FOR THE MAN TO COME

TRADITION

*“Who sees in National Socialism only a political movement, has understood nothing. National Socialism is more than a religion, she is the Will to create the Superman.”*

*April 30th, 1945, 15 hours, 15 minutes in the afternoon. Shells and shrapnel rain down ceaselessly on Berlin and raging firestorms give the impression of an hallucinating drama. The Götterdämmerung, Twilight of the Gods. Within the Bunker, Adolf Hitler calls for the Chief-assistant of his personal service, SS Official Sturmbannführer Heinz Linge, and tells him he must leave the scene.*

*Then Linge asks him:*

*“For whom must we fight now, Mein Führer?”  
And Adolf Hitler replies:*

**“FOR THE MAN TO COME...”**

*From Heinz Lange's book, *Bus zum Untergang*,  
(Towards the Collapse)*

## ACKNOWLEDGMENTS

*In the Eternal Return, this Work comes illustrated with the original drawings and engravings of the German painter Wolfgang von Schemm. His symbols have served as inspiration for the front cover and back cover.*

*I wish here to thank all the comrades, men and women, who have assisted me with their help and encouragement to bring this Work to completion, in Chile and abroad and, especially those from Spain, living or dead, and in the Eternal Return of the Same, to thus be able to bring to a close the Trilogy of Esoteric Hitlerism together with 'The Golden Band' and 'Adolf Hitler: The Ultimate Avatar' here completed.*

*And I dedicate this Book, with the previous ones, to Adolf Hitler, the Avatar, to my beloved Maestro and to the Valkyrie Allouine who, with her flowing golden hair and blue eyes, fights through me and from within me and awaits me in Valhalla from where we shall go away beyond the stars, united and separated forever.*

## TRANSLATOR'S FOREWORD

We enter here into a great mystery of mysteries on the threshold of Eternity.

Don Miguel Serrano was no ordinary man. A truly factual biography of him is never likely to be written, because the stakes for those who rule this world are simply too high. But let it be known that his mysterious Brahmanic Order was in the forefront and at the heart of the greatest developments of the later half of the 20th Century. Literally millions fought and millions lived and died in the great struggles for which Miguel Serrano served as the gray eminence and directing hand from one end of our planet to the other. We can safely say that the over-all destinies of the previous two generations of humanity were very largely in his masterful hands, at least for those with some awareness of the role that has been played in those great struggles by the many secret services and special forces of which he was the true Grand Master.

We may say that for over a quarter century Miguel Serrano guided the fortunes of the so-called Cold War and, more than any other man then alive, determined the hidden forces that led to the inexorable decline and fall of the late Soviet Union. The growing contemporary isolation of the Zionist entity is also in no small measure his magnificent achievement. That these and numerous

other great events are unlikely ever to be traced to Serrano is in fact the greatest tribute to his most singular ability. If the greatest triumph for the warrior is to win without his enemy so much as noticing who and what has led to their downfall, then the author of this Most Holy Book is in humble truth among the great warriors of Chile and of all time.

When we reflect that Miguel Serrano was the friend and chosen successor to the great SS-*Obersturmbannführer* Otto Skorzeny and that he received his personal command from He who was the only One greater still than Skorzeny himself, then we can begin to appreciate that we are here most literally in the presence of the Divine.

In this rarest of books we may find the true, pure and fearless words and thoughts of Wotan. No one will read this book and emerge from it the man he was when he began the reading. Don Miguel spares none and, exactly like a God, like Wagner and Nietzsche, speaks to us on a level far above the quarrels and passions of mere sects and parties. Rather than debate whether Miguel Serrano were Pagan or Christian, we would be wise to understand that this book is a New Revelation that has destroyed such now meaningless distinctions. Henceforth we are all Pagans and none Pagans, all Christians and none Christians, because from this time, of the Black Sun of 2012, we are in truth henceforth and forever now Esoteric Hitlerists or we are nothing at all.

A Fifth Gospel now dawns over our White Race and this Sacred Book is that Holy Scripture. Here the Gods Return to speak to us, here the Christ Returns among us to tell us our past and our future.

Beware all ye who enter here, for the great words of power contained within shall haunt you forever.

In these pages the Lord commands His People.

Brother Francis, Franciscan Solitary in the Brahmanic Order  
of Kristos-Lucifer-Wotan

## WORDS CARVED IN STONE

LOKI, an *Aesir*, has betrayed Baldur. Baldur is dead. Wotan, breaking silence, calls to Hermod, Messenger of the Gods, and tells him: "Hermod, rise up onto my horse Sleipnir and ride to the Kingdom of *Muspelheim*. There you will now find Baldur. Ask that he be returned to us." And Hermod mounted the horse of Wotan and rode for nine nights just as when Wotan had to hang on the *Iggdrasil* Tree to recover the Runes.

Hermod goes ever descending, the Messenger of the Gods, through dark paths to the subterranean Kingdom of Muspelheim, in the Hollow Earth. He arrived at the doors, where a shadow stood in his way. This is Modgund, the Guardian of the Threshold. "I am an *Aesir*," said Hermod, "brother of Baldur, and I come to take him back to the surface of the earth, that we might rebuild beautiful Asgard." Modgund allowed him to pass and bid him in the direction of the South Pole, having to cross over through the interior of the North Pole. Sleipnir went forward without difficulty. And so Hermod came to where Baldur was to be found, in a spacious room, seated on a high seat of honour. At his side was his wife Manna. Hermod said to him: "Baldur, hear me, the *Aesir* ask that you come back, that you return to rebuild Asgard." But Baldur does not reply. We hear, however, a deep voice coming from an invisible space: "No, Baldur, do not return! You will remain here until every being mourns with tears of blood for having lost you." Baldur made a sign to Hermod, the Messenger of the Gods, to come to him and, without speaking, gave him the Draupner Ring, symbol of Remembrance of Eternal Days. So Hermod, Messenger of the Gods, returned from his pilgrimage in search of Baldur down through the inner earth, and began to travel over the surface of the impoverished martyred land, exclaiming: "Weep, weep all for the absence of beautiful Baldur! Pray for his return among us...!" And the giants cried in the high mountains of the high valleys of the fatherland. As well as the invisible beings and the Vanir in the high heavens. Many of us are still weeping... But, in a gloomy cavern, a monster half-animal, half-man, sat amid his dry rocks. "I am Tock, the obscure," he said, "and I am the Fenrir Wolf. Why should I weep? How has Baldur ever served me? He was the enemy of everything I represent..." He was Loki, the traitor, he of a thousand shapes disguised and hidden in the muddy waters of Samsara.

Only when the beings who inhabit the contaminated surface of the earth have wept all their tears, at the end of the Twilight of the Gods, only then will it be possible for Baldur to return, riding the Horse Sleipnir, the eight-legged of Wotan. The Eight Divisions of the Time of the *Aesir*, the Eight Paths, at the end of *Kaliyuga*, the White Horse of Kalki, the Ultimate *Avatar*. In his right hand he will wield the Flaming Sword. And he will come to rescue the heroes remaining here fighting for the restoration of *Asgard*. He will come with his *Wildes Heer*, his Furious Horde, his *Einherier*, to defeat the traitors and Enemy, forever.

And the Golden Age shall return  
The Reign of Saturn and Rhea  
And a lineage of gold  
The most precious  
To populate the world  
From Pole to Pole...

Because I, Hermod, the Messenger of the Gods, have kept the *Draupner* Ring with its Remembrance of Eternal Days...

*“Only those who dream can endure the glory of that other world.”*

## PROLOGUE

This work appears after *The Golden Band: Esoteric Hitlerism, Adolf Hitler: The Ultimate Avatar* and after *The Resurrection of the Hero*, intending to complete the Cosmogony of Hitlerism, reaching its ultimate depths thus to be able to deliver the decisive weapons of combat to old comrades and to the youngest ones.

I also believe that this work was first written and then made to disappear in the burning of the Library of Alexandria, in the underground vaults of the Vatican, in the Great Synagogue, or during the sinking of Atlantis. It was all written before, in the Eternal Return, while today I continue writing it, forever.

The Mystery of the *Führer* is the incarnation of an *Originary Valour*, the *Führer Prinzip*, in an individuated specific individual. In this case, in Adolf Hitler, born one hundred years ago on a 20th of April (month of the star Venus) according to the Judeo-Christian calendar, in Braunau am Inn, Austria. *Führer* is an ancient Germanic expression, untranslatable, since Guide or Leader express no mystical sense. Only the Araucanian word *Cinche* comes close. One more reason to admire the nature of this strange people from the south of Chile. If what the Spanish Warrior-Poet Alonso de Ercilla, in his epic poem *La Araucana*, tells us about the election of the Araucanian chief Caupolicán is true, we would have to say the Principle of *Cinche* must have incarnated in the body of this *Toki*, in a moment of dire necessity of his people. The Principle of the *Cinche*, soul of his race, their wisdom, their highest qualities. And he would come and go, speaking through the Caupolicán until he died or the danger had passed. Not one day more nor less. Therefore the *Cinche*, or *Führer*, must leave power on a given date.

In the case of Adolf Hitler, the Mystery of the *Führer* grew into an abyss with the simultaneous incarnation of the *Avatar*, confirming the planetary crisis through which the Universe was passing.

The *Führer Prinzip* is a collective projection of the soul of the race, or the nation; it is not the 'Collective Unconscious' as Jung would mistakenly define it, but a 'Collective Superconscious' thus become intensely represented in a given individual, thus represented in human form in the eyes of the people, who see in Him their own image as in a mirror.

We shall not *psychologize* the mysteries, as does Jewish psychoanalysis; we believe the opposite, that these phenomena do not originate from the bottom up, but backwards. We believe with the ancient wisdom that the soul of a people or race is a Spirit, an Entity, a God. Hence in the *Führer* he becomes 'superconscious' beyond rational thought, a God, acting only darkly and collectively until that instant.

The term 'Collective Unconscious' becomes another step in the confusion of our time, in cowardice disguised as scientism.

The Mystery of the *Führer* refers to this trance. The word Mystery is expressed in the sense of the ancient Greek and Egyptian initiations. The collective spirit of a God possesses a man by his Divine Mind. Only at moments. In addition to this (and therefore in the unfathomable depths of the Drama) there is the additional possession of an *Avatar*, the incarnation of an *Avatar*, who is more than a God, who is a Liberated One, a Resurrected Hero, a *Boddhisattva*, a *Shakravarti*, a *Tulku*, an Absolute-Man, self-conscious, who comes to awaken the imprisoned Heroes and help the comrades in battle.

The abyssal Drama is seen only when we understand that what the *Avatar* claims to achieve

through this same Hero-Man, in this case, Adolf Hitler, is opposed in his apparent representation to the aspiration of the *Führer*. This struggle to win the War for his people, for his race, whereas the *Avatar* only wins by losing.

Here is the sacrifice, the agony of the Hero who is Adolf Hitler. In his soul, within He, develops a struggle as titanic as his external war. An identical War. And he was able to resist and fight them both, until the ultimate instant, without faltering. Because his Honour is called Loyalty. Only his comrade in torture, Rudolf Hess, accompanied him in the terrible solitude.

I place at the feet of my *Führer* and Ultimate *Avatar* this work that is being revealed to me eternally, in the Eternal Return, marking the Hundred Years since the appearance of the Hero who would incarnate them, Adolf Hitler. I do so with humility before his greatness and pride in the glory that is to be at his side for all Eternity as his most loyal follower: A warrior of his Ultimate Battalion until the triumph in Magic Death and Resurrection...

Heil Hitler!  
Sieg Heil!

## INTRODUCTION

*“What I am is through you; but what you are is through me.”*

Adolf Hitler

SAHAM! HAMSA!

Oh warriors, oh heroes, reunited in the Rune Circle of the *Futhark* of Odin!

The River of Doom descends with vertigo, fulfilling already the Cycle of Destiny. Thus I have been authorized to reveal the secret that I have jealously guarded through the years since my youth. Already fifty years after the massacre of the Chilean Nazi martyrs and one hundred since the birth of Adolf Hitler, our venerated *Führer*, incarnation of the Ultimate *Avatar*.

In my other books I have told how I was grateful to Hitler and the Hitlerism that during the years of Great Conflagration made me part of the most ancient, sacred and powerful Warrior Order, ruling over both East and West. It is very possible that at some point the *Thulegesellschaft* also made contact with this Order. Adolf Hitler, Rudolf Hess and Alfred Rosenberg belonged to the initiatic Thule Society. When in 1923 the Black Order of the S.S. was created the *Thulegesellschaft* transferred most of its powers to it, in addition to its emblem of the Leftwards

Swastika and the Dagger. Secret guides from an unknown center led the S.S. They had no uniforms and were not members of the National Socialist Party, something until now unknown by the exoteric militants and not even by the majority of the highest leadership of that organization. The Maestro of my Maestro came to Chile direct from Germany. And I believe more than some of his knowledge and practices may have come from the *Thulesgesellschaft*, even though their Order was by far the more ancient and powerful, the more secret and unknown. He was an invincible Magus.

All this is so ancient and legendary that today I can only tell the story with difficulty and making use of ancient words as well as if the story were legend with the lights and shadows escaping from reality, transcending space and time. I have been authorized to reveal this because the archetypal numbers have already been fulfilled: a half century, 50 years since the massacre of the heroes of Chilean Nazism, youth of my generation, and a century, 100 years, since the incarnation of the *Avatar* in the body of Adolf Hitler, the *Führer*. They are in total 555 (because one hundred has two fives). The Hyperborean Number.

I began to participate in the most powerful Warrior Order at the beginning of the Great War. Thus I was so intensely immersed in the combat that today, after so many years have passed, I am still a survivor of that tremendous War covered with wounds that still bleed and that will now never scar over. I am also a Magus of the Warrior Order without time, with wisdom and power, keeper of a secret I am now going to reveal to you. I am the Warrior-Magus of Esoteric Hitlerism with the responsibility to share and the mission to spread his revelation at the risk of our lives and invoking Baldur and his Resurrection so that He might come to us as the *Parakletos* of Esoteric Hitlerism, the wisdom that makes possible, through us, the establishment of the thousands of years of the Hitlerian Era.

Upon the completion of the One Hundred Years since the birth of Adolf Hitler, I have received the order to teach you the fundamental principles of Esoteric Hitlerism with his wisdom and *knowledge* not revealed to the world since the disappearance of Hyperborea around the North Pole and since the destruction of the Library of Alexandria. Today, like yesterday, all has been revealed to me by the *Führer*, the Ultimate *Avatar*, in the Eternal Return at the very doors of the *Ragnarök* in the Twilight of the Gods with the enormous fangs of the Fenrir Wolf already upon us, black like the night that draws near.

.....

I have lived a glorious life, magic, led by chance hazards full of meaning ruled by the *Norns* and Doom. More glorious still were the lives of my Maestro and the *Führer*.

There is nothing I have done that has not been predestined, nothing I have written or said that has not been transmitted from some place I do not know and can not and do not want to reach, lest I lose *Kairos*, and infallibility is not mine. Because the Gods love the secret and mystery. I am not the author of books, but of a *Work* that keeps growing and completing itself within this space-time, within the stomach of the *Aion* Kronos-Saturn, always equal in the Rounds of Eternal Return, or 'with small variations that do not change, nevertheless, his meaning nor his doom.'

Yet there was a moment, in the legend of my life, that made me go beyond space-time, passing into another dimension, to be directly taught by the *Avatar* on the origin of our Combat and its end, knowing this latter was lost with the sinking of Hyperborea, and recovered by Wotan on the *Iggdrasil* Tree and again found in Alexandria, together with some book I myself would have written, in that Round. We must therefore take care that something similar does not happen now. Read this book and memorize it... As we know, I had begun to 'rewrite' the book before the 20th of April of the Year 99 of our Hitlerian Era, and it was stolen on the 21st of that same month, right on the day when the anniversary of the creation of the enemy state of Israel is celebrated. With great effort, I have rewritten the book. But this one is a different book than the one they

stole from me. That was written in the form of dialogues, like a work by Plato. It may also be I was made to go out from the eternal and archetypal model, with Destiny having to make corrections by means of extreme methods and making use of the Enemy... Destiny of Eternal Return! Where would I have gone with those dialogues? It is impossible for me to foresee the outcome.

.....

I have recounted in my books *The Golden Band: Esoteric Hitlerism* and *Adolf Hitler: The Ultimate Avatar* that when the Second World War ended in 1945, having only lost a battle since the Great War shall never end, my Maestro called us together in the Circle and told us: "Hitler has not died in Berlin. The *body* of an *Avatar* does not die. He remains safe for a time beneath the earth, in an inner earth. His War does not cease and at the end he will win. Now he is in Antarctica with his most faithful followers and his secret weapons. In an impenetrable cave beneath the ice with his Ultimate Battalion together with his Furious Horde of Odin and the *Einherier*, 'those who can not die.'

He looked at us intensely and right away commanded me: 'Look for him! You will fight together with Him in his Ultimate Battalion. You will be my delegate before the *Avatar*. You have a great mission to fulfill.'

And I went in search of him...

I knew he would have gone into the Hollow Earth through the oases of warm waters of Antarctica where the Hitlerists would have built *an impregnable fortress, a terrestrial paradise for the Führer*, as Dönitz, the Admiral of the German Submarine Fleet, would reveal in 1943. He knew that in the end he would also have to reach Venus.

And I left for Antarctica on the Second Chilean Naval Expedition in 1947 of the Judeo-Christian Era. In my books *Neither By Sea Nor By Land* (title inspired by a verse of Pindaros: neither by sea nor by land shall you find the way to the Hyperboreans) and in *Invitation to the Icefields* I have told the adventures of this evocative search.

All this that I have relived is certain, though difficult to believe and accept for those of this impoverished and gray present world. Yes! Glorious life this of mine, like those of Rudolf Hess, like those of the heroes of the *Führer*, like those of the demigods of yesteryear and the Golden Legend, the labours of Ulysses, the adventures of the Argonauts, that of Jason... Because, in 1947, I went in search of Hitler in Antarctica... This has been known and at times commented on by the dim men who smiled moving their heads, with a gesture of superiority, so usual with materialists who only seek the power of money and only believe in technology and the science of their cerebral cortices. They don't know that Stalin himself revealed that Hitler had not died in Berlin and, until the end of his days, was obsessed with the titanic struggle of the *Führer* against the Jewish International. Stalin was therefore erased from the Book of Life and history because the Jews devour their own offspring, like Saturn-Satan.

.....

I have said that I went to Antarctica in search of Hitler. But what I have never said, until now, is that I found him there...

I am going to reveal the keys that I myself placed in my previous books. I put them there to confuse certain alert minds of those times. In the first edition of *Neither By Sea Nor By Land*, from 1950, on page 88 (the number 8 corresponds with *h* in the alphabet and with the name Hitler, 88 being our universal code for *Heil Hitler*, a 'chance filled with meaning'; on that page I wrote: 'Another reason that I will not mention here prevented me from deciding on my trip to Antarctica until the end of 1947 and then search for every means within my reach to achieve it.'

And on page 105 (5 is the Hyperborean number): 'Only late in the day did I open my eyes trying to gaze through the shadows of the little ship's cabin (of the Frigate Covadonga) and, beyond the iron girders, through the blue burlap curtains that moved in the doorway, there took place something exceedingly strange. Someone came by my door and stood there. I saw his adored heroic face, his steady eyes, still retaining the traces of the supreme drama and war. He seemed to say to me: "Soul, I know you have come to find me, follow me, do not abandon me! There, there I await you!"'

'I swear this is certain, that this happened exactly as I relate it...'

In the editions of *Neither By Sea Nor By Land*, published years later, those paragraphs did not appear, because I had taken them out myself. The claws of the Enemy were penetrating too deep into the suffering body of humanity, too sensitized. The secret had to be hidden for a longer time, since the hour for revealing it had still not arrived. Because he who then came by my door was Adolf Hitler. He did so with his body rendered keener, in a purer state, but visible to me, as once happened with the esoteric Kristic Legend told about Kristos and the disciples of Emmaus... *Noli me tangere!*

When I was in India the Editorial Nacimiento, so important in the literary history of Chile, published my work *Invitation to the Icefields*. On page 28 of that first edition I described an unforgettable experience, taking place while I sailed on the frigate Covadonga, in my country's Navy, going in the direction of Antarctica. We were crossing the Moraleda Canal and then an arm was extended, pointing out the distant land:

'...Melimoyu!'

'I shuddered. There on the horizon covered with white and rosy snow nimbused with tremorous light the outlined peak of a graceful mountain and on its summit appeared two crab pincers' (today we would say 'the horns of a Viking helmet' and something more as well) 'as if claiming to imprison the sky.'

'From summit to summit, I thought, wisdom could be transferred from Kailas to Melimoyu...'

I wrote this more than forty years ago in 1947 navigating through Patagonian canals on my pilgrimage to Antarctica. And when I arrived in India in 1953 my first statement as diplomatic representative of my country was: 'I come to establish relations from Melimoyu to Kailas.' My words were published in *The Hindustani Times* of New Delhi whose director was Devadas Gandhi, son of the Mahatma and who was my friend until his death.

Mount Kailas is the most sacred of the Himalayan peaks, home of Shiva and Parvati for the Hindus and of Buddha for the Tibetans. I did everything possible to reach this mountain, but that was not possible for me because the Chinese invaded Tibet. I tried to fulfill the mission my Maestro and the Order had given me, my diplomatic representation in India having been only a pretext and cover to be able to achieve my quest. In the same way I was my country's representative in Austria in order to investigate the Convent of Lambach there, where Hitler was as a boy, and to search for the *Gral* of the S.S. in the mountains of Sillertal.

I told my experience in India, also in a veiled way, in *The Serpent of Paradise*. Then the Chinese Ambassador gave me an invitation to his country, but when I presented my request to reach Tibet and Kailas, everything fell into suspense, until today.

On seeing Melimoyu for the first time I trembled. I still have the photograph I took of its summit on the cover of our expedition report. Something broke within me, a hope centered on the nearness of the South Pole. Why, I asked myself, am I going there when what I am looking for is here, within this sublime peak on the horizon? There are the *entrances*. From the center of the two horns or pincers rose a vertiginous light, a disk that rotated and was lost in the sky beyond the horizon. Never before had I seen anything like this. In those days we did not speak about 'flying saucers' among ourselves, nor of those strange happenings. I had to make a great effort to keep maintaining myself in the dream and raise my imagination above the crude reality of that

navigation through the inhospitable world and desert of ice that surrounded us. I tried not to see the reality, not to feel it in its external 'representation,' to try to re-clothe reality with my dreams, with my chimeras and 'mental creations' transmuting reality with the magic idealism of a Novalis. And of a *Führer*.

More than forty years have passed and I am here still with white skin, like Antarctica, the Himalayas, the Pyrenees, the Andes, and the same as before wanting to find myself at the foot of Melimoyu, the Sacred Mountain of the far south of the world, attempting to raise the Magic Temple of the Order, to discover the *entrances* to the inner world, to the Hollow Earth, ritualizing Esoteric Hitlerism there. And reaching towards where Adolf Hitler still lives, as Baldur, as Barbarossa, awaiting Resurrection.

In my country and the world people know about my great struggle to live in those regions and how the Enemy has tried to prevent me from doing so. What of this precarious sacred area of the planet is saved or lost forever must depend on my efforts, or my success, because Mount Melimoyu is a geomantic center of the world able to capture with her two extended antennas the magnetic currents of the Ante-Cosmos. What we have called *Gral*, Electric Stone, of Wolfram von Eschenbach, *lapsit electris*. On us, the Esoteric Hitlerists, must depend whether the Ley Lines, the veins of the psychic earth, her *nadis* that go out from Mount Melimoyu like from a principal chakra of the planet, can be reactivated and her currents directed in the exact direction so that this world may be redeemed and saved; this is a Window Region. Only we know the acupuncture of the earth and stones, that ancient science of dolmens and menhirs. And Mount Melimoyu is the *Muladhara* chakra, or the *Swadishhana* chakra of planet earth where the coiled *Kundalini* Serpent sleeps, that *Odinic* Force, or that Thunderbolt of the Druids, *Drwyg Lönög*, the *Sieg* Rune of Victory: Σ. The *Sleeping Beauty* of the South Pole.

.....

We continue, oh heroes!, navigating through the pages of this book, because 'the pages of books are sometimes sweet to navigate,' as Jason would say, my comrade of youth. And I shall fulfill the promise to continue revealing the keys.

In *Invitation to the Icefields* on the same page 28, a little further on, after having contemplated Melimoyu for the first time I wrote: 'Anchors away. Let fall the crimson veils of the ultimate twilight. In this amphitheater of mountains the threads of night are woven. Everything is red. Only the water preserves her transparency of glass, or mirror. I am alone on deck, I lean over the rope of the rail and I see. Then I seem to distinguish a strange movement in the water, that fans out, begins to rise and a body seems to be at the point of emerging to the surface; it spins somewhat and moves, leaving a line in the water behind itself. Am I sure of what I am seeing? Couldn't it be an illusion of this light and shadow? Now going further away.' Then, I cry:

'Wait! I am here!'

'I feel that some eyes are watching me. I am not alone on deck.'

Later I say nothing about what I have seen... This was scarcely even a submarine. Rather a strange ship like those disks over the Mountain, on Melimoyu, only now beneath the water... The legend of the *Caleuche*, the Ghost Ship of the Southern Hemisphere (in the Northern Hemisphere she has been called *Wafeln*) the ship that navigates beneath water with all lights blazing. This was what I saw, in those seas of the south of the world and also going out from Melimoyu. In both cases they came from the Hollow Earth, within.

*Caleuche* is a Quechua word (*kechwa*) put together from the Araucanian language. *Che* means man and *caleu* means come back, return. Thus *Caleu-che* is the man who returns: THE MAN TO COME, who SHALL RETURN. After the Ultimate *Avatar*.

Later I saw no one but felt that someone had pointed me towards the Pole, urging me to continue. And I went to Antarctica. And I did meet the *Führer*, Adolf Hitler.

## 'THE DOG ON THE FROZEN STEPPESS'

As I have already said, the earthly life within space-time is marked for some by the 'chances filled with meaning,' as Nietzsche would call them, those 'acausal' and 'synchronic' phenomena.

The Air Force Commander with whom I sailed to Antarctica was a fighter pilot named González Rojas on board the hydroplane *Sikorsky*. I tried insistently to persuade him to fly us together towards the Antarctic plains of Queens Maud Land, along the Weddell Sea next to the Atlantic Ocean where the German expedition of Captain Ritscher had discovered in 1936 the mysterious oases of temperate waters among the glaciers flying over high mountains. The Germans also discovered a network of pre-historic tunnels beneath the ice. At the time I thought the words of Admiral Dönitz about 'the discovery of an impregnable terrestrial paradise for the *Führer*' must have referred to those *oases*. Today I think something else.

I could not convince the pilot, but I did manage to be included by Army Major Eduardo Saavedra Rojas in his expedition as the only civilian to cross the mountains of the Palmer Peninsula, today re-baptised 'O'Higgins' by the Chileans, to descend to the other side in Queen Mauds' Land and the Weddell Sea, near in places as I imagined to the mysterious Hitlerist expedition of Captain Ritscher.

We were not the only ones to fail. So did someone else, even with means infinitely superior to ours in those times. In 1946 the North American Admiral Richard Byrd mobilized a powerful fleet of warships and warplanes in order to penetrate into that secret and unknown area. Something very strange happened to him because he lost his planes and men and had to return, declaring later that 'the enemy has come between the Pole and us.' These and other of his expressions on 'the earth beyond the Pole' may have cost him his life, for very soon after he disappeared very soon from this life.

When I refer to 'chances filled with meaning' the reason is that no rational prediction could make me think, for example, that one day, after forty years, I would go flying above the same regions of this south, always by Melimoyu, trying to penetrate their untrdden paths, their hidden away territories, in a bi-motor plane piloted exactly by the son of that Commander Rojas of Antarctica. And that I would make an emergency landing on an unauthorized track of a little village named Guadal, by Lake General Carrera. We went up from the track after landing and the plane had dipped down. I was still on the same long awaited search!

What a mysterious relationship with those men, those 'spirits of the air,' beyond time, as if time were erased, or had been stopped, without feeling the passage of forty years, in a type of immobile present?

In the years following the Great War, on my expedition to Antarctica, I could not convince Commander González to fly to the warm-water oases; yet he made possible that I would find what I was searching for among the icefields.

In my book on that expedition I told the story in veiled form. My conversation with Navy Lieutenant Kopaitic, to whom I give the assumed name Pilniak, and remained for an entire year with the first Chilean Naval Base in Antarctica, was elusive. Then I told how Commander Rojas one day left this Base, armed with a compass and let off a shot into this pure transparent air. Perhaps a fine crystal was drawn through the subtle invisible atmosphere, causing a dog, taken off the frigate, to escape howling and was lost in the distance, next to the glaciers. At best the gunshot burst his eardrum, or rather, the dog saw something appear from beyond the broken glass.

This dog had been elected with others in Punta Arenas, believing them to be able to pull sleds in

Antarctica. I became the dog's friend since he reminded me of a dog I had in my early childhood, in the field of my parents among the suburbs of Los Andes. Therefore I undertook a solitary expedition to search for him, trying to save him from the voracious *skiás*, gulls already flying over his golden coat, over his Golden Fleece.'

.....

I left at dawn the following day, without telling anyone and went out on skis covered with sealskin, in order not to slip down into the plains of ice. I went in the direction of the mountains on the horizon.

One day earlier I had already had my first 'mystic experience' in Antarctica, next to the glacier, when her plumes of snow began to I lost consciousness, although in some way not the memory of what happened there. Not everything.

A ray of light breaking apart, like the *Sieg* Rune (this I understand, to surround me, sighing, telling me in her diminutive language: "Fear and beauty are interlocked.") I did not know if this wall would move, but I knew someone close was coming near to me, always closer. Then I heard a little noise, like sighs and clicks, and the steep battlements began to let fall some light little plumes, floating and white, that crossing the light shown fantastically iridescent, taking strange forms. They fell over me and covered by their millions the small Antarctic beach. Covered with these millions of little souls of ice, penetrated through and through with the cold of that strange light, I cried with emotion. And in the middle of my cries I heard a suave music hidden among sighs, with the clicks of the crossing and the flight of those crystals, vapor of solidified water in the dried and cold air... From above, the glacier greeted me. Those spirits, those fabulous creatures, revealing their music to me, their minimal life. Perhaps the collapse of an *iceberg*, the ice floe released from the block of ice produced in the end the cycle of this brief symphony; only then the thunder of the glacier closed with her tuning fork... How many times I would search to hear that divine music!

I remained blinded for a long time, unable to see this reality. Because something more appeared to me in the glacier. A brilliant light, seen before, and a hoarse voice, unmistakable, that did not speak to me in any language and seemed to be beyond this music of ice. And it was as if Wotan had spoken, a God far more ancient, a God of Ice and Lightning.

Thus, on another day, in search of the dog through the frozen steppe, I did not imagine everything would return to repeat, however much I might desire it. My walk did not last long enough to worry the leaders of the expedition, or so I believe. Yet for me years passed. Space-time is relative, or subjective, in this way. I have never revealed what followed until now: From the peak of the white mountain on the horizon the light itself fragmented, iridescent, beginning to make its sparks burst once more, its multicolored feathers until they transformed into the fan of the tail of a royal peacock, or the dance of the bird of paradise, or the feathers of the Quetzal. And a sound continued, sustained with inaudible music only caught by the mind, "I was there." Then the voice unmistakably: "Your dog has already arrived and is together with mine..."

A now violent light, a luminous revolving disk went in my direction, stopping a short distance away, much like a *skiá* gull might. I think I lost consciousness, although in some way not the memory of what happened there. Not everything.

A ray of light breaking apart like the *Sieg* Rune (this I understand or *remember* today,) sucked me up. And I found myself transported to a subterranean world I know not how far beneath Antarctica, or another place, perhaps Melimoyu (so I also think now), beneath a Sacred Mountain. But this was not a world different from this one, except in reverse, left become right, and the people I was next to had sockets instead of eyes, or shades covering them. Though the *main character*, standing and then seated in the center, had square pupils.

“I am the *one* who announced the *Caleuche*.” He told me, to the “MAN TO COME. Sit down, my *Chasqui!* [*Chasqui*, the Inca mailman.] Sit down, *Huanacu!* Relax, since you still have much distance to cover... I remain here now, eternally alive, because an *Avatar* does not die, can not die, lives eternally in his own body, resurrected on the ninth day, like Wotan, or the same day... I did not die in the *Bunker*, your Maestro knew this, first I went to Antarctica, then to the Inner Earth, soon to Venus, the Morning Star; I crossed through the whirlwind, through the vacuum of the Black Sun and reintegrated myself in Hyperborea, in *Asgard*, the non-existence of the Green Thunderbolt, to return here once more, nearer to you, able to help those who keep fighting in my name during the Darkest Age of this tortured and deformed Universe, *this similitude of another reality...*”

I do not know how long this lasted. I know the discussion was lengthy, intense, terrible, and that I could not remember or repeat it entirely, though this talk, or only a part of it, is reproduced as this book that I here give to you, oh heroes! I know it was taught in an indelible way, so that I can forget nothing, not a detail, though I have apparently forgotten everything. So many years have passed and this emerges to the surface again only now, such that I do not know if this was told in this actual lifetime, or in I know not which Round of Eternal Return. How to explain it? But He also told me: “*It is impossible to explain everything. If everything is explained, everything ceases to be...*”

Extraordinary! Since I remember nothing with the conscious rational mind, but with my blood, with the *Blood Memory*, with my cells and my genes, with what could be called *memory unremembered* and *thought unthought*. There an impression was made on me so that not even I myself know and only *remember* it when *going out from* myself and *expressing myself elsewhere*. But I can state that *this was so*, since my youth, perhaps since infancy, I repeat this same history, identical legends, but only there, in that Antarctic experience (happening eternally), was when the experience was *confirmed*. And he was the *Avatar* and *Führer* himself, present there, who taught me (also eternally) about Hyperborean Knowledge, lost in a great catastrophe, and about his own Mystery. *Mystery of the Führer and Avatar!*

And this is what I tell here, in this book, deepening what has already been expressed in *The Golden Band, Esoteric Hitlerism, Adolf Hitler: The Ultimate Avatar, Resurrection of the Hero, ELELLA: Book of Magic Love*. And this book will be the ultimate one, because always the ultimate, and always the same book, the same legend that completes and repeats itself.

So, someone speaks through me. *I must die so that HE may live*. And it has also been necessary that *he die so that I may live...*

How long was I there? Earthly years? When I returned no one noticed my absence. I myself had almost forgotten everything. But there was a security in me and a sad happiness in my depths that they would now never abandon me. In spite of everything, I almost mechanically kept searching the warm water oases on the other side of the Palmer Peninsula and took part in that hallucinating expedition I tell about in *Invitation to the Icefields*, next to Major Saavedra, who I would call Salvatierra, World Savior. That memory of the blood, together with the howl of the *emblematic dog*, within my soul, my unconsciousness, prevented my adventure from ending with a physical destruction in the abyss of that night on the icefields, in the ghostly mist, set in motion towards a fathomless crevasse.

## WINDOW OF OZONE

The entrances to the hollow inner earth are found at the poles, especially the South Pole. I have already explained this in *The Golden Band*.

We must pay attention to what is happening today with the Antarctic Pole beneath the covering of

the 'window of ozone.' A carefully selected group of 'scientists' from various countries settled down in 1987 in the city of Punta Arenas making aerial explorations from great heights over the Pole to study, as one says, the mysterious 'ozone window.' As their conclusion they say what is responsible for this danger were soap detergents and spray. Press agents who covered the information have said privately that nothing certain could be obtained about what they had investigated, suspecting in fact 'something else' was involved.

The Chilean Air Force has also undertaken secret explorations of the Pole over which total press silence is maintained, although not for the North Americans and Israelis who have been invited to visit our advance bases and surely share in the conclusions reached.

Genuine concern centers, today as yesterday, around the Polar opening that allows entrance into the Hollow Earth and that has its double at great atmospheric altitudes in that window of ozone, indicative 'simultaneous' synchronistic way during certain periods, signaling the passage of those who *go away into another dimension*, in Disks of Light, the vehicles of the inner earth that go towards the black holes of galaxies. From great heights, and very rarely, photographs have been made of the Antarctic Polar opening. This 'window region,' this terrestrial 'cavity,' indicative of '*nuclearized activity*'.

The world super-powers, only seemingly opposed, know with certainty that their Enemy has not been defeated and '*is located between them and the Pole*,' as Admiral Byrd said. They have been forced to change their strategy that originally contemplated declaring the Third World War as a ritual sacrifice offered to the Great Demiurge before the imposition of Messianic times. Capitalists and communists, controlled by the same hand, were forced to soften their apparent opposition by the necessity of again confronting their common Enemy, years more advanced than they by having recovered their new-ancient Science.

Knowing this since my long-ago journey to Antarctica, I wanted to go again to the Inner Earth, this time with a personal purpose.

I knew Hanna Reitsch in India. We spoke for a long time in my house in New Delhi. Many years had passed since then, meeting her in Switzerland during the summer season, in the old Camuzzi house, in Ticino, where I came to know her, a little again, shortly before her death. She was in Frankfurt, at *Zeppelin alle 71* where she was living. And once again we were alone together.

Hanna Reitsch was an air pilot with an extraordinary record and one of the last people to see Adolf Hitler in the 'Berlin Bunker' after completing a dangerous flight together with the last Commander-in-Chief of the Reich Air Force, Ritter von Greim. Hanna belonged to a Catholic Austrian family and in India she told me a priest of this religion was comforting her during her imprisonment at the end of the war. She came to return to the faith of her fathers. She asked me to keep the secret of her reconversion, "so as not to disillusion her National Socialist comrades," in her exact words.

My secret intentions for visiting her that time in Frankfurt were to propose to her another Polar flight, going down into the Hollow Earth. I was sure that between us we could make the journey. Wanting to prepare the environment, and to be sure the event would be a total surprise, I first spoke to her about 'flying saucers.' She replied that Werner von Braun believed in their existence, although he thought they came away from great cosmic distances, other galaxies. She knew herself that von Braun had fallen ill with cancer. He would die shortly afterward.

My plans did not go well, discovering that Hanna Reitsch had suffered 'brain washing' through her Judeo-Christian religion and only lived to accompany the Catholic priest who had comforted her and was also dying of cancer in a hospital near Frankfurt. To discuss those plans with her now would have been like a heresy. She had become convinced that Hitler spent the last days of his life under the effects of drugs in a deplorable physical and mental state. She forgot that she had seen him in those ultimate days, precisely then, finding him very lucid, as she had related to me in New Delhi. She told me that Hitler, placing his hand on her shoulder, had said to her: "Hanna,

you make me proud of the German woman. In the midst of so many betrayals you have remained faithful..." Disgracefully she was not so to the end, being unable to resist the subtle process of Judeo-Catholic 'denazification.'

For certain, I would not have been able to enter with her into the 'Refuge of the Inner World,' to the Headquarter Barracks of our *Führer*, to his *Walhalla*, his *Asgard* in the Hyperborea of the South Pole.

#### THE ATOMIC BOMB DOES NOT EXIST

It was a night in the month of October of the Year 94 of the Hitlerian Era, 1983 in the Judeo-Christian era. I was seated in a room of the house of a scientist of 'Federal Germany.'

There I met his spouse as well along with several of his friends. It is hard for me to believe the revelations I came to hear. These people are atomic scientists and their research are carried on in the most advanced center of this country, perhaps the most specialized in the present world. They told me *the atomic bomb does not exist*. "And Nagasaki, or Hiroshima?" I asked them. "Those, they were Hitler's bombs," they replied, "those the *Führer* did not want to use against, England, Russia and the United States. He had five bombs ready for that..." I remember Otto Skorzeny in his posthumous book *The Unknown War* also stated that Hitler told him personally he would never use the atomic bomb, because that would end life on the planet: "If I use it, then the others will also use it against us, since the knowledge of atomic fission will not belong to Germany alone. And in the end only some Amazonian tribes will save themselves." The true discoverers of atomic disintegration were the professors Werner Heisenberg and Otto Hahn. With Heisenberg worked Carl Friedrich von Weizäcker and Frisch, both gone over to the enemy side, with their previous knowledge. Frisch's aunt, Ilse Meitner, who worked with Professor Hahn, remained a refugee in Stockholm through the entire war.

I insisted: "And the French atomic blasts on Bikini atoll, in the Pacific?" "They're explosions *in situ*, underground," they answered. "Only the Hitlerists were capable of inventing and manufacturing a bomb transportable through the air, that can then be detonated. Hitler did not want to use it against his enemies. Those bombs fell into the hands of the Americans. One of them was tested in the Nevada desert; another over Nagasaki and a third over Hiroshima. Two more were still usable and were saved for use against Germany, in case she did not kneel before the dictates of her conquerors. Germany, divided in two, still did not have a peace treaty and remained an occupied territory, obedient and servile. She still had to acknowledge the holocaust of the six million Jews by Nazi Germany and pay indemnification until the year 2000, and beyond, knowing all this was a fraud and extortion. Germany feared the holocaust would be realized in her..." [This conversation took place in 1983.]

The revelation I then heard is so incredible that I had to force myself to accept I was meeting with scientists of the first rank, and above all with Germans, who do not know how to lie and, therefore, must be taken seriously. I investigated the difference between a test *in situ* and an explosion produced in the air. Various technical explanations were given that can be summarized as the difference between *explosion* and *implosion*. Which is to say, to make an atomic bomb like that of Hiroshima '*enriched uranium*' is required, provided only that the very high temperatures and pressure is reached. To 'enrich' uranium temperatures are required such as only mastery of the *Science of Implosion* makes them possible. And the Hitlerian scientists would recover this Old Science, something almost magical, or simply magical. In reverse to centrifugal *explosion*, *implosion* is centripetal. It is like a *maelstrom*, sucked in; this is the Black Sun, the Black Hole, Leftwards Swastika. And its power is such that it neutralizes gravity, making possible the 'flying saucer,' or U.F.O., also rediscovered by the Hitlerian Germans at the end of the Second World

War. The *Vimana* of the *Mahabaratha* War. Able to neutralize gravity, overcoming entropy and opening a mysterious *Window* into immortality, given that the loss of energy, age and death are effects of 'gravity,' the tiredness of nature and matter.

I persisted with my argument:

"I have been the Ambassador of my country to the International Atomic Energy Commission, with headquarters in Vienna, and I acquired 'enriched uranium' for the Chilean Experimental Center."

"And you, have you seen this uranium?"

"No... In fact, I have not seen it. Tell me, do all your colleagues in the Research Center think like you do? They all believe the atomic bomb does not exist?"

"Only about fifty percent, one half."

The other questions I could have asked at this meeting in the Year 95 of the Hitlerian Era, in a city in Northern Germany, I did not ask, because I could provide the answers for myself. The reason to make people believe they have the weapon able to destroy the planet is not difficult to find. First, the world has been falsely divided into two halves that seem to be enemies, the Bolshevik Russians and everyone else, both possessing doomsday weapons. Humanity believes it without knowing that the same hidden hand controls both sides. To prevent the catastrophe people are prone to accept everything, giving way before the pressures until they end up in slavery. In this way 'globalism' and 'internationalism' have been imposed, with planetary control of finance, money, the fees of usurious banks, transnationals, paper money, plastic money and, soon, electronic money, electronic slavery and all the horror that remains to be researched. The Messiah of Zion, enthroned over the world thanks to the Jewish 'organic lie,' the farce of a holocaust of millions of Jews gassed by Nazis, the deicide of the 'Chosen People,' and now the sword of Damocles of a non-existent atomic bomb, hanging over the heads of a hypnotized humanity, stupefied and terrorized, disposed to believe and accept everything. In truth, before this diabolical conspiracy, the fraud of six million gassed seems to lose some of its Satanism.

A Third World War, like the one put forth by *The Protocols of the Elders of Zion*, may now become unnecessary as a means of final control over the planet by Zionism, even when local wars and slaughters, like those in Iraq and Iran, the ones in Afghanistan, the guerrilla wars and terrorism on a grand scale, are not enough as blood ritual sacrifices dedicated to Jehovah. The German 'delegates-administrators,' Social Democrats, Christian Democrats and Freemasons, collaborators of forced race-mixing and the occupation of their territory by *untermensch*, by coloured races, 'slaves of Atlantis'; Negroes, Turks and Asiatics, is making unnecessary their physical destruction by the real ultimate atomic bomb still kept by their enemies. Before the idiotization, cowardice, degeneration and servility of the actual Germany, this bomb would be a useless gesture. Even though the weapon that Hitler did not want to use against his enemies could be symbolic when used against this abject people that is no longer Hitler's people because they have forgotten *their honour is named loyalty*.

The drama and *ritual assassination* of Rudolf Hess proves the inconceivable cowardice of this people, who have allowed such a thing, and who were once heroic. A Superior Spirit has abandoned them forever.

Things in this world have come to such a point that we could see the announcement of an agreement between the two superpowers, those two artificial and deceiving halves that divide the world, to suppress a non-existent atomic arsenal. Humanity has already been enslaved and the earth is under the iron control of a single criminal hand.

'CITIES AND YEARS'

We are in the Year 99 of the Hitlerian Era, 1988 of the Judeo-Christian era. It is August, a few days before completing a full year since the ritual crime of the Hero Rudolf Hess, in the sinister prison of Spandau, in Berlin. I remember the year 1951, on my first journey to Europe, when I found myself standing before those gray walls of Spandau, without being able to enter, imagining Rudolf Hess on the other side, alone in his cell, perhaps concentrating, projecting himself far away so he could in that way meet, mentally, with his *Führer*, who would also see him, *because He could also see the astral*. The immense sacrifice of Rudolf Hess was, without doubt, necessary, because he was the propitiatory Victim to the Resurrection of the Myth. And Rudolf Hess will return with irresistible force in the memory of heroes, because *the colour of blood is not forgotten, so red, so intensely red*, as Jason would say, my friend of youth. And because his ritual sacrifice has not benefited his executioners, nor the Vampire Jehovah, instead furthering his defeat, from regions of subtilized matter, the inevitable final defeat, caused by spiritual law, put in action by infamy, morbidity and the most cruel sadism. Of this I have faith, I can assure you.

Every 17th of August we shall recall the assassination of the immortal hero, Rudolf Hess. Three days before this date I met together with an S.S., an old combatant, almost invalid because of his wounds. And here again the atomic bomb was spoken about. He told me he was commissioned at the end of the war to transport the atomic bombs manufactured by the scientists of the Third Reich and which Hitler did not want to use. He revealed details that showed me his story was true, corresponding with authentic fact.

Here we have another chance event filled with meaning, another synchronistic phenomena, a-causal. Better said: Another time the *Führer* guided my steps to be able to complete my knowledge with new information that confirms what I have said previously. And I can leave a record of these events for coming centuries, if there should still be more centuries to come. For the Heroes who will continue our Combat.

The S.S. official told me the adventures of the transport of twelve atomic bombs, each bomb divided into two crates, to be reassembled shortly before their use. Eight bombs were lost in the North Sea and only four remained usable, he said. He only mentioned four. They were made of a cylinder with two loads of enriched uranium at their tips, with live detonators. When detonated, the uranium in the interior of the cylinder would reach a pressure of thirty thousand kilos per square centimeter which would detonate the atomic reaction. Each cylinder carried a quarter liter of uranium. The weight of each case was five kilos, more or less. Twenty-four cases, in total. Hitler did not use the four bombs that survived. They fell into the hands of the Americans, only hours before the arrival of the Russians, the S.S. official said. Moreover, I know this was agreed to by the masters who controlled both powers so they could be used against the Japanese, without real military need since the Emperor of Japan had already sued for peace. The bomb was tested in the Nevada desert and, later, in Nagasaki and Hiroshima. The first did not have a fission partner, from the ends towards the middle of the cylinder, nor the second. Only the one over Hiroshima functioned well.

The remaining bomb was meant for the true people of the holocaust, the Aryans, the *Goyim* [Pejorative word used by the Jews with reference to non-Jews, the 'Gentiles,'] what remained of the white race. That no longer seemed to be necessary. But we cannot be so sure.

The official spoke to me about his boss, an S.S. general who commissioned him to transfer the atomic bombs from the Third Reich, and remembered the sharp questions the general made about the final decision of the *Führer* (better said, *the decision of the Avatar*): "Why did he not use them?" And two possible answers can be given: "He lost his nerve, or rather, a humanistic reason." That conclusion proves to me how little they knew their *Führer*, including those S.S. Hitler never lost his nerve. At those heights of the Drama, 'the Man of Destiny,' 'Man of Doom,' as Goebbels would call him, *the Ultimate Avatar* who was not human ('human, all too human,' in the pejorative sense of Nietzsche) would not act, or not act from considerations of that type. Nor did what was retold by Skorzeny, an engineer like my interlocutor as well as a Waffen S.S., have

validity or truth in the supreme drama then lived. 'To damage Nature,' in fact for the *Führer* meant not to be able to complete *his authentic Operation Barbarossa*, the entry into the Inner Earth, Hollow Earth and, from that *cavern of ice in Antarctica*, from that *Oasis*, to be able to *awaken*, resurrect and return one day, in the moment of greatest need for the race of *Viras*, at the furthest limit of things, in the *frontier of events*, when everything had already been lost. A damage made to the exterior earth could also reach towards the 'impregnable refuge,' the 'earthly paradise,' rediscovered by the submarines of Admiral Dönitz. So Hitler would have thought in those moments, in addition to not having been authorized to use the atomic bomb by the invisible Guides that directed his actions, from the *Green Thunderbolt*. This would have served for nothing in the fulfillment, within space-time, of the Revelation of Esoteric Hitlerism realized today through us, his followers, his warrior-priests. What destiny would have suited us if we had materially won the Cosmic War that has not ended and surely will never end? Such was not the mission of the *Avatar*, the *Envoy of his own Divinity*!

To understand what I say here is authentic I roll back in memory the last time, those final hours and minutes of that tremendous War, that marks us to the roots of being and to the entrails of the soul. Nothing, I have forgotten nothing, I remember the war's end as if that time were today, the mystic words of the *Führer*, the chilling words of his ultimate speeches and his Testament to the German people. And what he said to Goebbels, his loyal follower, lucid, intelligent, like a ray of light from the sky, like an *Einherier* of Odin, a *Víra of Asgard*. Until the end he could maintain the faith and hope of the German people, nation of heroes in those times, with the certainty of secret weapons that he 'had seen' and that 'had frozen the strings of his heart.' 'Hitler would close this historic epoch with a burst that would stun the world,' Goebbels said.

And Goebbels did not lie, because he never lied to his people. He had assisted in a test of the atomic bomb of the Third Reich.

This has also been confirmed by other sources that were present at those tests. And Hitler had, moreover, other secret weapons, unknown until then by Liberal-Jewish science, products of that Aryan relation with the Extra-Universe, a power of magic shaping, that only that race possesses, or possessed. *Odinic Force* of transmutation (*Odil*). Will in its pure state (completely lost today) and referring to an aristocratic relation of the *Herrenfolk*, the Master Folk, with an Extra-Cosmos. He created the Death Ray, *Thunderbolt of the Druids*, deciphering the *lapsit electris*, the *Gral Stone* of von Eschenbach, by means of an *astral dislocation*, recovering the knowledge of the *Armanen* Sages of Germanic antiquity: warrior-priests. The Hitlerists possessed an anti-air weapon that would produce absolute zero temperature, disintegrating planes in flight. Twice German fighters have told me about another decisive weapon, a small mortar that caused an instant death, leaving enemies immobile at the moment this projectile was released. Only some few drops of coagulated blood under the nose, or corner of the mouth, signaled they had suffered a violent death. These weapons were used and disappeared without leaving a trace. There was also the *absolute submarine* that would never need to surface, able to penetrate through the North Pole and appear at the Oasis of the South Pole. This I know. *Wafeln, Caleuche*.

In those times we followed the latest announcements with bated breath and we believed without a single doubt the words of Doctor Goebbels. The secret weapons were going to be used and the *Führer* would win the war. I tell this in my book *The Golden Band: Esoteric Hitlerism*. The Maestro told us: "In the sky they have authorized Hitler to realize an act of supreme surprise..."

Today I know this '*act of supreme surprise*' would refer to the offensive of the Ardennes and not to the use of the atomic bomb.

Hitler did everything in his power to materially win the war, with almost conventional weapons and only with the power of his will and mind. For example, he never used poison gases, in spite of his possessing an unbeatable gas. All the 'atrocities of Hitler and the Nazis' were invented, first by the Jew Eisenhower, to be able to hide and cover over the horrendous crimes of the bombings of defenseless German cities, destruction without limit and unnecessary, like the bombs over Nagasaki and Hiroshima. Hitler fought until the end, even though, as *Avatar* he knew the War

could not be won here. He tried everything except exploding the atomic bomb. And the Archetype of Treason always personified in this type of mythic-religious events was what fully complied with Destiny ensuring the war would be lost. That Great Battle of that War, because the Great War continues. Like everything in this world corrupted by the Demiurge-Satan, Supreme Destiny is imposed by means of Treason. Whoever wants to know the depths to which disloyalty can reach should read the book already cited by Otto Skorzeny, with work of Wilfred von Owen: *Hitler and the Spanish Civil War, Werschwürung und Verrat um Hitler* ('Conspiracy and Treason Against Hitler') by Ernst Remer and the book by Salvador Borrego; *Infiltración Mundial*.

Adolf Hitler was betrayed even by Himmler ('Henry the Loyal,' they called him) and by a few of the S.S., his most loyal guard troops, that Initiatic Order. That same official with whom I now spoke was a potential traitor who had not been able to achieve his treason for lack of opportunity. (Treason is something like an irresistible impulse from the darkest depths of the soul, also like a *maelstrom*, found active and present in all archetypal mythic events. Judas, for example. And together with all great men: Vidaurre with Portales, Urquizar with Rosas and Himmler, Göring, and who knows if not Bormann himself, with Hitler.) That S.S. official had doubted his *Führer*, unable ever again to accept the *Führer-Prinzip* that implies infallibility, and the oath they gave that denies them even the shadow of a doubt. I am sure that for this S.S. to betray his *Führer* an order from his superior in the hierarchy would have been enough, as many others were also disposed to do. Landig, an Austrian S.S., and now an author of fiction novels about the great conflict (*Wolfszeit in Thule*), who was in charge of counter-espionage in Vienna, told me there was an S.S. plan to take the *Führer* prisoner during the last days of the war. And he would have taken part. Leon Degrelle, for his part, was amazed, he told me himself, how on visiting Himmler's camp, at the height of the Allied bombing of Germany, all the lights were blazing without a single bomb falling there. When Degrelle saluted arm extended and saying *Heil Hitler!*, no one responded to him... Certainly not all the S.S. were loyal, but the great majority were, unto death, as they had sworn.

*Schutzstaffel*, Protection Squadron: the S.S. First they were a very small group, created in 1922, as a guard unit of the *Führer*. The Treaty of Versailles did not permit Germany to create military groups or armed paramilitary units. From its original function as such it was almost logical the *Gestapo* fell over time under their control, become an arm of the S.S., which is to say, the political police, their Intelligence Service. Very soon, Heinrich Himmler who took the leadership of the S.S. as *Reichsführer S.S.*, changed it into an Order of mystical-religious type, with a Castle-Convent, Wewelsburg, inspired by the Templars, the Teutonic Knights and other Orders. Yet the idea did not come from them, because as certain details proved the S.S. Dagger and the Leftwards Swastika were the emblems of the Thule Order, *Thulegesellschaft*, to which Himmler did not belong, although Rudolf Hess did as a permanent member, and Hitler and Rosenberg as visiting members. As we have said, the Thule Order transferred its emblems and powers to the S.S. before disappearing. Himmler, without superior occult knowledge, was only a visible leader. The invisible unknown leaders, who did not wear uniforms and were not members of the German National Socialist Worker's Party, were with Adolf Hitler, incarnation of the *Avatar*, until the end, *because they knew*. And they still are, *because they know*.

In Adolf Hitler, the *Ultimate Avatar*, I have put forth an hypothesis as a possible explanation of the final behavior of Himmler, who would also be assassinated, like Mussolini, like Albert Speer and like Rudolf Hess, to make dangerous witnesses of secret talks and promised betrayals disappear, as well as for the sake of *ritual crime*! I have said that perhaps Himmler felt left on the margins of the *true* 'Operation Barbarossa.' The *Operation of the Death and Resurrection of Baldur*. And from his future *Return* from the Icefields of Antarctica. Himmler entered into accords and deals with the Allies and the World Jewish Government. He thought he could do it, moreover, because he had a tranquil conscience about not having committed any of the crimes against the Jews imputed to the Nazis. Hanna Reitsch, who possessed reliable documents on the matter, told me that this was so.

And Himmler remained outside Glory and *Walhalla*. He did not know how to die fighting. He did not enter into the *U.F.O.* in the *Chariot of Fire, Vimana*, the Plumed Serpent of Quetzalcoatl. He doubted. And he betrayed his *Führer*. An archetypal act...

But Joseph Goebbels did not doubt, was firm and loyal to the end, as was Rudolf Hess. The most tremendous and difficult destiny is to have to remain here until the end, standing upright, defending the rear guard, keepers of the Sacred Fire, the Standards, last Bastion of the Ideal, with sacrifice of life, to remove the obstacles from the path of the *Ultimate Battalion*, marching together with the Supreme Guide at their head, with their *Führer*, to ensure the return and triumph of millennia.

I know, comrades, neither the body of Joseph Goebbels, his family, nor that of Rudolf Hess, destroyed on Earth, have been lost, since their scattered pieces, like those of Orpheus and Osiris, will again be gathered together in the Indestructible Kingdom of Energy, with the Magic of Odin and the Valkyries, by the *Asin* and *Siddhas* of the Green Thunderbolt, and by the *Avatar*, who will never abandon them. In *Walhalla* they have already been reintegrated in a glorious body of red *Vajra*, the immortal material.

These are archetypal Myths and Legends that show us truth in a symbolic mode and console us, on revealing to us what in truth occurs. Nothing terrible can happen to the dead scattered heroes here on Earth, nothing that has not already happened to Orpheus and Osiris. The scattered pieces of their bodies do not dissolve into the kingdoms of demiurgic nature, since they are recovered by the Spouse and Son, and again rejoined beyond the River of Time and Eternal Return, to live immortally, as reward for the supreme sacrifice, for their Honour and Loyalty. Because what they here renounce, the time necessary for the work of a personal realization, interior, that would permit them to reach the totality of Absolute-Man, although interrupted by the sacrifice of combat and death in torture, will be awarded to them in *Walhalla* a hundred fold and with divinity. This is the recompense of Odin and the *Avatar*. The Mohammedans also know this, the faithful of the *Old Man of the Mountain*, the *Imam*, *Assassin* warriors.

Rudolf Hess, Joseph Goebbels, are already with their *Führer*. And they can say to him: *Mission completed, my Führer*. To them he can only respond: *Thank you!*

They already again form part of the Ultimate Battalion of *Kalki*, the *Ultimate Avatar*, or the *Man to Come*. They already sail on the *Caleuche*, beneath the waters of the Great Ocean, on the Road of Return, on the powerful currents of Myth and Mystery among the Antarctic Seas of the South Pole with *all lights blazing* and having as destiny, here on earth, the recovery of Thule and the Hyperborea of the North Pole.

#### THE TRUE OPERATION BARBAROSSA

We can never penetrate into the mystery of the ultimate decisions of the *Führer*, and even less the *Avatar*. We must indeed keep in mind there is moreover a man, a physical person, he of *Incarnation*, by name Adolf Hitler, and we must conform ourselves as men to Him to comprehend his reactions.

We know that at every moment the *Führer* wanted to and could win *here*, but we have come to understand the *Avatar* wanted to lose the war in order to win the Great War *there*. Tortured between those two tremendous currents, the hero-man, Adolf Hitler, the *Vira*, also drank the chalice to the dregs.

This may seem strange, but the incarnation of the *Avatar* in Hitler was able to be fulfilled before that of the *Führer*, this latter being something like the Angel or Collective Spirit of the people, of Aryan race, Germans who the Chief, the political Leader, little by little gained the right to represent, to incarnate. He is like the 'Spirit of the Group,' or what Jung, we repeat, would unfortunately call the 'Collective Unconscious.' Hence when the S.S. swore before their *Führer*, they in truth did so before their own soul, before their own most profound being. And when they

broke their oath they were betraying themselves, committing suicide. He is the mystery and grandeur of the *Führer-Prinzip*, whose only paragon on this earth is met in the Emperor of Japan, 'Son of the Sun,' and in the principle of the *Cinche* or *Cincheconia* among the Araucanians of Chile before the Conquest. This is the infallibility of the Pope of Rome, taken from the ancient Roman Emperors, and claimed to be affirmed as concerns a similar Mystery.

The strictest protocol, the most rigorous ceremonial must open an insurmountable chasm between humans and these strange beings, the Heroes who incarnate these principles, in order to protect their evermore delicate and simple vulnerability. 'The superior species are the weakest,' states Nietzsche. In the unique case of Hitler, consciously and willingly, he will have almost completely suppressed his human condition. But only at the beginning, because later this would become an automatic action. Therefore Goebbels was sometimes terrified and said: '*Adolf Hitler is not human.*' He was super-human.

*Avatar* is a Sanskrit word for the incarnation of a divinity. This comes from the Hyperborean civilization of the Gobi. In Hinduism, the *Avatar* is always the incarnation of the Polar God, white and blond, Vishnu. This incarnation is repeated in the cycles of Eternal Return of distinct Epochs of Creation. In *Adolf Hitler: The Ultimate Avatar* I have described each of these epochs, with their Sanskrit names and the number of *Avatars* and years. They coincide with the division of eras given by the Greeks, including coinciding names, but both conceptions were taken from the ancient Aryans and Nordic Germans, having their true origin in *Ragnarök* and the Cosmology of the *Eddas*, where, for example, astronomical keys provide the duration of the *Kaliyuga*, or *Iron Age* of the Greeks, the latter being our own. At the end of time, in the Twilight of the Gods, eight hundred *Einherier*, the Ultimate Battalion of Wotan, will go out through the five hundred forty doors of *Walhalla* to fight the Fenrir Wolf, 800 times 540 equals 432,000, or rather, the years Hinduism gives for the *Kaliyuga*. The Aryans of India knew that key to the *Eddas* (*Eddas* is practically the same as *Vedas*.) Moreover the minimum 8 of the 800 *Einherier*, corresponding to the astrological division of the sky and time of the ancient Germans, is also expressed symbolically by the eight legs of Sleipnir, the horse of Wotan, on whom Wotan gallops through the Ages in the Eternal Return, in the infinity of his incarnations as *Avatar*. He who reincarnates is in reality Wotan. And Wotan is Vishnu and Kristos. Or Kristos is Wotan and Vishnu.

Thus Hitler as *Avatar* is the reincarnation of Wotan and Kristos. Therefore He never wanted to allow the establishment of an exterior public cult to Wotan in Germany, and moreover he forbade it. Because Wotan is not outside somewhere else, but in He. And, as *Führer* of Germany and the Aryan Race he was conditioned to project this Divinity to his people, in reciprocity, such that Germany was also Wotan. When the war ended '*a White Spirit departed from her*', the Maestro told us. Germany lost her divinity. When the Queen-bee disappears, the hive dies.

The incarnation of the *Avatar* in a hero-man, as we have already said, must be intermittent, as is the *Führer-Prinzip*, since the weak flesh resists them. We shall never know the exact time when the *Avatar* incarnated for the first time in Hitler. Perhaps on that solitary night in the woods of Linz, about which Kubizek tells us, in his marvelous book *Hitler My Friend From Youth*. So, since then, he will become the *man of Absolute Doom*, to keep using the expression of Goebbels. The Ultimate *Avatar* has already come in Hitler, and will come again in *Kalki*, on a White Horse that is the same Sleipnir, with Eight Legs. Myths and legends prefigure and repeat this, like the legend of King Arthur and Frederick I Barbarossa, Emperor of the Sacred Empire, Leader of the Third Crusade in 1190, when he did not die but sleeps at the bottom of a cavern guarded by two ravens of Wotan awaiting his return when everything will already seem to be lost. Therefore Hitler gave the name *Barbarossa* to this Operation of Return, when awakening in the Hollow Earth, beneath the Poles. The resurrection of the Great Myth, the Final Return, as the living *Kalki* to rescue his Heroes and make way for the *Man to Come*, the *Caleuche*, from the waters of the South Pole after closing the *Cycle of Kaliyuga*, *Ragnarök*, with a great *slam*, as Goebbels announced. Moreover the *Man to Come*, by the name *Manu*, will do so in other *Rounds of the Eternal Round*. In a new beginning of the Same...

· · · · ·

The hidden history of these tragic years that have touched our own life, will be better understood if we analyze them keeping in mind these essential dichotomies, this intimate Drama, human and divine, fallen within the soul and body of a man that in truth was a Titan to be able to resist that tragedy without losing himself. Adolf Hitler never wanted the war, nor was he prepared for it when it arrived. His enemies imposed the war even before they declared it. In the war Hitler saw the defeat of his projects for social and economic reforms, his racial plans, as an opportunity to reach a definitive agreement with the English, organizing the world together with them and saving the white race. Kubizek recounts that when he met his friend of youth, the war already begun, Hitler stated to him his desire that the war would end soon so he could soon dedicate himself to build this dreamed-of world and remake the cities with his genius as a magic architect. Hitler offered peace various times after the war began. Not having been heard, he did everything possible to win the war rapidly. He invented *Blitzkrieg*, Lightning War of the Sieg Rune:  $\Sigma$ . He did not want to destroy the English at Dunkirk. Nor did he invade them. And he sent Rudolf Hess to negotiate with them before beginning the attack against Russia. These were the actions of Hitler towards England and also towards Spain, on not entering her territory without Franco's permission in order to take Gibraltar, a defeat actually caused by the treason of Canaris and so many other German leaders, inside and outside the Party.

Moreover, the Drama must be contemplated and lived on other levels if in truth we want to be able to participate in and penetrate into the war, meriting the honour of entering into so great a tragedy. We must be able to raise ourselves to a superior existential plane, connecting with occult or hidden roots. Because if Hitler never wanted the war, the *Avatar* *did want it*. And if Hitler, as *Führer*, wanted to win the war quickly, the *Avatar* *never wanted that*. The *Avatar* has always been at War, since the beginning of time. And forever *winning by losing here*, on this plane of the representation of the Demiurgic Will. *For Him, as for the Jew, the Second World War was only a battle in the Great War.*

In consequence, the *Avatar* always knew he would lose this Battle, here and now, and acted accordingly. Hitler, in *My Struggle*, stated Germany would never fight on two fronts. But the *Avatar* forced the *Führer* to attack Russia without having defeated England. What was Hitler doing? What was the *Avatar* doing? In the end, the two were doing the same: fighting to the end, *without faltering for the Ideal, in spite of what this would cost them*, leaving their luminous principles firmly established and at the same time *unmasking once and for all the planetary and cosmic Enemy, the International Jew, as the representative of Evil here on Earth*.

At that time all of us wanted to win the War *here*. Even my Maestro wanted this, considering it as having been made possible and authorized by invisible hierarchies, although not those of the highest planes of the Green Thunderbolt, in the Extra-Cosmos. In my previous books I have explained how the invasion of England would have been successful, since the success was prefigured in the *Akasic Memory* of the Eternal Return, able to be *pre-seen*, as if already accomplished in the eternity of Time and his Rounds. But the *Avatar*, by forcing the non-invasion of England, took Hitler out of the Eternal Return to begin a New Era (the *Yuga of Heroes*) and a transfiguration of the Earth, irreversible in Eternity.

In *The Golden Band: Esoteric Hitlerism* and in *Adolf Hitler: The Ultimate Avatar*, I have told how my Maestro contacted Hitler twice not to attack Russia: "Go as far as to retake your colonies and not one step more," he told him. Hitler sent Rudolf Hess to propose the same to the English, the devolution of the German colonies previous to the First World War, to reach an accord and make peace... But the *Avatar* attacked Russia. And Hitler knew he would be defeated. He said this to the wife of Rudolf Hess, who also revealed "the *Führer* spoke about U.F.O.s..." This has been published in an interview after the death of Rudolf Hess, who, on the failure of his mission, had fulfilled the highest designs of the *Avatar*, like the propitiatory Victim in the Resurrection

Myth.

Seen from these heights the treason matters little. They were part of a magic trick, accessory footnotes, secondary counterpoints, although essential, of the archetypal symphony. Hitler himself was to be carried away on the currents of Destiny by the powerful Wind of the *Avatar*, and already He could do or change nothing. He said this to his adjutant, Kräuse, at the moment of attack against Poland: "I can no longer do anything to control events, much less stop them. Not even I know how this will end..."

Thus spoke Hitler, the man.

From this perspective knowing whether, for example, Bormann (or any other infiltrated into the highest hierarchy) was a spy with the name 'Werther,' an agent of the Russians, as Landig and others believe, loses ontological importance. On the scale of the great drama, ascertaining such matters lacks importance. They are archetypal events, inevitable components of the Demiurgic and earthly plot, by which the *Avatar* also fulfills the ultimate goals, his metaphysical Destiny, the imposition in this and other worlds of the new Religion of Esoteric Hitlerism, Absolute-Man, the Super-Man, Total-Man, Sun-Man, the Hero thus resurrected in the Age of Aquarius. Of *The Resurrection of Baldur*.

.....

Let us try to imagine what could happen if Hitler had won the war. The organization of an Empire, always with the English in Asia and Africa. The temporal confirmation of an Empire of the White Race, the Germans extending themselves in search of 'vital space' towards the steppes of Russia, with great factories all the way to Vladivostok, the primary materials of Asia and the Middle East filling the stores and manufactures of the West. Moreover, with an intention of improving the racial condition of Europe, even with (by thermodynamics) France, Italy, Spain, South and North America with their Indians and Negroes; Russia, with her Slavs and Mongols, they would have ended with the annihilation of the Aryan Race, Germanic and Anglo-Saxon. For sure, not as rapidly as now. The essential pessimism of a Gobineau about the destiny of the white race is confirmed in the end. But the *Avatar* had other plans, *more realistic*, if we may say so. And for the genius of Hitler also the somber picture would not have been comprehensible. And he had to make ready, according to a mandate the *Incarnation* imposed on him, to prepare a secret 'Parallel Plan,' only known by very few, at the same time as he fought with all his Will against the Enemy armies on the fields of battle on the outer earth sacrificing many of his heroes, knowing *the blood of Heroes nearest the Gods is worth more than the prayers of the saints...* And to win sufficient time within space-time and its implacable laws, coming to rediscover the Ancient Science of the unpolished Stone Age (*lapsit electris*) and, with these, the passage to the Hollow Earth, Inner, where all those who of old disappeared with their bodies in 'Chariots of Fire' without leaving traces here: the Hyperboreans, Vikings, Trojans, invisible leaders of the Templars, the authentic Rosicrucians. Because only there will the Aryan Race save herself, regenerate herself. Because there she will recover what here has been lost, since nothing more can be done 'above' but fight to the death. Like Rudolf Hess, like Goebbels and some others.

If the war had been won...What would we be? We would not be the Warrior-Priests of the New Religion of Esoteric Hitlerism, of this Old-New Religion. Thanks to the Drama of the loss and nostalgic anxiety for what has gone away, we have been able to achieve the pre-science of a Universal Cosmogony, *Weltanschauung*, able to develop the *knowledge* to resurrect the heroes who still keep fighting on the surface of this star. They foresaw the Tragedy would happen this way, in the Rounds of Eternal Return. Adolf Hitler, as *Ultimate Avatar*, came to complete the War is such a way that now *He is nothing without us, and we are nothing without Him...*

The elderly aide to the Führer, the S.S. Kräuse and Miguel Serrano in Germany in 1984.

Since Captain Alfred Ritscher discovered the warm water Oasis in Antarctica and the network of tunnels beneath the Weddell Sea, and the submarines of Admiral Dönitz found the hidden passage between the Poles that communicate with the Inner Hollow Earth, Adolf Hitler began to organize his secret Plan building his ultimate refuge in this '*impregnable terrestrial paradise*,' to reach there together with the most pure of the Aryan race. Young men of twenty years were found commanding 'U' submarines, lost for months on the Ocean, and who weighed anchor in Mar del Plata. They formed part of a submarine caravan whose ultimate direction was unknown, since they had lost the course set by the guide-sailor.

But Hitler did not ultimately go away in a submarine, but in a U.F.O., in a *Vimana*. Thus He is like the strange name '*Operation Barbarossa*' that He gave for the campaign in Russia, revealing its true meaning when we understand that this did not refer to that campaign, but to what would come after 1945, what would succeed to this external war: the hiding within a Mountain of the South Pole, underground. The dream of Barbarossa within the Alps, within the primordial ice, in a cavern, maternal bosom, during the Twilight of the Gods to awaken and rescue on the *Threshold of Events*.

In *Adolf Hitler: The Ultimate Avatar* and in *National Socialism: Only Solution for the Peoples of South America* I reproduce the design and description of a *U.F.O. Flying Saucer*, built by the *Third Reich*, from a military photo in internal circulation within the Federal German Army of today. I also read this within the Swiss Army and was given to understand the same during my stay in that country.

A genius like Hitler knew perfectly the class of Enemy he confronted. It is enough to read *My Struggle* to understand this. Hitler stated *the Jew is not human*. Like *Führer* and like *Avatar* is not human, he knew as well who is in truth behind the Jew: the Demon, the Demiurge. Therefore he would not only not use the conventional weapons of this war against him, but not even the atomic bomb, because they would not serve him. He had to rediscover *Another Science*. *Another Technology*, *other* means in order to in some way preserve the *Aryan Race*, the *Aesir*, keeping open in *another place* the possibility of the transmutation of the Hero, *Vira*, *Sonnenmensch*, Sun-Man, Total-Man, Absolute, resurrecting him with his glorious body of immortal Red *Vajra*. One must *go away* in a Chariot of Fire, a *U.F.O.*

This is what they worked for in the secret laboratories of Hitlerism, under the greatest secrecy, without the knowledge of the highest leaders of the External Circle, not even Himmler himself.

We do not know the initiation of Adolf Hitler. He was not an initiate of the *New Templars* of Vienna, with Georg Lanz von Liebenfels, nor of the *Thulegesellschaft* of Munich, with von Sebottendorf. Nor did he belong to our Order, nor to any other. He was initiated directly by the *Avatar*, by his *Inner Voice*. *He was initiated from the Green Thunderbolt*. And He it was who

gave directions to his scientists, unknown until today, to rediscover the Science of Implosion, a *purely mental* event. A *Pulsionary Idea* that is achieved and maintained for a certain time in a very *high tone of soul*, until one is suctioned by the *implosion* of the Black Sun, by the rotating of the Leftwards Swastika.

And what submerges in the *Implosion*, reaching the *Center*, is absorbed by this Center, by *His Center*, defeating gravity, overcoming the velocity of external light, disintegrating oneself: but not losing one's identity nor spiritual key. When the molecules disintegrate this key still remains. This key is the *Selbst*, the initiate *Oneself*, the Person transmuted into *Personality*.

Here we have the *Avatar*, and the *Resurrection of the Flesh*, converted into perishing matter, red immortal *Vajra*. Here we also have the *U.F.O.* the *U.F.O.-Man*, the *Vimana* of the War of *Mahabaratha* and the last days of the Second World War. Here we have the *Flying Saucer* rediscovered by the *Führer*, Adolf Hitler, and never used as a weapon of war. This was the vehicle in which *he went away* with the most select of his warriors, with his Ultimate Battalion and with his Sages in the direction of the *Impregnable Refuge*. Others will follow him later, through the millennia, beneath the waters, as if sailing on the *Caleuche*. *With the Man Who Will Return*.

The reason the *Führer-Avatar* did not use the atomic bomb has become clear. The weapon did not serve to win the Great War. In no way could that war be won in such a way. She will only be won *somewhere else*. For Him, and also for us, this was never a question of territories, lands, nor even of social and economic systems, although those were included in the process. The principle question referred to the Race of Aryan *Viras*, the New-Man, God-Man, Superman, Resurrected Hero.

One could say that the atomic bomb of enriched uranium was a *sub-product of a high meditation*, a supreme intensity of thought among the Hitlerist initiates directed by the *Führer* of their Race, impregnated with the Aryan Collective Consciousness, so as to thereby investigate a Secret Science that would produce Weapons More Secret, as the only means indicated by which to confront the Demiurge and his *genetic robots*, the Jew, able to defeat them only in this *inwards* direction outwardly directed, *implosively*, centripetal. In a War of *Aryan Selbst-Realization*.

The atomic bomb was not invented at Peenemunde, located on the North Sea, where Werner von Braun and other scientists conducted research with centrifugal projectiles with retro-propulsion and heavy water. The true atomic bomb was manufactured in other more secret locations, among underground laboratories in Czechoslovakia, where the *Flying Saucers*, the *U.F.O.s*, were also built. The atomic bomb is a Demiurgic temptation for which Adolf Hitler, the *Führer-Avatar*, did not fall. He refused to use it. And that is how He *won the War by losing it*.

He triumphed because he had conquered himself, the temptation to victory in an untimely moment not chosen by Him, but by the Enemy. He won inside, not outside, within *Himself* in the Inner Earth, Parallel. With *Implosion* and with the *Vimana*.

More than this cannot be said. Because one cannot explain everything. *If everything is explained, everything ceases to be...*

“Adolf Hitler was an absolute genius. He was years ahead of all his followers. No one could come near him or understand him.” (Statement of Arno Breker, the great Hitlerist sculptor, to Miguel Serrano in 1984.)

### **First Part:**

#### WELTANSCHAUUNG: HITLERIAN COSMOGONY

*“Remember the Hyperboreans who, on the disappearance of Ultima Thule, went up into the tops of patriarchal holm oaks, there to contemplate nearer to the stars...”*

Song of Avris, or Ar-Bar-Is,

during his exile in Greece.

Our vision of the world, or *Weltanschauung*, is simple and grandiose: a Cosmic War.

To explain a simple fact is very difficult, above all when it comes to translating it into the language of the rational mind. As always happens, the ancients are the ones to smooth the way. They used a poetic, symbolic language, with a cosmic poetry absorbed by other groups of men, other minds, or by parts of the brain that have atrophied for lack of use. There are various brain centers in man, within the physical body and outside it. My books also reactivate those other brain centers and therefore must be understood beyond pure rationality. Superior women will find themselves especially capable of this, since, contrary to men, they think best with the emotional cerebrum, with the sympathetic plexus. But with this *Weltanschauung*, our Cosmogony, the reader will have to understand with the □Brain of the Spirit,□ with a Superconsciousness, in opposition to a □co llective unconscious.□ A Personalized Superconsciousness.

Music also helps us. Especially the music of Bach. More so now, when the rational brain has been overcome by another kind of thought, whether because it has been placed in the service and disposition to a Deity, or a supra-personal Archetype, connecting Self with the *Monad*, resulting in the magic of an instantaneous awareness, an *unthought* thought, a memory unremembered.

## EXPLOSION

It is impossible to penetrate into the unfathomable Mystery of the first explosion. By analogy with the atomic bomb, we can say that here we find the principle of Evil, a deviant science and technology. Whoever brought about the explosion in the Universe visible to the eyes of earthly flesh did so under a malignant impulse, even if it were the result of the random Chance of a Causality. From this Explosion came the Creation of opposite pairs, the atoms, particles, solar winds, chemicals, celestial mechanics, laws, times, gravity and the Eternal Return of the Same. From this Explosion come the cosmic clouds, stars, suns, and galaxies. And everything began to expand, move outwards, be displaced in search of something like the vital space of mechanics, an imperialism of matter and the Universe of visible light with its implacable laws, an invasion at the expense of what would seem to be Nothing, but that is in truth Another Universe, not ruled by the mechanical laws of Explosion, but by other laws, or by none, as was foreseen by Nietzsche. For this reason we call it a Universe of the Spirit.

This might seem like Gnosticism or even dualism, if not for there being in addition to these two universes moreover many others, unimaginable and of pure imagination, like those particles of quantum science, the Myrmidons (from mind, mentality) or like 'imaginary numbers.' Inexistent Universes that nevertheless exist. Because of this Esoteric Hitlerism is neither a Manichean dualism nor even a Gnosticism. As we have said elsewhere, it is Tantrism, Wotanism and an ever-particularizing pluralistic paganism. The endless three-ness of Esoteric Kristianity.

For the purposes of this exposition we shall limit ourselves to the first Explosion and the extension of its contagion in an □ ther□ Universe, appreciated as Nothingness. Although it may well be difficult to understand how a material Universe, with exact laws of essential chemistry, can be sustained by Nothing, not being created eternally, in contradiction with the finite combinations of its mechanics, repeating themselves in an Eternal Return of the Same and in this way, and only in this way, providing a platform of support for its real or illusory existence. Yet, due to gravitational entropy, a limit is placed on the expansion lest the Cycle of Return feed on the energy stolen from that other Universe, indistinguishable, corrupting with the unbridled appetite of its Will to Power, eternally renovated by 'vampire action' and the enslavement of

Time, the God Kronos, transformed into a Vassal *Aion*. The Mithraic *Zervan*. So the Cycle of Eternal Return overflows the borders of its circumference penetrating another universe, invading it, altering its pristine purity with a corrupting mode, 'imperialist' so to speak, feeding on its purity, this 'blood,' so it can go on existing and making its finite energy eternal through this expansion. The Cycle and slavery aggrandize, repeating themselves. Like a stain, Evil extends its contagion, its horrible invention. Its spaces and its times.

Imperialism, not Imperium, is the beginning of a decadence. Kronos, Time, seems to orbit around something, much like we move around Kronos-Saturn, which emits gravitational waves wasting our energies and wearing us down in the slide towards death. The expansion of the visible Universe is fulfilled in tactical turns, with an encircling strategy of 'pockets.' Therefore the Eternal Return loses force in every Round. And so thereby *Ragnarök* appears, the Twilight of the Gods at the end of *Kaliyuga*, in the Iron Age, our own.

The Solar Wind could reach the zone of Great Silence, total silence, where it seems no vibration arrives. And where even light is sucked down to the Black Holes, by the Black Sun or 'Astral Tube,' by that Swastika where everything collapses in on itself. Everything visible and known by the rational mind. This is Implosion, the passage to an Other Universe, to anti-matter, where everything goes in the opposite direction, where another time rules. A Time still unused in reserve, a God still not yet incarnated, not chained to the Rock at the Full Noontide of Eternal Return.

Eternity is unused Time. 'Time in reserve,' said the great Hitlerist writer and poet Knut Hamsum.

Mechanistic science, 'exploding,' believes the visible Universe is something like ten billion years old, and will eventually end at a preordained date. The *Rishi* sages of Vedic India determined the periods of Eternal Return by *Kalpas*, *Manvantaras* and *Yugas*. Cycles within other cycles. We are at the end when the current is within the open jaws of the Fenrir Wolf in the *Kaliyuga*, the Fourth Age, the Iron one with the earlier being the Bronze, Silver and that of Gold, the Golden Age, the primordial Paradise. Our Cosmogony knows a Fifth Age that will be the result of the Judgment of the *Kaliyuga*, the Age of Lead, indescribable for its horror. And we think that because these are symbolic figures of Tantric alchemy, because it is from lead that involution again ascends, transmuting into gold (back towards the Golden Age, the *Satya-Yuga*). From Lead the *Opera Magna* of Heroes in combat begins again. From there, by means of Implosion, or rather Anti-gravitational Science, it becomes possible to overcome entropy, the wear and tear of burnout and exhaustion of matter, retracing the ages conversely to reach the Alchemic Gold, *aurum potabile* one drinks to gain immortality with a body of Red *Vajra* (Rubedo, the red giant stars) before the end when we leap into an Other Universe. To go out. Aryan *Rishis* call this red matter *Vajra*, detained precisely in the critical moment of expansion (imperialism and exhaustion), fixed there, just before the fatal second of decadence, as a White Dwarf, to be converted into a mummy in the sky (weighed down like lead) or disintegrating in an inverse explosion, through wear and fatigue, leaving lost matter in the belly of something like a *Robot-Golem*, who feeds from this destruction, thereby able to begin everything again in another *Kalpa*, other Rounds, in the Eternal Return.

It has been said the world is a thought rather than a machine. But it thinks badly. And more than a dream, this Creation is a nightmare. A failed invention, a monstrous imitation. It is the corruption of something that was something else.

## DEMIURGE

If it were certain the entire visible Universe had its origin in a single explosion, something must have pre-existed this explosion that was there and exploded. Even if it were

Nothingness. The existent in-existence of Nothing. An Other Universe not visible to material eyes, another matter. □ At some point in the Universe, in space-time, other Universes would exist, other space-times, ruled by different laws, or by none...□

Something in-existent-existent, before Explosion and Implosion, evolution and involution, beyond outside and inside, but that goes out and develops.

Yet this only happens in one of the infinite universes that might exist, every one distinct, none equal, as many as the Gods.

Why did it happen? Was it pure chance? Did someone cause it? Going out from Eternity, from Nothingness, to create this bad copy of something else, then invisible but immortal, beautiful, eternal. What is unmoving, on the other side, could not go out from itself or become imperfect and active without the act of Someone who was outside and then became. Without a point of fabricated assistance. A type of Robot, Cosmic Machine, a *Golem* that had lost control and tried to create on their own, □ in their own image and likeness.□ An event as if over a beautiful painting of Leonardo there were overlaid a monstrosity of Picasso. So that the existence of the entire mechanical Universe, visible matter, would be a poor copy made over a fine canvas original by a Satanic plagiarist. A palimpsest. And because of this within this Nature, in which we are now, we can sense the presence of another underground Universe that has been imprisoned and tortured. In her creatures, minerals, plants, in the mountains, rivers, seas and even the stars, in all of Nature there is a nostalgia of lost perfection, a Paradise that was and still remains beneath within her core.

And what has achieved all this, plundering this world, engendering this monstrous cruel abortion, this senseless business, this □ ale told by an idiot,□ imprisoning the immortals, chaining and corrupting them, while extending the Empire and its contagion to the dwellings of the blessed, is a Demon-Robot. It is the Demiurge. An illusion, a being without ontological reality, *Maya*. And it can only survive its own mechanical laws and gravitational entropy making use of the sacrifice of the immortals, sucking their energies and drinking their sacred blood. It goes expanding through parallel opposite Universes. And so it goes withering the beauty of that Inexistent Ultimate Flower, but more real than anything that exists here, on this side.

## RESPONSE OF THE IMMORTALS

Our *Weltanschauung* is warlike. It is faced with a war, because at the beginning of Time someone declared war against the Immortals to take away their immortality, destroying *Asgard*, *Valhalla*. It was a war the immortals did not declare, but had impressed on them, having to react to the danger of being caught in a 'web' woven from another matter by a plagiary that would smother their skies, their dwellings, their primordial Eggs, destroying all their works in their entirety.

The reaction was to go to war, using the same tactics and strategies as the attacker, while striking at the enemy Universe, clothing themselves in its matter, invading it, to come to defeat it from within. Taking hostages in the field, risking everything in the great Battle of the Rounds and accepting the voluntary wager of becoming imprisoned in the Cycle of Eternal Return.

There are infinite worlds, different among themselves and not located in different dimensional spaces, but overlaid, intersecting or parallel, without touching, neither seen nor felt, though sensing and intuiting each other. From one of these worlds, like a strange malediction, (Spoken Curse), the Demiurge will emerge. And he is introduced into the Spiritual Universe, like a sickness, like a Virus (called *Huitralalhue* by the Mapuche), with an explosive effect. A Window, or Wound, is opened there through which to enter. And this is the explosion that has spread like a chain-reaction that reaches an Ultra-Cosmic Egg, a Cosmogenic Eros, roundly enclosed

completely in itself, and breaks it, splits it.

Here is the beginning of Evil, the division of the Anthropos, the *Melothesia*, Ulterior Star, *Vimana*, UFO, the Total-Man.

Here begins the plagiary of the Demiurge and the corruption of this Universe that was pure, beautiful and perfect. Its explosion divides, at omizes. From the Primordial Egg the Demiurge, by division, takes his kingdoms and his species, his minerals, his mountains, rivers, seas and skies, his animals and plants. The nostalgia in the gaze of these beings, even in the gaze of inanimate beings, is from a lost completeness, a *unus mundus* that was stolen.

The corruption of the pristine world is expressed in the involution of its substance. Conversely, the plagiary of the Demiurge on the primordial Web amounts to an attempt at a failed evolution that stagnates into creative disability, with no possibility of advancement, like Neanderthal Man, the great humanoid ape, involution of the Archetype of Man. The Demiurge had copied the human form of the cosmic Archetype, the *Anthropos*, Total-Man, a God, but was unable to give it a soul. Moreover, he corrupted the Divine-Man, imprisoned him, transforming him into a biological robot, never improving on him. Animals are the qualities of Total-Man that have crystallized and taken these forms in the biosphere. Thus, the dog, for example, is a God in reverse that desperately longs to be reintegrated with his Divinity. Deity is God and canine is dog, God in reverse.

The original world, pristine, *Paradesha*, is not found on some boundary of the visible Universe. It is right here, below, or covered up. It is a matter of scraping away the bark so that the true Creation might appear. There the Suffering God will be found with the form of a man. Only the Viper that has taken over his body and dominated his mind by hypnosis must be driven away. It is a possession that can become irreversible.

Thus the Immortals have been forced into this definitive War, having to find an answer to the diabolical strategy of the Enemy.

And thus they went out by this Door or Window, by this Wound that the Explosion opened in the Primordial Egg, producing the involution of Divinity, the *Divyas*, *Siddhas*, *Aesir*. And we lost *Paradesha*, the celestial *Asgard*.

And so it was the Gods mutated into Heroes.

#### PARTITION OF THE ORIGINAL EGG: HE-SHE AND SHE-HE

Orphic Myth tells us this Mystery. Though our cosmogony expands and perfects it. The Orphic Legend tells us about the partition of the Cosmogenic Eros, *Phanes*, *Erikepaios*, dividing himself into man and woman. And Plato explains the Myth. The Primordial Being was round, whole, sufficient in himself, an androgyne. In truth, a star, the *Anthropos*. *An* is man (*Andes*, *An-dalucia*) and *Tropos* is form. Even though round, the star carried within the form of an androgynous man. The Archetype of Man is found within the seed atom of the Cosmogonic Egg, wrapped in this Circle which is a *Vimana*, a UFO, the Vehicle that empowers him to travel by his own immobility: *Vough*, the Unmoved Mover of Aristotle, the inside of a Pole, the Axis around which the Star, fixed in his eternity, spins.

Eros, on dividing under the influence of the doom-laden Demiurge, makes the Divine Man lose his Divine Woman. *Yang* loses his *Yin*, the positive his negative. And this begins the Drama and War, transit, exodus, desperate pilgrimage, the search through the demiurgic spaces and times, because God has lost his totality, his complete number.

In the Introduction of *NOS: Book of Resurrection* I have attempted to describe the Drama of this first partition, the loss and search through times, spaces and Rounds of the Eternal Return. The partition of the Primordial Egg and pain of loss. Also in my book *ELELLA: Book of Magic Love*. I called the Orphic Egg by the name HE-SHE (or ELELLA) where He and She become fused,

united. Under the effect of the demiurgic explosion, or making use of it, HE separates and goes out through the Wound, from his side in the Androgynous Egg. So it went, beginning to slide towards unfathomable depths, towards dark, far away Universes. She comes to be.

Gnosticism knew of this misfortune, as narrated in the *Pisti Sophia*, a manuscript that has come down to us incomplete, after the burning of the Library of Alexandria. She appears as a female *Aion* who has come down from rarefied heavens, remaining a prisoner in search of knowledge, wisdom. Until *Xristos* came down to rescue her.

Yet it seems the feminine principle that emerges from HE-SHE lacks ontological reality, real immortality, since only He has those qualities within the Egg of HE-SHE, where the positive masculine principle prevails, as a masculine Androgyn, of *Yang* type. This Mystery was also partially known by medieval Christianity, under the Hyperborean-Germanic-Barbarian influence, coming to doubt and question the immortality of Eve-woman. In the Drama that here concerns us, her immortality depends exclusively on Someone who searches for and rescues her, the *Xristos-He*, unable to find her nevertheless. All this is revealed in extremely ancient unknown runic texts and a certain gnosticism that is not dualist. Our Cosmogony gleans this and perfects it.

*Genesis*, the antediluvian document that has been distorted by the Jews, tells us something about it in the story of Lilith and Eve.

But our Cosmogony completes the Orphic Myth with the idea of SHE-HE (*ELLAEL*), as well as HE-SHE (*ELELLA*).

If HE-SHE is an Androgyn, with his integrated feminine principle, SHE-HE is an Androgynous, with her masculine principle interiorized. In the first *Yang*, the masculine, predominates, and in the second, *Yin*, the feminine principle. And if HE-SHE loses a part of his her, in the division of the Cosmogonic Egg, SHE-HE then loses a part of her him. And both must begin the search through strange Universes, made of other matter and vibrations, to recover each other. Or instead remain there hoping to return, as on the edge of a Fountain. Around the Fountain of Castalia.

For our Cosmogony the understanding of this Myth has been received from the most ancient *Minnesänger*, who in turn inherited it from the Hyperborean bards. This was also sung by the Lycian poet Olin, and preached by the Hyperborean priestesses of Apollo, in Delos: Allouine, Arges and Opis. Then Greece forgot the songs, with the mixing of Dorian blood with the Ionians. But the Germans have always been those who have carried them in the memory of pure blood, in the ritual of Magic Love and the veneration of the Woman-Maga, the hero's companion, the Valkyrie.

With the coming of the divine to search and fight within the demiurgic Universe a division must arise between the beings that inhabit this Universe. One part have a divine origin, the other lacks ontological reality. There is a third, of which more later, the animal-men.

## ORPHIC MUSIC AND ARCHETYPAL NUMBERS

To leave Eternity and enter space-time presumes a mutation. Orpheus has already lost his Eurydice. He sees her draw away into infinite spaces, decreasing in size, falling prisoner in the Eternal Return within the belly of Kronos, so that only a 'meaningful chance' or 'a law of solidarity' will allow him to find her with her loosened from the green placenta, from the Green Thunderbolt. And HE-SHE has kept a part of his He in order to go in search of his her.

It is very difficult for us here to capture what this Drama of the partition of the Orphic Egg is. Orpheus tells us in symbols: Night was a bird with great black wings that let drop a shining silver Egg that only Sacred Night could look at directly. Above this Egg was the Sky, below *Okeanos*, which was also *Chaos*. On breaking open there escaped from the Egg a Being of golden wings, Eros, Love, who made the Sky and *Kaos* couple, giving rise to the Universe.

It is not possible with the rational mind to understand the 'reason' for the partition of the

Primordial Egg, Protagonos, the *Monad*, *Purusha*, about which the *Samkya* philosophy of India speaks. Nor with (Judaized) mathematics, although perhaps quantum mathematics, applied by a gnostic mind, may help. Only Music (Orpheus was a musician) in the sense given her by Schopenhauer of Archetypes moving through time. In effect, an Orphic Mathematics, an Archetypal Mathematics, of Archetypal Numbers that is the true Music. The music of Bach.

So it is that with *The Art of Fugue* one can pre-sense, pre-capture the partition of HE-SHE and SHE-HE. And the flight of she and he. This Drama and this Nostalgia.

For one thing Orpheus was a musician who enchanted all of Nature, the mountains, rivers, trees, animals and birds with his songs. As was Krishna and the same Wotan, Maestro of the musicians of the Runes and poets, the *Runenlauteren*, *Armanen*. Runes are Orphic numbers and the archetypal notes of Odin.

As in all initiation stories, the Orphic Myth also has more than one level, there being a very secret plane only revealed in Eleusis by the Priests and Priestesses of the caste of Eumolpidae. Only Hesiod lets be known something of it when referring to the coupling of Zeus with his second sister, Demeter, to give birth to her only daughter, Persephone. Nothing of this was spoken in public, since Demeter is the wife of Poseidon, or at least so most believe. Thus did the uninitiated disciples of Orpheus tell the story. The deep Mystery was revealed in its esoteric sense only at Eleusis. So Professor C. Kerénye tells us in his work on the Greek Gods that he sent dedicated to me. As well as the Myth of the partition of the Orphic Egg, *Erikepaios*, the Cosmogonic Eros, understood in the way now done by our Cosmogony. Because this is and was a Hyperborean Revelation.

The numbers known and used today are Semitic and serve to add, subtract, multiply, divide, as conditions of the rational mind, but they do not serve for the *unus mundus*. There are, however, other numbers, the Roman for example, that do not serve to add, subtract, multiply nor divide. And with these numbers and with some other type of calculation the Romans built their aqueducts and bridges, the Incas and Atumarunas their cities, the Maya and Toltecs their pyramids, and the men of pre-History, the Great *Bahrathas*, their *Vimanas*.

## THE ART OF FUGUE

Like a vaporous air bubble, like a ballerina, like a dancing girl from India dressed in green reeds, she flew away from HE-SHE. He saw her leave crossing through his Wound, to fall infinitely head down with her golden hair and floating veils stirred by the astral winds towards the regions of total silence beginning to turn there and waste away amid the dominions of Kronos, prisoner of the Cycle of Eternal Return, this law of gravity that here rules, *Kalpa* after *Kalpa*, *Manvantaras* and *Yugas*. He saw her lose the freshness of *Asgard*, and always asking, wanting to know, with a lighted lamp in her hand.

And He could not resist her. With a portion of himself, he also crossed through the Wound and went down in search of her, so as not to leave her there so alone, accompanying her, because his Honour is called Loyalty and because He cannot go on without her.

And he was *Xristos* in search of *Sophia*, Wisdom, and he was Baldur crucified and he was Wotan who sent there for his son Baldur.

And he hurried through the vast spaces, through demiurgic extension with open arms head down in this Battlefield like the *Ir* Rune, Death, and wielding a sword strongly. Each were seeking the other, pursuing, without drawing together, turning through those enormous empty spaces wanting as well to face the Enemy who had already made them prisoners without their knowing it. They turned with the Swastika of Exodus, that of the loss of Celestial *Asgard*, the First Hyperborea of the Green Thunderbolt.

As we have said, only a part of Him abandoned the pre-Cosmic Egg of the pre-Universe, Green *Asgard*. But this part of Him could not entirely fit down here below because it was too great: He

was Wotan, a God who came from beyond the stars. Because of this Someone, the greater part of Himself, had to remain waiting like on the edge of a Fountain without moving and contemplating his own Drama as if from outside of Himself without being able to intervene like the Paralytic of Eternity, like a Time in Reserve, or like the Ultimate Battalion. The *Einherier*.

And the same happens with the She of SHE-HE, only in reverse. She sees a part of her He fall away as well with the *Ir* Rune, head down and with open arms. She will also go out searching for him, carrying a Lamp in her hand, pure Uncreated Light. Nor does she go out entirely, having left behind the principal part of Herself in the pre-Cosmic Egg. She is Freya. As they descend from the heavens through rarefied spaces they go decreasing their essences, further dividing them, forming regiments, command centers, families, family houses, lineages, which are One, that are they themselves, the same God, the same Baldur, the same Wotan, the same Goddess Freya. Because only thus can they fit in. And in such a way that each time it is more difficult for Him to recognize his her and for Her to recognize her him with the essence of their identity divided and shared among many, so that He could love them all without being unfaithful, since, in each one he finds a portion of his her. And only in the accumulated intensity of One Alone reaching the highest pitch of the soul. He will recognize and reincorporate her.

As we have said: the she that breaks away from HE-SHE lacks ontological reality, being moreover a small part of the total She from the *Yang Egg*. She (the feminine principle within the man) is not strong enough by herself to be empowered in the demiurgic Universe. In SHE-HE the same occurs, only in the opposite way, since the *Yin* predominates. Her eternity can only be rescued, reincorporated in Him. Only thus will it be achieved. And through the initiatory practices of Magic Love, *A-Mor*. It is enough that a single she is saved in He for all the others to be saved with her.

This is one of the highest Mysteries of our cosmogony.

#### THE TWELVE CANONS IN THE ART OF FUGUE

Let us say with Novalis that all men are not equal and that the human form is not enough for a man to be a man. There are many who have this form and are not. The same with women. If He again finds his she and reintegrates her into him, inter-manning her by Magic Love, *A-Mor*, he has returned her eternity to her from within Himself, providing her with an ontological reality that was lacking when she broke away from the Egg of HE-SHE, receding into the distance and falling lower and lower. He rediscovered or found her within himself in the Self, the *Selbst*. And only now, transmuted again into Androgyn, Total-Man, is he prepared to find the Divine Woman outside his own Self, to find She, who in her turn seeks to reintegrate her he after having lost him in the sky of SHE-HE. And they then love one another with the Love without love in the Divine Comedy of *A-MOR* with Two Androgynes, Absolute Man and Woman. And they will be Two Stars, Two Suns, Two *Vimanas*, moving immobile 'beyond the stars.' Two Warriors who have triumphed.

Thus Myth and Legend are understood in an antediluvian Aryan Hyperborean Genesis, unexpurgated, with the history of Eve and Lilith. The latter is the Valkyrie of Lucifer, *Lucibel*, his Mystic Wife, *Enoia*, his *soror misticae*, coming from HE-SHE. Adam and Eve are he and she, in lower-case, animal-men. Lucifer and Lilith (Wotan and Freya) are He and She, in upper-case, *Aesir*, divine *Siddhas* of *Asgard*, *Divyas*. Adam and Eve are man and woman, that portion of positive and negative detached from HE-SHE and SHE-HE without ontological reality, as we sensed.

Lilith is also Medea who delivered the Golden Fleece to Jason and is Repanse de Schoye, Keeper of the *Gral*. Lucifer is Baldur, Wotan, Quetzalcoatl, the Morning Star. A Star not demiurgic.

The *Art of Fugue* is performed in Time which is a 'dimension.' But on entering here the archetypic God-Notes ring a different bell, reversing their sounds as if in a mirror. Obligated to the temporal realization of their essences, they nevertheless attempt the return, turning their steps and compasses backwards towards the past with the help of the gyre of the Leftwards Swastika of Return.

Thus in the Twelve Canons of the *Art of Fugue*, where Bach discreetly introduces his name (his signature and rubric) consisting of four strategic motifs (He, she; She, he; Re, fa; Mi, do: B-A-C-H). Yes, the *Art of Fugue* is made in a mirror and is a cyclical idea, such as the Creed of the Mass in B Minor. It is Infinite Music with neither beginning nor end, conceived, furthermore, not to be performed with material instruments, but with the Mind and to be heard with the Mind. The entire work is a monumental effort of totalization, individuation and the sublime relation of the partition and pursuit of the recovery of lost completeness at the end of a life, a Round and an incarnation of Divinity. With the four free motifs that Bach introduces at the end everything must remain inconclusive here, because it passes through to the other side of the Mirror where things are upside-down and perhaps he goes away forever (and if it were so, then he must begin again in another Round, perhaps by someone else, perhaps by me...) These four motifs should be combined with the principle motif repeated in fugues and canons from the temporal outset. Yet Bach died at this moment leaving us with the inconclusive story of a search and divine war. And the Nostalgia of HE-SHE and SHE-HE with the Universe of Hyperborea, the Green Thunderbolt and the impossibility of recovering them ever again...

## THE MAGIC FLUTE

There is another musician who expresses, better than anything we can express with words, the Drama we are here trying to describe. He is Mozart in the 'Magic Flute.' The ideas of Carl Gustav Jung on Anima and Animus and the theme of *The Steppenwolf* by Hermann Hesse have been drawn from this musical work of Mozart. It has been said the symbolism of *The Magic Flute* might be inspired by Masonic secret clues whose public disclosure would have meant the death of Mozart. Professor Jung and Hermann Hesse also had connections with Freemasonry. In *Damian* the symbolism seems clear. He is a Cainite, a Son of the Widow, of Eve. In a list of Masons, published during my stay in Switzerland, there appeared the name of C. G. Jung. This would explain his contradictions in the analysis he made of the personality of Adolf Hitler and the German soul, including what he called the Aryan 'Collective Unconscious.' Yet I do not see what the theme of *The Magic Flute* can have to do with Freemasonry. Though, yes, that theme has to do, and very much, with Hyperborean tradition and revelation and with the highest Love poetry of the German *Minnesänger*. If Mozart were assassinated by the Freemasons that would have been for his freedom and independence, because he surely rebelled against them and because his work was too great, dangerous, altogether too German.

Mozart marvelously describes the two classes of beings who inhabit this Universe. The semi-divine of heroes, *Viras*, with Pamino and Pamina; and the merely animal, corrupted by the Demiurge, the class of *Sudras*, Papageno and Papagena. In *Steppenwolf* these poles are represented by Harry and Hermine, feminine of Hermann (from Hermann Hesse), his *Animus*. *Animus* and *Anima*, HE-SHE and SHE-HE, already separated and in search of each other.

The divine couple Pamino and Pamina choose a process of totalization, or Orphic individualization, through initiatic tests until achieving the plenitude of a Star, a Sun, directed by a Magus-Maestro by the name *Sarastro*, reminiscent of the Persian Zoroaster and hinting at a type of Aryan initiation neither Masonic nor Jewish.

As we advance through Esoteric Hitlerism we shall explain the symbolism of the Flute of Pamino and the 'Box of Little Bells,' of Papageno.

The divine couple is sterile, the humans Papageno and Papagena mate for reproduction in a new partition and demiurgic prolongation of the species. The divine pair of Pamino and Pamina will give birth to the Alchemic Inner Son, *Rebis, Homunculus*.

Perhaps without knowing it, because Music is Archetypes moving in Time, in effect clothing herself with this ethereal flesh, Mozart, the divine Mozart, giving us in this language a clear transparent eternal revelation: Lucifer and Lilith, Pamino and Pamina; Adam and Eve, Papageno and Papagena. Two incontestable humanities without a bridge between them, two distinct beings even though of the same human form similar in appearance only. Between them a same Archetype shows itself in diametrically opposed ways, with another Meaning. Irreconcilable.

I would dedicate *The Magic Flute* to Novalis.

Just as *The Art of Fugue* by Bach is fulfilled at the 'highest pitch of the soul' on the peaks where the fiery lily of Eternal Love blossoms, *A-Mor*. Mozart brought into Time an archetypal legend that in Eternity can scarcely be contained in the motionless sigh of a statue. Mozart moved that breath and made it glide through Time. And now this music travels through the souls of the blessed and suffers to cross over our minds.

## COMPENDIUM ON EARTH

Over the surface of this world is found an absolute inequality among beings that appear dressed in similar human forms: the very scarce *Divyas* or divine *Siddhas*, almost nonexistent in *Kaliyuga*, the semi-divine *Viras* or heroes and the animal-men, *Sudras*.

We are using a Sanskrit terminology from the Tantrism of Aryan India already familiar to the readers of our works.

The *Divyas* or divine *Siddhas* correspond to the 'He' detached from HE-SHE, unmixed with animal-men, coming in search of their shes, the lost completeness entering into combat with the Demiurge and its robotic hordes of *Sudras* and Jews. The *Viras* are the sons of the *Divyas* who 'fell in love with the daughters of men,' mixing with the women of the earth, and they are 'the angels' who committed the racial sin and mixed their pre-astral fiery blood that was from Hyperborea, the Green Thunderbolt. They are the Heroes of long-ago times.

What happens to Woman is similar. Lilith is the Divine Woman and Eve the earthly woman. The Valkyrie Lilith corresponds to the She□ detached from SHE-HE to go in search of her he, from the lost totality. But □She□ does not mix with animal-man, with earthly men, remaining here for a short time and only as a priestess of magic *A-Mor*, like a Tantric virgin *Yogini*. [Magic virginity is only lost on giving birth to a son of the flesh.] She is the Woman-Guru. And she is also a heroine for having descended so low here, to help the *Vira* in his combat.

The Hero, as we have said, searches for his wife in all women until he becomes convinced he will only wed her within, internalized. No doubt the ideal of this Combat is the sacred chastity of the warrior, outer and profane marriage being a dangerous error for the initiate-magus. When the *Vira* finds his 'She' from SHE-HE, she who was the *A-Mada* of HE-SHE, in the Sky of the Green Thunderbolt, and that in this Round of Eternal Return will appear as his Valkyrie, his Allouine, his Medea, will ignite his soul, able to end his wanderings since he has found a Face for his *anima*, his she. This will be the Full Noontide of Eternal Return and Revelation.

There is a recondite Mystery we shall also attempt to uncover with these words referring to the eternal feminine of SHE-HE, representing in this part of Herself what became detached and embodied in demiurgic worlds, here on Earth. SHE-HE broke open his pre-Cosmic Egg by solidarity with HE-SHE, in the loyalty and honour of comrades with her Eternal *A-Mor*. And She must go in search of him.

But the essence of the Feminine must be supremely expressed in the renunciation she makes of

her Eternity. On finding her He in the Rounds of Eternal Return, She delivers her Eternity to him, leaving the miracle of her own Resurrection in his hands, giving him her divine energy so that He might continue in Combat, offering him her Immortality so He gains and overcomes it. Then in his triumph She will also have conquered. Thus She almost always dies in this world in order to continue accompanying him from *Valhalla*, for 'to love him more being dead,' according to Shelley, such that She will be the one fighting through him. Over there she awaits you! And He must respond to this gesture of divine solidarity, immortalizing her with his Triumph, giving the Face of the *A-Mada* to his interiorized she, wedded to his soul to transfigure her into Absolute-Woman, at the same time that He rescues her completeness in a conscious way, transmuting himself into Absolute-Man.

In this Mystery the supreme femininity of SHE-HE is embodied along with the absolute masculinity of HE-SHE. The Absolute Woman and Man.

In the pre-Cosmic separation and their reunion on earth, in the eternal and finite, there is never more than one She for a He. One *A-Mada* alone. The Hero who finds her here must remain counted faithful to her even beyond the universes and stars.

## THE IMPRISONED GODS

The ancients did well to represent the Gods in human form as an Archetype recurring in all the Universes. The same stars are a gigantic man, clothed in demiurgic matter, imprisoned in this Nature and repeating himself although decreasing in size. We do not see the inhabitants of those worlds because our eyes made only to perceive our terrestrial space and time do not catch their matter. The sky has the form of a man, □ said Swedenborg. Everything would be as in those Persian, Indian and Chinese miniatures where there are inside men and animals other even smaller beings and other animals. Such that we ourselves, within, or on the surface of a star, would be like cells of a giant's body, an imprisoned God who can only free himself with our efforts and our victory over the Great Jailer. Victory that often inhibits that same God.

Because this entire Universe of visible material stars, fire, ice and combustion, is the land of the Demiurge, the prison in which the Gods are bound and enslaved. This aberrant similitude has been superimposed over the pre-existence of another Divine Nature and extends itself towards the worlds of the immortals, winning battle after battle until everything would be destroyed by its own mechanical action at the end of a *Kalpa* when its finite energy has been exhausted, having to recommence an identical history thanks to the eternity of an imprisoned God, Time-Kronos-Saturn. Thus the Gods themselves enable the survival of their executioner, giving over to him the energy that allows his Will to Power to reform and begin everything all over again in the Eternal Return of the Same. The Demiurge receives his 'food' that prolongs his Cosmic Vampire existence. He keeps the Gods imprisoned within the hypnotic cycle of his diabolical Will.

But there exist other Archetypes and *Aions*: The *Pleroma* and entities like Maitreya in Theosophy and the Christ Jew of the Christianity of Rome, both of them willing agents in the service of the Demiurge. Such is the Force of Gravity (as opposed to Plasmic shaping), with its hypothetical gravity waves and, of course, Time and Space.

The mechanistic science of today, rationalist technique, called 'objective' (concerning the object), the materialist mechanics of metals and chemicals only conceive the visible Universe, until now materially uninhabited except by arithmetic numbers, without understanding that everything rationalized as dimension, force and energy are intelligent beings also with human form though not visible to the eyes of flesh. Mountains, rivers, seas, trees are sensible entities, intelligent, archetypal and invisible to most. But the *Divyas* and *Viras* of Pre-History knew them, able to keep in communication with those beings. Their science was Geomancy.

Yet not all the Gods have been defeated by demiurgic hypnosis. It is correct to say: Some of

them have entered into a voluntary collaboration, being cleverly convinced they could participate in the falsification of the Demiurge, thinking to direct it towards a better end. Perhaps they tried to prevent the great catastrophes, *Ragnarök*, *Götterdämerung*, the Twilight of the Gods. And they have too late come to know they are impotent prisoners in the nets of their captor and corrupter. One of these Neutral Gods will have been Kronos-Saturn, Time, bound to spin in an Eternal Round, the Eternal Return.

The Drama of these Gods extends to the Neutral Angels of Wolfram von Eschenbach in his *Parzival*. And goes further with the White Traitors, those *Divyas* who have also been made to collaborate with the *Golem Yahweh*, believing in the goodness of his plans and thinking they would be able to participate and even change his laws. Like the sleeping or terrorized *Viras* who have been led to betray their lineage of divine origin and their Hyperborean blood, placing themselves in the service of the agents of the Demiurge on earth.

They are already no longer Heroes.

#### ETERNAL RETURN, REINCARNATION

What object would the demiurgic corruption have, better known as 'the Creation'? Apparently only one: to feed its 'creator.' Everything devours itself: stars, galaxies, animals, and plants. In the end the Demiurge himself is the one who eats his creation, the cannibal, on completing a *Kalpa* in the *Götterdämerung*. He eats even the Gods, already entered into Time. Therefore Germanic mythology shows the Demiurge as a Wolf that swallows everything in his dark jaws. The Fenrir Wolf.

This Wolf, after the Twilight of Universal Energy, must definitively die as well for lack of food, except for the Gods made prisoners who are immortal and remake themselves after a dream of eternity. And because 'Eternity is Time in reserve.' Eggs, Gods, *Purushas* still undivided and not imprisoned. The Demiurge-Wolf knows it and that is why he extends, while he can, his corruption that men call 'Creation.'

The prisoner God, making possible the beginning of everything over again, is Kronos-Saturn, in endless repetition of the same due to the limited energy (limited creative imagination) of the Demiurge, who never creates from Nothing and only badly copies and corrupts a pre-existent Creation invisible to him as it is to the humans. He has petrified Creation with his superimposed plagiarism, with the evolutionary gravitational explosion. Here we have the causes of Eternal Return and its unalterable laws.

In the Circle of Eternal Return the Gods have fallen prisoners, to serve as food for the Vampire-Wolf, deceived Gods and Neutral Angels. And this is where the Warriors of Celestial *Asgard* have arrived, from the Pre-Cosmic Hyperborea of the Green Thunderbolt, dividing their primordial Eggs, renouncing their completeness to be able to fight in the world of the pairs of opposites, in the dimension of Time. They immerse themselves in the Circle of Eternal Return to be able to unleash there a combat in which they wager their eternity, their immortality and the recovery of their 'she,' their completeness.

The step (leap) from one existence to another is equivalent to entry into another state of consciousness, a change in mental status. And this is instantaneous. Seen from here, from this space-time, from the slowest energy, in the belly of Kronos, the event must be seen as the appearance of a UFO, from immeasurable distances. Perhaps Werner von Braun said the 'Flying Saucers' come from the most distant galaxies of this Universe for this reason.

Subject and prisoner of the Eternal Return, already mixed with the 'daughters of the earth,' losing the strength and power to get out by the same door as when he entered, the hero, *Vira* must turn within this Circle, forced into births, deaths and returns like beings without divine origin. It is a law of the Eternal Return, due to the limited demiurgic energy, that each new Round offers fewer possibilities of triumph and liberation. Less energy and a shorter life. From the Golden Age, from

the *Satya-Yuga* to *Kaliyuga*, the Iron Age. And yet to come must be the Age of Lead, total enslavement, the Fourth, or Fifth State, without possibility of salvation for anyone. Nor of reunions. [The magic 'Pocket' of the 'Hero Yuga' will only be possible in the most critical moment of *Kaliyuga*, like a briefest mirage of the return of a Golden Age: the Hitlerian Third Reich.]

Nietzsche referred to the Eternal Return as a mechanical consequence of this Universe. But he also spoke of a Full Noontide of Revelation, together with the Rock of Zarathustra on the Mountain, where he received the instant experience of the Eternal Return of the Same. And Nietzsche intuited the possibility of something never dreamed of by the greatest utopians and of Universes not governed by laws of mechanics, perhaps by no law... He never came to tell us more, since he went mad, blinded by the beams of one of his Gods in the service of the Demiurge who trembled before the immense danger of his Revelation. And of he who could deepen it.

But Adolf Hitler continued what Nietzsche had left unfinished. And so Esoteric Hitlerism shows us the way out for the Hero in combat with sword in hand exactly in the moment of the Revelation of Full Noontide when the Three Paths of Zarathustra appeared (*Ida, Sushumna, Pingala?*) next to the Rock (*lapis?*) of Revelation. Because on experiencing the Eternal Return one must attempt everything once and for all with the power of Will, since never again in the successive Rounds will an opportunity like this again present itself with equal intensity of consciousness and because the Revelation has been made possible by a bi-location of space and time, or perhaps by an unexpected assist sent to us by the imprisoned God Kronos, the Divine Analogue, informing, running backwards in a simultaneous blink of an eye, taking advantage of some careless oversight of the Demiurge's own insane pride, sure of having already won everything.

Kronos knew He would also be freed by our triumph like Prometheus by Hercules on the Rock of the Caucasus.

For Nietzsche, as for Buddha, it is not necessary for people to have souls to be able to return to this world after a time in death, owing to the mechanical repetition of Eternal Return. The original Buddhism of the *Shashtriya* warrior, Gautama, Prince of North India, who came to be the Buddha, one of the *avatars* of the Aryan Nordic-Polar, white and blond God Vishnu (Buddha is a category, a principle, like Kristos, or *Cinche* among the Araucanians), his experience had a greater similarity with the Nietzschean Eternal Return than with the metempsychosis and reincarnation of Dravidic India, for the dark-skinned.

As the Eternal Return is a Circle that rotates within Time, perhaps like in one of those Tibetan paintings where within the belly of a demon the 'Wheel of Life,' the repetitions, or returns must refer more to substance than to form, which could change through the different stages of Return, or what we have called Rounds. The argument would be the same (return of the same), with the costume changing. A same Circle could narrow through *Kalpas, Manvantaras* and *Yugas*, or a descending Spiral. Thus there would be room for reincarnation in the Eternal Return, in distinct bodies or clothes, even when the history would be the same in its meaning, its theme and its invariable development. Only the corporal form, that like a garment would change its epoch, its surroundings, but not the spirit of these forms, the Meaning. So I would have lived the same Archetypal History of a reunion and death of the *A-Mada*, there, among the ice that destroyed Hyperborea, in the Nordic forests of patriarchal holm oaks, in Cyclopean cities, now the Gobi Desert, in Himalayan snows, in Atlantis, Lemuria, Tiahuanacu, the most ancient Egypt, in Greece, the European Middle Ages and also on the slopes of the Andes, in the vicinity of the ice-fields of Antarctica. But only now, repeating History, has my self been aware of its experience, reaching up to the revelation of Eternal Return. And I know in this Full Noontide I must judge myself all in an instant, taking advantage of a bi-link of the God Kronos.

The storyline of History is archetypal. Already experienced and suffered in another Round by 'someone' who also felt himself 'I' as I feel myself today; the difference of form, if there were one, in truth does not matter, since I have become conscious of an Eternal Motif through myself. And the Archetype, being one and indivisible, though dividing itself into several, makes the self

incarnated in the time of another Round be 'T' myself, in the Self, the *Selbst*, in the Eternity of the Archetype, now become conscious, now attained, touched. And thus as reincarnated inside the Eternal Return a fixed number of times, also with archetypal numbers, given to me and that correspond to my Noontide and are my Tuning Fork. Within them is given me to conquer or disappear. Within them I play Resurrection and Immortality. These fixed reincarnations by my Numbers are my Family House, my Lineage, which has now reached its Full Noontide in the Nietzschean Revelation on the Rock of Zarathustra. And if I do not go forth in a 'sigh of Time,' by the blinking of Kronos, reaching something never dreamt of, then it is possible but not certain that the Archetype would return to incarnate once more in the same Self, 'possessing it' in the immensity of another *Kalpa*, another *Manvantara* or another *Yuga*. But with less force.

We penetrate into the essence of this Mystery: what reincarnates and returns is not a 'self,' but a HE (that in triumph will be WE), he is an Archetype, a Myth, a Legend, an Archetypal History. And in the experience of this Mythic History, the self that suffers it and incarnates it comes to feel as if it were he who returns, participating in his eternity. And in that way Nietzsche, in a moment of supreme lucidity, before entering into his Night (blinded lightening-struck by surprised Kronos-Saturn), declared himself Dionysus, Caesar, Christos (Kristos-Baldur) and 'the Crucified.' He knew he had been all of them. And he still was them.

Just as I will have been Orpheus in search of Eurydice and Dante, looking for his Beatrice and Hölderlin after Diotima, desperately trying to resurrect Allouine.

#### HORDES OF THE DEMIURGE

The armies of the Demiurge, his legions, are gathered among angels who were 'neutral,' like the Gods deceived by the Demiurge. They remain on planes that are not terrestrial, without incarnating on earth. Under an evil spell they are mesmerized like the prisoners in the Castle of Klingsor, in *Schastel Marveille*. The same happens with the 'White Traitors,' Aryans, *Viras*, that here on earth have gone into the service of the Enemy, helping them destroy those of their own same lineage. The Demiurge has possessed them, injecting another being into their Aryan bodies, a strange substance, by means of an idea-variation or mental penetration, taking advantage at present of the psychotronics of *Kaliyuga*, sending them an assassin viper that sucks the power from their divine blood.

Against these demiurgic hordes the Hero must fight. He must also fight against the beings the Demiurge creates, the genetic robots and 'psychic replicas' of Jehovah.

**ON GERDA**

## PLASMIC METAMORPHOSIS

*“Must all men be men? It may well be that there are beings with human appearance yet completely different from men.”*

Novalis

GERDA is the name the ancient Germans called the solid supportive star we now call Earth. A Goddess, a feminine *Aion*, caught in the nets like *Pistis Sophia*. Within the spherical form we attribute to her there must be the body of a somber suffering giant, a feminine giant. We have become her cells, shaped into identical parts, in 'her image and likeness,' held by her gravity. Moreover, from here we proceed no further! We are also her prisoners.

History takes millions of years repeating herself, and is very far away. It is the history of Gods entering into combat and being defeated. Voluntarily defeated.

Coming from the far distance of the Orphic Egg, from the Pre-Cosmogonic Eros on the other side of the demiurgic Universe of imprisoned stars, they will enter like disks of cold light, uncreated, through those Black Holes, composed of Plasmic Shape and absolute silence where no light from here can break through or endure. They are UFOs, a *Vimana*, a 'Chariot of Fire,' something round, revolving, or made to rotate by demiurgic gravitational waves.

With a strategic plan, the Divinities have spread through the Cosmos residing in different stars in the firmament, until reaching *Gerda*. But, though this must be understood from space-time as an entrance from incommensurable distances, everything would be like shift in mental state, instantaneous, the transfer from one plane to another, from one universe of the Mind to another. And of Energy as well, such that the Cathar idea of distinct heavens, some more subtle than others, and their claim that 'from the Fifth Heaven downwards confusion reigns, through demiurgic admixture,' would be truthful.

Esoteric Hitlerism considers each 'Chariot of Fire,' *Vimana* or Disk of Light entering this atmosphere is a HE detached from HE-SHE in search of his she, or a She detached from SHE-HE in search of her he. He is a God, Wotan, Baldur, Freya.

But 'That' which fell from the Orphic Egg cannot enter here whole, since it would not fit, despite having left the greater part of himself in the original Egg. So he must again be divided, it being appropriate to say that each sphere, each Fighter Chariot, each *Vimana*, brings within a crew comprising *Einherieren* warriors from *Valhalla*, or the Green Thunderbolt. A Company, a Headquarters Command, a Platoon. A Family House. And their entry to fight in this world equals the Mystery of the Incarnation, or Plasmic Metamorphosis of the Archetype in the ever less subtilized matter of the Demiurge.

As the UFO or the *Vimana* goes through different levels of the condensation of Energy, clad with it, until becoming visible on *Gerda*, so that we could say it gradually forms its substance while entering in and going out. The number of the division of the Archetype in the interior of the Sphere, its 'crew,' will also be conditioned by the density of the matter it crosses, or inhabits momentarily, by the vibration of its energy. Subsequently the components of the crew, their bodies, must acquire the consistency of the medium by which they transit, outwardly and inwardly, being the various bodies possessed by one body, about which some doctrines tell us: spirit, soul, matter. Basically there is no more than one body acquiring different consistencies, from the seed atom, from an invariable genetic root as we would now say. Bodies of the body necessary to enter into and especially to go out from. Bodies that have atrophied until disappearing as potential, until losing their capacity to exit.

The strategy for the invasion of the demiurgic world by the divine *Divyas* is achieved as the 'Eucharistic Mystery' so to speak. The *Divya-God* divides. He enters here as a Disk of Light, as a Circle (whose circumference is everywhere and center nowhere). And he is Wotan, come from

the City of *Asgard*, built (in a perennial transparent fading in and out) in any of the more subtle planes of plasmic metamorphosis, in any of the heavens beneath the Fifth (any sky could be my sky), in *Valhalla* where other laws rule and another Time-*Aion* reigns, but within the Empire of the Demiurge, always in its domain.

Abandoning the plane of the Spirit of Eternity, the Gods go out from the Pre-Cosmic Egg and reach the state of corrupt matter in the camp of the Enemy, also building his cities, his barracks, his castles with the same matter, energy and time they find there in the vast expanse of stars, the Houses of the Zodiac. Hence the *Asgard* of Leo will be different from that of Aries and Pisces and Celestial Hyperborea from the Polar Hyperborea on *Gerda*. Even when the model, the prototype of the City of *Asgard*, *Agartha*, *Shambalah*, the City of the Caesars, is always built on nostalgia and the memory of the ancestral dwelling in the Green Thunderbolt. The consistency of the metamorphic shaping of the City, just like the body of the *Divyas* and the matter that makes up the Chariot or Vehicle of the Gods will correspond to the substance and vibration of the energy of the world they go through, thereby becoming visible for an instant in the organ of perception in the minds of the beings that inhabit it.

So we understand the statement that 'the Flying Saucers - UFOs, are angels...' They enter, are seen for an instant and then disappear. They have 'integrated,' but they must leave fast before they crystallize and lose the ability to 'disintegrate.' The power of *Odil*, *Hvareno*, the Science of Implosion, the ability to return to the Center ('that is nowhere.')

The Mystery of *Odinic* Incarnation is not fundamentally distinct from the Incarnation of Esoteric Christianity, the 'Eucharistic Mystery' of the Mass, or *Messe*, which means sowing, harvesting. The grains are scattered over the land of the Demiurge (one grain of wheat is exactly like another? In its essence? And the ears, are they the same as the grain?) and the armies spread out in a predetermined plan of attack by the warriors of *Asgard*, by their Commander-in-Chief, the 'Lord of Hosts,' Wotan, also a poet. His War is Lightning, a *Blitzkrieg* (as with the *Führer*) won or lost like the lightning bolt. Because Wotan is also the wind, the hurricane. And his horse Sleipnir, eight-legged, gallops with only four in this world. The others are for Eternity.

When the UFO comes down here they open their doors and the warriors come out like a hurricane. Each one of those *Einherier* is equal to Wotan, is He, even though he is called Baldur, Thor, Siegfried, Tristan or Parzival. Each one will live an archetypal history that only transubstantiates in Wotan. And he is like the Eucharistic Host, also round as the *Vimana*, the UFO, like the War Chariot of the Lord of Hosts, radiant light and when dividing, in each of its parts containing the Whole God.

#### DEFEAT: AESIR AND VANIR

*Mitgard* is the Garden where the Blessed live, the *Siddhas*, a little further out, in, or before, in the demiurgic respiration, in the Golden Age, solar. Perhaps in the Sun. There the *Wanengötter*, the divine *Vanir*, are the 'Masters of Discipline' of their hosts, their battalions. In the *Bannwald*, 'Forest of Exile.' They are like the Spartans in Sparta, in the 'Garden of Discipline.' But they are the *Asengötter*, the *Aesir* Gods, who coming from the City of *Asgard* have given a soul to human forms corrupted by the Demiurge, 'robotistic.' They are those who 'fell in love with the daughters of men.'

At the North Pole, at a time when the earth's Axis, the Column of *Gerda*, *ER*, *IR*, was right, pointing straight at the Pole Star, and had no seasons but a stable climate, and the Houses of the Zodiac had no influence over *Gerda* nor over the Gods who visited her, because there was no precession of the equinoxes; then the Continent of Hyperborea was located at the North Pole, in the place where now reigns the ice of death. Eternally green, Greenland, Green Earth. *Vanir* and

*Aesir* lived there.

We have seen that the strategy of the Demiurge and his War could begin with an Explosion (the famous *Big Bang* of Jewish science) that divided a pre-existent Totality in an invisible Universe, with another Light. On that partition the Demiurge has imposed his plagiary and falsification, making the stars of this Cosmos appear, visible to the eyes of flesh, those ever more numerous galaxies and worlds, because the Demiurge spread his plagiary at the expense of the Universes from Nothing, from Spirit, pure Inexistence, once dressed with Circular matter 'whose circumference is everywhere and center nowhere...' That is how the 'prisoner's uniform' was made, in his Concentration Camp, for all those he enslaved and corrupted. The gravitational waves are his chains, the shackles of the Demiurge.

And getting more extended if we allow. Because everything is creation, invention of the Will. Representations of the Will, in this case the Will of the Demiurge. Will to Power, Potential, *Wille zur Macht*.

To gravity we must oppose Metamorphic Plasmic Shaping. To Explosion, Implosion. Explosion assumes a finite limited Universe destroying itself with the depletion of expansive energy and that repeats eternally, within the Eternal Return, in the expiration and inspiration of the Demiurge-Brahma, the One, because of the immortality of the imprisoned Gods as we have said. Shaping, to the contrary, is there immobile as Plasma and filaments of Plasma within or beyond the implosive Black Holes, their magnetic fields, in an anti-Universes, necessarily infinite, without beginning or end, inexistent like Nothing. Its Time is other, in reserve, very like Eternity. If this should in some way come to express itself it would be as electromagnetic waves that do not derive from their essence, but as a reaction to contact with the gravity waves caused by the Demiurge. And both, together in their shock and combat would change matter, becoming the warped plagiarized Universe we are given to sense here. Nor is gravity the product of the Demiurge, but like a 'bleeding' of the Gods, like a pain on being imprisoned in the trap of corrupted matter. Gravity is the pain of the Gods. Hence Jewish science wants to extend it to every Universe. But the Gods are a Shape (in other words, they have reshaped themselves here); the Sun is itself a Shape. And Plasmic Shape is not a gas, nor a liquid, nor a solid, even though it 'embodies' itself in them and in the form of stars and the human. It is the fourth state of matter, according to what is believed. And there will be a fifth and more. The Solar Wind is a Plasmic Shape. Saturn-Kronos is surrounded by Rings of Plasmic Shape. They shall one day take him out of his prison.

Each star of the firmament is a God divided by the demiurgic explosion and imprisoned. Now serving as slaves of the Demiurge, awaiting the ultimate day of *Ragnarök* when the Great Fenrir Wolf will devour them. But beneath each star, in the untouched center, there is a God in pain awaiting his resurrection, his transfiguration, as in each rock, each plant, each animal. We have said if the demiurgic Universe should come to again recreate itself in a new *Kalpa*, in a new Expiration of Brahma, in the Round of Eternal Return, that must be because the Gods have given their Spiritual energy to that Dark Vampire. But on the day all the Gods are liberated and redeemed by the combat of the Heroes the Demiurge will disappear forever, touched by his own destruction in the *Big Crunch* of this own mechanical inspiration, inevitable, devoured by his hunger or rather suctioned away by the Divine Implosion, by that magnetic field where his pure illusion is actualized.

## DEFEAT: VANIR AND AESIR

Here we approach the climactic and decisive point of the Drama that will change the event within Space-Time and the Reserves of Eternity. The divine warriors, *Siddhas*, *Divyas*, who after the first explosion have divided their Spheres voluntarily, taking advantage of the 'chain

reaction,' that 'lever' or 'external foothold,' so to speak, have entered the combat within the Universes of the Demiurge attempting to liberate the first *Aions*-Gods that fell prisoner, some He in search of their 'She,' some She in search of their 'He.' They also attempt to awaken the Neutral Gods, thinking to destroy or erase the 'Copy' the Great Falsifier has superimposed on the Shape or Fabric of the Universe.

The *Vanir* and *Aesir* attempted all this from their City of *Asgard*, *Agartha*, with its capital *Shamballa*, also called *Thule*, in a Polar Hyperborea only half materialized in the North Pole in the Golden Age, the *Satyayuga* ruled by *Sat-Ur-No* and *Re-A*.

The divine inhabitants of Polar Hyperborea were the detached He and She of HE-SHE and SHE-HE, not taken prisoners, inhabiting other earlier Hyperboreas of the firmament, materials even more subtle, at times in proximity to the Black Sun, the Green Thunderbolt or on Venus, the Morning Star. In fact, they remained here little so as not to lose the ability to translate from world to world between different mental planes of existence. They entered and went away, making use of the *Odinic* Organ, *Urna*, *Hvareno*. They visited the imprisoned God-Stars, inhabited by divine spirits trapped by the Demiurge with distinct consistency and vibration: 'he' and 'she,' animals, plants, rocks, fire, water, air, recurrent archetypal figures. These stars also sometimes had other more subtle consistencies, because they were also HE-SHE and SHE-HE. To free them would mean to be able to restore their ability to disintegrate, sublilize their matter, thereby recovering an 'etheric body,' 'astral,' 'mental.' To 'go out into the astral' once again, something the *Vanir* and *Aesir* often did to return to *Valhalla*, to *Asgard*.

The *Vanir* and *Aesir*, even though blessed, tempered their weapons in the 'Forest of Exile,' the *Bannwald*, wrapped in the dim light or half-light of nostalgia for the Lost Home, the primordial completeness that like a distant music came to them from beyond the stars. Through vast spaces they sought the other part of their totality in the Rounds of Eternal Return, knowing that other part would grant them the victory in the Great War. The males were Warrior-Gods. The females were Priestesses, the *Aesina* and *Vanina* who kept the Fire in Hyperborea, the Lamps of Cold Light.

The fifth-born in a Family House, in *Aryanabaiji*, the Aryan Brotherhood of *Thule*, would have the ability to represent the vision of Origin, the Orphic Egg and to initiate into Magic *A-Mor*, able to resurrect the Heroes already fallen. They possessed the feminine Force called *Aropa*, counterpart to the masculine *Bundi*. Golden liquor of the sex of the Virgin-Priestess, *Aesina*, *Vanina*. Mixed with *Bundi* this would be able to disintegrate the dense matter of Imprisoned Stars, to defeat the Demiurge.

When they needed to produce new warriors to invade the innumerable worlds of the Demiurge, the *Divyas* created other bodies by means of a mental parthenogenesis as when Zeus gave life to *Athena*, throwing her out from his own head, in his full age and dressed as a warrior.

Almost all the stars, especially those furthest from the first Explosion and that did not emit their own light, were hollow and inhabited in their interior by beings that lived histories parallel to the surface inhabitants, though upside down. Within they won the battles lost here, going towards the past rather than the future, revolving in opposite direction. In the vast Empire of the Demiurge, the One, governed by *Aion*-Slaves, Time is not the same, running at different speeds because its space is more or less heavy, the chains of gravity weighing differently. The people in Polar Hyperborea did not die, but only changed states. And when they lost the ability to go out and transit, stripped of *Urna*, *Hvareno*, *Odil*, when *Bundi* went outwards, already not integrated with *Aropa*, and thereby procreated the Son of Flesh, the Hyperboreans still lived a thousand years. That was in the *Satyayuga*.

It was with the defeat of the *Aesir* that Death crashed down like a hurricane on the immortals.

## RACIAL SIN

Death is the oven that cooks the Demiurge's food. Material dissolves into material, energy revolves, transforms, and from pain there rises thick vapors that strengthen him. His greatest joy is extracted from suffering.

Moreover organic death, provoked by the Demiurge, is also the falsification and corruption of an extra-celestial Archetype (the partition of the Orphic Egg, the Cosmogonic Eros?) reproduced in the initiation of Heroes in Mystic Magic Death, when the Aryan has been given to discover the Path of Resurrection and Wotan crucified on the *Iggdrasil* Tree of Terror has rediscovered the Runes.

But let us not get ahead of ourselves. We are still in *Paradesha*, the High Polar Region, next to the Mount of Revelation. *Aesir* and *Vanir* constantly travel to other stars of the firmament, making themselves their own Vehicles, their *Vimanas*, disintegrating and remaking their material forms, sublizing or densifying them. Fossil bones from those distant times have not been found since the bones do not even exist in animal-men, much less in the 'angels,' both of semi-vaporous consistency. The great flaw of demiurgic 'manufacture' is reflected in the economy that has put the reproductive organs confusedly mixed with those for the evacuation of bodily wastes. The same mouth that kisses, eats.

The original blood of the *Divyas* was igneous, enveloped in that same blue colour that releases the flame. Thus the colour of the body and blood of the Hyperborean was blue like Krishna and Shiva. That is how they were seen here. Their hair was almost white gilded with gold like filaments of silk or wool. The locks of the *Aesir* and *Vanir* floated in the winds for millennia under the holm oaks of Hyperborea.

Blood was the most precious, a river of cold fire, Frozen Light. It was the Royal Way still preserved in the connection of He and She with the *Monad*, with what still remained of the Primordial Egg, HE-SHE and SHE-HE, with Someone who remained waiting as on the edge of an overflowing Fountain (*fons perennis*.) The blood was the Golden Band that upheld the union with the Unutterable, Nostalgia, the Voice, Memory of Eternity. Blood was the Memory of the Race of Immortals, the Gods. While that blood was kept pure.

And behold the *Aesir* mixed their blood.

□ □ □ □

Old texts, the *Book of Enoch*, tell us about the fall of the angels, the infatuation of the *Nephilim* with the daughters of men. Like most of the documents they have been pillaged and this makes us think there has also been dilution in them. What does 'daughters of men' mean? And what is man? How and when did they appear? No doubt, he must also be a plagiary of the Demiurge, never a creation, since the Demiurge is incapable of creating. Where did he find the original for plagiary? We think: What happened to 'he' and 'she' once they left the pre-Cosmogonic Egg, when the demiurgic explosion had reached them? Neither this 'he' nor this 'she' have ontological reality once separated from their original center. It was easy for the Demiurge to imprison them 'vampirically' and produce the involution of the monkey, the great hominids, Neanderthal Man, the anthropoids, the animals that are a degenerate corruption and subdivision of the 'he' and 'she,' counterfeit and copied. Thus Humanity would be 'he' and 'she' corrupted by the Demiurge, imprisoned, become mortal. Here we have Adam and Eve. Adam the 'red man' made in the image of Lucifer, yet become the corruption of Odin, without the incorruptible matter of true Red *Vajra* (product of the *Rubedo* of Tantric Alchemy), hard like rubies. Eve, corruption of Lilith-Freya. They are animal-men, 'robot' machines of the Demiurge, his food.

But that 'human woman,' 'daughter of men' and earth, preserves something of her primordial beauty in a certain irresistible magnetism able to 'infatuate the angels,' an abyssal feminine substance. Due to death the Demiurge had to endow the physical organs of reproduction, enabling him to multiply his food, and making them able to mix the intense pleasure of orgasm with the

pain and blood of birth. In this way the Demiurge prevented death from making his 'fuel' disappear. With birth he required other 'he' and 'she' couples to incarnate, imprisoning them in his veils. The Demiurge found the energy able to create new bodies and give new lives in that igneous blood that 'he' and 'she' still had, magic fire detached from the Pre-Cosmogonic Eros, power that is called *Kundalini* in Sanskrit and is a Serpent of fire with plumes of fire, the Serpent of Paradise and Hyperborea, a smallest part of which is expressed in sexual energy and more in the *Odil* Force with which Zeus created Athena. Corrupted by the Demiurge, it is able to give birth to new bodies like a trap to imprison the nomad 'he' and 'she' in his matter.

What made the *Aesir* 'fall in love' with the daughters of men, falling into the snares of reproduction? Legend tells us that a Golden Band of gold or silver separated Hyperborea from the other continents of this world. Beyond those limits lived the 'daughters of men.' One day the *Aesir* saw them and could not resist the temptation of loving them. It must also have been the Demiurge who gave the *Aesir* organs of physical reproduction in their bodies, which they had lacked. Does that imply a pact with the Demiurge? Or was this an accepted risk since death went with it along with the loss of immortality? Immense risk, but that could offer something in return never dreamed of not even by the greatest utopians...?

Neither would it have been difficult for the divine *Aesir* to cause organs of physical reproduction to appear in their bodies by means of the power of *Odil*, separated at first from any other biological function until their demiurgic corruption. The Myth reveals the divine ones did not think to make use of sex in a permanent way. Zeus, the *Ziso* of the Germans, created a son of flesh, Hephaestus-Vulcan, born ugly and deformed. For that he threw him to the center of the earth and no longer procreated in that way. He will give birth to Athena from his head, as we have said.

Almost forty years ago we told in *Neither by sea nor land* the fall of the divine *Aesir*: 'Seeing her laying down on the first surviving Mountain, Mount Cassuati, where five men were saved from the Flood, he discovered reflections of the sky. His world was also within that form, but harder, thicker, more filled with pain. And the Angel fell...What great fall had taken place in the Universe? It seemed as if the earth is a heap of slag, that our world is such...Fall, first, involution...The Angel fell in love with man...the sin was the union of the Gods with animal-man...'

Forty years ago the same idea, almost identical words. I came back from Antarctica, where the *Avatar* had revealed Esoteric Hitlerism to me.

The Demiurge creates nothing. Then where did he take his ability to make new beings appear by 'insemination?' Well, artificial procreation is what the Demiurge accomplished by human sexuality. Also copy, plagiarism and corruption of the parthenogenesis of the Gods. Only Explosion belongs to the Demiurge, division, as reversal of Implosion, divine self-absorption. Partition, destruction of Totality. We have noted his Explosion has also come to be a lever or springboard to go out through the wound or open window in the Primordial Egg, looking for a 'quantity' that can escape through there.

But the Egg is not broken, only thins its walls so as to make filtering through or escaping out possible for 'he' and 'she.' And, then, for He and She. This apparent open wound that will never heal even when the Egg continues to exist as *Monad*, as *Purusha*, as Ancestral *Monad*. Thus, as well, demiurgic physical procreation is plagiarized from this prototype. A seminal 'explosion' reaches an egg that has escaped from the ovary through its thinned walls. A cell has filtered through that is predestined to imprison a 'he' or 'she' on earth.

What is semen? The blood of the Gods sucked by the Demiurge and converted into thick substance of white light with the help of an imprisoned Aion, Surya, the Sun of Gold. Semen is the *Odal* Rune transubstantiated, pale Blue Fire, the theft of the *Gral*, the annihilation of *Kundalini*, weakening and death of the Serpent of Paradise, the Serpent of Quetzalcoatl. Semen is the Power of the Gods thrown into a cesspool. Another way in which the Demiurge drinks the

blood of the Gods, destroying their Power and Creative Will. Therefore the Tantric initiation of Aryan India forbids the ejaculation of semen by its adepts, as a loss of alchemical Gold, the *aurum potabile*.

So great must the shock have been of the fall of the *Aesir* from *Asgard*, and from *Paradesha* and Hyperborea, that the *Vanir* could not resist punishing the violators of the Sacred Racial Law of the Divine Ones. All surviving texts from the remotest past tell us about an Immense War taking place in the heavens (from the fifth downwards?). The Angel Gabriel fought against Lucifer (who in truth was Michael, patron of the Germans). And Lucifer was exiled to the North Pole, where he fell head first with arms open and extended like the *Ir* Rune, or Death Rune (Mystic Death). Esoteric Hitlerism should always revise the symbolism of this sacred Cosmic History, since it has been adulterated by Judeo-christianity.

Through this Law of Solidarity, or 'synchronism,' the interior catastrophe of the Race of Immortals will be followed by another exterior one in Nature and the Cosmos. Then there is the tilting of earth's Axis and reversal of the poles, so that the North Pole becomes the South Pole in Antarctica (this is where Lucifer is now) freezing the Continent of Hyperborea and leaving the entrances to the Hollow Earth in both polar regions closed, which were previously permanently open, linking inside to outside by a stairway or beam of light ('inside' and 'outside' are merely words). The Stairway of Light was the *Sieg* Rune. Now these entrances only open during the summer seasons or during Spring Equinox together with the 'Ozone Window' at the South Pole and North Pole.

Polar Hyperborea disappeared, covered by ice. *Gerda* is left imprisoned by the round of the Zodiac constellations, by the law of gravity and the procession of the equinoxes that in turn caused the continents to slip because of the shift in the stability of the Axis that had made the balancing of the sphere possible. Saturn will be transmuted, through a false copy of the Demiurge, into Satan with the disappearance of the *Sat-ya-yuga*, or Golden Age. Kronos-Time devours his own children and ultimately swallows everything as the Fenrir Wolf.

The *Vanir* can not bear so much misfortune, and have gone into the Inner Earth through the Wound-Door of the Pole, moving to the Astral Earth, the soul, to what still remains of more subtle matter on this planet and to build their Cities of *Agartha* and *Shamballa*. As well as the City of the Caesars in the Legend of the South, only reached by the *Caleuche* with the *Man to Come*.

The cosmic planetary catastrophe comes about when an important part of the divine ones, profoundly distracted by their love for the women of earth, have ceased to fight for the regeneration of matter, little by little losing *Odinic* power due to the impurity put into their blood by the mixing with animal-men. Thus they lost the ability to disintegrate, unable to move their bodies to other less dense planes of the Universe and into another direction of Time. They come to forget their divine origin, without remembering they were once Gods. They think they are the equals of mortals. They have lost the ability to reestablish contact with the *Divyas* and *Siddhas* of *Agartha* and *Shamballa*. They may no longer enter the Hollow Earth nor hear the Voice of Blood Memory, due to the impurities from mixing with *Sudras*. *Asgard*, Paradise of the *Aesir* and their immortal ancestors, will have been forgotten. They are thus the true exiles from Paradise, from *Paradesha*, from Polar Hyperborea.

The earth now rotates in the opposite direction, rightwards. Therefore those in Exodus will take the Rightwards Swastika with them as their Emblem, led by a warrior named Rama in the Age of the Ram. Earth has entered the cycle of the seasons; stable climate has given way to cyclic climate. Those who intend to someday return to *Paradesha* must do so with the Leftwards Swastika, rotating backwards towards the polar origin. The Guide will be Wotan-Lucifer.

## LUCIFER: THE MORNING STAR

## GIANTS

Lucifer is the Most Beautiful Light. The Cathars called him *Lucibel*. Only a part of him has fallen headfirst to the North Pole, leaving him there in chains. The most essential, the best of Self remains in the Morning Star, also called Venus and Freya. He is Baldur, Wotan, Quetzalcoatl, Baphomet. She is the Virgin of the Constellation of Virgo, more than of Pisces that has now ruled for two thousand two hundred years. The Sun is the Virgin in Leo. For the Germans the Sun is feminine, *die Sonne*. But the Morning Star is double, the same as the Evening Star. *Oyeihue* and *Yepun* for the Araucanians. This is represented by the *Sieg* Rune, the two Templar warriors on one horse and by Baphomet with one head and two faces. A God-Goddess, a great Combatant fixed voluntarily in the sky, almost like the *Aesir* were when they fell into infatuation with the daughters of men. Because Venus was not a star, but a pilgrim comet traveler through the infinite, come from outside the demiurgic space and detained there to be able to help the imprisoned heroes, remembering them with their signs and their light, nostalgia of divine origin and the pain of loss. This would happen shortly before the onset of the daylight of *die Sonne*, the Sun. Because the light of Lucifer is androgynous light, double. Therefore Otto Rahn said, 'Lucifer was an example for living and dying...' The Valkyries who come to this earth to give eternity to the Beloved must live for a time on Venus. They are the She, Lilith, Medea, Allouine, who help the warriors defeated in battle, heroes, *Viras*, to recover their memory and nostalgia. They await them there, for the fallen warriors find their *Valhalla* in the Morning Star. The children of the Gods and men were the giants of ancient times after losing the Continent of Hyperborea, immersed in the ice of death. They migrated to the Gobi where they founded a high civilization. And when that region was also transformed into a desert ('the Desert spreads,' Nietzsche would say) they peregrinated towards the West, taking refuge in the Himalayas (in the *Himavat*) where there are entrances to the Hollow Earth, often unseen.

The struggle between the giants and men began, between the heroes, *Viras*, and the *Sudras*. Some heroes sold out and collaborated in the destruction of the giants. Using their cunning, a product of blood-mixing. Nevertheless Herakles-Hercules will help release Prometheus.

War has come down to the earth's crust: The Demiurge needs his emanations and stench in order to feed himself. And no one knows why he or she fights until the coming of the Ultimate *Avatar*. The giants built the civilizations of the Paleolithic, the greatest and wisest civilization on earth since the fall of Hyperborea. In that age men were still semi-divine, heroes and giants. They had not yet entirely lost their power or the capacity of their functions, superior to those centered in the rational brain, the terrestrial cerebral cortex. They thought with another organ of the body, with other brains, or the other hemisphere of the brain. So therefore the Stone would remain in a critical state, finding its molecular balance, or better its imbalance provoked through tensions to reach communication with the God imprisoned within, getting his cooperation. If they had polished the stone that would have interfered with his 'thought,' impeding his 'solidarity' of action, or 'synchronicity' with the Mind of the God-Man, Magus of the *Armanen*. The menhirs, dolmens, cromlech are signs of a wisdom and magic lost to history, but once active before history, in pre-history. Stonehenge shows this. I have had personal experiences there. During my years in India I was always struck, in reading their sacred texts and heroic poems, by what they said about the *Vimanas* or flying chariots: they were made of stone. 'How would the stone rise up?' I asked myself.

Many years later the answer was given to me. In Stonehenge on the plains of Wales. It was a sunny day, very cold and clear with strong winds and the sea nearby. I entered the circle of menhirs and dolmens, still incomplete, most of its magic and equilibrium lost for want of many of the rocks, disappeared or destroyed. I went to lean against a high dolmen, with the palms of my hands touching the rock and resting my body there. I closed my eyes and heard the wind, feeling the stone begin to vibrate, to 'murmur,' as if the wind were a bow scraping against a string, very softly at first but steadily increasing. I knew if I remained there, if I did not interrupt Nature's

process of solidarity, the wind would be transformed into a hurricane and, little by little, I would lose control of my mind, 'losing consciousness.' I knew the rock would go as if disintegrated and lost in itself. And I would go with it, disappearing... That was the *Vimana* of Stone... And I interrupted the process because I still had things to do here...

Let us imagine what Stonehenge would be in pre-history when it was complete with all its rocks in balanced tension, when it was moreover a stellar observatory and the only ones to enter there were the *Armanen*, Maestro-Magi of the Runes, *Runenlauteren*, *Bauhütte*, the 'masons,' powerful Guides of the giants. Their mantras, signs or mudras regained the possibility of going away and entering thanks to the recovery of the Runes by the God-Hero Wotan, Guide of the *Aesir* in Exile. There they would practice Mystic Death and Magic *A-Mor*.

As in the *Externsteine* of the Forest of Westphalia, as in Tiahuanacu and Easter Island, in *Te-Pito-O-Te-Huela*, after the sinking of Lemuria and the disappearance of Atlantis, as among the rocks of Santo Domingo along the beaches of Chile; the rocks were set there on purpose by a race of Hyperborean giants.

In *The Ultimate Avatar* I have referred in detail to the *Externsteine* and the crucifixion of the God-Giant Wotan, there formed into the rock, like a perennial memory, through the centuries within space-time of the sacrifice of the great *Aesir* on the *Iggdrasil* Tree to rediscover the Runes that would redeem the Hero after his fall, overcoming the Exile. Runes are this Power lost in Hyperborea, made visible as an exterior Sign during the Exodus and with the materialization of God Wotan making possible the Resurrection of the Hero, Baldur, the Comrade Son. The Resurrection of Himself.

Head of Hyperborean warrior sculpted by Gods of Externsteine

We shall deal with the underlying symbolism of this sometime. For now it suffices to note how much the rationalist Christianity of Rome has plagiarized, how it has destroyed the esoteric symbolism of the crucifixion of a God-Hero and the Resurrection of Baldur-Wotan, ignoring the Mystic Death of an Aryan, a twice-born, a re-born, a Hero who has been able to repair the mixing with the children of animal-men and purify his Hyperborean blood.

In Wewelsburg Castle, which directed its towers like the Lance of Longinus towards the Crucifixion of Wotan in the *Externsteine*, the S.S. initiates also tried to be re-born, to resurrect as Aryans, becoming worthy to recover the *Odil* Power through the magic use of Runes, the *Futhark* of Wotan and the Implosive Science of the Paleolithic. In the central hall of the Castle there still hung an enormous stone in 'critical balance,' unpolished, showing what Esoteric Hitlerism was and still is: the grand intention to create the God-Man, Superman, by means of the Tantric Alchemy of the Stone, *lapis*, and the recovery of the blood purity of divine *Aesir*, Fire of the Serpent of Paradise called in Sanskrit *Kundalini*.

#### EMERGENCE OF THE SELF

Insistently, again and again, we repeat the question: Was the mixing of the divine with the daughters of men a defeat, a fall, or a voluntary act, afforded by the *Aesir*? A bold strategy for Combat? If the Demiurge extended his dominions at the expense of spiritual worlds the most appropriate response would have been to enter all at once together into the world of the Enemy, infiltrating it. Certainly the *Divya* had put their immortality in jeopardy, even their divinity, but if they had been successful the Demiurge's plots would have been snatched away, and also the prisoner-zombies enchanted in Schastel Marveille by Klingsor. With their sacrifice and heroism the divinization of some *Sudras*, the animal-men, would have become possible since the *Divya* was himself partially man, descending into men. (Esoteric Mystery of Kristic Incarnation-

Metamorphic Shaping.) The Demiurge has taken advantage of the demiurgic law of thermodynamics that rules in these domains. The incarnate God abides by this law, and by entropy as well, becoming mortal.

By expounding so profound a Mystery this way, we are given to penetrate even deeper into Esoteric Kristianity, haloed with *Odinic* Light and the Crucifixion of Wotan on the *Iggdrasil* Tree, with Light that emerges from *Hangatyr*, the Crucified on the Tree of the Zodiac. Because the terrestrial Crucifixion, that Shaping in the *Externsteine* Rock, is the reproduction of an astrological zodiac Archetype.

With the fall and mixture of bloods accomplished the Divine Ones have lost the *Odinic* Power. Everything has darkened, clouded, his Universe itself destroyed in a catastrophe in solidarity with it. *Asgard* and Hyperborea have sunk, the earth's Axis shifted, the Column of *Gerda*, *Irmin*, the *Irminsul*.

The Fenrir Wolf has devoured the world, *Valhalla* of the Gods. And in this dark night, Wotan has been crucified. He hangs there for nine zodiac nights, suffering, alone, without mead to drink, without the Soma of his blood, wounded in the side by the Lance of a young *Vanir* in his heart chakra, in *Anahatha*, in the constellation of Ares, until the moment in which he rediscovered the Runes by his sacrifice and torment. Or rather, the Power lost through mixture and now regained in terrestrial cosmic matter as Sign, the Sword able to fight against the Demiurge and to restore the Hero's immortality. Bolt of Victory, invincible Weapon, Lance of Longinus making possible the Resurrection. [The point of this Lance was kept in Wewelsburg Castle, by the S.S.]

The God has resurrected as the Son named Baldur. And also as Kristos. Because Wotan is Zeus-Donar-Thor and he is also Jupiter and Shiva. And Baldur is the blond White God, Vishnu, from Hyperborea, from *Sveta Dipa*, the Isle of Splendor at the North Pole.

For all this, Wotan will be the Maestro of Rune Yoga, like Shiva is for Tantric Yoga. They yield this to the Heroes, here fighting against the Demiurge and their own fall, the Weapon and Wisdom able to resurrect them from the abyss of their mixture, by transmuting them into Absolute-Men, into *Sonnenmenschen*, into Supermen, into God-Men.

□ □ □ □

It was not the Demiurge who has given a soul to animal-men. He has degraded them to the chimpanzee, imprisoned the impersonal energy of 'he' and 'she' in decadent forms, detached from Androgynous Divinity. The divine *Aesir* have contributed the soul, with their sacrifice of mixing with the 'children of men.' And what is the soul? She is an implicit Energy, a potency, *Geist*, wind, breath, pneuma, spirit, able to disintegrate demiurgic matter, transmuting it into spiritual matter. She is the *Odinic* Force of Odin-Wotan that can also be an 'organ' of the archetypal form of Divinity, recovered by the Hero, *Vira* mixed with animal-man.

Then the Wind Mill of Wotan named 'Grotti' begins to work with great intensity, first in the firmament where the grains are the God-stars and then on *Gerda*. Its product, similar to wheat flour, is not yet blue or white, being the self of Heroes, something Wotan has not consciously intended since the blessed Gods 'feel nothing themselves,' as Hölderlin said. And they are the Valkyries *Fanya* and *Menya* who spin the Wheel of the Mill of the *Aesir* and *Vanir* in contrary direction to the Wind of Satan, the Leftwards Swastika, called by the *Bauhütte* Masons the Katherine Wheel, with a strange similarity to Kathar (Cathar) and which in Greek means pure.

It seems no one would have wished this had it not been produced by what was only a meaningful chance. Or were the *Aesir* already prescient of this when they put their fatal strategy into practice, accepting the sacrifice of mixing and metamorphic shaping? When they fell headfirst into the abyss with the *Ir* Rune to thereby make possible something never dreamed possible not even by the greatest utopians?

For behold the self originates in this 'explosion,' in this violent shock of two opposed bloods, the terrestrial corrupted by the Demiurge as an imitation, chemical and material plagiarism, and the

Divine. From there comes that twilight awareness of self, while the Organ of Odin atrophies, perhaps in the pituitary or what corresponds to it on a more subtle plane and has been called the Third Eye, Eye of Giants, Eye of Polyphemus.

Alongside the appearance of the self another continent rises to the surface: the cerebral cortex. Atlantis sinks: the archaic brain from the Paleolithic, and then rational thought appears, made to work in the demiurgic demonic world.

Gradually the Hero is born, the *Vira*, mixture of the divine and demonic, remaining here within a thin region by the narrow ribbon of Free Will, by the double edge of a Sword.

Never before until now was there anything similar, not in this or another Universe, because the Gods lacked consciousness of Themselves, 'feeling nothing,' being moreover immortals. The Heroes go forth losing, little by little, immortality together with the 'memory-without remembering' of their divinity. The 'I' thus seems to be a sub-product of Death, since he is conscious of it with its difficult transit and he fears it. The 'I' results from Misfortune, a Shipwreck. In dramatic fashion this is the painful compensation for the sacrifice of Wotan coming to fight for his crucifixion, the result of the mixing of the *Aesir* Gods with the 'daughters of men,' from the 'falling in love' of the immortals.

There is no way you can ignore this burden. Even in deepest *Samadhi*, or ecstasy, the 'I' persists in this 'loss,' so we can remember what we were beyond this 'I.' The 'I' will only disappear through physical death, when He seems to be reabsorbed by his *Monad* or when, having finally lost his Battle he is devoured by the Demiurge. But within the Eternal Return in the belly of Kronos-Saturn, he will return for a number of prefigured Rounds, while energies last.

The only escape remaining to the Hero is not to escape from his earthly 'I,' but to strengthen it so that he can transmute it into an Absolute Self through the Tantric ecstasy called *Kaivalya* (from *Kundalini*, the *Kaula Tantra*, or *Kula*) meaning 'separated,' 'apart,' the reverse of *Samadhi* which signifies 'fusion with the One,' with the Primordial Being, with the Demiurge, Jehovah, or with Brahma, the *Monad*, the Immobile, the Ancient of Days ('Days of Brahma') the Eternal Paralytic, with the false Christ of Christianity with small 'c' (Jesus christ the Jew'), or with the Brahma of Vedanta Yoga. The Hero will never return to his *Purusha*, to his Original Orphic Egg to be reabsorbed, fused 'Vedantically,' Christianly into God, like a dis-incarnate saint. He will instead be a Magus, separated forever, beyond everything, beyond everything, in the ultimate solitude. He will be the Absolute Man, superior to the Gods, conscious of Himself. He will be a Star, 'beyond the stars.'

There is no other escape. And this escape was zealously sought for in the alchemic, Genetic-Tantric Laboratories of the S.S. in the Initiation Castle of Esoteric Hitlerism, in Wewelsburg.

He who was once a *Divya*, the God incarnated here and mixed, the *Aesir*, the Divine Warrior, will never return again for he can not recover *Asgard*, *Paradesha*, Polar Hyperborea, flooded Atlantis. As it was, in the same way in the same form with that pristine purity, the *Vira*, mixed Hero, never to be the same again, not even in the Round of Eternal Return, in the 'Days and Nights of Brahma,' in *Kalpas*, *Manvantaras* and *Yugas*. Because the Gods were 'contaminated' irreparably. Their purity, their former simplicity, has been lost forever in the mixture with the daughters of men, with animal-man, through incarnation. Blessedness, unawareness of Oneself, their luminous obscurity, shall never return. The only way forward for the God become Hero is to continue in Combat, never retreat, insisting on making in the 'shipwreck of his own hope' the 'thing contemplated,' as Shelley would say, his particular Paradise, his Other *Asgard*, his New Wholeness, through *A-Mor*, creating a conscious Immortality outside of everything in 'something not dreamed, not even by the greatest utopians...' It is the glorious road of the Esoteric Warriors of Hitlerism.

As for how this comes to be, 'not the greatest sages, nor the Gods in the highest heaven know...But perhaps the poets might know why, or can possibly imagine...' So say the Vedas.

Here are the Gods, *Aesir* on earth. For an instant their form becomes visible, reproduced in the light. The God is a luminous giant, a *Nephilim*. We recall the painting of Leonardo, *The Annunciation*. The angel gazes at the woman of flesh, made from earth, the imprisoned 'she,' chained by the Demiurge and, deep down, he feels nostalgia like a distant echo from *Asgard*, from the Paradise of HE-SHE. The woman looks at him surprised, with eyes transfixed over an abyss and extending her arms to invite him to share her intimate sorrow, illusory pleasure, of her nothingness, her dream of *Maya*. And, thus, the Son is born, a Giant, a hero, the *Vira*. Because the God has entered into this abyss, contaminating his blood, invading the land of the Enemy.

The hero, the Son, is no longer a God, no longer a *Divya*, but a mixture of God and man. Even as a giant, God does not fit entirely into this body. Even less in the body of a child-giant. What better than this, the growth of the body of a helpless being, to express the drama! He can do nothing for himself, not even walk. Once grown, he will have a few years of maturity before aging and dying, even when in the Golden Age, the *Satyayuga*, life would last a thousand years. In infancy the boy lacks a conscious 'I' being ruled from outside by a He ('Angel of the Hosts.') This is why the boy does not say: 'I want to eat, but: 'the boy' wants to eat, 'the boy' is hungry, 'the boy' is cold. He is watching himself from afar.

When does the boy begin to feel himself 'I'? Only when the God, or the Person entered into him, when a part of the Angel pervades him. Because it will never be able to enter him entirely. Only a part of that Being will be imprisoned in the body, coming to feel an 'I,' something totally new for the Being, for the Person, for He, such that he will remain divided forever, only united to this material body by a Silver Cord as he is united to HE-SHE, *Purusha*, the *Monad*, by a Golden Band. And someone will have been waiting as if on the edge of a Fountain.

The 'I' is thus a result of mixture, the encounter of a God with animal-man, and the contamination of a divine blood. Once the *Aesir* God is incarnated and the 'I' appears, he will enter into mortal dramatic conflict with Divinity, with the Person, with the Angel, who retires into ever-increasing distances or unreachable depths. Security will be lost along with Power. There comes the reign of doubt, thesis and antithesis, in the Constellation of Gemini where Castor is mortal and Pollux immortal. It is the death, the crucifixion of Baldur in Aries. The skin of the sacrificed Lamb, the Golden Fleece hanging on the Holm Oak of the Firmament. In Sagittarius, Baldur, sacrificed God, is wounded by the arrow of the Centaur (the knowledge of the 'I') by the Lance of Longinus. Because the Archetype repeats and runs through the entire demiurgic Universe. As above, so below and vice versa.

□ □ □ □

On nearing the end of incarnation in the life of a hero, due to the mechanical processes of a demiurgic biology, by entropy and gravity, by Time, the 'I' goes further away from the aging body allowing the energy to return to its source, the Person who awaits, to be reabsorbed and disappear into her until the return of another Round. Or to be devoured all together by the Demiurge at the end of the prefigured set of Rounds in the Eternal Return. In *Ragnarök*.

The difference that can exist between this exposition and others of an abstract knowledge, texts of philosophy or metaphysics from some recent yesteryear, is that which exists between a philosopher, a scientist and a *Rishi* of Vedic India. The first two brood, remaining outside of life to describe it, while the *Rishi* experiences his own life and extracts from it an experiential knowledge. *Rishi* means 'he who sees.' I am taking this exposition from the Blood Memory, from remembering what I have seen. Thus were the Vedic texts also written, the *Eddas*, the verses of Homeros, Pindaros and all my works.

Thus I know how the 'I' retires from the body of an old man, little by little, because I have seen it, I have experienced it. 'Synchronistically,' by law of solidarity, that process is reproduced in human biology and has been named arteriosclerosis. Materialist science only perceives the

physical body, visible to the earthly eye. But what in fact happens is the withdrawal of the Angel that once entered the child's body, having then closed the experiential cycle in that body. 'And the old man will be as a child.' This is the so-called 'second infancy of the old.' Outside himself, he will recover his Angel of the Hosts. He will have returned to the Source, the Fountain.

I visited the Hitlerist poet Ezra Pound at the end of his days, when he no longer spoke. His silence was almost total; he became mute. I sat down next to him, at his home in Venice, and, watching me with his eyes, I spoke and spoke without any answer. With folded hands, he scarcely even saw me, looking far away through the tiny window in his room, perhaps settling his eyes on the pigeons of St. Mark's Square or the dome of the Cathedral of the Salute or next to the horse of the statue of Coleone. Then I remembered, and drew myself up to speak not to his body sitting there, but a little above his head aiming my voice towards the ceiling...And Ezra Pound responded to me: "At last you came!... You are one of the few!"

The only monument to Ezra Pound is in Medinaceli, in Spain. I contributed in a decisive way to its installation and inauguration.

So, too, I remember the first time I felt 'I,' when a tip of the Angel entered into my body as a child, into my human existence, while the other part of this entity drew away into vast distances. It happened there, in our country house that had seen the passing of many a year, on the outskirts of the sacred Andes. It was as if the 'I' suddenly hit me, or rather awoke and began to see the world through my eyes. Because before this 'I' there was a 'me,' impersonal, it is true, but paradoxically a person who felt terribly ancient, diluted in the landscape, melted with the animals and plants, with the great Holm Oak in the garden, with the anemones, the roses, the snowy peaks and condors that circled them. As well as with the waters of the rivers and waterfalls. Certainly a person was there who thought and dreamed as such, who knew himself very ancient, trustee of the dignity of centuries, something the upstart 'I' can never claim. Therefore to admonish that child would be to commit an unpardonable fault, infringing against his royal sovereignty. Because that person is a He detached from HE-SHE, complying with the sacrifice of being born as a boy, in the body of an animal-man in order to rescue his 'she' and defeat the Demiurge that has imprisoned him. To be able to save his World, combating the Enemy of the immortals.

The appearance or advent of the 'I' may be met when a certain biological maturity is reached in the development of the physical body and brain, as if a 'switch' were then activated. Yet, curiously, this does not happen to everyone. The myth of Christianity wants us to believe that all men are equal, that they have a similar soul and individuality, in effect, an 'I.' The same belief as Masonic 'humanism,' imposed within Masonry by the Jew, who knows it is not so. There are animal-men in whom no God will ever incarnate, nor an Angel, who suffer without divinity, imprisoned without possibility of redemption. These are the inferior souls, semi-monkeys, carried to this degree of involution of no return by the Demiurge. And also some mestizo, mulatto and bastard components who run through the ultimate Rounds of Eternal Return before being devoured and dissolved in the belly of Jehovah-Satan.

The 'I' must be born in the moment in which the *Aesir*, the *Divya* is in the earthly body and when his karmic condition makes his incarnation possible, his penetration, which would be made through the skull by some opening pre-existing there, or which the Mind opens at a given instant. It is as if the Mind enters into the new brain recently made its tool. But not all the Mind, since much of it must continue to work from outside. At the beginning, the God, the Angel will go in and out thereby repeating the process already described in the incarnation of the divine Hyperboreans, archetypal process going into and out from matter at will until by some error, or rather by warrior strategy, this ability is lost and the aperture closes keeping 'someone' prisoner. This is the 'ego.' The Prison of the 'I.' And the inability to again communicate with plants, trees and the condors of the sky, to speak with them, to be them.

The drama becomes fatal, tragedy. He will just be a forsaken *Vira* in the hands of the Gods, the Angels. He must fend for himself and has also been taken prisoner. Before, he lacked nothing like the animals and plants, or the stars. Animals are governed by what are called instincts, like Gods.

A dog never doubts in attack or in pressing his attack. Dog (in English) is God, or God in reverse, at the other extreme. Only the *Vira* doubts his action and his direction due to his reasoning 'ego,' divided between impulse and consciousness, between thesis and antithesis, between good and evil.

The *Vira* has from time immemorial sought to find an escape from this drama, much more intense in those who remember the moment in which they for the first time feel themselves to be 'I,' without knowing that others can also feel themselves 'I' just the same, being also separated and individualized here. Religions, esoteric practices, yogas of post-Vedic India have claimed to find a solution in the annihilation of the 'I' by means of asceticism and torments of all kinds, to merge again in the impersonal universal Soul, in the One, in Brahma, in differentiation, in that which is also called God.

Generations of ascetics and Christian saints have sought the destruction of the 'I.' In India they are the Vedanta of *Shankaracharya* and *Bhakti* yogis, using *Samadhi*, which in Sanskrit means precisely 'united with the Primordial Being,' as already mentioned.

This path and idea should start with the assumption that the 'I' is a fall, personality a 'sin' that must be corrected, redeemed. And up to a point they are right, in the sense that the 'I' and individuality are born as something unique in the entire Universe and, perhaps, in all Universes, something not thought, never dreamed and made possible by the incarnation of a Divinity, a Being of pure spirit in the world of flesh corrupted by the Demiurge. The Hero-Son is already a mixed being split between his God and a Demon. And the 'ego' is the product of this mixture.

But what Esoteric Hitlerism can not forget is that incarnation, sacrifice, the 'falling in love of the *Aesir* with the daughters of men,' by the 'she' imprisoned by the Demiurge, may be more than a defeat, a fall, more a strategy favored to win Immortality and Resurrection in the final Combat that, without thinking or dreaming as much, has made possible 'something never imagined by even the greatest utopians...' Always when the 'I' is not destroyed. [Judaism has been, since the distant days of the exodus from the Gobi Desert after the destruction of that high civilization, after the sinking of Atlantis, what has infiltrated the currents of strategic thought of the Aryans, the *Viras*, turning their ideas towards the annihilation of self, whether in the Buddhism of India and China, whether in the epic heroic Hinduism of the times of the Great *Bahrathas*. By means of the Beni-Is-rael Jews, among whom, God knows! At best belonged Shankaracharya, Ramakrishna and Ramana Maharishi, the Jews have imposed the annihilation of self through *Samadhi*, the loss and fusion with the One (who is Jehovah, the Demiurge or Demon). In Tibet with Padmasambhava and Tantric Lamaism, they destroyed the warrior civilization of the white Dropas. All this was facilitated by the fatal mixture of the Aryan conquerors with dark-skinned Dravidians, the yellow race and Mongols. In the Occident there has been Jewish Christianity with its highest product, the false saint, who has made the greatest efforts to annihilate the self. Nevertheless all this enormous danger to the path of Resurrection of the Initiate-Warrior-Hero, to the Magus and his transmutation into Superman, Absolute Man, into *Sonnenmensch*, Sun-Man, amounts to little before the looming horror to come. The present generations have destroyed their individuality with lethal drugs and thus the Aryan world prepares to make its entrance to the final annihilation by means of decisive weapons the Demiurge has put into the hands of his unconditional servants, his Genetic *Golem*, the Jew: electronic technology; 'computerized information,' 'robots,' for the mechanical technocratic 'global' plot, 'plastic' and 'electronic' money (transfer of funds) with the final mark of the Number of the Beast, 666, in the flesh of the *goyim*, on the forehead or palm of the hand, 'to be allowed to buy and sell' as foretold by that mysterious fateful document, the Apocalypse, terrible anticipation of the *Protocols of the Elders of Zion*. Many have attributed this to Saint John the Evangelist, but it might have been composed at various times, perhaps by one or more Kabbalist rabbi using the doctored numerical Kabbalah. Some have attributed the main part, vengeful, political, to the Zealot agitator named Joshua, son of Judas of Gamala, as a message in symbolic code written two thousand years ago during his exile in Egypt and sent to his partisans who tried to restore the throne of David through him. As

regards the 666 code, that would be added much later when already fully entering the plans of Zionism in the last days, the actual ones, and their final implementation today. 666 was already in the 'bar code' of the 'universal product brand,' in plastic cards ('plastic money') credit and debit cards, and will be in the flesh, or in every aspect of life, from the birth to death of the slaves of the 'Electronic Planet' under the supreme government of the Elders of Zion. This really will end with the self of the Heroes, the still un-liberated *Viras*, with their possibility of triumph in the Combat, electronically shackled and marked in their flesh, tattooed by lasers, prisoners of 'computer science,' 'registered' from birth, destroying their ability to think, to use their two cerebral hemispheres, robotized, cut off from any divine origin, the *goyim* of planet Earth leveled into an amorphous undifferentiated mass with no possibility of true immortality and resurrection. It will be total slavery in the Jewish Global Empire, totalitarian, demagogic, the ultimate before the destruction of the *Kalpa* with the momentous disappearance of the demagogic universe, in its fangs like those of the Fenrir Wolf.

□ □ □ □

Above, the Gods, and below the animal, with both sure to doubt nothing. The God flies, the animal crawls, but they do not doubt. So the Gods do not doubt because they represent a single tendency. Thor is God of the Hammer; Aphrodite-Freya of Love; Brahma is the Creator; Vishnu the Preserver; Shiva the Destroyer. And they are still in one position only like trees and mountains, or in one activity like Shiva and Krishna in Dance. Moreover the animals specialize, 'programmed' as we say today. There are hunting dogs, guard and shepherd dogs. Only the *Vira*, the Hero, imprisoned in demiurgic matter, is torn between contrary tendencies in torment, and dies without being able to fly. But there was a time when the boy-man also flew. Mystics and saints speak of faith and how it 'moves mountains.' And they are right. But what is faith? Is it something that comes from without and is received exactly when, in some way, the 'ego' is annihilated? 'Faith comes from God,' they tell us. It comes from something external that surpasses the individual. The Hero, the son of a God and a woman of earth, does not yet have this faith because he has an 'ego.' Therefore he doubts he can fly. And this diabolical doubt, instantaneous, uncontrollable, always appears in the most decisive moments of his life, just when he has begun to fly.

Then he collapses. Thus the hero is one who crosses an abyss on a string that he holds up with his hands. The young S.S. initiate goes out through a window in the Tower of Initiation of the Castle of Esoteric Hitlerism, Wewelsburg. And without wings, because he is no longer an angel. If doubt attacks him in that last hour he will fall irretrievably into the abyss, something his being has opened in order to be able to be Himself.

Faith does not allow the Hero to cross over the open abyss between person and personality, between the God that was and the Superman yet to be. Willpower does that.

Esoteric Hitlerism knows the solution is not found in the overcoming of the 'T' by an annihilation, but on the contrary, in his exaltation to an Absolute Self. That was the aim of the esoteric practices and disciplines of that Hyperborean Nordic Yoga taught at Wewelsburg and in the secret magic Laboratories of the elite S.S. To achieve the Absolute Self as the only way for the Hero to overcome the drama of the dichotomy of incarnation. Properly understood, this is not the Jungian system of 'depth psychology,' 'Individualization,' where something is 'psychologized' that is spiritual and magic, alchemical, a process of divine transmutation of the Hero, the *Vira*. For Jung this meant shifting the emphasis going from the cropped rational individual or person towards an ideal point, equidistant between consciousness and the subconscious, which would be the *Selbst* of Nietzsche, the Self. That is Jungian individualization and totalization. Something ideal.

But Total-Man, Superman, *Sonnenmensch*, the Sun-Man of Hitlerism, is a Hero who thanks to runic initiatic practices and Signs even more ancient than the Runes, rediscovered by Wotan on

the *Iggdrasil* Tree, and thanks to the Implosive Science of *A-Mor*, the *Minnesänger*, *Armanen*, has come to rescue his 'she,' to reintegrate her to his being, at the same time as he has found the She of SHE-HE as Absolute Woman, as Valkyrie, and has loved her as his *A-Mado*, his Beloved. Thus it was possible for him to resurrect his body, immortalizing it in the red matter of *Vajra*. On personalizing himself in this way, he has given a Face to his soul, the Face of the *Amada*, the Beloved. He has ceased to be a little cropped 'I,' vacillating, to transmute into WE. Also, by a magic process inexplicable to reason he will give personality to the Persona (the 'speaking mask' in Latin) or Person, who remains awaiting him as on the edge of a Fountain. And, without merging himself in She, he will have rescued her inside and outside his own self, united and separated forever. Thus he will be Total Absolute Man facing this God.

The ecstasy that goes with this Magic is not *Samadhi* that merges and loses, but Tantric *Kaivala*, that separates. Not the saint, but the magus. *Kaivala* comes from *Kundalini*, from *Kaula* Tantrism, Sanskrit names, from this Hyperborean idiom. The Fiery Serpent, *Aesir* and *Vanir* blood of fire recovered by the *Vira*, by the resurrected Hero, by the Aryan, twice-born.

He has recovered the Power of Odin (*Odal* Rune) in the Memory of this Blood, so that he has conquered Doubt, the vacillation between conflicting extremes, reaching an artificial security if one wants to call it that, but already indestructible Absolute Will, *shudibudishvabhava*, and possession of the Archetype (not possession by an Archetype). It has been possible for the Hero to reopen this Window at the top of his skull beyond the *Sahasrara* chakra, *Sunya*, Void, Black Sun, Black Hole. And redeem the *Aion* Saturn, to liberate Prometheus by a labour of Hercules. With the mantra *Saham*, meaning: 'I am Thou.' And go out towards THE WE with the mantra *Hamsa*: 'Thou art I.'

Demiurgic 'robotic biology' has been defeated from within by the Hero, by the *Vira*, by the Hitlerian Initiate, Nature has been transfigured by Magic Idealism, the belief of Novalis and the ancient German *Minnesänger*. The S.S. Magus has been crossed by a bolt from one side to the other, has made an explosive detonate over his head without destroying him and has been transmuted. The Hero has reopened that spiritual 'gland,' that Power, that Third Eye of the giant Polyphemus, allowing him to go out and enter in, disintegrate and reintegrate himself, live in several worlds at once, be a *Tulku*, a *Jivanmukti*, a *Boddhisattva*, or if one likes, an *Avatar*. To be like Rudolf Hess, with the *Führer* and next to the *Führer*. Because he has completed the Mission that He has entrusted to him. The True Mission, the True Combat...He has crossed over the abyss on a rope that he himself held.

This is the War of Esoteric Hitlerism.

## IN THE LOWER HEAVENS

That Hermetic Law of Hermes Trismegistus, 'as above so below, so without,' seems to be fulfilled from the Fifth Heaven to the visible world as seen by eyes on earth, in the constellations, and also in the drama of the Hero-Man, the *Vira*. Above, or rather within, in the *Asgard* of the Gods, in Hyperborea before the catastrophe and the shifting of the Polar Axis, everything remained stable, the sky did not wobble, the Zodiac did not exert its archetypal, synchronistic or 'solidary' influence. Kronos-Saturn had not mutated into Jehovah-Satan, but was the son of Uranus and Gaia, the Ziso of the Hyperborean Nordics, the same as Donar-Zeus, husband of Rhea, perhaps the Black Sun, exit point, Aryan Sandur or Sándar, Lord of Ancestral Light at the Pole, the Immoveable Mover of Aristotle, *Vough*. For the Romans Saturn was the Patron of crops, God of Atlantis and earthly Hyperborea, the Golden Age according to Virgil (Saturn and Rhea). The Greek Kronos was the Hyperborean Krodo, in Thule, and had not yet devoured his nine sons, or nine moons in their eclipses. That began to happen with the shift of the Polar Axis and the infatuation of the *Aesir* for the daughters of the earth. Also, 'synchronistically,' Saturn will be

redeemed with the Resurrection of the Hero.

Zeus was the German Donar. Uranus was Varuna. Venus was Freya, a wandering orb come from beyond the stars and the Universe of Comets, detained here by *A-Mor*, also 'falling in love.' Saturn was Surtur. Mars was *Tyr-Tiuz*.

We repeat, the shifting of the Polar Axis occurred 'in solidarity' with the catastrophe of the mixing of the *Aesir* that occurred 'in solidarity' with the shifting of the Polar Axis of Planet 13, *Gerda* (the 'siege perilous') and Saturn is transformed into Satan, the Jewish Yahweh and also into Jehovah, as understood by the Cathars, the Phoenician Baal (Belcebú), surrounded by rings of ice (the enemy Ice of Hörbiger and Hitler). Saturn, like Kronos, began to devour his children, his moons and to lock the Universe (from the Fifth Heaven downwards?) in the Icy Ring of Eternal Return, already become the *Aion* Time.

Since then, controlled by the Jehovahite Archetype and influenced by the rituals of dark-skinned races with which they have mixed, the Jews imposed the sacrifice of circumcision, also symbolizing the cutting or eclipse of the rings of Saturn and his transformation into Yahweh-Shaddai, Lord of the Icy Rings of Eternal Return, the only form of immortality the Jew possesses. From Saturn shackled comes the 'Saturnalias.' From Surtur-Saturn. And the Sabbath feast, from Saturday, day of Saturn, day of Jehovah, skillfully enforced on non-Jews with the 'English Saturday.' The sacrificial rituals include the drinking of the blood of victims, as a means of owning their powers, while intending to deprive them of Aryan immortality. Abraham, in homage to Saturn-Jehovah, would have been disposed to sacrifice his son. And the Judaized christians eat their redeemer in the symbolic host without prejudice that perhaps Jewish disciples would eat him in fact, in a Ritual Supper that happened. Thus they have destroyed and reversed the Initiatic Mystery of the Disintegration of the Hero, his momentary 'eclipse' in Mystic Death, voluntarily undertaken to achieve Resurrection.

In the low sky the demiurgic Zodiac recounts the Drama of Ancestral Light, beyond the Black Sun of Sandur. And the Swastika begins to revolve rightwards, as we say, leading the Exodus of the *Aesir* and *Vanir* from the Paradise of *Asgard*, from *Paradesha*. The ice of death surrounds earthly *Midgard*. The crucifixion of Baldur on the Tree of the Zodiac, *Tyrkreis*, is completed ten or eight thousand years B.C. in the Constellation of Aries, being pierced by the dart of the Centaur in Sagittarius. Two thieves, Mars and Saturn, in Pisces, corruptions of *Tyr-Tiuz* and *Surtur*, are seen together on the Zodiac Tree of Crucifixion. Twenty thousand years ago Thule still existed in the Hyperborea of the North Pole, in *Paradesha*, the 'High Region' (where His Highness Poseidon reigned), with a steady climate, inhabited by immortals, by the *Aesir* and *Vanir*, next to the Mount of Revelation.

Only with the loss of *Paradesha* did the fifth-born woman, the Valkyrie of Hyperborea, begin to teach Magic *A-Mor*, as a path of recovery of totality and immortality, next to the patriarchal holm oaks, already whipped by the wind of Misfortune. And Wotan-Rama rediscovers the Runes and makes the Leftwards Swastika rotate in the direction of the origin, against the movement of Time-Saturn-Kronos, already corrupted by the Demiurge and transformed into Jehovah-Satan.

The *Aion-Sandur-Sändar*, Kronos, Time, is only redeemed with the defeat of Jehovah-Shaddai, thus escaping from the Ring of Eternal Return. To get out. The Archetypes are also recurrent in the same way, above and below, synchronistically, in solidarity. Baldur, the Lamb, the Shepherd of God, will be sacrificed in Aries, hanging his golden skin there, his Golden Fleece that Jason and his Heroes will seek here on earth, in the ship Argo, in the *Wafeln*, ghostly *Caleuche*. The Fleece hangs on the Donar Oak, from Dodona, on the Tree of Sacrifice. (The Spanish 'Tree of Justice' of Pedro Sarmiento de Gamboa in the Straits of Magellan at the ends of the world.) It is *Tyrkreis*, *Hangatyr*, the Crucified Hyperborean with golden locks. At his sides are the Two Thieves: Tyr and Sandur, Cautes and Cautopates, Dimas and Cistas. This happens in Aries when

the *Aesir* fall in love with the daughters of men and give birth to the Ego, crucifying the Hero. The Resurrection begins in Pisces, the 'I am Thou.' This continues through Libra and will be fulfilled in Aquarius, with 'Thou art I.' The Absolute Self: THE WE.

If it is true that the sky has the form of the body of a man, as Swedenborg and the Gnostics affirmed, the zodiac houses (the Castles of the German Nordics, the Visigoths of Spain, and of 'Castille,' the land of castles) correspond with the chakras or spiritual plexuses of the Hero-Men. The Crucifixion of Baldur-Wotan occurs in the *Manipura* chakra, or solar plexus, in Aries and his resurrection, in the *Anahata* chakra or heart plexus in Pisces, in the Heart of Kristos according to Esoteric Kristianity. The Total-Man, Absolute, *Sonnenmensch*, will be created in Aquarius, in the *Sahasrara* chakra (*Sa*-hasrara, *Sa*-turn, Rune Magic) and Saturn will be restored, redeemed, resurrected in the *Sat-ya-yuga*, the Golden Age of Virgil, with Saturn and Rhea, with Sandur and Venus, with Donar and Freya, who thus return, come back. In the Resurrection of the Hero.

The Rune of the Crucifixion of Baldur is *Hagal*, a Star of Six-Points. The Rune of his resurrection is the Star of Eight-Points (the Eight Points of the Horse Sleipnir, of *Kalki-Wotan*, that gallops through Aquarius at the end of *Kaliyuga*), the Veneris Rune, from Venus of Magic *A-Mor*. This occurs in a German Castle, in the Land of Castles, in the Constellation of Aquarius and in the Tower of Initiation with the Double Serpent of the *Sieg* Rune, also symbolized by Venus, the Double Star of Morning and Evening, the Astral Fire of the Hyperborean Blood recovered by the Aryans, the Twice Born (born Double), those resurrected in *Gralsburg*, the *Gral* 'Castle' of Esoteric Hitlerism. The *Sahasrara* chakra.

Twelve are the constellations of the Zodiac, each one ruled by an imprisoned *Aion* of the Demiurge; twelve are the disciples in Esoteric Kristianity and twelve the seats of the knights of the Round Table (Zodiac) of King Arthur. The Seat number Thirteen (the planet 13: Earth) is the Siege Perilous of *Gral* Legend, the *Aion* number Thirteen, *Mannus* of the Germans, *Manu* of India, *Manutara* of Easter Island (Easter Island, from Oestern-Ostara, Ancestral Light). It is the imprisoned *Aion* in the North Pole (where Hyperborea sank) and today the South Pole, Lucifer shackled, Surtur, Saturn, Wotan, on the Planet Perilous, on *Gerda*, the only place in the entire Universe where the decisive Battle takes place, fulfilling the Unique Mystery of the appearance of the I and the Resurrection of the Hero with the possible advent of a new Being, superior to the Gods themselves: the Total-Man, conscious of Self, *Sonnenmensch*, Sun-Man of Esoteric Hitlerism: THE WE.

That is why the Castles of Troy are twelve, the Houses of the Zodiac, Revolving Castles, the *Dron* or *Drehburg*. The imprisoned Valkyrie Brunhilde lives there, or Brunilda (feminine *Aion*) surrounded by a circle of flames, like *Kundalini* in the *Swadisthana* chakra. She is *Pisti Sophia*, prisoner of the Demiurge, the Black Magus, Klingsor. The Hero who frees her, Siegfried-Jason, takes her to live in the Castle Number 13 that swirls and then is again still, like the North Pole before the catastrophe, like Thule. There she will marry him and they shall be immortals. United and separated forever after...

Note: Concerning the chakric-zodiacal symbolism of the Germanic Castle and its representation of the *Selbst*, in the *Iremburg*, or Castle of *Ir*, see the chapter - Castle, in my book *The Ultimate Avatar*; also in *EL/Ella: Book of Magic Love*, in the chapter - The Pyrenees.

The symbolism of the Germanic Castles, with their heraldry, includes an alchemic-runic legendary knowledge. 'German' properly means 'Bearer of Light' in the Spear of Wotan. This luminous lance is kept in the Hall of Arms of the Castle, with *Fahne*, the Sacred Emblem, the *Blutfahne*, or Blood Flag, of Blood Memory, of Esoteric Hitlerism. There were kept and venerated the Ancestral Light of the Black Sun. The *Blutfahne* hangs horizontally from a pole with a spearhead. The Lance of Longinus-Sagittarius, Baldur-Wotan.

## WAY OF THE LEFTWARDS SWASTIKA

### EXODUS

Long and agonizing is the road of Exile. It began with the partition of the Orphic Egg, the pre-Cosmic *Eros*, *Erikeprios*, *Phanes*. From Someone located beyond or right here in the nonexistent. So not even a city, household or land appear here. Nothing and everything. The Green Thunderbolt comes later, a little more right here, in the nonexistent, and similar to the *Sieg* Rune. The highest Guides of Esoteric Hitlerism and the Maestros of my Maestro live there. They feel they are green and as if they were a lightning bolt. The first Hyperborea, remotest Thule, *Asgard*, *Agartha* are located there, prototypes, the Seed-City. The first Guides of the divine Warriors live there, He and She newly detached to go in search of their 'she' and their 'he' and able to fight against that strange contaminating 'Thing,' that after having gone so far with its explosion has descended so low reaching hostage prisoners, to repeat their incursion extending into untouched areas.

In such rarefied transparent regions, from the skies of Ancestral Light, uncreated, descending through spaces of absolute silence, from the cold light of the Black Sun, where the *Valhalla* of the Gods and Valkyries is located, where Wotan the Lord of Hosts reviews his centurions. They go to

the Morning Star, Double Star, whose emblem is the Double *Sieg* Rune – Σ. Here is the Abode of the Black S.S. who also venerate the Black Sun. From there, within right here, the Emblem must be the Rightwards Swastika, Exodus, that imprints its rotation from right to left on the Second Earth, symbol of Loss and Departure after the catastrophe of the mixing of the *Aesir* and the corruption of the *Aion* Saturn-Sandur and his transformation into Yahweh-Kronos-Time. The other *Aions* of Time, who rule with different speeds over more subtle regions, are almost benign in comparison with Yahweh-Satan, allowing existences lasting thousands of years through golden *Yugas*, in solar times, in *Manvantaras* and *Kalpas*, almost uncorrupted.

On the First Earth in the region of the North Pole the newly incarnated *Siddhas*, *Divyas*, *Aesir* and *Vanir*, with their *Odinic* priestesses, establish Earthly Hyperborea, reflection of the others. This is the Polar Thule of the Greeks, Hyperborea, meaning 'beyond the God Boreas, God of Cold and Storm.' But the Greeks already spoke of an unreachable Thule. Pindaros said as much: 'Neither by land nor by sea will you reach Hyperborea...' I took the title of my first book from this verse on our lands of the South Pole.

The *Satya-yuga*, Golden Age of Virgil with Saturn and Rhea, hundreds of thousands of years ago... The Indo-Aryans named that world *Aryana-Baiji* ('brotherhood of the Aryans') and the Persian Aryans called it *Aryana-Bohejo*. Indicating to us a community of purpose, a militia, the brotherhood of some beings reunited on the same road and in search of rebirth, since Aryan means re-born (*Re-che*, *Caleu-che*). Warriors who fight to recover a lost territory, a treasure stolen from them. Therefore their priestess-magas, the Virgins of Wotan, Valkyries, teach the Path of Magic *A-Mor*, extending their cult at some time to Ancient Greece with the Initiation and Mysteries of Apollo, the Hyperborean God. This was a science, an art able to reverse the Exodus, to return to the Origin, to the Totality of Being, redeeming Saturn-Sandur. Opis, Arges and Allouine went to Greece, along with the 'Winged Traveler,' flying on an Arrow, and Avris, *Ar-Bar-Is*, on a Lance, like Sagittarius, crossing the Heart, the *Anahatha* chakra (in Pisces) as the God Eros of *A-Mor*, extrapolated by Jewish Christianity into the indifferent love of all humanity in the Heart of Jesus the Jew.

With the cosmic tragedy, simultaneous with the mixing of the *Aesir*, with the shift of the Polar Axis and the triumph of the Satanic Ice over the *Odinic* Fire, leading to the incarnation-crucifixion of Wotan, his death and resurrection as Baldur, recovering the Runes for Heroes, for *Viras*. Hence Wotan has crucified himself first on the *Iggdrasil* Holm Oak of the Firmament, then on the Nordic-Polar Ash tree. The Runes rediscovered, as weapon and science of Resurrection, are such in a number that is a multiple of eight: sixteen. That Archetype will also be plagiarized and disfigured by the Jews with the delivery of the Tablets of the Mosaic Law on Mount Sinai. The true Mount of Polar Revelation, symbolizing the mythic Tree, is the celestial Meru, Kailas of Shiva. They are the rocks of *Externsteine*, the Mountain of Hyperborea, symbol of the Tree of the Spinal Column of God Wotan crucified and suffering there sacrificing himself to rescue immortality for his Warrior-Heroes, straightening that Column, that Polar Axis, so that the Double Serpent of Astral Fire can circulate again through there, with Fiery Blood. She is the *Iggdrasil* Tree, *Ir-min-sul*, the Araucanian cinnamon tree, also within the Mount of the South of the World, Melimoyu, after the shift of the poles.

And the recovered Runes, in multiple numbers of Eight, culminate in the Nine Nights of the Sacrifice of Wotan on the Tree: Twenty-five [Two plus five are seven, also a sacred number in terrestrial shaping, where seven notes are heard and work with seven chakras-Runes, or centers of consciousness-energy. In the ancient brain they are twenty-five. The Jews have taken their Candelabra. The earthly week is divided into seven, or day of solar light.] In the Origin, the number of Runes was another one, prior to the catastrophe of the loss of Polar Hyperborea and the sinking of the ancient continents. (There were twenty-five, including the *Veneris* Rune, the Eight-Pointed Star, that of Baldur and Hitler.) But this Rune has been recovered in part and the *Aesir* can already resurrect and conquer.

Then, after the shift in the Axis of the earth, when *Gerda* had begun to revolve backwards, Wotan changes the direction of the Rightwards Swastika and makes it Leftwards, moving it from right to left to be able to retrace the steps of his warriors in the direction of the Origin, going away from this hard earth towards the Morning Star, towards the Black Sun, towards the Green Thunderbolt, towards something never dreamed not even by the greatest utopians... Because now the Hero, Warrior, *Vīra*, does not follow in the steps of Wotan himself, finding himself compelled to discover only an unknown road, never trodden and that does not lead to what was once his Home. Never to return to *Paradesha*, nor return to go back to the Orphic Egg...

Neither by sea nor by land shall you return to Hyperborea...

#### FIVE, FIVE, FIVE, THE HYPERBOREAN NUMBER

There were other powerful Signs, with action in the subatomic spaces, in anti-matter, in the spirit. With them the first Divine Warriors, detached from the primordial Egg, began to fight and work. Pre-Runic Signs that the most powerful and ancient Warrior Order in the Universe still preserves and transmits to some very few elect on earth. The New *Futhark* of Wotan is also a weapon and magic-symbolic language.

Avris, or Arbaris, took these Signs to Ancient Greece to protect the Three Norns of Apollo with them: Opis, Arges and Allouine. *Ar-Bar-Is* is itself a name composed of three Runes (the Three Norns). *AR* is the Rune of the *ARYANS*, *BAR* is the name of an Egyptian runic God meaning Force, Mountain (because Mountain is *AR-i-o - e*). *IS* is the Rune of *Is-Is*, Wife of Osiris, in turn a runic complex: *OS-IR-IS*.

Because the City of *Asgard*, also *Agartha* and its capital *Shamballa*, City of the Caesars of the legend of the South Pole, sank beneath the earth when Hyperborea disappeared under the North Pole, Continent of the Spirit and the Gods, with Ultimate Thule. Only *Mitgard*, Abode of the ancient Germans, Garden of the Nordic Roses of Germany where Siegfried and the legendary *Aesir* lived, remained for a while longer... Alas! too briefly... The Third Reich of the *Führer*, Adolf Hitler, was a reflection, a mirage from fabulous *Mitgard*, a meteoric flash of the Golden Age...

□ □ □ □

The signs, *mudras*, *mantras*, notes and numbers carry with them the magic and miracle of shaping and resurrection. They are the Aryan Hyperborean Kabbalah, *Hiranyagarbha-Kabda*, *Sthula-Kabda*, that the Jews, come from Asia, knew poorly along the Rhine, thus changing their meaning and destiny. They are names that are also numbers, but archetypal numbers; not Semitic numbers that divide and subtract, destroying totality. The Kabbalah of Orphic Numbers, *unus mundus*, enchanting Nature, transfiguring it and re-uniting with the animals, birds, fruits and plants, with men, Heroes and Gods.

By means of Aryan numbers, Roman numerals, we shall try to give an idea of what this Kaballah has been. The Polar Hyperborean Number is the Number V, the *MAN* Rune of Life - *y*. Man with open arms extended upwards in the instant of the demiurgic Explosion will open a window-wound in the pre-Cosmic Egg. He and she escaping through these window-wounds fall through abysmal spaces head first, with arms also opened. A number V inverted, the *IR* Rune of Death (These are the two positions of the giants I saw in my vision of adolescence in the Andes of my country as I have described in several of my books). The two united Fives form the number Ten (X) of the Romans, the *Hagal* Rune of Wotan and Xristos-Baldur - \* , symbolizing crucifixion in

demiurgic matter and the possibility of Resurrection with recovered totality: man and woman, life and death, Androgyn. Esoterically this means Mystic Death favored, and Magic Resurrection. This Rune must be completed by the Eight-Pointed Star, the *Veneris* Rune of Hitler (born in the month of Venus, April), of the *Futhark* of the Ultimate *Avatar*, Esoteric Hitlerism, to achieve the transmutation and creation of Absolute Man and Woman, the Superman, *Sonnenmensch* of S.S. Initiation.

The *Hagal* Rune - \* , or Six-Pointed Star, has been robbed and falsified by the Jews as well as by Semitic Christianity, transforming it into the Star of David and the Fish Sign of the Vatican, Christ Judaized. But this is also the Rune of Greek Xristos that unduly and under influence of Roman Christianity replaces the *Odal* Rune o of Wotan, the *Kristos* of the *Externsteine*, crucified on the *IR*-minsul of stone, on the Mystic Mountain, then prepared to be the Ruler of the Age of Pisces continuing from those of Aries, the Ram, the Golden Fleece, the Initiation of Mithras. (See my book *The Resurrection of the Hero*). This Sign must have been the Solar Fish, Leviathan, saving the *Futhark* in the waters of the Flood along with the *Odinic* Tradition, in the *AR-KA* following the sinking of Atlantis and the Poseidon Civilization of Magic *A-Mor*, the Bride-Groom.

If Resurrection in Aries is fulfilled in the Nine Nights of the Crucifixion of Wotan and during Pisces in three days, then during Aquarius resurrection must be in Five Days and Nights. As already mentioned, this is the *Hagal* Rune \* , Magic Life (the *Man* Rune) and Mystic Death (the *Ir* Rune), reunited and consciously imagined. But to achieve the totality of Absolute-Man with an I conscious of Self the *Hagal* Rune must be completed with the Rune of Esoteric Hitlerism and of Venus-Lucifer, the Double Star of Morning, Two *Hagal* Runes reunited in the Eight-Pointed Star - . The *Veneris* Rune, Venus, symbolizing Absolute Man and Woman, HE-SHE and SHE-HE, reinvented, recreated artificially and consciously with an I and Faces (of the *A-Mado* and *A-Mada*). More than Person, Personality.

This is the Resurrection of Baldur fulfilled in the moment when the Androgyn, already crucified, hanging on the Tree of his Spinal Column, on his yet non-regenerated Axis, is wounded by the Lance of Longinus, or by the Fire Dart of the Zodiac Centaur, the Fire of Odin and the *Shakti Kundalini*.

[Translators note: These mysterious places correspond with various locations that can be at least partially identified with events vaguely known even to recorded history. The translator will here briefly hazard to speculate about some of them and perhaps thereby humbly assist readers with their own contemplation of these deep mysteries of our remote Aryan past.

The most mysterious place must be First Hyperborea. This can be identified with the place of origin of everything noble and spiritual, the greatly mysterious heaven of the first day said to be filled with splendid light, the empyrean heaven or *caelum empyreum*, in which all the predestined Aryans share by virtue of their *doppelgänger* spirits, sometimes also known as guardian angels, whose origin is in that supremest place of the natural cosmos, the First Hyperborea, *Asgard* and *Agartha*.

To our more rational understanding the Second Hyperborea would be the Proto-Nordic European Paleolithic which might also correspond with the Biblical Eden of the Book of Genesis. The Third Hyperborea might correspond with the Atlantis of the Aryan Indo-European Homeland before the Black Sea Flood of circa 5600 B.C. The Comet Phaeton that destroyed the last remnants of Atlantis would correspond with the Aegean volcanic eruption of Thera or Santorini in 1628 B.C.

The Gobi civilization seems to be associated with the Swastika City of Arkaim from the 17th to 20th Centuries B.C. along with many other archeological discoveries made in recent years throughout the Gobi region.

Fourth Hyperborea corresponds with the Heroic Bronze Age of the Eddas, Vedas and ancient Troy.

Fifth Hyperborea would then correspond with our Indo-European Iron Age and Thule might also be Iron Age Ancient Scandinavia, with Ultima Thule being perhaps ancient Norway, including that remotest far edge of ancient Norway, the Iceland of our written Eddas. Hence Thule is the ancestral homeland of our historic white European nobility of blood.]

## La Plasmación Terrestre

TERRESTRIAL PLASMATION OR METAMORPHOSIS: (refer to diagram p. 102)

The divine She does not mix, and when she descends to earth she is a Maga virgin priestess, teaching Magic A-Mor. She is the fifth-born.

The legend tells the first mystic wife of Lucifer was Lilith-Freya

Fallen to earth:

He, Wotan Lucifer comes down to earth in search of his She.

He mixes with the earthly she (remaining prisoner of the Demiurge), animalized Eve.

Procreation: *Vîra* - Hero - Giant. Semi-divine. Non-divine daughter of men.

Only the *A-Mor* of a *Vîra*, a semi-divine Hero, with a woman *Aesir Yogini* of the *Tantric-Odinic* cult can transmute the hero into Absolute Man, into Sonnenmensch, into Sun-Man.

Fallen to earth:

She - woman *Aesir* - yogini - Lilith - Medea - Allouine - Arge - Opi - Papan.

Her son is the 'Son of Man,' a product of the mind, made pregnant by the *Vîra* in *Magic A-Mor*.

She has impregnated the Hero, leaving him pregnant. He has been ins-pired. (Implosion).

She rarely incarnates on the Earth and when she does then only for a very short time.

(Shekinah), the Serpent of *Paradesha* and the Valkyrie Brunhild, freed from her prison of flames. The Heart Rune or chakra has been reactivated, that Golden Apple from the Garden of the Hesperides. And the Tree with its fruits will glow like the Firmament, with all the empowered Zodiac Houses. The Hero has become rounded, like a star, like a *Vimana*. *Eine Sonne*, a Sun, a *Sonnenmensch*, a Sun-Man. He has been Re-suscitated, and She also.

Throughout this process, or Mystery, it can only be understood in this book as the symbolic message transmitted to us by Venus-Lilith-Lucifer, the Double Star of Morning and Evening, *Oyeihue* and *Yepun* of the Araucanians. Baphomet, the Templar; Abraxas, the gnostic; Quetzalcoatl, from pre-historic America; the twin warriors, Ashvin from heroic Vedic India; the Discorsi, Castor and Pollux, from the Greeks; and Cautes and Cautopates, from Mithraism. Also, He and She united and separated forever. The Eight-Pointed Star, in the Chilean Flag, with Mapuche influence. The Two Templar Warriors, riding a single steed. The Horse Sleipnir, Eight-Legged, for Wotan and Kalki-Hitler, the White Horse of the *Ultimate Avatar*.

In Runes, in Archetypal Signs-Numbers, *Hiranyagarbha-Kabda*, the Drama of Partition, Crucifixion and Resurrection is expressed through Runes thus: *Man* - y, *Ir* - 7, *Hagal* - \* , *Veneris* - (or Double Rune *Hagal*.) The explanation of the Number V as the Aryan Number of Hyperborean Kaballah, *Hiranyagarbha-Kabda*, will be given below in the Signs of Orphic Mathematics, a Fugue in Counterpoint from HE-SHE to SHE-HE. Flight and intent to return to an Origin on the other side of a Mirror. Tantric Alchemy, Esoteric Hitlerism, Hitlerist Orphism...

The 'she' who descends to earth was taken prisoner by the Demiurge. Although only a small portion of the She of HE-SHE, she cannot be whole in a single body nor the archetypal form of earthly woman, except in many bodies at the same time. Therefore He seeks her in every woman without pacification or completion, except in an act of renunciation or interiorization of 'she.' In other words in Magic *A-Mor*, Magic Love. The imprisoned 'she' of the Demiurge, animalized, is Eve, leading to animal love and the procreation of the son of flesh. She unites in demiurgic love with the 'he' of SHE-HE, both prisoners at the same time of the Demiurge, thus giving birth to the human animal on planet earth, to the ephemeral, the mortals: Papageno and Papagena. The *Aesir* have mixed with this animalized humanity, 'falling in love with the daughters of men,' perhaps discovering there a spark of divinity from the origin of HE-SHE still surviving through the long exodus and the catastrophe of partition and loss. The product of this defeat, this 'racial sin,' is the Hero, *Vira*, giant, half God, half man. But for HE-SHE only the sons of masculine sex (*Yang*) would be semi-divine, not the daughters (*Yin*) since the feminine of HE-SHE lacks ontological reality with immortality, as we have seen. In HE-SHE 'she' can only be immortal with HE. Similarly, but in reverse, this also happens to SHE-HE. Still, the Roads of the Feminine and Masculine Eternity are opposite, not only in their substances but also in their forms. And this is the same with She, going out in search of her 'he' set loose or escaped from SHE-HE, a woman *Aesir*. They very rarely descend to earth and never mix with animal-men, like the men *Aesir* may do. The He of HE-SHE, with animal-women, with imprisoned Eve. Myths and legends tell us of Goddesses possessed by swans, raptured by bulls and centaurs, fabulous beings, forces-images, but very rarely by men.

On distinct levels of the demiurgic Universe the *Aesir* men may meet with *Aesir* women, but only here on Earth, with incarnation and mixture, is it possible to realize with She the Magic *A-Mor* and achieve the Conscious Individuation of Self with a confirmed I immortalized by means of the renunciation of human love and having interiorized the earthly woman. This is only done when this being is torn between pleasure and pain, light and darkness, between God and an animal, product of the mixing through the love of the Divine Gods for 'the daughters of men:' the Hero, the *Vira*.

Divine women incarnate little on this earth and if they do then only for a briefest time uniting *A-Mor* with Death (Eurydice, Allouine, Beatrice). They are virgin Hyperborean Priestesses of Magic *A-Mor*, the Odinic Cult. In general they remain in *Valhalla*, outside, or in the Inner Earth, inspired from there by the Heroes, fighting within their hearts awaiting their reunion in the Afterlife.

Thus by solidarity with HE-SHE, with the masculine *Purusha* (demiurgic mechanistic science would call this a chain reaction), HE-SHE breaks his primordial Egg, because his honour was called loyalty, in the same way when HE achieves immortality in the Combat of earthly *A-Mor*, SHE will become immortal in HE because SHE has fought within HE, as the Songs of *Minnesänger* say. Here we have the grandiose and delicate Mystery of the Conscious Immortality of the Eternal Feminine.

Meanwhile, on earth and only on earth, the God has given life to a Hero with an I. On this Hero now weighs down an immense burden of having to combat and triumph here, ending a very ancient Drama and a War now coming to fulfillment in the Race and Destiny. In the Eternal Return.

The women the Hero finds here were his daughters, or his sisters, products of the first mixing of the *Aesir* with 'robot-women' on earth or with the most ancient prisoner of the Demiurge, with the escaped 'she' detached from HE-SHE, with that portion without ontological reality and animalized on this orb. [When the Demiurge succeeds in imprisoning a He of HE-SHE and a She of SHE-HE (in capital letters), he does not cage them in an animal-man, or animal-woman, like with the 'he' and 'she' that escape from these *Monads*, but instead he imprisons them in a masculine *Aion* or a feminine *Aion* like Saturn was caged in Kronos and *Gerda* in the Earth. Imprisoned stars corrupted by the Demiurge.] When mixed, the male *Aesir* have not kept their divinity ('a soul' as

medieval theologians would say) because He did not 'breathe' a soul into the woman-daughter, but only into the Son, in the *Vîra* or Hero. However sometimes under the power of a Hero-Initiate, an *Armanen*, he manages to give a soul to this earthly Eve, transmuting her into Lilith with the Power of Odin's Magic, the Runes. With an idea-variation directed by the Will. Applying the same strategy to the Demiurge, conversely this would mean to divinize the animal, to mutate it and free what had been enslaved in the abyss, 'to descend to Hell.' To make a dog into a God.

As we have said, more than one humanity exists on earth:

- i. The animal-men, or rather the 'he' and 'she' escaped from HE-SHE and SHE-HE, made prisoner and animalized by the Demiurge on this earth. They do not have what is called soul, losing their small ontological reality.
- ii. Nor do the mere product of this first animalized pair (Papageno and Papagena) possess a soul. They continue being animals, with forms of men. The *Sudras*.
- iii. The mixture of these women imprisoned and animalized on earth, these *Sudra*-women, with the divine *Aesir*, gives birth to the *Vîra*, the first Giant-Heroes, both Gods and men. They have souls because the *Aesir* have provided them. But only the Hero-men, as we have seen.

From here, from this crossroads, from this Noontide of Eternal Return as Nietzsche would say, Two Roads bifurcate, one up, that of Transmutation into Sun-Man, *Sonnenmensch*, Absolute-Man, Total, into Superman, and the other down in the involution of the Hero, Warrior, *Vîra*, semi-divine, already mixed among themselves by giving birth to the son of flesh or *Sudra*.

The Heroes destined to triumph possess only the power of their Will to help them and must remain chaste with the chastity of the Sacred Warrior, sterile outwardly so as to procreate the Son of Death, *Lingasarira*, Astral Body, only within, fighting to awaken 'remembering the blood.' This is Resurrection.

## TERRESTRIAL SHAPING

We mentally unite the masculine and feminine, life and death, the *Man* Rune - **y** and the *Ir* Rune - **7**, coming to form the *Hagal* Rune - **□**, the Androgyne. Enclosed within this circle is the *Vimana*, Flying Saucer: Baldur resurrected.

Just as the *Yin* in the Orphic Egg broke out through solidarity with the partition of HE-SHE, the *Aesir* will also in solidarity reach total consciousness, transmuted into Absolute-Woman, simultaneously with the *Vîra*, personalized into He, resurrected, immortalized. The Hero immortalizes her, restores her eternity (because his honour is called loyalty) sparing her crucifixion and mixture with animal-men. She only possesses the *Hero-Vîra* mentally, and he is only given to her mentally. This is the Mystery of the Adoration of the Black Virgins, *Is-Is*. In democratized gregarious Christianity this corresponds to the Marian cult of the Jewess Virgin Mary, in Sanskrit, *Maya*.

In *Valhalla*, in *Asgard*, beneath the earth, or outside on the Morning Star. He is married magically with She, united and separated forever, in the ceremony called *Gandharva*, in Sanskrit. Thus 'The Triumph' over the Demiurge. The recovery of Totality with the immortality of the I.

On no longer being caged in a circumference, they are able to break the Circle of Eternal Return and are free to separate and unite themselves forever after in something never dreamed nor imagined: Absolute Man and Woman.

The Triumph over the Demiurge.  
Recovery of Totality, with the  
immortality of the I.

On not finding them-  
selves enclosed with a  
circumference, they are  
free to separate and unite  
forever after, in some-  
thing never dreamed nor  
imagined: Absolute Man  
and Woman.

The *Hagal* Rune of Absolute-Man had to be crossed by the Arrow of the Centaur (the Pharaoh's Scepter, *Uraeus*, Phallus of Osiris, which is Seth, the *Sieg* Rune -  $\Sigma$ ) Lance of Longinus, Dart of Eros, who is *A-Mor*, the Magic Death, initiatic, in the Crucifixion on the Tree of the Spinal Column, the Polar Axis returned to its original position, on the *Ir-minsul*, Tree of the *Ir* Rune - 7, and Magic Death, so as to thereby achieve the re-union of Two Androgynes, one *Yang* and the other *Yin*. Absolute Man and Woman, thanks to the combat and triumph of the Hero, to the Crucifixion and Resurrection of Baldur.

They are II (two), Androgynes in I (one), in effect, two pairs of opposites that are IV (four), plus the Unity they comprise: equaling V (five). The Hyperborean Numeral, in the end as in the beginning, HE-SHE and SHE-HE: V, V, V (Five, Five, Five).

In this way, without ever entering again into THIS ONE or into THAT ONE, without again losing THERE, Absolute Man and Woman, according to the experience of Esoteric Hitlerism, well able to give a Face to the differentiated, depersonalized *Monad*, to HE-SHE and SHE-HE, making them, in some way, also conscious of Self, illuminating the darkness of the Great Predecessor.

The Warriors of Esoteric Hitlerism will have defeated the strategy of the Demiurge, redeeming and transfiguring Nature anew, the *Aions*, especially Satan, destroying Yahweh-Jehovah, dissolving it into its Nothing.

Because the *Aions*, as well as the stars and planets, are the divine He and She imprisoned by the Demiurge, seduced by his astuteness into his most subtle plans beneath the heavens (from the fifth heaven downwards) in a universal corruption and plagiary, while the *Aions* fell down through these spaces in search of their she and he.

#### BEYOND THE GREEN THUNDERBOLT

For such a triumph to be achieved on this earth and in the Rounds of Eternal Return, He must meet a divine She, that solidary She that by *A-Mor* without love, by loyalty, from the

remotest spaces, from beyond time, accompanies him in his Drama falling down into the Universes of Fate risking thereby everything in Adventure and Exodus. And She will bear him a Son in He, Horus, Son of the Death of *Os-Ir-Is*, Son of Man and Immortality.

The Pilgrim Warrior who reads in these pages what has been here expressed in Runes, Signs and *mudras* will not escape the need to enter into the depths of the concentration of *Kaiválika*, an ecstasy without the loss of person-hood, nor of I, beyond the Subconscious in the Super-consciousness, Trans-consciousness, the Translucent by means of Absolute Will (*Shudibudishvabhava*) and from it able to invent everything, create everything, re-create everything removing it from an in-existence similar to Nothing, thanks to Blood Memory. Because everything has Already been imagined before more than once and by we ourselves or by someone else in the Eternal Return. Someone who has worked with imaginary numbers, an Aryan quantum science not Judaized. They have gnosis that the most true is always a product of imagination and the Creative Will, an Invention, but not (thou) man, but something that transcends the human, expands the human (in Meaning) so that the human becomes more real or more true than all visible reality or than is seen by the eyes of earth. Even when Invention is also everything visible and invisible and when only what has most Meaning becomes the most true. Re-created, re-invented by the Magic of Absolute Will. Thus, therefore, Esoteric Hitlerism is pure invention and creation and all religion (Re-union, *Religare*) in these worlds, re-creating itself today through me (as tomorrow through others) or because Someone invents it utilizing me. Before or after. Since time does not yet appear in these blazed territories. Being thereby Invention of the Divine, the God-Man, as Otto Rahn could have said, that S.S. Cathar who went away too soon.

We conclude then the Hyperborean Number V (Five) does not exist and is an imaginary number, an Invention, since this numeral can only be seen here as five just like the Green Thunderbolt is not green, being a Potency, a Meaning in Aryan Kabbalah, *Hiranyagarbhabhakabda*. A magic symbol collaborating in the also imaginary process of the Partition of the Orphic Egg, the Loss, Death and Resurrection of Baldur. The Crucifixion of Wotan.

Therefore the Number V is also the Star Venus-Freya, Star of Morning and Evening, Wotan-Kristos-Lucifer. The Number of Magic *A-Mor* and Esoteric Hitlerism, Hyperborean Number of the Aryans, the Re-born, *Re-che*, Numeral of Adolf Hitler and the Mystery of the *Führer*.

## INVOCATION

Very early, when the Morning Star, Oyeihue, suavely delivers his message of light, while extending your arms towards She:

### **Second Part:**

*“What is truly important  
about popular tradition  
is that it is not from the people.”*

### **THE GOLDEN FLEECE: THE LEGEND OF JASON**

To every true warrior of the Gods is given a comrade. Jason called me comrade in my youth. And when he died, very young, because those the Gods love die young, I repeated the Song of the Comrade next to his tomb: “If you sleep, I watch over you; if you fall, I keep fighting for the two of us...” Thus I feel the legend of Jason is also mine, because the comrade and I are one so if I should find the Golden Fleece Jason would also find it within me. Because I am Jason. All warriors, all *Viras* are.

□ Lamella was Dodona... □ Thus begins the story of Jason. And the most beautiful patriarchal holm oaks grew in Dodona...

On his paternal side Jason descended from Aeolus, the semi-divine race of the Aeolides. Zeus entrusted the control of the winds to Aeolus. And he pleased Zeus so well that, instead of sending him to the land of the dead, on completing his time, Zeus gave him a seat of honour in Lipara, Isle of the Winds. There Aeolus remained seated motionless, in the posture of the immortals.

Jason was the son of Aeson and Polymedica. Pellas had deprived his father of his kingdom of Iolcos. When Jason was born his mother feared for his life and gave him into the care of the Centaur Quiebra, so the latter would raise and educate him in his cave, together with his wife

Philira. This Centaur was a famous teacher in the ancient world; he also educated Achilles. It is not difficult to understand this is an archetypal legend, recurring and with a zodiacal synchronicity, also found in the *Road of Iring*, the Milky Way, and in the *Nibelungenlied* and the History of the *Gral*, all of which took place here on Earth. Baldur will be pierced by the Lance in the constellation of the Centaur. In many sacred histories a tyrant sends death to the innocent. So it is with Krishna and the tyrant Kansas, with Christ and Herod and the same could happen in the legend of Jason as well. Mothers are always saving them by sending them away, into the care of relatives or mythological beings.

Moreover, those saved are not the innocents, the 'sons of flesh.' They are sacrificed to permit the development of the Son of Man, the Son of Death. In the legend of Jason this does not happen at the beginning, but at the end, when Medea destroys her 'natural offspring.' We shall see.

The Heroes of such ancient times, in the Age of Aries the Ram, are semi-divine *Viras*, sons of the *Aesir*, and in Greece they belong to the Polar Nordic race of the Dorians. Of course they were blond and blue-eyed.

Before the birth of Jason another descendant of Aeolus, Father of the Winds, by the name of Phrixos and cousin of Jason, had fled from the kingdom of Iolco taking to save himself a fabulous Ram (we are in Aries) with golden skin. The possession of this animal guaranteed the prosperity and stability of the realm. With the departure of Phrixos misfortune fell on the land. Zeus would no longer dispense his protection to the kingdom.

When Jason comes of age he asks Pelias to restore him to the throne. The latter declares he will only return it when Jason recovers the Golden Fleece. He was sure Jason would never return from that venture, since Phrixos has taken it to the other end of the known world, over the Black Sea, Pontus Euxinus, in the lands of Aia, which means 'on the left-side of the sun and moon,' where Aetes, son of Helios, the Sun, is reigning. Aetes received Phrixos and, to keep the marvelous Fleece, married him to Calcione, his daughter. The Ram was offered up to Zeus in sacrifice and his skin was hung from the copse of a holm oak in a sacred forest, in Aries.

Here we have a stellar Drama, the sacrifice of the Ram, or Lamb (the Lamb of Kristos) in Aries, at the end of the Golden Age. The Fleece, Treasure of the Runes, was kept on the *Iggdrasil* Oak, the Polar Column of the Crucifixion of Wotan, on the Tree of Terror, in Aries, as would Xristos-Baldur, the Son, be again at the beginning of Pisces.

To go in search of the Treasure that will regenerate the Kingdom, the devastated land (*The Waste Land*) of the *Gral*, Jason organizes an expedition in which the principal heroes of the ancient world take part, the semi-divine: Orpheus, Castor and Pollux, who are Zetes and Calais, the twins of the sky, sons of Borcas the North Wind, Linceus the watchman's eyes of the 'lynx'; Tifis, Telamon the most famous pilot of the classical age; Telamon and Heracles-Hercules, who will leave the expedition to pursue his own adventures, going to free Prometheus in the Caucasus. He will also find his alchemic gold in the form of an apple, in the Garden of the Hesperides. Jason and Hercules will steal the Treasure, in effect, forcing Immortality. Each will find the apple on a Tree (the Spinal Column). The Golden Fleece was left in Colchis, the strange land of Phrixos' exodus, never to return to his native land. A terrifying Serpent of Fire (*Kundalini*) guards it, coiled around the trunk of the Holm Oak of Hyperborea, as it was around the Tree of Paradise and, certainly, in the Garden of the Hesperides. And as it will be around the base of the dorsal spine of the Hero Initiate. In the Forest of Aries.

In truth the destination of the Argonauts was never known for sure after they left the port of Pegasai in Ancient Greece. I think the destination would be Thule, in Hyperborea, already circled by mountains of ice like transparent glass, perhaps in *Greenland*, the Green Earth, a little further on, or perhaps beyond the glaciers, the ancestral fatherland of the Dorians.

The number five of Hyperborea is represented in the fifty-man crew of the Argonaut's Ship, each with a mythic personality. Jason was the son of Aeson, son in turn of Tirus and Poseidon, king of Atlantis and Thule, capital of Hyperborea. The bridegroom who celebrates his wedding there eternally. The Ship of the Argonauts is named *Argo*, the White (the White Race), I believe due to

the Hyperborean priestess Arges [And named for Argos, artisan-builder of the Ship, also one of the Argonauts.] who celebrated the cult of Apollo in Delos together with Opis and Allouine singing verses of the Lycian bard, Olen. And then Orpheus, plucking the lyre (with seven strings, seven notes, seven planets) of the stars with the music of the spheres, *Hiranyagarbha-kabda*, the *Art of Fugue*, rune number, (*Die Meistersinger von Nürnberg*) 'The Magic Flute.'

Argo and Athena, born from the Mind of Zeus, will build the transpolar Ship, Argo. A mascot in the shape of a Nereid was carved on the prow of the Ship, foretelling destiny and carrying the oracle of Zeus. Built of carved planks from the holm oak of Dodona, that was Lamella, Tree of the Aryans, those born two times, because that Vessel is also the *Caleuche* from the South Pole, as is *Wafeln* from the North Pole, carrying the Man to Come who will re-come, resurrected. And with the Ultimate *Avatar*. The Ghost Ship of Antarctica and the Arctic sailing through the sea of constellations and beneath the waters with all lights, chakras, blazing.

What is above is below, what is within is without. Synchronic histories, simultaneous, solidary, first happening on Olympus among the Gods, which means in the Zodiac where the stars are Gods, imprisoned *Aions*. All these legends have a common background. *Gral* is a name first read in the stars, according to Wolfram von Eschenbach, and the legend of Jason is the legend of the *Gral*. The adventures of Heracles-Hercules are similar to those of Jason. But more ancient still is the Crucifixion of Wotan with the re-encounter with the Runes (Fleece, *Gral*), the Crucifixion of Baldur-Kristos. Julius Evola gave the Tradition a polar origin. I see further, believing the History that repeats surging from the blood memory of heroes is from the partition of the pre-cosmic Egg, Orphic Eros, as the loss and attempt to recover of a Power we have called *Odinic* (from Odin) and which is the loss of totality of the Androgyn, the *Purusha*, of HE-SHE and SHE-HE. The recollection of First Hyperborea, *Paradesha*, a second quantum more here than the Orphic Egg, but also a second quantum beyond the Green Thunderbolt.

And this nostalgia is not only earth-bound, since we also divine it in the stars.

Shortly before the departure of the Argonauts a monument had risen in Pegasai dedicated to Apollo, Hyperborean God, protector of navigators. There Arges intoned his hymns to that God who traveled to Hyperborea every nineteen years, to rejuvenate, resurrect, like Vishnu in India. And there Orpheus also plucked his lyre and sang verses full of nostalgia for everything lost, recalling the isles of the blessed, the Happy Isles, *Sveta Dipa*, the Highest White Region, now surrounded by glaciers of death, the farthest Home, beyond the stars. The first telling of the Myth-Mystery of the partition of the pre-cosmic Egg is attributed to Orpheus. Sung for the first time at the departure of the Argonauts to reassure them in their adventure in search of the Golden Fleece, a grandiose attempt to recover lost wholeness, lost immortality. Orpheus the poet excites the Heroes of Eternity describing that place that exists beyond the winds of Boreas, since only Orpheus knows the way through Hades for having lost Eurydice. And his 'Canso' will come down the ages in the Eternal Return to all those in the same adventure crew on the *Argo*, the *Caleuche*, Argonauts of Esoteric Hitlerism, *Minnesänger* in battle for the recovery of the Golden Fleece, the *Gral*, Wholeness. In search of the Risen One, Absolute Man, Immortal.

I am the brother of Orpheus, his twin, because like him I have lost Eurydice. I am He.

And the *Canso* of Orpheus at the departure of the Argonauts in those so ancient times from the port of Pegasai standing there on the prow of the Ship Argo plying the waters of the Aegean towards the unknown sea is the song we are intoning here. Dedicated by Orpheus to the Double Star of Morning and Evening, Guide of the Navigators and Seekers of the Goddess Aphrodite-Eurydice, and Apollo-Lucifer also.

The Orphic Myth is the idea of Esoteric Hitlerism that in this Round of Eternal Return Orpheus submits to Adolf Hitler for his Warrior-Priests to reveal on the centennial of his earthly incarnation, before departing again on the Ship *Argo*, the *Caleuche*, to rediscover him and joined with Him to be re-born on the Antarctic ice.

## JASON AND MEDEA

We have here the most wonderful and divine history. The reunion on the waters of terrifying exodus, loss of He and She. Valid for eternity, for every He and She Pilgrims of Yearning, wanderers through the infinity of time. The Rounds, strange worlds, the demiurgic spaces of death. In *Muspelheim, im Nevel*. In the mists of years and forgetting.

This story recounts all: the undercurrent of Legend and myth reflecting more closely the Drama of the Gods, their archetypal biographies.

It is said Jason and his Argonauts leave the familiar waters of the Hellespont behind to reach the coasts of Thrace before embarking for the Black Sea, coming first to the domains of King Phineus where the darkness begins on the edge of the realm of shadows. The description implies we have left this world and the *Argo* sails through the firmament, or rather the subtle spaces of symbols. Then they must get around the deadly danger of the wandering Blue Isles that move and narrow imprisoning the ships. Only the wisdom of Phineus enables them to make their way through the passage of water the islands open to them. But before they can help King Phineus, who is blind and suffering a great torment, similar to King Anfortas in the *Gral* legend, and to Prometheus in the Cacausus, for identical reasons.

This king was punished by Zeus, because having had the gift of prophecy given by Apollo and being the only one who knew the way to enter and go out from the Kingdom of Death bordering his domains, having gone there voluntarily and returned ('mystic death' of an Aryan, a twice born, a *Re-che*, two-times man), committed the offense of sharing the secret with mortals, animal-man, like Prometheus did when he shared *Kundalini*, the Fire from Heaven.

The punishment Zeus has inflicted on Phineus, in addition to blinding him, is the bird-women Harpies (like the *Tue-Tue* in our Chilean fields) that devour their food leaving only rotting remains. When the Argonauts arrive the king just barely survives. And the sons of Boreas, North Wind of the Ancient Pole, the twins Zetes and Calais, Castor and Pollux, one mortal and the other immortal, are the ones who fly faster than the Harpies that they scare away forever. The power of the North, the Ancient Pole, the Wind of Hyperborea, destroys the Daughters of the Desert. So too will the Aryan Forces do with the parasitic Enemy.

Phineus-Anfortas is freed from his torment by Jason-Parzival and his Argonauts, those knights of King Arthur in the ancient world. In gratitude Phineus reveals to them the road through the dark kingdom of Aetes beyond which they will find the Golden Fleece. The passage through freely accepted Mystic Death alone makes it possible to rediscover the Gold of Resurrection. And it is a *Canso* of Orpheus that frees them from the Blue Isles, leaving those islands immovable for all time.

The classical poets relate this Adventure because they are nearer to the sea of blood memory, where the Argonauts also sailed...Where are those divine heroes now, where those golden times that made Hölderlin die of nostalgia and my young comrade of youth? And the Blue Isles and the *Cansos* of Orpheus and his Beloved Eurydice?

The Argonauts come to the isle of Trias to witness there the wedding of Apollo with Selene (Sun and Moon). Brilliant light also blinds their eyes because Apollonius is the legendary sun, the Polar sun before the orb was made prisoner by the Demiurge. I think this abandoned island will be in fact Helgoland, perhaps Greenland in the Arctic regions, since the wedding of Poseidon, the Bridegroom, he who is King of Hyperborea, is celebrated there. And there Prometheus and the Eagle were seen flying over the high Mount, surely the Mount of Revelation, in Polar Midnight. Heracles-Hercules here saw the Argonauts out, so to continue his own particular adventure in search of the fiery lilies that blossomed at the feet of the giant Prometheus in his torment, and the golden apples of the Garden of the Hesperides. He went in search of his Fleece to recover his own unique Hyperborea. But Heracles also fell like so many other Aryans before and since betraying their lineage. After freeing the Titan Prometheus-Lucifer, on the snow-covered alpine heights

('where the fire lilies of Eternal Love bloom') like Jason freed Phineus and Parzival Anfortas, agreeing with the Enemy to destroy the giants.

The first example for every warrior and hero, since celestial Hyperborea fell, is Lucifer-Wotan-Apollo hurled down with opened arms and head first, with the *IR* Rune, left chained at the North Pole where he is tortured by the icy blasts of God Boreas, like Prometheus by the Eagle of Zeus. He remains crucified on the *IR-minsul* [*Irminsul* for the Germans; *Iggdrasil* for the Scandinavians] until he frees himself by himself with the Runes, especially with the *GIBUR* Rune, the last in the recovered *Futhark*. Then Baldur-Jason the Son will brings completion, making the *Gibur* Rune rotate in reverse, leftwards, through his Resurrection - **X**. And the Resurrected One on the *IR-minsul*, named *IR-min* (*Ermann*, the Cherusco).

In truth, the one who has gone to the end to make all this possible has been the *Führer*, Adolf Hitler, adopting the Leftward Swastika - **X** for his Combat, the Swastika of Resurrection and Wotan-Lucifer, built from the same wood of the sacred Holm Oak of Dodona in the prow of the Ship Argo, golden legend of immortal heroes, Ship of Return. *Caleuche of the Man to Come*.

Jason finally arrives at the palace of Aetes after crossing the painful land of shadows and voluntary death. The Flute of Orpheus, like the Magic Flute of Pamino (also the *Kundalini* Serpent in the spinal column of the Initiate-Hero, the Hyperborean Pole Axis, the *Linga-Phallus*) to be erected by his sounds or notes (seven notes, seven chakras) empowering the passage and re-turn of voluntary Death, Re-surrection of the Hero (still in D minor, the second chakra). And thus we find Jason beside Aetes, the unworthy holder of the Golden Fleece, Keeper of the Treasure and Threshold, who will not deliver the Fleece without passing the mortal tests of Ultimate Initiation (in Ultimate Thule), like Hagan was with Siegfried.

Anyone familiar with Greek music (ignoring what Orpheus' music was like, being the Rune music of the archaic *Futhark* taken from the catastrophe of Hyperborea) as well as Aryan Indian music, knows they have more notes than the Western music of today, almost inaudible to our ears. These are the Old *Futhark*, corresponding to the archaic brain, inactive for lack of use. (Hitler made it work anew.) There are more chakras, or centers of distinct awareness, which the Initiate-Hero must reactivate in Esoteric Hitlerism, like in Ancient Egypt and the Mysteries of pre-classical Greece.

Music is one of the most sublime expressions of this initiate truth. Mozart seems to have known, in the way great Aryan musicians know these things, with blood memory and without reaching their waking consciousness. Therefore the Myth and Legend of Jason is *The Magic Flute* of Mozart. It has been said music lacks the ability to transmute because it dissolves into diffuse feelings like the sea. But those who hear music know that in deepest concentration, or ecstasy, an involuntary sigh exhales involuntarily. In German *Geist* is wind, sigh and also Spirit. That is, Spirit is a wind, a sigh. Thus one says of the dying: "He sighed his last." "He gave up his Ghost." And music alone has the ability to cause such a profound sigh because music is essentially related to pure Spirit. And to Wotan, God of Wind. So Music in some imperceptible way becomes spiritual. Germans are the great creators and lovers of Music because they are spiritual.

Esoteric Hitlerism works with more chakras, with the *Futhark* of Wotan, with sixteen Rune-Notes (the *Futhark* from before the destruction of Hyperborea had twenty-four), with 'centers of consciousness' appearing in the ankles, knees, hands (the 'nails' of the crucifixion of Kristos symbolize them) and whose mantras I know, being those of the Hyperborean Egyptians before Ramses. When all have been activated the Re-suscitated Hero becomes round, a *Vimana*, propelled by the Music of the chakras in D Major. Their chakras have been re-activated. But he still lacks an ultimate transmutation step. He must rise to the *Veneris* Rune, the new Rune of Aquarius discovered by Esoteric Hitlerism, the Eight-Pointed Star: Absolute Man and Woman.

The end of Esoteric Hitlerism, with all the inaudible notes of Orphic Music, *Hiranyagarbhakabda*, or *Stula-kabda*: Aryan Kaballah.

The Rune *Futhark*, Orphic Music, is the same legend expressed in signs and notes. And that is why the chakras are reactivated with mantras, music, and sounds. Chakras, in truth, are the ancient brain (or brains) that has fallen from use after the sinking of Hyperborea, Atlantis. They are a magic synthesis of Myth and Legend told in this book. An extraterrestrial history. Let none fear by this that the Jews could seize control of the Runes and their Aryan symbolism, able to misuse them. The Jews will never achieve this, neither with the Runes nor with Aryan Kaballah, *Hiranyagarbha-kabda*, because those are united with the Blood Memory of semi-divine Heroes and their extraterrestrial origin. Jews do not have this memory or this origin or that blood in its completeness. They are inherently terrestrial, not having 'a foot in Atlantis,' much less in Hyperborea. They are a robotic creation of the Demiurge and could stop being instruments of the Demiurge, the Devil, only by having a very high percentage of mixture with Aryans, the Nordic blood, being by then almost without Jewish blood (something not blood, as we shall see later,) something almost impossible, but not improbable as the unique 'invention' under his exclusive ownership. Jews could alter Rune Kabbalah, trying to have it disappear and be forgotten, but they could never use it to their advantage because they lack the blood coming from an existence outside of this earth, Tradition, the history of Pre-History and bio-spiritual organs with which to be able to hold and understand the Myth here expressed.

The danger lies in Aryans controlled by Jews as their prisoners in their 'front organizations,' corrupted by them, such as Freemasonry and the Christian Churches of every kind, Theosophists, Anthropology, the Rosicrucians and all the pseudo-esoteric societies, apparently manipulated by White traitors and put into Jewish service. In other words, the pseudo Hercules-Heracles who lend themselves to destroy the Hero-Giants, like David (an Aryan Amorite) assassinating Goliath, the Aryan Philistine.

Joshua, also a Philistine, knew the Orphic Music of *Hiranyagarbha-Kabda*, and with one of its Notes, only a single Rune-Mantra, inaudible to mortals, brought down the walls of a city and fixed the Ancient Sun of Hyperborea anew, in high heaven.

□ □ □ □

So it is when Jason is already in the faraway regions of Colchis, in the city of Aia, 'left of the sun and moon,' before King Aetes, son of Helios, the Sun. Let us not forget the voyage of his Ship is also through the firmament. And Jason and his Heroes are one: the Vimana crew, on a UFO, on the *Argo*. And there, in Aia, he finds the daughter of the son of the Sun, Priestess of Hecate, in the Temple of the 'Queen of Night' in the 'Magic Flute': Medea, the Maga, and daughter of King Aetes, Medea-Pamina.

A poem of Orpheus tells this re-encounter, which is also his with Eurydice and the one of Parzival-Feirefiz (the 'double' Parzival) with *Repanse de Schoye*, the Keeper of the *Gral*. Avris with Allouine and every He with every She in the dolorous waters of Exodus, in some Port or Land of Eternal Return, in the immensity of the Rounds.

And He says:

"You have not changed, Medea, you are the same, always the same; your eyes, your clear gaze, as in where an oak forest of Hyperborea barely filters through dense foliage, a ray of the soul; your hands with long fingers that have been forcing the tombstones of your graves of centuries...All this I know almost from memory, yet is ever new for me...How young we are in comparison with the sky! Look at me, Medea, contemplate your divine beauty. Your skin is a cascade of gold, the Fleece and falls down to your waist as from the treetops of an oak forest of Dodona. Your forehead is full and pale like the disk of Selene; your eyebrows are thin as drawn with a brush; your lashes seem like rays of sunlight from the Sun of Gold that gives us premonition of the

Black Sun. When your eyes look at me I am transported into the indescribable world of the Green Thunderbolt...”

She shuddered with a sudden chill. She took his hand:

“The mandrakes are shedding their perfume... Leave behind your land, your waters, your fire, your air, your aether, and your blood. They still do not belong to you, not until you find the Golden Fleece...I shall help you... Why did you take so long in coming to find me, Jason? Why have you left me alone, lost here in these Rounds of Eternal Return...?”

Words like those of *Pisti Sophia* told to Kristos-Wotan-Lucifer.

Oh Gods, lost in the Universes! Who can discern among mortals the meaning of the re-encounter of a He detached from HE-SHE with the She detached from SHE-HE? Tears like planets fall from the eyes and hearts of the pilgrims, Hero and Goddess.

But Aetes did not deliver the Golden Fleece to Jason without putting the condition that he first conquer the Serpent that guards the sacred Forest of patriarchal holm oaks, here revealing to him the profound symbolism of the Legend, its initiatic Mystery. The Serpent coiled around the Tree of the spiritual Column of the Hero: *Kundalini*, meaning in Sanskrit precisely 'coiled,' below at the end of the psychic Column in the *Muladara* chakra 'east of *Swadisthana*.' If the Hero is able to conquer her, free her, if he awakens the Sleeping Beauty in the Forest of sacred Oaks She will ascend through this Column by the three invisible canals of Ida, Pingala and Susumna; the three Norms, or Norns: *Urd*, *Werdandi* and *Skuld*; three *Odinic* Mothers: *Odil* - **u**, *Odal* - **o** and *Adel* - **7** (three Runes); they are also the three Greek Fates, the three Sisters of the Garden of the Hesperides and the *Yewulves* of Mapuche mythology; the three Hyperborean Valkyries: *Arges* (Argo), *Opis* and *Allouine*, *Odinic* priestesses of Apollo-Wotan. Everything descends from Rune Science, Hyperborean Kabbalah, *Hiranyagarbha-kabda*, *Sthula-kabda*, of Odin-Wotan, especially the mythology and cosmology of Vedic Aryan India where Brahma is the creator, Vishnu the preserver and Ruda-Shiva-Kali (*Kali-Yuga*) the destroyer: *URD*, *Werdandi*, *Skuld*. *Allouine* (*Susumna*) is the most important, who leads the other two and 'speaks and thinks for the three.' She is also Medea. So those who hand Heracles-Hercules the Golden Apple are like the Sisters of the Garden of Hesperides. They are the *Kundalini* Serpent, aided by a *Maga-Yogini*, by an *Aesir*, who opens the chakras-apples, re-opens them returning the Wisdom and Power of Odin to the resurrected Hero. Thus he will again be as a God and more than a God.

This is the true meaning of the history of Genesis: Paradise, the Serpent, Adam and Eve (in particular, Lucifer and Lilith) who eat the Apple of Knowledge with the consciousness of self in the resurrected Hero.

Divine woman cannot be Eve nor can divine man be Adam. They are Lilith and Lucifer. She, a *soror* of Tantric Alchemy. He, a Hero, a *Vira*, an officiant of that Alchemy. But the Jews and their christianity have diluted Genesis, a writing from before the Flood.

I. The "Racial Sin." The *Divya*, *Aesir*, loses his Totality, the Power of *Odil*, *Paredesha*, Hyperborea.

II. The *Vira*, the Hero, recovers Totality, with the help of She and the *Kundalini* Serpent, coiled on the *Iggdrasil* Tree of his Spiritual Column, the transcendent Knowledge, represented by the sublimation of sex, the Morning, "Third Eye," Star, Zodiac, and transmutes into more than a God, into Absolute Man, *Sonnenmensch*, Sun-Man.

□ □ □ □

Without Medea's help Jason would never have been able to dominate the Serpent nor rescue the Golden Fleece from the Copse of the sacred Holm Oak, Power of the Golden Age at the top of the skull in the *Sahasrara* chakra where *Kundalini* ascends, Thunderbolt of the *SIEG* Rune -  $\Sigma$ , with which Shiva destroys the demon *Smara* on the summit of Mount Kailas. The lost Power from the Age of Aries, the Ram: the Golden Fleece.

Curiously Nordic-Germanic Rune yoga does not reactivate the chakras from below upwards to achieve the subtilization and exit with the immortalized body (called 'astral departure') but goes the other way, from above downwards: from the Copse of the *IR-minsul* Tree going down through the roots (Nietzsche said: 'For a tree to reach heaven with its topmost branches, with its roots it must go down to hell.') Thus in solidarity

this will transfigure the earth, liberating Saturn, re-actualizing his Golden Age, returning his Golden Fleece to him. It is the descent to the center of the earth, to the Hollow Earth, to *Muspelheim*, *Antiction*, to bring back resurrected Baldur, the resurrected *Führer*.

The Legend continues laden with symbolism. In the Forest of *Ar-es* (*Ar-yans*) Jason dies bit by the Serpent. This is Magic Death, the momentary disappearance of the I, of the initiate, shortly before his release and resurrection, his return to life as one born for the second time. An Aryan. And Medea, with her magic power, returns him to life, tearing him from the fiery fangs of the *Kundalini* Serpent. Now the Hero has the Molten Blood of the immortals, the twice born. But the triumph has still not been re-assured. Something is still missing.

The Argonauts escape in their ship *Argo* with the Golden Fleece. They reach the Fakianas islands where Jason and Medea wed. Or was it Helgoland on the edge of submerged Hyperborea? Since there the God Forcite conducts weddings eternally. On the Isle of Bridegrooms of Poseidon, God of the Sea, the profoundest Soul of Molten Blood Memory. And the Golden Fleece will be like

the Sword lying between the bodies of the *A-mantes*, the Lovers, in the difficult nuptial test of the *Asag* of troubadours, or *Tantric Maithuna*, Marriage of virginal chaste Heroes, called *Gandharva* in Sanskrit, because the Valkyrie-Goddess can not marry in any other way.

If anyone in this world finds the Queen of Sheba he will not commit the error of marrying her in common marriage. Both would be destroyed.□

Yes, because the Queen of Sheba is not for the profane matrimony of this world.

She is for Magic *A-Mor*.

□ □ □ □

Aetes pursues the Argonauts who have stolen the Golden Fleece (as Hercules the apples of the Hesperides) and have forced the gears of Destiny. His son Apsyrtos also pursues them in two vessels on the wide sea. The Argonauts defeat the son and then fulfill a strange rite, also archetypal. Medea destroys the cadaver of her brother Apsyrtos and throws the pieces into the waters. The Father must gather and re-join them, like Horus would do with Osiris (the Son of the Father). As well as the Nereids, the Ondine (or Odins), the *Wassenfrauen*, Water Women of the *Nibelunds* Saga, tearing Orpheus apart and throwing the pieces of his body into the River of Time where his *A-mada* Eurydice must find and join them back together again. In the Galician region of Compostela the Hero Beogran also arrived with his body torn apart, in a Boat...Because nothing is so beautiful in this world as to resurrect after having been torn to shreds...So says the *Popol-Buch*, Book of Chichicastenango, also diluted and plundered by the Jewish Jesuitry of missionaries from Spain.

At the end of the Legend of Jason, as in the other sacred histories, we are shown that the path of Magic Death does not ensure in itself the definitive triumph of the Hero. It is not enough. Jason will recover the Kingdom of his Ancestors, *Iolco*. But meanwhile something has happened between He and She, between the Hero and his Valkyrie, as between Siegfried and Brunhild (Siegfried has given the Ring of Brunhild to Kriemhild, the Ring of Lilith to Eve) and he will be punished by Hagen-Heimdall, the Guardian of the Threshold with a Sword named the Head. He was killed by the Sword-Lance (of Heimdall-Longinus), wounded in the only vulnerable center of his (astral) body, in the back of the shoulders on the spinal column at the top of the *Anahata* chakra, the heart, in the Age of Pisces which was then yet to come since we are then in Aries, the age of the Fleece, the Ram. A still undeveloped chakra, not yet active in his Zodiac. Achilles had been wounded in the ankle and 'another Kristic chakra' died, like Krishna in India. But Jason must die from a blow to the head, to be exact by the wood of the sacred Holm Oak of Dodona, from the mascot on the prow of his Ship *Argo* (of the *Ar-yans*) that falls off the Ship as a relic of Apollo due to a 'solidary' hurricane while Jason meditated resting in its shade recalling his adventures. He was wounded in the *Sahasrara* chakra at the top of the skull, still undeveloped in him, chakra of the Golden Age, Saturn and Rhea. What had Jason done, what fault had he committed? He had sons of the flesh by a Priestess-Maga, destroying his virginal magic, profaning Spiritual Marriage, *Gandharva*. Like Zeus before re-producing Athena, giving birth to Vulcan.

Thus was Medea desecrated, the Daughter of the Sun and Priestess of the Temple of the Kingdom of the Midnight Sun, unhinging her tremendous powers, turning them against mortals. Jason was terrified, abandoned her for a woman of earth, changing Lilith for Eve...Woe to him who betrays his Valkyrie seduced by the phantasmagoria of *Maya*, Illusion! Medea destroys all his offspring, kills his sons of flesh...

This is a Mystery repeated in the most ancient Myths of Initiation. In the same way Lilith kills the sons of animal-man, the newborns. She has been feared through the ages as a sorceress destructive of life, 'the innocent.' There is a village in Catalonia dedicated to Lilith, in Lobregat if I remember correctly, where they scare children who do not obey by mentioning Lilith to them. The meaning of these actions must be found in a Mystery penetrable only with great difficulty,

made even darker and more fearful by the perversion made of pagan wisdom and tradition by Jewish Christianity.

The Woman-Maga makes the recovery of the Golden Fleece possible. They are the Guardians of the *Gral, soror mysticæ* of the Alchemy that produces the Philosopher's Stone, *Yogini* of Tantrism, *Aesin* of the Initiations of Odin and Apollo, *Domna* of the Occitan troubadours, *Woewre-Saelde* of the *Minnesänger*, Valkyries of Esoteric Hitlerism, all the exalted women of the Eternal Feminine who collaborate in the Resurrection of the Hero. They must invert the demiurgic process of physical biological procreation, now 'impregnating' the man, the Hero, so he can give birth to the Son of Mystic Death, Son of Man and Eternity. So that one must 'kill' the sons of life like Lilith and Medea have done. And giving full meaning to the fact the Birth (Re-birth) of a Re-deemer (Re-surrection of the Hero, the *Viras*) brings about 'the slaughter of the innocents.'

There seem to be two *Grals*, one feminine and the other masculine, the Legend tells us about: a Grail and a *Gral*. The first is a Cup, or a Cauldron, making symbolic reference to the polar opening to penetrate the Hollow Earth, *Antiction*, the opposite land, the 'other world' in which Pythagoras believed and that 'will be found neither by sea nor by land.' This would also mean the entrance to Mother-Sun, to *die Sonnen*, going into the 'Second Earth' of which Plato speaks, same as the 'first,' but invisible to us for being on the other side of 'Mother Sun.'

The Cup, or Grail, will be offered to the Hero by his Valkyrie filled with her *Aropa*, with her golden liquor, to celebrate his triumph in *Valhalla*, his Resurrection in the Hollow Earth, in the Interior of Herself on the Other Earth.

The *Gral* is, in contrast, according to von Eschenbach an Emerald Stone fallen from the forehead of Lucifer in his stellar combat. It is masculine like the Lance of the Centaur Longinus. It is therefore the Power lost in the mixing and with the disappearance of Hyperborea, the *Odil* Force, *Adel, Odal*, called the Third Eye of Wotan-Shiva, with which he thunders against Smara. On recovering this Stone-Power, also with help from the Woman-Maga, from She (Hitler referred to the *Odil* Force, or *Od - o*, magic, indispensable, arising from some select women). Wotan-Baldur will be resurrected. And he will drink *Ambrosia-Aropa* in the Grail Cup.

In the center of the Round Table the S.S. had in Wewelsburg Castle was a Cup of carved emerald and certainly the Lance of Longinus. From the wall hung a huge Stone in 'critical condition,' held on its 'angular point.' I saw this Stone on my pilgrimage some years ago to the S.S. Initiation Castle of Wewelsburg as I recount in my book *The Ultimate Avatar*. Perhaps that is why the Stone has been taken away from there, attempting thereby to destroy the still remaining sacredness and magic there, the geomancy of that place.

The Cup, Stone and Lance symbolize as a whole the union of opposites, Androgyn, Absolute Man, Sonnenmensch. The Tantric Alchemy of Wewelsburg.

□ □ □ □

The 'innocents' who die at birth or re-birth of a Hero, like the Krishna-Kristos, for example, are not truly innocent since they are sons of the Demiurge.

In the recent effort many heroes have failed. In the test of loyalty almost always, like Jason, like Siegfried (because honour is named loyalty). Loyalty to the *A-Mada*, to She, who places our eternity in our hands so that when achieved we share eternity with her. In the Morning Star, Venus-Lucifer, with the *Veneris* Rune from the *Futhark* of Esoteric Hitlerism with Absolute Man and Woman.

## PREDESTINATION AND WILL

The Way of the Leftwards Swastika with Jason and his Argonauts, with *Argo*, with

UFOs, with *Vimanas* and their 'crew,' the Way of coveted re-turn, Resurrection and Immortality, escape from the eternal Circle, is an archetypal Way imposing its own spiritual laws or better its Meaning.

Before beginning his Navigation the Hero-Navigator will be 'elected.' He must be an Elect, a pre-destined. Predestination corresponds to the divine origin of the Warrior, who, by his spiritual genetics, is impelled to search since he has come to this world to fulfill his quest.

Prior to the appearance of the 'I' there is no free will, since his own He, his 'Guardian Angel,' prepares from afar the Ship *Argo* of his earthly body. And the 'navigator,' the 'I,' will only enter into her when that Guardian has conditioned the body to begin navigation.

Here the so-called 'Aryan Race' plays a preponderant role. The Ship *Argo* is the Ship of the *Aryans*, those able to be 'twice born,' or re-born, after the magic death of the terrestrial I. The White Race is *Argo*, 'the White.'

Biological race, Nordic-Polar, appears after the loss of the Hyperborea of the North Pole, become necessary to transmit Pure Blood Memory and nostalgia of the origins. In Hyperborea there was neither race nor caste. Only a Brotherhood of the Gods, men *Aesir* and women *Aesin*. They were *Ativarna*, without *Varna* or colour, without caste, with a molten blood whose closest colour was the blue of sizzling flames. When the mixing of Gods and men occurred and Hyperborea was lost, when the ice came, the first community of heroes were called *Aryanabaiji*, Brotherhood of Aryans, those heroes who had momentarily sacrificed their terrestrial self through Mystic Death and the Initiation of *A-Mor*, to be re-born, resurrected. They are the *Ar-yans*, those who cultivate purity of their spiritual blood in order to remember and not allow nostalgia to become dimmed, thus remaining able to conquer.

Many *Aesir* have already lost the ability to reproduce themselves mentally and must continue taking bodies prepared in this world, although by means of biological procreation, driven by the Demiurge, only taking care that the spiritual race maintain itself with the least contaminated blood thereby making possible the Resurrection of the Aryan, *Vira*, Hero. The recovery of the Golden Fleece, rescue and triumph, with the defeat of the astute strategy of the Demiurge.

The divisions in *Varna*, or caste, of the 'Code of the Laws of Manu' in Aryan India correspond to that reality and knowledge of profound spiritual truths which Judeo-christianity has tried to destroy, making them unknown. The only racial difference to keep in mind is the existing one between divine men and animal-men.

I must say something of paramount importance: the great difficulty Esoteric Hitlerism has faced in its grandiose plans of Death and Resurrection, the creation of Superman [Hitler said: "National Socialism is much more than a polities, more than a religion. It is the will to create the Superman."] Absolute Man, has always been found and will always be found in the loss on the part of the *Vira* of the ability to re-produce himself mentally, by means of *Hiranyagarbha-Kabda*, with the notes, sounds and mantras of the Runes, having to continue procreating biologically using the involuted woman, Eve. Because it is here, in this act and mixing with her, that the fissures in the will and failure in the ultimate test occurs, the test of Jason, Siegfried and all those semi-divine heroes told in legend.

It was a great misfortune that, for lack of time, Esoteric Hitlerism did not develop the archetypal traditional institutions of the cults of ancient magic. In my conversations in Germany with Professor Hermann Wirth, founder of the *Ahnenerbe*, the Institute of Advanced Investigations of the S.S.' and author of that monumental work *The Aurora of Humanity*, he touched on an important point. He revealed he had been separated from the *Ahnenerbe* due to differences with Rosenberg, Himmler and other high officials in relation to the role of women in the Party and in Nazi society. Wirth would have liked to give them a position similar to men and even a preponderant one, an idea that came to him from his conception of the importance of matriarchy in antiquity. He maintained that in Greece, for example, all went well when women ruled while order decayed when 'primitive men, come from the East, destroyed matriarchy.'

I think Professor Wirth was wrong on a point of great importance and Rosenberg was right. This

was not a matter of political government, since women will never have this power in their hands. Frisian Mothers came to the most ancient Greece with their institution of matriarchy, after a superior Institution had been destroyed in the catastrophe of Hyperborea. They were survivors who guarded the Lamps (Light, Fire), the *Gral*, the Power of Odin. He relates this in the *Chronicle of Oera-Linda*, just released by Professor Wirth, revealing the name of Athens, in Greece, comes from the Frisian Mother who landed at an Aegean port with the Sea Kings. If the *Chronicle of Oera-Linda* is not authentic in its entirety, it is at least true concerning Frisian history.

Professor Wirth kept bitter memories of his conflict and left the *Ahnenerbe* certain that Hitler always supported and understood him, something I believe. Walter Darré, the genial Minister of 'Soil and Blood,' was also on his side. But his conflict went further, compromising Darré as well, who was displaced for similar reasons. Each maintained the Aryans had been sedentary and pastoral. But the investigations of the *Ahnenerbe* and Hitlerist esotericism came to the conclusion the Aryans were and should continue to be nomads and warriors, an ancient Polar people of hunters and fighters. Hence, among other reasons, the concept of 'Living Space' (Lebensraum). The Exiles of Eternity!

These investigations were based on the grandiose *Weltanschauung* of Esoteric Hitlerism in the exodus from a Pre-Cosmos, from the Orphic Egg, going through all the losses to the destruction of terrestrial Polar Hyperborea, the civilization of the Gobi and the flooding of all the legendary continents. The Aryan is an *Aesir* and the *Vira* with plow in one hand and sword, or lance, in the other, always leaving, going, caught in the blades of the Leftwards Swastika, Wotan's Mill, in the attempt to return to the lost Homeland that he shall never recover.

What was certainly not achieved was to recreate, nor to institute, an indispensable organization in very high esotericism: the Virgins or *Odinic* Priestesses of Hitlerism, the *Maga Seeresses*, the *soror mysticæ, amasia uxor, Yognis, Pythia* and the *Sibyls*, who in Greece kept the Fire of the Python Serpent (*Kundalini*) giving its name to the *Pythia*; the Roman Vestals and the Virgins of the Sun of Machu Picchu. The Serpent coiled among the roots of the *Iggdrasil* Tree of Terror in the Holm Oak of Dodona, in the *IR-Min-Sul*.

These women are divine, or re-divinized, who deliver to the Hero the Treasure, Fire, Lamp of Uncreated Light, *lapis*, Quintessence, Philosopher's Stone, *Gral*, Golden Fleece, making his Resurrection possible. Therefore they are the ones who make He give birth to the *Son of Man*, an Interior Son, not procreated demiurgically, but born from the Mind of Man, from the Head of Zeus. The Son of Death and Resurrection, he of immortality.

Not even Himmler knew anything of this, nor did the exoteric leaders, though they moved on the surface of very valuable traditions that were laden with a significance they did not penetrate in all their depths. But Adolf Hitler did (as Wirth sensed) and with time would have developed the sacred secret cults, if he had not done so already in a personal manner, since his special relationship with women seems to indicate as much.

I know that now, in some places, Esoteric Hitlerism has unfolded along those lines. In addition, the quantitative procreation of the physical and biological Aryans is no longer necessary, as it was fifty years ago, so the Jewish plan to promote miscegenation in the most aberrant way on a planetary scale, especially in the German lands of white race, does not hinder the current strategy of the *Viras* who have managed to neutralize the demiurgic plan through the power of the Runes, with the new and expanded Futhark of Esoteric Hitlerism, with the repositioning of the *Odal* Rune, the discovery of the *Veneris* Rune and the pre-Runic Signs of the pre-Cosmos. And with the recovery of the *OD* Power: the Shaping Power of Polar Hyperborea.

Most of the world is now lost in an animality with no return.

And the truth is this no longer preoccupies the *Avatar*. The number of heroes that were with Him has almost been fulfilled by Destiny. They are already no longer here, they have gone away. Only the few prisoners who can still free themselves matter. And they will have to overcome the cultural miscegenation with a supreme effort aided by the greatest purity of their luminous blood

and their spiritual race: That of the re-born, the twice born. Because the Will depends on spiritual race and blood, not on biological blood and biological race. In the most critical moment of the Initiatic Drama of Return what counts is the spirit.

□ □ □ □

The Esoteric Hitlerist Order of Virgin Priestesses of the *Führer*, the *Avatar*, the *ODAL* Rune, Odin, the *Yoginis* of the Black Sun, Daughters of *Woewre-Saelde*, Queen of the Night, Beloved of the Heart, Magas of Avalon, *Asgard*, Valkyries, Vestals, Virgins of the Sun of Tiahuanacu, *soror mysticæ*, the *A-Mada*, must today review in the flickering light of the nadir of *Kaliyuga* the idea of virginity that must not refer only to a corporal virginity, to an impenetrability of physical sex, since magic virginity is only lost with the birth of the son of flesh.

The non-esoteric Hitlerism and political National Socialism of the thirties, until 1945, had to encourage, as we said, the birth and physical procreation of the Aryan race as a means of providing terrestrial bodies for this race, avoiding the possibility of a mental procreation for which almost no one was yet prepared. They thereby intended to combat miscegenation and the coloured peoples of the Demiurge in the 'extended vital space' of the Aryan race towards the East. Attempting by this equivocal means, a method of shaping for the *Aesir*. For their entry into this land. But this changed after 1945.

□ □ □ □

Sex is the corruption of *Kundalini*, the visible tip of the iceberg and powerful weapon of the Demiurge. Required for some Tantric *yoginis* to actualize their knowledge with the desire to possess their power and reach the sublimation of their body with this Fire, crossing through its flames, going through the transmuting bonfire. They accept their karma. That particular genetic karma of their body, or biological predestination that impels them to lose their physical virginity, having to know physical orgasm so as not to lose themselves in the pursuit of their Destiny of Priestesses of the Black Sun and the Religion of *A-Mor*.

They must therefore be awakened to the life of physical sex and orgasmic pleasure only for their *A-Mado*, their Beloved. Or in its defect or absence, for the Inca in Machu Picchu, for the *Hierophant*, or for the Maestro. But never without *A-Mor*. And then heal the wound, able to return in a supreme effort to chastity, to magic virginity that has never been lost, reaching a state of continuous orgasm of a supernatural type.

This is the Wet Way of feminine knowledge, the Way of Tears and the Left Hand of Tantric Initiation of Esoteric Hitlerism. Only for some Priestess-Magas of the Black Order of the *Führer* and Odin.

But there is also the Dry Way of the Right Hand, the Valkyries who do not require the dolorous steps of awakening and knowledge of physical sex nor its profound alterations, its fires and torments. These divine women come here for a very short time as liberated in advance, homewards, able to achieve by other means, even though always by *A-Mor*, that continuous permanent orgasmic state of the soul, that never leaves, beyond physical orgasm.

This was the *A-Mor* sung by the German *Minnesänger*, by the Occitan troubadours, with their initiation tests, by the *Fedele d'Amore* and also by me, especially in *NOS: Book of Resurrection* and in *EL/Ella: Book of Magic Love*, in Chapter II - 'The Pyrenees,' and in Chapter III - 'The Andes,'; and also in *The Mysteries* and *The Ultimate Flower*.

Thus the Divine Woman, Woman-Guru, is initiated, transforming herself into Priestess of the *Avatar*, in the Order of the Black Sun of the *Führer*, Odin-Wotan, whether through the Tantric

Path of the Left Hand or through that of the Right Hand, able to teach Magic *A-Mor* to the Hitlerist Hero and leave him pregnant with the *Son of Man* and Immortality.

Somewhere the Feminine Order of the Priestess-Magas of Esoteric Hitlerism has been organized (with those Women who deliver Salvation, Health) accompanying the Warrior-Heroes of the *Führer* and *Ultimate Avatar*. And the *Man to Come*.

#### TRIUMPH OF THE WILL: PREDESTINATION AND KARMA

It is prior to the inevitable entrance to form part of another Round of Eternal Return when 'small possible variations that, nevertheless, do not affect laws nor their effects,' as Nietzsche would say, and have been conditioned by what a HE did or did not do (in the 'blinks of Kronos') in the previous Round (even though there were no befores or afters when consciousness disappears, according to Schopenhauer). The conditions of incarnation or reincarnation in the return are 'decided' in that anterior ideal. What Hindus call *Karma*. Thereby 'choosing' the family in which to return, though this could always be the same in the Eternal Return when concerning

the Melody of the Lineage that we have called the Family House, or the shaping in a determined number of individuals (Ts) into whom Wotan is divided, to be able to enter into here. It is the location on Earth of the Crew of the *Vimana*, the Chariot of Fire and the UFO.

### IN THE KINGDOM OF THE GUARD

Until the child reaches an older age that portion of Being that has been waiting as if on the edge of a fountain seems to watch over the newborn child from afar. From there this Being works and directs; from *Sunya*, the Void. Until closing like an eyelid when below a small 'entrance' opens in the child, an orifice in the skull, and there may be a kind of relationship between them like that between the 'hole in the ozone' and the Polar opening. That portion of Being, the Person or Persona, enters through it coming to constitute the 'ego' which overshadows the Persona that pulls away, retires we know not where, nevertheless able one day to return and reconnect to transmute the ego into Personality. Yet for this to be possible the I requires an appropriate incarnation, in other words, the body of a race and a biological genetic inheritance from the ancestors, from that Family House that comes intoning a Melody within the Time of Rounds of Eternal Return, but also coming from outside that Time, even though set in the chromosomes and genes. In the Blood Memory.

### WILL AND FREE WILL

With the emergence of the I one enters into the Kingdom of Liberty, or Free Will, within the universe of doubt, only limited by the genetic Destiny provided within the cerebral conformations and deformations. The left side of the brain ('to the left of the sun and moon') the cerebral cortex with a discursive, rational thought, will all the time attempt to interfere, interrupt, direct in One constant doubt, the number of vacillations being greater when the miscegenation of bloods and cultures is greater with disparate memories coming from opposite sides. And the Will plays a decisive role in that agonizing doubt, as the only energy capable of overcoming it and resolving the great conflict, able to fix the definite course of navigation and victory in the battle. Even so the Will of man, that mysterious current (the energy) also seems to depend on the mixing of bloods and cultures, being less strong to the degree feelings and emotions, the imagination, come to be conditioned by the purity or impurity of the cultural hereditary miscegenation. And by the health of the genes.

### SACRIFICE

We must not forget, in any case, that genetic *Karma* is nothing more than the reflection here on earth, the plasmic metamorphosis, of a pre-existing *Karma* accumulated through the Rounds of Eternal Return, its symbolic expression as it were in this Round newly reactivated by Saturn-Kronos.

Moreover in the final decision (even if there never were a final decision) other mysterious forces enter the reckoning in addition to the Will: chances full of sense and meaning, like an unknown hand that seems to have moved the strings from afar. Coincidences, 'synchronic,' a-causal, that put us into the position of having to decide on a plan of escape, even when we think other possibilities exist as well. Right or left, here or there, until the end of our days or perhaps until halfway. All or nothing. Or rather only a part of all this.

The mother of doubt is ratiocination, the left side of the brain, the cerebral cortex, the 'continent' that emerged after the sinking of Hyperborea, after the loss of the *Gral*, the Emerald of Lucifer,

the Power of *Odil*.

We have only the Will to annihilate the demon *Smara* of Doubt, to paralyze ratiocination. But she also depends on the degree of mixing and miscegenation, being most powerful in the purest races and weakest in the impure. The Germans possess more will than the Latins.

What is the Will? I dare to think it is the *SIEG* Rune, the Third Eye, that Stone, that Emerald, fallen from the forehead of Lucifer, the *OD* Power that was lost, or clouded over with Racial Sin, with the flooding of Hyperborea and the mixing of the astral divine blood. That Thunderbolt passes through the brain, coming from Mind. The 'deformed brains' about which the Chilean thinker Francisco Antonio Encinia speaks to us, are the weak wills that suffer 'deformation' due to heredity and racial inferiority. The mysterious Thunderbolt does not find an appropriate sane instrument for its expression. Even when its power is such that it can even regenerate matter and repair entropy.

For Schopenhauer the Will, very similar to the Will to Power of Nietzsche, is complete even without reason or ratiocination, acting even in minerals and plants, in their reproduction. But in our estimation there is another Demiurgic Will. There is another Will, with another purpose or design, disposed to fight precisely against this Will to Power. And, being practically lost now, this Will to Power must be re-created, invented, disciplined and fed by an act of inspiration and knowledge. By a Sacrifice. The realization of an act that seals a pact, an agreement with something, or someone, who is before or after our adventure and is felt as a Divinity, as our own possible Divinity.

Even when brilliant sacrifice must necessarily be painful, understood the loss of ephemeral satisfactions, something seen as important but that in the end must be traded for a greater joy ('state of continuous total orgasm') in *Valhalla*. Making possible that we reach a perfume of the holm oaks of the Forest of Aries, Hyperborea, to sanctify our Combat.

Whether the choice be right or wrong, with more or less luck, this incarnation in the Eternal Return is our field of combat, our individuality. The sacrifice is directed to the *Selbst*, to We-Ourselves, to our lost divinity, attempting to transmute the *homo de terra*, the lead, in order to give birth to the *homo de coelo, aurum potabile*, the Golden Fleece. Having to count on, moreover, a 'fault' in the space-time continuum (a blinking of Saturn-Kronos) to be able to go out, return, escape.

We must see the work of the Demiurge in the bloody ritual sacrifices, the slaughters of the Aztecs, in cannibalism, in the wars and crimes, the offerings to Jehovah, in the bloody sacrifices of the Druids, so that he thereby also plagiarizes, deforms, distorts and inhibits the Pure Ritual of Interior Sacrifice, fundamental stage in the War of Divine Heroes.

The *Vira*, through sacrifice, begins his road of Resurrection and strengthens his will to take a stand on the decision taken, persevering 'until hope creates, from his own shipwreck, the thing contemplated... Staying strong in the old dreams, so our world does not lose hope...'

Standing thus, lest he become the victim of his own mental creations. That is, we offer ourselves in holocaust to make possible the Resurrection of a God, the creation of Superman, Absolute Man.

It was Adolf Hitler, as *Führer*, who gave us the most effective example of what the Will can do (with the 'Triumph of the Will') standing firm in Combat to the end, never bending from the years of his youth until his disappearance in the Bunker among the flames in consummate Destiny.

With an iron hand he first controlled his nature and his body. He was their lord and master, putting them in the service of the incarnation of the *Avatar*, the Divinity. He was therefore *Shudibudishvabhava*, the Lord of Absolute Will.

## FATE

Falling and getting back up again, with this esoteric symbolism, the Hero transports himself

to a point where he can no longer continue by his own means. He does not know how or where to go. He is in an alley without exit, against a wall. And that is when an arm extends to him, a hand, and he shakes it. A fire burns him, floods around him, the Myth possesses him, the fatality of an Archetype, with his history always the same, already without variations, making him fall into the bottomless sacred waters of Drama and Legend.

Every decision will again belong to him as the Kingdom of Free Will vanishes into smoke and is at an end. And even his own will ceases to exist. Another Will has come to fulfill itself. An alien Will: the recurring Archetype.

What are these mythical legendary archetypal lives? Did Jason exist once? And even Wotan, Baldur, Krishna and Kristos? Or perhaps they were only a traveler in those classic times, a group of navigators who left in the direction of an unknown sea, awakening with their exploits the enthusiasm and admiration of a people, a tribe, that began to tell stories about them, adding events from their own imaginations, aspirations, sorrows, defeats and triumphs, dreams from a collective imagination, elaborated, modified and amplified through the centuries?

No. They are mythic lives, symbolic figures, those who have complied with the sacrifice and have reached a point of decision where they meet a Blank Wall, come to be possessed by the Archetype, Prisoners of the Myth. ("Thy will be done, not mine!") The Hero seizes this Archetypal Force, impersonal again, leaving him no space for liberty, never again, until his consummation.

However, there will be a moment-before, a second-after, when even the Hero can pull back, leaving everything in nothing, erasing his path, making an empty slate of his combat, terrifying himself (on the Tree of Terror in the Crucifixion of Wotan) because the delivery into the possession of the Archetype, the acceptance of the *Führer Prinzip*, before this Blank Wall (in the Forest of Linz) is always voluntary. So we believe.

What we call 'Esoteric Christianity' consists of those gathered and superimposed over the current of a Jewish Conspiracy, coming directly from Germanic-Barbarian converts taken from Paganism, Wotanism, Odinism. Terror, trembling and anxiety express well the name given to the *Iggdrasil* Tree, 'of Terror,' on which for nine nights Wotan remained crucified. And they repeat in the words of Kristos on the Mount of Olives: "My Father, if it is possible take away from me this Cup..." They are directed to the Archetype, to the Persona who from outside has again possessed him. And then still on the Cross, on the Tree: "My Father, why hast thou abandoned me?" These last terrible words are the doubt that returns in the agony, the 'left side of the brain,' reason rebelling still... The instantaneous thought that nothing was true, that everything is a deception, an illusion, a madness...

The identical Drama repeats in Adolf Hitler when, addressing himself to his S.S. adjutant, Kräuse, he confesses to him, at the beginning of the invasion of Poland by the armies of the Third Reich: "Today I have begun something that not even I know how will end. I lack any power to change the smallest detail..."

When still very young and after attending in Linz the performance of the opera *Rienzi* by Wagner Adolf Hitler climbed in a trance, up to a forest in the mountains, remaining alone that night. And that is where the *Avatar* will possess him. He foresees, moreover, that the plot of *Rienzi* will be parallel to his own life. He confessed this to his friend of youth, who was witness to his nocturnal departure for the mountain, August Kubizek, who told the story in his book *Adolf Hitler, My Childhood Friend*. Many years later, when already the *Führer* of Germany, Adolf Hitler declared to him: "There everything began."

Nevertheless, in the Magic Drama of Esoteric Hitlerism there is no place for the ultimate phrase of the Jesus of the Judeo-Christian religion, expiring on the Cross: "My Father, into thy hands I commend my spirit!" Signifying for them the final delivery of himself to be reabsorbed by his own *Monad*, by Someone who awaits as if on the edge of a fountain, or rather to be devoured by

the Demiurge. The Hero of Esoteric Hitlerism, the *Vîra*, on the Path of Wotan, has allowed himself to be possessed voluntarily by the Legend and Myth of the Archetype as in the acceptance of Mystic Death. He has made a momentary delivery of his body, his brain, in the sacrifice of his will and his I, so that through him Another is realized, a *Prinzip*. Like the Etruscan 'Shining Ones' allowed themselves to be crossed from side to side by a Fire, by Lightning, like the S.S. who threw a grenade over their helmets without moving, thereby paralyzing thought, to pass unscathed and more powerful than before from this great test with the guarantee of an Absolute Self. He will have been able to pass through the Archetype without his self being devoured or annihilated. Acquiring a Consciousness of Oneself, after being torn apart. ('Because there is nothing better in this world than to be resurrected after having been torn to shreds...')

And the impersonality of the Archetype has been changed since his Myth and Legend have acquired a Face, that of Adolf Hitler, ceasing to be collective. The Archetype has individualized, coming to belong for more than a Thousand Years to Hitlerism, the Passion and Drama of the Ultimate *Avatar*, who, on passing like a thunderbolt through this world, incarnated in Adolf Hitler for so brief a time, thereby enabling the Collective Archetype to become a person.

Not all are able to pass through the ultimate tests with success. The loyalty to Oneself, the Divine origin. The terror dominates them, or rather, they become mystics and saints, wanting to forget themselves, to cease to be, to merge into the *Monad*, into the One, to rest. They will be devoured by the Demiurge. Like Jason, the wood of the sacred Holm Oak will fall on the *Sahasrara* chakra, the ultimate on the top of the skull, which has yet to awaken. They could transform themselves into Gods and more than Gods.

We recall the words of Joseph Goebbels describing Hitler:

"When I stand before him, I am at times terrified, because he does not seem completely human to me. He is superhuman. He is the Being of Absolute Fate..."

## LOVE

Schopenhauer reproached Germans for the exaltation of the eternal feminine and the respect they have always given women. This is true, since the Nordic races, the Germans, who, even though patriarchal, carry in the 'blood memory' the memory of the sacred priestesses of Hyperborea and the cult of Magic Love that through the millennia and centuries led to the secret initiations of *A-Mor* among the *Minnesänger*, the troubadours of Languedoc and the *Fedele d'Amore* of North Italy as well as some among the 'enlightened' of Spain. In India the Hyperborean tradition included Tantric yoga, related metaphysically to the dualistic school of *Samkhya* philosophy. In the Occident the Golden Band of Polar tradition is clothed with the formulas of Alchemy where women also play a fundamental role as the *soror mysticæ*, or mystic sister of the alchemist. As always, the Church of Rome adapted the symbol to falsify it, supporting rationalist convents of nuns, anti-magical and anti-esoteric, verbally declaring themselves to be 'brides of Christ.' We have seen that Esoteric Hitlerism seems not to have achieved the institution of some kind of female organism similar to the great archaic solar tradition, even though the relationship of Hitler with women could be defined as Tantric. Hence without the magic esoteric collaboration of women an alchemic intention of transmutation of the

*Vîra*, hero into Superman, *Sonnenmensch* into Absolute Man, is inconceivable. This is for the reasons given above, in the *Weltanschauung* of Esoteric Hitlerism and the intrinsic meaning of the Orphic Myth. The Total-Man must be present in every yearning for totality, for the absolute. In transmutation, in Resurrection.

Julius Evola thought the same, even when he was put incomprehensibly outside the comprehension of the Hitlerian Myth, not having been able to penetrate the depths of its metaphysics nor its combat. Evola claimed that only the well-built heterosexual man, with the participation of women, can be capable of Tantric initiations and practices, which he defined as Yoga of Potency. Homosexuals are seen as an aberration that confuses (like the Demiurge?), in which case they would have nothing to do with this grandiose effort of transmutation in the will to create the Superman. Perhaps they (homosexuals) would then be failed trials in a demiurgic genetics, or a product of the Demiurge to put obstacles in the way of the heroic transmutation, a diabolic 'invention,' as the zoomorphic biological hermaphrodite is at the opposite end from Magic Androgyny. The Demiurge or Demon is a mysterious and sinister entity representing a super-reason or maximum rationality, characterized by astuteness. Reason in the service of Astuteness. As his robotic creation, the Jew, will be as well. One of his reactions before the transcendental danger that the Initiation of *A-Mor* and the Aryan cult of the Eternal Feminine represent for his precarious existence is the massive propagation of militant homosexuality and militant lesbianism. Israel, by way of propaganda and example, has legalized homosexuality on its territory, because it does not affect them, nor change the essence and objective of the plans for a 'robot' genetically controlled by the Demiurge and by the Super-robot Jehovah. The Demiurge's efforts have concentrated by preference on the destruction of the Aryan race, those beings he hates most: the Dorian Greeks of antiquity and the Germans. Because Greece is where the Orphic Platonic Myth was reconstructed and the Valkyries and cultists of *Woewre-Saelde* and the religion of Magic *A-Mor* appear from among the Germanic Nordics. Homosexuality, at any rate, will never put the propagation of the species called natural in danger, being the Demiurge's food, and will not come to impede their massive propagation. In case of actual danger he will 'fabricate' antidotes like Aids. But militant homosexuality can disrupt the work of the elites, the heroes of Warrior Initiation of *A-Mor*, as happened with the Greeks, even for Sparta, and during the decadence of Ionian Athens, with the Cathar troubadours and even in the S.A. organization, but militant homosexuality may also have been an important reason for its liquidation by the initiatic hierarchy of the S.S. and by the *Führer*, who thereby destroyed at a blow and by the roots an astute tactical plan of the Demiurge. The S.S. would be responsible, without any counterweight, for the work of creation of the Superman in the magic laboratories of Hitlerism, to come to achieve the transmutation of the Hero into *Sonnenmensch*, into Absolute-Man. And this requires the constant presence of women, other than in absorbing work exclusively for the home and for the procreation of the Aryan-Nordic race, a theme that was circumstantial, as we shall see, a necessity of that epoch, not a mission for She. Unfortunately Saturn-Kronos did not give the necessary space-time to the *Führer* for him to triumph here as well over the Lord and Master (of Time), the Demiurge-Kaos.

□ □ □ □

The practitioners of the Tantric cults of India interpret the loves of the Gods of classical times. I have related in *The Serpent of Paradise* my experience in the ruins of the Tantric temples of Kajuraho. In *EL/Ella: Book of Magic Love*, in *The Visits of the Queen of Sheba*, in *NOS: Book of the Resurrection*, in *The Golden Band: Esoteric Hitlerism*, in *The Ultimate Avatar* and in *The Resurrection of the Hero*, as well as in *Nietzsche and the Dance of Shiva*. I take up the theme in conjunction with alchemy and the initiatic tests of the Courts of Love, knightly initiation and the troubadours of Cathar Languedoc.

I shall not repeat myself here, but only suggest a synthesis that insinuates the path of escape and

Resurrection.

Already in the Myths of Orpheus and Osiris we are shown the Path the Hero must walk: dismemberment by *A-Mor*.

The mysterious sect of Cathars in Languedoc, in southern France, had to gather together the Visigoth heritage in the 'Blood Memory' that included the cult of the eternal feminine, represented by the gnostic *Parakletos*, as dove and symbol of *Pisti Sophia, Sophia*, Wisdom, that arrived in those territories with the Black Virgins and with the legend of Salomé, pregnant with her Son (the Celtic Beoran) shredded and buried in Santiago de Compostela. Again an astrological transpolation in the 'Way of the Stars' (Compostela, Field of Stars), in the milk drops of the Milky Way, sprinkled by Hera when nursing Heracles-Hercules.

The Cathar 'Pure Ones' were against material procreation, promoting Platonic Love in the Courts of Love and the initiatic practitioners of the sterile *A-Mor* of the troubadours. For the Cathars Jehovah is the Demon like among certain gnostic sects. Yet we must repeat that all this comes from the north, reaching the south of France and Spain, especially Catalonia and Aragon, with Visigoth blood as Otto Rahn, the first S.S. investigator in those regions, saw well while searching for the *Gral* through the caverns of Sabarthé in the Pyrenees. The most ancient *Minnesänger* will, over the centuries, inspire Esoteric Hitlerism with their adoration of *Woewre-Saelde* (Isolde?) and with their initiatic salute, *Heil!*, lending their style and transferring the occult meaning of *Heil!* ('Salvation-Resurrection') in the salutation of homage to the *Führer*.

No one has investigated the Cathars and the eros of the Occitan troubadours more seriously than my remembered friend René Nelly, Professor in the University of Toulouse and resident of Carcassonne. His work, virtually unknown throughout the world today, is transcendental. He was, moreover, the translator into French and promoter of Otto Rahn's book; *The Court of Lucifer*. Once he assured me that if Hitler had won the war he would have rebuilt the Cathar castle of Montsegur, perhaps raised by the Cathars over the ruins of a Goth castle and even earlier, from a time beyond memory, some megalithic monument of the Hyperboreans.

We come to know the true meaning of the word *love* by reading these serious and well-documented investigators. The word *love* was born as cipher (*clus*) in the Cathar and troubadour combat against the Demiurge Jehovah and his enthronement in christianized Rome, that little by little and then rapidly destroyed the Goth heritage in Germanic and Nordic blood, after having destroyed the Saxon peoples, falsifying the Kristian esotericism of the crucifixion of Wotan on the *Irminsul* of the *Externsteine*. Judaized Rome then massacred them using Charlemagne, nullified the Merovingians and in the end took care of the Visigoths, the ultimate Cathars and all those 'heretical' movements with the bonfires that the Jews raised up throughout the world with their Jehovahit Christianity.

*Love* purports to mean the opposite of this assassin christianity, since *Amor* (Love) is *Roma* (Rome) in reverse. The opposite of its Satanic will to power, opposed to the Jew already installed in the Rome of the Caesars and the destroyer of the symbols of ancient transcendent Paganism. Besides, the word *amor* breaks into the component parts of *a-mor*, in effect, without-death, because *a* means without and *mor* means death.

By means of *A-Mor* one wins Immortality.

□ □ □ □

We have, therefore, come to the point where we show the landscape of the tunnel, the cavern beneath the earth that can enable the Prisoner to escape from the dungeon where the Demiurge has chained the Hero, hypnotized and tortured to make him forget his origin, his lineage and the reasons for his Battle of Eternity. This pivotal event of the 'Rescue of the Prisoner' has been symbolically illustrated by the release of Frederick Barbarossa from the cell of a castle on the

banks of the Danube. A troubadour discovers where he is when chanting a song at the foot of the fortress. The Emperor recognizes it and responds singing the song. Because this is a *Canso of A-Mor*, with its nostalgia and longing, which awakens the Prisoner and makes the Aryan revive, freeing him from the jail of Eternal Return, thus able to triumph, defeating the Demiurge and his hordes of 'neutral angels' and 'white traitors.'

In Greece the Mysteries were officiated by a family or priestly caste of the Eumolpidae, and in India originally by the *Shashtriyas*. Gautama, the Buddha, was a *Shashtriya* Prince, a warrior, previous to the dominion of the priestly Brahman caste; in Egypt first the Pharoahs officiated and then the Hierophants; in Japan the Samurai and the mages of Shinto. All these initiation cults were oriented towards Mystic Death and Resurrection, like the powerful magic rituals of the Paleolithic, in *Stonehenge* and the *Externsteine*. As well as those 'artificial rocks' on the beaches of Santo Domingo along the Chilean coast of the Pacific Ocean.

Of what does the triumph and liberation by means of this Holy War waged against the Demiurge and his mechanical-materialistic universes consist? Precisely in dematerializing these universes, these 'condensations of Spirit' and in rescuing all the imprisoned comrades, the divine, the *Divyas* involuted into *Viras*. At the same time as something extraordinary becomes possible: to snatch away some animal-men from the Demiurge, mutating them into *Viras*. That is, using against the Demiurge his own strategy of penetrating into the lowest Universe to reverse everything. In truth this is a Combat of Titans, proper to heroes who have wagered their immortality, their intrinsic spiritual essence, since they seemed to have accepted the loss of the Power of *Odil* (Odin) that the *Aesir* possessed until the Fifth Polar Hyperborea and that consisted, exactly, in the ability to disintegrate the Shape of the earthly physical body, able to return, or go out, to the worlds of a more subtle matter with higher vibrations, as we have seen.

With the birth of the Ego this ability is lost. And only with the momentary 'death' of the I, feared by the adept as if definitive, in Mystic-Magic-Death when the initiate will be able to find himself in the condition to recover this Power, to subtilize his body anew, disintegrating the 'shape.'

In the Megalithic monuments of the *Externsteine* there is a tomb of stone where the initiates of pre-history tested Mystic-Death. Savitri Devi, that *Odinic* priestess of the *Führer*, passed a night there.

The so-called 'astral exit' corresponds in fact to the subtilization of the crystallized body in the shaping of the *Divya*, where the Hero achieves de-materialization by means of induced Mystic-Death. The practices of Alchemy point in this same direction, with its scale of steps: *nigredo*, *albedo*, *rubedo*. Likewise, the stages of the Initiation of *A-Mor* of the troubadours tended to the same end: the creation of the Son of Man, which is the *Rebis* (*re-bis*,) the Re-born, twice born for the second time, *Re-che*, *AR-yan* (the resurrected self, the *Aryan*), androgynous *Humunculus*. *Shiva Ardasisvâra*.

#### LINGASARIRA: 'ASTRAL BODY'

This Contentious topic has never been taken seriously and thoroughly by an Occidental philosophical mind in our time, framed in a *Weltanschauung*. In India 'Astral Body' is a presupposition, something obvious, its existence taken for granted, what all the world understands and believes.

Instead, on this side of the world, the term is discredited, attributed to theosophy and esoteric sects (Greek term, also diminished), to occultists of low account. Few know the word □Astral Body□ was coined by Paracelsus to refer to what in man, inside or outside the physical body, is in more direct contact with the stars.

*Lingasara* is the Sanskrit term used by Tantric philosophers in India to refer to something similar, an internal (or external) double of the physical body, invisible to the eyes of flesh. The *Samkyas*, followers of the dualist philosophy of that name, call it *Shumnasarira*.

The term *Lingasarira* gives us a clue to a different interpretation of what 'Astral Body' could mean. Linga is the masculine sex, *Yoni* the feminine. That is, the Astral Body would be in direct relation with the positive energy expressed in the male sex.

Thus we can connect with everything expressed in the Hitlerist *Weltanschauung*, which is Tantric because of this, with its Cosmogony and science.

We have been saying that the Astral Body and the physical body were one and the same in their origin, that the actual physical body would be the 'crystallization' of the Astral Body, so we would say the latter is something like the negative of a photo that, with the passage of time in the Eternal Return, has been wasted and almost erased. In the process of 'shaping' the matter of this world, the *Divya, Aesir*, arranged at the beginning the Power (*Odil, Vril*) to 'shape' and 'unshape' himself at will, recovering the 'subtlety,' definitively losing that Power on mixing with the 'daughters of men,' synchronistically with the loss of Hyperborea and *Asgard*. However, even today, he has been given the power to recover such Power making use precisely of the energy symbolized in sex and the Serpent coiled there (*Kundalini*) at the base of the Tree (*Iggdrasil*) of his spinal column, where he is 'crucified' to be able to recover the Runes (Alphabet of lost Power) enabling him to resurrect the Astral Body, newly subtilizing the physical body, 'unshaping it' from earthly demiurgic matter. In a word, to give birth to his own Son, the *Son of Man*. Better said, to resurrect it.

At these heights of Eternal Return this is not an easy process to perform. On the contrary, it is very difficult, being fulfilled in the prisons of the Demiurge. It can last a lifetime and more. It is a Tantric-Alchemic labour in an Initiation of a Warrior Order and Esoteric Hitlerism. As in any military warrior order a Leader is required, a Guide and an iron discipline. The process of re-creation of the Astral Body is achieved at the expense of the physical body with its 'dematerialization.' ('He must die so that I may live.') Re-creation is equivalent to a birth or rebirth, from an almost non-existent embryo (an Inexistent Ultimate Flower) that has begun to grow within (or outside) the Warrior-Hero. For this reason, and for some time, both bodies, the physical and the astral, must coexist. He is the Father and Son until acquiring the Supreme Power to disappear with the body, return and remain at will. (I and my Father are One,) The *Avatar, Bodhisattva*.

Maybe I could talk about this *ex-cathedra*, as the Work in which I have been engaged all my life, to give birth to the *Son of Man*. My own Son who will one day be my Father. Through highs and lows I have followed, kept on. And I feel an Other Being, who is I myself, has been growing at my expense and now lives almost next to me, united to my body by a subtle band (perhaps golden), immersed in a substance or placenta, in a ethereal world, different, where certain adventures are undertaken of which I am rarely conscious, because I must still find a way to transfer another kind of consciousness, or super-consciousness, living in an ancient brain, seemingly in the original Mind of the *Aesir* and that upon being realized in me would be for the first time aware of himself, feeling himself to be an Absolute I. Sometimes this happens to me, resembling what has been called 'miracle,' because it occurs on the margins of my earthly will happening post-will, so to speak. And he is an overwhelming light that comes from an Other Universe. And although having nothing to do with my efforts, the truth is that without my efforts this would never have happened... He is the Work of my life.

This is the Battle of the Aryans ('Works and Days') of the Twice Born; but only of the Aryans, Hyperboreans, *Aesir*, the Heroes of divine origin, *Viras*. And impossible for a Jew to realize (?) since he is missing an Astral Body for lack of a divine provenance, ante-terrestrial. He is a *Golem*, a 'genetic automaton,' a 'robot' of Jehovah, condemned to total extinction along with the world of terrestrial demiurgic matter, from which he exclusively derives. And he knows it. So he does not believe in any afterlife whatsoever, fighting so frenetically for the exclusive domination of this material world, since there is no other for him than this sick and tortured earth, sickened by the Demiurge, which the Jew also hates excruciatingly and ultimately will destroy.

Nor does Jewish Christianity really believe in an afterlife of any class, even while saying and

preaching the opposite, claiming an absurd immortality of the soul for everyone (as if everyone had a soul.) Christianity is the most evil of all known religions, realizing its inordinate craving for material power through hypocrisy and deceit, with its dignitaries being the true 'Pharisees,' in the strictest sense given to this word.

Immortality is neither democratic nor collective. Only those of divine origin can reach it consciously, in an aristocratic Combat, in a very hard War in which very few prove victorious.

Just as Judaism is not a religion, but a 'racism' (of an anti-race) devoid of religion and aided by Judeo-christianity in the achievement of its earthly ends with the preaching of an equality in which they do not believe; so also the Combat of Heroes for recovery of Immortality, for Resurrection, is not a religion. This is also a racism. But an Aryan Racism. The will to create Superman.

#### THE INITIATION OF A-MOR

Thus the 'Astral Body,' 'of the Stars,' according to Paracelsus, has been shaped in earthly matter become hardened. That aetheric body, made of aether, has crystallized involuted until acquiring demiurgic organs and differentiated human senses that on the most subtle planes of shaping are assembled into a single beam of representation, but without cognitive expression, something only possible on earth through differentiation and specialization, product of incarnation.

The emergence of the rational brain with the development of the cerebral cortex presupposes the ancient brain (the sinking of Hyperborea, Atlantis, Lemuria) and the loss of the centers of 'chakric consciousness' spread through the body, involuted in plexus and nervous centers and along the dorsal spine that was psychic and is today physical, diverted from its ancient spiritual position as was the axis of the Pole.

The practices of esoterica and Tantric metaphysics in the most Hermetic *Kaula* Circles (with *Kundalini*) are directed to reactivate the ancient brain as the true organ of experiential knowledge and all the other centers consciousness, or chakras, arranged in an order and now having only a virtual existence, potential in the crystallized body of the *Vira*, imprisoned in demiurgic matter. This will happen only with the aid of the *Kundalini* Serpent (Serpent of Paradise), the *Shakti* coiled around the Tree of his psychic Spinal Column, so-called, equivalent to the feminine *Parakletos* of the Cathars and the Sophia of the gnostics. And with the presence and spiritual and physical aid of the *Yogini*, necessary exteriorization of *Shakti*, visualized with the face of the initiated woman, or with the Face of *A-Mada*. The ultimate test of Tantric Initiation, after a long process of idealization of the eternal feminine (see my work *EL/Ella: Book of Magic Love*) is fulfilled in the practice of *Maithuna* or magic coitus where the Tantric initiate must not ejaculate semen (*Bundi*) outwards but inwards so as to impregnate himself, fertilizing himself. Together with *Aropa* they constitute *Soma*, the *aurum potabile*, Liquor of Eternal Life; each together are *Ambrosia*, *Amrita*, *Ana Perenne*, the "Spirit of Secret Wine," Magie Liquor of the ancient initiates and alchemists. *Bundi*, having originated in the blood of the Hero, the *Tantric Sakahka*, on returning and remaining in her, with that grandiose effort, will not impregnate its owner, or receptacle, thus giving life to the Son of Man. Because in the supreme concentration of *Maithuna*, in this super-consciousness of implosive ecstatic orgasm of magic coitus, to retain the semen on the threshold, at the limit, repelling it within where the ecstasy of the Tantric *Sadahka*, now Magus: *Kaivala* (term related to *Kundalini* and *Kauta*) opposed to the Vedantic ecstasy of the saints, with *Samadhi*, fusion with the One. Differentiation, separation, Tantric individuation and personalization have been achieved. The molten Serpent has awakened at the base of the Tree and has ignited the 'golden apples' of this Garden, re-actualizing the Knowledge (within the Tree of Knowledge) and the awareness of the chakras with their fruits from the Tree of Paradise, Garden of the Hesperides that will make the *Vira* a *Divya* once again, with the knowledge of a God. And

he will be more than a God, because he will have become conscious of the Self. A new Lucifer-Wotan has returned his divinity to the Hero on the Tree of Knowledge [There exists, even though it is very difficult to describe, an important difference between not ejaculating the semen in chastity and implosive *ejaculation*, whether in the man or woman, in the magic coitus of *Maithuna*. In chastity the semen potentially remains in the blood. In *Maithuna* the semen *returns* to the blood which is thereby ‘enriched,’ after having closed the Circle. Such coitus has reached, at the time limit of the most intense collaboration with the woman, *to alter the genes*, imprinting there an Idea-Image (*Idea-variation*): the Face of the *A-Mada* that will now circulate in the blood. He is the Surpassed. He has imbibed the magic Liquor of *Semen-Soma*: of *A-Mor-A-Mos*: *Soma*.] Tantric Yoga is a path loaded with mortal dangers, on the edge of a sword. The Sadhaka and his Yogini must practice *Maithuna* only one time and after long ‘idealizing’ preparations. Then they turn away, separated and united forever, as Absolute Man and Woman. Magus and Maga. There are two Tantric roads, the Right Hand and the Left Hand: *Dakshinadhara* and *Vamaçara*. Both have the same end, even when the second might seem personally better, more Luciferian with greater pains and combats, with mortal dangers for the officiant or *Kaula* initiate. These are equivalent to the ‘Dry’ and ‘Wet’ roads of Alchemy.

Prior to these yogic practices themselves, we do not know if they will awaken nine chakras (we only know the Sanskrit names of six and the mantras of nine) or if they re-actualize Rune-chakras of Wotan, crucified some ten thousand years ago on the *Iggdrasil* Tree ‘of Terror,’ or rather, the twenty-four Runes of the Futhark from before the great catastrophe of the sinking of Hyperborea, more than ten thousand years ago.

Esoteric Hitlerism awakens eighteen Rune-chakras, adding the *Veneris* Rune, Aquarian, Hitlerian, the Morning Star of Luciferos, at the same time as it revives the *Odal* Rune of Odin, but always keeping the *Hagal* Rune of Pisces.

And there is an ultimate Rune-chakra we shall only give at the end of this Book, and that comes to us from the most remote antiquity, from beyond the stars, having been activated among the ice fields of the Hyperborea of the South Pole. The Rune of Future-Origin. For the Intra-terrestrials.

□ □ □ □

Heroes are Archaic Man, the *homo de coelo*, Hyperboreans, subtilized ‘Astral Bodies,’ with other organs and not the demiurgic, with the senses as centers of included introverted knowledge. He knows himself to be rounded, even when preserving the human form within this Circle, able to abandon it at will, after the lightning strike of the Archetype’s Kingdom of Fate has crossed him through and through.

Therefore the Esoteric Kristos, Wotan-Baldur, has given him the power to recover his Chakric Consciousness within this Circle, individualized, personalized, and ‘to descend to hell to rescue the souls of the dead,’ to return for a moment to this world where his comrades still remain sleeping. He shows himself to them only seeming like himself, as he formerly was, and says to them: *Nole me tangere*, ‘Do not touch me.’ Yes, because they cannot touch him, since he is only a design, a living vision in blood memory and the momentary materialization of an Archetype, an Astral Body. He has already gone away, he has departed. He is an *Avatar*.

To make all this possible, the Mystery of the Resurrection of the Hero and his Return as *Avatar*, the sacrifice of Wotan was necessary, his painful effort to change the rotational direction of Rightwards Swastika of Exodus after the loss of Hyperborea and the *Odil* Power, imprinting the Leftwards direction of the Return to the Lost Homeland and thereby altering the entire process of demiurgic involution and corruption. Wotan required the collaboration of Freya, the She of SHE-HE, her Solidarity and *A-Mor*.

□ □ □ □

We shall immediately describe the successive stages included in the *A-Mor* Initiation of the Occitan troubadours, through which the meaning and practices of demiurgic procreation are re-inverted back from plagiaries and falsifications of another procreation from among the divine, by spiritual parthenogenesis, when the *Aesir* divide and shape themselves into matter with the goal of entering here into combat and thereby continuing the War of Eternity.

If the Cathars knew about the spiritual possibility of procreating mentally, [See the end of Part II in my book *EL/Ella: Book of Magic Love*, about the Cathars.] the criticism that has been made against them of imposing chastity and asceticism, leading to their annihilation, loses force, because they understood that biological reproduction has ceased to be important for them, achieving reproduction by other means and on other planes of spiritualized matter. And even doubting the goodness of the multiplication of numbers and the partition of the Archetype that is instead a diabolical demiurgic suggestion.

Similar criticisms made against the Templars would be equally unjust.

The re-born hero has become immortal with a glorious body, made of *Vajra*, an indestructible material, and able to reproduce with the Power of *Odil* (Odin), with the Mind like Zeus, pulling Athena from his head, from the *Sahasrara* chakra, fertilized by the *Ajna* chakra, or rather like Eve being taken from a rib of Adam the Red (*Rubedo*), from the *Anahata* chakra in the heart. Another adulterated history in Pisces.

The withdrawal of the *Odal* Rune from the *Futhark* of Odin, effected by Judeo-christianity, corresponds to the loss of shaping Creative Power in the Mind of the *Aesir*, mental reproduction by means of the Third Eye, the *Ajna* chakra or Thunderbolt of Shiva, the *Sieg* Rune.

The esoteric S.S. had recuperated this.

In *Adolf Hitler: The Ultimate Avatar* I have described the steps of Initiation among the troubadours. In summary, I am going to repeat them here.

First, we carry out the reunion of the troubadour-adept with his *Domna*, noble lady of the castle, keeper of a Zodiac House, Garden of the Golden Apples of the Hesperides, who kept the *Grail*, the sacred Lamp, the Wisdom of the chakras. She is, in truth, *Kundalini*, the *Shakti* of Hinduism and *Sophia* of the Gnostics and Cathars. She is the Guru-Woman circulating through the River of Blood Memory, *Woewre-Saelde* and the one who makes us wise.

They re-recognize each other with a glance, after so long a pilgrimage through Eternity. And the troubadour begins to chant on his Orphic lute the sounds of the music of the spheres, chanting to his *Domna*, awakening nostalgia in all beings, even the inanimate. It may be he may also have done so on his Magic Flute.

Oh heroes, oh comrades! This *Canso* of a Troubadour of *A-Mor* is what I have also been chanting. The *Minne* of a *Minnesänger*...

The *Domna* now gives him a handkerchief, a brocade bag in which he will keep for as long as he lives as small immortal keepsakes, medals of the Great War, an Iron Cross she received from a hero killed in combat. He will do the same as the *Fedele d'Amore* who called this intimate ritual Industry. And exalted with Love and Passion, carrying the Face of his *Domna* engraved in his soul, he will go away to hide himself in the forest, in the depths of a cavern, sighing with *A-Mor* for her. He will be the 'sighing one,' the *Fenhedor*. Until his *Domna* hears him and comes.

Her approach looks like a ghostly apparition, almost skimming over the snows of faraway Hyperborea, or next to Mount Melimoyu, with bare feet. He was so absorbed in his ecstasy of *A-Mor* that he looks at her strangely and asks: "Who are you and where have you come from...?" This always happens in the reunion with the Beloved. Lost for ages. He does not recognize her at first, because She only seems to be herself... "I am thy Queen," she responds, "and I come because you have called for me with your cries..." And he, "Ah, I have been so preoccupied with the love I feel for you that I lack time to be attentive to your person, my Lady..."

Then she comes even closer and places a kiss very lightly on his lips, like the almost immaterial contact of a feather of snow detached from the holm oaks of Hyperborea, or the glaciers of Antarctica.

And he will be lost to this world. He will only know how to sing *A-Mor* and dance with his feet twisted, like the God Pan, with the Flute of Orpheus and Krishna, the old songs of the old Sun. He is the Precarious One who goes trumpeting his *A-Mor* and the name of his *Domna*, mapping her Face on the stars. He will make his declaration of *A-Mor* to her, the same as Jason made to Medea and I to the Queen of Sheba, always the same. She cannot resist this trembling declaration. She will show herself again and again, taking off one by one the veils of *Maya*, Illusion, until she is naked in her inner spark, her pure essence - *Aropa*, the ultimate substance of the Eternal Feminine, Liquor of her Secret Wine.

The Precarious One is transformed into Hearer.

This is the process of magical idealization that has been desecrated in this world by vulgar profane love. It is a 'Platonization' necessary to recover the Eternal Feminine, to 'make a constellation of her Archetype,' the *Anima*, before the ultimate decisive sacrifice of the sacrament that in Tantric Mass is fulfilled in the *Maithuna*, and in Knightly Initiation and among Troubadours in the *Asag*.

This difficult test consists in staying up all night naked together with the beloved at his side. Between their bodies is placed an unsheathed sword. This was the test of Tristan and Isolde. Thus they spend all that long night awake, in a lucid super-consciousness and without touching each other. And thus they reach the supreme ecstasy of *A-Mor*. The Sword shows us the true meaning of *Asag*, since it symbolizes the Magic Spinal Column with its vertebra chakras, with its two edges, as well as the cleft that runs all the way down the middle: *Ida*, *Pingala* and *Susumna*, the three psychic canals up which ascends the Fire of *Kundalini*, the Serpent awakened in the roots of the Tree, Sleeping Beauty of the Forest of Aries. This also represents the Trilogy of Brahma, Vishnu and Shiva, the Three Norns of Germanism Urd, Werdandi and Skuld, as well as the Three Priestesses of Apollo, Opis, Argos and Allouine, who tend the Sacred Fire to illuminate Resurrection, and the Three Sisters who guard the Golden Apples in the Garden of the Hesperides.

Thus and not otherwise is how in the end we come in truth and forever to possess the body of the Beloved Woman, the *A-Mada*, within, in the soul, interiorizing her, coming to understand in a lightning strike of lucid concentration the esoteric physiology of the *Anima*, the Eternal Feminine, only possible through the external presence of the initiated, solidary, synchronic Woman Maga. By the re-union with the externalized She.

Thanks to the test of *Asag*, similar to *Tantric Maithuna*, the Woman has actualized herself, interiorized in the mental psychic ethereal body of the troubadour, the *Sadahka*, *Minnesänger*, and *Kaula Magus*, Orphic bard. The *Shakti-Kundalini*, *Domna*, assisted by the Three Sisters of the Hesperides, Priestesses of Apollo, the three *Odinic* Norns, going through the three edges of the Sword Excalibur, the Three *Nadis* of the Column of the *Iggdrasil* Tree, Tree of Paradise with its Polar Axis, has transmuted into the Eternal Fire within the *A-Mado*. The Norns have officiated the Magic Wedding of the Hero, resurrecting his Dead *A-Mada*, his Eternal Feminine, espousing the she that escaped from HE-SHE, who died far away and was effaced from his interior image, remaining as if dead, prisoner of the enchantment of the Demiurge in the Castle of the Magus Klingsor, in Chastel Marveile. Now she has been re-activated, awakened, married in the Magic Wedding, named *Gandharva*, in Sanskrit, resurrected in the Night of *Asag* with the Sword of the Warrior and Hero.

And the S.S. Hero of Esoteric Hitlerism, will no longer need the external woman. Nor She need He. They are able to go out, draw apart, go away, separated and united forever, because together they have realized the Opus, the Work of Immortality, with illuminated consciousness in that super-consciousness of *A-Mor*.

They are the Absolute Man and Woman who make the Divine Comedy in an *A-Mor* without love. But before the final separation they must complete an ultimate ritual of that wonderful Initiation: The Exchange of Hearts. This means to give a Face to the soul, because the face of the beloved

remains engraved on the *Anahatha* chakra, the Heart. It is carried out with a deep intense kiss in which She exhales (and expires) within He (dies mystically within He) and He in She.

She tells him: "I have given thee my heart; now give me thine, so we can go on living..."

After completing that Rite, the re-born Hero is the Drug, a man linked to his *Domna* for eternity. His soul has a Face; he is a man with Face, half He, and half She. He is the Bridegroom on the sacred Isle of Helgoland, in the *Gral* Castle, on Mount Melimoyu. (See my books; *EL/Ella: Book of Magic Love* and *NOS: Book of the Resurrection*).

The awakening of the Interior Woman (*Kundalini*) comes amid a torment that submerges continents until then visible and active, with a momentary annihilation of the rational conscious I. That event is represented in Alchemy by *Nigredo*, the dark work, where even the roots of visible light disappear, like in galactic Black Holes that swallow the 'Milk drops' of Hera, the Milky Way. The Black Sun through which the Hero-Initiate must pass. In the Nordic Kristianity of Wotan this corresponds to the crucifixion of Baldur in the *Hagal* Rune and his Resurrection on the Ninth Day. This image illustrates the front of this book. In Esoteric Hitlerism this is symbolized by the disappearance of the *Führer* in the flames of the Bunker and his reappearance among the Oases of Antarctica.

This is the death of the I. Those who passed through the dramatic test of a first conscious 'astral detachment,' when reason makes an agonized resistance trying to control or deflect the event, knowing the 'detachment' can only end with the renunciation and disappearance of the I, with a momentary annihilation, equivalent to an apparent death of self accepted as loss of individuality. This is the totally distinct Path of Esoteric Hitlerism, the until now unknown Yoga of the S.S. and the Black Order both before and after exoteric National Socialism. A Hyperborean Yoga, recovered at the South Pole, newly re-attached in the Golden Band of a pre-Runic Tradition that once passed through the *A-Mor* initiations of the *Minnesänger*, the *Fedele d'Amore*, Alchemy and some most secret Orders still working with *Hiranyagarbha-kabda*, Aryan Kabbalah and with *Orphic Mudras* and *Mantras* that are the Flaming Swords of the warriors of Wotan and the *Ultimate Avatar*.

It is in *Albedo*, or White Work of Alchemy, that *Nigredo* continues, where the I returns, resurfaces. Moreover he does so as *Rebis*, with the Star Venus, double-faced. He has already passed through the Mystic Death of *Nigredo*, voluntarily accepted and encouraged. And he is the Resurrected Body of the Hero, on the third or ninth day, the same body but subtilized, having to re-clothe with a red immortal material in the *Rubedo* that follows *Albedo*, matter 'hard as a diamond' though invisible to the eyes of earth and in Sanskrit called *Vajra*, the Body of Resurrection of Daoism and Esoteric Kristianity. It is seen as red, subtle, but is hard like rubies, like those Nova stars or suns that have collapsed in on themselves, in the Self, become dwarfs, but weighing more than the entire Universe. This 'matter' is obtained by the *Kula Magus* and the S.S. as the prize of their *Kaivalic* transmutation. And with this Body the Hero, the *Aesir*, will be immortalized, able to go away from this demiurgic Universe, freeing himself forever from his prison, destroying it. He has gone away from the Eternal Return as well, towards 'something never dreamed even by the greatest utopians...' In the tomb of the Daoist Magus his cadaver is never found, but instead there is a Sword, symbol of his triumph and resurrection in *Vajra*.

More than one must ask themselves: What becomes of the Heroes who follow the 'Initiation of the Dry Path of Alchemy' and the 'Tantrism of the Right Hand' without a physical woman at his side, since he already does not need one or does not find her in this Round of Eternal Return? The Cathars and Templars were not only celibate, but moreover deliberately stayed away from women. How can they resurrect their She and achieve the androgynous magic of Absolute Man? Truth is neither the Cathars nor the Templars followed the Path of the *Vira*; they were not *Aesir* in a warrior combat against the Demiurge. They had forgotten the Runes and their Hyperborean origin, remembering nothing about Wotan and having an ambiguous initiation. We know nothing for certain about Catharism, while concerning the Templars we know that at the end they attempted to become independent from Rome, discovering some rune signs under the influence of

corporations of Goth builders of cathedrals and the God Abraxas of the Gnostics, who appears in the image of the peacock in the secret seal ring of the Grand Master. But they were ignorant of the importance of the purity of luminous blood as the only means to maintain the Memory of the Polar origin of the spiritual Aryan race. They were also hypnotized and were destroyed at the moment when they began to awake from that hypnosis.

But in some way the woman is present, represented by the Black Virgins (*Isis*), by Our Lady of Thorns (*Kundalini*), by the feminine *Parakletos*, symbolized as a dove by the Cathars. The christianism of Rome took over all this to destroy it, making them gregarious with the cult and adoration of the Jewess Virgin Mother, from Mary (*Maya*), a non-existent figure like Jesus the Jew. But inevitably something esoteric persisted in the Marian cult, visible in Papal declarations that 'the mystery of celibacy is indissolubly united with the cult of the Virgin Mary.' Yes, we could say the Hero who has never encountered his She in this world, in this Round, or who does not want to find her here, in order not to corrupt her image, may do so in an Other Universe ('in Heaven,') in Valhalla, from where she protects and guides him, either because she has not incarnated yet, or because she died too early. And his *A-Mor* will be addressed to She, to his Valkyrie, with all his mind and heart (the Heart of Mary-*Maya*.)

This is the 'Dry Path' of Alchemy and the 'Tantrism of the Right Hand.'

The Path that Leonardo followed, marvelously expressed in his *The Gioconda*, in *Saint John* and in *Bacchus*. My Maestro, until his departure from this terrestrial plane, had with him an image of the *Mother of Heaven*, the 'Little Mother,' as He called it. I also possess an ancient image in wood of the *Virgin of Carmen*, a family heirloom, sculpted by artisans from Cuzco.

The Judaized Church of Rome, by popularizing and 'democratizing' the sacred image, has destroyed a divine Mystery, making it collective, a cult that was aristocratic and warrior, the *Domna* of the troubadours, the *Woewre-Saelde* of the *Minnesänger* and *Männerbunde*, the Knighthood of the *Gral* and King Arthur (*Herr-Thor*).

Curiously, the legend of the Heaven of the *Gral* disappeared together with the Templars, destroyed by christian Rome.

To understand something more about the 'Dry Path' of a Magus we can do no better than consider Leonardo da Vinci. He can enlighten us. He lived without a woman. Yet his soul seems to have already had a Face, since his visage was only his own on one side. In addition to the before mentioned pictures of *The Gioconda*, *Saint John* and *Bacchus* there are those of *The Virgin with Saint Anne* and *The Virgin of the Rocks*. Faces with a divine beauty, expression of *A-Mor* and the Nostalgia for Eternity. Those Faces cannot be other than those of the *A-Mada*, recovered by Leonardo in a personal Initiation of *A-Mor*, in the memory of his She. Until his death no one could separate him from the picture of 'Gioconda,' and in his agony, from his bed in Ambois castle, he contemplated it as if he were looking into a mirror. Recent investigations seem to prove conclusively that the face of *The Gioconda* is that of Leonardo. Thus the self-portrait of his soul, the Face of his She, already interiorized, rediscovered within. His Spiritual face.

All we have written about the Drama of the Initiation of the Hero, the *Aesir*, could be applied, *mutatis mutandis*, to the Dry Path of the woman, the *Asin*, the Heroine, the She who has entered this world to aid the Warrior and accompany him in Combat. Assuming she does not meet him here, in this Round, what is she to do? For whom will she give herself in sacrifice? To whom shall she grant his eternity? They are the priestesses of Odin, virgins of the sun as well as the Christian nuns of reclusive convents, because all this sacrifice they have made, when sincere, when coming from a divine She, cannot be lost. They have also had in their minds the Face of the *A-Mado*, giving themselves to Kristos, the Face of their Soul, until he becomes a presence loaded with energy. And in no other way must the priestess-magas, virgin-magas of Esoteric Hitlerism succeed without their heroic counterpart warrior, their He, in this Round. They will also turn their

gaze to the stars and beyond the stars, where their He awaits, in *Valhalla*. And overlay his Face on that of the *Führer*, Adolf Hitler, as Savitri Devi surely did, to render him cult and adoration, certain that the Ultimate *Avatar* will restore their immortality and make them eternal, helping them in this difficult Dry Path of transmutation into Absolute-Woman and the recovery of her He. Our revered friend and comrade, the priestess of Odin Savitri Devi, raised up in India a cult of adoration to the *Führer*, Adolf Hitler, to the Ultimate *Avatar*, and raised in her home a Temple in his memory. She has already gone away into the direction in which He is now to be found. This is a recurring Archetype, which cannot fail to repeat, reincarnate, through the initiations and religious dramas of humanity.

#### ‘SON OF MAN’

So the Roman Christians called Christ. Where did this strange nickname come from? It must correspond to an esoteric knowledge of vast depth, but we are sure the Christians never understood it well.

When many years ago, in Küsnacht, in the neighborhood of Zurich, I asked C.G. Jung about the *Selbst*, about the Self, asking him to explain it to me, he responded in an enigmatic way: “The *Selbst* is Christ.” (He would be referring to Kristos...) That is, the ultimate ideal Center of being. When the Tantric Magus, *Vira*, Hitlerist Initiate, following the Path of the Leftwards Swastika, has completely reversed the work of the Demiurge, inspired by his *yogini*, by his *soror*, his *A-Mada*, he is able to print her Face that he had not had before on his own soul, becoming pregnant by She, so the enamourer of eternity, the Hero, with the awakening of *kundalini* has reactivated the entire *Futhark* of Odin-Wotan, all the Rune-Chakras that are the ‘midwives’ of this ‘childbirth.’ And he ‘gives birth’ to his Astral Body, subtilizing his crystallized body. Then he will have given birth to the *Son of Man*, the Son of Magic Death and Immortality, resurrecting him with half the Face of his *A-Mada*. And he will be an Androgyn, *Rebis*, Twice Born, an Aryan. He will be WE. The *Son of Man*, given birth by a Man: Absolute-Man of Esoteric Hitlerism.

#### BODDHISATTVA

The triumphant Hero has gone away, a Liberated One, a Buddha. And his I is more than One; he is Two. He and She, within. Therefore he is WE. Referring to himself, he will no longer say “I” but “We.” And he has no need to return in the Eternal Return, since he has gone away forever, in a way not even Nietzsche would have dreamed, but Buddhism itself is indefinite and inexplicable when referring to this, calling it *Nirvana*. The Buddhism of Buddha, the original Buddhism of the Warrior *Shastriya*, the Aryan Prince Gautama.

The Liberated One can go away beyond everything, even beyond the Green Thunderbolt, remaining forever away. My Maestro also told me this, not long before his departure: “I am going very far, beyond the stars, and I shall not return again...” But he has not done so, since he continues to be at my side, always providing me with his support in the hard combat still waged here and that I would be unable to carry forward without Him and without my *Führer*. This is an enormous sorrowful sacrifice for a Liberated One, for a resurrected *Divya*, obligating me to do my best to merit it.

Whoever manages to get out of the demiurgic Prison, conquering, is in *Nirvana*, *Sunya*, something like the Void, but that is in truth the Absolute I. Every concept of Buddhism has been transposed and falsified. As we have said, Buddha was a warrior of the *Shastriya* caste of the

princes, and nothing like the pacifist anti-racist little saint into whom Vedantic Dravidian India, mestizo India, has transformed him over the millennia. If the Liberated One returns he is an Avatar. He does so by choice to help the comrades remaining here as prisoners, those of his own lineage who have been caught in the nets of demiurgic *Maya*. This is an immense sacrifice, divine loyalty (because his 'honour is called loyalty'). The Liberated One is also a *Bodhisattva*, a Buddha who voluntarily decides not to remain in Nirvana and returns to help. *Bodhisattva* means 'Lord of the Sattvas,' the principle constituents of Manifestation, who has re-activated all the chakras and has become roundly conscious, or all aware. He returns as an *Avatar*, the incarnation of a God, Wotan, Vishnu, occupying momentarily and for short periods various bodies of *Viras* at the same time even when only one among them is his favorite, his energy center, in Someone who was carefully prepared to receive him. Thus, the *Avatar* is a *Tulku* who is more than one, being various and being many, each his own 'Furious Horde,' his 'Ultimate Battalion.' The People of the *Führer*, the Fifth Reich, will come together with the reappearance of Hyperborea, in the new Golden Age. *Ein Führer, Ein Reich, Ein Volk!*

So we can understand that the process or Drama of Death and Resurrection, described until now in these pages, does not interest the Avatar, for having lived and surpassed it. Already in the past for him since he is the result of this process and Drama, lived in the infinite and in the eternity of the Rounds of Eternal Return until his liberation and his triumph. And until his incarnation in the *Vîra* of Braunau am Inn, named Adolf Hitler, carefully prepared in body-soul by He the *Avatar* himself and several others to mark a decisive milestone in the immensity of a *Kalpa*.

The revelations of this Work correspond to the essence of Esoteric Hitlerism. They are its *Weltanschauung*, its Weapon, the only that will definitively defeat the Demiurge, Jehovah and his hordes of 'robots.'

In this Yuga only with difficulty will anything like this have been revealed.

Our *Führer*, Adolf Hitler, Our Lord, Wotan-Baldur-Lucifer, is an example by which to live, die and be resurrected.

Heil mein Führer! Sieg Heil!

### **Third Part:**

THE MYSTERY OF THE FUHRER AND THE REINCARNATION OF THE AVATAR

So serious had the situation of the imprisoned *Aesir* in the Demiurgic Universe become, more even after the manufacture of the Jewish robot, that to be able to save themselves not only was the apparition of the *Führer* necessary, but in addition the simultaneous incarnation of an *Avatar*. The Ultimate *Avatar* who the Hindus call *Kalki* and who will return mounted on a White Horse wielding a Flaming Sword. We have already spoken of this Sword, since it is made of 'Kundalini Fire' and has a triple edge. The S.S. in their magazine *Das Schwarze Korps* ('The Black Order') published a very significant engraving of *Kalki*, which I reproduced in *The Resurrection of the Hero*. We now await his return since with Him the final triumph will be fulfilled in this vast Conflagration, of which the Second World War has been only a battle.

The incarnation of the *Avatar* comes prepared in earthly time with signs and apparitions: Oliveira Salazar, Benito Mussolini, Condreanu, Ramiro Ledesma Ramos, Jose Antonio Primo de Rivera, Leon Degrelle, Suba Shandra Bose in India, Jorge González von Marées in Chile. Previously, simultaneously or subsequent to the eruption of the German *Führer*. Charismatic leaders of the people, fighting for the same cause, they came as heralds of the miracle to assist in his realization and incarnation in Adolf Hitler as the Ultimate *Avatar*.

In my book *Adolf Hitler: The Ultimate Avatar* I have developed this theme, that we now expand to avoid repetition. To make this more comprehensible to contemporary minds warped by scientism we now reproduce two interviews with Carl Gustav Jung in the days before the Second World War when the Third Reich was in its apogee. In them the Swiss Professor analyzed the phenomena and personality of the *Führer* making use of the terminology he invented for the exposition of his psychoanalytic technique, so criticized by Julius Evola and with whom he popularized sacred themes like alchemy and discussed books such as the *I-Ching*, *The Mystery of the Golden Flower* and *The Tibetan Book of the Dead* (the 'Bardo Thodol') among others. Comparing Hitler with Mohammed, saying he was not a single individual but an entire people because he was possessed by the 'Aryan Collective Unconscious' (opposed to the 'Jewish Collective Unconscious'). The person of Hitler would disappear 'like an appendix in a corner of his personality' while 'the unconscious of the people spoke through him...' Jung perceived these phenomena while participating in a public ceremony as a spectator where the *Führer* together with the Italian Duce, Benito Mussolini addressed the masses. 'Mussolini was a man, a human being, Hitler was not,' according to Jung. His interviews appeared in *The Observer* from London in 1936, and in *Hearst International Cosmopolitan* from New York in 1939. There he said Hitler heard a Voice that guided and directed him and that 'he could not marry because he had become wedded to this Collective Being of his country.' 'Only Mohammed

was like him,' he said.

We shall refer to the *Führer Prinzip* as something distinct from the Avatar incarnation. The reflexes of Jung could be applied more properly to the 'Mystery of the Führer' or to the possession of a national guide by the spirit of a people or race, those he represents, being precisely that which Jung called 'Collective Unconscious,' able in this case to transcend the German people to the whole Aryan race in its entirety, something that happened with Hitler.

Our writer and thinker Nicolas Palacios explains in his book *Chilean Race* how the Germans voluntarily renounce (subtract) their liberty to accept being led by a Führer, swearing loyalty unto death. They extend their arm to the Leader, pronouncing the oath with the same Hitlerist salute. It was the sacred *Mudra*. The *Mantra* is: Heil!

Obedience and oath are worthwhile when the danger has not yet passed. The *Führer Prinzip* has its like among the mysterious people of the Mapuche, or Araucanians of Chile, among the *Reche* which means the 'twice men' (*re-che*), twice born, Aryan, those of pure race. This is the Principle of *Cinche*. Spirit of the people, race, that incarnates in a *Toki* or Chief, also during a time of danger.

What Jung called Collective Unconscious is the Blood of the Race. And the *Voice* the *Führer* heard in 'Memory' that goes with this Blood that flows in this river with the Nostalgia of Hyperborea. The *Führer* is therefore the collective soul that a race or people transfers to a man, a Guide, so that 'he speak and act for them.' And this man, always with humility, accepts the sacrifice of his person, his individuality and his life, to give himself to a Will that overcomes him. This may be a temporal possession from which he can go out, or not, ultimately. The 'soul of the people' may also abandon him for lack of merit as happened to Jorge González von Marées, the Chilean Nazi chief. He may become like an empty mould, like an automaton without direction. But if he fulfills the realization of the Myth of the Archetype to the end he can go out from the dramatic test enriched and glorified. The gratitude of his people then accompanies him eternally.

The mysterious event deepens even more if we contemplate it from the perspective that the Hitlerist *Weltanschauung* gives to us, within the *Odinic* Orphic conception of Creation.

Wotan has divided his 'battalions' into their Family Houses, their lineage of *Aesir*, *Vanir*, *Víras*, to be able to penetrate into the terrestrial shaping of metamorphosis. Now and in the case of the Germany of the Third Reich, in the moment of greatest danger, everything comes to reunite together turning to the *Führer*, to be again One, to be Wotan, especially during the Great War. And this only so that the Second World War comes to be considered as something immense, marvelous, supreme. The People of the *Aesir* return to be One. Esoteric Hitlerism thus proclaims: *Ein Führer, Ein Reich, Ein Volk!* One Guide, one State, one People!

Certainly the Chosen One, the Guide, *Toki*, cannot be something unpredictable, nor casual. In some way he has been carefully prepared by the collective soul for this ‘intelligence of pure blood’ or by those *who were outside, who remain outside*, who are still unknown, not evident, unmixed and unfallen and still waiting on the edge of a Fountain. They prepare the Chosen One.

Yet we understand that the *Führer* is not the *Avatar* since the *Avatar*, as we have seen, is a Being who *goes out*, the Hero who with a supreme effort liberates himself and now returns. He is not the one who *remains outside*, but the one who *goes away beyond* having cleansed himself from the ‘racial sin’ of his lineage, overcoming miscegenation, the mixing with animal-men. He is the *Vira*, the Hero who becomes more than the God he once was. He is *Absolute Man*, with an Absolute I (a *WE*), in place of I.

The *Führer* appears during a great crisis of his people to attempt to overcome that crisis. The *Avatar* incarnates at fixed times, at the end of a *Yuga* or a *Manvantara* during a cosmic crisis. According to Hinduism the first incarnations of the *Avatar* are not human, representing animal symbols of the Zodiac, thus able to signify incarnations of *Aions* among other worlds and horizons. But the incarnation of an *Avatar* will always be of the same God. For the Hindus he is Vishnu, who is Wotan, the Hyperborean. Or rather an Absolute I (a *WE*) with a conscious Super-Self.

The appearance of an *Avatar* on earth means such a great shaking like the sinking of a continent or its reappearance. Coming to shake the foundations of the world where the sleeping *Viras* repose, miserably satisfied with their condition of imprisoned slaves of the Demiurge, already forgetting their divinity. The incarnation of the Ultimate *Avatar* in the person of Adolf Hitler, the German *Führer*, has been so tremendous and transcendent, so dramatic, because everything was on the verge of ending forever, the Demiurge able to definitively defeat the Gods and Heroes after having manufactured their diabolical weapon, the Jew. *The Avatar must come ahead of time*. To be able to exorcise the mortal danger once and for all, *to unveil the Enemy*.

At the beginning we can think it enough for him to be created in order to overcome the danger with the incarnation of a *Führer* (type Mussolini, for example), but this is not enough. The *Führer* must give place to the *Avatar* that has delayed its arrival, running the risk of not being recognized since *he was not expected*. This is why many have spoken only about the *Führer* and ‘possession by the Collective Unconscious’ of a people, or a race, like Jung did, when in truth they are dealing with the incarnation of a Divinity and something superior to this: *A Liberated One*; something more than a God: *The Ultimate Avatar*.

We dare to think that not even Hitler himself knew who he was in a conscious way, which was possessing him and made him hear *His Voice*, at the beginning. Because the *Avatar* carried him away with his transcendent Fire coming to impose decisions from above the *Führer* without him being able to do anything, ‘not able to change events or their *archetypal* manifestations and results.’ Ever must it be so.

The *Führer* wanted to win the War at any cost. And if this had happened it would have been for the glory of his people, for the triumph of Germany. But on losing the War, by implacable decision of the *Avatar*, he won the War for the entire Race of Heroes and for all time as well as for us and through us in the Hyperborea of the North Pole. If Adolf Hitler, the *Führer*, had physically won the war Esoteric Hitlerism would not have been revealed and developed by us as a new Dispensation given to the *Viras*, the men of divine origin, bringing them the possibility of Resurrection and Immortality, coming to be able to definitively defeat the Demiurge and rescue the prisoners of this earth and even other universes. If the *Führer* had won the War perhaps by now no space would exist for the *Avatar*, for having built an Anglo-Saxon-German Empire of the white race extending the dominion of Europe beyond the Urals and ‘recovering the German colonies lost in Africa during the First World War,’ but then the entire Demiurgic and non-Demiurgic world would not have been included in a Holy War, to be able to obtain the divinity of man with the possibility of the creation of Superman even among the most distant latitudes. And the discovery of the Enemy, the *robot* of the Enemy here on Earth: the International Jew.

The imposition of the *Avatar* over the *Führer*, even when this could be achieved during the beginnings of this Drama, would be realized almost inadvertently by Hitler himself since in those times he stated: “National Socialism was not for export.” Nor would it have ever been but for the mediation of the *Avatar* whose work extends even beneath the most distant suns, to go beyond the stars where ever some being with divine feeling might exist.

We know the *Avatar* cannot remain within the body of a man all the time. He only does so for moments as Jung saw in the person of Hitler. Nor would the *Führer* as collective soul be speaking constantly through the mouth of the Guide. Only at times and on great occasions necessarily propitiated with exorcisms and rituals. Hitler intuited this and he therefore prepared his body to receive ‘the incarnation’: He became chaste and vegetarian, educated his will, disciplined and quickened his brain to the maximum. And that moreover is why the *Avatar* chose him. We can therefore say the personal will also has something to do with the work of incarnation of the *Führer*, as if the man, the individual, could attract him, be worthy of him deciding the incarnation in some way. Yet possession by an *Avatar* is something that

totally surpasses everything because He chooses and takes possession without the *Vira* being able to do anything in the event. If necessary the event would occur against his will. Hence that confession of Hitler to his S.S. adjutant on beginning the invasion of Poland that Hitler wanted to avoid it and *could not*: “Today I have begun something whose outcome I do not know, since I already lack any power to direct the Destiny of these events...” Because archetypal events within the Eternal Return belong within the Realm of Absolute Doom... (‘My Father, if thou wilt, remove this chalice from me!’)

The Avatar makes the Vara-Mudra receiving in his hand the Power from On High...

Thus Hitler knew there was a powerful Force, uncontrollable, that took him against his will as Germanic *Führer*, to commit just acts that lost the War (in order to *win it by losing it*). The next step, the next pass towards the abyss, would be the attack against Russia, having to be done against the most severe warnings including those of my Maestro. And Adolf Hitler, better said the *Avatar*, that already had him under its omnipotent power, began to take the measures to ‘win the war by losing it.’ In order to win the war after losing it. In this ‘Operation’ coming in the full sense to be called ‘Barbarossa’ (*Rubedo*), the battle FOR THE MAN TO COME was included that from the ice of Antarctica *he shall return*.

Therefore also ‘Operation Caleu-Che.’ That ‘Operation’ which included me, since the time of my pilgrimage to Antarctica and while being directly commanded by the *Avatar*, within his archetypal laws, recurring and eternal, through which one cannot fail, being destined for final triumph in an absolute way, inevitable, irreversible.

August Kubizek's book - *Adolf Hitler, My Childhood Friend*, best reveals the great drama lived by the young Hitler before and after the possession. There is shown, first, a human Hitler making plans with his friend to win a lottery that would allow them to live a comfortable life of the bourgeois type as professionals enjoying the company of select friends. What a difference from the character that was already possessed by the *Führer Prinzip* and seized by the *Avatar*!

Until the end they will be giving those coordinates and these oppositions: the

*Vîra-Man*, the *Führer*, the *Avatar*. When the latter two are separated from the ‘body of incarnation’ so as not to consume it in their fire, what remains is a timid person, the artist, an Austrian petty bourgeois. When the *Führer* incarnated he made great national decisions and legislated for the race. But when the *Avatar* entered into play he only took into account the transmutation of the Universe, the transfiguration of the *Vîra* and Hitler decided and acted to lose in that instant and triumph in eternity.

So it was that as the *Avatar* he won the war by losing it. He gained for us, we who were very young, and even for the yet unborn who now have come to reincarnate and fight as born Hitlerists without knowing themselves why.

In the book of Kubizek the decisive moment of the first possession of the young Adolf Hitler by the *Avatar* is revealed. Vishnu-Wotan-Kalki. It was after they had both attended the performance in Linz of the opera *Rienzi* by Wagner. This is almost an exact pre-figuration of his own life, of what would happen to him, being betrayed by the aristocracy, ending the epic in fire. And Adolf Hitler was then only eighteen years old. Here is the exact story as told by his friend:

“While, in general, after an artistic emotion like what had just moved him he would immediately start talking sharply judging the performance and free himself from oppressive impressions, after this *Rienzo* he kept silent for a long time. This amazed me. I asked his opinion about the opera. Adolf looked at me strangely, almost with hostility.”

“Quiet!” he cried brusquely.

“It was a dark and bleak night in November. The wet and icy fog spread densely over the narrow and deserted streets. Our steps echoed strangely over the pavement. Adolf took a path that went in front of the small houses on the edge of town, nearly crushed into the fields, and that led up to the heights of the Freiberg. Absorbed my friend walked ahead of me. All this seemed almost disquieting to me. Adolf was more pale than usual. The neck of his overcoat was wrapped up high reinforcing this impression.”

“There was no one around us. The city was plunged in fog. As if driven by an invisible power, Adolf climbed to the summit of the Freiberg. And now I could see we were not in solitude and darkness, for over our heads the stars shone brightly.”

“Adolf stood in front of me. He took my two hands and held them tightly. This was a gesture I had not known in him until now. With the pressure of his hands I realized the depth of his emotion. His eyes glowed with excitement. The words did not come with the accustomed fluidity of his voice, but sounded rough and hoarse. In his voice I could sense how profoundly this experience had affected him. Slowly he expressed what had been oppressing him. The words flew easily. Never until then, and never since, did I hear Adolf Hitler speak in this manner as in this hour in which we were alone beneath the stars, as if we were the only creatures in this world. It is impossible for me to reproduce the words that my friend spoke to

me in that hour. In those moments my attention was drawn to something extraordinary that I had never seen in him before, when he spoke to me filled with excitation: it seemed as if there were another Self who spoke through his mouth that impressed both him and me. But it is not, as some say, that an orator is carried away by his own words. On the contrary! I had rather the feeling as if he himself felt amazed, with emotion even, at the elemental force that surged up from his interior. I did not dare to offer any judgments about the observed phenomena. He was in a kind of state of ecstasy, a state of total rapture...Like a water reservoir that breaks its banks that had contained in it the words that now poured out from his interior. In masterly sweeping images he unfolded before me his future and the future of his people."

"Until then I had been convinced my friend wanted to become an artist, painter, or more precisely, an architect. But in that hour there was something much higher that I could not fully comprehend. He spoke of a mission he would one day receive from the people, to free them from their bondage and take them to the heights of freedom."

"A young man still completely unknown by men spoke to me in that extraordinary hour. He spoke of a special mission that would one day be confided to him. I, the only one to hear him that night, could scarcely understand what he meant. Many years would pass before understanding what that hour lived beneath the stars and removed from everything earthly had meant to my friend."

"Silence followed on his words. We descended again into the city. The time came down to us from the towers. It was three o'clock in the morning. We parted in front of my house. Adolf shook my hand in farewell. I saw, with surprise, he did not go in the direction of the city but again towards the mountain."

"Where are you going?" I asked amazed.

He replied briefly:

"I want to be alone."

"I followed him with my eyes for a long time, while he, dressed in his dark overcoat, went away along through the nocturnal deserted streets." (I am reminded of Nietzsche's poem: "And the crows caw, ranging into the city... Sad pilgrim, how pale you are for he whom you seek you shall never find...")

And Kubizek continues:

"During the days that followed and in the coming weeks Adolf never spoke to me about that hour lived at the summit of the Freiberg. It was impossible for me to believe he could have forgotten that extraordinary vision. As I noted thirty-three years later, he never forgot it during his life. But he kept silence, because he wanted to keep that hour for himself alone."

Kubizek tells us that in 1939, shortly before the outbreak of the War, in Bayreuth, he mentioned that decisive event of his youth to him and the first words he could ascertain were “I still remember that hour exactly and that all its details had been faithfully kept in his memory.” And Kubizek added: “I was moreover present when Adolf Hitler mentioned to the Lady Wagner, to whose house we had been invited, the event that had taken place after the performance of *Rienzi*. So I saw my own memories unequivocally confirmed. In the same way and unforgettably the words with which Hitler concluded his account to the Lady Wagner have remained engraved in my mind. He said, in a grave voice: “IN THAT HOUR IT ALL BEGAN!”

That calls for a commentary. This extraordinary account of an eyewitness, and faultless, is the most extraordinary confirmation of what we have been expressing here about the *Avatar*.

There, in the distance of the years, on the summit of the Frieberg, in the city of Linz, at that geomantic point of the earth, opens for the first time the ‘door’ into the mind of Adolf Hitler, his *Sahasrara* chakra, the *Gibur* Rune, Black Sun, ‘Black Hole,’ *Sunya*, that would allow the *Avatar* to possess him and speak through him with ‘a different Voice,’ with an Other I, with WE. There the *Vira* Adolf Hitler, the Hero, has let the Thunderbolt of the *Sieg* Rune, Wotan, pass through him from one side to the other without perishing, as an Initiated ‘Shining One.’

Within Time, Saturn-Kronos, events are fulfilled and mature over time. Since those now long ago days the young Adolf Hitler has come to be an Other, as he will be an *Avatar*. And he hears a Voice and that Voice speaks through him. He will be swept by a wind that is a hurricane. The Wind of Wotan. In the decisive moments, and each time increasingly, his decisions are already not his. His acts fall within the Realm of Absolute Fate. As Goebbels saw: he is no longer a human being. □

□ □ □

What tremendous drama, what terrible Drama! A lone man holds within himself two superhuman beings, frightful, archetypal, that combat and fight in opposite directions: the *Führer* and the *Avatar*. He is shaken, shuddering, burned, raptured by both, without knowing which way to go; within a whirling wind-mill, torn away into a Black Sun, a Black Hole where not even light persists, by the Leftwards Swastika, by the ‘Mill of Wotan,’ crushing into powder, destroyed and remade a thousand times... (‘Because there is nothing more beautiful in this world than to be resurrected after being torn to shreds.’) He falls and gets back up, supported only by his iron will until he reaches the final, the ultimate sacrifice, where he will be taken up by a Chariot of Fire, by a Disk of Light and received at the end by the Chorus of *Einherier* Warriors, by the Furious Horde of illuminated eternal Heroes to give him his merited rest while we await the MAN TO COME in

Resurrection and Glory. Who shall return from the Ice of Antarctica. Or the firmament from beyond the stars...

## MY DISENCHANTMENT WITH CARL GUSTAV JUNG

Besides the important and transcendental interviews and statements of C.G. Jung before the Second World War, there has recently come into my hands, sent straight from Germany, another that was unfortunately unknown to me that he gave in Switzerland once the War was over. After reading it I am left surprised.

I know what Jung has meant for me, for almost all my life. Even now I quote him repeatedly. In my book *The Hermetic Circle* which has had such resonance, having been translated and edited even into Japanese, Persian and Greek, I published my conversations with him and with Hermann Hesse. Moreover Jung prefaced my book *The Visits of the Queen of Sheba* where he can say I must have written it for him. He had never before written a foreword to a purely poetic and literary work, having limited himself to books like the *I-Ching* and *The Book of the Dead* from Tibet, and a few others like those. In the prologue to my book he makes revealing statements about himself, the Archetypes and the Unconscious. Toward the end of his days Jung also sent me a handwritten letter that is his ideological statement, so to speak.

With what great veneration, dedication and loyalty I have remained with him during all these long years, spreading his thought, interpreting it, taking it away from the pure psychologism where it had remained due to the necessity of the times and trying to lift it onto the pedestal that Meister Eckhart had occupied. In fact he helped me enormously by providing the terms of rational discursive language needed to achieve credibility in a world filled with prejudice, because that world only respects and understands those who wrap themselves in the guise of so-called ‘science.’ I used those terms, knowing they were often not exact and would, after that time, ultimately harm what was intended to be expressed. But I was also helping him, lifting him up to the highest seat of great poetry, the Cosmic Poetry of the Gods which he called ‘Archetypes.’

‘Psychoanalysis’ with ‘economics’ form two ‘sciences’ of Jewish origin invented by the Jew. Like everything coming from him they are no more than a weapon used in his war against the non-Jews, the goyim. When a non-Jew makes use of those weapons he has fallen into a trap, falling captive into his service. Perhaps Jung knew it and tried to free himself when he made his break with Freud, something that had an indisputably anti-Jewish character even though he denied it. That is why he invented his ‘Two Collective Unconsciousnesses,’ Aryan and Jew. After the Second World War that

theory has since disappeared completely from the works of Jung, almost certainly because he himself took part in this self-mutilation. At that same time he agreed to take a Jewish secretary who carried on his correspondence and pushed him to write his posthumous autobiographical work. A very able and intelligent woman, in whose hands he was in his later years.

The declarations about Hitler in the interviews we have quoted were made by Jung, the same as his idea of the 'Two Collective Unconsciousnesses,' when the *Führer* was at the peak of his career and when it was believed he would win any conflict. Aniele Jaffe, his secretary whom he enriched by giving her the rights to his posthumous works, criticized him after his death 'for not having been honest with the Jews by taking that position when they found themselves in an extremely critical position.'

Now, if Jung may have acted like that at some time, he came to repeat the same thing against the Germans after the loss of the War by the Third Reich. And also in their most critical hour.

Better than anyone I know the sorrow and pain it causes me to have to write this. But the statements of Jung in the interview published after the defeat of Germany are of such magnitude that the admiration and veneration I have harbored for him for a lifetime have crumbled at one blow, leaving me deceived.

Jung claims to charge Germany with a 'Collective Karma' for the 'diabolical crimes' she committed by following Hitler and National Socialism, being 'possessed by the Collective Unconscious' that would be criminal according to her actions. He declared that only Germany had been capable of committing such monstrosities because they are a gregarious people, indiscriminate, incapable of making individual decisions, apt to be drawn into any situation by a guide that embodied their demonic and criminal collective soul. 'That could never happen with England nor with Switzerland, for example, individualist and intelligent peoples.' Germany is the eternal adolescent who must be controlled by sane adults. She has no choice but to accept her universal guilt, accusing herself and recognizing her 'sin' and begging pardon from the entire world until the end of time. Moreover she must convert to Catholicism...

What Jung says in that interview is exactly what Germany has come to do during the forty years that have passed since the end of the Second World War, as if those who have imposed this terrible penance on her, who have destroyed her soul, were inspired by the recommendations of Jung.

Shortly before the end of the Second Great War it is also said that Jung recommended to Allied intelligence, especially the English, that they prolong the conflict for as long as possible because Hitler, inventor of *Blitzkrieg*, 'lightning war,' 'was possessed by Wotan, God of the Hurricane,' according to him. 'And the hurricane cannot blow forever.' He was like a lightning bolt, of short duration.

The same cunning that Jung put into his critique of Freud and the Jews, in

moments tragic for them according to the reference of Aniela Jaffe, and into the idea of the Two Collective Unconsciousnesses with which he gave a most powerful weapon to the National Socialists in their effort to differentiate essentially between the Aryan race and the Jewish anti-race, he then put into the service of the Jews with his invention of 'Collective Karma' and the 'eternal penance' of an entire people, an entire race, which was his own and that 'had no choice' through all eternity until its just annihilation. In both cases the attitude was deeply ignoble and now had to be interpreted as the possession of an Aryan by the diabolism of the Jewish Mosaic spirit, as well as by the basic Jewish mentality of psychoanalysis. Together with the animal terror produced in him by the defeat in War of the Third Reich, fear of losing everything after having pretended to be 'complicit' in its moment of triumph.

In the interests of truth we must state that Hitlerists made no use whatsoever of the theory of the Two Collective Unconsciousnesses since they kept an attitude of reserve towards everything that came from psychoanalysis.

Learning about the last interview of Carl Gustav Jung gave me the suspicion that the Jews, who are not creators, have used his statements when applying their strategy of pressuring and 'brain washing' the Germans, against whom that strategy has been engraved into their souls, minds and even their bones, the feeling of guilt and sin of deicide of the 'chosen people' with the invention of the 'genocide of the six million in the holocaust,' in gas chambers and all those 'horrendous crimes' that only exist in the sick and morbid minds of the Jews. And Jung led them in that direction as the facilitator of their strategy and plan.

I repeat: I was surprised. I never could have imagined. And he said to me: "How can a man who was able to understand and had in his possession like no one else, in other times, the unfathomable mystery of the *Führer*, have made those terrible statements in the interview that I now have in my care? Everything seems so false and exaggerated! He did not need to try to be an unconditional partisan of a cause or an interpretation, however genial it might be. All that was required was to be detached and serene. Heidegger, who Jung hated beyond measure, never denied having backed Hitler, having the valour and integrity to remain dedicated to the work and mission of his life. Jung had to remain silent: He who had compared Hitler to Mohammed!

Jung made the statement that the Germans are gregarious and blindly follow the dictates of their Collective Unconscious, while the Swiss and English are not like that since they are individualists, yet the statement is false. Nicolás Palacio, our brilliant thinker, tells us the Germans: "voluntarily surrender their liberty to a Leader (*Führer*) in moments of grave crisis to follow the fulfillment of Destiny with loyalty and discipline." Because the people with race can only hear the Voice in magic re-union, in the community of their blood. In Luminous Blood Memory they transfigure the world and transmute

the animal-man into Divine-Man. Jung would say the same: “The *homo terrenus* into *homo de coelo*.” Germany demonstrated this during the War (as well as the Japanese). But their scholars have been unable to reproduce this outside of Germany, precisely for the lack of existence of a community of divine blood. Werner von Braun is one to prove this, since in the United States he could not go beyond the explosive science of projectiles with jet propulsion when his Hitlerist compatriots in the Third Reich had already rediscovered implosive science, the UFO or *Vimana*.

The English have no racial homogeneity, thoroughly penetrated by the Jew, even in their royal family. The Swiss are not a race, divided into cantons of opposed backgrounds. Perhaps if the German cantons had been included in the torrent of the German Psychic Blood Memory, then Jung would have been able to show the same with his attitude before the war defeat. And what he, even he, lost thereby he might have come to appreciate fully: the liberation from Jewish psychoanalysis that Hitlerism offered and the overflowing or projection of his theory of the Two Collective Unconsciousnesses by the doctrine of ‘Blood Memory’ and the Tibetan idea of the *Tulkus*. Perhaps he suspected it since Jung suffered two heart attacks after the War. He would have trembled at the thought of Jewish persecution knowing their power quite well after his break with Freud. And it is no coincidence moreover that his secretary belonged to that people. He wanted to save his life’s work. But I insist it was not necessary to do what he did. He lacked courage, or perhaps he was a skeptic...

I do not know, I do not know... So very big a blow to see how so venerated a being plunges from the mountaintop, where we had put him. Hermann Hesse also thought Jung was a mountain...

On my last visit to Jung’s Tower in Bollingen, the sanctuary he built as a symbol of his conception of life, with his theories about Individuation, the *Selbst*, wanting to know the *sanctum sanctorum*, the separate room where he meditated among walls covered with symbols painted by his own hand. His grandson, also a psychoanalyst, would not let me enter.

Perhaps it was Jung’s desire not to authorize my entry so no one would discover his true affiliation. In Switzerland it was understood that Jung belonged to the Freemasons.

Thus, he was also a ‘White Traitor.’

My unconditional loyalty to the Ultimate *Avatar*, to whom I belong in body and soul, and to my *Führer*, now makes me take this painful step, definitive in the Eternal Return, I know, and that means the rupture with a venerated friend of more than forty years; when still young I traveled to Antarctica with *The Ego and the Unconscious* in the pocket of my parka, the only book in which the idea of the two Collective Unconsciousnesses was present, and

then my times in India with *The Visits of the Queen of Sheba* and the reading of his *Complete Works*. Then Switzerland and my meeting with him. And the writing of *The Hermetic Circle* which loses importance for me, recognizing in it only my absolute unconditional fidelity and loyalty to my friends, the tone and style of my existence, the way of being of our old gentry of Chile, my fatherland.

I could forgive and overlook the weakness of my friend, but not the bad conscience, the diabolical cunning used against an entire people and a beloved race of whom we have so many in this country, a nation in disgrace, physically beaten, inert. Because Nietzsche knew this well when he said the most evolved races are the weakest because they do not lie nor believe that others lie. "They are stupid like the eagle," he said, "since they attack head on." "That is why I love you, oh eagles!" Germans cannot believe that Jung lies...By using lies against the defeated Germans they destroyed them in their bodies and souls that are more delicate and weaker before evil, as superior species are before the harshness of nature and the dangers of history.

And if it were not so, then some day Germany and the youth of Germany shall return to rise to the heights and tensions of Spirit and Glory (and may it be very soon) from the hell their enemies prepared for them, but if so that would be due only to a miracle accomplished by the sacrifice of the Avatar, of their *Führer* and all who were and still are his partisans.

Until Death and Resurrection!

*Heil Hitler! Sieg Heil!*

## THE GOLEM

The substance of the Enemy is the rational intelligence. One could therefore conclude that the rationalist thinking of the earthly is a demiurgic aggregate, a trap by means of which the Demiurge keeps them in chains. It is useless, therefore, to expect to overcome it using only the intellect. The effective weapon, the only one that the Demon fears, is the *Sieg* Rune, transcendent, the Pure Spiritual Divine Blood Memory of Valour and Loyalty. The Power of Odin, *Urn, Vase*. The Thunderbolt with which Shiva destroys the Demon Smara.

As always the Demiurge tries to create his own. And the only result is plagiarism, deformed imitation. He knows that his cunning has a limit. When the Gods have come down to 'mix with the daughters of men' the Demiurge thinks he has achieved victory. We quickly find just the opposite happens; the danger becomes ever greater. He begins to fear for the end of his illusory

existence. And he hurries then with a purely rational and mechanical invention, the 'definitive weapon' that he had been preparing for ages; a robot, a speaking doll. The Bible refers to certain strange beings called *Sheidim*, a mixture of man and animal. The traditions and legends of many peoples speak of artificial beings, malign and corrupted. The Araucanians tell that the black magicians, some beings of impure blood called *Calcus*, invented an artificial creature *Huitralalhue* who is sent to commit evil acts at a distance. In Iranian Zoroastrianism there are *Asuras* (*a* - without; *sura* - God), a type of premonition of what would be Atheism. They are non-human entities nothing like those who have become prisoners of the Demiurge, nor like the *Sudras* that involuted as slaves in remote ages past until they became untouchable pariahs.

Events in the Universe happen in a manner opposite to what materialist science, especially its psychoanalysis, would have us believe. Gods, Archetypes, are not projections of the human mind but the reverse as Plato foresaw: Men are representations of Gods-Ideas. So the Demiurge has corrupted first the linearity of Time, destroying his *Sat-ya-yuga*, his Golden Age. He closed the 'Door' of entry and the 'Window' of departure, the *Sahas-ra-ra* chakra. And thereby hiding the Power of Odin, his *Gral*, superimposing the rational intellect, the cerebral cortex that replaces the archaic brain like the submerged continents after the sinking of Polar Hyperborea (synchronic event) where only the ancient brain acted. *Sat-ur-no* becomes *Sat-an*, Jehovah-Yahweh, born when Saturn and Rhea lost their Golden Age and were left chained to the shifted Axis of the North Pole. Because Jehovah is a projection of the Demiurge or Demon, superimposed on Saturn, a supplanting of that *Aion*, a *Doppelgänger*, a double, a copy, a palimpsest, an adulteration. Then Jehovah was instructed by the Demiurge to shape the atheist Jew exactly like Jehovah made them 'in his image and likeness,' also superimposing and corrupting a pre-existent being, perhaps the 'Hebrews' or 'Israelites' who were not Jews. The Jew is a robotic tool equipped with a rational mind as its creator and composed of disparate strange elements, an aberrant copy effected on another superior being. In this way a monstrous creature is superimposed with totem animal traits, the Biblical *Sheidim*, more a mixture of nomadic Semite Bedouin, Abrahamites, Edomites, Syriacs, Hittites, etc, etc. In order for that *cloaca gentium* to move there must also be mixing with Amorite Aryan blood, with the Hebrews of David and Solomon (if we grant they existed). Curiously there is need of non-rationalist blood to be able to 'energize' the impure continuum, especially among the rabbis and 'Orthodox' who do not mix for the most part, maintaining the 'purity of that impurity,' so to speak; the accentuated traits of a *Sheidim*, a bloodless vampire, thanks to the telepathic absorption of energy that this people robs from the non-Jews.

So it is a mistake to believe that the Jewish mentality is a human creature. As the *Führer* is superhuman and the *Avatar* is divine, the Jewish mentality is

infra-human at the opposite extreme.

Adolf Hitler knew and said it. He moreover wanted to acquire the island of Madagascar from the French to move there all those in Europe of Jewish mentality.

Madagascar is located in the Indian Ocean and is a remnant of the submerged Continent of Lemuria where it is believed there were *Sheidim*, those half-animal beings, the ‘Lemurs’ as they were called, monstrous beings. Hitler wanted to give the Jews a more propitious habitat so they could establish a separate residence there, something they did not have up to that time.

The ‘manufacture’ of the Jew, deadly weapon of the Demiurge, under the orders of Jehovah was done in the same way as the Demiurge superimposed Jehovah-Satan on Saturn; he superimposed the Jew on the Hebrew. In a similar way Rabbi Loew invented the *Golem* in Prague, a mechanical doll made by artifice, imitating man and to which life was given using a formula of Judaized Kabbalah. He was sent to perform labours remotely. He is a machine, the first robot of Prague where Carel Kapec would imagine others. A picture superimposed on another fabric. Within there is nothing, perhaps only a mechanism of clockwork. Such is the Jew, since after all the rational mind of Jehovah is like that of the Demiurge: repeating his schemes without inspiration or variations. The Jew is a *Golem*. He has the form of a man, but within he is a thinking acting machine like in those science fiction movies that deal with extra-terrestrials. They have been dressed with human skin and viscera of the dead like the creation of Dr. Frankenstein. He is a cybernetic machine, a robotic mechanism connected to a battery or power source that he himself helps to feed and that he calls Jehovah, another cybernetic monster, another machine.

The great mistake that humans commit, and the warriors of this Sacred War too, is to think they are confronting something similar to themselves. It is not so because they are fighting against a mechanical invention, a genetic robot, monster without soul, without a life of its own.

The Jews are also the promoters of science fiction films and of the legend of Dracula. They enjoy showing themselves in their most secret reality; in their pride and boundless arrogance, they are sure humans will never understand the truth because they lack organs by which to discover the truth enabling the Jews to keep the non-Jews hypnotized, confined in their prisons, caught in their nets.

What energy feeds the *golem* enabling them to endure beyond limits what biological entropy imposes on the rest of mortals and that then accelerates with miscegenation in *Kaliyuga*? We have said it. They are connected to a powerful energy center: Jehovah-Satan. And what do they feed their Jehovah? The fumes produced by fermentation, the rot of animal sacrifices. The halo of blood. So just as the Demiurge feeds off the crimes and destruction of his World where the bigger devour the smaller through the

*Kalpa* of deaths and returns in the *Ragnarök* when the Fenrir Wolf devours everything to then enter into the Dream of digestion until this Universe is remade in the Eternal Return by the immortality of the Gods made prisoners. Everything eats itself.

Therefore the *golems* are programmed to give to Jehovah periodic and bloody sacrifices of human beings, and preferably of semi-divine *Viras*. In retribution Jehovah transfers an energy to them that is not human but from an infra-human Universe. But for the mechanism of the *golem* to work this is not enough. Jehovah must have the food of human blood in the same way as he needs the creative genius of the Aryan and his efforts to maintain and perfect his dwelling on earth. And tomorrow on extra-terrestrial colonies, should Jehovah succeed, it would pursue success in its ambitions to dominate the material visible cosmos.

The story of Dracula shows us the most hidden reality of those non-human beings. Dracula is the autobiography of the *Golem*. For his vampire survival he must suck Aryan and non-Aryan blood, thus prolonging indefinitely his or its Zombie existence while absorbing the magic substance.

The truth of ritual crimes is historically proven. Those who think in the *Golem* they confront a being like the rest of humanity can never understand or believe them.

The *golem* as we know it today originated 2,600 years ago when Nehemiah and Ezra made the 'Renewed Covenant' with Jehovah. We can follow the track back to that time with relative certainty. Further back they have commissioned the erasure of their tracks, falsifying all history until our days so that no one can still know the truth. This has to do with the shadowy mystery of the tribe of Judah, the most mixed and primitive, as well as with the 'disappearance,' perhaps assassinated, of the other ten tribes of Israel (possibly ten Germanic tribes who the Jews copied over including the number) who emigrated from the Gobi Desert after the destruction of that great civilization. They have in addition stolen the name 'Hebrew' and the initiatic runic word *Is-Ra-El*. (See my books *The Golden Band: Esoteric Hitlerism* and *The Resurrection of the Hero*.)

With the *golem* the Demiurge thought he had given the *coup de grace* to his enemies in the Great Struggle. But as always something had escaped from his rational calculation, an end got loose, because the *golem* is not creative. Like his maker Jehovah this prototype 'cockle' of the Demiurge, the *golem*, his 'cybernetic redeployment,' only copies, plagiarizes, having to seize on the *Vira*, the Divine Man and Hero, doubly as both creator and as food. He cannot go without him so that if the *Vira* were destroyed completely he himself would disappear. He can only enslave him, keeping the *Vira* in his service at the same time as he drinks his blood. Therefore the *golem* is always exposed to the dramatic danger that one day his victim might awaken. This is what the *Führer*, Adolf Hitler, came to do and to bring back

the *Avatar* as Kalki-Wotan-Hitler: to awaken them forever.

Dependency would then be fatal for the parasite, since he can do nothing to prevent it. That is why the *Golem* trembles even today and at every instant.

The bloody sacrifices, massacres and wars are offered up to Jehovah by the *golem* as homage to their Master. They keep the obscure science of mixing with Aryan blood to themselves enabling them to keep an appearance of real blood in their cybernetic veins. In the same way as fuel is needed for a motor to run, so Aryan blood is needed by the *Golem*. For as long as they are active in this visible Universe, and they can only act here, the *golem* must have the fuel of other bloods and the strength and energy of human beings because, as Hitler said, they are parasites, and in the most profound meaning of the word.

This tragic and demonic situation is a double-edged weapon for the *golem*, for Jehovah and also for the Demiurge since in the end he himself could

neutralize this 'weapon of war.'

The drama of Zionism can be summarized in one word: *LIES*. Everything is false. Only by lying can the *golem* keep this great deception going, this falsehood, this corruption. "The truth of the *golem* is the organic lie," said Alfred Rosenberg.

The rabbis, those Satanic Draculas, must maintain the most steely control over their people of *genetic robots* in the synagogues and *Kahals*, graduating the gregarious mixing of bloods with the object that the absorption of Aryan blood does not exceed the percentage allowed for fear of de-judaizing the *golem*, thus annihilating the impure continuum with the archetypal risk that

the *Golem* would turn against his maker Jehovah and be able to destroy them both like in the history of Rabbi Loew and Frankenstein as well. The rabbis, those black magicians of a Satanical genetic science, diabolical priests of a corrupted Religion of Blood, keep the secret of the Impure Continuum for themselves, almost without mixture (the rabbi mixes little) in what can well be called the ‘purity of an anti-race and an anti-blood’ enduring for millennia thanks to the telepathic assimilation of the energy of their own people over whom they exercise supervision by means of the technique of ‘graduated miscegenation’ so that energy persists and the monstrous plagiary does not suddenly end. And the rabbis keep the queen-bees in their hives, their *Kahals*, by overcrowding and exploiting the drones.

Rabbis know the value of Aryan blood. In that blood there is still to be found *Odinic* potential, the *Gral* Mystery, *Sang-real* or Royal Blood, the divinity of royalty, divine royalty, the divinity of the king, King of the World and the Nostalgia for Hyperborea. Adapting themselves to the rites of primitive peoples, the rabbis take this blood to feed on its Divine Power, its superior Energy or to corrupt and weaken it alchemically within a structure of mechanical *robots*. Thus by bleeding the Aryan, semi-divine Hero, the magicians of the *golem* aim with this ‘rite’ to nullify the possibility of resurrection and the recovery of their divinity which would mean a defeat for the Demiurge, for his agent Jehovah and for his cybernetic people.

The Jews have sought to achieve this goal through the killings and bloodletting of the defeated Hitlerists at Nuremberg, the massacre of young Chilean Nazis in 1938, whose ‘blood they drank’ as stated in a poem written by one of their comrades, and through the assassination and bloodletting of Rudolf Hess in Spandau (also with a ‘brand’ on his neck, the ‘mark’ of Dracula). All those events were the fulfillment of Satanic rituals.

Nevertheless they have failed. The *golem* never knows anything about other worlds or the Pagan Gods and their powers. It is impossible for them to imagine them. There circulates through the pure blood of Heroes a Power that nullifies them, that they cannot grasp much less destroy. They act instantly at the mere presence or proximity of those impure beings ‘closing ranks’ and protecting themselves such that the Aryan blood veils the Face and its Memory within itself, paralyzing the Satanic ritual, neutralizing its black magic to volatilize their spiritual seed atom into vapors, so only the physical blood remains ‘de-energized.’ Only a liquid shell remains that will not serve the *golem* for anything. Rudolf Hess was already far away, as I suddenly was as well, ‘Beyond the stars.’ And there Rudolf Hess was remade during his solar years and in a glorious body of immortal *Vajra* by the Valkyries (like King Arthur, for now he is *Herr Thor*, *Lord Thor*), by the *Führer* and *Avatar*.

When he dies a rabbi or Levite disappears totally; nothing remains of him, unusable forever like a pile of rusty scrap iron, like the *Golem*, like Dracula after his mechanical heart is pierced by a stake from the Holm Oak of

Wotan. And the *golem* knows this. In his rationalist thought there is no place for personal survival or the concept of the subtilized matter of the soul or the immortalization of *Vajra*, since he does not have its potential because he does not have blood but anti-blood. And that is why the *golem* fights desperately, ‘programmed’ for the conquest and domination of the physical world in order to become its absolute master. The *golem* can never possess anything more than this world, not even if he were to master it definitively, because this world will also become spiritual synchronically with the triumph of the Hero. This world has already become spiritual with Rudolf Hess, even when he himself did not know it...

The *Golem* aspires to extend his conquest throughout all the space of the visible cosmos towards the extraterrestrial by means of his rationalist technology and his machines, but that could only take him to the desolate and empty bark-dust of the stars. And still always with need of humans because he can also only go through the shells of the worlds as a parasite.

Alfred Rosenberg said, “If there were some good *golems* who the friends of the Jews could give as examples, they are only exceptions occurring after hundreds of years of coexistence with human beings.” Such would be the case of Paul Réé, Nietzsche’s friend, and Lou Salomé. Lou recounted in her ‘*Mémoires*’ that Paul Réé would become pale when a Jew entered a gathering he attended, and he then left almost immediately. “It was pathetic to see,” she added. Paul Réé ended up committing suicide, like Weininger who was able to understand the integration of opposites. The good *golems*, recipient of Aryan blood, perhaps more so the more he possesses, feels the weight, the terrible slavery of the *Kahal* with its un-appealable orders to exploit and torture humans, the goyim, ‘drinking their blood.’ Adolf Hitler stated: “A Jewish mestizo even after many centuries of mixing with Aryans can still reproduce an individual with the typical characteristics of the Jew.” Nevertheless Kubizek tells us that when Hitler found out that a Jewish doctor of Linz, who had attended on his mother, was imprisoned he had him released immediately.

I have also had interesting experiences with *golems*, most recently with the ambassador of Israel in Yugoslavia where I represented Chile in that country. He was an intimate and cultured friend. We spoke about the trees of the forests around Belgrade. One day I told him about “a conversation” I had with a holm oak. He had to return to Israel, but during another visit he made to Yugoslavia as a member of a delegation of his people the first thing he did was to consult with me, asking to see me... And he asked about “my Tree.” Leon Degrelle was saved from being kidnapped in Spain by a commando of the Mossad, a Jew he had helped in Belgium.

I think about the explanation of Alfred Rosenberg. And I say that my position, like that of the *Führer*, has nothing to do with the exceptions but with the general layout of the Combat in which the *Golem* Robot, the *Kahal*, Jehovah and the Demiurge are implacable, inflexible, hard and cruel like the

steel of *Kaliyuga* from which they are made.

The Spanish 'Marranos' of the Americas prove Hitler's assertion that the Jew repeats himself through the centuries. Despite the time elapsed the desperation produced by the clash of the anti-blood with the blood of goyim dragged them into alcoholism and suicide. Such is the rebellion, the death rattle of that anti-blood. Thus the conversion of an Orthodox Talmudic Jew to christianism is not enough since the latter is still a Jew religion, though trying not to be.

Another typical case of a Jew (though he felt himself more of *Khazar* origin) is Arthur Koestler. He committed suicide together with his wife, like Stefan Zweig had done earlier. In their rebellion *in extremis* against the *Kahal* and their own robotic condition, regardless of any pretext.

After the 'defeat' of the German *Führer*, Adolf Hitler, in the Second World War, a War more grandiose than those of the *Mahabaratha* and in which the *Avatar* won by losing, the dominion of the *Golem* reached its zenith. But they had already begun to decline with neither them nor their 'white traitors' understanding it clearly. Before they could believe it they had been destroyed. Their end is proportionate with their crimes, their arrogance and their terrible errors. Greater was the Power of the *Avatar* whose manifestation became ever more visible.

Because the *Avatar* has shaken the Universe and his Myth has caught fire, so that today even the children are born Hitlerists, as we would say, and even in Russia without knowing why.

Everything the *golem* try to do to make the world forget Adolf Hitler and his comrade Rudolf Hess - Prisoner of the Myth, inventing morbid fabrications to destroy them, will not have the desired effect even using hypnotic suggestion on the masses. Esoteric Hitlerism will win. His return is inevitable. It will prevail helped by the very things the *golem* do to fight against it. Jehovah and his Golem will annihilate each other within their automatized Universe together with the society of ants they foster. That will be the end of *Kaliyuga*.

## WHO WERE THE DRUIDS? AND THE GOLEM?

So a chapter in *The Golden Band: Esoteric Hitlerism* has the title 'Who were the Druids?' I did not answer the question there and I do not believe I can answer it even today, with all propriety. We have our best information about the Druids from Julius Caesar in the history he wrote of his campaigns in Gaul against the Celts. His impressions are contradictory, since they express both his admiration for the Druids, 'dressed in white robes,' and tell us about bloody human sacrifices offered to the Gods. The Roman did not, nor ever had, an interest in discrediting or calumniating their enemies. They were Aryans and as such practitioners of truth.

The Druids were not Celts. Who were they? More than priests, they were advisers and officers of the governments and the Celtic tribes, all-powerful sages and Magi who, together with the bards and seers, were prophets and visionaries guiding the rich and beautiful life of that people of the forests and mountains. The Celts were also Aryans. But who were the Druids? The name itself is a mystery. Some take it from the German term *Treu*, loyal, loyalty. Furthermore from the Aryan word-root *vid* comes the Latin word *videre*, to see, 'he who sees.' In Sanskrit, *Rishi* is also - he who sees, who has vision. The root *vid*, combined with the particle *dru* would give *dru-vids*, in Gaelic *draoi*, or Druid. And the particle *su*, in combination with *vids*, produces *saoi*, or wise, in Gaelic. In this way the Druid will come to be the same Aryan *Rishi* of Vedic India.

But that does not leave us satisfied, especially if we pay attention to Julius Caesar and other Roman and Greek writers and historians.

My own investigation of these years, after having published *The Golden Band*, has led me to conclusions that can better approach the truth. There has been a blanket of lies, silence and premeditated falsifications thrown over the pre-Christian, Pagan world. There was an amazing antiquity, golden through its own antiquity, almost completely unknown by us survivors of the Christian era. Thereby in the Druid Mystery we should take into account two distinct and opposed times and planes. The most ancient Druids, those who were there before the arrival of the Celts and who were not called Druids but 'Godis,' priests of the Goths, sages of the Goths, the *Aesir*, or perhaps those that arrived with the Celts and were like *Rishis*. They knew the secret of the Stone Age, the menhirs, dolmens and cromlechs. They knew the secret of the Runes. They were *Runwidar*. Later they were called Druids. And the truth is that these terms are far from convincing me to accept the sense given to them by christian or christianized philologists; at least concerning the Druids, the most ancient going back three or four thousand years, more or less. When Julius Caesar knew them they had definitely already been infiltrated by an endemic evil among semi-divine post-Hyperborean humanity.

The first divine guides of the Celts were able to confuse the *Godis*, who were *Siddhas* in Ireland (*IR*-land, Land of the *IR* Rune, Rune of the Hyperborean Dead), with the *Aesir* and *Vanir*, who in Celtic mythology were the divine *Tuatas de Dannan* or People of Dana who came from other Universes. They were undoubtedly Hyperboreans with very advanced science, coming perhaps from the Danube (*Danan*) they were powerful Magi. Over time they decayed and are defeated in a great battle by the Milesians (*Mile*, 'milisia,' see my *Resurrection of the Hero*.) The *Tuata de Dannan* left, going away into the inner earth, into the Hollow Earth that comes to be the Irish *Sid* (the 'Purgatory of Saint Patrick' from Christian Ireland). They went there together with the ancient generations of Hyperborea. Since then there have been two Irelands, the terrestrial, christianized, catholicized one of today,

and the secret, spiritual Ireland: *Irim*, the forever Green Earth (*IR-im*) of the Golden Clover with Four Leaves, King *Ar-thur*, *Ar-Thor*, *Err-Thor*, Lord *Thor*, Lord Aryan (*AR-yo*; *AR-Self*). *Aba-Alo*, Aballon, Avalon, Island of the Golden Apples where King Arthur will be cured and resurrected by the Norns, the Valkyries. And where he awaits the time of return to that other Ireland, to reconquer and redeem it with the *Gral* Power of the *Gral* Stone. And with the Sword Excalibur.

It is thus clear that before the Druids there were the mystic *Tuatas de Dannan*, in other words, the *Aesir*, *Godi*, *Siddhas* (*Sidi*, or *Sidhi*). Someone later gave them the name Druids. Julius Caesar investigated the origin of the word ‘Golem,’ on which the mystery of the Druids may come to throw some light and help explain this obscure contradiction that Caesar has described for us.

I came across *The Chronicle of Oera Linda* from the Frisians, translated and edited by Professor Hermann Wirth, founder of the Institute for Specialized Investigations of the S.S. - *Ahnenerbe*. This Chronicle is the memory transmitted from generation to generation, from the sinking of *Atland*, Hyperborea, and the migrations of the Frisians to warmer lands, towards Greece, North Africa and our own Americas. Previously they had conquered England, *Albion*, the White Land of the ‘Dead of Hyperborea.’ But in North Africa they found the *Golen*. The similarity with the name *Golem* is almost total. They were priests of Sidon to whom the Frisians gave the nickname ‘Triuweden,’ meaning ‘those who have no truth, those who do not speak truth, that are not truth’ (the organic lie). According to some commentators on The Chronicle the name ‘Druids’ derives from this Frisian word, after they returned to the northern islands with the *Golen* going with them. And they would continue going there with the Phoenicians. The *Golen* used to steal children and use their mothers to procreate with the Frisians. Moreover they practiced bloody rituals and took hallucinogens, like the Magyars. Once in *Albion* and in Gaul they then infiltrated the priestly group of the Goths, passing themselves off as those ambivalent *Druids* of Julius Caesar who sacrificed human beings. They spoiled the pure worship of the true most ancient *Druids* who were warriors and White Magi of Hyperborea.

And they not only infiltrated the priestly caste and the sages, but also miscegenated with the Celtic people themselves, making *Albion* - the ‘White Land,’ *Engeland* (England), the ‘Land of Angels,’ transform into Britain (*B'nai B'rith*).

Hitler did not want to attack *Albion*, *Engeland*, since it was a remnant of Hyperborea inhabited by white Aryans. And Rudolf Hess flew to Scotland to meet the Duke of Hamilton, of Welsh origin, a member of the ‘Golden Dawn’ apparently. They did not know to what extent the penetration of the *Golen* had changed that world. Or perhaps they tried desperately to retrieve it. The British government, its administration, politics, economics, the *Establishment* is controlled by the ‘Golenized Welsh.’ That is, by the *Golen*.

To be king of 'Great Britain' one must first be Prince of Wales, Gales, of the Welsh.

The term 'Golen' comes from 'Galli' or 'Gauls,' from the Phoenicians and 'Galilee' was once called Gales, the Galias, and finally Galicia. All those lands were already inhabited by 'Druids-Golen.' And during the campaigns of Caesar by *Golens*, in those lands where they infiltrated into the true Druids, among the ancient *Godis*, Aryan Hyperboreans, among the Bards and Seers - the true prophets, first brothers of the Roman *Vates*, those who saw.

Those same *Golen*, moreover, facilitated the entry of Christianity into those regions and promoted the conversion of *IR-land* to the Catholicism of Rome, destroying their luminous Paganism and their Hyperborean wisdom. [Just as it is difficult for the Anglo-Saxon world to understand through ignorance the problem of the 'Marranos' in the Hispanic world, so in the same way on this side of the world we are completely unaware of the problem of the so-called 'Welsh.' They truly are the *golem*, only apparently converted; they entered into Ireland and England with the Frisians and Phoenicians and were the 'Frisian Golems' and 'Phoenician Golems.' They were in truth the Anglo-Saxon 'Marranos.' The *Golen* infiltrated among the Celts and Druids, who with the coming of the Tudors took power in England. And for two thousand years they have been waging a war of destruction against the true Celts and Germans. The so-called 'British Establishment' is their creation and represents them. (Hence all the Marxist traitors of the Cambridge group came from there.) Since Henry VII they have united with the Dutch and Mediterranean Jews and the alliance of the *Golen* with the Jewish International has thereby been established, or reestablished. The ignorance of these facts has been fatal, especially in the most recent Great War. They believed and believe that Britain is a bastion of the white race when in fact she is the center of the great conspiracy against the Aryans. We see them again today trying to instigate the secret war against any resurgence (hypothetical) of Germany and Europe. Since the expulsion of the Jews from Spain, Great Britain is criminally anti-Spanish.]

And the Frisian Sea-Kings, survivors of the catastrophe of Polar Hyperborea, as well as the Phoenicians, both of whom have facilitated the infiltration of the *Golen* around this beautiful and healthy world, are now themselves shipwrecked and mutilated.

But who are the *Golen*? It is not very difficult to answer that question.

Who are those who 'do not speak truth,' 'who do not possess truth' and who the Frisians have called 'Triuweden?' They are the same as Alfred Rosenberg defined as the expression of the 'Organic Lie.'

They emigrated as parasites on the Hyperborean Aryans after the destruction of the post-Hyperborean civilization of the Gobi, as explained to us by Professor Hermann Wirth years ago in his house in Germany in the vicinity of Holland: The *golem* were a group of *Sheidims*, 'untouchable' slaves in the

high civilization of the Gobi. They robbed and appropriated the traditions of their masters in that great exodus of the semi-divinities, the true ‘People of the Gods,’ the ‘Twelve Germanic Tribes,’ and they plagiarized them. So it came to be after millennia in Asia Minor, where arch-miscegenated they came to be the *Golen*, those strange priests of Sidon from *The Chronicle of Oera-Linda*.

It is extraordinary to be able to enter into the history of Rabbi Loew from the Seventeenth Century in Prague where he invented a mechanical doll, a robot to which he gave the name of ‘Golem,’ almost identical with *Golen*, who the Frisians had already met some four thousand five hundred years ago in Asia Minor.

Genetic dolls - the *Golen*. A mechanical doll - the *Golem*. He is the King of Black Magic and Terror.

□

□ □ □

And it will be another Frisian Sea-King named ‘Inka’ who sailed from Spain, where the *Golen* had also penetrated. He went in the direction of the West, our actual America, *The Chronicle of Oera-Linda* tells the story. Inka went in search of purer lands where he knew the white Hyperboreans were still to be found. But this Sea-King did not know that he himself carried the microbe of decomposition and death: The *Golen*. And they would introduce among those they found there human sacrifices and bloody orgies that with the passage of time will make the White God Quetzalcoatl abandon the Aztecs and, like the *Tuatas de Danna*, enter into the Hollow Earth and disappear into Hidden Cities, into the *Sidhe*, in *Muspelheim*, in the Oasis of Antarctica. There where Adolf Hitler is still to be found with his Ultimate Battalion, with his ‘Furious Horde’ awaiting his return and reconquest.

## YEAR ONE HUNDRED OF THE HITLERIAN ERA

The Warriors already know and should never forget: the fundamental struggle is not against the Jews, nor even against Jehovah, the struggle is

against the Demiurge, the inventor of Jehovah, who is the inventor of his People.

The Supreme hallucination is the Demiurge, product of *Kaos*, which is behind Nothingness.

The Jew is not the crucial point of the involutions, it will not stop with him. The Demiurge invented the *Golem* and has worked for centuries on another terrible Machine: the Messiah.

A Jew who has been called ‘the father of cybernetics,’ Norbert Wiener, wrote a book titled *God, Golem and Company*. He insinuated that man was a robot of God who turned against his creator and annihilated him. The same could happen to humans, destroyed in the end by machines.

The Jewish dream of making a *Golem* has been happening for millennia. In Prague, in the time of the alchemist Emperor Rudolf von Hapsburg, a rabbi perverted alchemy using the symbol of the Resurrection of the Archetype. Evil has been produced with the rationalist thought and purely materialist direction impressed onto science since before the time of Copernicus. Still using the creative impulse of the Aryan, control came to be in the hands of Zionism. Their machines will try to replace the corporeal automatisms by making them believe they are pure mechanic processes of ‘biological and chemical engineering,’ when in truth they have been controlled by Atomic Gods, as well as by ‘celestial mechanics’ keeping them based on the *Aion* Gods enslaved today by the Demiurge.

Here is something diabolical and terrible, an involution already seemingly impossible to detect. Studying bees, ants, especially the natural life of termites, if one can call it that, we are terrified to think where man can end up, animal-men, and together with them the imprisoned *Viras*, involuted Gods. There all individuality ends including intelligence and personal freedom. There is nothing but continuous labour, reproduction and death. Obligatory sacrifice and misery of many for the unhappiness of all. And in the end: only food for the Demiurge. But was it always like that with the termites? They also show an initial intelligence that once was like a first impulse that planned this perfect organization, perhaps of only one individual or an elite that then disappeared, nothing more remaining than the automatism. It may be that the termites, ants, bees, many millions of years ago in other *Manvantaras*, were also Gods, divine beings made prisoners by the Demiurge and involuted into what they actually are. And it would be possible as well for the animal-men of today and even for the imprisoned *Viras*, the White Traitors, those Aryan collaborators with the Demiurge, transformed into ants before this *Yuga* ends, reduced in physical size as already imagined by the Jewish writer Kafka. And at the beginning of a new *Kalpa*.

Among ants and termites individual intelligence and initiative is a crime paid for with immediate destruction. In the collectivist Marxist societies they tried to achieve the same state. A great German film from the thirties, *Metropolis*,

dealt with this fateful topic while giving it a National Socialist solution. But its creators no longer need the Marxist experiment. That was a calculation of the Jewish *Kahal*, where the beings of that community are controlled from birth to death, directed moreover by a mechanical genetics or genetics of mechanics. The crude Marxist experiment of Sovietized Russia has come to perfection in the more subtle liberal-capitalist control with cybernetics, computers and electronic brains, achieving in a much more sophisticated way the same goal of Marxism, without resistance and almost without being noticed. So it is possible that Marxist-Leninist socialism may disappear altogether, or rather only remain for those underdeveloped regions of the so-called 'Third World,' including Central and South America where the slaves have no way to escape. Soviet Marxism has today entered into a period of adaptation and softening with an object to make it more acceptable in those areas which in military jargon have been considered as 'areas of supply and carry,' producers of primary materials and cheap manual labour. (This was written before the predetermined events in Soviet Russia, throughout Eastern Europe and the reunification of Germany, directed from a single world Center with the object of hastening control over this planet into a single hand and its delivery to the Supercomputer, or the Messiah of Zion.)

Since Jehovah is a machine of the Demiurge and Zionism is a machine of Jehovah, the matter is not going to stop there. Zionism is at the point of inventing its *Golem*, putting him into motion at the end. In *The Protocols of the Elders of Zion* the Messiah speaks of the 'King of the World' the Messiah of the Jews whom they have prepared for millennia. Julius Evola did not believe that this was an exclusively Jewish project but rather a human project in general, thinking about it in an aggregate whose origin was in the Templar dream of a King of the World of sacred Merovingian lineage which did not correspond exclusively to the Jewish tradition, but had been interpolated into *The Protocols* by Freemasons, or by the 'Priory of Sion,' that shared a common origin with the Templars but then later separated from them. A Master of the 33rd Level signed *The Protocols*.

But let us not forget that the Demiurge plagiarizes. Even if the King of the World was to be a contribution of Masonic lodges with participation from the White Traitors and the Judaized Catholic Church who will bring their Jewish Messiah, Jesus the Jew, with the dream of the *Parousia*, and his return at the end of time, that the christians have taken from the Hindu legend of *Kalki* and the Jews have also then incorporated into their own messianic myths with their *Golem*.

There would thus exist a secret conflict between the Masonic lodges of White Traitors, the Christian Churches, the Catholic Church of Rome and the purely Jewish lodge of *B'nai B'rith* as well as the rabbis of the Great Synagogue, through who and how the Messiah of Israel would come (whether of Israel there is no discussion.) It is that the first group, including the Priory of Sion, were for a traditional Messiah, some degenerate English,

Spanish or Austrian King; or rather what is even more sinister, the manufacture of an alchemical being with the typical features of a human, a *homunculus in vitro* working at present within the Masonic lodges and with contributions from secret existing understandings within the catacombs beneath the Vatican and whose ingredients their disguised Freemasons, the Catholic curia, have been thieving throughout two millennia of universal plunder.

The Jews as such, among whom are included the foremost bosses of international capital, the patrons of high finance and the entire liberal-capitalist system, as likewise Marxist communism, think that the Messiah should be the *Golem*, a super Robot, an Electronic Brain, a Databank of Universal Enumeration and transfer of information codes of consumption, capital and Power, without any feeling, purely rational, fed by the electronic energy that is the food of Satan, electricity, the 'electron' which that *Golem-Robot* will come to control and direct, placed completely at his service like an atomic solar energy for the final glory and feeding of the Demiurge.

Yet it is understood that the struggle must be well hidden and disguised since the White Traitors, Masonic lodges and Christian Churches of every sort will have to bow to the will of the owners of capital and the real power, the bosses of sinister Kabbalah and its Black Magic. The final decision of the masters could already have been made in favor of the Electronic Messiah, the *Super-Robot Golem*.

Every organization of a 'globalist' type born since the First and Second World Wars is destined for the intended purpose stated. The League of Nations, the United Nations, the Bretton Woods Conference, the World Bank, the International Monetary Fund, the Central Banks, the entire economic world, electronic transfer of funds, the great computer now in Luxembourg destined to control these planetary operations, together with the subjects that make this possible, the world financial crisis, the replacement of paper and plastic money with electronic money, the ability for electric consumption signaled by electric signals, by 'bar codes' that are in turn replaced by laser tattoos, directed to implant the society of the ants, ultimate demiurgic goal, his ideal food.

I have discussed electronic money in my work *National Socialism: Only Solution for the Peoples of South America*. The next world financial crisis will be aimed at the liquidation of the dollar, and with it all 'paper money.' Its replacement will be another symbol of power and distribution of consumption, controlled and rationed by some electronic brain, the true Messiah of Judah and Antichrist of the Apocalypse.

That Marxism and capitalism have tended to the same end none better than Chileans can know today. The Marxist government of Salvador Allende

expropriated the fields; the military dictatorship of Pinochet, with his economic liberalism, his ‘monetarism’ and his ‘social market economy’ indebted Chile to usurious Banks in such a way that the land no longer belongs to its owners. In the same way the country finds itself indebted to the International Bank so that people no longer belong to themselves. The results are identical, because behind both systems is the same master: Satanic Macro-Capitalism.

This has been the labour of millennia, since demiurgic cunning inspired this weapon of black magic: money interest (See my book: *Against Usura*) that can only come to be annulled by the ingenious economics of Hitlerism, replacing the gold standard by the work standard, faith and the will of man. Thus comes the miracle. Hitler voided all the Spenglerian predictions of an irreversible decadence of civilizations as a mechanist-organic law, so favorable to the interests of macro-capitalism and not taking into account the role they play in their destructive conspiracy as a fundamental factor in causing decadence, with a single stroke of the pen. The entropy of time, gravity, inertia were neutralized by neg-entropy born of the Energy of the Lightning Bolt, the *Sieg Rune*, in the purity of blood, its *Odinic Memory* and that of the *Führer* called: “Triumph of the Will.”

Like psychoanalysis, economics as science has never existed, being an invention, a weapon of the Demiurgic Satan. What exists is solely the will and faith of the men able to project themselves. Everything else is deception. The only thing that counts is man and his creative work. The creative imagination of the *Vira*, the product of his own pure Hyperborean blood.

Thus Adolf Hitler managed to reverse the process of involution, to create the Superman. And he was the *Avatar* who brought to this world the *Yuga* of Heroes. (See *Adolf Hitler: The Ultimate Avatar*.)

□ □ □

As mentioned earlier the Satanic Zionist Demiurge cannot carry out his massive conspiracy without the collaboration of the human traitors, achieved either voluntarily or by force, by ‘fear of poverty’ as advised by *The Protocols of the Elders of Zion*. Nor can the Demiurge do anything without the imprisoned Gods and without the ‘Neutral Angels.’ As the Soviets and North Americans have needed the knowledgeable German Hitlerists for their post-war inventions, so Jehovah and his hosts are unable to realize their plans without the ‘White Traitors.’

Traditionally the rabbis in their synagogues and their ghettos have practiced strange rituals of black magic which incorporate knowledge stolen from the Aryan Kabbalah, transforming it into Jewish Kabbalah with the goal of manipulating human beings, making them collaborate in their plans of world domination. The manufacture of the *Golem* would have that end, today amplified with their robots and their electronic computers subtracting any

initiative and intelligent individual ability from humans. Since the twenties they have been working on an infernal machine, perfecting it (something of this can be seen in the film *Metropolis* where a robot is invented, a *Doppelgänger* of a human being, as well as television) with the utilization of subatomic particles, 'psychotronic' rays with psychic electromagnetic waves like light and microwaves destined to interfere or insert themselves into cerebral activity, changing it. One could 'read thoughts' and act on the brain-mind giving an 'order' similar to how the brain commands the physical organs, without our being conscious of those stimuli. We can now imagine that this Machine directs its rays on a single frequency in combination with existing keys in the code stripes of credit cards and the keys of modern identity cards, with electronic registration and even the genetic code of the individual or of an entire people who they aim to manipulate. We know the Mormons, for example, who work in combination with intelligence services of an imperialist power, have conducted a census throughout Chile with the consent of the Allende government. In the same way as an organ obeys the brain, so the brain obeys those magnetized rays hypnotized by a mechanical will that leaves no trace nor takes into account what has occurred. The first perceptible sign would be a slight sensation of dizziness and sleep, then the victim would cease to notice anything else, losing little by little his clarity and independence without being conscious he is no longer master of his thoughts and actions. Thoughts are extracted from him, then processed and returned to place in his brain. He 'thinks' they are his own, believing he produced them, but they are thoughts that have been twisted and are directed from outside, designed by another...By his Enemy. This is how the declarations of guilt by Rudolf Höes, the S.S. Commandant who was in charge of Auschwitz, would have been obtained. Until he 'woke up' and retracted them. The same happened in the great show trials of Stalin. Those rays can also cause sickness and death, without the crime being discovered. The son of Rudolf Hess suffered a cerebral attack one day before a press conference, when he had been given the results of a second autopsy on the corpse of his father who had probably been assassinated. On the collective level the effects of those rays are also lethal combining with the 'subliminal messages' of television, interested propaganda and drugs that facilitate the use of suggestion in the psyches of the multitudes and that are introduced in drinks and pharmacopoeia that macro-capitalism controls world-wide, even in foods. And this is what Rudolf Hess referred to with his extraordinary statements from the Tower of London, repeated during the Nuremberg Trials, about 'hypnotism at a distance, facilitated by drugs.'

The leaders and heads of the world governments, including those who betrayed Germany, were 'hypnotized' according to him.

The loss of the war in Vietnam, collapsing that tremendous power in only two weeks; the case of Watergate; the fall of the Shah of Persia; the incredibly stupid war between Iran and Iraq; the departure of Marcos in the

Philippines, and what is now happening in Soviet Russia and the countries of Eastern Europe, as well as the incredible loss of the plebiscite vote by General Pinochet in Chile, are demonstrations of the work of that Machine of subatomic particles, 'T Rays.' A plebiscite vote is never held in order to lose it. (Hitler however won them all with some ninety-five percent of the votes in his favour!) Managing this Machine the intelligence services of the CIA and Mossad, from the American Embassy in Santiago de Chile or from a synagogue or other safe strategic place, hypnotized Pinochet, his family and his closest collaborators, including even the Army, to convince them they would win the plebiscite when it was clear and obvious they would lose it. The conductor of that hypnotic energy was a Jew installed near Pinochet (who was obligated to install him, although tele-directed) in the most important Ministry of the land, the Planning Office (ODEPLAN).

The Machine was called 'Takion' because of the 'T rays' of projecting subatomic particles, and it was named after its inventor - Nicholas Tesla. It is likely that the healthy original idea may have come from some unknown. But it is a terrible weapon of war, to also be used in times of apparent peace with terrible effects as we have seen. That Machine is now being used constantly in order to keep going certain issues that human beings have suitably worked on and have been hypnotized by and can no longer discern accurately, even after the reality is proven to them like with the case of the 'Leuchter Report,' by a group of North American engineers of the most important firm in the world for the construction of gas chambers. Their conclusion is there never could have been any gas chambers at Auschwitz, nor in any other place in Germany. But the 'T rays' have meant that people go on believing in their existence nonetheless.

My essay on *Nietzsche and the Eternal Return* published now some forty years ago, referred to those subatomic particles with ghostly qualities, 'neutrinos,' without physical properties or electric charge or mass; they are not attracted by gravity nor by electron-magnetic fields, passing through them all, through atoms and their nuclei. Researchers have imagined them. They pass through our bodies as if we did not exist, as if they were imagining us. They travel with the speed of light and originate, so it seems, in the Milky Way, in the 'mild drops of the Goddess Hera' scattered there like tears caused by the Demiurge. We may ask: Are there also 'Mindons' (from the English word - mind), particles even faster than light, already pure thought in a spiritual condition and that come to be the particles the 'Takion' captures and processes in order to then return them to their circumstantial 'home,' the mind-brain of an individual, a mere recipient?

Here we have the corruption of quantum science, discovered by men of healthy mind and Satanized by those with diabolical minds.

They have invented a diabolical Machine. Without those machines the Demiurge would get nowhere. Nor with them, either.

## MIRROR OF PAPAN

In the British Museum I have seen the Mirror of John Dee, the English alchemist, great mathematical genius who conceived another mathematics outside the Euclidean, believing in the Hollow Earth and conversing with an Angel through that Onyx Mirror taken from Mexico to Europe by Hernan Cortes, then stolen by the British. The Angel spoke to him in a language he called 'Enochian,' from Enoch.

This Mirror would have belonged to Princess Papan, sister of Emperor Moctezuma, and that predicted the future. I think John Dee may have known the Spanish Conquistador Pedro Sarmiento de Gamboa who was taken prisoner by the English and practiced magic rites in Mexico, making a circle on the ground with a small entrance and exit through a rune, going away through a mirror from which he later took magnetic energy that enabled him to prophesy and destroy spells.

John Dee was contemporary with Rabbi Loew, inventor of the *Golem*, and who was also then in Prague.

The Mirror of Papan has an enigmatic character, a symbol of something else, the soul of the *Viras*, the Aryan blood and Power of Odin. It is known that radar has been neutralized more than once by means of aluminum strips of the same wavelength. Likewise that diabolical 'Takion Machine' and its 'T rays' would also be nullified by a magnetic mirror, by the Mirror of the Princess Papan, perhaps by John Dee or Pedro Sarmiento de Gamboa. Although I doubt it since those two ended their days badly, both of them assassinated.

I do not think the mirror I saw in the British Museum was the authentic one of the Princess Papan. That one is now in some secret British lodge (Great Britain - *B'nai B'rith*) or in a synagogue, in the power of black Kabbalists.

A fine Onyx Mirror in synchronism with the Aryan blood of *Viras* would interfere, paralyzing and turning back the 'T rays' on their projectors, destroying them. The Aryan Magi of the Runes, the Armanen, the *Runenlauteren* from the Paleolithic with non-Polished Stone who lived in the Castle of Wewelsburg, would have the power to neutralize every Satanic projection of the *Golem* and their world para-psychological intelligence services. The Runes act through intra-atomic and sub-atomic spaces of the demiurgic universes (Satanized and robotized). But I believe those White Traitors now want to use them in favour of an animalized humanity.

The experience of Eternal Return, the inevitable recurrence of the Kingdom of the Ants, the *Yuga* of Lead, shows us the return of a hopeless situation. What once was is repeating itself. The great majority of animal-men will be converted into ants. And the *Golem* will also end up there, having fulfilled his role in the service of his Master Satan. Demon Jehovah will disappear

with him, still without Saturn-Kronos having become free.

Until everything begins again in the Eternal Return. In an Other-Same Round.

The Combat of Heroes is not intended for collective salvation of the *Sudras*, nor the White Traitors, nor even the totality of imprisoned or sleeping *Viras*. Only those will be saved who fight unto magic death, making themselves worthy of triumph. The archetypal numbers, Orphic numbers, are already on the point of fulfillment. And the *Einherier* will come to rescue those few on the edge at the limits of time with the *Wildes Heer* and the Ultimate Battalion of *Wotan-Kalki*.

That Sacred Number is enough for the transfiguration of *Gerda*, the redemption of Saturn-Kronos and their triumph over the strategic plans of the Enemy. The Satanic Demiurge will be left with the dregs of the worlds, with a heap of machines destined for a cosmic garbage dump.

And all this will happen much sooner than you think because the power of the Golem has a limit. ‘Somewhere there is a Power greater than the Golem,’ said Rudolf Hess. The Satanic Demiurge cannot prevent the Resurrection of the Hero, since he lacks the force and ability against Spirit. He can do nothing against the Hitlerist Myth, the *Son of Man*, Baldur Resurrected, the Ultimate *Avatar*. He is limited by his creative inability, by his rationalist materialism. In the end, he has become the victim of his own Conspiracy.

□ □ □

There are two shackles with which the Demiurge of Satan has bound the prisoner and from which the *Vira* must break free, to be free: sex, as a suitable means for the reproduction of demiurgic food, and rational thought, as the illusory tool of the representations of his will to power, a mere reflection in the ‘brain’ of his Mechanical Universe, also illusory, and where men are allowed to contemplate the Demiurge of Satan, praise him and even to identify himself with men who are made in his image and likeness. The agent of the first shackle are the sexual organs appearing late in the archetype-form of earthly man. The second agent is the cerebral cortex emerging with the sinking of the archaic brain, synchronistically with the disappearance of Hyperborea. Both shackles must be broken, overcome, reintegrated, because neither does Love need the sexual organs, nor do we reach the knowledge of oneself through reason or rational thought. The Ego, as we have seen, is a result of the shock produced when the *Divya* mixes his blood on ‘falling in love with the daughters of men’ when the Great *Aesir* (the Great Ancestor) is crucified. And Individuation is the hypothetical result of his Transmutation and Resurrection.

The Demiurge Satan has been able to corrupt *Kundalini*, the Power of *Odin-Odin* by mimicking it with the *Libido*. Coiled around the roots of the Great Tree in the *Swadisthana* chakra which has been forced to form sexual organs

in the body of animal-man and every animal and plant. But he has done so reluctantly, so to speak, since he has shaped organs that also serve for other things and fulfill two necessities at the same time, in aggregate, course forms, in such a way that they can also divert the Magic Path of Love and cause the mind to become clouded over. As for the Power of Odin, as Creative Thought of forms and life, as Truth, as regards *Adel*, *Odal*, *Odil*, the Demiurge Satan has hindered, obscured and hidden Odin's Power with the calculus of mechanistic-rationalist thought which is centered in the cerebral cortex. Because Love is not expressed through physical organs of sex nor is the Thought-Idea (thinking without thinking, remembering without memory,) nor is the Creative Thought of worlds found in the cerebral cortex, but in the Mind of the *Divya*. His instrument is the archaic brain, earthly dwelling of the Runes, made invisible by the palimpsest of the Demiurge Satan, lost at the bottom of the sea covering Hyperborea.

The great discoveries of Hitlerism are not obtained with rationalist thought, or the rational even when they are expressed in discursive logical language, from the necessity to adapt to the methodology of the times and for ease of expression. In truth, they are born as sparks of the archaic brain, conceived in the Fire of Odin from the *Sieg* Rune, the Victory Rune (that says: "The Creative Spirit Shall Conquer"), from the Spiritual Blood Memory of Hyperborea.

The Hero must march over the razor's edge, conquering physical sex and overcoming rationalist thought before he can reach the submerged Continent of Atlantis, Restored Hyperborea, discovering the entrance to the interior Hollow Earth in the Oasis of Antarctica or on Mount Melimoyu. He must resurrect the ancient brain to rediscover the knowledge of the Runes and the Power of Odin that will lead him to triumph and Resurrection, mutating him into Absolute-Man.

"But neither by sea nor by land will you find the way to the Hyperboreans..."

Nor by this sea nor by this earth of the Demiurge Satan. So said Pindaros centuries ago.

### ‘FOR THE MAN TO COME’

1945, of the Judeo-Christian era; Year Fifty-Six of Our Hitlerian Era; month of April, that of Venus. Berlin has become a hell, there is fighting on every corner, the *Führer* Bunker is bombarded without respite by the Russian air-force and by artillery shells of every caliber, the Hitler Youth fight without giving or asking any quarter. The remnants of S.S. troops, those who have not died on the front, on the steppes, battle desperately,

women, old men, the S.S. Division ‘Charlemagne’ made up of the French, form a cordon around the Bunker, the heroic Spaniards and even Tibetan monks, mysteriously linked to Hitler, there give up their lives... What an immense battle, what glorious combat! I also wanted to be there and die for my *Führer*. My wife agreed we go and wanted to go with me. More than one hundred Chilean National Socialists were readied as volunteers in the city of Valparaiso, but the German ambassador, married to a North American, would not accept them. Comrades still live who can confirm this. German S.S. friends stopped me. Perhaps without knowing they did so in order for me to one day write these books...But today, April 30th, in the Year One Hundred of our era, with clenched teeth I remember everything. The anguish, that sorrow that blights in the heart...everything, everything was over, the immense dreams of grandeur and human redemption... Until we knew the truth: *Hitler had not died*. From the ice of Antarctica he would return...

Just before the end, there in the Bunker, while shrapnel thundered with the dull deep rumble of glaciers flowing from the great gates of the Poles, a faithful S.S. officer asked his *Führer*, with hoarse voice: “*Mein Führer*, if you were to disappear, for whom should we fight...?”

And Adolf Hitler replied: “For the Man to Come”

*The Order of the Reich*

## MANU

Who is the Man to Come? He is *Manu*.

He is not the *Avatar* returned, he is not the *Führer* - The Ultimate *Avatar* is a divinity, better said, a Liberated One, a *Boddhisattva* who has come to close a Cycle and who will return on the limit of the Twilight of the Gods (in the 'Final Judgment') to rescue his most faithful warriors, the too few. And The *Führer* is the Guide of a people in supreme need and misery, a race in danger of extinction. A great Warrior Leader, the deposit of tradition, the Spirit of a community of blood. But *Manu* is a Divinity who returns to re-initiate a new Cycle of Manifestation, to incarnate yet again in man. He comes as Legislator and Father of a Root-Race. (Hence the *Laws of the Code of Manu*.) And he is a man, a Divinity made man; he is the man who comes, 'who will come' after the catastrophe, the Twilight of the Gods and Heroes, in the Eternal Return.

The *Avatar* has closed a Cycle, a Great Cycle, in this case; *Manu* comes to open a new *Manvantara*. And he delivers his Laws. We, those who have fought next to the Ultimate *Avatar*, we must now fight to the end for the *Man to Come*, who will return someday, for *Manu* so the hope of definitively defeating the Demiurge is not lost, to put an end to the Eternal Return. He shall be, moreover, a new possibility, a new recurring Cycle in the Battle when a God again descends (a *Divya*, Wotan) to divide himself into an entire tribe, into a race, into an army after having broken the primordial Egg, newly in search of his She. HE-SHE! SHE-HE!

The *Man to Come* will do so from beneath the waters (of the deepest soul) in a Ghost Ship, with all lights lit, in the *Caleuche* of Antarctic Legend. He shall be the *Caleuche*. *Caleu* = return; *che* = man, in the Mapuche language, of the Araucanians in the south of the world.

*Manu* is *Man*, also a man. He is at the same time Hand, the Hand of God, as he is represented in the engravings that illustrate these pages. Because Man is the hand, his hand. With the Hand that had made everything until the *golem* replaced him with a machine. But the *golem* could never replace the hand that makes the magic gesture, the *Mudra* creator of worlds, the Hand that salutes the *Führer*, the Hand of the *Führer* which makes the *Vara Mudra*. The Hand that traces the Runes, Hand of God Wotan, Hand of the Hero who wields the Sword Excalibur. The *Hand of Manu*.

Done with his incarnation as *Avatar*, after having delivered his body in holocaust, after being devoured by the Fire of Superman, just before leaving this most profound drama and anguish, Adolf Hitler said: "I have fought for the liberation of Heroes, in the *Yuga* of Heroes. Now, you that remain, must keep fighting for the *Man to Come*, because you are those who have not been

able to free themselves in this ultimate Round, to escape from this Ring of Eternal Return, defeating the Demiurge, you must stay behind to begin again with the *Man to Come*, in new *Kalpas*, *Manavantaras* and *Yugas*. And that Man, he shall be you yourselves, a part of He (although complete in each part). You shall recommence it all, the Great Battle...though with less force..."

## MANUTARA

We come to the end of this work, this *Opus*, this Drama that is a Divine Play, a Holy War, as we play a little with the names the Drama has given to these things and to the Great Game, as the only way to achieve understanding of the sense and truth within the Myth beyond reason.

*Manu* is the Root-Man of a new manifestation in a new heaven representing the new entrance of the Warriors of celestial *Asgard* to shape themselves in dense earthly medium in the archetypal form of men. *UR* is the Rune of Origin. Let us add, therefore, a final R at the end of *Manu*, after the u. And he will be *MAN-UR*, Root-Man. The Rune that represents this shall be: the *UR* Rune - **u** .

The *Avatar*, we have said, is the free man who has gone out from the Circle of Eternal Return, reintegrated with his She, Absolute-Man, *Sonnenmensch*, Superman, *Boddhisattva*, who returns to help his comrades. He is at the other extreme from *Manu*. So his Rune still does not exist in the *Futhark* of Wotan, but does exist in the *Futhark* of Esoteric Hitlerism. He is the *RU* Rune: **U** , the reverse of *UR*. The Rune of Mount Melimoyu, with *UR* being the rune of Mount Kailas, in the antipodes. A help and compliment to the other. Without *Manu* an *Avatar* would not exist. Because the *Avatar* is the *Manutara*. The *Manu* who frees himself within a *Manvantara*. *Manu-antara*, (**u** , **U** .)

The Legend of *Manutara*, Bird-Man (*Garuda*) of Easter Island, the Initiation of *Manutara*, remains the greatest secret and mystery of the ages. I have dealt with it in my book *NOS: Book of the Resurrection*, in the chapter - The Initiation of the *Manutara*. *Manutara* is *Manvantara* and he is *Manu* and *Tara*, the Goddess of *Mahayana* Tantric Buddhism, Wife of Shiva and of the *Boddhisattva*. That *Manutara* is the *Vîra* who has already won the Battle, who has recovered his *Tara*, who is the Androgyne, the *Avatar*, Total-Man, Absolute, the Bridegroom and Liberated One. Therefore a Bird, that is, he flies; he is the immortalized Astral Body, the newly subtilized Body through the Power of *Odil*, the immortal body of *Red Vajra* acquired in *Rubedo* at the end of an alchemical process of the Resurrection of the Hero, the *Vîra*. He is thus the *Son of Man*, of *Manu*, the Legislator. The *Avatar* is the *Son of Manu*, ("I and my Father are one.") He is *UNAM: U* . He is the resurrected

*Vîra.* The Resurrection of the Hero.

The Initiation of *Manutara* is very ancient, millions of years old perhaps. It comes from Lemuria submerged in the terrifying depths of the Pacific. Easter Island is a unique surviving remnant. And that Isle, by ineluctable destiny, belongs to Chile.

The name Easter Island comes from English, derived in turn from German. Easter Island, from *Oestern*, the Goddess *Ostara*, she of Primeval Light. From the Easter of Resurrection when the Alchemical Initiation of Mystic Death and Resurrection is fulfilled in the Three Nights of *Nigredo*, *Albedo*, *Rubedo*, in the Crucifixion of Wotan and Baldur, the Savior. Three Nights, or Nine Nights, until *Manu*, Root-Man, returning after the Great Catastrophe, is given to recover the Runes, the Power they liberate, restoring the possibility of disintegrating his heavy matter and 'fly' with his 'astral body,' with his *Manutara*, transforming his body into Bird-Man. In the month of April, month of Venus (with the Veneris Rune - \*) with the Initiation given with the Double Star of Morning, still remembered by the Araucanians as their Eight-Pointed Star.

And when the Bird-Man is born, or Reborn, Three Magi Kings, with distinctly Three Colours (*Nigredo*, *Albedo*, *Rubedo*) guided by the Star of this Initiation of Venus, go to certify the Birth of the God Child. And the Gift they carry with them, and deliver, is precisely the Birth of this *Son of Man*, this Bird-Man, the *Manutara*.

In the North, at the North Pole, they call him *AR-THUR*, Aryan in *UR*, in the Origin, *HERR-THOR*, Lord *Thor*; *ER-MANN*, *AR-MINIO*, *MANUNN*, *MANU*, *MANO*. ('MANO' meaning 'hand.') The *MANO-God*.

When the Continent of Lemuria submerged the greatest wisdom of the Aryans disappeared leaving only a remnant, the echo of a great secret in the power of the sages of *Te-Pito-O-Te-Henua*, that surviving Isle in the vast solitudes of the Ocean that would one day be called Easter Island, the 'Isle of Resurrection' of *Manutara*.

The adept must seclude himself for a long time in the cavern of the 'Hearer of Manu,' *Hakrongo-Manu*. When he has 'heard,' then he must throw himself into the sea and swim to the isle of *Hapu-Manu*, the 'Cry of Manu.' And there he will wait until the *Manutara* deposits his Egg in his *Mano-Manu*. He will be, therefore, the Hand-King, having to legislate on the Isle of *Matakiterani* (in *Asgard*) on the Isle of *Ostara*, on Easter Island, for a Year. This is the partition of the Orphic Egg and, once again, the escape of a He (*Manu*) and a She (*Tara*.)

In truth this was the representation in a surviving micro-cosmos of a grandiose Initiation, a Mystery, equivalent to the new possibility of the Resurrection of a Hero within a *Manvantara*, able if he wishes to transform himself into *Avatar*. The still living Mystery of the Bird-Man, *Manutara*, and the partition of his pre-cosmic Egg.

Perhaps the so-called ‘Speaking Tablets,’ *Rongo-Rongo*, would tell us about all this. The initiated sages of *Rapanui* could decipher them, the *Kohau-Rongo-Rongo*, and they also called themselves Maoris and were white. They were forcefully sent to the gold mines of Peru where they were forced to work as slaves and died. With them disappeared the knowledge and tradition. The sinister Enemy Plan, by order of the Christians, especially the Jesuits, has destroyed all traces of the White Gods in our America. And it is not by chance that the last Vikings of *Tiahuanacu*, when their civilization was annihilated, left in the direction of *Te-Pito-O-Te-Henua*, Easter Island, with *Kontiki-Virakocha*, perhaps in search of their distant ancestors. They went to the Island of Resurrection. And they are now the *Mohai*, those Petrified *Viras* (Heroes who are still unable to go away), those who open their empty eye sockets onto inscrutable distances waiting to see the reappearance of *Manutara*, the ‘Return of Manutara.’ Of the *Man to Come*.

## MU

The entire Mystery is centered here in *Mu*, the lost Continent of *Mu*, and a remnant of Lemuria submerged in the Pacific Ocean. And that reveals to us the great discovery of Esoteric Hitlerism, the *RU* Rune, *Avatar* Rune, which, together with the *UR* Rune, *Manu* Rune, gives us the name *Mu*, **u U**. There, in *Mu*, at the bottom of the waters of the Ocean Sea, before the magic port of Valparaiso and in the depths around Easter Island, *Te-Pito-O-Te-Henua*, ‘Navel of the World,’ into which the *Avatar* has descended to rescue the dead Heroes in the Combat, able to rescue them along with Him: the sixteen dead in the *Münich Putsch*, as well as the seventy-two Chilean Nazi martyrs and Rudolf Hess, in *Muspelheim* where Adolf Hitler rests and from which he has not yet returned, until all beings of this world have cried tears of blood.

Chile, this long and drawn Sword, *Shillen*, in Old German - *Chille*, is a balcony hanging over the abyss. And she is the ultimate refuge of the Initiation of *Manu-Tara*, *HE-SHE* and *SHE-HE*; the Refuge of Esoteric Hitlerism, home of Adolf Hitler, in addition to his home on the Morning Star. Chile is also the Land of Tears...And ‘she is the mysterious land of tears...’

## HUNDRETH ANNIVERSARY OF THE BIRTH OF ADOLF HITLER

*"I am nothing without you;  
but you are nothing without me."*

Adolf Hitler

SAHAM! HAMSA!

OH, Heroes! Oh, *Viras!* We have arrived at the end of these pages of stone as if we had sailed beneath the waters in the direction of the disappeared Continent of Hyperborea, beneath the ice of the soul aboard *Caleuche* with the *Man to Come*, awaiting Return and Resurrection.

These are very ancient words, unspoken before this *Yuga of Heroes* and that most humans will not understand. They were handed down by Adolf Hitler, by the *Avatar*, who delivers them through my 'thoughts not thought' and in the Blood Memory, not remembered every day, but at times.

I have been joined in this Adventure by my Valkyrie of Hyperborea, with her blue eyes, two windows into the uncreated light, who fights for me,

within me. If She or someone were to ask me what it is that I have said, what I have written, I would not know how to answer them since I have forgotten everything, each one of these pages, every word, and would have to descend very deep and very far down into these abysmal waters, again boarding the Ghost Ship of the Poles that would carry me to the hidden Dwelling of the *Ultimate Avatar* where Wotan awaits me. Lord of Poets and Dreamers, Lord as well of Armies. And, there, I would remember everything anew.

Comrade, you know the time is ripe and there is no room for contingent politics. Only for meta-politics. With the completion of the Second World War, after the grandiose experiment of National Socialism, an animist alchemy, an economy without usury, the 'Labour Front,' the 'Strength Through Joy,' 'Blood and Soil,' 'Living Space,' nothing new remains to be done on the surface of this devastated earth. And not because it were not possible to attempt to do them again, since in fact the warriors and comrades of the External Circle are doing so here, but because everything has already been done elsewhere and on another earth. On the First Earth, in the Pythagorean *Antiction*, the Anti-Earth, where Adolf Hitler went with the most faithful and purest of his race, the most loyal and where he will never be reached except by the Initiates of Esoteric Hitlerism. Because Adolf Hitler went away to another space, another reality.

This you must believe, comrade. A part of *Operation Barbarossa* completed after the year 1945 and the apparent material defeat of Nazism. As I revealed to you at the beginning of these pages that I now reread, I was in Antarctica with the most pure presence of the *Avatar*, with his *Thought*. Since then I have never ceased to feel his presence, in the form of events, situations that are orders I must obey. But He, Adolf Hitler, is protected by concentric circles of impenetrable barriers. (*Noli me tangere!*) Only Rudolf Hess, rebuilt in his glorious body of immortal *Vajra* in *Valhalla*, can come today into his presence, in a today of Other Time. And although I strive to get there too, as will you, comrade, I still even so remain on this plane, this Second Earth to aid you to continue fighting together for those great ideals that do not lose their state of being in force, instead becoming universal with the collapse and failure of every system that Zionist capitalism promotes. I am also a prisoner of the Myth that will do with me what He wishes for the exact completion of his archetypal constructions. Now is the time for meta-politics, with the metaphor-politics of the *imago*, when we shall have triumphed in the external without even knowing it ourselves, on the edge of universal disaster, it is said in 2012. And the idealists of this world, the young who believe in revolution, who will be on our side, seeing that we have been the only ones who have never stopped half-way in the middle of the road and that we knew who the Enemy was, who manipulated their systems, their doctrines and that we destroyed them. Therefore our Struggle

is on more than one plane, as were those of the Gods, our ancestors, who came here to fight. This is simultaneous, solidary, 'synchronistic.' Because we are those Gods who came down to the heavy and dark world of the Demiurge to be able to take our imprisoned brothers away from it. We follow their examples even when we see the horizon become ever darker and darker, already without hope. We persevere until 'hope creates, from her own shipwreck, the thing contemplated...' 'Insisting on old dreams, so our world does not lose hope...' as enjoined our old friend and comrade, the great poet Ezra Pound.

*Wan allem Untreu werden so bleiben wir dog Treu.*

*When all are disloyal, we remain faithful!*

Very difficult times are coming for this tortured earth, fallen down into the darkest *Kaliyuga*, especially in Chile, that mystic fatherland. Attempt, therefore, oh, heroes to spread the ideals of Adolf Hitler! In the midst of the Ocean of corruption, crime and slavery, build island-refuges, impregnable autarchic colonies, defended even with your teeth, until the last breath, where the Enemy can never enter. This must be achieved by the Hitlerist warriors of the Middle Circle. Colonies governed by the principles of Esoteric Hitlerism within a concentric organization, circular, towards the center, implosively towards the *Avatar*, towards the innermost point of your souls which is HE. And you will come to have the certainty that the *Avatar* will never abandon you, because once there, in the inviolable Center of this Circle that the Incas called *Huikanota*, once seated in the Center of this Ultimate Flower, in this Barracks-Gendarmerie, in this Colony governed by the principles of Esoteric Hitlerism, He will come to reveal to you the knowledge of his Other Science, carrying you towards the Hollow Earth, *Anticton*, First Earth of the Ancients, and then towards the *Valhalla* of Venus, towards the *Asgard* of the Black Sun and Hyperborea of the Green Thunderbolt...

So you are invincible!

And I will also be with you, oh warriors! Oh Priest-Magi of Esoteric Hitlerism! Oh Warriors of Wotan and the Ultimate *Avatar*!...

I shall be there, though I am no longer...

Comrades, we shall stop here because it is not possible to explain all things... If everything were explained, they would no longer exist...

In this year 1989 of the Judeo-Christian era, in Pisces, Year One Hundred of

the Hitlerian Era, in Aquarius, on the hundredth anniversary of the birth of Our Exalted Guide, Adolf Hitler, in whom incarnates the *Führer Prinzip* and the Ultimate *Avatar*, our arm raised to Him and in the salute of the *Männerbunde* with the *Vara-Mudra* and with the magic Mantra of the *Minnesänger* troubadours, let us offer finally our homage of eternal loyalty and veneration:

*Heil Hitler! Sieg Heil!*

## THE RESURRECTION OF BALDUR IN AQUARIUS

We are Nazis. *Ig-nazis*. From fiery. Nazi is an initiation word, with a 'vocation' always represented by the *Sieg* Rune - Σ. We are also barbarians and pagans. *BAR-BAR-OS*: two *BAR* runes - **b**, Rune 13 of Planet Earth, *Gerda*, and the *OS* Rune - **F**, the number 4, that of *OS-IR-IS*, the Resurrection of the Hero. The sum of 1+3, 1 and 3, equals 4. The double *BAR* is, thus 8; moreover the 4 of the *OS* rune equals 12, planetary initiation

number.

This is paganism. To be pagan (Against the One) is to reflect in our entire lives the planetary, astrological, zodiac, cosmic Archetypes of the Drama and Combat within the Demiurgic prisons in order to recover pristine nature from before the sinking of Hyperborea and from there attempt to escape with the simultaneous transmutation of Nature, defeating the Demiurge, the Great Robot which serves Satan to degrade the Work of the Gods.

The Great Judeo-christian Conspiracy wishes to overcome paganism with materialism, naturalism or pantheism, forgetting the Archetypes of Celestial *Asgard*, the divine *Aesir*, the *Valhalla* of Wotan and the Valkyries, the terrestrial Paradise of *Mitgard* and Ultimate Thule, where monotheist, Semitic, fanatic and proselytizing religions have placed their earthly paradise, their sky and even their hell, changing the meaning of all of them. Mohammedanism has also taken its paradise from *Valhalla* and its *Houris* from the Valkyries, being at least a warrior religion, even when today it contents itself with plaintive requests, or ineffective terrorist guerillas rather than initiate total Holy War against the State of Israel to take back what has been stolen from them and avenge Israel's crimes against the Muslim people.

In the first part of this book - the *Weltanschauung*, we set forth the Cosmo-vision of Paganism. What within the earth-bound events of Eternal Return would be the mere reflection of astrological situations, the movement and Drama of the stars within the 'Houses,' Constellations or 'Castles' of the Zodiac.

Judeo-christianity has destroyed and falsified everything. For thousands of years *Wotan-Baldur-Siegfried-Krestos* is crucified in the Zodiac. He is from there, from that celestial Archetype where the Drama of Fate is reproduced within the terrestrial Eternal Return recounted in the *Eddas* and the Germanic-Celtic Sagas, especially in the 'Nibelungen,' which as we have already noted in *The Golden Band: Esoteric Hitlerism*, was not realized here on this earth but in the *Way of Iring*, the constellations.

The fulfillment of the Cosmic Archetypes is inescapable.

Baldur the Shining Son of Wotan, the most beautiful, is crucified in Pisces. He died pierced by the spear of the Centaur Sagittarius, with his lance or javelin of light. Sagittarius is partly blind, the Centaur Chiron, half-man, half-animal; he was Maestro of the heroes; Jason, Hercules and Achilles, Aesculapius and Aeneas. As reward they placed him in the sky as a constellation. The Cross on which the Son of the Light of Wotan is crucified, the *OD*, Cold Birth, is formed by opposed horizontal constellations, from right to left by Gemini and Sagittarius and vertically by Pisces and Virgo

which center on the Solar Plexus or *Manipura* chakra of Baldur. This is the *Tyrkreis* or zodiac Tree of Crucifixion.

Beneath Jehovahist influences Pisces, which was to be ruled for two thousand years by Jupiter-Zeus-Thor, by the *Aesir* of the Thorn and Hammer, by the Swastika and *Double-Sieg* Rune of Venus and by Mithras, has been diverted and falsified by Jehovahist Jewish Christianity. In this way rationalist thought, commerce, technological materialist science, the banks, usury and money began, replacing the Gods of Light and dominating the Age of Pisces. This is the celestial and terrestrial double crucifixion, of the Sun God. The *Gottmensch* Baldur is thus *Krestos*, name derived from the *Kun-Os* Rune from which comes *Kunig* or *König*, King. Baldur, King of the *Aesir*. Whoever dares to cross the Crucified with the Lance is Sagittarius. He is his terrestrial replica, his archetypal incarnation, something which never happens in fact, but will happen in Myth and Legend. He will be the soldier Longinus with his Lance. As will also be Hagen of Trondheim or Troy, the one-eyed and blind Hödur, brother of Baldur. Hagen uses a Lance to kill Siegfried, the German *Krestos* of the Saga of the *Nibelungs*, while Hödur, with the mistletoe of the Donar Oak, Oak of Dodona, kills Baldur. Hödur is led by Loki, the malignant Jehovah who has surreptitiously introduced it into *Asgard-Agartha*. *Krishna-Krestos* also dies in a similar way, and Achilles too, all heroes of Cold Birth in one way or another, disciples of the Centaur Chiron, some wounded in the *lumbar* chakra, others in the heel or spleen or heart. These are the particular chakras those heroes awaken to reach mystic-magic death with the help of semi-conscious, semi-blind Forces, the Ghosts who guard the Threshold.

The Lance of Longinus symbolizes the Power and Justice of the ancient Magic German Reich. Sagittarius is the ninth constellation and the ninth Rune *IS*. He is a Lance. In the Sacred Tribunal of the Celt-Germans, *FEME*, guided by an initiate or by a true *Druid*, *Durida*, *Drud* or *Thurd*, the trial had a divine character when holding a Spear. Hence the *Gral* Lance. For a very long time it was believed that the Lance of Power was in Austria. But it was always kept in Trifelsen Castle. Himmler sought it and carried it to the S.S. Castle of Wewelsburg, becoming the staff of the *Blutfahne*, or 'Blood Flag' of Hitlerism, the *Reichspeer*, kept horizontal. With it they consecrated and stigmatized, with a blow of the point of the lance. When the lance burned there was redemption. Today the *Blutfahne* is kept at the South Pole and from there it sometimes comes to the loyal combatants of Esoteric Hitlerism to consecrate their ceremonies and their standards. Or they go to where the Holy Thing is found, to kiss it. The *Fahne* has a sacred character, that differentiates it from the common banner, the Flag. He who possesses the *Fahne* and the Castle where it is kept has the *OD* Power, Odin-Adam, Red, Immortal, and he will be the Sacred King, Warrior and Magus. The *Fahne* is still within the power of Esoteric Hitlerism in a place that is invisible,

invulnerable.

Adolf Hitler, the *Führer*, carrying the *Blutfahne* ("Blood Flag") to consecrate the standards of National Socialism. The *Blutfahne* was the flag soaked with the blood of the 16 Nazis dead in the Munich Putsch, November 9th, 1923.

The Lance was the symbol of the Power of the German-Celtic kings and the Saxon Vidukin, the Pagan Hero.

Next to the Cross of Zodiac Crucifixion there are the Three Women or Norns: *Urd*, *Werdandi* and *Skuld*. They are stars, also called the Three Marias. They are the Three *Norns*, Three *Asinas*, Three Mothers, in the constellation of Virgo.

Another Two Valkyries move the Zodiac Wheel, the Swastika, named *Grotti* or the Mill of Wotan and of the *Aesir* and *Vanir*, the *Wheel of Katarina*. Two virgin priestesses move it: *Fenja*, 'Water Air Dweller' and *Menja*, 'Bearer of the Necklace of Stars.' And this Mill grinds the Stars into powder and harvests the Cold Birth of Odin from them. This is how Baldur will inevitably resurrect from his Death and Mystic Crucifixion since the head of the Son of Light enters into the Constellation of Aquarius, in the 'Solar Castle' of this Constellation, for another 2,200 years. And in this way the Zionist power, without anyone being able to stop it has already begun to descend towards its ultimate demise. The influence of the chained *Aeons* will come to an end. Saturn and Mars, in their aspects corrupted by the Demiurge, are giving way to the influence of *Uranus-Varuna*, one who is beneficent for the Aryan Germans. The Cup, the *Gral* Stone, reappears.

The atheists, with their rationalist science and technology do everything

possible to interrupt the turning of the Zodiac Wheel of *Grotti's* Mill, the *Wheel of Katarina*, that is going to shred them and is formed by the New Moon, the Ancient Sun and the Other Earth. Its Axis is the Lance of Wotan, the *Gral* Spear, with the *Blutfahne* and the Blood Memory of all the dead Heroes sacrificed in the Combat against the Satanic Shadows.

To avoid defeat and stop Destiny, the Jews plagiarized the cosmic crucifixion of the Sun God, the Black Sun and Cold Birth, with their Christianity, with the crucifixion of a Christ they called 'Jesus,' the name given by the Gnostics to the pituitary gland in the skull within the cerebellum where they situated the knowledge of our divine past with the *UR* Rune. This material crucifixion is in truth the representation of Satanic ritual murder in which Jews bleed an Aryan victim on a tree or log offered to their God of vengeance, Jehovah.

Wotan is crucified for Nine Nights in Mystic Death on the *Iggdrasil* Tree of Terror to recover the Runes. This is a stellar adventure, zodiacal, of Celto-German Astrology, an Archetype and Celestial Cosmic Drama that has taken form in the sensible and permeable rocks of the *Exsternsteine* where the *Irminsul* Tree stood that was destroyed by the renegade Charlemagne.

In the Zodiac, Baldur, the Son of Wotan who is 'identical with his Father,' is crucified on the *Hagal* Rune which, when moving with the Mill of the Gods, *Grotti*, will be the *Gibur* Rune, that which gifts and is the *Donar* Oak of *Dodona*, Jason and the Argonauts who in truth sailed through the constellations, the *Way of Iring*, in their Ship *AR-go* where the Heroes will become *Aryans*, will be twice born.

The *HAGAL* Rune is the number 7. The Runes that accompany the Crucifixion of Baldur-Krestos are the Rune 8, *NOUTH* - N, the Rune 10, *AR* - c, the Rune 9, *IR* - Z, and the Rune 7, *HAGAL* - □. Added they make 34; 3 plus 4 is 7. These Runes are the 'arms' of the Cross, *Iggdrasil*, *Ir-Minsul* or Tree of Mystic Death. The number 7 is thus magic and sacred. We find it in the 7 chakras, the 7 golden cities, the 7 hills, the 7 dwarfs, the 7 spheres, the 7 parts of the body, the 7 swans, the 7 masculine and the 7 feminine Titans, 7 days of fasting, 7 days of the week, 7 musical notes, 7 wandering stars, 7 Pleiades, and so forth. And Zionism pretends to appropriate them in the candelabra with 7 arms.

But Fate advances, the Archetype incarnates and nothing can still prevail against Him. The *Wheel of Katarina* and *Grotti* grinds slowly but exceedingly fine. The Head of Baldur-Hitler has already entered into Aquarius. That was in 1933. And in 1945 he fulfilled the grandiose sacrifice of the Bunker and the Triumph of the *Avatar*. There Baldur once descended to *Muspelheim*, to *Hel*, to the Hollow Earth (later transformed into the Inferno by the Christians) where his roots will reach deepest in order to begin to ascend with the New Light and the New Earth. Because 'a Tree with its top reaching to heaven shall first sink down into the deepest depths with its roots.' In the Mystery of the Light of the Black Sun the Divine Hero,

hanging on the Cosmic Tree of Crucifixion dies and is reborn. Only when all men, animals, plants and rocks have cried with their last tears, clamoring for his return, men and the earth dying, poisoned, will the luminous Divine Face of the God-man be seen again. Only then will our *Führer*, Adolf Hitler, together with the resurrected *Aesir*, newly immortal, enter into the Ultimate Battle, with his *Wildes Heer*, in the Iron Age, *Kaliyuga*, *Ragnarök*, Twilight of the Gods, which will destroy the *Golem* and save the Heroes, the *Viras*. They will regain *Asgard* and *Midgard*, ending the dark and Satanic Age of Pisces. And in this 'sack' that is the Age of Heroes the *Gibur* Rune and the *Sieg* Rune, by means of Magic Love, going out from the Wheel of Eternal Return, will immortalize some *Viras*. For that He and that She, the God-man Adolf Hitler will await them, 'from beyond the stars.' The others must return to the Terrestrial Hyperborea, the Golden Age with the *Man to Come*... In the meantime I keep the *Draupner Ring*, Souvenir of Eternal Days...

"If a tree wants its tops to reach the sky, its roots need to go down to the very hell."

## KEYS

We are going to present here these keys without an attempt to decipher them, without an explanation, so that only a very few of the learned will be able to grasp them, and this, in a time in another sphere, there in an infinite time.

Here, there is already almost no time. □

□ □ □

The God *Tui, Tuisko, Tyr, Ziu, Ziso, Zeus*, has for his day *Tuistag*, (Tuesday, *Dienstag, Martes*, God of War and Peace, *Ziso-Zeus*, Jupiter, The Shining One. Standards and banners are dedicated to him - the *Blutfahne*. He is also called *Eru*, the Sword and Cheru - *Cherusker, Herman-Irmin, Irminsul*, where *Irmin* is crucified, Herman-Wotan)

He is offered the Dance of Swords (*Espatadansaris*, next to the Tree of Gernika.) His son is *Mannu*. The Forest of the Castle of *Tuisko* was the *Teutoburgerwald*. And from thence come the Teuton, *Tedesco*, descendants of *Tuisko-Tyr* and *Mannu*, Sons of *Mannu*, Mann. 'Sons of Man,' the divine Aryan. *Mannu* is born from the mind of the Androgyn *Tyr-Tuisko*.

From here come *Teo, Dius*, and the Cathar Visigoth *Diaus*. As well as Wotan. The followers of these Gods, the Sons of *Mannu*, lived through the ultimate ice ages in the *Teutoburgerwald*, in the Harz and Spreewald. Place of cult, the *Externsteine*. The Tribunals for the Sacred Judgments called 'Thing' or 'Ding,' of the God *Tyr*, with swords and lances. The *Feme*.

Here also were carried out the solar festival of the 'Queste,' Feast- Sacrifice, within a circle of swords and lances, Crown of the Year. *Queste-Swastika*, Moving Cross, in the Questenburg on a High-Mountain.

Here the God marries himself, the Androgynous God, *Ir-Min, Her-Mann, Ir-Man, Ir-Min-Sul, Arman, Armanen*. From *Mannu* comes *Minne* (*Minnesänger*.) *A-Mor*, the magic marriage in the Questenburg, on the High-Mountain in Polar Midnight, the Sacrifice of Magic Death where the God *Mannu* is married with Himself becoming *Manutara* (*Manu-Tara*) *Manutau*, the Crucified God, *Angatyr*.

For death and resurrection is given in the *Minnetrunk*, Liquor of *Minne* and *A-Mor*, because He has been joined with his She.

Hands are for Love and War.

Within a White Mountain of the Pole sleeps the God *Mannu*, waiting. In the Kyffhäuser Mountains of white gypsum sleeps *Rotbart*, Barbarossa the Red-Man, *Adam-Manu*, he who will come, and shall return, Baldur Resurrected, the *Führer*. And near there is a village by the name of *Questenberg*, south of

the Harz Mountains. The *Queste* Mountain is in Gipsberg, the mountain of white gypsum. Baldur is also crucified there.

*Führer* comes from *Vierung*, from *vier*, four; 'He who thinks for the others.'

*Führung*, partition in four of the solar year, the Swastika. And *Mannu*, the *Manutara*, Regent of the Year. The *Führer* brings *Heil*, Benediction, Salvation, *Salve-Health*.

The Swastika symbolizes Wotan, the Wild Hunter with one eye. The eye of the Cyclops, dark red of the Red Man, Baldur Resurrected, *Mannu*. It is the Third Eye now atrophied in the pineal gland of the brain. It is the spinning Swastika that rotates and the Emerald Stone in the Crown of Lucifer: The *Gral*. The Blacksmith Wieland transforms it into a Cauldron where the Light of the Aryan Hyperborean Blood is kept.

The Pineal Center is called *Aguha*. The Thunderbolt-Force emanating from the Third Eye is called *Kurm*, Supreme Will, *Shudibudishvabhava*. This is the *Gral*, the *Gral* Light, *Sieg* Thunderbolt. Victory.

The drink is named *Meth*, blue Blood Ether, the *Soma-Amos (A-mor)*, *Manu-Unam*, *Ur-Ru*. Turning the Hero upside down, transmuting him, trans-breaking him (from *Rot-bart*) making him Red, within *Rubedo*. Adam of red immortal *Vajra*.

Ancient followers of the God *Irmin* lived in central Germany, in the *Teutoburgerwald*. For them *Asgard* was where the *Externsteine* appear. Here Wotan is crucified to be reborn on the *Iggdrasil-Queste* Tree, Tree of the Spinal Column, *IR*, *ER*, which destroys. Tree of Knowledge that kills the Earthly Adam to give life to the Celestial Adam, Red Adam, Baldur-Lucifer. *Mannu*.

□

□ □ □

*Mannus*, *Man*, Root-Man, *Munt*, Moon, *Mani*, *Manes* or *Manen*, Ancestors. The God Hand. *He-Her-Manu*... The thumb has been consecrated to the God *Thor-Donar-Kristos*. Thor lived there in a green luminous valley like in a glove destined for the thumb, at the ends of the world in a thick wood, abode of a giant. The Home of *Mannu* is also the Light of *Ostara*, Goddess of Spring, *Oesterreich* (Austria, where Adolf Hitler, the *Führer* 'he who thinks for the others' was born one hundred years ago), *Oestern-Island*, Easter-Island, Isle of the Pasch, Dwelling of *Manu-Tara*, Regent of One Year of Brahma, *Te-Pito-O-Te-Henua*, 'Navel of the World,' *Manipura* chakra of the Earth, or Pineal Gland, Third Eye, dark-red of *Wotan-Mannu*. Or open Hand in the immense solitude of the waters where the submerged Ancient Continent shall resurface after the catastrophe that will destroy everything. *Man to Come. Caleuche.*

## THE HAND THAT OPENS

The Divine One (*Divya*) is the Hand. God-Hand. *Manitou* of the *Iroquois* Red Skins. He is *Wakan-Tanka* of the Sioux. He flies through the center of the Hollow Earth like *Kishe-Manitou*, Great Creator God. He is a Circle.

The first part of the *Divya* to take shape on this Earth is his Hand. They appear among some of the hills of the sacred Cordilleras. There we can see them. The primeval Orphic Egg was broken with this Hand, opening that painful ‘window’ by which the she of HE-SHE and the he of SHE-HE escape. It is the Hand of the Initiate who re-takes the Egg of *Manu-Tara*, thereby closing the ‘wound,’ the ‘window.’

The Hero, *Vira*, can do nothing without the Hand.

Neither War nor Love.

*The divine Hand Allouine (drawn by She herself). Fifth-born priestess born in Hyperborea and come to Greece with Avris to establish the Cult of Apollo in Delos. The Cult of A-Mor.*

## FINGERS

The entire history of the cosmic and terrestrial embodiment of the *God-Mannu-Hand*, *Divya* become *Vîra*, the Hero, is expressed in the engravings here recorded, those that will come to be understood and deciphered in their ultimate key clues only by a few Initiates of Esoteric Hitlerism, and that only seconds before the *Götterdämmerung* and the return of the Ultimate *Avatar*.

In Celestial Hyperborea the *Divya* exerted his magic actions by means of Signs realized with the fingers of his Hand. Even today the ultimate Initiates of the most ancient and powerful Warrior Order in the Universe also act with Signs traced with the fingers of the hand.

The first finger is *Monas*, symbolizing the Androgynous God *Tuisko*, shaper of all things. The second is *Dyas*, generating matter, the feminine, *IS-IS*, *Freyja*. The third is *Trias*, union of *Monas* and *Dyas*. If one wears a ring on this finger the result will be chastity, sterility, union of form and matter. Infinite Spirit and Matter, Eternal Return, Saturn-Rhea. The visible and material-corporal has no other visible dimensions outside the four of this space-time. *Trias*, tri-dimensional time of past, present and future. Trinity as beginning, middle and end. The Fourth Finger is *Tetras*. Four elements, duplication of Two Twins, Absolute Man and Woman, Total, Androgynous. The wedding ring in most distant antiquity when placed on this finger symbolized Magic Union. (HESHE, SHEHE). The profane know nothing of this and now vulgarize the symbol. In the Four ('One, two and three... but where is the fourth, my dear Timeo?') the opposites among the Three come to an end. Four is the first perfection. ('Three have come, but Fourth is not here. And he is the one who thinks for the others...') The Fifth Finger is the Star Venus-Lucifer of the Annunciation that announces the Re-birth of the *Son of Man*, Resurrection of Baldur, the *God-Man-Mannus*, Root-Man, the star that guides the Magi towards the rebirth of a new Day of Brahma, a new Golden Age in the Eternal Return beyond *Götterdämmerung*. The Fifth also offers the possibility to rise above all opposites and twin grandeurs, beyond even HESHE and SHEHE, since the Fifth is the Number of Hyperborea. Hermes-Wotan-Mercury, the *Kundalini* Serpent, rises through the Fifth finger, through the Oak of *Mitgard* and frees the Hero, projecting him beyond everything, beyond all into the In-existent. He is the premonition of the *Avatar*. Each finger has its Rune, its Magic Sign. The Runes of the Fifth finger are *AR* and *IS*, 10 and 9 among the *Futhark* of Odin. The *Ar* Rune is of Fire and the Ancient Sun. From *Wildes Heer*, Furious Horde of the Ultimate Battalion.

When the God-Hand opens to re-take the *Manutara Egg*, when all his fingers

extend in a fan over the vastness of the immense ocean, the *Rano-Raraku* Volcano will erupt, sinking *Te-Pito-O-Te-Henua, Oestern-Island*, Easter Island. And from dreadful depths shall upsurge the Continent of HESHE and SHEHE, with the somber-eyed Giant *Manu*, the Man to Come, to recommence the one and same ancient story with other possibilities of drama and grandeur, for other heroes.

*"By definition egotism is the general rule. An harmonious economy is only possible when ordered by the State. The example of the Republic of Venice proves the success of the planned economy. It demonstrates that the gold standard, as guarantor of the currency, was pure fiction and I refuse to consider it as venerable or intangible, when in my eyes money represents nothing more than the counterpart of a labour that therefore has no value other than to the degree it represents work really effected. To be specific, when money does not represent work, then for me it lacks value."*

Adolf Hitler

*(Of course the command economy has failed in Marxist societies, and that precisely because the Jew has desired that to happen there, able to totally control those totalitarian societies, type Kahal. But the command economy was a complete success under National Socialism, even at the end of the war, maintaining prices stable and without inflation. Jewish Marxism and capitalism, based on usury and the money-pipe dream, could not help but fail.)*

*"Our campaign against Bolshevism is not a war against, but in favour of true socialism. The national socialism, or National Socialism. What we generally understand by the concept of world ideology has nothing to do with Bolshevism, since the latter does not constitute anything more than a pathological and criminal aberration, conceived and sustained by Jews, equally with capitalism and liberalism, with the objective of annihilating the white race and their civilization, the non-Jew peoples and submit them to an international Jewish sovereignty. Bolshevism could only be born from the brain of the Jews."*

Joseph Goebbels

"You I advise not to work, but to fight.  
You I advise not to peace, but to victory.  
    Let your work be a fight,  
    let your peace be a victory!  
One can only be silent and sit peacefully  
    when one hath arrow and bow;  
otherwise one prateh and quarrelleth.  
    Let your peace be a victory!  
    Ye say it is the good cause  
    which halloweth even war?  
I say unto you: it is the good war  
    which halloweth every cause."

"Thus Spake Zarathustra"

## ANNEXES

### ANNEX I: MASONRY

Every National Socialist, every Hitlerist in truth must always keep in mind the profoundly malignant character of Masonry, as instrument in service to the ultimate plans of Judaism. The lower ranks of lodge brothers are unaware of this, but their highest international leaders do know about such plans. Mixed Masonry, which is to say of Jews and non-Jews, receive their direct orders from the exclusively Jewish Masonry, where non-Jews are not accepted as members. In this way the Jew can belong to mixed Masonry, but a non-Jew can never be member of the purely Jewish lodges. The Jewish members are grouped together in the *B'nai B'rith* (or *Beni Berith*, 'Sons of the Alliance'). We can note the similarity between this name and *Great Britain*. A similarity that is not casual, since England is from where Jewish Masonry was spread throughout the entire world, the highest leaders of nobility and royalty of this nation being Masons. *B'nai B'rith* has its main center in the United States today, with four hundred thousand members and perhaps more, distributed in three hundred and thirty lodges in that country and eighty in Europe. The members of this Lodge belong, in their majority, to the Jewish Masonic branches *Mizraim* or *Mizrahi*. For some years their President has been the Jew Label A-Katz, who was received by the Pope at the Vatican in January 1960. Monsignor Lefebvre has denounced the ties between the Vatican and Masonry. The current Pope, Karol Wojtyla Katzbroth would be both Jew and Mason.

The headquarters of the *B'nai B'rith* in Chile is on the elegant *Avenida Lyon* in Santiago. One of the many institutions that depend on this Jewish lodge is the famous 'Anti-Defamation League' (A.D.L.) of the United States, in

various of whose bulletins I have been attacked. In 1987 their President, the Jew Reich, came to Chile to interview the government and ask for special measures to be taken against me. Throughout the world crimes, assassinations and persecutions happen due to this Jewish Masonic Brotherhood, against National Socialism and the martyrs of Hitlerism. They have as their principal mission to spread the farce of the holocaust of six million Jews in Germany and the non-existent gas chambers in order to persecute, imprison and judge those who deny them. The crimes they do not commit directly, or through their agents in the *Mossad* (secret police of Israel), they delegate to the mixed Masonic lodges of every country, which also possess poisons, doctors and occult means of destruction and death for the non-Masons and dissident Masons, those who having discovered the crimes and plots of Masonry have left in horror. Something like this must have happened with Wolfgang Amadeus Mozart. And something like this also happened to Jorge González von Marées, Leader of Chilean Nazism in the thirties, who, without being a Mason, suffered focused attacks from Chilean lodges. By hidden methods of pressure, by hypnotism from a distance, they made him commit a shameful treason. The crime of more than seventy young Nazis renditioned in the Worker's Compensation Building, in Santiago de Chile, September 5, 1938, must be considered a 'Judeo-Masonic ritual crime' [The key man, the link, for the *coup d'état* of 1938, between the Chilean Nazis and the Army was the Mason traitor Caupolicán Clavel. See my book *Adolf Hitler: The Ultimate Avatar*.] There they destroyed the best of a generation. Thus they were a test trial for the Holocaust of Nuremberg, that Jewish 'Festival of Purim.' Chile, tragic and mysterious country, often serves as a 'test run' on this earth.

What we are going to reveal ahead is very important and must be always taken into account by Hitlerists. A Mason never retires. He only goes into 'hibernation,' able to be awakened at any moment for Masonic activity. If he wants to break all his ties, or turn against them, he must accept the consequences that may be death or social and economic ruin. Some have done this, like Jean Marquis Riviere, in France, who carried valuable documents with him to Hitlerism. In my combat Magazine of the Second World War, 'New Age,' I published numerous documents about Masonry, directly provided by the discoveries of Rosenberg, in France, Turkey and the Western countries occupied by troops of the Third Reich.

General Ibáñez, twice ruler of Chile, was a Mason. And General Pinochet was also one. The grade they reached does not matter, since during the fourteen years of Pinochet's government, Masonry never attacked him, as Masonry also never attacked General Ibáñez. Nor did those rulers do anything that could essentially displease Masonry, nor affect their interests that, in depth, are the interests of Judaism.

In 1957, under the Presidency of General Carlos Ibáñez, the worldwide

lodges of the Scottish Rite and York Rite met in Chile, *granting peaceful co-existence with communism. And from that reunion is from where the agreement went out to work for the government that, years later, imposed Salvador Allende Gossens.* Therefore there is nothing out of the ordinary when, later, General Ibáñez, at the end of his command, favored the election of 'brother' Salvador Allende, asking his people to vote for him against Jorge Alessandri Rodríguez, who won the vote. Because the time had not yet come. Judeo-Masonry works for the long-term.

And it is then, during the Government of General Augusto Pinochet, at the beginning of his achieving power, when the highest world leader of *B'nai B'rith* came to Santiago... (Along with one of his highest directors who then also visited Chile: David Rockefeller.) What did they discuss? Their decisions would be the most secret. But we are not far from being able to divine them. Masonry pursued the same goal during the Government of Allende as during the one of Pinochet: the delivery of Chile to the Jews. By the end of the term given to Pinochet, the Plan would already be very advanced. Chile must be *Nai Judá*, New Judah, like was imagined during the Great War and as I revealed in my Review 'New Age.'

The entire press, every media of information in Chile is beneath the direct, or indirect, control of the Jew. The Army has been equipped by Israel, communications, ministries, and the economic systems are in their hands, directly or indirectly. The Jew controls television and radio. They are considering building a pilot Jewish city in Santiago, true autonomous enclave. And our south of the world will be controlled by those parasites, who replace the vernacular population, like sparrows do to the autochthonous birds of Chile, the *chincos* and *diucas*. Enough to bring in a couple of these 'Jew-birds' for them to take over the Creole *habitat*, stealing off with it. The Southern Road, gigantic work of the Chilean military, has in the end been built for Jews who will become owners of the South and its immense wealth and water reserves. The final goal is Antarctica. And the *Andean Plan*, as it is called, will be realized with the work and strength of the 'slaves' of Argentina and Chile. (See my *The Andean Plan: Zionist Strategy to Seize Argentine and Chilean Patagonia*.)

For those with eyes and who want to see, finding the revelation will not require too much attention. There are no worldwide meetings of these Lodges by mere chance. The geographic location is carefully chosen, 'geographically,' we dare say. And Chile has a unique importance in any plan of planetary and even cosmic dimensions. Easter Island has already come to belong to Jews with a 'N.A.S.A. aerodome.' The Chilean Air Force Chief, descendant of Germans, has taken an Israeli Air Force Chief to Antarctica. Members of the Chilean Air Force use the Israeli helmet. Only the Chilean Navy still keeps resisting. But for how long? Pinochet must abide by the dictates and resolutions of *B'nai B'rith*. I do not know what objective he had each time he received the Hitlerist hero Hans Rudel to

Chile. One cannot serve both God and the Devil at the same time.

The beginning of the end for our country and for Pinochet [This book was written and completed before the Plebiscite that put an end to the Government of General Augusto Pinochet.] would be when the time it occurs to them to announce they are giving the Ministry of Planning of our country (ODEPLAN) to a Jew, surely a member of *B'nai B'rith*. Such things would be decided in that Lodge and the Synagogue. And would be so serious for the destiny of this country of the Solitary Star (*Venus-Oyeihue*) that, shortly before his naming, there would be an aviation accident in which everyone on board would die, except him. The soul of this mystical land made this last appeal and failed, since the black forces of Jehovah, the Demiurge, play ceaselessly for the fulfillment of their ill-fated designs. And nothing remains for Pinochet but to obey. But he could have rebelled, if he had not been a Mason and if he had not been enlisted.

These Jews have used the same sophistries and weapons as Joseph, in Egypt: Interpret the dreams of Pharaoh, appeal to Potiphar. The Seven Plagues are not long in waiting. The 'Seven Projects' speaks about them, concerning their future plans for the cybernetic development of Chile. The Jew also intervenes in the colonization of the South. The work of the anti-race is fulfilled in archetypal prototypic schemes of death and decomposition. There are no international variations. They claim Chile is *Nai Judá*.

Pinochet has undertaken the highest crime against the soul of the nation. Through him the Jews have imposed the military service of women in the Army, not as technicians in the transport, office and medical services, but as combat soldiers, marching with the 'Prussian goose-step' and rifles. This is the Jewish way, imposed on Russia, and among the Mongols and Slavs. A Prussian Army never includes women in combat, nor in the officer corps.

In Mixed Masonry there are also women's lodges. Margaret Thatcher, that sinister agent of Judaism, certainly belongs to one of them. The 'I.O. of True Sister,' 'Royal Order of Scotland' and others.

In Asia and Africa Masonry plays a very important role. In China and Japan at the end of the Second World War. This is not the place to give the names of their fraternities. The same with South Africa. All those lodges are in the service of Judaism, fighting for the destruction of the white race.

In Mohammedan countries they are well represented, among them the ruler of Egypt, and Masonry, together with 'Jewish Arabs,' being those guilty of the stupid and criminal war between Iran and Iraq.

In a separate Annex we refer to the theme of the Arab, Chinese, Indian and American Indian Jews.

Mixed Masonry, with the inclusion of non-Jews, is destined to disappear, as *The Protocols of the Elders of Zion* explain, once the Jews have taken all the power. They already no longer need it. Only the Jewish lodges will remain. In Russia we have seen Masonry was liquidated together with the Masons once the Jew took total control of the country with the Soviets. The Politburo

replaced Masonry and was composed, in its most secret directorate, exclusively of Jews.

The origin of Masonry has been the object of controversies for centuries. Julius Evola himself, who studied the theme, was seeking documentation in Austria when he was gravely wounded at the end of the Second World War, so he was never sure of Masonry's origin. The hypothesis is advanced that the Jewish symbolism and ritual elements were only copied in the XVII and XVIII Centuries. But Professor Romanescu, from whom we also took more information, claims Jew Masonry dates back through millennia, being born during the captivity in Egypt, as a secret means to organize the rebellion. I believe this is so, in part. The Jews copied any esoteric organization of the Hierophants and they continue stealing them through their entire history, especially after the Dispersion, or *Diaspora*. And in the XVII Century, when Cromwell allowed their entry into England and favoured their plans, they then introduced Masonry into that country, superimposing it over ancient guild organizations of builders, as they would have existed in Scotland where Bruce gave refuge to the Templars. From them derived all the medieval and Templar knightly symbolism with several masonic grades. The Jew is an expert in robbing flags and adulterating them in their favour. The Jewish Catholic Church also uses the same technique. Nevertheless, we repeat, it is very possible that Masonry had entered England thousands of years earlier when the Jews, leaving Africa and followed the Frisians, and then the Phoenicians, infiltrating among the Druids, introducing there their bloody sacrifices, as they would later do among the Aztecs, in the 'New World.' The infiltration and corruption of England is very ancient. The majority of the so-called *Welsh* are Jews. England, *Engeland*, 'Land of Angels,' *Albion* from *Albedo*, the White Land, remnant of Hyperborea, is transformed into *Britain*, *B'nai B'rith*, of the Jews. Thus, Cromwell did nothing more than permit the entry of *reinforcements*. The dream of Hitler and Rudolf Hess to Aryanize England was almost impossible to achieve in these times.

From England Jewish Masonry extended through Europe, and then to North America, South America and Spain. All the so-called 'Fathers of the Fatherland' and the Independence of the two Americas were Masons. Those of Chile belonged to the 'Lautarin Lodge,' in London.

We have an origin, a 'chain,' a loop almost impossible to break or overcome. The Jew holds the string with his two hands. Bernardo O'Higgins has a rabbi as his counselor. No one has taken note of this, or at least no one has spoken about it. Perhaps Pinochet knew, since as a great admirer of this 'Father of the Fatherland.' He has sought out his own rabbinic Minister and counselor, who has taken him to disaster, just like with O'Higgins. Because the 'Fathers of the Fatherland' tried to rebel too late, like Simon Bolivar and Miranda himself, like San Martin and even O'Higgins (who was interested in the Eight-Pointed Star, like Pinochet in the Number 555). And they all ended

badly. It is not good, not healthy to make a pact with the Devil. Because, in the end, the latter always wins.

The purpose of these appendices, or annexes, is to make clear to the Hitlerists, to the fighters and comrades, to the heroes in this Combat without respite in the History of the world, the dangers that lie in wait for them. If someone is a Mason, he cannot be a Hitlerist, nor a true revolutionary; since he is in the claws of the Enemy, he will have to fulfill his obligations, or perish. For him, if some make themselves pass for 'Nationalist,' he will do so at his own risk, like those members of 'Fatherland and Liberty.' Name taken from a Masonic Lodge by the Mason who led them. If some 'Nationalists' with Masonic connections come to power in our country, they will produce a moral catastrophe and a disillusion even worse than that of the military with Pinochet. Since young patriots and ingenuous Nationalists will believe in them, giving them the idea that, in the end, they reach power to realize their ideals. Another tragic disillusion more that the soul of the nation will no longer resist.

The Masons festering in the Armed Forces of Germany and the nobility were the ones who betrayed the *Führer*, Adolf Hitler, carrying him with them to material defeat in the war. They fulfilled the dictates of Judaism. And they are today, for the same reason, those who keep the two Germanies in irons. [Now reunified under the direction of the Social Democrats and Christian Democrats, the trans-nationals, capitalist consumerism, serving the interests and goals of Jewish 'globalism,' having to accept the mutilation of their frontiers, together with the plans for the disappearance of their national and racial characteristics, in a soon-to-be unified Europe, within the most pure materialist electronic style, Judeo-North American.] They are destroying the white race on the Earth.

Masonic affiliations, apparently innocuous, made specially to group and control animal-men, *Sudras*, the 'animals with two legs,' as the Jew calls him, such are the Lions Clubs, the Rotarians, Boy Scouts, etc. Here the gullible fall, without knowing in truth who directs them. The President of the Lions International was the Jew Clarence I. Sturm. And in Chile so were men who in their time belonged to the Nazi Party of Chile, without knowing what is meant by being led by a Jew. They had no idea of who controlled them at bottom. In Chile there is not a town or village that does not build a 'Rotary' or 'Lions' monument to welcome the visitor. This is an announcement to the Masons, or better put, the Jews, that Chile belongs to them, and they will be very well received here. Even by the priest.

## ANNEX II: THE PERSECUTION AND EXPULSION OF JEWS IS MILLENNIAL

*“The Trick of Jewry was to insinuate themselves fraudulently among the religions with a confession like Judaism, that in reality is not a religion. The Jew simply makes his racial doctrine and discrimination into his religion.”*

Adolf Hitler

(Thanks to their ‘racial science’ the Jew has been able to endure through the centuries, when all the other mixed and mestizo peoples have disappeared. The Jew advocated mixing for the others, while he keeps racism for himself. In this way he gains world power.)

We have said the history of the Jews is nebulous and they themselves have erased their own traces, since six hundred years before the Christian Era and the ‘Renewed Pact.’ We insist in thinking their previous history was invented by them in the texts of a pillaged Bible superimposed on that of another people who were not Jews, the *Aesir* and Hebrews. This last name meant ‘giant’ and appears for the first time on an Egyptian stela. That is how David himself, if he existed as is said, without being of original pure Aryan blood, would be an Amorite, which is to say, a Nordic. His characteristics are not the typically Jewish ones, nor are those of the Prophets. Moses was not a Jew, but an Egyptian, probably a priest of Akhenaton, named Osarsiph, and therefore monotheist, as Renan would show. His wife was Ethiopian. His famous ‘Tablets of the Law’ had been changed, so we are unable to know which would be the authentic ones. The Jews said he himself destroyed them. The Jews, belonging to a primitive nomad tribe from Judah, may have assassinated him. The history of the other lost tribes must also be a fable taken from the twelve Germanic tribes of the Aryans, the truly ‘Chosen People,’ the ‘People of God,’ the Hero-God Wotan as this book has explained. Twelve Hyperborean tribes that emigrated from the Gobi Desert. (See my work *National Socialism: Only Solution for the Peoples of South America*.) And Moses had taken the Legend of the Chief-Guide of the Hyperborean Exodus, Wotan, and the Legislator *Manu*. This is the history of another people and another retinue that the Jews stole and falsified, the history of the Hyperborean Aryans and the Hebrew giants, or as they liked to call themselves. I think if *Hebrew* means giant, Goliath must be one of them and Samson too.

According to Professor Wirth, the Jews were a tribe of slaves in the far away Gobi Desert who emigrated with the Hyperboreans, after that great post-

Hyperborean civilization was destroyed. (The symbolic legend of the Pillar of Salt and wife of Lot would refer to this catastrophe.) They are like the gypsies, only that Jehovah would put his *Golem* over the Jews. And in this way they already showed the most notorious characteristics of the Jew, after the Renewed Pact, already manifested much more than three thousand years before the Christian Era. Hence the expulsion of the Jews and their persecution are millennial, not of the present day, nor only an event of the Hitlerian Nazis, as they want us to believe. Everywhere they were received without resistance, doors were opened for them and, once enthroned in the economy and politics, they made themselves undesirable, having to be expelled for the defense of their own hosts and the instinct of preservation of the community. The comparison with swallows is valid, making us conclude the Demiurge applies certain parameters or force-thoughts, *ideoplasms*, that repeat in every kingdom of nature that he is going to corrupt.

Seemingly, the first notice we have of the expulsion of Jews would be from the years three thousand before Christ, in Caucasia, by the Hyperborean Aryans coming out from the Gobi.

They emigrated to Ur, from which the Sumerians expelled them in 2400 B.C. There they stole *The Book of Genesis*, antediluvian document, that they then plagiarized. Continuing their parasitic role, the Jews attached themselves to the emigration to Palestine with some other people, along the way stealing everything they could from them. We have said they resemble the gypsies, 'pariah' tribe of criminals from India. Palestine is the land of the Philistines, which is to say, of Nordics as well. (*Peliochtin-Philistine-Palestine*, as Jerusalem comes from *Jebus-salem*, from the *Jebusites*. See my book: *The Resurrection of the Hero*, chapters 'Paul of Tarsis' and 'The Goths.') The city of Jerusalem (*Salem-Salomon-Jerusalem*) is from around 1913 B.C. (*Salem* = Peace,) from there the Jews emigrated to Egypt, where Joseph had already taken over the finances, 'interpreting the dreams of Pharaoh.' He had taken possession of a woman, Potiphar, a tactic the Jews kept utilizing until our days. We are told Joseph was also of this anti-race, being sold by his brothers. In any case, he would have been guilty of the destruction of the Egyptian economy and the 'Seven Plagues.' (Recession combined with inflation.) Pharaoh Amenhotep VII would take steps against the Jews. They were able to escape and wander 'forty years (!) in the desert' (interpolation of the exodus from Gobi?) until Joshua, a Philistine, took the city of Jericho, bringing down its walls with a sound of the Orphic *Kabbalah*, a *Mantra*. The Jews would have claimed this for themselves too. In Palestine they found the Philistines, as we have said, the Moabites, Jebusites, Amorites. From the year 1000 to 977 B.C. we have told that Solomon ruled and built the Temple in Jerusalem, under the advice and direction of the foreigner Hiram. But it may be that Solomon did not exist as an individual, being a generic name, symbolic, of the City of Peace: *Salem*. This entire symbolism has been taken over to be later used by Mixed

Masonry. The Jews have made this epoch, this legend, into the most brilliant in their history, corresponding in truth to another people, the Hebrews, perhaps then already in their decadence: To the giants involuted and who later were assassinated, like Goliath. In truth, all this may have been told elsewhere, in the Gobi, or the Caucasus, land of the Giant Prometheus, where Heracles-Hercules also came (Samson chained to the columns of the Temple?)

In a disastrous war with Assyria, the king of the ‘Hebrews,’ of ‘Israel,’ was defeated. The age of the prophets arrived. The tribe of Judah also stole from them, and Judah entered into conflict with Benjamin. Especially, using the prophecies of Isaiah, to make believe that he promised the Jews dominion over the entire earth, with the arrival of a Messiah, or King of the World of the Jews. *Messiah* is an Egyptian concept, appearing in the stars and also taken by the Romans. The word means the Sun, ‘The Sent One,’ actually to make the fruits mature. From this comes Mass, from Latin *messis*, harvest, *feriae messis*, feast of recollection. From the prophecies of Isaiah, used to benefit their tribe, the Jews have validated the prophecies only in order to plan their strategy for world conquest, expressed in *The Protocols of the Elders of Zion*. Comparing this document with those prophecies from the *Old Testament*, arranged by Pharisee scribes, one finds they have been adulterated to make them coincide with their plans of domination and world conspiracy.

The Jews of today are the descendants of the tribe of Judah, mostly. In 719 B.C. Assyria destroyed the Kingdom of Israel, as we have said (*Is-Ra-El*, runic name, Egyptian, initiatic, having nothing to do with the Jews), carrying into exile those famous ‘ten lost tribes’ that, having existed, were the *Hebrews*, *Israelites*, with a percentage of Nordic blood from the Hyperboreans that had long ago tried to conquer Egypt and were defeated and made prisoner by Rameses II (the *Tamehu* of the Egyptian Frisians,) according to what Spanuth tells us in his book *The Atlanteans*.

After the destruction of the kingdom of Israel only the so-called kingdom of Judah remained (the Jews assure us) with Jerusalem as capital. Here remained the tribes of Judah and Benjamin. Moreover, the king called himself Joachim, name that does not appear Jewish, but Goth. He entered into conflict with Babylonia, provoked by the Jews. He was defeated and king Nebuchadnezzar carried the Jews into captivity in the year 597 B.C. They obtained favours from this king, who they later betrayed, going over to the side of the Persians. Here they caused the most horrible massacre, with thousands of Aryan and anti-Jewish Persians, the Minister Haman, taken in by the intrigues of the Jewess Esther, wife of King Ahasuerus who freed them and sent them back to Palestine, where they are said to have restored the Temple of Solomon. (See Annex III.) The Jews celebrate this massacre even today during their ‘Festival of Purim.’ A ritual massacre, like those of the Palestinians of Sabra and Shatila, like those of the Poles in the forest of

Katyn, like those of the Germans at Nuremberg and the Chilean Nazis, September 5, 1938.

It was in the year 536 B.C. when the Persian king sent them back to Jerusalem, beginning the better known history of the Jews, coinciding with the 'racial laws' of anti-blood and anti-race, with the object of maintaining an *impure continuum*, revitalizing it, and with their 'Renewed Pact' with Jehovah, dispensed by Ezra, Nehemiah and the Great Synagogue. They invented and falsified all this 'history of Israel,' applied to the tribe of Judah and, by means of a Jehovitic *ideo-plasma* stole their existence for the Jew as such, that anti-race sponsored by a rational Will, alien, completely artificial. A *Golem*, a *Huitralalhue* [Being artificially created by black magic that fought against the *Machis* or Araucanian magi. These beings produced the wicked *Calculus* and sent them to commit harm and crimes at a distance. Same as the Jewish *Golem*.] or a mental projection, almost an *idea-variation*. They established the directives of their secret plans for world conquest that Jehovah wanted and inspired. The lodges, occult organizations, have existed since the enslavement in Egypt. Now they imposed directives of steel that have been excreted seemingly, by fire and blood, from dawn to dusk, from birth to death, with the science of an unknown and sinister genetics, through the gradual mixing of bloods with the object of maintaining the *impure continuum* while never weakening it. This is transference of the Aryan Hyperborean science of racial purity, already codified in the *Laws of Manu*, from the Vedic Aryans of India and the *Aesir*, applied by them in the high civilization of the Gobi, after losing Polar Hyperborea. Prior to the 'Pact' Jehovah seems to have gone experimenting, conducting trials with his *Genetic Golem*, here and there, with the *Asuras* of Persia, the *Calculus* of Araucania, with his *Huitralalhues*, among the racial deformities of the *cloaca gentium*, in the end finding the appropriate condition with totemic animals, the *Sheidim* (a sort of *Huitralalhue*. See my *Adolf Hitler: Ultimate Avatar*.) There Jehovah, by command of the Demiurge, through projected or imitated reflection, came to manufacture his *Golem*, his long-lived *robot*, to take over the planet and be able to combat against the divine *Aesir* and *Viras*, the Heroes.

But the fundamental characteristics of the Jews are found active from before the 'Renewed Pact.' Since the Gobi Desert, according to Professor Hermann Wirth. Hence they came to be persecuted and expelled from there. The phenomena intensified with the *Diaspora*, or universal dispersion. Everywhere they betrayed. The Babylonians to the Persians, the latter to the Greeks and the Greeks to the Romans. They destroyed the Roman Empire with Christianity. In Spain they helped the Moors against the Visigoths; then, they helped the Visigoths against the Moors. They never merit a good report. The worst thing is to do them a good deed.

On that note we only want to make readers see how the Jews have always been persecuted throughout the entire known history of this planet, like a

disease, like a cancer. And this is not a caprice of Hitlerism that in Germany also tried to expel them, to locate them in Madagascar. Every people has attempted to expel them before the Third Reich. In the year 70 A.D., the Romans under Titus raised Jerusalem to the ground, plowing the ground over the ruins of the Temple and dispersed the Jews to the four winds. They thought they had thereby solved the problem forever. On the contrary. The Romans were always tolerant, like every true Pagan. They lived and let live with Gods and men. But, they understood that here they were no longer dealing with human beings, but with an insidious disease, with certain monsters of nature and they wanted to finish with them forever. But neither the Demiurge nor Jehovah would allow it. In truth, the Demons protected the Jews and kept protecting them. While they paid their tribute and proportioned out their 'food' with bloody ritual crimes.

Everywhere this accursed anti-race has gone, they take over the vital centers of commerce, first, as intermediaries of the goods of production, then they control finance and the entire economy, seating themselves over the speculative bases, on usury, destroying every healthy norm of social life. There is in this a concerted plan from long ago built on the 'conditioned reflex' of a *genetic-robot*, or the 'instinct' of a cybernetic instrument, thus programmed and already impossible to change.

The Plan of world conquest and the destruction of the non-Jews, the enslavement of everything living, has come to be reinforced by a writing that summarizes an indescribable hatred for all humanity. In the year 371 A.D., the *Palestinian Talmud* appeared and in the year 550 A.D. the *Babylonian Talmud*, both redacted by high leaders of political rabbinate. There they expounded the commands for the destruction of the *goyim*, the non-Jews, and for world domination. In *Adolf Hitler: The Ultimate Avatar*, I reproduce paragraphs from this sinister book of the Jews. The book is composed of the *Mishna* and *Gemara*. Here we have the substance of an inextinguishable hatred against humanity. Therefore our genius Nicolas Palacios, author of *The Chilean Race*, wrote: 'When the Jews speak of love for humanity, even the rocks smile.' So it is and that is all, Pope Wojtyla stating that 'the Jews are our elder brothers.' Popes have not always had this attitude and there were times when, thanks to the influence of the ethnic Visigoths, ecclesiastic laws were made against the Jews and they were condemned as demoniac and Deicides. The Inquisition pursued them in Spain and the Americas. But these are things of the past, sporadic and out of context, in a religion and Church whose origins are poisoned with Jews and built equally on the hatred of superior men, the Roman Empire and Paganism, and the Goths, being in truth another deadly and supple weapon of Judaism, destined to fulfill their plans for the destruction of the Aryans and the white race of the Hyperboreans. Today, having accomplished their mission, they can well allow the mask of the Church of Rome to fall and gather the powers and treasures that they have accumulated in the Vatican for the 'elder brother,'

the same as they make Mixed Masonry disappear, at the appointed time. The treasures the Church could have instead distributed among us were to be found in the blood of their Gothic Germanic Popes and in the esoterica of the Kristianity of Wotan; but those treasures were not enough to regenerate that Church, which has instead ended up as the sacrificial lamb and scapegoat for all our past mistaken acts of kindness towards those true ‘Sons of the Devil,’ the murderous Jew.

Each time the Jews are expelled from some place, or measures are taken against their deprecatory manoeuvres, they scream bloody murder and yell genocide, infinite mistreatments and crimes. None of this concerning their inventions of monstrous genocides by the *goyim* against them is new. The difference is that the entire media of electronic propaganda, and on a planetary scale, today transmits their sniveling and alarms. And they will keep making noise until there does not remain a single independent *goyim* in this world. So the *Talmud* commands them and the *Protocols of the Elders of Zion*. Meanwhile, they murder and assassinate at will, without the world being scandalized or opposing them. The ‘animals with two legs,’ hypnotized and terrorized, with ‘fear for their daily bread,’ by the Jew who grants them the favour of allowing them to carry on and eat the morsels it throws for them in passing, on its well-provisioned march of bloodshed and crimes towards the seizure of total power.

In 1559 A.D., the *Talmud* was publicly burned in Cremona, Italy. The Jews were expelled from Prague in 1561. In 1597 they were expelled from every Italian principality. In 1648 they were attacked in Poland. In 1492 they were expelled from Spain and in 1497 from Portugal, to where they returned in 1530. In 1290 they had been expelled from England, even though they remained ‘camouflaged’ as the *Welsh*, or ‘*Gaelic*.’ As has been said, in 1656 Cromwell invited them to return to England, officially. In 1882 the Jews were attacked in Hungary. They later avenged themselves for this with the enthronization of communism and the crimes of the Jew Bela Kun. After their expulsion from Spain they avenged themselves with the Civil War and its million dead. On the four hundredth anniversary of their expulsion in 1492, they had the Masonic King go on his knees to beg pardon from Israel. In Poland, in Ukraine, in Hungary, there were massive attacks against the Jews. *Pogroms* effected by an exasperated populace, victims of usury and exploitation. Napoleon, son of the French Revolution, in 1808 promulgated his *Infamous Decree* against the Jews, and he declared ‘the Jews cannot be changed except by cutting off their heads and putting other heads on them in their place.’ Bismarck rose up in revolt against the Jews and Masons, ‘lackeys of the Jews.’ The Arabs also attacked them for their injurious practices of shutting themselves off in cities without working, living off speculation and usury. But, in the end, the Jews gave two masterful blows they had been preparing for centuries in the heart of their lodges: the French

Revolution and the Marxist Bolshevik Revolution, both conceived, directed and realized totally by them.

In Germany, after the First World War, also provoked and undertaken by Jews and Masons, they took over the principal centers of control. That was when the *Avatar* became incarnate in the *Führer* Adolf Hitler, and they found themselves in the face of his people and the whole world in their most hideous nakedness. Although at the end Hitler lost the material battle, the *Avatar* won the ideological and metaphysical War, for the very reasons expressed in this Book. The Jews have been unmasked and find they have already lost; their lord and master, Jehovah, has been defeated. As well as the Master of their master, the Demiurge. *Time, Kronos*, although the Jews do not know it, is already no longer favourable to them. And this because synchronistically and in solidarity, Saturn-Kronos has been transfigured. And, thus, Time has *accelerated* and now runs in the contrary direction, with the Leftwards Swastika. Although they do not take note of it yet, *we are already no longer in 'their Time...'* In solidarity with the Resurrection of the Hero and with the fulfillment of the Archetypal Number of liberated *Vīras*, the *Einherier*, the earth herself shall be transfigured, mutating herself, regenerating herself. And thus the *Aion Kronos-Saturn-Satan* will have won and been redeemed. The transfiguration of the earth coincides with the destruction of her visible appearance. This shall be *Ragnorök*, the new Twilight of the Gods, in the Eternal Return. And the Fenrir Wolf will also devour the Jew, Jehovah and even the Demiurge. Other *Kalpas* shall come and other Rounds. To speak with profane words: when the Jew thinks it has won, seizing power over the earth, the liberated *Aion*, the soul of the Earth, will destroy it. Disintegrating its Demiurgic matter.

*With an idea! With Esoteric Hitlerism!*

Only the Resurrected Heroes shall remain, beyond the stars...

ANNEX III: REPRODUCTION OF 'MOST RECENT RECOMPILATION OF THE SPANISH LAWS.'

TWELFTH BOOK.

On crimes and punishments; and criminal judgments.

FIRST ITEM.

ON THE JEWS, THEIR EXPULSION FROM THESE KINGDOMS AND THE PROHIBITION ON THEIR ENTRANCE OR RESIDING IN THEM

(a).

LAW 1. -- Penalty for Jews who attempt to convert to their sect any man of another (b).

*Don Juan I in Soria in the year 1380 law 3.* [Every Spanish king has been of Visigoth race, German, with blond hair and blue eyes, and they were obligated in those times to make use of the only means at their disposal to combat the Jews, namely, the Catholicism of Spain and their expulsion and conversion, thus falling into the mortal trap of the 'marranos.']}

WE COMMAND, that no Jews in our kingdoms will dare to make, nor attempt nor allow that any Moor or Tartar, nor man of any sect become Jewish, circumcising himself, or making other Jewish ceremonies, the which will be held in great censure and contempt by our Catholic Faith: Therefore we command and forbid that no one does such a thing; and that whomsoever Jew or Jews do so, that they, and those who thus turn to their law, be our prisoners, for to be ordered to be done with whatsoever be our mercy. LAW II.-- Nothing prevents the conversion of Jews and Moors to our holy Catholic Faith (a).

*D. Juan II. in Valladolid by order of 1412 chapter 3.*

If some Jews or Jewesses, Moors or Mooresses by the inspiration of the Holy Spirit wish to be baptized, and turn to the Catholic Faith, we command they shall not be detained nor embargoed by force nor in any other manner, so that they not be converted, not by Moors nor by Jews nor by Christians, whether they be men or women, even though they be father or mother, or brother or any other person, having family relation with them, not now, and whatsoever that comes against this or does against this, shall be processed against them to the highest penalties, both civil as well as criminal, that are found by Justice. LAW III.-- Expulsion of all Jews from these kingdoms; and prohibition against their return to them.

*Don Fernando and Doña Isabella in Granada by order of March 30th, 1492.*

Because We were informed that in these kingdoms there have been some bad Christians who have been Judaizers, and apostatized from our holy Catholic Faith, concerning which communication of Jews with Christians has caused us much concern in the Cortes we held in the city of Toledo during the year 1480 when we commanded the separation of said Jews in every city and village and place within our kingdoms and domains into Ghettos and places set apart, where they may live and die, waiting, that with their departure these troubles will be remedied. Furthermore we have obtained, and given orders that inquisition shall be made within our kingdoms, which, as is known, has for more than twelve years been made and is made, and through them many guilty have been found, as is well-known; and as we have been informed by the inquisitors, and many other religious persons, and ecclesiastics and seculars, note and make apparent the many dangers that have followed and continue to occur for the Christians from their participation, conversation and communication they have had and are having with the Jews, of which by many proofs the Jews always secure, by as many ways as they can, to subvert and subtract the Christian faithful from our holy Catholic Faith, and to make away with them and draw and pervert them to the harm of their belief and opinion, instructing them in the ceremonies and observances of their law, making town centers where they read and teach those who have to believe and keep according to their law, circulating these among them and their children, giving them books to make their prayers, and telling them the fasts they must make, and together with them reading and teaching the histories of their law, notifying them about the Passovers before those arrive and advising them in what they must maintain and do, giving them and taking to their house unleavened bread and dead meats for their ceremonies, instructing them in the things they must avoid, in

their food as in other things, for observance of their law, and persuading them as to what they can do that take and keep the law of Moses, making them to understand there is no other law nor truth except that one, which equates with many sayings and confessions, like with the Jews themselves and those who were perverted and deceived by them, the which has redounded to great harm and detriment and opprobrium for our holy Catholic Faith. And as we have been informed from many places before now, and we know, the true remedy for all these ills and inconveniences is to separate said Jews from any communication with Christians, and cast them from our kingdoms, hence we wish to be content with ordering them to go out from our cities, and villages and places of Andalucia, where it seems they have done the greatest damage, believing that will suffice for the other cities and villages and places of our kingdoms and domains ceasing to make and commit them as we have said. And because we are informed that neither in these, nor in the judgments that have been made in several of said ghettos, which have been very guilty of the said crimes and offenses against our holy Catholic Faith, that this has not been enough for a complete remedy to obviate and remedy in order to stop such great opprobrium and offense against the Christian Faith and Religion, and because every day said Jews increase in continuing their evil and harmful proposals, where ever they live and converse, and because there is nothing more offensive to our holy Catholic Faith than with harming those whom God has wanted to protect, like those who have fallen and broken away from and reduced holy Mother Church, the which according to the weakness of our human nature, and the diabolic suggestion that continuously wars against us, making it easy to fall if the principal cause of this is not removed, such as to cast said Jews from our kingdoms. And because when some grave and detestable crime is committed by those of some College and University, reason requires that such a College and University be dissolved and annihilated, lesser ones by greater ones, and that some by others be punished, and those who perverted the good and honest who live in the cities and villages, by contagion that can damage the others, be expelled from the towns, and even for lighter causes that cause harm to the Republic, even more so the greater the crimes, and the more dangerous and contagious, as this is: thus We, with counsel and viewpoint of several crowned and great Knights of our kingdoms, and other persons of science and conscience of our Council, having made much deliberation about it, we accept to command to send away all the said Jews and Jewesses from our kingdoms, and that they never turn nor return to them nor any of them, and over them we order to send this letter, by which we command every Jew and Jewess, of whatever age they may be, living or dying, and being in the said our kingdoms and dominions, alike the illegitimate as the legitimate that in any way or whatever cause have come, and are in them, at the end of the month that begins on the 1st of July that approaches in this year of 1492 and going out to all the said our kingdoms

and dominions with their sons and daughters, servant men and servant women and Jewish relatives, great as well as small of whatever age they may be, and that have not been prevented from coming to them, nor be in them or in part of any of them now living or past, or in any other manner, under penalty of not doing and fulfilling the order thus, and were found to be in the said our kingdoms and dominions, or came to them in any way, incur the penalty of death, and confiscation of all their goods by our Camera and Treasury. And because said Jews and Jewesses can during the said time until the end of said month of July better dispense with them and their goods and housing, for the present we take them and receive them in our security, and protection and Royal defense, and we assure them they and their goods, for the duration of said time, until the said day at the end of the month of July, may go forth and be secure, and may enter, sell and barter and dispose of all their movable furniture and goods, and dispose of them freely and at their will, and that during said time nothing bad shall be done to them, nor harm nor illegality whatsoever to their persons nor to their goods contrary to justice, on penalty of which they fall who fall or incur by breaking our Royal trust: and likewise we give license and faculty to said Jews and Jewesses who can go from our the said our kingdoms and domains with their goods and properties by sea and by land, only that they take no gold nor silver, nor minted coin, nor the other things prohibited, or in exchange. And we command all Justices in our kingdoms that they keep and fulfill everything so said and included, and not go against it, and grant all the favour necessary, on penalty of privation of their offices and confiscation of all their goods by our Chamber. (*Law 2. title 2, book 8. R*)

Law IV.--The previous law and their penalties are understood to extend to the Jews that come from foreign kingdoms as well.

*The same in Granada by order of September 5th of 1499; and D. Phillip II. year 558 petition 35*

Because we have said some Jews dare to come to our kingdoms, saying they were not among those cast out, and the previous law does not extend to them since they are from foreign kingdoms, and after they are seized say they want to be Christians, and doubt the penalty that such merit, therefore we command all the Justices of our kingdoms and to each one of them that if now or at some time, some or many Jews or Jewesses should enter into our kingdoms or provinces, in each of them they shall execute then the penalty of death and the loss of their goods and other penalties contained in said law, and may they not say, although such Jews say, they want to be Christians, unless if, before they enter into our kingdoms, they come and make plain and make known, how they came to be taken to be Christians, and convert to our holy Catholic Faith, and place themselves by their works before Notary and testifiers in the first place where they enter, such as that may be, turning

themselves Christians publicly in the place where they arrive, according to and as is said, we well permit that they live as Christians in our kingdoms [By order of the Council of July 19th, 1561 consulting with His Majesty with motives of having asked the Count of Vizcaya the execution of certain provisions and letters patent, so that in Vizcaya there be no Jew, Moor, nor descendant thereof, and that those there leave, and obey, so that then and in future they not be executed, attentive to many causes for it. (*Aut. making effective that the newly converted leave the dominion. (Order 1, title 2, book 8, R.)*)

(2) And in another order of August 31st, 1565 the same Count is denied the use and license to ask for the granting of several executive letters, with the effect that the newly converted leave the dominion. (*Order 2, title 2, book 8, R.); but if someone has a Jewish slave, he shall send the slave out of the kingdom within two months, or the slave must turn Christian, and not doing this, the time elapsed, they shall incur said penalty. (Law 3, title 2, book 8, R.)*

LAW V. Observance of the prohibitive laws, decrees and resolutions against Jews entering into these kingdoms.

*D. Carlos IV. by Royal resolution and ordinance of March 27th, and command of the Council of June 8th, 1802.*

I have resolved that be observed with the greatest exactitude and scrupulosity the practice and custom the Holy Office of the Inquisition has observed until now towards the Jews that have arrived and arrive in these dominions, fully authorizing them to continue it with everything permitted before without exception whatsoever, for from where they want to come or how they want to come, ordering that this my Sovereign resolution is communicated to the Councils, Chancelleries, Audiences, Justices, Captains, Generals, Governors and Judges of the frontier towns and cities, so that they have understood and not permit the crossing by land nor intern any Jew whatsoever, without the preceding corresponding request note to the Tribunal of the Inquisition, or its Minister, where ever he may be, so he may watch over and observe the Jew's person and actions and with the precautions until now accustomed, being my Royal will that thus the said like all other laws, decrees and Sovereign resolutions expedited concerning this matter of the prohibition of entry into my dominions of the Jews, on penalty of incurring, in keeping with every rigour and exactitude for every Judge and Justice, without their allowing that the least rumor should reach my ears concerning this point, or lack of assistance that must be provided for the so holy purposes of the Tribunal of the Faith, since, on the contrary such would experience all the full rigour of my Royal and Sovereign Indignation.

LAW VI.-- Dealing with Christian individuals of Jewish lineage resident in Mallorca, and their aptitude for Royal service, exercise of the arts or farming [On the problem of the *chuetas*, or converse Jews of Mallorca, see *Adolf Hitler: The Ultimate Avatar.*]

*D. Carlos III in Aranjuez by order of April 13th, 1788, with insertion of another two of December 10th, 1782 and October 9th, of 1785.*

I have well resolved and commanded that the individuals of the barrio *of the street* not only not impede them from living in whatever other site of the city of Palma or island of Mallorca, but that they incline towards them, favour and concede all my protection so they thus enforce this command; destroying any arch, door or other sign that has distinguished them from the rest of the people, such that there remain no trace at all, that it is prohibited to insult or maltreat said individuals, nor to yell at them with unpleasant or disrespectful voices, and much less to call them Jews, or Hebrews or *chuetas*, or use nicknames in any way offensive, under penalty for those who contravene this command of four years in the Presidio, if they are nobles, with additional time in the mines if they are not, and eight years in the Navy if they are young, publishing the order to be expedited in the accustomed manner, and as for the exempt, justification received, the Council is to inform me of the contraventions for the correction owed. Thus I have come to declare those referred individuals fit for service on sea and land in the army and Royal Navy, and for whatever other service of the State. And desiring moreover with these graces conceding to them my protection, persuaded of their fidelity and love for my Royal service, and with the object that they be useful to the State, I have come to declare them equally suitable to exercise the arts, official functions and farming, in the same manner as all the other vassals of the over-all condition of the kingdom of Mallorca, without for any reason impeding their employment in those occupations.

#### ANNEX IV: THE FEAST OF PURIM

*“Today the Jews celebrate their Feast of Purim in Nuremberg...!”*

(Words of Julius Streicher, before being hung during the Nuremberg Trials, in 1946.)

Thanks to the influence of the Jewess Esther over the Persian king Assuerus, the Prime Minister Haman was executed along with his ten sons, and Esther's relative Mordochai was named in Haman's place: 'But holy Esther did not remain satisfied, and got the king to send a sealed letter to all the governors ordering that in every city with Jews they be commanded to gather together as one, and they were ready to defend their lives and kill and exterminate all their enemies with their women and children and all their houses and plunder them of their spoils... With that, the Jews wreaked havoc on their enemies... Because then the provincial judges, governors and procurators, and everyone of any dignity in every place who led the administration, extolled the Jews for fear of Mordochai... In Susa itself they killed five hundred men without counting the ten sons of Haman... And in the same way in every province amounting to seventy five thousand dead... And on the 13th of the month of Adar began massacres everywhere, and the 14th day of the month of Adar they finished with the slaughter (like in Sabra and Shatila), whose date they instituted as a solemnity, so that in times to come they would always celebrate these events with banquets and feasting... And since then those days are called *Purim*, or rather, the day of drawing lots...'

The Catholic and Christian Church of Rome has declared this repulsive *Book of Esther*, that exalts and blesses the crime, to be canonical. Can a better proof be needed to demonstrate its Crypto-Judaism? But this was only one more ritual murder, offered to Jehovah. Those of the two World Wars have been others. Nuremberg, Sabra and Shatila, Katyn, the millions of Russian country folk, Dresden, etc. And the assassination of Rudolf Hess... And the massacre of the Chilean Nazis on September 5 of 1938... The Feast of *Purim* is not only celebrated with banquets and feasting, but, and above all, with shedding of the blood of *goyim*...

Is it that the Aryans, the non-Jews, are already so hypnotized, so truly animalized they cannot read, or are unable to understand or retain what they read? Haven't they read the Bible? Don't they know the *Talmud*? The most extremist crimes and most fanatic and radical hatreds of the Jews against the non-Jews are exalted there, praying for their enslavement, their exploitation and their extermination. *The Protocols of the Elders of Zion* are no more than a poor repetition and adaptation to our times of what is expressed in the Bible and *Talmud*, along with hundreds of other contemporary Jewish writings.

The Jew counts on the cowardice and comfort of the non-Jews in order to terminate with them for good, or to enslave them forever.

Yes, the non-Jews are ignorant, because they do not study, do not read, and if they read and study they are comfortable because they forget, and if they do not forget, they are cowards, because they prefer to forget, or not believe.

The *Talmud* says in the *Baba Mezia*:

*'Thou, Jews, are called men, while the nations of the world do not merit the name of men, but of beasts.'*

And in truth, seemingly they are.

And the *Zohar*:

*'The Gentile peoples (non-Jews) constitute the foreskin of the human race, that must be cut off...'*

The *Shulkhan Aruch*, by the rabbi Joseph Karo, prescribes:

*'A Cohen (Jew priest) must not marry a whore. What is a whore? Any woman who is not a Jew...'*

*'The non-Jew is garbage, excrement, a piece of shit.'*

As we have already said: Nicolas Palacios, our thinker and researcher, states in his book *The Chilean Race*, that 'when the Jew speaks of love for humanity, even the rocks smile.' This great writer, over whom silence has again fallen, must have known the most modern Jewish texts well, when he wrote:

*'Hypocrisy is permitted when the Jew needs it, or when he has motives for fear. He can tell the non-Jew he loves him...'*

But Pope Woytila says the Jews 'are our elder brothers.' Meaning the Christians, through twenty centuries, have also been permitted to be hypocrites and say that their plagiarized Christ the Jew loves us and they love humanity...

The famous Maimonides states:

*'God has commanded the practice of usury with non-Jews and to lend them money only when they pay interest, in such a way so that we never give them help, causing them every class of difficulties, even when he is useful to us and grants us favours...'*

Revelatory declaration for the debtors of the Third World and the borrowers from the International Jewish Bank.

The legislation *Hadra*, or *Sanhedrin*, decrees:

*'It is forbidden to lend without usury to non-Jews.'*

*'On finding a lost object of a Gentile, it is forbidden to return the object to him; one must keep the object.'*

On reading these precepts that the Jew must fulfill and fulfill under great penalties and threats if he does not, one well understands the following additional command of the *Hadra*, or *Sanhedrin*:

*'A non-Jew that studies the Talmud and a Jew that helps him must be condemned to death.'*

And the *Shulkhan Aruch* repeats:

*'A goim that occupies himself with the 'Torah' must die.'*

One understands, therefore, that Julius Streicher, who did not belong to the S.S., nor participate in any office during the National Socialist Government of the Third Reich and only edited his magazine for the study of Jewish texts, making their international conspiracy known along with all the immense dangers that lie in wait for the blind non-Jews, was judged and condemned to strangulation at Nuremberg. Therefore he cried next to the gallows: "Today is the Feast of Purim!" Because he knew...

The Jews themselves say as much:

*'If the goyim knew what we have in store for them, they would kill us...'*

They know, but they do nothing about it. They go to the Jewish matador, where they will be bled to death, to the dregs, with heads lowered, like oxen and the beasts they seem to be, into which they have been converted, to gratefully accept their sacrifice to the *Golem-Dracula-Jehovah*.

So declares the *Jalkut Simeoni ad Pentateucum*:

*'He who makes the blood of non-Jews to rush fast, offers a sacrifice to God.'*

The revolutions and wars they provoke, Sabra, Shatila, Nuremberg, Rudolf Hess...Collective sacrifices, ritual crimes, as well as individual

strangulations, throughout the world. And in Chile.

Against this monstrosity rose up the *Führer* Adolf Hitler, and the *Ultimate Avatar* came to fight. Against this we his followers are still fighting.

The Aryan mind accepts with great difficulty that there could exist beings on earth with sadistic instincts able to effect ritual human sacrifices. Because the Aryans lack similar instincts. They are scarcely ever able to understand that the Jew is different in his constitution as such. The *Talmud* and *Torah* are not what have made the Jew, in spite of everything, but the Jew has been what has been able to write them.

The ritual crimes have been historically proven, they being the principal efficient cause of the expulsions of Jews from England, by King Edward I in 1290; in Spain in 1492, by the assassination of the 'child of La Guarda...' The principal ritual crimes are realised during the Feast of *Purim*, in commemoration of the massacres of Esther. Usually an Aryan *goim* is sacrificed, of pure race and 'his blood is mixed with bread and pastries, some in the form of ears, similar to those of Haman.' which they will eat during the Passover of *Passad*, when, by preference, an Aryan boy is sacrificed and bled to death.

Arnold S. Leese says, in his book *Jewish Ritual Murder*, that Jewish human sacrifices originate in the magical practices of obscure primitive peoples, Armenoid and also African, with whom they have mixed, based in the belief that every living being is a center of energy, varying in intensity according to its size, valour, health and purity, its character and moral integrity (which we imagine is what Rudolf Hess would be for them). On violently killing an animal, an energy is freed and, if done within a circle or triangle, is rendered unable to escape or volatilize. 'Concerning a human being, one prefers the highest purest force, a young man, innocent and with clear mind. The blood is the receptacle of the virtues. Therefore we must drink it.'

In historic times, the *Hasidic* Jews of Poland are the most attached to these magic rituals, which they make to pass for 'mysticism.' And it is no coincidence that in Poland they carried out the orgiastic massacre of Katyn, during the Second World War. Those were noble officers.

Daily, in special slaughterhouses kept by Jews, they sacrifice animals, bleeding them alive, slitting their throats from ear to ear. And, of course, there is no Society for the Protection of Animals that concerns itself with this.

The son of Colonel Lindberg, famous North American aviator and hero, was kidnapped on March 1st, 1932 and the Feast of *Purim* was celebrated the 22nd of March. Lindberg was always convinced that his boy had been abducted and assassinated by the Jews. The police always pointed towards a Jewish band led by a Fleischer. As always, they found someone else guilty, a German named Hauptmann and judged him without major evidence. The truth is the father of Lindberg was opposed to the foundation of the 'Federal

Reserve Banking System,' proposed by powerful Jewish interests. In this way, their vengeance focused on his nephew, of Aryan blood, Germanic.

None of this data is our invention. We refer to the most ancient English sources, like the book of the famous English explorer and Orientalist Sir Richard Burton, who studied the *Talmud* with dedication, revealing the true appreciation of Jews for Gentiles. His book is entitled *The Jew, the Gypsy and Islam* and was published by W.H. Wilkins and Messrs. Hutchinson, in 1898.

The book, just cited, of Arnold S. Leese, about Jewish ritual crimes, ends in this impressionable way:

'Is it perhaps some form of collective and mass hypnotism that makes the Aryan peoples accept, consciously or unconsciously, a total mental and spiritual subordination to the Jewish influence? Is this Kabbalistic?'

'One cannot respond to this question,' he adds, 'but there is no other explanation for the total rejection on the part of influential Englishmen of everyone who has the valour to denounce and remain firm in their convictions that the Jews are responsible for ritual crimes against non-Jews. I have been the victim of a wave of insults and attacks before which I have no defense but the proofs given in my book. I can only ask those who feel obligated to take part in a campaign against those they erroneously call 'anti-semites' that they reflect and ask themselves if they are mentally free in fact, or if they are unconsciously manipulated by Masonic forces and Jewish publications...'

Already in 1938, an English writer and fighter was discovering the work of the psychotronic hypnotic forces of the 'T Rays' the Jews were applying since the First World War against the non-Jews and whose central conspiracy was found precisely in *Great Britain*. From which the 'Welsh Jews' had taken control over every control center of mythic Albion and from which the 'Druid' infiltrators committed human sacrifices and worked with black magic for the control of the minds of the Saxons, the Aryans. Setting up their immovable and impenetrable *Establishment*.

A few years later, Rudolf Hess would also come to discover this, in his prison in the Tower of London, making that sensational declaration about the use of drugs to apply 'hypnotism at a distance.'

Rudolf Hess, another victim of *Purim*!

## ANNEX V: The Jews in the World of Colour

Historic analysis covers a short time, even when it refers to thousands of years. Turning our gaze further and beyond, we must then be astounded. Since we must then accept there really exists a plan elaborated by a diabolical Mind. The infiltration is not only from nowadays, nor the treason. Those go to the edge of time. And they repeat in the Eternal Return of the Same.

How, we have asked many times, could the German generals possibly deny the victory in war to their *Führer*, Adolf Hitler, when that victory had already been won, while knowing the Jews were going to destroy their country, since they knew about the ‘Morganthau Plan’ and the messianic hate of the Enemy? All the books that have been written about the well-documented infiltration and treason, like those of Colonel Remer and Skorzeny and those of Salvador Borrego, suffer from the same ignorance about the fundamental, seeming to be afraid to confront the abyss of ultimate horror: all, absolutely all, is in the camp of the Enemy, from the ‘Fifth Heaven’ downwards, as we say. And such is, especially, Christianism. How can several well researched writers who are admirers of Germany and the *Führer* not see the immense and diabolical treason within the Christianism of Rome, not only now, but always.

*The Protocols of the Elders of Zion* state ‘the genius of the Gentiles cannot win the War.’ They do not know that *they will win by losing*. By now how could we win any other way? When even the Germans themselves, the same Nazis, do not in their great majority follow the truth to the end and have false heroes, like Frederick the Great, who was a Mason and imposed French as the official language of his court and said the *Niebelung Saga* was not worth the dust in the discharge from a single one of his cannon? And they made a medal with the effigy of Frederick, Bismarck and Hitler together. Frederick the Great gave refuge in Prussia to Austrian Jews. Thus the malignant race of the treason of generals and nobles within the Prussian Army grew, already mixed with those Jews that had *infiltrated into their blood*. And the highest rank trickster, Charlemagne, assassin of the Saxons, destroyer of the *Irminsul*, ‘World Pillar’ in the *Externsteine*? There was a French Division of the Waffen S.S., ‘Charlemagne Division,’ who fought heroically beneath his name.

The infiltration is already complete in blood and thought. And not only in Europe, but throughout the world. Even more, something not generally known, throughout the ‘world of colour,’ in Asia, Africa and the Americas, within the borders of Mohammedanism, Buddhism and including even Brahmanism, especially in the *Absolute Monism* of the *Vedanta* of *Shankaracharya* and the devotional current of *Bhakti*.

In India I visited the 'Jewish barrios' of Travancore Cochin where there are 'black Jews' and 'white Jews.' The first say they arrived there during the times of the 'Diaspora,' after the destruction of the Jerusalem Temple. The second say they come from Iraq, Iran, Holland and Spain. They hate each other. This proves very well the statement of Hitler that 'to get rid of the Jews one would only have to leave them alone on an island.' (In Madagascar, he thought). They would exterminate each other.

The Jews who entered India more than eighteen centuries ago are the Beni-Israel. The society of castes in India could have made this world impenetrable for them, but the Jews used their historic strategy, already in those times, the same as the Jewess Esther practiced in Persia: money, bribery, sex, intrigue. They came to infiltrate into the Brahmin, princely and commercial castes. The Mogul Emperors had Jewish wives. This can be read in the writings of Haam Samuel Kehimker, historian of the Jews of India. By means of mixed liaisons they propagated throughout the vast territory of the subcontinent. They came to be called the 'fourth' or 'fifth' caste. In the same way as Arthur Koestler named the *Khazar* 'Jews' of the steppes, between the Caucasus and Volga that from the Fifth through the Twelfth Centuries built a powerful Empire in those regions, the *Thirteenth Tribe*. Their apogee was between the Seventh and Tenth Centuries. Then they disappeared, without leaving a trace.

These events, almost entirely unknown and about which Orthodox Judaism maintains a suspicious silence, must be briefly presented here. This is absolutely fascinating and has come to be revealed with copious documentation (even though there were very little) by the writer Arthur Koestler, who lived desperate for being Jewish and ended committing suicide with his wife in London, shortly after he had written his work, *The Thirteenth Tribe*, with which he tried to prove to himself that he was not originally a Jew, but a *kazar* (or *khazar*), born in Hungary. Was it true that he committed suicide? The Great Synagogue must have seen his work in a very bad light.

I knew Koestler in India. The conservative deputy Masini asked me to see him, as Masini would be absent during the time of Koestler's visit to New Delhi. Masini said to me: "I have tried to do something for him, since he has lost the 'religion' of Marxism and searched anxiously for a new faith." Masini was mistaken, the faith Koestler had lost was not Marxism but Judaism. And therefore already there was no cure. (The same as Paul Réé.) Koestler searched everywhere, yoga, alcohol, drugs, parapsychology, and quantitative mathematics, the science of our days. Useless. His desperation was not metaphysical, nor mystic. That was in his blood, his anti-blood, the telegenetic command of having to be harmful to the *goyim*. And in his earlier books he did harm to the entire world; with the last, he was harmful unto the Jews themselves. He could not convince himself to believe in anything, not even that he was not a Jew. His euthanasiastic conviction has been given as

the reason for his suicide.

We do not know the true origin of the *Khazars*. They may have once been a Goth tribe, already mixed with Tartars during the emigration from the destroyed Aryan civilization of the Gobi. They are nomads. Their terrible sense of independence is what made their Kings and Prime Ministers (they had a dual Government, a pair of 'Twin Kings,' which is to say, a Hyperborean sign) convert to Judaism. And they thought about it long before they abandoned their Pagan cults. Mohammedanism would have forced them to depend on the Caliphate of Baghdad and Christianity on the Emperor of Byzantium. Judaism, on the contrary, lacked a visible center of power. Therefore they preferred it. What a terrible mistake!

The *Khazars* had blond or red hair. Like the Mongols and Turks, they claimed descent from the most ancient dynasty of the women *Aesir* or *Asena*, perhaps their *Kagan*, or Governors, a sort of dynasty of the desert; perhaps they were *Aesir*. Their great battles were with the Vikings, the *Rhus* (from the Swede word *Rodher*, oarsmen.) The Vikings, *Rhus*, mixed with Slavs, and these were the origin of the 'Russian' people. Thus the Germans, in their advance through the steppes, found so many people of blond hair and blue eyes.

Now as well, the only, the greatest 'Jewish Empire' in the world, during the Middle Ages, in the times of Charlemagne, is not Jewish. They only adopted the Jewish 'religion' for convenience, their nomocracy, their Law. But there was not Jewish anti-blood, on the contrary. And perhaps that is the reason why the *kasar* 'Tribe' disappeared from the face of history, without leaving traces, like any mixed race in the world, without being able to escape the law of entropy, a 'miracle' only for those governed by the Jewish *Golem*. This is the most decisive proof that Judaism is not a question of faith, of religion, of conversion, but a genetic event of *automated variation of an idea*. This is an *impure continuum in an anti-blood*.

The *khazars* kept practicing Judaism, circumcised themselves and so forth, but they disappeared, melting away into the Hungarians, Bulgarians, Turks, Russians, Romanians, which is to say, they are the 'Jews' of those countries. Which means not all those 'Jews' are Jews, according to what Koestler deduces, or from what he wanted for himself. In objective conclusion, we say that this may be, although many *khazars* would have mixed with true Jews. One of them must have been Koestler. Since 'by their deeds thou shalt know them...'

In India the Beni-Israel Jews opened the doors to British colonization and the *East India Company*, controlled by their brothers of anti-race who had already taken over the leadership of the English Empire, with Disraeli, to transform it into 'imperialism,' destroying every possibility of *Imperium*.

Kehimker explains the reason for the hostility between 'black' and 'white' Jews: the Beni-Israel establishes *Two Circles*, with one for the Jews but with

an *impure-more impure continuum*, one for the unmixed, direct descendant of Jews, and another for the mestizos. This Jewish 'racial discrimination' is based on the fact that, according to the *Talmud*, the world is divided into two sectors, one containing the Jewish people and the other *gentile* beasts and those mixed with the beasts. The world must be governed by the 'People of God,' by 'pure Jews,' owners of wealth and enslaved beasts, whether in communism or capitalism, and beyond the disappearance of those systems in Messianic Times.

Penetration has been very skillful, insensible and almost invisible. In India I knew a beautiful Jew named Rachel; she was very sweet, made suave by the centuries, dressed in the *sari* and was in no way different from a Hindu. Her father was an Army official (like that Commander-in-Chief named Abraham, in the most recent war with Pakistan). She immediately married a Hindu from Bengal. Thus she could change her surname and her name among other Hindus. Who would now be able to believe she was a Jew? I recall she hated animals, especially dogs; she hated my little dog from Tibet, a gift from the Dalai Lama. He left her husband almost as soon as she married him, as if she had only done so to legally get another name she kept after divorcing. Rachel, wife of that millennial India, have you also been victim to the robotics of your genes, or were you obeying exact orders from that invisible and sinister *Sanhedrin* that never forgives, instructions destined for the terrible and cruel mission that has no regard for your species of mixed Jew, with your half-Talmudic, half-Gentile soul? You were loyal towards me, I believe. And I shall also be so with you by explaining your tragedy, which is the same as that of Paul Rée, the friend of Lou Salomé, and of so many others. As well as of all those 'converts at the Door,' those who are not allowed to cross over the threshold of the Temple, nor know its most intimate secrets. (Here all the *Khazars* would have been included, without their knowing.) The rabbinic interpretation of the *Talmud* and Bible require that those descended only in part from Judah and in part from 'Gentile beasts are in the 'Peripheral Circle,' integrated by 'Israelite communities' with the ceremonial of the Synagogue and discipline of the *Kahal*, but always controlled by the 'Inner Circle' of Jews claiming to be of 'pure blood.' Those in the 'Eternal Circle' will only be partially inheritors of the dispositions of Jehovah to dominate the world and its goods, including the endowment with *Goyim* slaves. Absolute dominion is reserved for those in the 'Inner Circle.' All of which is unknown by the mixed Jews, or converts, since the 'Inner Circle' is most secret and their plans unknown by the dispersed and mixed Jewish community. If these latter come to suspect these things, the same thing will happen to them as happened to Paul Rée and Koestler himself, or to that Jewish character in the novel 'The Golem' by Gustav Meyrink, who had his veins slit over the tomb of his father and bled to death.

Kehemker reveals to us that the ‘pure’ Jews of the ‘impure continuum’ do not marry with the mixed ‘animal Gentile’ Jews. They are, generally, the rabbis of the ranks of *sheidim*, with animal-like phenotypes and disheveled paleness.

Perhaps that young Jew of India suspected all this and claimed to escape from the destructive drama. But I do not know, since changing her name enables the Demiurgic plan to become more subtle, less easy to discover, because now much more difficult to know that her sons, if such she should have, are Jews and her genes are continuing to act, like among those Prussian nobles and generals, fulfilling the treason against the Divine Heroes, in the moment most crucial for Jehovah.

Every Jew, mixed or not, is controlled in an economic, religious, political and totalitarian way, as much in communism as in capitalism. Without their knowing it, the *Cohen* control them, the Levites, the descendants of the most ancient priests of the *Inner Circle*. For example, if someone thinks a Jew has a talent for music, they order him to enter the environment of that art and promote him to the maximum, favoured by the Jewish critics and agents and their non-Jews on the ground, but always on condition they use this talent in favor of Israel and a very important part of their profits go to the Synagogue and to fund the cause. As much, and more, with the publicists and Jews in television, who they make famous, making use of all their power. They will only be millionaires by half, since much more than half of their profits would belong to Israel. And if they do not do so! They would be destroyed within hours.

We see the mixing with Jews cannot benefit non-Jews in any way. One way or another, the Jew will never be free from control, direct or remote, by means of this ‘telepathic biology,’ by this ‘genetic psychotronics,’ ‘cybernetics,’ to use the most fashionable actual word.

Quite possibly the hidden hand of Beni-Israel was involved in the assassination of Indira Gandhi, secretly infiltrating into the Army, aided or manipulated by British and North American Judaism, with their psychotronic ‘T-ray’ machines. I was aware the Jews hated Indira Gandhi, for something more than her aid to the Arabs, descendants of Ishmael.

The center of the Beni-Israel is in Bombay, where they have penetrated into the *Parsee* community, or rather, the descendants of ancient Persians of the Zoroastrian religion. Jews have also been those who have controlled all the communist and socialist movements of India.

There are documents about the arrival of Jews to the coasts of Malabar, in India, that allow us to conclude that this happened only a little after the destruction of the Temple by Titus. This was the coast where sailors discovered ivory, sandalwood and other precious materials for the construction of the Temple of Solomon, the legendary Ophir. Jews emigrated there during the years of the 70s of the current era. They were

welcomed with the proverbial hospitality of healthy peoples and received by the Emperor, who gave them lands in Thiruvanchikulam and Parur, where they built their houses and synagogues. Three hundred years later Emperor Cheraman Perumal raised up Joseph Rabban to lead the Jewish community, with the rank of the nobility of the kingdom, conferring on him the title of *Srinandan-Moplah* (another such has been created by European royalty, making barons, counts and lords of the Jews Rothschild and others). These Jews were called *Anjuvarnar*, which translated would mean 'Fifth Caste,' apart from the Four Castes of Hinduism. Thus, the Jews would get what they wanted, being incorporated into the country, at the same time as they remained outside: 'A State within the State.' Joseph Rabban and his successors received full powers over the Jewish community as well as various and specialized privileges of nobility. All of this would have been bought with money, as always.

In accord with the customs of those times, the orders and dispositions of Emperor Cheraman Perumal were engraved on plaques of copper and written in *Vattezhuthu*, the ancient popular writing in the southern regions of Tangore. The copper plaque carried the name of Cheraman Perumal, Eravy Varma and various witnesses, among them including the Rajas of Tranvancore, Thekkumcore, Vadakkamcore, Narengoot and Quilon, the Zamorin of Calicut and the Paliatu Achan.

The Jews who remained from the community of Parur are blacks; many have emigrated farther south, towards Cochin. But to this place came the Jews called 'whites,' from Iran, Iraq and the Spains, during the Sixteenth and later centuries. There is still hostility against them and they live in separate neighborhoods, with synagogues set apart. I have personally seen them. The ancestors of these white Jews have also come from Italy and Holland. Those of Parur marry on Tuesdays, after sunset, and the white Jews of Cochin on Saturdays. Both communities rigorously celebrate the Sabbath, Pentecost, Passover and Purim. The 'black' Jews of Parur are the living link, through nineteen centuries, with Palestine, the reverse from the 'white' Jews that did not come directly to this place.

Until the present day the truly important one is the case of the Beni-Israel who came to the coasts of Bombay in a time when there were no records, extending and infiltrating through the rest of the subcontinent of India. Beni-Israel came to signify 'Son of Israel.' Since the word *Israel* is in truth a grade of initiation, ('he who struggles with the Angel') it could well be that Beni-Israel has also been transposed from an Aryan word, improperly stolen, as with so many others. (See my book *The Golden Band*.)

The fact is we do not know the arrival date of the Beni-Israel in India and this may have been in times sufficiently remote, before the second destruction of the Temple by Titus, owing to the fact the Beni-Israel of Bombay do not celebrate the Feast of Purim, which began with the murders by Esther, seven hundred years before the Christian Era, leading to other

interesting conclusions. The Jews would have come to India much earlier, perhaps with the same invasion as the Aryans, some seven thousand years ago. As slaves and 'no-race,' on the periphery of the Aryan Exodus, after the destruction of the Great Civilization of the Gobi. This also sheds new light on the mystery of the 'conversion' of the Khazar, or *Khasars*. Were they really converts, or had genetic Jews already infiltrated among them? What is certain is the Jew did not look for or like converts to Judaism. They jealously guarded their Nomocracy, their Law. And that is why they have wanted to make knowledge of the Khazars and their 'Jewish Empire' of the steppes disappear from history. Because knowledge of these spectacular unusual events could, moreover, introduce the suspicion among Russian, Hungarian, Romanian, Czech, etc. Jews and all those of Northern and Central Europe that they are not completely Jewish in the totality of their genes, not descended from the one trunk from which they claim to descend. And thereby breaking the nexus that unites them to the central secret of world Zionism.

The Jews would have gone from India to China, in the second and third centuries of the Christian Era. Marco Polo already found them there. The historian of the Jews in China, Alexander Wyllie, in his work *Research into the Jews in China*, refers to the theme. The penetration is summarily secret, such that the Jews made themselves invisible, unidentifiable, whether by the colour of skin or apparent external customs.

Nevertheless, they continued to practice their traditions and rites in the shadows. The clandestine Chinese Jews came to be mandarins, magistrates and soldiers, like in India, and they followed the same strategy of mixing with the natives. After this first 'necessary sacrifice,' they married only among themselves. The Jewish historian S.M. Perlman also speaks to us about this in his work *History of the Jews of China*, and he moreover refers to the Tartar and Mongol Jews, in truth representatives of a foreign community, conquering the organism of another nation ('parasites.') Like everywhere else, they kept being a 'State within the State.' The Tartar Jews claimed to descend from the tribe of Reuben.

The name given to the Jews in China is *Tiao-Kiu-Kiaou*, 'Those who extract the tendon,' referring to a practice of ritual murder, with this Biblical prescription, that they certainly realized during the wars of the Tartars.

But, in China, the Jews would have come long before the Christian Era, through the silk trade, as *The Spanish Jewish Encyclopedia* puts it. The opium trade and 'Opium War' in China were effected by *Tiao-Kiu-Kiaou* Jews, in concert with British Judaic Imperialism. Jews had also infiltrated into Japan, ensuring that their military caste would not attack Bolshevik Russia, communicating this decision to Stalin so he could pull troops from

his Asian front. After the War, the control of the Japanese Jews led this nation to transform itself into a demonic center of ‘robotic’ ‘automatized’ world slavery. A center of planetary depredation.

As we have said, following the example of Esther, Jews infiltrated the nobility of every land, just like in China and Japan. In England the majority of noble titles are infected with Jewish anti-blood, including royalty. The same in Spain, where the actual king is a Mason, like his father and, perhaps, Jewish on one side. In China the Sung family of *Tiao-Kiu-Kiaou* Jews managed to have one of their daughters marry Chiang Kai-shek, President of Nationalist China. The widow of Sun Yat-sen joined the Popular China of Mao. Now the *Tiao-Kiu-Kiaou* Jews are the ones who control China and promote military, economic and political reforms to ‘modernize the country,’ in accord with the global plans of Messianic Judaism. They are to be found on every side (like in Romania), so they are also the ones who ordered and committed the massacres of Tiananmen Square. They were, likewise, the inventors of the so-called ‘Chinese’ tortures.

Today the millenary law of the *Haggadah* that only considered the sons of Jewish mothers as Jews has been reformed for those within the external appearances of the ‘External Circle,’ allowing them to consider themselves Jews too. This happens on the eve of the fulfillment of the Talmudic and Biblical times when the Messiah is *ad portas*.

When the *Kahal*, or regional Jewish council, authorizes a mixed marriage of Jew or Jewess with the Gentile, they require the Jewish consort, under threats of terrible penalties, that their children will be initiated at the age of thirteen, at the latest, into certain Jewish secrets and bring them into the Jewish community and the *Kahal*, in such an absolutely secret way that no non-Jews will come to know what they are doing. If the Jewish father or mother do not fulfill the agreement, the families that are friends of the pair, where there are Jews, have the obligation to carry out this duty.

This terrible event, which fundamentally interests us as perhaps the only way to explain the treason in Germany and throughout the white race, has two aspects that cannot be separated, owing to their being treated together. One, the purely racial, of anti-blood in the deepest sense as explained in this book. The other, the secret, religious, philosophical and criminal societies of Judaism, their ‘mafias,’ their exclusive and mixed Masonic lodges, including that criminal organization the *Mossad*, which they pass off as an intelligence service and that has infiltrated every authentic service of this type in the world, including those of Chile.

These two aspects are strictly linked, since no secret society would have been able to endure so long through historic time and even proto-historic if a ‘racial’ link of ‘anti-blood’ did not make such things possible.

The S.S. Order, Hitlerism, lacked the time to bring their doctrines and genetic alchemy to maturity. They considered those who descended from three German grandparents and one Jewish grandparent to be German.

Perhaps it was so, but if that descendant already belonged to one of the secret organizations of Judaism, or is a Mason, then without a doubt he will belong as a Jew for every practical purpose of the struggle. Himmler admired the Spanish Inquisition, but he did not apply their wisest laws to the full extent. The Tribunal of the ‘Holy Inquisition’ considered a single Jewish grandmother, or a great-grandmother or great-great-grandmother was enough to show the descendant would join the secret organizations of Crypto-Judaism. Thus they viewed under suspicion of Judaism every ‘New Christian’ who two or three hundred years back would have a single Jewish ancestor, unable to convince themselves such a one would not belong to some secret organization that would be Jewish or within Judaism. Which would have happened, for example, with the Masonic father and Jewish great-grandmother and great-great-grandmother of the present King of Spain, Juan Carlos de Borbón. The same betrayal of Hitler by Franco must have been due to Jewish influence. Admiral Canaris also had his own ‘marrano’ ancestry. The Inquisition did not permit the descendant of ‘New Christians’ entrance into any Warrior Order, nor to the Spanish or Portuguese Armies. They also ridiculed such tendencies.

Nevertheless, the Inquisition failed in its global conception of the problem, by their *Weltanschauung*, given the tainted Jewish origin of the Christianity of Rome that in the end prohibited the Inquisition. Now we see this Church completely showing its cards with two Jewish Popes, Paul VI and the present one, the Jewish ‘Pole,’ come to fulfill fully the ultimate goals of Messianic Judaism, with the installation of their Messiah, their Planetary Boss, governing from some ‘geomantic’ region of the earth where the *Ley lines* cross. Possibly from the southern Patagonia of Chile and Argentina, near the Antarctic Pole, completing the ‘Andean Plan.’ [See the book *The Andean Plan, Zionist Strategy to Seize Chilean and Argentine Patagonia*]

□ □ □

Islam has also been infiltrated and penetrated by Jews. The Crypto-Jewish communities are very ancient. The *Daggatum* of the Sahara and the *Donmeh* of Salonika are Crypto-Jews. Cecil Roth, in his *History of the Marranos*, to which I have already referred in *Adolf Hitler: The Ultimate Avatar*, tells us about them. The Movement of the ‘Young Turks,’ controlled by Masonry, had as its mission to defeat monarchy in Turkey and replace it with Jewish governments, or Crypto-Jewish. Mustafa Kemal Ataturk knew this and was able to oppose the secret sect of the *Donmeh* in time. Turkey was allied with Germany in the First World War, and Rudolf von Sebottendorff was the one who organized the ‘Thule Society’ in Munich, to which Rudolf Hess, Alfred Rosenberg and Gottfried Feder belonged, among other founders of National Socialism. Von Sebottendorff had a title of Turkish origin that may correspond to a grade of initiation, more than of nobility. He emigrated to

Turkey at the beginning of the Second World War, where he would die in a rather strange way, at the end of this War. He was familiar with Turkish Masonry and wrote a book for them.

Crypto-Judaism is now an enormous and real danger in Islam, threatening to unhinge it from within. As we see in the *Koran*, Mohammedanism is contrary to Judaism in its origins. For this very reason Islam has been infiltrated, in order to be able to decompose it internally. Everything now happening in the Muslim world has its origin from a sinister hand. The recognition of the State of Israel by Egypt, the assassinations of its leaders and, above all, the suicidal war between Iran and Iraq. The Pakistani researcher, Misbahul Islam Faruki, in his work *The Jewish Conspiracy and the Muslim World*, reveals the gravity of the infiltration to us. [From this perspective we must observe the re-annexation of Kuwait by Iraq, and everything that followed and has happened in these regions. We should not forget, moreover, the 'Protocol 7,' from *The Protocols of the Elders of Zion* that says: "We shall give them our response with American cannon..."]

Moses Maimonides gave the great impulse to Crypto-Judaism. Born in Cordoba, in the Twelfth Century, he defended simulated conversion as a means for Jews to save themselves from persecutions. Jews were against the Visigoths in Spain, then against the Moors. As always, they will betray everyone and remain true only to themselves.

Thus, the war and destruction in Lebanon, the conflict between Iran and Iraq and everything that has occurred and is occurring in those tortured regions is work of Jewish infiltration into the Muslim world. Ayatollah Khomeini himself was a prisoner of Crypto-Jew ayatollahs. The Grand Mufti of Jerusalem knew the mortal danger that hung over his people and their faith. During the Second World War he met with Hitler. One must be demented or an infiltrator to weaken the Muslim world with a criminal war like that between Iran and Iraq, favoring only the Jewish power. The *Shah* of Persia was pro-Jew. Those whom he served defeated him. And the enormous army the *Shah* formed later, in the hands of Khomeini, came to serve the destruction of the power of the anti-Jewish Muslim world.

The *Beni-Israel* of India are those who acted together with British imperialism to impose the dynasty of Jewish origin of the *Negus* Haile Selassie in Ethiopia, that would in turn be overthrown by a Jewish communist dictatorship, thereby imposing famine on this millennial land of Africa. The Jewish World Government took the tribes of ancient black Jews from Ethiopia to take them to Israel. The *Beni-Israel* tribes from India are the ones who have repeatedly acted to extend Jewish-English imperialism throughout the areas of the world of colour. In Africa the *Beni-Israel* dominate Uganda and in South Africa they fed the racial tensions between blacks and whites. Thus they liquidated Rhodesia. The 'Hindus' are

known overseas for their unclear commercial practices (in Panama, for example.) But they are not Hindus, but Beni-Israelis from India, which is to say, Jews. In the black nations they are amassing their riches and impiously exploiting their populations. In the past they were the ones, with the Spanish 'Marranos,' who invented and dominated the traffic of African Negro slaves, selling them in the colonies of the 'New World.' This theme was already treated in *Adolf Hitler: The Ultimate Avatar*. The Beni-Israel also directed the slave traffic in the direction of North America, creating the racial problem there, with the complicity of the *Falasha* Jews of Africa.

English Judaism did not grant independence to India until their domination was assured through the Congress Party of Gandhi and Nehru. All well-managed by that agent of Judaism, traitor to a part of his German blood, already mixed with Jews and married to a Jew, Lord Mountbatten. His wife would undertake to convince Nehru to remain within the Commonwealth. I believe the daughter of Nehru, Indira Gandhi, who was stronger than her father, had discovered the true secret of the Great Conspiracy. There was little she could still do. Nevertheless, they assassinated her...

On more than one occasion I was witness to the hatred the Jews had for Indira Gandhi. One day she asked me: "Why do the English hate us so much?" I had to tell her: "For being the ultimate civilization with Aryan roots on earth, not stained in its essence by Jewish Christianity."

But, the English are not the ones who truly hate India, but the Jews that control her empire. The same as they hated Hitler.

The *Falasha* Jews of Ethiopia, with black skin and type the same as the African Negroes, are the ones that penetrated the black world of Africa, as well as the American continent. This applies equally to Latin America, where Judaism has infiltrated 'Jews of colour' in every country, including Chile and Argentina. In our book *National Socialism: Only Solution for the Peoples of South America*, we have revealed the existence in southern Chile of the Crypto-Jewish communities of 'Cabanists' and the 'New Pact.' With the massive entry of 'Jehovah's Witnesses,' 'Mormons' and more sects, we are already absolutely chained and in the claws of International Judaism.

The *Spanish Jewish Encyclopedia* tells us about the racial discrimination by the black Jews against the native African populations and the South Americans of colour.

Every Negro agitator, 'pacifist,' of the United States of America is of *Falasha* origin, and acts like an evangelical preacher. The leaders of the revolutionary movements and terrorists of Latin America are also 'Marranos.' Castro Ruz is one, belonging to a family of clandestine Jewish doctors, some of whom were condemned by the Inquisition. The *Spanish*

*Jewish Encyclopedia* says so. The encyclopedia does not want, nevertheless, to show that all the Castros are Jews, nor all the Sanchez, nor the Perez, nor the Pereira, nor the Suarez or Soares. The true name of the Crypto-Jew, the convert ‘Marrano,’ must be otherwise, having only adopted Spanish, Galician, Basque or Catalan. The same way they act in Germany. The Jew has appropriated a false Visigoth, Portuguese, Arab, Chinese or Japanese name. We have already seen the example of the *Beni-Israel* woman in India. They can change their names more than once. And with complete legality. Minister Suarez, from Spain, ennobled with a title of Duke by the king, is a ‘marrano,’ as is Prime Minister Soares of Portugal. Salvador Allende Gossens was Jewish by his mother. With Fidel Castro they took part in the ‘Latin American (guerrilla) Organization’ (OLA) destined to introduce Marxist revolution and guerrilla war into Latin America. ‘Che’ Guevara may also have been a Crypto-Jew, which does not mean that the Guevara family would be. And he was betrayed by Castro himself and by another Jew of French provenance, Regis Debray, and assassinated in Bolivia. As we have said, the Jews devour themselves. In Russia, Bulgarin, Zinoviev, Kamenev and Trotsky were devoured by Stalin. The latter and Beria were devoured by Solomon Nikita Khruschev. The same and worse happened in the Judeo-Masonic Revolution, so-called ‘French.’ Jews make their own leaders and directors disappear from the collective memory of history. Who today remembers the ‘Great Stalin’ if not to vilify him, or Nikita Khruschev, Brezhnev, or even the ‘Invincible General’ Moshe Dayan, with the patch over his eye? Nor even Golda Meir, the true author of the ‘Watergate’ plot against Nixon. Who mentions the terrorist ex-Prime Minister of Israel, Begin?

The Jews entered this America long before the Spanish conquest, thousands of years ago, being those truly responsible for the bloody rituals practiced by the Aztec priests, as we have written in *Adolf Hitler: The Ultimate Avatar*.

The first secret congregation of Jews of colour in the United States was formed in 1889, when an Ethiopian, Rabbi Leon Richlieu, founded the ‘Moorish Temple of Zion.’ In Ethiopia the black Jews practiced the circumcision of both sexes.

Yankee imperialism and its ‘Monroe Doctrine’ is also an event typical of Jews, as was the ‘Independence’ of Spanish America, intending this Continent to one day become the New Judah. This would center the total control of the planet in the south of the world, enslaved by the cosmic tyranny of the Lord of Darkness, when the communist and capitalist regimes have disappeared, being replaced by the *Messianic System*, with a King of the World from the anti-race of Zion. Our South American Continent will be divided almost through the middle, having completed the ‘Andean Plan.’ The richest regions of the planet with the greatest water reserves, with the best forestry and fishing wealth, will be the headquarters of the Messianic Government, near Antarctica. The other half will be destined to be a ‘region

of supplies and transport,' where animal-men and enslaved Aryans will work equally within a communitarian regimen, with control of the *Kahal* type, overseen by computers and machines twenty-four hours a day, through 'robots' and implacable 'electronic brains.' They will have to produce, at the same time they invent new machines, new systems of control, for the King of Judah, the Demiurge-Son of Jehovah, and Nephew of the Demiurge.

The servant *goyim*, converts at the feet of the Throne of Judah, will never become more than 'Proselytes of the Door.' Masonry, the Christian Church, the Communism called Marxist, Capitalism, Economic Liberalism, all will have disappeared. Only the 'Chosen People' will govern the world of graduated slaves that produce and reproduce for them. A Satanic Empire, attempting to spread to other visible worlds of the Demiurgic Cosmos, by means of the creativity of Aryans who were once traitors and can now not be anything more than slaves, reduced to genetic animality. The beginning of the process of disintegration is already perceptible, with the repeated destruction of the laboriously built international communist apparatus, after which capitalism will follow, with a great crisis being prepared that will cause the disappearance of 'paper money' and 'plastic money' ('credit cards') to be replaced with laser codes and tattoos and 'bar codes,' in the skin. "Because no one will be able to buy or sell unless he have the mark of the Beast, 666..." With more than two thousand years in advance long before, from this sinister foretaste of the *Protocols of the Elders of Zion*, the *Apocalypse*, attributed to John.

As prophesied by the *Talmud*, under this horrible theocratic and totalitarian dictatorship, the Messianic Regime of the *Golems*, that the 'white traitors' are now helping to build under the illusion of being able to participate in it, as sub-managers and 'delegated viceroys,' will then raze them to the ground along with their most cherished organizations and sacrosanct *taboos*. Only the Nomocracy of Judah will remain, their racism of anti-race and anti-blood. Those who will not submit or convert will be assassinated. To fully fulfill this fateful dream of a monstrous Mind the *Ritual Crime* will be in all its apogee, offered to the *Golem*-Jehovah on the 'Aztec Pyramids,' raised now in the South of Chile and Argentina and other 'geomantic' points of the earth, where the ultimate heroes would be assassinated and bled to death, the *goyim*, the Aryans and the animal-men, like cattle.

They will control and direct all this here, as representatives of *Yahweh*, the Jews of the *impure more-impure continuum* exclusively. And they will have no *escape*.

Nevertheless, you may be assured, my comrades, that this nightmare will not reach us, even when only within a single step from its fulfillment, since the *Ultimate Avatar*, *Wotan-Kalki*, will not allow it. The earth will also not allow it either, so as to suddenly jerk away this malignant cancer at the very edge of the cliff and the total annihilation of everything. Since, as Rudolf Hess

said: "There is in the Universe a Power superior to that of the Jew on earth." And the Jew will not triumph, because he has already been defeated by Hitler in the ultimate Great War, on discovering him before the face of the world and maintaining until the end the ideal of the supreme cause of the Aryans, justice and truth.

The Jew will not conquer nor his Master, the Lord of Darkness, Demiurge, because, moreover, we are fighting here and in all the countries of this world, in a Sacred Magic War, ever more conscious of incarnating a Myth, a Legend, an Archetype. And if one of us were assassinated, if he should fall fighting for the Great Cause of Hitlerism, we shall still continue existing in *Valhalla* together with our Valkyrie who awaits us. And from there we shall return once again to continue fighting after having been reconstituted with a body of immortal *Vajra* by the *Ultimate Avatar*. And the Jew will not conquer, because the *Führer*, Adolf Hitler, has not died, waiting for the precise moment to return, with his *Wildes Heer*, with his Furious Horde, with his Ultimate Battalion, made up of the eight hundred *Einherier*, who will go out from the five hundred forty doors of *Asgard*, to fight the Fenrir Wolf, in the *Ragnarök*, to fulfill the complete Number of years with which to end *Kaliyuga*. And Adolf Hitler, the *Ultimate Avatar*, will defeat the Jew, just when he will have begun to celebrate his victory.

*Heil Hitler!*  
*Sieg Heil!*

ASGARD: City of the *Aesir*, now invisible.

ASIN OR AESIN: The women *Aesir*.

ASURA: Demonic beings of ancient Iranian Persian tradition and myth. *A* = without; *sura* = God. Ancient equivalent to the Jew.

ATMARUNA: Inhabitants of pre-Hispanic America, from the legendary civilization of Tiahuanacu, 'White face, like the moon.'

AVALON: Mythic island or land in the Celtic legend of King Arthur. He went there mortally wounded and there the *Magian* priestesses, the *Aesin* or *Aesir* women will cure him. Avalon, Aballon, Aba-Alo Hyperborean region of the golden apples where the *Aesin* shed tears of amber for the death of the God Apollo-Baldur. It is identified with the sacred island of Heligoland or Helgoland. We must remember the English planes bombed this isle for decades, the remnant of Hyperborea, long after the end of the war. Thus they demonstrated the Jewish hatred by the secret Jews hidden among the Welsh against Hyperborea.

AVATAR: Sanskrit term for the terrestrial incarnation of Vishnu, a 'Liberated One.' In *Adolf Hitler: the Ultimate Avatar* the names of the different incarnations are given.

BALDUR: The most handsome and sweet Hero-God of Nordic-Germanic mythology. Loki who represents the archetype of treason and disloyalty traitorously assassinates him. He has also been crucified on the Zodiac, as it appears on the cover of this book. He shall return from *Muspelheim*, the Inner Earth, only when "all have mourned to their last tears." Adolf Hitler also personifies Baldur.

BAPHOMET: Mysterious key figure of the Templars, with two faces. He would come to represent Venus, the Morning Star, which is also the Evening Star. Lucifer, Quetzalcoatl. That the Templars worshipped Venus is proven by their exaltation of the number eight in their buildings and castles. The Eight-Pointed Star is also Sleipnir, the Eight-Legged Horse.

BAUHULTE: Builders, constructors of the Stone Age in the most ancient Germanic traditions. Wise architects of unpolished stone.

**BLACK SUN:** Found behind the Golden Sun that shines visibly, the Sun of Hitlerism represented by the Leftwards Swastika and by the Rightwards too, since through there we enter and go out from a non-demiurgic world. The UFOs go through there. It is also the famous 'Astral Tube' of initiations. The Leftwards and Rightwards Swastika is the Catherine Wheel or Mill of Wotan turned by the Three Norns. This Wheel activates the transcendent life of the Aryans that does not end here.

**BODDHISATTVA** (or *Bodisatva*): The Liberated hero who has reached the level of Buddha and can disappear into Nirvana having gone out from the circle of reincarnations, or the Eternal Return, and being able to return no more to the prisons of *Samsara*, this illusory world. Yet he decides to remain here, in this world, to help his brothers (comrades-warriors) in distress, sleeping, prisoners in the nets of Maya. Returned by choice. He is an *Avatar*. He is Adolf Hitler.

**BRAHMA:** First person of the Hindu Trinity, the Immobile Creator, the Ancient of Days, Eternal Paralytic, beyond all, unreachable.

**BUDDHA:** Corresponds with a very high spiritual category, solar, like Kristos for the Greeks and Gnostics. Gautama Buddha was a prince of the warrior *Shastriya* caste from the north of India. His true doctrine was to awaken the sleeping Hero, to free him from the prison of this world.

**BUNDI:** Liquid, male semen where the maximum cosmic creative power is concentrated. Its preservation and transmutation, mixed with the spiritual essence of the feminine liquefied, *Aropa*, delivers immortality. It should not be projected outwards to create the son of flesh, but inwards to give life to the Son of Death, the *Son of Man*.

**CALEUCHE:** The Ghost Ship of the seas of the south of Chile and South Pole. Its crew consists of dead heroes, perhaps the immortal Cinches, White Gods, who always return. *Caleu* means return and *Che*, man. It is the man to come, *Manú*, cruising with all lights blazing beneath the waves and representing in a deep esoteric sense *Kundalini*, the Fiery Serpent, that sleeps and circulates through the deep waters of the soul in the submerged continents of Hyperborea, Lemuria, Atlantis, with its Home and Dwelling in *Asgart*, Thule. In truth, the archaic brain, now unused. It is the legendary Power of Wotan, *Odyl*. It is *Vril*.

**CINCHE:** In Araucanian equivalent to *Führer*, 'collective soul' of the Mapuche folk who provides a *Toki*, Leader or Guide, by choice for this people in a moment of crisis, great danger or war. The spirit of the *Cinche* seizes the *Toki* who will have absolute power over his folk of warriors, but only for a determined time until the danger has passed or the war ended.

**CINCHECONA:** The *Cinche-Prinzip*, the *Führer-Prinzip*.

**CITY OF THE CAESARS:** Equivalent to *Asgard*, *Agartha*, the *Shambhala* of the Andes in the south of our world, Chile and Argentina, like *Ellellin* in equatorial America. Mythic city inhabited by the 'White Gods,' in truth by the Hyperboreans, Vikings, Templars and Hitlerists surviving from the great

historic planetary catastrophes within the Inner Earth, in Antarctica. The *Caleuche* harbors in this city, beneath the ice of Antarctica. In truth, the City of the Caesars is the Abode of the *Caleuche*.

CIVILIZATION OF THE GOBI: After the disappearance of Polar Hyperborea, Thule, the first Aryans, those Hyperboreans who were saved from the catastrophe emigrated with the Rightwards Swastika in the direction of the Gobi, a green land of great forests back then, and founded a great civilization there whose ruins are being found under the steppes and sands of the deserts of Central Asia. This civilization also disappeared, perhaps by an atomic explosion. The Biblical story of Lot's wife and the Statue of Salt would refer to this. According to Professor Hermann Wirth, the great emigration from the Gobi of the Aryan-Gothic peoples who were able to save themselves from the catastrophe that transformed those regions into a barren desert (the Gobi Desert) has been stolen and falsified by the Jews who were a *sudra* tribe or caste of slaves traveling on the margins of this exodus. They took from this myth and legend (the Twelve Tribes, 'the Forty Years wandering through the Desert,' etc.) transferring events to the deserts of Asia Minor where they finally arrived always as a tribe of undesirable slaves. Professor Wirth personally explained all this to me in our meeting in Germany some years before his death. He would have written it in a manuscript that was stolen from him and made to disappear by the Great Conspiracy. I consider this event a drama as great as the destruction of the civilization of the Gobi. His book would have definitively clarified the true history of the Jews. The manuscript may now be found in some synagogue or in the subterranean vaults beneath the Vatican.

CHASQUI: The Inca postmen. They traveled vast distances carrying and bringing messages, in a steady race, over the Inca Roads, chewing coca leaves.

CHASTEL MARVEILE: Enchanted castle of the magus Klingsor in the poem *Parzival* by Wolfram von Eschenbach. In this castle the prisoners were kept under hypnosis. It is a reproduction of the Universe of the Demiurge. When *Parzival* found the *Gral* the hypnosis disappeared and the prisoners were freed.

DASYUS or RAKSHASAS: Demons, Negroid inhabitants of the forests of south India. *Ravana*, the demon-king of Ceylon in the *Ramayana* epic would have been a *Dasyus*. Rama was the Aryan Conquistador of India, then inhabited by Negroid races, the 'Negritos.'

DEVAS: Gods of Hinduism.

DHARMA: Something like duty, in Sanskrit, that one must accept. The Dharma of a caste, for example.

DIVYA (DWIJAS or DWIFAS): Divinities that either remain outside or penetrate into the atmosphere of this lower earth. They are also the *Vanir* and *Aesir*, although not mixed with the 'children' of men. Equivalent to the *Devas* of Hinduism.

DOMNA: The Lady, *A-Mada*, in the language of troubadours.

DOPPELGÄNGER: Exact image, double of a person. One says, for example, the Russians found in the Bunker of Berlin and the surrounding area bodies of 14 'Doppelgänger' of Hitler, all dressed in the same way.

DRWYG LONOG: Thunderbolt of the Druids.

EDDAS: Collection of poems and traditions of the Nordic Aryans, Germans and Goths, their cosmology, mythology and legends. It is quite incomplete and falsified. They were found in Iceland and recompiled in their ultimate version by a Christian priest.

EINHERIER or EINHERJAR: Divine warriors of Wotan, already liberated. The *Wildes Heer*, or Furious Horde. 800 of whom go out from the 540 gates of *Valhalla* at the end of time, in *Ragnarök*, to fight against the Fenrir Wolf. 800 x 540 is equal to 432,000, the years of the *Kaliyuga*'s duration.

ER or IR: The primordial force of Hyperborea. Godhead. From this comes *ER-MAN* God-man, runically expressed by the symbol. *ER* or *IR* is the rune of the end, Death, and *MAN* is the rune of the beginning, Life. Thus, *ERMAN* is symbol of Totality, a Circle. Herman (or *Erman*) the Cherusco, conqueror of the Roman Varro, was a God-man. *Ir* is the column that upheld the Sky over Hyperborea. Lost during the flooding of this primordial Continent, it came to be represented by the *IRMINSL* (*IR-MINSUL*) the sacred Tree of the Germans located in the *Externsteine* that was destroyed by Charlemagne.

ERIK EPAIOS: The Cosmogenic, undivided egg, *Phanes*.

ESCHENBACH, WOLFRAM VON: German troubadour and poet of the *Gral Cycle*. Author of the most important work in this matter: *Parzival*. In our book *Adolf Hitler: The Ultimate Avatar* we have commented on this in detail.

ESOTERIC: From the Greek *Eisoteo*, to enter, to enter into God, into *Teo*.

EXTERNSTEINE: Mysterious complex of giant rocks in Westphalia. Its age and origin are unknown, being a Hyperborean construction like Stonehenge. In this work we reproduce one of the faces existing there. Wotan was also crucified here on the *Iggdrasil* Tree that was destroyed by Charlemagne.

FEDELE D'AMORE: Initiation cult of northern Italy to which Dante belonged. By means of a graduated process of 'Platonic love,' or rather a poetic Tantrism of the 'Right Hand,' they reached totalization, mystic androgyny. There was talk of a 'dead beloved' (Beatrice) and in turn around her memory an entire symbolic-magic ritual was organized. For example, one of the first steps was called 'Industry' consisting of keeping some small things of the beloved in a purse of precious brocade that would take on a sacred character. The beloved would thereby come to represent *Sophia*, the *Shakti*, or rather the Cathar *Parakletos*, Holy Ghost, which was feminine and

was symbolized by the dove. In a word, the eternal feminine.

FENRIR: He is the sinister Wolf that at *Ragnarök*, or 'the Twilight of the Gods,' devours Creation and the Gods themselves.

FREIJA: The wife or feminine counterpart of Wotan. She is the Keeper of the Magic Fire or 'Magic Lamp' named Foddick, according to the antediluvian *Friesian Chronicle*. Also written as *Frya*, 'Mother of the White Race,' and forming a trinity with *Finda* and *Lyda*.

FÜHRER: Ancient Germanic word with mystic-magic resonance. It has come to represent the Leader, Supreme Guide accepted by the German people, of Aryan Goth race. He takes command in a moment of great danger or crisis. He is chosen by them and voluntarily accepts for a specific time, and they vow loyalty to him to the death, until the danger has passed. This is the *Führer-Prinzip*, to be respected until death with absolute loyalty. In this book we understand it as the possession of an individual by the Collective Soul of his race and nationality.

FUTHARK: The set of runes rediscovered by Wotan, crucified for nine nights on the *Iggdrasil* tree, after these magic signs were lost during the sinking of Hyperborea. The name comes from the reading of the first group of runes from among the entire set. These are called the 'Futhark of Odin.'

GARUDA: The bird-vehicle of the Aryan God Vishnu, from Hinduism. Similar to the ravens of Wotan, Mithras and the *Inka*, or Inca.

GAUTAMA: Name of the Aryan prince from the north of India who became Buddha.

GENTILE: Name given to non-Jews.

GEOMANCY: Magic science applicable to terrestrial 'centers.'

GERDA: The Earth, in Old German.

GODI or GODEN: Priest of the Goths.

GODO: From *Göt*, 'God,' name by which the Germans, *Aesir* and *Vanir* called themselves. The Goths of Spain used to call each other *Aesir* among themselves.

GÖTTERDAMERUNG: The Twilight of the Gods in the 'Eddas.'

GOY: Pejorative name Jews give to non-Jews. The singular is written 'goy.' In this book we have only written it thus, whether for the singular or plural, in order to simplify.

GOLEM: Machine-man, robot, manufactured by Rabbi Loew in Prague.

GRAL or GRAIL: Mysterious Power-Object spoken of in the poems of the *Gral Cycle*, especially in *Parzival* by Wolfram von Eschenbach, who says it is a precious gemstone, fallen from the brow of Lucifer onto the Earth during his stellar combat. This has been Christianized as 'Cup,' even when the 'object' would have its true origin in the Irish legend of the *Tuatha de Danan* who came to Earth carrying a Cauldron, a Beaker and a Lance. See more on this subject in my books *The Golden Band* and *Adolf Hitler: The Ultimate Avatar*.

GURU: Maestro of yoga in Sanskrit.

HAKRONG-MANU: Cavern of the hearer of *Manu* on Easter Island. Initiation of *Manu-Tara*.

HAMSA: Mantra corresponding to the Void (*Sunya*,) immediately above the physical skull. It means 'Thou art I.'

HANGATYR: The cosmic crucified who hangs on the Cross of the Constellations.

HAPU-MANU: Isle of the 'Cry of Manu,' at Easter Island. Initiation of the *Manu-Tara*.

HESPERIDES: These are the three sisters who guarded the golden apples in the Garden with the same name, where Hercules stole them.

MEAD: Sacred drink of the Germans.

HIRANYAGARBHA-KABDA: Aryan Kabbalah.

HOWEN: Divine beings, forces of nature, corresponding to the *Devas* in the mythology of the *Selknam* and the *Onas* of Tierra del Fuego.

HUAIYUHUEN: Something like *Lingasarira*, Astral Body, of the *Jon* wizards of Tierra del Fuego. Only those magi possessed it and it is an immortal body that does not perish with the death of the more dense physical body.

HVARENO: Power, Energy or Force lost with miscegenation and the sinking of the Primordial Continent.

IDA: Subtle psychic channel traveling to the right of the Invisible Spinal Cord.

IGGDRASIL: The Sacred Tree in the *Eddas*.

IMAM: Charismatic personality in esoteric Islam.

INDUSTRY: Work fulfilled by the *Fedele d'Amore*, kept within a small bag or bundle they always carried with them, as some items of their disappeared *A-Mada*.

IRMIN: The Supreme Being of Hyperborea.

IRMINSL: The Sacred Tree of the Germans, an ash or holm oak, the 'Tree of Terror.' It is also *Iggdrasil* on which Wotan was crucified, remaining there for nine nights until he discovered the liberating runes, or the Power (*IR, Ir-minsul*) that was lost with miscegenation and the sinking of Hyperborea. The *Irminsul* was in the *Externsteine*. From the voluntary martyrdom of Wotan the Christians have plagiarized the crucifixion of Jesus the Jew.

JON: Powerful magus of the *Selknam*. He does not die because he has no soul, except for *Huaiyuhuen*. That is, his soul is immortal. Curiously, there is a sea king among the Frisians with the name Jon who disappeared with his crew, and there is another Frisian king named *Inka* who also disappeared in the direction of the West, or of our America. He went in search of the remnants of submerged Atlantis, or *Atland*.

KAHAL: Jewish organization that controls and gives disciplinary commands for the actions of its members, by sections, cities and countries. Soviet communism was organized under the model of the Jewish *Kahal*.

KAILAS: Sacred Mountain of the Trans-Himalayas. At its peak the Abode of *Shiva* is to be found with his wife *Parvati*. For Lamaist Buddhists this mountain is the home of Buddha. Kailas is the visible presence of Mount Meru, the invisible.

KAIROS: Inspiration among the Greeks.

KAIVALIA: Tantric ecstasy, opposed to *Vedantic samadhi*. It reaffirms the I, reaching the Absolute Self. In *Samadhi*, on the contrary, the I is lost, merging into the impersonal, the One. This latter is what fosters the Demiurge.

KALIYUGA: The *Yuga* or present Era, the Age of *Kali*, Black Goddess of destruction and crime. The Iron Age of the Greeks.

KALKI: The Ultimate *Avatar*, appearing at the end of *Kaliyuga*, riding a White Horse with a flaming sword in his hand. According to the Hindus he is an incarnation of Vishnu; according to Hitlerism he is Wotan on his horse Sleipnir, the eight-footed. He comes to judge, or so say the Hindus, or to fight the Ultimate Battle with his Ultimate Battalion, with the Furious Horde of the *Führer*, as the Hitlerists say. From this mythology the Christians have taken the return of Jesus Christ, at the end of time, at the Last Judgment, also with the Apostle James on a White Horse.

KALPA: Division in the cosmic time of Hinduism. Corresponding with the Great Day of Brahma and subdivided into *Manvatāras* and *Yugas*.

KARMA: Fate of the esoteric law of cause and effect, to explain a situation within reincarnations. Each being will suffer or enjoy a determined reincarnation as a consequence of his action in the preceding reincarnation.

KAZAR or KHAZAR: Corresponding to a nomadic tribe between the Urals and the Volga River that was established as a power on the steppes during the Fifth to the Eighth Centuries, and that adopted Judaism. Few know of their existence today, in spite of their having been the only 'Jewish' Empire in all of history. It does not suit the Jews to have others know *there have been converts* to a religion they consider exclusively 'of blood.' Above all, it does not suit them to have it known that the majority of the 'Jews' of Russia, Poland, Hungary, Czechoslovakia, Romania and other countries are not Jews of blood but descendants of the Khazars who were originally Mongols and even Goths and Huns. The grammar and syntax of Yiddish is clearly Khazar in origin, together with much Germanic and Slavic vocabulary.

KLINGSOR: Magus of the 'Arthurian Cycle' and the *Gral*.

KOHAU-RONGO-RONGO: Sages who knew the language of the *Rongo-Rongo* tablets from Easter Island.

KONTIKI (VIRACOCHA): God, Divine Being, or Divine Guide of the Incas and previous to them. He escaped from the destruction of *Uiahuanacu* going by sea to Easter Island. A White God, a Viking according to *De Mahieu*. A Hyperborean.

KRISHNA: Deity, hero of Hinduism. His saga or legend is similar in his

childhood to that of Jesus, having been kidnapped by Christians.

KRONOS (SATURN): Time, according to the Greeks. He is an *Aion* imprisoned by the Demiurge, from whom the latter extracts energy to maintain the Eternal Return.

KUNDALINI: Sanskrit term to name a mysterious power ‘coiled’ in potency at the base of the Psychic Spinal Column, invisible, around the *Swadisthana* Chakra, or rather in the roots of the Sacred *Iggdrasil* Tree, *Irminsul*. He is therefore like a Serpent of Fire, the Serpent of the Tree of Paradise delivering the wisdom of the stars, the golden apples, and he is Lucifer, *Shiva*, the Lord of Yoga (Union) and of wisdom. I believe he is the power of *Odil* that was lost with miscegenation and the synchronistic sinking of Hyperborea, the power of integration and disintegration. Sex and *Bundi* (semen) are a tiny manifestation of this Potency that has been diverted towards the external.

LAPIS: *Lapis alchimicum*, Stone. Quintessence (five, Hyperborean number,) the Philosopher's Stone. Lucifer, Star of the Morning.

LAPSIT-ELECTRIS: Name given to the Gral by Wolfram von Eschenbach, ‘Electric Stone,’ fallen from the sky, from Lucifer's forehead, from his Crown. It may mean the ‘Third Eye,’ lost power, frontal, that Thunderbolt with which *Shiva* pulverized the Demon *Smara* on the peak of Mount Kailas. In a word, the ‘Ancient Brain,’ submerged with the sinking of Hyperborea, after the emergence of the New Continent, from the cerebral cortex.

LILITH: She is the Bride of Lucifer and the first companion of Adam, before Eve (because Adam, in some way, is also Lucifer). Lilith has become a Widow with the Mystic Death of Lucifer. *Parzival* was a ‘Son of the Widow,’ a Luciferian initiate who searched for the *Lapsit-electris*, the Stone (an Emerald, Stone of Venus), the *Gral* detached from the forehead, or Crown of Lucifer in his star battle. Lilith is sterile, with no sons of flesh, by which *Parzival*, Son of the Widow, is a ‘Son of Man,’ of Lucifer. *Parzival* is the Astral Body, *Lingasarira*. Lilith in legend kills her sons of flesh the same as Medea with the sons of Jason. Lilith is the Eternal Feminine ‘which leads to Heaven’ and she is the *A-Mada*, by opposition to the terrestrial woman, breeding, Eve.

LEY LINES: Magnetic lines, underground, invisible, running through planet Earth and the knowledge of which was used by the archaic men of prehistory to gain supreme powers and keep the Earth safe and sound from self-destructive cataclysms. The loss of this knowledge through the ‘racial sin’ led to the collapse of Hyperborea, Lemuria and Atlantis. These ‘Lines’ still exist and the knowledge could be recovered. The Hitlerists rebuilt Wewelsburg in connection with the *Externsteine* and other sacred centers of Nazi esotericism, taking the Ley Lines into account.

LINGASARIRA: ‘Astral Body,’ Tantric term.

LUCIBEL: Name given by the Cathars to Lucifer, the most Beautiful

Light.

LUCIFER: One of the names given to Venus, double star of morning. He is also Quetzalcoatl and Wotan and Baldur. A hero, or liberated one, who would come to set himself in the sky as a star to help initiate heroes, those who here on Earth and in other places through the firmament combat the Demiurge. He is a distinct light, suggestive, that appears before and after the Golden Sun, prisoner of the Demiurge. Lucifer, the Morning Star, has nothing to do with the Demiurge and is ‘an example by which to live and die,’ as Otto Rahn said. He lost a War in Heaven in order to win the war later as the Ultimate *Avatar*. He is there above voluntarily crucified, immobile and awaiting his possible vindication with our combats.

MAITHUNA: Magic intercourse practiced in the Tantrism of the Left Hand consisting in retaining *in extremis* the ejaculation of semen (*Bundi*). Its practice should be directed to the awakening of *Kundalini* and the actualization of all the chakras to ‘open’ the Third Eye between the eyebrows (crystallized in the pineal gland). In other words, ejaculation will go inwards (implosive) to procreate the *Son of Man* who is, in propriety, the Astral Body. Properly it seems *Maithuna* should be practiced just once with a Tantric priestess, and after the process of initiation. See my book *El-Ella: Book of Magic Love*.

MANDALA: Tibetan symbolic-magic painting directed to a center that represents the *Selbst*. Its intense contemplation can transport to the center of the person, exactly.

MANIPURA: Chakra in the position of the solar plexus, representing fire. Its mantra is *RAM*, the Ram, Golden Fleece. In this chakra the three paths of *Ida*, *Pingala* and *Sushumna* meet, as well as the three Nietzschean paths, able to be his Rock of Eternal Return in the Full Noontide of Revelation. Above this there are no roads, ‘one makes the path as one walks’ until reaching the ‘exit’ of Liberation. The terrestrial zone corresponding to this chakra is found in ancient Tiahuanacu.

MANTRA: Magical sound, hypnotic, ritual. Notes of Orphic music, each corresponding to a spiritual and psychic center. They relate to the body of man and the body of the Universe. The mantra *OM* (written *AUM*) represents and symbolizes totality (God), since this mantra is pronounced with the larynx, palate, tongue and lips, comprising the entire sonorous human orchestra.

MANNERBUNDE: Ancient organization of German warriors.

MANU: The root-man, founder of a race, a humanity, at the beginning of a new cycle. He is the Legislator (hence *The Code of the Laws of Manu* from India.) The *Manutara* from Easter Island, coming to represent the culmination of a race of human-heroes beginning with *Manu* and reaching the totality of the *Manu-Tara*, or integration with the feminine opposite, with *Tara*, a Goddess of Tibetan Tantrism, the same *Parvati*, bride of *Shiva*.

MANUTARA: This is the mythical bird of Easter Island, *Te-Pito-O-Te-*

*Henu. Manu* is the Root-Man and *Tara* is a Tibetan Goddess. Thus *Manu-Tara* is the Androgyne, Total-Man. (See the chapter in this book: *The Initiation of the Manutara*.)

**MAYA:** Sanskrit word meaning illusion and referring to the events of life, which would be illusory, disregarding them, going beyond perhaps to reach the true immobile eternal reality. *Maya* is the world of the Demiurge that imprisons the divine within her nets. Yet the Hitlerists believe it is not possible to defeat *Maya* by isolating oneself, separating oneself, ignoring the processes of the Demiurgic world, but by fighting from within, until shattering the net with a Sword, bursting it to shreds from the center. The way is heroic combat for liberation.

**MELIMOYU:** Sacred mountain of the southern ends of Chile, antipode and counterpart of Kailas to which Melimoyu is joined by Ley Lines. *Meli*, in Mapuche, means four and *Moyu* means udders. Two were destroyed in an ancient earthquake, leaving only the other two, like Viking helmet horns, like the *UR* Rune ( **u** ) inverted, as the *Ru* Rune ( **U** ) from the Hitlerian Futhark, symbolizing *Manu*, the 'Man to Come' whose real name will be, therefore - *Unam*.

**METEMPSYCHOSIS:** More than reincarnation, this would be transmigration so that the being could even be reincarnated in animals.

**MINNE:** The contrary to *Liebe*. *A-mor* is the opposite of profane love. *A-mor* means: without death. The *Minnesänger*, by means of *A-mor*, reached immortality. A complete initiation, with its tests and grades, such as those of the Cathar troubadours of Occitania and the *Fedele d'Amore*, from northern Italy, to which Dante belonged.

**MINNESÄNGER:** German troubadours who sang the *Minne, A-mor*.

**MIDGARD:** The City or Garden of the Aryans, the *Aesir*. Mythic, paradisiacal, terrestrial central point.

**MOHAI:** Mysterious stone statues built on Easter Island. Very strange since no one knows who built them, how they were built and moved. What did they represent and what purpose did they fulfill? The island tradition assures us they moved themselves. We should remember what Hindu tradition tells us about the *Vimanas* (UFOs), that were of stone and flew and which I experienced at Stonehenge. It may be that these *Mohai*, under specific circumstances, levitated under the influence and power of Hyperborean magi called in Easter Island 'Long Ears' and exterminated by the 'Short Ears.' It is credible they were not exterminated, but are the *Mohai* who only sleep, awaiting the reappearance of the lost continent of Lemuria, of Hyperborea.

**MONAD:** Ontological entity from which the person appears and to which he returns, if not transmuted into Personality. A Western philosophical term. The Hindu term is *Purusha*.

**MULADHARA:** Root chakra at the base of the *Iggdrasil* tree of the psychic spinal column of the initiate. There the luminous Serpent *Kundalini*

sleeps coiled, represented by the *Sieg* rune (  $\Sigma$ .) Its mantra is *LAM* and it is awakened by the Orphic sound 'KLIM.' This fiery serpent, which is also called Quetzalcoatl, Abraxas, rises steeply through the three *Nadis*: *Ida*, *Pingala* and *Susumna*, producing the marriage of *Ida* and *Pingala* (*Yang* and *Yin*) on the altar, temple of *Susumna*, in the *Manipura* chakra portrayed in Hinduism by the *Sangham* or meeting point of the three sacred rivers: Ganges, Jumna and Swaraswati, of which the first two are visible and the third invisible, flowing from the head of *Shiva* at the peak of Mount Kailas. The *Sangham* has its magic and terrestrial geographic point in the Indian city of Allahabad, near Benares, point of confluence of the two visible rivers and the invisible one. Every so many years, depending on the constellations and astrological confluences, a *Khunmela* is performed there, a reunion of Hindus from across the subcontinent to bathe in the sacred waters. In the magic symbolism of the south of the world the point corresponding with the *Muladhara* chakra is San Pedro de Atacama. This chakra signifies Earth (  $\mathbb{V}$  ) and its animal is the Black Elephant.

**ODIN:** The German God Odin or Wotan, inspiration and patron of poets, and also God of Wind, the Hurricane. Galloping on his horse Sleipnir, the eight-legged, like the eight points of the Morning Star, also called Lucifer, four legs galloping on this earth and four in the Beyond. Odin has but one eye, since he put out the other one himself. It is the symbol of ancient vision, the so-called Third Eye. The Power of Odin is expressed here in the Trinity of *Adel*, *Odal* and *Odil*. This Power is lost with the mixing of miscegenation and the synchronistic destruction of Polar Hyperborea. Thus it can be understood the Hyperboreans, in the pure state, were all Odin, or if you prefer Odin was another Hyperborean, a God-Man, become God when the divine Hyperboreans, the *Divyas*, became *Viras* and involuted into the man Odin, as Wotan, after the loss of Power and Hyperborea, then crucified himself on the *Iggdrasil* Tree and remained there for nine nights until he recovered the Runes, the Lost Power. He yields them to the *Hero-Viras* so they can recover divinity, re-born and immortal: yielded to themselves they become Odin. In this book we have spoken of the crucifixion on the same Tree of the Psychic Spinal Column to recover the power of *Adel*, *Odal*, *Odil*. The symbolic crucifixion of Wotan on the *Iggdrasil*, or *Irminsul*, extraordinarily shown in the rocks of the *Externsteine*. Jewish Christianity has taken from this the crucifixion of Jesus the Jew and misrepresented everything.

**PADMASAMBHAVA:** The Hindu teacher or guru who introduced Buddhism to Tibet. This would be Tantric Buddhism. Thus he softened and mellowed a people who were especially warlike and whose religion, *Bon*, had many points of contact with Japanese Shinto. They used the Leftwards Swastika, the same as Hitlerism. This people kept in check its neighbors in India and China. The Tibetans also descended from white *Dropas*, before they mixed with Mongols. It is quite possible that *Padmasambhava* was also

a *Beni-Israel* Jew, as were perhaps *Shankarachara* and the other preachers of fusion with the One and pacifism.

PARADESHA: ‘High Place’ in the Polar Mountain from whence precedes ‘Highness.’ Once lost, it is Paradise. From here the Christians took away their ‘Earthly Paradise,’ their ‘Lost Paradise.’

PARAKLETOS: The Third Person, in a Trinity taken from gnosticism. For the Cathars, *Parakletos* was feminine and represented by a Dove. The Catholics show this as the ‘Holy Ghost.’

PHANES: Cosmogonic Eros, *Erikeprios*.

PINGALA: The spiritual, psychic canal of the Invisible Spinal Column, one of the paths also traveled by *Kundalini*, the ‘Sleeping Beauty.’

PURUSHA: Equivalent to the Orphic Egg, androgynous, pre-cosmogonic, also the *Selbst* and *Monad*, entity that is broken and divides. Sanskrit term used by the dualist Hindu philosophy, *Samkya*, from which the yoga of *Patanjali* is derived.

QUANYIP: According to *Selknam* mythology, from Tierra del Fuego, described by Martin Gusinde, he is a mythic Luciferian being who brings the dead into among the *Howen* immortals. The Christian priest Martin Gusinde has naturally Christianized a myth unknown until now and certainly extraordinary, having a Polar-Antarctic origin.

QUENOS: God of the *Selknam*.

QUETZALCOATL: Known as the God-Guide of the Toltecs who left Mexico during the time of the Aztecs, unable to convince them to abandon bloody human sacrifices. He is a white bearded God also known as ‘The Plumed Serpent.’ According to De Mahieu he was a Viking conquistador, founder of the Mayan and Toltec civilizations from which Tiahuanacu later descended. It is possible the ‘Plumed Serpent’ has to do with the *Drakkars*, or Viking long-ships that had carved dragons on the mask-heads of the prow, and shields looped through on port and starboard that gleamed like gold or fire in the sunlight. Quetzalcoatl is like Wotan or Odin, a white Hyperborean Hero, semi-divine, who came to these lands thousands of years ago. He is a generic name for the White Gods of America, much like Kontiki-Viracocha, Mama-Ocl and others.

RAGNÄROK: Twilight of the Gods of the *Eddas*, when even the Gods die, devoured by the Fenrir Wolf. In the New Day of Eternal Return they will be reborn and the Golden Age will reemerge, Hyperborea and *Paradesha*.

RAMAKRISHNA: Hindu mystic from Bengal in northern India who also sought and preached absorption in the One, in *Samadhi* or ecstasy, with the ‘Loss of self.’

RAMANA-MAHARCHI: Mystic from the south of India, seeking and preaching re-absorption into the One.

GREEN THUNDERBOLT: Beyond the Black Sun (from the ‘Black Holes’) may appear the Green Thunderbolt, situation impossible to explain,

non-existent for those who are here, but more real than any reality. In ‘this world’ the highest Guides may reside there, inspirers and sustainers of Esoteric Hitlerism. At times, Adolf Hitler is also there, able to return, without being seen or known. Nevertheless he will come from there, as the *Ultimate Avatar* with his Ultimate Battalion to fight the last battle and destroy his enemies. The Green Thunderbolt is beyond everything. For those able to cross through the Implosion of the Black Sun, with the Leftwards Swastika, ‘That’ is seen as a Green Thunderbolt.

RHEA: Goddess of Greco-Roman mythology, reigning with Saturn over a Solar Age.

REINCARNATION: Semi-traditional concept that conflicts with our view, since, contrary to what one might think, there is not always the same interpretation of what it truly means. In India, for example, some claim it is possible to reincarnate as a man or woman, interchangeably. Some believe in transmigration as animals and others maintain an evolutionary view, saying that the spirit and even the ego will rise up from incarnation as mineral, vegetable, animal and man, not stopping there, and able to ascend to beings invisible and divine. This comes to play a preponderant role in what the Hindus call *Karma*. Due to a law of spiritual cause and effect this would ascend or descend in reincarnations. That is, what one does here today will be critical to the next reincarnation. Those who believe this say the statements of Christ; ‘he who kills by the sword dies by the sword’ and ‘Maestro, who sinned, this man or his parents, that he should be born blind?’ are referring to *Karma* and reincarnation. However, the understanding of Esoteric Hitlerism is different from what is expressed above. We again refer the reader to the chapter in this work *Eternal Return and Reincarnation*. We hold that the Buddha did not refer to reincarnation but to the ‘eternal return.’ This is because he never spoke of a soul. And the only way to ‘reincarnate’ without a soul is in the Eternal Return. Moreover we assert the soul and body are one same thing, that nothing worthy of the name survives physical death if we have not been able to resurrect the soul, in effect to subtilize the body, transmuting it into soul, dying voluntarily, killing it in mystic death, disintegrating the body and in a word transforming it into soul, into the subtle body that was before then definitively crystallized in the demiurgic body of the present time. And re-clothing this ‘soul’ or subtilized body (the ‘glorious body’ of Esoteric Christianity) with this red matter, ‘hard like a diamond,’ immortal, even though invisible to the eyes of the flesh, with *Väjra*. We have said in this book that within the saturnine (Saturn-Kronos) demiurgic prison, the Eternal Return, a possibility is given for the virtuality of a number of reincarnations. That is, an archetypal history acquiring the character of legend and myth, coming to repeat in different epochs with different customs, clothing, costumes, architecture and landscapes, which in some mysterious way will come to alter the concept of ‘Return of the Same,’ precipitating or facilitating in a strange manner the escape, or going out. We

would like to refer to a strange occurrence also alluded to by several Himalayan yogis and Tantric lamas of Tibet, having to do with the phenomenon of the *Tulku*: Other Beings, subtilized, instead of again ‘translating’ their soul-matter, enter into the body of someone to have live experiences that will not leave them outside everything, since he ‘induces’ them. Thus, in these exceptional cases, he who finds himself here is not living his own life, whether or not he knows it, because he is being possessed.

It is also possible that these two bodies are not truly more than one. By the fact that the physical body is not yet fully subtilized and this ‘other,’ who enters into him, is the part who has achieved subtleness up to this moment, and who enters and leaves. What Paracelsus called the ‘Astral Body’ and the Tantrics, *Lingasarira*. What Esoteric Kristians may also know as their Guardian Angel.

RISHI: Aryan-Hindu sage from the Vedic period, meaning ‘One who Sees.’

RONGO-RONGO: Tablets from Easter Island written in a language impossible to decipher until this time. Those who knew it were the ‘Hearers,’ annihilated by the Great Conspiracy. (See my book *Adolf Hitler: The Ultimate Avatar*)

RUBEDO: The last stage of the *opus alchimicum*, after *Nigredo* and *Albedo*, when the celebrant makes his body immortal with a ‘red material’ by the name of *Vâjra*, in Sanskrit.

RUNE: Very ancient Nordic alphabet composed of magic signs whose knowledge and power have been lost even though Wotan recovered them after the disappearance of Hyperborea. With the power of these signs the Hyperboreans kept the moons fixed in the firmament, preventing them from falling to the earth, and with this same power the magi of the Stone Age moved the menhirs and dolmens, and the ‘Long Ears’ caused the *Mohai* to walk.

RUNELAUTEREN, RUNWIDAR: The wise singers and magi of the Runes who knew their power and uses, after the disappearance of Hyperborea, after Odin-Wotan had recovered the *Futhark*. They kept this power and knowledge from the Stone Age until the Bronze Age. Then, with the appearance of Jewish rationalism, they lost the Memory of Blood.

SADAHKA: Tantric adept, disciple.

SAHAM: Mantra corresponding to the *Sahasrara* chakra at the top of the skull. Its meaning is ‘I am thou.’

SAHASRARA: Chakra at the top of the skull, with a thousand petals, according to the Hindus. Here the reunion of opposites occurs, the Marriage of He and She. In the symbolism of ‘solidarity’ this is equivalent to the peak of Mount Kailas where *Shiva* eternally weds *Parvati*. The mantra that awakens this chakra, the ‘Orphic sound’ that corresponds with it, is *SAHAM*, meaning ‘I am Thou.’ In Aryan Esoteric Christianity the ‘Crown of Thorns’

represents this chakra. Once reactivated it is like the halo of light with which Renaissance painters enveloped the heads of angels and saints.

SAMADHI: Ecstasy by which the Vedanta claim to melt and disappear into the One. Its opposite would be the *Kayvala* of Tantric yoga.

SAMKYA: Hindu dualist philosophical system.

SAMSARA: Flux, river of illusory forms of earthly existence, according to Hinduism.

SATURN: Also Kronos, Time. God of Time. He is an *Aeon* imprisoned by the Demiurge, condemned by the fact of being immortal, to eternally circle the Eternal Return. The War of Esoteric Hitlerism, once won, will also liberate Saturn-Kronos.

SATYA-YUGA: Corresponds to the Golden Age of the Greeks and Romans, ruled by Saturn and Rhea. It is interesting to discover the similarity between the Sanskrit name *Satya-Yuga* and Saturn. The root *Sat* appears in both, as it does in *Sa-hasrara* as well, the supreme chakra in terrestrial incarnation, at the top of the skull. This would have been the chakra active in the divine Hyperboreans, inhabitants of the Polar chakra of the Earth, in the Hyperborea of the North Pole, in the *SAT-ya yuga*, the Golden Age. The Jews are the ones who turned *Sat-urn* into *Sat--an*, Jehovah.

SELBST: Nietzschean term in its origins and in the sense later given to it by C. G. Jung. For us, equivalent to the ancient Self, although lacking Personality, which can only be acquired thanks to the Drama lived here on Earth by the Hero who fights to reach the absolute Self, an approximation to both the Self and the *Selbst*.

SHAMBHALA: Occult city within the mountains, or in the Hollow Earth. Some believe it may be the capital of *Agartha* or *Agartha*. The equivalent in the south of the world is the 'City of the Caesars,' inhabited by immortals.

SHANKARACHARYA: Hindu philosopher, Vedantic, founder and propagator of this system and Absolute Monism. He aspired to the fusion and disappearance of the individual self into the Supreme One. We think he may have been one of the *Beni-Israel* Jews, because, as with the preaching about holiness by mediocre Christians that calls for the abandonment of this world, his preaching could benefit only the interests of Judaism.

SHASTRIYA: Pertaining to the warrior princely caste of India.

SHIVA: God belonging to the Hindu Trinity, along with Brahma and Vishnu. Brahma is the creator, Vishnu the protector and Shiva the destroyer. Today, in the *Kaliyuga*, Shiva's Dance of Destruction is fulfilled.

SHUMNASARIRA: The 'Astral Body,' according to the *Samkya*, the Dualist Hindu philosophy from which comes the *Yoga of Patanjali*.

SHUDIBUDISHVABHAVA: Part of the Absolute Will. Hitler was this: Absolute Will.

SIDDHA: He is in truth the *Aesir*, *Divya*, who after having gone through earthly incarnation has achieved victory, drawing together his Self and

*Selbst*. The *Siddhas* inhabit some hidden place, in the *Siddha-Ashram* and, from there, they project their influence to help the Heroes in combat. They are the Maestros of my Maestro, those whom He called *Brahmans*.

**SIEG:** One of the most powerful Runes, the Victory Rune, Power of Wotan, *Adel, Odal, Odil*. Being the Odal Rune - ० of Wotan, precisely a *Sieg* Double Rune that forms the point of the Lance of Wotan-Baldur, the one of Sagittarius and Longinus, the Victory of Mystic Death and Resurrection. This Double *Sieg* Rune was the one chosen by the Black Order of the Hitlerian S.S. also representing the Double Star of Morning, Venus-Lucifer, which in turn is the Evening Star. The *Sieg* Rune is also the Thunderbolt coming from the forehead of *Shiva*, destroying the Demon *Smara*. It is the Rune of Hitler and his *Blitzkrieg*, his 'Lightning War.' It is the Victory Rune of Esoteric Hitlerism that enters into play with all its hidden mysterious power after 1945.

**SLEIPNIR:** Eight-legged horse of Wotan, galloping with four through the world of heavy matter and with the other four in the other reality.

**SOMA:** Mysterious Hyperborean beverage, liquor of the Aryans. Equivalent, in fact, to the Blood Memory one 'drinks' in the Song of *A-mor* of the *Minnesänger*. *Soma-A-mos-A-mor*.

**SONNENMENSCH:** The Sun-Man, rounded, who has the ability to activate all the chakras, the 'burning' man, or rather the Nazi, term signifying exactly the same thing in Old German and the Rune language, or in effect the language of sacredness and esotericism.

**SOROR-MISTICAE:** Woman companion of the alchemist, *amasia uxor*, or heart's beloved of the Cathar Occitanian troubadours. She is the *Aesin* or Odinist Priestess, of Wotan, who assists the Hero in an irreplaceable manner to triumph in his Great War or opus of transmutation into God-Man, into *Übermensch*.

**STULAKABDA:** Aryan Kabbalah, with archetypal numbers, Orphic music notes.

**SUDRA:** Inferior being, semi-animal, lowest of the three fundamental castes of Hinduism.

**SUSUMNA:** The central *Nadi*, between *Ida* and *Pingala*, in the psychic spinal column, and which is the main channel through which the Fiery Serpent of *Kundalini* circulates.

**SWADISTHANA:** Chakra at the top of the genitals, representing water and the Water Swastika. Its mantra is *VAM* and its terrestrial location is equivalent to Easter Island.

**SWASTIKA:** Solar sign of Aryan origin, post-Hyperborean, that caused the earth's Axis to deviate and thereby began the seasons. The Hyperborean Aryans wore this sign of runic origin, with the *Gibor* Rune representing the changing sunlight of the Terrestrial Year and the movement of the four seasons. Thus the four arms of the swastika symbolize spring, summer, autumn and winter, and their movement within the circle of the year.

The movement of the Swastika depends on the direction in which the extensions of the Cross turn. Esoteric Hitlerism states when they move to the right, Rightwards Swastika, then they symbolize the loss of the Golden Age after the sinking of Hyperborea and the deviation of the earth's Axis. This Swastika symbolizes the Polar Exodus of the semi-divinities, the variation of the rotation of the earth on this gyration and the 'reversal of the Poles.' This variation can be checked with conch seashells and certain stones of great antiquity, found in Antarctica, whose spirals were going in the direction opposite to the actual rotation of the Earth. The Rightwards Swastika spins in the direction of the hands of the clock and the present Earth. The Leftwards Swastika, chosen by Esoteric Hitlerism, turns in the direction inverse to the clock's hands and the actual Earth-time. It is, therefore, the Swastika of the Return to Hyperborea. The Esoteric War of Hitler was conducted following the same direction: Poland, Denmark, France, Greece, and the Caucasus. From there the war would have advanced through Siberia to the Gobi Desert and North Pole, to again straighten the Earth's Axis and restore the Golden Age. Yet the *Avatar* commanded something else: The return to Extraterrestrial Hyperborea, so from there to transfigure the Earth.

SWASTIKA (RIGHTWARDS): Already explained above.

SWASTIKA (LEFTWARDS): With the explication given above we have made clear the absurdity of all those simplistic interpretations of a demonic Swastika and another beneficent Swastika. The *Bon* religion, of ancient Tibet before Mahayana Buddhism, also had the Leftwards Swastika of Hitlerism as its emblem. The Swastika, rendered in any direction, is originally a runic symbol of heroic Aryan white peoples, of divine origin:

- i. The Swastika of the earth element is the one mentioned at right angles.
- ii. The Swastika of the water element has the central cross turning with rounded blades.
- iii. The Swastika of the fire element has the central cross turning with angular blades.
- iv. The Swastika of the air element has the central cross stationary with angular blades.

TE-PITO-O-TE-HENUA: 'Navel of the World,' Easter Island.

TOKI: Araucanian warrior Caudillo. The *Führer-Prinzip* of the *Cinchecona* is embodied in him, having been elected by the people in the moment of greatest danger to lead all the Mapuche or Araucanian tribes. (See fuller explanation in *Adolf Hitler: The Ultimate Avatar*.)

TUATHA DE DANANN: In Irish mythology the equivalents to the *Aesir* and *Vanir* of Germanic mythology. They are the people of *Danann*. A people of God whose Mother is *Danann*. It is not known from where they came, though almost certainly from Hyperborea. They brought the *Lia Fail* or Stone of Destiny. The *Gral* Stone would also come from here. They also brought the Magic Lance and a Cauldron. A type of Horn of Plenty from

which the Grail Cup would have been derived. According to legend, the *Danann* arrived in Ireland carried in an aircraft, making their first appearance in the region of Connaught (a *Vimana*?) The *Danann* had a very advanced science and technology and manufactured 'cybernetic organs,' 'hands of silver.' Another explanation has the name 'Danann' coming from the Danube so that these people represent a very ancient Celtic migration, exclusively of a very high priestly caste, the Godis, before the Druids, or true Druids (whose name would also be related to the Danube). In turn, it is believed they came from the White Continent of Lemuria or from Atlantis. Most probably they came from an extraterrestrial Hyperborea, since they are said to arrive in *Vimanas*. They also carried the Sword of the God Lugh. Like Orpheus, the *Danann* knew a music capable of influencing Nature as a whole. They took the harp of *Dagda*. The *Danann* are defeated by the *Milesians*, a semi-human race, 'mixed with the daughters of men.' The England of those years was the 'Western Isles,' originally the Isles of the Blessed, the last vestiges of Hyperborea, together with Elgolan. After the appearance of the *Milesians* the *Tuatha de Danann* did not remain in Ireland, making use of their magic powers to cover themselves with a veil of invisibility, going to reside in the inner earth, rather than on the exterior one. They become visible only for a few elect. The *Tuathas* are immortals. Since then there have been two Irelands, one material and the other spiritual. With the arrival of Christianity they came to be called *Sidhe* (Greatly resembling the *Siddhas*, or immortals of India.) Moreover, the name *IR*-land is related to the *IR* Rune of Magic Mystic Death and Resurrection. Thus, *IR*-land comes to be an Earth of Immortality and Eternal Youth. She is *Aba-Alo*, or Avalon.

THULE: Ancient name, given by the Greeks and Romans to a Nordic Polar place, Ultimate Thule. It would also be the capital of Hyperborea. Strangely, this name appears among the Toltecs, Aztecs, Mayans and in regions of South America.

THULEGESELLSCHAFT: The Esoteric Order that, as a branch of the German Order, and under the direction of von Sebottendorf, began the struggle against communism in Bavaria after the First World War. Among the permanent members of this Order were Rudolf Hess, Gottfried Feder; among visiting members, Adolf Hitler, Alfred Rosenberg and Dietrich Eckart. The symbols of this Order were the Leftwards Swastika and a Dagger, the same as adopted by the S.S. Von Sebottendorf went to Turkey, where he remained throughout the Second World War ending with the announcement of his death mysteriously at the war's end, drowned in the *Bosphorus*. We know little today of the initiation rites of the *Thulegesellschaft*, but many of them, together with their powers, were passed on to the S.S. order, along with symbols, since the Thule Order disappeared from the surface almost simultaneously with the creation of the Hitlerian Black Order. Like them, the Thule Order had a double aspect, external with street fighting and internal for spiritual development. Its

symbol was Thule, Hyperborea and the Symbolic Journey in the direction of the Pole. This was done following the direction of the Leftwards Swastika. The Esoteric War of Adolf Hitler was also carried out going in the direction of this Swastika, as we have said.

TYRKREIS: The Cosmic Crucifixion of Baldur in the constellations.

UR: Ancient city, also of the Queen of Sheba. The *UR* Rune, Origin Rune, from Ancestral Memory.

URNA: Power, Energy, magic Force lost with the flooding of Hyperborea, with the *Hvareno*, *Vril*, with *Adel*, *Odal* and *Odil*. With *Od*.

VAJRA: The indestructible Red Matter, hard as diamond, immortal. In truth corresponding with the resurrection and materialization of the Astral Body, the Lingasarira. Obtained in the Red Work, *Rubedo*, during the *opus alchimicum*.

VALHALLA: Place where Wotan resides and the Heroes who have completed their mission or died in combat go. There they are resurrected by the Valkyries, recovering their immortality, eternal life. The Muslims have taken their Paradise with *Houries* from this Nordic-Germanic myth. This came to them from Persia and with the Aryan conquest of Asia Minor.

VALKYRIE: Mythic woman, companion and counterpart of the Warrior, the Hero. A Valkyrie exists for every Hero, awaiting him in Valhalla to reassure and comfort him. She, like *Isis*, will rejoin his scattered pieces and heal his wounds, because, in truth, she has fought in him, accompanying him in all his combats, 'not abandoning him even in the depths of the grave.' She is the Mystic Wife who the Warrior will never betray. She is the She of HE-SHE. When the Valkyrie is represented as a savage warrior with a spear and on a warhorse, this must be understood symbolically as the *A-Mada* combating in the *A-Mado*, in the Warrior, within him. Any other interpretation would destroy the deep luminosity of the Myth and its Legend.

VANIR: Together with the *Aesir* they are the legendary divine ancestors of the Germans, arriving from 'Other Worlds' or 'Other Earth,' from the *Valhalla* of the Gods, or the mythic City of *Asgart*.

VANINA: Woman *Vanir*.

VEDA: The sacred texts of the Indo-Aryans. They are of great antiquity and were only written down very late, having been recited from memory for centuries. In them are found, according to *Tilak*, the key to the Polar-Hyperborean origin of the Aryan conquerors of India.

VIRA: Sanskrit Tantric term, the name for the Hero. In Esoteric Hitlerism we have been using it for the *Divya*, or Divine One, who having mixed with the 'daughters of men' is fighting to recover his immortality.

VISHNU: In the Trinity of Hinduism Brahma is the Creator, Vishnu the Preserver and Shiva the Destroyer. Vishnu is a typically Aryan God, white and blond, whose home is the North Pole. His Vehicle is the Garuda bird. Thereby we see his similarity with Wotan, whose companions are ravens as well as with the god *Inka-Freisian* and Apollo, the Greek God whose

original home was also the North Pole.

VISHUDA: Chakra, coinciding with the laryngeal plexus. Its element is air. The Logos *Spermatikos* resides here. By pronouncing this Zeus created Athena. The Mantra that reactivates this chakra is *HAM*.

WAFELN: Ghost Ship from the North Pole, equivalent to *Caleuche*, from the South Pole.

WELSH: Understood well in the light of the most serious investigations of Esoteric Hitlerism, this English term must be related to the Spanish term ‘marrano,’ (literally ‘worm’) corresponding to converted Jews, secretly practicing their traditional orthodoxy. They wanted to associate themselves and be taken for the Celts of Wales, in England. They are, in fact, the *Golem* Jews who came to the Isles of Albion with the Phoenicians and Friesians, infiltrating among the Celts and the priestly caste of Druids, where they introduced bloody and human sacrifices. They then came to dominate the aristocracy and royal families, more and more, to the present when they have come to totally control the government of Great Britain (*B'nai B'rith*) and the Establishment, making Albion, that island remnant of Hyperborea, the center of the world Jewish conspiracy. Rudolf Hess could have succeeded in his mission only with the greatest difficulty.

WEWELSBURG: Old German castle in Westphalia. Himmler purchased it for the S.S. There were other castles of the Black Order at various points of the sacred Germanic geography, each fulfilling a different function of education, discipline and training. But Wewelsburg became the magic castle par excellence, the Castle of the *Gral*. There, hung on a lintel of the meeting room of the S.S. knighthood, a great stone in ‘critical condition,’ that I was able to see even though it has since been made to disappear. Perhaps it came from the *Externsteine*, in whose vicinity the Wewelsburg Castle was built. Beneath this main room with its marble floor is a vault where S.S. rituals were celebrated. We also find underway the construction of a tower destined for the ‘Highest Guide.’ There was a library with thousands of volumes in Wewelsburg Castle, also made to disappear. Wewelsburg was the Castle in which only a part of the unknown S.S. Initiation of Esoteric Hitlerism was given. It must, therefore, in its origins, represent a constellation of the zodiac and at the same time a chakra, built over a confluence of Ley Lines according to the geomantic knowledge of the legendary Godi, Priests of the Goths, the *Aesir*. The *Bauhütter* are also the predecessors of the cathedral and temple builders. For the symbolism of the Germanic Castle, see *Adolf Hitler: The Ultimate Avatar*.

WILDES HEER: The Furious Horde of Odin-Wotan, the *Einherier* (Resurrected Heroes) who, going out from *Valhalla*, will come to wage the Ultimate Combat at the end of *Kaliyuga*, the Iron Age, led by Wotan as *Kalki*, the Ultimate *Avatar*. This will also be the Ultimate Battalion of the *Führer*, Adolf Hitler.

WOTAN: Germanic deity. Originally a Hyperborean. His vehicle is

Sleipnir, an eight-legged Warhorse, symbolic number, corresponding to the division of time of the Germans also used by the Templars for their buildings and castles, once they were secretly converted to Wotanism. This Warhorse is the White Horse of Kalki as well as the charger of the Apostle James of the Hispanic Visigoth Knighthood. Wotan lost an eye, leaving just one like Polypheus and the Giants, thereby symbolizing the development or recovery of the 'Third Eye' that Wotan as a post-Hyperborean Deity had to recover. Wotan also appears as the Deity of War and Storm as well as the Arts and Poetry. All these qualities were incarnated in the *Führer*, Adolf Hitler, brilliant genial artist, Lord of War and creator of *Blitzkrieg* or Lightning War. Wotan was also the Lord of Polar War and re-discoverer of the Runes, by accepting the torment of crucifixion on the 'Tree of Terror,' *Iggdrasil*. He is the Father of Baldur, who is in turn crucified on the Tree of the Constellations and who will resurrect in Aquarius. Thus the Father and the Son are one person. From this Hyperborean Mythology and Cosmogony Jewish-Christianity later took essential symbols, debasing and corrupting them.

YEWULFE: Araucanian woman, similar to the *Fates* and *Norns*.

YOGA: Sanskrit term meaning reunion. Science and technique of transmutation derived from the Hindu Dualist Philosophy *Samkya*, codified in his way by *Patanjali*. Ultimately Yoga should lead to re-union of the opposites, the Re-union of He and She. Also the word *Re-ligion* comes from *religare*, which is to say, reunion.

YOGINI: Woman yogi, Tantric initiate, priestess of Magic Love who guides the disciple, *sadhaka*, through the difficult Mystery and practices of this initiation.

YUGA: Division of time with the Eternal Return that, together with the *Kalpa* and *Manvantara*, makes a Day of Brahma in the Hindu conception. For a more complete explanation see *Adolf Hitler: The Ultimate Avatar*.
