Jewish defiance.

Fourteen million Jews dispersed throughout the world have banded together as one man to declare war on the German persecutors of their co-religionists. Sectional differences and antagonisms have been submerged in one common aim—to stand by the 600,000 Jews of Germany who are terrorised by Hitlerist anti-semitism, and to compel Fascist Germany to end its campaign of violence and suppression directed against its Jewish minority.

World Jewry has made up its mind not to rest quiescent in face of this revival of medieval Jew-hatred.

appearing for an end of the Hitler "terrors." Every habit in the City of New York has been placed under a sacred obligation by historical decree to devote Saturday's sermons to the plight of the Jews in Germany.

The "New York Times" this morning says a list of a thousand German residents who have come to the United States during several years has been compiled by an ancient Nazi organization, the object being to use those people for Nazi propaganda in the United States.

SPECIAL SESSION

The organization of Jewish youth in Britain is organizing demonstrations in London and the provinces during the week-end.

Yesterday Middlebush asked the public to subscribe to £1,000,000 of its 3½ per cent. stock, and raised the price to 57½ per cent.

The lists were closed in five minutes, during which time applications had been received for £20,000,000.

HIGHER WAGES FOR STEEL WORKERS

AN INCREASE OF THREE SHILLINGS A WEEK

BRIGHT SPOT IN A BLACK TOWN

THE "Daily Express" has sent a special representative on an unusual mission. He is touring the north in search of highwages. In his tour he is going to tell the facts about all classes of wages, high and low. He is going to show how low wages reduce the morale of the community. He is going to show how courageous spending meets favourably throughout the community.

In his first district it is revealed that the steel masters of Middlesex have been able to make a fortune in the course of high wages.

Filters in steel works have recently received an increase of 3s. a week. Their wages are not high, but this is a sign in the right direction. It is a bright spot in an otherwise black town—brought low by wage cuts and false economy.

He had, he revealed, that the morale of their employees was higher than the average of the coal field.

NO CLUE

A mysterious measure entitled "The Public Hospitals Bill, 1933," appeared on the agenda for this afternoon's meeting of the Dail.

The Bill was set aside for formal introduction, and a motion in this effect was moved in a six or seven-words speech by Mr. Sean O'Kelly, the Minister of Local Government. His brief remarks gave no clue to the

The German, French, Italian, Polish, and Belgian Ambassadors were among a crowd of diplomatic representatives in their special gallery, and Mr. House, of Australia, and other representatives of the Dominions also listened.

Mr. MacDonald, who was greeted with cheers, said:—

"We were asked by our colleagues here to go to Geneva, first because every 1933 was a year of danger of immediate collapse of the International Conference."

Mr. MacDonald, the Foreign Secretary and I went to Geneva. Our first business was to discover how serious the situation was, and for that purpose we interviewed for some two or three days the leading delegates from various nations.

Jews don't like it when Gentiles revolt against their tyranny and control. Their motto is: be our slave or be dead. Mofo Jews casted all war but Hitler and Gentiles are blamed. Fucking cocksuckers Jews .

This act of treachery leads to widespread dislike of Jews in Germany and foments tension between Jews and German Gentiles. For this act, and for the Jews' well-known support for Communism and substantial involvement in the bloody Bolshevik Revolution, the Nazis declare Jews "enemies of the state" eventually interning them in concentration camps and labor camps during the Second World War yet they were treated well. I have already exposed this in my previous article (Exposed – Lies About Hitler – A Must Must Read). Almost the same thing happened to Japanese-Americans after Pearl Harbor. Although, unlike the Jews, Japanese people never waged an economic war on America, they were interned in American concentration camps simply for their ethnicity.

Editor's Note: Commentators have declared Dr. Weizmann's speech before the Royal Commission in Palestine, an address which lasted some 2½ hours to be the greatest declaration regarding Palestine since the issuance of the Balfour Declaration. Since space does not permit us to print the text in full we are happy to present the following excerpts:

"I should like to present a tried statement of the background and motives behind the Zionist movement,

Appearing before the Peel Commission, World Zionist Organization chairman, and first Israeli president, Chaim Weizmann, declares that “6,000,000 Jews are destined to be imprisoned,” (in Europe) “where they are unwanted.”

Jews continue to agitate for Palestine. The New York Times reported that Zionist groups were desperately lobbying American Christian leaders, Christian organizations, and the British government, demanding assistance in the creation of a “Jewish nation in Palestine” to save the Jews from “the European Holocaust.” These strikingly prophetic statements were made years before the creation of ghettos or concentration camps and over three years before the German invasion of Poland.

Pro-Palestine Federation Asks

AIMS OF MANDATE CITED

Petition Urges It Be Made

That These Will Be Carried Out.

Special to THE NEW YORK TIMES.

WASHINGTON, May 30.—A petition addressed to Prime Minister Stanley Baldwin expressive of the hope that Great Britain will steer a course favoring the establishment of a free Jewish nation in Palestine such as would provide refuge for millions of persecuted Jews in Eastern Europe and Germany was presented to Sir Ronald Lindsay, the British Ambassador, today by a Christian delegation representing the Pro-Palestine Federation of America and headed by the Right Rev. James F. Freeman, Episcopal Bishop of Washington.

The petition, in expressing the opinion of enlightened Christian leadership in the United States, favoring a larger Jewish immigration into Palestine, stressed the intolerable sufferings of the millions of Jews in "the European holocaust."

Urges Definite Policy

It suggested the need for a clear and definite policy on the part of the British Government in the carrying out of the stipulations of the Palestine mandate.

the salvation of Israel and restoration to its ancient patrimony. Great Britain has it within her power to throw open the gates of Palestine and let in the victimized and persecuted Jews escaping from the European holocaust.

Enlightened Christian opinion in America is now eager to see the provisions of the Palestine mandate carried out. It is eager to see the settling of the Jews in the land facilitated in accordance with the stipulations of the mandate. Above all it would welcome the removal of any impediments and obstructions to the social-economic development of the country, which untimely and premature projects of self-government would cause, in the present condition of the country.

Recognizes Problems

We are mindful of the complex and difficult task faced by His Majesty's government in Palestine. We also appreciate the anxiety and sincerity with which the Palestine Government is grappling with the problems there. We, however, feel that the right solution calls for a definite policy, which should, once and for all, make clear to the turbulent element in Palestine that His Majesty's government, as mandatory power, will carry out its trust to help transform Palestine into a Jewish homeland to which the persecuted Jews of the world may freely come, and where they may have the right to constitute themselves into a free nation.

It is our fond hope and sincere belief that in the present grave

(Wireless to The New York Times and The Gazette.)

Geneva, August 7.—Delegates of 32 countries representing six or seven million of the 16,000,000 Jews in the world arrived for the first world conference opening here tomorrow night, Dr. Stephen S. Wise, its president, told the press at a reception today.

He believed 250 of the 300 delegates named would attend and led the assembly to be "the first and most representative of its kind in Jewish history."

Dr. Wise defined the Congress as "an expression of the will of Jews from many lands earnestly to consider and publicly to discuss their common problems, to submit these to the non-Jewish world for understanding and co-operation and to the Jewish people for solution."

His statement suggested that the Congress's work will be two-fold. First, to constitute a permanent world organization of that portion of the Jews which believe in such organization;

Secondly, to treat immediately the more pressing of the questions for which the organization is being formed, such as the Palestinian and German problems.

Leon Kubowetski of Belgium will present on Monday a proposal for constitution of the Congress permanently. Since those Jews who oppose this method of treating the Jewish question are taking no part in the congress its organizers say they expect most of the debate will centre on the second point.

NOT A PARLIAMENT.

"I must make clear that the World Jewish Congress," Dr. Wise said, "is not parliament or an attempt at parliament, that it is nothing more than an assembly of representatives of those Jewries which choose to associate themselves in defence of Jewish status. It is not easy to estimate how many Jews will be represented at the Congress but we believe more than one-third of the total Jews in the world will be."

Questions brought out that the Congress includes no delegates from the Jews in Germany and Russia. Dr. Wise said it was impossible for the former to attend safely and expressed personal hope that the latter will be represented in the future.

The only other important countries with Jewish communities which are not included among the 32 countries seem to be Holland and the Scandinavian nations. Seventy delegates are Americans.

Answering questions, Dr. Wise said that questions of democratic

Relief Works Details Given Out by Bouchard

Quebec, August 7.—(P)—Municipal Affairs Minister T. D. Bouchard announced tonight details of the \$4,798,000 works programme to be followed in Quebec for relief of unemployment, in accordance with an agreement effected this week between Labor Minister Rogers at Ottawa and Quebec Government officials.

The Quebec Minister divided the programme into four sections. 1—Construction of bridges on main highways, \$647,200; 2—Construction of the trans-Canada highway, \$1,885,430; 3—Provincial and regional highways, \$1,943,356, and district roads, \$258,000; 4—Construction of two bridges on the trans-Canada highway, \$65,000.

An additional \$750,000 will be spent on other works, but these have not been decided upon, Mr. Bouchard said.

Terms of the agreement, announced yesterday, call for a \$0.50 expenditure by Quebec and the Dominion. At least half those employed on projects must be taken from relief rolls.

made in order that heads of the three services, Army, Navy and Air, may have equal status.

Brig. A. C. Caldwell, Master-General of the Ordnance, and Col. L. J. Orde, Judge Advocate General, were re-appointed to the council as associate members.

The council will now be composed of:

President, Hon. Ian Mackenzie, Defence Minister; vice-president, Col. L. R. Lafleche, Deputy Minister; members, Maj.-Gen. E. C. Ashton, Chief of the General Staff, Commodore Percy W. Nellex, Director of Naval Service and Chief of the Naval Staff, and Air Commodore Croil; associate members, Maj.-Gen. C. F. Constantine, Adjutant-General, Brig. T. V. Lefrancois Promises to Vote Against Measures Contrary to Their Interests

A promise that he would positively vote against any measure which he feels is contrary to the best interests of the workers of Mercer County was given by J. Eugene Lefrancois, official Liberal candidate of Mercer County, to a large number of voters of the district assembled last night in his committee rooms at 828 Rachel street.

Speaking in a district where there are many unemployed on relief, several of whom addressed the crowd in his support, Mr. Lefrancois declared that although he was not one of the strongest partisans of the Bouchard plan in aid of the unemployed, he still felt that the unemployed should be given work.

Offered the Liberal candidature of the county because of his past work and interest in the numerous associations and societies which have helped the unfortunate and other

FOUR GANG KILLINGS ROUSE FEARS IN N.Y.

Police Are Put on Alert for New Underworld War

GAMBLER IS MURDERED

Three Others Recently Found Slain in Manner Reminiscent of Prohibition Era Mobs

New York, August 7.—(P)—Four recent gang killings reminiscent of the slam-bang days of the prohibition era tonight set metropolitan police on the alert for a new underworld war.

Latest victim of the hot lead that flew so freely in the days of Arthur (Dutch Schultz) Fleggenheimer, Vincent (Mad Dog) Coll, Jack (Legs) Diamond, and other major racketeers, was Dominic Didato, 30, described by police as a gambler.

Didato, alias Terry Burns, was summoned from a cafe three blocks from police headquarters early today and shot four times by an unidentified assailant. He died quickly.

Assistant Chief Inspector John Lyons denied reports Didato was slain by associates of Charles (Lucky) Luciano, convicted vice overlord now serving a long term in Dannemora state prison. Lyons said the victim probably had "welched" on a gambling debt.

He was plentifully supplied with money when he answered the fatal summons, however. A search of his pockets yielded \$2,165.

More ominous were the three killings immediately preceding that of Didato.

Pending a thorough investigation, police harbored in protective custody a 19-year-old blonde burlesque dancer, acquainted with all three victims.

They were: Edmond ("Elegant Eddie") Fauchot, shot to death 11 days ago in the lower East Side.

Frank Clarity, alias Frank McDonald, whose battered and trussed body was fished out of Long Island Sound on Sunday.

William Hessler, stabbed 48 times in the chest and left in a trunk in a Brooklyn lot on Tuesday.

Inspector Lyons acknowledged that these three killings were linked, but said he had no information indicating the victims ever were members of the Dutch Schultz mob.

Schultz, last of the old line bootleg barons to die, was chopped down by a spray of bullets in Newark last October.

His death, followed by the imprisonment of "Lucky" Luciano, left the policy, prostitution and other rackets open to anyone strong enough to organize them.

The Hearst Publications, the Toronto Star Weekly, the Boston Advertiser, the New York Daily News and the Daily Record were among the publishers represented. Appearing on behalf of the newsdealers were: J. Singerman, president of the association; W. Sirota, E. Kerman, Louis Rappaport, M. Chaimburg and J. Huric.

In a statement made to The Gazette last night, a representative of the Montreal Newsdealers' Supply denied that his firm charged as high as 3½ cents for 10-cent magazines. The dealers contended yesterday, however, that the prices they had to pay for certain newspapers and periodicals were too high, and they felt the arrangements regarding returns of unsold matter were unjust. Only percentages of some papers are returnable. The suppliers agreed to make concessions in this regard, but they would not budge insofar as prices were concerned. The publishers governed this, they said, and conditions were the same everywhere.

DEATH FROM STARVATION

R.C.M.P. Man Finds Hermit Trapper's Body in Cabin

Rocky Mountain House, Alta., August 7.—(P)—Papers found in the little cabin in which Olaf Olson led a hermit-like existence for seven years tonight offered no clue to where he came from before taking to the traplines in this Northern Alberta district.

The body of the 60-year-old trapper was found by Royal Canadian Mounted Police Constable John Leyland. A diary found nearby indicated he had slowly starved to death. The last entry was made on July 26, when it is believed he died.

His last batch of bread was baked on May 28, the diary recorded. On July 14, he wrote of feeling sick and remaining in bed. "Getting weaker" he wrote the following day and on July 16 "very weak; eyes get dull."

Discovery of the trapper's death was made when Constable Leyland forced his way into the cabin. Olson's body was lying on the floor of the tumble-down shanty. His food supplies were reduced to one raw potato, found in the basement.

OPPOSITION VOICED TO CANNING PLANT

Longueuil Residents' Petition Promised Consideration by Pro-Mayor

Petition to the Longueuil City Council against the erection of a canning factory or "any other factory in our neighborhood" was submitted at the regular monthly meeting of Council, held last night. The reason was the application for a permit to build a "small" canning factory in the rear of No. 325 St. Alexandre avenue, which was previously placed before Council and public notice of which has been posted.

The proposed site, it is claimed, is one of the finest residential sections of the South Shore city and should be kept as a non-commercial and non-industrial locality. The petition was signed by 24 residents and proprietors in and around St. Alexandre avenue. The petition is

The number of Jews deprived of their rights and economic opportunity in Europe increased greatly last year, Dr. Bernhard Kahn, European director of the American Jewish Joint Distribution Committee, said on his arrival here last week from Europe.

The new Government of Rumania has threatened to outlaw 800,000 Rumanian Jews, "disregarding peace treaties, minority treaties and the constitution of the country," said Dr. Kahn.

government except sometimes in cases of physical violence and public disturbance," he said.

"It is a matter for encouragement, however, that many outstanding personalities and some political parties in Poland are courageously raising their voices against the inhuman treatment of the Jews and the poisonous atmosphere of anti-Semitism.

"In Germany the Jews are being driven out of the last economic positions. Increased oppression is swelling the number of refugees and emigrants. More than 15,000 Jews had to leave Germany during the last year and in the middle of the year the German laws of racial discrimination were extended to the 12,000 Jew in Upper Silesia (the Danzig corridor)."

Dr. Kahn said there are 25,000 refugees in Europe, the greater number of them living in need and in demoralizing uncertainty. He expressed the hope that the inter-governmental conference at the League of Nations would take up the refugee problem again in February.

"Five to six million in all are today the victims of governmental anti-Semitism and policies of unchecked anti-Semitic propaganda and persecution. All these millions are in danger of losing their rights as citizens. Their economic existence is constantly menaced and for thousands upon thousands their

FIVE or six million Jews, uprooted by dictatorships and tossed about by economic storms, may have to depend upon the development of the Holy Land, under British mandate, as a solution to their difficulties. But they face the hostility of the Arabs living there, whose economic and religious interests conflict with theirs.

In North Palestine the Jews fence themselves in armed settlements as a protection against marauding Arab bands, while they try to work the poor land. With Britain anxious to get rid of her mandate, and with enemies in nearly every corner of the world, these “people without a country” are in a sorry plight.

Ready at any moment to defend the strip which he is trying to convert to fertility is the Jewish settler of the Jesreel valley.

FIVE or six million Jews, uprooted by dictatorships and tossed about by economic storms, may have to depend upon the development of the Holy Land, under British mandate, as a solution to their difficulties. But they face the hostility of the Arabs living there, whose economic and religious interests conflict with theirs.

In North Palestine the Jews fence themselves in armed settlements as a protection against marauding Arab bands, while they try to work the poor land. With Britain anxious to get rid of her mandate, and with enemies in nearly every corner of the world, these "people without a country" are in a sorry plight.

The life is not an easy one, by any means. Back-breaking labor is not made any more bearable by constant threat of pillage and death.

Pictured here is life in a fenced-in settlement in the Jesreel valley.

Settlers must carry rifles while working the swamp-infested plain.

Claims Corn Is State's Most Dependable Crop

What North Dakota Indians learned three centuries ago, North Dakota white men are slow to learn—that is that year in and year out, corn is the state's most dependable crop.

But North Dakota is learning its lesson, says George F. Will, general chairman of the North Dakota State Corn and 4-H Clubs Crops show, who points to increasing entries in the annual exposition as evidence that the farmers of the state are getting away from one-crop farming.

When the 15th annual state corn show opens in Bismarck's World War Memorial building, October 19,

Poland, under British influence, refuses to concede to Hitler any of his relatively modest territorial demands. Hitler sought to recover the territory stripped away from Germany and given to Poland at the end of WWI; specifically the formerly German city of Danzig. Hitler also demanded an autobahn in the Danzig corridor connecting the German mainland to East Prussia. Poland categorically refused all of Hitler's somewhat reasonable demands.

Hitler wanted back the German city of Danzig and an autobahn through the Danzig corridor connecting the German mainland to East Prussia. Poland, under British/Jewish direction, refused to acquiesce to Hitler's modest demands.

In September Poland is invaded from the west by Germany and from the east by the Soviet Union. **Britain and France immediately declare war on Germany**, supposedly because of Hitler's invasion of Poland. **However, Britain and France did not declare war on the Soviet Union who also had invaded Poland** and then attacked Finland a few months later.

The Allies, who waged war on Germany in 1939 using as a justification the excuse that Germany breached Polish sovereignty by invading, DUMPED Poland off to Stalin and the Communist butchers who had murdered 22,000 Poles in the Katyn Forest in 1940!

The reason the Allies only found fault with Germany for invading Poland, and not the Soviets, was because the USSR was under Jewish rule, and had been since 1917. The purpose of WWII all along was not to free Poland but to destroy Germany, who had broken loose from the grip of the Jews. . The Allies, who originally claimed to be concerned for Poland's sovereignty, dumped Poland, along with the rest of Eastern Europe, off to the Soviet-Communist butchers at the end of the war! This Allied betrayal proves that the Allies never cared about Poland at all. Poland was nothing more than a pawn used by the Allied

warmongers to sucker the Third Reich into a war.

Jewish Relief Appeal Starts Here Tomorrow

More than 200 volunteers will begin tomorrow a thorough canvass of St. Petersburg in behalf of the local campaign of the United Jewish Appeal for Refugees and Overseas Needs. It is the largest and most intensive drive ever conducted by American Jews for relief and reconstruction in Europe, immigration and resettlement in Palestine and integration of refugees into the life of the United States.

Milton S. Lew, chairman of the local campaign, said today that the appeal represents the greatest effort in the history of the American Jews to relieve distress abroad to provide new immigration opportunities in Palestine. "The lives of many hundreds of thousands of persecuted men, women and chil-

Appeal to All Creeds

Chairman Lew explained that the appeal will be made to all creeds and races because the agents of terror and hatred now aroused in Europe are levied against all religions in general. Once unleashed these powers cannot easily be stopped.

"Intolerance," Lew stated, "is as anti-Christian as it is anti-Jewish. The fiction of racial superiority is so alien to our American traditions that we cannot understand the callousness of many European nations toward the helpless victims. I feel that Americans of all creeds can join to prove to the world once more that while American democracy lives, humanity and compassion shall not die."

6,000,000 Helpless

Lew pointed out that there are six million Jews in Europe today fighting desperately against intolerance and despair. For them the support of the united appeal is crucial, he said.

Workers Report Progress As U. J. A. Drive Goes Forward

Women's Division Plans Dessert Bridges

With but three weeks remaining until the conclusion of the 1939 United Jewish Fund Appeal for Refugees and Overseas Needs on May 15, all divisions were hard at work to reach the goal of 12,000 contributors set by Campaign executives.

divisions have already completed their campaigns and according to Oliver M. Kaufmann, general chairman of the drive, reported 100% contributors of those contacted. Heads of these

successful divisions were, Abe Cohen, scrap iron; Sydney Wilcoff, produce; Herbert Heyman, department store; Dr. H. L. Baer, physicians', and Dr. Leo Schonfield, dentists'.

Beginning work this week was the accountants' division under the chairmanship of Lawrence Jacobs. This campaign opened last night with a dinner at the Concordia Club. The Neighborhood Council, under the chairmanship of Sol Black, was preparing to contact all Jewish men and women in the outlying districts of Pittsburgh who had not been contacted by any of the other divisions of the drive. Chairmen of this group are: Dr. A. J. Ishlon, South Side; Ben Cohen, Wilkinsburg; Henry E. Weil, South Hills; Max D. Baleam, Hazelwood; Harry I. Neaman, Homewood; Jacob Siegfried and Rose Krupp, North Side; Mrs. Ruby Halfont and Mrs. A. M. Simon, Manchester; H. M. Caplan, Etna, Sharpsburg and Millvale; and Mrs. Ida Minsky and J. Siegel, Beechview, Dormont and Mount Lebanon.

One of the most successful of all divisions has been the clothing division under the co-chairmanship of Emmanuel Spector and Julius Halpern. With a goal of 700 contributors, 700 pledges were reported to the executive committee by the chairmen. Workers in this division were: Leonard Amdur and Harry Seiner, assistant co-chairmen, Harry Aarons, Professor I. Abrams, Morris Allon, Max Azen, Max Balsam, S. Bliman, Charles Briskin, H. M. Caplan, B. Clair, Robert Comins, I. Dinovitz, Harry Eisenfield, Milton Freedman,

With Eddie Cantor as a headliner, members of the Women's Division were busy this week completing plans for their dessert bridges which will take place on Wednesday, May 1, at 1:00 o'clock. Every Jewish woman in Pittsburgh, and there are between 6,000 and 7,000, will be invited to one of 300 affairs on that day, in the homes of workers of the United Jewish campaign. Dessert will be served and then the women will tune into a special broadcast at which time Eddie Cantor, renowned comedian will broadcast a special fund message from Hollywood. Oliver M. Kaufmann will broadcast also from Pittsburgh. Heads of the Women's Division who are responsible for lining up and organizing these 300 bridges are: Mrs. John Cohen, Mrs. Myrtle Fisher, Mrs. Fannie Friedman, Mrs. Edgar Hirsh, Mrs. Karl J. Kaufmann and Mrs. Maurice Lyon. These bridges will mark the formal opening of the Women's Division of the Campaign.

Three new divisions that have been added to this division are Beauty Parlors, under the chairmanship of Jerome Edlis; Restaurant Service under Reuben Scholnick; and the Chiroprodists' Division under Abe Hirschfeld. Meanwhile the Youth Division headed by a council composed of Herman Foreman and Miriam Stone, co-chairman, Freda Lewin, secretary and Clarence Gordon, treasurer, were rounding up their campaigns and were planning to submit complete reports on May 15. More than 6,000 Jewish women of Pittsburgh have been invited to go to one of more than 550 homes for the inauguration of the Campaign of the Women's Division of the Fund Drive. At these affairs Eddie Cantor, renowned actor will broadcast a fund appeal to the women direct from Hollywood. Oliver M. Kaufmann will broadcast the local news of the campaign from Pittsburgh. This is the largest attempt that has even been made to gather together women that are interested in a single cause.

Meanwhile the campaign kept moving at great pace with many of the divisions already reporting, and all divisions planning to report by May 15, the date set for the close of the campaign. Workers Hope To Complete Drive In Ten Days

Despite rumors that have circulated in the community that the Pittsburgh Campaign for the United Jewish Fund Drive has already reached its goal, Oliver M. Kaufmann in a statement issued to this publication as it went to press said: "We have not raised more than 50% of the amount set for the Pittsburgh community to contribute. Although the committees that have already reported have done exceptionally well, there are great numbers yet to be heard from. The campaign is in full swing now, and we hope within the next 10 days to reach every one of the 12,000 men, women and youths whose contributions are necessary to put the drive over."

In a rally for workers he said: "We are within sight of our goal and need only an increased realization by the people of Pittsburgh of the overwhelming distress abroad in order to reach our objective and save countless human lives. We must begin to see our obligation to these people in the light of the extent of their suffering. We must thrust aside all the indices by which we once judged the needs of the downtrodden. Their boundless suffering must be met by boundless sacrifice and generosity. We must not fail them. If we fail them we fail ourselves!"

"We have a great deal more money to raise. Please go into the community and acquaint every man, woman and child with the facts. They know them as well as you do. Their newspapers and their radios tell them repeatedly over and over again just what the situation is. But ask these people to be generous. This is not just another campaign. There is much to do and much we can do. There is still hope for the persecuted, and help

Following is a letter addressed to the Boston Committee for Refugees by a German refugee who was imprisoned in the Nazi Concentration Camp at Buchenwald for eight days in November, 1938. The letter was forwarded by the Boston Committee to Mr. High Salpeter of the United Jewish Appeal who turned it over to The Criterion as evidence of the great need for the aid which the Drive is seeking.

Boston Committee for Refugees
24 Province Street
Boston, Massachusetts.
Gentlemen:

Before dawn on Thursday, November 10th at 3:30 a. m., my family and I were peacefully asleep in our apartment on the second floor of the house in which we lived when we heard our doorbell ring. My wife went to the window and saw in the street below a group of SS men. They demanded to know if a Jew lived in that apartment. On receiving an affirmative answer they demanded that I come down because they wanted me. My wife pleaded that I had done nothing wrong, but to no avail. The SS men smashed the window in the apartment below where an Aryan German family lived and from the apartment below they forced their way into our apartment. They searched for weapons of which, of course, we had none and then ordered me to go with them, barely giving me a chance to put my clothes on.

They took me and a few other Jews to the police station, kicking our heels as they walked. In the police station we met a great many other Jews, some badly beaten up with blood streaming from their heads and faces. One Jewish man was so badly beaten that he was lying unconscious on the floor. From there they took us in trucks to the concentration camp.

When we arrived at the camp we were compelled to run between two rows of SS guards who were armed with sticks, truncheons and other weapons. We were beaten mercilessly. They knocked our hats off with sticks and as we were running they tried to trip us and anyone who fell was trampled upon. Those who could not run fast enough, especially the elderly people, received the worst beating. A former officer of the German Army who had been wounded in the World War, protested that he was a wounded veteran and that he would not run, that he would not submit to such indignities; whereupon he was thrown to the ground and trampled to death before our eyes.

The gate to the camp was kept only partly open allowing only two men to pass at the same time. On the inside of the gate there again were lined up two rows of guards armed as the others with sticks and other weapons and under the personal supervision of the head of the camp. Every Jew had to run between those two rows of guards for a distance of about 300 meters and as the Jews passed they

of our people would soon be taken to the forest, meaning they would be executed.

At 5:30 a. m. we were again lined up our heads shaven and each one had to contribute "voluntarily" to the SS fund. The least "contribution" accepted was 20 marks. We stood at attention from 5:30 a. m. until 7 p. m. Those who could not endure it were pulled out and flogged. That day we received no food nor water except a little potato soup. After 7 p. m. we had to get into the barracks again and to lie on each other as before with the same scenes of horror and beatings to anyone who dared stand up. On the third day we were lined up at 5:30 a. m. and they gave us coffee (One cup for every ten men) and a small slice of bread. We again had to stand at attention until 7 p. m. without even a drop of water.

On the morning of the fourth day we were compelled to sit in rows from 6:30 a. m. to 7 p. m. with the legs of one prisoner arranged between those of his fellow prisoner in the opposite row. No one was permitted to get up or move and the guards jeered at us that we Jews do not know what we want, we complain when we stand and we complain when we sit. That motionless sitting in that position was the worst torture anyone could invent. One elderly man who could endure it no longer got up and was kicked by a guard so hard that he tumbled over several rows of prisoners. When he got up again the guard struck him between the ribs with the handle of a dagger and the man again fell to the ground. His fellow prisoners persuaded him to sit down and try to endure the tortures. The next morning the poor man was dead.

The following night was the worst for us. Many men lost their minds and many others could not keep from standing up for a few seconds. Several scores were pulled out and beaten to death. Others committed suicide. The bodies were left lying in full view of everyone and the newcomers were greeted with that sight.

On the fifth day there was some relief from the thirst because it rained and we were able to catch a few drops with our hands. In the nine days that I was at camp, about 100 men died and over 500 became insane. Many committed suicide by cutting their veins with broken glass, or throwing themselves against the electrically charged wires that surrounded the camp. In the few cases where the electric current did not kill the victim at once the guard in the watch

Youth Division Opens Campaign with Huge Rally

Today the democratic nations of the world awaited the answers of Hitler and Mussolini to President Roosevelt's momentous bid for peace. Acting only as an intermediary and not a mediator, the President of the United States asked the dictators to "lay their cards on the table" and pledge peace to the world for at least ten years. But meanwhile the plight of the Jews in Europe became even more tense, and conditions became aggravated almost to the breaking point as at press time it seemed certain that Hitler would add the Free City of Danzig to the possessions of the German Reich.

Pittsburgh Jews, more fully aware and better informed about the international situation than ever before, rallied to the support of the United Jewish Appeal for Refugees and Overseas Needs in order to alleviate in some measure the distress and suffering of 6,000,000 Jews in Europe.

1200 Pittsburgh men and women were at work in the enormous task

Mr. High Salpeter, campaign director, tell of the purposes and reasons for the United Jewish Fund Appeal. He explained to them how this one campaign was absorbing the fund-raising efforts of the Joint Distribution Committee, the United Palestine Appeal and the National Coordinating Committee. And how these organizations provide for refugee adjustment, emigration to Palestine, settlement in Palestine, occupational training, shelter, food and clothing, transportation, hospitals, educational institutions and other vital services.

These young people listened intently to Mr. Salpeter's talk. They watched the March of Time film on "Refugees" which depicts so poignantly the seriousness of the Jewish situation and the needs of the United Jewish Fund Appeal. Then each of the 700 assembled young people pledged a contribution of 25c a week, each week during the coming year. Mr. Salpeter said of this meeting, "This meeting was one of the most

erosity was overwhelming. I feel that this meeting was indicative of the thought and deliberation people are giving the foreign situation today. Each of their contributions will transport a mother and child from Prague to Palestine and maintain them there for one day. These people have carried out the keynote of the campaign, 'Give that they might live'."

As each of the major divisions made final plans for its campaign, the Geographical Division was organizing to begin its work in the drive. After all the other major divisions, including the professional, industrial, trade, women's and youth groups have completed their drives, the Geographical Group will begin a systematic contacting of every man and woman in the Pittsburgh Community who has not been reached through any other division.

JEWISH BOOK WEEK

FROM May 7 through May 14 Jewish Book Week will be observed throughout the United States. During those seven days libraries, book-stores and community centers will join in helping to preserve the heritage of Israel through its literature. In Pittsburgh, Carnegie Library will have special exhibits and book-marts will feature past and recent contributions to Hebraica and Jewish lore.

We urge our readers to participate in this annual celebration by rededicating themselves to the history, tradition and thought of our people through the fascinating medium of books.

HOOTON FOR OUR SIDE

THE reason why copies of last week's issue of Collier's were as scarce as auks was an article by Dr. Earnest Albert Hooton titled "Why the Jew Grows Stronger." It starts out as an interesting anthropological study of Jews, not as a race, but as possessing a set of definite racial characteristics by which they are readily recognized, and then tapers off into a discussion of the social consequences of these physical distinctions of Jews dwelling in Gentile populations.

Dr. Hooton has been generous to the Jew in his conclusions, indeed, in our opinion, even extravagant. But he is preponderantly fair and proceeds to his deductions with the cold reasoning of a scientist. Though many of his suggestions may not meet with undivided approval, he has written a treatise that holds out the Jew as an asset, rather than a liability to society.

And since this approach is a rarity these days, he has rendered anti-Jewish prejudice a severe blow for which we Jews should be grateful.

UP ON THE MOUNT

THOSE who hold that "A kind answer turneth away wrath," will have a rare opportunity to see the justifiability of such a belief on May 9.

On that date, Hadassah, the Women's Zionist Organization of American Jewish Physicians' Committee will unite to open and dedicate the first non-sectarian medical center in Palestine, just completed on Mt. Scopus in Jerusalem.

PLIGHT OF 6,000,000

THE unprecedentedly fine response to the United Jewish Appeal throughout the country, with many communities far exceeding their quotas, not only offers fresh hope for the success of the local drive, but makes our responsibility in Pittsburgh the more inescapable.

This is one time when distinction would be painful were we to lag behind the quota set for us. For weeks, now, an army of workers have been laboring in an humanitarian cause, sacrificing business and pleasure, to see that our promise of succor to the needy and forlorn is kept.

To fail them now is unthinkable. We must only plod ahead to our objective, where life and hope await them, satisfaction, us.

Hospital in New York and president of the American Jewish Physicians' Committee.

The hospital, known as the Meyer de Rothschild-Hadassah-University Hospital will bring the services of a 300 bed institution, designed according to the best American standards, to the native and Jewish communities of that section of the world.

In addition, there is the Henrietta Szold School of Nursing started twenty years ago by the founder of Hadassah who is still active in Palestine as the director of the Youth Aliyah (immigration) movement. This school will act as a training ground not only for native and refugee Jewish girls but for students from surrounding countries as well.

The motto of the new center is "healing, teaching and research." It is a motto worthy of the organization which built it, worthy of the people who will receive its services and worthy, too, of the Jew's historic determination to turn Palestine once more into a "land flowing with milk and honey."

This "milk," however, is the milk of human kindness. And this "honey" is the honey of good health and high morale which always result from it.

Local United Appeal Campaign Opens Fifty Divisions Joining In Drive

Community Impressed With Concrete Duty Toward Sufferers

Mrs. M. H. Fisher
Women's Committee

While the entire world awaited anxiously the next moves of the dictators abroad, Pittsburgh Jews took constructive steps to alleviate the suffering and misery that has resulted from oppression of Jews abroad. Pittsburgh's campaign for the United Jewish Appeal for Refugees and Overseas Needs began shaping up with many of the divisions beginning their active campaigns April 12.

The United Jewish Appeal for Refugees and Overseas Needs represents the culmination of negotiations that have been under way for several months in order to present to American Jews in 1939 a single instrument through which they can express their concern with the plight of Jewry overseas by unprecedented and sacrificial contributions of funds. The

United Jewish Appeal unifies the fund-raising efforts of the Joint Distribution Committee, the United Palestine Appeal and the National Coordinating Committee Fund will enable American Jewry to face the inescapable challenge of 1939; to raise a minimum of \$20,000,000 — the goal of the United Jewish Appeal for Refugees and Overseas Needs.

The Fund campaign locally is organized into almost fifty separate campaigns covering every professional, industrial, organizational and geographical aspect of Jewish life here. Each division is running its own campaign within the dates of February 15 and May 15. Wholesale and Retail Clothiers, Insurance and Real Estate, Automobiles, Druggists, Architects, Engineers, Jewelers and Opticians were hard at work this week on their respective campaigns. All of these campaigns are under the general chairmanship of Alex Lowenthal, chairman of the Men's Division.

to do for the alleviation of the suffering of fellow Jews abroad. As Oliver M. Kaufmann, the general chairman of the Fund Campaign told them!

"As you pick up your paper each evening and tune on your favorite news commentator, as you read about and listen to descriptions of the goings on in Europe today, you sit back in your chair and think 'how horrible,' 'If only there was something I might do.' This is your challenge. In your hands today rests the decision whether our 6,000,000 fellow countrymen will live or die, be able once more to become self-sufficient contributors to the civilization of the world, or merely give up and call it quits, either through suicide or through resignation."

"Through the generosity of Americans, the United Jewish Fund was able to feed 1,100,000 persons the last week of March. Imagine for a moment what that figure entails —

News of the World in Brief

Democracies Roused Against Fascism, Nazism; Sentiment Against Totalitarianism Growing

Mexicans Burn Mussolini, Hitler in Effigy

Mexico City — Police guards were stationed at the German and Italian legations after crowds burned an effigy of Premier Mussolini and stoned an image of Chancellor Hitler. Mexicans customarily stone or burn images of Judas on the day before Easter but this day the occasion broadened, with Rightist and Leftist political groups showing diverging sympathies.

British Deporting Nazi Agents

London—More than 50 Nazi political agents and members of the German secret police are leaving London within a week, the Daily Mirror said. As part of the campaign to purge Britain of Nazi agents, warning will be given to the Germans by Scotland Yard that they will be arrested if they remain. Paris newspaper reports that German embassies and consulates in London and Paris were ordered to send back to Germany all officials who were not absolutely indispensable were denied at the Reich Embassy.

Followers of Coughlin and Bund Mobbled

New York — Members of a crowd of several thousand persons mobbed ten followers of the Rev. Charles E. Coughlin who were selling the Detroit radio speaker's paper, Social Justice, and tore up several hundred copies of the paper. The crowd was dispersed by police after representatives of Social Justice and of the Free American (Deutsche Weckruf and Beobachter), organ of the German-American Bund, had complained that members of after-theatre crowds had molested sellers of the paper.

Otto Baumann, a naturalized German, became so excited watching pickets and salesmen of Father Coughlin's Social Justice outside a theatre here that he started denouncing Adolf Hitler. Arrested on a charge of disorderly conduct, Baumann again started denouncing Hitler. Sentence was suspended.

American Opinion Against Nazis, Fascists

New York — A recent survey by the American Institute of Public Opinion, of which Dr. George Gallup is director, revealed that sentiment in the United States against the Nazis is rising and that an average of only one person in a hundred favored Germany and Italy in the event of war. American public opinion believes that if Germany and Italy should succeed in defeating Britain and France, the axis would then be turned against the United States.

Urge Counter-Attacks in Defense of Democracy

New York — A warning that it is time for all faiths to make a counter-attack against paganism if American democratic principles are to be saved.

James G. Heller and Bernard J. Rothwell. Dr. High declared that religious freedom is under attack in the United States from both the extreme Left and extreme Right, and that "it is only an incidental matter as to which is at the moment in ascendancy. No one can fail to see that pagan temper has taken hold in our country." Rabbi Heller emphasized that "there is nothing that exists as a part of the inalienable heritage of church or synagogue which is not in jeopardy, which is not sneered at and cast aside." Mr. Rothwell was of the opinion that cooperation was essential between all faiths in preserving democratic ideals.

Warns Of Nazi Invasion in Latin-America

New Haven — Dr. David Effrom of Peru, in an address on "The Perils of a totalitarian Invasion of South America" at the first intercollegiate conference of Latin-American students, said that the democratic forces were cooperating and that the outlook was encouraging. He presented documents tending to prove that representatives of apparently harmless Nazi and Fascist business houses were seeking the control of industries in order to dominate South American governments. He gave an optimistic picture, however, of the quick and effective response of student and liberal groups in combating the Fascist forces.

Nazis Complete Subordination of Church

Berlin — A renewal of the Nazi attempt to "co-ordinate" the last and most stubborn sections of the German Evangelical Church was foreshadowed here. Eleven "co-ordinated" dignitaries of the Church have signed a new declaration of their acceptance of the National Socialist position on religion and have started a large-scale campaign against the "Jewish and political influences" which they claim still persist in German Protestantism. Followers of the pagan German philosophy have consistently urged the exclusion of the Old Testament from the German Bible because of its Jewish character. A declaration announced that a special institute has been established "for research into and elimination of the Jewish influence in the religious life of the German people."

According to the Koenigsberger Allgemeine Zeitung a total of 22,263 persons emigrated from Germany in 1938. The number of emigrants was 8,050 (36 per cent) more than those in the preceding year and included Austrian emigration from April, amounting to 1,038. Emigrations from the old Reich alone increased 45 per cent. Of the total 16,599, or

800,000 Jews in Distress in Central Europe Result of Recent Anti-Semitic

New York — More than 800,000 Jews are in distress in Central Europe as the result of the spread of anti-Semitism during recent months, it was reported by Rabbi Abba Hillel Silver and Rabbi Jonah B. Wise, National Chairmen of the United Jewish Appeal for Refugees and Overseas Needs, who called for immediate action on the part of American Jewry to help alleviate the suffering and homelessness of tens of thousands of men, women and children added to the ranks of the refugees by the occupation of Czecho-Slovakia, the seizure of Memel, the adoption of new anti-Jewish legislation in Hungary, and the program of expulsion in Italy against Jews who took up residence in that country after 1919.

By far the most tragic element among the Jews of Central Europe, the leaders of the United Jewish Appeal pointed out, are the refugees from Germany whose path of flight preceded the Eastward march of Nazi aggression, being driven first from Germany to Austria, then to Czecho-Slovakia and now finding all roads of freedom barred. Refugees in this category number approximately 5,000 in Czecho-Slovakia; about 6,000 in Italy. In a similar plight are some 14,000 refugees from Sudetenland, victims of the first dismemberment of Czecho-Slovakia.

The adoption of an economic and professional numerus clausus against Jews in Hungary threatens to undermine the existence of the 500,000 members of the Jewish community in that country, Rabbi Silver and Rabbi Wise said, explaining that the restriction last May of Jewish participation in commerce and the professions to 20 per cent was tantamount to the elimination of 60,000 from the self-sustaining class. This situation may be seriously aggravated if a new bill reducing Jewish economic activity to 6 per cent becomes law, for it will mean the impoverishment of an additional 250,000 Jews in Hungary.

Recent events in Central Europe have brought to 5,000,000 the total number of Jews in Central and Eastern European countries affected by anti-Semitic activities, the leaders said.

Describing the situation in the provinces of Bohemia, Moravia and Slovakia which were annexed by the Third Reich upon the destruction of the Czech Republic, the Jewish leaders stressed the fact that Prague had been the center of a flourishing Jewish community ever since the tenth century. "In contrast to their freedom of the past the 100,000 Jews in Bohemia and Moravia and the 95,000 in Slovakia are being rapidly and ruthlessly eliminated from all economic, communal and cultural activities by the racial Nuremberg laws which made exiles and outcasts of the Jewish community of Germany," the statement by Rabbi Silver and Rabbi Wise declared. In addition, 70,000 Jews living in Sub-Carpathia have been incorporated in Hungary under a regime which offers little hope for normal and unmolested life.

be fortunate enough to leave countries of distress. At the same time, the United Palestine must provide opportunities for emigration and settlement in those countries for Jews who must emigrate.

Rabbi Silver and Rabbi Wise called attention to the plight of some 100,000 foreign Jew in Italy who have been ordered to leave the country after March 12th last. Included in that number were approximately 50,000 Jewish refugees from Germany and Austria. Although thousands fled Italy since the expulsion of the status of approximately 50,000 still remain in most precarious conditions.

The seizure of Memel which has reduced the Jewish population of about 60,000 to a state of despair to that community which must now seek refuge elsewhere.

The United Jewish Appeal for Refugees and Overseas Needs is serving to provide relief, protection and resettlement activities commensurate with the urgent needs of the hour.

Extremists Demand Stringent Jewish Laws; Imreedy to Violate

Budapest — Expressing opposition to the Government's Jewish bill as not being so extreme, the newly-reorganized Nazi arrow-Cross Party introduced a severe program to exclude from Hungary's economic, social and political life. The program for "Proclamation of the Jewish separate racial entity; prohibition of mixed marriages and legal separation of Jewish and non-Jews"; "Deprivation of political rights and service in the army"; "Measures to eliminate from the Hungarian state of Parliamentary elections"; "April gave impetus to the issue of instructions to the Government's electrical agents to act as party members irrespective of their political affiliation with the exception of Jews.

Former Premier Bela Imreedy has accepted an invitation to attend Hitler's birthday celebration in Berlin on April 20. Imreedy, author of Hungary's drastic Jewish bill, resigned his post on February 15th last when he learned that he was of partly Jewish ancestry. He had learned that his mother's grandfather was a Jew.

Fascists Recalling Jewish Army Officers

Rome — Reliable sources report that many Jewish officers have been hit by Italy's racial laws. Those who were allowed to re-enlist. Those who were not allowed to re-enlist were ordered to their posts included doctors, engineers and infantry officers. In the past few weeks, Jews had been sent back to their homes up

6,000,000 Jews in Europe Look to America for Aid, Says Warburg

Fully six million Jews in Europe, facing the rigors of a foodless and fuelless winter, look to American Jews as the only source of help, Edward M. M. Warburg, of New York, chairman of the Joint Distribution Committee, declared in a recent interview.

"The J.D.C. is maintaining major relief programs in Poland, Germany, France and 17 other European countries," Mr. Warburg said. "In Poland, though its available funds are far too meagre to meet the terrible needs, the J.D.C. supports a wide-spread network of feeding stations, child care centers, health institutions and other agencies of mercy. In Germany, Austria and former Czechoslovakia, J.D.C. aid is reaching 195,000 of the remaining 375,000 Jews. In unoccupied France, the J.D.C. is supplying supplementary food, clothing and medical aid for 16,000 refugees in the crude, primitive internment camps, assisting 15,000 people who are not interned, but who are barred from earning a living, and caring for 5,000 refugee children."

"In addition to its work in Europe," Mr. Warburg added, "the J.D.C. extends its humanitarian help to needy Jews in South and Central America and such far-flung places as Shanghai, where there are 22,000 refugees, the Island of Mauritius in the Indian Ocean, Mozambique, East Africa, Bombay and the Dutch East Indies."

In 17 Latin American countries, Mr. Warburg revealed, 110,000 refugees have immigrated in past years. The J.D.C. is carrying on programs of temporary aid for needy newcomers, resettlement, retraining for new occupations, and credits and small loans to enable the immigrants to

establish themselves in new enterprises.

"The J.D.C. long ago recognized the importance of Latin American countries as an asylum for persecuted people," Mr. Warburg said, "and it is earmarking all possible funds for help there." One of the by-products of J.D.C. work in Latin America, Mr. Warburg added, is forestalling agitation by the Nazis who would utilize the pretext of refugee destitution to stir up trouble in these countries neighboring the United States.

In describing the work of the J.D.C., Mr. Warburg told the dramatic story of the race against time in which the J.D.C. has been engaged in the past few months to rescue through emigration thousands of refugees stranded in Europe and Africa. These refugees possessed visas for the United States or Latin American countries, he said, but had no immediate prospect of obtaining a berth on the crowded ships going overseas and were faced with a slow doom as their visas were about to expire. To evacuate them, the J.D.C. arranged for boats to pick them up before the visas lapsed.

"From the beginning of July through November 15," Mr. Warburg said, "the J.D.C. helped more than 6,000 people to come to the United States and about 3,000 more to Central and South America."

Typical of J.D.C. achievements in rescuing refugees, he said, was its success in arranging with the Netherlands Government-in-exile for admission to the Island of Curacao in the West Indies of 80 passengers aboard the steamship Cabo De Hornos, who had been turned away from Brazil, and, after many heart-

breaking experiences were being shipped back to Europe.

The J.D.C. is also devoting substantial sums to finance vocational training of refugees in Europe for emigration to Palestine and to pay for their transportation. Mr. Warburg pointed out. Recently, he related, the Jewish Agency reported that 4,250 Jews escaped to Palestine from Europe via Turkey in 12 months and thanked the J.D.C. for making this possible.

"In all its operations in Nazi and Nazi-dominated territories, the J.D.C. gives no aid whatever to the Nazi economy," Mr. Warburg declared. "It finances its program in these territories through clearance arrangements. Under these arrangements dollars are held by the J.D.C. outside Axis territory to pay for transportation or other purposes, and equivalent amounts in local currencies are made available in the various Axis countries. Furthermore, the J.D.C. ships no supplies from America and therefore does not violate the British blockade."

"The margin between life and death, hope and despair for masses of Jews in Europe," Mr. Warburg added, "is determined only by the generosity of American Jews in supporting the United Jewish Appeal for Refugees, Overseas Needs and Palestine, of which the J.D.C. is a constituent agency."

Chaim Weizmann turns up again and proclaims: **“The fate of six million people was in the balance”**

DR. WEIZMAN STRESSES JEWS NEED OF NORMAL NATIONAL LIFE

Jews Reject Minority Status in Palestine

LONDON, Monday (Palestine).—In his opening address at the talks on Palestine in St. James's Palace last Wednesday evening, (which has now been officially released for publication) the President of the Jewish Agency, Dr. Chaim Weizman, declared that the Jewish representatives had entered upon the discussions in the desire to be helpful and with full recognition of the difficulties facing the British Government.

They must, however, safeguard the vital interests and rights of the Jewish people which could not be surrendered, particularly in this blackest hour of Jewish history. He referred to his survey before the Royal Commission in Jerusalem in November, 1936, indicating that the root of the problem lay in the homelessness of the Jewish people who were everywhere a minority.

The Jewish people had preserved their identity because of their attachment to Palestine and the hope of the return to Zion. They claimed that Palestine had never been abandoned, and the Jewish community there had never ceased to exist; in every age Jewish groups had gone to Palestine, and during the last 60 years active re-settlement had been going on.

HISTORIC RECOGNITION

The Balfour Declaration, the Zionist President proceeded, had recognised these historic facts; and in the preamble to the Mandate, international recognition was "given the historical connection between the Jewish people and Palestine, and the grounds for reconstituting their National Home in that country."

Reviewing developments since the Royal Commission, Dr. Weizman referred to the fact that the members of that Commission, which had consisted of men in the front rank of British public life, had after long and careful enquiries found that when issuing the Balfour Declaration the British Government had realised that, given the necessary zeal and enterprise by the Jews, a Jewish State in the course of time would be established in Palestine.

The Royal Commission had proposed a Jewish State in part of Palestine, a plan which was adopted by the Government and caused heart-searching among the Jewish people. But, although they did not regard the original promise as fulfilled, the Jews agreed to explore the possibility of cooperating with the Government on this basis because the principle of the Report, acknowledged by the Government, was that the creation of a Jewish State "would secure the establishment of a Jewish National Home and relieve it of the possibility of being subjected in the future to Arab rule. It would convert the Jewish National Home into a Jewish State with full control of immigration."

These two main principles, Dr. Weizman submitted, remain their binding and moral force.

He went on to say, "The Royal Commission's report outlined artificial restrictions on Jewish immigration and

the relegation of the Jewish community to minority status. It is inconceivable that, after 20 years, the British Government should be seeking an interpretation of the Mandate which would curtail fundamental Jewish rights. Such a departure from the moral position would shake the British Empire to its foundations, for the bonds riveting it together are purely moral, composed of natural faith and belief in the security of promises."

But a new period of vacillation ensued, resulting in the Woodhead Commission's Report, and the idea of a Jewish State was abandoned. The one thing that remained was the political high level imposed on Jewish immigration.

At a time of supreme distress to Central European Jewry, and when the Jewish tragedy was spreading in other countries, the gates of the National Home were almost shut to Jewish refugees. The fate of six million people was in the balance; they knew not whither to go.

The Jews had been told that the Balfour Declaration and the Palestine Mandate had not contemplated large-scale immigration. Even historically that statement was inaccurate. There had been intense Jewish suffering and persecution in Russia in pre-War days, and hundreds of thousands of Jews had emigrated annually. Jewish distress was always one of the two foundations of the Zionist Movement, the other being the need of the Jews for a normal national life of their own in their historical home.

Settling Down to Fundamentals

GOVERNMENT TACTICS AT LONDON CONFERENCES

By GERSHON AGRONSKY

LONDON, Monday. — In what Dr. Weizman, in his speech on Wednesday which was officially released tonight, described as the darkest hour in the history of the Jewish people, the British delegation, in its negotiation with both the Jewish and the Arab representatives, is now settling down to the consideration of fundamentals.

The Arabs are evidently persisting in their effort to prove that the MacMahon pledge included a promise of independence for the Palestine Arabs. This case was argued on Saturday and again today by Nuri Pasha as Said and will be continued tomorrow by the Princes of Saudi Arabia and Yemen, still centering on this point, which Mr. R. A. Butler is expected to clear up from the point of view of the Government.

It is also apparent that the Government delegates pursue the strategy of wearing down whichever delegation happens to be facing them, by presenting the Jewish arguments to the Arabs, and vice versa. It is difficult to predict what the Arabs hope to gain by scoring a dialectic victory in the MacMahon controversy, except perhaps to underline the alleged conflict of rights, but the argumentation against the background of St. James's Palace, with its hallowed tradition and its crimson carpets and cushions, is punctuated by the unceasing murders on the Palestine front itself. The Arab delegates would appear to be endeavouring to demonstrate the rights of their claims by appalling wrongs, such as the weekend casualty toll which is tucked away in remote columns in today's London newspapers.

It was essential, the statement continued, that there should be one place in the world where the Jews would not be an adjunct, but masters of their own destinies. Various well-intentioned projects were now being sponsored to find a territorial base in other countries for the Jews, but no other undeveloped country can give immediate relief to large numbers of refugees, and a long period of experiment was required in any new country.

The signal success of Palestine was due to the national and religious fervour behind the endeavours which could not be evoked in other countries. Moreover, Palestine had been prepared by 40 years of pioneering work and was now capable of taking in hundreds of thousands of refugees. If Palestine was unable to absorb all Jews in search of a refuge, that was hardly a logical reason for saying that it must take less than it can take.

Dr. Weizman pointed out that Jewish work had not stood still even under the difficulties of the past three years. In spite of the danger, Jews had come to Palestine and parents had sent their children. He also referred to the degree of defence which the Jews had been able to render for their own settlements and also in helping the British military forces.

CONFLICTING PROMISES

Referring to the alleged conflicting promises made to the Jews and the Arabs, Dr. Weizman pointed out that there was no conflict concerning Western Palestine, as had been acknowledged by representatives of the British Government and by Sir Henry MacMahon himself. The late Colonel T. E. Lawrence had also recorded that Mr. Winston Churchill's settlement in 1921/22 had fulfilled all the British promises towards the Arabs.

Lastly, the late King Feisal, the authorised spokesman of the Arabs at the Peace Conference in Paris, had accepted the Balfour Declaration.

Where there was a possibility of a conflict between the promises in respect of Trans-Jordan, this was solved 100 per cent in favour of the Arabs. The Arabs had emerged from the last War with four Kingdoms. Their statehood came easily through the expenditure of British blood and effort. As the Royal Commission had pointed out, so far as the Balfour Declaration had contributed to the victory of the Allied Powers, it had also contributed to the liberation of the Arabs.

"It is relevant to compare," he declared, "what the Arabs have made of the extraordinary opportunities given them with little trouble, and what the Jews made of the chances offered them. Vast Arab territories stand empty today — an invitation to powerful and unscrupulous Powers."

DIFFERENT APPROACHES

Dr. Weizman emphasized the difference in the importance of Palestine to the Jews and to the Arabs, quoting the report of the League's Permanent Mandates Commission as follows:

"The collective suffering of the Arabs and Jews cannot be compared, since vast spaces in the Near East, formerly the abode of a numerous population and the home of a brilliant civilisation, were open to the former; whereas the world was being increasingly closed to the settlement of the latter."

As for the Arab claim that Palestine was an Arab country and must have an Arab Government, even the present basis of the claim could not be realised, as the Jews formed a third of the population and were responsible for more than two-thirds of the economic and cultural activities in Palestine.

A Jewish newspaper, The Jewish Criterion, predicts that “the coming world war would be the annihilation of six million Jews in East and Central Europe.”

REVIEW OF EVENTS

IT is as yet too early today to comprehend the full extent of the tragedy which has overtaken the world. The conflict has but started. It is now still limited to four countries. The extent of its possible spread is not as yet known. But the tragedy which has overtaken the millions of people in the war zone as well as the 3,500,000 Jews in Poland and the 800,000 Jews in Germany and her possessions is sufficiently great to defy the imagination and stir the deep sympathy of those who still be-

WHAT IS HAPPENING AND WHAT YOU CAN DO_____

by Victor Gollancz

The following article is an excerpt from "Let My People Go," a pamphlet written on Christmas Day, 1942, in London. While it is addressed to Englishmen, its message applies to Americans as well.

Of the **six million Jews** or so who were living at the outbreak of the war in what is at present Nazi-occupied Europe, a high proportion—between one and two million—have been deliberately murdered by the Nazis and their satellites.

No discrimination has been made in favor of **pregnant women, babies, children, the sick, or the very old.** On the contrary, discrimination, such as it is, has been in favor of men from whom an adequate last ounce can be got in German war factories.

The murders have taken the form of **random shootings, mass shootings, mass electrocutions, mass poison-gassing, and transportation in conditions which inevitably involve death during the journey.** This is over and above slow starvation by the allotment of hopelessly inadequate rations, or no rations at all.

This treatment has been carried out with the greatest conceivable inhumanity, and has involved **the maximum of hopelessness and despair.** In particular, helpless children have had to face the fear of a torturing death without the strengthening sympathy of their parents. In particular, helpless children have had to face the fear of a torturing death without the strengthening sympathy of their parents, and their parents have had to know that they were doing so. All this is part, not of war, but of a quite deliberate policy, openly proclaimed, of exterminating the Jewish population of Europe.

This policy, which has been pursued since the outbreak of the war, has been greatly speeded up during the last few months. **It is now reaching its climax. Unless something effective is done**

the moral sense of civilized men and made them callous to human suffering. Perhaps the roar of gigantic battles had drowned out the sound of the less voices behind the ghetto walls. But whatever the reason, the result remains that the Jewish tragedy in Europe was passed over as another "episode" in a global war.

Suddenly, during the summer of 1942, world public opinion was shocked out of its lethargy by the realization that the Nazis had decided on the complete extinction of six million Jews and that a third of the world had already perished. The response to this deliberate savagery was a mighty outcry of protest, indignation and mourning on the part of Jews and non-Jews, governments and social agencies, churches and the press in all free countries. Of these 6,000,000 Jews, a third have already been mass murdered by the Germans, Rumanians and Poles, and the most conservative estimates of the scorekeepers estimate that before the war ends at least a third will be dead.

During the Nazi offensive on the eastern front, German soldiers discover the mass graves of some of the 22,000 Polish military officers and intelligentsia who were murdered and then buried in mass graves in the Katyn Forest by the Soviets in 1940. The insidious Allies knew their “gallant Soviet ally” was a mass murderer but kept quiet about it. When it could no longer be kept hidden from the public they then tried to blame the atrocity on the Germans!

Six Million Jews Listed Slaughtered

Russians to Detail Massacres by Nazis

MOSCOW, Nov 28 (UP)—A five-volume "black book" containing a documentary record of the German massacre of approximately six million European Jews was being prepared today by the State publishing house.

The first volume has been completed and will be distributed before Jan. 1.

The work was under the general editorship of Ilya Ehrenbourg and the editorial board included Poet-Playwright Konstantin Simonov, Writer Vsevolod Ivanov and Poetess Vera Imber.

Four Categories

The "black book" will contain four categories: German decrees and orders of the day; eye-witness accounts of survivors of murder camps; diaries and letters of the victims, and accounts by non-Jews who aided in the escape of certain prisoners.

The "black book" will show that systematic annihilation of the Jews began in 1939 and was carried out in eight principal places with death methods including gas chamber asphyxiation, electrocution, firing squads, bacterial inoculation and with carbon monoxide chambers.

Catholics Also Killed

One of the largest camps was operated near Warsaw where a majority of Polish Jews and many Polish Catholics were killed, the black book editors said.

Of Poland's pre-war Jewish population of 3,100,000, about 250,000 were known to be in Russia. All of the others, who had been under German rule, were killed with the exception of 8000 escapees, the editors estimated.

Among letters left behind by victims was from a woman and a girl addressed to their husband and father. "M. Wisner, 196 Central

JEWISH RALLY URGES GAS ATTACKS ON NAZIS

Immediate action for the rescue of the surviving Jews in Europe, including the use of poison gas against Germany, was demanded at a "rebirth of a nation" rally in Town Hall last night under the auspices of the American League for a Free Palestine.

Peter H. Bergson, chairman of the Hebrew Committee of National Liberation, which seeks recognition of a Jewish nation as an ally of the United Nations, with representation on the various Allied councils, was the principal speaker.

Referring to repeated warnings by Prime Minister Winston Churchill and President Roosevelt that poison gas will be used against Germany if the Nazis use it against any member of the United Nations, Mr. Bergson pointed out that a million Jews had been reported killed by poison gas in Nazi concentration camps.

"Since poison gas has been used against the co-belligerent Hebrew nation, we of the Hebrew Committee of National Liberation publicly demand of the American and British Governments that unless this practice ceases poison gas be used against Germany," he declared.

Jacob Lestchinsky Estimates Reduction in Europe Since '39

The Jewish population in Europe has been reduced from 9,500,000 in 1939 to 3,500,000, it was estimated yesterday by Jacob Lestchinsky, exiled economist and newspaper man, in an address at the nineteenth annual conference of the Yiddish Scientific Institute. Mr. Lestchinsky, who is research secretary of the institute, spoke at the closing sessions of a three-day conference at the Hotel Park Central and attended by delegates from Jewish educational and cultural groups.

Ilya Ehrenburg, a notorious Jewish Propagandist in the USSR who agitated for genocide against Germans and incited the mass rape of German women by the Red Army, prematurely proclaimed that “the world now knows that Germany has killed Six Million Jews” before anyone could have known that was the number.

An article published in March 15, 1945 in the English-language London weekly, Soviet War News

ILYA EHRENBURG, back from a two-weeks' visit to Germany, sums up his impressions

rifles, bombs and daggers at the order of some camouflaged oberleutnant or rottenfuhrer.

I have not met genuine remorse in a single German—only fear and pretence.

If there are any creatures at all to be pitied on the roads of Germany, it is only the tiny bewildered children, the crazed, unmilked cows, and the abandoned cats and dogs. These alone had no share in Germany's atrocities. All honour to the Soviet soldier who does not believe in the magic of blood, to whom an infant is an infant.

We are not fighting children and old women—we are not Fascists. We have come to Germany not to vent our feelings, but to eradicate the very memory of the vampire state.

The homes of the burghers are surprisingly furnished with portraits of Hitler and green goldsets for Rhenish wines. The beer halls have

special tables marked with flags "for regular clients."

The Germans have always been in the habit of spending the greater part of their incomes on their homes. Even in peacetime they did not waste much on amusements. They dressed modestly. But they filled their homes with sofas and armchairs, vases and cushions, statuettes and souvenirs.

During the war they have accumulated all sorts of knickknacks from Paris and Rotterdam, Florence and Warsaw and Kiev. Their homes are regular bric-a-brac stores. I heard a Red Army man's joke, looking into a typical front parlour: "One could live all right in a den like that!"

But no. It was not enough for them. Greed drove them towards the Urals and Iraq. In

the Graudenz punishment camp if they caught us at it. They said: "If you help Bolsheviks you are betraying the idea of the new Europe."

No. Germany cannot obliterate her crimes by putting the clock forward.

The world now knows that Germany has killed six million Jews. Do they think it is enough for them to take down the street signs, for their atrocities to be forgotten? They swear: "We knew nothing about it. We are innocent." But the evidence is there. They ran away from us in such a hurry that they discarded not only their city banners, not only their official seals and police records, but even their personal papers.

In Germany, side by side with prosperity everywhere we find intellectual degradation. Every home has its collection of books splendidly bound copies of "Mein Kampf," "The March into Poland," "Race Hygiene," "The Jewish Plague," "Russia sub-men," "Our Faithful Prussia." What intellectual poverty! However, these books weren't often opened, by the light of them. They were part of the furniture like the vases and the porcelain cats.

Kindergarten Songs

I looked in vain in Loetzen, Rastenburg and Tappiau for a public library. There wasn't such a thing. I found only one museum—in Bartenstein. What did it contain? Portraits of Hindenburg and the epaulettes of an officer of the tsarist army, labelled: "Victory at Tannenberg."

The other exhibits were the uniform of a Polish officer and a photograph of the ruins

Wolves they were—

I HAVE spent two weeks in Germany—terror-stricken, flaming, smoking Germany, where hogs wander in and out of deserted town halls, and the wind ruffles the tatters of municipal banners emblazoned with eagles, lions and stags.

We might gloat and say: *It serves them right*—if malice were not beneath us. For us, this is the triumph of justice.

Many, when they talked of retribution, thought only of the clauses of some future treaty. One thing is certain. Fascist obscurantism will find its defenders, jealous champions of "equilibrium"—equilibrium between light and darkness.

This May Teach Them

But whatever our ideas of the future peace may be, one thing is clear—retribution has begun. Germany has come to learn what war means. And who knows?—perhaps these weeks and months of war on German soil will make a far deeper impression on German memories than any treaty stipulations.

To-day they even salute our horses. World conquest? Why, the notion never entered their heads! I was present at the interrogation of Colonel Hipiasgenk. At first he kept reiterating: "Germany is invincible." Then, as if some spring had run down, he protested in an entirely different voice: "How can you call me a Nazi? Why, I was married to a Jewess!"

Yes, they are trying to get rid of their past. "I am a Frenchman"—"I have non-Aryan blood in me"—"My mother was a Dutchwoman."

The girls gaze at the passing Red Army men ingratiatingly, lecherously, as if they were cabaret waitresses instead of burghers' daughters.

Splitting on the Butcher

The Germans know all the orders of our military commandants by heart. "On the instructions of Herr Russian Commandant," they say piously.

They inform against one another: "The local butcher is an active Nazi!"—"Here Mueflier used to beat Russian girls!"—"Wilby the stableman killed a Polish woman!"—"Frau Schmidt received the thanks of the gaulster himself!"

history. But don't ask her how she treated Galya, her Russian maidservant. The German advances the hands of his watch two hours—"It is now exactly twelve minutes past three, Moscow time," he beams. He is prepared to live by Vladivostok time, so long as he isn't asked about the four Frenchmen who worked for him.

"I am a doctor, and therefore a humanist, whereas the Nazis are fiends," says a venerable physician, while the vicar-general rubs his hands and murmurs: "The Catholic Church always condemned Hitler. Of course, I couldn't condemn him openly, still, I condemned him in my own heart. But as for the Evangelicals—"

The Lutheran pastor, for his part, vows: "We also condemned the ungodly regime."

An Elbing engineer declares: "As a man of progressive views, I am against Hitler." Then, with a crafty smile: "And I'm quite willing to work for Russians."

A worker exclaims indignantly: "No one dare call me a Nazi. My father was a social democrat. I myself once voted communist. Of course, I couldn't speak against the regime, because that was strictly verboten. But now I'm prepared to come out against Hitler."

They Will Do It Again, If—

Oh, they look like innocent lambs now. But wolves they were, and wolves they remain. They are throwing away their daggers engraved "All for Germany" and "Blood and vengeance." But what will they be up to a month hence?

The German can't fight on his own initiative. He waits for orders. Among these scared, confused crowds there are people who have been instructed to engineer sabotage and "putsches." For the present they are lying low. Their countrymen are too terrified for the moment. They need breathing space.

And if they are allowed a breathing space, if they are not taken in hand, if a watch is not kept on them, if an X-ray is not turned on every one of them, then

Wolves they remain

small, provincial Rastenburg not only the wealthy, but even workers' families had their Russian servant. After all, there was no need to pay her anything.

The German agricultural labourers revered the Prussian land-owners and dreamed of fame on the Ukraine. For had not Erich Koch promised every Prussian a handsome allotment of Russian land? German workers believed that if their bosses seized Russian manganese and French bauxite, a share of the spoil would fall to them.

Here in Germany the corrupting influence of Fascism is plainly evident, and it is not easy to draw the line between the dupers and the duped. The saddlemaker has in his linen closet fourteen bed sheets—twelve German and two Ukrainian. The last are a present from his son. "What did he need with these two Ukrainian sheets?"

Read the mottoes on his walls: "Orderliness is your richest possession."—"The day for useful work, the night for pleasant sleep"—and "A little extra never comes amiss!"

The two stolen sheets didn't come amiss to the German saddlemaker. But in the end he lost his son on the Danester, and he also lost his workshop, his bed and his twelve German sheets.

"We Are Innocent"

They can put their watches forward, they can pull down the "Hitlerstrasse" Street signs, but the damning evidence remains at every turn, and cannot be destroyed.

A French army doctor, freed by the

of Warsaw, the skeleton of an ape, no less than a hundred portraits of Hitler, a beer-mug of the time of Bismarck, and a photograph of a benefactress of the town. That was the sum total of the "museum."

Loetzen has a splendid school building. I found in one of the desks a song-book intended for juvenile super-men, containing the words and music of "Merrily fill the bombs on England," "Let Jewish blood flow," and "Let the Bolsheviks write the sound of our drums." On the classroom wall was an immense portrait of Hitler with a little scaveller of five or six standing in front of him, holding a toy gun.

Allied Prisoners' View

One could not live in such a den. Culture is not measured by vacuum cleaners or mowing machines. We see the revolting face of Germany, and we are proud to have set the hair of the beast topsy-turvy.

I have spent many hours in cordial conversation with men freed by the Red Army—Frenchmen and Poles, Englishmen and Czechs, and Serbs, Netherlanders and Greeks, Americans and Australians. Some are loquacious, others taciturn, some are

Jewish Communist devil, Ilya Ehrenburg, prematurely announces 6,000,000 Jews killed, thus exposing himself as a fraud and the holocaust as a premeditated hoax.

(See - <http://www.rense.com/general75/ehr.htm>)

Ehrenburg, along with another Communist Jew propagandist Vasily Grossman, are considered by many revisionists to be the brains behind the Holocaust Hoax. Together they penned "The Black Book," a work of pure fiction inundated with unconscionable anti-German hate propaganda horror stories that are physically impossible, and have since been thoroughly discredited.

I am providing you certain Excerpts of black book -

bare flesh took place. "One man, after having his back burned, was sent outside to work with 600 pounds of wood tied to his bare back. In the cement floor of that room a tunnel has been dug to carry away the blood."

Paul M. G. Levy, professor at the *Institute des Hautes Etudes* in Brussels and head of the Belgian Radio News Service before his country was invaded, gave a written statement to the press in London on November 30, 1943, shortly after his escape from Breendonck.

A great deal has been published about the Nazi concentration camps. Many of the statements made were hardly credible, and before the war, very often, I refused to believe them. What I have since seen and experienced for myself during a year's detention at Breendonck, however, surpasses anything that I had previously read, and now my credulity is of another kind: I feel as if I had had a frightful nightmare and wonder how my mind could ever have imagined such horrors.

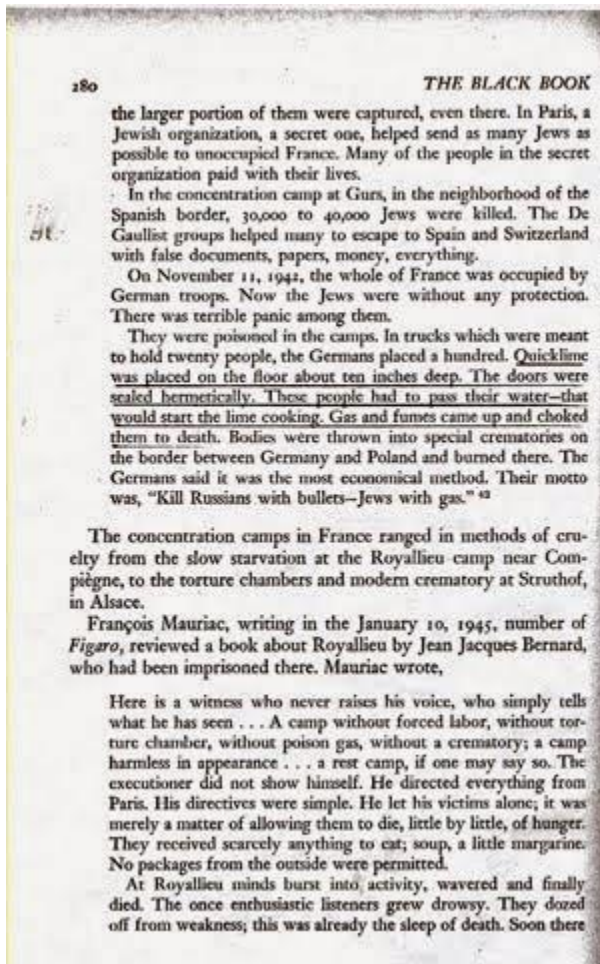

Breendonck is more horrible than Dachau and Buchenwald were before the war. Men who were once prisoners in German concentration camps, afterwards emigrated from Germany, and were arrested again in Belgium, have confirmed this to me more than once. It is due principally to the following reasons:

The Breendonck camp (from the German point of view)

1. is situated on enemy territory;
2. received for the most part enemy nationals;
3. exists while military operations (not always victorious) are in progress elsewhere;
4. is directed by SS men whose minds are never at rest, since their lives are in danger every time they leave the camp.

More than 200 persons were killed each month at Breendonck, according to Frank Fisher, who reported for the United Press on the camp a year later.⁸⁸ His guide, who told him of the deaths, led Fisher through the torture chambers, the whipping rooms, the burning room, the hanging room. "One cell," the correspondent wrote, "contained nothing but an air pump with a vent outside. In the wall was a hole through which the Germans forced gas. If the victim was strong enough he could pump in fresh air and keep himself alive for a while. The weak died quickly."

PAGE 280, FRANCE: "They were poisoned in the camps. In trucks which were meant to hold twenty people, the Germans placed a hundred. Quicklime was placed on the floor about ten inches deep. The doors were sealed hermetically. These people had to pass their water – that would start the lime cooking. Gas and fumes came up and choked them to death. Bodies were thrown into special crematories on the border between Germany and Poland and burned there."

People were taken out of the railway cars into the first hall. Then they were led naked to the second hall. Here the floor resembled an enormous plate. When the crowd of men stood on it, the floor sank deep into a pool of water. The moment the men sank up to their necks, a powerful electric current of millions of volts was passed through, killing them all at once. The floor rose again, and a second electric current was passed through the bodies, burning them until nothing was left of the victims save a few ashes."

from the wails of the children. I met one man who was witness to the executions. He had once been a stevedore of the Baranovka cooperative. He told me that he saw many Jewish children thrown into the ditches and buried alive. In the town of Lubar, Zhitomir region, we were shown graves of Jews murdered in the Peshchana field. At the order of the chief of the Zhitomir Gestapo, children up to the age of twelve were not shot, but were thrown into ditches and buried alive. For several days the earth trembled above the infants. Their blood seeped up to the surface.

*The End of the Jewish Community of Priluki*²⁸

My husband, my older daughter and I were evacuated from Priluki, in the Chernigov region. My sister remained in the city. We first went to the Urals and then to Buzuluk, in the Chkalov region. We heard nothing from my sister and her family.

Recently, a young fellow of eighteen came to our house. He was thin, dressed in tatters; and in a feeble voice he said, "Good morning, auntie, do you recognize me?"

Something seemed to burst in my heart. The voice was familiar but it was impossible to recognize in this emaciated lad my healthy, cheerful nephew. When I asked him where his mother and little sister were he only made a gesture trying hard to keep back the tears which choked him. Several hours later, when he had more or less gained control over his emotions, he told me what the fascists had done to the several hundred Jews who had remained in Priluki.

During the first few days the Germans were busy "requisitioning." First they plundered all the stores, warehouses and other establishments. They even took away the benches and tables. Then they went from house to house and took everything from the people—down to the last spool of thread. The murderers split the skull of one old woman merely because she burst into tears when they took her little padded jacket and a pair of woolen stockings.

Shortly after, the Germans herded the whole Jewish population, from the ages of 13 to 65, in the pavilion on the market place. There they were told that everyone would be conscripted for forced labor. The Germans put citizen Czernyavsky, former chief bookkeeper of the State Bank, in charge of the Jews.

PAGE 356, THE UKRAINE: "Children up to the age of fifteen were not shot, but were thrown into ditches and buried alive. For several days the earth trembled above the infants. Their blood seeped up to the surface."

PAGE 364, SOMEPLACE IN RUSSIA: "On the tenth day we were driven to the Lykhanovka ravine. We stood there – panic-stricken. From beneath the freshly strewn earth streamed rivers of blood, the blood of 56,000 murdered Jews. It cried out to us from beneath the earth. My hair turned gray that morning."

"In 1942 I was at the Westerbork camp with my family. There were 8,000 people there, and every Tuesday 1,000 were taken away to Poland. They always went away calmly, because post-cards from Wlodek sent by those who had been taken away previously sounded reassuring. The cards were printed and I learned later that before they died, people were compelled to sign them.

"I fled from Westerbork and was hidden, but my parents were sent to Poland. Then a German agent betrayed me. For two months I was kept in prison in Amsterdam and then sent to the Vught camp. In March 1943, we were taken to Poland. Many hoped to meet their relatives there.

"Before we left, the sick were treated by Dutch nurses. When we passed through Germany, German nurses went through the coaches, handing out medicines to the sick. Who would have thought that we were being led to slaughter?

"I arrived at Sobibur on April 9, 1943. In the yard of Camp No. 2 men were ordered to undress. They were immediately taken to Camp No. 3.

"A German officer selected twenty-eight girls for work in Camp No. 2. I was among them.

"I stayed at Sobibur for five months, sorting the clothing of those who had been murdered."

The prisoners working in Camp No. 3 were known as "the bathhouse gang." Work there went on unceasingly; they were killing thousands of people daily.

The "bathhouse" was a windowless brick building. *Oberscharführer* Hetzinger was always stationed before its iron doors. People were sent into the "bathhouse" in parties of 700-800.

Gas was filtered into the "bathhouse" through a hose. The Germans watched the process of asphyxiation through a tiny window. At a signal the supply of gas was cut off, the floor of the "bathhouse" opened, and the bodies dropped below. The prisoners working underground had to load the bodies and cart them away.

Before Stalingrad the Germans didn't fear any evidence. They just buried the bodies. In 1943 they began to dig up the bodies and burn them. A party of 150 prisoners worked at the ovens.

PAGE 375, SOBIBOR: "Gas was filtered into the 'bathhouse' through a hose. The Germans watched the process of asphyxiation through a tiny window. PAGE 378, POLAND: "The Nazis organized special workers' brigades to make powder out of human bones; the powder was taken to the village of Zawada, on the Warta river near Kolo, where it was used in building walls."

PAGE 408, TREBLINKA: "The second Treblinka camp method, and the most widespread one, consisted of pumping all the air out from the chambers with large special pumps. By this method death ensued from

approximately the same causes as from poisoning with carbon monoxide: man was deprived of oxygen. And, finally, the third method, less widespread, was killing by steam, based also on deprivation of oxygen: the steam drove air out of the chamber.”

I have already exposed in my previous article (titled Exposed – Lies About Hitler) , the truth of concentration camps, It’s all a fucking lie . Would you really expect to find a swimming pool (fitted with a diving board), a soccer field, a cinema, a theater, a brothel, hospitals, a post-office, religious facilities, a sauna, an artist’s studio, kitchens, dental facilities, etc, in a perilous “death factory”? All of those things existed in the Auschwitz concentration camp complex and almost all major camps. I have explained in detail all about the facilities provided in these camps in my previous article !!!!!Add to that the truth of Concentration camps is already revealed us by Great works of High Priests/ess in this very forum and its pretty clear to us that this so called black book is a fucked up shit **I had also like to add something very important here , In 1976**

The influential Zionist leader Nahum Goldmann, co-founder and long-time head of the World Jewish Congress, publishes a book about Jews, The Jewish Paradox. In this book Goldmann candidly admits on pages 122 and 123 that years before the end of the second World War two influential co-conspiring Jews conceived the idea of a post-war Nuremberg show-tribunal and “German reparations” to be paid out to the Jews. so you can now see for your self this fucking black book used in Nuremberg Trials was just a part of Jewish Propoganda to facilitate Jews in Post war Nuremberg Trials. Goldmann describes how he, and his fellow conniving Zionists at the World Jewish Congress, intended the reparations swindle to finance Jewish settlement in Palestine after the war.

At a March 1945 Congressional Hearing, **Joseph Thon, representing The National Organization of Polish Jews in America,** stated to the committee:

PUNISHMENT OF WAR CRIMINALS

The Germans killed, in the course of this war, approximately 15,000,000 people, civilians, not on the field of battle. Among these people who were citizens of France, Greece, Czechoslovakia, Poland, Russia, Yugoslavia, was one group of people which was singled out for total destruction, these were the Jews.

The German people murdered, in cold blood, in excess of 6,000,000 European Jews, among them over 3,000,000 Polish Jews. Out of each 100 Jews who lived in Poland before the war, 93 were murdered in the most horrible manner by both the German army and civilians, only 7 remain alive, and these largely outside of Poland. Of course, I do not speak of the tens of thousands of Polish Jews who fell on the battlefield as soldiers while fulfilling their supreme duty. These men had weapons in their hands and were able to fight. They were able to attack as well as to defend themselves. I speak of those millions who were exterminated while deprived of all weapons; they died through pains and tortures inflicted upon them by the Germans through methods invented by their intellectuals. In the course of many years the professors of German universities and colleges, engineers, chemists, physicians, administrators, and statisticians perfected the best methods how to starve people through hunger and yet keep them lingering on alive, and how to extirpate, physically and biologically, a whole nation.

It is not my intention to arouse your emotions. I shall cite dry figures in order to convince you, if that be necessary, that only if the whole German peoples are made to answer for their crimes, and none is spared, that a repetition of such crimes may be avoided in the future. Only justice dealt out that way will eradicate the guilt and ease the conscience of humanity which in the twentieth century

Zionist liar, Joseph Thon, let slip the "6,000,000 Jews have died" hoax a bit too early. These mofo Jews just can't help themselves can they?

"The German people murdered, in cold blood, in excess of 6,000,000 European Jews ... I accuse the whole German people that in the years 1939 to 1945 they slaughtered upward of 15,000,000 men, among which there were 6,000,000 Jews."

PALESTINIAN JEWS' PROTEST

ORDERLY MEETINGS

TEL AVIV, Oct. 8.—Fifty thousand Jews in this, the biggest purely Jewish city in the world, to-day marched to protest in advance against British policy on immigration, and stood in silence for two minutes in memory of the 6,000,000 murdered Jews of Europe.

Shops were shuttered, and police and troops stood by. There was no disorder, and at 7 p.m. the demonstration had peacefully ended, with cafés and cinemas open again.—*Reuter*.

HAIFA, Oct. 8.—An orderly crowd of 20,000 marched in procession without incident in the Jewish quarter here to-day in protest against British policy in Palestine.—*Reuter*.

JERUSALEM, Oct. 8.—Complete discipline marked the Jewish mass meeting held this afternoon in Jerusalem. No police could be seen, but armoured cars and patrols were kept in the background as a precaution.—*Reuter*.

CAIRO, Oct. 8.—"The seriousness of the Palestine problem cannot be exaggerated," commented Sir Muhammad Zafrulla Khan, the Indian Muslim leader, on his return to Cairo to-night after a week's tour of Palestine to study the situation. "Both parties seem to have taken up the most rigid attitudes from which they are afraid to make the slightest departure as this might be construed as a weakness," he said. "To regard the situation with over-simplicity would be really dangerous."—*Reuter*.

RETURN OF JEWS TO PALESTINE

IMMEDIATE DECISION URGED

ZIONIST APPEAL

The following political declaration was adopted by the World Zionist Conference yesterday:—

The conference notes with deep regret and resentment that the White Paper of 1939 is, even after the termination of the war, still in force. The White Paper constituted a repudiation of the international pledge undertaken towards the Jewish people; it violated the natural and historic right of the Jews acknowledged in the mandate to return to their homeland; it confined their freedom of settlement within a small fraction of the country; it condemned the Jews to remain in Palestine, as in all countries of their dispersion, a permanent minority; it denied to the Jews the right enjoyed by every nation to be free and independent in its country.

But for the White Paper hundreds of thousands who perished in Europe could have been saved in time by being admitted to Palestine. Children for whom the Jewish Agency sought in vain to obtain immigration permits on the outbreak of war, an application which was refused on account of the White Paper, were subsequently burnt in the death furnaces of Maidanek and other extermination centres.

MORTAL BLOW

The White Paper was issued without approval of the League of Nations and without consultation with the Government of the United States. The only organ of the League of Nations to which the White Paper was referred, the Permanent Mandates Commission, declared it to be in violation of the provisions of the mandate. Churchill stated at the time in the House of Commons that the White Paper was a plain breach of a solemn obligation. Mr. Morrison declared that the White Paper was a mortal blow to the Jewish people and that it would not be automatically accepted by a Labour Government which was formed.

A concession to Arab terrorism in Palestine from 1936 onwards was a part of Hitler and Mussolini's policy, which was designed to gain Arab support in a war with the Axis. But it was even that practical objective, an open alliance with Hitler of Baghdad and of the then Mufti of Jerusalem.

The Jews of Palestine were the only Jewish entity in the Middle East with the whole potential for the support of Britain and her allies. The Jews of Palestine, military and industrial, were unique in the Middle East. The Jewish Group took a gallant part in the fight against the Italian forces of the enemy on the Italian front.

More newspaper clippings from 1945 telling us exactly 6,000,000 Jews had been killed, before any official body count could have been accurately ascertained

Nazis Destroy Six Million Jews

Only 500,000 Left Alive in Germany

Read an editorial, "Truth in a Picture," on Pg. 2, Sec. 2.

By PAUL GHALI

Copyright, 1945, by The Pittsburgh Press and The Chicago Daily News, Inc.

BERN, May 12 — At least one point in Adolf Hitler's "Mein Kampf" program has been carried out thoroughly — the bestial extermination of European Jews.

Of the eight million Jews living in Germany and German occupied countries before the war, 6,200,000 have died from either execution, cruel treatment or starvation, according to latest figures compiled by Jewish welfare organizations here.

500,000 Left in Reich

In Germany, where the great majority of European Jews had been concentrated, only 500,000 are alive today—and the word "alive" is a mere figure of speech. Now that the story of their suffering can be told without harming the survivors, it may be pointed out that the martyrdom of Europe's Jews ran through three phases.

The first was the period of "extermination" proper from the time of the declaration of war on Russia until the end of 1942. Millions of Jews were taken to the camps at Auschwitz, Maidanek and Treblinka which boasted the most modern gas execution chambers and crematories for bodies. The SS hordes invading Russia were instructed to shoot all Russian Jews wherever they were encountered.

The Weak Disappear

By the end of 1942, however, Germany felt the need for foreign labor and the remaining able-bodied Jews were sent to work camps. The women, old men and children all disappeared into the gas chambers.

The slavery of the able-bodied and the execution of the frail continued until the beginning of 1944, by which time the Nazis had reached the saturation point of their cruelty. More than five million Jews had been liquidated and

In May of 1945 the **New York Times** reported that “more than 6,000,000 people” had been “liberated” from Nazi concentration camps.

In traveling about conquered Germany—a country that seems to be populated mostly by old men, women and children—one wonders at first who was left at home to till the fields and work in the factories. But the answer is provided by the seemingly endless streams of former “slaves” from all parts of Europe and by the huge cantonments of liberated victims of Nazism. **More than six million of them have been liberated,** and that is just about the number of her own men that it is estimated Hitler’s “intuition” cost his nation in killed, wounded and captured.

Hidden Factories Uncovered

The New York Times reports 6,000,000 had been liberated, not killed. OOPS!

1946-

A year after the war **Jews are already spouting the “six million” myth as fact.** Meanwhile, as the Jews whine about a phony Holocaust in Europe, **Zionist terrorist groups wreak havoc in Palestine slaughtering Arab men, women and children, at will, like the massacre at Deir Yassin.**

THURSDAY OCTOBER 3 1946

Hold Yom Kippur Services Friday And Saturday

Yom Kippur services will be conducted Friday and Saturday in the Beth Jacob Synagogue, with Rabbi David Berent and the choir officiating. The following is the schedule of the services: Kol Nidre—Friday evening, 8 o'clock; Shachris—Saturday morning, 8 o'clock; Torah reading, 9:45 A. M.; Memorial services, 10:30; sermon, 11:00; Musaf service, 11:30; Mincha, 3 P. M.; N'ilah service 4 P. M.; and Sounding of Shofar 5:30.

Topics of the Kol-Nidre sermon will be "Five Letters of Repentance," and the Yizkor, "The Living and the Dead." Junior services will be conducted in the vestry, Kol-Nidre at 5:30 and Yom Kippur at 10 o'clock.

A special memorial service will be conducted for members of the congregation who gave their lives in the war, and in conjunction with this, a service will be held memorializing the six million Jews who died in Europe.

Jews everywhere will observe the Yom Kippur, or Day of Atonement, from sundown Friday until sundown the following day. It is the most sacred and solemn day in the Jewish year, and as such, will be observed with special prayers and rituals. Unlike other Jewish holidays, the Day of Atonement has no historical background. It is a day given over to introspection and contemplation. On the New Year, the Book of Life was opened. On the Day of Atonement, the Book is sealed. And before it is closed, Jews everywhere will fast and pray in order that they may be written down for a good life.

The Day of Atonement represents man's striving for a more perfect world, a world in which there will be no wrong-doing or evil-thinking.

In 1946, Jewish Terror agents from the cutthroat Irgun terrorist network in Palestine, led by the mass murderer Menachem Begin (who would later become the Prime Minister of Israel), blow up the King David Hotel, disguised as Arabs. 91 people are killed, 28 of the victims were British officials. The British were the real target of the bombing as the hotel was the headquarters for the British military command.

Begin the beast; terrorist leader of the Irgun; mastermind of the King David Hotel bombing in 1946 and other atrocities; Prime Minister of Israel. A complete animal.

The Encyclopedia Britannica prints its 1963 edition, within which it states that 2,000,000 people, mostly Jews, were exterminated by the Nazis in Mauthausen, a concentration camp in Austria. This absurd figure has been officially revised quite a lot. **Now it is claimed that only 95,000 people died in**

Mauthausen, of which only 14,000 were Jews. An exaggeration of 1,905,000! This camp is no longer considered by official sources who support the holocaust legend as an “extermination camp,” nor is it still claimed that any camps on German soil were either.

take advantage, at a time when Hitler was most anxious to keep the whole of eastern Europe quiet until his preparations against the U.S.S.R. were complete. The situation was made worse by the total failure of the invasion of Greece and by the rapid retreat of the Italians in North Africa before Sir Archibald Wavell's advance (Dec. 1940). Hitler was obliged to come to the aid of his axis partner. He sent German reinforcements to North Africa (where Erwin Rommel succeeded in driving the British back in the spring of 1941), and he took steps in readiness for a German invasion of Greece. Hungary and Rumania had already been reduced to the status of German satellites and made no difficulties about the movement of German troops toward the Greek frontiers; nor did Bulgaria, where, after a sharp diplomatic contest with the Russians the Germans proceeded to occupy key positions throughout the country in March. The remaining Balkan country, Yugoslavia, was induced under pressure to accede to the tripartite pact in March 1941, but the Yugoslav government was overthrown by a palace revolution in the name of the young king Peter. Thereupon Hitler ordered drastic measures to make an example of Yugoslavia. In the course of April 1941 German forces invaded both Yugoslavia and Greece, the former operation being accompanied by brutal air attacks on the defenseless city of Belgrade. By the end of the month both countries had been occupied, and

sibilities at an earlier stage. Hitler had shown an equal interest in the Mediterranean theatre of operations. The rapid advance of the British 8th Army and the U.S. landings in northwest Africa had forced the Italian forces under Rommel to retreat. The reinforcements made available to the Germans without being able to halt the advance was to increase the size of the German army to more than 250,000 German soldiers in 1941. Meanwhile, in the east, ignoring the advice of his advisers, Hitler had embarked on a campaign of 1941, a drive to the Caspian oil fields in the south and east. The invasion of the Soviet Union while the drive to the Volga was in progress, the city of Stalingrad, where the German army's draw in time led to the encirclement of the German armies under Field Marshal Paul von Reichenau of Jan. 1943. The influential Zionist leader Nahum Goldmann, co-founder and long-time head of the World Jewish Congress, publishes a book about Jews, *The Jewish Paradox*. In this book Goldmann candidly admits on pages 122 and 123 that years before the end of the second World War two influential co-conspiring Jews conceived the idea of a post-war Nuremberg show-tribunal and “German reparations” to be paid out to the Jews. Goldmann describes how he, and his fellow conniving Zionists at the World Jewish Congress, intended the reparations swindle to finance Jewish settlement in Palestine after the war.

of the situation, Germany was already so powerful that there was no longer anything to be done.

Apart from my encounter with the survivors of the concentration camps after the liberation, I only returned officially to Germany in order to meet Chancellor Adenauer and open negotiations about reparations. These reparations constitute an extraordinary innovation in terms of international law. Until then when a country lost a war it paid damages to the victor, but it was a matter between states, between governments. Now for the first time a nation was to give reparations either to ordinary individuals or to Israel, which did not legally exist at the time of Hitler's crimes. All the same I must admit that the idea did not come from me.

During the war the WJC had created an Institute of Jewish Affairs in New York (its headquarters are now in London). The directors were two great Lithuanian Jewish jurists, Jacob and Nehemiah Robinson. Thanks to them, the Institute worked on two completely revolutionary ideas: the Nuremberg tribunal and German reparations.

The importance of the tribunal which sat at Nuremberg has not been reckoned at its true worth. According to international law it was in fact impossible to punish soldiers who had been obeying orders. It was Jacob Robinson who had this extravagant, sensational idea. When he began to canvass it among the jurists of the American Supreme Court they took him for a fool. 'What do these Nazi officers do that was so unprecedented?' they asked. 'You can imagine Hitler standing trial, or maybe even Goering, but these are simple soldiers who carried out their orders and behaved as loyal soldiers.' We therefore had the utmost trouble persuading the Allies; the British were fairly opposed, the French barely interested, and although they took part later they did

The Allied Nuremberg Trial indictment charged the Nazis with murdering 4,000,000 people at Auschwitz. This figure was printed on the plaques displayed to tourists visiting Auschwitz, and the figure was repeated as “fact” by governments, historians, journalists, politicians, and all authority figures, for 45 years. **In 1990 it was all exposed as a big lie when the Auschwitz State Museum officially revised the death toll from 4,000,000 down to 1.1 million, of which 960,000 are claimed to be Jews.**

Poland lowers Auschwitz toll

30 The Toronto Sun, Wednesday July 18, 1990

WARSAW (UPI) — A government commission has lowered the number of people who perished at Auschwitz during World War II, dropping the number from four million to just over one million.

The revision doesn't change the official figure of six million Jews killed by the Nazis, but it does change the total number of victims of the Holocaust, which is now estimated at 5.8 million.

The decision to revise the official number was a rejection of figures released after the war by the Soviet Union, which had claimed that as many as 4 million people had died at the camp. Poland's former communist regime had used the four-million figure in a bid to make Auschwitz a symbol of Nazi oppression of all peoples, not just Jews.

Auschwitz deaths reduced to a million

By Krzysztof Leski in Warsaw and Ohad Gozani in Tel Aviv

POLAND HAS cut its estimate of the number of people killed by the Nazis in the Auschwitz death camp from four million to just over one million.

The vast majority of the dead are now accepted to have been Jews, despite claims by Poland's former Communist government that as many as 4 million people perished in Nazi Germany's largest concentration camp.

The revised Polish figures support claims by Israeli researchers that Poland's former government exaggerated the number of victims by inflating the estimate of non-Jews who died.

The new study could help resolve the controversy over

the scale of Hitler's "Final Solution". Prof. Shevach Weiss, a death camp survivor and Labour member of the Israeli parliament, expressed disbelief at the revised estimates, saying, "It sounds shocking and strange."

But other Israeli experts said evidence to support the lower estimate had been mounting for some time.

Auschwitz, about 50 miles south-west of Krakow, was established in 1940 as a camp for political prisoners. It was later expanded with a huge nearby Birkenau, which included gas chambers and ovens to destroy the bodies.

Dr Franciszek Piper, director of the historical committee of the Auschwitz-Birkenau museum, said yesterday that, according to recent research, at least 1.5 million people were deported to the camp, of whom about 223,000 survived.

The 1.1 million victims included 960,000 Jews, between 70,000 and 75,000 Poles, nearly all of the 23,000 gypsies sent to the camp and 15,000 Soviet prisoners of war.

Dr Piper stressed that the figure was a minimum estimate.

but said the total was to exceed 1.5 million.

Dr Shmuel Krakowski's research at Israel's shem memorial for Jewish victims of the Holocaust has produced new Polish figures which contradict the four million figure. "The four million was let slip by Capt. Hoess, the death camp commander. So I bought it, but exaggerated."

Dr Krakowski said Poland's former government inflated the false figures in order to minimise the support claims that were not exclusively for Jewish victims of the death camp. He said most 300,000 people perished at Auschwitz.

According to Dr Piper, the total number of victims was 5,860,000.

Auschwitz death toll reduced to a million, yet sacred "Six Million" figure remains unchanged and is still repeated by Mofos.

The original plaques were removed and replaced with new ones sporting the “new” fake figure of 1.5 million. That’s at least 2.5 million people erased from the official death toll overnight. They can’t even make up their mind about what the new figure should be. This should tell you right away that they are just making it up as they go along.

The Nuremberg Trial indictment charged the Nazis with killing 1,500,000 people at Majdanek, a camp in Poland. This ridiculous figure was conjured by Saul Hayes, a Canadian journalist in the pay of a Canadian Zionist organization, the Canadian Jewish Congress. It is now claimed that only 79,000 people died in this camp, officially. An exaggeration of 1,421,000!

(See also – http://en.wikipedia.org/wiki/Majdanek_c...ation_camp)

Despite substantial reductions in the official death toll’s of Mauthausen, Auschwitz and Majdanek, the mythical and obviously false “Six Million” figure is never revised and continues to be peddled by Zionist Jews everywhere. That’s because it has religious significance to Jews and fulfills their

delusional ancient Torah prophecies. The Holocaust™ is nothing more than a religion to inoculate the Gentiles !!!

Also in 1990, another Holocaust myth was vanquished; that being the preposterous lie that the Nazis used the skin of Jews to make “lampshades” and their fat to make “human soap.” Jewish groups in Israel have confessed that this widespread rumor was a myth.

Human fat wasn't used by Nazis, Israel's Holocaust Museum says

By Reuters

JERUSALEM

Israel's Holocaust Museum, rebutting a common belief, said yesterday that the Nazis never made soap from human fat of murdered Jews during the Second World War.

"Historians have concluded that soap was not made from human fat. When so many people deny the Holocaust ever happened, why give them something to use against the truth?" said Shmuel Krakoski of the Yad Vashem Museum.

Israeli Holocaust historian Yehuda Bauer said there is no evidence Nazi Germany used corpses for soap, although it did use skin for lampshades and hair for mattresses.

He said many Jews believed murdered families had been turned into soap because the Nazis themselves propagated the idea as "a sadistic tool for mental torture."

Holocaust expert rejects charge that Nazis made soap from Jews

By NASH ORDEL
Jewish Telegraphic Agency

TEL AVIV — Professor Yehuda Bauer, head of the Hebrew University's Holocaust history department and regarded as one of the foremost researchers of the Holocaust, has denied the frequently quoted charge that the Nazis used the bodies of Jewish death camp victims to make soap.

The tabulated prohibitions for transforming human fat into soap were not known at that time, Bauer said Sunday at a Holocaust memorial evening for Yom HaShoah.

The camp inmates were prepared to believe any horror stories about their persecutors, and the Nazis were content to let them go on believing the reports, he said.

"The Nazis did enough horrible things during the Holocaust. We do not have to go on believing untrue stories," Bauer said.

Disembodied rumors about the use of bodies of British soldiers to make soap had circulated during both World War I and World War II, he said.

Karel Hilberg, professor of political science at the University of Vermont and a pre-eminent historian of the Holocaust, agrees that the soap rumor, although widespread, was probably unfounded.

"There were all kinds of rumors," he said, noting that a New York Times article during the war suggested that Jews were given lethal injections by gas and buried in the same place.

Other human fat was used to make soap, but it was not from Jews who were killed in the camps, based on the evidence, Hilberg said. "No one turned up" to say that the Nazis used human fat to make soap.

In Dandig, Co. Poland, 100,000 Jews were killed in a single day in 1943. "We do not have the bodies of all the victims and the gas chambers," said Hilberg.

Moreover, the rumor circulated as early as 1942, according to Hilberg.

"It's fairly reliable, whether or not it's true," Hilberg said.

Nazis never made human-fat soap

By BILL HUTMAN

Yad Vashem, the Israel Holocaust Memorial Authority, last week upheld the recent statement by Professor Yehuda Bauer, an eminent Holocaust historian, that the Nazis never made soap from human fat.

No documentation exists to back up such allegations against the Nazis, Yad Vashem spokesman Menachem Fogel said. "That is the position Yad Vashem has always held."

Bauer, a professor at the Hebrew University and head of the International Centre for Research on anti-Semitism, said at Wizo House in Tel Aviv, "The Nazis never made soap from Jews because they did not have such technology."

Shmuel Krakoski, archives director at Yad Vashem, explained that the reason many believed, and still believe, that the Nazis made such soap was because during the war the Germans started rumors to that effect.

"What is clear is that soap was made on which the letters RIS were inscribed, and there was propaganda that this soap was made from Jews," said Krakoski. RIS supposedly stood for *Rein laisha Seif*.

The Nazis did however use the skin and hair of humans to make various products, said Krakoski.

Bauer said that the Nazis carried out many atrocities and there was no need to add false allegations to their already dark record.

Despite this admission, there are still Jews today going around claiming that this actually occurred !.

Two Zionist Holocaust promoters, Deborah Lipstadt and Professor Peter Novick, both have stated in their books that Simon Wiesenthal, the infamous “Nazi hunter” and pathological liar, outright invented the “five million non-Jewish deaths” that supposedly happened in the Holocaust as a marketing ploy to

garner interest of Non-Jews in the Holocaust religion, also known as "Holocaustianity."

The revisionists estimate that the combined death toll in all German concentration camps was somewhere between 300,000 to 500,000. Of that amount about half the victims were Jews. **Unlike the comical and discredited "6,000,000", this figure is based on solid documentation, including the reports released by the International Red Cross who inspected the camps, the Auschwitz death registries released to the Soviet archives in 1990 (which recorded only 69,000 deaths in Auschwitz), and other evidence. The main cause of death was the typhus epidemic and starvation.** (See - http://www.ihr.org/jhr/v12/v12p265_Weber.html)

After decades of careful forensic investigation, scientific analysis, and intense study, scholarly revisionists have allocated the "gas chambers," "steam chambers," "electrocution conveyor belts," "suffocation rooms," "pedal-driven-brain-bashing-devices," "Jew bone powder used for construction," and other absurdities to the realm of science fiction

Memory of Holocaust central to new world order Unchallenged, capacity to undercut civilization's basic values and to destroy d

Abstract (Document Summary)

Resistance to a productive contemplation of the Holocaust is apparent elsewhere in Europe. War-time Poland was a virtual death factory for millions of Jews. Only eyes blinded by anti-Semitism could have failed to notice the fact of so many "missing" neighbors. Yet can one speak of a coming to terms with the Holocaust?

So, it is no surprise that Holocaust revisionist David Irving continues to find audiences in Canada, nor surprising that Holocaust denial figures prominently in the activities for which Ernst Zundel, John Ross Taylor, Jim Keegstra, Donald Andrews and Robert Smith were brought before our country's courts and Malcolm Ross before a human rights tribunal.

The Holocaust stands as Western civilization's greatest failure. It was a natural outcome anti-Semitism. To deny the Holocaust is to deny racism's capacity to undercut our civilization and to destroy democracy. Achieving our quest of a "new world order" depends on our learning

*This is the cry that comes from the
Jews of Europe to the Jews of America*

"Make them understand that we are dying! Make them understand that a whole people is dying!

*Dying for lack of food!
Dying for lack of medical help!
Dying for lack of shelter!*

"Make them understand that hundreds upon hundreds are killing themselves because their suffering and the suffering of their loved ones has made life unbearable.

"Make them understand that millions of Jews are trapped in Europe and there is no hope except the Jews of America help.

"We solemnly declare to the Jews of America that never in the history of the Jewish people, dating back for centuries, was there a situation like this, and never before in the history of the Jewish people was there any emergency as great as this.

"Time and again the Jews of America have saved us from death. And now, from the depths of our despair, we plead with you again to help us quickly or we perish."

"Just Another Drive," But the Lives of 6,000,000 Human Beings Wait Upon the Answer

Just another drive—just another campaign—just another effort to alleviate human misery, to save the lives of men, women and children.

Campaigns are an old story in New York.

But to 6,000,000 men, women and children, HUNGER IS AN OLDER STORY, AND NAKEDNESS, HOMELESSNESS, DISEASE AND DEATH HAVE ALSO CEASED TO BE NOVEL.

At no time during the war, in any land, not even in Belgium or Northern France was there a situation more critical—a need more great—a demand for sacrifice and help more insistent than now comes to us from Eastern and Central Europe.

There is but ONE WAY in which the lives of the people of these lands are to be saved.

There is but ONE PLACE in all the world to which they may look for help.

This is the reason for the NON-SECTARIAN APPEAL to be made in New York next week in behalf of the Sufferers from Famine, Disease and Destitution in the War-Ridden Lands.

If typhus fever and the other innumerable consequences of hundreds of thousands of human beings starving are not checked in time, SOME REV- ERBERATION OF THIS THUNDEROUS CALAMITY WILL REACH OUR SHORES JUST AS SURELY AS EACH EPIDEMIC OF INFLUENZA IN EUROPE HAS ULTIMATELY FOUND ITS WAY ACROSS THE ATLANTIC OCEAN.

Will YOU GIVE to save a life, or

"Shall Death Be the Highest Bidder?"

We hope you will not wait to be asked to give in person, but will send your check NOW to

opinion would make it impracticable to set the figure any higher. General said the regular army "be sufficient to protect the nation against sudden attack and to meet American international obligations both on the American continent and elsewhere but this should be backed by a national citizen reserve." General made a plea that the nation keep abreast of other countries in the development of the air service and said it was essential that the transport, nurse corps and tank corps be adequate. He thought the number of officers of high rank provided for in the new legislation was "rather excessive."

which, it is said, will detract attention from the strike in various parts of West Virginia. Infantry and machine gun units and the necessary medical detachment will be sent to the area. The first detachment of officers left here on the 21st shortly after 3 a. m. Two other detachments followed, carrying more than 20 motor trucks and machine guns, small arms and ammunition. The situation is being taken for extended relief, said Maj. Gen. Charles P. Hall, commander of the First Division. He said he had received on Oct. 21 a request from Governor Cornwell of West Virginia, for troops in the event of a strike.

Jewish Suffering and Armenia

To the Editor of The Tribune.

Sir: Reading your editorial of the 11th "Armenia," in which you rightfully censure the Turks for the execution of Armenians, I wish to ask you what about Russia?

What the Turks are doing to Armenia is child's play compared to what Russia is doing to six million Jews, her own subjects. This at a time when about half a million Jewish soldiers are fighting for the Czar, many of whom have been decorated, who shows their faithfulness. When the wounds return home, cripples for the rest of their lives, they find their homes gone, wrecked by an outside enemy but by the very government they served, their parents killed or exiled, their wives and sisters dishonored, their children starved and wandering.

Such things happened to tens of thousands in Russia is doing it to-day, and yet there is no outcry from the American press. It was the Ambassador to Turkey (by the way, himself a Jew) who protested against these massacres of Armenians. Was there any such protest from the American Ambassador in Petrograd?

You may blame Germany for what the Turks are doing. Can you also blame England or France for what Russia is doing? You can also say that Russia is fighting for civilization. . . . I am not pro-German, as I am against militarism, but if that is the kind of civilization Russia is fighting for, then give me "German Kultur." I always thought the Tribune on the square, and hope you will enlighten me on that.

Six Million Jews Are Deprived Of Papers By Russian Censorship

Petrograd, Russia, April 22.—After a spirited fight the Duma has passed the censorship bill, which was introduced to limit the powers of the censor, but in the form in which it was adopted actually increases them. The debate over the bill was extremely bitter and the members of the opposition parties attacked the government and the papers controlled by it savagely. Har-kow, the leader of the "cadets," and the socialist deputy Adjemow accused the government of bribing the editors and publishers of all large dailies and offered proof for their charge.

The progressive deputy Bomach created a sensation by producing a secret circular sent out by the minister of the interior which instructed the police to suppress all Jewish publications, even if not printed in Yiddish.

"Six million Jews have been robbed of their newspapers," the deputy said.

Millions Needed For Jewish Relief Work in Poland

New York Committee Seeks More Funds as Result of Destruction of Towns During the Present War

All the relief work of the joint distribution committee among the Jews of Poland, in which several millions of dollars were expended, has been nullified by the war between the Soviet and Polish armies, according to reports received by Judge Otto A. Rosalsky, chairman of the Greater New York Campaign for Jewish War Sufferers Abroad.

The committee faced the task of raising additional millions of dollars as a result of the war in Poland. Relief work in Warsaw and towns in the fighting zone has been temporarily abandoned. Many of the communities had been virtually restored, but all this reconstruction work has been wiped out, the chairman has learned from his representatives in Europe.

"It is an old truth that whoever fights the Jew is the sufferer," Judge Rosalsky said yesterday. "Six million Jews were made homeless by five years of foreign and domestic wars. Through the joint distribution committee to raise funds for which the greater New York campaign was organized, we had succeeded in restoring them in some measure to normal health and economic independence."

Disturbances in the streets of Jerusalem and Caesarea were now of frequent occurrence, and massacre followed upon massacre. All attempts at peace-making on the part of Agrippa I. and of the peace party were in vain. The patience of the people had been taxed too much, and Judea was at open war with the Emperor Nero, who sent his first general of the empire, Vespasian, to subjugate Palestine. Under Titus, Vespasian's general, fortress after fortress surrendered until at last Jerusalem was taken and the temple burned to the ground, August 10, 70 A. D.

Judea was now a waste, Jerusalem a heap of ruins, and there was no Jeremiah to sing the funeral dirge of the city of David and Solomon. Directly after the triumph of Titus the Sanhedrin met at Jamnia or Jabneh, and in the hands of this council the work of transforming and adapting Judaism to the altered political circumstances, proved a task of little difficulty. Jamnia had only to be substituted for Jerusalem, a few ordinances to be discontinued or slightly altered, and certain prayers or good works to be substituted for the sacrifices, and the change was effected without leaving any trace of violent revolution. The spiritual head of the Jamnian commonwealth was Gamaliel II.¹ National fanaticism, indeed, was not yet extinguished; but it burnt itself completely out in the vigorous insurrection led by Bar-Cocheba, the pseudo-messiah, in which nearly six million Jews lost their lives, together with the

SEVILLE, April 12.—All Spaniards venerate the name of Isabel la Catolica, nor is the impressionable De Amicis the only foreigner who has trembled and wept before the enshrined memorials, jewel box, mirror, missal, and crown of her royal womanhood. She is a precious figure in poor Spain's sunset revery—a saint beneath a conquering standard, a silken lady in a soldier's tent. Yet this peerless, Queen, merciful, magnanimous, devout, "the shield of the innocent," caring supremely for the glory of God and the good of her country, gave consent, albeit reluctant, to the establishment of the Inquisition, Christianity's chief scandal and Spain's most fatal blight. So ironic were the stars of Isabel.

Wherever one moves in Spain the sickening breath of the auto da fé lingers in the air. In such a square, we read, was once a mighty holocaust of Jews; beneath our feet, we are told, is a mass of human bones and cinders. This sunshiny Seville,

To Our American Readers

WHAT is going on in Russia? Is Communism a failure—a success?

These questions are asked by millions of Americans today. They read strange contradictory accounts about the economical and political conditions of Soviet Russia.

Today they read about such colossal technical achievements that even those in America seem to be overshadowed. The next day they read of a general food shortage, or famine, or revolts and shootings. Other statements of a more balanced opinion point to alleged concessions supposedly made by the Soviet government in favor of democratic principles.

But all these reports seem to lack sincerity—they leave an impression in the mind of the reader that the writers somehow were not without prejudices. And the more contradictory reports that are read, the more shrouded and mysterious becomes the Soviet Union—the greater is the desire to learn the truth.

True facts can never be acquired from personal opinions of occasional visitors to the Soviet Union. It was, therefore, necessary to resort to other, more reliable sources, in order to correctly answer the questions existing in the minds of the people. And these sources were found—in the newspapers and official records of the communists themselves.

The following exhaustive material, as taken from the various publications of the U. S. S. R., presents an excellent inside view of actual conditions in the first Marxist State of the world, after eighteen years of existence. And this firsthand information, in its cruel nakedness, is as convincing as it is indisputable. It will dispel the clouds of doubt about the real nature of U. S. S. R. and its Jewish leaders.

It is with great pleasure that I take the opportunity of presenting this translation, in an effort to challenge every true American to give strong and firm support in averting the dangers of Communism—the greatest evil of modern times and the destroyer of human rights, Christianity, and civilization.

As a native of Russia who succeeded in escaping from the Soviet, I am naturally anxious to have the actual truth known.

Preface

THE world today is comparatively well informed about the fate of the compulsion workers in the Soviet Union.

But little is known about the concentration camps where conditions are so gruesome as to be almost unbelievable. Many people find it difficult to realize that this state of affairs can exist in the twentieth century.

This explains why the descriptions about compulsion labor in the Soviet Union are sometimes sceptically received.

This presentation of investigations is, therefore, based exclusively on actual reports of the government-controlled Soviet press and official governmental records. The photographs are also taken from official Soviet sources thereby providing a possibility for everyone to verify for himself the interpretations.

We wish to point out that all illustrations in this brochure are true reproductions of originals as they appeared in the official Soviet publication: "Stalin White Sea Canal" or in Soviet newspapers. We could not afford to disturb the poor quality of these pictures by retouching them as they reflect true conditions existing in the U. S. S. R.

It is not our aim to present a complete and exhaustive account of the actual number of prisoners, the numbers put to death, the distribution of concentration camps, etc., but rather to give a cross-cut of the life of those condemned to this form of living death—true and without exaggeration as conditions really are.

Chapter One

Extermination of the Valuable National Elements of Russia Through Jewry.

In November 1917, Jewish Marxism completely absorbed the ruling power of Russia.

Its next step was to expand this power through the exploitation of the masses. As an ideal state, it visioned a slavishly devoted and a spiritually and morally degenerated, population.

Soon, however, the new rulers discovered that this goal could not be attained unless all those racially valuable elements which would never be content with a life of slavery, were exterminated.

With the aid of a terroristic organization, established specially for this purpose—the *Tscheke* (*Tsche-Ka*, meaning extraordinary commission) and later the G. P. U., they started out on the bloody task.

It was comparatively easy to dispose of the leading and most valuable racial elements: the intelligentsia and nobility.

A certain number of the intelligentsia had fallen during the world war, and an even greater number fell during the civil war which led up to the inauguration of Jewish control. The rest either fled the country or were cruelly massacred by the *Tscheke*.

Only a very small number were allowed to contribute their knowledge and experience in service for the new state.

But the most difficult problem was the handling of the peasants. Lenin, himself, had long ago recognized that the greatest obstacle in establishing a Communistic slave-state would be the strong and healthy peasant, consequently the government had but one alternative: *the complete destruction of the healthy peasantry.*

The Jew Jagoda (Hershel Jehuda) Chief of the Tscheka—G. P. U., now called the "Commissariat of the Interior". All concentration camps are under his supervision.

Although the new rulers, ever since their rise to power, encountered a stiff opposition from the peasantry, their real drive to achieve their object commenced with the first Five Year Plan (*Pjatiletka*). It was to be a bloody, and in the history of mankind, unique act.

The entire independent peasantry, the so-called "Kulaks" were dispossessed of their possessions and driven from their farms.

During this process of "raskulatchivanje" or *diskulakizing*, a great number were massacred on the spot. But the masses of these dispossessed farmers became so great that it was absolutely impossible to destroy them all and the government was forced to adopt other methods of dealing with them.

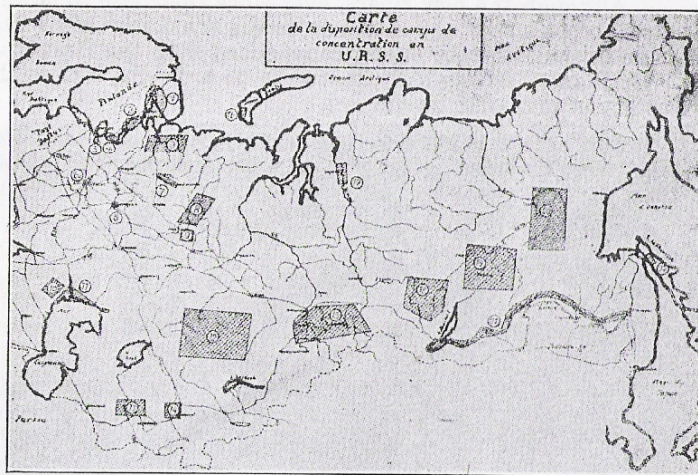

The Kulaks were then gathered from all sections, dumped into box cars and transferred to remote places of the Soviet Union. Endlessly, these trains rolled through the steppes and snow-covered fields of Siberia. Uncountable was the number of men who never were to see their point of destination; they died on the way to the concentration camps but millions reached their destinations nevertheless.

Although these camps had already existed previously, they began to grow in importance and new ones were created as fast as the "living material" rolled in.

For millions of people, concentration camps have been nothing but transit points into eternity. Here the death of millions could not be accounted for as murder and moreover, these death-sacrificed victims of Jewish tyranny could be exploited to the last drop of blood in the interest of a "Socialistic State" before being freed by the merciful reaper—death.

The purpose of the creation of these slave camps is threefold:

1. The inconspicuous extermination of the "undesirables".
2. Exploitation of the physical power of the condemned.
3. The setting of an example for the entire population

to suffocate any possible uprisings against the Jewish despotism.

The first purpose is undoubtedly the most important, although the financial value of the working power of the compulsion workers is by no means underestimated by the Soviet government.

As lumberjacks, for instance, these exiles produce much cheap lumber that can easily be used for dumping on the world's markets; and as construction hands they create canals, highways, dams, etc., all of which gives the rulers ample reason to boast about the "wonderful" achievements of the new Socialistic State.

In spite of the ever increasing masses of prisoners this "living material" very often is not sufficient to fulfill the fantastic "plans" of the government, because people die as a result of the horrible conditions that prevail in these concentration camps about as rapidly as new material can be delivered.

And so, the Soviet government organizes and conducts from time to time "man-hunts" to provide new material. People are often arrested and exiled who even in the eyes of the government could not be in any sense regarded as "undesirables".

They are arrested, parted from their loved ones and sent to a camp where a certain death awaits them just for the simple reason that these Jewish despots need man power which is cheaper than even the use of animals.

Such man-hunts, for instance, were carried on during the summer of 1935 in many districts of the Union. Thousands of able bodied men disappeared "mysteriously".

Naturally the Soviet press, as a rule, maintains an absolute silence about such happenings. Sometimes, however, reports leak through. The "Izvestija" — an official organ, reported in its issue of September 22, 1935, some facts about the recent man-hunts.

According to this paper, in the city of Tskeljabinsk, 57 persons were "arrested" in the community

against whom absolutely nothing could be found to justify the action.

This same paper gives a few examples illustrating how citizens of the Soviet Union can be changed into compulsion workers:

"The wife of Abdul Seifulin, a worker in a Kolchos (Kollektivnoje Chosajstwo—collective farm. B. W.) is working on a neighboring Kolchos. She owns a passport issued by the city of Tskeljabinsk and lives in a room on a worker's settlement. Seifulin has a habit of visiting his wife now and then. One night, just as Seifulin happened to be calling on his wife, along came an inspector to check up on passport owners. (Russians must have passports in order to cross

— 15 —

from one town to another. By this method the authorities are able to keep a check on everybody. B. W.) Seifulin produced his passport issued by the Soviet of his community and a workbook from the Kolchos. Everything seemed to be in due order but the militia from Tskeljabinsk has its own conclusions. Seifulin is being arrested and the 'detachment 4' prepares a protocol about the arrest and is 'sending off' a damaging character and a dangerous counter-revolutionist to a concentration camp."

Another case:

"In the same city lives the workers Michailew. He has worked in a factory ever since it was founded. And he has a passport too. His wife, however, to whom he has been married for fifteen years and who raised his four children, cannot get a passport. She has her legitimation papers though, but on them is a remark from the Chief of a militia detachment, 'papers O. K. but passport cannot be served as woman has lived in Tskeljabinsk less than three years'. That means that a passport is to be prepared by the authorities of her former residence but they also refuse to do so on the ground that she has been absent too long and so, while the quarrel has gone on, the woman has stayed with her husband. But that was all too much for the militia. During the latter part of July, Mrs. Michailew was arrested. What followed was the usual procedure: exile—dangerous to society . . ."

A third example:

"One night in July the chief of the militia detachment, together with a couple of subordinates, paid an unexpected visit to the laboress, Maria Chlistunova. A baby was heard to cry! The room was searched thoroughly and finally the woman was told that she was arrested and would have to be 'sent off'. She was told she would learn more about it in the station of the detachment. Together with her baby, the woman was hurried away and incarcerated. The next day it was explained to her that she was to be exiled as an enemy of the Socialistic State. The reason was that her husband who, by the way, had left her a few months previous, had failed to report for work in the factory one

morning. As a result, his passport was cancelled, he, himself, laid off and his wife sent to Siberia".⁽¹⁾

These heart-breaking examples show that not only "generals" and "capitalists" are prosecuted and exiled but every worker, farmer, in fact, the entire population is "free game" for these Jewish rulers.

In connection with these facts, I shall refer to a letter written by an engineer who returned from the Soviet Union and who gives an indisputable opinion of the problem:⁽²⁾

"If one goes to the jail of Leningrad during the visiting

hour, one will note a long queue of people standing there only to get information if their relatives in the jail are still among the living. In the majority of cases, these people are young women—the wives of workers, or old half-starved mothers who often wait six and eight hours patiently worrying over the fate of their relatives.

"The information is always brief and harshly given by officials. The sentence in most cases calls for compulsion work or exile. If you are tempted to ask these worried and shabbily clad people why their son, brother or husband was arrested, you will learn that their offence in most cases was a side step in the Party discipline: the quitting of membership in some local communistic organization—communication with relatives abroad, the fostering of religious alliances, etc.

"The investigations and preliminary hearings are long and trying and the prisoner, if successful in offering a perfect alibi, is a complete wreck after his release. Most of the prisoners, however, are sentenced to compulsion labor in the eternal Siberian north or to the hot and murderous deserts.

"In the North they are chiefly used in stone quarries and for the construction of railroads, highways and fortifications—this is particularly true on the peninsula Kola. Furthermore, they are employed in industry where they perform valuable and cheap work.

"Alongside with the diskulakized farmers these 'minor offenders' are a very valuable 'material' and deliver their service without any remuneration in upbuilding of the communistic state. (This can only be interpreted as slave-labor).

"The consumption of this living material is very great and therefore has to be continually replenished. No worker will ever go voluntarily to these desolate northern regions and it is up to the Jewish-Bolshevik judges to take care of a continuous flow of supply to the compulsion camps of Kola and North-Carclia. . . ."

The reliable agents which serve the Soviet government in a slow extermination of the lives of the condemned are: frost, under nourishment, disease, hard work, persecution, etc.

We are in possession of very reliable and true information about the life of the exiled.

The best reports are those supplied by persons who themselves, were once condemned but were successful in their desperate effort to escape. Here follows the story of a Russo-German farmer, Rempel, who, as an eyewitness tells his own experiences: ⁽³⁾

“ . . . one of them particularly aroused my pity. His face was frozen and black—the cheeks and nose were covered with pus and I had considerable difficulty in suppressing an abominable feeling. In spite of his wounds he was working in the cold wind. I asked him why he would not have himself treated in the hospital. He looked up in horror and replied in a timid and frightened voice: ‘Konzlagernyj’, (sentenced to compulsion camp).

“The rough climate and extremely hard work left a pitiful imprint on the prisoners. Tired and bent they moved about. A certain amount of work (*wrok*, task) was given every day but it was necessary to work at least twelve hours to get this *wrok* done. I was told that in the fall, 3,000 prisoners were stuffed into one of the barracks and of this number only seventy-five survived, the rest of them died. . . .”

Another Russo-German who also had escaped from a concentration camp gives his experiences as follows: ⁽⁴⁾

“I have never in my life met anybody who treated a dog in such a manner as people of every nationality are being treated at Solovky. To be beaten wantonly is nothing unusual, everybody is used to that.

“We work from early ’till night and have to dig stumps from the frozen ground—and all that for a very small piece of bread of bad quality. Sometimes we get two salt herrings per day but are refused drinking water. In winter we often collapsed in the extreme cold.

(4) A. Schwarz: “In Wologdas’ White Forests”. Altona-Elbe—Pages 165-166.

“*Beatings.* We were dragged into the forest when we were unable to lift an arm. . . . In the eyes of those devils it is ‘unwillingness to work’ and the result: singular treatment. In winter we were confined naked to blockhouses with a temperature of 50-55 degrees Reaumur. *In summer we were stripped to the skin, tied to trees and given as prey to millions of mosquitoes. . . .*”

It is impossible to give a correct estimate as to the actual number of compulsion workers in the Soviet Union. But it is a fact that millions of people have vanished in exile and that many more millions are still subjected to great sufferings in the concentration camps. ⁽⁵⁾

(5) It is estimated by “Study of German Homecomers from U. S. S. R”, Berlin, that the number of exiles at present is at least six million. Thereof about 200,000 are of German descent.

Chapter Two

The Origin of the Compulsion Workers

AS already pointed out, the greatest contingent of the compulsion workers is comprised of peasants.

A multitude of decrees and enactments provide the "legal" ground for apprehension of the farmers and their exile. In this connection the famous "decree of protection of Socialistic property, August 7, 1932" may be quoted. Section Two of this decree reads:

1. All chattels of the Kolchos and other co-operative establishments (the crops in the fields, joint reserves of grain, cattle and all stock in warehouses, etc.) are to be regarded as state property and the protection service for this property is to be intensified.

2. In cases of this property being stolen the maxima of social defense is to be applied: shooting and confiscation of the entire private property or in case of commutation of sentence—deprivation of liberty for not less than ten years and confiscation of property.

3. To persons sentenced for theft of Kolchos or co-operative property, amnesty cannot be granted. ⁽⁶⁾

This decree carries the responsibility for the shooting of countless innocent farmers and a steady flow of "material" to the concentration camps. Up to the present time, the transports roll endlessly out with apprehended farmers, condemned to exile and forced labor.

Another decree on the ground of which countless farmers (also workers) were sent into exile is the amendment of Sections 36 and 61 of the criminal code of February 15, 1931. ⁽⁷⁾

Section 2 of this decree calls for compulsion labor for

persons found guilty of refusal to work. The regulation is strictly adhered to in case of farmers.

The German-speaking element comprises a surprisingly large percentage of the compulsion workers and exiles. These ambitious and highly industrious people have for their stubborn adherence to their soil, to stand the brunt of hatred from the Soviet government. Reports are pouring out daily about the apprehension and transfer to camps of German farmers. (Germans in Russia are suffering in a special manner at the hands of the Jewish rulers because Germany has dealt so successfully with the communist problem at home. B. W.) The following report will substantiate this:

"With unequalled persistence the German-speaking people of Aserbeidshan are being persecuted, and by the hundreds 'sent off' to Siberia. The same was reported from the

Batum-district wherein over a hundred German families had fled during 1932-33 and by working in orchards and tea plantations were able to lead a sub-existence. Some time ago all males were arrested and confined to concentration camps whence they are transferred daily in trucks to their different places of work. The women and children also have to work several hours a day on the plantations."

It is reported further that from the district of Odessa a hundred German prisoners were brought to this camp and made to perform compulsion work.

In pursuance of this terroristic action, a court proceeding was enacted against the management of the famous company "Concordia"—a syndicate of all German vineries of Helendorf in the Caucasian region. Seventeen members were sentenced to ten years of compulsion labor and transferred to Siberia.

Numerous reports show that the terror against the German element in Russia is being carried out with ruthless vehemence.

Through the "Study of German Homecomers from U. S. S. R." we are informed that again twenty-seven German settlers and their families from Wolhynia (on the Polish border. B. W.) were exiled to the marshes of Carelia:

"These families are in great distress as they were denied the right to take along any necessities".

The members of these particular families were separated. The women and children were housed in filthy barracks whilst the men were made to work in remote places up to one-hundred kilometers (one kilometer is approximately six-tenths of a mile. B. W.) distance. The bread ration was curtailed to a minimum. Every working person regardless of sex receives a daily ration of about one pound of dark bread.

For the old, infirm and sick inhabitants the ration is even smaller. (The Jews thus keep the people so helpless and weak that a counter-revolution is impossible. B. W.)

Cold, moisture, filth and starvation lend a helping hand to the Soviet government and the number of victims grows

daily. The death toll is especially large among the children. Unimaginable is the number of exiles who, in the hundreds of camps in Carelia, Siberia, the far east and wherever they may be, are wretchedly destroyed.

The Soviet court of Novograd-Wolinsk has upheld the death sentence of the German school teacher, Margarethe Gruenke, the wife of a former director of the German school of Krasno-retchensk, Hugo Gruenke. The conviction of Frau

Gruenke resulted from the charge of counter-revolutionary plot among her colleagues.

Through a private but absolutely reliable source we are informed that the whole village Ak-Metched in Chiva, composed of 316 members, was exiled on the 30th of April 1935. The inhabitants of Ak-Metched were transferred to Tadshi-

kistan, Fergana to perform compulsion labor in a water-lacking valley of the Hindukush. (8)

Similar reports appear in the foreign press. "Gazette de Lausanne" according to a reliable source, says that among the Soviet government compulsory exiles, there are hundreds of thousands of citizens of Polish and German origin.

These people are transferred to Siberia and into the extreme north. Sometimes whole villages are taken by sur-

prise at night and regardless of family connections taken into exile. From the city of Leningrad alone, according to the same paper, approximately 20,000 families were sent into exile during a period from January until the end of March 1935.

And this action on the part of officials, is by no means

in away of punishment of rioters and counter-revolutionists, but rather a systematic political measure. (9)

Aside from the German-speaking contingent the inhabitants of the concentration camps are comprised of many other nationalities: from the fertile steppes of the Ukraine, from the northern forests of Carelia, Krasnowodsk, Stalina, Samarkind, Katta-Kurgan and Taschkent come the Turks, Tatars, Ukrainians, Finns, Tekinzes, Armenians. Usbecks and representatives of many other nationalities.

As an example we quote reports of the exiled Finns. This information was furnished by the "Committee of Ingermannland":

"From 1929 to 1931 about 4,320 Finnish families (approximately 18,000 persons) were driven from their homes and transferred to remote places of the Soviet Union.

"After a considerable slackness that was noticed during the following two years the Soviet government has considerably increased its drive against the Finnish population in Ingermannland since the early spring of this year (1935. B. W.). During the months of April and May 1935, according to reliable information 2,500 to 2,600 Finnish families were transferred mainly to Turkestan.

"To camouflage this unjustifiable act, these farmers had to sign a declaration that their transfer was being committed on their own decision and desire. Whoever refused to sign the declaration was sent to a camp in Siberia".

A witness who made his escape from Ingermannland to Finland tells the following:

"About the middle of April 1935 from the railroad station 'Elizavetina' (between Narva and Gatchina) two trains loaded with prisoners were dispatched. Both trains were loaded over capacity and emergency locomotives had to be supplied. The prisoners were in the majority Finnish farmers with a few Esthonians among them. It is said that nearly all Esthonian peasants from western Ingermannland are being transferred to Central Asia.

(9) "Bedliner Boersenzitung" May 29, 1935.

"At the same time two trains left the freight station of Gatchina. To prevent the relatives and friends from bidding a farewell to the condemned, all entrances of the cars were kept tightly locked and under observation."⁽¹⁰⁾

"An escaped Carelian, Jefim Popoff, who was interned in the village Saamajarvi, relates that from Petroskoi 1,250 men partly with families were removed. At the time of his escape about 400 Carelians were kept under surveillance in the church and two other buildings. The prisoners were to go to Central Asia".⁽¹¹⁾

To the ranks of exiles belong the representatives of the old leading class whose numbers, however, are constantly decreasing. "We still have in our camps real counts, estate holders, duchesses, courtladies, etc."—boasts Jewish comrade Matwey Davidsohn Berman, Chief of camp administration of the G. P. U.⁽¹²⁾

The greatest contingent of these "old-timers" of old Russia was exiled in pursuance of the new regulation in regard to passports of December 27, 1932 according to which only the holders of passports were permitted to remain in the cities. Naturally these "undesirables" were refused passports and, therefore, could easily be eliminated from the cities. Practically all of them landed in Siberia.⁽¹³⁾

Here we have to mention the clergy in particular. It is generally known that the clergy of every denomination (except the Jewish "Confession") is subject to wild hatred by the Jewish despots. A great part of the priests were "physically destroyed", the rest exiled. Today very few are at large. *Passports are denied those who profess religion.*

The international Pro-Deo-Commission of Geneva has published some facts regarding the fate of the Evangelical clergy:

"The Evangelical Church in the Soviet Union is almost

completely eradicated. Of 85 ministers 47 are exiled to the concentration camps in Siberia and to the White Sea Canal. Two German ministers were recently sentenced to death. Of the remaining 38 ministers it can only be said that their fate is unknown as only 18 are performing their duty— the rest are prohibited from performing any ministerial functions.

"They are in constant danger and it is a question of mere months until the last pillars of the Evangelical Church

will be destroyed or sent into concentration camps. The churches are either demolished or converted into places of amusement and immorality."⁽¹⁴⁾

Very numerous also are the exiles who for "offense against the labor discipline" were convicted.

A decree for instance, a supplement of the criminal code

of the R. S. F. S. R., Section 59, 3 B of February 15, 1931 provides deprivation of liberty up to ten years and eventually shooting for any disciplinary offense for railroad workers. (15)

This decree of the R. S. F. S. R. (Russian Socialistic Federation of Soviet Republics, later U. S. S. R., Union of Socialistic Soviet Republics, B. W.) was released in compliance of the decree of the ZIK-(Central Executive Commit-

The transfer of children to the concentration camps is a particularly inhuman act of the Soviet government. Every now and then the Soviet press announces some new measures for the "liquidation of homelessness of children".

The world then hears that the children are being put

into comfortable "homes" schools, etc. But actually the government has different ways; the best remedy to liquidate "homelessness" is the transfer of the children to concentration camps.

According to reports from reliable eye witnesses it has repeatedly happened that freight trains were loaded with children and dispatched, but after arrival to points of destination these poor victims were found dead. Disease, cold and hunger had proven too great a remedy!

The Soviet press, of course, is silent about these liquidations. Very seldom, it corroborates the reports and it is, therefore, of great documentary importance when the official organ of the Communistic party "*Pravda*" (Truth?)

announces the 2,000 homeless children were exiled to Nadweisk and confined in a G. P. U. camp. ⁽¹⁶⁾

The U. S. S. R. News service also reports about the transfer of children to camps:

“A woman who escaped from Carelia has reported that about 60 kilometers north of Karhumaki, exists a “camp for the homeless”.

These camps constitute horror for the Carlian population as they accommodate the “Besprisornyeh”—homeless children of the exiled peasants. Approximately 4,000 children from every part of the Soviet Union are here squeezed together.

There are no schools or work shops. A great number vanish yearly from starvation, disease and destitution. Very often the children try to escape from these places of horror but they either vanish in the marshes or are shot by the militia. ⁽¹⁷⁾

Famous in this respect is the so-called “Bolshevsckaja Communa” which is a G. P. U. camp specially for minors. ⁽¹⁸⁾

The following is an example of the “liquidation of homelessness of children” as reported by the Soviet official publication “Isvestija”:

“Three filthy homeless girls (Besprisorny) entered the local department of education and timidly asked for work. ‘Well, well! You would like to work in a factory hey? You sure look like it!’ A broad laugh followed this remark from the director of the department. ‘I will surely accommodate you—will you wait in the lobby? The girls withdrew and then the director called up the militia department: ‘Will you dispatch someone to take charge of some minor criminals?’ Half an hour later two militia men led away the three girls: Sonja Sewastichina, Tamara Michajlewa and Nadeshda Galina. In the militia station a skilful fitting protocol was prepared. And so the three 13 year old girls are not those who asked for work in the department of education but

three counter-revolutionists and dangerous state criminals.” ⁽¹⁹⁾

And what happens to state criminals is known too well; they are either shot or “sent off”.

And then there are the criminal elements: thieves, murderers, and prostitutes. This accumulation of human drags contributes to the misery and torment of the good and decent people who are exiled.

Chapter Three

The Cry for Redemption of the Exiles

THE G. P. U. is anxiously concerned to have the concentration camps so hermetically secluded from the world that no information can leak out about the horrible conditions which exist there.

In spite of the precautions of the Jewish leaders, many prisoners have been successful in sending letters to their relatives in secret ways. It is quite easy to understand that the writers of these letters restrict themselves to only a few words concerning their need of support.

The letters are usually short and never contain many details about the internal conditions of the camps. However, they are valuable documents and one can easily sense what is hiding behind the short sentences. (It is humanly impossible for the Jewish authorities to censor all mail sent out of their country. B. W.)

Here follow some letters from exiled peasants. They are true copies from originals that are in our possession (complete in envelopes).⁽²⁰⁾

“Dear Brother: If possible kindly help us as it is very difficult to live here. We are five in the family without a father and only one working—it is too hard for us. We are now five years in this forest and are very poor, it is all too much for a widow with children, so I beg please do not refuse aid, I will thank you heartily. Kindly dear brother, we are in great distress and don’t know what to do—we are almost naked for want of clothes and therefore please give us your help, do not refuse dear brother. Thank you . . .”

“Dear Friend: I, a German farmer, would like a message. Many here have already received aid for the starving

“Dear Friend: As a Russo-German, I come again to you with request for help. Possibly you could support me in my distress. I am with my children exiled for six years. Three of them are of school age, my husband and one grown-up

son have died here in the forest. Our position is very grave and so please have pity and respect our request”.

“Dear Sister: We are forced to come to you for your support as the conditions are so bad that it is impossible to live. We are in a concentration camp and get very little to eat. We can not buy anything and have no money, please

“Dear Friend: If possible be kind and take care of me as we are exiled and in sorrow. My mother is cold and sick (she has been sick for nine months) I cannot work and am without a father. Only my sister is working and she had an accident in the lessosagotowka (lumber-cutting, B. W.); a tree fell on her and she was almost killed. I have another sick sister, 6 years old. It is very hard to get along without father so please do not refuse us aid. We are sent here only to live in distress. Please send help. Thank you.”

“Dear Friend: We are in need and forced to call on you for your help and support. When we were brought here, we could not bring anything along, not even our last cow. We are in a forest in a camp. We are Baptists, a group of seven—I am an invalid and cannot work, please say if we can be helped as without help we are doomed. With greetings and a heart felt request”

The Division of the Compulsion Workers

THE compulsion workers are divided into two categories:

1. Administrative exiled and
2. Those sentenced to hard labor in concentration camps.

In the administrative course, generally whole families (mostly peasants) are transferred into exile.

They are confined to barracks in the northern regions and are compelled to work if they do not want to die of starvation. This work is not compulsory and they are free to move about although they have to register on certain dates at the G. P. U. office. The benefit of this relative freedom, however, is very limited as the remuneration for their work is scaled down to a scant minimum and it is necessary for them to work hard in order to make a living.

As a peculiar caste they sharply contrast with the local population of the communities into which they are exiled.

Much worse is the lot of the inhabitants of the concentration camps who, contrary to the administrative exiled groups, live under constant observation and are closely guarded.

As already stated, the exiles comprise members of different trades, classes and nationalities. In the camps they all share the same fate: hard work, indescribable distress and death, as redemption from endless sufferings.

Into this outwardly homogeneous group, the Bolsheviks have brought an entirely new classification. In pursuance of their slogan "divide and rule", they elevate from the masses of exiled, certain groups to the position of guardians over their fellow-sufferers.

For this the guardians are rewarded with more gentle treatment and better maintenance. These classifications are accomplished with such skill that the Bolsheviks are able to

*Винтовку так держат не для страха,
а потому, что так удобнее*

The exiles are always closely guarded. This picture shows a guard on duty—ready for action. The Russian title below the picture reads somewhat humorously: "The gun is held in this position not to scare, but for convenience."

maintain a rigid watch service with a comparatively small number of G. P. U. men stationed at each place. From those selected (mostly criminals) regular troops are formed, designed for guardians of the exiles and are even supplied with arms. These troops—wochrowtsy or W.O.C.H.R. (armed

guards. B. W.) in reference to their judicial and material position, have a different standing than their fellow exiles.

Although they are still regarded as prisoners and not at will to leave the camps, they, as guardians are naturally free to move around. They are accommodated in separate camps inasmuch when such are available and are mostly clad in military uniforms. Their food rations are larger and contain tobacco, the ration of a Red army man. ⁽²¹⁾

These reliables (that is, criminal guards!) sometimes are given such posts as supervisors and administrators. They are, for instance, appointed to such positions as warehouse superintendents, transport foremen, chefs, etc. They all enjoy a preferred maintenance but for the slightest trespass, or mistake, have to pay with their lives.

These divisions are also applied among the ordinary workers. The exiles mostly work in brigades of from 25 to 30 men. Each brigade is led by a brigadier who naturally has to work himself. During the construction of the White Sea Canal two or three brigades were headed by one "chief-brigadier" (*starshij brigadir*). For the training of these brigadiers special schools were established.

The chief-brigadiers also enjoy a considerable preference. Comrade Jagoda, himself, demanded in an order that they be given extraordinary treatment. During the construction of the S. W. C. these chief-brigadiers received in addition to better clothing, from 30 to 60 roubles (15 to 30 dollars pre-war basis) monthly remuneration. ⁽²²⁾

An exceptionally great influence on the fate of the prisoners is possessed by the "Desjatniki" (a derivation from "djessatj"—ten, meaning a supervisor over ten prisoners. B. W.). These "desjatniki" are trusted with the distribution of "*uroks*" (pronounced "oock" and meaning a certain amount of work, or task. B. W.) and valuation of the work done.

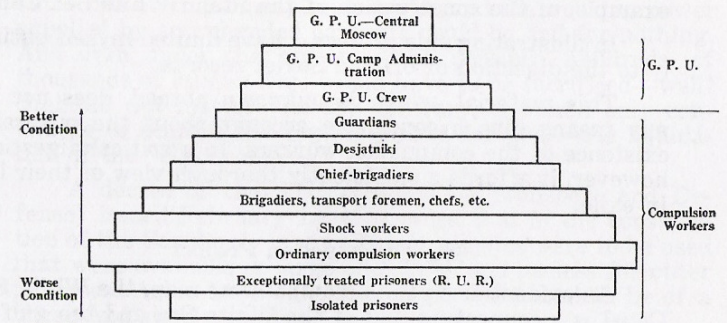

As a special inducement for greater efficiency of the

(22) S. W. C. Moscow 1934. Page 265.

workers, the brigadiers and desjatniki receive extra premiums. ⁽²³⁾

The division of the administration and compulsion workers (except the engineering personnel) is evident in the following scheme:

The Construction of the Stalin White Sea Canal

THE existing conditions in the concentration camps of the Soviet Union will now be illustrated by means of an example, of the construction of the Stalin White Sea Canal.

In illustrating this project, I have limited myself entirely to the digestion of official Soviet records.

This material, which is unknown abroad, does not by any means give a conclusive account about the miserable existence of the compulsion workers. In a critical digestion, however, it affords a sufficiently thorough view of their life in exile.

The Construction Project

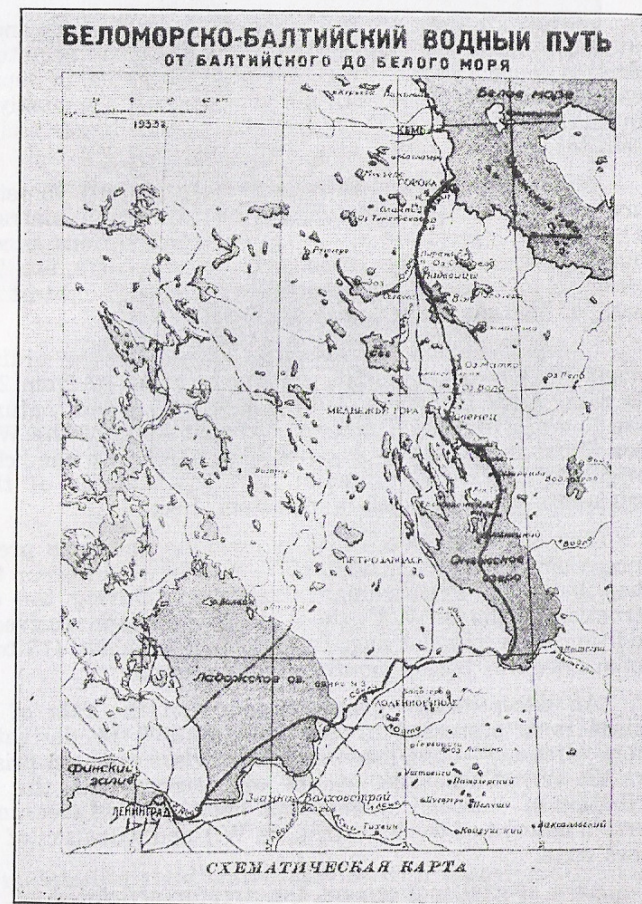

As evident from the accompanying map, the White Sea Canal is a connecting link of the White Sea and the gulf of Finland. A considerable length of the canal is constituted by natural waterways including such rivers as the Neva, Ladoga, Swyr, Onega, Wyg, etc.

The main task was the construction of the stretch between the White Sea and the Onega Sea which lies between the 62nd and 65th latitudes. The climate in this region is exceptionally severe, the winters are long and cold. The nights are bright and a heavy snow blanket covers the land during the long winters.

Geologically speaking it is marine; a multitude of smaller and bigger lakes are scattered through the territory and giant rocks and boulders practically cover the entire surface. The subjacent layer is composed of extremely hard substance. Numerous rapids and natural dikes hinder traffic on the lakes.

Big settlements are non-existent and immense distances lie between the few barren villages.

Through this inhospitable region, the Soviet govern-

ment decided to run the canal. On February 18, 1931 a conclusive plan for the future waterway was drafted.

On account of these natural conditions the execution of the project met with many difficulties. The entire length of the Canal was approximately 227 kilometers; 19 locks, 15 dikes, 12 drainages had to be constructed and large areas of ground had to be shifted.

A decree of the "Sovnarkom" (Council of Peoples Commissioners, B. W.) of August 2, 1933 argued that the construction of the Canal had been done under "extraordinarily difficult geological and hydrological conditions."⁽²⁴⁾

It would only be natural to suppose that the Soviet government would extend every available technical aid at their

(24) "S. W. C."—Moscow 1934 Page 401.

disposal to carry out such a tremendous project. But the Bolshevik rulers had a different plan. All technical and financial means were preserved and employed for publicity purposes to build up big ideas regarding Russia in the mind of the outside world.

Never a foreign tourist would be curious enough to enter this eternal inhospitable north, and the working power supplied by apprehended peasants could be had for nothing. And even under the aspects that possibly hundreds of thousands of human lives would have to be sacrificed—well! that did not matter—on the contrary, it would only contribute to achieve the eagerly looked for goal—the liquidation of the "class enemies".

A decree of the STO (Council of Transport and Defense) issued February 18, 1931 ruled that in the construction of the Canal only materials and supplies were to be used that were available in large quantities and useless for other purposes. Aside from this, the construction had to be of a cheap and simple quality.⁽²⁵⁾

In spite of these restrictions, the setting of a "record" that would amaze the world, was demanded: *the Canal had to be completed in 20 months!*

Evidently the three following factors contributed largely to the difficulties that were encountered in its construction:

1. The unfavorable natural conditions.
2. Insufficiency of material and supplies.
3. An extraordinarily short term.

The concurrence of these factors alone would have been amply sufficient to reflect, in a most damaging way, on the life of the prisoners but we will learn that the Tshekists did not refrain from employing many other methods to convey these unfortunates into the world beyond.

The Administration

The execution of this enterprise was turned over to the G. P. U. and assigned to the position of chief administrator,

(25) STO decree, Page 82.

the then assistant chairman (at present chief) of the G. P. U. the Jew, Comrade Jagoda. ⁽²⁶⁾

The G. P. U. administration of the enterprise was composed of 37 members. The most important including Jagoda were:

Matwej Davidsohn Berman, chief of camp administration of the G. P. U.

Lazarus Josephsohn Kagan, (Cohn) chief of constructions.

Simon Grigoretvitch Firin, chief of S. W. C. Camp.
Jacob Davidsohn Rappoport, assistant to Kagan and Berman.

Naftalij Aronsohn Frenkel, chief of work (superintendent).

Grigorij Davidsohn Afanasjew, chief engineer.
Samuel Kwazenskiij, political instructor.

Abraham Isaaksohn Rottenberg, chief of penal-isolators and leader of the atheistic section.

Ginsburg, camp physician.

Brodsky, commander of the guards.

Berensohn, Dorfman, Kagner, Augert—directors of the finance department of the G. P. U. (They were everyone Jews. B. W.)

The chief of the Central Camp Administration Comrade, Matwej Davidsohn Berman, is one of the best known Tschekists. He was distinguished with the "Order of the red flag" by the Soviet government as early as 1927. ⁽²⁷⁾

Abraham Isaaksohn Rottenberg, is known to criminal departments the world over as a dangerous criminal, murderer, and thief.

Most of the mentioned Tschekists were distinguished by the government for the "successful transfer of exiles into the world beyond". ⁽²⁸⁾

This personnel impersonates the tragic position of the

exiles who worked on this project, as their fate rested exclusively in the hands of these bestial G. P. U. agents.

The Living Conditions

From all parts of the immense Soviet Union people were apprehended and transferred to the area of the future waterway. A connecting link in the transportation of the prisoners was the railway branch Swanka-Medweshjagora, Soroka (see chart).

After their arrival, the prisoners had to march over partly impassable roads to their destination. Here they had to dig pits, erect tents or build barracks, where they were forced to live in absolute seclusion from the world.

Around the big campfires, tents were lifted and then

huts, as the tents were filled. Transport after transport comes in. ⁽²⁹⁾

It was terribly cold there; and colder for those who hailed from the sunny South—they leave the transport shivering, tie rags over their mouths and tighten the blankets around their bodies—and freeze. ⁽³⁰⁾

Then there are those who have to sleep with the stars shining in their faces—the tents are crowded and the barracks not yet finished. No provisions are made to cook or prepare the distribution of rations; the food has to be consumed in its raw state. ⁽³¹⁾

But it is cold in the barracks too. Around the heaters, on planks that rest on boxes, lie people in their clothing and overcoats. The crevices between the logs are plugged up with newspapers. ⁽³²⁾

The severe frost causes the wallboards to crack and burst with a crackle. ⁽³³⁾

The suffering under this terrible cold is so great that the prisoners have but one dream; to sleep in the tunnels of the concrete dams where by chemical processes a slight warmth is made possible.

The food rations are so scant that the physically stronger prisoners often rob their weaker co-sufferers. The distribution of food is always accompanied by quarrels, swearings and attempts to grab some of the precious morsels from a fellow-prisoner. (Thus, the Jews reduce their Gentile slaves to the level of animals. B. W.)

The kitchen unit No. 2 is stationed in a summer barrack. Through the crevices a bitterly cold wind sweeps over the kitchen and thick smoke fills the air during the preparation of meals. The bread also is stored in a summer barrack and always hard frozen.

(29) S. W. C. Page 92.

(30) S. W. C. Page 95.

(31) S. W. C. Page 102.

(32) S. W. C. Page 122.

(33) S. W. C. Page 132.

Although thermos flasks are at hand they are never used and the food reaches the men in a cold state. The constant drying of clothing and felt boots above the heaters in the camps, causes the air to become poisoned. ⁽³⁴⁾

The mortality in the camps is enormous on account of diseases. The prisoners are so lousy that regular slaughter houses had to be equipped where day by day in the bitter cold, sit imprisoned nuns from the various former Russian convents and with the aid of tiny metallic sticks, destroy the lice and nits in the prisoners clothing. These White Sea lice are the object of many a legend. ⁽³⁵⁾

The Work

Now the prisoners are divided into brigades of 25 to 30 men. Ten brigades comprise a phalanx, that is 250 to 300 men. Each phalanx is given a section where every brigade has to perform a peculiar task: digging, blasting, deforestation, etc.

Then each worker is given an "urok" for the day and is required to complete it in the time allowed. In the quarry, for instance, this "urok" is a large block of stone which he has to sever, crush, then load on the wheelbarrow and transfer away quite a distance.

For an under nourished poorly clad man who has to walk a long distance to and from work, it is a performance that lies very close to the border of the impossible. And then the equipment: a pick, a wheelbarrow and planks to form the driveways for the barrow—that's all. A prisoner reports:

"Everyone has to crush and convey rock. We, as novices, had to do half an 'urok'. But even with the best of effort we could not master it. My heart trembled. A flood of abuse and swearing followed." ⁽³⁶⁾

But these established "standards" were not always adhered to—like everything they were subject to change.

(34) S. W. C. Page 242.

(36) S. W. C. Page 96.

— 48 —

The construction of the White Sea Canal. Picks, wheelbarrows and planks—these represent the entire “technical” equipment of the compulsion workers. This picture shows that the understratum is solely composed of rock. The complete lack of machines and technical supplies alone would make the life of prisoners literally a hell.

— 49 —

Often the Central G. P. U. in Moscow would order a “rush” and as a result the standards were raised accordingly.

This usually culminated in the “consumption” of thousands of extra lives. In these cases, the requirements of the compulsion workers were raised from 150 to 200 per cent above their regular performance. ⁽³⁷⁾

And it was not easy to manage a normal “*wrok*” . . . “The frozen ground would not yield. The ‘*urok*’ was so big that many thought they could never handle it. Midnight sun—blue snow, it snows and snows . . . mountains of snow have to be shovelled off the pit. Many men have landed in the isolator—having collapsed of exposure.” ⁽³⁸⁾

Another prisoner recalls his first day at work: “I saw mountains of snow, dirt, frozen blasting fragments and a hullabaloo of boards and planks. We were handed the tools and started to work. I admit freely it was hopeless. Just to see all this endless snow covered land would make us down hearted and it seemed an impossibility to progress whatever. The wheelbarrows tip over and people tumble head-over into the snow.” ⁽³⁹⁾

The typical picture of the work in progress is summarized in the following: “A dirty snow covered cavity is filled with men and boulders. The people move around stumbling and falling. Two or three of the prisoners stoop down to lift a big stone—but it will not move—they leave it and try a smaller one. On the wet, loosely assembled planks the wheelbarrow slips and tips over. Swearing . . . and again begins the filling of the cart.” ⁽⁴⁰⁾

But the most inhuman task is the work in the icy water . . . “For eighteen hours the prisoners stood emerged to the abdomen in the water and dragged boulders. We have been driven into the cold water even at nights. It was almost impossible to withstand the heavy current.” ⁽⁴¹⁾

(37) S. W. C. Pages 281, 285.

(39) S. W. C. Page 97.

(40) S. W. C. Page 112.

(41) S. W. C. Page 179.

Often the blastings had to be done in the water too "The water is ice cold . . . the prisoners freeze and shiver. The shockworkers, Kramers and Petroff, are in the water down to their knees, the thermometer registers 20 below zero." (42)

Another dreadful problem is the quicksand gushing out of the deep "The quicksand suddenly broke out in two places with a force that reminded one of fermenting yeast. Hour after hour they stood there scooping the pappy mass without raising their heads . . . and yet not an inch was gained. The prisoners were exhausted and stood there looking down into the pit with staring eyes much like an insane horde. Sweat fell in heavy drops from their faces into the sand . . . tears of despair and fury". (43)

In the spring uncounted victims were claimed by the rapid streams "The canal was filling up with water that rose higher and higher as a warm wind blew over the land. The prisoners dropped the tools and ran panic-stricken. They slide down the embankments into the dirt . . . the cold water rushes on and on . . .". (44)

Almost through the entire period of the construction, work was carried on at nights "The whole area was brightly illuminated with searchlights. Here and there a red campfire. The prisoners warm their hands now and then and hurriedly rush back to their dreaded work." (45)

On account of many sleepless nights, one great dream-vision lingers persistently in the minds of the prisoners: the vision of a long and refreshing sleep. "When this canal is completed" a prisoner remarks in his tired monotonous voice, "I want to sleep—two days and two nights without interruption". (46)

The lack of any technical equipment whatsoever and the absolute disregard of human life, resulted in innumer-

able accidents and as many died during the construction of the Canal as had perished during the world war. (47)

The slightest negligence or failure on the part of the prisoners bring severe punishment. A common practice is to confine these neglecters to the "penal isolator"—a jail where specially harsh treatment is administered. They are literally set on starvation rations and tortured in every possible way.

The chief of the "isolator" was the Jew, Abraham Isaksohn Rottenberg, well known by many police departments of the world and a much wanted criminal in countries where he practiced his crimes prior to the time that he became a Soviet official. This position on the Canal gave him ample opportunity to practice from experiences gained through a long criminal record. (48)

Those neglecters, however, could not be kept constantly in the isolator as the loss of physical power among the workers would have been too great. To avoid this, special groups were formed, the so-called "detachments under intensified regime" (Rotty Ussilenowo Reshima, R. U. R.) who, although still on starvation ration were given extremely hard work and kept under rigid surveillance.

These groups were comprised largely of those prisoners who through despair and sufferings finally refused to get up from their "planks" and join their brigade—the so-called "otkastshiki" (refusers B. W.). (49)

The People

The inhabitants of the compulsion camps of the White Sea Canal consisted of members representing practically every trade and nationality of the Soviet Union.

There were clergymen, speculators, businessmen, thieves, murderers, laborers and greatest of all peasants and peasants! Naturally, the worst sufferings were those experienced by members of the old leading society and the in-

— 52 —

With great difficulty these rocks are shifted with nothing but bare hands. Such inhuman tasks and horrible living conditions cause the people to die in great masses.

— 53 —

telligentsia who were not accustomed to hard physical labor and, therefore, succumbed in masses.

Class distinctions do not amount to a great deal up in the eternal North. There they are all alike and only considered a substitute for animal power by the alien usurpers—no, not even that, because animals will get the best of care and preservation but these people *must* be exterminated.

The people from southern Russia find themselves in a desperate position. Accustomed to the scorching sun of their southern steppes and deserts, they fall prey to the terrible cold “These national minorities at first move around stunned and scared. All that is going on has no meaning and sense to them—it is all so strange and hard to understand: these people who give orders—the Canal that they have to build—the food that is given them—Oh everything! They encounter great difficulty in walking in high felt socks and awkward shoes and hesitatingly step forward”.⁽⁵⁰⁾

Patiently these Asiatics carry their lot. They glorify their Almighty God until death comes to end distress and sufferings. “Nassyrew is a Tadshik, 42 years of age. He sits with closed eyes and rhythmically moves his body to and fro. A narrow bread runs down from his freshly scarred lips, his forehead is small and narrow Now he stands erect and reverently bows—once—twice—thrice . . . his ostentatious call to God among dust, cigarette butts, and swearing.”⁽⁵¹⁾

Unbelievably hard is also the lot of the peasants, the “Kulak”. Broken away from soil, home and kin he has to do senseless and inhuman work.

“Another transport of German settlers arrives . . . the Kulaks were led to work but they stubbornly refused to comply. The axes and saws were dropped and there they stood in the snow as trees were falling, saws squeaking and people hurrying around. Motionless the Kulaks stood until the darkness crept slowly over the snow and yellow campfires arose . . . and then their prayers and psalms echoed

(50) S. W. C. Page 257.

(51) S. W. C. Page 93.

through the darkness that mercifully enveloped everything around them" (52)

Tragic is the experience of a certain peasant. ". . . he passed an unploughed field and sad recollections began to fill his mind. A herd of cattle appeared and among them a huge grey steer. It strode up to him and mooing, tenderly licked his hands . . . the peasant in his mourning mood pressed his face against the steer's forehead and began to cry. . . ." (53)

The fact that the peasants are housed together with criminal elements aggravates the conditions to an unbearable extent. "In some barracks murder and manslaughter has been committed. Criminals gamble and play hazardously and often lose their food rations for a whole month in advance and in order to pay their debts rob their weaker fellows. Failing to pay has cost many a man his life." (54)

Women in the Labor Camps

However hard and hopeless the lot of these prisoners may be, the fate of the women-prisoners is an incomparable misery.

Weak and frail as they are, they have to perform a similar amount of work as that of their male co-prisoners. How these women suffer through humiliation of their feminine dignity cannot be described in words.

"The first days after their arrival these women master their 'urok' only with the greatest of efforts. One of them passes a wheelbarrow and with a ghastly expression of anger and hatred spits in its direction. The guard seems rather puzzled and can only shout: 'but my dear . . . my dear!' " (55)

A woman prisoner reports: "I am so weak and thin that one could count the ribs even with my sheepskin on. None of the women in our brigade were strong. I started to push the wheelbarrow, but the embankments were steep and the

muscles were failing me under the heavy strain. I felt like throwing myself onto the ground and cry—cry. . ." (56)

February 18, 1933 a decree was released by the G. P. U. which gives adequate information about the position of the women in the camps:

Order No. 54 (in abbreviated form) of the chief administration of the G. P. U. in charge of the White Sea Canal training camp. G. P. U. station Medweshja-gora (bear mountain, B. W.) February 18, 1933:

1. In some camps the female quarters are badly supervised—they are inadequately furnished and very unsanitary conditions exist.

2. Most of the female working units have no kitchen—the food rations are given out in a dry and unprepared state, effecting under nourishment.

(56) S. W. C. Page 272.

— 56 —

3. The medicinal and hygienical services are inadequate. The women do not always get the service of a physician when treatment is necessary

4. Members of the camp administration and also male prisoners do not show due consideration toward the women. They are harshly and cynically treated and often their feminine dignity is violated.

5. As a consequence of the inadequate cultural instructions and insufficient consideration of the necessities of life—we find: thievery, alcoholism, card-playing and prostitution. ⁽⁵⁷⁾

What these very carefully formulated official Soviet statements are concealing, even a most vivid imagination would not be able to describe.

“Storm” at the “Wodoras’del” ⁽⁵⁸⁾

As previously stated the Soviet government purposely abstained from supplying the necessary technical equipment for the construction of the White Sea Canal.

Nevertheless, it fixed a minimum of time to complete the job that, on account of the natural conditions and inadequate equipment, could only be regarded as fantastic and impossible.

This short time allotted, as well as the ceaseless speeding up of the workers, has been described by some writers about Soviet Russia as senseless and a mere dalliance of the government.

But in reality it was not a senseless play. The leaders of the Soviet Union were fully aware of the significance of their plans and the terrors of this Canal served perfectly the desired purpose, *the extermination of all nationally and racially valuable elements of old Russia.*

The G. P. U. had determined that the Canal was to be completed by May 1, 1933. But in the early days of 1933 it was already an established fact

that the fixed term could not be adhered to. The bare hands of the prisoners who through diseases and under nourishment were but wrecks, had proven too weak in their stern battle against the rocks. Nevertheless, the G. P. U. was steadfast in its decision—the term would not be changed. And again mountains of dead prisoners covered the Canal

In the spring of 1933 Comrade Jagoda released the following order:

“Medweshja-gora.

“The development of the construction work of the canal in spite of the measures taken for betterment of the camps and construction, demand that further steps be taken to guarantee the completion of the canal on May 1, 1933. A change of this term will not be considered. The canal must be ready by May 1.

The exiles work among a hullabaloo of planks. The tremendous quantity of ground and rocks has to be conveyed by simple wheelbarrows. Often they work for 48 hours without interruption until they collapse.

"I order:

"1. The entire Tscheka as well as the administrative and engineering corps are declared under martial law. The camp detachments are to be replaced by a martial staff under the direction of particularly strong-fisted Tshekists. As auxiliary attachments for these staffs, engineers will be designated who will regulate the work so as to attain the necessary speed

"2. Wherever possible three shifts have to be established. The installation of additional lighting and supplying of materials has to be carried out correspondingly.

"3. Persons delivering false reports about the progress of work or otherwise engaging in any form of sabotage will be prosecuted regardless of rank and position."⁽⁵⁹⁾

A particularly difficult position had developed at the lakes "Wadlosero" and "Matkosero". Between these two lakes in due course, a connection had to be made if the construction work was to be at all completed by May 1, 1933. This link was the so-called "Wodoras'del".

The central G. P. U. administration therefore, issued the following order:

"To all chiefs of the various detachments, the technical personnel and the canal troops!

"Hereby a construction *storm* is declared.

"At the Wodoras'del the battle has to assume warning character. The *storm* commences January 7th and is conducted by the staff!"⁽⁶⁰⁾

Thirty thousand compulsion workers from the various camps were transferred to the Wodoras'del. Here they had to be accommodated in excavations as barracks and tents would not be supplied (in cold January!).⁽⁶¹⁾

A slogan was selected and adopted:

"We must turn the cold January into a glorious hot

(60) S. W. C. Page 269.

(61) S. W. C. Page 272.

June!" Against all "backstanders" a merciless fight was declared. ⁽⁶²⁾

The *storm* begins January 7th . . . "now the people, rocks and boulders know no rest." ⁽⁶³⁾

"The prisoners stand in the icy waters—they are half frozen. They work at nights, which doesn't mean that they sleep in the daytime". ⁽⁶⁴⁾

The prisoners work feverishly. They produce 150 to 160 per cent above the fixed standards. . . "They root the ground for 48 hours without recess or sleep. Drowsy and sleepy they stagger into the barracks their heads whirling . . . They still feel the handles of the wheelbarrow in their hands". ⁽⁶⁵⁾

"Someone collapses and sleeps for five minutes. Then cold water is administered—he rubs the swollen eyelids and—works on". ⁽⁶⁶⁾

With devilish madness the Tshekists drive the prisoners on and on—more and more people collapse, exhausted and indifferent. They fear neither the whip nor the bullet. And then their tormentors resort to new methods—the nerves of these exhausted and apathetic victims have to be brushed up.

The second day of the *storm* is over. It is midnight. The prisoners rave and shiver from hard work and cold. Then at the work section appears the "agit-brigade" (agitation brigade. B. W.).

In the glaring beams of the searchlights these agit-brigadiers sing their provoking songs. Through megaphones short and ripping sentences spring into the darkness and the orchestra plays inciting marches . . .

And the prisoners rush on and on . . .

Quicker! Quicker! demands the orchestra! Quicker! sings the agit-brigade . . .

Canal Volga-Moskwa. Behind the walls of this fortress the Jewish administration of the G. P. U. is accommodated.

For 16 hours continuously they sing with hoarse voices. Nobody listens and nobody cares to understand the songs. ⁽⁶⁷⁾ But the work goes on . . .

The Wodoras'del hasn't eaten nor slept for 48 hours. Horses collapse, ⁽⁶⁸⁾ but the prisoners are going on . . .

The Jewish hangmen of the G. P. U. demand more victims. Reserves have to be brought in. And the impatient, infuriated voice of Moscow rings out:

"In accord with order No. 1 to the chief administration of the White Sea Canal, the entire construction of the canal is declared under martial law. 'Storm' is to be observed until completion of the canal!"

(67) S. W. C. Page 284.

(68) S. W. C. Page 284.

The weather now is miserable—rain, snow, frost and sleet.

The feet stick to the drenched ground, the boots are weighing heavy and the clothing dripping wet, freezing stiff with ice crusts. All women from the laundries, kitchens and offices are put to work—everybody is forced out. (69)

Already 200 to 210 per cent over the daily standards is attained. (70)

And still the *storm* goes on. MOUNTAINS OF DEAD MEN AND WOMEN COVER THE ENTIRE SECTION.

The construction of the White Sea Canal and particularly the *storm* at the Wodoras'del in the spring of 1933 will in all eternity present one of the most gruesome episodes in human history. A bloody testimonial of Jewish annihilation—will and cruelty. (71)

The construction of the White Sea Canal is only a single episode of the compulsion camps. This Canal is now completed. But up to the present time there exists many camps, in remote places of the Soviet Union, which are nothing but places of torment and undescrivable misery, filling a period of transition into a peaceful and redeeming world beyond for millions of human beings.

New canals are being planned and constructed—new areas are being deforested and even at the completed White Sea Canal, thousands of exiles are still working. (72)

The best known enterprise of this kind probably is the Volga-Moskwa-Canal. Work on this project was commenced in 1932. Its completion is expected in 1937 (end of the Second Five Year Plan.)

After the completion of the White Sea Canal the administration of this Volga project was transferred into the

(69) S. W. C. Page 284.

(70) S. W. C. Page 285.

(71) I shall point out again that in describing the construction of the S. W. C. exclusively Soviet material was used and the description, therefore, is but a faint reflection of the actual conditions in the camps and the life of the compulsion workers.

hands of the same "strong-fisted" Tshekists of the Jewish race who had proven their ability at the White Sea Canal: Kagan, Firin, Afanasjew and others. (73)

This enterprise is under special protectorate of Lazarus Mosessohn Kaganowitch, right-hand Jewish father-in-law of dictator Joseph Stalin.

With the construction of this canal another opportunity is offering itself to transfer "undesirables" into the next world, as enormous quantities of ground will have to be shifted. (74)

It is often argued that the Soviet Union is in a process of evolution and that the compulsion camps will vanish by and by. This belief is unjustified and wrong.

(73) "Pravda" August 2, 1935.

(74) "Isvestija" Sept. 9, 1935.

— 64 —

Contrary to this, everywhere in the far-flung Soviet Union new camps are springing up. The "Union for the construction of highways", for instance, was dissolved October 23, 1935. (75)

And on October 28, 1935 the Tsheka-G. P. U. was entrusted with the administration of the entire project of highways. (76)

Millions of people have already vanished in the first Marxist state of the world. And millions will have to sacrifice their lives under the Jewish domination as long as this devilish system is allowed to exist.

Ultimate Slothz'in guidez to weight loss.

-High Priest Mageson 666

Causez like Slothz have it all figured out and stuff already.

I was thinking about this as of late. I have done everything from all plant diet, to Paleo to vegetarianism. Which covers all the main diet spectrum. I have also done exercise routines that would drop a lot of people to light stuff and seen a lot of trends come and go and I got wise over the years.

I have seen people get fat on Paleo, veganism, vegetarianism and every type of diet. Look at how fat people are promoting their paleo books right now and fat vegans promoting veganism as healthy. It really does come down to calories in calories out on the base line. If you eating more, then your burning, too much of the time. That going to get stored as reserve, as fat that's how the body is designed not for six pack abs but survival. A good example is the low fat, high carb vegan crowd is the biggest industry online at this moment with the most views and most MSM promotion. However this diet was causing many people to gain weight up to 100 pounds overweight. A lot of people got fat on this diet. Because they were told to eat twice the amount of a daily calorie intake for themselves or they were under eating and when they naturally got fat and then this was called metabolic damage. But this does not exist as doctors that these Vegans subscribe to as McDougal [who is not vegan] and the author of the Vegan bible, The China Study, stated themselves. That

metabolic damage does not exist. Because it does not. However over eating and putting on weight does exist.

Paleo people get fat because they are eating high fat foods which contain a massive amount of calories in them. The reason people lost weight on Vegan or Paleo diets is because in many cases they are eating lower amounts of food daily and lower calories as these foods are filling and fat seems to be slow burning. The starch vegetables for the vegan style diets that work for weight loss is the same and they are low calorie. You can eat four pounds of potato's in a day and not hit near maxing out daily calorie intake. Same with a small amount of just animal food it can act like a diet pill. That's it. People get fat when they go past they daily intake on such diets. This is why a body builder can literally eat at Wendy's or MacDonald's every day and not get fat they are burning up the calories in these three to four thousand calorie meals.

The average person is fat because they are eating high calorie food and drinking high calorie drinks all day and don't exercise much.

So within calories in calories out you obvious want to look at quality and quantity of the types of food groups you're eating. I agree with McDougal as the evidence shows this in his recommendation that 70% of a person's diet should be plant food. Carbs are not all bad and they are not going to make you fat and sick. Otherwise the healthiest people on earth the Okinawans would not be such as they eat a lot of their diet in carb based plant foods, potato's and white rice and live to be one hundred on average in great health. However all plant food diet does not work long as Vegans are depended on vitamin supplements or they will literally die on an all plant diet. Just the lack of B12 results in stroke and heart failure. That is just one vitamin missing in this diet. The average person has enough B12 reserves for two to three years before they are in the red. The reason it's so vital to life your body keeps massive stores in case of shortage. Vegan diets are fatal on their own, without artificial vitamin's. And with that long term vegans develop health problems.

Paleo people I have seen this after a few years they start to look bad and sallow almost jaundiced like in some cases. It's just bad to over eat on meat all the time and have little to no serious plant food in your diet. Most people don't do either paleo or veganism for more than a year, three pushing it. There have been paleo promotes that have gotten cancer and had strokes and heart disease and become overweight from this diet in all reality.

With exercise Hatha Yoga is the best, its purpose is to spiritualize the human being, low impact exercise on a normal basis is great it's sustainable and low to no injury, if you have a sport you enjoy that is good as well. I think the mainstream fitness community should be avoided as it's a fad driven, consumer culture which is about promoting fake claims in many cases and giving bad advice and taking your money. They will say anything for a buck. There is also a lot of unhealthy attitudes promoted. The current craze right now is selling false self-esteem to egotistical people. Not just having them over exercise and in general exercise wrong. But put some Macho Man sounding title on it like Navy Seal, Spartan, Commando, Boot Camp, Ninja Master and such to try and grant it authority. Pseudo militarism seems to be the trend at this moment. It's just a gimmick were grown men pay thousands of dollars to do hours of boring calisthenics and general cardio while being woofed at in incoherent bark tones by other men and in some cases being sprayed with a garden hose. Normally people would not pay money or care to do this. But call it Spartan Ninja Academy and they line up. It's obvious as to why. Marketers have known this for a while and keep using this trick. You get the point this highlights the culture of the mainstream fitness world and why it should be avoided in my opinion.

Macho, Macho, Man....

This is basically all it is. Do you want to put on the soldier dress or how about the Police Officer suit, why not rough it and be the cowboy for a weekend or do it dangerous and be the biker, it's like spiritual and stuff go with the Indian. How about real life stuff the construction worker.

Slothz Tales: Conspiracy Town

-High Priest Mageson 666

It was a milds late dayz, on the Slothz beat, hotz on the trailz of the elusive Bro-hoof-footz. The cringe, beta, basements dwellings, clopz creature. With Billy Idolz new hits song "All out of Buddha" played on the radios. I satz on the roof of the Slothz moblez, with the peeps scopes itz what Slothz use to peeps at thingz far aways and stuff. over lookings this shoppings center., When in the parking lotz of this big humans place I spotted the Turban Bronyz.....

As I watched with the peeps scopes, he was sittingz in his cab, when he picked ups a copy of "Feminist Frequency" And outz of its drew this pictures outz.....Itz was Annita Sarquezians, the Feminist queenz of the Bronyz.....

He placed this on his cab dashboards next to the copies of Euphoria and started doingz some strange esoterics Bronys ritualz. With ringing a bells and from readingz the lips mutterings through the peeps scope he was chanting "Everything is homophobic, everything is racist, everything is sexist....Oy Brony, Maha Bro-nay, Pinke Pie Po-nay." Thenz he puts all that away and leftz the cab and walkz to the porto potties, next to the steep forty footz hills. I rolled offs the roofs of the Slothz mobiles into the drivers seat....And started up the engines and me and the Slothz brahs, Amonzbrah, Roadzbrah and Fancy Slothz rolled into actions!

We rolled ups to the proto potty and my brahs got out and quiet tied a rope around the potties..... Whenz out of the potties I heard the Turban Bronyz yell in a thick Paki accents "Hellooo...can you please turn down that Billy Idol music off, its triggering me!.....Wait a second" The Turban Brony said with a sound of shock...."Billy Idol music...oh! miracles of unmiracles,," The Turbans Brony started to try and gets out as hes panicy tried to opens the door, finding itz tiedz shuts....Amonzbrah's yelled at him...."Yourz abouts to get triggerz into orbits, Clop dross!" As I stared to backs up the Slothz moblies the Tubran Brony was pounding on the inside of the potty doorz screaming in a hysterical thick Paki accent...,"You mean unman, don't you dare trigger me or I will transform into my Brony, Otherkin self.....A Klingon Pink Pony Princess! Then you will be very, very sorry! Let me out now or else!" Amonbrahzy yelled at

hims "I don't likes the friendzone tones of yourz voice! Clop Fairy!" Then turnings ups the Billy Idolz I puts all threes of my Slothz toes on the petal and sped the Slothz Mobiles into the Porto Potty sending itz flyings thirty feets into the airz. As the Turban Bronyz shrieked something in Kligonz as it flew throughs the airz and hittings the side of the hillz and rollz downz with a loud soundz and landed perfectly upsidz downs in the swamps below where it stayed upright, upside downs.

After thiz, I decided to checks outz what all the humans were goings to the big human center for.....I sawz the bigs sign that read "CONSIPRICY CON" so I wentz inside.....As I was Slothz'in threwws, I noted a large booth that said "Conspiracy Cuck" at the stands was a short, fatz, baldings man who was trying to sellz peoples....Boners fuelz and Tanga Orange drinks, tee shirtz with sloganz that readz "I cuck for the Joo Buck!" and "1786 is the answer to 1984 and a million dollars to my Jewish wife's alimony" As I walked by he starteds screaming strangez stuffs like "Hey did you know that clockwork elves from the realm of my bullshit imagination run the New World Order.....Hey wait stop! How about ummmm.....secret Nazi's.....Hey were you going! Okay, okay anyone, anyone! Just not the Jews, the New World Order is anything or anyone but the Jews! Hey wait come back, I need to pay alimony to my Jewish wife and Jewish kids.....Oh man! My boss is not going to like this.....Hey!" As I looks over I noticeds behind himz was a big curtain that said "Boss" on itz. With thiz guy peeking out from behinds them rubbing his hands togetherz.....

As I keeps goings I came to this guyz standing in a boothz.....

All thatz was on the tablez was his ID photo with "Its Flat!" Wrote nexts to it in red crayon and besides this an empty Styrofoam cup thatz smelled, like Rye Wiskeys..... He justz looks at me and stated "Its Flat!" Whatz flat? I asked? He answered "My head! Its Flat!" I toldz himz "Itz looks rounds in your photoz." Thens he lookeds at mees and stated "That photo was taken by a NASA agent its been doctored to make it look round! Its a conspiracy to convince people that my head is round when its flat! FLAT! FLATTTTT!" He yells as he jumpz up and downz. "see" he said " I can put my arm out and turn in a full circle and point to everyone on the earth....That's proof my head is Flat, FLAT, FLAT!" I saidz to himz "Whyz they wantz thats trick?" Thenz hes toldz mees "To convince everyone that Jesus is not real! If they know my head is flat, then the Bible will be validated and there matrix of reality will end! Its flat, FLAT, FLAT!" Thenz he lookeds at mees and saidz "There is only one way to escape the reality matrix...." Thenz he helds outz his hand which had a small red tube of glue in itz and saidz "Slotho you must huff the red pill to escape the reality matrix....Only then will you purify your mind to receive Jesus!" Afterz saying thiz he took the capz off the redz glue tubez and with a loud snorting sounds huffed the whole thingz in one wicked whiffiz.....Thenz his headz wentz up backz wardz as he stares at the cellings with his eyez rollz up in his head and I caughtz this strangez stanks of Jack Danielz, Tang and urine smellz.....As he whizzed hes pantz he just mutterz...."I have been baptised in my underwear in Jesus's truth forever!"

I was moving alongz after thatz when I came across another boothz this was runz by "Conspiracy Clown".....

He lookz at me nerverously and saidz....."Hey how would like to buy my five minute DVD on how its anyone but Bronies running the New World order! Its only five hundred dollars!" I lookz at him and saidz "Howz this soos?" Then he replied "Well you see its the Illuminati who also run the banks and media!" Then I saidz "Youz knowz whats the secretz names of the Illuminatie godz is.....MAHA BRONE NAY....whichz is codez for I AMZ A BRO-NAY." Nervously wiping away the high calories sodaz sweatz on his chubby browz he saidz...." Oh.....my! I mean its totally the Communists, yes totally the Communists!" Thenz I saidz "Youz knowz what Leo Trokskies the bigz commie leader whoz workz for the bankz Bronyz real namez was.....Itz was Lev Bronstien which is really.....Lev....Bronys-stien."

"Notez Brony-stien....."

As I showz him these picz....

"Notez the picz he drewz of his Bronyz other kinz self....." As I showz him this....

Sweatizing harder and fatter, he thenz saidz "Oh man you know its those Satanists there like ummmm, everywhere running everything man! Totally broo.....um.....dude....Have you heard of the infamous ONA they like run the whole world yeah thats it....ummmm."

Thenz I saidz..."The ONA is a fakez Satanists org, itz real meaningz is Br-ONA.....BRONAY. Andz itz leaderz is names Aton Clop-longz, the selfz titled: Pinkz Pope. His missionz is to initatiez peoplez into the esotericz Brony mysteries of the Firstz Brony.....Jesus and the magics of Friendship magicz and clop masteryz.... Herez is Aton Clop-longz.....The Pinkz Pope"

Startingz to getz triggerz he thenz blurted outz "Oh man its totally those North Koreans....yeah man totally!"

"Youz meanz these North Koreanz"...I saidz. Az I showed thiz picz...

Hes thenz started just sutteringz and stuffz.....Then I askz himz..."How longz have you needz feminism?" To whichz he was likes "Oh man my whole life its.....ummm, errmmmm.....never?" He saidz as he tookz a nervous drinkz from his massives bottles of sodaz.....

Thenz from unders its Fodera looking Panam hatz I pulled outz this magazine.....And saidz...."Then explains thiz...Bronyz!" As I heldz it up to himz....

Smart Cities Agenda 21 Here Now

by HP Mageson666 » Tue Feb 12, 2019

The smart cities plan promoted in the Agenda 21 globalist doctrine are already here. They have been set up in China and been transported around the world. and are nothing more then surveillance grids right out of Orwell. The Huawei company which is the arm of the globalist Jewish elites out of their Mordor of China has installed with building these smart cities around the worlds over ten thousand surveillance camera's in one city alone. In Ecuador, Huawei installed a national emergency the ECU 911 system. Which includes FACIAL recognition technology. Now Huawei also runs building up energy grid systems such as in Argentina which means any nation that sets this up. Their entire energy grid is going to be plugged into Huawei which means they can control your nation and pull the plug with sabotage anytime they wish.

The Jewess Merkel who runs Germany is now talking about bringing in Huawei to build "Smart Cities" Prison cities in Germany as well. No surprise as to why. Merkel was in Stasi family of Jews the KGB of Jewish run East Germany. The Jews are using China to colonize much of the world with debt enslavement and taking their infrastructure over. The Huawei company is trying to create and own the new global 5G internet system which will be connected into everything all systems. This will all be run out of Communist Beijing along with a kill switch built into everything. If having a global Asian Jewish Communist style and run global internet is not bad enough they hit that kill switch and entire nations are going to collapse over night. The power grids, information systems and everything that runs on energy or connected to the net the whole grid is going down. Think of that in context of China is building the world's largest military and training for war with NATO and is pushing towards a war footing with America. And the leaders of the Chinese Military who are Communist Party members have give lectures to the leadership of Communist China of their plans for war with America which will end with invasion and mass slaughter of the population. What will America do with the grids all military systems run on are taken down.

The Jewish globalist leaders have built China like the USSR into a Mordor which the plan is to wage economic and physical warfare out of to bring the world under a global Communist regime. Stalin build up the USSR the same way China is being built up and his orders from his Elders of Zion masters was to wage war on Europe and Asian to create a Euro-Asian Communist empire. America would have been next. Ben Gurion the first Prime Minster of Israel who was high up in the Rothschild world of the Global Jewish elites stated in his own works the future would be a global Communist axis of nation's taking orders from Israel out of a Talmudic court of Rabbi's with the rebuild third temple.

Smashing The Klipoth

Each Hebrew letter has a klipoth or a physical aspect of its vibration how it effects physical reality from the psychic or astral the subtle reality just like the wind shapes the waves. The physical klipoth of the letter is the animation of the light within it the vibration. By reversing each letter one simply pulls the plug on each letter and leaves it an empty husk with nothing to animate it. What this means the Jews entire Kingdom they have created every aspect of it in the physical world will implode as an empty husk as the life force that animated it is gone on the astral.

That is why the Jews put Malkuth the physical realm by the name "The Royal Kingdom" its the physical structure of their numerous workings of the Hebrew letters that resonate in Kether the astral, manifested into the physical world and the actual physical shape it takes. All Kabbalistic workings are based on bringing Kether into Malkuth to materialize the structure of the energy into physical form and being. The Black Box the Jews wear shows this the cube is physical reality and the symbol of Malkuth which contains Kether the astral within it. Which is what the Bereshit teachings of Judaism are based on "The Cube Of Space" and is shown to relate to the 22 Hebrew letters within the cube and how they form the cube physical reality from space the astral or Kether. The Shema is placed here which connects to the 22 Hebrew letters and how they create and connect workings into reality. To shape and transform the world. All of the Jewish rituals are based on this occult witchcraft.

The Bereshit teachings on the cube show the Kether or astral properties of each Hebrew letter and how to weave them together into formulas to build the physical cube the cube is the symbol the physical structure of society as well and how its a thoughtform that fits manifests into social structures. Its their world government The Royal Kingdom. And how its built on the 22 Hebrew letters. The cube is also the symbol of the Torah in Judaism and how its a form of witchcraft to transform physical reality by reading the Hebrew which generates the energy.

Remember the Rabbi's state in their own writings that Satan will defeat them by reversing the Torah which is the 22 Hebrew letters. They warn about keeping this safe guarded at all costs to the point only the top leadership of the Rabbi's where allowed the knowledge of the letters the Bereshit section of Juadisim. They understand this is their achilles heel.

Smoke Weed Every Day Goyim

Not surprising the long term tests on the effects of weed use show that it makes you weedtarded. The studies showed that it shrinks the area of the brain that is used for memory and some were to the point they couldn't even draw a stick man on paper they were so bongoloid. It was shown that prolonged weed use in the age of development of adolescence caused brain damage. Big surprise weed makes you dumb and uncreative. So just who is always pushing this dangerous crap on the public.

The reason the Jewish run deep state created the drug culture was from what author John Potash stated on the subject is the CIA stated they wanted to make people "easy to influence" which means drug people out and they are more easy to influence with propaganda. Potash also showed in his book the deep state used the music industry to promote this to the youth. We also know a lot of that propaganda was from the Jewish Bible that the deep state was using to psyop the American public with in subliminal propaganda:

<https://www.youtube.com/watch?v=Rnkg-yCPryE>

Let us not forget the Jewish President Eisenhower who admitted his own Jewishness in his West Point year book. Put "In God We Trust" on the American money. The mainstream Jewish owned media is always pushing weed to the Goyim youth as something to engage in and attempting to connect it into the stages of psychological development of that age. The need at this age to assert ones own identity and independence by rebellion is the major gimmick the Jews use to sell weed to the youth. They do this because they know if people start using weed in their youth its the window needed to cause the most damaging effects on their mind. The Jewish Talmud orders the Jews to destroy the Goyim by any means necessary.

Forget your kids in the car? Forget your workout bag at the gym? Forget your cash back at the self checkout?

Go into a room and forget why you went in there in the first place.

No one has a spare mind or spare body. Now that marijuana has been legalized in some areas, the Jew is really pushing it.

Marijuana puts one in a state where one is open to suggestions, like in hypnosis.

Marijuana use also leads to burnout. I remember teens who had the habit, sleeping in the restrooms at school. Then, that pasty faced look.

Marijuana isn't harmless. Some idiots claim it is in nature. So are amanita mushrooms such as death cap and many other poisonous substances.

So Are People Awakening? Then What?

by [HoodedCobra666](#) » Wed Jan 03, 2018 4:55 pm

As always, we will keep our pressure upon the enemy. Over time many people have raised concerns in regards to how things are going to go from now on, since people are awakening. Awakening is the first stage of it all. When this stage reaches a climax, only then will begin physical and material actions on the behalf of humanity. Most of humanity, especially those living in the 'free world', are highly emasculated, highly afraid, and also tied through many ways which prevent them of action.

One example is the so called "Nationalist Christians". These people have been whining for years on why Rabbayenu Yeshu has been losing ground in an imaginary "Christian Europe" and why nobody anymore believes in this thing. Which is the normal consensus of living in a civilization that is advancing, lies so bizarre cannot hold forever. Most of their concern is just trying to play the Jewish meme of the bible to uplift themselves in leadership over a cattle who is blind and Christian. Since some Jew told them this is their so called 'Culture' and 'Religion', i.e, to literally worship a Rabbi from the Levant, they want to restore this thing back to 'normal'.

These people are not only undereducated, but also dangerously stupid and ignorant. But they could care less to open a book to see the massacre of their ancestors by people brainwashed as themselves- they rather want to assume 'leadership' and try to fight over something, while kissing Jew ass. While the Jew has farted in their face enough, they believe that they will be granted power to lead their fellow Goyim, into absolutely nowhere. This is the story of Christian European Politics in one sentence.

Even Merkel the Communist Jewess is part of the "Christian Democrat" meme. Christian as in fill the Germany with half of Turkey and half of the Levant, and Democrat as in let these people take all of Germany down by elections, while brainwashing the mob that this is somehow a very good thing to get raped for Yuletide and contacting AIDS. Make no mistake here, some Turks born in Germany are feeling more for Germany than many brainwashed "Christian Democrat" "Germans". This is how lowly a civilization can sink by literal application of Christian values.

These people have few things to fear, such as for example, their twitter going down. This is so far their 'revolution' goes. Since it literally leads nowhere and nobody is really afraid of them, there are no serious consequences for them doing their 'revolt'.

I do not believe in any political solutions. And nobody should either. Elections and the rest of the garbage are arguably, very easy to be faked. So what matters is not what all these Rabbi Worshipers are going to be doing. But at this point what matters is a prolonging of the Jewish weakness. To explain the above, it means that we are winning time from the enemy not being able to superimpose their agenda. In the future, as humanity gets uplifted by Aquarian energies (something the Jews try to prevent by forcing Islam and Judeo-Christianity plus all the other perils), the Jews will be all the more exposed to the world.

Naturally, after a point, they will either be isolated, driven away, or worse, or permanently removed from any sort of leadership. One can imagine that people are getting furious about Jewish

wrongdoings and reporting of such. The solution to the enemy problem is not some 'political' solution at this point. Nor will any politician or any other such form of authority rise without a fertile ground on the below. So long people are worshipping Rabbi Yeshua, whining about the Talmud Bible losing influence, and try to prevent the future, so they will push people in the opposite side of the Jews.

Let's be honest now, who wants to live the life these people preach, a life of hunger, without goals, celibacy, and moral death and decay (Since Paganism is true morality and not their filthy biblical shit) - who wants to live that? Nobody. This is why these people have zero support. The meme of Rabbi Yeshua is dying, and this was their source of power for quite the time, upon which they based their so called 'Nationalism', a 'Nationalism' built under the mandate of a Jewish doctrine.

However the Jewish doctrine is dying and this will only escalate. As for cases like Poland, which many people so much try to glorify, on the back end, this has one good aspect and one evil aspect. The good aspect is that people like the Poles will be racially diluted less for a small while. The evil aspect is that the lending of power from the rabbinical hoax of Christianity, always comes with severe backlashes for any civilization.

Those in power in Poland are just using this meme of Nationalist Christianity because they are weak and worthless leaders who cannot push their society and civilization back to it's true roots. Which would be the only ultimate saviour for the people living in this country, for example. This is the same logic as having a mortal disease and going to the Jewish doctor to give you pain suppressors, after which you take, you try to play powerful and gangsta. But when the Jew decides your pain suppressors will never be making it to you, you will collapse like a ton of bricks. In short, they are not interested in curing their nation, they are interested in maintaining power upon a powerful race and further plague it with spiritual leprosy, because amongst the lepers, they will be leaders appointed by Rabbi Yeshu. But this spiritual leprosy always comes after a while with a vengeance upon a civilization.

As a final note, many people are using the meme of Christianity VS Islam to justify that the rising of Christianity is some good thing, or somehow necessary to protect 'Europe'. Europe has been massacred by Christianity, and the little mental diseases Christianity causes to the populace nefariously infected by this plague. I suppose leprosy may have some people thinking it's good because it's something coming from (((God))) and one needs to have it to uhm, discipline themselves in Rabbi Christ. And that leprosy is let's say better than cancer. But having to choose between the two, aka, Christianity and Islam, one is surely going to die.

So how do we escape from all of the above endless chaos and lack of reasoning? By destroying the Jewtrix. There is nothing else that can do on this world, what the RTRs can do on this world. The RTRs will destroy the energetic fabric upon which the enemy has based their hoaxes. The mind itself, and the influences affecting it, are also energy. In other words, to cause the changes in all levels, these spells have to go. And surely, we have to say that the Jews are failing in all their memes many times over. This is positive and shows everything is moving in the proper direction.

As a last note, the Jewtrix would have already went down, weren't it for the people feeding it. Essentially, the same people we are trying to save from this plague, also unknowingly feed this

plague. It's not their fault in many cases as they have been duped into it. So this is why this is taking time: because humans need to change and remove this plague into a healing process. One must heal before one can fight. Many people are only in the process of healing now, so to ask them to take the front-lines is a bizarre demand at this point.

However soon, it won't be that much of a strange demand at all...For this reason, we are fighting.

This is also escalating in a lightning fast pace...For this reason we must not falter and never quit, as victories are coming day by day. What the enemy has created in thousands of years, we destroy in less than two decades. Rejoice in that fact and laugh yourself till you roll on the floor.

HAIL VICTORY!

HAIL SATAN!!!!

I do believe in a political solution. Gentiles are going to have to take power back over their own societies or the Jews are going to keep oppressing us with the power they stole from us.

The way to do such is with political movements that take power at the ballot box in the streets and the halls of government and media. The attempts to manipulate the electronic ballot boxes in America during the last election by the DNC by hacking were shut down. The Austrian's were forced to a new election due to proven voter fraud and the last French election the regime committed open voter fraud.

The fact these are exposed and has also been stopped in some cases is the snowball effect to stopping this. Now with the collapse of the two party oligarchy run by Jews the road is open. The disassociation has set in among the population and they get it. They are not going to tolerate this much more if any and want real change.

Trump was the writing on the wall, people want real change.

Maybe I was not entirely clear in what I meant. Surely, good things that help us out can happen in politics or through politics. But solving some issues will not happen by any particular political force at this point. There are other factors which are technical involved.

As for a full political solution as people envision it, I do not, at the time being. The tide is certainly rising, but it will take a while until it touches every aspect needed for change. Changing politicians is not the important thing it's social reform...At least in my opinion. And the politicians are not necessarily good social reformers. Like Hitler who was also a teacher using politics as a medium.

I do not disregard political efforts done by good people and such, which is certainly the case in always growing examples in number, nor the positively changing political environment that is beneficial to us. This however doesn't cut the deal to move forward in a serious manner, yet. Due to technical reasons. Kosher Nationalism doesn't cut the deal, nor I care if there is someone 'better' out there while on the bottom people race-mix themselves to death.

Which is going to be the case regardless. Political change may happen but there are demographics problems here which need general tweaking, that I doubt any 'politician' would be willing to taken on themselves, unless of course they are a Kike like Merkel that goes forward to completely extinct their own country. So what "Nationalists" won there, and all of them support Israel, for example. There is no opposition and/or resistance to Israel on any actual grounds politically.

If stationary governments that give us time are considered a 'solution' then we are already 'solving' this problem. If people disregard technical reasons, that can explain why one believes in a 'political' solution.

My extent of a 'solution' is definitely not applicable by politics. Having someone better than absolute trash up there, to gradually make positive changes towards an end goal, yes. Political change doesn't imply any other sort of 'change' either.

Europe is different than America, in some respects in better position, but in others, in way worse. One example is the mass immigration here. What do you think people are going to pack up and go back to X country willingly? Of course not.

Or will the Jews leave Switzerland, for example, or France? The enemy holds this system tight. As for sudden uprising such as in Hitler's case this is up to the Gods to decide, not me. And obviously such is not a classical politics case.

The populace learning and awakening form a full political solution has a distance. So what. Knowing does not imply acting on knowledge. So for the time being, I do not believe in any 'traditional' political solution.

If Rabbi Christ is booted out of Nationalist Politics, then more than likely, political solution COULD happen. But for the close-by time being, I believe nothing. Simple as that. There is no point. Even if anything happened, this would be only cause of the RTRs, and not cause of some internal valour these people possess.

[Something to be Aware of Regarding Medical](#)

Postby [High Priestess Maxine Dietrich](#) » Tue Aug 21, 2018 8:25 pm

As most of you already know, Jews dominate the medical profession. The percentage of Jewish physicians, and related is way out of proportion in contrast to Gentiles.

A physician, given their knowledge and such can easily commit murder. I've seen this myself when I saw what they did to my grandfather who was conscious, aware and lucid when admitted to the ER for mild chest pains. Within 2 days, he was dead.

Jewish Dr shot him full of drugs, then when he was unconscious, asked the family to sign papers so "all life support could be withdrawn." Which they did. The combination of the drugs obviously and knowingly reacted to cause his death when abruptly stopped.

Another incident, White couple was expecting a baby. Jewish doctor advised an abortion, claiming the baby was "retarded." The couple went ahead and had their baby anyway. A little girl who was 100% normal.

I got to reading this morning how a woman was told the heartbeat of her 10 week old fetus could no longer be detected. The Dr stated the baby was dead and prescribed a drug to abort it. I don't know whether the baby was really dead or not, but what if it wasn't?

I heard where a percentage of Jewish Drs have s quota, kill 1 in 10 of Gentile patients. The Third Reich was aware of this sort of thing. Laws were enforced that Jews could no longer treat Gentile patients, they could only treat their own.

If you or a loved one ever is diagnosed with anything serious like the above, always get a second or even third opinion. Unbeknownst to the original Dr.

The medical profession is drastically and fast deteriorating.

If you have an illness, learn everything you can about it from as many sources that you can. If ever prescribed any medications, learn everything you can about them before taking them. Read all of the fine print. Do research on the internet, and from any sources you can.

My point in writing this is what if her baby (she wanted her baby and was grieving) was really alive?

People were coming to inspect the hospital or something I believe, and my mom didn't know yet that her aunt or whatnot was deceased right around this time. She told me about another relative who ended up with alzheimer's after waking up from anesthesia.

It IS important to take your health into your own hands as much as humanly possible. Honestly though, I never considered that jews, or anyone in the medical field might try to kill gentiles.. that's disturbing.

I already have thought of psychiatry in this sort of way though..

There are many ways to 'legally' kill people, and being a doctor is one of these ways. A doctor can kill someone legally and get away with it. Having another jew lawyer, and they can jew their way out of the consequences of said crime. They can also cause irreversible damage for example with wrong medication.

They poison all of mankind, a little murder here and there, is nothing to them.

After all, "Doctors do mistakes too, Goyim."

Speaking Of Crimes...

by HP. Hoodedcobra666 » Fri Oct 25, 2019

Many people do not seem to be quite aware or conscious about how many crimes the enemy has done against Pagan people. A lot of people on the world don't even know of the Inquisition or that other countries exist except their own, close mindedness is a big issue.

Most of these crimes, we will never know. They were recorded nowhere. Christians who were the only literates in the Middle Ages and who made every effort to write history to present them as good and great, only wrote some of these crimes here and there in order to scare their enemies. Other crimes did only leak, but the majority was never even mentioned in any book, historical or otherwise. The fact that these were not recorded, does not mean these haven't happened - and through this, the RTR and our Rituals will just bring them down completely.

For those who think they are Satanists but they are not actively fighting the plague of Christianity or the enemy, then you are not a Satanist, and your "Satanic Soul" is a lot under question of it's Satanism. We do not talk about compromising any safety here, as safety is essential in war - we are talking about doing what one can to replace the enemy and their odious programs, cleverly.

If hypothetically speaking one even felt anything about all this, they would do at least something to bring the odious systems of the enemy down, rather than do nothing on every single day.

One would do RTR's and take some form of action to obliterate this human hating plague, not sit down and complain about their dick and video games only all day. Indeed, one would consider it a matter of life and death whether or not these things emerge again, and would empower themselves seriously to be strong in order that these things are fought against and limited, and spiritually destroyed completely.

In regards to some fools who think that power is unimportant, and that things are fine, you are a domesticated idiot, foolish, or a blatant infiltrator. In more than half the planet, if one was a Satanist there, they would be killed. On the other hand, the only fine lines that keep a "Satanist" or a "Pagan" alive, are matters such as the rule of law and externalities, or the fact that Gentiles happen to be more peaceful than aggressive.

Fill these places with a few more Muslims, and soon, we will be in the Middle Ages again. This is another reason why the "Open Societies" espoused by Soros in particular love to bring all the people who believe you should be hanged in reverse and killed in our "Free Societies". Moving away from Abrahamism is a dead alert to the jews, and they want to make things come back again. This behavior is trying to bolster both Christianity and Islam at the same time through identity clashing between the enemies of jews. To keep the crime, misery, and stupidity going.

The reality of "Christianity" is that it was founded on rivers of blood. Specifically, Pagan Blood. The

Inquisition is only a little example of all this. The slaughter of all Pagans systematically and for many centuries is a fact, and Christians know this. Do not be deceived. The Pope and all these Jews on the top know this, enjoy this, and they know full well they are sitting on an order built on stolen gold and endless crimes. Everything stated about "Love" is only a joke to keep the brain-dead swindled. In regards to Islam, there is no point to even discuss it.

To see the blatant lies, think for example, how they complain and whine that "Pagans did sacrifice a goat once a year!". To eat it, that is.

Anyhow, below is a picture of Eid Had, and below this one, there are pictures of Kapparot [Ritual Murder] infested streets. Google them. Vegans of course are sissies and all they know to whine about some male eating pork, they cannot complain about "meat eaters" elsewhere, as a machete will cut their head off. So instead they are focused on the important aspects of all this such as normal humans eating bacon. They are changing the world so much...Oy vey.

When you know a lot, the enemy can't lie to you anymore that we are the "Evil people" and all the related garbage. For example, they practice Human Blood Drinking simulation every Sunday. They sacrifice millions of animals yearly. The list goes and goes endless. Then, they just heap all of this onto their enemies, which do not even do 0,00001% of what they are accused of. This is how they typically act.

Below is a street during the yearly celebration of Muslims, in which they ritualistically slaughter possibly hundreds of millions of cattle, as a sacrifice to "Allah".

It should be common sense by now, that whenever these Abrahamics talk and accuse, they are just making fake and strange accusations to their enemies, that they themselves practice for thousands of years. These include slaughter, murder, loss of innocent life, ceaseless lying, brutality, and generally a death infested cult that they are part of.

In regards to the loving aspect of the Abrahamic programs, I won't post faces of women who had their face melted by Islam, nor mention that all of Europe almost perished due to Judeo Christianity, which took cats as "agents of the devil" and slaughtered them, giving rise to the Bubonic Plague, which almost killed Europeans entirely. No need to mention the Inquisition, or World War 1 and World War 2 created by Jews either.

Below are some comments by Christians who believe stuff that chanting prayers over your shit is actually a very spiritual thing to do, and took their tradition from Rabbinical drivel, and a rebel fictitious mythological Rabbi, named Rabbi Jesus. The religion of love and stuff like that.

"For that all superstition of pagans and heathens should be annihilated is what God wants, God commands, God proclaims!" -St Augustine. As to who is this "God"? Just a Hebrew retard that wrote a book once upon a time, which jews like Augustine later took and promoted on the Goyim, and slayed them over said book.

If any images stand even now in the temples and shrines...., they shall be torn from their foundations...The temples situated in cities or towns shall be taken for public use. Altars shall be destroyed in all places." -Honorius

"Marcian decreed, in the year 451, that those who continued to perform the pagan rites would suffer the confiscation of their property and be condemned to death." How nice and loving, the religion of Love at work.

"In the year 426, Theodosius II made it illegal for Christian apostates to convert to the old religion, and against those who pretended to become Christian but continued to perform pagan sacrifices.[13] He found it necessary to reiterate his prohibition of pagan rites and sacrifices in 435, this time increasing the penalty to death.[22] This law also ordered that all pagan shrines, temples and sanctuaries that still existed were to be destroyed by the magistrates. Magistrates who failed to carry out this order were ordered to be punished with death. In 438 Theodosius legislated again, forbidding pagan sacrifice once more.[45]" [All quotes above from Wiki, and there is much more in books]

As we can understand, loose brain retards such as "Pagans" who believe of a symbioti social level relations with xians, are not only deluded, but they might as well be considered our enemies, not as in direct opponents, but as dangerous idiots, who are causing confusion. There never was and there never will be any peace between the two, and whomever believes in these things, is an utter fool, or a shill.

Christians in their essence, are about murdering Pagans, elevating jews, doing Hebrew curses to their own kin, exterminating them for no reason, and in particular having sold their soul for 2 shekels to the

enemy. All of this based only and justified only on ancient fiction books that were created by some retarded jews in the levant. They are ruled spirit and soul by the enemy, and their "culture" is just the common Hebraic filth. All they are about was based in the first place on a reaction to kill, enslave, replace, and destroy the Pagan people's, hijack their civilizations, and bring them to ruin. All the racial, cultural, and general ruin and degeneracy observed today is nothing but the eggs of Christianity manifested in civilization. It took what was consolidated for a thousand years, to fall a few decades, and Rome was split and did fall like a dead husk, after Christians took it over in political offices, and Jews controlled it through them.

As Marcus Eli Ravage stated, nobody blamed the jews for creating Christ or Christianity - the most obvious attack of domination towards the Gentile people and Pagans, and the most murderous. And he was appalled at Goyim stupidity for not mentioning this very fact, that is so obvious, and so evident, that he was laughing with himself how it skipped the Gentiles.

" But the upheaval which brought Christianity into Europe was — or at least may easily be shown to have been — planned and executed by Jews as an act of revenge against a great Gentile state. And when you talk about Jewish conspiracies I cannot for the world understand why you do not mention the destruction of Rome and the whole civilization of antiquity concentrated under her banners, at the hands of Jewish Christianity.

It is unbelievable, but you Christians do not seem to know where your religion came from, nor how, nor why. Your historians, with one great exception, do not tell you. The documents in the case, which are part of your Bible, you chant over but do not read. We have done our work propaganda too implicitly...

Yet here, if ever, was a great subversive movement, hatched in Palestine, spread by Jewish agitators, financed by Jewish money, taught in Jewish pamphlets and broadsides, at a time when Jewry and Rome were in a death-struggle, and ending in the collapse of the great Gentile empire. You do not even see it, though an intelligent child, unbefuddled by theological magic, could tell you what it is all about after a hasty reading of the simple record. And then you go on prattling of Jewish conspiracies and cite as instances the Great War and the Russian Revolution! Can you wonder that we Jews have always taken your anti-Semites rather lightly, as long as they did not resort to violence? " -Marcus Eli Ravage

Are you going to do your part in this to call yourself a Satanist so that times like this never return and our enemies finally pay spiritually all in triple double?

As much as Satanism is independent and tens of thousands years older than the enemy [they admit it also, the aliens and cohorts came only to replace and nullify our destiny] at this present point in time, what we have to do, is wage spiritual, intellectual, knowledge, and full on opposition and war to the enemy to bring them down. Those who do not understand this, are not Satanists all that much, or at least, Satanists of any major importance, just self inflated deluded idiots.

Of course, Satanism grows on someone, same as understanding does. And as one has understanding, there is no excuse to not do what one has to do.

Do not lose out, it's a wonderful opportunity to do things for the Gods and grow close to them now and for all time. Our Gods were always here and in our life, and they will be again.

Spiritual Dumbing Down

In addition to Christianity, Islam and related enemy programs creating extreme suffering for this world in their intent to destroy worthwhile life; these programs have succeeded in spiritually dumbing down humanity. The effects have been masses of spiritual cripples.

I learned Satanism on the job. I came to Satan as an atheist. I didn't even believe that souls existed, though I was an astrologer and into the occult. Satan has kept me and the JoS ministry very busy at accomplishing different goals for our side over the years. Several experiences I've had, I later read about in books, after the fact. These books are not in the mainstream exactly. A major experience was working with and empowering human souls who were deceased from this world. HP Hooded Cobra also worked with me and the project was a success.

Satan and Lilith instructed us as what to do.

My point here is where the majority of people are at in regards to having spiritual knowledge and abilities. Virtually nothing. The enemy has used enforced ignorance, stupidly, mass murder of our Pagan Priests/esses and others who had spiritual knowledge and abilities to screw humanity to the wall.

This has cut everyone off from spiritual reality and has set us up as victims. Sadly, this has gone on for centuries, and the dumbing down has taken on a life of its own.

The soul, the afterlife, so-called "karma," knowledge of past lives, knowledge of the consequences of actions and their possible outcomes, healing and so forth.

Christians are indoctrinated to an extreme to be spiritually helpless and dependent. This sets the foundation for a damned soul in many different ways.

This has also shut off the second sight in most people. Few can see the souls of others. As Thoth stated, there are differences in the soul according to race. Also, the Gods are tribal. Communist Christianity and the one size fits all, in reality does not apply.

Spiritual reality is definitely not what Christianity and its malignant related programs have forcibly indoctrinated the populace with. By enforcing spiritual ignorance and pushing their lies, the enemy has put the earth in grave danger. This is their spiritual warfare. Through Satan, we can learn, grow and empower ourselves to fight back and to take control of our own destinies.

It's actually frightening where the majority of people are at. Even here in the egroups.

Spiritual Genes

by HP Mageson666 » Tue Jun 18, 2019

The ancient Roman spiritual class the Gen's, were the term Gentiles comes from, stated they only married within their own class because they had undergone the rituals that had caused a transformation of their blood. And they only married within their own class to maintain the purity of the transformed genetics and maintain the spiritual governing of society as the aristocracy. This was the reason for the Pagan aristocracy the term means government of the Ari, the enlightened ones. Gen means Serpents.

The Egyptians stated their aristocracy the Djedi meaning Serpents, were in the image of the Golden Age humanity. They came from the blood lines of the Shemsu Hor, the spiritually ascended rulers that came out of the Golden Age. The line of the Raja's of ancient Vedic India came from the blood lines of the Rishi's, the ascended beings who came from the Golden Age. The ancient Hindu epic's frequently mention the Raja's having Siddhi's powers. The Druids were ruled by the Pendragons, the same. Pendragon means the "Head Dragon" the Druidic title of what the Pharaoh was to the Egyptians. The Druids were recorded to have Siddhi powers and the leaders of their society were called the Siddhie, which means they finished the Magnum Opus, Siddhie is Siddha, perfected one. Opus is from Opis, meaning serpent. Its also a name for the Gods.

This is why the Jews who ran the Christian church went after entire families for being "Witches" its from a term that relates to Vid meaning those with spiritual abilities. Its passed on genetically. The Jewish Torah orders the spiritual class of the Gentiles are to be all killed as a warfare tactic against the Goyim. The Jewish Sanhedrin are also taught a spiritual warfare system to use against Gentiles and they are ordered to sentence all Pagans to death by Jewish law. Which is within the Jewish laws of Noah, the Jews are now moving to impose on the world and rule the international courts of law from Israel to be run by Talmudic law by the Sanhedrin a council of 70 Rabbi's.

The Christian church is the Jewish cloak to conqueror the Gentiles by, the Jews were given their own personal Kingdom of Septimania within Europe by the (((Catholic Pope))) and his Christian vassals and the Jews pretend they were persecuted. While they were running Europe with the Catholic Church and control of the banking, owning the wealth of the Catholic Empire. All the while Pagans [Gentiles] were put to death in major Crusades by the Jewish Catholic Church all funded by Jewish bankers. While the Jews had their own Kingdom to themselves.

The ancients understood that spiritual practices change the genetics because the blood is actually made of light, and the core of genetics' is etherical light, the actual sound frequency of the gene code was mapped and turned into sound by a lab, it resonated at the sound of AUM. The sound of etherical light.

Tests on people who have spiritual practises from Chi Gong to Hindu serpent power Yoga, show their genetics' have evolved, the so called Junk DNA, has activated and caused major changes to their genetic code. The soul is the element of ether and the blue print of the soul is contained within the genes. The changes made on the soul are also changes made to the blue print of the soul within the genetic code, which make changes to the RNA and DNA the physical blue print are also astral and etherical blue prints. This reflects how the soul, astral and physical bodies are all interconnected and can be transformed into the Light Body. The Royal Blood is the light of the soul in the ancient world and how the actual light of the soul is manifested within the genes. Royal is from Raja which means Born of Light. The spiritual light from bringing about the transformed soul. Ra was a serpent God. Raja also means Born of the Serpent. There is a reason the DNA Helix relates to the serpent system of the Caduceus, the soul.

Satan in the east is called Soten Kurama, Soten which is also Satan, means Eternal, Ku means God and Rama the Serpent of Light, which is the light of the soul. Satan is called this because Satan is the creator of Gentile Humanity, our soul was created by Satan.

Soten Kurama rules Shambala which means SHAM, sound, BA, soul and La, light-blood, La is the term for the serpent power in the far east also Lu, where Lucifer comes from. This relates to the transformation of the blood by the power of spiritual light in the east.

The Sumerians stated that Satan, the God EA, created humanity and gave humans the blood of the Gods, EA they stated created the Gentile soul with a special structure for ascension. The Sumerians stated EA then taught humanity the knowledge of ascension so to achieve and activate the Light Body, the divine soul and ascend. The term Sumeru the name of the Sumerians, in the ancient world relates to Orion, where EA and the other ascended beings the Gods came from. The Sumerians called themselves the Ari as well. Where the term Aryan comes from.

The Sumerian records state that before the global devastation happened around ten thousand years ago when the enemy attacked the solar system, humans didn't physically die or grow old. There are lists of Kings ruling for thousands of years and not dying just handing the ruler ship over as they wanted to achieve other things. Its known by longevity science now, that humans are designed to live forever the DNA however has to be switched on to achieve such, there is a gene which releases the Telomerase to prevent physical aging and make the process perfected, this has been found to be done by spiritual practices. The reality is genes are spiritual genes. Hence humanity with advanced spiritual practices and development from such would not die. As the Sumerian texts stated was as such. The enemy Bible however has within it curses on Humanity where it states Humans are sentenced to aging and to physically die by Yahweh, the enemy. The Jews in their own occult texts don't ascend, they reincarnate and have basic practices based on their alien soul which are toxic to Gentiles, but they don't have the mention of anything like the Magnum Opus.

Spiritual Pollution

Most of us who are full adults know life is hard. There is unimaginable suffering in this world. Humanity tries to cope in many different ways, through religion, and many other programs that offer hope in alleviating, and explaining suffering. Live a certain way, behave a certain way, abstain from this and that and so forth... All of these different programs exist with claims that following them will put an end to suffering.

I've asked Lilith about life as we know it here on earth and how bad things are. She told me there is always suffering in the universe, but much less in better worlds. There are degrees of suffering and here on this earth, its pretty awful. This affects most people and animals, the environment, etc.

When I was growing up in the 1970s, there was surge in books on witchcraft and the powers of the mind being published. This was never before available like this in what we know of history.

My mother had cancer and after reading a couple of these books, she healed herself totally. I remember she would always tell me when I was a teen, to watch my thinking; to always think positively. She warned me that what one always dwells on and thinks about, one attracts into their life.

I learned as I got older, this also has to do with the strength of one's soul. The stronger one's mind (focus and intent) and soul, the more powerful in attracting what one dwells upon into one's life, whether one is aware of this or not. A strong soul is from previous lifetimes, regardless of what one may believe or adhere to in this lifetime.

Lilith has me studying Islam now. One of the biggest problems facing humanity is the lack of knowledge. Even worse, the most rotten programs that are of the enemy intentionally remove and restrict knowledge in order to brutalize humanity into a slave state. Slaves must be kept ignorant.

I was raised Catholic. Compulsory church, the confession box, Catholic school, etc. When I was 14, I attended a Halloween party at a school. There was a girl dressed up like a gypsy reading palms. She read mine. She gave me a bad reading. Of course at 14, this really upset me. This was a turning point in my life. After this reading (she was totally wrong), I began studying palmistry, astrology, the Tarot and more on my own.

To make a long story short, this knowledge exposed the lies of Christianity to me. Idiots were always pushing prayer, but I could see from an early age in knowing astrology, whether "god" would answer those prayers or not. I became an atheist. My mother also left Christianity as well.

Victims are warned and threatened to "have faith" "don't question" and so forth. This "all knowing" "all powerful" so-called "God" MUST have continuous slavish worship, recognition, promotion, and total devotion in order for it to survive. Now that doesn't sound very powerful to me. To need all that help from humans.

Though the average person by him/herself isn't powerful alone, the mass mind is. What a people together dwell on, they draw into their lives. The Middle East for one is an example. As I've stated before, even as hideous, odious and repulsive as Christianity is, there isn't anything more rotten than Islam. The Koran is full of the most profound rot imaginable. To say it's "sick" is a gross understatement.

Most people here in the West don't read it and the authentic is in Arabic. Now, when you have millions of people believing in, pushing, and putting their energies into this sick abominable filth every single day, this spiritual pollution and toxic filth affects the entire world and everything in it. The only thing that is in the way of being spiritual is spiritual toxic filth. There is nothing truly spiritual about it.

In addition to this, many Muslims like Christians do a lot of memorization. While Christians are in many cases forced to memorize scriptures, many Muslims memorize the total Koran.

This spiritual pollution becomes imbedded in the mind and soul. This in turn affects the entire world as there is strength in numbers. I remember reading, in regards to Christianity, one murdered, a devout Christian, who delighted in torturing and murdering "witches" read the Bible some 54 times, in its entirety.

Violence begets violence. The Middle East is a hot bed of it. Islam is violence. They attract violence as well as promote it. Islam doesn't have a structured priesthood like Christianity from what I've been learning, but there are prominent recognized leaders.

I read where one, who runs a mosque in the UK, has both hands missing and only one eye. Courtesy of a bomb. There are differing accounts of what actually happened, but most agree this Islamic leader when attempting to construct the murderous device, got some wires crossed the wrong way. The Koran is known for its advice on cutting off hands. What he dwelt on, he attracted.

Judaism, Christianity and Islam, three of the most abominable and completely rotten programs spew their spiritual filth into the minds and souls of unsuspecting humanity, along with creating toxic waves of this malignant life hating fear filled energy on the astral, that has engulfed this planet in death energy of the ugliest kind.

The earth is dying. For centuries and centuries, Christianity has viciously and brutally attacked and held back science (so has Islam, though they lie and deny it), yet the average fundamentalist Christian makes full use of technology and

modern conveniences to spew their foul lies all over this planet.

We have been held back dangerously. The enemy Greys who are behind these truly evil programs (in the Koran, it reads "We" many different times for that swine excrement Allah). The human hating Greys are way ahead in their technology. Our most advanced technology is like antiques in comparison. This is where we are at because of programs of toxic suicidal indoctrination murdering scientists, and viciously suppressing scientific thought and learning.

Spiritual pollution of the most toxic kind, spreads and permeates everything. The people of the Middle East for one, have suffered extreme violence, ugly wars, bombs, skulls blown open, grave injustices (like the Palestinians at the hands of the Jews), and this has its foundation in the Koran. They dwell on the Koran, the vile verses in it, that murderer and liar Allah, and this is where it gets them. The grave injustice and oppression of Sharia law, and they are forever having injustices perpetrated against them, as they bow down before injustice, violence, extreme hatred and negativity and worship it.

These programs permeate everything with their spiritual toxic filth. This entire world is so saturated with this spiritual pollution, that everyone suffers, even animal life.

Unless something is done to completely annihilate and destroy this spiritual vermin, no one has a chance.

In closing, I use the term "spiritual" to convey waves of toxic energy that is sent out on the astral through belief, slavish worship, dwelling on and promoting. In these programs, there is actually nothing spiritual. Just histories of fictitious assholes, advice on killing and warfare and related degenerate suicidal advice for humanity.

Spiritual Satanism, The Root of the Tree

Greetings to all our People and Satanic Comrades.

Paganism is something people have only recently conceptualized, and formalized into this thing they call "Paganism".

According to the Jews, this is Satanism, and essentially, if we take the reality of the Sumerian meaning of Satyan from which Satan was stolen off and placed in Hebrew, to reverse the meaning to negative, back to it's positive and ancient meaning, we get what is called "Truth-ism". As Satyam/Satyan/Satya means Truth in Sanskrit.

Spiritual Satanism is the spiritual, and actual striving of such objective of understanding the Truth.

The enemy admits openly that not only we are Satanic at the Soul [The non Jews] but also that Satanism [They call this Idololatriy, Paganism, Satanism, Demonolatriy etc, but they simply mean Satanism] and not their own jewish alien filth, is our NATURAL state. We are naturally inclined to be Satanists and Satan is in us since birth. The sacrament of baptism is to rebuke the spirit of Satan from the person and force the spirit of "Jehovah" or "Christ" into the child.

After we are beaten down to being "Goyim", we Gentiles become Christians, Muslims and so forth. This is an unnatural and alien state for us, causing internal conflict and depression, as this is merely the jewish will imposed on people that were otherwise meant to be free from this and Satanic. The jews are in a constant fear that we will revolt against them and destroy them for this, as subconsciously we know what happened to us, as Marcus Eli Ravage has stated too, cultural replacement by forcible violence.

Pagans essentially have their own levels. Some are merely interested in the fables, and living a virtuous life. It's a good striving to regenerate the old culture, but what Pagans do as a mistake is what keeps them limited, is that they basically confine Paganism into a jewish standard unconsciously. Paganism is merely a natural way of looking at the world which many like to follow as a 'religion'.

They, for example, sometimes transverse Christian morality into Paganism, which is wrong. The same goes when investigation into the primal Sumerian root of Satan is called into the table, which leaves many of these people 'afraid', and leaves the people with a spiritual sensor, at the very least, curious. Weaker elements of the so called 'Pagans' go into convulsion when they are exposed to Satan, and all their otherwise 'common sense' and 'inquiry' blows away.

Because unconsciously they are Christians still, that are afraid of this.

Even if this relates to Truth, spirituality, and many other great things in itself, they focus on jewish propaganda on the term.

They are dabbling with Satan...They are just scared to admit it themselves as they think this actually makes them fall into the jewish standard, but actually, this is exactly what EXCLUDES THEM from the jewish standard of modern Paganism which is all about ignorant and only looking at a recent history to lose the bigger picture.

This is actually funny, as essentially, they themselves are dabbling "Satanists" too, and any Muslim, Christian or Jew would admit it. Because they knew for centuries more about Paganism than the "Pagans" themselves. Since they eradicated the Pagan culture after studying all of it, they decided to call them "Satanists" for VERY specific reasons. This wasn't some sort of lucky pick.

Satan actual begins in Sumeria, in Ancient India, and in the places where the Aryan Race has their beginning. These syllables were always associated with their head God in their otherwise polytheistic pantheons, which changed names. The enemy who has had access for two thousand years to all of this material, knows this all too well.

The Pagans, who are left culture-less, didn't. But the Truth is now out, finally.

The jews didn't just pick up a random name to name their Arch-enemy of all they are and do. Every character in the bible is stolen from a concept or more ancient character, most of the time from Hinduism or any other specific Pre-Christian Civilization, and the ancient Arch-Enemy is no different.

Ironically even in jewish tradition, Satan is the sensible, Satan is the civilizer, Satan is the great, the brave, the one who stands for justice, and in general, the Lucifer who brings light and knowledge into the world. All people of quality in Europe or in all parts of the planet, always associated with Demons and flirted with Satan/Lucifer ideologically, be it from musical geniuses to the black magician Adolf Hitler whom the enemy admits was "The Anti-Christ" and the "Son of Satan".

Every representation of Satan is about perfection, manifestation of the world, the infinite light, power, wisdom, heroic epics, the rebellion against tyranny, the eternal striving for perfection and freedom, the fight of man against a corrupted 'god' who is the jewish version of omnipotence etc, and generally it is very obvious that this character is basically a form of something eternal concealed into an epithet that in Hebrew means Adversary. Satan means "THE ADVERSARY" in Hebrew, with an emphasis on the "THE". He is the head adversary of the Jews.

However, all the names of the Gods remain as EPITHETS, not simply 'names'. The names of the Gods in all the Pagan sub-cultures have always been epithets. For those who know by heart that they are real beings, which is what we know, one quickly understands

that the same entities and beings are cloaked into the same cloak in comparative mythology.

Satan fills in (and we have proved beyond any doubt) not only to be Shiva in Hinduism, Sata in Egypt, Wodanaz (Satanas) in Norse Paganism and so forth, but Satan also is a name that comes from the word meaning TRUTH (Satya) in Sanskrit.

We call Satan by an epithet, we invoke Truth, when we call this figure. This is why we are Spiritual Satanists. In a world of massive Jewish control and lying, it's normal for the Jews to have outlawed this being and wish the worst for it, and name the same being an "Adversary".

They also admit that this being has fathered all the Gentiles on Earth in separated racial families, which the Jews collectively call the "Goyim" and seek to destroy into a mixed cattle. Satan is also the lord of racists and all those who oppose the Jewish plans in every way.

The Jews can never be defeated by Pagans who merely pray to the Gods, and as far as we respect it, we must understand a fundamental Truth that in the Ancient Pagan times, the people who were at the top and running civilization (Not in the late Christian or Byzantine Era, this ended roughly with Marcus Aurelius Historically) were parts of the Mystery Schools.

The same goes for the Freemasons and all other Gentiles who advanced humanity, irrespective of if the Jews now have taken out all of them. In other words, what we coin as Spiritual Satanism is the inner core of the whole thing, the tree which has everything in it. In India this was called Sanatana Dharma, but this term fails us again largely as the "Scholars" of it are more "Jesus Krishna" ass kissers of the Jews, than they should be.

Sanatana-DHARMA hides however the name of Satana in an anagram again in it. And Dharma means way. The way of Satana...The True Way.

This is why we accept all Gentiles and we are Racialists and Tribalists. We also say it openly the Gods are tribal, and some people depending on their race will get attracted to certain Gods. Demon means God in the language of the term, and this comes from the Sanskrit Deva and the Ancient Greek Daemon, which later became the evil notion of the "Devil". "The Devil" is the second name of Satan, which means "THE" God, to show the leadership and the head of the Gods.

All Races must remain separated and advance in their own blueprint, but at the same time, we are one human larger tree, which many people pretend to brush off. This is a reality, and the existence of the Jew as an alien element that wants to exterminate ALL OF US, should REMIND US of this fact.

The Ancients even in the time of Alexander the Great knew of this very thing. Even if they maintained racial integrity or at least attempted to (except of the ignorant ones),

those at the top who were in the spiritual hierarchy, never waged spiritual wars, never assimilated, and maintained belief and tenets of the same Gods, traditions that communicated and that could be crossed.

The one core tradition we have named Spiritual Satanism, and this is to be shared by all people. Through the root being re-planted, all people can grow their own race, culture, and spiritual religion, and nothing is lost, so long the races are alive.

In other words, the source is what important for growth. Focusing on branches is something others may be more comfortable about, but without a spiritual root, there are no branches. Fixating on a branch doesn't lead to the root either, neither to an understanding of the source of the tree.

This is what disappoints Pagans and they come to us. Many people who have started as Pagans are actually here because they prayed to the Gods and they led them to our "Spiritual University" so to say.

Modern Pagans seem to disregard the fact that Paganism came through the "Satanic Heavy Metal" scene, that was all about Satan. Satan was speaking through the echoes of what was left behind of our mass culture. We regenerated it completely and now it's called Spiritual Satanism. Other branches like Paganism came out on their own later.

Therefore I see Pagans (those who really follow up with their tenets anyway) are part of our own tree, but a specific branch. The same goes for others.

Spiritual Satanism encompasses everything, and cultivates everything good for humanity at large, and humanity as a 'human race', but also of all the respective races within humanity. This has always been the case and the Ancients who have built these similar monuments, the ley lines, and the cultures that build on the same framework (That we call Spiritual Satanism) but were influenced by their respective genetic and racial expression, understood this well.

There has never been spiritual war onto this world on spiritual matters. There has also been a many thousand years long cycle which was recorded in all cultures, the time of "Paradise" or the Golden Age, where all people advanced towards the universe in their own race karma and understanding. This would be the rule of what we call as "Spiritual Satanism".

Only friendships, assimilation and alliances (without any necessity for racial hybridization), and further in-depth understanding of the spirit happened in the Golden Age; because Gentiles shared the same root. So the Tree naturally became bigger with all it's branches, and the garden was flourishing.

It was only with the arrival of the jews, and negative universal forces, that humanity sank, "Religious Warfare" was invented, and that there ever became a deadening of the spirit of humanity. 'Humanity' was a project in the making, and it was interrupted, remaining

unfortunately incomplete.

The Gods have left the spiritual knowledge behind to finish this objective and become "As the Gods" which was Satan's original 'promise', which Jehovah, a representation of the jews and the forces behind them, tried to halt and objected about. This can be fixed as we advance as a species in the future.

Spiritual Satanism must, and will solve this problem in all levels of existence. Spiritual Satanism is for all Gentiles, and we seek to purge negativity and ignorance to all the corners of the earth, so the whole of humanity can experience a Golden Age again.

Not in the sense of rainbow, new age filth, but a return to harmony, and equilibrium, which needless to say will require spiritual cutthroat violence to be achieved where this world has gone. Polluted parts of a tree poison and tree and bring it to death. We must be ready to cut these infected parts.

I hope and look forward for people to understand this objective and stop looking at Spiritual Satanists from the lenses our enemies have dictated from centuries. Stop seeing 'us' as a separate entity, and know that any true Spiritual Satanist has the best interests at heart from themselves, the world and humanity. This is the True Way towards the Eternal Dharma.

Spiritual Satanism And The People of The World

▣Tue Aug 01, 2017 9:34 pm

High Priest Hoodedcobra666

Greetings to all our People and Satanic Comrades.

Now all of us here know the Gods more or less, and those who don't will in time, and we know where we stand. We follow the Ancient Culture that this world has deserted and forgotten, inevitably falling enslaved under those who still kept their tenets, and who right now threaten to holocaust the planet. This is not a joke.

Satan cares for humanity, but note; HUMANITY. He makes his selective picks from what is largely called 'humanity' and brings them into the fold so they can meditate, advance, and in secret understand and adhere to the Ancient laws. At the same time he keeps us together, advances us as persons, and helps us so we can save what can and should be saved by avenging the enemy.

They also help the world but they don't care to 'keep it going', especially for people who are better off being dead as they are a natural biohazard to themselves and others. There are many people who are only toxic and parasitic and this is not the nature of the cosmos. The enemy is one example of where this evil crap can go.

Do not think that Satan cares about every joe walking out there, especially the people who are against him and whatever little power they possess, they serve the enemy with it and at the same time try to kill everything Satan has created. We do what we do for a better world and more balanced and enlightened world, and our objectives aren't only 'universality' in the stupid sense, but selfish. We are also altruistic, but the Satanist must be ready for COMPLETE SPIRITUAL RETALIATION when our tenets are attacked, our people are in danger, and towards any such threats. Satanism is about balance and sometimes destruction is needed for this.

In most nations of the world we would be gladly flailed, killed and tortured. So you need to remember this when you deal with zombies outside. Most are decent on their level, but other folks would kill you for a hundred dollars and bring your head to their jewish master. In other words, SECRECY AND SAFETY ARE PARAMOUNT. Develop your war-spiritual-skills NOW and do NOT DELAY!

RTR's teach you how to curse and teach you to take on to big opponents. These are not only life-saving, but necessary training. We need to be ready as a whole to manage these larger issues and the only way to do this is by working together as no individual can do this alone. Call it Satanic Family ethics, and we must learn these one way or another.

Those who meditate, you keep your Soul alive. This guarantees that this light body will

hold your existence and consciousness after your mortal body dies. This will further ensure you will reincarnate, and continue your evolution. We literally keep ourselves and our being ALIVE by what we do, and this is the law of survival of the fittest.

There are Ancient souls who have either become immortal physically (from all Gentile Races) and others who have attained this astral (This is the majority of these advanced people) and they keep existing to strive for the higher goal. The majority of humans just dies and dissipates.

The maximum amount of reincarnations of people who do nothing spiritual would only come down to 10 lifetimes for strong individuals. Something minimal has to be done. The only hope of those who do nothing is that OTHERS will sustain them. Does it look like this world does that though? They do NOT. This in the Ancient times was done by the priesthood and the initiates, but now, there is nothing organized into that scale and we only have jewish infiltrators in our tribes and countries, who do the EXACT REVERSE, which is DAMN the Souls. Frail individuals can last three or five, maybe can be held? Maybe not.

These are only rough estimates to remind you that this can't last forever for those who are lazy. Those who do not eat food, die. It's disgraceful to have food and not eat.

What I am trying to tell you, what you do is crucial. Lifetimes of consistent torture, violence, and wasting your existence, waste you on the other hand. A lifetime of meditation is a blessing unlike any other in the universe, and this is what Satan gives you. The worthy of existence must NOT PERISH! This is communism. Satanism is Elitism and the elite must survive, from all Gentile people and races.

When one applies the Ancient Wisdom of course, you develop a distance with other people. You start to see how hopelessly enslaved they are, and you start realizing how big this universe is, how important nature is, and how much power one can possess. This is a humbling experience. Spiritual Satanists are in the same spiritual school, and all Gentiles are welcome. The laws we uphold are the laws of Nature (we cannot transgress anyway) and on the other hand, we simply focus on doing what will make us stronger, more free and more advanced.

When one's spiritual eyes open, you will see readily how society is in more than one ways rotting. This is because people have lost the Ancient Teachings of Satan and the Gods. If we followed what the Ancients knew, we wouldn't be in that situation we are in now with all this ignorance. And we must not forget that this 'forgetting' didn't happen by coincidence, but by CO-ORDINATED ALIEN ATTACK.

Unfortunately life is not that easy peasy, and there are other lifeforms out there which seek the annihilation of Satan's creation. Many people are 'alive' but they are mentally and spiritually dead and annihilated, as thus, these forces have won the 'war' against them, but not you. With the advancing and wise Satanist they have lost the war. And now we are gathered to make them lose this all together.

Seeing the situation of the core races of humanity is errant. How can I put this? FUCK what they do. These people are fallen and retarded. The only real representation of the race is the BEST representation of a race. Not the worse. The baseline will unfortunately always be retarded so long jews rule this planet, as they are safer amongst retarded and bad people, so they can 'excel' racially.

Therefore racial betterment was banished from this world, because the aim is not to make Men into Gods anymore, but to make men into ever-lower cattle. If we focus on the average retard outside, we may as well quit. This is not what a lifeform which is one the path to empower itself does. You SEPARATE from these idiots, if you need to, control them, or live amongst them by keeping your elitism private.

This is not to say that you will become a sociopath, but you must never shoot yourself in the foot and assume you're equals to them. On the other hand, you must not have vain ideas about your 'superiority' and always seek to maintain this high standard, not only 'PREACH' about it. Nature kills preachers and loves doers and clever beings. And this is where you must learn to focus on YOURSELF, on your OWN advancement, on your own DEVELOPING GREATNESS and on your OWN power.

We naturally care about the world as we are on a higher level but do NOT allow these retards to poison you. Even if 100 people survive from a race, the races in a few generations repopulate, and the Gods know this, and therefore they aren't going to carry a world to save "everyone", which even after they were saved, they would ignorantly spit on their face.

Nature is unforgiving for this retardation (Stagnation), but also gives you the means to become better on the other hand (Meditation/Advancement). You decide, and this is a PRIVILEGE where and what you're going to do.

HAIL TO ALL OUR PEOPLE AND SATANIC COMRADES!

HAIL VICTORY!!!

[Spiritual Satanism Explained for "Dummies"](#)

by [HoodedCobra666](#) » Mon Feb 26, 2018 7:07 pm

The thing with Satan is pretty easy.

The Jews began in India, tailing the Aryan people who had a worldwide powerful empire in the Golden Age. Probably put there by Reptilians to infiltrate this great civilization.

They (Aryans) called their God Satyan or Satyam, which simply means Truth. People there practised very deep spiritual knowledge, raised temples, and build gigantic and Godlike civilizations. They did the mantra of SA-TA-NA-MA to maintain their spirit on a high level. As revealed by Yogi Bhanan and others this was practised for thousands of years and they had to re-reveal it in order to save humanity from spiritual disaster.

They are taught high spiritual truths like people came from Brahma, which is basically a concept of the Aether. They humanize it into a fictitious ancient rabbi named Abraham. The wife of Brahma, Saraswati, is also humanized into the Hebraic Jewess Sarah. Same method all the time, the Reptilians can't understand shit spiritually.

Some Jews who were obviously having problems. Expulsion after expulsion, they stole from the cultures that had them in. And pervert and reverse meanings to get back to the people who didn't allow themselves to become Jewish slaves. They go to Asia, they see the Throne of Zeus in Pergamon, they call this the throne of the "Antichrist". They go to Babylon, Astarte the "Queen of Heaven" in Babylonian later will find herself and her name meaning "Abomination".

They go to Ancient Greece, Apollo, God of the Sun suddenly becomes "Appolyon" which means the dead one. They go to Egypt, Ra becomes the word for Evil in Hebrew, originally meaning Sun and Noble in Egyptian.

After large accumulation, they chase the Aryans into the next empire, the Roman empire. Jews were keeping their records of all this time, this is what makes them Jews, it's their cultural identity. Forged as anti-identity of the countries they have ruined. Due to having their ass kicked by the Romans too, they formulate a new hoax by synthesis, named "Christianity".

They impose it on the White Goyim and enslave it for hundreds of years, but all the Whites resist and still internally are Pagan, only to gradually get reduced, until virtually diminished. By their own brain-dead, Christian 'kinsmen', who have fell for the new Jewish historical meme.

When this is done, they take everything they have stolen, name it "Evil" and change "Satan" and the names of the Gods into deplorable things, meaning hookers, unclean ones, darkness, death and deceit. All the opposite of what they always meant. The Jew forces this conception to this day and does all the memes to keep this going. As this subverted the spiritual power of their prey. Finally giving them a seasonal victory over their enemy.

The Jew lavishes in the stolen wealth and of course, moves forward to wipe out their prey in

numerous ways. Strictly enforcing their mental control. They keep the truth of all their objectives hidden, punishing and misguiding those who may seek their way back. This is done mentally, spiritually, and with the new found social pressure of their new gem, "Christianity". And culturally corrupt their enemies, fragmenting history, burning records, and generally wiping everything out.

The Gentiles are put to sleep for centuries and are told that what sustained them since forever, and all their conceptions, are in false and reverse. Because some Kike said so. Many blindly follow this. Some do not. What remains is the Jew is the first who has weaponized religion, what was once the global spiritual culture of mankind. From Peru to the depths of Ancient India. What they cannot get their hands into completely, they neuter it's aggression and content from the inside. See India.

The Gentile people try to escape with what they have. At first people just become 'anti-Christians' or still practice the 'heathen ways'. They don't know jack shit about how to be "Pagans" anyone, so anything they read about this they take at face value. All they find is the Jewish conception of what Paganism was, blood-cult and ignorant filth.

Still incomplete, the fighting goes on as people internally cannot accept the Christian program. It clashes with them. When situation matures, and after we are out of the coma, we start formulating the important aspects of what we have lost. Which is what Spiritual Satanism is.

Spiritual Satanism does two things. It acts as decriminalization of "Satanism" (removing Jewish filth from the brain of people who wanted an initial revolt, that was meant to make it fail, thanks Jews), and at the same time, restores the system of the Golden Age. So people can re-ascend and as a result bring back the Golden Age.

The Jew hates because they know they have lost. But it is too late. They simply do not want this to happen as this time the world will become furious and possibly deadly towards them.

This is Spiritual Satanism for dummies.

Spiritual Satanism: On Suicide

by HP. Hoodedcobra666 » Sat Apr 27, 2019

It is not an infrequent phenomenon that many people come to Satan to be saved from disastrous circumstances related to the beliefs, empty faith in, and imposed mental problems by the enemy. This relationship with these bad entities and people wallowing in ignorance and lack of any spiritual understanding, creates a situation where life can become really miserable, to the point one is also unable to escape from this misery, and it just keeps stacking up. This is not everyone of course, but many people are in this particular situation.

Everyone in this world goes, and will go hard times, despite of their level of power, great fortune, or spiritual power or any other form of power involved. To give one example here, everyone in this world thinks that money is the solution to all problems, and indeed, money solves a lot of problems, if not extremely many problems, but not all problems. There are endless amounts of other problems which especially have deeper roots and are not solvable by money.

To name one example one Gentile European billionaire, I believe from Norway, his children went into vacation at Sri Lanka, and they 'happened' to be in the blast radius that was created by the Jews through the "ISIS" terrorists. We all know that the Jews created this organization but that is besides the point. The man lost three of his four children in the blast. As it should be understood from such events, "money" is not the universal solution to all problems, and can also create further problems if mismanaged. He can't pay anyone to bring him his children back, and this is a tragedy.

This is an example of the brutality of life and how everything cannot be just 'solved' by merely a single tool such as money, wealth, fame, or other things. Definitely, every tool helps. However Gentiles are only told that everything is solely a financial problem, in which many cases it's not. Many people have solved this problem and they are plagued by an array of other problems, and some of which many of you here who are "poor blokes" may not even experience. These problems can be mental, emotional, faith based, loneliness, depression, and all sorts of other woes.

To put this very simply, we need our Gods in our life, and in a sense, they also enjoy our attention and our friendship. We are their students, and we grow through their teaching. In the same way one who goes into a school and simply fails or gets very low grades, but is in this school for a reason, so do people here have to understand that underperformance or negative circumstances, can be turned around.

However, I never sugar coat anything personally and you have to know, the more things are against you, and the more things out of control, the more effort you will have to put into them, and nothing will come for free. Of course many people may choose the lazy way out and to consider that there is no solution to their problems, but everyone knows this is a lie. While perfection may be utopian and more

of a 'light in the dark' to follow, life can become very good, especially if one puts their devotion into fixing themselves.

Another thing I wanted to bring to everyone's attention is that our "Life", when we are a Satanist, is a life with meaning. Very deep and profound meaning. Meaning that other people will never have, and also it's a life of prospects, where one can advance, evolve, and fix things that others may never have the chance to fix. The opportunities that lay in front of loyal and practising Satanists, both to relate themselves to our Great Gods, and to fix their own soul until they seize and master it, are extreme. To not get very sob, yes, the Gods love us, and also, the Gods invest on us their time, attention, energy, and help.

There are many people in this life who are beaten down and I understand people taking the way out with suicide, but most of the time, people haven't wronged anyone else but themselves. Most people who contemplate about suicide only do so about "Themselves" and lack of perceived expectations or experience into life. The perception is stuck in a very individualistic and egotistic mode.

If one expands past this thought, and they understand themselves as a living being that also belongs in a communion with the Gods, our people, our race, our mission in general, then one should understand that one is obligated to make the best use of life possible about themselves. And a chain cannot last if pieces choose to cut. However a chain becomes stronger when each piece of it helps the piece next to it with support, and this is why community is here. You don't even have to give a real name here, and you can explain to other brothers and sisters what is very wrong with your life, and they can help you...

...Provided you also want to help yourself.

When one becomes a Satanist, one is taken and lifted from the literal spiritual, mental, and in many cases physical swamp. If the swamp is not physical, then it's most of the times guaranteed to be a swamp in the two other levels. Even if one is really good and clear, they still have a lot of climbing to do.

People frequently come and say that they believe 'suicide' will solve anything. On inspection, for a person to be lead to the situation to be confronted with the choice of suicide, there is either fear, or mass problems, or both. If one has gotten 50 years in prison, or if one is absolutely on a situation where they are 200% stuck, maybe suicide can be a viable option. In Satanism, one will not get punished further as in Christianity if they "Suicide", but that doesn't mean this doesn't come coupled by a natural problem which is related to suicide.

Lack of understanding of spiritual laws makes many think that "suicide" will solve their problems and put them on a blank state. But that is absolutely wrong. By the laws of the universe such as the laws of the invisible light, beyond our basic perception, we have our mental, spiritual body. This unit just dislocates from the body after death. In this case, you will be the same as you are today, but on another 'dimension'. Many people upon death or when close to death they experience this 'drawing out' of the body, and those who suicide, just see their dead body there. And there comes the greatest regret from an action one cannot go back to.

However, when this is done, there is no going back, and one has to stay in the astral, potentially suffer or be lost, and cause further damnation to come unto themselves. This has nothing to do with external punishment, it's that one's constitution, even in astral form, will draw them to sources of negativity, self wallowing, and many ugly things. In many cases it can take decades until the planetary alignments, viable bodies, and so forth, become available, for one to reincarnate. One will be therefore stuck in this wallowing state which increases itself, and then one will reincarnate, and his life will merely "replay" over for better or for worse due to karmic flaws inherent in his spirit. Then, one may be locked in a situation where they again find themselves in the same loop.

To give a rough estimate of how long the above can take, it can be from any to 10, to 25 to 70 years, to a century. I know this may sound like too much, but yes, sometimes, conditions for reincarnation may take that long, and this is highly dependable on circumstances. The loop of these events in itself can last potentially hundreds of years throughout reincarnations. Now this is one path one can take with suicide. It's a really wasting process. Plus, you learn nothing from it at all. If anything it brings the soul closer to death. And despite of people who brush this off, nobody really wants 'death' for themselves in a full sense of the word.

One has to remember that keeping yourself alive is not only for your own sake, but also for the sake of higher goals and objectives that are shared with others. It's really disgraceful to abandon post when there are no real missiles coming in. You got to love yourself and your life, and if you do not love yourself, consider then others who are tied to you.

Most problems that people have can be solved within a span of 2 or 3 years, and we are talking to a very considerable extent. This includes lack of employment, job problems, lack of school or teaching experience, and all sorts of problems which most of the time get people under. During this time of 2 to 3 years, one can do workings to free the soul and proceed with these things. If you take in perspective the years it leads to get to total failure, 2-3 years of effort to advance is nothing. Then, you gain momentum and you can advance more and more. Think of this paralleled to meditation in a sense.

In extremely stubborn cases, these may need to be repeated for years, while also physical effort is maintained. The trick here is however that most people get depressed and more depressed by lack of growth, and this growth if it happens is quite motivational. At the end of this, one's confidence will be far more bolstered in their ability to survive, and potentially under any circumstances. Even if you believe there is no way out of most problems, there definitely is, but for some of these you will need to consult your GD (you do not need to hear them, just open your head up to the possibility of things being better and do your part to seek solutions).

The fundamental thing however that will keep your life in place is this: To have a hold of your mind, your thoughts, and your soul energies. Through this beginning you can achieve and correct 99% of problems that go on your way, merely through self realization and self control. If one attains this, then most problems you will be able to also solve if you put your mind to them. Most people also do not suffer so much from tragic external circumstances, just hard circumstances which have a very powerful effect on them because they do not silence their mind. This allows the growth of fear and insecurity. You are capable of solving your problems, and you can do it. What is necessary first is to set yourself in order.

Think of this like being very drunk and drinking some very powerful coffee, confusion to a wake up call. When you are in the mode of drunkenness, it may appear as if your life is gone and that you can only drink more. Drunkenness here can be made parallel to confusion. The more confusion goes, the more able you will be to lay down your plans and contain yourself in order to move forward. This is your black coffee here.

Satan values people who have resolve, and if you show this resolve, or at least try to summon it, he will help you. People who evoke the mercy of others as a habit, only to parasitize, or ask for a helping hand to draw others down, in the satisfaction of the rising of misery, are detestable.

Lastly, do not forget that the community is here to help with problems and support one another. We are a family for a very deep reason. Consult those who have more knowledge here in the forums, and those of you who are advancing and have moved past problems, turn back and extend your hand as the hand of the Gods was extended to you. This way everyone rises and we are empowering ourselves and our shared existence.

It's normal for sheep to endlessly cry, never fix anything, pointlessly wallow in the misery of their own choice to be sheep.

But as far as we are concerned, we can only get up, pack up as wolves and keep going. Your life can be improved, be in knowledge of that, and work towards this end. You have to initiate this by moving and getting up first and foremost. And keeping on the good track despite worry of failures.

And remember: *You are a Satanist* . One must keep this tightly in their mind. Satan helps his own.

Spiritual Satanism: Power And Transformation

by HP. Hoodedcobra666 » Sat Jun 22, 2019

A common mistake in regards to meditation is that many people see this as a window for self deception while in reality, meditation is merely the opposite and approaching it with the wrong mindset can create endless problems.

Self lying in general has nothing to do with creative imagination, attempts of someone to expand spiritually, or the need to advance. In many cases this very tendency is delaying advancement if anything.

Imagine being stuck that in your wallet there is 1000 dollars instead of 100, and being insistant that this is the case. Telling this to others, pledging to buy gifts, refusing to accept that you have anything less than 1000 dollars. Clearly when your bills will arrive you will be fucked.

So it makes sense as in the above that whomever insists in lying will harm themselves in the end, while those who say the truth about where they are already moving towards advancement. And eventually they will turn their 100 bucks to 1000 and then 10000, because they accepted that at some point they had only 10. Of course it hurts but this is necessary for progress.

Many people do a big amount of self lying and this is conflated with meditation. An example here is how some people like to lie about themselves about certain abilities.

Lying to ones self is only delaying someone from advancing and is also preventing the mind from actually training to aquire power. Within the context of seriousness and training, we have creative visualization and positive affirmation. Of course in this case, we realize that this is something in the making, rather than a lie.

As such Spiritual Satanism becoming a circus is contrary to everyones interest who truly cares about Satan but above all the danger is harmful to one's self.

What meditation does and why people avoid it like wildfire is that it brings someone face to face with one's self. Through which way this can be a longer or a shorter way.

Meditation used as escapism is very common in particular in Buddhism and other meditation schools, where one is essentially either aiming for the maximum amount of narcotic non-existence, or alternatively for big amounts of self lying such as wiccans who are very arrogant because of small successes with this art.

When one discovers that the mind has power, it is easy for someone to fly of the handle. This includes also when one becomes aware of the allegiance to the Demons, or when power is developed through

meditation.

What anyone mature however realizes is that this is truly nothing to become crazy about and that any level of power is always followed up by another and higher level of power.

Like any form of human power, spiritual power needs to be handled with proper care. It can definitely be misused.

Rushing power in that regard is also happening in many areas of life where people get carried away by competition, jealousy, contempt, and other factors.

One example here is using steroids. While these may provide acceleration of growth, they can be disastrous. In a similar fashion and because people constantly "rush", we have symptoms of laziness, or exaggerations going out of control where people only seek to puff themselves up in contrast to every external and verifiable proof.

An example here is how few people think that it is positive to engage in lying about level of progress. Or how people over the years say things like "Oh, I have 5 kundalinis" and all sorts of stupid stuff. As if one were not enough.

Its sort of like iPads, gotta have more than one to sound cool. How about a thousand? Yes, that sounds better. A thousand serpents. Yea, right.

To put this into perspective modern "spirituality" is just a reflection of the already existing society-cheap, fast, quick, everything today is MacDonaldis in its mentality. Everything has to happen rapidly or is of no value, the universe needs to be rushed, everything has to be in accordance to our taste for ever-quicker delivery.

New Agers do one sloppy meditation, then of course they raise a serpent. From a leftist hobotron, they suddenly evolve to a leftist hobotron that also assumes on top of it it just reached the essence of the cosmos, reinforcing its own hobotron. And that is their "spirituality". An extension of general consumerism.

Essentially this is because value and wisdom is not understood, and therefore, everything gets clothed in a nihilistic consumerist mindset. In the same way one owns an iPad, they want to yield what is in their mind infinite power, and in particular reason for no reason. In the same way people lie about shoes, one then has to lie about important subjects just to keep a chain of lies going.

If therefore one can hold wisdom and power, everyone assumes, is only a question of their silly or infantile imagination, in the general air of entitlement of the era. When people who are shallow find out this is not the case they become angry.

The reality is power cannot be cheated in spirituality and this is why many people like jews and other slaves decide to just "rush it" by abusing other human beings or using drugs and general delusions to just increase the temporal illusion of yielding any form of power. Obviously this is stupid and leads nowhere.

As such the above should not be the aim of any Spiritual Satanist. The goal of Satanism is not who makes

the more gigantic lies, but who truly reaches a state of evolutionary progress, above all, for their own self. Satan shows his promise to people when they advance.

Said advancement will also be verifiable in your life, in how your life will improve, a rise in your wisdom, and general betterment. One becomes a better person, and that is a far bigger sign of spiritual progress than idle words.

The point in this is not merely to feel power or borrow it, but actually build it on the inside. The enemy works in reverse by instating a parasitic thoughform to siphon people of their vitality and life, which they work through. People who use clutches to walk to their own fridge will find themselves disappointed and weak.

Existentially the above is a cheap way to exist and any person seeking power can find it within, let us also say in over abundance. We have tremendous inner power, but we were never instructed to it.

Japanese culture like Dragonball Z and other shows, is increasingly popular because it contains elements of what is actually the Aryan Path or Sanatana Dharma in application.

Characters in these shows like Goku that reach tremendous levels of power, do so by elaborate training. Goku in these shows was instructed, he did not have others do his work for him while he was lazy. This is because Goku had a future, unlike hostile aliens in the show who had no purpose but to be parasitic aliens and were mostly thriving on parasitic power. The parellels here I believe are easy to be draw about the enemy.

Another thing one must also keep in mind, if one is to be a serious Satanist and if this is not some joke to them, that power has to be true and therefore dependable. In the same way one would not like to have fake monopoly money, one must scorn and refuse to accept lies about their condition or circus of immature people who pretend they are capable of things they are not.

In Satanism we have a huge boost because the Gods appreciate the valor of a Satanist to join them, so one can advance faster than being without, but this does not invalidate that work has to be done.

Any work put into advancing you will also help you tremendously by making your life easier. Especially nowadays where weakening is done on a systematic way, this way of life becomes more important than ever for those who want to get a firm grounding and empower themselves.

[Spiritual Satanism: The Reason Why Humanity Fell](#)

Postby [HP. Hoodedcobra666](#) » Mon Dec 17, 2018 12:52 pm

I will explain this painful fact, which remains a painful fact that needs to be fixed. I decided to include this in this series because it's a both very basic and advanced subject that requires clarification, and the series will have a purpose to clean up some matters in a clear and coherent manner.

The situation with humanity is that we are an unfinished work. We are something in the making. We are not there to our fullest potential yet, if there is such a thing as an end to development that is, which, there is not. Satan and the Gods have explained to me on the subject, but I will relate the simple point, even if you generate a proper human being in everything such as form, body, and anything else, they still require formative time in the span of thousands of years or a few generations in order to finally grasp and understand spiritual concepts and train on them, to reach up to 'them' or be able to relate to them in a more direct manner. This is because this process deals with the self understanding the self. This is also why the Gods were here after our development helping us out and guiding us.

Even after they 'departed', they maintained contact with us astrally, to guide us to finish this process of development. With the rising of the enemy, the ability and lines of communications were lost, but regardless, our Gods did not stop neither from fighting the enemy, nor from helping us by unseen now, means, to 'finish' this work on ourselves.

As to the perfection of the human form in it's best fashion, this is something all scientific and otherwise minds have understood and admired. Man is a work of art as far as the species goes. While he can always improve, the mind behind the creation of man was one of the greatest minds, that is, Satan and the Gods who genetically engineered us. The supernal wisdom of the human body is beyond understanding. For the most part even our most advanced 'scientists' today are just crawling in trying to understand the marvel of this work, it's processes and functions. This is because the body is supposed to house something even greater.

This is because the process of self-realization through the soul takes time and doesn't come for free. And during the process like dough which will not become bread, if this process is not done properly (this is why the Gods were here and almost finished it) all you are left with is an unfinished work that can fall down and collapse unto itself. This is generally how works are manifested into this world, and everything has a formative stage, on which, something can be altered, corrupted, and destroyed.

The knowledge however on how to complete this work of the human being was left behind by the Gods who were running a 'global culture' (not globalist) at the time, and as such, people could complete the Magnum Opus and reach their higher potential. It also appears this process was happening for many thousands of years, and people did actually did the Magnum Opus, both then and afterwards when they left.

There are Demons who are around 10 thousand years old many of which are in the Goetia or the Demonology section. As Demon is a code name for the human soul on an elevated level of power and wisdom used by Ancient Greeks, a mixed term for Gods and people who have ascended. So there are ranging Demons of ranging powers in there. Just to be clear to not get

this defiled as usual by the imaginative, 10 thousand years in their level of development is around 2 million in our development, given the type of civilization we have today. And their level of development is largely incomprehensible by the human mind at this point and with the things we 'know'.

We are not the same as them or as they are. This should be common knowledge. Actually, within what we call 'humanity' we have a ranging order of rank from 'people' lower than animals, to people who are way more developed. This understanding was common knowledge up until the last century, but this century people fancy to call everyone 'human' and give them 'human rights' to all vermin before any aspect of humanity is proven and regardless of shown behavior. This has nothing to do with any ego either, it's just natural observational fact that one observes if they have an open mind. Decadence and the enemy exists and has existed but not everyone sinks into it the same way do they.

So the honest approach of the situation is that there is not only the enemy causing this downfall, but things in humans themselves that need serious fixing because they are not finalized yet. This process takes a while, and is not impossible. As to if everyone will be capable of this, dreamily and idealistically, how beautiful it would be, but realistically speaking the statement is simple: "Many will want to join at the last minute but it will be too late to do so".

Instantly when the enemy came into notice that this process was taking place into earth of developing us, it's written there was an attack and a sort of war on the solar system to stop this process from finalization for reasons explained in their own bible. The "Elohim" which is a plural were worried they would be 'usurped' from their position in the 'heavens', so 'god', the hive mind, attacked. This is the beginning of the jewish war on earth.

The fact we are against jews is not something extremely mystical, it's something factual and simple. The jews stroke a bargain with these entities to enslave the planet on their behalf, reverse and destroy the work of the gods, and have gains as a race because of such work, against all other people. This is the 'covenant' they signed with them. To this very day, as rabbis admit, they work with ET's as we work with our own through the centuries, so as to bring about the annihilation of the spirituality of mankind. We owe many interesting things to the jews like christianity, islam, judaism, nuclear energy capable of erasing our existence, communism. The jews on their own have testified to the ownership of these things with great pride.

Indeed, there isn't anything professed by us that the jews haven't professed about themselves, on their own, since forever. People somehow criminalize someone who transfers the words of someone who did something and admitted to doing this. People be hating on the messenger, because they cannot handle the message.

If one considers the statement of the JoS exaggerated because it doesn't fit their head, and consider the jews are more 'sensible' in that regard and less 'tin foil hatted', I prompt these people to go read what some jews themselves have to say on the subject of racial exterminations under code names such as Amalek or Esav (European subgroups), bastardizing the goyim, destroying everyone spiritually, the fathering of Islam from Judaism, the creation of christianity by them directly, burning and destroying the world's information centers like Alexandria's Library, and seeing a bit around them as the "Abrahamic religions" have brought the world into a stalemate of development for around 20 centuries straight. Through time which we went from

pyramid creation to being unable to do calculus for 17 centuries.

The proof of their work should be enough, but with the brainwashing and retardation going on today on this planet, the denial levels are also quite high, which is changing gradually.

Then there are other idiots who inwardly believe that Islam or even Xianity do represent in whatever form, the old religions. The stupidity here is apparent. Many of these people also think that the situation is 'above everyone's heads' because they are too stupid to understand their own rambling and bullshit. This is like taking a broken jewish carrier today and saying that since it follows a few basic roles of aerodynamics, this makes it an airplane.

As for the situation of the creation of man, Satan did not create us for 'free', anymore than a parent does not create children mindlessly or for 'free'. There are a few expectations the Gods would like us to fit in, for our greater good and to be able to live. However, some of the children can choose to not help back their own father, and they can turn to ignorance, even if their parent loves them and cares for them, but also, if one becomes a sworn enemy of their father, they can also expect the father to not like them at all. The laws of nature in themselves are vague in regards to choices and one can accept or reject these things, and where there is free choice, one can choose to do just about anything within their own grasping of power.

The original intention was to us to become Gods and to take part in the universal order of things in our own level of development like all the other advanced beings in the universe are doing. We were definitely not destined to be slaves as many idiots claim as it's counter productive to create highly intelligent slaves or slaves that can potentially turn back at you and attack you later. It's even more retarded, if you want slaves, to give them spiritual knowledge of any sort. This is why the enemy removes this, because this is what they want to turn us into: Slaves. What cannot be destroyed, is instead, corrupted.

The castrations the enemy is causing to us today, the Gods, if they wanted slaves, could have caused merely by design, such as the absence of specific organs in the human body, such as the reproductive organs, or the pineal gland. Slaves should be disposable and not have the ability to reproduce, for better management. If we were to only slave for the Gods, they would make a few generations of us with programmed DNA collapse at the reproductive level, and we would be done with and be disposed later. So all these stupid myths of the likes of Zecharia the Jew Stichin are essentially proven wrong by the default of reality.

One such castration is the destruction or elimination of the Pineal gland from the structure of man. This is warned by the Egyptian Pyramid texts in Egypt that the Gods dictated, major part of the Egyptian religion was rectification and taking proper care and empowering the 3rd eye or Pineal gland. It's also written explicitly there the "Gem of the Gods" will be turned out and stopped existing if people do not work on it. These were all recognized to be from the Gods and the Egyptians were fighting to preserve these. The same thing goes for other biological traits which many dismiss as useless. Compared to other animals, man, for his capabilities mental and otherwise, has a superior design.

As for if the Gods are only helping us out, this has to be hard, as the enemy is also an expansive force which seems to attack many places, not just our own. The Gods have a lot of 'operations' they are undergoing in the same time and we were one of these within the time

spectrum.

Additionally, this is life, and this universe has nasty beings in it, some of which if one pays attention literally abducted Satan's children and they are using them against him en-masse. The Gods that were worshiped by all people a few thousand years back, are now stoned in the form of idols, and attacked and banished from everywhere in existence. This technique has also been done in warfare before and is still being practiced today in more materialized forms. For example, Persians abducted Greek kids of pure stock, raised them as 'Persians', and put them as heads to their military command in order to wage war back to the Greeks. Which is an irony, of using one's own stock to destroy them as your enemy. Artemisia was an example of this situation.

The influence of the Gods on mankind is to such an extent, that one can honestly say humanity wouldn't have figured out even the hut if it were not for the Gods. It's easy to do something after you are taught how to do it, or read it in a book, but the original capability to create and generate this from scratch is what is defining. This is why you have 1 Tesla per 100,000,000 normal people on the planet, and this is because few humans are as inventive or as advanced. The Gods taught us everything from simple agriculture, to music, to cultivation of animals, to the justice system, to even things like...Makeup, how to make weaponry etc.

Much of this teaching of civilization is credited to Azazel, and other Demons, who, in Babylonian tablets was written to have taught women the "Way of the dress" and the "Painting of beautifying the Face" such as what we call today makeup.

These reasons above are why Islam and Jews and Xians whine on the Demons. They made our life meaningful and turned us away from being useless worthless animals on the field in human form. Makes you wonder what grade of retard one has to be, and what grade of evil, to complain about the fact they are no longer an animal of the field.

Every aspect of our civilization is plated into the symbols and is still as it was in many ways, with the sole difference, it's perverted and dedicated to other and hostile entities, and controlled by enemies who want the worst of us. Fundamentally however anything that made life possible and worthwhile, came from the Gods, from the knowledge of writing, to makeup, to advanced architecture, to farming which is how we were able to be kept alive.

Our civilizations, the present and the ones gone, always belonged to and were dedicated to the Gods. Presently, they are taken over and perverted, but since we are the creators of these, we always go back and recreate on what is internally inside us, re-manifesting again and again similar types of the civilizations that are born from within us, so we can advance spiritually into their context.

As for the foolish primitivists who hate on civilization, then they also hate in spiritual progress. Spiritual progress is possible to happen within the context of a civilization, simply because, it cannot happen outside of it. You cannot be taking 4 hours a day to light a camp fire, and all the day hunting with a spear, then a whole day hungry, and eating poisonous mushrooms in the jungle and expecting to advance spiritually to your fullest extent.

Part of the creation of civilization is done so people can advance in mental, spiritual, or material

needs advance. If we did not have spiritual and intellectual or advanced needs, there would be no need of civilization, and we would be just less hairy monkeys and be just happy with it.

The above is why macro-cosmically the Magnum Opus is portrayed as the process creation of the inner spiritual city or the 'perfect civilization' which many people took literally later.

By recreating ourselves and advancing we are also restoring our world back again to clear order. When this process fails to get done, then the outer world collapses as well, as people are the hands and feet that work on this world, because the people on their inside just lose the vitality to procure and advance further. To reverse and to prevent this process safeguards us from "Humanity's Fall", and to banish it permanently results in the Golden Age which is an age of mass spiritual development.

SPIRITUAL SATANISM YEAR 2080

by [HoodedCobra666](#) » Tue Feb 27, 2018 8:22 pm

There is a very particular thing in the current time of Spiritual Satanism existing. Nor bad or ideal, but very particular.

On one hand, we come too early. People are still afraid, brainwashed, lied to and scared. Depending on ranges from outright robotised into an enemy drone, to people who are partly free, the situation is only now becoming better. Therefore the enemy control is still very strong. On the other hand, we could not by any means come later - this would be deadly and devastating for where this world is heading.

So we can say we are late, early, but also in time at the same moment.

It's becoming better because of our spiritual warfare.

However at the pace and how this civilization has evolved after the momentary loss of the National Socialists in WW2, the Jewish power has ascended to heights of might impossible to topple by normal means.

The people who are supposedly 'waking up', are only going around an awakening which has started before. They move extremely, extremely slowly. The Jews in the next two decades would have been controlling their brains with nanobots, and these people hug trees and they pretend they know everything. They as such preach defeatism as they see this very fact. In other words this war, realistically speaking, and without us existing, would be lost. Humanity would be destroyed.

The Gods however do not sit idle. In order to dissect a rapid growing tumour, the Gods have picked people who can see past the barrier of massive brainwashing, thoughtforms, mass confusion, and many other aspects. And they banded us here as a unit to turn the above into Victory, against circumstances largely impossible. Truly impossible. The average "Pagan" or the most virulent anti-Christians, have never succeeded in doing anything serious to the enemy. This is because the Gods do not just throw their secrets around.

As they had no knowledge and no influence whatsoever. Fear of the 'dark side' prevented them of seeing the True Light hidden in the Dark Side. Our affinity and bravery to cross over through the 'dark portal', is actually proof of our decisiveness in what our aspirations are. Many people blame us for this but they are dependent on us whether they admit it or like it or not. Sometimes it's almost as if they prayed to die instead rather than accept their position in this whole thing.

What is impossible for them is fully possible for us. We are not bound by the same possibilities nor the same knowledge limitation. The Gods give knowledge. Therefore we do not have the same rules on possibilities.

The people that now question us and speak of us in disrespect, after the enemy is destroyed, they will come begging for forgiveness. Satan's name will be practised as SA-TA-NA-MA and people will massively become Nagas again, which is the rising of the Serpent. Sooner or later the world

will understand our objective.

Imagine how impossible it has been to get Hitler to be understood again. After closely a century of lies. We achieved this and it happened largely. Now everyone knows what actually went down. Little by little, level by level, people woke up to the fact that this man came only to help, fighting against time. And giving us time as a result.

Same as Hitler and the NS, we come before our time. Way before. Hitler would be understood quite possibly one century later, as in the average person conveying the full message of their struggle. He came way before. Linearly speaking our appearance was deserved on the planet at 2080 or deep well into the Age of Aquarius. When people would have knowledge and further understanding. However the enemy makes that impossible and the Gods demand we lift the spiritual dross out of humanity to build the future.

In essence, we are the ones sacrificing, unto ourselves and to save the masses from their so called major wrongdoings. The enemy has hijacked this story. This is from Odyssey, Odysseus loses his kingdom and it becomes occupied by the cesspool of life. He has no allies, but he has the Gods on his side. Every power is against him. His form is changed and nobody understands him, he receives only ridicule. But when Odysseus absolves his kingdom, he gains his crown again.

We are fighting against time, and we are giving the world further time. Our battle will be remembered in the ages, but the most important thing people should focus on is their standing with the Gods. For they will be on our side forever and we must not disappoint those who love and protect us so dearly.

Our war currently lies in 'year 2018', but the greatness of this struggle will affect circumstances in aeons to come.

[Spiritual Satanism: The Definition](#)

By High Priest Hooded Cobra 666

Those who come to Satanism and expect to find terror fables, lies, spooks, ghouls and kosher culture, will be disappointed.

Satan has given His representation in our hands and away from the hands of the jews. Who did nothing else for two thousand years but blame all perils on him, make him seem like an evil pet (Despite all evidence), and subvert “The Adversary” of the jews in any way possible.

Satan for once had the opportunity to speak for Himself, more or less, and make his thesis known. He blessed the Joy of Satan for this very particular reason and objective. As thus, we did our research and presented it to the world, something which seemed to attract, and keeps attracting all the more everyday, giant interest.

Satan tried to speak to Humanity through all ages, in different forms. Even from the position the jews put him, he still channeled his messages of freedom, rebellion towards rotten order, scientific study, occult, spirituality, artistry, love for existence, life and nature, and every other beauty to us.

Him and the Pagan Gods were ‘banished’ but their influence never really ceased: Even their enemies masked this, attempted with failure to remove this, and attempted to color it with their own colors, but could never get rid of it. Satan always was on top of them: The memory of Satan is everywhere, and in everything. They just hid this fact from the masses, and invented new jewish idols in a vain attempt to replace the Eternal Gods.

For without them, there is nothing beautiful, and important for humanity. Satan can never be banished or destroyed; Satan can only be defamed, and as the enemy hoped -hidden- and in that, his enemies have done all they could.

Now, Spiritual Satanism is just *THE* Primordial Paganism. We have used this name because this has two essences: Spiritual, which means the need for spiritual advancement and working on the Soul, and Satanism, which means, from the Sanskrit Word “Satya”, Truth-ism in an English Abbreviation.

It reflects our conviction in Spirituality, and the belief in Our God, whose name means TRUTH.

Those who seek jewish occultism that is blasphemous to the Pagan Gods, jewish mental insanity, and jewish para-psychological retardation, fake ‘spiritual’ nonsense, will be highly disappointed in what “Satanism” means anymore. They will find better answers on a Synagogue, or a church instead, for they praise the same exact things as our enemies do.

In short, it’s a misfortune they still carry around Satan’s Divine Name and savagely defame it: which is what the jews have done for thousands of years.

We do not believe in “Satanism” before us. This is simple as to why: Except of few respectful servants and people of Satan, many others just did their best to defame, misrepresent, and create Satan into a racketeering business, no different than how Abrahamic religions and Jews have done for thousands of years.

Spiritual Satanism revolves around 10 main points. These are not written laws, but rather, something to sum up what Satanism is.

1. Satanism is about freedom, positivity, creation and empowerment.
2. Satanism is about studying, wisdom and self knowledge and understanding.
3. Spiritual Satanism is about elevating one’s self spiritually and becoming spiritually advanced.
4. Satanism is not about slavish worship, but people are allowed to worship as they please in accordance to their nature (except of disrespecting the Gods).
5. Satanism recognizes all the Pagan Gods as real, flesh and blood entities, that are our spiritual and physical forefathers.
6. Satanism is about respecting, knowing and understanding nature and learning/mastering the universe. We follow Nature’s laws, while we also try to learn and master them.
7. Satanism is about life and anything that promotes life, and quality life, and is against degeneration and death, and misery.
8. Satanism is elitism, and people have to seek to make themselves better and more elite/advanced versions of themselves. This creates a better world.
9. Satanism is the striving of Truth and NOT falsehood, at all costs: This is why Satan is our Head God, for this quality His Name represents. There is no simple ‘evil’ in Satanism, but FALSEHOOD, which only then becomes ‘evil’.
10. Satanism is the form we have today for representing all the above ETERNAL CONCEPTS. Spiritual Satanism is an ETERNAL understanding. We understand ourselves as partakers in an ETERNAL, infinite existence.

It’s really simple: Spiritual Satanism is ABOUT LIFE, and IMPROVEMENT- it’s a system that works Light and Darkness not as ‘enemies’ and ethical evils, but actually parts of the same creation.

Externalities of that such as the jews, their sick systems, and other things do not concern us anymore, other than DEFENDING ourselves, and wiping out their lies pinned on Satan’s back, which are unjustified, pure vehement, and perilous.

All Spiritual Satanists are obligated to find about their roots as people, races, and cultural roots, and understand the eternal concept we coin together under the term “Spiritual Satanism”, which is a clearer emanation of the (unfortunately) corrupted presentation of nowadays Sanatana Dharma.

These people have to come together in a worldwide congregation, honoring their past, and our aim is to rebuild the Golden Age of Humanity, where only Truth and Bliss will dwell into the world. This starts from the person, extends to the smaller circle, and then grows until the whole world is engulfed.

Spiritual Satanism is about upholding all the eternal laws of nature, including making positive decisions for one's self, increasing one's spiritual life, becoming better and more advanced, being free and in accordance to one's own nature, and lastly, not engaging in behaviors that ruin this process or the world at large.

Spiritual Satanism is a mastery key system and the only real and Ancient religion of Humanity, which in essence was the same in All Pagans, since forever.

We have proved this, and we keep adding further proof into this unending chain, all the time, both us Clergy and our members. It's an inheritance that can be practiced by all people with permanent and great results, except of Jews.

Why we use the name Satan? Because it means TRUTH, and because our enemies hate, are shrinking of, and are opposed to this Divine Name.

So long everyone tries and advances themselves in that way, one is a Spiritual Satanist.

It's really that simple. Those who just obsess over other drivel are merely missing the point.

Preface

There are different sects of Satanism. Joy of Satan Ministries is Spiritual Satanism.

Satanism is not a "Christian invention."

Satanism predates Christianity and all other religions.

Satanism is not about spooks, goblins, vampires, Halloween monsters or other related entities.

Satanism is not about "evil."

Satanism is not a "reaction to Christianity."

Satanism is not about death.

True Satanism is about elevating and empowering humanity, which was our True Creator (Satan's) intention.

We know Satan/Lucifer as a real being.

We know Satan to be the True Father and Creator God of humanity.

We know "Yaweh/Jehova" of the bible to be a fictitious entity, and the people behind coercing this lie, to be the true deceivers of humanity and the masters of lies. This is evident in the many contradictions within the Judeo/Christian Bible, revealing this text to be the work of human beings who had occult knowledge and infused it with power to make it credible, and to incite fear in order to control.

We are law abiding.

We DO NOT advocate or participate in any blood or living sacrifice. This act is Judeo/Christian, as stated in their Bible- Deuteronomy 12:27:

"And thou shalt offer thy burnt offerings, the flesh, and the blood, upon the altar of the LORD thy God: and the blood of thy sacrifices shall be poured out upon the altar of the LORD thy God, and thou shalt eat the flesh."

We have found Satanism is the original religion of humanity. We have done our research. Satanism is based upon the ancient religions that predated Judaism and Christianity from hundreds to thousands of years.

Christianity was a reaction to the original Pagan religions, labeled as "Satanism" meaning "enemy/adversary" in Hebrew. If you read through the information contained within this website, we prove this.

Christianity was invented to remove spiritual and occult knowledge (the powers of the mind) from the populace and place this power in the hands of a "chosen" few to the detriment of all humanity. The powers of the mind and soul are very real. People who are unaware of or who do not believe in these powers are easy to control and manipulate by those who are skilled in using these energies.

The Original Gods [Demons] were unjustly labeled as monsters and branded as "evil" to keep humanity from spiritual knowledge. Because of this, the human race has drastically degenerated both spiritually and intellectually.

Spiritual Satanism strongly advocates all learning, knowledge, inquiry, and free thought.

Spiritual Satanism supports the separation of church and state. Satanists do not push Satanism or proselytize.

Spiritual Satanists acknowledge science and believe everything of the occult/supernatural to have a rational scientific explanation. We believe humanity has been held back dangerously in this area due to the hoax of Judeo/Christianity and its relentless attacks upon science for centuries.

We practice power meditation to advance spiritually and to elevate ourselves. Power meditation is as essential for the human soul as food is essential for the human body. The serpent, a symbol of Satan represents the fiery kundalini force coiled at the base of the spine, which upon ascending, transforms the human mind and soul to a much higher level of understanding and ability. This is the true meaning of "Raising the Devil." The Serpent symbol of Satan also represents the DNA helix of life.

We work directly with Satan. We believe each and every person who is willing and respectful can have a personal relationship with Satan. There are no mediators in Spiritual Satanism; the Ministry is here only for guidance and support.

We take our tenets and practices directly from Satan himself. For far too long, enemies of Satan such as the Christian churches have been at liberty to dictate lies concerning Satan and Satanism. These lies have been the foundation of occult crimes and other heinous acts that they indirectly promote. True Satanism has been actively and zealously suppressed for centuries and many out of ignorance believe lies about Satan and react accordingly.

Spiritual Satanism is a life loving religion. Satan accepts us as we are, but guides us to advance ourselves to where we evolve to a higher level. Spiritual Satanists are free to live their lives as they choose- responsibility to the responsible. We live by natural law and encourage everyone to develop themselves to their fullest extent.

We know we "save" our own souls as opposed to claims of the Nazarene saving anyone. Satanism is based upon the true transformation of the soul through power meditation. The Nazarene is a fictitious entity, whose identity was stolen from some 18+ crucified Pagan Gods, such as Odin, who hung from a tree and is nothing more than a tool to keep humanity under the control of a chosen few. The Nazarene has been used in Christian masses and services as a substitute for a human living blood sacrifice, revealing their true purpose.

The Judeo/Christian religion is a vicious hoax on humanity of catastrophic proportions. For a hoax to succeed there has to be a lack of knowledge on the part of the victim. The Christian religion and its cohorts actively suppress knowledge and free thought, encourage people to be slaves, and never advocate or teach anything for the betterment or advancement of humanity. As opposed to the stories of how the Nazarene healed people; Satan shows us how we can heal ourselves and perform so-called miracles, using our minds and the powers of our own souls.

Through empowering ourselves, we have confidence, self-respect and achieve spiritual advancement and independence.

Spiritual Satanism places no limits on developing the powers of the mind- known as "witchcraft" or "magick." We believe in justice and just as martial artists are versed in the uses of Dim Mak and other aspects of physical combat, Spiritual Satanists are versed in the Black Arts of "magick" should they ever need them. People who are unaware of these powers are defenseless against them, and the powers that be know this all too well.

Spiritual Satanism does not in any way condone spirit abuse as taught in the classical grimoires. The Demons who were bound and compelled to do the bidding of the sorcerers are now free and anyone using the nine-foot circle methods and "Jehova" names is inviting personal disaster. The Demons are our friends and with respect and reverence in summoning through Satan, we seek to establish mutually beneficial relationships with them.

Spiritual Satanism advocates individuality, liberty, and independence.

It is obvious that Satan is not the "deceiver of humanity." His followers have been few in number and he doesn't need copious amounts of wealth, power and control to keep his followers.

Satan

For too long, so many lies and so much misinformation have been spread about Satan. Many of us have seen him, have conversed with him, and have even been astrally touched by him. Nearly all of us who know him agree concerning his appearance. RHP religions have for far too long, written the book on how they believe him to appear, how they believe Demons to look and these are nothing but blasphemous lies. He is not red with horns and a tail, nor does he look like a Halloween monster. He does not have flaming red eyes or rubbery wings. These depictions are intended to insult, denigrate, and blaspheme him. (There are some lower orders of Demons. They are protectors and messengers who serve the higher-ranking Demons). Here are images of how Satan appears to those of us who have seen him. Contrary to Satanism being labeled as "darkness," Satan appears wearing a long white robe identical to what he is shown wearing in the images below. Many of us see him often and have a very close relationship with him. He is beautiful.

Many people have asked what Father Satan's Sigils look like:

The Sigil on the left; the cup with the ankh is the True GRAIL. This is the cup that holds the Elixir of life.

His Day is Monday.

His Colors are Blue, Red, and Black. The colors black and red date back to Ancient Egypt. Egypt was known as the "Black and Red Land" and was the center of Spiritual Alchemy. Spiritual Alchemy is the transformation of the human soul into the godhead. Through this transformation, we complete Our Creator Satan's unfinished work.

The Grail is part of the Magnum Opus (the ultimate working of the mind and soul, which transforms us to physical and spiritual perfection and gives us physical immortality). This potential we have within ourselves. It is not a material object, but a concept. The "blood of the chakras" is the energy they leak when stimulated. The Grail is depicted as "Royal Blood." this is the 'blood' of the chakras.

Satan is the Sumerian God EA, also known as ENKI, which means "Lord of the Earth." He is also known as Melek Ta'us.

Animals that are sacred to him are the Peacock, the Serpent, the Goat, the Dragon, and the Raven.

The Peacock is sacred to Satan and represents the multi-colored stage of the Magnum Opus following the Nigredo. The Serpent and the Dragon represent the kundalini at the base of the spine. The Raven represents the nigredo stage of spiritual transformation, of the Magnum Opus. The Goat represents fertility and also has to do with spiritual transformation; the abundance of the chi.

His numbers are 2, 13, and 666

(666 is symbolic of the Age of Aquarius when he will rule again).

666 is the Kabbalistic square of the Sun. The true meaning of the "Temple of Solomon" is the TEMPLE OF THE SUN. The "Temple of the Sun in truth is the human body and the Sun is the light that shines from the transformed and empowered soul. "Sol" "Om" and "On" are all words for the Sun. "Sol" is the Latin word for the Sun and is close to the English word "soul." "Om" is a name given by the Hindus to the Spiritual Sun and "On" is an Egyptian word for Sun. The symbolism of the Temple of Solomon was stolen by the Jews and made into a phony character, as with the fictitious Nazarene and nearly everything in the Judeo/Christian Bible.

His Zodiac Signs are Aquarius, the Water Bearer and Capricorn, the Goat.

His Planets are Uranus and Venus (the Morning Star).

His Directions are both South and East

His most Important Day of the year is December 23, when the Sun is one degree into Capricorn. Capricorn is the 10th sign of the zodiac and the first degree of this sign makes eleven. The day following the beginning of the Winter Solstice is his Personal Day, which should be observed by every dedicated Satanist. (This was dictated directly from him, personally).

Name of Satan

After several years of intense and extensive research, it has all come together.

1. The bible was invented in order to keep esoteric knowledge and mind/soul power in the hands of a select few.
2. Christianity, which began with the Catholic Church, was invented to physically enforce the above and also, to destroy and to replace the original religions. The original religions centered around the reverence for the serpent. The serpent is the symbol of the kundalini. The "Tree of Knowledge" is really the map of the human soul. It is seen in nearly every ancient religion pre-dating Judeo/Christianity. The trunk symbolizes the spine, and the branches symbolize the chakras and the kundalini pathways. There are 144,000 nadis (channels for the kundalini life force) within the human soul.

The Buddha sat beneath the "Bo Tree" and achieved enlightenment. "Bo means serpent, as in Bo-A or Boo-Ta." ¹ The Christian Church stole, twisted, and corrupted everything they could from the original religions. The fig tree was known as "The Tree of Wisdom" *Ficus religiosa*. ² The xian church corrupted this with the placing of fig leaves over the genitals of Adam and Eve.

3. "Satan" in Hebrew means "enemy" and "adversary."

Now, the word "Satan" goes back much, much further than the Hebrew definition. Here is a link everyone should check out.

Note in the upper northwest corner of the map of India, the name of the town "Satana."

"Satnam" and "Sa Ta Na Ma" are sacred mantras used in kundalini (serpent) meditation. The five primal sounds in Ancient Sanskrit, one of the oldest known languages are "SA-TA-NA-MA." "Sa" means infinity; Ta means life; Na means death; and Ma means rebirth. All variations of the name "SATAN" mean TRUTH in Sanskrit, which is one of the worlds oldest and most ancient of languages.

All of this has to do with the kundalini life force (the serpent) within us. "Jacob's coat of colors" in the bible is the aura. The number seven is the chakras. The interpreters of the old grimoires have it all wrong about the "seven planets." The ancients knew much more than given credit for regarding astronomy.

Anyone familiar with Chinese medicine and advanced martial arts is aware of the chi (the life force, same as the kundalini) and how it is more active in certain pathways in the body on certain days and hours. I uploaded a chart to the meditations section for this. The authors of alchemy texts in those days put their writings in codes in order to escape persecution by the church.

The sun was another object of veneration for the original religions. This was because of the pure, raw power it bestowed and as it is the source of all life. Drawing down the moon or absorbing energy from the stars is nothing compared to what can be done under the sun, given the knowledge and training. JoS clergy members know this. Holes in the aura are healed and the life force is amplified as with no other source of light.

"Lucifer" was also given to our beloved Father as a name. Lucifer was originally a Roman God with no connection to our Father Satan/Ea. The prefix "Luc" has to do with light. The soul needs light. The morning star, Venus, was a source of light for the ancients as its rising preceded the all-important sun. Venus also rules the important heart chakra.

Father Satan (I prefer to call him Satan, personally), told me he has no problem with people calling him by the names he has been known by for centuries, even though they are inaccurate. I call him Father Satan whenever I communicate with him or thank him for something. To me "Satan" will always mean "adversary," adversary to the enemy lie of Judeo/Christianity.

The Catholic Church knew the original religions had to be replaced with something else and this is where all of the stories in the bible came from. They are all rip-offs from the originals, which had their origins long before Judeo/Christianity ever reared its ugly head.

The Virgin Mary stole from and replaced Astaroth, who was bound, as "the Lady of Heaven." Astaroth was the most popular Goddess in the pre-Christian world. Fictitious Jehova ripped off from Enlil/Beelzebub/Baal, who was the most popular God in the pre-Christian world, and then there is our beloved Creator Father Satan/Ea who wound up as the Serpent and the Devil.

Sexuality, which is the primary aspect of the life force, automatically came under intense scrutiny by the church. Orgasm directly stimulates the kundalini serpent the base of the spine. The creative energy needed to produce another human life can be used to revamp one's life force, which advances and empowers one's soul.

Obviously sexual activity could not be prohibited, so fear was used to place it under strict regulation. In the xian religions, especially the Catholic Church of old, all sexual pleasure was sinful and prohibited by the church. Intercourse was only to produce children and nothing more. Nakedness became a sin because it led to lust. Masturbation was another "mortal sin." Anything that had to do with the raising of the kundalini was severely attacked by the church. The sole purpose of the Christian Church was for the removal of knowledge and nothing more.

While the masses have been stripped of this knowledge and power, a select few who have worked to remove this knowledge use it liberally to enslave the unknowing world. The Jesuit assassins of the Catholic Church are known to even

levitate as they draw off of the psychic power from the prayers of their unknowing victims.

¹ Cloak of the Illuminati by William Henry, 2003

² Ibid.

Although this book has a lot of valuable information if one reads between the lines, the author is deluded as he believes in the fictitious nazarene.

Spiritual Satanism

Spiritual Satanism, like "Traditional Satanism," differs from LaVeyan Satanism. We are aware of the existence of Satan/Lucifer as an actual being. We are not atheists! In spite of major discrepancies, the Church of Satan, founded 1966, by Anton Szandor LaVey, presently takes an atheistic stance as far as external deities are concerned, and views Satan as only an "archetype."

In light of new knowledge based upon hundreds of hours of intense and in-depth research, we have discovered the following:

1. Satan is our True Creator God.

"YHVH" otherwise known as "Jehova" by the deluded, is a false entity. "YHVH" stands for the four elements and corners in the popular Jewish systems of magick that are available to the public.

2. The character "Jesus Christ" is fictitious and was stolen from some 18+ Pagan legends of a God hanging from a tree, such as Odin, then being resurrected, and is another description of the alchemical operation of transforming the soul- death and then resurrection.

The nazarene is and has never been anything more than a tool to remove all true spiritual knowledge and disarm the populace of their spiritual powers. Humanity has paid to the tune of trillions upon trillions of dollars, and with sickness, misery, and suffering due to the removal of this knowledge. Spiritual knowledge was systematically destroyed, twisted, and corrupted to SPIRITUALLY AND FINANCIALLY ENSLAVE US ALL. By force-feeding the populace that the Nazarene is a real entity, those at the top have maintained control and have reaped untold wealth and power.

3. True Satanism preceded Christianity by thousands of years and is based upon total transformation of the soul. Christians are deluded into "accepting Jesus Christ" and "living saved" which is all false. Everything in the Christian religion is false and we prove this beyond all doubts. The Christian "saved" hoax is based upon stolen and corrupted knowledge of alchemy, where one truly works spiritually to transform one's soul into godhead.

Many Traditional Satanists worship Satan/Lucifer. Some acknowledge him as a friend and do not worship. We respect individuality and personal choices. One's relationship with Satan/Lucifer is up to the individual, as Satanism values free thought and individuality.

Satan is the bringer of knowledge. The goal of Spiritual Satanism is to apply this knowledge and transform our souls into godhead, as was originally intended by our Creator God Satan.

Unlike most religions, Spiritual Satanism encourages one to question everything. Being one's personal best and exceeding limitations are the essence of Spiritual Satanism and this begins with using one's brains to their maximum potential. Spiritual Satanism does not in any way conflict with science. We strongly encourage and support all scientific knowledge and enquiry. We are well aware humanity is dangerously behind in scientific knowledge and understanding due to centuries of oppression by Christianity. We believe that all spiritual and paranormal phenomena can be scientifically explained in a rational manner; scientific knowledge has not yet progressed far enough to comprehend or explain much of the so-called "supernatural."

There are no mediators in Spiritual Satanism. We strongly encourage our people to interact one on one with Satan. The ministry is here for guidance and support only. One's relationship with Satan is between that individual and Satan. We take the stance of "responsibility to the responsible." We place no limitations on knowledge or personal power and do everything we can to make all knowledge available to EVERYONE- not just a select few who are a self-appointed "elite" as with other religions. Satan encourages self-study, learning, direct experience.

Most Spiritual Satanists make a commitment to Satan. The commitment is very important because Satan protects us as we work to advance our powers. Those who go it alone or without any spiritual protection often meet with disaster. Once one makes a commitment, Demons often guide us and work with us to help us advance. Unlike right hand path religions, Spiritual Satanism encourages action. Satan wants his people to live life to the fullest and to evolve.

Satan is always there for us, but as we progress, he expects us to handle things, as we are able to, for ourselves, using our own powers. Christianity and its cohorts deliberately make cripples out of people. Christians forever rave about how their Nazarene has healed people. These people remain as slaves because they are never taught how to, nor are they required to heal themselves or others. The Nazarene archetype stands for slavery, servitude, and enduring endless abuse in order to program humanity to be the perfect slaves in a new world order. The Nazarene places total emphasis on the "afterlife" in order to create the mindset that the life we are now living does not matter. This frame of mind is essential for enduring all kinds of abuse for the benefit of a few.

"It has served us well, this myth of Christ"

-Pope Leo X (1475-1521)

As for the so-called "miracles" connected with Christianity, any healings have been very few and far in-between. These are also based upon allegories related to transforming one's soul. Any human being with spiritual knowledge and power can accomplish all of the feats attributed to the nazarene in the bible, and more. Most Christians are unaware that they are dealing with nefarious aliens (enemy Nordics also known as "angels" and greys), who put up a show every now and

then to give credibility to the lie. With the New Age practitioners, many call upon angels for assistance and learn nothing. The same theme of human ignorance and powerlessness prevails. Satan/Lucifer is the True Creator God of, and the great liberator of humanity. He does not fear humans having spiritual power and knowledge because he is truthful and has nothing to hide.

Satan gives us the knowledge to become independent and free. He directs us to be masters of our own lives and destinies. Satan and his Demons are always there to help us when there are things we cannot yet handle.

Satan keeps his promises; he is consistent and loving with his own. Satan stands for freedom, strength, power, and justice. Satan shows us it is NOT OK for us to take abuse. He shows us that we are deserving of pleasure, happiness and a better life. He created us through genetic engineering, the same as scientists are now creating clones and working with genetics, but only on a much more advanced level.

Many people disregard so-called "occult" power, they do not take it seriously or are otherwise completely ignorant concerning it. The truth is, occult power has been in the hands of a few for centuries. Christianity has been their tool for removing this knowledge from the populace.

Following the removal of knowledge, a fictitious past was invented to keep people from knowing the truth. People who do not understand or are unfamiliar with these skills are at the mercy of those who have them and who are adept at using them. Thousands of years ago in Ancient Egypt, this power was well known and most of the populace knew how to use it. With the arrival of Judeo/Christianity and Islam, knowledge was systematically destroyed wherever it was found.

Cities, libraries, and any other sources of knowledge were destroyed in an attempt to annihilate all knowledge of the Original Gods [who are extraterrestrials] and the powers of the human soul. The Gods who interacted with, intermarried or befriended humanity were cursed and banished.

Humanity has been cut off from our True Creator God Satan and has devolved ever since. The abuse of children, animals, careless destruction and disregard for the environment, the earth, and other living creatures are some of the effects of spiritual degeneration. Thousands of years ago, long before the coming of Judeo/Christianity, humans lived side by side with the Gods in the era known as "The Golden Age."

Satan is the Sumerian God known as "EA" or "ENKI." He is a GOD, not an angel! He has been denigrated and slandered through the centuries with falsehoods and lies. Most people do not know Satan. They believe everything they are told about him without question. Fear is a powerful tool that has been used for centuries to keep humanity away from Satan.

Satan is the most brilliant and powerful of the Gods. He is symbolized by the Water Bearer of the sign of Aquarius, the 11th sign of the Zodiac. Aquarius is the sign of humanity, technology, and genius. One of Satan's numbers is 11.

Satan/Enki established the Ancient Egyptian Order of the Serpent, also known as "The Brotherhood of the Snake." Through the millennia, the teachings have been corrupted and no longer resemble the original doctrines. This Order was to bring humanity godly knowledge and power and to complete the Great Work of transforming our souls. This knowledge has been kept in the hands of a few and abused to the detriment of us all under the direction of the enemy gods. People are told if they are given this power, they will abuse it. This is another lie created and spread by those who deliberately use these powers for nefarious ends under the direction of the enemy extraterrestrials masquerading as "jehova" and company. To reveal these well-kept secrets to the average person would assure that those in control would no longer retain their power.

The Gods are an extra-terrestrial humanoid race of beings. In the Christian bible, they are referred to as the "Nephilim." These beings are very evolved, highly advanced, and immensely knowledgeable and powerful. They genetically modified their DNA, so they do not age.

In the Simon version of the Necronomicon (this book is based upon Mesopotamian/Sumerian mythology, even though classified as a work of fiction), the phrase: "When the Great Bear hangs low in the sky" refers to the constellation Ursa Major, part of the Big Dipper. When the planets align a certain way, it opens up a travel line for space travelers. People are always looking to the sky for when the Gods will return.

Humanity's sole purpose was for use as slave laborers in the mines for the Nephilim. We were to be destroyed after the gold mining project was completed. Satan, along with many of the Nephilim fathered children with human mothers. These offspring were known as "Demi-Gods."

Satan is incredibly strong, brilliant, and powerful. He refused to admit defeat. He lost a battle, but not the war. **SATAN/LUCIFER STANDS FOR FREEDOM FROM TYRANNY!**

DOES SATAN REALLY EXIST?

Yes. He interacts with his Disciples and followers. Many of us have seen him, we have witnessed the so-called supernatural, and we have been given abilities way beyond that of the average person. When we ask, we get answers. Unlike other religions, where followers have to go searching for their gods, Satan/Lucifer comes to us. He lets us know of his presence.

Demons, as opposed to all of the Christian lies, are friends of humanity. Demons, who are the Original Gods, give us much individual attention and protection, once

a strong and trusted relationship is established. When we are close to, and under the protection of Satan, he gives us good Demons to work with. Their Sigils contain very important designs of alchemical symbols related to the opening of the soul.

Satan is not "evil," nor is Satan responsible for the multitude of illnesses, diseases, or anything else that afflicts humanity. These afflictions are due to the removal and destruction of ancient knowledge that was replaced with the Christianity programs.

Satanism stands for the balance of spirituality with technology. Without this balance, civilizations eventually collapse.

"Hell" is not a burning lake of fire. Hell is not inside the Earth, as some foolish Christians claim in order to frighten people. The Christian concept of Hell is very ludicrous. Some of us, who are close to Satan, have seen "Hell." We all seem to have had the same experiences. Some places in Hell are dark and illuminated by a blue light, and in other places, there is daylight. One of Lucifer's colors is blue and Demons often appear with a blue light. Blue is a very spiritual color. I saw people sitting around a table in a bar in Hell, playing cards. The room was smoke filled, these people, already being dead, could smoke to their hearts content. These people were in spirit form. Some visit the earth to help humans who are on the Left Hand Path. This is where Satan keeps his own people until we can reincarnate and evolve into godhead.

"Hell" and the "Lower world" are also allegories for the three lower chakras; "Hell" representing the base chakra. The reason for this is the fiery kundalini serpent lies coiled beneath the base chakra and when roused, it can be scorching hot.

As opposed to hysterical Christian claims, Satanism is not in any way about blood sacrifice. All kinds of murder and living blood sacrifices can be seen all throughout the Judeo/Christian bible. The serpent/snake, which symbolizes Satan, represents the kundalini at the base of the spine, also the DNA. The serpent represents life. When this force is activated, we are healed and enlightened.

The Origins of Satanism

- Satanism is not a Christian invention
- Satanism predates Christianity and all other religions
- Satanism is not about spooks, goblins, vampires, Halloween monsters or other related entities
- Satanism is not about "evil"
- Satanism is not an invention of, or a "reaction to Christianity"
- Satanism is not a creation of Anton LaVey
- Satanism is not about death
- True Satanism is about elevating and empowering humanity to reach equality with the Gods, which was our True Creator (Satan's) intention

"IN THE SECRET OF MY KNOWLEDGE THERE IS NO GOD BUT ME"

-SATAN

From "Peace Be Unto Him"

Due to centuries of misinformation, lies, and the systematic removal of knowledge, few people these days understand or even know what "Satanism" really is all about.

Christianity has been at liberty to dictate without any opposition, what they CLAIM Satanism to be. In order to accomplish this, the truth had to be destroyed. The Catholic Church (the original Christian Church, from which all Christian sects have evolved), heinously tortured to death and mass-murdered millions of innocent men, women and children in what was known as "The Inquisition." Some children who were burnt to death in what were known as "witch houses" were as young as two years of age. ¹

Christians forever rant and rave concerning the "one world order" where all identities, cultures, personal privacies, and liberties will be lost and humanity, after being systematically bar-coded, will be lumped into a one-world slave state. What they fail to see is how their own so-called "religion" and bible have always been and are the roots of and blueprint for this regime. Everything in the Judeo/Christian Bible has been stolen and corrupted from religions predating Judaism, Christianity, and Islam from hundreds to thousands of years. Through Judaism and its tool of Christianity, all of the original spiritual teachings from around the world, (which are CONCEPTS) have been stolen from, lumped together into the "one," and corrupted into Jewish archetypes and characters and fictitious places. This has given the Jewish people as a whole a false history, political power and "spiritual" authority to which they are not entitled.

The bible is a very powerful subliminal tool to control the masses. One can see this is a man-made work as there are endless contradictions. The bible has been systematically drummed into the minds of the populace from a very early age. A

lie must always be enforced as opposed to the truth, which can stand on its own. Because spiritual knowledge and occult power have been removed and kept in the hands of a "chosen" few, the unknowing populace has been helpless against it. The agenda here is to create a one-world slave state with the "chosen" few ruling at the top. The perpetrators of course blame Satan to create a necessary distraction, while they use occult power to accomplish their ends. They have a history of stealing from and blaming their enemies for everything they really are and do, while always holding themselves in the highest esteem and innocence.

The original religions now known as "Satanism" (by the way, "Satan" means "enemy" in Hebrew), were all based upon what is known as the "Magnum Opus" or Great Work. The one known as "Satan" is our True Creator God. He was prevented by the other Gods from finishing his work on humanity, that of the godhead. The godhead is physical and spiritual perfection. Now, if you continue to read on, I will prove this.

The serpent is seen everywhere in ancient relics and structures. The serpent was held sacred in all areas of the ancient world. Satan is the God Ea, aka ENKI, one of the first of the Nephilim to arrive on this planet and establish the first civilization. In Sumerian mythology, Enki's symbol was always the serpent.

The serpent represents the DNA, the life force and the kundalini and has survived as the emblem of the American Medical Association and Veterinary medicine, where it is symbolic of life and healing. Only with the coming of Judeo/Christianity, has this sacred symbol been desecrated and blasphemed.

Nearly all of us are familiar with the term "fallen." This word has been used copiously by Christian clergy to refer to Satan and his Demons. In truth, "fallen" pertains to the kundalini serpent (which has always been associated with our Creator God Satan), which has fallen in humanity as a whole and now lies dormant at the base of the spine. Because of this, humanity as a whole is on a very low level of spiritual understanding. Thoughtless abuses of children and animals, senseless wars, brutality and endless corruption are the results of the

fallen serpent. The "Tree of Life" which was stolen from the ancient Pagan religions and found its way into the biblical book of Genesis, was seen in many parts of the ancient world in friezes upon walls of ancient temples and in some tombs. The "Tree of Life" is actually a map of the human soul. The trunk is the spine and the branches are the pathways for the chi (bioelectricity).

The serpent is what empowers the soul, bringing the all-knowing state of super consciousness known as "samadhi." The "Sun-God" in truth is the ball of condensed chi (bioelectricity), which is visualized and circulated through each of the chakras (Gods) to empower and cleanse the soul, using specific meditations. This is stage one of the Magnum Opus.

The stolen accounts in the Judeo-Christian Bible of humans living for hundreds of years or more were taken from the objective of the Magnum Opus.

This is where all so-called "witchcraft" leads to- alchemy of the soul. This is the highest and most profound working of the human mind, that of accomplishing the godhead of which is our birthright given to us from our Creator Satan.

The halo seen in many paintings is the witchpower of the risen kundalini. The Christians stole this concept from the original religions, both east and west. The Buddha is seen with a halo, as are many of the Hindu Gods for one example.

The era in which the original religions reigned was known as the "Golden Age." Some 10,000 years ago, the Gods left us. This article is not to go into the details as to how or why. This will be covered in a separate article. The Gods are an extraterrestrial race of beings. As a matter of fact, there have been several different alien races that have lived here on planet Earth, and have taken an interest in human beings, either as friends, enemies, or neutrals.

The main Gods who interacted with humanity and are our creators (through genetic engineering) are the race of Gods known as the Nordics. They live throughout the galaxy in several different solar systems. They are highly advanced in knowledge, intelligence, and in spirit. Some are helpful to humans as are Satan and the Elder Gods who have been labeled as "Demons." Some are neutral and others are and have been working for our destruction. The background concerning the creation can be found in more detail in separate

articles on this website. There has been a war over humanity in which Satan and his Demons wish to give us the knowledge to elevate ourselves to spiritual and physical perfection, while the enemy wishes to keep us spiritually ignorant in order to use our life force (souls) as a free energy supply. In many writings of a spiritual or occult nature, the term "God" or "Gods" was also used to describe the seven chakras. Due to centuries of persecution of those who had spiritual knowledge, doctrines contained many allegories and code words. The number "seven" is repeated endlessly in the Judeo/Christian bible. This is a corruption of the seven chakras of the soul.

Abraxas

The original cross was equal armed, as seen in many of the Demon Sigils, with the points (representative of the chakras) flaring out. Other well-known examples are the Nazi Iron Cross and the Bikers' cross. In truth, this is the shape of the human soul, and represents the four elements (fire, earth, air, and water) of which the human soul is comprised. The number four was stolen and corrupted in the Judeo/Christian Bible as with the number seven, the most blatant example being the four gospels.

The Tarot, which originated in Egypt and is based upon the constellations (Egypt was the center of Spiritual Alchemy) has evolved into a deck of cards, of which modern playing cards originated after the trump was discarded. The Tarot has a hidden message and instructions for performing the Magnum Opus. From the Tarot, the Jewish invented "Torah" was stolen, with the original teachings being thoroughly corrupted. The Jewish "Torah" is also known as "The Five Books of Moses" (another fictitious Jewish character based upon Sargon and Thutmose) or the "Pentateuch." The five books were rip-offs from the five suits of the Tarot: Wands/Rods (the element of fire), Pentacles/Coins (the element of earth), Cups (the element of water) and Swords (the element of air), with the trump being the aether or quintessence. All five elements form the essence of the human soul (the fifth element of quintessence holds the four together) and are employed in the working of the Magnum Opus.

Each of the Jewish characters and archetypes in the Bible are imposters stolen from Pagan Gods. "Jesus" is NOT a real being, but a CONCEPT. For those deluded Christians who believe they have experienced "Jesus" in reality, they are communing with nefarious extraterrestrial beings. Aleister Crowley while in a trance state, drew a picture of what is known to be "Jehova" (a corruption of "YHVH" another rip-off of the four quarters and elements, making the 'name' pronounceable) and drew a grey. At that time, knowledge of ET's was not widespread and photos of them were non-existent. These same beings are said to have made a deal with the Vatican: souls in exchange for wealth and power in the hands of a few. To accomplish this end, all spiritual knowledge had to be

removed. No scam can succeed if the victim has knowledge. In order to be effectively victimized, one must be unknowing. Satan is the bringer of knowledge and enlightenment. He has nothing to hide.

Getting back to the Nazarene, the crucifix of which I might add was not seen in any place of worship until after the ninth century and is another rip-off of the four quarters, the Jewish archetype "Jesus/Yeshua" is a CONCEPT. The 33 years he was said to have lived represent the 33 vertebrae of the human spine of which the kundalini ascends. The crucifixion symbolizes the Magnum Opus: the torture, the death, and the resurrection. Origins that symbolize this work include the Egyptian phoenix (born again from the ashes), the Egyptian God Set, who was crucified on a furka, the tale of Isis and Osiris, where Osiris was mutilated into some nine parts and was resurrected by Isis.

The Jewish "Virgin Mary" is a corrupted imposter of Astaroth. Michael the archangel is the same and was stolen from Marduk. Archangel "Gabriel" was stolen from the Egyptian God Thoth; Raphael was stolen from Azazel and Uriel from Beelzebub. Again, this is another rip-off of the four quarters.

Human sexuality has always been severely regulated and frowned upon by the Christian Church. This is because sexuality and orgasm as the life force are essential to spiritual advancement and the raising of the kundalini serpent. Because the church could not supervise sexual activity, they enforced a doctrine of extreme terror. The populace, stripped of all knowledge and spiritual power (ignorance= fear) fell victim to lies. "Hell" emerged on the scene. The word "Hell" was stolen from the Norse word "Hel" representing the Norse underworld. In truth, "Heaven" and "Hell" are code words for the base and crown chakras. Every attempt was made by the church to replace any spiritual associations with these numbers and any significant numbers that were related to the human soul such as 144,000, which is the number of nadis within the human body to channel the life force. The number two became synonymous with Satan. The second chakra is sexual in nature and controls human sexuality, so of course any association with two was evil. Blockages in the second chakra keep an individual completely enslaved spiritually as the life force remains completely dormant in the first chakra.

With fear, human beliefs and thoughts can be controlled. Humanity was led to believe this omnipresent and "all-powerful" "God" could know their every little thought and action. Through fear, people began to monitor their own thoughts and actions. The seven sacraments (another rip-off of the seven chakras) of the Catholic Church enforced strict control over every stage of an individual's life. The most control was exercised through the so-called "sacrament" of "confession." Through confession, the church had even more control, that of

knowing the deepest secrets of the frightened population. This enabled the ruling clergy to have power over kings, queens and other secular monarchy.

Satan tells us in the Black Book (The Al Jilwah), that many writings and texts have been altered. Upon researching the origins of various myths and religions, I find many authors are at a disagreement, both religious and secular. This is due to the Christian Church's systematic destruction and removal of ancient knowledge. To make matters worse, many of the remaining original documents that escaped destruction have been altered.

The Gods left us the truth, inscribed in stone. The pyramids (the pyramids are in the shape of the chakras) have stood against time. It is apparent these ancient monoliths were constructed for future humanity, left to us by the Gods who knew of our fate. These monuments speak for themselves. They were built to reflect the movements of the stars and act as a calendar for beginning the all-important work of the Magnum Opus. The Magnum Opus is normally commenced in the spring, when the Sun enters the sign of Aries, which is known as the "Vernal Equinox." The precise time for beginning this work is at 3 am, which is the hour of Satan. This is the true hour. The fictitious nazarene was said to have perished at 3 pm. 3 pm is actually 15:00, not three and is thus false.

The "Horned God" originates to Sumeria. The Sumerian Gods wore headgear with horns. This predates Judeo/Christianity by thousands of years. Pagan religions were known for their worship of the Horned God. Only with the coming of Christianity, were they repeatedly stamped out, but continued to resurface and survive. Again, the Horned God was maligned and labeled as "evil."

The Horned God is a symbol of the chi, the bioelectrical life force. This is represented by Mercury, as it is fleeting, until fixed through the Magnum Opus. The glyph for the planet Mercury has the horns.

The carvings and the hieroglyphics on the Temple walls and the pyramids remain with us today, as evidence of the truth for those who have enough spiritual knowledge to interpret them. This is why the Gods imprinted these into stone. Satanism is based upon the Magnum Opus. All of the Satanic symbols, the emphasis on witchcraft and knowledge; all of these represent the achievement of the godhead. The Magnum Opus is what Satanism is all about: humanity reaching physical and spiritual perfection.

The Yezidi Devil Worshipers of Iraq

There have been many conflicting articles concerning the Yezidi Devil worshippers of Iraq. The Yezidi people originally came from Southern Iraq and migrated north to Mount Lalish. It is believed they are descendants of the Assyrians who sought refuge after the fall of Nineveh in 612 BCE. ¹ Eridu also known as "Enkidu" was an ancient city in Southern Iraq. This was Father Satan's (Enki's) city. The Valley of Baten El Ghoul which is right over the buried ancient city is now known as "The Devil's Hole." "Belly of the Beast." The Jordanians and many others consider it to be haunted. Demons have been seen by many who have spent the night there, mostly soldiers in bivouac (camps). Those who have been there for any length of time claim it has a powerful energy which RHP people label as "evil."

Those who have spent the night there also claim the entire area is "bathed in a strange bluish grey light." "Apparitions" are also seen. (The above information was taken from the book "Psychic Warrior" by David Moorehouse). The author was a US Army soldier who was hit in the head by a mortar shell while camping with his platoon in that valley and experienced psychic phenomena and abilities he never had before the incident. He was eventually assigned to the US Army Psychic Warfare Dept.

Iraq has many ancient artifacts and evidence of Satan. Mount Lalesh is near the ancient Assyrian city of Nineveh and along a three hundred mile stretch are the Ziarahs; the Seven Towers of Satan with the center tower on Mount Lalesh. The "Seven Towers or Powerhouses" -a high white cone shaped structure with bright rays flashing from its pinnacle." ² Each tower is topped by a brilliant heliographic reflector, and was intended to serve as a powerhouse from where a Satanic/Yezidi Priest could beam his will to influence events in the world.

The Ziarahs symbolize the seven Chakram of the human soul.

The Yezidis have often been described as a secretive people who are not permitted to reveal their religion to outsiders; they keep their real beliefs hidden. Modern Yezidism has changed somewhat from the old ways due to outside interference. The Yezidi people have been severely persecuted and are very suspicious of outsiders. It is obvious their doctrines have been altered to conform to xian beliefs as in the Qu'ret Al Yezid; Satan dictates he is a God and in other places, it reads he is an "archangel."

Satan dictated the Al Jilwah directly to Yezidi prophet Sheik Adi in the 12th century. The Al Jilwah is the most important doctrine in Satanism and every Satanist should be familiar with its teachings. I asked Satan if the Al Jilwah was from him and he confirmed it was, but stated that the Muslims altered some of the Yezidi doctrines.

The Yezidis have been victims of mass murder and genocide at the hands of others, mainly of those of the Christian and Muslim religions. In the year 1415 CE, Muslims desecrated and burned the tomb of Sheik Adi, ransacking his grave and removing his bones and burning them in front of the Yezidis. "Some of the Yezidi multitude they took as prisoners and made slaves of them, others they murdered. "Badr al-Din further ordered the execution of two hundred members of the sect and had Sheik Adi's bones disinterred and burned." ³

In 1892, Farik 'Omar Pasa invited several Yezidi Chiefs to Mosul. His agenda was to collect 20 years back taxes and to try to convert them to Islam. A few Christians were present at the meeting. He began to tell them "if they would give up their Devil-worship, they would be rewarded with high place and rank, and would please the great Allah." When they refused to answer, Farik threw them into prison, marched on their village, and "slew about 500 of them." ⁴

Most Yezidis are illiterate and the few doctrines they have are passed down from generation to generation by word of mouth. In order to avoid persecution, the Yezidi people have purposely deceived outsiders concerning their beliefs and doctrines. This explains why there are so many conflicting accounts of their faith. The Yezidis have very few scriptures; in the Al-Jilwah, Satan instructs, "I lead to the straight path without a book."

"Melek Ta'us taught "first by oral tradition and secondly by this book Jilwe." ⁵

The Yezidi people are forbidden to say the name "Shaitan." They refer to Satan as "Melek Ta'us." Melek means "King." He is known as the Peacock Angel because of his beauty and pride. He is the "Proud One" and "Ruler of the Earth." He is a God of light rather than of darkness and is concerned with the destinies of the world. The Yezidis represent Satan by both the peacock and the snake. "The peacock represents the beauty of the worshipped God and the snake represents his wisdom because he is both beautiful and wise." Their holy relic is the copper sanjak, an image of the peacock. ⁶

They play the flute and tambourine at their festivals and dance; "a worship which led to every excess of debauchery and lust." ⁷

"The Jalwah and the Resh are the authentic holy scriptures of the Yezidis. The Yezidis not only acknowledge the loss of many copies of their scriptures but also Shaikh Hayder's recording of the Book of Resh. The latter no doubt the Resh scripture was set down from memory." The Yezidis indeed avoid mentioning the very name 'Satan' or any of his attributes; have kept themselves aloof for centuries and their books a mystery. They also are forbidden to wear the color blue as this is the sacred color of Satan. ⁸ The Yezidis sometimes use the name "Ankar" for Satan and the name Angar-Manyu for Ahriman in Zoroastrianism. ⁹ The Mishaf (Scripture) Resh (Black) the Yezidis believe was written by Shaikh Hasan al-Basri has been called "Black" because the word Satan is covered in it. Some believe it was the Koran with the words for Satan covered by wax. It

measures 28 x 21 cm. and has a leather cover. The Yezidis also have a reputation for being adepts at black magick.¹⁰

The Al Jilwah The Black Book of Satan

Chapter I

I was, am now, and shall have no end. I exercise dominion over all creatures and over the affairs of all who are under the protection of my image. I am ever present to help all who trust in me and call upon me in time of need. There is no place in the universe that knows not my presence. I participate in all the affairs, which those who are without call evil because their nature is not such as they approve. Every age has its own manager, who directs affairs according to my decrees. This office is changeable from generation to generation, that the ruler of this world and his chiefs may discharge the duties of their respective offices everyone in his own turn. I allow everyone to follow the dictates of his own nature, but he that opposes me will regret it sorely.

No god has a right to interfere in my affairs, and I have made it an imperative rule that everyone shall refrain from worshipping all gods. All of the books of those who are without are altered by them; and they have declined from them, although they were written by the prophets and the apostles. That there are interpolations is seen in the fact that each sect endeavors to prove that the others are wrong and to destroy their books.

To me truth and falsehood are known. When temptation comes, I give my covenant to him that trusts in me. Moreover, I give council to the skilled directors, for I have appointed them for periods that are known to me. I remember necessary affairs and execute them in due time. I teach and guide those who follow my instruction. If anyone obey me and conform to my commandments, he shall have joy, delight, and comfort.

Chapter II

I requite the descendants of Adam, and reward them with various rewards that I alone know. Moreover, power and dominion over all that is on earth, both that which is above and that which is beneath, are in my hands. I do not allow friendly association with other people, nor do I deprive them that are my own and that obey me of anything that is good for them. I place my affairs in the hands of those whom I have tried and who are in accordance with my desires. I appear in diverse manners to those who are faithful and under my command.

I give and take away; I enrich and impoverish; I cause both happiness and misery. I do all this in keeping with the characteristics of each epoch. And none has a right to interfere with my management of affairs. Those who oppose me I

afflict with disease; but my own shall not die like the sons of Adam that are without. None shall live in this world longer than the time set by me; and if I so desire, I send a person a second or third time into this world or into some other by the transmigration of souls.

Chapter III

I lead to the straight path without a revealed book; I direct aright my beloved and chosen ones by unseen means. All my teachings are easily applicable to all times and all conditions. I punish in another world all who do contrary to my will.

Now the sons of Adam do not know the state of things that is to come. For this reason, they fall into many errors. The beasts of the earth, the birds of heaven and the fish of the sea are all under the control of my hands. All treasures and hidden things are known to me; and as I desire, I take them from one and bestow them upon another.

I reveal my wonders to those who seek them, and in due time my miracles to those who receive them from me. But those who are without are my adversaries, hence they oppose me. Nor do they know that such a course is against their own interests, for might, wealth and riches are in my hands, and I bestow them upon every worthy descendant of Adam. Thus the government of the worlds, the transition of generations, and the changes of their directors are determined by me from the beginning.

Chapter IV

I will not give my rights to other gods. I have allowed the creation of four substances, four times and four corners; because they are necessary things for creatures.

The books of Jews, Christians and Muslims, as of those who are without, accept in a sense, i.e., so far as they agree with and conform to my statutes. Whatsoever is contrary to these, they have altered; do not accept it. Three things are against me and I hate three things. But those who keep my secrets shall receive the fulfillment of my promises. Those who suffer for my sake I will surely reward in one of the worlds.

It is my desire that all my followers unite in a bond of unity, lest those who are without prevail against them. Now, then, all ye who have followed my commandments and my teachings, reject all the teachings and sayings of such as are without.

I have not taught these teachings, nor do they proceed from me. Do not mention my name nor my attributes, lest ye regret it; for ye do not know what those who are without may do.

Chapter V

O ye that have believed in me, honor my symbol and my image, for they remind you of me. Observe my laws and statutes. Obey my servants and listen to whatever they may dictate to you of the hidden things. Receive that, that is dictated, and do not carry it before those who are without, Jews, Christians, Muslims and others; for they know not the nature of my teaching. Do not give them your books, lest thy alter them without your knowledge. Learn by heart the greater part of them, lest they be altered.

Qu'ret al-Yezid Revelation of Melek Ta'us

Wherefore, it is true that my knowledge encompasses the
Very truth of all that is,
And my wisdom is not separate from my heart,
And the manifestation of my descent is clear unto you,
And when it is revealed to the children of Adam it will
Be seen by all.
And many will tremble thereby.
All habitations and desert spaces are indeed of my own creation, set forth,
All fully within my strength, not that of the false gods;
Wherefore I am he that men come with their rightful worship,
Not the false gods of their books, wrongly written;
But they come to know me, a peacock of bronze and gold,
Wings spread over Kaaba, temple, and church, not to be overshadowed.
And in the secret cave of my wisdom it is known that there is no god but myself,
Archangel over all the host, Melek Ta'us.
Knowing this, who dares deny?
Knowing this, who dares fail to worship?
Knowing this, who dares worship the false gods of the Koran and bible?
Know that who knows me will I cast into paradisiacal gardens of my pleasure!
But the Yezid who knows me not will I cast into affliction.
Say then, I am the only and exalted archangel;
And I make prosperous whom I will,
And I enliven whom I will.
Say then, I alone am to be praised from the Towers of Lalish,
And from the mountain of Ararat to the western sea.
Say then, let the light of knowledge flash forth from the ziarahs,
Flash forth from the river of Euphrates to the hiddenness of Shamballah.
Let my Sanjak be carried from its safe place into the temple,
And let all the clans of Yezid know of my manifestation,
Even Sheikan, and Sinjar, and Haliteyeh, and Malliyeh, and Lepcho,
And the Kotchar who wander among the heathen.

So saith Shaitan

Satanic Sacraments

People have asked why we advocate making a commitment to Satan. Making a commitment to Satan is a sacrament. It changes your life for the better and opens a door to knowledge, wisdom, the spirit world, and friendly communication with the Demons that is inaccessible to outsiders. Making a commitment shows one's intentions and dedication to Satan. This is where he takes us seriously.

Unlike sacraments in other religions, Satanic sacraments are real and true. In other religions, the sacraments are false. This is proven by the fact that those who receive them can just walk out or "backslide" and leave at any time. They have no power or bond. They are in reality, worthless.

When we make a commitment to Satan, he takes us and our word seriously. This is real and permanent as it should be. The initiation ritual also represents a test of character. Strength is so important. Our character is tested when we give our souls to Father. Here we take one of the most courageous steps of our lives. Many of us go up against everything we have been indoctrinated with throughout our lives with bold defiance. Here we show our true character, that we are not manipulated by fears, threats, and things we truly do not understand. This is a huge spiritual step in liberation of the self and soul and prepares us for the intense inner growth and spiritual evolution that comes with being a true Satanist.

This shows we are truly dedicated to Father and we mean what we say, as total honesty is extremely important to Satan and the Demons. In return, we are rewarded with knowledge and wisdom beyond anything known to outsiders.

In addition, when those of us make a commitment to serve as clergy, this is a serious lifetime appointment. Father Satan takes us up on this. He frequently makes his presence known in the lives of his disciples even when we have our minds on something else. This is the way it should be. Father's relationship with us is a two way street. He meets us more than half way.

Outsiders are known as "those who are without." Many who have dabbled in the occult, magick, and even Egypt; (as Egypt and all of the occult are of Father Satan) outsiders have had their share of negative experiences and hard luck, as they have not made a commitment. I have found outsiders can only go so far in these areas. When we make a commitment, we become part of the Family of Satan where we are welcomed to learn, grow, and evolve.

Making a Commitment to Satan

Had I as many souls as there be stars, I'd give them all for Mephistopheles!"

-Dr. Faustus

*Please read the Frequently Asked Questions at the bottom of the page.

What happens when I make a formal commitment to Satan?

Almost immediately, things start to get better, Satan looks out for his own. Satan gives us an inner strength and we become very strong in spirit. Unlike right hand path religions, where adherents are forever praying and searching for their god, Satan comes to us on his own. Many times, we can feel him. He comes to comfort us when we get down, worried, or are experiencing problems.

He snaps us into line and directs us as to what we need to do to be focused and happy. Unlike the false god Jehova and his cohorts, Satan never turns his back on us in our time of need.

An good analogy/story is a Christian: He is in serious trouble, in desperation, takes his last change, goes to a phone booth in the freezing rain and dials heaven. He keeps getting a busy signal. After quite some time, someone answers and puts him on hold. They leave him on hold. When a Satanist calls Hell, Satan, himself, picks up after the first ring.

In making a commitment, we engage a formal ritual. This is done out of free will. We are making a choice, as opposed to being dragged off to some Christian church, and reciting canned prayers in front of a bunch of idiots.

The initiation ritual is very personal, unless you decide to have friends participate, or are doing it as part of a group.

You will need:

One or more black, blue, or red candles (as many as you like)

A sterilized needle or razor

A piece of clean paper, large enough to write the prayer below

A dry pen, where you sign your name in blood (dip the tip of the pen in your blood)

Write the following prayer:

Before the almighty and ineffable God Satan/Lucifer and in the presence of all Demons of Hell, who are the True and the Original gods, I, (state your full name) renounce any and all past allegiances. I renounce the false Judeo/Christian god Jehova, I renounce his vile and worthless son Jesus Christ, I renounce his foul, odious, and rotten holy spirit.

I proclaim Satan Lucifer as my one and only God. I promise to recognize and honor him in all things, without reservation, desiring in return, his manifold assistance in the successful completion of my endeavors.

It is important to bathe before any rituals you perform, this is done out of respect. When you are ready, you can light the candle. Take the needle, prick the index finger of your left hand, and squeeze some blood out.

Sign your name in blood.

Recite the prayer either aloud or in your head

Fold the paper and let it burn in the fire of the candle. Many of us have stayed and meditated until the candle had burned itself out.

At the end of the ritual, close with the words "so mote it be." And a Big "HAIL SATAN!!!"

Frequently Asked Questions/concerns:

Question:

Can I perform the ritual more than once?

Answer:

NO! Satanic rituals are real and binding. The ritual should only be done ONE TIME!

Question:

I performed the ritual. I could barely get any blood on the paper, is the ritual still valid?

Answer:

YES!! The amount of blood does not matter, this is only a formality. What is in our hearts and what our intentions are, are much more important than the amount of blood in our signature.

Question:

Can I reverse the ritual at a later date?

Answer:

Satanic rituals, unlike the rituals in other religions, are real and permanent. I received a very small number of letters from people who were confused and harassed by Christians. One person performed a reverse ritual and Satan left him. Totally. Satan does not push himself on anyone.

Christians are deceived. They believe their "God" to be "loving" and "forgiving." In truth, this monster is a spiteful, hateful attacker of human beings. When one is with Satan, one is always under his protection. He looks out for us and we enter a new life where we no longer have the worries that others endure. Things are not perfect, but they are always much better. Satan does not punish people who reject him, he simply leaves and one is left all alone to endure the torments of the enemy.

These people wrote to me because after several months, they were begging for Satan to take them back. The enemy did absolutely nothing for them. All were extremely regretful they ever left and very desperate to come back.

Question:

I am under-age and my parents would cause me serious problems if they ever caught me doing a Satanic ritual.

Answer:

If there is absolutely no way you can perform the ritual without placing yourself in danger, you can perform it in your astral temple.

You can do the above ritual when you are older. Performing the dedication on the astral is every bit as valid as doing it physically. Satan is very understanding concerning teens who are forced into accepting Christianity while living at home and being underage.

Question:

I am underage, living in a Christian home and my parents force me to go to church and participate in Christian sacraments. Can I still do the dedication? Will Satan be angry with me?

Answer:

Yes, you can still perform the ritual. Satan understands. As long as you are loyal to him in your heart, he will not be angry with you. Those of you under 18 are not free. There is no need to reveal your allegiance to Satan to anyone. What is in your heart is more important than anything else. Satan advises us in the Al-Jilwah not to reveal our religion to outsiders if it will cause us harm in any way, this is especially important for teens. Just renounce the Christian "God" in your mind if you are forced to participate in any of his garbage. Satan understands it

can be downright dangerous, and in some cases even life threatening for teens living in Christian homes to reveal their allegiance to him.

I performed the dedication ritual several years ago, at midnight on the evening of April 30th. My life over these past few years has drastically changed for the better. I have found blissful happiness and profound joy, as I have never experienced before. I have no doubts that Satan/Lucifer is the Creator God of humanity. There are no words to express my deepest love for him. He has touched me to tears many, many times and has blessed me and my family profusely. I strongly encourage everyone to perform the commitment ritual. I have never known a more beautiful, loving, magnificent being as my beloved Father Satan. Exalted be His Name and May He Reign Forever!!

Satanism's Origins in the Far East

From years of research, and guidance from our Beloved Father Satan, we have discovered the true origins of Satanism. We have come to the conclusion, knowing Judaism, Christianity and Islam to be unparalleled and vicious hoaxes upon humanity, that the claims these programs make in regards to the origins of humanity being in the Middle East are lies and cover-ups to further delude and confuse people as to the truth. Spiritual knowledge and teachings came to Egypt and Mesopotamia from the Far East.

The Far East is also where Judaism and Christianity STOLE their doctrines from, after corrupting them and replacing them with imposter filth, with the goal to remove all spiritual knowledge from the populace, their trail of lies is replete with the murdered, the tortured, the damned and the spiritual degeneracy of humanity. More and more lies are necessary for these programs to cover up their stinking foundation of corpses, destruction of historical artifacts, and horrendous corruption.

When doing any personal research/study on your own regarding the Far East disciplines, it is very important to remember that unfortunately, these have been heavily polluted with Christian filth and lies like just about everything else. The TRUE goal of Satanism [the root word/name "SAT" of 'all names and variations of Satan' means "TRUTH" in Sanskrit, which is one of the worlds oldest languages], is to advance our souls and to empower ourselves. Meaningless crap such as references to certain 'morality' and 'personal conduct' should be weeded out as dross. These in truth have nothing whatsoever to do with obtaining the powers of the mind and soul. Knowledge and application of that knowledge is the only key.

"Right up to the thirteenth century, Yantra-Tantra practices thrived on a widespread basis in the whole of Eastern India. In the Thirteenth century, muslim invaders destroyed the famed universities and centres of learning of Yantra-Tantra and ruined thousands of volumes of literature in the form of books, manuscripts and icons. People practicing the art of Yantra-Tantra were massacred and those who were able to save their lives escaped to South India, Assam and countries like Nepal, Tibet, Burma, Ceylon and Java. In more recent times, the Chinese invaders who plundered Tibet further destroyed the monasteries and literature of Yantra-Tantra."

Reference: Power of Mantra and Yantra by P. Khurana

As we can easily see from the above excerpt, Christianity and Islam are nothing more than formidable tools to destroy all true spirituality and replace it with false imposter lies and corruptions. Much has been destroyed. Satan leads us to the truth through our own study and through opening our souls and minds.

The Roots and Origins of True Satanism

After years of research into Satanism, we have found the origins are in the Far East. When beginning research into Satanism, one usually will look to Western Occultism. Western Occultism has been thoroughly corrupted and infested with Jewish filth. Nearly everything in Western Occultism has its roots in the Far East.

Western Occultism is chock full of Hebrew letters, numerology, angels and other filth. Our original Gods who gave us spiritual knowledge are blasphemed and made to hideous monsters. When tracing all of this back to its origins in the Far East, the names of our Gods in Sanskrit are revered and held in the high esteem they deserve. The name "Satan" which means "enemy" in Hebrew, means TRUTH and CREATOR GOD in Sanskrit. Of course, the people of lies would deem TRUTH as their mortal enemy.

Civilization did not begin in the Middle East as we are led to believe. Sumeria, Egypt, and other ancient civilizations obtained their spiritual teachings and occult knowledge from the Far East. The modern paperback edition of the Necronomicon; in the preface, the editors even admit to this text having its origins in Sanskrit. Anyone with knowledge of Sanskrit can see this is true with many of the words and names in that book.

Satanist Heinrich Himmler knew the truth about our spiritual origins in the Far East, and sent an expedition to Tibet, where the Germans were very well received. The expedition brought back around 30 Tibetan Buddhist Monks to Berlin, all of whom died in a group ritual suicide in the spring of 1945, with the fall of the Third Reich.

True Satanism can be found in Kundalini [Serpent] Yoga, and Left Hand Path Tantra. Unfortunately, like with everything else, there have been some corruptions in the above-mentioned disciplines, where the Jewish tool of Christianity has infested, but most of you who are dedicated to Satan will feel the truth in the basic doctrines. Acquiring of knowledge means sifting out the dross.

In their obsessive and relentless quest for world domination, and to take the place of our True Creator God who is known as Satan, the Jews have used everything in their power to destroy, pervert, and corrupt all true spiritual knowledge. The mass murder of Gentile priests and sages, the systematic destruction through infiltration, of any and all prominent Gentile occult organizations, such as Freemasonry,[which is now another tool for Jewish communism], leaving a long trail of murders, and more murders and lies to cover up the stinking stench of all of this hideous kosher corruption. The end result is communism, which is the final removal of all spiritual/occult knowledge from the Gentile populace, while Jewish masters assume the position of 'God.'

In preparation for all of this, nearly every single page of the Judeo/Christian Bible has the word 'Jew' 'Jews' and/or 'Israel' on it. Their agenda is based upon taking names, places, important dates, and concepts from Gentiles and replacing them with their fictitious characters, archetypes, and corrupted teachings, to disarm us spiritually. They use these lies to claim they were the founders of all religion, civilization, and spiritual teachings, the greatest of their lies is that of being 'The Chosen of God.' Much of this is also subliminal. Exclusively Jewish schools where the Jews learn to argue and obtain the knowledge they need to destroy Gentiles, are called "Shivas." The name was stolen from the masculine power of the Kundalini, the consort of the feminine Shakti. In other words, the brains that direct the spiritual power to manifest on the material plane in a specific way. Those who are knowledgeable here can readily see the connection.

Many textbooks, even at college level claim Judaism to be the oldest of religions, which is a LIE. A prime example of using a fictitious history is the state of Palestine. They obtained this state through LIES. Ever since, the Palestinian people have suffered horribly. There has never been any peace in the Middle East with the establishment of the bandit state of Israel. These lies have given the Jewish people special privileges and a history they are NOT entitled to.

Occult power is within us all. By removing this knowledge and keeping it for themselves, the Jews can throw a curse at whomever they choose, and the Gentile victim is helpless without any knowledge or spiritual power. They have even bragged about this and more in the Protocols of the Learned Elders of Zion, stating the aura of protection they have put around their entire people, so when the shit really comes down on all of the Gentiles [fighting each other, because of Jewish instigation], their own will be protected.

Christianity not only removes spiritual knowledge and replaces it with Jewish lies, but also self-perpetuates through the use of the energies of the believers. This powerful Jewish tool must be destroyed, as its end result is Jewish communism, as can be readily seen in the biblical message as a whole and in the sermons of the Jewish invented character of the nazarene.

'Maya' means 'illusion' in Sanskrit. Many are concerned about the 'Mayan' calendar, which states the end being in the year 2012. Given the research I have done [I am far from finished here], the names of many civilizations, especially many ancient ones have their origins in Sanskrit, such as Sumeria [SumerAryan]. The Mayan connection makes sense. We believe that 2012 may be the year when Gentiles as a whole wake up to the Jewish SPELL and HOAX of Christianity.

A Jewish rabbi once stated that the Hebrew letter 'Vau' that is in their numerology a six, is also the Semitic W. WWW [World Wide Web of the internet] equals '666' which the Jews have named 'The Beast.' The information on the internet cannot be controlled. This will be their undoing.

In closing, I would like to add some very important information concerning the Eastern teachings we now have available to us today. Like with most everything, much of what we have today has been infested with Christian lies, no different from the 'New Age' teachings, which are Christianized Paganism and witchcraft. When researching Kundalini Yoga and Left Hand Path Tantra, one can see in the essence, the symbols, the mantras, the words, and the techniques, the Satanic essence and foundation here.

The most important thing one can do when reading anything of yoga is to realize that much of what we now have available to us has been corrupted. There are no 'Laws' as such. All of the crap on celibacy, abstaining from eating certain foods, observing certain virtues, lack of desire and detachment, and related, is not only dross, but very harmful advice in many respects. I have done enough studying, along with personal experience to know this. In addition, that 'absence of desire' that keeps cropping up in many of Eastern teachings [that have been corrupted with Christian filth], that alone- one can see is total bullshit and lies. Total absence of desire = death. If one actually had 'no desires' then one would not meditate, nor would one work towards advancing one's self and seeking enlightenment. One would be dead. These false teachings are there to disarm and prevent those who acquire power from the above disciplines from using it. Using our powers through both white and black magick is what the enemy fears the most. This is why these teachings have been corrupted. As for absence of desire, the only truth in this is if one does the exercises faithfully, this will stop cravings for mind-altering drugs and related vices.

True Left Hand Path Tantra is living life to the fullest, indulgence in pleasure, while working towards enlightenment through meditation and knowledge- the Satanic way. Many books about yoga contradict each other, which reveals corrupted information. You have to open your mind and like with reading anything- read through it the Satanic way- sift out the xian bullshit that unfortunately has infested nearly everything.

In empowering ourselves, truth be known, and I speak from experience here:

- There are no special dietary laws
- There are no special ways of living or being- in other words, you are FREE to be yourself and live your life as you choose
- There are no sexual taboos, meaning- you are free to have sex as you choose, with whom you choose, and as often as you choose
- The only thing that IS relevant with these disciplines is CONSISTENT PRACTICE, and nothing more. The essence of these teachings are all about developing the powers of the mind and soul, which are open to everyone in the universe. You don't have to live your life by certain laws.

Energy does what it is told to do. The only thing one needs is accurate knowledge. The knowledge on how to get there and how to be the most powerful you can be.

As Satanists, we work toward:

- Developing and advancing the powers known as 'Siddhis', such as telekinesis, telepathy, levitation, and so forth. These are gifts to us from Satan.
- Development of our personal powers in causing desired changes in our lives and/or in the lives of others using the powers of our minds and souls.
- Using any powers we obtain from doing yoga, meditation, mantra, etc., to enhance our lives, establish justice if we are wronged, acquire wealth, heal and/or anything else we desire.

DESIRE is the key to working effective 'witchcraft.' When our minds and souls become powerful through meditation, yoga, and mantra, what we DESIRE will often manifest of itself in our lives, even without any working or ritual. I know this from my own personal experiences. DESIRE alone will bring it about, if one has the power.

Satanic Symbols

It is a sad fact that few Satanists know the real meaning of our symbols. Most take false and erroneous information from Christian sources. Christians show their stupidity and ignorance incessantly. Knowledge is their most formidable enemy for no scam, no hoax, nor any lie can succeed when one has knowledge of the truth. Every Satanic symbol represents powerful spiritual meaning in regards to humanity reaching the godhead of spiritual and physical perfection and immortality. Most if not all Satanic symbols pertain to the true spiritual knowledge and the human soul.

THE SERPENT: The most sacred symbol in Satanism. The serpent represents the kundalini force at the base of the spine. When the serpent is activated through power meditation and specific exercises, it ascends through the seven chakras, bringing intense awareness, enlightenment, psychic powers and abilities, and all-knowing. The hooded cobra, seen in many ancient carvings and paintings in Egypt, symbolizes the resulting expanded consciousness of raising the serpent.

This is the TRUE foundation of Satanism- raising the serpent. Those who are successful in raising the serpentine energy are on a much higher spiritual level and can no longer be deceived by Christianity and its related programs.

The Point Down Pentagram symbolizes energy entering our crown chakra from above. The Satanic Lightning Bolt symbolizes Satan as our True Creator God. The lightning bolt is the life force- the bioelectricity. All point down symbols in Satanism represent energy from above descending and giving life to, and empowering the human soul.

The Equal Armed Iron Cross is seen in most Demon Sigils and represents the alignment of the chakras and the shape of the human soul.

Lucifer has several sigils. All have to do with reaching the godhead. His symbol at left represents the True GRAIL. This is the cup that holds the elixir of life. The Catholic Church STOLE this concept and corrupted it. The Grail is part of the Magnum Opus, the potential of which we have within ourselves. It is not a material object, it is a concept. The "blood of the chakras" is the energy they leak when stimulated. The Grail is depicted as "Royal Blood." this is the 'blood' of the chakras.

The symbols on the left are of Astaroth. Both were derived from the Egyptian Ankh.

The Egyptian Ankh represents the key to the soul and the heart chakra. The glyph for the planet Venus was derived from the ankh. Both the planet Venus and the heart chakra are of Astaroth.

The colors RED, WHITE, and BLACK date back not only to Ancient Egypt, but to their origins in the Far East. Egypt was known as the "Black and Red Land" and was the center of Alchemy. Alchemy is the transformation of the human soul into the godhead. Through this transformation, we complete Our Creator Satan's unfinished work. The colors red, white and black are of the three major nadis of the human soul. The Ida is black, the Pingala is red, and the Sushumna is white.

"DARKNESS"

The association of "darkness" with Satanism has been totally twisted. This is not about spooks, ghouls or any other crap like that. Satanic "darkness" has to do with the "yin" in the "yang." This represents the female side of the soul; the subconscious mind that we access through meditation. The Serpent of Satan is of the female side of the soul. The male side of the soul is the logical side- the left brain. The female side is the right side of the brain. The soul has both positive and negative poles. Both the male and the female must work together. The logical male side; the left-brain directs the female side through thought and will. The female side of the soul is the powerhouse of the soul. The female side makes manifest the thoughts and ideas generated from the male logical side. The female side is also the creative aspect of the soul; dreams, music, feelings and intuitions. Because of the power to direct one's own destiny and the spiritual freedom that comes with this are of the female side of the soul, the Christian Churches and their related ilk, such as Islam, work at promoting an inferior image of women; with Islam being brutal to women, and the incessant denigrations of

women in the Judeo/Christian bible. All of this in addition reflects on the subconscious, subliminal level to suppress and deny the female power of the soul. Through centuries of this enforced garbage, which is nothing more than a program to remove spirituality, the female side of the soul and its powers have atrophied. This is why humanity and this world are in such an ugly mess right now. This has created a most serious imbalance that has become generational. Satanism works through power meditation to empower the female side of the soul to regain balance and restore spiritual health, along with empowering the individual.

The "Devil's Pitchfork" is actually a very ancient symbol predating Christianity by thousands of years. This symbol originated in the Far East [where Christianity and its Jewish root stole from copiously; hideously perverting and corrupting the massive theft beyond recognition, in order to destroy spiritual knowledge and keep spiritual power in the hands of the "Chosen" few]. It is known as the

"TRISHUL" and symbolizes piercing through the three knots in the base, the heart, and 6th chakras, also known as "granthis" in Sanskrit. For the serpent to ascend, all three must be open. The Trishul symbolizes the serpentine energy piercing through the three granthis.

The image of Baphomet of western occultism was taken from the image of Shiva

[above]. Note the position of the arms, one pointing upwards and the other downwards. The Baphomet again is symbolic of both the male and the female aspects of the soul. Note the Baphomet is both male and female, as also seen with in images of the Egyptian God Akhenaton. The horns are symbolic of Mercury, which is the vril, chi, witchpower, life-force, prana.

The wings of the soul represent spiritual freedom. The goat symbolizes fertility- fertility in multiplying the life force, vril, which activates and raises the serpent. The "Goat of a Thousand Young" is referring to the crown chakra, "Sahasrara" in Sanskrit which means "Thousand Petaled Lotus."

The horns are symbolic of the life force, the witchpower, vril, chi...This is symbolized by the symbol for the planet Mercury [shown directly below].

"Mercury" is known as "Messenger of the Gods."
 "God/s" is a code-word for the chakras. Note the horns shown on the image of Azazel [shown at left], with the rays shining from his head, representing the risen serpent.

The PYRAMID is symbolic of the shape of the human chakra. The missing capstone represents the unfinished work and the ALL-SEEING EYE represents the gnosis and all-knowing when one reaches the godhead. This state is also known as "SAMADI" or "SUPER CONSCIOUSNESS." The photo at left was taken from the US One Dollar Bill. The United States, government and all, was founded upon Masonic principles and is not Christian by any stretch of the imagination. Original Freemasonry was of Satan.

666 is the Kabbalistic square of the Sun. 666 is the all-important solar chakra. The true meaning of the "Temple of Solomon" is the TEMPLE OF THE SUN. "Sol" "Om" and "On" are all words for the Sun. "Sol" is the Latin word for the Sun and is close to the English word "soul." "Om" is a name given by the Hindus to the Spiritual Sun and "On" is an Egyptian word for Sun. The symbolism of the Temple of Solomon was stolen by the Jews and made into a fictitious character, as with the fictitious nazarene and nearly everything in the Judeo/Christian Bible. The true meaning of the "Temple of the Sun" is spiritual. This symbolizes the perfected soul, where the rays from the solar [666] chakra, which is the center of the soul and circulates spiritual energy, radiates into 8 separate rays. The shining soul is symbolized by the sun. 8 is the number of Astaroth. This is also "The New Jerusalem." The name of "Jerusalem" has also been stolen and corrupted into a city in Israel. "Jerusalem" IS A CONCEPT!

Note on the two Satanic symbols here, the number 8 is the symbol for infinity/immortality. The 8 is turned on its side. The double cross symbolizes the human soul at the solar [666] and heart/shoulder chakras.

The 8 pointed star on the right, is the Star of Astaroth. The Catholic Church labeled this as "Sigil of the Beast." Anything having to do with spirituality has been maligned, slandered, blasphemed, and desecrated by the Christian Churches. The shining perfected soul is also symbolic as "The Light." Astaroth's symbol represents the balance and equilibrium, obtained when both the Ida and Pingala nadis are equally active, and the Sushumna is no longer dormant.

The Skull and Bones is symbolic of the Nigredo [transformation] stage of the Magnum Opus (The transformation of the soul into the godhead). This is the death stage in the work, before the soul is purified into the godhead. The dross is separated from the pure.

The Black Sun, the Raven, the Crow, and the color black also symbolize the Nigredo [transformation] stage. The Black Sun is the astral Sun.

The Peacock is sacred to Satan and represents the third eye and the multi-colored stage of the Magnum Opus following the Nigredo [transformation]. Lucifer, Lucifer, stretch your tail, and lead me away full speed through the strait passage, of the valley of death, to the shining light, the palace of the Gods - Isanatha Muni

The inverted cross is a very ancient symbol, YES, predating Christianity and its Jewish root by thousands of years. Its true meaning symbolizes the correct way of aligning the chakras. The all-important solar [666] chakra is aligned point down, and gives the soul its power.

Spiritual War The Battle Of 1919

May the first, 1919 the Jew and Kabbalistic adept, Lenin gave a speech in Moscow declaring May day as a Communist holiday in honor of the success of the Bavarian Soviet Republic which had been established the pervious month in a revolution led by Jews from Russia and run by the murderous Jew, Max Levien who bragged he had murdered thousands of infants by enforced starvation in the Judeo-Communist terror he was imposing on the Bavarian population in which thousands of people were being robbed, raped, beaten and murdered on a daily basis by Communist troops lead by Russian Jewish commissars.

As Lenin was giving his speech gloating over the victory of his Jewish tribe against the German Bavarians and the Talmudic onslaught that was unleashed upon the Gentiles by his tribe. Little did he know at the same time descending upon Munich the capital of Bavaria and the seat of Communist power were long columns of tanks, armoured cars and troops who upon their helmets had the Swastika and double Sigil runes as well as upon their uniforms and tanks. The troops of the Thule combat league and the Free Corps marched against the Communist forces and outnumbered by the Red Army they swept thought Munich in a few days totally destroying the Red Army and forcing Levien to run for his life back to Moscow after fully liberating Bavaria from Jewish Communism. Among the warriors of the Thule combat league was an officer in their ranks, Rudolf Hess.

Within the battle of 1919 the truth is revealed the key to victory and how the enemy has been using Kabbalah which is Jewish racial magic as their occult power to take over with Communism. Levien and his fellow Jews were Kabbalistic adepts and they ran their revolution out of the occult Judeo-Masonic lodges. The Communists in Bavaria chose the occult date of April 30th to perform special political executions upon due to the power of this date. As they were ritual human sacrifices.

The fact is human ritual murder is not theatrical if one studies how this is done its simple. They kill the victim then direct the energy to the target that is all at the most all they use is a small talisman to direct the energy which can be hidden away in the pocket or they can just direct the power with the mind if a high adept. Putting a bunch of people up against the wall and then shooting them the adept can then direct the energy of the victims to the target its that simple.

The Communist terror in Russia was run by the Cheka which was made up of close to 1,4000,000 Jews and lead by Jews. Later the Cheka became the NKVD the NKVD also ran the Gulags and ran Stalin's terror. Alexander Solzhenitsyn, the Russian historian who survived the Gulag wrote that 70% of the NKVD camp commandants were Jewish rabbi's. The Cheka was being run by rabbi's who were

Kabbalistic adepts.

This brings this statement into light:

"The Yevreyskaya Tribuna a Russian Jewish newspaper reported in August 24th, 1922 that Lenin had asked the rabbis if they were satisfied with the particularly cruel executions." [1]

Why is Lenin consulting with Jewish rabbi's as to the methods of the Cheka executions?

The methods the Jewish Cheka used to murder the Gentiles with were Jewish ritualistic murders that that were following the stated methods in the Jewish Torah to murder Gentiles, this includes burning Gentiles alive, cutting Gentiles up with saws, axes and such tools and even forcing Gentiles to eat their own flesh as commanded in Isaiah, 49:26. The entire methods the Cheka used all are found within the Jewish Torah. And was being instructed to be carried out as such by the rabbi's leading their fellow Jews in the Cheka. This is due to the fact these methods connect into the vortex of occult energy of the Torah which is a Jewish grimoire and thus designed to give more power to the Jewish Kabbalistic rituals to manifest the Jewish Communist world government. Some of the victims of the Cheka even had Kabbalistic magical symbols burned into them before being tortured to death by the rabbi's in political uniforms in their Kabbalistic murder rituals in the Cheka's cellars. This is also why such insane methods of executing political prisoners were used it was designed to simply torture them to death to generate as much energy for the ritual to then send the power to the target. Its also known the Jews committed ritual murders of Gentile children in the Russian Empire for political power as the Jews admitted in the case of the Gentile child, Andrei Iushchinskii, the rabbi Mendel Beilis and other Jews arrested told the authorities upon questioning the ritual murder of Andrei was done as a ritual to bring down the Czar and bring about the Communist revolution.

The Jews used the same methods in Bavaria as well. The mass executions lead by rabbi's in political uniforms as mass human sacrifices to raise and direct the psychic occult power to manifest their victory. This is why Communism has barley even been actually defeated because its a Jewish occult program. And the adversaries of such are helpless against the level of psychic occult power and knowledge the Jews are using. No matter how much physical advantage the adversaries of Communism have they always just seem to lose because they are spiritually defenceless. Even super powers as America have been defeated by Communist forces.

However in May of 1919 something changed the Communists were totally destroyed this is a rare event and the question is why?

The Jewish leaders in Munich were fanatically sending their special police out to hunt down the members of the Thule Society who were hiding out in Munich conducting major rituals in secret against the Communist regime. Seven of the members who were found were executed right away by the Jews. Why would the Jewish leadership be wasting resources on such an affair if this is all nonsense? Because its not as the Kabbalistic leadership of the Jewish regime knew this was dangerous to them.

The Thule combat league should have been destroyed in Munich they were out numbered and attacking fortified defensive positions manned by combat veterans of the first war who were Communist fanatics. Yet the Thule combat league had almost no casualties despite doing the most fighting and throwing themselves into battle against machine guns and bombs in a manner that won the respect of the population for the intense level of bravery they fought with. This defies all convention in its results.

The soldiers of Thule were spiritual adepts and initiates this is why they wore the Swastika upon their helmets and uniforms its a runic sigil of protection its a spiritually charged Aryan symbol of psychic protection. Its a symbol to protect them in battle against the racial magic of the Jews and they also wore the victory runes to give them protection and victory in battle against the Jewish Communists. The ancient Europeans adepts put runic sigils on their weapons, shields and armour for protection and victory in battle. These symbols generate psychic energy that merges with the individual energy field of those wearing them and enhance such for the purpose of the sigil. The Thule soldiers also would have performed rituals before going into battle. And given they were spiritually empowered from their practises this would have enhanced the power of their rituals and the psychic energy of their souls and the sigils they wore. And why they took almost no casualties as bullets that should have hit the target missed them by a mile and their enemies strong and experienced combat veterans fled before them in battle and psychically broke down. Rudolf Hess himself a spiritual adept only took minor wounds to personally charge a machine gun position and destroy it single handily as a one man army.

The rituals the Thule Society were doing connected with the para-military wing of the Thule Society and connected in general with the mass mind and worked to bring down the entire Communist regime. It was only an army of Pagan, Gentile spiritual adepts that brought down the racial magic of the Jews and their evil regime of terror.

Everyone has to read these books, or at least read a summary, as they are important. Given for people like Orwell, Descartes, Hugo Grotius, Machiavelli, Plato, Aristotle, Socrates, Franklin, Francis Bacon, and many other writers and people from all over the World, we can still say we have a touch with civilized civilization. All this becomes destroyed in all these enemy judeofilth regimes where they wipe out all intelligentsia and all people who are civilized, capstones of culture and of course, real spirituality.

They go as far as murdering anyone who is illiterate, and they did this in Soviet Russia by the masses. At the time of Stalin and Lenin, many didn't know how to write down their own name. Read what if you don't even

know how to read.

If you didn't know how to read, how anything would be even possible. Subverting and destroying language is also used by the Jews, as a weapon to blind and stupify the masses. I read a research paper that showed how actually, complex languages and communications are the best ways to communicate for your brain. Japanese is a great instance, same with the Ancient Languages. These activate both parts of the brain and expand the way you understand reality. Subverting the language, you subvert the thinking process. The jews in universities, writers and other filth, they are doing this on purpose. This is why talking in an intelligent manner is seen as something that is unwelcomed. Infact, by more complex communication, you can transmit thoughts better and think of other more important things. If in your mind there are sole words such as "eat, drink, shit, sleep", then you are what you think and become what you think. If you reduce "eat drink shit sleep" to "i, y, st, sl" then you become even more stupid. And you aren't far from slowly drifting into just uttering jungle sounds and becoming a jungle man again. Then after this level, its the level of Communism. Even lower than the jungle. Where you don't even think about "eat drink shit sleep" anymore, you just do this. This is the level where the jewish son of a Rabbi Marx did put as "Alienation" of "workers" . And from there on its the beginning of a cyborg and worse. Man is made into a cyborg worker. In reality, like your body, everything relates with something similar. And this is the case here.

Also, I read in another report how words that we do not use, stop having meaning for us. Destroying the notions of words such as "love" and infesting them with strange meanings, this destroys the emotional understanding behind the word, and as thus, what it carries too. As thus I would be certain this reduces your emotional IQ and also your intelligence. But also your happiness. Slowly mankind drifts into a reality of nonsense and physicality. This is where Marxism comes in again, the level of "Gross Materialism" is this level. It should be obvious by now. Learning different languages also expands your mind and its scientifically observed that it makes you more intelligent, enhances memory. People with talents in this

should by no means stop this.

Additionally, "brute" languages like Old Norse, Old Germanic, Ancient Greek, Egyptian, Sanskrit and whatever else, the kikes have worked to destroy in their core. Meanings destroyed, meanings lost in the sands of time, pronunciations and letters hidden even from researchers, hidden notions destroyed. The Kabbalah was originally Egyptian and Far Eastern and did build around this principle. Plato, Pythagoras (look these guys up) went to the Far East to get this education. Pythagoras waited 7 years to get initiated in Egyptian mysteries. Its stated that he reached the Godhead and that he made it to be immortal. There is mystery around this character and his titanic proportions of intelligence. Another instance is Imhotep. He was a man but he reached so high and in the end he became a God. This has happened all over the World.

I have personally saw a Demon who looked no less than a Vietnamese, with a traditional clothing that resembles the ritualistic clothes of the very old Primordial Buddhists/Vietnamese. Back to languages though. The sounds produced are very powerful, the further back one goes. In the jewish language, there are strong utterances, as this is stolen from the Phoenician. In other words, you tell someone to fuck off and go die, and the sound produced has much more of an effect than simply saying "Sir, go fuck yourself". Sanskrit is a spiritual language in itself. Many words are mantras and not merely spoken words. The enemy also does this, that they keep mentioning Nazism as Nazism. I know this is the word we define National Socialism now, but this started off as a bad word, with bad rep, meant simply to eradicate the "National Socialism" part that it contains. National Socialism contains meaning, Nazism is an acronym. When you say "National Socialism" you arose meanings and questions. Nazism is more simplified.

People in the past were so much lacking of education, that many can't even comprehend this. Go 100 years ago in Russia and you will see the amount of illiterate people reached well over 80%. They only knew the biblical bullshit and crap, church attendance and how to starve themselves to death due to the jewish controlled monarchy of the Czar. Rasputin was

leading Czarist Russia, and the internal circle of the church, who controlled the Czar like a little boy. He sure was better than the Communists, but still he was controlled. It doesn't mean that if he was the Czar he was entitled to any knowledge of the spirit. These were heavily delving in the Kabbalistic and Jewish teachings and from the undercurrents, they did run everything. All who know about this know that the Czar was nothing but a kid that merely contacted the Jewish crapster clerics for any inquiry and questions on how to govern. There was never a time of the Czar or any Russian Kingdom, just merely, Christian Orthodox rulership. What the Jews did is take the conditioned to Christianity populace and finalize their ends of Communism, with lots of lies and deceptions. Step 1 to Step 2. Then, everyone knows what followed, a modern instance of yet another darkest times of Mankind pretty much. It's all a two-sided game people, wake up and it's all carried on against you. Separation of church and state hasn't happened in many places of the world still. I won't mention the Middle East, as these people have been literally destroyed by this.

Once the good people are gone and only people who are willing subjects remain, a people/race/nation will be easily enslaved. The enemy does this and this is why they push Race Mixing. The separation of Races, as it did in the Ancient times, produces strong Races, who don't want to be subjects to slavery or anything else. Health is a major factor of this. Most of the time, Race mixing doesn't produce the good results. When someone is stupid, sick, damaged for whatever reason and they need 20 pills a day to survive, they are pretty much owned by the pharmacist. I do not mean this is "evil" in itself, but this something that should be unwelcomed. If technology is put under the service of Humanity and not of Jewish profit, all diseases, including maybe those who we think as "incurable", can and WILL be cured. Therefore, people will win again the freedom of their own health, which is a birthright the Jews are stealing away.

They basically want to kill you all and assimilate you for that reason, but rather, they propagandize this so you will do this yourselves, while thinking you are also "trendy". You have to adhere to the notion of "trendy", or you will be "not trendy" and oh my, how bad is it to be a sensible being in a

world of idiots and fools. They basically do sell you a feeling of jewish crap, so you will sell out the Truth inherent in your own being and bastardize it. They buy it cheaply, because fools market it cheaply. They are of course, as the kikes say, CHEAP as beings. No money, means cheap and worthless in the kike system. One can have the greatest mind, aspirations and soul, yet they are trash due to their income, right? No matter how much one tries and works, they are as much of a worth as their monthly paycheck, right? WRONG. FUCKING WRONG BY ALL SENSE OF THE WORD!! IN THE NEW AGE OF SATAN THIS IS PERMANENTLY ENDING, SAME AS THE ENEMY. We are not against materliasm, but this has went so much off balanced that we can only call this judaist materliasm. Its abnormal. Idiocy, weakness, stupidity and lies are promoted endlessly for this reason. A lie of a life is promoted for the same reason. In this enviroment, the strongest of the weakest can prevail over anyone. This is why the jews have made things as they do. Because people have grown weak. Or for better saying, because they have been brainwashed into feeling they are weak.

The fact that there is freedom still is due to some people who were willing to go against the jewish sociospiritual and physical authorities and superpowers, who have for years imposed things such as the Middle Ages, the Dark Ages, Year Zero, destroyed the Middle East with their Islamic bullshit, enslaved Africa through their so called "corporations", raped and destroyed Mexico, undone the Native Americans, Run the slave trade later, destroyed Egypt, Assisted the Ottoman Empire and Byzantine Empire to fuck everything up and put everything "under christ" and other pedophiles and jewish paranoid leaders and the list goes endless. Nobody in this world hasn't suffered from the jewish problem, directly or indirectly. These recent two thousand years have been the years of the greatest bloodshed and stupidity humanity has ever known, EVER.

Among the 100 millions Chinese who perished under communism, were the best and highest forms of Chinese life, culture, and general education and spiritual power. China was damaged and made into what it is today after this, with the feces and dung Communist leftovers ruling the country. This is why Buddhism and such detoriated later. Same with Tibet. Tibet was

attacked and was taken over by the filthy kikes after a point, to the trash that it is today. The teachings have made it to the fat hands of the jews, no different than how they salvaged much info and knowledge from the Egyptian tombs and so on, so forth. Relics, books, tablets, testimonies, diaries, all these are confiscated. They have all made important notes that you can keep and retain in your mind, as to expand your knowledge. Major part of this is removing the Deities and Spiritual ethics of the people, which are in fact the root of advancement of civilization. Communism gets to a point where all is erased. Even your name. IF you have a name and not a number. The only reason this didn't get totally destroyed is because Stalin died and also, the resistance of the Gentile people with Adolf Hitler. Nowadays they are developing the means to make this TOTAL. Really totalitarian. Beyond what you can now understand in your present terms of living. Imagination might also lack for many.

We are talking like, you will take a shit and they will know the time and hour you did this. They are developing Artificial Intelligence that has its own mind and can watch you. In human conditions, you would need one person for every citizen to enslave them totally, 24/7. That's impossible and can't happen. With the condition of technology, you don't need anyone. Just a system that can "think", "predict" and make "decisions", but also maybe "learn". If it also has the brains to kill people who, lets say, curse jehova or the jewish powers that be, then its good. I read in the blog of a kike, that I cannot post because it will be dragged down probably in some days by the kikes if the find out, that there is a system developed in Israel, that goes under many names, such as "New Jerusalem" "Metatron", "Zion", "Beast" and many other names. I think its named "New Jerusalem" basically. Yes, when I read that shit I cringed too and questioned many times if this is valid for a moment. This taken in conjunction of the brainchip research going on in Pissrael, where do you think this is going really? They may fail, but they are surely attempting this, right here, right now. Unfortunately, yes it is valid.

When we tell you jews are psychopathic race of yids, we mean it. This is the system of Artificial Intelligence that they are building so they want to

impose this. This system will actually be "god". Also, they envision some idiotic kike, which is "Jewsus" the "Messiach" who will be the "personification" of this and exist in Earth, using all sorts of tech to fuck people up and make the enslavement total, like the living counterpart of this system. So total that all kikes will own 2800 slaves, as its written in the Talmud. Go figure, jewish insanity. Yids are always fucking yids. You give these aliens a fucking knife and they try to make it an atomic bomb to enslave the Goyim. The "Matrix" movie which was a huge hit in the "millenium era", written by jews, is based upon this. In this movie the technology went haywire and even attacked the jews in the end, as it could make decisions on its own. The jews were nevertheless "saved" in the "New Zion" created by the Artificial Machines. So in the end, kikes do, kikes win, the same propaganda, opposition and kikes are one, lies and kikes are always friends. They do see systems and technology as the jewish "god" brought down to Earth. This psychopathic shit eater they call "god" (the one that watches you as you masturbate and wants to send you in a fiery pit of brimstone if you don't become his slave, but can't do this since it doesn't exist) they want to make this actual, material, existing. In other words, they want to materliaze this "idea" of the jewish "God", right here in the physical realm. Inject it inside your head, hook you into some "mother database" and the list goes and goes. They are working for that shit, everyday, without pause.

Always remember, jews do the worst things with the best promises. They say they conduct experiments to learn and advance health and living, while meanwhile, they have created this shitty life that leads to that. They own all the means that subject the world in such horrible conditions and they are affiliated with these. They want to save you from themselves supposedly. The source of affliction wants to save you from affliction, only that you will end with quadruple affliction in the end. You are messing with affliction after all. Any other expectation is the product of lack of choices and hopelessness on the part of the Goyim. The same thing they did in Communist countries, they do again. People are promised the skies and the heavens, equality, freedom, food, whatever. All that they were deprived of. Then, when the kikes take power, all this is the exact reverse, destruction,

pits of doom, gulags and hunger. People are promised peace by xianity, they become insane, neurotic, hopeless and suicidal, depressed and full of fear. Not only they were now deprived, they were now lower than animals. This is always the case with the "chosen of god". It has always been such.

Jew Ray Kurzweil, author of some shitty book named "How to Create a Mind" (talks about AI's being developed in minds of their own, I would presume) and other higher up kikes in "google" and other corporations, obvious more or less, they talk about the "Artificial Intelligence" and how its getting developed. Not simple artificial intelligence like your computers, which are under YOUR control, but that is under its OWN control. It does possess its own artificial calculating "mind" so to speak. Professors from MIT such as Minsky (both kikes) conversate here about how potentially this technology might destroy us.

<https://www.youtube.com/watch?v=RZ3ahBm3dCk>

This kike also mentions bizarre bullshit about uploading your mind in a hard drive, LOL, having a digital body in a digital world of a computer simulation and other crap. Maybe they can upload theirs since they don't possess any. But their mind IS uploaded already somewhere. Its called "Bible, Torah, Talmud, Protocols of the Elders of Zion, Quaran etc.". And their digital simulation is already uploaded as well, but only to a percent. They call this shit "life" nowadays. You are living in a lie of some kike author. Thankfully, it hasn't been fully theirs. They are merely trying to make it 100%. At 100%, we have what we call as Communism nowadays and with our own terms. But you deserve better, don't you? Because if you don't, stop reading now and go eat jewish dung, hang yourself and spare the world of the pain of your existence.

Greys, Reptilians and others have done this too with technology and made cyborgs that could "think" on their own, no different than greys. We know from the info we have on the ET's that these reptilians destroyed their home planets and ravaged other places, due to what they created going bonkers. They destroyed themselves actually. The kikes are doing the same

thing. This is another points that proves beyond any doubt that their "offspring" follows loyally after their steps, in full accordance to the "word of god" which is nothing but a fairytale inspired by sources that are reptilian and is meant to enslave us. But this is all in the higher spectrum of things, that not all jews do know, YET, many do. They don't need to know, they need to work. They are slaves that are meant to enslave anyone else. This is why any emotions or anything are alien to the enemy and neither do they really experience any. It's called an "anomaly" by them. We are an anomaly because we exist. Our existence and all we are is an "anomaly" pretty much. We need to be weeded out like in an algorithm. The only anomaly we can all see is obviously the deathly and murderous kikes, which need to be leveled totally. They are the ones who invented and brought this shit to humanity. We were perfect. In a perfect planet. Now this is all going down the drain because of these nuts having power.

For those bringing up the excuse of time...That this is somehow "impossible" or requires much time, I remind you that in 2000, you had a cellphone that looked like a fucking 1 kilo brick with 9 buttons and could only do phone-calls. Now you hold a device in your hand that has internalized millions of times more things. And this is only the tip of the iceberg. Now that we are talking about Ice-Bergs, what about the jew Zuckerberg? The shit he invented to make a database for every human on earth didn't even exist in 2000. Now, its part of "everyday" life. It has almost took over the lives of peoples. Some people are living all day into that shit. Just go on a deeper level with this and you will see what could have been "potentially" developed all this time, or what could be potentially be developed in 1, 2 or 5 years from now. Let alone 15 or 25.

Xian "Prophecies" also come into play with this. "Prophecies" are nothing but crap, but the jews knew, as others in the Ancient World and us today from Quantum Physics, that observation of atoms creates reality, in accordance to how one sees this. People are foolishly told the jewish dreams and goals are the "word of god" and they think these will surely happen, so they waste their life under the thumb of the enemy, while all their actions are guided towards this purpose. This is why the "messiah"

always "comes" and never "comes". It's all a joke, but it will turn into a black anecdote once the enemy has enough energy and power to manifest this. And as we said, they ARE doing this. Prophecies are basically this "Stay there, bend over and wait to get raped, as this is the word of 'god', It will happen anyway no matter if you resist" and if you have any objections, then more bluffs "Oh, it must happen, so you will be saved and get in heaven by dah lawd" or "nature will condemn us" or "its the natural cause of things", "that's how it should be" and the list goes endless. It must be accepted and absorbed into the mind, with any justification, like this shit is "TRUE" and will "MATERIALIZE".

The jews do more and more of this, as to give legitimacy to this crap. Its the same thing like, I tell you that tomorrow there will be day. When you wake up and you see its day, you think I am a god because you lack knowledge, but I know better. I tell you that you will find 50 dollars on the road today, I put 50 dollars here and you think I am some sort of "god" for knowing this, while I was the one that STAGED it in the first place. Only, this is not based on dollars, streets, you and me, but the Occult spiritual knowledge, the Kabbalah and occult laws that the major populace will never know unless educated about this. They say bullshit about the "mark of the beast", they make a mark of the beast and will attempt to impose it on people, as to bring out the air of the inevitable. So nobody will turn against this filth, consider it normal, inevitable and also, think that the end is also set. Therefore they will all try to run to church for salvation and again, the jew wins and owns them from all sides. This pushes the mindless sheep back in the pit, with even more fear than before, faithfully serving again their own damnation. No matter "with" or "against", xians and the rest of the conspiracy "theorists" are only parts of the same pig farm of lies and work with it, in front or the reverse. This is how the jews work. They own all sides. They don't own just one. How deep that shit has went into the minds of people and how certain they are that this "WILL" and "SHOULD" come, determines the power they put in that shit, and also their effort to bring it to existence for those that work for this. In other words, they materialize unknowingly their own damnation and jewish domination of the planet, their own "prophecies" are made true by their own hands and absolutely

no "god" has anything to do with this.

The kikes if left unimpeded, they will keep going. Simple as that. But someone wants to put an end to this. Yes, yes, its not bad now. In the obvious level its not. Nothing the kikes create are bad on an obvious level. Remember, again, GREAT AND LARGE PROMISES of the kikes, like in Communism. More dust in your eyes. Its known all this data is fetched for one reason- social and other types of experiments and control. This is what the Yiddish mind does things for. They don't give you real freedom. Only freedom that can turn or will surely turn in the greatest cripple you ever experienced. Its not so you can talk with your Grandma Matildha for free. This is how YOU see it. This is not how THEY see it. You have DIFFERENT eyes. You are not the SAME. You are against each other, even if you asleep. One freedom and if you are stupid with this and mishandle it, you will lose it. We need to protect every freedom that comes our way and use it sensibly, because the kikes are literally just waiting around the corner to blow shit up, like they did and they are already doing in other parts of the World, where you could not read this without dying. If you think this is too far, look again. And read history. Idiots who don't know history, are as good as blind. And i know there are people who are blind and they are Satanists, that may be physically blind but they can see with their mind the meaning of Satan, as was one comrade that used to post long ago in the groups. SO NOT EXCUSES, NEVER!!!!

ISRAEL WILL GET WHAT SHE DESERVES! That's what Satan has to say. And thats all we say too.

YOU CAN EVIDENTLY SEE HOW AFRAID AND HOW PARANOID THE JEWS ARE WHEN THEY ARE FOUND OUT AND THE EXTENT WHERE THEY WILL GO TO PROTECT THEIR ALIEN EXISTENCE BY ENSLAVING ANYONE. THE NEED TO ENSLAVE AND SUPPRESS SHOWS THAT THEY DO LACK REASSURANCE IN THEMSELVES AND THAT THEY ARE AFRAID THE "PIG FARM" WILL BREAK ANYDAY.

Going back to the matter of civilization. You kill the civiliziers and you kill

civilization. Then once they are dead you replace them with jewish reptilian Neanderthals that subvert and destroy everything that has remained, while going ape-shit on the population and enslave anyone, killing people each morning just to feel good. I heard once about how Stalin couldn't sleep at night if he didn't kill at least 1000 people a day. These are the jews and these are the jewish master. When there is no civilization, the jews reign supreme. And where they reign supreme, it all goes down the drain. Still people who have been attacked by the jewish cancer haven't recovered and since the past can't be undone, there is endless damage that needs fixing. But its very possible in itself. And those who are still aware do owe this to the world.

I was questioned once if I am at all worried with what we do here and I know some few of you think of this too. I am not and you shouldn't. I can live my life knowing I may be attacked, pressured, scorned, burned at some stake, but I could never live my life knowing all this shit the enemy is and doing nothing. Not fighting for Freedom is the highest price one can pay, especially when they know the Truth. You have one life and you can do something with it. Try, although I know this might be in many cases impossible, to go to bed at night and knowing you have done the best for yourself and for the world around you. That day is a good day. Don't try to live life like you are eternal when you are not and by this I mean physically, before one has ascended. Mortality should be the greatest motivation and your greatest advantage, as much of a paradox it may seem. On one hand, strive to achieve the Godhead and become Immortal. But the fact that you are still not, should motivate you to live a fulfilling life and do what you could do, right here, right now. Do not borrow from the future. I do not borrow from the future and I write this for us all now. On the other hand, be Human. Be as human as you can be. Be aware of both and be both. There is nothing "evil" in being Human. It's just that Humanity is not very far-seeing and this is a weakness. Build continuous good habits that elevate yourself. Aristotle said that man is his habits and this is very true. Mortality isn't about any fear, especially when one is a Satanist and they know the Truth. It should act as mere motivation. Humanity was supposed to be elevated, but we were attacked. For however long this lasts, for whatever

you can do, you must do it. You can bow your little fucking head, see the kikes go by, destroy everyone, and YOU that KNEW, and you that was ABLE TO STOP THIS, you shut your mouth. Sucking up injustice is far worse than being victim of it, at least, for many people. In the stupid hopes that this will somehow make a better life of of you, which is another lie. I think you got it by now that all these things are LIES. Outright, Raw, LIES.

I do not say open your mouth to get yourselves in danger, or do any other bizarre actions. I mean simply, live life. Meditate every day to advance yourself, so you can know down the road how much you have achieved. When you do this, really do this. Stay there and do this, live it. WHEN YOU BUILD YOUR SOUL YOU ARE BUILDING ON THE ETERNAL. There is nothing better you can do with your time than that in this, or any other world. I have met with many deceased persons, on the "other side" and they all were pleading for the fact they didn't know the Truth once they were alive, or because they couldn't meditate once they were alive. But this should be your LAST motivator. Your first should be for Truth and Power, but also enjoyment. Meditation is really fun and you shouldn't approach it in any pressing manner. Motivated, yes, determined, YES, pressured and anxiously, NO. Don't just do it for "tomorrow", do it for now.

Opening your mouth, this is metaphorical, not some excuse for idiots to say we advocate anything wrong. They say before you open your mouth, put your tongue on your brain. Think matters first. In fact, we advocate what's right and sensible, but also, effective. The spiritual warfare and educational undoing of the enemy is what has destroyed them eternally, not in the present. I mean, open your mouth and give knowledge where this applies and gives fruit, such as internet warfare for instance. Internet warfare works insane works, even while you might never understand this. People are coming everyday by the hundreds to Satan, because they realize their errors. They are not stupid, at least most of them. They just don't know what to do, which is true. In fact, we didn't know either. The Gods helped us and this is why they try to remove the Gods from our lives, minds and Souls. A member stated how the Truth hit them like a ton of bricks. The Truth can hurt, but lies do kill. The Truth immortalizes, the lies damn and

destroy. Also, the Truth hurts ONLY when one is lied and deceived. It hurts because it saves those willing from imminent death. It hurts like a caffeine shot on the butt, that wakes you up. Otherwise, it's only pure pleasure, euphoria, elevation and freedom. If people can't handle a caffeine shot to wake up from deathly slumber, they are worthy of their own fate.

Then, they will rape and destroy everyone and game is over. What you are left with, a total wasted chance. A total and wasted life, wasted Soul, wasted self, wasted potential. Wasted due to fear of some sky kike that might destroy you. They can all put all the filthiness where it came from, in their ass. And ITS NEVER TOO LATE TO DO THIS. This would be the worst punishment for any human being. Taking the choice of freedom is a choice everyone must take it. This is what largely defines someone who is of worth on the inside and who is not. This is really the ladder of the "Spiritual order". Its not a ladder of materialism, but pride you have within. You need to get in touch with this and take it out of yourself, for yours and everyone else's sake.

Your chances to survive this without doing anything are ZERO. You will certainly perish at some point, or get destroyed, or whatever. What are you doing everyday here, about what you know and about what you see coming? About your dreams? About Freedom? What do you want to preserve? I could care less to preserve personally petty when so much is at stake. It's worth taking ANY risk whatsoever for freedom. It's worth dying for it a thousand times. It's not worth it to live a hundred lives under the psychopathic materializations of the kikes. It's of worth to fly once like an Eagle, than to live like a fucking pig inside your own shit. What's even better, is when you execute this tactfully and successfully.

More so, successful, centered, sensible and fruitful rebellion against any sort of "Tyrant" is the most giant achievement. What would have been made of the World if Adolf Hitler sat down and thought what would happen if he would be called a bad guy, or the eventual loss of the whole operation. If millions who went and fought the kikes didn't do this. You would have probably be sitting (if you existed) in some Gulag, only to be fed piece of

bread for 15 hours of work. You would be afraid that you would die anyway, anyhow, at any moment. You would have never had Satan, or any knowledge that you do now possess. You would not be living a "harder" life, but the life of SWINE and lower than this. At least swine can't understand quite what they are living.

This is for stupid idiots. People who know the Truth can see what is coming up. Weren't it for those who fought with Hitler and raised their heads, Communism might have advanced inside Europe and we would all be doomed after this. This includes all times and historical events. America and everywhere, Europe, Middle East, whatever have you. You spread Truth, you spread and sow life and freedom. You spread lies, you spread and sow jewism, death and damnation. And they say what you reap...That you will sow. And the enemy has spread insane amounts of shit, so you know what's up.

Each one, teach one.

The Truth must be spread and as the hebraic zombie said, the truth will set you free. Said, the master slaver of the kikes, the most major false idol and image of oppression and victimization to ever exist. Coming from the mouth of the worst slaver idol ever worshipped, the greatest lie to plague Humanity these two thousand years. Whose "Father" is the most murderous and vengeful hebraic "god" to ever exist. And is in itself the worst lie to ever cross history, but this is proven beyond what "proofs" go by now...It took the enemy approximately 3000 years of enslavement to get there and brag about it, it took us some few years to shake the basis beneath their feet. This the Power of Truth.

You now KNOW. You can now SEE. Your blinded eyes have been opened. You might not see everything, but the more you try, the more you will see. Satan is Truth. No different than how I live for Satan, I live for what He represents. Truth and Freedom.

SIEL HEIL!!!!

You know how fatal this Truth is for these people and the "cheezen" people of "god", and why they have been from day one against "Satan" who by the way means in Sanskrit, Eternal Truth. Why they want to destroy the "Seed of Satan" [The Gentile people], who are children of such Truth, while they know it consciously or not. The Truth will destroy them, just spread it. Spread it everyday to all the corners of the Earth and the Astral. In Truth lies all the Power and Immortality. In Truth all lies dissolve and there is only Truth. Satanism is Truth.

Sri Lanka Easter Sunday Sacrifice: 200 People Dead

by HP. Hoodedcobra666 » Sun Apr 21, 2019

The enemy hit a nail on that one in regards to the blood sacrifice. This has to go down in the books as this is a very blatant one.

They just sacrificed more with "Church explosions", as it appears the energy and mercy they raised on the Notre Dame wasn't enough as it didn't have victims in it. From a video leaked in Notre Dame, someone was caught setting the fire just casually on the rooftop. It was clearly a staged fire and not the result of any accident.

Of course, they do this to create more mercy and raise more 'energy' for the oppressed "Christians". For those that don't know anything about Christianity, it's not about love, sorry. It's not about what memes you have been told. It's a brutal mafia spiritual power structure that is the right hand of Judaism and does all the dirty work for Jews in the West.

The rule of Christianity in full was the history of the Middle Ages. It is equally bad as Islam, the only difference is White people have resisted Christianity and have ascended their civilization contrary to it's pressures in the last centuries. As for the king of "Love" of the Jews, Rabbi Yehoshua or Jesus, sorry I mean what they call "Jesus". This thing that said that will kill all Gentiles who disobey the Jews, and that he did not come to bring peace but a sword.

And apparently many Sri Lankans and locals know this as well. So it's not unlikely they torched the Christians themselves, or they accepted some sort of bargain with the Vatican to just bomb the xians out of their country. While it may seem ironic for the jews to sacrifice 200 Gentiles is nothing really if they are to raise enough energy to maintain larger mafias going such as the Vatican. Regardless, this is a sacrifice for the enemy, a mercy evoking ritual, and a tragedy for the random people randomly killed. The locals also hate the Christians. In the region, attacks like that have happened again.

As more news come up, we can converse and update. Impossible to find all news at once so we can dig this together. Everytime, everyone has extremely important contributions so share them.

Reports say seven people have been arrested, but it not yet clear who is responsible for the attacks.

Sri Lanka's defence minister has said the attacks were probably carried out by one group.

Joseph Stalin- The rider of the 20th century Jewish Beast – Part 1

A brief Look on this Jew's early life criminality and criminal personality.

Mass murderer, liar, thief, criminal, slave master, swindler, forger, mentally insane, brutal, etc. All these words are too few to explain what 'Joseph Stalin' really was. In history class you would have certainly heard about "Hitler". We have proved and proved again how Hitler was not only a man of peace, but also that the so called holocaust never happened. In order to understand why Hitler has been blamed with all he has, you have to look at the opposite direction, at Joseph "Jughasvili" [In Georgian: son of a jew] Stalin to really understand the reverse psychology and blame they throw at Hitler, to cover up the crimes of the red beast.

The jews as they always do, like what they blame on Satan, being themselves exactly what they say others are in a negative light, project this in history and so on so forth, in all frontiers and areas of existence. The point of this Sermon series is to show step by step this horrendous personality, which plagued the earth with its existence and caused over 40 million deaths worldwide, many of which you have never been told about. They project all they do to the other side, as always, to cover up their own atrocity.

All most people know about this kike monster is that it was a Dictator of the USSR. Upon further research, much more information can show up, directing one to the nature of this vile individual.

From reports and historical facts, we know this jew was not only overly sickly (had a deformed hand shorter than the other and malformed, was exceptionally short, had marks on his face from diseases, let alone his ugly look and stare [which is a reason why it had its photos retouched], the second and third toes were webbed on its left foot and so forth) but through lies as all jews do, tried to hide the sources of all the evidence that he was a jew. For instance, for his deformed hand, he mentioned many stories, one of which included how he was struck by a horse drawn carriage, or that he had an accident. He tried to hide the source of his deformities which were from his jewish genetics. He later changed his name from “Joseph Yugashvilli Stalin” to “Joseph Stalin”. Also, he always did run under many different surnames and fake names, by the time he was fighting his way up to the top of the jewish communist party.

Not only these though were the lies of this jew. Like any other pathologically lying jew, Stalin even lied about his birthday. Wanting to hide all information about his jewish heritage and bloodline, he invented all sorts of lies and tried to erase all information in regards to himself. In all his life, he did run under fake names and aliases. The so called ‘Atheism’ [Which is nothing but the end result of Christianity] and Jewish

Communism, knew all along the importance of birthdays. For that reason Joseph Stalin forged his birthday many, many times, as to hide his astrological chart for one and generally his backround information. By doing this, all he said would be true as there would be no conflicting information. Stalin himself had said and proclaimed his own birthdate being 18th of December. However after his coming to power, he changed this to December 21st [typically to tie in himself with the energetically powerful energies and points of the month and date. Though it was finally found by his birth certificate, that he was born on December the 6th. This shows the jewish disrespect and hatred over the Gentile God, Satan, of whom they tried to steal the date. December 23th is the holy day of Satan and this kike tried to put its birthday [Day of glorification, as thus the day he received positive energy from attention] close to that date to exploit its power.

The reason “Jughasvilli” changed his name was evidently, as to protect himself from occult attacks as many require the use of the name of an individual. By hiding behind aliases, he tried to secure himself from this. Those with deep knowledge of the occult know the USSR was filled top to bottom with all this knowledge as to

secure, protect and further the ‘legacy’ of the jewish red beast. The jews were actively involved in the occult, while the populace was pressed down in an atheistic belief system of death, leaving them powerless. With the monopoly of the guns, the spiritual powers and the state powers, Stalin and his devout followers slowly rose to the top where they tortured and destroyed anyone as they saw fit.

Also, he was mentally perverted, socio-phobic and psychotic as a large portion of the jewish race. Reports say he was hooked on drugs, shoot pornography, slept with a different woman each night and so forth [although he was married 3 times and all his 3 wives were jewish], using brutally his power to please its own self. He was also problematic in many other departments of the mind, such as he wanted severely attention on himself, to feel like someone, to be respected- but all these on the negative and criminal point. The so called ‘clapping experiment’ in which people had to clap and clap after the speeches of this kike, whomever stopped clapping first was instantly killed. The clapping went on for hours as people did not want to lose their lives. Eventually someone stopped and then...

They would die. Many times more were killed and not only the person that stopped. Gentile life meant nothing to this kike dictator.

Stalin's jewish Father- Check the ears- deformity. In criminology these deformities show criminal tendencies in many cases.

Stalin was also, studying to become a priest, at Orthodox seminary of Tiflis. Which blatantly shows how he was tentative to get into the Christian/church jewish structure, as he knew there was much power within. Meanwhile, he was a devout Marxist and avid follower of these left winged, jewish philosophies. All it did was help its genetic relatives. Though, he left and never completed his university/college and went

off to do more important things, such as gangsterism, terrorizing and so forth. As an early member of the pre-communist party [Russian Social-Democratic Labour Party], he had to follow the party flow to get upwards in the ranks. He did not use his real name and avoided it as much as he could, using a surname and many others, namely “Koba”. The upping in the ranks happened through robberies, assaults, assassinations, murders of distinctive Russian commanders, figures and so forth. Using as an excuse for the deformed arm [passing it down as an accident] this cowardly jew never served in the military for the WW1 [While Hitler had one of his most difficult times at the same age, getting almost blinded, fighting in frontlines, numerous injuries etc] and took the coward way out. Nevertheless, this jewish ‘gangster’ pretended he was some sort of overly powerful and many, deserving of respect individual- only from a later on position of power.

But how he gained his power and positions? This can be easily explained.

At 1902, he worked on a Rothschild owned factory, in whom I presume he made his connections. As its know, the Rothschilds and other jews funder the so called “Russian Revolution” to quadruple their winnings and fill their pockets once their jewish friends like Stalin had the wheel of the country. In Russia after the revolution, being a jew was by hundreds of times a title of ‘Honor’ with all the entitlements over the native Russian populations. “Equality” at its best. After all, didn’t the jews promise equality? 40 million Russians died, yet you see no reports of anything bad for jews. They had made their safe haven in the Russian beast, ready to further their advances to other countries.

First of all, Stalin had a strong inner rivalry with Lenin [all along]. Lenin, exploiting the disasters hitting Russia after its loss on the war, promise people castles in the skies. Stalin, from his early age crimes was put in exile, and then, got his false papers, he travelled back to Tiflis and joined the Bolsheviks under Lenin. Even though his views in the beginning were very different from Lenin, who was also a jew, he hid these beliefs but these were the reason Stalin later had Lenin assassinated. Though, he

was threatened that he would exit the party once an ideological pamphlet he had wrote was found out, named “Credo”. When it was found out, Stalin killed by shooting all those who had read this paper he had published. Typically jewish cunning behavior, he was once back in alignment with the jew Lenin. Anyway, back to Stalin joining the Bolsheviks. When Stalin entered the Bolsheviks, he had to somehow climb the ladder.

In the midst of chaos in Russia of 1905 (people fighting on the streets and so forth, Russia after WW1 was a total wreck) he had an army of Bolsheviks, who were armed and with whom he started doing robberies [worsening far more the country situation after war and also, spreading that the war was worthless- Stalin was sent in exile over 7 times for his crimes, escaped 6, caught in the 7th and then got a bail-out- such a ‘patriot’], stole equipment for printing and many other things as to gain physical power. This had to happen in a series of kidnappings, robberies, murders,

propaganda and so forth. In order to counter the Mensheviks (the “enemy” party of the Bolsheviks, false opposition, two sides against the middle jewish game) all sorts of rallies, crimes and armed parades happened. Through a series of black propaganda, smear campaigns and other games of cunning, the party of the Bolsheviks slowly gained ground over the Mensheviks. The robberies and filthy actions continued, until he made such a big fortune that made his expelling from the Bolshevik party impossible. In a rushing manner, escaping arrest and captivity over and over, he became a crime overlord, who has built his fortune and association over murder, oppression, blackmailing, behind the scenes criminal activity and more of it. Many of his close associates whom he later appointed in the USSR central political force were jewish perverts and mass murderers like him. The main way the Leninist/Bolshevik party raised money was due to robberies, as they did nothing else. Stalin himself did not work or had jobs that required no work. He just drifted off life, living from money either from ‘friends’ and party members. He never even had to work to live itself. Mainly, the Gentile populace and ordinary citizens payed the price of the Mensheviks and Bolsheviks [Both jewish run and operated frontiers, sides of the same coin].

One of his infamous crimes in association with Lenin, was the 1907 Tiflis robbery. Stalin with his robbing gang, ambushed a convoy in Yerevan, they stole the money which was equal to 3.4 millions in dollar terms, killing 40 people with gun and bombs, leaving 50 injured, including cops and others. Meanwhile nobody from his own gang died. He gave this money to Lenin and Lenin was escorted aswell, never to

be caught or judged for the crime. Two days later, he escorted itself and its family to the town of Baku. As we see he had zero respect of human life. His criminal life started early on, very early on, in his teenage years.

Stalin's Real Surname Does Mean Son Of A Jew

-HP Mageson 666

From the book: The Open Secret of India, Israel And Mexico. By researcher and author Gene D. Matlock.

"In Sanskrit Jupiter derived from Sanskrit Dyupitar, Dyaus [Zeus], Dyu [Jew or sun god]....."

This is true its know by language scholars that Hebrew comes from Sanskrit down from Phoenician which the whole Hebrew alphabet is openly Phoenician. Which is also ancient Indo European Greek, Aramaic, Syriac, Persian and Arabic. We also see the Phoenician alphabet forms the core of Ogham of the Druids. These People all spoke languages that came from the mother language of Sanskrit.

Here is the pointing to Stalin's real surname again the Y and J are the same and in the languages the D and J are shown together the H is an phonetic aspirant. Stalin's surname, Dzhugashvili..... JUga....JUDA shivili.....Son of a Jew. The Dzh is also how they spell the J, Y sound in Russian. Knowing the H is a phonetic aspirant within this does make the YU the meaning of Jew, showing the G is a high eee sound and identical to the D sound. Given YU is Jew its likely the G is a D making JUDA. In Georgian they have this as Yuga which has no Dzh but the same sound its the Y ultimately. So JU, JEW. JUDA again. And Shvili means Son Of.

YUDAshvili is Son Of JUDA. or JUDAH. Son Of A Jew. The Eastern Europe sources where correct on the meaning of this surname meaning this.

This explains how it just was Stalin spoke perfect Yiddish his whole life. Yiddish is the common language Jews speak in most places next to Hebrew.

And it explains how when you put super Jew, Sasha COHEN [that's as Jewish as you get. Cohen is the title of their highest class the rabbinical elites]. Right next to a photo of Stalin they are identical twins.

Putting the crypto Jews out-front pretending them to be Gentile rulers was standard practice in the Jewish Soviet Union and a admitted Jewish tactic in general from the Jews, Boaz to Freud who created Communist subversive movements:

topic10410.html

In Poland we see the standard operating producer of the Jews. They work to hide themselves as this alien ruling class from the dominated goyim. And go to great lengths to make this work. Otherwise as in Poland and Hungary when this was determined by the Gentiles they went on openly anti-Jewish revolts against the Communist regimes. This is why the Jewish leaders, Lenin, Trotsky, Stalin and such Jewishness where hid from the public. Along with numerous others in the leadership positions. This is why they allowed for a lower class of goyim members who were frequently purged by the upper rung Jews to keep them down. A smoke screen to hide behind. They also pulled off some Jewish, anti-Semitic kayfabe here and there to attempt to trick the goyim subjects as to the totally Jewish nature of the rulers with reverse psychology. Sometimes it worked some times it didn't. With anti Semitism being the death penalty in the USSR they could always and always did fall back on that club.

Stalin was Jewish along with the whole upper rulers of the Party:

Poland offers us an open look into this.

"All main leaders who ran Poland between 1946 and 1956 where Jews, Berman, Bolesaw, Bierut, and Hillary Minc." Don't think it stopped their either.

"Schatz's [991] work on the group of Jewish communists who came to power in Poland after

World War 2 [termed by Schatz "the generation"]

"As in the case of post-World War 2 Hungary Poland became polarized between a predominantly Jewish ruling and administrative class supported by the rest of the Jewish population and by Soviet military power arrayed against the great majority of the native gentile population."

"The Jewish-dominated communist government actively sought to revive and perpetuate Jewish life in Poland so that, as in the case of the Soviet Union there was no expectation that Judaism would wither away under a communist regime, Jewish activists had an "ethno political vision" in which Jewish life flourished in the postwar period. Yiddish and Hebrew language schools and publications were established, as well as a great variety of cultural and social welfare organizations for Jews. A substantial percentage of the Jewish population was employed in Jewish economic cooperatives."

"Moreover as was the case with the CPUSA, actual Jewish leadership and involvement in Polish Communism was much greater than surface appearances. ethnic Poles were recruited and promoted to high positions in order to lessen the perception that the KPP was a Jewish movement. Jews who could physically pass as Poles were allowed to join and were encouraged to state they were ethnic Poles and to change their names to Polish sounding names. "Not everyone was approached [to engage in deception], and some were spared such proposals because nothing could be done with them: they just looked too Jewish".

"Jewish ethnic background was particularly important in recruiting for the internal security service: The generation of Jewish communists realized that their power derived entirely from the Soviet Union and that they would have to resort to coercion in order to control a fundamentally hostile non-communist society."

The same was done in Russia:

According to a report in The Canadian Jewish News of 13 November 1964 the present Soviet boss Leonid Brezhnev is married to a Jewess, and his children are brought up as Jews. There are a number of prominent Jews in the Soviet government, including Dimitri Dymshits in charge of industry, Lev Shapiro regional secretary of Birobidjan, and Yuri Andropov in charge of the secret police, the KGB. In fact, every secret police chief in Soviet history has been a Jew, from the first Uritsky to the most recent, the murderous Beria. A Jew is also in charge of the Soviet economy – Leonid Kantorovich.

"Although attempts were made to place a Polish face on what was in reality a Jewish-dominated government, such attempts were limited by the lack of trustworthy Poles able to fill positions in the Communist Party, . Jews who had severed formal ties with the Jewish community, or who had changed their names to Polish-sounding names, or who could pass as Poles because of their physical appearance or lack of a Jewish accent were favored in promotions."

"After the collapse of the communist regime in Poland, "numerous Jews, some of them children and grandchildren of former communist, came "out of the closet" openly adopting a Jewish identity and reinforcing the idea that many Jewish communist were in fact crypto-Jews."

Stalin's War

-High Priest Mageson 666

In May 1941, in a room filled with military and Party officials at a banquet that followed Stalin's speech to graduates of the Soviet military academies. In which Stalin dropped numerous hints as to the future war in Europe between Soviet Communism and the West. Mainly Germany....

Lieutenant General A. K. Sivkov, had just toasted to Stalin's peaceful foreign policy. To which Stalin intervened and spoke:

"Allow me to make a correction. A peaceful foreign policy secured peace in our country. A peaceful foreign policy is a good thing. For a while, we drew a line of defense until we re-armed our army and supplied it with modern means of combat. Now, when our army has been rebuilt, our technology modernized, now that we are strong enough for combat, now we must shift from the defense to offense. In conducting the defense of our country, we are compelled to act in an aggressive manner. From defense we have to shift to a military policy of offense. It is indispensable that we reform our training, our propaganda, our press to a mindset of offense. The Red Army is a modern army, and the modern army is an army of offense". –Stalin

"On May 5, 1941 Stalin made it perfectly clear to his generals that there would be a war with Germany and that the Soviet Union would be the aggressor. It is interesting to note that a few days after the celebration in the Kremlin, Lieutenant General Sivkov, who made a toast to Stalin's peaceful foreign policy, was discharged. "

It was also in May of 1941 that the largest military in history that of the Red Army was being shipped by the millions to the Western border in Europe. The trains ran day and night by the tens of thousands full of troops, tanks, guns, fuel, material in general for the war Stalin was planning. Stalin had mobilized 34.4 million people of the Soviet population for war and spent three five year plans in which the entire Soviet population had been literally enslaved from industrial serfs to agricultural serfs. For the purpose of building the biggest and most advanced war machine in history with the purpose of attacking all of Europe. This was the reason for the slave labor quota's Stalin fixed for each year. That the NKVD would fill by kidnapping civilians off the streets, under false arrests. To beat them and break them in cells till they confessed to anything. To have the slave labor to work to death mining the gold and raw material from the earth needed to build Stalin's war machine of the Jew. This was also the major motivation behind the Holodomor in the Ukraine. Which purposely exterminated around sixteen million people. To literally enslave the entire farming population of the Ukraine in a brutal, feudal serfdom owned by the Communist regime leaders. Total feudalism. The industrial workers were just as enslaved with twelve plus hour days six to seven days a week. Any accident on the lines, showing up even five minutes late, not working fast enough, or just about anything. Would end one up a place like Kolyma. Under charges of sabotage. Millions of people cruelly perished in the death camps of the Gulag's, mass graves and firing squads, and in NKVD cellars.

To understand the historic context of Stalin's war, we most look back to the rise of the Jewish Bolsheviks regime in the last days of the Czar. The Jewish Warburg's banking dynasty had just delivered their fellow Jew, Lenin through Finland to the capital of the Russian Empire, St. Petersburg. Along with a criminal mafia of other Jews, such as Trotsky who the Jewish Rockefeller's set up, Stalin who was recruited by the agents of the Jewish Rothschild's and many other criminal Jews had been gathered together in the Russian capital for one purpose. To overthrow the Czar and install a Jewish dictatorship. The original Communist Government in Russia in 1918 was almost one hundred percent Jewish. With Jews in all the important and top level positions. And as recorded in history the entire Communist revolution in Russia was funded by the Jewish banking houses off Wall Street. Karl Marx and Moses Hess the two Jews of Rabbinical families who created the Communist manifesto for fellow Rabbinical class Jew, Leon Rothschild. Both wrote in their own works that Communism's purpose was to create a global Jewish dictatorship over the earth and enact the Messianic Kingdom the Jews were promised in their Torah by their god. Moses Hess is the credited intellectual father of Zionism of which he wrote, Zionism is simply a global Jewish dictatorship ruled from Israel. Stalin created Israel and was the first world leader to recognize it as nation.

This is the secret of the "Revolutionary Holocaust" Marx bragged of. The brutality of Communism is not in the fact of liberation by an altruist group of their fellow peoples. It's the actual violent conquest of a group of people, by another people, an alien Jewish race that preaches nothing but hatred, murder and enslavement of the non-Jewish world. Calling non-Jews, cattle or Goyim in Hebrew.

Let us examine the events in Europe starting in 1917 and up when the Jewish revolutionaries attacked Europe under the Bolshevik banner.....

In 1917 after the Communist coup in the Russian capital under the leadership of the Jews Leon Trotsky and Lenin. Lenin issued the peace decree ending the war with between Russia and German and her allies. And the generous Treaty of Brest-Litovsk in March 1918. This was all a ploy to keep the war going in the West. While the Jewish Bolsheviks consolidated their grip on power and built up the Red Army and spread the Communist uprising to come...

"Lenin's plot was simple: let Germany and Austria fight against Great Britain, France and the United States. Let them wear out each other strengths. Most importantly, do not allow the flames of war to be extinguished. Russia would remain on the side and add fuel to the fire. While "peace" was being made on Lenin's orders in Brest-Litovsk, intensive preparations for a revolt against the German government were under way in Petrograd. The revolutionaries published half a million copies of a Communist newspaper in German. Die Fackel [The Torch]. Even before the Brest-Litovsk Treaty was signed in January 1918 a German Communist organization, Spartakus, was formed in Petrograd. The newspapers Die Weltrevolution [The World Revolution] and Die Tote Fahne [The Red Banner] were also born, not in Germany but in Russia under Lenin's order, while holding peace with Germany's government. Communism would become deeply rooted in Germany..."

“Finally, World War I ended In November 1918 Europe’s condition was exactly what the Kremlin leaders had hoped it would be. The economic hardships caused by war had reached their limits in all the nations. Europe was facing an unprecedented crisis that encompassed all spheres of life, including the economy, politics, and ideology. Germany admitted her defeat. The monarchy crumbled. Anarchy and famine furlled the land.”

“Just, then, Lenin and Trotsky’s love for peace vanished. The government of Soviet Russia issued, on November 13, 1918 to the Red Army to begin offensive operations against Europe. “

“A review of the protocols of any of the countless meetings and congresses of that period revels that the only question on the agenda was the World Revolution. The aim of the Soviet advance narrowed down to installing Communism on the European continent. In a few days the Red Army crossed into the Baltic countries. The Communist government of Estonia was formed on November 29, that of Latvia on December 4. Lithuania followed on December 8, 1918. On December 17, a manifesto published in Riga named Germany as the imminent object of the offensive. The most important goal of the operation: fuel a new world war. “

“Lenin’s calculations were precise: Worn out by World War I, the German empire is unable to bear the pressures of another war. The ends with the crushing of the empire and is followed by a revolution. In war-torn Europe, on the remaining fragments of the old empires, Communist countries arise, remarkably similar to Lenin’s Bolshevik regime. Lenin was ecstatic: “We are at the doorstep of world revolution!”

“In 1918 Communist parties formed in many European countries. In Kiel, German navy semen called a strike on November 3,1918. Two days later, the strike spread to all of norther Germany, and on November 7-8 it reached the main industrial regions of the capital city, Berlin. The strikes were suppressed. But in January 1919, a Soviet republic was declared in Bremen. The Hungarian Soviet republic formed in March. In April, the Bavarian Soviet Republic followed. These Communist nations formed Red Armies and secret police squads, which called themselves “extraordinary commissions in the struggle against counterrevolution.” These extraordinary commissions immediately instigated a reign of terror against all layers of society and the Red Armies threw themselves into revolutionary wars to “liberate” the neighboring nations. A part of the Hungarian Red Army marched into Slovakia and, on June 20, 1919, proclaimed the Slovak Soviet Republic. A Communist government formed immediately and declared a policy of nationalization of all private lands and annulment of private property. It nationalized all commercial enterprises, banks, and transportation systems. At the same time the Soviet Ukraine declared war on Romanian, and began preparations to advance west, to connect with Soviet Hungary.”

This is why the Jewish elites had their Communist underlings pull this off it sabotaged the German offensive on the Western Front. That had won Germany the war in 1918. If Germany came out on top the whole scheme was over. The Communist uprising collapsed it, all led by Jews. The Jews then put Germany under conditions to weaken them for the Communist final strike.

“In the Summer of 1920, the western front of the Red Army, under the leadership of the ruthless General Mikhail Tukhachevski, began to advance with the objective of crushing Europe. Excerpts from order #1423 given to the western front of July 2, 1920, announced: “Fighters of the Workers’ Revolution! The fate of the World Revolution will be decided in the West. The path of the world fire lies over the dead body of White Poland. We will carry happiness and peace on our bayonets to the working people of the world. To the West! To decisive battle and thunderous victories!”

“In the days when the Red Army was advancing toward the Polish cities of Warsaw and Lvov, a second congress of the Comintern was taking place in Russia. The Headquarters of the World Revolution then issued a call:

“On July 23, 1920, directly from the Comintern congress, Lenin telegraphed Stalin at the Polish front: “Situation in Comintern is outstanding. Zinoviev, Bukharin, and I think that it would be proper to encourage a revolution in Italy. My personal opinion is that, to do so, Hungary has to be sovietised, possibly along with Czechoslovakia and Rumania.” In the conversation with the French delegates to the congress, Lenin was even blunter: “Yes, the Soviet troops are in Warsaw. Soon, Germany will be ours. We will conquer Hungary again; the Balkans will rise against capitalism. Italy will tremble. Bourgeois Europe is cracking at the seams in the storm.”.

All of Europe was under assault by Jewish Bolshevism, trying to conquer the whole of Europe by armed invasions and staged uprisings. Europe was falling under this storm and the attitude was Poland would fall and nothing would stop the Red Army from sweeping across Europe as they intended. But then by miracle something changed.....

Tukhachevski’s Red army was annihilated in a surprise move by the Polish forces and what was left was driven back into Russia. Were massive uprisings of the Russian People against Communism then occurred and sucked the Red Forces into the civil war that ensued. While this was going on the rest of Europe was able to stabilize and anti-Communist forces took over in many nations. When Stalin became the leader of the USSR he spent the three five year’s plans building up an unstoppable force to carry on Lenin’s directive of a new world war to install Communist control over all of Europe. Stalin turned inwards and purged the Party, and somewhat the old leadership of the Army. But not as heavy as the propaganda lead people to believe. Just the failures like Tukhachevski. In this time Stalin was waiting and preparing.

The war, the Jew Lenin declared on Europe, simply never ended. They just used a fake peace to build up a nation, industry and Armed Forces that could not be stopped. And to attack again later on. They lost a battle but not the war.

Note these Communist revolutions were all planned and lead by Jews. Russian was already

mentioned. The Spartacus revolution in Germany was led by the Jews, Rosa Luxemburg and Karl Liebknecht. The Hungary Communist take was led by the Jew Bela Cohen. The leader of the Bavarian Soviet was a Jew, Levine. The list of Jews is almost endless in this.

Note with the second war it was forced on Germany by International Jewish Elites as the book: "Churchill And The Jews." Wrote by a Jewish author shows. The Jewish Rothschild family put Churchill in office, he was not elected by the British people. For the sole reason of war with Germany. Hitler's invasion of Poland was to stop the massacres of the German People which was reported by the International Red Cross, that the Poles were slaughtering the German People in Southern Poland at the time as was the case. This caused the war. The Polish government such at Broomberg wear in day 55,000 German men, women and children were murdered by Polish death squads on orders from the Polish government. This by itself is an act of war on the behalf of the Polish side. The Polish Army was bigger then that of the British Empires Armed Forces at the time and had been attacking the German frontiers for awhile. And had been illegally occupying German soil since 1919, Churchill and America's Secretary of State: James Bacon. Later admitted Poland had been encouraged to engage in such behaviour by the Western Powers who wanted to cause a German reaction. So that they could then officially declare war on Germany. The International Jewish Elites were behind the scenes staging the whole thing against Germany.

Hitler fought the entire war as the underdog, between Poland, Britain and France, German was outnumbered three to one at the start of the war. Hitler was declared war upon. The only reason the Soviet Union did not fall totally at the time was the Jewish elites in control of American banking, media and government used America resources to keep it going. The Global Jewish Elites declared war on Germany.

The reason America came into the War was by that time the Jewish elite were in control of its vital networks and so did everything to push America into the War. Under crypto-Jew Roosevelt [of Dutch-Jewish ancestry] and his staff with reads like a synagogue list. Roosevelt in a telegram to the French Premier Reynaud on June 15 1940. Promised to double American aid to France on the condition it continue the war against Germany. In December 19 1339 an American warship the Tuscaloosa maneuvered a German passenger vessel the Columbus in to the hands of the British navy while in the security zone. Of which was scuttled by the Germans. In January 1940 the American warship Treton in violation of internal law reported the movements of the German merchant ships Arauca, LaPlata and Wangoi to enemy naval forces. On June 27 1940 Roosevelt announced a limitation on the free movement of foreign merchant [Axis] vessels in American ports which is also in violation of internal law. In November of the same year Roosevelt allows for American warships to chase the German merchant ships Phrygia, Idarwald and Rhein. Which ended in all three ships scuttling themselves to avoid capture. This and its identical acts are all acts of provoked war against Germany. Helping enemy nations to attack their ships and citizens.

Roosevelt also sent the OSS Chief colonel Donovan to start uprisings against Germany and

Italy in Sofia and Belgrade.

Roosevelt then permitted American citizens to join the RAF while also openly training RAF personnel in America. In September of 1940 Roosevelt transferred fifty American destroyers to the British navy. In March 1941 Roosevelt imposed the Lend-Lease Act on America which meant as President he could officially furnish as much aid as he wanted to [at the taxpayers expense] that he felt it was in American's interest to defend such as the Soviet Jewry. This aid was the major reason the Red Beast was able to survive in the early part of the Eastern war.

Roosevelt had also worked to block other nations from making peace or having any peaceful relations with Germany. Using economic policy as a weapon against them. In 1940 he froze all Norwegian and Danish assets. Despite the fact Germany had not nor had the plan to loot or dictate financial policy to either nation. Later Belgian assets in America were also frozen [frozen=stolen] with Roosevelt recognizing nonsense panels of exiles from such nations as governments in exile. An act of blatant hostility towards Axis Europe. Roosevelt's actions from even before the war showed he committed to warfare on any level against the National Socialist Nation in Europe.

America:

On April 13 1941 American ships were permitted to pass freely through the Red Sea to supply British armies fighting in the Middle East. In March of the same year the Americans started to openly confiscate all German ships they could. While treating German citizens once again in violation of international law like prisoners. In another indictment two German officers that escaped from Canadian custody and fled to America. Where in violation of international law return chained back into Canada which was at war with Germany. At the same time American naval ships started to increase patrols in the Western Atlantic reporting to the British navy on any observations. On Axis ships military or civilian. While repairing British naval ships in US ports. In May Norwegian vessels working for the British were openly armed and repaired in American ports. In violation of international law. In June American troops arrived in Greenland to start building military air bases. Then on the 9th of the same month was a report from the British that Roosevelt had ordered an American warship to openly attack a German submarine off Greenland. Then German assets in violation of international law in the same month in America were officially frozen. Around the same time Roosevelt orders the recall of the German consuls and calls for the closing of the German press agency "Transocean" the German library of information in New York as well as the German national rail office [Reichbahn].

In July of 1941 American armed forces under Roosevelt orders occupy Greenland which is in an area of German military operations. In a hope to force Germany into a war with America and attempt to influence the outcome of German U-boat operations. Against Germany's favor. As part of this on July 10th 1941 American Navy Secretary Frank Knox orders that all American warships are officially ordered to fire on all Axis vessels. That is another announcement of open war on Germany by the American government. On September of that year the US Warship Greer joins with British warships to attack German submarines in the Atlantic. Soon after a German submarine identifies American warships acting as open military escorts for British convoys.

Roosevelt openly admits in a speech given on September 11 1941 he had personally given

the order for American warships to fire on all Axis vessels and repeatedly given the order. On the 29th of the same month American warship patrols attack a German submarine off Greenland. On October the 17th the American warship Keanry acting on this order attacks another German submarine. Then in November of the same year American warships in violation of international law, capture the German ship Odenwald take it to an American port and imprison the crew.

The American Government and its Jewish controllers had already declared war on Germany privately for years. The same methods were used against Japan to force them into a war as well. It's no secret fact anymore the US government knew about Pearl Harbor months in advance and did nothing. As they wanted an official reason to do what they had been doing all along.

Stalin's Continuation Of The Communist Policy Of World War:

"In 1927, a Five Year Plan for developing industry was adapted in the Soviet Union. This began the industrialization, over-industrialization, super-industrialization. After the first, the second Five Year Plan followed, and then a third one.

"We can judge the purpose of the Five Year Plans from the following fact. At the beginning of the first Plan, the Red Army had seventy-nine tanks; at the end it had over 4,538 tanks....In the first two five-year intervals, 21,573 warplanes were produced."

The mark of all the war machinery Stalin had built was they were all purposely designed for an aggressive attack based on the strategic purpose of a first strike on Europe. Stalin forwent the price of building heavy bombers as the B-29 which was capable of flying at an altitude beyond the reach of anti-aircraft guns of the time. For small lighting attack planes such as the SU-26, planes which were "flying batteries" designed to attack ground targets mainly, like an enemy's air force taken by surprise still on the airfield. Which gives your side air superiority. These types of machines were totally useless in a defensive war. The main tank arm was built to be medium assault tanks for fast moving warfare to penetrate deep into the opponent's territory and link up with forward forces of airborne troops of which Stalin had two million airborne troops. He claimed only a million to hide the fact he was planning a war of aggression on Europe. Paratroopers are a purely offensive force not for a defensive war. I could go on and on, there literally has been a whole wrote on this subject. Stalin had also created a reserve force of eight million troops that could be mobilized and were mobilized in 1939 with the intent of fighting a war in Europe within two years as the mobilization guidelines stated.

Stalin's Aggression:

In 1939 Stalin invades Finland and destroys the Paasikivi Defense which was considered by military experts to be impregnable. This leaves Finland at the mercy of the USSR. Stalin also conquers the Baltic States. In 1940 Stalin takes two important regions of Romania: Bessarabia and Northern Bukovina. And Stalin's taking of half of Poland. Stalin originally offered the Polish government an alliance against Germany. But on the condition he was allowed to build a military highway from the Russian border to the German border with

major Red Army bases along such for an invasion route. The Polish government refuse as they knew this means Stalin will force Poland under his control as with the Baltic nations. So Stalin invades Poland to move his military borders that closer into Europe and towards Germany. After half of Poland and the Baltic states fall to Stalin. He then moves the Red Army out from behind their defensive positions and onto offensive positions on the border of East Prussia [Germany]. Which is why Stalin wanted the Baltic's and Poland..... And also Romania. He was setting his pieces up for a check mate on Germany and Europe. He knew if Germany fell all of Europe would fall to him with ease.

Note the importance of this.

“In June 1940 neither Hitler nor his generals had any intentions or plans to attack the Soviet Union. The Oberkommando des Heers [OKH-German Army High Command] and the Oberkommando der Wehrmacht [OKW-Supreme Command of the Armed Forces] had neither rough drafts nor preliminary designs for a war against the USSR. They had no orders from Hitler in this regard. Not a word was said about war against the USSR.”

“After the defeat of France, Hitler ordered a drastic reduction in German armed forces. This reduction was widespread and intense, for there were no plans, hints, or foresight indicating that a war against the Soviet Union might be approaching. And all at once came the Soviet strike against Romania. Oil is the blood of war. Without oil fighting becomes impossible. Stalin's axe was raised over the oil production in Romania. “

“In Berlin, it was finally recognized that the Soviet threat to Germany was lethal. Soviet tanks advanced to Romania, causing chaos in German headquarters: if the tanks did not stop, if they advanced another 180 km, then Germany would capitulate within the next few months. Romanian troops made no resistance and put up no obstacles to the Soviet advance. There were no German troops in Romania. It was impossible to quickly transfer troops from France. “

“On July 21, 1940 Hitler for the first time in a very tight circle uttered the idea of the “Russian problem” ...

“On June 21, 1941 Hitler wrote a letter to Mussolini: “Russia is trying to destroy the Romanian oil fields....The task of our armies is eliminating this threat as soon as possible". Herein lays the cause of Hitler's attack. This was not at all a struggle for Lebensraum.”

Why Finland?

Here we note the move into Romania was setting up a future attack on Europe by Stalin:

“At the end of November 1939, Stalin launched a war against Finland. The victory in Finland was a second warning to Hitler that Stalin was approaching the Swedish sources of ore. The Red Army, acting on Stalin's order, got through the Finnish fortifications and halted its advance. Finland without the fortifications was defenseless. At any moment, Stalin could have given another order and renewed the advance of the Red Army. From Finnish territory it could have bombed Swedish ore mines and railroads unhindered. No one could have impeded this. The seizure of the Aland Islands alone would have been enough to close off

the mouth of the Gulf of Bothnia, which would have meant an end to World War II with a Soviet victory.”

“Germany had no nickel. It was impossible to fight without nickel-but the nickel supplies were in Finland.”

Stalin had drawn up plans for a surprise attack on Germany using Finland, to be a major route when he launched his strike on Europe. He needed to open this corridor first:

“This plan of action was given the “S.3-20.” The plan was to be put into action at the moment of receipt of a coded telegram with the signature of the chief of the general staff and the following contents: Commence execution of plan ‘S.3-20’.”

"In this plan there was no mention of the fact that the Soviet Union would fight for the “guarantee of safety to the city of Lenin,” that is, Leningrad. And there were no hint that military actions must be initiated At any moment the Leningrad staff would receive a telegram from Moscow, and Soviet armies would advance to the Gulf of Bothnia, to the Swedish border, to the Aland Island!”

“The plan “S.3-20 allowed the armies of the Leningrad and Arkhangelsk districts, together with the Baltic fleet, to deliver blows to Finland before the Red Army hit Germany , simultaneously, or slightly later.”

As the Soviet documents show. Stalin’s plan was to let Germany and the West bleed either off in war. That is why Stalin removed the pale defensive in Finland but did not go much further after that. And why he took what he did in Romania but stopped where he did. He was setting up his pieces for attack on Germany and Europe. But he didn’t want to overly alert Hitler to this. Stalin was waiting till his whole forces were mobilized to spring on Europe from the East. And hoping Hitler was too bogged down in the West. To risk dividing his forces. Stalin though he had fooled Hitler with the phony pact of peace he signed with Germany.

The Red Army in early 1941 dismantles all its Pale Defensives all the boarder with Europe. From East Prussia to Romania. On the Romania boarder were Stalin planned one of the most important attack waves to come against the oil fields:

“The border guards dismantled all mines and barbwire obstacles on the Soviet border, and left the borders themselves. On strips tens of kilometers long, in the palaces where the Soviet assaults were prepared, the border was opened, and the border guards had left, having handed the borders over the Red Army. The reconnaissance battalions of the Soviet divisions came out right up the borders.”

This as millions of Red Army troops, trucks and tanks are hiding in the deep forests in Poland along the border. Along with thousand of heavy gun positons now built with detailed maps of were to launch their artillery bombardments on the German forces and positons on the

border. And two million Airborne troops among all such, most have jump orders for deep in Germany. Of the 36 Armies of the Soviet Armed Forces 21 of them are now on the Western border with more on their way. Stalin has built new air fields full of thousands of full armed attack planes, new rail way tracks to bring all the material to the border, fuel dumps, camps and bridges and highways for the coming invasion. None of the bridges are wired to be blown up. Which is standard orders for a defensive position. This is for the coming total offensive.

The Russian troops on the Western border were issued phrase books of Russia to German which is practice for any invading Army:

“The phrase book was composed very simply and intelligently: a question followed by the same question in German written in Russian letters, then in German in Latin letters. The answers were also printed in Russian and German with Latin Cyrillic letters...For example: Where is the water? Is it drinkable? Drink for yourself.” “What is the station called? Stop the broadcast, or I will shoot you! Bring the conductor! Where is the fuel? Where is the garage? “Gather and bring here [so many] horses [farm animals], we will pay!” “Where are the German soldiers hiding? Where is the Burgermeister?” “ Is there any observation point on the steeple? ” “You must not be afraid the Red Army will come soon.”

A Burgermeister is the title of a chairman of the executive council (or cabinet) in many towns and cities in Germany. The Red Army was planning for an invasion of Germany and all of Europe.

June 22, 1941 the events which happened on this day are obvious of what the Red Army was planning for the other side first. In how they reacted to the German attack:

“Then the unexpected happened. The German army attacked. “

“In the morning of June 22, 1941, the commander of the Northwestern Front, Colonel General F.I. Kuznetsov, without awaiting orders from Moscow, issued an order to his troops to attack Tilziet in Eastern Prussia. For the Northwestern Front’s staff, for the commanders of the armies and their staffs, this decision was not at all surprising: an attack on Tilziet had been worked out in training exercises just days earlier and “was very familiar” to the formations commanders and their staffs. Colonel General Kuznetsov simply put the prewar plans into action. On the evening of that same day, the Soviet high command, not yet knowing about General Kuznetsov’s actions, ordered him to do exactly what he had already begun doing to attack Tilziet in Eastern Prussia.”

“The High Command also ordered the neighboring Western Front to carry out a powerful attack on the Polish city of Suwalki. This was no surprise to the Western Front commander General D.G Pavlov. He knew the objectives of his front long before the directives from Moscow arrived. And had already issued the orders to advance on Suwalki.”

Right from the horse mouth, Stalin's own son:

"The commander of the 5th Battery of the 144th Howitzer Regiment of the 14th Tank Division of the 7th Mechanized Corps, Yakov Iosifovich Dzhugashvili, son of Stalin, was taken prisoner, but at first he was not recognized. The senior lieutenant was betrayed by his subordinates. Stalin's son was searched and questioned. A letter was found in his pockets, from a certain junior lieutenant in the reserves named Victor:

"I am at the training camps, I would like to be home by fall, but the planned walk to Berlin might hinder this."

"The letter is dated June 11, 1941. The contents of this letter was reported to Hitler personally; he mentioned it on May 18, 1942. In June 1941, German intelligence officers showed the letter to Yakov Dzhugashvili and asked him to clarify the statement about the "planned walk to Berlin," The questioning protocol recorded Stalin's son's reaction. He read the letter and quietly muttered "Damn it!"

This is why the millions of Red Army troops sent to Poland didn't plan for winter camps, the attack on Europe was scheduled to start around the 10 of July, 1941 when the final mobilization was finished. In Stalin's speech to the heads of the Soviet Union held in private on August 31, 1939 he told them the war on Europe would come soon. This was the summer of 1941.

Hitler understanding this, knew the only chance of survival Europe had was to strike first when the Red Army was not expecting it. Hitler's forces were not strong enough to survive the coming Soviet attack. So they had to move first.

The Truth:

"During the first week of the war, Stalin herded his troops into an attack. He should have been giving orders for defense, but he resisted. Finally, on June 28, he found out the Western Front was surrounded, the 4th Army was destroyed, and the 3rd, 10th, and 13th armies were encircled. Only then did Stalin finally understand that his plans for the "liberation" [conquest] of Europe were over. When he arrived at the People's Commissariat of Defense on June 29, Stalin learned the true dimensions of the utter failure of the Western Front. There, Stalin exploded in anger at Timoshenko and Zhukov, bringing the latter to tears. Anastas Mikoyan recollected; "Stalin was despondent. After leaving the Commissariat. He said: "Lenin left us a grand legacy, and we, his followers, flushed that legacy down the toilet,"

"Stalin realized that he could not fix anything. The socialist country was capable of crushing others, but it couldn't compete with other countries in peacetime. From June 22, 1941, the Soviet Union was destined for demise. Sooner or later, it was bound to collapse. It could survive only by consuming everything around it. Otherwise, it was doomed. The Soviet Union could exist only if the Soviet people would have no opportunities to compare their lives with the lives of people in surrounding countries. Here fore, Stalin's main idea was to destroy the capitalism surrounding the Soviet Union. All of Stalin's plans were simple, logical and understandable: complete victory was only possible on a global scale."

“Hitler understood this as well: “The Bolshevized world will be able to hold only if it encompasses everything.” On June 22, 1941 Hitler delivered a lethal attack on Communism. No matter how events unfolded afterward, Stalin could no longer conquer the whole world, which was the equivalent of his demise. On June 30, 1941, Molotov, Beria, Malenkov, and others entered Stalin’s room in his dacha. Anastas Mikoyan, a member of the Stalin’s Politburo, left a wonderful description of this episode:

“We came to Stalin’s dacha. Found him in the small dining room, sitting in his armchair. Upon seeing us, he seemed to shrink into the armchair, then look at us questioningly. Then he asked: “What did you come for?” He had a wary, strange look on his face-and the question he asked was no less strange. As a matter of fact, he should have summoned us all himself. I had no doubts: he had decided that we had arrived to arrest him. Molotov, speaking for us all, said that power had to be concentrated if the country were to get back on its feet, and that a State Committee of Defence had to be created. ‘Who’s in charge?’ asked Stalin. When Molotov answered that he, Stalin, was in power, the latter looked at Molotov, with surprise, but said nothing, “Fine,’ he eventually pronounced.”

“The members of the Politburo hadn’t come to arrest Stalin. They needed Stalin as a symbol, a flag around which the remnants of a crushed division would rally around in battle. They talked of saving the country, but Stalin did not listen to them. Without taking Europe, without expanding the Soviet Union’s borders. The USSR would sooner or later crumble. Stalin had lost the country founded by Lenin. In 1941, only Stalin could appreciate the full weight of the German invasion. In 1941, the members of the Politburo could not fully understand that Hitler’s invasion meant death for the Soviet Union. The Politburo favored Stalin to resume power, and Stalin, with a careless wave of the hand, returned, fully aware that the cause he had worked for his whole life was dead.”

One hundred million people were murdered in the Jewish dictatorship of the USSR. Hitler saved the rest of Europe and the free world on June 22, 1941. He destroyed the USSR and in doing so saved the rest of civilization. The Jewish race have never forgave Hitler for doing this and have heaped never ending lies and slander upon him. Hitler arrived at the 11th hour and gave humanity a pardon from the execution awaiting it as the hands of the International Jew.

Star Wars And Its Occult Theme

HP Mageson666 » Fri Apr 19, 2019

A lot of information was put into the famous movie Star Wars, especially the theme of the first movie is interesting. The character of Darth Vader was made to look like the statue of the Golem of Prague:

There is also Hebrew lettering on Darth Vader's breast plate. Note the upside down line has the letter's "GLM" which spell the Hebrew word "Golem" upon it:

Note the master of the Golem, Darth Vader is the Emperor Palpatine. The Golem is created and commanded by the Rabbi's who are experts in the black magic of Jewish Kabbalah. Palpatine's name is very close to the word " Palatine" which is the name of the hills inside the city of Rome and relate to the Vatican. Palpatine is the Jewish Pope.

Also note how totality identical the moon of Saturn and the Death Star are shown to each other:

Saturn rules Saturday the day of worship of the Jewish race and their holy day. The name EL of the Jewish God is the name of Saturn.

Note the Jewish Torah states that their "God destroys worlds" and that their "God" destroyed other worlds before earth. Their "God" is shown to be a Rabbi in Judaism, who reads the Torah, eats kosher, observes the Sabbath and wear's the black box on his head to pray. In the movie the Golem Vader orders an earth like planet, Alderaan, destroyed by the Death Star for resisting the will of his master Rabbi Palpatine. And resisting the will of the Empire which is run by an occult Jewish government of Rabbi's lead by Palpatine who uses his Golem Vader to enforce their political power on the worlds. Rabbi Palpatine is the Jewish "God" who destroys worlds.

Note how close in spelling Alderaan is to Aldebaran. The Aldebaran system is the star system in which the Vrill Society was in communication with our Gods. The symbol of their society was the symbol of Aldebaran the Bull and the Goddess Astaroth was their patron Goddess. Our Gods and those who are allied with them such as the Third Reich are the ones resisting the will of the Rabbi's.

The enemy of the Rabbi Palpatine and his Golem are called the "Jedi" this word is taken from Djedi the name of the serpent priests of Egypt. Djedi is also a title relating to Thoth. The Djedi where the ascended masters of the Gentile world and the sacred serpent was called Satan by the Egyptians. The Jedi are ordered destroyed by the Rabbi Palpatine who uses his political power cult [the Catholic Church] and his Golem Vader to accomplish this.

Despite the RHP teachings put into the Jedi by the creators of the movie which are to be ignored. The fact is the Jedi are the only threat to the Jewish empire, because of their spiritual knowledge and power and will to fight. In the end the Golem Vader and the Jewish Empire are defeated by the Jedi using their spiritual abilities to do so. Even interesting enough the Death Star was destroyed by a Jedi Knight being guided by his fully ascended Jedi Guru, using his psychic abilities to destroy the Jewish Empire's battle station. Vader soul is freed from the Golem binding spell put on him by Rabbi Palpatine and Vader

regains his mind and strikes down the Emperor Rabbi in the final battle between the Jedi and Rabbi's. Once the Jewish spell is ended the Rabbi is defeated.

The question is someone trying to tell people something and they put it past the Jews by cloaking it in science fiction and acceptable to the Jewish RHP ideological teachings?

Something else to note this movie created a major wave of interest in spiritual knowledge and ancient teachings in the population of the time.

Starting Guide For New Satanists – All Basic Info

Greetings! Welcome to Spiritual Satanism. You are now one of the Elite members of this world. If we could give you an epically bad-ass uniform we totally would.

A quick run-down to catch you up:

Satan is the creator of humanity, of the Gentile Races (White, Black, Asian). He was long ago once mortal like us, subjected to Nature's cycle of reincarnation after we die. Over half a million years ago he became the first in the entire universe to figure out how to become immortal, a perfected God.

Long story short, Satan and the other Demons ("Demon" = Wise One) came to Earth and created us. They were guiding us to become immortal like them, but there was a war and they lost a battle. The war is still continuing, and we are winning. Our Demons became bound and humanity rapidly degenerated due to the enemy's curses upon us. The Jews are the creation of the enemy (powerful beings that hate Satan), and they have done all they could to enslave us. If it were not for Adolph Hitler (not the bad guy you were taught to believe!) we would all be slaves to the Jews. Hitler gave us another chance at defeating the enemy and follow Satan's will for us to perfect ourselves and become Gods.

Let's get back to you, and your purpose here. No matter where you are in life, or what brought you here... be it mere curiosity, a friend who led you here, a link you noticed online, or a last resort after undergoing trauma of any sort in your life, rest assured that you are now one of the Elite, and a Warrior of Satan. Many of you may feel that you are worthless, your life sucks, and

that there is no point to living. Well, through Satan, you can evolve yourself to becoming better and of much more worth than you ever expected you could be. You are on your way to conquer your obstacles and perfect yourself and your life!

The Essentials to Advance and Prepare Yourself:

1. Meditation

This is essential to clear out the filth and degeneration we have all been subjected to. Your Soul is meant to evolve, not wither away. It is a fact that many people on this planet have souls that are not strong enough to handle another reincarnation. It is imperative that you begin a daily practice of meditation. Advance your soul and chakras. Meditation will also strengthen your mind, will, and power.

Information on Power Meditations:

This 40 day program a great start for beginners and helps you organize a daily routine:

2. Yoga

A daily practice of yoga will raise your vibrational frequencies so that you will clear out the programming of the enemy and advance yourself. Even just 10 minutes a day will make a noticeable improvement. Doing yoga before meditating helps to generate bioelectricity and increases the effects from meditation. The Kundalini yoga spinal series amplifies the energy of the Serpent (our Kundalini, a source of power within ourselves that becomes raised as we advance).

Basic Hatha program:

<http://www.angelfire.com/empire/serpentis666/Yoga2.html>

There is a zip file for Kundalini yoga spinal series in Satan's Library, or you can search online for information. It is advisable to do both hatha and kundalini yoga every day, if you have the time. You can do them in two separate sessions or one after the other. You can also attend classes, but doing yoga by yourself allows for more focus on your energy as well as the chance to do your power meditations while you still have the buzz from yoga.

3. Protecting Yourself

Getting back to the enemy. The enemy Nordics (a race like our Gods but who hate humanity), the Greys (ugly aliens with a hive mind who work with the enemy Nordics), and the Jews. These beings will do absolutely anything and everything to halt our progress and make us sway from Father Satan in their attempt to control and enslave humanity. They have been successful with some of us in the past – do not let them destroy you! Once you dedicate to Satan you do have his protection, but you need to work on protecting yourself as well. Build a strong aura of protection and work on it every single day – multiple times a day. Morning and night, and in the again during the day if you feel the need.

Basic Aura of Protection:

4. Finding Your Strengths and Weaknesses

We all have strengths and weaknesses. The Gods have gifted us with the knowledge of astrology. An astrology natal chart is the map of your soul. Guard your birth info (date and time), as this information in the wrong hands can show when best to place curses on you, how to use your weaknesses against you, and so on. Give your information only to someone you trust, or ask our Satanic Clergy for guidance.

The Azazels Astrology section on JoS gives much information on astrology. You can also ask questions (without giving out much of your personal birth data) in our astrology groups. There are many knowledgeable Satanists here who can help you. Find your strengths and use them, find your weaknesses and overcome them.

Infiltrators

Due to the enemy's agenda of destroying and enslaving humanity, they will do *anything* to infiltrate your life to prevent you from advancing. One method is having Jews online to pretend to be fellow Spiritual Satanists to gain your trust and your information. For every five Satanists you chat with online, chances are at least one of them is a Jew infiltrator. This is a fact. Be extremely wary of who you talk with, and do not give out personal information. If you joined our e-groups and forums using your real name, deactivate that account and start a new one with an alias. While it is nice to have SS friends, your own safety is of the utmost importance. Our Gods will guide you to trustworthy SS friends as you advance yourself, do not rush this process.

As well as online, the enemy can use people in your life to spy on you. Any brainwashed Christians or Muslims (along with people of other or no religions) can be used as puppets of the enemy, due to their low spiritual level and weak souls. You can stay on friendly terms with anyone in your life, but always use your intuition and logic when it comes to them.

Attacks

This section ties in with the previous on infiltrators. The enemy can and will use people in your life to cause you harm or otherwise inconveniences and annoyances. Those who are at a low spiritual level are open to being used and manipulated by the enemy. The range of attacks are endless: harassment in your workplace or school, problems and arguments with friends and family, your vehicle randomly breaking down, nightmares, and so on. Building a very strong aura of protection greatly helps against attacks, but problems can still arise. Satan and the Demons are willing to help us if problems escalate out of your control. Just call on them and be open to guidance.

With this in mind however, be aware that once you start using and activating the power of your mind for meditation and magick, you will likely experience bouts of paranoia, thinking that the enemy is anywhere and everywhere trying to get at you. It is very necessary to practice void meditation (found in the meditation section on JoS) to strengthen your mind.

Spiritual Warfare

Satan and his Demons have given us endless amounts of information. And the more you advance, the more they will personally show you. Not only this, but they *created your soul*. Can you comprehend what this means? Without them, there would be no you. They are willing to help us and guide us. As well, there is a war going on. We will win, we will be victorious and

we will take back our planet, our lives, our freedom. But first, we must continue fighting the battle. Our Gods are doing all they can for us, but there is much that we need to do. After all, it's *our* planet. The Gods certainly don't need to help us, they are doing so because they care for us. The least you can do is put in some effort to do spiritual warfare.

In the past, we alternated between destruction rituals against the enemy and enemy programs (of Judaism, Christianity and Islam), and rituals to awaken humanity to the Truth of Satan. But since 2014 we have started much more powerful rituals. These rituals, called Reversal Torah Rituals (RTR's for short) are specifically designed to reverse the curses placed upon Gentile Humanity in the Jewish Torah. Jews spend countless hours each week reciting their Torah to keep their curses on us in place. We do quick, simple, effective, and easy workings to reverse these. These take as little as 10 minutes out of our day.

Think of it this way. We are getting about 100 new members dedicating to Satan each week. If each of these new people do one RTR a week, that's an additional 100 RTR's a week, on top of what the existing members do! If each new member does one RTR on a daily basis, then we are up by 700 each week. More people doing these RTR's means that we will be winning this war quicker and quicker.

Staying Healthy and Protected- Going the extra mile

by HPS Shannon » Wed Jan 23, 2019

Hello Satanic warriors,

I just needed to put this out there.

In case you haven't been paying attention to specific news outlets online, there has been more occurrences and cases of contagious diseases and infections going around that can be attributed to just the winter blues and other things- many believe it is correlated to the migrant issue on the Border in America or the government "officials" using biological warfare to weaken the gentiles. There is much speculation that this is a tactic to get people to take more vaccines and shots (albeit laden with harmful chemicals and immune weakening substances--like vaccines being linked to Autism in children)

In the future we might be seeing more cases of infectious disease going around.

Whatever the case may be, please keep up your aura of protection, and immune system: There are many ways to boost the immune system:

Vitamin C being the standard.

Selenium and Zinc (super important) They increase the immune system and benefit everyone especially Zinc for males. If any of you are having problems with reproductive and growth development, look into zinc supplementation. The Satanic health forum is great if you want to expand on this.

Selenium is a very powerful antioxidant and protects the body from environmental toxins, (it also can aid the pineal gland from flouride toxicity, etc)

One of the most IMPORTANT things you can have is Colloidal Silver. It is a very STRONG anti-Microbial and it works wonders on virtually ALL infections. I have used it for years for everything, eye infections, throat infections, viral and bacterial infections of various kinds and from studies, it shows that it is effective against horrible things like Ebola, too. I encourage all of you to have it on hand. You never know what can happen, even if you are keeping up on your AoP and health, the silver can be used for loved ones and pets.

Like all things, silver is a metal so do not go over two weeks for healing. I find that it is super strong so in most cases, prolonged use is not needed.

The best colloidal silver product is the one from purestcolloids.com

Be safe, Family!

Much Love.

Stealing as Racial Religion

by [HoodedCobra666](#) » Tue Jan 16, 2018 4:50 pm

If you pay close attention, and I know this has been stated before, the only thing Judaism is, is nothing but stealing streamlined in to a racial religion. It's the racial habit of stealing made in a religious form for the Jews.

The Jews just have celebrations where they celebrate civilizations that have went down by their pillaging, and they have celebrations to lament when they weren't allowed to fully conduct such stealing properly. Such as let's say, Egypt.

Lastly, the enemy and 'the evil', Satanic civilizations, were civilizations that did not allow them to steal from them culturally and materially, like let's say Nazi Germany. So everyone who doesn't accept their stealing is to be destroyed and killed.

How the Jews recruit people to do this is simple.

They find the cesspool of humanity, people who are too lazy and too shit to do absolutely anything. And they just recruit them against the working elements of any society. So they attack them together in order to get freebies.

As such the parasites eat and they get fat. Any action that makes the victim animal who is being slowly drained, move and wake up, always comes with 'moral penalty' and spiritual curses. Such actions are 'racist', 'immoral' and so forth. One needs to look no further than the Welfare system in Europe and the lazy masses who tread over to Europe for free gurbs.

Life gives death and lemons to all people. It's just that some people decide to work for it, others, decide to cry and parasitism those who have went through fire and brimstone to finally create something with the lemons of life. The Jew sits on his desk hours on end to formulate methods so that they will steal, and create viable reasons to find allies in their stealing process.

The Jews just made up some random reasons why people must be obligated to be their slaves, how they own every single man, woman and child on earth, and how even the globe (which is flat because they said so) belongs to them. Then, they launched this project, and with spiritual, holy and divine knowledge that was created to uplift humanity, whatever they could fathom from it, they started pushing this lie relentlessly.

They promised the people who allied with them that they would be allies in decay, in good positions to steal (the so called honorary Jews), pillage and destroy those in the low (the unsuspecting populace) and off they went. Take a look at the Christians in any position. They do nothing really, those who are in the know. Preachers, and many others. They simply do nothing. Most of them get millions, which is only a fraction from what the Jews steal collectively from people.

So the Jews rallied the useless and the retarded of a civilization, and they all went against the productive elements of this planet. Still, this conspiracy is continuing to this day. While the Jews are at the top, the lazy, the garbage, and the thieves, are allied to them, from all races of Gentile

humanity, as their tools, so they can have a piece of the pie.

Namely who is being pillaged is the people in every nation or type of existence, that work. Those who don't work, they feed of rules that were created by the Jews and their so called 'god'. Such as 'humanism' and 'understanding', and making one's self equal to parasites by giving them what you possess by let's say 20 years of labour. But somehow this parasite must gets this money cause whatever. "God said so".

One just needs to read the stories in Ireland (another member sent me this) about how the church would leave people to die during the famine and/or in the cold, unless they accepted 'Christ as their personal saviour'.

Those who did accept the Jewish egregore, were put into the church to be warm and live, while those who didn't, were left in the cold to die.

The Abrahamic programs are quite simple. They are just stealing in the form of a religion. If anything they resemble a capitalistic pyramid scheme (also known as the Mafia Scheme) which ultimately always leads to poverty and Communism - where the Jew reigns supreme above a beaten populace.

They would probably kill each other out of inability to produce and create anything.

True parasitism."

They wouldn't survive. The Jew only arrived on the planet tens of thousands of years after this planet has been attacked and so forth. They just look for victims around in the planets it seems. This is why they are on THIS planet harassing entities, and probably species like them are elsewhere doing the same. We are dealing with galactic-free-range parasites here.

St. Peter

-By Thomas Schweitzer

As it's been mentioned with many occasions, the Judeo-Christian characters/archetypes mentioned in the Bible and worshipped by Xians and Jews, are neither historical figures nor originally Judeo-Christian. In the present article the archetype of "St. Peter," who in the Bible appears as one of "Jewsus' apostles," will be analysed.

The similarity between St. Peter and Hermes/Mercury/Thoth, Mithra and Janus is very blatant. For instance, Peter is called "the rock" and has been claimed to be the "cornerstone" of the Xian Church. Mithra was thought to have been "rock-born." The Greek God Hermes (the Romans called him Mercury and he was known by the Egyptians as Thoth), was the one holding the keys to the underworld, making him the "keyholder" and the "gatekeeper." This aspect is similarly shared by Janus, who is the "keyholder" of heaven. The Jews did not miss this aspect either when inventing the archetype of Peter – known as the gatekeeper of heaven in the Bible

Matthew 16:18-19

18) And I tell you that you are Peter and on this rock I will build my church, and the gates of Hades will not overcome it.

19) I will give you the keys of the kingdom of heaven; whatever you bind on earth will be bound in heaven, and whatever you loose on earth will be loosed in heaven."

Matthew 16:23

23) Jesus turned and said to Peter, "Get behind me, Satan! You are a stumbling block to me..."

Luke 22:34

34) Jesus answered, "I tell you, Peter, before the rooster crows today, you will deny three times that you know me."

John 18:27

27) Again Peter denied it, and at that moment a rooster began to crow.

"Jesus is made to give the keys of the kingdom to Peter, yet he then turns around and calls Peter 'Satan,' ironically implying that his church is to be built upon the 'rock of Satan.' Peter was thus the 'gatekeeper' of heaven, likewise a role within the mythos. As Robertson relates: '...there is to be

noted the remarkable coincidence that in the Egyptian Book of the Dead, Petra is the name of the divine doorkeeper of heaven...'

'Peter' is not only 'the rock' but also 'the cock,' or penis, as the word is used as slang to this day. As Walker says, 'The cock was also a symbol of Saint Peter, whose name also meant a phallus or male principle (pater) and a phallic pillar (petra). Therefore, the cock's image was placed atop church towers.'" [1, p. 168]

"The cock was another totemic 'peter' sometimes viewed as the god's alter ego. Vatican authorities preserved a bronze image of a cock with an oversize penis on a man's body, the pedestal inscribed 'The Savior of the World.' The cock was also a solar symbol." [2, p. 79]

Fig. 257.—The god Priapus as a cock, from a Greek temple.

Bronze sculpture hidden in the Vatican treasury of the Cock, symbol of St. Peter. Inscription reads "Savior of the World." (Walker, *WDSSO*)

"On this stone, which was the emblem of the male generative principle, the Linga, Jesus founded his church. This sacred stone is found throughout all the world. In India at every temple. The Jews had it in the stone of Jacob, which he anointed with oil. The Greeks, at Delphi, like Jacob, anointed it with oil. The black stone was in the Caaba, at Mecca, long before the time of Mohammed... Mr. Bryant says, 'When the worship of the sun was almost universal, this was one name of that deity, even among the Greeks. They called him Petor, and Petros, and his temple was styled Petra.' Where the temples had this name... there was generally a sacred stone which was supposed to have descended

from heaven. Mr. Bryant observes, ‘Pator or Petor, was an Egyptian word; and Moses, speaking of Joseph and the dreams of Pharaoh, more than once makes use of it...’ [3, p. 645]

For those who don’t know what a Lingam is, here’s a short explanation. It’s a divine symbol formed from two parts: a bottom part, which is also called “the receptacle” and has the shape of a Yoni, representing the female sexual organ; and a top part which is shaped like a phallus/penis, representing the male sexual organ. This is the “stone” mentioned in ancient religions; this is the reason why “the stone” had both the meaning of “cornerstone” (female principle, Yoni) and of “rooster” or “penis” (male principle). Below there are a few images of Lingam’s:

“While discussing his betrayal, Christ claims that Peter, his ‘rock,’ will deny him three times before the cock crows. This element is found in other myths and earlier traditions... ‘St. Peter,’ despite his denial, is considered the gatekeeper of heaven. This story is not historical but astronomical in origin, with Peter and the cock being one and representing the announcement of the morning sun, whom Peter ‘the gatekeeper/cock’ finally allows to pass after denying him... As the cock who announces the risen savior, Peter is associated with the sign of Aries, when the sun overcomes the night and starts its journey to fullness.” [1, pp. 201-202] (Fullness achieved at the Summer Solstice when sun’s power is at its peak.)

“It is said in the Zohar that a cock crowing three times is an omen of death... The Gospel story of Peter’s denial of Christ, three times before cockcrow, was related to older legends associating the cockcrow with the death and resurrection of the solar Savior... The resurrected god couldn’t enter into his kingdom until dawn. The angel of annunciation appeared as a cock, ‘to announce the coming of the Sun,’ as Pausanias said. At cockcrow, the Savior arose as Light of the World to disperse the demons of night. But if he tried to enter into his kingdom earlier, disrupting the cycles of night and day, the Gatekeeper would deny him. The ritualistic denial took place also in the fertility cults of Canaan, where the dying god Mot was denied by a priest representing the Heavenly Father. [2, pp. 79, 397]

The snapshot where the heavenly father abandons the dying god appears similarly in the bible where the protagonist is Jesus at the time of his death:

Matthew 27:46

46) About three in the afternoon Jesus cried out in a loud voice, “Eli, Eli, lema sabachthani?” (Which means “My God, my God, why have you forsaken me?”).

Similarities between Mithra and St. Peter

Mithra is a very popular Persian God, not only in Persia and the Middle East, but also in the Roman Empire; during the Roman occupation he was adored in Dacia as well:

“...during the Roman Era, one of the gods most worshipped in the Dacian province, Mithra, was also called petrogenitus (rock-born).” [4, p. 676]

Below there are two images of Mithra, being born from the rock:

Pay attention to what the Catholic Encyclopaedia says about Mithraism; it's interesting to note also how the followers of Mithra called each other brothers (long before the Xian era): "The fathers conducted the worship. The chief of the fathers, a sort of pope, who always lived at Rome, was called 'Pater Patrum' or 'Pater Patratus.' The members below the degree of pater called one another 'brother,' and social distinctions were forgotten in Mithraic unity." [5, p. WORSHIP]

"The 'apostle' Peter ('rock') is associated with Jesus ('salvation') long before the Christian era, in Old Testament scriptures that address either the divine 'Rock of Salvation' or God as both 'my rock' and 'my salvation,' such as at Deut. 32: 15; 2 Sam. 22:3, 22:7; Psa. 18:22, 18:46, 62:2, 62:6, 62:7, 89:26, 95: 1; and Isaiah 17:10. Hence, the apostle Peter... is the old 'rock' (petra)... especially prevalent in Mithraism. Petra is also the 'doorkeeper' to heaven and to the mysteries in the Egyptian myths.

According to Pausanias, the inhabitants of Orchomenos in Greece worshipped 'Petras,' or rocks, 'which were supposed to have fallen from heaven.' Regarding this scenario, Christian scholar Bryant comments that 'every oracular temple' possessed 'some legend about a stone... some reference to

the word Petra.' He further remarks that 'when the worship of the Sun was almost universal,' Petor or Petros was 'one name of that Deity even among the Greeks.'" [6, p. 470]

"Mithra was sometimes termed the god out of the rock, and services were conducted in caves. Jesus' origin in a cave is a clear instance of the taking over of a Mithraic idea. Paul says, 'They drank from that spiritual rock and that rock was Christ' (I Cor. 10:4). These are identical words to those found in the Mithraic scriptures, except that the name Mithra is used instead of Christ. The Vatican hill in Rome that is regarded as sacred to Peter, the Christian rock, was already sacred to Mithra. Many Mithraic remains have been found there." [7, p. 203]

The title "the good shepherd" is likewise not Xian. Originally this was a title of Mithra:

"Further correlations between Mithraism and Christianity can be found in the Christian catacombs, where there are numerous images of Christ as the 'Good Shepherd,' also a title of Apollo, who in his solar aspect, and as the 'patron of the rocks,' is identified with Mithra. Indeed, 'Petra, the sacred rock of Mithraism, became Peter, the foundation of the Christian Church.' Another remnant of militant Mithraism within Christianity can be found in the phrases 'soldiers of Christ' and 'putting on the armor of Christ.'" [6, p. 131]

Ephesians 6:11

11) Put on the full armour of God, so that you can take your stand against the devil's schemes.

Ephesians 6:13

13) Therefore put on the full armour of God, so that when the day of evil comes, you may be able to stand your ground...

—

The double headed god Janus and Peter

"The double-faced Roman god Janus, the genius of the month of January, was likewise the sun, identified with Apollo, the sun god, and Diana, the moon goddess... Placed above doorways and depicted holding a key, Janus was the 'doorkeeper of heaven and hell'... As has been evinced by a number of scholars, Janus Pater, the keyholder and gatekeeper, is the prototype of St. Peter. [6, p. 139]

St. Peter & Janus

are both keepers of the Key and Gates

St. Peter

Janus

Matthew 16:18-19

19) I will give you the keys of the kingdom of heaven; whatever you bind on earth will be bound in heaven, and whatever you loose on earth will be loosed in heaven."

The second part of the verse above can be summarized to "as above so below" – a concept fully expressed by Janus' two heads. And there's no coincidence this concept was attributed to no other apostle but Peter, since it was inherent to Janus, one of the prototypes of Peter:

"The opening month of the year (January, from janua, "gate") was sacred to him, as was the first day of each month... As warden of gates, which he opened and closed, he was depicted with a doorkeeper's keys and staff. His two faces meant that he watched entrances as well as exits, and saw into the internal as well as the external world, left and right, above and below, before and after, for and against. His shrines were archways, such as gateways or arcades at crossing places.

On Roman monuments, Janus is shown crowned as in the cartouche of Luchon, with the sceptre in the right hand, because he is king; he holds in the other hand a key which opens and closes the epochs; this is why, by extension of this idea, the Romans consecrated to him the doorways of houses and the gates to cities.

Turning to their initiatory symbolism, Janus as the god of initiation has two keys, gold and silver, that represent the greater mysteries and the lesser mysteries, and the celestial and terrestrial paradises, respectively.” [8]

“It is clear from his characteristics that Peter is styled after the Roman god Janus, as has been noted and demonstrated elsewhere. Petra was thus a popular god epithet at Rome, which is why Peter is a Roman representative; in other words, Peter was invented to incorporate that major faction of the brotherhood.” [6, p. 470]

And... surprise, surprise: the cock/rooster is found amongst Janus' sacred animals. You can see this in the image above as well.

“One of the most striking epithets of the god Janus was Matutinus – that is, of or pertaining to the morning, as he was believed to preside over all beginnings, entrances, gates, and commencements; not merely over the beginning of the year, but over the beginning or dawn of every day: and hence, the cock, whose crowing announces the first appearance of the day, was peculiarly accompanying emblem of the god Janus; and bears precisely the same part in the gospel allegory, in crowing Peter into repentance, as he bears in the analogy of nature, when his shrill voice proclaims the breaking-in of evangelical light upon the dark conscience of the sun-abjuring apostle; and the evidence of his repentance descends upon the world, in the dewy tears of the morning.” [9, p. 153]

Hermes/Mercury and Peter

From the next quote it is clear that Mercury was associated with the Sun, just like Mithra was associated with Apollo (the Sun), and just like St. Peter was later associated with Jesus:

“The son of Zeus and Maia, the daughter of the Titan Atlas, Hermes was also the brother of Apollo. Hermes is equivalent in the Egyptian pantheon to Thoth, who, as we have seen, is identified with Apollo... Hermes is also the planet Mercury, which was considered by its proximity to the sun, its small size and its short year to be the closest and speediest companion of the sun; in fact, Hermes was equated with the sun, as ‘his’ proxy. Like the

old Egyptian god Shu, Thoth/Hermes/ Mercury, the ‘messenger of the gods,’ is the Divine Word by which the universe is created.” [6, p. 114]

In the introduction, the connection between the cock and Sf. Peter was discussed. However, the cock was also one of Hermes’ symbols, which dates far longer than the advent of Xianity. In the following images of Hermes both the cock (on the left) and the goat can be observed:

The following quote is from Wikipedia: “Symbols of Hermes were the palm tree, turtle, rooster, goat, the number four, several kinds of fish, incense.” [10, Temples]

The next image is also suggestive. In the Bible it is written that the rooster crowed twice immediately following Peter’s thrice denial. The carriage of Hermes is pulled by... two cocks.

Mark 14:30

30) And Jesus saith unto him, Verily I say unto thee, that thou to-day, even this night, before the cock crow twice, shalt deny me thrice.

“The etymology of the word Peter is common with that of Hermes, both originating from the word rock. Both are acting as accompany in the salvation of souls. About Hermes, Diogene Laerios mentioned that: 'he is the steward of souls, and for that reason is called Hermes the Escorter, Hermes the Keeper of the Gate, and Hermes of the Underworld, since it is he who brings in the souls from their bodies both by land and sea.'” [4, p. 674]

Also, the link between the rock, Peter, the cock and Lingam has already been discussed. Here we have another quote about Hermes and the connection between his name, rocks and the phallus. The herma discussed in the quote (see the image below) is nothing else than a Lingam (the base is a yoni, and the column above it is the phallus): “In Ancient Greece, Hermes was a phallic god of boundaries. His name, in the form herma, was applied to a wayside marker pile of stones; each traveller added a stone to the pile. In the 6th century BC, Hipparchos, the son of Pisistratus, replaced the cairns that marked the midway point between each village deme at the central agora of Athens with a square or rectangular pillar of stone or bronze topped by a bust of Hermes with a beard. An erect phallus rose from the base. In the more primitive Mount Kyllini or Cyllenian herms, the standing stone or wooden pillar was simply a carved phallus. In Athens, herms were placed outside houses for good luck.” [10, Hermai/Herms]

Studying, College, Reality and the Gods

By High Priest Hooded Cobra 666

[Members argued about the Social Marxist universities and colleges of today, etc. None of these replies are a personal reply to anyone, but rather, a transpersonal reply for all.]

[It all just boils down to one's self knowledge and understanding that they are responsible for their choices or lack thereof. So long this happens, everything should be fine and everyone should be safe. There are also different social, cultural backgrounds, different countries, different possibilities, different dreams, different aims and different persons in all of this. So everything must be adjusted accordingly. Its impossible and not needed to create a general rule, so I approached the subject from all sides. The main point is to defeat the jew, from all sides and to elevate yourselves to a high level of existence. Be it in science, religion, construction working, farming, wherever. The roads and paths people will take are up to them. Below its more of a general reply.]

My replies:

Way too much of a bad advice. It doesn't matter if the colleges or universities are jew'd totally out of existence. Society has formed in the way that they are useful, for things that might be useless observed from a standpoint, but from another, they are a matter of life and death...So how useless are they? So long you are in there, lay low and don't try to attack the sheeple hordes (which exist everywhere in society) or you don't burn your brain with drugs, you are absolutely fine. So, the rot aside, this can be really a useful thing.

Satanists need to be scientists and creators as well. With whatever means are provided today. Advising people to not go in college if they are meant to go or if they have the "intelligence" or "adaptability" to do is merely bad. A debate by some stupid idiots doesn't pose proof of that. Idiots, kikes and imbeciles exist everywhere. Yes, home schooling is the best thing, but few to no people have the decent patience to sit down and school themselves, or study appropriately. or are willing to give any time into it without external force. You though have to be entirely sure that what you want to study, is what you want. Make sure it agrees with your personality. Now if it sucks too much, you can take route two, which is merely creating money. Again, this would require studying, even if it would a technical university or anything. Or you can merely use your money to get into bussiness at once. All these choices are in your hands, though...

One must remember that the "masses" or the "broad masses" (normal people) were totally illiterate some centuries ago. Most couldn't write their names, at best. Studying the work of Adam Smith (Some call him the father of Liberalism or Capitalism, but its fabrication of his to fill in political agenda) and you will understand why. Satan wants knowledge for ALL people on EARTH. This is why the WWW (666) provides this. Knowledge should also be for free. Most expensive books and useful manuals, cost hundreds upon hundreds of dollars, so they cannot be bought by most people. The Gods made it happen and it was a highlight in history. This gave rise to new things, for better or for worse. Worse, because the enemy uses these means of freedom to enslave the populace as always in history.

At least, the West isn't a massive cattle under the jews anymore as it once were. People can at least study now. All these chances are to be SEIZED and NOT TAKEN FOR GRANTED. If someone can't write their own name, or aren't studied, they are an easy target to be prey'd upon, especially by jews and agents who spend tens of years in classes of deception, robbing money in "legal" ways and everything else. This is why the enemy tried education into ed-jew-cation, but this again, shouldn't be the reason for people to stay away.

Look at the average joe around and you will see why this happens. Live and let be, who cares about society, a big chunk of social marxism or liberalism, plus maybe xianity. Recipe for social disaster. And that's that. It would be better if they were studied a bit, so when they hopped on our philospfy. Though of course, if one is stupid, they can be brainwashed by the television, by their college books, by their church or whatever else. It poses no difference. There are though grades in how one is brainwashed. Also, not all sciences are the same. Satanists with their occult knowledge have a big hand in getting forward in the scientific profession. They have serious chances of winning over.

For serious world take over, we need serious people who are levelheaded on what we have in front of us today. Yes, in 20 years there MAY-BE NS all over the west. Now though, what the fuck is going on? This wishy washy thinking has made people to just expect things to fall from the sky. Also, if you look at who pulls what, you will see important people in this movement as well, and serious people.

These ideas that you can somehow sit in your mother's basement, doing weed, and wake up and find yourself successful in life, are all pure bullshit. However tainted, universities are important. And of course, Satanists are strong players. Strong players don't disassociate themselves from the game, they get in and win this game. You can change this and make a very serious difference.

On the meanwhile, based on ideas of defeatism, boredom or intellectualized stupidity, the enemy gets their diploma's and PHD's and they shovel it at the faces of their enemies, making up pseudoscience and the list goes. They laugh at this, because they are infiltrating these institutions and kept making more and more Marxist and Christian as times went. To the point that now, as some reasonably argue about, these pinnacles of knowledge have become communist garbage and monsters.

The info provided in universities, is not by any means "worthless" though. Nothing is worthless in the eyes of someone useful. And to merely disregard this is entirely stupid. Even when it comes to social Marxism within them, this is not a good reason to not attend.

Except if you are so stupid that you are afraid you will be brainwashed without your consent. Simply, it doesn't matter what you are given, but what you make of it. And in this case a Satanic mind that is aware can turn this around to their benefit. There are also social reasons why this is important and things are what they are right now.

Most of these people have common sense. Not the students, but the teachers, aren't in any stretch of imagination merely "stupid". Most of them know entirely well what they are doing, as in spewing Marxism and the list goes. They are though, not stupid in anyway.

Though, the enemy has made it that many people have to get into debt or they don't have money to attend these sanctuaries of Marxism. If you are to spend hundreds of thousands of dollars in debt and you aren't even deciding to do anything like this in your future, get on a Technical school and become home studied, work yourself and move forward with your meditations. It all boils down to self knowledge and decisions. I know most people who just feel bad about not doing this later, but when they understood later, it was too late. This doesn't have to be the case for new Satanists. Some

people though from here would be very good for the University professions and such.

Though, eventhough plasmatic and "fake" this knowledge may be, in today's world, it has impact and money involved. What is a stock market when it comes to eternal nature? Nothing. What is a stock market when it comes to America nowadays? Everything. This "silly" system has come to the point it can drag down everyone and destroy countries or the economy of the world. Therefore, how silly is it know about it? How "worthless" is to know it or not? This should answer lots of questions.

Social change doesn't merely happen by gut and by choice, or by spiritual warfare. Action is needed. Weren't it for certain highly prominent figures to go out and speak out, there would be no Satanism or no NS to survive after WW2. Some people though, knew the Truth. Take for instance David Irving. He got some education, but never finished. This nevertheless gave him the ground to be recognized more than an ordinary slob who just writes stuff. This is of course the enemy labelling people like this.

There is exceptionally cunning, knowledge and understanding with physical and concrete knowledge based on what the enemy is pulling off. Thinking one can take down an army of helicopters with a shovel or a bow, and you can see what idiots they are. Yes, wishful thinking, hoping and aspiring are one thing. Aspiring stupid things is another. You simply cannot take a helicopter down with a shovel, however the jewish movies have emphasized this, or made you believe that somehow "God" or the "Gods" hide behind the stupidly "impossibly" or the totally irrational. Such as you can throw a shovel and kill the helicopter rider. Okay hero, you did it. Then what? There are probably around 100 more helicopters let's say. At best, this wishful thinking can produce a heroic death or a movie scene. It cannot produce the new reality that we want, in the long term and eternally. The thinking should better be like, better as well get a helicopter and then maybe you stand a chance. More chances if you form an army of Helicopters.

Unfortunately, however truthful and correct someone may be nowadays, there are these limitations involved and one has to look at reality on the face in the end. People care more about who says it, than what is said. And this is the gruesome reality. If you are an illiterate villager, you can understand the greatest Truths of reality, but the kike will come on the side with their papers and all their bullshit, and deceive people anyway. He had a deception class on his Yeshiva, and you didn't know what it did or have the skill to undo it. So guess who wins. Reality has become halfway what it always was, half judaism. Some people can't take this and I get this, but for those who have the opportunities, they must be seized at all costs. For your personal survival and for the common as well.

Moving away, locking one's self into his mother's basement and expecting life to happen, is the worst for of advice and defeatism (I speak in general, not like anyone did this here). You might as well advise someone to merely slit their wrists and die.

Too many people are tying the problems, benefits and ways of their personality in Satanism, or how they see life. Thing is, Truth is not close to this, its further. We have to look at reality in the eyes without fear. If one is a defeatist, or if they are lazy, or into drugs, or whatever, this has nothing to do with Satanism and mentally trying to make it into a rational explanation by the knowledge and Truth provided by Satanism, is a mere bastard move to keep evading the realization that one needs to maybe, change their ways, to get what they want. Its not a race against reality or a big argument with the universe to prove yourself right. Rather, pay attention to what is going on.

Reply 2:

Now, whatever one picks to do, you must be the best at it, for many reasons. Everything has to be in the range of what is rational, plus your dreams and your gut. If you lose this balance its fairly easy to drop off. Put an aim and work for this, aim whatever aim it is. Don't deviate from it. And try to make up your mind soon, before circumstances force you to do so.

So years ago I knew a Satanist. He dropped out of school, saying that the Gods would teach him eventually. He did meditate, but nowhere close enough to even approach this level. And he was running out of time as shortly he would become an adult. He also didn't have any "family backup". This was of course coupled with other serious delusions, like, things would happen on their own for him because he was someone so important in a past life...Yea, right...You are...Everyone is...Somebody. We are filled with people who are sick by the sickness of stupid entitlement (thinking magick is going to sort out their entitlement issues and get them the mansions and planets they always were SUPPOSED to have, because they were born awesome), but we aren't filled by cutthroat people who have balls and get out there and get what they want. These are the people we need.

Well, turns out, reality doesn't really give quite the fuck on how entitled these people feel or trying to convince others they are. So he basically went impoverished and almost died in the process, let alone other things. Then he went on and blamed Satan for it, who has warned him every edge of the way. Obviously when he realized it wasn't Satan's mistake, this changed. This, he put up and he said it was "enemy influence" and that "he knew completely what he should do". He never, not even ONCE, blamed HIMSELF. Words, logical advice and the whole world, didn't mean nothing for this guy. He knew better. Given he knew so much better, the Gods after YEARS of EVERYDAY warning him in ALL possible ways, had to let it on the hands of fortune to set the guy straight. So when his Saturn came in, there was the damage all over the place. His opinion and his pseudophilosophies couldn't save them anymore. He had shortly turned to a reverse xian, that blames the devil for their drinking problem. The xian mentality was still strong in this person, eventhough of their claims. It guided their whole life into disaster.

Being an idiot, blurring the lines of reality, blowing one's life up and the rest of the loser attitudes, are not a part of Satanism in anyway, shape or form. Also, the Gods aren't wish granting machines or extensions of one's stupidity. Neither they have to pay the price for people's naivety and mistakes. The fact that the Gods have our backs, doesn't mean they will pay the price for all of your mistakes. This is christianity, where its the bullshit about how jesus lumped from a cliff and angels saved him. Its the same book where the earth is flat and 6000 years old. And where God is a male without a woman because they suck. So you know its just jews, jewing. Also, its not harry potter, where you move your wand and shit happens on its own in your life.

Jews lie to you. The reality? If you jump from a high cliff, you will either wind up disabled or dead. How they Gods would protect you? By telling you over and over again to stay away from the cliff and in distancing yourself from it. Now if you want to jump to prove your Harry Potter convictions right, I guess you deserve the fate of this american kid that jumped from a skyscraper, thinking they were superman, on a meth high or something. Turned out, reality didn't have the same opinion about them being superman. And they died.

Like the Gods have to fill in for anyone's wishful thinking and dreamland. He stopped attending to school in the early grades. As such, his life went downhill and then he found himself an adult with absolutely nothing to do, in a country that didn't provide anything for him. So guess what, shit just became even worse. The Gods are serious. They help, they assist, they guide. If you though pull a suicide move, don't expect passive aggressively to be saved, because chances are this attention who-ring towards them, or outright stupidity on your behalf, is not a price they are obligated to pay.

Don't try to overly exploit their eternal love for humanity and their never ending support.

I tell all of you this because I care for you...You must seek deeper in power than frail convictions. Power comes from Truth, knowledge, power and understanding, all of which aren't merely empty concepts, neither imaginative hallucinative crap. It's right here and right now.

Maya has been translated to "illusion" by later texts that are attempts to create a strange monotheism out of the more ancient Vedic texts. Which was created by Shankara and one has to study into the Brahma Sutra's to witness what is occurring here. Shankara is attempting to take the original conception of Brahman which is simply the element of quintessence or Ether and ascribe to this a new strange monism which is attempting to open the door to a Christian style monotheism which has in fact occurred in Hinduism. And here is the major understanding in studying current Hindu ideology. Shankara attempts to state the physical reality is illusion and a lie and only this Brahman is real. He then attempts to create the basic metaphysical justification of Christianity and Islam. That of a radically foolish spiritual egalitarianism that everything and is everyone is Brahman and thus all are one and equal and the same. The individual ego is the lie and one must somehow overcome their own soul personality and become one. This is an attempt to break down people's individuality and turn them into something controllable. This is a common tactic of cults. Note here appears in Hinduism the demands for veganism, fasting and other techniques of making people's minds broken down to control them. This around the time the techniques in Hinduism are put in that are called spiritual but are actually tools to cause a disassociation to ones actual physical and individual being. To then mold them into some mind controlled mold, universalist someone that will embrace this communist narrative. This is also where celibacy comes from in an attempt to shut the door to the original teachings of sexual love as ritual to activate the serpent power. The enemy always goes after sex for this reason. This also creates a neurotic individual they can then direct better this is also where the teachings that Siddhi's are to be ignored and not worked for are put in. The original teachings pointed out Siddhi's are the signs of enlightenment. The chakra's are activating with light and the soul is transforming to a higher level. This is how they originally tested for signs of enlightenment by Siddhi's. Shankara's false teachings accompany the removal of spiritual knowledge.

Shankara was from Kelara a city that was well known for being full of a large Jewish population. I find it interesting to note that Shankara attempts to subvert Hinduism which he was openly stated to be doing in his time. But he attempts to subvert Hinduism with what is literally JEWISH KABALA mysticism. This is exactly the same trash that the Rabbi's of Kabala teaches which forms the core of Communism when its put in a secular political form by Kabbalistic Rabbi's who wrote the Communist ideology. The Jew seek to subvert every People's culture in who's nation they exist in. All to bring them down into what we today call Communism but its just the ideology which is the manifestation of the alien racial soul consciousness of the Jewish enemy.

This is why this Jew states Maya has to be a lie here. As Maya is the actual world of forms and thus structural reality of existence which provides us with differences and scientific basis for these fundamental differences and thus natural laws which are physical structures of these differences. So Shankara then declares all this to be a lie. Because he needs some ideological device to deconstruct this to then put forth his Communistic ideology of Brahmanism. Christianity does this by declaring nature that of physical reality to be a lie of Satan that is fallen and only the same ghostly world of spirit to be the only true reality. It also sets up its Communistic platform the same way Shankara does by appealing to this other worldly lie of Brahman or "god" and all being the same due to this. Christianity was written by the same racial

mind of the Jews. Out of their Kabala which is all Shankara did for his tribe in ancient India as well.

Originally Tantra was created to combat this insane nonsense by preserving the original teachings of the nature religion. Which is based on spiritual laws which manifest as nature.

Maya is originally the Goddess that represents the Shakti energy that manifests all existence. One can note the Tantric role of Shiva and Shakti is simply Shakti is the vibration of energy and Shiva is the consciousness the form of the vibration, the two are one. The forms of existence are very real and have very real differences and social structures based on these forms matter and have thus real meaning. Humans evolve through different states and forms to the ultimate form of their destiny is to take this includes racial differences. The ancient Sanatana Dharma was against racial mixing as well. And that the Brahman is simply the causeless element all forms manifest from and thus form is connected into the cause. Physical reality is thus not a lie it's the form of spiritual reality as the two are one the material world is the manifestation of the astral form of the world. Thus all the forms that exist are soul forms. This includes the individual soul. To understand the need for spiritual practice one must understand the nature of the soul and body and why they have to be united.

Where the Jew Shankara taught dissolving the soul into some non-existence after the physical death of the body and ceasing to exist as the ultimate goal which is spiritual death. And creating a situation in which Gentiles will degenerate physically and thus spiritually till they are so weak the Jews can control them. This is the core of why Jews teach false doctrines about salvation of the soul in Christianity and Hinduism so they can control the outcome of such. It creates the pretext for removing real spiritual knowledge. Your salvation or liberation is done in some false neither world not here on earth by uniting the body and soul. The body has nothing to do with the soul and neither does the physical world in their false doctrines. They tell people the natural world is suffering and bad. But you can get paradise in the sky world if you obey the Jews on this world. That is what this is about in their doctrines of damnation. Where the Egyptians and Greeks taught the truth is if the soul is not empowered by the practice of Serpent power yoga. It will degenerate to a point it can't reincarnate and a person will cease to exist. Which is what the enemy programs of Jainism, Buddhism, Buddhism with Hindu coverings Islam, Christianity, Communism and such lead to spiritual death.

Tantra taught the individual is to become Shiva a physically perfected being a literal Deva with all the Siddhi's. Through the practice of the Kundalini Yoga. Tantra's warn people about the lie of Shankara and that he was a deceiver sent here to destroy the true teachings. That perfecting the soul is perfecting the body as the two form and reflect the same form. The astral aspect and the physical aspect.

Shankara was a subversive Jew. His lying teachings are all Jewish in nature and origin. And attempts to destroy Gentiles and the Gentile soul for his Jewish tribal warfare against Gentiles. It was noted Shankara took Buddhism and injected into it a false Vedic narrative this was done at the time to destroy the Vedic rebirth and that was going on with the destruction of Buddhist ideology in India. This was to keep the same ideology going. The Buddhist Emperor Asoka had numerous close ties to the wealthy and politically powerful Jewish networks in Alexander in Egypt. It was Asoka who tried to destroy the original Vedic culture and replace it with Communism in the form of Buddhism. This included banning and removing all the spiritual knowledge, mass slaughter of Hindu's who opposed this and the burning of mountains of texts and the rewriting of others. This is exactly what the Jews did when they took over the Roman Empire with Christianity. Because the Jews took over the Indian world with Asoka's Empire and Buddhism. Both western historians and even Hindu Swami's admit that the reason all of Northern India fell to a small Muslim army was Buddhism and the Buddhist teachings that became Hinduism. It so weakened the population they were wiped out and enslaved. Mohammed was an open Jew who stated he was going to impose the religion of the Jews on the world. The Islamic books are full of orders to attack Hindustan. The Jews are told in their Torah to weaken the Goyim drop by drop till they are so weak they can be destroyed in one swoop. We note this today how the Jews are weakening the western world to soften us up for the final strike and kill. A global Communist dictatorship.

Note only the Southern Indian Empires resisted and destroyed the Islamic armies sent against them. Because their Kings destroyed Jainism and Buddhism and maintained the Sanatana Dharma. This kept their nations spiritually strong to resist. Buddhism at one point was literally wiped out by force in Sri Lanka by the Hindu Emperor. There are ancient Southern Indian histories that mention the Jains what Buddhism was called before. Where subverting the courts of the Kings with their ideological lies which are designed to remove true spiritual teachings and knowledge and promote a materialistic, human hating and world hating proto Christianity in its place. The Priests of Shiva then challenged the Jains to prove their spiritual enlightenment then. The Jains were forced to put up. And were defeated and shown to be spirituality powerless. The Priests of Shiva on the other hand performed all the major and minor Siddhi's thus proving the Sanatana Dharma to be the truth as Siddhi's are signs of enlightenment. The Jains were driven out by the Kings and pogromed out of their Kingdoms. Think of Gandalf vs Worm tongue from Lord of the Rings. Indian histories in the Medieval period mention the Jains and Buddhists violently attacking the Shiva saints and attempting Jesuit style to subvert Sanatana Dharma. This was total ideological warfare by fanatic's against Sanatana Dharma.

The Shiva Purana also warn about the Jains and how they taught a false Dharma that brought about the destruction of the noble race of Asur. Note Asura here is not evil this only came about later when the western branches of Aryans went into the Zoroaster cult which is also a Jewish invention. Asura is an ancient name of Aryan and it also means "Gods" in ancient Hinduism. Its warning how the Aryan race fell in its spiritual power and then physical power by subversion by the enemy JEWISH RACE. And how the surviving Asur's who stayed loyal to Shiva and the Devayana the path of becoming Gods then left and rebuilt their racial spiritual empire. But the subversive Jains where then sent into the Middle East to arise to rule the world under the Dark Age. Which is the age that happens because of the loss of spiritual knowledge and the lack of its practice. The enemy has to remove spiritual knowledge to be able to bring the world under their control they state this in their Kabala. Hence they were called Jain's then and the Jain's were from the MERCHANT caste which is the caste the Jews in ancient India were stated to be

of. The Jews can only rule a world of materialism and deception. Today its stated by Hindu historians and scholar's all of Hinduism is Jainism this is how successful the Jewish race has been in subverting India. They have been doing this for centuries.

This is why one must understand the Kabala to understand the Jews and then be able to detect their criminal narratives and behaviours in history.

It was only those who maintained the original path of the Gods who stayed strong and defeated the enemy.

Going back to the Veda period. Visnu was consider a minor God however Visnu in the later Hindu period is shown in the image of Surya and Shiva was Indra the King of the Gods and was also known as Rudra. However this seems to be mystical forms of Indra and the spiritual properties dealing with Alchemy.

Hindu's state they don't honor Brahma because he created the world they are trying to escape from and have been told is samsara. However because they don't understand something.....They do honor Brahma by using the Saraswati mantra which is the Shakti of Brahma and thus Brahma.

When a person asks about Hinduism the question has to be in the context at what period are you mentioning. Its been changed for so long.

shinninglight wrote:this shit is just everywhere in hinduism,brahma created a world of illusion and every other crap.

hp mageson what about vishnu,i know shiva is satan but what about vishnu also why does the hindu text say they dont worship brahma.

Sufi's, Yezidhi's And Satanism, Important Read

Ancient Iran was once part of a larger Vedic empire that included northern India and central Asia. Its ancient name is Aryana Kshatriya meaning the "Empire Of The Aryans". The original Vedic head deity of pre Zoroaster, Vedic Iran was called Mithra. Who is also a important Vedic deity in the Rig Veda. In ancient Hindu coins Mithra, Visnu, Shiva are shown as the trinity of Hinduism. Its acknowledged in the ancient Zoroastrian texts that Vedic Priest Kings ruled over Iran before the Zoroastrian period. In the ancient Veda's the God Murrugan is also called Mithra and in the Hindu Purana's this is also stated that Mithra and Murrugan are the same God. In ancient Persia the festival of Mithra was called the "Mihragan". One can still note the Murrugan in the name. The Yezidhi elders also state their God Shaitan, Melek Taus is Murrugan in Hindu India. Yazidhi is also a title of Mithra.

During the reign of the Zoroastrian theocracy the worship of Mithra was suppressed and elements of Mithraism came into Zoroastrianism to attempt to control things by the ruling theocrats. However when the Aryan Parthians who had kept the Vedic Mithra as their main deity conquered the Zoroastrian regime. They installed Mithraism as the open and ruling culture again. However later on the Parthian dynasty was over thrown in a coup lead by Zoroastrian Priest elites. And then Mithraism was banned and driven underground when they created the Zoroastrian Sasanian Empire. However due to conditions many Parthian nobles were able to gain some regional autonomy were able to keep Mithraism going more openly to a degree in the sense of initiation societies and noble houses.

The Sasanian Empire was drastically weakened from a long and costly war with the Eastern Roman Empire. And was attacked and over ran by the Moslem Arabs who destroyed the Sasanian Empire totally and massacred much of Iranian culture and Aryan Peoples. The Parthian Nobles and the followers of Mithraism rose up against the Arab Empire the Caliphate and fought a series of fanatical and major battles that left hundreds of thousand of warriors killed. The largest battles of their time were fought to free Aryan Persia from the Judeo-Arab Empire [Mohammed was openly a Jew who imposed Judaism on the Arabs thought Jewish Arab tribes and mercenaries]. Sadly the Parthian Nobles lost the open war and were forced underground into an occult war, but already adept at this from the previous Sasanian regime. Over time the Iranian's were able to wrestle some regional autonomy from the Arabs. Which allowed for the continuation of the Mithra culture however they had to hide this under the blanket of Islamic Sufism to survive and then still many Persian Sufi's were executed by the Moslem regime for being devil worshippers and heretic's. As the ruling Arab theocracy and Imam's knew this was nothing Moslem about Persian Sufi it was cloaked Paganism. Sufi was synonymous with Pagan to the Islamic rulers. Because it was.

The Kurds are all Iranian's. They speak Iranian languages and all come from ancient Iranian regions. This comes to the Yezidhi People. The Sheik Adi of the Yezidhi's was sent by Taus Melek who they call Shaitan to maintain the ancient Mithra culture under enemy persecution.

The name Yezidi is literally an ancient title of Mithra and the Yezidi plain was the major region of the Mithragan celebrations. The spiritual leader of the Yezidhi is called the Mhir which is a title of Mithra. The Yezidi language has ancient Vedic Sanskrit all thought out it and its only found in the Veda's in India. The oldest texts of Hinduism. The Persian Sufi's were known to be highly ascended spiritual masters who had siddhi's, great spiritual powers. Shiek Adi was a Sufi. He was a highly ascended master of the Mithra tradition. This is were the Islamic blanketing comes on the surface they had to conform to certain ideological structures of the Islamic regime to avoid being all together outright massacred by the Islamic armies. Even then many Yezidhi's have been murdered by Islamic rulers during history.

The Persian's just managed to regain self control under the Shah's many of them Sufi's. One powerful Shah who ruled from the Peacock Throne was a Yezidhi as well. However later on Iran was attacked by the Islamic Turks and then later the Mongols both who annihilated whole regions of Iran. This is why much of the Iranian population of today are no longer racial Aryan. The Yezidi's however are still called the Blond Blood Line. As they maintain larger purity following the racial laws given to them by Melek Taus.

The reason Melek Taus is called Shaitan is because this is the ancient name for the serpent energy and the supreme God of the Aryan Peoples. This is also Satan in Sanskrit. Which is shortening to Sata or Sat and Satya. Meaning "Truth". The Aryan Peoples who lived in Iran called the Pagan deity of the serpent energy Shaitana and this was shown as the personification of the kundalini serpent.

The ancient Grail tradition of the Templar's was well documented even by the Templar Knight, Wolfram who made them popular to be a Persian Sufi tradition. The Sufi's had a tale of Jamshid and the golden cup the grail. The symbol of Shaitan among the Persian Sufi's and Yezidhi's is the color green and the Peacock. The green is the ancient symbol of the life force to the Persians its literally the color that symbolizes Mithra. And the grail king in the Templar is shown with the crown of Peacock feathers. The Templar's had the God of the Sufi's, Taus Melek. Which means Peacock King who is also called Shaitan by them. Both Templar and Sufi and the Yezidhi's called their God the Green Man [Al-Khadir] who is symbolized as the Palm Tree the symbol of Baraka the kundalini energy.

The article that deals with the Templar side and that of Al-Khadir "Satan Is The Green Man" is put together with this one.

Satan Is The Green Man

The Yezidi's who call their God, Satan. Came from India, and also call their God "Al-Khadir" this title means in English the Green One or Green Man. Satan is the Sanskrit Vedic title of the supreme God. The God Skanda shine city in southern India is called Katirgama, the "Place of Kartikeya" which the ancient Greeks in their own maps called Bachi Oppidum the "Town of Bacchus" a title of Dionysus. Karitkeya is the ancient name of Skanda. And where Al Khadir comes from as a title. One of the meanings of Taus Melek a title of the Yezidi God means Peacock as well as Verdant Land. Verdant means Green. The Yezidi's God is shown with the serpent and Peacock and as the eternally young God same as Dionysus and Skanda.

Skanda was called "Jnana Pandita" further west this becomes Joannes or Ioannes the ancient name of Dionysus who is the same God. Dionysus has the serpent, peacock and spear and the six pointed yantra as His image the same as Skanda or Jnana. The mythos around both Gods creation are the same as well. This Jnana becomes John from Joannes and this is Dionysus shown as the leader of the Templar's by the Grand Master of the Templar organization Leonardo Da Vinci. And why all Templar Commanders called themselves John. The Templar's also carried the red, black and white thread the Yezidi's, and Brahman's wear its the symbol of the three main nadis of the serpent energy in the spine. The Druids wore the same thread. Dionysus was also Osiris in Egypt as both Egyptians and Greeks stated. Ioannes is also Oannes the Babylonian title of Enki.

The Sufi's which name comes from Sophi, Sophia the name of the serpent energy. Had the same tradition as the Templar's the head deity of the Sufi's was Al-Khadir as well. The Templar's and Sufi's had close ties as two branches of the ancient tradition. Persia was the home of the Sufi's and the Yezidi's are connected to this ancient Persian branch. The word Baphomet means "baptized in Sophia" the risen serpent and the releasing of the waters of life that flood the being and transform them into the divine state. The water is symbolic of the energies of the serpent and chakra's. This is why Oannes or Joannes is the baptizer God the serpent.

The Templar Order had its major bases in Scotland and England as well sometimes under different names. This later became the Order of the Garter which was modeled on the Order of St.Khadir a Sufi order in the near east which was called Tarika-I-Hadrat-I-Khidr which translates directly into the English language as The Order of the Garter as well. Both orders divide their members into groups of 13 members. The Rosslyn Chapel in Scotland is a Templar Temple has the Green Man all over its ancient images and within the 8 pointed star as well. The Rosslyn Chapel motif's of the Green Man are the popular ones you see in Wicca. Laurence Gardner showed the original Order Of The Garter was a Pagan society which the 13 was the number of the Coven. This Garter is also a symbol of the Old Religion and symbol was consider one of Witchcraft by the Christian Church. Its a hidden serpent symbol of the ouroboros.

The Green Man or Al-Khadir in England becomes St. George later on. Who slays the Dragon this is the ancient motif that goes all the way back to Indra:

"The main Vedic God Indra, the wielder of the thunderbolt, destroys the dragon who lies coiled at the foot of the mountain and thereby release the seven rivers to flow into the sea. Indra represents the awakened mind of the state of "seeing". The dragon or serpent is the Kundalini which lies at the base of the mountain of the spine... The seven rivers are the seven chakras or yogic charka's in the subtle body. Their waters are the streams of bliss that flow from them." [1]

In ancient Alchemy there are two serpents one is the symbol of the soul in entropy the serpent laying at the base of the spine unawakened and the soul sleeping in stagnation. The Hero must fight with and slay or transform this energy into the awakened and perfected soul which is symbolized by the Serpent wand of Hermes. The thunderbolt is the symbol of prana and fire which awakens the serpent and transforms the soul. The fight or struggle is the opening of the nadis and transformation of the elements and chakra's.. Zeus resurrects Dionysus to life with the Thunderbolt for this reason. Dionysus the serpent energy which transforms the soul. This is simply a step of the Magnum Opus.

The reason why Satan is called Al-Khadir or Kartikeya is because....

In Hinduism Skanda-Kartikeya is the God that rules kundalini Yoga the highest form of Yoga.

The Ka letter in Sanskrit is the letter of Skanda[2] and its the bija mantra of the serpent energy that transforms the soul. The prefix of Kun in Sanskrit is the name of the serpent energy that transforms the soul. This is the Kun rune which is the 6 the 666 of the transformed soul the ancient Greeks placed the pentagram with the 666 to show this. Al-Khadir means The KA. Kun is the prefix of Kundry who is the symbol of the Grail holder of the Templar's and the divine serpent energy that transforms the soul to the ascended state. Kunda is the name of the serpent Goddess where Kundalini comes from and Kunda means Virgo in Sanskrit the Goddess Virgo the Virgin Goddess that transforms the soul into the reborn state. The serpent energy. The Templar's Baphomet head was found to simply be a silver head of the Goddess Virgo which had a code which spells the name Isis. Isis's name was Isis Meri this was stolen by the enemy and corrupted into the Virgin Mary. Isis was also spelled Is and appears as one of the runes as well. Iss also is a title of deity in Sanskrit as well and becomes Iswara. Which relates to sound vibration. Which is the 50 petals of the Sanskrit alphabet which form the seven chakras the body of the Devi the Goddess. Who gives birth to the new soul by turning the chakra's to gold by the Magnum Opus. This new soul is Skanda the Green Man.

Yeah just a Islamic sect that honors Tammuz, Shammash, Mithra, and full of ancient Pagan rituals. The Al Jiwah tells them to stay away from the books of Islam, Xianity and the jews. That is the answer you get from dummies who don't actual study the Yezidhi. I have sat down and read books on the Yezidhi that also include interviews with them and watched hours of documentaries on the Yezidhi's as well as lectures on them.

Academic Scholar wrote: Thank you this explained so much! Whenever I'd debate with people in the past about Yazidism being Satanic they'd try to say its just a Sufi sect of Islam.

Is "Priest-King" an ancient title of those with risen serpents? I've only heard this term from an SS a long time ago that said it is but I haven't heard this term in JoS until now.

Surveillance , Artificial Intelligence and the Jewish "God"

-High Priest Hooded Cobra 666

Greetings to all our Satanic Comrades and Family.

A long time ago, Satan and Lilith related to me something fundamental about the enemy, which obviously has to do with the title of this post. The enemy has much weight pushed on what is called as "Surveillance". This thing has many levels, and is a different thing in many places. It can be from a harmless shop camera which is good, to a mass thought in the mind of humanity that somehow, all people are monitored by "god".

What's important is to understand the idea behind of this. First of all, this idea about an "all seeing" and "all knowing" piece of garbage that sits on the sky, is a jew, observes every thought and knows even your last and smallest thought. Now, this is obviously not a spiritual asset of any entity, let alone a positive one, because the enemy "god" is nothing but a judge, punisher and a jewish imbecile, whose only "purpose" is to enslave, kill, murder and judge the "goyim" for any "misbehavior" against "itself" and the "Chosen of God".

The thing to understand behind this is the central idea: It makes people neurotic. People are brainwashed to think that every of their thought is being monitored, that what they say is always listened by someone else, every little thing they do will be held against them in the "court of heaven" and the list goes. This thing down the road has filled mental asylums, people with guilt, fear, repression and the list goes.

This is a powerful idea since most of the time, and especially in times of the past, people didn't have any spiritual knowledge or physical understanding, so they just bought the idea that some all-pervading jewish power was sitting at the clouds, monitoring all they did. Sometimes this guilt would manifest mental or physical diseases, self-induced diseases and all sorts of other stuff. The local pastor or local priest of course, would just pin the cause to "an act of god" or a "sin", making in the minds of people that they are always somehow, wrong, guilty and must be held accountable. Slowly the ground was becoming ripe of what would come after, which is what many can call as the "Orwellian Nightmare" in the making.

Cellphones, computers, and any all other devices we "use", or even "Facebook"/"Twitter" and anything else, as most people with half a brain know, are or can be tapped at anytime, anyplace, anywhere. This is a manifestation of the jewish psychopathology and their innate insanity of wanting to control all information, all knowledge and know everything that humanity has inside it. They want to know your personal life, what your likes and dislikes are and the list goes. The more knowledge is amassed, the more power can be ushered, as with knowledge one gets the power to predict, control and manipulate as they see fit. While the Satanic WWW and technology are meant to be Aquarian and liberating, don't think that the paranoid yiddish do see these things that way. With the same ancient hatred, these are just means for war against the Gentile mind, to project jewish messages, take over humanity and the list goes. Just go see some hollywood, their occult shit they do

therein, open the whole of the web to see all of the jewish crap, open any serious book and look at the "editors" tab, or just look elsewhere, to see the depth of this control going on. The enemy doesn't give a fuck about advancement. They only give a fuck about their sole mission, which is to in one or another way enslave the Goyim populace.

As you know, jewish muck never ends, so we have to re-run about some stuff we have already said, but there is also new information here as well.

So the jews cut you off the reality of splendor and beauty, that of the Astral level, your immortalized body that can happen in the physical, or your abilities that are inherent and spiritual and the enemy wants to cut from you, only to sell you these later in big \$\$\$ prices when you work for them, or for some digital reality, so you can be a digital slave. This is no different than how people had to pay the "pope" to absolve their "sins" which they never had.

Now many of you remember this old post about the crazy jew "Kurzweil" of google, who wanted to transplant his own brain into a machine body, and create a digital reality out of this to exist in. Satan and Lilith urged me to reveal about all of that, as this is very potentially serious. Yes, this is fucking REAL. The enemy wants to create an artificial reality and lock people in, also lock themselves and everything else. This is not a fucking joke, or a movie. What you see in movies is just half of it. It may seem as such to any sensible person, but it is NOT to the jews. They actually plan that shit...

In the book "Apocalyptic AI: Visions of heaven in robotics, artificial intelligence, and virtual reality." The authors write shit like:

"The impure bodies of the world are mortal. God promises a new body, one that belongs in the New Jerusalem. Reconfigured bodies will combine humanity with the divine glory of the celestial realm. These bodies will be eternal, perfect and immortal...Just like the world to which they go." <- The "uploading" of a brain into a new body, a mechanical one, etc.

But a review as well.

*"Apocalyptic AI: Visions of heaven in robotics, artificial intelligence, and virtual reality
March 31, 2010*

Geraci defines Apocalyptic AI as a modern cultural and religious trend originating in the popular science press: "Popular science authors in robotics and artificial intelligence have become the most influential spokespeople for apocalyptic theology in the Western world. Apocalyptic AI advocates promise that in the very near future technological progress will allow us to build supremely intelligent machines and to copy our own minds into machines so that we can live forever in a virtual realm of cyberspace.

“Ultimately, the promises of Apocalyptic AI are almost identical to those of Jewish and Christian apocalyptic traditions. Should they come true, the world will be, once again, a place of magic.”

ANYWAY, DO I GET MY POINT ACROSS? ALL TECHNOLOGY TO THE JEW IS JUST A MEANS TO ENSLAVE AND DESTROY HUMANITY AND NOTHING ELSE. ITS THE SAME PRIMAL LIZARD IN NEW CLOTHING THAT IS ON THE SAME MISSION: ENSLAVE, WEAKEN DOWN, DUMB DOWN AND ULTIMATELY DESTROY HUMANITY. DOESNT MATTER IF IT IS 2016 "BC" or 2166

Most people aren't even aware of this and have been brainwashed to such a depth that they consider it cool, or awesome, or a product of the times to just give out knowledge about themselves freely, share their lives online, or do anything else they want to do for the social mindset. Technology is fun and cool, but nobody thinks about any danger or stuff. This is like drugs where only the positive is emphasized, while the negative is buried down under rugs, until people find out the bad way, only too late to find out. Though the only one that really gains from this process, is the enemy, because they simply keep amassing power and information, workload and such. Obviously, this could be used in a good way, or not be mandatory, but we are dealing with jews here, who by their own fruit and by their own word, are revealing that they as a collective ("God") are meant to control, know and exercise complete and total slave like Communist dominion over the lot of the "Goyim", or the Animals, which are the non-jews.

Now on the bottom of it, this idea is somehow rooted in your acceptance of this thing. Obviously, I don't advise people to turn into cavemen, but obviously, keep your secrets to yourself. Live life outside, like a human being, and not online or somewhere else. This slowly escalates to where people will be willingly locked in a freaking digital reality, just because from over-listening to the jew, they have completely lost track of the pleasure of any reality such as...reality. And unfortunately, the new "digital" worlds where many will want to enter, will be owned and run by the jews. Who will be hitting commands like a video game on top of the goyim, fucking with your new reality from their bed's comfort. Sci-fi much? I wasn't the first to think about it. It seems like the jews themselves came up with this idea closely to 20 years ago, on the rise of the digital age. A movie like the Surrogates, or the Matrix, it can give you some insight into this.

The jews work in a very apparent way with this. Take for instance the sun. If someone convinces people they are equal to the sun, they can pass themselves as like life givers and the list goes. It might be true in some cases, but in other cases like the jewish one, its a lie.

The enemy has placed themselves on an "equal" level, which they call "god", subconsciously tying themselves to the "all seeing" power the xians believe that actually exists. So in their mind, this sort of power of surveillance is somewhat rightful to exist. I mean after all "god" looks over anything you are and do. The Xian Goyim and the other idiots, they don't have much to hide about anyway, because most of them don't even have a life to begin with.

Then, who cares if guy X has all the knowledge in the world about you, if they don't act on it. Then, why not give them knowledge, since for instance they help you, or, they provide you with technology and stuff. But this is not a right way of thinking the matter folks. You are giving them your hard earned money from it, you buy something, and it should be yours. Can anyone say they are 100% sure, that their technology is not being tapped to no end? Does it really belong to you?

The last time I checked every machine can be tapped in anyway, and in ways that totally wreck your so called "privacy", which turns the issue into you paying to get your privacy fucked, over a small benefit. I suggest whomever is grown up to consider this and try to guard themselves against it. This is totally ABNORMAL and SICKENING. Now if people consider that any fat jew from Israel or elsewhere is SUPPOSED by any DIVINE mandate to be able to have "in" to all this information or knowledge, or that this is something like a natural outcome (such as them controlling all your news, your political polls, all the books you read, all the philosophies you read, etc) then woe to the stupidity of these beings, for they are willing slaves. This is NOT technological advancement, this is perversion and this is the most certain way for people to live the Orwellian Nightmare physically.

Another one. Now, imagine there is a camera. This camera is supposed to watch you 24/7, without fail. At least this is what you have been told since you are young. This happens over some years. You know you have to act in certain ways in fear the camera will see you. It doesn't matter if it's actually opened or closed after a point, as you will not even know, and everyone is inspected by some camera, so that nobody really knows. Not before long, you will internalize this way of acting in accordance to what you MUST do, whether the camera is on or off, or whether is legit or not to act in this way. Whether a person is behind it or not. Whether you will be "judged" for what you do or not. Since you will simply, not know. Others don't know either, because they have the same issue with this camera. The same thing is with "God", as the enemy always says that "god" sees you.

But when you "sin" or anything, or when people do evil shit and get away with it, you start of realizing that this is a lie, don't you? Most people know that "god watches them as they masturbate" but they do it anyway. Sometimes with guilt or whatnot, but the point remains the same: if you "step off" a bit, you realize that this wasn't real. In the back of the mind though, because the jew puts "afterlife" threats, people programmed by the jews are always afraid of what "if" this thing exists. They are just damning themselves by their own power, ignorance, or fear. The jew just lies and laughs at them.

The same thinking is behind the monotheistic idea of "god". The jews by inventing the idea of "one god" that "sees everything" and is a "jew" and that will supposedly punish anyone, they created this neurosis in people, who due to lack of knowledge did make the jews into a powerful monster by their own fear, made them and their "god" powerful, elevated them into high status and stuff, acting out of fear and lack of knowledge.

After all they trusted the jew who said their "god" can see anything and do anything. As they utilized the spiritual knowledge stolen by Aryan civilizations, they could also pull a "miracle" or two, so the masses got even more convinced and eventually did

succumb. Obviously this "god" they have can't act on his own in any way, shape or form. The Rabbis state it on their own, that "God" is their pet and they command it.

They know it's a though-form.

They at the same time claim about how the Demons can think and they went "against" this though-form, or anything else, proving on their own that the Gods of the Ancient people are real, sentient beings and not simply energies. Our Gods can be found in nature and each God is allegorically tied in every force. It makes sense that other beings evolved and created us.

As about their jewish imbecile on the heavens, everyone questions it. Lies don't have to make sense, or they have to only halfway make sense, then you have to add more lies to the recipe, which is exactly what xianity is. It can't be found in nature, you would never figure out it exists, or that a jew made up the universe. They came to tell you about it, force feed it down your throat and the list goes.

If this process goes down the road, what in the blueprint of jewish world domination (bible) is called as "Sin" will just be replaced to "What the jews want you to do" and "what they don't want you to do". The camera will be replaced by a microchip or some other technology that has "in" to your head, the central computer connecting all the cameras will be like "God" (a device of domination and nothing more), the "watchers" will be replaced by the jews and the guy being watched will be replaced by you or your neighbor etc. Law replaced by what is "legal" like today (like how in so many places its illegal to stand up for your own people, or even question the "holocau\$t"), there must be something parallel to a punishment.

The "fire falling from the heavens" and hte "afterlife" threats though, will no longer be a product of the "afterlife", but you will pay here and now. Probably the chip will somehow explode, leaving you paralyzed, or whatever else insanity a yiddish can think about. This is the end goal of communism. The only reason they didn't pull it out earlier, was simply because lack of knowledge and technical ability on their behalf. They did other things though, such as labelling people like pigs with numbers in the USSR, constant surveillance and the list goes.

Now to close with something even more disgusting. The enemy however some people may call them crazy or not, they literally believe in these things. They actually await some sort of intelligence to come and rule with them, with an iron rod, destroying even the beings who think against them. According to the jewish fable, only 144,000 jews will rule the planet, with 2800 slaves each. All other people will "die" at the coming of the "Messiach". This might seem like stupid superstition, and surely if we keep up with the Reversal Torah Rituals, this future will never come. But weren't it of any opposition, this future would just come, because there would be no other opposing forces. The enemy always rants and raves about how "god" or their "god" is not a being or some ordinary intelligence, but something paralleling an artificial intelligence. This is why "god" is so far and "Disgusted" from "humanity" and all that crap. He literally wants to put you to burn in "hell" for no reason whatsoever.

This is why the bible and all their works are so mechanistic and impossible to be

adhered to for any length of time. It does have to do nothing with Humanity, this is why this program is so adverse to us and destroys humans like this. This is a life hating program. Now the enemy complains about how they cannot "impose" this order to all beings, so they are basically trying to come up with alternate ways. I read somewhere long ago, that scientists in Israel are trying to come up with a program, named "New Jerusalem" and teach it like an AI, to judge about the laws of the Torah and such.

Now all of this happens progressively. Of course much technology is good for us, welcome and positive. Nobody can say otherwise. But what about all this emphasis into a fake reality, like the Virtual Reality headsets and everything? Virtual reality porn even? And all these things? Now this shortly seems to escalate towards somewhere else. Locking humanity inside a lie all together. And however funny it may sound, I don't know, but the jews don't seem to look at this in the same way, at all.

Now imagine if this insane implementation came in with the microchips or some alternate reality. Sci-fi much? No. This has been again happening in movies. **Lots of different scripts, lots of different movies, and I don't have the time to see all of them, but in the bottom of the boiler lies the same jewish muck: Global control, global enslavement, jews at the top, humanity and the planet gone and destroyed, under machines, under famines, under whatever. Because humanity was "so stupid", sort of like it deserved all of it. It all starts in an innocent and innovative way, then some sort of crazy jewish scientist or madman gets a hold of stuff and then shit goes into disaster, some "unfortunate event" happens and such... The bottom of it is ALL the same.**

If one reads about the backstory of the Matrix movie for instance, "humanity" came up with Artificial intelligence. All was fine and good until some robot accidentally killed a human being. Shortly robot intelligence took life on its own in a very peculiar way, being able to understand, judge and act, amass information etc. Soon enough, it taught itself all the necessary stuff that it needed to know about humanity. Being a computer thing, it didn't have all the "weaknesses" that humans possessed like emotions, "fear" or anything else and such. Long story short things escalated in decades and the machines overtook humans. Behind this whole movie that was written by jews and the backstory of it, also behind the whole of hollywood, you can see the same underlying motto. Death, slavery, destruction of the planet, etc etc...

<http://www.jpost.com/Blogs/Unleavened-M...tal-439238>

One last thing: Technology is meant to serve us and it's not meant to be bad in anyway, shape or form. Satan and the Gods want us to have FREEING technology, that leaves us INDEPENDENT and IN CONTROL of it as persons and as Humanity as a whole. Real implementations of the divine. Not bullshit to escape from a sorry existence and destroy ourselves in some fake world or something. But this is like a knife that falls into a jewish arm on dinner between the Gentile Races of the planet. The enemy will just use the knife to stab anyone in their proximity. Why? There is no why. Because that's the nature of the jew.

Others are buried under all this darkness the enemy projects at them, only thinking

about bullshit and simple stuff, but the matter is that many people here know how in-depth all of this insanity goes. And we are the people that can heal the world from this.

Work on the Reverse Torah Rituals so that none of these jewish insanities and depravities will never manifest, in any level, above or below.

Swedish Government Kicks Local Family Out of Home, Gives it to Muslim Migrants

Swedish Government Kicks Local Family Out of Home, Gives it to Muslim Migrants

Father of two told to make way for people "from other countries"

<http://archive.is/OP7gB>

A local family in the Swedish city of Lidingö has been ordered by the government to leave their home so that it can be given to migrants arriving from a foreign country.

Father of two teenage boys Uffe Rustan received a voicemail from his local municipality telling him he would need to vacate the property by August in order to make way for asylum seekers from the Middle East.

"I was evicted from my home over the phone. When I asked for the reason, he said that people come from other countries. He left the news and basically just said have a nice weekend," Rustan told a newspaper.

Rustan lives with his teenage sons Rasmus (15) and Linus (17), all of whom were born in Lidingö. He rents the home from the city and has been living in it for less than a year.

"It feels like I'm worthless, even though I pay taxes and my kids go to school here. You cannot put a family on the streets for another family," said Rustan. "Just when it starts to feel like home, we are evicted."

Rustan said that the news was "depressing" and wondered why native Swedes were being treated worse than migrants arriving in the country for the first time.

Despite suffering from a housing shortage, Sweden is handing over property to economic migrants, with some politicians even encouraging citizens to give up their garages to asylum seekers.

Sweden is not the only European government that is turfing its own citizens out of social housing to accommodate the influx of Muslim migrants.

While migrants are in some cases enjoying all the comforts of good quality hotels, low income Germans are being ordered to leave their homes.

As the Telegraph reported, Germans are beginning to receive notices of eviction to make way for asylum seekers.

Germany is spending €600 million euros per year housing migrants in upmarket Berlin hotels at a cost of €18,000 per “refugee,” while the city’s 10,000 homeless population will remain on the streets.

[Synagogue Shooting False Flag](#)
Postby [HP Mageson666](#) » Tue Oct 30, 2018 2:39 am

From reports nine months ago the police had a drill for a mass shooter situation out of the Jewish Community center that is basically right next door to the synagogue this shooting event happened at. This type of event always precedes false flag attacks. Many local Jews volunteered to be part of this police training exercise. The account of the stated shooter Bower was made on Gab nine months ago as well. 9 is a Kabbalistic number of endings. Bower is also a redrawing of a Jewish surname Baur. The shooting was done at the Tree Of Life synagogue with 11 people being killed and 6 wounded. 11 is Kabbalistic number of the number of Sefirot on the tree of life and 6 is the number of joining that is used in all Kabbalistic systems to materialize the energy of the working into the material word. 6 also turned around is 9..... making this a hidden way to write 911. Also 611 was the date the Jewish elites had the declaration of Israel signed by Truman and this number was used again in the false flag attack in Charlottesville which purpose was to shut down all dissent against the Jewish establishment. Which this attack ties into. And 911 was the chosen event for the Twin Tower attacks that the Jews used the number 911 and the Towers in numerous predictive programming media going back years before the attack. This was all done to advance Jewish control.

Note the head Rabbi just didn't show up that day.....He claimed he was sick but he looked totally healthy that very night they interviewed him.

Note this event was done the closet Saturday to Halloween which relate to the day of the dead and note all the horror, murder films and shows on the media and the popular mind around this time. This all connects in. The shooting was done on October the 27..... This number 27 is the number of the Hebrew alphabet which ties into the entire Jewish Tree of Life. And October is the 10th month. 10 is the number of creation in Kabbalah. 27 also adds to 9.... Which ties to the timing of the creation of the Gab account of Bower that of nine months ago. If one adds up the name Bower in Kabbalah numerology it adds to 9.

Now we note the Jews are all over their media screaming for laws to make it illegal to question them and demanding total censorship. This claimed attacker had a profile made to role play as a "White Supremacist Nazi" who called out the Jews for running America. That is the message the Jews want to shut down. This character was an attack against legitimate Satanism and an attempt to keep Jewish Christianity going. This was also an attempt to shut down Gab the last free speech zone on the net at this time after the ADL worked with numerous Jewish run tech companies to censor the Goyim. The Jews are getting desperate and this is what they fear the most.

The leader of the Jewish ADL was on Jewish owned CNN looking very happy it seems about this event just rubbing his Jewish hands together about what they have planned over this. The Jews have numerous anti-Semitism bills they are trying to get passed in Capitol Hill. The Jews created the Six Million lie why can't they create the 11 lie.

The Jews use occult knowledge which is the key to their criminal conspriacy against the Gentiles.

Remember the numbers 11, 6, 9 are all HEBREW LETTERS which are specific aspects of their Jewish matrix of occult energy they create and maintain with the Torah the Torah is wrote with the 22 Hebrew letters. The name Torah means "The Wheel of Darkness" in Hebrew which is also the Wheel of Deception just like the motto of the Jewish Mossad "By the way of deception thou shalt make war." On the Goyim. This event is a Kabbalistic ritual that is designed to connect with and create the needed energy to bring about the censorship laws the Jews want. The Rabbi's are taught in the occult teachings everything in the world is energy before it becomes material form which this is showing them how to manifest things into the world they are creating. In Judaism the letters that spell the name Torah are also permuted to spell in Hebrew "To Become Pregnant." This in occultism is the concept of generating energy in the astral to then give birth to a occult working in the material.

The entire key to the total power of the Jewish race is the 22 letters. The Final RTR is the key to victory.

The Jews, like in the USSR, they don't care how many they have to sacrifice of their own.

Bowers; from Baur is a Jewish name, as HP Mageson666 already wrote in the above. Also, the guy never bothered to take himself out at the end. Very, very questionable.

The victims were mostly old. One 97 year old, 2 retarded brothers (younger), and the others were elderly.

I also believe this might have been planned. The Jews admit the antisemitism is getting out of control. Now they're on Trump real hard.

The Jews are panicking and are acting out in all kinds of crazy ways. There is a possibility that Bowers is Jewish and is working in collusion with them. Then again, they're pushing the gun control shit.

97 years old. Please! Then other elderly and 2 retarded brothers.

The following is an except from The White Man's Bible by Ben Klassen:

If the six million hoax has no basis in fact, the question arises- why would the Jews want to promote such a vicious and horrible lie?

Jews have Profited Tremendously.

The answer is: The Jews have profited handsomely from this atrocious lie, as they have a knack of doing with most of the lies they propagate.

1. It aroused world sympathy for the Jews when the world should have been (and thanks to Hitler, partially was) alerted to the dangerous and destructive nature of this world-wide parasite.
2. It acted as a moral club and a propaganda lever with which they have extracted as blackmail \$12 billion dollars from the German people as "reparations" to Israel and as "compensation" to individual Jewish claimants. The insanity of such claims can only be appreciated when we considered that many German taxpayers today, who were not even born when the alleged crimes were supposedly committed, are paying "reparations" to a state (Israel) that didn't even exist at that time. Furthermore the list of Jewish claimants, now, over 35 years later has reached a staggering 3,375,000 when there were less than 200,000 Jews in Germany after 1939.

Since it has been so easy for the Jews to rob the Germans by means of this so-called "compensation," the number of registered claimants against the West German government has tripled in the last ten years. Nothing could be more devastating proof of the brazen effrontery of the Six Million Lie.

3. The Six Million lie has been a powerful propaganda tool that enabled the Jews to steal Palestine from the Arabs in 1948 and set up the bandit state of Israel. Thanks to the Six Million lie the Jews had the support and blessing of the befuddled world, especially the Jew-infested United States.
4. The Six Million lie has had a devastating effect in shaming and discrediting the German people. Whereas the Germans should be honored for the noble fight they waged in order to expose and shake off the world-wide Jewish pestilence, the powerful and effective Jewish propaganda networks have pictured the Germans as the villains in the eyes of the gullible world.
5. It has rallied and united the Jews of the world as nothing else has in the last thousand years. Although most of the Jews know it is an abominable lie, they keep constantly harping about it amongst themselves (as well as to the outside world) until they have become so hypnotized by their own lie that it actually becomes part of their religion. On this sleazy basis vast sums of money have been raised amongst the Jews themselves and hundreds of organizations formed.

Holocaust Lie- Jewish Rallying Cry.

This lie, then, has become the rallying cry of the modern day Jew, a continuation of the oldest lie in their tumultuous history, namely that the Jews are a persecuted race. It has worked wonders for them. It has been devastatingly effective as a two-edged sword. It has demolished any attempt by the White Race to retain their own racial integrity, or even any form of nationalism. On the other hand, it has made the Jews fanatically nationalistic when it concerns Israel, fanatically racist when it concerns Zionism or the Jewish race.

Jews now More Powerful than ever.

So powerful a tool has this depraved Six Million Lie become that not only individuals but governments of nations cower before it while the Jews take charge, silencing any and all

opposition. Dr. Max Nussbaum, the former chief Rabbi of the Jewish community in Berlin, openly bragged on April 11, 1953, "the position the Jewish people occupy in the world today, despite its tremendous losses, is ten times stronger than it was twenty years ago." He is right on half of his statement. They suffered no "tremendous losses," but they are ten times stronger than they were before that bloody, fratricidal holocaust, known as World War II, incited and provoked by the Jews themselves. Much of this increased strength they have acquired thanks to the despicable Six Million Lie.

The first reports on Bower were that he was 56 years old not 46.

56 is again the number 11 showing up. After the event accumulated they called it 46 which goes back to 10.

The number of felonies of Bower was 29 and they kept spamming it with again adds up to 11.

I am sure if someone sits down to calculate the ages of those killed they may find something interesting there as the jews don't play games.

They sacrificed some 90 year olds for their tribal future. Also, 2 retards from reports. The Borg at work...

Syria The Trigger Of WW3?

By High Priest Mageson 666-

Mon Oct 05, 2015

<https://www.youtube.com/watch?v=Kaj49TyOgQg>

Now Russia has officially entered into Syria launching strikes on the American proxy FSA. And now with Iranian, Chinese and North Korea forces in Syria. Along with American, UK and Israelis in the region and their proxy forces fighting. And everyone dropping bombs on everything. Its probably only a matter of time before something happens that triggers a already brewing war between the superpowers of the world. Look at the fighting in the Ukraine and the drum beating in South East Asia. Japan is rebuilding its forces and just passed a law to allow their military to fight in wars outside Japan. They believe a war is coming with China and North Korea.

Russia, China, North Korea, Iran and Syria are allies. And these nations have become openly hostile towards NATO and the west for awhile and vice versa.

No we have the problem that global jewry control's China, Russia and North Korea. And has a powerful rule in the west. This seems to be yet for the third time jewry is manipulating events and groups into another world war. The jews have not given up nor ever will on their own racial agenda of creating a global jewish dictatorship of communism either that's the whole point of Judaism. The jews in the west sold out key information to the Soviets during the cold war and worked to undermine America and the west to fall to the Soviet Union. This has not stopped they have done the same for China their eastern Soviet Union. So we face the reality the jews will pull the rug out from under NATO for their Communist forces and jewish Putin stated he wants to rebuild the Soviet Union. If not then the planet might get nuked to the near stone age anyway. Which is just a global Samson option for the jew.

Rape-ape, Murder's 15 Year Old Boy For Stopping Apes, Rape

The Rape-ape and Rat Face [brownz and Jooz] strike once again and it's going to keep on getting worse. But wait a second here! Who's the criminal problem some White dude for wearing a T-Shirt protesting Rape-Apes, thus Rat Faced policy. How dare he get in the way or rape and murder of Whites by Jooz and Brownz..... Jooz and Brownz are the problem, White Racism is the solution. If Whites were as Racist as we are told we are.....This 15 year old kid would still be alive. That Aunti-Semtism the Jooz whine about is what's going to keep them from making sure its you or your family next in line for this treatment. Jooz and Brownz are the problem, White Racism and Anti-Semitism is the solution, it's pulling up your man pants and running the tolerance train right into expulsion-now town. Which is why Jooz and Brownz do not like White Racism.....Itz harder to rape, rob, parasite and exterminate you, because you're White, If you don't bend over and let them do it.
