

Lenin's Tactics

by Teloc Vovim 666

The Jews use the same tactics over and over, all to accomplish the same goal - to turn the Gentile people into slaves. Lenin and his Jewish terror tactics are similar to incidents happening right now around the world.

“The Lenin revolution was destined to happen in countries not where capitalism was most advanced but in countries like Russia that were considerably underdeveloped economically, led by well disciplined revolutionaries prepared to go to extremes. Creating a dictatorship of the proletariat and transforming the “the imperialist war” into a civil war. “

Proletariat defined as – “Workers or working-class people, regarded collectively” (often used with reference to Marxism)

Lenin wrote to Aleksandr Shlyapnikov “The essence of our work, which must be persistent, systematic, and perhaps extremely long term, is to aim for the transformation of the war into a civil war. When that will happen is another question, as it is not yet clear. We must wait for the moment to ripen, and systematically force it to ripen. We can neither promise civil war nor decree it, but we must work toward that end for as long as we have to.”

Lenin kept at it that the Bolsheviks had to be ready to encourage civil war by all possible means. Lenin while in exile sent many letters to the central committee of the Bolshevik party, encouraging an “uprising” to begin.

Bolshevik leaders encouraged spontaneous acts of violence and disruptive influence of social movements. October 10th Lenin returned to Petrograd and convinced the Bolshevik party to undertake an armed uprising. They seized power, but soon met with opposition and turned to terror and violence to keep control.

Proclamation made on November 13th - High ranking functionaries in state administration, bank's, treasury, the railways, and the post are sabotaging the measures of the Bolshevik government. They will be know as the enemies of the people. All their names will be printed and put up in public places. Anyone suspected of sabotage, speculation, and or opportunism is liable to be arrested immediately as enemies of the people and transferred to the Kronstadt prisons. Courts of the old regime were replaced with new “people's courts.”

Violence and looting were widespread, many people were arrested, and Lenin described terror as justice. When the Bolsheviks took over great agricultural properties that had been attacked by angry peasants and the landowners massacred - allowing Bolsheviks to seize initiative and take more control. Many atrocities were committed to keep power, executions even though were considered “legal” would make no difference, the Bolsheviks would do anything to “maintain order.” The atrocities committed by the Bolsheviks in the Ukraine,

the Kuban, the Don region, and the Crimea in 1918 against people who opposed them were as such. Binding their hands and feet and throwing them into a blast furnace, others tied up, tortured and thrown in the sea, precise files from the Denikin commission records corpses with their hands cut off, broken bones, heads ripped off, broken jaws, and genitals removed.

Nothing improved in the lives of the Russian peoples under Bolshevik control, food was scarce, and the economy was doing poorly. The Bolsheviks knew their days were numbered...

“The smallholders of people who owned only a parcel of land, fought side by side with the proletariat when the time came to overthrow the capitalists and the major landowners. But now our paths have diverged. Smallholders have always been afraid of discipline and organization. The time has come for us to have no mercy, and to turn against them” - Lenin

Trotsky - *“Our only choice now is civil war. Civil war is the struggle for bread.. Long live civil war!”*
(Will soon be the cry for equality)

Alcoholism, brutality to their subordinates and self advancement all became results for “devotion to the cause.” They shut down all non-Bolshevik newspapers. Similar Jewish tactic they are still using except instead of anything against the Bolsheviks, they’re shutting down anything that is deemed anti-Semitic.

You only need a small number of people to turn a whole situation around, the Bolsheviks knew. They were right ! We Satanists can turn everything around. We have the power and the potential to change the world. We are making an impact, so don’t give up. Keep meditating, and keep your aura of protection strong and make sure to participate in all the reverse torah rituals.
